BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF THE CLAYWOOD PARK PUBLIC SERVICE DISTRICT:

ARTICLE I
STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order, resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act") and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Claywood Park Public Service District (the "Issuer") is a public service district, public corporation and political subdivision of the State of West Virginia in Wood and Wirt Counties of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements to the Issuer's existing public sewerage facilities, including the additions, betterments and improvements described in Exhibit A hereto (collectively, the "Project") (the Issuer's existing sewerage facilities, the Project and any further additions thereto or extensions thereof are herein called the "System") in accordance with the plans and specifications prepared by Cerrone Associates, Inc., Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The acquisition and construction of the System was financed in part with the proceeds from \$2,801,862 in principal amount of the Issuer's Sewerage System Revenue Bond, Series A (the "Series 1989 A Bond") and \$415,340 in principal amount of the Issuer's Sewerage System Revenue Bond, Series B (the "Series 1989 B Bond") (collectively, the "Prior Bonds"), issued on October 10, 1989, authorized pursuant to a Bond Resolution adopted by the Issuer on October 10, 1989, as supplemented and amended by a First Supplemental Resolution adopted on October 10, 1989 (collectively, the "Prior Resolution").

D. The Issuer derives revenues from the System, and, except for the pledge thereof to secure and pay the Prior Bonds, said revenues are not pledged or encumbered in any manner.

E. The estimated maximum cost of the acquisition and construction of the Project and issuance of the Series 2001 Bonds, as hereinafter defined, is \$2,200,000, of which \$400,000 will be paid from a grant from the West Virginia Infrastructure and Jobs Development Council and the balance of which will be permanently financed with the proceeds of the Issuer's Sewer Revenue Bonds, Series 2001 (West Virginia SRF Program) in the original principal amount of \$1,800,000 (the "Series 2001 Bonds") herein authorized.

F. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Series 2001 Bonds and the Prior Bonds, and all sinking funds, reserve accounts and other payments provided for herein and in the Prior Resolution.

G. It is further deemed necessary for the Issuer to issue the Series 2001 Bonds, in the total aggregate principal amount of not more than \$1,800,000, to permanently finance a portion of the costs of acquisition and construction of the Project, as hereinafter defined. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2001 Bonds prior to and during construction and acquisition and for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Series 2001 Bonds Reserve Account, as hereinafter defined; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2001 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2001 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

H. The period of usefulness of the System after completion of the Project is not less than 30 years.

I. It is in the best interest of the Issuer that its Series 2001 Bonds be issued and sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a bond purchase agreement by and among the Issuer, the Authority and the West Virginia Division of Environmental Protection, a division of the West Virginia Bureau of Environment (the "DEP"), the execution, delivery and form of which are ratified and approved herein.

J. The Issuer has met the requirements of the Prior Resolution for the issuance of the Series 2001 Bonds on a parity with the Prior Bonds. Prior to the issuance of the Series 2001 Bonds, the Issuer will obtain (1) a certificate of an Independent Certified Public Accountant stating that the parity tests of the Prior Bonds have been met and (2) the written consent from the Holder of the Prior Bonds to issue the Series 2001 Bonds on a parity with the lien on the Net Revenues of the Holders of the Series 1989 A Bonds and senior to the lien on the Net Revenues of the Holders of the Series 1989 B Bonds. Other than the Prior Bonds, there are no outstanding bonds or other obligations of the Issuer which are secured by revenues or assets of the System.

K. The Series 2001 Bonds shall be issued with a lien on the Net Revenues, as hereinafter defined, on a parity with the lien held by the Holders of the Series 1989 A Bonds and senior to the lien held by the Holders of the Series 1989 B Bonds.

L. The Issuer has complied with all requirements of West Virginia law and the Bond Purchase Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, and issuance of the Series 2001 Bonds or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the Council (as hereinafter defined) and the obtaining of a Certificate of Public Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which has expired prior to the issuance of the Series 2001 Bonds or has been waived by all necessary parties.

M. The Project has been reviewed and determined to be technically and financially feasible by the Council (as hereinafter defined) as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

N. To finance a portion of the costs of the design of the Project, the Issuer has previously issued its Sewerage System Design Notes, Series 1998 (West Virginia Infrastructure Fund) (the "Notes"), in the principal amount of \$108,500, bearing no interest. The Issuer will pay in full the entire outstanding principal of the Notes, together with an administrative fee of \$3,255, with a portion of the proceeds of the Series 2001 Bonds.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Bonds, as the case may be, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Section 3.02. Terms of Bonds. The Series 2001 Bonds shall bear interest, if any, at such rate or rates, not exceeding the then legal maximum, payable quarterly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution or as specifically provided in the Bond Purchase Agreement. The Series 2001 Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Series 2001 Bonds, if any, shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Any Series 2001 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2001 Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 shall have been manually executed by the Bond Registrar. Subject to the provisions for transfer of registration set forth below, the Series 2001 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting any of said Series 2001 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bond shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Series 2001 Bonds remain Outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain the books for the registration and transfer of the Series 2001 Bonds.

The registered Series 2001 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2001 Bonds or transferring the registered Series 2001 Bonds are exercised, Series 2001 Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2001 Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2001 Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2001 Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2001 Bonds or, in the case of any proposed redemption of Series 2001 Bonds, next preceding the date of the selection of Series 2001 Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2001 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2001 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Series 2001 Bonds Reserve Account. No holder or holders of any of the Series 2001 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2001 Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues, Lien Positions With Respect to Prior Bonds. The payment of the debt service of all the Series 2001 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the Series 1989 A Bonds and senior and prior to the lien on such Net Revenues in favor of the Holders of the Series 1989 B Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Prior Bonds and the Series 2001 Bonds and to make the payments into the Sinking Funds and

the Reserve Accounts therein, are hereby irrevocably pledged to the payment of the principal of and interest on the Prior Bonds and the Series 2001 Bonds as the same become due.

Any withdrawals from the Series 2001 Bonds Reserve Account which result in a reduction in the balance of the Series 2001 Bonds Reserve Account to below the Series 2001 Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2001 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2001 Bonds Sinking Fund or into the Series 2001 Bonds Reserve Account therein when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2001 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest and reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 1989 A Bonds and the Series 2001 Bonds, in accordance with the respective principal amounts then Outstanding and thereafter, to the Series 1989 B Bonds.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2001 Bonds Sinking Fund and the Series 2001 Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2001 Bonds Sinking Fund and the Series 2001 Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2001 Bonds Sinking Fund, including the Series 2001 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2001 Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve account payments with respect to the Series 2001 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of the Bond Legislation. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission, the SRF Administrative Fee as set forth in the Schedule Y attached to the Bond Purchase Agreement.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Bond Purchase Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds and accounts, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds and accounts during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent, the Revenue Fund Bank or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent, the Revenue Fund Bank or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The moneys in excess of the maximum amount insured by FDIC in all funds and accounts on deposit with the Depository Bank or the Revenue Fund Bank shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as

payments are to be made pursuant to this section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

J. All Tap Fees shall be deposited by the Issuer, as received, in the Series 2001 Bonds Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ARTICLE VI
BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from time to time from the sale of any or all of the Series 2001 Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2001 Bonds, there shall first be deposited with the Commission in the Series 2001 Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2001 Bonds for the period commencing on the date of issuance of the Series 2001 Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 2001 Bonds, there shall be deposited with the Commission in the Series 2001 Bonds Reserve Account the sum, if any, set forth in the Supplemental Resolution for funding of the Series 2001 Bonds Reserve Account.

C. Next, from the proceeds of the Series 2001 Bonds, there shall first be credited to the Series 2001 Bonds Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, together with interest accrued thereon to the date of such payment and any administrative fees payable in connection therewith, not otherwise paid from funds of the Issuer, including, without limitation, the Notes.

D. As the Issuer receives advances of the remaining moneys derived from the sale of the Series 2001 Bonds, such moneys shall be deposited with the Depository Bank in the Series 2001 Bonds Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. After completion of construction of the Project, as certified by the Consulting Engineers, and all Costs have been paid, any remaining proceeds of the Series 2001 Bonds shall be used to fund the Series 2001 Bonds Reserve Account, if not funded upon issuance of the Bonds, in an amount not to exceed the Series 2001 Bonds Reserve Requirement; provided that, in no event shall more than 10% of the proceeds of the Series 2001 Bonds be deposited in the Series 2001 Bonds Reserve Account, and if any such proceeds remain after funding the Series 2001 Bonds Reserve Account, the same shall be expended as directed by the Authority and DEP.

F. The Depository Bank shall act as a trustee and fiduciary for the Holder of the Series 2001 Bonds with respect to the Series 2001 Bonds Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Series 2001 Bonds Construction Trust Fund set forth in the Bond Legislation. Moneys in the Series 2001 Bonds Construction Trust Fund

shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 2001 Bonds.

Section 6.02. Disbursements From the Series 2001 Bonds Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the DEP and the Authority a report listing the specific purposes for which the proceeds of the Series 2001 Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2001 Bonds Construction Trust Fund (except for costs of issuance of the Series 2001 Bonds which shall be paid upon the request of the Issuer) shall be made only after submission to, and approval from, the Authority and DEP of the following:

A. A "Payment Requisition Form," the form of which is attached to the Bond Purchase Agreement as Exhibit C, in compliance with the construction schedule; and

B. A certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

1. None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;
2. Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;
3. Each of such costs has been otherwise properly incurred; and
4. Payment for each of the items proposed is then due and owing.

All payments made from the Series 2001 Bonds Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Series 2001 Bonds Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Series 2001 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Series 2001 Bonds Construction Trust Fund to the Series 2001 Bonds Reserve Account, and when fully funded any such remaining moneys shall be expended as directed by the Authority and DEP.

ARTICLE VII
ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2001 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2001 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Series 2001 Bonds or the interest thereon, if any, is Outstanding and unpaid.

Section 7.02. Series 2001 Bonds not to be Indebtedness of the Issuer. The Series 2001 Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any of the Series 2001 Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest, if any, thereon.

Section 7.03. Series 2001 Bonds Secured by Pledge of Net Revenues; Lien Positions With Respect to Prior Bonds. The payment of the debt service of the Series 2001 Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System on a parity with the lien on such Net Revenues in favor of the Holders of the Series 1989 A Bonds, and senior and prior to the lien on said Net Revenues in favor of the Holders of the Series 1989 B Bonds. Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest, if any, on the Prior Bonds and the Series 2001 Bonds and to make the payments into all funds and accounts, and all other payments provided for in the Bond Legislation and the Prior Resolution are hereby irrevocably pledged, in the manner provided herein, to such payments as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Bond Purchase Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Commission Order of the Public Service Commission entered on November 2, 1999, in Case No. 99-0499-PSD-42A and such rates are hereby adopted.

So long as the Series 2001 Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary

to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2001 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolution. Additionally, so long as the Series 2001 Bonds are Outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Prior Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2001 Bonds and Prior Bonds, immediately be remitted to the Commission for deposit in the Series 2001 Bonds Sinking Fund and the Series 1989 A Bonds Sinking Fund, respectively, pro rata, with respect to the principal amount of the Series 2001 Bonds and Series 1989 A Bonds then Outstanding, and once the Series 2001 Bonds and the Series 1989 A Bonds have been paid in full, the balance, if any, shall be applied to the Series 1989 B Bonds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2001 Bonds and Prior Bonds in such manner. Any balance remaining after the payment of all the Series 2001 Bonds and Prior Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may

then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property shall with the written consent of the Authority be remitted to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of the Bonds of the last maturities then outstanding at prices not greater than par value thereof plus 3% of such par value. Such payment of such proceeds into the Renewal and Replacement Fund and the Sinking Funds shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds and Prior Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07, so long as any of the Series 2001 Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2001 Bonds. All obligations issued by the Issuer after the issuance of the Series 2001 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2001 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein at the time of the issuance of such subordinate obligations have been made and are current. Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2001 Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Series 2001 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as any of the Prior Bonds are Outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2001 Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2001 Bonds, and must have the prior written consent of the Authority and the DEP.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of the Prior Bonds and/or the Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the said Independent Certified Public Accountants on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and

security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2001 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2001 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation and the Prior Resolution with respect to the Series 2001 Bonds and Prior Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds requesting the same, an annual report containing the following:

- A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation with respect to said Bonds and the status of all said funds and accounts.
- C. The amount of any Bonds or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation, and that the Issuer's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also

provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Bond Purchase Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2001 Bonds, equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2001 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2001 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit, respectively, in the Series 2001 Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2001 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2001 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2001 Bonds, including the Prior Bonds.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. The Issuer, by the unanimous consent and approval of the Governing Body, may amend the budget during the subject Fiscal Year provided that the budget remains balanced after such amendment. If the budget is so amended, a copy of the amended budget shall be submitted to the Authority and the DEP within 15 days of the adoption of such amendment. After the adoption of any such amendment, the budget, as amended, shall be the budget of the Issuer for the balance of the subject Fiscal Year unless it is amended in the manner permitted above. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written

finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget, any amendments thereto and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets, any amendments thereto and resolutions be furnished him or her and shall make available such budgets, any amendments thereto and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement as Exhibit B, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate from the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Bond Purchase Agreement as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed.

Upon any subsequent default, any Holder of any Bonds, shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Holders of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds, and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and DEP is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider; and

(xxi) That the Local Government shall submit all proposed change orders to the DEP for written approval. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting

The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to purchase the Local Bonds shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to purchase the Local Bonds.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to Section 4.2 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Local Bonds next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

Miscellaneous

7.1 Schedules X and Y shall be attached to this Bond Purchase Agreement by the Authority as soon as practicable after the Date of Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Bond Purchase Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Bond Purchase Agreement, and this Bond Purchase Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Bond Purchase Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Bond Purchase Agreement.

7.4 No waiver by any party of any term or condition of this Bond Purchase Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor

shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Bond Purchase Agreement.

7.5 This Bond Purchase Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Local Bonds and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Bond Purchase Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Bond Purchase Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Local Bonds and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Local Bonds purchased under this Bond Purchase Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to purchase the Local Bonds. In the event funds are not appropriated or otherwise available to purchase all of the Local Bonds, the responsibility of the Authority and DEP to purchase the Local Bonds is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Local Bonds is not terminated due to such non-funding on any balance of the Local Bonds. The DEP agrees to use its best efforts to have the amount contemplated under this Bond Purchase Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this Bond Purchase Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Bond Purchase Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

1. You will need a copy of the current fiscal year budget adopted by the Local Government to complete Items 1 and 2. In Item 1, provide the amount of actual gross revenues for the current month and the total amount year to date in the respective columns. Divide the budgeted annual gross revenues by 12. For example, if gross revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($1200/12$). This is the incremental amount for the Budget Year to Date column.
2. In Item 2, provide the amount of actual operating expenses for the current month and the total amount year to date in the respective columns. The SRF administrative fee should be included in the operating expenses. Divide the budgeted annual operating expenses by 12. For example, if operating expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($900/12$). This is the incremental amount for the Budget Year to Date column.
3. In Item 3, provide the principal, interest and reserve account payments for all the outstanding bonds of the Local Government other than this Bond.
4. In Item 4, provide the principal, interest and reserve account payments for this Bond. You need to call the Municipal Bond Commission for the exact amount of these payments and when they begin.
5. In Item 5, provide the amount deposited into the Renewal and Replacement Fund each month. This amount is equal to 2.5% of gross revenues minus the total reserve account payments included in Items 3 and 4. If gross revenues are \$12,000, the Renewal and Replacement Fund should have an amount of \$300 (2.5% of \$12,000), LESS the amount of all reserve account payments in Items 3 & 4. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Government.
6. The Local Government must complete the Monthly Financial Report and forward it to the DEP by the 10th day of each month, commencing on the date contracts are executed for the construction of the Project and for 2 years following the completion of the Project. DEP will notify the Local Government when the Monthly Financial Report no longer needs to be filed.

West Virginia Division of Environmental Protection

Charleston, WV 25301

Ladies and Gentlemen:

We are bond counsel to _____ (the "Local Government"), a
_____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a bond purchase agreement dated ____, ____, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), among the Local Government, the West Virginia Water Development Authority (the "Authority") and the West Virginia Division of Environmental Protection (the "DEP"), and (ii) the issue of a series of revenue bonds of the Local Government, dated _____, __ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Local Bonds are issued in the principal amount of \$ _____, in the form of one bond, registered as to principal only to the Authority, with principal payable quarterly on March 1, June 1, September 1, and December 1 of each year, beginning ____ 1, ____, and ending ____ 1, ____, all as set forth in the "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the

Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Local Government on _____, as supplemented by the supplemental resolution duly adopted by the Local Government on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Bond Purchase Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government enforceable in accordance with the terms thereof.

2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.

3. The Local Government is a duly organized and presently existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Local Government and constitute valid and binding obligations of the Local Government enforceable against the Local Government in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid and legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the Public Service Commission of West Virginia, in the City of Charleston, on the 5th day of December, 2000.

CASE NO. 00-0016-PSD-CN (REOPENED)

CLAYWOOD PARK PUBLIC SERVICE DISTRICT,
a public utility.

Application for a certificate of convenience and necessity for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County consisting of one lift station, 44 grinder pumps, approximately 3.3 miles of 6-inch and 8-inch gravity sewers and approximately 4.4 miles of 6-inch, 3-inch, 2-inch and 1-1/4-inch pressure sewers.

COMMISSION ORDER

On March 24, 2000, Claywood Park Public Service District (District), a public utility, filed an application for a certificate of convenience and necessity for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County, said extensions consisting of one lift station, 44 grinder pumps and approximately 7.7 miles of gravity and pressure sewers.

By Order entered July 14, 2000, final August 3, 2000, a certificate of convenience and necessity was granted to Claywood Park Public Service District for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County, consisting of one lift station, 44 grinder pumps, approximately 3.3 miles of gravity sewers and approximately 4.4 miles of 6-inch, 3-inch, 2-inch and 1-1/4-inch pressure sewers, all as set forth in the application filed on March 24, 2000. Further, the permanent financing, consisting of a Division of Environmental Protection, State Revolving Fund, Loan for an amount not to exceed \$2,200,000 at an interest rate not to exceed 0% and an administration fee not to exceed 0.5%, for a period not to exceed 30 years, was approved.

On November 16, 2000, the District filed a petition to reopen this matter and obtain Commission approval of revised project funding and the acceptance of a West Virginia Infrastructure and Jobs Development Council (WVIJDC) Grant in the amount of \$400,000.

The funding has been revised to include the WVIJDC Grant and a corresponding reduction of the Clean Water SRF (CWSRF) loan as administered by the West Virginia Division of Environmental Protection. The funding package is as follows:

| | As approved | As revised | Increase |
|---------------|-----------------------------|-------------------|------------------|
| CWSRF | \$2,200,000 | \$1,800,000 | (\$400,000) |
| WVIJDC Grant | <u> </u> | <u>\$ 400,000</u> | <u>\$400,000</u> |
| Total Funding | \$2,200,000 | \$2,200,000 | |

In as much as the revised funding is all grant funds, and there will not be any additional debt service, there will be no impact on rates. Additionally, there was no increase in rates proposed in the original certificate case. The additional grant funding and the reduction in debt service attributable to such reduction of the CWSRF loan will result in a debt service reduction of approximately \$13,400 per annum. The reduction in the debt service will lead to an approximate \$13,764 surplus. The District's rates were last adjusted by Commission Order in Case No. 99-0499-PSD-42A, entered November 2, 1999.

In an Initial and Final Joint Staff memorandum filed on December 4, 2000, Commission Staff recommended that this case be reopened, that the District's petition be approved to allow the District to accept a WVIJDC grant in an amount not to exceed \$400,000 and that its revised funding be amended to reflect a CWSRF loan in an amount not to exceed \$1,800,000 at an interest rate not to exceed 0% subject to an administrative fee not to exceed 0.5% for a period not to exceed 30 years. According to memorandum filed by Technical Staff, Staff reviewed the previous rate case and determined that the District has average plant additions of \$10,000 per year which would leave a surplus of approximately \$4,000. At this time, Staff does not recommend any change in the previously approved rates.

The Commission shall grant the District's petition and reopen this matter for the purpose of approving the proposed final project budget for the construction, operation and maintenance of extensions to the District's existing wastewater collection system.

FINDINGS OF FACT

CASE NO. 00-0016-PSD-CN

CLAYWOOD PARK PUBLIC SERVICE DISTRICT,
a public utility.

Application for a certificate of convenience and necessity for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County consisting of one lift station, 44 grinder pumps, approximately 3.3 miles of 6-inch and 8-inch gravity sewers and approximately 4.4 miles of 6-inch, 3-inch, 2-inch and 1-1/4-inch pressure sewers.

RECOMMENDED DECISION

on March 24, 2000, Claywood Park Public Service District (District), a public utility, filed an application for a certificate of convenience and necessity for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County, said extensions consisting of one lift station, 44 grinder pumps and approximately 7.7 miles of gravity and pressure sewers.

The District estimates construction of the project to cost approximately \$2,200,000. It proposes to finance the construction of the project through a loan not to exceed \$2,500,000, to be provided through the State Revolving Fund (SRF) administered by the West Virginia Division of Environmental Protection (DEP), at interest rates not to exceed the legal limits for borrowing. In addition, the District proposes to enter into an interim financing arrangement for an amount not to exceed \$2,200,000, for the purpose of providing interim construction financing for the project, with the Bank of WesBanco for a term not to exceed December 31, 2001, at an interest rate not to exceed the variable rate tied to the prime rate, currently 8 3/4%, to be repriced daily thereafter.

By Notice of Filing Order entered On March 24, 2000, the Applicant was directed to give notice of its application by publishing a copy of the Notice of Filing Order, once in a newspaper duly qualified by the Secretary of State, published and of general circulation in Wood County. If no public protest is timely filed in response to the published Notice, the Commission is authorized to render a decision without a hearing, by virtue of the provisions of West Virginia Code §24-2-11.

On April 3, 2000, this matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before September 21, 2000.

On June 6, 2000, an affidavit of publication was filed, showing that publication was made on May 23, 2000, in The Parkersburg News, a newspaper of general circulation in Wood County. Anyone objecting to the application was given thirty days to file a protest with the Commission. The protest period expired on June 22, 2000. As of the date of this Order, no protests have been filed.

On July 6, 2000, Ronald E. Robertson, Jr., Staff Attorney, filed the Final Joint Staff Memorandum in this proceeding, attached to which was the Final Internal Memorandum prepared by James Spurlock, Technical Analyst, Engineering Division, and Robert M. Hubbard, Senior Utilities Analyst, Water and Wastewater Division. According to Staff, the proposed collection facilities consist of 3.3 miles of gravity sewers, 4.4 miles of pressure sewers and force mains, and one lift station. The system will connect to the District's existing sewer system, and flow to the existing wastewater treatment plant at Cedar Grove. The total project cost is \$2,200,000. This results in a cost per customer of \$11,640. Customer density is 25 customers per mile. Staff has reviewed the construction cost estimate and feels that it is reasonable for the scope of the project.

The District anticipates additional operation and maintenance expenses of \$17,427 per year. Staff is of the opinion that these expenses were reasonably estimated.

Staff noted that the project area currently utilizes individual septic systems, and direct discharge of raw sewage into area streams and ditches. A trailer park and elementary school have pre-package plants, whose discharge permits expire when public sewage becomes available. The facilities plan for this project documents that the proposed facilities are the most cost-effective solution for providing sewer service to the area.

According to Staff, the project is estimated at a cost of \$2,200,000, and is to be fully funded with the proceeds of a loan from the SRF as administered by the DEP. The loan is for an amount not to exceed \$2,200,000, at an interest rate not to exceed 0% for a term not to exceed 30 years. According to the confirmation of funding letter dated March 14, 2000, the loan will be subject to an annual administrative fee not to exceed 0.5%. The loan is to be amortized over a period not to exceed 30 years with an annual payment equal to \$73,333. In its Rule 42 Exhibit, the District forecast the annual administrative fee at 1.0%, an amount equal to \$11,913 per annum. Staff has calculated the annual administrative fee at 0.5% to be \$5,291 averaged over the life of the loan. Additionally, the District will be required to fund a debt service reserve at 10%, for an annual amount equal to \$7,333, and a renewal and replacement reserve at 2.5% of its annual revenue, which equates to \$2,917 per annum. Additionally, the District has furnished a copy of an interim financing agreement with the Bank of WesBanco for an amount not to exceed \$2,200,000.

Staff noted that the proposed project will not have an impact on the District's current rates. The District's rates were last adjusted

in Case No. 99-0499-PSD-42A. The District has proposed charging the 189 new customers who will be added by the proposed project the District's current tariff rates which will generate revenue of \$116,678 per annum. A minimum monthly bill is \$11.58 and an average monthly bill is \$44.64, which is based upon water usage of 4,500 gallons per month. The average monthly bill is the same as that charged to customers with a non-metered water supply. Staff has not attached a tariff for the additional new customers as it would be identical to the current tariff on file with this Commission.

Staff recommended that the District's sewer certificate project be approved without a hearing and contingent upon receipt of a permit from the DEP.

On July 7, 2000, the DEP granted WV/NPDES Water Pollution Control Permit No. WV0043991, dated June 26, 2000, to Claywood Park Public Service District for this project.

FINDINGS OF FACT

1. On March 24, 2000, Claywood Park Public Service District filed a certificate application with the Commission for approval of a sewer project. (See, Application).

2. By Notice of Filing Order entered on March 24, 2000, the District was directed to provide public notice of this application. (See, Order entered March 24, 2000).

3. The District filed an affidavit of publication in this proceeding indicating that the required Notice was published on May 23, 2000, in The Parkersburg News. (See, Affidavit of Publication filed June 6, 2000).

4. The thirty-day protest period expired on June 22, 2000, with no protests having been filed. (See, case file generally).

5. The DEP has indicated its approval of this project by issuing Permit No. WV0043991. (See, letter and permit filed July 7, 2000).

6. The total project cost is estimated to be \$2,200,000, and the District is proposing to finance the project with a loan at 0% interest from the SRF as administered by the DEP. (See, Final Joint Staff Memorandum filed July 5, 2000).

7. The project area currently utilizes individual septic tanks, and direct discharge of raw sewage into area streams and ditches. A trailer park and elementary school have pre-package plants, whose discharge permits expire when public sewage becomes available. (See, Final Joint Staff Memorandum filed July 5, 2000).

8. Staff is of the opinion that the project is in the public interest and that the funding should be approved. (See, Final Joint Staff Memorandum filed July 5, 2000).

CONCLUSIONS OF LAW

1. The public convenience and necessity require the proposed project.
2. The proposed project will provide adequate service.
3. The proposed project is adequately financed and is economically feasible.
4. Good cause has been shown to waive formal hearing in this matter, pursuant to West Virginia Code §24-2-11, since no protests have been received to the project.
5. Any changes in the scope of this project and/or its funding shall require further approval of the Public Service Commission.

ORDER

IT IS, THEREFORE, ORDERED that a certificate of convenience and necessity be, and it hereby is, granted to Claywood Park Public Service District for the construction, operation and maintenance of extensions to its existing wastewater collection system to serve approximately 189 new customers in the Kanawha area of Wood County, consisting of one lift station, 44 grinder pumps, approximately 3.3 miles of gravity sewers and approximately 4.4 miles of 6-inch, 3-inch, 2-inch and 1-1/4-inch pressure sewers, all as set forth in the application filed on March 24, 2000.

IT IS FURTHER ORDERED that the permanent financing, consisting of a Division of Environmental Protection, State Revolving Fund, Loan for an amount not to exceed \$2,200,000 at an interest rate not to exceed 0% and an administration fee not to exceed 0.5%, for a period not to exceed 30 years, be, and the same hereby is, approved.

IT IS FURTHER ORDERED that the interim financing in an amount not to exceed \$2,200,000 through WesBanco for a term not to exceed December 31, 2001, at an interest rate not to exceed the variable rate tied to the prime rate, be, and the same hereby is, approved.

IT IS FURTHER ORDERED that Claywood Park Public Service District shall file a notice of the actual in-service date of the project within ten (10) days of the date that this project becomes operational.

IT IS FURTHER ORDERED that, if there are changes to the cost, scope, financing or design of the project, as certificated herein, Claywood Park Public Service District shall petition the Commission for approval of such changes prior to commencing construction.

IT IS FURTHER ORDERED that a formal hearing in this matter be waived, pursuant to West Virginia Code §24-2-11, for the reasons that no protests were received after publication and there remains no outstanding issues to be litigated.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

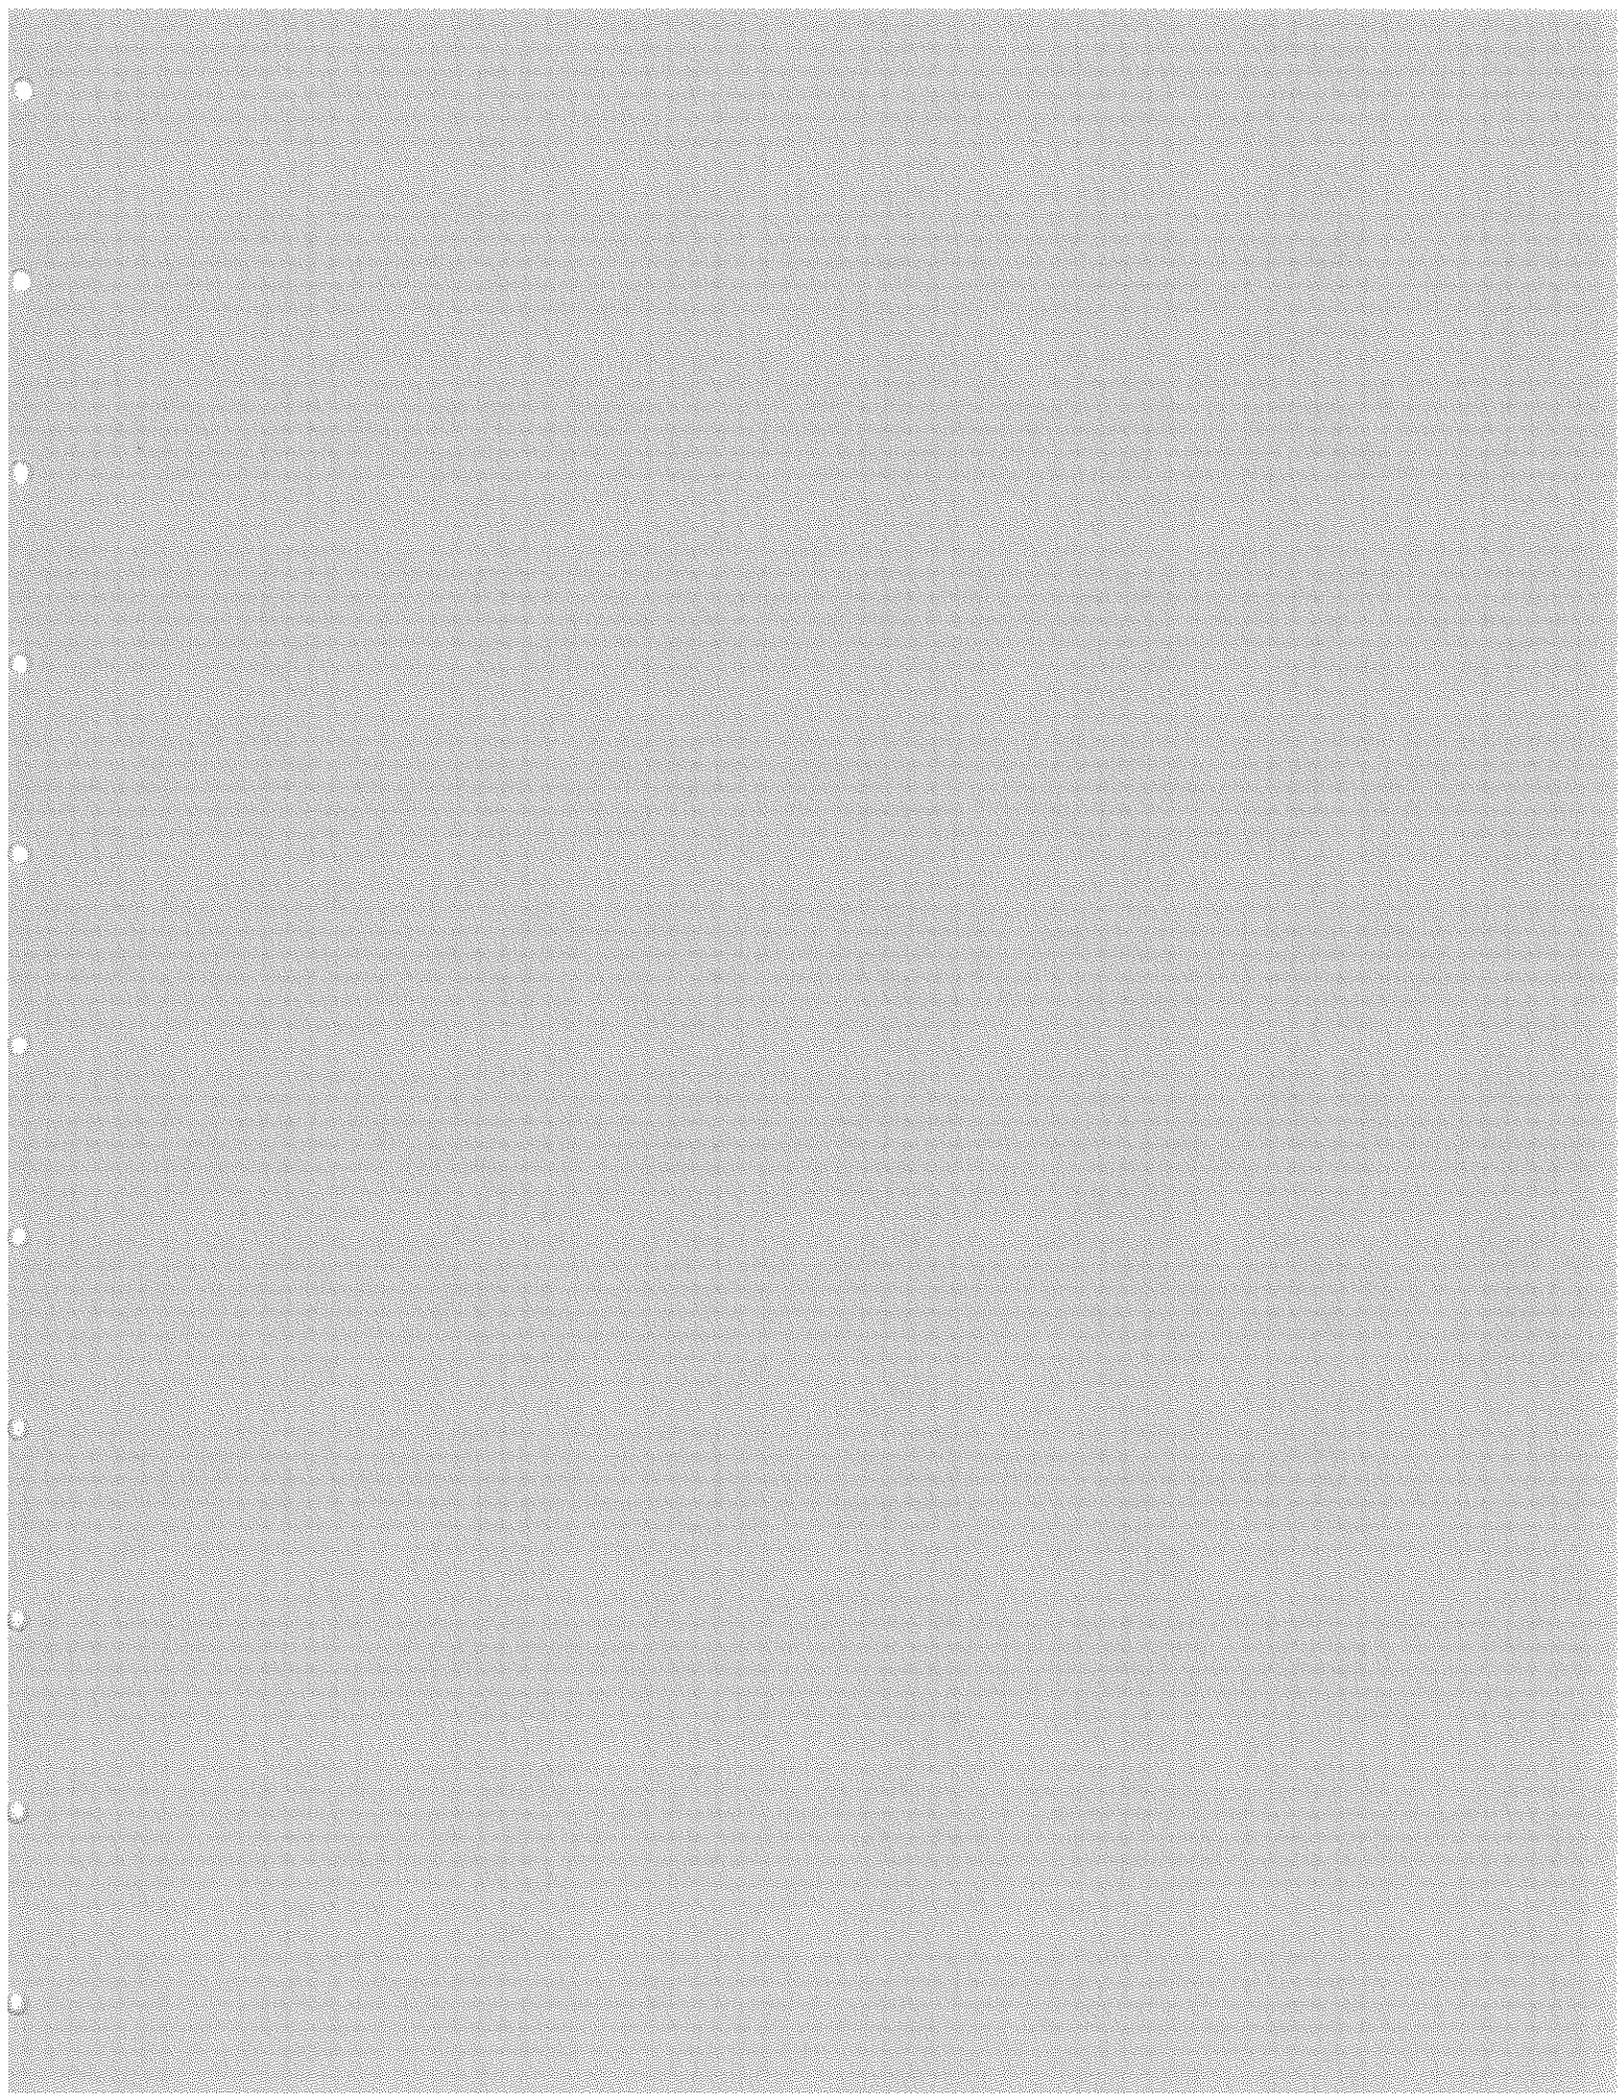

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

FINAL11-2-99

CASE NO. 99-0499-PSD-42A

CLAYWOOD PARK PUBLIC SERVICE DISTRICT,
a public utility, Parkersburg, Wood County.
Rule 42-A application to increase
sewer rates and charges.

RECOMMENDED DECISION

On April 13, 1999, Claywood Park Public Service District (Utility) filed an application, pursuant to Rule 42-A of the Commission's Tariff Rules, to increase rates and charges by approximately 5.37% annually, increasing its annual operating revenue approximately \$26,000 for providing sewer service to its customers in Wood County.

On May 6, 1999, the Commission entered its Referral Order. The Commission established a due date of September 10, 1999, for the Staff Report. The Commission also established a decision due date of November 9, 1999.

On May 21, 1999, a letter of protest was filed containing the signatures of seven individuals: Robert C. Wolverton, Helen B. Wolverton, James L. Wolverton, Hilda Rankin, Elizabeth Keffer, Edna Foster and Hazel Poole.

By Procedural Order issued June 2, 1999, a hearing was set for October 5, 1999. The Procedural Order also required the Utility to publish notice of its hearing.

On September 14, 1999, Staff filed its report four days later than required by the May 6, 1999 Commission Order. Staff recommended that the Utility increase its rates by 13% across-the-board.

By Procedural Order issued September 16, 1999, the Utility was required to publish notice of the hearing and the Staff-recommended rates. On October 7, 1999, the Utility filed an affidavit of publication indicating that the notice was properly published in Wood County.

The hearing was held as scheduled. Steven R. Hardman, Esquire, appeared on behalf of the Utility. Ronald E. Robertson, Esquire, appeared on behalf of Staff.¹

EVIDENCE

The Utility serves 934 sewer customers in Wood County. (Staff Ex. 1). The Utility has four sewer employees which include its chief operator. (Staff Ex. 1). The Utility owns and operates two separate treatment and collection facilities. (Staff Ex. 1). The Scenic Hills system serves 17 customers and is a gravity flow system with a lagoon. (Staff Ex. 1). The main system serves 917 customers around Community Acres and is a vacuum collection system with an SBR type treatment plant. (Staff Ex. 1).

The Utility is under an order from the W.Va. Division of Environmental Protection (DEP) which requires the Utility to upgrade its Scenic Hills facility. (Staff Ex. 1). The Utility will be required to install a new chlorine contact tank at an estimated cost of \$12,000. (Staff Ex. 1). Staff recommends approval of the Utility borrowing \$12,000 to fund this upgrade. (Staff Ex. 1). The money will be borrowed from the water side of the Utility at an interest rate of 4.95% for a period of three years. (Tr. 23).

Although the Utility is requesting an increase in its tap fee to \$750, Staff is recommending that it remain at \$200. (Staff Ex. 1). Staff indicates that the Utility is funding new taps out of its "New Connection Reserve Account" which is funded in this proceeding. (Staff Ex. 1). Staff indicated that the account had a balance of \$33,582 as of June 30, 1999. (Staff Ex. 1).

The current tariff contains a customer charge of \$10.25 plus \$6.50 per 1,000 gallons used. (Staff Ex. 1). The current unmetered rate is \$39.50. (Staff Ex. 1).

Since the test year, the Utility has granted its employees a pay increase. (Staff Ex. 1). The current rate increase application is the first rate increase the Utility has requested since 1995. (Staff Ex. 1).

Staff indicated that the Utility is maintaining its books and records in conformance with the Commission's Rules. (Staff Ex. 1).

Staff recommended an across-the-board increase of 13%. (Staff Ex. 1). The Staff-recommended rates are a customer charge of \$11.58 plus

¹One individual, Pauline O. Remple appeared to protest the rate increase. Ms. Remple moved for intervenor status but her motion was denied when it was determined that she was not a sewer customer of the Utility.

\$7.34 per thousand gallons. (Staff Ex. 1). The Staff-recommended rates will provide for a cash surplus of \$321 and a debt service coverage factor of 116.12%. (Staff Ex. 1 and 2)².

The Utility indicated that it agreed with the Staff-recommended rates as originally proposed and agreed with the other Staff recommendations. (Tr. 10, 25, 26).

DISCUSSION

The Staff-recommended rates should be approved for use by the Utility.

The Utility should be permitted to borrow \$12,000 to upgrade its Scenic Hills facility at 4.95% for three years from its water operations. The upgrade is required to ensure that the facility is in compliance with a DEP order.

FINDINGS OF FACT

1. On April 13, 1999, Claywood Park Public Service District filed an application to increase rates and charges by approximately 5.37% annually, increasing its annual operating revenue approximately \$26,000 for providing sewer service to its customers in Wood County. (See application).

2. On May 21, 1999, a letter of protest was filed containing the signatures of seven individuals: Robert C. Wolverton, Helen B. Wolverton, James L. Wolverton, Hilda Rankin, Elizabeth Keffer, Edna Foster and Hazel Poole. (See protest letter).

3. On September 14, 1999, Staff filed its report four days later than required by the May 6, 1999 Commission Order. Staff recommended that the Utility increase its rates by 13% across-the-board. (See Staff report).

4. The Utility serves 934 sewer customers in Wood County. (Staff Ex. 1).

²Staff had originally calculated that the District would have a cash surplus of \$9,905 and a coverage of 120.63%, but it made an error in the amount of debt service the Utility was obligated to pay. The error was in the amount of approximately \$9,584. Staff was prepared to recalculate its rate recommendation to recommend an approximate 15% rate increase and have the Utility publish again. The Utility preferred to merely reduce its projected cash surplus and keep the originally recommended increase. (Tr. 16, 17, 26).

5. The Utility has four sewer employees which include its chief operator. (Staff Ex. 1).

6. The Utility owns and operates two separate treatment and collection facilities. (Staff Ex. 1). The Scenic Hills system serves 17 customers and is a gravity flow system with a lagoon. (Staff Ex. 1). The main system serves 917 customers around Community Acres and is a vacuum collection system with an SBR type treatment plant. (Staff Ex. 1).

7. The Utility is under an order from the W.Va. Division of Environmental Protection which requires the Utility to upgrade its Scenic Hills facility. (Staff Ex. 1). The Utility will be required to install a new chlorine contact tank at an estimated cost of \$12,000. (Staff Ex. 1).

8. Staff recommends approval of the Utility borrowing \$12,000 to fund this upgrade from the Utility's water operations at an interest rate of 4.95% for three years. (Staff Ex. 1; Tr. 23).

9. Although the Utility is requesting an increase in its tap fee to \$750, Staff is recommending that it remain at \$200. (Staff Ex. 1). The Utility is funding new taps out of its "New Connection Reserve Account" which is funded in this proceeding. (Staff Ex. 1). The account had a balance of \$33,582 as of June 30, 1999. (Staff Ex. 1).

10. Since the test year, the Utility has granted its employees a pay increase. (Staff Ex. 1).

11. The current rate increase application is the first rate increase the Utility has requested since 1995. (Staff Ex. 1).

12. Staff recommended an across-the-board increase of 13%. (Staff Ex. 1). The Staff-recommended rates are a customer charge of \$11.58 plus \$7.34 per thousand gallons. (Staff Ex. 1).

13. The Staff-recommended rates will provide for a cash surplus of \$321 and a debt service coverage factor of 116.12%. (Staff Ex. 2).

CONCLUSIONS OF LAW

1. The Staff-recommended rates should be approved for use by the Utility.

2. The Utility should be permitted to borrow \$12,000 from its water operations to upgrade its Scenic Hills facility at an interest rate of 4.95% for three years.

Re: Claywood Park Public Service District
Wastewater Project (Kanawha) 96S-268

Dear Mr. Beck:

The West Virginia Infrastructure and Jobs Development Council (Council) has reviewed the Claywood Park Public Service District's (District) preliminary application regarding its proposed project to correct its combined sewer overflow (Project), and has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. Please carefully review the enclosed comments of the Sewer Technical Review Committee. The District may need to address certain issues raised in said comments as it proceeds with the project.

Pursuant to its review of the preliminary application, the Council recommends the District pursue funding of approximately \$1,120,000 from the State Revolving Fund (SRF) administered by the West Virginia Division of Environmental Protection to finance this \$2,240,000 project. Please contact the Division of Environmental Protection at 558-0641 for specific information on the steps the District needs to follow to apply for these funds. The District may also be eligible for Infrastructure Fund assistance of approximately \$1,120,000 the terms of which would include a deferral of principal and interest on the loan during the first 20 years or until the SRF loan has been repaid, whichever occurs first. The Council's decision is being deferred pending final determination of the project's eligibility and readiness to proceed. Please note that this letter does not constitute funding approval from these funding agencies.

Please immediately notify the Council upon the District's receipt of either a commitment or denial of funding from the West Virginia Division of Environmental Protection. Upon such

notification, the Council will review the District's need for funding from the Infrastructure Fund and determine whether a notice of eligibility letter should be issued. Such determination will be based in part upon the District's readiness to proceed with the project.

If you have any questions regarding this matter, please contact Susan J. Riggs, Executive Secretary of the Council, at (304) 558-4607.

Sincerely,

Russell L. Isaacs, Chairman

Re: Claywood Park Public Service District
Sewer Revenue Bonds, Series 2001
(West Virginia SRF Program)

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance by the Claywood Park Public Service District (the "Issuer"), a public service district, public corporation and political subdivision of the State of West Virginia, of its \$1,800,000 Sewer Revenue Bonds, Series 2001 (West Virginia SRF Program), dated the date hereof (the "Local Bonds").

We have examined the law, a certified copy of proceedings and other papers relating to the authorization of (i) a bond purchase agreement dated December 4, 2000, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Division of Environmental Protection (the "DEP") and (ii) the Local Bonds, which are to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Local Bonds are issued in the principal amount of \$1,800,000, in the form of one bond, registered as to principal only to the Authority, with no interest and with principal payable in quarterly installments on March 1, June 1, September 1 and December

I in each year, commencing June 1, 2002, and continuing until final maturity on March 1, 2032, all as set forth in "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) paying in full the entire outstanding principal of and the administrative fee on the Issuer's Sewerage System Design Notes, Series 1998 (West Virginia Infrastructure Fund); (ii) permanently financing a portion of the costs of the acquisition and construction of certain additions, betterments and improvements to the Issuer's existing public sewerage facilities (the "Project"), and (iii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Local Statute"), and the Bond Resolution duly adopted by the Issuer on January 2, 2001, as supplemented by a Supplemental Resolution duly adopted on January 2, 2001 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued and the Bond Purchase Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof.
2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the consent of the Authority and the DEP.
3. The Issuer is a duly organized and presently existing public service district, public corporation and political subdivision of the State of West Virginia with full power and authority to construct and acquire the Project, to operate and maintain the System, to adopt the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer in connection with the issuance and sale of the Local Bonds and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System as set forth in the Local Act and secured by a first lien on and pledge of the Net Revenues of said System, on a parity with the Issuer's outstanding Sewerage System Revenue Bond, Series A, issued on October 10, 1989, in the original principal amount of \$2,801,862, and senior and prior to the Issuer's outstanding Sewerage System Revenue Bond, Series B, issued on October 10, 1989, in the original principal amount of \$415,340, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

7. The Local Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Local Bonds.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond No. R-1, and are of the opinion that the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

RE: Claywood Park Public Service District
Sewer Revenue Bonds, Series 2001 (West Virginia SRF Program)

Ladies and Gentlemen:

We are counsel to the Claywood Park Public Service District, a public service district, public corporation and political subdivision of the State of West Virginia in Wood and Wirt Counties of said State (the "Issuer"). As such counsel, we have examined a copy of the Bond Purchase Agreement dated December 4, 2000, including all schedules and exhibits attached thereto, by and among the West Virginia Water Development Authority (the "Authority"), the West Virginia Division of Environmental Protection (the "DEP") and the Issuer with respect to the above-referenced series of bonds (the "Bond Purchase Agreement"), the Bond Resolution duly adopted by the Issuer on January 2, 2001, as supplemented by a Supplemental Resolution adopted by the Issuer on January 2, 2001 (collectively, the "Local Act"), and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (the "Bonds"). Terms used in the Local Act and the Bond Purchase Agreement and not otherwise defined herein have the same meanings herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Issuer is duly created and validly existing as a public service district, public corporation and political subdivision of the State of West Virginia, and the officers and members of the Governing Body of the Issuer have been duly and properly elected or appointed as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.
2. The Bond Purchase Agreement has been duly authorized, executed and delivered by the Issuer, and assuming due authorization, execution and delivery by the Authority and the DEP, constitutes a valid and binding agreement of the Issuer in accordance with its terms.
3. The Local Act has been duly adopted by the Issuer and is in full force and effect.
4. To the best of our knowledge, the execution and delivery of the Bonds and the Bond Purchase Agreement and the consummation of the transactions contemplated by the Bonds, the Bond Purchase Agreement and the Local Act, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute on the part of the Issuer a breach of or default under any resolution, agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.
5. The Issuer has received, or there have been entered, all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, consents, certificates and approvals from The County Commissions of Wood and Wirt Counties, the DEP, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the Commission Order of the Public Service Commission of West Virginia (the "PSC") entered November 2, 1999, in Case No. 99-0499-PSD-42A, approving the rates and charges for the System. The time for

appeal of such Commission Order has expired prior to the date hereof without any appeal. The Issuer has received the Final Order and the Commission Order of the PSC entered respectively on July 14, 2000, and December 5, 2000, in Case No. 00-0016-PSD-CN, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of the Final Order entered July 14, 2000, has expired prior to the date hereof without any appeal. The time for appeal of the Commission Order entered on December 5, 2000, has not expired. However, the parties to such Commission Order have stated that they do not intend to appeal such Commission Order. Such Commission Order is not subject to any appeal, further hearing, reopening or rehearing by any customer, protestants, intervenor or other person not a party to the original application.

6. To the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bond Purchase Agreement, the Bonds, the Local Act, the acquisition and construction of the Project, the operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

7. The Issuer has duly published a notice of the acquisition and construction of the Project, the issuance of the Bonds and related matters, as required under Chapter 16, Article 13A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.

This opinion may be relied upon by all counsel to the transaction as if specifically addressed thereto.

Re: Claywood Park Public Service District
Kanawha Sewer Project

Ladies and Gentlemen:

This firm represents Claywood Park Public Service District (the "District") with regard to a proposed project to construct an extension to its existing sewerage collection system to serve residents of Kanawha, Wood County, West Virginia (the "Project"), and provides this final title opinion on behalf of the District to satisfy the requirements of the West Virginia Infrastructure and Jobs Development Council (the "Council"), West Virginia Division of Environmental Protection (the "DEP") and the West Virginia Water Development Authority with regard to the Infrastructure Fund and DEP financing of the Project. Please be advised of the following:

1. That I am of the opinion that the District is a duly created and existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia and has the full power and authority to construct, operate and maintain the Project as approved by the DEP.
2. That the District has obtained all necessary permits and approvals for the construction of the Project.

3. That I have investigated and ascertained the location of and am familiar with the legal description of the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Cerrone Associates, Inc., the consulting engineers for the Project.

4. That I have examined the records on file in the Office of the County Clerk of the County Commission of Wood County, West Virginia, the county in which the Project is to be located, and, in my opinion, the District has acquired legal title or such other estate or interest in the necessary site components for the Project sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the facilities to be constructed.

5. That any deeds or other documents which have been acquired to date by the District have been duly recorded in the aforesaid Clerk's Office in order to protect the legal title to and interest of the District.

6. The District has obtained from the West Virginia Department of Highways approval for a permit authorizing the construction of the Project as described in the plans upon, over and through public rights of way as shown in the plans.

The undersigned Chairman of the Claywood Park Public Service District, in Wood and Wirt Counties, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$1,800,000 Sewer Revenue Bonds, Series 2001 (West Virginia SRF Program), of the Issuer, dated January 4, 2001 (the "Bonds"), hereby certify as follows:

1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Resolution duly adopted by the Issuer on January 2, 2001, as supplemented and amended by a Supplemental Resolution adopted January 2, 2001 (collectively, the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on January 4, 2001, the date on which the Bonds are being physically delivered in exchange for an initial advance of \$231,608, being a portion of the principal amount of the Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Division of Environmental Protection (the "DEP") or the West Virginia Infrastructure and Jobs Development Council ("WVIJDC"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Bonds were sold on January 4, 2001, to the Authority, pursuant to a Water Pollution Control Revolving Fund Bond Purchase Agreement dated December 4, 2000, by and among the Issuer, the Authority and the DEP, for an aggregate purchase price of \$1,800,000 (100% of par), at which time, the Issuer received \$231,608 from the Authority and the DEP, said sum being the first advance of the principal amount of the Bonds. No accrued interest has been or will be paid

on the Bonds. The balance of the principal amount of the Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying in full the entire outstanding principal of and the administrative fee on the Issuer's Sewerage System Design Notes, Series 1998 (West Virginia Infrastructure Fund) (the "Notes"); (ii) paying a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public sewerage system of the Issuer (the "Project"); and (iii) paying certain costs of issuance of the Bonds and related costs.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project and the allocation of proceeds of the Bonds to expenditures for costs of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds constituting capitalized interest, if any, and proceeds, if any, deposited in the Reserve Account for the Bonds, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before December 15, 2001. Ladies and Gentlemen:

Based upon the rates and charges set forth in the Commission Order of the Public Service Commission of West Virginia entered on November 2, 1999, in Case No. 99-0499-PSD-42A, and projected operation and maintenance expenses, projected number of customers, and anticipated customer usage as furnished to me by Cerrone Associates, Inc., the Consulting Engineers, it is my opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Claywood Park public Service District (the "Issuer"), will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Sewer Revenue Bonds, Series 2001 (West Virginia Infrastructure SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the bonds, including the Issuer's Sewerage System Revenue Bonds, Series 1989A and Series 1989B (the "Prior Bonds"). It is my further opinion that the Net Revenues, as defined in the Bond Resolution authorizing the issuance of the Prior Bonds (the "Bond Resolution"), actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by the Bonds are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds and the Bonds.

Sincerely yours,

Ralph W. Bassett, Jr.

JANUARY Term,

THIRTIETH Day

MARCH 19 73

THURSDAY, MARCH 8th, 1973

IN RE: CLAYWOOD PARK PUBLIC SERVICE DISTRICT.

ORDER

On this 8th day of March, 1973, the Court again considered the enlargement and reduction of Claywood Park Public Service District. The Court finds and determines that the written protests in the form of Petitions filed with the Court on March 3, 1973, do not constitute written protests by 30% or more of the qualified voters registered in or residing in the proposed boundaries of Claywood Park Public Service District. Accordingly, the Court having on February 6 and March 3 heard and considered testimony and evidence relating to the necessity, feasibility, and propriety of enlarging Claywood Park Public Service District so as to include the additional territory described in the petition heretofore filed herein, and in notice of said Public Hearing on February 6, 1973, and further did proceed to hear and consider evidence relating to the necessity, feasibility, and propriety of reducing Claywood Park Public Service District so as to remove therefrom the territory also described in the petition herein, and in the notice above referred to, and all interested persons having been afforded an opportunity to be heard for and against the enlargement and reduction of the said Public Service District the Court does find that it is necessary, feasible, and proper to enlarge Claywood Park Public Service District so as to include therein the additional territory hereinafter fully described and to reduce the said District by removing therefrom the territory described in the said petition, and the Court does further find that the enlargement and reduction of Claywood Park Public Service District will be conducive to the preservation of public health and convenience within the area of the enlarged public service district. It is accordingly ordered that the boundaries of Claywood Park Public Service District heretofore created by this Court by order entered on November 21, 1964, and enlarged by order entered on September 13, 1966, be again enlarged so as to include within the boundaries of the said Claywood Park Public Service District all of the area in Parkersburg, Clay, Walker, and Union Magisterial Districts of Wood County, West Virginia bounded and described as follows and that the District be reduced by removing therefrom that territory in Parkersburg District adjacent the present corporate limits of the City of Parkersburg more fully shown and described upon the map or plat hereinafter referred to:

BEGINNING on the northerly bank of the Little Kanawha River at a point in the line of the Parkersburg Magisterial District 2600 feet, more or less, upstream from the mouth of Worthington Creek thence proceeding up the Little Kanawha River with the Parkersburg Magisterial south boundary to the Clay Magisterial boundary at Dry Run and continuing up the Little Kanawha River along the south boundary of Clay Magisterial District 47,400 feet to the mouth of Walker Creek; thence northeastward 41,700 feet to community of Doyle at the center line of the intersection of West Virginia State Route 31 and West Virginia Secondary Road No. 3/16, a common corner of Union Williams Public Service District; thence with the Union Williams Public Service District boundary westward 28,500 feet to the community of Boreman at the intersection of West Virginia Secondary Route 16 and 16/5; thence proceeding 9400 feet to the center of the intersection of Interstate Highway 77 and U. S. Route 50; thence the boundary proceeds 6200 feet, more or less, northwesterly to a point in the property line of land now owned by J. Stewart Dudley, the proposed corporation line of the City of Parkersburg; thence with the Dudley line extended S. 29° 13' W. 1500 feet, more or less, to the place of beginning, containing 35 square miles, more or less, which said area is shown on a map entitled Claywood Park Public Service District New and Enlarged Boundary Wood County, West Virginia, dated August 1, 1972, prepared by Cerrone & Vaughn, Inc., Professional Engineers, which said map is attached to the petition heretofore filed herein and made a part thereof and to which map reference is hereby made and had.

thence the boundary proceeds 10,000 feet, in a southwesterly direction to Dry Run approximately 800 feet, more or less, northeast of West Virginia State Route 47;

There appearing no further business to claim the attention of this Court, it is hereby ordered that this Court do now adjourn to meet in regular session, Saturday, March 10, 1973, at 9:00 o'clock, A. M.

Rule No. 4. Executive Sessions. The Board may hold an executive session during a regular, special or emergency meeting in accordance with Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended. During the open portion of the meeting, prior to convening an executive session, the Chairman shall identify the authorization under Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended, for holding the executive session and present it to the Board and to the general public, but no decision may be made in the executive session. An executive session may be held only upon a majority affirmative vote of the Board members present. The Board may

hold an executive session and exclude the public only when a closed session is required for any of the actions permitted under Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended.

Rule No. 5. Minutes. The Board shall provide for the preparation of written minutes of all of its meetings. Rule No. 6. No Actions by Reference. Except as otherwise expressly provided by law, the Board may not deliberate, vote, or otherwise take official action upon any matter by reference to a letter, number or other designation or other secret device or method, which may render it difficult for persons attending a meeting to understand what is being deliberated, voted or acted upon. However, this rule does not prohibit the Board from deliberating, voting or otherwise taking action by reference to an agenda, if copies of the agenda, sufficiently worded to enable the public to understand what is being deliberated, voted or acted upon, are available for public inspection at the meeting. The Board may not vote by secret or written ballot.

Rule No. 7. Broadcasting of Meetings. Except as otherwise provided in this rule, any radio or television station is entitled to broadcast all or any part of a Board meeting required to be open. The Board may regulate the placement and use of equipment necessary for broadcasting, photographing, filming or recording a meeting, so as to prevent undue interference with the meeting. The Board shall allow the equipment to be placed within the meeting room in such a way as to permit its intended use, and the ordinary use of the equipment may not be declared to constitute undue interference; provided, that if the Board, in good faith, determines that the size of the meeting room is such that all the members of the public present and the equipment and personnel necessary for broadcasting, photographing, filming and tape-recording the meeting cannot be accommodated in the meeting room without unduly interfering with the meeting and an adequate alternative meeting room is not readily available, then the Board, acting in good faith and consistent

with the purposes of this rule, may require the pooling of the equipment and the personnel operating it.

Rule No. 8. Telephonic Meetings. Board meetings may be held by telephone conference or other electronic means. All Board members participating by telephone or other electronic means must be audible to all those personally present.

Section 5. All meetings of any committee of the Board shall be subject to the Rules of Procedure set forth in Section 4 above.

Each order for the payment of money shall specify the purposes for which the amount thereof is to be paid, with sufficient clearness to indicate the purpose for which the order is issued, and there shall be endorsed thereon the name of the particular fund out of which it is payable and it shall be payable from the fund constituted for such purpose, and no other. All such orders shall be reflected in the minutes of the next meeting of the Board.

Section 6. The members and officers of the Board shall make available to the County Commission, at all times, all of its books and records pertaining to the District's operation, finances and affairs, for inspection and audit.

A. The District is a public service district of the State of West Virginia situated in Wood County of the State. There is no consolidated public sewer system presently serving the residents of the District, and existing inadequate and unsatisfactory private sewage systems cause stream pollution and constitute public health hazards.

B. It is deemed necessary and desirable for the health, welfare and safety of the inhabitants of the District that the Project be constructed at an estimated cost of \$7,425,615, in accordance with the Plans and Specifications.

C. The District has received certain grants for the construction and acquisition of the Project, including a grant from the EPA in the approximate amount of \$4,108,340. The District has entered into a Step II/III grant agreement with the EPA, pursuant to which the EPA will reimburse the District for approximately seventy-five percent (75%) of those Costs of the Project incurred by the District, which are eligible for reimbursement by EPA.

D. The District does not have any bonds or other obligations outstanding as of the date hereof which have a lien on the Gross Revenues or on the Net Revenues derived from the operation of the System.

E. The estimated Gross Revenues to be derived from the operation of the System in each year after the construction of the Project will be sufficient to pay all Operating Expenses and to pay the principal of and interest on the Bonds and to pay all Sinking Fund, respective reserve account, and Renewal and Replacement Fund and other payments provided for in this Resolution.

F. It is deemed necessary for the District to issue its Bonds, to finance costs of the construction and acquisition of the Project, and to issue, as soon as may be practicable thereafter, the Note to temporarily finance costs of construction and acquisition of the Project. and with respect to the Note, any fees for the providing of a letter of credit, and any costs of obtaining insurance thereon; provided, that reimbursement to the District for any amounts expended by it for any allowable costs prior to the issuance of the Bonds or the Note or the repayment of indebtedness incurred by the District for such purposes shall be deemed Costs of the Project.

G. The Authority has agreed to purchase not more than \$3,217,202 in aggregate principal amount of the Bonds pursuant to the terms and provisions of the Loan Agreement and the Supplemental Loan Agreement.

H. It is in the best interests of the District that its Bonds be sold to the Authority pursuant to the Loan Agreement and the Supplemental Loan Agreement as soon after the adoption of this Resolution as may be practicable and authorized and permitted by applicable law.

I. The period of usefulness of the System after completion of the Project is not less than forty (40) years.

B. (1) On the first day of each month, beginning on the first day of that month which is seven months prior to the first interest payment date on which interest is to be paid on the Series A Bond for which interest has not been capitalized, the District shall apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit the Series A Sinking Fund a sum equal to one-sixth of the amount of interest which will become due on the Series A Bond on the next ensuing semiannual interest payment date; provided, that "next ensuing semiannual interest payment date" shall not refer to the interest payment date on which any such deposit is made. In the event the period to elapse between the date of such initial deposit in the Series A Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, at least one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

(2) On the first day of each month, beginning on the first day of that month which is 13 months prior to the first principal payment date of the Series A Bond, the District shall apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit in the Series A Sinking Fund, a sum equal to one-twelfth of the amount of principal which will mature and become due on the Series A Bond on the next ensuing principal payment date; provided, that "next ensuing principal payment date" shall not refer to the principal payment date on which any such deposit is made. In the event the period to elapse between the date of such initial deposit in the Series A Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, at least one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(3) To the extent the District has not funded the Series A Bond Reserve Account with Bond proceeds otherwise upon the issuance of the Series A Bond, the District shall next, from the Revenue Fund, remit to the Bond Commission for deposit in the Series A Bond Reserve Account on the first day of each month of each year, beginning with and including the month in which the payments required by Section 5.03 B (2) are commenced, an amount equal to 1/120th of the Series A Bond Reserve Account Requirement; provided that no further payments shall be made into the Series A Bond Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series A Bond Reserve Account Requirement.

Moneys in the Series A Bond Reserve Account shall be used only for the purpose of paying principal of or interest on the Series A Bond, as the same shall come due, when other moneys in the Series A Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series A Bond Reserve Account shall be subsequently restored from the first Net Revenues available after all required payments to the Series A Sinking Fund and Series A Bond Reserve Account, including any deficiencies for prior payments, have been made in full.

C. On the first day of each month, beginning with the first month in which interest on the Series A Bond shall be payable from the Revenue Fund, the District shall apportion and set apart out of the Revenue Fund and transfer to the Depository Bank, for deposit in the Renewal and Replacement Fund a sum equal to 2-1/2% of Gross Revenues, less any amount transferred to the Series A Bond Reserve Account received during the previous month. All funds in the Renewal and Replacement Fund shall be kept separate and distinct from all other funds of the District and the Depository Bank.

Withdrawals and disbursements from the Renewal and Replacement Fund shall be made by the District only for the following purposes:

(1) For the payment of the reasonable costs of replacements, emergency repairs, improvements or extensions to the System;

(2) For the payment of the then payable principal of, premium, if any, and interest on the Series A Bond if there are not sufficient funds therefor in the Series A Sinking Fund (including the Series A Bond Reserve Account); and

(3) To make up any deficiency in the Series A Bond Reserve Account (so that the amount on deposit therein is at least equal to the Series A Bond Reserve Account Requirement), subject to the provisions of Section 5.03 B hereof;

D. The District shall restore any withdrawals from the Series A Bond Reserve Account which have the effect of reducing the value of the funds therein below the Series A Bond Reserve Account Requirement, first from moneys then remaining in the Revenue Fund and next from funds deposited in the Renewal and Replacement Fund and then from the first Net Revenues available after all required deposits to the Series A Sinking Fund, including deposits in respect of deficiencies for prior deposits, have been made in full.

E. (1) On the first day of each month, beginning on the first day of that month which is 13 months prior to the first principal payment date of the Series B Bond, the District shall apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit in the Series B Sinking Fund a sum equal to one-twelfth of the amount of principal which will mature and become due on the Series B Bond on the next ensuing principal payment date; provided, that "next ensuing principal payment date" shall not refer to the principal payment date on which any such deposit is made. In the event the period to elapse between the date of such initial deposit in the Series B Sinking Fund and the next annual principal payment date is less than 13 months then such monthly payments shall be increased proportionately to provide, at least one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(2) To the extent the District has not funded the Series B Bond Reserve Account with Bond proceeds, the District shall next, from the Revenue Fund, remit to the Bond Commission for deposit in the Series B Bond Reserve Account on the first day of each month of each year, beginning with and including the month in which the payments required by Section 5.03E(1) are commenced, an amount equal to 1/120th of the

Series B Bond Reserve Account Requirement; provided that no further payments shall be made into the Series B Bond Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series B Bond Reserve Account Requirement.

Moneys in the Series B Bond Reserve Account shall be used only for the purpose of paying the principal of the Series B Bond as the same shall become due, when other moneys in the Series B Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series B Bond Reserve Account shall be subsequently restored from the first Net Revenues available after all required payments to the Series A Sinking Fund, Series A Bond Reserve Account, Renewal and Replacement Fund, Series B Sinking Fund and Series B Bond Reserve Account, including any deficiencies for prior payments, have been made in full.

F. On the first day of each month, beginning with the first month in which interest on the Series A Bond shall be payable from the Revenue Fund, and after making the deposit required by Section 5.03 E hereof, the District shall apportion and set apart out of the Revenue Fund and transfer to the Depository Bank, for deposit in the I/A Future Connection Fund, \$824.00. All funds in the I/A Future Connection Fund shall be kept separate and distinct from all other funds of the District and the Depository Bank.

Withdrawals and disbursements from the I/A Future Connection Fund shall be made by the District only for the following purposes:

(1) For the payment after the completion of the construction of the System of the actual cost of connecting future customers requiring either vacuum pump service or pressure valve service to the System (after application of any tap fee collected from such customers).

(2) For the payment of the then payable principal of, premium, if any, and interest on the Series A Bond if there are not sufficient funds therefor in the Series A Sinking Fund (including the Series A Bond Reserve Account), and for the payment of the then payable principal of and premium, if any, on the Series B Bond if there are not sufficient funds therefor in the Series B Sinking Fund (including the Series B Bond Reserve Account); and

(3) To make up any deficiency in the Series A Bond Reserve Account (so that the amount on deposit therein is at least equal to the Series A Bond Reserve Account Requirement), subject to the provisions of Section 5.03 B hereof, and to make up any deficiency in the Series B Bond Reserve Account (so that the amount on deposit therein is at least equal to the Series B Bond Reserve Account Requirement), subject to the provisions of Section 5.03 E hereof;

G. On the first day of each month, beginning with the first month in which interest on the Series A Bond shall be payable from the Revenue Fund, and after making the deposit required by Section 5.03 F hereof, the District shall apportion and set apart out of the Revenue Fund and transfer to the Depository Bank, for deposit in the I/A Renewal and Replacement Fund, \$880.00. All funds in the I/A Renewal and Replacement Fund shall be kept separate and distinct from all other funds of the District and the Depository Bank.

Withdrawals and disbursements from the I/A Renewal and Replacement Fund shall be made by the District only for the following purposes:

(1) For the payment after the completion of the construction of the System of the actual cost of replacing grinder pumps and vacuum valves;

(2) For the payment of the then payable principal of, premium, if any, and interest on the Series A Bond if there are not sufficient funds therefor in the Series A Sinking Fund (including the Series A Bond Reserve Account), and for the payment of the then payable principal of and premium, if any, on the Series B Bond if there are not sufficient funds therefor in the Series B Sinking Fund (including the Series B Bond Reserve Account); and

(3) To make up any deficiency in the Series A Bond Reserve Account (so that the amount on deposit therein is at least equal to the Series A Bond Reserve Account Requirement), subject to the provisions of Section 5.03 B hereof, and to make up any deficiency in the Series B Bond Reserve Account (so that the amount on deposit therein is at least equal to the Series B Bond Reserve Account Requirement), subject to the provisions of Section 5.03 E hereof;

H. On such dates as the Bond Commission shall require, the District shall remit to the Bond Commission such additional sums from the Revenue Fund as shall be necessary to pay the fiscal agency charges due for paying the Bonds and the interest thereon, if any.

Pending such application, moneys in the Revenue Fund shall be invested in accordance with Article VII hereof.

Moneys on deposit in the Series A Sinking Fund shall be used only for the purposes of paying the principal of and the interest on the Series A Bond as the same shall become due. Moneys on deposit in the Series B Sinking Fund shall be used only for the purpose of paying principal of the Series B Bond as the same shall become due.

The District shall not be required to make further deposits into the Series A Sinking Fund and the Series A Bond Reserve Account therein and the Series B Sinking Fund and the Series B Bond Reserve Account therein when the sums of cash, Government Obligations and interest to be earned on such Government Obligations, without reinvestment in the respective Sinking Funds and Reserve Accounts therein, is at least equal to the aggregate principal amount of Bonds then Outstanding plus the amount of interest due or thereafter to become due thereon.

As and when additional bonds are issued, provision shall be made for additional deposits into the respective Sinking Funds sufficient to pay the interest, if any, on such additional bonds and accomplish retirement thereof at or before maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum provided and required to be paid into the concomitant sinking fund in any year for account of the bonds of such series, including such additional bonds which by their terms are payable from such sinking fund.

Deposits into the respective Series A Sinking Fund and Series B Sinking Fund shall be made on the first day of each month, except that, when the first day of any month shall be a Saturday, Sunday or legal holiday, then such deposit shall be made on the next succeeding business day. All such deposits shall be remitted to the Bond Commission with appropriate instructions, consistent with the provisions of this Resolution, as to the custody, use and application of the funds deposited.

I. All investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned, not less than once each year, by the Commission to the District, and such amounts shall, during construction of the Project, be deposited in the Construction Trust Fund and following completion of the construction of the Project, shall be deposited in the Revenue Fund and applied in full, first, to the next ensuing interest payment, if any, due on the respective series of Bonds, and then to the next ensuing principal payments or prepayments due thereon.

J. Whenever all the required transfers and deposits from the Revenue Fund have been made and there remains on deposit in the Revenue Fund an amount exceeding the amount estimated to be required to be paid for Operating Expenses during the then current Fiscal Year and the next ensuing Fiscal Year, as determined by resolution of the Board, such Surplus Revenue may be transferred to the Renewal and Replacement Fund or used for any lawful purpose of the System, including payment of the Note, or payment on other obligations junior, subordinate and inferior to the Series A Bond and the Series B Bond as directed by the Board.

K. If on any payment date Net Revenues are insufficient to make the transfers and deposits hereinabove provided, the deficient transfer or deposit shall be corrected on the next ensuing payment date by payments in addition to the payments otherwise required to be made on such payment date.

L. The Bond Commission hereby is designated as the fiscal agent for the administration of the Series A Sinking Fund and the Series B Sinking Fund. All amounts to be deposited into the respective Sinking Funds shall be remitted by the District to the Bond Commission, as provided herein. All such remittances shall identify clearly the fund or account into which such remittance is to be deposited.

M. Funds on deposit in the Revenue Fund, excess Bond proceeds and the Renewal and Replacement Fund in excess of the amount insured by the FDIC shall be secured at all times to the full extent of such excess by such Qualified Investments as are eligible under the laws of the State to secure deposits of municipal funds.

N. Gross Revenues will be used only for the lawful purposes of the System.

Section 5.04. Construction Trust Fund. The Construction Trust Fund shall be segregated from all other funds and accounts of the Depository Bank or the District and used solely for the purposes provided herein.

Disbursements from the Construction Trust Fund, except for the costs of issuance of the Series A Bond and Series B Bond which shall be made upon request of the District, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Construction Trust Fund may be invested and reinvested in Qualified Investments at the discretion of the District.

After completion of the Project, as certified by the Consulting Engineers, any moneys remaining in the Construction Trust Fund shall be applied to (i) the Series A Bond Reserve Account up to the amount of the Series A Bond Reserve Account Requirement; (ii) the Series B Bond Reserve Account up to the amount of the Series B Bond Reserve Account Requirement, and (iii) any remaining amount to the Revenue Fund, with the District to apply such moneys in full first, to the next ensuing interest payment due on the Series A Bond, second, to the next ensuing principal payment due on the Series A Bond, and third, to the next ensuing principal payment due on the Series B Bond. Notwithstanding the foregoing, if the Authority tenders any of its Series B Bonds to the District pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series B Bonds.

Section 5.05. Tap Fees, I/A Future Connection Fund; I/A Renewal and Replacement Fund; Tap Fees Account. From the proceeds of all Tap Fees collection by the District prior to the completion of the construction of the System, there shall be made the following deposits:

- (1) To the I/A Future Connection Fund, \$22,500.00; and
- (2) To the Tap Fees Account in the Construction Trust Fund, the remaining proceeds.

The District shall pay promptly out of the Tap Fees Account the costs of connection to the System. Any amounts remaining in the Tap Fees Account after connections have been made for all customers who paid such Tap Fees shall be considered excess and shall be transferred by the Depository Bank to the Construction Trust Fund and used for authorized purposes thereof for as long as such Construction Trust Fund remains in existence, and thereafter to the Revenue Fund.

Section 5.06. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of the Series A Bond and Series B Bond, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series A Bond and the Series B Bond there shall first be paid any and all borrowings by the District made for temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment.

B. From the proceeds of the Series A Bond, there shall be deposited with the Bond Commission in the Bond Capitalized Interest Account, the amount, if any, specified in a Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series A Bond for the period commencing on the date of issuance of the Series A Bond and ending six (6) months after the estimated date of completion of construction of the Project.

C. Next, from the proceeds of the Series A Bond, there shall be deposited with the Bond Commission in the Series A Bond Reserve Account and from the proceeds of the Series B Bonds there shall be deposited with the Bond Commission in the Series B Bond Reserve Account the respective sums, if any, set forth in a Supplemental Resolution for funding of the Series A Bond Reserve Account, and the Series B Bond Reserve Account.

D. The remaining moneys derived from the sale of the Series A Bond and the Series B Bond shall be deposited with the Depository Bank in the Construction Trust Fund and applied solely to payment of the Cost of the Project in the manner set forth in Section 5.04 above.

E. The Depository Bank shall act as a trustee and fiduciary for the holder of the Series A Bond and the Series B Bond, with respect to the Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Construction Trust Fund set forth in this Resolution. Moneys in the Construction Trust Fund shall be

used solely to pay the Cost of the Project and until so expended, are hereby pledged as additional security for the Series A Bond and thereafter for the Series B Bond. In the event that the Note is issued, the disposition of funds in the Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority.

ARTICLE VI

ADDITIONAL COVENANTS OF THE DISTRICT

Section 6.01. General Covenants of the District. All the covenants, agreements and provisions of this Resolution shall be and constitute valid and legally binding covenants of the District and shall be enforceable in any court of competent jurisdiction by any holder or holders of the Bonds, as prescribed in Article VIII hereof. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, for as long as any Bonds remain Outstanding. Until the payment in full of the principal of and interest on the Note when due, and to the extent they do not materially adversely affect the holder or holders of any of the Bonds, the covenants, agreements and provisions contained in this Resolution shall, where applicable, also inure to the benefit of the holder of the Note and constitute valid and legally binding covenants of the District, enforceable in any court of competent jurisdiction by the holder or holders of the Note.

Section 6.02. Bonds and Note Not to be Indebtedness of the District. Neither the Bonds nor the Note shall be or constitute an indebtedness of the District within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No holder or holders of any Bonds or the Note, shall ever have the right to compel the exercise of the taxing power, if any, of the District to pay said Bonds or Note or the interest thereon.

Section 6.03. Bonds Secured by Pledge of Net Revenues, Funds and Unexpended Bond Proceeds. The payment of the debt service on the Series A Bond issued hereunder shall be secured forthwith by a first lien on and pledge of the Net Revenues and the payment of the debt service on the Series B Bond issued hereunder shall be secured forthwith by a lien on and pledge of the Net Revenues, but such lien shall be junior and subordinate to the lien on the Net Revenues in favor of the holder of the Series A Bond. Net Revenues in an amount

sufficient to pay the principal of, premium, if any, and interest on first, the Series A Bond, and second, the Series B Bond, if any, and to make the deposits into the respective Sinking Funds and all other payments provided for in this Resolution, and the funds on deposit in the respective Sinking Funds, the Renewal and Replacement Fund, the I/A Future Connection Fund, and the I/A Renewal and Replacement Fund are pledged irrevocably hereby in the manner provided in this Resolution to the payment of the principal of, premium, if any, and interest, if any, on first, the Series A Bond, and second, the Series B Bond, as the same becomes due and for the other purposes provided in this Resolution. The District hereby pledges the unexpended proceeds, if any, of each series of Bonds as additional security for payment of the principal of, premium, if any, and interest, if any, on first, the Series A Bond, and second the Series B Bond, until expended in accordance with the provisions of this Resolution.

Section 6.04. Rates. Just and equitable rates and charges for the use of and the service rendered by the System shall be established, all in the manner and form required by law, and copies of such rates and charges so fixed and established at all times shall be kept on file in the offices of the District, open to inspection by all interested parties. The schedule of rates and charges shall produce in each year Gross Revenues sufficient to make the required payments into the funds and accounts created hereunder and to pay Operating Expenses. Such schedule of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the District hereby covenants and agrees that it will fix, establish and collect rates and charges which always shall provide Net Revenues along with all other revenues of the System after paying all Operating Expenses sufficient to leave a balance each year equal to not less than one hundred fifteen percent (115%) of the maximum annual amount required to pay the interest and principal as the same become due and accomplish retirement of all Bonds, and all other obligations secured by or payable from the Net Revenues prior to or on a parity with the Bonds; provided that in the event that amounts equal to or in excess of the Reserve Account Requirements are on deposit in the respective Reserve Accounts and the reserve accounts for obligations prior to or on a parity with the Bonds are funded at least at the requirements therefor, the foregoing percentage may be adjusted by the District to one hundred ten percent (110%) of the maximum annual amount required to pay the principal of and interest on the Bonds and all other obligations secured by or payable from Net Revenues prior to or on a parity with the Bonds.

Section 6.05. Completion, Operation and Maintenance, Right of Access. The District will expeditiously complete the Project and will provide and maintain competent and adequate resident engineering services satisfactory to the District and the Authority for the supervision and inspection of the construction of the Project, and bearing the responsibility of assuring the construction conforms to the Plans and Specifications and shall require its resident engineer to certify to the Authority and the District at the completion of construction that construction is in accordance with the Plans and Specifications. Upon completion of the construction, the District will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner in compliance with the water quality standards established by the West Virginia Department of Natural Resources and the EPA, as well as all other State and Federal laws, regulations, orders, and standards, with qualified operating personnel properly certified, making expenditures for equipment and for the economical operation and maintenance thereof from Gross Revenues as provided in this Resolution. As long as the Authority shall hold the Bonds, the Authority, the EPA and their duly authorized agents shall have the right at all reasonable times to enter upon the System to examine and inspect the same and shall, prior to, at and after completion of construction and commencement of operation of the System, have such rights of access to the System as may be reasonably necessary to accomplish all of the powers and rights of the Authority in respect of the System pursuant to the pertinent provisions of the Water Development Act.

Section 6.06. Sale of the System while the Bonds are Outstanding. As long as any of the Bonds are Outstanding, the System may be sold, mortgaged, leased or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to defease the pledge created by this Resolution as provided by Sections 10.01 and 10.02 hereof. The proceeds from such sale, mortgage, lease or other disposition of the System immediately shall be remitted to the Bond Commission for deposit in the respective Sinking Funds, and with the written permission of the Authority, or in the event the Authority is no longer a holder of a Bond, the District shall direct the Bond Commission to apply such proceeds to the principal at maturity and interest on the Bonds. Any balance remaining after such payment and discharge shall be remitted to the District by the Bond Commission unless necessary for the payment of other obligations of the District payable out of Net Revenues.

Section 6.07. Additional Provisions Regarding the Sale of the System. The foregoing provisions notwithstanding, the District shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the District shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the District shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding or by transfer to another political subdivision of the State. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority, be remitted by the District to the Bond Commission for deposit in the Series A Bond Sinking Fund and shall be applied only to the purchase of the Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Series A Bond Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution. No sale, lease or other disposition of the properties of the System shall be made by the District if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The District shall prepare the form of such approval and consent for execution by the then holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.08. Issuance of Other Obligations Payable out of Net Revenues and General Covenant Against Encumbrances. Except as provided in this Section and in Section 6.09 B, the District shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Note issued under a Supplemental Resolution prior to or on a parity with the lien on behalf of such Note until such Note has been defeased in accordance with the provisions of this Resolution or the Bank Credit Agreement. Additionally, as long as any Bonds are Outstanding, the District shall not issue any other obligations whatsoever payable from Net Revenues which, as to lien, security and source of payment, rank prior or equal to the Bonds; provided, however, that additional Bonds on a parity with the Series B Bond only may be issued as provided in Section 6.09 hereof.

All obligations issued by the District after the issuance of the Bonds and payable from the Net Revenues of the System, except such additional parity bonds provided for by Section 6.09 shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series A Bond and the Series B Bond; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the respective Reserve Accounts, the Renewal and Replacement Fund, the I/A Future Connection Fund, and the I/A Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the District shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution or upon the System or any part thereof.

Section 6.09. Parity Bonds. A. No Parity Bonds, payable out of Net Revenues, shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series B Bond. No Parity Bonds shall be issued which shall be payable out of Net Revenues on a parity with the Series A Bond, unless the Series B Bond is no longer Outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of construction or acquisition of extensions, improvements or betterments to the System or refunding one or more of the Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the secretary of the public service board of the District a written statement by the Independent Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the District and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the secretary of the public service board of the District prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Accountants,

as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the District, the period for appeal of which has expired prior to the issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the District shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the holders of the Bonds, and the holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this Section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other Bond. The District shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series A Bond and the Series B Bond, on such revenues. The District shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series A Bond or the Series B Bond.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution, shall have been made in full as required to the date of delivery of such Parity Bonds, and the District shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

B. Notwithstanding the foregoing, or any provision of Section 6.08 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 6.09 if there is first obtained by the District the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 6.10. Insurance; Construction and Fidelity Bonds; Workers' Compensation. The District shall provide and maintain with a reputable insurance carrier or carriers such insurance as is customarily carried with respect to works and properties similar to the System, against loss or damage by fire, lightening, vandalism, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. In time of war, the District also shall carry such insurance as may be available against loss or damage by the risks and hazards of war. Such insurance at all times shall be maintained in an amount equal to the fair appraisal value of the buildings, properties, furniture, fixtures and equipment of the System. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for repairs to and restoration of damaged or destroyed properties of the System or for the other purposes herein for which moneys in the Renewal and Replacement Fund may be applied. The District also shall provide and maintain liability insurance for injury or damage to persons or property in such amounts as are adequate for such purposes and customarily carried with respect to works and properties similar to the System. The District will maintain in force Workers' Compensation coverage for employees of the District, and will obtain for and maintain in force for every officer or employee of the District having custody of any funds of the System fidelity bonds in an amount at least equal to the total amount of funds in the custody of such officer or employee at any one time. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if

flood insurance is available at a reasonable cost, a flood insurance policy shall be obtained by the District and maintained as long as any of the Bonds or the Note are Outstanding. Prior to commencing operation of the Project, the District will also obtain, and maintain as long as any Bonds or the Note are Outstanding, business interruption insurance, if available at a reasonable cost.

Section 6.11. Service Rendered to the District. The District will not render or cause to be rendered any free services of any nature by the System; and, in the event the District or any department, agency, instrumentality, officer or employee of the District shall avail itself or himself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the District and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the District shall transfer from its general funds sufficient sums to pay such charges. The revenues so received shall be deemed to be Gross Revenues and shall be deposited and accounted for in the same manner as other Gross Revenues.

Section 6.12. Enforcement of Collections. The District diligently will enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges as shall become delinquent to the full extent permitted or authorized by the Act or otherwise by the laws of the State. The District will not restore the services of the System or of the water facility until all such delinquent amounts, including reasonable interest and penalty charges for services of the System, have been paid in full. As provided in the Act, all fees, rates and charges of the District for sewer facilities are liens on the premises served of equal dignity, rank and priority with the lien on such premises of State, county and school and municipal taxes. To the extent allowable under the Act, all other laws, and applicable rules and regulations of the Public Service Commission, the District will take reasonable steps to perfect such liens, and upon exhaustion of all other remedies to foreclose upon such premises in the manner required by Section 9a of the Act.

Section 6.13. No Competing Franchise. To the extent legally allowable, the District will not grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.14. Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System and the Costs of the Project, and any holder of Bonds or the Note and the Authority shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the District relating thereto. As long as the Authority shall hold the Bonds, the District shall submit to the Authority such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project and the administration of the Bonds, the Note, the Grant, or other sources of financing for the Project.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of the State and the Act. Separate control accounting records shall be maintained by the District. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records, as prescribed by the District. The District shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the District shall be reported to the Board and to such other agents of the District as the Board shall direct.

The District shall file with the Authority, and shall mail in each year to any holder of the Bonds, requesting the same, an annual report containing the following:

A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenue derived from and relating to the System.

B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution, with respect to the Bonds or the Note, and the status of all the funds and accounts.

The rates, fees and other charges for the use of the services and facilities of the System, established under a resolution enacted by the Board on or before the effective date of this Resolution and in full force and effect, or ordered by the Public Service Commission of the State, the time for appeal of such rates, fees and other charges having expired or been waived by any party who could so appeal, shall constitute the initial schedule, rates, fees and charges to be collected for use of the services and facilities of the System.

Section 6.16. Operating Budget. Annually, at least 30 days preceding the beginning of each Fiscal Year, the District shall prepare and adopt by resolution a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditure for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefore in such budget without a written finding and recommendation by the Consulting Engineers stating in detail the purpose of and necessity for such increased expenditure for the operation and maintenance of the System, and no such increased expenditure shall be made until the District has approved such finding and recommendation by a resolution duly adopted. No increased expenditure in excess of ten percent (10%) of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increase expenditures are necessary for the continued operation of the System. The District shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and shall make available such budget and all such resolutions at all reasonable times to the Authority and, upon request, to any holder of the Bonds, or anyone acting for and in behalf of any such holder of the Bonds.

Section 6.17. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants of, and the economy of, the District and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory serviced by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Subject to applicable State laws and regulations, any such building or structure from which emanates sewage or water-borne waste matter and is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the District and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 6.18. Redemption of Bonds Held by Authority. As long as the Authority is the owner of any of the Series A Bond and Series B Bond Outstanding, the District shall not redeem any of such Series A Bond and Series B Bond Outstanding without the written consent of the Authority, and any such redemption of Series A Bond and Series B Bond authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Series A Bond and Series B Bond and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution.

Section 6.19. Payment of Program Expenses. As long as the Bonds are held by the Authority, the District agrees to pay from time to time, as required by the Authority, the District's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses and fees paid to the Trustee and paying agents for the water development revenue bonds. The District hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.09(d) of the General Resolution.

In the event the District defaults in the payment of any fees due to the Authority pursuant to this section, the amount of such default shall bear interest at the rate of five percent (5%) per annum, from the date of default until the date of the payment thereof.

Section 6.20. Authority Rights on Default. As long as the Authority shall hold the Bonds, the District hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the District, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Water Development Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System; and the District hereby covenants and agrees that, if the Authority should hereafter have recourse to the rights and powers, the District shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority.

Section 6.21. Authority Approval of Federal Pollution Abatement Assurance. The District hereby covenants and agrees to secure approval of the Authority and all other State agencies having jurisdiction before hereafter applying for federal financial assistance for pollution abatement.

Section 6.22. Tax Covenants. The District hereby further covenants, represents and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. (i) Not in excess of 10% of the Net Proceeds of the Bonds is used for private business use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a private business use or in payments in respect of property used or to be used for a private business use or is to be derived from payments,

whether or not to the District, in respect of property or borrowed money used or to be used for a private business use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for private business use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said private business use or in payments in respect of property used or to be used for said private business use or is to be derived from payments, whether or not to the District, in respect of property or borrowed money used or to be used for said private business use, then said excess of said 5% of Net Proceeds of the Bonds used for a private business use shall be used for a private business use related to the governmental use of the Project.

C. FEDERAL GUARANTEE PROHIBITION. The District shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code of Regulations promulgated thereunder.

D. REPORTING REQUIREMENTS. The District will file all reports or statements necessary to insure the tax-exempt status of the Bonds, including without limitation, the information return required under Section 149(e) of the Code.

Section 6.23. Statutory Mortgage Lien. For the further protection of the holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all holders of each respective series of the Bonds, provided however, that the statutory mortgage lien in favor of the holders of the Series A Bonds shall be senior to the statutory mortgage lien in favor of the holders of the Series B Bonds.

ARTICLE VII

INVESTMENTS: NON-ARBITRAGE

Section 7.01. Investments. The District shall invest and reinvest, and hereby instructs the Bond Commission and the Depository Bank to invest and reinvest, in Qualified Investments any moneys held as part of the funds and accounts created by this Resolution, other than the Revenue Fund, to the fullest extent possible subject to applicable laws and this Resolution, and the need for such moneys for the purposes set forth herein, and the specific restrictions and provisions set forth in this Section 7.01. The District may direct the Bond Commission and the Depository Bank in writing as to what particular permitted investments shall be made.

Except as otherwise provided herein or as provided below, any investment shall be held in and at all times be deemed a part of the fund or account in which the moneys and investments are held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the corresponding fund or account. The investments held by the Depository Bank shall be valued as of each January 1 and July 1 at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount or at par value if such investment is in the "Consolidated Fund"; provided, that no investment shall be sold or reduced by reason of the current market value exceeding the cost thereof. The Bond Commission or the Depository Bank, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of any loss on such liquidation. The District may invest funds on deposit with the Depository Bank through the trust department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, except losses due to its own gross negligence or willful misconduct.

Any Qualified Investments acquired for the Bond Capitalized Interest Account shall mature or be subject to redemption at the option of the holder at least one day prior to the date on which such moneys are required for transfer to the Paying Agent.

Qualified Investments acquired for the Renewal and Replacement Fund shall mature or be subject to redemption at the option of the holder within three years from the date of such investment.

Qualified Investments acquired for the Series A Bond Reserve Account and the Series B Bond Reserve Account shall mature or be subject to redemption at the option of the holder within five years from the date of such investment.

Section 7.02. Arbitrage. The District covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the District's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 7.03. Rebates of Excess Arbitrage Earnings to the United States. A. GENERAL COVENANT. The District hereby covenants to comply with all regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

B. CREATION OF FUNDS. Notwithstanding the above, there are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the District shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on the last day of each Bond Year or on the preceding business day in the event that such last day is not a business day, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the District on such date shall be credited by an amount equal to the amount so transferred.

C. DUTIES OF DISTRICT IN GENERAL. The District shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsection E and F.

D. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the District shall calculate, and shall provide written notice to the original holder of the Bonds and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the District shall calculate, and shall provide written notice to the holder of the Bonds and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the District in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the closing date of the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and debt service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual debt service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

(E) PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The District shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bonds, the District shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the District to be used for any lawful purpose of the System. The District shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection E, the District shall assure that such payments are made by the District to the United States, on a timely basis, from any funds lawfully available therefor.

F. FURTHER OBLIGATIONS OF DISTRICT. The District shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the District shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

G. MAINTENANCE OF RECORDS. The District shall keep, and retain for a period of six (6) years following the retirement of the Bonds, records of the determinations made pursuant to this Section 7.03.

H. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 7.03, the District and the Depository Bank (at the expense of the District) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the District or the Depository Bank may deem appropriate.

ARTICLE VIII

DEFAULTS AND REMEDIES

Section 8.01. Events of Default. A. Occurrence of any of the following events shall constitute an "Event of Default" with respect to the Bonds:

1. Default in the due and punctual payment of the principal of, premium, if any, or interest on any Bond;

2. Default in the observance by the District of any of the covenants, agreements or conditions on its part in this Resolution or any Supplemental Resolution or in the Bonds, and continuance thereof for a period of 30 days after written notice specifying such default and requiring that the same be remedied shall have been given to the District or by any holder of the Bonds; or

3. The filing by the District of a petition seeking bankruptcy, reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America or of the State.

B. Occurrence of any of the following events shall constitute an "Event of Default" with respect to the Note:

1. Default in the due and punctual payment of the principal of or interest on the Note; or

2. Default in the District's observance of any of the covenants, agreements or conditions on its part relating to the Note set forth in this Resolution, any Supplemental Resolution, the Bank Credit Agreement or in the Note, and such default shall have continued for a period of 30 days after the District shall have been given written notice specifying such default and requiring that the same be remedied shall have been given to the District or by any holder of the Note; or

3. The filing by the District of a petition seeking bankruptcy reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America or of the State.

Section 8.02. Enforcement. Upon the occurrence and during the continuance of any Event of Default, any holder of the Bonds or Note, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights. Without limiting the generality of the foregoing, a holder of the Bonds or Note, may:

A. Bring suit for any unpaid principal, premium or interest then due;

B. By mandamus or other appropriate proceeding enforce all rights of the holders, including the performance by the District of its duties under the Act, this Resolution and the Bank Credit Agreement;

C. Bring suit upon the Bonds or Note;

D. By action at law or bill in equity require the District to account as if it were the Trustee of an express trust for the holders of the Bonds or Note; and

E. By action or bill in equity enjoin any acts in violation of this Resolution or of the rights of the holders of the Bonds or Note, provided however, that no remedy herein stated may be exercised by a holder of the Note in a manner

which adversely affects any remedy available to any holder of the Bonds and provided further that all rights and remedies of the holder of the Series B Bond shall be subject to those of the holder of the Series A Bond.

No remedy by the terms of this Resolution conferred upon or reserved to any holders of the Bonds, is intended to be exclusive of any other remedy, but each and every remedy shall be cumulative and shall be in addition to any other remedy given to the holders of any Bonds, hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by any holders of the Bonds shall extend to or affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereon.

Section 8.03. Appointment of Receiver. Any holder of a Bond may, by proper legal action, compel the performance of the duties of the District under this Resolution, any Supplemental Resolution and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If any Event of Default shall have occurred and be continuing, in addition to all other remedies or rights, any holder of the Bonds shall have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the District, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of, premium, if any, and interest, if any, on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses, and to apply such rates, rentals, fees, charges and any other Gross Revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed, directly or by his agents and attorneys, forthwith shall enter into and upon and take possession of all facilities of the System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the District exercise all the rights and powers of the District with respect to the facilities as the District itself might do.

Whenever all that is due upon the Bonds, and interest thereon, if any, and under any covenants of this Resolution for the funds and accounts hereby established, and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Net Revenues, shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the District upon the entry of an order of the court to that effect. Upon any subsequent Event of Default, any holder of the Bonds, shall have the same right to secure the further appointment of a receiver.

Such receiver, in the performance of the powers hereinabove conferred, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed at the direction of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the District and for the joint protection and benefit of the District and first the holders of the Series A Bond and second the holders of the Series B Bond. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System and the collection of rates and charges related to the services now provided by the System for the sole purpose of the protection of both the District and first the holders of the Series A Bond and second the holders of the Series B Bond, and the curing and making good of any default under the provisions of this Resolution, and the title to and ownership of the System shall remain in the District, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Section 8.04. Restoration of District and Holder of the Bonds. In case any holder of the Bonds shall have proceeded to enforce any right under this Resolution by the appointment of a receiver or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the claims of such

holder of the Bonds, then and in every such case the District and such holder shall be restored to their former positions and rights hereunder, and all rights and remedies of such holder of the Bonds, shall continue as if no such proceedings had been taken, subject to such adverse determination as the court in such proceedings shall have made.

ARTICLE IX

REGISTRAR; PAYING AGENT

Section 9.01. Appointment of Registrar. The Registrar and the Paying Agent of the Bonds shall be appointed by the enactment of a Supplemental Resolution hereto.

ARTICLE X

DEFEASANCE; DISCHARGE OF PLEDGE

Section 10.01. Defeasance of Series A Bond. If the District shall pay or cause to be paid, or there shall otherwise be paid, to the holder of the Series A Bond, the principal of, premium, if any, and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in this Resolution, then with respect to the Series A Bond only, the pledge of Net Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the District on behalf of the holder of the Series A Bond, made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied.

Notwithstanding the foregoing, this Resolution may be amended without the consent of any holders of the Bonds or the Note as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the exclusion from gross income for Federal income taxation of interest on the Bonds and the Note.

Section 11.02. Evidence of Signatures of Holders and Ownership of Bonds. Any request, consent, revocation of consent or other instrument which this Resolution may require or permit to be signed and executed by the holder of any Bonds, may be in one or more instruments of similar tenor, and shall be signed or executed by such holders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Resolution if made in the following manner, or in any other manner satisfactory to the District or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable.

A. The fact and date of the execution by any holder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgements of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn before such a notary public or other officer, or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, trust company or financial firm or corporation satisfactory to the District or the Registrar, as the case may be, that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate holder of any Bonds may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed and attested by a person purporting to be its secretary or assistant secretary.

C. The amount of Bonds held by a person executing any instrument as a holder of any Bonds, the date of his holding such Bonds, and the numbers and other identification thereof, shall be confirmed by the Register.

Any request, consent or other instrument executed by the holder of any Bond shall bind all future holders and owners of any Bond, in respect to anything done or suffered to be done hereunder by the District or the Registrar in accordance therewith.

Section 11.03. Preservation and Inspection of Documents. To the extent allowed under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Resolution shall be retained in its possession and shall be available at all reasonable times for the inspection of the District, the holders of any Bonds, their agents and representatives, but, at the election of the Registrar, any such reports, certificates, statements or other documents may be destroyed or otherwise disposed of at any time after such date as the pledge created by this Resolution shall be discharged as provided in Article X.

Section 11.04. Cancellation of the Bonds. All Bonds purchased or paid and surrendered to the District shall be cancelled and delivered to the Registrar, or if surrendered to the Registrar, shall be cancelled by it. No such cancelled Bonds shall be deemed Outstanding under this Resolution, and no Bonds shall be issued in lieu thereof. All such Bonds shall be cancelled and upon order of the District shall be destroyed, and a certificate evidencing such destruction shall be delivered to the District.

Section 11.05. Failure To Present Bonds. Anything in this Resolution to the contrary notwithstanding, any moneys held by the Bond Commission in trust for the payment and discharge of any of the Bonds which remain unclaimed for one year after the date on which such Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the District be paid by the Bond Commission to the District as its absolute property and free from trust, subject to applicable law on escheat, and the Bond Commission thereupon shall be released and discharged with respect thereto, and the holders of such Bonds shall look only to the District for the payment of such Bonds; provided, however, that before making any such payment to the District, at the request of the Bond Commission the Registrar shall send to the holder by certified mail, at the address listed on the Register, a notice that such moneys remain unclaimed and that after a date stated in the notice, which date shall be not less than 30 days after the date on which such notice is mailed, the balance of such moneys then unclaimed will be returned to the District.

Ladies and Gentlemen:

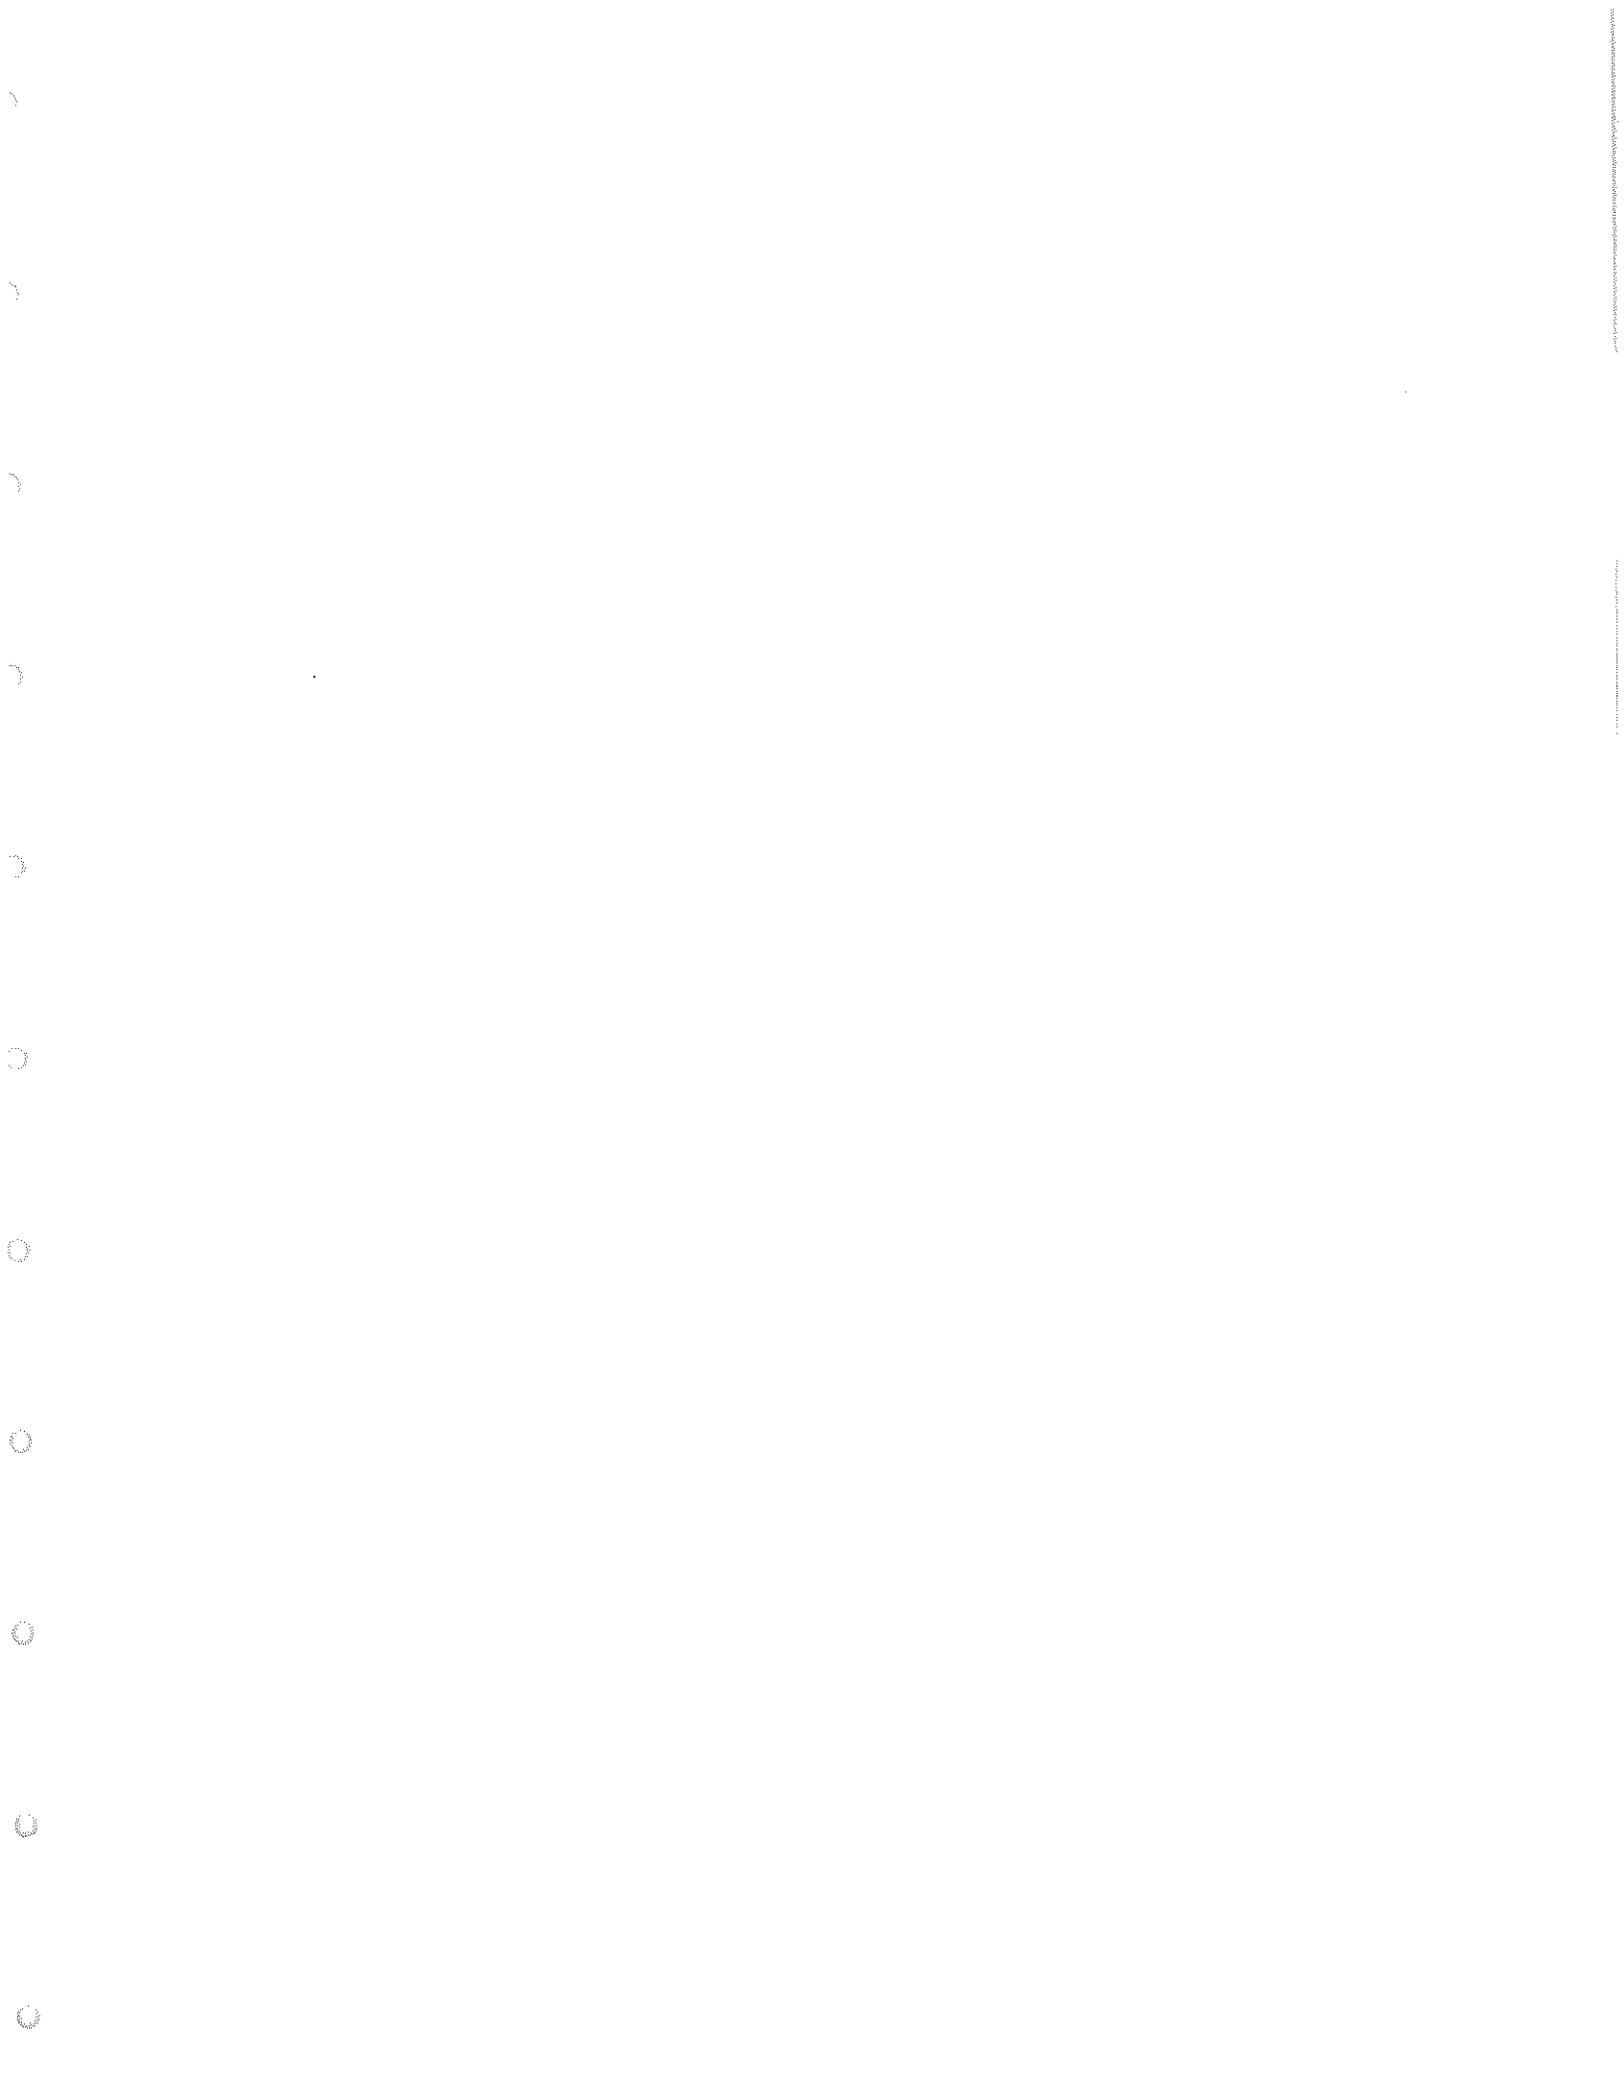

Based upon the rates and charges set forth in the Commission Order of the Public Service Commission of West Virginia entered on November 2, 1999, in Case No. 99-0499-PSD-42A, and projected operation and maintenance expenses, projected number of customers, and anticipated customer usage as furnished to me by Cerrone Associates, Inc., the Consulting Engineers, it is my opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Claywood Park public Service District (the "Issuer"), will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Sewer Revenue Bonds, Series 2001 (West Virginia Infrastructure SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the bonds, including the Issuer's Sewerage System Revenue Bonds, Series 1989A and Series 1989B (the "Prior Bonds"). It is my further opinion that the Net Revenues, as defined in the Bond Resolution authorizing the issuance of the Prior Bonds (the "Bond Resolution"), actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by the Bonds are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds and the Bonds.

Sincerely yours,

Ralph W. Bassett, Jr.
