WHEREAS, Berkeley County Public Service Sewer District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Berkeley County of said State;

WHEREAS, the Issuer presently owns and operates a public sewerage collection and treatment system (the "System") in Berkeley County;

WHEREAS, the Issuer issued the Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A (the "CIF Bonds"), dated November 2, 2006, issued in the original aggregate principal amount of $15,405,000 and presently outstanding in the approximate principal amount of $12,180,000. The CIF Bonds are payable solely from and are secured solely by the Capacity Improvement Fee collected by the Issuer and the Surplus Revenues of the System and are not payable from or secured by the Net Revenues of the System. The issuance of the CIF Bonds was approved by the Public Service Commission of West Virginia (the "PSC") pursuant to an Order dated August 11, 2006 in Case No. 06-0340-PSD-CN. Under its regulatory power, on June 11, 2009, the PSC initiated a general investigation to review the necessity and or sufficiency of the rate for Capacity Improvement Fees in Case No. 09-0192-PSWD-C. On May 9, 2012, the PSC entered an Order requiring the Issuer to remove the Capacity Improvement Fees from its fee tariff. On August 7, 2012, the PSC denied the Issuer's petition for reconsideration, and ordered the Issuer to return any Capacity Improvement Fees collected after May 9, 2012. An appeal by the petitioners in Case No. 09-0192-PSWD-C seeking the return of all Capacity Improvement Fees previously paid was denied by the Supreme Court of Appeals of West Virginia. As a result

of the PSC action and the inability to collect the Capacity Improvement Fee, the Issuer must refund and take out the CIF Bonds;

WHEREAS, the CIF Bonds were issued pursuant to a resolution of the Issuer duly adopted on October 17, 2006, as supplemented and amended by a supplemental resolution adopted by the Issuer (collectively, the "CIF Resolution");

WHEREAS, under the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), the Issuer is authorized and empowered to issue refunding revenue bonds for the purpose of refinancing all or any part of the outstanding CIF Bonds;

WHEREAS, the Issuer has determined and hereby determines that it would therefore be to the benefit of the Issuer and its customers to refund the CIF Bonds, and to pay costs in connection therewith, in the manner set forth herein, with proceeds of the Issuer's sewer refunding revenue bonds, in one or more series, issued on one or more dates (collectively, the "Series 2013 Bonds"), in the maximum aggregate principal amount of not more than $12,000,000, and other monies of the Issuer;

G. The adoption of this Resolution, and the execution and issuance of the Series 2013 Bonds, subject to the terms thereof, will not result in any breach of, or constitute a default under, any instrument to which the Issuer is a party or by which it may be bound or affected. In consideration of the acceptance of the Series 2013 Bonds by those who shall own or hold the same from time to time, this Resolution shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of such Bondholders of any and all of such Series 2013 Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bond, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE II

AUTHORIZATION OF REFUNDING

Section 2.01. Authorization of Refunding of CIF Bonds. All CIF Bonds Outstanding as of the date of issuance of the Series 2013 Bonds are hereby ordered to be refunded, and the pledge of Capacity Improvement Fees and Surplus Revenues in favor of the Holders of the CIF Bonds imposed by the resolution authorizing the issuance thereof, the monies in the funds and accounts pledged to payment of the CIF Bonds, and any other funds pledged to repayment of the CIF Bonds are hereby ordered terminated, discharged and released upon the payment to the Bond Commission for deposit in the CIF Bonds Sinking Fund from the proceeds of the Series 2013 Bonds and from other monies available therefor, of the following: (a) an amount equal to the fiscal and paying agent charges to become due and payable in connection with the CIF Bonds; and (b) an amount which will provide for the payment of the principal of and interest on the CIF Bonds, plus the premium, if any. Contemporaneously with the deposit of the proceeds of the Series 2013 Bonds and other monies into the CIF Bonds Sinking Fund, the amounts on deposit in the sinking fund, including the reserve account therein, created and maintained on behalf of the CIF Bonds shall be released from the lien created by the resolution authorizing issuance thereof and deposited in the Series 2013 A Bonds Sinking Fund, the Series 2013 A Bonds Reserve Account, and the Series 2013 B Bonds Sinking Fund or such other fund or account as shall be set forth in the Supplemental Resolution and invested as provided therein.

ARTICLE III

THE BONDS

Section 3.01. Form and Payment of Bonds. No Bond shall be issued pursuant to this Resolution except as provided in this Article III. Any Bonds issued pursuant to this Resolution after the issuance of the Series 2013 Bonds, as hereinafter provided, may be issued only as fully registered Bonds without coupons, in the denomination of $5,000 or any integral

multiple thereof for any year of maturity (or such other denominations as may be set forth in a Supplemental Resolution). All Bonds shall be dated as of the date provided in a Supplemental Resolution applicable to such series. Series 2013 Bonds shall bear interest from the interest payment date next preceding the date of authentication or, if authenticated after the Record Date but prior to the applicable interest payment date or on such interest payment date, from such interest payment date or, if no interest on such Series 2013 Bonds has been paid, from the date thereof; provided however, that, if, as shown by the records of the Registrar, interest on such Series 2013 Bonds shall be in default, Bonds issued in exchange for Series 2013 Bonds surrendered for transfer or exchange shall bear interest from the date to which interest has been paid in full on the initial Series 2013 Bonds surrendered.

The principal of and the premium, if any, on the Series 2013 Bonds shall be payable in any coin or currency which, on the respective date of such payment, is legal tender for the payment of public and private debts under the laws of the United States of America upon surrender at the principal office of the Paying Agent. Interest on the Series 2013 Bonds shall be paid by check or draft made payable and mailed to the Holder thereof at his address as it appears in the Bond Register at the close of business on the Record Date, or, if requested, in the case of a Registered Owner of $500,000 or more of the Series 2013 Bonds, by wire transfer to a domestic bank account specified in writing at least 5 days prior to such interest payment date by such Registered Owner.

In the event any Series 2013 Bonds are redeemed in part, such bonds shall be surrendered to and canceled by the Registrar, and the Issuer shall execute, and the Registrar shall authenticate and deliver to the Holder thereof, another Bond in the principal amount of said Series 2013 Bonds then Outstanding.

Section 3.02. Execution of Bonds. The Series 2013 Bonds shall be executed in the name of the Issuer by the Chairman, by his or her manual or facsimile signature, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary by his or her manual or facsimile signature; provided, that, all such signatures and the seal may be by facsimile. In case any one or more of the officers who shall have signed or sealed any of the Series 2013 Bonds shall cease to be such officer of the Issuer before the Series 2013 Bonds so signed and sealed have been actually sold and delivered, such Series 2013 Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Series 2013 Bonds had not ceased to hold such office. Any Series 2013 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Series 2013 Bonds shall hold the proper office in the Issuer, although at the date of such Series 2013 Bonds such person may not have held such office or may not have been so authorized.

Section 3.03. Authentication and Registration. No Series 2013 Bonds shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until the Certificate of Authentication and Registration on such Series 2013 Bonds, substantially in the form set forth in EXHIBIT A – FORM OF SERIES 2013 A BONDS and and EXHIBIT B – FORM OF SERIES 2013 B BONDS attached hereto and incorporated herein by reference with respect to the Series 2013 Bonds, shall have been duly manually executed by the Registrar. Any such manually executed Certificate of Authentication and Registration upon any such Series 2013 A Bond shall be conclusive evidence that such Bond has been authenticated,

registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Series 2013 Bonds shall be deemed to have been executed by the Registrar if signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 2013 Bonds issued hereunder.

Section 3.04. Negotiability and Registration. Subject to the requirements for transfer set forth below, the Series 2013 Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder, in accepting any of said Series 2013 Bonds, shall be conclusively deemed to have agreed that such Series 2013 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder shall further be conclusively deemed to have agreed that said Series 2013 Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Series 2013 Bonds remain Outstanding, the Registrar shall keep and maintain books for the registration and transfer of the Series 2013 Bonds. Series 2013 Bonds shall be transferable only by transfer of registration upon the Bond Register by the registered owner thereof in person or by his attorney or legal representative duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or such duly authorized attorney or legal representative. Upon transfer of a Series 2013 A Bond, there shall be issued at the option of the Holder or the transferee another Series 2013 A Bond or Bonds of the aggregate principal amount equal to the unpaid amount of the transferred Bond and of the same series, interest rate and maturity of said transferred Series 2013 A Bond.

Upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar and duly executed by the registered owner or his attorney or legal representative duly authorized in writing, Series 2013 Bonds may at the option of the Holder thereof be exchanged for an equal aggregate principal amount of Series 2013 Bonds of the same series, maturity and interest rate, in any authorized denominations.

In all cases in which the privilege of transferring or exchanging a Series 2013 A Bond is exercised, Bonds shall be delivered in accordance with the provisions of this Resolution. All Series 2013 Bonds surrendered in any such transfer or exchange shall forthwith be canceled by the Registrar. Transfers of Series 2013 Bonds, the initial exchange of Series 2013 Bonds and exchanges of Series 2013 Bonds in the event of partial redemption of fully registered Series 2013 Bonds shall be made by the Registrar without charge to the Holder or the transferee thereof, except as provided below. For other exchanges of Series 2013 Bonds, the Registrar may impose a service charge. For every such transfer or exchange of bonds, the Registrar may make a charge sufficient to reimburse its office for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such tax or governmental charge, and such service charge for exchange other than the initial exchange or in the event of partial redemption, shall be paid by the person requesting such transfer or exchange as a condition precedent to the exercise of the privilege of making such transfer or exchange. The Registrar shall not be obliged to make any such transfer or exchange of Series 2013 Bonds that have been called for redemption.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2013 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may execute, in its discretion, and the Registrar shall authenticate, register and deliver any new Series 2013 A Bond of like series, maturity and principal amount as the Series 2013 A Bond, so mutilated, destroyed, stolen or lost, in exchange and upon surrender and cancellation of, such mutilated Bond, or in lieu of and substitution for the Series 2013 A Bond destroyed, stolen or lost, and upon the Holder's furnishing the Issuer and the Registrar proof of his ownership thereof and that said Series 2013 A Bond has been destroyed, stolen or lost and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer or the Registrar may prescribe and paying such expenses as the Issuer or the Registrar may incur. The name of the Bondholder listed in the Bond Register shall constitute proof of ownership. All Series 2013 Bonds so surrendered shall be submitted to and canceled by the Registrar, and evidence of such cancellation shall be given to the Issuer. If such Series 2013 A Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer, by and through the Registrar, may pay the same, upon being indemnified as aforesaid, and, if such Series 2013 A Bond be lost, stolen or destroyed, without surrender therefor.

Any such duplicate Series 2013 Bonds issued pursuant to this section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Series 2013 Bonds be at any time found by any one, and such duplicate Series 2013 Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of and security for payment from the Revenues pledged herein with all other Bonds issued hereunder.

Section 3.06. Term Bonds. In the event Term Bonds are issued pursuant to this Resolution, the following provisions shall apply:

A. The amounts to be deposited, apportioned and set apart by the Issuer from the Revenue Fund and into the Series 2013 Bonds Redemption Account, in accordance with Subsection 4.03A(3) shall include (after credit as provided below) on the first of each month, beginning on the first day of that month which is 12 months prior to the first mandatory Redemption Date of said Term Bonds, a sum equal to 1/12th of the amount required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory Redemption Date, which amounts and dates, if any, with respect to a series of Series 2013 Bonds shall be set forth in the Supplemental Resolution relating thereto.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory Redemption Date, the Issuer may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory Redemption Date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the monies in the Series 2013 Bonds Redemption Account, to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the Redemption Date (interest to be paid from the Series 2013 Bonds Sinking Fund), as will exhaust as nearly as practicable such Series 2013 Bonds Redemption Account payment designated to be made in accordance with paragraph (A) of this section. Such redemption shall be by random selection made on the 45th day preceding the mandatory Redemption Date, in such manner as may be determined by the Registrar. For purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of $5,000.

Section 3.07. Notice of Redemption. Unless waived by any Holder of the Series 2013 Bonds to be redeemed, official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Original Purchaser and the registered owner of the Series 2013 A Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

So long as DTC (as CEDE & CO.) is the registered Owner of the Series 2013 Bonds, the Registrar shall send all notices of redemption to DTC and shall verify that DTC has received notice. Copies of all redemption notices relating to optional redemption of the Series 2013 Bonds shall also be sent to registered securities depositories.

All official notices of redemption shall be dated and shall state:

(1) The Redemption Date;

(2) The Redemption Price;

(3) If less than all outstanding Series 2013 Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Series 2013 Bonds to be redeemed;

(4) That on the Redemption Date the Redemption Price and interest accrued will become due and payable upon each such Series 2013 A Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date;

(5) The place where such Series 2013 Bonds are to be surrendered for payment of the Redemption Price, which place of payment shall be the principal office of the Registrar; and

(6) Such other information, if any, as shall be required for DTC-eligible Series 2013 Bonds.

If funds sufficient to redeem all Series 2013 Bonds called for optional redemption have not been deposited with the Paying Agent at the time of mailing any notice of optional redemption, such notice shall also state that such optional redemption is subject to the deposit of such monies with the Paying Agent on or before the Redemption Date. If such monies are not so deposited, the Registrar shall notify all holders of Series 2013 Bonds called for redemption of such fact.

Official notice of redemption having been given as aforesaid, the Series 2013 Bonds or portions of Series 2013 Bonds so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Issuer shall default in the payment of the Redemption Price) such Series 2013 Bonds or portions of Series 2013 Bonds shall cease to bear interest. Upon surrender of such Series 2013 Bonds for redemption in accordance with said notice, such Series 2013 Bonds shall be paid by the Registrar at the Redemption Price. Installments of interest due on or prior to the Redemption Date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Series 2013 A Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unredeemed principal of such Series 2013 A Bond. All Series 2013 Bonds which have been redeemed shall be canceled and destroyed by the Bond Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Series 2013 Bonds, and failure to mail or otherwise send such notice shall not affect the validity of proceedings for the redemption of any portion of Series 2013 Bonds for which there was no such failure.

Section 3.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Series 2013 A Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and for all other purposes, whether or not such Bond is overdue.

Section 3.09. Temporary Bonds. Until Bonds of any series in definitive form are ready for delivery, the Issuer may execute and the Registrar shall authenticate, register, if

applicable, and deliver, subject to the same provisions, limitations and conditions set forth in this Article III, one or more printed, lithographed or typewritten Bonds in temporary form, substantially in the form of the definitive Bonds of such series, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit created under this Resolution. Upon the presentation and surrender of any Bond or Bonds in temporary form, the Issuer shall, without unreasonable delay, prepare, execute and deliver to the Registrar, and the Registrar shall authenticate, register, if applicable, and deliver, in exchange therefor, a Bond or Bonds in definitive form. Such exchange shall be made by the Registrar without making any charge therefor to the Holder of such Bond in temporary form.

Section 3.10. Authorization of Bonds. A. For the purposes of paying a portion of the costs of refunding all of the CIF Bonds of the Issuer, funding the Series 2013 A Bonds Reserve Account, and paying costs in connection therewith, there shall be issued the Series 2013 A Bonds of the Issuer, in an aggregate principal amount of not more than $10,000,000. The Series 2013 A Bonds shall be designated "Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified)" and shall be issued in fully registered form, in the denomination of $5,000 or any integral multiple thereof for any year of maturity (or such other denominations as may be set forth in the Supplemental Resolution), not exceeding the aggregate principal amount of Series 2013 A Bonds maturing in the year of maturity for which the denomination is to be specified. The Series 2013 A Bonds shall be numbered from AR-1 consecutively upward. The Series 2013 A Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

B. For the purposes of paying a portion of the costs of refunding all of the CIF Bonds of the Issuer, and paying costs in connection therewith, there shall be issued the Series 2013 B Bonds of the Issuer, in an aggregate principal amount of not more than $2,000,000. The Series 2013 B Bonds shall be designated "Sewer Refunding Revenue Bonds, Series 2013 A (Taxable)" and shall be issued in fully registered form, in the denomination of $5,000 or any integral multiple thereof for any year of maturity, not exceeding the aggregate principal amount of Series 2013 B Bonds maturing in the year of maturity for which the denomination is to be specified. The Series 2013 B Bonds shall be numbered from BR-1 consecutively upward. The Series 2013 B Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

Section 3.11. Book Entry System for Bonds. A. The Series 2013 Bonds shall each initially be issued in the form of one fully-registered bond for the aggregate principal amount of the Series 2013 Bonds, respectively, of each maturity, registered in the name of CEDE & CO., as nominee of DTC. Except as provided in paragraph E below, all of the Series 2013 Bonds shall be registered in the registration books kept by the Registrar in the name of CEDE & CO., as nominee of DTC; provided that if DTC shall request that the Series 2013 Bonds be registered in the name of a different nominee, the Registrar shall exchange all or any portion of

the Series 2013 Bonds registered in the name of such nominee or nominees. No person other than DTC or its nominee shall be entitled to receive from the Issuer or the Registrar a Series 2013 A Bond, or any other evidence of ownership of the Series 2013 Bonds, or any right to receive any payment in respect thereof unless DTC or its nominee shall transfer record ownership of all or any portion of the Series 2013 Bonds on the registration books maintained by the Registrar, in connection with discontinuing the book entry system as provided in paragraph E below.

B. At or prior to settlement for the Series 2013 Bonds, the Issuer and the Registrar shall execute or signify their approval of a representation letter addressed to DTC in a form satisfactory to DTC (the "Representation Letter"). Any successor Registrar shall, in its written acceptance of its duties under this Resolution, agree to take any actions necessary from time to time to comply with the requirements of the Representation Letter.

C. So long as the Series 2013 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or Redemption Price of or interest on such Series 2013 Bonds shall be made to DTC or its nominee at the addresses set forth in the Representation Letter in New York Clearing House or equivalent next day funds on the dates provided for such payments to be made to any Bondholder under this Resolution. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Issuer and the Registrar with respect to the principal or Redemption Price of or interest on the Series 2013 Bonds to the extent of the sum or sums so paid. In the event of the redemption of less than all of the Series 2013 Bonds Outstanding of any maturity, the Registrar shall not require surrender by DTC of the Series 2013 Bonds so redeemed, but DTC may return such Series 2013 Bonds and make an appropriate notation on the Series 2013 A Bond certificate as to the amount of such partial redemption; provided that DTC shall deliver to the Registrar, upon request, a written confirmation of such partial redemption. The records maintained by the Registrar shall be conclusive as to the amount of the Series 2013 Bonds of such maturity which have been redeemed.

D. The Issuer, the Paying Agent and the Registrar may treat DTC as the sole and exclusive owner of the Series 2013 Bonds registered in its name or the name of its nominee for the purposes of payment of the principal or Redemption Price of or interest on the Series 2013 Bonds, selecting the Series 2013 Bonds, or portions thereof, to be redeemed, giving any notice permitted or required to be given to Bondholders under this Resolution, registering the transfer of Series 2013 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever; and neither the Issuer nor the Registrar shall be affected by any notice to the contrary. Neither the Issuer nor the Registrar shall have any responsibility or obligation to any direct or indirect participant in DTC, any person claiming a beneficial ownership interest in the Series 2013 Bonds under or through DTC or any such participant, or any other person which is not shown on the registration books of the Registrar as being a Bondholder with respect to (i) the Series 2013 Bonds, (ii) the accuracy of any records maintained by DTC or any such participant, (iii) the payment by DTC or any such participant of any amount in respect of the principal or Redemption Price of or interest on the Series 2013 Bonds, (iv) any notice which is permitted or required to be given to Bondholders under this Resolution, (v) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the Series 2013 Bonds, or (vi) any consent given or other action taken by DTC as Bondholder.

E. The book entry system for registration of the ownership of the Series 2013 Bonds may be discontinued at any time if either: (i) DTC determines to resign as securities depository for the Series 2013 Bonds; or (ii) the Issuer determines that continuation of the system of book entry transfers through DTC (or through a successor securities depository) is not in the best interest of the beneficial owners of the Series 2013 Bonds. In either of such events (unless in the case described in clause (ii) above, the Issuer appoints a successor securities depository), the Series 2013 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Issuer or the Registrar for the accuracy of such designation. Whenever DTC requests the Issuer and the Registrar to do so, the Issuer and the Registrar shall cooperate with DTC in taking appropriate action after reasonable notice to arrange for another securities depository to maintain custody of certificates evidencing the Series 2013 Bonds.

Section 3.12. Delivery of Bonds. The Issuer shall execute and deliver the Series 2013 Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 2013 Bonds to the Original Purchaser upon receipt of the documents set forth below:

(1) If not registered in the name of DTC or its nominee, a list of the names in which the Series 2013 Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;

(2) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2013 Bonds to DTC for the benefit of the Original Purchaser;

(3) Copies of this Resolution and the Supplemental Resolution certified by the Secretary;

(4) The unqualified approving opinions of Bond Counsel regarding the Series 2013 Bonds; and

(5) A copy of such other documents, certifications and verifications as the Original Purchaser may reasonably require.

Section 3.13. Form of Bonds. The definitive Series 2013 Bonds shall be in substantially the form set forth in EXHIBIT A – FORM OF SERIES 2013 A BONDS and EXHIBIT B – FORM OF SERIES 2013 B BONDS attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 2013 Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 2013 Bonds shall have the form of the opinion of Steptoe & Johnson PLLC, as Bond Counsel, attached thereto or printed on the reverse thereof.

Section 3.14. Disposition of Proceeds of Bonds. Upon the issuance and delivery of the Series 2013 Bonds, the Issuer shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued on the Series 2013 A Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 2013 A Bonds Sinking Fund, and applied to payment of interest on the Series 2013 A Bonds at the first interest payment date.

B. All interest accrued on the Series 2013 B Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 2013 B Bonds Sinking Fund, and applied to payment of interest on the Series 2013 B Bonds at the first interest payment date.

C. An amount of the proceeds of the Series 2013 Bonds which, together with other monies or securities of the Issuer deposited therein and the earnings thereon, shall be sufficient to accomplish the refunding and defeasance of the CIF Bonds (which amount shall be set forth in the Supplemental Resolution) shall be deposited in the CIF Bonds Sinking Fund.

D. An amount of the proceeds of the Series 2013 A Bonds, as designated in the Supplemental Resolution, shall be remitted to the Bond Commission for deposit in the Series 2013 A Bonds Reserve Account; provided that, to the extent the Series 2013 A Bonds Reserve Requirement is satisfied in whole or in part from proceeds of any fund or account established for the CIF Bonds pursuant to the resolution authorizing issuance thereof, proceeds of the Series 2013 A Bonds shall be deposited in the Series 2013 A Bonds Reserve Account only to the extent needed to satisfy a portion of the Series 2013 A Bonds Reserve Requirement. A reserve account is not required for the Series 2013 B Bonds.

E. An amount of the proceeds of the Series 2013 Bonds which shall be sufficient to pay the costs of issuance of the Series 2013 Bonds shall be deposited with the Depository Bank in the Costs of Issuance Fund and shall be drawn out, used and applied by the Issuer solely to pay costs of issuance of the Series 2013 Bonds and miscellaneous costs of refunding the CIF Bonds. All such costs of issuance shall be paid within 60 days of the Closing Date. Monies not to be applied immediately to pay such costs of issuance and refunding may be invested in accordance with this Resolution, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 6 months after the Closing Date, such unapplied proceeds shall be transferred by the Issuer to the Series 2013 B Bonds Redemption Account. All such proceeds transferred to the Series 2013 B Bonds Redemption Accounts shall constitute a trust fund for such purposes, and there hereby is created a lien upon such monies until so applied in favor of the Holders of the Series 2013 B Bonds.

F. The balance of any proceeds of the Series 2013 Bonds and any monies in any fund or account established for the CIF Bonds pursuant to the resolution authorizing issuance thereof, not used for any of the purposes set forth above, may be deposited in the Series 2013 Bonds Sinking Funds and used to make payments of debt service on the Series 2013 Bonds hereinafter provided. Monies not to be applied immediately to pay such debt service may be invested in accordance with this Resolution, subject however, to applicable yield restrictions as may be in effect under the Code. All such proceeds shall constitute a trust fund for such purposes, and there hereby is created a lien upon such monies until so applied in favor of the Holders of the Series 2013 Bonds.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the respective Reserve Accounts, the amounts required under the Prior Resolutions to fund the respective reserves requirements for the First Lien Bonds; and (ii) for deposit in the Series 2013 A Bonds Reserve Account, an amount sufficient to remedy any decrease in value of the Series 2013 A Bonds Reserve Account below the Series 2013 A Bonds Reserve Requirement or any withdrawal from the Series 2013 A Bonds Reserve Account, beginning with the first full calendar month following the date on which (a) the valuation of investments in the Series 2013 A Bonds Reserve Account results in a determination that the amount of monies and the value

of the Qualified Investments deposited to the credit of the Series 2013 A Bonds Reserve Account is less than the Series 2013 A Bonds Reserve Requirement, or (b) any amount is withdrawn from the Series 2013 A Bonds Reserve Account for deposit into the Series 2013 A Bonds Sinking Fund. To the extent Net Revenues and any other legally available funds are available therefor, the amount so deposited shall be used to restore the amount of monies on deposit in the Series 2013 A Bonds Reserve Account to an amount equal to the Series 2013 A Bonds Reserve Requirement to the full extent that such Net Revenues are available; provided, that no payments shall be required to be made into the Series 2013 A Bonds Reserve Account whenever and as long as the amount deposited therein shall be equal to the Series 2013 A Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Resolutions and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article V hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required thereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Sinking Fund for the Second Lien Bonds the amount required under the Prior Resolutions to pay principal of the Second Lien Bonds.

(7) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Reserve Account for the Second Lien Bonds the amount required under the Prior Resolutions.

Monies in the Series 2013 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2013 A Bonds as the same shall become due, whether by maturity or redemption prior to maturity.

Monies in the Series 2013 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2013 B Bonds as the same shall become due, whether by maturity or redemption prior to maturity.

The Issuer shall not be required to make any further payments into the Series 2013 A Bonds Sinking Fund or the Series 2013 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of Series 2013 A Bonds issued pursuant to this Resolution then Outstanding, plus the amount of interest due or thereafter to become due on the Series 2013 A Bonds then Outstanding.

The Issuer shall not be required to make any further payments into the Series 2013 B Bonds Sinking Fund when the aggregate amount of funds therein are at least equal to the aggregate principal amount of Series 2013 B Bonds issued pursuant to this Resolution then Outstanding, plus the amount of interest due or thereafter to become due on the Series 2013 B Bonds then Outstanding.

As and when additional Bonds ranking on a parity with the Series 2013 Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at or before maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirements therefor.

The payments into the Series 2013 A Bonds Sinking Fund and Series 2013 B Bonds Sinking Fund shall be made on the first day of each month, except that, when the first day of any month shall be a Saturday, Sunday or legal holiday, then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

The Issuer shall restore any withdrawals from the Series 2013 A Bonds Reserve Account which have the effect of reducing the assets therein below the Series 2013 A Bonds Reserve Requirement, from the first Net Revenues available after all required payments have been made in full in the order set forth above.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the First Lien Bonds and the Series 2013 Bonds, and senior and prior to the principal, interest or reserve payments for the Second Lien Bonds, in accordance with the respective principal amounts then Outstanding.

The Bond Commission is hereby designated as the fiscal agent for the administration of the Series 2013 A Bonds Sinking Fund, the Series 2013 A Bonds Reserve Account, and the Series 2013 B Bonds Sinking Fund created hereunder, and all amounts required for said accounts shall be remitted to the Bond Commission from the Revenue Fund by the Issuer at the times provided herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any charges and fees then due.

D. The monies in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the Net Revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

INVESTMENTS; NON-ARBITRAGE; REBATES OF EXCESS INVESTMENT EARNINGS

Section 5.01. Investments. The Issuer shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any monies held as a part of the funds and accounts created by this Resolution in Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The Issuer shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Issuer may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

(A) Qualified Investments acquired for the Series 2013 A Bonds Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 5 years from the date of such investment.

(B) The Issuer shall, or shall cause the Bond Commission to, annually transfer from the Series 2013 A Bonds Reserve Account, to the Series 2013 A Bonds Sinking Fund, any earnings on the monies deposited therein and any other funds in excess of the requirement therefor; provided, however, that there shall at all times remain on deposit in the Series 2013 A Bonds Reserve Account an amount at least equal to the Series 2013 A Bonds Reserve Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from the Series 2013 A Bonds Reserve Account, whereupon such account shall be valued immediately after such withdrawal. If amounts on deposit in the Series 2013 A Bonds Reserve Account shall, at any time, be less than the Series 2013 A Bonds Reserve Requirement, such deficiency shall be made up from the first available Net Revenues in the order set forth in Section 4.03 hereof.

(D) All amounts representing accrued and capitalized interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Series 2013 Bonds, as applicable, and invested only in Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all monies deposited in the Series 2013 A Bonds Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia Board of Treasury Investments pursuant to Chapter 12, Article 6C of the West Virginia Code of 1931, as amended.

(F) Notwithstanding the foregoing, all monies deposited in the Series 2013 B Bonds Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia Board of Treasury Investments pursuant to Chapter 12, Article 6C of the West Virginia Code of 1931, as amended.

Section 5.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 2013 Bonds in such manner and to such extent as may be necessary, so that the Series 2013 Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with

respect to the Series 2013 Bonds) so that the interest on the Series 2013 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 5.03. Tax Certificate and Rebate. A. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate (the "Tax Certificate") to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 2013 Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2013 Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

B. The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect, with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. The Issuer at its expense, may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 5.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 5.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and the required amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 2013 Bonds from gross income for federal income tax purposes.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. Covenants Binding and Irrevocable. All the covenants, agreements and provisions of this Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2013 Bonds, as prescribed by Article VII. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the Holders of the Series 2013 Bonds, as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2013 Bonds, or the interest thereon, are Outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. The Series 2013 Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any of the provisions or limitations of the constitution but shall be payable solely from the Net Revenues of the System, the monies in the Series 2013 A Bonds Sinking Fund, Series 2013 B Bonds Sinking Fund and the Series 2013 A Bonds Reserve Account, and the unexpended proceeds of the Series 2013 Bonds, all as herein provided. No Holder or Holders of the Series 2013 Bonds issued hereunder shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2013 Bonds, or the interest thereon.

Section 6.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of all of the Series 2013 Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with one another and with the lien on the Net Revenues in favor of the Holders of the First Lien Bonds, which lien and pledge are senior and prior to the lien on the Net Revenues in favor of the Holders of the Second Lien Bonds. The Net Revenues derived from the System, in an amount sufficient to pay the interest on and principal of the Series 2013 Bonds herein authorized, and to make the payments into the Series 2013 Bonds Sinking Fund, the Series 2013 A Bonds Reserve Account, the Series 2013 B Bonds Sinking Fund and all other payments provided for in this Resolution, are hereby irrevocably pledged in the manner provided in this Resolution to the payment of the interest on and principal of the Series 2013 Bonds herein authorized as the same become due and for the other purposes provided in this Resolution.

Section 6.04. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established shall be kept on file in the office of the Issuer, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the Maximum Annual Debt Service on the Series

2013 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or subordinate to the Series 2013 Bonds, including the First Lien Bonds and the Second Lien Bonds.

In the computation provided in the above paragraph, "revenues of the System" shall include increased Net Revenues estimated to be derived from any improvements under construction, and any change in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia (without successful appeal), whether or not such approved rates are being charged and collected by the Issuer.

The Issuer shall require that each annual audit contain a statement of the auditor that the Issuer either is or is not in compliance with the rate covenant contained in this Section 6.04. In the event that any audit contains a statement that the Issuer is not in compliance with the rate covenant contained in this Section 6.04, the Issuer hereby covenants that it shall, within ninety (90) days of receiving the audit report, file a request with the Public Service Commission of West Virginia for a rate increase sufficient to comply with the above-mentioned rate requirement.

Section 6.05. Operation and Maintenance. The Issuer will operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

Section 6.06. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolutions. Additionally, so long as the Series 2013 Bonds are outstanding and except as otherwise provided by this Section 6.06 and as may be required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to either pay in full, or defease, all of the Bonds Outstanding. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2013 Bonds, immediately be remitted to the Bond Commission for deposit in the Series 2013 Bonds Sinking Fund, and the Issuer shall direct the Bond Commission to apply such proceeds to the payment of principal of and interest on the Series 2013 Bonds, as applicable. Any balance remaining after the payment of the Series 2013 Bonds and interest thereon shall be remitted to the Issuer by the Bond Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of $500,000, the Issuer may provide for the sale of such property. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of $500,000 but not in excess of $5,000,000 the Issuer, by resolution duly adopted, shall determine that the property is no longer necessary, useful or profitable in the operation of the System and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition off such property which are less than $500,000 may be deposited in the

Revenue Fund or the Renewal and Replacement Fund, at the sole discretion of the Issuer. The proceeds derived from any such sale, lease or other disposition of such property, in excess of $500,000 and not in excess of $5,000,000, shall be deposited by the Issuer into Sinking Funds for the Bonds or the Renewal and Replacement Fund, at the sole discretion of the Issuer. Such payment of such proceeds into the Sinking Funds for the Bonds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, shall be in excess of $5,000,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2013 Bonds, except as provided in Section 6.08 herein. All obligations issued by the Issuer after the issuance of the Series 2013 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2013 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such Additional Parity Bonds, being on a parity with the lien of the Series 2013 Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2013 Bonds and the interest thereon, if any, in this Resolution, or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable.

In addition, no such Additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2013 Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions). No such Additional Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition or construction of extensions, additions, betterments and improvements to the System or refunding all or any portion of any series of Bonds, or to pay claims which may exist against the revenues or facilities of the System, or all of such purposes.

So long as the Series 2013 A Bonds or Series 2013 B Bonds are outstanding, no Additional Parity Bonds shall be issued at any time, however, unless there has been procured a written statement by an Independent Certified Public Accountant reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the two (2) Fiscal Years immediately following the Fiscal Year in which such Additional Parity Bonds are issued, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Series 2013 Bonds and the Prior Bonds then Outstanding;

(2) Any Additional Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues" as that term is used in the computation provided in the above paragraph, shall include increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Additional Parity Bonds, if any, as though the construction of such improvements was completed on the date of the issuance of the Additional Parity Bonds and any additional customers from such improvements began to be billed contemporaneously with the issuance of the Additional Parity Bonds, and (b) any change in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia (without successful appeal), prior to the date of delivery of such Additional Parity Bonds, whether or not such approved rates are being charged and collected by the Issuer.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountant, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to issuance of such Additional Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Additional Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Additional Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such

Additional Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Additional Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the Net Revenues of the System is subject to the prior and superior liens of the Series 2013 Bonds on such Net Revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2013 Bonds.

No Additional Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution and the Prior Resolutions with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution and the Prior Resolutions, shall have been made in full as required to the date of delivery of such Additional Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution and the Prior Resolutions.

Provided, however, that if the audit by an Independent Certified Public Accountant for the Issuer for the Fiscal Year immediately preceding the proposed issuance of the Additional Parity Bonds states that the Issuer was not in compliance with the rate covenant in Section 6.04 of this Resolution for the year being audited and the Issuer has, as required by Section 6.04, filed a petition with the Public Service Commission of West Virginia seeking a rate increase sufficient to comply with Section 6.04, such statement in the most recent audit shall not be considered a violation of the covenants, agreements and terms of this Resolution, so as to prevent the Issuer from issuing Additional Parity Bonds under this Section 6.08.

Section 6.09. Insurance and Bonds. The Issuer hereby covenants and agrees, that so long as the Series 2013 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance and bonds and workers' compensation coverage with a reputable insurance carrier or carriers or bonding company or companies covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged and destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

C. WORKERS' COMPENSATION COVERAGE for all employees of or for the system eligible therefor.

D. FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

E. BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

F. FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 6.10. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and, in the event the Issuer or any department, agency, instrumentality, officer or employee thereof shall avail himself or themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 6.11. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and any services and facilities of the water system, if so owned by the Issuer, to all delinquent users of services and facilities of the System and will not restore such services of either System until all billing for charges for the services and facilities of the System, plus reasonable interest and penalty charges for the restoration of service, has been fully paid. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service

Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 6.12. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 6.13. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.14. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Series 2013 A Bond or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as it shall direct.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by an Independent Certified Public Accountant in compliance with OMB Circular 128 or any successor thereto and the Single Audit Act.

Section 6.15. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, or at such earlier date, prepare and adopt by resolution a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. The Issuer shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser and to any Bondholder or anyone acting for and on behalf of such Bondholder who requests the same.

Section 6.16. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2013 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2013 Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the First Lien Bonds, and senior and prior to the lien in favor of the Holders of the Second Lien Bonds.

Section 6.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2013 Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2013 Bonds during the term thereof is, under the terms of the Series 2013 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2013 Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2013 Bonds during the term thereof is, under the terms of the Series 2013 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2013 Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Series 2013 Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 2013 Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2013 Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2013 Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Series 2013 Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 6.18. Bond Insurance Policy. The Issuer may apply for a bond insurance policy for the Series 2013 Bonds. In the event a bond insurance policy is obtained, additional covenants and provisions of the Issuer may be required by the bond insurer as a condition to insuring the Series 2013 Bonds. These additional covenants and provisions shall be set forth in a Supplemental Resolution, shall apply to the Series 2013 Bonds, and shall be controlling in the event any other provisions of this Resolution may be in conflict therewith.

Section 6.19. Continuing Disclosure. In order to provide the written undertaking for the benefit of the owners of the Series 2013 Bonds required by the Securities and Exchange Commission Rule 15c2-12, the Issuer shall enter into a Continuing Disclosure Agreement or deliver a Continuing Disclosure Certificate in such form as may be approved by a Supplemental Resolution, and the Chairman is authorized and directed to execute and deliver such Continuing Disclosure Agreement or Continuing Disclosure Certificate on behalf of the Issuer, with such changes as the Chairman shall approve, such approval to be conclusively evidenced by the execution of such Agreement by the Chairman.

Section 6.20. Preliminary Official Statement; Official Statement. The distribution of the Preliminary Official Statement with respect to the Series 2013 Bonds shall be and the same is hereby approved. The form of the Preliminary Official Statement shall be in such form as may be approved by the Supplemental Resolution. The Chairman is hereby authorized and directed to execute and deliver a final official statement on behalf of the Issuer, which shall be in substantially the form of the Preliminary Official Statement with such changes, insertions and omissions as may be required to reflect the terms of the sale of the Series 2013 Bonds and as the Chairman may approve (the "Official Statement"). The execution of the Official Statement by the Chairman shall be conclusive evidence of such approval. Copies of the Official Statement are hereby authorized to be prepared and furnished to the Original Purchaser for distribution.

Section 6.21. Designation of Series 2013 A Bonds as Qualified Tax-Exempt Obligations. The Issuer hereby designates the Series 2013 A Bonds as "Qualified Tax-Exempt Obligations" for purposes of paragraph (3) of Section 265(b) of the Code and that not more than $10,000,000 aggregate principal amount of obligations the interest on which is excludable (under Section 103(a) of the Code) from gross income for federal income taxes (excluding, however, obligations described in Section 265(b)(3)(C)(ii) of the Code), including the Series 2013 A

Bonds, have been or shall be issued by the Issuer or any entities subordinate to it, during the calendar year 2013, all as determined in accordance with the Code. For purposes of this paragraph and for the purposes of applying such Section 265(b)(3) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a subordinate entity shall, for purposes of applying this paragraph and Section 265(b)(3) of the Code to each other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of Section 265(b)(3)(C) or (D) of the Code and all entities benefitting thereby shall be treated as one issuer.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2013 Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on the Series 2013 Bonds;

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part in this Resolution or any Supplemental Resolution or in the Series 2013 Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer by any Bondholder;

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If default occurs with respect to the Prior Bonds or the Prior Resolutions, or any Additional Parity Bonds, or the resolutions authorizing such Additional Parity Bonds, hereinafter issued.

The Issuer must cure any covenant default within 30 days after notice of the default, and failure to pay principal of or interest on the Series 2013 Bonds shall be an immediate event of default.

Section 7.02. Enforcement. Upon the happening and continuance of any Event of Default, any Bondholder may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Bondholders, including the right to require the Issuer to perform its duties under the Act and this Resolution;

(C) Bring suit upon the Series 2013 Bonds;

(D) By action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Bondholders; and

(E) By action or bill in equity enjoin any acts in violation of this Resolution or the rights of the Bondholders.

No remedy by the terms of this Resolution conferred upon or reserved to the Bondholders is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Bondholders hereunder or now or hereafter existing at law or by statute. All rights and remedies of the Holders of the Series 2013 Bonds shall be on a parity with one another and also on parity with those of the Holders of the First Lien Bonds, and senior and prior to those of the Holders of the Second Lien Bonds.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Bondholders shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 7.03. Appointment of Receiver. If there be any Event of Default existing and continuing, any Bondholder shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Series 2013 Bonds issued pursuant to this Resolution and interest thereon and under any covenants of this Resolution for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Net Revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and the Holders of the Series 2013 Bonds issued pursuant to this Resolution. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and the Bondholders, and the curing and making good of any default under the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Notwithstanding any other provision of this Resolution, in determining whether the rights of Bondholders will be adversely affected by any action taken pursuant to the terms and provisions of this Resolution, any trustee or Bondholder's committee shall consider the effect on the Bondholders as if no municipal bond insurance policy were then in effect.

Section 7.04. Restoration of Issuer and Bondholder. In case any Bondholder shall have proceeded to enforce any right under this Resolution by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and such Bondholder shall be restored to their former positions and rights hereunder, and all rights and remedies of such Bondholder shall continue as if no such proceedings had been taken.

ARTICLE VIII

REGISTRAR AND PAYING AGENT

Section 8.01. Appointment of Registrar. The Registrar for the Series 2013 Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby

authorized and directed to enter into an agreement with the Registrar, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 8.02. Responsibilities of Registrar. The recitals of fact in the Series 2013 Bonds shall be taken as statements of the Issuer, and the Registrar shall not be responsible for their accuracy. The Registrar shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Series 2013 Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication on the Series 2013 Bonds. The Registrar and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Resolution and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 8.01.

Section 8.03. Evidence on Which Registrar May Act. Except as otherwise provided by Section 10.02, the Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever the Registrar shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion the Registrar may instead accept other evidence of such fact or matter.

Section 8.04. Compensation and Expenses. The Issuer shall pay to the Registrar from time to time reasonable compensation for all services, including the transfer of registration of Bonds, the first exchange of Bonds and the exchange of Bonds in the event of partial redemption, incurred in the performance of its duties hereunder.

Section 8.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Series 2013 Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or effect or aid in any reorganization growing out of the enforcement of the Series 2013 Bonds or this Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Series 2013 Bonds Outstanding.

Section 8.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Resolution by giving not less than 60 days' written notice to the Issuer and publishing in an Authorized Newspaper notice (or mailing such notice to each Bondholder in the event all Series 2013 Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or bondholders, in which event such resignation shall take effect immediately.

Section 8.07. Removal. The Registrar may be removed at any time by the Issuer or by the Holders of a majority in principal amount of the Series 2013 Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer or by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each such instrument shall be delivered by the Issuer to the Registrar.

Section 8.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Series 2013 Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Bondholders. The Issuer shall publish in an Authorized Newspaper (or mail to each Bondholder in the event all Series 2013 Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. Any successor Registrar appointed by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Bondholders. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Resolution.

Section 8.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any monies, books and records held by it to its successor.

Section 8.10. Merger or Consolidation. Any company into which the Registrar may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 8.08.

Section 8.11. Adoption of Authentication. In case any of the Series 2013 Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Bonds so authenticated, and, in case any Series 2013 Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Bonds in the name of the predecessor Registrar or in its own name.

Section 8.12. Paying Agent. The Bond Commission shall serve as the Paying Agent. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Resolution. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Bonds shall be and remain DTC-eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from monies available therefor.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Resolution. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Bondholders may make such appointment.

The Paying Agent shall enjoy the same protective provisions in the performance of its duties hereunder as are specified in this Article VIII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 8.08 hereof with respect to the appointment of a successor Registrar.

All monies received by the Paying Agent shall, until used or applied as provided in this Resolution, be held in trust for the purposes for which they were received.

ARTICLE IX

DEFEASANCE; DISCHARGE OF PLEDGE OF RESOLUTION

Section 9.01. Defeasance; Discharge of Pledge of Resolution. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 2013 Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Resolution, then this Resolution and the pledges of the Net Revenues and other monies and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Holders of the Series 2013 Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied, except as may be necessary to assure the exclusion of interest on the Series 2013 Bonds from gross income for federal income tax purposes.

The Series 2013 Bonds for the payment of which either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on the Series 2013 Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 2013 Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or escrow trustee either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on the Series 2013 Bonds on and prior to the maturity date thereof, or if the Issuer irrevocably determines to redeem any of the Series 2013 Bonds prior to the maturity thereof, on and prior to said Redemption Date. Neither securities nor monies deposited with the Bond Commission or escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Series 2013 Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on the Series 2013 Bonds on and prior to such maturity or Redemption Dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations, as such term is limited by the provisions in Section 1.01 hereof or such additional securities as shall be set forth in the Supplemental Resolution.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment of Resolution. Prior to issuance of the Series 2013 Bonds, this Resolution may be amended or supplemented in any way by Supplemental Resolution. All provisions required by a bond insurer, if any, shall be set forth in a Supplemental Resolution and to the extent they constitute an amendment or modification of the Resolution, shall be controlling. Following issuance of the Series 2013 Bonds, this Resolution and any Supplemental Resolution may be amended or modified without the consent of any Bondholder or other person, so long as such amendment or modification is not materially adverse to any Bondholder, as determined by an opinions of Bond Counsel. In the event any of the Series 2013 Bonds are insured, no such amendment or modification which adversely affects the security for such Series 2013 Bonds or the rights of any bond insurer for such Series 2013 Bonds may be effected without the written consent of such bond insurer. In the event that the Series 2013 Bonds are not insured, no materially adverse amendment or modification to this Resolution, or of any Supplemental Resolution, may be made without the written consent of the Holders of 51% in aggregate principal amount of the Series 2013 Bonds then Outstanding and affected thereby,

which must be filed with the Issuer before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Series 2013 A Bond without the express written consent of the Holder of each Series 2013 A Bond so affected, nor reduce the percentage of Series 2013 Bonds required for consent to any such modification or amendment.

Section 10.02. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, consent, revocation of consent or other instrument which this Resolution may require or permit to be signed and executed by Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Resolution if made in the following manner, or in any other manner satisfactory to the Issuer or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Bondholder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, a trust company or a financial firm or corporation satisfactory to the Issuer or the Registrar, as the case may be, that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Bondholder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of fully registered Bonds held by a person executing any instrument as a Bondholder, the date of his holding such Bonds and the numbers and other identification thereof, shall be confirmed by the Bond Register.

Any request, consent or other instrument executed by the Holder of any Bond shall bind all future Holders and owners of such Bond in respect of anything done or suffered to be done hereunder by the Issuer or the Registrar in accordance therewith.

Section 10.03. Preservation and Inspection of Documents. To the extent allowable under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Resolution shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Bondholder, and their agents and their representatives, but any such reports, certificates, statements or other documents may, at the election of the Registrar, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Resolution shall be discharged as provided in Section 9.01.

Section 10.04. Cancellation of Bonds. All Bonds purchased or paid shall, if surrendered to the Issuer, be canceled and delivered to the Registrar, or, if surrendered to the Registrar, be canceled by it. No such Bonds shall be deemed Outstanding under this Resolution and no Bonds shall be issued in lieu thereof. All such Bonds shall be canceled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.05. Failure to Present Bonds. Anything in this Resolution to the contrary notwithstanding, any monies held by the Bond Commission or a Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for 1 year after the date on which such Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the Issuer be paid by the Bond Commission or said Paying Agent to the Issuer as its absolute property and free from trust, and the Bond Commission or said Paying Agent shall thereupon be released and discharged with respect thereto, and the Holders of such Bonds shall look only to the Issuer for the payment of such Bonds; provided, however, that, before making any such payment to the Issuer, the Registrar, if so advised by the Bond Commission, or said Paying Agent shall send to the Holder, at the address listed on the Bond Register, by certified mail, a notice that such monies remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of such notice is mailed, the balance of such monies then unclaimed will be returned to the Issuer.

Section 10.06. Notices, Demands and Requests. EXHIBIT A

TAX COMPLIANCE POLICIES

Purpose

Governmental issuers of tax-exempt and tax-credit bonds must comply with certain federal tax rules pertaining to expenditure of proceeds for qualified costs, rate of expenditure, use of bond financed property, investment of proceeds in compliance with arbitrage rules, and retention of records. The following policies are intended to establish compliance by the Berkeley County Public Service Sewer District, Martinsburg, West Virginia (the *"Issuer"*), as the issuer, with these rules in connection with the issuance of the Issuer's Sewer Refunding Revenue Bonds, Series 2013 A (Bank Qualified), (the "*Tax-Exempt Bonds*"). It is understood and agreed by the Issuer, and the Issuer has covenanted to take all actions necessary to maintain the Tax-Exempt Bonds as tax-exempt state and local bonds.

Tax Requirements Associated with Sale and Issuance of Bonds

Review and retention of tax documents related to the sale and issuance of Bonds will be supervised by the Chairman or his designee (the "*Oversight Officer*").

- Form 8038-G (tax exempt bonds) will be reviewed and filed not later than the 15th day of the 2nd calendar month following the quarter in which the bonds were issued. Filing of appropriate version or versions of Form 8038-G will be confirmed with bond counsel.

Expenditure of Proceeds for Governmental Costs

Expenditure of bond proceeds will be reviewed by the Oversight Officer.

- Bond proceeds will be disbursed pursuant to the Bond Legislation, and will be a written order of an Authorized Officer, stating the date, amount and purpose of the disbursement.

- Requisitions must identify the financed property in conformity with the Tax and Non-Arbitrage Certificate executed by the Issuer at closing, including any certifications as to the character and average economic life of the bond-financed property.

- Requisitions for costs that were paid prior to the issuance of the bonds are, in general, limited to costs paid subsequent to, or not more than 60 days prior to, the date a "declaration of intent" to reimburse the costs was adopted by the District. If proceeds are used for reimbursement, a copy of the declaration will be obtained and included in the records for the Tax-Exempt Bonds, if not already part of the bond transcript.

- Requisitions will be in accordance with expectations to spend or commit 5% of net sale proceeds within 6 months, to spend 85% of net sale proceeds within 3 years, and to proceed with due diligence to complete the project and fully spend the net sale proceeds. Expected expenditure schedules, project timelines, and plans and specifications will be maintained to support expectations. Reasons for failure to meet the expected schedule will be documented and retained in the records for the Tax-Exempt Bonds.

- If the 18-month spending exception to rebate applies, expenditure of gross proceeds will be monitored against the following schedule for the arbitrage rebate exception for the issue, if applicable:

  15% within 6 months
  60% within 12 months
  100% within 18 months

- If the 2-year spending exception to rebate applies, expenditure of "available construction proceeds" will be monitored against the following schedule for the arbitrage rebate exception for construction issues if applicable:

  10% within 6 months
  45% within 12 months
  75% within 18 months
  100% within 24 months

Expenditure of Proceeds

In addition to the general review of expenditures described above, expenditure of proceeds of the Tax-Exempt Bonds will be reviewed by the Oversight Officer.

- Reserve funds cannot exceed the least of 10% of bond proceeds, maximum annual debt service, or 125% of average annual debt service. The initial funding of any reserve fund will be measured against this limit.

- Only a small portion (5%) of the proceeds of Tax-Exempt Bonds can be used for operating expenses or other "working capital" costs. Requisitions for costs of the Project will accordingly be monitored to confirm that they are for capital costs of the Project.

Date: August 22, 2013

TAX COMPLIANCE POLICIES

Purpose

Governmental issuers of tax-exempt and tax-credit bonds must comply with certain federal tax rules pertaining to expenditure of proceeds for qualified costs, rate of expenditure, use of bond financed property, investment of proceeds in compliance with arbitrage rules, and retention of records. The following policies are intended to establish compliance by the Berkeley County Public Service Sewer District, Martinsburg, West Virginia (the *"Issuer"*), as the issuer, with these rules in connection with the issuance of the Issuer's Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified), (the "*Tax-Exempt Bonds*"). It is understood and agreed by the Issuer, and the Issuer has covenanted to take all actions necessary to maintain the Tax-Exempt Bonds as tax-exempt state and local bonds.

Tax Requirements Associated with Sale and Issuance of Bonds

Review and retention of tax documents related to the sale and issuance of Bonds will be supervised by the Chairman or his designee (the "*Oversight Officer*").

- Form 8038-G (tax exempt bonds) will be reviewed and filed not later than the 15th day of the 2nd calendar month following the quarter in which the bonds were issued. Filing of appropriate version or versions of Form 8038-G will be confirmed with bond counsel.

Expenditure of Proceeds for Governmental Costs

Expenditure of bond proceeds will be reviewed by the Oversight Officer.

- Bond proceeds will be disbursed pursuant to the Bond Legislation, and will be a written order of an Authorized Officer, stating the date, amount and purpose of the disbursement.

- Requisitions must identify the financed property in conformity with the Tax and Non-Arbitrage Certificate executed by the Issuer at closing, including any certifications as to the character and average economic life of the bond-financed property.

- Requisitions for costs that were paid prior to the issuance of the bonds are, in general, limited to costs paid subsequent to, or not more than 60 days prior to, the date a "declaration of intent" to reimburse the costs was adopted by the District. If proceeds are used for reimbursement, a copy of the declaration will be obtained and included in the records for the Tax-Exempt Bonds, if not already part of the bond transcript.

- Requisitions will be in accordance with expectations to spend or commit 5% of net sale proceeds within 6 months, to spend 85% of net sale proceeds within 3 years, and to proceed with due diligence to complete the project and fully spend the net sale proceeds. Expected expenditure schedules, project timelines, and plans and specifications will be maintained to support expectations. Reasons for failure to meet the expected schedule will be documented and retained in the records for the Tax-Exempt Bonds.

- If the 18-month spending exception to rebate applies, expenditure of gross proceeds will be monitored against the following schedule for the arbitrage rebate exception for the issue, if applicable:

  15% within 6 months
  60% within 12 months
  100% within 18 months

- If the 2-year spending exception to rebate applies, expenditure of "available construction proceeds" will be monitored against the following schedule for the arbitrage rebate exception for construction issues if applicable:

  10% within 6 months
  45% within 12 months
  75% within 18 months
  100% within 24 months

Expenditure of Proceeds

In addition to the general review of expenditures described above, expenditure of proceeds of the Tax-Exempt Bonds will be reviewed by the Oversight Officer.

- Reserve funds cannot exceed the least of 10% of bond proceeds, maximum annual debt service, or 125% of average annual debt service. The initial funding of any reserve fund will be measured against this limit.

- Only a small portion (5%) of the proceeds of Tax-Exempt Bonds can be used for operating expenses or other "working capital" costs. Requisitions for costs of the Project will accordingly be monitored to confirm that they are for capital costs of the Project.

- Investment earnings on sale proceeds of the Tax-Exempt Bonds will be tracked and will be requisitioned only for appropriate expenditures.

Use of Bond-Financed Property

Use of bond-financed property when completed and placed in service will be reviewed by the Oversight Officer.

- Average nonexempt use of bond-financed property over the life of the issue cannot exceed 10% of the proceeds.

- Agreements with business users or non-profit organizations for lease or management or services contracts, sponsored research, naming rights or any other potential nonexempt use of bond-financed property will be reviewed prior to execution of any contract to determine if property subject to the Bond Legislation is bond-financed.

- Agreements with business users or other non-profit organizations for lease or management or services contracts or other private business use involving bond-financed property will be tracked and aggregated with other private business uses for compliance with the 10% limit, as set forth in the Tax and Non-Arbitrage Certificate.

- No item of bond-financed property will be sold or transferred to a nonexempt party without advance arrangement of a "remedial action" under the applicable Income Tax Regulations.

Investments and IRS Filings

- Guaranteed investment contracts ("*GIC*") will be purchased only using the three-bid "safe harbor" of applicable Income Tax Regulations, in compliance with fee limitations on GIC brokers in the Income Tax Regulations.

- Rebate payments will be made with Form 8038-T no later than 60 days after (a) each fifth anniversary of the date of issuance and (b) the final retirement of the issue. Compliance with rebate requirements will be reported to the bond trustee and the issuer.

- Identify date for first rebate payment at time of issuance. Enter in records for the issue.

Management and retention of records related to tax-exempt bond issues will be supervised by the Oversight Officer.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 30th day of July 2013.

CASE NO. 12-1653-PSD-PC (REOPENED)

BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT,
Petition for consent and approval of borrowing to refund the District's Sewer Refunding Revenue Bonds, Series 2006 A; and, borrowing to Refund the District's Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A, Wrapped with Eight (8) other bond issues which mature between 2014 and 2017.

COMMISSION ORDER

The Commission reopens this proceeding and approves an increase in the amount of borrowing to refund the bonds of a utility.

BACKGROUND

Prior Proceedings

On December 17, 2012, pursuant to W.Va. Code §16-13A-25, Berkeley County Public Service Sewer District (Berkeley) filed a petition for Commission consent to borrow money to refund its Sewer Refunding Revenue Bonds, Series 2006 A (Series 2006 A) and its Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A (Series 2006 A CIF), combined with eight other bond issues that will mature between 2014 and 2017 including Sewer Revenue Bonds, Series 1994 C, Sewer Revenue Bonds, Series 1995 A, Sewer Revenue Bonds, Series 1995 B, Sewer Revenue Bonds, Series 1996 A, Sewer Revenue Bonds, Series 1996 B, Sewer Revenue Bonds, Series 1996 C, Sewer Revenue Bonds, Series 1997 A, and Sewer Revenue Bonds, Series 1997 B.

According to Berkeley, approving the proposed borrowing will diminish the need for and the impact of a future rate increase.

Berkeley stated that refunding of the Series 2006 A bond will be in a par amount of $3,080,000, with a maturity date of October 2025 (Series 2013 A bond) and refunding of the Series 2006 A CIF and eight other bonds will be in a par amount of $10,735,000,

with a maturity date of October 2026 (Series 2013 B bond). The debt service coverage requirement is 115 percent and does not increase the Berkeley revenue requirement.

On March 7, 2013, the Commission issued an Order granting its prior consent and approval for Berkeley to borrow money to refund the Series 2006 A bonds in an amount not to exceed $3,080,000 and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $10,735,000. The Commission further required that after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026, Berkeley must file with the Commission a letter stating the amount borrowed and the interest rate for each of the bonds.

Petition to Reopen

On July 12, 2013, Berkeley filed a petition to reopen this proceeding. Berkeley stated that subsequent to the March 7, 2013 Order, it had used capacity improvement fee funds to make an interest payment on the Series 2006 A CIF Bonds. Consequently, the amount of Refunding Bonds needed to refinance the Series 2006 A CIF Bonds had increased. Berkeley requested that the Commission authorize the issuance of the Refunding Bonds in an amount not to exceed $12,000,000 to refinance the Series 2006 A CIF Bonds. Berkeley stated that the increased amount of the Refunding Bonds will not impact rates because the debt service for the Refunding Bonds is "wrapped" around the debt service on eight of Berkeley's existing bond issues which mature between 2014 and 2017.

On July 18, 2013, Berkeley filed supplemental information in support of its request to reopen.

On July 23, 2013, Commission Staff filed its Initial and Final Joint Staff Memorandum. Staff recommended that the borrowing to refund the Series 2006 A CIF Bonds wrapped with eight other bond issues which mature between 2014 and 2017 in an amount not to exceed $12,000,000, be approved pursuant to W.Va. Code §16-13A-25. Staff further recommended that after closing on the Series 2013 Bonds, Berkeley file a letter stating the amount borrowed and the interest rate, as a closed entry for this bond.

DISCUSSION

The Commission will grant its prior consent and approval for Berkeley to borrow money to refund the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in the amount not to exceed $12,000,000, as requested by Berkeley and as recommended by Staff.

The prior consent and approval regarding refinancing of the Series 2006 A bonds in an amount not to exceed $3,080,000, stands as ordered in the March 7, 2013, Commission Order.

After closing on the Series 2013 Bonds, Berkeley must file with the Commission a letter stating the amount borrowed and the interest rate for each of the bonds.

FINDINGS OF FACT

1. Berkeley requested that the Commission authorize the issuance of the refunding bonds in an amount not to exceed $12,000,000 to refinance the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017.

2. Authorizing the increase in the amount of the refunding bonds will not impact the Berkeley rates.

CONCLUSION OF LAW

Because authorizing the issuance of the refunding bonds in an amount not to exceed $12,000,000 to refinance the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, will not increase rates, it is reasonable to do so.

ORDER

IT IS THEREFORE ORDERED that the Commission grants its consent and approval for the Berkeley County Public Service Sewer District to borrow money to refund the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $12,000,000.

IT IS FURTHER ORDERED that the Berkeley County Public Service Sewer District file with the Commission a letter stating the amount borrowed and the interest rate for each of the bonds after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026.

IT IS FURTHER ORDERED that on entry of this Order this case shall be removed from the Commission docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order by electronic service on all parties of record who have filed an e-service agreement, by United States First Class Mail on all parties of record who have not filed an e-service agreement, and on Staff by hand delivery.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 7th day of March 2013.

CASE NO. 12-1653-PSD-PC

BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT,
Petition for consent and approval of borrowing to refund the District's Sewer Refunding Revenue Bonds, Series 2006 A; and, borrowing to Refund the District's Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A, Wrapped with Eight (8) other bond issues which mature between 2014 and 2017.

COMMISSION ORDER

The Commission approves borrowing to refund the bonds of a utility.

BACKGROUND

On December 17, 2012, pursuant to W.Va. Code §16-13A-25 Berkeley County Public Service Sewer District (Berkeley) filed a petition for Commission consent to borrow money to refund its Sewer Refunding Revenue Bonds, Series 2006 A (Series 2006 A) and its Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A (Series 2006 A CIF), combined with eight other bond issues that will mature between 2014 and 2017 including Sewer Revenue Bonds, Series 1994 C, Sewer Revenue Bonds, Series 1995 A, Sewer Revenue Bonds, Series 1995 B, Sewer Revenue Bonds, Series 1996 A, Sewer Revenue Bonds, Series 1996 B, Sewer Revenue Bonds, Series 1996 C, Sewer Revenue Bonds, Series 1997 A, and Sewer Revenue Bonds, Series 1997 B.

Berkeley stated that the Series 2006 A CIF Bonds will primarily refund the Berkeley Sewer Capacity Improvement Fee Revenue Bonds that have been paid entirely with sewer Capacity Improvement Fees collected from developers that the Commission removed from the Berkeley tariff in Case No. 09-0961-PSWD-GI. See, May 9, 2012 and August 7, 2012 Final Orders. Berkeley further stated that without Capacity Improvement Fees it has only enough funds going forward to pay eight and a half months of debt service payments on bonds that do not mature until 2026. According to Berkeley, approving the proposed borrowing will diminish the need for and the impact of a future rate increase.

Berkeley stated that refunding of the Series 2006 A bond will be in a par amount of $3,080,000, with a maturity date of October 2025 and refunding of the Series 2006 A CIF and eight other bonds will be in a par amount of $10,735,000, with a maturity date of October 2026. The debt service coverage requirement is 115 percent and does not increase the Berkeley revenue requirement.

Included with the Berkeley petition are letters from Crews & Associates (Crews) stating that it will underwrite the bonds and draft the bond ordinances. Crews included debt service comparisons and schedules anticipating that the approximate net savings between the current debt service and proposed debt service for the Series 2006 A bond will be more than $25,000 per year. The estimated savings for the Series 2006 A CIF bond will be more than $302,000 per year.

On January 22, 2013, Commission Staff filed a Final Memorandum. After speaking with Crews about its calculation of the present value, calculations of the current cost of debt and the proposed cost of debt, Staff performed calculations and derived a similar savings result that staff determined was reasonable. Staff agreed that the savings Crews estimated would occur in refunding the bonds.

Staff recommended (i) approval of the Berkeley petition to borrow money to refund the Series 2006 A bonds in an amount not to exceed $3,080,000 and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $10,735,000 and (ii) after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026, Berkeley should be required to file a letter stating the amount borrowed and the interest rate for each of the bonds.

DISCUSSION

Pursuant to W.Va. Code 16-13A-25, a public service district shall not borrow money without the prior consent and approval of the Commission. Based on the Berkeley petition and supporting financial documentation, it is reasonable for the Commission to grant its prior consent and approval for Berkeley to borrow money to refund the Series 2006 A bonds in an amount not to exceed $3,080,000 and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $10,735,000, as Staff recommended. After closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026, Berkeley must file with the Commission a letter stating the amount borrowed and the interest rate for each of the bonds.

FINDINGS OF FACT

1. Berkeley requested Commission consent to borrow money to refund the Series 2006 A bonds and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017.

2. The approximate net savings between the current debt service and proposed debt service for the Series 2006 A bond will be more than $25,000 per year and will be more than $302,000 per year for the Series 2006 A CIF bond.

3. Staff recommended (i) approval of the Berkeley petition to borrow money to refund the Series 2006 A and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017 and (ii) after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026, Berkeley should file a letter stating the amount borrowed and the interest rate for each of the bonds.

CONCLUSIONS OF LAW

1. Based on the Berkeley petition and supporting financial documentation, it is reasonable for the Commission to grant its prior consent and approval for Berkeley to borrow money to refund the Series 2006 A bonds in an amount not to exceed $3,080,000 and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $10,735,000.

2. It is reasonable for Berkeley to file a letter stating the amount borrowed and the interest rate for each of the bonds after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026, as Staff recommended.

ORDER

IT IS THEREFORE ORDERED that the Commission grants its consent and approval for the Berkeley County Public Service Sewer District to borrow money to refund the Series 2006 A bonds in an amount not to exceed $3,080,000 and the Series 2006 A CIF bonds, combined with eight other bond issues that will mature between 2014 and 2017, in an amount not to exceed $10,735,000.

IT IS FURTHER ORDERED that the Berkeley County Public Service Sewer District file with the Commission a letter stating the amount borrowed and the interest rate for each of the bonds after closing on the two Series 2013 Bonds with maturity dates of October 2025 and October 2026.

IT IS FURTHER ORDERED that on entry of this Order this case shall be removed from the Commission docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this Order by electronic service on all parties of record who have filed an e-service agreement, by United States First Class Mail on all parties of record who have not filed an e-service agreement, and on Staff by hand delivery.

CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 9th day of May 2012.

CASE NO. 09-0961-PSWD-GI

GENERAL INVESTIGATION INTO CAPACITY IMPROVEMENT FEES CHARGED BY THE BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT and BERKELEY COUNTY PUBLIC SERVICE DISTRICT dba BERKELEY COUNTY PUBLIC SERVICE WATER DISTRICT

COMMISSION ORDER

This Order discontinues the Capacity Improvement Fees used by the Districts and denies the request to refund the Capacity Improvement Fees previously paid.

BACKGROUND

Case No. 09-0192-PSWD-C

On February 27, 2009, Larry V. Faircloth and Larry V. Faircloth Realty, Inc. (Faircloth Realty), (collectively, Faircloth) filed a formal complaint against the Berkeley County Public Service Sewer District (Sewer District) and Berkeley County Public Service District dba Berkeley County Public Service Water District (Water District) (collectively, Districts), requesting that the Commission rescind the Capacity Improvement Fees (CIFs), as created by prior Commission orders. Faircloth asked that the Commission (i) rescind the CIFs until such time as the economic conditions under which CIFs were created return, and (ii) convene a hearing to determine that the CIFs charged by the Districts are reasonable, just, and do not discriminate against developers and builders in a way that prohibits growth.

Present Proceeding

On June 11, 2009, the Commission issued an order (i) describing a brief history of the CIFs applicable to the Districts, (ii) acknowledging three basic aspects of a CIF (i.e., need for the CIF, proper amount of the CIF, and use of CIF funds), (iii) initiating a general investigation to investigate the CIFs of the Districts, (iv) making Faircloth a party to the general investigation, (v) dismissing Case No. 09-0192-PSWD-C, (vi) requiring the parties to submit answers to specific questions regarding the use of collected CIF money, and (vii) setting this case for a hearing to address the use of the CIF funds.

On August 26 and 27, 2009, the Commission convened a hearing to take evidence on the use of the CIF money collected by the Districts. As the hearing progressed, however, the parties also presented evidence on the need for CIFs and the proper amount of the CIFs. (The August 26, 2009 hearing transcript will referred to as "Tr. I" and the August 27, 2009 hearing transcript as "Tr. II.")

On September 4, 2009, the Commission issued an Order setting a briefing schedule to address all aspects of the CIFs applicable to the Districts. An October 8, 2009 request by Faircloth to stay or modify the briefing schedule was denied by a Commission Order issued October 9, 2009.

On October 13, 2009, Faircloth filed its Initial Brief arguing that (i) the Commission does not have constitutional or statutory authority to authorize the Districts to charge and collect a CIF against the Faircloths because Berkeley County has no zoning ordinance in place and does not have the requisite authority to impose impact fees, (ii) the current CIFs are not necessary, (iii) even if a CIF is authorized, it should be rescinded because of the failure of the Districts to prove the existence of a two percent growth rate in Berkeley County over the past two years, and (iv) the Districts should be required to give the Commission (a) a detailed accounting as to the exact amount of CIFs collected since 2004, (b) the exact use of those funds thus far, and (c) a statement of the planned future use of CIF funds, and (v) CIFs can only be used to satisfy the bond indebtedness that was created by the Districts for future growth.

On October 13, 2009, Commission Staff filed its Initial Brief. Staff cited W.Va. Code §24-2-3 and United Fuel Gas Co. v. Public Service Commission, 154 W.Va. 221, 174 S.E.2d 304 (1969) for the proposition that (i) the Commission has the power to enforce, originate, establish, change, and promulgate tariffs, rates, tolls, and schedules for all public utilities, and (ii) a rate fixed by the Commission is presumed to be valid and reasonable. Staff provided a brief overview of the Commission cases authorizing CIFs for the Districts and concluded that the Commission had authority to implement CIFs.

On October 13, 2009, the Water District filed its initial brief. The Water District argued that (i) CIFs address unprecedented growth in a part of the state that lacks the necessary infrastructure to meet the needs imposed by such growth, (ii) CIFs balance the interests of current rate payers against cost-causing future customers, (iii) growth in Berkeley County has slowed but is still running at or near two percent per year, (iv) sixty-four percent of recently constructed and near term capital needs are related to growth, and (v) there was no evidence presented at hearing to justify a change in the amount of the current CIF for the Water District.

On October 13, 2009, the Sewer District filed its initial brief. The Sewer District argued that (i) CIFs are needed in Berkeley County to permit the Districts to adequately address long-term growth, (ii) the existing CIF rate, calculated pursuant to the Georgia Tech Model, are appropriate, and (iii) its distribution of CIF funds were appropriate and had been authorized by the Commission in prior cases.

On November 2, 2009, Faircloth filed its reply brief along with a motion to strike any evidence submitted in this case after October 13, 2009.

On November 2, 2009, the Water District and the Sewer District filed their respective reply briefs.

Circuit Court and Supreme Court of Appeals of West Virginia Filings

In October 2009, Faircloth Realty filed a request for declaratory judgment action in the Circuit Court of Berkeley County, seeking essentially the same remedy sought from the Commission, i.e., relief from paying CIFs. That filing was designated as Berkeley County Circuit Court Civil Action No. 09-C-286.

On January 29, 2010, the Circuit Court of Berkeley County entered a Declaratory Judgment Order in which it determined that its exercise of jurisdiction in this matter was proper and ruled in favor of Faircloth Realty on the substantive issues. The Circuit Court of Berkeley County granted a stay of its declaratory judgment order pending appeal, and ordered the Districts to deposit all CIFs collected during the stay into a separate escrow account. An appeal to the Supreme Court of Appeals of West Virginia (WVSCA) followed, and, by order entered April 14, 2010, the WVSCA extended the aforementioned stay during the pendency of the appeal.

On April 30, 2010, the Commission petitioned the WVSCA to intervene as a party respondent. By order entered June 22, 2010, the WVSCA granted the motion to intervene.

On February 24, 2011, the WVSCA entered a memorandum decision finding that Faircloth Realty failed to exhaust its administrative remedies at the Commission. The Court held that the Circuit Court did not have jurisdiction in this matter and reversed the declaratory judgment order filed by the Circuit Court of Berkeley County.

Present Proceeding (continued)

On July 8, 2011, Faircloth filed a motion requesting an expedited ruling in this case. Faircloth reiterated the procedural history of this case and the related Circuit Court and WVSCA filings, stating that Faircloth intended to seek a writ of mandamus or of prohibition if the Commission did not issue a final, appealable Order within fifteen days.

On July 19, 2011, the Commission issued an Order requiring recommendations by the parties regarding how to proceed. After noting that population growth data in this case was over eighteen months old, the Commission directed the parties to provide updated growth data. The Commission also noted that the October 2009 Faircloth brief asserted that additional evidence was necessary in this case. The Commission directed

the parties to state whether they believed additional evidence or hearings would be necessary.

On August 4, 2011, Faircloth filed in response to the July 19, 2011 Commission Order. Regarding population growth, Faircloth filed documentation asserting (i) a twenty-five percent decrease in population growth from 2005 through June 30, 2011 and (ii) a decrease in population growth over the past ten years of 7.15 percent. Faircloth noted that the Commission had not reviewed population growth statistics for the Districts every three years or required the Districts to show that existing capacity reserves will be depleted within five to seven years, both as required by the Commission decision in Willow Spring Public Service Corporation, Case No. 06-1180-S-CN-PW-PC (Commission Order May 15, 2007). Faircloth incorporated by reference its arguments as previously presented in this case and in its filing before the Circuit Court of Berkeley County. Faircloth asserted that additional testimony and evidence is not necessary or helpful in allowing the Commission to rule in this matter. Faircloth also objected in detail to the population growth data submitted by the Districts.

Faircloth requested that (i) all CIFs and increases thereto implemented by the Districts and approved by the Commission be rescinded effective February 27, 2009 (the date of the original complaint filed by Faircloth in this matter), and (ii) the Commission require the Districts to refund to Faircloth all CIFs, with interest, paid by Faircloth to the respective Districts for all CIF payments made on and after February 27, 2009.

On August 4, 2011, the Districts filed population growth data from 2000 through 2010 and population growth forecasts for the period 2010 through 2015. The Districts asserted that additional evidence was not necessary in this case.

On August 12, 2011, the Water District filed a motion to strike the Faircloth objection to the population growth data submitted by the Districts. The Water District recommended that, because the parties had stated that no further hearings were necessary, the case should be submitted on the evidence and arguments previously made in this case as supplemented solely by the growth information requested by the July 19, 2011 Commission Order.

On August 12, 2011, Faircloth filed an objection to the Water District motion to strike. Faircloth denied that its filing exceeded the information requested by the Commission.

On September 30, 2011, the Commission issued an Order. Noting that the parties had been unable to agree on population and customer growth data applicable to the Districts, the Commission (i) required the parties to submit direct and rebuttal testimony and (ii) set this matter for hearing.

On October 17, 2011, Faircloth filed an application for temporary injunctive relief, asking that the Commission enjoin the Districts from imposing or collecting the CIF of

$6,770 per new home at the time that the developer applies for a building permit from the Berkeley Planning Commission, or otherwise obstructing Faircloths' application for building permits for residential homes in Berkeley County, until such time as the Commission issues a final and appealable order in this case. In the alternative, Faircloth asked that the Commission grant injunctive relief for each new home constructed and sold by Faircloth until Faircloth applies for final inspection of the constructed home and requests that the meter be set by the Districts.

On October 18, 2011, the Sewer District filed a response recommending that the Commission deny the Faircloth application. In support of its recommendation the District stated that (i) Faircloth provided the parties with insufficient notice of its application, (ii) Faircloth did not seek resolution with the Sewer District prior to filing the application, and (iii) the application failed to meet the burden for granting injunctive relief in that (a) payment of a Commission-approved fee does not constitute irreparable harm and (b) Faircloth has not shown that it is likely to prevail in this matter.

On October 19, 2011, the Water District filed a response recommending that the Commission deny the application. In support of its recommendation the District stated that Faircloth failed to make a case that it will be irreparably harmed by being required to pay the authorized CIF to the District in order to get a (i) letter of service from the District and (ii) permit from the Berkeley County Planning Commission, to build a home.

On October 20, 2011, the Commission issued an Order concluding that Faircloth had not proven the elements necessary to prevail on its application. The Commission denied the application for temporary injunctive relief as filed by Faircloth.

Faircloth Petition to the Supreme Court of Appeals of West Virginia

On October 25, 2011, Faircloth filed a petition with the Supreme Court of Appeals of West Virginia praying for a stay and a writ of mandamus to be directed against the Commission.

On November 14, 2011, the Court entered an order denying the writ and the stay.

Present Proceeding (continued)

On November 10, 2011, the Sewer District filed the prepared direct testimony of Curtis B. Keller, Christine Thiel, P.E., Glenn D. Pearson, P.E., and John Stump.

Mr. Keller testified regarding (i) the current amount of the CIF, (ii) uses of CIF funds, (iii) long-term strategic plans for the Sewer District, (iv) the capital improvement plan for the next five to seven years, (v) past and future population and utility growth rates (using data supplied by Ms. Thiel), and (vi) exhaustion of plant capacity.

Mr. Pearson testified regarding the proper amount of the Sewer District CIF as of June 30, 2011, calculated using the Georgia Tech model. According to Mr. Pierson, the present CIF is $3,650 per Equivalent Dwelling Unit (EDU). The Georgia Tech model results in a calculated CIF of $4,113.58.

On November 10, 2011, the Water District filed the prepared direct testimony of Paul S. Fisher, Glenn D. Pearson, P.E., Christine Thiel, P.E., and John Stump.

Mr. Fisher testified (i) regarding the allocation of costs between growth and non-growth and (ii) that the Water District does not seek an increase in the CIF rate even though the Georgia Tech model shows that a small increase would be justified.

Mr. Pearson testified as to the proper amount of the CIF as of June 30, 2011, calculated using both the American Waterworks Association (AWWA) System Development Charge (SDC) method (the basis for the existing CIF rate) and the Georgia Tech model. Mr. Pearson noted that the currently approved Water District CIF is $3,120 per EDU. The AWWA-SDC model yielded a CIF of $3,123.45 per EDU. The Georgia Tech model yielded a CIF of $3,131.14 per EDU.

Mr. Stump testified about the rate impact on the Water District and the Sewer District of a discontinuance of the CIFs by the Commission.

Ms. Thiel testified as to past and expected future growth in Berkeley County and customer growth experienced by the Water District and the Sewer District.

On November 10, 2011, Staff filed the prepared direct testimony of Joseph Marakovitz in support of the Staff position in this case.

On November 10, 2011, Faircloth referenced the testimony and verified statements as previously filed on August 4, 2011.

On December 1, 2011, Staff and Faircloth each filed rebuttal testimony. Neither of the Districts filed rebuttal testimony.

On December 8 and 9, 2011, the Commission heard testimony on the question of need for the CIFs and the appropriate amount of the CIFs. (The December 8, 2011 hearing transcript will be referred to as "Tr. III" and the December 9, 2011 hearing transcript as "Tr. IV."

On January 20, 2012, each party filed a second initial brief. The Districts and Faircloth each filed a reply brief on January 31, 2012.

DISCUSSION

CIFs were developed for a specific purpose: rapid population growth in portions of West Virginia was projected to overload the capacity of existing water and sewer plants long before originally expected and long before those plants reached the end of their operational useful lives. CIFs provided a temporary means of accumulating at least part of the funds necessary to expand capacity, thus reducing the rate impact on all customers.

CIFs are not, and were never intended to be, a permanent means of funding all on-going plant replacement or capacity expansion or a permanent departure from the Commission's traditional ratemaking approach. CIFs are intended to address only rapid and unexpected capacity depletion that can be traced to extreme growth levels from new customers. Absent the compelling circumstances of (i) rapid and continued population growth, and (ii) a near-term exhaustion of system-wide capacity, CIFs are not warranted. To that end the Commission created criteria to determine whether it was appropriate to charge a CIF. The recent economic downturn has slowed growth, and the Districts are no longer in immediate danger of exhausting the capacity of their respective treatment plants. Because the Districts no longer meet the criteria that were set by the Commission and accepted by the District, it is appropriate to discontinue those fees.

Prior to explaining our decision to discontinue the CIFs, the Commission will address the jurisdictional, due process, and related arguments raised by Faircloth regarding Commission authority to initiate and implement CIFs.

I. Commission Authority to Implement CIFs

Faircloth Position Regarding Commission Authority to Implement CIFs

Faircloth argued that the CIFs are unconstitutional based on (i) the testimony of the Honorable Craig Blair (Delegate, Berkeley County, District 52), and (ii) the deprivation of the equal protection and due process rights through the taking of private property without compensation in violation of the Fifth Amendment of the United States Constitution.

At the August 27, 2009 hearing, Delegate Blair testified that the CIFs were unconstitutional because (i) they are not applied equally to all customers or potential customers of the Districts (Tr. II at 202-203) and (ii) the Commissioners are not constitutionally elected officers and thus have no authority to implement the CIFs. Tr. II at 163-164.

Mr. Faircloth testified that (i) in his capacity as a contractor he had given approximately $600,000 worth of infrastructure to the Districts, but had not received any compensation therefrom (although Faircloth had rescinded that portion of its prayer for relief) (Tr. II at 170-173, 225-226) and (ii) the Districts had double-collected from customers and developers. Tr. II at 176.

In its October 13, 2009 and January 20, 2012 initial briefs, Faircloth argued that the Commission is not authorized by statute to empower the Districts to assess and collect CIFs. W.Va. Code §16-13A-9 permits a public service district board to establish rates, fees, and charges, but the statute does not authorize districts to charge a capacity improvement fee. Likewise, W.Va Code §§24-2-1 et seq., does not authorize charging "capacity improvement fees" but confines the Commission to "enforce, originate, establish, change and promulgate tariffs, rates, joint rates, tolls and schedules." According to Faircloth, the CIFs were introduced as a matter of expediency during a flush real estate market, but are not authorized by statute.

Faircloth argued that W.Va. Code §§7-20-1 et seq., the "Local Powers Act," authorizes the establishment of impact fees against a development project to fund capacity improvements and public services. The first step in assessing and collecting this impact fee is for a county to implement a comprehensive zoning ordinance. Berkeley County has not passed such an ordinance and thus is not authorized to charge impact fees. Tr. I at 76. Tr. II at 20-21. Faircloth asserted that other utility providers in close proximity to the Districts charge CIFs, but that each is authorized to do so by law. Faircloth argued that the Commission rate authority must be read in conjunction with the Local Powers Act. Of the two West Virginia Counties with CIFs, only Jefferson County has adopted a comprehensive zoning ordinance, and thus, according to Faircloth, only Jefferson County may charge a CIF. Tr. II at 113.

Faircloth cited City of Huntington v. Public Service Commission, 89 W.Va. 703, 110 S.E. 192 (1921) and Bluefield Waterworks & Improv. Co. v Public Service Commission, 89 W.Va. 736, 110 S.E. 205 (1921) for the proposition that a public utility has no right to a rate sufficient to cover the cost of expenditures for additions to its plant in advance of the actual installation of such extensions or additions and their employment in the public service.

Staff Position Regarding Commission Authority to Implement CIFs

In its October 13, 2009 and January 20, 2012 initial briefs, Staff cited W.Va. Code §24-2-3 and United Fuel Gas Co. v. Public Service Commission, 154 W.Va. 221, 174 S.E.2d 304 (1969) for the proposition that the Commission has the power to enforce, originate, establish, change and promulgate tariffs, rates, tolls and schedules for all public utilities and that a rate fixed by an authorized rate-making body for a public utility is presumed to be valid and reasonable. Staff provided a brief overview of the Commission cases authorizing CIFs for the Districts and concluded that the Commission had authority to implement CIFs.

Sewer District Position Regarding Commission Authority to Implement CIFs

The Sewer District addressed in its November 2, 2009 reply brief the legal authority of the Commission to implement CIFs, arguing that:

1. Equal protection is not an issue with respect to the CIFs because CIFs are levied against all new construction with only limited exceptions and all developers, not just Faircloth, are required to pay the CIFs.

2. The Faircloth due process argument is without merit because the Commission proceedings that originally implemented the CIF charges were duly noticed and Faircloth chose not to object at that time.

3. CIFs are a fee for service and are not related to Commission-approved transfers of water or sewer infrastructure made pursuant to a cooperative venture agreement or similar undertaking by a developer and a utility.

4. Under W.Va. Code §24-3-3, the Commission has the "power to enforce, originate, establish, change and promulgate tariffs, rates, joint rates, tolls and schedules for all public utilities.. ."

5. In Syl. Pt. 1, United Fuel Gas Co. et al. v. Public Service Commission, 154 W.Va. 221, 174 S.E.2d 304 (1969), the WVSCA held that a utility tariff established in a rate proceeding before the Commission is "presumed to be reasonable in the absence of proof to the contrary," thus placing the burden on Faircloth to prove that the CIFs are unreasonable.

6. As a graduated fee based on the size of the customer's water meter the CIF is appropriate under W.Va. Code §16-13A-9(a)(1)(B) or (E).

7. The Sewer District and the Berkeley County Commission are separate public entities and the laws applicable to county commissions do not apply to public service districts. The lack of a zoning ordinance in Berkeley County does not impact the case at hand because CIFs are not impact fees promulgated by the Berkeley County Commission.

Water District Position Regarding Commission Authority to Implement CIFs

The November 2, 2009 Water District reply brief addressed the legal authority of the Commission to implement CIFs, arguing that:

1. W.Va. Code §24-2-3 affords the Commission the power to enforce, originate, establish, change and promulgate tariffs, rates, joint rates, tolls and schedules for all public utilities.

2. The Legislature enacted Chapter 24 of the W.Va. Code for an express legislative purpose "to confer upon the public service commission of this state the authority and duty to enforce and regulate the practices, services and rates of

public utilities." Berkeley County Public Service Sewer District v. The Public Service Commission, 204 W.Va. 279, 286, 512 S.E.2d 201 208 (1998).

3. The Commission may employ such methods for determining utility rates as it deems suitable as long as the end result guarantees West Virginia consumers good service at fair rates and enables utilities to earn a competitive return for their stockholders on their investment in West Virginia. Syl. Pt. 1, VEPCO v. Public Service Commission, 161 W.Va. 423, 242 S.E.2d 698 (1978).

4. W.Va. Code §24-2-3 authorizes the Commission to reduce or increase rates whenever it finds that the existing rate is unjust, unreasonable, insufficient, or unjustly discriminatory or otherwise in violation of W.Va. Code §24-1-1, et seq., Syl. Pt. 2, Central West Virginia Refuse v. Public Service Commission, 190 W.Va. 416, 438 S.E.2d 596 (1993).

5. The Commission implemented the initial Water District CIF, and a subsequent increase to that CIF, through publicly noticed proceedings. The CIF is consistent with Commission obligations pursuant to W.Va. Code §24-1-1, in that the CIF is fair, encourages the well-planned development of utility resources, is just, is reasonable, and will be applied without unjust discrimination or preference. Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at 5; see also Case No. 07-0167-PWD-T (Final Order August 15, 2007).

6. The Local Powers Act argument raised by Faircloth would have the effect of removing regulatory authority from the Commission and placing it in the control of the counties of this state under of W.Va. Code §7-20-1 et seq. The WVSCA rejected a similar argument in State ex rel. Water Development Authority v. Northern Wayne County Public Service District, 195 W.Va. 135, 464 S.E.2d 777 (1995), in which the Court rejected the efforts of the West Virginia Water Development Authority to impose an increased tap fee on customers of the Northern Wayne County Public Service District, after the Commission had ordered Northern Wayne County Public Service District to reduce its tap fee.

7. The October 13, 2009 Faircloth initial brief argues that the fact that the term "CIF" is not included in either the Constitution or the statute means that the Commission is without authority to authorize the Water District to impose such charges. In Northern Wayne the WVSCA was addressing a "tap fee" a charge that, similar to the CIF, does not appear in the Constitution or the West Virginia Code.

8. The Local Powers Act does not apply to the Water District. The provisions of the Local Powers Act are applicable to "capital improvements'' as that term is defined in the Act. W.Va. Code §7-20-3(a) defines "capital improvements" to mean "public facilities or assets that are owned, supported or established by county government". W.Va. Code §7-20-11(b) defines "capital improvements" to

mean "public facilities or assets that are owned, supported or established by a county commission." The creation of the Water District itself was proposed and approved by the County Commission under the provisions of W.Va. Code §16-13A-2. The creation of all public service districts, however, is subject to the approval of the Commission. See, Berkeley County Public Service Sewer District v. The Public Service Commission, 204 W.Va. 279, 512 S.E.2d 201 (1998). Once the Water District was created, it became a public corporation and separate political subdivision. W.Va. Code §16-13A-3. The Water District owns or will own all of the facilities through which it provides service; the County does not own or support such facilities. The water treatment and delivery facilities were not established by county government, or by the county commission.

Commission Decision Regarding Its Authority to Implement CIFs

W.Va. Code §24-1-1(a), in pertinent part, provides that:

> (a) It is the purpose and policy of the Legislature in enacting this chapter to confer upon the public service commission of this state the authority and duty to enforce and regulate the practices, services and rates of public utilities in order to:
>
> (4) Ensure that rates and charges for utility services are just and reasonable.

This statutory provision unequivocally expresses legislative intent to confer on the Commission the jurisdiction to review and establish all utility rates and charges whether it is a rate for the utility commodity delivered, or for one-time fees and charges.

W.Va. Code §24-2-2 provides that:

> (a) The commission is hereby given power to investigate all rates, methods and practices of public utilities subject to the provisions of this chapter; . . . The commission may change any intrastate rate, charge or toll which is unjust or unreasonable or any interstate charge with respect to matters of purely local nature which have not been regulated by or pursuant to an act of Congress and may prescribe a rate, charge or toll that is just and reasonable.

Complimenting the clear statement of legislative intent contained in W.Va. Code §24-1-1, W.Va. Code §24-2-2 grants power to the Commission to regulate utility rates and charges.

W.Va. Code §24-2-4a, addressing utility applications to establish or change rates or charges (such as the CIF applications), states that "the commission may either upon complaint or upon its own initiative without complaint enter upon a hearing concerning the propriety of such rate, charge, classification, regulation or practice" and "may make

such order in reference to such rate, charge, classification, regulation or practice as would be proper."

W.Va. Code §24-2-9 provides that:

> The commission may at any time require persons, firms, companies, associations, corporations or municipalities, subject to the provisions of this chapter, to furnish any information which may be in their possession, respecting rates, tolls, charges or practices.

W.Va. Code §24-3-1 requires that "[a]ll [public utilities] charges, tolls and rates shall be just and reasonable."

In addition, W.Va. Code §16-13A-9 authorizes public service districts to establish rates and charges while W.Va. Code §16-13A-21 specifically provides that the authority of public service districts to establish rates and charges in no way affects the functions, powers and duties of the Commission, including the power to review and establish utility rates and charges.

Finally, W.Va. Code §8-13-13 provides that a municipality may enact ordinances to establish "reasonable rates, fees and charges," but that municipal authority is subordinate to Commission review and jurisdiction over rates and charges under Chapter 24 of the Code. Delardes v. Morgantown Water Commission, 148 W.Va. 776, 137 S.E.2d 426 (1964).

Generally, a utility rate is a price charged for each unit of commodity consumed. For example, a rate for water or sewer consumption would be a dollar amount per each thousand gallons of water consumed. In contrast, a charge is a one-time fee imposed on a customer designed to recover a particular cost element. For example, a charge would appear as a fixed dollar amount in a utility tariff and could apply to disconnections, re-connections, bad check charges, tap fees, or capacity impact fees. As defined in Webster's II New College Dictionary, Third Edition, a "rate" is the "cost per unit of a service or commodity"; a "charge" is "to set or ask (a given amount) as a price"; and, a "fee" is "a fixed charge."

Virtually all utilities in this State have tariffs on file with the Commission with approved "charges" that are not "continuous," including CIFs, customer deposits, tap fees, re-connection charges, bad check charges, disconnect charges, and administrative charges. Each of these charges has as its basic underpinning the rationale of attempting, where it can be identified, to recover costs from cost causers. These charges are consistent with the statutory authority and duty of the Commission to ensure fair regulation of public utilities in the interest of the public, to ensure that rates and charges for utility service are just and reasonable, and to appraise and balance the interests of current and future utility customers and the interests of public utilities. W.Va. Code §24-1-1(a) and (b).

None of these charges, by name, are specifically authorized by statute to be approved by the Commission. All of these charges represent the recovery of costs to the utilities, generally from the customer causing or imposing the costs. Elimination of "charges" from a tariff necessarily means that the cost responsibility shifts to other customers resulting in higher rates. This also renders moot the concern regarding double recovery.

In addition to the overwhelming legislative authority establishing Commission authority over utility rates and charges, various orders of the WVSCA have long recognized and held that the Commission has primary jurisdiction over rate-making matters involving public utilities. Syl. Pts. 5 and 6, City of Wheeling v. Renick, 145 WV 640, 116 S.E. 2d 763 (1960) (the policy of this state is that all public utilities shall be subject to the supervision of the Commission, and that the Commission has the statutory power and authority to control the charges of all public utilities); Syl. Pt. 3, Delardes v. Morgantown, 148 W.Va. 776, 137 S.E. 2d 426, 433 (1964), (the Legislature has authorized the Commission to exercise the predominant power of the State with respect to utility charges which is paramount to the rights given to the city by general statute); C & P Telephone Co. v. City of Morgantown, 144 W.Va. 149, 107 S.E. 2d 489, 496 (1959) (the paramount design of pertinent West Virginia statutes to place regulation of public utilities exclusively with the Commission has been long recognized by this Court (cities omitted)).

In a particularly relevant decision that involved the subject matter of establishing a tap fee (a charge), the WVSCA found that although a separate statute authorized the Water Development Authority to impose on a public service district certain service charges, its authority to do so was subject to a regulatory review and approval of this Commission. Syl. Pt. 5, State of West Virginia ex rel Water Development Authority v. Northern Wayne County Public Service District and PSC, 464 S.E.2d 777 (1995). The decision in the Water Development Authority case is instructive because the WVSCA reaffirmed primary rate jurisdiction of the Commission over public utilities (Id. at 782), and specifically reaffirmed that authority with respect to a "charge." The charge in that case involved the payment of a tap fee, approved by the Commission in a utility tariff. The tap fee requires a new customer to pay a one-time charge (it does not reoccur) to connect to the utility system. The basis for that charge is that it is reasonable for the customer or customers causing the cost of the connection to pay a significant portion of the cost rather than shifting the cost to other customers. A tap fee and a CIF are both charges associated with the provision of utility service. A tap fee helps defray present costs of connecting a customer, while a CIF helps defray future capital costs that will be necessary to provide service.

The establishment of the CIF was in response to rate applications filed by the Districts. W.Va. Code §24-2-4a, not §24-2-3, applies to rate applications and that section of the W.Va. Code specifically references applications for changes to "rates or charges." As previously stated, there are numerous other sections of the W.Va. Code that reference

the responsibility and primary authority of the Commission to establish rates and charges. In its Water Development Authority decision, the WVSCA stated:

> A statute should be so read and applied as to make it accord with the spirit, purposes and objects of the general system of law of which it is intended to form a part; it being presumed that the legislators who drafted and passed it were familiar with all existing law, applicable to the subject matter, whether constitutional, statutory or common, and intended the statute to harmonize completely with the same and aid in the effectuation of the general purpose and design thereof, if its terms are consistent therewith. [Cites omitted]

Syl. Pt. 3, Water Development Authority, supra.

A CIF is a charge, not a tax, allowed by the Commission designed to recover a particular cost element caused by the addition of numerous new, not existing, customers to the utility system. Case No. 04-0153-PSD-T (Commission Order August 31, 2004), at 20.

The WVSCA has had the opportunity to determine whether a municipal fee is a fee or a tax. Observing legislative authority allowing municipals to impose on users of municipal service "reasonable, rates, fees and charges" (as provided in W.Va. Code §8-13-13, which is the same section that allows the establishment of municipal utility rates, charges and fees), the WVSCA found that a municipal fee on owners of buildings at an annual rate plus a percentage based on square footage of each structure to defray the cost of fire and flood protection services is a user fee rather than a tax. Syl. Pt. 6, City of Huntington v. Bacon, 473 S.E.2d 743, 751-753, (1996). In so holding, the WVSCA observed that "[T]he primary purpose of a tax is to obtain revenue for the government, while the primary purpose of a fee is to cover the expense of providing a service or of regulation and supervision of certain activities." Id. 473 S.E.2d at 752 (citations omitted). Furthermore, the WVSCA emphasized that "[t]he character of a tax is determined not by its label but by analyzing its operation and effect." Id., 473 S.E.2d at 752 (citations omitted). The WVSCA concluded that the fee was not a tax because it was not an assessment on property by reason of ownership, but rather was a fee imposed on property owners by reason of their use of fire and flood protection services. Id., 473 S.E.2d at 753.

Municipal authority to establish "rates, fees and charges" is the same authority granted to public service districts to establish "rates, fees and charges for the services and facilities it furnishes." W.Va. Code §16-13A-9. The CIF that is the subject of this case is charged to users of utility water and sewer services. It is not for the purpose of raising general governmental revenues. The fee is used to pay for future required capital additions to serve those customers and only after approval by the Commission. Clearly, the CIF was established for the purpose of defraying the cost of providing a utility service.

Based on the above, the Commission concludes that it has the necessary authority to order the use of CIFs.

Due Process

The Faircloth allegation that implementation of the CIFs violated due process is without merit. The proceedings that approved CIFs for the Districts included published public notice and opportunity for public comment and an evidentiary hearing. See, Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005).

Equal Protection and Discrimination

The Commission concludes that implementation of CIFs did not, and does not, violate the equal protection rights of developers and is not discriminatory or unfairly applied as alleged by Faircloth, because the CIFs are applied to all similarly situated developers. In the August 31, 2004 Order in Case No. 04-0153-PSD-T, the Commission determined that the CIFs would not apply to individuals building their own homes because those individuals do not impose the same burden on infrastructure as does a large multi-residence developer. Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at 21-22. The Commission determined that CIFs should apply to developers because of the immediate impact on capacity caused by the large number of water and sewer customers that would come on-line within a short period of time once a housing development was constructed and occupied. Later orders refined the definition of a developer. Case No. 04-0153-PSD-T (Commission Order March 28, 2005) and Case No. 04-1767-PWD-T (Commission Order August 12, 2005).

City of Huntington and Bluefield Water Works Cases

The prohibition in Huntington and Bluefield against public utilities implementing rates sufficient to cover the cost of expenditures for additions to plant in advance of the actual installation of such extensions or additions and their employment in the public service, is not applicable to this case.

As noted above, the CIF is a not a rate, but is a charge that represents a cost to the utility and its existing customers caused by the addition of extreme levels of new load. Some charges are collected after the cost is incurred (e.g., a bad check charge). In other instances, the charge is collected in advance of the cost-causing event (e.g., CIFs and tap fees). The cases cited by Faircloth, City of Huntington and Bluefield Waterworks, addressed questions of rate-making and were not reviewing charges such as are before the Commission in this case. Money collected from customers through a rate can generally be used for any item within the utility cost of service. The CIF, as noted above,

is a charge (like a tap fee) that is applicable to specific costs. The CIF, once collected, is required to be placed in a segregated account. Further, the Commission requires the Districts to obtain permission from the Commission prior to spending CIF funds to assure appropriate use of those monies. The decisions in the Huntington and Bluefield cases did not address a charge such as the CIF in this case.

Refund of CIFs

Faircloth requested that the Districts refund all CIF payments made by Faircloth on and after February 27, 2009. Commission-approved rates and charges are presumed to be valid and reasonable. United Fuel Gas Co. v. Public Service Commission, 154 W.Va. 221, 174 S.E.2d 304 (1969). Once the Commission determines that a rate or charge is no longer reasonable and should be modified, as here, that change may only be made on a prospective basis and is not subject to refund. W.Va. Code §24-2-3. The Commission will deny the Faircloth request to refund the previously paid CIFs.

II. Need for CIFs

CIFs were introduced as a solution at a time when the Districts were experiencing "explosive growth," "rapid, expansive growth," and "extremely rapid growth." Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at Conclusion of Law Nos. 2 and 4, pages 36-37, and Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at Exhibit A, paragraph 1. Testimony in the Sewer District case showed that absent additional treatment capacity, capacity at the four existing sewer treatment facilities would be exhausted in five years. Id. at Finding of Fact No. 18. The Districts faced a crisis brought on by rapid growth that would have impacted the Districts and their respective customers as a whole. To that end, the CIFs allowed the Districts to collect funds to help lower the rate impact on all customers of needed expansion of capacity, without creating a detrimental impact on growth. However, the near-term treatment capacity exhaustion that justified application of the CIFs no longer exists.

The need for CIFs is governed by the criteria set forth by the Commission in prior orders. In the initial implementation of a CIF for the Sewer District, the Commission concluded:

> The Commission agrees with Staff that the Commission should require applicants to prove population growth of 2% per year or 20% over ten years, coupled with reasonable expectations that existing capacity reserves will be depleted within 5-7 years.

Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at Conclusion of Law No. 6.

A subsequent decision approving a CIF for the Water District applied the above criteria. Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at Conclusions of Law 2 and 3.

In Willow Spring Public Service Corporation, Case No. 06-1180-S-CN-PW-PC (Commission Order May 15, 2007) the Commission applied a refined set of criteria to all future CIF cases. The Commission stated:

> The Commission's review of Willow Spring's CIF application and its review of future CIF applications should be guided by the original Berkeley County case criteria as expressly stated or implied in the Commission's prior orders:
>
> a. The Commission shall require applicants to prove population growth of 2% per year or 20% over ten years, coupled with reasonable expectations that existing capacity reserves will be depleted within five to seven years.
>
> * * * *
>
> e. CIFs shall be allowed only in cases of extraordinary growth and identifiable exhaustion of existing water supply or sewage treatment capacity. Applicants must show a future expected customer growth of two percent (2%) per year over an extended period of time. Applicants must also show that existing capacity will be depleted within seven years or less.

Willow Spring at Conclusion of Law No. 14.

In Case No. 07-0167-PWD-T (Commission Order August 15, 2007), the Commission increased the Water District CIF noting that the Willow Spring criteria remained the appropriate standard for determining need.

The Districts Do Not Face a Depletion of Capacity Within Five To Seven Years

The Districts have not met the criteria regarding the depletion of existing capacity. At hearing, Water District witness Fisher noted additions and improvements to the Water District treatment plant, concluding,

> When you add all those things together, we now have the water available for customers at the current growth rate for more than seven years. What that means is, we can't meet that criteria as it's laid out specifically. But we still require that revenue stream to pay for the facilities that provided the water to meet that criteria. So it's an interesting situation that we're in right now.

> We have documentation that indicates it will not be depleted ... in seven years or less.

Tr. III at 36-38. Under examination from the Commission, Mr. Fisher stated that the Water District will have adequate capacity in five years because of expansions paid for using a bond anticipation note funded by the CIF. Tr. III at 46-47.

Mr. Fisher asserted that growth impacts both treatment and storage, as well as distribution, (Tr. III at 31-32), noting that bottlenecks in the Water District distribution system reflected capacity problems that will surface at the end of the five to seven year period. Tr. III at 28-30, 60-61.

Mr. Marakovitz agreed that transmission lines and storage facilities were included in the CIF calculation for the Water District, but testified that the Water District had not shown that its capacity would be depleted within seven years. Tr. IV at 16-17 Marakovitz Rebuttal Testimony at 2.

As primary proof of capacity depletion, Sewer District witness Keller testified that the United States Environmental Protection Agency 2010 Chesapeake Bay Initiative total maximum daily load limits requires upgrades to the sewer treatment plants. Absent upgrades, the capacity of the sewer treatment plants would effectively decrease because of the extra time necessary to treat the sewage under the standards set by the Chesapeake Bay Initiative. Tr. III at 71-72, 75, 87-89. Keller Direct testimony at 6-7. Mr. Keller agreed that on a global basis the Sewer District could be considered as having sufficient capacity, but that the Woods Lagoon Treatment Plant is currently near capacity and there are a number of pump stations within that system that create capacity bottlenecks. Tr. III at 71-74.

Staff witness Marakovitz testified that the Sewer District would not exhaust its capacity within five to seven years. Tr. IV at 11. Mr. Marakovitz agreed that sewer plant capacity would be depleted within seven years if the Sewer District did not implement the Chesapeake Bay Initiative total maximum daily load limits. Tr. IV at 14. Mr. Marakovitz asserted that the Chesapeake Bay Initiatives are not related to growth. Rebuttal Testimony at 3.

The Chesapeake Bay Initiative is a creature of regulatory oversight. Failing to upgrade its sewer treatment plants to address the Chesapeake Bay Initiative would immediately impact the capacity of the Sewer District treatment plants. The Chesapeake Bay Initiative, however, would impact capacity at the treatment plants even if the Sewer District had not experienced two percent, or greater, growth over the last several years. The total maximum daily load limits of the Chesapeake Bay Initiative impact all customers.

As noted above, CIFs were introduced to address a growth-related crisis impacting capacity on a system-wide basis. The Districts attempted to single out examples of capacity depletion, such as a single wastewater treatment plant, several pump stations, and various bottlenecks. These isolated instances are not the type of problems for which the CIF was developed and do not justify the continuation of the CIFs.

The Commission will discontinue the CIFs of each of the Districts because the Districts have not satisfied a critical requirement by showing that existing capacity will be depleted within seven years or less. Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at Conclusion of Law No. 6; Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at Conclusions of Law 2 and 3; Willow Spring Public Service Corporation, Case No. 06-1180-S-CN-PW-PC (Commission Order May 15, 2007); and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 07-0167-PWD-T (Commission Order August 15, 2007).

Because a lack of capacity depletion is sufficient reason to discontinue the CIF, it is unnecessary to address the population and customer growth aspects of the Commission criteria for continuation of CIFs.

Rate Impact of Discontinuing the CIFs

The Commission understands that discontinuing the CIFs may necessitate the filing of rate proceedings by the Districts. See testimony of Mr. Stump, Tr. III at 156-180. The Commission reminds the Districts that CIFs were implemented as an innovative means of addressing explosive growth resulting in rapidly depleting capacity. Absent such circumstances, CIFs are not warranted. When a utility fails to meet an established critical criteria of CIFs, the inclusion of CIFs in the financial planning of the utility is not sufficient reason to continue the CIF, although its elimination may require a rate increase.

III. Appropriate Use of the CIFs

The current uses of CIFs by the Districts were authorized by prior Commission Orders. See, Case Nos. 06-0242-PSD-PC (Commission Order May 19, 2006) (Sewer District); 06-0340-PSD-CN (Commission Order August 11, 2006) (Sewer District); 06-0375-PWD-CN (Commission Order November 20, 2006) (Water District); and 07-2113-PSD-PC (Commission Order January 10, 2008) (Sewer District).

The Districts are on notice that they may not in any way use or commit CIF funds for any purpose without first obtaining the permission of the Commission. The Commission will review future requests to use CIF funds on a case-by-case basis, mindful that the purpose of the CIF is to help offset the capital cost the utility will be

required to incur to expand and construct the capacity to meet and serve new, unexpected demand, usually by increasing the size (the capacity) of treatment facilities.

FINDINGS OF FACT

1. CIFs were introduced as a solution at a time when the Districts were experiencing "explosive growth," "rapid, expansive growth," and "extremely rapid growth." Case No. 04-0153-PSD-T (Commission Order, August 31, 2004) at Conclusion of Law Nos. 2 and 4, pages 36-37, and Case No. 04-1767-PWD-T (Commission Order, August 12, 2005) at Exhibit A, paragraph 1.

2. The proceedings that approved CIFs for the Districts included published public notice and, for the Sewer District, public comment and evidentiary hearings. See, Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005).

3. Except for isolated capacity issues on portions of the system, the Water District does not face depletion of existing capacity of its system within seven years or less. Tr. III at 36-38 and 46-47.

4. The Chesapeake Bay Initiative total maximum daily load limits impact treatment capacity and will require upgrades to the sewer treatment plants. Tr. III at 71-72, 75, 87-89. Keller Direct testimony at 6-7; Tr. IV at 14.

5. Although the Woods Lagoon Treatment Plant is currently near capacity and there are a number of pump stations within that system that create capacity bottlenecks, the Sewer District will not deplete its existing capacity within seven years or less. Tr. III at 72-74; Tr. IV at 11.

6. The current uses of CIFs by the Districts were authorized by prior Commission Orders. See, Case Nos. 06-0242-PSD-PC (Commission Order May 19, 2006) (Sewer District); 06-0340-PSD-CN (Commission Order August 11, 2006) (Sewer District); 06-0375-PWD-CN (Commission Order November 20, 2006) (Water District); and 07-2113-PSD-PC (Commission Order January 10, 2008) (Sewer District).

CONCLUSIONS OF LAW

1. A utility rate is a price charged for each unit of commodity consumed. Webster's II New College Dictionary, Third Edition,

2. A charge is a one-time fee imposed on a customer designed to recover a particular cost element. Webster's II New College Dictionary, Third Edition,

3. A CIF is a charge, not a tax, allowed by the Commission designed to recover a particular cost element caused by the addition of numerous new, not existing, customers to the utility system. Case No. 04-0153-PSD-T (Commission Order August 31, 2004), at 20.

4. The Commission has primary jurisdiction over public utility rates and charges. Syl. Pt. 5, State of West Virginia ex rel Water Development Authority v. Northern Wayne County Public Service District and PSC, 464 S.E. 2d 777 (1995), at 782; and W.Va. Code §§16-13A-21, 24-2-3, 24-1-1, 24-2-2, 24-2-4a, 24-2-9, and 24-3-1.

5. Orders of the WVSCA recognize Commission primary jurisdiction over rate-making matters involving public utilities. See, City of Wheeling v. Renick, 145 WV 640, 116 S.E. 2d 763 (1960); C & P Telephone Co. v. City of Morgantown, 144 W.Va. 149, 107 S.E. 2d 489, 496 (1959); Delardes v. Morgantown Water Commission, 148 W.Va. 776, 137 S.E.2d 426 (1964); and State of West Virginia ex rel Water Development Authority v. Northern Wayne County Public Service District and PSC, 464 S.E.2d 777 (1995).

6. The primary purpose of a tax is to obtain revenue for the government, while the primary purpose of a charge is to cover the expense of providing a service or regulation and supervision of certain activities. City of Huntington v. Bacon, 473 S.E.2d 743, at 752 (1996).

7. The CIF was not established for the purpose of raising general governmental revenues, but instead to be used to pay for future required capital additions needed to serve a growing load and only following approval of the Commission. The CIF was established for the purpose of defraying the cost of providing a utility service.

8. The due process allegations are without merit because the proceedings that approved CIFs for the Districts included published public notice and opportunity for public comment and an evidentiary hearing. See, Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005).

9. CIFs do not violate the equal protection rights of developers because they are applied to all similarly situated developers.

10. The CIF is a charge that represents a cost to the utility and its existing customers caused by the addition of extreme levels of new load.

11. The CIF is (i) a charge applicable to specific costs, (ii) required to be placed in a segregated account, and (iii) subject to Commission approval prior to expenditure. The CIF is therefore differentiable from the decisions in the Huntington and Bluefield regarding rates developed in a rate case.

12. Commission-approved rates and charges are presumed to be valid and reasonable. United Fuel Gas Co. v. Public Service Commission, 154 W.Va. 221, 174 S.E.2d 304 (1969).

13. Because it has jurisdiction to establish a CIF and has previously established CIFs for the Districts, the Commission discontinuance of the CIFs is made on a prospective basis and is not subject to refund. W.Va. Code §24-2-3.

14. The need for CIFs is governed by the criteria set forth by the Commission in prior orders. Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at Conclusion of Law No. 6; Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at Conclusions of Law 2 and 3; Willow Spring Public Service Corporation, Case No. 06-1180-S-CN-PW-PC (Commission Order May 15, 2007); and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 07-0167-PWD-T (Commission Order August 15, 2007).

15. The total maximum daily load limits of the Chesapeake Bay Initiative are a cost borne by all customers.

16. Isolated instances of capacity depletion do not justify continuation of the CIFs.

17. It is reasonable to discontinue the CIFs of each of the Districts because the Districts have not satisfied a critical requirement by showing that existing capacity will be depleted within seven years or less. Berkeley County Public Service Sewer District, Case No. 04-0153-PSD-T (Commission Order August 31, 2004) at Conclusion of Law No. 6; Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 04-1767-PWD-T (Commission Order August 12, 2005) at Conclusions of Law 2 and 3; Willow Spring Public Service Corporation, Case No. 06-1180-S-CN-PW-PC (Commission Order May 15, 2007); and Berkeley County Public Service District dba Berkeley County Public Service Water District, Case No. 07-0167-PWD-T (Commission Order August 15, 2007).

18 When the utility fails to meet an established critical criteria of CIFs, the inclusion of CIFs in the financial planning of the utility is not sufficient reason to continue the CIF, although its elimination may require a rate increase.

19. The Districts may not in any way use or commit CIF funds for any purpose without first obtaining the permission of the Commission.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 11th day of August, 2006.

CASE NO. 06-0340-PSD-CN

BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT
Martinsburg, WV 25402

Application for a certificate of convenience and necessity to expand, enlarge, construct, operate and maintain the Inwood Wastewater Treatment Plant upgrade and the Baker Heights Wastewater Treatment Plant upgrade.

COMMISSION ORDER

The Commission shall grant the certificate of convenience and necessity as set forth herein.

BACKGROUND

On March 17, 2006, Berkeley County Public Service Sewer District (District), filed an application for a certificate of convenience and necessity to construct certain additions and improvements to its Inwood and Baker Heights wastewater treatment plants in Berkeley County. The improvements will consist of (1) expanding the treatment capacity of the Inwood plant from 750,000 gallons per day (gpd) to 1.5 million gpd with structural appurtenances to accommodate future expansion to 2.25 million gpd; and (2) expanding the Baker Heights plant from 900,000 gpd to 1.8 million gpd with structural appurtenances to accommodate future expansion to 2.7 million gpd.

The District estimated that construction will cost up to $21,000,000.00. The District intends to fund the cost of the Project by issuing tax-exempt revenue bonds in a principal amount up to $21,000,000.00, bearing an interest rate up to 5.50% for a term of twenty (20) years. The District also intends to apply up to $2,500,000.00 of its Capacity Improvement Fee (CIF) fund to reduce the amount of the project borrowing. Additionally, the District intends to utilize the CIF fund to make all future principal and interest payments which become due under the bond indebtedness.

The District did not anticipate a rate increase as a result of this project. For that reason and because the CIF would generate sufficient revenue to pay for the additional debt service, the District asked for a waiver of Rule 42 of the Commission's *Rules for the Construction and Filing of Tariffs*, 150 C.S.R. Series 2 (*Tariff Rules*).

Arcadia Development Company (Arcadia) filed a petition to intervene on March 31, 2006. Arcadia stated that it was an owner and developer of several residential subdivisions in Berkeley County. Arcadia stated that it was in support of the certificate application, but that the Commission's decision would have an impact on Arcadia's business plan.

The Initial Joint Staff Memorandum was filed on April 24, 2006. Staff indicated that additional information was required from the District. Upon receipt and review of the necessary information, Staff advised that it would file a further recommendation.

On May 1, 2006, the District filed responses to Staff's request for information. Included in the District's responses was an affidavit of publication indicating that the required Notice of Filing was published on March 21, 2006, in *The Journal*, a newspaper published in Berkeley County.

On May 19 and June 1, 2006, the District filed additional information regarding the project.

The Final Joint Staff Memorandum was filed on July 12, 2006. According to Staff's review, the upgrades to the Inwood plant consist of the installation of a new bar screen, grit removal system, influent flow meter, four (4) sequencing batch reactor (SBR) basins (two basins with equipment, two without) diffusers, decanters, sludge transfer pumps, controls, blowers and blower building extension, ultraviolet disinfection, two (2) new digesters (one digester with equipment, one without), and all necessary site work, yard piping, pumps, valves, and electrical components.

The upgrades to the Baker Heights plant consist of the installation a new bar screen, grit removal system, influent flow meter, four (4) SBR reactor basins (two basins with equipment, two without) diffusers, decanters, controls, blowers and blower building extension with laboratory area, belt filter press building and 2.0 meter belt filter press, belt filter press feed pumps and vault, aerated sludge holding tank, ultraviolet disinfection, conversion of the existing chlorine contact basins into dissolved oxygen basins, new effluent measurement vault, replace the existing effluent line, demolition of existing headworks structures and all necessary site work, yard piping, pumps, valves, and electrical components.

Staff indicated that the total project costs for the Inwood plant of $8,262,899, or $1,589 per customer, were reasonable for a sewer project. The total project costs for the Baker Heights plant of $7,897,332, or $2,393 per customer, were also reasonable.

Staff stated that two alternatives were presented in the District's Facility Plan[1] for the treatment systems. Staff stated that based upon a detailed cost-effective analysis and consideration of non-monetary factors, the most cost-effective and implementable alternative for both treatment facilities was a Sequencing Batch Reactor (SBR) over Zenon Membrane Bio-Reactor (MBR) type facility. According to Staff, these types of facilities are also cheaper to operate and maintain. Staff has reviewed this Facility Plan and is satisfied that the alternatives chosen have met the Commission's definition for a certificate of convenience.

Staff stated that the upgrading of capacities for both the Inwood and Baker Heights plants is necessary to accommodate rapid and persistent growth in Berkeley County. Staff indicated that both facilities are currently treating average daily flows that exceed 80% of their design capacity.

The total estimated project costs are $16,160,231. The District is requesting to apply $2,500,000 of its current capital improvement fees that are in an escrow account toward the total estimated project costs. The District plans to finance the remaining $13,660,231 with a loan from Crews and Associates. The terms for the loan are for 20 years at an interest rate of 5.5%. This loan results in an annual debt service payment of $1,127,604. The District has provided a commitment letter for up to $20,000,000 from Crews and Associates. The commitment letter for project funding is greater than the amount of the total estimated project costs, however, the District must request this Commission's approval to borrow any amount in excess of the proposed $13,660,231. The District is not planning to obtain interim financing for this project. The District is not requesting to raise rates in order to pay for this project. The District is requesting a waiver of the Rule 42 filing requirement since they are not proposing to raise rates to pay for this project. Staff will support the District's requested waiver.

Staff stated that revenue generated from the District's CIF would be used to pay the debt service payments associated with this project. The District's current capital improvement fees are estimated to generate $3,914,556 annually. Staff confirmed that the District would have a cash flow surplus of $2,688,015 and debt service coverage of 156.22%. This would be sufficient to meet the required debt service coverage of 115%.

Staff recommended:

1. The District be granted a Certificate of Convenience and Necessity to upgrade and expand the existing Inwood and Baker Heights plants at a cost of $16,160,213;

2. Approval of the project funding consisting of a loan from Crews and Associates in the amount of $13,660,231 at 5.5% interest for a term of 20 years;

---

[1] The District's Facility Plan was approved by the WV Department of Environmental Protection (WVDEP) prior to the design of this project.

3. Approval of the request for a waiver of the Rule 42 filing requirement;

4. Approval to use $2,500,000 of the District's existing capital improvement fees that are currently in an escrow account toward the costs of this project;

5. Approval to use future capital improvement fees to pay debt service payments associated with this project;

6. The District be required to notify the Commission once the project loan is paid off;

7. The District be required to begin escrowing its capital improvement fees once the loan to Crews and Associates is paid off;

8. That if there are any changes in the scope of the project or if increased financing occurs requiring an increase in the District's current rates that the District be required to seek permission from the Commission before proceeding;

9. The District be required to apply to the Commission for a review of its existing rates and charges within 18 month of the completion of this project;

10. The District be required to provide a copy of the engineer's certified tabulation of bids, within ten (10) days of the bid opening date, for each construction contract or vendor bid contract to be awarded for this project;

11. The District be required to submit a copy of the "Certificate of Substantial Completion" issued for each construction contract associated with this project as soon as they become available.

Staff noted that no protests to the application had been filed. Staff recommended that Arcadia advise the Commission within ten days if it objected to the Staff memorandum and advise whether it still wanted to intervene in this proceeding. A copy of the Staff memorandum was served upon the District and Arcadia on July 12, 2006.

As of the date of this order no protests have been filed.

DISCUSSION

At the outset, the Commission notes that *W. Va. Code* § 24-2-11 provides, in pertinent part, as follows:

> (a) No public utility . . . shall begin the construction of any plant . . . for furnishing to the public any [utility] service . . . unless and until it shall obtain from the public service commission a certificate of

> convenience and necessity requiring such construction . . . . Upon the filing of any application for such certificate, and after hearing, the commission may, in its discretion, issue or refuse to issue, or issue in part and refuse in part, such certificate of convenience and necessity: Provided, that the commission, after it gives proper notice and if no protest is received within thirty days after the notice is given, may waive formal hearing on the application.

Furthermore, in considering a certificate application, the Commission must assess whether the general public convenience will be served and assess the public necessity for the project. *Sexton v. Public Service Commission*, 188 W.Va. 305, 423 S.E.2d 914 (1992).

Upon review, the Commission concludes that the project is needed to accommodate the rapid and persistent growth in Berkeley County. Both facilities at issue are currently treating average daily flows that exceed 80% of their design capacity. Moreover, the Commission concludes that the general public convenience will be served by this project since the project will be paid for using existing CIF funds and by revenue generated from continued collection of the CIF. The District will not raise its rates as a result of this project.

The Commission concludes that it is appropriate to waive formal hearing on this application since notice of the project was properly published and the protest period expired without any protest being filed.

As the District is not increasing rates as a result of the project, the Commission concludes that it is appropriate to grant the requested waiver of the requirements of *Tariff Rule* 42.

Accordingly, the Commission will grant the requested certificate and approve the related financing in accordance with the Staff recommendations set forth above.

FINDINGS OF FACT

1. On March 17, 2006, Berkeley County Public Service Sewer District (District), filed an application for a certificate of convenience and necessity to construct certain additions and improvements to its Inwood and Baker Heights wastewater treatment plants in Berkeley County. The District estimated that construction will cost up to $21,000,000.00.

2. On May 1, 2006, the District filed an affidavit of publication indicating that the Notice of Filing was published on March 21, 2006, in *The Journal*, a newspaper published in Berkeley County.

3. On July 12, 2006, Staff filed its Final Joint Staff Memorandum. Staff concluded that the project was necessary to accommodate the rapid and persistent growth in Berkeley County. Staff indicated that both facilities at issue are currently treating average daily flows that exceed 80% of their design capacity.

4. Staff determined that the total project cost is estimated to be $16,160,231. The District intends to apply $2,500,000 of its current capital improvement fees that are in an escrow account toward the total estimated project costs. The remaining $13,660,231 will be financed with a loan from Crews and Associates for a term of 20 years at an interest rate of 5.5%.

5. Staff confirmed that the District's current capital improvement fees are estimated to generate $3,914,556 annually, which would provide the District with a cash flow surplus of $2,688,015 and debt service coverage of 156.22%. The required debt service coverage is 115%.

6. Staff recommended that the Commission: (1) grant a Certificate of Convenience and Necessity to upgrade and expand the existing Inwood and Baker Heights plants at a cost of $16,160,213; (2) approve the project funding consisting of a loan from Crews and Associates in the amount of $13,660,231 at 5.5% interest for a term of 20 years; (3) approve the request for a waiver of the Rule-42 filing requirement; (4) approve use the use of $2,500,000 of the District's existing capital improvement fees that are currently in an escrow account toward the costs of this project; (5) approve the use of future capital improvement fees to pay the debt service associated with this project; (6) require the District to notify the Commission once the project loan is paid off; (7) require the District to begin escrowing its capital improvement fees once the project loan is paid off; (8) require the District to seek Commission approval for any changes in the scope of the project or for increased financing requiring an increase in the District's current rates; (9) require the District to apply to the Commission for a review of its existing rates and charges within 18 months of the completion of this project; (10) require the District to provide a copy of the engineer's certified tabulation of bids, within ten days of the bid opening date, for each construction contract or vendor bid contract to be awarded for this project; and (11) require the District to submit a copy of the "Certificate of Substantial Completion" issued for each construction contract associated with this project as soon as they become available.

7. No protests to the application have been filed.

CONCLUSIONS OF LAW

1. The District's project, more specifically described above, is needed and will serve the general public convenience. Therefore, pursuant to *W. Va. Code* § 24-2-11 and *Sexton v. Public Service Commission*, 188 W.Va. 305, 423 S.E.2d 914 (1992), a certificate of convenience and necessity will be granted as recommended by Staff.

2. The Commission concludes that it is appropriate to waive the formal hearing on this application since notice of the project was properly published and the protest period expired without any protest being filed.

3. As the District is not increasing rates as a result of the project, the Commission concludes that it is reasonable to grant the requested waiver of the requirements of *Tariff Rule* 42.

4. The Commission concludes that it is reasonable to approve the financing for the project as described above.

5. The Commission concludes that it is reasonable to adopt the remaining recommendations set forth by Staff.

Re: Berkeley County Public Service Sewer District, West Virginia,
Sewer Refunding Revenue Bonds, Series 2013 A (Bank Qualified)

Ladies and Gentlemen:

We have acted as bond counsel to Berkeley County Public Service Sewer District, West Virginia (the "Issuer") and in such capacity have examined a record of proceedings relating to the issuance by the Issuer of its $9,615,000 aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 A (Bank Qualified) (the "Series 2013 A Bonds").

The Series 2013 A Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly adopted by the Issuer on June 18, 2013, as supplemented by a Supplemental Parameters Resolution duly adopted by the Issuer on June 18, 2013 and a Second Supplemental Resolution adopted August 20, 2013 (collectively, the "Bond Legislation"), and are subject to all the terms and conditions of the Bond Legislation. All capitalized terms used herein and not otherwise defined shall have the meanings set forth in the Bond Legislation.

The Series 2013 A Bonds are issued in fully registered form, are dated their date of original issuance, August 22, 2013, mature on October 1 in the years and amounts, and bear interest payable each April 1 and October 1, commencing April 1, 2014 all as set forth in the Bond Legislation.

The Series 2013 A Bonds maturing on and after October 1, 2019, are subject to redemption at the option of the District, prior to maturity, on or after October 1, 2018, in whole at any time and in part on any Interest Payment Date, in inverse order of maturity and by random selection within maturities if less than all of any maturity, at a redemption price (expressed as a percentage of the principal amount) of 100%, plus interest accrued to the date fixed for redemption.

The Bond Legislation provides that the Series 2013 A Bonds are issued for the purpose of (i) currently refunding the Issuer's Sewer Capacity Improvement Revenue Bonds, Series 2006 A (the "CIF Bonds"), (ii) funding a debt service reserve account for the Series 2013 A Bonds, and (iii) paying costs of issuance and related costs of the Series 2013 A Bonds. In connection with the current refunding, the Issuer has entered into a Prepayment Agreement, dated as of August 22, 2013 (the "Prepayment Agreement"), with the West Virginia Municipal Bond Commission, the Paying Agent.

The Series 2013 A Bonds have been sold to Crews & Associates, Inc. (the "Underwriter"), pursuant to a Bond Purchase Agreement, dated August 5, 2013 (the "Bond Purchase Agreement"), between the Underwriter and the Issuer.

As to questions of fact material to our opinion, we have relied upon representations and warranties of the Issuer, the Underwriter, and other entities, the representations and warranties contained in the Bond Legislation; the Bond Purchase Agreement; the Continuing Disclosure Agreement, dated August 22, 2013 (the "Continuing Disclosure Agreement"), between the Issuer and United Bank, Inc.; the Tax Certificate and Agreement, dated the date hereof (the "Tax Certificate"), executed by the Issuer; and the certified proceedings and other certifications of certain officials of the Issuer and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, and assuming compliance with the covenants and representations of the Issuer and others set forth in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, the Tax Certificate and such certifications, we are of the opinion, under existing law, that:

1. The Issuer is a duly organized and validly existing public service district under and pursuant to the laws of the State of West Virginia, with full power and authority to adopt the Bond Legislation, enter into the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and Tax Certificate, perform its obligations under the terms and provisions thereof and to issue and sell the Series 2013 A Bonds, all under the provisions of the Act and other applicable provisions of law.

2. The Issuer, through its governing body, has legally and effectively adopted the Bond Legislation, has authorized, executed and delivered the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate, has authorized the distribution of the Official Statement in connection with the marketing and sale of the Series 2013 A Bonds, and has issued and delivered the Series 2013 A Bonds to the Underwriter pursuant to the Bond Purchase Agreement. The Bond Legislation is in full force and effect as of the date hereof.

3. Assuming due authorization, execution and delivery by the other parties thereto, the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate constitute valid, legal, binding and enforceable instruments of the Issuer in accordance with their respective terms. We have examined the executed and authenticated Series 2013 A Bonds of said issue, and, in our opinion, said Series 2013 A Bonds are in proper form and have been duly executed and authenticated.

4. The Series 2013 A Bonds have been duly authorized, executed and delivered by the Issuer and, assuming proper authentication, constitute valid and legally enforceable limited obligations of the Issuer, payable from and secured by a first lien on the Net Revenues of the System, on a parity with the Issuer's outstanding:

(The bonds described in (1) through (34) above are sometimes collectively referred to herein as the "First Lien Bonds.")

There are also outstanding obligations of the Issuer which are subordinate to the Series 2013 A Bonds as to liens, pledge and source of and security for payment, being the Issuer's Sewer Revenue Bonds, Series 1990 B (West Virginia Water Development Authority), dated May 3, 1990, issued in the original aggregate principal amount of $38,669 (the "Second Lien Bonds"). The First Lien Bonds and Second Lien Bonds are hereinafter collectively called the "Prior Bonds". The Series 2013 A Bonds are enforceable in accordance with their terms and the terms of the Bond Legislation, and are entitled to the benefits of the Bond Legislation and the Act.

5. The CIF Bonds have been paid within the meaning and with the effect expressed in the Bond Resolution, as supplemented, pursuant to which they were issued, and the covenants, agreements and other obligations of the Issuer to the holders and owners of the CIF Bonds have been satisfied and discharged.

6. Under existing laws, regulations, published rulings and judicial decisions of the United States of America, as presently written and applied, the interest on the Series 2013 A Bonds is excludable from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed upon individuals and corporations. It should be noted, however, that for the purpose of calculating the alternative minimum tax on certain corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings of such corporations.

Ownership of tax-exempt obligations, including the Series 2013 A Bonds, may result in collateral federal income tax consequences to certain taxpayers. We offer no opinion as to such collateral tax consequences or any other federal tax consequences arising with respect to the Series 2013 A Bonds. Prospective purchasers of the Series 2013 A Bonds should consult their own tax advisors as to such consequences.

The opinions set forth in the above paragraph 6 are subject to the condition that the Issuer comply, on a continuing basis, with all requirements of the Internal Revenue Code of 1986, as amended, and regulations thereunder (collectively, the "Code") that must be satisfied for interest on the Series 2013 A Bonds to be or continue to be excludable from gross income for federal income tax purposes, and with all certifications, covenants and representations which may affect the excludability from gross income of the interest on the Series 2013 A Bonds set forth in the Bond Legislation, the Prepayment Agreement, the Tax Certificate and the certifications of the Issuer and others (collectively, the "Tax Covenants"). Failure

to comply with the Tax Covenants could cause the interest on the Series 2013 A Bonds to be includable in gross income, including retroactively to the date of issuance of the Series 2013 A Bonds.

7. Under the Act, the Series 2013 A Bonds and the interest thereon are exempt from all taxation by the State of West Virginia or any county, municipality, political subdivision or agency thereof.

8. The Issuer has designated the Series 2013 A Bonds as "Qualified Tax-Exempt Obligations" for purposes of Section 265(b)(3) of the Code and has covenanted that not more than $10,000,000 aggregate principal amount of obligations, the interest on which is excludable from gross income for federal income taxes (excluding, however, obligations described in Section 265(b)(3)(C)(ii) of the Code), including the Bonds, have been or shall be issued by the Issuer or any entities subordinate to it, during the calendar year 2013, all as determined in accordance with the Code.

9. The Series 2013 A Bonds are exempted securities within the meaning of Section 3(a)(2) of the Securities Act of 1933, as amended, and the West Virginia Uniform Securities Act, as amended, and it is not necessary, in connection with the public offering and sale of the Series 2013 A Bonds, to register any securities under said Securities Acts.

It is to be understood that the rights of the holders of the Series 2013 A Bonds and the enforceability of the Series 2013 A Bonds, the Bond Legislation, the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement, the Tax Certificate, and the liens, pledges, rights or remedies with respect thereto, are subject to and may be limited by any applicable bankruptcy, reorganization, insolvency, moratorium or other similar laws heretofore or hereafter enacted affecting creditors' rights or remedies generally and that their enforcement may also be subject to the application of public policy, general principles of equity and the exercise of judicial discretion in appropriate cases.

We do not express any opinion as to the sufficiency or accuracy of the material, information or financial statements which are set forth in the Official Statement prepared and used in connection with the offering and sale of the Series 2013 A Bonds.

The opinions expressed in this letter are based upon the law in effect on the date hereof, and may be affected by actions taken or omitted or events occurring after the date hereof, including subsequent interpretations of the applicable law by competent judicial, regulatory and administrative authorities that modify, revoke, supplement, reverse, overrule or otherwise change applicable law and current interpretations thereof. We assume no obligation to revise or supplement this opinion should such law be changed by legislative action, judicial decision, or otherwise, or to determine or to inform any person whether any such actions are taken or omitted or any such events occur.

This opinion is intended solely for the benefit of the addressee and may not be relied upon by any other person or entity without, in each such case, our express written consent.

Very truly yours,

Re: Berkeley County Public Service Sewer District, West Virginia
Sewer Refunding Revenue Bonds, Series 2013 B (Taxable)

Ladies and Gentlemen:

We have acted as bond counsel to Berkeley County Public Service Sewer District, West Virginia (the "Issuer") and in such capacity have examined a record of proceedings relating to the issuance by the Issuer of its $1,950,000 aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 B (Taxable) (the "Taxable Series 2013 B Bonds").

The Taxable Series 2013 B Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly adopted by the Issuer on June 18, 2013, as supplemented by a Supplemental Parameters Resolution duly adopted by the Issuer on June 18, 2013 and a Second Supplemental Resolution duly adopted by the Issuer on August 20, 2013 (collectively, the "Bond Legislation"), and are subject to all the terms and conditions of the Bond Legislation. All capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Legislation.

The Taxable Series 2013 B Bonds are issued in fully registered form, are dated their date of original issuance, August 22, 2013 mature on October 1 in the years and amounts and bear interest payable each April 1 and October 1, commencing April 1, 2014 all as set forth in the Bond Legislation.

The Bond Legislation provides that the Taxable Series 2013 B Bonds are issued for the purposes of (i) currently refunding a portion of the Issuer's Sewer Capacity Improvement Revenue Bonds, Series 2006 A (the "CIF Bonds"), (ii) fund a debt service reserve account for the Series 2013 B Bonds; and (iii) paying costs of issuance and related costs of the Taxable Series 2013 B Bonds.

The Taxable Series 2013 B Bonds have been sold to Crews & Associates, Inc. (the "Underwriter"), pursuant to a Bond Purchase Agreement, dated August 5, 2013 (the "Bond Purchase Agreement"), between the Underwriter and the Issuer.

As to questions of fact material to our opinion, we have relied upon representations and warranties of the Issuer, the Underwriter and other entities, the representations and warranties contained in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, dated August 22, 2013 (the "Continuing Disclosure Agreement"), between the Issuer and United Bank, Inc., the Prepayment Agreement, dated as of August 22, 2013 (the "Prepayment Agreement"), between the Issuer and the West Virginia Municipal Bond Commission, the Tax Certificate and Agreement, dated the date hereof (the "Tax Certificate"), executed by the Issuer; and the certified proceedings and other certifications of certain officials of the Issuer and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, and assuming compliance with the covenants and representations of the Issuer and others set forth in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, the Tax Certificate and such certifications, we are of the opinion, under existing law, that:

1. The Issuer is a duly organized and validly existing public service district under and pursuant to the laws of the State of West Virginia, with full power and authority to adopt the Bond Legislation, enter into the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and Tax Certificate, perform its obligations under the terms and provisions thereof and to issue and sell the Taxable Series 2013 B Bonds, all under the provisions of the Act and other applicable provisions of law.

2. The Issuer, through its governing body, has legally and effectively adopted the Bond Legislation, has authorized, executed and delivered the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate, has authorized the distribution of the Official Statement in connection with the marketing and sale of the Taxable Series 2013 B Bonds, and has issued and delivered the Taxable Series 2013 B Bonds to the Underwriter pursuant to the Bond Purchase Agreement. The Bond Legislation is in full force and effect as of the date hereof.

3. Assuming due authorization, execution and delivery by the other parties thereto, the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate constitute valid, legal, binding and enforceable instruments of the Issuer in accordance with their respective terms. We have examined the executed and authenticated Series 2013 B Bonds of said issue, and, in our opinion, said Series 2013 B Bonds are in proper form and have been duly executed and authenticated.

4. The Taxable Series 2013 B Bonds have been duly authorized, executed and delivered by the Issuer and, assuming proper authentication, constitute valid and legally enforceable limited obligations of the Issuer, payable from and secured by a first lien on the Net Revenues of the System, on a parity with the Issuer's outstanding:

Re: $9,615,000 Berkeley County Public Service Sewer District Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified) and $1,950,000 Berkeley County Public Service Sewer District Sewer Refunding Revenue Bonds, Series 2013 B (Taxable)

Ladies and Gentlemen:

We have acted as counsel to you (the "Underwriter") in connection with the issuance and sale by the Berkeley County Public Service Sewer District (the "Issuer") of its Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified) in the aggregate principal amount of $9,615,000, and its Sewer Refunding Revenue Bonds, Series 2013 B (Taxable) in the aggregate principal amount of $1,950,000 (collectively, the "Series 2013 Bonds"). In connection with rendering this opinion, we have examined the Official Statement dated August 5, 2013, the Bond Purchase Agreement dated August 5, 2013 (the "Purchase Agreement"), the Continuing Disclosure Agreement between the Issuer and United Bank, Inc., as Disclosure Agent, dated as of the Closing Date (the "Undertaking"), and Rule 15c2-12 of the Securities Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"). Capitalized terms used but not defined herein shall have the meanings set forth in the Purchase Agreement.

Based upon the foregoing, we are of the opinion that:

(a) The Purchase Agreement has been duly authorized, executed and delivered by, and (assuming due authorization, execution and delivery by the other parties and that it is a binding agreement of the other parties in accordance with its terms) constitutes a binding agreement in accordance with its terms of, the Underwriter;

(b) The Undertaking complies as to form in all material respects with the requirements of paragraph (b)(5) of the Rule; and

(c) With respect to the Official Statement, no facts have come to our attention that the Official Statement contains any untrue statements of a material fact or omits to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

This opinion is solely for the benefit of, and may be relied upon only by, the Underwriter; and it is not to be used, circulated, quoted or otherwise referred to for any other purpose, except that a copy hereof may be included in its transcript of closing documents pertaining to the delivery of the Series 2013 Bonds.

Very truly yours,

Crews & Associates, Inc
Charleston, West Virginia

Ladies and Gentlemen:

I have acted as counsel for Berkeley County Public Service Sewer District, West Virginia (the "Issuer") in connection with the sale of the above-referenced Bonds (the "Series 2013 Bonds"), which are being delivered and sold pursuant to a Bond Purchase Agreement dated as of August 5, 2013 (the "Bond Purchase Agreement") between Crews & Associates, Inc. (the "Underwriter") and the Issuer. Any capitalized term used herein and not defined herein shall have the meaning assigned to it in the Bond Purchase Agreement.

In this connection, I have reviewed and examined certain proceedings and documents with respect to the Series 2013 Bonds, any such records, certificates and other documents as I have considered necessary or appropriate for the purposes of this opinion and the laws of the State of West Virginia, including Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), the Bond Resolution of the Issuer relating to the Series 2013 Bonds adopted on June 18, 2013, as supplemented by a supplemental parameters resolution adopted by the Issuer on June 18, 2013 and Second Supplemental Resolution adopted August 20, 2013 (collectively, the "Bond Legislation"), the Bond Purchase Agreement dated August 5, 2013 and the Official Statement dated August 5, 2013, with respect to the issuance and offering of the Series 2013 Bonds (the "Official Statement"), and certifications of the Issuer. Based on such review and such other considerations of law and fact as I believe to be relevant, I am of the opinion that:

1. The Issuer is a public service district and political subdivision duly organized and existing under the laws of the State of West Virginia. The Issuer is authorized by the laws of the State of West Virginia, as provided by the Act, to enter into and perform its obligations under the Bond Legislation and the Bond Purchase Agreement.

2. The Issuer has full power and authority to consummate all transactions contemplated by the Series 2013 Bonds, the Bond Purchase Agreement, the Official Statement and any other agreements relating thereto, to which the Issuer is a party and the Issuer has complied with all requirements of the Act that must be satisfied in connection with the issuance of the Series 2013 Bonds.

3. To the best of my knowledge following due inquiry, there is no litigation pending or threatened against the Issuer, in any court, which in any way affects the existence of the Issuer or the titles of its officers to their respective offices, or seeking to restrain or to enjoin the issuance or delivery of the Bonds, or the collection of revenues and assets of the Issuer pledged or to be pledged to pay the principal of and interest on the Series 2013 Bonds, or the pledge thereof, or in any way contesting or affecting the validity or enforceability of the Series 2013 Bonds, the Bond Legislation, the Bond Purchase Agreement, or contesting the powers of the State of West Virginia with respect to the Series 2013 Bonds, the Bond Legislation or this Bond Purchase Agreement or any transaction described in or contemplated by the Official Statement.

4. The Official Statement, as amended or supplemented to the date hereof, contains no untrue statement regarding the Issuer of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein regarding the Issuer, in light of the circumstances under which they were made, not misleading.

5. The statements contained in the Official Statement under the captions "The District and The System," "Financing Plan," "Absence of Material Litigation," and "Appendix B- The System," insofar as such statements contained under such captions purport to summarize certain matters set forth therein and certain provisions of the Resolution, except for financial or statistical data therein or matters relating to the book entry system maintained by the Depository Trust Company as to which no opinion is hereby expressed, are accurate and present a fair summary of the matters referred to therein.

All counsel to this transaction may rely upon the foregoing opinion as if specifically addressed to them.

Very truly yours,

ARTICLE I

GENERAL

Section 1.1 Authorization. The Series 2013 Bonds are being executed and delivered by the Chairman pursuant to the Bond Legislation and such execution and delivery was authorized by the Bond Legislation.

Section 1.2 Definitions. Capitalized terms used herein which are not otherwise defined herein shall have the respective meanings set forth in the Bond Legislation or, if not defined in the Bond Legislation, in Sections 103 and 141 through 150 of the Internal Revenue Code of 1986, as amended (the *"Code"*), and the Treasury Regulations promulgated thereunder (the *"Regulations"*).

Section 1.3 Purpose of the Series 2013 Bonds. The Series 2013 Bonds are being executed and delivered for and on behalf of the Issuer for the following purposes:

(i) to refund within 90 days of the issue date of the Series 2013 Bonds, all of the Issuer's outstanding Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A (the *"CIF Bonds"*);

(ii) to fund debt service reserve accounts for the Series 2013 A Bonds and the Series 2013 B Bonds; and

(iii) to pay the costs of issuing the Series 2013 Bonds.

Section 1.4 Reliance on Other Parties. The expectations of the Issuer concerning certain uses of the proceeds of the Series 2013 Bonds and other matters are based in whole or in part on representations and certifications of other parties set forth in this Tax and Non-Arbitrage Certificate and accompanying certificates. The Issuer is not aware of any facts or circumstances that would cause it to question the accuracy or reasonableness of any representation or certification made in this Tax and Non-Arbitrage Certificate and accompanying certificates.

Section 1.5 Private Activity Bond Representations. For purposes of determining whether the Series 2013 Bonds are private activity bonds, the Issuer makes the following representations. For this purpose, the proceeds of the Series 2013 Bonds used for refunding purposes are treated in the same manner as the proceeds of the CIF Bonds.

(i) Not more than five percent (5%) of the proceeds of the Series 2013 Bonds will be used, directly or indirectly, to replace funds which were used in any business carried on by any person other than a state or local governmental unit.

(ii) Not more than ten percent (10%) of the payment of principal of or interest on the Series 2013 Bonds will be, directly or indirectly, (A) secured by any interest in (1) property used or to be used for a private business use by any person other than a state or local governmental unit, or (2) payments in respect of such property, or (B) derived from payments (whether or not to the Issuer), in respect of property, or borrowed money, used or to be used for a private business use by any person other than a state or local governmental unit.

(iii) Not more than ten percent (10%) of the proceeds of the Series 2013 Bonds will be used, directly or indirectly, to make or finance loans to persons other than a state or local governmental unit.

(iv) No user of the facilities that were financed with the CIF Bonds other than a state or local governmental unit will use more than ten percent (10%) of such facilities on any basis other than the same basis as the general public, and no person other than a state or local governmental unit will be a user of more than ten percent (10%) of such facilities as a result of (A) ownership, (B) actual or beneficial use pursuant to a lease or a management or incentive payment contract, or (C) any other similar arrangement.

Section 1.6 Single Issue for Certain Tax Purposes. No obligations are (i) being sold at substantially the same time (*i.e.,* within fifteen (15) days) as the Series 2013 Bonds, (ii) being sold

pursuant to the same plan of financing as the Series 2013 Bonds, and (iii) reasonably expected to be paid from substantially the same source of funds as the Series 2013 Bonds, determined without regard to guarantees from unrelated parties.

Section 1.7 Series 2013 Bonds not Hedge Bonds. The Issuer reasonably expected at the time the CIF Bonds were issued, to spend at least eighty-five percent (85%) of the spendable proceeds of such issue to carry out the governmental purposes for which such issue was being issued within three (3) years of the date such issue was issued. Not more than fifty percent (50%) of the CIF Bonds have been or are expected to be, invested in investments having a substantially guaranteed yield for four (4) years or more.

Section 1.8 Qualified Tax-Exempt Obligations. The Issuer has designated the Series 2013 A Bonds as "qualified tax-exempt obligations" for purposes of paragraph (3) of Section 265(b) of the Code and, as determined in accordance with Section 265(b)(3) of the Code, that not more than $10,000,000 in aggregate principal amount of obligations the interest on which is excludable(under Section 103(a) of the Code from gross income for federal income taxes (excluding, however, obligations described in Section 265(b)(3)(C)(ii) of the Code), including the Series 2013 A Bonds, have been or shall be issued by the Issuer during the calendar year 2013, all as determined in accordance with the Code. None of the Series 2013 A Bonds are part of a direct or indirect composite issue.

ARTICLE II

ARBITRAGE

Section 2.1 Reasonable Expectations. This Article II states the reasonable expectations, statements of facts and estimates of the Issuer with respect to the amount and use of the proceeds of the Series 2013 Bonds and certain other funds. On the basis of the following, it is not expected that the Series 2013 Bonds will be *"arbitrage bonds"* within the meaning of Section 148 of the Code.

Section 2.3 No Over-issuance. The total proceeds to be received from the sale of the Series 2013 Bonds and anticipated investment earnings thereon do not exceed the total of the amount necessary to finance the governmental purposes for which the Series 2013 Bonds are issued as described above.

Section 2.4 Investment of Proceeds. No portion of the Series 2013 Bonds is being issued solely for the purpose of investing the proceeds at a yield higher than the yield on the Series 2013 Bonds or to replace funds which were used, directly or indirectly, to acquire investments with a yield higher than the yield on the Series 2013 Bonds.

Section 2.5 Funds and Accounts.

(a) General. The following funds and accounts are created and established or continued under the Bond Legislation:

(1) Revenue Fund;

(2) Renewal and Replacement Fund;

(3) Series 2013 Bonds Costs of Issuance Fund;

(4) Rebate Fund;

(5) Series 2013 A Bonds Sinking Fund;

(6) Series 2013 A Bonds Redemption Account;

(7) Series 2013 A Bonds Reserve Account;

(8) Series 2013 B Bonds Sinking Fund;

(9) Series 2013 B Bonds Redemption Account; and

(10) Series 2013 B Bonds Reserve Account.

The Issuer certifies that the following subsections accurately reflect various matters relating to these funds and accounts.

(b) Revenue Fund. All monies received from time to time by the Issuer from the operation of the sewer system of the Issuer are deposited into the Revenue Fund. From the Revenue Fund such monies are disbursed pursuant to the Bond Legislation. At no time were any proceeds of the CIF Bonds on deposit in the Revenue Fund and no proceeds of the Series 2013 Bonds shall be deposited in the Revenue Fund.

(c) Renewal and Replacement Fund. A Renewal and Replacement Fund is created under the Bond Legislation, to be funded through monthly deposits of Gross Revenues. Absent an Event of Default on the Series 2013 Bonds, and depletion in full of the Series 2013 A Bonds Reserve Account, the Renewal and Replacement Fund is not expected to be used for the purpose of paying debt service on the Series 2013 Bonds. The Issuer is required to deposit 2 1/2% of the Gross Revenues each month into the Renewal and Replacement Fund. Disbursements may be made from the Renewal and Replacement Fund at any time to pay for replacements, repairs or improvements of the System. In the event the Issuer experiences financial difficulties with respect to the System, it is not expected that the Renewal and Replacement Fund or any portion thereof will be available to pay debt service on the Series 2013 Bonds. Such monies will be invested without restriction as to yield and are not subject to rebate.

(d) Series 2013 Bonds Costs of Issuance Fund. As described in Section 2.2(b)(ii) hereof, a Series 2013 Bonds Costs of Issuance Fund is created under the Bond Legislation to be funded from proceeds of the Series 2013 Bonds in the amount of $125,690.75 ($127,690.75 less the Municipal Bond

Commission (the "MBC") fees of $2,000 wired directly to the MBC), to pay costs of issuance of the Series 2013 Bonds. Proceeds of the Series 2013 Bonds deposited in the Costs of Issuance Fund generally may be invested at an unrestricted yield for a period of thirteen (13) months from the date hereof, and, thereafter, at a yield not materially higher than the yield on the Series 2013 Bonds. For investments of amounts described in the preceding sentence, the term *"materially higher"* means one-thousandth of one percentage point (0.001%).

(e) Rebate Fund. The Issuer has covenanted not to use moneys of any fund or account in connection with the Series 2013 Bonds in a manner which will cause the Series 2013 Bonds to be arbitrage bonds within the meaning of Section 148 of the Code. To that end, the Rebate Fund created under the Bond Legislation and will be funded to the extent required either from transfers from the other funds or accounts or from the Issuer's general funds. The Paying Agent shall deposit into the Rebate Fund any payments received in accordance with this Tax and Non-Arbitrage Certificate for purposes of paying rebate to the United States Treasury Department and so identified. The amount required to be held in the Rebate Fund at any point in time is determined pursuant to the requirements of the Code, including particularly Section 148(f) of the Code and the Treasury Regulations promulgated thereunder. Moneys in the Rebate Fund are neither pledged to nor expected to be used to pay debt service on the Series 2013 Bonds.

(f) Series 2013 A Bonds Sinking Fund. The Series 2013 A Bonds Sinking Fund will be used primarily to achieve a proper matching of revenues and debt service within each bond year. To the extent the Series 2013 A Bonds Sinking Fund will be used to pay debt service on the Series 2013 A Bonds, it is expected to be depleted at least once each bond year except for a reasonable carryover amount not to exceed the greater of (i) the earnings on investment of the moneys in these accounts for the immediately preceding bond year, or (ii) one-twelfth (1/12th) of the debt service on the Series 2013 A Bonds for the immediately preceding bond year. Amounts deposited in the Series 2013 A Bonds Sinking Fund will be expended to pay debt service on the Series 2013 A Bonds within thirteen (13) months from the date of deposit therein pursuant to the Bond Legislation. The Series 2013 A Bonds Sinking Fund is expected to constitute a *"bona fide debt service fund"* within the meaning of the Treasury Regulations.

Amounts deposited into the Series 2013 A Bonds Sinking Fund for the purpose of paying current debt service on the Series 2013 A Bonds may be invested at an unrestricted yield for a period not exceeding thirteen (13) months from the date of the first deposit of such amounts to such fund and, thereafter, at a yield not materially higher than the yield on the Series 2013 A Bonds. For investments of amounts described in the preceding sentence, the term *"materially higher"* means one-thousandth of one percentage point (.001%). As long as the Series 2013 A Bonds Sinking Fund qualifies as bona fide debt service funds, amounts therein will not be subject to the arbitrage rebate requirements of Section 148(f) of the Code.

(g) Series 2013 B Bonds Sinking Fund. The Series 2013 B Bonds Sinking Fund will be used primarily to achieve a proper matching of revenues and debt service within each bond year. To the extent the Series 2013 B Bonds Sinking Fund will be used to pay debt service on the Series 2013 B Bonds, it is expected to be depleted at least once each bond year except for a reasonable carryover amount not to exceed the greater of (i) the earnings on investment of the moneys in these accounts for the immediately preceding bond year, or (ii) one-twelfth (1/12th) of the debt service on the Series 2013 Bonds for the immediately preceding bond year. Amounts deposited in the Series 2013 B Bonds Sinking Fund will be expended to pay debt service on the Series 2013 B Bonds within thirteen (13) months from the date of

deposit therein pursuant to the Bond Legislation. The Series 2013 B Bonds Sinking Fund is expected to constitute a *"bona fide debt service fund"* within the meaning of the Treasury Regulations.

Amounts deposited into the Series 2013 B Bonds Sinking Fund for the purpose of paying current debt service on the Series 2013 B Bonds may be invested at an unrestricted yield for a period not exceeding thirteen (13) months from the date of the first deposit of such amounts to such fund and, thereafter, at a yield not materially higher than the yield on the Series 2013 B Bonds. For investments of amounts described in the preceding sentence, the term *"materially higher"* means one-thousandth of one percentage point (.001%). As long as the Series 2013 B Bonds Sinking Fund qualifies as bona fide debt service funds, amounts therein will not be subject to the arbitrage rebate requirements of Section 148(f) of the Code.

(h) Series 2013 A Bonds Reserve Account. As described in Section 2.2(b)(iv) hereof, $961,500 of the proceeds of the Series 2013 A Bonds will be deposited in the Series 2013 A Bonds Reserve Account to secure the Series 2013 A Bonds. The Underwriter has certified, in Exhibit A attached hereto, that the establishment and maintenance of the Series 2013 A Bonds Reserve Account is a vital factor in the marketing of the Series 2013 Bonds. The Series 2013 A Bonds Reserve Account does not exceed the lesser of (i) 10% of the proceeds of the Series 2013 A Bonds, (ii) 125% of average annual debt service on the Series 2013 A Bonds, or (iii) maximum annual debt service on the Series 2013 A Bonds. The Series 2013 A Bonds Reserve Account may be invested at an unrestricted yield throughout the term of the Series 2013 Bonds and is subject to rebate.

(i) Series 2013 B Bonds Reserve Account. As described in Section 2.2(b)(v) hereof, $97,500 of the proceeds of the Series 2013 B Bonds will be deposited in the Series 2013 B Bonds Reserve Account to secure the Series 2013 B Bonds. The Underwriter has certified, in Exhibit A attached hereto, that the establishment and maintenance of the Series 2013 B Bonds Reserve Account is a vital factor in the marketing of the Series 2013 Bonds. The Series 2013 B Bonds Reserve Account deposit is equal to 5% of the original stated principal amount of the Series 2013 B Bonds, which is less than (i) 10% of the proceeds of the Series 2013 B Bonds, (ii) 125% of average annual debt service on the Series 2013 B Bonds, or (iii) maximum annual debt service on the Series 2013 B Bonds. The Series 2013 B Bonds Reserve Account may be invested at an unrestricted yield throughout the term of the Series 2013 Bonds and is subject to rebate.

(j) Series 2013 Redemption Account. The Series 2013 Redemption Account is created under the Bond Legislation. In the event moneys are deposited into the Series 2013 Redemption Account, to the extent they are not part of a "bona fide debt service fund" within the meaning of the Treasury Regulations, they will, to the extent the yield thereon exceeds the yield on the Series 2013 Bonds, be subject to rebate. Otherwise, they will be invested without restriction as to yield and are not subject to rebate.

Section 2.6 No Replacement. Other than proceeds of the Series 2013 Bonds, neither the Issuer nor any person related to it within the meaning of Section 147(a) of the Code (a *"Related Person"*) has on hand any funds which could legally and practically be used for the purposes for which the Series 2013 Bonds are being issued which are not pledged, budgeted, earmarked or otherwise necessary to be used for other purposes. Accordingly, no portion of the proceeds of the Series 2013 Bonds will be used (i) directly or indirectly to replace funds of the Issuer or any Related Person that could be used for the purpose for which the Series 2013 Bonds are being issued, or (ii) to replace any proceeds of any prior issuance of obligations by the Issuer or any Related Person.

Section 2.7 No Other Sinking or Pledged Funds. Except for the Series 2013 A Bonds Sinking Fund and series 2013 B Bonds Sinking Fund, no other funds or accounts have been or are expected to be established, and no moneys or property have been or are expected to be available or pledged (no matter where held or the source thereof) which are expected to be used or available to pay, directly or indirectly, principal or interest on the Series 2013 Bonds, or restricted so as to give reasonable assurance of their availability for such purposes.

Section 2.8 No Abusive Arbitrage Device. The Issuer certifies, warrants and covenants that the Series 2013 Bonds are not and will not be part of a transaction or series of transactions that (i) attempts to circumvent the provisions of Section 148 of the Code and related Treasury Regulations, thereby enabling the Issuer to exploit the difference between tax-exempt and taxable interest rates to obtain a material financial advantage, and (ii) overburdens the tax-exempt bond market in any manner, including, without limitation, issuing more bonds, issuing bonds earlier, or allowing them to remain outstanding longer than is otherwise reasonably necessary to accomplish the governmental purpose of the Series 2013 Bonds.

Section 2.9 Temporary Period and Transferred Proceeds. The Issuer acknowledges that pursuant to Section 149(d)(3)(A)(iv)(II) of the Code, any temporary period under Section 148(c) of the Code for the proceeds of the CIF Bonds will end on the date hereof, and thus the yield on such proceeds will be restricted to a yield not materially higher than the yield on the CIF Bonds.

Proceeds of each issue of the CIF Bonds will become transferred proceeds of the Series 2013 Bonds when proceeds of the Series 2013 Bonds discharge the CIF Bonds on October 1, 2013. When proceeds of the CIF Bonds become transferred proceeds of the Series 2013 Bonds, the yield on such proceeds will be restricted to a yield not materially higher than the yield on the Series 2013 Bonds or the Issuer will make timely yield reduction payments to reduce the yield on such proceeds to a yield not materially higher than the yield on the Series 2013 Bonds.

ARTICLE III

CALCULATION OF YIELD

Section 3.1 Yield. For purposes of this Tax and Non-Arbitrage Certificate, yield is calculated as set forth in Section 148(h) of the Code and Sections 1.148-4 and 1.148-5 of the Treasury Regulations. Thus, yield generally means that discount rate which, when used in computing the present value of all unconditionally payable payments of principal and interest with respect to an obligation and the cost of qualified guarantees (if any) paid and to be paid with respect to such obligation, produces an amount equal to the issue price of the obligation.

The Issuer certifies, based upon representations of the Underwriters shown in Exhibit A hereto, that the aggregate reoffering price of the Series 2013A Bonds is $9,661,949.60, which represents the price at which the Series 2013 Bonds were sold to the public (excluding bond houses, brokers and other intermediaries) plus accrued interest (if any). For purposes hereof, yield shall be calculated on a 360-day year basis with interest compounded semiannually. The yield on the Series 2013 A Bonds on an aggregate basis as computed by Crews & Associates, Inc., the underwriter of the Series 2013 Bonds, is 3.3288924%.

ARTICLE IV

REBATE

Section 4.1 Undertakings. The Issuer has covenanted to comply with certain requirements of the Code. The Issuer covenants that it shall retain an arbitrage consultant to determine any rebate due with respect to the CIF Bonds and any rebate or yield reduction payments required to be made with respect to the Series 2013 A Bonds. The Issuer acknowledges that the Regulations with respect to these undertakings, including the proper method for computing whether any rebate amount is due the United States under Section 148(f) of the Code, are §§1.148-0 through 1.148-11, 1.149(d)-1, 1.149(g)-1, 1.150-1 and 1.150-2. The Issuer covenants that it will undertake to determine (or have determined on its behalf) what is required with respect to the rebate provisions contained in Section 148(f) of the Code from time to time and will undertake to comply with any requirements that may be applicable to the Series 2013 A Bonds. The Issuer will undertake the methodology described in this Article IV of this Tax and Non-Arbitrage Certificate, except to the extent inconsistent with any requirements of present or future law, regulations or future guidance issued by the United States Department of the Treasury or if the Issuer receives an opinion of Bond Counsel.

Section 4.2 Rebate Fund. A special fund designated the *"Rebate Fund"* has been continued pursuant to the Bond Legislation. The Issuer shall keep the Rebate Fund separate and apart from all other funds and moneys held by it.

Section 4.3 Recordkeeping. Detailed records with respect to each and every Nonpurpose Investment attributable to Gross Proceeds (within the meaning of Regulations §1.148-1(b)) of the Series 2013 Bonds must be maintained by the Issuer, including (i) purchase date, (ii) purchase price, (iii) any accrued interest paid, (iv) face amount, (v) coupon rate, (vi) frequency of interest payments, (vii) disposition price, (viii) any accrued interest received, (ix) disposition date, and (x) broker's fees. Such detailed record keeping is required for the calculation of the rebate amount (within the meaning of Regulations §1.148-3) which, in part, will require a determination of the difference between the actual aggregate earnings of all Nonpurpose Investments and the amount of such earnings assuming a rate of return equal to the yield on the Series 2013 A Bonds.

Section 4.4 Rebate Amount Calculation and Payment.

(a) The Issuer represents, warrants and covenants that it will prepare or cause to be prepared a calculation of the rebate amount with respect to the Series 2013 A Bonds consistent with the rules described in this Section 4.4. The Issuer will prepare the calculation of the rebate amount (i) within fifty-five (55) days after the close of the fifth Bond Year and each fifth Bond Year thereafter so long as any Series 2013 A Bonds remain unpaid, and (ii) within fifty-five (55) days after the first date on which there are no unpaid Series 2013 A Bonds. Not later than fifty-five (55) days after the end of the fifth Bond Year and each fifth Bond Year thereafter so long as any Series 2013 A Bonds remains unpaid, and within fifty-five (55) days after the last Series 2013 A Bonds is paid, the Issuer shall deposit an amount necessary to increase or decrease the sum held in the Rebate Fund to the rebate amount.

(b) For purposes of calculating the rebate amount (i) the aggregate amount earned with respect to a Nonpurpose Investment shall be determined by assuming that the Nonpurpose Investment

was acquired for an amount equal to its value at the time it becomes a Nonpurpose Investment, and (ii) the aggregate amount earned with respect to any Nonpurpose Investment shall include any unrealized gain or loss with respect to the Nonpurpose Investment on the first date when there are no unpaid Series 2013 A Bonds or when the investment ceases to be a Nonpurpose Investment.

(c) The Paying Agent shall pay to the United States Treasury, pursuant to instructions from the Issuer, out of designated funds (i) not later than sixty (60) days after the end of each fifth Bond Year, a payment equal to at least ninety percent (90%) of the rebate amount with respect to the Series 2013 A Bonds, calculated as of the end of such fifth Bond Year, and (ii) not later than sixty (60) days after the first date when there are no unpaid Series 2013 A Bonds, an amount equal to one hundred percent (100%) of the rebate amount (determined as of the first date when there are no unpaid Series 2013 A Bonds) plus any actual or imputed earnings on such rebate amount, all as set forth in Regulations §§1.148-1 through 1.148-11 and as determined by or on behalf of the Issuer.

(d) Each payment required to be made pursuant hereto and relating to the Series 2013 A Bonds shall be filed with the Internal Revenue Service Center designated in the then-applicable Internal Revenue Service forms and instructions, on or before the date such payment is due and shall be accompanied by Internal Revenue Service Form 8038-T or successor form. The Issuer must retain records of the calculations required by this Section 4.4 until three years after the retirement of the last obligation of the Series 2013 Bonds.

Section 4.5 Valuation of Investments.

(a) General Rule. Except as otherwise provided in this Section 4.5, for all purposes of Section 148 of the Code, the value of an investment allocated to the Series 2013 Bonds (including a payment or receipt on the investment) on a date must be determined using one of the following valuation methods:

(i) Outstanding Principal Amount Method. A plain par investment (as defined in Regulations §1.148-1(b)) may be valued at its outstanding stated principal amount, plus any accrued unpaid interest on that date.

(ii) Present Value Method. An investment whose yield is fixed and determinable on the issue date (a *"fixed rate investment"*) may be valued at its present value on that date. Present value of an investment is computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the yield on the Series 2013 A Bonds (*i.e.*, 360-day year basis with interest compounded semiannually). The present value of an investment on a date is equal to the present value of all unconditionally payable receipts to be received from and payments to be paid for the investment after that date, using the yield on the investment as the discount rate.

(iii) Fair Market Value Method. An investment may be valued at its fair market value on that date. The fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide, arm's-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the nonpurpose investment becomes binding (*i.e.*, the trade date rather than the settlement date). Except as otherwise provided in Sections 4.5(e), (f) and (g) hereof, an investment that is not of a type traded on an established securities market, within the meaning of Section 1273 of the Code,

is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value.

(b) Mandatory Valuation of Certain Investments at Fair Market Value. Except as provided in Sections 4.5(c) and (d), an investment must be valued at fair market value on the date that it is first allocated to the Series 2013 A Bonds or first ceases to be allocated to the Series 2013 A Bonds as a consequence of a deemed acquisition or deemed disposition.

(c) Mandatory Valuation of Yield Restricted Investments at Present Value. Any yield restricted investment must be valued at present value.

(d) Transferred Proceeds Allocations, Universal Cap Allocations and Commingled Funds. Notwithstanding Section 4.5(b) hereof, an investment need not be valued at fair market value if it is allocated to the Series 2013 A Bonds or ceases to be allocated to the Series 2013 A Bonds as a result of the transferred proceeds allocation rule under Regulations §1.148-9(b) or the universal cap rule under Regulations §1.148-6(b)(2). In addition, investments in a commingled fund (other than a bona fide debt service fund) need not be valued at fair market value unless it is a commingled fund described in Regulations §1.148-6(e)(5)(iii).

(e) Certificates of Deposit. The purchase price of a certificate of deposit that has a fixed interest rate, a fixed payment schedule and a substantial penalty for early withdrawal will be treated as its fair market value on the purchase date if:

(i) the yield on the certificate of deposit is not less than the yield on reasonably comparable direct obligations of the United States; and

(ii) the yield on the certificate of deposit is not less than the highest yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

(f) Guaranteed Investment Contracts. The purchase price of a guaranteed investment contract will be treated as its fair market value on the purchase date if:

(i) the Issuer has made (or had made on its behalf) a bona fide solicitation for a specified guaranteed investment contract and received at least three (3) bona fide bids from providers that have no material financial interest in the Series 2013 Bonds;

(ii) the Issuer purchased (or had purchased on its behalf) the highest-yielding guaranteed investment contract for which a qualifying bid is made (determined net of broker's fees);

(iii) the yield on the guaranteed investment contract (determined net of broker's fees) is not less than the yield then available from the provider on reasonably comparable guaranteed investment contract, if any, offered to other persons from a source of funds other than gross proceeds of tax-exempt bonds;

(iv) the determination of the terms of the guaranteed investment contract took into account as a significant factor the Issuer's reasonably expected drawdown schedule for the

amounts to be invested, exclusive of amounts deposited in debt service funds and reasonably required reserve or replacement funds;

(v) the terms of the guaranteed investment contract, including collateral security requirements, are reasonable; and

(vi) the provider of the guaranteed investment contract certified the administrative costs that it paid (or expects to pay) to third parties in connection with the guaranteed investment contract.

(g) United States Treasury Obligations. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

Section 4.6 Segregation of Proceeds. In order to perform the calculations required by the Code, it is necessary to track separately all of the Gross Proceeds. To that end, the Issuer hereby agrees to establish separate funds, accounts or subaccounts or take other accounting measures in order to account fully for all Gross Proceeds.

Section 4.7 Filing Requirements. The Issuer shall file or cause to be filed such reports or other documents with the Internal Revenue Service as may be required by the Code from time to time (*e.g.*, Form 8038-G and Form 8038-T).

(33) Sewer Revenue Bonds, Series 2009 B (West Virginia Infrastructure Fund), dated July 31, 2009, issued in the original aggregate principal amount of $1,000,000; and

(34) Sewer Revenue Bonds, Series 1990 B, dated May 3, 1990, issued in the original aggregate principal amount of $38,669 (collectively, the "Prior Bonds").

It is my further opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Series 2013 Bonds are issued will be at least 120% of the average annual debt service on the Prior Bonds and the Series 2013 Bonds and that (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Series 2013 Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2013 Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds and the Series 2013 Bonds.

Very truly yours,

INTRODUCTION

This Official Statement, including the cover page and appendices, is provided for the purpose of setting forth certain information concerning Berkeley County Public Service Sewer District, West Virginia (the "District"), the District's sewer system hereinafter described and the District's $9,615,000 in aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified) (the "Series 2013 A Bonds") and $1,950,000 in aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 B (Taxable) (the "Series 2013 B Bonds," and together with the Series 2013 A Bonds, the "Series 2013 Bonds"). The Series 2013 Bonds are being issued pursuant to the Constitution and laws of the State of West Virginia (the "State"), specifically Chapter 16, Article 13A of the Code of West Virginia of 1931, as amended (the "Act"), and a resolution adopted by the Public Service Board of the District on June 18, 2013 (the "Original Resolution"), as supplemented by a supplemental parameters resolution adopted by the Public Service Board of the District pursuant to the Resolution on June 18, 2013 (the "Supplemental Resolution", and together with the Original Resolution, the "Resolution").

The proceeds of the Series 2013 A Bonds, together with other funds available therefor, will be used as follows: (i) to provide funds to currently refund the District's Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A (the "CIF Bonds" or "Refunded Bonds"); (ii) to fund a debt service reserve account for the Series 2013 A Bonds; and (iii) to pay certain costs of issuance of the Series 2013 Bonds and related costs.

The proceeds of the Series 2013 B Bonds, together with other funds available therefor, will be used as follows: (i) to provide funds to currently refund the CIF Bonds; (ii) to fund a debt service reserve account for the Series 2013 B Bonds; and (iii) to pay certain costs of issuance of the Series 2013 Bonds and related costs.

The issuance of the CIF Bonds was approved by the Public Service Commission of West Virginia (the "PSC") pursuant to an Order dated August 11, 2006 in Case No. 06-0340-PSD-CN, and the District issued the CIF Bonds on November 2, 2006. The CIF Bonds are payable solely from and are secured solely by the Capacity Improvement Fee previously approved by the PSC and collected by the District and the Surplus Revenues of the System and are not payable from or secured by the Net Revenues of the System. Pursuant to its regulatory power, on June 11, 2009, the PSC initiated a general investigation to review the necessity and or sufficiency of the rate for Capacity Improvement Fees in Case No. 09-0192-PSWD-C. On May 9, 2012, the PSC entered an Order requiring the District to remove the Capacity Improvement Fees from its fee tariff. On August 7, 2012, the PSC denied the District's petition for reconsideration, and ordered the District to return any Capacity Improvement Fees collected after May 9, 2012. An appeal by the petitioners in Case No. 09-0192-PSWD-C seeking the return of all Capacity Improvement Fees previously paid

was granted by the Supreme Court of Appeals of West Virginia and the Court affirmed the PSC's decision. As a result of the PSC action and the inability to collect the Capacity Improvement Fee, the District must refund the CIF Bonds and replace them with net revenue bonds.

The District has outstanding the following bonds, all of which are payable from the Net Revenues of the System:

(1) Sewer Revenue Bonds, Series 1986 B (West Virginia Water Development Authority), dated March 7, 1986, issued in the original aggregate principal amount of $1,638,194 (the "Series 1986 B Bonds");

(2) Sewer Revenue Bonds, Series 1990 A (West Virginia Water Development Authority), dated May 3, 1990, issued in the original aggregate principal amount of $828,629 (the "Series 1990 A Bonds");

(3) Sewer Revenue Bonds, Series 1990 B (West Virginia Water Development Authority), dated May 3, 1990, issued in the original aggregate principal amount of $38,669 (the "Series 1990 B Bonds");

(4) Sewer Revenue Bonds, Series 1994 A (West Virginia Water Development Authority), dated October 5, 1994, issued in the original aggregate principal amount of $494,288 (the "Series 1994 A Bonds");

Pursuant to the Resolution, the District has covenanted and agreed to establish and collect just and equitable rates and charges for the use of the System and the services rendered thereby so as to produce for each fiscal year Net Revenues, as defined in the Resolution and hereinafter, equal to at least 115% of the maximum amount required in any year to pay the principal of and interest on the Series 2013 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or subordinate to the Series 2013 Bonds, including the First Lien Bonds and the Second Lien Bonds. The Series 2013 Bonds initially will be maintained under a book-entry system. So long as the Series 2013 Bonds are maintained under a book-entry system, the manner of payment, the denominations, the transfer and exchange of ownership and the method of providing notice of redemption to the owners of the Series 2013 Bonds shall be determined as described under "BOOK-ENTRY ONLY SYSTEM" herein. If the book-entry system is discontinued, principal of, and interest and premium, if any, on the Series 2013 Bonds will be payable by the West Virginia Municipal Bond Commission, Charleston, West Virginia, as paying agent (the "Bond Commission" or the "Paying Agent"), to the owners thereof at the addresses appearing in the books kept by United Bank, Inc., as registrar (the "Registrar"). For further information describing the method of payment and other matters in the event the book-entry system is discontinued, see "THE SERIES 2013 BONDS" herein.

For a description of the exclusion of interest on the Series 2013 A Bonds from gross income for federal income tax purposes and the exclusion of interest on the Series 2013 Bonds from gross income for state income tax purposes, see "TAX MATTERS: SERIES 2013 A BONDS" and "TAX MATTERS: SERIES 2013 B BONDS" herein.

THE SERIES 2013 BONDS

General

The Series 2013 Bonds are dated and bear interest from August 22, 2013, upon original issuance. Any Series 2013 Bond issued in exchange on or subsequent to said first interest payment date will be dated as of the interest payment date next preceding the date of authentication thereof unless the date of authentication is an interest payment date on which interest on said Series 2013 Bond shall have been paid in full or duly provided for, in which case said Series 2013 Bond shall be dated such date of authentication; or unless, as shown by the records of the Registrar, as defined below, interest on such Series 2013 Bond shall be in default, in which case any Series 2013 Bond issued in exchange for a Series 2013 Bond surrendered for transfer or exchange shall be dated as of the date to which interest has been paid in full. The Series 2013 Bonds will bear interest from their date, payable semiannually on each April 1 and October 1, commencing April 1, 2014, upon original issuance, at the rates per annum and will mature on the dates and in the amounts set forth on the cover page of this Official Statement.

The Series 2013 Bonds will be issued as fully registered bonds without coupons in denominations of $5,000 and integral multiples thereof for any year of maturity. The Series 2013 Bonds initially shall be maintained under a book-entry system; Beneficial Owners shall

have no right to receive physical possession of the Series 2013 Bonds and payments of principal of, redemption price, if any, and interest on the Series 2013 Bonds will be made as described herein under "BOOK-ENTRY ONLY SYSTEM." If the book-entry system is discontinued, interest on the Series 2013 Bonds will be payable by check or draft made payable and mailed to the owners thereof at the addresses appearing in the books kept by the Registrar as of the 15th day of the month preceding such interest payment date or, in the event of a default in the payment of the Series 2013 Bonds, that special record date to be fixed by the Registrar by notice given to the owners not less than 10 days prior to said special record date (the "Record Date"). If the book-entry system is discontinued, principal of, premium, if any, and interest on the Series 2013 Bonds will be payable to the owner thereof upon surrender thereof at the principal office of the Paying Agent.

So long as the Series 2013 Bonds are maintained under a book-entry system, transfers of ownership interests in the Series 2013 Bonds will be made as described herein under "BOOK-ENTRY ONLY SYSTEM." If the book-entry system is discontinued, ownership of any Series 2013 Bond may be transferred upon surrender thereof to the Registrar, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or his duly authorized attorney or legal representative. Upon any such transfer of a Series 2013 Bond, there will be issued another Series 2013 Bond or Series 2013 Bonds, at the option of the transferee, of the same aggregate principal amount, series, maturity and interest rate as said Series 2013 Bond. For every exchange or transfer of Series 2013 Bonds, the Registrar may make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer. The District shall pay any service charge of the Registrar and any applicable tax or other governmental charge.

Extraordinary Redemption

The Series 2013 Bonds shall also be subject to redemption if there should occur any damage to or destruction of the System or any condemnation of title to or the use of the System, the applicable Series 2013 Bonds shall be subject to redemption at any time at the redemption price of 100% of the principal amount thereof plus accrued interest to the Redemption Date from any condemnation awards or insurance proceeds which are not used to repair, rebuild or rearrange the System.

Optional Redemption

The Series 2013 A Bonds maturing on and after October 1, 2019, are subject to redemption at the option of the District, prior to maturity, on or after October 1, 2018, in whole at any time and in part on any Interest Payment Date, in inverse order of maturity and by random selection within maturities if less than all of any maturity, at a redemption price (expressed as a percentage of the principal amount) of 100%, plus interest accrued to the date fixed for redemption.

In the event of any redemption of less than all outstanding Bonds, Bonds shall be selected for redemption by lot or in such other manner deemed appropriate by the Paying Agent. If less than all the Bonds are to be redeemed, the Bonds to be redeemed shall be identified by reference to the Series designation, date of issue, CUSIP numbers and Maturity Date. So long as the Series 2013 Bonds are maintained under a book-entry system, the selection of individual ownership interests in the Series 2013 Bonds to be credited with any partial redemption shall be made as described herein under "BOOK-ENTRY ONLY SYSTEM."

Notice of Redemption

So long as the Series 2013 Bonds are maintained under a book-entry system, notice of the call for any redemption of the Series 2013 Bonds shall be given as described below under "BOOK-ENTRY ONLY SYSTEM." Notice of redemption of this Bond, unless waived, shall be given by the Registrar on behalf of the Owner by mailing an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Registered Owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Registrar. Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of any proceedings for the redemption of the Series 2013 Bonds; and failure to mail such notice shall not affect the validity of proceedings for the redemption of the Bond. After notice of redemption has been given in the manner hereinabove and in the Resolution described and moneys necessary therefor have been deposited, the Series 2013 Bonds specified in such notice shall on the date fixed for redemption be deemed paid, and interest thereon shall cease to accrue.

BOOK-ENTRY ONLY SYSTEM

The information in this section has been obtained from sources that the District and the Underwriter believe to be reliable, but neither the District nor the Underwriter take any responsibility for the accuracy thereof.

The Depository Trust Company

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Series 2013 Bonds. The Series 2013 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2013 Bond certificate will be issued for each maturity of the Series 2013 Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency"

registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Series 2013 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2013 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2013 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2013 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2013 Bonds, except in the event that use of the book-entry system for the Series 2013 Bonds is discontinued.

4. To facilitate subsequent transfers, all Series 2013 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2013 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2013 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2013 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to

Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2013 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2013 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2013 Bonds documents. For example, Beneficial Owners of Series 2013 Bonds may wish to ascertain that the nominee holding the Series 2013 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Series 2013 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2013 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2013 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Series 2013 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its Series 2013 Bonds purchased or tendered, through its Participant, to Tender/Remarketing Agent, and shall effect delivery of such Series 2013 Bonds by causing the Direct Participant to transfer the Participant's interest in the Series 2013 Bonds, on DTC's records, to Tender/Remarketing Agent. The requirement for physical delivery of Series 2013 Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Series 2013 Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to Tender/Remarketing Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Series 2013 Bonds at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Series 2013 Bonds certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2013 Bonds certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

The Series 2013 Bonds are special obligations of the District and are payable as to principal, premium, if any, and interest solely from the sources described below. The District is under no obligation to pay the Series 2013 Bonds except from said sources.

Sources of Payment

The payment of the debt service on the Series 2013 Bonds shall be secured forthwith equally and ratably by a parity first lien on and pledge of the Net Revenues derived from the System and the funds on deposit in the respective Series 2013 Bonds Sinking Funds and, with respect only to the Series 2013 A Bonds, the Series 2013 A Bonds Reserve Account in the Series 2013 A Bonds Sinking Fund, and, with respect only to the Series 2013 B Bonds, the Series 2013 B Bonds Reserve Account in the Series 2013 B Bonds Sinking Fund, on parity with the First Lien Bonds and senior and prior to the Second Lien Bonds, as more fully described below under "ANNUAL DEBT SERVICE REQUIREMENTS." Net Revenues derived from the System in an amount sufficient to pay the principal of, premium, if any, and interest on the Series 2013 Bonds and to make the payments into the respective Series 2013 Bonds Sinking Funds and all other payments provided for in the Resolution, and the funds in the respective Series 2013 Bonds Sinking Funds and, with respect only to the Series 2013 A Bonds, the Series 2013 A Bonds Reserve Account in the Series 2013 A Bonds Sinking Fund, and, with respect only to the Series 2013 B Bonds, the Series 2013 B Bonds Reserve Account in the Series 2013 B Bonds Sinking Fund, are irrevocably pledged to the payment of the principal of, premium, if any, and interest on the Series 2013 Bonds as the same become due and for the other purposes provided in the Resolution.

Rate Covenant

The District has covenanted and agreed in the Resolution to establish and collect just and equitable rates and charges for the use of the System and the services rendered thereby sufficient to produce for each fiscal year Net Revenues, as defined in the Resolution and hereinafter, equal to at least 115% of the maximum amount required in any year to pay the principal of and interest on the Series 2013 Bonds and all other obligations secured by a lien on or payable from Net Revenues on parity with, or subordinate to the Series 2013 Bonds, including, but not limited to, the First Lien Bonds and the Second Lien Bonds.

Series 2013 A Bonds Reserve Account

The deposit of $961,500 into the Series 2013 A Bonds Reserve Account is equal to the least of (i) 10% of the original stated principal amount of the Series 2013 A Bonds; (ii) the maximum amount of principal and interest which will become due on the Series 2013 A Bonds in any year; or (iii) 125% of the average amount of principal and interest which will become due on the Series 2013 A Bonds. In the event funds in the Revenue Fund are insufficient to pay the principal of and/or interest on the Series 2013 A Bonds, the Bond Commission shall withdraw and transfer to the Series 2013 A Bonds Sinking Fund sufficient amounts to make payments of principal of and/or interest on the Series 2013 A Bonds as the same becomes due from cash on deposit in the Series 2013 A Bonds Reserve Account.

In the event of a transfer from the Series 2013 A Bonds Reserve Account to the Series 2013 A Bonds Sinking Fund as aforesaid, the District shall restore the balance to the Series 2013 A Bonds Reserve Account in an amount up to the Series 2013 A Bonds Reserve Requirement. The transfer of any cash by the District from the Series 2013 A Bonds Reserve Account to the Series 2013 A Bonds Sinking Fund shall be replenished over twelve (12) equal monthly payments.

The reimbursement obligation of the District will be secured by the Net Revenues derived from the System and the funds on deposit in the Renewal and Replacement Fund, provided however, that such lien will be subordinate to the payment of debt service to holders of the Series 2013 A Bonds.

Series 2013 B Bonds Reserve Account

The deposit of $97,500 into the Series 2013 B Bonds Reserve Account is equal to 5% of the original stated principal amount of the Series 2013 B Bonds, and such amount satisfies in full the reserve requirement for the Series 2013 B Bonds. In the event funds in the Revenue Fund are insufficient to pay the principal of and/or interest on the Series 2013 B Bonds, the Bond Commission shall withdraw and transfer to the Series 2013 B Bonds Sinking Fund sufficient amounts to make payments of principal of and/or interest on the Series 2013 B Bonds as the same becomes due from cash on deposit in the Series 2013 B Bonds Reserve Account.

In the event monies are drawn from the Series 2013 B Bonds Reserve Account to pay principal of and/or interest on the Series 2013 B Bonds, the District is NOT required to replenish the funds in the Series 2013 B Bonds Reserve Account.

Application of Revenues

All Gross Revenues are to be deposited in the Revenue Fund established with Susquehanna Bank, Martinsburg, West Virginia, as the depository bank (the "Depository Bank"), for disposition in the following order of priority; first, for use by the District for the Operating Expenses of the System; second, (i) remit to the National Finance Office and the Bond Commission the amounts required by the Prior Resolutions to pay the interest on the First Lien Bonds, and (ii) for monthly deposit in the Series 2013 Bonds Sinking Funds established with the Bond Commission, a sum equal to 1/6 of the amount of interest which will become due on the Series 2013 Bonds, on the next ensuing semiannual interest payment date (beginning April 1, 2014, with appropriate modification in the fraction of the amount of interest to be deposited monthly prior to the first interest payment date); third, (i) remit to the National Finance Office and the Bond Commission the amounts required by the Prior Resolutions to pay the principal of the First Lien Bonds, and (ii) for monthly deposit in the Series 2013 Bonds Sinking Funds established with the Bond Commission, beginning thirteen months prior to the first principal payment date or mandatory redemption date, a sum equal to 1/12 of the amount of principal which will mature or be redeemed and become due on the Series 2013 Bonds, and all other obligations secured by a lien on or payable from Net Revenues prior to or on parity with the First Lien Bonds, on the next ensuing principal payment date or mandatory redemption date; fourth, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the respective Reserve Accounts, the amounts required under the Prior Resolutions to fund the respective reserves requirements for the First Lien Bonds, and (ii) for deposit in the Series 2013 A Bonds Reserve Account, an amount sufficient to remedy any deficiency in the funding of the Series 2013 A Bonds Reserve Account; fifth, for monthly transfer to the Renewal and Replacement Fund, beginning with the first month following delivery of the Series 2013 Bonds, of a sum equal to two and one-half percent (2 1/2%) of monthly Gross Revenues (excluding payments to the Series 2013 A Bonds Reserve Account); sixth, for the payment of principal of and interest on the Second Lien Bonds and all other obligations junior and subordinate to the First Lien Bonds; and seventh, transfer from the Revenue Fund and remit to the Bond Commission for deposit in the Reserve Account for the Second Lien Bonds the amount required under the Prior Resolutions. Excess moneys on deposit in the Revenue Fund in any given month may be used solely for the lawful purpose of the System.

Enforcement of Collections

The District covenants in the Resolution to diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of

West Virginia. The District further covenants and agrees in the Resolution that it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and any services and facilities of the water system, if so owned by the District, to all delinquent users of services and facilities of the System and will not restore such services of either System until all billing charges for the services and facilities of the System, plus reasonable interest and penalty charges for the restoration of service, has been fully paid. See "APPENDIX B—THE DISTRICT AND THE SYSTEM."

Additional Parity Bonds

So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no such Additional Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2013 Bonds pursuant to the Resolution, except under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2013 Bonds.

No such Additional Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition or construction of extensions, additions, betterments and improvements to the System or refunding any series of Bonds, or to pay claims which may exist against the revenues or facilities of the System, or all such purposes.

So long as the Series 2013 Bonds are outstanding, no Additional Parity Bonds shall be issued at any time, however, unless there has been procured a written statement by an Independent Certified Public Accountant reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the two (2) Fiscal Years immediately following the Fiscal Year in which such Additional Parity Bonds are issued, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Series 2013 Bonds and the Prior Bonds then Outstanding;

(2) Any Additional Parity Bonds theretofore issued pursuant to the provisions contained in the Resolution then Outstanding; and

(3) The Additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues", as that term is used in the computation provided in the above paragraph, shall include increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Additional Parity Bonds, if any, as though the construction of such improvements was completed on the date of the issuance of the Additional Parity Bonds and any additional customers from such improvements began to be billed contemporaneously with the issuance of the Additional Parity Bonds, and (b) any increase in rates adopted by the District and approved by the Public Service Commission of West Virginia (without successful appeal), prior to the date of delivery of such Additional Parity Bonds, whether or not such approved rates are being charged and collected by the District.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountant, on account of increased rates, rentals, fees and charges for the System adopted by the District and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to issuance of such Additional Parity Bonds.

All covenants and other provisions of the Resolution (except as to details of such Additional Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Additional Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The District shall comply fully with all the increased payments into the various funds and accounts created in the Resolution required for and on account of such Additional Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to the Resolution.

Additional Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the Net Revenues of the System is subject to the prior and superior liens of the Series 2013 Bonds on such Net Revenues. The District shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2013 Bonds.

No Additional Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in the Resolution and the Prior Resolutions with respect to the Bonds then Outstanding, and any other payments provided for in the Resolution and the Prior Resolutions, shall have been made in full as required to the date of delivery of such Additional Parity Bonds, and the District shall then be in full compliance with all the covenants, agreements and terms of the Resolution and the Prior Resolutions.

Provided, however, that if the audit by an Independent Certified Public Accountant for the District for the Fiscal Year immediately preceding the proposed issuance of the Additional Parity Bonds states that the District was not in compliance with the rate covenant provided in the Resolution for the year being audited and the District has, as required by the Resolution, filed a petition with the Public Service Commission of West Virginia seeking a rate increase sufficient to comply with the Resolution, such statement in the most recent audit shall not be considered a violation of the covenants, agreements and terms of the Resolution, so as to prevent the District from issuing Parity Bonds under the same.

Additional Future Projects/Future Obligations

The District is in the design phase of a project to bring its systems into compliance with the Chesapeake Bay nutrient standards. The District intends to finance the project with grant funding from the State of West Virginia and through the issuance of its Series 2014 Bonds. See "APPENDIX B—THE DISTRICT AND THE SYSTEM" for a more detailed description of the project.

The District anticipates issuing bonds to cover cost overruns incurred in the upgrade of the North Area wastewater treatment plant. Total estimated cost for the overruns is $1,200,000.

Additionally, the District intends to issue its Series 2013 C Bonds and Series 2013 D Bonds as more fully described herein. See "INTRODUCTION".

As of June 30, 2012, the District had Notes payable in the amount of $3,193,706. The Notes are secured by surplus revenues of the System and future bond proceeds. See "Notes to Financial Statements" contained in "APPENDIX C—FINANCIAL STATEMENTS."

THE DISTRICT AND THE SYSTEM

The District is a public service district, public corporation and political subdivision created under the authority of The County Commission of Berkeley County, West Virginia (the "County Commission"), on April 10, 1979, pursuant to Chapter 16, Article 13A, Section 2 of the Code of West Virginia of 1931, as amended. The District's Board of Directors is composed of three members appointed by the County Council (formerly, the County Commission). The District is responsible for providing sewerage services for all of Berkeley County except for the City of Martinsburg. The District serves 19,479 residential and 463 commercial customers.

For additional information regarding the County, see "APPENDIX A – ECONOMIC AND DEMOGRAPHIC INFORMATION REGARDING BERKELEY COUNTY, WEST VIRGINIA," herein. For information regarding the District and the System, see "APPENDIX B – THE DISTRICT AND THE SYSTEM," herein.

Five Year Historic Coverage Ratio

See table entitled "Five Year Historic Coverage Ratio" included in "APPENDIX B—THE DISTRICT AND THE SYSTEM."

INVESTMENT CONSIDERATIONS

Net Revenue Pledge

The Series 2013 Bonds are secured solely by the Net Revenues of the System. There can be no guarantee that current rates of the System will always produce revenue sufficient to pay the debt service on the Series 2013 Bonds. The District has covenanted in the Resolution to raise the rates of the System if the Net Revenues of the System are not sufficient to provide 115% coverage of the maximum annual debt service of the Series 2013 Bonds, all bonds issued on a parity with the Series 2013 Bonds, including the First Lien Bonds, and the Second Lien Bonds. Any rate increase proposed by the District must first be approved by Public Service Commission of West Virginia (the "PSC"). Further discussion of rate review by the PSC is set forth below.

Future Legislation

Current or future legislative proposals, if enacted into law, may cause interest on the Series 2013 A Bonds to be subject, directly or indirectly, to federal income taxation or otherwise prevent holders of the Series 2013 A Bonds from realizing the full current benefit of the tax status of such interest. For example, both the American Jobs Act of 2011, introduced by President Obama on September 12, 2011 (the "Jobs Act"), and the federal budget for fiscal year 2013, proposed by President Obama on February 13, 2012 (the "2013 Proposed Budget"), would have, for tax years beginning on or after January 1, 2013, limited the exclusion from gross income of interest on obligations like the Series 2013 A Bonds to some extent for taxpayers who are individuals and whose income is subject to higher marginal income tax rates (that is, higher than 28%). The introduction or enactment of any such legislative proposals may also affect the market price for, or marketability of, the Series 2013 A Bonds. Prospective purchasers of the Series 2013 A Bonds should consult their own tax advisors regarding any such pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

It is not an event of default on the Series 2013 A Bonds if the 2013 Proposed Budget, the Jobs Act or other legislation is enacted reducing or eliminating the exclusion of interest on state and local government bonds, such as the Series 2013 A Bonds, from gross income for federal income tax purposes.

The Public Service Commission of West Virginia

In West Virginia, public service districts such as the District are subject to regulatory oversight by the PSC. Pursuant to Chapter 16, Article 13A of the Code of West Virginia of 1931, as amended, public service district must seek PSC approval for most actions. Moreover, pursuant to Chapter 24, Article 2, Section 11 of the Code of West Virginia, 1931, as amended, all utilities, including public service districts, must obtain a certificate of public convenience and necessity prior to proceeding to construction for construction projects which are outside of "the normal course of business." As well, public service districts are required to obtain prior PSC approval to increase rates. Accordingly, public service districts in West Virginia do not have the ability to adjust rates without prior PSC approval. Such regulatory approval process may delay the implementation of rate increases, which could cause the District to fail to meet rate covenants.

The PSC has two levels of review. Most cases are initially assigned to an administrative law judge ("ALJ") for decision. The PSC employs a "staff" comprised of engineers, lawyers and financial analysts (the "Staff") to review cases and make recommendations. The District is also permitted to make recommendations, as are other parties who are granted "intervenor" status. The ALJ may conduct a hearing, at which evidence is presented and witnesses for all parties may be cross-examined, after which the ALJ issues a recommended decision. Any party to the underlying proceeding, including a party granted intervenor status, may take exception to the recommended decision of the ALJ, in which case the matter is referred to the full PSC for decision.

The PSC is comprised of three individuals appointed by the Governor, and confirmed by the State Senate, for staggered six-year terms. Chapter 24, Article 1, Section 3 of the Code of West Virginia of 1931, as amended, provides that one of the Commissioners must be a lawyer licensed in West Virginia. The current composition of the PSC may be found at http://www.psc.state.wv.us/bios/default.htm. The PSC also employs lawyers and financial analysts who work specifically for the Commissioners, and are distinctly separate from the Staff.

Commission Regulatory Oversight of Rate Increases

Pursuant to Sections 24-2-1, 24-2-2, 24-2-3, 24-2-4a of the Code of West Virginia of 1931, as amended, the District can file with the PSC a proposed tariff that includes increased rates. Prior to filing a tariff with increased rates, Section 24-2-3a of the Code of West Virginia of 1931, as amended, requires the District to provide the PSC with 30 days' notice of its intent to file the same. After expiration of the 30-day notice of intent period, the District may file a proposed tariff with the PSC that includes increased rates. Pursuant to Section 24-2-4a of the Code of West Virginia of 1931, as amended, the District's proposed tariff can take effect no sooner than 30 days after the proposed tariff is filed. However, Section 24-2-4a of the Code of West Virginia of 1931, as amended, also provides that the PSC may suspend the proposed tariff prior to its effective date. In most instances, the PSC will not allow the proposed tariff to take effect and it will enter an order suspending the tariff. Depending on the size of the utility, the

suspension period can range from a minimum of 120 days to a maximum of 270 days. The suspension period for the District is 270 days.

Once a proposed tariff has been suspended, the PSC or the presiding ALJ will establish a procedural schedule. This schedule will include a due date for the Staff to file its financial analysis and recommended rates. The schedule may also include a due date for written testimony (direct and rebuttal) to be filed by the District, the Staff, and any intervenors. If there is a disagreement among the parties regarding any issue in the case, the PSC or the presiding ALJ will usually set the matter for hearing. After the hearing, the parties may submit briefs in support of their position(s). Ultimately, the PSC or presiding ALJ will issue a decision prior to the end of the applicable suspension period that establishes the District's new rates.

Potential Delays in Effective Date of Rates

As explained above, at a minimum, the amount of time required to obtain PSC approval of increased rates is 30-60 days. In reality, however, the District is not likely to realize increased revenues from a rate increase for at least 12 months after determining a rate increase is necessary. At the end of each fiscal year, the District must close its books, determine if a rate increase is required and, if so, prepare a financial exhibit to support the proposed increased rates. The District is required to file a notice of intent to raise rates, which tariff the PSC generally suspends and then has up to 270 days to render a decision. Finally, from the date the new rates begin to be charged, the District will not begin collecting increased revenues for approximately 45 to 60 days. The foregoing creates a situation whereby the increased rates for the District may not be timely and potentially inadequate on the date they go into effect.

A final decision of the PSC may be appealed to the Supreme Court of Appeals of West Virginia, which Court has no statutory time frame within which to render a decision. While a party does have the right to appeal a PSC decision, the Supreme Court of Appeals of West Virginia has "previously held, in deference to the Commission's expertise, that the Court will not substitute [its] judgment for that of the Commission on controverted evidence. However, findings of fact made by the Commission will be overturned as clearly wrong when there is no substantial evidence to support them." *Jefferson Utils., Inc. v. Pub. Serv. Comm'n of W. Va.*, 227 W. Va. 589, 595, 712 S.E.2d 498, 504 (2011) (quoting *Chesapeake and Potomac Tel. Co. of W. Va. v. Pub. Serv. Comm'n of W. Va.*, 171 W. Va. 494, 498, 300 S.E.2d 607, 611 (1982)). In other words, the Court gives extreme deference to decisions of the PSC. PSC-approved rates may be charged (provided that the applicable suspension period has ended) during an appeal to the Supreme Court of Appeals of West Virginia. If the appealing party prevails and new rates are established by the Court, the new rates apply prospectively.

Resale customers are required to obtain authorization from the PSC for any necessary increase in the rates charged to the customers of any utility's resale customers. Traditionally, such increases are sought by resale customers after the rates for the selling utility go into effect, which means no assurance exists that resale customers will have sufficient rates to begin paying the increased resale rates as of the effective date. As a result, resale customers may not be in a

position to begin charging the new resale rates as soon as the rates go into effect, which ultimately affects the ability of resale customers to remain current with the selling utility.

Test Year

To support proposed increased rates, the regulations of the PSC require the District to file "financial justification" for the proposed increased rates. This financial justification must be based on financial data from the most recent actual audited or finally closed 12-month period, also known as a "test year." Events that occur outside the test year are not generally permitted in the rate adjustment.

Reliance on "Known and Measurable" Adjustments

When considering adjustments to the rates of a utility for costs occurring during the test year, the PSC's regulations require that the need for, and amount of, such adjustments be based on information that is "known and measurable." As a result, a change in revenues or expenses must, in most cases, have occurred in the test year being analyzed. If an increase in a cost, or a decline in revenue, is anticipated for the coming year, the PSC generally will not take such change into account for ratemaking purposes. By way of example, even if a utility can demonstrate a consistent year-over-year drop in customers, the PSC generally will not allow rates to include consideration of continuing declines in revenue because the anticipated decline is not known and measurable.

As a result of the requirement that the support for adjustments be "known and measurable," the PSC will generally not allow multi-year rate increases to address anticipated inflation or drops in customer usage. As a result, the District must file a tariff with proposed increased rates whenever increased costs or decreased revenues necessitate a rate increase.

Emergency Rate Increase

Section 24-2-4a of the Code of West Virginia of 1931, as amended, permits the District to request "emergency rates" if it is in "financial distress." Financial distress has been defined by the PSC to mean the utility is unable to pay operation and maintenance expenses and the principal and interest on the utility's debt obligations. Such rates, however, are subject to refund, in the event the PSC determines that the emergency rates, or any portion thereof, are not warranted. Generally, emergency rates CANNOT be obtained to meet coverage requirements in bond documents.

Treatment of Renewal and Replacement Funds

Most public service districts in the state are required, pursuant to the terms of their outstanding bonds, to deposit 2.5% of gross revenues in a "Renewal and Replacement Fund" or "Depreciation Account" each month. The purpose of this account is to provide monies for capital repairs and improvements, to construct extensions and to make up deficiencies in any

reserve funds. In recent years, the PSC has taken the position that while the deposits should be made into the Account each month, such deposits are to be included in the calculation of the District's funds available for capital additions for the year. The PSC generally calculates funds available for capital additions by averaging capital additions for the last five years; provided, however, the PSC will consider a different calculation if the utility can demonstrate the need for a higher capital requirement. Consequently, the District is not permitted to accumulate funds to be used for unforeseen capital repairs and replacements, for needed extensions or to replenish draws from the reserve funds as the account is to be utilized each year as part of the ongoing capital expenditures for the system. The District's inability to maintain funds for emergencies increases its risk of utilizing revenues to pay for emergency repairs leaving insufficient funds to pay debt service on the Bonds.

The following is a summary of certain provisions of the Resolution. The summary does not purport to be a comprehensive statement of the terms and provisions thereof, for which reference is made to the complete text of the Resolution, copies of which may be obtained from the Underwriter.

Application of Series 2013 Bond Proceeds

Upon the issuance and delivery of the Series 2013 Bonds, the District shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued on the Series 2013 Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 2013 Bonds Sinking Funds, and applied to payment of interest on the Series 2013 Bonds at the first interest payment date.

B. An amount of the proceeds of the Series 2013 Bonds which, together with other monies or securities deposited therein and the earnings thereon, shall be sufficient to accomplish the refunding and defeasance of the CIF Bonds (which amount shall be set forth in the Supplemental Resolution) shall be deposited in the CIF Bonds Sinking Fund.

C. An amount of the proceeds of the Series 2013 A Bonds, as designated in the Supplemental Resolution, shall be remitted to the Bond Commission for deposit in the Series 2013 A Bonds Reserve Account; provided, that to the extent the Series 2013 A Bonds Reserve Requirement is satisfied in whole or in part from proceeds of any fund or account established for the Series 2013 A Bonds pursuant to the resolution authorizing issuance thereof, proceeds of the Series 2013 A Bonds shall be deposited in the Series 2013 A Bonds Reserve Account only to the extent needed to satisfy a portion of the Series 2013 A Bonds Reserve Requirement. An amount of the proceeds of the Series 2013 B Bonds shall be remitted to the Bond Commission for deposit in the Series 2013 B Bonds Reserve Account.

D. An amount of the proceeds of the Series 2013 Bonds which shall be sufficient to pay the costs of issuance of the Series 2013 Bonds shall be deposited with the Depository Bank in the Costs of Issuance Fund and shall be drawn out, used and applied by the District solely to pay costs of issuance of the Series 2013 Bonds and miscellaneous costs of refunding the CIF Bonds. All such costs of issuance shall be paid within 60 days of the Closing Date. Monies not to be applied immediately to pay such costs of issuance and refunding may be invested in accordance with the Resolution, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 6 months after the Closing Date, such unapplied proceeds shall be transferred by the District to the Series 2013 Bonds Redemption Accounts. All such proceeds transferred to the Series 2013 Bonds Redemption Accounts shall constitute a trust fund for such purposes, and there hereby is created a lien upon such monies until so applied in favor of the Holders of the Series 2013 Bonds.

E. The balance of any proceeds of the Series 2013 Bonds and any monies in any fund or account established for the CIF Bonds pursuant to the resolution authorizing issuance thereof, not used for any of the purposes set forth above, may be deposited in the Series 2013 Bonds Sinking Funds and used to make payments of debt service on the Series 2013 Bonds as hereinafter provided. Monies not to be applied immediately to pay such debt service may be invested in accordance with the Resolution, subject however, to applicable yield restrictions as may be in effect under the Code. All such proceeds shall constitute a trust fund for such purposes, and there hereby is created a lien upon such monies until so applied in favor of the Holders of the Series 2013 Bonds.

Application of System Revenues

The Gross Revenues derived from the operation of the System and all parts thereof are to be deposited in the Revenue Fund established with the Depository Bank.

System Revenues; Flow of Funds

The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt by the District in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Resolution and shall be kept separate and distinct from all other funds of the District and the Depository Bank and used only for the purposes and in the manner herein provided:

(1) The District shall first each month transfer from the Revenue Fund to the Operation and Maintenance Fund the amount necessary to pay the current Operating Expenses of the System.

(2) The District shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the respective Sinking Funds, the amounts required by the Prior Resolutions to pay interest on the First Lien Bonds; and

(ii) commencing 6 months prior to the first interest payment date on the Series 2013 Bonds, for deposit in the Series 2013 Bonds Sinking Funds, a sum equal to 1/6th of the amount of interest which will become due on the Series 2013 Bonds on the next ensuing semiannual interest payment date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2013 Bonds Sinking Funds and the next ensuing semiannual interest payment date is less than or greater than 6 months, then such monthly payments shall be increased or decreased proportionately to provide, 1 month prior to the next ensuing semiannual interest payment date, the required amount of interest coming due on such date; and provided further, that the initial amount required to be transferred from the Revenue Fund and deposited in the Series 2013 Bonds Sinking Funds shall be reduced by the amount of accrued interest on the Series 2013 Bonds deposited therein and subsequent amounts required to be transferred from the Revenue Fund and deposited in the Series 2013 Bonds Sinking Funds shall be reduced by the amount of any earnings credited to the Series 2013 Bonds Sinking Funds.

(3) The District shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the respective Sinking Funds, the amounts required by the Prior Resolutions to pay the principal of the First Lien Bonds; and (ii) commencing 13 months prior to the first principal payment date or mandatory Redemption Date of the Series 2013 Bonds, for deposit in the Series 2013 Bonds Sinking Funds, and in the Series 2013 Bonds Redemption Accounts therein in the case of Term Bonds which are to be redeemed, a sum equal to 1/12th of the amount of principal which will mature or be redeemed and become due on the Series 2013 Bonds on the next ensuing principal payment date or mandatory Redemption Date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2013 Bonds Sinking Funds and the next ensuing annual principal payment date or mandatory Redemption Date is less than or greater than 12 months, then such monthly payments shall be increased or decreased proportionately to provide, 1 month prior to the next ensuing annual principal payment date or mandatory Redemption Date, the required amount of principal coming due on such date, and provided further, that the amount of such deposits shall be reduced by the amount of any earnings credited to the CIF Bonds Sinking Fund and not previously credited pursuant to the preceding paragraph.

(4) The District shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the respective Reserve Accounts, the amounts required under the Prior Resolutions to fund the respective reserves requirements for the First Lien Bonds; and (ii) for deposit in the Series 2013 A Bonds Reserve Account, an amount sufficient to remedy any decrease in value of the Series 2013 A Bonds Reserve Account below the Series 2013 A Bonds Reserve Requirement or any withdrawal from the Series 2013 A Bonds Reserve Account, beginning with the first full calendar month following the date on which (a) the valuation of investments in the Series 2013 A Bonds Reserve Account results in a determination that the amount of monies and the value of the Qualified Investments deposited to the credit of the Series 2013 A Bonds Reserve Account is less than the Series 2013 A Bonds Reserve Requirement, or (b) any amount is withdrawn from the Series 2013 A Bonds Reserve Account for deposit into the Series 2013 A Bonds Sinking Fund. To the extent Net Revenues and any other legally available funds are available therefor, the amount so

deposited shall be used to restore the amount of monies on deposit in the Series 2013 A Bonds Reserve Account to an amount equal to the Series 2013 A Bonds Reserve Requirement to the full extent that such Net Revenues are available; provided, that no payments shall be required to be made into the Series 2013 A Bonds Reserve Account whenever and as long as the amount deposited therein shall be equal to the Series 2013 A Bonds Reserve Requirement.

(5) The District shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Resolutions and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the District or of the Depository Bank and shall be invested and reinvested in accordance with Article V of the Resolution. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) The District shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Sinking Fund for the Second Lien Bonds the amount required under the Prior Resolutions to pay principal of the Second Lien Bonds.

(7) The District shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Reserve Account for the Second Lien Bonds the amount required under the Prior Resolutions.

Any funds remaining after payment of the amounts into the accounts set forth herein shall constitute Surplus Revenues and may be used for any lawful purpose of the System.

Revenues shall be used solely for the purposes of the System.

Investments

The District shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any monies held as a part of the funds and accounts created by the Resolution in Qualified Investments to the fullest extent possible under applicable laws, the Resolution, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The District shall sell and reduce to cash a sufficient amount of

such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The District may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

(A) Qualified Investments acquired for the Series 2013 A Bonds Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 5 years from the date of such investment.

(B) The District shall, or shall cause the Bond Commission to, semiannually transfer from the Series 2013 A Bonds Reserve Account, to the Series 2013 A Bonds Sinking Fund, any earnings on the monies deposited therein and any other funds in excess of the requirement therefor; provided however, that there shall at all times remain on deposit in the Series 2013 A Bonds Reserve Account an amount at least equal to the Series 2013 A Bonds Reserve Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from the Series 2013 A Bonds Reserve Account, whereupon such account shall be valued immediately after such withdrawal. If amounts on deposit in the Series 2013 A Bonds Reserve Account shall, at any time, be less than the Series 2013 A Bonds Reserve Requirement, the bond insurer, if any, shall be notified immediately of such deficiency, such deficiency shall be made up from the first available Net Revenues in the order set forth in Section 4.03 of the Resolution.

(D) All amounts representing accrued and capitalized interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Series 2013 Bonds, as applicable, and invested only in Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all monies deposited in the Series 2013 Bonds Sinking Funds may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia Board of Treasury Investments pursuant to Chapter 12, Article 6C of the West Virginia Code of 1931, as amended.

General Covenants

Enforcement of Collections. The District has covenanted to diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and to take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or

other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia. The District will to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and any services and facilities of the water system, so owned by the District, to all delinquent users of services and facilities of the System and will not restore such services of either System until all billing for charges for the services and facilities of the System, plus reasonable interest and penalty charges for restoration of service have been fully paid. If the water facilities are not owned by the District, the District shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Operation and Maintenance. The District will operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

Sale of the System. So long as the Prior Bonds are outstanding, the District shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolutions. Additionally, so long as the Series 2013 Bonds are outstanding and except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay in full, or defease, all the Bonds Outstanding. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2013 Bonds, immediately be remitted to the Bond Commission for deposit in the Series 2013 Bonds Sinking Funds, and the District shall direct the Bond Commission to apply such proceeds to the payment of principal of and interest on the Series 2013 Bonds, as applicable. Any balance remaining after the payment of the Series 2013 Bonds and interest thereon shall be remitted to the District by the Bond Commission unless necessary for the payment of other obligations of the District payable out of the revenues of the System.

The foregoing provision notwithstanding, the District shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $500,000, the District may provide for the sale of such property. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $500,000 but not in excess of $5,000,000, the District, by resolution duly adopted, shall determine that the property is no longer necessary, useful or profitable in the operation of the System and authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other

disposition of such property which are less than $500,000 may be deposited in the Revenue Fund or the Renewal and Replacement Fund, at the sole discretion of the District. The proceeds derived from any such sale, lease or other disposition of such property, in excess of $500,000 and not in excess of $5,000,000, shall be deposited by the District in the Sinking Funds for the Bonds or the Renewal and Replacement Fund, at the sole discretion of the District. Such payment of such proceeds into the Sinking Funds for the Bonds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of the Resolution.

No sale, lease or other disposition of the properties of the System shall be made by the District if the proceeds to be derived therefrom, shall be in excess of $5,000,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding. The District shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The District shall not issue any other obligations whatsoever payable from the revenues of the System, which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2013 Bonds, provided that additional bonds on parity with the Series 2013 Bonds and the First Lien Bonds may be issued as provided in the Resolution. See "SECURITY FOR THE SERIES 2013 BONDS—Additional Parity Bonds." All obligations issued by the District after the issuance of the Series 2013 Bonds and payable from the revenues of the System, except such Additional Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2013 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the District shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on parity with the lien of the Series 2013 Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Series 2013 Bonds and the interest thereon in the Resolution, or upon the System or any part thereof.

Insurance. The District has covenanted and agreed, that so long as the Series 2013 Bonds remain Outstanding, the District will, as an Operating Expense, procure, carry and maintain insurance and bonds and workers' compensation coverage with a reputable insurance carrier or carriers or bonding company or companies covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the District will also carry and maintain insurance to the extent available against risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged and destroyed properties or for the other purposes provided in the Resolution for the Renewal and Replacement Fund.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the District from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the District from claims arising out of operation or ownership of motor vehicles of or for the System.

C. WORKERS' COMPENSATION COVERAGE for all employees of or for the System eligible therefor.

D. FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the District.

E. BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the District.

F. FIDELITY BONDS will be provided as to every officer, member and employee of the District or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

No Free Services. The District will not render or cause to be rendered any free services of any nature by its System, nor will any preferential rates be established for users of the same class; and, in the event the District or any department, agency, instrumentality, officer or employee of the District shall avail himself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the District and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from the operation of the System.

No Competing Franchise. To the extent legally allowable, the District will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of the Series 2013 Bonds or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the District relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the District. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the District. The District shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the District shall be reported to such agent of the District as it shall direct.

The District shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by an Independent Certified Public Accountant in compliance with OMB Circular 128 or any successor thereto and the Single Audit Act.

Arbitrage. The District covenants that (i) it will restrict the use of the proceeds of the Series 2013 Bonds in such manner and to such extent as may be necessary, so that the Series 2013 Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2013 Bonds) so that the interest on the Series 2013 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Operating Budget. The District shall annually, at least 45 days preceding the beginning of each Fiscal Year, or at such earlier date, prepare and adopt by resolution a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. The District shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser and to any Bondholder or anyone acting for and on behalf of such Bondholder who requests the same.

Amendment. No materially adverse amendment or modification to the Resolution, or of any Supplemental Resolution, may be made without the written consent of the Holders of 51% in aggregate principal amount of the Series 2013 Bonds then Outstanding and affected thereby, which must be filed with the District before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Series 2013 A Bond without the express written consent of the Holder of each Series 2013 A Bond so affected, nor

reduce the percentage of Series 2013 Bonds required for consent to any such modification or amendment.

Defeasance; Discharge of Pledge of Resolution. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 2013 Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then the Resolution and the pledges of the Net Revenues and other monies and securities pledged thereunder, and all covenants, agreements and other obligations of the District on behalf of the Holders of the Series 2013 Bonds made thereunder, shall thereupon cease, terminate and become void and be discharged and satisfied, except as may be necessary to assure the exclusion of interest on the Series 2013 A Bonds from gross income for federal income tax purposes.

The Series 2013 Bonds for the payment of which either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on the Series 2013 Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 2013 Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or escrow trustee either monies in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide monies which, together with the monies, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on the Series 2013 Bonds on and prior to the maturity date thereof, or if the District irrevocably determines to redeem any of the Series 2013 Bonds prior to the maturity thereof, on and prior to said Redemption Date. Neither securities nor monies deposited with the Bond Commission or escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Series 2013 Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on the Series 2013 Bonds on and prior to such maturity or Redemption Dates thereof, and interest earned from such reinvestments shall be paid over to the District as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations, as such term is limited by the provisions of the Resolution or such additional securities as shall be set forth in the Supplemental Resolution.

Default and Remedies

Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2013 Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on the Series 2013 Bonds;

(B) If default occurs in the District's observance of any of the covenants, agreements or conditions on its part contained in the Resolution or any Supplemental Resolution or in the Series 2013 Bonds, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the District by any Bondholder;

(C) If the District files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If default occurs with respect to the Prior Bonds or the Prior Resolutions, or any Additional Parity Bonds, or the resolutions authorizing such Additional Parity Bonds, hereinafter issued.

The District must cure any covenant default within 30 days after notice of default, and failure to pay principal of or interest on the Series 2013 Bonds shall be an immediate event of default.

Enforcement. Upon the happening and continuance of any Event of Default, any Bondholder may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Bondholders, including the right to require the District to perform its duties under the Act and the Resolution;

(C) Bring suit upon the Series 2013 Bonds;

(D) By action at law or bill in equity require the District to account as if it were the trustee of an express trust for the Bondholders; and

(E) By action or bill in equity enjoin any acts in violation of the Resolution or the rights of the Bondholders.

Appointment of Receiver. If there be any Event of Default existing and continuing, any Bondholder shall, in addition to all other remedies or rights, have the right by appropriate legal

proceedings to obtain the appointment of a receiver to administer the System on behalf of the District, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of the Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the District exercise all the rights and powers of the District with respect to said facilities as the District itself might do.

Whenever all that is due upon the Series 2013 Bonds issued pursuant to the Resolution and interest thereon and under any covenants of the Resolution for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Net Revenues of the System shall have been paid and made good, and all defaults under the provisions of the Resolution shall have been cured and made good, possession of the System shall be surrendered to the District upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the District and for the joint protection and benefit of the District and the Holders of the Series 2013 Bonds issued pursuant to the Resolution. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the District and the Bondholders, and the curing and making good of any default under the provisions of the Resolution, and the title to and ownership of said System shall remain in the District, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

TAX MATTERS: SERIES 2013 A BONDS

General

In the opinion of Steptoe & Johnson PLLC, Bond Counsel, under existing laws, regulations, published rulings and judicial decisions of the United States of America, as presently written and applied, the interest on the Series 2013 A Bonds (i) is excludable from gross income of the holders thereof for Federal income tax purposes, assuming compliance with certain provisions described herein pertaining to the Internal Revenue Code of 1986, as amended (the "Code"); and (ii) is not a specific item of tax preference, under Section 57(a)(5) of the Code, in computing the Federal alternative minimum tax imposed on individuals and corporations; provided, however, that interest on the Series 2013 A Bonds is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax that may be imposed on corporations; and (iii) under the laws of the State of West Virginia, the Series 2013 A Bonds are exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Series 2013 A Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

The opinions described in this section are subject to the condition that the District complies on a continuing basis with all requirements of the Code, and regulations thereunder that must be satisfied for interest on the Series 2013 A Bonds to be or continue to be excluded from gross income for Federal income tax purposes. The District has covenanted to comply with each such requirement. Failure to comply with certain of such requirements could cause the interest on the Series 2013 A Bonds to be included in the gross income of the recipients thereof for purposes of Federal income taxation, including retroactively to the date of issuance of the Series 2013 A Bonds.

The accrual or receipt of the interest on the Series 2013 A Bonds may otherwise affect the Federal income tax liability of certain recipients. The extent of these and other consequences will depend upon the recipient's particular tax status or other items of income or deductions. Bond Counsel expresses no opinion regarding any such consequences, and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Series 2013 Bonds.

Qualified Tax-Exempt Obligations

Pursuant to Section 265(b)(3)(D)(ii) of the Code, the Series 2013 A Bonds shall be treated as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Code and shall be deemed so designated as long as the Series 2013 A Bonds and the issue of which they are a part satisfy the following requirements: (1) the Series 2013 A Bonds are issued to currently refund the CIF Bonds which were designated at the time of their issuance as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code; (2) the amount of the Series 2013 A Bonds does not exceed the outstanding amount of the CIF Bonds being refunded; (3) the average maturity date of the Series 2013 A Bonds is not later than the average maturity date of the bonds being refunded by the issue of which the Series 2013 A Bonds are a part; (4) the Series 2013 A Bonds have a maturity date which is not later than the date which is 30 years after the

CIF Bonds were issued; and (5) the aggregate face amount of the issue of which the Series 2013 A Bonds are a part does not exceed $10,000,000. Therefore, the Series 2013 A Bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code, and the provision of the Code which disallows all deductibility of interest expense incurred by financial institutions on debt incurred or to purchase or carry most tax-exempt obligations does not apply to the Series 2013 A Bonds. Accordingly, 80% of the interest expense of a financial institution incurred for the purpose of purchasing or carrying the Series 2013 A Bonds is deductible for Federal income tax purposes.

Original Issue Discount

Original issue discount ("OID") is the excess, if any, of the stated redemption price at maturity over the issue price. The issue price is the initial offering price to the public, excluding underwriters and other intermediaries, at which price a substantial amount of the debt instrument was sold. The Series 2013 A Bonds maturing on October 1, 2022, October 1, 2025 and October 1, 2026 (the "Discount Bonds"), were sold with original issue discount. Original issue discount is computed on a compound basis and equals the aggregate daily portions of the OID during the taxable year of the owner of the Discount Bonds. Generally the OID is excluded from gross income for Federal income tax purposes with respect to such owner.

Under Section 1288 of the Code, the amount of original issue discount that accrues to an owner of a Discount Bond during any accrual period generally equals (i) the issue price of such Discount Bond plus the amount of original issue discount accrued in all prior accrual periods, multiplied by (ii) the yield to maturity of such Discount Bond (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period), minus (iii) any interest payable on such Discount Bond during such accrual period. The amount of original issue discount so accrued in a particular accrual period will be considered to be received ratably on each day of the accrual period, will be excludable from gross income for Federal income tax purposes, and will increase the owner's tax basis in such Discount Bond.

Purchasers of any Discount Bond at any original issue discount should consult their tax advisors regarding the determination and treatment of original issue discount for Federal income tax purposes, and with respect to state and local tax consequences of owning such Discount Bonds.

Amortizable Premium

Amortizable premium is determined with reference to the basis of a debt obligation with respect to the owner thereof and the amount payable at maturity or earlier redemption of such debt obligation. The amortizable bond premium in each year includes the excess of the owner's adjusted basis at the beginning of such owner's taxable year over the amount received or to be received at maturity or earlier redemption of the debt obligation. The Series 2013 A Bonds maturing on October 1, 2017, October 1, 2018, and October 1, 2021 ("OIP Bonds"), are being sold with amortizable premium ("original issue premium" or "OIP"). Under current law, the OIP for OIP Bonds must be amortized on an annual basis by the holder thereof. The amount of OIP amortized

each year will not be deductible for Federal income tax purposes. Further, Section 1016 of the Code requires that the amount of annual amortization for the OIP Bonds be deducted annually from the holder's tax basis in such OIP Bonds. This reduction in a holder's tax basis will affect the amount of capital gain or loss to be recognized by the holder when the OIP Bonds are sold or redeemed prior to maturity.

Owners of OIP Bonds should consult their tax advisors with respect to the determination and treatment of amortizable premium for Federal income tax purposes, and with respect to the state and local tax consequences of owning such OIP Bonds.

TAX MATTERS: SERIES 2013 B BONDS

In the opinion of Bond Counsel, (i) interest on the Series 2013 B Bonds is includible in gross income for federal income tax purposes under Section 103 of the Code, and (ii) under existing laws of the State of West Virginia, the Series 2013 B Bonds, and the interest thereon, are exempt from taxation by the State of West Virginia, except for inheritance, estate and transfer taxes.

APPROVAL OF LEGALITY

Legal matters incident to the authorization, sale and issuance of the Series 2013 Bonds are subject to the unqualified approving opinion of Steptoe & Johnson PLLC, Charleston, West Virginia, Bond Counsel. William F. Rohrbaugh, Martinsburg, West Virginia, General Counsel to the District, will pass upon certain legal matters for the District, including proceedings regarding the Public Service Commission of West Virginia. Jackson Kelly PLLC, Charleston, West Virginia, as Counsel to the Underwriter, will pass upon certain legal matters for the Underwriter.

ABSENCE OF MATERIAL LITIGATION

Other than as described below, there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, public board or body, now pending or, to the best knowledge of the District, threatened or affecting the District (or, to the District's knowledge, any basis therefor) wherein an unfavorable decision, ruling or finding would have a material adverse effect on the District's financial position or on the validity of the Series 2013 Bonds, the Resolution or any agreement to which the District is a party and which is a part of the issuance of the Series 2013 Bonds.

The District is the defendant in Civil Action No. 11-C-656, which is currently pending before the Circuit Court of Berkeley County, West Virginia. The West Virginia Department of Environmental Protection ("WVDEP") filed this action on August 8, 2011, alleging violations of the West Virginia Water Pollution Control Act and the District's National Pollution Discharge

Elimination System ("NPDES") Permits. WVDEP is seeking injunctive relief and civil penalties. This case is currently scheduled for trial on July 30, 2013, but the parties submitted a joint motion to amend the scheduling order and move the trial date to October 30, 2013. The District anticipates that the Court will grant this motion and move the trial date. WVDEP and the District are actively negotiating a potential settlement to this case.

NEGOTIABLE INSTRUMENTS

Pursuant to State law, the Series 2013 Bonds are and have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia. See "THE SERIES 2013 BONDS - General."

UNDERWRITING

Crews & Associates, Inc., as Underwriter, has agreed, subject to certain conditions, to purchase the Series 2013 Bonds, at an aggregate purchase price of $11,481,516.20 ($11,565,000 minus Underwriter's discount of $144,562.50 plus a net original issue premium of $61,078.70). The Underwriter will be obligated to purchase all of the Series 2013 Bonds if any are purchased. The Series 2013 Bonds may be offered and sold to certain dealers (including investment trusts, certain of which may be sponsored or managed by the Underwriter) at prices lower than the public offering price stated on the cover page of this Official Statement, and such public offering price also may be changed without prior notice, from time to time, by the Underwriter.

The District has obtained the consent of Yount, Hyde & Barbour, P.C., Certified Public Accountants to publish the audited financial statements with this Official Statement.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of the Owners of the Bonds, in accordance with the Continuing Disclosure Agreement which shall be delivered in substantially the form attached hereto as APPENDIX E, to provide financial information not later than two hundred seventy (270) days following the end of the District's fiscal year, commencing with the report for the fiscal year ended June 30, 2013, and to provide notice of the occurrence of the enumerated events listed therein. The Annual Information and each notice of enumerated events will be filed

electronically by United Bank, Inc., Charleston, West Virginia, as dissemination agent, on behalf of the District, with the Electronic Municipal Markets Access system ("EMMA").

This continuing disclosure obligation is being undertaken to comply with Rule 15c2-12 (the "Rule") promulgated by the Securities Exchange Commission. The District has agreed to give notice in a timely manner to EMMA of any failure to supply the required information. However, any such failure will not constitute a default under the terms of the Series 2013 Bonds. Under the Continuing Disclosure Agreement, the sole remedy for such failure is to seek an order for specific performance. SEE "APPENDIX E–FORM OF CONTINUING DISCLOSURE AGREEMENT." Registered Owners may contact the District's General Manager at P.O. Box 944, Martinsburg, West Virginia 25401, (304) 263-8566, for more information.

The Continuing Disclosure Agreements for the Series 2006 A Bonds, the Series 2006 B Bonds, the Series 2007 A Bonds and the Series 2009 A Bonds required the District to file its continuing disclosure with nationally recognized municipal securities information repositories. Prior to the creation of EMMA, the District filed its continuing disclosure with Bloomberg. Prior to the Continuing Disclosure Agreement for the Series 2007 A Bonds, the District did not engage a dissemination agent to file the annual financial information for the Series 2006 A Bonds and the Series 2006 B Bonds. The District timely filed the annual financial information for June 30, 2008, June 30, 2009 and June 30, 2011 with Bloomberg, and this annual financial information for such years has been filed with EMMA. The annual financial information for June 30, 2010 and June 30, 2012 were timely filed with EMMA. Due to administrative oversight and multiple CUSIP six-digit base numbers being assigned to certain of the District's Prior Bonds, the annual financial information for June 30, 2008, June 30, 2009 and June 30, 2011 were filed inconsistently between the District's multiple CUSIP six-digit base numbers. In the future, the District will file all of its annual financial information and any other continuing disclosure solely with EMMA under a single CUSIP six-digit base number.

RATING

The Series 2013 Bonds are rated "A-" by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc. ("S&P"). Any desired explanation of the significance of such ratings should be obtained from S&P. The District did not apply for any other ratings. Such rating reflects only the views of such organization and reference is made to such organization for the meaning of such rating. There is no assurance that such rating will continue for any period of time or that such rating will not be revised downward or withdrawn entirely by the assigning rating agency, if in the judgment of such rating agency, circumstances so warrant. Any downward revision or withdrawal of such rating may have an adverse effect upon the market price or value of the Series 2013 Bonds.

Except as provided under "CONTINUING DISCLOSURE" herein, neither the District nor the Underwriter has undertaken any responsibility to take any action with respect to possible changes in such rating or to bring any such changes to the attention of the Bondholders.

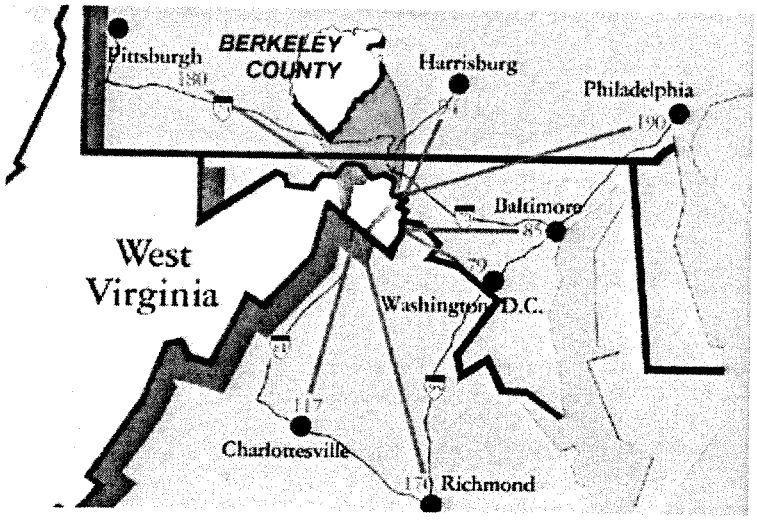
APPENDIX A

ECONOMIC AND DEMOGRAPHIC INFORMATION REGARDING BERKELEY COUNTY, WEST VIRGINIA

The Eastern Panhandle of West Virginia is the home of Berkeley County. It is located partly in the Great Appalachian Valley. It is bounded on the northeast by the Potomac River. Dairy products, livestock, and fruit farms make up some of the economic base of the County. There also is limestone quarrying. The area is home to a diverse manufacturing and industrial base as well. A number of federal agencies have offices in Berkeley County, including the Internal Revenue Service, United States National Guard, the United States Coast Guard and the Veterans Administration.



Nearby Metropolitan Cities Distance (miles)

Washington, DC:	79 miles
Baltimore, MD:	85 miles
Harrisburg, PA:	93 miles

Berkeley County was one of the first settled areas of the State of West Virginia. Quakers and Scotch-Irish Presbyterians, as well as the English and Dutch, became the residents here in the early 1700's. Berkeley County was formed from Frederick County, Virginia, in 1772 and is named for Lord Norborne Berkeley. The county seat was established in the colonial village of Martinsburg, named for Thomas Bryan Martin and was incorporated in 1778.

The arrival of B&O Railroad in the 1840's gave Martinsburg and Berkeley County a big boost. The town of Martinsburg changed hands over 50 times in the Civil War. The North was determined to keep control of the valuable railroads, and the South was determined to destroy them. Confederate troops destroyed them, and Union troops repaired them nine times. Martinsburg was also home to famous Civil War spy, Belle Boyd. Belle Boyd secretly passed

information to General Jackson regarding troop movement. Belle Boyd's house has been turned into a museum that is operated by the Berkeley County Historical Society.

In 1872 the Pennsylvania Railroad came to the area, and it, along with the B&O Railroad, gave the area an excellent transportation base. At the time, a major source of the area's income came from selling flour produced by the area's water-powered mills to the Alexandria and Baltimore markets. Electricity, replacing waterpower, soon followed and the area became a large textile-milling center. In the late 1940's, Martinsburg experienced a series of changes in businesses which served as the commercial foundation for the town. It is at present in another rebirth, as more high-tech industries and governmental agencies locate in the county.

In the fall of 1992, the U.S. Census Bureau established Berkeley County as part of the Washington, D.C./Baltimore, Maryland Standard Metropolitan Statistical Area (SMSA).

ALLOWANCE FOR UNCOLLECTIBLES

The District uses the specific write-off method in recording uncollectible accounts, which does not result in amounts that differ materially from the allowance method required by generally accepted accounting principles. Since bad debt has historically not been material, no allowance for uncollectible accounts has been provided.

SYSTEM BUDGET

The District prepares a draft budget for its operations, with assistance from its accountants. The District's budget is compiled from the draft budget and submitted to the Public Service Board on or before June 30 of each year. The budget is required by statute to indicate operating expenditures and capital expenditures proposed for the ensuing fiscal year and the method of financing such expenditures. The total of proposed expenditures may not exceed the total of estimated income. Upon adoption of the budget, a copy shall be provided to the County Commission. No payments may be made in excess of the budget unless authorized and directed by the Public Service Board. Separate accounting records are kept by the District and reviewed by the District's accountant each year.

METHOD OF ACCOUNTING

The District maintains its accounts pertaining to the system on an accrual basis and in accordance with the guidelines of the Public Service Commission of West Virginia. The records of the District for the fiscal years ended June 30 of each of the past three years have been audited and are available for public inspection at the District office. The audited financial statements of the District for the fiscal year ending June 30, 2012 are attached as Appendix C.

PENSION PLAN

The District is a participant in the West Virginia Public Employees Retirement System (WVPERS), which is a defined benefit, cost-sharing multiple-employer pension plan. The pension plan covers all the District's employees whose tenure is not temporary or provisional. Members' rights to employee contributions vest immediately while members with one year or more contributing service and five years or more credited service shall be eligible to retire at age 60. Contributions to the WVPERS by the District are 14.5% of eligible employees' compensation for the year ended June 30, 2012. In addition, the District withholds 4.5% of the eligible employee's compensation and remits the withholding on a monthly basis to the WVPERS. The District's contribution requirement was not actuarially determined. Contribution obligations and benefit provisions are established pursuant to the West Virginia Public Employees Retirement Act. The employer contributions for the year ended June 30, 2012 was $315,353, representing 14.5% of the year's covered payroll. The employee contributions for the year ended June 30, 2012 was $99,400, representing 4.5% of the year's covered payroll. Total covered payroll for the year ended June 30, 2012 was $2,208,901.

Information regarding benefit provisions, actuarial assumptions and funding method, pension benefit obligations (actuarial present value of credit projected benefits), net assets

available for benefits, historical trends, and related party transactions are not readily available since such determinations are made and information is kept on a system-wide basis and not for the individual participating entities. This information is available in the separately issued financial statements of the WVPERS at 4101 MacCorkle Avenue, S.E., Charleston, WV 25304.

The District provides a §401(a) plan for employees with the §457 Governmental employer deferred compensation match. Employees are eligible to participate in the plans upon hire, and after 6 months of service, they are eligible to receive up to a 3% match on their contributions. Participants vest after one year. For the §401(a) Plan, employees may contribute the lesser of 25% of their compensation or $30,000. For the §457 Plan, both employee deferrals and employer contributions are aggregated for purposes of the maximum annual limit of the lesser of $8,000 or 25% of compensation.

For the fiscal year ending June 30, 2012, the District contributed $41,775 into the 401(a) plan and the employees contributed $75,776 into the 401(a) plan. The total covered payroll for the fiscal year ending June 30, 2012 for the 401(a) plan was $1,484,258.

FUTURE PROJECTS

For the fiscal year ending June 30, 2014, the District intends to issue bonds to finance the costs associated with three projects. The first is the Chesapeake Bay Project, which will enable the District to meet more stringent nutrient requirements that go into effect in December 2015. These requirements are the result of a 2002 agreement entered into by the various states which discharge into the Chesapeake Bay watershed to reduce the amount of nutrients and sediment flowing into the watershed from West Virginia tributaries, thereby improving the condition of the Chesapeake Bay ecosystem. This project will consist of installing additional treatment equipment, modifying the existing treatment process and construction of additional structures and tanks to achieve the level of nutrient removal required. Approximately 300,000 GPD of flow will be diverted from the O/H WWTP to the North Area WWTP. The upgrades will allow the District to maximize its capacity. Total estimated cost for this project is $47,738,000.

The second project entails securing financing to cover cost overruns incurred when upgrading the North Area WWTP. Total estimated cost for the overruns is $1,200,000.

The third project entails finalizing an upgrade to Ecolab, Inc. pursuant to an Alternate Sewer Mainline Agreement between it and the District. Once complete, the upgrade will enable Ecolab, Inc. to meet applicable Chesapeake Bay standards when pre-treating industrial wastewater and will increase its daily wastewater pre-treatment capacity from 50,000 gallons to 100,000 gallons by adding a second wastewater pre-treatment unit. Total estimated cost for the upgrade is $2,200,000.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Public Service Board
Berkeley County Public Service Sewer District
Martinsburg, West Virginia

We have audited the accompanying basic financial statements of the Berkeley County Public Service Sewer District, as of and for the years ended June 30, 2012 and 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Berkeley County Public Service Sewer District's management. Our responsibility is to express an opinion on these basic financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards," issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Berkeley County Public Service Sewer District, as of June 30, 2012 and 2011, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with "Government Auditing Standards," we have also issued our report dated September 18, 2012 on our consideration of the Berkeley County Public Service Sewer District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Schedule of Schedule of Operating Expenses is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements by us or other auditors, and accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the Berkeley County Public Service Sewer District's financial performance provides a narrative overview of the financial activities of the District for the fiscal year ended June 30, 2012. We encourage readers to consider the information presented here in conjunction with the financial statements that follow this section.

FINANCIAL HIGHLIGHTS

- Assets exceeded liabilities at the close of the year by $ 59,059,787.
- Operating revenues increased in 2012 due to increased collection efforts. Water conservation efforts by our customers and the increased vacant homes in the county caused the decrease in overall usage.
- User rates were not increased during this fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts; Management's Discussion and Analysis, Financial Statements, and Supplementary Information. The Financial Statements also include notes that explain in more detail some of the information in the financial statements.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the District report information about the District using accounting methods similar to those used by private sector companies. These statements offer short and long term financial information about its activities. The Statement of Net Assets includes all of the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations to District creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Assets. This statement measures the success of the District's operations over the past year and can be used to determine whether the District has successfully recovered all its costs through its user fees and other charges, profitability, and credit worthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the District's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

FINANCIAL ANALYSIS OF THE DISTRICT

One of the most important questions asked about the District's finances is "Is the District as a whole better off or worse off as a result of the year's activities?" The Statements of Net Assets and the Statements of Revenues, Expenses and Changes in Net Assets report information about the District's activities in a way that will help answer this question. These two statements report the net assets of the District and changes in them. You can think of the District's net assets-the difference between assets and liabilities-as one way to measure financial health or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in economic conditions, population changes, zoning, and new or changed government legislation.

NET ASSETS

To begin our analysis, a summary of the District's Statements of Net Assets is presented in Table A-1.

Table A-1

OPERATING INCOME

Revenues totaled $14,431,973 in fiscal year 2012, an increase of $572,346 from 2011. The decrease in sewer fee income can be attributed to increased water conservation efforts of the customers. Overall, the increase can be attributed to deferred revenue being recognized during the year. Operating expenses were $6,039,442 in 2012, an increase of $315,643 from 2011. This increase is attributed to the additional costs of pump maintenance, and treatment costs associated with four major treatment plants. Table A-2 provides a summary of Revenues and Expenses.

Table A-2	June 30, 2012	June 30, 2011
Sewer Fees	$ 12,637,072	$ 12,793,118
Non-Operating Revenues	37,878	65,118

Total Expenses	$ (14,963,698)	$ (14,690,572)
Net (loss) before capital contributions	$ (531,725)	$ (830,945)
Capital Contributions	1,095,704	974,002
Change in Net Assets	$ 563,979	$ 143,057

While the Statements of Net Assets shows the change in financial position of net assets, the Statements of Revenues and Expenses provides answers as to the nature and source of these changes. The slight increase in operating expenses is due to legal, maintenance and treatment increases for the fiscal year.

BUDGETARY HIGHLIGHTS

As required by its Bylaws, the District adopts an Operating Budget no later than 45 days prior to the start of its Fiscal Year. The General Manager must approve any overruns within departmental budgets and only the Board of Directors may revise the total budget. All annual appropriations lapse at year end. The table below shows a comparison of 2012 budget projections to 2012 actual revenues and expenses.

Net (loss) before Capital Contributions	$ (2,283,230)	$ (531,725)	$ 1,751,505

As can be seen from Table A-3 the District's revenues increase to $14,394,095 showing a favorable variance to the budget. This favorable variance to budget for 2012 is due to recognition of revenue previously deferred and developer subsidies. The rate increase was in effect for the entire fiscal year of 2012. During this time operating expenses decreased by $127,853 over budget. This decrease was primarily due to end of the year adjustment to depreciation. The net result of these factors was that the District had a favorable operating income ratio to its Fiscal 2012 budget.

CAPITAL ASSETS AND DEBT ADMINISTRATION

At the end of 2012 the District had invested $219 million in a broad range of capital assets including sewer lines, land, buildings, treatment plants, vehicles and equipment as shown in Table A-4.

Capital Assets

Table A-4	June 30, 2012	June 30, 2011

Net Property, Plant & Equipment	$ 160,550,990	$ 164,781,618

The pump station upgrades, line extensions and treatment plant upgrades account for the slight increase of capital assets.

LONG TERM DEBT

The District's outstanding debt as of June 30, 2012 includes $110,200,364 in Sewer System Revenue Bonds that bear interest from 0 % to 7 %. The payment of principal and interest on revenue bonds is secured by the pledge of net revenues of the District. The District also has a bond entitled 2006A CIF. This bond is for the upgrades of the Baker Heights and Inwood Treatment facilities. Principal and interest are paid from capacity improvement funds from developers of new projects.

BOND RATINGS

All outstanding bonds carry an Aaa and AAA rating from Moody's and Standard & Poor's respectfully based upon a Municipal Bond Commission policy. The 2006A CIF bond carries an A- Rating.

LIMITATIONS ON DEBT

Bond Covenants allow for the issuance of additional debt on a parity, as to lien on the net revenues of the System provided certain net earning ratio(s) conditions are met. The major criteria is that all estimated future net earnings of the system must be at least 1.15 times the highest combined debt service requirement. The District currently enjoys a coverage ratio of 1.21.

There are also bond covenants relating to the Sewer Capacity Improvement Fee (CIF) Revenue Bond, of which CIF revenue must be at least 115% of the maximum CIF principal and interest and surplus revenues be at least 100% of the highest combined debt service requirement. As of June 30, 2012, the District has met the 100% compliance requirement but not the 115% requirement. The District currently has one year worth of principal and interest payments available for CIF bond payments, through a cash reserve account.

The District has been successful in taking advantage of available low financing through the West Virginia State Revolving Fund administered by the Department of Environmental Protection.

ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET AND RATES

The economic outlook for Berkeley County is positive. During this year the economy of Berkeley County has struggled along with the rest of the country. Growth has been very minimal as compared to previous years. The District continues to evaluate its resources as well as operational and capital requirements to ensure that wastewater service will be available to meet current demands as well as future demands.

The District's rate structure is designed to collect sufficient revenues to pay debt service and recover operating and maintenance expenses, and the District successfully accomplished this objective in 2012.

CONTACTING THE DISTRICT'S FISCAL OFFICER

Note 1. Nature of Business and Summary of Significant Accounting Policies

The Berkeley County Public Service Sewer District (the "District") is a corporation created under the authority of the County Commission of Berkeley County, West Virginia on April 10, 1979 under West Virginia Code Section 16-13A-2. The Board of Directors is composed of three members appointed by the County Commission of Berkeley County, West Virginia. The District is responsible for providing sewerage services for all of Berkeley County, West Virginia. In addition, the District is responsible for stormwater management for all of Berkeley County, West Virginia. The District serves approximately 19,000 customers.

A summary of significant accounting policies are as follows:

Basis of Presentation

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to enterprise funds of governmental units. The District accounts for its operations in a manner similar to those often found in the private sector. The measurement focus is based upon the determination of net income. The costs (including depreciation) of providing goods and services to customers on a continuing basis are recovered primarily through user charges. Periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control and accountability.

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Revenues and expenses of the District are accounted for within two enterprise funds. The District uses the accrual basis of accounting for its enterprise funds, under which revenues are recognized when they are earned and expenses are recognized when they are incurred. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting," the District has elected to apply all applicable GASB pronouncements as well as FASB statements and interpretations, APB opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the District. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from nonexchange transactions or ancillary activities.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash, Cash Equivalents and Investments

Cash and cash equivalents as of June 30, 2012 is held at two banks. Savings and financial institutions are required to collateralize 100% of deposits in excess of FDIC limits. For purposes of reporting the statements of cash flows, the District considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with an original maturity of three months or less, except those set aside for a specific purpose, to be cash equivalents. As of June 30, 2012, the District has not formally adopted an investment policy.

Restricted Assets

Assets whose use is limited include:

Debt service funds and debt service reserve funds represent funds on deposit with the West Virginia Municipal Bond Commission as trustee under the various bond resolutions. These funds are to be used to pay bond interest and principal.

Customer security deposits are held in a separate bank account in the name of the District. Interest earned on security deposits held by the District is paid to customers when the security deposit is refunded.

The capacity improvement fund was established by bond ordinance. The fund is to be kept apart from all other funds and shall be invested or reinvested in accordance with Article VIII of the bond ordinance. Withdrawals and disbursements may be made for replacements, emergency repairs, improvements or extensions to the system. During fiscal year 2010, an escrow account was created through court order and was included as a restricted asset on the statement of net assets. During fiscal year 2011, the court issued a ruling and the CIF funds are no longer required to be restricted.

Construction funds represent funds held by a bank as trustee under the District's bond resolutions. These funds are to be used solely for payment of costs associated with the District's construction projects.

Revenue Recognition

The District's policy is to recognize revenue on the accrual basis. At June 30, 2012, the District accrued one month of revenue earned but not yet billed for the month of June. As of June 30, 2011, the District accrued one month of revenue earned but not billed for the month of June. An estimation was used for this accrual.

Property, Plant and Equipment

The District capitalizes all property, plant and equipment with a purchase price greater than $500.

Property, plant and equipment is stated at historical cost. Donated assets are recorded at fair market value at the time received. Expenditures for repairs and upgrading which materially add to the value or life of an asset are capitalized. Other maintenance and repair costs are expensed as incurred.

Depreciation is provided by the straight-line method over the estimated useful lives which range from 8 to 50 years.

Interest is capitalized on qualifying construction in process. For assets acquired with tax-exempt debt, the amount of capitalized interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project and the interest earned from temporary investment of the debt proceeds. Capitalized interest is amortized using the straight-line method over the estimated useful life of the asset. The District did not capitalize interest during the years ended June 30, 2012 and 2011.

The depreciation expense on assets acquired under capital leases is included with depreciation expense on owned assets.

Intangibles

Amortization of debt issue costs is calculated by the straight-line method over the term of the related bond issue.

Deferred amounts resulting from an advance refunding of debt are being amortized by the straight-line method over the life of the new debt.

Nonexchange Transactions

The District follows GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions* (Statement 33), which establishes accounting and reporting guidelines for government entities that gives (or receives) value without directly receiving (or giving) equal value in return. The District receives voluntary nonexchange transactions from developer donations of cash, property, lines and improvements. These donations are considered capital contributions on the Statements of Revenues, Expenses and Changes in Net Assets.

Note 5. Pension Plan

The District is a participant in the West Virginia Public Employees Retirement System (WVPERS), which is a defined benefit, cost-sharing multiple-employer pension plan. The pension plan covers all the District's employees whose tenure is not temporary or provisional. Members' rights to employee contributions vest immediately while members with one year or more contributing service and five years or more credited service shall be eligible to retire at age 60. Contributions to the WVPERS by the District are 14.5% and 12.5% of eligible employees' compensation for the years ended June 30, 2012 and 2011, respectively. In addition, the District withholds 4.5% of the eligible employee's compensation and remits the withholding on a monthly basis to the WVPERS. The District's contribution requirement was not actuarially determined. Contribution obligations and benefit provisions are established pursuant to the West Virginia Public Employees Retirement Act. The employer contributions for the years ended June 30, 2012 and 2011 were $315,353 and $262,207, respectively, representing 14.5% and 12.5% of the covered payroll for the year ending June 30, 2012 and 2011, respectively. The employee contributions for the years ended June 30, 2012 and 2011, were $99,400 and $95,925, respectively, representing 4.5% of the year's covered payroll. Information regarding benefit provisions, actuarial assumptions and funding method, pension benefit obligation (actuarial present value of credit projected benefits), net assets available for benefits, historical trends, and related party transactions are not readily available since such determinations are made and information is kept on a system-wide basis and not for the individual participating entities. This information is available in the separately issued financial statements of the WVPERS at 4101 MacCorkle Avenue, S.E., Charleston, WV 25304.

The District provides a 401(a) plan for employees with the 457 Governmental employer deferred compensation match. Employees are eligible to participate in the plans upon hire and after 6 months of service they are eligible to receive up to a 3% match on their contributions. Participants vest after one year. For the 401(a) Plan, employees may contribute the lesser of 25% of their compensation or $30,000. For the 457 Plan, both employee deferrals and employer contributions are aggregated for purposes of the maximum annual limit of the lesser of $8,000 or 25% of compensation.

Note 11. Litigation

In May 2005, the West Virginia Department of Environmental Protection (WVDEP) filed civil action against the District alleging the District violated provisions of the West Virginia Water Pollution Act and the West Virginia National Pollutant Discharge Elimination System permit issued to the District. To date, the parties have estimated that the maximum value of the civil penalty will be between $1,000,000 and $1,500,000. Negotiations with the WVDEP have resulted in tentative agreement that satisfaction of the civil penalty may be achieved through a combination of a cash payment and a Supplemental Environmental Project (SEP). The District will be able to meet the SEP obligation through adjustment of certain planned projects, which should alleviate liability for amounts designated as SEP. The WVDEP has assessed a monetary penalty of $100,000. During the year ended June 30, 2008, the District paid the $100,000 penalty. The District is also trying to satisfy the penalty by performing supplemental environmental projects funded by private developers. During the year ended June 30, 2009, the District received settlement proceeds in the amount of $3,005,000 as a result. The District will be required to use these funds in order to satisfy the environmental requirements. The funds which have yet to be expended for this project are classified as deferred revenue as of June 30, 2012.

The District has numerous claims and pending legal proceedings that generally involve contract and property damage issues. These proceedings are, in the opinion of management, ordinary routine matters incidental to the normal business conducted by the District. In the opinion of management and the District's legal counsel, such proceedings are substantially covered by insurance, and the ultimate disposition of such proceedings are not expected to have a material adverse effect on the District's financial position, results of operations or cash flows.

Note 12. Subsequent Events

The District has evaluated all subsequent events through September 18, 2012, the date the financial statements were available to be issued. The District has determined there are no subsequent events that require recognition or disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Public Service Board
Berkeley County Public Service Sewer District
Martinsburg, West Virginia

We have audited the financial statements of Berkeley County Public Service Sewer District as of and for the year ended June 30, 2012, and have issued our report thereon dated September 18, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Berkeley County Public Service Sewer District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Berkeley County Public Service Sewer District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Berkeley County Public Service Sewer District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Berkeley County Public Service Sewer District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Berkeley County Public Service Sewer District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described as Compliance Finding 2012-1.

We consider the following to be compliance findings.

Compliance Finding 2012-1:
The Series 2006 "A" – CIF, Sewer Capacity Improvement Fee Revenues Bonds, are secured solely by the Capacity Improvement Fees of the District and the surplus revenues of the system. These bonds are not payable or secured by net revenues of the system. These bonds contain covenants related to debt service and cash flow coverage. As of June 30, 2012, the District was not in compliance with one of the two CIF bond covenants.

Management's Response Finding 2012-1:
The District has been in litigation over the CIF's for over eighteen months. At this time, the District is not in a position to remedy the coverage issue in question; however, the District remains committed to take the action necessary to correct the issue.

We noted certain matters that we reported to management of Berkeley County Public Service Sewer District in a separate letter dated September 18, 2012.

This report is intended solely for the information and use of the Board of Directors, management, Federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

Re: Berkeley County Public Service Sewer District, West Virginia,
Sewer Refunding Revenue Bonds, Series 2013 A (Bank Qualified)

Ladies and Gentlemen:

We have acted as bond counsel to Berkeley County Public Service Sewer District, West Virginia (the "Issuer") and in such capacity have examined a record of proceedings relating to the issuance by the Issuer of its $9,615,000 aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 A (Bank Qualified) (the "Series 2013 A Bonds").

The Series 2013 A Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly adopted by the Issuer on June 18, 2013, as supplemented by a Supplemental Parameters Resolution duly adopted by the Issuer on June 18, 2013 and a Second Supplemental Resolution adopted August 20, 2013 (collectively, the "Bond Legislation"), and are subject to all the terms and conditions of the Bond Legislation. All capitalized terms used herein and not otherwise defined shall have the meanings set forth in the Bond Legislation.

The Series 2013 A Bonds are issued in fully registered form, are dated their date of original issuance, August 22, 2013, mature on October 1 in the years and amounts, and bear interest payable each April 1 and October 1, commencing April 1, 2014 all as set forth in the Bond Legislation.

The Series 2013 A Bonds maturing on and after October 1, 2019, are subject to redemption at the option of the District, prior to maturity, on or after October 1, 2018, in whole at any time and in part on any Interest Payment Date, in inverse order of maturity and by random selection within maturities if less than all of any maturity, at a redemption price (expressed as a percentage of the principal amount) of 100%, plus interest accrued to the date fixed for redemption.

The Bond Legislation provides that the Series 2013 A Bonds are issued for the purpose of (i) currently refunding the Issuer's Sewer Capacity Improvement Revenue Bonds, Series 2006 A (the "CIF Bonds"), (ii) funding a debt service reserve account for the Series 2013 A Bonds, and (iii) paying costs of issuance and related costs of the Series 2013 A Bonds. In connection with the current refunding, the Issuer has entered into a Prepayment Agreement, dated as of August 22, 2013 (the "Prepayment Agreement"), with the West Virginia Municipal Bond Commission, the Paying Agent.

The Series 2013 A Bonds have been sold to Crews & Associates, Inc. (the "Underwriter"), pursuant to a Bond Purchase Agreement, dated August 5, 2013 (the "Bond Purchase Agreement"), between the Underwriter and the Issuer.

As to questions of fact material to our opinion, we have relied upon representations and warranties of the Issuer, the Underwriter, and other entities, the representations and warranties contained in the Bond Legislation; the Bond Purchase Agreement; the Continuing Disclosure Agreement, dated August 22, 2013 (the "Continuing Disclosure Agreement"), between the Issuer and United Bank, Inc.; the Tax Certificate and Agreement, dated the date hereof (the "Tax Certificate"), executed by the Issuer; and the certified proceedings and other certifications of certain officials of the Issuer and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, and assuming compliance with the covenants and representations of the Issuer and others set forth in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, the Tax Certificate and such certifications, we are of the opinion, under existing law, that:

1. The Issuer is a duly organized and validly existing public service district under and pursuant to the laws of the State of West Virginia, with full power and authority to adopt the Bond Legislation, enter into the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and Tax Certificate, perform its obligations under the terms and provisions thereof and to issue and sell the Series 2013 A Bonds, all under the provisions of the Act and other applicable provisions of law.

2. The Issuer, through its governing body, has legally and effectively adopted the Bond Legislation, has authorized, executed and delivered the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate, has authorized the distribution of the Official Statement in connection with the marketing and sale of the Series 2013 A Bonds, and has issued and delivered the Series 2013 A Bonds to the Underwriter pursuant to the Bond Purchase Agreement. The Bond Legislation is in full force and effect as of the date hereof.

3. Assuming due authorization, execution and delivery by the other parties thereto, the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate constitute valid, legal, binding and enforceable instruments of the Issuer in accordance with their respective terms. We have examined the executed and authenticated Series 2013 A Bonds of said issue, and, in our opinion, said Series 2013 A Bonds are in proper form and have been duly executed and authenticated.

4. The Series 2013 A Bonds have been duly authorized, executed and delivered by the Issuer and, assuming proper authentication, constitute valid and legally enforceable limited obligations of the Issuer, payable from and secured by a first lien on the Net Revenues of the System, on a parity with the Issuer's outstanding:

(The bonds described in (1) through (34) above are sometimes collectively referred to herein as the "First Lien Bonds.")

There are also outstanding obligations of the Issuer which are subordinate to the Series 2013 A Bonds as to liens, pledge and source of and security for payment, being the Issuer's Sewer Revenue Bonds, Series 1990 B (West Virginia Water Development Authority), dated May 3, 1990, issued in the original aggregate principal amount of $38,669 (the "Second Lien Bonds"). The First Lien Bonds and Second Lien Bonds are hereinafter collectively called the "Prior Bonds". The Series 2013 A Bonds are enforceable in accordance with their terms and the terms of the Bond Legislation, and are entitled to the benefits of the Bond Legislation and the Act.

5. The CIF Bonds have been paid within the meaning and with the effect expressed in the Bond Resolution, as supplemented, pursuant to which they were issued, and the covenants, agreements and other obligations of the Issuer to the holders and owners of the CIF Bonds have been satisfied and discharged.

6. Under existing laws, regulations, published rulings and judicial decisions of the United States of America, as presently written and applied, the interest on the Series 2013 A Bonds is excludable from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed upon individuals and corporations. It should be noted, however, that for the purpose of calculating the alternative minimum tax on certain corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings of such corporations.

Ownership of tax-exempt obligations, including the Series 2013 A Bonds, may result in collateral federal income tax consequences to certain taxpayers. We offer no opinion as to such collateral tax consequences or any other federal tax consequences arising with respect to the Series 2013 A Bonds. Prospective purchasers of the Series 2013 A Bonds should consult their own tax advisors as to such consequences.

The opinions set forth in the above paragraph 6 are subject to the condition that the Issuer comply, on a continuing basis, with all requirements of the Internal Revenue Code of 1986, as amended, and regulations thereunder (collectively, the "Code") that must be satisfied for interest on the Series 2013 A Bonds to be or continue to be excludable from gross income for federal income tax purposes, and with all certifications, covenants and representations which may affect the excludability from gross income of the interest on the Series 2013 A Bonds set forth in the Bond Legislation, the Prepayment Agreement, the Tax Certificate and the certifications of the Issuer and others (collectively, the "Tax Covenants"). Failure to comply with the Tax Covenants could cause the interest on the Series 2013 A Bonds to be includable in gross income, including retroactively to the date of issuance of the Series 2013 A Bonds.

7. Under the Act, the Series 2013 A Bonds and the interest thereon are exempt from all taxation by the State of West Virginia or any county, municipality, political subdivision or agency thereof.

8. The Issuer has designated the Series 2013 A Bonds as "Qualified Tax-Exempt Obligations" for purposes of Section 265(b)(3) of the Code and has covenanted that not more than $10,000,000 aggregate principal amount of obligations, the interest on which is excludable from gross income for federal income taxes (excluding, however, obligations described in Section 265(b)(3)(C)(ii) of the Code), including the Bonds, have been or shall be issued by the Issuer or any entities subordinate to it, during the calendar year 2013, all as determined in accordance with the Code.

9. The Series 2013 A Bonds are exempted securities within the meaning of Section 3(a)(2) of the Securities Act of 1933, as amended, and the West Virginia Uniform Securities Act, as amended, and it is not necessary, in connection with the public offering and sale of the Series 2013 A Bonds, to register any securities under said Securities Acts.

Re: Berkeley County Public Service Sewer District, West Virginia
Sewer Refunding Revenue Bonds, Series 2013 B (Taxable)

Ladies and Gentlemen:

We have acted as bond counsel to Berkeley County Public Service Sewer District, West Virginia (the "Issuer") and in such capacity have examined a record of proceedings relating to the issuance by the Issuer of its $1,950,000 aggregate principal amount of Sewer Refunding Revenue Bonds, Series 2013 B (Taxable) (the "Taxable Series 2013 B Bonds").

The Taxable Series 2013 B Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly adopted by the Issuer on June 18, 2013, as supplemented by a Supplemental Parameters Resolution, duly adopted by the Issuer on June 18, 2013 and a Second Supplemental Resolution duly adopted by the Issuer on August 20, 2013 (collectively, the "Bond Legislation"), and are subject to all the terms and conditions of the Bond Legislation. All capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Legislation.

The Taxable Series 2013 B Bonds are issued in fully registered form, are dated their date of original issuance, August 22, 2013 mature on October 1 in the years and amounts and bear interest payable each April 1 and October 1, commencing April 1, 2014 all as set forth in the Bond Legislation.

The Bond Legislation provides that the Taxable Series 2013 B Bonds are issued for the purposes of (i) currently refunding a portion of the Issuer's Sewer Capacity Improvement Revenue Bonds, Series 2006 A (the "CIF Bonds"), (ii) fund a debt service reserve account for the Series 2013 B Bonds; and (iii) paying costs of issuance and related costs of the Taxable Series 2013 B Bonds.

The Taxable Series 2013 B Bonds have been sold to Crews & Associates, Inc. (the "Underwriter"), pursuant to a Bond Purchase Agreement, dated August 5, 2013 (the "Bond Purchase Agreement"), between the Underwriter and the Issuer.

As to questions of fact material to our opinion, we have relied upon representations and warranties of the Issuer, the Underwriter and other entities, the representations and warranties contained in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, dated August 22, 2013 (the "Continuing Disclosure Agreement"), between the Issuer and United Bank, Inc., the Prepayment Agreement, dated as of August 22, 2013 (the "Prepayment Agreement"), between the Issuer and the West Virginia Municipal Bond Commission, the Tax Certificate and Agreement, dated the date hereof (the "Tax Certificate"), executed by the Issuer; and the certified proceedings and other certifications of certain officials of the Issuer and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, and assuming compliance with the covenants and representations of the Issuer and others set forth in the Bond Legislation, the Bond Purchase Agreement, the Continuing Disclosure Agreement, the Tax Certificate and such certifications, we are of the opinion, under existing law, that:

1. The Issuer is a duly organized and validly existing public service district under and pursuant to the laws of the State of West Virginia, with full power and authority to adopt the Bond Legislation, enter into the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and Tax Certificate, perform its obligations under the terms and provisions thereof and to issue and sell the Taxable Series 2013 B Bonds, all under the provisions of the Act and other applicable provisions of law.

2. The Issuer, through its governing body, has legally and effectively adopted the Bond Legislation, has authorized, executed and delivered the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate, has authorized the distribution of the Official Statement in connection with the marketing and sale of the Taxable Series 2013 B Bonds, and has issued and delivered the Taxable Series 2013 B Bonds to the Underwriter pursuant to the Bond Purchase Agreement. The Bond Legislation is in full force and effect as of the date hereof.

3. Assuming due authorization, execution and delivery by the other parties thereto, the Prepayment Agreement, the Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate constitute valid, legal, binding and enforceable instruments of the Issuer in accordance with their respective terms. We have examined the executed and authenticated Series 2013 B Bonds of said issue, and, in our opinion, said Series 2013 B Bonds are in proper form and have been duly executed and authenticated.

4. The Taxable Series 2013 B Bonds have been duly authorized, executed and delivered by the Issuer and, assuming proper authentication, constitute valid and legally enforceable limited obligations of the Issuer, payable from and secured by a first lien on the Net Revenues of the System, on a parity with the Issuer's outstanding:

BOND PURCHASE AGREEMENT

August 5, 2013

Berkeley County Public Service Sewer District
65 District Way
Martinsburg, West Virginia 25401

Ladies and Gentlemen:

Crews & Associates, Inc. (the "Underwriter"), offers to enter into this Bond Purchase Agreement (the "Purchase Agreement") with the Berkeley County Public Service Sewer District (the "District") for the purchase of the District's Sewer Refunding Revenue Bonds, Series 2013 A (Bank-Qualified) (the "Series 2013 A Bonds") and Sewer Refunding Revenue Bonds, Series 2013 B (Taxable) (the "Series 2013 B Bonds", and together with the Series 2013 A Bonds, the "Bonds"). This offer is made subject to acceptance and execution of this Purchase Agreement by the District prior to 11:59 p.m., local prevailing time on the date hereof, or until withdrawn by the Underwriter upon written notice to the District as permitted herein, whichever shall occur earlier. Upon such acceptance and approval, as evidenced by the signature of the Chairman of the District in the space provided below, this Purchase Agreement shall be in full force and effect in accordance with its terms and shall be binding upon the District and the Underwriter. All capitalized terms used in this Purchase Agreement and not otherwise defined herein shall have the meanings set forth in the hereinafter described Resolution.

The District acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Purchase Agreement is an arm's-length commercial transaction between the District and the Underwriter, (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent or fiduciary of the District, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the District with respect to the offering contemplated hereby or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter has provided other services or is currently providing other services to the District on other matters), (iv) the Underwriter has no

obligation to the District with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Agreement, and (v) the District has consulted its own legal, financial and other advisors to the extent it has deemed appropriate.

1. The Bonds are being issued, along with other available funds: (i) to finance the costs of currently refunding the District's Sewer Capacity Improvement Fee Revenue Bonds, Series 2006 A, dated November 2, 2006, issued in the original aggregate principal amount of $15,405,000, of which $12,180,000 is outstanding (the "CIF Bonds"); (ii) to fund the Series 2013 A Bonds Reserve Account; and (iii) to pay costs of issuance of the Bonds and related costs.

The Bonds shall be as described in, and shall be issued and secured under and pursuant to the provisions of the Bond Resolution adopted by the Public Service Board (the "Board") of the District on June 18, 2013 (the "Original Resolution") and as supplemented by a Supplemental Parameters Resolution adopted by the Board of the District on June 18, 2013 (the "Supplemental Resolution" and together with the Original Resolution, the "Resolution"), and a Certificate of Determinations, signed by the Chairman of the District, dated August 5, 2013. The Bonds shall be secured by the Net Revenues derived by the District from the operation by the District of its existing sewer system (the "System") and the Series 2013 Bonds Sinking Funds and the Series 2013 A Bonds Reserve Account therein.

Upon the terms and conditions and upon the basis of the representations and warranties set forth in this Purchase Agreement, the Underwriter agrees to purchase from the District, and the District agrees to sell to the Underwriter, the Bonds, at an aggregate purchase price of $11,481,516.20 ($11,565,000 minus Underwriter's discount of $144,562.50 and plus a net original issue premium of $61,078.70).

The Bonds shall mature on the dates and in the amounts, and shall bear interest from their date, until maturity or until the date fixed for redemption if the Bonds are called for prior redemption and payment on such date provided therefore, payable semiannually on April 1 and October 1 (each an "Interest Payment Date"), commencing April 1, 2014, as more fully described on Exhibit A attached hereto and incorporated herein by reference.

The Underwriter agrees to make a bona fide public offering of the Bonds at the initial offering prices as set forth in the Official Statement (as hereinafter defined) and in Exhibit A, which prices may be changed from time to time by the Underwriter.

2. Concurrently with the acceptance of this Purchase Agreement by the District, the District shall deliver or cause to be delivered to the Underwriter three copies of the Official Statement relating to the Bonds, substantially in the form of the Preliminary Official Statement, dated July 10, 2013 (the "Preliminary Official Statement"), and prior to delivery of

the Bonds, seven copies of the Official Statement (the "Official Statement") dated the date of this Purchase Agreement, signed on behalf of the District by its Chairman as requested below.

3. The Official Statement has been approved for distribution by the Resolution. The District authorizes the use of copies of the Official Statement and the Resolution in connection with the public offering and sale of the Bonds.

On July 10, 2013, the District delivered to the Underwriter the Preliminary Official Statement and the Underwriter received a certificate from the District which deemed the Preliminary Official Statement "final" within the meaning of clause (b)(1) of Rule 15c2-12 of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934 (17 C.F.R. § 240.15c2-12) (the "Rule" or "Rule 15c2-12") and Rule G-32 and all other rules of the Municipal Securities Rulemaking Board. The District shall deliver or cause to be delivered to the Underwriter, after the acceptance by the District of this Purchase Agreement, and within the time required by Rule 15c2-12, an adequate number of copies of the Official Statement.

Unless otherwise notified in writing by the Underwriter on or prior to the date of Closing, the "End of the Underwriting Period" for the Bonds for all purposes of Rule 15c2-12 is the date of the Closing, as hereinafter defined. In the event such notice is given in writing by the Underwriter, the Underwriter agrees to notify the District in writing following the occurrence of the End of the Underwriting Period for the Bonds as defined in Rule 15c2-12.

The District covenants and agrees that if, after the date of this Purchase Agreement and until after the End of the Underwriting Period (as determined above), any event shall occur of which the District has actual knowledge as a result of which it is necessary to amend or supplement the Official Statement to make the Official Statement not misleading in any material respect in light of the circumstances then existing, or if it is necessary to amend or supplement the Official Statement to comply with law, to notify the Underwriter (and for the purposes hereof to provide the Underwriter with such information as they may from time to time reasonably request), and to cooperate in the preparation of a reasonable number of copies of either amendments or supplements to the Official Statement (in form and substance satisfactory to the Underwriter and its counsel) at the expense of the District so that the Official Statement as so amended and supplemented will not contain an untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances existing at the time the Official Statement is delivered to a purchaser, not misleading in any material respect.

For the purposes of this paragraph and for only so long as required by this paragraph, the District will furnish such information with respect to itself as the Underwriter from time to time reasonably requests. The Underwriter hereby agrees that it will deposit or

cause to be deposited with the Municipal Securities Rulemaking Board a copy of the Official Statement at or prior to the time contemplated by Rule 15c2-12.

The Underwriter acknowledges and agrees that any liability of the District that may arise from its representations and agreements made in this paragraph 3 shall be limited to the proceeds of the Bonds (provided that the foregoing shall not be deemed to prevent the Underwriter or the District from seeking to enforce such agreements).

4. At 10:00 a.m. prevailing time, on August 22, 2013, or such other dates as shall be agreed upon by the parties to this Purchase Agreement (the "Closing"), the District will deliver or cause to be delivered to the Underwriter, (a) the Bonds in the form of one certificate for each maturity fully registered in the name of CEDE & CO., as registered owner and nominee of The Depository Trust Company, New York, New York ("DTC"), duly executed by the District and authenticated by the Registrar, and (b) at such other place as we mutually agree upon, will deliver to the Underwriter the other documents required in this Purchase Agreement and by the Resolution. Upon such delivery of the Bonds, the Underwriter will accept such delivery and pay the purchase price therefor, plus any accrued interest thereon, in immediately available funds to the order of the Depository Bank, for the account of the District. Such delivery shall be made at DTC, with the payment and other requisite actions to be taken at the place designated by the parties to this Purchase Agreement. The Bonds shall be made available to the Underwriter at DTC at least forty-eight (48) hours before the Closing for the purpose of inspection and packaging; provided, that if DTC Fast delivery is used, then the Bonds shall be made available to the Registrar by 4:00 p.m. on August 19, 2013. If the District does not have a Blanket DTC Letter of Representations (the "DTC Letter of Representations"), the District agrees to provide one to DTC.

5. The District represents and warrants to the Underwriter and agrees that:

(a) The District is a public service district, public corporation and political subdivision of the State of West Virginia in Berkeley County of said State. The District has been duly authorized to operate and maintain the System. The Bonds are being issued pursuant to the Constitution and laws of the State of West Virginia (the "State"), specifically, Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act");

(b) The District shall have complied and will comply at the Closing in all respects with all applicable statutes and laws, including the Act;

(c) The District has full legal right, power and authority to issue bonds for purposes provided in the Resolution and to enter into this Purchase Agreement, to adopt the Resolution and to issue, sell and deliver the Bonds to the Underwriter as provided herein and to

(e) At the time of the District's acceptance hereof and (unless an event occurs of the nature described in subparagraph (i)) at all times during the period from the date of this Purchase Agreement to and including the date which is twenty-five (25) days following the End of the Underwriting Period for the respective series of Bonds (as determined in accordance with subparagraph (i) hereof), to the best knowledge of the District, the Official Statement does not and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(f) If the Official Statement is supplemented or amended, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such subparagraph) at all times during the period from the date of this Purchase Agreement to and including the date which is twenty-five (25) days following the End of the Underwriting Period for the respective series of Bonds (as determined in accordance with subparagraph (i) hereof), the Official Statement as so supplemented or amended, to the best knowledge of the District will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(g) If during the period from the date of this Purchase Agreement to and including the date which is twenty-five (25) days following the End of the Underwriting Period for the Bonds (as determined in accordance with subparagraph (i) hereof) any event shall occur which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the District shall notify the Underwriter of any such event of which it has knowledge and, if in the opinion of the Underwriter such event requires the preparation and publication of a supplement or amendment to the Official Statement, the District will prepare and furnish to the Underwriter (i) a reasonable number of copies of the supplement or amendment to the Official Statement in form and substance approved by the District and acceptable to the Underwriter, and (ii) if such notification

shall be subsequent to the Closing, such legal opinion, certification, instruments and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Official Statement;

(h) Prior to the District's acceptance hereof, the District delivered to the Underwriter copies of the Preliminary Official Statement which the District deemed final (for purposes of Rule 15c2-12) as of the date thereof; provided however, that in making the representation and warranty contained in this paragraph (h) the District shall not be deemed to have made any additional representation or warranty as to the Preliminary Official Statement other than the representation and warranty contained in paragraph (e);

(i) For purposes of this Purchase Agreement, the End of the Underwriting Period for the respective series of Bonds shall mean the earlier of (a) the day of the Closing unless the District has been notified in writing by the Underwriter, on or prior to the day of the Closing, that the End of the Underwriting Period for the respective series of Bonds for all purposes of Rule 15c2-12 will not occur on the day of the Closing, or (b) the date on which notice is given to the District by the Underwriter in accordance with the following sentence. In the event that the Underwriter has given notice to the District pursuant to clause (a) above that the End of the Underwriting Period for the respective series of Bonds will not occur on the day of the Closing, the Underwriter agrees to notify the District in writing as soon as practicable following the "end of the underwriting period" for the respective series of Bonds for all purposes of the Rule;

(j) At or prior to the Closing, the District shall have duly authorized, executed and delivered a written continuing disclosure undertaking (an "Undertaking") which complies with the provisions of Rule 15c2-12(b)(5) and which shall be substantially in the form described in the Preliminary Official Statement;

(l) When delivered to and paid for by the Underwriter in accordance with the terms of this Purchase Agreement, the Bonds will have been duly authorized, executed, authenticated, issued and delivered and will constitute valid and binding obligations of the District payable solely from the Net Revenues of the System and moneys pledged therefor under the Resolution and will be entitled to the benefit of the Resolution. Neither the credit nor the taxing power of the District shall be deemed to be pledged to, nor shall a tax ever be levied for the payment of the principal of, premium, if any, or the interest on the Bonds;

(m) There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to our knowledge, threatened against or affecting the District (or, to our knowledge, any basis therefor) wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated hereby or by the Official Statement or the validity of the Bonds, the Resolution, the Undertaking, this Purchase Agreement or any agreement or instrument to which you are a party and which is used or contemplated hereby or by the Official Statement or the validity of the Bonds, the Resolution, this Purchase Agreement or any agreement or instrument to which you are a party and which is used or contemplated for use in the consummation of the transactions contemplated hereby or by the Official Statement;

(n) The execution and delivery of the Official Statement, this Purchase Agreement, the Bonds, the Undertaking, the Resolution and the other agreements contemplated hereby and by the Official Statement, and compliance with the provisions thereof, to the best of their knowledge following appropriate inquiry, will not conflict with or constitute on the District's part a breach of or a default under any existing law, court or administrative regulation, decree or order or any agreement, indenture, mortgage, lease or other instrument to which the District is subject or by which the District is or may be bound, and to our knowledge all consents, approvals, authorizations and orders of governmental or regulatory authorities which are required for the consummation of the transactions contemplated thereby have been obtained;

(o) The District has not been notified of any listing or proposed listing by the Internal Revenue Service to the effect that the District is a bond issuer whose arbitrage certifications may not be relied upon;

(q) Any certificate signed by any of the District's authorized officers and delivered to the Underwriter shall be deemed a representation and warranty by the District to the Underwriter as to the statements made therein. It is understood that the representations, warranties and covenants by the District contained in this Section 5 and elsewhere in this Purchase Agreement shall not create any general obligation or liability of the District, and that any obligation or liability of the District hereunder or under the Resolution will be payable solely out of the Net Revenues and other income, charges and moneys derived by the District from, or in connection with the System, nor shall any member, official or employee of the District be personally liable therefor.

(b) The Underwriter shall have the right to cancel its obligations hereunder to purchase the Bonds (such cancellation shall not constitute a default hereunder) by notifying the District in writing of its election to do so between the date hereof and the Closing Date, if at any time hereafter and prior to the Closing Date:

(i) Any legislation, rule or regulation shall be introduced in, or enacted by, the United States House of Representatives or the United States Senate or any committee thereof, or a decision by a court established under Article III of the Constitution of the United States of America, or the Tax Court of the United States, shall be rendered, or a ruling, regulation or order of the Treasury Department of the United States or the Internal Revenue Service shall be made or proposed, which, in the Underwriter's reasonable opinion, materially adversely affects the market price of the Bonds;

(iii) A stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission or any other government agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering for sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all the underlying obligations, as contemplated hereby or by the Official Statement, is in violation of any provisions of the Securities Act of 1933, as amended and as then in effect, or the registration provisions of the Securities and Exchange Act of 1934, as amended and as then in effect, or the qualification provisions of the Trust Indenture Act of 1939, as amended and as then in effect;

(iv) Any event shall have occurred or information become known which, in the Underwriter's reasonable opinion, makes untrue in any material respect any statement or information contained in the Preliminary Official Statement or the Official Statement or the Underwriter shall have determined that the Preliminary Official Statement or the Official Statement contains an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading;

(v) A general banking moratorium shall have been established by Federal, New York State or West Virginia authorities;

(vi) In the reasonable opinion of the Underwriter, the market price of the Bonds, or the market price generally of obligations of the general character of the Bonds, has been adversely affected because (1) additional material restrictions not in force as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange, (2) the New York Stock Exchange, other national securities exchange or any governmental authority shall have imposed as to the Bonds or similar obligations any material restrictions not now in force, or increased materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter, or (3) war or any outbreak of hostilities or other national or international calamity or crisis shall have occurred or any armed conflict shall have occurred or escalated to such a magnitude as in the reasonable opinion of the Underwriter to have a materially adverse effect on the ability of the Underwriter to market the Bonds; or

SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue,and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com** and **www.dtc.org**.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner")is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity

of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

Rationale

Standard & Poor's Ratings Services assigned its 'A-' rating to Berkeley County Public Service Sewer District, W.Va.'s series 2013A and B bonds. We also affirmed our 'A-' rating on the district's other bonds. The outlook is stable.

Characteristics supporting the rating include the following:

- Combined water and sewer rates we consider high, combined with the lack of local rate-setting authority;
- Moderately high system leverage with additional capital needs;
- Thin total debt service coverage (DSC) and adequate liquidity; and
- Bond provisions we consider somewhat weak, including a 1.15x additional bonds test (ABT) that allows for adjustments to historical revenues to reflect future rate increases and system improvements.

These weaknesses are offset, in part, by the district's:

- Growing customer base fueled by its location relative to the Washington, D.C.-Baltimore metropolitan areas;
- Treatment capacity adequate to handle current demand; and
- First-lien DSC ranging from levels we consider good to strong, from 1.6x-2.0x over the past four audited years.

Debt service is secured with a first lien on net revenues of the system.

Berkeley County Public Service Sewer District is roughly 80 miles from Washington and 85 miles from Baltimore in West Virginia's eastern panhandle. Although the county is roughly 90 minutes to two hours away from the Washington and Baltimore employment centers, strong growth in the D.C. metropolitan area has pushed growth further out and toward the county. Berkeley County's 2012 estimated population was 108,783, up by about 40% over 2000 population levels. The customer base has also continued to grow, increasing to 19,979 in 2010 from 15,556 in 2006 (28%). But despite this growth, average and peak demand are below system treatment capacity. The system is also a sanitary-only system, limiting the treatment surges that combined systems often incur in wet weather.

The sewer district serves all of Berkeley county outside the city limits of Martinsburg. The customer base is largely

residential (about 95%) and the remainder commercial and industrial customers. We consider the revenue base very diverse, with the top 10 customers representing about 8% of total revenues.

We consider Berkeley's sewer rates high when comparing to our benchmark 7,500 gallons of use (including any fixed charges). Current monthly rates are $72.84 for 7,500 gallons consumed (including a monthly base charge of $8.86 and $8.53 per 1,000 gallons); we also combined water and sewer rates for the same volume high, at about $140. Management has indicated that average monthly residential usage is not the full 7,500 gallons, making the actual rates somewhat more affordable. In addition, management does not have independent rate-setting authority, which, in our view, limits its ability to quickly adjust rates to address changes in the district's finances; the West Virginia Public Service Commission approves the district's rates.

Typical in our experience of small but rapidly growing systems, we consider the district's debt-to-plant as moderately high. Net debt-to-plant about 70%, and due to additional debt plans within the next two to three years for system improvements, we expect the system's leverage to remain at or near these levels.

First-lien DSC has been at least good, in our view, but total DSC is more thin. First-lien DSC has been at least 1.4x-1.6x since the fiscal year ended June 30, 2006, while total DSC has ranged from about 1.0x-1.4x. For 2012, first-lien coverage was 2.0x while total coverage was 1.2x. System liquidity is limited, but has been growing; in 2012, unrestricted cash of $1.1 million represented 65 days' cash. Management has not indicated a specific target for its unrestricted working capital.

We consider the bond provisions somewhat weak. The ABT allows for additional debt to be issued based on 1.15x DSC from net revenues over any 12 consecutive months from the prior 18, with adjustments to that calculation that can include estimates of average estimated revenues over the next three succeeding years. Rates must also be maintained to provide net revenues that generate at least 1.15x coverage on first-lien maximum annual debt service (MADS). In addition, a debt service reserve has been funded at the lesser of 10% of par, MADS, or 125% average annual debt service.

Outlook

The stable outlook reflects the expectation that the system will maintain DSC consistent with historical averages, which somewhat offsets the very limited liquidity that the district maintains, in our view. However, the failure to pass necessary rate increases to achieve this could potentially place downward pressure on the rating. While we view growth in the district's customer base and further diversification of the county's economy as positive factors, we believe the system's high leverage, additional capital needs, high rates, and limited liquidity will continue to constrain the rating.

§ 16–13A–1. Legislative findings

The Legislature of the state of West Virginia hereby determines and finds that the present system of public service districts within the state has provided a valuable service at a reasonable cost to persons who would otherwise have been

unable to obtain public utility services. To further this effort, and to insure that all areas of the state are benefiting from the availability of public service district utility services and to further correct areas with health hazards, the Legislature concludes that it is in the best interest of the public to implement better management of public service district resources by expanding the ability and the authority of the public service commission to assist public service districts by offering advice and assistance in operational, financial and regulatory affairs.

In addition to the expanded powers which shall be given to the public service commission, the Legislature also concludes that it is in the best interest of the public for each county commission to review current technology available and consider consolidating existing public service districts where it is feasible and will not result in the interference with existing bond instruments. Further, if such consolidation is not feasible, the Legislature finds that it is in the best interest of the public for each county commission to review current technology available and consider consolidating or centralizing the management of public service districts within its county or multi-county area to achieve efficiency of operations. The Legislature also finds that additional guidelines should be imposed on the creation of new public service districts and that county commissions shall dissolve inactive public service districts as hereinafter provided. The Legislature also finds that the public service commission shall promulgate rules and regulations to effectuate the expanded powers given to the commission relating to public service districts.

1. Validity

Title of act authorizing creation of public service districts in connection with acquisition, construction, maintenance, operation, improvement and extension of properties supplying water and sewerage services, clearly defines object and purposes of act and powers of governing board, and is sufficient to meet constitutional requirements. Acts 1953, c. 147; Const. art. 6,

§ 30. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇐ 123(3); Statutes ⇐ 123(5)

Statute authorizing creation of public service districts violates no provision of State Constitution, nor is it violative of Fourteenth Amendment to United States Constitution. Act 1953, c. 147; U.S.C.A.Const. Amend. 14. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 4056; Municipal Corporations ⇐ 4

In statute authorizing creation of public service districts, provision for delinquent fixed rates and charges for services rendered to be lien on premises served was not unconstitutional as depriving owners of property without due process of law or as violating Fourteenth Amendment of United States Constitution or applicable provisions of State Constitution. Acts 1953, c. 147, § 1 et seq.; Const. art. 3, §§ 9, 10; U.S.C.A.Const. Amend. 14. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 4416; Municipal Corporations ⇐ 408(1)

Statute authorizing creation of public service districts does not, in so far as it requires County Court to define territory to be included in public service district and appoint a board to govern same in first instance, involve unconstitutional delegation of judicial functions to the County Court, Acts 1953, c. 147; Const. art. 8, § 24. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 2355; Municipal Corporations ⇐ 4

2. In general

A public service district may be created for the purpose of furnishing water or sewer services, or both water and sewer services. Code, 16–13A–1. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇐ 5

A county court may use Federal Revenue Sharing Funds for ordinary and necessary maintenance and operating expenses for sewage disposal, sanitation, and pollution abatement, and ordinary and necessary capital expenditures authorized by law but may not use such funds for matching purposes under any other federal-aid program. 55 W.Va. Op.Atty.Gen. 116 (June 27, 1973) 1973 WL 159152.

3. Construction and application

A public service district is a public corporation and does not come within constitutional provision which in substance provides that all corporations shall be created by general laws and which is applicable to private corporations. Acts 1953, c. 147, § 1 et seq.; Const. art. 11, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇐ 80(3)

4. Eminent domain powers

Where notice, hearing and order with respect to creation of public service district considered only the question of furnishing water, such district was created only for the purposes of furnishing water services, and had no power to condemn real estate for sewerage facilities. Code, 16-13A–1, 16–13A–2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Eminent Domain ⇐ 32

Condemnation by public service district is not a taking of private property for private use in violation of applicable constitutional provision. Const. art. 3, § 9. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Eminent Domain ⇐ 13

5. Property of public service district

Property of public service district is public property used for public purposes, and, under constitutional provision that public property shall be exempt from taxation, statute authorizing creation of public service districts and granting tax exemption was not violative of constitutional provision requiring that taxation be equal and uniform throughout state. Acts 1953, c. 147, § 1 et seq.; Const. art. 10, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Taxation ⇐ 2289

6. Rates and charges for service

Relief under Federal Securities Act of 1933 was not adequate or sufficient remedy for relief sought by corporations holding sewer revenue bonds of public service district in mandamus proceeding to compel district to establish and collect rates for services rendered by district sufficient to provide for all operational and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariff reflecting such charges with Public Service Commission, and any relief afforded under provisions of federal statute could not supersede relief which could be granted in mandamus proceeding. Securities Act of 1933, § 1 et seq., 15 U.S.C.A. § 77a et seq.; Code, 16–13A–1 et seq. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇐ 3(8)

Corporations holding sewer revenue bonds of public service district, a public corporation and political subdivision of state, had right by mandamus to enforce and compel district and members of the Public Service Board to establish, charge and collect rates for services rendered by district sufficient to provide for all operation-

al and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariffs reflecting such charges with Public Service Commission. Code, 16–13A–1 et seq., 16–13A–9, 16–13A–10, 16–13A–13, 16–13A–17. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇦ 110

It was ministerial duty of chairman of public service board of public service district to sign revenue bonds and to assist in effectuating their issuance, and in view of constitutionality of statute authorizing creation of the public service board, relator's showing of legal right to require performance of such duty, was sufficient and writ of mandamus would issue. 7. Creation and enforcement of liens

Public service district's failure to docket notice of lien prior to date purchaser recorded deed of trust prevented district from enforcing sewer lien against purchaser. Code, 16–13A–9, 38–10C–1. Statute authorizing creation of public service districts confers upon public service board authority to create mortgage lien on the property of public service district, and action of legislature conferring such authority was within the legislature's power. Acts 1953, c. 147; Const. art. 10, § 8. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Municipal Corporations ⇦ 222; Municipal Corporations ⇦ 225(1)

8. Admissibility of evidence

Extrinsic evidence relating to background and negotiations with regard to forming a public service district were not admissible in regard to construction of a contract for furnishing of water, where contract language was clear and unambiguous that district was to furnish water as customer should require. Berkeley County Public Service Dist. v. Vitro Corp. of America, 1968, 162 S.E.2d 189, 152 W.Va. 252. Evidence ⇦ 448

9. Costs

Costs of proceeding whereby constitutionality of statute authorizing creation of public service districts was tested would not be taxed against defendant who was chairman of public service board and who, honestly and in good faith, though mistakenly, endeavored to perform his duty in refusing to sign revenue bonds, and each litigant would pay his own costs. § 16–13A–1a. Jurisdiction of the public service commission

The jurisdiction of the public service commission relating to public service districts shall be expanded to include the following powers and such powers shall be in addition to all other powers of the public service commission set forth in this code:

(a) To study, modify, approve, deny or amend the plans created under section one-b of this article for consolidation or merger of public service districts and their facilities, personnel or administration;

(b) To petition the appropriate circuit court for the removal of a public service district board member or members; and

(c) To create by general order a separate division within the public service commission to provide assistance to public service districts in technological, operational, financial and regulatory matters.

§ 16–13A–1b. County commissions to develop plan to create, consolidate, merge, expand or dissolve public service districts

Each county commission shall conduct a study of all public service districts which have their principal offices within its county and shall develop a plan relating to the creation, consolidation, merger, expansion or dissolution of such districts or the consolidation or merger of management and administrative services and personnel and shall present such plan to the public service commission for approval, disapproval, or modification: Provided, That within ninety days of the effective date of this section each county commission in this state shall elect either to perform its own study or request that the public service commission perform such study. Each county commission electing to perform its own study has one year from the date of election to present such plan to the public service commission. For each county wherein the county commission elects not to perform its own study, the public service commission shall conduct a study of such county. The public service commission shall establish a schedule for such studies upon a priority basis, with those counties perceived to have the greatest need of creation or consolidation of public service districts receiving the highest priority. In establishing the priority schedule, and in the performance of each study, the bureau of public health and the division of environmental protection shall offer their assistance and cooperation to the public service commission. Upon completion by the public service commission of each study, it shall be submitted to the appropriate county commission for review and comment. Each county commission has six months in which to review the study conducted by the public service commission, suggest changes or modifications thereof, and present such plan to the public service commission. All county plans, whether conducted by the county commission itself or submitted as a result of a public service commission study, shall, by order, be approved, disapproved or modified by the public service commission in accordance with rules promulgated by the public service commission and such order shall be implemented by the county commission.

§ 16–13A–2. Creation of districts by county commission; enlarging, reducing, merging, or dissolving district; consolidation; agreements, etc.; infringing upon powers of county commission; filing list of members and districts with the Secretary of State

(a) The county commission of any county may propose the creation, enlargement, reduction, merger, dissolution, or consolidation of a public service district by any of the following methods: (1) On its own motion by order duly adopted, (2) upon the recommendation of the Public Service Commission, or (3) by petition of twenty-five percent of the registered voters who reside within the limits of the proposed public service district within one or more counties. The petition shall contain a description, including metes and bounds, sufficient to identify the territory to be embraced therein and the name of such proposed district: *Provided,* That after the effective date of this section, no new public service district shall be created, enlarged, reduced, merged, dissolved or consolidated under this section without the written consent and approval of the Public Service Commission, which approval and consent shall be in accordance with rules promulgated by the Public Service Commission and may only be requested after consent is given by the appropriate county commission or commissions pursuant to this section. Any territory may be included regardless of whether or not the territory includes one or more cities, incorporated towns or other municipal corporations which own and operate any public service properties and regardless of whether or not it includes one or more cities, incorporated towns or other municipal corporations being served by privately owned public service properties: *Provided, however,* That the same territory shall not be included within the boundaries of more than one public service district except where the territory or part thereof is included within the boundaries of a separate public service district organized to supply water, sewerage services, stormwater services or gas facilities not being furnished within such territory or part thereof: *Provided further,* That no city, incorporated town or other municipal corporation shall be included within the boundaries of the proposed district

except upon the adoption of a resolution of the governing body of the city, incorporated town or other municipal corporation consenting.

(b) The petition shall be filed in the office of the clerk of the county commission of the county in which the territory to constitute the proposed district is situated, and if the territory is situated in more than one county, then the petition shall be filed in the office of the clerk of the county commission of the county in which the major portion of the territory extends, and a copy thereof (omitting signatures) shall be filed with each of the clerks of the county commission of the other county or counties into which the territory extends. The clerk of the county commission receiving such petition shall present it to the county commission of the county at the first regular meeting after the filing or at a special meeting called for the consideration thereof.

(c) When the county commission of any county enters an order on its own motion proposing the creation, enlargement, reduction, merger, dissolution or consolidation of a public service district, as aforesaid, or when a petition for the creation is presented, as aforesaid, the county commission shall at the same session fix a date of hearing in the county on the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed public service district, which date so fixed shall be not more than forty days nor less than twenty days from the date of the action. Within ten days of fixing the date of hearing, the county commission shall provide the Executive Secretary of the Public Service Commission with a copy of the order or petition and notification of the time and place of the hearing to be held by the county commission. If the territory proposed to be included is situated in more than one county, the county commission, when fixing a date of hearing, shall provide for notifying the county commission and clerk thereof of each of the other counties into which the territory extends of the date so fixed. The clerk of the county commission of each county in which any territory in the proposed public service district is located shall cause notice of the hearing and the time and place thereof, and setting forth a description of all of the territory proposed to be included therein to be given by publication as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for the publication shall be by publication in each city, incorporated town or municipal corporation if available in each county in which any territory in the proposed public service district is located. The publication shall be at least ten days prior to the hearing.

(d) In all cases where proceedings for the creation, enlargement, reduction, merger, dissolution or consolidation of the public service districts are initiated by petition as aforesaid, the person filing the petition shall advance or satisfactorily indemnify the payment of the cost and expenses of publishing the hearing notice, and otherwise the costs and expenses of the notice shall be paid in the first instance by the county commission out of contingent funds or any other funds available or made available for that purpose. In addition to the notice required herein to be published, there shall also be posted in at least five conspicuous places in the proposed public service district, a notice containing

the same information as is contained in the published notice. The posted notices shall be posted not less than ten days before the hearing.

(e) All persons residing in or owning or having any interest in property in the proposed public service district shall have an opportunity to be heard for and against its creation, enlargement, reduction, merger, dissolution or consolidation. At the hearing the county commission before which the hearing is conducted shall consider and determine the feasibility of the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district. If the county commission determines that the construction or acquisition by purchase or otherwise and maintenance, operation, improvement and extension of public service properties by the public service district will be conducive to the preservation of public health, comfort and convenience of such area, the county commission shall by order create, enlarge, reduce, merge, dissolve or consolidate such public service district. If the county commission, after due consideration, determines that the proposed district will not be conducive to the preservation of public health, comfort or convenience of the area or that the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district as set forth and described in the petition or order is not feasible, it may refuse to enter an order creating the district or it may enter an order amending the description of the proposed district and create, enlarge, reduce, merge, dissolve or consolidate the district as amended.

(f) If the county commission determines that any other public service district or districts can adequately serve the area of the proposed public service district, whether by enlargement, reduction, merger, dissolution or consolidation, it shall refuse to enter the order, but shall enter an order creating, enlarging, reducing, merging, dissolving or consolidating the area with an existing public service district, in accordance with rules adopted by the Public Service Commission for such purpose: *Provided,* That no enlargement of a public service district may occur if the present or proposed physical facilities of the public service district are determined by the appropriate county commission or the Public Service Commission to be inadequate to provide such enlarged service. The clerk of the county commission of each county into which any part of such district extends shall retain in his office an authentic copy of the order creating, enlarging, reducing, merging, dissolving or consolidating the district: *Provided, however,* That within ten days after the entry of an order creating, enlarging, reducing, merging, dissolving or consolidating a district, such order must be filed for review and approval by the Public Service Commission. The Public Service Commission may provide a hearing in the affected county on the matter and may approve, reject or modify the order of the county commission if it finds it is in the best interests of the public to do so. The Public Service Commission shall adopt rules relating to such filings and the approval, disapproval or modification of county commission orders for creating, enlarging, merging, dissolving or consolidating districts. The provisions of this section shall not apply to the implementation by a county commission of an order issued by the Public Service Commission pursuant to this section and section one-b, of this article.

(g) The county commission may, if in its discretion it deems it necessary, feasible and proper, enlarge the district to include additional areas, reduce the area of the district, where facilities, equipment, service or materials have not been extended, or dissolve the district if inactive or create or consolidate two or more such districts. If consolidation of districts is not feasible, the county commission may consolidate and centralize management and administration of districts within its county or multi-county area to achieve efficiency of operations: *Provided,* That where the county commission determines on its own motion by order entered of record, or there is a petition to enlarge the district, merge and consolidate districts, or the management and administration thereof, reduce the area of the district or dissolve the district if inactive, all of the applicable provisions of this article providing for hearing, notice of hearing and approval by the Public Service Commission shall apply. The Commission shall at all times attempt to bring about the enlargement or merger of existing public service districts in order to provide increased services and to eliminate the need for creation of new public service districts in those areas which are not currently serviced by a public service district: *Provided, however,* That where two or more public service districts are consolidated pursuant to this section, any rate differentials may continue for the period of bonded indebtedness incurred prior to consolidation. The districts may not enter into any agreement, contract or covenant that infringes upon, impairs, abridges or usurps the duties, rights or powers of the county commission, as set forth in this article, or conflicts with any provision of this article.

(h) A list of all districts and their current board members shall be filed by the county commission with the Secretary of State and the Public Service Commission by the first day of July of each year.

Validity 1

1. Validity

Title of act authorizing creation of public service districts in connection with acquisition, construction, maintenance, operation, improvement and extension of properties supplying water and sewerage services, clearly defines object and purposes of act and powers of governing board, and is sufficient to meet constitutional requirements. Acts 1953, c. 147; Const. art. 6, § 30. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇐ 123(3); Statutes ⇐ 123(5)

Statute authorizing creation of public service districts does not, in so far as it requires County Court to define territory to be included in public service district and appoint a board to govern same in first instance, involve unconstitutional delegation of judicial functions to the County Court, Acts 1953, c. 147; Const. art. 8, § 24.

2. Creation of public service districts

Where notice, hearing and order with respect to creation of public service district considered only the question of furnishing water, such district was created only for the purposes of furnishing water services, and had no power to condemn real estate for sewerage facilities. Code, 16-13A-1, 16–13A–2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Eminent Domain ⇐ 32

Where public service district was created for purpose of furnishing water services, county court had authority to add sewerage services to the facilities of the district under appropriate proceedings. Statute authorizing creation of public service districts confers upon public service board authority to create mortgage lien on the property of public service district, and action of legislature conferring such authority was within the legislature's power. Acts 1953, c. 147; Const. art. 10, § 8. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Municipal Corporations ⇐ 222; Municipal Corporations ⇐ 225(1)

3. District boundaries

Public service district statute that allowed county commission to designate district's boundaries did not also empower commission to make service territories exclusive, displacing Public Service Commission's (PSC) authority to determine service rights. 4. Notice of hearing

Provisions of statute, with respect to creation of public service districts, which relate to the filing of the petition or motion of the county court, the description of the territory to be embraced, and like provisions are mandatory; but, despite use of the word "shall," the requirements for posting and publication of notice and the time of setting the hearing are directory and require only substantial compliance. Code, 16–13A–2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇐ 12(3); Municipal Corporations ⇐ 12(6)

Though record with respect to creation of public service district was silent with respect to posting of notice of hearing and as to whether hearing was not more than 40 nor less than 20 days after his fixing the date for hearing as provided by statute, there was substantial compliance with statute where hearing was set some time prior to the date of the hearing, there was publication of notice more than ten days prior to the date of the hearing as required, and there were no objections either before, during or after the hearing to the creation of the district or to the procedures employed in its creation. Code, 16–13A–2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇐ 12(6)

5. Number of voters within district

Public service district was not void because there were not 100 legal voters owning property within the district. Code, 16–13A–2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇐ 6

6. Costs

Costs of proceeding whereby constitutionality of statute authorizing creation of public service districts was tested would not be taxed against defendant who was chairman of public service board and who, honestly and in good faith, though mistakenly, endeavored to perform his duty in refusing to sign revenue bonds, and each litigant would pay his own costs. § 16–13A–3. District to be a public corporation and political subdivision; powers thereof; public service boards

From and after the date of the adoption of the order creating any public service district, it is a public corporation and political subdivision of the state, but without any power to levy or collect ad valorem taxes. Each district may acquire, own and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal and may enter into

contracts necessary or incidental to its purposes, including contracts with any city, incorporated town or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town or other municipal corporation, or for furnishing stormwater services for the city, town or other municipal corporation, and contract for the operation, maintenance, servicing, repair and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town or other municipal corporation included within the district: Provided, That no contract shall extend beyond a maximum of forty years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members, who shall be persons residing within the district, who possess certain educational, business or work experience which will be conducive to operating a public service district. Each board member shall, within six months of taking office, successfully complete the training program to be established and administered by the public service commission in conjunction with the division of environmental protection and the bureau of public health. Board members shall not be or become pecuniarily interested, directly or indirectly, in the proceeds of any contract or service, or in furnishing any supplies or materials to the district nor shall a former board member be hired by the district in any capacity within a minimum of twelve months after board member's term has expired or such board member has resigned from the district board. The members shall be appointed in the following manner:

Each city, incorporated town or other municipal corporation having a population of more than three thousand but less than eighteen thousand is entitled to appoint one member of the board, and each city, incorporated town or other municipal corporation having a population in excess of eighteen thousand shall be entitled to appoint one additional member of the board for each additional eighteen thousand population. The members of the board representing such cities, incorporated towns or other municipal corporations shall be residents thereof and shall be appointed by a resolution of the governing bodies thereof and upon the filing of a certified copy or copies of the resolution or resolutions in the office of the clerk of the county commission which entered the order creating the district, the persons so appointed become members of the board without any further act or proceedings. If the number of members of the board so appointed by the governing bodies of cities, incorporated towns or other municipal corporations included in the district equals or exceeds three, then no further members shall be appointed to the board and the members so appointed are the board of the district except in cases of merger or consolidation where the number of board members may equal five.

If no city, incorporated town or other municipal corporation having a population of more than three thousand is included within the district, then the county commission which entered the order creating the district shall appoint three members of the board, who are persons residing within the district and residing within the state of West Virginia, which three members become members of the board of the district without any further act or proceedings except in cases of merger or consolidation where the number of board members may equal five.

If the number of members of the board appointed by the governing bodies of cities, incorporated towns or other municipal corporations included within the district is less than three, then the county commission which entered the order creating the district shall appoint such additional member or members of the board, who are persons residing within the district, as is necessary to make the number of members of the board equal three except in cases of merger or consolidation where the number of board members may equal five, and the member or members appointed by the governing bodies of the cities, incorporated towns or other municipal corporations included within the district and the additional member or members appointed by the county commission as aforesaid, are the board of the district. A person may serve as a member of the board in one or more public service districts.

The population of any city, incorporated town or other municipal corporation, for the purpose of determining the number of members of the board, if any, to be appointed by the governing body or bodies thereof, is the population stated for such city, incorporated town or other municipal corporation in the last official federal census.

Notwithstanding any provision of this code to the contrary, whenever a district is consolidated or merged pursuant to section two of this article, the terms of office of the existing board members shall end on the effective date of the merger or consolidation. The county commission shall appoint a new board according to rules promulgated by the public service commission. Whenever districts are consolidated or merged no provision of this code prohibits the expansion of membership on the new board to five.

The respective terms of office of the members of the first board shall be fixed by the county commission and shall be as equally divided as may be, that is approximately one third of the members for a term of two years, a like number for a term of four years, the term of the remaining member or members for six years, from the first day of the month during which the appointments are made. The first members of the board appointed as aforesaid shall meet at the office of the clerk of the county commission which entered the order creating the district as soon as practicable after the appointments and shall qualify by taking an oath of office: Provided, That any member or members of the board may be removed from their respective office as provided in section three-a of this article.

Any vacancy shall be filled for the unexpired term within thirty days, otherwise successor members of the board shall be appointed for terms of six

years and the terms of office shall continue until successors have been appointed and qualified. All successor members shall be appointed in the same manner as the member succeeded was appointed. The district shall provide to the public service commission, within thirty days of the appointment, the following information: The new board member's name, home address, home and office phone numbers, date of appointment, length of term, who the new member replaces and if the new appointee has previously served on the board. The public service commission shall notify each new board member of the legal obligation to attend training as prescribed in this section.

The board shall organize within thirty days following the first appointments and annually thereafter at its first meeting after the first day of January of each year by selecting one of its members to serve as chair and by appointing a secretary and a treasurer who need not be members of the board. The secretary shall keep a record of all proceedings of the board which shall be available for inspection as other public records. Duplicate records shall be filed with the county commission and shall include the minutes of all board meetings. The treasurer is lawful custodian of all funds of the public service district and shall pay same out on orders authorized or approved by the board. The secretary and treasurer shall perform other duties appertaining to the affairs of the district and shall receive salaries as shall be prescribed by the board. The treasurer shall furnish bond in an amount to be fixed by the board for the use and benefit of the district.

The members of the board, and the chair, secretary and treasurer thereof, shall make available to the county commission, at all times, all of its books and records pertaining to the district's operation, finances and affairs, for inspection and audit. The board shall meet at least monthly.

1. Validity

Title of act authorizing creation of public service districts in connection with acquisition, construction, maintenance, operation, improvement and extension of properties supplying wa-

ter and sewerage services, clearly defines object and purposes of act and powers of governing board, and is sufficient to meet constitutional requirements. Acts 1953, c. 147; Const. art. 6, § 30. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇐ 123(3); Statutes ⇐ 123(5)

Property of public service district is public property used for public purposes, and, under constitutional provision that public property shall be exempt from taxation, statute authorizing creation of public service districts and granting tax exemption was not violative of constitutional provision requiring that taxation be equal and uniform throughout state. Acts 1953, c. 147, § 1 et seq.; Const. art. 10, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Taxation ⇐ 2289

2. In general

Statute providing that private property may be taken or damaged for a number of specified purposes amounts to legislative declaration of public purposes within meaning of laws, and it is a judicial question whether such declaration is consonant with organic law. Acts 1949, c. 59; Const. art. 3, § 9. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 2510

3. Eminent domain powers

Although construction of new facility proposed by utility will often require taking of private property through eminent domain, absent express statutory language Public Service Commission (PSC) has no duty to review and decide issues that are inherent in eminent domain proceeding. Sexton v. Public Service Com'n, 1992, 423 S.E.2d 914, 188 W.Va. 305. Public Utilities ⇐ 114

Statute providing that private property may be taken or damaged for a number of specified purposes is consonant with organic law and is constitutional. Acts 1949, c. 59; Const. art. 3, § 9. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Eminent Domain ⇐ 3

4. Valuation of property

Although landowner is competent to give estimate of value of property in eminent domain proceeding, that valuation is not conclusive; government agency may rely on appraisal report concerning estimated value of property to be taken. Sexton v. Public Service Com'n, 1992, 423 S.E.2d 914, 188 W.Va. 305. Evidence ⇐ 568(4)

5. Environmental assessment

Whether construction of sewage lagoons would constitute "nuisance" does not defeat Public Service Commission's (PSC) jurisdiction to issue certificate of public convenience and necessity; while PSC may assess environmental considerations, chief inquiry by PSC is need of public for project. Code, 24–2–11. Sexton v. Public Service Com'n, 1992, 423 S.E.2d 914, 188 W.Va. 305. Municipal Corporations ⇐ 708

6. Connections with sewers or drains

City, rather than sewer and water districts, was entitled to provide sewer and water services to newly developed tract that was within districts' boundaries, but was annexed to city, where such services were not previously furnished to tract. Code, 16–13A–8. Berkeley County Public Service Sewer Dist. v. West Virginia Public Service Com'n, 1998, 512 S.E.2d 201, 204 W.Va. 279. Municipal Corporations ⇐ 712(1); Waters And Water Courses ⇐ 201

If a tract of real estate located within a public service district has been annexed into a municipality, then, as between the municipality and the public service district, the municipality has the superior right to extend water and/or sewer service which were not being previously furnished to the tract by the public service district, and under those circumstances, a public service district would need the consent of the municipality and the Public Service Commission (PSC) in order to provide such service. Code, 16–13A–8. Berkeley County Public Service Sewer Dist. v. West Virginia Public Service Com'n, 1998, 512 S.E.2d 201, 204 W.Va. 279. Municipal Corporations ⇐ 712(1); Waters And Water Courses ⇐ 201; Waters And Water Courses ⇐ 202

7. Public corporation

A public service district is a public corporation and does not come within constitutional provision which in substance provides that all corporations shall be created by general laws and which is applicable to private corporations. Acts 1953, c. 147, § 1 et seq.; Const. art. 11, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇐ 80(3)

§ 16–13A–9. Rules; service rates and charges; discontinuance of service; required water and sewer connections; lien for delinquent fees

(a)(1) The board may make, enact and enforce all needful rules in connection with the acquisition, construction, improvement, extension, management,

maintenance, operation, care, protection and the use of any public service properties owned or controlled by the district. The board shall establish rates, fees and charges for the services and facilities it furnishes, which shall be sufficient at all times, notwithstanding the provisions of any other law or laws, to pay the cost of maintenance, operation and depreciation of the public service properties and principal of and interest on all bonds issued, other obligations incurred under the provisions of this article and all reserve or other payments provided for in the proceedings which authorized the issuance of any bonds under this article. The schedule of the rates, fees and charges may be based upon:

(A) The consumption of water or gas on premises connected with the facilities, taking into consideration domestic, commercial, industrial and public use of water and gas;

(B) The number and kind of fixtures connected with the facilities located on the various premises;

(C) The number of persons served by the facilities;

(D) Any combination of paragraphs (A), (B) and (C) of this subdivision; or

(E) May be determined on any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. However, no rates, fees or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia division of highways.

(2) Where water, sewer, stormwater or gas services, or any combination thereof, are all furnished to any premises, the schedule of charges may be billed as a single amount for the aggregate of the charges. The board shall require all users of services and facilities furnished by the district to designate on every application for service whether the applicant is a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant's specific customer class or fifty dollars, with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or fifty dollars and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant's specific customer class or fifty dollars. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant's specific customer class or fifty dollars

has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer's account at a rate as the public service commission may prescribe: *Provided,* That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the public service commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, ten days after the water or gas services become delinquent.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separately either water facilities or sewer facilities, and the district owns and operates the other kind of facilities either water or sewer, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer service fees and charges: *Provided,* That any contracts entered into by a public service district pursuant to this section shall be submitted to the public service commission for approval. Any public service district providing water and sewer service to its customers has the right to terminate water service for delinquency in payment of either water or sewer bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer district is providing water service, and the district providing sewer service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer district that is providing water service, upon the request of the district providing sewer service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer account: *Provided, however,* That any termination of water service must comply with all rules and orders of the public service commission.

(c) Any district furnishing sewer facilities within the district may require, or may by petition to the circuit court of the county in which the property is located, compel or may require the division of health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the division of health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from the houses, dwellings and buildings where

there is gravity flow or transportation by any other methods approved by the division of health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code and the houses, dwellings and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this paragraph is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings' exterior plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the division of health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the public service commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the division of health from the house, dwelling or building into the sewer facilities, the district may charge, and the owner, tenant or occupant shall pay the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner, tenant or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption based upon the owner's, tenant's or occupant's specific customer class.

(e) Whenever any district has made available a stormwater system to any owner, tenant or occupant of any real property located near the stormwater system and where stormwater from real property affects or drains into the stormwater system, it is hereby found, determined and declared that the owner, tenant or occupant is being served by the stormwater system and it is further hereby found, determined and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge, and the owner, tenant or occupant shall pay the rates, fees and charges for stormwater services established under this article only after thirty-day notice of the availability of the stormwater system has been received by the owner.

(f) All delinquent fees, rates and charges of the district for either water facilities, sewer facilities, gas facilities or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank and priority with the lien on the premises of state, county, school and munici-

pal taxes. In addition to the other remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts: *Provided,* That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor may any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of the real property, unless the owner has contracted directly with the public service district to purchase the services or facilities.

(g) Anything in this section to the contrary notwithstanding, any establishment, as defined in section three, article eleven, chapter twenty-two, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the division of environmental protection, as prescribed by section eleven, article eleven, chapter twenty-two of this code, is exempt from the provisions of this section.

Validity 1

1. Validity

In statute authorizing creation of public service districts, provision for delinquent fixed rates and charges for services rendered to be lien on premises served was not unconstitutional as depriving owners of property without due process of law or as violating Fourteenth Amendment of United States Constitution or applicable provisions of State Constitution. Acts 1953, c. 147, § 1 et seq.; Const. art. 3, §§ 9, 10; U.S.C.A.Const. Amend. 14. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 4416; Municipal Corporations ⇐ 408(1)

2. Takings

Public service district's requiring property owner to connect onto its sewer system and to abandon private sewer system located on property was not a taking of private property without just compensation. Const. Art. 3, § 9; Code, 16–13A–9; U.S.C.A. Const.Amend. 5. Kingmill Valley Public Service Dist. v. River-

view Estates Mobile Home Park, Inc., 1989, 386 S.E.2d 483, 182 W.Va. 116. Eminent Domain ⇐ 2.18

Statute providing that private property may be taken or damaged for a number of specified purposes amounts to legislative declaration of public purposes within meaning of laws, and it is a judicial question whether such declaration is consonant with organic law. Acts 1949, c. 59; Const. art. 3, § 9. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 2510

3. Public service district liens

Public service district liens must be docketed to be enforceable against purchaser of property for valuable consideration, without notice. Code, 16–13A–9, 38–10C–1. McClung Investments, Inc. v. Green Valley Community Public Service Dist., 1997, 485 S.E.2d 434, 199 W.Va. 490. Gas ⇐ 14.6; Municipal Corporations ⇐ 712(7); Waters And Water Courses ⇐ 203(14)

Public service district's failure to docket notice of lien prior to date purchaser recorded deed of trust prevented district from enforcing sewer lien against purchaser. Code, 16–13A–9, 38–10C–1. McClung Investments, Inc. v. Green Valley Community Public Service Dist., 1997, 485 S.E.2d 434, 199 W.Va. 490. Municipal Corporations ⇐ 712(7)

If owner, tenant or occupant of garage apartment did not receive notice that public service district's sewer facilities were available for apartment, district would have been without statutory authority to impose charges and a lien against apartment for sewer services, though the apartment was on a lot containing another dwelling which was properly subject to sewer service charges. Code, 16–13A–9, 16–13A–21. Rhodes v. Malden Public Service Dist., 1983, 301 S.E.2d 601, 171 W.Va. 645. Municipal Corporations ⇐ 712(7)

Statute authorizing creation of public service districts confers upon public service board authority to create mortgage lien on the property of public service district, and action of legislature conferring such authority was within the legislature's power. Acts 1953, c. 147; Const. art. 10, § 8. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Municipal Corporations ⇐ 222; Municipal Corporations ⇐ 225(1)

4. Rates and charges for service

Statute clearly and unambiguously gives Public Service Commission (PSC) power to reduce or increase utility rates whenever it finds that existing rate is unjust, unreasonable, insufficient, or unjustly discriminatory or otherwise in violation of any provision of legislation governing Commission. Code, 24–1–1 et seq., 24–2–3. State ex rel. Water Development Authority v. Northern Wayne County Public Service Dist., 1995, 464 S.E.2d 777, 195 W.Va. 135. Public Utilities ⇐ 123

Corporations holding sewer revenue bonds of public service district, a public corporation and political subdivision of state, had right by mandamus to enforce and compel district and members of the Public Service Board to establish, charge and collect rates for services rendered by district sufficient to provide for all operational and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariffs reflecting such charges with Public Service Commission. Code, 16–13A–1 et seq., 16–13A–9, 16–13A–10, 16–13A–13, 16–13A–17. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇐ 110

Duty imposed on public service district, a public corporation and political subdivision of state, to establish rates and charges sufficient to pay cost of maintenance, operation and depreciation of properties of district and principal of and interest on all bonds issued by district is nondiscretionary duty which may be enforced by mandamus. Code, 16–13A–9. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇐ 80

5. Notice of availability of sewer service

Issue of fact as to whether owner or tenant had received notice that public service district's sewer services were available for garage apartment, so as to allow imposition of sewer service charges and a lien against apartment, was not appropriate for resolution in mandamus proceeding. Code, 16–13A–9, 16–13A–21. Rhodes v. Malden Public Service Dist., 1983, 301 S.E.2d 601, 171 W.Va. 645. Mandamus ⇐ 174

§ 16–13A–9a. Limitations with respect to foreclosure

No public service district shall foreclose upon the premises served by such district for delinquent fees, rates or charges for which a lien is authorized by sections nine or nineteen of this article except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the district lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that

the district prior to the bringing of such action had exhausted all other remedies for the collection of debts with respect to such delinquencies. In no event shall foreclosure procedures be instituted by any such district or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought.

For constructing or acquiring any public service properties for the authorized purposes of the district, or necessary or incidental thereto, and for constructing improvements and extensions thereto, and also for reimbursing or paying the costs and expenses of creating the district, the board of any such district is hereby authorized to borrow money from time to time and in evidence thereof issue the bonds of such district, payable solely from the revenues derived from the operation of the public service properties under control of the district. Such bonds may be issued in one or more series, may bear such date or dates, may mature at such time or times not exceeding forty years from their respective dates, may bear interest at such rate or rates not exceeding eighteen percent per annum payable at such times, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be subject to such terms of redemption with or without premium, may be declared or become due before maturity date thereof, may be authenticated in any manner, and upon compliance with such conditions, and may contain such terms and covenants as may be provided by resolution or resolutions of the board. 1. Validity

Statute authorizing creation of public service districts violates no provision of State Constitution, nor is it violative of Fourteenth Amendment to United States Constitution. Statute authorizing creation of public service districts does not, in so far as it requires County Court to define territory to be included in public service district and appoint a board to govern same in first instance, involve unconstitutional

delegation of judicial functions to the County Court, Acts 1953, c. 147; Const. art. 8, § 24. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇐ 2355; Municipal Corporations ⇐ 4

1. In general

The borrowing by PSD's of money from counties and/or municipalities, as evidenced by a note, is permissible borrowing under this section. 62 W.Va. Op.Atty.Gen. 27 (May 6, 1988) 1988 WL 483331.

§ 16–13A–25. Borrowing and bond issuance; procedure

(a) Notwithstanding any other provisions of this article to the contrary, a public service district may not borrow money, enter into contracts for the provision of engineering, design or feasibility studies, issue or contract to issue revenue bonds or exercise any of the powers conferred by the provisions of section thirteen, twenty or twenty-four of this article without the prior consent and approval of the Public Service Commission: *Provided*, That approval of funding set forth in section eleven, article two, chapter twenty-four of this code or this section is not required if the funding is for a project which has received a certificate of public convenience and necessity after the eighth day of July, two thousand five, from the commission and where the cost of the project changes but the change does not affect the rates established for the project.

(b) The Public Service Commission may waive the provision of prior consent and approval for entering into contracts for engineering, design or feasibility studies pursuant to this section for good cause shown which is evidenced by the public service district filing a request for waiver of this section stated in a letter directed to the commission with a brief description of the project, a verified statement by the board members that the public service district has complied with chapter five-g of this code, and further explanation of ability to evaluate their own engineering contract, including, but not limited to:

(1) Experience with the same engineering firm; or

(2) Completion of a construction project requiring engineering services. The district shall also forward an executed copy of the engineering contract to the commission after receiving approval of the waiver.

(c) An engineering contract that meets one or more of the following criteria is exempt from the waiver or approval requirements:

(1) A contract with a public service district that is a Class A utility on the first day of April, two thousand three, or subsequently becomes a Class A utility as defined by commission rule;

(2) A contract with a public service district that does not require borrowing and that can be paid out of existing rates;

(3) A contract where the payment of engineering fees are contingent upon the receipt of funding, and commission approval of the funding, to construct the project which is the subject of the contract; or

(4) A contract that does not exceed fifteen thousand dollars.

(d) Requests for approval or waivers of engineering contracts shall be deemed granted thirty days after the filing date unless the staff of the Public Service Commission or a party files an objection to the request. If an objection is filed, the Public Service Commission shall issue its decision within one hundred twenty days of the filing date. In the event objection is received to a request for a waiver, the application shall be considered a request for waiver as well as a request for approval in the event a waiver is not appropriate.

(e) Unless the properties to be constructed or acquired represent ordinary extensions or repairs of existing systems in the usual course of business, a public service district must first obtain a certificate of public convenience and necessity from the Public Service Commission in accordance with the provision of chapter twenty-four of this code when a public service district is seeking to acquire or construct public service property.

From and after the date of the adoption of the order creating any public service district, it is a public corporation and political subdivision of the state, but without any power to levy or collect ad valorem taxes. Each district may acquire, own and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal and may enter into contracts necessary or incidental to its purposes, including contracts with any city, incorporated town or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town or other municipal corporation, or for furnishing storm water services for the city, town or other municipal corporation, and contract for the operation, maintenance, servicing, repair and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town or other municipal corporation included within the district: *Provided*, That no contract shall extend beyond a maximum of forty years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members who shall be persons residing within the district, who possess certain educational, business or work experience which will be conducive to operating a public service district. In the event the public service district is providing any utility service and billing rates and charges to its customers, at least one board member shall be a rate-paying residential customer of the public service district: *Provided*, That if an existing public service board does not have a member who is a rate-paying residential customer of the public service district on July 1, 2013, the next following appointment to the board shall be a rate-paying residential customer of that public service

Each board member shall, within six months of taking office, successfully complete the training program to be established and administered by the Public Service Commission in conjunction with the Department of Environmental Protection and the Bureau for Public Health. Board members shall not be or become pecuniarily interested, directly or indirectly, in the proceeds of any contract or service, or in furnishing any supplies or materials to the district nor shall a former board member be hired by the district in any capacity within a minimum of twelve months after board member's term has expired or such board member has resigned from the district board. The members shall be appointed in the following manner:

Each city, incorporated town or other municipal corporation having a population of more than three thousand but less than eighteen thousand is entitled to appoint one member of the board, and each city, incorporated town or other municipal corporation having a population in excess of eighteen thousand shall be entitled to appoint one additional member of the board for each additional eighteen thousand population. § 16–13A–9. Rules; service rates and charges; discontinuance of service; required water and sewer connections; lien for delinquent fees

(a)(1) The board may make, enact and enforce all needful rules in connection with the acquisition, construction, improvement, extension, management, maintenance, operation, care, protection and the use of any public service properties owned or controlled by the district. The board shall establish rates, fees and charges for the services and facilities it furnishes, which shall be sufficient at all times, notwithstanding the provisions of any other law or laws, to pay the cost of maintenance, operation and depreciation of the public service properties and principal of and interest on all bonds issued, other obligations incurred under the provisions of this article and all reserve or other payments provided for in the proceedings which authorized the issuance of any bonds under this article. The schedule of the rates, fees and charges may be based upon:

(A) The consumption of water or gas on premises connected with the facilities, taking into consideration domestic, commercial, industrial and public use of water and gas;

(B) The number and kind of fixtures connected with the facilities located on the various premises;

(C) The number of persons served by the facilities;

(D) Any combination of paragraphs (A), (B) and (C) of this subdivision; or

(E) May be determined on any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. However, no rates, fees or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia Division of Highways.

(2) Where water, sewer, stormwater or gas services, or any combination thereof, are all furnished to any premises, the schedule of charges may be billed as a single amount for the aggregate of the charges. The board shall require all users of services and facilities furnished by the district to designate on every application for service whether the applicant is

a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant's specific customer class or $50, with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or $50 and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant's specific customer class or $50. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant's specific customer class or $50 has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer's account at a rate as the Public Service Commission may prescribe: *Provided,* That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, ten days after the water or gas services become delinquent. *Provided, however,* That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the board to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separately water facilities, sewer facilities or stormwater facilities and the district owns and operates another kind of facility either water or sewer, or both, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer or stormwater service fees and charges: *Provided,* That any contracts entered into by a public service district pursuant to this section shall be submitted to the Public Service Commission for approval. Any public service district which provides water and sewer service, water and stormwater service or water, sewer and stormwater service has the right to terminate water service for delinquency in payment of water, sewer or stormwater bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer or stormwater district is providing water service and the district providing sewer or stormwater service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer or stormwater district that is providing water service, upon the request of the district providing sewer or stormwater service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer or stormwater account: *Provided, however,* That any termination of water service must comply with all rules and orders of the Public Service Commission. *Provided further,* That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the Public Service Districts to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(c) Any district furnishing sewer facilities within the district may require, or may by petition to the circuit court of the county in which the property is located, compel or may require the Division of Health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine,

article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from the houses, dwellings and buildings where there is gravity flow or transportation by any other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code and the houses, dwellings and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this paragraph is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings' exterior plumbing in order to connect to the main sewer line, the Public Service District Board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the Division of Health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the Public Service Commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the Division of Health from the house, dwelling or building into the sewer facilities, the district may charge, and the owner, tenant or occupant shall pay, the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner, tenant or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption based upon the owner's, tenant's or occupant's specific customer class.

(e) The owner, tenant or occupant of any real property may be determined and declared to be served by a stormwater system only after each of the following conditions is met: (1) The district has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. § 122.26; (2) the district's authority has been properly expanded to operate and maintain a stormwater system; (3) the district has made available a stormwater system where stormwater from the real property affects or drains into the stormwater system; and (4) the real property is located in the Municipal Separate Storm Sewer System's designated service area. It is further hereby found, determined and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge and the owner, tenant or occupant shall pay the rates, fees and charges for stormwater services established under this article only after thirty-day notice of the availability of the stormwater system has been received by the owner. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(f) All delinquent fees, rates and charges of the district for either water facilities, sewer facilities, gas facilities or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank and priority with the lien on the premises of state, county, school and municipal taxes. Nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the Public Service Districts to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill. In addition to the other remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the

normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts: *Provided,* That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor may any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of the real property, unless the owner has contracted directly with the public service district to purchase the services or facilities.

(g) Anything in this section to the contrary notwithstanding, any establishment, as defined in section three, article eleven, chapter twenty-two of this code, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the Department of Environmental Protection, as prescribed by section eleven of said article, is exempt from the provisions of this section.

(h) A public service district which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community shall prepare an annual report detailing the collection and expenditure of rates, fees or charges and make it available for public review at the place of business of the governing body and the stormwater utility main office.

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any resolution, order or resolutions supplemental hereto, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Berkeley County Public Service Sewer District (the "Issuer") is a public service district and public corporation of the State of West Virginia in Berkeley County of said State.

B. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain sewage treatment and collection facilities of the Issuer consisting of a new mastermoter treatment plant, gravity sewer and force mains, pump stations and all necessary appurtenances (the "Project") which constitute properties for the collection of liquid or solid wastes, sewage or industrial wastes (the Project, any existing sewage treatment or collection facilities and any additions thereto or extensions thereof, is herein called the "System") at an estimated cost of $15,914,772, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Secretary of the Issuer.

C. The estimated revenues to be derived in each year after the enactment hereof from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds (as hereinafter defined) and all Sinking Fund, Reserve Account and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $5,500,000 in two series, being the Series 1986 A Bonds in the aggregate principal amount of not more than $3,500,000 and the Series 1986 B Bonds in the aggregate principal amount of not more than $2,000,000 (collectively, the "Bonds"), and contemporaneously therewith, or as soon as practicable thereafter, to issue its sewerage system grant anticipation notes or a note or notes evidencing a line of credit, or both (collectively, the "Notes") in the aggregate principal amount of not more than $8,000,000 to finance costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes and the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; engineering and legal expenses; expenses for estimates of cost and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incident to the financing herein authorized, the construction or acquisition of the

Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any commitment fees to the Credit Bank, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or Notes or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority.

G. There are to be issued contemporaneously with the issuance of the Bonds, certain additional Sewer Revenue Bonds, Series 1986 C of the Issuer in the aggregate principal amount of $800,000 (the "Series 1986 C Bonds"), the proceeds of which shall be applied to payment in full of certain outstanding obligations of the Issuer. The Series 1986 C Bonds shall be on a parity with respect to liens and sources of and security for payment therefor with the Series 1986 A Bonds. Except for the Series 1986 C Bonds, there are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bonds as to lien and source of and security for payment. The Series 1986 B Bonds shall be junior and subordinate to both the Series 1986 A Bonds and the Series 1986 C Bonds with respect to liens and sources of and security for payment therefor.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the acquisition, construction and operation of the Project and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity and approval of said financing and user rates and charges from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds and the Notes by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a

contract between the Issuer and such Bondholders and such Noteholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Bonds and Notes, respectively, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series and between any one Note and any other Note, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. (1) The Issuer shall first, each month, transfer from the Revenue Fund and Deposit in the Operation and Maintenance Fund an amount sufficient to pay current Operating Expenses of the System.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing 7 months prior to the first date of payment of interest on the Series 1986 A Bonds for which interest has not been capitalized, apportion and set apart

out of the Revenue Fund and remit to the Commission, for deposit in the Series 1986 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1986 A Bonds on the next ensuing semiannual interest payment date, less any moneys transferred from the Series 1986 A Bonds Reserve Account for the purpose of making interest payments and investment earnings on sums previously deposited in the Series 1986 A Bonds Sinking Fund for the purpose of making interest payments on the Series 1986 A Bonds; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1986 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall also, on the first day of each month, commencing on the first date of payment of interest on the Series 1986 C Bonds, apportion and set apart out of the Revenue Fund and remit to the Paying Agent for the Series 1986 C Bonds, for deposit in the Series 1986 C Bonds Sinking Fund, the amount of interest which becomes due on the Series 1986 C Bonds on such monthly interest payment date.

(4) The Issuer shall also, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1986 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1986 A Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1986 A Bonds on the next ensuing principal payment date, less any moneys transferred from the Series 1986 A Bonds Reserve Account for the purpose of making principal payments and investment earnings on sums previously deposited in the Series 1986 A Bonds Sinking Fund for the purpose of making principal payments on the Series 1986 A Bonds; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1986 A Bonds Sinking Fund and the next annual principal payment date is less than 13 months then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(5) The Issuer shall also, on the first day of each month, commencing on the first date of payment of principal of the Series 1986 C Bonds, apportion and set apart out of the Revenue Fund and remit to the Paying Agent for the Series 1986 C Bonds for deposit in the Series 1986 C Bonds Sinking Fund, the amount of principal which becomes due on the Series 1986 C Bonds on principal payment date.

(6) The Issuer shall also, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1986 A Bonds Reserve Account, an amount equal to 1/120 of the Series 1986 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1986 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1986 A Bonds Reserve Requirement.

(7) From the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the month succeeding the first full calendar month after commencement of operation of the System, transfer to the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of the Series 1986 A Reserve Account in the Series 1986 A Sinking Fund. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiency in the Series A Reserve Account [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03(A)(6)] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(8) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1986 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1986 B Bonds Sinking

Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1986 B Bonds on the next ensuing principal payment date, less any moneys transferred from the Series 1986 B Bonds Reserve Account for the purpose of making principal payments and investment earnings on sums previously deposited in the Series 1986 B Bonds Sinking Fund for the purpose of making principal payments on the Series 1986 B Bonds; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1986 B Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(9) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1986 B Bonds Reserve Account, an amount equal to 1/120 of the Series 1986 B Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1986 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1986 B Bonds Reserve Requirement.

Moneys in the Series 1986 A Bonds Sinking Fund, the Series 1986 B Bonds Sinking Fund and the Series 1986 C Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the respective series of Bonds as the same shall become due. Moneys in the Series 1986 A Bonds Reserve Account and the Series 1986 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 1986 A Bonds Reserve Account and the Series 1986 B Bonds Reserve Account shall be transferred, not less than once each year, to the respective Sinking Fund and applied in full to the next ensuing principal payment due on the respective series of Bonds.

Any withdrawals from the Series 1986 A Bonds Reserve Account which result in a reduction in the balance of the Series 1986 A Bonds Reserve Account to below the Series 1986 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1986 A Bonds Sinking Fund and the Series 1986 C Bonds Sinking Fund for payment of debt service on the Series 1986 A and Series 1986 C Bonds have been made in full.

Any withdrawals from the Series 1986 B Bonds Reserve Account which result in a reduction in the balance of the Series 1986 B Bonds Reserve Account to below the Series 1986 B Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the accounts for the Series 1986 A and Series 1986 C Bonds and the Renewal and Replacement Fund have been made in full.

As and when additional Bonds ranking on a parity with the Series 1986 B Bonds are issued, provision shall be made for additional payments into the Series B Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Series B Reserve Account in an amount equal to the maximum provided and required to be paid into the Series B Sinking Fund in any Fiscal Year for account of all the Series 1986 B Bonds, including such additional Series 1986 B Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1986 A Bonds Sinking Fund, the Series 1986 B Bonds Sinking Fund, the Reserve Accounts therein or into the Series 1986 C Bonds Sinking Fund when the aggregate amount of funds in all said Sinking Funds and said Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds and Series 1986 C Bonds issued pursuant to this Bond Legislation then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 1986 A Bonds and Series 1986 B Bonds Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All amounts required for the Series 1986 C Bonds Sinking Fund shall be remitted to the Paying Agent for the Series 1986 C Bonds.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission or the Paying Agent for the 1986 C Bonds, as required, with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein, and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the Issuer, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund, as defined in the Indenture.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Paying Agent or the Depository Bank, on such dates as the Commission or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and

accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Top Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund.

ARTICLE VI

BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. Any accrued interest received from the sale shall be deposited in the appropriate Sinking Fund and applied to the first interest payment due on the applicable Series of Bonds.

B. The amount of the proceeds which together with the proceeds deposited pursuant to Subsection (A) of this section and together with the earnings thereon, shall be at least sufficient to pay interest, if any, on the applicable Series of Bonds for the period specified in the Supplemental Resolution shall be deposited in the appropriate Sinking Fund; provided, that such period may not extend beyond the date which is 6 months after the estimated date of completion of construction of the Project.

C. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank (which shall also be the Trustee) in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

D. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth herein. Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended, are hereby pledged as additional security for the Bonds. In the event that Grant Anticipation Notes are issued, the disposition of funds in the Bond Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Disbursements from the Bond Construction Trust Fund, except from the costs of issuance thereof which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in qualified investments at the direction of the Issuer.

Whenever the Depository Bankshall have received notice that any Grant has been suspended, terminated or annulled, or a stop-work order has been issued, the Depository Bank shall not make further disbursements from the Bond Construction Trust Fund until it shall have received notice of the lifting of such suspension or stop-work order. Notwithstanding the foregoing provisions of this paragraph, if the Grant which has been suspended, terminated or annulled is a Grant other than the EPA Grant or the WDA Grant, and the Issuer files with the Depository Bank a certificate of the Consulting Engineers reciting the conclusion and demonstrating that the Project can be completed without such other Grant, the Depository Bank shall continue to make disbursements from the Bond Construction Trust Fund.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Revenue Fund.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.04 and Section 7.09 shall not be applied to the Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of any taxing power of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 1986 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System (on a parity with the Series 1986 C Bonds) and payment of the debt service of the Series 1986 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, but such lien shall be junior and subordinate to the liens on said Net Revenues in favor of the Holders of the Series 1986 A Bonds, to the extent necessary to make the payments required under Section 5.03 of this Resolution and in favor of the Holders of the Series 1986 C Bonds, to the extent necessary to make the payments required under the separate resolution pursuant to which the Series 1986 C Bonds are issued. The revenues derived from the System, in an amount

sufficient to pay the principal of and interest on the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided therein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges; Rules. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the Orders of the Public Service Commission of West Virginia entered December 31, 1985 (Case No. 85-185-S-CN), and June 2, 1983 (Case No. 83-082-S-CN).

Section 7.05. Sale of the System. The System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Resolution in accordance with Section 10.01 hereof and, if not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds about to mature. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay in full the Notes shall be remitted to the Trustee for deposit in the Notes Debt Service Fund , to apply to the payment of the Notes, prior to maturity if allowable under the Supplemental Resolution.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such

property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all the Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Notes issued under the Indenture or Supplemental Resolution prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture, the Bond Legislation and the Supplemental Resolution; and, so long as any of the Bonds are Outstanding, the Issuer shall not (except for the Series 1986 C Bonds) issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1986 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations

issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except the Series 1986 C Bonds and such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to both the Series 1986 A Bonds and the Series 1986 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. With the exception of the 1986 Series C Bonds, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

No Parity Bonds shall be issued which shall be payable out of the revenues of the System prior to or on a parity with the Series 1986 A Bonds. All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1986 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that

will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(A) The Bonds and the Series C Bonds then Outstanding;

(B) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(C) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any

one series of Bonds over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of both the Series 1986 A Bonds and the Series 1986 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with either the Series 1986 A Bonds or the Series 1986 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, Parity Bonds may be issued solely for the purpose of completing the Project as described in the loan application submitted to the Authority on the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

C. The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall file said report with the Trustee and the Authority, or any other original purchaser of the Bonds.

Section 7.09. Rates. Prior to the issuance of the Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such

schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. The Issuer shall take the necessary actions with respect to the imposition of rates at such times and with such provisions with respect to interest rate and maturity of the Bonds to finance the issuance of the Bonds as the purchasers thereof shall require. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit in the Reserve Accounts or that reserve accounts for bonds prior to or on a parity with the Bonds are funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. (SPECIMEN SERIES 1986 B BOND)

UNITED STATES OF AMERICA
STATE OF WEST VIRGINIA
BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT
SEWER REVENUE BOND, SERIES 1986 B

No. R-1 $1,638,194

KNOW ALL MEN BY THESE PRESENTS: That BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT, a public corporation of the State of West Virginia in Berkeley County of said State, (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to West Virginia Water Development Authority or registered assigns (the "Payee") the sum of ONE MILLION SIX HUNDRED THIRTY-EIGHT THOUSAND ONE HUNDRED NINETY-FOUR DOLLARS ($1,638,194), in 38 equal annual installments of $43,110.35 each, except for the installment due on October 1, 1988, which shall be in the amount of $43,111.05, on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, without interest.

Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia, through Kanawha Valley Bank, N.A., Charleston, West Virginia, as registrar and paying agent (the "Registrar").

This Bond may be redeemed prior to its stated date of maturity in whole or in part of any time, but only with the express written consent of West Virginia Water Development Authority.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain sewerage collection and transportion facilities of the Issuer (the "Project") and (ii) to pay certain costs of issuance hereof and related costs. This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), a Resolution duly adopted by the Issuer on the 6th day of March, 1986, and a Supplemental Resolution adopted by the Issuer on the 6th day of March, 1986 (collectively called the "Bond Legislation"), and is subject to all the terms and

conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the operation of the System, after there has first been paid from said Net Revenues all payments then due and owing on the Series 1986 A Bonds and Series 1986 C Bonds herein described, moneys in the Reserve Account created under the Bond Legislation for the Bonds of this Series (the "Series 1986 B Bonds Reserve Account"), and unexpended proceeds of the Bonds. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest thereon except from said special fund provided from the Net Revenues, the moneys in the Series 1986 B Bonds Reserve Account and unexpended Bond proceeds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the amount required to pay the maximum amount due in any ensuing fiscal year of principal of and interest on all obligations payable from such revenues, provided however, that so long as there exists in the Series 1986 B Bonds Reserve Account and the reserve account established for the Series A Bonds, or any other obligations outstanding prior to or on a parity with the Series 1986 A or Series 1986 B Bonds (excluding the Series 1986 C Bonds), sufficient moneys to pay the maximum amount of principal and interest which will become due on such bonds in any succeeding fiscal year, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

This Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the Payee, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer

satisfactory to the Bond Registrar duly executed by the Payee or its attorney duly authorized in writing.

This Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the payment of the Costs of the Project described in the Bond Legislation or to the appurtenant sinking fund, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the holder of the Bonds, which lien is subordinate to the lien thereon in favor of the holders of the Series 1986 A Bonds.

THIS BOND IS JUNIOR AND SUBORDINATE WITH RESPECT TO LIENS, PLEDGES AND SOURCES OF AND SECURITY FOR PAYMENT TO THE OUTSTANDING SEWER REVENUE BONDS, SERIES 1986 A, OF THE ISSUER, ISSUED CONCURRENTLY HEREWITH AND DESCRIBED IN THE BOND LEGISLATION (THE "SERIES 1986 A BONDS") AND THE OUTSTANDING SEWER REVENUE BONDS, SERIES 1986 C, OF THE ISSUER, ALSO ISSUED CONCURRENTLY HEREWITH AND DESCRIBED IN THE SEPARATE RESOLUTION AUTHORIZING SUCH ISSUE (THE "SERIES 1986 C BONDS").

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT has caused this Bond to be signed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, and has caused this Bond to be dated March 7, 1986.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Berkeley County Public Service Sewer District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Berkeley County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements for the existing sewerage facilities of the Issuer, consisting of acquisition and construction of collection lines, pumping stations, standby generators, force mains and laterals to serve the Highway 9 and Grapevine Road areas of Berkeley County, West Virginia, together with all appurtenant facilities (collectively, the "Project") which constitute properties for the collection and transportation of liquid or solid wastes, sewage or industrial wastes (the existing sewerage facilities, the Project and any further additions thereto or extensions thereof is herein called the "System") at an estimated cost of $2,286,294, in accordance with the plans and specifications prepared by Howard Needles Tammen & Bergendoff, Charleston, West Virginia and amendments thereto prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Bonds and all Sinking Funds, Reserve Accounts and other payments provided for herein and in the Prior Resolution, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $1,300,000 in two series, being the Series 1990 A Bonds in the aggregate principal amount of not more than $1,000,000, and the Series 1990 B Bonds in the aggregate principal amount of not more than $300,000 (collectively, the "Original Bonds"), and (at the option of the Issuer) to issue its sewerage system bond anticipation notes prior to issuance of the Original Bonds and contemporaneously therewith, or as soon as practicable thereafter, to issue its sewerage system grant anticipation notes, and/or a note or notes evidencing a line of credit, or any combination of the foregoing (collectively, the "Notes") in the aggregate principal amount of not more than $1,500,000 to temporarily finance costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes during the term thereof and upon the Bonds prior to and during construction or acquisition and

for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any fees for the providing of a letter of credit, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or Notes or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution.

G. There are outstanding obligations of the Issuer which will rank either senior and prior to, on parity with or junior and subordinate to the Bonds as to liens and sources of and security for payment, which obligations are designated and have the lien positions, together with the Bonds as follows:

Designation	Lien Position
Sewer Revenue Bonds, Series 1986 A, dated March 7, 1986, issued in the original aggregate principal amount of $3,290,658 (the "Series 1986 A Bonds")	First Lien

The Series 1986 A Bonds, Series 1986 C Bonds and Series 1990 A Bonds are hereinafter collectively called the "First Lien Bonds" and the Series 1986 B Bonds and Series 1990 B Bonds are hereinafter collectively called the "Second Lien Bonds."

The Series 1990 A Bonds shall be issued on parity with the Series 1986 A Bonds and Series 1986 C Bonds and senior and prior to the Series 1990 B Bonds and the Series 1986 B Bonds with respect to liens, pledges and sources of and security for payment and in all other respects. H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Public Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Bonds or any of the Notes or such final order will not be subject to appeal.

I. The Issuer has received the written consent of the Authority to issuance of the Original Bonds with lien positions with respect to the Prior Bonds as set forth in paragraph G of this Section 1.02.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Original Bonds and the Notes by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders and such Noteholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Original Bonds and Notes, respectively, all which shall be of equal rank and without preference, priority or distinction between any one Original Bond of a series and any other Original Bonds of the same series and between any one Note of a series and any other Note of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Except with respect to transfers to the Rebate Fund, any withdrawals from the Series 1990 A Bonds Reserve Account which result in a reduction in the balance of the Series 1990 A Bonds Reserve Account to below the Series 1990 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full, first, to the Prior Bonds Sinking Fund for payment of debt service on the Prior Bonds and next, to the Series 1990 A Bonds Sinking Fund for payment of debt service on the Series 1990 A Bonds.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1990 A Bonds Sinking Fund, or the Series 1990 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

Principal and interest payments, and any payments made for the purpose of funding a deficiency in any Reserve Account, shall be made pro-rata, with respect to the Series 1986 A, Series 1986 C and Series 1990 Bonds in accordance with the respective principal amounts then Outstanding, and thereafter shall be made pro-rata, with respect to the Series 1986 B and Series 1990 B Bonds in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund, the Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein, the Sinking Fund established for the Prior Bonds and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Renewal and Replacement Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System, provided that, in the event Notes are issued, Tap Fees may, with the written consent of the Authority be deposited otherwise.

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1990 A Bonds Reserve Account, and when fully funded to the Series 1990 B

Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1990 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1990 B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, and to the extent they do not materially adversely affect Bondholders, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.09 shall not be applied to the Grant Anticipation Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 1990 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Net Revenues derived from the operation of the System, on parity with the lien on said Net Revenues in favor of the Holders of the Series 1986 A Bonds and Series 1986 C Bonds, and senior and prior to the lien on said Net Revenues in favor of the Holders of the Series 1986 B Bonds and the Series 1990 B Bonds. Payment of the debt service of the Series 1990 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, on parity with the lien on said Net

Revenues in favor of the Holders of the Series 1986 B Bonds and junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1986 A Bonds, Series 1986 C Bonds and the Series 1990 A Bonds. The Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Order of the Public Service Commission of West Virginia entered September 15, 1989, (Case No. 88-579-S-CN), and such rates are hereby adopted.

Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Bond Legislation in accordance with Section 10.01 hereof and, if entered into and not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay the Notes in full shall be applied to the payment of the Notes, either at maturity or, if allowable under the Supplemental Resolution or Indenture, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to

be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Notes issued under the Indenture or supplemental resolution prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture and the Bond Legislation; and, so long as any of the Bonds are

Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1990 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1990 A Bonds and the Series 1990 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1990 B Bonds. No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1990 A Bonds, unless the Series 1990 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the

System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Prior Bonds and any other obligations with a lien on the Net Revenues prior to that of the Bonds;

(2) The Bonds then Outstanding;

(3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1990 A Bonds and the Series 1990 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1990 A Bonds or the Series 1990 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart

from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall submit said report to the Trustee and the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a

statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds (including the Prior Bonds) are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and

recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee and the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The

Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the

Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the

Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying

arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Original Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective Series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1990 A Bonds shall be on parity with the

statutory mortgage lien in favor of the Holders of the Series 1986 A Bonds and Series 1986 C Bonds and senior and prior to the statutory mortgage lien in favor of the Holders of the Series 1986 B Bonds and Series 1990 B Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation or the Indenture, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, and the Indenture, if any, the need for such moneys for the purposes set forth herein and in the Indenture, if any, and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

Except as provided in the Indenture, if any, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account, except as otherwise provided with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Trustee, if any, and the Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the

Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause the Original Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Original Bonds) so that the interest on the Original Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Original Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Original Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder or under the Indenture, if any, and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at

the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception therefrom, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Original Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Note or Bond, as the case may be, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Notes or Bonds, as the case may be, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Notes or Bonds, as the case may be, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Notes or Bonds, or the rights of such Registered Owners, provided however, that no remedy herein stated may be exercised by a Noteholder in a manner which adversely affects any remedy available to the Bondholders, and provided further, that all rights and remedies of the Holders of the Series 1990 B Bonds and the Series 1986 B Bonds shall be subject to those of the Holders of the Series 1990 A Bonds, the Series 1986 A Bonds and the Series 1986 C Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond, a Bond Anticipation Note or a line of credit evidenced by a Bond Anticipation Note may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, Bond Anticipation Notes or a line of credit evidenced by a Bond Anticipation Note any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate

and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

The interest on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning October 1, 1990. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated May 3, 1990.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain additions, betterments and improvements for the existing sewerage facilities of the Issuer (the "Project"); (ii) to pay interest on the Bonds of this Series (the "Bonds") during the construction of the Project and for not more than 6 months thereafter; (iii) to pay certain costs of issuance hereof and related costs. BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF BERKELEY COUNTY PUBLIC SERVICE SEWER DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Berkeley County Public Service Sewer District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Berkeley County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to

the existing public sewerage facilities of the Issuer, consisting of the expansion and upgrade of the Baker Heights wastewater treatment plant, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewerage facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System") at an estimated cost of $4,624,373, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Bonds, and to make payments into all Sinking Funds, Reserve Accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds, Series 1994 A (West Virginia Water Development Authority), in the total aggregate principal amount of not more than $494,288 (the "Series 1994 A Bonds"), initially to be represented by a single bond to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 1994 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 1994 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1994 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1994 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 1994 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered

into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank either on a parity with or junior and subordinate to the Series 1994 A Bonds as to liens, pledge and source of and security for payment, which obligations are designated and have the lien positions with respect to the Series 1994 A Bonds as follows:

The Certificate of Authentication and Registration on any Series 1994 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 1994 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 1994 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 1994 A Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 1994 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Series 1994 A Bonds Sinking Fund and the Series 1994 A Bonds Reserve Account. No holder or holders of the Series 1994 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 1994 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of all the Series 1994 A Bonds

shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on such Net Revenues in favor of the Holders of the First Lien Bonds and senior and prior to the lien on such Net Revenues in favor of the Holders of the Second Lien Bonds and the Notes. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Prior Bonds and the Series 1994 A Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Except with respect to any transfers to the Rebate Fund permitted hereunder, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 1994 A Bonds.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund (except for the costs of issuance of the Series 1994 A Bonds which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, and all Costs of the Project have been paid, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1994 A Bonds Reserve Account, provided that, in no event shall more than 10% of the proceeds from the sale of the Series 1994 A Bonds be deposited in the Series 1994 A Bonds Reserve Account, and when such Reserve Account is fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payment due on the Series 1994 A Bonds and thereafter to the next ensuing principal payment due thereon.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 1994 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 1994 A Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 1994 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 1994 A Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 1994 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of the Series 1994 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System, on a parity with the lien on such Net Revenues in favor of the Holders of the First Lien Bonds and senior and prior to the lien on such Net Revenues in favor of the Holders of the Second Lien Bonds and the Notes. The Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 1994 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered August 23, 1994, in Case No. 93-0619-PSD-CN, and such rates are hereby adopted.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority. Additionally, so long as the Series 1994 A Bonds are outstanding and

except as otherwise required by law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1994 A Bonds, immediately be remitted to the Commission for deposit in the Series 1994 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Series 1994 A Bonds. Any balance remaining after the payment of the Series 1994 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the

form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 1994 A Bonds. All obligations issued by the Issuer after the issuance of the Series 1994 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 1994 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 1994 A Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Series 1994 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 1994 A Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1994 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions and improvements to the System or refunding the Series 1994 A Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the

Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and

security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 1994 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1994 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Parity Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of the Parity Bonds.

Section 7.08. Books; Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, or its agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority, or its agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Authority, or any other original purchaser of the Series 1994 A Bonds, and shall mail in each year to any Holder or Holders of the Series 1994 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 1994 A Bonds, and shall submit said report to the Authority, or any other original purchaser of the Series 1994 A Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

The Issuer shall permit the Authority, or its agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority, or its agents and representatives, with access to the System site and System

facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the System pursuant to the Act.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 1994 A Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1994 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 1994 A Bonds Reserve Account and any reserve accounts for obligations prior to or on a parity with or junior to the Series 1994 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 1994 A Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1994 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget; Audit and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all

resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an Independent Certified Public Accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement as Exhibit C, and forward a copy of such report to the Authority by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer agrees that qualified operating personnel properly certified by the State will be employed to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all Federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia necessary for the acquisition and construction of the Project and the operation of the System.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1994 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 1994 A Bonds during the term thereof is, under the terms of the Series 1994 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1994 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1994 A Bonds during the term thereof is, under the terms of the Series 1994 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 1994 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 1994 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1994 A Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 1994 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1994 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 1994 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account except as otherwise provided herein with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest on the Series 1994 A Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 1994 A Bonds which would cause the Series 1994 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Series 1994 A Bonds) so that the interest on the Series 1994 A Bonds will be and remain excluded from gross income for

Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1994 A Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1994 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer

fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1994 A Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 1994 A Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority including information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 1994 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on the Series 1994 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 1994 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 1994 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the First Lien Bonds or the resolutions authorizing the First Lien Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided that, all rights and remedies of the Holders of the Series 1994 A Bonds shall be on a parity with the Holders of the First Lien Bonds and senior to the Holders of the Second Lien Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and

charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

DEFEASANCE

Section 10.01. Defeasance of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of the Series 1994 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1994 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Series 1994 A Bonds from gross income for federal income tax purposes.

All Series 1994 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of and interest due and to become due on said Series 1994 A Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 1994 A Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.
