ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code, as amended (the "Act") and other applicable provisions of law.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. Clay Roane Public Service District (the "PSD" or "Issuer") is a public service district created pursuant to the Act by orders issued by The County Commissions of Clay and Roane Counties, located in Clay and Roane Counties, West Virginia.

B. The Issuer now has a public water system and desires to improve and expand that system and it is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, betterments and improvements to the existing public water system of the Issuer known as the "System" (sometimes referred to herein as the "System") so as to improve the public health, comfort and convenience of residents of the Public Service District, including the construction and installation of all necessary appurtenant facilities (the "Project"), and generally described as water line extensions, pumps, pumping stations, water plant improvements and necessary appurtenances particularly described in and according to the plans and specifications prepared by the Consulting Engineer for the Project and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The construction and acquisition of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. It is necessary for the Issuer to issue its revenue bond in the aggregate principal amount of \$40,000 to finance a portion of the cost of such construction in the manner hereinafter provided.

D. The estimated maximum cost of the construction of the Project is \$390,000, which will be obtained from the proceeds of sale of the Series 1997 Bond herein authorized, from grants to be made by RUS, as hereinafter defined, and by the Clay County Commission, in the amounts of \$288,000 and \$60,000, respectively, and from an Issuer contribution of \$2,000. The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or any interest therein; interest on the Bond prior to, during and for six (6) months after completion of such

construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

E. The period of usefulness of the System after completion of the Project is not less than forty (40) years.

F. There is currently outstanding another obligation of the Issuer with which the Bond will rank on a parity as to lien and source of and security for payment which is the Water Revenue Bond of the Issuer, dated November 5, 1990 (the "1990 Bond") issued in the original principal amount of \$450,000 secured under the terms of the 1990 Resolution (hereinafter defined).

With the exception of the bonds described above, there are no other outstanding bonds or obligations of the Issuer which will rank prior to or on a parity with the Bond as to lien, pledge and/or source of and security for payment.

G. The Issuer is not in default under the terms of the 1990 Resolution or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid waiver thereof.

H. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bond (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the imposition of rates and charges, the consent and approval, pursuant to the Act, of the issuance of the Bond by the Public Service Commission of West Virginia by final order.

J. It is in the best interests of the Issuer that the Bond be sold to the United States Department of Agriculture, Rural Development, acting on behalf of the Rural Utilities Service (the "Purchaser" or "RUS"), pursuant to the terms

and provisions of a letter of conditions dated July 24, 1995, and all amendments thereto (the "Letter of Conditions").

Section 3.01. Authorization of Bond. Subject and pursuant to the provisions hereof, the Bond of the Issuer to be known as "Clay Roare Public Service District Water Revenue Bond, Series 1997" in the principal amount of \$40,000, is hereby authorized to be issued for the purpose of financing a portion of the cost of the construction and acquisition of the Project.

Section 3.02. Description of Bond. The Bond shall be issued as a single registered form, No. R-1, and shall be dated on the date of delivery. The Bond shall bear interest from date, payable monthly at a maximum rate of four and one half percent (4.50%) per annum or such lower rate that RUS will make available at closing, and shall be sold for the par value thereof but in no event greater than four and one half percent (4.50%) per annum.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Execution of Bond. The Bond shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary, and the Chairman and the Secretary are hereby authorized to execute the Bond and such other documents as are necessary to finalize this transaction. Section 3.04. Negotiability, Registration, Transfer and Exchange of Bond. The Bond shall be and have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, but the Bond may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.05 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar. CLAY ROANE PUBLIC SERVICE DISTRICT
WATER REVENUE BOND (VARNEYTOWN PROJECT),
SERIES 1997

No. R-1

Date: April __, 1997

FOR VALUE RECEIVED, the CLAY ROANE PUBLIC SERVICE DISTRICT, a public service district created pursuant to the Act by orders issued by The County Commissions of Clay and Roane Counties, in Clay and Roane Counties of said State (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Forty Thousand and 00/100 Dollars (\$40,000), plus interest on the unpaid principal balance at the rate of four and one half percent (4.5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$184.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government,

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development, acting on behalf of the Rural Utilities Service, successor in interest to the Farmers Home Administration, and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ON A PARITY AS TO LIEN AND SOURCE OF PAYMENT WITH THE WATER REVENUE BOND, SERIES 1990, OF THE ISSUER DESCRIBED IN THE RESOLUTION ISSUED WITH RESPECT TO SUCH SERIES.

Section 5.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are created and established with (or continued if previously established by the 1990 Resolution) and shall be held by the Depository Bank, separate, distinct and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund (established by the 1990 Resolution and continued hereby);
- (2) Project Construction Account;
- (3) Reserve Fund (established by the 1990 Resolution and continued hereby);
- (4) Depreciation Reserve (established by the 1990 Resolution and continued hereby); and
- (5) Sinking Fund.

Section 5.02. Bond Proceeds; Project Construction Account. All moneys received from the sale of the Bond shall be deposited upon receipt by the Issuer in the Depository Bank, a member of Federal Deposit Insurance Corporation (FDIC), in a special account hereby now established and designated as "Clay Roane Public Service District Water System Construction Account (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of state and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of the construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing ninety (90) days, the Issuer may invest such excess funds in Qualified Investments.

Pending application as provided in this Section 5.02, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 5.03. Covenants of the Issuer as to Revenues and Funds. So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

(A) Revenue Fund. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund" is hereby established with the Depository Bank. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) Disposition of Revenues. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority subject to the provisions of Section 3.03 of the 1990 Resolution:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, each month, on or before the due date of payment of each installment on the Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Bond (or such other place as may be provided pursuant to the Bond), the amount required to pay the interest on the Bond, and to amortize the principal of the Bonds over the respective lives of each Bond issue. All payments with respect to principal of and interest the Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amount thereof outstanding and on a parity with each other. There is hereby created a sinking fund at the Depository Bank into which the Issuer shall deposit sufficient amounts from the Revenue Fund to pay the interest on the Bonds and to amortize the principal of the Bonds over the remaining respective lives of each Bond issue. As long as the Government owns the Bonds, such deposits can be replaced by the remittances described above.

(3) The Issuer shall next, on each date that payment is made as set forth in (2) above, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Reserve Fund herein created $1/12$ th of $1/10$ th of the amount, as of the date of calculation, equal to the maximum aggregate amount of principal and interest which will become due on the Bonds in any year until the amount in the

Reserve Fund equals such maximum amount (the "Reserve Requirement"). After the Reserve Fund Requirement has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bonds and for payment of Operating Expenses of the System, as shall be required to maintain the Reserve Requirement. Moneys in the Reserve Fund shall be used solely to make up any deficiency in monthly payments of the principal of and interest on the Bonds as the same shall become due or for prepayment of installments on the Bonds, or for mandatory prepayment of the Bonds as hereinafter provided, and for no other purpose, on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(4) The Issuer shall next, on each date that payment is made as set forth in (2) above, transfer from the Revenue Fund and deposit in the Depreciation Reserve, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$99,750 as required by the 1990 Resolution, and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve, other than any sum or sums required to be transferred to the Earnings Fund pursuant to Section 3.03 of the 1990 Resolution, shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bonds as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom other than pursuant to Section 3.03 of the 1990 Resolution, all on a pro rata basis. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve other than any sum or sums required to be transferred to the Earnings Fund pursuant to Section 3.03 of the 1990 Resolution, may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, moneys remaining therein and not permitted to be retained therein, if any ("Surplus Revenues"), may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Reserve Fund (other than moneys required to be transferred to the Earnings Fund pursuant to Section 3.03 of the 1990 Resolution) shall be sufficient to prepay the Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve, herein provided, and all amounts required for the Reserve Fund and the Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

All the funds provided for in this Section and the Earnings Fund, except with respect to the Excess Investment Earnings (as defined in the 1986 Resolution) in the Earnings Fund, which shall be held for rebate to the United States free from any such lien or trust, shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon (other than such Excess Investment Earnings in the Earnings Fund and the Rebate Fund as aforesaid) for further securing payment of the Bonds and the interest thereon, but the Depository Bank shall not be a trustee as to such funds. It is to be understood that all funds in the Rebate Fund shall be held free and clear of any such lien or trust and shall only be used for the purposes set forth in the 1990 Resolution notwithstanding anything else herein to the contrary.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Subject to the 1990 Resolution, the Depository Bank, at the direction of the Issuer, shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Resolution shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia State Board of Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account.

(C) Change of Depository Agent and Fiscal Agent. The Issuer may designate another bank or trust company insured by FDIC as Fiscal Agent and Depository Bank if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by ordinance that said Bank or its successor should no longer serve as Fiscal Agent or Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bonds, provide evidence that there will be 290 bona fide users of the proposed System when the extension of the System is completed and placed in operation, and must obtain user agreements and the user contribution from each new user and deposit in the Project Construction Account all such new user contributions collected.

(E) Charges and Fees. The Issuer shall remit from the Revenue Fund to the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Depository Bank then due.

(F) Investment of Excess Balances. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, in a lawful manner for securing deposits of state and municipal funds under the laws of the State.

(G) Remittances. All remittances made by the Issuer to the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

(H) Gross Revenues. The Gross Revenues of the System shall only be used for purposes of the System.

GENERAL COVENANTS

Section 6.01. General Statement. So long as the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 6.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than one hundred ten percent (110%) percent of the annual debt service on the Bonds and to make the payments required herein into the Reserve Fund and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 6.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 6.04. Issuance of Additional Parity Bonds or Obligations. (a) Real Property Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of one hundred percent (100%) of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of Clay County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation insurance will be maintained as required by the laws of the State of West Virginia.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and every officer and employee of the PSD having custody of the Revenue Fund or of any revenues or other funds of the System in an amount at least equal to the total annual debt service requirements for all outstanding RUS loans.

(f) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 6.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon delivery of the Bond.

Section 6.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof and/or;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law or of this or the other Bond Resolutions.

Section 6.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights and shall have all rights prescribed by the Act, W.Va. Code and other applicable law.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 6.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty (30) days prior to the beginning of each fiscal year, the Issuer agrees to adopt an Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. If for any reason the Issuer shall not have adopted an Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of an Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten percent (10%); and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance

with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 6.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 6.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary on the date of adoption hereof, subject to permitted changes.
