BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF GILMER COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A, and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Gilmer County Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Gilmer County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, consisting of construction of waterline extensions to serve approximately 89 new customers along Route 5, Rosedale Road, Gluck Run and Joe's Run in Gilmer County (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Infrastructure Fund pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than \$1,325,000 in a single series, being the Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), (the "Series 2008 A Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2008 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2008 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2008 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2008 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), in form satisfactory to the respective parties (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding bonds or obligations of the Issuer which will rank on a parity with the Series 2008 A Bonds as to liens, pledge and source of and security for payment, being the Issuer's: (i) Water Revenue Bonds, Series 1994; dated August 18, 1994, issued in the original aggregate principal amount of \$550,000 and held by the United States Department of Agriculture (the "Series 1994 Bonds"); (ii) Water Revenue Bonds, Series 2000 (United States Department of Agriculture), dated February 25, 2000, issued in the original aggregate principal amount of \$200,000 (the "Series 2000 Bonds"); (iii) Water Revenue Bonds, Series 2005 A Bonds (West Virginia Infrastructure Fund) dated April 19, 2005 issued in the original aggregate principal amount of \$1,470,000 (the Series 2005 a Bonds"); and (iv) Water Revenue Bonds, Series 2005 B Bonds (West Virginia DWTRF Program) dated April 19, 2005 issued in the original aggregate principal amount of \$1,639,000 (the "Series 2005 B Bonds"). The Series 1994 Bonds, the Series 2000 Bonds, the Series 2005 A Bonds and the Series 2005 B Bonds are hereinafter collectively called the "Prior Bonds."

Prior to the issuance of the Series 2008 Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consents of the Holders of the Prior Bonds to the issuance of the Series 2008 Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System. The Issuer is in compliance with all the covenants of the Prior Bonds and the Prior Resolutions.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest, if any, on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein and in the Prior Resolutions, all as such terms are hereinafter defined.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2008 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of public convenience and necessity and approval of this financing

and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2008 A Bonds or such final order will not be subject to appeal or rehearing.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 3.02. Terms of Bonds. The Series 2008 A Bonds shall be issued in such principal amounts; shall bear interest, if any, at such rate or rates, not exceeding the then legal maximum rate, payable quarterly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution or as specifically provided in the Loan Agreement. The Series 2008 A Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest, if any, on the Series 2008 A Bonds shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Series 2008 A Bonds shall be issued in the form of a single bond fully registered to the Authority, with a record of advances and a debt service schedule attached, representing the aggregate principal amount of the Series 2008 A Bonds. The Series 2008 A Bonds shall be exchangeable at the option and expense of the Registered Owner for another fully registered Bond or Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. Such Bonds shall bear interest, if any, and shall be dated as set forth in a Supplemental Resolution.

Section 3.03. Execution of Bonds. The Series 2008 A Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed the Series 2008 A Bonds shall cease to be such officer of the Issuer before the Series 2008 A Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any such Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2008 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2008 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 2008 A Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2008 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2008 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that such Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2008 A Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Series 2008 A Bonds.

The registered Series 2008 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer

satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging the Series 2008 A Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2008 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate, register and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2008 A Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of the Series 2008 A Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Prior Bonds, the Series

2008 A Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

(iii) An executed and certified copy of the Bond Legislation;

(iv) An executed copy of the Loan Agreement;

(v) The unqualified approving opinion of bond counsel on the Series 2008 A Bonds.

Section 3.10. Form of Bonds. The text of the Series 2008 A Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

This Bond shall bear no interest. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent").

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Infrastructure and Jobs Development Council (the "Council"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the Council, dated _____, 2008.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing waterworks system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance for the Bonds of this Series (the "Bonds") and related costs. The existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and

improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), a Bond Resolution duly adopted by the Issuer on _____, 2008, and a Supplemental Resolution duly adopted by the Issuer on _____, 2008 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the monies in the Series 2008 A Bonds Reserve Account and unexpended proceeds of the Bonds. Monies in the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2008 A Bonds, under the conditions and restrictions set forth herein.

Surplus Revenues may be used for any lawful purpose of the System.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03 and the relevant provisions of the Prior Resolutions, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

- (c) Each of such costs has been otherwise properly incurred; and
- (d) Payment for each of the items proposed is then due and owing.

The Issuer shall expend all proceeds of the Series 2008 A Bonds within 3 years of the date of issuance of the Council's bonds, the proceeds of which were used to make the loan to the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2008 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2008 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2008 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2008 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of the Series 2008 A Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2008 A Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and shall provide an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement and pursuant to Section 3.1(h) of the Loan Agreement, the Issuer will provide a Certificate of a Certified Public Accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Recommended Decision of the Public Service Commission of West Virginia entered December 19, 2007, which became Final Order on January 8, 2008, in Case No. 07-1804-PWD-T-CN.

So long as the Series 2008 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2008 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions. Additionally, so long as the Series 2008 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2008 A Bonds, immediately be remitted to the Commission for deposit in the Sinking Fund, and, with the written permission of the Authority and the Council, or, in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2008 A Bonds. Any balance remaining after the payment of the Series 2008 A Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000, but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with a professional engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation

thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property shall be deposited in the Renewal and Replacement Fund. Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2008 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2008 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2008 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2008 A Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2008 A Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2008 A Bonds pursuant to this Bond Legislation, except

with the prior written consent of the Authority and the Council under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2008 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions, extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Series 1994 Bonds and the Series 2000 Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Series 1994 Bonds and the Series 2000 Bonds, representing 75% of the then-outstanding principal indebtedness.

In the event the foregoing limitation is waived or when the Series 1994 Bonds and the Series 2000 Bonds are no longer outstanding the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other Bond. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 2008 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2008 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer

shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction and commencement of operation of the Project, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council, the Authority, or any other original purchaser of the Series 2008 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2008 A Bonds and the Consulting Engineer, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto) and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2008 A Bonds, and shall submit said report to the Council and the Authority, or any other original purchaser of the Series 2008 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Purchaser, the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2008 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the

rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds, including the Prior Bonds; provided that, in the event amounts equal to or in excess of the reserve requirements are on deposit in the Series 2008 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2008 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the Council and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the Council and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council, covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications, and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority and the Council, and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

Section 7.12 No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2008 A Bonds and the Series 2008 B Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction

contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion, Operation and Maintenance of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards. The Issuer shall take all steps to properly

operate and maintain the System and make the necessary replacements due to normal wear and tear so long as the Series 2008 A Bonds are outstanding.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the financing, acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2008 A Bonds required by State law, with all requisite appeal periods having expired without successful appeal and pursuant to Section 3.1(f) of the Loan Agreement and shall provide an opinion of counsel of such effect.

Section 7.18. Reserved.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2008 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2008 A Bonds, which statutory mortgage lien shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the Council with copies of all documents submitted to the Authority.

The Issuer shall also comply with all applicable laws, rules and regulations issued by the Authority and the Council or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.22. Contracts; Change Orders; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2008 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Council for written approval. The Issuer shall obtain the written approval of the Council before expending any proceeds of the Series 2008 A Bonds held in "contingency" as set forth in the schedule

attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the Council before expending any proceeds of the Series 2008 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding provided by the Authority and the Council in any press release, publication, program, bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2008 A Bonds and the Series 2008 B Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2008 A Bonds and the Series 2008 B Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2008 Bonds as a condition to issuance of the Series 2008 Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time

to time in effect and applicable to the Series 2008 Bonds as may be necessary in order to maintain the status of the Series 2008 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2008 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2008 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority, or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority, information with respect to the Issuer's use of the proceeds of the Series 2008 Bonds and any additional information requested by the Authority.

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered into contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided that, if the Loan will refund an interim construction financing, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and the Council shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit A;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and the Council shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority and the Council, to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority and the Council, to such effect;

(h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and the Council shall have received a certificate of the accountant for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority and the Council, to such effect; and

(i) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of projects and satisfactory to the Authority and the Council, to such effect, such certificate to be in form and substance satisfactory to the Authority and the Council, and evidence satisfactory to the Authority and the Council of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority, the Council or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as

possible to the designated date and mutually agreeable to the Authority, the Council and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority or such later date as is agreed to in writing by the Council.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Council for loans from the Infrastructure Fund to finance projects and that the obligation of the Authority to make any such loan is subject to the Council's authorization and the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount

equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds

outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's

revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the

Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

(xxiii) That the Governmental Agency shall submit all proposed change orders to the Council for written approval. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule B attached to the certificate of the Consulting Engineer. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds available due to bid/construction/project underruns;

(xxiv) That the Governmental Agency shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project; and

(xxv) That, unless it qualifies for an exception, the Governmental Agency shall comply with all the requirements of Chapter 21, Article 1C of the Code of West Virginia, 1931, as amended (the "West Virginia Jobs Act") and shall require its contractors and subcontractors to comply with the West Virginia Jobs Act. The Governmental Agency shall provide the Council and the Authority with a certificate stating that (I) the Governmental Agency will comply with all the requirements of the West Virginia Jobs Act; (II) the Governmental Agency has included the provisions of the West Virginia Jobs Act in each contract and subcontract for the Project; (III) the Governmental Agency has received or will receive, prior to entering into contracts or subcontracts, from each contractor or subcontractor a certificate demonstrating compliance with Section 4 of the West Virginia Jobs Act or waiver certificates from the West Virginia Division of Labor ("DOL"); and (IV) the Governmental Agency will file with the DOL and the Council copies of the waiver certificates and certified payrolls or comparable documents that include the number of employees, the county and state wherein the employees reside and their occupation, following the procedures established by the DOL. The monthly requisitions submitted to the Council shall also certify that the Governmental Agency is monitoring compliance by its contractors and subcontractors and that the required information has been submitted.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority and the Council.

4.3 The principal of the Loan shall be repaid by the Governmental Agency on the days and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a quarterly basis as provided in said Schedule X.

4.4 The Loan shall bear interest from the date and at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.5 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the bonds which are the source of money used to purchase the Local Bonds, unless otherwise agreed to by the Council.

ARTICLE V

Certain Covenants of the Governmental Agency; Imposition and Collection of User Charges; Payments To Be Made by Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under the Act and State law, including, without limitation, the right to an appointment of a receiver.

6.3 Notwithstanding Section 6.2, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

OPINION OF BOND COUNSEL FOR GOVERNMENTAL AGENCY

[To Be Dated as of Date of Loan Closing]

West Virginia Infrastructure and
Jobs Development Council
300 Summers Street, Suite 980
Charleston, West Virginia 25301

West Virginia Water Development Authority
180 Association Drive
Charleston, West Virginia 25311

Ladies and Gentlemen:

We are bond counsel to _____ (the
"Governmental Agency"), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$_____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and
(ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

CHARLESTON**

FINAL

Entered: December 19, 2007

CASE NO. 07-1804-PWD-T-CN

GILMER COUNTY PUBLIC SERVICE DISTRICT.

Application for a certificate of convenience and necessity to construct waterline extension and for approval of changes to the tariff.

RECOMMENDED DECISION

On September 18, 2007, the Gilmer County Public Service District (District), a public water utility, Glenville, Gilmer County, filed an application with the Public Service Commission, pursuant to *West Virginia Code (Code)* §24-2-11, for a certificate of public convenience and necessity to construct waterline extensions to serve approximately 89 new customers along Route 5, Rosedale Road, Gluck Run and Joe's Run in Gilmer County. The District proposed financing the project, estimated to cost \$2,884,200, with grant of \$1,559,200 from the Environmental Protection Agency (EPA) and a loan of \$1,325,000 from the West Virginia Infrastructure and Jobs Development Council (IJDC) bearing no interest and payable over 38 years. Although the proposed project will not require a rate increase, the District has also requested that the Commission approve changes to its existing tariff, including adding a returned check charge, disconnection/reconnection/administrative fees and a security deposit.

On September 18, 2007, the Commission directed that the District publish the Notice of Filing once a week for two successive weeks in a newspaper duly qualified by the Secretary of State, published and generally circulated in Gilmer County. The Notice of Filing, which provided a 30-day protest period, indicated that, if no protests were filed within the 30-day limit, the Commission may waive formal hearing and grant the certificate based upon the evidence submitted with the application. On November 13 and 19, 2007, the District submitted publication affidavits indicating that it had published the Notice of Filing on September 27 and October 4, 2007, in *The Glenville Democrat*, a newspaper published and generally circulated in Gilmer County. No protests to the application have been filed.

By the October 3, 2007 Referral Order, the Commission referred this certificate application to the Division of Administrative Law Judges (ALJ Division) to render a written recommended

decision no later than January 31, 2008, if no public protests were filed, or by April 15, 2008, if protests were filed.

On October 22, 2007, Staff Attorney Carrie F. DeHaven submitted the Initial Joint Staff Memorandum, attaching the October 12, 2007 Initial Internal Memorandum from Utilities Analyst Pete Lopez, Water and Wastewater Division, and Technical Analyst Joe Marakovits, Engineering Division. Noting that the project has IJDC approval, Staff observed that, if the District published the Notice of Filing and no protests were filed, the Commission must process the application in 180 days. Staff indicated that it would submit its final recommendation within the Commission's case processing guidelines.

Responding to all of the above, by the November 27, 2007 Procedural Order, the Administrative Law Judge (ALJ) directed Commission Staff to submit its final substantive recommendation by December 7, 2007, and directed the parties to respond by December 17, 2007.

On December 11, 2007, Staff Attorney DeHaven submitted the Final Joint Staff Memorandum, attaching the December 7, 2007 Final Internal Memorandum from Utilities Analyst Lopez and Technical Analyst Marakovits. Together, these Memoranda comprise Commission Staff's final substantive recommendation. Staff described the project as comprised of 98,650 linear feet of waterlines, including videotaping, road and stream crossings, fire hydrants, meter services, property restoration, water main testing and disinfection, and all necessary appurtenances. The project will serve approximately 119 new customers at a total estimated cost of \$2,730,500. The new customers, who rely upon private wells, currently do not have a safe and reliable potable water supply, since the ground water is of poor quality and in short supply during dry months. Many families have to haul water for domestic use. Staff noted that the project will not affect the District's existing rates. However, since the District is completing another certificate project, i.e., Case No. 04-0346-PWD-CN, the District has been ordered to file a rate case after operating for six months after the project in Case No. 04-0346-PWD-CN is completed. Staff did not recommend a rate change due to the instant project. However, Staff did recommend adding several provisions to the District's instant tariff, including a returned check charge, disconnect/reconnect/administrative fees and a security deposit. Staff recommended that the Commission grant the certificate application; approve the proposed financing, comprised of a \$1,559,200 EPA grant and a \$1,325,000 IJDC loan bearing no interest for 38 years; and approve the Staff-recommended rates and charges. Staff also recommended that, if the project's scope or financing change, the District must obtain separate Commission approval if those changes also change the rates. If such changes do not affect rates, the District must submit verification from a certified public accountant that the rates will not be affected by those changes. Should the bids exceed the projected construction costs hereby approved, the District must obtain separate Commission approval to revise the application and submit engineering data in support of any change. The District must provide a copy of the project engineer's certified tabulation of bids, within ten days of opening the bids, for each contract awarded. Finally, the District must provide a copy of its engineer's certificate of substantial completion as soon as it is available.

On December 17, 2007, the District submitted a letter concurring with Staff's final substantive recommendation and urging the Commission to adopt Staff's recommendation.

DISCUSSION

Having considered all of the above, since no dispute remains to be resolved in this proceeding, as evidenced by the response to Staff's final recommendation, the ALJ will consider the parties to have waived their rights under *West Virginia Code* §24-1-9(b) to file proposed findings of fact and conclusions of law, or briefs, in this proceeding, or to a hearing.

The ALJ holds that, since the District properly notified its customers of the project and no one objected or filed a protest; since the project will serve approximately 119 new customers at a total estimated cost of \$2,730,500; since those new customers, who rely upon private wells for their water supply, currently do not have a safe and reliable potable water supply because the ground water is of poor quality and in short supply during dry months; since many families have to haul water for domestic use; since the project will not affect the District's existing rates; since Staff recommended that the Commission grant the certificate application; and since the District concurs with Staff's final recommendation, the public convenience and necessity require the project and the ALJ will approve the application.

Also, since the proposed financing, comprised of a \$1,559,200 EPA grant and a \$1,325,000 IJDC loan bearing no interest for 38 years, is reasonable, the ALJ will approve it. Also, since Staff recommended adding several provisions to the District's instant tariff, including a returned check charge, disconnect/reconnect/administrative fees and a security deposit, the ALJ will approve the Staff-recommended rates and charges. If the project's scope or financing change, the District must obtain separate Commission approval if those changes also change the rates. If such changes do not affect rates, the District must submit verification from a certified public accountant that the rates will not be affected by those changes. Should the bids exceed the projected construction costs hereby approved, the District must obtain separate Commission approval to revise the application and submit engineering data in support of any change. The District must provide a copy of the project engineer's certified tabulation of bids, within ten days of opening the bids, for each contract awarded. Finally, the District must provide a copy of its engineer's certificate of substantial completion as soon as it is available.

FINDINGS OF FACT

1. The Gilmer County Public Service District filed an application with the Commission under *Code* §24-2-11 for a certificate of public convenience and necessity to construct waterline extensions to serve approximately 89 new customers along Route 5, Rosedale Road, Gluck Run and Joe's Run in Gilmer County. The District proposed financing the project, estimated to cost \$2,884,200, with \$1,559,200 EPA grant and a \$1,325,000 IJDC loan bearing no interest and payable over 38 years. ~~Although the proposed project will not require a rate increase, the District requested that the Commission approve changes to its existing tariff, including adding a returned check charge,~~

disconnection/reconnection/administrative fees and a security deposit. (See, September 18, 2007 application).

2. The District published the Notice of Filing on September 27 and October 4, 2007, in *The Glenville Democrat*, a newspaper published and generally circulated in Gilmer County. (See, November 13 and 19, 2007 publication affidavits).

3. No protests to the application were filed. (See, Commission's file).

4. The project is comprised of 98,650 linear feet of waterlines, including videotaping, road and stream crossings, fire hydrants, meter services, property restoration, water main testing and disinfection, and all necessary appurtenances. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

5. The project will serve approximately 119 new customers at a total estimated cost of \$2,730,500. The new customers, who rely upon private wells, currently do not have a safe and reliable potable water supply, since the ground water is of poor quality and in short supply during dry months. Many families have to haul water for domestic use. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

6. While the project will not affect the District's existing rates, since the District is completing another certificate project, i.e., Case No. 04-0346-PWD-CN, the District has been ordered to file a rate case after operating for six months after the project in Case No. 04-0346-PWD-CN is completed. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

7. Staff recommended adding several provisions to the District's instant tariff, including a returned check charge, disconnect/reconnect/administrative fees and a security deposit. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

8. Staff recommended that the Commission grant the certificate application. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

9. Staff recommended that the Commission approve the proposed financing, comprised of a \$1,559,200 EPA grant and a \$1,325,000 IJDC loan bearing no interest for 38 years. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

10. Staff recommended that the Commission approve the Staff-recommended rates and charges. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

11. Staff also recommended that, if the project's scope or financing change, the District must obtain separate Commission approval if those changes also change the rates. If such changes do not affect rates, the District must submit verification from a certified public accountant that the rates will not be affected by those changes. Should the bids exceed the projected construction costs

hereby approved, the District must obtain separate Commission approval to revise the application and submit engineering data in support of any change. The District must provide a copy of the project engineer's certified tabulation of bids, within ten days of opening the bids, for each contract awarded. Finally, the District must provide a copy of its engineer's certificate of substantial completion as soon as it is available. (See, December 11, 2007 Final Joint Staff Memorandum, with attachments).

12. The District submitted a letter concurring with Staff's final substantive recommendation and urging the Commission to adopt Staff's recommendation. (See, December 17, 2007 letter).

CONCLUSIONS OF LAW

1. For the reasons set forth in Finding of Fact Nos. 2 through 9, it is reasonable to hold that the public convenience and necessity require the project.

2. For the reason set forth in Conclusion of Law No. 1, it is reasonable to grant the certificate application.

3. For the reasons set forth in Finding of Fact No. 9, it is reasonable to approve the proposed financing for the project.

4. It is reasonable to approve the Staff-recommended rates and charges.

5. It is reasonable to require that, if the project's scope or financing change, the District must obtain separate Commission approval if those changes also change the rates. If such changes do not affect rates, the District must submit verification from a certified public accountant that the rates will not be affected by those changes. Should the bids exceed the projected construction costs hereby approved, the District must obtain separate Commission approval to revise the application and submit engineering data in support of any change. The District must provide a copy of the project engineer's certified tabulation of bids, within ten days of opening the bids, for each contract awarded. Finally, the District must provide a copy of its engineer's certificate of substantial completion as soon as it is available.

Re: Gilmer County Public Service District
Water Project 2004W-815

Dear Mr. Stalnaker:

The West Virginia Infrastructure and Jobs Development Council, at its July 12, 2006 meeting, determined that the Gilmer County Public Service District (the "District") should utilize a \$1,600,000 Environmental Protection Agency - Special Appropriations grant and voted to offer a binding commitment for an Infrastructure Fund loan of \$1,325,000 (0%, 40 yrs) to finance this \$2,925,000 project. This project consists of waterline extensions to the areas of Gluck Run, Little Ellis Creek, Rosedale Road, Joe's Run, Duskcamp Run and Alice Road.

In order to receive the proposed binding commitment the District must adhere to a certain project schedule. Please contact Jeff Brady at 558-4607 by August 31, 2006 to establish the necessary schedule and finalize the proposed binding commitment.

Sincerely,

Mark Prince

Re: Gilmer County Public Service District
Water Project 2004W-815

Dear Mr. Stalnaker:

The West Virginia Infrastructure and Jobs Development Council (the "Infrastructure Council") has reviewed the Gilmer County Public Service District's (the "District") revised preliminary application to extend potable water service to the areas of Gluck Run, Little Ellis Creek, Rosedale Road, Joes Run, Duskcamp Run and Alice Road (the "Project").

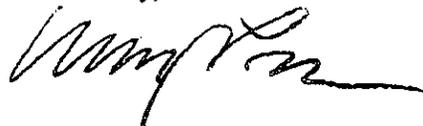

Based on the findings of the Water Technical Review Committee, the Infrastructure Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Water Technical Review Committee as the District may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the revised preliminary application, the Infrastructure Council recommends that the District utilize a \$1,600,000 Environmental Protection Agency Special Appropriations grant to fund this \$2,925,000 project.

The Infrastructure Council also determined the District may be eligible for a \$1,325,000 Infrastructure Fund loan (0%, 40 yrs) pending the District's readiness to proceed and availability of funds. This letter is not a commitment letter of Infrastructure Funds. The Project will be placed on the Infrastructure Council's pending list of projects.

If you have any questions regarding this matter, please contact Jeff Brady at 558-4607.

Sincerely,

Mark Prince

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Gilmer County Public Service District (the "Issuer"), a public service district, public corporation and political subdivision organized and existing under the laws of the State of West Virginia, of its \$1,325,000 Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated April 16, 2008, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 2009, to and including March 1, 2048, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer (the "Project"); (ii) funding the Series 2008 A Bonds Reserve Account; and (iii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on April 14, 2008, as supplemented by a Supplemental Resolution duly adopted by the Issuer on April 14, 2008, (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer in connection with the issuance and sale of the Bonds and constitute valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge, and source of and security for payment with the Issuer's: (i) Water Revenue Bonds, Series 1994, dated August 18, 1994, issued in the original aggregate principal amount of \$550,000; (ii) Water Revenue Bonds, Series 2000 (United States Department of Agriculture), dated February 25, 2000, issued in the original aggregate principal amount of \$200,000; (iii) Water Revenue Bonds, Series 2005 A (West Virginia Infrastructure Fund), dated April 19, 2005, issued in the original aggregate principal amount of \$1,470,000; and (iv) Water Revenue Bonds, Series 2005 B (West Virginia DWTRF Program), dated April 19, 2005, issued in the original aggregate principal amount of \$1,639,000 (collectively, the "Prior Bonds"), all in accordance with the terms of the Bonds and the Bond Legislation.

5. The Bonds are, under the Act, exempt from taxation by the State of West Virginia and the other taxing bodies of the State and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

I am counsel to Gilmer County Public Service District in Gilmer County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a loan agreement for the Series 2008 A Bonds, dated April 16, 2008, including all schedules and exhibits attached thereto, by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council") (the "Loan Agreement"), a Bond Resolution duly adopted by the Issuer on April 14, 2008, as supplemented by a Supplemental Resolution duly adopted by the Issuer on April 14, 2008, (collectively, the "Bond Legislation"), orders of The County Commission of Gilmer County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer, and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

April 16, 2008

Page 2

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.

3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully, and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders and approvals from The County Commission of Gilmer County, the Council and the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the Recommended Decision of the Public Service Commission of West Virginia entered on December 19, 2007 which became final order on January 8, 2008 in Case No. 07-1804-PWD-T-CN, among other things, granting the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project and the rates of the System. The time for appeal Order has expired prior to the date hereof without any appeal.

7. The Issuer has duly published a notice of the acquisition and construction of the Project, the issuance of the Bonds and related matters, as required under Chapter 16, Article 13 A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.

8. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, the collection of Gross Revenues or the pledge of the Net Revenues for the payment of the Bonds.

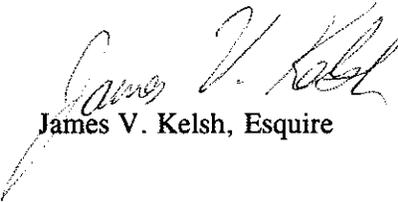

April 16, 2008

9. I have ascertained that all successful bidders have made the required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

James V. Kelsh, Esquire

water project (the "Project"). We provide this final title opinion on behalf of the issuer to satisfy the requirements of the West Virginia Infrastructure and Jobs Development Council (the "Council") for the Project. Please be advised of the following:

1. We are of the opinion that the Issuer is a duly created and validly existing public service possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia to construct, operate and maintain the Gilmer County Public Service District Project as approved by the BPH
2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.
3. We have investigated and ascertained the location of, and are familiar with the legal description of, the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Thrasher Engineering, the consulting engineers for the Project.
4. We have examined the records on file in the Office of the Clerk of the County Commission of Gilmer County, West Virginia, the county in which the Project is to be located, and, in our opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way, with the exception of those listed in Paragraph 5, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.
5. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Office of the Clerk of the County Commission of Gilmer County to protect the legal title to and interest of the Issuer.

Very Truly Yours,

This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on April 16, 2008, the date on which the Bonds are being physically delivered in exchange for an initial advance of the principal of the Bonds and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council") as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2008 A Bonds were sold on April 16, 2008, to the Authority, pursuant to a loan agreement dated April 16, 2008, by and between the Issuer and the Authority, on behalf of the Council, for an aggregate purchase price of \$1,325,000 (100% of par), at which time, the Issuer received \$154,909 from the Authority and the Council, being the first advance of the principal amount of the Series 2008 A Bonds. No accrued interest has been or will be paid on the Series 2008 A Bonds. The balance of the principal amount of the Series 2008 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); (ii) fully funding the Series 2008 A Bonds Reserve Account; and (iii) paying certain costs of issuance of the Bonds and related costs.

7. The Issuer shall, on the date hereof or immediately hereafter in any event, not more than 1 month from April 16, 2008, enter into agreements which require the Issuer to expend in excess of 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment, or has already done so. The acquisition, construction and equipping of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the respective Reserve Accounts for the Bonds, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before September 1, 2009. The acquisition and construction of the Project is expected to be completed by March 1, 2009.

9. The total cost of the Project is estimated at \$2,884,200. Sources and uses of funds for the Project are as follows:

SOURCES

Proceeds of the Series 2008 A Bonds	\$1,325,000
U.S. EPA Grant	<u>\$1,559,200</u>
Total Sources	\$2,884,200

USES

Costs of Acquisition and Construction of the Project	\$2,829,284
Funding the Series 2008 A Bonds Reserve Account	34,416
Costs of Issuance	<u>20,500</u>

Total Uses \$2,884,200

9. Pursuant to Article V of the Bond Resolution, the following special funds or accounts have been created or continued relative to the Bonds:

- (1) Revenue Fund (established by Prior Resolution);
- (2) Renewal and Replacement Fund (established by Prior Resolution);
- (3) Series 2008 A Bonds Construction Trust Fund;
- (4) Series 2008 A Bonds Sinking Fund; and
- (5) Series 2008 A Bonds Reserve Account;

10. Pursuant to Article VI of the Bond Resolution, the proceeds of the Bonds will be deposited in the Series 2008 A Bonds Construction Trust Fund as received from time to time and applied solely to payment of costs of the Project, including costs of issuance of the Series 2008 A Bonds and related costs.

11. Monies held in the Series 2008 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Series 2008 A Bonds and will not be available to meet costs of acquisition and construction of the Project. All investment earnings on monies in the Series 2008 A Bonds Sinking Fund and Series 2008 A Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Series 2008 A Bonds Construction Trust Fund during construction of the Project, and following completion of the Project, will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Bond Resolution.

12. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. The acquisition and construction of the Project is expected to be completed within 10 months of the date hereof.

13. The Issuer will take such steps as requested by the Authority to ensure that the Authority's bonds meet the requirements of the Code.

14. With the exception of the amount deposited in the Series 2008 A Bonds Reserve Account, if any, all of the proceeds of the Series 2008 A Bonds will be expended on the Project within 16 months from the date of issuance thereof.

15. The Issuer does not expect to sell or otherwise dispose of the Project prior to the last maturity date of the Bonds.

16. The amount designated as cost of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

17. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

18. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

19. The Issuer covenants that it shall maintain thorough and accurate accounting records, in conformance with generally accepted accounting principles, relative to the proceeds of Bonds so that use of proceeds from each series of the Bonds can be accounted for.

20. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

21. The Issuer shall use the Bond proceeds solely for the costs of the Project and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

22. The Bonds are not federally guaranteed.

23. The Issuer has retained the right to amend the Bond Resolution authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain governmental bonds.

24. The Issuer has either (a) funded the Series 2008 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds; or (b) created the Series 2008 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2008 A Bonds Reserve Account hold an amount equal to the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year. Monies in the Series 2008 A Bonds Reserve Account, if any, and the Series 2008 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Bonds and will not be available to pay costs of the Project.

25. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same sources of funds of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

26. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

27. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

28. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

Ladies and Gentlemen:

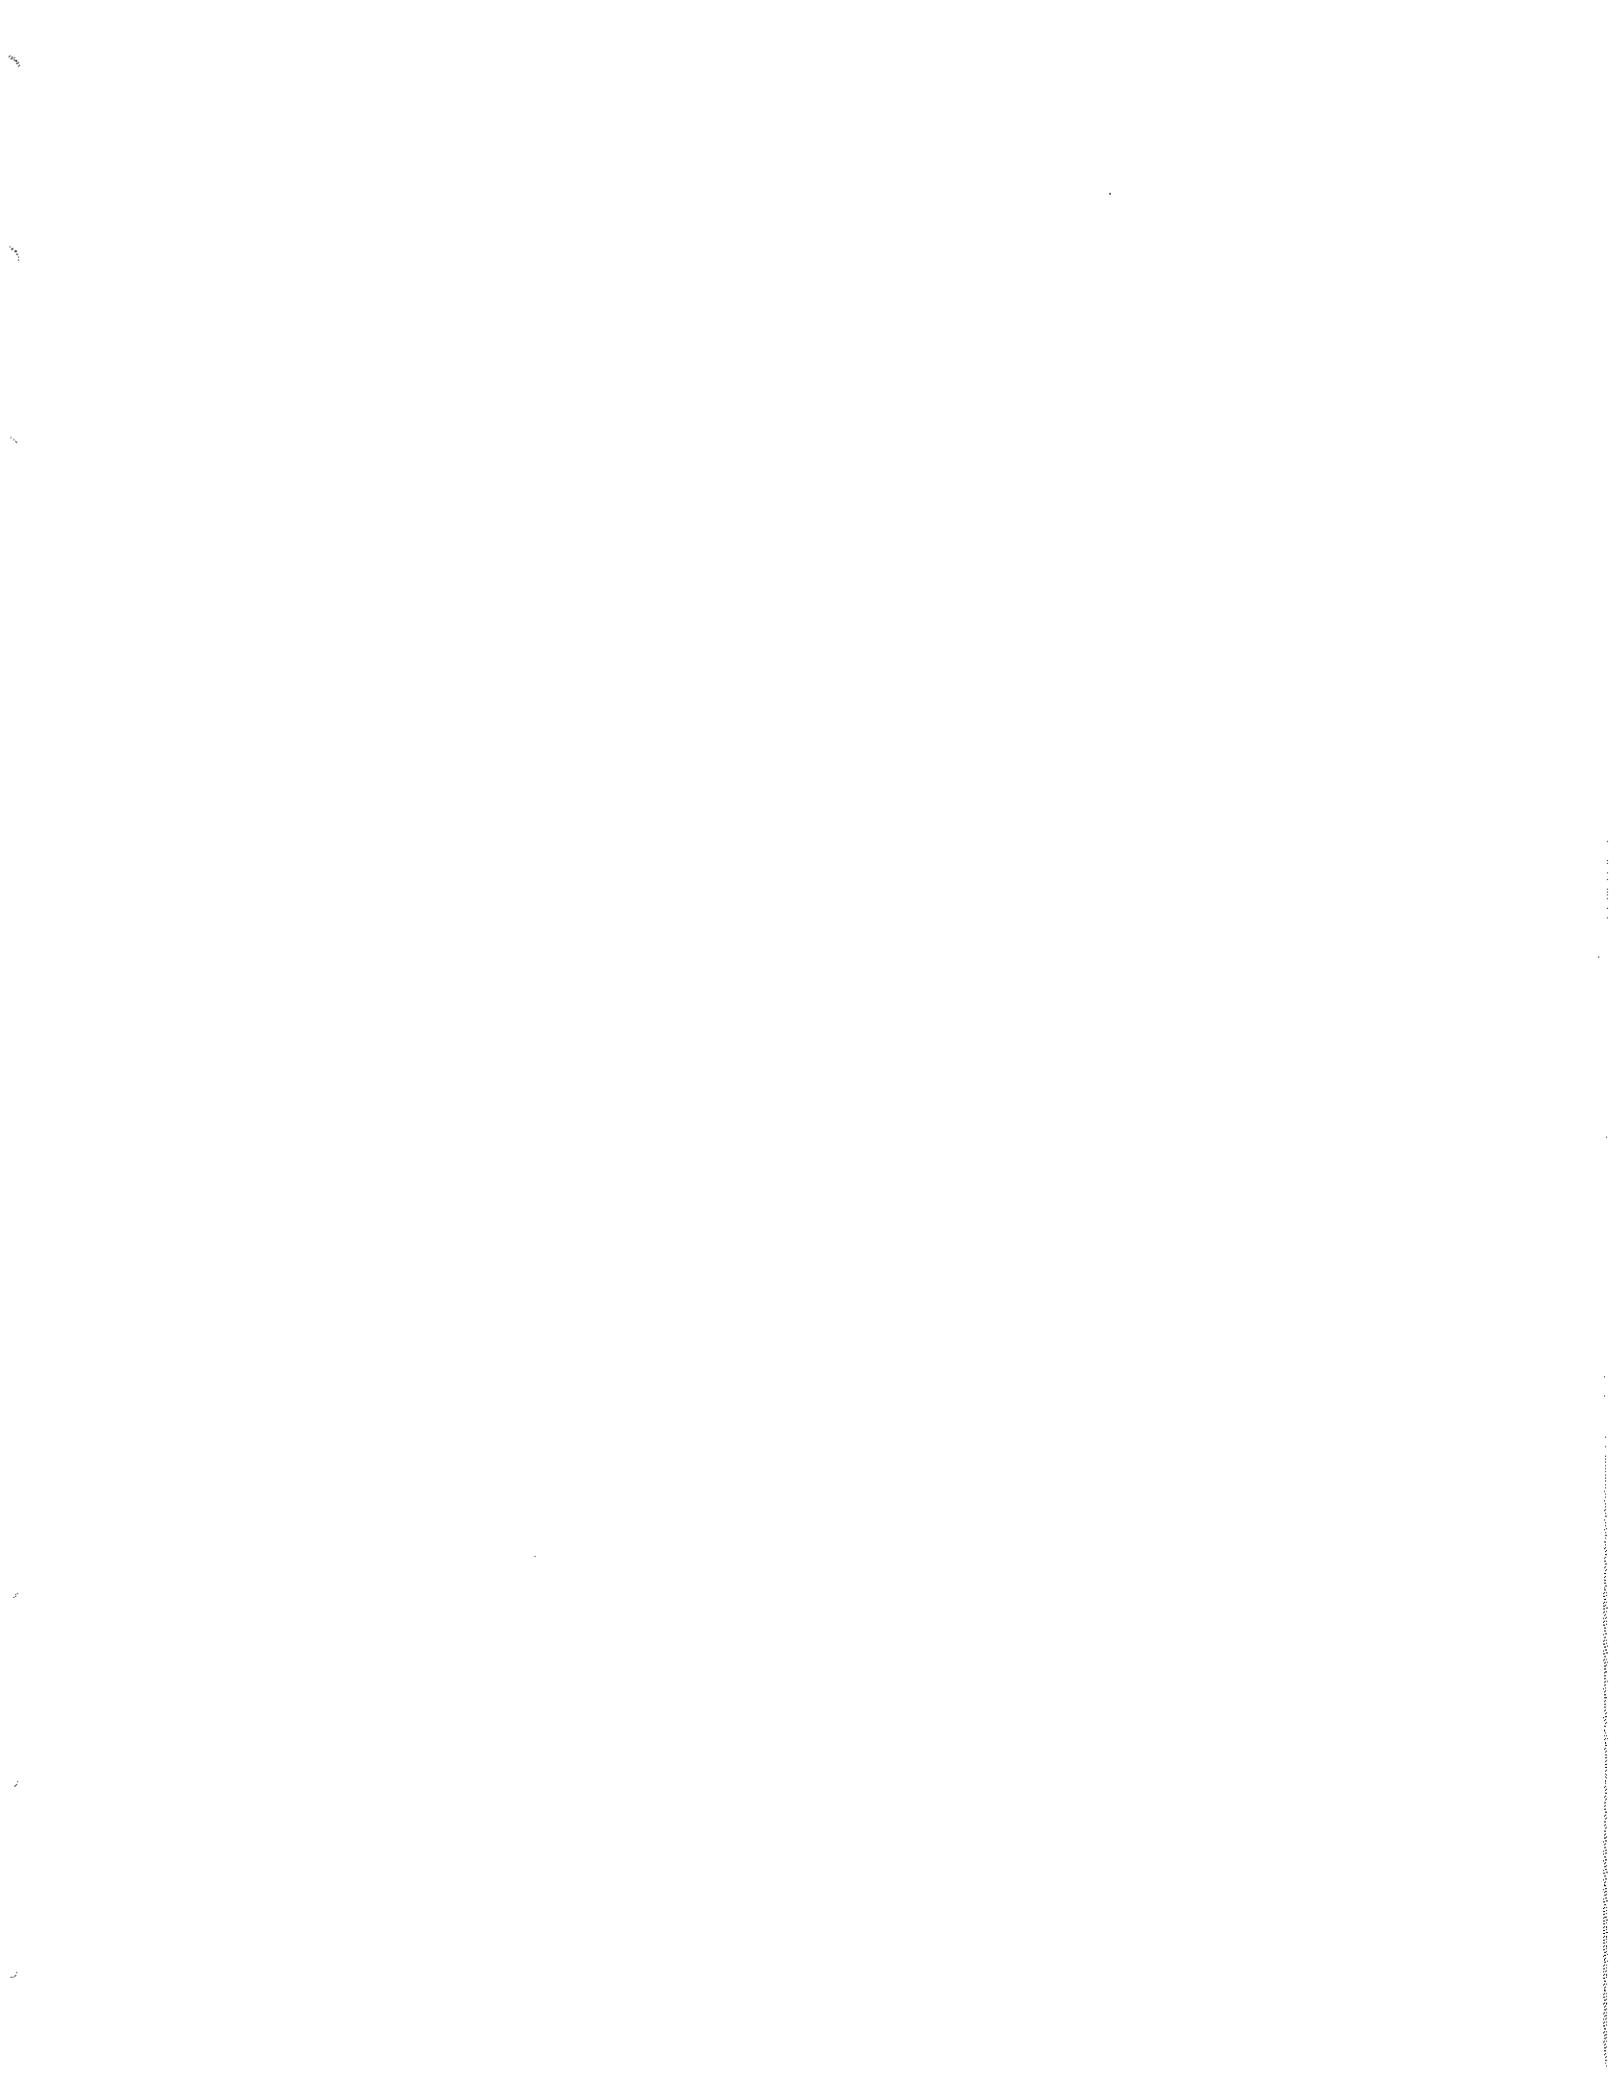

Based upon the water rates and charges set forth in the Recommended Decision of the Public Service Commission of West Virginia in Case No. 07-1804-PWD-T-CN, entered December 7, 2007, the projected operating expenses and the anticipated customer usage as furnished to us by Thrasher Engineering, Inc., the Consulting Engineer to Gilmer County Public Service District (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of the Issuer, will pay all operating expenses of the System and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Water Revenue Bond, Series 2008 A (West Virginia Infrastructure Council)(the "Bonds"), and all other obligations secured by a lien on or payable from such revenues on a parity with the Bonds, including the prior Bonds, as defined in the Bond Resolution authorizing the Bonds.

It is further our opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Bonds are issued will be at least 120% of the average annual debt service requirements on the Bonds and the Prior Bonds and that (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Bonds and the Prior Bonds.

Very truly yours,

Issued: August 11, 1998

CASE NO. 98-0446-PWD-PC

GILMER COUNTY COMMISSION

Petition for approval to modify
the boundaries of the Gilmer
County Public Service District.

PROCEDURAL ORDER

On April 14, 1998, the Gilmer County Commission filed a petition seeking Public Service Commission approval of a boundary expansion of the Gilmer County Public Service District to add two separate areas, an area southwest of the City of Glenville which includes Normantown, Stumptown and Cedar Creek State Park, and approximately 643 acres of an area east of the City of Glenville, the site of a proposed federal prison.

In an Order dated May 8, 1998, this matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before November 10, 1998.

On May 1, 1998, Staff Attorney Ceceila Jarrell, Esquire, filed the Initial and Final Joint Staff Memorandum, to which was attached the Initial and Final Internal Memorandum of Mr. James W. Boggess, Utility Analyst II, Water and Wastewater Division. Ms. Jarrell and Mr. Boggess explained that, in Case No. 90-037-PSWD-PC, entered December 17, 1990, the Gilmer County Public Service District was created as a water and sewer provider. In that case, the Order creating the Gilmer County Public Service District encompassed the entire County within the boundaries. At that time, Staff reasoned that providing water and sewer service to the entire county would not be economically feasible and could possibly give residents false hope of receiving the services and opposed the creating of a county-wide authority where no proven facilities had been operational. At that time, the Gilmer County Commission acquiesced and adopted Staff's recommendation. Since the Commission Staff in recent past has ordered the expansion of districts to include the entire geographical area of a county, excluding private and municipal entities (i.e., Mingo and Pocahontas Counties), Staff now opines that the reasoning for limiting the Gilmer County Public Service District is outmoded since the District is a proven entity and plans are underway for extending water service. The creation of a county-wide boundary does not necessitate providing service, but merely establishes the

17/98

authority that is legally feasible, without the repetitive process of expanding boundaries piecemeal.

Staff, therefore, recommended that the Gilmer County Commission's Order submitted in this case be modified to include within the boundaries of the Gilmer County Public Service District the entire geographical area of Gilmer County, excluding the City of Glenville. There are no other public service districts in Gilmer County and the Town of Sanford is already included within the boundaries of the District.

In an E-mail received by the undersigned on August 7, 1998, Staff Attorney Jarrell advised that Ms. Loretta Stalnaker, the Gilmer County Clerk, advised that the best course at this time would be for the County Commission to proceed with the enlargement as it was originally requested. The County Commission would, at a later date, file another petition for enlargement into the remainder of the County. Ms. Jarrell suggested scheduling the original petition for a hearing in Glenville.

Based upon the above, the Administrative Law Judge is of the opinion that the following procedural schedule shall be established for the processing and resolution of this case:

1. A hearing shall be held in the Circuit Courtroom, Gilmer County Courthouse, 10 Howard Street, Glenville, West Virginia, on September 14, 1998, at 9:30 a.m.;
2. The transcript of the proceeding shall be received on or before September 28, 1998; and
3. Initial briefs in this matter shall be filed on or before October 19, 1998, and reply briefs, if any, filed on or before October 26, 1998.

ORDER

IT IS, THEREFORE, ORDERED that the procedural schedule set forth above be, and the same hereby is, established for the processing and resolution of this case.

IT IS FURTHER ORDERED that the Gilmer County Commission publish the Notice of Hearing, attached hereto as Appendix A, once, in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Gilmer County. The County Commission shall make due return to the Commission of the proper affidavit of publication within ten (10) days of said publication, but no later than September 9, 1998.

IT IS FURTHER ORDERED that the Commission's Executive Secretary shall serve a copy of this Order upon all parties of record by United States Certified Mail, return receipt requested, and upon Commission Staff by hand delivery.

Minutes in part:

IN THE COUNTY COMMISSION OF GILMER COUNTY, WEST VIRGINIA

IN RE: THE CREATION OF A PUBLIC SERVICE DISTRICT TO
BE KNOWN AS THE GILMER COUNTY PUBLIC SERVICE
DISTRICT

ORDER

WHEREAS, the County Commission of Gilmer County, West Virginia, upon its own motion, entered an order on December 5, 1989, proposing the creation of a county-wide public service district for water and sewerage purposes encompassing all property located within the geographical boundaries of Gilmer County, West Virginia, to be known as the "GILMER COUNTY PUBLIC SERVICE DISTRICT", and set the matter for a public hearing in the Circuit Courtroom of the Gilmer County Court House on January 10, 1990, at 7:00 p.m.:

WHEREAS, upon entry of the aforesaid order proposing the creation of a public service district, the Clerk of this Commission notified the Executive Secretary of the West Virginia Public Service Commission of the time and place of the hearing to be held by this Commission and filed a true copy of the order and the notice of hearing with said Executive Secretary at least ten days prior to such hearing;

WHEREAS, the Clerk of this Commission further caused notice of such hearing and the time and place thereof, together with a description of all of the territory to be included therein, to be given by publication as a Class I legal advertisement

in the Glenville Democrat for one week in the issue of December 21, 1989, and also caused said notice to be posted in at least five conspicuous places in the proposed public service district more than ten days before said hearing;

WHEREAS, on January 10, 1990, this Commission conducted the aforesaid public hearing and received testimony and evidence from various citizens owning or having an interest in property in the proposed public service district all of whom were in favor of the formation of said public service district and no testimony was offered against the formation of said public service district, by the West Virginia Public Service Commission who was not represented at said hearing, or any other citizen there in attendance;

WHEREAS, based upon the testimony and evidence received at said public hearing, this Commission does hereby find that the need does exist throughout Gilmer County, West Virginia, for additional, new, or improved water and sewerage systems, not only to improve the quality of living, but also to assist in generating new economic development;

WHEREAS, based upon the testimony and evidence received at said public hearing, this Commission does hereby find that a county-wide public service district is so situated that the construction, acquisition, maintenance, operation, improvement and extension of properties supplying water and sewerage services within such territory is conducive to the

preservation of the public health, comfort and convenience of the area;

WHEREAS, based upon the testimony and evidence received at said public hearing, this Commission does hereby find that it is feasible to create a county-wide public service district that will cooperate with the City of Glenville to integrate systems to serve as many of the residents of the County as possible with cost effective water and sewerage services, and this Commission does further find that such a county-wide public service district can feasibly construct and operate separate utility facilities serving small numbers of customers in areas of low population density on a case by case basis as it is determined to be economically prudent;

WHEREAS, based upon the testimony and evidence received at said public hearing, this Commission does hereby find that there are presently available ample financing opportunities for public water and sewerage projects through the Farmers Home Administration and other governmental agencies of both the United States of America and the State of West Virginia;

NOW THEREFORE WITNESSETH, that after due consideration of the feasibility of the creation of the proposed public district, this Commission does hereby conclude that the construction, acquisition, maintenance, operation, improvement and extension of public service properties by such public service district is feasible and will be conducive to the preservation

of public health, comfort and convenience of such area, and, therefore, this Commission does hereby on the joint motion of the undersigned Commissioners by order unanimously adopted ORDER, ADJUDGE and DECREE that:

I. The County Commission of Gilmer County, West Virginia, does hereby create a public service district to provide water and sewerage services to the citizens of Gilmer County, West Virginia, which said public service district is to be known as the "GILMER COUNTY PUBLIC SERVICE DISTRICT";

II. The territory to be embraced within the "GILMER COUNTY PUBLIC SERVICE DISTRICT" shall be all property located within the geographical boundaries of Gilmer County, West Virginia, as those boundaries are established on topographic quadrangle maps prepared by the United States Geological Survey and the West Virginia Geological and Economic Survey in conformance with prior acts of the General Assembly of the State of Virginia, acts of the Legislature of the State of West Virginia, and other applicable provisions of law, which said maps are filed with the Secretary of State of the State of West Virginia and certified as correct by the Director and State Geologist of the West Virginia Geological and Economic Survey and recorded in the Office of the Clerk of the County Commission of Gilmer County, West Virginia, in a book entitled "Topographic Maps"; Provided, however, that there shall be excluded from the territorial boundaries of said public service district all property located within the geographical boundaries of the

chartered City of Glenville, West Virginia, since the governing body of said City has not heretofore adopted a resolution to consent to inclusion in said public service district; Provided, further, that there shall be included in the territorial boundaries of said public service district all property located within the geographical boundaries of the incorporated Town of Sand Fork, West Virginia, in that the governing body of said Town heretofore adopted a resolution to consent to inclusion in said public service district; and

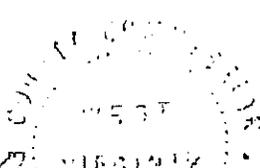

III. The Clerk of this Commission shall retain in her office an authentic copy of the order creating the "GILMER COUNTY PUBLIC SERVICE DISTRICT" and shall within ten days after the entry of the order file the same with the Executive Secretary of the West Virginia Public Service Commission for review and approval of said Public Service Commission.

GILMER COUNTY COMMISSION, a public corporation, Glenville, Gilmer County.
Petition for approval of the creation of the Gilmer County Public Service District.

RECOMMENDED DECISION

PROCEDURE

On January 10, 1990, the Gilmer County Commission, a public corporation, Glenville, Gilmer County, adopted an Order to create a public service district in Gilmer County to be known as the Gilmer County Public Service District, pursuant to the provisions of West Virginia Code §16-13A-2.

In accordance with the provisions of West Virginia Code §16-13A-2, it is necessary for the Public Service Commission to schedule a hearing in Gilmer County. By Order entered September 10, 1990, this matter was set for a hearing to be held in the Circuit Court Room, Gilmer County Court House, Glenville, West Virginia, on October 12, 1990. The hearing was held as scheduled. Timothy B. Butcher, Esquire, appeared as Counsel for the Gilmer County Commission. Mr. Larry Chapman, the President of the Gilmer County Commission, also appeared. Drexel Vealey, Esquire, Staff Attorney, Legal Division; Michael M. McNulty, Staff Engineer; and Mr. Robert M. Hubbard, Utility Financial Analyst, appeared on behalf of the Commission's Staff.

Although the hearing was attended by numerous members of the public, no one attending the hearing indicated that he or she wished to make a statement in protest to the petition.

Mr. Larry Chapman testified briefly as President of the Gilmer County Commission explaining that, on January 10, 1990, the Gilmer County Commission created a county-wide public service district. He explained that there has been recently completed a Kanawha Drive water line extension which services 85 customers. The Sand Fork and Stouts Mills areas, outside of Glenville, are also potential service areas which will serve approximately 190 customers. Mr. Chapman explained that the cost of the Kanawha Drive extension was \$840,000, the cost of which was divided between a Small Cities Block Grant and a contribution from the County. He stated that the estimated costs of the Sand Fork/Stouts Mill project would be \$1,240,000. The City of Glenville has agreed to provide service on the Kanawha Drive line until such time as the Gilmer County Public Service

District has been formed and approved. Mr. Chapman explained that, originally, the Gilmer County Public Service District was created to cover all of the County, except for the City of Glenville. This was done on a mistaken belief that this was the desire of the Public Service Commission to create a county-wide district. The Public Service Commission Staff recommended that, rather than create a county-wide district, the Gilmer County Commission should begin with those areas in which present service is feasible, such as the Kanawha Drive and Sand Fork/Stouts Run areas, and then add others as they become feasible. He continued and concluded his testimony by stating that, presently, the Sand Fork/Stouts Mill area has a water quality problem that would be corrected if its water was supplied by Glenville, which would supply the Gilmer County Public Service District. (Tr., pp. 8-19).

Mr. Michael McNulty, Staff Engineer, explained that Staff is in favor of creating a public service district in Gilmer County, but is against the county-wide public service district, because it is not economically feasible and would possibly mislead persons living in the County to believe that they would be receiving services that are not available at this time. He feels that, presently, the public service district should be restricted to the Sand Fork/Stouts Mill and Kanawha Drive areas. As more areas in the County become feasible for expansion, the District could be expanded to include these. He further explained that, because of the remoteness of some of the areas in the County, he does not foresee a county-wide public service district evolving. Because of its excess capacity, Glenville will be able to provide the water to these areas. Mr. McNulty further testified that, if the public service district is approved and a project is undertaken, the Public Service District would have to get Public Service Commission approval, at which time the finances and other aspects of the project would be examined in more detail. He added that the Farmer's Home Administration will not advance money for projects until an entity, such as the Public Service District, is created to receive the funds. (Tr., pp. 18-32).

Since no one appearing at the hearing desired to give testimony in protest to the application, with the testimony of Mr. McNulty no further evidence was taken in this matter.

FINDINGS OF FACT

1. The Gilmer County Commission adopted an Order to create a public service district in Gilmer County to be known as the Gilmer County Public Service District on January 10, 1990. (See, County Commission Order received January 18, 1990).

2. By Order dated September 10, 1990, this matter was set for a hearing to be held in Gilmer County on October 12, 1990. (See, Notice of Hearing Order dated September 10, 1990).

3. At the hearing held in this matter on November 12, 1990, Mr. Larry Chapman, President of the Gilmer County Commission, explained that, originally, the Commission sought to create a county-wide public service district, but the Public Service Commission has recommended that, rather

than create a county-wide district, the County should begin with the areas that are feasible for service, such as the Kanawha Drive and Sand Fork/Stouts Mill areas and add others as they become feasible in the future. (Tr., pp. 12-13).

4. Mr. Michael McNulty, Staff Engineer, testified that the Sand Fork/Stouts Mill area has a water quality problem and he stated that the Staff was in favor of creating a public service district in Gilmer County, but was against a county-wide public service district, as it would not be economically feasible. (Tr., pp. 20, 21).

5. At the hearing held on October 12, 1990, no one appeared in protest to the action of the Gilmer County Commission concerning the Gilmer County Public Service District.

CONCLUSION OF LAW

The Administrative Law Judge is of the opinion and finds that since the Gilmer County Commission is in compliance with the provisions of West Virginia Code §16-13A-2 and at the public hearing held on October 12, 1990, no parties appeared in protest to the Gilmer County Commission action in creating the Gilmer County Public Service District, approval of the action of the Gilmer County Commission can be granted.

ORDER

IT IS, THEREFORE, ORDERED that the petition of the Gilmer County Commission, a public corporation, Gilmer County, to create the Gilmer County Public Service District, be, and the same hereby is, approved.

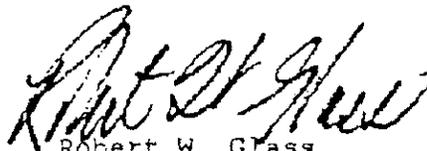

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until

approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

PUBLIC SERVICE COMMISSION

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 17th day of December, 1990.

CASE NO. 90-037-PSWD-PC
GILMER COUNTY COMMISSION

COMMISSION ORDER

PROCEDURE

On January 10, 1990, the Gilmer County Commission, a public corporation, Glenville, Gilmer County, adopted an order to create a public service district in Gilmer County to be known as the Gilmer County Public Service District, pursuant to the provisions of West Virginia Code §26-13A-2.

By order entered on September 10, 1990, this matter was set for hearing to be held in the Circuit Court Room, Gilmer County Courthouse, Glenville, West Virginia, on October 12, 1990. The hearing was held as scheduled. The Gilmer County Commission was represented by Larry Chapman, its president, and by Tim Butcher, its counsel. The Commission Staff was represented by Drexel Vealey, Staff Attorney.

The Administrative Law Judge (ALJ) issued a Recommended Decision on November 7, 1990, approving the Gilmer County Public Service District as described in the County Commission Order. Exceptions to the Recommended Decision were filed by Commission Staff and by Mr. Chapman for the Gilmer County Commission.

EVIDENCE

The County Commission Order described the Gilmer County Public Service District as embracing all of Gilmer County except for the City of Glenville.

Mr. Chapman testified that the County Commission decided to include all of the county in the district because they thought that that was what the Public Service Commission wanted. And later in conversations with members of the Commission Staff they learned that the Staff preferred that the district include only those areas which it now proposed to serve, with other areas being included when it became economically feasible to serve them. He indicated that he agreed with the Staff.

Michael W. McNulty, Staff Engineer, testified that Staff was in favor of creating the public service district in Gilmer County but was opposed to a county wide district. He said that it would not be economically feasible to provide water and sewer service to every area in the county and that it would be unfair to lead some county

residents to believe that they would be getting those services. Some concern about possible liability because of the failure of the district to serve persons within its area was expressed.

DISCUSSION

The Commission is concerned with having several districts in the same county which are too small to be operated efficiently, but it recognizes the problems of including within a district a large rural area in which it may never be economically feasible to provide water and sewer service. Among those problems is the creation of unreasonable expectations among residents within the district who cannot be served and the possibility that the district could be saddled with uneconomical projects or other liabilities.

The County Commission now proposes to include only that territory in the public service district which it presently plans to serve. Other areas will be added to the district as the provision of service to such areas becomes economically feasible. That plan would provide only one public service district in Gilmer County serving that area of the county in which provision for such services are now economically feasible, but expanding to include other areas as such expansion becomes feasible.

The Commission finds the proposal of the County Commission and the Staff to be reasonable. The Recommended Decision should be reversed. The County Commission should furnish the Public Service Commission with a description of the district by metes and bounds as it is now proposed.

FINDINGS OF FACT

1. On January 10, 1990, the Gilmer County Commission adopted an order to create a public service district in Gilmer County to be known as Gilmer County Public Service District and to include all of Gilmer County except the City of Glenville. (County Commission Order)

2. At the hearing, Larry Chapman, president of the Gilmer County Commission, said that the district was set up to include the entire county because the County Commission thought the Public Service Commission wanted it that way, but that he had since learned that the Commission Staff favored limiting the district to the areas in which it was economically feasible to provide service. (Tr., pp. 12-13)

3. Michael McNulty, Staff Engineer, testified that the Staff favored a public service district in Gilmer County, but wanted the district to be limited to areas in which service was economically feasible. (Tr., pp. 20, 21)

4. In the exceptions filed on behalf of the Gilmer County Commission, Mr. Chapman made it clear that the County Commission did not want the approval of a county wide district as originally proposed.

CONCLUSIONS OF LAW

1. The Recommended Decision by an Administrative Law Judge on November 7, 1990, should be reversed insofar as it approved the creation of a county-wide public service district.

2. The Gilmer County Commission should file a description by metes and bounds of the public service district which it now favors.

ORDER

IT IS, THEREFORE, ORDERED that the Recommended Decision of November 7, 1990, is hereby modified to eliminate the approval of a county-wide public service district.

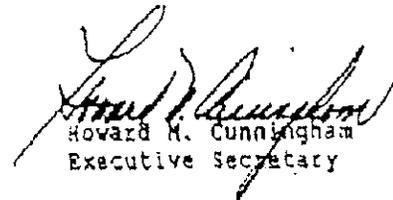

IT IS FURTHER ORDERED that the proposal submitted by the Staff and the County Commission to create a public service district to serve only these areas of the County that the County Commission believes is presently feasible is hereby approved.

IT IS FURTHER ORDERED that the Gilmer County Commission file with the Executive Secretary of the Public Service Commission within sixty (60) days of the date that this order, a description by metes and bounds of the public service district which it now supports.

IT IS FURTHER ORDERED that the Executive of the Commission serve copies of this order upon all parties by United States First Class Mail and upon the Commission Staff by hand delivery.

RE: Gilmer County Public Service District

Dear Mr. Cunningham:

Enclosed for your approval is a map showing the proposed revised boundaries of the Gilmer County Public Service District. Also, enclosed is the revised metes and bounds description.

The District has decided to pursue a water project which includes the area northeast of Glenville along Route 33. The District boundaries have been revised to include this new area. As with the two present District areas, the Route 33 area has been closely cropped to include basically those houses who are proposed to receive water from the current project.

We again request your approval for these proposed changes justifiably needed for our Gilmer County Public Service District.

Very truly yours,

Larry B. Chapman
President of Gilmer County Commission

CASE NO. 92-0322-PWD-PC

GILMER COUNTY COMMISSION
Petition to expand boundaries
of Gilmer County Public Service
District.

RECOMMENDED DECISION

On March 25, 1992, the Gilmer County Commission (County Commission) filed a proposed revision to the boundaries of the Gilmer County Public Service District with the Public Service Commission. The County Commission submitted both a map and a revised metes and bounds description. According to the filing, Gilmer County Public Service District has decided to pursue a water project which includes the area northeast of Glenville along Route 33. The District boundaries need to be revised to include the new area.

On April 21, 1992, the Commission issued its Referral Order in this matter, referring this proceeding to the Division of Administrative Law Judges for a decision to be rendered on or before October 20, 1992.

On May 18, 1992, Staff Attorney Ronald E. Robertson filed the Final Joint Staff Memorandum in this proceeding. Attached to Mr. Robertson's Memorandum was an Internal Memorandum dated May 1, 1992, from William Nelson, Utility Analyst, Public Service District Division, which was incorporated in the Final Joint Staff Memorandum. According to the Final Joint Staff Memorandum, upon a review of the filing in this proceeding, Commission Staff determined that the Gilmer County Commission had not taken the necessary steps required by West Virginia Code §16-13A-2 to revise the boundaries of Gilmer County Public Service District. Particularly, the Gilmer County Commission had not published notice of the proposed boundary change or held the required public meetings. Upon determining that the Gilmer County Commission had not taken the necessary actions, Commission Staff contacted the Gilmer County Commission, which then proceeded to take the steps necessary to revise the boundaries of the Gilmer County Public Service District.

On April 20, 1992, the Gilmer County Commission filed another petition to modify the boundaries of the Gilmer County Public Service District, indicating that the appropriate steps were now being taken to modify those boundaries. This petition was given a new case designation, Case No. 92-0415-PWD-PC. Commission Staff is recommending that Case No. 92-0322-W-PC be dismissed, since it is duplicative of the more recent filing and since the more recent filing is the filing in which the County

Commission is taking the appropriate steps to modify the boundaries of the Gilmer County Public Service District.

Upon consideration of all of the above, the Administrative Law Judge is of the opinion that the Staff recommendation is reasonable and should be adopted. Accordingly, the instant proceeding shall be dismissed, and the proposed expansion of the boundaries of Gilmer County Public Service District shall be addressed in Case No. 92-0415-PWD-PC.

FINDING OF FACT

The instant filing is duplicative of a subsequent filing made by the Gilmer County Commission to revise the boundaries of the Gilmer County Public Service District, which subsequent filing has been designated as Case No. 92-0415-PWD-PC. (Final Joint Staff Memorandum filed May 18, 1992).

CONCLUSION OF LAW

Since the instant proceeding is duplicative of a subsequent proceeding, designated as Case No. 92-0415-PWD-PC, it is reasonable to dismiss this proceeding from the Commission's docket of open cases, and to pursue the proposed expansion of the boundaries of Gilmer County Public Service District in the subsequent case.

ORDER

IT IS, THEREFORE, ORDERED that this proceeding be, and it hereby is, dismissed and removed from the Commission's docket of open cases. The proposed expansion of the boundaries of Gilmer County Public Service District shall be addressed in Case No. 92-0415-PWD-PC.

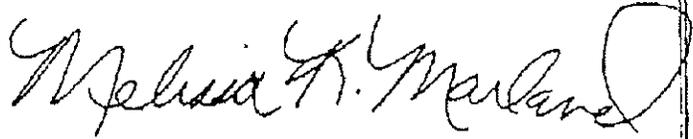

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to

make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

CASE NO. 92-0415-PWD-PC

GILMER COUNTY COMMISSION

Petition to expand boundaries of
Gilmer County Public Service District.

RECOMMENDED DECISION

PROCEDURE

On April 17, 1992, the Gilmer County Commission filed a proposed order for the expansion of the boundaries of the Gilmer County Public Service District to include the area northeast of Glenville along U.S. Route 33/119 from 500 feet southwest of the intersection of Grassy Run Road to a point near the foot of Stewart's Creek Hill, and more particularly described in said order. On May 3, 1992, the Gilmer County Commission filed an affidavit of publication and posting with respect to its scheduled hearing on the matter of the expansion of the boundaries of the Gilmer County Public Service District. On May 10, 1992, the Gilmer County Commission filed the executed copy of its order entered on May 5, 1992, formally approving the expansion of the Gilmer County Public Service District boundaries.

On May 18, 1992, Staff Attorney Ronald E. Robertson, Jr., filed a Final Joint Staff Memorandum in this proceeding. Attached to Mr. Robertson's Memorandum was an Initial and Final Staff Internal Memorandum dated May 4, 1992, from William A. Nelson, Utilities Financial Analyst, Public Service District Division, which is incorporated in the Final Joint Staff Memorandum. Commission Staff recommended that the Public Service Commission establish a hearing to be set in Gilmer County to comply with the requirements of West Virginia Code §16-13A-2 regarding boundary enlargements of a public service district. Mr. Nelson's Memorandum further recommended that the boundary expansion for Gilmer County Public Service District be approved.

On May 20, 1992, the Public Service Commission issued its Referral Order in this matter, referring this proceeding to the Division of Administrative Law Judges for a decision to be rendered on or before November 16, 1992.

On June 11, 1992, the undersigned Administrative Law Judge (ALJ) issued a Procedural Order in this matter, setting this matter for hearing for the purpose of complying with the provisions of West Virginia Code

\$16-13A-2. The hearing was scheduled to be held on July 15, 1992, at 2:00 p.m., in the County Commissioners' Court Room, Gilmer County Courthouse. The notice provided that anyone interested may appear at the hearing and make such statements with respect to the proposed boundary enlargement of the Gilmer County Public Service District as may be deemed appropriate.

On July 2, 1992, the Gilmer County Public Service District filed an affidavit of publication, indicating that the required notice was published on June 25, 1992, in the Glenville Democrat, a newspaper published and of general circulation in Gilmer County. Accordingly, the publication requirements set forth in the order of June 11, 1992, have been fulfilled.

The hearing set for July 15, 1992, was held as scheduled. Commission Staff appeared by Staff Attorney Ronald E. Robertson, Jr., Esquire, of the Commission's Legal Division. The Gilmer County Commission was present by two of its members, but was not represented by counsel. No members of the public appeared to make any statements or indicate any protest to the proposed expansion of the boundaries of Gilmer County Public Service District. Additionally, no one else was present for the purpose of participating in this matter. Since no parties appeared to protest the proposed expansion of the boundaries of Gilmer County Public Service District, and in light of the fact that Commission Staff had already indicated its approval of the expansion through its Memorandum filed on May 18, 1992, the parties agreed to stipulate the Staff recommendation into evidence as Staff Exhibit No. 1, and the petition and order of the Gilmer County Commission, requesting Commission approval of the boundary expansion, were stipulated into evidence as County Commission Exhibit No. 1. With the stipulation of the two exhibits into evidence, the hearing was adjourned. The transcript of the hearing was filed on July 21, 1992, and consists of five pages.

DISCUSSION

The Gilmer County Commission has fully complied with all of the requirements of West Virginia Code §16-13A-2, with respect to its request to enlarge the boundaries of Gilmer County Public Service District, as indicated by its order and petition filed on May 10, 1992, and the Staff recommendation filed on May 18, 1992. Adequate notice of the proposed boundary enlargement has been given to members of the public in Gilmer County, and no protests have been filed with the Commission and no one appeared to protest the proposed boundary enlargement at the hearing held in this matter in Gilmer County. Accordingly, the proposed boundary enlargement is unopposed, and since Commission Staff has recommended approval thereof, it is reasonable to approve the petition and order filed by the Gilmer County Commission on May 10, 1992, requesting approval to enlarge the boundaries of Gilmer County Public Service District to include the area northeast of Glenville along U.S. Route 33/119, and southwest of the intersection of Grassy Run Road to a point near the foot of Stewart's Creek Hill. The specific boundary modification is more specifically set forth in the Gilmer County Commission's order through a metes and bounds description.

FINDINGS OF FACT

1. The Gilmer County Commission has requested the Public Service Commission's consent and approval to enlarge the boundaries of the Gilmer County Public Service District and has fulfilled the requirements of West Virginia Code §16-13A-2 to accomplish the boundary enlargement. (County Commission Exhibit 1 and Staff Exhibit 1).

2. Commission Staff has recommended approval of the proposed enlargement of the boundaries of the Gilmer County Public Service District. (Staff Exhibit 1).

3. The mandated hearing regarding the boundary enlargement of Gilmer County Public Service District was held as scheduled, with no one appearing at the hearing to protest the matter and with no protests having been filed with the Public Service Commission regarding this matter. (Tr., generally; Affidavit of Publication filed July 2, 1992).

CONCLUSION OF LAW

The petition and order of the Gilmer County Commission filed herein on May 10, 1992, requesting the Commission's consent and approval of the modification of the boundaries of the Gilmer County Public Service District are reasonable and shall be approved.

ORDER

IT IS, THEREFORE, ORDERED that the order of the Gilmer County Commission filed herein on May 10, 1992, approving the enlargement of the boundaries of the Gilmer County Public Service District, to include the area more specifically described in said order, be, and it hereby is, approved, and the petition accompanying said order requesting the Commission's consent and approval for the enlargement of the Gilmer County Public Service District boundaries be, and it hereby is, granted.

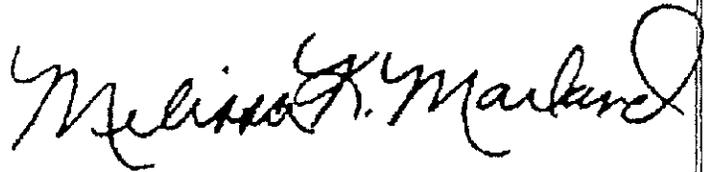

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

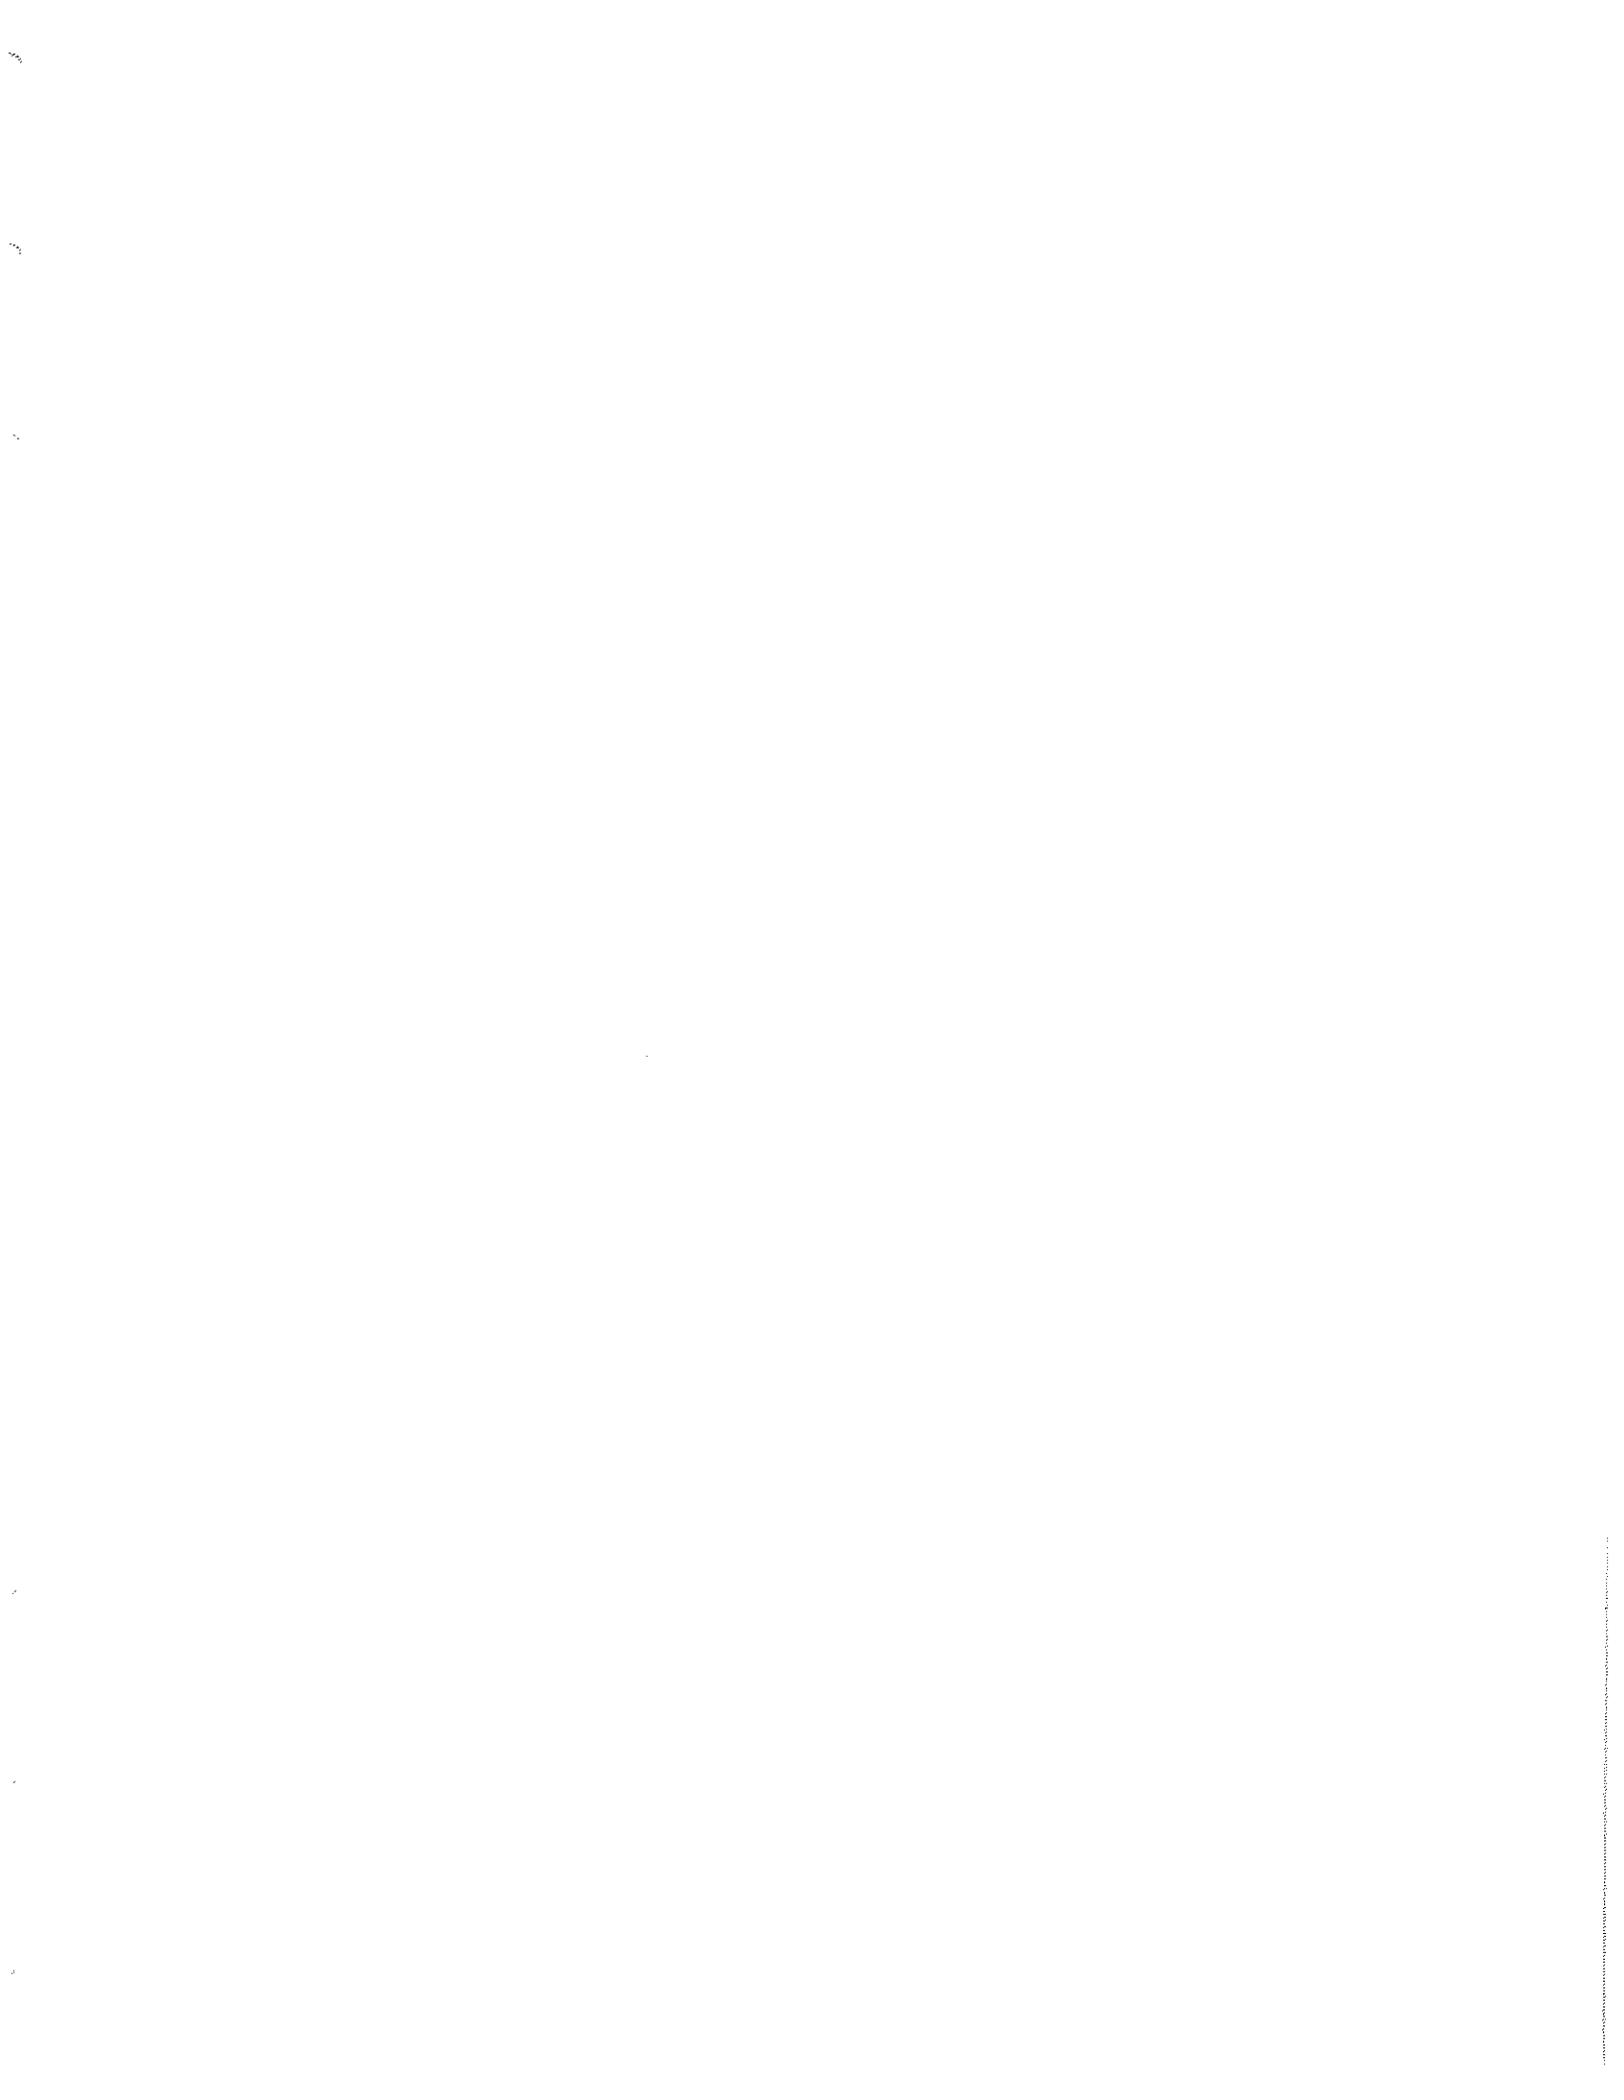

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in

writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

FOR MUNICIPAL BOND COMMISSION USE ONLY:
 DOCUMENTS REQUIRED: _____
 TRANSFERS REQUIRED: _____

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

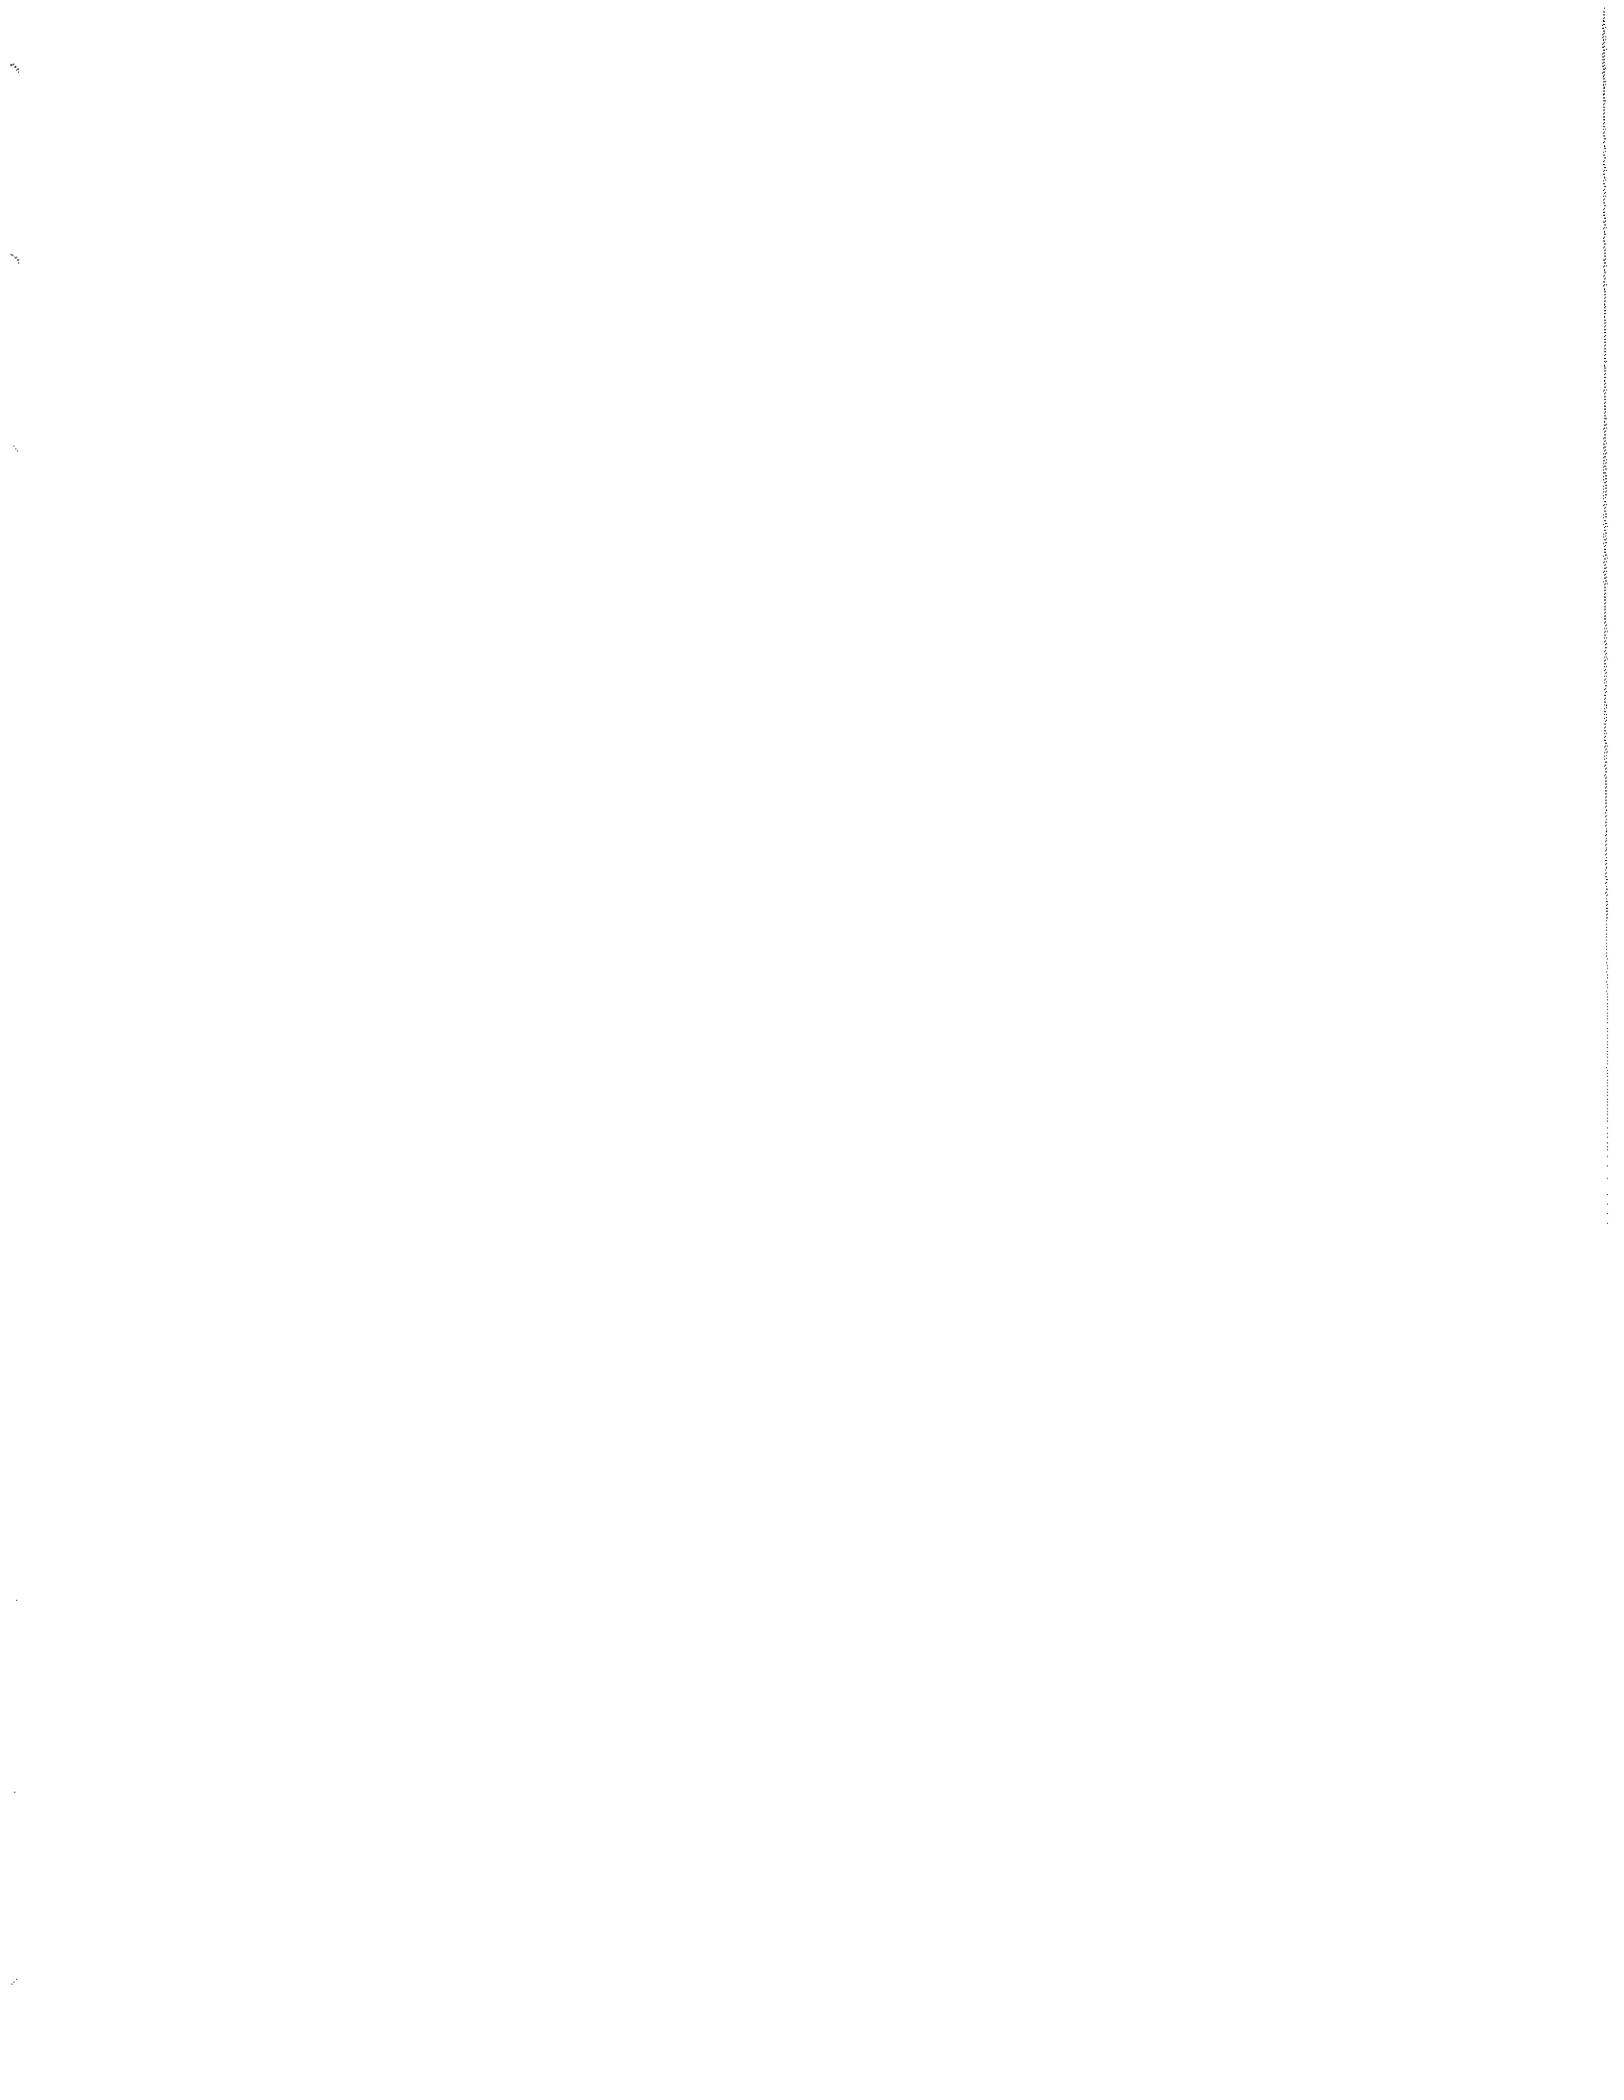

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD
OF GILMER COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A, of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared that:

A. Gilmer County Public Service District (the "Issuer") is a public service district and public corporation and political subdivision of the State of West Virginia in Gilmer County of said State, duly created by The County Commission of Gilmer County pursuant to the Act.

B. The Issuer presently does not own or operate a public waterworks system, and it is deemed essential, convenient, necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer, and, accordingly, it is hereby ordered that there be acquired and constructed certain waterworks facilities consisting of a 100,000 gallon water storage tank and a water distribution system in Gilmer County to serve approximately 285 customers in the communities of Sand Fork and Stouts Mill along Route 5 and the community of Baldwin along Route 33 with all necessary appurtenant facilities (the "Project"), which constitute properties for the diversion, development, pumping, impounding, treatment, storage, distribution or furnishing of water to or for the public for industrial, public, private or other uses (the Project and any additions and improvements thereto or extensions thereof are herein called the "System") at an estimated cost of \$1,812,000, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Secretary of the Public Service Board (the "Governing Body") of the Issuer, of which

approximately \$550,000 will be obtained from the Bond, approximately \$596,000 will be obtained by a grant from the Purchaser (hereinafter defined) and approximately \$666,000 will be obtained by a grant from the Department of Housing and Urban Development (Small Cities Block Grant through the State of West Virginia). Water will be purchased from the City of Glenville pursuant to a water purchase contract between the City of Glenville and the Issuer. The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bond (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bond in the aggregate principal amount of \$550,000 to finance part of the costs of acquisition and construction of the Project. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for 6 months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby; provided, that reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for Costs of the Project by the Issuer shall be deemed Costs of the Project.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that the Bond be sold to the United States Department of Agriculture, Farmers Home Administration (the "Purchaser"), pursuant to the terms and provisions of a letter of conditions dated September 9, 1992, and any other amendments thereto (collectively, the "Letter of Conditions").

G. There are no outstanding obligations of the Issuer which will rank prior to or on a parity with the Bond as to lien, pledge and/or source of and security for payment.

H. The Issuer has complied with all requirements of law relating to authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Bond, or will have so complied prior to issuance of the Bond, including among other things and without limitation, the consent and approval, pursuant to the Act and all other provisions of law, of the issuance of the Bond, the acquisition and construction of the Project and the imposition of rates and charges by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

Section 3.02. Description of Bond. The Bond shall be issued in single form, No. R-1, only as a fully registered Bond, and shall be dated the date of delivery thereof. The Bond shall bear interest from date of delivery, payable monthly at the rate of 4 1/2% per annum, and shall be sold for the par value thereof.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bond. Subject to the provisions for transfer of registration set forth below, the Bond shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State, but the Bond, and the right to principal of, and stated interest on, the Bond, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Bond Registrar.

(FORM OF BOND)

GILMER COUNTY PUBLIC SERVICE DISTRICT

WATER REVENUE BOND, SERIES 1994

\$550,000

No. R-1

Date: _____

FOR VALUE RECEIVED, GILMER COUNTY PUBLIC SERVICE DISTRICT (herein called the "Issuer") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of FIVE HUNDRED FIFTY THOUSAND DOLLARS (\$550,000), plus interest on the unpaid principal balance at the rate of 4 1/2% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following the date of delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$2,525, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to the Issuer as requested by the Issuer and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, the Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by the Issuer may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and

remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by the Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by the Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

The Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to permanently finance a portion of the costs of acquisition and construction of new waterworks facilities of the Issuer, and this Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest thereon except from the special fund so provided.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A, of the West Virginia Code (herein called the "Act"), and with a resolution of the Issuer duly adopted authorizing issuance of this Bond (the "Bond Legislation").

If at any time it shall appear to the Government that the Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, the Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to the Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

IN WITNESS WHEREOF, GILMER COUNTY PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

SYSTEM REVENUES AND APPLICATION THEREOF; DISPOSITION OF BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are hereby created and established with, and shall be held by, the Depository Bank separate, distinct and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund;
- (2) Reserve Fund;
- (3) Depreciation Reserve; and
- (4) Project Construction Account.

Section 4.02. Bond Proceeds; Project Construction Account. The proceeds of the sale of the Bond shall be deposited upon receipt by the Issuer in the Project Construction Account. The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.02, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.03. Covenants of the Issuer as to System Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued to the date of such payment, the Issuer further covenants with the holder of the Bond as follows:

(A) **REVENUE FUND.** The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided herein.

(B) **DISPOSITION OF REVENUES.** All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(i) The Issuer shall first, each month, pay from the moneys in the Revenue Fund all current Operating Expenses.

(ii) The Issuer shall next, each month, on or before the due date of payment of each installment on the Bond, transfer from the Revenue Fund and remit to the National Finance Office designated in the Bond (or such other place as may be provided pursuant to the Bond) the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(iii) The Issuer shall also, on each date that payment is made as set forth in (ii) above, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Reserve Fund, 1/12th of 1/10th of the amount, as of the date of calculation, equal to the maximum amount of principal and interest which will become due on the Bond in any year, until the amount in the Reserve Fund equals such maximum amount (the "Minimum Reserve"). After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of Operating Expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office (or other place provided) as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose; provided, however, that when the Minimum Reserve has been accumulated in the Reserve Fund, all earnings of investments of moneys therein shall at least annually be transferred to and deposited in the Revenue Fund and used for prepayment of the principal of the Bond.

(iv) The Issuer shall next, on each date that payment is made as set forth in (ii) above, transfer from the Revenue Fund and deposit in the Depreciation Reserve, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the

aggregate sum of \$90,000, and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(v) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, moneys remaining therein and not required to be retained therein, if any ("Surplus Revenues"), may be used to prepay installments of the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve herein provided, and all amounts required for the Reserve Fund and Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

The Revenue Fund, the Reserve Fund and the Depreciation Reserve shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the Depository Bank shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Depository Bank, at the direction of the Issuer, shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia State Board of Investments. Any investment

shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund. ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Bondholder.

Section 5.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Bond, and sufficient to make the payments required to be made into the Reserve Fund and Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such Fiscal Year, and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of any or all of the Revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one

accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation insurance will be maintained as required by law.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; however, if the Issuer is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the

Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.07. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Governing Body on the date of adoption hereof, subject to permitted changes.

Section 5.08. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer further covenants to comply with the Act with respect to such books, records and accounts.

Section 5.09. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 5.11. Statutory Mortgage Lien. For the further protection of the Holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond.

(A) Failure to make payment of any monthly amortization installment upon the Bond at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 5.13. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 5.14. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

ARTICLE VI

RATES, ETC.

D. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

E. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have such remedies and powers as are provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such rates and charges.

F. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF CERTAIN PUBLIC SERVICE PROPERTIES CONSISTING OF ADDITIONS, IMPROVEMENTS AND EXTENSIONS TO THE EXISTING WATERWORKS SYSTEM OF GILMER COUNTY PUBLIC SERVICE DISTRICT, AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED THEREOF, THROUGH THE ISSUANCE BY THE DISTRICT OF NOT MORE THAN \$200,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 2000 (UNITED STATES DEPARTMENT OF AGRICULTURE); DEFINING AND PRESCRIBING THE TERMS AND PROVISIONS OF THE BONDS; PROVIDING GENERALLY FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE HOLDER OF THE BONDS; AND PROVIDING WHEN THIS RESOLUTION SHALL TAKE EFFECT

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF GILMER COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. Gilmer County Public Service District (the "Issuer") is a public corporation and public service district and political subdivision of the State of West Virginia in Gilmer County of said State, duly created pursuant to the Act by The County Commission of Gilmer County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer currently owns and operates a public waterworks system and desires to finance and acquire, construct, operate and maintain certain additional public service properties consisting of additions, improvements and extensions to such existing

waterworks facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, improvements and extensions to the existing waterworks facilities of the Issuer, consisting of approximately 8.5 miles of water lines, one booster station, and one storage tank in the Stewart Creek Hill, Linn and Troy areas of Gilmer County, and all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The existing waterworks facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Bonds (hereinafter defined) and all funds and accounts and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project is \$1,334,000, of which \$200,000 will be obtained from the proceeds of sale of the Series 2000 Bonds herein authorized, \$494,000 will be obtained from a grant from the Purchaser, \$54,000 will be obtained from a subsequent grant from the Purchaser and \$586,000 will be obtained from a grant from the United States Department of Housing and Urban Development (Small Cities Block Grant through the State of West Virginia).

E. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2000 (United States Department of Agriculture), in the aggregate principal amount of \$200,000 (the "Series 2000 Bonds"), to finance a portion of the cost of such acquisition and construction in the manner hereinafter provided. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2000 Bonds prior to, during and for six months after completion of such acquisition and construction of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the acquisition and construction of the properties and the placement of same in operation; provided that, reimbursement to the

Issuer for any amounts expended by it for the repayment of indebtedness incurred for costs of the Project by the Issuer shall be deemed costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There is outstanding an obligation of the Issuer which will rank on a parity with the Series 2000 Bonds as to liens, pledge and source of and security for payment, being the Water Revenue Bond, Series 1994, dated August 18, 1994, issued in the original aggregate principal amount of \$550,000 (the "Prior Bonds"), and held by the Purchaser. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which rank prior to or on a parity with the Series 2000 Bonds as to liens, pledge and/or source of and security for payment.

The Issuer is not in default under the terms of the Prior Bonds, or the resolutions authorizing issuance of the Prior Bonds or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid consent or waiver thereof.

H. It is in the best interest of the Issuer that the Series 2000 Bonds be sold to the Purchaser, pursuant to the terms and provisions of the Letters of Conditions, dated July 9, 1998, and all amendments thereto, if any (collectively, the "Letter of Conditions").

I. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2000 Bonds, or will have so complied prior to issuance of the Series 2000 Bonds, including, among other things and without limitation, obtaining a certificate of public convenience and necessity and approval of the financing and necessary user rates and charges from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired or shall have been duly waived or otherwise provided for.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2000 Bonds by those who shall be the Registered Owner of the same from time to time, this Resolution (the "Bond Legislation") shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owner, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Registered Owner of the Series 2000 Bonds.

CONSTRUCTION OF THE PROJECT

Section 2.01. Authorization of Acquisition and Construction of the Project.

There is hereby authorized and ordered the acquisition and construction of the Project, at an estimated cost of \$1,334,000, in accordance with the plans and specifications which have been prepared by the Consulting Engineers, heretofore filed in the office of the Governing Body. The proceeds of the Series 2000 Bonds hereby authorized shall be applied as provided in Article IV hereof.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND ISSUE OF BONDS

Section 3.01. Authorization of Bonds. Subject and pursuant to the provisions of the Bond Legislation, the Series 2000 Bonds of the Issuer, to be known as "Water Revenue Bonds, Series 2000 (United States Department of Agriculture)", are hereby authorized to be issued in the principal amount of \$200,000, for the purpose of financing a portion of the cost of the acquisition and construction of the Project.

Section 3.02. Description of Bonds. The Series 2000 Bonds shall be issued in single form, numbered R-1, only as a fully registered Bond, and shall be dated the date of delivery thereof. The Series 2000 Bonds shall bear interest from the date of delivery, payable monthly at the rate of 4.5% per annum, and shall be sold for the par value thereof.

The Series 2000 Bonds shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the respective Bond forms hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Series 2000 Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Series 2000 Bonds, and the right to principal of and stated interest on the Series 2000 Bonds, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Series 2000 Bonds for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Bond Registrar.

Whenever the Series 2000 Bonds shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Bond Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Bond Registrar with respect to such transfer.

No registration of transfer of the Series 2000 Bonds shall be permitted to be made after the 15th day next preceding any installment payment date on the Series 2000 Bonds.

Section 3.04. Bond Registrar. The Issuer shall be the Bond Registrar and will keep, or cause to be kept by its agent, at its office, sufficient books for the registration and transfer of the

Series 2000 Bonds, and, upon presentation for such purpose, the Bond Registrar shall, under such reasonable regulations as it may prescribe, register the Series 2000 Bonds initially issued pursuant hereto and register the transfer, or cause to be registered by its agent, on such books, the transfer of the Series 2000 Bonds as hereinbefore provided.

The Bond Registrar shall accept the Series 2000 Bonds for registration or transfer only if ownership thereof is to be registered in the name of the Purchaser, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. The Series 2000 Bonds shall initially be fully registered as to both principal and interest in the name of the United States of America. So long as the Series 2000 Bonds shall be registered in the name of the United States of America, the address of the United States of America for registration purposes shall be National Finance Office, St. Louis, Missouri 63103, or such other address as shall be stated in writing to the Issuer by the United States of America.

Section 3.05. Execution of Bonds. The Series 2000 Bonds shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed the Series 2000 Bonds shall cease to be such officer of the Issuer before the Series 2000 Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. The Series 2000 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case the Series 2000 Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bonds or in lieu of and substitution for the Bonds destroyed, stolen or lost, and upon the holder's furnishing the Issuer proof of his ownership thereof and complying with such other reasonable regulations and conditions as the Issuer may require. The Series 2000 Bonds so surrendered shall be canceled and held for the account of the Issuer. If the Series 2000 Bonds shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 2000 Bonds shall be secured forthwith by a first lien on the Net Revenues derived from the System, on a parity with the Prior Bonds. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Series 2000 Bonds and the Prior Bonds, and

to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Series 2000 Bonds and the Prior Bonds as the same become due.

Section 3.08. Form of Bond. Subject to the provisions hereof, the text of the Series 2000 Bonds and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or by any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

(FORM OF BOND)

GILMER COUNTY PUBLIC SERVICE DISTRICT

WATER REVENUE BONDS, SERIES 2000
(UNITED STATES DEPARTMENT OF AGRICULTURE)

\$200,000

No. R-1

Date: _____

FOR VALUE RECEIVED, GILMER COUNTY PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of TWO HUNDRED THOUSAND DOLLARS (\$200,000), plus interest on the unpaid principal balance at the rate of 4.5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$918, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted February 23, 2000, authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, AS TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, WITH THE BORROWER'S WATER REVENUE BOND, SERIES 1994, AS DESCRIBED IN THE RESOLUTION.

IN WITNESS WHEREOF, GILMER COUNTY PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

ARTICLE IV

SYSTEM REVENUES AND APPLICATION THEREOF; DISPOSITION OF BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are created with (or continued if previously established by the Prior Resolution) and shall be held by the Depository Bank, separate and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund (established by the Prior Resolution);
- (2) Reserve Fund (established by the Prior Resolution);
- (3) Depreciation Reserve (established by the Prior Resolution);
- (4) Series 1999 Bonds Reserve Account; and
- (5) Project Construction Account.

Section 4.02. Bond Proceeds; Project Construction Account. The proceeds of the sale of the Series 2000 Bonds shall be deposited upon receipt by the Issuer in the Project Construction Account. The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Series 2000 Bonds if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.02, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.03. Covenants of the Issuer as to System Revenues and Funds. So long as any of the Series 2000 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2000 Bonds Reserve Account, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Series 2000 Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the Holders of the Series 2000 Bonds as follows:

A. **REVENUE FUND.** The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Resolutions and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Resolutions.

B. **DISPOSITION OF REVENUES.** All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority, subject to the provisions of the Prior Resolution not otherwise modified herein:

(1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, each month, on or before the due date of payment of each installment on the Prior Bonds and the Series 2000 Bonds, transfer from the Revenue Fund and remit to the National Finance Office, the amounts required to pay the interest on the Prior Bonds and the Series 2000 Bonds and to amortize the principal of the Prior Bonds and the Series 2000 Bonds over the respective lives of each Bond issue. All payments with respect to principal of and interest on the Prior Bonds and the Series 2000 Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank (i) for deposit into the Reserve Fund, the amount required by the Prior Resolution; and (ii) for deposit into the Series 2000 Bonds Reserve Account, 0.4167% of the Minimum Reserve, until the amount in the Series 2000 Bonds Reserve Account equals the Minimum Reserve. Moneys in the Series 2000 Reserve Account shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 2000 Bonds to the National Finance Office as the same shall become due or for prepayment of installments on the Series 2000 Bonds, or for mandatory prepayment of the Series 2000 Bonds as hereinafter provided, and for no other purpose.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Depreciation Reserve, (i) the amount required by the Prior Resolution; and (ii) 0.4167% of the Minimum Reserve, until the amount in the Series 2000 Bonds Reserve Account equals the Minimum Reserve, and thereafter, 0.8334% of the Minimum Reserve, so long as the Series 2000 Bonds are outstanding; provided, however, that in the event Revenues are insufficient to fund the Series 2000 Bonds Reserve Account in accordance with Section 4.03B(3)(ii) above, or a withdrawal of funds from the Series 2000 Bonds Reserve Account is made, payment of Revenues into the Depreciation Reserve as provided in this Section 4.03B(4)(ii) shall not be made, but instead Revenues shall be applied to the replenishment of the Series 2000 Bonds Reserve Account until such deficiency is cured, at which time payments into the Depreciation Reserve as provided in this Section 4.03B(4)(ii) shall resume. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of interest on and principal of the Prior Bonds and the Series 2000 Bonds as the same become due, and next to restore to the Reserve Fund and the Series 2000 Bonds Reserve Account any sum or sums transferred therefrom, all on a pro rata basis. Thereafter, and provided that payments are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the

Issuer and used for replacements, repairs, improvements or extensions to the System.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Series 2000 Bonds Reserve Account shall be sufficient to prepay the Series 2000 Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2000 Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Series 2000 Bonds Reserve Account and the Depreciation Reserve as herein provided, and all amounts required for the Series 2000 Bonds Reserve Account and the Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

The Revenue Fund, the Series 2000 Bonds Reserve Account and the Depreciation Reserve shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Series 2000 Bonds and the interest thereon.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2000 Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

Subject to the Prior Resolution, the Depository Bank, at the direction of the Issuer, shall keep the moneys in the Series 2000 Bonds Reserve

Account and the Depreciation Reserve invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Investment Management. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings from moneys in the Series 2000 Bonds Reserve Account, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually into the Revenue Fund by the Depository Bank.

C. CHANGE OF DEPOSITORY BANK. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Series 2000 Bonds, provide evidence that there will be at least 92 bona fide users upon the Project on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The moneys in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

Section 4.04. Interim Construction Financing. In order to pay certain costs of the Project pending receipt of proceeds of the Grants and advances of principal of the Series 2000 Bonds, the Issuer may issue and sell its interim construction notes in an aggregate principal amount not to exceed \$200,000 (the "Notes"). The Notes shall be in the form of a line of credit from a commercial bank or other lender, and the Issuer is hereby authorized to enter into the credit agreement with such commercial bank or other lender. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the credit agreement.

The Notes shall be special obligations of the Issuer payable as to principal and interest solely from proceeds of the Series 2000 Bonds or the Grants. The Notes do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power of the Issuer, if any, is pledged for the payment of the Notes. The Holders of the Notes shall never have the right to compel the forfeiture of any property of the Issuer. The Notes shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth herein.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Series 2000 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2000 Bonds Reserve Account a sum sufficient to prepay the entire principal of the Series 2000 Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2000 Bonds.

Section 5.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Series 2000 Bonds and the Prior Bonds and sufficient to make the payments required herein into all funds and accounts and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Series 2000 Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2000 Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

- (a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any

damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2000 Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 2000 Bonds are outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. For the further protection of the Holder of the Series 2000 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, on a parity with the Prior Bonds, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 2000 Bonds.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(a) Failure to make payment of any monthly amortization installment upon the Series 2000 Bonds at the date specified for payment thereof; and

(b) Failure to duly and punctually observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2000 Bonds or herein, or violation of or failure to observe any provision of any pertinent law.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 5.09. Fiscal Year; Budget. While the Series 2000 Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below

the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 5.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 5.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 2000 Bonds are outstanding.

Section 5.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules. A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as set forth in the Final Order of the Public Service Commission of West Virginia, entered on October 25, 1999, Case No. 99-0361-PWD-CN, which Final Order is incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

If the Issuer shall pay or there shall otherwise be paid, to the Holder of the Series 2000 Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 2000 Bonds, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2000 Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied.

If any one or more of the covenants, agreements or provisions hereof should be held contrary to any express provision of law or contrary to the policy of express law, although not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed severable from the remaining covenants, agreements or provisions hereof, and shall in no way affect the validity of all the other provisions hereof or the Series 2000 Bonds.

Section 7.05. Conflicting Provisions Repealed. The Prior Resolution and all parts thereof not expressly hereby changed shall continue in full force and effect and this Bond Legislation shall be supplemental to the Prior Resolution.

All resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this Section shall not be applicable to the Loan Resolution (Form FmHA 442-47).

Section 7.06. Table of Contents and Headings. The Table of Contents and headings of the articles, sections and subsections hereof are for convenience only and shall neither control nor affect in any way the meaning or construction of any of the provisions hereof.

precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

Section 7.08. Effective Time. This Resolution shall take effect immediately upon its adoption.

GILMER COUNTY PUBLIC SERVICE DISTRICT

RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF CERTAIN EXTENSIONS, ADDITIONS, BETTERMENTS AND IMPROVEMENTS TO THE EXISTING PUBLIC WATERWORKS FACILITIES OF GILMER COUNTY PUBLIC SERVICE DISTRICT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE DISTRICT OF NOT MORE THAN \$1,470,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 2005 A (WEST VIRGINIA INFRASTRUCTURE FUND), AND NOT MORE THAN \$1,639,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 2005 B (WEST VIRGINIA DWTRF PROGRAM); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING, RATIFYING AND CONFIRMING THE LOAN AGREEMENTS RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF GILMER COUNTY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A, Chapter 16, Article 13C, and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Gilmer County Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Gilmer County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, consisting of 25 miles of water main, two 50,000 gallon storage tanks, a pump station, three pressure-reducing stations and all necessary valves, hydrants and appurtenances to serve approximately 167 new customers in the Stumptown area of Gilmer County (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Drinking Water Treatment Revolving Fund and the West Virginia Infrastructure Fund pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds in the total aggregate principal amount of not more than \$3,109,000 in two series (collectively, the "Series 2005 Bonds"), being the Water Revenue Bonds, Series 2005 A (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than \$1,470,000 (the "Series 2005 A Bonds"), and the Water Revenue Bonds, Series 2005 B (West Virginia DWTRF Program), in the aggregate principal amount of not more than \$1,639,000 (the "Series 2005 B Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any,

upon the Series 2005 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the Administrative Fee (as hereinafter defined) for the Series 2005 B Bonds, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2005 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2005 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2005 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and its Series 2005 B Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Bureau for Public Health (the "BPH"), both loan agreements in form satisfactory to the respective parties (collectively, the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding bonds or obligations of the Issuer which will rank on a parity with the Series 2005 A Bonds and the Series 2005 B Bonds as to liens, pledge and source of and security for payment, being the Issuer's Water Revenue Bonds, Series 1994, dated August 18, 1994, issued in the original aggregate principal amount of \$550,000 and held by the United States Department of Agriculture, Rural Utilities Service (the "Series 1994 Bonds"), and Water Revenue Bonds, Series 2000 (United States Department of Agriculture), dated February 25, 2000, issued in the original aggregate principal amount of \$200,000 (the "Series 2000 Bonds"). The Series 1994 Bonds and the Series 2000 Bonds are hereinafter collectively called the "Prior Bonds."

Prior to the issuance of the Series 2005 Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consents of the Holders of the Prior Bonds to the issuance of the Series 2005 Bonds on a parity with the Prior Bonds. Other than

the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System. The Issuer is in compliance with all the covenants of the Prior Bonds and the Prior Resolutions.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest, if any, on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein and in the Prior Resolutions, all as such terms are hereinafter defined.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2005 A Bonds and the Series 2005 B Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2005 A Bonds and the Series 2005 B Bonds or such final order will not be subject to appeal or rehearing.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2005 A Bonds and the Series 2005 B Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2005 A Bonds and the Series 2005 B Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing

public waterworks system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance for the Bonds of this Series (the "Bonds") and related costs. The existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 16, Article 13C of the West Virginia Code of 1931, as amended (collectively, the "Act"), a Bond Resolution duly adopted by the Issuer on _____, 2005, and a Supplemental Resolution duly adopted by the Issuer on _____, 2005 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) WATER REVENUE BONDS, SERIES 1994, DATED AUGUST 18, 1994, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$550,000 (THE "SERIES 1994 BONDS"); (2) WATER REVENUE BONDS, SERIES 2000 (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED FEBRUARY 25, 2000, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$200,000 (THE "SERIES 2000 BONDS"); AND (3) WATER REVENUE BONDS, SERIES 2005 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED APRIL 19, 2005, ISSUED SIMULTANEOUSLY HEREWITH IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$1,470,000 (THE "SERIES 2005 A BONDS"). Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Order of the Public Service Commission of West Virginia entered December 6, 2004, in Case No. 04-0346-PWD-CN.

So long as the Series 2005 A Bonds and the Series 2005 B Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2005 A Bonds and the Series 2005 B Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions. Additionally, so long as the Series 2005 A Bonds and the Series 2005 B Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority, the BPH and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2005 A Bonds and the Series 2005 B Bonds, immediately be remitted to the Commission for deposit in the respective Sinking Funds, and, with the written permission of the Authority, the BPH, and the Council, or, in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2005 A Bonds and the Series 2005 B Bonds. Any balance remaining after the payment of the Series 2005 A Bonds and the Series 2005 B Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other

dispositions of such properties, shall be in excess of \$10,000, but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with a professional engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property shall be deposited in the Renewal and Replacement Fund. Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2005 A Bonds and the Series 2005 B Bonds. All obligations issued by the Issuer after the issuance of the Series 2005 A Bonds and the Series 2005 B Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2005 A Bonds and the Series 2005 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2005 A Bonds and the Series 2005 B Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2005 A Bonds and the Series 2005 B Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority, the BPH and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2005 A Bonds and the Series 2005 B Bonds pursuant to this Bond Legislation, except with the prior written consent of the Authority, the BPH and the Council under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2005 A Bonds and the Series 2005 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions, extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Prior Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness.

In the event the foregoing limitation is waived or when the Prior Bonds are no longer outstanding the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent

Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other Bond. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 2005 A Bonds and the Series 2005 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2005 A Bonds and the Series 2005 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, the BPH and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority, the BPH and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority, the BPH and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction and commencement of operation of the Project, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing

Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council, the BPH, the Authority, or any other original purchaser of the Series 2005 A Bonds and the Series 2005 B Bonds, and shall mail in each year to any Holder or Holders of the Series 2005 A Bonds and the Series 2005 B Bonds and the Consulting Engineer, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2005 A Bonds and the Series 2005 B Bonds, and shall submit said report to the BPH, the Council and the Authority, or any other original purchaser of the Series 2005 A Bonds and the Series 2005 B Bonds. Such audit report submitted to the Authority, the Council and the BPH shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority, the Council and the BPH, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority, the Council and the BPH, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Purchaser, the Authority, the Council and the BPH with respect to the System pursuant to the Act.

The Issuer shall provide the BPH with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit D of the Loan Agreement for the Series 2005 B Bonds or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2005 A Bonds and the Series 2005 B Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2005 A Bonds and the Series 2005 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2005 A Bonds and the Series 2005 B Bonds, including the Prior Bonds; provided that, in the event amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 2005 A Bonds Reserve Account and the Series 2005 B Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2005 A Bonds and the Series 2005 B Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2005 A Bonds and the Series 2005 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2005 A Bonds and the Series 2005 B Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority, the BPH and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the BPH and the Council and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the BPH and the Council and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the respective Loan Agreements, and forward a copy of such report to the Authority, the BPH and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority, the BPH and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority, the BPH and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority, the Council, and the BPH, covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications, and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies.

Such engineer shall certify to the Authority, the Council, the BPH, and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the DWTRF Regulations, to the Issuer within 60 days of the completion of the Project. The Issuer shall notify the BPH in writing of such receipt.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the DWTRF Regulations, to the Issuer when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the BPH in writing of the certified operator employed at the 50% completion stage.

Section 7.12 No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus

reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2005 A Bonds and the Series 2005 B Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(5) **BUSINESS INTERRUPTION INSURANCE**, to the extent available at reasonable cost to the Issuer.

(6) **FIDELITY BONDS** will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority, the BPH and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion, Operation and Maintenance of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards. The Issuer shall take all steps to properly operate and maintain the System and make the necessary replacements due to normal wear and tear so long as the Series 2005 A Bonds and the Series 2005 B Bonds are outstanding.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the financing, acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2005 A Bonds and the Series 2005 B Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2005 A Bonds and the Series 2005 B Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2005 A Bonds and the Series 2005 B Bonds during the term thereof is, under the terms of the Series 2005 A Bonds and the Series 2005 B Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2005 A Bonds and the Series 2005 B Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2005 A Bonds and the Series 2005 B Bonds during the term thereof is, under the terms of the Series 2005 A Bonds and the Series 2005 B Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2005 A Bonds and the Series 2005 B Bonds used for a Private Business Use shall be used for a Private Business Use related to the

governmental use of the Project, or if the Series 2005 A Bonds and the Series 2005 B Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. **PRIVATE LOAN LIMITATION.** The Issuer shall assure that not in excess of the lesser of 5% or \$5,000,000 of the Net Proceeds of the Series 2005 A Bonds and the Series 2005 B Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2005 A Bonds or the Series 2005 B Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** If required, the Issuer shall file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2005 A Bonds and the Series 2005 B Bonds, and the interest, if any, thereon, including, without limitation, the information return required under Section 149(e), if any, of the Code.

E. **FURTHER ACTIONS.** The Issuer shall take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest, if any, on the Series 2005 A Bonds and the Series 2005 B Bonds will be and remain excludable from gross income for federal income tax purposes, and shall not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2005 A Bonds and the Series 2005 B Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2005 A Bonds and the Series 2005 B Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2005 Bonds as a condition to issuance of the Series 2005 Bonds.

In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2005 Bonds as may be necessary in order to maintain the status of the Series 2005 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2005 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority, the Council or the BPH, as the case may be, from which the proceeds of the Series 2005 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority, or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority, information with respect to the Issuer's use of the proceeds of the Series 2005 Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2005 A Bonds and the Series 2005 B Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2005 A Bonds and the Series 2005 B Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2005 A Bonds and the Series 2005 B Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolutions.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2005 A Bonds and the Series 2005 B Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2005 A Bonds and the Series 2005 B Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2005 A Bonds and the Series 2005 B Bonds,

Section 9.03. Appointment of Receiver. Any Registered Owner of the Series 2005 A Bonds and the Series 2005 B Bonds may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of the Series 2005 A Bonds and the Series 2005 B Bonds shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Series 2005 A Bonds and the Series 2005 B Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such

other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Series 2005 A Bonds and the Series 2005 B Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.
