BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. Central Hampshire Public Service District (the "Issuer") is a public corporation and public service district and political subdivision of the State of West Virginia in Central Hampshire of said State, duly created pursuant to the Act by the County Commission of Central Hampshire.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer currently owns and operates a public waterworks system and desires to finance and acquire, construct, operate and maintain certain additional public service properties consisting of additions, improvements and extensions to such existing waterworks facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, improvements and extensions to the existing waterworks facilities of the Issuer, consisting of approximately 25 miles of 8", 6", 4" and 2" waterlines, a 125 M gallon storage tank at South Branch Mountain, a tank control valve at Sunrise, a pressure reducing valve at Allen Hill Road and other improvements to serve a total of 222 new customers, including new radio telemetry equipment, a new office, garage and maintenance center, together with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The existing waterworks facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Bonds and Prior Bonds (hereinafter defined) and all funds and accounts and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project is \$5,560,000, of which not more than \$1,745,000 will be obtained from the proceeds of sale of the Series 2006 A Bonds herein authorized, \$1,870,000 will be obtained from a grant, a subsequent grant of \$55,000, and a second subsequent grant of \$440,000 will be obtained from the Purchaser, and \$1,450,000 will be obtained from a grant from the West Virginia Infrastructure and Jobs Development Council (the "Council").

E. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2006 A (United States Department of Agriculture), in the aggregate principal amount of not more than \$1,745,000 (the "Series 2006 A Bonds"), to finance a portion of the cost of such acquisition and construction in the manner hereinafter provided. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2006 A Bonds prior to, during and for six months after completion of such acquisition and construction of the improvements and extensions;

engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the acquisition and construction of the properties and the placement of same in operation; provided that, reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for costs of the Project by the Issuer shall be deemed costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There are outstanding obligations of the Issuer which will rank prior and senior to the Series 2006 A Bonds as to liens, pledge and source of and security for payment, being the Water Revenue Bond, Series 1976, dated January 12, 1977, issued in the original aggregate principal amount of \$411,000, held by GMAC Commercial Mortgage (the "First Lien Bonds"). There are also outstanding obligations of the Issuer which will rank on a parity with the Series 2006 A Bonds as to liens, pledge and source of and security for payment, being the Water Revenue Bond, Series 1992, dated September 21, 1992, issued in the original aggregate principal amount of \$358,000 (the "Subordinate Bonds"), held by the United States Department of Agriculture, Rural Utilities Service. The First Lien Bonds and Subordinate Bonds are sometimes hereinafter collectively referred to as the "Prior Bonds". Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which rank prior to or on a parity with or senior to the Series 2006 A Bonds as to liens, pledge and/or source of and security for payment.

The Issuer is not in default under the terms of the Prior Bonds, or the resolutions authorizing issuance of the Prior Bonds or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid consent or waiver thereof.

H. It is in the best interest of the Issuer that the Series 2006 A Bonds be sold to the Purchaser, pursuant to the terms and provisions of the Letter of Conditions, dated March 23, 1999, and all amendments thereto, if any (collectively, the "Letter of Conditions").

I. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2006 A Bonds, or will have so complied prior to issuance of the Series 2006 A Bonds, including, among other things and without limitation, obtaining a certificate of public convenience and necessity and approval of the financing and necessary user rates and charges from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired or shall have been duly waived or otherwise provided for.

Section 3.01. Authorization of Bonds. Subject and pursuant to the provisions of the Bond Legislation, the Series 2006 A Bonds of the Issuer, to be known as "Water Revenue Bonds, Series 2006 A (United States Department of Agriculture)", are hereby authorized to be issued in a principal amount not to exceed \$1,745,000, for the purpose of financing a portion of the cost of the acquisition and construction of the Project.

Section 3.02. Description of Bonds. The Series 2006 A Bonds shall be issued in single form, numbered AR-1, only as a fully registered Bond, and shall be dated the date of delivery thereof. The Series 2006 A Bonds shall bear interest from the date of delivery, payable monthly at a rate not to exceed 4.375% per annum, and shall be sold for the par value thereof.

The Series 2006 A Bonds shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Series 2006 A Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Series 2006 A Bonds, and the right to principal of and stated interest on the Series 2006 A Bonds, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Series 2006 A Bonds for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Bond Registrar.

Whenever the Series 2006 A Bonds shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Bond Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Bond Registrar with respect to such transfer.

No registration of transfer of the Series 2006 A Bonds shall be permitted to be made after the 15th day next preceding any installment payment date on the Series 2006 A Bonds.

The Issuer shall be the Bond Registrar and will keep, or cause to be kept by its agent, at its office, sufficient books for the registration and transfer of the Series 2006 A Bonds, and, upon presentation for such purpose, the Bond Registrar shall, under such reasonable regulations as it may prescribe, register the Series 2006 A Bonds initially issued pursuant hereto and register the transfer, or cause to be registered by its agent, on such books, the transfer of the Series 2006 A Bonds as hereinbefore provided.

The Bond Registrar shall accept the Series 2006 A Bonds for registration of transfer only if ownership thereof is to be registered in the name of the Purchaser, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. The Series 2006 A Bonds shall initially be fully registered as to both principal and interest in the name of the United States of America. The Series 2006 A Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case the Series 2006 A Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bonds or in lieu of and substitution for the Bonds destroyed, stolen or lost, and upon the holder's furnishing the Issuer proof of his ownership thereof and complying with such other reasonable regulations and conditions as the Issuer may require. The Series 2006 A Bonds so surrendered shall be canceled and held for the account of the Issuer. If the Series 2006 A Bonds shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 2006 A Bonds shall be secured forthwith by a subordinate lien on the Net Revenues derived from the System, on a parity with the lien in favor of the Holders of the Subordinate Bonds and shall be junior and subordinate to the lien on the Net Revenues in favor of the Holders of the First Lien Bonds. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Series 2006 A Bonds and the Prior Bonds, and to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Series 2006 A Bonds and the Prior Bonds as the same become due.

Section 3.08. Form of Bond. Subject to the provisions hereof, the text of the Series 2006 A Bonds and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or by any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

The consideration here for shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security here for, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity with or senior to which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolutions and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized

denomination or denominations, for the like principal amount, will be issued to the transferee in exchange here for.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted _____, 2006, authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture, the Bonds will be in default should any proceeds of the Bonds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

B. Establishment of Funds and Accounts with Commission. The following special funds or accounts are created with (or continued if previously established by the Prior Resolutions) and shall be held by the Commission, separate and apart from all other funds or accounts of the Commission and from each other:

- (1) Series 2006 A Bonds Reserve Account.

Section 4.02. Bond Proceeds; Series 2006 A Project Construction Account. The proceeds of the sale of the Series 2006 A Bonds shall be deposited upon receipt by the Issuer in the Series 2006 A Project Construction Account. The monies in the Series 2006 A Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Monies in the Series 2006 A Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Monies in the Series 2006 A Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Series 2006 A Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Series 2006 A Bonds if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.02, money and funds in the Series 2006 A Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Series 2006 A Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.03. Covenants of the Issuer as to System Revenues and Funds.

So long as any of the Series 2006 A Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2006 A Bonds Reserve Account, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Series 2006 A Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the Holders of the Series 2006 A Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Resolutions and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Resolutions.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority, subject to the provisions of the Prior Resolutions not otherwise modified herein:

(1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, each month, before the due date of payment of the First Lien Bonds transfer from the Revenue Fund and remit to the National Finance Office, the amounts required by the resolution authorizing the First Lien Bonds to pay principal and interest.

(3) The Issuer shall next, on the date specified in the resolution authorizing the First Lien Bonds, transfer from the Revenue Fund and remit to the Depository Bank for deposit into the Reserve Fund for the First Lien Bonds, the amount required to be deposited therein.

(4) The Issuer shall next on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Depreciation Reserve, the amounts required by the Prior Resolutions and a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Depreciation Reserve shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance herewith. Withdrawals and disbursements may be made from the Depreciation Reserve for replacements, emergency repairs, improvements or extensions to the System as long as the amounts required by the Prior Resolutions to be maintained therein are met; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Depreciation Reserve.

(5) The Issuer shall next, each month, before the due date of payment (i) transfer from the Revenue Fund and remit to the National Finance Office, the amounts required by the resolution authorizing the Subordinate Bonds; and (ii) to the National Finance Office, the amounts required to pay the interest on the Series 2006 A Bonds and to amortize the principal of the Series 2006 A Bonds over the life of the Bond issue. All payments with respect to principal of and interest on the Subordinate Bonds and the Series 2006 A Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(6) The Issuer shall next (i) on the date specified in the resolution authorizing the Subordinate Bonds, transfer from the Revenue Fund and remit to the Depository Bank for deposit into the reserve account for the Subordinate Bonds, the amount required to be deposited therein; and (ii) beginning on the date specified by the Purchaser, but in any event not later than the

28th day of the 24th monthly anniversary of the Closing Date, and continuing on the 28th day of each month thereafter, remit to the Commission for deposit into the Series 2006 A Bonds Reserve Account, an amount equal to 10% of your monthly payment each month, until the amount in the Series 2006 A Bonds Reserve Account equals the Minimum Reserve; provided that, no further payments shall be made into the Series 2006 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Minimum Reserve. Monies in the Series 2006 A Bonds Reserve Account shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 2006 A Bonds to the National Finance Office as the same shall become due or for prepayment of installments on the Series 2006 A Bonds, or for mandatory prepayment of the Series 2006 A Bonds as hereinafter provided, and for no other purpose; provided, however, earnings from monies in the Series 2006 A Bond Reserve Account, so long as the Minimum Reserve is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

(7) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Series 2006 A Bonds Reserve Account shall be sufficient to prepay the Series 2006 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2006 A Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Commission is hereby designated as the Fiscal Agent for the administration of the Series 2006 A Bonds Reserve Account, and all amounts required for the Series 2006 A Bonds Reserve Account will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit.

The Revenue Fund and the Series 2006 A Bonds Reserve Account shall constitute trust funds and shall be used only for the purposes and in the order

provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Series 2006 A Bonds and the interest thereon.

If on any payment date the Revenues are insufficient to make the payments and transfers as herein above provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2006 A Bonds and the Subordinate Bonds, in accordance with the respective principal amounts then Outstanding, junior and subordinate to the First Lien Bonds.

The Commission shall keep the monies in the Series 2006 A Bonds Reserve Account invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Treasury Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings from monies in the Series 2006 A Bonds Reserve Account, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually into the Revenue Fund by the Commission.

C. CHANGE OF DEPOSITORY BANK. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Series 2006 A Bonds, provide evidence that there will be at least 219 bona fide users upon the Project on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Depository Bank and the Commission such additional sums as shall be necessary to pay the charges and fees of the Depository Bank or the Commission then due.

F. INVESTMENT OF EXCESS BALANCES. The monies in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Series 2006 A Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2006 A Bonds Reserve Account a sum sufficient to prepay the entire principal of the Series 2006 A Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2006 A Bonds.

Section 5.02. Rates. So long as the Prior Bonds are outstanding, the rates set forth in the Prior Resolutions shall be applicable. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Series 2006 A Bonds and the Prior Bonds and sufficient to make the payments required herein into all funds and accounts and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Series 2006 A Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. No Parity Bonds shall be issued after issuance of the Series 2006 A Bonds unless the provisions contained in the Prior Resolutions respecting issuance of Parity Bonds have been satisfied. No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding;
- (3) The Parity Bonds than proposed to be issued.

No additional Bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2006 A Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

- (a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2006 A Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in such amount as may be requested by the Purchaser from time to time.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 2006 A Bonds are outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. For the further protection of the Holder of the Series 2006 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, junior and subordinate to the First Lien Bonds, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 2006 A Bonds.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(a) Failure to make payment of any monthly amortization installment upon the Series 2006 A Bonds at the date specified for payment thereof;

(b) Failure to duly and punctually observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2006 A Bonds or herein, or violation of or failure to observe any provision of any pertinent law;

(c) If a default occurs with respect to the Prior Bonds or the Prior Resolutions.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights. Prior to pursuing any remedy upon the occurrence of an Event of Default, the Purchaser must first provide the District with written notice of its intent to pursue a remedy. The notice must contain a description of the Event of Default and actions intended to be taken as a result of such default.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed

shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct; provided that, all rights and remedies of the Holders of the Subordinate Bonds shall be on a parity with the Series 2006 A Bonds and junior and subordinate to the First Lien Bonds.

Section 5.09. Fiscal Year; Budget. While the Series 2006 A Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 5.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 5.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records

and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 2006 A Bonds are outstanding.

Section 5.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules. A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as set forth in the Commission Order of the Public Service Commission of West Virginia, entered on June _____, 2006, Case No. 05-0298-PWD-CN, which documents are incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

ARTICLE VII

MISCELLANEOUS

Section 7.01. Payment of Bonds. BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. Central Hampshire Public Service District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Hampshire County of said State, duly created pursuant to the Act by The County Commission of Hampshire County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer now has a public waterworks system and desires to finance and acquire, construct, operate and maintain certain additional public service properties consisting of improvements and extensions to such existing waterworks facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the

inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain improvements and extensions to the existing waterworks facilities of the Issuer, consisting of an intermediate water tank, a booster station, and approximately 7,000 feet of water line, and all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The Issuer will purchase water from the City of Romney pursuant to a water purchase contract between the Issuer and said City. The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System (hereinafter defined) after completion of the Project will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bond (hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project will not exceed \$358,000 which will be obtained from the proceeds of sale of the Bond herein authorized.

E. It is necessary for the Issuer to issue its revenue bond in the principal amount of \$358,000 to finance a portion of the cost of such acquisition and construction in the manner hereinafter provided. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the acquisition and construction of the Project and the financing authorized hereby; provided that, reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bond or for the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There is outstanding an obligation of the Issuer which will rank senior and prior to the Bond as to liens, pledge and source of and security for payment, being the Water Revenue Bond, Series 1976, dated January 12, 1977 (the "1976 Bond"), issued in the original principal amount of \$411,000, and held by or through General Electric Capital Corporation.

Other than the 1976 Bond, there are no outstanding bonds or obligations which will rank prior to or on a parity with the Bond as to liens, pledge and/or source of and security for payment.

H. It is in the best interest of the Issuer that the Bond be sold to the United States Department of Agriculture, Farmers Home Administration (the "Purchaser"), pursuant to the terms and provisions of a Letter of Conditions dated May 23, 1991, and all amendments thereto (collectively, the "Letter of Conditions").

I. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Bond, or will have so complied prior to issuance of the Bond, including among other things and without limitation, the consent and approval, pursuant to the Act and other applicable provisions of law, of the issuance of the Bond, the acquisition and construction of the Project and, if applicable, the imposition of rates and charges by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND ISSUE OF BOND

Section 3.01. Authorization of Bond. Subject and pursuant to the provisions of the Bond Legislation, the Bond of the Issuer, to be known as "Water Revenue Bond, Series 1992," is hereby authorized to be issued in the aggregate principal amount of not exceeding \$358,000 for the purpose of permanently financing a portion of the cost of the acquisition and construction of the Project.

Section 3.02. Description of Bond. The Bond shall be issued in single form, numbered R-1, only as a fully registered Bond, and shall be dated the date of delivery thereof. The Bond shall bear interest from the date of delivery, payable monthly at the rate of 5% per annum, and shall be sold for the par value thereof.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Bond shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Bond, and the right to principal of and stated interest on the Bond, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar.

Whenever the Bond shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Registrar with respect to such transfer.

No registration of transfer of the Bond shall be permitted to be made after the 15th day next preceding any installment payment date on the Bond.

Section 3.04. Registrar. The Issuer shall be the Registrar and will keep, or cause to be kept by its agent, at its office, sufficient books for the registration and transfer of the Bond, and, upon presentation for such purpose, the Registrar shall, under such reasonable regulations as it may prescribe, register the Bond initially issued pursuant hereto and register the transfer, or cause to be registered by its agent, on such books, the transfer of the Bond as hereinbefore provided.

The Registrar shall accept the Bond for registration or transfer only if ownership thereof is to be registered in the name of the Government, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. The Bond shall initially be fully registered as to both principal and interest in the name of the United States of America, Farmers Home Administration. So long as the Bond shall be registered in the name of the United States of America, Farmers Home Administration, the address of the United States of America, Farmers Home Administration, for registration purposes shall be Post Office Box 678, Morgantown, West Virginia 26505, or such other address as shall be stated in writing to the Issuer by the United States of America, Farmers Home Administration.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case the Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond or in lieu of and

substitution for the Bond destroyed, stolen or lost, and upon the holder's furnishing the Issuer proof of his ownership thereof and complying with such other reasonable regulations and conditions as the Issuer may require. The Bond so surrendered shall be canceled and held for the account of the Issuer. If the Bond shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bond Secured by Pledge of Net Revenues. The payment of the debt service of the Bond shall be secured forthwith by a lien on the Net Revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for, but such liens and pledge are junior and subordinate to the liens and pledge of the 1976 Bond. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Bond, and to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Bond as the same become due as herein provided.

Section 3.08. Form of Bond. Subject to the provisions hereof, the text of the Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or by any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

WATER REVENUE BOND, SERIES 1992

CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT

\$358,000

No. R-1

Date: _____

FOR VALUE RECEIVED, CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, Farmers Home Administration (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of THREE HUNDRED FIFTY-EIGHT THOUSAND DOLLARS (\$358,000), plus interest on the unpaid principal balance at the rate of 5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$1,758, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due.

under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of

Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of Borrower authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

This Bond is junior and subordinate, as to liens on, pledge and source of and security for payment from such revenues, and in all other respects, to the 1976 Bond, defined and described in the Resolution.

IN WITNESS WHEREOF, CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

SYSTEM REVENUES AND APPLICATION THEREOF; DISPOSITION OF BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are hereby created and established with (or continued if previously established by the 1976 Resolution), and shall be held by, the Depository Bank separate, distinct and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund (established by the 1976 Resolution);
- (2) Reserve Fund (established by the 1976 Resolution and herein called the "1976 Reserve Fund");
- (3) Depreciation Reserve (established by the 1976 Resolution);
- (4) Project Construction Account; and
- (5) 1992 Reserve Fund.

Section 4.02. Bond Proceeds; Project Construction Account. The proceeds of the sale of the Bond shall be deposited upon receipt by the Issuer in the Project Construction Account. The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.02, money and funds in the Project Construction Account shall be invested and

reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.03. Covenants of the Issuer as to System Revenues and Funds. So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the 1992 Reserve Fund and the 1976 Reserve Fund, sums sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the respective Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of such payment, the Issuer further covenants with the holders of the Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Resolutions and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided in the Resolutions.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority, subject to and in accordance with the terms of the 1976 Resolution and this Bond Legislation:

(i) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(ii) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and pay to the National Finance Office designated in the 1976 Bond, the amounts required to pay the interest on and the principal of the 1976 Bond as provided therein.

(iii) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the Depository Bank in the 1976 Reserve Fund, 1/12th of 1/10th of the

maximum aggregate amount of principal and interest becoming due on the 1976 Bond in any year until the amount in the 1976 Reserve Fund equals the sum of \$25,000, which sum is herein called the "1976 Minimum Reserve." After the 1976 Minimum Reserve has been accumulated in the 1976 Reserve Fund, the Issuer shall monthly deposit into the 1976 Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the 1976 Bond and for payment of Operating Expenses of the System, as shall be required to maintain the 1976 Minimum Reserve in the 1976 Reserve Fund. Moneys in the 1976 Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the 1976 Bond to said National Finance Office as the same shall become due or for mandatory redemption of the 1976 Bond as in the 1976 Resolution and herein provided, and for no other purpose.

(iv) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, the Issuer shall next, on or before the due date of each installment on the Bond, transfer from the Revenue Fund and pay to the National Finance Office designated in the Bond (or such other place as may be subsequently designated pursuant to the Bond), the amounts required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue, and, thereafter, the Issuer shall transfer from the Revenue Fund and deposit in the 1992 Reserve Fund, 1/12th of 1/10th of the amount equal to the maximum amount of principal and interest becoming due on the Bond in any year, until the amount in the 1992 Reserve Fund equals such maximum amount (the "1992 Minimum Reserve"). After the 1992 Minimum Reserve has been accumulated in the 1992 Reserve Fund, the Issuer shall monthly deposit into the 1992 Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for the payments hereinabove provided, as shall be required to maintain the 1992 Minimum Reserve in the 1992 Reserve Fund. Moneys in the 1992 Reserve Fund shall be used solely to make up

any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office (or other place provided) as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose; provided, however, that when the 1992 Minimum Reserve has been accumulated in the 1992 Reserve Fund, all earnings of investments of moneys therein shall at least annually be transferred to and deposited in the Revenue Fund and used for prepayment of the principal of the Bond.

(v) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$54,900, and thereafter, such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the 1976 Bond as the same become due, and next to restore to the 1976 Reserve Fund any sum or sums transferred therefrom, and, thereafter, to meet the principal, interest and reserve payments upon the Bond, on a subordinate basis, to the extent that moneys in the 1992 Reserve Fund are insufficient therefor. Thereafter, and provided that payments into the 1976 Reserve Fund and the 1992 Reserve Fund are current and in accordance with the foregoing provisions and provisions of the 1976 Resolution, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(vi) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the 1976 Bond outstanding and, thereafter, to prepay

installments on the Bond, or for any lawful purpose.

Whenever the moneys in the 1976 Reserve Fund shall be sufficient to prepay the 1976 Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary in the Resolutions notwithstanding, to direct the Depository Bank to prepay the 1976 Bond at the earliest practical date and in accordance with the applicable provisions of the 1976 Resolution and hereof.

Whenever the moneys in the 1992 Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby and by the 1976 Resolution designated as the Fiscal Agent for the administration of the 1976 Reserve Fund, the 1992 Reserve Fund and the Depreciation Reserve as herein and therein provided, and all amounts required for the 1976 Reserve Fund, the 1992 Reserve Fund and the Depreciation Reserve will be deposited by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein and in the 1976 Resolution, together with written advice stating the amount remitted for deposit into each such fund.

The Revenue Fund, the 1991 Reserve Fund and the Depreciation Reserve shall constitute trust funds and shall be used only for the purposes and in the order provided herein and in the 1976 Resolution, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, which lien shall be junior and subordinate to the lien of the holder of the 1976 Bond as to the Revenue Fund and the Depreciation Reserve, but the Depository Bank shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers and to place the required amount in any of the funds or accounts as hereinabove and in the 1976 Resolution provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates..

The Depository Bank shall keep the moneys in the 1976 Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. The Depository Bank, at the direction of the Issuer, shall keep the moneys in the 1992 Reserve Fund invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided in the 1976 Resolution or herein, or unless otherwise required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia State Board of Investments. Subject to the 1976 Resolution, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings upon moneys in the 1976 Reserve Fund and the 1992 Reserve Fund, so long as the respective 1976 Minimum Reserve and 1992 Minimum Reserve are on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Depository Bank.

C. CHANGE OF DEPOSITORY BANK AND FISCAL AGENT. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank and Fiscal Agent if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank and Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser and shall give such other notice as required under, and in the manner provided in, the 1976 Resolution.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be at least 700 bona fide users upon the System on completion

of the Project, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The moneys in excess of the sum insured by FDIC in any of such funds or accounts with the Depository Bank shall at all times be secured, to the full extent thereof in excess of such insured sum, in a lawful manner for securing deposits of State and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the 1992 Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 5.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to the payment and deposits on account of the 1976 Bond, plus Net Revenues equal to not less than 110% of the annual debt service on the Bond and sufficient to make the payments required herein into the 1992 Reserve Fund and the Depreciation Reserve and for all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of any or all of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all

above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement

of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage. For the further protection of the Holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond, but junior and subordinate to the lien in favor of the holder of the 1976 Bond.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(a) Failure to make payment of any monthly amortization installment upon the Bond at the date specified for payment thereof; and

(b) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 5.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such

Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 5.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 5.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 5.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules.

A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as required under the order of the Public Service Commission of West Virginia, entered on September 10, 1992, Case No. 91-999-PWD-CN, which order is incorporated herein by reference as a part hereof, and any applicable prior order and/or tariff with respect to such rates and charges.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and Revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

ARTICLE VII

MISCELLANEOUS

Section 7.01. Payment of Bond. If the Issuer shall pay or there shall otherwise be paid, to the Holder of the Bond, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Bond, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Bond, shall thereupon cease, terminate and become void and be discharged and satisfied.

Section 7.02. Modification or Amendment. The Bond Legislation may not be modified or amended after final passage without the prior written consent of the Purchaser.

Section 7.03. Delivery of Bond No. R-1. The Chairman, Secretary and Treasurer of the Governing Body are hereby authorized and directed to cause Bond No. R-1, hereby awarded to the Purchaser pursuant to prior agreement, to be delivered to the Purchaser as soon as the Purchaser will accept such delivery.

Section 7.04. Severability of Invalid Provisions. If any one or more of the covenants, agreements or provisions hereof should be held contrary to any express provision of law or contrary to the policy of express law, although not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed severable from the remaining covenants, agreements or provisions hereof, and shall in no way affect the validity of all the other provisions hereof or the Bond.

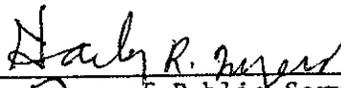

Section 7.05. Conflicting Provisions Repealed. All other resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this Section shall not be applicable to the Loan Resolution (Form FmHA 442-47) or the 1976 Resolution.

Section 7.06. Table of Contents and Headings. The Table of Contents and headings of the articles, sections and subsections hereof are for convenience only and shall neither control nor affect in any way the meaning or construction of any of the provisions hereof.

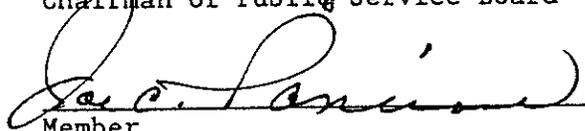

Section 7.07. Covenant of Due Procedure, Etc. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State applicable thereto; and that the Chairman, Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

Section 7.08. Effective Time. This Resolution shall take effect immediately upon its adoption.

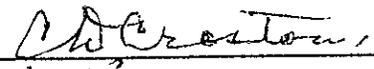

Adopted: September 21, 1992.

CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT

RESOLUTION AUTHORIZING THE ISSUANCE OF \$411,000 WATER REVENUE BOND, SERIES 1976, OF CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT TO FINANCE CONSTRUCTION OF A PUBLIC WATERWORKS; DEFINING AND PRESCRIBING THE TERMS AND PROVISIONS OF THE BOND; PROVIDING GENERALLY FOR THE RIGHTS AND REMEDIES AND SECURITIES OF THE HOLDER OF THE BOND AND FOR A STATUTORY MORTGAGE LIEN UPON THE SYSTEM IN FAVOR OF THE HOLDER OF THE BOND; AND PROVIDING WHEN THIS RESOLUTION SHALL TAKE EFFECT

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code and other applicable provisions of law. Central Hampshire Public Service District (herein called the "District") is a public service district created pursuant to said Article 13A by the County Commission of Hampshire County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The District does not now have a waterworks system and water supply facilities within the District are inadequate to serve the needs of the District and all or most of such facilities will be abandoned upon completion of the Project.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the District, and, accordingly, it is hereby ordered, that there be constructed a new waterworks system of the District consisting of water mains, a pumping station and two 100,000 gallon tanks, water to be purchased from the Town of Romney,

with all necessary appurtenant facilities (herein called the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board of the District (herein called the "Board").

(C) It is necessary for the District to issue its revenue bond in the principal amount of \$411,000 to finance the cost of such construction in the manner hereinafter provided.

SERIES 1976 BOND PROCEEDS; REVENUES
AND APPLICATION THEREOF

Section 3.01. Series 1976 Bond Proceeds; Project Construction Account. All moneys received from the sale of the Series 1976 Bond shall be deposited on receipt by the District in First National Bank of Romney, Romney, West Virginia, a member of Federal Deposit Insurance Corporation (herein called "FDIC"), in a special account hereby created and designated as "Central Hampshire Public Service District Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the District solely for the purposes provided in this Resolution.

Until completion of construction of the Project, the District will transfer from the Project Construction Account and deposit in the Bond Fund, not later than fifteen days prior to the next interest payment date, such sums as shall be from time to time required to pay the interest becoming due on the Series 1976 Bond on such interest payment date if moneys in the Bond Fund are insufficient for such purpose.

If the District shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the District may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made,

any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Government.

Section 3.02. Covenants of the District as to Revenues and Funds.

So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund, hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Series 1976 Bond remaining unpaid, together with interest accrued and to accrue thereon, the District further covenants with the Government as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the District in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund", is hereby established with said Bank. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the District and used only for the purposes and in the manner provided in this Resolution.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The District shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and pay to the National Finance Office designated in the Series 1976 Bond the amounts required to pay the interest on and the principal of the Series 1976 Bond as provided therein.

(3) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund hereby established with said Bank, 1/12 of 1/10 of the maximum amount of principal and interest becoming due on the Series 1976 Bond

in any year until the aggregate amount in the Reserve Fund equals the sum of \$25,000, which sum is herein called the "Minimum Reserve". After the Minimum Reserve has been accumulated in the Reserve Fund, the District shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Series 1976 Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 1976 Bond to said National Finance Office as the same shall become due or for mandatory redemption of the Series 1976 Bond as hereinafter provided, and for no other purpose.

(4) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve hereby established with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$37,000 and thereafter, such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Series 1976 Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the District and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Series 1976 Bond outstanding, or for any lawful purpose.

61

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Series 1976 Bond in full, it shall be the mandatory duty of the District, anything to the contrary in this Resolution notwithstanding, to direct the said Bank to prepay the Series 1976 Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the District) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund as herein provided, and all amounts required therefor will be deposited by the District upon transfers of funds from the Revenue Fund at the times provided herein.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Government shall have a lien thereon for further securing payment of the Series 1976 Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The District may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Board determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Board will cause notice of the change to be sent by registered or certified mail to the Government.

(D) Additional User Contracts. The District shall, prior to delivery of the Series 1976 Bond obtain user agreements from not less than 400 users and shall collect from such 400 users and deposit in the Project Construction Account not less than \$8,000, based on a tap fee of \$20.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Series 1976 Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Series 1976 Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the District and the Government.

Section 4.02. Rates. The District will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Series 1976 Bond and to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Government so long as the Series 1976 Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity Bonds payable out of the revenues of the System shall be issued after the issuance of the Series 1976 Bond pursuant to this Resolution except with the prior written consent of the Government.

Section 4.05. Insurance and Bonds. The District hereby covenants and agrees that, so long as the Series 1976 Bond remains outstanding, it will, as an expense of operation and maintenance of the

1

System, procure, carry and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the District will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The District will itself, or will require that each contractor dealing directly with the District ("prime contractor"), obtain and maintain builder's risk insurance to protect the interests of the District during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$300,000 for persons injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from the District's operation of the System, such insurance to be procured at the commencement of construction of the Project.

(c) Vehicular Public Liability Insurance, in the event the District owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the District is operated for the benefit of the District, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(d) Workmen's Compensation Coverage for all Employees of the

District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such person at any one time, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 1976 Bond is outstanding, the District will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the District, and during such construction will require each prime contractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 4.06. Statutory Mortgage. For the further protection of the Government, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 1976 Bond.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment into the Bond Fund at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of

the covenants, conditions and agreements on the part of the District contained in the Series 1976 Bond or in this Resolution, or violation of or failure to observe any provision of any pertinent law, provided any such failure or violation, excluding that covered in (A) above in this Section, shall continue for a period of thirty days after written notice shall have been given to the District by the Government specifying such failure or violation and requiring the same to be remedied.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Government may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Government, such court may, upon proof of such default, appoint a receiver for the affairs of the District and the System. The receiver so appointed shall administer the System on behalf of the District, shall exercise all the rights and powers of the District with respect to its System and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Series 1976 Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the District agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and

directed by the Board. Copies of each Annual Budget shall be delivered to the Government by the beginning of each fiscal year.

If for any reason the District shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the District. Each such Budget of Current Expenses shall be mailed immediately to the Government.

Section 4.10. Compensation of Board Members. The District hereby covenants and agrees that no compensation for policy direction shall be paid to the members of its Board in excess of the amount permitted by the Act. Payment of any compensation to any member of the Board for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision of this resolution.

Section 4.11. Covenant to Proceed and Complete. The District hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary of the Board on the date of adoption of this resolution, subject to permitted changes.

Section 4.12. Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System, and the

Government shall have the right at all reasonable times to inspect the System and all records, accounts and data of the District relating thereto.

The District shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Government.

Section 4.13. Maintenance of System. The District covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 1976 Bond is outstanding.

Section 4.14. No Competition. The District will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to, or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the District or within the territory served by the System.

Section 4.15. Concerning Arbitrage. It is not reasonably expected that the proceeds of sale of the Series 1976 Bond will be invested in such a way as to violate the operating rules in the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(d) of the Internal Revenue Code of 1954, as amended.

E. The District may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

RE: Central Hampshire Public Service District
Water Extension Project
95W-168

Dear Mr. Shoemaker:

The West Virginia Infrastructure and Jobs Development Council (the "Council"), at its February 2, 2000 meeting, voted to offer the Central Hampshire Public Service District (the "District") a binding commitment for an Infrastructure Fund grant of \$1,250,000 to complete the financing of the above referenced project. The Council also determined that in order to receive the proposed binding commitment, the District must adhere to a certain project schedule. Additionally, any binding commitment that is issued will be contingent upon the availability of funds in the Infrastructure Fund.

Please contact Katy Mallory at the above telephone number to establish the necessary project schedule and finalize the proposed binding commitment.

Sincerely,

Re: Water System Extension Project 95W-168

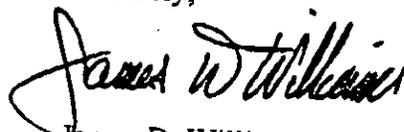

Dear Mr. Myers:

The West Virginia Infrastructure and Jobs Development Council (Council), at its October 7, 1998 meeting, reviewed the Central Hampshire Public Service District's (District) request to revise the previously recommended funding package for the above-referenced project to permit the District to pursue funding from the Small Cities Block Grant program in the amount of \$1,250,000, and the USDA Rural Utilities Service program in the amount of \$2,274,000 in lieu of the pending Infrastructure Fund request.

Due to the limited funds in the Infrastructure Fund, the Council believes it reasonable to recommend the revised funding package as requested by the District. The Council will record this funding recommendation as an alternative to the original recommendation. **Please note that this letter does not constitute funding approval from these agencies.**

If you have any questions regarding this matter, please contact Susan J. Riggs at (304) 558-4607.

PRELIMINARY APPLICATION -
CENTRAL HAMPSHIRE PSD [WATER PROJECT]

The West Virginia Infrastructure and Jobs Development Council (the "Council") has reviewed the Preliminary Application for the above-referenced project and has determined that the project is technically feasible within the guidelines of the Act. (See attached Water Assessment Committee comments.)

The Council recommends that the Central Hampshire PSD pursue Rural Economic and Community Development ("RECD") funding with the following understanding: When Infrastructure Fund moneys become available, the Council's recommendation will be made on the basis of determining an amount of RECD funding in combination with an amount of Infrastructure Fund assistance necessary to arrive at a reasonable user rate. (Although the Central Hampshire PSD may be eligible for Infrastructure Fund assistance, the grant of \$2,467,000 proposed in the preliminary application exceeds the amount the project can receive by law.) This letter does not constitute funding approval by the Council or Rural Economic and Community Development.

If you have any questions, please contact Daniel Yonkosky, Director of the Water Development Authority, who serves as chairman of the Council's Funding Committee.

WEST VIRGINIA INFRASTRUCTURE AND JOBS DEVELOPMENT COUNCIL PRELIMINARY APPLICATION -
 CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT (SEWER PROJECT)

The West Virginia Infrastructure and Jobs Development Council (the "Council") reviewed the preliminary application for the above-referenced project and determined that the project is technically feasible within the guidelines of the Act (see attached Sewer Assessment Committee's comments).

The Council recommends that the Central Hampshire Public Service District pursue a State Revolving Fund loan in the amount of \$2,525,000 to secure a portion of the \$6,250,000 in financing needed for this project. This letter does not constitute funding approval by the Division of Environmental Protection.

This project may be eligible for financial assistance from the Infrastructure Fund. Until the Infrastructure General Obligation Bonds have been approved by the State Supreme Court of Appeals, however, the Governor cannot issue the bonds. The Council cannot predict if or when the Infrastructure General Obligation Bonds will be issued, and therefore, when moneys will be available in the Infrastructure Fund. For this reason, a recommendation regarding the remaining portion of funding needed for this project is being deferred pending availability of Infrastructure Fund moneys.

If, after considering how this delay will affect your project, you believe that you must proceed without the Council's financial assistance, please notify Daniel B. Yonkosky, Director of the Water Development Authority, at the above address.

CASE NO. 05-0298-PWD-CN

CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT

Application for a Certificate of Convenience and Necessity to construct certain additions and improvements to its existing water distribution system and for approval of the financing thereof and for approval of a revised water purchase contract with the City of Romney.

RECOMMENDED DECISION

On March 4, 2005, the Central Hampshire Public Service District (Applicant) filed an application for a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system, for approval of the financing thereof and for approval of a revised water purchase contract with the City of Romney (City). The Applicant estimates that the construction will cost approximately \$4,402,000, and proposes to finance the construction with a loan from the United States Department of Agriculture, Rural Utilities Service (RUS), in an amount not to exceed \$1,227,000; a grant from RUS in the amount of \$1,925,000; and a grant from the West Virginia Infrastructure and Jobs Development Council (WVIJDC) in the amount of \$1,250,000. The Applicant proposes to increase rates and charges which will produce approximately \$59,633 annually in additional revenue, or an increase of 10%. The Applicant, which purchases its water from the City, is required by RUS to extend its water purchase contract with the City to match the term of the RUS loan.

By a Notice of Filing Order entered on March 4, 2005, the Public Service Commission required the Applicant to provide the public legal notice of the filing of its application by publication of said Notice of Filing once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Hampshire County, making due return to this Commission of proper certification of publication. The Notice of filing contained the rates and charges proposed by the Applicant and made provision for the filing of protest, objection or intervention within thirty (30) days from the date of publication.

On March 10, 2005, the Applicant filed a verification for the application.

On March 10, 2005, the Applicant's consulting engineer filed copies of the plans and specifications for the construction of the project.

On March 22, 2005, the Applicant filed the Affidavit of Publication for the Notice of Filing reflecting publication on March 9, 2005, in the Hampshire Review, a newspaper duly qualified by the Secretary of State, published and generally circulated in Hampshire County.

On March 25, 2005, Staff's First Request for Information for the Central Hampshire Public Service District was filed.

On March 25, 2005, Staff Attorney Leslie J. Anderson filed the Initial Joint Staff Memorandum, to which was attached the March 22, 2005 Initial Internal Memorandum, prepared by Randy Lengyel, Utilities Analyst III, Water and Wastewater Division, and Jefferson E. Brady, P. E., Engineer I, Engineering Division. Staff reported on the filing and information which was needed from the Applicant in order for Staff to complete its review. Ms. Anderson also stated that, pursuant to Rule 10.3.d of the Commission's Rules of Practice and Procedure, the Applicant must file an affidavit stating that it has provided the required notice to its customers. This requirement is in addition to the publication of the Notice of Filing. Staff recommended that the case be referred to the Division of Administrative Law Judges.

On April 4, 2005, the Applicant filed the Affidavit of Ted Smith, General Manager, regarding customer notification.

By Commission Referral Order dated April 6, 2005, the proceeding was referred to the Division of Administrative Law Judges for a decision to be rendered on or before September 30, 2005.

On April 19, 2005, the Applicant filed the Supplement to the Affidavit of Ted Smith, General Manager, regarding customer notification.

On April 22, 2005, the Applicant filed its Response to Staff's First Request for Information from the Central Hampshire Public Service District.

On May 2, 2005, Mr. Richard D. Judy filed a letter objecting to the Applicant's application for increased water rates.

On May 26, 2005, Staff Attorney Anderson filed the Further Initial Joint Staff Memorandum requesting additional time for Staff to file its final recommendation.

On June 16, 2005, Staff Attorney Anderson filed the Final Joint Staff Memorandum, to which was attached the Final Internal Memorandum, prepared by Mr. Lengyel and Mr. Brady. Staff reported that, once the proposed project is complete, the Applicant plans to provide water service to approximately 219 new customers. The Applicant stated that, in order to fund going level expenses and debt service obligations related to the project, the Applicant will require

increased rates. Currently, the Applicant operates a water distribution system which serves approximately 946 customers. The Applicant purchases its water from the City. The proposed project will be constructed through four (4) contracts: (1) water system extensions; (2) water storage tank; (3) supplying water system operation and monitoring equipment; and (4) supplying water service meters. A fifth contract for an operations center was included in the cost estimate; however, no design documents were submitted. Therefore, Staff removed Contract 5 from consideration and from the estimated construction cost. The cost for the total project, excluding \$440,000 for the fifth contract, is \$3,962,000. Staff based its calculations on 209 customers rather than the Applicant's proposed 222 customers, since 179 signed user agreements have been submitted. One agreement was for a trailer park with 30 trailers. Therefore, the total number of customers is 209. The cost per customer is approximately \$19,000, which Staff states is extremely high for the provision of water service. The loan cost per customer is \$5,870, which Staff states is quite acceptable. Customer density is 8 customers per mile, an extremely low density. The project's grant funding, however, mitigates poor project density. Staff has determined that operation and maintenance expenses will increase by \$62,986 for the purchase and transport of additional water. Technical Staff opined that the project shows necessity; is convenient; the plans and specifications are in general conformance with the Commission's Rules and Regulations; and the City has certified that sufficient capacity exists to provide water for the proposed project.

Financial Staff reported that the Applicant plans to finance the project with an RUS loan of \$1,227,000; an RUS grant of \$1,925,000; and a WVIJDC grant of \$1,250,000. The terms for the \$1,227,000 RUS loan are 40 years at 4.75%, which results in an annual debt service payment of \$69,804, with a 10% debt service reserve payment of \$6,980. The Applicant has provided commitment letters from RUS and WVIJDC for the respective grant and loan funds equal to the amount of the total estimated project costs. The Applicant does not plan to obtain interim financing. The Applicant proposes to fund the additional debt and operating expenses associated with the project with a 10% rate increase. The proposed rates are anticipated to generate \$192,160 in additional annual operating revenue. The Applicant's 10% rate increase is excessive, given Staff's adjustments to the proposed operation and maintenance expenses. Staff recommends an 8.4% increase to rates to cover the project-related expenses. The Staff-recommended rates, based upon 209 new customers, will generate an additional \$178,271 in annual operating revenues. This results in a proforma surplus of approximately \$5,562, and a debt service coverage of 127.44%. Staff recommended that the District be granted a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system and for approval of a revised water purchase contract with the City; approval of project funding of a \$1,250,000 grant from the WVIJDC, a \$1,227,000 loan from RUS at 4.75% for 40 years and a \$1,925,000 grant from RUS; approval of the Staff-recommended rates and charges and a Staff-recommended leak adjustment rate of \$4.01 per 1,000 gallons; that any changes in the scope of the project or financing require additional Commission approval before proceeding; that the Applicant provide a copy of the engineer's certified tabulation of bids within ten (10) days of the bid opening date for each construction contract or vendor bid

contract to be awarded for the project; that the Applicant's engineer submit a copy of a certificate of substantial completion when available; and that, when and if the Applicant completes the design for Contract 5, the Applicant petition to reopen the case to seek permission to proceed.

Legal Staff opined that the Applicant has substantially complied with the notice provisions of W. Va. Code §24-2-11 and Rule 10.3.d of the Commission's Rules of Practice and Procedure. The one protest filed was filed outside of the time period for protests; therefore, if the Applicant agrees with Staff's recommendations, no hearing is necessary. The Staff Attorney recommended that the Applicant be given ten (10) days to file a written response to Staff's recommendations.

On June 28, 2005, the Applicant filed a letter indicating that it agreed with all of Staff's recommendations with the exception of the exclusion of Contract 5 from the certificate case, and the resulting reduction in the overall amount of the borrowing and the corresponding rate increase.

On June 28, 2005, the Applicant filed a motion to toll the expiration of the 270-day period established in W. Va. Code § 24-2-11 by ninety (90) days.

On June 29, 2005, Staff Attorney Anderson filed the Further Final Joint Staff Memorandum and indicated that Staff had no objection to the Applicant's request.

By Commission Order dated July 5, 2005, the Applicant's request that the statutory deadline be tolled by ninety (90) days was granted. The decision due date for the Division of Administrative Law Judges was extended until December 29, 2005.

On July 7, 2005, the Applicant filed plans and specifications for Contract 5.

By Procedural Order dated July 22, 2005, Commission Staff was required to file an additional recommendation based upon the Applicant's updated filing on or before September 2, 2005.

On August 31, 2005, Ms. Anderson filed the Second Further Final Joint Staff Memorandum to which was attached the August 30, 2005 Further Final Internal Memorandum prepared by Mr. Lengyel and Mr. Brady. Staff offered an updated review and recommendations after receipt of the plans and specifications for Contract 5, a contract to construct one office building and one maintenance building at an estimated cost of \$440,000. The total estimated project cost is \$4,402,000 which is proposed to be financed with a loan from RUS in the amount of \$1,227,000, a RUS grant in the amount of \$1,925,000 and a WVIJDC grant in the amount of \$1,250,000. Staff has based its calculations on 209 new users, instead of the 222 potential users indicated by the District. Staff represented that the cost per customer of approximately \$19,000 ($\$3,962,000/209$) is extremely high for the provision of water service. However, the cost per customer is an acceptable \$5,870 ($\$1,227,000/209$) based on the amount of the loan. Customer density is approximately eight (8) customers per mile (25 miles of line/209) which is extremely low and of questionable feasibility.

Poor project density is mitigated by the fact that a significant portion of the project funding is fulfilled by grants. Staff also opined that the \$72,396 increase in operation and maintenance expenses, caused primarily by costs to purchase and transport additional water, is understandable.

Technical Staff concluded that the project shows necessity through signed user agreements and hydraulic evidence indicating the need for system improvements included in the project; is convenient because it is a suitable action to help mitigate existing problems; the plans and specifications are in general conformance with the Commission's Rules and Regulations; and the City has certified that sufficient capacity exists to provide water for the proposed project. Pursuant to West Virginia Code §§16-13A-25 and 24-2-11, Staff recommended that the District be granted a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system, including contract 5; the project financing be approved; and the revised water purchase contract with the City be approved. Staff also recommended that, if there is any change in the plans, scope or financing for the project, the District should request a reopening of the certificate case for adjustments and approval. Staff further recommended that the Staff-recommended rates and charges, attached as Exhibit 4 to the Final Joint Staff Memorandum filed on June 16, 2005, be approved; a leak adjustment rate of \$4.01 per 1,000 gallons of water be approved; the Applicant should be required to provide a copy of the engineer's certified tabulation of bids within ten (10) days of the bid opening date for each construction contract or vendor bid contract to be awarded for the project; and the District's engineer should be required to submit a copy of the certificate of substantial completion when it is available.

The Legal Division noted that the District had substantially complied with the notice provisions of West Virginia Code §24-2-11 and Rule 10.3.d. of the Commission's Rules of Practice and Procedure (150 CSR 1-10.3.d.). Only one protest was filed and it was filed outside the time period for protest. The Legal Division opined that, if the District agrees with Staff's recommendations, there would be no need for a hearing.

On September 19, 2005, Ms. Anderson filed the Third Further Final Joint Staff Memorandum to which was attached the September 15, 2005 Second Further Final Internal Memorandum prepared by Mr. Lengyel and Mr. Brady. Technical Staff reported that Staff was filing the Second Further Final Internal Memorandum in order to update the Costs section of the Engineering Review. Staff represented that all conclusions and recommendations remained the same as presented in the Further Final Memorandum. Staff revised the cost per customer from \$19,000 (\$3,962,000/209) to approximately \$21,000 (\$4,402,000/209). Staff opined that the cost of \$21,000 per customer was extremely high for the provision of water service, but the \$5,870 (\$1,227,000/209) cost per customer for the loan amount is quite acceptable. The Staff Attorney recommended that Staff's recommendations set forth in the Second Further Final Joint Staff Memorandum filed on August 31, 2005, be adopted.

As of the date of this Order, the District has not filed a written response to either the Second Further Final Joint Staff Memorandum or the Third Further Final Joint Staff Memorandum.

FINDINGS OF FACT

1. On March 4, 2005, the Central Hampshire Public Service District filed an application for a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system, for approval of the financing thereof and for approval of a revised water purchase contract with the City of Romney. (See, filing dated March 4, 2005).

2. The total estimated cost of \$4,402,000 is to be funded with a loan from the United States Department of Agriculture, Rural Utilities Service (RUS), in an amount not to exceed \$1,227,000; a grant from RUS in the amount of \$1,925,000; and a grant from the West Virginia Infrastructure and Jobs Development Council (WVIJDC) in the amount of \$1,250,000. (See, filing dated March 4, 2005).

3. The Applicant filed an affidavit of publication reflecting that the Notice of Filing of the certificate application was published in the Hampshire Review, on March 9, 2005, a newspaper duly qualified by the Secretary of State, published and generally circulated in Hampshire County, in compliance with the Commission's March 4, 2005 Order. (See, Affidavit of Publication filed March 22, 2005).

4. On May 2, 2005, one (1) untimely objection was filed to the Applicant's certificate application. No other protests or objections were filed within the thirty-day response period, which expired on April 8, 2005, or as of the date of this Order. (See, May 2, 2005 filing; case file generally).

5. Although the Applicant had proposed to fund the additional debt and operating expenses associated with the project with a 10% rate increase, Staff found that proposed increase to be excessive. Staff recommended an 8.4% increase to rates to cover the project-related expenses. (See, Final Joint Staff Memorandum with attachment filed June 16, 2005).

6. The Staff-recommended rates, based upon 209 new customers, will generate an additional \$178,271 in annual operating revenues; a pro forma surplus of approximately \$5,562; and a debt service coverage of 127.44%. (See, Final Joint Staff Memorandum with attachment filed June 16, 2005).

7. Presently, the households in the areas to be served are served by individual wells and cisterns. However, the ridge areas are dry much of the year and those residents are forced to haul water. The valley areas are primarily in the headwaters of streams which dry up in summer months. Further, fire protection is very limited due to a lack of accessible quantities of water. (See, application filed March 4, 2005).

8. According to Staff, the project shows necessity through signed user agreements and hydraulic evidence indicating the need for system improvements included in the project. The project is convenient because it is a suitable action to help mitigate existing problems. (See, Second Further Final Joint Staff Memorandum and attachment filed August 31, 2005).

9. Commission Staff is of the opinion that the Applicant's proposed project is financially feasible and should be approved. (See, Final Joint Staff Memorandum and attachment filed June 16, 2005; Second Further Final Joint Staff Memorandum and attachment filed August 31, 2005; and Third Further Final Joint Staff Memorandum and attachment filed September 19, 2005).

10. WATER REVENUE BONDS, SERIES 2006 A
(UNITED STATES DEPARTMENT OF AGRICULTURE)

\$1,745,000

No. AR-1

Date: June 30, 2006

FOR VALUE RECEIVED, CENTRAL HAMPSHIRE PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION SEVEN HUNDRED FORTY-FIVE THOUSAND DOLLARS (\$1,745,000), plus interest on the unpaid principal balance at the rate of 4.375% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 28 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$7,870,000, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid on the 28th day of the month, 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided herein below. The consideration here for shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security here for, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity with or senior to which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolutions and upon surrender and

cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange here for.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted June 28, 2006, authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture, the Bonds will be in default should any proceeds of the Bonds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED SUBORDINATE AND JUNIOR TO THE LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, WITH THE FOLLOWING WATER REVENUE BONDS OF THE BORROWER:

(I) WATER REVENUE BONDS, SERIES 1976, DATED JANUARY 12, 1977, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$411,000, AS DESCRIBED IN THE PRIOR RESOLUTIONS (THE "FIRST LIEN BOND").

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Central Hampshire Public Service District in Central Hampshire, West Virginia (the "Issuer"), of its \$1,745,000 Water Revenue Bonds, Series 2006 A (United States Department of Agriculture), dated the date hereof (the "Bonds"), pursuant to Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a resolution of the Issuer duly adopted June 28, 2006, (the "Resolution"). We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the representations of the Issuer contained in the Resolution and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and a political subdivision of the State of West Virginia with corporate power to adopt the Resolution, perform the agreements on its part contained therein and issue the Bonds.
2. The Resolution has been duly adopted by the Issuer and constitutes a valid and binding obligation of the Issuer enforceable upon the Issuer.
3. Pursuant to the Act, the Resolution creates a valid lien on the funds pledged by the Resolution for the security of the Bonds on a parity with the Issuer's Water Revenue Bonds, Series 1992, dated September 21, 1992, issued in the original aggregate principal amount of \$358,000 (the "Series 1992 Bonds"), and junior and subordinate to the Water Revenue Bonds, Series 1976, dated January 12, 1977, issued in the original aggregate principal amount of \$411,000 (the "Series 1977 Bonds") (collectively, the "Prior Bonds").

4. The Bonds have been duly authorized, executed and delivered by the Issuer and are valid and binding special obligations of the Issuer, payable solely from the sources provided therefor in the Resolution.

5. The Bonds have not been issued on the basis that the interest thereon is or will be excluded from gross income for federal income tax purposes; therefore, the interest on the Bonds is not excluded from gross income for federal income tax purposes. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

6. The Bonds are, under the Act, exempt from taxation by the State of West Virginia, and the other taxing bodies of said State, and interest on the Bonds is exempt from personal income taxes and corporate net income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Resolution and the liens and pledges set forth therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that the enforcement thereof may also be subject to the exercise of judicial discretion in appropriate cases.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

Entered: September 12, 2001

CASE NO. 01-0647-PSWD-PC

HAMPSHIRE COUNTY COMMISSION

Petition for consent and approval to
enlarge the boundaries of Central
Hampshire Public Service District.

RECOMMENDED DECISION

On May 14, 2001, the Hampshire County Commission filed a petition for consent and approval to enlarge the boundaries of Central Hampshire Public Service District, pursuant to West Virginia Code §16-13A-2. The County Commission's petition addresses only water service.

By Order dated June 25, 2001, this matter was referred to the Division of Administrative Law for a decision to be rendered on or before December 10, 2001.

On June 8, 2001, Staff Attorney Caryn Watson Short filed an Initial and Final Joint Staff Memorandum to which was attached the Initial and Final Internal Memorandum prepared by Ms. Karen L. Buckley, Utilities Analyst, Water and Wastewater Division, and Mr. Christopher B. Farrish, Engineering Technician, Engineering Division. Staff noted that, on May 29, 2001, the Hampshire County Commission filed information in response to a Staff request for further information in this proceeding. However, since the case number was not on the information that the Hampshire County Commission filed, the Executive Secretary's Office treated the information as a new case and assigned it Case No. 01-0711-PSWD-PC. Staff recommended that the proceeding designated as Case No. 01-0711-PSWD-PC be dismissed and the information filed therein placed in the file for Case No. 01-0647-PSWD-PC.

By Commission Order dated June 8, 2001, it was ordered that the documents filed on May 29, 2001, in this proceeding be placed in Case No. 01-0647-PSWD-PC, Hampshire County Commission. Said order also dismissed, and removed from the Commission's docket of open cases, Case No. 01-0711-PSWD-PC.

On July 18, 2001, Staff Attorney Caryn Watson Short filed the Final Joint Staff Memorandum to which was attached the Final Internal Memorandum prepared by Ms. Karen L. Buckley, Utilities Analyst, Water and Wastewater Division, and Christopher B. Farrish, Engineering Technician, Engineering Division. Staff explained that the Hampshire County Commission determined it necessary, feasible and proper to enlarge the boundaries of Central Hampshire Public Service District and that it will

be conducive to the preservation of public health, comfort and convenience of the area. The proposed consolidation will not infringe upon any other water utility. The application included the affidavits of

publication. Although the County Commission had not provided evidence that posting was done, Staff believed the Hampshire County Commission had substantially complied with West Virginia Code §16-13A-2 and recommended that a hearing be set for this case in Hampshire County. Staff will support approval of the boundary expansion.

On July 19, 2001, Staff Attorney Short filed a Further Final Joint Staff Memorandum indicating that the Hampshire County Commission had provided evidence that posting had been done.

By Order dated July 27, 2001, this matter was set for a hearing to be held in Hampshire County in accordance with the provisions of West Virginia Code §16-13A-2 on August 21, 2001. Said Order also provided that the Hampshire County Commission publish a notice of hearing once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Hampshire County. The proper affidavit of publication was to be submitted to the Commission at the hearing.

Mr. David W. Pancake, Executive Director of the Hampshire County Development Authority, appeared on behalf of the Hampshire County Commission and provided the proper affidavit of publication reflecting that publication had been made of the notice of hearing in accordance with the Commission's requirements. (Tr., p. 5).

Commission Staff was represented by Staff Attorney Cassius H. Toon. No one appeared in protest to the Hampshire County Commission's petition.

Since no one appeared in protest to the petition of the Hampshire County Commission, the matter was submitted for a decision as an unopposed case.

FINDINGS OF FACT

1. On May 14, 2001, the Hampshire County Commission filed a petition for consent and approval to enlarge the boundaries of Central Hampshire Public Service District, pursuant to West Virginia Code §16-13A-2. The County Commission's petition addresses only water service. (See petition filed May 14, 2001).

2. On July 18, 2001, Staff Attorney Caryn Watson Short recommended that a hearing be held in this matter in accordance with the provisions of West Virginia Code §16-13A-2 in Hampshire County. (See, Final Joint Staff Memorandum filed July 18, 2001).

3. On July 19, 2001, Staff Attorney Short filed a Further Final Joint Staff Memorandum in which she advised that Staff had filed a Final Joint Staff Memorandum in this case on July 18, 2001, recommending approval of the boundary enlargement. (See Further Final Joint Staff Memorandum filed July 19, 2001).

4. By Order dated July 27, 2001, this matter was set for a hearing to be held in Hampshire County on August 21, 2001. Said Order also provided that the Hampshire County Commission publish a notice of hearing once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Hampshire County. (See Order dated July 27, 2001).

5. The hearing was held as scheduled on August 21, 2001, and a proper affidavit of publication was submitted by the Hampshire County Commission indicating that the notice of hearing had been published in accordance with the Commission's requirements. No one appeared at the hearing in protest to the petition. (See, Tr., pp. 4, 5).

CONCLUSION OF LAW

Since the Hampshire County Commission gave notice of the hearing to be held in this matter on August 21, 2001, in accordance with the Commission's requirements and no one appeared in protest to the petition, it is reasonable to approve the order of the Hampshire County Commission, dated March 23, 2001, and filed on May 14, 2001, enlarging the boundaries of the Central Hampshire Public Service District, pursuant to West Virginia Code §16-13A-2.

ORDER

IT IS, THEREFORE, ORDERED that the March 23, 2001 Order of the Hampshire County Commission enlarging the boundaries of the Central Hampshire Public Service District, be, and the same hereby is, approved.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the

Commission sooner than five (5) days after approval of such waiver by the Commission.

DOCUMENTS REQUIRED: _____
 TRANSFERS REQUIRED: _____

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

RE: Amendment No. 1 to
Letter of Conditions

Dear Mr. Bohrer:

This letter, with Attachment No. 1, amends the letter of conditions dated March 23, 1999 and further establishes conditions which must be understood and agreed to by you before further consideration may be given to your application. The loan and grant will be administered on behalf of the Rural Utilities Service (RUS) by the State and Area staff of USDA, Rural Development. Any changes in project cost, source of funds, scope of services, or any other significant changes in the project or applicant must be reported to and approved by USDA, Rural Development by written amendment to this letter. Any changes not approved by Rural Development shall be cause for discontinuing processing of the application.

The docket may be completed on the basis of a reduced RUS loan in the amount of \$1,227,000, an initial RUS grant in the amount of \$1,870,000, a subsequent RUS grant in the amount of \$55,000, and other funding in the amount of \$1,250,000, for a total project cost of \$4,402,000. The other funding is planned in the form of a grant from the West Virginia Infrastructure and Jobs Development Council.

Subject to the requirements noted herein, all of the conditions of the March 23, 1999 letter of conditions remain in effect and must be satisfied prior to loan and grant closing.

Extra copies of this letter are being provided for use by your engineer, attorney, bond counsel and accountant. The enclosures and attachments listed below are attached to the copies as noted.

Enclosed are the following:

Attachment No. 1 - Project Construction Budget (All Copies)

The conditions referred to above are as follows:

1. Loan Repayment - The reduced loan will be scheduled for repayment over a period of 40 years. The payments due the first 24 months will consist of interest only. The remaining 456 months will be equal amortized monthly installments. For planning purposes, use a 4.75% interest rate and a monthly amortization factor of .00475 which provides for a monthly payment of \$5,829 on the reduced loan.
2. Users - This conditional commitment is based upon you having obtained proper signed user agreements with at least 219 bona fide full time users located within the planned service area. This amends the previous number of 340 users as required by the letter of conditions dated March 23, 1999.

The RUS loan and grant commitment is based on the PSD providing service to three large volume users. Evidence must be provided to show those users will actually be connected to the system when it is completed and that the monthly water usage projected by the engineer for those users is reasonable. In the event any of those users refuse the offered service, the PSD must obtain enough additional revenue (i.e., increase in user rates, sign up of an adequate number of other users, reduction in project scope to reduce debt service and O&M, etc.) to make up the projected income that would be lost by not having those users on the system.

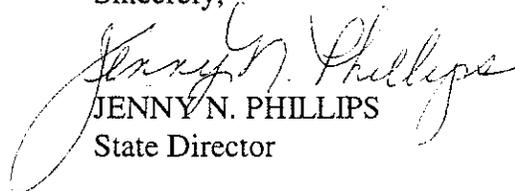

3. Public Service Commission Approval - You must obtain PSC approval of the project's proposed financing and user rates as may result from this amendment to the letter of conditions.
4. At a properly called meeting, you must adopt and properly execute the following forms, and minutes showing the adoption must be provided (you must also provide us with a copy of the minutes showing the adoption of the forms associated with the original letter of conditions):

RUS Bulletin 1780-12 - "Water or Waste System Grant Agreement"
 Form RD 442-7 - "Initial Operating Budget"
 Form 1940-1 - "Request for Obligation of Funds"
 RUS Bulletin 1780-27 - "Loan Resolution"
 Form RD 1942-46 - "Letter of Intent to Meet Conditions"

If the conditions set forth in this letter are not met within six (6) months from the date hereof, RUS reserves the right to discontinue processing of the application. In the event the project has not advanced to the point of loan closing within the six-month period and it is determined the Public Service District still wishes to proceed, it will be necessary that the proposed budget be reviewed again in detail. If, during that review, it is determined the budget is no longer current and/or adequate, RUS reserves the right to require that it be revised or replaced.

We believe the information herein clearly sets forth the actions which must be taken; however, if you have any questions, please do not hesitate to contact me.

WATER OR WASTE SYSTEM GRANT AGREEMENT
UNITED STATES DEPARTMENT OF AGRICULTURE
RURAL UTILITIES SERVICE

THIS AGREEMENT dated June 30, 2006 between
Central Hampshire Public Service District

a public corporation organized and operating under

Chapter 16 Article 13A, West Virginia State Code

(Authorizing Statute)

herein called "Grantee," and the United States of America acting through the Rural Utilities Service, Department of Agriculture, herein called "Grantor," WITNESSETH:

WHEREAS

Grantee has determined to undertake a project of acquisition, construction, enlargement, or capital improvement of a (water) (sewer) system to serve the area under jurisdiction at an estimated cost of \$ 5,560,000 and has duly authorized the undertaking of such project.

Grantee is able to finance not more than \$ 3,195,000 of the development cost through revenues, charges, taxes or assessments, or funds otherwise available to Grantee resulting in a reasonable user charge.

Said sum of \$ 3,195,000 has been committed to and by Grantee for such project development costs.

Grantor has agreed to grant the Grantee a sum not to exceed \$ 2,365,000 or 42.54% percent of said development costs, whichever is the lesser, subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

As a condition of this grant agreement, the Grantee assures and certifies that it is in compliance with and will comply in the course of the agreement with all applicable laws, regulations, Executive orders and other generally applicable requirements, including those set out in 7 CFR 3015.205(b), which hereby are incorporated into this agreement by reference, and such other statutory provisions as are specifically set forth herein.

NOW, THEREFORE, In consideration of said grant by Grantor to Grantee, to be made pursuant to Section 306 (a) of the Consolidated Farm and Rural Development Act the purpose only of defraying a part not to exceed 42.54% percent of the development costs, as defined by applicable Rural Utilities Service Instructions.

GRANTEE AGREES THAT GRANTEE WILL:

A. Cause said project to be constructed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any modifications thereof prepared by Grantee and approved by Grantor.

B. Permit periodic inspection of the construction by a representative of Grantor during construction.

C. Manage, operate and maintain the system, including this project if less than the whole of said system, continuously in an efficient and economical manner.

D. Make the services of said system available within its capacity to all persons in Grantee's service area without discrimination as to race, color, religion, sex, national origin, age, marital status, or physical or mental handicap (possess capacity to enter into legal contract for services) at reasonable charges, including assessments, taxes, or fees in accordance with a schedule of such charges, whether for one or more classes

of service, adopted by resolution dated _____, as may be modified from time to time by Grantee. The initial rate schedule must be approved by Grantor. Thereafter, Grantee may make such modifications to the rate system as long as the rate schedule remains reasonable and nondiscriminatory.

E. Adjust its operating costs and service charges from time to time to provide for adequate operation and maintenance, emergency repair reserves, obsolescence reserves, debt service and debt service reserves.

F. Expand its system from time to time to meet reasonably anticipated growth or service requirements in the area within its jurisdiction.

G. Provide Grantor with such periodic reports as it may require and permit periodic inspection of its operations by a representative of the Grantor.

H. To execute any agreements required by Grantor which Grantee is legally authorized to execute. If any such agreement has been executed by Grantee as a result of a loan being made to Grantee by Grantor contemporaneously with the making of this grant, another agreement of the same type need not be executed in connection with this grant.

I. Upon any default under its representations or agreements set forth in this instrument, Grantee, at the option and demand of Grantor, will repay to Grantor forthwith the original principal amount of the grant stated herein above with the interest at the rate of 5 percentum per annum from the date of the default. Default by the Grantee will constitute termination of the grant thereby causing cancellation of Federal assistance under the grant. The provisions of this Grant Agreement may be enforced by Grantor, at its option and without regard to prior waivers by it previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grant Agreement or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant Agreement and the laws and regulations under which this grant is made.

J. Return immediately to Grantor, as required by the regulations of Grantor, any grant funds actually advanced and not needed by Grantee for approved purposes.

K. Use the real property including land, land improvements, structures, and appurtenances thereto, for authorized purposes of the grant as long as needed.

1. Title to real property shall vest in the recipient subject to the condition that the Grantee shall use the real property for the authorized purpose of the original grant as long as needed.

2. The Grantee shall obtain approval by the Grantor agency for the use of the real property in other projects when the Grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs or programs that have purposes consistent with those authorized for support by the Grantor.

3. When the real property is no longer needed as provided in 1 and 2 above, the Grantee shall request disposition instructions from the Grantor agency or its successor Federal agency. The Grantor agency shall observe the following rules in the disposition instructions:

(a) The Grantee may be permitted to retain title after it compensates the Federal Government in an amount computed by applying the Federal percentage of participation in the cost of the original project to the fair market value of the property.

(b) The Grantee may be directed to sell the property under guidelines provided by the Grantor agency. When the Grantee is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

[Revision 1, 04/17/1998]

(c) The Grantee may be directed to transfer title to the property to the Federal Government provided that in such cases the Grantee shall be entitled to compensation computed by applying the Grantee's percentage of participation in the cost of the program or project to the current fair market value of the property.

This Grant Agreement covers the following described real property (use continuation sheets as necessary).

All real property owned by the Central Hampshire PSD Water System.

L. Abide by the following conditions pertaining to equipment which is furnished by the Grantor or acquired wholly or in part with grant funds. Equipment means tangible, non-expendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. A Grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

[Revision 1, 04/17/1998]

1. Use of equipment.

(a) The Grantee shall use the equipment in the project for which it was acquired as long as needed. When no longer needed for the original project, the Grantee shall use the equipment in connection with its other Federally sponsored activities, if any, in the following order of priority:

(1) Activities sponsored by the Grantor.

(2) Activities sponsored by other Federal agencies.

(b) During the time that equipment is held for use on the project for which it was acquired, the Grantee shall make it available for use on other projects if such other use will not interfere with the work on the project for which the equipment was originally acquired. First preference for such other use shall be given to Grantor sponsored projects. Second preference will be given to other Federally sponsored projects.

2. Disposition of equipment. When the Grantee no longer needs the equipment as provided in paragraph (a) above, the equipment may be used for other activities in accordance with the following standards:

(a) Equipment with a current per unit fair market value of less than \$5,000. The Grantee may use the equipment for other activities without reimbursement to the Federal Government or sell the equipment and retain the proceeds.

(b) Equipment with a current per unit fair market value of \$5,000 or more. The Grantee may retain the equipment for other uses provided that compensation is made to the original Grantor agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value or proceeds from sale of the equipment. If the Grantee has no need for the equipment and the equipment has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

The Grantor agency shall determine whether the equipment can be used to meet the agency's requirements. If no requirement exists within that agency, the availability of the equipment shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by the Grantor agency to determine whether a requirement for the equipment exists in other Federal agencies. The Grantor agency shall issue instructions to the Grantee no later than 120 days after the Grantee requests and the following procedures shall govern:

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the equipment and reimburse the Grantor agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share ten percent of the proceeds, for Grantee's selling and handling expenses.

(2) If the Grantee is instructed to ship the equipment elsewhere the Grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(3) If the Grantee is instructed to otherwise dispose of the equipment, the Grantee shall be reimbursed by the Grantor agency for such costs incurred in its disposition.

3. The Grantee's property management standards for equipment shall also include:

(a) Records which accurately provide for: a description of the equipment; manufacturer's serial number or other identification number; acquisition date and cost; source of the equipment; percentage (at the end of budget year) of Federal participation in the cost of the project for which the equipment was acquired; location, use and condition of the equipment and the date the information was reported; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(b) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years to verify the existence, current utilization, and continued need for the equipment.

(c) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented.

(d) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.
