Section 1.02. Authority for this Ordinance. This Ordinance is enacted pursuant to the provisions of the Act and other applicable provisions of law.

Section 1.03. Findings. The Council hereby finds and determines as follows:

A. The Issuer is a municipal corporation and political subdivision of the State of West Virginia, in Jefferson County of said State.

B. The Issuer now owns and operates, through the Board, a municipal combined water and sewerage System, the construction, extension and improvement of which it has financed or refinanced pursuant to the issuance of the Prior Bonds.

C. The Issuer has determined that present value debt service savings will result from the current refunding of its Outstanding Series 1998 Refunding Bonds, and that it is in the best interest of the residents of the Issuer and other users of the System to currently refund such Series 1998 Refunding Bonds.

D. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 2009 A, in the original aggregate principal amount of not more than \$8,000,000, in order to repay in full the remaining principal balance of and all accrued interest on the Issuer's Series 1998 Refunding Bonds. The proceeds of the Series 2009 A Bonds may also be applied to funding the Series 2009 A Bonds Reserve Account and the payment of underwriter's discount; legal expenses; expenses for estimates of costs and revenues; administrative expense; commitment fees; premiums for municipal bond insurance, reserve account insurance or reserve account surety bonds; letter of credit fees; discount; initial fees for the services of registrar's, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2009 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized; and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series

2009 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall also be permitted.

E. It is in the best interest of the Issuer that the Series 2009 A Bonds be sold to the Original Purchaser pursuant to the terms and provisions of a Bond Purchase Agreement to be entered into by and between the Issuer and the Original Purchaser, as shall be approved by the Supplemental Resolution of the Issuer.

The Series 2007 A Notes are secured solely by the Surplus Revenues of the System and the proceeds of a subsequent series of bonds to be issued by the Issuer for the purpose of permanently financing the costs of the project temporarily financed by the proceeds of such Series 2007 A Notes. The proceeds of the Series 2007 A Notes are not secured by the Gross Revenues or Net Revenues of the System. The Series 2009 A Bonds and the Prior Bonds shall be senior and prior with respect to lien on and source of and security for payment to the Series 2007 A Notes.

The Series 1987 B Bonds, the Series 1988 B-1 Bonds, the Series 1988 B-2 Bonds, the Series 1989 B Bonds, the Series 1998 Refunding Bonds, the Series 1998 Design Bonds, the Series 2000 A Bonds, the Series 2002 A Bonds, the Series 2002 B Bonds, the Series 2002 C Bonds, the Series 2003 A Bonds, the Series 2005 A Bonds, the Series 2006 A Bonds, and the Series 2006 B Bonds are hereinafter collectively called the "Prior Bonds." The ordinances which authorized the issuance of the Prior Bonds are herein collectively referred to as the "Prior Ordinances."

The Series 2009 A Bonds shall be issued on a parity with one another and with the Prior Bonds, all of which shall have a first lien position with respect to pledge and source of and security for payment and in all other respects. The Issuer has met the coverage requirements for

issuance of parity bonds of the Prior Bonds and the Prior Ordinances and has substantially complied with all other parity requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature.

Prior to the issuance of the Series 2009 A Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Registered Owners of the Prior Bonds to the issuance of the Series 2009 A Bonds on a parity with such Prior Bonds if required by the Prior Ordinances.

Other than the Prior Bonds and the Series 2007 A Notes, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

G. The Issuer derives revenues from the System which are pledged for payment of the Prior Bonds and the Series 2007 A Notes. Except for such pledge thereof to secure and pay the Prior Bonds and the Series 2007 A Notes, said revenues are not pledged or encumbered in any manner. The Issuer intends to issue the Series 2009 A Bonds and to pledge for payment thereof, the Gross Revenues of the System. Upon issuance of the Series 2009 A Bonds, the Series 2009 A Bonds will be secured by a first lien on the Gross Revenues of the System, on a parity with the Prior Bonds, and senior as to liens, pledge, source of and security for payment to the Series 2007 A Notes.

H. The estimated revenues to be derived in each year after the date hereof from the operation of the System will be sufficient, to provide for repair, maintenance and operation of the System, the payment of interest on the Series 2009 A Bonds, the Series 2007 A Notes and the Prior Bonds, and to create sinking funds, as hereinafter provided, to pay the principal on the Series 2009 A Bonds and the Prior Bonds as and when it becomes due and reasonable reserves therefore, to provide an adequate renewal and replacement fund, as hereinafter provided, and to make all other payments provided for in this Ordinance.

I. It is in the best interests of the Issuer, and the residents thereof, that the Issuer issue the Series 2009 A Bonds, and secure the Series 2009 A Bonds by a pledge and assignment of the Gross Revenues derived from the operation of the System, the monies in the Series 2009 A Bonds Reserve Account, unexpended proceeds of the Series 2009 A Bonds and as further set forth herein.

J. The Series 2009 A Bonds and the Certificate of Authentication and Registration to be endorsed thereon are to be in substantially the forms set forth in EXHIBIT A - SERIES 2009 A BOND FORM, attached hereto and incorporated herein by reference, with necessary and appropriate variations, omissions and insertions as permitted or required by this Ordinance or a Supplemental Resolution or as deemed necessary by the Registrar or the Issuer.

K. All things necessary to make the Series 2009 A Bonds, when authenticated by the Registrar and issued as in this Ordinance provided, the valid, binding and legal special obligations of the Issuer according to the import thereof, and to validly pledge and assign those

funds pledged hereby to the payment of the principal of and interest on the Series 2009 A Bonds will be timely done and duly performed.

L. The enactment of this Ordinance, and the execution and issuance of the Series 2009 A Bonds, subject to the terms thereof, will not result in any breach of, or constitute a default under, any instrument to which the Issuer is a party or by which it may be bound or affected.

M. The Issuer has complied with all requirements of West Virginia law relating to the operation of the System, the issuance of the Series 2009 A Bonds and the refunding of the Series 1998 Refunding Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a certificate of convenience and necessity from the West Virginia Public Service Commission by final order, the time for rehearing and appeal of which will either have expired prior to the date of issuance of the Series 2009 A Bonds or such final order will not be subject to appeal or rehearing.

Section 1.04. Ordinance Constitutes Contract. In consideration of the acceptance of the Series 2009 A Bonds by those who shall own or hold the same from time to time, this Ordinance shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the legal Registered Owners of any and all of such Series 2009 A Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Series 2009 A Bond and any other Series 2009 A Bond, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE II

AUTHORIZATION OF REFUNDING

Section 2.01. Authorization of Refunding. All Series 1998 Refunding Bonds Outstanding as of the date of issuance of the Series 2009 A Bonds and all unpaid interest accrued thereon, if any, are hereby ordered to be refunded and paid in full and the pledge of Gross Revenues in favor of the Registered Owners of the Series 1998 Refunding Bonds imposed by the Prior Ordinance authorizing the issuance of the Series 1998 Refunding Bonds, the monies in the funds and accounts created by the Prior Ordinances pledged to payment of the Series 1998 Refunding Bonds, and any other funds pledged by the Prior Ordinances to payment of the Series 1998 Refunding Bonds are hereby ordered terminated, discharged and released upon such payment to the Registered Owners of the Series 1998 Refunding Bonds. Contemporaneously with the payment in full of the Series 1998 Refunding Bonds, the amounts on deposit in the sinking fund, and all other funds and accounts created and maintained on behalf of the Series 1998 Refunding Bonds, shall be released from the lien created by the Prior Ordinance authorizing the issuance of the Series 1998 Refunding Bonds.

ARTICLE III

THE BONDS

Section 3.01. Form and Payment of Bonds. No Series 2009 A Bond shall be issued pursuant to this Ordinance except as provided in this Article III. Any Series 2009 A Bonds issued pursuant to this Ordinance may be issued only as fully registered Series 2009 A Bonds without coupons, in the denomination of \$5,000 or any integral multiple thereof for any year of maturity (or such other denominations as may be set forth in a Supplemental Resolution). All Series 2009 A Bonds shall be dated as of the date provided in a Supplemental Resolution applicable to such series. All Series 2009 A Bonds shall bear interest from the interest payment date next preceding the date of authentication or, if authenticated after the Record Date but prior to the applicable interest payment date or on such interest payment date, from such interest payment date or, if no interest on such Series 2009 A Bonds has been paid, from the date thereof; provided however, that, if, as shown by the records of the Registrar, interest on such Series 2009 A Bonds shall be in default, Series 2009 A Bonds issued in exchange for Series 2009 A Bonds surrendered for transfer or exchange shall bear interest from the date to which interest has been paid in full on the initial Series 2009 A Bonds surrendered.

The principal of and the premium, if any, on the Series 2009 A Bonds shall be payable in any coin or currency which, on the respective date of such payment, is legal tender for the payment of public and private debts under the laws of the United States of America upon surrender at the principal office of the Paying Agent. Interest on the Series 2009 A Bonds shall be paid by check or draft made payable and mailed to the Registered Owner thereof at his address as it appears in the Bond Register at the close of business on the Record Date, or, if requested, in the case of a Registered Owner of \$1,000,000 or more of the Series 2009 A Bonds, by wire transfer to a domestic bank account specified in writing at least 5 days prior to such interest payment date by such Registered Owner.

In the event any Series 2009 A Bond is redeemed in part, such bond shall be surrendered to and canceled by the Registrar, and the Issuer shall execute, and the Registrar shall authenticate and deliver to the Registered Owner thereof, another Series 2009 A Bond in the principal amount of said Series 2009 A Bond then Outstanding.

Section 3.02. Execution of Bonds. The Series 2009 A Bonds shall be executed in the name of the Issuer by the Mayor and City Manager, by their manual or facsimile signatures, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Clerk by his or her manual or facsimile signature; provided, that, all such signatures and the seal may be by facsimile. In case any one or more of the officers who shall have signed or sealed any of the Series 2009 A Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2009 A Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.03. Authentication and Registration. No Series 2009 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Ordinance unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in EXHIBIT A - FORM OF SERIES 2009 A BOND attached hereto and incorporated herein by reference with respect to such respective Series 2009 A Bond, shall have been duly manually executed by the Registrar. Any such manually executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Series 2009 A Bond has been authenticated, registered and delivered under this Ordinance. The Certificate of Authentication and Registration on any Series 2009 A Bond shall be deemed to have been executed by the Registrar if signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 2009 A Bonds issued hereunder.

Section 3.04. Negotiability and Registration. Subject to the requirements for transfer set forth below, the Series 2009 A Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner, in accepting any of said Series 2009 A Bonds, shall be conclusively deemed to have agreed that such Series 2009 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder shall further be conclusively deemed to have agreed that said Series 2009 A Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Series 2009 A Bonds remain Outstanding, the Registrar shall keep and maintain books for the registration and transfer of the Series 2009 A Bonds. The Series 2009 A Bonds shall be transferable only by transfer of registration upon the Bond Register by the registered owner thereof in person or by his attorney or legal representative duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or such duly authorized attorney or legal representative. Upon transfer of a Series 2009 A Bond, there shall be issued at the option of the Holder or the transferee another Bond or Bonds of the aggregate principal amount equal to the unpaid amount of the transferred Bond and of the same series, interest rate and maturity of said transferred Bond.

Upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar and duly executed by the registered owner or his attorney or legal representative duly authorized in writing, Series 2009 A Bonds may at the option of the Holder thereof be exchanged for an equal aggregate principal amount of Bonds of the same series, maturity and interest rate, in any authorized denominations.

In all cases in which the privilege of transferring or exchanging a Series 2009 A Bond is exercised, Series 2009 A Bonds shall be delivered in accordance with the provisions of this Ordinance. All Series 2009 A Bonds surrendered in any such transfer or exchange shall forthwith be canceled by the Registrar. Transfers of Series 2009 A Bonds, the initial exchange of Series 2009 A Bonds and exchanges of such Bonds in the event of partial redemption of fully registered Bonds shall be made by the Registrar without charge to the Holder or the transferee thereof, except as provided below. For other exchanges of Series 2009 A Bonds, the Registrar

may impose a service charge. For every such transfer or exchange of such Bonds, the Registrar may make a charge sufficient to reimburse its office for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such tax or governmental charge, and such service charge for exchange other than the initial exchange or in the event of partial redemption, shall be paid by the person requesting such transfer or exchange as a condition precedent to the exercise of the privilege of making such transfer or exchange. The Registrar shall not be obliged to make any such transfer or exchange of Series 2009 A Bonds that have been called for redemption.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2009 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may execute, in its discretion, and the Registrar shall authenticate, register and deliver any new Bond of like series, maturity and principal amount as the Bond so mutilated, destroyed, stolen or lost, in exchange and upon surrender and cancellation of, such mutilated Bond, or in lieu of and substitution for the Bond so destroyed, stolen or lost, and upon the Registered Owner furnishing the Issuer and the Registrar proof of his ownership thereof and that said Bond has been destroyed, stolen or lost and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer or the Registrar may prescribe and paying such expenses as the Issuer or the Registrar may incur. The name of the Registered Owner listed in the Bond Register shall constitute proof of ownership. All Bonds so surrendered shall be submitted to and canceled by the Registrar, and evidence of such cancellation shall be given to the Issuer. If such Bond shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer, by and through the Registrar, may pay the same, upon being indemnified as aforesaid, and, if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bonds issued pursuant to this section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by any one, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of and security for payment from the revenues pledged herein with all other Bonds issued hereunder.

Section 3.06. Term Bonds. In the event Term Bonds are issued as part of the Series 2009 A Bonds issued pursuant to this Ordinance, the following provisions shall apply:

A. The amounts to be deposited, apportioned and set apart by the Issuer from the Revenue Fund and into the Series 2009 A Bonds Redemption Account in accordance with Subsection 4.03(A)(2) shall include (after credit as provided below) on the first of each month, beginning on the first day of that month which is 13 months prior to the first mandatory redemption date of said Term Bonds, a sum equal to 1/12th of the amount required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory redemption date, which amounts and dates, if any, with respect to a series of Bonds shall be set forth in the Supplemental Resolution relating thereto.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory redemption date, the Issuer may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its

mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory redemption date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory redemption date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the moneys in the Series 2009 A Bonds Redemption Account to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory redemption date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the redemption date (interest to be paid from the Sinking Fund), as will exhaust as nearly as practicable such Series 2009 A Bonds Redemption Account payment designated to be made in accordance with paragraph (A) of this section. Such redemption shall be by random selection made on the 45th day preceding the mandatory redemption date, in such manner as may be determined by the Registrar. For purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of \$5,000.

Section 3.07. Notice of Redemption. Unless waived by any Registered Owner of the Bonds to be redeemed, official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the applicable Bond Insurer, if any, the Original Purchaser, and the Registered Owner of the Series 2009 A Bond or Bonds, as applicable, to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

All official notices of redemption shall be dated and shall state:

- (1) The Redemption Date,
- (2) The Redemption Price,
- (3) If less than all outstanding Series 2009 A Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed,
- (4) That on the Redemption Date the Redemption Price and interest accrued will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date,
- (5) The place where such Bonds are to be surrendered for payment of the Redemption Price, which place of payment shall be the principal office of the Registrar, and
- (6) Such other information, if any, as shall be required for DTC-eligible Bonds.

Prior to any redemption date, the Issuer shall deposit with the Registrar an amount of money sufficient to pay the redemption price of all the Series 2009 A Bonds or portions of such Bonds which are to be redeemed on that date.

Official notice of redemption having been given as aforesaid, the Series 2009 A Bonds or portions of such Bonds so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Issuer shall default in the payment of the redemption price) such Series 2009 A Bonds or portions of such Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Registrar at the Redemption Price. Installments of interest due on or prior to the Redemption Date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unpaid principal. All Bonds which have been redeemed shall be canceled and destroyed by the Bond Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Series 2009 A Bonds, and failure to mail such notice shall not affect the validity of proceedings for the redemption of any portion of Bonds for which there was no such failure.

Section 3.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and (except as provided in Section 6.18) for all other purposes, whether or not such Bond is overdue.

Section 3.09. Temporary Bonds. Until Bonds of any series in definitive form are ready for delivery, the Issuer may execute and the Registrar shall authenticate, register, if

applicable, and deliver, subject to the same provisions, limitations and conditions set forth in this Article III, one or more printed, lithographed or typewritten Bonds in temporary form, substantially in the form of the definitive Bonds of such series, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit created under this Ordinance. Upon the presentation and surrender of any Bond in temporary form, the Issuer shall, without unreasonable delay, prepare, execute and deliver to the Registrar, and the Registrar shall authenticate, register, if applicable, and deliver, in exchange therefore, a Bond or Bonds in definitive form. Such exchange shall be made by the Registrar without making any charge therefore to the Holder of such Bond in temporary form.

Section 3.10. Authorization of Bonds. For the purposes of paying in full the entire outstanding principal of and all accrued interest on the Series 1998 Refunding Bonds, funding the Series 2009 A Bonds Reserve Account and paying costs of issuance of the Series 2009 A Bonds and related costs, there shall be issued the Series 2009 A Bonds of the Issuer, in an aggregate principal amount of not more than \$8,000,000. The Series 2009 A Bonds shall be designated the "City of Charles Town (West Virginia) Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 2009 A" and shall be issued in fully registered form, in denominations of \$5,000 or any integral multiple thereof for any year of maturity (or such other denominations as may be set forth in the Supplemental Resolution), not exceeding the aggregate principal amount of Series 2009 A Bonds maturing in the year of maturity for which the denomination is to be specified. The Series 2009 A Bonds shall be numbered from AR-1 consecutively upward. The Series 2009 A Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

Section 3.11. Book Entry System for Series 2009 A Bonds. The Series 2009 A Bonds (if purchased by the Original Purchaser) shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of the Series 2009 A Bonds of each maturity, and shall be registered in the name of Cede & Co., as nominee of DTC. Notwithstanding anything herein to the contrary contained, so long as the Series 2009 A Bonds are so issued and registered, DTC (or its nominee) shall be treated as the sole Registered Owner for all purposes hereunder. Each Bond shall bear a legend substantially to the following effect "Except as otherwise provided in the Ordinance, this global bond may be transferred, in whole but not in part, only to another nominee of DTC (as defined in the Ordinance) or to a successor of DTC or to a nominee of a successor of DTC. Unless this certificate is presented by an authorized representative of DTC, to the Issuer or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the Registered Owner hereof, Cede & Co., has an interest herein."

With respect to Series 2009 A Bonds registered in the records of the Registrar in the name of Cede & Co., as nominee of DTC, the Issuer and the Paying Agent shall have no responsibility or obligation to any other participant in DTC or to any Person on behalf of whom such a participant in DTC holds a beneficial interest in the Series 2009 A Bonds. Without limiting the immediately preceding sentence, the Issuer and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any other participant in DTC with respect to any beneficial ownership interest in any Bond, (ii) the delivery to any other participant in DTC or any other Person, other than a Registered Owner, as shown in the records of the Registrar, of any notice with respect to any Series 2009 A Bonds, including without limitation any notice of redemption, tender, purchase or any event which would or could give rise to a tender or purchase right or option with respect to any Bond, (iii) the payment to any other participant in DTC or any other Person, other than a Registered Owner, as shown in the records of the Registrar, of any amount with respect to principal of, premium, if any, or interest on, any Bond, or (iv) any consent given by DTC as Registered Owner. Notwithstanding any other provision of this Ordinance to the contrary, the Issuer and the Paying Agent shall be entitled to treat and consider the Person in whose name each Bond is registered in the records of the Registrar as the absolute owner of such Bond for the purpose of payment of principal, premium, if any, and interest with respect to such Bond, for the purpose of giving notices of redemption, sale, purchase or any event which would or could give rise to a sale or purchase right or option with respect to any Bond for the purpose of making payment of any purchase price of such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Issuer and Paying Agent shall pay all principal of, premium, if any, and interest on the Series 2009 A Bonds and the purchase price of any Bond only to or upon the order of the respective Registered Owners, as shown in the records of the Registrar as provided in this Ordinance, or their respective attorneys or legal representatives duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to payment of principal of, premium, if any, and interest on the Series 2009 A Bonds to the extent of the sum or sums so paid. No Person other than a Registered Owner, as shown in the records of the Registrar, shall receive a Bond certificate evidencing the obligation of the Issuer to make payments of principal, premium, if any, and interest pursuant to this Ordinance.

The Registered Owners have no right to a depository for the Series 2009 A Bonds. The Issuer may remove DTC or any successor thereto for any reason at any time. In such event or in the event DTC shall notify the Issuer that DTC is discontinuing its book-entry system for the Series 2009 A Bonds, the Issuer shall (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities Exchange Act, notify DTC of the appointment of such successor securities depository and transfer one or more separate Bond certificates to such successor securities depository or (ii) notify DTC of the availability through the DTC of Bond certificates and transfer one or more separate Bond certificates to other participants or beneficial owners as DTC may direct. In such event, the Series 2009 A Bonds shall no longer be restricted to being registered in the records of the Registrar in the name of Cede & Co., as nominee, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names other participants in DTC receiving Series 2009 A Bonds shall designate, in accordance with the provisions of this Ordinance. The

provisions of this Section applicable to DTC shall apply, mutatis mutandis, to any successor depository performing the same functions hereunder as DTC.

The Issuer represents hereby that it has executed a Letter of Representations, the terms of which are applicable to the issuance of the Series 2009 A Bonds hereunder. Such Letter of Representations is for the purpose of effectuating the Book-Entry Only System only and shall not be deemed to amend, supersede or supplement the terms of this Ordinance which are intended to be complete without reference to the Letter of Representations. In the event of any conflict between the terms of the Letter of Representations and the terms of this Ordinance, the terms of this Ordinance shall control. DTC may exercise the rights of a Registered Owner hereunder only in accordance with the terms hereof applicable to the exercise of such rights.

Section 3.12. Delivery of Series 2009 A Bonds. The Issuer shall execute and deliver the Series 2009 A Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 2009 A Bonds to the Original Purchaser upon receipt of the documents set forth below:

- (1) If not registered in the name of DTC or its nominee, a list of the names in which the Series 2009 A Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;
- (2) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2009 A Bonds to DTC for the benefit of the Original Purchaser;
- (3) Copies of this Ordinance and the Supplemental Resolution certified by the Clerk;
- (4) The unqualified approving opinion of Bond Counsel regarding the Series 2009 A Bonds; and
- (5) A copy of such other documents and certificates as the Original Purchaser may reasonably require.

Section 3.13. Form of Series 2009 A Bonds. The definitive Series 2009 A Bonds shall be in substantially the form set forth in EXHIBIT A - SERIES 2009 A BOND FORM attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 2009 A Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 2009 A Bonds shall have the form of the opinion of Steptoe & Johnson PLLC, as Bond Counsel, attached thereto or printed on the reverse thereof.

Section 3.14. Disposition of Proceeds of Series 2009 A Bonds. Upon the issuance and delivery of the Series 2009 A Bonds, the Issuer shall forthwith deposit the proceeds thereof as follows:

1. All interest accrued on Series 2009 A Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 2009 A Bonds Sinking Fund and applied to payment of interest on the Series 2009 A Bonds at the first interest payment date.

2. An amount of the proceeds of the Series 2009 A Bonds equal to the amount, if any, set forth in the Supplemental Resolution shall be remitted to the Bond Commission for deposit in the Series 2009 A Bonds Reserve Account.

3. An amount of the proceeds of the Series 2009 A Bonds equal to the entire outstanding principal of and all accrued interest on the Series 1998 Refunding Bonds as set forth in the Supplemental Resolution shall be remitted to the Bond Commission to pay the Series 1998 Refunding Bonds in full.

4. An amount of Series 2009 A Bond proceeds which, together with other monies or securities deposited therein, shall be equal to the Costs of Issuance of the Series 2009 A Bonds shall be deposited with the Depository Bank in the Costs of Issuance Fund and shall be drawn out, used and applied by the Issuer solely to pay costs of issuance of the Series 2009 A Bonds at the written direction of the Issuer. Monies not to be applied immediately to pay such costs of issuance may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 120 days following the Closing Date for the Series 2009 A Bonds, such unapplied proceeds shall be transferred by the Issuer to the Series 2009 A Bonds Sinking Fund established in Section 4.02 hereof and applied to the next ensuing payment of interest on the Series 2009 A Bonds. All such proceeds shall constitute a trust fund for such purposes, and there hereby is created a lien upon such monies until so applied in favor of the Holders of the Series 2009 A Bonds from which such proceeds are derived.

ARTICLE IV

Section 4.01. Establishment of Funds and Accounts with Depository Bank.
Pursuant to this Article IV, the following special funds are created with (or continued if previously established by the Prior Ordinances), and shall be held by, the Depository Bank, segregated from all other funds and accounts of the Depository Bank or the Issuer and from each other and used solely for the purposes provided herein:

- (2) Renewal and Replacement Fund (established by the Prior Ordinances);
- (3) Series 2009 A Bonds Costs of Issuance Fund; and
- (4) Rebate Fund.

Section 4.02. Establishment of Funds and Accounts with Bond Commission.
Pursuant to this Article IV, the following special funds and accounts are hereby established with and shall be held by the Bond Commission, separate and apart from all other funds or accounts of the Bond Commission or the Issuer and from each other and used solely for the purposes provided herein:

- (1) Series 2009 A Bonds Sinking Fund;
- (a) Within the Series 2009 A Bonds Sinking Fund:
 - (i) Series 2009 A Bonds Reserve Account; and
 - (ii) Series 2009 A Bonds Redemption Account.

Section 4.03. System Revenues and Application Thereof. So long as any of the Series 2009 A Bonds shall be Outstanding and unpaid, the Issuer covenants as follows:

A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited by the Issuer in the Revenue Fund. The Revenue Fund shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. All Revenues at any time remaining on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

- (1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the Sinking Funds of the Prior

Bonds the amounts required by the Prior Ordinances to pay the interest on the Prior Bonds, if any; and (ii) commencing 7 months prior to the first interest payment date of the Series 2009 A Bonds, for deposit in the Series 2009 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on the Series 2009 A Bonds on the next ensuing semiannual interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next ensuing semiannual interest payment date is more or less than 7 months, then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing semiannual interest payment date, the required amount of interest coming due on such date; provided further that, the initial amount required to be transferred from the Revenue Fund and deposited in the Series 2009 A Bonds Sinking Fund shall be reduced by the amount of accrued interest on the Series 2009 A Bonds deposited therein, and subsequent amounts required to be transferred from the Revenue Fund and deposited in the Series 2009 A Bonds Sinking Fund shall be reduced by the amount of any earnings credited to the Series 2009 A Bonds Sinking Fund.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the Sinking Funds of the Prior Bonds the amounts required by the Prior Ordinances to pay the principal of the Prior Bonds; and (ii) commencing 13 months prior to the first principal payment date or mandatory Redemption Date of the Series 2009 A Bonds, for deposit in the Series 2009 A Bonds Sinking Fund and in the Series 2009 A Bonds Redemption Account therein in the case of the Term Bonds which are to be redeemed, a sum equal to 1/12th of the amount (or 1/6th of the amount if the Series 2009 A Bonds mature semiannually rather than annually) of principal which will mature or be redeemed and become due on the Series 2009 A Bonds on the next ensuing principal payment date or mandatory Redemption Date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next ensuing principal payment date or mandatory Redemption Date is more or less than 13 months (or 7 months if the Series 2009 A Bonds mature semiannually rather than annually), then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing principal payment date or mandatory Redemption Date, the required amount of principal coming due on such date, and provided further, that the amount of such deposits shall be reduced

by the amount of any earnings credited to the Series 2009 A Bonds Sinking Fund and not previously credited pursuant to the preceding paragraph.

Moneys in the Series 2009 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2009 A Bonds, whether by maturity or redemption prior to maturity. Moneys on deposit in the Series 2009 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2009 A Bonds when the funds on deposit in the Series 2009 A Bonds Sinking Fund are insufficient therefore, and for no other purpose. Pending such use, such moneys shall be invested in accordance with Article V.

The Issuer shall not be required to make any further payments into the Series 2009 A Bonds Sinking Fund when the aggregate amount of funds therein, including the Series 2009 A Bonds Reserve Account therein, is at least equal to the aggregate principal amount of Series 2009 A Bonds then Outstanding, plus the amount of interest due or thereafter to become due on such Bonds then Outstanding.

As and when additional Bonds ranking on a parity with the Series 2009 A Bonds are issued, provision shall be made for additional deposits into the respective Sinking Funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement thereof.

The payments into the Series 2009 A Bonds Sinking Fund shall be made on the first day of each month, except that, when the first day of any month shall be a Saturday, Sunday or legal holiday, then such payments shall be made on the next succeeding Business Day, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Ordinance.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the Reserve Accounts of the Prior Bonds the amounts required by the Prior Ordinances; and (ii) commencing 13 months prior to the first date of payment of principal of the Series 2009 A Bonds, if not fully funded upon issuance of the Series 2009 A Bonds, for deposit in the Series 2009 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2009 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2009 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2009 A Bonds Reserve Requirement, and thereafter the Issuer shall deposit in the Series 2009 A Bonds Reserve Account, an amount sufficient to remedy any decrease in value of the Series 2009 A Bonds Reserve Account below the Series 2009 A

Bonds Reserve Requirement or any withdrawal from the Series 2009 A Bonds Reserve Account, beginning with the first full calendar month following the date on which (a) the valuation of investments in the Series 2009 A Bonds Reserve Account results in a determination that the amount of moneys and the value of the Qualified Investments deposited to the credit of the Series 2009 A Bonds Reserve Account is less than the Series 2009 A Bonds Reserve Requirement, or (b) any amount is withdrawn from the Series 2009 A Bonds Reserve Account for deposit into the Series 2009 A Bonds Sinking Fund. To the extent Gross Revenues and any other legally available funds are available therefore, the amount so deposited shall be used to restore the amount of moneys on deposit in the Series 2009 A Bonds Reserve Account to an amount equal to the Series 2009 A Bonds Reserve Requirement to the full extent that such Gross Revenues are available; provided however, that if the shortfall in the Series 2009 A Bonds Reserve Account is due to a decrease in value of investments therein, such shortfall shall be replenished by not less than 6 equal monthly payments, and if such shortfall is due to a withdrawal from the Series 2009 A Bonds Reserve Account, such shortfall shall be replenished by not less than 12 equal monthly payments, and provided further, that no payments shall be required to be made into the Series 2009 A Bonds Reserve Account whenever and as long as the amount on deposit therein shall be equal to the Series 2009 A Bonds Reserve Requirement.

Amounts in the Series 2009 A Bonds Reserve Account shall be used only for the purpose of making payments of principal of and interest on the Series 2009 A Bonds when due, when amounts in the Series 2009 A Bonds Sinking Fund are insufficient therefore and for no other purpose.

(4) The Issuer shall next, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, transfer from the monies remaining in the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund (as previously set forth in the Prior Ordinances and not in addition thereto), a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Subject to the restrictions contained in the Prior Ordinances, so long as the Prior Bonds are outstanding, withdrawals and disbursements may be made from the

Renewal and Replacement Fund for replacements, emergency repairs, or improvements or extensions to the System; provided, that any deficiency in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) If on any monthly payment date the revenues of the System are insufficient to make the required deposits in any of the funds and accounts as hereinabove provided, the deficiency shall be made up on the next ensuing payment dates by payments in addition to the payments which are otherwise required to be made into the funds on such ensuing payment dates.

(7) The Issuer may next, each month, after making the above required transfers of moneys from the Revenue Fund, apply any remaining revenues ("Surplus Revenues") to payment of debt service on the Series 2007 A Notes or any other subordinate bonds, notes, certificates or other obligations of the System. Any Surplus Revenues then remaining in the Revenue Fund may be used for any lawful purpose of the System.

B. The Bond Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created or continued hereunder, and all amounts required for said Sinking Funds shall be remitted to the Bond Commission from said Revenue Fund and from the proceeds of the sale of the Bonds, by the Issuer at the times and as otherwise provided herein. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited. Notwithstanding the foregoing, however, the Bond Commission shall deposit all remittances in the fund or account in the priority established by this Ordinance.

C. If on any monthly payment date the Gross Revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03 and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

D. Principal and interest payments, and any payments made for the purpose of funding the Reserve Accounts, shall be made on a parity basis and pro-rata, with respect to the Prior Bonds, the Series 2009 A Bonds and any parity Bonds hereinafter issued, in accordance with the respective principal amounts of each such series of Bonds then Outstanding, if less than the full amount required hereby.

ARTICLE V

INVESTMENTS; NON-ARBITRAGE REBATES AND CONTINUING DISCLOSURE CERTIFICATE

Section 5.01. Investments. The Issuer shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any moneys held as a part of the funds and accounts created by this Ordinance in Qualified Investments to the fullest extent possible under applicable laws, this Ordinance, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The Issuer shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Issuer may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

(A) Qualified Investments acquired for the Renewal and Replacement Fund or any Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 3 years from the date of such investment.

(B) The Issuer shall, or shall cause the Bond Commission to, semiannually transfer from each Reserve Account to the corresponding Sinking Fund any earnings on the moneys deposited therein and any other funds in excess of the applicable Reserve Account Requirement; provided, however, that there shall at all times remain on deposit in each Reserve Account an amount at least equal to the applicable Reserve Account Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from a Reserve Account, whereupon it shall be valued immediately after such withdrawal. If amounts on deposit in a Reserve Account shall, at any time, be less than the applicable Reserve Requirement, the applicable Bond Insurer, if any, shall be notified immediately of such deficiency, and such deficiency shall be made up from the first available Gross Revenues after required deposits to the applicable Sinking Fund and otherwise in accordance with Section 4.03(3).

(D) All amounts representing accrued interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Bonds and invested only in

Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all moneys deposited in any Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia Board of Treasury Investments pursuant to Chapter 12, Article 6C of the Code of West Virginia, 1931, as amended.

Section 5.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 2009 A Bonds in such manner and to such extent as may be necessary, so that such Series 2009 A Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to such Bonds) so that the interest on the Series 2009 A Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 5.03. Tax Certificate, Rebates, and Rebate Fund. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of any series of Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2009 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer or the Board shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from

any funds lawfully available therefore. The Issuer at its expense, may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 5.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 5.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 5.04. Continuing Disclosure Certificate. The Issuer shall deliver a continuing disclosure certificate in form acceptable to the Original Purchaser sufficient to ensure compliance with SEC Rule 15c2-12, as it may be amended from time to time.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. Covenants Binding and Irrevocable. All the covenants, agreements and provisions of this Ordinance shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2009 A Bonds, as prescribed by Article VII. In addition to the other covenants, agreements and provisions of this Ordinance, the Issuer hereby covenants and agrees with the Holders of the Series 2009 A Bonds as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2009 A Bonds or the interest thereon, are Outstanding and unpaid.

Section 6.02. Bonds Not to be Indebtedness of the Issuer. The Series 2009 A Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness but shall be payable solely from the Gross Revenues of the System, the moneys in the Series 2009 A Bonds Sinking Fund and the Series 2009 A Bonds Reserve Account therein and the unexpended proceeds of the Series 2009 A Bonds, all as herein provided. No Holder or Holders of the Series 2009 A Bonds issued hereunder shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2009 A Bonds or the interest thereon.

Section 6.03. Series 2009 A Bonds Secured by Parity Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all of the Series 2009 A Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the operation of the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds, which lien and pledge are senior and prior to the lien in favor of Holders of the Series 2007 A Notes. The payment of the debt service on the Series 2009 A Bonds shall also be secured by the moneys in the Series 2009 A Bonds Sinking Fund, including the Series 2009 A Bonds Reserve Account therein. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 2009 A Bonds herein authorized, and to make the payments into the Series 2009 A Bonds Sinking Fund, all moneys and securities in the Series 2009 A Bonds Sinking Fund, including the Series 2009 A Bonds Reserve Account therein, and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance to the payment of the principal of and interest on the Prior Bonds and the Series 2009 A Bonds herein authorized as the same become due and for the other purposes provided in this Ordinance.

Section 6.04. Rates. Prior to the issuance of the Series 2009 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts

created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the Maximum Annual Debt Service on the Series 2009 A Bonds, and all obligations issued on a parity with the Series 2009 A Bonds, including the Prior Bonds. All such rates and charges, if not paid when due, shall constitute a lien upon the premises served by the System.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 6.05. Operation and Maintenance. The Issuer will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the Revenues of said System in the manner provided in this Ordinance. The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia necessary for the acquisition and construction of the Project and the operation of the System.

Section 6.06. Sale of the System. So long as the Prior Bonds and the Series 2007 A Notes are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System except as provided in the Prior Ordinances. Additionally, so long as the Series 2009 A Bonds are Outstanding, the System may be sold, mortgaged, leased or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds and Series 2007 A Notes Outstanding, or to defease the pledge created by this Ordinance and the Prior Ordinances. The proceeds from such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Bond Commission for deposit in the respective Sinking Funds, and otherwise as prescribed by Section 9.01. Any balance remaining after such defeasance shall be remitted to the Issuer by the Bond Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Board shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary,

useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of \$200,000 and insufficient to defease the pledge created by this Ordinance, as provided by Section 9.01, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of 60% in amount of Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any other obligations whatsoever, except additional parity Bonds provided for in Section 6.08 hereof, payable from the Revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from the Gross Revenues with the Series 2009 A Bonds; and all obligations hereafter issued by the Issuer payable from the revenues of the System, except such additional Bonds, shall contain an express statement that such obligations are junior and subordinate as to lien on and source of and security for payment from such revenues and in all other respects to the Bonds.

The Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such additional parity Bonds, being on a parity with the lien of the Series 2009 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2009 A Bonds and the interest thereon in this Ordinance or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. So long as the Prior Bonds are Outstanding, the limitations and requirements on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no additional parity Bonds, as in this section defined, payable out of the revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions and in the manner herein provided.

No such additional parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition or construction of extensions, additions, betterments or improvements to the System, refunding all or a portion of one or more series of Bonds issued pursuant hereto, or refunding the Prior Bonds or the Series 2007 A Notes, to pay claims which may exist against the revenues or facilities of the System, or all of such purposes.

No such additional parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk of the Issuer a written statement by an Independent Accountant, reciting the conclusion that the Net Revenues actually derived from the System during any 12 consecutive months in the 18 months immediately preceding the date of the actual issuance of such additional parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the Maximum Annual Debt Service on the following:

- (1) The Prior Bonds then Outstanding;
- (2) The Series 2009 A Bonds then Outstanding;
- (3) Any additional parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and
- (4) The additional parity Bonds then proposed to be issued.

Notwithstanding the foregoing, the Issuer shall be permitted to issue bonds which refund any Outstanding Series 2009 A Bonds, any additional parity Bonds hereafter issued or any Prior Bonds if, prior to the issuance of such refunding bonds, the Issuer shall have filed with the Clerk: (i) a verification report of the Independent Accountants concluding that present value debt service savings shall be realized by the Issuer as a result of such refunding, after taking into account all costs of issuance of such refunding bonds, and (ii) a certificate of the Independent Accountants reciting the conclusion that the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the issuance of such refunding bonds shall not be less than 115% of the Maximum Annual Debt Service on the following:

- (1) The Prior Bonds Outstanding after such refunding;
- (2) The Series 2009 A Bonds Outstanding after such refunding;
- (3) Any additional parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance which shall be Outstanding following such refunding; and
- (4) The additional parity refunding Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years" as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to

be financed by such parity Bonds any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of delivery of such additional parity Bonds, and shall not exceed the amount to be stated in the aforementioned certificate of Independent Accountants, which shall be filed in the office of the Clerk of the Issuer prior to the issuance of such additional parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

The term "additional parity Bonds," as used in this section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this section, payable from the Gross Revenues of the System on a parity with the Series 2009 A Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such additional parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2009 A Bonds, the Prior Bonds and the Holders of any additional parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such additional parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

The term "additional parity Bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the Revenues of the System of which is subject to the prior and superior lien of the Bonds on such Revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from Surplus Revenues, on a parity with the Series 2007 A Notes. The Issuer shall not issue any obligations whatsoever payable from the Revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such Revenues, with the Series 2009 A Bonds, except in the manner and under the conditions provided in this section.

No additional parity Bonds, as in this section defined, shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Ordinance on account of the Bonds then Outstanding, if any (excluding the Renewal and Replacement Fund), and any other payments provided for in this Ordinance shall have been made in full as required to the date of delivery of the additional parity Bonds.

Section 6.09. Insurance and Bonds. The Issuer hereby covenants and agrees, that so long as the Series 2009 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance and bonds and worker's compensation coverage with a

reputable insurance carrier or carriers or bonding company or companies covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the greater of the fair appraised value or the original cost thereof. In the time of war the Issuer will also carry and maintain insurance to the extent available against risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged and destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

C. WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Issuer and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, extensions or improvements for the System in compliance with West Virginia Code, Section 38-2-39.

D. FLOOD INSURANCE, to extent available at reasonable cost to the Issuer.

E. BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

F. FIDELITY BONDS will be provided as to every officer and employee of the Issuer or the Board having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 6.10. Mandatory Connections. The mandatory use of the sewerage portion of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer, and in order to assure the rendering harmless of sewage and waterborne waste matter produced or arising within the territory served by the sewerage portion of the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the sewerage portion of the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building and every such owner, tenant or

occupant shall, after a 30 day notice of the availability of sewerage services of the System, pay the rates and charges established therefore.

Any such house, dwelling or building from which emanates sewage or waterborne waste matter and which is not so connected with the sewerage portion of the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the residents of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 6.11. No Free Services. The Board will not render or cause to be rendered any free services of any nature by its System; and, in the event the Board, the Issuer or any department, agency, instrumentality, officer or employee thereof shall avail himself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 6.12. Enforcement of Collections. The Issuer or the Board will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other charges, if not paid, shall become a lien on the premises served by the System. The Issuer and the Board further covenants and agree that they will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System to all delinquent users of services and facilities of the System and will not restore such services of the System until all billing for charges for the services and facilities of the System, including penalties and reconnect fees, have been fully paid, or a payment agreement in compliance with the West Virginia Public Service Commission regulations has been entered.

Section 6.13. No Competing Franchise. To the extent legally allowable, neither the Issuer nor the Board will grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.14. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as it shall direct.

The Issuer shall file with the Original Purchaser and any Bond Insurer, and shall mail to any Holder of Bonds requesting the same, an annual report within 120 days following the end of each Fiscal Year containing a balance sheet, statement of revenues, expenses, and changes in retained earnings, and statement of cash flows, as prescribed by generally accepted accounting principles.

The Issuer shall also file with the Original Purchaser and any Bond Insurer, and mail to any Holder of Bonds requesting the same, a monthly unaudited report within 30 days following the end of each month containing the following:

(A) A statement of Gross Revenues, Operating Expenses, and Net Revenues derived from the System.

(B) A statement of account balances in the Sinking Fund accounts provided for in this Ordinance and status of said funds.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any Holder or Holders of Bonds issued pursuant to this Ordinance and shall file said report with the Original Purchaser.

Section 6.15. Operating Budget. The Issuer shall annually, at least 30 days preceding the beginning of each Fiscal Year, or at such earlier date required by its charter or the charter of the Board, prepare and adopt by resolution a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Original Purchaser and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser and to any Holder of Bonds or anyone acting for and in behalf of such Holder who requests the same.

Section 6.16. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2009 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on such Series 2009 A Bonds during the term thereof is, under the terms of such Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2009 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2009 A Bonds during the terms thereof is, under the terms of such Series 2009 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2009 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Series 2009 A Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 2009 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2009 A Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2009 A Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Series 2009 A Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 6.17. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2009 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding,

shall take effect immediately upon the issuance of the Series 2009 A Bonds and shall be on a parity with one another and with the statutory mortgage lien in favor of the Holders of the Prior Bonds, and senior and prior to any statutory mortgage lien in favor of the Holders of the Series 2007 A Notes.

Section 6.18. Designation of Series 2009 A Bonds as "Qualified Tax-Exempt Obligations". The Issuer hereby designates the Series 2009 A Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3)(B) of the Code and covenants that the Series 2009 A Bonds do not constitute private activity bonds as defined in Section 141 of the Code, and that not more than \$30,000,000 aggregate principal amount of obligations the interest on which is excludable (under Section 103(a) of the Code) from gross income for federal income tax purposes (excluding, however, obligations issued to currently refund any obligation of the Issuer to the extent the amount of the refunding obligation does not exceed the amount of the refunded obligation and private activity bonds, as defined in Section 141 of the Code, other than qualified 501(c)(3) bonds as defined in Section 145 of the Code), including the Series 2009 A Bonds, have been or shall be issued by the Issuer, including all subordinate entities of the Issuer, during the calendar year 2009, all as determined in accordance with the Code.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2009 A Bonds:

(A) If default by the Issuer occurs in the due and punctual payment of the principal of or interest on any Bond;

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part in this Ordinance or any Supplemental Resolution or in the Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer by any Registered Owner of any Bond;

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If the Issuer defaults on the Prior Bonds, the Series 2007 A Notes or the Prior Ordinances.

Section 7.02. Enforcement. Upon the happening and continuance of any Event of Default, any Registered Owner of any Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Registered Owners, including the right to require the Issuer to perform its duties under the Act and this Ordinance;

(C) Bring suit upon the Bonds or Series 2007 A Notes;

(D) By action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds and the Series 2007 A Notes; and

(E) By action or bill in equity enjoin any acts in violation of this Ordinance or the rights of the Registered Owners of the Bonds and the Series 2007 A Notes.

No remedy by the terms of this Ordinance conferred upon or reserved to the Registered Owners is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Registered Owners hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Registered Owners shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 7.03. Appointment of Receiver. If there be any Event of Default existing and continuing, any Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of this Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Series 2009 A Bonds issued pursuant to this Ordinance and interest thereon and under any covenants of this Ordinance for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Revenues of the System shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and the Registered Owners of the Bonds issued pursuant to this Ordinance. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession,

operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and the Registered Owners of the Bonds, and the curing and making good of any default under the provisions of this Ordinance, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Section 7.04. Restoration of Issuer and Registered Owners. In case any Registered Owner shall have proceeded to enforce any right under this Ordinance by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and such Registered Owners shall be restored to their former positions and rights hereunder, and all rights and remedies of such Registered Owners shall continue as if no such proceedings had been taken.

ARTICLE VIII

REGISTRAR, PAYING AGENT AND DEPOSITORY BANK

Section 8.01. Appointment of Registrar, Paying Agent and Depository Bank. The Registrar, Paying Agent and Depository Bank (collectively, the "Fiduciaries") for the Series 2009 A Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby authorized and directed to enter into an agreement with the Fiduciaries, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 8.02. Responsibilities of Fiduciaries. The recitals of fact in the Series 2009 A Bonds shall be taken as statements of the Issuer, and the Fiduciaries shall not be responsible for their accuracy. The Fiduciaries shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Series 2009 A Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication on the Series 2009 A Bonds. The Fiduciaries and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Ordinance and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 8.01.

Section 8.03. Evidence on Which Fiduciaries May Act. Except as otherwise provided by Section 10.02, the Fiduciaries shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by them to be genuine and to have been signed or presented by the proper party or parties. Whenever any Fiduciary shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion such Fiduciary may instead accept other evidence of such fact or matter.

Section 8.04. Compensation and Expenses. The Issuer shall pay to the Fiduciaries from time to time reasonable compensation for all services, including the transfer of registration of Series 2009 A Bonds, the first exchange of Series 2009 A Bonds and the exchange of Series 2009 A Bonds in the event of partial redemption, incurred in the performance of their duties hereunder.

Section 8.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Series 2009 A Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Registered Owners or effect or aid in any reorganization growing out of the enforcement of the Series 2009 A Bonds or this Ordinance, whether or not any such committee shall represent the Registered Owners of a majority in principal amount of the Series 2009 A Bonds Outstanding.

Section 8.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Ordinance by giving not less than 60 days' written notice to the Issuer and publishing in an Authorized Newspaper notice (or mailing such notice to each Registered Owner in the event all Series 2009 A Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or bondholders, in which event such resignation shall take effect immediately.

Section 8.07. Removal. The Registrar may be removed at any time by the Issuer or by the Registered Owners of a majority in principal amount of the Series 2009 A Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer or by such Registered Owners or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each such instrument shall be delivered by the Issuer to the Registrar.

Section 8.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Registered Owners of a majority in principal amount of the Series 2009 A Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Registered Owners or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Registered Owners. The Issuer shall publish in an Authorized Newspaper (or mail to each Registered Owner in the event all Series 2009 A Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Any successor Registrar appointed by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Registered Owners. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Registered Owner may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance.

Section 8.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any moneys, books and records held by it and relating to the Series 2009 A Bonds to its successor.

Section 8.10. Merger or Consolidation. Any company into which the Registrar may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 8.08.

Section 8.11. Adoption of Authentication. In case any of the Series 2009 A Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Series 2009 A Bonds so authenticated, and, in case any Series 2009 A Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Series 2009 A Bonds in the name of the predecessor Registrar or in its own name.

Section 8.12. Paying Agent and Depository Bank. The Registrar shall also serve as the Paying Agent and Depository Bank. The Registrar's acceptance of the duties and responsibilities of the Registrar expressed in Section 8.02 shall also include the trusts and the duties of Paying Agent and Depository Bank. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Series 2009 A Bonds shall be and remain DTC-eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from moneys available therefore.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Ordinance. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Registered Owners may make such appointment.

The Paying Agents shall enjoy the same protective provisions in the performance of their duties hereunder as are specified in this Article VIII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 8.08 hereof with respect to the appointment of a successor Registrar.

All moneys received by the Paying Agents shall, until used or applied as provided in this Ordinance, be held in trust for the purposes for which they were received.

ARTICLE IX

DEFEASANCE; DISCHARGE OF PLEDGE OF ORDINANCE

Section 9.01. Defeasance; Discharge of Pledge of Ordinance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Registered Owners of all Series 2009 A Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Ordinance, then this Ordinance and the pledges of the Gross Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Registered Owners of the Series 2009 A Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on such Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 2009 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or an escrow trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on said Series 2009 A Bonds on and prior to the maturity date thereof, or if the Issuer irrevocably determines to redeem any of said Series 2009 A Bonds prior to the maturity thereof, on and prior to said redemption date. Neither securities nor moneys deposited with the Bond Commission or an escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on said Series 2009 A Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on said Bonds on and prior to such maturity or redemption dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment of Ordinance. This Ordinance and any Supplemental Resolution may be amended or modified without the consent of any Registered Owner or other person, solely for the purpose of maintaining the tax-exempt status of the Series 2009 A Bonds, provided that, in the event any of the Series 2009 A Bonds are insured, no such amendment or modification which adversely affects the security for such Series 2009 A Bonds or the rights of the applicable Bond Insurer for such Series 2009 A Bonds may be effected without the written consent of such Bond Insurer. Otherwise, no materially adverse amendment or modification to this Ordinance, or of any Supplemental Resolution, may be made without the written consent of the Registered Owners of 60% in aggregate principal amount of the Series 2009 A Bonds then Outstanding and affected thereby and the Bond Insurer, which must be filed with the Clerk of the Issuer before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Series 2009 A Bond without the express written consent of the Registered Owner of such Bond, nor reduce the percentage of Series 2009 A Bonds required for consent to any such modification or amendment.

Section 10.02. Evidence of Signatures of Registered Owners and Ownership of Series 2009 A Bonds. Any request, consent, revocation of consent or other instrument which this Ordinance may require or permit to be signed and executed by Registered Owners may be in one or more instruments of similar tenor, and shall be signed or executed by such Registered Owners in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Ordinance if made in the following manner, or in any other manner satisfactory to the Issuer or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Registered Owner or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, a trust company or a financial firm or corporation satisfactory to the Issuer or the Registrar, as the case may be, that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Holder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of fully registered Series 2009 A Bonds held by a person executing any instrument as a Registered Owner, the date of his holding such Series 2009 A Bonds and the numbers and other identification thereof, shall be confirmed by the Bond Register.

Any request, consent or other instrument executed by the Registered Owner of any Bond shall bind all future Registered Owners of such Bond in respect of anything done or suffered to be done hereunder by the Issuer or the Registrar in accordance therewith.

Section 10.03. Preservation and Inspection of Documents. To the extent allowable under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Ordinance shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Registered Owner, and their agents and their representatives, but any such reports, certificates, statements or other documents may, at the election of the Registrar, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Ordinance shall be discharged as provided in Section 9.01.

Section 10.04. Cancellation of Series 2009 A Bonds. All Series 2009 A Bonds purchased or paid shall, if surrendered to the Issuer, be canceled and delivered to the Registrar, or, if surrendered to the Registrar, be canceled by it. No such Series 2009 A Bonds shall be deemed Outstanding under this Ordinance and no Series 2009 A Bonds shall be issued in lieu thereof. All such Series 2009 A Bonds shall be canceled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.05. Failure to Present Series 2009 A Bonds. Anything in this Ordinance to the contrary notwithstanding, any moneys held by the Bond Commission or a Paying Agent in trust for the payment and discharge of any of the Series 2009 A Bonds which remain unclaimed for 1 year after the date on which such Series 2009 A Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the Issuer be paid by the Bond Commission or said Paying Agent to the Issuer as its absolute property and free from trust, and the Bond Commission or said Paying Agent shall thereupon be released and discharged with respect thereto, and the Registered Owners of such Series 2009 A Bonds shall look only to the Issuer for the payment of such Series 2009 A Bonds; provided, however, that, before making any such payment to the Issuer, the Registrar, if so advised by the Bond Commission, or said Paying Agent shall send to the Registered Owner, at the address listed on the Bond Register, by certified mail, a notice that such moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of such notice is mailed, the balance of such moneys then unclaimed will be returned to the Issuer. If any of said Series 2009 A Bonds is a coupon Bond the Registrar or said Paying Agent shall also publish such notice, not less than 30 days prior to the date such moneys will be returned to the Issuer, in an Authorized Newspaper.

The Issuer has entered into certain further covenants with the Registered Owners of the Bonds, for the terms of which reference is made to the Ordinance. Remedies provided the Registered Owners of the Bonds are exclusively as provided in the Ordinance, to which reference is here made for a detailed description thereof.

All moneys received from the sale of the Bonds except for accrued interest thereon shall be applied solely to finance the current refunding of the Issuer's outstanding Series 1998 Refunding Bonds, fund a reserve account for the Bonds and pay costs of issuance of the Bonds, and there shall be, and hereby is, created and granted a lien upon such moneys, until so applied, in favor of the Registered Owners of the Bonds.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of said Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia, and that a sufficient amount of the Gross Revenues of the System has been pledged to and will be set aside into said special fund by said Issuer for the prompt payment of the principal of and interest on the Bonds of which this Bond is one.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of said Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia, and that a sufficient amount of the Gross Revenues of the System has been pledged to and will be set aside into said special fund by said Issuer for the prompt payment of the principal of and interest on the Bonds of which this Bond is one.

This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 16, Article 13 C of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer presently owns and operates, through the City of Charles Town Utility Board (the "Board") a combined municipal waterworks and sewerage system (the "System"). However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and

improvements existing waterworks portion of the System of the Issuer, consisting of installation of radio read water metering, leak detection and water line repair, together with all necessary appurtenances (collectively, the "Project") (the existing combined waterworks and sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Drinking Water Treatment Revolving Fund.

D. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Revenue Bonds, in the total aggregate principal amount of not more than \$10,700,000 in two or more series (collectively, the "Series 2009 Bonds") initially planned to be (i) the Combined Waterworks and Sewerage System Revenue Bonds, Series 2009 A (West Virginia DWTRF Program) in the aggregate principal amount of not more than \$1,655,000 (the "Series 2009 A Bonds") and (ii) the Combined Waterworks and Sewerage System Revenue Bonds, Series 2009 B (West Virginia DWTRF Program/ARRA) in the aggregate principal amount of not more than \$1,655,000, (the "Series 2009 B Bonds") to permanently finance a portion of the costs of acquisition and construction of the Project, and pay the costs of issuance thereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2009 Bonds prior to and during acquisition or construction and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority including the Administrative Fee (as hereinafter defined) for the Series 2009 Bonds; discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2009 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2009 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 22 years.

F. It is in the best interests of the Issuer that its Series 2009 A Bonds be sold to the Authority pursuant to the terms and provisions of a ARRA Assistance Agreement by and between the Issuer and the Authority, on behalf of the West Virginia Bureau for Public Health (the "BPH"), and that the Series 2009 B Bonds be sold to the Authority pursuant to the terms of a ARRA Assistance Agreement by and between the Issuer and the Authority on behalf of the BPH both in the form satisfactory to the respective parties (collectively the "ARRA Assistance Agreement") approved hereby if not previously approved by resolution of the Issuer.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2009 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2009 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2009 Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2009 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

In case any Series 2009 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2009 Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, each month, transfer from the Revenue Fund an amount sufficient to pay all current Operating Expenses of the System.

(2) The Issuer shall next, each month on or before the due date, transfer from the Revenue Fund and simultaneously remit: (i) to the Commission on the first day of the month the amounts required to be paid by Prior Ordinance for the interest on the Series 1998 Design Bonds, Series 1998 Refunding Bonds, Series 200a Bonds, Series 2002 A Bonds, Series 2002 B Bonds, Series 2002 C Bonds, Series 2003 A Bonds, Series 2005 Bonds, and Series 2006 Bonds; (ii) to the Commission on the first day of the month, commencing 4 months prior to the first date of payment of interest of the Series 2009 A Bonds for deposit in the Series 2009 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will mature and become due on the Series 2009 A Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date; and (iii) to the Commission on the first day of the month, commencing 4 months prior to the first date of payment of interest of the Series 2009 B Bonds for deposit in the Series 2009 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will mature and become due on the Series 2009 B Bonds on the next ensuing quarterly interest payment date;

provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 B Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit (i) to the Commission the amounts required to be paid by the Prior Ordinance for the principal on the Prior Bonds; (ii) to the Commission commencing 4 months prior to the first date of payment of principal of the Series 2009 A Bonds for deposit in the Series 2009 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2009 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date; and (iii) to the Commission commencing 3 months prior to the first date of payment of principal of the Series 2009 B Bonds for deposit in the Series 2009 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2009 B Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2009 B Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit (i) to the Commission for deposit in the respective Reserve Accounts for the Prior Bonds the amounts required by Prior Ordinance; (ii) to the Commission commencing 4 months prior to the first date of payment of principal of the Series 2009 A Bonds, if not fully funded upon issuance of the Series 2009 A Bonds, for deposit in the Series 2009 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2009 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2009 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2009 A Bonds Reserve Requirement; and (iii) to the Commission, commencing 4 months prior to the first date of payment of principal of the Series 2009 B Bonds, if not fully funded upon issuance of the Series 2009 B Bonds, for deposit in the Series 2009 B Bonds Reserve Account, an amount equal to 1/120th of the Series 2009 B Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2009 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2009 B Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in as provided herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Series 2009 A Bonds Sinking Fund and the Series 2009 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2009 Bonds as the same shall become due. Monies in the Series 2009 A Bonds Reserve Account and the Series 2009 B Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2009 Bonds as the same shall come due, when other monies in the Series 2009 A Bonds Sinking Fund and the Series 2009 B Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2009 A Bonds Sinking Fund, the Series 2009 B Sinking Fund, the Series 2009 A Bonds Reserve Account and the Series 2009 B Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2009 Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2009 Bonds and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2009 A Bonds Reserve Account or the Series 2009 B Bonds Reserve Account which result in a reduction in the balance of such accounts to below the respective Reserve Requirements, shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the priority as set forth above, all on a prorata basis.

As and when additional Bonds ranking on a parity with the Series 2009 Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2009 A Bonds Sinking Fund, the Series 2009 B Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account or the Series 2009 B Bonds Reserve Account, when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2009 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds, the Series 2009 A Bonds and the Series 2009 B Bonds, in accordance with the principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2009 A Bonds Sinking Fund, the Series 2009 B Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account and the Series 2009 B Bonds Reserve Account, created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2009 A Bonds Sinking Fund, the Series 2009 B Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account and the Series 2009 B Bonds Reserve Account, shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund and the Series 2009 B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2009 Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve payments with respect to the Series 2009 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the Administrative Fee as set forth in the Schedule Y attached to the ARRA Assistance Agreement for the Series 2009 Bonds.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as herein above provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the ARRA Assistance Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this Section, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2009 Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2009 Bonds, there shall be deposited with the Commission in the respective Bonds Reserve Accounts, the amount, if any, set forth in the Supplemental Resolution for funding of the respective Bonds Reserve Account.

B. D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2009 Bonds shall be expended as approved by the BPH.

Section 6.02. Disbursement from the Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and the BPH a report listing the specific purposes for which the net proceeds of the Series 2009 Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for the costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2009 Bonds Construction Trust Fund shall be made only after submission to the approval from the BPH, of a certificate, signed by an Authorized Officer stating that:

- (A) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;
- (B) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;
- (C) Each of such costs has been otherwise properly incurred; and
- (D) Payment for each of the items proposed is then due and owing.

Pending such application, monies in the Series 2009 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2009 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2009 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2009 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2009 Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2009 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2009 Bonds, or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2009 Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2009 Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the ARRA Assistance Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer enacted on April 15, 2008 and the sewer rate ordinance of the Issuer enacted August 7, 2006 which rates are incorporated herein by reference as a part hereof.

So long as the Series 2009 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the ARRA Assistance Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2009 B Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance and as provided herein and with the written consent of the Authority and the BPH. So long as the Series 2009 Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the BPH, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2009 Bonds, immediately be remitted to the Commission for deposit in the Series 2009 A Bonds Sinking Fund,

and the Series 2009 B Bonds Sinking Fund respectively and pro rata with respect to the principal amount of each of the Bonds then outstanding and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2009 A Bonds and the Series 2009 B Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2009 Bonds. All obligations issued by the Issuer after the issuance of the Series 2009 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2009 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2009 Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2009 Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the BPH prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2009 Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the BPH and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinance).

All Parity Bonds issued hereafter shall be on a parity in all respects with the Series 2009 Bonds.

No Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition and construction of additions, betterments or improvements to the System or refunding the Bonds issued pursuant hereto, or both such purposes.

No such Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds and shall not exceed the amount to be stated in a certificate of the Independent

Certified Public Accountants, which shall be filed in the office of the Clerk of the Issuer prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate filed with the Clerk, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All the covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2009 Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Net Revenues of the System, and their source of and security for payment from said Net Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the revenues of the System of which is subject to the prior and superior lien of the Series 2009 Bonds on such revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the Net Revenues remaining after all payments required to be made in accordance with this Bond Legislation have first been paid. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Series 2009 Bonds except in the manner and under the conditions provided in this section.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation on account of the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of issuance of the Parity Bonds and the Issuer is then in full compliance with all the covenants, agreements and terms of this Bond Legislation and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the BPH, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the BPH such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the BPH, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Issuer shall direct.

The Issuer shall file with the Authority and the BPH, or any other original purchaser of the Series 2009 Bonds, and shall mail in each year to any Holder or Holders of the Series 2009 Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2009 Bonds and shall submit the report to the Authority and the BPH, or any other original purchaser of the Series 2009 Bonds. Such audit report submitted to the Authority and the BPH shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the ARRA Assistance Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the ARRA Assistance Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the BPH, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the BPH, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the BPH with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2009 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2009 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2009 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirement are on deposit respectively in the Series 2009 A Bonds Reserve Account and Series 2009 B Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2009 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2009 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2009 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance currently in effect.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Issuer that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the BPH within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the BPH and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the BPH and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the ARRA Assistance Agreement, and forward a copy of such report to the Authority and the BPH by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the ARRA Assistance Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the BPH, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the BPH is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the BPH covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the BPH and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit As-Built Plans, as defined in the DWTRF Regulations, to the Issuer within 60 days of the completion of the Project. The Issuer shall notify the BPH in writing of such receipt.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the DWTRF Regulations, to the Issuer when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and Federal standards. The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the ARRA Assistance Agreement. The Issuer shall notify the BPH in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2009 Bonds remain Outstanding, the Issuer will, as

an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the greater of the fair appraised value or the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. In the event of any damage to or destruction of any portion of the System, the proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repair or reconstruction of such damages or destroyed portion or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the ARRA Assistance Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the prime contractor and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Issuer and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, extensions or improvements for the System in compliance with West Virginia Code, Section 38-2-39.

(4) FIDELITY BONDS will be provided as to every officer and employee of the Board or the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

(5) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(6) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the BPH, and the Issuer shall verify such insurance prior to commencement of construction. In the event the ARRA Assistance Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the sewerage portion of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 20-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service

Section 7.18. Compliance with ARRA Assistance Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the ARRA Assistance Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the BPH with copies of all documents submitted to the Authority. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the BPH or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. [RESERVED]

Section 7.20. Securities Law Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Contracts; Change Orders; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2009 Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the BPH for written approval. ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2009 Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2009 Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use Proceeds; Covenants as to Use of Proceeds.
The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2009 Bonds as a condition to issuance of the Series 2009 Bonds.

In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2009 Bonds as may be necessary in order to maintain the status of the Series 2009 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2009 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the BPH, as the case may be, from which the proceeds of the Series 2009 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed

necessary by the Issuer, or requested by the Authority or the BPH, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority, information with respect to the Issuer's use of the proceeds of the Series 2009 Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2009 Bonds:

- (1) If default occurs in the due and punctual payment of the principal or interest, if any, on any Series 2009 Bonds;
- (2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2009 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2009 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond;
- (3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or
- (4) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Registered Owners of the Series 2009 Bonds shall be on a parity with those of the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond

Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers herein above conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF CHARLES TOWN:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer presently owns and operates, through the City of Charles Town Utility Board (the "Board") a combined municipal waterworks and sewerage system (the "System"). However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer

that there be designed certain improvements and extensions to the existing public sewerage treatment and collection portion of the facilities of the Issuer, specifically including, but not limited to, improvements to the Tuscowilla treatment plant, and all necessary appurtenant facilities (the design and other preconstruction activities collectively defined as the "Project").

C. The Issuer has heretofore temporarily financed a portion of the Project by the issuance of the Combined Waterworks and Sewerage System Bond Anticipation Notes, Series 2007 A, dated April 11, 2007, issued in the original aggregate principal amount of \$1,070,000 (the "Series 2007 A Notes") and the Combined Waterworks and Sewerage System Bond Anticipation Notes, Series 2010 A, issued in the original aggregate principal amount of \$500,000 (the "Series 2010 A Notes").

D. It is deemed necessary and desirable for the Issuer to pay the Series 2007 A Notes and Series 2010 A Notes.

E. The Issuer intends to pay the Series 2007 A Notes and Series 2010 A Notes and permanently finance the costs associated with the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Water Pollution Control Revolving Fund Program (the "SRF Program"), all pursuant to the Act.

F. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Design Revenue Bonds, in the total aggregate principal amount of not more than \$2,000,000 in two or more series, initially planned to be (i) the Combined Waterworks and Sewerage System Design Revenue Bonds, Series 2010 C (West Virginia SRF Program), (the "Series 2010 C Bonds"); and (ii) the Combined Waterworks and Sewerage System Design Revenue Bonds, Series 2010 D (West Virginia SRF Program), (the "Series 2010 D Bonds") (collectively, the "Series 2010 Bonds"), to pay the Series 2007 A Notes, pay the Series 2010 A Notes, to permanently finance the Project, and to pay certain costs of issuance. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor and eligible under the Act; interest, if any, upon the Series 2010 Bonds prior to and during 6 months after completion of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined) for the Series 2010 Bonds; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense; commitment fees; fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined); discount; initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2010 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized; the Project and the placing of same in operation; and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2010 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

G. The period of usefulness of the System after completion of the Project is not less than 32 years.

H. It is in the best interests of the Issuer that its Series 2010 C Bonds be sold to the Authority pursuant to the terms and provisions of a Bond Purchase Agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), and its Series 2010 D Bonds be sold to the Authority pursuant to the terms and provisions of a Bond Purchase Agreement by and among the Issuer, the Authority and the DEP, all in form satisfactory to the respective parties, to be approved hereby if not previously approved by resolution of the Issuer.

I. Upon payment of the Series 2007 A Notes and Series 2010 A Notes, the Issuer will have the following outstanding obligations which will rank on a parity with the Series 2010 Bonds as to liens, pledge, source of and security for payment, being the Issuer's:

- (1) Combined Waterworks and Sewerage System Revenue Bonds, Series 1987 B, dated November 18, 1987, issued in the original aggregate principal amount of \$413,629 (the "Series 1987 B Bonds");

In case any one or more of the officers who shall have signed or sealed the Series 2010 Bonds shall cease to be such officer of the Issuer before the Series 2010 Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2010 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

The registered Series 2010 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging or transferring the registered Series 2010 Bonds are exercised, all Series 2010 Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2010 Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2010 Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. In case any Series 2010 Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2010 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2010 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2010 Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service on the Series 2010 Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with each other and with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Bonds, and to make all other payments hereinafter set forth, are hereby irrevocably pledged to such payments as they become due.

As and when additional Bonds ranking on a parity with the Series 2010 Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the

interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2010 C Bonds Sinking Fund, the Series 2010 C Bonds Reserve Account, the Series 2010 D Bonds Sinking Fund or the Series 2010 D Bonds Reserve Account, when the aggregate amount of funds therein are at least equal to the respective aggregate principal amount of the Series 2010 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue, if any, until the maturity thereof.

Surplus Revenues may be used for any lawful purpose of the System.

In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

Any balance remaining after the payment of the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine, upon consultation with a professional engineer, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such account by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in the Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2010 Bonds. All obligations issued by the Issuer after the issuance of the Series 2010 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2010 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and

accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2010 Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2010 Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no additional Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2010 Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

No such additional Parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition and construction of extensions, additions, betterments or improvements to the System, refunding all or a portion of one or more series of Bonds issued pursuant hereto, or to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

So long as the Prior Bonds, and the Series 2010 Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any additional Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer

only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Ordinance.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to the lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Ordinance and the Prior Ordinances with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance and the Prior Ordinances, shall have been made in full as required to the date of issuance of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Ordinance and the Prior Ordinances.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of designing, acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the Project; the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of the Project.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2010 Bonds and shall mail in each year to any Holder or Holders of the Series 2010 Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2010 Bonds and shall submit the report to the Authority and the DEP or any other original purchaser of the Series 2010 Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act and the Bond Purchase Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in the Bond Purchase Agreement for the Series 2010 Bonds or any Exhibit thereto or as promulgated from time to time.

The Issuer shall permit the Authority or the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2010 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2010 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirement are on deposit respectively in the Series 2009 C Bonds Reserve Account and Series 2009 D Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2010 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2010 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance currently in effect.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her, within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the DEP and any Holder of any Bonds or anyone acting for and on behalf of such Holder.

Commencing on the date contracts are executed for the the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of the Project, and all permits required by federal and state laws for the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and the Project.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, and any services and facilities of the water system, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2010 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

- (1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. In the event of any damage to or destruction of any portion of the System, the

proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP. In the event the Bond Purchase Agreement so requires, such insurance shall be made payable to the order of the Authority, the DEP, the Issuer, the prime contractor and all subcontractors, as their interests may appear. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Mandatory Connections. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 20-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion and Operation of Project: Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission or Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2010 Bonds are Outstanding and as long thereafter as necessary to comply with the Code and to assure the exclusion of interest, if any, on the Series 2010 Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2010 Bonds as a condition to issuance of the Series 2010 Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2010 Bonds as may be necessary in order to maintain the status of the Series 2010 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2010 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the DEP, as the case may be, from which the proceeds of the Series 2010 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the DEP, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2010 Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2010 Bonds:

- (1) If default occurs in the due and punctual payment of the principal of or interest on any Series 2010 Bonds; or
- (2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions relating to the Series 2010 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2010 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or
- (3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or
- (4) If default occurs with respect to the Prior Bonds or the Prior Ordinances.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner or Holder of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners or Bondholders including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners or Bondholders of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2010 Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation

of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers herein above conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, each month on or before the due date, transfer from the Revenue Fund and remit to the Commission the amounts required to be paid by Prior Ordinance for the interest on the Series 1998 Bonds, Series 2000 A Bonds, Series 2002 A Bonds, Series 2002 B Bonds, Series 2002 C Bonds, Series 2003 A Bonds, Series 2005 Bonds, Series 2006 Bonds, Series 2009 A Bonds, Series 2010 A Bonds and Series 2010 B Bonds.

(2) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) the amounts required to be paid by the Prior Ordinance for the principal on the Prior Bonds; (ii) commencing 4 months prior to the first date of payment of principal of the Series 2011 A Bonds for deposit in the Series 2011 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2011 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2011 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date; and (iii) commencing 3 months prior to the first date of payment of principal of the Series 2011 B Bonds for deposit in the Series 2011 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2011 B Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2011 B Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) for deposit in the respective Reserve Accounts for the Prior Bonds the amounts required by Prior Ordinance; (ii) commencing 4 months prior to the first date of payment of principal of the Series 2011 A Bonds, if not fully funded upon issuance of the Series 2011 A Bonds, for deposit in the Series 2011 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2011 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2011 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2011 A Bonds Reserve Requirement; and (iii) commencing 4 months prior to the first date of payment of principal of the Series 2011 B Bonds, if not fully funded upon issuance of the Series 2011 B Bonds, for deposit in the Series 2011 B Bonds Reserve Account, an amount equal to 1/120th of

the Series 2011 B Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2011 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2011 B Bonds Reserve Requirement.

(4) The Issuer shall next, each month, transfer from the Revenue Fund to the Operation and Maintenance Fund an amount sufficient to pay all current Operating Expenses of the System.

(5) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in as provided herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Series 2011 A Bonds Sinking Fund and the Series 2011 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2011 Bonds as the same shall become due. Monies in the Series 2011 A Bonds Reserve Account and the Series 2011 B Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2011 Bonds as the same shall come due, when other monies in the Series 2011 A Bonds Sinking Fund and the Series 2011 B Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2011 A Bonds Sinking Fund, the Series 2011 B Sinking Fund, the Series 2011 A Bonds Reserve Account and the Series 2011 B Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2011 Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2011 Bonds and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2011 A Bonds Reserve Account or the Series 2011 B Bonds Reserve Account which result in a reduction in the balance of such accounts to below the respective Reserve Requirements, shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the priority as set forth above, all on a prorata basis.

As and when additional Bonds ranking on a parity with the Series 2011 Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity

and to accumulate a balance in the respective reserve account in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2011 A Bonds Sinking Fund, the Series 2011 B Bonds Sinking Fund, the Series 2011 A Bonds Reserve Account or the Series 2011 B Bonds Reserve Account, when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2011 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

The Issuer covenants and agrees to transfer moneys in the Series 1998 Bonds Reserve Account to the Series 2011 B Bonds Reserve Account upon maturity of the Series 1998 Bonds. The Issuer covenants and agrees not to use the Series 1998 Bonds Reserve Account for the final payment of the Series 1998 Bonds.

The Issuer covenants and agrees to transfer moneys in the Series 2000 A Bonds Reserve Account to the Series 2011 B Bonds Reserve Account upon maturity of the Series 2000 A Bonds. The Issuer covenants and agrees not to use the Series 2000 A Bonds Reserve Account for the final payment of the Series 2000 A Bonds.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds, the Series 2011 A Bonds and the Series 2011 B Bonds, in accordance with the principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2011 A Bonds Sinking Fund, the Series 2011 B Bonds Sinking Fund, the Series 2011 A Bonds Reserve Account and the Series 2011 B Bonds Reserve Account, created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2011 A Bonds Sinking Fund, the Series 2011 B Bonds Sinking Fund, the Series 2011 A Bonds Reserve Account and the Series 2011 B Bonds Reserve Account, shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2011 A Bonds Sinking Fund, the Series 2011 A Bonds Reserve Account, the Series 2011 B Bonds Sinking Fund and the Series 2011 B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2011 Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve payments with respect to the Series 2011 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The

Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the Bond Purchase Agreement for the Series 2011 Bonds.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as herein above provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Bond Purchase Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this Section, the Issuer shall make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI **BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS**

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2011 Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2011 Bonds, there shall be deposited with the Commission in the respective Bonds Reserve Accounts, the amount, if any, set forth in the Supplemental Resolution for funding of the respective Bonds Reserve Account.

B. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2011 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2011 Bonds Construction Trust Fund and applied solely to payment of the costs of the Project in the manner set forth in Section 6.02 hereof and, until so expended, are hereby pledged as additional security for the Series 2011 A Bonds.

C. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2011 B Bonds, such monies shall be deposited with the Depository Bank in the Series 2011 Bonds Construction Trust Fund and applied solely to payment of the costs of the Project in the manner set forth in Section 6.02 hereof and, until so expended, are hereby pledged as additional security for the Series 2011 B Bonds.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2011 Bonds shall be expended as approved by the DEP.

Section 6.02. Disbursements of Bond Proceeds. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2011 Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly. Invoices for which repayment from the Series 2011 Bonds Construction Trust Fund will be sought must be first approved by the Issuer.

Except as provided in Section 6.01 hereof, disbursements from the Series 2011 Bonds Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of a completed and signed "Payment Requisition Form," a form of which is attached to the Bond Purchase Agreement, in compliance with the construction schedule.

Pending such application, monies in the Series 2011 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII **ADDITIONAL COVENANTS OF THE ISSUER**

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any

Holder or Holders of the Series 2011 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2011 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2011 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2011 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2011 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2011 Bonds, or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2011 Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2011 Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Bond Purchase Agreement and the Issuer shall supply a certificate of Certified Public Accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer enacted on April 15, 2008 and the sewer rate ordinance of the Issuer enacted August 7, 2006 which rates are incorporated herein by reference as a part hereof.

So long as the Series 2011 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2011 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance and as provided herein and with the written consent of the Authority and the DEP. So long as the Series 2011 Bonds are

outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2011 Bonds, immediately be remitted to the Commission for deposit in the Series 2011 A Bonds Sinking Fund, and the Series 2011 B Bonds Sinking Fund respectively and pro rata with respect to the principal amount of each of the Bonds then outstanding and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2011 A Bonds and the Series 2011 B Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2011 Bonds. All obligations issued by the Issuer after the issuance of the Series 2011 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to

lien on and source of and security for payment from such revenues and in all other respects, to the Series 2011 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2011 Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2011 Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2011 Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinance).

All Parity Bonds issued hereafter shall be on a parity in all respects with the Series 2011 Bonds.

No Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition and construction of additions, betterments or improvements to the System or refunding the Bonds issued pursuant hereto, or both such purposes.

No such Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Clerk of the Issuer prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate filed with the Clerk, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All the covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2011 Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the revenues of the System of which is subject to the prior and superior lien of the Series 2011 Bonds on such revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the Gross Revenues remaining after all payments required to be made in accordance with this Bond Legislation have first been paid. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Series 2011 Bonds except in the manner and under the conditions provided in this section.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation on account of the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of issuance of the Parity Bonds and the Issuer is then in full compliance with all the covenants, agreements and terms of this Bond Legislation and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Issuer shall direct.

Such audit report submitted

to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirement are on deposit respectively in the Series 2011 A Bonds Reserve Account and Series 2011 B Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2011 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 Bonds, including the Prior Bonds. BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF CHARLES TOWN:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer presently owns and operates, through the City of Charles Town Utility Board (the "Board") a combined municipal waterworks and sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and improvements to the existing sewerage portion of the System of the Issuer, consisting of construction of a new raw sewage pumping station (the "transfer

station”); construction of a new sewage force main which will connect the modified Huntfield pump station with the Tuscowilla WWTP; and construction of modifications to an existing raw sewage pump station (the “Huntfield” pump station), together with all necessary appurtenances (collectively, the “Project”) (the existing combined waterworks and sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the “System”), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the “Authority”), which administers the West Virginia Water Pollution Control Revolving Fund Program (the “SRF Program”), all pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Revenue Bonds, in the total aggregate principal amount of not more than \$1,500,000 in one or more series (the “Series 2012 A Bonds”) to permanently finance the costs of acquisition and construction of the Project, and pay the costs of issuance thereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2012 A Bonds prior to and during acquisition or construction and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 2012 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority including the SRF Administrative Fee (as hereinafter defined) for the Series 2012 A Bonds; discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2012 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2012 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project (as hereinafter defined).

E. The period of usefulness of the System after completion of the Project is not less than 32 years.

F. It is in the best interests of the Issuer that its Series 2012 A Bonds be sold to the Authority pursuant to the terms and provisions of a Bond Purchase Agreement by and among the Issuer, the Authority, and the West Virginia Department of Environmental Protection (the “DEP”) in the form satisfactory to the respective parties (the “Bond Purchase Agreement”) approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2012 A Bonds as to liens, pledge, source of and security for payment, as follows:

incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2012 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2012 A Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2012 A Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2012 A Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2012 A Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2012 A Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the operation of the System as herein provided. No Holder or Holders of the Series 2012 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2012 A Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2012 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2012 A Bonds and the Prior Bonds and to make all other payments hereinafter set forth, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2012 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2012 A Bonds to the original purchasers upon receipt of the documents set forth below:

Section 5.03. System Revenues; Flow of Funds.

A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

- (1) The Issuer shall first, each month on or before the due date, transfer from the Revenue Fund and simultaneously remit to the Commission the amounts required to be paid by

Prior Ordinances for the interest on the Series 1998 Bonds, Series 2000 A Bonds, Series 2002 A Bonds, Series 2002 C Bonds, Series 2003 A Bonds, Series 2005 A Bonds, Series 2006 A Bonds, Series 2006 B Bonds, Series 2009 A Bonds, Series 2010 A Bonds and Series 2010 B Bonds.

(2) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) the amounts required to be paid by the Prior Ordinances for the principal on the Prior Bonds; and (ii) commencing 4 months prior to the first date of payment of principal of the Series 2012 A Bonds for deposit in the Series 2012 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2012 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2012 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) for deposit in the respective Reserve Accounts for the Prior Bonds the amounts required by Prior Ordinances; and (ii) commencing 4 months prior to the first date of payment of principal of the Series 2012 A Bonds, if not fully funded upon issuance of the Series 2012 A Bonds, for deposit in the Series 2012 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2012 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2012 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2012 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, transfer from the Revenue Fund to the Operation and Maintenance Fund an amount sufficient to pay all current Operating Expenses of the System.

(5) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in as provided herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Series 2012 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2012 A Bonds as the same shall become due. Monies in the Series 2012 A Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2012 A Bonds as the same shall come due, when other monies in the Series 2012 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2012 A Bonds Sinking Fund and the Series 2012 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2012 A Bonds Construction Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2012 A Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2012 A Bonds Reserve Account which result in a reduction in the balance of such accounts to below the respective Reserve Requirements, shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the priority as set forth above.

As and when additional Bonds ranking on a parity with the Series 2012 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirements therefor.

The Issuer shall not be required to make any further payments into the Series 2012 A Bonds Sinking Fund or the Series 2012 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2012 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2012 A Bonds in accordance with the principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2012 A Bonds Sinking Fund and the Series 2012 A Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2012 A Bonds Sinking Fund and the Series 2012 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2012 A Bonds Sinking Fund and the Series 2012 A Bonds Reserve Account, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2012 A Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve payments with respect to the Series 2012 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each

month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the Bond Purchase Agreement for the Series 2012 A Bonds.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as herein above provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Bond Purchase Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this Section, the Issuer shall make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies on a parity and pro rata with respect to the Series 2012 A Bonds and the Prior Bonds all in accordance with the respective principal amounts outstanding before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds.
From the monies received from the sale of the Series 2012 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2012 A Bonds, there shall be deposited with the Commission in the Series 2012 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2012 A Bonds Reserve Account.

B. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2012 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2012 A Bonds Construction Fund and applied solely to payment of the Costs of the Project in the manner set forth in Section 6.02 hereof and, until so expended, are hereby pledged as additional security for the Series 2012 A Bonds.

C. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2012 A Bonds shall be expended as approved by the DEP.

Section 6.02. Disbursements of Bond Proceeds. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2012 A Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly. Invoices for which repayment from the Series 2012 A Bonds Construction Fund will be sought must be first approved by the Issuer.

Except as provided in Section 6.01 hereof, disbursements from the Series 2012 A Bonds Construction Fund shall be made only after submission to, and approval from, the Authority and the DEP of a completed and signed "Payment Requisition Form," a form of which is attached to the Bond Purchase Agreement, in compliance with the construction schedule.

Pending such application, monies in the Series 2012 A Bonds Construction Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2012 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2012 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2012 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2012 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2012 A Bonds shall ever

have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2012 A Bonds, or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2012 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2012 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Bond Purchase Agreement and the Issuer shall supply a certificate of Certified Public Accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer enacted on April 15, 2008 and the sewer rate ordinances of the Issuer enacted August 17, 2009 and December 7, 2009 as amended by Recommended Decision dated June 18, 2010, which became Final Order on July 8, 2010 in Case No. 10-0070-S-MA and Case No. 09-1562-S-MA of the Public Service Commission of West Virginia, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2012 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2012 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinances and as provided herein and with the written consent of the Authority and the DEP. So long as the Series 2012 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2012 A Bonds, immediately be remitted to the Commission for deposit in the Series 2012 A Bonds Sinking Fund and pro rata with respect to the principal amount of each of the Bonds then outstanding and, with the written permission of the

Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2012 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders, or their duly authorized representatives, of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2012 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2012 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2012 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2012 A Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2012 A Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2012 A Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

All Parity Bonds issued hereafter shall be on a parity in all respects with the Series 2012 A Bonds.

No such additional Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition and construction of additions, betterments or improvements to the System or refunding, all or a portion of one or more series of the Bonds issued pursuant hereto, or to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds and shall not

exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Clerk of the Issuer prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate filed with the Clerk, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All the covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2012 A Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the revenues of the System of which is subject to the prior and superior lien of the Series 2012 A Bonds on such revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the Gross Revenues remaining after all payments required to be made in accordance with this Bond Legislation have first been paid. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Series 2012 A Bonds except in the manner and under the conditions provided in this section.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Ordinance and the Prior Ordinances on account of the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of issuance of the Parity Bonds and the Issuer is then in full compliance with all the covenants, agreements and terms of this Bond Legislation and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2012 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2012 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2012 A Bonds and shall submit the report to the Authority and the DEP, or any other original purchaser of the Series 2012 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in

real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in the Bond Purchase Agreement for the Series 2012 A Bonds or any Exhibit thereto or as promulgated from time to time.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2012 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2012 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with, or subordinate to, the Series 2012 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirement are on deposit respectively in the Series 2012 A Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2012 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2012 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with, or subordinate to, the Series 2012 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance currently in effect.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Issuer that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a

detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her, within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the DEP and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Bond Purchase Agreement for the Series 2012 A Bonds as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all state and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Bond Purchase Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

The Issuer will serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer will not reduce the amount of additional customers served by the project without the prior written approval of the Authority. Following completion of the Project the Issuer will certify to the Authority the number of customers added to the System.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, and any such department, agency, instrumentality, officer or employee. STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer presently owns and operates, through the City of Charles Town Utility Board (the "Board") a combined municipal waterworks and sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and improvements to the existing sewerage portion of the System of the Issuer, together with all necessary appurtenances (the design and other pre-construction

activities are collectively defined as the "Project") (the existing combined waterworks and sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance the costs of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Water Pollution Control Revolving Fund Program (the "SRF Program"), all pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Design Revenue Bonds, in the total aggregate principal amount of not more than \$750,000 in one or more series (the "Series 2013 A Bonds") to permanently finance the costs of the Project, and pay the costs of issuance thereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2013 A Bonds prior to and during acquisition or construction and for a period not exceeding 6 months after completion of the Project; amounts which may be deposited in the Series 2013 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority including the SRF Administrative Fee (as hereinafter defined) for the Series 2013 A Bonds; discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2013 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2013 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project (as hereinafter defined).

E. The period of usefulness of the System after completion of the Project is not less than 32 years.

F. It is in the best interests of the Issuer that its Series 2013 A Bonds be sold to the Authority pursuant to the terms and provisions of a Bond Purchase Agreement by and among the Issuer, the Authority, and the West Virginia Department of Environmental Protection (the "DEP") in the form satisfactory to the respective parties (the "Bond Purchase Agreement") approved hereby if not previously approved by resolution of the Issuer.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, each month on or before the due date, transfer from the Revenue Fund and simultaneously remit to the Commission the amounts required to be paid by Prior Ordinances for the interest on the Series 1998 Bonds, Series 2000 A Bonds, Series 2002 A Bonds, Series 2002 C Bonds, Series 2003 A Bonds, Series 2005 A Bonds, Series 2006 A Bonds, Series 2006 B Bonds, Series 2009 A Bonds, Series 2010 A Bonds and Series 2010 B Bonds.

(2) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) the amounts required to be paid by the Prior Ordinances for the principal on the Prior Bonds; and (ii) commencing 4 months prior to the first date of payment of principal of the Series 2013 A Bonds for deposit in the Series 2013 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2013 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2013 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and simultaneously remit to the Commission: (i) for deposit in the respective Reserve Accounts for the Prior Bonds the amounts required by Prior Ordinances; and (ii) commencing 4 months prior to the first date of payment of principal of the Series 2013 A Bonds, if not fully funded upon issuance of the Series 2013 A Bonds, for deposit in the Series 2013 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2013 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2013 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2013 A Bonds Reserve Requirement.

(4) The Issuer shall next, each month, transfer from the Revenue Fund to the Operation and Maintenance Fund an amount sufficient to pay all current Operating Expenses of the System.

(5) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in as provided herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

Monies in the Series 2013 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2013 A Bonds as the same shall become due. Monies in the Series 2013 A Bonds Reserve Account shall be used only for the purposes of paying

principal of and interest, if any, on the Series 2013 A Bonds as the same shall come due, when other monies in the Series 2013 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2013 A Bonds Sinking Fund and the Series 2013 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during the Project, be deposited in the Series 2013 A Bonds Project Fund, and following completion of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2013 A Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2013 A Bonds Reserve Account which result in a reduction in the balance of such accounts to below the respective Reserve Requirements, shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the priority as set forth above.

As and when additional Bonds ranking on a parity with the Series 2013 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirements therefor.

The Issuer shall not be required to make any further payments into the Series 2013 A Bonds Sinking Fund or the Series 2013 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2013 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2013 A Bonds in accordance with the principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2013 A Bonds Sinking Fund and the Series 2013 A Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2013 A Bonds Sinking Fund and the Series 2013 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2013 A Bonds Sinking Fund and the Series 2013 A Bonds Reserve Account, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2013 A Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if

any, and reserve payments with respect to the Series 2013 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the Bond Purchase Agreement for the Series 2013 A Bonds.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as herein above provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Bond Purchase Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this Section, the Issuer shall make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies on a parity and pro rata with respect to the Series 2013 A Bonds and the Prior Bonds all in accordance with the respective principal amounts outstanding before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS; DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds.
From the monies received from the sale of the Series 2013 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2013 A Bonds, there shall be deposited with the Commission in the Series 2013 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2013 A Bonds Reserve Account.

B. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2013 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2013 A Bonds Project Fund and applied solely to payment of the Costs of the Project in the manner set forth in Section 6.02 hereof and, until so expended, are hereby pledged as additional security for the Series 2013 A Bonds.

C. After completion of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2013 A Bonds shall be expended as approved by the DEP.

Section 6.02. Disbursements of Bond Proceeds. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2013 A Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly. Invoices for which repayment from the Series 2013 A Bonds Project Fund will be sought must be first approved by the Issuer.

Except as provided in Section 6.01 hereof, disbursements from the Series 2013 A Bonds Project Fund shall be made only after submission to, and approval from, the Authority and the DEP of a completed and signed "Payment Requisition Form," a form of which is attached to the Bond Purchase Agreement, in compliance with the project schedule.

Pending such application, monies in the Series 2013 A Bonds Project Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2013 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2013 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be

irrevocable, except as provided herein, as long as any of the Series 2013 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2013 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2013 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2013 A Bonds, or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2013 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2013 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Bond Purchase Agreement and the Issuer shall supply a certificate of Certified Public Accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the water rate ordinance of the Issuer enacted on April 15, 2008 and the sewer rate ordinances of the Issuer enacted August 17, 2009 and December 7, 2009 as amended by Recommended Decision dated June 18, 2010, which became Final Order on July 8, 2010 in Case No. 10-0070-S-MA and Case No. 09-1562-S-MA of the Public Service Commission of West Virginia, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2013 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2013 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinances and as provided herein and with the written consent of the Authority and the DEP. So long as the Series 2013 A Bonds are outstanding and except as

otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2013 A Bonds, immediately be remitted to the Commission for deposit in the Series 2013 A Bonds Sinking Fund and pro rata with respect to the principal amount of each of the Bonds then outstanding and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2013 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders, or their duly authorized representatives, of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2013 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2013 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement

that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2013 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2013 A Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2013 A Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2013 A Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

All Parity Bonds issued hereafter shall be on a parity in all respects with the Series 2013 A Bonds.

No such additional Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition and construction of additions, betterments or improvements to the System or refunding, all or a portion of one or more series of the Bonds issued pursuant hereto, or to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The “estimated average increased annual Net Revenues to be received in each of the 3 succeeding years,” as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Clerk of the Issuer prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate filed with the Clerk, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All the covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2013 A Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the revenues of the System of which is subject to the prior and superior lien of the Series 2013 A Bonds on such revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the Gross Revenues remaining after all payments required to be made in accordance with this Bond Legislation have first been paid. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Series 2013 A Bonds except in the manner and under the conditions provided in this section.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Ordinance and the Prior Ordinances on account of the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of issuance of the Parity Bonds and the Issuer is then in full compliance with all the covenants, agreements and terms of this Bond Legislation and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the

System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of the Project.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2013 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2013 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2013 A Bonds and shall submit the report to the Authority and the DEP, or any other original purchaser of the Series 2013 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in the Bond Purchase Agreement for the Series 2013 A Bonds or any Exhibit thereto or as promulgated from time to time.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the System at all reasonable times. Prior to, during and after completion of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2013 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes.
