BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF FAIRMONT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation"), is enacted pursuant to the provisions of Chapter 8, Article 19 and Chapter 16, Article 13C of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Fairmont (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Marion County of said State.

B. The Issuer presently owns and operates a public water system (the "System"). However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain extensions, additions, betterments and improvements to the System of the Issuer, consisting of providing the City of Mannington with a potable water supply through the construction of waterline along Route 250 from the City of Fairmont's existing Cleveland Avenue main to the City of Mannington's water storage tank, including a booster pump station, a master meter system and a SCADA system, together with all appurtenant facilities (collectively, the "Project"), in accordance with the plans

and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"),which administers the West Virginia Drinking Water Treatment Revolving Fund (the "West Virginia DWTRF Program") pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2008 A (West Virginia DWTRF Program), in the total aggregate principal amount of not more than $3,500,000 (the "Series 2008 A Bonds"), to be initially represented by a single bond, to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2008 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 2008 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2008 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2008 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2008 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Bureau for Public Health (the "BPH"), in form satisfactory to the Issuer, the Authority and the BPH (the "Loan Agreement"), as shall be approved by a resolution supplemental hereto.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2008 A Bonds as to liens, pledge, source of and security for payment, being the Issuer's (1) Waterworks Refunding Revenue Bonds, Series 1997, dated June 1, 1997, issued in the original aggregate principal amount of $10,260,000 (the "Series 1997 Bonds"); (2) Water Revenue Bonds, Series 1998, dated December 15, 1998, issued in the original aggregate principal amount of $9,600,000 (the "Series 1998 Bonds"); and (3) Water Revenue Bonds, Series 1999, dated January 1, 1999, issued in the original aggregate principal amount of $19,945,000 (the "Series 1999 Bonds"). The Series 1997 Bonds, the Series 1998 Bonds and the Series 1999 Bonds are hereinafter collectively called the "Prior Bonds."

The Series 2008 A Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2008 A Bonds, the Issuer will obtain a certificate of an

Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds have been met. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay the principal of and interest on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein and in the Prior Ordinances (as hereinafter defined) and all costs of operation and maintenance of the System.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2008 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council and the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order.

J. The Project has been reviewed and determined to be technically and financially feasible by the West Virginia Infrastructure and Jobs Development Council pursuant to Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

In case any one or more of the officers who shall have signed or sealed the Series 2008 A Bonds shall cease to be such officer of the Issuer before the Series 2008 A Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2008 A Bonds may be signed and sealed on behalf of the Issuer

by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2008 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof, shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2008 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2008 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2008 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2008 A Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2008 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2008 A Bonds or transferring the registered Series 2008 A Bonds are exercised, all Series 2008 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2008 A Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2008 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2008 A Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2008 A Bonds or, in the case of any proposed redemption of Series 2008 A Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2008 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and

deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2008 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of all Series 2008 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the Prior Bonds. The Gross Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Series 2008 A Bonds and the Prior Bonds and to make all other payments hereinafter set forth, are hereby irrevocably pledged to such payments as they become due.

Monies in the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

G. The Gross Revenues of the System shall only be used for purposes of the System.

The initial schedule of rates and charges for the services of the facilities of the System shall be as set forth in the water rate ordinance duly enacted on August 24, 2007, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2008 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2008 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System or any part thereof, except as provided in the Prior Ordinances.

So long as the Series 2008 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the BPH, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2008 A Bonds, immediately be remitted to the Commission for deposit in the Series 2008 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to immediately apply such proceeds to the payment of principal of and interest on the Series 2008 A Bonds. Any balance remaining after the payment of all the Series 2008 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and the Governing Body may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall be deposited in the Depreciation Fund.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2008 A Bonds and the Prior Bonds. All obligations issued by the Issuer after the issuance of the Series 2008 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2008 A Bonds; provided, that no

such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2008 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2008 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the BPH prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinances shall be applicable. In addition, no additional Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2008 A Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the BPH and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinances).

After the Prior Bonds are no longer outstanding, no such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any additional Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and

(3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a

certificate of the Independent Certified Public Accountants, which shall be filed in the office of the City Clerk prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2008 A Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any bond of one series over any other bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and account created in this Ordinance required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Ordinance.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2008 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to the lien on and source of and security for payment from such revenues, with the Series 2008 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Ordinance and the Prior Ordinances with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance and the Prior Ordinances, shall have been made in full as required to the date of issuance of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Ordinance and the Prior Ordinances.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the BPH or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the BPH such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the BPH or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the BPH and the Authority, or any other original purchaser of the Series 2008 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2008 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and, to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2008 A Bonds and shall submit said report to the Authority and the BPH, or any other original purchaser of the Series 2008 A Bonds. Such audit report submitted to the Authority and the BPH shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the BPH, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the BPH, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the BPH with respect to the System pursuant to the Act.

The Issuer shall provide the BPH with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement for the Series 2008 A Bonds or as promulgated from time to time.

Section 7.09. Rates. So long as the Prior Bonds are outstanding, the Issuer will maintain rates as required in the Prior Ordinances. Prior to the issuance of the Series 2008 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the City Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with, or subordinate to, the Series 2008 A Bonds including the Prior Bonds; provided that, in the event that, an amount equal to or in excess of the Reserve Requirement is on deposit in the Series 2008 A Bonds Reserve Account and any reserve accounts for obligations on a parity with, or subordinate to, including the Prior Bonds are funded at least at the requirement therefor, such sum need only equal 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with, or subordinate to, the Series 2008 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the BPH within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and

recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the BPH or to any Holder of any Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the BPH by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the BPH, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the BPH is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the BPH covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the BPH, the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the DWTRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the BPH in writing of such receipt.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the DWTRF Regulations, to the BPH when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the BPH in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2008 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Depreciation Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Depreciation Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security

for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the BPH. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling, or building intended to be served by the System to connect thereto.

Section 7.17. Completion of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards. The Issuer shall take all steps to properly operate and maintain the System and make the necessary replacements due to normal wear and tear so long as the Series 2008 A Bonds are outstanding.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the West Virginia Public Service Commission and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for the issuance of the Series 2008 A Bonds required by State law, with all appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the BPH with copies of all documents submitted to the Authority. The Issuer agrees to comply with all applicable laws, rules and regulations issued by the Authority, the BPH or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2008 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2008 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Contracts; Change Orders; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2008 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the BPH for written approval. The Issuer shall obtain the written approval of the BPH before expending any proceeds of the Series 2008 A Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the BPH before expending any proceeds of the Series 2008 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the BPH and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2008 A Bonds as a condition to issuance of the Series 2008 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2008 A Bonds as may be necessary in order to maintain the status of the Series 2008 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2008 A Bonds which would cause any bonds, the interest, if any, on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the BPH, as the case may be, from which the proceeds of the Series 2008 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the BPH, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2008 A Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2008 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on the Series 2008 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its respective part relating to the Series 2008 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2008 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinances.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of the Series 2008 A Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2008 A Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2008 A Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2008 A Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2008 A Bonds shall be on a parity with the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition

and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

(d) The Local Entity shall either have received bids or entered into contracts for the construction of the Project, which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim construction financing, the Local Entity must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and BPH shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit C;

(e) The Local Entity shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and BPH shall have received a certificate of the Consulting Engineers to such effect;

bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(g) The Local Entity shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and BPH shall have received an opinion of counsel to the Local Entity, which may be local counsel to the Local Entity, bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(h) The Local Entity shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and BPH shall have received an opinion of counsel to the Local Entity, which may be local counsel to the Local Entity, bond counsel or special PSC counsel but must be satisfactory to the Authority and BPH, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and BPH shall have received a certificate of the accountant for the Local Entity, or such other person or firm experienced in the finances of local entities and satisfactory to the Authority and BPH, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and BPH shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of drinking water projects and satisfactory to the Authority and BPH, to such effect, such certificate to be in form and substance satisfactory to the Authority and BPH, and evidence satisfactory to the Authority and BPH of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the BPH, including the DWTRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Local Entity and the Local Entity shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Local Entity shall sell to the Authority and the Authority shall make the Loan by purchasing the Local

Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Entity by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, BPH and the Local Entity. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Local Entity understands and acknowledges that it is one of several local entities which have applied to the Authority and BPH for loans from the Fund to finance drinking water projects and that the obligation of the Authority to make any such loan is subject to the Local Entity's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the requirements of the Program. The Local Entity specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may purchase the bonds of other local entities set out in the State Project Priority List, as defined in the DWTRF Regulations. The Local Entity further specifically recognizes that all loans will be originated in conjunction with the DWTRF Regulations and with the prior approval of BPH or such later date as is agreed to in writing by the BPH.

3.6 The Local Entity shall provide BPH with the appropriate documentation to comply with the special conditions regarding the public release requirements established by federal and State regulations as set forth in Exhibit D attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Local Entity shall, as one of the conditions of the Authority and BPH to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Entity in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided that if the Local Entity has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues, as applicable, of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Entity will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the DWTRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of the System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Entity shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the

revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and BPH;

(vi) That the Local Entity will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Entity will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Entity under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Entity will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Entity shall annually, within six months of the end of the fiscal year, cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and BPH. If the Local Entity receives $300,000 or more (in federal funds) in a fiscal year, the audit shall be obtained in accordance with the Single Audit Act (as amended from time to time) and the applicable OMB Circular (or any successor thereto). Financial statement audits are required once all funds have been received by the Local Entity. The audit shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Local Entity's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Entity shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and

maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and BPH within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Entity and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Local Entity, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and BPH, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Entity may authorize redemption of the Local Bonds with 30 days written notice to BPH and the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Entity shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Entity shall complete the Monthly Payment Form, attached hereto as Exhibit E and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, if required by the Authority and BPH and, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Entity will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Entity shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and BPH, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and BPH is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Entity shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate its services to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore such services until all delinquent charges for the services of the System have been fully paid; and

(xxi) That the Local Entity shall submit all proposed change orders to the BPH for written approval. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Entity shall obtain the written approval of the BPH before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Entity hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit F.

4.2 The Loan shall be secured by the pledge and assignment by the Local Entity, as effected by the Local Act, of the fees, charges and other revenues of the Local Entity from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Loan Closing. The remaining proceeds of the Local Bonds shall be advanced by the Authority monthly as required by the Local Entity to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Entity, the BPH and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the DWTRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on

Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Entity. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the DWTRF Regulations, the Local Entity agrees to pay from time to time, if required by the Authority and BPH, the Local Entity's allocable share of the reasonable administrative expenses of the BPH and the Authority relating to the Program. Such administrative expenses shall be determined by the BPH and the Authority and shall include, without limitation, Program expenses, legal fees paid by the BPH and the Authority and fees paid for any bonds or notes to be issued by the Authority for contribution to the Fund.

4.6 The obligation of the Authority to make any loans shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to make the Loan.

ARTICLE V

Certain Covenants of the Local Entity; Imposition and Collection of User Charges; Payments To Be Made by Local Entity to the Authority

5.1 The Local Entity hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Local Entity hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Local Entity hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates,

fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.3 In the event the Local Entity defaults in any payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Local Entity hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Entity, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Entity

6.1 The Local Entity hereby acknowledges to the Authority and BPH its understanding of the provisions of the Act, vesting in the Authority and BPH certain powers, rights and privileges with respect to drinking water projects in the event of default by local entities in the terms and covenants of this Loan Agreement, and the Local Entity hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Entity shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 The Local Entity hereby warrants and represents that all information provided to the Authority and BPH in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority and BPH shall have the right to cancel all or any of their obligations under this Loan Agreement if (a) any representation made to the Authority and BPH by the Local Entity in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Local Entity has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the DWTRF Regulations or this Loan Agreement.

6.3 The Local Entity hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Loan.

6.4 The Local Entity hereby covenants that, if required by the Authority and BPH, it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Entity fails to make any such rebates as required, then the Local Entity shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and BPH may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the

Local Entity to be monitored or cause the rebate calculations for the Local Entity to be prepared, in either case at the expense of the Local Entity.

6.6 The Local Entity hereby agrees to give the Authority and BPH prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Entity hereby agrees to file with the Authority and BPH upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule B to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this Loan Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Local Entity supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement, and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

7.4 No waiver by any party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.5 This Loan Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Local Entity specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Loan Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Entity from either the Authority or BPH;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by the BPH if the Local Entity has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and BPH pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Loan and of any fees and charges owed by the Local Entity to the Authority or BPH.

In the event funds are not available to make all of the Loan, the responsibility of the Authority and BPH to make all the Loan is terminated; provided further that the obligation of the Local Entity to repay the outstanding amount of the Loan made by the Authority and BPH is not terminated due to such non-funding on any balance of the Loan. The BPH agrees to use its best efforts to have the amount contemplated under this Loan Agreement included in its budget. Non-funding of the Loan shall not be considered an event of default under this Loan Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Loan Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

FINAL

3/19/2007

Issued: February 27, 2007

CASE NO. 06-1576-W-CN

CITY OF FAIRMONT
a municipal corporation,

Application for a certificate of convenience and necessity for the construction, operation and maintenance of a distribution system extension for purposes of supplying the City of Mannington with potable water for resale.

RECOMMENDED DECISION

On October 17, 2006, The City of Fairmont (City, Applicant or Fairmont), a municipal water utility, filed with the West Virginia Public Service Commission a duly verified application for a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system in Marion County, West Virginia. The application stated that the project would include the construction of 70,748 linear feet of 12-inch and 16-inch water line along U.S. Route 250, from the City's existing Cleveland Avenue main water line to the City of Mannington's 632,000-gallon water storage tank, including a 1,000-gallon-per-minute deluxe water booster pump station with booster chlorination, a master meter system, and a SCADA system for automated operation, together with related appurtenances and appliances. The purpose of the project is to supply potable water to the City of Mannington for resale. The application stated that the certificate of convenience and necessity should be granted because the City of Mannington, which also operates a municipal water utility in Marion County, West Virginia, is in need of a new source of potable water for its customers. The City of Mannington's water filtration plant has become antiquated and is in need of extensive upgrades and rehabilitation. Also, in the past, the City of Mannington has experienced interruptions to its water supply during droughts and dry spells resulting in periods of restricted water use. The application stated that, "The West Virginia Infrastructure and Jobs Development Council has determined that it is more feasible for the City of Mannington to purchase water for resale than to reconstruct or rehabilitate its existing filtration plant." To facilitate the arrangement, the City of Fairmont and the City of Mannington have entered into an exclusive

Water Purchase Agreement (Agreement), dated September 6, 2005, as amended on January 17, 2006, whereby the City of Fairmont will supply water to the City of Mannington for sale to its existing direct customers and its resale customers. Also, the proposed project is the subject of an Intergovernmental Agreement, dated September 6, 2005.

The total estimated project cost is $4,970,000, and the City of Fairmont proposed that construction be funded by a $1,025,000 Small Cities Block Grant, a West Virginia Infrastructure and Jobs Development Council grant in the amount of $1,195,000 and a Drinking Water Treatment Revolving Fund loan in the amount of $2,750,000. The loan would bear an interest rate of 0% and an annual administrative fee of 1% and would be repayable over a term of thirty (30) years. The application stated that no rate increase was anticipated to support the project.

On October 17, 2006, as corrected on October 19, 2006, the Commission issued a Notice of Filing, which required that the City of Fairmont give notice of the filing of the certificate application by publishing the Notice of Filing once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Marion County. The Commission also ordered the City of Fairmont to make due return of proper certification of publication immediately after publication. The Notice of Filing stated that, if no protests were received within the 30-day public protest period, the Commission may waive formal hearing and grant the application based on its review of the evidence submitted with the application.

On November 13, 2006, the City of Fairmont filed with the Commission copies of domestic return receipts evidencing notification of the City's nine resale customers of the filing of the certificate application by the City of Fairmont. The City of Fairmont notified Paw Paw Public Service District, Ice's Run Public Service District, Little Creek Public Service District, Valley Falls Public Service District, Monumental Public Service District, Montana Water Works, Town of Rivesville, Grant Town Public Service District and Tri-County Water Association.

On November 13, 2006, Staff Attorney Carrie Freeman of the Commission's Legal Division filed an Initial Joint Staff Memorandum, along with an Initial Internal Memorandum, prepared by Utility Analyst Michael Quinlan of the Commission's Water and Wastewater Division and Technical Analyst James Spurlock of the Commission's Engineering Division. Staff summarized the relevant facts, noted that preliminary funding documentation was filed with the application and that additional funding documents would be filed as soon as they became available. Staff noted that the Applicant had filed a Rule 42 exhibit, which indicated that the current rates were sufficient to support the proposed project. Staff stated that a final recommendation would be filed within the appropriate internal case processing time frames.

By Commission Referral Order issued on November 29, 2006, the Commission referred this case to the Division of Administrative Law Judges for a decision to be rendered on or before February 28, 2007, if no public protests were filed. The Commission Referral Order stated that, if public protests were filed within 30 days after the required notice had been provided, the Division of Administrative Law Judges would be required to render its decision on or before May 15, 2007.

On December 6, 2006, the Applicant filed an affidavit of publication which reflected that the Notice of Filing was published as a Class I legal advertisement in the *Times West Virginian* on October 28, 2006.

No protests were filed.

On January 16, 2007, Staff Attorney Carrie Freeman filed the Final Internal Memorandum, prepared by Utility Analyst Quinlan and Technical Analyst Spurlock. Therein, Staff summarized the facts set forth in the certificate application. Staff added that the City's water treatment plant was constructed in 2003 and is well able to supply the additional water demand resulting from this project. Staff noted that the City of Fairmont's current water source is the Tygart River, which, in Staff's opinion, provides an uninterrupted and abundant supply of water. Staff stated that, since there are several small water utilities located between Fairmont and Mannington, construction of the proposed extension to serve Mannington will create an alternative source of water for those small water utilities and will insure that the long term needs of the area can be met.

Engineering Staff concluded that, given the fact that Mannington currently serves approximately 1,000 customers and given the fact that the total estimated project cost is $4,970,000, the cost per customer of $4,970 is reasonable for the scope of the project. Engineering Staff also concluded that the estimated increase of $59,042 in operation and maintenance expenses associated with the proposed project is reasonable.

Financial Staff noted in the Final Internal Memorandum that the Applicant has filed funding commitment letters. Financial documentation provided by the Applicant in support of the project indicated that annual revenues from the sale of water to Mannington are projected to be $208,054; annual operation and maintenance expenses are expected to increase by $59,042; and total debt service and reserve requirements are projected to increase $121,956 per year as a result of this project. Staff indicated that the remaining cash surplus is projected to increase by $27,056, resulting in a total cash flow surplus of $279,597. Debt coverage of 115% is anticipated. Financial Staff added that current rates, effective for all service rendered on or after July 22, 2006, are sufficient to support the project, based upon information provided by the Applicant.

In its Final Internal Memorandum, Staff noted that a Water Purchase Agreement, signed by the City of Fairmont and the City of Mannington, was included by the Applicant when the certificate application was filed. Staff expressed concern that the Agreement had been executed by the parties before it was filed with the Commission. Staff reminded the parties that West Virginia Code §24-2-12 requires that such contracts be submitted for the consent and approval of the Public Service Commission before being entered into by the parties. Three additional concerns with regard to the Water Purchase Agreement were noted by Staff. Staff recommended that Section No. 12 of the Agreement be revised to include language stating that Public Service Commission approval must be obtained before any termination of service takes place. Also, Staff recommended that Section No. 13 be revised to delete the second paragraph, which seems to be an attempt by the City of Fairmont to hold the City of Mannington financially responsible for some portion of the total construction cost

associated with the proposed project, should the City of Mannington ever default on the Water Purchase Agreement. Finally, Staff recommended that the Legal Division address the reasonableness of cash deposits for defaults in payment, included in Section No. 16 of the Agreement.

The final recommendations of Commission Staff were as follows:

(1) The City of Fairmont be granted a certificate of convenience and necessity to construct certain additions and improvements to its existing water distribution system, at an estimated cost of $4,970,000, as described in the engineering plans and contract documents submitted with this filing.

(2) The Commission approve the project funding consisting of a Small Cities Block Grant in the amount of $1,025,000, a West Virginia Infrastructure and Jobs Development Council grant in the amount of $1,195,000 and a Drinking Water Treatment Revolving Fund loan in the amount of $2,750,000, at an interest rate of 0% for thirty (30) years and an annual administrative fee of 1.0%.

(3) If there is any change in the plans and/or scope of the project or in the event that a change in financing affects rates, the City of Fairmont be required to request that the certificate case be reopened by the Commission for potential adjustments and approval.

(4) Should there be a change in project costs that does not affect rates, the City need not seek reopening and approval. However, in such an event, the City of Fairmont should be required to file with the Public Service Commission an affidavit signed by its Certified Public Accountant, verifying that rates are not affected.

(5) The City be required to provide a copy of the engineer's certified tabulation of bids, within ten days of the bid opening date, for each construction contract or vendor bid contract to be awarded for this project.

(6) The City of Fairmont be required to notify the Public Service Commission when its Engineer has performed the substantial completion inspection.

(7) The City of Fairmont be required to adopt the Staff-recommended tariff language in its next rate ordinance adoption proceeding, which will bring its tariff language into compliance with the Public Service Commission's updated Tariff Rules.

(8) The proposed Water Purchase Agreement be approved, contingent upon revision of the agreement in conformance with Staff's specific concerns set forth above and on Pages No. 3 and 4 of the Final Internal Memorandum.

In her Final Joint Staff Memorandum, Staff Attorney Freeman advised that she supported the recommendations submitted by Technical Staff. She recommended approval of the certificate of

convenience and necessity. She also recommended that the proposed Water Purchase Agreement be approved, contingent upon revision and resubmission of Section No. 12 and 13, as recommended by Technical Staff. As to the issue regarding Section 16 of the proposed Water Purchase Agreement, Staff Attorney Freeman recommended that Section No. 16 be removed or stricken, since such a deposit would be unduly burdensome on the ratepayers of the City of Mannington. She added that it is not common practice for a utility to charge a resale customer such a deposit.

On January 18, 2007, Staff Attorney Freeman filed a Further Final Joint Staff Memorandum, along with certain attachments, which were inadvertently omitted from the Final Joint Staff Memorandum, filed on January 16, 2007.

On January 26, 2007, the City of Fairmont filed the Response of City of Fairmont to Final Joint Staff Memorandum Dated January 16, 2007. Therein, the City of Fairmont advised that it did not agree with the recommendation of Commission Staff that Section No. 16 of the Water Purchase Agreement be deleted or removed. The City of Fairmont noted that the same language contained within Section No. 16 of the Agreement had been approved by the Public Service Commission on three prior occasions involving water purchase agreements and the City of Fairmont's resale customers. The City specifically identified three cases in which the same water purchase agreement language had been approved. The City of Fairmont also stated that it did not agree with Staff's recommendation that the second paragraph of Section No. 13 of the Water Purchase Agreement be deleted or removed. The City of Fairmont noted that, while it does not dispute Technical Staff's assertion that the City of Fairmont's resale rate of $1.93 per thousand gallons was established in light of the costs associated with this project, Fairmont contends that, when the resale rate was determined, income generated from the project was also anticipated. Fairmont added that, "If Mannington were to default under the terms of the agreement and purchase water from another source, the City of Fairmont would lose the income that would have been generated from the sale of water to Mannington. The loss of income resulting from the breach would not relieve the City of Fairmont of its obligation to service the approximate $2,750,000 debt it will incur as a result of undertaking the project. The portion of Item No. 13 which PSC Staff finds objectionable was designed to provide some method of repaying the City of Fairmont and alleviating the need for a rate increase in the event of Mannington's default." The City of Fairmont proposed an alternative modification to Section No. 13 of the Agreement which would "provide for repayment so long as the debt to be incurred by the City of Fairmont remains outstanding." Finally, the City of Fairmont advised that it disagreed with Staff's recommendation that Section No. 12 of the Agreement be modified. The City of Fairmont stated that "termination and default are not synonymous terms and the Commission is without the jurisdiction to award the City of Fairmont monetary damages in the event of Mannington's default."

On February 13, 2007, Staff Attorney Freeman filed a Second Further Final Joint Staff Memorandum. She advised that the City's counsel and Staff have agreed to an addendum to the Water Purchase Agreement. The addendum will state that Fairmont will contact the Commission for permission to implement any redress sought in Paragraphs 12, 13 or 16 before it attempts to implement any redress contained in the above stated paragraphs. The Staff Attorney recommended that Fairmont file a copy of this addendum with the Commission.

DISCUSSION

Commission Staff has recommended that the City of Fairmont's application for a certificate of convenience and necessity to construct the proposed extension of its existing water distribution system, along U.S. Route 250 from its Cleveland Avenue water tank to the City of Mannington, be granted. The record does not contain any objection to that Staff recommendation from the City of Fairmont. However, the record does contain objections from the City of Fairmont to Staff's recommendation of specific revisions or modifications to the Water Purchase Agreement filed as a part of the certificate application case by the City of Fairmont. While Commission Staff recommended approval of the certificate application "without specifically approving the terms of the Water Purchase Agreement", Staff recommended specific modifications of the proposed Agreement. After the City of Fairmont objected to Staff's recommended modifications to the Water Purchase Agreement, it appears that Commission Staff and the City of Fairmont resolved their differences. Staff advised in its Second Further Final Joint Staff Memorandum that the City of Fairmont and the City of Mannington have agreed to the terms of an addendum to the Water Purchase Agreement, which addresses Staff's concerns. Staff recommended that the City of Fairmont file a copy of the addendum with Commission Staff. Since Staff's recommendation was that the certificate application be granted, without specifically approving the terms of the Water Purchase Agreement, the certificate application and the proposed financing for the project will be approved, contingent upon the filing of the addendum by the City of Fairmont.

The record in this case reflects that the Notice of Filing was properly published by the City of Fairmont, as directed in the Commission's October 17, 2006 order. The Notice of Filing provided that public protests or requests for intervention regarding the City of Fairmont's certificate application be filed with the Public Service Commission within thirty (30) days of the date of publication of the Notice of Filing. The City of Fairmont later filed an affidavit of publication from the *Times West Virginian,* which established that publication of the Notice of Filing took place on October 28, 2006. The record reflects that no public protests or requests to intervene were filed in this matter during the 30-day public protest period. Furthermore, the City of Fairmont has substantially complied with Rule 10.3.d. of the Public Service Commission's Rules of Practice and Procedure, which requires that the utility separately mail Form No. 14 to each of its resale customers, via certified mail, return receipt requested. Therefore, it is reasonable to conclude that there has been no objection from the public to the issuance of a certificate of convenience and necessity for construction of the project described herein. Finally, since Staff, the City of Fairmont and the City of Mannington have resolved their differences regarding the Water Purchase Agreement, the Agreement should be approved by the Commission, without specifically approving the terms thereof.

FINDINGS OF FACT

1. On October 17, 2006, the City of Fairmont filed an application for a certificate of convenience and necessity to construct an extension of its existing water distribution system along

U.S. Route 250, from the City of Fairmont's existing Cleveland Avenue main water line to the City of Mannington's 632,000-gallon water storage tank. The proposed project included construction of approximately 70,748 linear feet of 12-inch and 16-inch diameter water line, installation of a 1,000-gpm deluxe water booster pump station with booster chlorination, installation of a master meter system and installation of a SCADA system for automated operation, together with related appurtenances and appliances. (See, October 17, 2006 filing).

2. The City of Fairmont mailed a copy of the Notice of Filing for the proposed project to each of its nine resale customers, via United States Certified Mail, Return Receipt Requested, in compliance with Rule 10.3.d. of the Public Service Commission's *Rules of Practice and Procedure.* (See, November 13, 2006 filing).

3. The City of Fairmont published the Notice of Filing regarding this certificate application in the *Times West Virginian*, a daily newspaper published at Fairmont, Marion County, West Virginia, on October 28, 2006. (See, December 6, 2006 filing).

4. A copy of each of the United States Certified Mail Domestic Return Receipt cards, addressed to each of the City of Fairmont's nine resale customers was filed by the City of Fairmont with the Public Service Commission. (See, November 13, 2006 filing).

5. The thirty-day public protest period set forth in the Notice of Filing ended on or about November 27, 2006. No protests to the City of Fairmont's certificate application were received by the Public Service Commission during the thirty (30) day public protest period, or as of the date of this Order. (See, case file generally).

6. The purpose of the project is to connect Fairmont's water system to the City of Mannington. The City of Mannington's water treatment plant, which serves 1,000 customers, has become antiquated and is in need of extensive upgrades and rehabilitation. Mannington also experiences water supply shortages during dry weather. The West Virginia Infrastructure and Jobs Development Council has determined that it is more feasible for Mannington to purchase water from Fairmont than to reconstruct or rehabilitate its existing plant. (See, Application filed October 17, 2006, and attached exhibits; Final Joint Staff Memorandum and attachments filed January 16, 2007).

7. The total estimated project cost is $4,970,000, and will be funded by a Small Cities Block Grant in the amount of $1,025,000, a grant from the West Virginia Infrastructure and Jobs Development Council in the amount of $1,195,000 , and a Drinking Water Treatment Revolving Fund loan in the amount of $2,750,000, at an annual interest rate of 0%, for 30 years, and a 1% annual administrative fee. Letters of commitment for the grants and the loan were filed with the Public Service Commission. (See, Final Joint Staff Memorandum filed January 16, 2007).

8. The City of Fairmont water treatment facility has adequate capacity to provide the water required by the City of Mannington. (See, Final Joint Staff Memorandum filed January 16, 2007).

9. Resale revenue from the sale of water to the City of Mannington is projected to be $208,054 annually. (See, Final Joint Staff Memorandum filed January 16, 2007).

10. Operation and maintenance expenses are expected to increase by $59,042 as a result of this project. (See, Final Joint Staff Memorandum filed January 16, 2007).

11. Total debt service and reserve requirements are projected to increase $121,956 per year as a result of this project. (See, Final Joint Staff Memorandum filed January 16, 2007).

12. Based upon information supplied to the Public Service Commission by the City of Fairmont, the current resale rate for the City of Fairmont of $1.93 per thousand gallons, which became effective for all service rendered on and after July 22, 2006, is sufficient to support the project. (See, Final Joint Staff Memorandum filed January 16, 2007).

13. Fairmont's existing rates will provide a cash flow surplus of $279,597 and a debt service coverage of 115%. (See, Final Joint Staff Memorandum filed January 16, 2007).

CONCLUSIONS OF LAW

1. It is reasonable to grant the City of Fairmont's request for a waiver of the requirement that it comply with certificate application pre-filing requirements, since the proposed project was reviewed and approved by the West Virginia Infrastructure and Jobs Development Council on January 17, 2006, and again on March 1, 2006.

2. The public convenience and necessity require the specific extension, as well as the associated upgrades, improvements and appurtenances proposed by the City of Fairmont to its existing water distribution system, in order to provide adequate supplies of potable water to the City of Mannington.

3. It is reasonable to approve the proposed financing for the project, consisting of a Small Cities Block Grant in the amount of $1,025,000, a West Virginia Infrastructure and Jobs Development Council grant in the amount of $1,195,000 and a Drinking Water Treatment Revolving Fund loan of $2,750,000, with an annual interest rate of 0%, for 30 years and an annual administrative fee of 1.0%.

4. It is reasonable to grant Commission consent and approval for the City of Fairmont to enter into the Water Purchase Agreement filed herein, contingent upon the City of Fairmont filing an addendum thereto, reflecting that the City of Fairmont will contact the Public Service Commission for permission to implement any redress sought in Section Nos. 12, 13 or 16, before attempting to implement any redress sought in Section Nos. 12, 13 or 16.

ORDER

IT IS, THEREFORE, ORDERED that the application filed by the City of Fairmont, on October 17, 2006, for a certificate of convenience and necessity to construct an extension of its existing water distribution system, along U.S. Route 250, from the City of Fairmont's existing Cleveland Avenue main water line to the City of Mannington's 632,000 water storage tank, together with necessary upgrades, improvements and appurtenances, be, and hereby is, granted.

IT IS FURTHER ORDERED that the City of Fairmont's request for a waiver of the certificate application pre-filing requirements for certificate application cases be, and hereby is, granted.

IT IS FURTHER ORDERED that the Water Purchase Agreement dated September 6, 2005, as amended on January 17, 2006, between the City of Fairmont and the City of Mannington, be, and it hereby is, approved, without specifically approving the terms and conditions thereof, conditioned, however, upon the filing of an Addendum to that Agreement, as described in the Second Further Final Joint Staff Memorandum filed herein on February 13, 2007. Said Addendum shall be filed within thirty (30) days of the date that this decision becomes final.

IT IS FURTHER ORDERED that the City of Fairmont submit a certificate of substantial completion for this water distribution system extension project from its professional engineer as soon as it becomes available.

IT IS FURTHER ORDERED that the City of Fairmont file a copy of the engineer's certified tabulation of bids for each construction contract or vendor bid contract awarded for this project, within ten (10) days of the bid opening date.

IT IS FURTHER ORDERED that, should there be any changes in the scope, plans or financing of the project, or if a change in project cost affects the rates approved for the project, the City of Fairmont shall obtain Commission approval of such changes, prior to commencing construction.

IT IS FURTHER ORDERED that, if there is a change in project cost that does not affect rates, the City of Fairmont is not required to obtain Commission approval of such change. However, the City of Fairmont shall, in such case, file an affidavit with the Commission, duly executed by its Certified Public Accountant, verifying that rates are not affected.

IT IS FURTHER ORDERED that, if this project requires the use of Division of Highways' rights-of-way, the City of Fairmont comply with all rules and regulations of the Division of Highways regarding the use of those rights-of-way.

IT IS FURTHER ORDERED that this matter be, and hereby is, removed from the Commission's docket of open cases.

The Executive Secretary is hereby ordered to serve a copy of this Recommended Decision upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this Recommended Decision is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed, this Recommended Decision shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Recommended Decision by filing an appropriate petition, in writing, with the Commission's Executive Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make an Administrative Law Judge's Recommended Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Public Service Commission.

Dear Mr. Sago:

Based on the findings of the Water Technical Review Committee, the Infrastructure Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Water Technical Review Committee as the District may need to address certain issues raised in said comments as it proceeds with the Project.

The West Virginia Infrastructure and Jobs Development Council, at its October 5, 2005 meeting, voted that the City of Fairmont (the "City") should utilize a $1,025,000 Small Cities Block Grant, a $400,000 Drinking Water Treatment Revolving Fund loan, a $1,025,000 Rural Utilities Service loan, a $1,725,000 Drinking Water Treatment Revolving Fund loan and be offered a binding commitment for an Infrastructure Fund grant of $795,000 to finance this $4,970,000 project. This project is to provide the Mannington Public Service District with potable water supply.

In order to receive the proposed binding commitment the City must adhere to a certain project schedule. Please contact Katy Mallory at 558-4607 by **November 30, 2005** to establish the necessary schedule and finalize the proposed binding commitment.

The Authority will enter into Grant agreement with the City following receipt of the completed Schedule B, a final, nonappealable order from the Public Service Commission authorizing construction of the Project, evidence of binding commitments for other funding; evidence of all permits; evidence of acceptable bids; and any other documents requested by the Infrastructure Council.

No statements or representations made before or after the issuance of this contingent commitment by any person, member of the Infrastructure Council, or agent or employee of the Authority shall be construed as approval to alter or amend this commitment, as all such amendments or alterations shall only be made in writing after approval of the Infrastructure Council.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the City of Fairmont (the "Issuer"), a municipal corporation and political subdivision created and existing under the laws of the State of West Virginia, of its $2,750,000 Water Revenue Bonds, Series 2008 A (West Virginia DWTRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement dated June 26, 2008, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Bureau for Public Health (the "BPH"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal and interest to the Authority, bearing no interest payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 2009, to and including September 1, 2039, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds. The Bonds are subject to the Administrative Fee equal to 1% of the principal amount of the Bonds as set forth in the Schedule Y attached to the Loan Agreement.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 19 and Chapter 16, Article 13C of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying the costs of acquisition and construction of certain additions, betterments and improvements to the existing public waterworks system of the Issuer; (ii) fully funding the Series 2008 A Bonds Reserve Account; and (iii) paying costs of issuance and related costs.

We have also examined the applicable provisions of the Act and the Bond Ordinance duly enacted by the Issuer on April 22, 2008, as supplemented by a Supplemental Resolution duly adopted by the Issuer on June 24, 2008 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the BPH and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the BPH or diminish the obligations of the Issuer without the written consent of the Authority and the BPH.

3. The Bond Legislation and all other necessary ordinances, orders and resolutions have been duly and effectively enacted and adopted by the Issuer in connection with the issuance and sale of the Bonds and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System and secured by a first lien on and pledge of the Gross Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Waterworks Refunding Revenue Bonds, Series 1997, dated June 1, 1997, issued in the original aggregate principal amount of $10,260,000; Water Revenue Bonds, Series 1998, dated December 15, 1998, issued in the original aggregate principal amount of $9,600,000; and Water Revenue Bonds, Series 1999, dated January 1, 1999, issued in the original aggregate principal amount of $19,945,000, all in accordance with the terms of the Bond and the Bond Legislation.

5. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality or county commission, political subdivision or agency thereof, and the interest, if any, on the Bonds is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest thereon, if any, is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross

income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Steptoe & Johnson PLLC
Charleston, West Virginia

Ladies and Gentlemen:

I am City Attorney for the City of Fairmont, in Marion County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a loan agreement dated June 26, 2008, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Bureau for Public Health (the "BPH"), the Bond Ordinance duly enacted by the Issuer on April 22, 2008, as supplemented by a Supplemental Resolution duly adopted by the Issuer on June 24, 2008 (collectively, the "Bond Legislation") and other documents relating to the above-captioned Bonds of the Issuer (the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

1. The Issuer has been duly created and is validly existing as a municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project as set forth in the plans for the Project, excluding any relocation alternatives, as prepared by Greenhorne & O'Mara, Inc., the Project engineers, to operate and maintain its water works and to enact the Bond Legislation, all under applicable provisions of law, and the Mayor, City Manager, City Clerk and members of the Council of the Issuer have been duly and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.

2. In reliance upon the actions and representations of Steptoe & Johnson, PLLC, it appears that the Bond Legislation has been duly adopted and enacted by the Issuer and appears to be in full force and effect.

3. The Loan Agreement has been duly authorized and upon execution and delivery by the Issuer and, assuming due authorization, execution and delivery by the Authority, will constitute a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

4. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its water works are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received the recommended order of the Public Service Commission of West Virginia, dated February 27, 2007, which became final on March 19, 2007, in PSC WV Case Number 06-1576-W-CN, and which among other things, granted to the Issuer a certificate of convenience and necessity for the Project, and approved the financing for the Project. The time for appeal of such Final Order has expired prior to the date hereof without any appeal. Such Final Order remains in full force and effect.

6. The Issuer has or prior to commencing construction will have received all applicable permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders and approvals from the Bureau for Public Health, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and has taken the necessary action required for the imposition of rates and charges, including the enactment of an ordinance, being Ordinance No. 1390, on July 10, 2007. The time for appeal of said Ordinance has expired without any appeal and such rates are in effect.

7. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bonds, the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Revenues therefor.

8. In reliance upon the actions and representations of Greenhorn & O'Mara, Inc., consulting engineers for the project, and to the best of my knowledge all successful bidders have or prior to the commencement of construction will have made required provisions for all insurance and payment and performance bonds and such insurance policies or binders and all such bonds will have been verified for accuracy. In reliance upon the actions and representations of Greenhorn & O'Mara, Inc., consulting engineers for the project, I am of the opinion that such surety bonds and policies (1) will be in compliance with the contracts; (2) will be adequate in form, substance and amount to protect the various interests of the Issuer; (3) will be executed by duly authorized representatives of the proper parties; (4) will meet the requirements of the Bond Legislation and the Loan Agreement; and (5) all such documents will constitute valid and legally

binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Kevin V. Sansalone

The City of Fairmont Water Fund proposes to construct a distribution system extension consisting of approximately 70,748 linear feet of 12" and 16" diameter PVC pipe to be installed along U.S. Route 250 in Marion County, West Virginia from the City of Fairmont's existing 16" water main located along Cleveland Avenue to a connection point at or near the City of Mannington's existing 632,000 gallon water storage tank for purposes of supplying the City of Mannington with potable water for resale. In addition, as part of the water line extension, the City of Fairmont proposes to construct a 1000 GPM Water Booster Pump Station with chlorination booster system, and a SCADA system for automated operation. The extension will include all necessary meters, valves, controls, appliances and appurtenances.

2. That the City of Fairmont has obtained approval for all necessary permits and approvals for the construction of the extension.

3. That I have investigated and ascertained the location of and am familiar with the legal descriptions of the necessary sites, including easements and/or rights of way, required for the construction of the extension as set forth in the plans for the project, excluding any and all relocation alternatives, which plans were prepared by Greenhorne & O'Mara, Inc., the consulting engineers.

4. That I have examined the records maintained in the Office of the Clerk of the County Commission of Marion County, West Virginia, the county in which the extension is located and, except as set out in Paragraph 6 below, in my opinion, the City of Fairmont has acquired legal title or such other estate or interest in 100% of the necessary easements or rights of way sufficient to assure undisturbed use and possession and for the purpose of construction, operation and maintenance for the estimated life of the aforementioned extension to be constructed.

5. Ladies and Gentlemen:

Based upon the water rates and charges as set forth in the Water Rate Ordinance enacted by the City of Fairmont (the "Issuer") on July 10, 2007, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Greenhorne & O'Mara, Inc., consulting engineers, it is our opinion that such rates and charges will be sufficient to (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 120% of the maximum amount required in any year for payment of principal of and interest on the Water Revenue Bonds, Series 2008 A (West Virginia DWTRF Program) (the "Series 2008 A Bonds") and all other obligations secured by a lien on or payable from the revenues of the System, including the Issuer's: (1) Waterworks Refunding Revenue Bonds, Series 1997, dated June 1, 1997, issued in the original aggregate principal amount of $10,260,000 (the "Series 1997 Bonds"); (2) Water Revenue Bonds, Series 1998, dated December 15, 1998, issued in the original aggregate principal amount of $9,600,000 (the "Series 1998 Bonds"); and (3) Water Revenue Bonds, Series 1999, dated January 1, 1999, issued in the original aggregate principal amount of $19,945,000 (the "Series 1999 Bonds") (collectively, the "Prior Bonds").

It is further our opinion that the Net revenues actually derived from the System during the Fiscal Year preceding the date of the actual issuance of the Series 2008 A Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the date of issuance of the Series 2008 A Bonds, will not be less than 120% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the Series 2008 A Bonds and the Prior Bonds.

Very truly yours,

Bennett & Dobbins PLLC

CERTIFICATE AS TO USE OF PROCEEDS

The undersigned Mayor and City Manager of the City of Fairmont in Marion County, West Virginia (the "Issuer"), being the official of the Issuer duly charged with the responsibility for the issuance of $2,750,000 Water Revenue Bonds, Series 2008 A (West Virginia DWTRF Program), of the Issuer, dated June 26, 2008 (the "Bonds" or the "Series 2008 A Bonds"), hereby certify this 26th day of June, 2008 as follows:

1. I am the officer of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Ordinance duly enacted by the Issuer on April 22, 2008, as supplemented by the Supplemental Resolution duly adopted by the Issuer on June 24, 2008 (collectively, the "Bond Ordinance"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on June 26, 2008, the date on which the Bonds are being physically delivered in exchange for an initial advance of the principal amount of the Series 2008 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Ordinance pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest, if any, on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Bureau for Public Health (the "BPH"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2008 A Bonds were sold on June 26, 2008, to the Authority, pursuant to a loan agreement dated June 26, 2008, by and between the Issuer and the Authority, on behalf of the BPH, for an aggregate purchase price of $2,750,000 (100% of par), at which time, the Issuer received $91,668 from the Authority and the BPH, being the first advance of the principal amount of the Series 2008 A Bonds. No accrued interest has been or will be paid on the Series 2008 A Bonds. The balance of the principal amount of the Series 2008 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Series 2008 A Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying the costs of acquisition and construction of certain additions, betterments and improvements to the existing public waterworks facilities of the Issuer (the "Project"); and (ii) paying certain costs of issuance of the Bonds and related costs.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the Series 2008 A Bonds Reserve Account, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before August 1, 2009. The acquisition and construction of the Project is expected to be completed by February 1, 2009.

The terms of councilmembers shall be four years except as otherwise provided in this Charter respecting the first election under this Charter.

(b) Referendum. The qualified voters of the City shall have power to require reconsideration by the Council of any adopted ordinance and, if the Council fails to repeal an ordinance so reconsidered, to approve or reject it at a City election, provided that such power shall not extend to the budget or capital program or any emergency ordinance or ordinance relating to appropriation of money or levy of taxes.

Section 8.02 Commencement of Proceedings; Petitioners' Committee; Affidavit.

Any five qualified voters may commence initiative or referendum proceedings by filing with the City Clerk an affidavit stating that they will constitute the petitioners' committee and be responsible for circulating the petition and filing it in proper form, stating their names and addresses and specifying the address to which all notices to the committee are to be sent, and setting out in full the proposed initiative ordinance or citing the ordinance sought to be reconsidered.

Promptly after the affidavit of the petitioners' committee is filed, the Clerk shall issue the appropriate petition blanks to the petitioners' committee.

Section 8.03 Petitions.

(a) Number of Signatures. Initiative and referendum petitions must be signed by qualified voters of the City equal in number to at least 15 percent of the total number of qualified voters registered to vote at the last regular City election.

(b) Form and Content. All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature shall be executed in ink or indelible pencil and shall be followed by the address of the person signing. Petitions shall contain or have attached thereto throughout their circulation the full text of the ordinance proposed or sought to be reconsidered.

(c) Affidavit of Circulator. Each paper of a petition shall have attached to it when filed an affidavit executed by the circulator thereof stating that he personally circulated the paper, the number of signatures thereon, that all the signatures were affixed in his presence, that he believes them to be genuine signatures of the persons whose names

they purport to be and that each signer had an opportunity before signing to read the full text of the ordinance proposed or sought to be reconsidered.

(d) Time for Filing Referendum Petitions. Referendum petitions must be filed within 30 days after adoption by the Council of the ordinance sought to be reconsidered.

Section 8.04 Procedure After Filing.

Within twenty days after the petition is filed, the City Clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars wherein it is defective and shall promptly send a copy of the certificate to the petitioners' committee by registered mail. A petition certified insufficient for lack of the required number of valid signatures may be amended once if the petitioners' committee files a notice of intention to amend it with the Clerk within two days after receiving the copy of his certificate and files a supplementary petition upon additional papers within ten days after receiving the copy of such certificate. Such supplementary petition shall comply with the requirements of subsections (b) and (c) of Section 8.03, and within five days after it is filed, the Clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of such certificate to the petitioners' committee by registered mail as in the case of an original petition. If a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend or request Council review under subsection (b) of this section within the time required, the Clerk shall promptly present his certificate to the Council and the certificate shall then be a final determination as to the sufficiency of the petition.

(b) Council Review. If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it or if an amended petition has been certified insufficient, the committee may, within two days after receiving the copy of such certificate, file a request that it be reviewed by the Council. The Council shall review the certificate at its next meeting following the filing of such request and approve or disapprove it, and the Council's determination shall then be a final determination as to the sufficiency of the petition.

(c) Court Review, New Petition. A final determination as to the sufficiency of a petition shall be subject to court review. A final determination of insufficiency, even if sustained upon court review, shall not prejudice the filing of a new petition for the same purpose.

Section 8.05 Referendum Petitions; Suspension of Effect of Ordinance.

When a referendum petition is filed with the City Clerk, the ordinance sought to be reconsidered shall be suspended from taking effect. Such suspension shall terminate when:

Copies of the proposed or referred ordinance shall be made available at the polls.

(c) Withdrawal of Petitions. An initiative or referendum petition may be withdrawn at any time prior to the fifteenth day preceding the day scheduled for a vote of the City by filing with the City Clerk a request for withdrawal signed by at least four members of the petitioners' committee. Upon the filing of such request the petition shall have no further force or effect and all proceedings thereon shall be terminated.

If conflicting ordinances are approved at the same election, the one receiving the greatest number of affirmative votes shall prevail to the extent of such conflict.

WHEREAS, the West Virginia Legislature at its 1999 session amended the provisions of West Virginia Code §6-9A-1 et seq., and particularly the provisions of §6-9A-4 which describes the circumstances under which a governing body of a public agency may recess and meet in executive session;

WHEREAS, the 1999 amendments to West Virginia Code §6-9A-1 et seq., have an effective date of June 21, 1999;

WHEREAS, the Council for the City of Fairmont constitutes a governing body of a public agency under the Act and its meetings are subject to its provisions [See West Virginia Code §6-9A-2(3), (4) and (6)];

WHEREAS, the City of Fairmont deems it necessary to amend Article II of the Fairmont City Charter, particularly Section 2.11 Procedure subpart (a) Meetings which provides the circumstances under which council may recess and meet in executive session so as to cause it to be consistent with the provisions of West Virginia Code §6-9A-4, as amended;

WHEREAS, although the provisions of West Virginia Code §6-9A-4, as amended provide broad circumstances under which a governmental body may recess and meet in executive session,

the City Charter has historically been much more restrictive by its terms and by application. This amendment retains the historical restrictions imposed upon Council by the Framers of the original City Charter;

WHEREAS, West Virginia Code §8-4-8 provides that an amendment to the City Charter under the alternate plan must be by ordinance.

NOW, THEREFORE, THE CITY OF FAIRMONT HEREBY ORDAINS THAT:

ORDINANCE NO. 1390

AN ORDINANCE OF THE CITY OF FAIRMONT AMENDING AND SUPPLEMENTING THE CITY OF FAIRMONT'S WATER TARIFFS, RATES AND CHARGES, WHICH TARIFFS, RATES AND CHARGES ARE SET OUT IN P.S.C. W.VA. TARIFF NO. 16, ISSUED BY THE PUBLIC SERVICE COMMISSION OF WEST VIRGININA ON AUGUST 8, 2006, TO PROVIDE FOR INCREASED RATES FOR ALL GENERAL DOMESTIC, COMMERCIAL AND INDUSTRIAL CUSTOMERS

WHEREAS, Chapter 24, Article 2, Section 4(b) of the Code of the State of West Virginia 1931 as amended authorizes the fixing of all rates and charges of municipally operated utilities by the adoption of appropriate ordinances;

WHEREAS, since 1891, the City of Fairmont has provided quality potable water to its general domestic, commercial and industrial customers within the City's corporate limits and within certain areas of Marion County, West Virginia;

WHEREAS, between 2001 -2003, the City of Fairmont undertook to replace its conventional water filtration plant with immersed ultra-filtration membrane technology. The plant was designed and constructed with four separate production trains with a purported capacity of producing 10 million of gallons of water per day (MGD). As designed, the plant was to have an immediate expansion capability to 12.0 MGD and an ultimate expansion capability to 15.0 MGD;

WHEREAS, although the water produced continued to exceed all drinking water standards, in January 2007, and again in late February – early March 2007, the City of Fairmont experienced reduced production of potable water. Production was unable to meet demand resulting in boil water advisories, usage curtailments, cancellation of school, and the involvement of the state and local offices of emergency services. In order to immediately enhance production capabilities and abate the shortage, the City was forced to make certain unanticipated capital expenditures and incurred increased operating and maintenance and other expenses, all totaling in excess of $1,000,000.00. Currently, the City is engaged in evaluating plant deficiencies and corrective measures with the plant manufacturer, design engineer, the City's consulting engineer, and the Public Service Commission. These measures include developing further enhanced production, addressing accountability issues, resolving pretreatment of the source water and solids handling, and providing for increased storage capacity;

WHEREAS, the City's current rates for water service were established by those certain orders of the Public Service Commission of West Virginia entered in Case No. 05-0424-W-MA on July 5, 2005, and July 12, 2005, and Ordinance No. 1351, duly adopted by the City on May 23, 2006, are set out in P.S.C. W.VA. Tariff No. 16, issued by the Public Service Commission of West Virginia Tariff Office on August 8, 2006, for service rendered by the City of Fairmont on or after July 22, 2006;

WHEREAS, the Revenue Requirements Class Cost of Service Study, dated June 23, 2005, prepared by Steven Kaz, Utilities Analyst II for the Public Service Commission of West Virginia in Case No. 05-0424-W-MA identified that the City's nine (9) resale customers generated annual revenues for the system in the amount of $942,331.00 at the going level resale rate of $1.93 per 1000 gallons. Said study further identified that said revenues exceeded the total cost of providing service to said resale customers by an amount of $228,751.00 per year. Accordingly, the rates which were formulated by the Public Service Commission and set out in the City's current tariff, being Tariff No. 16, provided no change to the City's resale rate.

WHEREAS, the City's current rates were designed to permit the water fund to operate as a self sufficient enterprise fund with adequate revenues to pay its operating and maintenance expenses, permit reasonable capital expenditures, and meet existing debt service obligations without subsidization from the City's other Funds; however, the current rates were not designed to accommodate the payment of the unanticipated capital expenditures or the unexpected increase in operating and maintenance and other expenses incurred as a result of the recent production shortages;

WHEREAS, it appears that increased rates and charges for all general domestic, commercial and industrial water service rendered after the effective date of this ordinance are reasonable and necessary and that such increase has been formulated to provide sufficient revenues to enable the water fund to maintain its self sufficiency.

WHEREAS, it further appears that the City's current resale rate of $1.93 per 1000 gallons remains generally consistent with the provisions of West Virginia Code §24-2-2b and that the rate is just, reasonable and based primarily upon the cost of providing resale services and that no increase in said rate is warranted.

NOW, THEREFORE, THE CITY OF FAIRMONT HEREBY ORDAINS THAT:

The water rates or tariffs of the City of Fairmont established by those certain orders of the Public Service Commission of West Virginia entered in Case No. 05-0424-W-MA on July 5, 2005, and July 12, 2005, and Ordinance No.1351 are set out in P.S.C. W.VA. CITIZENS PETITIONS

IN RE: BEVERLY ESTATES SUBDIVISION

WAYNE TAYLOR, 100 Lucinda Lane, addressed Council regarding the new Beverly Estates Subdivision which is the new development off Mary Lou Retton Drive. He noted the residents have concerns regarding the development that they wanted to bring to Council's attention. He presented pictures of the development for Council to look at. Mr. Taylor went on to say that there are dangerous conditions that the residents feel exist, unmarked and unbarricaded large

holes along side the road, a non-functioning fire hydrant, no street signs to direct emergency vehicles and the developer has done nothing to move the development forward. He then asked if the City Attorney could find out what is going on because promises are no longer acceptable.

The Mayor asked the residents if they have approached the Planning Commission.

A gentleman from the audience (did not state his name) said he talked to someone from the City several times about getting street signs; however, they have not been installed.

The City Manager said it was not a city street until the subdivision is built to city specifications and it is legally conveyed over to the city. He then said that Council would set the name of the street based on some input from the residents. The City Manager went on to say that this is strictly a Planning Commission matter. He noted there may be some civil issues between the property owners and the developer and there may be some non-compliance issues with the developer and the Planning Commission.

Councilmember Dahlia asked if the residents could talk to the City Planner, Jay Rogers.

A gentleman from the audience said they have talked to Mr. Rogers several times.

The Mayor said that the City Manager will make the Planning Commission aware of the situation and then they will have to address the situation.

Councilmember Delligatti said he did not believe there was a time line set on when certain activities should be taking place and he thought that was also something that the Planning Commission should look at.

The City Manager suggested that the City facilitate a meeting with the Planning Department, the Building Department, the developer and the residents and try to hash out the issues.

Mr. Taylor closed by saying that the residents have been more than patient but something needs to be done.

IN RE: NEIGHBORHOOD COMPLAINT – O'DELL STREET

TANYA EVANS, 313 Montgomery Avenue, addressed Council regarding an on-going complaint on O'Dell Street regarding Shirley Merchant.

The Mayor explained that City Council is not going to get involved in personal matters. He said this is a matter between Ms. Evans and Mrs. Merchant and since it involves children under the age of 18, there is nothing this Council can make a decision on.

Ms. Evans then said that the City has a problem on Shady Side and it is going to involve the Police.

Councilmember Delligatti asked if she would be willing to meet with someone from the Police Department to have a conversation where we could be respectful on both sides and try to work out this issue.

Ms. Evans replied yes.

SHIRLEY MERCHANT, 417 O'Dell Street, addressed Council regarding police officers responding to complaints in her neighborhood. She reported that children ride an ATV by her kitchen window, the sound is unbearable, and the dust is more than enough to make a healthy person sick. She then asked Council to show her the law that says she must get along with her neighbors.

The Mayor asked if the police have shown up for each complaint.

Mrs. Merchant replied yes.

Mayor Sears then stated that on one situation it came down to if Mrs. Merchant was going to file a warrant against an individual. He asked if that was ever done.

Mrs. Merchant replied no.

The Mayor said that they were into a civil matter and that our Police Department has responded very diligently to handle the matter. He stated there was not much more City Council can do regarding these issues. He then said that on issues like this, the Council does report those issues to the City Manager which, in turn, will approach the department head and, in this case, it is the Police Chief.

IN RE: WATER RATE QUESTIONS

HAZEL BATTON, 208 Florida Avenue, stated that she had questions regarding the proposed water rate increase.

The Mayor said the public hearing on the proposed ordinance will be July 10; however, the City Manager will have a presentation shortly regarding the increased rates.

CITY MANAGER'S REPORT

IN RE: WATER PRESENTATION

The City Manager noted that after the water rate ordinance was introduced, he was going to ask Council for a few minutes for a water rate presentation.

IN RE: AN ORDINANCE OF THE CITY OF FAIRMONT AMENDING AND SUPPLEMENTING THE CITY OF FAIRMONT'S WATER TARIFFS, RATES AND

CHARGES, WHICH TARIFFS, RATES AND CHARGES ARE SET OUT IN P.S.C. W.VA. TARIFF NO. 16, ISSUED BY THE PUBLIC SERVICE COMMISSION OF WEST VIRGINIA ON AUGUST 8, 2006, TO PROVIDE FOR INCREASED RATES FOR ALL GENERAL DOMESTIC, COMMERCIAL AND INDUSTRIAL CUSTOMERS

Pursuant to a notice duly published in the Times-West Virginian on July 2, 2007, a public hearing was convened to obtain citizen in put on an ordinance providing for an increase in water rates.

Mayor Sears asked if anyone desired to speak to the proposed ordinance.

The City Manager reported at the last meeting a presentation was given on the need for the water fund rate ordinance. He noted they had initially anticipated putting a surcharge in place and that surcharge would have been across every customer in the amount of $5.57 per month. He explained that there was some concern on Council that penalized the users that used less water and now the rate ordinance that Council has this evening allows the Water Fund to re-coop expenses from the water emergencies this past winter plus enables us to go forward on a go forward basis and meet operational expenditures and fund some of the capital needs that were outlined in the last rate case. He then asked for Council's support on the ordinance.

ANNOUNCEMENTS

IN RE: FARMER'S MARKET LOCATION

Councilmember Tennant reported that he received a phone call stating that the Farmer's Market can only use Mid-City Parking Lot until the end of July.

The City Manager said that was correct. He mentioned that it depends on how the Mid-City Parking Lot project goes with putting in the pay box and refurbishing that lot so it can be a paved lot. He noted that he has discussed this with Patty White who takes care of the Farmer's Market and they have agreed that they can use it for the month of July and during that period of time Patty will look for another location.

Alan Parks, County Commissioner, stated that the County has offered their lot at the Election Center and they will start using that lot.

IN RE: URBAN RENEWAL AUTHORITY MEETING

Councilmember Smith noted that he would like Council to discuss the meeting held last night with the URA.

The Mayor stated that it was probably something that the City Planner will have to acknowledge.

The City Manager asked Councilmember Smith if he would like a report or a work session.

Councilmember Smith stated that he read what is happening with the URA in the newspaper. He said that Councilmembers were on Council to make decisions; however, he gets all of the information about what is going on in this town by reading the newspaper. He said that he did not feel that Council was getting information beforehand and he thought Council should know about some things first before it gets in the newspaper. He noted that Council should be more informed on what is happening in the City.

The Mayor then suggested that the City Manager set up a work session to get everyone up to speed regarding the URA projects.

The City Manager explained that you cannot pre-announce the URA's intention as far as negotiations with a developer until those negotiations happen and that is what happened last night at the URA meeting. He then stated that this Council and this administration have reported for several months that the Red Shield Group signed a pre-development agreement and that we were negotiating the start of the development. He went on to say that it was an open meeting and the newspaper was there and they reported what happened. He then mentioned that the URA meetings are open to the public; he then encouraged Council to attend any of those meetings. The Manager also stated that when he gets the weekly reports from the Department Heads, perhaps the Planning and Building Department could give a list of building permits issued with a little more detail so Council will have an idea of what is going on. He then noted that the idea of a work session to discuss the URA process was something that needs to happen.

IN RE: WORK SESSION REQUESTED ON PUBLIC ACCESS

Councilmember Delligatti stated that he was still waiting for a work session to be scheduled regarding public access.

IN RE: WEB SITE UPDATE

Councilmember Delligatti asked when the web site was going live.

IN RE: GROUND BREAKING CEREMONY

He said that this is the first large job creation that this Council has been involved in since this new Council was sworn-in in January. He then reported that this was with RC Cola moving back to Fairmont with a distribution center and with the possibility of creating 40 new jobs. He encouraged Council to attend the ground breaking.

CITIZENS PETITIONS

IN RE: REQUEST TO CONTROL 12TH STREET POOL

ALAN PARKS, on behalf of the Marion County Commission, addressed Council requesting that the County Commission take control of the 12th Street Pool. He said that the County

Commission has the resources and the manpower to get it ready for next summer. He then asked Council to consider this request and, hopefully, next summer the pool will be open.

The Mayor said that he and Council would highly recommend this. He noted this is a situation that Council has been battling for several years. He then said that with the new school being beside it and with the growth of the stadium, for something that has been deteriorating for years, it would probably get to the point that if we do not turn this over, it would probably need to be filled in or torn down. He mentioned that this is something that Council should move on very quickly and adopt a resolution at the next meeting.

Mr. Parks said the whole revitalization of the beltway is on a roll and the County would like to keep it going.

Councilmember Smith asked if it would be open to the general public.

Mr. Parks replied he did not know. He said right now they would just like to get water in it.

The City Manager said that it was actually opened as a community pool and used for swimming purposes at the same time. He then said that before the pool was shut down, the bulk of the pool traffic would go to the wave-tek pool and we would have some traffic at 12th Street but it never made money or broke even but Council, at that time, understood that and it was a community service. He then noted that it was shut down primarily because it was losing water and because of health purposes. He mentioned that this was a big deal especially since we need a pool in this community and Marion County.

Mayor Sears asked the City Manager to have a resolution or ordinance prepared for the July 24 meeting.

Councilmember Bussey asked if they will be partnering with any other entities.

Mr. Parks said to get the pool up and running, he would have to say no. He then explained that the County Commission can get stuff done pretty quickly so if the Commission takes this pool over and we get it up and running and then maybe turn it over to Marion County Parks and Recreation Commission and let them run the pool. He then said that it would not be fair for him to say that they would turn it over to MCPARC without getting it up and running first.

Councilmember Bussey asked if Mr. Parks knew how much it would take to get it up and running.

Mr. Parks replied that he would have no idea.

IN RE: PROPOSED WATSON SCHOOL PLAYGROUND

LEAH HEIMBACH, Scottsdale Road, addressed Council concerning a project that she is spearheading with the help of a number of people in the community. She said that she is trying to get the word out about a playground being built on the property at Watson School which will be completely handicapped accessible, special needs and ADA compliant. She said this playground will be available to all children in Marion County and will serve approximately 840 children with special needs. She reported that they have a plan for maintenance of the playground once it is built. She then stated that they have raised half of their funding which is $50,000 and they need another $50,000; however, they have grants pending in excess of that amount. She then asked for Council's support of the project either through a letter of support, a resolution, or word to the Governor and local legislatures.

They Mayor said they definitely have Council's support.

Councilmember Delligatti asked about a donation of labor force.

The City Manager said that he would have to check into that. He noted that it was a situation that we would need to check into because we have a labor force that we have to pay and if they do this work on weekends, we are talking overtime.

CITY MANAGER'S REPORT

PUBLIC HEARINGS

IN RE: AN ORDINANCE AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF EXTENSIONS, ADDITIONS, BETTERMENTS AND IMPROVEMENTS TO THE EXISTING PUBLIC WATER SYSTEM OF THE CITY OF FAIRMONT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE CITY OF NOT MORE THAN $3,500,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 2008 A (WEST VIRGINIA DWTRF PROGRAM); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO

Pursuant to a notice duly published in the Times-West Virginian on April 8, 2008 and April 15, 2008, a public hearing was convened to obtain citizen input on an ordinance adopting the Water Revenue Bonds for the Mannington Water Project.

The Mayor asked if anyone present desired to speak to the proposed ordinance.

VINCE COLLINS, Bond Counsel to the City of Fairmont, said this is for the Mannington Water Project. He explained that a few years ago the City of Mannington undertook a water project because they needed to have more capacity, better water and so forth and the City of Fairmont intervened in that case and said we can do a better job at serving the City. He then said that the Public Service Commission agreed and now Fairmont is doing the project. He stated that these bonds will pay for a portion of the project and the other portion will be paid through grant money. He said you have bonds to be issued in the amount of $2,750,000 and $2,220,000 in grant money in this project which is from Infrastructure Council and Small Cities Block Grant. He said the interest rate on the bonds is 0%; however, there is a 1% administrative fee and the terms of the bonds are 30 years. He went on to say that the project itself consists primarily of about 70,000 feet of 12 inch and 16 inch lines to the City of Mannington and a booster station. He mentioned that the lending agency is the State of West Virginia, the DWTRF which is an agency that makes subsidized loans to entities that quality for them. He said that Fairmont would not normally qualify for them because the rates are too low and Fairmont is too big but since this is a Mannington project, we were able to convince them that Fairmont should get the benefits of the terms that Mannington could have received had they done the project themselves. He noted this was only because it was serving Mannington that Fairmont was able to get the 0% loan and the grant money.

The Mayor asked that having Mannington as a resale customer, will the revenues cover the debt service.

Mr. Collins replied that was correct. He said Fairmont will be received revenues from Mannington that will cover the debt service so it will essentially be a wash for Fairmont.

Councilmember Warner asked if it would still cover the debt service if we go over budget.

Mr. Collins said that he cannot answer that question because he did not know how much coverage we have built in. He also noted that it would depend on how much over budget.

Councilmember Warner asked what our chances are of coming in on budget or under.

Mr. Collins replied about 25% or less of the projects bid actually come in or under estimates. He said on the other hand, construction is slowing down in West Virginia and maybe the contractors are a little hungrier.

DAVID SAGO, Utility Manager, stated that the City of Fairmont has handled every part of the design aspect for the top cost and we are hoping that those bid prices come in. He added that if bids are over, they are going to look at grant money to overcome that instead of having to borrow more money. He then mentioned that it will be for 13 miles of water line.

Councilmember Warner asked if any of the project has started yet.

Mr. Sago replied no. He said that they went for advertisement last Thursday and the first advertisement was on April 17 and second advertisement will go on April 24; pre-bid meeting is May 6; and bids will be opened on May 20. He said that everything is in place financially so hopefully the bid will be awarded with construction to begin in late July and completion in spring of 2009.

Councilmember Burdick asked when Mannington will become a resale customer.

Mr. Collins said when you start delivering the first drop of water.

Councilmember Burdick asked what the financial liability of the City is.

Mr. Collins replied that the City is obligated to pay these bonds from its entire water revenues, not just Mannington. He said that you have your own customers, you have other resale customers, wholesale customers, and Mannington and all of those revenues basically flow into one big pot and that pot has to be sufficient to pay not only all of the expenses of the water system but also all of the debt service. He also mentioned that there are other bonds outstanding, not just this one. He then noted that it was the City of Fairmont's responsibility and if the revenues are not sufficient to pay all of the expenses, including debt service on bonds, then you have two choices. He explained that you can somehow reduce expenses, which is usually very difficult or you can raise rates which is typically what is done under those circumstances. He then said that if the rates are not enough to make your payments, you have to raise rates.

The Mayor then asked that when construction starts on this project, when the timeline starts on payback of the debt service versus revenue coming in.

Mr. Collins replied that you will not have any payments until after the project goes online.

Mayor Sears then asked that after this line is installed and the service is being delivered, there is also a potential resale for other customers off this line.

Mr. Sago stated that this has really not been addressed other than the line directly for the City of Mannington but we have had several communities often ask us about that. He said that we will address those issues as they come after the project is complete.

The Mayor then stated that if that is the situation, say a year, two or three down the road that we pick up other resale customers then the revenue stream increases because the profit margin is greater on that customer.

Mr. Sago said that the Mannington PSD has a large project that is going on as a resale customer for Mannington and they are wanting to go Seven Pines, Metz and that area and you will be talking another 400 to 500 customers so as Mannington sells them water, they will have to draw more water from us. He then said that there will be other potential sources of revenue from the original 350,000 gallons that we projected to sell Mannington.

Councilmember Tennant asked what would happen if Mannington, say in a year or so, does not want to buy our water.

Mr. Collins replied that the City of Fairmont will have a contractual agreement with them that they have to buy your water. He added that the PSC will step in to enforce that agreement if necessary. He said that there is no guarantee how much water they will buy; he did not think the contract calls for a minimum amount but there is no other source.

Mr. Sago stated that it is for the life of the bonds.

JOE DEBELLIS from the audience asked if city residences are free from increases if something would happen with this project.

Mr. Collins said for the City of Fairmont, there is no rate increase associated with this bond issue. He then stated that there may be rate increases for increases in operating costs, maybe other bonds that will be issued, etc. He said that this one is revenue neutral.

There being no one else to speak, the public hearing was declared closed at 7:17 p.m.

IN RE: AN ORDINANCE TO APPROVE AND ADOPT CURRENT REPLACEMENT PAGES TO THE FAIRMONT CITY CODE

Pursuant to a notice duly published in the Times-West Virginian on April 14, 2008, a public hearing was convened to obtain citizen input on an ordinance approving the replacement pages to the Fairmont City Code.

The Mayor asked if anyone present desired to speak to the proposed ordinance.

There being no one to speak, the public hearing was declared closed at 7:18 p.m.

IN RE: AN ORDINANCE AMENDING AND SUPPLEMENTING CITY ORDINANCE NO. 1392, PERSONNEL RULES, TO AMEND THE PAY PLAN TO PROVIDE FOR THE RECLASSIFICATION OF FIRE CHIEF, DIRECTOR OF PUBLIC WORKS AND CITY CLERK; TO FIX THE SALARY OF THE CITY MANAGER; TO PROVIDE FOR A ONE TIME CASH PAYMENT IN LIEU OF BASE INCREASE OR PERCENTAGE PAY RAISE; AND TO MAKE STYLISTIC CHANGES TO CERTAIN CLASS TITLES TO REFLECT A GENDER NEUTRAL POSITION

Pursuant to a notice duly published in the Times-West Virginian on April 14, 2008, a public hearing was convened to obtain citizen input on an ordinance amending the pay plan to provide for a reclassification of the Fire Chief, City Clerk and Director of Public Works and to provide for a one time cash payment to all employees in lieu of an increase.

The Mayor asked if anyone present desired to speak to the proposed ordinance.

There being no one to speak, the public hearing was declared closed at 7:19 p.m.

She noted that they did not mention the name of the store but it will be coming.

IN RE: THREE RIVERS FESTIVAL PARADE

Councilmember Seifrit asked about the Three Rivers Festival Parade.

The Mayor noted that it would be very nice if all of Council would ride in the parade on Thursday, May 22. He mentioned that Mr. Snider will be the Grand Marshall of this year's parade. He added that the line up will begin at 5:00 p.m. at 12th Street and Fairmont Avenue and disband at Palatine Park.

IN RE: BAND SPECTACULAR

Councilmember Seifrit noted that the Bank Spectacular will be held on September 13 and since none of the bands are going to be able to be in the July 4 parade, she thought maybe something could be done at the band spectacular to honor Mary Lou Retton.

The Mayor mentioned that it might be very difficult for Mary Lou Retton to be at the Band Spectacular.

IN RE: CHANGE MAY 13, 2008 COUNCIL MEETING

Councilmember Seifrit asked if Council could have a resolution prepared to change the May 13 meeting because of the Primary Election.

The Mayor said that he cannot be here on May 14 and also we have a very important work session already scheduled on May 13 with Strand and Associates regarding the Water Plant.

Mr. Snider said that if the work session has to be rescheduled, it can be.

The Mayor asked if that meeting can be scheduled the day before.

Mr. Snider said that by resolution the meeting date can be changed.

Councilmember Delligatti mentioned that Councilmember Smith, Warner and Tennant will probably want it changed because of the Primary Election.

The Mayor asked the City Manager to see if the work session with Strand can be changed and if it cannot be changed he did not think the Council meeting should be changed because of the importance of that meeting. He then took a poll of Council to see who would like the meeting changed to May 12.

KEVIN SANSALONE, City Attorney, stated that Council will have to hold a Special Council Meeting to vote on the resolution since that resolution was not on this agenda.

It was the consensus of Council to hold a Special Council Meeting on Monday, May 5, at 5:00 p.m., in order to adopt a resolution to move the Council meeting from Tuesday, May 13 to Monday, May 12.

CITY MANAGER'S REPORT

He stated that he has really enjoyed his first week in Fairmont and the staff has warmly received him. He then publicly acknowledged Bruce McDaniel and the work that he did to establish the Department Heads that we have and noted that we have excellent people to work with.

IN RE: STAFF MEETING CHANGE

The City Manager went on to say that he has instituted one change this week. He has gone to a weekly staff meeting; previously the Department Heads met every two weeks.

IN RE: MARION COUNTY HEALTH DEPARTMENT

Mr. Snider stated that he has received a request to look at the status of our relationship with the Marion County Health Department and the status of our previous appointment to that Board. He said he asked the City Attorney to do some research so he could provide some kind of feedback to Council. He then asked the City Attorney to take a few minutes to address Council and expand on his report.

KEVIN SANSALONE said from what he could determine from a review of the current statute and the statutes that existed before and the documents in the record room, it appears that the legislation that was in effect from about 1955 until 2000, pursuant to that in 1957 the Marion County Commission decided to create a Board of Health and they did that under the alternative plan which was §16-2A of the State Code. He said that it was important to know that it was not a combined board, a combined City of Fairmont / Marion County Health Board; it is just the County's Health Board. He said the old statute required the appointment of five members. He went on to explain that the bylaws provided that the County Commission could nominate or appoint one member, the City of Fairmont had the opportunity to nominate one member or to designate who that person was going to be and the Board of Education had the authority to designate or nominate one person and then two persons were nominated at large. He said that all of the nominations had to be an appointment that was made by the Marion County Commission and were not really City of Fairmont appointments, they were just a nomination from Council to the County Commission and the County Commission was the entity that was obligated to appoint the Board. He went on to explain from the records he found all the way back to 1957 that initially was what had occurred. He said the School Board would go to the County Commission with their nominee and say this is the person that we want to have appointed to the Health Board and the City would do the same thing but at some point from what the City Clerk had given to him, that all changed and the City began to nominate and appoint the person to the Health Board. He said that in the early 1990's, we made an appointment to the Health Board and even further back than that. He went on to say that he talked to Lloyd White about that and he had some concerns; however, he then referred him to the County's attorney as to what the consequences of those actions were. Mr. Sansalone then said that in 2005, really before that, there was a nomination from the City of Nancy Parks under the old scheme and she sat on the Board of an expired term of an individual named Myers and in 2005 his term was up and on June 13, 2006, City Council then re-appointed her to the Board according to the minutes of Council for a five year term ending September 30, 2010. He went on to inform Council that in 2000 the statute again changed, they repeals the 1955 version of the statute and created a whole new statutory scheme and they again adopted bylaws and removed the language regarding the nomination by the various entities he just previously discussed and made all of the appointments the responsibility of the County Commission. He then said that on June 13, 2006, even according to the Health Department's own bylaws and the statute, City Council would not have had any ability to appoint Nancy Parks to the Board. He then stated that it was his opinion that her appointment was void from the beginning since there was no authority on the part of the City to make the appointment. He said that he thought it was the responsibility of the County Commission and Health Department to resolve this situation and Council does not have any real interest in the outcome of it. He mentioned there was a relationship between the City and the Board, we own the building where it is located and have leased that to them pursuant to a written

release in 1997 which was approved by Ordinance for a term of 25 years and we also contract with them on an annual basis for health services for $6,000.00. He reiterated that the Board that exists in Marion County is not a combined Municipal/County Board; it is exclusively a County Board.

Councilmember Warner asked if the County should resolve the issue on their own.

Mr. Sansalone said that the only say that Council has in it is the fact that we contract with them for $6,000.00 for health services. He said that the City of Fairmont does not have the ability to appoint any members to the Health Department's Board with pursuant to the statutory scheme or their current bylaws and that was the circumstances that existed in 2006 when Nancy Parks was re-appointed to the Board by Council.

Councilmember Dahlia asked that when her term expires what the City of Fairmont should do.

Mr. Sansalone said that he did not think the City had any authority to appoint anybody at any time including her. He said her appointment to the Board does not appear to be valid unless the County Commission by some act of ratification confirmed her appointment.

Councilmember Warner asked if there is any possible repercussion for having done this.

Mr. Sansalone replied that if Ms. Parks voted and someone wanted to challenge her vote then the actions that were predicated on her vote would be subject to challenge. He noted this would not affect this Council.

The Mayor stated that this time, Council has no position in this matter because Council is not involved in any type of appointment. He noted that it was strictly up to the Health Board and the County Commission.

Mr. Sansalone said they need to resolve that for themselves upon advice from their attorney.

Councilmember Bussey asked if that was a paid board position.

Mr. Sansalone said he thought they were entitled to receive compensation for their services; however, there is nothing in the bylaws that talked about a set salary.

The Mayor said that on behalf if this Council, we are not involved in it and will not be involved in the future and it is a discussion among the County Commission to go back and re-visit the situation from her appointment from that date forward as they see fit.

Mr. Snider noted that the City Attorney has communicated this to the County Commission and he placed a call to Ms. Parks to advise her of the question and what we feel is our position and it would be the duty of the County Commission to resolve the issue.

Councilmember Dahlia suggested removing that Board from our City Board and Commission listing.

IN RE: MEETINGS WITH COUNCILMEMBERS

Mr. Snider reported that he already spent time with Councilmember Warner and was looking forward to the rest of Council taking the time to meet with him and tour the City.

IN RE: STRATEGIC PLANNING

Mayor Sears stated that after the City Manager is comfortable and getting familiar with the projects, he would like for him to set up a work session with Council on Strategic Planning to look at the projects and prioritize them. He then suggested having these Strategic Planning meetings every six months.

IN RE: AN ORDINANCE PROVIDING FOR AN AMENDMENT TO THE CITY OF FAIRMONT'S 2007-2008 ANNUAL BUDGET: GENERAL FUND

Pursuant to a notice duly published in the Times-West Virginian on March 17, 2008, a public hearing was convened to obtain citizen input on an ordinance providing for a General Fund budget revision.

The Mayor asked if anyone present desired to speak to the proposed ordinance.

EILEEN LAYMAN, Finance Director, spoke in favor of the proposed ordinance. She noted this was the third revision for this current fiscal year and then went over some of the revisions.

There being no one else to speak, the public hearing was declared closed at 7:07 p.m.

IN RE: AN ORDINANCE OF THE COUNCIL FOR THE CITY OF FAIRMONT, AMENDING AND SUPPLEMENTING ORDINANCE NO. 1366, CODIFIED AS PART THIRTEEN OF THE FAIRMONT CITY CODE, PLANNING AND ZONING CODE, AND MORE PARTICULARLY, CHAPTER FIVE, CONDITIONAL USES, ARTICLE 1331 USES PERMITTED WITH CONDITIONS, SECTION 1331.2 CONDITIONS, SUBSECTION 1331.2.5 BED AND BREAKFAST INNS, THEREOF, TO PROVDE FOR CERTAIN CONDITIONS, RESTRICTIONS AND LIMITATIONS UPON A BED AND BREAKFAST AS A CONDITIONAL USE IN A GENERAL RESIDENTIAL NEIGHBORHOOD

Pursuant to a notice duly published in the Times-West Virginian on March 17, 2008, a public hearing was convened to obtain citizen input on an ordinance providing for certain conditions and limitations upon a Bed and Breakfast as a conditional use in a General Residential Neighborhood.

The Mayor asked if anyone present desired to speak to the proposed ordinance.

SUSAN SPADAFORE, 3 Crestwood Circle, stated that she desires to open a bed and breakfast as a conditional use in a general residential neighborhood. She explained that several weeks ago the Planning Commission voted unanimously, again, to send her back to City Council. She said that not one person on that commission has a problem with her proposed bed and breakfast. She stated that if she was allowed to have this bed and breakfast, absolutely nothing in the neighborhood will change from the way it has been for the last 25 years that she had lived there. She went on to say that they have a private drive that goes to the back of the pool house and have private parking in the back of the pool house and no one would even see any guests that might be

there. Mrs. Spadafore then said that according to the Zoning Code, we are allowed to have, as a conditional use in her neighborhood, a school, a church, recreational facilities, art gallery and a cemetery. She said that any of these things would bring more people into their neighborhood than the one or two people that she is allowed to have. She then stated that she recently found out at the last Planning Commission meeting that there is a church group in Fairmont that wants to build a church right across the street from her house, directly in front of her, but if they can build a church practically in her front yard, she thought it was only fair that she be allowed to have one or two people in her back yard. She said that the guests that she would have would be business travelers and be a place for people's company to stay if they did not have room in their own home. She went on to say that for those that believe this was going to open a can of worms and everybody is going to want a bed and breakfast; she has a hard time with that. She said that Fairmont and Marion County has the most elderly population in West Virginia and she does not foresee a line of people waiting to get a license to open and bed and breakfast. She then said that she has been told by several people, one being the City Planner Jay Rogers, that if she would subdivide her property, she can rent the pool house as long as the renter stays for 30 days; therefore, it could become a guest house for people working in the area or staying in the area for any reason. She then said that she fails to see how staying there for 30 days is any different than staying there for one night at a time. Mrs. Spadafore went on to tell Council that she has found 13 businesses in a half-mile radius of her house and all of them have more than one or two people frequenting them. She closed by saying that she has no desire to devalue her property or anyone's property and she has as much to lose there as anyone. She then said that she has heard nothing but good thoughts from people about this project and her neighbors were excited when she approached them about this idea and they all signed a piece of paper saying that they had no problem with this and encouraged her to go on with it.

CHARLES HAISLIP, 1662 Fairmont Avenue, stated that the driveway they will utilize for this is right next to their driveway that goes to his back garage. He said that a bed and breakfast in this country are usually occupied by a couple, possibly one or two children, and are usually in a higher economic class and are usually professionals. He said the building that the Spadafore's propose has a very nice appearance and is an asset in the neighborhood and is not visible from the street. He closed by saying that he has no opposition to this bed and breakfast.

JOSH LINN, 1637 Otlahurst Drive, spoke on behalf of Mrs. Spadafore's bed and breakfast. He said she has put forth a lot of effort just to get this approved. He said a bed and breakfast usually represents a homey higher standard of hospitality and the type of customers that she will attract are people looking for a quiet stay with an inviting homelike atmosphere. He said that if her building meets the required health, safety, and fire code, City Council should seriously consider approving this adventure. He then noted that his next door neighbor at 1639 Otlahurst Drive does realty appraisals out of their home.

RALPH SPADAFORE, 3 Crestwood Circle, confessed that they have been operating a bed and breakfast for nearly 25 years but they did not call it a bed and breakfast, they called it a guest house. He mentioned that many of people have stayed there and they have never received a complaint of any sort. He said their setting was so remote; the backside of their pool house is wooded on three sides and you cannot see the pool house from the front of their property. He

noted they have a private drive that goes to the pool house. He went on to say that if he thought for one moment that this would be a hindrance or interference in any way to any of their neighbors, he would certainly not be in favor of it. He then asked Council for favorable consideration to this request.

CLAUDE KENDALL, 1626 Otlahurst Drive, stated that he has nothing against the Spadafore's having a guest house, but when you have a bed and breakfast, you have transient people that you do not know. He said that we do not need transient people around that neighborhood because it will devaluate the property.

DOUG WISE, 11 Aztec Court, stated that other cities in the area do not allow a bed and breakfast in their residential zones. He went on to say that this particular request will affect all residential properties in the City of Fairmont which are the most protective areas and the high price homes. He then stated that this request sounds more like a variance request not an ordinance change because you have one individual requesting a change by ordinance that affects every single family home in the City of Fairmont. He then said that Mrs. Spadafore even said that she did not see people coming out of the woodwork requesting a bed and breakfast. He then said, if that was the case, why in the world would this Council or the Planning and Zoning Commission want to change the whole city for one property. He said that the Spadafore's were speaking for their single property and that is not the issue here. He then said that the ordinance should be passed first and then the Spadafore's should be here to request that their property be changed. He then told Council that there are a lot of homes in the City of Fairmont that this ordinance is going to affect and that is the issue that most of the people have. Mr. Wise then said that at the last Planning & Zoning Commisison meeting, Norman Kronjaeger said just to throw it back in Council's face and let Council deal with it. He said at the same meeting, City Planner Jay Rogers made the comment that this change would never stand up in court if it ever went to court. He closed by saying that most of the people are looking at the effect as a whole and that is what Council needs to vote on and that is what the Planning and Zoning Commission should have voted on and failed.

Councilmember Dahlia asked Mr. Wise to describe the community in question.

Mr. Wise replied that it was a 1970 subdivision. He said that usually a bed and breakfast are seen in older stately homes, like Locust Avenue, Oakwood Road, etc. He mentioned that Harper's Ferry has them, and the Charles Town area, but to go into a development that was put in during the 1970's, you do not see them because that is not the place for those types of businesses. He repeated again that this affects everyone in a general residential zone and that is were it is wrong and the ordinance itself is the problem.

PAM WEIN, 229 Braddock Street, stated that she and her family relocated to Fairmont from Kettering, Ohio, which is close to Dayton, Ohio and she was the Planning and Code Official while living there. She said that she did research the Zoning Code to find the restricted neighborhoods and did eventually move into one. She went on to say that the property that is in question tonight will not affect her regardless of the decision but she does agree that it does open a can of worms because Council will be allowing all of the other restricted neighbors to do the

same thing, open a business in a restrictive neighborhood. She stated that she was not in favor of the amendment because she would not want to offer that opportunity to her neighbors.

JOSEPH LARRY, Fairmont Farms, spoke against the proposed ordinance. He said he bought in Fairmont Farms because it was zoned residential and he is very much against any ordinance that would change the residential zoning in the City. He said any business in a residential area would depreciate the value of the property and that is what he is concerned about. He said one requirement of this proposed ordinance is that a property owner would have to have one acre of ground in order to have a bed and breakfast if this were to pass. He said there are very few neighborhoods that this might apply to, but in Fairmont Farms, there are seven pieces of property which that particular sector would allow a bed and breakfast to come into. He said he was definitely against that and he was wrong to think a bed and breakfast on a residential street will increase the value of a home. He said this was definitely wrong. He went on to say the streets are not paved in order to handle that type of traffic. Mr. Larry said if this was allowed to pass, he could almost assure Council that within a month that there would be a bed and breakfast in Fairmont Farms. He said that Fairmont Farms should be maintained for what it is and Council should not allow any type of business to come into a residential area or should City Council change the laws to allow business to come into a residential area.

MIKE URAM, 103 Idlewyle Lane, stated that this ordinance is for the changing of all residential areas in the City of Fairmont. He noted this would definitely depreciate the value of homes and more traffic will be in the residential areas. He also mentioned that he thought the Planning and Zoning Commission passed the buck when they sent this ordinance back to Council. He said that when you make a change, you make the change for the positive. He then asked what positive thing does this have because you have a lot of people that is irritated about it and you are changing the general residential areas and that is not good. He then asked Council to think about what positive thing is this amendment going to do and think about how you would feel if this bed and breakfast was right beside your house.

MAX CRUM, 1636 Otlahurst Drive, stated that due to the reasons already stated tonight, he was in opposition to this ordinance.

ROGER NUZUM, 1688 Fairmont Avenue, stated that he is against this ordinance simply because it is an infringement upon him in case one of his neighbors wanted to create a bed and breakfast in their neighborhood. He said this ordinance change only benefits the Spadafore's not the vast majority of the homeowners of Fairmont and he thought Council should be responsible to the majority and not any one person.

JEFF WISE, 100 Idlewyle Lane, stated that he was the most affected adjacent property owner by a proposed bed and breakfast at the Spadafore's. He explained that the last time he addressed Council, Council rescinded this ordinance and sent it back to Planning and Zoning for what reasons we gave. He said the bottom line, in considering this, it is not a variance; it is a change in the law that would affect 14,000 plus or minus citizens of the City of Fairmont who live in general residential areas. He said that he asked Planning and Zoning how do you amend the law without following one or two ways to amend it. He said one is by the governing body and the

other is by citizens petitions. He said they have 100% of Idlewyle Lane and Tygart River Estates opposed to this amendment. He then informed Council that if it was by petition, it would have been signed by 50% of the owners in the area and if that were to proceed, then the notification process would had to have taken place to all of the adjacent property owners within 200 feet and after presenting that to Planning and Zoning, they just brushed it off. He said their whole point was that they gave it to Council and Council sent it back and they are not going Council's dirty work. He noted that was the comment that was told to him during the meeting. Mr. Wise said that the City Planner told the Planning Commissioners that it was their job and they still voted unanimously to send it back to Council. He then said that if it were to be supported by the governing body, then there is another test to take place. He said that there had to be major changes of an economic, physical, or social nature within the area involved which was not anticipated when the Comprehensive Plan was adopted. He said not the case, no report, no response from Planning and Zoning. He added that those changes have substantially altered the basic characteristics of the area, not presented, no reports, brushed off. He told Council these were key issues of how our laws are changed, brushed off by the Planning and Zoning and sent back to Council which should not have been here in the first place because the procedures were not followed. Mr. Wise did say that Planning and Zoning said that have not received any other requests for a bed and breakfast so as far as the economic impact on the City of Fairmont, why would we change the laws for the entire City when we have a "pool house" not even in the spirit of a bed and breakfast which is occupied and then the guests monitored by that person living, it's a pool house, again, no response. He added that it was clearly inconsistent with the Comprehensive Plan which is to preserve general residential areas, no response. He said that once enacted, this pool house can essentially become a rental unit and not only can the pool house become a rental unit, any auxiliary structure can become a bed and breakfast. Mr. Wise then said that we have a paid position in this city, Mr. Rogers, who advises the Planning Commission that this is clearly inconsistent with the Comprehensive Plan, clearly a bad idea to compromise our general residential areas, no response. They voted unanimously and kicked it back to City Council because they did not want to do the dirty work and it should never have come to Council in the first place. He said the key issue is, the current zoning ordinance allows bed and breakfast but you just have to put them in the appropriate areas. He then mentioned that we should not have business ventures in our general residential areas. He closed by saying that if you are passionate about a bed and breakfast, there are places to go do that in an appropriate areas in the City of Fairmont and Council should not change the laws to allow a business of any kind to compromise the general residential areas. He then urged Council to do the right thing and kill this ordinance so the protections will continue in the general residential areas.

KEITH WADE, 1614 Otlahurst Drive, stated that it sounds like the Spadafore's have an ideal situation and he is not specifically concerned about their situation but he does support some of the other concerns about opening up a can of worms. He said that he is concerned about what could take place in other neighborhoods, not specifically the Spadafore's, but what is going to happen in other neighborhoods in the city.

JOHN KEELING, 34 Hollen Circle, stated that this ordinance change will set a bad precedent with respect to zoning plans. He said that he has nothing against this particular bed and breakfast

but making this kind of change does establish a precedent and can allow other changes with a greater concern. He stated that such an amendment to an ordinance is not proper.

There being no one else to speak, the public hearing was declared closed at 7:50 p.m.

IN RE: AN ORDINANCE OF THE COUNCIL FOR THE CITY OF FAIRMONT, AMENDING AND SUPPLEMENTING ORDINANCE NO. 1366, CODIFIED AS PART THIRTEEN OF THE FAIRMONT CITY CODE, PLANNING AND ZONING CODE, AND MORE PARTICULARLY, CHAPTER THREE, DISTRICTS AND REGULATIONS, ARTICLE 1317 DISTRICTS, SECTION 1317.1 GENERAL RESIDENTIAL, CONDITIONAL USES, THEREOF, TO PERMIT A BED AND BREAKFAST INN AS A CONDITIONAL USE IN A GENERAL RESIDENTIAL NEIGHBORHOOD

Pursuant to a notice duly published in the Times-West Virginian on March 17, 2008, a public hearing was convened to obtain citizen input on an ordinance to permit a Bed and Breakfast as a conditional use in a General Residential Neighborhood.

The Mayor said, before opening up this public hearing, he would like the comments made at the last public hearing to apply to this public hearing. He said that everyone has very clearly made their point and out of respect for everyone, he asked that the comments would apply to the second ordinance. He then asked if anyone had anything new to add.

There being no one else to speak, the public hearing was declared closed at 7:52 p.m.

IN RE: 2008-2009 CITY BUDGETS: GENERAL FUND, WATER FUND, PARKING FUND, COAL SEVERANCE AND OUTSIDE AGENCIES

Pursuant to a notice duly published in the Times-West Virginian on February 28, 2008 and March 6, 2008, a public hearing was convened to obtain citizen input on the 2008-2009 City Budget.

The Mayor asked if anyone present desired to speak to the proposed budget.

EILEEN LAYMAN, Finance Director, stated that she had made all of the changes as recommended by Council in the last work session.

The Mayor stated that there are so many hours that Council spends on the budget and Council spent numerous hours working on this budget because it was a very tight budget. He said that they looked at several different issues, one being pay raises and the other being capital improvements.

DAVID SAGO, Utility Manager, thanked Council for the hours spent on the Water Fund budget. He noted that he has made all of the changes recommended in the work sessions to the Water Fund budget.

DAVID WHITEMAN, President of IAFF Local 318, addressed Council regarding the budget. He said that in February the firefighters presented Council with a pay parity issue regarding the difference between base pay between firefighters and police officers. He said, that evening, he felt as though the Mayor tried to stop his presentation before they barely started and had to request to be allowed to finish before Council made judgment. He said upon completion of the presentation, at least all Councilmembers that were there, and the City Manager, he was led to believe that Council agreed there was a pay disparity problem. He then asked if there has been anything done to possibly correct the problem.

The Mayor said that during the work session, he and Council felt throughout those work sessions that the firefighters presented the best presentation and really made Council aware of a lot of situations. He then apologized to Mr. Whiteman if he thought there was any misunderstanding on not listening to their arguments. He then said that information was brought to Council and issues were brought to the table that he had not been aware of and he understood that some of these issues went back to 1996 when the parity problem started. He then said did Council just listen and not pay attention, absolutely not. He said this Council from the beginning working on the budget; our main goal was to look at pay raises, not just for firefighters and not just for police officers, but for everybody. He said everything that was mentioned at the work sessions was taken into very serious consideration.

Mr. Whiteman asked if Council knows there is a problem.

Councilmember Dahlia replied yes. He said that he did not know how Council can fix that problem immediately because it is a monster of a problem. He said something that happened 10 or 12 years ago that was a crime and he did not know how some people sleep at night letting that happen.

Mr. Whiteman said that he is aware of other problems in the City and other necessities and desires. He said that he understood that Council was considering one-time pay bonuses to all city employees and evidently Council feels that this is the right decision. He noted that it was a great jester and he agrees that all city employees deserve a raise and that Council felt that they did what was right. He said the key word is "right" and he found to be able to do what was right, you first had to correct the problems that exist. He asked Council how they can tell him they are doing what is right and they have admitted they have a major problem. He asked how can Council justify if we have this "monster" of a problem and just let it go.

The Mayor said that is not the case.

Councilmember Smith noted that the major problem is that we do not have a lot of money. He said that Council was handed this problem.

Mr. Whiteman added that just their bonus in the Fire Department would cover over one-third of the problem. He mentioned that the money is there somewhere and it was just not chosen to go in that direction.

Councilmember Dahlia mentioned that it was not personal and he would like to see every employee get a raise and he wants to see parity as well because the employees of this city have suffered for two or three years of not getting anything and what happened to the Fire Department is terrible.

Mr. Whiteman then asked Council if they honestly thought there was going to be money available to correct this problem in the near future.

The Mayor replied he would hope so.

Mr. Whiteman stated again that this problem has been going on since 2000 and that is far too long.

Councilmember Burdick asked how many times this issue has been brought to Council.

Mr. Whiteman replied this is the first year that we have attempted to bring it to Council's attention as a group. He noted that he has talked to individual Councilmembers in the past. He stated that he knows that this Council did not create the problem and he knows that this Council will not solve the problem evidently and he has a problem with that.

Mayor Sears asked how Mr. Whiteman knows that.

Mr. Whiteman said because Council is getting ready to pass a budget and it is not in there.

The Mayor said that it will not be solved in this fiscal budget and that is to not say that this Council is not going to address this . . .

Mr. Whiteman stated that he had misspoke. He then noted that this Council is not going to resolve the problem in this fiscal year.

The Mayor replied that was correct.

Councilmember Warner asked Mr. Whiteman to describe as he understands it how this disparity occurred in the first place.

Mr. Whiteman said that he cannot say all of the exacts but a recollection would be something similar to there was some federal money involved for a cops program and they had hired some additional police officers and the federal money stopped to exist and somebody was very intelligent and made the offer that instead of hiring new police officers as they left through attrition that they will take that money and divide it up somehow. He noted that was their decision. He then explained that the Fire Department is contractually bound to a minimum manning clause that in no way, shape or form allows them to even consider that. He said if they would consider it, the only thing we do is cost the City overtime so they were not eligible to follow suit. He then said that his point is that if you go back and check the numbers, the

numbers are right back up above and beyond where they were when they cut it; howevever, he did not know that for a fact. He said the have less people now than they had back in . . .

The Finance Director interrupted him to say it was the same number.

The Mayor said that we have representatives here from all three unions that work for the City and everyone representing the unions has sat through work sessions and very good dialog was created. He said that Council has to be financially responsible to run the City and based on the information that is given to Council, the last thing we wanted to do was not give any type of pay raises to any employees and we found a way for the first time in over three years to come up with something that was not going to put this City in a financial despair and that is the beginning of creating a good faith relationship. He said Council was looking out for the interest of trying to create pay raises and it is all not going to happen . . .

Mr. Whiteman interrupted to say that he could not see that because he got nothing more than anybody else got. He then said that because of the parity issue, they do deserve something.

The Mayor said that everyone deserves something. He then informed Mr. Whiteman that the parity issue will be addressed at the next budget session.

Councilmember Dahlia stated that Council will talk about it all the time. He said that it is unfortunate that it has been this many years and it is wrong. He mentioned that this was the beginning of the City of Fairmont really looking out for all of the employees, including the Fire Department.

Mr. Whiteman said another problem that stems from this is that he knows for a fact that there always seems to be money in the budget for selected personnel to get raises. He noted that the City has given a number of large raises in the recent past and it was always due to a parity issue from surrounding cities. He said the Fire Department cannot even get parity between two public safety entities within the same city and he has a problem with that.

The Mayor said that Mr. Whiteman has a problem with it and Council has a problem with it and the best way to answer the question is that Council took a hard serious look at it and Council will continue. . .

Mr. Whiteman interrupted to say that he wants everyone to understand what he feels and what he knows. He said that he did not say one thing that was not true.

Mayor Sears said that during the work session Mr. Whiteman enlightened Council on information that Council never had before and that got the ball rolling on this whole thing.

Mr. Whiteman then read from an article that appeared in the Times-West Virginian on March 21, 2008 regarding Fairmont plans to cut the Outside Agencies. He said the last paragraph read that the money saved from cuts will be used in other areas of the budget and officials said one of

these is a one-time pay adjustment for all city workers and salary reclassifications for several selected employees. He said once again "selected employees".

The Mayor told Mr. Whiteman that one of the selected employees happens to be his Fire Chief.

Mr. Whiteman said that much more proves that the Fire Department deserves parity with the Police Department.

Councilmember Delligatti said that Mr. Whiteman's points were well taken. He said one thing about it is that we are either going to take care of it or binding arbitration will take care of it.

Councilmember Bussey asked Mr. Whiteman if he knew where the money was within the Fire Department budget.

Mr. Whiteman said that he made a statement that the amount of money their particular bonus was going to be was approximately one-third of what it would be for the whole pay parity issue for base pay with the Police Department.

JEFF BIAFORE, 611 College Street, Barrackville, spoke against the proposed ordinance. He said that he attended most of the budget work sessions and he thought if there was not enough money for everyone a raise then no one would get a raise. He then asked Council how they found money for a selected few and why are they so much more important than the rest of the employees.

The Mayor said that you have a reclassification situation. He noted that it started with the Fire Chief and with that you have reclassifications of the City Clerk and the Public Works Director who are being paid way below scale and their classifications were way below scale.

Mr. Biafore said that he feels his classification is way below scale. He said that all of the reclassifications are for upper management.

Mayor Sears explained that you have Department Heads that are the Department Heads and with classifications being as low as they were with the Fire Chief, City Clerk, and Public Works Director . . .

Mr. Biafore said that the City Clerk and Public Works Director received a reclassification last time. He said that in 2005 they both received a reclassification at that time. He said that he cannot understand why it is always the upper people that get a raise and not the workers.

The Mayor explained that is what Council is working toward and is trying to get to that point.

There being no one else to speak, the public hearing was declared closed at 8:15 p.m.

ANNOUNCEMENTS

IN RE: TOOL SIGNS

Councilmember Dahlia reported that there have been a lot of signs in the area regarding a tool sale.

The Interim Manager replied that most of the signs are outside the city limits and the tool sale was being held outside the city limits.

IN RE: FIRE DEPARTMENT COMMENDED

Councilmember Burdick commended the firefighters for the two fires that had taken place in his district.

IN RE: STREET CLEANING FEE

Councilmember Burdick asked regarding the street cleaning fee that is going to be charged if there was any way to recycle that debris to the asphalt plant or something.

Joe Feltz, Public Works Director, replied that we cannot recycle the cinders but we could get into the situation to where we would actually purchase a shaker screen; however, it cannot separate the trash that would be collected. He then explained the procedures that would take place and it was decided that there was nothing simple about it.

CITIZENS PETITIONS

IN RE: INTRODUCTION TO COUNCIL

FRANK JARMAN, Associate Director for the Union Mission, stated that as of July 1, 2008, he will become the Executive Director. He noted that he personally wanted to come to this meeting and introduce himself to Council. He went on to say that they would like to volunteer some time with the Parks and Recreation to help those parks that may need grass cut. He said they have some manpower, about 27 staff members, and would love to partner with the City in helping with the Parks and Recreation.

JOHN ERVIN, 130 Cadet Street, stated that he has been with the Union Mission for about five years and informed Council about their Youth Outreach Program.

The Mayor suggested that they touch base with Public Works Director Joe Feltz on the programs for the Parks.

CITY MANAGER'S REPORT

IN RE: 2008-2009 ANNUAL BUDGET

The Interim Manager stated that each of the employee groups have pleaded their case to Council for more money, for benefits, and working conditions including equipment. He said each made compelling arguments through their situations and he would like to see us better able to compensate each employee. He went on to say that when the Police came before Council, they felt that they need a better overall package to recruit, hire, and retain quality law enforcement officers. He noted that we have lost some officers to other departments. He said the Firefighters want parity with the Police in base pay and he can understand the uniform public safety services feeling that they should be paid on the same base rate but we have to look at the whole $11 million budget as the whole and understand that parity can also include manpower, chances for advancement, training opportunities and equipment. He then said that both the police officers and the firefighters put their lives on line to protect this community. He then said that the Public Works and Utility employees do have some of the lower pay grades and those need to be looked at but also you have to understand you have to look at the whole package as a whole and some of our operational folks at the Water and Wastewater Plant are in some of the higher pay grades so we have to look at this overall pay plan in order to do any real good. He added that we will never compete with private sector and he knew that some people we have lost in Utilities is now working with Mylan and he did not know if government service is ever going to be able to compete with the private sector. Mr. McDaniel then said that he would like to acknowledge the Department Heads. He said those that are in the field and in the front lines look at the pay grades for our Department Heads and mid-level management people and certainly they have to be kept in line also and need to be compensated adequately. He then said that he can assure Council and everyone that we do not have a department head working for the City of Fairmont that is for the most part with any of their peers in other Class II communities and that he knows for a fact that several of them have turned down offers and opportunities with the private sector. He then told all employees in the audience not to begrudge them for what they have and what we have to provide them so they can do their job. He closed by saying that he wished we had enough to correct all of the wrongs but listening to this Council and talking to our Finance Director, he thought over the course of time this can be looked at and taken care of.

PUBLIC HEARINGS

IN RE: AN ORDINANCE AMENDING AND SUPPLEMENTING SECTION 2 OF ORDINANCE NO. 567, AS AMENDED BY ORDINANCE NO. 1155, WHICH HAS BEEN CODIFIED AS ARTICLE 363 PARKING METERS, SECTION 363.07 "NOTICE OF PARKING VIOLATION; DUTY TO REPORT AND PAY FINE; PENALTY," OF THE FAIRMONT CITY CODE, TO PROVIDE FOR AN INCREASE IN THE FINES ASSESSED THEREUNDER AND TO CLARIFY THE NATURE OF THE OFFENSE

The Mayor thanked everyone that participated in the Extreme Home Makeover Edition and noted it was a huge success.

IN RE: FIRE DEPARTMENT COMMENDED

The Mayor noted that Fairmont had a bad house fire on Virginia Avenue a couple weeks ago and he commended the firefighters for the outstanding job they did because in that situation, we probably could have lost four or five homes since the homes were close together.

IN RE: BUDGET WORK SESSION

The Mayor reported that the budget work session scheduled for Friday, at 10:00 a.m. will be held at the Public Safety Building in the Conference Room.

CITIZENS PETITIONS

IN RE: LETTER OF SUPPORT REQUESTED FOR GRANT

GINA WAGAMAN, 406 Maple Avenue, asked Council for a letter of support for a grant application for the old building at Woodlawn Cemetery.

The City Manager stated that the City will put something together and have Ms. Wagaman look at it.

IN RE: STORMWATER FEES

JAMES WHARTON, 39 Hollen Circle, addressed Council concerning the stormwater fees. He explained that the ordinance for the stormwater fees was passed in December of 2005 and it provided for a flat rate until they could calculate a square footage on non-single family dwellings. He noted that they were supposed to have done this by July 1, 2007 and to date they

still have not done that; therefore, he is paying two and a half times as much as a single family dwelling of the same size. He mentioned that he has complained numerous times and nothing has been done.

The Mayor stated that this is a situation that is mandated through the Federal Government and is not something that the City of Fairmont enacted and took upon themselves to start charging for water runoff. He then explained that we had the opportunity through the Public Service Commission to set these rates at a lower rate and adopt that ordinance and if that event did not take place and we did not set the rates that were first issued to us, then because it was a mandated situation, those rates could have been set at a higher rate.

The Interim Manager said the money that the Sanitary Sewer Board has accumulated, obviously those are public funds and is a public budget and because of those funds, we now have the Golf Drive storm sewer project ready to go to construction and that is a project that has been on the books for over 25 years.

Mr. Wharton said that the Sanitary Sewer Board refuses to set the rates that the City Council set. He said that square footage rates were to be billed July 1, 2007 and he does not like having to pay two and a half times as much as his neighbor.

The Interim Manager mentioned that this has gone before the City Attorney and the City Attorney advised us that until we, the Sanitary Sewer Board was ready to charge all classes of customers this rate, that we not do that. He then stated that he will take this back before the City Attorney.

The Mayor told Mr. Wharton that once the City Attorney looks into it, someone will get back in touch with him.

IN RE: BUSINESSES NOT HAVING A LICENSE

GARY KNOLL, a resident of Idamay and owner of Speedway Market, stated that he knows of several businesses that do business in the City of Fairmont but does not have a business license or pay B&O tax.

The Interim Manager told Mr. Knoll that anybody operating a business in the City of Fairmont needs to register and obtain a business license.

Mr. Knoll said that he asked a clerk in the Finance Department about ten different businesses and none of them had a license.

The Interim Manager then asked Mr. Knoll to turn those businesses over to the City and they would be checked.

The Mayor thanked Mr. Knoll for making the City aware that there are people out there that are doing business in the City without a license.

IN RE: STORM SEWER COMPLAINT

RAYMOND MORGAN, 143 Fox Hill Lane, presented a letter to each Councilmember requesting information concerning the storm sewers. He even said that a few Councilmembers he had spoken to did not know that citizens were getting charged for storm sewers even if they did not have storm sewers. He then mentioned that his street had eight major water leaks and the house across the street floods when it rains and water sets in their yard like a lake. He then stated that when the Charter was drafted, it was never meant to charge residents outside the City for services.

The Mayor asked the City Manager to explain the storm water system.

Councilmember Delligatti said that one issue is that the City Council has no budgetary oversight over the stormwater or sanitary sewer.

Mr. Morgan said that Council is in charge of everything that happens in the City.

Councilmember Delligatti stated that Council is not in charge of the sanitary sewer or storm water. He said, yes, we approve the rate increases but we have no say at all.

Mr. McDaniel said the storm sewer fees were established by ordinance in 2006 which was after the City of Fairmont Sanitary Sewer Board put together the storm water management program as a mandate as part of our NPDES permit from the WV Environmental Protection. He went on to say that what that rate is charged for is $5.50 per month per residential unit and then, at some point, the commercial structures are to go to a square footage based fee. He then said that it is not to be charged to just people within the corporate limits of the City because the sanitary sewer board serves a customer base and the storm sewer is designed to serve a watershed base. He then said that if you live anywhere in the watershed, which is a drainage section, you are charged that fee. Mr. McDaniel reported that fee is collected every two months on the water bill and the sanitary sewer board's storm sewer division takes it and they maintain the existing sewers, they put together a storm water management plan that has to be filed on a quarterly basis with the Division of Environmental Protection and they have accumulated approximately $350,000. He then noted that the first $280,000 plus will be going to a storm sewer project on Golf Drive. He added that it was never intended to be a fee for those of us that have storm sewers. He told Mr. Morgan that money actually helps manage that program and, in time, will generate sufficient dollars to put together a storm sewer improvement plan for the City and for the watershed.

The Mayor said that a lot of people do not realize with our budget process that you have a general fund and a sanitary sewer fund which is a completely separate fund.

Mr. Morgan asked how the Federal Government came down and just grabbed Fairmont.

The Manager replied there are cities all over the state doing the same thing that we are doing.

The Mayor said that you have an infrastructure system throughout this whole country that is 100 plus years old and the wear and tear and environmental issues, and when it is passed down to us

and is mandated, we are not just the only small USA town in the country that is doing this. He mentioned that we are trying to replace a 100 plus year old infrastructure and unfortunately it costs everybody and we are all in the same boat together.

IN RE: PROCLAMATION FOR FIRST FATHER'S DAY

REV. D.D. MEIGHEN, 3 Park Drive, reported that on July 5 of this year will be the 100th anniversary of the observance of the first Father's Day service in America. He then asked City Council to issue a proclamation for that day and deliver it on that day in front of the church at Central United Methodist.

CITY MANAGER'S REPORT

IN RE: DUPLICATE STREET NAMES

The Interim Manager stated that several weeks ago he had given Council a memo from City Planner Jay Rogers regarding duplicate street names. He said that he would like to get this project started before he leaves so Mr. Snider will not have to deal with this in its entirety. He explained that we have identified about 41 instances of duplicate street names in the City of Fairmont that may cause some confusion with our emergency service providers. He said that Al Babcock has provided him with a sample ordinance that the state would like for all of the towns and cities in the state to adopt so the counties and cities can work together on street naming.

AL BABCOCK addressed Council representing Chris McIntire who is the Emergency Services Director for Marion County that oversees the 911 system for the county. He went on to say that there are duplicate street names and it is easy to send an emergency vehicle or a fire truck to the wrong address. The then asked Council to consider this ordinance when it is placed on the agenda.

FOR MUNICIPAL BOND COMMISSION USE ONLY:
DOCUMENTS REQUIRED:
TRANSFERS REQUIRED:

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF FAIRMONT:

ARTICLE I

STATUTORY AUTHORITY; FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The City of Fairmont (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Marion County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and

improvements to the existing public waterworks system of the Issuer, consisting of rehabilitation and renovations of the existing storage and distribution system, a new water treatment facility, two new water storage tanks and transmission mains, together with all appurtenant facilities (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared or to be prepared by the Consulting Engineers.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System and the principal of and interest on the Series 1998 Bonds and the Prior Bonds (as hereinafter defined) and to make payments into all funds, accounts and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 1998, in the total aggregate principal amount of not more than $31,000,000 (the "Series 1998 Bonds"), to permanently finance the costs of acquisition and construction of the Project. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 1998 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 1998 Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; premiums for municipal bond insurance; reserve account insurance or reserve account surety bonds, letter of credit fees; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale or issuance of the Series 1998 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1998 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that the Series 1998 Bonds be sold to the Original Purchaser pursuant to the terms and provisions of a bond purchase agreement to be entered into by and between the Issuer and the Authority, as shall be approved by supplemental resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 1998 Bonds as to liens, pledge, source of and security for payment, being the Issuer's Waterworks Refunding Revenue Bonds, Series 1997, dated June 1, 1997, issued in the original aggregate principal amount of $10,260,000 (the "Prior Bonds").

The Series 1998 Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 1998 Bonds, the Issuer will obtain a certificate of an Independent Accountant stating that the parity test of the Prior Bonds is met. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 1998 Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the date of issuance of the Series 1998 Bonds or such final order will not be subject to appeal or rehearing.

Section 1.04. Ordinance Constitutes Contract. In consideration of the acceptance of the Series 1998 Bonds by those who shall own or hold the same from time to time, this Ordinance shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of such Bondholders of any and all of such Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bond, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE II

AUTHORIZATION OF ACQUISITION AND CONSTRUCTION OF THE PROJECT

Section 2.01. Authorization of Acquisition and Construction of the Project. There is hereby authorized and ordered the acquisition and construction of the Project at an estimated cost of not to exceed $31,000,000, in accordance with the plans and specifications prepared or to be prepared by the Consulting Engineers.

ARTICLE III

THE SERIES 1998 BONDS

Section 3.01. Form and Payment of Bonds. No Series 1998 Bond shall be issued pursuant to this Ordinance except as provided in this Article III. Any Series 1998 Bonds issued pursuant to this Ordinance, may be issued only as fully registered Bonds without coupons, in the denomination of $5,000 or any integral multiple thereof for any year of maturity. All Series 1998 Bonds shall be dated as of the date provided in a Supplemental Resolution applicable to such series. All Series 1998 Bonds shall bear interest from the interest payment date next preceding the date of authentication or, if authenticated after the Record Date but prior to the applicable interest payment date or on such interest payment date, from such interest payment date or, if no interest on such Bonds has been paid, from the date thereof; provided however, that, if, as shown by the records of the Registrar, interest on such Bonds shall be in default, Bonds issued in exchange for Bonds surrendered for transfer or exchange shall bear interest from the date to which interest has been paid in full on the initial Bonds surrendered, all as shall be set forth in the Bonds.

The principal of and the premium, if any, on the Series 1998 Bonds shall be payable in any coin or currency which, on the respective date of such payment, is legal tender for the payment of public and private debts under the laws of the United States of America upon surrender at the principal office of the Paying Agent. Interest on the Series 1998 Bonds shall be paid by check or draft made payable and mailed to the Holder thereof at his address as it appears in the Bond Register at the close of business on the Record Date, or, if requested, in the case of a Registered Owner of $500,000 or more of the Bonds, by wire transfer to a domestic bank account specified in writing at least 5 days prior to the Record Date by such Registered Owner.

In the event any Bond is redeemed in part, such bond shall be surrendered to and canceled by the Registrar, and the Issuer shall execute, and the Registrar shall authenticate and deliver to the Holder thereof, another Bond in the principal amount of said Bond then Outstanding.

Section 3.02. Execution of Bonds. The Series 1998 Bonds shall be executed in the name of the Issuer by the Mayor and City Manager, by their manual or facsimile signatures, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the City Clerk by his or her manual or facsimile signature; provided, that, all such signatures and the seal may be by facsimile. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed

and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.03. Authentication and Registration. No Series 1998 Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Ordinance unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in EXHIBIT A - BOND FORM attached hereto and incorporated herein by reference with respect to the Series 1998 Bonds, shall have been duly manually executed by the Registrar. Any such manually executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Ordinance. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Registrar if signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.04. Negotiability and Registration. Subject to the requirements for transfer set forth below, the Series 1998 Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder, in accepting any of said Bonds, shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Series 1998 Bonds remains Outstanding, the Registrar shall keep and maintain books for the registration and transfer of the Bonds. Bonds shall be transferable only by transfer of registration upon the Bond Register by the registered owner thereof in person or by his attorney or legal representative duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or such duly authorized attorney or legal representative. Upon transfer of a Bond, there shall be issued at the option of the Holder or the transferee another Bond or Bonds of the aggregate principal amount equal to the unpaid amount of the transferred Bond and of the same series, interest rate and maturity of said transferred Bond.

Upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar and duly executed by the registered owner or his attorney or legal representative duly authorized in writing, Bonds may at the option of the Holder thereof be exchanged for an equal aggregate principal amount of Bonds of the same series, maturity and interest rate, in any authorized denominations.

In all cases in which the privilege of transferring or exchanging a Bond is exercised, Bonds shall be delivered in accordance with the provisions of this Ordinance. All Bonds surrendered in any such transfer or exchange shall forthwith be canceled by the Registrar. Transfers of Bonds, the initial exchange of Bonds and exchanges of Bonds in the event of partial redemption of fully registered Bonds shall be made by the Registrar without charge to the Holder or the transferee thereof, except as provided below. For other exchanges of Bonds, the Registrar may impose a service charge. For every such transfer or exchange of bonds, the Registrar may make a charge sufficient to reimburse its office for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such tax or governmental charge, and such service charge for exchange other than the initial exchange or in the event of partial redemption, shall be paid by the person requesting such transfer or exchange as a condition precedent to the exercise of the privilege of making such transfer or exchange. The Registrar shall not be obliged to make any such transfer or exchange of Bonds that have been called for redemption.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 1998 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may execute, in its discretion, and the Registrar shall authenticate, register and deliver any new Bond of like series, maturity and principal amount as the Bond, so mutilated, destroyed, stolen or lost, in exchange and upon surrender and cancellation of, such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing the Issuer and the Registrar proof of his ownership thereof and that said Bond has been destroyed, stolen or lost and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer or the Registrar may prescribe and paying such expenses as the Issuer or the Registrar may incur. The name of the Bondholder listed in the Bond Register shall constitute proof of ownership. All Bonds so surrendered shall be submitted to and canceled by the Registrar, and evidence of such cancellation shall be given to the Issuer. If such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer, by and through the Registrar, may pay the same, upon being indemnified as aforesaid, and, if such Bond be lost, stolen or destroyed, without surrender therefor.

Any such duplicate Bonds issued pursuant to this section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by any one, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of and security for payment from the Gross Revenues pledged herein with all other Bonds issued hereunder.

Section 3.06. Term Bonds. In the event Term Bonds are issued pursuant to this Ordinance, the following provisions shall apply:

A. The amounts to be deposited, apportioned and set apart by the Issuer from the Revenue Fund and into the Series 1998 Bonds Redemption Account in accordance

with Subsection 4.03.A(1) shall include (after credit as provided below) on the first of each month, beginning on the first day of that month which is 12 months prior to the first mandatory Redemption Date of said Term Bonds, a sum equal to 1/12th of the amount required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory Redemption Date, which amounts and dates, if any, with respect to a series of Bonds shall be set forth in the Supplemental Resolution relating thereto.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory Redemption Date, the Issuer may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory Redemption Date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the moneys in the Series 1998 Bonds Redemption Account to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the Redemption Date (interest to be paid from the Series 1998 Bonds Sinking Fund), as will exhaust as nearly as practicable the Series 1998 Bonds Redemption Account payment designated to be made in accordance with paragraph (A) of this section.

Such redemption shall be by random selection made on the 45th day preceding the mandatory Redemption Date, in such manner as may be determined by the Registrar. For purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of $5,000.

Section 3.07. Notice of Redemption. Unless waived by any Holder of the Series 1998 Bonds to be redeemed, official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Bond Insurer, the Original Purchaser and the registered owner of the Series 1998 Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Registrar.

So long as DTC (as CEDE & CO.) is the registered Owner of the Series 1998 Bonds, the Registrar shall send all notices of redemption to DTC and shall verify that DTC has received notice. Copies of all redemption notices relating to optional redemption of the Series 1998 Bonds shall also be sent to registered securities depositories, nationally recognized municipal securities information repositories and to *Standard & Poor's Called Bond Record*.

All official notices of redemption shall be dated and shall state:

(1) The Redemption Date,

(2) The Redemption Price,

(3) If less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed,

(4) That on the Redemption Date the Redemption Price and interest accrued will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date,

(5) The place where such Bonds are to be surrendered for payment of the Redemption Price, which place of payment shall be the principal office of the Registrar, and

(6) Such other information, if any, as shall be required for DTC-eligible Bonds.

If funds sufficient to redeem all Bonds called for optional redemption have not been deposited with the Paying Agent at the time of mailing any notice of optional redemption, such notice shall also state that such optional redemption is subject to the deposit of such moneys with the Paying Agent on or before the Redemption Date. If such moneys are not so deposited, the Registrar shall notify all holders of Bonds called for redemption of such fact.

Official notice of redemption having been given as aforesaid, the Series 1998 Bonds or portions of Bonds so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Issuer shall default in the payment of the Redemption Price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Registrar at the Redemption Price. Installments of interest due on or prior to the Redemption Date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unredeemed principal of such Bond. All Bonds which have been redeemed shall be canceled and destroyed by the Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Bonds, and failure to mail or otherwise send such notice shall not affect the validity of proceedings for the redemption of any portion of Bonds for which there was no such failure.

Section 3.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and for all other purposes, whether or not such Bond is overdue.

Section 3.09. Temporary Bonds. Until Bonds of any series in definitive form are ready for delivery, the Issuer may execute and the Registrar shall authenticate, register, if applicable, and deliver, subject to the same provisions, limitations and conditions set forth in this Article III, one or more printed, lithographed or typewritten Bonds in temporary form, substantially in the form of the definitive Bonds of such series, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit created under this Ordinance. Upon the presentation and surrender of any Bond or Bonds in temporary form, the Issuer shall, without unreasonable delay, prepare, execute and deliver to the Registrar, and the Registrar shall authenticate, register, if applicable, and deliver, in exchange therefor, a Bond or Bonds in definitive form. Such exchange shall be made by the Registrar without making any charge therefor to the Holder of such Bond in temporary form.

Section 3.10. Authorization of Bonds. For the purposes of paying Costs of the Project not otherwise provided for, capitalizing interest on the Series 1998 Bonds, funding the Series 1998 Bonds Reserve Account and paying costs of issuance and related costs, there shall be and hereby are authorized to be issued the Series 1998 Bonds of the Issuer, in an aggregate principal amount of not more than $31,000,000. The Series 1998 Bonds may be issued from time to time in one or more series as shall be determined by the Issuer. The Series 1998 Bonds shall be designated "City of Fairmont (West Virginia) Water Revenue Bonds, Series 1998". In the event a portion of the Series 1998 Bonds are issued in a subsequent year, they shall bear an appropriate series designation relating to such year. The Series 1998 Bonds shall be issued in fully registered form, in the denomination of $5,000 or any integral multiple thereof for any year of maturity, not exceeding the aggregate principal amount of Series 1998 Bonds maturing in the year of maturity for which the denomination is to be specified. The Series 1998 Bonds shall be numbered from R-1 consecutively upward (with appropriate series designation). The Series 1998 Bonds shall be designated; shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

Section 3.11. Book Entry System for Bonds. A. The Series 1998 Bonds shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of the Series 1998 Bonds of each maturity, registered in the name of CEDE & CO., as nominee of DTC. Except as provided in paragraph E below, all of the Series 1998 Bonds shall be registered in the registration books kept by the Registrar in the name of CEDE & CO., as nominee of DTC; provided that if DTC shall request that the Series 1998 Bonds be registered in the name of a different nominee, the Registrar shall exchange all or any portion of the Series 1998 Bonds registered in the name of such nominee or nominees. No person other than DTC or its nominee shall be entitled to receive from the Issuer or the Registrar either a Series 1998 Bond or any other evidence of ownership of the Series 1998 Bonds, or any right to receive any payment in respect thereof unless DTC or its nominee shall transfer record ownership of all or any portion of the Series 1998 Bonds on the registration books maintained by the Registrar, in connection with discontinuing the book entry system as provided in paragraph E below.

B. At or prior to settlement for the Series 1998 Bonds, the Issuer and the Registrar shall execute or signify their approval of a representation letter addressed to DTC in a form satisfactory to DTC (the "Representation Letter"). Any successor Registrar shall, in its written acceptance of its duties under this Ordinance, agree to take any actions necessary from time to time to comply with the requirements of the Representation Letter.

C. So long as the Series 1998 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or Redemption

Price of or interest on such Series 1998 Bonds shall be made to DTC or its nominee at the addresses set forth in the Representation Letter in New York Clearing House or equivalent next day funds on the dates provided for such payments to be made to any Bondholder under this Ordinance. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Issuer and the Registrar with respect to the principal or Redemption Price of or interest on the Series 1998 Bonds to the extent of the sum or sums so paid. In the event of the redemption of less than all of the Series 1998 Bonds Outstanding of any maturity, the Registrar shall not require surrender by DTC of the Series 1998 Bonds so redeemed, but DTC may return such Series 1998 Bonds and make an appropriate notation on the Series 1998 Bond certificate as to the amount of such partial redemption; provided that DTC shall deliver to the Registrar, upon request, a written confirmation of such partial redemption. The records maintained by the Registrar shall be conclusive as to the amount of the Series 1998 Bonds of such maturity which have been redeemed.

D. The Issuer, the Paying Agent and the Registrar may treat DTC as the sole and exclusive owner of the Series 1998 Bonds registered in its name or the name of its nominee for the purposes of payment of the principal or Redemption Price of or interest on the Series 1998 Bonds, selecting the Series 1998 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Ordinance, registering the transfer of Series 1998 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever; and neither the Issuer nor the Registrar shall be affected by any notice to the contrary. Neither the Issuer nor the Registrar shall have any responsibility or obligation to any direct or indirect participant in DTC, any person claiming a beneficial ownership interest in the Series 1998 Bonds under or through DTC or any such participant, or any other person which is not shown on the registration books of the Registrar as being a Bondholder with respect to (i) the Series 1998 Bonds, (ii) the accuracy of any records maintained by DTC or any such participant, (iii) the payment by DTC or any such participant of any amount in respect of the principal or Redemption Price of or interest on the Series 1998 Bonds, (iv) any notice which is permitted or required to be given to Bondholders under this Ordinance, (v) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the Series 1998 Bonds or (vi) any consent given or other action taken by DTC as Bondholder.

E. The book entry system for registration of the ownership of the Series 1998 Bonds may be discontinued at any time if either: (i) DTC determines to resign as securities depository for the Series 1998 Bonds; or (ii) the Issuer determines that continuation of the system of book entry transfers through DTC (or through a successor securities depository) is not in the best interest of the beneficial owners of the Series 1998 Bonds. In either of such events (unless in the case described in clause (ii) above, the Issuer appoints a successor securities depository), the Series 1998 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Issuer or the Registrar for the accuracy of such designation. Whenever DTC requests the Issuer and the

Registrar to do so, the Issuer and the Registrar shall cooperate with DTC in taking appropriate action after reasonable notice to arrange for another securities depository to maintain custody of certificates evidencing the Series 1998 Bonds.

Section 3.12. Delivery of Bonds. The Issuer shall execute and deliver the Series 1998 Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 1998 Bonds to the Original Purchaser upon receipt of the documents set forth below:

(A) If not registered in the name of DTC or its nominee, a list of the names in which the Series 1998 Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;

(B) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 1998 Bonds to DTC for the benefit of the Original Purchaser;

(C) Copies of this Ordinance and the Supplemental Resolution certified by the Clerk;

(D) The unqualified approving opinion of Bond Counsel regarding the Series 1998 Bonds; and

(E) A copy of such other documents and certificates as the Original Purchaser may reasonably require.

Section 3.13. Form of Bonds. The definitive Series 1998 Bonds shall be in substantially the form set forth in EXHIBIT A - BOND FORM attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 1998 Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 1998 Bonds shall have the form of the opinion of Steptoe & Johnson, as Bond Counsel, attached thereto or printed on the reverse thereof.

Section 3.14. Disposition of Proceeds of Bonds. Upon the issuance and delivery of the Series 1998 Bonds, the Issuer shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued on the Series 1998 Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 1998 Bonds Sinking Fund and applied to payment of interest on the Series 1998 Bonds at the first interest payment date.

B. An amount of the proceeds of the Series 1998 Bonds equal to the Series 1998 Bonds Reserve Requirement shall be remitted to the Bond Commission for deposit in the Series 1998 Bonds Reserve Account, provided that, to the extent the Series 1998 Bonds Reserve Requirement is satisfied in whole or in part from a reserve account letter of credit, surety bond or other credit facility, proceeds of the Series 1998 Bonds shall be deposited in the Series 1998 Bonds Reserve Account only to the extent needed to satisfy the balance of the Series 1998 Bonds Reserve Requirement.

C. An amount of the proceeds of the Series 1998 Bonds necessary to pay costs of issuance shall be deposited with the Depository Bank in the Costs of Issuance Fund and shall be drawn out, used and applied by the Issuer solely to pay costs of issuance of the Series 1998 Bonds at the written direction of the Issuer. All such costs of issuance shall be paid within 60 days of the Closing Date. Moneys not to be applied immediately to pay such costs of issuance may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 6 months after the Closing Date, such unapplied proceeds shall be transferred by the Issuer to the Series 1998 Bonds Redemption Account. All such proceeds shall constitute a trust fund for such purposes, and there is hereby created a lien upon such moneys until so applied in favor of the Holders of the Series 1998 Bonds.

D. The balance of the proceeds of the Series 1998 Bonds shall be deposited with the Depository Bank in the Construction Fund and shall be drawn out, used and applied by the Issuer solely to pay Costs of the Project at the written direction of the Issuer. Moneys not to be applied immediately to pay such Costs of the Project may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. All such proceeds shall constitute a trust fund for such purposes, and there is hereby created a lien upon such moneys until so applied in favor of the Holders of the Series 1998 Bonds.

Section 4.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Ordinance and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the Series 1997 A Bonds Sinking Fund, the amount required by the Prior Ordinance to pay the interest on and principal of the Prior Bonds; (ii) commencing 6 months prior to the first interest payment date of the Series 1998 Bonds, for deposit in the Series 1998 Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on the Series 1998 Bonds on the next ensuing semiannual interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1998 Bonds Sinking Fund and the next ensuing semiannual interest payment date is more or less than 6 months, then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing semiannual interest payment date, the required amount of interest coming due on such date; provided further that, the initial amount required to be transferred from the Revenue Fund and deposited in the Series 1998 Bonds Sinking Fund shall be reduced by the amount of accrued interest on the Series 1998 Bonds deposited therein; and (iii) commencing 12 months prior to the first principal payment date or mandatory Redemption Date of the Series 1998 Bonds, for deposit in the Series 1998 Bonds Sinking Fund and in the Series 1998 Bonds Redemption Account therein in the case of the Term Bonds which are to be redeemed, a sum equal to 1/12th of the amount of principal which will mature or be redeemed and become due on the Series 1998 Bonds on the next ensuing annual principal payment date or mandatory Redemption Date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1998 Bonds Sinking Fund and the next ensuing annual principal payment date or mandatory Redemption Date is more or less than 12 months, then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing annual principal payment date or mandatory Redemption Date, the required amount of principal coming due on such date.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Bond Commission (i) for deposit in the Series 1997 Bonds Reserve Account, the amount required by the Prior Ordinance; and (ii) for deposit in the Series 1998 Bonds Reserve Account, an amount sufficient to remedy any decrease in value of the

Series 1998 Bonds Reserve Account below the Series 1998 Bonds Reserve Requirement or any withdrawal from the Series 1998 Bonds Reserve Account, beginning with the first full calendar month following the date on which (i) the valuation of investments in the Series 1998 Bonds Reserve Account results in a determination that the amount of moneys and the value of the Qualified Investments deposited to the credit of the Series 1998 Bonds Reserve Account is less than the Series 1998 Bonds Reserve Requirement, or (ii) any amount is withdrawn from the Series 1998 Bonds Reserve Account for deposit into the Series 1998 Bonds Sinking Fund. To the extent Gross Revenues and any other legally available funds are available therefor, the amount so deposited shall be used to restore the amount of moneys on deposit in the Series 1998 Bonds Reserve Account to an amount equal to the Series 1998 Bonds Reserve Requirement to the full extent that such Gross Revenues are available; provided however, that if the shortfall in the Series 1998 Bonds Reserve Account is due to a decrease in value of investments therein, such shortfall shall be replenished by not less than 6 equal monthly payments, and if such shortfall is due to a withdrawal from the Series 1998 Bonds Reserve Account, such shortfall shall be replenished by not less than 12 equal monthly payments, and provided further, that no payments shall be required to be made into the Series 1998 Bonds Reserve Account whenever and as long as the amount on deposit therein shall be equal to the Series 1998 Bonds Reserve Requirement.

Amounts in the Series 1998 Bonds Reserve Account shall be used only for the purpose of making payments of principal of and interest on the Series 1998 Bonds when due, when amounts in the Series 1998 Bonds Sinking Fund are insufficient therefor and for no other purpose.

(3) The Issuer shall next, each month, pay from the Revenue Fund the Operating Expenses of the System.

(4) The Issuer shall next, each month, from the moneys remaining in the Revenue Fund, transfer to the Depreciation Fund (as previously set forth in the Prior Ordinance and not in addition thereto), a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Depreciation Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Depreciation Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with moneys from the Depreciation Fund.

Moneys in the Series 1998 Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 1998 Bonds as the same shall become due. Moneys in the Series 1998 Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1998 Bonds, as the same shall come due, when other moneys in the Series 1998 Bonds Sinking Fund are insufficient therefor, and for no other purpose except for permitted transfers to the Rebate Fund.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1998 Bonds Sinking Fund and the Series 1998 Bonds Reserve Account shall be returned, not less than once each year, by the Bond Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Construction Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Bonds, and then to the next ensuing principal payment due thereon.

Except with respect to transfers to the Rebate Fund, any withdrawals from the Series 1998 Bonds Reserve Account which result in a reduction in the balance of the Series 1998 Bonds Reserve Account to below the Series 1998 Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 1998 Bonds Sinking Fund or the Series 1998 Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 1998 Bonds, in accordance with the respective principal amounts then Outstanding.

The Bond Commission is hereby designated as the fiscal agent for the administration of the Series 1998 Bonds Sinking Fund, the Series 1998 Bonds Reserve Account and the Series 1998 Bonds Redemption Account created hereunder, and all amounts required for said accounts shall be remitted to the Bond Commission from the Revenue Fund by the Issuer at the times provided herein.

The Issuer shall, on the first day of each month (if such day is not a business day, then the next succeeding business day), deposit with the Bond Commission the required principal, interest and reserve payments with respect to the Series 1998 Bonds, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Series 1998 Bonds Sinking Fund, the Series 1998 Bonds Reserve Account and the Series 1998 Bonds Redemption Account shall be invested and reinvested by the Bond Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund, the Series 1998 Bonds Sinking Fund, including the Series 1998 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1998 Bonds Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any charges and fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Depreciation Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

Section 4.04. Reserve Account Letter of Credit or Surety Bond. In lieu of funding the Series 1998 Bonds Reserve Account with cash or Qualified Investments, the Series 1998 Bonds Reserve Requirement may be satisfied by the deposit by the Issuer into the Series 1998 Bonds Reserve Account of a reserve account letter of credit, a surety bond, or other credit facility satisfactory to the Bond Insurer in an amount at least equal to the Series 1998 Bonds Reserve Requirement. The Issuer hereby authorizes the purchase of a reserve account letter of credit, a surety bond, or other credit facility satisfactory to the Bond Insurer and the execution and delivery of any applicable reimbursement agreement or note in such forms as shall be described in the Supplemental Resolution; provided that, if there is no Bond Insurer, then a reserve account letter of credit, a surety bond, or other credit facility satisfactory to the Original Purchaser.

ARTICLE V

INVESTMENTS; NON-ARBITRAGE; REBATES OF EXCESS INVESTMENT EARNINGS

Section 5.01. Investments. The Issuer shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any moneys held as a part of the funds and accounts created by this Ordinance in Qualified Investments to the fullest extent possible under applicable laws, this Ordinance, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The Issuer shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Issuer may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section (unless otherwise required by the Bond Insurer and as set forth in the Supplemental Resolution):

(A) Qualified Investments acquired for the Series 1998 Bonds Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 5 years from the date of such investment.

(B) The Issuer shall, or shall cause the Bond Commission to semiannually transfer from the Series 1998 Bonds Reserve Account to the Series 1998 Bonds Sinking Fund, any earnings on the moneys deposited therein and any other funds in excess of the Series 1998 Bonds Reserve Requirement; provided, however, that there shall at all times remain on deposit in the Series 1998 Bonds Reserve Account an amount at least equal to the Series 1998 Bonds Reserve Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from the Series 1998 Bonds Reserve Account, whereupon it shall be valued immediately after such withdrawal. If amounts on deposit in the Series 1998 Bonds Reserve Account shall, at any time, be less than the Series 1998 Bonds Reserve Requirement, the Bond Insurer shall be notified immediately of such deficiency and such deficiency shall be made up from the first available Gross Revenues after required deposits to the Series 1998 Bonds Sinking Fund and otherwise in accordance with Section 4.03 hereof.

(D) All amounts representing accrued and capitalized interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Series 1998 Bonds and invested only in Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all moneys deposited in the Series 1998 Bonds Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia Investment Management Board pursuant to Chapter 12, Article 6 of the West Virginia Code of 1931, as amended.

Section 5.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 1998 Bonds in such manner and to such extent as may be necessary, so that the Series 1998 Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 1998 Bonds) so that the interest on the Series 1998 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 5.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1998 Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1998 Bonds as may be necessary in order to fully comply with Section 148(f) of the

Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the time and the address prescribed by the Regulations as the same may be in effect from time to time with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. The Issuer at its expense, may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 5.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 5.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amounts and any and all penalties and interest from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1998 Bonds from gross income for federal income tax purposes.

Section 5.04. Continuing Disclosure Agreement. The Issuer shall deliver a continuing disclosure agreement or certificate in form acceptable to the Original Purchaser sufficient to ensure compliance with SEC Rule 15c2-12, as it may be amended from time to time.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. Covenants Binding and Irrevocable. All the covenants, agreements and provisions of this Ordinance shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 1998 Bonds, as prescribed by Article VII. In addition to the other covenants, agreements and provisions of this Ordinance, the Issuer hereby covenants and agrees with the Holders of the Series 1998 Bonds, as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 1998 Bonds or the interest thereon, are Outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. The Series 1998 Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness but shall be payable solely from the Gross Revenues of the System, the moneys in the Series 1998 Bonds Sinking Fund and the Series 1998 Bonds Reserve Account therein and the unexpended proceeds of the Series 1998 Bonds, all as herein provided. No Holder or Holders of the Series 1998 Bonds issued hereunder shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 1998 Bonds or the interest thereon.

Section 6.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all of the Series 1998 Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds and all moneys in the Series 1998 Bonds Sinking Fund, including the Series 1998 Bonds Reserve Account therein. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 1998 Bonds and to make the payments into all funds and accounts and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance to the payment of the principal of and interest on the Prior Bonds and the Series 1998 Bonds as the same become due and for the other purposes provided in this Ordinance.

Section 6.04. Rates. Prior to the issuance of the Series 1998 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the City Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System

sufficient to make the prescribed payments into the funds and accounts created hereunder. Such schedule of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes; In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to pay all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 120% of the maximum amount required in any year for payment of principal of and interest on the Series 1998 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Series 1998 Bonds, including the Prior Bonds. All such rates and charges, if not paid when due, shall constitute a lien upon the premises served by the System. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Issuer that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 6.05. Completion of Project; Operation and Maintenance. The Issuer will complete the Project as promptly as possible and operate and maintain the System in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia necessary for the acquisition and construction of the Project and the operation of the System.

Section 6.06. Sale of the System. So long as the Prior Bonds are Outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, except as provided by the Prior Ordinance. Additionally, so long as the Series 1998 Bonds are Outstanding, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, or to defease the pledge created by this Ordinance and the Prior Ordinance. The proceeds from such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Bond Commission for deposit in the Series 1998 Bonds Sinking Fund and the Series 1997 Bonds Sinking Fund, and otherwise as prescribed by Section 9.01. Any balance remaining after such defeasance shall be remitted to the Issuer by the Bond Commission unless necessary for the payment of other obligations of the Issuer payable out of the Gross Revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of $50,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Depreciation Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of $50,000 but not in excess of $200,000, the Issuer shall first, determine upon consultation with the Consulting Engineers, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, approve and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Depreciation Fund. Payment of such proceeds into the Depreciation Fund shall not reduce the amounts required to be paid into said fund by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of $200,000 and insufficient to defease the pledge created by this Ordinance, as provided by Section 9.01, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of 60% in amount of Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any other obligations whatsoever, except additional parity Bonds provided for in Section 6.08 hereof, payable from the Revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from the Gross Revenues with the Bonds; and all obligations hereafter issued by the Issuer payable from the Revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate as to lien on, pledge and source of and security for payment from such Revenues and in all other respects to the Bonds; provided that, no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of issuance of such subordinate obligations.

The Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such additional parity Bonds, being on a parity with the lien of the Bonds, and the

interest thereon, upon any of the income and Gross Revenues of the System pledged for payment of the Bonds and the interest thereon in this Ordinance or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no additional parity Bonds, as in this section defined, payable out of the Revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions and in the manner herein provided.

No such additional parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition and construction of additions, betterments or improvements to the System, refunding all or a portion of the Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such additional parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk of the Issuer a written statement by Independent Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided, from the System during the Fiscal Year preceding the date of the actual issuance of such additional parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the date of issuance of such parity Bonds, shall not be less than 120% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Series 1998 Bonds and the Prior Bonds then Outstanding;

(2) Any additional parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The additional parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation required in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such additional parity Bonds, provided that, in the event the implementation of such increase in rates enacted by the Issuer, the time

for appeal of which shall have expired (without successful appeal) prior to the issuance of such additional parity Bonds is, by the terms of the ordinance providing for such increase in rates, deferred pending completion of the acquisition and construction of any additions, betterments or improvements for the System, and further provided, that the debt service on such additional parity Bonds during such construction period is payable from proceeds of such additional parity Bonds deposited in the Sinking Fund held by the Bond Commission, the "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years" as that term is used in the computation provided in the above paragraph, may be assumed to mean "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years commencing on the date of completion of such acquisition and construction."

The Net Revenues actually derived from the System during the preceding Fiscal Year hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such additional parity Bonds. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

The term "additional parity Bonds," as used in this section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this section, payable from the Gross Revenues of the System on a parity with the Series 1998 Bonds and the Prior Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such additional parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 1998 Bonds and the Prior Bonds and the Holders of any additional parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from the Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such additional parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

The term "additional parity Bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the Gross Revenues of the System is subject to the prior and superior lien of the Bonds on such Gross Revenues. The Issuer shall not issue any obligations whatsoever payable from the Gross Revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such Gross Revenues, with the Bonds except in the manner and under the conditions provided in this section.

No additional parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Ordinance with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance, shall have been made in full as required to the date of issuance of the additional parity Bonds.

Section 6.09. Insurance and Bonds. The Issuer hereby covenants and agrees, that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance and bonds and worker's compensation coverage with a reputable insurance carrier or carriers or bonding company or companies covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damages or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during acquisition and construction of any additions, betterments and improvements to the System in the full insurable value thereof.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

C. WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Issuer and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, betterments or improvements to the System in compliance with West Virginia Code Section 38-2-39.

D. FLOOD INSURANCE, to extent available at reasonable cost to the Issuer.

E. BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

F. FIDELITY BONDS will be provided as to every officer and employee of the Issuer having custody of the Gross Revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 6.10. Services Rendered to the Issuer. The Issuer will not render or cause to be rendered any free services of any nature by the System; and, in the event the Issuer or any department, agency, instrumentality, officer or employee thereof shall avail themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be Gross Revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other Gross Revenues derived from such operation of the System.

Section 6.11. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other changes, if not paid, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System to all delinquent users of services and facilities of the System and will not restore such services of the System until all bills for charges for the services and facilities of the System, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 6.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.13. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as it shall direct.

The Issuer shall file with the Original Purchaser and the Bond Insurer, within 120 days following the end of each Fiscal Year, and shall mail to any Bondholder requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses and Net Revenues derived from the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Ordinance, and the status of all said funds.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any Holder or Holders of Bonds issued pursuant to this Ordinance and shall file said report with the Original Purchaser.

Section 6.14. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, or at such earlier date required by the charter of the Issuer, prepare and adopt by resolution a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10%

of the amount of such budget shall be made except upon the further certificate of such a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Original Purchaser and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser, the Bond Insurer and to any Bondholder or anyone acting for and in behalf of such Bondholder who requests the same.

Section 6.15. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1998 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon the issuance of the Series 1998 Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 6.16. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1998 Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 1998 Bonds during the term thereof is, under the terms of the Series 1998 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1998 Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1998 Bonds during the term thereof is, under the terms of the Series 1998 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Series 1998 Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 1998 Bonds or $5,000,000 are

used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 1998 Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1998 Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Series 1998 Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 6.17. Covenants Regarding the Municipal Bond Insurance Policy. The Issuer may apply for a Municipal Bond Insurance Policy for the Series 1998 Bonds. In the event such a Municipal Bond Insurance Policy is obtained, certain additional covenants of the Issuer may be required by the Bond Insurer as a condition to insuring the Series 1998 Bonds. These additional covenants shall be set forth in full in the Supplemental Resolution, shall apply to the Series 1998 Bonds and any other Bonds which may be insured by such Bond Insurer, and shall be controlling in the event any other provisions of this Ordinance may be in conflict therewith.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 1998 Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on the Series 1998 Bonds; or

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part in this Ordinance or any Supplemental Resolution or in the Series 1998 Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer by any Bondholder; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 7.02. Enforcement. Upon the happening and continuance of any Event of Default, any Bondholder may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due; (ii) by mandamus or other appropriate proceeding enforce all rights of the Bondholders, including the right to require the Issuer to perform its duties under the Act and this Ordinance; (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Bondholders; and (v) by action or bill in equity enjoin any acts in violation of this Ordinance or the rights of the Bondholders; provided that, all rights and remedies of the Holders of the Series 1998 Bonds shall be on a parity with the Holders of the Prior Bonds.

No remedy by the terms of this Ordinance conferred upon or reserved to the Bondholders is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Bondholders hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Bondholders shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 7.03. Appointment of Receiver. If there be any Event of Default existing and continuing, any Bondholder (or any Bond Insurer if the defaulted Bonds are insured) shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of this Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds issued pursuant to this Ordinance and interest thereon and under any covenants of this Ordinance for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Revenues of the System shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and the Holders of the Bonds issued pursuant to this Ordinance. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and the Bondholders, and the curing and making good of any default under the provisions of this Ordinance, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Section 7.04. Restoration of Issuer and Bondholder. In case any Bondholder shall have proceeded to enforce any right under this Ordinance by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and such Bondholder shall be restored to their former positions and rights hereunder, and all rights and remedies of such Bondholder shall continue as if no such proceedings had been taken.

ARTICLE VIII

REGISTRAR AND PAYING AGENT

Section 8.01. Appointment of Registrar. The Registrar for the Series 1998 Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby authorized and directed to enter into an agreement with the Registrar, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 8.02. Responsibilities of Registrar. The recitals of fact in the Series 1998 Bonds shall be taken as statements of the Issuer, and the Registrar shall not be responsible for their accuracy. The Registrar shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Series 1998 Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication and Registration on the Series 1998 Bonds. The Registrar and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Ordinance and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 8.01.

Section 8.03. Evidence on Which Registrar May Act. Except as otherwise provided by Section 10.02, the Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever the Registrar shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion the Registrar may instead accept other evidence of such fact or matter.

Section 8.04. Compensation and Expenses. The Issuer shall pay to the Registrar from time to time reasonable compensation for all services, including the transfer of registration of Bonds, the first exchange of Bonds and the exchange of Bonds in the event of partial redemption, incurred in the performance of its duties hereunder.

Section 8.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or effect or aid in any reorganization growing out of the enforcement of the Series 1998 Bonds or this Ordinance, whether or not any such committee shall represent the Holders of a majority in principal amount of the Series 1998 Bonds Outstanding.

Section 8.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Ordinance by giving not less than 60 days written notice to the Issuer and publishing in an Authorized Newspaper notice (or mailing such notice to each Bondholder in the event all Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or Bondholders, in which event such resignation shall take effect immediately; provided that, in no event shall such resignation take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.07. Removal. The Registrar may be removed at any time by the Issuer, the Bond Insurer or by the Holders of a majority in principal amount of the Series 1998 Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer, the Bond Insurer or by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each such instrument shall be delivered by the Issuer to the Registrar. Such removal shall take effect upon the date stated in such instrument; provided that, in no event shall such removal take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Series 1998 Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Bondholders. The Issuer shall publish in an Authorized Newspaper (or mail to each Bondholder in the event all Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Any successor Registrar appointed by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Bondholders. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or

national banking association authorized to perform the duties imposed upon it by this Ordinance.

Section 8.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any moneys, books and records held by it to its successor.

Section 8.10. Merger or Consolidation. Any company into which the Registrar may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 8.08.

Section 8.11. Adoption of Authentication. In case any of the Series 1998 Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Bonds so authenticated, and, in case any Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Bonds in the name of the predecessor Registrar or in its own name.

Section 8.12. Paying Agent. The Registrar may also serve as the Paying Agent. The Registrar's acceptance of the duties and responsibilities of the Registrar expressed in Section 8.02 shall also include the trusts and the duties of Paying Agent if so appointed. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Bonds shall be and remain DTC-eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from moneys available therefor.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Ordinance. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national

banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Bondholders may make such appointment.

The Paying Agents shall enjoy the same protective provisions in the performance of their duties hereunder as are specified in this Article VIII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 8.08 hereof with respect to the appointment of a successor Registrar.

All moneys received by the Paying Agents shall, until used or applied as provided in this Ordinance, be held in trust for the purposes for which they were received.

ARTICLE IX

DEFEASANCE; DISCHARGE OF PLEDGE OF ORDINANCE

Section 9.01. Defeasance; Discharge of Pledge of Ordinance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 1998 Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Ordinance, then this Ordinance and the pledges of the Gross Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Holders of the Series 1998 Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied, except as may be necessary to assure the exclusion of interest on the Series 1998 Bonds from gross income for federal income tax purposes.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on such Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or an escrow trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on said Bonds on and prior to the maturity date thereof, or if the Issuer irrevocably determines to redeem any of said Bonds prior to the maturity thereof, on and prior to said redemption date. Neither securities nor moneys deposited with the Bond Commission or an escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on said Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on said Bonds on and prior to such maturity or redemption dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations, as such term is limited by the provisions in Section 1.01 hereof or such additional securities as shall be set forth in the Supplemental Resolution.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment of Ordinance. Prior to issuance of the Series 1998 Bonds, this Ordinance may be amended or supplemented in any way by the Supplemental Resolution. All provisions required by the Bond Insurer, if any, shall be set forth in the Supplemental Resolution and to the extent they constitute an amendment or modification of this Ordinance, shall be controlling. Following issuance of the Series 1998 Bonds, this Ordinance and any Supplemental Resolution may be amended or modified without the consent of any Bondholder or other person, solely for the purpose of maintaining the tax-exempt status of the Series 1998 Bonds, provided that, in the event any of the Series 1998 Bonds are insured, no such amendment or modification which adversely affects the security for such Bonds or the rights of the applicable Bond Insurer for such Bonds may be effected without the written consent of such Bond Insurer. Otherwise, no materially adverse amendment or modification to this Ordinance, or of any Supplemental Resolution, may be made without the written consent of the Holders of 60% in aggregate principal amount of the Bonds then Outstanding and affected thereby and the Bond Insurer, which must be filed with the City Clerk of the Issuer before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Bond without the express written consent of the Holder of such Bond, nor reduce the percentage of Bonds required for consent to any such modification or amendment.

Section 10.02. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, consent, revocation of consent or other instrument which this Ordinance may require or permit to be signed and executed by Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Ordinance if made in the following manner, or in any other manner satisfactory to the Issuer or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Bondholder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgements of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, a trust company or a financial firm or corporation satisfactory to the

Issuer or the Registrar, as the case may be, that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Bondholder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of fully registered Bonds held by a person executing any instrument as a Bondholder, the date of his holding such Bonds and the numbers and other identification thereof, shall be confirmed by the Bond Register.

Any request, consent or other instrument executed by the Holder of any Bond shall bind all future Holders and owners of such Bond in respect of anything done or suffered to be done hereunder by the Issuer or the Registrar in accordance therewith.

Section 10.03. Preservation and Inspection of Documents. To the extent allowable under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Ordinance shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Bondholder, and their agents and their representatives, but any such reports, certificates, statements or other documents may, at the election of the Registrar, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Ordinance shall be discharged as provided in Section 9.01.

Section 10.04. Cancellation of Bonds. All Bonds purchased or paid shall, if surrendered to the Issuer, be canceled and delivered to the Registrar, or, if surrendered to the Registrar, be canceled by it. No such Bonds shall be deemed Outstanding under this Ordinance and no Bonds shall be issued in lieu thereof. All such Bonds shall be canceled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.05. Failure to Present Bonds. Anything in this Ordinance to the contrary notwithstanding, any moneys held by the Bond Commission or a Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for 1 year after the date on which such Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the Issuer be paid by the Bond Commission or said Paying Agent to the Issuer as its absolute property and free from trust, and the Bond Commission or said Paying Agent shall thereupon be released and discharged with respect thereto, and the Holders of such Bonds shall look only to the Issuer for the payment of such Bonds; provided, however, that, before making any such payment to the Issuer, the Registrar, if so advised by the Bond Commission, or said Paying Agent

shall send to the Holder, at the address listed on the Bond Register, by certified mail, a notice that such moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of such notice is mailed, the balance of such moneys then unclaimed will be returned to the Issuer. If any of said Bonds is a coupon Bond, the Registrar or said Paying Agent shall also publish such notice, not less than 30 days prior to the date such moneys will be returned to the Issuer, in an Authorized Newspaper.

Section 10.06. Notices, Demands and Requests. Unless otherwise expressly provided, all notices, demands and requests to be given or made hereunder to or by the Issuer, the Registrar, the Paying Agent, the Depository Bank or the Original Purchaser shall be in writing and shall be properly made if sent by United States mail, postage prepaid, and addressed as follows or if hand-delivered to the individual to whom such notice, demand or request is required to be directed as indicated below:

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S WATERWORKS REFUNDING REVENUE BONDS, SERIES 1997, DATED JUNE 1, 1997, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $10,260,000 (THE "PRIOR BONDS").

The Bonds and the interest thereon are payable only from and are secured by the Gross Revenues (as defined in the Ordinance) to be derived from the operation of the System, on a parity with the pledge of Gross Revenues in favor of the holders of the Prior Bonds, and from moneys in the Series 1998 Bonds Sinking Fund and the Series 1998 Bonds

Such Gross Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose and to make the other payments required by the Ordinance. This Bond does not constitute an indebtedness of the Issuer within any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Gross Revenues, the moneys in the Series 1998 Bonds Sinking Fund and the Series 1998 Bonds Reserve Account and unexpended proceeds of the Bonds. Under the Ordinance, the Issuer has covenanted and agreed to fix, establish and collect just and equitable rates or charges for the use of the services and facilities of the System and to revise the same from time to time as will always be sufficient to pay all operating expenses of the System and to leave a balance each year equal to at least 120% of the maximum amount payable in any year for principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds. The Issuer has entered into certain further covenants with the Registered Owners of the Bonds, for the terms of which reference is made to the Ordinance. Remedies provided the Registered Owners of the Bonds are exclusively as provided in the Ordinance, to which reference is here made for a detailed description thereof.

All moneys received from the sale of the Bonds except for accrued interest thereon shall be applied solely to pay all costs of the Project, fund a reserve account for the Bonds and pay all costs of issuance of the Bonds, and there shall be, and hereby is, created and granted a lien upon such moneys, until so applied, in favor of the Registered Owners of the Bonds.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of said Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia, and that a sufficient amount of the Gross Revenues of the System has been pledged to and will be set aside into said special fund by said Issuer for the prompt payment of the principal of and interest on the Bonds of which this Bond is one.

This Bond, under the provisions of the Act is and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may be transferred only upon the surrender hereof at the office of the Registrar and otherwise as provided by the Ordinance.

This Bond is, under the Act, exempt from all taxation by the State of West Virginia or any county, municipality or county commission, political subdivision or agency thereof.

This Bond shall not be entitled to any benefit under the Ordinance, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon shall have been signed by the Registrar.

All provisions of the Ordinance, and the statutes under which this Bond is issued, shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

If the Paying Agent determines that there will be insufficient funds in such Funds or Accounts, the Paying Agent shall so notify Bond Insurer. Such notice shall specify the amount of the anticipated deficiency, the Bonds to which such deficiency is applicable and whether such Bonds will be deficient as to principal or interest, or both. (E) In the event that the Paying Agent has notice that any payment of principal of or interest on a Bond which has become Due for Payment and which is made to a Bondholder by or on behalf of the Issuer has been deemed a preferential transfer and theretofore recovered from its registered owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, nonappealable order of a court having competent jurisdiction, the Paying Agent shall, at the time Bond Insurer is notified pursuant to (a) above, notify all registered owners that in the event that any registered owner's payment is so recovered, such registered owner will be entitled to payment from Bond Insurer to the extent of such recovery if sufficient funds are not otherwise available, and the Paying Agent shall furnish to Bond Insurer its records evidencing the payments of principal of and interest on the Bonds which have been made by the Paying Agent and subsequently recovered from registered owners and the dates on which such payments were made.

(F) In addition to those rights granted Bond Insurer under this Ordinance, Bond Insurer shall, to the extent it makes payment of principal of or interest on Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Municipal Bond Insurance Policies, and to evidence such subrogation (i) in the case of subrogation as to claims for past due interest, the Paying Agent shall note Bond Insurer's rights as subrogee on the registration books of the Issuer maintained by the Paying Agent upon receipt from Bond Insurer of proof of the payment of interest thereon to the registered owners of the Bonds, and (ii) in the case of subrogation as to claims for past due principal, the Paying Agent shall note Bond Insurer's rights as subrogee on the registration books of the Issuer maintained by the Paying Agent upon surrender of the Bonds by the registered owners thereof together with proof of the payment of principal thereof.

Moneys in the Series 1999 Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 1999 Bonds as the same shall become due. Moneys in the Series 1999 Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1999 Bonds, as the same shall come due, when other moneys in the Series 1999 Bonds Sinking Fund are insufficient therefor, and for no other purpose except for permitted transfers to the Rebate Fund.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1998 Bonds Sinking Fund and the Series 1998 Bonds Reserve Account shall be returned, not less than once each year, by the Bond Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Construction Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 1998 Bonds, and then to the next ensuing principal payment due thereon.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1999 Bonds Sinking Fund and the Series 1999 Bonds Reserve Account shall be returned, not less than once each year, by the Bond Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Construction Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 1999 Bonds, and then to the next ensuing principal payment due thereon.

Except with respect to transfers to the Rebate Fund, any withdrawals from the Series 1998 Bonds Reserve Account which result in a reduction in the balance of the Series 1998 Bonds Reserve Account to below the Series 1998 Bonds Reserve Requirement and any withdrawals from the Series 1999 Bonds Reserve Account which result in a reduction in the balance of the Series 1999 Bonds Reserve Account to below the Series 1999

Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 1998 Bonds Sinking Fund or the Series 1998 Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

The Issuer shall not be required to make any further payments into the Series 1999 Bonds Sinking Fund or the Series 1999 Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds, the Series 1998 Bonds and the Series 1999 Bonds, in accordance with the respective principal amounts then Outstanding.

The Bond Commission is hereby designated as the fiscal agent for the administration of the Series 1998 Bonds Sinking Fund, the Series 1998 Bonds Reserve Account, the Series 1998 Bonds Redemption Account, the Series 1999 Bonds Sinking Fund, the Series 1999 Bonds Reserve Account, and the Series 1999 Bonds Redemption Account created hereunder and all amounts required for said accounts shall be remitted to the Bond Commission from the Revenue Fund by the Issuer at the times provided herein.

The Issuer shall, on the first day of each month (if such day is not a business day, then the next succeeding business day), deposit with the Bond Commission the required principal, interest and reserve payments with respect to the Series 1998 Bonds and the Series 1999 Bonds, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Series 1998 Bonds Sinking Fund, the Series 1998 Bonds Reserve Account, the Series 1998 Bonds Redemption Account, the Series 1999 Bonds

Sinking Fund, the Series 1999 Bonds Reserve Account, and the Series 1999 Bonds Redemption Account shall be invested and reinvested by the Bond Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund, the Series 1998 Bonds Sinking Fund, including the Series 1998 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1998 Bonds Outstanding under the conditions and restrictions hereinafter set forth.

Except with respect to transfers to the Rebate Fund, the Series 1999 Bonds Sinking Fund, including the Series 1999 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1999 Bonds Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any charges and fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Depreciation Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03; and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

Section 6.03. Bonds Secured by Pledge of Gross Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all of the Series 1998 Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds and the Series 1999 Bonds and all moneys in the Series 1998 Bonds Sinking Fund, including the Series 1998 Bonds Reserve Account therein. The payment of the debt service of all of the Series 1999 Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds and the Series 1998 Bonds and all moneys in the Series 1999 Bonds Sinking Fund, including the Series 1999 Bonds Reserve Account therein. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds, the Series 1998 Bonds and the Series 1999 Bonds and to make the payments into all funds and accounts and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance to the payment of the principal of and interest on the Prior Bonds, the Series 1998 Bonds and the Series 1999 Bonds as the same become due and for the other purposes provided in this Ordinance.

Section 6.15. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1998 Bonds and the Holders of the Series 1999 Bonds, a statutory mortgage lien upon the System for each series of Bonds is granted and created by the Act, which statutory mortgage liens are hereby recognized and declared to be valid and binding, shall take effect immediately upon the issuance of the Series 1998 Bonds and upon the issuance of the Series 1999 Bonds, respectively, and shall be on a parity with one another and with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

D. The following language is hereby added to the Ordinance as a new Section 3.15:

Section 3.15. Disbursements From the Construction Fund. Payments for Costs of the Project shall be made monthly.

Disbursements from the Construction Fund, except for payment of costs of issuance of the Bonds in excess of the moneys available in the Costs of Issuance Fund which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made (except reimbursement to the Issuer for items previously paid by the Issuer);

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Construction Fund only the net amount remaining after deduction of any such portion. All payments made from the Construction Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Construction Fund.

Pending such application, moneys in the Construction Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Construction Fund to the Series 1998 Bonds Redemption Account and the Series 1999 Bonds Redemption Account, to be applied to redemption of the Series 1998 Bonds and the Series 1999 Bonds at the earliest redemption date thereof, to the extent feasible.

E. The Ordinance is hereby amended to add the form of the Series 1999 Bond attached hereto as EXHIBIT C - FORM OF SERIES 1999 BOND as Exhibit B to the Ordinance.

Section 14. The City Manager, Mayor and City Clerk are hereby authorized and directed to execute and deliver such other documents and certificates required or desirable in connection with the Series 1998 Bond issue and the Series 1999 Bond issue to the end that the Series 1998 Bonds and the Series 1999 Bonds may be delivered on a timely basis to the Original Purchaser pursuant to the Bond Purchase Agreement.

Section 15. Under the provisions of the Act, and as provided in the Ordinance and the Series 1998 Bonds, the Series 1998 Bonds and the interest thereon do not constitute indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, but shall be payable solely from the revenues derived from the operation of the System of the Issuer, the Series 1998 Bonds Reserve Account and the Depreciation Fund established by the Ordinance, and neither the credit nor the taxing power of the Issuer is pledged for, and no tax shall ever be levied for, payment of the Series 1998 Bonds and the interest thereon.

Section 16. Under the provisions of the Act, and as provided in the Ordinance and the Series 1999 Bonds, the Series 1999 Bonds and the interest thereon do not constitute indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, but shall be payable solely from the revenues derived from the operation of the System of the Issuer, the Series 1999 Bonds Reserve Account and the Depreciation Fund established by the Ordinance, and neither the credit nor the taxing power of the Issuer is pledged for, and no tax shall ever be levied for, payment of the Series 1999 Bonds and the interest thereon.

Section 17. The Ordinance of the City adopted on April 8, 1997, authorizing the issuance of the City's Waterworks Refunding Revenue Bonds, Series 1997, dated June 1, 1997, issued in the original aggregate principal amount of $10,260,000 (the "Prior Bonds"), is, with the prior written consent of the municipal bond insurer for the Prior Bonds which has been heretofore been obtained, hereby amended by the complete substitution and replacement of Section 6.08 Additional Parity Bonds with the following language:

Additional Parity Bonds. No additional parity Bonds, as in this section defined, payable out of the Revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions and in the manner herein provided.

No such additional parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition and construction of additions, betterments or improvements to the System, refunding all or a portion of the Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such additional parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk of the Issuer a written statement by Independent Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided, from the System during the Fiscal Year preceding the date of the actual issuance of such additional parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the date of issuance of such parity Bonds, shall not be less than 120% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Series 1997 Bonds then Outstanding;

(2) Any additional parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The additional parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such additional parity Bonds, provided that, in the event the implementation of such increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such additional parity Bonds is, by the terms of the ordinance providing for such increase in rates, deferred pending completion of the acquisition and construction of any additions, betterments or improvements for the System, and further provided, that the debt service on such additional parity Bonds during such construction period is payable from proceeds of such additional parity Bonds deposited in the Sinking Fund held by the Bond Commission, the "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years" as that term is used in the computation provided in the above paragraph, may be assumed to mean "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years commencing on the date of completion of such acquisition and construction".

The Net Revenues actually derived from the System during the preceding Fiscal Year hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such additional parity Bonds. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

The term "additional parity Bonds," as used in this section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this section, payable from the Gross Revenues of the System on a parity with the Series 1997 Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such additional parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 1997 Bonds and the Holders of any additional parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from the Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such additional parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

The term "additional parity Bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the Revenues of the System is subject to the prior and superior lien of the Bonds on such Revenues. The Issuer shall not issue any obligations whatsoever payable from the Revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such Revenues, with the Bonds except in the manner and under the conditions provided in this section.

No additional parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Ordinance with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance, shall have been made in full as required to the date of issuance of the additional parity Bonds.

Section 18. The City Manager and other appropriate officers and employees of the Issuer are hereby authorized and directed to take all further actions necessary to cause the Series 1998 Bonds and the Series 1999 Bonds to be insured by the Bond Insurer or such other municipal bond insurance company as is acceptable to the Original Purchaser.

Section 19. This Resolution shall be effective immediately.

Section 1.03. Findings. The Council hereby finds and determines as follows:

A. The Issuer is a municipal corporation and political subdivision of the State of West Virginia, in Marion County of said State.

B. The Issuer now owns and operates the System, the acquisition and construction of which has been financed and refinanced in part by the proceeds of the Prior Bonds.

C. The Issuer derives revenues from the System which are pledged for payment of the Prior Bonds. Except for such pledge thereof to secure and pay the Prior Bonds, such revenues are not pledged or encumbered in any manner.

D. The Issuer intends to refund the Prior Bonds in their entirety with proceeds of the Series 1997 Bonds and other funds of the Issuer, to issue the Series 1997 Bonds and to pledge the Gross Revenues of the System for payment thereof.

E. The estimated revenues to be derived in each year from the operation of the System after the refunding of the Prior Bonds will be sufficient to pay all Operating Expenses of the System and the principal of and interest on the Series 1997 Bonds and to make all other payments provided for in this Ordinance.

F. Based upon the assumed principal amount, maturity schedule and interest rates for the Series 1997 Bonds presented to the Issuer by the Original Purchaser, and after making allowance for the use of cash on hand of the Issuer, the Series 1997 Bonds show a net present value debt service savings to the Issuer, after deducting all expenses of the refunding and the costs of issuing the Series 1997 Bonds.

G. The Issuer shall not sell the Series 1997 Bonds without setting forth in the Supplemental Resolution the determination set forth in paragraph F above, based upon the actual principal amount, maturity schedule and interest rates for the Series 1997 Bonds, and the Issuer shall not issue the Series 1997 Bonds without having obtained from an independent certified public accountant, a certification that the amount of savings stated to be achieved by the refunding shall in fact be saved, based upon their review, comparison and analysis of the net interest cost in dollars of the Series 1997 Bonds and the net interest cost in dollars of the Prior Bonds.

H. Subject to the determination and certification required by paragraph G above, it is in the best interest of the Issuer and its residents, that the Issuer issue the Series 1997 Bonds and secure the Series 1997 Bonds by a pledge and assignment of the Gross Revenues derived from the operation of the System, the moneys in the Series 1997 Bond Sinking Fund and the Series 1997 Bonds Reserve Account, unexpended proceeds of the Series 1997 Bonds and as further set forth herein.

I. The Series 1997 Bonds and the Certificate of Authentication and Registration to be endorsed thereon are to be in substantially the form set forth in EXHIBIT A - BOND FORM attached hereto and incorporated herein by reference, with necessary and appropriate variations, omissions and insertions as permitted or required by this Ordinance or a Supplemental Resolution or as deemed necessary by the Registrar or the Issuer.

J. All things necessary to make the Series 1997 Bonds, when authenticated by the Registrar and issued as in this Ordinance provided, the valid, binding and legal special obligations of the Issuer according to the import thereof, and to validly pledge and assign those funds pledged hereunder to the payment of the principal of and interest on the Series 1997 Bonds, will be timely done and duly performed.

K. The enactment of this Ordinance, and the execution and issuance of the Series 1997 Bonds, subject to the terms thereof, will not result in any breach of, or constitute a default under, any instrument to which the Issuer is a party or by which it may be bound or affected.

Section 1.04. Ordinance Constitutes Contract. In consideration of the acceptance of the Series 1997 Bonds by those who shall own or hold the same from time to time, this Ordinance shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of such Bondholders of any and all of such Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bond, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE II

AUTHORIZATION OF REFUNDING

Section 2.01. Authorization of Refunding. All Prior Bonds outstanding as of the date of issuance of the Series 1997 Bonds are hereby ordered to be refunded pursuant to the terms of the Escrow Agreement, and the pledge of Gross Revenues in favor of the Holders of the Prior Bonds imposed by the Prior Ordinance, the moneys in the funds and accounts created by the Prior Ordinance and any other funds pledged by the Prior Ordinance to the payment of the Prior Bonds are hereby ordered terminated, discharged and released upon the payment into the Escrow Fund from the proceeds of the Series 1997 Bonds, together with other moneys available therefor, of the following: (a) if required by the Escrow Agreement, an amount equal to the fiscal and paying agent charges and the Escrow Agent charges to become due and payable in connection with the Prior Bonds and (b) an amount which will be simultaneously invested in Government Obligations bearing interest and having maturities sufficient, together with certain cash which may also be deposited, to provide for the payment of the principal of, redemption premium and interest on, the Prior Bonds as the same become due, to the first permitted Redemption Date, being July 1, 1997, or as soon thereafter as practicable, all as set forth in the Escrow Agreement. Contemporaneously with the deposit of the proceeds of the Series 1997 Bonds and other moneys into the Escrow Fund, the amounts on deposit in the sinking fund, including the reserve account therein, created and maintained on behalf of the Prior Bonds, shall be released from the lien created by the Prior Ordinance and deposited in the Escrow Fund, the Series 1997 Bonds Reserve Account or such other fund or account as shall be set forth in the Escrow Agreement or in the Supplemental Resolution, and invested as provided thereunder.

ARTICLE III

THE BONDS

Section 3.01. Form and Payment of Bonds. No Bond shall be issued pursuant to this Ordinance except as provided in this Article III. Any Bonds issued pursuant to this Ordinance, may be issued only as fully registered Bonds without coupons, in the denomination of $5,000 or any integral multiple thereof for any year of maturity. All Bonds shall be dated as of the date provided in a Supplemental Resolution applicable to such series. Bonds shall bear interest from the interest payment date next preceding the date of authentication or, if authenticated after the Record Date but prior to the applicable interest payment date or on such interest payment date, from such interest payment date or, if no interest on such Bonds has been paid, from the date thereof; provided however, that, if, as shown by the records of the Registrar, interest on such Bonds shall be in default, Bonds issued in exchange for Bonds surrendered for transfer or exchange shall bear interest from the date to which interest has been paid in full on the initial Bonds surrendered, all as shall be set forth in the Bonds.

The principal of and the premium, if any, on the Bonds shall be payable in any coin or currency which, on the respective date of such payment, is legal tender for the payment of public and private debts under the laws of the United States of America upon surrender at the principal office of the Paying Agent. Interest on the Bonds shall be paid by check or draft made payable and mailed to the Holder thereof at his address as it appears in the Bond Register at the close of business on the Record Date, or, if requested, in the case of a Registered Owner of $500,000 or more of the Bonds, by wire transfer to a domestic bank account specified in writing at least 5 days prior to the Record Date by such Registered Owner.

In the event any Bond is redeemed in part, such bond shall be surrendered to and canceled by the Registrar, and the Issuer shall execute, and the Registrar shall authenticate and deliver to the Holder thereof, another Bond in the principal amount of said Bond then Outstanding.

Section 3.02. Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the Mayor and City Manager, by their manual or facsimile signatures, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the City Clerk by his or her manual or facsimile signature; provided, that, all such signatures and the seal may be by facsimile. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the

execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.03. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Ordinance unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in EXHIBIT A - BOND FORM attached hereto and incorporated herein by reference with respect to the Series 1997 Bonds, shall have been duly manually executed by the Registrar. Any such manually executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Ordinance. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Registrar if signed by an authorized officer of the Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.04. Negotiability and Registration. Subject to the requirements for transfer set forth below, the Bonds shall be, and have all of the qualities and incidents of, negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder, in accepting any of said Bonds, shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remains Outstanding, the Registrar shall keep and maintain books for the registration and transfer of the Bonds. Bonds shall be transferable only by transfer of registration upon the Bond Register by the registered owner thereof in person or by his attorney or legal representative duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or such duly authorized attorney or legal representative. Upon transfer of a Bond, there shall be issued at the option of the Holder or the transferee another Bond or Bonds of the aggregate principal amount equal to the unpaid amount of the transferred Bond and of the same series, interest rate and maturity of said transferred Bond.

Upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar and duly executed by the registered owner or his attorney or legal representative duly authorized in writing, Bonds may at the option of the Holder thereof be exchanged for an equal aggregate principal amount of Bonds of the same series, maturity and interest rate, in any authorized denominations.

In all cases in which the privilege of transferring or exchanging a Bond is exercised, Bonds shall be delivered in accordance with the provisions of this Ordinance. All Bonds surrendered in any such transfer or exchange shall forthwith be canceled by the

Registrar. Transfers of Bonds, the initial exchange of Bonds and exchanges of Bonds in the event of partial redemption of fully registered Bonds shall be made by the Registrar without charge to the Holder or the transferee thereof, except as provided below. For other exchanges of Bonds, the Registrar may impose a service charge. For every such transfer or exchange of bonds, the Registrar may make a charge sufficient to reimburse its office for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such tax or governmental charge, and such service charge for exchange other than the initial exchange or in the event of partial redemption, shall be paid by the person requesting such transfer or exchange as a condition precedent to the exercise of the privilege of making such transfer or exchange. The Registrar shall not be obliged to make any such transfer or exchange of Bonds that have been called for redemption.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may execute, in its discretion, and the Registrar shall authenticate, register and deliver any new Bond of like series, maturity and principal amount as the Bond, so mutilated, destroyed, stolen or lost, in exchange and upon surrender and cancellation of, such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing the Issuer and the Registrar proof of his ownership thereof and that said Bond has been destroyed, stolen or lost and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer or the Registrar may prescribe and paying such expenses as the Issuer or the Registrar may incur. The name of the Bondholder listed in the Bond Register shall constitute proof of ownership. All Bonds so surrendered shall be submitted to and canceled by the Registrar, and evidence of such cancellation shall be given to the Issuer. If such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer, by and through the Registrar, may pay the same, upon being indemnified as aforesaid, and, if such Bond be lost, stolen or destroyed, without surrender therefor.

Any such duplicate Bonds issued pursuant to this section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by any one, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of and security for payment from the Revenues pledged herein with all other Bonds issued hereunder.

Section 3.06. Term Bonds. In the event Term Bonds are issued pursuant to this Ordinance, the following provisions shall apply:

A. The amounts to be deposited, apportioned and set apart by the Issuer from the Revenue Fund and into the Series 1997 Bonds Redemption Account in accordance with Subsection 4.03.A(1) shall include (after credit as provided below) on the first of each month, beginning on the first day of that month which is 12 months prior to the first mandatory Redemption Date of said Term Bonds, a sum equal to 1/12th of the amount

required to redeem the principal amount of such Term Bonds which are to be redeemed as of the next ensuing mandatory Redemption Date, which amounts and dates, if any, with respect to a series of Bonds shall be set forth in the Supplemental Resolution relating thereto.

B. At its option, to be exercised on or before the 60th day next preceding any such mandatory Redemption Date, the Issuer may (a) deliver to the Registrar for cancellation such Term Bonds in any aggregate principal amount desired or (b) receive a credit in respect of its mandatory redemption obligation for any such Term Bonds which prior to said date have been redeemed (otherwise than pursuant to this section) and canceled by the Registrar and not theretofore applied as a credit against any such mandatory redemption obligation. Each Term Bond so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and Term Bonds delivered in excess of such mandatory redemption obligation shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

C. The Issuer shall on or before the 60th day next preceding each mandatory Redemption Date furnish the Registrar and the Bond Commission with its certificate indicating whether and to what extent the provisions of (a) and (b) of the preceding paragraph are to be utilized with respect to such mandatory redemption payment and stating, in the case of the credit provided for in (b) of the preceding paragraph, that such credit has not theretofore been applied against any mandatory redemption obligation.

D. After said 60th day but prior to the date on which the Registrar selects the Term Bonds to be redeemed, the Bond Commission may use the moneys in the Series 1997 Bonds Redemption Account to purchase Term Bonds at a price less than the par value thereof and accrued interest thereon. The Bond Commission shall advise the Issuer and the Registrar of any Term Bonds so purchased, and they shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the Issuer on such mandatory Redemption Date, and any excess shall be credited against future mandatory redemption obligations in the order directed by the Issuer, and the principal amount of such Term Bonds to be redeemed pursuant to mandatory sinking fund redemption shall be accordingly reduced.

E. The Registrar shall call for redemption, in the manner provided herein, an aggregate principal amount of such Term Bonds, at the principal amount thereof plus interest accrued to the Redemption Date (interest to be paid from the Series 1997 Bonds Sinking Fund), as will exhaust as nearly as practicable the Series 1997 Bonds Redemption Account payment designated to be made in accordance with paragraph (A) of this section. Such redemption shall be by random selection made on the 45th day preceding the mandatory Redemption Date, in such manner as may be determined by the Registrar. For

purposes of this section, "Term Bonds" shall include any portion of a fully registered Term Bond, in integrals of $5,000.

Section 3.07. Notice of Redemption. Unless waived by any Holder of the Series 1997 Bonds to be redeemed, official notice of any redemption shall be given by the Registrar on behalf of the Issuer by mailing a copy of an official redemption notice by registered or certified mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Bond Insurer, the Original Purchaser and the registered owner of the Series 1997 Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Registrar.

So long as DTC (as CEDE & CO.) is the registered Owner of the Series 1997 Bonds, the Registrar shall send all notices of redemption to DTC and shall verify that DTC has received notice. Copies of all redemption notices relating to optional redemption of the Series 1997 Bonds shall also be sent to registered securities depositories and to *Standard & Poor's Called Bond Record*.

All official notices of redemption shall be dated and shall state:

(1) The Redemption Date,

(2) The Redemption Price,

(3) If less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed,

(4) That on the Redemption Date the Redemption Price and interest accrued will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date,

(5) The place where such Bonds are to be surrendered for payment of the Redemption Price, which place of payment shall be the principal office of the Registrar, and

(6) Such other information, if any, as shall be required for DTC-eligible Bonds.

If funds sufficient to redeem all Bonds called for optional redemption have not been deposited with the Paying Agent at the time of mailing any notice of optional redemption, such notice shall also state that such optional redemption is subject to the deposit of such moneys with the Paying Agent on or before the Redemption Date. If such

moneys are not so deposited, the Registrar shall notify all holders of Bonds called for redemption of such fact.

Official notice of redemption having been given as aforesaid, the Series 1997 Bonds or portions of Bonds so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Issuer shall default in the payment of the Redemption Price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Registrar at the Redemption Price. Installments of interest due on or prior to the Redemption Date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered owner a new Bond or Bonds of the same maturity in the amount of the unredeemed principal of such Bond. All Bonds which have been redeemed shall be canceled and destroyed by the Registrar and shall not be reissued.

Failure to receive such notice or any defect therein or in the mailing thereof shall not affect the validity of proceedings for the redemption of Bonds, and failure to mail or otherwise send such notice shall not affect the validity of proceedings for the redemption of any portion of Bonds for which there was no such failure.

Section 3.08. Persons Treated as Owners. The Issuer, the Registrar and any agent of the Issuer or the Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of, and interest on, such Bond and for all other purposes, whether or not such Bond is overdue.

Section 3.09. Temporary Bonds. Until Bonds of any series in definitive form are ready for delivery, the Issuer may execute and the Registrar shall authenticate, register, if applicable, and deliver, subject to the same provisions, limitations and conditions set forth in this Article III, one or more printed, lithographed or typewritten Bonds in temporary form, substantially in the form of the definitive Bonds of such series, with appropriate omissions, variations and insertions, and in authorized denominations. Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the lien and benefit created under this Ordinance. Upon the presentation and surrender of any Bond or Bonds in temporary form, the Issuer shall, without unreasonable delay, prepare, execute and deliver to the Registrar, and the Registrar shall authenticate, register, if applicable, and deliver, in exchange therefor, a Bond or Bonds in definitive form. Such exchange shall be made by the Registrar without making any charge therefor to the Holder of such Bond in temporary form.

Section 3.10. Authorization of Series 1997 Bonds. For the purposes of refunding the Prior Bonds, funding the Series 1997 Bonds Reserve Account and paying costs in connection therewith, there shall be issued the Series 1997 Bonds of the Issuer, in an aggregate principal amount of not more than $12,500,000. The Series 1997 Bonds shall

be designated "City of Fairmont (West Virginia) Waterworks Refunding Revenue Bonds, Series 1997" and shall be issued in fully registered form, in the denomination of $5,000 or any integral multiple thereof for any year of maturity, not exceeding the aggregate principal amount of Series 1997 Bonds maturing in the year of maturity for which the denomination is to be specified. The Series 1997 Bonds shall be numbered from R-1 consecutively upward. The Series 1997 Bonds shall be dated; shall be in such aggregate principal amount; shall bear interest at such rate or rates, not exceeding the then legally permissible rate, payable semiannually on such dates; shall mature on such dates and in such amounts; shall be subject to such mandatory and optional redemption provisions; and shall have such other terms, all as the Issuer shall prescribe herein and in the Supplemental Resolution.

Section 3.11. Book Entry System for Bonds. A. The Series 1997 Bonds shall initially be issued in the form of one fully-registered bond for the aggregate principal amount of the Series 1997 Bonds of each maturity, registered in the name of CEDE & CO., as nominee of DTC. Except as provided in paragraph E below, all of the Series 1997 Bonds shall be registered in the registration books kept by the Registrar in the name of CEDE & CO., as nominee of DTC; provided that if DTC shall request that the Series 1997 Bonds be registered in the name of a different nominee, the Registrar shall exchange all or any portion of the Series 1997 Bonds registered in the name of such nominee or nominees. No person other than DTC or its nominee shall be entitled to receive from the Issuer or the Registrar either a Series 1997 Bond or any other evidence of ownership of the Series 1997 Bonds, or any right to receive any payment in respect thereof unless DTC or its nominee shall transfer record ownership of all or any portion of the Series 1997 Bonds on the registration books maintained by the Registrar, in connection with discontinuing the book entry system as provided in paragraph E below.

B. At or prior to settlement for the Series 1997 Bonds, the Issuer and the Registrar shall execute or signify their approval of a representation letter addressed to DTC in a form satisfactory to DTC (the "Representation Letter"). Any successor Registrar shall, in its written acceptance of its duties under this Ordinance, agree to take any actions necessary from time to time to comply with the requirements of the Representation Letter.

C. So long as the Series 1997 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or Redemption Price of or interest on such Series 1997 Bonds shall be made to DTC or its nominee at the addresses set forth in the Representation Letter in New York Clearing House or equivalent next day funds on the dates provided for such payments to be made to any Bondholder under this Ordinance. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Issuer and the Registrar with respect to the principal or Redemption Price of or interest on the Series 1997 Bonds to the extent of the sum or sums so paid. In the event of the redemption of less than all of the Series 1997 Bonds Outstanding of any maturity, the Registrar shall not require surrender by DTC of the Series 1997 Bonds so redeemed, but DTC may return such Series 1997 Bonds and make an appropriate notation on the Series 1997 Bond certificate as to the amount of such partial

redemption; provided that DTC shall deliver to the Registrar, upon request, a written confirmation of such partial redemption. The records maintained by the Registrar shall be conclusive as to the amount of the Series 1997 Bonds of such maturity which have been redeemed.

D. The Issuer, the Paying Agent and the Registrar may treat DTC as the sole and exclusive owner of the Series 1997 Bonds registered in its name or the name of its nominee for the purposes of payment of the principal or Redemption Price of or interest on the Series 1997 Bonds, selecting the Series 1997 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under this Ordinance, registering the transfer of Series 1997 Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever; and neither the Issuer nor the Registrar shall be affected by any notice to the contrary. Neither the Issuer nor the Registrar shall have any responsibility or obligation to any direct or indirect participant in DTC, any person claiming a beneficial ownership interest in the Series 1997 Bonds under or through DTC or any such participant, or any other person which is not shown on the registration books of the Registrar as being a Bondholder with respect to (i) the Series 1997 Bonds, (ii) the accuracy of any records maintained by DTC or any such participant, (iii) the payment by DTC or any such participant of any amount in respect of the principal or Redemption Price of or interest on the Series 1997 Bonds, (iv) any notice which is permitted or required to be given to Bondholders under this Ordinance, (v) the selection by DTC or any such participant of any person to receive payment in the event of a partial redemption of the Series 1997 Bonds or (vi) any consent given or other action taken by DTC as Bondholder.

E. The book entry system for registration of the ownership of the Series 1997 Bonds may be discontinued at any time if either: (i) DTC determines to resign as securities depository for the Series 1997 Bonds; or (ii) the Issuer determines that continuation of the system of book entry transfers through DTC (or through a successor securities depository) is not in the best interest of the beneficial owners of the Series 1997 Bonds. In either of such events (unless in the case described in clause (ii) above, the Issuer appoints a successor securities depository), the Series 1997 Bonds shall be delivered in registered certificate form to such persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Issuer or the Registrar for the accuracy of such designation. Whenever DTC requests the Issuer and the Registrar to do so, the Issuer and the Registrar shall cooperate with DTC in taking appropriate action after reasonable notice to arrange for another securities depository to maintain custody of certificates evidencing the Series 1997 Bonds.

Section 3.12. Delivery of Bonds. The Issuer shall execute and deliver the Series 1997 Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 1997 Bonds to the Original Purchaser upon receipt of the documents set forth below:

(A) A list of the names in which the Series 1997 Bonds are to be registered upon original issuance, together with such taxpayer identification and other information as the Registrar may reasonably require;

(B) A request and authorization to the Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 1997 Bonds to the Original Purchaser;

(C) Copies of this Ordinance and the Supplemental Resolution certified by the Clerk;

(D) The unqualified approving opinion of Bond Counsel regarding the Series 1997 Bonds; and

(E) A copy of the Escrow Agreement and such other documents, certificates and verifications as the Original Purchaser may reasonably require.

Section 3.13. Form of Bonds. The definitive Series 1997 Bonds shall be in substantially the form set forth in EXHIBIT A - BOND FORM attached hereto and incorporated herein by reference, with such necessary and appropriate omissions, insertions and variations as are approved by those officers executing such Series 1997 Bonds on behalf of the Issuer and execution thereof by such officers shall constitute conclusive evidence of such approval, and the definitive Series 1997 Bonds shall have the form of the opinion of Steptoe & Johnson, as Bond Counsel, attached thereto or printed on the reverse thereof.

Section 3.14. Disposition of Proceeds of Bonds. Upon the issuance and delivery of the Series 1997 Bonds, the Issuer shall forthwith deposit the proceeds thereof as follows:

A. All interest accrued on the Series 1997 Bonds from the date thereof to the date of delivery thereof shall be deposited in the Series 1997 Bonds Sinking Fund and applied to payment of interest on the Series 1997 Bonds at the first interest payment date.

B. An amount of the proceeds of the Series 1997 Bonds which, together with other moneys or securities deposited therein and the earnings thereon, shall be sufficient to accomplish the refunding and defeasance of the Prior Bonds (which amount shall be set forth in the Escrow Agreement) shall be deposited in the Escrow Fund.

C. An amount of the proceeds of the Series 1997 Bonds equal to the Series 1997 Bonds Reserve Requirement shall be remitted to the Bond Commission for deposit in the Series 1997 Bonds Reserve Account, provided that, to the extent the Series 1997 Bonds Reserve Requirement is satisfied in whole or in part from proceeds of any fund or account established for the Prior Bonds pursuant to the Prior Ordinance, or from a reserve account letter of credit, surety bond or other credit facility, proceeds of the

Series 1997 Bonds shall be deposited in the Series 1997 Bonds Reserve Account only to the extent needed to satisfy the balance of the Series 1997 Bonds Reserve Requirement.

D. The balance of the proceeds of the Series 1997 Bonds shall be deposited with the Depository Bank in the Costs of Issuance Fund and shall be drawn out, used and applied by the Issuer solely to pay costs of issuance of the Series 1997 Bonds and miscellaneous costs of refunding the Prior Bonds at the written direction of the Issuer. All such costs of issuance shall be paid within 60 days of the Closing Date. Moneys not to be applied immediately to pay such costs of issuance and refunding may be invested in accordance with this Ordinance, subject however, to applicable yield restrictions as may be in effect under the Code. If for any reason such proceeds, or any part thereof, are not necessary for, or are not applied to such purpose within 6 months after the Closing Date, such unapplied proceeds shall be transferred by the Issuer to the Series 1997 Bonds Redemption Account. All such proceeds shall constitute a trust fund for such purposes, and there is hereby is created a lien upon such moneys until so applied in favor of the Holders of the Series 1997 Bonds.

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are hereby created with and shall be held by the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and from each other:

(1) Revenue Fund;

(2) Depreciation Fund;

(3) Costs of Issuance Fund; and

(4) Rebate Fund.

Section 4.02. Establishment of Funds and Accounts with Bond Commission. The following special funds or accounts are hereby created with and shall be held by the Bond Commission separate and apart from all other fund or accounts of the Bond Commission and from each other:

(1) Series 1997 Bonds Sinking Fund;

(2) Within the Series 1997 Bonds Sinking Fund, the Series 1997 Bonds Reserve Account; and

(3) Within the Series 1997 Bonds Sinking Fund, the Series 1997 Bonds Redemption Account.

Section 4.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Ordinance and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first, on the first day of each month, (i) commencing 6 months prior to the first interest payment date of the Series 1997 Bonds, apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit in the Series 1997 Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on the Series 1997 Bonds on the next ensuing semiannual interest payment date; provided that, in the event the period to elapse between the date of such initial

deposit in the Series 1997 Bonds Sinking Fund and the next ensuing semiannual interest payment date is more or less than 6 months, then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing semiannual interest payment date, the required amount of interest coming due on such date; provided further that, the initial amount required to be transferred from the Revenue Fund and deposited in the Series 1997 Bonds Sinking Fund shall be reduced by the amount of accrued interest on the Series 1997 Bonds deposited therein, and (ii) commencing 12 months prior to the first principal payment date or mandatory Redemption Date of the Series 1997 Bonds, apportion and set apart out of the Revenue Fund and remit to the Bond Commission for deposit in the Series 1997 Bonds Sinking Fund and in the Series 1997 Bonds Redemption Account therein in the case of the Term Bonds which are to be redeemed, a sum equal to 1/12th of the amount of principal which will mature or be redeemed and become due on the Series 1997 Bonds on the next ensuing annual principal payment date or mandatory Redemption Date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1997 Bonds Sinking Fund and the next ensuing annual principal payment date or mandatory Redemption Date is more or less than 12 months, then such monthly payments shall be decreased or increased proportionately to provide, 1 month prior to the next ensuing annual principal payment date or mandatory Redemption Date, the required amount of principal coming due on such date.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Bond Commission for deposit in the Series 1997 Bonds Reserve Account, an amount sufficient to remedy any decrease in value of the Series 1997 Bonds Reserve Account below the Series 1997 Bonds Reserve Requirement or any withdrawal from the Series 1997 Bonds Reserve Account, beginning with the first full calendar month following the date on which (i) the valuation of investments in the Series 1997 Bonds Reserve Account results in a determination that the amount of moneys and the value of the Qualified Investments deposited to the credit of the Series 1997 Bonds Reserve Account is less than the Series 1997 Bonds Reserve Requirement, or (ii) any amount is withdrawn from the Series 1997 Bonds Reserve Account for deposit into the Series 1997 Bonds Sinking Fund. To the extent Gross Revenues and any other legally available funds are available therefor, the amount so deposited shall be used to restore the amount of moneys on deposit in the Series 1997 Bonds Reserve Account to an amount equal to the Series 1997 Bonds Reserve Requirement to the full extent that such Gross Revenues are available; provided however, that if the shortfall in the Series 1997 Bonds Reserve Account is due to a decrease in value of investments therein, such shortfall shall be replenished by not less than 6 equal monthly payments, and if such shortfall is due to a withdrawal from the Series 1997 Bonds Reserve Account, such shortfall shall be replenished by not

less than 12 equal monthly payments, and provided further, that no payments shall be required to be made into the Series 1997 Bonds Reserve Account whenever and as long as the amount on deposit therein shall be equal to the Series 1997 Bonds Reserve Requirement.

Amounts in the Series 1997 Bonds Reserve Account shall be used only for the purpose of making payments of principal of and interest on the Series 1997 Bonds when due, when amounts in the Series 1997 Bonds Sinking Fund are insufficient therefor and for no other purpose.

(3) The Issuer shall next, each month, pay from the Revenue Fund the Operating Expenses of the System.

(4) The Issuer shall next, each month, from the moneys remaining in the Revenue Fund, transfer to the Depreciation Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Depreciation Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Depreciation Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with moneys from the Depreciation Fund.

Moneys in the Series 1997 Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 1997 Bonds as the same shall become due. Moneys in the Series 1997 Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1997 Bonds, as the same shall come due, when other moneys in the Series 1997 Bonds Sinking Fund are insufficient therefor, and for no other purpose except for permitted transfers to the Rebate Fund.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1997 Bonds Sinking Fund and the Series 1997 Bonds Reserve Account shall be returned, not less than once each year, by the Bond Commission to the Issuer, and such amounts shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Bonds, and then to the next ensuing principal payment due thereon.

Except with respect to transfers to the Rebate Fund, any withdrawals from the Series 1997 Bonds Reserve Account which result in a reduction in

the balance of the Series 1997 Bonds Reserve Account to below the Series 1997 Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full to the Series 1997 Bonds Sinking Fund for payment of debt service on the Series 1997 Bonds.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 1997 Bonds Sinking Fund or the Series 1997 Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

The Bond Commission is hereby designated as the fiscal agent for the administration of the Series 1997 Bonds Sinking Fund, the Series 1997 Bonds Reserve Account and the Series 1997 Bonds Redemption Account created hereunder, and all amounts required for said accounts shall be remitted to the Bond Commission from the Revenue Fund by the Issuer at the times provided herein.

The Issuer shall, on the first day of each month (if such day is not a business day, then the next succeeding business day), deposit with the Bond Commission the required principal, interest and reserve payments with respect to the Bonds, and all such payments shall be remitted to the Bond Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Series 1997 Bonds Sinking Fund, the Series 1997 Bonds Reserve Account and the Series 1997 Bonds Redemption Account shall be invested and reinvested by the Bond Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund, the Series 1997 Bonds Sinking Fund, including the Series 1997 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Bond Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any charges and fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Depreciation Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Bond Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

Section 4.04. Reserve Account Letter of Credit or Surety Bond. In lieu of funding the Series 1997 Bonds Reserve Account with cash or Qualified Investments, the Series 1997 Bonds Reserve Requirement may be satisfied by the deposit by the Issuer into the Series 1997 Bonds Reserve Account of a reserve account letter of credit, a surety bond, or other credit facility satisfactory to the Bond Insurer in an amount at least equal to the Series 1997 Bonds Reserve Requirement. The Issuer hereby authorizes the purchase of a reserve account letter of credit, a surety bond, or other credit facility satisfactory to the Bond Insurer and the execution and delivery of any applicable reimbursement agreement or note in such forms as shall be described in the Supplemental Resolution.

ARTICLE V

INVESTMENTS; NON-ARBITRAGE; REBATES OF EXCESS INVESTMENT EARNINGS

Section 5.01. Investments. The Issuer shall invest and reinvest, and shall instruct the Bond Commission and the Depository Bank to invest and reinvest, any moneys held as a part of the funds and accounts created by this Ordinance in Qualified Investments to the fullest extent possible under applicable laws, this Ordinance, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The Issuer shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Issuer may make any and all investments permitted by this section through the bond department of the Depository Bank. The Depository Bank shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

(A) Qualified Investments acquired for the Series 1997 Bonds Reserve Account shall mature or be subject to retirement at the option of the holder within not more than 5 years from the date of such investment.

(B) The Issuer shall, or shall cause the Bond Commission to semiannually transfer from the Series 1997 Bonds Reserve Account to the Series 1997 Bonds Sinking Fund, any earnings on the moneys deposited therein and any other funds in excess of the Series 1997 Bonds Reserve Requirement; provided, however, that there shall at all times remain on deposit in the Series 1997 Bonds Reserve Account an amount at least equal to the Series 1997 Bonds Reserve Requirement.

(C) In computing the amount in any fund or account, Qualified Investments shall be valued at the lower of the cost or the market price, exclusive of accrued interest. Valuation of all funds and accounts shall occur annually, except in the event of a withdrawal from the Series 1997 Bonds Reserve Account, whereupon it shall be valued immediately after such

withdrawal. If amounts on deposit in the Series 1997 Bonds Reserve Account shall, at any time, be less than the Series 1997 Bonds Reserve Requirement, the Bond Insurer shall be notified immediately of such deficiency and such deficiency shall be made up from the first available Gross Revenues after required deposits to the Series 1997 Bonds Sinking Fund and otherwise in accordance with Section 4.03 hereof.

(D) All amounts representing accrued and capitalized interest shall be held by the Bond Commission, pledged solely to the payment of interest on the Series 1997 Bonds and invested only in Government Obligations maturing at such times and in such amounts as are necessary to match the interest payments to which they are pledged.

(E) Notwithstanding the foregoing, all moneys deposited in the Series 1997 Bonds Sinking Fund may be invested by the Bond Commission in the West Virginia "consolidated fund" managed by the West Virginia State Board of Investments pursuant to Chapter 12, Article 6 of the West Virginia Code of 1931, as amended.

Section 5.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 1997 Bonds in such manner and to such extent as may be necessary, so that the Series 1997 Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and Regulations prescribed thereunder, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 1997 Bonds) so that the interest on the Series 1997 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 5.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1997 Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1997 Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Ordinance.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the

sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the time and the address prescribed by the Regulations as the same may be in effect from time to time with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. The Issuer at its expense, may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 5.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 5.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amounts and any and all penalties and interest from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1997 Bonds from gross income for federal income tax purposes.

Section 5.04. Continuing Disclosure Agreement. The Issuer shall deliver a continuing disclosure agreement or certificate in form acceptable to the Original Purchaser sufficient to ensure compliance with SEC Rule 15c2-12, as it may be amended from time to time.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. Covenants Binding and Irrevocable. All the covenants, agreements and provisions of this Ordinance shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds, as prescribed by Article VII. In addition to the other covenants, agreements and provisions of this Ordinance, the Issuer hereby covenants and agrees with the Holders of the Bonds, as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Bonds or the interest thereon, are Outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness but shall be payable solely from the Gross Revenues of the System, the moneys in the Series 1997 Bonds Sinking Fund and the Series 1997 Bonds Reserve Account therein and the unexpended proceeds of the Series 1997 Bonds, all as herein provided. No Holder or Holders of the Series 1997 Bonds issued hereunder shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 1997 Bonds or the interest thereon.

Section 6.03. Bonds Secured by Pledge of Gross Revenues. The payment of the debt service of all of the Series 1997 Bonds issued hereunder shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the System and all moneys in the Series 1997 Bonds Sinking Fund, including the Series 1997 Bonds Reserve Account therein. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Series 1997 Bonds herein authorized, and to make the payments into the Series 1997 Bonds Sinking Fund, including the Series 1997 Bonds Reserve Account therein, and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance to the payment of the principal of and interest on the Series 1997 Bonds herein authorized as the same become due and for the other purposes provided in this Ordinance.

Section 6.04. Rates. Prior to the issuance of the Series 1997 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the City Clerk of the Issuer, which copy will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to make the prescribed payments into the funds and accounts created hereunder. Such schedule of rates and charges shall be revised from time to time, whenever

necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to pay all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 120% of the maximum amount required in any year for payment of principal of and interest on the Series 1997 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Series 1997 Bonds. All such rates and charges, if not paid when due, shall constitute a lien upon the premises served by the System. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Issuer that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 6.05. Operation and Maintenance. The Issuer will operate and maintain the System in good condition and as a revenue-producing enterprise in an efficient and economical manner, making all necessary expenditures for equipment, renewal, repair and replacement. The Issuer will also operate and maintain the System in compliance with all federal and state laws.

Section 6.06. Sale of the System. The System may be sold, mortgaged, leased or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to defease the pledge created by this Ordinance as provided by Section 9.01. The proceeds from such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Bond Commission for deposit in the Series 1997 Bonds Sinking Fund, and otherwise as prescribed by Section 9.01. Any balance remaining after such defeasance shall be remitted to the Issuer by the Bond Commission unless necessary for the payment of other obligations of the Issuer payable out of the Revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of $50,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Depreciation Fund. If the amount to be received from such sale, lease

or other disposition of said property shall be in excess of $50,000 but not in excess of $200,000, the Issuer shall first, determine upon consultation with the Consulting Engineers, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, approve and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Depreciation Fund. Payment of such proceeds into the Depreciation Fund shall not reduce the amounts required to be paid into said fund by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of $200,000 and insufficient to defease the pledge created by this Ordinance, as provided by Section 9.01, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of 60% in amount of Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any other obligations whatsoever, except additional parity Bonds provided for in Section 6.08 hereof, payable from the Revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from the Gross Revenues with the Bonds; and all obligations hereafter issued by the Issuer payable from the Revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate as to lien on, pledge and source of and security for payment from such Revenues and in all other respects to the Bonds; provided that, no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of issuance of such subordinate obligations.

The Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or, except with respect to such additional parity Bonds, being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and Revenues of the System pledged for payment of the Bonds and the interest thereon in this Ordinance or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. No additional parity Bonds, as in this section defined, payable out of the Revenues of the System shall be issued after the issuance of any Bonds pursuant to this Ordinance, except under the conditions and in the manner herein provided.

No such additional parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition and construction of additions, betterments or improvements to the System, refunding all or a portion of the Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

No such additional parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the City Clerk of the Issuer a written statement by Independent Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided, from the System during the Fiscal Year preceding the date of the actual issuance of such additional parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the date of issuance of such parity Bonds, shall not be less than 120% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Series 1997 Bonds then Outstanding;

(2) Any additional parity Bonds theretofore issued pursuant to the provisions contained in this Ordinance then Outstanding; and

(3) The additional parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the issuance of such additional parity Bonds.

The Net Revenues actually derived from the System during the preceding Fiscal Year hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such additional parity Bonds. For purposes of this test, the terms "Gross Revenues" and "Net Revenues" shall not include proceeds from the sale of capital assets.

The term "additional parity Bonds," as used in this section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this section, payable from the Gross Revenues of the System on a parity with the Series 1997 Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such additional parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 1997 Bonds and the Holders of any additional

parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Gross Revenues of the System, and their source of and security for payment from the Gross Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Ordinance required for and on account of such additional parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Ordinance.

The term "additional parity Bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the Revenues of the System is subject to the prior and superior lien of the Bonds on such Revenues. The Issuer shall not issue any obligations whatsoever payable from the Revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such Revenues, with the Bonds except in the manner and under the conditions provided in this section.

No additional parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Ordinance with respect to the Bonds then Outstanding, and any other payments provided for in this Ordinance, shall have been made in full as required to the date of issuance of the additional parity Bonds.

Section 6.09. Insurance and Bonds. The Issuer hereby covenants and agrees, that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance and bonds and worker's compensation coverage with a reputable insurance carrier or carriers or bonding company or companies covering the following risks and in the following amounts:

A. FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damages or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during acquisition and construction of any additions, betterments and improvements to the System in the full insurable value thereof.

B. PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to

protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

C. WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Issuer and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, betterments or improvements to the System in compliance with West Virginia Code Section 38-2-39.

D. FLOOD INSURANCE, to extent available at reasonable cost to the Issuer.

E. BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

F. FIDELITY BONDS will be provided as to every officer and employee of the Issuer having custody of the Revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

Section 6.10. Services Rendered to the Issuer. The Issuer will not render or cause to be rendered any free services of any nature by the System; and, in the event the Issuer or any department, agency, instrumentality, officer or employee thereof shall avail themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be Revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other Revenues derived from such operation of the System.

Section 6.11. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the

services and facilities, shall be delinquent until such time as all such rates and charges are fully paid and to the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other changes, if not paid, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System to all delinquent users of services and facilities of the System and will not restore such services of the System until all bills for charges for the services and facilities of the System, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 6.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.13. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds shall have the right at all reasonable times to inspect the System, and all parts thereof, and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles, to the extent allowable under and in accordance with the rules and regulations of the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as it shall direct.

The Issuer shall file with the Original Purchaser and the Bond Insurer, within 120 days following the end of each Fiscal Year, and shall mail to any Bondholder requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses and Net Revenues derived from the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Ordinance, and the status of all said funds.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any Holder or Holders of Bonds issued pursuant to this Ordinance and shall file said report with the Original Purchaser.

Section 6.14. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, or at such earlier date required by the charter of the Issuer, prepare and adopt by resolution a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of such a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Original Purchaser and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Original Purchaser, the Bond Insurer and to any Bondholder or anyone acting for and in behalf of such Bondholder who requests the same.

Section 6.15. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1997 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the issuance of the Series 1997 Bonds.

Section 6.16. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used

for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the System, or if the Bonds are for the purpose of financing more than one project, a portion of the System, and shall not exceed the proceeds used for the governmental use of that portion of the System to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be directly or indirectly "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds and the interest thereon, including without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 6.17. Covenants Regarding the Municipal Bond Insurance Policy. The Issuer may apply for a Municipal Bond Insurance Policy for the Series 1997 Bonds. In the event such a Municipal Bond Insurance Policy is obtained, certain additional covenants of the Issuer may be required by the Bond Insurer as a condition to insuring the Series 1997 Bonds. These additional covenants shall be set forth in full in the Supplemental Resolution, shall apply to the Series 1997 Bonds and any other Bonds which may be insured by such Bond Insurer, and shall be controlling in the event any other provisions of this Ordinance may be in conflict therewith.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on the Bonds;

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part in this Ordinance or any Supplemental Resolution or in the Bonds contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer by any Bondholder; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 7.02. Enforcement. Upon the happening and continuance of any Event of Default, any Bondholder may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Bondholders, including the right to require the Issuer to perform its duties under the Act and this Ordinance;

(C) Bring suit upon the Bonds;

(D) By action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Bondholders; and

(E) By action or bill in equity enjoin any acts in violation of this Ordinance or the rights of the Bondholders.

No remedy by the terms of this Ordinance conferred upon or reserved to the Bondholders is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Bondholders hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or Event of Default hereunder by the Bondholders shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 7.03. Appointment of Receiver. If there be any Event of Default existing and continuing, any Bondholder (or any Bond Insurer if the defaulted Bonds are insured) shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the principal of and interest on the Bonds, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other Revenues in conformity with the provisions of this Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate, maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds issued pursuant to this Ordinance and interest thereon and under any covenants of this Ordinance for reserve, sinking or other funds and accounts and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the Revenues of the System shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and the

Holders of the Bonds issued pursuant to this Ordinance. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and the Bondholders, and the curing and making good of any default under the provisions of this Ordinance, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Section 7.04. Restoration of Issuer and Bondholder. In case any Bondholder shall have proceeded to enforce any right under this Ordinance by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and such Bondholder shall be restored to their former positions and rights hereunder, and all rights and remedies of such Bondholder shall continue as if no such proceedings had been taken.

ARTICLE VIII

REGISTRAR AND PAYING AGENT

Section 8.01. Appointment of Registrar. The Registrar for the Series 1997 Bonds shall be appointed pursuant to the Supplemental Resolution. The Issuer is hereby authorized and directed to enter into an agreement with the Registrar, the substantial form of which agreement is to be approved by Supplemental Resolution.

Section 8.02. Responsibilities of Registrar. The recitals of fact in the Series 1997 Bonds shall be taken as statements of the Issuer, and the Registrar shall not be responsible for their accuracy. The Registrar shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of any Series 1997 Bonds by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its Certificate of Authentication and Registration on the Series 1997 Bonds. The Registrar and any successor thereto shall agree to perform all the duties and responsibilities spelled out in this Ordinance and any other duties and responsibilities incident thereto, all as provided by said agreement described in Section 8.01.

Section 8.03. Evidence on Which Registrar May Act. Except as otherwise provided by Section 10.02, the Registrar shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever the Registrar shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Issuer, but in its discretion the Registrar may instead accept other evidence of such fact or matter.

Section 8.04. Compensation and Expenses. The Issuer shall pay to the Registrar from time to time reasonable compensation for all services, including the transfer of registration of Bonds, the first exchange of Bonds and the exchange of Bonds in the event of partial redemption, incurred in the performance of its duties hereunder.

Section 8.05. Certain Permitted Acts. The Registrar may become the owner of or may deal in Bonds as fully and with the same rights it would have if it were not Registrar. To the extent permitted by law, the Registrar may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or effect or aid in any reorganization growing out of the enforcement of the Bonds or this Ordinance, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds Outstanding.

Section 8.06. Resignation of Registrar. The Registrar may at any time resign and be discharged of its duties and obligations under this Ordinance by giving not less than 60 days written notice to the Issuer and publishing in an Authorized Newspaper notice (or mailing such notice to each Bondholder in the event all Bonds are fully registered), specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or Bondholders, in which event such resignation shall take effect immediately; provided that, in no event shall such resignation take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.07. Removal. The Registrar may be removed at any time by the Issuer, the Bond Insurer or by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by the Issuer, the Bond Insurer or by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer, as the case may be. Copies of each such instrument shall be delivered by the Issuer to the Registrar. Such removal shall take effect upon the date stated in such instrument; provided that, in no event shall such removal take effect until a successor has been appointed and has accepted its duties as Registrar.

Section 8.08. Appointment of Successor. In case at any time the Registrar shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Registrar or of its property shall be appointed, or if any public officer or court shall take charge or control of the Registrar or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Bonds then Outstanding by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to the Issuer and such successor Registrar, notification thereof being given to the predecessor Registrar. Pending such appointment, the Issuer shall forthwith appoint a Registrar to fill such vacancy until a successor Registrar shall be appointed by such Bondholders. The Issuer shall publish in an Authorized Newspaper (or mail to each Bondholder in the event all Bonds are fully registered) notice of any such appointment within 20 days after the effective date of such appointment. A copy of such notice shall also be mailed to each owner of a fully registered Bond or a coupon Bond registered as to principal (other than to bearer). Any successor Registrar appointed by the Issuer shall, immediately and without further act, be superseded by a Registrar appointed by such Bondholders. If in a proper case no appointment of a successor Registrar shall be made within 45 days after the Registrar shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Registrar or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Any Registrar appointed under the provisions of this section shall be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance.

Section 8.09. Transfer of Rights and Property to Successor. Any predecessor Registrar or Paying Agent shall pay over, assign and deliver any moneys, books and records held by it to its successor.

Section 8.10. Merger or Consolidation. Any company into which the Registrar may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Registrar or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Registrar without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 8.08.

Section 8.11. Adoption of Authentication. In case any of the Bonds shall have been authenticated but not delivered, any successor Registrar may adopt a Certificate of Authentication and Registration executed by any predecessor Registrar and deliver such Bonds so authenticated, and, in case any Bonds shall have been prepared but not authenticated, any successor Registrar may authenticate such Bonds in the name of the predecessor Registrar or in its own name.

Section 8.12. Paying Agent. The Registrar may also serve as the Paying Agent. The Registrar's acceptance of the duties and responsibilities of the Registrar expressed in Section 8.02 shall also include the trusts and the duties of Paying Agent. Any alternate Paying Agent must be a bank, trust company or national banking association authorized to perform the duties imposed upon it by this Ordinance. Such alternate Paying Agent shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof. Any successor Paying Agent shall take such actions as may be necessary to ensure that the Bonds shall be and remain DTC-eligible.

Each Paying Agent shall be entitled to payment and reimbursement for reasonable fees for its services rendered hereunder and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by such Paying Agent in connection with such services solely from moneys available therefor.

Any bank, trust company or national banking association with or into which any Paying Agent may be merged or consolidated, or to which the assets and business of such Paying Agent may be sold, shall be deemed the successor of such Paying Agent for the purposes of this Ordinance. If the position of Paying Agent shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent within said period, the Bond Commission, a court of competent jurisdiction or a majority of the Bondholders may make such appointment.

The Paying Agents shall enjoy the same protective provisions in the performance of their duties hereunder as are specified in this Article VIII with respect to the Registrar, insofar as such provisions may be applicable.

Notice of the appointment of successor or additional Paying Agents or fiscal agents shall be given in the same manner as provided by Section 8.08 hereof with respect to the appointment of a successor Registrar.

All moneys received by the Paying Agents shall, until used or applied as provided in this Ordinance, be held in trust for the purposes for which they were received.

ARTICLE IX

DEFEASANCE; DISCHARGE OF PLEDGE OF ORDINANCE

Section 9.01. Defeasance; Discharge of Pledge of Ordinance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Bonds the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Ordinance, then this Ordinance and the pledges of the Gross Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Holders of the Bonds made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied, except as may be necessary to assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on such Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Bond Commission or an escrow trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Bond Commission or said escrow trustee at the same or earlier time shall be sufficient, to pay when due the principal of, any redemption premium on and interest due and to become due on said Bonds on and prior to the maturity date thereof, or if the Issuer irrevocably determines to redeem any of said Bonds prior to the maturity thereof, on and prior to said redemption date. Neither securities nor moneys deposited with the Bond Commission or an escrow trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on said Bonds; provided, that any cash received from such principal, redemption premium, if any, and interest payments on such securities deposited with the Bond Commission or said escrow trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and redemption premium, if any, and interest to become due on said Bonds on and prior to such maturity or redemption dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Bond Commission or said escrow trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations, as such term is limited by the provisions in Section 1.01 hereof or such additional securities as shall be set forth in the Supplemental Resolution.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment of Ordinance. Prior to issuance of the Series 1997 Bonds, this Ordinance may be amended or supplemented in any way by the Supplemental Resolution. All provisions required by the Bond Insurer, if any, shall be set forth in the Supplemental Resolution and to the extent they constitute an amendment or modification of this Ordinance, shall be controlling. Following issuance of the Series 1997 Bonds, this Ordinance and any Supplemental Resolution may be amended or modified without the consent of any Bondholder or other person, solely for the purpose of maintaining the tax-exempt status of the Bonds, provided that, in the event any of the Bonds are insured, no such amendment or modification which adversely affects the security for such Bonds or the rights of the applicable Bond Insurer for such Bonds may be effected without the written consent of such Bond Insurer. Otherwise, no materially adverse amendment or modification to this Ordinance, or of any Supplemental Resolution, may be made without the written consent of the Holders of 60% in aggregate principal amount of the Bonds then Outstanding and affected thereby and the Bond Insurer, which must be filed with the Clerk of the Issuer before any such modification or amendment may be made. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Bond without the express written consent of the Holder of such Bond, nor reduce the percentage of Bonds required for consent to any such modification or amendment.

Section 10.02. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, consent, revocation of consent or other instrument which this Ordinance may require or permit to be signed and executed by Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Ordinance if made in the following manner, or in any other manner satisfactory to the Issuer or the Registrar, as the case may be, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Bondholder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgements of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, a trust company or a financial firm or corporation satisfactory to the Issuer or the Registrar, as the case may be, that the person

signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Bondholder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of fully registered Bonds held by a person executing any instrument as a Bondholder, the date of his holding such Bonds and the numbers and other identification thereof, shall be confirmed by the Bond Register.

Any request, consent or other instrument executed by the Holder of any Bond shall bind all future Holders and owners of such Bond in respect of anything done or suffered to be done hereunder by the Issuer or the Registrar in accordance therewith.

Section 10.03. Preservation and Inspection of Documents. To the extent allowable under law, all reports, certificates, statements and other documents received by the Registrar under the provisions of this Ordinance shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Bondholder, and their agents and their representatives, but any such reports, certificates, statements or other documents may, at the election of the Registrar, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Ordinance shall be discharged as provided in Section 9.01.

Section 10.04. Cancellation of Bonds. All Bonds purchased or paid shall, if surrendered to the Issuer, be canceled and delivered to the Registrar, or, if surrendered to the Registrar, be canceled by it. No such Bonds shall be deemed Outstanding under this Ordinance and no Bonds shall be issued in lieu thereof. All such Bonds shall be canceled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.05. Failure to Present Bonds. Anything in this Ordinance to the contrary notwithstanding, any moneys held by the Bond Commission or a Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for 1 year after the date on which such Bonds have become due and payable, whether by maturity or upon call for redemption, shall at the written request of the Issuer be paid by the Bond Commission or said Paying Agent to the Issuer as its absolute property and free from trust, and the Bond Commission or said Paying Agent shall thereupon be released and discharged with respect thereto, and the Holders of such Bonds shall look only to the Issuer for the payment of such Bonds; provided, however, that, before making any such payment to the Issuer, the Registrar, if so advised by the Bond Commission, or said Paying Agent shall send to the Holder, at the address listed on the Bond Register, by certified mail, a

notice that such moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of such notice is mailed, the balance of such moneys then unclaimed will be returned to the Issuer. If any of said Bonds is a coupon Bond, the Registrar or said Paying Agent shall also publish such notice, not less than 30 days prior to the date such moneys will be returned to the Issuer, in an Authorized Newspaper.

Section 10.06. Notices, Demands and Requests. Unless otherwise expressly provided, all notices, demands and requests to be given or made hereunder to or by the Issuer, the Registrar, the Paying Agent, the Depository Bank or the Original Purchaser shall be in writing and shall be properly made if sent by United States mail, postage prepaid, and addressed as follows or if hand-delivered to the individual to whom such notice, demand or request is required to be directed as indicated below:

WHEREAS, Mannington has further identified and recognizes certain necessary upgrades to Mannington's facilities so as to enable it to continue to safely provide quality potable water to its customers;

WHEREAS, it is contemplated that Mannington will assign the residual portion of the aforementioned West Virginia Small Cities Block Grant, hereinafter defined, to Fairmont to pay a portion of the costs relating to the construction of the aforementioned line extension;

WHEREAS, both Mannington and Fairmont are empowered and authorized by the provisions of West Virginia Code §8-19-1 to acquire, construct, establish, equip, repair, maintain and operate a waterworks system and all integral parts thereof, including mains, meters, storage tanks, pumps and all other facilities necessary, appropriate, useful, convenient and incidental in connection therewith;

WHEREAS, it is the intention of Mannington and Fairmont by this Agreement to evidence their desire to cooperate with each other on a basis of mutual advantage and consolidate functions and, thereby, provide services and facilities in a manner and pursuant to forms of governmental organization, which will result in the most economic and expeditious construction of the project.

WHEREAS, it is the intent of these parties to enter into a written agreement with one another for joint and cooperative action as provided by law and pursuant to the terms of this Agreement as hereinafter set forth;

WHEREAS, pursuant to the provisions of West Virginia Code §8-11-3, the Council for the City of Fairmont has by Ordinance No. 1325, duly enacted on the 25th day of Oct, 2005, manifested its approval of Fairmont's participation and has authorized and empowered the City Manager to execute this agreement on its behalf; and
