Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Burnsville (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Braxton County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain extensions, additions, betterments and improvements to the existing public waterworks facilities of the Issuer to construct additions and improvements to its waterworks distribution system, consisting of improvements to the water distribution system, including a new 157,000 gallon water tank, and water extension to Burnsville area in Braxton County, with all necessary

appurtenances (the "Project") (the existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Recorder of the Issuer.

C. The Issuer intends to permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Infrastructure Fund (the "Infrastructure Fund") for the West Virginia Infrastructure and Jobs Development Council (the "Council") pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2015 A (West Virginia Infrastructure Fund) in the total aggregate principal amount of not more than \$2,636,300 in one or more series (the "Series 2015 A Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2015 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the Council, in form satisfactory to the respective parties, to be approved hereby if not previously approved by resolution of the Issuer.

G. There are no outstanding obligations of the Issuer which will rank on a parity with the Series 2015 A Bonds as to liens, pledge, source of and security for payment.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Series 2015 A Bonds and to make payments into all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law, the Loan Agreement (hereinafter defined) relating to authorization of the acquisition, construction and operation of

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and remit to the Commission commencing 4 months prior to the first date of payment of interest of the Series 2015 A Bonds, for deposit in the Series 2015 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will mature and become due on the Series 2015 A Bonds on the next ensuing quarterly interest payment date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2015 A Bonds Sinking Fund and the next quarterly interest payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission commencing 4 months prior to the first date of payment of principal of the Series 2015 A Bonds, for deposit in the Series 2015 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2015 A Bonds on the next ensuing quarterly principal payment date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2015 A Bonds Sinking Fund and the next quarterly principal payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission, commencing 4 months prior to the first date of payment of principal of the Series 2015 A Bonds, if not fully funded upon issuance of the Series 2015 A Bonds, for deposit in the Series 2015 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2015 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 2015 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2015 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, pay current Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, from the monies remaining in the Revenue Fund, transfer to the Renewal and Replacement Fund, a sum equal to 2.5% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for

replacements, repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Series 2015 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2015 A Bonds, as the same shall come due, when other monies in the Series 2015 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2015 A Bonds Sinking Fund and the Series 2015 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2015 A Bonds Construction Trust Fund, and following completion thereof, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2015 A Bonds.

Any withdrawals from the Series 2015 A Bonds Reserve Account, which result in a reduction in the balance of such accounts to below the Reserve Requirements thereof, shall be restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2015 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2015 A Bonds Sinking Fund or the Series 2015 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2015 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2015 A Bonds Sinking Fund and the Series 2015 A Bonds Reserve Account, created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2015 A Bonds Sinking Fund and the Series 2015 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2015 A Bonds Sinking Fund and the Series 2015 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2015 A Bonds under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 2015 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

D. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

E. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

G. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2015 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2015 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2015 A Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2015 A Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2015 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2015 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues. The payment of the debt service on the Series 2015 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System. The Gross Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds, and to make all other payments hereinafter set forth, are hereby irrevocably pledged to such payments as they become due.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer enacted December 23, 2014 which rates are incorporated herein by reference as a part hereof.

So long as the Series 2015 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2015 A Bonds shall prove to be insufficient to produce the amounts required by this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the amounts required by this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Series 2015 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as

a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Series 2015 A Bonds Sinking Fund, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2015 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Series 2015 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Governing Body may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the source fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2015 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2015 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2015 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a

parity with the lien of the Series 2015 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2015 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. No additional Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2015 A Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

No such additional Parity Bonds shall be issued except for the purposes of financing the costs of the acquisition and construction of extensions, additions, betterments or improvements to the System, refunding all or a portion of one or more series of Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

So long as the Series 2015 A Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any additional Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the

System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Ordinance.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to the lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Ordinance with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance, shall have been made in full as required to the date of issuance of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Ordinance.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project; the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the Council, or any other original purchaser of the Series 2015 A Bonds and shall mail in each year to any Holder or Holders of the Series 2015 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2015 A Bonds and shall submit the report to the Authority and the Council, or any other original purchaser of the Series 2015 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that notes whether the results of test disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer or the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority or the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2015 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Recorder of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2015 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2015 A Bonds; provided, that in the event that, an amount equal to or in excess of the Reserve Requirement is on deposit in the Series 2015 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2015 A Bonds are funded at least at the requirement therefor, such sum need only equal 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2015 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2015 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the Council and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her, within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water system is not owned by the Issuer, the Issuer will, to the extent allowed by law, use diligent efforts to enter into a similar termination agreement with the provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders thereof.

Section 7.14. No Free Services. Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund

or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2015 A Bonds are Outstanding and as long thereafter as necessary to comply with the Code and to assure the exclusion of interest, if any, on the Series 2015 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate and Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2015 A Bonds as a condition to issuance of the Series 2015 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2015 A Bonds as may be necessary in order to maintain the status of the Series 2015 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2015 A Bonds which would cause any bonds, the interest, if any, on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2015 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2015 A Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2015 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on the Series 2015 A Bonds; or

(2) If default occurs in the Issuer or the Issuer's observance of any of the covenants, agreements or conditions on their respective parts relating to the Series 2015 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2015 A Bonds, and such default shall have continued for a period of 30 days after the Issuer or Issuer, as appropriate, shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer or Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner or Bondholder of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners or Bondholders including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners or Bondholders of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer or the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers herein above conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

ARTICLE XI

Section 11.01. Amendment or Modification of Bond Legislation. Prior to issuance of the Series 2015 A Bonds, this Ordinance may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2015 A Bonds, no material modification or amendment of this Ordinance, or of any ordinance, resolution or order amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 2015 A Bonds shall be made without the consent in writing of the Registered Owners of the Series 2015 A Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of the Series 2015 A Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the funds herein pledged therefor without the consent of the Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of the Series 2015 A Bonds required for consent to the above-permitted amendments or modifications. ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve

Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

West Virginia Infrastructure and
Jobs Development Council

West Virginia Water Development Authority
1009 Bullitt Street
Charleston, WV 25301

Ladies and Gentlemen:

We are bond counsel to _____ (the
“Governmental Agency”), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the “Loan Agreement”), between the Governmental Agency and the West Virginia Water Development Authority (the “Authority”), on behalf of the West Virginia Infrastructure and Jobs Development Council (the “Council”), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, _____ (the “Local Bonds”), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$_____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the “Schedule Y” attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the “Local Statute”), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the “Local Act”), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. - Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

TOWN OF BURNSVILLE,
a municipality, Braxton County.

Application for a certificate of convenience and necessity to make improvements to its water distribution system, including the construction of a new 157,000 gallon water tank, and a water line extension project to provide water service to 85 new customers.

RECOMMENDED DECISION

This Order approves the Town's application for a certificate of convenience and necessity to make improvements to its existing waterworks system and a water line extension project and approves the financing for the project which consists of a Small Cities Block Grant in the amount of \$1,500,000, a West Virginia Infrastructure and Jobs Development Council grant in the amount of \$600,000 and a West Virginia Infrastructure and Jobs Development Council loan in the amount of \$2,410,063 for a term of 40 years at 1% interest.

PROCEDURE

On April 6, 2015, the Town of Burnsville (Town) filed an application for a certificate of convenience and necessity to construct improvements to its water distribution system, including the construction of a new 157,000 gallon water tank and a water line extension to provide water service to 85 new customers in the vicinity of Burnsville, Braxton County, West Virginia.

By Commission Order dated April 8, 2015, the Town was ordered to give notice of its filing by publishing a Notice of Filing once in a qualified newspaper, as provided in W. Va. Code §59-3-1 et seq., published and of general circulation in counties where service is provided, making due return to the Commission of a proper certification of publication within thirty days of the date of publication. The Town was also ordered, within thirty days of the date of the Order, to separately mail Form No. 14.1 Notice of Filing to each of its resale customers, via certified mail, return receipt requested, and make due return to the Commission of its affidavit as proper certification that the notice was provided.

KAB

By Commission Order dated April 14, 2015, the proceeding was referred to the Division of Administrative Law Judges with a decision due date of on or before August 19, 2015, if there was no substantial protest to the application within thirty days after the required notice was provided, and if substantial protest was received within thirty days after the required notice was provided, on or before September 18, 2015.

On April 20, 2015, the Town filed a copy of the certified mail receipt which reflected that the Notice of Filing had been sent to the Flatwood - Canoe Run Public Service District by certified mail. The Town also filed its draft Bond Ordinance as a supplement to its application.

By Procedural Order dated April 22, 2015, the Town was required to file an affidavit of publication and Staff was required to file its Initial Joint Staff Memorandum on or before May 11, 2015 and its final substantive recommendation on or before July 6, 2015.

On April 28, 2015, Staff filed its first data request to the Town.

On April 28, 2015, Staff Attorney Chris Howard filed the Initial Joint Staff Memorandum to which was attached the April 27, 2015 Utilities and Engineering Divisions Initial Memorandum prepared by Karen L. Buckley, Utilities Analyst II, Utilities Division, and Jonathan Fowler, P.E., Engineering Division. Staff reported on the application and additional information which was needed for Staff's review.

On May 7, 2015, the Town filed its response to Staff's first data request.

On May 21, 2015, the Town filed a letter and requested expedited treatment of its application.

On May 21, 2015, the Town filed affidavits of publication which reflected that the Notice of Filing was published in The Braxton Democrat-Central on April 16, 2015; The Braxton Citizens' News on April 14, 2015; The Weston Democrat on April 15, 2015; and The Glenville Democrat on April 16, 2015.

On July 2, 2015, Staff Attorney Howard filed the Final Joint Staff Memorandum to which was attached the June 25, 2015 Utilities and Engineering Divisions Final Recommendation prepared by Ms. Buckley and Mr. Fowler. Staff reported that on April 7, 2015, the Town had filed an application for a certificate of convenience and necessity to make improvements to its existing waterworks system, including the construction of a new 157,000 gallon water tank. The project would add 85 new customers. The published estimated cost of construction for the project was \$4,137,000 and was to be funded by a Small Cities Block Grant of \$1,500,000, a \$600,000 West Virginia Infrastructure and Jobs Development Council grant and a West Virginia Infrastructure and Jobs Development Council loan of \$2,037,000 for a term of 40 years at 1% interest.

The Town passed a rate ordinance on December 23, 2015, which became effective on February 6, 2015. The Town's rates and charges related to the project will produce approximately

\$77,331 annually in additional revenue, an increase of \$77,331. The across-the-board rate increase of 16% is to become effective upon substantial completion of the project.

Staff reported that the actual current cost of the project is \$4,510,063 and has an estimated construction cost of \$3,568,213. The project is to be financed with a \$1,500,000 Small Cities Block Grant, a \$600,000 West Virginia Infrastructure and Jobs Development Council grant and a \$2,410,063 West Virginia Infrastructure Jobs Development Council loan (40 years at 1% interest rate, annual payment of \$76,260).

The proposed project includes a water line extension to provide service to approximately 85 new customers in the Long Shoal/Route 5 and Orlando/County Route 1 areas. The proposed project also includes improvements to the existing water treatment plant, repair/repainting one existing water storage tank and the construction of a new storage tank (157,000 gallons). A key river crossing line and backwash pump will also be replaced and new telemetry equipment will be installed.

Staff opined that the estimated construction cost of \$9,660 per customer is acceptable. Customer density of 7.8 customers per mile of main is also acceptable. Staff also opined that the engineering fees are within the customary range for recent projects of comparable scope and complexity. The proposed improvements are necessary to insure the safety and reliability of the small water system. The line extensions to serve approximately 85 new customers are necessary because the residents in the area commonly experience water quality and quantity problems. The project is also in the public interest because it enhances public safety by improved fire protection and reduced health risks. The project will also positively impact the area's long-term economic viability and positively enhance the residents' lives with a reliable source of safe water.

Engineering Staff opined that the Town's estimated annual O&M increase of \$3,083 due to the project is a reasonable and not excessive amount.

Engineering Staff recommended approval of the project without specifically approving the project plans and specifications. Engineering Staff also opined that the case was sufficiently mature with respect to permits and approvals to allow the Commission to act upon the application.

Staff's cash flow analysis reveals that the Town will have a cash surplus of \$52,602 and debt service coverage of 186.29% which satisfies the required 115% bond coverage.

Although Staff made a project adjustment for depreciation, the Town's cash flow analysis did not reflect a specific provision for funding the working cash reserve related to Senate Bill 234. Staff did not undertake an analysis to determine whether any additional funds are needed because the Town did not include a provision for those funds in its adopted rates. Staff recommended that, if the Town determines that an increase in rates is needed to fund its working cash requirement under Senate Bill 234, the Town should adopt a rate ordinance including those funds.

In summation, Staff recommended that, pursuant to West Virginia Code §24-2-11, the Town's certificate of convenience and necessity for improvements to its water distribution system, including the construction of a new 157,000 gallon water tank, and a water line extension project to provide water service to 85 new customers in and around Burnsville, Braxton County, West Virginia, be approved, including approval of project funding in the amount of \$4,510,063 consisting of a \$2,410,063 West Virginia Infrastructure and Jobs Development Council loan (1% interest, 40 years, 115%), a \$600,000 West Virginia Infrastructure and Jobs Development Council grant and a \$1,500,000 Small Cities Block Grant.

On July 9, 2015, the Town filed a letter and indicated that it concurred with Staff's recommendations.

As of the date of this Order, no protests have been filed.

FINDINGS OF FACT

1. The Town of Burnsville filed an application with the Commission under West Virginia Code §24-2-11 for a certificate of convenience and necessity to make improvements to its water distribution system, including the construction of a new 157,000 gallon water tank and a water line extension project to provide water service to 85 new customers. (Filing dated April 6, 2015).
2. The Town estimates the project will cost \$4,510,063 and is to be financed by a Small Cities Block Grant in the amount of \$1,500,000, a West Virginia Infrastructure and Jobs Development Council grant in the amount of \$600,000 and a West Virginia Infrastructure and Jobs Development Council loan in the amount of \$2,410,063 with a term of 40 years and a 1 percent interest rate. (Filing dated April 6, 2015; Final Joint Staff Memorandum with attachment filed July 2, 2015).
3. The Town filed publication affidavits which showed that the Notice of Filing was published on April 14, 2015 in The Braxton Citizens' News, a qualified newspaper published and generally circulated in Braxton County; on April 15, 2015 in The Weston Democrat, a qualified newspaper published and generally circulated in Lewis County; on April 16, 2015 in The Braxton Democrat, a qualified newspaper published and generally circulated in Braxton County; and on April 16, 2015 in The Glenville Democrat, a qualified newspaper published and generally circulated in Gilmer County. (Filing dated May 21, 2015).
4. The Town filed a certified mail receipt which reflected that the Notice of Filing was served upon Flatwoods-Canoe Run Public Service District on April 13, 2015. (Filing dated April 20, 2015).
5. The proposed improvements are necessary to insure the safety and reliability of the Town's small water system. The line extensions to serve approximately 85 new customers are necessary because the residents in the area commonly experience water quality and quantity problems. The project is also in the public interest because it enhances public safety by improved

fire protection and reduced health risks. The project will also positively impact the area's long-term economic viability and positively enhance the residents' lives with a reliable source of safe water. (Final Joint Staff Memorandum with attachment filed July 2, 2015).

6. Engineering Staff's review of the plans and other technical documents reveals no apparent conflicts with the Commission's Water Rules. Engineering Staff opined that the case was sufficiently mature with respect to permits and approvals to allow the Commission to act upon the application. (*Id.*).

7. The Town's estimated annual increase of \$3,083 in O&M due to the project is reasonable and not excessive. Additionally, the estimated construction cost per customer (\$9,660) and customer density of 7.8 customers per mile of main are acceptable. (*Id.*).

8. The Town passed a rate ordinance on December 23, 2015 (effective February 6, 2015) which is to go into effect upon substantial completion of the project. Upon implementation of the project rates, the Town will have a surplus of \$52,602 and debt service coverage of 186.29% which satisfies the required 115% bond coverage. (*Id.*).

9. The Town's cash flow analysis did not reflect a specific provision for funding the working cash reserve pursuant to Senate Bill 234 and Staff did not analyze whether any additional funds are needed. Staff indicated that, if the Town determined that it needed an increase in rates to fund its working cash requirement under Senate Bill 234, the Town should adopt a rate ordinance including those funds. (*Id.*).

10. Staff recommended *inter alia* that, pursuant to West Virginia Code §24-2-11, the Town's certificate of convenience and necessity for improvements to its water distribution system, including the construction of a new 157,000 gallon water tank, and a water line extension project to provide water service to 85 new customers in and around Burnsville, Braxton County, West Virginia, be approved, including approval of project funding in the amount of \$4,510,063 consisting of a \$2,410,063 West Virginia Infrastructure and Jobs Development Council loan (1% interest, 40 years, 115%), a \$600,000 West Virginia Infrastructure and Jobs Development Council grant and a \$1,500,000 Small Cities Block Grant. (*Id.*).

CONCLUSIONS OF LAW

1. The public convenience and necessity require the issuance of a certificate of convenience and necessity to the Town of Burnsville to make improvements to its water distribution system, including the construction of a new 157,000 gallon water tank and a water line extension project to provide water service to 85 new customers. Approval of the project is contingent upon the filing of any outstanding permits and clearances.

2. It is reasonable to approve the financing for the project which consists of a \$2,410,063 West Virginia Infrastructure and Jobs Development Council loan (1% interest, 40 years, 115%), a \$600,000 West Virginia Infrastructure and Jobs Development Council grant and a \$1,500,000 Small Cities Block Grant.

3. The Town passed a water rate ordinance on December 23, 2014, which became effective on February 6, 2015. Those rates, which are sufficient to support the project, will become effective upon substantial completion of the project.

ORDER

IT IS, THEREFORE, ORDERED that the application for a certificate of public convenience and necessity filed with the Commission on April 6, 2015, by the Town of Burnsville pursuant to West Virginia Code §24-2-11, to make improvements to its existing water works system, including the construction of a new 157,000 gallon water tank, and to add 85 new customers, be, and hereby is, granted.

IT IS FURTHER ORDERED that the proposed \$4,510,063 financing for the project comprised of a \$2,410,063 West Virginia Infrastructure and Jobs Development Council loan (1% rate of interest for a term of 40 years and a 115% bond coverage), a \$600,000 West Virginia Infrastructure and Jobs Development Council grant, and a \$1,500,000 Small Cities Block Grant, be, and hereby is, approved.

IT IS FURTHER ORDERED that, should the scope, plans or financing for the project change, the Town of Burnsville, must obtain prior Commission approval before commencing construction. Changes in project cost do not require separate approval if those changes do not affect rates and the Town submits an affidavit from a certified public accountant to this effect.

IT IS FURTHER ORDERED that, within ten days from the date the bids are tabulated, the Town of Burnsville submit a copy to the Commission of the project bids for all contracts or vendor bids associated with the project, making the bids a part of the Commission's file in this case.

IT IS FURTHER ORDERED that, prior to commencing construction, the Town of Burnsville file a copy with the Commission of all permits, certificates and other documentation required from other governmental agencies and authorities.

IT IS FURTHER ORDERED that, within ten days of receipt of the certificate of substantial completion, the Town of Burnsville notify the Commission when the project engineer has performed the substantial completion inspection and file with the Commission a copy of the certificate of substantial completion for all contracts or vendor bids associated with the project.

IT IS FURTHER ORDERED that, if this project requires the use of Division of Highways' rights-of-way, the Town of Burnsville comply with all rules and regulations of the Division of Highways regarding the use of those rights-of-way.

IT IS FURTHER ORDERED that this matter be, and hereby is, removed from the Commission's docket of open cases.

The Executive Secretary is ordered to serve this Order upon the Commission and its Staff by hand delivery, upon all parties of record who have filed an e-service agreement with the Commission by electronic service and upon all other parties by United States Certified Mail, return receipt requested.

Leave is granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen days of the date of this Order. If exceptions are filed, the parties filing exceptions shall certify that all parties of record have been served the exceptions.

If no exceptions are filed, this Order shall become the Order of the Commission, without further action or order, five days following the expiration of the fifteen day time period, unless it is ordered stayed by the Commission.

Any party may request waiver of the right to file exceptions by filing an appropriate petition in writing with the Executive Secretary. No such waiver, however, will be effective until approved by order of the Commission.

Water Revenue Bonds, Series 2015 A
(West Virginia Infrastructure Fund)

Town of Burnsville
Burnsville, West Virginia

West Virginia Water Development Authority
Charleston, West Virginia

West Virginia Infrastructure and Jobs Development Council
Charleston, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Town of Burnsville (the "Issuer"), a municipal corporation and political subdivision organized and existing under the laws of the State of West Virginia, of its \$2,410,063 Water Revenue Bonds, Series 2015 A (West Virginia Infrastructure Fund), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated November 20, 2015, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority") on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal and interest to the Authority, bearing interest at a rate of 1.0% per annum, with principal and interest payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing September 1, 2017, to and including September 1, 2055, all as set forth in "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 19 and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public water system of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Ordinance duly enacted by the Issuer on October 13, 2015, as supplemented by a Supplemental Resolution duly adopted by the Issuer on November 9, 2015 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to enact the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Gross Revenues of the System.

5. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality, political subdivision or agency thereof, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from gross income for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Steptoe & Johnson PLLC
Charleston, West Virginia

Ladies and Gentlemen:

We are counsel to the Town of Burnsville in Braxton County, West Virginia (the "Issuer"), in connection with the above-captioned bond issue. As such counsel, we have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a loan agreement dated November 20, 2015, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority") on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), a Bond Ordinance duly enacted by the Issuer on October 13, 2015, as supplemented by a Supplemental Resolution duly adopted by the Issuer on November 9, 2015 (collectively, the "Bond Legislation"), and other documents relating to the above-captioned Bonds of the Issuer (the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

We are of the opinion that:

1. The Issuer has been duly created and is validly existing as a municipal corporation and political subdivision of the State of West Virginia, and the Mayor, Recorder and members of the council of the Issuer have been duly and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.

2. The Bond Legislation has been duly adopted and enacted by the Issuer and is in full force and effect.

3. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, and the Council constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.

4. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all permits, licenses, approvals, exemptions, consents, registrations, certificates and authorizations required by law for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders and approvals from the West Virginia Bureau for Public Health, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of ordinance dated December 23, 2014 prescribing such rates and charges. Such ordinance is in full force and effect.

6. The Issuer has received the Recommended Decision of the Public Service Commission of West Virginia entered on July 10, 2015, which became Final Order on July 30, 2015, in Case No. 15-0530-W-CN, granting the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. Such Order remains in full force and effect.

7. To the best of our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Gross Revenues therefor.

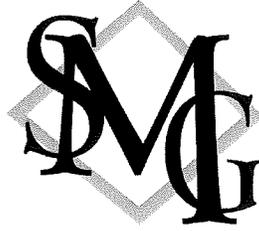

8. We have ascertained that all successful bidders have provided the drug-free workplace affidavit, submitted their drug free workplace plan, and the contracts contain language that complies with the Drug Free Workplace Act, Article 1D, Chapter 21 of the West Virginia Code. All successful bidders have made required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon our review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, We are of the opinion that such surety bonds and policies (i) are in compliance with the contracts; (ii) are adequate in form, substance and amount to protect the various interests of the Issuer; (iii) have been executed by duly authorized representatives of the proper parties; (iv) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (v) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Re: Town of Burnsville Water Extension and
Improvement Project
IJDC Project No.: 2013W-1405
Braxton County

Dear Mr. Ellars:

This firm represents the Town of Burnsville District (hereinafter "Burnsville") as Local Counsel and PSC Counsel in the above-referenced Project, and provides this final title opinion on behalf of Burnsville to satisfy the requirements of the West Virginia Infrastructure & Jobs Development Council with regard to the financing proposed for the Project. As such, please be advised of the following:

1. That we are of the opinion that the Town of Burnsville is a duly created and existing municipality possessed with all powers and authority granted to municipalities under the laws of the State of West Virginia and has the full power and authority to construct, operate and maintain the Project as set forth in the Final Recommended Decision (Case No. 15-0530-W-CN) of the Public Service Commission of West Virginia granting a Certificate of Convenience and Necessity to the City for the Project.
2. That Burnsville has obtained all necessary permits and approvals for the construction of the Project.

3. That we have investigated and ascertained the location of and am familiar with the legal description of the necessary sites, including easements and/or rights-of-way, required for the Project as set forth in the plans for the Project prepared by The Thrasher Group, the consulting engineers for the Project.

4. That we have examined the records on file in the Office of the Clerk of the County Commission of Braxton County, West Virginia, the County in which the Project is to be located and, in our opinion, Burnsville has acquired legal title in all the necessary easements and/or rights-of-way and the sole fee take for the Project sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the facilities to be constructed.

5. That all easements/rights-of-way and deed acquired by Burnsville have been duly recorded in the aforesaid Clerk's Office in order to protect the legal title to and the interests of Burnsville.

If you should have any questions regarding this matter or any of the information contained in this letter, please do not hesitate to contact me.

Very truly yours,

David C. Glover

Ladies and Gentlemen:

Based upon the rates and charges set forth in the water rate ordinance dated December 23, 2014 and the current operation and maintenance expenses and customer usage as furnished to us by the Town of Burnsville (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of the Issuer, will (i) pay all repair, operation and maintenance expenses of the System, and (ii) leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Water Revenue Bonds, Series 2015 A (West Virginia Infrastructure Fund), dated November 20, 2015, issued in the original aggregate principal amount of \$2,410,063 and all other obligations secured by a lien on or payable from the revenues of the System.

Very truly yours,

Water Revenue Bonds, Series 2015 A
(West Virginia Infrastructure Fund)

CERTIFICATE AS TO USE OF PROCEEDS

On this 20th day of November, 2015, the undersigned Mayor of the Town of Burnsville in Braxton County, West Virginia (the "Issuer"), being the official of the Issuer duly charged with the responsibility for the issuance of \$2,410,063 Water Revenue Bonds, Series 2015 A (West Virginia Infrastructure Fund), of the Issuer, dated November 20, 2015 (the "Bonds" or the "Series 2015 A Bonds"), hereby certifies as follows:

1. I am the officer of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Ordinance duly enacted by the Issuer on October 13, 2015, as supplemented by Supplemental Resolution duly enacted by the Issuer on November 9, 2015, (collectively, the "Bond Ordinance"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on November 20, 2015, the date on which the Bonds are being physically delivered in exchange for a portion of the principal amount of the Series 2015 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Ordinance pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2015 A Bonds were sold on November 20, 2015, to the Authority, pursuant to a Loan Agreement dated November 20, 2015, by and among the Issuer, the Authority and the Council, for an aggregate purchase price of \$2,410.063 (100% of par), at which time, the Issuer received \$154,249.63 from the Authority and the Council, being the first advance of the principal amount of the Series 2015 A Bonds. No accrued interest has been or will be paid on the Series 2015 A Bonds. The balance of the principal amount of the Series 2015 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Series 2015 A Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain additions, betterments and improvements to the existing public water system of the Issuer (the "Project"); and (ii) paying certain costs of issuance of the Bonds and related costs.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the Series 2015 A Bonds Reserve Account, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before March 1, 2017. The acquisition and construction of the Project is expected to be completed by September 1, 2016.

8. The total cost of the Project is estimated at \$4,503,639. Sources and uses of funds for the Project are as follows:

- (2) Renewal and Replacement Fund;
- (3) Series 2015 A Bonds Construction Trust Fund;
- (4) Series 2015 A Bonds Sinking Fund; and
- (5) Series 2015 A Bonds Reserve Account.

10. Pursuant to Article VI of the Bond Ordinance, the proceeds of the Bonds will be deposited as follows:

(1) From the proceeds of the Series 2015 A Bonds, there shall first be deposited with the Commission in the Series 2015 A Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2015 A Bonds for the period commencing on the date of issuance of the Series 2015 A Bonds and ending 6 months after the estimated date of completion of construction of the Project;

(2) Next, from the proceeds of the Series 2015 A Bonds, there shall be deposited with the Commission in the Series 2015 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2015 A Bonds Reserve Account.

(3) The remaining proceeds of the Series 2015 A Bonds shall be deposited in the Series 2015 A Bonds Construction Trust Fund as received from time to time and applied solely to payment of costs of the Project, including costs of issuance of the Series 2015 A Bonds and related costs.

11. Moneys held in the Series 2015 A Bonds Sinking Fund will be used solely to pay principal of the Series 2015 A Bonds and will not be available to meet costs of acquisition and construction of the Project. All investment earnings on moneys in the Series 2015 A Bonds Sinking Fund and Series 2015 A Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Series 2015 A Bonds Construction Trust Fund during construction of the Project, and following completion of the Project, will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Bond Ordinance.

12. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. The acquisition and construction of the Project is expected to be completed within 9 months of the date hereof.

13. With the exception of the amount deposited in the Series 2015 A Bonds Reserve Account, if any, all of the proceeds of the Bonds will be expended on the Project within 15 months from the date of issuance thereof.

14. The Issuer does not expect to sell or otherwise dispose of the Project in whole or in part prior to the last maturity date of the Bonds.

15. The amount designated as costs of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

16. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

17. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

18. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

19. The Issuer shall use the Bond proceeds solely for the costs of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

20. The Bonds are not federally guaranteed.

21. The Issuer has retained the right to amend the Bond Ordinance authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain public purpose bonds.

22. The Issuer has either (a) funded the Series 2015 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 2015 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2015 A Bonds Reserve Account hold an amount equal to the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year. Moneys in the Series 2015 A Bonds Reserve Account and the Series 2015 A Bonds Sinking Fund will be used solely to pay principal of and interest, if any, on the Bonds and will not be available to pay costs of the Project.

23. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same sources of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

24. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

25. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

26. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

Water Rate Ordinance

Dear Ms. Ferrell:

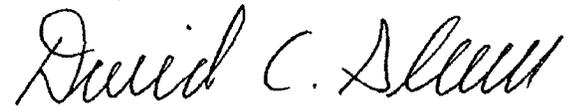

Enclosed for filing in the above-referenced matter is an original and twelve (12) copies of an Affidavit of Posting of the Pre-Adoption Notice of Ordinance Increasing Water Rates and an original and twelve (12) copies of an Affidavit of Posting of Tariff Form No. 12.

Also enclosed are twelve (12) copies of letters sent to The Braxton Citizens' News and to The Braxton Democrat - Central requesting a press release. These newspapers are weekly publications with very small staffs. I was informed that they simply do not publish press releases like I requested.

My client has saturated the market with this rate increase by print, posting and word of mouth. The customers of the Town have been more than adequately notified of this rate increase throughout the process and I would note that not a single customer has voiced any protest.

If you should have any questions, please do not hesitate to contact me.

Very truly yours,

Dear Mayor Bragg:

On January 6, 2014, the Town of Burnsville received a commitment of \$1,500,000 in Small Cities Block Grant funds for the Route 5-Orlando Road Water Line Extension Project.

The Small Cities Block Grant Award was based upon your immediate need for funds. Therefore, \$175,000 was made available from the FY2013 Small Cities allocation. Based upon the Town of Burnsville's ability to proceed with this worthwhile project, I am committing the remaining \$1,325,000 from the FY2014 Small Cities allocation.

The West Virginia Development Office reserves the right to withdraw these funds if your project does not proceed on schedule. Should you have any questions, please call Mr. Tony O'Leary of the West Virginia Development Office at 304-558-2234.

I am pleased to assist with these improvements for the citizens of the Town of Burnsville.

Sincerely,

Earl Ray Tomblin
