BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Greater Harrison County Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Harrison County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed improvements and extensions to the existing public waterworks system of the Issuer, consisting of installation of water lines, one booster station and one 107,000 gallon water storage tank to serve approximately 177 new customers, together with all appurtenant facilities (the existing public waterworks facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Infrastructure Fund pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2006 A (West Virginia Infrastructure Fund) in the total aggregate principal amount of \$1,250,000 (the "Series 2006 A Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2006 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2006 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2006 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2006 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs

Development Council (the "Council"), in form satisfactory to the respective parties (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2006 A Bonds as to liens, pledge and source of and security for payment, being the (i) Greater Harrison County Public Service District Water Revenue Bonds, Series 1966 (United States Department of Agriculture) (the "Series 1966 Bonds");(ii) Greater Harrison County Public Service District Water Revenue Bonds, Series 1974 (United States Department of Agriculture) (the "Series 1974 Bonds"); and (iii) Greater Harrison County Public Service District Water Revenue Bonds, Series 2004 A (West Virginia Infrastructure fund) (the "Series 2004 A Bonds"). The Series 1966 Bonds, the Series 1974 Bonds and the Series 2004 A Bonds are hereinafter collectively called the "Prior Bonds."

There is an outstanding obligation of the Issuer which does not have a lien on any revenues of the System, nor is it payable from Net Revenues, held by The County Commission of Harrison County, issued in the original aggregate principal amount of \$50,000.

The Series 2006 A Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all respects. Prior to the issuance of the Series 2006 A Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met, and (ii) the written consent of certain of the Holders of the Prior Bonds to the issuance of the Series 2006 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System. The Issuer is in compliance with the covenants of the Prior Bonds and the Prior Resolutions.

H. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest, if any, on the Series 2006 A Bonds and the Prior Bonds, and to make payments into all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2006 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2006 A Bonds or such final order will not be subject to appeal or rehearing.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended. That, unless it qualifies for an exception, the Issuer shall comply with all the requirements of Chapter 21, Article 1C of the Code of West Virginia, 1931, as amended (the "West Virginia Jobs Act") and shall require its contractors and subcontractors to comply with the West Virginia Jobs Act.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2006 A Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2006 A Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

The Certificate of Authentication and Registration on any Series 2006 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2006 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2006 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that such Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2006 A Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Series 2006 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2006 A Bonds or transferring the registered Series 2006 A Bonds are exercised, all Series 2006 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2006 A Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2006 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2006 A Bonds or, in the case of any proposed redemption of Series 2006 A Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2006 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2006 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2006 A Bonds shall ever have the right to

compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2006 A Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 2006 A Bonds shall be secured by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2006 A Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2006 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2006 A Bonds to the original purchasers upon receipt of the documents set forth below:

This Bond shall bear no interest. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent").

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Infrastructure and Jobs Development Council (the "Council"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the Council, dated \_\_\_\_\_, 2006.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of the Bonds of this Series (the "Bonds") and related costs. Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order of priority:

- (1) The Issuer shall first, each month, pay from the Revenue Fund all current Operating Expenses of the System.
- (2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the National Finance Office, the amounts required to pay interest on the Prior Bonds, as required by the Prior Resolutions.

Monies in the Series 2006 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2006 A Bonds as the same shall become due. Monies in the Series 2006 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 2006 A Bonds as the same shall come due, when other monies in the Series 2006 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series 2006 A Bonds Reserve Account which result in a reduction in the balance therein to below the Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2006 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement thereof.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

The Issuer shall not be required to make any further payments into the Series 2006 A Bonds Sinking Fund and the Series 2006 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2006 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2006 A Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2006 A Bonds Sinking Fund and the Series 2006 A Bonds Reserve Account and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

B. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2006 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Series 2006 A Bonds and the Prior Bonds are outstanding and except as otherwise required by law or with the written consent of the Council, the Authority and the holders of the Prior Bonds, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2006 A Bonds, immediately be remitted to the Commission for deposit in the Series 2006 A Bonds Sinking Fund and applied to the payment of principal of and interest, if any, on the Series 2006 A Bonds. Any balance remaining after the payment of the Series 2006 A Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Repair and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Repair and Replacement Fund. The payment of such proceeds into the Repair and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the

proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2006 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2006 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2006 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2006 A Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2006 A Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2006 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2006 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Series 1966 Bonds and Series 1974 Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Series 1966 Bonds and Series 1974 Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 1966 Bonds and Series 1974 bonds are no longer Outstanding, the following requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2006 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2006 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council, the Authority, or any other original purchaser of the Series 2006 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2006 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2006 A Bonds, and shall submit said report to the Council and the Authority, or any other original purchaser of the Series 2006 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2006 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in

any year for payment of principal of and interest, if any, on the Series 2006 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2006 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit in the Series 2006 A Bonds Reserve Account and the reserve accounts for obligations on a parity with the Series 2006 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2006 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2006 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the Council and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the Council and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority

and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14.      No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15.      Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Repair and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Repair and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction

contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the acquisition and construction of the Project, the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18.      Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A.    **PRIVATE BUSINESS USE LIMITATION.** The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2006 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2006 A Bonds during the term thereof is, under the terms of the Series 2006 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2006 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2006 A Bonds during the term thereof is, under the terms of the Series 2006 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2006 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2006 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B.    **PRIVATE LOAN LIMITATION.** The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 2006 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C.    **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2006 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2006 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. **FURTHER ACTIONS.** The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2006 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2006 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2006 A Bonds and shall be on a parity with the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the Council with copies of all documents submitted to the Authority.

The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the Council or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2006 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Council for written approval. The Issuer shall obtain the written approval of the Council before expending any proceeds of the Series 2006 A Bonds held in "contingency" as set forth in the respective schedules attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the Council before expending any proceeds of the Series 2006 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

## ARTICLE VIII

### INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01.      Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2006 A Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2006 A Bonds from gross income for federal income tax purposes.

Section 8.02.      Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. (h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and the Council shall have received a certificate of the accountant for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority and the Council, to such effect; and

(i) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of projects and satisfactory to the Authority and the Council, to such effect, such certificate to be in form and substance satisfactory to the Authority and the Council, and evidence satisfactory to the Authority and the Council of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority, the Council or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as

possible to the designated date and mutually agreeable to the Authority, the Council and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority or such later date as is agreed to in writing by the Council.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Council for loans from the Infrastructure Fund to finance projects and that the obligation of the Authority to make any such loan is subject to the Council's authorization and the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

#### ARTICLE IV

##### Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount

equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds

outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's

revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the

Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

(xxiii) That the Governmental Agency shall submit all proposed change orders to the Council for written approval. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule B attached to the certificate of the Consulting Engineer. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds available due to bid/construction/project underruns;

(xxiv) That the Governmental Agency shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project; and

(xxv) That, unless it qualifies for an exception, the Governmental Agency shall comply with all the requirements of Chapter 21, Article 1C of the Code of West Virginia, 1931, as amended (the "West Virginia Jobs Act") and shall require its contractors and subcontractors to comply with the West Virginia Jobs Act. The Governmental Agency shall provide the Council and the Authority with a certificate stating that (I) the Governmental Agency will comply with all the requirements of the West Virginia Jobs Act; (II) the Governmental Agency has included the provisions of the West Virginia Jobs Act in each contract and subcontract for the Project; (III) the Governmental Agency has received or will receive, prior to entering into contracts or subcontracts, from each contractor or subcontractor a certificate demonstrating compliance with Section 4 of the West Virginia Jobs Act or waiver certificates from the West Virginia Division of Labor ("DOL"); and (IV) the Governmental Agency will file with the DOL and the Council copies of the waiver certificates and certified payrolls or comparable documents that include the number of employees, the county and state wherein the employees reside and their occupation, following the procedures established by the DOL. The monthly requisitions submitted to the Council shall also certify that the Governmental Agency is monitoring compliance by its contractors and subcontractors and that the required information has been submitted.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority and the Council.

4.3 The principal of the Loan shall be repaid by the Governmental Agency on the days and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a quarterly basis as provided in said Schedule X.

Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the bonds which are the source of money used to purchase the Local Bonds, unless otherwise agreed to by the Council.

## ARTICLE V

The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under the Act and State law, including, without limitation, the right to an appointment of a receiver.

OPINION OF BOND COUNSEL FOR GOVERNMENTAL AGENCY

[To Be Dated as of Date of Loan Closing]

West Virginia Infrastructure and  
Jobs Development Council  
300 Summers Street, Suite 980  
Charleston, West Virginia 25301

West Virginia Water Development Authority  
180 Association Drive  
Charleston, West Virginia 25311

Ladies and Gentlemen:

We are bond counsel to \_\_\_\_\_ (the  
"Governmental Agency"), a \_\_\_\_\_.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated \_\_\_\_\_, \_\_\_\_\_, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated \_\_\_\_\_, (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$\_\_\_\_\_, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning \_\_\_\_\_, 1, \_\_\_\_\_, and ending \_\_\_\_\_, 1, \_\_\_\_\_, as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) \_\_\_\_\_, and  
(ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of \_\_\_\_\_ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond \_\_\_\_\_ duly adopted or enacted by the Governmental Agency on \_\_\_\_\_, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on \_\_\_\_\_ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior  
{C1060869.1}

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing \_\_\_\_\_, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt \_\_\_\_\_, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ( $\$1,200/12$ ). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ( $\$900/12$ ). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

**The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10<sup>th</sup> day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.**

PUBLIC SERVICE COMMISSION  
OF WEST VIRGINIA  
CHARLESTON

Entered: October 28, 2005

CASE NO. 05-0602-PWD-CN

FINAL

11-17-05

GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT  
Post Office Box 190  
West Milford, WV 26451

Application for a Certificate of Convenience and Necessity for the extension of water service to approximately 177 customers and to replace an existing pump station with a new pump station and storage tank in the Brushy Fork area of Harrison County.

RECOMMENDED DECISION

On May 2, 2005, the Greater Harrison County Public Service District (Utility) filed an application for a certification of convenience and necessity to extend water service to approximately 177 new customers in southeastern Harrison County.

Numerous letters of protest and support were filed related to the application.

On June 3, 2005, Staff filed a recommendation indicating that the Utility's rates would need to be increased by 10.36% to support the project.

On August 12, 2005, the Commission referred the matter for hearing. The Commission required the decision to be rendered on or before November 28, 2005.

By Procedural Order issued September 16, 2005, the matter was set for hearing on October 11, 2005. The hearing was held as scheduled. Thomas R. Michael, Esquire, appeared on behalf of the Utility. Meyishi Blair, Esquire, appeared on behalf of Commission Staff.

PUBLIC COMMENT

Patricia Moore has been working for eight years to try to get Brushy Fork water. (Tr. 6). The people in the community have poor quality of water, inadequate amounts of water and frequently run out of water. (Tr. 6). Water in the area has a lot of sulfur and iron in it. (Tr. 6). Some people have three or four wells in an effort to get enough volume and still do not have enough water. (Tr. 6).

Susan Stedman purchased a home on Brushy Fork Road, understanding that there would soon be public water coming. (Tr. 7). Her water in here new home is extremely high in sulphur and cannot be used for cooking. (Tr. 7). Ms. Stedman's dog even refuses to drink it. (Tr. 8). Ms. Stedman has very low water pressure and considers this project to be very important. (Tr. 8).

Misty Hudson purchased an acre of land wanting to build a home in the community. (Tr. 8). She understands the water is so bad that people will not let their children brush their teeth with it. (Tr. 9). She wants the water so she can build her home. (Tr. 9).

Julia Foley believes that project is so important that she would be willing to pay even higher rates than existing customers in order to be connected to the system. (Tr. 9, 10).

Sharon George is concerned because her father owns property in Brushy Fork and cannot rent it or sell it because the water is inadequate. (Tr. 10).

Chad Hathaway recently purchased a home on Brushy Fork and has bacteria in his water. (Tr. 11). He has to haul water in order to stay in the house. (Tr. 11).

Jonathan Riblett purchased land in order to build a home. (Tr. 11). He has a good well, but it provides an inadequate quantity of water. (Tr. 12).

#### FINDINGS OF FACT

1. On May 2, 2005, the Utility filed an application for a certificate of convenience and necessity to build an extension to its system to provide water service to 177 new customers. (Staff Ex. 1).
2. The customers in the area have an inadequate water supply, including problems with quality and quantity. (See transcript generally).
3. The project is estimated to cost \$1,850,000 and will be funded by an IJDC loan in the amount of \$1,250,000, at 0% interest for forty years and a grant from the IJDC in the amount of \$600,000. (Staff Ex. 1).
4. All necessary permits have been received. (Id.).
5. The project consists of installing water lines, one water booster station and one 107,000 gallon water storage tank. (Id.).
6. The project will require a 10.36% increase in the Utility's rates. (Id.).
7. Staff recommended that the certificate be issued and the financing be approved. (Id.).

CONCLUSIONS OF LAW

1. The public convenience and necessity require the project.
2. The Utility's proposed financing of the project is reasonable and should be approved.
3. The Utility should be required to seek Commission approval should the project's scope or proposed financing change for any reason.
4. The Staff-recommended rates for use after the construction of the project are reasonable, just, based primarily on the cost of providing service and should be approved for use by the Utility.

ORDER

IT IS, THEREFORE, ORDERED that the application filed by the Greater Harrison County Public Service District on May 2, 2005, for a certificate of convenience and necessity to construct improvements to its water system, be, and hereby is, granted.

IT IS FURTHER ORDERED that the proposed financing of the project, consisting of a loan from the West Virginia Infrastructure and Jobs Development Council in the amount of \$1,250,000, at 0% interest for forty years, and a grant from the IJDC in the amount of \$600,000, be, and hereby is, approved.

Dear Mr. Hoover:

The West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") provides this binding offer of an Infrastructure Fund loan of approximately \$1,250,000 (the "Loan") and an Infrastructure Fund grant of approximately \$600,000 (the "Grant") to the Greater Harrison County Public Service District (the "District") for above referenced water project (the "Project"). The Loan and Grant will be subject to the terms set forth on Schedule A attached hereto and incorporated herein by reference. The final Loan and Grant amounts will be established after the District has received acceptable bids for the Project. The Infrastructure Council will set aside a portion of the Infrastructure Fund to make the Loan and Grant upon the District's compliance with the program requirements.

- b. File Certificate Case with the Public Service Commission no later than May 1, 2004;
- c. Advertise for bids no later than August 1, 2004  
(The District must receive authority from the Infrastructure Council before bidding the project.)

The Infrastructure Council reserves the right to withdraw this Loan and Grant commitment if any of the above schedule dates are not met. The Infrastructure Council may, when justifiable circumstances occur, offer to modify the schedule. Any decision to modify the schedule is at the sole discretion of the Infrastructure Council.

If the District becomes aware that it will not meet one or more of the above schedule dates, the District should immediately notify the Infrastructure Council of this fact and the circumstances which have caused or will cause the District to be unable to meet the schedule. In addition, please immediately notify the Infrastructure Council if any of the other dates on the attached schedule have or will not be met.

The Water Development Authority (the "Authority"), on behalf of the Infrastructure Council, will enter into Loan and Grant agreements with the District following receipt of the completed Schedule B, a final, nonappealable order from the Public Service Commission authorizing construction and financing of the Project, evidence of binding commitments for other funding; evidence of all permits; evidence of acceptable bids; evidence of compliance with the WV Jobs Act; and any other documents requested by the Infrastructure Council.

No statements or representations made before or after the issuance of this contingent commitment by any person or member of the Infrastructure Council or Authority shall be construed as approval to alter or amend this commitment, as all such amendments or alterations shall only be made in writing after approval of the Infrastructure Council.

If the District has any questions regarding this commitment, please contact Katy Mallory at the above-referenced telephone number.

Re: Greater Harrison County PSD  
Preliminary Application 2001W-651

Dear Mr. Coffindaffer:

The West Virginia Infrastructure and Jobs Development Council (the "Council"), at its February 6, 2002 meeting, reviewed the Greater Harrison County Public Service District's (the "District") preliminary application regarding its proposed project to extend water to 125 new customers along Brushy Fork, Coplin Run, Moss Run and Beards Run areas.

Based on the findings of the Water Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Water Technical Review Committee. The District may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the preliminary application, the Council recommends that the District pursue a local contribution of \$100,000 and it also appears the District may be eligible for Infrastructure assistance of \$1,750,000; however, the Council's final decision regarding the utilization of Infrastructure Fund assistance is deferred pending final determination of the Project's eligibility and readiness to proceed, and availability of funds in the Infrastructure Fund. The Project will be placed on the Council's pending list.

If you have any questions regarding this matter, please contact Katy Mallory at 558-4607.

Sincerely,

Russell L. Isaacs

KNOW ALL MEN BY THESE PRESENTS: That on this the 29th day of March, 2006, GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT, a public service district, public corporation and political subdivision of the State of West Virginia in Harrison County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY (the "Authority") or registered assigns the sum of ONE MILLION TWO HUNDRED FIFTY THOUSAND DOLLARS (\$1,250,000), or such lesser amount as shall have been advanced to the Issuer hereunder and not previously repaid, as set forth in the "Record of Advances" attached as EXHIBIT A hereto and incorporated herein by reference, in quarterly installments on March 1, June 1, September 1 and December 1 of each year, commencing September 1, 2007, as set forth on the "Debt Service Schedule" attached as EXHIBIT B hereto and incorporated herein by reference.

This Bond shall bear no interest. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent").

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Infrastructure and Jobs Development Council (the "Council"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the Council, dated March 29, 2006.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of the Bonds of this Series (the "Bonds") and related costs. The existing public waterworks system of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly adopted by the Issuer on March 24, 2006, and a Supplemental Resolution duly adopted by the Issuer on March 24, 2006 (collectively, the "Bond Legislation"), and is

subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS, WITH (1) WATER REVENUE BONDS, SERIES 1966 (UNITED STATES DEPARTMENT OF AGRICULTURE) (THE "SERIES 1966 BONDS"); (2) WATER REVENUE BONDS, SERIES 1974 (UNITED STATES DEPARTMENT OF AGRICULTURE) (THE "SERIES 1974 BONDS"); AND THE (3) WATER REVENUE BONDS, SERIES 2004 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JULY 27, 2004, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$703,000 (THE "SERIES 2004 A BONDS"). THE SERIES 1966 BONDS, THE SERIES 1974 BONDS AND THE SERIES 2004 A BONDS ARE REFERRED TO AS THE "PRIOR BONDS."

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the operation of the System, on a parity with the pledge of Net Revenues in favor of the holders of the Prior Bonds, and from monies in the reserve account created under the Bond Legislation for the Bonds (the "Series 2006 A Bonds Reserve Account") and unexpended proceeds of the Bonds. Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the monies in the Series 2006 A Bonds Reserve Account and unexpended proceeds of the Bonds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Bonds, including the Prior Bonds; provided however, that so long as there exists in the Series 2006 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest, if any, which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with the Bonds, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Greater Harrison County Public Service District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$1,250,000 Water Revenue Bonds, Series 2006 A (West Virginia Infrastructure Fund), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated March 29, 2006, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing September 1, 2007, and maturing March 1, 2046, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of improvements and extensions to the existing public waterworks system of the Issuer (the "Project") and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on March 24, 2006, as supplemented by a Supplemental Resolution duly adopted by the Issuer on March 24, 2006 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended by the Issuer so as to affect adversely the rights of the Authority and the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Prior Bonds, all in accordance with the terms of the Bonds and the Bond Legislation.

5. The Bonds are, under the Act, exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

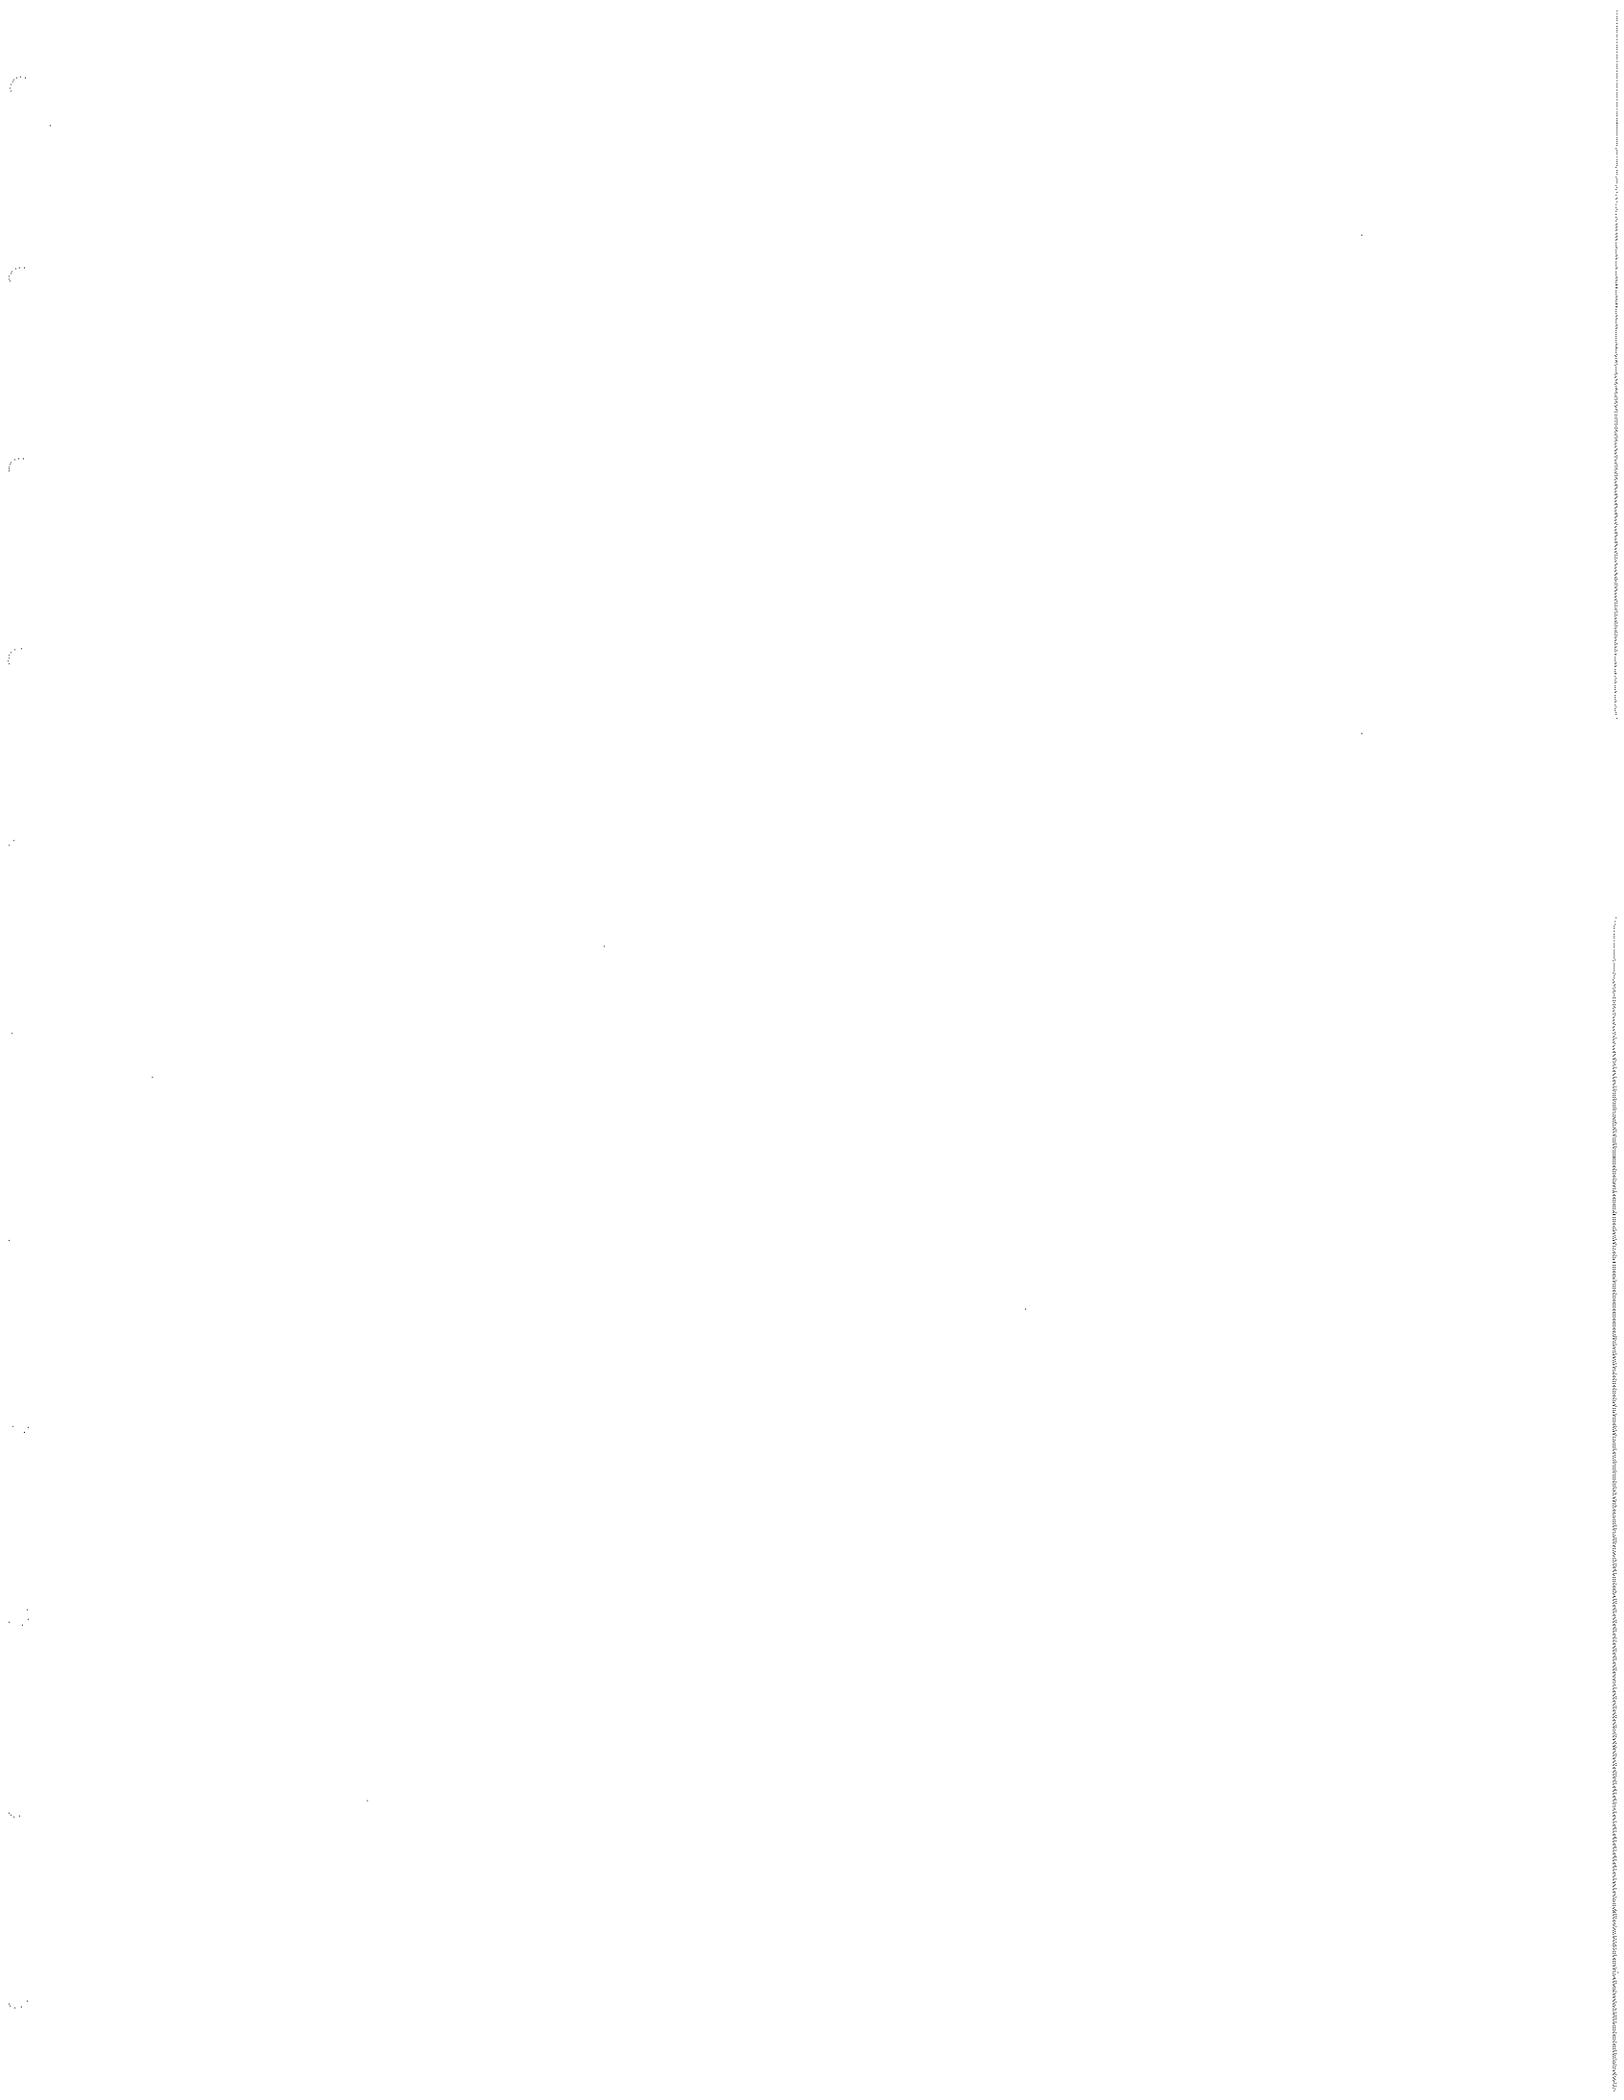

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

STEPTOE & JOHNSON PLLC

Steptoe & Johnson PLLC  
Clarksburg, West Virginia

Ladies and Gentlemen:

I am counsel to Greater Harrison County Public Service District, a public service district, in Harrison County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a loan agreement for the Series 2006 A Bonds dated March 29, 2006, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), the Bond Resolution duly adopted by the Issuer on March 24, 2006, as supplemented by the Supplemental Resolution duly adopted by the Issuer on March 24, 2006 (collectively, the "Bond Legislation"), orders of The County Commission of Harrison County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer, and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia.
2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the other parties thereto, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.
3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.
5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.
6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders, certificates and approvals from The County Commission of Harrison County, the Bureau for Public Health, the Council and the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the Final Order and Commission Order of the Public Service Commission of West Virginia entered on November 17, 2005 and March 15, 2006, respectively, in Case No. 05-0602-PWD-CN among other things, granting to the Issuer a certificate of public convenience and necessity for the Project, approving the financing for the Project and approving the rates for the System. The time for appeal of such Final Order has expired prior to the date hereof without any appeal. The time for appeal of such Commission Order has not expired prior to the date hereof, however, the parties to such Order have indicated that they do not intend to appeal the Commission Order. Such Orders remain in full force and effect.
7. The Issuer has duly published a notice of the acquisition and construction of the Project, the issuance of the Bonds and related matters, as required under Chapter 16, Article 13A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.

8. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

9. I have ascertained that all successful bidders have made the required provisions for all insurance and payment and performance bonds and verified such insurance policies and bonds for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Ladies and Gentlemen:

Based upon the water rates and charges set forth in the Final Order entered November 17, 2005, of the Public Service Commission of West Virginia in Case No. 05-0602-PWD-CN, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Greater Harrison County Public Service District (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of the Issuer, will (i) provide for all reasonable expenses of operation, repair and maintenance of the System; (ii) provide revenues annually to pay the annual debt service on, and all payments required into all accounts created for, the Waterworks System Revenue Bonds, Series 1966 (the "Series 1966 Bonds"); (iii) to leave a balance each Fiscal year equal to at least 110% of the average annual debt service on the Water Revenue Bonds, Series 1974 (Rural Utilities Service) (the "Series 1974 Bonds") and all payments required into all accounts created for the Series 1974 Bonds; and (iv) to leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Series 2006 A Bonds and the Water Revenue Bonds, Series 2004 A (West Virginia Infrastructure Fund) and all other obligations secured by or payable from such revenues. The Series 1966 Bonds, the Series 1974 Bonds and the Series 2004 A Bonds are collectively referred to as the "Prior Bonds."

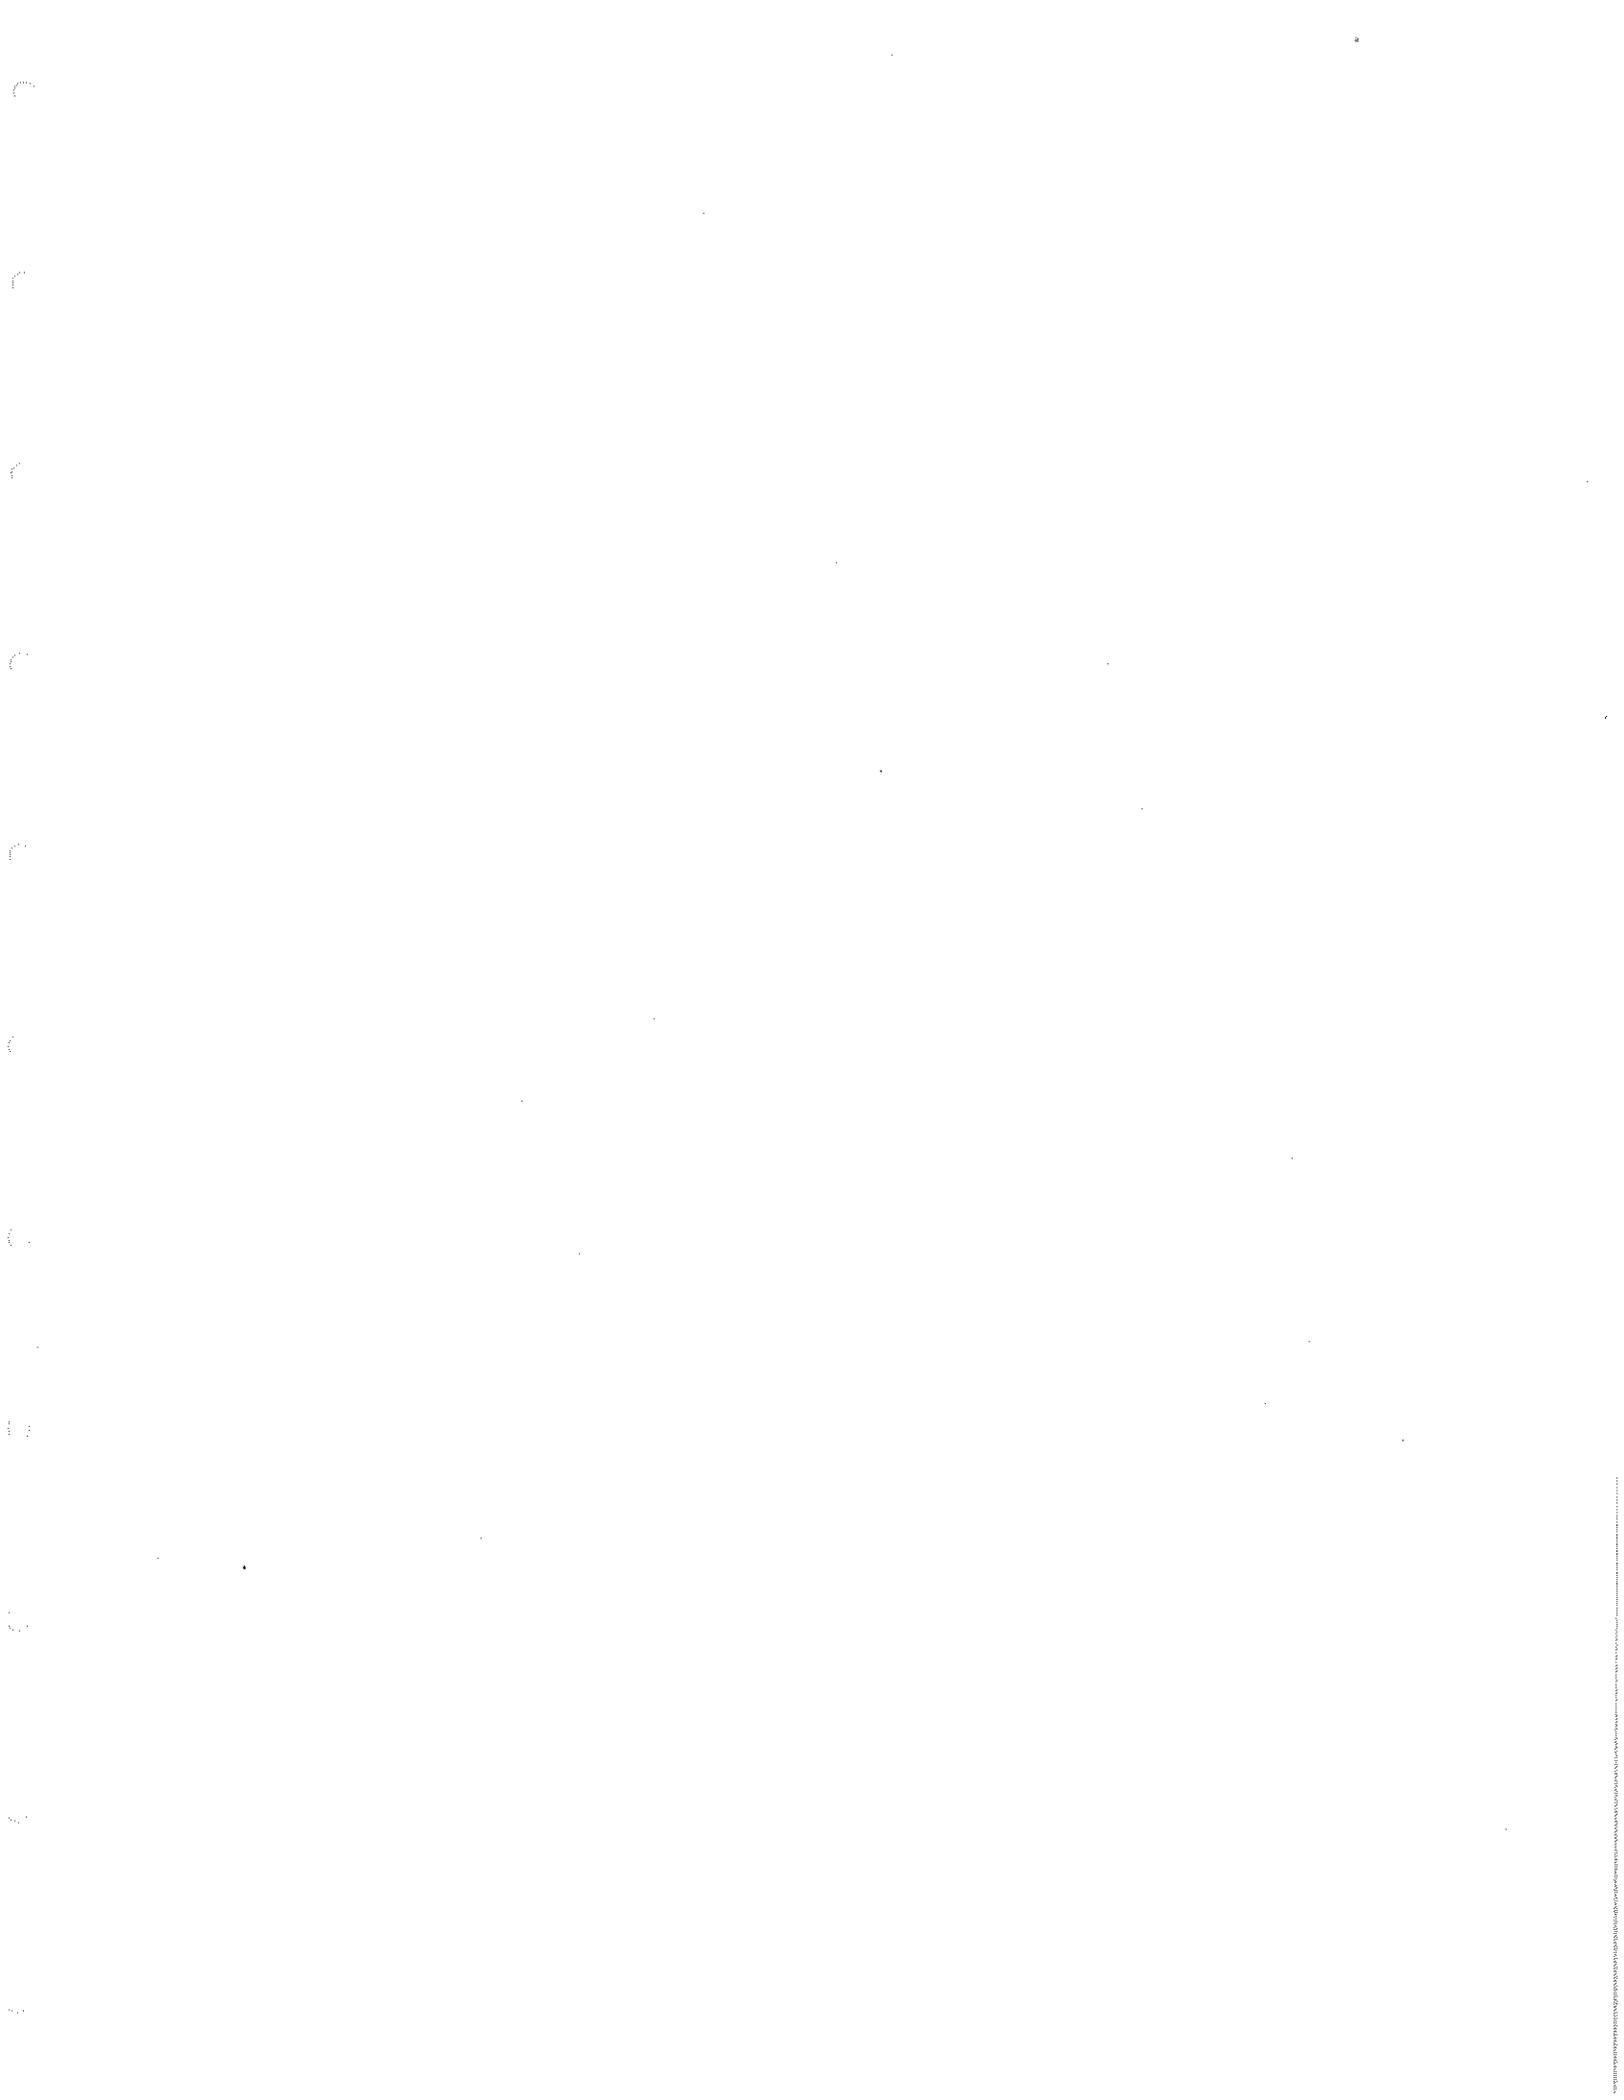

It is further our opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Series 2006 A Bonds are issued will be at least 120% of the average annual debt service on the Prior Bonds, the Series 2006 A Bonds and that (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Series 2006 A Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be

financed by the Series 2006 A Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Prior Bonds, the Series 2006 A Bonds.

Very truly yours,

1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Resolution duly adopted by the Issuer on March 24, 2006 (the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on March 29, 2006, the date on which the Bonds are being physically delivered in exchange for an initial advance of the principal amount of the Series 2006 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority"), the West Virginia Department of Environmental Protection (the "DEP") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

No accrued interest has been or will be paid on the Series 2006 A Bonds. The balance of the principal amount of the Series 2006 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before March 1, 2007. 21. The Bonds are not federally guaranteed.

22. The Issuer has retained the right to amend the Bond Resolution authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain public purpose bonds.

23. The Issuer has either (a) funded the Series 2006 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due, on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 2006 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2006 A Bonds Reserve Account hold an amount equal to the maximum amount of principal and interest which will mature and become due, respectively, on the Bonds in the then current or any succeeding year. Monies in the Series 2006 A Bonds Reserve Account and the Series 2006 A Bonds Sinking Fund will be used solely to pay principal of and interest on each series of the Bonds and will not be available to pay costs of the Project.

24. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Series 2006 A Bonds, (b) are to be sold pursuant to a common plan of financing together with the 2006 A Bonds and (c) will be paid out of substantially the same sources of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

25. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

26. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

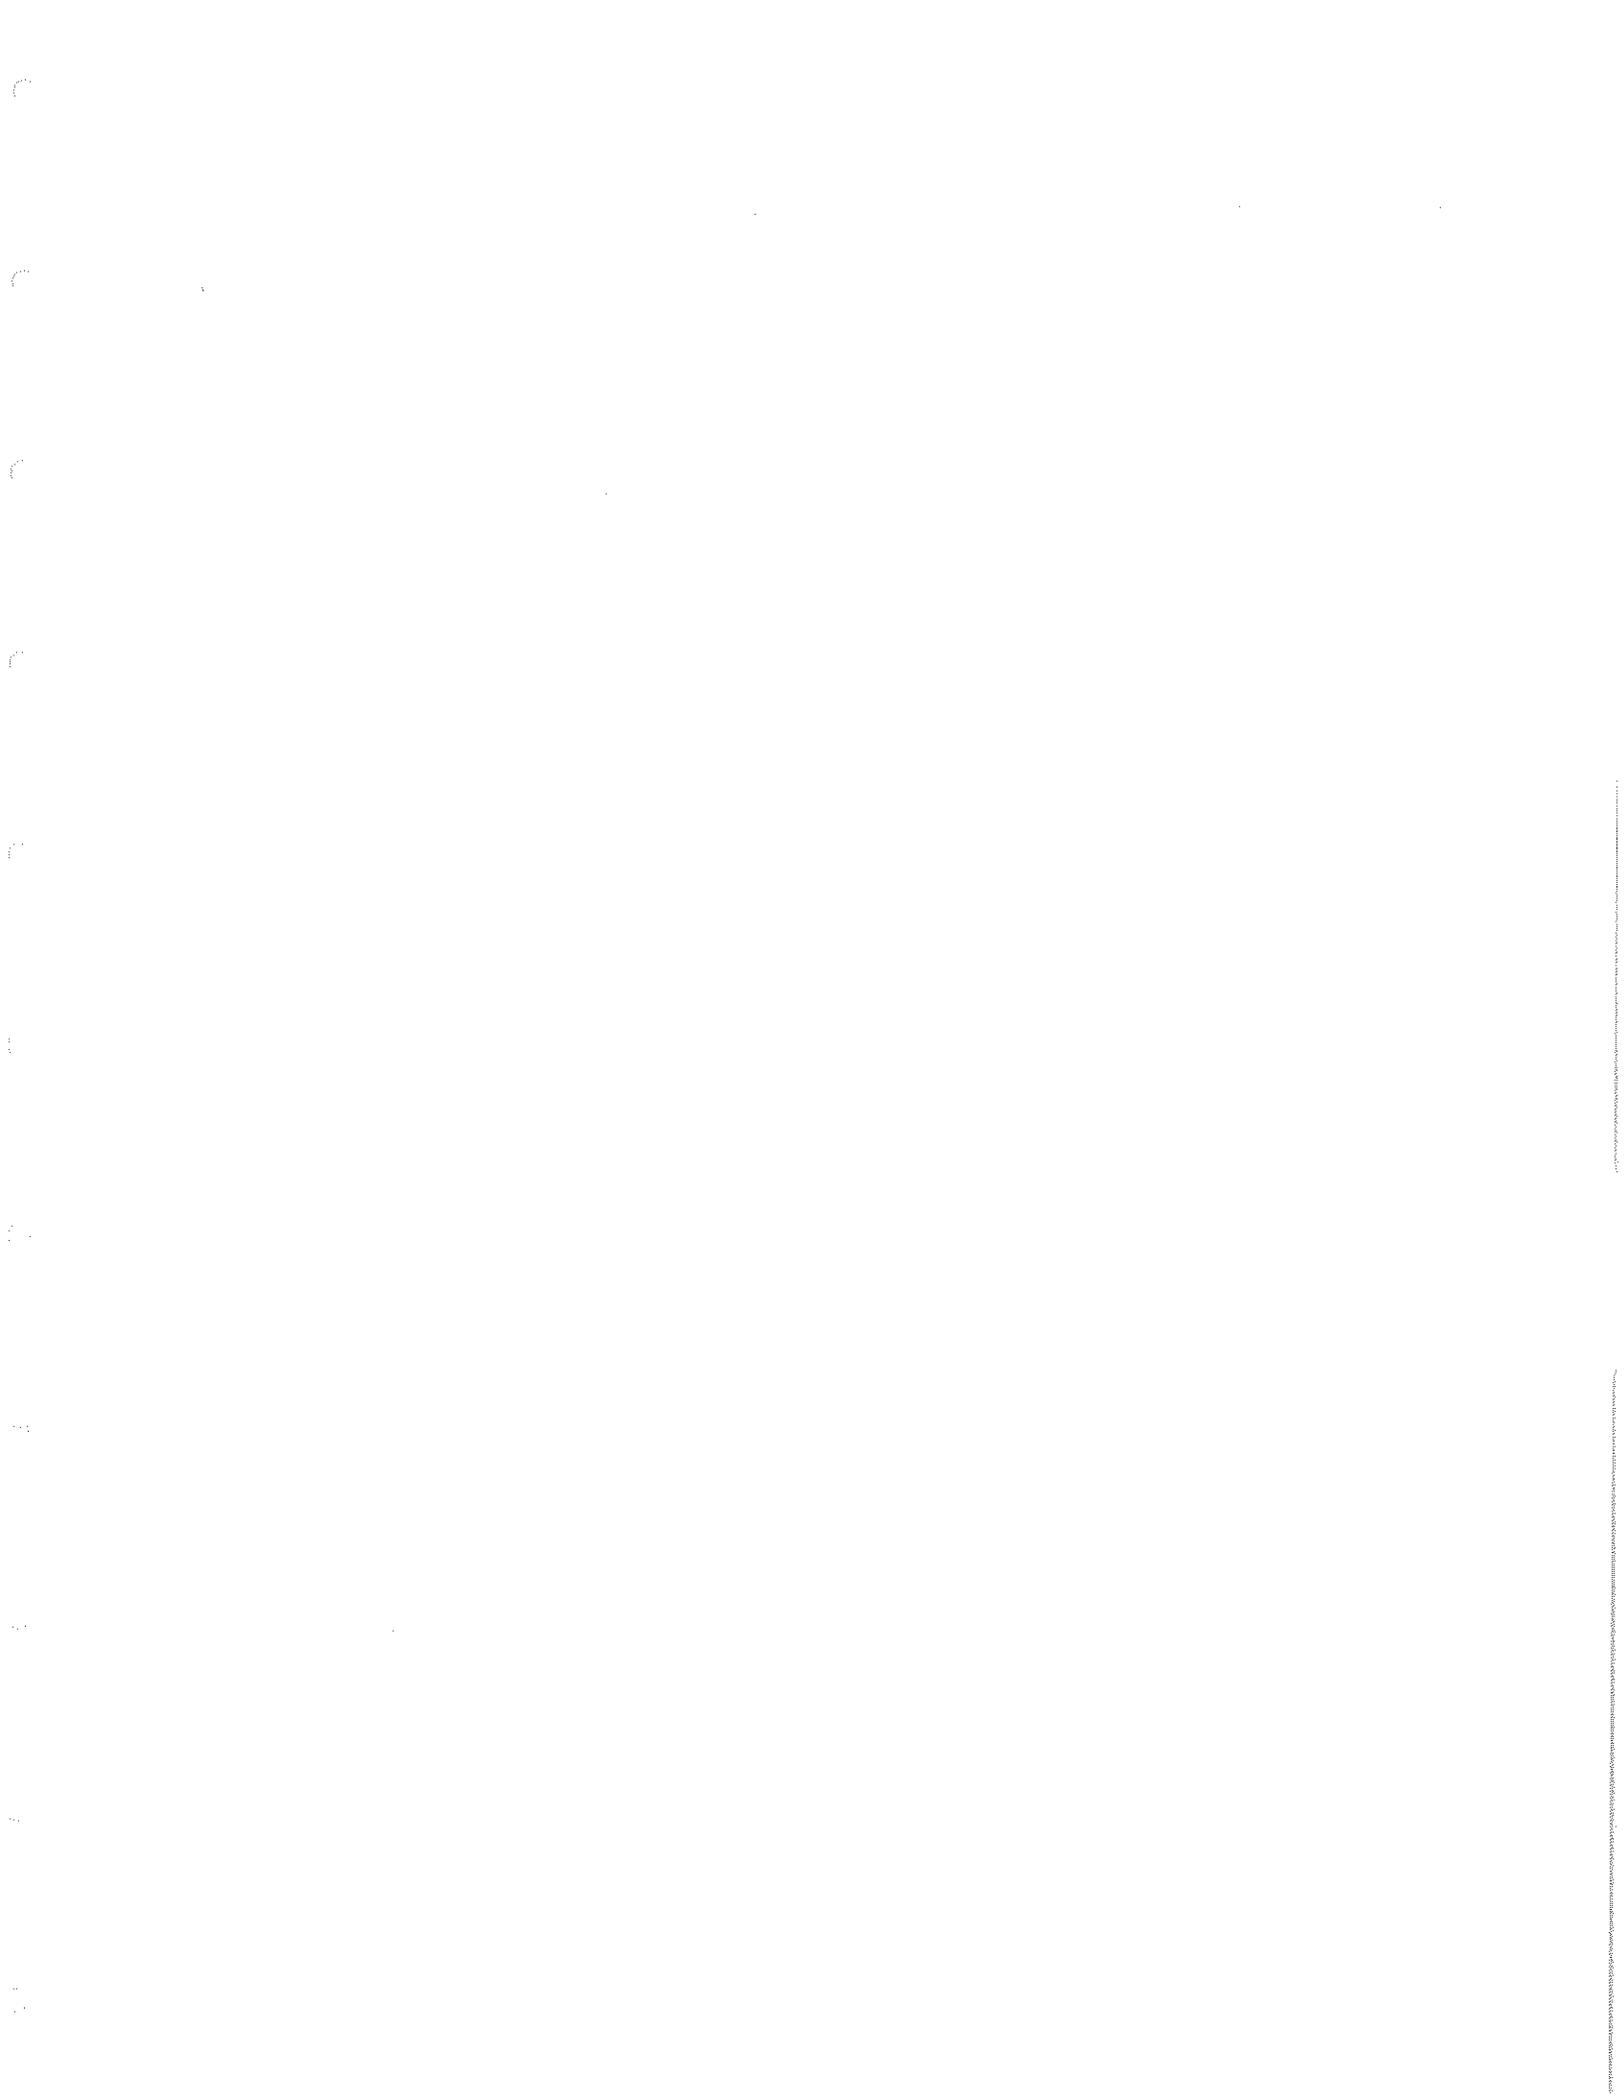

27. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

BEFORE THE COUNTY COMMISSION OF HARRISON COUNTY

A RESOLUTION AND ORDER CHANGING THE NAME OF  
GRANT UNION PUBLIC SERVICE DISTRICT TO  
GREATER HARRISON COUNTY PUBLIC SERVICE  
DISTRICT AND ENLARGING THE SEWER SERVICE  
AUTHORITY OF GREATER HARRISON COUNTY PUBLIC  
SERVICE DISTRICT

WHEREAS, the County Commission of Harrison County, West Virginia, did heretofore, by Resolution and Order adopted on March 20, 1997, propose the name change of Grant Union Public Service District to Greater Harrison County Public Service District; the merger of Lost Creek-Mt. Clare Public Service District and Valley of Good Hope Public Service District into Greater Harrison County Public Service District and the enlargement of the sewer service authority of Greater Harrison County Public Service District to include all areas within Harrison County not provided sewer service by another public service district or incorporated municipality; and,

WHEREAS, by said March 20, 1997, Resolution and Order, the Harrison County Commission did set a hearing on the proposed change of the name of the Grant Union Public Service District to Greater Harrison County Public Service District; the merger of Lost Creek-Mt. Clare Public Service District and Valley of Good Hope Public Service District into Greater Harrison County Public Service District; and the enlargement of the sewer authority of Greater Harrison County Public Service District to include all areas within Harrison County not provided sewer service by another public service district or incorporated municipality, required notice of said hearing be given by Class I legal publication in Harrison County and by posting of notice in at least five (5) conspicuous places within the territory of each of the respective districts, and required the Clerk of the Harrison County Commission to cause a copy of the Resolution and Order to be filed with the Executive Secretary of the Public Service Commission;

WHEREAS, following the adoption of the aforementioned Resolution and Order on March 20, 1997, the County Commission of Harrison County discovered that the aforementioned resolution erroneously excluded the Town of West Milford from the enlarged sewer service authority area of the Greater Harrison County Public Service District. The Town of West Milford is presently included in the sewer service area of Grant Union Public Service District. Accordingly, upon the creation of Greater Harrison County Public Service District, the Town of West Milford will necessarily be included in the sewer service authority area of Greater Harrison County Public Service District. This Resolution and Order properly reflects that the Town of West Milford is included within the sewer service authority area of Greater Harrison County Public Service District.

WHEREAS, notice of the April 15, 1997, hearing has been given in the manner provided and required by said Resolution and Order and by West Virginia Code § 16-13A-2, and all interested parties have been afforded an opportunity of being heard for and against the change of the name of Grant Union Public Service District to Greater Harrison County Public Service District; the merger of Lost Creek-Mt. comfort and convenience of the areas currently within the territory of two districts. Harrison County established a hearing date of April 10, 1997. Harrison County published notice of the Harrison County hearing. Harrison County submitted the publication affidavit to the Commission on May 7, 1997.

The fourth resolution proposed changing the name of the Grant Union Public Service District to the Greater Harrison County Public Service District. The resolution would also merge the Lost Creek-Mt. Clare Public Service District and the Valley of Good Hope Public Service District into the new Greater Harrison County Public Service District. The resolution also expands the service territory of the new Greater Harrison County Public Service District to include all areas within Harrison County not provided sewer service by another public service district or incorporated municipality. Harrison County established a hearing date of April 15, 1997. Harrison County published notice of the Harrison County hearing. Harrison County submitted the publication affidavit to the Commission on May 7, 1997.

The fifth resolution proposed the dissolution of the sewer authority of the Bingamon Public Service District, the Lost Creek-Mt. Clare Public Service District, the Quiet Dell Public Service District, the Short Line Public Service District and the Valley of Good Hope Public Service District. Harrison County indicated that none of these districts currently have sewer facilities. Harrison County believes that the dissolution of sewer authority is necessary to preserve the health, comfort and convenience of the residents who live in the service territories of the districts. Harrison County established a hearing date of April 15, 1997. Harrison County published notice of the Harrison County hearing. It submitted the publication affidavit to the Commission on May 7, 1997.

The sixth resolution proposed the reduction in the boundaries of the Short Line Public Service District. Harrison County believes that such reduction is necessary to preserve the health, comfort and convenience of the residents of the District. Harrison County set a hearing date of April 10, 1997. Harrison County published notice of the hearing. It submitted the publication affidavit to the Commission on May 7, 1997.

On April 17, 1997, Harrison County filed resolutions which indicated that hearings were held as scheduled concerning all of the resolutions described above except the fourth resolution. Harrison County indicated that, after proper publication and hearing, it determined that the resolutions should be adopted.

On April 17, 1997, the Marion County Commission (Marion County) filed resolutions related to the efforts of Harrison County to consolidate public service districts.

The first resolution filed by Marion County proposed the merger of the O.J.W. Public Service District into the Bingamon Public Service District. Marion County indicated that the merger was necessary for the preservation of public health, comfort and convenience for the residents of the districts. Marion County set a hearing date of April 14, 1997. Marion County published notice of the hearing. It submitted a publication affidavit to the Commission on May 7, 1997.

The second resolution filed by Marion County proposed the dissolution of the authority of the O.J.W. Public Service District to acquire or operate sewer facilities. The O.J.W. Public Service District does not currently own or operate any sewer facilities. Marion County believes that the dissolution of the district is necessary for the preservation of public health, comfort and convenience of the residents in the O.J.W. Public Service District territory. Marion County set a hearing date of April 1, 1997. Marion County published notice of the Marion County hearing. Marion County filed the publication affidavit with the Commission on May 7, 1997.

Also on April 25, 1997, Harrison County filed a resolution and order indicating that Harrison County had held the hearing set for April 1, 1997, on the fourth resolution discussed above. Harrison County adopted the fourth resolution with two significant modifications. First, the resolution was modified to include the Town of West Milford within the Greater Harrison County Public Service District. The second modification was that Harrison County decided not to merge the Lost Creek-Mt. Clare Public Service District and Valley of Good Hope Public Service District into the renamed and enlarged Greater Harrison Public Service District.

On May 20, 1997, Staff issued its Final Joint Staff Memorandum. Staff outlined the proceeding and indicated that it would file a final recommendation at a later date.

By Procedural Order of June 2, 1997, the matter was set for hearing in Clarksburg on July 21, 1997, and in Fairmont on July 22, 1997. The Procedural Order also required both Harrison County and Marion County to publish notice of the hearing.

On July 14, 1997, Marion County filed a copy of its order affirming the actions of Harrison County related to the Coons Run Public Service District, the O.J.W. Public Service District, and the Binghamon Public Service District.

The hearing set for Harrison County on July 21, 1997, was held as scheduled.<sup>1</sup> John C. Stump, Esquire, appeared for Harrison County. James Kelsh, Esquire, appeared for Staff.

Several members of the public offered testimony at the hearing. Walt Conners from Nutter Fort testified that he was not opposed to a county-wide sewer district, because he believes that the sewer district would clean streams in the county. (Tr. 6-7). He objects to the fact that public service district board members are appointed by county commissions, stating that the system results in poorly operated public service districts. (Tr. 7). However, Mr. Conners understood that the way that board members are appointed is a matter of state law which could not be changed in the proceeding. (Tr. 8).

Greg Robertson lives in the Lake Ridge area of Bridgeport. (Tr. 9). Mr. Robertson offered his support to the formation of the Greater Harrison

County Public Service District. (Tr. 10). Mr. Robertson had purchased land in Harrison County, but ran into trouble with developing it because of inadequate sewer service. (Tr. 10). Several subdivisions near Robertson's property have environmental problems related to inadequate nonexistent sewer service, including Lakeland Terrace, Lakeland Park and Augusta Park. (Tr. 10). Mr. Robertson approached numerous county, city, and state officials about helping to provide sewer service to the area, but was always directed to go to some other official. (Tr. 11). Mr. Robertson believes that a county-wide sewer district is a good thing, not just for Harrison County, but for the entire state, and he requested that the matter be expedited. (Tr. 11). Mr. Robertson believes that it will be difficult to attract employers or good employees to the area without adequate infrastructure. (Tr. 12).

Gary Fluharty is the Chairman of the Sun Valley Public Service District. (Tr. 14). Mr. Fluharty wanted to be reassured that the Sun Valley Public Service District was not being consolidated in these petitions. (Tr. 14). Harrison County reassured Mr. Fluharty that Sun Valley was not included in the consolidation and was indeed specifically excluded from the territory of the Greater Harrison County Public Service District. (Tr. 14). With that understanding, Mr. Fluharty voiced his support for the creation of the district given that much of the county is without sewer service. (Tr. 16).

Paul Hamrick indicated that Harrison County is experiencing lots of growth, but the lack of sewer service was limiting that development. (Tr. 17). Many of Harrison County's communities are dying because new homes are never built because of a lack of public sewer service. (Tr. 17). Hamrick indicated that it is difficult to sell properties in communities which do not have public sewer. (Tr. 17). He also indicated that communities all over the county dump raw sewage directly into the West Fork River. (Tr. 17). Mr. Hamrick supported the development of a Greater Harrison County Public Service District. (Tr. 18).

Terri Ann Schulte, the executive director of the Harrison County Planning Commission, assisted in posting notice of the various resolutions around the county and in each public service district impacted by various resolutions. (Tr. 20). Harrison County Exhibit No. 4 consists of a list of the various locations where posting occurred. Ms. Schulte indicated that many areas in the county need sewer service. The top priority in providing service is for the Arlington, Glen Falls, Gore area. (Tr. 22). Ms. Schulte believes that the creation of the Greater Harrison County Public Service District will improve the county's access to public dollars. (Tr. 23). A larger district will mean a greater customer base, better economy of scale and a higher level of professionalism and sophistication. (Tr. 23).

James Boggess, a Utilities Analyst, testified for Staff. Mr. Boggess corrected the Further Final Internal Memorandum by stating that the Ocala and Bingham Public Service Districts would be merged completely by resolutions of Harrison and Marion Counties. (Tr. 27). Mr. Boggess testified that Harrison and Marion Counties had complied with the Commission's requirements concerning the consolidation and notice of hearings. (Tr. 27-28). In the Further Final Internal Memorandum, he recommended that the petitions of Harrison and Marion County be approved. (See Staff Exhibit No. 1).

Harrison County offered the resolution from Marion County which affirmed the actions of Harrison County related to the Bingamon Public Service District; the resolution of Harrison County which affirmed the actions of Marion County dissolving the authority of the O.J.W. Public Service District to operate sewer facilities; and affidavits of publication for the hearing from the Clarksburg Telegram, the Clarksburg Exponent, and the Times West Virginian.

The hearing set for Marion County on July 22, 1997, was held as scheduled. The same parties entered appearances. No member of the public appeared at the hearing to offer comment.

#### DISCUSSION

Harrison County has taken steps to develop a county-wide sewer public service district which includes all areas of the county which do not have public sewer. Harrison County has also merged some districts. Marion County has affirmed all actions which involve public service districts which extend into Marion County. No individual has expressed opposition to the modifications.

The evidence demonstrates that, by developing a county-wide sewer district, the county has improved its chance to provide much needed sewer service to all areas of Harrison County. (See Tr. 6-28). By creating larger more viable districts, Harrison County enhances its ability to improve its infrastructure and the quality of life for its residents.

Harrison and Marion Counties have published appropriate notice of the actions and have complied with all relevant requirements of the W.Va. Code and Commission Rules and Regulations. The orders which are the subject of this proceeding should be approved by the Commission.

#### FINDINGS OF FACT

1. On March 31, 1997, the Harrison County Commission (Harrison County) filed a petition for Commission consent and approval of various orders which consolidated or modified public service district boundaries in Harrison County. (See petition and orders filed March 31, 1997).
2. The first Harrison County order merged the O.J.W. Public Service District into the Bingamon Public Service District. (See petition and order).

RECOMMENDED DECISION

On October 2, 1998, the Harrison County Commission (Harrison County) filed a petition with the Public Service Commission for approval of the merger of the Mt. Clare Road Public Service District into the Greater Harrison County Public Service District.

By Order dated October 26, 1998, this matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before April 29, 1999.

On November 20, 1998, Staff Attorney James V. Kelsh, Esquire, filed the Final Joint Staff Memorandum to which was attached the Final Internal Memorandum prepared by Mr. Randy Lengyel, Utilities Analyst II, Water and Wastewater Division. Staff recommended that the Commission approve the petition of the Harrison County Commission, subject to the following:

1. The Greater Harrison County Public Service District be required to place the cash assets of the Mt. Clare Road Public Service District into a separate interest-bearing account for repairs, replacements and extensions to the Mt. Clare Road Public Service District;
2. After the Mt. Clare Road Public Service District's debts are paid in full, any cash surplus should be deposited into the Mt. Clare Road Public Service District cash account;
3. Following the merger, the Greater Harrison County Public Service District should continue to charge the current rates of the Mt. Clare Road Public Service District to the former Mt. Clare Road Public Service District customers until otherwise ordered by the Commission, in accordance with Rule 31 of the Commission's Rules and Regulations for the Government of the Construction and Filing of Tariffs of Public Utilities and Common Carriers by Motor Vehicle.

MSM

5. At the hearing held in this matter on January 26, 1999, no one appeared in protest to the Harrison County Commission petition. (See Tr., p. 6).

CONCLUSION OF LAW

Since the Harrison County Commission gave notice of the hearing to be held on its petition on January 26, 1999, in accordance with the Commission's requirements and no one appeared at said hearing to give protest to the petition, the petition of the Harrison County Commission filed on October 2, 1998, seeking approval of the merger of Mt. Clare Road Public Service District into the Greater Harrison County Public Service District can be approved, subject to the Staff-recommended conditions as set forth in Appendix A to this order.

ORDER

IT IS, THEREFORE, ORDERED that the order of the Harrison County Commission, dated September 22, 1998, and filed on October 2, 1998, merging the Mt. Clare Road Public Service District into the Greater Harrison County Public Service District, be, and the same hereby is, approved, subject to the conditions as set forth in Appendix A to this order.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT  
MONTHLY BOARD MEETING  
JULY 13, 2005

PRESENT:

William Coffindaffer, Chairman  
Evan Hugus, Treasurer  
Greg Robertson, Secretary  
William "Jody" Derrickson, Board Member  
James Scudere, Board Member

Bill Hoover, General Manager  
Bertis McCarty, Assistant Operational Manager  
Carolyn McDonald, Finance Director

Ken Moran, Thrasher Engineering

The meeting is called to order by the Chairman of the Board.

Call for approval of the minutes for May 16, 2005 and for June 16, 2005 was made. Motion to approve May 16, 2005 minutes was made by Evan, Jodi seconded, all in favor, motion carried. Jodi moved to approve the minutes for June 16 2005, Greg seconded, all in favor, motion carried.

**Action Items**

**RESOLUTION 23**

Bertis updated us on the SRF, they are closing out Contract 1 phase 1A, Contract 1 phase 1B, Contract 2 Phase 1B, funding is down to zero and are paying the contingency. Contract 1 Phase 1A is left for Diversified. By closing these out, there will be no outstanding issues, etc.

*Motion was made to approve Resolution 23 in the amount of \$146,184, Evan moved, Greg seconded all in favor motion carried.*

**Thrasher Engineering**

Ken brought us up to date with Thrasher Engineering and the sewer project. Greg was exploring the idea of the developers to take a housing development loan out and construct the line and set a pump station in the area around the Lang's. There are a lot of factors that must be taken into consideration when doing this. It was discussed in length. Ken distributed a print out estimate of \$650,000 to the Board to build a 6 inch forced main, with a distance of a mile and ¼, this was only an estimate. The new line will service approximately 1200 customers. A smaller system may be used but would only be saving about \$100,000. Ken stated his concern about this project. The chairman raised the

question as if this work at Lakeland Terrace would fix the problem or would it be in need of repair in 10 years or so. A total replacement was discussed. A problem with this project is the bank; there is really no place to put the lines. Due to a court order to fix this problem it needs to be addressed. Ken would like direction from the Board. The question was raised if Bridgeport was going to take this system, etc. Evan voiced his opinion on paying for the development. There will be close to a million dollars that will need to be spent on this project that will be absorbed by the customers. You can get a loan right now for zero percent. We are receiving around \$8,000 from Lakeland Terrace a month. There was a lengthy discussion on this matter.

Ken needs approval from the Board to proceed to make an amendment to the sewage plant that we now have in, isolating certain areas, and to do the rehab work. Jodi did not think that the rate increase of \$5.00 per customer is feasible. Jodi believes that there are certain growth potentials in that area. The Board is hoping for some financial help from the Lang Brothers, they did not want to be in the city of Bridgeport. They have come to us for the sewage because Bridgeport wants them to be annexed and they do not want to be annexed. Greg stated that if we wait long enough Bridgeport will close us out and will have to put a plant there. If we get the Lang Brothers to build the line to Bridgeport, they would secure a loan. Jodi suggested doing a financial analysis to see which way would be better to do.

The Chairman said we needed to make sure we were not doing it as a favor for private people but for the improvement of that section of the county. We need to keep this project clean. We do not want perceived to this county that we are doing it just for the Lang Brothers. Greg and Bill H. agree that we need to do the additional line to get these 73 people hooked on. Jodi stated that he was in favor of infrastructure if this is going to be a growth area. The Chairman suggested that we get the accounting figures first. The DEP will give temporary limits to get this tank in. It was suggested to get the figures with the leach aid included.

Ken would like to know what direction to take on this study as to amend the facility plan or see what happens after Julie runs the figures and Bill and Tom talks to the PSC. The Board decided it would be better to wait until the figures were run etc. The Chairman stated that Jodi's idea of setting up infrastructure was vital.

## **GENERAL MANAGERS REPORT**

### ***Water Loss Report for the Year***

Valley/Good Hope	18.35%
Lost Creek/Mount Clair	30.35%
Quiet Dell	18.48%

Bill H. gave us an update on the water, American Leak detection has yet to finish on Lost Creek and 270, he has a bit more to do, has found two significant leaks there. The telemetry is up and running now. The Overlook and Johnstown are functional.

The Health Department completed their yearly study of our system, we are awaiting their written report. Mike Hawranick from Philippi came down and checked the lift stations and paper work and such. We did not have a meter in the pump house. He will let us know of his recommendations.

On Brushy Fork still have not heard from PSC, or put a date on the hearing from the ALJ on the 16 to 20 complaints about the rate increase. Brad Thomas filed a formal complaint, stating that nobody would talk to him (he is at the proposed tank site; he does not want us there). Thrasher and Tom will set a meeting up to talk to this man.

The Overlook tank has quit leaking. Bill has not heard anything from Bryan on the sewer extension. The hand held unit went bad and we had to buy another. Bill presented a sewer permit for Phase 2 for Laurel Park, Country Club and Mount Clair, they need to redo it to be signed. The PSC did not like the proposed rate. The question was raised as to hire Tetrick and Bartlett to do the 04-05 audit.

*Evan moved to employee Tetrick and Bartlett to do the 2004-2005 audit. Jodi seconded, having no further discussion, all in favor, motion carried.*

A pump went bad on Route 19, but Bill H. said he believed it was a warranty item. The main office building is starting to separate, on all four corners the block is separating and will soon fall off. We had a \$8,000 estimate to come and fix the building. There is a safety concern.

Bill H. had an extensive conversation with Richard Barnett regarding the Woodstock Heights Pond and the problems we have had over the last 3 or 4 months. Richard got a complaint from a lady regarding the fence. Bill did not get an estimate yet.

The Stark hearing is set for Monday, July 18, 2005. Mr. Turner did not appeal his condemnation hearing. They had the hearing on Turners back porch. The settlement on the Turners were \$156.00, the commissioners awarded them an extra \$30.00 totaling \$186.00

Bill H., Bertis, and Evan will be conducting interviews for meter reader tomorrow. There are 5 people coming in for interviews. We have a list of 13 questions that will be asked.

Regarding Jane Lew the tank has not been painted yet, there is some line work going on.

## FINANCIAL REPORT

Carolyn presented the check register for the sewer division. Check numbers 10762-10876.

*Greg moved to approve check numbers 10762-10876 for the sewer division, Jodi seconded, no further discussion, all in favor motion carried.*

Carolyn presented the check register for the water division. Check numbers 2801-2848.

*Evan moved to approve check numbers 2801- 2848 for the water division, Jodi seconded, no further discussion, all in favor motion carried.*

Carolyn explained that the health insurance invoice is up a little bit this month due to the annual administration fee, which is \$50.00 per covered employee.

The election for the Board members for the new year took place.

*Greg moved that Bill C. would be re-elected to Chairman, Jodi seconded, no further discussion, motion carried.*

Jodi volunteered to serve as Vice-Chairman for the Greater Harrison County Public Service District. Greg will serve as secretary, and Evan will remain Treasurer.

*Greg moved that the Board give Bill H. a 3% cost of living allowance and start an evaluation program starting July 1, Jodi seconded, no further discussion, all in favor, motion carried.*

The next scheduled meeting will be August 17, 2005. Having nothing further the meeting stands adjourned.

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

A RESOLUTION OF THE PUBLIC SERVICE BOARD OF LOST CREEK-MT. CLARE PUBLIC SERVICE DISTRICT AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF FACILITIES FOR THE DISTRIBUTION OF WATER WITHIN THE SAID DISTRICT AND, TO THAT END, AUTHORIZING THE ISSUANCE OF SERIAL REVENUE BONDS IN THE TOTAL PRINCIPAL AMOUNT OF \$330,000; PROVIDING FOR THE PAYMENT OF SAID BONDS AS TO PRINCIPAL AND INTEREST AND ESTABLISHING THE SECURITY THEREFOR; PROVIDING FOR THE RIGHTS OF THE HOLDERS OF SAID BONDS; AUTHORIZING THE ISSUANCE OF ADDITIONAL BONDS UNDER SPECIFIED CONDITIONS; AND FOR OTHER PURPOSES

WHEREAS, Lost Creek-Mt. Clare Public Service District (hereinafter sometimes called the "District") in Harrison County, West Virginia, has heretofore been duly created and is now organized and operating under the provisions of West Virginia Code, Chapter 16, Article 13A, and the Public Service Board of said District has heretofore been appointed and approved by the County Court of Harrison County, West Virginia, and is now functioning as the governing body of said District, having the duties, powers, and authority as provided by said law; and

WHEREAS, the Public Service Board of said District (hereinafter sometimes called the "Board") has heretofore determined the necessity and advisability of constructing a water distribution system (herein sometimes called "Water-works System") within said District in order to supply adequate water facilities for said District and its inhabitants for agricultural, industrial, public, and private uses; and

WHEREAS, under the provisions of said West Virginia Code, Chapter 16, Article 13A, said District is authorized and empowered to construct and operate such Water-works System, and to issue revenue bonds payable as hereinafter provided for the revenues derived from such operation for the purpose of providing funds for such construction; and

WHEREAS, the District has been approved for a development grant from the Farmers Home Administration in the amount of \$ 235,000 and desire and intend that provisions be made in and by this resolution for the issuance of serial revenue bonds in the total amount of \$ 330,000

which will be used with the grant funds to pay the costs of the Water-works System, and to provide for the payment of said bonds and interest thereon and to set forth the conditions and restrictions upon which such bonds and any additional bonds ranking on a parity therewith are to be and may be issued and outstanding; and

WHEREAS, the Board has determined to secure insurance for the payment of the principal and interest of said bonds by the United States of America, acting through the Farmers Home Administration, U. S. Department of Agriculture (hereinafter called the "Government") pursuant to the provisions of the Consolidated Farmers Home Administration Act of 1961, and accordingly to provide herein those covenants and provisions required therefor by the Government; the Board having further determined that, in the absence of such insurance by the Government, the District is unable to obtain sufficient credit elsewhere to finance the Water-works System taking into consideration prevailing private and cooperative rates and terms currently available;

This bond does not in any manner constitute an indebtedness of the District within the meaning of any constitutional or statutory limitation and is payable and collectible solely out of the net income derived from the operation of the District's Water-works System. Payment of this bond and the interest thereon shall be made solely from, and as security for such payment therein pledged, pursuant to a resolution adopted and approved \_\_\_\_\_, 19\_\_\_\_, a special fund identified as the "Lost Creek-Mt. Bonds in addition to this bond, subject to designated conditions, may be issued and made payable from said net revenues of the Water-works System and having a lien thereon a parity with the lien, of said bond in accordance with the provisions of said resolution.

The District covenants and agrees with the registered holder of this bond and with each and every person who may become the owner hereof that it will keep and perform all of the covenants of said resolution, including, without limiting the generality of the foregoing, its covenant against the sale or mortgage of said Water-works System or any part thereof and including

its covenant that it will fix, maintain and collect rates for services rendered by said Water-works System sufficient to produce revenues or earnings sufficient to pay the annual operation and maintenance expenses, the cost of a repair and replacement fund, and the principal of and interest on the bond and any other obligations payable from the revenues of said Water-works System, including the reserves provided by said resolution.

On and after five years from the date of said bond the District shall have the right to call the bond for retirement on any interest due date by payment of the entire principal amount of said bond plus accrued interest thereon by giving 30 days notice of the call of the bond by certified mail to the registered owner of the bond, or so long as the bond is insured by the Government by notice mailed at least 40 days prior to the date fixed for redemption to the Director, Finance Office, Farmers Home Administration, United States Department of Agriculture, 1520 Market Street, St. Louis, Missouri, 63103, or to such other address as the Government may designate.

If and for so long as payment of principal and interest of this bond is insured by the Government, each successive holder of this bond shall be conclusively presumed to have appointed and accepted the Government as his collection agent to receive, and receipt in the Government's name for, payments of interest on and principal of this bond. As between the holder and the District, for the purposes of the provisions of this bond and the authorizing resolution, such insurance by the Government shall be conclusively presumed to be and remain in effect so long as a notice of insurance endorsement, executed by the Government, appears on the back of this bond, or until a designated effective date of cancellation of such insurance specified in a cancellation endorsement executed by the Government.

This bond is exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

This bond is transferable as provided in the resolution by the registered holder hereof only upon books kept by the Bond Registrar.

It is hereby certified, recited, and declared that all acts, conditions, and things required to exist, happen and be performed precedent to and in the issuance of this bond have existed, have happened, and have been performed in due time, form and manner as required by law, that the amount of this bond, together with all obligations of the District, does not exceed any limits prescribed by the Constitution and statutes of the State of West Virginia, and that a sufficient portion of the net operating income of the Water-works System of the District has been pledged to and will be set aside into the Bond Fund for the prompt payment of the installments of the principal of and interest on this bond.

A. Operation and Maintenance Fund. As a first charge on the Revenue Fund, there shall be set aside each month as an operation and maintenance fund for the Water-works System such sums as the Board shall determine in accordance with an approved budget to be necessary for operation and maintenance expenses. Any surplus remaining at the end of the fiscal year and not needed for operation and maintenance purposes shall remain in the operation and maintenance fund and be used for the purposes of such fund.

B. Bond Fund. Subject to the provisions of Paragraph A of this Section 13, and as a second charge on said Revenue Fund, there shall be deposited monthly into a bank account hereby created and to be known as the "Lost Creek-Mt. Clare Public Service District Revenue Bond and Interest Sinking Fund", commencing as soon as revenues are available from the Water-works System, an amount which together with equal subsequent monthly deposits will provide a sum equal to the amount necessary to pay the next maturing installment of principal and interest on the bonds hereby authorized.

C. Reserve Fund. Subject to the provisions of Paragraph A and B of this Section 13, and as a third charge on the said Revenue Fund, there shall be transferred monthly a sum at least equal to not less than twenty percent (20%) of the total amount deposited monthly into the Bond Fund as provided by paragraph B of this Section 13, into a separate fund hereby created to be known as the "Lost Creek-Mt. Clare Public Service District Water-works System Revenue Bond Reserve Fund", until a reserve has been accumulated in an amount equal to not less than Sixteen Thousand Five Hundred Dollars (\$16,500.00) herein designated as the "Minimum Reserve", and thereafter such amount or amounts, if any, shall be deposited monthly from any moneys remaining in the Revenue Fund into the Reserve Fund necessary to maintain the Reserve Fund as a continuing reserve in an amount not less than the specified minimum reserve to meet possible deficiencies in the Bond Fund. No payment need be made into the Reserve Fund so long as the moneys therein shall equal not less than the minimum reserve. The moneys in the Reserve Fund shall be accumulated and

maintained as a continuing reserve and shall be used only to prevent deficiencies in the payment of the principal of or interest on the bond hereby authorized resulting from the failure to deposit into the Bond Fund sufficient funds to pay said principal and interest as the same shall accrue.

D. Defraying Delinquencies in Bond Fund. If, in any month, the Board shall, for any reason, find it necessary to use money from the Reserve Fund to pay any installment of principal of or interest on said bond, the money so used shall be replaced in the Reserve Fund from the first revenues thereafter received from the operation of the system not required to be otherwise applied. If, in any month, the Board shall, for any reason, fail to pay into the Bond Fund, the full amount above stipulated from the Revenue Fund, the difference between the amount paid and the amount so stipulated shall in a like manner be paid therein from the first revenues thereafter received from the operation of the system not required to be otherwise applied. The moneys in the Bond Fund shall be used solely and only for the purpose of paying the principal of and the interest on the bonds issued hereunder; provided, however, that any moneys at any time in excess of the Minimum Reserve provided in the Reserve Fund may be withdrawn therefrom and used as herein provided for the prepayment of installments on the bonds hereby authorized.

E. Repair and Replacement Fund. After satisfying the requirements of paragraphs A, B, C and D of this Section 13, from any money then remaining in the Revenue Fund, there shall be deposited into an account to be known as "Lost Creek-Mt. Clare Public Service District Water-works System Repair and Replacement Fund", not less than One Hundred Thirty Five Dollars (\$135.00) monthly until such Repair and Replacement Fund equals Sixteen Thousand Two Hundred Dollars (\$16,200.00). Withdrawals may be made from said Replacement and Repair Fund only for the purpose of repairs, replacements of equipment and any expenditure necessary to the efficient operation of the system. In the event funds in the Bond Fund (Section 13B hereof) and Reserve Fund (Section 13C hereof) should be reduced below the amount required to meet the current

debt service plus the said reserve of Sixteen Thousand Five Hundred Dollars (\$16,500.00), the funds on deposit in the Repair and Replacement Fund may be transferred to the Bond Fund to the extent required to eliminate the deficiency in said Bond Fund.

F. Payment for Additional Obligations. Any balance remaining in the Reserve Fund, after making the payments hereinafter provided, may be used by the Board for the payment of interest on and the principal of additional bonds or other obligations hereafter authorized to be issued and payable from the revenues of the Water-works System, including reasonable reserves therefor, as the same accrue; provided that the lien of such additional bonds or other obligations on the net income and revenues of the Water-works System and the pledge thereof for the payment of such additional obligations shall be on a parity with, or subordinate to, the lien and pledge of the bond herein authorized, as hereinafter provided.

G. Places and Times of Deposits. Each of the funds and accounts hereinabove designated in Sections 12 and 13 hereof, shall be maintained and kept separate from all other funds and accounts in an insured bank. Each monthly payment shall be made into the proper fund and account not later than the fifteenth day of each month, except that when the fifteenth day of any month shall be a Sunday or a legal holiday, then such payment may be made on the next succeeding secular day.

H. Fiscal Year Budget. Prior to December 1st of each year beginning December 1st, 1967, the Board will prepare a budget for the ensuing fiscal year of the Water-works System covering prospective revenues and receipts, operation and maintenance expenses, and deposits to be made during such fiscal year in the Bond Fund (Section 13B), the Reserve Fund (Section 13C), and the Repair and Replacement Fund (Section 13E). A copy of such budget will be forwarded promptly to the State Director of the Farmers Home Administration or other official designated by the Government and a copy will be made available to any holder of the bond who shall request the same.

Section 14. Additional Bonds.

A. Approved by Government. That the District shall not incur any additional indebtedness to be paid from a pledge of the revenues of the Water-works System, without the prior written approval of the State Director of the Farmers Home Administration for the State of West Virginia, so long as any part of the bonds issued under this resolution remains unpaid.

B. Limitations upon Issuance of Parity Obligations.  
That nothing in this resolution contained shall be construed in such a manner as to prevent the issuance of parity obligations, but so long as the bonds hereby authorized are issued by the Government, with prior approval of the State Director of the Farmers Home Administration, by the District of additional bonds or other obligations payable from the income or any revenues derived from the operation of the Water-Works System and constituting a lien upon said revenues on a parity with, but not prior nor superior to, the lien of the bonds herein authorized, or to prevent the issuance of bonds or other obligations refunding all or a part of the bonds herein authorized, provided, however, that the Board is not, and has not been, in default as to any payment required to be made in Section 13 hereof for a period of not less than twenty-four months immediately preceding the issuance of such additional bonds or other obligations, or if the bonds herein authorized have not been issued and outstanding for a period of at least twenty-four months, for the longest period any of the bonds herein authorized have been issued and outstanding; and provided, that before any such additional parity bonds or other parity obligations are authorized or actually issued, other than refunding bonds or other refunding obligations (unless any lien on any revenues of the Water-work System of the obligations refunded is subordinate to the lien of the bond here in authorized and the lien on revenues of the Water-works System of the re-funding obligations is on a parity with the lien thereon of the bond herein authorized) the annual earnings derived from the operation of the Water-works

System for the fiscal year immediately preceding the date of the issuance of such additional parity obligations shall have been sufficient to pay the costs of operation and maintenance of the Water-works System for said fiscal year, and, in addition, sufficient to pay an amount representing one hundred fifty percent (150%) of the average annual principal and interest requirements (herein referred to as the "debt service" requirements) on the then outstanding revenue bonds and other obligations of the District payable from the revenues of the Water-works System; and provided further, that the estimated average annual earnings of said Water-works System for the life of the then outstanding revenue bonds and the proposed revenue bonds, all payable from the revenues of the Water-works System, shall have been sufficient to pay the estimated average annual costs of operation and maintenance of the Water-works System for the life of both the then outstanding and the proposed revenue bonds, and, in addition, sufficient to pay an amount representing one hundred fifty percent (150%) of the debt service requirements of the then outstanding revenue bonds combined with the debt service requirements of the proposed additional revenue bonds; provided, further, that the annual earnings derived from the operation of the Water-works System need not equal 150% of the debt service requirements of the outstanding and the proposed additional revenue bonds or other obligations in the event the Government is the purchaser or the insurer of any such additional bonds or obligations.

C. Certification and Estimation of Earnings. A written certification by a Certified Public Accountant that said obligation, when adjusted as hereinafter provided, are sufficient to pay said amounts, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver said additional bonds or other obligations on a parity with the bonds herein authorized. Any necessary estimate of future earnings of the Water-works System shall be prepared by a consulting engineer.

D. Consideration of Additional Expenses. In determining whether or not additional parity bonds or other parity obligations may be issued as aforesaid, consideration shall be given to any probable increase (but not reduction) in operation and maintenance expenses that will result from the expenditure of the funds proposed to be derived from the issuance and sale of the said bonds or other obligations.

E. Junior Obligations Permitted. Nothing herein contained shall be construed so as to prevent the District from issuing bonds or other obligations payable from the revenues of the Water-works System and having a lien thereon subordinate, inferior and junior to the lien of the bonds authorized to be issued by this resolution; provided, however, that so long as the bonds authorized hereby are insured by the Government prior written approval is obtained from the State Director of the Farmers Home Administration

F. Superior Obligations Prohibited. Nothing herein contained shall be construed so as to permit the District to issue bonds or other obligations payable from the revenues of the Water-works System and having a lien thereon prior and superior to the bonds herein authorized to be issued.

Section 15. Refunding Bonds. That the provisions of Section 14 hereof are subject to the exception that if at any time after the bonds or other obligations herein or hereafter authorized, or any part thereof shall have been issued, the Board shall find it desirable to refund said bonds or other obligations, said bonds or other obligations or any part thereof, may be refunded (but only with the consent of the holder or holders thereof, unless the bonds or other obligations have matured, or are then callable for prior redemption, and have been properly called), without changing the priority of the lien for the payment of the refunding obligations on the revenues of the Water-works System, except as provided in Paragraph B of Section 14 hereof; and the refunding bonds or other obligations so issued shall enjoy complete equality of lien with the portion of said bonds or other obligations which is

not refunded, if any there be; and the holder or holders of the refunding bonds or other obligations shall be subrogated to all of the rights and privileges enjoyed by the holder or holders of the bonds or other obligations refunded thereby; provided, however, that if only a part of the outstanding bonds or other obligations is refunded, and if such bonds or other obligations are refunded in such manner that the interest rate thereof is increased or if any refunded obligation matures at an earlier date than the maturity date of the corresponding obligations refunded thereby, then such obligations may not be refunded without the consent of the holder or holders of the unrefunded portion of said obligation; and that the refunding bonds or other obligations shall either be sold for cash at not less than the par value and accrued interest, and the proceeds thereof shall be used to pay the obligations refunded, or if so permitted by law, and then only with the consent of the holder or holders of the obligations refunded, the refunding obligations shall be delivered dollar for dollar in exchange for the bonds or other obligations refunded.

Section 16. Protective Covenants. That the District hereby covenants and agrees with each and every holder of the bonds issued hereunder:

A. Use of Bond Proceeds. That the District will proceed without delay, to acquire and construct the Water-works System, as herein above provided.

B. Use Charges. That while the bond authorized herein remains outstanding and unpaid, the rates for all services rendered by the Water-works System to all consumers within or without the boundaries of the District shall be reasonable and just, taking into account and consideration the cost and value of the Water-works System and the proper and necessary allowance for the depreciation thereof and the amounts necessary for the retirement of the bonds and other securities or obligations payable from the revenues of the system, the accruing interest thereon, and reserves therefor; and there shall be charged against all purchasers of service, such rates and

amounts as shall be adequate to meet the requirements of this and the preceding sections hereof, and which shall be sufficient to produce revenues or earnings annually to pay the annual operation and maintenance expenses, the costs of all essential replacements and repair, the principal of and interest on the revenue bonds, and any other obligations payable from the revenues thereof, plus reserves therefor, all of which revenues derived from the operation of the Water-works System shall be subject to distribution in accordance with provisions of Section 13 and that no free service or facilities shall be furnished by the Water-works System to anyone.

C. Levy of Charges. That the District will, prior to the delivery of the Revenue Bonds herein authorized, fix, establish and levy the rates and charges which are required by Section 16B hereof. No reduction in the initial rate schedule for the Water-works System may be made unless:

1) The District has fully complied with all of the provisions of Sections 12 and 13 of this resolution for at least the full calendar year immediately preceding such proposed reduction of the initial rate schedule; and

2) The Reserve Fund provided in Section 13 has been built up to the required minimum reserve of Sixteen Thousand Five Hundred Dollars (\$16,500.00); and the Repair and Replacement Fund provided in Section 13E has been built up to the required minimum of Sixteen Thousand Two Hundred Dollars (\$16,200.00); and

3) The amount required to be made by the Certified Public Accountant by Section 16G of this resolution for the full fiscal year immediately preceding such proposed rate reduction discloses that the estimated revenues which would result from the proposed rate schedule will be sufficient to produce adequate revenues or earnings annually to pay the annual operation and maintenance expenses, the costs of all essential replacements and repairs to the Water-works System, the principal of and interest on the Revenue Bonds, and any other obligations payable annually from the revenues of the Water-works

System, and provide payments for the reserve fund required by this resolution;  
and

4) The prior written approval of the State Director of the Farmers Home Administration has been obtained, so long as the revenue bonds issued hereunder are issued by the Government.

D. Efficient Operation. That the District will operate the Water-works System, so long as the bonds herein authorized are outstanding, will maintain said Water-works System in efficient operating condition and will make such improvements, extensions, enlargements, repairs and betterments thereto as may be necessary or advisable to insure its economical and efficient operation at all times.

E. Records. That so long as the Bonds remain outstanding, proper books of record and account will be kept by the District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the system. Such books shall include (but not necessarily be limited to) monthly records showing:

- 1) The number of customers
- 2) The total revenues received from charges to customers
- 3) A detailed statement of the expenses of the system

F. Right to Inspect. That any holder of the bonds, or any duly authorized agent or agents of such holder, or representative of Farmers Home Administration, shall have the right at all reasonable times to inspect all records, accounts and data relating thereto, and to inspect the system and all properties comprising the system.

G. Audits. That the District further agrees that it will within sixty days following the close of each fiscal year, cause an audit of such books and accounts to be made by a Certified Public Accountant, showing the receipts and disbursements for the account of the Water-works System, and that such audit will be available for inspection by any holder of

the bonds. Each audit, in addition to whatever matters may be thought reasonable, shall include in detail the financial condition and records of the District and the Water-works System, including the rates, number and type of connections and the status of the several funds herein before created, and a list of the insurance policies in force at the end of the fiscal year, setting out as to each policy the amount of the policy, the risks covered, the name of the insurer and the expiration date of the policy. All expenses incurred in the making of the audits and reports required by this section shall be regarded and paid as a maintenance and operation expense. The District agrees to furnish forthwith a copy of each of such audit and report to the State Director of the Farmers Home Administration and to any bond holder upon request after each such audit and report has been prepared, and that any such holder shall have the right to discuss with the accountant or person taking the audit and report the contents thereof and to ask for such additional information as he may reasonably require.

H. Billing Procedure. That all bills for water service or facilities furnished by or through the Water-works System shall be rendered to customers monthly and shall be due on the date rendered. Ten percent (10%) shall be added to the net amount of each bill not paid in full within ten (10) days after the date of the bill; and in the event said bills are not paid within sixty (60) days after the date rendered, water and water service shall be discontinued, and the rates and charges due shall be collected in a lawful manner. The District shall have a lien on each lot or parcel of land served by said Water-works System for charges imposed for all services rendered by said Water-works System. Notices of such liens shall be filed and liens shall be enforced as provided by the laws of West Virginia.

I. Charges and Liens, Revenues and Water-works.  
That from the revenues of the Water-works System, the District will pay all taxes and assessments or other municipal or governmental charges, if any, lawfully levied, assessed upon or in respect to said Water-works System or any

part thereof, when the same shall become due; and it will duly observe and comply with all valid requirements of any municipal or governmental authority relative to any part of the Water-works System; and the District will not create or suffer to be created any lien or charge upon the Water-works System or upon the revenues therefrom except as permitted by this resolution, and it will make adequate provision to satisfy and discharge within sixty days after the same shall accrue, all lawful claims and demands for labor, materials, supplies or other objects, which, if unpaid, might by law become a lien upon the Water-works System or upon the revenues therefrom; provided, however, that nothing herein shall require the District to pay or cause to be discharged, or make provision for any such tax assessment, lien or charge before the time when payment thereof shall be due or so long as the validity thereof shall be contested in good faith by appropriate legal proceedings.

J. Insurance. That the District, in its operation of the Water-works System, will carry fire and extended coverage insurance, workmen's compensation insurance, if required by State Law, and public liability insurance and other types of insurance in such amounts and to such extent as is normally carried by private corporations operating public utilities of the same type. The cost of such insurance shall be considered one of the operation costs of the system. In the event of property loss or damage, insurance proceeds shall be used first for the purpose of restoring or replacing the property lost or damaged, any remainder shall be treated as net income, and shall be subject to distribution in the manner provided hereinabove in Section 13 hereof, for net income and revenues derived from the operation of the system.

K. Competing System. That as long as the bonds hereby authorized are outstanding, the District shall not permit (except as it may legally be required to do so) any person, association, firm or corporation to distribute and sell domestic water, water service or facilities, to any consumer, public or private, within the area served by the Water-works System.

L. Alienating System. That the District will not sell, lease, mortgage, pledge, or otherwise encumber, or in any manner dispose of, or otherwise alienate, the Water-works System, or any part thereof, including any and all extensions and additions that may be made thereto, until the bond herein authorized to be issued shall have been paid in full, both principal and interest, except that so long as the bond is insured by the Government, the District, with prior written approval of the State Director of the Farmers Home Administration, may sell any portion of said property which shall have been replaced by other property of at least equal value, or which shall cease to be necessary for the efficient operation of the system, but in no manner nor to such extent as might prejudice the security for the payment of the bonds herein authorized, provided, however, that in the event of any sale as aforesaid, the proceeds of such sale shall be distributed as net income of the system in accordance with the provisions of Section 13 hereof.

M. Surety Bonds. That each official or other person having custody of any funds derived from operation of the Water-works System or responsible for their handling, shall be bonded for the full faithful performance of his duties in an amount at least equal to the total funds in his custody at any one time. The cost of each such bond shall be considered one of the operating costs of the Water-works System. The Surety Company shall be approved by the Farmers Home Administration, and the United States of America shall be named as co-obligee.

N. Competent Management. That the District shall employ experienced and competent management personnel for the Water-works System. In the event of default on the part of the District in paying principal or interest on said bonds promptly as each falls due, or in the keeping of any covenants herein contained, and if such default shall continue for a period of sixty days, or if the net revenues of the system in any fiscal year should fail to equal at least the amount of the principal of and interest

on the revenue bond and other obligations (including all reserves therefor specified in this resolution) payable from said net revenues in that fiscal year, the District shall retain a firm of competent management engineers skilled in the operation of water systems to assist the management of the Water-works System so long as such default continues or the net revenues are less than the amount hereinabove designated.

O. Performing Duties. That the District will faithfully and punctually perform all duties with respect to the Water-works System required by the Constitution and laws of the State of West Virginia and the resolution of the District, including but not limited to the making and collecting of reasonable and sufficient rates and charges for services rendered or furnished by the system as hereinbefore provided, and the proper segregation of the revenues of the Water-works System and their application to the respective funds.

P. Other Liens. That other than as provided by this resolution, there are no liens or encumbrances of any nature whatsoever, on or against the Water-works System or the revenues derived, or to be derived from the operation thereof.

Q. District's Existence. That the District will maintain its corporate identity and existence so long as any of the bonds herein authorized remain outstanding.

R. Completion Bonds. That in order to insure the completion of the Water-works System, and to protect the holder of the bond, the District will require that the contractor, to whom is given any contract for construction appertaining to the Water-works System, furnish to the District a completion bond or bonds satisfactory to the District and the Government, and that any sum or sums derived from such completion bond or bonds shall be used within six months after such receipt for the completion of said construction, and if not so used within such period, shall be placed in and be subject to the provisions of the Revenue Fund provided for herein.

Section 17. Events of Default. That each of the following events is hereby defined as an "event of default":

A. Nonpayment of Principal and or Interest. If payment of any bond when due or interest of the bonds herein authorized to be issued shall not be made when the same shall become due and payable, or within 30 days thereafter.

B. Incapable to Perform. If the District shall for any reason be rendered incapable of fulfilling its obligations hereunder.

C. Default of any Provision. If the District shall make default in the due and punctual performance of its covenants or conditions, agreements and provision contained in the bonds and in this resolution on its part to be performed, and if such default and notice requiring the same to be remedied shall have been given to the District by the holder of the bonds.

Section 18. Remedies for Defaults. That upon the happening and continuance of any of the events or default as provided in Section 17 of this resolution, then, and in every case, the Government as insurer of the bonds may proceed against the District, its governing body, and its agents, officers and employees to protect and enforce the rights of the holder of the bonds under this resolution by mandamus or other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any power, legal or equitable remedy as may be deemed most effectual to protect and enforce the rights aforesaid, or thereby to enjoin any act or thing which may be unlawful or in violation of any such right or to require the governing body of the District to act as if it were the trustee of an expressed trust, or any combination of such remedies. Any receiver appointed in any proceedings to protect said

rights the consent to any such appointment being hereby expressly granted, may enter and take possession of the Water-works System, operate and maintain the same, prescribe rates, fees or charges and collect, receive and apply all revenues arising after the appointment of such receiver in the same manner as the District itself might do. The failure so to proceed shall not relieve the District or any of its officers, agents or employees of any liability for failure to perform any duty. Each such right or privilege of the bond holder (or trustee thereof) is an addition and cumulative to any other right or privilege, and the exercise of any such right or privilege shall not be deemed a waiver of any other right or privilege thereof.

Section 19. Compensation of Board Members. The District hereby covenants and agrees that the total annual salaries to be paid to the members of its Board shall not exceed the sum of \$500.00 in any one year, and shall be allocated only by resolution enacted by the Board. The District further covenants and agrees that the aggregate salaries paid to all employees shall not exceed the amount paid for similar work to employees of comparable water systems.

Section 20. Amendment of Resolution. That this resolution may be amended or supplemented by resolution adopted by the Board in accordance with the laws of the State of West Virginia, but no such amendment or supplement by way of resolution or otherwise shall be adopted so long as the bond is insured by the Government without the prior written consent of the State Director of the Farmers Home Administration.

Section 21. "Equal Opportunity for Employment". In the letting of construction contracts and otherwise as may be applicable, the District covenants that it will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and the rules, regulations and relevant orders of the Secretary of Labor of the United States of America, and for that purpose the Chairman and Secretary are hereby authorized and directed to require compliance

therewith, and to that end to execute such documents as may be required by representatives of the Government.

Section 22. Severability Clause. That if any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this resolution.

Section 23. Repealer Clause. All resolutions and orders or parts thereof in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

Section 24. Resolution a Contract Subject to Enabling Acts and Regulations. The provisions of this resolution are subject to the West Virginia Code, Chapter 16, Article 13A, and the applicable regulations of the Farmers Home Administration and shall constitute a contract between the District and the Government so long as the bonds are insured by the Government.

Section 25. Effective Date. This resolution shall be effective immediately upon its adoption.

Passed, ratified and adopted, in meeting duly assembled, this  
29th day of September, 19 66.

RESOLUTION AUTHORIZING THE ISSUANCE OF \$305,000 WATER REVENUE BOND, SERIES 1974, OF LOST CREEK-MT. CLARE PUBLIC SERVICE DISTRICT ON A PARITY WITH THE 1966 BONDS TO FINANCE CONSTRUCTION OF IMPROVEMENTS FOR THE EXISTING WATERWORKS; DEFINING AND PRESCRIBING THE TERMS AND PROVISIONS OF THE BOND; PROVIDING GENERALLY FOR THE RIGHTS AND REMEDIES AND SECURITIES OF THE HOLDER OF THE BOND AND FOR A STATUTORY MORTGAGE LIEN UPON THE WATERWORKS IN FAVOR OF THE HOLDER OF THE BOND; AND PROVIDING WHEN THIS RESOLUTION SHALL TAKE EFFECT

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF LOST CREEK-MT. CLARE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code and other applicable provisions of law. Lost Creek-Mt. Clare Public Service District (herein called the "District") is a public service district created pursuant to said Article 13A by the County Court of Harrison County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The District now owns and operates a public waterworks system, which system should be improved and extended to serve additional users. The District purchases water under contract with the City of Clarksburg.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the District, and, accordingly, it is hereby ordered, that there be constructed and acquired improvements and extensions for the existing water-

works system of the District, consisting of transmission and distribution lines, pumping stations and storage tanks, with all necessary appurtenant facilities (herein called the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board of the District (herein called the "Board").

(C) It is necessary for the District to issue its revenue bond in the principal amount of \$305,000 to finance the costs of acquisition and construction of the Project in the manner hereinafter provided.

(D) The estimated maximum cost of the construction of the Project is \$305,000, all which will be obtained from the proceeds of sale of the Series 1974 Bond herein authorized.

(E) The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Series 1974 Bond prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized by this resolution.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

ARTICLE II

AUTHORIZATION, TERMS, EXECUTION,  
REGISTRATION AND ISSUE OF SERIES  
1974 BOND

Section 2.01. Authorization of Series 1974 Bond. Subject and pursuant to the provisions of this Resolution, the Bond of the District, to be known as "Water Revenue Bond, Series 1974", is hereby authorized to be issued in the aggregate principal amount of not exceeding Three Hundred Five Thousand Dollars (\$305,000) for the purpose of financing the cost of the construction and acquisition of the Project.

Section 2.02. Description of Series 1974 Bond. The Series 1974 Bond shall be issued in single form, No. 1, and shall be dated on the date of delivery. The Series 1974 Bond shall bear interest from date, payable monthly at the rate of five per centum (5%) per annum, and shall be sold for the par value thereof.

The Series 1974 Bond shall be subject to prepayment of scheduled installments, or any portion thereof, at the option of the District, and shall be payable as provided in the bond form hereinafter set forth.

Section 2.03. Execution of Series 1974 Bond. The Series 1974 Bond shall be executed in the name of the District by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary. The Series 1974 Bond may be signed and sealed on behalf of the District by such person as at the actual time of the execution of such Series 1974 Bond shall hold the proper office on the Board, although at the date of such Series 1974 Bond such person may not have held such office or may not have been so authorized.

Section 2.04. Bond Mutilated, Destroyed, Stolen or Lost. In case the Series 1974 Bond shall become mutilated or be destroyed, stolen or lost, the District may in its discretion issue and deliver a new Series 1974 Bond of like tenor as the Series 1974 Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such

mutilated Series 1974 Bond or in lieu of and substitution for the Series 1974 Bond destroyed, stolen or lost, and upon the holder's furnishing the District proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the District may require; provided, however, that no indemnity shall be required of the Government except as to lost or destroyed unregistered coupon Bonds, if any. The Series 1974 Bond so surrendered shall be canceled and held for the account of the District. If the Series 1974 Bond shall have matured or be about to mature, instead of issuing a substitute Series 1974 Bond, the District may pay the same, upon being indemnified as aforesaid, and, if such Series 1974 Bond be destroyed, stolen or lost, without surrender thereof.

Section 2.05. Bond Secured by Pledge of Revenues. The payment of the debt service of the Series 1974 Bond shall be secured forthwith by a first lien on the net revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for. The net revenues derived from the System in an amount sufficient to pay the principal of and interest on the Series 1974 Bond, and to make the payments of the principal and interest installments and otherwise as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Series 1974 Bond as the same become due, on a parity with the 1966 Bonds.

Section 2.06. Form of Series 1974 Bond. Subject to the provisions of this Resolution, the text of the Series 1974 Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted by this Resolution or any subsequent resolution adopted prior to the issuance thereof:

WATER REVENUE BOND, SERIES 1974

LOST CREEK-MT. CLARE PUBLIC SERVICE DISTRICT

\$305,000

No. 1

Date: \_\_\_\_\_

FOR VALUE RECEIVED, LOST CREEK-MT. CLARE PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (herein called the "Government"), at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Three Hundred Five Thousand Dollars (\$305,000), plus interest on the unpaid principal balance at the rate of five per cent (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Installments of interest only on the first day of each month for the first twelve months after the date hereof and \$1483, covering principal and interest, thereafter on the first day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the

Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks of the Borrower, is payable solely from the revenues to be derived from the operation of such waterworks after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the waterworks. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is on a parity, as to lien and source of and security for payment and in all other respects, with the Water-Works System Revenue Bonds, Series A, of the Borrower dated November 7, 1966, originally issued in the aggregate principal amount of \$330,000.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

SERIES 1974 BOND PROCEEDS; REVENUES  
AND APPLICATION THEREOF

Section 3.01. Series 1974 Bond Proceeds; Project Construction

Account. All moneys received from the sale of the Series 1974 Bond shall be deposited on receipt by the District in

, West Virginia, a member of Federal Deposit Insurance Corporation (herein called "FDIC"), in a special account heretofore created and designated as "Lost Creek-Mt. Clare Public Service District Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the District solely for the purposes provided in this Resolution.

Until completion of construction of the Project, the District will transfer from the Project Construction Account and deposit in the Bond Fund, not later than fifteen days prior to the next interest payment date, such sums as shall be from time to time required to pay the interest becoming due on the Series 1974 Bond on such interest payment date if moneys in the Bond Fund are insufficient for such purpose.

If the District shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the District may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall first be used to prepay installments of the Series 1974 Bond or a portion thereof and any residue shall be deposited in the Bond Fund.

Section 3.02. Covenants of the District as to Revenues and Funds. So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Account hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Series 1974 Bond and any additional parity Bonds remaining unpaid, together with interest accrued and to accrue thereon, the District further covenants with the holders of the Bonds as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the District in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Lost Creek-Mt. Clare Public Service District Revenue Fund" (herein called the "Revenue Fund"), established by the 1966 Resolution, is hereby continued with the bank named in Section 3.01 above. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the District and used only for the purposes and in the manner provided in this Resolution.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The District shall first each month set aside in the Operation and Maintenance Fund, established by the 1966 Resolution and now with said Bank, such sum as the Board shall determine, in accordance with its budget, to be necessary for operating expenses.

(2) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and pay to the office and place designated in the Bond (herein called the "Bond Fund") the amount required to pay the interest on the Series 1974 Bond and to amortize the principal of the Series 1974 Bond over the life of the Bond issue, in addition to payments into the Bond Fund established by the 1966 Resolution for the 1966 Bonds.

(3) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund established by the 1966 Resolution and now with said Bank, not less than 20% of the amount paid each month into the Bond Fund for the Series 1974 Bond until the amount in the Reserve Fund equals 5% of the Series 1974 Bond, which 5% is the sum of \$28,550. After such maximum amount has been accumulated in the Reserve Fund, the District shall monthly deposit in the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of maturing principal of and interest on the Series 1974 Bond and the 1966 Bonds and for payments of operating expenses of the System, as shall be required to maintain such maximum amount in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up, ratably, in the ratio of the original issue amounts, any deficiency for monthly payments of the principal of and interest on the 1966 Bonds and the Series 1974 Bond as the same shall become due or for prepayment of installments or for mandatory redemption of Bonds of all series as hereinafter provided, and for no other purpose.

(4) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Repair and Replacement Fund established by the 1966 Resolution and now with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Repair and Replacement Fund the aggregate sum of \$24,180 and thereafter such sums as shall be required to

maintain such amount therein. Moneys in the Repair and Replacement Fund shall be used, ratably, first to make up any deficiencies for monthly payments of principal of and interest on the 1966 Bonds and the Series 1974 Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Repair and Replacement Fund may be withdrawn by the District and used for repairs, replacements of equipment and improvements of the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Series 1974 Bond outstanding, or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the unpaid principal of the 1966 Bonds and the Series 1974 Bond outstanding, it shall be the mandatory duty of the District, anything to the contrary in this Resolution notwithstanding, to direct the said Bank to pay the unpaid principal amount of the 1966 Bonds and the Series 1974 Bond at the earliest practical date and in accordance with applicable provisions hereof, any such purchase to be at a price not exceeding the then market price of the 1966 Bonds and the 1974 Bond, but in no event exceeding the then redemption price, including interest accrued and to accrue to the date of prepayment.

The aforesaid Bank (and any successor appointed by the District) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund as herein provided, and all amounts required therefor will be deposited by the District upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used the Bondholder shall have a lien thereon for further securing payment of the 1966 Bonds and the Series 1974 Bond and the interest thereon. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of state and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to place the required amount in any of the funds or accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to those which would otherwise be required to be made into the funds or accounts on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and the Replacement Fund invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Reserve Fund, so long as the maximum amount required to be accumulated therein is on deposit and maintained therein, shall be paid annually into the Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The District may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Board determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Board will cause notice of the change to be sent by registered or certified mail to the Government.

(D) User Contracts. The District shall, prior to delivery of the Series 1974 Bond, obtain user agreements from not less than 108 new users in the area to be served by the Project, and shall collect and deposit in the Project Construction Account not less than \$2,160, based on a tap fee of \$20.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Bond Fund and the Reserve Fund therein a sum sufficient to pay when due, or redeem or purchase prior to maturity, the entire principal of the Series 1974 remaining unpaid, together with interest accrued and to accrue thereon and any applicable redemption premiums, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the District and the Bondholders.

Section 4.02. Rates. The District will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the average annual debt service on the Series 1974 Bond outstanding and to make the payments required herein into the Bond Fund, the Reserve Fund and the Replacement Fund and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System may be sold, mortgaged, leased, or otherwise disposed of only with written consent of the Government, and such consent will specify the disposition of any such sale or transfer.

Section 4.04. Covenant Against Encumbrances. The District shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to or equally as to lien on and source of and security.

for payment from such revenues with the Series 1974 Bond without express written consent of the Government.

Section 4.05. Insurance and Bonds. The District hereby covenants and agrees that so long as any of the Series 1974 Bond remains outstanding, it will, as an expense of operation and maintenance of the System, procure, carry and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured before issuance of the Series 1975 Bond, on all insurable portions of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the District will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The District will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the District during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from the operation of the System, such insurance to be in effect prior to issuance of the Series 1974 Bond.

(c) Vehicular Public Liability Insurance, in the event the District owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the District is operated for the benefit of the District, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in an accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others

which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each contractor or subcontractor, and such payment bonds will be filed with the Clerk of the County Court of said County prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such person at any one time.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Government holds any of the Bonds, the District will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the District and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 4.06. Statutory Mortgage. For the further protection of the holder of Series 1974 Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of the principal of any of the Series

1974 Bond either at the date therein specified for payment or by proceedings for redemption or otherwise;

(B) Failure to make payment of any installment of interest due on any of the Series 1974 Bond on the date specified for the payment of such interest;

(C) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the District in the Series 1974 Bond or in this Resolution, or violation of or failure to observe any provision of any pertinent law, provided any such failure or violation, excluding those covered in (A) and (B) above in this Section, shall continue for a period of thirty days after written notice shall have been given to the District by the holder of the Series 1975 Bond, specifying such failure or violation and requiring the same to be remedied.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, any Bondholder may proceed to protect and enforce the rights of the Bondholders by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by such Bondholder, such court may, upon proof of such default, appoint a receiver for the affairs of the District and the System. The receiver so appointed shall administer the System on behalf of the District, shall exercise all the rights and powers of the District with respect to its System and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Series 1974 Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing

on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than forty-five days prior to the beginning of each fiscal year, the District agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Board. Copies of each Annual Budget shall be mailed to the Government, to the original purchaser of the Bonds and to those Bondholders who shall have filed their names and addresses with the Secretary of the Board for such purpose.

If for any reason the District shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the District. Each such Budget of Current Expenses shall be mailed immediately as in the case of the Annual Budget.

Section 4.10. Compensation of Board Members. The District hereby covenants and agrees that no compensation for policy direction shall be paid to the members of its Board in excess of the amount permitted by the Act. Payment of any compensation to any member of the Board for policy direction shall not be made if such payment would cause the Net Operating Income to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision of this Resolution.

Section 4.11. Covenant to Proceed. The District hereby covenants to proceed as promptly as possible with the construction of the Project in

accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary of the Board on the date of adoption of this Resolution.

Section 4.12. Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System, and any holder of the Series 1974 Bond or the agent or representative thereof shall have the right at all reasonable times to inspect the System and all records, accounts and data of the District relating thereto.

Section 4.13. Maintenance of System. The District covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as any of the Series 1974 Bond is outstanding.

Section 4.14. Concerning Arbitrage. It is not reasonably expected that the proceeds of sale of the Series 1974 Bond will be invested in such a way as to violate the operating rules in the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(d) of the Internal Revenue Code of 1954, as amended. The Fiscal Agent is hereby expressly instructed not to violate such rules in investing such proceeds.

GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT

RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF IMPROVEMENTS AND EXTENSIONS TO THE EXISTING PUBLIC WATERWORKS SYSTEM OF GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE DISTRICT OF \$703,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 2004 A (WEST VIRGINIA INFRASTRUCTURE FUND); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF GREATER HARRISON COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Greater Harrison County Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Harrison County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed improvements and extensions to the existing public waterworks system of the Issuer, consisting of approximately four miles of water line extensions, an 80 gallon per minute booster station, fire hydrants, a 47,000 gallon storage facility to serve 52 new customers, together with all appurtenant facilities (the existing public waterworks facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Infrastructure Fund pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2004 A (West Virginia Infrastructure Fund) in the total aggregate principal amount of \$703,000 (the "Series 2004 A Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2004 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2004 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2004 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2004 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and

between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), in form satisfactory to the respective parties (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. The Issuer has merged with Lost Creek-Mt. Clare Public Service District, Quiet Dell Public Service District and Valley of Good Hope Public Service District, acquiring all their assets and assuming all their liabilities. Quiet Dell Public Service District and Valley of Good Hope Public Service District had no outstanding bonds. The Issuer has assumed from Lost Creek-Mt. Clare Public Service District certain outstanding bonds, which are re-designated and have the lien positions with respect to the Net Revenues of the merged waterworks system of the Issuer as follows:

<u>Designation</u>	<u>Lien Position</u>
(1) Lost Creek-Mt. Clare Public Service District Waterworks System Revenue Bonds, Series A, dated December 16, 1966, held by the United States Department of Agriculture, issued in the original aggregate principal amount of \$330,000 and hereby re-designated by the Issuer as the Greater Harrison County Public Service District Water Revenue Bonds, Series 1966 (United States Department of Agriculture) (the "Series 1966 Bonds").	First Lien
(2) Lost Creek-Mt. Clare Public Service District Water Revenue Bonds, Series 1974, dated May 27, 1976, held by the United States Department of Agriculture, issued in the original aggregate principal amount of \$305,000 and hereby re-designated by the Issuer as the Greater Harrison County Public Service District Water Revenue Bonds, Series 1974 (United States Department of Agriculture) (the "Series 1974 Bonds").	First Lien

The Series 1966 Bonds and the Series 1974 Bonds are hereinafter collectively called the "Prior Bonds." The Prior Bonds are secured by a first lien on and a pledge of the Net Revenues of the System, on a parity with each other.

There is an outstanding obligation of the Issuer which does not have a lien on any revenues of the System, nor is it payable from Net Revenues, held by The County Commission of Harrison County, issued in the original aggregate principal amount of \$50,000.

The Series 2004 A Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all respects. Prior to the issuance of the Series 2004 A Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met, and (ii) the written consent of certain of the Holders of the Prior Bonds to the issuance of the Series 2004 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System. The Issuer is in compliance with the covenants of the Prior Bonds and the Prior Resolutions.

H. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest, if any, on the Series 2004 A Bonds and the Prior Bonds, and to make payments into all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2004 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2004 A Bonds or such final order will not be subject to appeal or rehearing.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2004 A Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2004 A Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a

So long as the Series 2004 A Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Series 2004 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

All Series 2004 A Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2004 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2004 A Bonds or, in the case of any proposed redemption of Series 2004 A Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2004 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2004 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein

provided. No holder or holders of the Series 2004 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2004 A Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues: Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 2004 A Bonds shall be secured by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2004 A Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2004 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2004 A Bonds to the original purchasers upon receipt of the documents set forth below:

- C. An executed and certified copy of the Bond Legislation;
- D. An executed copy of the Loan Agreement; and

\$\_\_\_\_\_

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Infrastructure and Jobs Development Council (the "Council"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the Council, dated \_\_\_\_\_, 2004.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of the Bonds of this Series (the "Bonds") and related costs. The existing public waterworks system of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This

Monies in the Series 2004 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2004 A Bonds as the same shall become due. Monies in the Series 2004 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 2004 A Bonds as the same shall come due, when other monies in the Series 2004 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2004 A Bonds Sinking Fund and the Series 2004 A Bonds Reserve Account, shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2004 A Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2004 A Bonds, and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2004 A Bonds Reserve Account which result in a reduction in the balance therein to below the Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2004 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2004 A Bonds Sinking Fund and the Series 2004 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2004 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2004 A Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2004 A Bonds Sinking Fund and the Series 2004 A Bonds Reserve Account and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2004 A Bonds Sinking Fund and the Series 2004 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2004 A Bonds Sinking Fund and the Series 2004 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2004 A Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve account payments with respect to the Series 2004 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and

there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

### BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2004 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2004 A Bonds, there shall first be deposited with the Commission in the Series 2004 A Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2004 A Bonds for the period commencing on the date of issuance of the Series 2004 A Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 2004 A Bonds, there shall be deposited with the Commission in the Series 2004 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 2004 A Bonds Reserve Account.

C. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2004 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2004 A Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 6.02 and until so expended, are hereby pledged as additional security for the Series 2004 A Bonds.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2004 A Bonds shall be applied as directed by the Council.

The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments of all Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2004 A Bonds Construction Trust Fund shall be made only after submission to and approval from the Council, of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

(a) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(b) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(c) Each of such costs has been otherwise properly incurred; and

(d) Payment for each of the items proposed is then due and owing.

The Issuer shall expend all proceeds of the Series 2004 A Bonds within 3 years of the date of issuance of the Council's bonds, the proceeds of which were used to make the loan to the Issuer.

Pending such application, monies in the Series 2004 A Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

## ARTICLE VII

### ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2004 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2004 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2004 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2004 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2004 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues: Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 2004 A Bonds shall be secured by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2004 A Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered August 2, 2002, in Case No. 02-0491-PWD-30B, and such rates are hereby adopted.

So long as the Series 2004 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth

in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2004 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05.      Sale of the System. So long as the Series 2004 A Bonds and the Prior Bonds are outstanding and except as otherwise required by law or with the written consent of the Council, the Authority and the holders of the Prior Bonds, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2004 A Bonds, immediately be remitted to the Commission for deposit in the Series 2004 A Bonds Sinking Fund and applied to the payment of principal of and interest, if any, on the Series 2004 A Bonds. Any balance remaining after the payment of the Series 2004 A Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Repair and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Repair and Replacement Fund. The payment of such proceeds into the Repair and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease

or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2004 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2004 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2004 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2004 A Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2004 A Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2004 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2004 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Prior Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Prior Bonds are no longer outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2004 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2004 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the

Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council, the Authority, or any other original purchaser of the Series 2004 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2004 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2004 A Bonds, and shall submit said report to the Council and the Authority, or any other original purchaser of the Series 2004 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2004 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and

continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2004 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2004 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit in the Series 2004 A Bonds Reserve Account and the reserve accounts for obligations on a parity with the Series 2004 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2004 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2004 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the Council and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the Council and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached

to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by

law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14.      No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15.      Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Repair and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Repair and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the acquisition and construction of the Project, the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2004 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2004 A Bonds during the term thereof is, under the terms of the Series 2004 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2004 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2004 A Bonds during the term thereof is, under the terms of the Series 2004 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2004 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2004 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 2004 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2004 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2004 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2004 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2004 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2004 A Bonds and shall be on a parity with the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the Council with copies of all documents submitted to the Authority.

The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the Council or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.22. Contracts: Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2004 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Council for written approval. The Issuer shall obtain the written approval of the Council before expending any proceeds of the Series 2004 A Bonds held in "contingency" as set forth in the respective schedules attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the Council before expending any proceeds of the Series 2004 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

## ARTICLE VIII

### INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2004 A Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2004 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds: Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2004 A Bonds as a condition to issuance of the Series 2004 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2004 A Bonds as may be necessary in order to maintain the status of the Series 2004 A Bonds as public purpose bonds; (ii) that

it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2004 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, from which the proceeds of the Series 2004 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2004 A Bonds and any additional information requested by the Authority.

## ARTICLE IX

### DEFAULT AND REMEDIES

Section 9.01.      Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2004 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on the Series 2004 A Bonds;  
or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2004 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2004 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond;

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs under the Prior Bonds or the Prior Resolutions.

Section 9.02.      Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2004 A Bonds shall be on a parity with the Holders of the Prior Bonds.

Section 9.03.      Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project

and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2004 A Bonds, the principal of and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2004 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest, if any, on the Series 2004 A Bonds from gross income for federal income tax purposes.

## ARTICLE XI

### MISCELLANEOUS

Section 11.01. Amendment or Modification of Bond Legislation. Prior to issuance of the Series 2004 A Bonds, this Resolution may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2004 A Bonds, no material modification or amendment of this Resolution, or of any resolution amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 2004 A Bonds shall be made without the consent in writing of the Registered Owners of the Series 2004 A Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of any Bond or Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest, if any, out of the funds herein respectively pledged therefor without the consent of the Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of Bonds, required for consent to the above-permitted amendments or modifications. Section 11.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only, and shall not affect in any way the meaning or interpretation of any provision hereof.

and the Prior Resolutions, the Prior Resolutions shall control (unless less restrictive), so long as the Prior Bonds are Outstanding.

Section 11.06. Covenant of Due Procedure, Etc. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

During the term hereof, if an unforeseen circumstance occurs and the District, as the result thereof, requires more than the total gallons per month provided to be supplied in any one month, for a limited time, upon reasonable notice thereof to the Water Board, such additional supply of water will, subject to the other terms hereof, be supplied at such time and upon such conditions as the Water Board fixes, and the District will pay for such additional water at the applicable tariff. 3. The Water Board will supply to the District such treated water as is supplied to other users of Water Board for a period of forty (40) years, or for such period as any indebtedness incurred by the District to construct said water system and guaranteed or underwritten by the Farmers Home Administration or any other governmental agency remains unpaid.
