NOW, THEREFORE, BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF CHARLES TOWN:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation"), is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer presently owns and operates a public combined waterworks and sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be designed certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer, consisting of a by-pass meter, self-cleaning bar screen, diffused air batch system, post-equalization basins, flow monitoring equipment, and all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, transportation, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public combined waterworks and sewerage system of the Issuer, the Project and any further additions thereto or extensions thereof are herein called the "System").

C. The estimated revenues to be derived in each year will be sufficient to pay all costs of operation and maintenance of the System, the interest on and principal of the Bonds (as hereafter defined) and to make all payments into all funds and accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. The Issuer intends to permanently finance the costs of design of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund program (the "SRF Program"), pursuant to the Act, in order to take advantage of the favorable terms available to the Issuer under the SRF Program.

E. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Design Revenue Bonds, Series 1998 (West Virginia SRF Program) (the "Series 1998 Design Bonds"), in the total aggregate principal amount of not more than $600,000, initially to be represented by a single bond, to permanently finance the costs of design of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; amounts which may be deposited in the Series 1998 Design Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense; commitment fees; fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined); discount; initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1998 Design Bonds and such other expenses as may be necessary or incidental to the financing herein authorized; the design of the Project; and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1998 Design Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

F. The period of usefulness of the System after completion of the Project is not less than 20 years.

G. It is in the best interests of the Issuer that its Series 1998 Design Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and among the Issuer, the Authority and the West Virginia Division of Environmental Protection, a division of the West Virginia Bureau of Environment (the "DEP"), in form satisfactory to the Issuer, the Authority and the DEP (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

H. There are outstanding obligations of the Issuer which will rank, on a parity with the Series 1998 Design Bonds as to liens, pledge, source of and security for payment, which obligations are designated and have the lien positions with respect to the Series 1998 Design Bonds as follows:

Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 1998 Design Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 1998 Design Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 1998 Design Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 1998 Design Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Series 1998 Design Bonds.

The registered Series 1998 Design Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 1998 Design Bonds or transferring the registered Series 1998 Design Bonds are exercised, all Series 1998 Design Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 1998 Design Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 1998 Design Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 1998 Design Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 1998 Design Bonds or, in the case of any proposed redemption of Series 1998 Design Bonds, next preceding the date of the selection of Series 1998 Design Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 1998 Design Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely

from the Gross Revenues derived from the operation of the System as herein provided. No Holder or Holders of the Series 1998 Design Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 1998 Design Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 1998 Design Bonds shall be secured forthwith equally and ratably by a first lien on the Gross Revenues derived from the system, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. Such Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Prior Bonds and the Series 1998 Design Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as the same become due.

The Revenue Fund shall constitute a trust fund for the purposes provided in the Prior Ordinances and in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Prior Ordinances and in this Bond Legislation. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and, simultaneously, (i) remit to the Commission the amounts required by the Prior Ordinances to be deposited in the Prior Bonds

Sinking Funds for payment of interest on the Prior Bonds and (ii) commencing 4 months prior to the first date of payment of interest on the Series 1998 Design Bonds for which interest has not been capitalized or as required in the Loan Agreement, remit to the Commission for deposit in the Series 1998 Design Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 1998 Design Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1998 Design Bonds Sinking Fund and the next quarterly interest payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and, simultaneously, (i) remit to the Commission the amounts required by the Prior Ordinances to be deposited in the Prior Bonds Reserve Accounts and (ii) commencing 3 months prior to the first date of payment of principal of the Series 1998 Design Bonds, if not fully funded upon issuance of the Series 1998 Design Bonds, remit to the Commission for deposit in the Series 1998 Design Bonds Reserve Account, an amount equal to 1/120 of the Series 1998 Design Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1998 Design Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1998 Design Bonds Reserve Requirement.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund an amount sufficient to pay current Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, from the moneys remaining in the Revenue Fund, transfer to the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Subject to the restrictions contained in the Prior Ordinances so long as the Prior Bonds are outstanding, withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, or improvements or extensions to the System; provided, that any deficiency in any reserve account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03A(4) hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 1998 Design Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 1998 Design Bonds as the same shall become due. Moneys in the Series 1998 Design Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 1998 Design Bonds, as the same shall come due, when other moneys in the Series 1998 Design Bonds Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series 1998 Design Bonds Reserve Account which result in a reduction in the balance of the Series 1998 Design Bonds Reserve Account to below the Series 1998 Design Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity

and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional Bonds.

The Issuer shall not be required to make any further payments into the Series 1998 Design Bonds Sinking Fund or into the Series 1998 Design Bonds Reserve Account therein when the aggregate amount of funds in said Sinking Fund and Reserve Account are at least equal to the aggregate principal amount of the Series 1998 Design Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal and interest payments, and any payments made for the purpose of funding any Reserve Account, whether for a deficiency or otherwise, shall be made on a parity basis and pro rata with respect to the Prior Bonds and Series 1998 Design Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 1998 Design Bonds Sinking Fund and the Series 1998 Design Bonds Reserve Account created hereunder, and all amounts required for said Sinking Fund and Reserve Account shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into the Series 1998 Design Bonds Sinking Fund and the Series 1998 Design Bonds Reserve Account shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required hereunder.

Moneys in the Series 1998 Design Bonds Sinking Fund and the Series 1998 Design Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 1998 Design Bonds Sinking Fund, including the Series 1998 Design Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1998 Design Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the respective Sinking Funds, including the Reserve Accounts and Redemption Accounts therein, and the Renewal and Replacement Fund during the following month or such other period as required by the Act, such excess shall be

considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if such day is not a business day, then the next succeeding business day), deposit with the Commission the required interest, principal and reserve payments with respect to the Series 1998 Design Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement as Exhibit F, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of each calendar month.

E. The Issuer shall on the first day of each month (if such day is not a business day, then the next succeeding business day), deposit with the Commission the SRF Administrative Fee as set forth in Schedule Y attached to the Loan Agreement.

F. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required.

G. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

H. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

I. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

A. From the proceeds of the Series 1998 Design Bonds, there shall first be deposited with the Commission in the Series 1998 Design Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest.

B. Next, from the proceeds of the Series 1998 Design Bonds, there shall be deposited with the Commission in the Series 1998 Design Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 1998 Design Bonds Reserve Account.

C. As the Issuer receives advances of the remaining moneys derived from the sale of the Series 1998 Design Bonds, such moneys shall be deposited with the Depository Bank in the Project Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02 hereof.

D. After completion of design of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Bonds shall be used to fund the Series 1998 Design Bonds Reserve Account in an amount not to exceed the Series 1998 Design Bonds Reserve Requirement; provided that, in no event shall more than 10% of the proceeds of the Bonds be deposited in the Series 1998 Design Bonds Reserve Account.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Project Fund and shall comply with all requirements with respect to the disposition of the moneys therein set forth in the Bond Legislation. Moneys in the Project Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 1998 Design Bonds.

Section 6.02. Disbursements From the Project Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 1998 Design Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Project Fund (except for costs of issuance of the Series 1998 Design Bonds which shall be made upon

request of the Issuer) shall be made only after submission to, and approval from, the Authority and the DEP of the following:

(1) a completed and signed "Payment Requisition Form," a form of which is attached to the Loan Agreement as Exhibit C, and

(2) a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Project Fund only the net amount remaining after deduction of any such portion. All payments made from the Project Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Project Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Project Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 1998 Design Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 1998 Design Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 1998 Design Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 1998 Design Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 1998 Design Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 1998 Design Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 1998 Design Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Gross Revenues derived from the operation of the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. Such Gross Revenues, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 1998 Design Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation, are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the sewer rate ordinance of the Issuer enacted on February 16, 1996, and the water rate ordinance of the Issuer enacted _____, 199__, which rates are incorporated herein by reference as a part hereof.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, except as provided in the Prior Ordinances. Additionally, so long as the Series 1998 Design Bonds are outstanding and except as otherwise required by law or with the written consent

of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding or to effectively defease the pledge created by this Bond Legislation in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1998 Design Bonds, immediately be remitted to the Commission for deposit in the Series 1998 Design Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest, if any, on the Series 1998 Design Bonds as prescribed by Section 10.01 hereof. Any balance remaining after the payment of the Bonds and the interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine, upon consultation with the Consulting Engineers, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall, with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such

properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of all Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 1998 Design Bonds and the Prior Bonds. All obligations issued by the Issuer after the issuance of the Series 1998 Design Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1998 Design Bonds and the Prior Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts established by this Bond Legislation and the Prior Ordinances at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 1998 Design Bonds and the Prior Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 1998 Design Bonds and the Prior Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. Additionally, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 1998 Design Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1998 Design Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of design, acquisition or construction of additions, extensions, improvements or betterments to the System or refunding the Series 1998 Design Bonds or the Prior Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the date of issuance of such Parity Bonds, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate design of such additions,

extensions, betterments or improvements to the System which are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section and the Prior Ordinances. All the Series 1998 Design Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 1998 Design Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1998 Design Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation and the Prior Ordinances with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation and the Prior Ordinances, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation and the Prior Ordinances.

Section 7.08. Books; Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of designing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the design of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Authority and the DEP, or any other original purchaser of the Series 1998 Design Bonds, and shall mail in each year to any Holder or Holders of the Series 1998 Design Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with OMB Circular 128, or any successor thereto, and the Single Audit Act, and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 1998 Design Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 1998 Design Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement, the Act and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the City Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created (or, where appropriate, continued) hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 1998 Design Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1998 Design Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 1998 Design Bonds Reserve Account and any reserve accounts for obligations prior to or on a parity with or junior to the Series 1998 Design Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 1998 Design Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1998 Design Bonds, including the Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04 hereof.

Section 7.10. Operating Budget; Audit and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be

made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an Independent Certified Public Accountant in compliance with OMB Circular 128, or any successor thereto, and the Single Audit Act, the report of which audit shall be submitted to the Authority and the DEP and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation, the Act and the Loan Agreement and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid when due,

shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 1998 Design Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $600,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE for all employees of or for the System eligible therefor.

(4) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Division of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Division of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Permits. The Issuer will cause the Project to be designed as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards. The Issuer will obtain all permits required by state and federal laws for the operation of the System.

Section 7.17. Compliance with Loan Agreement and Law. The Issuer agrees to comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority.

The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the design of the Project and the operation, maintenance and use of the System.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1998 Design Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 1998 Design Bonds during the term thereof is, under the terms of the Series 1998 Design Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1998 Design Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1998 Design Bonds during the term thereof is, under the terms of the Series 1998 Design Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 1998 Design Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 1998 Design Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1998 Design Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to

cause the Series 1998 Design Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1998 Design Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 1998 Design Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.20. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1998 Design Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 1998 Design Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE; REBATES OF EXCESS INVESTMENT EARNINGS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the Prior Ordinances, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 1998 Design Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 1998 Design Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 1998 Design Bonds which would cause the Series 1998 Design Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the

timely filing of a federal information return with respect to the Series 1998 Design Bonds) so that the interest, if any, on the Series 1998 Design Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Small Issuer Exemption from Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(B)(ii) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that no part of the Series 1998 Design Bonds are private activity bonds; that 95% or more of the Net Proceeds of the Series 1998 Design Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the "gross proceeds" (as such term "gross proceeds" is defined in the Code) of the Series 1998 Design Bonds shall be expended within six months of the date of issue of the Series 1998 Design Bonds.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer covenants to make, or cause to be made, all rebate calculations, computations and payments in the time, manner and as required in Section 148(f) of the Code and the Regulations from time to time in effect and applicable to the Series 1998 Design Bonds and otherwise covenants and agrees to comply with the provisions of such Section 148(f) of the Code and the Regulations from time to time in effect and applicable to the Series 1998 Design Bonds. In the event of a failure to pay the correct rebate amount, the Issuer will pay, from any lawful sources available therefor, to the United States such amount, plus a penalty equal to 50% of the rebate amount not paid when required to be paid, plus interest on that amount, unless waived. In order to provide for the administration of this paragraph, the Issuer may provide for the employment of independent attorneys, accountants and consultants compensated on such reasonable basis as the Issuer may deem appropriate.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation or, if the Issuer qualifies for any exception to rebate, the Issuer shall submit a certificate stating that it is exempt from the rebate provisions, the basis for the exemption and that no event has occurred to its knowledge during the Bond Year which would make the Series 1998 Design Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information

relating to rebate as may be reasonably requested by the Authority, including information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 1998 Design Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on the Series 1998 Design Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 1998 Design Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 1998 Design Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinances.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 1998 Design Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the design of the Project and the

making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Series 1998 Design Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the design of the Project on behalf of the Issuer, with the power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the design of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no

court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

DEFEASANCE

Section 10.01. Defeasance of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of the Series 1998 Design Bonds, the principal of and interest due or to become due thereon, if any, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Gross Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1998 Design Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest, if any, on the Series 1998 Design Bonds from gross income for federal income tax purposes.

The Series 1998 Design Bonds, for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due either at maturity or at the next redemption date, the principal installments of and interest on such Series 1998 Design Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 1998 Design Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay, when due, the principal installments of and interest due and to become due on said Series 1998 Design Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 1998 Design Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestment shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

ARTICLE XI

2.7 The Local Government shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract, as security for the faithful performance of such contract.

2.8 The Local Government shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority and DEP. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Local Government on or before the Date of Loan Closing, as hereinafter defined, and maintained so long as any of the Local Bonds are outstanding. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date set forth in Exhibit E hereto.

3.5 The Local Government understands and acknowledges that it is one of several local governments which have applied to the Authority and DEP for loans to finance wastewater treatment projects and that the obligation of the Authority to make any such loan is subject to the Local Government's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the requirements of the Program. The Local Government specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to such purchase, the Authority may purchase the bonds of other local governments set out in the State Project Priority List, as defined in the SRF Regulations. The

Local Government further specifically recognizes that all loans will be originated in conjunction with the SRF Regulations and with the approval of DEP.

3.6 The Local Government shall provide DEP with the appropriate documentation to comply with the special conditions established by federal and state regulations as set forth in Exhibit E hereto at such times as are set forth in Exhibit E.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Local Government shall, as one of the conditions of the Authority and DEP to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Government in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. The revenues generated from the operation of the System will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving

or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the net revenues from the System;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds is funded (whether by Local Bond proceeds, monthly deposits or otherwise) the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Government will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the Regulations, the System may be sold, mortgaged, leased or otherwise disposed of as a whole or substantially as a whole provided that the net proceeds to be realized from such sale, mortgage, lease or other deposition shall be sufficient to fully pay all of the local bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of such System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Government shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and

on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the written consent of the Authority and DEP; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Local Government will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Government will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Local Government under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that the Local Government is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Local Government's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the West Virginia Municipal Bond Commission (the "Commission") its required interest, principal and reserve fund payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F and incorporated herein by reference, and submit a copy of said form along with a copy of the check to the Authority by the 5th day of such calendar month;

(xvii) That the Commission shall serve as paying agent for all Local Bonds;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project; and

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will

not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider.

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Loan shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Loan Closing. The remaining proceeds of the Local Bonds shall be advanced by the Authority monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to make any loans shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to make the Loan.

ARTICLE V

Certain Covenants of the Local Government; Imposition and Collection of User Charges; Payments To Be Made by Local Government to the Authority

5.1 The Local Government hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Local Government hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to Section 4.2 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Local Government

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by local governments in the terms and covenants of loan agreements, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have

recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this Loan Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the SRF Regulations or this Loan Agreement.

6.3 The Local Government hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Loan.

6.4 The Local Government hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Government fails to make any such rebates as required, then the Local Government shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and DEP may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local Government to be monitored or cause the rebate calculations for the Local Government to be prepared, in either case at the expense of the Local Government.

6.6 The Local Government hereby agrees to give the Authority and DEP prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Government hereby agrees to file with the Authority upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedule Y shall be attached to this Loan Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement, and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

7.4 No waiver by any party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.5 This Loan Agreement merges and supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Loan Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iii) payment in full of the principal of and interest on the Loan and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Loan made under this Loan Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the legislature or otherwise being available to make the Loan. In the event funds are not appropriated or otherwise available to make all of the Loan, the responsibility of the Authority and DEP to make all the Loan is terminated; provided further that the obligation of the Local Government to repay the amount of the Loan made by the Authority and DEP as set forth in (iii) above is not terminated due to such non-funding on any balance on the Loan. The DEP agrees to use its best efforts to have the amount contemplated under this Loan Agreement included in its budget. The Local Bonds are in the principal amount of $_____, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable _____ 1, ____ 1, _____ 1, and _____ 1 of each year, beginning _____ 1, 19_, at the respective rate or rates and with principal payable in installments on ____ 1 in each of the years, all as follows:

Year	Installment	Interest Rate

The Local Bonds are issued for the purpose of _____ and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly enacted by the Local Government on _____ (the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Local Government without the consent of the Authority.

3. The Local Government is a duly organized and presently existing _____ _____, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Government has legally and effectively enacted the Local Act and all other necessary _____ in connection with the issuance and sale of the Local Bonds. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds are valid and legally enforceable special obligations of the Local Government, payable from the net revenues of the System referred to in the Local Act and secured by a [first] lien on and pledge of the net revenues of said System, all in accordance with the terms of the Local Bonds and the Local Act, and have been duly issued and delivered to the Authority.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

The interest and the SRF Administrative Fee (as defined in the hereinafter described Bond Legislation), on this Bond shall be payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 1999, as set forth on EXHIBIT B attached hereto.

Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar"), on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and

among the Issuer, the Authority and the West Virginia Division of Environmental Protection, dated September 11, 1998.

This Bond is issued (i) to pay a portion of the costs of design of certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer (the "Project"); (ii) funding a debt service reserve account for the Bond; and (iii) to pay certain costs of issuance of the Bonds of this Series (the "Bonds") and related costs. The existing public combined waterworks and sewerage system of the Issuer, the Project, and any further extensions, additions, betterments or improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 8, Article 20 and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (the "Act"), and a Bond Ordinance duly enacted by the Issuer on March 16, 1998, and a Supplemental Resolution duly adopted by the Issuer on September 21, 1998 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF A SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1987 B, DATED NOVEMBER 18, 1987, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $413,629 (THE "SERIES 1987 B BONDS"), COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1988 B-1, DATED MAY 4, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $295,916 (THE "SERIES 1988 B-1 BONDS"), COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1988 B-2, DATED MAY 20, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $558,000 (THE "SERIES 1988 B-2 BONDS"), COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1989 B, DATED APRIL 13, 1989, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $117,480 (THE "SERIES 1989 B BONDS"), AND COMBINED WATERWORKS AND SEWERAGE SYSTEM REFUNDING REVENUE BONDS, SERIES 1998, DATED MAY 15, 1998, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $10,355,000 (THE "SERIES 1998 REFUNDING BONDS").

Such Gross Revenues shall be sufficient to pay all operating expenses of the System and the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Gross Revenues, the moneys in the Series 1998 Design Bonds Reserve Account and unexpended proceeds of the Bonds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Bonds, including the Prior Bonds; provided however, that so long as there exists in the Series 1998 Design Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest, which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding prior to or on a parity with or junior to the Bonds, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the City of Charles Town (the "Issuer"), a municipal corporation and political subdivision organized and existing under the laws of the State of West Virginia, of its $437,601 Combined Waterworks and Sewerage System Design Revenue Bonds, Series 1998 (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated September 11, 1998, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Division of Environmental Protection (the "DEP") and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal and interest to the Authority, with interest at the rate of 2% per annum, and with principal and interest payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 1999, and ending September 1, 2019, all as set forth in "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 20 and Chapter 22C, Article 2

of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of design of certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer (the "Project"); (ii) funding a debt service reserve account for the Bonds; and (iii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Ordinance duly enacted by the Issuer on March 16, 1998, as supplemented by a Supplemental Resolution duly adopted by the Issuer on September 21, 1998 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement.

In connection with the issuance of the Bonds, the Issuer has executed a Certificate as to Arbitrage, dated as of the date hereof (the "Certificate as to Arbitrage"), which, among other things, sets forth restrictions on the investment and expenditure of the Bond proceeds and earnings thereon, to ensure that the arbitrage requirements of the Internal Revenue Code of 1986, as amended, and regulations thereunder (collectively, the "Code"), necessary to establish and maintain the excludability of interest on the Bonds from gross income for federal income tax purposes, are and will continue to be met.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to design the Project, to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP.

3. The Bond Legislation and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Gross Revenues of the System, on a parity with the Issuer's Combined Waterworks and Sewerage System Revenue Bonds, Series 1987 B, Combined Waterworks and Sewerage System Revenue Bonds, Series 1988 B-1, Combined Waterworks and Sewerage System Revenue Bonds, Series 1988 B-2, Combined Waterworks and Sewerage System Revenue Bonds, Series 1989 B and Combined Waterworks and Sewerage

System Refunding Revenue Bonds, Series 1998, all in accordance with the terms of the Bonds and the Bond Legislation.

5. Under existing laws, regulations, rulings and judicial decisions of the United States of America, as presently written and applied, the interest on the Bonds (a) is excludable from gross income of the owners thereof for federal income tax purposes pursuant to the Code and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed upon individuals and corporations under the Code. It should be noted, however, that interest on the Bonds is included in the adjusted current earnings of certain corporations for purposes of computing the alternative minimum tax that may be imposed with respect to corporations. The opinions set forth above are subject to the condition that the Issuer comply, on a continuing basis, with all requirements of the Code that must be satisfied subsequent to issuance of the Bonds for interest thereon to be or continue to be excludable from gross income for federal income tax purposes and all certifications, covenants and representations which may affect the excludability from gross income of the interest on the Bonds set forth in the Bond Legislation and the Certificate as to Arbitrage, and other certificates delivered in connection with the issuance of the Bonds. Failure to comply with certain of such Code provisions or such certifications, covenants and representations could cause the interest on the Bonds to be includable in gross income retroactive to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

6. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality, political subdivision or agency thereof, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered R-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

STEPTOE & JOHNSON

Ladies and Gentlemen:

We are counsel to the City of Charles Town in Jefferson County, West Virginia (the "Issuer") in connection with the above-captioned bond issue. As such counsel, we have examined copies of the approving opinion of Steptoe & Johnson, as bond counsel, a loan agreement dated September 11, 1998, including all schedules and exhibits attached hereto (the "Loan Agreement"), by and among the West Virginia Water Development Authority (the "Authority"), the West Virginia Division of Environmental Protection (the "DEP") and the Issuer, a Bond Ordinance duly enacted by the Issuer on March 16, 1988, as supplemented by a Supplemental Resolution duly adopted by the Issuer on September 21, 1998 (collectively, the "Bond Legislation"), and other documents relating to the above-captioned Bonds of the Issuer (the "Bonds"). Capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

We are of the opinion that:

1. The Issuer has been duly created and is validly existing as a municipal corporation and political subdivision of the State of West Virginia, and the Mayor, the City Clerk and the members of the council of the Issuer have been duly and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.

2. The Bond Legislation has been duly adopted and enacted by the Issuer and is in full force and effect.

3. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the DEP and the Authority, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.

4. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all permits, licenses, approvals, exemptions, consents, registrations, certificates and authorizations required by law for the issuance of the Bonds, the design of the Project, the operation of the System and the imposition of rates and charges for use of the System, and has taken any other action required for the imposition of such rates and charges, including without limitation, the enactment of ordinances prescribing such rates and charges. The time for appeal of such rate ordinances has expired prior to the date hereof without any appeal.

6. To the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the design of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Gross Revenues therefor.

All counsel to this transaction may rely upon this opinion as specifically addressed to them.

Sincerely yours,

James B. Crawford, III

The duly appointed and acting Clerk of the Issuer is Brenda S. Hamilton. Jane Arnett, C.P.A., is the duly appointed and acting City Manager for the Issuer. The duly appointed and acting Counsel to the Issuer is Crawford & Jackson, P.L.L.C., Charles Town, West Virginia.

7. MEETINGS, ETC.: All actions, ordinances, resolutions, orders and agreements taken by and entered into by or on behalf of the Issuer in any way connected with the issuance of the Bonds and the design and financing of the Project or the operation of the System were authorized or adopted at regular or special meetings of the Governing Body of the Issuer duly and regularly called and held pursuant to the Rules of Procedure of the Governing Body and all applicable statutes, including, particularly and without limitation, Chapter 6, Article 9A of the West Virginia Code of 1931, as amended, and a quorum of duly elected or appointed, as applicable, qualified and acting members of the Governing Body was present and acting at all times during all such meetings. All notices required to be posted and/or published were so posted and/or published.

8. INSURANCE: All insurance for the System required by the Bond Legislation is in full force and effect.

9. LOAN AGREEMENT: As of the date hereof, (i) the representations of the Issuer contained in the Loan Agreement are true and correct in all material respects as if made on the date hereof; (ii) the Loan Agreement does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; (iii) to the best knowledge of the undersigned, no event affecting the Issuer has occurred since the date of the Loan Agreement which should be disclosed for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information in the Loan Agreement not misleading; and (iv) the Issuer is in compliance with the Loan Agreement.

10. RATES: The Issuer duly enacted a water rate ordinance on July 17, 1995, and a sewer rate ordinance on January 2, 1996, setting the respective rates and charges for the services of the System. The time for appeal of such rate ordinances has expired prior to the date hereof without any appeal, and are currently in effect.

11. SIGNATURES AND DELIVERY: On the date hereof, the undersigned Mayor did officially sign all of the Bonds of the aforesaid issue, consisting upon original issuance of a single Bond, dated the date hereof, by his manual signature, and the undersigned City Clerk did officially cause the official seal of the Issuer to be affixed upon said Bonds and to be attested by her manual signature, and the Registrar did officially authenticate and deliver the Bonds to a representative of the Authority as the original purchaser of the Bonds under the Loan Agreement. Said official seal is also impressed above the signatures appearing on this certificate.

12. BOND PROCEEDS: On the date hereof, the Issuer received $414,602 from the Authority and the DEP, being a portion of the principal amount of the Bonds and more than a de minimis amount of the proceeds of the Bonds. On the date hereof, $26,601 of the proceeds of the Bonds received by the Issuer was deposited in the Series 1998 Design Bonds Reserve Account. The balance of the principal amount of the Bonds will be advanced to the Issuer as design of the Project progresses.

13. PUBLICATION AND PUBLIC HEARING ON BOND ORDINANCE: Upon adoption of the Bond Ordinance, an abstract thereof, determined by the Governing Body to contain sufficient information as to give notice of the contents thereof, was published once each week for 2 successive weeks, with not less than 6 full days between each publication, the first such publication occurring not less than 10 days before the date stated below for the public hearing, in the Spirit of Jefferson Advocate, a newspaper of general circulation in the City of Charles Town, no newspaper being published therein, together with a notice to all persons concerned, stating that the Bond Ordinance had been adopted and that the Issuer contemplated the issuance of the Bonds described in such Bond Ordinance, stating

that any person interested may appear before the Council at the public hearing held at a public meeting of Council on the 16th day of March, 1998, at 7:30 p.m., at the place of meeting for the Council and present protests, and stating that a certified copy of the Bond Ordinance was on file at the office of the City Clerk of the Issuer for review by interested parties during the office hours of the Issuer. At such hearing all objections and suggestions were heard by the Governing Body and the Bond Ordinance became finally adopted, enacted and effective as of the date of such public hearing, and remains in full force and effect.

14. PRIVATE USE OF FACILITIES: The Issuer shall at all times take, and refrain from taking, and shall not fail to take, any and all actions necessary in order to assure the initial and continued tax-exempt status of the Bonds and the interest, if any, thereon. Less than 10% of the proceeds of the Bonds will be used, directly or indirectly, for any private business use, and less than 10% of the payment of principal of, or the interest on, such issue, under the terms of such issue or any underlying arrangement, is, directly or indirectly, secured by any interest in property used or to be used for a private business use, payments in respect of such property, or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use. None of the proceeds of the Bonds will be used, directly or indirectly, for any private business use which is not related to the governmental use of the proceeds of the Bonds, including the disproportionate related business use of the proceeds of the Bonds, and none of the payment of principal on, or the interest on, such issue, under the terms of any underlying arrangement, is, directly or indirectly, secured by any interest in property used, or to be used for a private business use, payments in respect of such property or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use with respect to such private business use, which is not related to any government use of such proceeds, including the disproportionate business use of the issue of the Bonds. None of the proceeds of the issue of the Bonds will be used, directly or indirectly, to make or finance loans to persons other than governmental units. For purposes of this paragraph, private business use means use, directly or indirectly, in a trade or business carried on by any person, including related persons, other than a governmental unit or other than use as a member of the general public. All of the foregoing shall be determined in accordance with and within the meaning of the Internal Revenue Code of 1986, as amended, including any successor provisions and rules and regulations thereunder (the "Code").

15. NO FEDERAL GUARANTY: The Bonds are not and will not be, in whole or part, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

16. IRS INFORMATION RETURN: On the date hereof, the undersigned Mayor did officially sign a properly completed IRS Form 8038-G in connection with the Bonds and will cause such executed Form 8038-G to be filed in a timely manner with the Internal Revenue Service Center, Philadelphia, Pennsylvania.

17. SPECIMEN BOND: Delivered concurrently herewith is a true and accurate specimen of the Bond.

18. CONFLICT OF INTEREST: No officer or employee of the Issuer has a substantial financial interest, direct, indirect or by reason of ownership of stock in any corporation, in any contract with the Issuer or in the sale of any land, materials, supplies or services to the Issuer or to any contractor supplying the Issuer, relating to the Bonds, the Bond Legislation and/or the Project, including, without limitation, with respect to the Depository Bank. For purposes of this paragraph, a "substantial financial interest" shall include, without limitation, an interest amounting to more than 5% of the particular business enterprise or contract.

19. CLEAN WATER ACT: The Project as described in the Bond Ordinance complies with Sections 208 and 303(e) of the Clean Water Act.

20. YEAR 2000 COMPLIANCE: The Issuer represents that it has undertaken or will undertake an investigation to determine whether the operations of the System, including but not limited to any billing, collection and inventory computer programs of the System and any electronic or mechanical components of the System's water treatment and distribution and wastewater collection and treatment facilities, are Year 2000 Compliant. The Issuer further represents that if it determines as a result of this investigation that any Mission-Critical Component of the System is not Year 2000 Compliant, the Issuer (i) will take timely and affirmative action to repair or replace any such component, and (ii) will perform adequate testing to ensure the sound operation and Year 2000 Compliant status of the repaired or replaced component. For purposes of this paragraph, "Year 2000 Compliant" means, with respect to the information technology the Issuer uses or will use in the operation of the System (including any date-sensitive microprocessors embedded in electronic or mechanical components of the System), the information technology is designed to be used prior to, during and after calendar Year 2000 A.D., and the information technology used during each such time period will accurately receive, provide and process data-time data (including, but not limited to, calculating, comparing and sequencing) from, into and between the twentieth and twenty-first centuries, including the years 1999 and 2000, and leap-year calculations, and will not malfunction, cease to function, or provide invalid or incorrect results as a result of date-time data. For purposes of this paragraph, "Mission-Critical Component" means any component of the System that would be critical to (a) the System's continued operation after January 1, 2000; (b) the Issuer's ability to continue to bill its customers and collect amounts billed from those customers after January 1, 2000; or (c) the Issuer's ability to make all principal and interest payments for the Bonds and Prior Bonds contemplated by the Ordinance as and when they become due.

CITY OF CHARLES TOWN

Combined Waterworks and Sewerage System Design Revenue Bonds,
Series 1998
(West Virginia SRF Program)

CERTIFICATE AS TO ARBITRAGE

The undersigned Mayor of the City of Charles Town in Jefferson County, West Virginia (the "Issuer"), being the official of the Issuer duly charged with the responsibility for the issuance of the $437,601 principal amount of Combined Waterworks and Sewerage System Design Revenue Bonds, Series 1998 (West Virginia SRF Program), of the Issuer, dated September 29, 1998 (the "Bonds"), hereby certifies as follows:

1. This certificate is being executed and delivered pursuant to Section 148 of the Internal Revenue Code of 1986 and applicable regulations (the "Code"). I am the officer of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances, and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meaning as set forth in the ordinance authorizing the Bonds duly enacted by the Issuer on March 16, 1998 (as supplemented, the "Bond Ordinance").

2. This certificate may be relied upon as the certificate of the Issuer.

3. The Issuer has not been notified by the Internal Revenue Service of any listing or proposed listing of it as an issuer that may not certify its bonds or the certification of which may not be relied upon by holders of obligations of the Issuer or that there is any disqualification of the Issuer by the Internal Revenue Service because a certification made by the Issuer contains a material misrepresentation.

4. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on September 29, 1998, the date on which the Bonds are to be physically delivered in exchange for more than a de minimis amount of the principal amount of the Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

5. The Bonds were sold on September 29, 1998, to the West Virginia Water Development Authority (the "Authority"), pursuant to a loan agreement dated September 11, 1998, by and among the Issuer, the Authority and the West Virginia Division of Environmental Protection (the "DEP"), for an aggregate purchase price of $437,601 (100% of par), at which time, the Issuer received $414,602 from the Authority and the DEP, being

more than a de minimis amount of the principal amount of the Bonds. No accrued interest has been or will be paid on the Bonds.

6. The Issuer has covenanted in the Bond Ordinance not to take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause any of the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. The Issuer has, therefore, covenanted not to intentionally use any portion of the proceeds of the Bonds to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except as otherwise allowed under Section 148 of the Code. The Issuer, in the Bond Ordinance, has further covenanted that it will take all actions that may be required of it so that the interest on the Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

7. The Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of design of extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer (the "Project"); (ii) funding a debt service reserve account for the Bonds; and (iii) paying costs of issuance and related costs thereof.

8. The Issuer will, on the date hereof or immediately hereafter, enter into agreements which require the Issuer to expend in excess of $100,000 for the design of the Project, constituting a substantial binding commitment, or has already done so. The design of the Project shall proceed with due diligence to completion, and with the exception of proceeds constituting capitalized interest (if any) and proceeds deposited in the Series 1998 Bonds Reserve Account (if any), all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of design of the Project on or before June, 1999. The design of the Project is expected to be completed on or before June, 1999.

9. The total cost of the Project (including all costs of issuance of the Bonds) is estimated at $437,601. Sources and uses of funds for the Project are as follows:

SOURCES	
Gross Proceeds of the Bonds	$437,601
Total Sources	$437,601
USES	
Costs of Design of the Project	$399,000
Capitalized Interest	-0-
Fund Reserve Account	26,601
Costs of Issuance	12,000
Total Uses	$437,601

The total cost of design of the Project is estimated to be at least equal to the gross proceeds of the Bonds. Except for the proceeds of the Bonds, no other funds of the Issuer will be available to meet costs of design of the Project, which would constitute "replacement proceeds" within the meaning of Treas. Reg. § 1.148-1(c), inasmuch as (i) the Issuer does not reasonably expect that the term of the Bonds is longer than is reasonably necessary for the governmental purposes of the Issuer, (ii) the weighted average maturity of the Bonds does not exceed 120% of the average expected economic life of the Project, and (iii) there are no amounts that have a sufficiently direct nexus to the Bonds or to the governmental purpose of the Bonds to conclude that the amounts would have been used for that governmental purpose if the proceeds of the Bonds were not used or to be used for that governmental purpose.

10. Pursuant to Article V of the Bond Ordinance, the following special funds or accounts have been created or continued:

(1) Revenue Fund;

(2) Renewal and Replacement Fund;

(3) Project Fund;

(4) Rebate Fund;

(5) Series 1998 Design Bonds Sinking Fund; and

(6) Series 1998 Design Bonds Reserve Account.

11. Pursuant to Article VI of the Bond Ordinance, the proceeds of the Bonds will be deposited as follows:

(1) Series 1998 Design Bonds proceeds in the amount of $-0- will be deposited in the Series 1998 Design Bonds Sinking Fund as capitalized interest and applied to payment of interest on the Bonds during acquisition and construction of the Project and for not more than six months thereafter.

(2) Series 1998 Design Bonds proceeds in the amount of $26,601 will be deposited in the Series 1998 Design Bonds Reserve Account.

(3) The balance of the proceeds of the Series 1998 Design Bonds will be deposited in the Project Fund as received from time to time and applied solely to payment of costs of design of the Project, including costs of issuance of the Series 1998 Design Bonds and related costs.

Amounts in the Project Fund, if invested, will be invested without yield limitation for a period necessary to complete design of the Project, not to exceed 3 years, except as otherwise set forth herein. All of such moneys are necessary for such purpose.

Except for "preliminary expenditures" as defined in Treas. Reg. § 1.150-2(f)(2), none of the proceeds of the Series 1998 Design Bonds will be used to reimburse the Issuer for costs of design of the Project previously incurred and paid by the Issuer with its own or other funds.

12. Moneys held in the Series 1998 Design Bonds Sinking Fund will be used solely to pay principal of and interest on the Bonds and will not be available to meet costs of design of the Project. All investment earnings on moneys in the Series 1998 Design Bonds Sinking Fund and Series 1998 Design Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Revenue Fund, not less than once each year, and such amounts will be applied first to the next ensuing interest payment due on the Bonds and then to the next ensuing principal payment due thereon as set forth in the Bond Ordinance.

13. Except for the Series 1998 Design Bonds Sinking Fund and the Series 1998 Design Bonds Reserve Account, there are no other funds or accounts established or held by the Issuer which are reasonably expected to be used to pay debt service on the Bonds, or which are pledged as collateral for the Bonds and for which there is a reasonable assurance that amounts therein will be available to pay debt service on the Bonds if the Issuer encounters financial difficulties. The Issuer does not expect that moneys in the Renewal and Replacement Fund will be used or needed for payments upon the Bonds. Except as provided herein, no funds which have been or will be used to acquire directly or indirectly securities, obligations, annuity contracts, investment-type property or any residential rental property for family units which is not located within the jurisdiction of the Issuer and which is not acquired to implement a court ordered or approved desegregation plan producing a yield in excess of the yield on the Bonds have been or will be pledged to payment of the Bonds. Less than 10% of the moneys received from the sale of the Bonds, if any, will be deposited in the Series 1998 Design Bonds Reserve Account or any other reserve or replacement fund. The

amounts deposited in the Series 1998 Design Bonds Reserve Account from time to time by the Issuer will not exceed the maximum annual principal of and interest on the Bonds and will not exceed 125% of average annual principal of and interest on the Bonds. Amounts in the Series 1998 Design Bonds Reserve Account, not to exceed 10% of the proceeds of the Bonds, if invested, will be invested without yield limitation. The establishment of the Series 1998 Design Bonds Reserve Account is required by the Authority, is vital to its purchase of the Bonds, and is reasonably required to assure payments of debt service on the Bonds.

Because amounts in the Renewal and Replacement Fund may be expended for other purposes, there is no reasonable assurance that any such amounts would be available to meet debt service if the Issuer encounters financial difficulties; thus, such amounts may be invested without yield limitation.

14. The Issuer will, on the date hereof or immediately hereafter, enter into a contract for the design of the Project, and the amount to be expended pursuant to such contract exceeds the lesser of 2 1/2% of the estimated total Project cost financed with proceeds from the sale of the Bonds or $100,000.

15. Work with respect to the design of the Project will proceed with due diligence to completion. The design of the Project is expected to be completed within 9 months of the date hereof.

16. Except for a reasonable temporary period until such proceeds are needed for the purpose for which such Bonds were issued or as otherwise allowed, no portion of the proceeds of the Bonds will be used, directly or indirectly, to acquire higher yielding investments, or to replace funds which were used, directly or indirectly, to acquire higher yielding investments, all within the meaning of Section 148 of the Code.

17. The Issuer will comply with the provisions of the Code, for which the effective date precedes the date of delivery of its Bonds to the Authority.

18. With the exception of the amount deposited in the Series 1998 Design Bonds Sinking Fund for payment of interest on the Bonds, if any, and the amounts deposited in the Series 1998 Design Bonds Reserve Account, if any, all of the proceeds of the Bonds will be expended on costs of design of the Project within 9 months from the date of issuance thereof.

19. The Series 1998 Design Bonds Sinking Fund (other than the Series 1998 Design Bonds Reserve Account therein) is intended primarily to achieve a proper matching of payments of debt service on the Bonds each year. The Series 1998 Design Bonds Sinking Fund (other than the Series 1998 Design Bonds Reserve Account therein) will be depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1/12th of annual debt service on the Bonds, or 1 year's

interest earnings on the Series 1998 Design Bonds Sinking Fund (other than the Series 1998 Design Bonds Reserve Account therein). Except as otherwise allowed, any money deposited in the Series 1998 Design Bonds Sinking Fund for payment of the principal of or interest on the Bonds (other than the Series 1998 Design Bonds Reserve Account therein), will be spent within a 13-month period beginning on the date of receipt and will be invested without yield limitation, and any moneys received from the investment of amounts held in the Series 1998 Design Bonds Sinking Fund (other than in the Series 1998 Design Bonds Reserve Account therein) will be spent within a 1-year period beginning on the date of receipt.

20. The amount designated as cost of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

21. All property financed with the proceeds of the Bonds will be held for federal income tax purposes by (or on behalf of) a qualified governmental unit.

22. The Issuer shall file Form 8038-G or 8038-GC in a timely fashion with the Internal Revenue Service Center, Philadelphia, Pennsylvania.

23. No more than 10% of the proceeds of the Bonds will be used (directly or indirectly) in any trade or business carried on by, and less than 5% of the proceeds of the Bonds have been or will be used to make or finance loans to, any person who is not a governmental unit.

24. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

25. The Issuer shall use the Bond proceeds solely for the costs of design of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

26. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from treatment afforded by Section 103(a) of the Code by reason of classification of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions and refrain from taking such actions as shall be necessary to comply with the Code in order to ensure the interest on the Bonds is excludable from gross income for federal income tax purposes.

27. The Bonds are not and will not be, in whole or in part, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

28. The Issuer is a governmental unit and has general taxing powers; no Bonds are private activity bonds; and 95% or more of the net proceeds of the Bonds are to

be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer). No portion of the Bonds is issued to refund other obligations.

If the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer covenants to make, or cause to be made, all rebate calculations, computations and payments in the time, manner and as required in Section 148(f) of the Code and the Regulations from time to time in effect and applicable to the Series 1998 Bonds and otherwise covenants and agrees to comply with the provisions of such Section 148(f) of the Code and the Regulations from time to time in effect and applicable to the Series 1998 Bonds. In the event of a failure to pay the correct rebate amount, the Issuer will pay, from any lawful sources available therefor, to the United States such amount, plus a penalty equal to 50% of the rebate amount not paid when required to be paid, plus interest on that amount, unless waived. In order to provide for the administration of this paragraph, the Issuer may provide for the employment of independent attorneys, accountants and consultants compensated on such reasonable basis as the Issuer may deem appropriate.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation or, if the Issuer qualifies for any exception to rebate, the Issuer shall submit a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Bonds subject to rebate. The Issuer shall also furnish the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority, including information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as such term "gross proceeds" is defined in the Code).

29. The Issuer has retained the right to amend or supplement its authorizing documents if such amendment or supplement is necessary to preserve the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

30. The Issuer shall comply with the yield restriction on the proceeds of the Bonds as set forth in the Code.

31. The Issuer has either (a) funded the Series 1998 Design Bonds Reserve Account at the maximum amount of principal and interest, which will mature and become due

on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 1998 Design Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 1998 Design Bonds Reserve Account holds an amount equal to the maximum amount of principal and interest, which will mature and become due on the Bonds in the then current or any succeeding year. Moneys in the Series 1998 Design Bonds Reserve Account and the Series 1998 Design Bonds Sinking Fund (established for the annual payment of principal and interest) will be used solely to pay principal of and interest on the Bonds and will not be available to pay costs of design of the Project.

32. The Issuer shall submit to the Authority within 15 days following the end of each bond year a certified copy of its rebate calculation or, if the Issuer qualifies for the small governmental issuer exception to rebate, the Issuer shall submit a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the bond year which would make the Bonds subject to rebate.

33. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with any of the Bonds and (c) will be paid out of substantially the same source of funds or will have substantially the same claim to be paid out of substantially the same source of funds as any of the Bonds.

34. The transactions contemplated herein do not represent an exploitation of the difference between taxable and tax-exempt interest rates and the execution and delivery of the Bonds is not occurring sooner than otherwise necessary, nor are the Bonds in principal amounts greater than otherwise necessary or to be outstanding longer than otherwise necessary.

35. The Issuer will rebate to the United States the amount, if any, required by the Code and will take all steps necessary to make such rebates. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and obtain a waiver from the Internal Revenue Service in order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

36. The Issuer covenants and agrees to comply with the rebate requirements of the Code if not exempted therefrom, and with all other requirements of the Code necessary, proper or desirable to maintain the tax-exempt status of the Bonds.

37. On the basis of the foregoing, it is not expected that the proceeds of any of the Bonds will be used in a manner that would cause any of the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code.

38. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

39. Steptoe & Johnson is entitled to rely upon the representations, expectations, covenants, certifications and statements contained herein in rendering its opinions regarding the tax-exempt status of interest on the Bonds.

40. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

WITNESS my signature this 29th day of September, 1998.

Ladies and Gentlemen:

Based upon the rates and charges set forth in the sewer rate ordinance of the City of Charles Town (the "Issuer") enacted January 2, 1996, and the water rate ordinance of the Issuer enacted July 17, 1995, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by the Issuer, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the combined waterworks and sewerage system of the Issuer (the "System"), will pay all repair, operation and maintenance expenses of the System and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Combined Waterworks and Sewerage System Design Revenue Bonds, Series 1998 (West Virginia SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof, and all other obligations secured by or payable from revenues of the System on a parity with the Bonds, including the Issuer's Combined Waterworks and Sewerage System Revenue Bonds, Series 1987 B, dated November 18, 1987, Combined Waterworks and Sewerage System Revenue Bonds, Series 1988 B-1, dated May 4, 1988, Combined Waterworks and Sewerage System Revenue Bonds, Series 1988 B-2, dated May 20, 1988, Combined Waterworks and Sewerage System Revenue Bonds, Series 1989 B, dated April 13, 1989, and Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 1998, dated May 15, 1998 (collectively, the "Prior Bonds"). It is our further opinion that the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the date of issuance of the Bonds, if any, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds and the Bonds.

Very truly yours,

SECTION 22. POWER TO REPAIR SIDEWALKS, ETC.

If the owner or occupant of any sidewalk, footway, gutter or pavement in said Town, or of the real property next adjacent thereto, shall fail or refuse to curb, pave or keep the same clean, in the manner and within the time required by the Council, it shall be the duty of the Council to cause the same to be done at the expense of the said Town and to assess the amount of such expense upon such owner or occupant, and the same may be collected by the Town sergeant in the manner herein provided for the collection of Town taxes.

All vacant property embraced in the proposed boundaries of the said Town, beyond the old limits of the Town, shall be subject only to such taxation for the benefit of said Town, as is levied upon other property for county and district purposes, and until the said vacant property shall be divided into lots for building purposes, and offered for sale as such, and until the streets of the said Town shall be opened for the use and accommodation of the same.

SECTION 28. SERGEANT.

The Sergeant shall have power to collect the Town taxes, fines, and levies, and shall have power one month after he receives the books of the Assessor of said Town, to distrain and sell therefor, in like manner as the Sheriff may distrain and sell for State taxes, and shall in all other respects have the same powers as a Sheriff to enforce the payment and collection thereof; and the said Sergeant shall have power, within the corporate limits, to exercise all the duties of a constable as a conservator of the peace, and he shall be entitled to the same compensation therefor. Upon the conviction of any person arrested by him, for the violation of any of the ordinances of the Town, he shall be entitled to one dollar for such arrest, to be taxed in the costs against the person so convicted, and he and his sureties shall be liable to all fines, penalties and forfeitures that a constable is legally liable to, for any failure or dereliction in his said office, to be recovered in the same manner and before the same courts that said fines, penalties and forfeitures are now recoverable against constables.

The lien aforesaid shall have priority over all other liens, except that for taxes due the State.

SECTION 30. PROHIBITION OF SHOWS.

The Council may prohibit any theatrical or other performance, show or exhibition which it may deem injurious to the morals or good order of the Town.

SECTION 31. BONDS OF SERGEANT AND TREASURER.

The Council shall have the power to require and take from the sergeant and treasurer bonds, with sureties satisfactory to the Council, in such penalty as it may deem sufficient, except that as to the sergeant it shall not be for a penalty less than two thousand five hundred dollars; and said bond shall be conditioned for the true and faithful performance of his duties as sergeant, and for the collecting and accounting for and payment of the taxes, fines and other moneys of the Town which shall come into his hands, or which it shall be his duty to collect, at such times and to such persons as the Council may order.

The Treasurer's bond shall be conditioned for the true and faithful performance of his duties as Treasurer, and that he will faithfully pay over and account for all moneys that shall come into his hands as Treasurer, when and as he shall be thereto required by the Council.

SECTION 32. MAYOR; POWERS, DUTIES, ETC.

The Mayor shall be the chief executive officer of the Town, and shall take care that all bylaws, ordinances and orders of the Council are faithfully executed. He shall be ex officio a conservator and justice of the peace within said Town, and shall, within the same, exercise all the powers and duties vested in justices, except that he shall have no jurisdiction as such in civil cases. He shall have control of the police of the Town, and may appoint special police officers whenever he deems it necessary; and it shall be his duty especially to see that the peace and good order of said Town are preserved, and that the persons and property therein are protected; and to this end he may cause the arrest and detention of all riotous and disorderly persons in said Town before issuing his warrant therefor. He shall have power to issue executions for all fines, penalties and costs imposed by him, or he may require the immediate payment thereof, and in default of such payment he may commit the party in default to the jail of Jefferson County until the fine or penalty and costs shall be paid, to be employed during the term of his imprisonment as hereinafter provided; but the term of imprisonment in such case shall not exceed thirty days. He shall, from time to time, recommend to the Council such measures as he may deem needful to the welfare of the Town. He may receive a compensation for his services, to be fixed by the Council, which shall not be increased nor diminished during the term for which he was elected.

SECTION 33. CLERK; HIS DUTIES AND COMPENSATION.

It shall be the duty of the Clerk to keep the journal of the proceedings of the Council, and to have charge of and preserve the records, papers, documents, contracts, etc., of the Town. He shall attend the Mayor in all his examinations, issue his orders, swear witnesses, and perform all the duties of a Clerk in the Council and Mayor's Court. He shall receive such compensation for his services as may be fixed by the Council, which shall not be increased nor diminished during his term of office.

SECTION 34. SERGEANT; HIS DUTIES, LIABILITIES AND COMPENSATION.

It shall be the duty of the Town Sergeant to collect the taxes, fines and other income and revenue of the Town, as specified in his bond, and to account for and pay the same to the Treasurer at such times as the Council may order. And it shall be his duty, at least once in every three months, and oftener if required by the Council, to render an account of the taxes, fines and other claims in his hands for collection, and return a list of such as he shall have been unable to collect by reason of insolvency, to which list he shall make an oath that he has used due diligence to collect the same, but has been unable to do so. The Council shall, if it be satisfied that he could not have collected the same by the use of due diligence, allow them. But if the Council shall be of opinion that by the use of due diligence on the part of said Sergeant he could have collected the same, or any part thereof, then he shall be

charged with such as he might have collected. The said Sergeant shall do and perform all other acts pertaining to the office of Sergeant of a corporation, and of a police officer within said Town, and as such shall have the same powers, duties, fees and liabilities as are by law prescribed for a constable when acting as such. SECTION 36. MOTION AGAINST TREASURER.

If the Treasurer shall fail to account for and pay over all or any moneys that shall come into his hands, when thereto required by the Council, it shall be lawful for the Council, in the corporate name of the town, by motion before the circuit court of Jefferson County, or any court having jurisdiction, after ten days' previous notice, to recover from the treasurer and his sureties, or their personal representative, any sum that may be due from said treasurer to said town.

SECTION 37. MOTION AGAINST SERGEANT.

If the Sergeant shall fail to collect, account for and pay over all the taxes, fines and other revenue of the Town in his hands for collection, according to the conditions of his bond, it shall be lawful for the Council to recover the same by motion, in the corporate name of the Town, in the same manner and before the same courts as provided against the Treasurer in Section Thirty-Six of this Act.

SECTION 38. COMMISSIONER OF STREETS.

WHEREAS, the City is permitted, pursuant to Chapter 8, Article 20 of the West Virginia Code of 1931, as amended (the "Act"), to combine by ordinance the Waterworks

System and the Sewerage System into a single undertaking and to operate the same in combination;

WHEREAS, the City is simultaneously providing for refunding or reissuance of the existing bonds and other obligations of the City which are secured by the revenues of the Waterworks System (collectively, the "Water Revenue Bonds") and the bonds of the City which are secured by the revenues of the Sewerage System (collectively, the "Sewer Revenue Bonds"), through the issuance of Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 1998 (the "Bonds"). All Water Revenue Bonds and Sewer Revenue Bonds not refunded by the Bonds shall be reissued as "Combined Waterworks and Sewerage System Revenue Bonds." Upon conclusion of such refunding and defeasance and reissuance of the Water Revenue Bonds and Sewer Revenue Bonds, the City will have no Water Revenue Bonds or Sewer Revenue Bonds outstanding, the payment of which has not been made or provided for; and

WHEREAS, in order to achieve the efficiencies of a combined waterworks and sewerage system, the City now desires to provide for the manner of and procedure for transferring supervision and control of its separately existing Waterworks System and Sewerage System from the heretofore separate City of Charles Town Waterworks Board and the City of Charles Town Sewer and Sanitation Board into a single utility board to be known as the "City of Charles Town Utility Board."

NOW, THEREFORE, THE COUNCIL OF THE CITY OF CHARLES TOWN, HEREBY ORDAINS:

Section 1. Upon issuance of the Bonds and reissuance of the Combined Waterworks and Sewerage System Revenue Bonds, but only upon such issuance and reissuance, the Waterworks Board Ordinance and the Sewer and Sanitation Board Ordinance shall be simultaneously repealed and rescinded, the City of Charles Town Utility Board shall be created and the heretofore separate Waterworks System and Sewerage System of the City shall be combined into a single undertaking (the "System"). The supervision, management, control and operation of the System shall be vested in the City of Charles Town Utility Board (the "Utility Board"), hereby created and appointed and functioning as hereinafter provided.

Section 2. The Utility Board shall consist of five (5) persons, one of whom shall be the City Manager of the City, and not less than one of whom shall be a registered professional engineer. The remaining Boardmembers shall be citizens and residents of the City, of outstanding reputation, ability and integrity. All Boardmembers shall be appointed by the Council of the City. No officer or employee of the City, other than the City Manager, whether holding a paid or unpaid office, shall be eligible to be appointed to the Utility Board until at least one (1) year after the expiration of the term of such public office.

Section 3. The Mayor of the City shall notify all appointees of their appointment. The terms of such Boardmembers first appointed shall be for 1, 2, 3 and 4 years, respectively, from the 1st day of the month in which appointed. In the event of a vacancy and also within thirty (30) days after the expiration of the term of office of any Boardmember, a successor shall be appointed by the Council of the City. All vacancies shall be filled for the unexpired term only and all other appointments shall be for a term of four (4) years, to commence on the date following the scheduled expiration date of the previous term. The Utility Board shall have power to adopt bylaws, rules and regulations for its own government. Any Boardmember shall be eligible for reappointment upon the expiration of his or her term. The Boardmembers shall each receive compensation for their services at the rate of $50 per meeting attended, not to exceed $150 per month, and in addition, shall be reimbursed for any and all actual expenses incurred in the performance of duties as ordered by the Utility Board.

Section 4. The City Manager shall be the Chairman of the Utility Board. At the first meeting of the Utility Board and annually thereafter it shall organize by designating one of the Boardmembers to act as Vice Chairman and by designating a Secretary and a Treasurer, who need not be members of the Utility Board. The Treasurer shall receive and disburse the funds of the System as directed by the Utility Board. In the event that any Boardmember shall be unable to fulfill the duties of his or her office for a period of 6 months, a majority of the remainder of the said Boardmembers may declare the office of such Boardmember vacant and the Council of said City shall thereupon fill such vacancy as otherwise provided for herein.

Section 5. The Utility Board shall have full and complete authority for the supervision, management, control and operation of the System, including the maintenance, operations, improvements and extensions thereof. All bills for water and sewer service shall be collected and accounted for by the Utility Board in the manner and form required by law, the Public Service Commission of West Virginia and the ordinances of the City, and all disbursements and accounts of the System shall be ordered paid out only upon approval of said Utility Board; provided, however, that all such supervision, management and control of the System and the collection and accounting for bills for water and sewer service shall be consistent and in accordance with any ordinances pursuant to which the City may have authorized and issued any bonds from time to time outstanding, which by their terms are payable from and secured by the revenues of the System. The Utility Board shall have the power and authority to make all contracts, agreements and other matters necessary or proper for the full and complete supervision, management and control of the System.

Section 6. The Utility Board shall have power to fix and maintain a separate budget, and employ, fix the compensation of and discharge a manager and all employees of the System, provided however, that the Utility Board shall employ, fix the compensation of and discharge a joint City/Utility Board employee only with the approval of the Council of the City. The Chairman and Treasurer of the Utility Board, upon their appointment and taking office, shall furnish and file with the City Clerk, a bond in an amount to be set by the Utility Board from time to time, the cost of such bond to be payable from revenues of the System and such bond to be payable to the City and conditioned as to the faithful performance of their respective duties as are fixed by the Utility Board.

Section 7. The Utility Board shall provide reports, at least annually, or as otherwise required by law, to the Mayor, the City Manager and Council of the City, indicating the System's financial condition. The Utility Board shall also provide the City with yearly audited financial statements of the System, minutes of all meetings of the Utility Board, an annual budget for the System, and other information as may reasonably be requested.

Section 8. Upon issuance of the Bonds and defeasance or reissuance of the Water Revenue Bonds and Sewer Revenue Bonds, all assets and liabilities of the Waterworks System and Sewerage System, including accounts receivable and accounts payable, and all employees thereof, shall be under the management and control of the Utility Board. Personnel policies and practices, and other matters affecting employees of the Utility Board shall, to the extent practicable and unless otherwise approved by the Council of the City, be the same as those undertaken by the City, subject to the provisions of Section 6 hereof.

Section 9. The initial members of the Utility Board shall be appointed on or prior to the date of issuance of the Bonds.

Section 10. The Council of the City enacts this Ordinance for the assurance and protection of the citizens of the City and for the purpose of assuring the holders of the Bonds of the City payable from the income and revenues of the System of an efficient operation and maintenance thereof. No amendment or repeal of this Ordinance shall be enacted unless approved by seventy-five (75%) of the members of the Council of the City. Any such amendment or repeal shall otherwise be enacted in accordance with the rules and regulations of the Council of said City.

Section 11. This Ordinance shall be effective on the date of issuance and delivery of the Bonds and reissuance of the Combined Waterworks and Sewerage System Revenue Bonds.

Mrs. Arnett explained that enacting this ordinance quickly could result in the saving of numerous dollars and would permit her to proceed with making the pricing call on the rates. Upon further discussion, it was moved by Councilman Rendeiro, seconded by Councilwoman Fleming and unanimously voted to approve the first reading of the proposed ordinance, "AN ORDINANCE AUTHORIZING THE COMBINING OF THE OPERATION, MANAGEMENT AND CONTROL OF THE CITY'S HERETOFORE SEPARATE WATERWORKS SYSTEM AND SEWERAGE SYSTEM UNDER A SINGLE BOARD OR COMMISSION; THE REISSUANCE OF THE CITY'S NON-INTEREST BEARING WATER REVENUE BONDS AND SEWER REVENUE BONDS; THE REFUNDING OF CERTAIN OF THE CITY'S OUTSTANDING WATER REVENUE BONDS, AND SEWER REVENUE BONDS; THE ISSUANCE OF COMBINED WATERWORKS AND SEWERAGE SYSTEM REFUNDING REVENUE BONDS, SERIES 1998, OF THE CITY OF THE AGGREGATE PRINCIPAL AMOUNT OF NOT MORE THAN $12,000,000, THE PROCEEDS OF WHICH, TOGETHER WITH OTHER FUNDS OF THE CITY, SHALL BE EXPENDED FOR SUCH REFUNDING AND TO PAY COSTS IN CONNECTION THEREWITH; PROVIDING FOR THE RIGHTS AND REMEDIES OF, AND THE SECURITY FOR, THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING THE EXECUTION AND DELIVERY OF AN ESCROW AGREEMENT AND OTHER DOCUMENTS; AND ENACTING OTHER PROVISIONS WITH RESPECT TO SUCH BONDS."

Betsy Wells of the Charles Town Founder's Day Committee appeared before Council to inform them of the schedule of events and activities planned for second "Annual Founders Day" on May 1, 2, 3, 1998. She informed that they had planned to recreate the era of the first twenty (20) years of Charles Town into the events. A copy of the tentative schedule of events was distributed to Council. Upon reviewal of the schedule, Councilwoman Willingham suggested conducting a street dance, as previously done in the past. Mrs. Wells stated she would take the suggestion into consideration. She requested that Council officially sanction this event with their support for purposes of liability. Upon discussion, it was moved by Councilwoman Via, seconded by Councilwoman Fleming and unanimously voted to officially sanction all events for the "Annual Founders Day" to be conducted on May 1,2,3, 1998. Mrs. Arnett was directed to confirm terms of liability on behalf of the City of Charles Town sponsoring the events.

Mayor Hilton informed that he had received a request for funds from the Hotel/Motel Tax Fund from Betsy Wells of the Founder's Day Committee for funding the general expenses for the "Annual Founders Day" events to include advertising, plaque, reception, hiring of William Summerfield as George Washington, invitation, printing and postage. Upon discussion, it was moved by Councilwoman Via, seconded by Councilman Rendeiro and unanimously voted to refer said request to the Finance Committee.

Mayor Hilton informed that he had received a request for a Special Activity Permit from Betsy Wells of the Founder's Day Committee to conduct the "Founder's Day Parade of Horses" on May 2, 1998 beginning at 2:00 p.m. He informed that the request was to close the streets to traffic and restrict parking along the parade route. It is noted that the same route used last year

would be used this year. (From the Charles Town Race Track down Washington Street, Lawrence Street, to Congress Street, to Samuel Street, to Mason Street, to Mildred Street and return to Charles Town Race Track. Upon discussion, it was moved by Councilwoman Fleming, seconded by Councilman Rendeiro and unanimously voted to approve said request.

Annette van Hilst appeared before Council to request the adoption of the goals and objections of the Charles Town Retreat and to use them as guides for the future of the City of Charles Town. Copies were distributed to all members of Council for reviewal. Mrs. van Hilst reviewed each of the goals and objectives with Council. Upon discussion, it was moved by Councilwoman Fleming, seconded by Councilman Rendeiro and unanimously voted to officially adopt and accept the goals and objectives from the Charles Town Retreat.

Annette van Hilst distributed copies of a Memorandum dated February 18, 1998 to members of Council. She informed that based upon the goals identified at the City of Charles Town Retreat and adopted tonight by Council, that one of the most important goals was the improvement of downtown Charles Town. She stated that as a beginning step that she and Mrs. Arnett were presenting the following recommendations: 1. Down Town Tree Replacement Program. She informed that the present trees downtown are getting old and are too big for the area. She informed that she and Mrs. Arnett had spoken with the State Forestry Division, Allegheny Power and Dale Manuel. She stated that the conclusion was to first plant smaller trees that will not grow as large as the Bradford Pears. Secondly, that provisions need to be made to ensure proper tree growth by providing properly sized tree holes with grates. This will require removal and replacement of sidewalks at the proposed tree locations. She informed that Allegheny Power had agreed to cut down and remove trees on the south side of Washington Street in early 1999. She stated that their work and any vouchers received could act as a match for a grant with the Urban Forest Program. She stated that city employees would have to assist in the cutting and removal of the

trees. She informed that in her discussions with Dale Manuel that they were informed that there is a possibility of obtaining $50,000.00 in funds for sidewalk replacement, and these funds would also be used as matching funds for the Urban Forest Program. She concluded that this project would take approximately three (3) years to complete. She requested authorization to proceed requesting the grants. Councilwoman Fleming questioned if it was realistic to remove and replace sidewalks prior to the issue of placing power lines underground. Mrs. van Hilst stated that that project was a dream that will not occur for quite some time. Councilwoman Vogel stated that she wished to see the actual cost projection of placing power lines underground. Mrs. Arnett informed that she would get those costs to her. Councilwoman Vogel informed that there was grant funding for designated by-ways called "ISTEA", that could be used to placing power lines underground. 2. Down Town Improvement Program. Mrs. van Hilst informed that in order to get merchants and owners involved in improving the downtown that they recommend an improvement grant program. She informed that the city use $10,000.00 which was previously received for downtown improvement to provide grants of up to $1,000.00 to local businesses located within the principal business area of the city (zoned CBD) and have proof of the funds to match the grant. She further stated that they recommended that the Community Development Loan Committee review the applications. 3. Long Term Downtown Improvement. Mrs. van Hilst suggested a plan working in consort with building owners, merchants and local governments should be developed to deal with the entire down town with improvements including: parking and traffic circulation possible relocation of electric lines, design assistance for signage and long term improvements. She informed that this process would be a two (2) year process that would require a project coordinator. Upon further discussion, it was moved by Councilman Rendeiro, seconded by Councilwoman Fleming to approve the long term downtown improvement plan as principal with modifications as needed. Councilwoman Vogel stated that she did not agree with replacing

sidewalks and trees unless information on placing power lines underground was received and further information on the "ISTEA" funds. Upon further discussion, said motion was withdrawn upon the recommendation of Councilwoman Vogel to divide the decision on the removal of trees and the downtown improvement plan. It was moved by Councilman Rendeiro, seconded by Councilwoman Vogel and unanimously voted that the plan for the downtown improvement program be approved. Upon further discussion, it was moved by Councilman Rendeiro, seconded by Councilwoman Willingham and unanimously voted to approve in principal the plan for tree replacement program.

Mayor Hilton informed that he had received a Special Activity Permit from Chester P. Foley of the Charles Town Lions Club to conduct their annual solicitation of funds for the blind on April 11, 1998 from 9:00 a.m. to 1:00 p.m. at the intersection of Charles and Washington Streets. Upon discussion, it was moved by Councilwoman Fleming, seconded by Councilwoman Via and unanimously voted to approve said request with the condition that soliciting be performed on the sidewalks only and within the street.

Mayor Hilton informed that a third Ballot Commissioner was to be appointed to conduct the Special Policy Levy Election. Upon discussion, it was moved by Councilwoman Vogel, seconded by Councilwoman Willingham and unanimously voted to appoint Marlee Rentkiewicz as Ballot Commission for the Special Policy Levy Election.

Discussion was opened as to the number of officers being requested for the Special Policy Levy. Chief Aldridge recommended that two (2) officers be requested. Upon discussion, it was moved by Councilwoman Vogel, seconded by Councilman Rendeiro and unanimously voted to place the request for two (2) additional police officers on the Special Policy Levy Ballot.

Chief Aldridge discussed with Council his request to increase salaries of officers. He informed that the increase in salaries would cost approximately $36,000.00 ($3,192.00 per officer) and would bring the pay scale to the level of pay

offered in nearby municipalities. He informed that this would place the Charles Town Police Department on a competitive basis. He further requested permission to hire two (2) additional officers at this time. Councilwoman Vogel questioned if this matter should be discussed in executive session. Mayor Hilton recommended to proceed with the discussion of hiring one (1) officer at this point and to further clarify the additional information presented at the next meeting of Council. Mayor Hilton further stated that he wished to further study the proposed request for a pay increase. Mrs. Arnett concurred that one (1) officer be hired at this time. Upon further discussion, it was moved by Councilwoman Vogel, seconded by Councilwoman Fleming and unanimously voted to approve the hiring of one (1) police officer and to revisit the request for a pay increase at the next meeting of council.

Councilwoman Vogel distributed a package of information pertaining to George Washington & Family Interpretation Center and Museum and Rouss Hall and Charles Washington Hall to all members of Council for reviewal. She discussed the following: A resolution introduced in the House of Delegates, "Remembering the life of George Washington and his contribution to the Nation" and the observance of the 200th anniversary of the death of George Washington on December 14, 1999; the George Washington Heritage Scenic Trail and its benefits; support for the creation of the George Washington and Family Interpretation Center in Charles Town; available grant money (ISTEA); economic impact of tourism in West Virginia and Rouss Hall and Charles Washington Hall.

It was moved by Councilwoman Via, seconded by Councilman Taylor and unanimously voted to approve all bills as received.

At 9:47 p.m., it was moved by Councilwoman Via, seconded by Councilman Rendeiro and unanimously voted to go into executive session to discuss personnel issues. The topics discussed were as follows: 1. Recommended appointments to the Zoning Board of Appeals; 2. Police Officer Resignation; 3: Police Officer

Hiring and 4. Resignation of Roxanne Woodward from the Historic Landmarks Commission.

At 10:00 p.m., it was moved by Councilman Rendeiro, seconded by Councilwoman Vogel and unanimously voted to reconvene back into regular session.

It was moved by Councilwoman Vogel, seconded by Councilwoman Via and unanimously voted to appoint the following as members of the Zoning Board of Appeals: Diana Walch, Chairperson (retroactive) 1-2-98 to 1/1/01; Tyler Payton (retroactive) 2-20-98 to 2-19/01; Martha Eshleman (retroactive) 1-1-98 to 2/1/01.

It was moved by Councilwoman Vogel, seconded by Councilman Rendeiro and unanimously voted to accept the resignation of Officer Corey Williams effective February 1, 1998.

It was moved by Councilwoman Vogel, seconded by Councilman Rendeiro and unanimously voted to accept the resignation of Roxanne Woodward from the Historic Landmarks Commission effective February 23, 1998.

It was moved by Councilman Rendeiro, seconded by Councilwoman Vogel and unanimously voted to hire two (2) police officers part-time instead of one (1) full-time officer as previously voted, to substitute for the officer whom is now off duty on workmen's compensation.

It was moved by Councilwoman Vogel, seconded by Councilwoman Via and unanimously voted that the request of funds for the Summer Sampler be referred to the Finance Committee.

It was moved by Councilwoman Vogel, seconded by Councilwoman Fleming and unanimously voted that the request of Chief Aldridge for the painting of lines on Congress Street and the request of Dixie Wiltshire for the placement of a stop sign on Morrison Street be referred to the Street Committee.

At 10:23 p.m., it was moved by Councilwoman Fleming, seconded by Councilman Rendeiro and unanimously voted adjourn.

He further informed that the Citizens Fire Company would comply with the regulations of the Department of Natural Resources and would obtain all permits required. Mrs. Arnett stated that burning within city limits was prohibited by City Ordinance. Councilwoman Willingham stipulated that this was a special circumstance which would allow an exception to the ordinance. Mr. Kable informed that the closest residence to the property was owned by Dorothy Jones and that she had consented to allowing them to proceed. Date of First Reading: February 23, 1998
Passed: March 16, 1998

Mayor Hilton informed that he had spoken with Betsy Wells regarding the dedication of City Hall on "Founder's Day". It is noted that the time of the dedication will be announced at a later date, preferably in the afternoon hours.

Mayor Hilton introduced David Wilt, whom recently was hired as a part-time police officer for the City of Charles Town Police Department.

Mrs. Arnett distributed to Council copies of the Fiscal Year 1998-1999 Municipality of Charles Town Levy Estimate. She noted that the budget reflects the smallest amount projected from the Residual Fund in twelve (12) years. She informed that this budget includes a police officer strength of nine (9) including the Chief, with one-half of the increase requested by the Chief for the eight (8) officers had been budgeted as well. Upon discussion, it was moved by Councilwoman Willingham, seconded by Councilman Breeden and unanimously voted to approve the Fiscal Year 1998-99 Municipality of Charles Town Levy Estimate (Budget) as received and presented.

Mrs. Arnett informed that a request for funds from the Hotel/Motel Tax Fund was received from Karen E. Hoff, Executive Director of FOCUS Coalition and the Boys and Girls Club of Jefferson County for funding in the amount of $3,000.00 to sponsor a recreational event; "The Charles Town Hoop It Up" tournament. Upon discussion, it was moved by Councilwoman Via, seconded by Councilman Rendeiro and unanimously voted to refer said request to the Finance Committee.

Mrs. Arnett informed that she had received a request from Gene Capriotti and Ernest Lico concerning a minor boundary adjustment of 12.010 acres, known as Lot 3 "Residue" on an attached final plat showing Lots 2 & 3 "Residue" of a survey conducted by Appalachian Surveys, Inc., dated September 27, 1995. The parties respectfully requested the City of Charles Town to approve the annexation of the following land parcel: 12.010 acres; Part of Tax Map 18, Charles Town District. Mrs. Arnett noted that this minor boundary adjustment was consistent with the prior annexations, however, the applicants requested a new zoning classification to allow mixed use residential with ancillary office or commercial facilities to be known as Neighborhood Residential. It is noted that there are no persons presently residing in the territory to be annexed. She informed that Councilwoman Willingham and others met with Mr. Capriotti. Upon discussion, Councilwoman Willingham stated that this request needed to be referred to the Planning Commission for further

discussion and review and would only apply to the parcel of five (acres) or more in size and would principally apply to a land being annexed, but could apply to existing undeveloped parcel(s) which require redevelopment if requested through the amendment process to the Zoning Ordinance. She stated it would allow for smaller residential lots and for some office and commercial uses within this zone only. She further stated that uses to be considered would include all the present residential use, office residential and neighborhood commercial. She added that most of Charles Town is built on smaller lots than the Zoning Ordinance presently allows and the old neighborhoods have some mixed uses in them and that site plan reviewal and approval by Planning Commission would be required. Mrs. Arnett distributed a copy of a map for council to review and further informed that the land is presently zoned Light Industrial/Commercial/Residential. Upon further discussion, it was moved by Councilwoman Willingham, seconded by Councilman Robinson and unanimously voted to proceed with the minor boundary adjustment of 12.010 acres, known as Lot 3 "Residue" on the final plat showing Lots 2 & 3 "Residue" of a survey conducted by Appalachian Surveys, Inc. dated September 27, 1995 and refer the request for the zoning classification of Neighborhood/Residential to the City of Charles Town Planning Commission and to proceed with forwarding said request of annexation together with the property containing the City of Charles Town Water Plant to the Jefferson County Commission.

Mrs. Arnett informed that she had received a Resolution from Peter Chakmakian requesting that the City of Charles Town permit him to transfer approximately 1400 linear feet of six (6) inch water main along and within the right-of-way known as Cherry Tree Drive extending from the intersection with Prospect Avenue into the municipal water distribution system. She informed that this request was being made in compliance of an order of the Public Service Commission of West Virginia. Upon discussion, Mayor Hilton read said Resolution by title and it was moved by Councilwoman Vogel, seconded by Councilman Rendeiro and unanimously voted to approve and accept said Resolution effective

immediately and as follows:

Councilwoman Willingham further informed that the Finance Committee after careful consideration and review of the State Code requirements by the City's Attorney, recommends that the remaining buildings held by the City be transferred to the City of Charles Town Building Commission, and that the city attorney be instructed to prepare deeds to transfer the properties. She stated that State code 8-33-5, Disposition of Surplus of Commission, that any "residue" of surplus, as determined by the

Building Commission, will be paid to the General Fund in direct proportion to their financial contribution. It is noted that a meeting between the Building Commission and the Finance Committee will take place for the purpose of determining said financial contribution as well as rents. Council questioned as to how many buildings would be under the Commission. In said letter Councilwoman Vogel also requested copies of information pertaining to the Building Commission. Mrs Arnett informed that Rouss Hall was determined to be unsafe by the Building Inspector. Upon further discussion of Councilwoman Vogel and Council regarding Rouss Hall, it was determined that this matter was a mute issue (it had been resolved months previously) and that there was no further discussion needed on the matter.

Chief Aldridge informed Council that the Cops Fast Grant had been extended through May 31, 1999. Date of Public Hearing: September 8, 1998

Mayor Hilton opened the floor for discussion regarding the adoption of the Supplemental Resolution relating to the design loan financing for the Combined Waterwork and Sewerage system Design Revenue Bonds, Series 1998 by and through the West Virginia State Revolving Loan Fund. This Bond Ordinance contemplated in Section 3.Ø1 that a Supplemental Resolution would be adopted near the date of issuance of the Bonds to establish the exact principal amount, interest rate and other terms of the Bonds. Mrs. van Hilst informed Council that the Supplemental Resolution was critical to the financing. Upon discussion, it was moved by Councilman Robinson, seconded by Councilman Breeden and unanimously voted to approve said Supplemental Resolution.

(REFER TO BOND BOOK B for complete Resolution)

Mrs. van Hilst informed that a request from Thomas W. Nalls was received concerning a minor boundary line adjustment and annexation of approximately 127 acres being portions of Norborne Glebe Farm on an attached tax map and designated as: 112 acres being a portion of Lot 3 Residue (Tax MAP 17 parcel Ø7; 4.2Ø8 acres, Lot 1 (Tax Map 17, Parcel 7.4); 4.154 acres, Lot 2 (Tax Map 17, Parcel 7.5); Lots 7 and 8 Pane Division (Tax Map 17, Parcel 14); 2.7 acres Bloomery Road (Tax Map 17, Parcel 12.2); 1.892 acres, Parcel 4 (Tax Map 17, Parcel 7.4) and 1.622 acres, parcel 3 (Tax Map 17, Parcel 7.2). and to proceed with forwarding said request of annexation to the Jefferson County Commission.

They further requested that the zoning of said property be designated "Neighborhood Residential". Mrs. van Hilst informed that this zoning classification was consistent with prior annexations. It is noted that Council questioned if the city could handle the additional water and sewer capacity. Mrs. van Hilst affirmed that the city utilities could. Upon discussion, it was moved by Councilwoman Vogel, seconded by Councilwoman Lowery and unanimously voted to approve the minor boundary adjustment and annexation of 12.Ø1Ø acres, known as Lot 3 "Residue" and 14.269 acres, known as Lot 2, on an attached final plat showing Lots 2 & 3 "Residue" of a survey conducted by Appalachian Surveys, Inc. dated September 27, 1995 and to proceed with forwarding said request of annexation to the Jefferson County Commission.

Mayor Hilton opened the floor for discussion concerning the scheduling of Halloween in the city. Upon discussion, it was moved by Councilwoman Via, seconded by Councilman Breeden and unanimously voted to conduct the event on October 31, 1998 from 6:ØØ p.m. to 8:ØØ p.m. and with all residents participating to turn on their porch lights.

At 7:5Ø p.m. the meeting of council concluded and the Public Meeting was opened.

Mayor Hilton stated that he wanted Charles Town to be the best that it can be. He added that he was proud of Charles Town's history, scenery, the relaxed way of life and mostly proud of all the citizens. He informed that there was a need for safe, presentable and affordable housing in Charles Town and that there

were many dilapidated houses and buildings in need of care and repair within the city. He added that these buildings and houses affected the property values and in some instances were health hazards. He stated that we need to move forward towards improvement. He summarized by saying that the city and its' citizens must work together collectively to accomplish this.

Mrs. van Hilst stated that the purpose of this meeting was to discuss improvements to the city's environment; to identify possible efforts to improve the appearance of buildings and the environment; to identify existing tools which can be used and to determine citizen support planned efforts. She stated that progress to date consisted with the beautification program including plantings and signage; improvements to City Hall and the new police station; the Downtown Improvement Program upon which 13 business are participating and that over $34,000.00 will be spent to improve commercial buildings. She added that $10,000.00 in funds have been committed and an additional $5,000.00 has just been received. She informed that the sidewalk repair enforcement program is ongoing and sidewalks through out town are being repaired. That $20,000.00 has been received through Delegate Manuel to help with improving downtown, that $5,000.00 from a Urban Forestry grant is being requested to replace trees in the downtown with small trees in appropriate sized tree holes and rates and that a total of $25,000.00 will be spent in this effort with work expected to begin next spring. She added that plans are underway to renovate Rouss Hall and that the St. Margaret Building is currently undergoing complete rebuilding and that the historic front facade is being retained. Mrs. van Hilst stated that the city has a number of ordinances that can assist in the effort: BOCA Maintenance Code, Public Nuisance Ordinance, Zoning Ordinance, Weeds Ordinance, Tree Injury Ordinance and Sidewalk Ordinance. She informed that the city staff would be discussing the ordinances after hearing the public's concerns.

Mayor Hilton introduced John Dick as Building Inspector for the City of Charles Town and Braun Hamstead, City Attorney. He

opened the floor for comments from the public.

Numerous concerns, comments and suggestions were received from the public.

Mr. John Dick, Building Inspector informed the public as to what the property maintenance code allowed him to do. He informed of the process once a complaint in writing is received. He reiterated that he could not do anything without a written complaint. He discussed briefly the demolition process.

Mr. Braun Hamstead, City Attorney informed the public as to what the city could do. He informed that change will not happen if the city does not have integrity to greet these challenges to set the precedence. He added that this council must meet the challenge and do their part to hire staff to proceed to enforce. He added that council sets the policies and that he, the Chief of Police and the Building Officials enforces them. He explained that a public nuisance falls under two categories, health and safety. He explained the process as follows:

1. A complaint must be made to the Building Inspector;
2. This is followed by a inspection and investigation;
3. A report is made;
4. If a crisis, this can trigger a procedure without a hearing (the County Health Department can assist in this case).
5. The Building Inspector refers his report to Council.
6. Council conducts a hearing and makes a finding.

He further added that possible changes of the ordinances were needed.

Mr. Hamstead proceeded to receive and answer questions and comments from the public.

Councilmembers commented on possible changes of the ordinance and appointing of a task force to assist in this endeavor.

Mayor Hilton concluded the meeting by thanking all in attendance.

At 9:31 p.m., it was moved by Councilman Taylor, seconded by Councilman Breeden and unanimously voted to adjourn.

RE: Extension of Permit No. WV0022349
in JEFFERSON County

Dear MAYOR PARK:

The Division of Environmental Protection and its Office of Water Resources have initiated a new approach to water quality management in West Virginia called "Watershed Management." Under the new approach, the Office of Water Resources will use watersheds as a geographical focus for its activities.

The Office has delineated 32 large watersheds or "hydrologic regions" in West Virginia. Each hydrologic region will undergo a five(5) year management cycle that includes study, planning, prioritization, and implementation of water quality improvement activities.

The expiration dates of WV/NPDES permits are being synchronized with the implementation date for each hydrologic region. Upon evaluation of your WV/NPDES permit, it has been determined that an extension of the expiration date is necessary for synchronization.

Therefore, WV/NPDES Permit No. WV0022349 is hereby extended until 10/28/00 . All other terms and conditions of the subject permit remain applicable through the extension period.

If an application for reissuance has been submitted prior to receipt of this letter, it will be maintained in our files and reviewed in accordance with 47 CSR 10-4.2 at the appropriate time. If an application for reissuance has not been submitted prior to receipt of this letter, please plan to apply at least 180 days prior to extended expiration date above.

Please be advised that this extension is not valid if your permit has been voided due to non-payment of the annual permit fee..

If you have any questions, or if you would like more information regarding Watershed Management in WV, please do not hesitate to contact our Office at (304) 558-8855 or 558-4086 or TDD No. 558-2751.

Sincerely,

OFFICE OF WATER RESOURCES

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer now owns and operates a public water treatment and distribution system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements for such existing waterworks facilities of the Issuer (the "Project") (the existing waterworks facilities, the Project and any further additions thereto or extensions thereof is herein called the "System") at an estimated cost of $2,100,000, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Bonds and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Ordinance, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than $3,000,000 in two series, being the Series 1987 A Bonds in the aggregate principal amount of not more than $2,400,000, and the Series 1987 B Bonds in the aggregate principal amount of not more than $600,000 (collectively, the "Bonds"), to finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, and attached hereto as "Exhibit A," and made a part hereof.

G. There are outstanding certain obligations of the Issuer which will rank prior to the Bonds as to lien and source of and security for payment as follows: (i) Water Revenue Refunding Bonds, dated April 1, 1977, issued in the original aggregate principal amount of $1,315,000, of which $1,235,000 remains Outstanding as of the date of enactment of this Ordinance (the "1977 Bonds"); and (ii) Water Revenue Bonds, dated April 1, 1961, issued in the original aggregate principal amount of $525,000, of which $304,000 remains Outstanding as of the date of this Ordinance (the "1961 Bonds"). ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Subordinate Pledge of Gross Revenues. The payment of the debt service of the Series 1987 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Gross Revenues derived from the operation of the System junior and subordinate to the lien in favor of the Holders of the Prior Bonds and payment of the debt service of the Series 1987 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Gross Revenues, junior and subordinate to the lien on said Gross Revenues in favor of the Holders of both the Prior Bonds and the Series 1987 A Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the ordinance of the Issuer enacted March 2, 1987.

Section 7.05. Sale of the System. The System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Ordinance in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required

to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System, which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1987 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1987 A Bonds and the Series 1987 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1987 B Bonds. No Parity Bonds shall be

issued which shall be payable out of the revenues of the System on a parity with the Series 1987 A Bonds, unless the Series 1987 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the City Clerk a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Prior Bonds and any other obligations with a lien on the Gross Revenues prior to that of the Bonds;

(2) The Bonds then Outstanding;

(3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be

adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1987 A Bonds and the Series 1987 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1987 A Bonds or the Series 1987 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding,

and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond

Legislation and the Indenture with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or and shall file said report with the Authority, or any other original purchaser of the Bonds.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the City Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds (including the Prior Bonds) are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues prior to or on a parity with the Bonds.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced

budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules of the Issuer, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a

period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily carried with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and

restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. Such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the

result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions (or fail to take any actions) which would adversely affect such exclusion.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Except as otherwise herein provided, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for Federal income tax purposes,

and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(C) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that the Bonds are not private activity bonds as defined in Section 141 of the Code; that 95% or more of the Net Proceeds of the Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the aggregate face amount of all the tax-exempt obligations (other than private activity bonds as defined in Section 141 of the Code) issued by the Issuer during the calendar year in which the Bonds are issued will not exceed $5,000,000, determined in accordance with Section 148(f)(4)(C) of the Code and the Regulations promulgated thereunder. For purposes of this Section 8.03 and for purposes of applying Section 148(f)(4)(C) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a subordinate entity shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(C) of the Code to any other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(C) of the Code and all other entities benefiting thereby shall be treated as one issuer.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer shall take the following actions:

A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than $100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on the last day of each Bond Year or on the preceding business day in the event that such

last day is not a business day, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Original Purchaser and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Purchaser and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date of the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than $100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that

there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to, the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Holders of the Bonds shall be subject to those of the Holders of the Prior Bonds, and all rights and remedies of the Holders of the Series 1987 B Bonds shall be subject to those of the Holders of the Series 1987 A Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance

of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint

protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

WHEREAS, the Bonds are proposed to be purchased by the Authority pursuant to the Loan Agreement; and

WHEREAS, the Governing Body deems it essential and desirable that this supplemental resolution (the "Supplemental Resolution") be adopted and that the Loan Agreement be entered into and ratified by the Issuer, that the exact principal amounts, the prices, the maturity dates, the redemption provisions, the interest rates and the interest and principal payment dates of the Bonds be fixed hereby in the manner stated herein, and that other matters relating to the Bonds be herein provided for;

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHARLES TOWN:

Section 1. Pursuant to the Bond Ordinance and the Act, this Supplemental Resolution is adopted and there are hereby authorized and ordered to be issued:

(A) The Water Revenue Bonds, Series 1987 A, of the Issuer, originally represented by a single Bond, numbered AR-1, in the principal amount of $1,686,371. The Series 1987 A Bonds shall be dated the date of delivery thereof, shall finally mature October 1, 2026, shall bear interest at the rate of 8.38% per annum, payable

semiannually on April 1 and October 1 of each year, first interest payable April 1, 1988, shall be subject to redemption upon the written consent of the Authority, and upon payment of the interest and redemption premium, if any, and otherwise in compliance with the Loan Agreement, as long as the Authority shall be the registered owner of the Series 1987 A Bonds, and shall be payable in installments of principal on October 1 of each of the years and in the amounts as set forth in "Schedule X," attached thereto and to the Loan Agreement and incorporated therein by reference.

(B) The Water Revenue Bonds, Series 1987 B, of the Issuer, originally represented by a single Bond, numbered BR-1, in the principal amount of $413,629. The Series 1987 B Bonds shall be dated the date of delivery thereof, shall finally mature October 1, 2026, shall be interest free, shall be subject to redemption upon the written consent of the Authority, and otherwise in compliance with the Loan Agreement, as long as the Authority shall be the registered owner of the Series 1987 B Bonds, and shall be payable in installments of principal on October 1 of each of the years and in the amounts as set forth in "Schedule X," attached thereto and to the Supplemental Loan Agreement and incorporated therein by reference.

Section 2. All other provisions relating to the Bonds and the text of the Bonds shall be in substantially the forms provided in the Bond Ordinance.

Section 3. The Issuer does hereby approve, accept and ratify the Loan Agreement, copies of which are incorporated herein by reference, and the execution and delivery by the Mayor of the Loan Agreement, and the performance of the obligations contained therein, on behalf of the Issuer are hereby ratified and approved. The price of the Bonds shall be 100% of par value, there being no interest accrued thereon.

Section 4. The Issuer does hereby appoint and designate One Valley Bank, National Association, Charleston, West Virginia, as Registrar for the Bonds and does approve and accept the Registrar's Agreement to be dated the date of delivery of the Bonds, by and between the Issuer and One Valley Bank, National Association, in substantially the form attached hereto, and the execution and delivery by the Mayor of the Registrar's Agreement, and the performance of the obligations contained therein, on behalf of the Issuer are hereby authorized, approved and directed.

Section 5. The Issuer does hereby appoint and direct the West Virginia Municipal Bond Commission, Charleston, West Virginia, to serve as Paying Agent for the Bonds.

Section 6. The Issuer does hereby appoint Bank of Charles Town, Charles Town, West Virginia, as Depository Bank under the Bond Ordinance.

Section 7. All proceeds of the Bonds shall be deposited in the Bond Construction Trust Fund for payment of Costs of the Project, including costs of issuance of the Bonds.

Section 8. The Mayor and Recorder are hereby authorized and directed to execute and deliver such other documents and certificates required or desirable in connection with the Bonds hereby and by the Bond Ordinance approved and provided for, to the end that the Bonds may be delivered on or about November 18, 1987, to the Authority pursuant to the Loan Agreement.

Section 9. The financing of the Project in part with proceeds of the Bonds is in the public interest, serves a public purpose of the Issuer and will promote the health, welfare and safety of the residents of the Issuer.

Section 10. The Issuer hereby determines that it is in the best interest of the Issuer to invest all moneys in the funds and accounts established by the Bond Ordinance in the West Virginia "Consolidated Fund," and therefore the Issuer hereby directs the Depository Bank and the Paying Agent to take such actions as may be necessary to cause such moneys to be invested in the Consolidated Fund, until further directed by the Issuer.

Section 11. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the "Code"), by reason of the classification of the Bonds as "private activity bonds" within the meaning of the Code. They will take all actions necessary to comply with the Code and Treasury Regulations to be promulgated thereunder.

Section 12. The Issuer has general taxing powers to finance operations of or facilities of the nature of the System, and the Issuer and all subordinate entities reasonably expect to issue less than $5,000,000 aggregate principal amount of tax-exempt obligations during the calendar year 1987, being the calendar year in which the Bonds are to be issued.

Section 13. The Series 1987 A Bonds are hereby designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

Section 14. The Issuer hereby determines to pay, on the date of delivery of the Bonds and receipt of proceeds thereof, all borrowings of the Issuer heretofore incurred for the purpose of temporarily financing a portion of the Costs of the Project, including, but not limited to, all borrowings from West Virginia Water Development Authority.

Section 15. This Supplemental Resolution shall be effective immediately following adoption hereof.

Adopted this 16th day of November, 1987.

This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer now owns and operates a public sewage treatment, collection and transportation system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer (and the Town of Ranson and Jefferson County Public Service District which are expected to tie into the Issuer's wastewater treatment plant) that there be constructed certain additions, betterments and improvements for such existing sewerage facilities of the Issuer (the "Project") which constitute properties for the treatment and collection of liquid or solid wastes, sewage or industrial wastes (the existing system, the Project and any further additions thereto or extensions thereof is herein called the "System") at an estimated cost of $4,378,472, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds and the Prior Bonds and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Ordinance, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $2,000,000 in two series, being the Series 1988 A Bonds in the aggregate principal amount of not more than $1,500,000, and the Series 1988 B Bonds in the aggregate principal amount of not more than $500,000 (collectively, the "Bonds"), and (at the option of the Issuer) to issue its sewerage system bond anticipation notes prior to issuance of the Bonds and contemporaneously therewith, or as soon as practicable thereafter, to issue its sewerage system grant anticipation notes, and/or a note or notes evidencing a line of credit, or any combination of the foregoing (collectively, the "Notes") in the aggregate principal amount of not more than $3,500,000 to temporarily finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes during the term thereof and upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other

expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any fees for the providing of a letter of credit, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or Notes or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution.

G. There are outstanding certain obligations of the Issuer which will rank prior to the Bonds and the Notes (to the extent the Notes may be payable from the Net Revenues) as to lien and source of and security for payment, being the Sewer Revenue Refunding Bonds, dated December 1, 1972, issued in the original aggregate principal amount of $555,000, of which $540,000 remains Outstanding as of the date of enactment of this Ordinance (the "Prior Bonds"). The Series 1988 A Bonds shall be junior and subordinate to the Prior Bonds and the Series 1988 B Bonds shall be junior and subordinate to the Prior Bonds and the Series 1988 A Bonds as set forth herein.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will have expired prior to the issuance of the Bonds or any of the Notes.

I. Pursuant to the Act, the Issuer has heretofore established a Sanitary Board and the Sanitary Board has petitioned the Council to issue the Bonds and Notes, as needed for the purposes set forth herein.

Section 3.04. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the forms set forth in Section 3.09 shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial

Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remain outstanding, the Issuer, through the Bond Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a

substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the respective Reserve Accounts. No holder or holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues, Junior and Subordinate to Prior Bonds. The payment of the debt service of all the Series 1988 A Bonds shall be secured forthwith equally and ratably with each other, by a lien on the Net Revenues junior and subordinate to the lien on Net Revenues in favor of the Holders of the Prior Bonds. The payment of the debt service of all the Series 1988 B Bonds shall also be secured forthwith equally and ratably with each other by a lien on the Net Revenues derived from the System, but junior and subordinate to the lien on such Net Revenues in favor of the Holders of the Prior Bonds and the Series 1988 A Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Funds, the Reserve Accounts therein and the Renewal and Replacement Fund hereinafter established, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Section 3.09. Form of Original Bonds. The text of the Bonds shall be in substantially the following forms, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 1988 A Bonds Reserve Account [except to the extent such deficiency exists because the required payments into such account has not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03(A)(4)] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(9) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1988 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1988 B Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1988 B Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1988 B Bonds Sinking Fund and the next annual principal payment date is less than 13 months then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(10) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Series 1988 B Bonds, if not fully funded upon issuance of the Series 1988 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1988 B Bonds Reserve Account, an amount equal to 1/120 of the Series 1988 B Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1988 B Bonds Reserve Account when there shall have been deposited

therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1988 B Bonds Reserve Requirement.

Moneys in the Series 1988 A Bonds Sinking Fund and the Series 1988 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the respective series of Bonds as the same shall become due. Moneys in the Series 1988 A Bonds Reserve Account and the Series 1988 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Bond Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective Series of Bonds, and then to the next ensuing principal payments due thereon.

Any withdrawals from the Series 1988 A Bonds Reserve Account which result in a reduction in the balance of the Series 1988 A Bonds Reserve Account to below the Series 1988 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Prior Bonds Sinking Fund and the Series 1988 A Bonds Sinking Fund for payment of debt service on the Prior Bonds and Series 1988 A Bonds have been made in full.

Any withdrawals from the Series 1988 B Bonds Reserve Account which result in a reduction in the balance of the Series 1988 B Bonds Reserve Account to below the Series 1988 B Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Prior Bonds Sinking Fund and the Series 1988 A Bonds Sinking Fund, the Series 1988 A Bonds Reserve Account, the Depreciation Fund, the Renewal and Replacement Fund and the Series 1988 B Bonds Sinking Fund have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for

additional payments into the respective Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1988 A Bonds Sinking Fund, or the Series 1988 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said

Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Prior Bonds Sinking Fund and the several Reserve Accounts therein and the sinking funds established for the Prior Bonds, and the Depreciation Fund and Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System, provided that, in the event Notes are issued, Tap Fees may, with the written consent of the Authority, be deposited otherwise.

ARTICLE VI

BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1988 A Bonds, there shall first be deposited with the Commission in the Series 1988 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1988 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1988 A Bonds, there shall be deposited with the Commission in the Series 1988 A Bonds Reserve Account and from the proceeds of the Series 1988 B Bonds, there shall be deposited with the Commission in the Series 1988 B Reserve Account the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1988 A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended, are hereby pledged as additional security for the Series 1988 A Bonds, and thereafter for the Series 1988 B Bonds. In the event that Notes are issued, the disposition of funds in the Bonds

Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund, except for the costs of issuance of the Original Bonds which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1988 A Bonds Reserve Account, and when fully funded to the Series 1988 B

Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective Series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1988 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1988 B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, and to the extent they do not materially adversely affect Bondholders, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.04 and Section 7.09 shall not be applied to the Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Subordinate Pledge of Net Revenues. The payment of the debt service of the Series 1988 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Net Revenues derived from the operation of the System junior and subordinate to the lien in favor of the Holders of the Prior Bonds and payment of the debt service of the Series 1988 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, junior and subordinate to the lien on said Net Revenues in favor of the Holders of both the Prior Bonds and the Series 1988 A Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Bonds and to

make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the ordinance of the Issuer enacted November 16, 1987.

Section 7.05. Sale of the System. Except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Ordinance in accordance with Section 10.01 hereof and, if entered into and not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay the Notes in full shall be applied to the payment of the Notes, either at maturity or, if allowable under the Supplemental Resolution or Indenture, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the

Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Notes issued under the Indenture or supplemental resolution prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture and the Bond Legislation; and, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1988 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable

from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1988 A Bonds and the Series 1988 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1988 B Bonds. No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1988 A Bonds, unless the Series 1988 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the City Clerk a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Prior Bonds and Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in

addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1988 A Bonds and the Series 1988 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1988 A Bonds or the Series 1988 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be

maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall submit said report to the Trustee and the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the City Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall

be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee and the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case

may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules of the Issuer, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement shall so require, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department

of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions (including those determined by the Authority) which would adversely affect such exclusion.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation or the Indenture, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, and the Indenture, if any, the need for such moneys for the purposes set forth herein and in the Indenture, if any, and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

Except as provided in the Indenture, if any, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with

respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(C) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that the Bonds are not private activity bonds as defined in Section 141 of the Code; that 95% or more of the Net Proceeds of the Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the aggregate face amount of all the tax-exempt obligations (other than private activity bonds as defined in Section 141 of the Code) issued by the Issuer during the calendar year in which the Bonds are issued will not exceed $5,000,000, determined in accordance with Section 148(f)(4)(C) of the Code and the Regulations promulgated thereunder. For purposes of this Section 8.03 and for purposes of applying Section 148(f)(4)(C) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a subordinate entity shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(C) of the Code to any other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(C) of the Code and all other entities benefiting thereby shall be treated as one issuer.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer shall take the following actions:

A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than $100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for

deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Original Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and

(ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date of the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than $100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the

computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. A. Each of the following events shall constitute an "Event of Default" with respect to the Notes:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Notes; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Notes set forth in this Bond Legislation, any supplemental resolution, the Indenture or in the Notes, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Trustee, any other bank or banking association holding any fund or account hereunder or a Holder of a Note; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

B. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Note

or Bond, as the case may be, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Notes or Bonds, as the case may be, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Notes or Bonds, as the case may be, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Notes or Bonds, or the rights of such Registered Owners, provided however, that no remedy herein stated may be exercised by a Noteholder in a manner which adversely affects any remedy available to the Bondholders, and provided further, that all rights and remedies of the Holders of the Series 1988 B Bonds shall be subject to those of the Holders of the Series 1988 A Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer now owns and operates a public water treatment and distribution system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements for such existing waterworks facilities of the Issuer (the "Project") (the existing waterworks facilities, the Project and any further additions thereto or extensions thereof is herein called the "System") at an estimated cost of $3,362,000, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Bonds and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Ordinance, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than $4,500,000 in two series, being the Series 1988 A Bonds in the aggregate principal amount of not more than $3,500,000, and the Series 1988 B Bonds in the aggregate principal amount of not more than $1,000,000 (collectively, the "Bonds"), to finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, and attached hereto as "Exhibit A," and made a part hereof.

(1) The Issuer shall first, on or before the dates specified in the Prior Ordinance, transfer from the Revenue Fund and remit to the Commission for deposit into the Prior Bonds Sinking Funds such sums as are prescribed and in the priority set forth in the Prior Ordinance.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing 7 months prior to the first date of payment of interest on the Series 1988 A Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1988 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1988 A Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1988 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. The moneys in the Depreciation Fund shall be used first to restore any deficiency in the Prior Bonds Sinking Fund resulting from inadequate revenues to make the required deposits into the Sinking Fund, and shall next be used only for the replacement, renewal, improvement, betterment or extension of capital assets of the waterworks.

Moneys in the Series 1988 A Bonds Sinking Fund and the Series 1988 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the respective series of Bonds as the same shall become due. Moneys in the Series 1988 A Bonds Reserve Account and the Series 1988 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series 1988 A Bonds Reserve Account which result in a reduction in the balance of the Series 1988 A Bonds Reserve Account to below the Series 1988 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments to the Prior Bonds Sinking Funds and the Series 1988 A Bonds Sinking Fund for payment of debt service on the Prior Bonds and Series 1988 A Bonds have been made in full.

Any withdrawals from the Series 1988 B Bonds Reserve Account which result in a reduction in the balance of the Series 1988 B Bonds Reserve Account to below the Series 1988 B Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments to the Prior Bonds Sinking Funds, the Series 1988 A Bonds Sinking Fund, the Series 1988 A Bonds Reserve Account, the Renewal and Replacement Fund and the Series 1988 B Bonds Sinking Fund have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to

accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1988 A Bonds Sinking Fund, or the Series 1988 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein and the sinking funds established for the

Prior Bonds, and the Depreciation Fund and Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ARTICLE VI

BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1988 A Bonds, there shall first be deposited with the Commission in the Series 1988 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1988 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1988 A Bonds, there shall be deposited with the Commission in the Series 1988 A Bonds Reserve Account and from the proceeds of the Series 1988 B Bonds, there shall be deposited with the Commission in the Series 1988 B Reserve Account the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1988 A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended, are hereby pledged as additional security for the Series 1988 A Bonds, and thereafter for the Series 1988 B Bonds.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund, except for the costs of issuance of the Original Bonds which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1988 A Bonds Reserve Account, and when fully funded to the Series 1988 B Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys

in full, first to the next ensuing interest payments, if any, due on the respective Series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1988 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1988 B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Subordinate Pledge of Gross Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 1988 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Gross Revenues derived from the operation of the System junior and subordinate to the lien in favor of the Holders of the 1961 Bonds and the 1977 Bonds, and on parity with the Holders of the 1987 A Bonds. Payment of the debt service of the Series 1988 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Gross Revenues, junior and subordinate to the lien on said Gross Revenues in favor of the Holders of the 1961 Bonds, the 1977 Bonds, the 1987 A Bonds and the Series 1988 A Bonds, and on parity with the Holders of the 1987 B Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the ordinance of the Issuer enacted April 4, 1988.

Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Ordinance in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the

Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1988 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1988 A Bonds and the Series 1988 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the

issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1988 B Bonds. No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1988 A Bonds, unless the Series 1988 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the City Clerk a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Prior Bonds and any other obligations with a lien on the Gross Revenues prior to that of the Bonds;

(2) The Bonds then Outstanding;

(3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate

of the Consulting Engineers, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1988 A Bonds and the Series 1988 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and

source of and security for payment from such revenues, with the Series 1988 A Bonds or the Series 1988 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or and shall submit said report with the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the City Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds (including the Prior Bonds) are funded

at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules of the Issuer, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily carried with respect to works

and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be

used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including those determed by the Authority) which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1988 A Bonds shall be senior to the statutory mortgage lien in favor of the Holders of the Series 1988 B Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

Except as otherwise herein provided, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for Federal income tax purposes,

and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(C) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that the Bonds are not private activity bonds as defined in Section 141 of the Code; that 95% or more of the Net Proceeds of the Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the aggregate face amount of all the tax-exempt obligations (other than private activity bonds as defined in Section 141 of the Code) issued by the Issuer during the calendar year in which the Bonds are issued will not exceed $5,000,000, determined in accordance with Section 148(f)(4)(C) of the Code and the Regulations promulgated thereunder. For purposes of this Section 8.03 and for purposes of applying Section 148(f)(4)(C) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a subordinate entity shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(C) of the Code to any other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(C) of the Code and all other entities benefiting thereby shall be treated as one issuer.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer shall take the following actions:

A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than $100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day

in the event that such last day is not a business day, or such earlier date as may be required under the Code, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of

retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date of the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than $100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of

the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to, the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Holders of the Bonds shall be subject to those of the Holders of the Prior Bonds, and all rights and remedies of the Holders of the Series 1988 B Bonds shall be subject to those of the Holders of the Series 1988 A Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance

of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 2. All other provisions relating to the Bonds and the text of the Bonds shall be in substantially the forms provided in the Bond Ordinance.

Section 3. The Issuer does hereby approve, accept and ratify the Loan Agreement, copies of which are incorporated herein by reference, and the execution and delivery by the Mayor or City Manager of the Loan Agreement, and the performance of the obligations contained therein, on behalf of the Issuer are hereby ratified and approved. The price of the Bonds shall be 100% of par value, there being no interest accrued thereon.

Section 4. The Issuer does hereby appoint and designate One Valley Bank, National Association, Charleston, West Virginia, as Registrar for the Bonds and does approve and accept the Registrar's Agreement to be dated the date of delivery of the Bonds, by and between the Issuer and One Valley Bank, National Association, in substantially the form attached hereto, and the execution and delivery by the Mayor of the Registrar's Agreement,

and the performance of the obligations contained therein, on behalf of the Issuer are hereby authorized, approved and directed.

Section 5. The Issuer does hereby appoint and direct the West Virginia Municipal Bond Commission, Charleston, West Virginia, to serve as Paying Agent for the Bonds.

Section 6. The Issuer does hereby appoint Bank of Charles Town, Charles Town, West Virginia, as Depository Bank under the Bond Ordinance.

the meaning of the Code. They will take all actions necessary to comply with the Code and Treasury Regulations to be promulgated thereunder.

Section 13. BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF CHARLES TOWN:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Charles Town (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Jefferson County of said State.

B. The Issuer now owns and operates a public water treatment and distribution system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements for such existing waterworks facilities of the Issuer (the "Project") (the existing waterworks facilities, the Project and

any further additions thereto or extensions thereof is herein called the "System") at an estimated cost of $939,435, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Bonds and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Ordinance, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than $1,500,000 in two series, being the Series 1989 A Bonds in the aggregate principal amount of not more than $1,000,000, and the Series 1989 B Bonds in the aggregate principal amount of not more than $500,000 (collectively, the "Original Bonds"), to finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan

agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, such form to be attached as "Exhibit A," to the Supplemental Resolution, and made a part thereof.

G. There are outstanding certain obligations of the Issuer which will rank prior to or on parity with the Bonds as to lien and source of and security for payment as follows:

(i) Water Revenue Bonds, dated April 1, 1961, issued in the original aggregate principal amount of $525,000, of which $288,000 remains Outstanding as of the date of this Ordinance (the "1961 Bonds");

(ii) Water Revenue Refunding Bonds, dated April 1, 1977, issued in the original aggregate principal amount of $1,315,000, of which $1,225,000 remains Outstanding as of the date of enactment of this Ordinance (the "1977 Bonds");

(iii) Water Revenue Bonds, Series 1987 A, dated November 18, 1987, issued in the original aggregate principal amount of $1,686,371, all of which remains outstanding as of the date of enactment of this Ordinance (the "1987 A Bonds");

In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the operation of the System as herein provided and amounts, if any, in the respective Reserve Accounts. No holder or holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of all the Series 1989 A Bonds shall be secured forthwith equally and ratably with each other, by a lien on the Gross Revenues junior and subordinate to the lien on Gross Revenues in favor of the Holders of the 1961 Bonds and the 1977 Bonds, and on parity with the lien on Gross Revenues in favor of the Holders of the 1987 A Bonds and the 1988 A Bonds. The payment of the debt service of all the Series 1989 B Bonds shall be secured forthwith equally and ratably with each other by a lien on the Gross Revenues junior and subordinate to the lien on Gross Revenues in favor of the Holders of the 1961 Bonds, the 1977 Bonds, the 1987 A Bonds, the 1988 A Bonds and the Series 1989 A Bonds and on parity with the lien on Gross Revenues in favor of the Holders of the 1987 B Bonds and the 1988 B Bonds. Such Gross Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Funds, the Reserve Accounts therein and the Renewal and Replacement Fund hereinafter established, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Section 3.09. Form of Original Bonds. The text of the Bonds shall be in substantially the following forms, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning _____, 19____. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated _____, 1989.

The Bonds of this series (the "Bonds") are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and an Ordinance duly enacted by the Issuer on _____, 1989, and a Supplemental Resolution, duly adopted by the Issuer on _____, 1989 (collectively called the "Bond Legislation"), and are subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

(6) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1989 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1989 B Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1989 B Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1989 B Bonds Sinking Fund and the next annual principal payment date is less than

Fixed annual charges, such as insurance and costs of major repairs and maintenance, may be computed and set up on an annual basis and 1/12th of the amount thereof may be accumulated in said Fund each month.

(9) Thereafter, from the revenues remaining in the Revenue Fund, the Issuer shall next, each month, pay into the Depreciation Fund, established by the Prior Ordinance and hereby continued with the Depository Bank, the sum of $750, in addition to the $325 required by Subsection (3) of Section 6 of the 1961 Ordinance, until the amount in the Depreciation Fund shall aggregate $85,000 and whenever the amount in the Depreciation Fund is less than $85,000, the said monthly payments shall be resumed until such aggregate sum of $85,000 is in the Depreciation Fund; provided, that if the amount in the Depreciation Fund exceeds $25,000, only $750 a month shall be required to be transferred thereto. the Series 1989 A or Series 1989 B Sinking Funds in accordance with their respective lien positions resulting from inadequate revenues to make the required deposits into the Sinking Fund, and shall next be used only for the replacement, renewal, improvement, betterment or extension of capital assets of the waterworks.

Moneys in the Series 1989 A Bonds Sinking Fund and the Series 1989 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the respective series of Bonds as the same shall become due. Moneys in the Series 1989 A Bonds Reserve Account and the Series 1989 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Bond Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds, and then to the next ensuing principal payments due thereon.

Any withdrawals from the Series 1989 A Bonds Reserve Account which result in a reduction in the balance of the Series 1989 A Bonds Reserve Account to below the Series 1989 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments to the Sinking Funds for the First Lien Bonds and after all principal and interest payments for the Second Lien Bonds have been made in full, and thereafter on a parity with any restoration of the Reserve Accounts for the Second Lien Bonds.

Any withdrawals from the Series 1989 B Bonds Reserve Account which result in a reduction in the balance of the Series 1989 B Bonds Reserve Account to below the Series 1989 B Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments to the Sinking Funds for the First Lien Bonds and Second Lien Bonds and the Renewal and Replacement Fund and after all principal and

interest payments for the Third Lien have been made in full, and thereafter, on a parity with any restoration of the Reserve Account for the Third Lien Bonds.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1989 A Bonds Sinking Fund, or the Series 1989 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that

may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein and the sinking funds established for the Prior Bonds, and the Depreciation Fund and Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Commission, the Registrar and the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in accordance with the lien positions stated in Sections 1.02G and 7.03 hereof, and in the same order as payments are to be made pursuant to this Section 5.03 and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

I. In the event that moneys in the Revenue Fund may be inadequate to permit the Issuer to make all of the deposits required by this Section 5.03, the principal of and interest on the Prior Bonds and the Bonds, and any payments to the respective Reserve Accounts therefor, shall be paid pro rata, in accordance with the respective lien positions thereof, and, for Prior Bonds or Bonds of equal lien position, in accordance with the respective Outstanding principal amounts thereof.

ARTICLE VI

BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1989 A Bonds, there shall first be deposited with the Commission in the Series 1989 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1989 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1989 A Bonds, there shall be deposited with the Commission in the Series 1989 A Bonds Reserve Account and from the proceeds of the Series 1989 B Bonds, there shall be deposited with the Commission in the Series 1989 B Reserve Account the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1989 A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended, are hereby pledged as additional security for the Series 1989 A Bonds, and thereafter for the Series 1989 B Bonds.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund, except for the costs of issuance of the Original Bonds which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1989 A Bonds Reserve Account, and when fully funded to the Series 1989 B Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit

in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1989 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement and Section 3.11 hereof, such moneys shall be applied to the purchase of such Series 1989 B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Subordinate Pledge of Gross Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 1989 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Gross Revenues derived from the operation of the System junior and subordinate to the lien in favor of the Holders of the 1961 Bonds and the 1977 Bonds, and on parity with the Holders of the 1987 A Bonds and the 1988 A Bonds. Payment of the debt service of the Series 1989 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Gross Revenues, junior and subordinate to the lien on said Gross Revenues in favor of the Holders of the 1961 Bonds, the 1977 Bonds, the 1987 A Bonds, the 1988 A Bonds and the Series 1989 A Bonds, and on parity with the Holders of the 1987 B Bonds and the 1988 B Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The minimum rates and charges for the services and facilities of the System shall be as set forth in the Ordinance of the Issuer enacted April 4, 1988, which shall constitute the initial schedule of such rates and charges.

Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and

not in excess of $50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1989 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1989 A Bonds and the Series 1989 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1989 B Bonds. No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1989 A Bonds, unless the Series 1989 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The First Lien Bonds, Second Lien Bonds, Third Lien Bonds and any other obligations with a lien on the Gross Revenues prior to or on a parity with that of the Bonds;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase

in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1989 A Bonds and the Series 1989 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part

thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1989 A Bonds or the Series 1989 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or and shall submit said report with the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds (including the

Prior Bonds) are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for

the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily carried with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than

one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1989 A Bonds shall be senior to the statutory mortgage lien in favor of the Holders of the Series 1989 B Bonds and provided further, that the statutory mortgage lien in favor of the holders of the Prior Bonds shall continue, in accordance with the respective lien positions thereof.

Section 7.19. Compliance with Loan Agreement. The Issuer will comply in all respects with the Loan Agreement and will not amend the Loan Agreement in any way so as to adversely affect the rights of the Authority or diminish the obligations of the Issuer without first obtaining the written consent of the Authority.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Except as otherwise herein provided, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations, and (ii) it will take all actions that may be

required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. In accordance with Section 148(f)(4)(C) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that the Bonds are not private activity bonds as defined in Section 141 of the Code; that 95% or more of the Net Proceeds of the Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the aggregate face amount of all the tax-exempt obligations (other than private activity bonds as defined in Section 141 of the Code) issued by the Issuer during the calendar year in which the Bonds are issued will not exceed $5,000,000, determined in accordance with Section 148(f)(4)(C) of the Code and the Regulations promulgated thereunder. For purposes of this Section 8.03 and for purposes of applying Section 148(f)(4)(C) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a subordinate entity shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(C) of the Code to any other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(C) of the Code and all other entities benefiting thereby shall be treated as one issuer.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer shall take the following actions:

A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than $100,000, provided that, if the Bond is not a private activity bond (including any "qualified 501(c)(3) bond" as defined under Section 145 of the Code), if the average maturity of the issue of the Bond (determined in accordance with Section 147(b)(2)(A) of the Code) is at least 5 years and if the rate

of interest on the issue of the Bond does not vary during the term of the issue, then this clause (i) of this Section 8.03A shall be applied without regard to such dollar limitation, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds and accounts held by the Issuer or otherwise shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred; provided that, if the Bond shall have been previously paid in full, such amounts remaining on deposit in the Earnings Fund shall be paid to the Issuer and used for any lawful purpose of the Issuer.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal

income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date of the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service (which may include a portion of a fund or account, although not a separate and distinct fund or account) as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is

less than $100,000, provided that, if the Bond is not a private activity bond (including any "qualified 501(c)(3) bond" as defined under Section 145 of the Code), if the average maturity of the issue of the Bond (determined in accordance with Section 147(b)(2)(A) of the Code) is at least 5 years and if the rate of interest on the issue of the Bond does not vary during the term of the issue, then all amounts earned on such fund or account as well as amounts earned on said earnings shall be excluded in determining the amount of Excess Investment Earnings.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section and except as otherwise required under the Code and the Regulations promulgated thereunder. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable

in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code, even if such actions may be contrary to any provision of this Section 8.03.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation or, if the Issuer qualifies for the small governmental issue exception to rebate, then the Issuer shall submit a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Bonds subject to rebate.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to, the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Holders of the Bonds shall be subject to those of the Holders of the Prior Bonds, and all rights and remedies of the Holders of the Series 1989 B Bonds shall be subject to those of the Holders of the Series 1989 A Bonds, all in accordance with the respective lien positions of each series of the Prior Bonds and the Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

The price of the Bonds shall be 100% of par value, there being no interest accrued thereon.

Section 11. The Issuer hereby determines that it is in the best interest of the Issuer to invest all moneys in the funds and accounts established by the Bond Ordinance in time accounts secured by a pledge of Government Obligations with Bank of Charles Town, and therefore the Issuer hereby directs the Depository Bank and the Paying Agent to take such actions as may be necessary to cause such moneys to be invested in such time accounts, until further directed by the Issuer.

Section 12. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the "Code"), by reason of the classification of the Bonds as "private activity bonds" within the

meaning of the Code. They will take all actions necessary to comply with the Code and Treasury Regulations to be promulgated thereunder.

WHEREAS, the Issuer has determined and hereby determines that it is in the best interest of the residents of the City of Charles Town and the users of the Waterworks System and Sewerage System to combine the operation, management and control of such systems under a single board or commission and to eliminate the existing City of Charles Town Waterworks Board and City of Charles Town Sewer and Sanitation Board;

WHEREAS, the Issuer has, by separate ordinance enacted concurrently herewith (the "Board Ordinance"), created the City of Charles Town Utility Board (the "Board") to undertake the duties previously assumed by the City of Charles Town Waterworks Board and the City of Charles Town Sewer and Sanitation Board as they relate to the operation, management and control of such systems;

WHEREAS, in order to combine such systems and comply with State law requirements and provisions of the Previous Ordinances, it is necessary for the Issuer to

WHEREAS, the Issuer has further determined and hereby determines that it shall be practicable and economically feasible to combine the operation of the Waterworks System and Sewerage System into a single combined utility system and that a refunding of all of the Refunded Bonds and amendment and reissuance of the Reissued Bonds is necessary to accomplish such purpose;

WHEREAS, the Issuer has further determined and hereby determines that it would therefore be to the benefit of the Issuer and its residents to effect the combination of the existing Waterworks System and Sewerage System, to refund the Refunded Bonds to their respective first Redemption Dates with proceeds of the issuance of a series of bonds to be designated the "City of Charles Town Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 1998" (the "Series 1998 Bonds"), in one or more series, in the maximum aggregate principal amount of $12,000,000, and other moneys of the Issuer, such Series 1998 Bonds to be secured by and payable from the Gross Revenues of the combined waterworks and sewerage system of the Issuer, and containing such other terms and provisions as are hereinafter provided, to repeal the ordinances pursuant to which the Refunded Bonds were issued (collectively, the "Refunded Bonds Ordinances") and to amend and reissue the Reissued Bonds, and amend the ordinances pursuant to which they were issued (collectively, the "Reissued Bonds Ordinances"), all in the manner set forth herein; and

Section 1.02. Authority for this Ordinance. This Ordinance is enacted pursuant to the provisions of the Act and other applicable provisions of law.

Section 1.03. Findings. The Council hereby finds and determines as follows:

A. The Issuer is a municipal corporation of the State of West Virginia in Wood County of said State.

B. The Issuer now owns and operates the Waterworks System and the Sewerage System separate and apart from each other, the acquisition and construction of which have been financed and refinanced in part by the proceeds of the Previously Issued Bonds which are currently outstanding in the aggregate principal amount of $7,599,816.59 and other bonds which have either been refunded by the Refunded Bonds or are no longer outstanding.

C. The Issuer derives revenues from the Waterworks System and the Sewerage System. Revenues of the Waterworks System are pledged for payment of the several outstanding water revenue bonds and revenues of the Sewerage System are pledged for payment of the several outstanding sewer revenue bonds. Except for such pledges thereof to secure and pay the Previously Issued Bonds, said revenues are not pledged or encumbered in any manner.

D. It shall be practicable and economically feasible to combine the operation of the Waterworks System and Sewerage System into a single combined utility system and a refunding of all of the Refunded Bonds and amendment and reissuance of the Reissued Bonds, is necessary to accomplish such purpose.

E. The Issuer intends to issue the Series 1998 Bonds and to pledge for payment thereof, the combined Gross Revenues of the heretofore separate Waterworks System and Sewerage System.

F. The estimated revenues to be derived in each year after the date hereof from the operation of the System will be sufficient, upon refunding the Refunded Bonds and amendment and reissuance of the Reissued Bonds, to provide for the repair, maintenance and operation of the System, the payment of interest upon the Series 1998 Bonds and the Reissued Bonds and to create a sinking fund, as hereinafter provided, to pay the principal thereof as and when it becomes due and reasonable reserves therefor, to provide an adequate renewal and replacement fund, as hereinafter provided, and to make all other payments provided for in this Ordinance.

G. Based upon the assumed principal amount, maturity schedule and interest rates for the Series 1998 Bonds presented to the Issuer by the Original Purchaser, and after making allowance for the use of cash on hand of the Issuer, the Series 1998 Bonds show a net present value debt service savings to the Issuer after deducting all expenses of the refunding and the costs of issuing the Series 1998 Bonds; in addition it is hereby determined that efficiencies are expected to be achieved by combining the Waterworks System and the Sewerage System which will result in savings in operating costs which will augment such present value debt service savings, and that notwithstanding the existence of interest cost

savings, one of the purposes of issuing such refunding bonds is to effect the release and termination of the liens, restrictions, conditions and limitations imposed in connection with the Refunded Bonds, which must be released in order to permit combining of the Waterworks System and Sewerage System.

H. The Issuer shall not sell the Series 1998 Bonds (i) without setting forth in the Supplemental Resolution the determination set forth in paragraph G, above, based upon the actual principal amount, maturity schedule and interest rates for the Series 1998 Bonds; (ii) without having obtained from an Independent Accountant a certification that the amount of savings stated to be achieved by the refunding shall in fact be saved, based upon their review, comparison and analysis of the net interest cost in dollars of the Series 1998 Bonds and the net interest cost in dollars of the Refunded Bonds; and (iii) without the prior written consent of the Authority.

I. Subject to the determination and certification required by paragraph H above, it is in the best interests of the Issuer, and the residents thereof, that the Issuer issue the Series 1998 Bonds, amend and reissue the Reissued Bonds, and secure the Series 1998 Bonds and the Reissued Bonds by a pledge and assignment of the Gross Revenues derived from the operation of the System, the moneys in the Reserve Account, unexpended proceeds of the Series 1998 Bonds and as further set forth herein.

J. The Series 1998 Bonds and the Certificate of Authentication and Registration to be endorsed thereon are to be in substantially the forms set forth in **EXHIBIT A - BOND FORM** attached hereto and incorporated herein by reference, with necessary and appropriate variations, omissions and insertions as permitted or required by this Ordinance or a Supplemental Resolution or as deemed necessary by the Registrar or the Issuer.

K. All things necessary to make the Series 1998 Bonds, when authenticated by the Registrar and issued as in this Ordinance provided, the valid, binding and legal special obligations of the Issuer according to the import thereof, and to validly pledge and assign those funds pledged hereby to the payment of the principal of and interest on the Series 1998 Bonds, will be timely done and duly performed.

L. The enactment of this Ordinance, the execution and issuance of the Series 1998 Bonds and the amendment and reissuance of the Reissued Bonds, subject to the terms thereof, will not result in any breach of, or constitute a default under, any instrument to which the Issuer is a party or by which it may be bound or affected.

Section 1.04. Ordinance Constitutes Contract. In consideration of the acceptance of the Series 1998 Bonds and the Reissued Bonds by those who shall own or hold the same from time to time, this Ordinance shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein

set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the legal Holders of any and all of such Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bond, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

All provisions of the Reissued Bonds Ordinances not applicable to the Reissued Bonds shall, upon enactment of this Ordinance and issuance and delivery of the Reissued Bonds, be repealed. So long as any of the Bonds remains Outstanding, the Registrar shall keep and maintain books for the registration and transfer of the Bonds. Bonds shall be transferable only by transfer of registration upon the Bond Register by the registered owner thereof in person or by his attorney or legal representative duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or such duly authorized attorney or legal representative. mandatory redemption date of said Term Bonds, a sum equal to 1/12th of the amount (or, if the Bonds mature semiannually rather than annually, that month which is 6 months prior to the first mandatory redemption date of said Term Bonds, a sum equal to 1/6th of the amount) required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory redemption date, which amounts and dates, if any, with respect to a series of Bonds shall be set forth in the Supplemental Resolution relating thereto.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory redemption date, the Issuer may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory redemption date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory redemption date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the moneys in the Redemption Account to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory redemption date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the redemption date (interest to be paid from the Sinking Fund), as will exhaust as nearly as practicable such Redemption Account payment designated to be made in accordance with paragraph (A) of this section. Such redemption shall be by random selection made on the 45th day preceding the mandatory redemption date, in such manner as

may be determined by the Registrar. For purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of $5,000.

Section 3.07. Notice of Redemption. Unless waived by any Holder of the Bonds to be redeemed, official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the applicable Bond Insurer, the Original Purchaser, and the registered owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

So long as DTC (as CEDE & CO.) is the registered Owner of the Bonds, the Registrar shall send all notices of redemption to DTC and shall verify that DTC has received notice. Copies of all redemption notices shall also be sent to registered securities depositories and to *Standard & Poor's Called Bond Record.*

All official notices of redemption shall be dated and shall state:

(1) The redemption date,

(2) The redemption price,

(3) If less than all Outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed,

(4) That on the redemption date the Redemption Price and interest accrued will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date,

(5) The place where such Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the principal office of the Registrar, and

(6) Such other information, if any, as shall be required for DTC-Eligible Bonds.

If funds sufficient to redeem all Bonds called for optional redemption have not been deposited with the Paying Agent at the time of mailing any notice of optional redemption, such notice shall also state that such optional redemption is subject to the deposit of such moneys with the Paying Agent on or before the Redemption Date. If such moneys

are not so deposited, the Registrar shall notify all holders of Bonds called for redemption of such fact.

Official notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the Issuer shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Registrar at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unpaid principal. All Bonds which have been redeemed shall be canceled and destroyed by the Bond Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Bonds, and failure to mail such notice shall not affect the validity of proceedings for the redemption of any portion of Bonds for which there was no such failure.

Section 3.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and (except as provided in Section 6.18) for all other purposes, whether or not such Bond is overdue.

Section 3.09. Temporary Bonds. Until Bonds of any series in definitive form are ready for delivery, the Issuer may execute and the Registrar shall authenticate, register, if applicable, and deliver, subject to the same provisions, limitations and conditions set forth in this Article III, one or more printed, lithographed or typewritten Bonds in temporary form, substantially in the form of the definitive Bonds of such series, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit created under this Ordinance. Upon the presentation and surrender of any Bond or Bonds in temporary form, the Issuer shall, without unreasonable delay, prepare, execute and deliver to the Registrar, and the Registrar shall authenticate, register, if applicable, and deliver, in exchange therefor, a Bond or Bonds in definitive form. Such exchange shall be made by the Registrar without making any charge therefor to the Holder of such Bond in temporary form.

Section 3.10. Series 1998 Bonds. For the purposes of refunding all of the Outstanding Refunded Bonds of the Issuer, funding the Reserve Account and paying costs in connection therewith, there shall be issued the Series 1998 Bonds of the Issuer, in an

aggregate principal amount of not more than $12,000,000. Said Series 1998 Bonds shall be designated "Combined Waterworks and Sewerage System Refunding Revenue Bonds, Series 1998" and shall be issued in fully registered form, in the denomination of $5,000 or any integral multiple thereof for any period of maturity, not exceeding the aggregate principal amount of Series 1998 Bonds maturing in the period of maturity for which the denomination is to be specified. The Series 1998 Bonds shall be numbered from R-1 consecutively upward. The Series 1998 Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates (which may be annual or semi-annual) and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

Section 3.11. Book Entry System for Series 1998 Bonds. A. The Series 1998 Bonds shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of the Series 1998 Bonds of each maturity, registered in the name of CEDE & CO., as nominee of DTC. Except as provided in paragraph E below, all of the Series 1998 Bonds shall be registered in the registration books kept by the Registrar in the name of CEDE & CO., as nominee of DTC; provided that if DTC shall request that the Series 1998 Bonds be registered in the name of a different nominee, the Registrar shall exchange all or any portion of the Series 1998 Bonds registered in the name of such nominee or nominees. No person other than DTC or its nominee shall be entitled to receive from the Issuer or the Registrar either a Series 1998 Bond or any other evidence of ownership of the Series 1998 Bonds, or any right to receive any payment in respect thereof unless DTC or its nominee shall transfer record ownership of all or any portion of the Series 1998 Bonds on the registration books maintained by the Registrar, in connection with discontinuing the book entry system as provided in paragraph E below.

B. At or prior to settlement for the Series 1998 Bonds, the Issuer and the Registrar shall execute or signify their approval of a representation letter addressed to DTC in a form satisfactory to DTC (the "Representation Letter"). Any successor Registrar shall, in its written acceptance of its duties under this Ordinance, agree to take any actions necessary from time to time to comply with the requirements of the Representation Letter.

C. So long as the Series 1998 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or Redemption Price of or interest on such Series 1998 Bonds shall be made to DTC or its nominee at the addresses set forth in the Representation Letter in New York Clearing House or equivalent next day funds on the dates provided for such payments to be made to any Bondholder under this Ordinance. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Issuer and the Registrar with respect to the principal or Redemption Price of or interest on the Series 1998 Bonds to the extent of the sum or sums so paid. In the event of the redemption of less than all of the Series 1998 Bonds Outstanding

of any maturity, the Registrar shall not require surrender by DTC of the Series 1998 Bonds so redeemed, but DTC may retain such Series 1998 Bonds and make an appropriate notation on the Series 1998 Bond certificate as to the amount of such partial redemption; provided that DTC shall deliver to the Registrar, upon request, a written confirmation of such partial redemption. The records maintained by the Registrar shall be conclusive as to the amount of the Series 1998 Bonds of such maturity which have been redeemed.

D. The Issuer, the Paying Agent and the Registrar may treat DTC as the sole and exclusive owner of the Series 1998 Bonds registered in its name or the name of its nominee for the purposes of payment of the principal or Redemption Price of or interest on the Series 1998 Bonds, selecting the Series 1998 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Ordinance, registering the transfer of Series 1998 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever; and neither the Issuer nor the Registrar shall be affected by any notice to the contrary. Neither the Issuer nor the Registrar shall have any responsibility or obligation to any direct or indirect participant in DTC, any person claiming a beneficial ownership interest in the Series 1998 Bonds under or through DTC or any such participant, or any other person which is not shown on the registration books of the Registrar as being a Bondholder with respect to (i) the Series 1998 Bonds, (ii) the accuracy of any records maintained by DTC or any such participant, (iii) the payment by DTC or any such participant of any amount in respect of the principal or Redemption Price of or interest on the Series 1998 Bonds, (iv) any notice which is permitted or required to be given to Bondholders under this Ordinance, (v) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the Series 1998 Bonds or (vi) any consent given or other action taken by DTC as Bondholder.

E. The book entry system for registration of the ownership of the Series 1998 Bonds may be discontinued at any time if either: (i) DTC determines to resign as securities depository for the Series 1998 Bonds; or (ii) the Issuer determines that continuation of the system of book entry transfers through DTC (or through a successor securities depository) is not in the best interest of the beneficial owners of the Series 1998 Bonds. In either of such events (unless in the case described in clause (ii) above, the Issuer appoints a successor securities depository), the Series 1998 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Issuer or the Registrar for the accuracy of such designation. Whenever DTC requests the Issuer and the Registrar to do so, the Issuer and the Registrar shall cooperate with DTC in taking appropriate action after reasonable notice to arrange for another securities depository to maintain custody of certificates evidencing the Series 1998 Bonds.

Section 3.12. Delivery of Series 1998 Bonds. The Issuer shall execute and deliver the Series 1998 Bonds to the Registrar, and the Registrar shall authenticate,

register and deliver the Series 1998 Bonds to the Original Purchaser upon receipt of the documents set forth below:

(A) A list of the names in which the Series 1998 Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;

(B) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 1998 Bonds to the Original Purchaser;

(C) Copies, certified by the Clerk, of this Ordinance, the Supplemental Resolution and the Board Ordinance;

(D) The unqualified approving opinion upon the Series 1998 Bonds by Bond Counsel;

(E) An opinion of Bond Counsel to the effect that the Refunded Bonds have been defeased in accordance with the provisions of the Refunded Bonds Ordinances;

(F) An opinion of counsel acceptable to the Original Purchaser, which may be Bond Counsel, that the Board Ordinance has been duly and properly enacted; and

(G) Such other opinions, certificates and documents as shall be reasonably requested by the Original Purchaser.

Section 3.13. Form of Series 1998 Bonds. The definitive Series 1998 Bonds shall be in substantially the form set forth in **EXHIBIT A - BOND FORM** attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 1998 Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 1998 Bonds shall have the form of the opinion of Steptoe & Johnson, as Bond Counsel, attached thereto or printed on the reverse thereof.

Section 3.14. Disposition of Proceeds of Series 1998 Bonds. Upon the issuance and delivery of the Series 1998 Bonds, the Issuer shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued on the Series 1998 Bonds from the date thereof to the date of delivery thereof shall be deposited in the Sinking Fund and applied to payment of interest on the Series 1998 Bonds at the first interest payment date.

B. The amount of Series 1998 Bond proceeds which, together with other moneys or securities deposited therein and the earnings thereon, shall be sufficient to accomplish the refunding and defeasance of the Refunded Bonds (which amount shall be set forth in the Escrow Agreement) shall be deposited in the Escrow Fund.

C. The amount of Series 1998 Bond Proceeds which, together with other moneys or securities deposited therein shall be equal to the Reserve Account Requirement, shall be remitted to the Bond Commission for deposit in the Reserve Account.

D. The amount of Series 1998 Bond proceeds which, together with other moneys or securities deposited therein shall be equal to the Costs of Issuance of the Series 1998 Bonds shall be deposited with the Depository Bank in the Series 1998 Bonds Costs of Issuance Fund and shall be drawn out, used and applied by the Issuer solely to pay costs of issuance of the Series 1998 Bonds and miscellaneous costs of refunding the Refunded Bonds at the written direction of the Issuer. Moneys not to be applied immediately to pay such costs of issuance and costs of refunding may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 120 days following the Closing Date for the Series 1998 Bonds, such unapplied proceeds shall be transferred by the Issuer to the Series 1998 Bonds Sinking Fund established in Section 4.01 hereof and applied to the next ensuing payment of interest on the Series 1998 Bonds. All such proceeds shall constitute a trust fund for such purposes, and there hereby is created a lien upon such moneys until so applied in favor of the Holders of the Series 1998 Bonds from which such proceeds are derived.

E. The balance of Series 1998 Bonds proceeds, if any, shall be deposited in the Construction Fund and disbursed as provided in Section 3.15 hereof.

Section 3.15. Disbursements from the Construction Fund. Disbursements from the Construction Fund, except for payment of Costs of issuance of the Series 1998 Bonds in excess of the moneys available in the Costs of Issuance Fund which shall be made upon request of the Issuer, shall be made only for capital improvements, repairs and replacements for the System, including all necessary engineering and other professional services relating thereto.

All moneys deposited in the Construction Fund shall be disbursed by the Board within 6 months following the Closing Date, and thereupon the Construction Fund shall be closed. Pending such application, moneys in the Construction Fund, including any accounts

therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

Section 4.01. Establishment of Funds and Accounts with Depository Bank. Pursuant to this Article IV, the following special funds are created with, and shall be held by, the Depository Bank, segregated from all other funds and accounts of the Depository Bank or the Issuer and from each other, (except as set forth in this Section 4.01) and used solely for the purposes provided herein:

(1) Revenue Fund;

(2) Renewal and Replacement Fund;

(3) Costs of Issuance Fund;

(4) Construction Fund; and

(5) Rebate Fund.

Section 4.02. Establishment of Funds and Accounts with Bond Commission. Pursuant to this Article IV, the following special fund and accounts are hereby established with and shall be held by the Bond Commission:

(1) Sinking Fund;

(a) Within the Sinking Fund:

(i) Reserve Account; and

(ii) Redemption Account.

Section 4.03. System Revenues and Application Thereof. So long as any of the Bonds shall be Outstanding and unpaid, the Issuer covenants as follows:

A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited by the Issuer in the Revenue Fund. The Revenue Fund shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. All Revenues at any time remaining on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, from the moneys in the Revenue Fund, on the first day of each month, beginning on the first day of that month which is 6 months prior to the first interest payment date on the Series 1998 Bonds, apportion and set apart out of the Revenue Fund and remit to the Bond Commission, for deposit in the Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Bonds on the next ensuing semiannual interest payment date, provided, that in the event the period to elapse between the date of such initial deposit in the Sinking Fund and the next ensuing semiannual interest payment date is less than or greater than 6 months, then such monthly payments shall be increased or decreased proportionately to provide, 1 month prior to the next ensuing semiannual interest payment date, the required amount of interest coming due on such date, and provided further, that the initial amount required to be transferred from the Revenue Fund and deposited in the Sinking Fund shall be reduced by the amount of accrued interest on the Series 1998 Bonds deposited therein and subsequent amounts required to be transferred from the Revenue Fund and deposited in the Sinking Fund shall be reduced by the amount of any earnings credited to the Sinking Fund.

The Issuer shall also apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit in the Sinking Fund (and in the Redemption Account therein in the case of Term Bonds which are to be redeemed) on the first day of each month, beginning on the first day of that month which is 12 months prior to the first principal payment or mandatory redemption date of the Bonds, a sum equal to 1/12th of the amount (or 1/6th of the amount if the Bonds mature semiannually rather than annually) of principal which will mature or be redeemed and become due on the Bonds on the next ensuing principal payment or mandatory redemption date, provided, that in the event the period to elapse between the date of such initial deposit in the Sinking Fund and the next ensuing principal payment or mandatory redemption date is less than or greater than 12 months (or 6 months if the Bonds mature semiannually rather than annually), then such monthly payments shall be increased or decreased proportionately to provide, one month prior to the next ensuing principal payment date or mandatory redemption date, the required amount of principal coming due on such date, and provided further, that the amount of such deposits shall be reduced by the amount of any earnings credited to the Sinking Fund and not previously credited pursuant to the preceding paragraph.

Moneys in the Sinking Fund shall be used only for the purposes of paying principal of and interest on the Bonds as the same shall become due, whether by maturity or redemption prior to maturity. Pending such use, such moneys shall be invested in accordance with Article V.

The Issuer shall not be required to make any further payments into the Sinking Fund when the aggregate amount of funds in the Sinking Fund, including the Reserve Account therein, is at least equal to the aggregate principal amount of Bonds issued pursuant to this Ordinance then Outstanding, plus the amount of interest due or thereafter to become due on the Bonds then Outstanding.

In addition to such payments of principal of and interest on the Series 1998 Bonds, the Issuer shall continue to make payments of principal of the Reissued Bonds in accordance with the provisions of the Reissued Bonds Ordinances provided however, that the lien of the Reissued Bonds on the Gross Revenues shall be on a parity in all respects with the lien of the Series 1998 Bonds.

As and when additional Bonds ranking on a parity with the Series 1998 Bonds and the Reissued Bonds are issued, provision shall be made for additional payments into the Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at or before maturity in accordance with the provisions hereof.

The payments into the Sinking Fund shall be made on the first day of each month, except that, when the first day of any month shall be a Saturday, Sunday or legal holiday, then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Ordinance.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, each month, apply such moneys, to the extent provided below, for deposit into the Reserve Account, as a result of a decrease in value of the Reserve Account below the Reserve Account Requirement or any withdrawal from the Reserve Account, beginning with the first full calendar month following the date on which (i) the valuation of investments in the Reserve Account results in a determination that the amount of moneys and the value of the Qualified Investments deposited to the credit of the Reserve Account is less than the Reserve Account Requirement, or (ii) any amount is withdrawn from the Reserve Account for deposit into the Sinking Fund. To the extent Net Revenues and any other legally available funds are available therefor, the amount so deposited shall be used to restore the amount of moneys on deposit in the Reserve Account to an amount equal to the Reserve Account Requirement to the full extent that such Net Revenues are available; provided, however, that if the shortfall in the Reserve Account is due to a decrease in the value of investments therein, such shortfall shall be replenished by not less than

4 equal monthly payments, and if such shortfall is due to a withdrawal from the Reserve Account, such shortfall shall be replenished by not less than 12 equal monthly payments, and provided further, that no payments shall be required to be made into the Reserve Account whenever and as long as the amount deposited therein shall be equal to the Reserve Account Requirement.

Amounts in the Reserve Account shall be used only for the purpose of making payments of principal of and interest on the Bonds when due, when amounts in the Sinking Fund are insufficient therefor and for no other purpose.

(3) Thereafter from the moneys remaining in the Revenue Fund, the Issuer shall next, each month, transfer from the Revenue Fund an amount sufficient to pay current Operating Expenses of the System.

(4) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month commencing with the first month in which interest shall be payable from the Revenue Fund, transfer to the Renewal and Replacement Fund a sum equal to not less than 2 1/2% of the Gross Revenues each month, exclusive of any payments for the account of the Reserve Account in the Sinking Fund.

Withdrawals and disbursements may be made by the Issuer from the Renewal and Replacement Fund only for the following purposes and in the following order of priority:

(a) To make up any deficiency in the Reserve Account in the event that moneys in the Revenue Fund are insufficient therefor (so that the amount on deposit therein is at least equal to the Reserve Account Requirement), or to reimburse in whole or in part any issuer of a Reserve Account letter of credit in the event of a draw thereon;

(b) For the payment of the principal (including the principal amount to be paid under the mandatory redemption schedules) of or interest on the Bonds, but only in the event that at the time of such withdrawal there are not sufficient funds for such purpose in the Sinking Fund (excluding the Reserve Account); and

(c) For the payment of the reasonable costs of land and depreciable renewals, repairs, extensions, improvements and additions to the System.

(5) The Issuer may next, each month, after making the above required transfers of moneys from the Revenue Fund, apply any remaining Net Revenues to payment of debt service on subordinate bonds, notes, certificates or obligations of the System. Any excess of moneys then remaining in the Revenue Fund ("Surplus Revenues") may be used for any lawful purpose of the System.

(6) If on any monthly payment date the Revenues of the System are insufficient to make the required deposits in any of the funds as hereinabove provided, the deficiency shall be made up on the next ensuing payment dates by payments in addition to the payments which are otherwise required to be made into the funds on such ensuring payment dates.

B. The Bond Commission is hereby designated as the fiscal agent for the administration of the Sinking Fund created hereunder, and all amounts required for said Sinking Fund shall be remitted to the Bond Commission from said Revenue Fund and from the proceeds of the sale of the Bonds, by the Issuer at the times and as otherwise provided herein. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited.

C. The moneys on deposit in the Revenue Fund and the Renewal and Replacement Fund in excess of the sum insured by the FDIC shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of municipal funds under the laws of the State.

ARTICLE V

INVESTMENTS; NON-ARBITRAGE; REBATES OF EXCESS INVESTMENT EARNINGS

Section 5.01. Investments. The Issuer shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any moneys held as a part of the funds and accounts created by this Ordinance in Qualified Investments to the fullest extent possible under applicable laws, this Ordinance, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The Issuer shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Issuer may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

(A) Qualified Investments acquired for the Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 5 years from the date of such investment.

(B) The Issuer shall, or shall cause the Bond Commission to, annually transfer from the Reserve Account to the Sinking Fund any earnings on the moneys deposited therein and any other funds in excess of the Reserve Account Requirement, provided, however, that there shall at all times remain on deposit in the Reserve Account an amount at least equal to the Reserve Account Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from the Reserve Account, whereupon it shall be valued immediately after such withdrawal. If amounts

on deposit in the Reserve Account shall, at any time, be less than the applicable Reserve Requirement, the applicable Bond Insurer shall be notified immediately of such deficiency, and such deficiency shall be made up from the first available Net Revenues after required deposits to the Sinking Fund and otherwise in accordance with Section 4.03(3).

(D) All amounts representing accrued and capitalized interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Bonds and invested only in Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all moneys deposited in the Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia State Investment Management Board pursuant to Chapter 12, Article 6 of the Code of West Virginia, 1931, as amended.

Section 5.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds of each series in such manner and to such extent as may be necessary, so that such Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to such Bonds) so that the interest on such Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 5.03. Tax Certificate and Rebate. A. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of any series of Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1998 Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

B. The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything

herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund or from the Gross Revenues in the event that the Rebate Fund is insufficient therefor, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. The Issuer at its expense, may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 5.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 5.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 5.04. Continuing Disclosure Agreement. The Issuer shall deliver a continuing disclosure agreement or certificate in form acceptable to the Original Purchaser sufficient to ensure compliance with SEC Rule 15c2-12, as it may be amended from time to time, and the Issuer hereby instructs the Mayor and City Manager to take all actions necessary for the Issuer to comply with the continuing disclosure agreement.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. Covenants Binding and Irrevocable. All the covenants, agreements and provisions of this Ordinance shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds, as prescribed by Article VII. In addition to the other covenants, agreements and provisions of this Ordinance, the Issuer hereby covenants and agrees with the Holders of the Bonds, as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon, are Outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness but shall be payable solely from the Gross Revenues of the System, the moneys in the Sinking Fund and all accounts therein, the unexpended proceeds of the Bonds or moneys in a construction fund, if any, all as herein provided. No Holder or Holders of any Bonds issued hereunder shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or the interest thereon.

Section 6.03. Bonds Secured by Pledge of Gross Revenues and Moneys in Sinking Fund. The payment of the debt service of all of the Bonds issued hereunder and the Reissued Bonds shall be secured forthwith equally and ratably by a first lien on the Gross Revenues derived from the operation of the System and all moneys and securities in the Sinking Fund, including the Reserve Account therein, to the extent necessary to make the payments required under Section 4.03. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds herein authorized, and to make the payments into the Sinking Fund, all moneys and securities in the Sinking Fund, including the Reserve Account therein, and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance to the payment of the principal of and interest on the Bonds herein authorized as the same become due and for the other purposes provided in this Ordinance.

Section 6.04. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Clerk, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect

shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 1998 A Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Series 1998 A Bonds, including the Reissued Bonds.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 6.05. Operation and Maintenance. The Issuer will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the Revenues of said System in the manner provided in this Ordinance.

Section 6.06. Sale of the System. The System may be sold, mortgaged, leased or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to defease the pledge created by this Ordinance as provided by Section 9.01. The proceeds from such sale, mortgage, lease or other disposition of the System shall be immediately remitted to Bond Commission for deposit in the Sinking Fund, and otherwise as prescribed by Section 9.01. Any balance remaining after such defeasance shall be remitted to the Issuer by the Bond Commission unless necessary for the payment of other obligations of the Issuer payable out of the Revenues of the System.

The foregoing provision notwithstanding, the Board shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of $50,000, the Board shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Board may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of $50,000 but not in excess of $200,000, the Board shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Council may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of $50,000 and not in excess of $200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund or the

Redemption Account shall reduce the amounts required to be paid into said funds by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of $200,000 and insufficient to defease the pledge created by this Ordinance, as provided by Section 9.01, without the prior approval and consent in writing of any applicable Bond Insurer and the Holders, or their duly authorized representatives, of 60% in amount of Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the Bond Insurer and the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any other obligations whatsoever, except Additional Parity Bonds provided for in Section 6.08 hereof, payable from the Revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from the Gross Revenues with the Bonds; and all obligations hereafter issued by the Issuer payable from the Revenues of the System, except such Additional Parity Bonds, shall contain an express statement that such obligations are junior and subordinate as to lien on and source of and security for payment from such Revenues and in all other respects to the Bonds.

The Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such Additional Parity Bonds, being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and Revenues of the System pledged for payment of the Bonds and the interest thereon in this Ordinance or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. No Additional Parity Bonds, as in this section defined, payable out of the Revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions and in the manner herein provided.

No such Additional Parity Bonds shall be issued except for the purpose of financing the costs of design, acquisition or construction of additions, betterments or improvements to the System, refunding all or a portion of one or more series of Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such Additional Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Clerk a written statement by an Independent Accountant, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Additional Parity Bonds, plus the estimated average increased annual Net Revenues to be

received in each of the 3 succeeding years after the date of issuance of such Additional Parity Bonds, shall be not less than 115% of the Maximum Annual Debt Service on the following:

(1) The Series 1998 Bonds then Outstanding;

(2) The Reissued Bonds Outstanding;

(3) Any Additional Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(4) The Additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Additional Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such Additional Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Accountant, which shall be filed in the office of the Clerk prior to the issuance of such Additional Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinions of the Consulting Engineers and the Independent Accountant, as stated in a certificate jointly made and signed by the Consulting Engineers and the Independent Accountant, and filed with the Clerk, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Additional Parity Bonds.

Not later than simultaneously with the delivery of such Additional Parity Bonds, the Issuer shall have entered into written contracts for the immediate design of such additions, extensions, betterments or improvements to the System which are to be financed by such Additional Parity Bonds.

The term "Additional Parity Bonds," as used in this section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this section, payable from the Gross Revenues of the System on a parity with the Series 1998 Bonds and the Reissued Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such Additional Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 1998 Bonds and the Reissued Bonds and the Holders of any Additional Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from said Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in

this Ordinance required for and on account of such Additional Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

No Additional Parity Bonds shall be valid unless authenticated pursuant to Section 3.03. Prior to such authentication, registration, if applicable, and delivery, the Registrar shall receive those documents prescribed by Section 3.12 with respect to the Series 1998 Bonds, modified as deemed necessary by the Registrar to reflect the issuance of such additional parity Bonds.

The term "Additional Parity Bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the Revenues of the System of which is subject to the prior and superior lien of the Bonds on such Revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the Net Revenues remaining after all payments required to be made pursuant to Section 4.03(1), (2) and (3) have first been paid. The Issuer shall not issue any obligations whatsoever payable from the Revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such Revenues, with the Bonds except in the manner and under the conditions provided in this section.

No Additional Parity Bonds, as in this section defined, shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Ordinance and the Reissued Bonds Ordinances on account of the Bonds then Outstanding (excluding the Renewal and Replacement Fund), and any other payments provided for in this Ordinance, shall have been made in full as required to the date of delivery of the Additional Parity Bonds and the Issuer shall then be in full compliance with all the covenants, agreements and terms in the Ordinance and the Reissued Bonds ordinances and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency with respect to such payments and compliance.

The Issuer may issue Additional Parity Bonds without compliance with any other conditions for the purpose of refunding prior to maturity any series of the Bonds or portion thereof, provided that the annual debt service required on account of the refunding Bonds and the Bonds which are not refunded shall not be greater in any year in which the Bonds not refunded and the refunding Bonds are to be Outstanding than the annual debt service required in such year if the Bonds to be refunded were not so refunded and provided further, that the final maturity of such Additional Parity Bonds does not exceed that of the refunded Bonds.

Section 6.09. Insurance and Bonds. The Issuer hereby covenants and agrees, that so long as the Bonds remain Outstanding, the Issuer or the Board will, as an Operating Expense, procure, carry and maintain insurance and bonds and worker's compensation coverage with a reputable insurance carrier or carriers or bonding company or companies rated at least "A" by Standard & Poor's Corporation covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the

System in an amount equal to the greater of the fair appraised value or the original cost thereof. In the event of any damage to or destruction of any portion of the System, the Board will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damages or destroyed portion. The Board will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Board and the Issuer during construction of the Project in the full insurable value thereof.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than is customarily carried by municipalities of equivalent size with respect to works and properties similar to the System to protect the Issuer and the Board from claims for bodily injury and/or death and from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer and the Board from claims arising out of operation or ownership of motor vehicles of or for the System, provided that, the Board, with the review of an insurance consultant and the concurrence of the Issuer, may elect to self-insure, so long as the following requirements are met:

(i) The self-insurance program has been reviewed by an insurance consultant;

(ii) The self-insurance program includes an actuarially sound claims reserve fund out of which each self-insured claim shall be paid; the adequacy of such fund shall be evaluated on an annual basis by an insurance consultant; and any deficiencies in any self-insured claims reserve fund will be remedied in accordance with the recommendation of the insurance consultant;

(iii) The self-insured claims reserve fund shall be held in the United States of America in a separate trust fund by an independent corporate trustee; and

(iv) In the event the current funding of the self-insurance program shall be discontinued, the actuarial soundness of its claims reserve fund, as determined by an insurance consultant, shall be maintained.

If the Issuer determines in good faith that any required insurance is not commercially available at a reasonable cost with reasonable terms, it shall engage an insurance consultant to verify the determination and to make recommendations regarding the types, amounts and provisions of any such insurance that should be purchased or funded by the Issuer, taking into consideration the costs and practices of other municipal water and sewer systems of similar size and type in the State to the extent that such information is available. The Issuer may, upon resolution adopted in good faith and upon the recommendations of the insurance consultant, adopt alternate or supplemental risk management programs which the Issuer determines to be reasonable, including the right to self-insure and participate in captive insurance companies.

C. WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Board and such payment bonds will be filed with the Clerk of the County Commission of Jefferson County prior to commencement of construction of any additions, extensions or improvements for the System in compliance with West Virginia Code, Section 38-2-39.

D. FIDELITY BONDS will be provided as to every officer and employee of the Board having custody of the Revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 6.10. Report of Consulting Engineers. The Board shall, at least once every two years, commencing no later than May 15, 2000, retain recognized qualified independent Consulting Engineers to review the operation, maintenance and repair of the System and to report to the Board and the Issuer in writing their recommendations and comments pertaining to the System. Such biennial report of the Consulting Engineers, or a summary thereof, shall be made available, upon request, to the Original Purchaser, the Bond Insurer, if any, and any Bondholder.

Section 6.11. Services Rendered to the Board or Issuer. The Board will not render or cause to be rendered any free services of any nature by its System; and, in the event the Board, the Issuer or any department, agency, instrumentality, officer or employee thereof shall avail himself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Board, the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Board or the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be Revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other Revenues derived from such operation of the System.

Section 6.12. Enforcement of Collections. The Issuer or the Board will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other changes, if not

paid, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and any services and facilities of the Issuer's waterworks system, to all delinquent users of services and facilities of the System and will not restore such services of the System (or waterworks system) until all billing for charges for the services and facilities of the System, plus penalty charges for the restoration of service, has been fully paid or an appropriate payment plan has been established.

Section 6.13. No Competing Franchise. To the extent legally allowable, neither the Issuer nor the Board will grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.14. Books and Records. The Board will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Board or the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the Board relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Board. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the Board. The Board shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Board shall be reported to such agent of the Board as it shall direct.

The Issuer or the Board shall file with the Original Purchaser and any Bond Insurer, and shall mail to any Bondholder requesting the same, an annual report within 30 days following the date of receipt of the final audit containing a balance sheet, statement of revenues, expenses, and changes in retained earnings, and statement of cash flows, as prescribed by generally accepted accounting principles.

The Issuer or the Board shall also file with the Original Purchaser and any Bond Insurer, and mail to any Bondholder requesting the same, a monthly unaudited report within 30 days following the end of each month containing the following:

(A) A statement of Gross Revenues, Operating Expenses, and Net Revenues derived from the System.

(B) A statement of account balances in the Sinking Fund accounts provided for in this Ordinance and status of said funds.

The Issuer or the Board shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by an Independent Accountant, shall mail upon request, and make available generally, the report of said Independent Accountant, or a summary thereof, to any Holder or Holders of Bonds issued pursuant to this Ordinance and shall file said report with the Original Purchaser.

Section 6.15. Operating Budget. The Board shall annually, at least 45 days preceding the beginning of each Fiscal Year, or at such earlier date required by the charter of the Issuer, prepare and adopt by resolution a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of such a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Board shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Original Purchaser and the Bond Insurer, if any, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser and to any Bondholder or anyone acting for and in behalf of such Bondholder who requests the same.

Section 6.16. Mandatory Connections. The mandatory use of the sewerage portion of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer, and in order to assure the rendering harmless of sewage and waterborne waste matter produced or arising within the territory served by the sewerage portion of the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the sewerage portion of the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building and every such owner, tenant or occupant shall, after a 30 day notice of the availability of sewerage services of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or waterborne waste matter and which is not so connected with the sewerage portion of the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the residents of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 6.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on

the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 6.18. Covenants Regarding the Municipal Bond Insurance Policy. The Issuer intends to obtain a Municipal Bond Insurance Policy for the Series 1998 Bonds. In the event such a Municipal Bond Insurance Policy is obtained, certain additional covenants of the Issuer will be required by the Bond Insurer as a condition to insuring the Series 1998 Bonds. These additional covenants shall be set forth in full in the Supplemental Resolution, shall apply to the Series 1998 Bonds and any other Bonds which may be insured by such Bond Insurer, and shall be controlling in the event any other provisions of this Ordinance may be in conflict therewith.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on any Bond;

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part in this Ordinance or any Supplemental Resolution or in the Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer by any Bondholder or any Insurer; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 7.02. Enforcement. Upon the happening and continuance of any Event of Default, any Bondholder (with the prior written consent of the applicable Bond Insurer) or any Bond Insurer may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Bondholders, including the right to require the Issuer to perform its duties under the Act and this Ordinance;

(C) Bring suit upon the Bonds;

(D) By action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Bondholders; and

(E) By action or bill in equity enjoin any acts in violation of this Ordinance or the rights of the Bondholders.

No remedy by the terms of this Ordinance conferred upon or reserved to the Bondholders is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Bondholders hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Bondholders shall be made without the prior written consent of the applicable Bond Insurer or shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 7.03. Appointment of Receiver. If there be any Event of Default existing and continuing, any Bondholder or any Bond Insurer shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of this Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds issued pursuant to this Ordinance and interest thereon and under any covenants of this Ordinance for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Revenues of the System shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, and all moneys due hereunder or under any Supplemental Resolution have been paid in full, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and the Holders of the Bonds issued pursuant to this Ordinance. Such receiver shall have no power to sell,

assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and the Bondholders, and the curing and making good of any default under the provisions of this Ordinance, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Notwithstanding any other provision of this Ordinance, in determining whether the rights of the Bondholders will be adversely affected by any action taken pursuant to the terms and provisions of this Ordinance, any trustee or Bondholder's committee shall consider the effect on the Bondholders as if no Municipal Bond Insurance Policy were then in effect.

Section 7.04. Restoration of Issuer and Bondholder. In case any Bondholder shall have proceeded to enforce any right under this Ordinance by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and such Bondholder shall be restored to their former positions and rights hereunder, and all rights and remedies of such Bondholder shall continue as if no such proceedings had been taken.

ARTICLE VIII

REGISTRAR AND PAYING AGENT

Section 8.01. Appointment of Registrar. The Registrar for the Series 1998 Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby authorized and directed to enter into an agreement with the Registrar, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 8.02. Responsibilities of Registrar. The recitals of fact in the Bonds shall be taken as statements of the Issuer, and the Registrar shall not be responsible for their accuracy. The Registrar shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication on the Bonds. The Registrar and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Ordinance and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 8.01.

Section 8.03. Evidence on Which Registrar May Act. Except as otherwise provided by Section 10.02, the Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever the Registrar shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion the Registrar may instead accept other evidence of such fact or matter.

Section 8.04. Compensation and Expenses. The Issuer shall pay to the Registrar from time to time reasonable compensation for all services, including the transfer of registration of Bonds, the first exchange of Bonds and the exchange of Bonds in the event of partial redemption, incurred in the performance of its duties hereunder.

Section 8.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or effect or aid in any reorganization growing out of the enforcement of the Bonds or this Ordinance, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds Outstanding.

Section 8.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Ordinance by giving not less than 60 days' written notice to the Issuer and publishing in an Authorized Newspaper notice

(or mailing such notice to each Bondholder in the event all Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or bondholders, in which event such resignation shall take effect immediately, provided that in no event shall such resignation take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.07. Removal. The Registrar may be removed at any time by the Issuer, the applicable Bond Insurer or by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer, the applicable Bond Insurer or by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each such instrument shall be delivered by the Issuer to the Registrar. Such removal shall take effect upon the date stated in such instrument, provided that in no event shall such removal take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Bondholders. The Issuer shall publish in an Authorized Newspaper (or mail to each Bondholder in the event all Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Any successor Registrar appointed by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Bondholders. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance.

Section 8.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any moneys, books and records held by it to its successor.

Section 8.10. Registrar may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 8.08.

Section 8.11. Adoption of Authentication. In case any of the Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Bonds so authenticated, and, in case any Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Bonds in the name of the predecessor Registrar or in its own name.

Section 8.12. Paying Agent. The Registrar shall also serve as the Paying Agent. The Registrar's acceptance of the duties and responsibilities of the Registrar expressed in Section 8.02 shall also include the trusts and the duties of Paying Agent. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Bonds shall be and remain DTC-Eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from moneys available therefor.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Ordinance. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Bondholders may make such appointment.

The Paying Agents shall enjoy the same protective provisions in the performance of their duties hereunder as are specified in this Article VIII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 8.08 hereof with respect to the appointment of a successor Registrar.

All moneys received by the Paying Agents shall, until used or applied as provided in this Ordinance, be held in trust for the purposes for which they were received.

ARTICLE IX

DEFEASANCE; DISCHARGE OF PLEDGE OF ORDINANCE

Section 9.01. Defeasance; Discharge of Pledge of Ordinance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Ordinance, and all other moneys due hereunder have been paid, then this Ordinance and the pledges of the Gross Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Holders of the Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on such Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or an escrow trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on said Bonds on and prior to the maturity date thereof, or if the Issuer irrevocably determines to redeem any of said Bonds prior to the maturity thereof, on and prior to said redemption date. Neither securities nor moneys deposited with the Bond Commission or an escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on said Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on said Bonds on and prior to such maturity or redemption dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Defeasance Obligations, as defined in Section 1.01 hereof, or such additional securities as shall be set forth in the Supplemental Resolution.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment of Ordinance. Prior to issuance of the Series 1998 Bonds, this Ordinance may be amended, modified or supplemented in any way by the Supplemental Resolution. All provisions required by the Bond Insurer, if any, shall be set forth in the Supplemental Resolution and to the extent they constitute an amendment or modification of this Ordinance, shall be controlling. Following issuance of the Series 1998 Bonds, this Ordinance and any Supplemental Resolution may, without the consent of any Bondholder or other person, be amended, modified or supplemented in any manner which, in the opinion of Bond Counsel, does not materially adversely affect the interests of the Bondholders or any Bond Insurer, provided that, in the event any of the Bonds are insured, no such amendment or modification which affects the rights of the applicable Bond Insurer for such Bonds may be made without the written consent of such Bond Insurer. Otherwise, no materially adverse amendment or modification to this Ordinance, or of any Supplemental Resolution, may be made without the written consent of the Holders of 60% in aggregate principal amount of the Bonds then Outstanding and affected thereby and the Bond Insurer, which must be filed with the Clerk of the Issuer before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Bond without the express written consent of the Holder of such Bond, nor reduce the percentage of Bonds required for consent to any such modification or amendment.

Section 10.02. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, consent, revocation of consent or other instrument which this Ordinance may require or permit to be signed and executed by Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Ordinance if made in the following manner, or in any other manner satisfactory to the Issuer or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Bondholder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, a trust company or a financial firm or corporation satisfactory to the Issuer or the Registrar, as the case may be, that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Bondholder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of fully registered Bonds held by a person executing any instrument as a Bondholder, the date of his holding such Bonds and the numbers and other identification thereof, shall be confirmed by the Bond Register.

Any request, consent or other instrument executed by the Holder of any Bond shall bind all future Holders and owners of such Bond in respect of anything done or suffered to be done hereunder by the Issuer or the Registrar in accordance therewith.

Section 10.03. Preservation and Inspection of Documents. To the extent allowable under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Ordinance shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Bondholder, and their agents and their representatives, but any such reports, certificates, statements or other documents may, at the election of the Registrar, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Ordinance shall be discharged as provided in Section 9.01.

Section 10.04. Cancellation of Bonds. All Bonds purchased or paid shall, if surrendered to the Issuer, be canceled and delivered to the Registrar, or, if surrendered to the Registrar, be canceled by it. No such Bonds shall be deemed Outstanding under this Ordinance and no Bonds shall be issued in lieu thereof. All such Bonds shall be canceled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.05. Failure to Present Bonds. Anything in this Ordinance to the contrary notwithstanding, any moneys held by the Bond Commission or a Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for _____ years after the date on which such Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the Issuer be paid by the Bond Commission or said Paying Agent to the Issuer as its absolute property and free from trust, and the Bond Commission or said Paying Agent shall thereupon be released and discharged with respect thereto, and the Holders of such Bonds shall look only to the Issuer for the payment of such Bonds; provided, however, that, before making any such payment to the Issuer, the Registrar, if so advised by the Bond Commission, or said Paying Agent shall send to the Holder, at the address listed on the Bond Register, by certified mail, a notice that such moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of such notice is mailed, the balance of such moneys then unclaimed will be returned to the Issuer.

Section 10.06. Notices, Demands and Requests. Unless otherwise expressly provided, all notices, demands and requests to be given or made hereunder to or

* Final Maturity

In the event of any redemption of less than all outstanding Bonds, the maturities to be redeemed shall be selected by the Paying Agent at the direction of the Issuer and Bonds to be redeemed shall be determined by lot within a maturity, or in such other manner deemed appropriate by the Paying Agent. If less than all the Bonds are to be redeemed, the Bonds to be redeemed shall be identified by reference to the Series designation, date of issue, CUSIP numbers and Maturity Dates.

Notice of any redemption of this Bond, unless waived, shall be given by the Paying Agent on behalf of the Issuer by mailing an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Registered Owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Paying Agent. Such notice shall also be given by the Paying Agent to the Registrar. Notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the Issuer shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of this Bond.

The Bonds and the interest thereon are payable only from and are secured by the Gross Revenues (as defined in the Ordinance) to be derived from the operation of the System, on a parity in all respects with the pledge of the Gross Revenues created in favor of the holders of the Reissued Bonds, all moneys in the Sinking Fund established under the Ordinance, and the unexpended proceeds of the Bonds, and the Issuer hereby and in the Ordinance pledges such revenues and moneys to such payment. Said Gross Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose and to make the other payments required by the Ordinance. This Bond does not constitute an indebtedness of the Issuer within any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Gross Revenues, the moneys in the Sinking Fund and said unexpended Bond proceeds. Pursuant to the Ordinance, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Reissued Bonds. The Issuer has entered into certain further covenants with the registered owners of the Bonds, for the terms of which reference is made to the Ordinance. Remedies provided the registered owners of the Bonds are exclusively as provided in the Ordinance, to which reference is here made for a detailed description thereof.

All moneys received from the sale of the Bonds except for accrued interest thereon shall be applied solely to refund the Refunded Bonds, fund a reserve account for the Bonds and pay costs of issuance of the Bonds, and there shall be, and hereby is, created and granted a lien upon such moneys, until so applied, in favor of the registered owners of said Bonds.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all

other obligations of said Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia, and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by said Issuer for the prompt payment of the principal of and interest on the Bonds of which this Bond is one.

This Bond, under the provisions of the Act is and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may be transferred only upon the surrender hereof at the office of the Registrar and otherwise as provided by the within-described Ordinance.

This Bond and the income therefrom are, under the Act, exempt from taxation in the State of West Virginia, except inheritance, estate and transfer taxes.

This Bond shall not be entitled to any benefit under the Ordinance, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon shall have been signed by the Registrar.

All provisions of the Ordinance, as defined on the reverse hereof, and the statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

As long as the Policy shall be in full force and effect, the Issuer and the Paying Agent agree to comply with the following provisions:

(a) At least three (3) days prior to all interest payment dates, the Paying Agent will determine whether there will be sufficient funds to pay the principal of or interest on the Series 1998 Bonds on such interest payment date. If the Paying Agent determines that there will be insufficient funds, the Paying Agent shall so notify the

Insurance Trustee. Such notice shall specify the amount of the anticipated deficiency, the Series 1998 Bonds to which such deficiency is applicable and whether such Series 1998 Bonds will be deficient as to principal or interest, or both. The Insurer will make payments of principal or interest due on the Series 1998 Bonds on or before the first (1st) day next following the date on which the Insurance Trustee shall have received notice of nonpayment from the Paying Agent.

(b) The Paying Agent shall, after giving notice to the Insurance Trustee as provided in (a) above, make available to the Insurer and the Insurance Trustee, the registration books of the Issuer maintained by the Paying Agent and all records relating to the funds maintained under the Ordinance.

(d) The Paying Agent shall at the time it provides notice to the Insurance Trustee pursuant to (a) above, notify registered Owners of Series 1998 Bonds entitled to receive the payment of principal or interest thereon from the Insurer (i) as to the fact of such entitlement, (ii) that the Insurer will remit to them all or part of the interest payments next coming due upon proof of Bondholder entitlement to interest payments and delivery to the Insurance Trustee, in form satisfactory to the Insurance Trustee as determined by the Insurer, of an appropriate assignment of the Bondholder's right to payment, (iii) that should they be entitled to receive full payment of principal from the Insurer, they must surrender their Series 1998 Bonds (along with an appropriate instrument of assignment in form satisfactory to the Insurer to permit ownership of such Series 1998 Bonds to be registered in the name of the Insurer) for payment to the Insurance Trustee, and not the Paying Agent and (iv) that should they be entitled to receive partial payment of principal from the Insurer, they must surrender their Series 1998 Bonds for payment thereon first to the Paying Agent, who shall note on such Series 1998 Bonds the portion of the principal paid by the Paying Agent, and then, along with an appropriate instrument of assignment in form satisfactory to the Insurer, to the Insurance Trustee, which will then pay the unpaid portion of principal.

(e) In the event that the Paying Agent has notice that any payment of principal of or interest on a Bond which has become due for payment and which is made to a Bondholder by or on behalf of the Issuer has been deemed a preferential

transfer and theretofore recovered from its registered Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Paying Agent shall, at the time the Insurance Trustee is notified pursuant to (a) above, notify all Bondholders that in the event that any Bondholder's payment is so recovered, such Bondholder will be entitled to payment from the Insurer to the extent of such recovery if sufficient funds are not otherwise available, and the Paying Agent shall furnish to the Insurance Trustee and the Insurer its records evidencing the payments of principal of and interest on the Series 1998 Bonds which have been made by the Paying Agent, and subsequently recovered from Bondholders and the dates on which such payments are made.

(f) In addition to those rights granted the Insurer under this Ordinance, the Insurer shall, to the extent it makes payment of principal of or interest on Series 1998 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Policy, and to evidence such subrogation (i) in the case of subrogation as to claims for past due interest, the Paying Agent shall note the Insurer's rights as subrogee on the registration books of the Issuer maintained by the Paying Agent upon receipt from the Insurer of proof of the payment of interest thereon to the Bondholders and (ii) in the case of subrogation as to claims for past due principal, the Paying Agent shall note the Insurer's rights as subrogee on the registration books of the Issuer maintained by the Paying Agent, upon surrender of the Series 1998 Bonds by the Bondholders together with proof of the payment of principal thereof.

Additional Bonds

Any certifications requiring computations establishing that Debt Service coverage is sufficient to authorize to support the issuance of Additional Parity Bonds or that requisite Debt Service savings are available to support the issuance of refunding bonds shall, in all cases, be evidenced by a certificate of an independent certified public accountant.

No additional bonds, notes, certificates, contracts or any other obligations (the "Additional Debt") shall be issued by the Issuer unless no Event of Default shall have occurred and be continuing with respect to the Series 1998 Bonds.

Subordinate Debt

Any debt of the Issuer which is subordinate to the lien of the Bondholders on the Gross Revenues, shall provide that such debt may not be accelerated.

Subordination Provisions Applicable to Subordinated Debt

(a) The indebtedness evidenced by subordinated debt and any renewals or extensions thereof, shall at all times be wholly subordinate and junior in right of payment to any and all indebtedness of the Issuer under the Ordinance or the Series 1998 Bonds (herein called "Superior Indebtedness"), in the manner and with the force and effect hereafter set forth:

(1) In the event of any liquidation, dissolution or winding up of the Issuer, or of any execution, sale, receivership, insolvency, bankruptcy, liquidation, readjustment, reorganization, or other similar proceeding relative to the Issuer or its property, all principal and interest owing on all Superior Indebtedness shall first be paid in full before any payment is made upon the indebtedness evidenced by the subordinated debt, provided, however, that, except for Gross Revenues, this sentence shall not apply to payments made on such subordinated indebtedness from the proceeds of collateral specifically securing such subordinated debt; and in any such event any payment or distribution of any kind or character from sources other than the proceeds of collateral specifically securing the subordinated debt, except for Gross Revenues, whether in cash, property or securities (other than in securities, including equity securities, or other evidences of indebtedness, the payment of which is subordinated to the payment of all Superior Indebtedness which may at the time be outstanding) which shall be made upon or in respect of the subordinated debt shall be paid over to the holders of such Superior Indebtedness, pro rata, for application in payment thereof unless and until such Superior Indebtedness shall have been paid or satisfied in full;

(2) In the event that the subordinated debt is declared or become due and payable because of the occurrence of any event of default hereunder or otherwise that at the option of the Issuer, under circumstances when the foregoing clause (1) shall not be applicable, the holders of the subordinated debt shall be entitled to payments only after there shall first have been paid in full all Superior Indebtedness outstanding at the time the subordinated debt so becomes due and payable because of any such event, or payment shall have been provided for in a manner satisfactory to the holders of such Superior Indebtedness, provided, however, that, except for Gross Revenues, this sentence shall not apply to payments made on such subordinated indebtedness from the proceeds of collateral specifically securing such subordinated debt; and

(b) Any default in the covenants contained in this section shall be an immediate "Event of Default" without regard to any "grace period" otherwise contained herein.

(c) If the holder of the Subordinated Indebtedness is a commercial bank, savings bank, savings and loan association or other financial institution which is authorized by law to accept and hold deposits of money or issue certificates of deposit, such holder must agree to waive any common law or statutory right of setoff with respect to any deposits of the Issuer maintained with or held by such holder.

Redemption

Redemption of the Series 1998 Bonds shall be permitted at any time without AGIC's prior written consent so long as funds for such redemption are irrevocably deposited with the Paying Agent prior to rendering notice of redemption to the Bondholders, or in the alternative, the notice expressly states that such redemption is subject to the deposit of funds by the Issuer.

Reserve Account

Any withdrawal from the Reserve Account shall be replenished in not more than twelve equal monthly payments immediately succeeding such withdrawal. Any deficiency in the Reserve Account determined upon the quarterly valuation thereof, shall be replenished in not more than three equal monthly payments prior to the next succeeding valuation date.

Investments and Valuation

All funds shall be invested only in Permitted Investments.
