BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Berkeley County Public Service Sewer District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Berkeley County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewerage system of the Issuer, consisting of installing collection lines, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewerage facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System").

C. The Issuer intends to permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund program (the "SRF Program"), pursuant to the Act, in order to take advantage of the favorable terms available to the Issuer under the SRF Program.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds, Series 2002 A (West Virginia SRF Program), in the aggregate principal amount of not more than \$750,000 (the "Series 2002 A Bonds"), initially to be represented by a single bond, to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; amounts which may be deposited in the Series 2002 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2002 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the cost of design of the Project, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2002 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 35 years.

F. It is in the best interests of the Issuer that its Series 2002 A Bonds be sold to the Authority pursuant to the terms and provisions of a bond purchase agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), in form satisfactory to the Issuer, the Authority and the DEP (the "Bond Purchase Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank either on a parity with or junior and subordinate to the Series 2002 A Bonds as to liens, pledge and source of and security for payment, which obligations are designated and have the lien positions with respect to the Series 2002 A Bonds as follows:

Monies in the Series 2002 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 2002 A Bonds as the same shall come due, when other monies in the Series 2002 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due, if any, on the Series 2002 A Bonds, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2002 A Bonds Reserve Account which result in a reduction in the balance therein below the Series 2002 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2002 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2002 A Bonds Sinking Fund or the Series 2002 A Bonds Reserve Account therein when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2002 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve account payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2002 A Bonds and the First Lien Bonds, thereafter, with respect to the Second Lien Bonds, thereafter, with respect to the Third Lien Bonds, and thereafter, with respect to the Fourth Lien Bonds in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2002 A Bonds Sinking Fund and the Series 2002 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2002 A Bonds Sinking Fund, including the Series 2002 A Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2002 A Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve account payments with respect to the Series 2002 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Bond Purchase Agreement as Exhibit F, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in any of the funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

So long as the Series 2002 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such

actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2002 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolutions. Additionally, so long as the Series 2002 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2002 A Bonds, immediately be remitted to the Commission for deposit in the Series 2002 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2002 A Bonds. Any balance remaining after the payment of the Series 2002 A Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority,

be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2002 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2002 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2002 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2002 A Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2002 A Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. Additionally, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2002 A Bonds pursuant to this Bond Legislation, except with the prior written consent of DEP and the Authority under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2002 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition, or construction of extensions and improvements to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding;
and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds; provided that, so long as the Series 1996 D Bonds are outstanding, for purposes of this test, the Issuer may only take into account 75% of the "estimated average increased annual Net Revenues to be received in each of the three succeeding years" to the extent such increased Net Revenues are expected to be derived from an increase in the number of users to be served by the Project financed by such additional Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the

System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 2002 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2002 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the cost of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof or if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2002 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2002 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2002 A Bonds, and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2002 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and facilities at all reasonable times prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the DEP and the Authority, or their agents and representatives, with access to the System site and facilities, as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in EXHIBIT E of the Bond Purchase Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2002 A Bonds, equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2002 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or junior to the Series 2002 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 2002 A Bonds Reserve Account and any reserve accounts for obligations on a parity with or junior to the Series 2002 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2002 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or junior to the Series 2002 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the DEP and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement as Exhibit B, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the

water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Bond Purchase Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the DEP, the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP and the Issuer shall verify such insurance prior to commencement of construction. In the event the Bond Purchase Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2002 A Bonds required by state law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. [RESERVED]

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2002 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2002 A Bonds, and shall be on a parity with the statutory mortgage lien in favor of the Holders of the First Lien Bonds and senior to the statutory mortgage lien in favor of the Holders of the Second Lien Bonds, the Third Lien Bonds and the Fourth Lien Bonds.

Section 7.20. Compliance with Bond Purchase Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms, conditions and requirements of the Bond Purchase Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority.

The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2002 A Bonds held in "contingency" as set forth in the respective schedules attached to the Certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the DEP before expending any proceeds of the Series 2002 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding provided by the DEP and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2002 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2002 A Bonds as a condition to issuance of the Series 2002 A Bonds. (e) The Local Government shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and DEP shall have received a certificate of the Consulting Engineers to such effect;

(f) The Local Government shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(g) The Local Government shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(h) The Local Government shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and DEP shall have received a certificate of the accountant for the Local Government, or such other person or firm experienced in the finances of local governments and satisfactory to the Authority and DEP, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and DEP shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of wastewater treatment projects and satisfactory to the Authority and DEP, to such effect, such certificate to be in form and substance satisfactory to the Authority and DEP, and evidence satisfactory to the Authority and DEP of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Bond Purchase Agreement, the rules and regulations promulgated by the Authority and DEP, including the SRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall purchase the Local Bonds of the Local Government and the Local Government shall issue and sell the Local Bonds to the Authority, and in furtherance thereof it is agreed that the Local Government shall sell to the Authority and the Authority shall purchase the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Local Bonds shall be secured and shall be repaid in the manner hereinafter provided in this Bond Purchase Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Government by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, DEP and the Local Government. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Closing." Notwithstanding the foregoing, the Date of Closing shall in no event occur more than ninety (90) days after the date of execution of this Bond Purchase Agreement by the Authority or such later date as is agreed to in writing by DEP.

3.5 The Local Government understands and acknowledges that it is one of several local governments which have applied to the Authority and DEP for financing of wastewater treatment projects and that the obligation of the Authority to purchase the Local Bonds is subject to the Local Government's fulfilling all of the terms and conditions of this Bond Purchase Agreement on or prior to the Date of Closing and to the requirements of the Program. The Local Government specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to such purchase, the Authority may purchase the bonds of other local governments set out in the State Project Priority List, as defined in the SRF Regulations. The Local Government further specifically recognizes that all bonds will be purchased in conjunction with the SRF Regulations and with the prior approval of DEP.

3.6 The Local Government shall provide DEP with the appropriate documentation to comply with the special conditions regarding the public release and audit requirements, established by federal and State regulations as set forth in Exhibit E attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Local Bonds; Repayment of Local Bonds; Interest on Local Bonds; Fees and Charges

4.1 The Local Government shall, as one of the conditions of the Authority and DEP to purchase the Local Bonds, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Government in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the net or gross revenues of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Government shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the SRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole or substantially as a whole, provided that the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of such System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Government shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall

not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and DEP; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Local Government will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Government will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Government under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that the Local Government is in compliance with the terms and provisions of the Local Act and this Bond Purchase Agreement and that the Local Government's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and

maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and DEP is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider; and

(xxi) That the Local Government shall submit all proposed change orders to the DEP for written approval. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Local Bonds shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Closing. The remaining proceeds of the Local Bonds shall be advanced by the DEP monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date

as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to purchase the Local Bonds shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to purchase the Local Bonds.

ARTICLE V

Certain Covenants of the Local Government;
Imposition and Collection of User Charges;
Payments To Be Made by
Local Government to the Authority

5.1 The Local Government hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Bond Purchase Agreement and the Local Act. The Local Government hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to purchase the Local Bonds, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to Section 4.2 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Local Bonds next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Government

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by the Local Government in the terms and covenants of this Bond Purchase Agreement, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Bond Purchase Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this Bond Purchase Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does

not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's purchasing and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this Bond Purchase Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the issuance of the Local Bonds shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the SRF Regulations or this Bond Purchase Agreement.

6.3 The Local Government hereby agrees to repay on or prior to the Date of Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Local Bonds.

6.4 The Local Government hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Government fails to make any such rebates as required, then the Local Government shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and DEP may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local Government to be monitored or cause the rebate calculations for the Local Government to be prepared, in either case at the expense of the Local Government.

6.6 The Local Government hereby agrees to give the Authority and DEP prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Government hereby agrees to file with the Authority and DEP upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this Bond Purchase Agreement by the Authority as soon as practicable after the Date of Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Bond Purchase Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Bond Purchase Agreement, and this Bond Purchase Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Bond Purchase Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Bond Purchase Agreement.

7.4 No waiver by any party of any term or condition of this Bond Purchase Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Bond Purchase Agreement.

7.5 This Bond Purchase Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Local Bonds and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Bond Purchase Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Bond Purchase Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by DEP if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Local Bonds and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Local Bonds purchased under this Bond Purchase Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to purchase the Local Bonds. In the event funds are not appropriated or otherwise available to purchase all of the Local Bonds, the responsibility of the Authority and DEP to purchase the Local Bonds is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Local Bonds is not terminated due to such non-funding on any balance of the Local Bonds. The DEP agrees to use its best efforts to have the amount contemplated under this Bond Purchase Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this Bond Purchase Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Bond Purchase Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

Instructions for Completing Monthly Financial Report

1. You will need a copy of the current fiscal year budget adopted by the Local Government to complete Items 1 and 2. In Item 1, provide the amount of actual gross revenues for the current month and the total amount year to date in the respective columns. Divide the budgeted annual gross revenues by 12. For example, if gross revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($1200/12$). This is the incremental amount for the Budget Year to Date column.
2. In Item 2, provide the amount of actual operating expenses for the current month and the total amount year to date in the respective columns. The SRF administrative fee should be included in the operating expenses. Divide the budgeted annual operating expenses by 12. For example, if operating expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($900/12$). This is the incremental amount for the Budget Year to Date column.
3. In Item 3, provide the principal, interest and reserve account payments for all the outstanding bonds of the Local Government other than this Bond.
4. In Item 4, provide the principal, interest and reserve account payments for this Bond. You need to call the Municipal Bond Commission for the exact amount of these payments and when they begin.
5. In Item 5, provide the amount deposited into the Renewal and Replacement Fund each month. This amount is equal to 2.5% of gross revenues minus the total reserve account payments included in Items 3 and 4. If gross revenues are \$12,000, the Renewal and Replacement Fund should have an amount of \$300 (2.5% of \$12,000), LESS the amount of all reserve account payments in Items 3 & 4. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Government.
6. The Local Government must complete the Monthly Financial Report and forward it to the DEP by the 10th day of each month, commencing on the date contracts are executed for the construction of the Project and for 2 years following the completion of the Project. DEP will notify the Local Government when the Monthly Financial Report no longer needs to be filed.

West Virginia Department of Environmental Protection
1560 Kanawha Boulevard, East
Charleston, WV 25311

Ladies and Gentlemen:

We are bond counsel to _____ (the "Local Government"), a
_____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a bond purchase agreement dated _____, _____, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), among the Local Government, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and (ii) the issue of a series of revenue bonds of the Local Government, dated _____, _____ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Local Bonds are issued in the principal amount of \$ _____, in the form of one bond, registered as to principal only to the Authority, with principal payable quarterly on March 1, June 1, September 1, and December 1 of each year, beginning _____ 1, _____, and ending _____ 1, _____, all as set forth in the "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Local Government on _____, as supplemented by the

supplemental resolution duly adopted by the Local Government on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Bond Purchase Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government enforceable in accordance with the terms thereof.
2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.
3. The Local Government is a duly organized and presently existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.
4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Local Government and constitute valid and binding obligations of the Local Government enforceable against the Local Government in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.
5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid, legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.
6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the Public Service Commission of West Virginia, in the City of Charleston, on the 30th day of April, 1999.

CASE NO. 98-1484-PSD-CN

BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT,
a public utility,

Application for a certificate of convenience and necessity to provide sewer services to certain customers, including residences and businesses, located in the Inwood area of Berkeley County, and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area of Berkeley County.

COMMISSION ORDER

On February 19, 1999, Berkeley County Public Service Sewer District (District), a public utility, filed an application for a certificate of convenience and necessity to provide sewer services to certain customers, including residences and businesses, located in the Inwood area of Berkeley County, and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area of Berkeley County.

In the Inwood area, the project shall consist of the installation of approximately fifty (50) miles of sewer lines, ranging up to 36 inches in diameter, and construction of a 750,000 gallon (per day) Sequencing Batch Reactor ("SBR") wastewater treatment plant. The proposed SBR treatment plant and sewer lines in the Inwood area will provide service to approximately 1,208 customers.

In the Opequon/Hedgesville area, the project shall consist of the replacement of up to 2,000 feet of influent sewer line and the conversion and expansion of the existing Opequon/Hedgesville wastewater treatment plant with a 1.6 million gallon (per day) SBR wastewater treatment plant. The replacement sewer line and SBR wastewater treatment plant

to be constructed in the Opequon/Hedgesville area will upgrade sewer service to existing customers. There will be no new customers added in this area.

The proposed project is estimated to cost approximately \$27,851,902.00, to be financed as follows: State Revolving Fund loan in the amount of \$21,074,865, at 0% interest, for a term of twenty years, plus an administrative fee of 1% per annum and a bond anticipation note in the amount of \$6,777,037 from the West Virginia Infrastructure and Jobs Development Council. The District also received interim financing in the amount of \$3,500,000.00 from F & M Bank in Martinsburg, West Virginia.

In a Final Joint Staff Memorandum filed April 28, 1999, Staff found the proposed project to be economically feasible. Staff indicated that it increased revenues by 24.8% based upon the District's cost of service, as approved in Case No. 98-1395-PSD-42T, and estimated expense and debt service projections supplied by the District. Final Joint Staff Memorandum, April 28, 1999. These rates equate to an average bill of \$37.34 per 4,500 gallons of water used. Id. Staff submitted a cash flow analysis, projecting Staff-recommended cost of service, as well as its recommended tariff. The Staff Recommended Tariff is attached hereto as "Appendix A."

In a Notice of Filing entered February 22, 1999, the District was ordered to give notice of the filing of its application by publishing a copy of the Notice of Filing once in a newspaper duly qualified by the Secretary of State, published and of general circulation in Berkeley County, making due return to this Commission of proper certification of publication immediately after publication.

The Notice of Filing further provided that anyone desiring to make objections to the District's application must do so in writing within thirty (30) days after the publication of the notice and, if no protests are received within the thirty (30) day period, the Commission may waive formal hearing and grant the District's application based upon the evidence submitted with the application.

On March 22, 1999, the District filed a Certificate of Publication, which indicated that notice of the filing of the District's application was published in The Journal, a newspaper published in the City of Martinsburg, West Virginia, on February 25, 1999.

Following publication of the notice of the filing of the District's application, the Commission received a Petition to Intervene and Request for Hearing on behalf of the Sylvan Grove Waste Treatment Center, Inc. (Sylvan Grove), another sewer utility regulated by this Commission. In addition, seven (7) protests were filed within the protest period.

Sylvan Grove has been formally excluded from the scope of this certificate project. Accordingly, on April 22, 1999, Sylvan Grove filed a letter with the Commission, withdrawing its Petition to Intervene and Request for Hearing.

With regard to the individual protestors, Staff has confirmed that five (5) of the protestors are sewer customers of Sylvan Grove. Final Joint Staff Memorandum, April 28, 1999. Thus, Staff believes that they have no standing in this certificate case and that the Commission should disregard their protests. Id.

Similarly, Staff believes that the letter from protestor Douglas Montgomery, an owner/broker for the Phenix Group, LLC, is not a valid protest. Mr. Montgomery indicates he is an agent for several individual, though unnamed, property owners in the Inwood and Opequon/Hedgesville areas. Id. Staff explained that Mr. Montgomery filed nothing which addresses either the scope of his agency contract with the property owners or his authority to file a protest on their behalf. Id. Staff, therefore, believes that the Commission should disregard the protest filed by Mr. Montgomery. Id.

Protestor Irving M. Byers' letters of January 12, 1999 and March 19, 1999 relate to a sewer project previously approved by the Commission, Case No. 94-0263-PSD-CN, and do not specifically address the present proposed project. Id. As such, Staff believes Mr. Byers' letters of protest to be irrelevant and invalid. Id. Thus, Staff recommends that the Commission disregard Mr. Byers' protests to the current proposed project. Id.

Finally, according to Staff, the District has applied for a modification to its West Virginia/National Pollutant Discharge Elimination System (WV/NPDES) Permit for the Opequon/Hedgesville plant and for a NPDES Permit for the proposed Inwood project area. Id. These permits will be completed no earlier than June 15, 1999 and no later than July 1, 1999. Id.

Staff opines that an upgrade of the existing treatment plant serving the Opequon/Hedgesville area, which is operating at or above design capacity, is necessary to provide additional capacity for that area of the District's public sewer system. Id. Staff further opines that there is a serious ground water contamination problem in the Inwood area, which is caused by a high failure rate of private septic systems. Id. Finally, according to Staff, the proposed project will not impose an undue financial burden on the District or its customers. Id.

Based upon the foregoing, Staff recommends that the Commission: (1) grant the District's application for a certificate of convenience and necessity for the proposed project, contingent upon the granting of the two (2) NPDES Permits discussed above; (2) approve borrowing not to exceed \$27,851,902.00; (3) approve the borrowing from the F & M Bank

in Martinsburg, West Virginia for an amount not to exceed \$3,500,00.00 in interim financing; (4) require the District to seek Commission consent and approval should there be any change in the cost, scope or financing of the project; and (5) waive formal hearing on the application.

DISCUSSION

The Commission finds the proposed project to be necessary to the health and living conditions of the residents of the Inwood and Opequon/Hedgesville areas. The Commission further finds, based upon Staff's review and recommendation, that the project is financially feasible and will not impose an undue burden upon the District's customers. The Commission will therefore grant the District's application for a certificate of convenience and necessity, pursuant to Staff's recommendation, and will further adopt Staff's recommended tariff, attached hereto as "Appendix A."

FINDINGS OF FACT

1. On February 19, 1999, Berkeley County Public Service Sewer District (District), a public utility, filed an application for a certificate of convenience and necessity to provide sewer services to certain customers, including residences and businesses, located in the Inwood area of Berkeley County, and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area of Berkeley County.

2. In the Inwood area, the project shall consist of the installation of approximately fifty (50) miles of sewer lines, ranging up to 36 inches in diameter, and construction of a 750,000 gallon (per day) Sequencing Batch Reactor ("SBR") wastewater treatment plant. The proposed SBR treatment plant and sewer lines in the Inwood area will provide service to approximately 1,208 customers.

3. In the Opequon/Hedgesville area, the project shall consist of the replacement of up to 2,000 feet of influent sewer line and the conversion and expansion of the existing Opequon/Hedgesville wastewater treatment plant with a 1.6 million gallon (per day) SBR wastewater treatment plant. The replacement sewer line and SBR wastewater treatment plant to be constructed in the Opequon/Hedgesville area will upgrade sewer service to existing customers. There will be no new customers added in this area.

4. The proposed project is estimated to cost approximately \$27,851,902.00, to be financed as follows: State Revolving Fund loan in the amount of \$21,074,865, at 0% interest, for a term of twenty years, plus an administrative fee of 1% per annum and a bond anticipation note in the amount of \$6,777,037 from the West Virginia Infrastructure and Jobs

Development Council. The District also received interim financing in the amount of \$3,500.00.00 from F & M Bank in Martinsburg, West Virginia.

5. In a Final Joint Staff Memorandum filed April 28, 1999, Staff found the proposed project to be economically feasible. Staff indicated that it increased revenues by 24.8%, based upon the District's cost of service, as approved in Case No. 98-1395-PSD-42T, and estimated expense and debt service projections supplied by the District. Final Joint Staff Memorandum, April 28, 1999. These rates equate to an average bill of \$37.34 per 4,500 gallons of water used. Id. Staff submitted a cash flow analysis, projecting Staff-recommended cost of service, as well as its recommended tariff. The Staff Recommended Tariff is attached hereto as "Appendix A."

6. In a Notice of Filing entered February 22, 1999, the District was ordered to give notice of the filing of its application by publishing a copy of the Notice of Filing once in a newspaper duly qualified by the Secretary of State, published and of general circulation in Berkeley County, making due return to this Commission of proper certification of publication immediately after publication.

7. The Notice of Filing further provided that anyone desiring to make objections to the District's application must do so in writing within thirty (30) days after the publication of the notice and, if no protests are received within the thirty (30) day period, the Commission may waive formal hearing and grant the District's application based upon the evidence submitted with the application.

8. On March 22, 1999, the District filed a Certificate of Publication, which indicated that notice of the filing of the District's application was published in The Journal, a newspaper published in the City of Martinsburg, West Virginia, on February 25, 1999.

9. Following publication of the notice of the filing of the District's application, the Commission received a Petition to Intervene and Request for Hearing on behalf of the Sylvan Grove Waste Treatment Center, Inc. (Sylvan Grove), another sewer utility regulated by this Commission. In addition, seven (7) protests were filed within the protest period.

10. Sylvan Grove has been formally excluded from the scope of this certificate project. Accordingly, on April 22, 1999, Sylvan Grove filed a letter with the Commission, withdrawing its Petition to Intervene and Request for Hearing.

11. With regard to the individual protestors, Staff has confirmed that five (5) of the protestors are sewer customers of Sylvan Grove. Final Joint Staff Memorandum, April 28, 1999. Thus, Staff believes that they have no standing in this certificate case and that the Commission should disregard their protests. Id.

12. Similarly, Staff believes that the letter from protestor Douglas Montgomery, an owner/broker for the Phenix Group, LLC, is not a valid protest. Mr. Montgomery indicates he is an agent for several individual, though unnamed, property owners in the Inwood and Opequon/Hedgesville areas. Id. Staff explained that Mr. Montgomery filed nothing which addresses either the scope of his agency contract with the property owners or his authority to file a protest on their behalf. Id. Staff, therefore, believes that the Commission should disregard the protest filed by Mr. Montgomery. Id.

13. Protestor Irving M. Byers' letters of January 12, 1999 and March 19, 1999 relate to a sewer project previously approved by the Commission, Case No. 94-0263-PSD-CN, and do not specifically address the present proposed project. Id. As such, Staff believes Mr. Byers' letters of protest to be irrelevant and invalid. Id. Thus, Staff recommends that the Commission disregard Mr. Byers' protests to the current proposed project. Id.

14. Finally, according to Staff, the District has applied for a modification to its West Virginia/National Pollutant Discharge Elimination System (WV/NPDES) Permit for the Opequon/Hedgesville plant and for a NPDES Permit for the proposed Inwood project area. Id. These permits will be completed no earlier than June 15, 1999 and no later than July 1, 1999. Id.

15. Staff opines that an upgrade of the existing treatment plant serving the Opequon/Hedgesville area, which is operating at or above design capacity, is necessary to provide additional capacity for that area of the District's public sewer system. Id. Staff further opines that there is a serious ground water contamination problem in the Inwood area, which is caused by a high failure rate of private septic systems. Id. Finally, according to Staff, the proposed project will not impose an undue financial burden on the District or its customers. Id.

16. Staff recommends that the Commission: (1) grant the District's application for a certificate of convenience and necessity for the proposed project, contingent upon the granting of the two (2) NPDES Permits discussed above; (2) approve borrowing not to exceed \$27,851,902.00; (3) approve the borrowing from the F & M Bank located in Martinsburg, West Virginia for an amount not to exceed \$3,500,000.00 in interim financing; (4) require the District to seek Commission consent and approval should there be any change in the cost, scope or financing of the project; and (5) waive formal hearing on the application.

CONCLUSIONS OF LAW

1. The Commission will grant the District a certificate of convenience and necessity for the project, contingent upon the granting of the two NPDES permits described herein.

2. The Commission will approve borrowing not to exceed \$27,851,902.00 to finance the project.

3. The Commission will approve the borrowing from the F & M Bank in Martinsburg, West Virginia, for an amount not to exceed \$3,500,000.00

4. The Commission will waive formal hearing on the application.

5. The Commission will require the District to seek Commission consent and approval should there be any change in the cost, financing or scope of the project.

6. The Commission will adopt Staff's recommended tariff, attached hereto as "Appendix A."

COMMISSION ORDER

PROCEDURE AND DISCUSSION

On May 24, 1999, Berkeley County Public Service Sewer District (District) filed a petition requesting the West Virginia Public Service Commission's (Commission) approval to reopen and to amend its sewer tariff. The sewer tariff was originally approved by the Commission's April 30, 1999, Order in this certificate case. The District is asking the Commission to amend two (2) portions of its approved sewer tariff.

The first amendment corrects the manner in which the District's disconnection and reconnection fees are listed and makes minor revisions to the tariff language for both of these fees. The second amendment corrects the volumetric charge to reflect the new, Commission approved charge applicable to the surcharge formula to be applied where surface drainage is connected to the District's sewer system.

On June 4, 1999, Commission Staff recommended this case be reopened and that the changes requested, which are merely technical in nature, be approved.

Upon review, the Commission finds it reasonable to reopen this matter for the purpose of amending the Commission's April 30, 1999 order to correct the manner in which the District's disconnection and reconnect fee are listed, and to correct the volumetric charge as it applies to the surcharge formula. Attached, as Appendix A, is the District's revised tariff which should be substituted for the previously approved tariff in this case.

FINDINGS OF FACT

1. On May 24, 1999, Berkeley County Public Service Sewer District filed a petition requesting the West Virginia Public Service Commission's approval to reopen and to amend its sewer tariff.
2. The first amendment corrects the manner in which the District's disconnection and reconnection fees are listed and makes minor revisions to the tariff language for both of these fees. 4. On June 4, 1999, Commission Staff recommended this case be reopened and that the changes requested, which are merely technical in nature, be approved.

CONCLUSION OF LAW

It is fair and reasonable to reopen this matter for the purpose of amending the Commission's April 30, 1999 order to correct the manner in which the District's disconnection and reconnect fee are listed, and to correct the volumetric charge as it applies to the surcharge formula.

COMMISSION ORDER

In an order entered April 30, 1999, the Commission granted the Berkeley County Public Service District's (District) application for a certificate of convenience and necessity to provide sewer service to certain customers, including residences and businesses, located in the Inwood area and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area. Commission Order, April 30, 1999. The Commission further approved, among other things, loan financing for the projects not to exceed \$27,851,902.00 and directed the District to seek Commission consent and approval should there be any change in the cost, financing or scope of the approved project. *Id.*

On October 13, 1999, the District filed a Petition to Reopen Certificate Case in Order to Approve Increased Borrowing, due to the receipt of competitive bids and other factors. Specifically, the District seeks to increase its borrowing authority to \$32,707,296.00. Petition to Reopen Certificate Case in Order to Approve Increased Borrowing, October 13, 1999. According to the District, the increased project costs will be financed by the following: (1) a West Virginia Infrastructure and Jobs Development Council Bond Anticipation Note in the amount of \$2,000,000.00, at zero percent (0%) interest, with no principal payments due, subject to a five (5) year review; and (2) a State Revolving Fund loan in the amount of \$30,707,296.00, for a term of thirty (30) years, at zero percent (0%) interest and a one-half percent (0.5%) administrative fee. *Id.*

In an Initial and Final Joint Staff Memorandum, filed October 18, 1999, Staff recommended that this revised lending package be approved, as the total debt service requirement for these projects is relatively unchanged and will have no impact on previously-approved rates. Initial and Final Joint Staff Memorandum, October 18, 1999.

The Commission will grant the petition to reopen and the revised funding package for the projects, as recommended by Staff.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

FINAL
04-01-02
By Commission Order

Entered: March 22, 2002

CASE NO. 98-1484-PSD-CN (REOPENED)

BERKELEY COUNTY PUBLIC SERVICE DISTRICT,
a public utility.

Certificate application to provide sewer service to certain customers, including residences and businesses, located in the Inwood area, and upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area.

RECOMMENDED DECISION

By Commission Order dated April 30, 1999, the Commission granted the Berkeley County Public Service District (District) a certificate of convenience and necessity to provide sewer service to certain customers, including residences and businesses, located in the Inwood area, and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area. The Commission further approved, among other things, loan financing for the projects not to exceed \$27,851,902 and it directed the District to seek Commission consent and approval should there be any change in the cost, financing or scope of the approved project.

On October 13, 1999, the District filed a Petition to Reopen this proceeding in order to modify the project cost and to seek approval of additional borrowing. Due to the receipt of higher than expected competitive bids and other factors, the project engineers had increased the total cost of the combined projects to \$32,707,296.

By Commission Order dated October 22, 1999, the Commission granted the District's petition to reopen, increased the approved total cost of the combined projects to \$32,707,296 and increased the District's authority to borrow and finance the combined projects, as follows, to-wit:

1. A West Virginia Infrastructure and Jobs Development Council Bond Anticipation Note in the principal amount of \$2,000,000, at zero percent (0%) interest, with no principal payments due, subject to a five (5) year review; and

2. A State Revolving Fund Loan in the principal amount of \$30,707,296, for a term of thirty (30) years, at zero percent (0%) interest, and a one-half percent (0.5%) administrative fee.

The District was also once again directed to seek Commission consent and approval should there be any change in the cost, financing or scope of the approved project.

On January 25, 2002, the District filed a Second Petition to Reopen. In support of the petition, the District stated that construction of the combined projects (to the extent possible utilizing the previously approved funding) had been completed. However, due to rapid economic growth in the certificated area of Phase I of the Inwood Sewer Project, the number of existing potential customers in the certificated area increased by eighty-nine percent (89%) during the course of the project - from 1,208 to 2,283 residential and commercial customers. As a result, the approved funding for the combined projects was not sufficient to provide public sewer service to all existing, potential customers in the certificated project area. In order to properly complete Phase I of the Inwood Sewer Project, the District stated that it would need an additional \$750,000 in funding and borrowing authority. The West Virginia Division of Environmental Protection had verbally agreed to provide the additional funding needed to complete the project in the form of an additional or supplemental State Revolving Fund Loan in the principal amount of \$750,000, with a term of thirty (30) years, at zero percent (0%) interest, and a one-half percent (0.5%) administrative fee. It was noted in the District's cover letter that the additional borrowing authority requested would not necessitate an increase in the District's existing rates and that no request for a modification of its existing tariff was being made. Accordingly, it was requested that this proceeding be reopened, that the total approved project cost be increased to \$33,457,296 and that the previously approved borrowing authority be increased by \$750,000.

On February 25, 2002, the District filed a Pro Forma Cash Flow Analysis and an Inwood Wastewater Project Collection System EDU (Equivalent Dwelling Unit) Verification Report.

On March 5, 2002, Mike Johnson, P.E., Assistant Chief, West Virginia Department of Environmental Protection, Division of Water Resources (DEP), filed a letter stating that it was DEP's intention to offer the District a supplemental loan not to exceed \$750,000 on the same terms and conditions of the original loan, i.e., a 30 year term zero percent (0%) in interest rate and one-half percent (0.5%) administrative fee.

On March 6, 2002, Staff Attorney Ronald E. Robertson, Jr., filed an Initial and Final Joint Staff Memorandum to which was attached a Final Joint Staff Memorandum, dated February 20, 2002, prepared by Paul P. Stewart, Chief Utilities Manager, Utilities Division, and Audra

Blackwell, Technical Analyst I, Engineering Division. Given the stated growth in the number of existing, potential customers in the certificated area and the relatively modest increase in the total project costs, Commission Staff agreed that the additional borrowing was reasonable and necessary and recommended that this matter be reopened for the purpose of authorizing the District to borrow the requested additional \$750,000.

By Order dated March 13, 2002, the Commission referred this matter to the Division of Administrative Law Judges for further disposition and ordered that an Administrative Law Judge's decision be rendered on or before April 15, 2002.

FINDINGS OF FACT

1. By Commission Order dated April 30, 1999, the Commission granted the Berkeley County Public Service District a certificate of convenience and necessity to provide sewer service to certain customers, including residences and businesses, located in the Inwood area and to upgrade existing sewer service to residential and business customers located in the Opequon/Hedgesville area of Berkeley County, West Virginia. (See, April 30, 1999 Commission Order).

2. The Commission approved, among other things, loan financing for the projects not to exceed \$27,851,902 and directed the District to seek Commission consent and approval should there be any change in the cost, financing or scope of the approved project. (See, April 30, 1999 Commission Order).

3. On October 13, 1999, the District filed a petition to reopen this proceeding seeking increased borrowing authority due to the receipt of higher competitive bids and other factors. (See, October 13, 1999 filing).

4. By Commission Order dated October 22, 1999, the Commission granted the District's petition to reopen this proceeding, increased the approved total cost of the combined projects to \$32,707,296, and approved a revised funding package for the projects consisting of: (1) a West Virginia Infrastructure and Jobs Development Council Bond Anticipation Note in the amount of \$2,000,000, at zero percent (0%) interest, with no principal payments due, subject to a five (5) year review; and (2) a State Revolving Fund loan in the amount of \$30,707,296, for a term of thirty (30) years, at zero percent (0%) interest and a one-half percent (0.5%) administrative fee. (See, October 22, 1999 Commission Order).

5. On January 28, 2002, the District filed a second petition to reopen this proceeding requesting that its approved project cost be increased to \$33,457,296 and that an additional \$750,000 in borrowing be approved for completion of the project, due to an 89% increase in the number of customers in the project's service area. (See, January 28, 2002 filing).

6. Commission Staff recommended that the petition be granted and that the additional \$750,000 in borrowing be approved. (See, Initial and Final Joint Staff Memorandum and attachment filed March 6, 2002).

CONCLUSION OF LAW

Upon consideration of all of the above, the undersigned Administrative Law Judge is of the opinion that the increased amount of the project cost and the additional borrowing requested herein are reasonable and necessary for the completion of the proposed project; that the petition filed herein on January 28, 2002, by the Berkeley County Public Service District should be granted; and that the request to increase the approved project cost to \$33,457,296 and to increase the approved borrowing by an additional \$750,000 for completion of the project should be approved.

ORDER

IT IS, THEREFORE, ORDERED that the petition filed herein on January 28, 2002, by the Berkeley County Public Service District seeking Commission consent and approval to increase the approved project cost to \$33,457,296 and requesting authority to borrow from the West Virginia State Revolving Fund an additional \$750,000 with a thirty (30) year term, at zero percent (0%) interest, and a one-half percent (0.5%) administrative fee, be, and hereby is, approved.

IT IS FURTHER ORDERED that the Berkeley County Public Service District shall seek additional Commission consent and approval should there be any future change in the cost, financing or scope of the project previously approved herein.

IT IS FURTHER ORDERED that this matter be, and hereby is, removed from the Commission's docket of open cases.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in

writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

Re: Berkeley County PSSD
Wastewater Project 2000S-555

Dear Mr. Sebert:

The West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") has reviewed the Berkeley County Public Service Sewer District's (the "District") revised preliminary application regarding its proposed project to service an area of 20 square miles and over 550,000 l.f. of sewage collection lines and 10 pump stations (the "Project").

Based on the findings of the Sewer Technical Review Committee, the Infrastructure Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Sewer Technical Review Committee as the District may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the revised funding request, the Infrastructure Council recommends that the District pursue a \$30,500,000 Clean Water State Revolving Fund loan and a \$6,515,746 Water Development Authority loan to finance this \$37,015,746 Project. Please contact the Department of Environmental Protection office at 558-0641 for specific information on the steps the District needs to follow to apply for these funds. Please note that this letter does not constitute funding approval from these agencies.

If you have any questions regarding this matter, please contact Katy Mallory at 558-4607.

Sincerely,

Russell L. Isaacs

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Berkeley County Public Service Sewer District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$750,000 Sewer Revenue Bonds, Series 2002 A (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a bond purchase agreement dated April 25, 2002, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP") and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 2002, and ending September 1, 2032, all as set forth in "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the

purposes of (i) the costs of acquisition and construction of certain improvements and extensions to the existing public sewerage system of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on May 7, 2002, as supplemented by a Supplemental Resolution duly adopted by the Issuer on May 7, 2002 (collectively, the "Resolution"), pursuant to and under which Act and Resolution the Bonds are authorized and issued, and the Bond Purchase Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Resolution and the Bond Purchase Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Resolution and the Bond Purchase Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the DEP and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP.

3. The Resolution and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Resolution contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Resolution and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's (i) Sewer Revenue Bonds, Series 1986 B, dated March 7, 1986; (ii) Sewer Revenue Bonds, Series 1990 A, dated May 3, 1990; (iii) Sewer Revenue Bonds, Series 1994 A (West Virginia Water Development Authority), dated October 5, 1994; (iv) Sewer Revenue Bonds, Series 1994 C (West Virginia SRF Program), dated November 17, 1994; (v) Sewer Revenue Bonds, Series 1995 A (West Virginia SRF Program), dated February 9, 1995; (vi) Sewer Revenue Bonds, Series 1995 B (West Virginia SRF Program), dated December 29, 1995; (vii) Sewer Revenue Bonds, Series 1996 A (West Virginia SRF Program), dated February 13, 1996; (viii) Sewer Revenue Bonds, Series 1996 B (West Virginia SRF Program), dated May 1, 1996; (ix) Sewer Revenue Bonds, Series 1996 C (West Virginia SRF Program), dated May 1, 1996; (x) Sewer Revenue Bonds,

Series 1996 D, dated June 15, 1996; (xi) Sewer Revenue Bonds, Series 1997 A (West Virginia SRF Program), dated June 12, 1997; (xii) Sewer Revenue Bonds, Series 1997 B (West Virginia SRF Program), dated December 11, 1997, (xiii) Sewer Revenue Bonds, Series 1999 A (West Virginia SRF Program), dated October 28, 1999; (xiv) Sewer Revenue Bonds, Series 2000 A (West Virginia SRF Program), dated May 25, 2000; (xv) Sewer Revenue Bonds, Series 2001 A (West Virginia Infrastructure Fund), dated March 30, 2001; and (xvi) Sewer Revenue Bonds, Series 2001 B (West Virginia SRF Program), dated August 7, 2001 (collectively, the "First Lien Bonds"), and senior and prior with respect to liens, pledge and source of and security for payment to the Issuer's (a) Sewer Revenue Bonds, Series 1990 B, dated May 3, 1990; and (b) Sewer Revenue Bonds, Series 1994 B, dated December 1, 1994, and (c) Sewerage System Bond Anticipation Notes, Series 1999 A (West Virginia Infrastructure Fund); dated October 28, 1999, all in accordance with the terms of the Bonds and the Bond Legislation. Based upon the certificate of the certified public accountant dated the date hereof, the Issuer has met the coverage requirements for issuance of parity bonds of the First Lien Bonds and the resolutions authorizing the First Lien Bonds. The Issuer has substantially complied with all other parity requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature.

5. The Bonds are, under the Act, exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from gross income for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Bond Purchase Agreement and the Resolution, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Steptoe & Johnson PLLC
Charleston, West Virginia

Ladies and Gentlemen:

I am counsel to Berkeley County Public Service Sewer District, a public service district, in Berkeley County, West Virginia ("the 'Issuer'"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a bond purchase agreement for the Bonds dated April 25, 2002, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), by and among the West Virginia Water Development Authority (the "Authority"), the West Virginia Department of Environmental Protection (the "DEP") and the Issuer, the Bond Resolution duly adopted by the Issuer on May 7, 2002, as supplemented by the Supplemental Resolution duly adopted by the Issuer on May 7, 2002 (collectively, the "Resolution"), orders of The County Commission of Berkeley County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer, and other documents, papers, agreements, instruments and certificates relating to the above-captioned bonds (the "Bonds") of the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Resolution and the Bond Purchase Agreement when used herein.

I am of the opinion that:

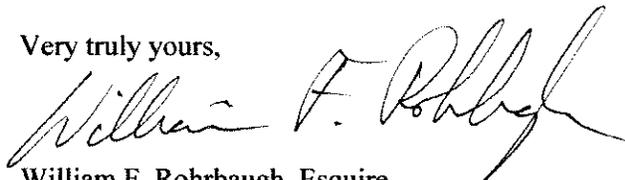

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia.
2. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
3. The Bond Purchase Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority and the DEP, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.
4. The resolution has been duly adopted by the Issuer and is in full force and effect.
5. The execution and delivery of the Bonds and the Bond Purchase Agreement and the consummation of the transaction contemplated by the Bonds, the Bond Purchase Agreement and Resolution and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.
6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction to the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, all requisite orders, certificates and approval from The County Commission of Berkeley County, the DEP and the West Virginia Infrastructure and Jobs Development Council, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received all requisite orders and approvals from the Public Service Commission of West Virginia, including the Commission Orders entered on April 30, 1999, June 28, 1999 and October 22, 1999, respectively, and the Final Order entered March 22, 2002 in Case No. 98-1484-PSD-CN, among other things, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project, and the Commission Order entered on April 14, 2000, in Case No. 00-0309-PSD-PW, waiving the statutory requirement that the Issuer obtain the approval of the Public Service Commission of West Virginia for the engineering agreement by and between the Issuer and the Consulting Engineer. The time for appeal of all such Orders has expired prior to the date hereof without any appeal.
7. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bonds, the Bond Purchase Agreement, the Resolution, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues for the Bonds.

The Issuer has been notified of a potential civil action by the property owners (the "Shade") who assert that a pipeline contractor of the Issuer blocked access to the Shades' property for farming purposes during pipeline installation and failed to properly restore the Shades' property following such installation. The Shades assert that, as a result of such action or inaction, the Shades lost farming income and the value of their property has been diminished. The pipeline contractor has performed remedial work for the Shades and has been notified by the Issuer that the Issuer will expect indemnification from the contractor as provided in the contract documents, in the event a suit is filed. Whether any suit by the Shades naming the Issuer would be covered under the Issuer's insurance policies cannot be determined until a suit, if any, is filed. Issuer's management, however, believes that the result of any reasonable verdict rendered by a court, or settlement between the parties, in such a civil action would not impair the ability of the District to satisfy its financial obligations under the Resolution.

8. I have ascertained that all successful bidders have made the required provisions for all insurance and payment and performance bonds and verified such insurance policies and bonds for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interest of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the Bond Purchase Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, condition and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Re: Berkeley County Public Service Sewer District
Inwood Sewer Project – Phase I
Opequon/Hedgesville Sewer Upgrade
Supplemental SRF Loan (\$750,000)

Dear Ms. Brodersen:

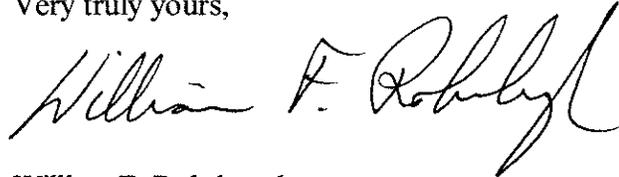

I am General Counsel of the Berkeley County Public Service Sewer District ("District") with regard to a completed project to (1) construct approximately fifty (50) miles of sewage collection lines, ranging up to thirty-six (36) inches in diameter, and a 750,000 gallon (per day) capacity Sequencing Batch Reactor ("SBR") expandable wastewater treatment plant in the Inwood area of Berkeley County, West Virginia, and (2) replace up to 2,000 feet of influent sewer line and the conversion and expansion of the existing Opequon/Hedgesville wastewater treatment plant by constructing a 1.6 million gallon (per day) capacity SBR expandable wastewater treatment plant in the Opequon/Hedgesville area of Berkeley County (hereinafter collectively referred to as the "Project"). This letter provides the supplemental final title opinion on behalf of the Berkeley County Public Service Sewer District to satisfy the requirements of the West Virginia Infrastructure and Jobs Development Council and the West Virginia Division of Environmental Protection with regard to the supplemental financing proposed for the Project. Please be advised of the following:

1. That I am of the opinion that the Berkeley County Public Service Sewer District is a duly created and existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia and has the full power and authority to construct, operate and maintain the Project as approved by the West Virginia Division of Environmental Protection and the Public Service Commission of West Virginia.
2. That the Berkeley County Public Service Sewer District has obtained all necessary permits and approvals for the construction of the Project.
3. That I have investigated and ascertained the location and am familiar with a legal description of the necessary sites, including easements and/or rights-of-way, required for the Project as set forth in the plans for the Project prepared by Pentree, Incorporated and Chester Engineers, the consulting engineers for the Project.
4. That I have examined the records on file in the Offices of the Clerks of the County Commission of Berkeley and Jefferson Counties, West Virginia, the counties in which the Project is located, and, in my opinion, the Berkeley County Public Service Sewer District has acquired legal title or such other estate or interest in the necessary site components for the Project, including 100% of the easements and rights of way, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the facilities to be constructed.
5. All deeds or other documents which have been acquired to date by the Berkeley County Public Service Sewer District have been duly recorded in the aforesaid Clerk's office in order to protect the legal title and interest of the Berkeley County Public Service Sewer District.
6. The Berkeley County Public Service Sewer District has applied for and received a permit from the West Virginia Department of Highways authorizing the construction of the Project as described in the plans upon, over and through public rights-of-way as shown in the plan.
7. The Inwood portion of the Project directly affected five (5) privately owned and operated wastewater package treatment plants and sewage collection systems. With respect thereto, the District entered into agreements with the owners of said wastewater package treatment plants and taken each out of service as public sewer became available through the Project.

We, the undersigned CHAIRMAN and the undersigned SECRETARY of the Public Service Board of Berkeley County Public Service Sewer District in Berkeley County, West Virginia (the "Issuer"), and the undersigned COUNSEL TO THE ISSUER, hereby certify in connection with the Issuer's Sewer Revenue Bonds, Series 2002 A (West Virginia SRF Program), dated the date hereof (the "Bonds" or the "Series 2002 A Bonds"), as follows:

1. TERMS: All capitalized words and terms used in this General Certificate and not otherwise defined herein shall have the same meaning as set forth in the Bond Resolution of the Issuer duly adopted May 7, 2002, and a Supplemental Resolution of the Issuer duly adopted May 7, 2002 (collectively, the "Bond Legislation"), when used herein.

2. NO LITIGATION: No controversy or litigation of any nature is now pending or threatened, restraining, enjoining or affecting in any manner the issuance, sale or delivery of the Bonds, the acquisition and construction of the Project, the operation of the

System, the receipt of the Net Revenues, or in any way contesting or affecting the validity of the Bonds, or any proceedings of the Issuer taken with respect to the issuance or sale of the Bonds, the pledge or application of the Net Revenues or any other moneys or security provided for the payment of the Bonds or the existence or the powers of the Issuer insofar as they relate to the authorization, sale and issuance of the Bonds, the acquisition and construction of the Project, the operation of the System, the pledge or application of moneys and security or the collection of the Gross Revenues or the pledge of Net Revenues as security for the Bonds.

The Issuer has been notified of a potential civil action by property owners (the "Shades") who assert that a pipeline contractor of the Issuer blocked access to the Shades' property for farming purposes during pipeline installation and failed to properly restore the Shades' property following such installation. The Shades assert that, as a result of such actions or inactions, the Shades lost farming income and the value of their property has been diminished. The pipeline contractor has performed remedial work for the Shades and has been notified by the Issuer that the Issuer will expect indemnification from the contractor as provided in the contract documents, in the event a suit is filed. Whether any suit by the Shades naming the Issuer would be covered under the Issuer's insurance policies cannot be determined until a suit, if any, is filed. Issuer's management, however, believes that the result of any reasonable verdict rendered by a court, or settlement between the parties, in such a civil action would not impair the ability of the Issuer to satisfy its financial obligations under the Resolution.

3. **GOVERNMENTAL APPROVALS AND BIDDING:** All applicable and necessary approvals, permits, exemptions, consents, authorizations, registrations, licenses, orders and certificates required by law for the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Bonds have been duly and timely obtained and remain in full force and effect. Competitive bids for the acquisition and construction of the Project have been solicited in accordance with Chapter 5G, Article 22, Section 1 of the West Virginia Code of 1931, as amended, which bids remain in full force and effect.

4. **NO ADVERSE FINANCIAL CHANGE; INDEBTEDNESS:** There has been no adverse change in the financial condition of the Issuer since the approval, execution and delivery by the Issuer of the Bond Purchase Agreement, and the Issuer has met all conditions prescribed in the Bond Purchase Agreement. The Issuer has or can provide the financial, institutional, legal and managerial capabilities necessary to complete the Project.

There are outstanding obligations of the Issuer which will rank either on a parity with or junior and subordinate to the Series 2002 A Bonds as to liens, pledge and source of and security for payment, which obligations are designated and have the lien positions with respect to the Series 2002 A Bonds as follows:

Ladies and Gentlemen:

Based upon the rates and charges set forth in the Commission Order of the Public Service Commission of West Virginia entered June 28, 1999, in Case No. 98-1484-PSD-CN, and the current operation and maintenance expenses as furnished to us by Berkeley County Public Service Sewer District (the "Issuer") and existing number of customers furnished to us by Berkeley County Public Service Sewer District, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Issuer, will pay all repair, operation and maintenance expenses of the System and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Sewer Revenue Bonds, Series 2002 A (West Virginia SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof, and all other obligations secured by or payable from the revenues of the System, on a parity with or junior to the Bonds, including all Prior Bonds of the Issuer as defined and described in the Bond Resolution of the Issuer adopted May 7, 2002, authorizing the Bonds. It is our further opinion that the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds and the Bonds.

Very truly yours,

Sewer Revenue Bonds, Series 2002 A
(West Virginia SRF Program)

CERTIFICATE AS TO USE OF PROCEEDS

The undersigned Chairman of the Public Service Board of Berkeley County Public Service Sewer District in Berkeley County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$750,000 Sewer Revenue Bonds, Series 2002 A (West Virginia SRF Program), of the Issuer, dated May 9, 2002 (the "Bonds" or the "Series 2002 A Bonds"), hereby certify as follows:

1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Resolution duly adopted by the Issuer on May 7, 2002 (the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on May 9, 2002, the date on which the Bonds are being physically delivered in exchange for an initial advance of \$574,279, being a portion of the principal amount of the Series 2002 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority"), the West Virginia Department of Environmental Protection (the "DEP") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of

the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2002 A Bonds were sold on May 9, 2002, to the Authority, pursuant to a bond purchase agreement dated April 25, 2002, by and among the Issuer, the Authority and the DEP, for an aggregate purchase price of \$750,000 (100% of par), at which time, the Issuer received \$574,279 from the Authority and the DEP, being the first advance of the principal amount of the Series 2002 A Bonds. No accrued interest has been or will be paid on the Series 2002 A Bonds. The balance of the principal amount of the Series 2002 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Series 2002 A Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewerage facilities of the Issuer (the "Project") and (ii) paying certain costs of issuance of the Bonds and related costs.

7. 13. Monies held in the Series 2002 A Bonds Sinking Fund will be used solely to pay principal of and interest, if any, on the Series 2002 A Bonds and will not be available to meet costs of acquisition and construction of the Project. All investment earnings on monies in the Series 2002 A Bonds Sinking Fund and Series 2002 A Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Series 2002 A Bonds Construction Trust Fund during construction of the Project, and following completion of the Project, will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Bond Resolution.

14. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. The acquisition and construction of the Project is expected to be completed within 6 months of the date hereof.

16. With the exception of the amount deposited in the Series 2002 A Bonds Sinking Fund for payment of interest, if any, on the Bonds and the amount deposited in the Series 2002 A Bonds Reserve Account, if any, all of the proceeds of the Bonds will be expended on the Project within 8 months from the date of issuance thereof.

17. The Issuer does not expect to sell or otherwise dispose of the Project in whole or in part prior to the last maturity date of the Bonds.

18. The amount designated as costs of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

19. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

20. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

21. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

22. The Issuer shall use the Bond proceeds solely for the costs of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

23. The Bonds are not federally guaranteed.

24. The Issuer has retained the right to amend the Bond Resolution authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain governmental bonds.

25. The Issuer has either (a) funded the Series 2002 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 2002 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2002 A Bonds Reserve Account holds an amount equal to the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year. Monies in the Series 2002 A Bonds Reserve Account and the Series 2002 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Bonds and will not be available to pay costs of the Project.

26. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same sources of funds of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

27. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

28. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

29. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

Commission Minutes of May 22, 1997 - Continued

Commissioner Dunham moved the Commission out of executive session.
Commissioner Smith seconded the motion. So ordered.

During the executive session, a personnel matter was discussed. No motions were made.

IN RE: KARL KELLER AND JOHN MYERS - APPOINTMENTS

Commissioner Smith: Karl Keller is at the end of his term on the Sewer Board. He is willing to fill the position vacated by John Myers on the Opequon PSD Board. Since that term expires at the end of '98, he would like a statement of commitment from the Commission that if everything works well, the Commission will reappoint him to a six-year term at the end of '98. As John Myers has to come off the Opequon PSD Board, I recommend him as Karl Keller's replacement on the Sewer Board.

Commissioner Dunham made a motion, effective July 1st, for the Commission to appoint Karl Keller to the Opequon PSD Board, fulfilling the unexpired term of John Myers, which expires December 31, 1998, and to appoint John Myers to a six-year term on the Berkeley County PSD Board, his term expiring June 30, 2003.
Commissioner Smith seconded the motion. So ordered.

Robert Burkhardt: You have my concurrence in the motion.

IN RE: WELLNESS IS AGELESS EVENT

Eileen Doolery: We are sponsoring the 2nd Annual Senior Health and Fitness Day with City Hospital on Wednesday, May 28th. It is a fund raiser for the new senior center. It costs \$5 to register for the walk. Each time you register for an event, it makes you eligible for a door prize. We would like for you to walk with us and wear one of our Berkeley Senior Services hats.

We received \$3,000 from FEMA Bank from the senior summit and the bid opening is scheduled for June 18th.

IN RE: HAZARD MITIGATION UPDATE

Deborah Sheetenhelm: In March of '96, we met with flood victims about a program that was new to the State of West Virginia. Hazard Mitigation allows us to address flood prone areas that consistently flood and find long-term solutions. A number of individuals have expressed an interest in participating in the program.

Al Lisko: FEMA is working on the options reports we said would be done. It has taken longer than anyone anticipated due to the May and June flooding in other parts of the State. FEMA now has the information and will be doing the actual reports. The information I presented to you last March is quite accurate. The program is still in place. The project is funded 75 percent by FEMA. The legislature did appropriate the 25 percent matching funds and those funds were placed in FEMA's budget. The matching funds for the January and September floods are in place. We are waiting for project approval.

Congressman Wise contacted FEMA and received a commitment that Berkeley County would be the first one done. Prioritization is still done by the State so there is no assurance of funding for any project. People have not dropped out of the process because of the length of time. This shows that those individuals who were willing to consider the program initially are sincerely interested in lowering their flood risk. As soon as we receive the option report, we will present it to you for your review and then schedule public meetings to present the information to the individuals.

There may be situations where this program is not adequate and there may be alternative sources of funding available. In some areas, people are looking for projects to improve drainage and there may be more appropriate funding mechanisms than this program, which would free up money for the purchase or elevation of properties.

FEMA now has a program for annual funding of mitigation. If a particular project is not funded in Berkeley County from the January or September disaster, we still have other options. There are more opportunities now than there were a year ago for mitigation to take place. The foundation you and your citizens are laying is one that can be built upon down the road.

Deborah Sheetenhelm: With the annual funding, in both the January and September instances, we had individuals months after the deadlines still interested in the program. I sent them information in the event that in the future there would be additional funding. We have individuals who would like to be part of the program who could possibly fit into the annual funding mechanism.

Commissioner Smith: The property that is mitigated will be ours and with that comes responsibility. The positive side is that we may find ourselves with property along the Potomac River that we could turn into public access to the river.

Commissioner Dunham: If the County eventually owns lots by the river and their maintenance becomes a problem, could we sell the property to individuals for recreational purposes?

Al Lisko: No. Depending on which properties are involved, if DNR needs stream access in that area, they would take title to it. Some areas could be leased to a farmer. FEMA requires no structures are to be built upon the land, it be in public ownership, it be used for open space, and the only enclosed structures that can be used without direct permission from FEMA are restroom facilities. There is also the stipulation that there can never be disaster assistance provided on that parcel ever again.

Robert Burkhardt: When this property is turned over to the County, who pays for the survey, the deed transfer, etc.?

Al Lisko: If the Commission and the seller agree on a price to purchase the property, in the application would be the negotiated price plus the cost of all deed transfer requirements, plus the cost of demolition of that structure, plus the cost of any reseeded. The project will include all costs for purchase that are necessary to restore that piece of land to an open space. FEMA will put up 75 percent and the State will contribute 25 percent.

Robert Burkhardt: The County does not have to initially put out any dollars?

Al Lisko: No. Over time, if another flood comes through, you may end up with enough land to develop a County park by the river. After we go through these four disasters, we anticipate that after certain requirements are met for the annual funding mechanism increment, those projects will keep surfacing until they are acted upon. There is discussion in FEMA National now of removing the restriction that only properties that are part of the

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

RE: Extension of Permit No. WV0020061
Bakers Heights Plant in Berkeley Co.

Dear Ms. Ward:

The Division of Environmental Protection and its Office of Water Resources have initiated a new approach to water quality management in West Virginia called "Watershed Management." Under the new approach, the Office of Water Resources will use watersheds as a geographical focus for its activities.

The Office has delineated 32 large watersheds or "hydrologic regions" in West Virginia. Each hydrologic region will undergo a five(5) year management cycle that includes study, planning, prioritization, and implementation of water quality improvement activities.

The expiration dates of WV/NPDES permits are being synchronized with the implementation date for each hydrologic region. Upon evaluation of your WV/NPDES permit, it has been determined that an extension of the expiration date is necessary for synchronization.

Therefore, WV/NPDES Permit No. WV0020061 is hereby extended until April 3, 2003. All other terms and conditions of the subject permit remain applicable through the extension period.

If an application for reissuance has been submitted prior to receipt of this letter, it will be maintained in our files and reviewed in accordance with 47 CSR 10-4.2 at the appropriate time. If an application for reissuance has not been submitted prior to receipt of this letter, please plan to apply at least 180 days prior to extended expiration date above.

Please be advised that this extension is not valid if your permit has been voided due to non-payment of the annual permit fee.

"To use all available resources to protect and restore West Virginia's
environment in concert with the needs of present and future generations."
