Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolutions supplemental hereto, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 16, Article 13 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Barrackville (the "Issuer") is a municipal corporation of the State of West Virginia in Marion County of said State.

B. The Issuer presently owns and operates a public sewage collection system. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additional sewerage collection facilities of the Issuer (the "Project") which constitute properties for the collection of liquid or solid wastes, sewage or industrial wastes (the existing facilities, the Project, and any additions thereto or extensions thereof is herein called the "System") at an estimated cost of \$2,840,200, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Secretary of the Sanitary Board of the Issuer.

C. The estimated revenues to be derived in each year after the enactment hereof from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds (as hereinafter defined) and all Sinking Fund, Reserve Account and other payments provided for herein.

D. The Sanitary Board of the Issuer has presented a petition to the Issuer for enactment of this Bond and Notes Ordinance.

E. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than \$1,050,000 in two series, being the Series 1985 A Bonds in the aggregate principal amount of not more than \$700,000 and the Series 1985 B Bonds in the aggregate principal amount of not more than \$350,000 (collectively, the "Bonds"), and contemporaneously therewith, or as soon as practicable thereafter, to issue its Sewerage System Grant Anticipation Notes, Series 1985 (the "Notes") in the principal amount of not more than \$2,500,000 to finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes and the Bonds prior to and during construction or acquisition and for six months after completion of construction of the Project; engineering, and legal expenses; expenses for estimates of cost and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incident to the financing herein authorized, the construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof,

including, with respect to the Notes, any commitment fees to the Credit Bank, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or Notes or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority.

H. There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bonds and the Notes as to lien and source of and security for payment.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

ARTICLE VII

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.04 and Section 7.09 shall not be applied to the Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 1985 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System and payment of the debt service of the Series 1985 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, but such lien shall be junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1985 A Bonds, to the extent necessary to make the payments required under Section 5.03 of this Ordinance. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds and to make the payments into the Sinking Fund, including the Reserve Account therein, and all other payments

provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided in therein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges; Rules. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the ordinance of the Issuer dated September 3, 1985.

Section 7.05. Sale of the System. The System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Ordinance in accordance with Section 10.01 hereof and, if not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Fund, and, in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds about to mature. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay in full the Notes shall be remitted to the Trustee for deposit in the Notes Debt Service Fund, to apply to the payment of the Notes, prior to maturity if allowable under the Supplemental Resolution.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in

excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all the Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Notes issued under the Indenture prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture and the Bond Legislation; and, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1985 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to both the Series 1985 A Bonds and the Series 1985 B Bonds; provided, that no such subordinate obligations

shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner hereinprovided.

No Parity Bonds shall be issued which shall be payable out of the revenues of the System prior to or on a parity with the Series 1985 A Bonds. All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1985 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(A) The Bonds then Outstanding;

(B) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(C) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of both the Series 1985 A Bonds and the Series 1985 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with either the Series 1985 A Bonds or the Series 1985 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, Parity Bonds may be issued solely for the purpose of completing the Project without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority, and if any Notes are then Outstanding, the Trustee, to the issuance of such Parity Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

C. The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall file said report with the Trustee and the Authority, or any other original purchaser of the Bonds.

Section 7.09. Rates. Prior to the issuance of the Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. The Issuer shall take the necessary actions with respect to the imposition of rates at such times and with such provisions with respect to interest rate and maturity of the Bonds to finance the issuance of the Bonds as the purchasers thereof shall require. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal

Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues; provided that, in the event that an amount equal to or in excess of the Reserve Requirement is on deposit in the Reserve Account or junior bonds is funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee and the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or

allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules of the Issuer, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other changes, if not paid, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and any services and facilities of the water system, if then owned by the Issuer, to all delinquent users of services and facilities of the System and will not restore such services of either system until all billing for charges for the services and facilities of the System, plus reasonable interest penalty charges for the restoration of service, has been fully paid.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(A) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE,, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(B) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

ARTICLE IX

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Supplemental and Amendatory Ordinance. This Supplemental and Amendatory Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Barrackville (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Marion County of said State.

B. The Issuer has heretofore issued its Sewer Revenue Bonds, Series 1985 A and 1985 B, both dated December 9, 1985, in the aggregate principal amount of \$927,000 (collectively, the "Prior Bonds"). The Prior Bonds were issued pursuant to a bond and notes ordinance enacted by the Issuer on December 3, 1985 (the "Prior Ordinance"). Proceeds of the Prior Bonds were used to pay a portion of the costs of acquisition, construction and equipping of certain sewerage collection facilities (the "Project"). However, such proceeds and available grant proceeds are deemed insufficient to complete the Project. Accordingly, it is necessary for the Issuer to borrow an additional amount to finance the remaining costs of the Project.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System (as hereinafter defined) will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Series 1987 Bonds (as hereinafter defined) and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Ordinance.

D. It is therefore deemed necessary for the Issuer to issue its completion bonds in the total aggregate principal amount of not more than \$200,000 in two series, being the Series 1987 A Bonds in the aggregate principal amount of not more than \$150,000, and the Series 1987 B Bonds in the aggregate principal amount of not more than \$50,000 (collectively, the "Series 1987 Bonds") to finance costs of construction and acquisition of the Project not otherwise provided for. Said costs shall be deemed to include the cost of all

property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1987 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the completion of construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that the Series 1987 Bonds be sold to the West Virginia Water Development Authority (the "Authority") pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") both dated October 21, 1987, entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, and attached hereto as "Exhibit A," and made a part hereof.

G. Except for the Prior Bonds, there are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Series 1987 Bonds as to lien and source of and security for payment. The Series 1987 B Bonds shall be on a parity with the Series 1985 B Bonds, both of which series shall be junior and subordinate to both the Series 1985 A Bonds and the Series 1987 A Bonds; and the Series 1987 A Bonds shall be on a parity with the Series 1985 A Bonds, all as set forth herein.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Prior Bonds and the Series 1987 Bonds, or will have so complied prior to issuance thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing

and appeal of which have expired, which Order was received prior to delivery of the Prior Bonds.

I. The Issuer has general taxing powers to finance operations of or facilities of the nature of the System, and the Issuer and all subordinate entities reasonably expect to issue less than \$5,000,000 aggregate principal amount of tax-exempt bonds during the calendar year in which the Bonds are to be issued.

J. The Issuer has been presented with a petition by the Barrackville Sanitary Board requesting that the Issuer proceed with issuance of the Series 1987 Bonds for the purposes stated herein.

K. The Prior Ordinance, in Section 7.07(B) thereof, permits the issuance of the Series 1987 Bonds on parity with the Prior Bonds for the purpose of completion of the Project with no further restrictions if there is first obtained the written consent of the Authority, which written consent will be obtained prior to issuance of the Series 1987 Bonds.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 1987 Bonds by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Series 1987 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Section 1.04. Definitions. Unless expressly changed herein, all capitalized terms used in the Prior Ordinance shall have the same meanings herein. In addition, the following terms shall have the following meanings herein unless the context expressly requires otherwise:

"Bond Year" means the 12 month period beginning on the anniversary of the Closing Date in each year and ending on the day prior to the anniversary date of the Closing Date in the following year except that the first Bond Year shall begin on the Closing Date.

"Bonds" means the Original Bonds, the Series 1987 Bonds and any bonds on a parity therewith authorized to be issued hereunder.

"Closing Date" means the date upon which there is an exchange of the Series 1987 Bonds for the proceeds representing the purchase of the Bonds by the Authority.

"Code" means the Internal Revenue Code of 1986, as amended, and regulations promulgated pursuant thereto.

"Excess Investment Earnings" means an amount equal to the sum of:

(A) The excess of

(i) The aggregate amount earned from the Closing Date on all Nonpurpose Investments in which Gross Proceeds of the Bonds are invested [other than amounts attributable to an excess described in this clause (A) of this definition of Excess Investment Earnings], over

(ii) The amount that would have been earned if the Yield on such Nonpurpose Investments [other than amounts attributable to an excess described in this clause (A) of this definition of Excess Investment Earnings] had been equal to the Yield on the Bond, plus

(B) Any income attributable to the excess described in clause (A) of this definition of Excess Investment Earnings.

"Gross Proceeds" means the sum of the following amounts:

(i) Original proceeds, namely, net amounts received by or for the Issuer as a result of the sale of the Bonds, excluding original proceeds which become transferred proceeds (determined in accordance with applicable Regulations) of obligations issued to refund in whole or in part the Bonds;

(ii) Investment proceeds, namely, amounts received at any time by or for the Issuer, such as interest and dividends, resulting from the

investment of any original proceeds (as referenced in clause (i) above) or investment proceeds (as referenced in this clause (ii)) in Nonpurpose Investments, increased by any profits and decreased (if necessary, below zero) by any losses on such investments, excluding investment proceeds which become transferred proceeds (determined in accordance with applicable Regulations) of obligations issued to refund in whole or in part the Bonds;

(iii) Transferred proceeds, namely, original proceeds of any prior obligations, and interest earnings and profits less losses resulting from investment of such original proceeds in Nonpurpose Investments, which are used to discharge the outstanding principal of any prior bonds and which are deemed to become proceeds of the Bonds ratably as original proceeds of the Bonds, and interest earnings and profits resulting from investment of such original proceeds in Nonpurpose Investments, which are used to discharge the outstanding principal of any such prior obligations, all on the date of such ratable discharge;

(iv) Sinking fund proceeds, namely, amounts, other than original proceeds, investment proceeds or transferred proceeds (as referenced in clauses (i) through (iii) above) of the Bonds, which are held in any fund to the extent that the Issuer reasonably expects to use such other fund to pay Debt Service;

(v) Amounts in the Reserve Accounts and in any other fund established as a reasonably required reserve or replacement fund;

(vi) Investment Property pledged as security for payment of Debt Service on the Bonds by the Issuer;

"Loan Agreement" shall mean, collectively, the Loan Agreement and the Supplemental Loan Agreement, both dated October 21, 1987, heretofore entered into between the Authority and the Issuer providing for the purchase of the Series 1987 Bonds from the Issuer by the Authority, the forms of which shall be approved, and the execution and delivery by the Issuer ratified and confirmed by, this Ordinance or a resolution adopted by the Issuer prior to the adoption of this Ordinance.

"Purchase Price," for purposes of computing Yield of Nonpurpose Investments, means the fair market value of the Nonpurpose Investments on the date of use of Gross Proceeds of the Bonds for acquisition thereof, or if later, on the date that Investment Property constituting a Nonpurpose Investment becomes a Nonpurpose Investment of the Bonds.

Said Series 1987 Bonds shall be issued in two series, to be designated respectively, "Sewer Revenue Bonds, Series 1987 A," in the aggregate principal amount of not more than \$150,000, and "Sewer Revenue Bonds, Series 1987 B," in the aggregate principal amount of not more than \$50,000, and shall have such terms as set forth hereinafter and in the Supplemental Resolution. The proceeds of the Series 1987 Bonds remaining after funding of the Reserve Accounts (if funded from Series 1987 Bond proceeds) and capitalization of interest, if any, shall be deposited in the Bond Construction Trust Fund established by Section 5.01 of the Prior Ordinance.

Provisions regarding the execution, authentication, registration, negotiability and transfer of the Series 1987 Bonds shall be as set forth in the Prior Ordinance. D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1987 Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

Section 5.04. Rebate of Excess Investment Earnings to the United States. In the event the Issuer receives an opinion of Bond Counsel to the effect that any of the funds or accounts described herein are subject to the "rebate" requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer shall take the following actions as set forth in this Section 5.04.

A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on the last day of each Bond Year or on the preceding business day in the event that such last day is not a business day, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Original Purchaser and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Purchaser and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income

realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Series 1987 Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Series 1987 Bonds shall be determined based on the actual Yield of the Series 1987 Bonds during the period between the Closing Date of the Series 1987 Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account

or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Series 1987 Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than five (5) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not execute this Loan Agreement unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in any year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be

realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owner of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs); provided that, if the cost of acquisition and construction of the Project includes funded reserves for the Local Bonds, any requisite proceeds shall be credited to the construction fund and then deposited in the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein; and

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit A.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan

shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.4 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.5 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.7 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Certain Covenants of the Governmental Agency;
Imposition and Collection of User Charges;
Payments To Be Made by
Governmental Agency to the Authority

nants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. 5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority shall have the right to cancel all or any of its obligations under this Loan Agreement if (a) any representation made to the Authority by the Governmental Agency in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of this Loan Agreement.

6.4 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Loan.

6.5 The Governmental Agency hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the tax-exempt status of the Local Bonds.

The Governmental Agency shall permit the Authority, acting by and through its Director or his duly authorized representatives, to inspect all books, documents, papers and records relating to the Project at any and all reasonable times for the purpose of audit and examination, and the Governmental Agency shall submit to the Authority such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project and the administration of the Supplemental Loan or of any State and federal grants or other sources of financing for the Project.

2.6 The Governmental Agency agrees that it will permit the Authority and its agents to have access to the records of the Governmental Agency pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof.

2.7 The Governmental Agency shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract, as security for the faithful performance of such contract.

2.8 The Governmental Agency shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project facilities are completed and accepted by the Governmental Agency, the Governmental Agency or (at the option of the Governmental Agency) the contractor shall maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Governmental Agency, the prime contractor and all subcontractors, as their interests may appear. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or

mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Governmental Agency on or before the Date of Loan Closing and maintained so long as any of the Supplemental Bonds is outstanding. Prior to commencing operation of the Project, the Governmental Agency must also obtain, and maintain so long as any of the Supplemental Bonds is outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Governmental Agency shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Governmental Agency at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

2.10 The Governmental Agency agrees that it will at all times provide operation and maintenance of the System to comply with any and all State and federal standards. The Governmental Agency agrees that qualified operating personnel properly certified by the State will be retained to operate the System during the entire term of this Supplemental Loan Agreement.

2.11 The Governmental Agency hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Authority or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

ARTICLE III

Conditions to Supplemental Loan; Issuance of Supplemental Bonds

3.1 The agreement of the Authority to make the Supplemental Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Supplemental Bonds, which shall be the date established pursuant to Section 3.4 of the Loan Agreement for delivery of the Local Bonds. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Supplemental Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivered to the Authority for purchase the Supplemental Bonds described in this Article III and in Article IV hereof and shall have delivered to the Authority for purchase the Local Bonds in accordance with the Loan Agreement;

(c) The Governmental Agency shall have received bids for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the issuance of the Supplemental Bonds, construction of the Project and imposition of rates and charges and shall have taken any other action required for the imposition of such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(f) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(g) The net proceeds of the Supplemental Bonds, together with the net proceeds of the Local Bonds and all other moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of

the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Supplemental Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Supplemental Loan to the Governmental Agency and the Governmental Agency shall accept the Supplemental Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Supplemental Loan by purchasing the Supplemental Bonds in the principal amount and at the price set forth in Schedule X hereto. The Supplemental Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Supplemental Loan shall be secured and shall be repaid in the manner hereinafter provided in this Supplemental Loan Agreement.

3.4 The Supplemental Loan will be made only in conjunction with the Loan. The Supplemental Bond shall be delivered to the Authority, at the offices of the Authority, simultaneously with the delivery of the Local Bond to the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Supplemental Loan Agreement and the Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies under the conditions and in the manner described in the Loan Agreement. The Governmental Agency further understands and acknowledges that the Authority's obligation to make the Supplemental Loan is subject to the availability on the Date of Loan Closing of funds legally available therefor.

3.6 Anything in this Loan Agreement notwithstanding, if the Authority is unable to pay the proceeds of the Supplemental Bonds to the Governmental Agency on the Date of Loan Closing due to the time required for processing the purchase order or requisition for such moneys with the State,

the Authority may pay such proceeds as soon as received after the Date of Loan Closing; provided, that the Supplemental Bonds shall not evidence any debt to be repaid to the Authority until the proceeds thereof are received by the Governmental Agency.

ARTICLE IV

Supplemental Bonds; Security for Supplemental Loan; Repayment of Supplemental Loan; No Interest on Supplemental Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Supplemental Loan, authorize the issuance of and issue the Supplemental Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Supplemental Bonds shall be secured by the revenues from the System, as more fully set forth in Schedules X and Y attached hereto, subject to the prior and senior security therefrom granted to the Local Bonds;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Local Bonds and on a parity with the Supplemental Bonds or, if the reserve accounts established for the payment of debt service on the Local Bonds (the "Reserve Account") and for the payment of debt service on the Supplemental Bonds (the "Supplemental Reserve Account") are funded (whether by bond proceeds, monthly deposits or otherwise), respectively, at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in any year (the "Reserve Requirement") or on the Supplemental Bonds in any year (the "Supplemental Reserve Requirement"), as the case may be, and any reserve account for any such prior or

parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds and Supplemental Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Supplemental Bonds, except the Local Bonds and bonds on a parity with the Supplemental Bonds, which parity bonds shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Supplemental Bonds and parity bonds theretofore and then being issued and on the Local Bonds and any other obligations secured by or payable from the revenues of the System prior to the Supplemental Bonds; provided, however, that additional parity Local Bonds and additional parity Supplemental Bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Supplemental Bonds, the right to obtain the

appointment of a receiver to administer the System as provided by law, subject to the prior and senior rights of the owner or owners of the Local Bonds;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Supplemental Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Supplemental Bonds, except any proceeds deposited in the Reserve Account or the Supplemental Reserve Account, must be deposited in a construction fund on which the owner of the Supplemental Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs); provided, that said construction fund may be the one established for the Local Bonds, which shall have a prior and senior lien thereon, but shall otherwise be kept separate and apart from all other funds of the Governmental Agency; and

(xv) That, as long as the Authority is the owner of any of the Supplemental Bonds, the Governmental Agency shall not authorize redemption of any Supplemental Bonds by it without the written consent of the Authority.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in

compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Supplemental Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Supplemental Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to the prior and senior security therefrom for the Local Bonds and to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Supplemental Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto.

4.4 The Supplemental Loan shall not bear interest.

4.5 The Supplemental Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Supplemental Program, which administrative expenses shall be as determined by the Authority and shall include, but not be limited to, legal fees paid by the Authority.

ARTICLE V

Certain Covenants of the Governmental Agency;
Imposition and Collection of User Charges;
Payments To Be Made by
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Supplemental Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Supplemental Loan, it has fixed

and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds and the Supplemental Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Supplemental Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the rate of five percent (5%) per annum, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Supplemental Loan Agreement.

6.2 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Supplemental Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time provided, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Supplemental Loan and receiving the Supplemental Bonds, the Authority shall have the right to cancel all or any of its obligations under this Supplemental Loan Agreement if (a) any representation made to the Authority by the Governmental Agency in connection with the Loan or the Supplemental Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Loan Agreement or this Supplemental Loan Agreement.

6.3 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Supplemental Loan.

7.4 This Supplemental Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Supplemental Loan Agreement.

7.5 No waiver by either party of any term or condition of this Supplemental Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Supplemental Loan Agreement.

7.6 This Supplemental Loan Agreement merges and supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Supplemental Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.7 By execution and delivery of this Supplemental Loan Agreement, notwithstanding the date hereof, the Governmental Agency specifically recognizes that it is hereby agreeing to sell its Supplemental Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.8 This Supplemental Loan Agreement shall terminate upon the earlier of:

(i) termination by the Authority of the Loan Agreement pursuant to Subsections 7.8(i) or (ii) thereof;

Public Service

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

Entered: October 21, 1985

CASE NO. 85-307-S-CN

TOWN OF BARRACKVILLE, a municipal corporation, Marion County.

Application for a certificate of convenience and necessity to engage in the business of collecting and treating sewage in the Town of Barrackville, Marion County.

FINAL ORDER

On June 7, 1985, the Town of Barrackville (hereinafter "Barrackville" or "Town"), a municipal corporation, Marion County, filed an application, duly verified, for a certificate of convenience and necessity to construct 49,500 linear feet of sewer mains ranging in diameter from 1-1/4 inches to 10 inches, together with 200 manholes, 6 sanitary pump stations, and all other necessary appurtenances, and to otherwise engage in the business of collecting and treating sewage in the Town of Barrackville and surrounding areas, Marion County. The Town of Barrackville estimated that the project cost of \$3,149,667 will be financed by a \$2,143,389.00 EPA grant, a \$367,278.00 grant from the West Virginia Water Development Authority and a \$639,000.00 local bond issue.

The Applicant was ordered to give notice of the filing of this application by publishing a copy of the Commission's order of June 7, 1985, once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Marion County, making due return to the Commission of proper certification of publication. Therein the Commission requested that anyone desiring to make objection to this

application must do so in writing within thirty days after publication of said order.

On June 24, 1985, the Commission received an Affidavit of Publication from the Times-West Virginian, Marion County, indicating that the Town of Barrackville had published the Commission's order of June 7, 1985, in that newspaper on June 18, 1985, as requested. Following this publication, the Commission received no written protest.

The Town submitted an Affidavit of Publication from the Times-West Virginian giving notice of public hearing on the proposed rate ordinance set for September 17, 1985. The published rate of \$3.78 per 1,000 gallons is also contained in the Applicant's revised Rule 42.

By this application, the Town of Barrackville proposes to engage in the business of collecting sewage in the Town of Barrackville and surrounding areas and transporting sewage to the City of Fairmont's treatment facility. Barrackville proposes to construct 49,500 linear feet of sewer main ranging in diameter from 1-1/4 inches to 10 inches, 200 manholes, six (6) sanitary pump stations and all other necessary appurtenances.

The Applicant submitted a copy of the Contract for Treatment by the City of Fairmont of Sewage From the Town of Barrackville and Its Service Area (hereinafter "Agreement"). The Agreement sets forth the terms and conditions for Fairmont's treatment of Barrackville sewage and describes the relationship of the two entities.

The Commission's operating divisions reviewed Barrackville's application for a certificate of convenience and necessity and made initial recommendations by memorandum. Mr. C. E. Windham, Jr. of the Commission's Engineering Division acknowledged receipt of the contract, plans, specifications and documents accompanying the application by memorandum dated

June 19, 1985. On June 28, 1985, Staff Attorney Ann A. Spaner requested that the Applicant submit information and documentation necessary for the Commission Staff to make its final recommendations. Staff Counsel reviewed the Agreement and recommended approval. By memorandum dated July 10, 1985, Utility Financial Analyst Karen M. Macon requested certain additional information and documentation.

By Memorandum dated August 19, 1985 Ms. Macon acknowledged the receipt of additional information and documentation including a letter from the Project Coordinator to the Town's Attorney dated July 30, 1985. This letter purports to expand upon Item 4 of the Agreement between Fairmont and the Town which states that the "charges made to the Town by the Board . . . shall be . . . established by the Board in accordance with fair cost accounting and cost allocation principles." The Project Coordinator presented the following information:

1. The Town will pay a proportionate share of the operating costs of Fairmont's treatment facility, which operating costs are defined as the cost of all labor, power, chemicals, vehicle expenses, maintenance, repair, replacement, improvement, and administrative expenses.
2. The proportionate share paid by the Town will be based on the actual sewage flows. The Town's flow will be metered and compared to the total flow treated at Fairmont's treatment plant.
3. Fairmont will bill the Town on a monthly basis for these services. The amount of this bill will initially be based on projected flows and projected costs.
4. The total annual cost paid by the Town to Fairmont will be adjusted at the end of the year to account for actual versus projected flows and actual versus projected costs.
5. As per item 4 in the agreement, Fairmont will provide the Town with financial reports verifying the costs of operation and maintenance items and the flows treated at the plant.

Ms. Macon recommends that the above-five items be included in the Agreement. She also advised that Fairmont should own the master meter and that

all Fairmont customers should share in the expenses associated with the meter.

By memorandum dated September 20, 1985, Mr. Windham confirmed that the low bid received on the construction conformed to the construction cost estimate contained in the Rule 42. Mr. Windham noted that the Town is proposing a Septic Tank Effluent Pump (STEP) system for three residential customers included in the project. He requested further information on the operation and maintenance of the STEP system. Mr. Windham recommended expense adjustments for the maintenance of the six main pump lift stations, the PSC assessment fee and the vehicle operation and maintenance expenses. Finally, Mr. Windham recommended that the Town's tariff include a schedule for Surcharge Formula to be Applied in the Cases of Users Producing Unusual Waste as adopted in Kingmill Valley Public Service District, Case No. 83-342-S-CN, Final Order entered November 28, 1983. In sum, Mr. Windham recommended that the Commission issue a certificate of convenience and Necessity without a hearing.

On September 12, 1985, Ms. Macon made her final recommendations concerning this application for a certificate of convenience and necessity. Ms. Macon summarized the total project costs as follows:

Construction	\$2,294,238.00
Technical Services	195,128.00
Legal and Fiscal	54,806.00
Administrative	36,000.00
Site and Other Lands	48,000.00
STEP 1 or STEP 2 Loan Repayment	50,416.00
Equipment	46,200.00
Contingency	114,712.00
Total	\$2,839,500.00

Ms. Macon also summarized the sources of funds to finance the project as follows:

EPA Grant	\$1,996,200.00
WDA Grant	243,300.00
WDA Loan	<u>695,000.00</u>
Total	\$2,934,500.00

Ms. Macon indicated that Staff also reviewed the Town's proposed interim financing. The Town proposes to issue Grant Anticipation Notes totaling \$1,770,000.00 at 7% interest for 30 months. The Town has also assumed that the surplus funds available during the construction period will earn 9.25% interest for the total earnings of \$414,455.00. Staff recommended approval of this entire financing package.

In response to Ms. Macon's memorandum of August 19, 1985, the Town of Barrackville and the City of Fairmont each submitted similar letters dated September 10, 1985 and September 4, 1985, respectively, agreeing to enter into an amended contract incorporating her recommendations "provided that this shall not alter the Town's financial liability." These letters of intent state that both municipalities' councils must pass the amended Agreement in order to make it binding. The letters of intent recite the five provisions suggested to clarify Item 4 of the Agreement as well as the list of accounts to be calculated in Barrackville's share of treatment expenses and the following two items:

Any adjusted amounts due or receivable upon completion of the annual review of expenses shall be prorated over three months.

Section 6 paragraph (IV) of the Sewer Service Contract shall be modified to reflect the fact that the Town of Barrackville will own, operate, maintain, test, repair and replace the metering facilities.

The Staff also adjusted certain operating and maintenance expenses. Per the Agreement, the City of Fairmont will charge the Town 2.14% of operating and maintenance treatment expenses booked to Account Nos. 228, 741, 742, 743.1, 743.2, 744, 745, 746, 795, 797, 798, 799, 800.1 and

800.2. Staff used historical data to calculate Barrackville's portion of the City of Fairmont's total projected treatment expenses at \$10,177.00. Further, Staff re-calculated the Town's portion of Fairmont's capital costs associated with the treatment plant. Unlike Barrackville's calculation, Staff's calculation includes a percentage of the reserve requirements but limits recovery of capital costs to those costs associated with the treatment plant only. Staff adjusted the capital costs owed the City of Fairmont to \$19,507.00. In addition, Ms. Macon adopted the Engineering recommendations to adjust transportation costs and the Public Service Commission assessment fee. Ms. Macon reported that the Town will install separate electrical drops for each STEP unit and had already included this maintenance and electrical cost in its Rule 42. Ms. Macon indicates that based on a debt payment schedule prepared by G. L. Cottrill and Company, Inc., the average yearly principal and interest payments will be \$69,708.00. The Staff adjustments as reflected in its proposed cash flow analysis provide a surplus of \$12,512.00 and a coverage of 133%. Staff recommended approval of this application based on the adequacy of the cash flow analysis.

On October 11, 1985 Mr. Windham submitted a memorandum indicating that although the City of Fairmont is experiencing an inflow-infiltration problem, it is correcting this problem and the Town's additional sewage will not overburden the plant on an average daily basis.

On October 17, 1985, the Commission received a letter from Edgar N. Henry, Director of the Water Development Authority (WDA). The letter commits a larger long-term loan at a lower interest rate of seven percent (7%). WDA anticipates net bond proceeds of \$844,000.00, capitalized interest of \$83,000.00 and the bond amount of \$927,000.00. Also on

October 17, 1985, the Commission received a debt service schedule from the Town's investment banker. The debt service schedule showed annual debt service payments approximating those proposed initially by WDA and the Applicant.

The Examiner is of the belief that the proposed permanent and interim financing is sufficient but not more than sufficient to meet the needs of the Town of Barrackville. The revised permanent financing for Barrackville is as follows:

EPA Grant	\$1,996,200
WDA Loan (bond proceeds)	<u>844,000</u>
Total	\$2,840,200

Therefore, Barrackville will have sufficient funding to meet its estimated project cost of \$2,839,500.

Moreover, Staff's calculation of the operating and maintenance expenses is reasonable. The revision of permanent financing structure by WDA will not alter the annual debt service requirements. Staff's adjustments to the charges to Fairmont were based upon actual historical data and the other operating and maintenance expense adjustments were recommended based upon the expertise and experience of the Commission Staff. However, the Examiner finds that in order to grant final approval of this certificate of convenience and necessity, the Town of Barrackville and the City of Fairmont must enter into an amended Agreement incorporating the recommendations of the Commission Staff as itemized in the Fairmont and Barrackville letters of intent to agree. This amended Agreement shall be a condition which must be fulfilled prior to construction.

In consideration of the aforesaid, the Hearing Examiner is of the opinion that the public convenience and necessity require that the District's application for a certificate of public convenience and necessity

be granted to the Town of Barrackville, provided the above condition is fulfilled prior to construction.

IT IS, THEREFORE, ORDERED that the proposed financing of an EPA Grant of \$1,996,200.00 and a WDA Loan at 7% in the amount of \$927,000.00 yielding bond proceeds of \$844,000 is sufficient but not more than sufficient and it is hereby approved and that the interim financing package as reviewed by Staff is reasonable and it is hereby approved.

IT IS FURTHER ORDERED that the rate of \$3.78 per 1,000 gallons as proposed by Applicant and recommended by Staff is sufficient but not more than sufficient and that it is hereby approved. The Town shall submit its tariff to the Commission after enactment of rates in accordance with West Virginia Code §24-2-4b.

IT IS FURTHER ORDERED that the Surcharge Formula to be Applied in the Cases of Users Producing Unusual Waste contained on Appendix A, be adopted by the Town in its schedule of rates and charges and filed with the Commission.

IT IS FURTHER ORDERED that a certificate of convenience and necessity is required by the public convenience and necessity in that this proposed project is adequately financed and economically feasible and the application for certificate of convenience and necessity is hereby granted to the Town of Barrackville to construct and operate 49,500 linear feet of sewer mains, together with 200 manholes, six (6) sanitary pump stations and all other necessary appurtenances to engage in the business of collecting sewage in the Town and surrounding areas, Marion County; provided the Town submits to the Commission prior to construction a copy of the Agreement amended to include the eight items contained in the letters of intent.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery and upon all parties of record by United States Certified Mail, return receipt requested.

This order is issued pursuant to General Order No. 212, dated December 16, 1982, which order designates the Division of Hearing Examiners as the initial decision making body in the Public Service Commission and authorizes the Public Service Commission Hearing Examiners to issue orders on behalf of the Commission in all proceedings filed pursuant to Chapter 24 of the West Virginia Code, which proceedings are not set for hearing and which orders shall have the full force and effect of Commission orders, without the provision for the filing of exceptions thereto.

Leave is hereby granted to the parties to file a petition for further hearing, reopening, or rehearing pursuant to Rule 19 of the Commission's Rules of Practice and Procedure with the Executive Secretary of the Commission within ten (10) days after the date this order is mailed.

APPENDIX A

TOWN OF BARRACKVILLE
CASE NO. 85-307-S-CN

SURCHARGE FORMULA TO BE APPLIED IN THE CASES OF USERS PRODUCING UNUSUAL WASTE

The charge for the treatment of unusual waste will be calculated on the basis of the following formula:

$$C_i = V_o V_i + B_o B_i + S_o S_i$$

- C_i = charge to unusual users per year.
- V_o = average unit cost of transport and treatment chargeable to volume, in dollars per gallon
- V_i = volume of waste water from unusual users, in gallons per year
- B_o = average unit cost of treatment, chargeable to Biochemical Oxygen Demand (BOD), in dollars per pound
- B_i = weight of BOD from unusual users, in pounds per year
- S_o = average unit cost of treatment (including sludge treatment) chargeable to total solids, in dollars per pound
- S_i = weight of total solids from unusual users, in pounds per year

When an unusual user is to be served, a preliminary study of its wastes, and the cost of transport and treatment thereof, will be made. Waste containing materials which, in judgment of the Town of Barrackville, should not be introduced into the sewer system need not be handled by it. The results of this preliminary study will be used to determine the feasibility of the proposed sewer service and the charge therefor, based upon the formula set out above.

Thereafter, unusual sewage will be monitored on a regular basis and at the conclusion of each fiscal year, based on the investigation aforesaid and audit of the Town of Barrackville records, new cost figures will be calculated for use in the above formula. The cost of establishing the monitoring facilities shall be paid by the unusual user. Based on these audited figures, additional billings covering the past fiscal year will be made for payment by each unusual user, or refund given by the Town of Barrackville, as the case may be. Such audited figures will then be used for the preliminary billing for the next fiscal year, at the end of which an adjustment will be made as aforesaid.

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning April 1, 1988. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated October 21, 1987.

This Bond is a completion bond and is issued (i) to pay a portion of the costs of completion of acquisition and construction of certain new sewage collection and transportation facilities of the Issuer (the "Project") not otherwise provided for; and (ii) to pay certain costs of issuance hereof and related costs. Town of Barrackville
Sewer Revenue Bonds, Series 1987 A

WRITER'S DIRECT DIAL NUMBER

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Gentlemen:

We have acted as bond counsel in connection with the issuance by the Town of Barrackville (the "Issuer"), a municipal corporation and political subdivision organized and existing under the laws of the State of West Virginia, of \$100,379 Sewer Revenue Bonds, Series 1987 A, dated the date hereof (the "Local Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated October 21, 1987, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Local Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are originally issued in the form of one bond, registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, commencing April 1, 1988, at the rate of 8.38% per annum, and with principal installments payable on October 1 in each of the years 1989 through 2026, inclusive, all as set forth in "Schedule X," attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13 of the Code of West Virginia, 1931, as amended (the "Local Statute"), for the purposes of (i) permanently financing a portion of the costs of completion of acquisition and construction

//

of new sewerage facilities of the Issuer (the "Project"); and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of the Local Statute, the supplemental and amendatory bond ordinance duly enacted by the Governmental Agency on October 6, 1987, as supplemented by a supplemental resolution adopted November 3, 1987 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Issuer is a duly organized and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to construct and acquire the Project, to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.
2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the consent of the Authority.
3. The Local Act and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.
4. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the net revenues of the System referred to in the Local Act and secured by a lien on and pledge of the net revenues of said System, on a parity however, with respect to lien and sources of and security for payment with the Issuer's outstanding Sewer Revenue Bonds, Series 1985 A dated December 9, 1985, issued in the original principal amount of \$618,894 (the "Series 1985 A Bonds"), all in accordance with the terms of the Local Bonds and the Local Act.
5. The interest on the Bonds (a) is excluded from gross income for federal income tax purposes and (b) is not an item of tax preference for

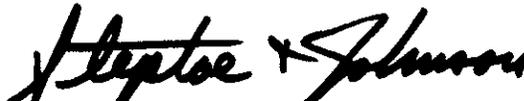

purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable Years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in clause (a) above is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

6. The Local Bonds are, under the Local Statute, exempt from all taxation by the State of West Virginia or any county, municipality, political subdivision or agency thereof, and the interest on the Local Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Local Bonds and the enforceability of the Local Bonds and the Local Act may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

Town of Barrackville Sewer Revenue Bonds, Series 1987 B

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Gentlemen:

We have acted as bond counsel in connection with the issuance by the Town of Barrackville (the "Issuer"), a municipal corporation and political subdivision organized and existing under the laws of the State of West Virginia of \$24,621 Sewer Revenue Bonds, Series 1987 B, dated the date hereof (the "Supplemental Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a supplemental loan agreement, dated October 21, 1987, including all schedules and exhibits attached thereto (the "Supplemental Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Supplemental Bonds, which are to be purchased by the Authority in accordance with the provisions of the Supplemental Loan Agreement. The Supplemental Bonds are originally issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years 1989 through 2026, inclusive, all as set forth in "Schedule X," attached to the Supplemental Loan Agreement.

The Supplemental Loan Agreement is supplemental to a loan agreement also dated October 21, 1987, between the Issuer and the Authority (the "Loan Agreement"). The Supplemental Bonds are on parity with respect to lien and source of and security for payment with the Issuer's outstanding Sewer Revenue Bonds, Series 1985 B, dated December 9, 1985, issued in the original principal amount of \$308,106 (the "Series 1985 B Bonds") and are junior, subordinate and

inferior as to lien and source of and security for payment to the bonds issued pursuant to the Loan Agreement and designated "Sewer Revenue Bonds, Series 1987 A" (the "Local Bonds"), which Local Bonds are issued simultaneously herewith, and to the Issuer's outstanding Sewer Revenue Bonds, Series 1985 A, dated December 9, 1985, issued in the original aggregate principal amount of \$618,894 (the "Series 1985 A Bonds").

The Supplemental Bonds are issued, together with the Local Bonds, under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13 of the Code of West Virginia, 1931, as amended (the "Local Statute"), for the purposes of (i) permanently financing a portion of the costs of completion of acquisition and construction of new sewerage facilities of the Issuer (the "Project"); and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of the Local Statute, the supplemental and amendatory bond ordinance duly enacted by the Governmental Agency on October 6, 1987, as supplemented by a supplemental resolution adopted November 3, 1987 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Supplemental Bonds are authorized and issued, and the Supplemental Loan Agreement that has been undertaken. The Supplemental Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Supplemental Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Issuer is a duly organized and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Supplemental Loan Agreement and to issue and sell the Supplemental Bonds, all under the Local Statute and other applicable provisions of law. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Supplemental Loan Agreement.

2. The Supplemental Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the consent of the Authority.

3. The Local Act and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer

and constitute valid and binding obligations of the Issuer enforceable upon the Issuer.

4. The Supplemental Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the net revenues of the System referred to in the Local Act and secured by a lien on and pledge of the net revenues of said System, on parity with the Series 1985 B Bonds and junior and subordinate to the Series 1985 A Bonds and the Local Bonds, all in accordance with the terms of the Supplemental Bonds and the Local Act.

5. The Issuer has reserved the right to issue additional bonds ranking on a parity with the Supplemental Bonds, as provided in the Local Act.

6. The Supplemental Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia or any county, municipality, political subdivision or agency thereof.

It is to be understood that the rights of the holders of the Supplemental Bonds and the enforceability of the Supplemental Bonds and the Local Act may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Supplemental Bond numbered BR-1, and in our opinion the form of such bond and its execution and authentication are regular and proper.

Town of Barrackville Sewer Revenue Bonds, Series 1987 A

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Gentlemen:

We have examined a transcript of proceedings relating to the issuance of \$100,379 aggregate principal amount of Sewer Revenue Bonds, Series 1987 A (the "Local Bonds"), of the Town of Barrackville (the "Issuer"), and a Certificate as to Arbitrage executed by the Mayor of the Issuer on this date.

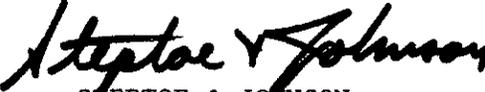

Based upon such Certificate as to Arbitrage, we are of the opinion that the facts, estimates and circumstances set forth in the Certificate as to Arbitrage are sufficient to satisfy the requirements of Section 148 of the Internal Revenue Code of 1986 (the "Code") to support the conclusion that the Local Bonds are not "arbitrage bonds" as therein defined. No matters have come to our attention which make unreasonable or incorrect such statements, expectations or representations.

Accordingly, it is our opinion that, under existing statutes, regulations, rulings and court decisions, the Local Bonds are not "arbitrage bonds" as so defined. It is our further opinion, based upon such Certificate of Arbitrage, that proceeds of the Bonds are not subject to the arbitrage rebate requirements set forth in Section 148(f) of the Code.

West Virginia Water Development Authority
Page 2

The opinion set forth above is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, relating to arbitrage that must be satisfied subsequent to the issuance of the Local Bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Local Bonds to be so included in gross income retroactive to the date of issuance of the Local Bonds. The Issuer has covenanted to comply with all such requirements.

Very truly yours,

STEPTOE & JOHNSON

Gentlemen:

I am counsel to the Town of Barrackville, in Marion County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinions of Steptoe & Johnson, as bond counsel, a loan agreement and supplemental loan agreement, both dated ~~November 6,~~ ^{October 31,} 1987, by and between the West Virginia Water Development Authority (the "Authority") and the Issuer (collectively, the "Loan Agreement"), the Local Act (as defined therein) and other documents relating to the above-captioned Bonds of the Issuer. Terms used in said opinions, Local Act and Loan Agreement and not otherwise defined herein have the same meanings herein.

I am of the opinion that:

1. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer in accordance with its terms.

2. The Mayor and members of the council of the Issuer have been duly and properly elected, have taken the requisite oaths, and are authorized to act on behalf of the Issuer.

3. The Local Act has been duly enacted and adopted by the Issuer and is in full force and effect.

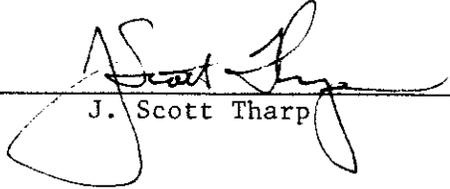

4. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Loan Agreement, and the carrying out of the terms thereof, do not and will not in any material respect conflict with or constitute on the part of the Issuer a breach of or default under any agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all permits, licenses, approvals and authorizations necessary for the issuance of the Bonds, construction of the Project, operation of the System and imposition of rates and charges, including, without limitation, the receipt of all requisite orders and approvals from the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of an ordinance prescribing such rates and charges. The time for appeal of such rate ordinance and the Final Order of the Public Service Commission of West Virginia entered October 21, 1986 (Case No. 85-307-S-CN) granting to the Issuer a Certificate of Convenience and Necessity have expired prior to the date hereof without any appeal.

6. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, construction of the Project, operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

J. Scott Tharp

MEETINGS, ETC.: All actions, ordinances, resolutions, orders and agreements taken by and entered into by or on behalf of the Issuer in any way connected with the construction, acquisition, operation and financing of the Project or the System were authorized or adopted at regular or special meetings of the Governing Body of the Issuer duly and regularly called and held pursuant to the Rules of Procedure of the Governing Body and all applicable statutes, including Chapter 6, Article 9A, of the Official West Virginia Code of 1931, as amended, and a quorum of duly elected, qualified and acting members of the Governing Body was present and acting at all times during all such meetings.

11. RATES: The Issuer has duly enacted an Ordinance on October 6, 1987, setting rates and charges for the services of the System. Such ordinance is presently in full force and effect, the

period for appeal of such ordinance has expired and there has been no appeal thereof.

At such hearing all objections and suggestions were heard by the Governing Body and the Bond Ordinance became finally adopted, enacted and effective as of the date of such public hearing, and remains in full force and effect.

15. PRIVATE USE OF FACILITIES: The Issuer shall at all times take, and refrain from taking, and shall not fail to take, any and all actions necessary in order to assure the initial and continued tax-exempt status of the Bonds. Less than 10% of the proceeds of the Bonds will be used, directly or indirectly, for any private business use, and less than 10% of the payment of principal of, or the interest on, such issue, under the terms of such issue or any underlying arrangement, is, directly or indirectly, secured by

any interest in property used or to be used for a private business use, payments in respect of such property, or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use. None of the proceeds of the Bonds will be used, directly or indirectly, for any private business use which is not related to the governmental use of the proceeds of the Bonds, including the disproportionate related business use of the proceeds of the Bonds, and none of the payment of principal on, or the interest on, such issue, under the terms of any underlying arrangement, is, directly or indirectly, secured by any interest in property used, or to be used for a private business use, payments in respect of such property or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use with respect to such private business use, which is not related to any government use of such proceeds, including the disproportionate business use of the issue of the Bonds. TOWN OF BARRACKVILLE

Sewer Revenue Bonds,
Series 1987 A

CERTIFICATE AS TO ARBITRAGE

I, MARK A. BOLYARD, Mayor of the Town of Barrackville, in Marion County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$100,379 aggregate principal amount of Sewer Revenue Bonds, Series 1987 A, of the Issuer, dated November 6, 1987 (the "Local Bonds"), hereby certify as follows:

1. This certificate is being executed and delivered pursuant to Section 148 of the Internal Revenue Code of 1986 and regulations promulgated thereunder (the "Code"). I am one of the officers of the Issuer charged with the responsibility of issuing the Local Bonds. I am familiar with the facts, circumstances, and estimates herein certified and am duly authorized to execute and deliver this certificate on behalf of the Issuer.

2. This certificate may be relied upon as the certificate of the Issuer.

3. The Issuer has not been notified by the Internal Revenue Service of any listing or proposed listing of it as an issuer the certification of which may not be relied upon by holders of obligations of the Issuer or that there is any disqualification of the Issuer by the Internal Revenue Service because a certification made by the Issuer contains a material misrepresentation.

4. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on November 6, 1987, the date on which the Local Bonds are to be physically delivered in exchange for the issue price thereof, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

5. In the supplemental and amendatory ordinance pursuant to which the Local Bonds are issued, the Issuer has covenanted to make no use of the proceeds of the Local Bonds which would cause the Local Bonds to be "arbitrage bonds" within the meaning of the Code.

6. The Local Bonds and the Series 1987 B Bonds (the "Supplemental Bonds"), which bear no interest, were sold on

November 6, 1987, to the West Virginia Water Development Authority (the "Authority") for an aggregate purchase price of \$125,000 (100% of par).

7. The Local Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of paying a portion of the costs of completion of acquisition and construction of certain new sewerage facilities (the "Project"), funding a reserve account for the Local Bonds and paying costs of issuance thereof.

8. The Issuer shall, within 30 days following delivery of the Local Bonds, enter into agreements which require the Issuer to expend in excess of \$100,000 on the Project or has already done so. Acquisition, construction and equipping of the Project will proceed with due diligence to completion, and, with the exception of proceeds deposited in a reserve account for the Local Bonds, all of the proceeds from the sale of the Local Bonds, together with any investment earnings thereon, will be expended for payment of Costs of completing the Project on or before January 1, 1988. Construction of completion of the Project is expected to be completed by January 1, 1988.

9. The total cost of completing the Project is estimated at \$125,000. Sources of funding for completion of the Project are as follows:

Gross Proceeds of Local Bonds	\$100,379
Gross Proceeds of Supplemental Bonds	24,621
Less: Costs of Issuance	<u>7,000</u>
Total Net Proceeds	<u>\$118,000</u>

The amount of Project costs not expected to be reimbursed or paid from any source other than Local Bonds proceeds is estimated to be at least \$125,000. Except for the proceeds of the Local Bonds and the Supplemental Bonds, no other funds of the Issuer will be available to meet costs of the Project, and no balances are available to meet such costs in any account which may, without legislative or judicial action, be invaded to pay such expenditures without a legislative, judicial or contractual requirement that such account be reimbursed.

10. Pursuant to Article V of the Local Act, the following special funds or accounts have been continued or created:

- (1) Revenue Fund;

- (2) Renewal and Replacement Fund;
- (3) Bond Construction Trust Fund;
- (4) Series 1987 A Bonds Sinking Fund, and within the Series 1987 A Bonds Sinking Fund the Series 1987 A Bonds Reserve Account; and
- (5) Series 1987 B Bonds Sinking Fund, and within the Series 1987 B Bonds Sinking Fund the Series 1987 B Bonds Reserve Account.

11. Pursuant to Article VI of the Local Act all of the proceeds of the Local Bonds (and the Supplemental Bonds) will be deposited in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project, including costs of issuance of the Bonds and related costs.

12. All moneys in the Series 1987 A Bonds Sinking Fund (with the exception of investment earnings thereon) will be held for the payment of the interest to accrue on the Local Bonds on or prior to the maturity thereof. Moneys held in the Series 1987 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Local Bonds and will not be available to meet costs of construction of the Project. All investment earnings on moneys in the Series 1987 A Bonds Sinking Fund and Series 1987 A Bonds Reserve Account will be withdrawn therefrom and deposited into the Bond Construction Trust Fund until completion of the Project, and thereafter will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied in full, first to the next ensuing interest payment, if any, due on the Series 1987 A Bonds, and then to the next ensuing principal payment due thereon.

13. Except for the Series 1987 A Bonds Sinking Fund, there are no other funds or accounts established or held by the Issuer which are reasonably expected to be used to pay debt service on the Local Bonds or which are pledged as collateral for the Local Bonds and for which there is a reasonable assurance that amounts therein will be available to pay debt service on the Local Bonds, if the Issuer encounters financial difficulties.

14. The Issuer expects to enter into a contract within 6 months of the date hereof or has already entered into such a contract for the construction of the Project, and the amount to be expended pursuant to such contract exceeds the lesser of 2 1/2% of the estimated total Project cost financed with proceeds from the sale of the Bonds or \$100,000.

15. Work with respect to the construction of the Project will proceed with due diligence to completion. Construction is expected to be completed within 2 months.

16. The Issuer will comply with the provisions of the Code, for which the effective date precedes the date of delivery of its Bonds to the Authority.

17. The Issuer expects that no part of the Project financed by the Local Bonds will be sold or otherwise disposed of prior to the last maturity date of the Local Bonds.

18. With the exception of the amounts deposited in the Series 1987 A Bonds Sinking Fund for payment of interest on the Local Bonds, all of the proceeds of the Local Bonds will be expended on the Project within 2 months from the date of issuance thereof.

19. Any money deposited in the Series 1987 A Bonds Sinking Fund for payment of the principal of or interest on the Local Bonds (other than the Series 1987 A Bonds Reserve Account therein) will be spent within a 13-month period beginning on the date of receipt.

20. The Issuer covenants and agrees to comply with the rebate requirements of the Code, and with all other requirements of the Code necessary, proper or desirable to maintain the tax-exempt status of the Local Bonds.

21. Steptoe & Johnson is entitled to rely upon the representations, expectations, covenants, certifications and statements contained herein in rendering its opinions regarding the tax-exempt status of interest on the Local Bonds.

22. The original proceeds of the Local Bonds will not exceed the amount necessary for the purposes of the issue.

23. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

IN WITNESS WHEREOF, I have set my hand this 6th day of
November, 1987.

Gentlemen:

Based upon the rates and charges as set forth and approved in the rate ordinance of the Town of Barrackville enacted October 6, 1987, and projected operation and maintenance expenses and anticipated customer usage as furnished to me by Bernard H. Sampson Co., Inc., consulting engineers, it is my opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system of the Town of Barrackville, will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Sewer Revenue Bonds, Series 1985 A, Series 1985 B, Series 1987 A and Series 1987 B, heretofore issued or to be issued to West Virginia Water Development Authority and all other obligations secured or payable from the revenues of the System prior to or on a parity with such Bonds.

Very truly yours,

Said appointees shall originally be appointed for terms of two and three years respectively, and upon the expiration of each such term and each succeeding term, appointment of a successor shall be made in like manner for a term of three years. Vacancies shall be filled for an unexpired term in the same manner as the original appointment. No officer or employee of the Town of Barrackville, whether holding a paid or unpaid office, shall be eligible to appointment on said Sanitary Board until at least one year after the expiration of the term of his public office.

Section 3. Organizational Meetings; Vice Chairman, Secretary, Treasurer; Official Bonds. Section 5. Powers, Duties and Limitations. A. The

Sanitary Board shall have the supervision and control of the custody, administration, operation and maintenance of any and all works for the collection, treatment and disposal of sewage, which are now owned or may hereafter be acquired by the Town of Barrackville.

B. The Sanitary Board shall have power to take all steps and proceedings and to make and enter into all contracts or agreements necessary or incidental to the performance of its duties and the execution of the powers granted to such Board by this chapter and under and by virtue of Article 13, of Chapter 16, of the Code of West Virginia, as the same now exists and may hereafter be amended; but the powers of the Sanitary Board shall be subject to all restrictions and limitations contained in said Article 13 as the same now exists or may hereafter be amended.

C. The Sanitary Board may employ engineers, architects, inspectors, superintendents, a manager, collectors, attorneys, and such other personnel as in its judgment may be necessary in the execution of its powers and duties, and may fix their compensation, all of whom shall do such work as the Board shall direct. All such compensation and all expenses incurred in carrying out the provisions of said Article 13 shall be paid solely and only from funds provided under the authority or power given it so as to bind the Board or the town beyond the extent to which money shall have been or may be provided under the authority of said Article 13. No contract or agreement with any contractor or contractors for labor or material exceeding in amount the sum of one thousand dollars shall be made without advertising for bids, which bids shall be publicly opened and award made to the best bidder, with power in the Board to reject any and all bids.

D. The construction, acquisition, improvement, equipment, custody, operation and maintenance of any such works for the collection, treatment or disposal of sewage and the collection of revenues therefrom for the service rendered thereby shall be under the supervision and control of the Sanitary Board.

E. After the construction, installation and completion of such works the Sanitary Board shall operate, manage and control the same and may order and complete any extensions, betterments and improvements of and to the works that the Board may deem expedient if funds therefor be available or made available as provided by law, and shall establish rules and regulations for the use and operation of the works and of other sewers and drains connected therewith so far as they may affect the operation of such works, and to do all things necessary or expedient for the successful operation thereof,

and the Board shall have in addition hereto any and all powers granted to it by said Article 13, or which may be granted to it by amendments to said Article 13, hereafter made, subject to any and all restrictions and limitations therein contained.

Section 6. Duty of Board to Restore Property Damaged by its Activities. All public ways or public works damaged or destroyed by the Sanitary Board in carrying out its authority under this chapter shall be restored or repaired by the Board and placed in their original condition, as nearly as practicable, if requested so to do by the proper authorities, out of the funds provided pursuant to the provisions of Article 13, Chapter 16 of the Code of West Virginia.

Section 7. Publication of Financial Statement. The Sanitary Board shall prepare a financial statement and cause it to be published as a Class 1 legal advertisement in compliance with the provisions of Article 3, Chapter 59 of the Code of West Virginia, and the publication area for such publication shall be the sanitary district. Such statement shall contain an itemized account of the receipts and expenditures of the Board during the previous fiscal year, showing the source from which all money was derived, and the name of the person to whom an order was issued, together with the amount of such order, and why such order was issued, arranging the same under distinct heads, and including all money received and expended from the sale of bonds, and also a specific statement of the debts of such Board, showing the purpose for which any debt was contracted, the amount of money in all funds at the end of the preceding year, and the amount of uncollected service charges. Such statement shall be prepared and published by the Board as soon as practicable after the close of the fiscal year. The statement shall be sworn to by the chairman and secretary and treasurer of the Board.

Section 8. Procedure for Disbursement of Funds. All funds under the supervision of the Sanitary Board shall be disbursed, as disbursements are required, by check drawn upon the proper fund or account, and such checks shall be properly signed by the authorized officer or agent of the Board. All such disbursements shall be approved by the Board.

Section 9. Bonding of Employees Who Handle Money. The Sanitary Board may from time to time, in its discretion, require any of its employees to furnish a good and suitable indemnity bond, with a recognized and reputable surety, conditioned upon the faithful discharge of their duties as such, and to deliver up and pay over all money as provided by law. The Board shall require all persons who collect or otherwise handle funds of the Board to furnish a good and proper bond, with a recognized and reputable corporate surety conditioned upon the faithful performance of their duties and for the proper handling and care of said funds in their hands. Such bond shall be in an amount equal to the sum of money which might at any one time be in the hands of such person or persons, as may be determined by the Board.

A regular meeting of the Town Council of the Municipality of Barrackville was held at 7:00 p.m. in the Council Chambers. Present were Mayor Mark Bolyard, Recorder Jim Doyle and Councilmembers Darroll Courtney, Tom Hall, Don Neptune, Bob White and Belinda Woofter. Also present were Attorney Scott Tharp, Policeman Paul Faber and fire department representatives, Dwayne Brown and Tom Shroyer. Local citizens present were Frank Woodman, Lee Floyd, Sherman Perkins, Jim Mills, Robert Warnick, Marilyn Sifers, Bonnie Mills, Jess Vanet, Bill Wise, Jim Robinette, James Sanders, Mr. and Mrs. R. E. Snider, Bill Wise, Harry Bane, Fred Haught, Ted Glance, Rex Reed, Jim Fenton, John Martin, Richard Hall, Mr. and Mrs. Chris Toothman, J. B. Standifer, Franklin Sifers, Jim Reed, and Donald Maxwell.

The meeting was opened with the pledge of allegiance, followed by the reading and approval of the minutes of the September 15th meeting.

Prior to consideration of old business, a public hearing was held to the Sewer Completion Bonds, Ordinance No. 41, and the Sewer Rate Increase Ordinance #40. After a discussion of the matter, Recorder Doyle moved the passage of Ordinance #41, which was seconded by Councilman Hall and unanimously adopted. Ordinance #40 was then read and opened for citizen input. Following discussion and concerns of various persons in attendance, the adoption of this ordinance was moved by Councilman White, seconded by Councilman Courtney,

and unanimously passed. The Recorder was directed to enter both ordinances in the Ordinance Book.

With regard to old business, Councilman Courtney reported all materials have been obtained to resurface the park tennis court. It is hoped that sufficient materials will remain to resurface all or part of the basketball court. With volunteer help, the project will cost approximately \$1300.00.

Fireman Brown disclosed there are six fire hydrants of the town's twenty-four that are considered to be operational. The problem will be discussed with the fire board and appropriate action will be taken. The council extended its thanks to the fire department for its hydrant evaluation.

The annual "Trick or Treat" observance will be held October 30 from 6:00 to 7:00 p.m. Children through age twelve may participate. The fire department members will again assist with traffic control.

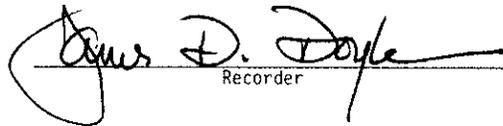

The need for a stop sign at Chestnut Street and 2nd Street was broached by Mr. Standifer. Following discussion a decision was made to erect the sign.

With regard to new business, Mayor Bolyard reported snow removal equipment and materials are being prepared for this winter.

All current expenditures were discussed and approved for payment.

Various properties, to include the Ott and Tobin properties have been investigated for appropriate clean-up or condemnation. Mayor Bolyard disclosed Tobin has 45 days to clean up his property and three structures located on the Ott property are being considered for removal.

There being no additional business to come before the Council, the meeting was adjourned at 8:54 p.m.

(B) The Sewer Revenue Bonds, Series 1987 B, of the Issuer, originally represented by a single Bond, numbered BR-1, in the principal amount of \$24,621. The Series 1987 B Bonds shall be dated the date of delivery thereof, shall finally mature October 1, 2026, shall be interest free, shall be subject to redemption upon the written consent of the Authority, and otherwise in compliance with the Loan Agreement, as long as the Authority shall be the registered owner of the Series 1987 B Bonds, and shall be payable in installments of principal on October 1 of each of the years and in the amounts as set forth in "Schedule X," attached thereto and to the Supplemental Loan Agreement and incorporated therein by reference.

Section 2. All other provisions relating to the Bonds and the text of the Bonds shall be in substantially the forms provided in the Bond Ordinance.

Section 3. The Issuer does hereby approve, accept and ratify the Loan Agreement, copies of which are incorporated herein by reference, and the execution and delivery by the Mayor of the Loan Agreement, and the performance of the obligations contained therein, on behalf of the Issuer are hereby ratified and approved. The price of the Bonds shall be 100% of par value, there being no interest accrued thereon.

Section 4. The Issuer does hereby appoint and designate One Valley Bank, National Association, Charleston, West Virginia, as Registrar for the Bonds and does approve and accept the Registrar's Agreement to be dated the date of delivery of the Bonds, by and between the Issuer and One Valley Bank, National Association, in substantially the form attached hereto, and the execution and delivery by the Mayor of the Registrar's Agreement, and the performance of the obligations contained therein, on behalf of the Issuer are hereby authorized, approved and directed.

Section 5. The Issuer does hereby appoint and direct the West Virginia Municipal Bond Commission, Charleston, West Virginia, to serve as Paying Agent for the Bonds.

Section 6. The Issuer does hereby continue the designation of The Bank of Wadestown, Barrackville, West Virginia, as Depository Bank under the Bond Ordinance.

Section 7. Series 1987 A Bond proceeds in the amount of \$-0- and Series 1987 B Bond proceeds in the amount of \$-0- shall be deposited in the Series 1987 A Bonds Reserve Account and the Series 1987 B Bonds Reserve Account, respectively.

Section 8. The Mayor and Recorder are hereby authorized and directed to execute and deliver such other documents and certificates required or desirable in connection with the Bonds hereby and by the Bond Ordinance approved and provided for, to the end that the Bonds may be delivered on or about November 6, 1987, to the Authority pursuant to the Loan Agreement.

Section 9. The completion of financing of the Project in part with proceeds of the Bonds is in the public interest, serves a public purpose of the Issuer and will promote the health, welfare and safety of the residents of the Issuer.

Section 10. The Issuer hereby determines that it is in the best interest of the Issuer to invest all moneys in the funds and accounts established by the Bond Ordinance in the West Virginia "Consolidated Fund," and therefore the Issuer hereby directs the Depository Bank and the Paying Agent to take such actions as may be necessary to cause such moneys to be invested in the Consolidated Fund, until further directed by the Issuer.

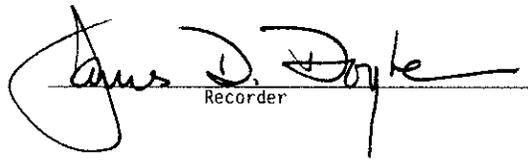

Section 11. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the bonds from the treatment afforded by Section 103(a) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the "Code"), by reason of the classification of the bonds as "private activity bonds" within the meaning of the Code. They will take all actions necessary to comply with the Code and Treasury Regulations to be promulgated thereunder.

Section 12. The Issuer has general taxing powers to finance operations of or facilities of the nature of the System, and the Issuer and all subordinate entities reasonably expect to issue less than \$5,000,000 aggregate principal amount of tax-exempt obligations during the calendar year 1987, being the calendar year in which Bonds are to be issued.

Section 13. The Series 1987 A Bonds are hereby designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

Section 14. This Supplemental Resolution shall be effective immediately following adoption hereof.

The meeting was adjourned.
