BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF GRANT UNION PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any orders or resolutions supplemental hereto, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Grant Union Public Service District (the "Issuer") is a public service district and public corporation of the State of West Virginia in Harrison County of said State.

B. The Issuer does not presently operate a public sewage treatment, collection and transportation system and it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain sewage treatment, collection and transportation facilities of the Issuer (the "Project") which constitute properties for the treatment and collection of liquid or solid wastes, sewage or industrial wastes (the Project, and any additions thereto or extensions thereof is herein called the "System") at an estimated cost of \$9,172,087, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds (as hereinafter defined) and all Sinking Fund, Reserve Account and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than \$2,500,000 in two series, being the Series 1986 A Bonds in the aggregate principal amount of not more than \$2,000,000, and the Series 1986 B Bonds in the aggregate principal amount of not more than \$500,000 (collectively, the "Bonds"), and (at the option of the Issuer) to issue contemporaneously therewith, or as soon as practicable thereafter, its sewerage system grant anticipation notes, or a note or notes evidencing a line of credit, or both (collectively, the "Notes") in the aggregate principal amount of not more than \$6,950,000 to temporarily finance costs of construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes during the term thereof and upon the Bonds prior to and during construction or acquisition and for 6 months after completion of construction of the Project; engineering, and legal expenses; expenses for estimates of cost and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incident to the financing herein authorized, the construction or acquisition of the

Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any commitment fees to the Credit Bank, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or Notes or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds (as hereinafter defined) be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") heretofore entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority.

G. There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bonds as to lien and source of and security for payment. The Series 1986 B Bonds shall be junior and subordinate to the Series 1986 A Bonds as set forth herein. All prior borrowings of the Issuer will be paid in full upon issuance of the Bonds. The Notes, if issued, will not be payable from the Net Revenues, but shall be payable from Grant Receipts, Surplus Revenues and proceeds of a letter of credit, all as shall be set forth in the Indenture or the Supplemental Resolution authorizing the Notes.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will have expired on November 25, 1986.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds and the Notes by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders and such Noteholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection

and security of the registered owners of any and all of such Bonds and Notes, respectively, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series and between any one Note and any other Note, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a

substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Series 1986 B Bonds to be Junior and Subordinate to Series 1986 A Bonds. The payment of the debt service of all the Series 1986 A Bonds shall be secured forthwith equally and ratably with each other, by a first lien on the Net Revenues derived from the System. The payment of the debt service of all the Series 1986 B Bonds shall also be secured forthwith equally and ratably with each other by a lien on the Net Revenues derived from the System, but junior and subordinate to the lien on such Net Revenues in favor of the Holders of the Series 1986 A Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Funds, the Reserve Accounts therein and the Renewal and Replacement Fund hereinafter established, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of Kanawha Valley Bank, N.A., Charleston, West Virginia, as registrar (the "Registrar"), on the 15th day of the month preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

- (1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing 7 months prior to the first date of payment of interest on the Series 1986 A Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1986 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1986 A Bonds on the next ensuing semiannual interest payment date, less any moneys transferred from the Series 1986 A Bonds Reserve Account for the purpose of making interest payments on the Series 1986 A Bonds; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1986 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

All funds in the Renewal and Replacement Fund including the Grinder Pump Replacement Reserve Account and the New Connection Reserve Account shall be kept apart from all other funds of the Issuer or of the Depository Bank and from each other and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 1986 A Bonds Reserve Account [except to the extent such deficiency exists because the required payments into such account has not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03(A)(4)] shall be promptly eliminated with moneys from the Renewal and Replacement Fund. Moneys in the Grinder Pump Replacement Reserve Account shall be used solely for the purpose of replacement and repair of grinder pumps and Moneys in the New Connection Reserve Account shall be used solely for new grinder pump connections.

(6) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1986 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1986 B Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1986 B Bonds on the next ensuing principal payment date, less any moneys transferred from the Series 1986 B Bonds Reserve

Account for the purpose of making principal payments on the Series 1986 B Bonds.

Moneys in the Series 1986 A Bonds Sinking Fund and the Series 1986 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the respective series of Bonds as the same shall become due. Moneys in the Series 1986 A Bonds Reserve Account and the Series 1986 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned not less than once each year, by the Commission to the Issuer, for deposit in the Revenue Fund, and such amounts shall be in full, first to the next ensuing interest payments, if any, due on the respective Series of Bonds, and then to the next ensuing principal payments due thereon.

Any withdrawals from the Series 1986 A Bonds Reserve Account which result in a reduction in the balance of the Series 1986 A Bonds Reserve Account to below the Series 1986 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1986 A Bonds Sinking Fund for payment of debt service on the Bonds have been made in full.

Any withdrawals from the Series 1986 B Bonds Reserve Account which result in a reduction in the balance of the Series 1986 B Bonds Reserve Account to below the Series 1986 B Bonds Reserve Requirement shall be

subsequently restored from the first Net Revenues available after all required payments to the Series 1986 A Bonds Sinking Fund, the Series 1986 A Bonds Reserve Account, the Renewal and Replacement Fund and the Series 1986 B Bonds Sinking Fund have been made in full.

As and when additional Bonds ranking on a parity with the Series 1986 B Bonds are issued, provision shall be made for additional payments into the Series 1986 B Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Series 1986 B Reserve Account in an amount equal to the maximum provided and required to be paid into the Series 1986 B Sinking Fund in any Fiscal Year for account of all the Series 1986 B Bonds, including such additional Series 1986 B Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1986 A Bonds Sinking Fund, or the Series 1986 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith

that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein, and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the Issuer, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund, as defined in the Indenture.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay fees and charges when due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System, provided that, in the event Notes are issued, Tap Fees may, with the written consent of the Authority be deposited otherwise.

ARTICLE VI

BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1986 A Bonds, there shall be deposited with the Commission in the Series 1986 A Bonds Sinking Fund, the amount specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1986 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. There shall next be paid, from the proceeds of the Bonds, to the Depository Bank, the amount necessary to pay in full all prior borrowings of the Issuer, including interest accrued thereon, and the Depository Bank shall, concurrently with such deposit, pay such borrowings as directed by the Issuer.

C. Next, from the proceeds of the Series 1986 A Bonds, there shall be deposited with the Commission in the Series 1986 A Reserve Account the sum of \$154,652; and from the proceeds of the Series 1986 B Bonds, there shall be deposited with the Commission in the Series 1986 B Reserve Account the sum of \$11,353.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation and Indenture (if any). Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended, are hereby pledged as additional security for the Bonds. In the event that Notes are issued, the disposition of funds in the Bonds Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Disbursements from the Bond Construction Trust Fund, except for the costs of issuance thereof which shall be made upon request of the Issuer, shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in qualified investments at the direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1986 A Bonds Reserve Account, and when fully funded to the Series 1986 B Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on

the respective Series of Bonds are next to the next ensuing principal payments due thereon.

## ARTICLE VII

### ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.04 and Section 7.09 shall not be applied to the Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 1986 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System and payment of the debt service of the Series 1986 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, but such lien shall be junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1986 A Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the

Bond Legislation are hereby irrevocably pledged, in the manner provided therein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Hearing Examiner's Decision entered October 15, 1986, as confirmed by the Order of the Public Service Commission of West Virginia entered October 21, 1986 (Case No. 86-276-S-CN).

Section 7.05. Sale of the System. The System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Resolution in accordance with Section 10.01 hereof and, if entered into and not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds about to mature. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay the Notes in full shall be applied to the payment of the Notes, either at maturity or, if allowable under the Supplemental Resolution or Indenture, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from

such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise, shall be deposited in the Revenue Fund. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all the Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the Notes issued under the Indenture or supplemental resolution prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture and the Bond Legislation; and, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1986 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional

parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1986 A Bonds and the Series 1986 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

No Parity Bonds shall be issued which shall be payable out of the revenues of the System prior to or on a parity with the Series 1986 A Bonds. All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1986 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (A) The Bonds then Outstanding;

(B) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(C) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments

required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1986 A Bonds and the Series 1986 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1986 A Bonds or the Series 1986 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Series 1986 A Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be

maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

C. The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall file said report with the Trustee and the Authority, or any other original purchaser of the Bonds.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated

reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues; provided that, in the event that an amounts equal to or in excess of the Reserve Requirements are on deposit in the Reserve Accounts or reserve accounts for bonds prior to or on a parity with the Bonds are funded at least at the requirement therefor, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any Fiscal Year for payment of principal of and interest on the Bonds and all other obligations secured by or payable from such revenues.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee and the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules of the Issuer, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, all delinquent rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities and any services of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(B) PUBLIC LIABILITY INSURANCE, with limits of not less than \$500,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation or the Indenture, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, and the Indenture, if any, the need for such moneys for the purposes set forth herein and in the Indenture, if any, and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

The Issuer hereby covenants, and hereby so instructs the Bond Commission and the Trustee that they shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bond to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986 (or any successor provision) and an Authorized Officer shall deliver

his certificate, based upon this covenant, with regard thereto to the purchaser of the Original Bonds.

Section 8.03. Rebates of Excess Arbitrage Earnings. Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

BE IT RESOLVED BY THE GOVERNING BODY OF GRANT-UNION PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Supplemental and Amendatory Resolution. This Supplemental and Amendatory Resolution (together with the Prior Resolution, as hereinafter defined, and any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Grant-Union Public Service District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Harrison County of said State.

B. The Issuer has heretofore issued its Sewer Revenue Bonds, Series 1986 A and 1986 B, both dated November 6, 1986, in the aggregate principal amount of \$2,190,158 (collectively, the "Prior Bonds"). The Prior Bonds were issued pursuant to a bond and notes resolution adopted by the Issuer on November 5, 1986 (the "Prior Resolution"). Proceeds of the Prior Bonds were used to pay a portion of the costs of acquisition and construction of certain new sewage collection, transportation and treatment facilities (the "Project") (the Project and any further additions thereto or extensions thereof is herein called the "System"). However, such proceeds and available grant proceeds are deemed insufficient to complete the Project. Accordingly, it is necessary for the Issuer to borrow an additional amount to finance the remaining costs of the Project.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Series 1990 Bonds (as hereinafter defined) and all Sinking Fund, Reserve Account and other payments provided for herein and in the Prior Resolution.

D. It is therefore deemed necessary for the Issuer to issue its completion bonds in the total aggregate principal amount of not more than \$400,000 in two series, being the Series 1990 A Bonds in the aggregate principal amount of not more than \$300,000, and the Series 1990 B Bonds in the aggregate principal amount of not more than \$100,000 (collectively, the "Series 1990 Bonds") to finance costs of construction and acquisition of the Project not otherwise provided for. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 1990 Bonds, if any, prior to and during acquisition or construction and for 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars,

paying agents, depositories or trustees or other costs in connection with the sale of the Series 1990 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the completion of construction or acquisition of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1990 Bonds or the repayment of indebtedness, including any letter of credit note, incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that the Series 1990 Bonds be sold to the West Virginia Water Development Authority (the "Authority") pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement (collectively, the "Loan Agreement") to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, and attached hereto as "Exhibit A," and made a part hereof.

G. Except for the Prior Bonds, there are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Series 1990 Bonds as to lien and source of and security for payment. The Series 1990 B Bonds shall be on a parity with the Series 1986 B Bonds, both of which series shall be junior and subordinate to both the Series 1986 A Bonds and the Series 1990 A Bonds; and the Series 1990 A Bonds shall be on a parity with the Series 1986 A Bonds, all as set forth herein.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Prior Bonds and the Series 1990 Bonds, or will have so complied prior to issuance thereof, including, among other things, if required, the obtaining of a Certificate of Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

I. The Prior Resolution, in Section 7.07(B) thereof, permits the issuance of the Series 1990 Bonds on parity with the Prior Bonds for the purpose of completion of the Project with no further restrictions if there is first obtained the written consent of the Authority, which written consent will be obtained prior to issuance of the Series 1990 Bonds.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 1990 Bonds by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Series 1990 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

KNOW ALL MEN BY THESE PRESENTS: That GRANT-UNION PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Harrison County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of \_\_\_\_\_ (\$\_\_\_\_\_), in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning \_\_\_\_\_ 1, 19\_\_\_\_. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated \_\_\_\_\_, 19\_\_\_\_.

This Bond is a completion bond and is issued (i) to pay a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities of the Issuer (the "Project") not otherwise provided for; (ii) [Reserve Account Funding \_\_\_\_\_]; and (iii) to pay certain costs of issuance hereof and related costs for the Bonds of this series (the "Bonds"). This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond and Notes Resolution duly adopted on November 5, 1986, a Supplemental and Amendatory Resolution duly adopted on \_\_\_\_\_, 19\_\_\_\_, and a Supplemental Resolution, duly adopted by the Issuer on \_\_\_\_\_, 19\_\_\_\_ (collectively called the "Bond Legislation"), and is subject to all the terms and conditions thereof. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or its attorney duly authorized in writing.

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority; and

Payments To Be Made by  
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

2.3 All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Governmental Agency, subject to any mortgage lien or other security interest as is provided for in the Local Statute.

2.4 The Governmental Agency agrees that the Authority and its duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Governmental Agency further agrees that the Authority and its duly authorized agents shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority in respect of the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. 3.1 The agreement of the Authority to make the Supplemental Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Supplemental Bonds, which shall be the

date established pursuant to Section 3.4 of the Loan Agreement for delivery of the Local Bonds. Said conditions precedent are as follows:

(b) The Governmental Agency shall have authorized the issuance of and delivered to the Authority for purchase the Supplemental Bonds described in this Article III and in Article IV hereof and shall have delivered to the Authority for purchase the Local Bonds in accordance with the Loan Agreement;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Supplemental Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and in either case, the Authority shall have received a certificate of the Consulting Engineers to such effect;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Supplemental Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

rates and charges is not, however, required to be effective until completion of construction of the Project), and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(i) The net proceeds of the Supplemental Bonds, together with the net proceeds of the Local Bonds and all other moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Supplemental Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Supplemental Loan to the Governmental Agency and the Governmental Agency shall accept the Supplemental Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Supplemental Loan by purchasing the Supplemental Bonds in the principal amount and at the price set forth in Schedule X hereto. The Supplemental Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Supplemental Loan shall be secured and shall be repaid in the manner hereinafter provided in this Supplemental Loan Agreement.

3.4 The Supplemental Loan will be made only in conjunction with the Loan. The Supplemental Bond shall be delivered to the Authority, at the offices of the Authority,

simultaneously with the delivery of the Local Bond to the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Supplemental Loan Agreement and the Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies under the conditions and in the manner described in the Loan Agreement. The Governmental Agency further understands and acknowledges that the Authority's obligation to make the Supplemental Loan is subject to the availability on the Date of Loan Closing of funds legally available therefor.

3.6 Anything in this Loan Agreement notwithstanding, if the Authority is unable to pay the proceeds of the Supplemental Bonds to the Governmental Agency on the Date of Loan Closing due to the time required for processing the purchase order or requisition for such moneys with the State, the Authority may pay such proceeds as soon as received after the Date of Loan Closing; provided, that the Supplemental Bonds shall not evidence any debt to be repaid to the Authority until the proceeds thereof are received by the Governmental Agency.

#### ARTICLE IV

Supplemental Bonds; Security for Supplemental Loan;  
Repayment of Supplemental Loan; No Interest on  
Supplemental Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Supplemental Loan, authorize the issuance of and issue the Supplemental Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Supplemental Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto, subject to the prior and senior security therefrom granted to the Local Bonds;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or the Supplemental Bonds or, if the reserve accounts established for the payment of debt service on the Local Bonds (the "Reserve Account") and for the payment of debt service on the Supplemental Bonds (the "Supplemental Reserve Account") are funded (whether by bond proceeds, monthly deposits or otherwise), respectively, at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") or on the Supplemental Bonds in the then current or any succeeding year (the "Supplemental Reserve Requirement"), as the case may be, and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds and Supplemental Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Supplemental Bonds, except the Local Bonds and bonds on a parity with the Supplemental Bonds, which parity bonds shall only be issued if net revenues of

the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Supplemental Bonds and parity bonds theretofore and then being issued and on the Local Bonds and any other obligations secured by a lien on or payable from the revenues of the System prior to the Supplemental Bonds; provided, however, that additional parity Local Bonds and additional parity Supplemental Bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Supplemental Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Supplemental Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law, subject to the prior and senior rights of the owner or owners of the Local Bonds;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Supplemental Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Supplemental Bonds, except any proceeds deposited in the Reserve Account or the Supplemental Reserve Account, must be deposited in a construction fund on which the owners of the Supplemental Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs); provided, that said construction fund may be the one established for the Local Bonds, which shall have a prior and senior lien thereon, but shall otherwise be kept separate and apart from all other funds of the Governmental Agency; and

(xv) That, as long as the Authority is the owner of any of the Supplemental Bonds, the Governmental Agency shall not authorize redemption of any Supplemental Bonds by it without the written consent of the Authority.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Supplemental Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Supplemental Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to the prior and senior security therefrom for the Local Bonds and to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Supplemental Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto.

4.4 The Supplemental Loan shall not bear interest.

4.5 The Supplemental Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Supplemental Program, which administrative expenses shall be as determined by the Authority and shall include, but not be limited to, legal fees paid by the Authority.

4.7 If the schedule furnished to the Authority pursuant to Section 6.5 reflects an excess of funding for the Project, or if the Authority is otherwise advised of an excess of funding for the Project, the Authority may tender to the Governmental Agency its Supplemental Bonds for payment in an amount equal to such excess. Notwithstanding the foregoing, if the Governmental Agency has grant anticipation notes or some other interim financing outstanding upon completion of construction of the Project, it shall advise the Authority of such fact and submit a second schedule to the Authority upon payment of the interim financing, and the Authority shall not tender its Supplemental Bonds for payment until the outstanding interim financing has been paid.

The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Supplemental Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds and the Supplemental Bonds shall prove to be insufficient to produce the minimum sums set

forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Supplemental Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the rate of five percent (5%) per annum, from the date of the default until the date of the payment thereof.

GRANT-UNION PUBLIC SERVICE DISTRICT  
Rule 19-A application to increase  
sewer rates and charges.

FINAL ORDER

On November 15, 1989, the Grant-Union Public Service District (District) filed an application to increase rates pursuant to the Commission's Rules and Regulations for the Government of the Construction and Filing of Tariffs of Public Utilities and Common Carriers by Motor Vehicle. The purpose of the increase was to cover the increased debt service associated with the retiring of interim financing on the District's construction project and to cover other increased operational and maintenance expenses. The Rule 42-A Exhibit seeks to increase rates based upon estimated revenues and expenses.

The District had filed on November 15, 1989, Case No. 89-769-PSD-PC for approval to borrow approximately \$450,000 to retire interim financing associated with the construction of a project approved in Case No. 86-276-S-CN.

In Case No. 86-276-S-CN, interim financing was approved not to exceed \$6,951,649. The District issued a Grant Anticipation Note in the principal amount of \$6,000,000 at 7.5%. The Trustee did not obtain the interest revenues projected and advised that no additional payments could be made for construction costs. The District then issued a Bond Anticipation Note in the principal amount of \$398,139 at 9% payable to the Harrison County Bank. The total interim financing fell within the limits approved in the aforesaid certificate case. It is anticipated that there will be approximately \$125,000 left in the District's account after the

final GAN payment is made and the District stated it intends to apply that surplus to the loan at the Harrison County Bank. The Bond Anticipation Note at the Harrison County Bank was due February 1, 1990, in the amount of \$452,836.28. The District intends to issue permanent West Virginia WDA Revenue Bonds to pay the BAN.

The filings were submitted to Commission Staff for its review and comments. Staff, on February 21, 1990, filed a Joint Staff Memorandum recommending approval of the District's request to issue Revenue Completion Bonds in the amount of \$299,250, and approval of an increase in rates to cover the increased debt service associated with such bond issue.

Staff Member Jane Haley indicated she spoke with a representative of the WDA who assured her funds were available for the financing at an interest rate of 7.5% for 38 years. The annual debt service would be \$26,219, which includes 10% reserve. Ms. Haley calculated and recommended a rate increase of 13% which would generate \$28,598 in additional revenues.

By Joint Staff Memorandum, dated December 18, 1989, David C. Glover, Staff Attorney, recommended that the Rule 42-A filing be dismissed. He stated that the District's Rule 42-A Exhibit was inadequate because the revenues and expenses contained in that Exhibit were estimated which is not in accordance with the Commission's Rule and the Exhibit did not include per books numbers, accounting adjustments or going-level adjustments as required in the Commission's Rule 42. The Joint Staff Memorandum further stated that the District was granted a 9% increase in August of 1989 (Case No. 89-156-PSD-42A). Since the rate increase requested in this filing would apparently be based upon the same accounting information, Staff recommended denial of the request because it felt such data had been thoroughly reviewed. The Memorandum further stated that a general rate increase does not appear to be needed based upon the District's sales volumes as reported in its Annual Report to the Commission for the year ended June 30, 1989.

Apparently after discussions with and at the direction of Commission Staff, the District requested permission to withdraw its Rule 42-A filing and filed a Rule 19-A application on January 12, 1990. (See, Letter of Tetrick and Barnett & Co., dated January 11, 1990, and Letter of Thomas R. Michael, Esq., dated January 12, 1990). The Rule 19-A application was designated Case No. 90-023-PSD-19A.

A follow-up Joint Staff Memorandum, dated January 16, 1990, was again filed by David C. Glover, Staff Attorney, stating that Staff recognizes that the use of a Rule 19-A proceeding for rate increases relating to construction financing may be questionable, but the case would receive expedited treatment in the Rule 19-A proceeding and he again recommended dismissal of the Rule 42-A application.

On February 21, 1990, Staff filed the above-discussed Joint Staff Memorandum referencing both Case No. 89-769-PSD-PC and Case No. 90-023-PSD-19A. The Staff Recommended Rates found in that Joint Staff Memorandum are included in Appendix A, attached hereto.

## DISCUSSION

Both Rule 19-A and Rule 42-A are procedures to address requests for general rate increases. Rule 19-A simply provides for the Commission Staff to provide the accounting information when a utility's revenues do not exceed that certain revenue limitation set out in the Rule. Neither is an expedited rate procedure, as intimated by Staff. Rule 19-A is different from Rule 42-A in at least one other aspect and that is the Rule specifically states that no request for increased rates in conjunction with major construction and financing are permitted to be processed under the Rule (Rule 19-A), regardless of the size of the utility.

Because the specific language of Rule 19-A prohibits processing of this case requesting rates covering financing of the construction project, the ALJ concludes the request should be processed under Rule 42-A. The ALJ will waive the Rule 42-A Exhibit required to be submitted by the District and consider as evidence the Joint Staff Memorandum, dated February 21, 1990, in Case Nos. 89-769-PSD-PC and 90-023-PSD-19A, and process the District's Rule 42-A application.

Although not discussed by Staff, the District has submitted a Publisher's Certificate providing notice that the District proposes additional financing of the cost of its sewer project through the issuance of West Virginia Water Development Authority Completion Revenue Bonds in an aggregate not to exceed \$500,000 to be paid from the revenues of the District. It has published the proposed rates which Staff has not substantially changed. No protests to the rates or the proposed Revenue Bond issuance were received.

The ALJ concludes that sufficient notice of the proposed issuance of the Revenue Bonds was given to comply with the provision of West Virginia Code §16-13A-25, with no protests being received from the public.

Although the rate increase recommended by Staff includes an amount to keep the debt coverage at the same level as was approved in the previous rate case, the ALJ concludes such is reasonable and approves the rate increase as found in Appendix A, under Case No. 89-768-PSD-42A. The District's request to withdraw the Rule 42-A application is denied. Case No. 90-023-PSD-19A is dismissed and removed from the open docket of the Commission. The request to borrow money and issue Revenue Bonds as limited by the Staff recommendation is reasonable and should be approved as hereinafter provided.

The ALJ will further note that she has never known the Commission to deny a rate increase based only upon review of the District's filed Annual Reports as Staff discussed in its original Rule 42-A recommendation. The ALJ must presume that the same test years are involved in both this Rule 42 application and the previous Rule 42-A application (Case No. 89-156-PSD-42A) and that such overlapping of test years is the reason for the denial by Staff. Staff owes the public and the utility a concise explanation of the substantive reasons for denial of an application filing.

## FINDINGS OF FACT

1. On November 15, 1989, Grant-Union Public Service District filed an application for a rate increase under the Commission's Rule 42-A, to cover financing shortfalls of \$450,000 in a project which was previously approved in Case No. 86-276-S-CN. (Application).

2. On January 12, 1990, the District requested permission to withdraw the Rule 42-A application. (Letter of Thomas Kupec, dated January 12, 1990).

3. On January 11, 1990, the District filed an application under the provisions of Rule 19-A for an increase in rates to cover the same financing shortfalls of \$450,000, as had been filed in its November 15, 1989 Rule 42-A application. (Letter and Exhibits of Tetrick, Barnett & Co., dated January 11, 1990).

4. Rule 19-A provides: "Any request for increased rates in conjunction with major construction and financing shall not be permitted under Rule 19-A regardless of the size of the utility. This includes any project requiring approval of the Department of Health, Department of Natural Resources or any Federal Agency." (Emphasis added).

5. The District petitioned for approval of the issuance of West Virginia Water Development Bonds. (Petition).

6. The District has published notice of the proposed issuance of Revenue Bonds to meet the requirements of West Virginia Code §16-13A-25 and has published notice of the requested rates and charges found in Appendix A. (Certificate of Publication).

7. Staff recommended approval of the proposed permanent financing of the District's construction project by the issuance of the West Virginia Water Development Authority Revenue Bonds in an amount not to exceed \$299,250, at an interest rate of 7.5% for a term of 38 years. Rates were recommended for approval by Staff, as shown on Appendix A, which provide sufficient revenue but not more than sufficient revenue to cover the additional debt service associated with the issuance of the Revenue Bonds and an amount to keep debt service coverage at the same percentage as was granted in the District's last general rate case. (Joint Staff Memorandum dated February 21, 1990, by David C. Glover, Staff Attorney).

8. The District's project was previously approved in Case No. 86-276-S-CN. (Case No. 86-276-S-CN).

## CONCLUSIONS OF LAW

1. The Rule 19-A application is denied because it is a request for a rate increase to cover financing shortfalls in a construction project and the language in Rule 19-A does not permit increasing rates under that Rule "in conjunction with major construction and financing."
2. The District's request to withdraw the Rule 42-A application is denied and processing of the rate increase will proceed thereunder.
3. The District requested permission to borrow money and issue Revenue Bonds. (Case No. 89-769-PSD-PC).
4. Notice was given in accordance with West Virginia Code §16-13A-25 of the proposed issuance of West Virginia Water Development Authority Revenue Bonds. (Publisher's Certificate, dated November 24, 1989).
5. Staff recommended approval of the issuance of Revenue Bonds not to exceed \$299,250 at a rate of 7.5% for a term of 38 years. (Joint Staff Memorandum, dated February 15, 1990).
6. The Staff recommended rates provide sufficient but not more than sufficient revenues to meet the debt service and operation and maintenance expenses of the District, all as is shown in Appendix A. (Joint Staff Memorandum, dated February 15, 1990).
7. The rates recommended by Staff are hereby approved to become effective at the time of issuance of the Revenue Bonds.
8. Publication of the rate change was made in accordance with Tariff Rule 24 and no protest was received. (Publisher's Certificate, Id.).
9. The Rule 19-A filing is dismissed from the open docket of the Commission.
10. The request for this rate increase is processed under and herein granted under Case No. 89-768-PSD-42A.

PUBLIC SERVICE COMMISSION  
OF WEST VIRGINIA  
CHARLESTON

Entered: June 21, 1989

CASE NO. 89-156-PSD-42A

GRANT-UNION PUBLIC SERVICE DISTRICT  
Application to increase  
sewer rates and charges.

ORDER CONDITIONALLY APPROVING RATE INCREASE

On March 13, 1989, the Grant-Union Public Service District (District) filed an application with the Public Service Commission pursuant to the Rules and Regulations for the Government of the Construction and Filing of Carriers by Motor Vehicles to increase rates and charges for providing sewer service in the towns of Lost Creek, West Milford, Good Hope and areas in between, in Harrison County, West Virginia. The District submitted specific rates to be charged in lieu of present rates for providing sewer service. Also included in the filing was the District's Rule 42 Exhibit.

On May 22, 1989, a Staff Rule 42 Exhibit was submitted in this proceeding. Staff examined the District's books and records for the twelve (12) months ending December 31, 1988. The Exhibit indicates that the District received a certificate of convenience and necessity in Case No. 86-276-S-CN, dated October 15, 1986. The District began operations in March, 1988, and it began billing customers in June, 1988. In that certificate proceeding, the District projected serving 1,013 customers with a total average usage of 5,702,000 gallons per month. Its actual average usage for the ten months ending March, 1989, was 4,531,000 gallons per month and the average number of customers was 960. Because of the overestimation of customers and consumption, the District did not meet projected revenue figures.

Commission Staff recommended rates and charges which provide a revenue increase of \$23,942 annually or a 9% increase. The Staff Rule 42 Exhibit accepted and used the District's projections of operating and maintenance expenses. Further, two Reserve Accounts, both required by the District's Bond Ordinance, had not been funded at the time of the audit because of insufficient cash flow. Staff included allocations for funding those reserves and recommended that the District open two bank accounts for the sole purpose of accumulating the funds in those Reserve Accounts. It was recommended that the District be required to submit bank records of these Reserve Accounts semi-annually on June 30 and December 31 for review by Staff.

Because of cost overruns during the initial construction of the project approved in Case No. 86-276-S-CN and lower interest income during construction than was projected in that filing, the District borrowed

additional funds, secured by a Note from the Harrison County Bank, amounting to \$398,139 at 9% interest. Payment of this Note is due February 1, 1990. The District anticipates issuing bonds at that time for the amount of the Note. The District's Rule 42 Exhibit did not reflect the additional debt service for these bonds and the Staff did not include such in its Rule 42 Exhibit. The District did not obtain prior Commission approval of the loan as required under West Virginia Code §16-13A-25. Staff adjusted the interest expense figure at going-level to remove the interest accrued on the Harrison County Bank loan. Staff recommended that the District be ordered to obtain Commission approval for additional debt before rates are approved for such purpose. Staff's Rule 42 Exhibit provided for a 118.59% debt service coverage and a surplus to provide plant additions. (Staff Rule 42 Exhibit dated May 22, 1989).

Upon consideration of the above, the Administrative Law Judge (ALJ) is of the opinion that the proposed rates requested by the District in its Rule 42 application filed in this proceeding on March 13, 1989, are not reasonable because those rates were more than sufficient to cover the District's debt service, expenses and plant additions.

The ALJ finds and concludes that the rates and charges proposed in the Staff Rule 42 Exhibit and found in Appendix A are reasonable and should be conditionally approved because those rates are sufficient, but not more than sufficient, to meet the District's debt service, expenses and plant additions. If the District does not accept the herein conditionally approved rates, the District should notify the ALJ, in writing, within the next ten (10) days, stating with particularity its objections to these rates. The District will be required to give notice to its customers of the conditionally approved rates and charges by publishing a copy of Tariff Form No. 10, attached hereto as Appendix B, once a week for two (2) consecutive weeks, in a newspaper of general circulation in the District's service territory. If no written protests are filed to the conditionally approved rates within ten (10) days of the date of publication, the rates may be finally approved to become effective thirty (30) days from the date of the first publication. If substantial protest is received, the Commission may determine that this proceeding should be set for hearing.

Further, the ALJ directs the District to fund two (2) Reserve Accounts, one for Service Connections and a second for Grinder Pump Replacement. Also, the District is directed to file for Commission approval for the borrowing of any money in accordance with Code §16-13A-25, and especially to file for approval of the issuance of bonds to replace the note from the Harrison County Bank.

#### FINDINGS OF FACT

1. The District, on March 13, 1989, filed an application for an increase in rates and charges for providing sewer service in its service area. (Application).

2. The District proposed rates and charges in that filing. (Application).

3. Commission Staff reviewed the filing, examined the books and records of the District for the year ending December 31, 1988 and recommended the rates as found in Appendix A, attached hereto, which it determined were sufficient but not more than sufficient to provide for the District's reasonable and necessary operation and maintenance expenses, debt service requirements and plant additions. (Staff Rule 42 Exhibit).

4. Staff further determined that the District had financed project cost overruns and interest income deficiencies of the original project with a loan from the Harrison County Bank. (Staff Rule 42 Exhibit).

5. The District anticipates issuing bonds in 1990 for the amount of the Harrison County Bank note. (Staff Rule 42 Exhibit).

6. Staff recommended that the Reserve Accounts for Service Connections and Grinder Pump Replacement be established and that the District provide proof of funding these Reserves on a regular basis to Commission Staff. (Staff Rule 42 Exhibit).

#### CONCLUSIONS OF LAW

1. The District's existing rates are inadequate to meet the District's reasonable expenses, debt service requirements and plant additions.

2. The District's proposed rates contained in the Application provide excessive projected revenues over the going-level expenses, debt service requirements and average plant additions.

3. The Staff recommended rates provide sufficient revenue, but not more than sufficient revenues, to cover the District's reasonable operation and maintenance expenses, debt service requirements and plant additions.

4. Staff was correct in recommending the establishment and maintenance of Reserve Accounts for Service Connections and Grinder Pump Replacements and the status of those Reserve Accounts should be submitted to Commission Staff on a semi-annual basis.

5. The ALJ finds the District should obtain prior Commission approval to issue bonds to repay the loan(s) necessitated by cost estimate overruns and interest revenue shortcomings on the construction project.

6. Any borrowing of money should be in accordance with West Virginia Code §16-13A-25.

ORDER

IT IS, THEREFORE, ORDERED that the application of Grant Union Public Service District, for an increase in sewer rates and charges, to the extent recommended by Commission Staff, as found in Appendix A, shall be conditionally approved.

IT IS FURTHER ORDERED that Reserve Accounts for Service Connections and Grinder Pump Replacement be funded and the District shall provide Commission Staff with a Status Report of those accounts on a semi-annual basis beginning December 31, 1989.

IT IS FURTHER ORDERED that the borrowing of money and issuance of bonds by the District shall be in conformity with West Virginia Code §16-13A-25.

IT IS FURTHER ORDERED that the District notify the Administrative Law Judge, in writing, within the next ten (10) days if it has any objections to the herein conditionally approved rates, stating with particularity the objections thereto.

IT IS FURTHER ORDERED that, if the District accepts the herein conditionally approved rates, the District shall give notice to its customers of these conditionally approved rates by publishing a copy of Tariff Form No. 10, attached hereto, once a week, for two (2) consecutive weeks, in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Harrison County. The District shall make due return to the Commission of the proper certification of publication within ten (10) days of the date of publication.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission shall serve a copy of this Order and the Staff Rule 42 Exhibit on the District by United States Certified Mail, return receipt requested, and upon Commission Staff by hand delivery.

NOTICE OF APPLICATION TO INCREASE  
SEWER RATES AND CHARGES

CASE NO. 89-156-PSD-42A

GRANT-UNION PUBLIC SERVICE DISTRICT

On March 13, 1989, the Grant-Union Public Service District (District) filed an application with the Public Service Commission to increase rates and charges for providing sewer service in the towns of Lost Creek, West Milford, Good Hope, and areas in between, in Harrison County.

The Public Service Commission's Staff has reviewed the application and has recommended increased sewer rates and charges designed to produce a 9% increase or \$23,942 annually in additional revenue. A comparison of the present and conditionally approved rates is as follows:

|                          | <u>Present Rate</u>      | <u>Staff Recommended Rate</u> |
|--------------------------|--------------------------|-------------------------------|
| <u>CUSTOMER CHARGE</u>   | \$4.60 per month         | \$5.00 per month              |
| <u>COMMODITY CHARGE</u>  | \$3.67 per 1,000 gallons | \$4.00 per 1,000 gallons      |
| <u>UNMETERED SERVICE</u> | \$22.95 per month        | \$25.00 per month             |

The other tariff provisions of the District remain unchanged.

Any person who will be affected by this rate change has a right to protest or to be heard as to why the change should not be allowed, either wholly or in part. Anyone desiring to protest the changed rates and charges must do so, in writing, within ten (10) days after the date of publication of this notice. All protests should be addressed to the Executive Secretary, Public Service Commission of West Virginia, P. O. Box 812, Charleston, West Virginia, 25323.

To help the Commission determine the justification for additional review and investigation, protests must be specific as to the reasons that

the changed rates and charges should not be granted. In addition, anyone desiring a hearing in this matter must demand a hearing in the letter of protest. If no hearing is demanded, the Commission may affirm the conditionally-approved rates without a hearing.

KNOW ALL MEN BY THESE PRESENTS: That GRANT-UNION PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Harrison County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of TWO HUNDRED EIGHTY-FIVE THOUSAND NINE HUNDRED EIGHT DOLLARS (\$285,908), in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning October 1, 1990. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated April 6, 1990.

This Bond is a completion bond and is issued (1) to pay a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities

of the Issuer (the "Project") not otherwise provided for; and (ii) to pay certain costs of issuance hereof and related costs for the Bonds of this series (the "Bonds"). This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond and Notes Resolution duly adopted on November 5, 1986, a Supplemental and Amendatory Resolution duly adopted on April 4, 1990, and a Supplemental Resolution, duly adopted by the Issuer on April 4, 1990 (collectively called the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

This Bond is issued contemporaneously with the Sewer Revenue Bonds, Series 1990 B, of the Issuer (the "Series 1990 B Bonds"), issued in the aggregate principal amount of \$13,342, which Series 1990 B Bonds are junior and subordinate with respect to liens and sources of and security for payment of the Bonds.

THIS BOND IS ON A PARITY WITH THE SEWER REVENUE BONDS, SERIES 1986 A, OF THE ISSUER, DATED NOVEMBER 6, 1986, ISSUED IN THE AGGREGATE PRINCIPAL AMOUNT OF \$1,758,771 (THE "SERIES 1986 A BONDS") AND SENIOR AND PRIOR TO THE SEWER REVENUE BONDS, SERIES 1986 B, OF THE ISSUER, DATED NOVEMBER 6, 1986, ISSUED IN THE AGGREGATE PRINCIPAL AMOUNT OF \$431,387 (THE "SERIES 1986 B BONDS").

Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Net Revenues, the moneys in the Series 1990 A Bonds Reserve Account and unexpended Bond proceeds. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to the payment of the Costs of the Project described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Supplemental Loan Agreement between the Issuer and the Authority, dated April 6, 1990.

This Bond is a completion bond and is issued (i) to pay a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities of the Issuer (the "Project") not otherwise provided for; and (ii) to pay certain costs of issuance hereof and related costs for the Bonds of this series (the "Bonds"). This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond and Notes Resolution duly adopted on November 5, 1986, a Supplemental and Amendatory Resolution duly adopted on April 4, 1990, and a Supplemental Resolution, duly adopted, by the Issuer on April 4, 1990 (collectively called the "Bond Legislation"), and is subject to all

10

the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ON PARITY WITH THE SEWER REVENUE BONDS, SERIES 1986 B, OF THE ISSUER, DATED NOVEMBER 6, 1986, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$431,387 (THE "SERIES 1986 B BONDS") AND IS JUNIOR AND SUBORDINATE WITH RESPECT TO LIENS, PLEDGES AND SOURCES OF AND SECURITY FOR PAYMENT TO THE OUTSTANDING SEWER REVENUE BONDS, SERIES 1990 A, OF THE ISSUER (THE "SERIES 1990 A BONDS"), ISSUED CONCURRENTLY HERewith, AND THE SEWER REVENUE BONDS, SERIES 1986 A, OF THE ISSUER, DATED NOVEMBER 6, 1986, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$1,758,771 (THE "SERIES 1986 A BONDS"), ALL AS DESCRIBED IN THE BOND LEGISLATION.

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the operation of the System after there has first been paid from said Net Revenues all payments then due and owing on account of the Series 1986 A Bonds and the Series 1990 A Bonds herein described and from all moneys in the Reserve Account created under the Bond Legislation for the Bonds of this series, and unexpended proceeds of the Bonds of this series. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the moneys in the reserve account for the Series 1990 B Bonds and unexpended Bond proceeds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the amount required to pay the maximum amount due in any year of principal of and interest, if any, on the Series 1986 A Bonds, the Series 1986 B Bonds, the Bonds, the Series 1990 A Bonds and all other obligations secured by or payable from such revenues prior to or on a parity with the Series 1986 A Bonds, the Series 1986 B Bonds, the Series 1990 A Bonds or the Bonds, provided however, that so long as there exists in the reserve accounts established for the Series 1986 A Bonds, the

Series 1986 B Bonds, the Series 1990 A Bonds and Series 1990 B Bonds, respectively, amounts at least equal to the maximum amount of principal and interest which will become due on the Series 1986 A Bonds, the Series 1986 B Bonds, the Bonds and the Series 1990 A Bonds in any year, and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements as set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to the payment of the Costs of the Project described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of the Bonds, which lien is subordinate to the lien in favor of the registered owner of the Series 1990 A Bonds.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, GRANT-UNION PUBLIC SERVICE DISTRICT has caused this Bond to be signed by its Chairman and its corporate seal to be hereunto affixed hereon and attested by its Secretary and has caused this Bond to be dated April 6, 1990.

## Grant-Union Public Service District Sewer Revenue Bonds, Series 1990 A

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Grant-Union Public Service District (the "Issuer"), a public service district and public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$285,908 Sewer Revenue Bonds, Series 1990 A, dated the date hereof (the "Local Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated April 6, 1990, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Local Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are originally issued in the form of one bond, registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, commencing October 1, 1990, at the rate of 7.85% per annum, and with principal installments payable on October 1 in each of the years 1991 through 2029, inclusive, all as set forth in "Schedule X," attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

//

The Local Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), for the purposes of (i) financing a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities of the Issuer (the "Project") not otherwise provided for; and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of the Local Statute, the bond and notes resolution duly adopted by the Issuer on November 5, 1986, the supplemental and amendatory bond resolution duly adopted by the Issuer on April 4, 1990, as supplemented by a supplemental resolution adopted April 4, 1990 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly organized and validly existing public corporation and political subdivision of the State of West Virginia, with full power and authority to construct and acquire the Project, to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the written consent of the Authority.

3. The Local Act and all other necessary resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Local Act and secured by a lien on and pledge of the Net Revenues of said System, on a parity, however, with respect to liens, pledge and source of and security for payment with the Issuer's outstanding Sewer Revenue Bonds, Series 1986 A, dated November 6, 1986, issued in the original principal amount of \$1,758,771 (the "Series 1986 A Bonds"), all in accordance with the terms of the Local Bonds and the Local Act.

5. The interest on the Local Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; it should be noted, however, that for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years beginning after December 31, 1989). The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Local Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Local Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Local Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Local Bonds.

6. The Local Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia, and the other taxing bodies of the State of West Virginia, and the interest on the Local Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

7. The time for appeal of the Final Order of the Public Service Commission of West Virginia entered March 9, 1990 (Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A), approving, among other things, the financing for the completion of the Project, has not expired prior to the date hereof; however, the staff of the Public Service Commission of West Virginia has stated in a letter dated March 30, 1990, among other things, that it does not intend to appeal such Final Order and that the staff is aware of no intervenors or other parties in the case. The Issuer has stated that it does not intend to appeal such Final Order.

It is to be understood that the rights of the holders of the Local Bonds and the enforceability of the Local Bonds, the Loan Agreement and the Local Act, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

West Virginia Water Development Authority  
Page 4

We have examined the executed and authenticated Local Bond numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

## Grant-Union Public Service District Sewer Revenue Bonds, Series 1990 B

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Grant-Union Public Service District (the "Issuer"), a public service district and public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$13,342 Sewer Revenue Bonds, Series 1990 B, dated the date hereof (the "Supplemental Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a supplemental loan agreement, dated April 6, 1990, including all schedules and exhibits attached thereto (the "Supplemental Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Supplemental Bonds, which are to be purchased by the Authority in accordance with the provisions of the Supplemental Loan Agreement. The Supplemental Bonds are originally issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years 1991 through 2029, inclusive, all as set forth in "Schedule X," attached to the Supplemental Loan Agreement and incorporated in and made a part of the Supplemental Bonds.

The Supplemental Loan Agreement is supplemental to a loan agreement also dated April 6, 1990, between the Issuer and the Authority (the "Loan

Agreement"). The Supplemental Bonds are on parity with respect to liens, pledge and source of and security for payment with the Issuer's outstanding Sewer Revenue Bonds, Series 1986 B, dated November 6, 1986, issued in the original principal amount of \$431,387 (the "Series 1986 B Bonds") and are junior, subordinate and inferior as to liens, pledge and source of and security for payment, and in all other respects, to the bonds issued pursuant to the Loan Agreement and designated "Sewer Revenue Bonds, Series 1990 A" (the "Local Bonds"), which Local Bonds are issued simultaneously herewith, and to the Issuer's outstanding Sewer Revenue Bonds, Series 1986 A, dated November 6, 1986, issued in the original aggregate principal amount of \$1,758,771 (the "Series 1986 A Bonds").

The Supplemental Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), for the purposes of (i) financing a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities of the Issuer (the "Project"); and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of the Local Statute, the bond and notes resolution duly adopted by the Issuer on November 5, 1986, the supplemental and amendatory bond resolution duly adopted by the Issuer on April 4, 1990, as supplemented by a supplemental resolution adopted April 4, 1990 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Supplemental Bonds are authorized and issued, and the Supplemental Loan Agreement that has been undertaken. The Supplemental Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Supplemental Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly organized and validly existing public corporation and political subdivision of the State of West Virginia, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Supplemental Loan Agreement and to issue and sell the Supplemental Bonds, all under the Local Statute and other applicable provisions of law.

2. The Supplemental Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the written consent of the Authority.

3. The Local Act and all other necessary resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Supplemental Loan Agreement.

4. The Supplemental Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Local Act and secured by a lien on and pledge of the Net Revenues of said System, on parity with the Series 1986 B Bonds and junior and subordinate to the Series 1986 A Bonds and the Local Bonds, all in accordance with the terms of the Supplemental Bonds and the Local Act.

5. The Issuer has reserved the right to issue additional bonds ranking on a parity with the Supplemental Bonds, as provided in the Local Act.

6. The Supplemental Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia, and the other taxing bodies of the State of West Virginia.

7. The time for appeal of the Final Order of the Public Service Commission of West Virginia entered March 9, 1990 (Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A), approving, among other things, the financing for the completion of the Project, has not expired prior to the date hereof; however, the staff of the Public Service Commission of West Virginia has stated in a letter dated March 30, 1990, among other things, that it does not intend to appeal such Final Order and that the staff is aware of no intervenors or other parties in the case. The Issuer has stated that it does not intend to appeal such Final Order.

It is to be understood that the rights of the holders of the Supplemental Bonds and the enforceability of the Supplemental Bonds, the Supplemental Loan Agreement and the Local Act, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Supplemental Bond numbered BR-1, and in our opinion the form of such bond and its execution and authentication are regular and proper.

## Grant-Union Public Service District Sewer Revenue Bonds, Series 1990 A

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have examined a transcript of proceedings relating to the issuance of \$285,908 aggregate principal amount of Sewer Revenue Bonds, Series 1990 A (the "Local Bonds"), of Grant-Union Public Service District (the "Issuer"), and a Certificate as to Arbitrage executed by the Chairman of the Issuer on this date.

Based upon such Certificate as to Arbitrage, we are of the opinion that the facts, estimates and circumstances set forth in the Certificate as to Arbitrage are sufficient to satisfy the requirements of Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"), to support the conclusion that the Local Bonds are not "arbitrage bonds" as therein defined. While we have undertaken no independent verification or investigation of the certifications, statements, expectations or representations set forth in such Certificate as to Arbitrage, no matters have come to our attention which make unreasonable or incorrect such certifications, statements, expectations or representations.

Accordingly, it is our opinion that, under existing statutes, regulations, rulings and court decisions, the Local Bonds are not "arbitrage bonds" as so defined.

The opinions set forth above are subject to the condition that the Issuer comply with all requirements of the Code relating to arbitrage that must be satisfied subsequent to the issuance of the Local Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with such requirements may cause the inclusion of interest on the Local Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Local Bonds. The Issuer has covenanted to comply with all such requirements.

Very truly yours,

*Steptoe & Johnson*

Ladies and Gentlemen:

We are counsel to Grant-Union Public Service District, in Harrison County, West Virginia (the "Issuer"). As such counsel, we have examined copies of the approving opinions of Steptoe & Johnson, as bond counsel, a loan agreement and supplemental loan agreement, both dated April 6, 1990, by and between the West Virginia Water Development Authority (the "Authority") and the Issuer (collectively, the "Loan Agreement"), the Local Act (as defined therein) and other documents relating to the above-captioned Bonds of the Issuer and orders of the County Commission of Harrison County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer. Terms used in said opinions, Local Act and Loan Agreement and not otherwise defined herein have the same meanings herein.

We are of the opinion that:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia.

14

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer in accordance with its terms.

3. The members and officers of the Public Service Board of the Issuer have been duly and properly appointed and elected, have taken the requisite oaths, and are authorized to act on behalf of the Issuer.

4. The Local Act has been duly adopted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Local Act, and the carrying out of the terms thereof, do not and will not in any material respect conflict with or constitute on the part of the Issuer a breach of or default under any agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and imposition of rates and charges, including, without limitation, the receipt of all requisite orders, certificates and approvals from the County Commission of Harrison County and the Public Service Commission of West Virginia, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The time for appeal of the Final Order of the Public Service Commission of West Virginia entered March 9, 1990 (Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A), approving, among other things, the issuance of the Bonds and the financing for the completion of the Project, has not expired prior to the date hereof; however, such Final Order is not subject to appeal by any customer, protestant, intervenor or other person not a party to the original application. The Issuer and the Public Service Commission of West Virginia are the only parties to such Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A. The Public Service Commission staff has stated in a letter dated March 30, 1990, that it does not intend to file a petition for reconsideration, further hearing, rehearing, or reopening of or appeal or otherwise challenge such Final Order. The Issuer does not intend to file a petition for reconsideration, further hearing, rehearing or reopening of or appeal or otherwise challenge such Final Order.

7. The Issuer has duly published a notice of the acquisition and construction of the Project, issuance of the Bonds and related matters, as required under Chapter 16, Article 13A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.

8. To the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or

West Virginia Water Development Authority, et al.

body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Local Act, the acquisition and construction of the Project, the operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

The costs thereof, including costs of any properties which may have to be acquired by condemnation, are, in the opinion of all the undersigned, within the ability of the Issuer to pay for the same without jeopardizing the security of or payments on the Bonds.

11. RATES: The Issuer has received the Final Order of the Public Service Commission of West Virginia entered March 9, 1990 (Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A), among other things, approving increased rates and charges for the services of the System and approving the issuance of the Bonds and the financing for the completion of the Project, and has adopted a resolution prescribing such rates and charges. The time for appeal of such order has not expired prior to the date hereof; however, the staff of the Public Service Commission of West Virginia has stated in a letter dated March 30, 1990, that it does not intend to file a petition for reconsideration, further hearing, rehearing, or reopening of or appeal or otherwise challenge such Final Order. 13. BOND PROCEEDS: On the date hereof the Issuer received from the Authority the agreed purchase price of the Bonds, being \$299,250 (100% of par value), there being no interest accrued thereon.

14. PUBLICATION OF NOTICE OF BORROWING AND PSC FILING: The Issuer has published any required notice with respect to the completion of the acquisition and construction of the Project, anticipated user rates and charges and issuance of the Bonds with the Public Service Commission of West Virginia, in accordance with Chapter 16, Article 13A, Section 25 of the Official West Virginia Code of 1931, as amended.

15. PRIVATE USE OF FACILITIES: The Issuer shall at all times take, and refrain from taking, and shall not fail to take, any and all actions necessary in order to assure the initial and continued tax-exempt status of the Bonds. Less than 10% of the proceeds of the Bonds will be used, directly or indirectly, for any private business use, and less than 10% of the payment of principal of, or the interest on, such issue, under the terms of such issue or any underlying arrangement, is, directly or indirectly, secured by any interest in property used or to be used for a private business use, payments in respect of such property, or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use. None of the proceeds of the Bonds will be used, directly or indirectly, for any private business use which is not related to the governmental use of the proceeds of the Bonds, including the disproportionate related business use of the proceeds of the Bonds, and none of the payment of principal on, or the interest on, such issue, under the terms of such issue or any underlying arrangement, is, directly or indirectly, secured by any interest in property used or to be used for a private business use, payments in respect of such property, or to be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a private business use with respect to such private business use, which is not related to any government use of such proceeds, including the disproportionate related business use of the issue of the Bonds. None of the proceeds of the issue of the Bonds will be used, directly or indirectly, to make or finance loans to persons other than governmental units. For purposes of this paragraph, private business use means use, directly or indirectly, in a trade or business carried on by any person, including related persons, other than a governmental unit, other than use as a member of the general public. All of the foregoing have been and shall be

determined in accordance with and within the meaning of the Internal Revenue Code of 1986, as amended, including any successor provisions and rules and regulations thereunder (the "Code").

16. NO FEDERAL GUARANTY: The Bonds are not and will not be, in whole or part, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

17. IRS INFORMATION RETURN: On the date hereof, the undersigned Chairman did officially sign a properly completed IRS Form 8038-G and will cause such executed Form 8038-G to be filed in a timely manner with the Internal Revenue Service Center, Philadelphia, Pennsylvania. The information contained in such executed Form 8038-G is true, correct and complete.

18. SPECIMEN BONDS: Delivered concurrently herewith are true and accurate specimens of the Bonds.

CERTIFICATE AS TO ARBITRAGE

I, RONALD C. ASHBAKER, Chairman of the Public Service Board of Grant-Union Public Service District, in Harrison County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$285,908 aggregate principal amount of Sewer Revenue Bonds, Series 1990 A, of the Issuer, dated April 6, 1990 (the "Local Bonds"), hereby certify as follows:

1. This certificate is being executed and delivered pursuant to Section 148 of the Internal Revenue Code of 1986, as amended, and applicable regulations (the "Code"). I am one of the officers of the Issuer charged with the responsibility of issuing the Local Bonds. I am familiar with the facts, circumstances, and estimates herein certified and am duly authorized to execute and deliver this certificate on behalf of the Issuer.

2. This certificate may be relied upon as the certificate of the Issuer.

3. The Issuer has not been notified by the Internal Revenue Service of any listing or proposed listing of it as an issuer the certification of which may not be relied upon by holders of obligations of the Issuer or that there is any disqualification of the Issuer by the Internal Revenue Service because a certification made by the Issuer contains a material misrepresentation.

4. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on April 6, 1990, the date on which the Local Bonds are to be physically delivered in exchange for the issue price thereof, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

5. In the supplemental and amendatory resolution pursuant to which the Local Bonds are issued, the Issuer has covenanted to make no use of the proceeds of the Local Bonds which would cause the Local Bonds to be "arbitrage bonds" within the meaning of the Code.

6. The Local Bonds and the Series 1990 B Bonds (the "Supplemental Bonds"), which bear no interest, were sold on April 6, 1990, to the West Virginia Water Development Authority (the

"Authority") for an aggregate purchase price of \$299,250 (100% of par).

7. The Local Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of completion of acquisition and construction of certain new sewage collection, transportation and treatment facilities of the Issuer (the "Project"); and (ii) paying costs of issuance thereof.

8. Acquisition, construction and equipping of the Project has proceeded with due diligence to completion, and all of the proceeds from the sale of the Local Bonds, together with any investment earnings thereon, will be expended for payment of costs of completing the Project on or before May, 1990. Construction of the Project was completed in December, 1987. The Issuer has heretofore issued grant anticipation notes which matured December 31, 1989. Issuance of the Local Bonds was delayed pending a determination of the amount of surplus moneys remaining following payment in full of such grant anticipation notes.

9. The total cost of completing the Project is estimated at \$299,250. A shortfall of approximately \$294,966 is due to unexpectedly low investment earnings. Sources and uses of funds for completion of the Project are as follows:

SOURCES

|                                      |                  |
|--------------------------------------|------------------|
| Gross Proceeds of Local Bonds        | \$285,908        |
| Gross Proceeds of Supplemental Bonds | <u>13,342</u>    |
| Total Sources                        | <u>\$299,250</u> |

USES

|   |                  |
|---|------------------|
| Cost of Design, Acquisition and Construction of Project not Funded from other Sources | \$294,966        |
| Costs of Issuance   | <u>4,284</u>     |
| Total Uses  | <u>\$299,250</u> |

The amount of Project costs not expected to be reimbursed or paid from proceeds of the Supplemental Bonds is estimated to be at least equal to the gross proceeds of the Local Bonds. Except for the proceeds of the Local Bonds and the Supplemental Bonds, no other funds of the Issuer will be available to meet Costs of the Project, and no balances are available to meet such costs in any account which may, without

legislative or judicial action, be invaded to pay such expenditures without a legislative, judicial or contractual requirement that such account be reimbursed.

10. Pursuant to Article III of the Local Act, the following special funds or accounts have been created:

(1) Series 1990 A Bonds Sinking Fund, and within the Series 1990 A Bonds Sinking Fund the Series 1990 A Bonds Reserve Account; and

(2) Series 1990 B Bonds Sinking Fund, and within the Series 1990 B Bonds Sinking Fund the Series 1990 B Bonds Reserve Account.

11. Pursuant to Article IV of the Local Act, all of the proceeds of the Local Bonds (and the Supplemental Bonds ) will be deposited in the Bond Construction Trust Fund and applied to payment of certain Bond Anticipation Notes heretofore issued by the Issuer for the purpose of temporarily financing a portion of the Costs of the Project and payment of Costs of the Project, including costs of issuance of the Bonds and related costs.

12. Moneys held in the Series 1990 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Local Bonds and will not be available to meet costs of construction of the Project. All investment earnings on moneys in the Series 1990 A Bonds Sinking Fund and Series 1990 A Bonds Reserve Account will be withdrawn therefrom and deposited into the Bond Construction Trust Fund until completion of the Project, and thereafter will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Local Act.

13. Except for the Series 1990 A Bonds Sinking Fund and the Series 1990 A Bonds Reserve Account, there are no other funds or accounts established or held by the Issuer which are reasonably expected to be used to pay debt service on the Local Bonds or which are pledged as collateral for the Local Bonds and for which there is a reasonable assurance that amounts therein will be available to pay debt service on the Local Bonds, if the Issuer encounters financial difficulties. The Issuer does not expect that moneys in the Renewal and Replacement Fund will be used or needed for payments upon the Local Bonds. Except as provided herein, no funds which have been or will be used to acquire directly or indirectly securities, obligations, annuity contracts or other investment-type property producing a yield in excess of the yield on the Local Bonds, have been or will be pledged to payment of the Local Bonds. Less than 10% of the moneys received from the sale of the Local Bonds, if any, will be

deposited in the Series 1990 A Bonds Reserve Account or any other reserve or replacement fund. The amounts deposited in the Series 1990 A Bonds Reserve Account from time to time by the Issuer will not exceed the maximum annual principal and interest on the Local Bonds and will not exceed 125% of average annual principal and interest on the Local Bonds. Amounts in the Series 1990 A Bonds Reserve Account, not to exceed 10% of the proceeds of the Local Bonds, if invested, will be invested without yield limitation. The establishment of the Series 1990 A Bonds Reserve Account is required by the Authority, is vital to its purchase of the Local Bonds and is reasonably required to assure payments of debt service on the Local Bonds.

14. The Issuer will comply with the provisions of the Code, for which the effective date precedes the date of delivery of its Bonds to the Authority.

15. The Issuer expects that no part of the Project financed by the Local Bonds will be sold or otherwise disposed of prior to the last maturity date of the Local Bonds.

16. With the exception of the amount deposited in the Series 1990 A Bonds Sinking Fund for payment of interest on the Local Bonds and the amount deposited in the Series 1990 A Bonds Reserve Account, if any, all of the proceeds of the Local Bonds will be expended on the Project within 1 month from the date of issuance thereof.

17. Any money deposited in the Series 1990 A Bonds Sinking Fund for payment of the principal of or interest on the Local Bonds (other than the Series 1990 A Bonds Reserve Account therein) will be spent within a 13-month period beginning on the date of receipt.

18. All the proceeds of the Local Bonds which were used for the payment of costs of the Project will be expended for such purposes within three years of December 27, 1989.

19. The amount designated as cost of issuance of the Local Bonds consists only of costs which are directly related to and necessary for the issuance of the Local Bonds.

20. All property financed with the proceeds of the Local Bonds will be held for Federal income tax purposes by (or on behalf of) a qualified governmental unit.

21. The Issuer shall file Form 8038-G in a timely fashion with the Internal Revenue Service Center, Philadelphia, Pennsylvania, 19255.

22. No more than 10% of the proceeds of the Local Bonds will be used (directly or indirectly) in any trade or business carried on by, and less than 5% of the proceeds of Local Bonds have been or will be used to make or finance loans to, any person who is not a governmental unit.

23. The original proceeds of the Local Bonds will not exceed the amount necessary for the purposes of the issue.

24. The Issuer shall use the Local Bond proceeds solely for the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

25. The Issuer shall not permit at any time or times any of the proceeds of the Local Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Local Bonds from treatment afforded by Section 103(a) of the Code by reason of classification of the Local Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions and refrain from taking such actions as shall be necessary to comply with the Code in order to ensure the interest on the Local Bonds is excludable from gross income for federal income tax purposes.

26. The Local Bonds, in whole or in part, are not and will not be directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

27. The Issuer has retained the right to amend or supplement its authorizing documents if such amendment or supplement is necessary to preserve the exclusion from gross income for federal income tax purposes of the Local Bonds.

28. The Issuer shall comply with the yield restriction on Local Bond proceeds as set forth in the Code.

29. The Issuer has either (a) funded the Series 1990 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Local Bonds in the then current or any succeeding year with the proceeds of the Local Bonds, or (b) created the Series 1990 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10 year period until such Series 1990 A Bonds Reserve Account holds an amount equal to the maximum amount of principal and interest which will mature and become due on the Local Bonds in the then current or any succeeding year. Moneys in the Series 1990 A Bonds Reserve Account and the Series 1990 A Bonds Sinking Fund (established for the annual

payment of principal and interest) will be used solely to pay principal of and interest on the Local Bonds and will not be available to pay costs of the Project.

30. The Issuer shall submit to the Authority within 15 days following the end of the Issuer's bond year a certified copy of its rebate calculation or if the Issuer qualifies for the small governmental issuer exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the bond year which would make the Local Bonds subject to rebate.

31. The Issuer will rebate to the United States the amount, if any, required by the Code and to take all steps necessary to make such rebates. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and obtain a waiver from the Internal Revenue Service in order to maintain the exclusion of interest on the Local Bonds from gross income for federal income tax purposes.

32. The Issuer covenants and agrees to comply with the rebate requirements of the Code if not exempted therefrom, and with all other requirements of the Code necessary, proper or desirable to maintain the tax-exempt status of the Local Bonds. In addition, the Issuer has covenanted to comply with all Regulations from time to time in effect and applicable to the Local Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and has covenanted to take such actions, and refrain from taking such actions, as may be necessary to fully comply with Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of the Resolutions authorizing issuance of the Local Bonds.

33. Steptoe & Johnson is entitled to rely upon the representations, expectations, covenants, certifications and statements contained herein in rendering its opinions regarding the tax-exempt status of interest on the Local Bonds.

34. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

IN WITNESS WHEREOF, I have set my hand this 6th day of  
April, 1990.

Ladies and Gentlemen:

Based upon the rates and charges as set forth and approved in the Final Order of the Public Service Commission of West Virginia (Case No. 89-769-PSD-PC and Case No. 89-768-PSD-42A) entered March 9, 1990, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Cerrone & Associates, Consulting Engineers, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system of Grant-Union Public Service District, will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Sewer Revenue Bonds, Series 1990 A and Series 1990 B, to be issued to West Virginia Water Development Authority and all other obligations secured by or payable from the revenues of the System prior to or on a parity with such Bonds, including the Prior Bonds, as defined in the Bond Resolution.

Very truly yours,
