(e) No municipality may foreclose upon the premises served by it for delinquent rates and charges for which a lien is authorized by this sectionexcept through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the municipality lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the municipality had exhausted all other remedies for the collection of debts with respect to such delinquencies prior to the bringing of such action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless such delinquency has been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being instituted. (1989, c. 133; 1990, c. 140.)

Code of State Rules References. — Rules and regulations for the government of gas utilities and gas pipeline safety, 150CSR4, effective July 21, 1996.

Rules and regulations for the government of sewer utilities, 150CSR5, effective January 2, 1996.

Purpose. — The effect of the 1989 amendment of this section was to grant cities this additional remedy — the right to insist upon the termination of water service to any delinquent sewer user; the effect of the 1990 amendment was to remove the lien remedy as to rental property, i.e., no liens could be placed on an owner's property because a tenant failed to pay a bill. City of Charleston v. Public Serv. Comm'n, 57 F.3d 385 (4th Cir. 1995), cert. denied, 516 U.S. 974, 116 S. Ct. 474, 133 L. Ed. 2d 404 (1995).

Contract clause claim. — Assuming the cities had standing to pursue their contract clause claim, if their bond contracts were impaired at all by the 1990 amendment of this section, that impairment was clearly insubstantial, and there was no violation of the contract clause. City of Charleston v. Public Serv. Comm'n, 57 F.3d 385 (4th Cir. 1995), cert. denied, 516 U.S. 974, 116 S. Ct. 474, 133 L. Ed. 2d 404 (1995).

Liability of owner. — After the 1990 amendment of this section, an owner could not be held personally liable and a lien could not be placed on his property to recover sewer charges owed by delinquent former tenants. City of Charleston v. Public Serv. Comm'n, 57 F.3d 385 (4th Cir. 1995), cert. denied, 516 U.S. 974, 116 S. Ct. 474, 133 L. Ed. 2d 404 (1995).

Revision of chapter. — See note under the same catchline at the beginning of this chapter.

Revision of article. — Acts 1990, c. 141, amended and reenacted this article, substituting §§ 8-19-1 through 8-19-20 for former §§ 8-19-1 through 8-19-20 (enacted by Acts 1933, c. 26, §§ 1, 3-14 and amended by Acts 1933, 2nd Ex. Sess., c. 49; 1937, c. 52; 1939, c. 97, c. 98, § 10; 1949, c. 90; 1955, c. 133; 1961, cc. 104, 105; 1967, c. 105; 1969, c. 86; 1970, c. 7; 1971, c. 103; 1978, c. 72; 1980, c. 33; 1981, 1st Ex. Sess., c. 2; 1983, c. 151; 1984, c. 128; 1986, c. 118; 1986, 1st Ex. Sess., c. 18; 1989, c. 133). No detailed explanation of the changes made by the 1990 act was practicable but, where appropriate, the historical citations to the former sections have been added to corresponding sections in the amended article.

Michie's Jurisprudence. — For general discussion of municipal waterworks, see 20 M.J., Water Companies and Waterworks.

Discretion. — Action under this article is discretionary with the municipality, and a discretionary act may not ordinarily be controlled by mandamus. Hinkle v. Town of Franklin, 118 W. Va. 585, 191 S.E. 291 (1937) (decided under prior law).

Legislative intent. — The purpose of this article is to allow a municipality to create a waterworks or electric power system. It is clear that the legislature desired that the municipality be allowed to borrow for the system so long as the municipality itself was not obligated for the debt. Allowing the municipality to make grants from time to time to its utility systems does not circumvent legislative intention provided that the municipality does not borrow the money to make the grant. Op. Att'y Gen., April 3, 1979 (decided under prior law).

It appears clear the legislature recognized the need for municipal utility systems; however, it did not wish the municipality to become generally obligated for the building or acquisition of the system. Financing is provided for primarily by revenue bonds, and bondholders are assured of a safe investment through the collection of sufficient user charges to service the bonds and maintain the assets of the system. Op. Att'y Gen., April 3, 1979 (decided under prior law).

Mandamus. — Mandamus does not lie to compel town to provide sufficient funds to pay for waterworks system. Hinkle v. Town of Franklin, 118 W. Va. 585, 191 S.E. 291 (1937) (decided under prior law).

PART I. MUNICIPAL AND COUNTY WATERWORKS AND ELECTRIC POWER SYSTEMS AUTHORIZED; DEFINITION.

§ 8-19-1. Acquisition and operation of municipal and county waterworks and electric power systems; construction of improvements to municipal and county electric power systems; extension beyond corporate limits; definitions.

(a) Subject to and in accordance with the provisions of this article, any municipality or county commission may acquire, construct, establish, extend, equip, repair, maintain and operate or lease to others for operation, a waterworks system or an electric power system or construct, maintain and operate additions, betterments and improvements to an existing waterworks system or an existing electric power system, notwithstanding any provision or limitation to the contrary in any other law or charter: Provided, That such municipality or county commission shall not serve or supply water facilities or electric power facilities or services within the corporate limits of any other municipality or county commission without the consent of the governing body of such other municipality or county commission.

(b) Any municipality or county commission which intends to file an application with the federal energy regulatory commission for a license to acquire, construct, establish, extend, maintain and operate, or lease to others for operation, an electric power system, shall give written notice by certified mail, return receipt requested, and shall give public notice by Class I legal advertisement in compliance with the provisions of article three [§§ 59-3-1 et seq.], chapter fifty-nine of this code and the publication area shall be the municipality or county in which the system is to be located to the governing body of the municipality or the county commission in which such system is or shall be located or, if such system is or shall be located outside of a municipality or county, to the county commission of the county in which such system is or shall be located, at least sixty days prior to the filing of such application: Provided, That the provisions of this subsection shall not apply to any municipality or county commission which, on the date of the passage of this act, has obtained a license from the federal energy regulatory commission to acquire, construct, establish, extend, maintain and operate, or lease to others for operation, an electric power system. If the municipality or county commission receiving such notice does not respond to the notice within sixty days of receipt of such notice, then such other municipality or the county commission shall be deemed to have consented to the application for the proposed electric power system. If such other municipality or the county commission notifies the municipality or county commission that it objects to the proposed electric power system, such other municipality or the county commission shall hold a public hearing on the proposed system within sixty days of receipt of such notice from the municipality or county commission.

(c) As used in this article:

(1) "Waterworks system" means a waterworks system in its entirety or any integral part thereof, including mains, hydrants, meters, valves, standpipes,

storage tanks, pump tanks, pumping stations, intakes, wells, impounding reservoirs, pumps, machinery, purification plants, softening apparatus and all other facilities necessary, appropriate, useful, convenient or incidental in connection with or to a water supply system.

Editor's notes. — Former § 18-19-2, concerning limitations on sale or lease of certain municipal waterworks, was repealed by Acts 1974, c. 78.

PART III. RIGHT OF EMINENT DOMAIN.

§ 8-19-3. Right of eminent domain; limitations.

For the purpose of acquiring, constructing, establishing or extending any waterworks system or electric power system, or for the purpose of constructing any additions, betterments or improvements to any waterworks or electric power system, or for the purpose of acquiring any property necessary, appropriate, useful, convenient or incidental for or to any waterworks or electric power system, under the provisions of this article, the municipality or county commission shall have the right of eminent domain as provided in chapter fifty-four [§§ 54-1-1 et seq.] of this code: Provided, That such right of eminent domain for the acquisition of a privately owned waterworks system, or electric power system, or any part thereof, shall not be exercised without prior approval of the public service commission, and in no event shall any municipality or county commission construct, establish or extend beyond the corporate limits of said municipality or county line a municipal or county waterworks or electric power system under the provisions of this article to supply

service in competition with an existing privately or municipally or county owned waterworks or electric power system in such municipality or county or within the proposed extension of such system, unless a certificate of public convenience and necessity therefor shall have been issued by the public service commission: Provided, however, That a municipality or county commission may not exercise such right of eminent domain over a privately owned electric power system or any part thereof for the purpose of acquiring, constructing, establishing or extending an electric power system.

Subject to the provisions of this article and notwithstanding the provisions of section nineteen [§ 8-12-19], article twelve of this chapter to the contrary, a municipality or county commission may acquire, construct, establish, extend, equip, repair, maintain and operate, or lease to others for operation, electric generators or electric generating systems or electric transmission systems more than one mile beyond the corporate limits of such municipality or county line and said electric generation systems shall not be under the jurisdiction of the public service commission. (1933, Ex. Sess., c. 26, § 9; 1937, c. 52; 1969, c. 86; 1978, c. 72; 1983, c. 151; 1990, c. 141.)

Construction. — Statutes pertaining to eminent domain must be strictly construed. City of Mullens v. Union Power Co., 122 W. Va. 179, 7 S.E.2d 870 (1940) (decided under prior law).

"Approval." — The words "without prior approval of the public service commission" appearing in this section, are not substantially different from the words "unless the consent and approval of the public service commission of West Virginia is first obtained," appearing in § 24-2-12. Lockard v. City of Salem, 127 W. Va. 237, 32 S.E.2d 568 (1944) (decided under prior law).

Eminent domain. — Nowhere in the statutes is a municipality or other corporate body politic authorized by statute, expressly or by necessary implication, to exercise the power of eminent domain for the acquisition of the property and assets of an operating utility as such, except the acquisition of privately owned waterworks systems, provided for by this section. City of Mullens v. Union Power Co., 122 W. Va. 179, 7 S.E.2d 870 (1940) (decided under prior law).

PART IV. REVENUE BOND FINANCING.

§ 8-19-4. Estimate of cost; ordinance or order for issuance of revenue bonds; interest on bonds; rates for services; exemption from taxation.

Whenever a municipality or county commission shall, under the provisions of this article, determine to acquire, by purchase or otherwise, construct, establish, extend or equip a waterworks system or an electric power system, or to construct any additions, betterments or improvements to any waterworks or electric power system, it shall cause an estimate to be made of the cost thereof, and may, by ordinance or order, provide for the issuance of revenue bonds under the provisions of this article, which ordinance or order shall set forth a brief description of the contemplated undertaking, the estimated cost thereof, the amount, rate or rates of interest, the time and place of payment, and other details in connection with the issuance of the bonds. Such bonds shall be in such form and shall be negotiated and sold in such manner and upon such terms as the governing body of such municipality or county commission may by ordinance or order specify. All such bonds and the interest thereon shall be

exempt from all taxation by this state, or any county, municipality or county commission, political subdivision or agency thereof. Notwithstanding any other provision of this code to the contrary, the real and personal property which a municipality or county has acquired and constructed according to the provisions of this article, and any leasehold interest therein held by other persons, shall be deemed public property and shall be exempt from taxation by the state, or any county, municipality or other levying body, so long as the same is owned by such municipality or county: Provided, That with respect to electric power systems, this exemption for real and personal property shall be applicable only for such real and personal property (1) physically situate within the municipal or county boundaries of the municipality or county which acquired or constructed such electric power system and there was in place prior to the effective date of the amendments to this section made in the year one thousand nine hundred ninety-two an agreement between the municipality and the county commission for payments in lieu of tax, or (2) acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate. Notwithstanding anything contained in this statute to the contrary, this exemption shall be applicable to any leasehold or similar interest held by persons other than a municipality or county only if acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate: Provided, however, That payments made to any county commission, county school board or municipality in lieu of tax pursuant to such an agreement shall be distributed as if the payments resulted from ad valorem property taxation. Such bonds shall bear interest at a rate per annum set by the municipality or county commission, payable at such times, and shall be payable as to principal at such times, not exceeding fifty years from their date, and at such place or places, within or without the state, as shall be prescribed in the ordinance or order providing for their issuance. Unless the governing body of the municipality or county commission shall otherwise determine, such ordinance or order shall also declare that a statutory mortgage lien shall exist upon the property so to be acquired, constructed, established, extended or equipped, fix minimum rates or charges for water or electricity to be collected prior to the payment of all of said bonds and shall pledge the revenues derived from the waterworks or electric power system for the purpose of paying such bonds and interest thereon, which pledge shall definitely fix and determine the amount of revenues which shall be necessary to be set apart and applied to the payment of the principal of and interest upon the bonds and the proportion of the balance of such revenues, which are to be set aside as a proper and adequate depreciation account, and the remainder shall be set aside for the reasonable and proper maintenance and operation thereof. The rates or charges to be charged for the services from such waterworks or electric power system shall be sufficient at all times to provide for the payment of interest upon all bonds and to create a sinking fund to pay the principal thereof as and when the same become due, and reasonable reserves therefor, and to provide for the repair,

maintenance and operation of the waterworks or electric power system, and to provide an adequate depreciation fund, and to make any other payments which shall be required or provided for in the ordinance or order authorizing the issuance of said bonds. (1933, Ex. Sess., c. 26, § 3; 1933, 2nd Ex. Sess., c. 49; 1955, c. 133; 1969, c. 86; 1970, c. 7; 1978, c. 72; 1980, c. 33; 1981, 1st Ex. Sess., c. 2; 1984, c. 128; 1986, 1st Ex. Sess., c. 18; 1990, c. 141; 1992, c. 147.)

Editor's notes. — Concerning the reference to "the effective date of the amendments to this section made in the year one thousand nine hundred ninety-two," Acts 1992, c. 147, which amended this section and added the language, became effective July 1, 1992.

§ 8-19-5. Publication of abstract of ordinance or order and notice; hearing.

After the ordinance or order for any project under this article has been adopted, an abstract of the ordinance or order, determined by the governing body to contain sufficient information as to give notice of the contents of such ordinance or order, together with the following described notice, shall be published as a Class II legal advertisement in compliance with the provisions of article three [§§ 59-3-1 et seq.], chapter fifty-nine of this code, and the publication area for such publication shall be the municipality or county. The notice to be published with said abstract of the ordinance or order shall state that said ordinance or order has been adopted, that the municipality or county commission contemplates the issuance of the bonds described in the ordinance or order, that any person interested may appear before the governing body, upon a certain date, which shall be not less than ten days subsequent to the date of the first publication of such abstract and notice and which shall not be prior to the date of the last publication by such abstract and notice, and present protests, and that a certified copy of the ordinance or order is on file with the governing body for review by interested parties during the office hours of the governing body. At such hearing all protests and suggestions shall be heard and the governing body shall take such action as it considers proper in the premises: Provided, That if at such hearing written protest is filed by thirty percent or more of the freeholders of the municipality or county, then the governing body of said municipality or county shall not take further action unless four fifths of the qualified members of said governing body assent thereto. (1933, Ex. Sess., c. 26, § 4; 1967, c. 105; 1969, c. 86; 1971, c. 103; 1981, 1st Ex. Sess., c. 2; 1990, c. 141.)

§ 8-19-6. Amount, negotiability and execution of bonds.

Bonds herein provided for shall be issued in such amounts as may be necessary to provide sufficient funds to pay all costs of acquisition, construction, establishment, extension or equipment, including engineering, legal and other expenses, together with interest to a date six months subsequent to the estimated date of completion. Bonds issued under the provisions of this article are hereby declared to be negotiable instruments, and the same shall be executed by the proper legally constituted authorities of the municipality or

county commission, and be sealed with the corporate seal of the municipality or certified by the county commission, and in case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. All signatures on the bonds or coupons and the corporate seal may be mechanically reproduced if authorized in the ordinance or order authorizing the issuance of the bonds. (1933, Ex. Sess., c. 26, § 5; 1933, 2nd Ex. Sess., c. 49, § 5; 1969, c. 86; 1970, c. 7; 1980, c. 33; 1981, 1st Ex. Sess., c. 2; 1984, c. 128; 1990, c. 141.)

§ 8-19-7. Bonds payable solely from revenues; not to constitute municipal or county indebtedness.

Bonds issued under the provisions of this article shall be payable solely from the revenues derived from such waterworks or electric power system, and such bonds shall not in any event constitute an indebtedness of such municipality or county within the meaning of any constitutional or statutory provision or limitation, and it shall be plainly stated on the face of each bond that the same has been issued under the provisions of this article, and that it does not constitute an indebtedness of such municipality or county within constitutional or statutory provision or limitation. Subject to the provisions of subsection (b), section twelve [§ 8-19-12] of this article, the ordinance or order authorizing the issuance of the bonds may contain such covenants and restrictions upon the issuance of additional revenue bonds thereafter as may be considered necessary or advisable for the assurance of payment of the bonds thereby authorized and as may thereafter be issued. (1933, Ex. Sess., c. 26, § 6; 1933, 2nd Ex. Sess., c. 49; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-8. Lien of bondholders; deeds of trust; security agreements; priority of liens.

Unless the governing body shall otherwise determine in the ordinance or order authorizing the issuance of bonds under this article, there shall be and there is hereby created and granted a statutory mortgage lien upon the waterworks or electric power system so acquired, constructed, established, equipped, extended or improved from the proceeds of bonds hereby authorized to be issued, which shall exist in favor of the holder of said bonds and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such waterworks or electric power system shall remain subject to such statutory mortgage lien until payment in full of the principal of and interest upon said bonds.

Any municipality or county commission in acquiring an existing waterworks system or in improving an existing waterworks or electric power system may provide that financing therefor may be made by issuing revenue bonds and delivering the same at such prices as may be agreed upon within the limitations prescribed in section six [§ 8-19-6] of this article. Any revenue

bonds so issued to provide financing for such existing waterworks or electric power system or for any improvements to an existing waterworks or electric power system may be secured by a mortgage or deed of trust upon and security interest in the property so acquired or improved or any other interest of the municipality or county commission in property related thereto as determined by the municipality or county commission in the ordinance or order authorizing the issuance of such revenue bonds; and in such event the holders thereof shall have, in addition to any other remedies and rights prescribed by this article, such remedies and rights as may now or hereafter exist in law in the case of mortgages or deeds of trust on real property and security interests in personal property. Such mortgage or deed of trust, upon its recordation, shall have priority over all other liens or encumbrances, however created or arising, on the property covered by such mortgage or deed of trust, to the same extent and for the same amount as if the municipality or county were obligated to pay the full amount secured by such mortgage or deed of trust immediately upon the recordation of such mortgage or deed of trust and remained so obligated until the obligations secured are fully discharged. (1933, Ex. Sess., c. 26, § 7; 1933, 2nd Ex. Sess., c. 49; 1969, c. 86; 1978, c. 72; 1986, 1st Ex. Sess., c. 18; 1990, c. 141.)

§ 8-19-9. Covenants with bondholders.

Any ordinance or order authorizing the issuance of bonds hereunder, or any trust indenture with any banking institution or trust company within or without the state for the security of said bonds, which any such municipality or county commission is hereby empowered and authorized to enter into and execute, may contain covenants with the holders of such bonds as to:

(a) The purpose or purposes to which the proceeds of sale of such bonds or the revenues derived from said waterworks or electric power system may be applied and the securing, use and disposition thereof, including, if deemed desirable, the appointment of a trustee or depository for any of such funds;

(b) The pledging of all or any part of the revenues derived from the ownership, control or operation of such waterworks or electric power system, including any part thereof heretofore or hereafter acquired, constructed, established, extended or equipped or derived from any other sources, to the payment of the principal of or interest thereon of bonds issued hereunder and for such reserve or other funds as may be considered necessary or desirable;

(c) The fixing, establishing and collecting of such rates or charges for the use of the services and facilities of the waterworks or electric power system, including the parts thereof heretofore or hereafter acquired, constructed, established, extended or equipped and the revision of same from time to time, as will always provide revenues at least sufficient to provide for all expenses of repair, maintenance and operation of such waterworks or electric power system, the payment of the principal of and interest upon all bonds or other obligations payable from the revenues of such waterworks or electric power system, and all reserve and other funds required by the terms of the ordinance or order authorizing the issuance of such bonds;

(d) The transfer from the general funds of the municipality or county commission to the account or accounts of the waterworks or electric power system of an amount equal to the cost of furnishing the municipality or county commission or any of its departments, boards or agencies or the county commission with the services and facilities of such waterworks or electric power system;

(e) Subject to the provisions of subsection (b), section twelve [§ 8-19-12] of this article, limitations or restrictions upon the issuance of additional bonds or other obligations payable from the revenues of such waterworks or electric power system, and the rank or priority, as to lien and source and security for payment from the revenues of such waterworks or electric power system, between bonds payable from such revenues;

(f) The manner and terms upon which all bonds and other obligations issued hereunder may be declared immediately due and payable upon the happening of a default in the payment of the principal of or interest thereon, or in the performance of any covenant or agreement with bondholders, and the manner and terms upon which such defaults may be declared cured and the acceleration of the maturity of such bonds rescinded and repealed;

(g) Budgets for the annual repair, maintenance and operation of such waterworks or electric power system and restrictions and limitations upon expenditures for such purposes, and the manner of adoption, modification, repeal or amendment thereof, including the approval of such budgets by consulting engineers designated by holders of bonds issued hereunder;

(h) The amounts of insurance to be maintained upon such waterworks or electric power system, or any part thereof, and the use and disposition of the proceeds of any insurance; and

(i) The keeping of books of account, relating to such undertakings and the audit and inspection thereof, and the furnishing to the holders of bonds issued hereunder or their representatives, reports prepared, certified or approved by accountants designated or approved by the holders of bonds issued hereunder.

Any such ordinance, order or trust indenture may also contain such other additional covenants as shall be considered necessary or desirable for the security of the holders of bonds issued hereunder, notwithstanding that such other covenants are not expressly enumerated above, it being the intention hereof to grant to municipalities or county commissions plenary power and authority to make any and all covenants or agreements necessary in order to secure greater marketability for bonds issued hereunder as fully and to the same extent as such covenants or agreements could be made by a private corporation rendering similar services and facilities and to grant to municipalities and counties full and complete power and authority to enter into any contracts, covenants or agreements with holders of bonds issued hereunder not inconsistent with the constitution of this state. (1955, c. 133; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-10. Operating contract.

Any such municipality or county commission may enter into contracts or agreements with any persons for (1) the repair, maintenance and operation

and management of the facilities and properties of said waterworks or electric power system, or any part thereof, or (2) the collection and disbursement of the income and revenues therefor, or for both (1) and (2), for such period of time and under such terms and conditions as shall be agreed upon between such municipality or county commission and such persons. Any such municipality or county commission shall have plenary power and authority to provide in the ordinance or order authorizing the issuance of bonds hereunder, or in any trust indenture securing such bonds, that such contracts or agreements shall be valid and binding upon the municipality and county commission as long as any of said bonds, or interest thereon, is outstanding and unpaid. (1955, c. 133; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-11. Rates or charges for water and electric power must be sufficient to pay bonds, etc.; disposition of surplus.

Rates or charges for water or electric power fixed precedent to the issuance of bonds shall not be reduced until all of said bonds shall have been fully paid, and may, whenever necessary, be increased in amounts sufficient to provide for the payment of the principal of and interest upon such bonds, and to provide proper funds for the depreciation account and repair, maintenance and operation charges. If any surplus shall be accumulated in the repair, maintenance and operation fund which shall be in excess of the cost of repairing, maintaining and operating the waterworks or electric power system during the remainder of the fiscal year then current, and the cost of repairing, maintaining and operating the said waterworks or electric power system during the fiscal year then next ensuing, then any such excess may be transferred to either the depreciation account or to the bond and interest redemption account, and if any surplus shall be accumulated in the depreciation account over and above that which the municipality or county commission shall find may be necessary for the probable replacements which may be needed during the then present fiscal year, and the next ensuing fiscal year, such excess may be transferred to the bond and interest redemption account, and, if any surplus shall exist in the bond and interest redemption account, the same shall be applied insofar as possible in the purchase or retirement of outstanding revenue bonds payable from such account. (1933, Ex. Sess., c. 26, § 8; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-12. Service charges; sinking fund; amount of bonds; additional bonds; surplus.

(a) Every municipality or county commission issuing bonds under the provisions of this article shall thereafter, so long as any of such bonds remain outstanding, repair, maintain and operate its waterworks or electric power system as hereinafter provided and shall charge, collect and account for revenues therefrom as will be sufficient to pay all repair, maintenance and operation costs, provide a depreciation fund, retire the bonds and pay the

interest requirements of the bonds as the same become due. The ordinance or order pursuant to which any such bonds are issued shall pledge the revenues derived from the waterworks or electric power system to the purposes aforesaid and shall definitely fix and determine the amount of revenues which shall be necessary and set apart in a special fund for the bond requirements. The amounts as and when so set apart into said special fund for the bond requirements shall be remitted to the West Virginia municipal bond commission to be retained and paid out by said commission consistent with the provisions of this article and the ordinance or order pursuant to which such bonds have been issued: Provided, That payment of principal of and interest on any bonds owned by the United States of America or any agency or department thereof may be made by the municipality or county commission directly to the United States of America or said agency or department thereof. The bonds hereby authorized shall be issued in such amounts as may be determined necessary to provide funds for the purpose for which they are authorized, and in determining the amount of bonds to be issued it shall be proper to include interest on the bonds for a period not beyond six months from the estimated date of completion.

(b) If the proceeds of the bonds, because of error or otherwise, shall be less than the cost of the property or undertaking for which authorized, additional bonds may be issued to provide the amount of such deficit and such additional bonds shall be considered to be of the same issue and shall be entitled to payment from the same fund without preference or priority over the bonds first authorized and issued.

(c) If the proceeds of the bonds shall exceed the cost of the property or undertaking, the surplus shall be converted into the fund thereon. (1933, Ex. Sess., c. 26, § 11; 1969, c. 86; 1978, c. 72; 1986, c. 118; 1990, c. 141.)

§ 8-19-12a. Lien for delinquent service rates and charges; notice of delinquency; failure to cure delinquency; civil actions; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure.

(a) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of thirty days after the same become due and payable, the user of the services and facilities provided shall be delinquent and the user shall be held liable at law until such time as all such rates and charges are fully paid.

(b) All rates or charges for water service whenever delinquent, as provided by ordinance of the municipality, shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: Provided, That an owner of real property may not be held liable for the delinquent rates or

charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of such real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(c) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

(d) No municipality may foreclose upon the premises served by it for delinquent rates or charges for which a lien is authorized by this section except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the municipality lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the municipality had exhausted all other remedies for the collection of debts with respect to such delinquencies prior to the bringing of such action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought. (1989, c. 133; 1990, cc. 140, 141.)

Editor's notes. — This section was amended twice in 1990, first by c. 141 (passed March 10, and in effect from passage) and then by c. 140 (passed March 10, and effective 90 days from passage). The text set out above reflects the amendment by c. 140. As amended by c. 141, this section read:

"(a) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of thirty days after the same become due and payable, the property and the owner thereof, as well as the user of the services and facilities provided, shall be delinquent and the owner, user and property shall be held liable at law until such time as all such rates and charges are fully paid: Provided, That in the event the user is a tenant, the property owner shall be given notice of any said delinquency by certified mail, return receipt requested, and the user shall be given such notice by first-class mail: Provided, however, That failure of the user to cure the delinquency within a thirty-day period after receipt of such notice shall constitute grounds to terminate the user's lease of the premises concerned.

"(b) All rates or charges for water service whenever delinquent, as provided by ordinance of the municipality or order of the county commission, shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality or county commission shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: Provided, That a municipality or county commission shall have exhausted all remedies available against such delinquent users before it may proceed in a civil action against the owner.

"(c) Municipalities and county commissions are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of the delinquent rates and charges. If the municipality or county commission collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality or county commission shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

"(d) No municipality or county commission may foreclose upon the premises served by it for delinquent rates or charges for which a lien is authorized by this section except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county or the county wherein the municipality lies. In every such action, the court shall be

required to make a finding based upon the evidence and facts presented that the municipality or county commission had exhausted all other remedies for the collection of debts with respect to such delinquencies prior to the bringing of such action. In no event shall foreclosure procedures be instituted by any municipality or county commission or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought."

§ 8-19-13. Discontinuance of water or electric power service for nonpayment of rates or charges.

Any such municipality or county commission shall also have plenary power and authority, and may covenant with the holders of any bonds issued hereunder, to shut off and discontinue the supplying of the water or electric power service of said waterworks or electric power system for the nonpayment of the rates or charges for said water or electric power service. (1955, c. 133; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-14. Bonds for additions, betterments and improvements.

Whenever any municipality or county commission shall now or hereafter own and operate a waterworks or electric power system, whether acquired, constructed, established, extended or equipped under the provisions of this article or not, and shall desire to construct additions, betterments or improvements thereto, it may issue revenue bonds under the provisions of this article to pay for the same, and the procedure therefor, including the fixing of rates or charges and the computation of the amount thereof, and the power and authority in connection therewith, shall be the same as in this article provided for the issuance of bonds for the acquisition, construction, establishment, extension or equipment of a waterworks system or electric power system in a municipality or county which has not heretofore owned and operated a waterworks or electric power system: Provided, That nothing in this article shall be construed as authorizing any municipality or county commission to impair or commit a breach of the obligation of any valid lien or contract created or entered into by it, the intention being to authorize the pledging, setting aside and segregation of such revenues for the construction of such additions, betterments or improvements only where and to the extent consistent with outstanding obligations of such municipality or county commission, and in accordance with the provisions of this article. (1933, Ex. Sess., c. 26, § 10; 1933, 2nd Ex. Sess., c. 49; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-15. System of accounts; audit.

Any municipality or county commission operating a waterworks or electric power system under the provisions of this article shall set up and maintain a proper system of accounts in accordance with the requirements of the public service commission, showing the amount of revenues received from such waterworks or electric power system and the application of the same. At least once each year such municipality or county commission shall cause such

accounts to be properly audited, and a report of such audit shall be open to the public for inspection at all reasonable times. (1939, c. 98, § 10; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

§ 8-19-16. Protection and enforcement of rights of bondholders, etc.; receivership.

Any holder of any bonds issued under the provisions of this article or of any coupons representing interest accrued thereon may by civil action, mandamus or other proper proceeding enforce the statutory mortgage lien created and granted in section eight of this article, protect and enforce any and all rights granted hereunder or under any such ordinance, order or trust indenture, and may enforce and compel performance of all duties required by the provisions of this article or by any such ordinance, order or trust indenture to be performed by the municipality or county commission, or by the governing body or any officer, including the making and collecting of reasonable and sufficient rates or charges for services rendered by the waterworks or electric power system. If there be default in the payment of the principal of or interest upon any of such bonds, or of both principal and interest, any court having jurisdiction shall appoint a receiver to administer said waterworks or electric power system on behalf of the municipality or county commission, and the bondholders or trustee, or both, with power to charge and collect rates or charges sufficient to provide for the retirement of the bonds and pay the interest thereon, and for the payment of the repair, maintenance and operation expenses, and such receiver shall apply the revenues in conformity with the provisions of this article and the ordinance or order pursuant to which such bonds have been issued or any trust indenture, or both. (1933, Ex. Sess., c. 26, § 12; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

Rules of Civil Procedure. — As to receivers, see Rule 66.

Part V. Grants, Loans, Advances and Agreements; Cumulative Authority.

§ 8-19-17. Grants, loans, advances and agreements.

As an alternative to, or in conjunction with, the issuance of revenue bonds authorized by this article, any municipality or county commission is hereby empowered and authorized to accept loans or grants and procure loans or temporary advances evidenced by notes or other negotiable instruments issued in the manner, and subject to the privileges and limitations, set forth with respect to bonds authorized to be issued under the provisions of this article, or otherwise enter into agreement, including, but not limited to, agreements of indemnity, assurance or guarantee with respect to, and for the purpose of financing part or all of, the cost of acquisition, construction, establishment, extension or equipment of waterworks or electric power systems and the construction of additions, betterments and improvements to existing water-

works systems or to existing electric power systems, and for the other purposes herein authorized, from or with any authorized agency of the state or from the United States of America or any federal or public agency or department of the United States or any private agency, corporation or individual, which loans or temporary advances, including the interest thereon, or the municipality's or county's financial obligations contained in such other agreements, which need not bear interest, may be repaid out of the proceeds of bonds authorized to be issued under the provisions of this article, the revenues of or proceeds from the said waterworks system or electric power system or grants to the municipality or county commission from any agency of the state or from the United States of America or any federal or public agency or department of the United States or any private agency, corporation or individual or from any combination of such sources of payment, and may be secured in the manner provided in sections eight [§ 8-19-8], nine [§ 8-19-9] and sixteen [§ 8-19-16] of this article to secure bonds issued under the provisions of this article, but shall not otherwise be subject to the requirements of sections eleven [§ 8-19-11] and twelve [§ 8-19-12] of this article, and to enter into the necessary contracts and agreements to carry out the purposes hereof with any agency of the state, the United States of America or any federal or public agency or department of the United States, or with any private agency, corporation or individual.

In no event shall any such loan or temporary advance or agreement be a general obligation of the municipality or county and such loans or temporary advances or agreements, including the interest thereon, shall be paid solely from the sources specified in this section. (1961, c. 105; 1969, c. 86; 1978, c. 72; 1981, 1st Ex. Sess., c. 2; 1986, c. 118; 1986, 1st Ex. Sess., c. 18; 1990, c. 141.)

As an alternative to the procedures hereinabove provided, any municipality or county commission is hereby empowered and authorized to acquire, construct, establish, extend, equip, repair, maintain and operate a waterworks or an electric power system or to construct, maintain and operate additions, betterments and improvements to an existing waterworks system or an existing electric power system, whether acquired, constructed, established, extended or equipped under the provisions of this article or not, and to collect the revenues therefrom for the services rendered thereby, through the supervision and control of a committee, by whatever name called, composed of all or a portion of the governing body, or of a board or commission appointed by such governing body, as may be provided by the governing body, and if such alternative is followed, said committee, board or commission shall have and be limited to all the powers, authority and duties granted to and imposed upon a board as provided in article sixteen [§§ 8-16-1 et seq.] of this chapter. (1961, c. 104; 1969, c. 86; 1978, c. 72; 1990, c. 141.)

Legislative intent. — It appears clear that the legislature recognized the need for municipal utility systems; however, it did not wish the municipality to become generally obligated for the building or acquisition of the system. MUNICIPAL AND COUNTY WATERWORKS AND ELECTRIC POWER SYSTEMS.

Part IV. Revenue Bond Financing.

Sec.
8-19-12a. Deposit required for new customers; lien for delinquent service rates and charges; failure to cure delinquency; payment from deposit; reconnecting deposit; return of deposit; liens; civil actions; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure.

PART IV. REVENUE BOND FINANCING.

§ 8-19-12a. Deposit required for new customers; lien for delinquent service rates and charges; failure to cure delinquency; payment from deposit; reconnecting deposit; return of deposit; liens; civil actions; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure.

(a)(1) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the property and the owner thereof, as well as the user of the

services and facilities provided, shall be delinquent and the owner, user and property shall be held liable at law until such time as all such rates and charges are fully paid. When a payment has become delinquent, the municipality may utilize any funds held as a security deposit to satisfy the delinquent payment. All new applicants for service shall indicate to the municipality or governing body whether they are an owner or tenant with respect to the service location.

(2) The municipality or governing body, but only one of them, may collect from all new applicants for service a deposit of fifty dollars or two twelfths of the average annual usage of the applicant's specific customer class, whichever is greater, to secure the payment of water service rates, fees and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent and the user's service is disconnected or terminated, no reconnection or reinstatement of service may be made by the municipality or governing body until another deposit equal to fifty dollars or a sum equal to two twelfths of the average usage for the applicant's specific customer class, whichever is greater, is remitted to the municipality or governing body. After twelve months of prompt payment history, the municipality or governing body shall return the deposit to the customer or credit the customer's account with interest at a rate as the public service commission may prescribe: Provided, That where the customer is a tenant, the municipality or governing body is not required to return the deposit until the time the tenant discontinues service with the municipality or governing body. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The municipality or governing body may, under reasonable rules promulgated by the public service commission, shut off and discontinue water services to a delinquent user of water facilities ten days after the water services become delinquent regardless of whether the municipality or governing body utilizes the security deposit to satisfy any delinquent payments.

(b) All rates or charges for water service whenever delinquent shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: Provided, That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of such real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(c) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magis-

trate court for the collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

The governor shall appoint the public members of the council who shall serve three-year staggered terms. The commissioner of the division of highways, the executive director of the state rail authority, two members of the West Virginia Senate, two members of the West Virginia House of Delegates, one representative of the board of directors of the state college system and one representative of the board of trustees of the university of West Virginia shall serve as advisory members of the council. The governor shall appoint the legislative members of the council: Provided, further, That no more than three of the legislative members may be of the same political party. The governor shall appoint the representatives of the governing boards from a list of three names submitted by each governing board. The advisory members shall be ex officio, nonvoting members of the council.

(c) The council shall annually elect one of its members as chairman, and shall appoint a secretary, who need not be a member of the council and who shall keep records of its proceedings. Six members of the council shall constitute a quorum and the affirmative vote of at least the majority of those members present shall be necessary for any action taken by vote of the council. No vacancy in the membership of the council impairs the rights of a quorum by such vote to exercise all the rights and perform all the duties of the council.

(d) No member of the council who serves by virtue of his or her office shall receive any compensation or reimbursement of expenses for serving as a member. The members of the council who represent the general public shall receive reimbursement for actual expenses incurred in the service of the council.

(e) The council shall meet at least monthly to review projects and infrastructure projects requesting funding assistance and otherwise to conduct its

business, and shall meet more frequently if necessary. Notwithstanding any other provision of this article to the contrary, the economic development authority shall not be subject to council review with regard to any action taken pursuant to the authority established in article fifteen [§§ 31-15-1 et seq.], chapter thirty-one of this code nor shall the governor's civil contingent fund be subject to council review with regard to projects or infrastructure projects funded through the governor's civil contingent fund.

(f) The water development authority shall provide office space for the council, and each governmental agency represented on the council shall provide staff support for the council in the manner determined by the council from time to time.

(g) The council shall invite to all its meetings one or more representatives of the United States department of agriculture, rural economic community development, the United States economic development agency and the United States army corps of engineers or any successors thereto. The council shall also invite such other appropriate parties as may be necessary to effectuate the purposes of this article. (1994, 1st Ex. Sess., c. 26; 1995, c. 130.)

§ 31-15A-4. Development of guidelines and preliminary application for funding assistance.

(a) To implement and carry out the intent of this article, the council shall promulgate legislative rules in accordance with article three [§§ 29A-3-1 et seq.], chapter twenty-nine-a of this code to develop comprehensive, uniform guidelines for use by the council and other state infrastructure agencies in evaluating any request by a project sponsor for funding assistance to plan, acquire, construct, improve or otherwise develop a project or infrastructure project. The guidelines shall include the following factors: (1) the public health benefits of the project or infrastructure project; (2) the economic development benefits of the project or infrastructure project; (3) the degree to which the project or infrastructure project will correct deficiencies in the compliance of water supply or sewage treatment facilities with state or federal laws, regulations or standards; (4) the degree to which the project or infrastructure project encourages effective and efficient consolidation of water or sewage treatment systems consistent with the comprehensive plan developed pursuant to section six [§ 31-15A-6], of this article; (5) the cost effectiveness of the project or infrastructure project as compared with alternatives which achieve substantially the same public health or economic development benefits, including the consideration of providing maximum feasible fire protection; (6) the availability of alternative sources of funding which could finance all or a part of the project and infrastructure project, and the need for the assistance of the council to finance the project or infrastructure project or attract other sources of funding; (7) the applicant's ability to operate and maintain the system if the project or infrastructure project is approved; (8) the degree to which the project or infrastructure project achieves other state or regional planning goals; (9) the estimated date upon which the project or infrastructure project could commence if funding were available and the estimated comple-

tion date of the project or infrastructure project; and (10) such other considerations as the council may consider necessary or appropriate to accomplish the purpose and intent of this article.

(b) The council shall create a preliminary application form which shall be used by all project sponsors requesting funding assistance from state infrastructure agencies to plan, acquire, construct, improve or otherwise develop an infrastructure project or project. The preliminary application form shall contain all information required by all state infrastructure agencies that will be required to issue permits and/or certificates regarding the project or infrastructure project. The preliminary application shall require the project sponsor to set forth the type and proposed location of the infrastructure project or project; the estimated total cost of the project; the amount of funding assistance required and the specific uses of the funding; other sources of funding available or potentially available for the infrastructure project or project; information demonstrating the need for the infrastructure project or project and that the proposed funding of the project is the most economically feasible and viable alternative to completing the project or infrastructure project; and such other information as the council considers necessary to enable it to recommend the type of project or infrastructure project financing, in terms of the kind, amount and source of funding, which the project sponsor should pursue and which the state infrastructure agency or agencies should consider an appropriate investment of public funds, and to otherwise carry out the intent of this article. (1994, 1st Ex. Sess., c. 26.)

§ 31-15A-5. Requirements for project funding assistance; review of project preliminary applications by council.

(a) No project sponsor may apply for or receive any loan, loan guarantee, grant or other funding assistance for a project or infrastructure project from any state infrastructure agency (i) unless the project sponsor requiring the funding assistance first submits a completed preliminary application to the council on the form prepared for such purpose by the council pursuant to section four of this article, and (ii) except as may be recommended by the council after consideration of the preliminary application: Provided, That any project sponsor which has an infrastructure project or project with either acceptable bids or all funding in place on the effective date of this act is not required to comply with the provisions of this section.

(b) The council shall, within thirty days of receipt of each completed preliminary application submitted to it, review the preliminary application and either (i) make a written recommendation as to the infrastructure project or project financing, in terms of the kind, amount and source of funding, which the project sponsor submitting the application should pursue and which the state infrastructure agency or agencies should consider an appropriate invest-

ment of public funds, or (ii) if the council determines that (1) the proposed project or infrastructure project is not eligible for funding assistance from any state infrastructure agency, or (2) the proposed project or infrastructure project is not otherwise an appropriate or prudent investment of state funds, the council shall recommend that the project sponsor not seek funding from any state infrastructure agency. A project sponsor shall include the preliminary application and the council's recommendations in any application to a state infrastructure agency.

(c) The council shall provide a copy of its recommendation with respect to each preliminary application, together with a copy of the preliminary application, to all appropriate state infrastructure agencies, which shall take into account the council's recommendations with respect to a project or infrastructure project before taking any action with respect to the project. No state infrastructure agency shall take any action inconsistent with the recommendation of the council unless the governing body of the agency, or the head of the agency if it has no governing body, expressly finds and determines that the recommendation is not in the best interest of the state or the area in which the proposed infrastructure project or project is to be located.

(d) In reviewing each preliminary application, the council shall use the engineering, financial and technical expertise of the respective staffs of the state infrastructure agencies represented on the council so as to recommend for funding those projects or infrastructure projects which are consistent with the purposes and intent of this article and with the policies and priorities of this state generally. The council may include in its findings a recommendation that a state infrastructure agency consider technical reports on the project prepared by other infrastructure agencies or by any federal agency. (1994, 1st Ex. Sess., c. 26.)

§ 31-15A-6. Powers, duties and responsibilities of the council generally; comprehensive assessment.

(a) In addition to the powers set forth elsewhere in this article, the council is hereby granted, has and may exercise all powers necessary or appropriate to carry out and effectuate the purposes and intent of this article. The council shall have the power and capacity to:

(1) Provide consultation services to project sponsors in connection with the planning, acquisition, improvement, construction or development of any infrastructure project or project;

(2) Periodically prepare a list of infrastructure projects or projects which cannot meet the established funding guidelines of the various state infrastructure agencies, other than the housing development fund, but which are consistent with the mandates of this article and recommend to the water development authority that it make a grant or loan to the project sponsors

from the infrastructure fund to finance the cost of one or more such projects or infrastructure projects;

(3) Do all other acts necessary and proper to carry out the powers expressly granted to the authority in this article; and

(4) To make and execute contracts, commitments and obligations and other instruments necessary or convenient for the exercise of its powers.

(b) The council shall develop a comprehensive statewide inventory of water supply systems and sewage treatment systems and an assessment of current and future needs by the first day of July, one thousand nine hundred ninety-six. The assessment shall identify the areas of the state which do not have adequate public water or sewage systems and offer recommendations for the construction of new facilities or the extension or expansion of existing facilities to meet the identified needs. The council shall include in the assessment an identification of the obstacles, issues and problems which prevent or inhibit development of adequate infrastructure throughout the state, including financial, governmental, physical, or geographical factors and make recommendation as the council considers appropriate regarding the obstacles, issues or problems identified. This comprehensive inventory and assessment shall be updated at least once in every three year period after the initial assessment and inventory is completed.

(c) The council shall study the viability of the consolidation of public service districts throughout the state: Provided, That the study shall encompass not only public service districts but also any and all entities which provide or supply water and sewer service to the general public: Provided, however, That the council shall, in the preparation of the study, consult with the public service district division of the public service commission and representatives of the West Virginia rural water association and the West Virginia association of public service districts, as needed. The council shall report their findings and conclusions on or before the sixteenth of January of the year one thousand nine hundred ninety-five to the governor, speaker of the house of delegates and president of the senate. (1994, 1st Ex. Sess., c. 26.)

§ 31-15A-7. Current and prospective planning; roads and highways; report to division of highways.

(a) The council shall take into account the current and prospective infrastructure needs in relation to plans of the division of highways for the development and building of new roads. Upon completion an environmental impact study, the commissioner of highways shall provide the council with plans for any and all new roads. In a timely manner, the council shall advise the commissioner of the division of highways on the feasibility of the expansion of new or existing water and sewer lines concomitant to the construction of the new roads.

(b) The council has the authority to appoint local infrastructure planning teams. The local infrastructure planning teams may consist of the following: A designee of the division of highways from the region where the new road is being built; a designee of the division of highways from the central state office;

a designee from the environmental engineers division of the department of health and human resources; a designee from the local developmental authority where the new road is being built; a designee from the regional developmental authority in the area where the new road is being built; a designee from the public service commission; a designee from the division of environmental protection; a designee from the county commission where the new road is being built who shall serve as chairperson of the planning team; a citizen of the county where the new road is being built to be chosen by the county commission; and the elected state delegates and senators from the area where the new road is being built. In order to avoid delay of any highway project, immediately upon appointment of a local infrastructure planning team, the director of the division of highways shall submit to the council a time frame within which the planning team must act and within which the planning team must submit any plans, maps, recommendations or reports developed pursuant to this subsection. The local infrastructure planning team shall meet prior to the development and building of a new road. Members of the local infrastructure planning team shall only receive payment for actual expenses incurred. The local infrastructure planning team shall advise the commissioner of the division of highways on the feasibility of an infrastructure plan. The local infrastructure planning team shall meet to develop an infrastructure plan that includes an assessment study of existing water and sewer lines and a feasibility study on future development and laying of water and sewer lines. After these studies are completed, a developmental map shall be drawn of the proposed road route with overlays of the proposed water and sewer lines. These studies and the map shall be presented to the commissioner of the division of highways and shall be used by the commissioner in the planning, developing and building of the road.

(c) The water development authority shall establish a restricted account within the infrastructure fund to be expended for the construction of water and sewage lines as may be recommended by the council in accordance with this article and specifically, in accordance the plan developed under subsection (b) of this section. The reserve account shall be known as the "infrastructure road improvement reserve account". The council and the division of highways may enter into agreements to share the cost of financing projects approved in accordance with this section from moneys available in the infrastructure road reserve account and moneys available from the state road fund. Annually, the council may direct the water development authority to transfer funds from the infrastructure fund in an amount not to exceed one million dollars to the restricted account: Provided, That at no time may the balance of the restricted account exceed one million dollars.

(d) For the purposes of this section the term "new" means a road right-of-way being built for the first time.

(e) After the construction of water and sewer lines adjacent to the new road these new lines shall be turned over to existing utilities by expansion of boundaries of public service districts or shall be main extensions from the municipality. (1994, 1st Ex. Sess., c. 26.)

§ 31-15A-8. Exemption of certain emergency projects from certificate of public convenience and necessity requirements; review of certain emergency projects by public service commission; and exemption for North Fork Hughes River watershed project.

(a) If the council determines a project to be an emergency and the emergency project will be funded solely with grant money for the extension of an existing certificated water facility or wastewater facility, and if the council finds in its recommendation that the construction and acquisition of the emergency project will have no effect on the public utility's customer rates and will have no significant effect on its operational costs as a result of the project cost, then the emergency project is exempt from the requirement to obtain a certificate of public convenience and necessity under section eleven [§ 24-2-11], article two, chapter twenty-four of this code. If the public utility is a public service district, it is exempt from the approval of the public service commission required under section twenty-five [§ 16-13A-25], article thirteen-a, chapter sixteen of this code.

(b) Any public utility, and any other entity that will operate as a public utility, must obtain a certificate of public convenience and necessity pursuant to section eleven [§ 24-2-11], article two, chapter twenty-four of this code for any emergency project that is not exempt under subsection (a) of this section. The public service commission shall render its final decision on any application for a certificate within one hundred twenty days of the filing of the application: Provided, That the thirty-day prefiling requirement is not required. If the project sponsor is a public service district, then the project will be exempted from the approval requirements of section twenty-five [§ 16-13A-25], article thirteen-a, chapter sixteen of this code.

(c) Projects that are not emergency projects are subject to the requirements of section eleven, article two, chapter twenty-four of this code to the extent they would be otherwise.

(d) The North Fork Hughes River watershed project, proposed to enhance economic growth and development through tourism as provided in subsection (*l*), section two [§ 31-15A-2] of this article and to include a water facility project as defined in subsection (n), section two of this article, is hereby specifically exempted from any requirement imposed by this article, except that the provisions of subsection (a) of this section are specifically made applicable to the project. The project is hereby specifically authorized and the public land corporation shall have and may exercise the power of eminent domain and all authority otherwise prescribed by law to acquire necessary land and rights-of-way, to include approximately four hundred seventy-eight acres, in connection with the project. Funding for the project shall be provided by the federal government from the Appalachian regional commission through the United States soil conservation service. Upon completion of the project, the property acquired shall be transferred to the state park system. The commissioner of the division of tourism and parks or the successor to the commission-

er's powers and duties is directed to expand the boundaries of North Bend state park to include the project area and to operate the expanded park property, including improved recreational facilities, from funds appropriated for that purpose. (1994, 1st Ex. Sess., c. 26; 1998, c. 180.)

Editor's notes. — Concerning the reference in (d) to "a water facility project as defined in subsection (n), section two of this article," the term "water facility" is defined in subsection (x) of that section.

§ 31-15A-9. Infrastructure fund; deposits in fund; disbursements to provide loans, loan guarantees, grants and other assistance; loans, loan guarantees, grants and other assistance shall be subject to assistance agreements.

(a) The water development authority shall create and establish a special revolving fund of moneys made available by appropriation, grant, contribution or loan to be known as the "West Virginia Infrastructure Fund". This fund shall be governed, administered and accounted for by the directors, officers and managerial staff of the water development authority as a special purpose account separate and distinct from any other moneys, funds or funds owned and managed by the water development authority. The infrastructure fund shall consist of sub-accounts, as deemed necessary by the council or the water development authority, for the deposit of: (1) Infrastructure revenues; (2) any appropriations, grants, gifts, contributions, loan proceeds or other revenues received by the infrastructure fund from any source, public or private; (3) amounts received as payments on any loans made by the water development authority to pay for the cost of a project or infrastructure project; (4) insurance proceeds payable to the water development authority or the infrastructure fund in connection with any infrastructure project or project; (5) all income earned on moneys held in the infrastructure fund; (6) all funds deposited in accordance with section four [§ 31-15B-4] of article fifteen-b; and (7) all proceeds derived from the sale of bonds issued pursuant to article fifteen-b [§§ 31-15B-1 et seq.] of this chapter.

Any money collected pursuant to this section shall be paid into the West Virginia infrastructure fund by the state agent or entity charged with the collection of the same, credited to the infrastructure fund, and used only for purposes set forth in this article or article fifteen-b [§§ 31-15B-1 et seq.].

Amounts in the infrastructure fund shall be segregated and administered by the water development authority separate and apart from its other assets and programs. Amounts in the infrastructure fund may not be transferred to any other fund or account or used, other than indirectly, for the purposes of any other program of the water development authority, except that the water development authority may use funds in the infrastructure fund to reimburse itself for any administrative costs incurred by it and approved by the council in connection with any loan, loan guarantee, grant or other funding assistance made by the water development authority pursuant to this article.

(b) Notwithstanding any provision of this code to the contrary, amounts in the infrastructure fund shall be deposited by the water development authority in one or more banking institutions: Provided, That any moneys so deposited shall be deposited in a banking institution located in this state. The banking institution shall be selected by the water development authority by competitive bid. Pending the disbursement of any money from the infrastructure fund as authorized under this section, the water development authority shall invest and reinvest the moneys subject to the limitations set forth in article eighteen [§§ 31-18-1 et seq.], chapter thirty-one of this code.

(c) To further accomplish the purposes and intent of this article and article fifteen-b [§§ 31-15B-1 et seq.] of this chapter, the water development authority may pledge infrastructure revenues and from time to time establish one or more restricted accounts within the infrastructure fund for the purpose of providing funds to guarantee loans for infrastructure projects or projects: Provided, That for any fiscal year the water development authority may not deposit into the restricted accounts more than twenty percent of the aggregate amount of infrastructure revenues deposited into the infrastructure fund during the fiscal year. No loan guarantee shall be made pursuant to this article unless recourse under the loan guarantee is limited solely to amounts in the restricted account or accounts. No person shall have any recourse to any restricted accounts established pursuant to this subsection other than those persons to whom the loan guarantee or guarantees have been made.

(d) Each loan, loan guarantee, grant or other assistance made or provided by the water development authority shall be evidenced by a loan, loan guarantee, grant or assistance agreement between the water development authority and the project sponsor to which the loan, loan guarantee, grant or assistance shall be made or provided, which agreement shall include, without limitation and to the extent applicable, the following provisions:

(1) The estimated cost of the infrastructure project or project, the amount of the loan, loan guarantee or grant or the nature of the assistance, and in the case of a loan or loan guarantee, the terms of repayment and the security therefor, if any;

(2) The specific purposes for which the loan or grant proceeds shall be expended or the benefits to accrue from the loan guarantee or other assistance, and the conditions and procedure for disbursing loan or grant proceeds;

(3) The duties and obligations imposed regarding the acquisition, construction, improvement or operation of the project or infrastructure project; and

(4) The agreement of the governmental agency to comply with all applicable federal and state laws, and all rules and regulations issued or imposed by the water development authority or other state, federal or local bodies regarding the acquisition, construction, improvement or operation of the infrastructure project or project and granting the water development authority the right to appoint a receiver for the project or infrastructure if the project sponsor should default on any terms of the agreement.

(e) Any resolution of the water development authority approving loan, loan guarantee, grant or other assistance shall include a finding and determination that the requirements of this section have been met.

(f) The interest rate on any loan to governmental, quasi-governmental, or not for profit project sponsors for projects made pursuant to this article shall not exceed three percent per annum. Due to the limited availability of funds available for loans for projects, it is the public policy of this state to prioritize funding needs to first meet the needs of governmental, quasi-governmental and not for profit project sponsors and to require that loans made to for-profit entities shall bear interest at the current market rates. Therefore, no loan may be made by the council to a for-profit entity at an interest rate which is less than the current market rate at the time of the loan agreement.

(g) The water development authority shall cause an annual audit to be made by an independent certified public accountant of its books, accounts and records, with respect to the receipts, disbursements, contracts, leases, assignments, loans, grants and all other matters relating to the financial operation of the infrastructure fund, including the operating of any sub-account within the infrastructure fund. The person performing such audit shall furnish copies of the audit report to the commissioner of finance and administration [office abolished], where they shall be placed on file and made available for inspection by the general public. The person performing such audit shall also furnish copies of the audit report to the Legislature's joint committee on government and finance. (1994, 1st Ex. Sess., c. 26; 1995, c. 130.)

Editor's notes. — The office of the commissioner of finance and administration was abolished, and the duties of that office were transferred to the secretary of administration. See § 5A-1-2.

§ 31-15A-10. Recommendations by council for expenditures of funds by loan, grant or for engineering assistance.

(a) To further accomplish the purpose and intent of this article, the water development authority shall use the moneys in the infrastructure fund created pursuant to section nine [§ 31-15A-9] of this article, upon receipt of one or more recommendations from the council pursuant to section five [§ 31-15A-5] of this article, to make loans, with or without interest, loan guarantees or grants and to provide other assistance, financial, technical or otherwise, to finance all or part of the costs of infrastructure projects or projects to be undertaken by a project sponsor: Provided, That any moneys disbursed from the infrastructure fund in the form of grants shall not exceed twenty percent of the total funds available for the funding of projects. No loan, loan guarantee, grant or other assistance shall be made or provided except upon a determination by the council that the loan, loan guarantee, grant or other assistance and the manner in which it will be provided are necessary or appropriate to accomplish the purposes and intent of this article, based upon an application submitted to the council: Provided, however, That no grant shall be made to a project sponsor that is not a governmental agency or a not for profit corporation under the provisions of section 501(c) [26 USCS § 501(c)] of the Internal Revenue Code of 1986 , as amended. Applications for loans, loan guarantees, grants or other assistance may be submitted by a project sponsor for one or

more infrastructure projects on preliminary application forms prepared by the council pursuant to section four [§ 31-15A-4] of this article. Any recommendation of the council approving a loan, loan guarantee, grant or other assistance shall include a finding and determination by the council that the requirements of this section have been met. The council shall base any decisions to loan money for projects to project sponsors pursuant to this article solely on the need of the project sponsors.

(b) The council has the authority in its sole discretion to make grants to project sponsors if it finds that: (1) The level of rates for the users would otherwise be an unreasonable burden given the users' likely ability to pay; or (2) the absence of a sufficient number of users prevents funding of the project except through grants: Provided, That no project sponsor shall receive infrastructure grant money in an amount in excess of fifty percent of the total cost of the project. Therefore, the council may consider the economic or financial conditions of the area to be served. As a condition for receipt of a grant under this subsection, the council may require, in addition to any other conditions, that the applicant pursue other state or federal grant or loan programs. Upon a recommendation by the council, the water development authority shall provide the grant in accordance with the recommendation. The council shall develop criteria to be considered in making grants to project sponsors which shall require consideration of the economic or financial conditions of the area to be served and the availability of other funding sources. The council shall adopt procedural rules regarding the manner in which grants will be awarded in conformity with this section. The procedural rules shall be adopted pursuant to article three [§§ 29A-3-1 et seq.], chapter twenty-nine-a of this code.

(c) Notwithstanding any other provision of this article to the contrary, the council shall apply a mandatory minimum end user utility rate that must be met by the project sponsor before funding assistance may be awarded. The mandatory minimum end utility rate shall be be based upon a uniform statewide percentage of the median household income in a particular geographic area and said rate shall not exceed six tenths of one percent: Provided, That funding assistance made from the proceeds of any general obligation bonds and revenue bonds issued after the fifteenth day of March, one thousand nine hundred ninety-eight, after transfer required to make the state match for the water and wastewater revolving loan programs pursuant to article two [§§ 22C-2-1 et seq.], chapter twenty-two-c and article thirteen-c [§§ 16-13C-1 et seq.], chapter sixteen of this code, shall be provided by the council on a pro rata basis divided equally among the congressional districts of this state as delineated in accordance with section three [§ 1-2-3], article two, chapter one of this code: Provided, however, That infrastructure projects as defined in subsection (*l*), section two [§ 31-15A-2] of this article shall not be subject to pro rata distribution. When determining median household income of a geographic area of the project to be served, the council shall consider any surveys of the income of the households that will be served by the project.

(d) No loan or grant funds may be made available for a project if the project to be funded will provide subsidized services to certain users in the service area of the project.

(e) Notwithstanding any other provision of this article to the contrary, engineering studies and requirements imposed by the council for preliminary applications shall not exceed those engineering studies and requirements which are necessary for the council to determine the economic feasibility of the project. If the council determines that the engineering studies and requirements for the preapplication would impose an undue hardship on any project sponsor, the council may provide funding assistance to project sponsors to defray the expenses of the preapplication process from moneys available in the infrastructure fund for making loans: Provided, That the council may only provide funding assistance in an amount equal to five thousand dollars or fifty percent of the total preapplication cost of the project, whichever amount is greater. If the project is ultimately approved for a loan by the council, the amount of funding assistance provided to the project sponsor for the preapplication process shall be included in the total amount of the loan to be repaid by the project sponsor. If the project is not ultimately approved by the council, then the amount of funding assistance provided to the project sponsor will be considered a grant by the council and the total amount of the assistance shall be forgiven. In no event may the amount of funding assistance provided to all project sponsors exceed, in the aggregate, one hundred thousand dollars annually.

(f) The council shall report to the governor, the speaker of the House of Delegates and the president of the Senate during each regular and interim session of the Legislature, on its activities and decisions relating to distribution or planned distribution of grants and loans under the criteria to be developed pursuant to this article. (1994, 1st Ex. Sess., c. 26; 1995, c. 130; 1998, c. 180.)

§ 31-15A-11. Reservation of funds for projects and infrastructure projects.

Eighty percent of the funds deposited in the West Virginia infrastructure fund shall be dedicated for the purpose of providing funding for the cost of projects as defined in subsection (n), section two [§ 31-15A-2] of this article. Twenty percent of the funds deposited in the West Virginia infrastructure fund shall be dedicated for the purpose of providing funding for costs of infrastructure projects as defined in subsection (*l*), section two of this article. Project sponsors of infrastructure projects shall follow the application process as established by this article: Provided, That notwithstanding any provision of this article to the contrary, all applications for any infrastructure project shall be submitted to the council for community and economic development, or its successor, for review, recommendation and approval regarding infrastructure project funding. (1994, 1st Ex. Sess., c. 26; 1998, c. 180.)

Editor's notes. — Concerning the reference to "projects as defined in subsection (n), section two of this article," the term "project" is defined in subsection (o) of that section.

§ 31-15A-12. Additional powers of water development authority.

To accomplish the purpose and intent of this article, the water development authority is hereby empowered, in addition to all other powers granted to it under this code, upon approval of the council, to (1) enter into agreements or other transactions with any federal or state agency in connection with any infrastructure project or project; (2) receive or administer on behalf of any federal or state agency grants, subsidies or other payments to be applied to the costs of any infrastructure project or project financed in whole or in part or otherwise assisted by the water development authority, including, but not limited to, payments to be applied to operating costs and debt service or obligations of any project sponsor; (3) receive and accept aid or contributions from any source of money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions are made; (4) establish and amend the criteria and qualifications for making loans, loan guarantees or grants, or providing any other assistance, for any infrastructure project or project, and the terms of any loans, loan guarantee, grant or assistance agreement for any project; and (5) do all things which are necessary to further the purposes and intent of this article. (1994, 1st Ex. Sess., c. 26.)

§ 31-15A-13. Prohibition on funds inuring to the benefit of or being distributable to water development board; transactions between the water development board and officers having certain interests in such transactions.

No part of the infrastructure fund or the West Virginia infrastructure revenue debt service fund shall inure to the benefit of or be distributable to the water development board directors or officers of the water development authority except that the water development authority is authorized and empowered to pay reasonable compensation, other than to members of the water development board, including the chairman, vice chairman, secretary-treasurer for services rendered and to make loans and exercise its other powers as previously specified in furtherance of its corporate purpose: Provided, That no loans shall be made, and no property shall be purchased or leased from, or sold, leased or otherwise disposed of, to any water development board member or officer of the water development authority. (1994, 1st Ex. Sess., c. 26; 1998, c. 180.)

§ 31-15A-14. Termination or dissolution.

(a) To accomplish the purpose and intent of this article, the water development authority is hereby empowered at the written request of the council to issue from time to time infrastructure revenue bonds of the state in such principal amounts as the council deems necessary to make loans and loan guarantees and other forms of financial assistance to project sponsors for one or more projects or infrastructure projects: Provided, That the water development authority may not issue any such bonds, other than refunding bonds, unless the council by resolution determines that the aggregate cost of the

projects or infrastructure projects expected to be constructed during any annual period exceeds (1) the projected annual infrastructure revenues for the same period, and (2) the principal and interest payments not otherwise pledged to the infrastructure revenue debt service fund that are due the water development authority on all outstanding loans previously made by the water development authority pursuant to the provisions of this article.

(d) There is hereby created in the water development authority a special fund which shall be designated and known as the "West Virginia Infrastructure Revenue Debt Service Fund," into which shall be transferred solely from the loan repayments deposited in the infrastructure fund the amounts certified by the director of the water development authority as necessary to pay the principal, premium, if any, and interest on infrastructure revenue bonds and any reserve requirements, subject to the terms of any agreement with the holders of the infrastructure revenue bonds. All amounts deposited in the West Virginia infrastructure revenue debt service fund shall be pledged to the repayment of the principal, interest and redemption premium, if any, on any infrastructure revenue bonds authorized by this article: Provided, That amounts on deposit in the fund may be used to establish or maintain reserves created for the purposes of securing such infrastructure revenue bonds. If any officer whose signature, or a facsimile of whose signature appears on any infrastructure revenue bond ceases to be such officer before delivery of such bond, such signature or facsimile is nevertheless sufficient for all purposes to the same extent as if he or she had remained in office until such delivery, and if the seal of the water development authority has been changed after a facsimile has been imprinted on such bond, the facsimile will continue to be sufficient for all purposes.

(g) Any resolution authorizing any infrastructure revenue bonds may contain provisions, subject to any agreement with bondholders or noteholders which may then exist, which agreements shall be part of the contract with the holder thereof, with respect to the pledge of or other use and disposition of amounts in the infrastructure revenue debt service fund; the setting aside of reserve funds; the disposition of any assets of the water development authority; limitations on the purpose to which the proceeds of sale of bonds may be applied; the authorization of notes issued in anticipation of the issuance of bonds; an agreement of the water development authority to do all things necessary for the authorization, issuance and sale of such bonds in such amounts as may be necessary for the timely retirement of such notes; limitations on the issuance of additional bonds; the terms upon which additional bonds may be issued and secured; the refunding of outstanding bonds and the renewal of outstanding notes; the procedures, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated; the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given; and any other matter which in any way affects the security for or protection of the bonds.

TOWN CHARTER

Editor's note: -- The legislature, in its 1969 revision and consolidation of chapters 8 and 8A of the Code of West Virginia into a new chapter 8, recognized, in section 8-1-6, "that when the provisions of existing special legislative charters are compared with and are considered in the light of the provisions of this chapter, (i.e., the new chapter 8), there are five basic possibilities as to the relationship between such charter provisions and the provisions of this chapter, namely:

1. As to any particular charter provisions, such charter provisions may be inconsistent or in conflict with the pertinent provisions of this chapter;
2. Although relating to the same subject matter and although not consistent or in conflict with any provisions of this chapter, certain charter provisions may be sufficiently different from pertinent provisions of this chapter as to indicate, as a matter of practical construction, that either the charter provisions or the provisions of this chapter, but may not both, should be applicable;
3. Although varying in certain respects, certain charter provisions may be similar to and in essential harmony with corresponding provisions of this chapter;
4. As to any particular charter provisions, there may be no counterpart charter provisions."

Section 8-1-6, therefore, sets forth certain rules to be applied, in addition to the usual and ordinary rules of statutory construction, with respect to construction and applicability of legislative charters, and it is suggested that users of this town code refer to West Virginia Code 8-1-6, in determining the present construction and applicability of any portion of the town charter to any given situation.

ORDINANCE A

Amending and Supplementing certain provisions of the Charter relative to licenses and privilege taxes.

Councilman Jack M. Hunter presented the following Resolution and requested its immediate consideration and adoption as an ordinance of the Town of Bath:

WHEREAS, the Charter for the Town of Bath granted by the West Virginia Legislature in 1872 and known as Chapter 173 of the Acts of the Legislature of 1872, gives rather wide powers to the common council of the Town of Bath in the matter of enacting licenses and privilege taxes, however, Chapter 8 of the official Code of West Virginia (1931) applies to towns of the same classification as the Town of Bath, and Section 10 of Article 4 or said Chapter 8, permits the Town of Bath to adopt certain applicable provision or provisions of said Chapter 8, and it is thought advisable for the common council of the Town of Bath to adopt Section 10 of Article 4 of said chapter 8, as a part of the charter of said Town of Bath and thereby incorporate said Section 10 in and as a part of said Charter; now therefore.

BE IT ORDAINED by the Common Council of the Town of Bath, --

That from and after the effective date of this Ordinance, Section 10 of Article 4 of Chapter 8 of the official Code of West Virginia (1931), shall be adopted as part and parcel of the Charter of the Town of Bath, and thereafter, said Section 10 shall be a part of the general powers of the Council, and together with the general powers enumerated in said Charter, the same shall become a part of the plenary power and authority of this Council to be exercised by ordinance or resolution as the case may require.

(Passed and became effective as of September 17, 1940)

ORDINANCE B

Amending and Supplementing certain provisions of the
Charter relative to elections, eligibility and terms
Of municipal officers.

Councilman Jack M. Hunter, moved the immediate consideration leading to the adoption of the following Ordinance.

WHEREAS, under the Charter for the Town of bath granted by West Virginia Legislature in 1872 and known as Chapter 173 of the Acts of the Legislature of 1872, find the time of the election of the Mayor, Recorder and Councilman as the first Saturday in May of each year (Section 6), with the terms of the officers beginning on the first day of June thereafter (Section 6), and continuing one year and until their successors have been duly elected and qualified (Section 4); and, the said Charter (Section 4) and a subsequent Ordinance further providing for certain qualifications for said Mayor, Recorder and Councilmen; which provisions of said Charter and said prior Ordinances are now antiquated and not in keeping with the fiscal year established by the State or compatible with the (recent) provisions of Article 3 of Chapter 8 of the official Code of West Virginia; and

WHEREAS, in the interest of municipal economy and more in keeping with the town and fiscal policies of the State, it is thought advisable for the Common Council of the Town of Bath to adopt Section 4, 9 and 12 of Article 3 of said Chapter 8, as part and parcel of the said Chapter of the Town of Bath and thereby make applicable the provisions of said Section 4, 9 and 12 of Article 3, Chapter 8 of said Code, the same to operate as amendments to the Charter; now therefore.

BE IT ORDAINED BY the Common Council of the Town of Bath, --

That from and after the effective date of this Ordinance, Sections 4, 9 and 12 of Article 3 of chapter 8 of the official Code of West Virginia (1931) shall be adopted as part and parcel of the Charter of the town of Bath, the provisions of said Sections to operate as amendments to said Charter, providing (hereafter) that the regular elections for officers of the Town of Bath shall be held biennially on the first Tuesday in June (said Section 4), and, that said officers must be residents of said Town of Bath and must be legal voters entitled to vote for members of its Council, and for the year proceeding their elections must have been assessed with and paid taxes upon at least one hundred dollars worth of real or personal property there in (said Section 9) and further providing for the duration of the terms of said officers, the same to begin on the first day of July following election and shall be for two years (said Section 12).

In July of each year after the adoption of this Resolution, the Council shall review the above list and shall amend such list as needed, in the opinion of the Council, to reflect properly all the newspapers and other news media that customarily cover news of the area served by the Council. In addition, a copy of the agenda for each regularly scheduled meeting shall also be distributed to the news media by the Recorder not less than 72 hours before such regular meeting is to be held.

Rule No. 2. Notice of Special Meetings. Not less than 72 hours prior to the date set for any special meeting of the Council, the Council shall instruct the Recorder to, and the Recorder shall, post at the regular meeting place of the Council, where notices customarily are posted, a notice setting forth the date, time, place and purpose or purposes of such special meeting. Amendments made to such news media list, as provided for in said Rule No. 1, shall be incorporated by reference in this Rule No. 2. A notice shall be considered distributed to a news medium when it has been addressed to such news medium at the address listed in said Rule No. 1, or at such other address as the news medium has in writing requested be used, marked or stamped with first class postage and deposited in the United States mail.

A copy of such notice posted and distributed pursuant to this Rule No. 2 shall be attached to and made a part of the minutes of the meeting for which such notice was given.

Rule No. 3. Emergency Meetings. The Council may hold a meeting without providing the notice to the public and news media required by Rule No. 1 and Rule No. 2 hereof only in the event of an emergency requiring immediate official action. The existence for such an emergency requiring immediate official action shall be determined by the Council and shall be attested to in a certificate by the Recorder describing such emergency and setting forth the reason or reasons immediate official action is required, which certificate shall be attached to and made a part of the minutes of such emergency meeting.

Rule No. 4. Executive Sessions. The Council may hold an executive session during a regular, special or emergency meeting in accordance with Section 4 of the Act. During the open portion of the meeting, prior to convening an executive session, the Mayor shall identify the authorization under Section 4 of the Act for holding the executive session and present it to the Council and to the general public, but no decision may be made in the executive session. An executive session may be held only upon a majority affirmative vote of the Council members present. The Council may hold an executive session and exclude the public only when a closed session is required for any of the actions permitted under Section 4 of the Act.

Rule No. 5. Minutes. The Council shall provide for the preparation of written minutes of all of its meetings. Subject to the exceptions set forth in Section 4 of the Act, minutes of all meetings except minutes of executive sessions, if any are taken, shall be available to the public within a reasonable time after the meeting and shall include, at least, the following information:

(4) The results of all votes and, upon the request of a Council member, the vote of each Council member, by name.

Rule No. 6. No Actions by Reference. Except as otherwise expressly provided by law, the Council may not deliberate, vote, or otherwise take official action upon any matter by reference to a letter, number or other designation or other secret device or method, which may render it difficult for persons attending a meeting to understand what is being deliberated, voted or acted upon. However, this rule does not prohibit the Council from deliberating, voting or otherwise taking action by reference to an agenda, if copies of the agenda, sufficiently worded to enable the public to understand what is being deliberated, voted or acted upon, are available for public inspection at the meeting. The Council may not vote by secret or written ballot.

Rule No. 7. Broadcasting of Meetings. Except as otherwise provided in this rule, any radio or television station is entitled to broadcast all or any part of a Council meeting required to be open. The Council may regulate the placement and use of equipment necessary for broadcasting, photographing, filming or recording a meeting, so as to prevent undue interference with the meeting. The Council shall allow the equipment to be placed within the meeting room in such a way as to permit its intended use, and the ordinary use of the equipment may not be declared to constitute undue interference; provided, that if the Council, in good faith, determines that the size of the meeting room is such that all the members of the public present and the equipment and personnel necessary for broadcasting, photographing, filming and tape-recording the meeting cannot be accommodated in the meeting room without unduly interfering with the meeting and an adequate alternative meeting room is not readily available, then the Council, acting in good faith and consistent with the purposes of this rule, may require the pooling of the equipment and the personnel operating it.

Rule No. 8. Telephonic Meetings. Council meetings may be held by telephone conference or other electronic means. All Council members participating by telephone or other electronic means must be audible to all those personally present.

Section 4. Committee Meetings. All meetings of any committee of the Council shall be subject to the Rules of Procedure set forth in Section 3 hereof.

Section 5. Conflicting Provisions Repealed. All resolutions, orders and rules, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflicts, hereby repealed.

Section 6. Effective Time. This Resolution and the Rules of Procedure promulgated hereby shall take effect immediately upon the adoption hereof.

Adopted this 15th day of October, 2002.

CERTIFICATE OF CONVENIENCE AND NECESSITY

Dear Ms. Squire:

A Final Recommended Decision was entered on May 10, 2006 for a Certificate of Convenience and Necessity to replace existing waterlines in the Morgan County, West Virginia. The estimated construction cost was approximately $1,585,000.00. The project was bid at $2,089,567.00 and was $504,567.00 over budget. The Town of Bath has obtained an additional $637,000.00 Infrastructure Fund loan (0% 40 years). *See* attached *Exhibit A*.

I have also enclosed an affidavit (attached as *Exhibit B*) from Thomas Close, the CPA for the Town of Bath who indicates that the water rates will not be affected by the loan identified in *Exhibit A*.

While this notice is not required pursuant to W. Va. Code 24-2-11(j), it is given for completeness of the record before the Public Service Commission.

Thank you for your cooperation and assistance in this matter.

Very truly yours,

Re: Binding Commitment Letter - Revised
Town of Bath - Berkeley Springs Water Works
Project 2002W-695

Dear Mayor Webster:

The West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") has reviewed the Town of Bath's (the "Town") revised funding request for financing its water project. Based on the findings of the Water Technical Review Committee, the Infrastructure Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. At its July 12, 2006 meeting, the Infrastructure Council voted to revise its January 31, 2005 binding commitment (the "Commitment") as shown on the attached proposed Schedule A. The revision approved the Town to utilize an additional $637,000 Infrastructure Fund loan (0%, 40 yrs) to complete the financing of this $2,487,000 project.

The Infrastructure Council Commitment will expire on the earlier of (i) June 30, 2007 or (ii) upon the Town's written notification to the Infrastructure Council that the Town does not desire to obtain the Infrastructure Fund Loan.

If the Town has any questions regarding this commitment, please contact Jeff Brady at the above-referenced telephone number.

Sincerely,

Mark Prince

RE: Town of Bath
Existing Water System Improvements
Project 2002 W-695

Mr. Gay,

I am the independent certified public accountant engaged by the Town of Bath, WV to verify that the enacted rates approved by the WV Public Service Commission will not be affected by the changes in the increased cost of the above referenced water project resulting in additional grant and loan financing required to fund the project.

I have reviewed the letter dated July 14, 2006 from the West Virginia Infrastructure & Jobs Development Council approving the additional $637,000 Infrastructure Fund loan to complete the financing of the $2,487,000 water project. It is my opinion that the rates set forth in the water rate ordinance of the Town of Bath enacted January 1, 2006 will be sufficient to fund the additional loan financing approved for this project.

Sincerely,

Thomas A. Close, CPA

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

Issued: April 20, 2006

CASE NO. 05-1801-W-CN

TOWN OF BATH, doing business as
BERKELEY SPRINGS WATER WORKS
Application for a certificate of convenience and necessity to replace existing water lines.

FINAL
5-10-06

RECOMMENDED DECISION

On December 22, 2005, the Town of Bath, dba Berkeley Springs Water Works ("Town"), by counsel Richard G. Gay, filed with the Public Service Commission ("Commission"), pursuant to W.Va. Code §24-2-11, an application for a certificate of convenience and necessity to replace approximately 23,000 linear feet of water pipe. The application stated that the project is needed because the pipes that the project would replace, some of which are almost a century old, have a 47% unaccounted-for-water rate. Extensive supporting documentation was filed, including letters of commitment from the State of West Virginia Department of Health and Human Resources, Bureau for Public Health, for a loan in the amount of $1,250,000, payable over 30 years at a 0% interest rate and 1% administrative fee; West Virginia Infrastructure and Jobs Development Council for a loan in the amount of $600,000, payable over 40 years at a 0% interest rate; and Citizens National Bank to provide interim financing in the amount of $400,000.

Also on December 22, 2005, the Commission directed the Town to publish a Notice of Filing, which provided that, if no protest was filed within thirty days after the date of publication, the Commission might waive formal hearing and grant the application based upon its review of the evidence submitted with the application.

On January 18, 2006, Staff Attorney Cassius H. Toon filed an Initial Joint Staff Memorandum, with an attached memorandum from Randy Lengyel, of the Water and Wastewater Division, and Audra Blackwell, of the Engineering Division, which included requests for further information from the Town. The Town filed further information on February 2, 8 and 10, 2006.

On February 8, 2006, the Town filed the affidavit of publication establishing that the Notice of Filing had been published on January 11, 2006, in the Morgan Messenger.

On February 2 and March 22, 2006, the Commission issued Orders that referred this matter to the Division of Administrative Law Judges for decision on or before May 5, 2006.

On April 7, 2006, Mr. Toon filed the Final Joint Staff Memorandum, with an attached memorandum from Mr. Lengyel and Ms. Blackwell. Staff determined that the project, estimated to cost $1,850,000, and its financing should be approved, and the application granted. In the "Financial Review" section it was clarified that the present rates, which became effective January 1, 2006, will provide adequate revenues to service the loans to the Town (with a 191.80% coverage) and to provide an annual surplus (of approximately $162,695).[1] Included in the "Engineering Review" section of the memorandum was the following:

> The lines being replaced will address a major portion of the Town's old, leaking water lines, but not all of the lines in the system are being replaced. There are four deductive alternates in the project that will be addressed depending on the amount of the final project cost bids. The deductive alternates are portions of Market Street, Congress Street, South Laurel Avenue, and Route 522 from Mill Street to the Moose Lodge. Even if those four deductive alternates are completed, there are still some lines in the system that will need to be replaced in the near future. Some of those lines are located on Meyers, Concord, Broadway, and Beisner Roads. Technical Staff believes that there may still be an unaccounted for water loss problem even after this project is complete. Technical Staff believes more work will have to be completed in the near future to address unaccounted for water loss and the continued growth the Town is experiencing, which will continue to place a high demand on water reserves. However, Amendment #1 to the Preliminary Engineering Report, dated June 2004, states that "the proposed prject will enable the Town to cut water loss below the Health Department standard of 15%, thus enabling them to remain within the allowable limit of water they take from the springs."

On April 17, 2006, the Town, by counsel, filed a response, clarifying that its engineer, Thrasher Engineering, agreed with Staff that the project will not reduce the unaccounted-for-water rate to below 15%, but that it will reduce the water loss rate to a level that will allow the Town to lift its current moratorium and free up excess capacity for expansion. The Town stated that the engineer had concluded, "By not replacing the entire distribution system or the majority of such, it would be hard to assure the water loss would be below 15%."

---

[1]Staff provided some language modifications to the Town's tariff that Staff recommended the Town adopt in its next municipal water rate ordinance.

FINDINGS OF FACT

1. On December 22, 2005, the Town of Bath, dba Berkeley Springs Water Works, filed with the Public Service Commission an application for a certificate of convenience and necessity to replace approximately 23,000 linear feet of water pipe. The final engineering report, prepared June 2004, stated that the project will involve the replacement of approximately 1,800 linear feet of 8" water line, 13,500 linear feet of 6" water line, and 800 feet of 2" water line, and will also include installing 26 new fire hydrants and 158 meter services. (See application; attachments thereto; Final Joint Staff Memorandum filed April 10, 2006).

2. The Notice of Filing was published on January 11, 2006, in The Morgan Messenger and no protest was filed. (See affidavit filed February 8, 2006; case file generally).

3. The project is estimated to cost $1,850,000, including construction costs of $1,440,540. (See application; Final Joint Staff Memorandum).

4. The project will be funded by a loan from the State of West Virginia Department of Health and Human Resources, Bureau for Public Health in the amount of $1,250,000, payable over 30 years at a 0% interest rate and 1% administrative fee; and a loan from the West Virginia Infrastructure and Jobs Development Council in the amount of $600,000, payable over 40 years at a 0% interest rate. Also, Citizens National Bank will provide interim financing in the amount of $400,000. (See application; attachments thereto; Final Joint Staff Memorandum).

5. The State of West Virginia Office of Environmental Health Services issued Permit No. 16,128 on July 6, 2004, for the project. Other needed governmental approvals have also been received. (See application; attachments thereto; Final Joint Staff Memorandum).

6. Staff opined that the project was needed to reduce the Town's unaccounted-for-water rate from its unacceptable levels ranging from 47.3% in 2003 to over 55% in the past year. Staff recommended that the application be granted and the project and its funding be approved. (See Final Joint Staff Memorandum).

7. In that the project has not been bid, Staff recommended that the Town be required to "provide a copy of the engineer's certified tabulation of bids, within ten (10) days of the bid opening date, for each construction contract or vendor bid contract to be awarded for this project." (See Final Joint Staff Memorandum).

CONCLUSION OF LAW

It is appropriate to grant the application, pursuant to W.Va. Code §24-2-11, and to approve the project, and to approve the funding, because the public convenience and necessity require the project;

the funding is appropriate; Staff recommended such approvals; and no protest to such approvals was filed.

Re: Binding Commitment Letter - Revised
Town of Bath - Berkeley Springs Water Works
Project 2002W-695

Dear Mayor Webster:

The West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") has reviewed the Town of Bath's (the "Town") revised funding request for financing its water project. Based on the findings of the Water Technical Review Committee, the Infrastructure Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. At its July 12, 2006 meeting, the Infrastructure Council voted to revise its January 31, 2005 binding commitment (the "Commitment") as shown on the attached proposed Schedule A. The revision approved the Town to utilize an additional $637,000 Infrastructure Fund loan (0%, 40 yrs) to complete the financing of this $2,487,000 project.

The Infrastructure Council Commitment will expire on the earlier of (i) June 30, 2007 or (ii) upon the Town's written notification to the Infrastructure Council that the Town does not desire to obtain the Infrastructure Fund Loan.

If the Town has any questions regarding this commitment, please contact Jeff Brady at the above-referenced telephone number.

Sincerely,

Mark Prince

(c) The Local Entity shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(d) The Local Entity shall either have received bids or entered into contracts for the construction of the Project, which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim construction financing, the Local Entity must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and BPH shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit C;

(e) The Local Entity shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and BPH shall have received a certificate of the Consulting Engineers to such effect;

(f) The Local Entity shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without

successful appeal, and the Authority and BPH shall have received an opinion of counsel to the Local Entity, which may be local counsel to the Local Entity, bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(g) The Local Entity shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and BPH shall have received an opinion of counsel to the Local Entity, which may be local counsel to the Local Entity, bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(h) The Local Entity shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and BPH shall have received an opinion of counsel to the Local Entity, which may be local counsel to the Local Entity, bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and BPH shall have received a certificate of the accountant for the Local Entity, or such other person or firm experienced in the finances of local entities and satisfactory to the Authority and BPH, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and BPH shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of drinking water projects and satisfactory to the Authority and BPH, to such effect, such certificate to be in form and substance satisfactory to the Authority and BPH, and evidence satisfactory to the Authority and BPH of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the BPH, including the DWTRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make

the Loan to the Local Entity and the Local Entity shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Local Entity shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Entity by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, BPH and the Local Entity. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Local Entity understands and acknowledges that it is one of several local entities which have applied to the Authority and BPH for loans from the Fund to finance drinking water projects and that the obligation of the Authority to make any such loan is subject to the Local Entity's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the requirements of the Program. The Local Entity specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may purchase the bonds of other local entities set out in the State Project Priority List, as defined in the DWTRF Regulations. The Local Entity further specifically recognizes that all loans will be originated in conjunction with the DWTRF Regulations and with the prior approval of BPH or such later date as is agreed to in writing by the BPH.

3.6 The Local Entity shall provide BPH with the appropriate documentation to comply with the special conditions regarding the public release requirements established by federal and State regulations as set forth in Exhibit D attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Local Entity shall, as one of the conditions of the Authority and BPH to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Entity in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided that if the Local Entity has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues, as applicable, of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Entity will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the DWTRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of the System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Entity shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year

on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and BPH;

(vi) That the Local Entity will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Entity will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Entity under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Entity will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Entity shall annually, within six months of the end of the fiscal year, cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and BPH. If the Local Entity receives $300,000 or more (in federal funds) in a fiscal year, the audit shall be obtained in accordance with the Single Audit Act (as amended from time to time) and the applicable OMB Circular (or any successor thereto). Financial statement audits are required once all funds have been received by the Local Entity. The audit shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Local Entity's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Entity shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and BPH within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Entity and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Local Entity, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and BPH, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Entity may authorize redemption of the Local Bonds with 30 days written notice to BPH and the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Entity shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Entity shall complete the Monthly Payment Form, attached hereto as Exhibit E and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Entity will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Entity shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority

and BPH, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and BPH is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Entity shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate its services to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore such services until all delinquent charges for the services of the System have been fully paid; and

(xxi) That the Local Entity shall submit all proposed change orders to the BPH for written approval. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Entity hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit F.

4.2 The Loan shall be secured by the pledge and assignment by the Local Entity, as effected by the Local Act, of the fees, charges and other revenues of the Local Entity from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Loan Closing. The remaining proceeds of the Local Bonds shall be advanced by the Authority monthly as required by the Local Entity to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Entity, the BPH and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the DWTRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Entity. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the DWTRF Regulations, the Local Entity agrees to pay from time to time, if required by the Authority and BPH, the Local Entity's allocable share of the reasonable administrative expenses of the BPH and the Authority relating to the Program. Such administrative expenses shall be determined by the BPH and the Authority and shall include, without limitation, Program expenses, legal fees paid by the BPH and the Authority and fees paid for any bonds or notes to be issued by the Authority for contribution to the Fund.

4.6 The obligation of the Authority to make any loans shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to make the Loan.

ARTICLE V

Certain Covenants of the Local Entity; Imposition and Collection of User Charges; Payments To Be Made by Local Entity to the Authority

5.1 The Local Entity hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Local Entity hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Local Entity hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.3 In the event the Local Entity defaults in any payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Local Entity hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Entity, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Entity

6.1 The Local Entity hereby acknowledges to the Authority and BPH its understanding of the provisions of the Act, vesting in the Authority and BPH certain powers, rights and privileges with respect to drinking water projects in the event of default by local entities in the terms and covenants of this Loan Agreement, and the Local Entity hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Entity shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 The Local Entity hereby warrants and represents that all information provided to the Authority and BPH in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority and BPH shall have the right to cancel all or any of their obligations under this Loan Agreement if (a) any representation made to the Authority and BPH by the Local Entity in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Local Entity has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the DWTRF Regulations or this Loan Agreement.

6.3 The Local Entity hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Loan.

6.4 The Local Entity hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Entity fails to make any such rebates as required, then the Local Entity shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and BPH may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local Entity to be monitored or cause the rebate calculations for the Local Entity to be prepared, in either case at the expense of the Local Entity.

6.6 The Local Entity hereby agrees to give the Authority and BPH prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Entity hereby agrees to file with the Authority and BPH upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule B to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this Loan Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Local Entity supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement, and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

7.4 No waiver by any party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the

same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.5 This Loan Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Local Entity specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Loan Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Entity from either the Authority or BPH;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by the BPH if the Local Entity has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and BPH pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Loan and of any fees and charges owed by the Local Entity to the Authority or BPH.

In the event funds are not available to make all of the Loan, the responsibility of the Authority and BPH to make all the Loan is terminated; provided further that the obligation of the Local Entity to repay the outstanding amount of the Loan made by the Authority and BPH is not terminated due to such non-funding on any balance of the Loan. The BPH agrees to use its best efforts to have the amount contemplated under this Loan Agreement included in its budget. Non-funding of the Loan shall not be considered an event of default under this Loan Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Loan Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

Item 1 — You will need a copy of the current fiscal year budget adopted by the Local Entity to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of $1,200 are anticipated to be received for the year, each month the base would be increased by $100 ($1,200/12). This is the incremental amount for the Budget Year-to-Date column.

Item 2 — Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of $900 are anticipated to be incurred for the year, each month the base would be increased by $75 ($900/12). This is the incremental amount for the Budget Year-to-Date column.

Item 3 — Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Local Entity according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.

Item 4 — Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are $1,200, then $30 (2.5% of $1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Entity.

The Local Entity must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

OPINION OF BOND COUNSEL FOR LOCAL ENTITY

[To Be Dated as of Date of Loan Closing]

West Virginia Water Development Authority
180 Association Drive
Charleston, WV 25311

West Virginia Bureau for Public Health
815 Quarrier Street, Suite 418
Charleston, WV 25301-2616

Ladies and Gentlemen:

We are bond counsel to _____ (the "Local Entity"), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of a (i) loan agreement dated _____, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Local Entity and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Bureau for Public Health (the "BPH"), and (ii) the issue of a series of revenue bonds of the Local Entity, dated _____ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of $_____, in the form of one bond, registered as to principal and interest to the Authority, with principal and interest payable quarterly on March 1, June 1, September 1, and December 1 of each year, beginning _____ 1, ____, and ending _____ 1, _____, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Local Entity on _____, as supplemented by the supplemental resolution duly adopted by the Local Entity on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds

are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Local Entity and is a valid and binding special obligation of the Local Entity, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the BPH and cannot be amended so as to affect adversely the rights of the Authority or the BPH or diminish the obligations of the Local Entity without the consent of the Authority and the BPH.

3. The Local Entity is a duly organized and validly existing_____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Local Entity and constitute valid and binding obligations of the Local Entity, enforceable against the Local Entity in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Entity to the Authority and are valid, legally enforceable and binding special obligations of the Local Entity, payable from the gross or net revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the gross or net revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Governmental Agency on or before the Date of Loan Closing, as hereinafter defined, and maintained so long as any of the Local Bonds is outstanding. Prior to commencing operation of the Project, the Governmental Agency must also obtain, and maintain so long as any of the Local Bonds are outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Governmental Agency shall provide and maintain competent and adequate engineering services satisfactory to the Council and the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Governmental Agency at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

2.10 The Governmental Agency shall at all times provide operation and maintenance of the System in compliance with any and all State and federal standards. The Governmental Agency shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of this Loan Agreement.

2.11 The Governmental Agency hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Council, the Authority or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

2.12 The Governmental Agency, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project, shall each month complete a Monthly Financial Report, the form of which is attached hereto as Exhibit C and incorporated herein by reference, and forward a copy by the 10th of each month to the Authority and Council.

ARTICLE III

Conditions to Loan;
Issuance of Local Bonds

(c) The Governmental Agency shall either have received bids or entered into contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided that, if the Loan will refund an interim construction financing, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and the Council shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit A;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and the Council shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

possible to the designated date and mutually agreeable to the Authority, the Council and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority or such later date as is agreed to in writing by the Council.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Council for loans from the Infrastructure Fund to finance projects and that the obligation of the Authority to make any such loan is subject to the Council's authorization and the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount

(g) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority and the Council, to such effect;

(h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and the Council shall have received a certificate of the accountant for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority and the Council, to such effect; and

(i) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of projects and satisfactory to the Authority and the Council, to such effect, such certificate to be in form and substance satisfactory to the Authority and the Council, and evidence satisfactory to the Authority and the Council of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority, the Council or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as

equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds

outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's

revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the

Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

(xxiii) That the Governmental Agency shall submit all proposed change orders to the Council for written approval. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule B attached to the certificate of the Consulting Engineer. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds available due to bid/construction/project underruns;

(xxiv) That the Governmental Agency shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project; and

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority and the Council.

ARTICLE V

Certain Covenants of the Governmental Agency; Imposition and Collection of User Charges; Payments To Be Made by Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under the Act and State law, including, without limitation, the right to an appointment of a receiver.

We are bond counsel to _____ (the "Governmental Agency"), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of $_____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of $1,200 are anticipated to be received for the year, each month the base would be increased by $100 ($1,200/12). This is the incremental amount for the Budget Year-to-Date column.

Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of $900 are anticipated to be incurred for the year, each month the base would be increased by $75 ($900/12). For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.

Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are $1,200, then $30 (2.5% of $1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 19, Chapter 16, Article 13C and Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Bath (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Morgan County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and improvements to the existing public waterworks system of the Issuer, consisting of replacement of all existing 4" cast iron water lines new 6-inch and 8-inch PVC water lines, involving the replacement of approximately 1,800 linear feet of 8-inch water lines, 13,500 linear feet of six-inch water lines and 800 linear feet of two-inch water lines, the replacement of approximately 158 meter services, various gate valves and fire hydrants and trench repair items, together with all appurtenant facilities, for the primary purpose of reducing the Issuer's current water loss (collectively, the "Project"), which constitute properties necessary, appropriate, useful, convenient or incidental in connection with or to a water supply system (the existing public waterworks system of the Issuer, the Project and any further additions, betterments and improvements are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Recorder of the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Drinking Water Treatment Revolving Fund and the West Virginia Infrastructure Fund pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than $2,600,000 in two series (collectively, the "Series 2006 Bonds"), being the Water Revenue Bonds, Series 2006 A (West Virginia DWTRF Program), in the aggregate principal amount of not more than $1,250,000 (the "Series 2006 A Bonds"), and the Water Revenue Bonds, Series 2006 B (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than $1,350,000 (the "Series 2006 B Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2006 Bonds prior to and during acquisition or construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve

Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2006 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2006 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2006 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Bureau for Public Health (the "BPH"), and its Series 2006 B Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council"), both loan agreements in form satisfactory to the respective parties (collectively, the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2006 Bonds as to liens, pledge and source of and security for payment, being the (1) Water Revenue Refunding and Improvement Bonds, Series 1997A, dated July 15, 1997, issued in the original aggregate principal amount of $1,430,000 (the "Series 1997 A Bonds"); and (2) Water Revenue Bonds, Series 2002 A (West Virginia DWTRF Program), dated December 9, 2002, issued in the original principal amount of $1,150,000 (the "Series 2002 A Bonds"). The Series 1997 A Bonds and the Series 2002 A Bonds are hereinafter collectively called the "Prior Bonds."

The Series 2006 Bonds shall be issued on a parity with the Prior Bonds, with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2006 Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior

Bonds are met; and (ii) the written consent of the Registered Owners of the Series 2002 A Bonds to the issuance of the Series 2006 Bonds on a parity with the Series 2002 A Bonds. No consent is required from the Registered Owners of the Series 1997 Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest, if any, on the Series 2006 Bonds and all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, and the issuance of the Series 2006 Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the Infrastructure Council and obtaining of a certificate of public convenience and necessity from the Public Service Commission of West Virginia (the "PSC") by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2006 Bonds or such final order will not be subject to appeal.

J. The Project has been reviewed and determined to be technically and financially feasible by the Infrastructure Council as required under Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended.

K. The Town reasonably expects to reimburse itself for certain capital expenditures made in connection with the design, acquisition, construction and equipping of the Project, such capital expenditures to be undertaken or incurred prior to the execution and delivery of the Bonds, from the proceeds of the Bonds, which are reasonably expected to be executed and delivered within 18 months from the later of (i) the expenditure for payment of said costs or (ii) placing of the Project in service.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2006 Bonds by the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2006 Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other

All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Such Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2006 Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation are hereby irrevocably pledged to such payments as they become due.

The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Prior Ordinance and this Bond Legislation. All moneys in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1997 A Bonds Sinking Fund, the amount required by the Prior Ordinance for payment of interest on the Series 1997 Bonds.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission, (i) for deposit in the Sinking Funds for the Prior Bonds, the amounts required by the Prior Ordinance for payment of principal of the Prior Bonds; (ii) commencing 3 months prior to the first date of payment of principal of the Series 2006 A Bonds, for deposit in the Series 2006 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2006 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2006 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date; and (iii) commencing 3 months prior to the first date of payment of principal of the Series 2006 B Bonds, for deposit in the Series 2006 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2006 B Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2006 B Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission, (i) for deposit in the Reserve Accounts for the Prior Bonds, the amounts required by the Prior Ordinance; (ii) commencing 3 months prior to the first date of payment of principal of the Series 2006 A Bonds, if not fully funded upon issuance of the Series 2006 A Bonds, for deposit in the Series 2006 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2006 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2006 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2006 A Bonds Reserve Requirement; and (iii) commencing 3 months prior to the first date of payment of principal of the Series 2006 B Bonds, if not fully funded upon issuance of the Series 2006 B Bonds, for deposit in the Series 2006 B Bonds Reserve Account, an amount equal to 1/120th of the Series 2006 B Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2006 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2006 B Bonds Reserve Requirement.

(4) The Issuer shall next, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(5) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month (as required in the Prior Ordinance and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2006 A Bonds Sinking Fund and the Series 2006 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2006 A Bonds and the Series 2006 B Bonds, respectively, as the same shall become due. Moneys in the Series 2006 A Bonds Reserve Account and the Series 2006 B Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2006 A Bonds and the Series 2006 B Bonds, respectively, as the same shall come due, when other moneys in the Series 2006 A Bonds Sinking Fund and the Series 2006 B Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2006 A Bonds Sinking Fund, the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Sinking Fund and the Series 2006 B Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2006 Bonds Construction Trust Fund, and, following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2006 A Bonds and the Series 2006 B Bonds, respectively, and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2006 A Bonds Reserve Account or the Series 2006 B Bonds Reserve Account which result in a reduction in the balance therein to below the respective Reserve Requirements shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2006 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2006 A Bonds Sinking Fund, the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Sinking Fund or the Series 2006 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the respective aggregate principal amount of the Series 2006 A Bonds and the Series 2006 B Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Interest, principal or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2006 A Bonds and the Series 2006 B Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2006 A Bonds Sinking Fund, the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Sinking Fund and the Series 2006 B Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2006 A Bonds Sinking Fund, the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Sinking Fund and the Series 2006 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2006 A Bonds Sinking Fund, the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Sinking Fund and the Series 2006 B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2006 A Bonds and the Series 2006 B Bonds, respectively, under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to

be so transferred and paid into such funds during the following month or such other period as required by the Act, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month), deposit with the Commission the Administrative Fee as set forth in the Schedule Y attached to the Loan Agreement for the Series 2006 A Bonds.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The moneys in excess of the maximum amounts insured by FDIC in any of the funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Registered Owner of the Series 2006 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Registered Owner of the Series 2006 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2006 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2006 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Registered Owner of the Series 2006 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2006 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2006 A Bonds and the Series 2006 B Bonds shall be secured equally and ratably with each other by a first lien on the Gross Revenues derived from the System on a parity with the lien on the Gross Revenues in favor of the Registered Owners of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2006 Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer duly enacted on June 27, 2005.

So long as the Series 2006 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2006 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, except as provided in the Prior Ordinance. So long as the Series 2006 Bonds are outstanding and except as otherwise required by law or with the written consent of the BPH, the Infrastructure Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds then Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2006 Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the BPH, the Infrastructure Council and the Authority, or in the event the Authority is no longer a Registered Owner, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2006 Bonds. Any balance remaining after the payment of the Series 2006 Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other

dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine, upon consultation with a professional engineer, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Funds and shall be applied to the redemption of Bonds of the last maturities then outstanding at prices not greater than the redemption price of such Bonds. The payment of such proceeds into the Renewal and Replacement Fund and the Sinking Funds shall not reduce the amounts required to be paid into such funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Registered Owners, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2006 Bonds. All obligations issued by the Issuer after the issuance of the Series 2006 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2006 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts established by this Bond Legislation have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2006 Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2006 Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority, the BPH and the Infrastructure Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2006 Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority, the BPH and the Infrastructure Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2006 Bonds.

No such Parity Bonds shall be issued, except for the purposes of financing the costs of the design, acquisition or construction of additions, extensions, improvements or betterments to the System or refunding any Bonds outstanding, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the

Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Bonds and the Registered Owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Parity Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System, and their source of and security for payment from such revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2006 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2006 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, the BPH and the Infrastructure Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority, the BPH and the Infrastructure Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority, the BPH and the Infrastructure Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Series 2006 Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Issuer shall direct.

The Issuer shall file with the Authority, the BPH and the Infrastructure Council, or any Registered Owner of the Series 2006 Bonds, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by the Independent Certified Public Accountant in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountant, or a summary thereof, to any Registered Owner of the Series 2006 Bonds and shall submit said report to the Authority, the BPH and the Infrastructure Council, or any Registered Owner of the Series 2006 Bonds. Such audit report submitted to the Authority, the BPH and the Infrastructure Council shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Gross Revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority, the BPH and the Infrastructure Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority, the BPH and the Infrastructure Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority, the BPH and the Infrastructure Council with respect to the System pursuant to the Act.

The Issuer shall provide the BPH with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement for the Series 2006 A Bonds or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2006 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient to comply with the rate coverage required by the ordinance authorizing the Series 1997 A Bonds, so long as the Series 1997 A Bonds are outstanding, and thereafter, sufficient (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest, if any, on the Series 2006 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2006 Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Series 2006 A Bonds Reserve Account, the Series 2006 B Bonds Reserve Account and the Reserve Accounts for obligations on a parity with the Series 2006 Bonds are funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any Fiscal Year for payment of principal of and interest, if any, on the Series 2006 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2006 Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority, the BPH and the Infrastructure Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which

finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall within 30 days of adoption thereof mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the BPH, the Infrastructure Council and any Registered Owner of the Series 2006 Bonds and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the BPH, the Infrastructure Council and any Registered Owner of the Series 2006 Bonds or anyone acting for and on behalf of such Registered Owner.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority, the BPH and the Infrastructure Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority, the BPH and the Infrastructure Council covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the BPH, the Infrastructure Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the DWTRF Regulations, to the Issuer when the Project is 90% completed. The Issuer shall, at all times, provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the BPH in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2006 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(6) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority, the BPH and the Infrastructure Council. ARTICLE VIII

INVESTMENTS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2006 Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest, if any, on the Series 2006 Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2006 Bonds as a condition to issuance of the Series 2006 Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2006 Bonds as may be necessary in order to maintain the status of the Series

2006 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2006 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority, the Infrastructure Council or the BPH, as the case may be, from which the proceeds of the Series 2006 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority, the Infrastructure Council or the BPH, to ensure compliance with the covenants and agreements set forth in this Section 8.02, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2006 Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2006 Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any Series 2006 Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on their respective parts relating to the Series 2006 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2006 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Authority, the Depository Bank, the Registrar, the Paying Agent or the Registered Owner of the Series 2006 Bonds; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of the Series 2006 Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners, including the right to require the Issuer to perform its duties under the Act, the Loan Agreement and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2006 Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2006 Bonds, and (v) by action or bill in equity, enjoin any acts in violation of the Bond Legislation with respect to the Series 2006 Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Registered Owners of the Series 2006 Bonds shall be on a parity with the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of the Series 2006 Bonds may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project, the making

and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default, any Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate and maintain, manage and control the System, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to the System as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and the Registered Owners and the curing and making good of

any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Registered Owners of the Series 2006 Bonds, the principal of and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Gross Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2006 Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest, if any, on the Series 2006 Bonds from gross income for federal income tax purposes.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Bond Legislation. Prior to the issuance of the Series 2006 Bonds, this Ordinance may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2006 Bonds, no material modification or amendment of this Ordinance, or of any ordinance, resolution or order amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 2006 Bonds shall be made without the consent in writing of the Registered Owners of the Series 2006 Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of the Series 2006 Bonds or the rate of interest, if any, thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest, if any, out of the funds herein pledged therefor without the consent of the Registered Owners thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of the Series 2006 Bonds required for consent to the above-permitted amendments or modifications. Section 1.04. Findings. It is hereby found, determined and declared as follows:

A. The Town of Bath, West Virginia, a municipal corporation and political subdivision of the State in Morgan County of said State, now owns a water system consisting of a waterworks system in its entirety or any integral part thereof, including some or all of mains, hydrants, meters, values, standpipes, storage tanks, pump tanks, pumping stations, intakes, wells, impounding reservoirs, pumps, machinery, purification plants, softening apparatus and all other facilities necessary, appropriate, useful, convenient or incidental in connection with or to a water supply system (herein referred to as the "System"), which System was financed or refinanced in part with the proceeds of the Prior Bonds.

B. It is deemed necessary and desirable for the health, welfare and safety of the inhabitants of the Issuer that there be acquired and constructed the Project, consisting of (a) an extension to the Morgan County Middle School, which extension is being jointly funded by the Morgan County Board of Education at an estimated cost of $550,000 of which the Issuer will contribute approximately half and (b) water plant upgrade at a cost of approximately $250,000, all of which will constitute extensions, additions, betterments and improvements to the System at an estimated cost not to exceed $550,000, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have been approved and will be on file with the Issuer, and which Project is generally described in Exhibit A attached hereto and by this reference made a part hereof.

C. The estimated revenues to be derived in each year after the enactment of this Ordinance from the operation of said System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds and all sinking fund, reserve, renewal and replacement and other payments provided for in this Ordinance.

D. Pursuant to the Act, the Issuer is authorized and empowered to issue revenue refunding bonds to refund, pay or discharge all or any part of its outstanding revenue bonds. The Issuer is advised that present value debt service savings will be realized as a result of the refunding of the Prior Bonds. Pursuant to the Prior Ordinance, a notice of the intended redemption of the Prior Bonds must be published at least once, not less than thirty days nor more than sixty days prior to the date of redemption in a financial paper published in the City of New York, New York. The Issuer hereby determines that it will be to the benefit of the Issuer and its residents to refund the Prior Bonds by paying in full the entire outstanding principal of, the redemption premium, if any, and the interest on, the Prior Bonds, on the next available redemption date, in the manner set forth herein with a portion of the proceeds of the Series 1997 A Bonds and other moneys of the Issuer.

E. It is in the best interests of the Issuer that its Prior Bonds be refunded and redeemed on the Redemption Date to take advantage of the favorable terms available to the Issuer.

F. It is deemed necessary for the Issuer to issue its Series 1997 A Bonds to finance the costs of acquisition and construction of the Project herein described. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; engineering, fiscal and legal expenses; expenses for estimates of cost and revenue; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense, any fees or expenses, any defaulted interest thereon, commitment fees, discount, initial fees for the service of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1997 A Bonds, and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of the same in operation, and

the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1997 A Bonds or the repayment of the indebtedness incurred by the Issuer for such purposes shall be deemed part of the Cost of the Project.

G. The Issuer has (or will have prior to closing) complied with all requirements of West Virginia law relating to the refunding of the Prior Bonds, authorization of the acquisition and construction of the Project and the issuance of the Bonds for the refunding and the acquisition and construction of the Project.

H. The Code provides exceptions from the rebate provisions for issues of small governmental units meeting certain requirements. It is in the best interest of the Issuer and its inhabitants to qualify for the small governmental unit exception from the rebate provisions for the Series 1997 A Bonds. Accordingly, it is hereby found and determined:

(1) The Issuer is a governmental unit with general taxing powers.

(2) The Series 1997 A Bonds are not private activity bonds as defined by the Code.

(3) Ninety-five percent (95%) or more of the net proceeds (as defined with respect to the Code) of the Series 1997 A Bonds will be used for local governmental activities of the Issuer.

(4) The Issuer reasonably expects that the aggregate face amount of all tax-exempt bonds (other than private activity bonds) issued by the Issuer and all subordinate entities thereof during the calendar year in which the Bonds will be issued will not aggregately exceed $5,000,000. The Issuer reasonably expects to issue the Bonds in calendar year 1997.

I. The Issuer will not permit, at any time, any of the proceeds of the Series 1997 A Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code.

J. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1997 A Bonds.

K. The Series 1997 A Bonds will not be federally guaranteed within the meaning of the Code.

L. It is reasonably anticipated that all proceeds of the Series 1997 A Bonds will be spent within three years from the date of issuance.

M. The Issuer hereby finds and determines that the amount of tax-exempt obligations (other than private activity bonds) which it anticipates issuing during calendar year 1997 shall not exceed $10,000,000 and therefore the Issuer hereby designates the Series 1997 A Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code.

ARTICLE II

AUTHORIZATION OF REFUNDING

Section 2.01 Authorization of Refunding. The Prior Bonds Outstanding as of the date of issuance of the Series 1997 A Bonds are hereby ordered to be refunded pursuant to the Escrow Agreement, and the pledge of Revenues in favor of the Holders of such refunded Prior Bonds imposed by the Prior Ordinance, the moneys in the funds and account created by such Prior Ordinance and any other funds pledged by such ordinance thereto are hereby ordered terminated, discharged and released upon full payment to the Escrow Agent of the amount required under the Escrow Agreement (such amount will be simultaneously invested in Government Obligations bearing interest and having maturities sufficient, together with any cash which may also be deposited, to provide for the payment of the principal of, redemption premium, and interest on, the Prior Bonds as the same become due, to the next Redemption Date, following the required notices.) The form of the Escrow Agreement shall be approved by the Supplemental Resolution. It is anticipated that the Prior Bonds will be paid on September 1, 1997, or such other date as is set forth in a Supplemental Resolution, and to that effect the Mayor and Recorder are hereby authorized to take any and all action necessary to instruct the Registrar to send the appropriate notices and take appropriate actions to pay said Prior Bonds on said date. Upon the deposit of funds sufficient to fund the Escrow Agreement for the payment of the Prior Bonds and the release of the lien thereof, the amounts, if any, on deposit in the accounts created and maintained for the Prior Bonds shall be transferred as is provided in the Supplemental Resolution. Prior to the closing of the Series 1997 A Bonds the Issuer shall receive the certificate of debt service savings and all other documents necessary to facilitate the refunding.

ARTICLE III

AUTHORIZATION OF EXTENSIONS, ADDITIONS, BETTERMENTS AND IMPROVEMENTS TO SYSTEM

Section 3.01. Authorization of Project. There is hereby authorized the acquisition and construction of the Project in accordance with plans and specifications therefor prepared by the Consulting Engineers, to be approved by the Issuer and to be filed in the office of the Issuer.

Prior to issuing the Bonds for the acquisition and construction of the Project, the Issuer must receive acceptable bids or enter into contracts for the acquisition and construction of the Project consistent with the financing plan.

ARTICLE IV

AUTHORIZATION, TERMS, EXECUTION AND REGISTRATION OF BONDS

Section 4.01. Authorization and Terms of Series 1997 A Bonds. For the purposes of funding the reserve account, paying costs of issuance, refunding the Prior Bonds and financing a portion of the costs of the acquisition and construction of the Project not otherwise provided for, there shall be issued the Series 1997 A Bonds of the Issuer.

The Series 1997 A Bonds shall be issued in the aggregate principal amount not to exceed $1,600,000. Said Series 1997 A Bonds shall be designated "Water Revenue Refunding and Improvement Bonds, Series 1997 A" and shall be issued in fully registered form, and in the denomination of $5,000 or any integral multiple thereof. The Series 1997 A Bonds shall be lettered AR and shall be numbered from 1 consecutively upward. The Series 1997 A Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates not exceeding 12% shall mature on such date, not to exceed 40 years from the date thereof, and in such amount; shall be subject to redemption, and shall have other terms, all as the Town shall prescribe in the Supplemental Resolution.

The Bonds shall be payable as to principal and premium, if any, at the principal office of the Paying Agent in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Bonds shall be paid by check or draft mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar at the close of business on the Record Date, or, if requested, in the case of a Registered Owner of $500,000 or more of the Bonds, by wire transfer to a domestic bank account specified in writing at least 5 days prior to such interest payment date by such Registered Owner.

Section 4.02. Execution of Bonds. Said Bonds shall be executed in the name of the Issuer by the Mayor and attested by the Recorder, and the seal of the Issuer shall be affixed thereto or imprinted thereon. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 4.03. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Ordinance unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 4.11, shall have been duly manually executed by the Registrar.

Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Ordinance. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Registrar if manually signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 4.04. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive owner, in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive owner shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value in the manner provided hereinafter in the form of said Bonds.

So long as any of the Bonds remain Outstanding, the Issuer, through the Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

Bonds shall be transferable only upon the books of the Registrar, by the registered Owner thereof in person or by the Owner's attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered Owner or the Owner's duly authorized attorney. Upon transfer of a Bond, there shall be issued at the option of the Holder or the transferee another Bond or Bonds of the aggregate principal amount equal to the unpaid amount of the transferred Bond and of the same series, interest rate and maturity of said transferred Bond.

Upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar and duly executed by the registered owner or his attorney or legal representative duly authorized in writing, Bonds may at the option of the Registered Owner thereof be exchanged for an equal aggregate principal amount of Bonds of the same series, maturity and interest rate, in any authorized denominations.

In all cases in which the privilege of transferring or exchanging a Bond is exercised, Bonds shall be delivered in accordance with the provisions of this Ordinance. All Bonds surrendered in any such transfer or exchange shall forthwith be canceled by the Registrar. Transfers of Bonds, the initial exchange of Bonds and exchanges of Bonds in the event of partial redemption of fully registered Bonds shall be made by the Registrar without charge to the Holder or the transferee thereof, except as provided below. For other exchanges of Bonds, the Registrar may impose a service charge. For every such transfer or exchange of Bonds, the Registrar may make a charge sufficient to reimburse its office for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such tax or governmental charge, and such service charge for exchange other than the initial exchange or in the event of partial redemption. Shall be paid by the person

requesting such transfer or exchange as a condition precedent to the exercise of the privilege of making such transfer or exchange. The Registrar shall not be obligated to make any such transfer or exchange of Bonds that have been called for redemption.

Section 4.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Owner's furnishing the Issuer proof of ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur and the Registrar shall authenticate the new Bond. All Bonds so surrendered shall be canceled by the Registrar and held for the account of the Issuer. If such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and, if such Bond be lost, stolen, or destroyed, without surrender therefor.

Any such duplicate Bonds issued pursuant to this Section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by anyone, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of security for payment from the revenues pledged herein with all other Bonds issued hereunder.

Section 4.06. Term Bonds. In the event Term Bonds are issued pursuant to this Resolution, the following provisions shall apply:

A. The amounts to be deposited, apportioned and set apart by the Issuer from the Revenue Fund and into the Sinking Fund in accordance with 6.03(A)(2) shall include (after credit as provided below) on the first of each month, beginning on the first day of that month which is twelve months prior to the first mandatory redemption date of said Term Bonds, a sum equal to 1/12 of the amount required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory redemption date, which amounts and dates, if any, with respect to the Series 1997 A Bonds shall be set forth in the Supplemental Resolution.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory redemption date, the Town may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption

obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory Redemption Date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the moneys in the Series 1997 Sinking Fund to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the Redemption Date (interest to be paid from the Series 1997 A Bonds Sinking Fund), as will exhaust as nearly as practicable such Sinking Fund payment designated to be made in accordance with paragraph (A) of this section. Such redemption shall be by random selection made on the 45th day preceding the mandatory Redemption Date, in such manner as may be determined by the Registrar. For purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of $5,000.

Section 4.07. Notice of Redemption. Official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the applicable Bond Insurer, the Original Purchaser and the registered owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

So long as DTC (as Cede & Co.) is the registered Owner of the Bonds, the Registrar shall send all notices of redemption to DTC and shall verify that DTC has received notice. Copies of all redemption notices relating to optional redemption of the Series 1997 A Bonds shall also be sent to registered securities depositories and to Standard & Poor's Called Bond Record.

All official notices of redemption shall be dated and shall state:

(1) The Redemption Date;

(2) The Redemption Price;

(3) If less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed.

(4) That on the Redemption Date the Redemption Price and interest accrued will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date;

(5) The place where such Bonds are to be surrendered for payment of the Redemption Price, which place of payment shall be the principal office of the Registrar; and

(6) Such other information, if any, as shall be required for DTC Bonds.

If funds sufficient to redeem all Bonds called for optional redemption have not been deposited with the Paying Agent at the time of mailing any notice of optional redemption, such notice shall also state that such optional redemption is subject to deposit of such moneys with the Paying Agent on or before the Redemption Date. If such moneys are not so deposited, the Registrar shall notify all holders of Bonds called for redemption of such fact.

Official notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Issuer shall defaulting the payment of the Redemption Price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unredeemed principal of such Bond. All Bonds which have been redeemed shall be canceled and destroyed by the Bond Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Bonds, and failure to mail or otherwise send such notice shall not affect the validity of proceedings for the redemption of any portion of Bonds for which there was no such failure.

Section 4.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and for all other purposes, whether or not such Bond is overdue.

Section 4.09. Book Entry System for Bonds. The Series 1997 A Bonds will be issued by means of a book-entry system with no physical distribution of Series 1997 A Bonds made to the public. One Series 1997 Bond for each maturity will be issued to DTC and immobilized in its custody. A book-entry system will be employed, evidencing ownership of the Series 1997 A Bonds in principal amounts of $5,000 or any integral multiple thereof, with transfers of beneficial ownership effected on the records of DTC and DTC Participants pursuant to rules and procedures established by DTC.

Section 4.10. Delivery of Bonds. The Issuer shall execute and deliver the Series 1997 A Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 1997 A Bonds to the Original Purchaser upon receipt of the documents set forth below:

(A) A list of the names in which the Series 1997 A Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;

(B) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 1997 A Bonds to be the Original Purchaser;

(D) The unqualified approving opinion upon the Series 1997 A Bonds by Bond Counsel; and

(E) Such other documents, certifications and verifications as the Original Purchaser may reasonably require.

Section 4.11. Form of Bonds. The definitive Series 1997 A Bonds shall be in substantially the form set forth in Exhibit B - Bond Form attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 1997 A Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 1997 A Bonds shall have the form of the opinion of bond counsel attached thereto or printed on the reverse thereof.

Section 4.12. Designation of Bonds as "Qualified Tax-Exempt Obligations." The Issuer hereby designates the Series 1997 A Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3)(B) of the Code and covenants that the Series 1997 A Bonds do not constitute private activity bonds as defined in Section 141 of the Code, and that not more than $10,000,000 aggregate principal amount of obligations the interest on which is excludable (under Section 103(a) of the Code) from gross income for federal income tax purposes (excluding, however, obligations issued to currently refund any obligation of the

Issuer to the extent the amount of the refunding obligation do not exceed the amount of the refunded obligation and private activity bonds, as defined in Section 141 of the Code, other than qualified 501(c)(3) bonds as defined in Section 145 of the Code), including the Series 1997 A Bonds, have been or shall be issued by the Issuer, including all subordinate entities of the Issuer, during the calendar year 1997.

B. As and when additional Bonds ranking on a parity with the Series 1997 A Bonds are issued, provision shall be made for additional payments into the Sinking Funds sufficient to pay any interest on such additional Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Reserve Accounts in an amount equal to the Reserve Requirements.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Funds by the Issuer at the times provided herein.

Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank, on such dates as the Commission or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any Depository Bank's charges then due.

full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

G. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. The Gross Revenues of the System shall only be used for purposes of the System.

All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds, or the interest thereon, is Outstanding and unpaid.

Section 8.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Ordinance. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest thereon.

Section 8.03. Bonds Secured by Pledge of Gross Revenues. The payment of the debt service of the Series 1997 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Gross Revenues derived from the operation of the System. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds herein authorized and to make the payments into the Sinking Fund, including the Reserve Account therein, and all other payments provided for in this Ordinance are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds and for the other purposes provided in the Ordinance.

Section 8.04 Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the rate ordinance of the Issuer enacted September 16, 1996, effective January 1, 1997.

Section 8.05. Rates. Prior to issuance of the Series 1997 A Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to make the prescribed payments into the funds created hereunder and to pay Operating Expenses. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. The Issuer shall take the necessary actions with respect to the imposition of rates at such times and with such provisions with respect

to interest rate and maturity of the Bonds to finance the issuance of the Bonds as the purchaser thereof shall require. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 120% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Bonds; provided that, in the event that an amount at least equal to or in excess of the Reserve Requirements is on deposit in the Reserve Accounts and the reserve accounts for the Bonds is funded at least at the requirement provided for in the Ordinance such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Series 1997 A Bonds.

Section 8.06. Completion, Operation and Maintenance; Schedule of Cost. The Issuer will expeditiously complete the Project and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of said System in the manner provided in the Ordinance.

Section 8.07. Sale of the System. The System may be sold, mortgaged, leased, or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient fully to pay or redeem at or prior to maturity all the Bonds Outstanding. The proceeds from such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the appropriate Sinking Funds, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal and any interest at maturity of Bonds about to mature and to the redemption prior to maturity, at the earliest date permitted hereby and at the redemption price, of all other Outstanding Bonds. Any balance remaining after the redemption or payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. The Council may then, if it be so advised, as evidenced by certificates of the Consulting Engineers, by resolution duly adopted, approve and concur in such finding and provide for the sale of such property if the amount to be received therefor is not in excess of ten thousand dollars ($10,000), or authorize such sale, lease or other disposition of such property upon public bidding if the amount to be received therefor is in excess of ten thousand dollars ($10,000) but not in excess of fifty thousand dollars ($50,000). The proceeds of any such sale, lease or other disposition of such property, not in excess of $10,000, shall be deposited in the Renewal and

Replacement Fund. The proceeds derived from any such sale, lease or other disposition of such property, in excess of $10,000 and not in excess of $50,000, shall be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Funds and shall be applied only to the redemption of Bonds of the last maturities then Outstanding or to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the redemption price of such Bonds. Such payments of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of fifty thousand dollars ($50,000) and insufficient to pay or redeem prior to maturity all the Bonds then Outstanding without the prior approval and consent in writing of the owners, or their duly authorized representatives, of sixty-six and two-thirds percent (66-2/3%) in amount of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then owners of the Bonds, for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 8.08. Issuance of Other Obligations Payable out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any other obligations whatsoever, except pari passu additional Bonds provided for in Section 8.09 hereof, payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Parity Bonds may be issued as provided in Section 8.09 hereafter. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such additional Parity Bonds, shall contain an express statement that such obligations are junior and subordinate as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds to the extent such are Outstanding; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the respective Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to said pari passu additional Bonds, being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Ordinance or upon the System or any part thereof.

Section 8.09. Parity Bonds. A. No Parity Bonds payable out of the revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions, in the manner herein provided.

No Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions, additions, betterments or improvements to

the System or refunding the entirety of one or more issues or series of bonds or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by Independent Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the net revenues actually derived, subject to the adjustments hereinafter provided, from the System during any twelve (12) consecutive months within the eighteen (18) months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual net revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by such additional Parity Bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on the following:

(1) Each series of Series 1997 A Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual net revenues to be received in each of the three (3) succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased net revenues estimated to be derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Recorder prior to the issuance of such additional Parity Bonds.

The Net Revenues actually derived from the System during the twelve (12) consecutive month period hereinabove referred to may be adjusted by adding to such net revenues such additional net revenues which would have been received, in the opinion of the Consulting Engineers and the Independent Accountants as stated in a certificate jointly made and signed by the Consulting Engineers and the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate acquisition or construction of such extensions, additions, betterments or improvements to the System which are to be financed by such Parity Bonds.

All the covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and

security of the owners of the Series 1997 A Bonds and the owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this Section. All the Bonds, regardless of the time or times of their issuance shall rank equally with respect to their respective liens on the revenues of the System, and their respective sources of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds created in this Ordinance required for and on account of such additional Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in this Ordinance on account of the Bonds then Outstanding, and any other payments provided for in this Ordinance, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Ordinance.

Section 8.10. Insurance and Construction Bonds. The Issuer will carry such insurance and in such amounts as is customarily carried with respect to works and properties similar to the System, with a reputable insurance carrier or carriers, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Issuer. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, to protect the interests of the Issuer, the prime contractor and all subcontractors as their interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be disposed of as provided in the Ordinance and otherwise shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. The Issuer shall carry such other insurance, including but not limited to flood

insurance and business interruption insurance, to the extent available at reasonable cost to the Issuer.

The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract.

Section 8.11. Consulting Engineers. The Issuer shall provide and maintain competent and adequate resident engineering services covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers. Such resident engineer shall certify to the Issuer at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

Section 8.12. Compliance With Regulations. The Issuer hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by any state, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

Section 8.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by its System; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or himself or herself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 8.14. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges that shall become delinquent to the full extent permitted or authorized by the laws of the State of West Virginia. All such rates and charges, if not paid when due, shall become a lien on the premises served by the System.

To the extent allowed under Section 12a of the Act, whenever any rates, rentals or charges for the services or facilities of the System shall remain unpaid for a period of thirty (30) days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. The Issuer further covenants and agrees that it

will, to the full extent permitted by law, and any rules and regulations promulgated by the Public Service Commission of West Virginia applicable thereto, discontinue and shut off the services and facilities of the System to all delinquent users of the services and facilities of the System and will not restore services of the System until all delinquent charges for the service and facilities of the System, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 8.15. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 8.16. Books, Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any owner of a Bond or Bonds issued pursuant to the Ordinance shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow currently accepted accounting practices in accordance with the rules and regulations of the West Virginia Public Service Commission and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books, and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Council shall direct.

The Issuer shall file with the Original Purchaser and any Bond Insurer, and shall mail in each year to any owner or owners of Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A statement of account balances in all funds and accounts provided for herein and status of said funds.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any owner or owners of Bonds issued pursuant to this Ordinance and shall file said report with the Original Purchaser.

Section 8.17. Operating Budget. The Board shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Board shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Original Purchaser and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser, the Bond Insurer and to any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds who requests the same.

Section 8.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PUBLIC PURPOSE BONDS. The Issuer shall use the Series 1997 A Bond proceeds solely for the refunding and as otherwise set forth herein. The Issuer shall use the Series 1997 B Bond proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Issuer.

B. PRIVATE ACTIVITY BOND COVENANT. The Issuer shall not permit at any time or times any of the proceeds of the Series 1997 A Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Series 1997 A Bonds from the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Series 1997 A Bonds.

C. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1997 A Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

D. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to

cause the Series 1997 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

E. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax exempt status of the Series 1997 A Bonds, including without limitation the information return required under Section 149(e) of the Code.

F. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Series 1997 A Bonds will be and remain excludible from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 8.19. Statutory Mortgage Lien. For the further protection of the Bondholders, a statutory mortgage lien upon the System is granted and created by Section 8 of the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon delivery of the Series 1997 A Bonds and shall be for the benefit of all Owners of the Series 1997 A Bonds.

Section 8.20. Rebate Covenant. The Issuer is a governmental unit with general taxing powers to finance operations of or facilities of the nature of the Project and the System. As covenanted above, the Series 1997 A Bonds are not private activity bonds within the meaning of the Code, and ninety-five percent (95%) or more of the net proceeds (as defined with respect to the Code) of the Series 1997 A Bonds will be used for local governmental activities of the Issuer. The Issuer reasonably expects it and all its subordinate entities to issue less than $5,000,000 in aggregate face amount of tax-exempt bonds (other than private activity bonds) during the calendar year, being 1997, in which the first series of Series 1997 A Bonds are to be issued. Therefore, the Issuer believes that it is excepted from the rebate requirements of Section 148(f) of the Code. Notwithstanding the foregoing, if the Issuer is in fact subject to such rebate requirements, the Issuer hereby covenants to rebate to the United States the amounts required by the Code and to take all steps necessary to make such rebates as further described in Section 8.03. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and obtain a waiver from the Internal Revenue Service in order to maintain the tax-exempt status of interest on the Series 1997 A Bonds.

Section 8.21. Municipal Bond Insurance Policy. The Issuer may apply for a Municipal Bond Insurance Policy for the Series 1997 A Bonds and subsequent series of Bonds. In the event a Municipal Bond Insurance Policy is obtained for any series of Bonds, additional covenants and provisions relating to such series of Bonds as may be required by the applicable Bond Insurer as a condition of insuring such Bonds shall be set forth in a Supplemental Resolution and shall be controlling in the event any other provisions of this Ordinance may be in conflict therewith.

Section 8.22. Continuing Disclosure Agreement. The Issuer shall deliver a continuing disclosure agreement or certificate in form acceptable to the Original Purchaser sufficient to ensure compliance with SEC Rule 15c2-12, as it may be amended from time to time.

ARTICLE IX

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 9.01. Investments. Any moneys held as a part of the funds and accounts created by this Ordinance, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Ordinance, the need for such moneys for the purposes set forth herein and the specified restrictions and provisions set forth in this Section 9.01 and in Sections 9.02 and 9.03.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount. The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss of such liquidation. The Depository Bank or such other bank or national banking association may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 9.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 1997 A Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Series 1997 A Bonds, so that the Series 1997 A Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 1997 A Bonds so that the interest on the Series 1997 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 9.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1997 A Bonds. In addition, the Issuer covenants to comply with all regulations from time to time in effect and applicable to the Series 1997 A Bonds as may be necessary in order to maintain the exclusion from gross income for federal income tax purposes of interest on the bonds and fully comply with

Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such regulations, regardless of whether such actions may be contrary to any of the provisions of the Ordinance.

If it is determined that the Issuer does not quality for an exception to Section 148 of the Code or the Issuer is otherwise subject to rebate in connection with the Series 1997 A Bonds, the Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, with the Depository Bank in a separate fund designated the Rebate Fund, such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder, if any, and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall prepare rebate calculations in connection with rebates and hereby consents to the performance of all matters in connection with such rebates at the expense of the Issuer. The Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 9.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 9.03 in accordance with the requirements of Section 148(f) of the Code. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1997 A Bonds from gross income for federal income tax purposes.

Section 9.04. Restriction of Yield and Bond Proceeds. The Issuer shall comply with the yield restriction on Bond proceeds as set forth in Section 148 of the Code.

ARTICLE X

DEFAULT AND REMEDIES

Section 10.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on any series of Series 1997 A Bonds; or

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to such Bonds set forth in this Ordinance, any supplemental resolution, or in such Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by any bank or banking association holding any fund or account hereunder or an owner of such Bonds; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 10.02. Remedies. Upon the happening and continuance of any Event of Default with respect to any Bonds, any Registered Owner of such Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such registered Owners including the right to require the Issuer to perform its duties under the Act and the Ordinance relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon such Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the registered Owners of such Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Ordinance with respect to such Bonds, or the rights of such registered Owners.

Section 10.03. Appointment of Receiver. Any Bondholder may, by proper legal action, compel the performance of the duties of the Issuer under the Ordinance and the Act, including the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any default in the payment of interest on any Bonds when the same shall become due, or in the payment of the principal of any Bond or Bonds, either at the specified date of maturity thereof or at a date set for redemption thereof, or otherwise in the performance of any covenant contained in the Ordinance other than as to such payment and such default shall continue for a period of thirty (30) days after written notice to the Issuer of such default, any Bondholder shall, in addition to all other remedies or rights, have the right by appropriate

legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and any interest thereon, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of the Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds issued pursuant to the Ordinance and interest thereon and under any covenants of the Ordinance for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Such receiver, in the performance of the powers hereinabove conferred upon him or her, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Owners of Bonds issued pursuant to the Ordinance. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and Bondholders, and the curing and making good of any default under the provisions of the Ordinance, and the title to and ownership of said System shall remain in the Issuer.

ARTICLE XI

If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Owners of all Bonds the principal thereof, and redemption premium, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Ordinance, then the pledge of Net Revenues and any other moneys and securities pledged under this Ordinance and all covenants, agreements and other obligations of the Issuer to the Bondholders shall thereupon cease, terminate and become void and be discharged and satisfied.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient to pay, as and when due, the principal of and interest on the Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this Section. All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agents, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments and interest due and to become due on said Bonds on and prior to the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this Section nor principal or interest payments on any such securities shall be withdrawn or used for any purposes other than, and shall be held in trust for, the payment of the principal of and redemption premium, if applicable, on and interest on said Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if applicable, on and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the Issuer, as received by the Commission, free and clear of any trust, lien or pledge. ARTICLE XII

REGISTRAR AND PAYING AGENT

Section 12.01. Appointment of Registrar. The Registrar for the Series 1997 A Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby authorized and directed to enter into an agreement with the Registrar, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 12.02. Responsibilities of Registrar. The recitals of fact in the Bonds shall be taken as statements of the Issuer, and the Registrar shall not be responsible for their accuracy. The Registrar shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication on the Bonds. The Registrar and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Resolution and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 12.01.

Section 12.03. Evidence on Which Registrar May Act. The Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever the Registrar shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion the Registrar may instead accept other evidence of such fact or matter.

Section 12.04. Compensation and Expenses. The Issuer shall pay to the Registrar from time to time reasonable compensation for all services, including the transfer of registration of Bonds, the first exchange of Bonds and the exchange of Bonds in the event of partial redemption, incurred in the performance of its duties hereunder.

Section 12.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds Outstanding.

Section 12.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Resolution by giving not less than

60 days' written notice to the Issuer and publishing in an Authorized Newspaper notice (or mailing such notice to each Bondholder in the event all Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or bondholders, in which event such resignation shall take effect immediately.

Section 12.07. Removal. The Registrar may be removed at any time by the Issuer or by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer or by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each instrument shall be delivered by the Issuer to the Registrar.

Section 12.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Bondholders. The Issuer shall publish in an Authorized Newspaper (or mail to each Bondholder in the event all Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Any successor Registrar appointment by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Bondholders. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Resolution.

Section 12.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any moneys, books and records held by it to its successor.

Section 12.10. Merger or Consolidation. Any company into which the Registrar may be merged or converted or with which it may be consolidated or any company

resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 12.08.

Section 12.11. Adoption of Authentication. In case any of the Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Bonds so authenticated, and, in case any Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Bonds in the name of the predecessor Registrar or in its own name.

Section 12.12. Paying Agent. The Paying Agent (and any co-Paying Agent) shall be appointed pursuant to the Supplemental Resolution. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Resolution. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Bonds shall be and remain DTC eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from moneys available therefor.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Resolution. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Bondholders may make such appointment.

The Paying Agent shall enjoy the same protective provisions in the performance of its duties hereunder as are specified in this Article XII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 12.08 hereof with respect to the appointment of a successor Registrar.

All moneys received by the Paying Agent shall, until used or applied as provided in this Resolution, be held in trust for the purposes for which they were received.

ARTICLE XIII

Section 1.04. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a municipal corporation and political subdivision of the State in Morgan County of said State. The Issuer presently owns and operates a waterworks system. However, the Issuer deems it necessary and desirable for the health, welfare and safety of the inhabitants of the Issuer that there be acquired and constructed the Project in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have been approved by the BPH and are on file with the Issuer.

B. The Issuer intends to permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the Authority, which administers the Fund pursuant to the Act.

C. The estimated maximum cost of acquisition and construction of the Project is $1,150,000, which will be obtained from proceeds of the Series 2002 A Bonds.

D. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest, if any, on the Bonds, and to make payments into all funds and accounts and other payments provided for in this Bond Legislation.

E. It is deemed necessary for the Issuer to issue the Series 2002 A Bonds in the aggregate principal amount of not more than $1,150,000, to permanently finance the costs of acquisition and construction of the Project. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, on the Series 2002 A Bonds prior to and during acquisition or construction of the Project and for a period not to exceed six months after completion of acquisition or construction of the Project; amounts which may be deposited in the Series 2002 A Bonds Reserve Account; engineering, fiscal and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expenses, any fees or expenses of the Authority and the BPH, including the Administrative Fee, commitment fees, discount, initial fees for the service of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2002 A Bonds, and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided that, reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2002 A Bonds or the repayment of the indebtedness incurred by the Issuer for such purposes shall be deemed part of the Cost of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 35 years.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2002 A Bonds as to liens, pledge and source of and security for payment, being the Water Revenue Refunding and Improvement Bonds, Series 1997A, dated July 15, 1997, issued in the original aggregate principal amount of $1,430,000 (the "Prior Bonds").

The Series 2002 A Bonds shall be issued on a parity with the Prior Bonds, with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2002 A Bonds, the Issuer will obtain a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior

Bonds are met. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. It is in the best interests of the Issuer that the Series 2002 A Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement, relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2002 A Bonds, or will have so complied prior to the issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the Infrastructure Council and the obtaining of a certificate of convenience and necessity from the PSC, the time for rehearing and appeal of which will have expired or will have been waived prior to the issuance of the Series 2002 A Bonds.

J. The Infrastructure Council has approved the Project.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND SALE OF BONDS; AUTHORIZATION AND EXECUTION OF LOAN AGREEMENT

Section 3.01. Authorization of Bonds. The Series 2002 A Bonds shall be issued as a single bond, designated as "Water Revenue Bonds, Series 2002 A (West Virginia DWTRF Program)," in the aggregate principal amount of not more than $1,150,000, and shall have such terms as set forth hereinafter and in the Supplemental Resolution. The proceeds of the Series 2002 A Bonds remaining after funding of the Series 2002 A Bonds Reserve Account (if funded from Bond proceeds) and capitalization of interest, if any, shall be deposited in the Series 2002 A Bonds Construction Trust Fund established by Section 5.01 hereof and applied as set forth in Article VI hereof.

Section 3.02. Terms of Bonds. The Series 2002 A Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Series 2002 A Bonds, if any, shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Series 2002 A Bonds shall be issued in the form of one bond, fully registered to the Authority, with a record of advances and a debt service schedule attached, representing the aggregate principal amount of the Series 2002 A Bonds. The Series 2002 A Bonds shall be exchangeable at the option and expense of the Holder for another fully registered Bond in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. Such Bonds shall bear interest, if any, and shall be dated as set forth in the Supplemental Resolution.

Section 3.03. Execution of Bonds. The Series 2002 A Bonds shall be executed in the name of the Issuer by the Mayor and attested by the Recorder, and the seal of the Issuer shall be affixed thereto or imprinted thereon. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as, at the actual time of the execution of such Bonds, shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2002 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof, shall have been manually executed by the Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Registrar if manually signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 2002 A Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2002 A Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Registered Owner, in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide Holder for value.

So long as any of the Series 2002 A Bonds remain Outstanding, the Registrar shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2002 A Bonds shall be transferable only upon the books of the Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto, together with a written instrument of transfer satisfactory

to the Registrar, duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring Bonds is exercised, all Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Registrar. For every such exchange or transfer of Bonds, the Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Registrar shall not be obliged to make any such exchange or transfer of Bonds during the 15 days preceding an interest payment date on the Bonds, or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2002 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing proof of its ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Registrar may incur. All Bonds so surrendered shall be canceled by the Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2002 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the operation of the System as herein provided. No Owner or Owners of any of the Series 2002 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2002 A Bonds or any interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2002 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. Such Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2002 A Bonds and the Prior Bonds and to make the payments into all funds and accounts

established by this Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2002 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2002 A Bonds to the original purchasers upon receipt of a request and authorization to the Bond Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2002 A Bonds to the original purchasers.

The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1997 A Bonds Sinking Fund, the amount required by the Prior Ordinance for payment of interest on the Prior Bonds.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission (i) for deposit in the Series 1997 A Bonds Sinking Fund, the amount required by the Prior Ordinance for payment of principal

of the Prior Bonds; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2002 A Bonds, for deposit in the Series 2002 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2002 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2002 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission (i) for deposit in the Series 1997 A Bonds Reserve Account, the amount required by the Prior Ordinance; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2002 A Bonds, if not fully funded upon issuance of the Series 2002 A Bonds, for deposit in the Series 2002 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2002 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2002 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2002 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, pay from the Revenue Fund, all current Operating Expenses of the System.

(5) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month (as required in the Prior Ordinance and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2002 A Bonds Sinking Fund shall be used only for the purpose of paying principal of and interest, if any, on the Series 2002 A Bonds as the same shall become due. Moneys in the Series 2002 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 2002 A Bonds as the same shall come due, when moneys in the Series 2002 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be returned, after fully funded, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2002 A Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due, if any, on the Series 2002 A Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2002 A Bonds Reserve Account which result in a reduction in the balance of such account to an amount below the Series 2002 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2002 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay any interest on such additional Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2002 A Bonds Sinking Fund or the Series 2002 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2002 A Bonds then Outstanding and all interest, if any, to accrue until the maturity thereof.

Interest, principal or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2002 A Bonds in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account created hereunder, and all amounts required for such accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority, the Issuer shall make the necessary arrangements whereby required payments into the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2002 A Bonds Sinking Fund and Series 2002 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Article VIII hereof.

The Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2002 A Bonds Outstanding under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments with respect to the Series 2002 A Bonds, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

C. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month), commencing with the payment set forth in Section 5.03.A.(2) hereof, remit to the Commission the Administrative Fee set forth in the Schedule Y attached to the Loan Agreement.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check or electronic transfer to the Authority by the 5th day of each calendar month.

E. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such longer period as shall be required by the Act, such excess shall be considered as surplus revenues (the "Surplus Revenue"). Surplus Revenues may be used for any lawful purpose of the System.

F. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges then due. If required by the Authority, the Issuer shall make the necessary arrangements whereby payments to the Commission under this paragraph shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

G. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

H. If, on any monthly payment date, the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments, in addition to the payments which would

otherwise be required to be made into the funds and accounts on the subsequent payment dates.

I. All remittances made by the Issuer to the Commission and the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

J. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

APPLICATION OF BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of the Series 2002 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2002 A Bonds, there shall be deposited with the Commission in the Series 2002 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution.

B. The remaining moneys derived from the sale of the Series 2002 A Bonds shall be deposited by the Issuer, as received from time to time, in the Series 2002 A Bonds Construction Trust Fund and shall be used solely to pay costs of the Project and until so expended, are hereby pledged as additional security for the Series 2002 A Bonds.

C. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2002 A Bonds shall be used as directed by the BPH.

Section 6.02. Disbursements from Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and the BPH a report listing the specific purposes for which the proceeds of the Series 2002 A Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2002 A Bonds Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the BPH of the following:

(1) A completed and signed "Payment Requisition Form," a form of which is attached to the Loan Agreement, in compliance with the construction schedule, and

(2) A certificate, signed by the Mayor and the Consulting Engineers, stating that:

(A) None of the items for which the payment is proposed to be made has formed the basis for any disbursements theretofore made;

(B) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a cost of the Project;

(C) Each of such costs has been otherwise properly incurred; and

(D) Payment for each of the items proposed is then due and owing.

Pending such application, moneys in the Series 2002 A Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions set forth in this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2002 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2002 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of Series 2002 A Bonds, or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2002 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Series 2002 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2002 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2002 A Bonds shall be secured by a first lien on the Gross Revenues derived from the operation of the System on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2002 A Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in this Bond Legislation, are hereby irrevocably pledged to such payments as they become due and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer duly enacted on October 22, 2002.

So long as the Series 2002 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all

such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and in compliance with the requirements of the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2002 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, except as provided in the Prior Ordinance. Additionally, so long as the Series 2002 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the BPH, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds then Outstanding in accordance with Article X hereof. The proceeds from such sale, mortgage, lease or other disposition of the System shall in accordance with Article X hereof immediately be remitted to the Commission for deposit in the appropriate Sinking Funds, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and any interest, if any, on the Bonds. Any balance remaining after the redemption or payment of all the Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission, unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds derived from any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and the Governing Body may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in

accordance with the laws of the State. The proceeds derived from any such sale shall be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Funds and shall be applied on to the redemption of Bonds of the last maturities then outstanding at prices not greater than the redemption price of such Bonds. Such payments of proceeds into the Renewal and Replacement Fund and the Sinking Funds shall not reduce the amounts required to be paid into said funds by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable out of Revenues and General Covenant Against Encumbrances. Except additional Parity Bonds provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2002 A Bonds. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such additional Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2002 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such additional Parity Bonds, being on a parity with the lien of the Series 2002 A Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2002 A Bonds and the interest, if any, thereon in this Bond Legislation or upon the System or any part thereof.

The Issuer shall give the Authority and the BPH prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no Parity Bonds payable out of the revenues of the System shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided and with the prior written consent of the BPH and the Authority.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2002 A Bonds.

No Parity Bonds shall be issued, except for the purpose of financing the costs of the design, acquisition or construction of extensions, additions, betterments or improvements to the System or refunding the Bonds or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided, from the System during any twelve (12) consecutive months within the eighteen (18) months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than one hundred fifteen percent (115%) of the largest aggregate amount that will mature and become due in any succeeding year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the three (3) succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such additional Parity Bonds.

The Net Revenues actually derived from the System during the twelve (12) consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2002 A Bonds and the Holders of any Parity Bonds subsequently issued, from time to time, within the limitations of and in compliance with this Section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective sources of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such additional Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2002 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this Section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2002 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation on account of the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the BPH, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System, at all reasonable times, for the purpose of audit and examination. The Issuer shall submit to the Authority and the BPH such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any

State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the BPH, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System, at all reasonable times, following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to the Bond Legislation shall have the right, at all reasonable times, to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books, and along with other bookkeeping records as prescribed by the Issuer.

The Issuer shall file with the Authority and the BPH, and shall mail in each year to any Holder or Holders of Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations Outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2002 A Bonds, and shall submit said report to the Authority and the BPH. Such audit report shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the Gross Revenues are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority or the BPH, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the BPH, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the BPH with respect to the System pursuant to the Act.

The Issuer shall provide the BPH with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in the Loan Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to issuance of the Series 2002 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient to comply with the rate coverage required by the Prior Ordinance, so long as the Prior Bonds are outstanding, and thereafter, sufficient (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest, if any, on the Series 2002 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2002 A Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit in the Series 2002 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2002 A Bonds, are funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest, if any, on the Series 2002 A Bonds.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall, annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the BPH within 30 days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made, except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the BPH and any Holder of any Bonds within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the BPH and any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds.

The Issuer shall, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project, each month complete a Monthly Financial Report, a form of which is attached to the Loan Agreement, and forward a copy of such report by the 10th of each month to the Authority and the BPH.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall obtain a certificate of the Consulting Engineers, in the form attached to the Loan Agreement, certifying that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the BPH and the Authority, the Project will be adequate for the purposes for which it was designed, the funding plan as submitted to the BPH and the Authority is sufficient to pay the costs of the acquisition and construction of the Project, and all permits required by federal and State laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the BPH covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the BPH and the Issuer, at the completion of construction of the Project, that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the DWTRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the BPH in writing of such receipt.

The Issuer shall require the Consulting Engineers to submit a final Operation and Maintenance Manual, as defined in the DWTRF Regulations, to the BPH when the Project is 90% completed. The Issuer shall, at all times, provide operation and maintenance of the System in compliance with any and all State and federal standards. The Issuer shall employ qualified operating personnel, properly certified by the State, before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the BPH in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges that shall become delinquent to the full extent permitted or authorized by the laws of the State or the rules and regulations of the PSC.

Whenever any fees, rates, rentals or other charges for the services or facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and any rules and regulations promulgated by the PSC applicable thereto, fees, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and any rules and regulations promulgated by the PSC applicable thereto, discontinue and shut off the services and facilities of the System to all delinquent users of the services and facilities of the System, and will not restore such services of the System until all delinquent charges for the services and facilities of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid, and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services, of any nature by its System, nor will any preferential rates be established for users of the same class; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or himself or herself of the

facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2002 A Bonds remain Outstanding, the Issuer shall, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties, or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract, if any, and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided for every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project, provided that the amounts and terms of such coverage are satisfactory to the BPH and the Authority. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the PSC, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer hereby covenants and agrees to complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and State requirements and standards.

The Issuer has obtained all permits required by State and federal laws necessary for the acquisition and construction of the Project, all requisite orders and approvals from the PSC and the Infrastructure Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for the issuance of the Series 2002 A Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance With Loan Agreement and Law. The Issuer hereby covenants and agrees to comply with, perform and satisfy all terms and conditions of the Loan Agreement, this Bond Legislation and the Act and to comply with all applicable laws, rules and regulations issued by the Authority, the BPH or other State, federal or local bodies in regard to the acquisition and construction of the Project and operation, maintenance and use of the System. Notwithstanding anything herein to the contrary, the Issuer will provide the BPH with copies of all documents submitted to the Authority.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Bondholders, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon delivery of the Series 2002 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Securities Laws Compliance. The Issuer shall provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Contracts; Public Releases. The Issuer shall, simultaneously with the delivery of the Series 2002 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

The Issuer shall list the funding provided by the BPH and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specified restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund". The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss of such liquidation. The Depository Bank may make any and all investments permitted by this section through its own trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments and shall distribute to the Issuer, at least once each year (or more often if requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2002 A Bonds are outstanding and as long as necessary to comply with the Code and to assure the exclusion of interest, if any, on the Series 2002 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2002 A Bonds as a condition to issuance of the Series 2002 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2002 A Bonds as may be necessary in order to maintain the status of the Series 2002 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2002 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority, the Council or the BPH, as the case may be, from which the proceeds of the Series 2002 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be

deemed necessary by the Issuer, or requested by the Authority, the Council or the BPH, to ensure compliance with the covenants and agreements set forth in this Section 8.02, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2002 A Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2002 A Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest, if any, on the Series 2002 A Bonds; or

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2002 A Bonds set forth in this Bond Legislation, any supplemental resolution, or in the Series 2002 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission or any bank or banking association holding any fund or account hereunder or a Holder of the Series 2002 A Bonds; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding, enforce all rights of such Registered Owners, including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity, require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity, enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2002 A Bonds shall be on a parity with the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Bondholder may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including the completion of the Project, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default, any Bondholder shall, in addition to all

other remedies or rights, have the right, by appropriate legal proceedings, to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and any interest thereon, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of the Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of the Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and Bondholders, and the curing and making good of any default under the provisions of the Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Registered Owners of the Series 2002 A Bonds, the principal of and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in the Bond Legislation, then the pledge of Gross Revenues and any other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners shall thereupon cease, terminate and become void and be discharged and satisfied.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Modification or Amendment. Prior to the issuance of the Series 2002 A Bonds, this Bond Legislation may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2002 A Bonds, no material modification or amendment of this Bond Legislation or of any ordinance or resolution amendatory hereof or supplemental hereto which would materially and adversely affect the rights of Registered Owners of the Series 2002 A Bonds shall be made without the consent in writing of the Registered Owners of the Series 2002 A Bonds then Outstanding; provided that, no change shall be made in the maturity of the Series 2002 A Bonds or the rate of interest, if any, thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the revenues of the System without the consent of the Registered Owner thereof. No amendment or modification shall be made which would reduce the percentage of the principal amount of the Series 2002 A Bonds required for consent to the above permitted amendments or modifications. Notwithstanding the foregoing, this Bond Legislation may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the exclusion of interest, if any, on the Series 2002 A Bonds from gross income of the holders thereof.

Section 11.02. Bond Legislation Constitutes Contract. The provisions of this Bond Legislation shall constitute a contract between the Issuer and the Registered Owners of the Series 2002 A Bonds and no change, variation or alteration of any kind of the provisions of this Bond Legislation shall be made in any manner, except as in this Bond Legislation provided.

Section 11.03. Severability of Invalid Provisions. If any section, paragraph, clause or provision of this Bond Legislation should be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Bond Legislation, the Supplemental Resolution and the Series 2002 A Bonds.

Section 11.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only and shall not affect in any way the meaning or interpretation of any provision hereof.

Section 11.05. Conflicting Provisions Repealed. Except for the Prior Ordinance, all ordinances, resolutions and orders, or parts thereof, in conflict with this Bond Legislation are, to the extent of such conflict, repealed; provided that, in the event of any conflict between this Bond Legislation and the Prior Ordinance, the Prior Ordinance shall

control (unless less restrictive), so long as the Prior Bonds are Outstanding.

Section 11.06. Covenant of Due Procedure. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the final enactment and passage of this Bond Legislation do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Mayor, the Recorder and members of the Governing Body were at all times when any actions in connection with this Bond Legislation occurred, and are, duly in office and duly qualified for such office.

Ladies and Gentlemen:

I have reviewed the water rates of the Town of Bath, West Virginia (the Issuer), enacted by the Issuer on January 1, 2006, the projected operating expenses and the anticipated customer usage provided by the Issuer and Thrasher Engineering, Inc. It is my opinion that such rates are sufficient (i) to provide for all operating expenses of the waterworks system of the Issuer and (ii) to leave a balance each fiscal year equal to at least 120% of the maximum amount required in any succeeding fiscal year for payment of principal of and interest, if any, on the Issuer's proposed Water Revenue Bonds, Series 2006 A (West Virginia DWTRF Program) and Series 2006 B (West Virginia Infrastructure Fund) (collectively, the Series 2006 Bonds), issued on the date hereof, and the Issuer's outstanding Water Revenue Refunding and Improvement Bonds, Series 1997 A and Water Revenue Bonds, Series 2002 A (West Virginia DWTRF Program) (collectively, the Prior Bonds).

It is further my opinion that the Net Revenues actually derived from the System during any 12 consecutive months within 18 months immediately preceding the date of the actual issuance of the Series 2006 Bonds, plus the estimated average increased annual Net Revenues to

be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2006 Bonds, will not be less that 115% of the largest aggregate amount that will mature and become due in any succeeding year for principal of and interest on the Prior Bonds and the Series 2006 Bonds.

Very truly yours,

Thomas A. Close, CPA

Re: Town of Bath Water Revenue Bonds,
Series 2006 A (West Virginia DWTRF Program)

Ladies and Gentlemen:

We have served as bond counsel to the Town of Bath (the "Issuer"), a municipal corporation, in connection with the issuance of its Water Revenue Bonds, Series 2006 A (West Virginia DWTRF Program), dated the date hereof (the "Bonds").

We have examined certified copies of proceedings and other papers relating to the authorization of (i) a loan agreement for the Bonds dated August 29, 2006, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Bureau for Public Health (the "BPH"), and (ii) the Bonds to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are issued in the principal amount of $1,250,000, in the form of one bond, registered to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1, and December 1 of each year, commencing September 1, 2007, all as set forth in the Schedule Y attached to the Loan Agreement and incorporated in and made a part of the Bonds. The Bonds are subject to the Administrative Fee equal to 1% of the principal amount of the Bonds as set forth in the Schedule Y attached to the Loan Agreement.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 19 and Chapter 16, Article 13C of the Code of West Virginia, 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain additions, betterments and improvements to the existing waterworks system of the Issuer (the "Project") and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act and a Bond Ordinance duly passed by the Issuer on August 14, 2006, effective August 28, 2006, as supplemented by a Supplemental Resolution duly adopted by the Issuer on August 28, 2006 (collectively, the "Ordinance"), pursuant to and under which Act and Ordinance the Bonds are authorized and issued, and the Loan Agreement is entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Ordinance and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Ordinance and in the Loan Agreement when used herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and presently existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to enact the Ordinance and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof.

3. The Loan Agreement inures to the benefit of the Authority and the BPH and cannot be amended so as to affect adversely the rights of the Authority or the BPH or diminish the obligations of the Issuer without the written consent of the Authority and the BPH.

4. The Issuer has legally and effectively enacted the Ordinance and adopted all other necessary resolutions in connection with the issuance and sale of the Bonds. The Ordinance constitutes a valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with their terms thereof and contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System and secured by a first lien on and pledge of the Gross Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Prior Bonds, all in accordance with the terms of the Bonds and the Ordinance.

6. Under the Act, the Bonds and any interest thereon are exempt from all taxation by the State of West Virginia, or any county, municipality or county commission, political subdivision or agency thereof.

7. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

No opinion is given herein as to the effect upon enforceability of the Bonds under any applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or in the exercise of judicial discretion or principles of equity in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1 and in our opinion, the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Jackson Kelly PLLC

Re: Town of Bath Water Revenue Bonds,
Series 2006 A (West Virginia DWTRF Program) and
Series 2006 B (West Virginia Infrastructure Fund)

Ladies and Gentlemen:

I am counsel to the Town of Bath in Morgan County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Jackson Kelly PLLC, as bond counsel, relating to the above-captioned bonds of the Issuer (collectively, the "Bonds"), a loan agreement for the Series 2006 A Bonds, dated August 29, 2006, including all schedules and exhibits attached thereto, by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Bureau for Public Health (the "BPH"), a loan agreement for the Series 2006 B Bonds, dated August 29, 2006, including all schedules and exhibits attached thereto, by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") (collectively, the "Loan Agreement"), a Bond Ordinance duly passed by the Issuer on August 14, 200, effective August 28, 2006, as supplemented by a Supplemental Resolution duly adopted by

the Issuer on August 28, 2006 (collectively, the "Ordinance"), and other documents relating to the Bonds and the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Loan Agreement and the Ordinance when used herein.

I am of the opinion that:

1. The Issuer is a duly created and presently existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System and to enact the Ordinance, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The Mayor, Recorder and members of the Council of the Issuer have been duly, lawfully and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Ordinance has been duly adopted and enacted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Ordinance, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach or default under any ordinance, resolution, order, agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite permits, orders, consents, certificates and approvals from the BPH, the Infrastructure Council and the Public Service Commission of West Virginia (the "PSC"). The Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of an ordinance prescribing such rates and charges. The Issuer has received the PSC order entered on May 10, 2006, in Case No. 05-1801-W-CN, among other things, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of such order has expired.

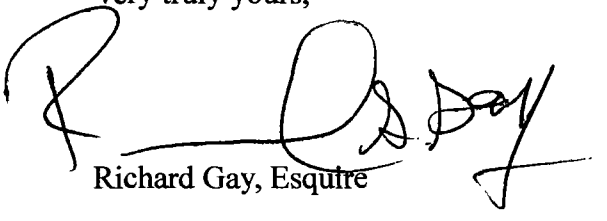
7. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the

transactions contemplated by the Loan Agreement, the Bonds and the Ordinance, the acquisition and construction of the Project, the operation of the System, or the validity of the Bonds or the collection or pledge of the Gross Revenues for the payment of the Bonds.

8. All successful bidders have made the required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds will be verified prior to the issuance of the contract to the successful bidder, i.e., "Cowgirl Up, Inc.," for accuracy. Based upon my review of the bid proposal, the form of the contract to be executed (excluding the general terms and conditions, and plans and specifications), the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, it is my opinion that the contracts, surety bonds and policies, upon the finalization of the contract between Cowgirl Up, Inc. and the Town of Bath, and Thrasher Engineering, Inc., will (1) be in compliance with the contracts; (2) be adequate in form, substance and amount to protect the various interest of the Issuer; (3) be executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Ordinance and the Loan Agreement; and (5) constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,



Richard Gay, Esquire

Re: Town of Bath Water Revenue Bonds,
Series 2006 A (West Virginia DWTRF Program) and
Series 2006 B (West Virginia Infrastructure Fund)

Ladies and Gentlemen:

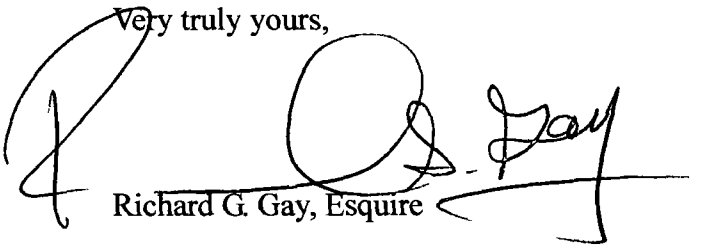
Pursuant to your request for a title opinion on the rights of way for the replacement of the waterlines project, I am providing you with this letter.

The engineering firm for the Town of Bath, Thrasher Engineering, has assured this office that no private rights of way were required to proceed with the waterline replacement project; therefore, no title opinion is necessary. All rights of way in which the waterlines are being replaced are owned by the State of West Virginia.

Further, the Town of Bath, through Thrasher Engineering, has obtained all necessary permits from the West Virginia Division of Highways however, the permits do not become effective until the Town of Bath provides the them with a performance bond. The performance bond will be delivered to the West Virginia Division of Highways on August 30, 2006.

If you have any questions, please do not hesitate to call.

Very truly yours,



Richard G. Gay, Esquire
