BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF HUTTONSVILLE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Huttonsville Public Service District (the "Issuer") is a public service district, a public corporation and political subdivision of the State of West Virginia in Randolph County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience, and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewerage system of the Issuer, consisting of replacement of various size gravity sewer pipe, manholes, grinder pump station in the Valley Bend, Valley and Dailey areas, and all

necessary appurtenances (collectively, the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The existing sewerage facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System". The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $200,000 in a single series, being the Sewer Revenue Bonds, Series 2011 C (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than $200,000 (the "Series 2011 C Bonds") to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2011 C Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in any Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2011 C Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2011 C Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2011 C Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement (the "Loan Agreement") by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), in form satisfactory to the Issuer, the Authority and the Council, approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2011 C Bonds as to liens, pledge and source of and security for payment being the Issuer's: (i)

Sewer Revenue Bonds, Series 1984 B (West Virginia Water Development Authority), dated February 28, 1984, issued in the original aggregate principal amount of $144,089 (the "Series 1984 B Bonds"); (ii) Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original aggregate principal amount of $356,000 (the "Series 2001 A Bonds"); (iii) Sewer Revenue Bonds, Series 2003 A (West Virginia Infrastructure Fund), dated June 6, 2003, issued in the original aggregate principal amount of $3,934,000 (the "Series 2003 A Bonds"); (iv) Sewer Revenue Bonds, Series 2003 B (United States Department of Agriculture), dated June 6, 2003, issued in the original aggregate principal amount of $550,000 (the "Series 2003 B Bonds"), (collectively, the "Prior Bonds"); (v) Sewer Revenue Bonds, Series 2011 A (United States Department of Agriculture), issued simultaneously herewith in the original aggregate principal amount of $1,050,000 (the "Series 2011 A Bonds"); and (vi) Sewer Revenue Bonds, Series 2011 B (West Virginia Infrastructure Fund), issued simultaneously herewith in the original aggregate principal amount of $800,000 (the "Series 2011 B Bonds").

The Series 2011 C Bonds shall be issued on a parity with the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Holders of the Prior Bonds to the issuance of the Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The Issuer has complied with all requirements of West Virginia law, the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, including, without limitation, the imposition of rates and charges and the issuance of the Series 2011 C Bonds, or will have so complied prior to issuance of any thereof, including, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2011 C Bonds or such final order will not be subject to appeal or rehearing.

The Series 2011 C Bonds shall be exchangeable at the option and expense of the Registered Owner for another fully registered Bond or Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Section 3.03. Execution of Bonds. The Series 2011 C Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed the Series 2011 C Bonds shall cease to be such officer of the Issuer before the Series 2011 C Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Bond Registrar; Authentication and Registration.

The Bond Registrar with respect to the Series 2011 C Bonds shall be the bank or other entity to be designated as such in the Supplemental Resolution and its successors and assigns. No Series 2011 C Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof shall have been manually executed by the Bond Registrar. The Certificate of Authentication and Registration on any Series 2011 C Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 2011 C Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2011 C Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2011 C Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2011 C Bonds remain outstanding, the Bond Registrar for the Series 2011 C Bonds shall keep and maintain books for the registration and transfer of such Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, all Bonds shall be delivered in accordance with the provisions of this Bond

Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2011 C Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2011 C Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2011 C Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2011 C Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all Series 2011 C Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2011 C Bonds, Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

All investment earnings on monies in the Series 2011 C Bonds Sinking Fund and the Series 2011 C Bonds Reserve Account (if fully funded) shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2011 C Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2011 C Bonds, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2011 C Bonds Reserve Account which result in a reduction in the balance of such accounts to below the Series 2011 C Bonds Reserve Requirement, respectively, shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2011 C Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate

principal amount of the Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2011 C Bonds, Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds in accordance with the respective principal amounts then Outstanding.

The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Council and the Authority.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2011 C Bonds Sinking Fund and the Series 2011 C Bonds Reserve Account created hereunder, and all amounts required for such funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. The Issuer shall make the necessary arrangements whereby required payments into the said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2011 C Bonds Sinking Fund and the Series 2011 C Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2011 C Bonds Sinking Fund and the Series 2011 C Bonds Reserve Account, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2011 C Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) remit to the Commission the required principal, interest and reserve account payments and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying

Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges, fees and expenses then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by either the Authority or the Council at any time, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in any fund or account shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

J. All Tap Fees shall be deposited by the Issuer, as received, in the Series 2011 C Bonds Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2011 C Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2011 C Bonds, there shall be deposited with the Commission in the Series 2011 C Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2011 C Bonds Reserve Account.

B. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2011 C Bonds, such monies shall be deposited with the Depository Bank in the Series 2011 C Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set

forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2011 C Bonds.

C. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2011 C Bonds shall be expended as directed by the Council.

Section 6.02. Disbursements From the Bond Construction Trust Fund. The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments of all Costs of the Project from the Series 2011 C Bonds shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements of proceeds of the Series 2011 C Bonds from the Series 2011 C Bonds Construction Trust Fund shall be made only after submission to the Council of a certificate, signed by an Authorized Officer stating that:

(i) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(ii) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(iii) Each of such costs has been otherwise properly incurred; and

(iv) Payment for each of the items proposed is then due and owing.

The Issuer shall expend all proceeds of the Series 2011 C Bonds within 3 years of the date of the issuance of the Council's Bonds, the proceeds of which were used to make the loan to the Issuer.

Pending such application, monies in the Series 2011 C Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the

Series 2011 C Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2011 C Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2011 C Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2011 C Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2011 C Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all the Series 2011 C Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the holders of the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2011 C Bonds, Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Recommended Decision of the Public Service Commission of West Virginia entered August 4, 2010 which became Final Order on August 24, 2010, in Case No. 10-1414-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds, Series 2011 A Bonds, Series 2011 B Bonds and the Series 2011 C Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2011 C Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the

provisions governing the sale of the System, or any part thereof, shall be as set forth and described in the Prior Resolutions and the System may not be sold, mortgaged, leased or otherwise disposed of unless the Issuer has obtained the written consent of the Authority and the Council, as applicable bondholders. Further, so long as the Series 2011 C Bonds are outstanding and except as otherwise required by law, and with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2011 C Bonds, immediately be remitted to the Commission for deposit in the Series 2011 C Bonds Sinking Fund, and, with the written consent of the Authority and the Council, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2011 C Bonds. Any balance remaining after the payment of all the Series 2011 C Bonds and interest, if any, thereon shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with a professional engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2011 C Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2011 C Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Series 2011 A Bonds or the Series 2003 B Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

(1) The Bonds Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 2011 A Bonds and the Series 2003 B Bonds are no longer outstanding, the following parity requirement shall be met:

So long as the Series 2011 C Bonds, Series 2011 B Bonds, Series 1984 B Bonds, Series 2001 A Bonds and the Series 2003 A Bonds are outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer

shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2011 C Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2011 C Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body

shall direct.

The Issuer shall file with the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2011 C Bonds and shall submit said report to the Authority, or any other original purchaser of the Series 2011 C Bonds. Such audit report submitted to the Authority shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2011 C Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file

with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 C Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 C Bonds, including the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds; provided that, in the event that an amount equal to or in excess of the reserve requirement is on deposit respectively in the Reserve Accounts and any reserve accounts for obligations on a parity with the Series 2011 C Bonds, including the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 C Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 C Bonds, including the Series 2011 A Bonds, Series 2011 B Bonds and the Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Authority and the Council, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Council, the Authority and any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of

such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

The Issuer shall serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of

West Virginia, discontinue and shut off the services of the System, and any services and facilities of the sewerage system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the sewerage facilities are not owned by the Issuer, the Issuer will, to the extent allowed by law, use diligent efforts to enter into a similar termination agreement with the provider of such sewerage service, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

2.6 The Governmental Agency agrees that it will permit the Authority and the Council and their agents and representatives to have access to the records of the Governmental Agency pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof or if the Project is an improvement to an existing system at any reasonable time following commencement of construction.

2.7 The Governmental Agency shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract and shall verify or have verified such bonds prior to commencement of construction.

2.8 The Governmental Agency shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Council and the Authority and shall verify or have verified such insurance prior to commencement of construction. The Governmental Agency shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of this Loan Agreement.

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and

the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month. When required by the Authority, the Local Entity shall make monthly payments to the Commission by electronic transfer;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

OPINION OF BOND COUNSEL FOR GOVERNMENTAL AGENCY

[To Be Dated as of Date of Loan Closing]

West Virginia Infrastructure and

West Virginia Water Development Authority

Charleston, West Virginia 25311

Ladies and Gentlemen:

We are bond counsel to _____ (the "Governmental Agency"), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of $_____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of $1,200 are anticipated to be received for the year, each month the base would be increased by $100 ($1,200/12). This is the incremental amount for the Budget Year-to-Date column.

Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of $900 are anticipated to be incurred for the year, each month the base would be increased by $75 ($900/12). This is the incremental amount for the Budget Year-to-Date column.

Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.

Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are $1,200, then $30 (2.5% of $1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

FINAL

8/24/2010

Entered: August 4, 2010

CASE NO. 10-0414-PSD-CN

HUTTONSVILLE PUBLIC SERVICE DISTRICT,
a public utility, Mill Creek, Randolph County.
Application for a certificate of convenience and necessity to construct certain additions and improvements to existing sewerage system; and for approval of the financing thereof.

RECOMMENDED DECISION

PROCEDURE

On March 25, 2010, Huttonsville Public Service District (District) filed an application for a certificate of public convenience and necessity to construct certain additions and improvements to its existing sewerage system and for approval of the financing associated therewith. According to the application, the project will cost approximately $2,400,000 and will be financed by a grant from the United States Department of Agriculture in the amount of $1,000,000; a West Virginia Infrastructure and Jobs Development Council grant in the amount of $1,200,000; and a West Virginia Infrastructure and Jobs Development Council loan in the amount of $200,000, for a term of 40 years at 0% interest. In order to support the project, the District proposed an 8% increase over its current rates and charges. Additionally, the District requested that its certificate application be approved without hearing.

By Order of the Commission entered on March 25, 2010, the Commission ordered the District to publish the Notice of Filing by publishing a copy of the particulars of its certificate application as a Class I legal advertisement in a qualified newspaper as provided for in W. Va. Code §59-3-1, et seq., published and of general circulation in Randolph County, making due return to the Commission of proper certification of publication immediately after publication.

By Order of the Commission entered on April 7, 2010, this matter was referred to the Division of Administrative Law Judges for disposition and decision with a decision due date of August 9, 2010, if no substantial protest was received in response to the publication of the Notice of Filing; however, if substantial protest was received within thirty (30) days after the required Notice of Filing was published, the decision due date would be September 7, 2010.

On April 15, 2010, Commission Staff filed a "Motion to Administrative Law Judge Requesting Expedited Ruling on Staff Recommendation of Dismissal." In the motion, Staff recommended that the District's certificate application be dismissed because the District's

Rule 42 Exhibit accompanying the application violated the Commission's Rules for the Construction and Filing of Tariffs (Tariff Rules). Specifically, Staff noted that the District's going-level bill analysis was incorrect; Statement G adjustments did not include the account numbers and the book amounts to which the proposed adjustments related as required by the Commission's Tariff Rules; the District did not include a detailed calculation of going-level depreciation amounts showing average test year plan balances, annual depreciation rates approved by the Commission and the annual depreciation amounts resulting from such balances; and the District did not submit a preliminary engineering report as is also required by the Commission's rules. In support of its motion, Staff cited two Commission Orders entered in Case Nos. 10-0254-PSD-42T, Greater Marion Public Service District, wherein the Commission dismissed a case due to the inadequacy of the Rule 42 Exhibit, and 10-0179-PWD-CN, Hardy County Public Service District, wherein the applicant was required, in part, to update its Rule 42 Exhibit within 10 days of the Commission's April 2, 2010 Order entered in that case.

Also on April 15, 2010, Commission Staff filed its Initial and Final Joint Staff Memorandum. This document also requested that the certificate application be dismissed unless the District objected to Staff's recommendation of dismissal.

On April 23, 2010, the District filed a substantial response to Staff's motion to dismiss its certificate application. Among other things, the District filed information updating its Rule 42 Exhibit and an engineering report which it maintained is compliant with the Commission's Rules of Practice and Procedure. The District argued against dismissal inasmuch as it had published and mailed notice of its proposed certificate application to its customers.

On May 3, 2010, the District filed an affidavit of publication which confirmed that it had published a copy of its certificate application in The Inter-Mountain, a newspaper published in Elkins in Randolph County as a Class I legal advertisement.

On May 7, 2010, Commission Staff filed a Further Joint Staff Memorandum, withdrawing its previous recommendation that the certificate application be dismissed.

On June 22, 2010, Commission Staff filed its Final Joint Staff Memorandum recommending approval of the certificate application subject to certain conditions.

On July 7, 2010, the District filed a response to the Final Joint Staff Memorandum. The District related in its response that it agreed with Staff's recommendation and urged that an order be issued granting the certificate application.

DISCUSSION

The Huttonsville Public Service District owns a sewerage system which currently serves approximately 911 customers residing in Randolph County, West Virginia. The proposed project in this case, if approved, will allow the District to remove and replace approximately 1,600 linear feet of 8-inch gravity sewer pipe; 5,300 linear feet of 6-inch gravity

sewer pipe; and 40 sanitary manholes in the Valley Bend area. Additionally, the project will allow the removal and replacement of approximately 1,200 linear feet of 10-inch gravity sewer pipe; 1,200 linear feet of 8-inch gravity sewer pipe; 1,200 linear feet of 6-inch gravity sewer pipe; 25 sanitary manholes; and one duplex grinder pump station also located in the Valley Bend area. In addition, the project will allow the removal and replacement of gravity sewer pipe and manholes located in the Dailey and Valley areas of the District's service territory. The project is fully funded and the District will not have to obtain interim financing as a result of the project.

The proposed project was reviewed by the Commission's technical divisions and the Commission's Legal Division. According to the Engineering Division, the estimated construction costs for the project appear to be reasonable. Based upon the total project cost, it is estimated that the project will be constructed at a cost of $3,429 per District customer, which Staff deems to be reasonable for a sewer project. The need for the project has been adequately documented in the filing. The District's existing sewer system is 70 years old and the improvements are necessary to eliminate troublesome inflow and infiltration; replace pumps which are undersized and in poor condition at existing lift stations; install new pump stations to facilitate gravity flow; and remove two (2) existing tanks that are currently used as overflow basins during storm events. The West Virginia Department of Environmental Protection has identified the overflow basins as sanitary sewage overflow points and has issued Administrative Order No. 6184 to the District to eliminate these overflow points. The West Virginia Office of Environmental Resources issued Permit No. 18,439 on October 28, 2009, for the proposed project. Upon review, Engineering Staff found no conflicts with the Public Service Commission's Sewer Rules. Engineering Staff recommended that the operation and maintenance expenses estimated by the District for the project, once constructed and in service, be reduced by approximately $9,337, rather than approve the $22,837 noted in the District's Rule 42 Exhibit.

Financial Staff noted in its review of the certificate application that the District proposed to increase its rates and charges by approximately 7.8%, to cover the costs associated with the proposed project. The 8% increase in rates and charges represents an increase above the District's approved rates in Case No. 09-1917-PSD-CN. The District is proposing a minimum charge based upon an average 4,500-gallon bill. Based upon its analysis and adjustments, Staff recommended that the Commission approve a rate increase of 5.6% which will provide a cash surplus of $14,192, annually, and debt service coverage of 116.25%. According to Staff, its recommendation supports a finding that the project is financially feasible and should be approved. In addition to the proposed rate increase, Financial Staff adjusted the District's leak adjustment rate from $0.74 per thousand gallons treated to $1.51 per thousand gallons treated.

To conclude, Commission Staff recommended that the financing for the project be approved. Further, the District should be required to seek additional Commission approval if there are any changes in the plans or scope of the project. However, it would not be necessary for the District to seek further Commission approval of changes in project costs or financing if the project-related rates remain unchanged. Staff

recommended that the District file an affidavit executed by its certified public accountant verifying that its rates and charges are not affected by such changes. Finally, Staff recommended that the District file a copy of the engineer's certified bid tabulations for all contracts awarded for the project as soon as they become available and that the District submit a copy of the certificate of substantial completion issued for each construction contract associated with the project as soon as they become available.

FINDINGS OF FACT

1. On March 25, 2010, the Huttonsville Public Service District filed a duly verified certificate application seeking Commission approval to construct certain additions and improvements to its existing sewer system and for the approval of the financing associated therewith. (See, certificate application filed March 25, 2010).

2. The project will be financed by a United States Department of Agriculture grant in the amount of $1,000,000; a West Virginia Infrastructure and Jobs Development Council grant in the amount of $1,200,000; and a West Virginia Infrastructure and Jobs Development Council loan in the amount of $200,000 for a term of 40 years at 0% interest. All commitment letters for the funding associated with the project are contained in the case file. (See, March 25, 2010 certificate application; June 22, 2010 Final Joint Staff Memorandum; case file generally).

3. Among other things, the project will upgrade the District's existing 70-year-old sewer system to eliminate troublesome inflow and infiltration; will replace pumps which are undersized and in poor condition in existing lift stations; will allow the removal of overflow basins utilized during storm events; and will allow for the installation of a new pump station to facilitate gravity flow. The District's overflow basins utilized during storm events have been cited by the West Virginia Department of Environmental Protection in Administrative Order No. 6184 as deficiencies to be corrected by the District. (See, March 25, 2010 application; Final Joint Staff Memorandum filed June 22, 2010).

4. The West Virginia Office of Environmental Resources issued Permit No. 18,439 for the project on October 28, 2009. Engineering Staff's review of the plans and specifications did not reveal any conflicts with the Commission's Sewer Rules. (See, Final Joint Staff Memorandum filed June 22, 2010).

5. As a result of the project, operation and maintenance expenses will increase by $13,500. (See, Final Joint Staff Memorandum filed June 22, 2010).

6. Commission Staff recommended that the District's rates be increased 5.6% above the rates approved in Case No. 09-1927-PSD-CN, Huttonsville Public Service District, once the project is constructed and in service. A rate increase of this magnitude will provide the District with a $14,192 cash surplus and debt service coverage of 116.25%. (See, Final Joint Staff Memorandum filed June 22, 2010).

7. Notice of the proposed project was published as a Class I legal advertisement in The Inter-Mountain newspaper. No protest was filed to that publication. (See, affidavit of publication filed May 3, 2010; case file generally).

CONCLUSION OF LAW

It is reasonable to grant the certificate application filed on March 25, 2010, without hearing, since the project's Notice of Filing was published and no protest was received in response thereto; since the proposed project is both necessary and convenient as it will eliminate certain cited deficiencies on the Huttonsville system; and since the project will improve service to existing customers and is fully funded.

IT IS FURTHER ORDERED that the District obtain additional Commission approval, prior to construction, if the plans or scope of the project change.

IT IS FURTHER ORDERED that, if a change in the project cost does not change project rates, no additional Commission approval is necessary; however, the District will be required to file an affidavit executed by its certified public accountant, verifying that the District's rates and charges are not affected.

IT IS FURTHER ORDERED that the District file with the Commission a copy of the engineer's certified bid tabulations for all contracts awarded for the project and submit a copy of the Certificate of Substantial Completion issued for each construction contract associated with the project, as soon as they become available.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Charleston, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Huttonsville Public Service District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its $200,000 Sewer Revenue Bonds, Series 2011 C (West Virginia Infrastructure Fund), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated April 25, 2011, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing March 1, 2013, to and including March 1, 2051, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purpose of (i) paying a portion of the costs of acquisition and construction of improvements and extensions to the existing public sewerage system of the Issuer (the "Project"); (ii) funding the Series 2011 C Bonds Reserve Account; and (iii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on April 21, 2011, as supplemented by a Supplemental Resolution duly adopted by

the Issuer on April 21, 2011 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation, and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary orders and resolutions have been duly adopted by the Issuer in connection with the issuance and sale of the Bonds and constitute valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's: (i) Sewer Revenue Bonds, Series 1984 B (West Virginia Water Development Authority), dated February 28, 1984, issued in the original aggregate principal amount of $144,089 (the "Series 1984 B Bonds"); (ii) Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original aggregate principal amount of $356,000, (iii) Sewer Revenue Bonds, Series 2003 A (West Virginia Infrastructure Fund), dated June 6, 2003, issued in the original aggregate principal amount of $3,934,000 (the "Series 2003 A Bonds"), (iv) Sewer Revenue Bonds, Series 2003 B, (United States Department of Agriculture), dated June 6, 2003, issued in the original aggregate principal amount of $550,000 (the "Series 2003 B Bonds"), (v) Sewer Revenue Bonds, Series 2011 A (United States Department of Agriculture), dated April 25, 2011, issued simultaneously herewith in the original aggregate principal amount of $1,050,000 (the "Series 2011 A Bonds"); and (vi) Sewer Revenue Bonds, Series 2011 B (West Virginia Infrastructure Fund), dated April 25, 2011, issued simultaneously herewith in the original aggregate principal amount of $800,000 (the "Series 2011 B Bonds") all in accordance with the terms of the Bonds and the Bond Legislation.

5. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter adopted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered CR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

STEPTOE & JOHNSON PLLC

Steptoe & Johnson PLLC

Ladies and Gentlemen:

I am counsel to Huttonsville Public Service District, a public service district, in Randolph County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinions of Steptoe & Johnson PLLC, as bond counsel, a loan agreement for the Series 2011 C Bonds dated April 25, 2011, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), the Bond Resolution duly adopted by the Issuer on April 21, 2011, as supplemented by the Supplemental Resolution duly adopted by the Issuer on April 21, 2011 (collectively, the "Bond Legislation"), and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds") and orders of The County Commission of Randolph County relating to the Issuer and the appointment of the members of the Public Service Board of the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

1. The Issuer has been duly created and is validly existing as a public service district and public corporation and political subdivision of the State of West Virginia.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders, certificates and approvals from the West Virginia Bureau for Public Health, the Council, The County Commission of Randolph County, and the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of resolution prescribing such rates and charges.

7. To the best of my knowledge, there is no litigation, action, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

8. I have ascertained that all successful bidders have provided the drug-free workplace affidavit, submitted their drug free workplace plan, and the contracts contain language that complies with the Drug Free Workplace Act, Article 1 D, Chapter 21 of the West Virginia Code. I have also ascertained that all successful bidders have made required provisions for all insurance and payment and performance bonds and we have reviewed such insurance policies or binders and such bonds for accuracy. I have reviewed the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project and verified that such surety bonds and policies (1) are in compliance with the contracts;

(2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them

Very truly yours,

Thomas R. Ross II

Re: Huttonsville Public Service District - Phase II-B
Final Title Opinion

Dear Ladies & Gentlemen:

I represent the Huttonsville Public Service District (the "District") with regard to a proposed project to upgrade the sewer system in the Dailey and Valley Bend areas of Randolph County together with all appurtenant facilities (collectively, the "Project"), and provide this final title opinion on behalf of the District to satisfy the requirements of the West Virginia Infrastructure & Jobs Development Council (the "IJDC") with regard to the financing proposed for the Project. Please be advised of the following:

1. That I am of the opinion that the District is a duly created and existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia and has the full power and authority to construct, operate and maintain the Project as approved by the West Virginia Bureau for Public Health.

2. That the District has obtained approval for all necessary permits and approvals for the construction of the Project.

3. That I have investigated and ascertained the location of and am familiar with the legal description of the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Thrasher Engineering, Inc., the consulting engineers for the Project.

4. That I have examined the records on file in the Office of the Clerk of the County Commission of Randolph County, West Virginia, the county in which the Project is to be

located, and, in my opinion, the District has acquired legal title or such other estate or interest in the necessary site components for the Project sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the facilities to be constructed.

5. That all deeds or other documents which have been acquired to date by the District have been duly recorded in the aforesaid Clerk's Office in order to protect the legal title to and interest of the District.

Sincerely,

Thomas R. Ross II

Ladies and Gentlemen:

Based upon the sewer rates and charges set forth in the Recommended Decision of the Public Service Commission of West Virginia (the "PSC"), entered on March 26, 2010, which became Final Order on April 15, 2010 in PSC Case No. 09-1927-PSD-CN, and Recommended Decision of the PSC entered August 4, 2010, which became Final Order on August 24, 2010 in PSC Case No. 10-0414-PSD-CN, and projected operating expenses and anticipated customer usage as furnished to us by Thrasher Engineering, Inc., Consulting Engineer, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of Huttonsville Public Service District (the "Issuer"), will provide for all Operating Expenses of the System and will leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Sewer Revenue Bonds, Series 2011 A (United States Department of Agriculture) issued in the original aggregate principal amount of $1,050,000, Sewer Revenue Bonds, Series 2011 B (West Virginia Infrastructure Fund) issued in the original aggregate principal amount of $800,000, and Sewer Revenue Bonds, Series 2011 C (West Virginia Infrastructure Fund), in the original aggregate principal amount of $200,000 (collectively, the "Series 2011 Bonds");

and all other obligations secured by or payable from such revenues, including the Issuer's: (i) Sewer Revenue Bonds, Series 1984 B (West Virginia Water Development Authority), dated February 28, 1984, issued in the original aggregate principal amount of $144,089 (the "Series 1984 B Bonds"); (ii) Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original aggregate principal amount of $356,000 (the "Series 2001 A Bonds"); (iii) Sewer Revenue Bond, Series 2003 A (West Virginia Infrastructure Fund), dated June 6, 2003, issued in the original aggregate principal amount of $3,934,000 (the "Series 2003 A Bonds"); and (iv) Sewer Revenue Bonds, Series 2003 B (United States Department of Agriculture), dated June 6, 2003, issued in the original aggregate principal amount of $550,000 (the "Series 2003 B Bonds") (collectively, the "Prior Bonds").

It is further our opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Series 2011 Bonds are issued will be at least 115% of the average annual debt service on the Prior Bonds and the Series 2011 Bonds, and (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus, the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of an interest on the Bonds and the Prior Bonds.

Very truly yours,

I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Resolution duly adopted by the Issuer on April 21, 2011 as supplemented by Supplemental resolution duly adopted on April 21, 2011 (collectively, the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on April 25, 2011, the date on which the Bonds are being physically delivered in exchange for an initial advance of the principal amount of the Series 2011 C Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2011 C Bonds were sold on April 25, 2011, to the Authority, pursuant to a loan agreement dated April 25, 2011, by and between the Issuer and the Authority, on behalf of the Council, for an aggregate purchase price of $200,000 (100% of par), at which time, the Issuer received $200,000 from the Authority and the Council, being the entire principal amount of the Series 2011 C Bonds. No accrued interest has been or will be paid on the Series 2011 C Bonds.

6. The Series 2011 C Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewerage facilities of the Issuer (the "Project"); (ii) funding the Series 2011 C Bonds Reserve Account; and (iii) paying certain costs of issuance of the Series 2011 C Bonds and related costs.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Series 2011 C Bonds on the Project, constituting a substantial binding commitment. CASE NO. 93-0448-PSD-PC

RANDOLPH COUNTY COMMISSION
Petition for consent and approval to enlarge the Huttonsville Public Service District.

RECOMMENDED DECISION

PROCEDURE

On May 13, 1993, the Randolph County Commission, Randolph County, filed a petition with the Commission, pursuant to West Virginia Code (Code) §24-2-12 and §16-13A-2, for consent and approval to enlarge the boundaries of the Huttonsville Public Service District (District).

On July 16, 1993, Staff Attorney Drexel M. Vealey, Esquire, filed the Initial and Final Joint Staff Memorandum, recommending that the Randolph County Commission be authorized to enlarge the District as proposed.

On July 23, 1993, the Commission Referral Order was entered in this proceeding, referring this matter to the Division of Administrative Law Judges for decision on or before December 10, 1993. In response to the Commission Referral Order on August 12, 1993, the Administrative Law Judge (ALJ) issued a Procedural Order establishing a procedural schedule to be followed in processing and resolving this matter, including a October 12, 1993 hearing date. The August 12, 1993 Procedural Order also directed the Randolph County Commission to publish a Notice of Hearing, once a week for two (2) successive weeks, in a newspaper duly qualified by the Secretary of State, published and generally circulated in Randolph County, West Virginia.

On October 12, 1993, the hearing was held as scheduled before the ALJ. The Randolph County Commission appeared by its President, Jimmie R. Bennett, pro se; the District appeared by counsel, T. R. Ross, II, Esquire; the Valley Water Company appeared by counsel, Richard Talbott, Esquire; and Commission Staff appeared by counsel, Staff Attorney Vealey. No one appeared to oppose the proposal to enlarge the District's boundaries. Several members of the public appeared, pro se, to voice their support for the proposal.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA

The Randolph County Commission presented the testimony of one witness and presented two post-hearing exhibits. Six public witnesses presented their testimony. No other evidence was presented.

EVIDENCE

The only witness to testify on behalf of the Randolph County Commission was its President, Jimmie R. Bennett. He outlined the procedures followed by the Randolph County Commission when it adopted the proposal to enlarge the District's boundaries. He opined that all notice requirements of Code §16-13A-2 had been followed by the Commission. He verified that the Commission had voted at a regular meeting held on May 10, 1993, to enlarge the District's boundaries, after first giving the public notice as prescribed by the Code. He explained that a special meeting was held on May 3, 1993, pursuant to the public notice, and the regular meeting was held on May 10, 1993, when the petition was granted. He also indicated that the Notice of Hearing for the instant hearing before the ALJ had been properly published. He indicated that the Randolph County Commission would file a post hearing exhibit comprising the affidavits of publication indicating proper notice. (Tr., pp. 9-12).

Six public witnesses, i.e., Bob Adams, Lawrence Betler, Janice Carter, Lola Vanover, Thomas Liston, and Alice Kemp, presented statements on their own behalf, all voicing their support for the proposed enlargement of the District. (Tr., pp. 17-18).

Post-Hearing Exhibit No. 1 is an affidavit of publication indicating that a Notice had been published on April 22, 1993, in The Inter-Mountain, a newspaper published and generally circulated in Randolph County. This notice indicated that the District had petitioned the Randolph County Commission to enlarge its boundaries, and that a hearing would be held on May 3, 1993, at 7:00 p.m., at the Daily Fire Hall, Dailey, West Virginia, whereby the public could present oral or written comments pertaining to the proposal to enlarge the District's boundaries.

Post-Hearing Exhibit No. 2 is an affidavit of publication indicating that the Notice of Hearing of the October 12, 1993 hearing before the ALJ had been published as directed on September 24, 1993, and on October 1, 1993, in The Inter-Mountain, a newspaper published and generally circulated in Randolph County.

DISCUSSION

Upon consideration of all of the above, since all notice requirements of Code §16-13A-2 have been satisfied as indicated by the affidavits of publication presented as Post-Hearing Exhibits, and since no one appeared at the hearing in opposition to the proposed enlargement of the District's boundaries, the ALJ will grant the petition.

PUBLIC SERVICE COMMISSION
OF W GINIA
C N

FINDINGS OF FACT

1. The Randolph County Commission filed a petition with the Commission, pursuant to Code §24-2-12 and §16-13A-2, for consent and approval to enlarge the boundaries of the Huttonsville Public Service District. (See, Petition, filed May 13, 1993).

2. The Randolph County Commission, at a regular meeting, held on May 10, 1993, approved a petition filed by the District, to enlarge the District's boundaries, after first giving public notice of the petition, by publication of such notice on April 22, 1993, in The Inter-Mountain, a newspaper published and generally circulated in Randolph County. (See, Testimony of Jimmie R. Bennett, Tr., pp. 9-12; Post Hearing Exhibit No. 1).

3. The Randolph County Commission published the Notice of Hearing, as directed by the ALJ, on September 24, 1993, and on October 1, 1993, in The Inter-Mountain, a newspaper published and generally circulated in Randolph County. (See, Post-Hearing Exhibit No. 2; Testimony of Jimmie R. Bennett, Tr., pp. 9-12).

4. No one appeared at the hearing to oppose the proposed enlargement of the District. (See, Tr., generally, pp. 1-20).

5. Six public witnesses, testifying on their own behalf, voiced their support for the petition. (See, Testimony of Bob Adams, Lawrence Betler, Janice Carter, Lela Vanover, Thomas Liston and Alice Kemp, Tr., pp. 17-18).

CONCLUSIONS OF LAW

1. Code §16-13A-2 provides that, in order to enlarge a public service district, the county commission in the county where the district is located shall notify the public by publishing a notice as a Class I legal advertisement, and by posting the notice in the proposed service area. The notice must contain the date, time, and place of the public hearing to consider such proposal, and it must be published at least ten (10) days prior to such public hearing. (See, Code §16-13A-2).

2. For all of the reasons set forth in Findings of Fact Nos. 2 and 3, and Conclusion of Law No. 1, it is reasonable to conclude that the Randolph County Commission has substantially complied with the notice requirements of Code §16-13A-2.

3. For all of the reasons set forth in Findings of Fact Nos. 3, 4 and 5, and Conclusions of Law Nos. 1 and 2, it is reasonable to grant the petition.

ORDER

IT IS, THEREFORE, ORDERED that the petition filed with the Commission on May 13 1993, by the Randolph County Commission, pursuant to Code §24-2-12 and §16-13A-2, for consent and approval to enlarge the boundaries of the Huttonsville Public Service District, be, and it hereby is, granted.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed, this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

CASE NO. 94-0133-PWD-PC

RANDOLPH COUNTY COMMISSION
Petition for consent and approval for Huttonsville Public Service District to encompass and provide water service within the boundaries of the Valley Bend Magisterial District including the present service area of the Valley Water Company and the unincorporated towns of Dailey, East Dailey and Valley Bend.

RECOMMENDED DECISION

On February 24, 1994, the Randolph County Commission filed a petition for the Commission's consent and approval for the Huttonsville Public Service District to provide water service in the territory which encompasses the Valley Bend Magisterial District, including the present service area of the Valley Water Company and the unincorporated towns of Dailey, East Dailey and Valley Bend, in accordance with the provisions of West Virginia Code §16-13A-2.

By Order dated March 1, 1994, this matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before September 20, 1994.

In a Final Joint Staff Memorandum, filed April 13, 1994, Susan J. Riggs, Esquire, Staff Attorney, advised that the Staff had reviewed the filing made by the Randolph County Commission on February 24, 1994, and Staff believes that the County Commission's order requesting this action to be in the public interest.

In accordance with the requirements of West Virginia Code §16-13A-2, by order dated March 30, 1994, this matter was set for hearing to be held in the Council Chambers, City Building, 401 Davis Avenue, Elkins, West Virginia, on May 12, 1994.

Said order also required that the County Commission publish a notice of hearing setting forth the time, date and site of the hearing to be held on May 12, 1994. The publication was made as required as is evidenced by the affidavit of publication in the case file.

The hearing was held as scheduled on May 12, 1994. The County Commission appeared in the persons of Mrs. Judith Guye and Mr. Thomas

Andrew Wamsley, two of the three County Commissioners. Commission Staff was represented by Cassius Toon, Esquire, Staff Attorney. Since no one appeared in protest to the petition, no evidence was taken and the matter was submitted as an unprotested case.

FINDINGS OF FACT

1. On February 24, 1994, the Randolph County Commission filed a petition for the Commission's consent and approval for the Huttonsville Public Service District to provide water service in the territory which encompasses the Valley Bend Magisterial District, including the present service area of the Valley Water Company and the unincorporated towns of Dailey, East Dailey and Valley Bend, in accordance with the provisions of West Virginia Code §16-13A-2. (See, County Petition).

2. In a Final Joint Staff Memorandum filed April 13, 1994, Susan J. Riggs, Esquire, Staff Attorney, explained that the County Commission's petition had been reviewed and that Staff was of the opinion that the County Commission's order requesting the action is in the public interest. (See, Final Joint Staff Memorandum dated April 11, 1994).

3. In an order dated March 30, 1994, this matter was set for hearing to be held in the Council Chambers, City Building, Elkins, West Virginia, on May 12, 1994 and said order required that a notice of the hearing be published setting forth the date, time and place of the hearing. (See, Order dated March 30, 1994).

4. The Randolph County Commission made proper publication of the notice of hearing as required by the order of March 30, 1994, as is evidenced by the affidavit of publication in the case file. (See, Affidavit of Publication, case file).

5. At the hearing held in this matter on May 12, 1994, no one appeared in protest to the Randolph County Commission's petition, whereupon the matter was submitted as an unprotested case. (See, Tr., p. 4).

DISCUSSION

This case involves a petition filed by the Randolph County Commission seeking consent and approval from the Public Service Commission to allow the Huttonsville Public Service District to provide water service in the territory which encompasses the Valley Bend Magisterial District including the present service area of the Valley Water Company and the unincorporated towns of Dailey, East Dailey and Valley Bend. In accordance with provisions of West Virginia Code §16-13A-2, a hearing was scheduled to be held in Randolph County on May 12, 1994, and a notice of hearing was properly published as required by the Commission. At the hearing held in this matter on May 12, 1994, no one appeared to make protest to the Randolph County Commission's petition whereupon, the matter was submitted as an unprotested case.

CONCLUSION OF LAW

The Administrative Law Judge is of the opinion and finds that, since a public hearing was held in Randolph County, in accordance with the provisions of West Virginia Code §16-13A-2, on the petition filed by the Randolph County Commission and no one appeared at the hearing to make protest to the petition, after proper publication was made of a notice of the hearing, said petition can be approved as an unprotested case.

If no exceptions are so filed, this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

RECOMMENDED DECISION

PROCEDURE

Case No. 97-0076-PSD-PC

On January 24, 1997, the Randolph County Commission (Petitioner) filed a petition with the Public Service Commission, pursuant to *West Virginia Code (Code)* §16-13A-2, seeking consent and approval to enlarge the Huttonsville Public Service District (District), a public utility, Randolph County, to include an area known as Georgetown Highway. The Commission designated this petition as Case No. 97-0076-PSD-PC.

On February 10, 1997, Staff Attorney James V. Kelsh, Esquire, filed the Initial Joint Staff Memorandum, dated February 6, 1997, attaching thereto the Staff Initial Internal Memorandum, dated January 30, 1997, from Utilities Analyst II James W. Boggess, Jr., Water and Wastewater Division, indicating that, once Commission Staff had investigated this matter, it would issue a recommendation. Commission Staff's preliminary findings indicated that the Petitioner has failed to properly follow the mandatory procedures set forth in *Code* §16-13A-2, and Commission Staff recommended that the Petitioner correct these procedural due process deficiencies by strictly following all of the applicable *Code* provisions, as set out in detail in Commission Staff's preliminary recommendation.

On February 14, 1997, the Commission entered the Commission Referral Order in this proceeding, referring this matter to the Division of Administrative Law Judges for decision on or before August 21, 1997. In response thereto, on March 7, 1997, the Administrative Law Judge (ALJ) issued a Procedural Order establishing a procedural schedule to process and resolve this matter, including a May 19, 1997 hearing date.

On May 15, 1997, the Petitioner requested that the ALJ reschedule the May 19, 1997 hearing because the Petitioner had not published the hearing notice. Pursuant thereto, on May 15, 1997, the ALJ rescheduled the hearing to be held on Friday, July 11, 1997.

Case No. 97-0636-PSD-PC

On May 19, 1997, the Petitioner filed a petition with the Public Service Commission, pursuant to *Code* §16-13A-2, seeking consent and approval to enlarge the District to include all of the Mingo Magisterial District within the District's service territory. The Commission designated this petition as Case No. 97-0636-PSD-PC.

Consolidated Case

On June 26, 1997, the Commission consolidated Case Nos. 97-0076-PSD-PC and 97-0636-PSD-PC, and referred these consolidated cases to the ALJ Division for decision no later than August 21, 1997. The Commission's Order also directed the Petitioner to publish a Notice of Hearing regarding the petition in Case No. 97-0636-PSD-PC and referencing the hearing scheduled for July 11, 1997.

On July 11, 1997, the ALJ convened the hearing in this consolidated matter as scheduled. The Petitioner appeared by its President, Judith A. Guye, and one of its Members, Ira Coberly. The District appeared by its Chairman, Lynn Channell, and its Clerk, Bonnie Serrett. Commission Staff appeared by counsel, James V. Kelsh, Esquire.

The Petitioner presented the testimony of one witness and presented six exhibits. The District presented no witnesses or exhibits, but its Clerk was called to testify by Commission Staff. Commission Staff presented the testimony of two witnesses and presented one exhibit.

After the hearing, the parties availed themselves of their rights under *Code* §24-1-9(b) to file proposed findings of fact, conclusions of law, briefs and replies. The ALJ considered all of the evidence and arguments prior to rendering this Recommended Decision.

EVIDENCE

The first witness to testify was Ira Coberly, who testified on behalf of the Petitioner. He stated that the Petitioner proposes to expand the District's service territory to include two new areas, i.e., the Georgetown Highway area and the Mingo Magisterial District. The Petitioner first proposed adding the Georgetown Highway area on January 24, 1997. On or about May 19, 1997, the Petitioner decided also to add the Mingo Magisterial District to the District's service area. He sponsored Petitioner Exhibit No. 1, a Randolph County Commission Order entered May 12, 1997, finally approving the proposal to enlarge the District by adding the entire Mingo Magisterial District to the District's service territory. (Tr., pp. 6-9; Petitioner Exhibit No. 1). Petitioner Exhibit No. 2 is a copy of the minutes of a March 24, 1997 Randolph County

Commission meeting which contains a request from the District to expand the District's boundaries to include the Mingo Magisterial District. (Tr., pp. 9-10; Petitioner Exhibit No. 2). Petitioner Exhibit No. 3 is a receipt for payment of a bill[1] indicating that, on April 24, 1997, the Petitioner had published a notice in *The Inter-Mountain*, a newspaper published and generally circulated in Randolph County, West Virginia, indicating that the Petitioner would, on May 12, 1997, consider a petition to enlarge the District by including both the Georgetown Highway area and the Mingo Magisterial District in the District's service territory. (Tr., p. 10; Petitioner Exhibit No. 3). Petitioner Exhibit No. 4 is a receipt for payment of a bill[2] indicating that the Petitioner had published the Notice of Hearing on June 30 and July 7, 1997, as directed, in *The Inter-Mountain*. (Tr., pp. 10-11; Petitioner Exhibit No. 4).

Mr. Coberly opined that the Petitioner had given the public proper and adequate notice of both the May 12, 1997 Randolph County Commission meeting, where the Petitioner approved Orders to enlarge the District, and of the July 11, 1997 hearing. (Tr., pp. 11-12). Petitioner Exhibit No. 5 is a copy of the Randolph County Commission May 12, 1997 Order expanding the District's service territory to include the Georgetown Highway area, for the District to provide water and sewer service in this area. (Tr., pp. 12-13; Petitioner Exhibit No. 5). Mr. Coberly explained that Case No. 97-0076-PSD-PC relates to the Georgetown Road expansion, and that Case No. 97-0636-PSD-PC relates to the Mingo Magisterial District expansion. (Tr., pp. 13-16).

After hearing Commission Staff's recommendation to grant the two petitions, except to limit the expansion in the Mingo Magisterial District to water service only, Mr. Coberly indicated that the Petitioner accepted Commission Staff's final recommendation. (Tr., p. 31).

The next witness to testify was Bonnie Serrett, the District's Clerk for the past 16 years, who testified on behalf of Commission Staff. Ms. Serrett testified that the District does not provide both water and sewer services to all of its customers, i.e., in some areas it provides both services, in some areas it provides water service only and in other areas it provides sewer service only. The District serves approximately 800 sewer customers with two treatment plants, one located at Mill Creek and the other at Valley Bend. The Mill Creek plant has sufficient treatment capacity to receive additional customers, but the Valley Bend plant does not. However, the District has hired an engineer to design a new sewer treatment plant for the Valley Bend area. (Tr., pp. 16-21).

Ms. Serrett testified that the people living in the Georgetown Highway area do want water service. Currently, the District provides water service to approximately 575 customers, and it would gain about 25 new customers if the Commission enlarges the boundaries to include the Georgetown Road area. The District purchases its water from the Town of

[2]After the hearing ended, the Petitioner supplemented Petitioner Exhibit No. 4 with an actual publication affidavit.

Beverly (Beverly). Currently it purchases about 3,000,000 gallons per month to serve its existing customers, and Beverly has indicated that it can furnish up to 4,000,000 gallons per month to the District. (Tr., pp. 21-24). Currently, three other water systems provide water service within the District's existing boundaries, i.e., the Town of Mill Creek, the Town of Huttonsville and the Huttonsville Correctional Center. The District does not intend to replace any existing water utilities. (Tr., pp. 24-25).

Ms. Serrett testified that the District has no current or foreseeable plans to provide sewer service in the Mingo Magisterial District area. This area is sparsely populated and would not support a public sewer service. She opined that the District would be able to provide water service to the Mingo Magisterial District area. She clarified that the District will have to construct a project in order to provide this water service. The source of the water would be a new dam to be constructed on the Elk River. The purpose of the dam is to provide the City of Elkins (Elkins) with water in case of a drought, but the District also would use it to provide water to the area in between Elkins and the dam. (Tr., pp. 25-27).

The final witness to testify was Utilities Analyst James W. Boggess, Jr., Water and Wastewater Division. Mr. Boggess sponsored Staff Exhibit No. 1, a Final Internal Memorandum, dated June 30, 1997, which he prepared for this consolidated proceeding. He recommended that the Commission grant the two petitions, except that the District should not be authorized to provide sewer service in the Mingo Magisterial District area. (Tr., pp. 27-30; Staff Exhibit No. 1).

DISCUSSION

Commission Staff has argued that the District has substantially complied with all of the notice requirements of *Code* §16-13A-2 and Rule 6.0 of the Commission's *Rules and Regulations for the Government of Public Service Districts* (*PSD Rules*). As Commission Staff pointed out in its brief, these laws and rules contain many technical requirements for providing sufficient public notice when a county commission attempts to enlarge a public service district. However, the West Virginia State Supreme Court of Appeals has held[3] that a county commission's actions to execute all of these technical notice requirements should be reviewed for "substantial compliance". The ALJ holds that the Petitioner has substantially complied with all of the notice requirements necessary for the Commission to approve the May 12, 1997 Orders in these consolidated matters. For this reason, and since no one appeared at the hearing to oppose the petition; since Commission Staff recommended approving the Petitioner's orders, except that the District would not be authorized to provide sewer service in Mingo Magisterial District, and since the Petitioner accepted Commission Staff's final recommendation, the ALJ will approve the May 12, 1997 orders, as recommended by Commission Staff.

3. The Petitioner published a notice indicating that it intended to act on May 12, 1997, on a petition to enlarge the District by including all of the Mingo Magisterial District and the Georgetown Highway area within the District's service territory boundaries. The District also published the Notice of Hearing complying with the ALJ's May 15, 1997 Procedural Order. (See, Petitioner Exhibits Nos. 3 and 4, and the supplemental publication affidavits).

4. The Petitioner approved the proposal to enlarge the District by including all of the Mingo Magisterial District and the Georgetown Highway area within the District's service territory boundaries. (See, Petitioner Exhibits Nos. 1 and 5).

5. Commission Staff has recommended that the Commission approve the two petitions in these consolidated matters, except that the District should be authorized to provide water service only, and not sewer service, in the Mingo Magisterial District. (See, Testimony of James W. Boggess, Jr., Tr., pp. 27-30; Staff Exhibit No. 1).

6. The Petitioner has agreed to accept Commission Staff's final recommendation. (See, Testimony of Ira Coberly, Tr., p. 31).

CONCLUSIONS OF LAW

1. A county commission's actions to execute all of the technical notice requirements of *Code* §16-13A-2 and Rule 6.0 of the Commission's *PSD Rules* should be reviewed for "substantial compliance". (See, *Canyon Public Service District v. Tasa Coal Company*, 156 W.Va. 606, 195 S.E.2d 647 (1973)).

2. For all of the reasons set forth in Conclusion of Law No. 1 and Finding of Fact No. 3, it is reasonable to conclude that the Petitioner substantially complied with the notice requirements of *Code* §16-13A-2 and Rule 6.0 of the Commission's *PSD Rules*.

3. For all of the reasons set forth in Conclusion of Law Nos. 1 and 2 and Finding of Fact Nos. 4, 5 and 6, it is reasonable to approve the Petitioner's orders in these consolidated matters.

IN THE COUNTY COMMISSION OF RANDOLPH COUNTY, WEST VIRGINIA

IN RE: REQUEST OF HUTTONSVILLE PUBLIC SERVICE DISTRICT FOR THE ENLARGEMENT OF ITS BOUNDARIES AND REDUCTION OF THE BOUNDARIES OF MIDLAND PUBLIC SERVICE DISTRICT AND LEADSVILLE PUBLIC SERVICE DISTRICT

ORDER

This 13th day of August, 2002, came Huttonsville Public Service District by its attorney, Thomas R. Ross II, and by its engineer, Homor Brothers Engineers, and requested that the County Commission, upon its own motion by order duly adopted pursuant to the provisions of WV Code §16-13A-2, propose the enlargement of the boundaries of Huttonsville Public Service District and the reduction of the boundaries of Midland Public Service District and Leadsville Public Service District. Counsel for Huttonsville Public Service District advised that Huttonsville Public Service District has funding for a water project to extend water service in certain areas near Mill Creek and Huttonsville; that it will purchase water in bulk from the City of Elkins; that it will be able to serve a number of residents of the Georgetown Road area who do not now have public water service; and that such area lies or may lie within the boundaries of Midland Public Service District and Leadsville Public Service District neither of which is able to provide water service to the residents of said Georgetown Road area; and that both Leadsville Public Service District and Midland Public Service District have in the past indicated their support for Huttonsville Public Service District to furnish water service to the residents of the Georgetown Road area, and their willingness to reduce their respective boundaries in order to accommodate such project.

Thereupon counsel for Huttonsville Public Service District presented to the County Commission a description of the territory to be embraced within the enlargement of the boundaries of Huttonsville Public Service District, and descriptions of the territory by which the respective boundaries of Midland Public Service District and Leadsville Public Service District are to be reduced.

The County Commission being fully advised and good cause appearing therefor, upon motion of Commissioner Schneider, seconded by Commissioner Warnick it is hereby

ORDERED, pursuant to the provisions of WV Code §16-13A-2 that:

1. The County Commission proposes the enlargement of the boundaries of Huttonsville Public Service District and the reduction of the boundaries of Leadsville Public Service District and Midland Public Service District as set forth in the descriptions presented to the County Commission by Huttonsville Public Service District.

2. A hearing be held before the County Commission on the 10 day of September, 2002, at 4:00 p.m. to consider and determine the feasibility of such proposal, and to afford all persons residing in or owning or having any interest in property located within any of said public service districts an opportunity to be heard for and against such proposal.

3. The County Clerk shall cause notice of the hearing and the time and place thereof, and setting forth a description of all of the territory proposed to be included within the boundaries of Huttonsville Public Service District and all the territory proposed to be reduced from Leadsville Public Service District and Midland Public Service District, respectively, to be given by publication as a Class I legal advertisement in The Inter-Mountain at least ten (10) days prior to

the hearing. Huttonsville Public Service District shall pay or reimburse the County Commission for the costs of such publication.

4. The Huttonsville Public Service District shall cause to be posted in at least five conspicuous places in the territory proposed to be included in Huttonsville Public Service District, and in the territory proposed to be reduced from Leadsville Public Service District, and in the territory proposed to be reduced from Midland Public Service District, a notice containing the same information as is contained in the published notice, and such notices shall be posted not less than ten days before the hearing.

CASE NO. 02-1550-PSWD-PC

RANDOLPH COUNTY COMMISSION
Petition for consent and approval to enlarge the boundaries of Huttonsville Public Service District and to reduce the boundaries of Midland Public Service District and Leadsville Public Service District, pursuant to §16-13A-2 of the West Virginia Code.

RECOMMENDED DECISION

PROCEDURE

On October 7, 2002, Randolph County Commission filed with the Public Service Commission a County Commission Order enlarging the boundaries of the Huttonsville Public Service District and reducing the boundaries of both the Midland and the Leadsville Public Service Districts.

On October 31, 2002, Cecelia Jarrell, Staff Attorney, filed an Initial Joint Staff Memorandum. According to Staff, it still needs certain maps showing the proposed boundary expansion and the two proposed boundary reductions. Staff stated that its recommendation will be made once these documents are received.

By Commission Order entered on November 14, 2002, the Commission referred this matter to the Division of Administrative Law Judges for a recommended decision to be rendered on or before May 5, 2003.

By Procedural Order entered on January 9, 2003, a hearing was scheduled to be held in this case on February 3, 2003, at 9:30 a.m., in the City Building, Council Chambers, Davis and 4th Street, Elkins, Randolph County, West Virginia. It was further ordered that, if it had not yet already done so, the Randolph County Commission file with the Public Service Commission all information requested by Commission Staff on or before January 17, 2003. It was further ordered that the Randolph County Commission give notice of the hearing on its proposal to enlarge the boundaries of Huttonsville Public Service District and to reduce the boundaries of the Midland Public Service District and Leadsville Public Service District by publishing a copy of a specified Notice of Hearing, one time, in a newspaper, duly qualified by the Secretary of State,

published and generally circulated in Randolph County. The Randolph County Commission was ordered to return proper certification of publication, within ten (10) days of said publication, but no later than February 3, 2002. The publication was to occur no later than January 27, 2003. Finally, Commission Staff was ordered to file its substantive recommendation on or before January 27, 2003.

On January 27, 2003, Staff Attorney Jarrell filed an "Initial" Joint Staff Memorandum attached to which was the Final Internal Memorandum prepared by Utilities Analyst Supervisor William A. Nelson. Commission Staff has determined that the County Commission has satisfied all of the requirements of West Virginia Code §16-13A-2. Technical Staff recommended approval of the County Commission's Order.

The hearing was held as scheduled. Mr. Thomas R. Rose, II, Esquire, appeared on behalf of the Huttonsville Public Service District, and Ms. Cecelia Jarrell, Esquire, appeared on behalf of the Public Service Commission Staff. At the hearing, Mr. Ross presented the certificate of publication from The Inter-Mountain, verifying compliance with the publication requirements.

Ms. Jarrell recommended that, since there were no protestants at the hearing, this case should be submitted and decided based on the information in the case file.

FINDINGS OF FACT

1. On October 7, 2002, the Randolph County Commission filed with the Public Service Commission a County Commission Order enlarging the boundaries of the Huttonsville Public Service District and reducing the boundaries of both the Midland and the Leadsville Public Service Districts. (See, Commission Order).

2. A hearing in this case was held on Monday, February 3, 2003, at 9:30 a.m., in the City Building, Council Chambers, Davis and Fourth Street, Elkins, Randolph County, West Virginia. No protestants were present and the case was submitted on the record. (See, Tr., pp. 7-8).

3. Commission Staff recommended approval of the County Commission Order. (See, Final Internal Memorandum filed January 27, 2003; Tr., p. 7).

CONCLUSION OF LAW

Since no protestants appeared at the hearing and since Commission Staff recommended approval thereof, the Order of the Randolph County Commission dated September 10, 2002, should be approved.

ORDER

IT IS, THEREFORE, ORDERED that the Randolph County Commission Order dated September 10, 2002, enlarging the boundaries of the Huttonsville Public Service District, and reducing the boundaries of both the Midland and the Leadsville Public Service Districts, be, and hereby is, approved, as filed.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

CASE NO. 10-0414-PSD-CN

HUTTONSVILLE PUBLIC SERVICE DISTRICT
Application for a certificate of convenience and necessity to construct certain additions and improvements to its existing sewerage system and for approval of the financing thereof.

NOTICE OF FILING

On March 25, 2010, Huttonsville Public Service District (District) filed an application, duly verified, for a certificate of convenience and necessity to construct certain additions, improvements and extensions to its existing sewerage system, which is located in Randolph County, West Virginia. The application is on file with and available for public inspection at the Public Service Commission, 201 Brooks Street, Charleston, West Virginia.

The District estimates that construction is not expected to exceed $2,400,000.00. It is proposed that construction will be financed by a United States Department of Agriculture grant in the amount of $1,000,000.00, a West Virginia Infrastructure and Jobs Development Council (WVIJDC) grant in the amount of $1,200,000.00 and a WVIJDC loan in the amount of $200,000.00.

The District proposes to construct the following additions, betterments and improvements to its existing sewerage facilities: (i) removal and replacement of approximately 1,600 linear feet of 8" gravity sewer pipe, 5,300 linear feet of 6" gravity sewer pipe and 40 EA sanitary manholes in the Valley Bend area, (ii) removal and replacement of approximately 1,200 linear feet of 10" gravity sewer pipe, 1,200 linear feet of 8" gravity sewer pipe, 1,200 linear feet of 6" gravity sewer pipe, 25 EA sanitary manholes and one (1) duplex grinder pump station in the Valley Bend area, (iii) removal and replacement of approximately 1,650 linear feet of 8" gravity sewer pipe, 1,900 linear feet of 6" gravity sewer pipe and 18 EA sanitary manholes, (iv) removal and replacement of existing pumps at the Dailey lift station (Coastal), (v) removal and replacement of existing pumps at the Valley Bend lift station (Warnsley), (vi) abandonment and removal of the existing Imhoff tank in the Dailey and Valley areas, and (vii) necessary appurtenances relating thereto (Project).

The District anticipates charging the following rates to its customers:

APPLICABILITY
Applicable within the entire territory served.

AVAILABILITY
Available for general domestic, commercial and industrial sewer service.

RATES (customers with metered sewer service)

First	3,000	gallons used per month	$11.88 per 1,000 gallons
Next	3,000	gallons used per month	$10.48 per 1,000 gallons
Next	4,000	gallons used per month	$ 8.97 per 1,000 gallons
All Over	10,000	gallons used per month	$ 7.54 per 1,000 gallons

MINIMUM CHARGE
No bill will be rendered for less than $35.64 per month.

FLAT RATE CHARGE (customers with non-metered sewer service)
Equivalent of 4,500 gallons of sewer service, $51.36 per month.

DELAYED PAYMENT PENALTY
The above schedule is net. On all accounts not paid in full when due ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

TAP FEE
The following charge is to be made whenever the District installs a new tap to serve an applicant:

A tap fee of $300.00 will be charged to all customers who apply for service outside of a certificate proceeding before the Commission for each new tap to the system.

RETURNED CHECK CHARGE
A service charge equal to the actual bank fee assessed to the sewer District or a maximum of $25.00 will be imposed upon any customer whose check for payment of charges is returned by the bank for insufficient funds.

LEAK ADJUSTMENT
$1.68 per 1,000 gallons is to be used when the bill reflects unusual consumption which can be attributed to eligible leakage on customer's side of the meter. This rate shall be applied to all such consumption above customer's historical average.

SURCHARGE FORMULA TO BE APPLIED IN CASES WHERE SURFACE DRAINAGE IS CONNECTED TO THE District'S SEWER SYSTEM

APPLICABILITY
Wherever the District has discovered that a customer's roof drain, downspouts, storm sewer, or other similar facilities conducting surface water has been connected to the District's sewer system, and such customer has failed to take appropriate action, within thirty days of receipt of a demand by the District, in accordance with the Rules and Regulations of the Public Service Commission to eliminate such connection, a surcharge will be imposed upon the customer, calculated on the basis of the following formula:

$$S = A \times R \times .0006233 \times C$$

S = The surcharge in dollars.

A = The area under roof and/or the area of any other water collection surface connected to the sanitary sewer, in square feet.

R = The measured monthly rainfall, in inches.

.0006233 = A conversion factor to change inches of rain x square feet of surface to thousands of gallons of water.

C = The District's appro ved rate per thousand gallons of metered water usage.

The District shall not impose the surcharge unless, and until, the customer has been notified by certified mail, return receipt requested, or by hand delivery, that it has been established by smoke testing, dye testing, or on-site inspection, that rain or other surface water is being introduced into the sanitary sewer system at the customer's location, and that the customer has not acted within thirty days from receipt of such notice to divert the water from the sanitary sewer system.

Said surcharge shall be calculated and imposed for each month that said condition continues to exist. Failure to pay the surcharge and/or correct the situation shall give rise to the possible termination of water service in accordance with the Rules and Regulations of the Public Service Commission of West Virginia.

These rates represent the following Project related increases:

TYPE OF CUSTOMER	($) INCREASE	INCREASE (%)
Residential (4,000 gallons)	$3.33	8%
Commercial (4,000 gallons)	$3.33	8%
Industrial (4,000 gallons)	$3.33	8%

The District has no resale customers.

The proposed increased rates and charges will produce approximately $32,508.00 annually in additional revenue, an increase of 6%.

The increases shown are based on averages of all customers in the indicated class. Individual customers may receive increases that are greater or less than average. Furthermore, the requested rates and charges are only a proposal and are subject to change (increases or decreases) by the Public Service Commission in its review of this filing.

Pursuant to W.Va. Code 24-2-11, IT IS ORDERED that Huttonsville Public Service District give notice of the filing of said application, by publishing a copy of this order once in a qualified newspaper as provided in W.Va. Code 59-3-1 et seq, published and of general circulation in Randolph County, making due return to this Commission of proper certification of publication immediately after publication. Anyone desiring to protest or intervene should file a written protest or notice of intervention within 30 days following the date of this publication unless otherwise modified by Commission order. Failure to timely protest or intervene can affect your right to protest aspects of this certificate case, including any associated rate increases, or to participate in future proceedings. All protests or requests to intervene should briefly state the reason for the protest or intervention. Requests to intervene must comply with the Commission's rules on intervention set forth in the Commission's Rules of Practice and Procedure. All protests and interventions should be addressed to Sandra Squire, Executive Secretary, P.O. Box 812, Charleston, West Virginia 25323.

IT IS FURTHER ORDERED that if there is no substantial protest to the Application received within said thirty day period, the Commission may waive formal hearing and grant the application based on the evidence submitted with said application and its review thereof.

The conditions referred to above are as follows:

1. American Recovery and Reinvestment Act of 2009 ("Recovery Act").

Recovery Act requirements apply to this financing. In addition to the other conditions contained in this Letter of Conditions, you must understand and agree to these following conditions specific to the Recovery Act:

a. Certifications. With respect to Recovery Act funds made available to State or local governments for infrastructure investments, Section 1511 of the Recovery Act requires the Governor, mayor or other chief executive, as appropriate, to certify that the infrastructure investment has been properly approved as required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. RD Water and Waste personnel will provide specific guidance on the information required in the certification.

b. Reports on Use of Funds. Section 1512 of the Recovery Act requires each recipient receiving Recovery Act funding to provide specific information to the government on a periodic basis for inclusion in various internal and publicly-available reports. RD Water and Waste Program personnel will provide specific guidance on the type and frequency of information required to assist Recovery Act recipients in complying with this condition.

c. Buy American. Section 1605 of the Recovery Act requires that all projects financed with Recovery Act funds be bid and constructed using only iron, steel and manufactured goods produced in the United States in accordance with Section 1605 of the Recovery Act. Specific guidance, including contract provisions to be included in any construction contracts, is being formulated and drafted as of the date of this Letter of Conditions. RD Water and Waste Program personnel will provide specific guidance related to this condition as soon as it is available.

d. Wage Rate Requirements. Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors for the project will be paid wages at rates not less than those prevailing on projects of a character similar in the locality where this project will occur. Specific guidance, including contract provisions to be included in any construction or otherwise related contracts, is being formulated and drafted as of the date of this Letter of Conditions. RD Water and Waste Program personnel will provide specific guidance related to this condition as soon as it is available.

Compliance with the conditions in this section is required for financing under the Recovery Act. However, these conditions are not substitutes for, or in lieu of, the remaining conditions contained in this Letter of Conditions. Each of the conditions in this Letter of Conditions must also be understood and complied with to receive financing for your project.

2. Fund Usage – Funds obligated under the terms of this letter of conditions are committed on the basis that your project will proceed to the construction stage in an expedient manner. In accordance with RUS Staff Instruction 1782-1, Section 1782.20(u)(5), any funds not disbursed within 60 months from the date of obligation will be de-obligated and returned to the Department of Treasury for further disposition to other RUS project applicants. In the event that USDA determines that your project has not progressed within the five (5) year timeline and that funds will be recaptured, you will be given appeal rights and due process to document reasons why you believe the decision to de-obligate your project funds is not justified.

3. Security – Security requirements are contained in RUS Bulletin 1780-12 which is mentioned later.

4. Users – This conditional commitment is based upon you providing evidence that there will be at least 964 bona fide users on the proposed system when it has been completed and is placed in operation. This evidence will consist of a certification from you that identifies and attests to the number of users that are

actually connected to the PSD's existing sewer system which is to be partially replaced by the new system, at the time you request authorization to advertise the project for construction bids.

Before RUS can agree to the project being advertised for construction bids, you must provide evidence that the total required number of bona fide users has been acquired and currently using the system.

5. Engineering Services – It will be necessary for you to obtain the services of an engineer. EJCDC No. 510-FA, "Standard Form of Agreement between Owner and Engineer for Professional Services" (2002 Funding Agency Edition) should be used to obtain the services of an engineer. The EJCDC document is issued under copyright and cannot be provided by RUS.

6. Legal Services – It will be necessary for you to obtain the services of a local attorney. For your convenience "RUS Legal Services Agreement" is enclosed for your use.

7. Accounting Services – It will be necessary for you to obtain the services of a qualified accountant. The accountant must agree to develop and provide the following:

    a. All necessary accounting material required by the Public Service Commission of West Virginia (Rule 42 Exhibit).

    b. Prior to loan/grant closing, your accountant must certify that the accounts and records as required by your Grant Agreement have been established and are operational.

The Accountant's Agreement should be submitted to RUS for review. Compensation in the contract should include only those services identified above and not include payment for construction management services from the accountant unless RUS concurrence is obtained.

Rural Development regulations (RD Instruction 1780) outline requirements for the submission of management reports and audits. Appropriate state statutes place certain audit requirements on your PSD. "Government Auditing Standards" (Revised July 2007), and RUS Bulletins 1780-30 and 1780-31 outline audit requirements. This information is available on the websites referenced on Pages 1 and 2 of this letter.

You are reminded that certain provisions of the Office of Management and Budget Circular A-133 are applicable to any public body or nonprofit association that expends $500,000 or more in federal funds in any one fiscal year. You must

enter into an agreement annually with an accountant (or the State Tax Department) to perform the audit. The agreement must be in accordance with the requirements of the State Tax Commissioner of West Virginia. Compensation for preparation of the A-133 audit or your annual audit are not included in project funds and should be paid from the operational revenues generated from your system operation.

8. Facility Control – Prior to advertisement for construction bids, you must furnish satisfactory evidence that you have or can obtain adequate continuous and valid control over the lands and rights needed for the project. Such evidence must be in the following form:

   a. A right-of-way map showing clearly the location of all lands and rights needed for the project. The map must designate public and private lands and rights and the appropriate legal ownership thereof.

   b. A copy of deeds, contracts or options for any lands needed other than rights-of-way, along with a preliminary title opinion covering such lands. Form RD 1927-9, "Preliminary Title Opinion" may be used. In the case of your existing system or where the PSD already acquired real property (land or facilities), a preliminary title opinion(s) concerning all such property(s) will be provided.

   c. A narrative opinion from your attorney concerning all permits, certifications and other items necessary to show that all legal requirements can be met and stating how they will be met. This narrative should also identify any condemnation proceedings that are anticipated and state how they will be handled.

   d. A certification and legal opinion relative to title to rights-of-way and easements. Form RD 442-22, "Opinion of Counsel Relative to Rights-of-Way," may be used. This form may contain a few exceptions such as properties that must be condemned; however, prior to the start of construction or loan closing, whichever occurs first, a new Form RD 442-22, must be provided which does not provide for any exceptions. The attorney's legal opinion should include a certification that all requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and West Virginia State Code Chapter 54 have been met in the acquisition of both real property and rights-of-way. Such requirements may include, but are not limited to, distributing informational material to all affected property owners, and completing appraisals of the affected properties.

e. On the day of loan closing, the PSD's attorney must furnish final title opinions on all land(s) being acquired. Form RD 1927-10, "Final Title Opinion" may be used. In the case of your existing system or where the PSD has already acquired real property(s) (land or facilities), the PSD's attorney will provide a separate final title opinion(s) covering such property(s) on the day of loan closing.

9. Permits – Copies of all permits needed for the project must be provided for review prior to advertisement for construction bids. Such permits will include but are not limited to the following:

-West Virginia Department of Highways
-Railroads
-State Department of Health
-Department of Environmental Protection
-Corps of Engineers
-Public Land Corporation

10. Public Service Commission Approvals – You must obtain the following from the West Virginia Public Service Commission:

a. A Certificate of Convenience and Necessity.

b. Approval of user charges that are acceptable to you and the Rural Utilities Service.

c. Approval of financing for the project's proposed financing arrangements.

The "Rule 42" Exhibit to be attached to the Public Service Commission application must contain at least the information shown in Attachment No. 1. A copy of the Public Service Commission application and its "Rule 42" Exhibit must be provided for review.

11. Insurance and Bonding Requirements – Prior to loan closing or start of construction, whichever occurs first, you must acquire the types of insurance and bond coverage shown below. The use of deductibles may be allowed providing you have the financial resources to cover potential claims requiring payment of the deductible. RD strongly recommends that you have your engineer, attorney, and insurance provider(s) review proposed types and amounts of coverage, including any exclusions and deductible provisions. It is your responsibility and not that of RD to assure that adequate insurance and fidelity or employee dishonesty bond coverage is maintained.

a. General Liability Insurance – This should include vehicular coverage.

b. Workers' Compensation – In accordance with appropriate State laws.

c. Position Fidelity Bond(s) – All positions occupied by persons entrusted with the receipt and/or disbursement of funds must be bonded. As a good business practice you will probably wish to have each position bonded in an amount equal to the maximum amount of funds to be under the control of that position at any one time. During the construction phase of your project, this maximum amount will be much greater than normal; therefore, it is our recommendation that you temporarily increase your coverage to $300,000, or the estimated highest monthly construction drawdown. Once construction is complete, you may decrease the amount of your coverage. Please note that the cost of the temporary increase in coverage is an eligible project cost.

   The minimum coverage acceptable to RUS once your project is in operation will be for each position to be bonded for an amount at least equal to one annual installment on your loan(s).

d. National Flood Insurance – In addition to meeting the requirements for the type of assistance requested, the following requirements must be met for financial assistance for acquisition and/or construction in designated special flood or mudslide prone areas:

   i. If flood insurance is available, you must purchase a flood insurance policy at the time of loan closing.
   ii. Applicants whose buildings, machinery or equipment are to be located in a community which has been notified as having special flood or mudslide prone areas will not receive financial assistance where flood insurance is not available.

e. Real Property Insurance – Prior to the acceptance of the facility from the contractor(s), you must obtain real property insurance (fire and extended coverage) on all above-ground structures, to include machinery and equipment housed therein. This does not apply to water reservoirs, standpipes, elevated tanks or noncombustible materials used in treatment plants, clearwells, filters and the like.

12. Environmental Requirements –

a. Mitigation – Normal mitigation measures consistent with a project of this type will be practiced during planning and construction. No abnormal mitigation measures were required by the regulatory agencies consulted during the environmental review.

b. Project Modifications – The project as proposed has been evaluated to be consistent with all applicable environmental requirements. If the project or any project element deviates from or is modified from the original approved project, additional environmental review may be required.

13. Vulnerability Assessments (VA) and Emergency Response Plans (ERP) –

Congress enacted the Public Health Security and Bioterrorism Preparedness Response Act of 2002, Public Law 107-188 (Bioterrorism Act). The Bioterrorism Act amended the Safe Drinking Water (SDWA) to require all medium and large sized community water systems (serving populations greater than 3,300) to assess vulnerability to terrorist attack and develop emergency plans for response to such an attack. Medium and large community water systems are being monitored by the U.S. EPA for completion of VA's and ERP's.

Rural Development requires all financed water and wastewater systems to have a vulnerability assessment (VA) and an emergency response plan (ERP) in place. New water or wastewater systems must provide a certification that an ERP is complete prior to the start of operations. A certification that a VA is complete must be submitted within one year of the start of operations. All other borrowers must provide a certification that a VA and ERP are complete prior to bid authorization.

RD does not need or want a copy of the VA or ERP. The requested certification will be sufficient to meet our needs. Technical assistance providers are available to provide you with on site assistance if desired.

14. Civil Rights & Equal Opportunity – You should be aware of and will be required to comply with other federal statute requirements including but not limited to:

Section 504 of the Rehabilitation Act of 1973 – Under section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), no handicapped individual in the United States shall, solely by reason of their handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving RD financial assistance.

Civil Rights Act of 1964 – All borrowers are subject to, and facilities must be operated in accordance with, title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and subpart E of part 1901 of this title, particularly as it relates to conducting and reporting of compliance reviews. Instruments of conveyance for loans and/or grants subject to the Act must contain the covenant required by paragraph 1901.202(e) of this title.

The Americans with Disabilities Act (ADA) of 1990 – This Act (42 U.S.C. 12101 et seq.) prohibits discrimination on the basis of disability in employment, State and local government services, public transportation, public accommodations, facilities, and telecommunications. Title II of the Act applies to facilities operated by State and local public entities which provides services, programs and activities. Title III of the Act applies to facilities owned, leased, or operated by private entities which accommodate the public.

Age Discrimination Act of 1975 – This Act (42 U.S.C. 6101 et seq.) provides that no person in the United States shall on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

RD financial programs must be extended without regard to race, color, religion, sex, national origin, marital status, age, or physical or mental handicap.

15. Contract Documents, Final Plans and Specifications –

a. The contract documents should consist of the following:

(1) EJCDC Document No. C-521, 2002 Edition, "Suggested Form of Agreement between Owner and Contractor on the Basis of Stipulated Price" and EJCDC Document No. C-710, 2002 Edition, "Standard General Conditions of the Construction Contract – Funding Agency Edition" and Attachments. The EJCDC document is issued under copyright and cannot be provided by RUS.

(2) "RUS Supplemental General Conditions."

(3) "Labor Standards Provisions" – Title 29, Subtitle A, Part 5, Section 5.5, Contract provision and Related matters. One copy of this item is attached hereto (Attachment No. 9). Additional copies must be reproduced by the engineer.

RUS Bulletin 1780-26, "Guidance for the Use of EJCDC Standard Documents on Water and Waste Projects with RUS Financial Assistance (September 10, 2003 Version)," is available on the website referenced on Page 1 of this letter or it can be provided by the RD Area Office upon request. It is for use by the PSD's engineer in the preparation of the contract documents.

b. The contract documents must provide, as a minimum, the following insurance:

(1) Liability Insurance – Personal Liability - $500,000; Property Damage - $200,000 - $200,000. This coverage must include indemnification of the PSD and its engineer. EJCDC Document C-710, "Standard General Conditions of the Construction Contract" (Funding Agency Edition) and Exhibit G to RUS Bulletin 1780-26, "Supplementary Conditions" both suggest certain limits of liability for insurance coverage. Those limits should be considered as minimum requirements only. It is recommended you consider increasing the given limits of liability after analyzing your specific needs.

(2) Builder's Risk Insurance – On all structures and mechanical and electrical equipment in place or stored on the site to the full insurable value thereof.

(3) Workers' Compensation – In accordance with applicable State laws.

c. The contract documents and final plans and specifications must be submitted to RUS for approval.

d. The project must be designed in compliance with Section 504 of the Rehabilitation Act of 1973.

16. Disbursement of Funds – The RUS funds will be advanced as they are needed in the amount(s) necessary to cover the RUS proportionate share of any disbursements required of your PSD, over 30 day periods. Funds will be disbursed by electronic transfer of funds.

Any RD grant funds not disbursed immediately upon receipt must be deposited in an interest bearing account except as follows:

a. Federal grant awards (includes all federal funding sources) are less than $120,000 per year.

b. The best available interest bearing account would not be expected to earn in excess of the following:

Public Bodies
Interest earned on grant funds in excess of $100 per year will be submitted to RUS at least quarterly as required in 7 CFR 3016.

c. The depository would require a minimum balance so high that it would not be feasible.

The PSD will establish a separate fund, to be known and hereafter referred to as the Construction Account, with a lending institution insured by the Federal Deposit Corporation. The account shall be used solely for the purpose of paying the costs of the project as outlined in the construction budget. All funds in the account will be secured by a collateral pledge equaling at least 100% of the highest amount of funds expected to be deposited in the Construction Account. All deposits in excess of $250,000 will be secured by a collateral pledge in accordance with Treasury Circular Number 176.

The PSD must assure that all project funds are expended only for the eligible items included in the final project budget or as may be later approved by RUS.

17. Other Project Funds – Prior to advertisement for construction bids, you must provide evidence showing the approval of any other project funds. This evidence should include a copy of the funding award. Prior to award of the contract(s) to the contractor(s), you must provide evidence that the other project funds are available for expenditure. This evidence should consist of at least a letter from the funding agency stating the funds are available for expenditure.

18. At a properly called meeting, you must adopt and properly execute the following forms, and minutes showing the adoption must be provided:

Form RD 1940-1 – "Request for Obligation of Funds"
RUS Bulletin 1780-12 – "Water or Waste System Grant Agreement"
Form RD 400-1 – "Equal Opportunity Agreement"
Form RD 400-4 – "Assurance Agreement"
Form AD 1047 – "Certification Regarding Debarment – Primary"
Form AD 1049 – "Certification Regarding Drug-Free Workplace"
Form RD 1910-11 – "Applicant Certification, Federal Collection Policies"
RD Instruction 1940-Q, Exhibit A-1, "Certification for Contracts, Grants and Loans"
Standard Form LLL – "Disclosure of Lobbying Activities" (If Applicable)
Certification of Compliance
Form RD 1942-46, "Letter of Intent to Meet Conditions"

19. The enclosed Water and Waste Processing Checklist (Attachment No. 2) outlines the items needed to complete the grant docket. All the items listed must

be included in the grant docket when it is forwarded to the USDA – Rural Development State Office with a request for closing instructions to be issued.

20. Upon receipt of the grant docket, which contains all the items required above, RUS may authorize you to advertise the project for construction bids. Such advertisement must be in accordance with appropriate State statutes. Immediately after bid opening you must provide RUS with (a) a bid tabulation, (b) recommendations from you and your engineer as to the acceptability of the bids received, and (c) your recommendations for contract awards. If all parties then agree the construction bids received are acceptable, it is determined that adequate funds are available to cover the total facility costs, and that all the administrative conditions of grant approval have been satisfied, closing instructions will be issued. The closing instructions, a copy of which will be forwarded to you, will set forth any further requirements that must be met before the grant can be closed. When all parties agree that the closing requirements can be met, a mutually acceptable date for the grant closing will be scheduled.

Any applicant contribution shall be considered as the first funds expended. After providing for all authorized costs, any remaining RUS project funds will be considered to be RUS grant funds and refunded to RUS.

If the conditions set forth in this letter are not met within twelve (12) months from the date hereof, RUS reserves the right to discontinue processing of the application. In the event the project has not advanced to the point of grant closing within the twelve-month period and it is determined the authority still wishes to proceed, it will be necessary that the proposed budget be reviewed again in detail. If during that review, it is determined the budget is no longer current and/or adequate, RUS reserves the right to require that it be revised or replaced.

We believe the information herein clearly sets forth the actions which must be taken; however, if you have any questions, please do not hesitate to contact me.

Sincerely yours,

Dianne Goff Crysler 4/2/09

SURCHARGE FORMULA TO BE APPLIED IN CASES WHERE SURFACE DRAINAGE IS CONNECTED TO THE UTILITY'S SERWER SYSTEM

APPLICABILITY

Wherever the utility has discovered that a customer's roof drain, downspout, storm sewer, or other similar facilities conducting surface water have been connected to the utility's sewer system, and such customer has failed to take appropriate action within thirty (30) days of receipt of a demand by the Utility, in accordance with the Rules and Regulations of the Public Service Commission, to eliminate such connection, a surcharge will be imposed upon the customer calculated on the basis of the following formula:

$$S = A \times R \times .0006233 \times C$$

S – The surcharge in dollars

A – The area under roof and/or the area of any other water collection surface connected to the sanitary sewer, in square feet

R – The measured monthly rainfall, in inches

.0006233 – A conversion factor to change inches of rain x square feet of surface to thousands of gallons of water

C – The District's approved rate per thousand gallons of wastewater treated

The utility shall not impose the surcharge unless, and until, the customer has been notified by certified mail, return receipt requested, or by hand delivery, that it has been established by smoke testing, dye testing, or on-site inspection that rain or other surface water is being introduced into the sanitary sewer system at the customer's location, and that the customer has not acted within thirty (30) days from receipt of such notice to divert the water from the sanitary sewer system.

Said surcharge shall be calculated and imposed for each month that said condition continues to exist. Failure to pay the surcharge and/or correct the situation shall give rise to the possible termination of water service in accordance with the Rules and Regulations of the Public Service Commission of West Virginia.

WATER OR WASTE SYSTEM GRANT AGREEMENT
UNITED STATES DEPARTMENT OF AGRICULTURE
RURAL UTILITIES SERVICE

Phase IIB
00-16

THIS AGREEMENT dated April 25, 2011 between

HUTTONSVILLE PSD

a public corporation organized and operating under

Chapter 16, Article 13 A, WV State Code
(Authorizing Statute)

herein called "Grantee," and the United States of America acting through the Rural Utilities Service, Department of Agriculture, herein called "Grantor," WITNESSETH:

WHEREAS

Grantee has determined to undertake a project of acquisition, construction, enlargement, or capital improvement of a (water) (waste) system to serve the area under jurisdiction at an estimated cost of **$2,225,000** and has duly authorized the undertaking of such project.

Grantee is able to finance not more than **$1,225,000** of the development cost through revenues, charges, taxes or assessments, or funds otherwise available to Grantee resulting in a reasonable user charge.

Said sum of **$1,225,000** has been committed to and by Grantee for such project development costs.

Grantor has agreed to grant the Grantee a sum not to exceed **$1,000,000** or **44.94%** percent of said development costs, whichever is the lesser, subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

As a condition of this grant agreement, the Grantee assures and certifies that it is in compliance with and will comply in the course of the agreement with all applicable laws, regulations, Executive orders and other generally applicable requirements, including those set out in 7 CFR 3015.205(b), which hereby are incorporated into this agreement by reference, and such other statutory provisions as are specifically set forth herein.

NOW, THEREFORE, In consideration of said grant by Grantor to Grantee, to be made pursuant to

Section 306 (a) of the Consolidated Farm and Rural Development Act the purpose only of defraying a part not to exceed **44.94%** percent of the development costs, as defined by applicable Rural Utilities Service Instructions. GRANTEE AGREES THAT GRANTEE WILL:

A. Cause said project to be constructed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any modifications thereof prepared by Grantee and approved by Grantor.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0575-0121. The time required to complete this information collection is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

B. Permit periodic inspection of the construction by a representative of Grantor during construction.

C. Manage, operate and maintain the system, including this project if less than the whole of said system, continuously in an efficient and economical manner.

D. Make the services of said system available within its capacity to all persons in Grantee's service area without discrimination as to race, color, religion, sex, national origin, age, marital status, or physical or mental handicap (possess capacity to enter into legal contract for services) at reasonable charges, including assessments, taxes, or fees in accordance with a schedule of such charges, whether for one or more classes of service, adopted by resolution dated _____, as may be modified from time to time by Grantee. The initial rate schedule must be approved by Grantor. Thereafter, Grantee may make such modifications to the rate system as long as the rate schedule remains reasonable and nondiscriminatory.

E. Adjust its operating costs and service charges from time to time to provide for adequate operation and maintenance, emergency repair reserves, obsolescence reserves, debt service and debt service reserves.

F. Expand its system from time to time to meet reasonably anticipated growth or service requirements in the area within its jurisdiction.

G. Provide Grantor with such periodic reports as it may require and permit periodic inspection of its operations by a representative of the Grantor.

H. To execute any agreements required by Grantor which Grantee is legally authorized to execute. If any such agreement has been executed by Grantee as a result of a loan being made to Grantee by Grantor contemporaneously with the making of this grant, another agreement of the same type need not be executed in connection with this grant.

I. Upon any default under its representations or agreements set forth in this instrument, Grantee, at the option and demand of Grantor, will repay to Grantor forthwith the original principal amount of the grant stated herein above with the interest at the rate of 5 percentum per annum from the date of the default. Default by the Grantee will constitute termination of the grant thereby causing cancellation of Federal assistance under the grant. The provisions of this Grant Agreement may be enforced by Grantor, at its option and without regard to prior waivers by it previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grant Agreement or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant Agreement and the laws and regulations under which this grant is made.

J. Return immediately to Grantor, as required by the regulations of Grantor, any grant funds actually advanced and not needed by Grantee for approved purposes.

K. Use the real property including land, land improvements, structures, and appurtenances thereto, for authorized purposes of the grant as long as needed.

1. Title to real property shall vest in the recipient subject to the condition that the Grantee shall use the real property for the authorized purpose of the original grant as long as needed.

2. The Grantee shall obtain approval by the Grantor agency for the use of the real property in other projects when the Grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs or programs that have purposes consistent with those authorized for support by the Grantor.

3. When the real property is no longer needed as provided in 1 and 2 above, the Grantee shall request disposition instructions from the Grantor agency or its successor Federal agency. The Grantor agency shall observe the following rules in the disposition instructions:

(a) The Grantee may be permitted to retain title after it compensates the Federal Government in an amount computed by applying the Federal percentage of participation in the cost of the original project to the fair market value of the property.

(b) The Grantee may be directed to sell the property under guidelines provided by the Grantor agency. When the Grantee is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return. ***[Revision 1, 04/17/1998]***

(c) The Grantee may be directed to transfer title to the property to the Federal Government provided that in such cases the Grantee shall be entitled to compensation computed by applying the Grantee's percentage of participation in the cost of the program or project to the current fair market value of the property.

This Grant Agreement covers the following described real property (use continuation sheets as necessary).

All real property owned by the Huttonsville Public Service District and used in conjunction with the PSD's sewer collection, transportation and treatment operations.

L. Abide by the following conditions pertaining to equipment which is furnished by the Grantor or acquired wholly or in part with grant funds. Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.
[Revision 1, 04/17/1998]

1. Use of equipment.

(a) The Grantee shall use the equipment in the project for which it was acquired as long as needed. When no longer needed for the original project, the Grantee shall use the equipment in connection with its other Federally sponsored activities, if any, in the following order of priority:

(1) Activities sponsored by the Grantor.

(2) Activities sponsored by other Federal agencies.

(b) During the time that equipment is held for use on the property for which it was acquired, the Grantee shall make it available for use on other projects if such other use will not interfere with the work on the project for which the equipment was originally acquired. First preference for such other use shall be given to Grantor sponsored projects. Second preference will be given to other Federally sponsored projects.

2. Disposition of equipment. When the Grantee no longer needs the equipment as provided in paragraph (a) above, the equipment may be used for other activities in accordance with the following standards:

(a) Equipment with a current per unit fair market value of less than $5,000. The Grantee may use the equipment for other activities without reimbursement to the Federal Government or sell the equipment and retain the proceeds.

(b) Equipment with a current per unit fair market value of $5,000 or more. The Grantee may retain the equipment for other uses provided that compensation is made to the original Grantor agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value or proceeds from sale of the equipment. If the Grantee has no need for the equipment and the equipment has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

The Grantor agency shall determine whether the equipment can be used to meet the agency's requirements. If no requirement exists within that agency, the availability of the equipment shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by the Grantor agency to determine whether a requirement for the equipment exists in other Federal agencies. The Grantor agency shall issue instructions to the Grantee no later than 120 days after the Grantee requests and the following procedures shall govern:

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the equipment and reimburse the Grantor agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share ten percent of the proceeds for Grantee's selling and handling expenses.

(2) If the Grantee is instructed to ship the equipment elsewhere the Grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(3) If the Grantee is instructed to otherwise dispose of the equipment, the Grantee shall be reimbursed by the Grantor agency for such costs incurred in its disposition.

3. The Grantee's property management standards for equipment shall also include:

(a) Records which accurately provide for: a description of the equipment; manufacturer's serial number or other identification number; acquisition date and cost; source of the equipment; percentage (at the end of budget year) of Federal participation in the cost of the project for which the equipment was acquired; location, use and condition of the equipment and the date the information was reported; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(b) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years to verify the existence, current utilization, and continued need for the equipment.

(c) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented.

(d) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

(e) Proper sales procedures shall be established for unneeded equipment which would provide for competition to the extent practicable and result in the highest possible return.

This Grant Agreement covers the following described equipment(use continuation sheets as necessary).

None

M. Provide Financial Management Systems which will include:

1. Accurate, current, and complete disclosure of the financial results of each grant. Financial reporting will be on an accrual basis.

2. Records which identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

3. Effective control over and accountability for all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

4. Accounting records supported by source documentation.

N. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. Microfilm or photo copies or similar methods may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee's government which are pertinent to the specific grant program for the purpose of making audits, examinations, excerpts and transcripts.

O. Provide information as requested by the Grantor to determine the need for and complete any necessary Environmental Impact Statements.

P. Provide an audit report prepared in accordance with Grantor regulations to allow the Grantor to determine that funds have been used in compliance with the proposal, any applicable laws and regulations and this Agreement.

Q. Agree to account for and to return to Grantor interest earned on grant funds pending their disbursement for program purposes when the Grantee is a unit of local government. States and agencies or instrumentality's of states shall not be held accountable for interest earned on grant funds pending their disbursement.

R. Not encumber, transfer or dispose of the property or any part thereof, furnished by the Grantor or acquired wholly or in part with Grantor funds without the written consent of the Grantor except as provided in item K above.

S. To include in all contracts for construction or repair a provision for compliance with the Copeland ``Anti-Kick Back'' Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR, Part 3). The Grantee shall report all suspected or reported violations to the Grantor.

T. To include in all contracts in excess of $100,000 a provision that the contractor agrees to comply with all the requirements of the Clean Air Act (42 U.S.C. §7414) and Section 308 of the Water Pollution Control Act (33 U.S.C. §1318) relating to inspection, monitoring, entry, reports, and information, as well as all other requirements specified in Section 114 of the Clean Air Act and Section 308 of the Water Pollution Control Act and all regulations and guidelines issued thereunder after the award of the contract. In so doing the Contractor further agrees:

[Revision 1, 11/20/1997]

1. As a condition for the award of contract, to notify the Owner of the receipt of any communication from the Environmental Protection Agency (EPA) indicating that a facility to be utilized in the performance of the contract is under consideration to be listed on the EPA list of Violating Facilities. Prompt notification is required prior to contract award.

2. To certify that any facility to be utilized in the performance of any nonexempt contractor subcontract is not listed on the EPA list of Violating Facilities pursuant to 40 CFR Part 32 as of the date of contract award.

[Revision 1, 11/20/97]

3. To include or cause to be included the above criteria and the requirements in every nonexempt subcontract and that the Contractor will take such action as the Government may direct as a means of enforcing such provisions.

As used in these paragraphs the term ``facility'' means any building, plan, installation, structure, mine, vessel or other floating craft, location, or site of operations, owned, leased, or supervised by a Grantee, cooperator, contractor, or subcontractor, to be utilized in the performance of a grant, agreement, contract, subgrant, or subcontract. Where a location or site of operation contains or includes more than one building, plant, installation, or structure, the entire location shall be deemed to be a facility except where the Director, Office of Federal Activities, Environmental Protection Agency, determines that independent facilities are co-located in one geographical area.

Grantor Agrees That It:

A. Will make available to Grantee for the purpose of this Agreement not to exceed **1,000,000.00** which it will advance to Grantee to meet not to exceed **44.94%** percent of the project development costs of the project in accordance with the actual needs of Grantee as determined by Grantor.

B. Will assist Grantee, within available appropriations, with such technical assistance as Grantor deems appropriate in planning the project and coordinating the plan with local official comprehensive plans for sewer and water and with any State or area plans for the area in which the project is located.

C. At its sole discretion and at any time may give any consent, deferment, subordination, release, satisfaction, or termination of any or all of Grantee's grant obligations, with or without valuable consideration, upon such terms and conditions as Grantor may determine to be (1) advisable to further the purpose of the grant or to protect Grantor's financial interest therein and (2) consistent with both the statutory purposes of the grant and the limitations of the statutory authority under which it is made.

Termination of This Agreement

This Agreement may be terminated for cause in the event of default on the part of the Grantee as provided in paragraph I above or for convenience of the Grantor and Grantee prior to the date of completion of the grant purpose. Termination for convenience will occur when both the Grantee and Grantor agree that the continuation of the project will not produce beneficial results commensurate with the further expenditure of funds.

In witness whereof Grantee on the date first above written has caused these presence to be executed by its duly authorized

Chairman

and attested and its corporate seal affixed by its duly authorized

RESOLUTION

A RESOLUTION AUTHORIZING THE CONSTRUCTION AND ACQUISITION OF CERTAIN SEWAGE FACILITIES OF THE HUTTONSVILLE PUBLIC SERVICE DISTRICT, RANDOLPH COUNTY, AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE DISTRICT OF NOT MORE THAN $500,000 IN PRINCIPAL AMOUNT OF SEWER REVENUE BONDS, SERIES 1980, AND BOND ANTICIPATION NOTES; PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE HOLDERS OF SUCH BONDS AND NOTES; AUTHORIZING THE SALE OF SUCH BONDS AND NOTES TO THE WEST VIRGINIA WATER DEVELOPMENT AUTHORITY PURSUANT TO THE TERMS OF A LOAN AGREEMENT BETWEEN THE DISTRICT AND SAID AUTHORITY AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE BOARD OF THE HUTTONSVILLE PUBLIC SERVICE DISTRICT, RANDOLPH COUNTY, WEST VIRGINIA:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority of this Resolution. This Resolution (the "Bond Legislation") is adopted pursuant to the provisions of Article 13A of Chapter 16 of the Code of West Virginia of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Huttonsville Public Service District (the "Issuer") was established by order of The County Commission of Randolph County, West Virginia, dated June 13, 1972.

B. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain sewer facilities (the "Project") of the Issuer, which along with the sewer facilities previously acquired and constructed by the Issuer, shall constitute public service properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the "System") at an estimated cost of $3,816,590 in accordance with the

plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed in the office of the Issuer.

C. The estimated revenues to be derived in each year after the adoption hereof from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds and all Sinking Fund, Reserve Account and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the principal amount of not more than $500,000 to finance costs of the construction and acquisition of the Project. Said costs shall be deemed to include the cost of all property rights, easements and francises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest upon the Bonds prior to and during construction or acquisition and for six months after completion of construction or of acquisition of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of cost and of revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the construction or acquisition of the properties and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof.

E. It is in the best interests of the Issuer that its Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered into between the Issuer and the Authority (the form of which agreement is attached hereto as Exhibit A, which Exhibit, by this reference, is incorporated herein and made a part hereof) (the "Loan Agreement").

F. The Issuer does not now own public service properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage, or industrial wastes.

G. There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bonds and the Notes as to lien and source of and security for payment.

H. Pending issuance of the Bonds, it is necessary for the Issuer to issue its bond anticipation notes (the "Notes") in the principal amount of $426,000 to provide interim financing for the Project, in accordance with the Loan Agreement.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things, the consent and approval, pursuant to the Act, of the issuance of the Bonds by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired. The Issuer is not required by the Loan Agreement to have approval of increased sewer rates prior to issuance of the Notes, but shall have obtained approval of necessary sewer rates prior to issuance of the Bonds.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds by those who shall hold the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the legal holders of any and all of such Bonds and the coupons attached thereto, all which shall be of equal rank and without preference, priority or distinction between any one Bond and the coupons appertaining thereto and any other Bonds and the coupons appertaining thereto by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND
SALE OF BONDS; AUTHORIZATION AND EXECUTION OF LOAN AGREEMENT

Section 3.01. Authorization and Terms of Bonds. For the purpose of financing the cost of construction and acquisition of the Project, there shall be issued negotiable Sewer Revenue Bonds, Series 1980, of the Issuer, in the aggregate principal amount of not in excess of $500,000. Said Bonds shall be designated "Sewer Revenue Bonds, Series 1980"; and shall bear interest at such rate or rates, not exceeding the maximum rate authorized by the Act, and shall mature as the Issuer shall prescribe in the Supplemental Resolution. Interest on the Bonds shall be payable semiannually and shall commence as prescribed in the Supplemental Resolution. The Bonds shall be payable as to both principal and interest at the office of the Commission or through a paying agent or agents selected by the original purchaser or purchasers thereof, in any coin or currency that is legal tender for the payment of public or private debts under the laws of the United States of America, and shall be redeemable, in whole or in part, as set forth in the Supplemental Resolution.

The Issuer will issue the Bonds to be exchanged for the Notes, the Bonds shall comply in all respects with the provisions of the Loan Agreement, shall have the following terms, and shall be issued upon the following additional conditions:

(A) The Bonds shall be in an aggregate principal amount equal to the unpaid principal amount of all outstanding Notes plus the amount, if any, required by the Bond Resolution referred to in the Loan Agreement to be paid from the proceeds of the Bonds to fund the Capital Reserve Fund and to pay all Costs of Issuance (both "Capital Reserve Fund" and "Costs of

Issuance" are defined in said Bond Resolution) including, without limitation, any consultant fees, related thereto (collectively, the "Issuing Expenses") as determined by the Authority, and the Issuer will advise the Authority of the amount, if any, of Issuing Expenses to be paid from any of its funds then available to pay such Issuing Expenses before utilizing the proceeds of the Bonds to do so; and

(B) The Bonds shall mature in the times and amounts as directed by the Authority, but not over a period of more than 40 years, and shall be dated, shall bear interest at such rate per annum (but not in excess of the legally permissible rate) as the Authority shall direct and shall be in denominations equal to the unpaid principal amount of each of the Notes to be exchanged, plus the pro rata portion of Issuing Expenses which are not to be paid from other funds of the Issuer attributable to each such Note.

The Bonds shall be issued in the form of coupon Bonds, registrable as to principal only, or in the form of one fully registered Bond with payment record attached (the "Registered Bond").

Coupon Bonds shall be in the denomination of $5,000 each and shall be dated as of the date which is six months preceeding the first interest payment date of the Bonds. Coupon Bonds shall bear interest from their date, payable in accordance with, and upon surrender of, the appurtenant interest coupons as they severally mature. The Registered Bond shall be dated as of the date of its delivery to the original purchaser thereof and shall bear interest from such date.

Except as otherwise provided in Section 3.04, before the delivery of any coupon Bonds, all matured coupons thereto attached, except matured coupons for which payment in full has not been provided, shall be cut off, cancelled and destroyed; provided, however, that if coupon Bonds are issued in exchange for the Registered Bond upon which interest is in default, as shown by the records of the Treasurer of the State, such coupon Bonds shall have attached thereto all coupons maturing after the date to which interest has been paid in full, as shown by such records, and in case any interest installments shall have been paid in part, appropriate notation shall be made on the coupons to evidence such fact.

Section 3.02. Execution of Bonds and Coupons. Said Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or a facsimile of the seal shall be imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

The coupons to be attached to the Bonds shall be authenticated with the facsimile signature of the present or future Chairman and Secretary of the Issuer.

Section 3.03. Negotiability, Transfer and Registration. The Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting any of said Bonds or the coupons appertaining thereto, shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value in the manner provided hereinafter in the form of said Bonds.

So long as any of the Bonds remain outstanding, the Treasurer of the State of West Virginia shall keep and maintain books for the registration and transfer of the Bonds. Coupon Bonds

may be registered at the option of the Holder as to principal only at the office of the Treasurer of the State of West Virginia, such registration to be noted on the back of said Bonds in the space provided therefor. After such registration as to principal only, no transfer of the Bonds shall be valid unless made at said office by the registered owner, or by his duly authorized agent or representative, and similarly noted on the Bonds, but the Bonds may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored. At the option of the Holder the Bonds may thereafter again from time to time be registered or transferred as before. Such registration as to principal only shall not affect the negotiability of the coupons, which shall continue to pass by delivery.

The Registered Bond shall be transferable only upon the books of the Issuer, which shall be kept for the purpose at the office of the aforesaid Treasurer, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Treasurer of the State duly executed by the registered owner or his duly authorized attorney. Upon transfer of the Registered Bond, there shall be issued in the name of the transferee, coupon Bonds, with appropriate coupons attached, of the same aggregate principal amount equal to the unpaid principal amount of the Registered Bond, and having maturities corresponding to the principal installments of such Registered Bond then unpaid.

In all cases in which the privilege of exchanging Bonds or transferring the Registered Bond is exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds and coupons surrendered in any such exchanges or transfers shall forthwith be cancelled by the Treasurer. For every such exchange or transfer of Bonds, the Treasurer may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new coupon Bond upon each exchange or transfer, and any other expenses of the said Treasurer incurred in connection therewith, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer; provided, however, that in the event the Authority is the Bondholder requesting such exchange or transfer, the Issuer shall pay all such taxes, fees, governmental charges or other expenses incurred in making such exchange or transfer. The Treasurer shall not be obliged to make any such exchange or transfer of Bonds during the ten (10) days preceeding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed.

Section 3.04. Bonds Mutilated, Destroyed, Stolen, or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond with all unmatured coupons, if any, so mutilated, destroyed, stolen or lost in exchange and substitution for such mutilated Bond upon surrender and cancellation of such mutilated Bond, and attached coupons, if any, or in lieu of and substitution for the Bond and coupons, if any, destroyed, stolen or lost and upon the Holder's furnishing the Issuer proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur. All Bonds and coupons so surrendered shall be cancelled by the Secretary and held for the account of the Issuer. If such Bond or coupons shall have matured or be about to mature, instead of issuing a substitute Bond or coupon, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond or coupons be lost, stolen, or destroyed, without surrender therefor.

Any such duplicate Bond and coupons issued pursuant to this section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bond or coupons be at any time found by any one, and such duplicate Bond and coupons shall be entitled to equal and proportionate benefits and rights as to lien and source of security for payment from the revenues pledged herein with all other Bonds and coupons issued hereunder.

Section 3.05. Form of Bonds and Coupons. The text of the Bonds, and of the coupons, shall be of substantially the following tenor, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof.

The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

The Bonds are additionally secured by a statutory mortgage lien pursuant to the Act. Remedies provided the holders of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

This Bond is fully negotiable but may be registered as to principal only in the name of the holder on the books in the office of the Treasurer of the State of West Virginia, at Charleston, West Virginia, such registration to be evidenced by notation on the back hereof by the Treasurer, after which no transfer shall be valid unless made on said books and similarly noted hereon, but it may be discharged from such registration by being transferred to bearer, after which it shall be transferable by delivery, but it may be registered again as before. The registration of this Bond as to principal shall not restrain the negotiability of the coupons by delivery merely.

This Bond shall be exempt from all taxation by the State of West Virginia and the other taxing bodies of said State.

All money received from the sale of this Bond or other Bonds of the issue of which this Bond is one, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the payment of the cost of the Project described in the Bond Legislation, including payment of the Notes authorized and issued pursuant to the Bond Legislation and any other indebtedness incurred by the Issuer for such purposes which is required to be paid from the moneys received from the sale of such Bonds, or to the appurtenant sinking fund, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the holder or holders of said Bonds.

ARTICLE IV

SYSTEM REVENUES AND APPLICATION THEREOF

Section 4.01. System Revenues and Application Thereof. So long as any of the Bonds shall be outstanding and unpaid, the Issuer covenants with the Holders of the Bonds as follows:

A. Establishment of System Revenue Fund and Disposition of System Revenues. The entire gross revenues derived from the operation of the System and all parts thereof shall be deposited by the Issuer in a special fund in a bank in the State of West Virginia which is eligible under the laws of West Virginia to receive deposits of state and municipal funds, which fund (herein called the "Revenue Fund") is hereby established. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner herein provided. All revenues at any time remaining on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first each month, from the moneys in the Revenue Fund, pay all reasonable operating expenses of the System.

(2) Thereafter, from the moneys in the Revenue Fund, the Issuer shall, on the first day of each month, commencing with and including the month of _____, 19___, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in a fund to be known as the "Sinking Fund," which is hereby created and established, a sum equal to one-sixth (1/6) of the amount of interest which will become due on the Bonds on the next interest payment date; provided, however, that in the event that the period to elapse between said initial payment date and the next semiannual interest payment date for the Bonds is less than six (6) months, then such monthly payments shall be increased proportionately to provide the required amount of interest maturing on the next semiannual interest payment date.

The Issuer shall also, from the Revenue Fund, remit to the Commission, on such dates or at such other times as the Commission shall require, such additional sums as shall be necessary to pay the fiscal agency charges due for paying the Bonds and the interest thereon.

The Issuer shall also apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in said Sinking Fund, as below provided, on the first day of each month, beginning on the first day of that month which is twelve (12) months prior to the first principal payment date of the Bonds, a sum equal to one-twelfth (1/12) of the amount of principal which will mature and become due on the Bonds on the next ensuing principal payment date.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Fund created hereunder, and all amounts required for said Sinking Fund shall be remitted to the Commission from said Revenue Fund and from the proceeds of the sale of the Bonds as provided in Article V hereof by the Issuer at the times provided herein.

Moneys in the Sinking Fund shall be used only for the purposes of paying principal of and interest on the Bonds as the same shall become due.

The Issuer shall next, from the Revenue Fund, remit to the Commission for deposit in the Reserve Account hereby established in said Sinking Fund, on the first day of each month of each year, beginning with and including the month in which payments from the Revenue Fund for semiannual interest are commenced, an amount equal to twenty per centum (20%) of all amounts required to be deposited for maturing principal and interest into the Sinking Fund, as provided above, on said dates: Provided, however, that no further payments shall be made into the Reserve Account when there shall have been deposited and as long as there shall remain on deposit

therein, an amount equal to the maximum amount of principal and interest that will mature and become due on the Bonds in any succeeding fiscal year.

Moneys in the Reserve Account shall be used only for the purpose of payment of maturing principal of or interest on the Bonds when other moneys in the Sinking Fund are insufficient therefor and for no other purpose.

Any withdrawals from the Reserve Account shall be subsequently restored from the first revenues available after all required payments to the Sinking Fund and Reserve Account, including any deficiencies for prior payments, have been made in full.

The Issuer shall not be required to make any further payments into said Sinking Fund or into the Reserve Account when the aggregate amount of funds in both said Sinking Fund and said Reserve Account are at least equal to the aggregate principal amount of the Bonds then outstanding, plus the amount of interest due or thereafter to become due on the Bonds.

As and when additional bonds ranking on a parity with the Bonds herein authorized are issued, provision shall be made for additional payments into said Sinking Fund sufficient to pay the interest on such additional parity bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Reserve Account in an amount equal to the maximum provided and required to be paid into the Sinking Fund in any calendar year for account of all the Bonds, including such additional bonds which by their terms are payable from said Sinking Fund.

The payments into the Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the Account in which to be deposited and the custody, use and application thereof consistent with the provisions hereof.

Moneys in the Sinking Fund shall be used solely and only and are hereby pledged for the purpose of servicing the Bonds.

(3) Thereafter, from the moneys remaining in said Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the first month in which interest shall be first payable from the Revenue Fund, remit to a bank which is eligible under the laws of West Virginia to receive deposits of public funds for deposit in a special account to be designated "Renewal and Replacement Fund," which account is hereby established and created,

a sum equal to two and one-half per centum of the gross revenues each month, exclusive of any payments for account of the Reserve Accounts. All funds in said Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer, and all or any part of said Fund may be invested in bonds or other direct or fully guaranteed obligations of the United States of America maturing or being subject to retirement at the option of the holder within not more than ten (10) years from the date of such investment. Withdrawals and disbursements may be made from said Renewal and Replacement Fund for replacements, emergency repairs, additions, betterments or improvements to the System; provided, however, that any deficiency in the Reserve Account (except to the extent such deficiency exists because the required payments into the Reserve Account have not as of the date of determination of a deficiency not funded such Reserve Account to the maximum extent required by Section 4.01(A)(2)), shall be promptly eliminated with moneys from the Renewal and Replacement Fund in amounts sufficient to eliminate such deficiency.

(4) Whenever all of the required and provided transfers and payments from said Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid for operating expenses and into the Sinking Fund and the Renewal and Replacement Fund during the next succeeding three (3) months, such excess shall be considered as surplus revenues. Said surplus revenues shall be first used for the construction and acquisition of improvements and extensions to the System, and, thereafter, to the extent not needed for such purposes, said surplus revenues and any surplus moneys in the Sinking Fund, exclusive of the Reserve Account, in excess of the amount of interest to become due on the next interest payment date and the amount of principal to become due within the next succeeding twelve (12) months, may be used to purchase or prepay Bonds, any such purchase upon the open market to be at a price not exceeding the par value thereof plus three per centum (3%) of such par value, or to redeem Bonds at a price not in excess of the redemption price thereof, or for debt service on obligations not on a parity with the Bonds, the proceeds of which obligations were used to finance such additions, betterments or improvements.

(5) The moneys in excess of the sum insured by the Federal Deposit Insurance Corporation ("FDIC") in the Revenue Fund and for the Renewal and Replacement Fund (unless remitted to the Commission) shall at all times be secured, to the full extent thereof in excess of such insured sum, by direct obligations of the United States of America or such other obligations as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

(6) If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds on the subsequent payment dates.

(7) Moneys in the Reserve Account shall be invested and reinvested by the Commission in direct obligations of the United States of America having maturities not longer than two (2) years from the date of purchase. Moneys in the Reserve Account in excess of the maximum amount required to be therein shall, at least annually, be deposited in the Sinking Fund by the Commission.

(8) All remittances made by the Issuer to the Commission shall clearly identify the funds or accounts into which each amount is to be deposited.

ARTICLE V

APPLICATON OF BOND AND NOTE PROCEEDS

Section 5.01. Construction Trust Fund. From the moneys received from the sale of any or all the Notes, the following amounts shall be first deducted and deposited:

A. The sum required to pay interest on the Notes to maturity shall be deposited in the Sinking Fund and used to pay interest on the Notes as the same becomes due.

B. Upon issuance of the Bonds and exchange of the Bonds for the Notes and payment of allocated issuance expenses of the Bonds of the Authority as provided in the Loan Agreement, any balance remaining from the sale of the Bonds shall be deposited in the Construction Trust Fund.

The remaining moneys derived from the sale of the Notes shall be deposited by the Issuer in a fund to be known as the "Construction Trust Fund," which is hereby created, which fund shall be kept separate and apart from all other funds of the Issuer and shall be drawn out, used and applied by the Issuer solely for the payments of the cost of the construction and acquisition of the Project, and purposes incidental thereto, and for no other purposes whatsoever. The moneys in said fund shall be secured at all times by the deposit of such bonds in direct obligations of the United States of America having a fair market value at least equal to the balance in excess of the amount insured by FDIC in said fund. If for any reason such proceeds, or any part thereof, are not necessary

for, or are not applied to, such purposes, then such unapplied proceeds shall be deposited by the Issuer in the Sinking Fund and shall be used only as provided herein. All such proceeds shall be and constitute a trust fund for such purposes, and there is hereby created a lien upon such moneys until so applied in favor of the Holders of the Bonds.

Expenditures or disbursements from said Construction Trust Fund, except for legal, fiscal and engineering expenses and expenses in connection with the issuance and sale of the Bonds shall be made only after such expenditures or disbursements shall have been approved in writing by the Consulting Engineers.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. General Covenants of the Issuer. All the covenants, agreements and provisions hereof shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions hereof, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Bonds or the interest thereon are outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. Neither the Bonds nor coupons appertaining thereto shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness but shall be payable solely from the revenues of the System, as herein provided.

Section 6.03. Bonds Secured by Pledge of Net Revenues; Statutory Mortgage Lien. The payment of the debt service of all the Bonds shall be secured forthwith equally and ratably by a first lien on the net revenues derived from the operation of the System, to the extent necessary to make the payments required under Section 4.01 hereof. The revenues derived from the System, in an amount sufficent to pay the principal of and interest on the Bonds and to make the payments into the Sinking Fund, including the Reserve Account therein, and all other payments provided for herein are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided herein.

The Bonds are additionally secured by a statutory mortgage lien pursuant to the Act.

Section 6.04. Rates. Prior to the issuance of the Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file in the office of the Board, each of which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce gross revenues from said System to pay operating expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient to provide for all reasonable expenses of operation, repair and maintenance of the System and to leave a balance each year equal to at least 130% of the maximum amount required in any ensuing year to pay the interest on and the principal of the Bonds as the same become due and accomplish retirement of all obligations for the payment of which such revenues have or shall have been pledged, charged or otherwise encumbered.

Section 6.05. Completion, Operation and Maintenance. The Issuer will expeditiously complete and maintain in good condition said System and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of the System in the manner provided herein.

Section 6.06. Sale of the System. The System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds outstanding, The proceeds from such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Sinking Fund, and, in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Bonds as they become due or in accordance with redemption provisions hereof. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, unless otherwise prohibited by law, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of Ten Thousand Dollars ($10,000), the Board shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of Ten Thousand Dollars ($10,000) but not in excess of Fifty Thousand Dollars ($50,000), the Board shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and then authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, in excess of $10,000 and not in excess of $50,000, shall be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase or prepayment of Bonds of the last maturities then outstanding at prices not greater than the par value thereof plus three per centum (3%) of such par value. Such payments of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions hereof.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of $50,000 and insufficient to pay all the Bonds then outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of sixty-six and two-thirds percentum (66-2/3%) in amount of Bonds then outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. The Issuer will not issue any other obligations whatsoever, except additional parity bonds provided for in Section 6.08 hereof payable from the revenues of the System which rank prior to or equally, as to lien on and source of and security for payment from such revenues with the Bonds; and all obligations hereafter issued by the Issuer payable from the revenues of the System, except such additional parity

bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, however that no such subordinate obligations shall be issued unless the Reserve Account in the Sinking Fund is funded to the extent that no further payments are required therefor as provided in Section 4.01(A)(2).

Except as provided in Section 6.08 below, the Issuer will not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds and the interest thereon, upon any of the income and revenues of the System pledged hereby for payment of the Bonds and the interest thereon or upon the System or any part thereof.

Section 6.08. Additional Parity Bonds. No additional parity bonds, as in this section defined, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant hereto, except under the conditions and in the manner herein provided.

No such additional parity bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of additions, betterments and improvements to the System or refunding the entirety of one or more series of Bonds issued pursuant hereto or both such purposes.

No such additional parity bonds shall be issued at any time, however, unless and until there has been procured and filed with the Board a written statement by a certified public accountant not in the regular employ of the Issuer based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the net revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any twelve (12) consecutive months, within the eighteen (18) months immediately preceding the date of the actual issuance of such additional parity bonds, plus the estimated average increased annual net revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by such additional parity bonds shall not be less than one hundred thirty per centum (130%) of the largest aggregate amount that will mature and become due in any succeeding fiscal year for principal of and interest on the following:

(1) The Bonds originally issued pursuant hereto then outstanding;

(2) Any additional parity bonds theretofore issued pursuant to the provisions contained herein then outstanding; and

(3) The additional parity bonds then proposed to be issued.

The "estimated average increased annual net revenues to be received in each of the three (3) succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased net revenues estimated to be derived from (a) the improvements to be financed by such additional parity bonds and (b) any increase in rates approved by the Public Service Commission of West Virginia prior to the date of delivery of such additional parity bonds and shall not exceed the amount stated in a certificate of the Consulting Engineer which shall be filed in the office of the Board prior to the issuance of such additional parity bonds.

The net revenues actually derived from the System during the twelve-consecutive-month period hereinabove referred to may be adjusted by adding to such net revenues such additional net revenues which would have been received, in the opinion of the Consulting Engineers and the said certified public accountant as stated in a certificate jointly made and signed by the Consulting Engineers and said certified public accountant, on account of increased rates, rentals, fees and charges for the System approved by the Public Service Commission of West Virginia prior to issuance of such additional parity bonds.

Not later than simultaneously with the delivery of such additional parity bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements to the System that are to be financed by such additional parity bonds.

The term "additional parity bonds," as used in this section, shall be deemed to mean additional bonds issued under the provisions and within the limitations of this section, payable from the revenues of the System on a parity with the Sewer Revenue Bonds, Series 1980, and all the covenants and other provisions hereof (except as to details of such additional parity bonds inconsistent herewith) shall be for equal benefit, protection and security of the Holders of the Sewer Revenue Bonds, Series 1980, and the holders of any additional parity bonds subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds, regardless of the time or times or their issuance, shall, rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any bond or coupon over any other. The Commission shall comply fully with all the increased payments

into the various funds created hereby required for and on account of such additional bonds, in addition to the payments required for Bonds theretofore issued pursuant hereto.

All additional parity bonds shall have the same monthly maturity date and the same semiannual interest payment dates as the Bonds originally issued hereunder.

The term "additional parity bonds," as used in this section, shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued the lien of which on the revenues of the System is subject to the prior and superior lien of the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Bonds, except in the manner and under the conditions provided in this section.

No additional parity bonds, as in this section defined, shall be created at any time, however, unless all the payments into the respective funds and accounts provided for herein on the Bonds then outstanding, and any other payments provided for herein, shall have been made in full as required to the date of delivery of the additional bonds and the Issuer shall then be in full compliance with all the covenants, agreements and terms hereof.

Notwithstanding any of the foregoing provisions, with the written consent in advance of the Authority and upon compliance with the terms, limitations and conditions contained herein, additional parity Bonds may be authorized and issued by the Issuer pursuant to supplemental resolution solely to complete the Project in accordance with the plans and specifications therefor now on file with the Board in the event that the Bonds issued hereunder should be insufficient, together with other funds lawfully available therefor, to pay all costs of construction and acquisition of the Project; provided, however, that prior to the issuance of such additional parity bonds under the provisions of this paragraph, the Consulting Engineers shall file with the Board a statement to the effect that additional funds are needed and shall state the amount thereof deemed to be adequate for such purpose. All such additional parity bonds authorized and issued under the provisions of this paragraph shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of the construction costs to complete the Project and the maturities of any such additional parity bonds shall be in years and amounts suggested by the Authority.

Section 6.09. Insurance. The Issuer will carry, with a reputable insurance carrier or carriers, such insurance as is customarily carried with respect to works and properties similar to the System, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks, which insurance shall at all times be in an amount or amounts equal to the fair appraisal value of the buildings, properties, furniture, fixtures and equipment of the System. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System.

Section 6.10. Services Rendered to the Issuer. The Issuer will not render or cause to be rendered any free services of any nature by its System; and in the event the Issuer or any officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such officer or employee.

Section 6.11. Remedies and Appointment of Receiver. Any Bondholder may, by proper legal action, compel the performance of the duties of the Issuer hereunder and under the Act, including the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any default in the payment of interest on any Bonds when the same shall become due, or in the payment of the principal of any Bond or Bonds at the specified date of maturity thereof, or otherwise in the performance of any covenant contained herein other than as to such payment and such default shall continue for a period of thirty (30) days after written notice to the Issuer of such default, any Bondholder shall, in addition to all other remedies or rights, including, but not limited to, the right of foreclosure provided in the Act, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and interest thereon, the deposits into the funds and accounts hereby established as herein provided and the payment of operating expenses of the System, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions hereof and of the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all principal due upon the Bonds and interest thereon and under any covenants hereof for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions hereof shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Bondholder shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Holders of Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Bondholders, and the curing and making good of any default under the provisions hereof, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage or otherwise dispose of any assets of the System.

Section 6.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges that shall

become delinquent to the full extent permitted or authorized by the laws of the State of West Virginia. All such fees, rates and charges, if not paid when due, shall become a lien on the premises served by the System. When such rees, rates and charges have been delinquent for thirty (30) days, the Issuer shall have the power to forthwith foreclose the lien on the premises served in the manner provided for the foreclosure of mortgages on real property by the laws of West Virginia, as provided by the Act.

Whenever any rates, rentals or charges for services or facilities of the System shall remain unpaid for a period of thirty days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. The Issuer further convenants and agrees that in the event it owns a waterworks system (the "Water System"), it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services and facilities of the System and the Water System to all delinquent users of services and facilities of the System and will not restore such services of either System until all delinquent charges for the services and facilities of the System, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 6.13. No Competing Franchise. The Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services that would compete with services provided by the System.

Section 6.14. Books and Records. Section 7.05. Defeasance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds and coupons the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and herein, then the pledge of any revenues, and other moneys and securities pledged hereby and all covenants, agreements and other obligations of the Issuer to the Bondholders shall thereupon cease, terminate and become void and be discharged and satisfied.

Section 7.06. Restrictions as to Arbitrage Bonds. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bond to be an "arbitrage bond" as defined in Section 103(c)(2) of the Internal Revenue Code, and the Chairman of the Board shall deliver his certificate, based upon this covenant, with regard thereto to the Authority.

Section 7.07. Effective Date. This Bond Legislation shall take effect upon passage, in the manner prescribed by law; provided, however, that the Bonds shall not be delivered to the Authority until the West Virginia Public Service Commission has given its approval of the sale of the Bonds thereto.

Re: Governmental Agency Bonds and Loan Agreement

Gentlemen:

As you know, the West Virginia Water Development Authority (the "Authority") owns two series of sewerage system revenue bonds (the "Governmental Agency Bonds") of Huttonsville Public Service District (the "Governmental Agency"). The Governmental Agency Bonds were purchased by the Authority pursuant to the terms of a loan agreement, dated June 9, 1982, as to the Authority (the "Loan Agreement").

On June 19, 1985, the Authority issued $46,320,000 in aggregate principal amount of West Virginia Water Development Authority Water Development Revenue Bonds (Loan Program), 1985 Series A (the "1985 Series A Bonds"). The proceeds of the 1985 Series A Bonds were used, among other things, to refund prior to maturity the Authority's 1982 Series A Bonds, a portion of the proceeds of which was used to purchase one of the series of the Governmental Agency Bonds. One of the reasons for the advance refunding was to effect modifications in certain of the local covenants required by the resolution pursuant to which the 1982 Series A Bonds were issued. Such modifications generally increased the number of years over which the reserve account may be built up to the reserve account requirement, reduced the debt service coverage requirement in general and reduced the debt service coverage required for the issuance of parity obligations. Accordingly, the Loan Agreement may be amended as follows:

1. Subsection 4.1(a) of the Loan Agreement may be amended to read as follows:

> (a) That the revenues generated from the operation of the System will be used monthly

21C

first to pay operation and maintenance expenses of the System; second, to the extent not otherwise limited by an outstanding local resolution or ordinance, to provide debt service on the Local Bonds, which shall include the establishment of a reserve account for the payment of debt service on the Local Bonds (the "Reserve Account") into which shall be deposited an amount equal to one-twelfth (1/12) of one-tenth (1/10) of the amount necessary to fund the Reserve Account at an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in any year (the "Reserve Requirement") or, if the Reserve Account has been so funded (whether by monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement; third, to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues of the System, exclusive of the payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System, or eliminating any deficiencies in the Reserve Account; and fourth, to pay debt service on the Supplemental Bonds or to purchase Local Bonds on the open market, or to redeem Local Bonds, or to pay debt service on obligations junior and subordinate to the Local Bonds (other than the Supplemental Bonds). The gross revenues of the System shall always be used for purposes of the System.

2. Subsection 4.1(b)(iii) of the Loan Agreement may be amended as follows:

> (iii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all reasonable expenses of operation and maintenance of the System and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Governmental Agency Bonds and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by monthly deposits or otherwise) at an amount at least equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Governmental Agency Bonds and any such prior or parity obligations.

3. Subsection 4.1(b)(vi) of the Loan Agreement may be amended as follows:

> (vi) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of

> such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date of the Loan Agreement, without regard to the foregoing.

The local act pursuant to which the Local Bonds were issued may also be amended to reflect the above modifications.

Please indicate the Governmental Agency's acceptance of these modifications by executing the copy of this letter attached and returning it, together with a certified copy of the official action of the Governmental Agency accepting such modifications, to the Authority.

Very truly yours,

WHEREAS, the Authority has made all findings required by Section 5 of the Act with respect to the Project and is willing to make said loan to the Governmental Agency, subject to the terms and provisions hereinafter contained;

(c) The Governmental Agency shall have received bids for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application;

(d) The Governmental Agency shall have obtained all requisite orders of and approvals from the West Virginia Public Service Commission necessary for the issuance of the Governmental Agency Bonds, construction of the Project and imposition of the rates required to comply with the provisions of Subsection 4.1(b)(iii) hereof and shall have taken any other action required for the imposition of such rates;

3.5 In the event the earnings on that portion of the proceeds of the 1982 Series A Bonds issued to purchase the Local Bonds are not sufficient to pay the interest accruing on said portion of the 1982 Series A Bonds pending issuance and delivery of the Local Bonds, the Governmental Agency agrees to issue additional Supplemental Bonds in principal amount equal to such deficiency (as determined by the Authority) and sell such additional Supplemental Bonds to the Authority and assign the proceeds thereof to the Authority, which shall use such proceeds to reimburse itself for such deficiency.

ARTICLE IV

The gross revenues of the System shall always be used for purposes of the System.

amended 8/21/85

(b) Covenants substantially as follows:

(i) That the Governmental Agency Bonds shall be secured by the net revenues from the System;

(ii) That the Supplemental Bonds shall be subordinate to the Local Bonds as to lien and source of payment.

(iii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which along with other revenues of the System will pay all reasonable expenses of operation, repair and maintenance of the System and leave a balance each year equal to at least 130% of the maximum amount required for debt service on all obligations, including the Governmental Agency Bonds, payable from the revenues of the System;

amended 8/21/85

(iv) That the Governmental Agency will complete, operate and maintain the System in good condition;

(v) That the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Governmental Agency Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(vi) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements financed by such parity bonds, shall not be less than 130% of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued; provided, however, that additional parity bonds may be issued to complete the Project without regard to the foregoing; amended 8/21/1985

(vii) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System;

(viii) That the Governmental Agency will not render any free services of the System;

(ix) That any bondholder may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Governmental Agency Bonds, the right to obtain the appointment of a receiver to administer the System as provided by law;

(x) That all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(xi) That, in the event the Governmental Agency owns a waterworks system (the "Water System"), it will, to the full extent permitted by law, discontinue and shut off the services and facilities of the System and the Water System to all delinquent users of services of the System and will not restore the services of either system until all delinquent charges for the services of the System have been fully paid;

(xii) That the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xiii) That the Governmental Agency shall annually cause the records of the System to be audited by a certified public accountant;

(xiv) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xv) That, to the extent authorized by the laws of the State, prospective users of the System shall be required to connect thereto;

(xvi) That, except to the extend used to refund notes or other short-term indebtedness issued in anticipation thereof, the proceeds of Governmental Agency Bonds, except for accrued interest, must be deposited in a construction fund on which the holder of the Government Agency Bonds shall have a lien until such proceeds are applied to the construction of a water development project.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit A.

4.2 The WDA Loans shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of all the fees, charges and other revenues of the Governmental Agency from the System remaining after the payment of operation and maintenance expenses and as otherwise provided in the Local Act, subject only to such reservations and exceptions as are described in Schedule X hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the WDA Loans shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto, and interest payments on the Loan shall be made by the Governmental Agency on a semi-annual basis as provided in said Schedule X.

4.4 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds, at a coupon rate or rates per annum which shall be equal to the coupon rate or

rates per annum borne by the 1982 Series A Bonds for corresponding maturities issued to provide the funds to make the Loan; provided, however, that in no event shall the coupon interest rate or the interest cost exceed any statutory limitation with regard to the issuance of the Local Bonds. The Supplemental Loan will not bear interest.

4.5 The Governmental Agency Bonds shall be delivered to the Authority in fully registered form, exchangeable as provided in the Local Act at the expense of the Governmental Agency.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the administrative expenses (based on the percentage of the Governmental Agency's Local Bonds to all other local bonds purchased by the Authority and then outstanding) of the Authority relating to all loans to be made by the Authority to governmental agencies with the proceeds of the 1982 Series A Bonds. Such administrative expenses shall be as determined by the Authority and shall include without limitation program expenses and fees paid to the trustee and paying agents for such revenue bonds.

4.7 As long as the Authority is the registered owner of all of the Governmental Agency Bonds outstanding, the Governmental Agency will not redeem such Governmental Agency Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the Authority's 1982 Series A Bonds and the redemption premium payable on the 1982 Series A Bonds redeemable as a consequence of such redemption of Local Bonds. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding its 1982 Series A Bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Acquisition of Site of Eligible Project; Certain Construction Requirements

5.1 Subject to the terms, conditions and provisions of this Loan Agreement and of the Local Act, the Governmental Agency shall do all things necessary to acquire the proposed site of the Project and to construct the Project in accordance with the plans, designs and specifications prepared for the Governmental Agency by the Consulting Engineers.

5.2 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. The Governmental Agency shall permit the Authority, acting by and through its Director or his duly authorized representatives, to inspect all books, documents, papers and records relating to the Project at any and all reasonable times for the purpose of audit and examination, and the Governmental Agency shall submit to the Authority such documents and information as it may reasonably require in connection with the administration of the WDA Loans or of Federal and State grants or other sources of financing for the Project.

Gentlemen:

We are bond counsel to _____ (the "Governmental Agency"), a public service district and a public corporation and political subdivision of the State of West Virginia, created and existing under Chapter 16, Article 13A, of the Code of West Virginia, 1931, as amended.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement (the "Loan Agreement"), dated _____, 19__, between the Governmental Agency and the West Virginia Water Development Authority (the "Authority") and (ii) the issue of two separate series of revenue bonds of the Governmental Agency, dated _____, 19__ (the "Governmental Agency Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The series of Governmental Agency Bonds described in the Loan Agreement as Local Bonds is in the principal amount of $_____, issued in the form of one bond registered as to principal and interest to the Authority, interest payable April 1 and October 1 of each year, beginning _____, 19__, at the respective rate or rates and with principal payable in installments on October 1 in each of the years, all as follows:

Year	Installment	Interest Rate

The series of Governmental Agency Bonds described in the Loan Agreement as the Supplemental Bonds is in the principal amount of $_____, issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years, as follows:

Year Installment

The Governmental Agency Bonds are issued for the purpose of _____ and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A, of the West Virginia Code of 1931, as amended (the "Code Provision"), under which the Governmental Agency Bonds are issued and the Loan Agreement that has been undertaken, including all schedules and exhibits to the Loan Agreement. The Governmental Agency Bonds have been authorized by a bond resolution (the "Local Act") duly adopted by the Governmental Agency, which contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement. The Governmental Agency Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion that:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a duly organized and presently existing public service district and political subdivison of the State of West Virginia, with full power and authority to construct, acquire, operate and maintain the project referred to in the Loan Agreement and to issue and sell the Governmental Agency Bonds, all under the Code Provision and other applicable provisions of law.

4. The Governmental Agency has legally and effectively adopted the Local Act and all other necessary resolutions in connection with the issuance and sale of the Governmental Agency Bonds.

5. The Governmental Agency Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the net revenues of the system referred to in the Local Act and secured by a lien on and pledge of the net revenues of the system referred to in the Local Act, all in accordance with the terms of the Local Bond and the Local Act, and have been duly issued and delivered to the Authority.

6. The Governmental Agency has reserved the right to issue additional bonds ranking on a parity with the Local Bond, as provided in the Local Act.

7. The Governmental Agency Bonds are, by statute, exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and under the laws, regulations, rulings and decisions of the United States of America, as presently written and applied, the interest on the Local Bond is exempt from Federal income taxation.

No opinion is given herein as to the enforceability of remedies with respect to the Governmental Agency Bonds under any applicable bankruptcy, insolvency, moratorium or other laws affecting creditors' rights.

We have examined executed Local Bond numbered R-1 and Supplemental Bond numbered S-1, and in our opinion the form of said bonds and their execution are regular and proper.

Very truly yours,

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF HUTTONSVILLE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Huttonsville Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Randolph County of said State.

B. The Issuer presently owns and operates a public sewerage system (the "System") and has heretofore financed the acquisition and construction of the System and certain additions, extensions and improvements thereto by issuance of its Sewer Revenue Bonds, Series 1984 A, dated February 28, 1984, issued in the original aggregate principal amount of $380,000 (the "Series 1984 A Bonds"); and Sewer Revenue Bonds, Series 1984 B, dated February 28, 1984, issued in the original aggregate principal amount of $144,089 (the "Series 1984 B Bonds").

C. The Issuer is authorized and empowered under the Act to issue refunding revenue bonds for the purpose of retiring or refinancing all or any part of the outstanding Series 1984 A Bonds.

D. The registered owner of the Series 1984 A Bonds has consented to the prepayment of the Series 1984 A Bonds and the Issuer is advised that present value debt service savings will be realized as a result of the prepayment and refunding of the Series 1984 A Bonds.

E. The Issuer hereby determines that it would therefore be to the benefit of the Issuer and its residents to prepay and refund the Series 1984 A Bonds in their entirety with proceeds of a series of bonds to be designated "Sewer Refunding Revenue Bonds, Series 2001 A" (the "Series 2001 A Bonds") and other moneys of the Issuer.

F. Davis Trust Company, Elkins, West Virginia (the "Original Purchaser"), has offered to purchase the Series 2001 A Bonds by a commitment letter dated August 6, 2001.

G. The Series 2001 A Bonds shall be issued on a parity with the Series 1984 B Bonds, with respect to liens, pledge and source of and security for payment and in all other respects. The Issuer has met the parity and coverage requirements of the Series 1984 B Bonds and the resolutions authorizing the Series 1984 B Bonds and has substantially complied with all other parity requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature. Prior to the issuance of the Series 2001 A Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the parity and coverage tests of the Series 1984 B Bonds have been met; and (ii) the written consent of the Holders of the Series 1984 B Bonds to the issuance of the Series 2001 A Bonds on a parity with the Series 1984 B Bonds and to the change of the lien position of the Series 1984 B Bonds from a subordinate bond to a first lien bond. Other than the Series 1984 A Bonds and the Series 1984 B Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year from the operation of the System upon the prepayment and refunding of the Series 1984 A Bonds will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Series 2001 A Bonds and the Series 1984 B Bonds, and to make payments into all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the issuance of the Series 2001 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the refunding from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2001 A Bonds or such final order will not be subject to appeal or rehearing.

J. The Issuer does not reasonably expect to issue more than $10,000,000 of tax-exempt obligations (other than private activity bonds and bonds issued to currently refund any obligation of the Issuer) during the calender year 2001.

Section 1.03. Bond Legislation Constitutes Contract. This Bond is subject to prepayment without penalty in whole or in part at any time upon the payment of the outstanding principal and the interest accrued to the prepayment date.

This Bond is issued (i) to pay, together with other funds of the Issuer, a portion of the costs necessary to current refund the Issuer's Sewer Revenue Bonds, Series 1984 A (the "Series 1984 A Bonds"); (ii) funding a reserve account for this Bond; and (iii) to pay certain costs of issuance of this Bond and related costs. This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), a Bond Resolution duly adopted by the Issuer on _____, _____, and a Supplemental Resolution duly adopted by the Issuer on _____, _____ (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such

bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S SEWER REVENUE BONDS, SERIES 1984 B, DATED FEBRUARY 28, 1984, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $144,089 (THE "SERIES 1984 B BONDS").

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the operation of the System, on a parity with the pledge of the Net Revenues in favor of the holders of the Series 1984 B Bonds, and from moneys in the reserve account created under the Bond Legislation for this Bond (the "Series 2001 A Bonds Reserve Account") and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2001 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on this Bond, and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Series 1984 B Bonds; provided however, that so long as there exists in the Series 2001 A Bonds Reserve Account an amount at least equal to the Series 2001 A Bonds Reserve Requirement (as defined in the Bond Legislation) and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owner of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar (as defined in the Bond Legislation) by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to the payment of the costs of refunding the Series 1984 A Bonds and costs of issuance described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

This Bond is hereby designated a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended. This Bond is exempt from taxation by the State of West Virginia and the other taxing bodies of the State under the Act.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and upon the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Section 3.11. Designation of Bonds as "Qualified Tax-Exempt Obligations". The Issuer hereby designates the Series 2001 A Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3)(B) of the Code and covenants that the Series 2001 A Bonds do not constitute private activity bonds as defined in Section 141 of the Code, and that not more that $10,000,000 in aggregate principal amount of obligations the interest on which is excludable (under Section 103(a) of the Code) from gross income for federal income tax purposes (excluding, however, obligations issued to currently refund any obligation of the Issuer to the extent the amount of the refunding obligation does not exceed the amount of the refunded obligation and private activity bonds, as defined in Section 141 of the Code, other than qualified 501(c)(3) bonds as defined in Section 145 of the Code), including the 2001 A Bonds, have been or shall be issued by the Issuer, including all subordinate entities of the Issuer, during the calendar year 2001.

Section 5.02. Establishment of Funds and Accounts with Commission and Paying Agent. A. The following special funds or accounts are hereby created with (or continued if previously established by the Prior Resolution) and shall be held by the Commission separate and apart from all other funds or accounts of the Commission and the Issuer and from each other:

(1) Series 1984 B Bonds Sinking Fund (established by the Prior Resolution).

B. The following special funds are hereby created with and shall be held by the Paying Agent separate and apart from all other funds or accounts of the Paying Agent and the Issuer and from each other:

(1) Series 2001 A Bonds Sinking Fund;

(2) Series 2001 A Bonds Reserve Account;

(3) Costs of Issuance and Capital Improvement Fund; and

(4) Rebate Fund.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order of priority:

(1) The Issuer shall first, each month, pay from the Revenue Fund all current Operating Expenses of the System.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Paying Agent for deposit in the Series 2001 A Bonds Sinking Fund, the amount of the interest which will become due on the Series 2001 A Bonds on such date.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously (i) remit to the Commission for deposit in the Series 1984 B Bonds Sinking Fund, the amount required by the Prior Resolution for payment of the principal of the Series 1984 B Bonds; and (ii) remit to the Paying Agent for deposit in the Series 2001 A Bonds Sinking Fund, the amount of principal which will mature and become due on the Series 2001 A Bonds on such date.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Paying Agent, if not fully funded upon the issuance of the Series 2001 A Bonds, for deposit in the Series 2001 A Bonds Reserve Account, an amount equal to 1/12th of 1/5th of the Series 2001 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2001 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2001 A Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, from the moneys remaining in the Revenue Fund, transfer to the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Resolution and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, additions, betterments, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2001 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2001 A Bonds as the same shall become due. Moneys in the Series 2001 A Bonds Reserve Account shall be used only for the purposes of paying principal of and interest on the Series 2001 A Bonds as the same shall become due, when other moneys in the Series 2001 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

Any withdrawals from the Series 2001 A Bonds Reserve Account which result in a reduction in the balance therein to below the Series 2001 A Bonds Reserve Requirement

shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2001 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2001 A Bonds Sinking Fund or the Series 2001 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2001 A Bonds then Outstanding and all interest to accrue until the maturity thereof.

Interest, principal or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 1984 B Bonds and the Series 2001 A Bonds in accordance with the respective principal amounts then Outstanding.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Depository Bank, the Commission and the Paying Agent shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

APPLICATION OF BOND PROCEEDS

Section 6.01. Application of Bond Proceeds. From the moneys received from the sale of the Series 2001 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2001 A Bonds, there shall first be deposited with the Commission, the amount set forth in the Prepayment Agreement which, together with other moneys simultaneously deposited therein, shall be sufficient to accomplish the prepayment and refunding of the Series 1984 A Bonds.

B. Next, there shall be deposited with the Paying Agent in the Series 2001A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 2001 A Bonds Reserve Account.

C. Next, there shall be deposited with the Paying Agent in the Costs of Issuance and Capital Improvement Fund, the balance of the proceeds of the Series 2001 A Bonds and any moneys released by the Commission. The Issuer shall first pay all costs of issuance of the Series 2001 A Bonds and miscellaneous costs of refunding for the Series 1984 A Bonds. All costs of issuance shall be paid within 60 days following the Closing Date. The remaining funds shall be applied solely to capital improvements of the System and shall be fully expended within one year from the date of delivery of the Series 2001 A Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2001 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2001 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2001 A Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2001 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2001 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2001 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to the Series 1984 B Bonds. Simultaneously with the issuance of the Series 2001 A Bonds, the Series 1984 B Bonds shall advance to a first lien parity position. The payment of debt service of the Series 2001 A Bonds shall be secured by a first lien on the Net Revenues, on a parity with the lien on such Net Revenues in favor of the Holders of the Series 1984 B Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest and other payments on the Series 2001 A Bonds and the Series 1984 B Bonds and to make the other payments provided for in this Bond Legislation, are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in this Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Bond Legislation. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Order of the Public Service Commission of West Virginia entered March 17, 1995 (Case No. 94-0618-PSD-19A).

So long as the Series 2001 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation. In the event the schedule of rates and charges initially established for the System in connection with the Series 2001 A Bonds shall prove to be insufficient to produce

the required sums set forth in this Bond Legislation, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation.

Section 7.05. Sale of the System. So long as the Series 1984 B Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolution. Additionally, so long as the Series 2001 A Bonds are outstanding and except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be deposited in the respective Sinking Funds and the Issuer shall direct the Paying Agent and the Commission to apply such proceeds to the payment of principal of and interest on the Bonds. Any balance remaining after the payment of the Bonds and interest thereon, shall be remitted to the Issuer by the Paying Agent and the Commission.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with state law. The proceeds of any such sale shall be applied only to the purchase or prepayment of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. The payment of such proceeds into the Renewal and Replacement Fund or the Sinking Funds shall not reduce the amount required to be paid into such funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding.

The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2001 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2001 A Bonds and payable from revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2001 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2001 A Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Series 2001 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. So long as the Series 1984 B Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds payable out of revenues of the System shall be issued after the issuance of the Series 2001 A Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2001 A Bonds.

No such Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition or construction of extensions and improvements to the System or refunding the Bonds or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity

Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 2001 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section,

equally, as to lien on and source of and security for payment from such revenues, with the Series 2001 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Series 2001 A Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. So long as the Series 1984 B Bonds are outstanding, the provisions for record keeping and audits set forth in the Prior Resolution shall be applicable. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

Section 7.09. Rates. Prior to the issuance of the Series 2001 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2001 A Bonds and all other obligations

secured by a lien on or payable from such revenues on a parity with the Series 2001 A Bonds, including the Series 1984 B Bonds; provided that, in the event that an amount equal to the Series 2001 A Bonds Reserve Requirement is on deposit in the Series 2001 A Bonds Reserve Account and the reserve accounts for obligations on a parity with the Series 2001 A Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2001 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2001 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Original Purchaser within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Section 7.11. Operating Personnel. The Issuer shall employ qualified operating personnel properly certified by the State so long as the Series 2001 A Bonds are outstanding.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer shall not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, the Paying Agent or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank and the Paying Agent shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2001 A Bonds are Outstanding and as long thereafter as necessary to comply with the Code and to assure the exclusion of interest on the Series 2001 A Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 2001 A Bonds which would cause the Series 2001 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2001 A Bonds) so that the interest on the Series 2001 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 2001 A Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2001 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and the Regulations, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and the Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Paying Agent shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by the Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. The Issuer may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and the Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amount and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 2001 A Bonds from gross income for federal income tax purposes.

ARTICLE IX

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Bond Legislation and the Act, including, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF HUTTONSVILLE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of

the Code of West Virginia, 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Huttonsville Public Service District (the "Issuer") is a public service district, public corporation and political subdivision of the State of West Virginia in Randolph County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewer facilities of the Issuer, consisting of the replacement of the old Valley Water collection system and its connection to the Issuer's wastewater treatment plant, and the upgrade and enlargement of the existing treatment plant, together with all appurtenant facilities (collectively, the "Project"), which constitute public service properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer has heretofore issued its Sewerage System Design Notes, Series 2002 A (West Virginia Infrastructure Fund), dated May 30, 2002, in the original principal amount of $200,000 (the "Notes"), to temporarily finance a portion of the costs of design of the Project. The Notes are secured by a first lien on the proceeds of any revenue bonds, refunding bonds or other obligations of the Issuer, issued subsequent to the issuance of the Notes. The Issuer hereby determines that it is in its best interest to pay the entire outstanding principal of and all interest and administrative fees on the Notes in full with proceeds of the Series 2003 A Bonds (hereinafter defined) on the date of issuance thereof.

D. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project and the costs of refunding the Notes through the issuance of its revenue bonds to the United States of America, United States Department of Agriculture, Rural Utilities Service (the "Government") and the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Infrastructure Fund administered by the Authority pursuant to the Act.

E. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $4,484,000, in two series

(collectively, the "Series 2003 Bonds"), being the Sewer Revenue Bonds, Series 2003 A (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than $3,934,000 (the "Series 2003 A Bonds"), and the Sewer Revenue Bonds, Series 2003 B (United States Department of Agriculture), in the aggregate principal amount of not more than $550,000 (the "Series 2003 B Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project and to pay the Notes in full. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of acquisition and construction of any public service properties and any improvements and extensions thereto, the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, on the Series 2003 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the respective Reserve Account for the Series 2003 Bonds (as hereinafter defined); the costs of refunding the Notes; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2003 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2003 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. It is in the best interests of the Issuer that (i) the Series 2003 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), in form satisfactory to the respective parties (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer, and (ii) the Series 2003 B Bonds be sold to the Government pursuant to the terms and provisions of the Letter of Conditions (as hereinafter defined).

H. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2003 Bonds as to liens, pledge, source of and security for payment, being the Sewer Revenue Bonds, Series 1984 B, dated February 28, 1984, issued in the original principal

amount of $144,089, and the Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original principal amount of $356,000 (collectively, the "Prior Bonds").

The Series 2003 Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2003 Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Registered Owner of the Prior Bonds to the issuance of the Series 2003 Bonds on a parity with the Prior Bonds. Following the refunding of the Notes and other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

I. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest, if any, on the Series 2003 Bonds and the Prior Bonds and all funds and accounts and other payments provided for herein.

J. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, the refunding of the Notes and the issuance of the Series 2003 Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia (the "PSC") by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2003 Bonds or such final order will not be subject to appeal or rehearing.

K. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2003 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2003 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any

other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

(UNITED STATES DEPARTMENT OF AGRICULTURE)

No. BR-__ $_____

FOR VALUE RECEIVED, HUTTONSVILLE PUBLIC SERVICE DISTRICT, a public service district, public corporation and political subdivision of the State of West Virginia in Randolph County of said State (the "Issuer"), promises to pay to the order of the UNITED STATES OF AMERICA (the "Government"), at its National Finance Office, 1520 Market Street, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, and in the manner provided below, the principal sum of _____ _____ DOLLARS ($_____), or such lesser amount as is set forth on the Record of Advances attached hereto and incorporated herein by reference, plus interest on the unpaid principal balance at the rate of _____% per annum.

The principal of and interest on this Bond shall be paid in the following installments on the following dates: Monthly installments of interest only on the amounts advanced hereunder, commencing 30 days following the date of delivery of this Bond and continuing on the corresponding day of each month thereafter for the first 24 months after the date hereof, and thereafter, on the corresponding day of each month in installments of principal and interest in the aggregate amount of $_____, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof and except that prepayments may be made as provided below. This consideration shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to the Issuer as requested by the Issuer and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the

Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security therefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government. The Issuer has granted to the Government a lien on the proceeds of this Bond until such proceeds are expended for authorized purposes.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System". This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), a Bond Resolution duly adopted by the Issuer on _____, 200_, and a Supplemental Resolution duly adopted by the Issuer on _____, 200__(collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS, WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1984 B, DATED FEBRUARY 28, 1984, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $144,089 (THE "SERIES 1984 B BONDS"); (2) SEWER REFUNDING REVENUE BONDS, SERIES 2001 A, DATED SEPTEMBER 13, 2001, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $356,000 (THE "SERIES 2001 A BONDS"); AND (3) SEWER REVENUE BONDS, SERIES 2003 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED _____, 200_, ISSUED CONCURRENTLY HEREWITH IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $_____ (THE "SERIES 2003 A BONDS"). THE SERIES 1984 B BONDS AND THE SERIES 2001 A BONDS ARE HEREINAFTER COLLECTIVELY CALLED THE "PRIOR BONDS."

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the System, on a parity with the pledge of Net Revenues in favor of the registered owners of the Prior Bonds and the Series 2003 A Bonds, and from moneys in the reserve account created under the Bond Legislation for this Bond (the "Series 2003 B Bonds Reserve Account") and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2003 B Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates or charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount of principal of and interest on this Bond payable in any year and all other obligations secured by a lien or payable from such revenues on a parity with this Bond, including the Prior Bonds and the Series 2003 A Bonds; provided however, that so long as there exists in the Series 2003 B Bonds Reserve Account, an amount at least equal to the maximum amount of principal and interest which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2003 A Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner (as defined in the Bond Legislation) of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth in the Bond Legislation, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Secretary of the Issuer, as registrar (the "Registrar"), which shall be kept for that purpose at the office of the Registrar, by the Registered Owner or by its attorney or legal representative duly authorized in writing, upon surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney or legal representative duly authorized in writing.

Subject to the registration requirements set forth in the Bond Legislation, this Bond under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

The Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for such purposes and periods of time.

If at any time it so appears to the Government that the Issuer may be able to obtain a loan from a responsible cooperative or private creditor at reasonable rates and terms for loans for such purposes and period of time, the Issuer will at the Government's request apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to the Issuer made or insured by the Government pursuant to the Rural Development Act of 1972. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, HUTTONSVILLE PUBLIC SERVICE DISTRICT has caused this Bond to be signed by its Chairperson and its corporate seal to be hereunto affixed and attested by its Secretary, and has caused this Bond to be dated _____, 200__.

Any withdrawals from the Series 2003 A Bonds Reserve Account or

the Series 2003 B Bonds Reserve Account which result in a reduction in the balance therein to below the respective Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2003 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the respective Sinking Fund or the Reserve Account for the Series 2003 Bonds when the aggregate amount of funds therein are at least equal to the respective aggregate principal amount of the Series 2003 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Interest, principal or reserve account payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2003 Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2003 A Bonds Sinking Fund, the Series 2003 A Bonds Reserve Account and the Series 2003 B Bonds Reserve Account created hereunder, and all amounts required for such accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority or the Government at any time, the Issuer shall make the necessary arrangements whereby required payments into such accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2003 A Bonds Sinking Fund, the Series 2003 A Bonds Reserve Account and the Series 2003 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The respective Sinking Fund and the Reserve Account for the Series 2003 Bonds shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2003 Bonds, respectively, under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments and all such payments shall be

remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority or the Government at any time, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2003 A Bonds shall be expended as directed by the Council and any remaining proceeds of the Series 2003 B Bonds shall be expended as directed by the Government.

Section 6.02. Disbursements From the Bond Construction Trust Fund.

A. The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments of all costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements of proceeds of the Series 2003 A Bonds from the Series 2003 Bonds Construction Trust Fund shall be made only after submission to and approval from the Council of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

(a) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(b) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a cost of the Project;

(c) Each of such costs has been otherwise properly incurred; and

(d) Payment for each of the items proposed is then due and owing.

The Issuer shall expend all proceeds of the Series 2003 A Bonds within 3 years of the date of issuance of the Council's bonds, the proceeds of which were used to make the loan to the Issuer.

B. The proceeds of the Series 2003 B Bonds in the Series 2003 Bonds Construction Trust Fund shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Government.

Until completion of acquisition and construction of the Project, the Issuer will transfer sufficient proceeds of the Series 2003 B Bonds from the Series 2003 Bonds Construction Trust Fund and pay to the Government on or before the due date, such sums as shall be required to make the monthly payments on the Series 2003 B Bonds, if there are not sufficient revenues to make such monthly payments.

Pending such application, moneys in the Series 2003 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Registered Owner of the Series 2003 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Registered Owner of the Series 2003 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as the Series 2003 Bonds or the interest, if any, thereon are Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2003 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Registered Owner of the Series 2003 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2003 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2003 A Bonds and the Series 2003 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues, on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2003 Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation and the Prior Resolutions are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in and approved by the PSC Order and such rates are hereby adopted.

So long as the Series 2003 Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2003 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except in accordance with the terms of the Prior Resolutions. Additionally, so long as the Series 2003 Bonds are Outstanding and except as otherwise required by law or with the written consent of the Council, the Authority and the Government, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2003 Bonds, be remitted to the respective Sinking Funds and applied to the payment of principal of and interest, if any, on the Series 2003 Bonds. Any balance remaining after the payment of the Series 2003 Bonds and interest, if any, thereon shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other

disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Registered Owners of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2003 Bonds. All obligations issued by the Issuer after the issuance of the Series 2003 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2003 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2003 Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2003 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority, the Council and the Government prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are Outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be

issued after the issuance of the Series 2003 Bonds pursuant to this Bond Legislation, except with the prior written consent of the Authority, the Council and the Government under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2003 Bonds.

No such Parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition or construction of extensions and improvements to the System or refunding any Outstanding Bonds, or both such purposes.

So long as the Series 2003 B Bonds are Outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Registered Owners of the Series 2003 B Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 2003 B Bonds are no longer Outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Bonds and the Registered Owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2003 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, the Council and the Government, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority, the Council and the Government such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Authority, the Council and the Government, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council, the Authority, the Government, or any other original purchaser of the Series 2003 Bonds, and shall mail in each year to any Registered Owner of the Series 2003 Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2003 Bonds, and shall submit said report to the Council, the Authority and the Government, or any other original purchaser of the Series 2003 Bonds. Such audit report submitted to the Authority, the Council and the Government shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority, the Council and the Government, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority, the Council and the Government, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority, the Council and the Government with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2003 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Reserve Accounts for the Series 2003 Bonds and the reserve accounts for obligations on a parity with the Series 2003 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority, the Council and the Government within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for

operation and maintenance to the Authority, the Council and the Government and to any Registered Owner of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the Council and the Government and to any Registered Owner of any Bonds, or anyone acting for and in behalf of such Registered Owner of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, certifying, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority, the Council and the Government, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority, the Council and the Government is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority, the Council and the Government covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council, the Government and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the PSC and all rules, regulations and orders of the PSC.

Section 7.14. No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with Chapter 38, Article 2, Section 39 of the Code of West Virginia, 1931, as amended.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority, the Council and the Government. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the PSC, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System

as a revenue-producing utility in good condition and in compliance with all federal and State requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the PSC and the Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2003 Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. [Reserved]

Section 7.19. Statutory Mortgage Lien. For the further protection of the Registered Owner of the Series 2003 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2003 Bonds; provided however, that the statutory mortgage lien of the Series 2003 Bonds shall be on a parity with the statutory mortgage lien of the Prior Bonds.

Section 7.20. Compliance with Letter of Conditions, Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Letter of Conditions, the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer shall provide the Council with copies of all documents submitted to the Authority.

The Issuer shall also comply with all applicable laws, rules and regulations issued by the Authority, the Council, the Government or other State, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. Section 8.01. Investment of Funds. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2003 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2003 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2003 Bonds and any additional information requested by the Authority.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and

This Bond does not constitute an indebtedness of the Issuer within the

meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the moneys in the Series 2003 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount of principal of and interest, if any, on this Bond payable in any year and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds and the Series 2003 B Bonds; provided however, that so long as there exists in the Series 2003 A Bonds Reserve Account, an amount at least equal to the maximum amount of principal and interest, if any, which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2003 B Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner (as defined in the Bond Legislation) of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar (as defined in the Bond Legislation) by the Registered Owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of refunding the Notes, the costs of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, HUTTONSVILLE PUBLIC SERVICE DISTRICT has caused this Bond to be signed by its Chairperson and its corporate seal to be hereunto affixed and attested by its Secretary, and has caused this Bond to be dated June 6, 2003.

UNITED STATES OF AMERICA
STATE OF WEST VIRGINIA
HUTTONSVILLE PUBLIC SERVICE DISTRICT
SEWER REVENUE BOND, SERIES 2003 B
(UNITED STATES DEPARTMENT OF AGRICULTURE)

No. BR-1 $550,000

FOR VALUE RECEIVED, HUTTONSVILLE PUBLIC SERVICE DISTRICT, a public service district, public corporation and political subdivision of the State of West Virginia in Randolph County of said State (the "Issuer"), promises to pay to the order of the UNITED STATES OF AMERICA (the "Government"), at its National Finance Office, 1520 Market Street, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, and in the manner provided below, the principal sum of FIVE HUNDRED FIFTY THOUSAND DOLLARS ($550,000), or such lesser amount as is set forth on the Record of Advances attached hereto and incorporated herein by reference, plus interest on the unpaid principal balance at the rate of 4.5% per annum.

The principal of and interest on this Bond shall be paid in the following installments on the following dates: Monthly installments of interest only on the amounts advanced hereunder, commencing 30 days following the date of delivery of this Bond and continuing on the corresponding day of each month thereafter for the first 24 months after the date hereof, and thereafter, on the corresponding day of each month in installments of principal and interest in the aggregate amount of $2,525, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof and except that prepayments may be made as provided below. This consideration shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to the Issuer as requested by the Issuer and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the

Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security therefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government. The Issuer has granted to the Government a lien on the proceeds of this Bond until such proceeds are expended for authorized purposes.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System". This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), a Bond Resolution duly adopted by the Issuer on June 4, 2003, and a Supplemental Resolution duly adopted by the Issuer on June 4, 2003 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS, WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1984 B, DATED FEBRUARY 28, 1984, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $144,089 (THE "SERIES 1984 B BONDS"); (2) SEWER REFUNDING REVENUE BONDS, SERIES 2001 A, DATED SEPTEMBER 13, 2001, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $356,000 (THE "SERIES 2001 A BONDS"); AND (3) SEWER REVENUE BONDS, SERIES 2003 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JUNE 6, 2003, ISSUED CONCURRENTLY HEREWITH IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $3,934,000 (THE "SERIES 2003 A BONDS"). THE SERIES 1984 B BONDS AND THE SERIES 2001 A BONDS ARE HEREINAFTER COLLECTIVELY CALLED THE "PRIOR BONDS."

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the System, on a parity with the pledge of Net Revenues in favor of the registered owners of the Prior Bonds and the Series 2003 A

Bonds, and from moneys in the reserve account created under the Bond Legislation for this Bond (the "Series 2003 B Bonds Reserve Account") and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2003 B Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates or charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount of principal of and interest on this Bond payable in any year and all other obligations secured by a lien or payable from such revenues on a parity with this Bond, including the Prior Bonds and the Series 2003 A Bonds; provided however, that so long as there exists in the Series 2003 B Bonds Reserve Account, an amount at least equal to the maximum amount of principal and interest which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2003 A Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner (as defined in the Bond Legislation) of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF HUTTONSVILLE PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Huttonsville Public Service District (the "Issuer") is a public service district, a public corporation and political subdivision of the State of West Virginia in Randolph County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience, and welfare of the

inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewerage system of the Issuer, consisting of removal and replacement of gravity sewer line; installing gravity sewer line and manholes; installing a new sewer line along Route 21; improving the East Dailey lift station; replacing a tank at East Dailey lift station; stabilizing existing force main between Valley Bend and Mill Creek; upgrading the Mill Creek and Huttonsville lift stations and installing a new generator to provide power to several grinder pumps, and all necessary appurtenances (collectively, the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The existing sewerage facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System". The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $1,850,000 in two series, being the Sewer Revenue Bonds, Series 2011 A (United States Department of Agriculture), in the aggregate principal amount of not more than $1,050,000 (the "Series 2011 A Bonds"), and the Sewer Revenue Bonds, Series 2011 B (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than $800,000 (the "Series 2011 B Bonds") (collectively, the "Series 2011 Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2011 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in any Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2011 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2011 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2011 A Bonds be sold to the Purchaser (as hereinafter defined) pursuant to the terms and provisions of the Letter of Conditions (as hereinafter defined) and its Series 2011 B Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement (the "Loan Agreement") by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), in form satisfactory to the Issuer, the Authority and the Council, approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2011 Bonds as to liens, pledge and source of and security for payment being the Issuer's: (i) Sewer Revenue Bonds, Series 1984 B (West Virginia Water Development Authority), dated February 28, 1984, issued in the original aggregate principal amount of $144,089 (the "Series 1984 B Bonds"); (ii) Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original aggregate principal amount of $356,000 (the "Series 2001 A Bonds"); (iii) Sewer Revenue Bonds, Series 2003 A (West Virginia Infrastructure Fund), dated June 6, 2003, issued in the original aggregate principal amount of $3,934,000 (the "Series 2003 A Bonds"); and (iv) Sewer Revenue Bonds, Series 2003 B (United States Department of Agriculture), dated June 6, 2003, issued in the original aggregate principal amount of $550,000 (the "Series 2003 B Bonds") (collectively, the "Prior Bonds"); and (v) Sewer Revenue Bonds, Series 2011 C (West Virginia Infrastructure Fund), issued simultaneously herewith in the original aggregate principal amount of $200,000 (the "Series 2011 C Bonds").

The Series 2011 Bonds shall be issued on a parity with the Prior Bonds and the Series 2011 C Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Holders of the Prior Bonds to the issuance of the Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds on a parity with the Prior Bonds. The Series 2001 A Bonds do not require consent. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The Issuer has complied with all requirements of West Virginia law, the Letter of Conditions and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, including, without limitation, the imposition of rates and charges and the issuance of the Series 2011 Bonds, or will have so complied prior to issuance of any thereof, including, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2011 Bonds or such final order will not be subject to appeal or rehearing.

STATE OF WEST VIRGINIA
HUTTONSVILLE PUBLIC SERVICE DISTRICT
SEWER REVENUE BOND, SERIES 2011 A
(UNITED STATES DEPARTMENT OF AGRICULTURE)

$1,050,000

No. AR-1 Date: _____, 2011

FOR VALUE RECEIVED, HUTTONSVILLE PUBLIC SERVICE DISTRICT (the "Borrower") promises to pay to the order of the UNITED STATES OF AMERICA (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of _____ DOLLARS ($1,050,000), plus interest on the unpaid principal balance at the rate Of 3.75% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of this Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and $4,326, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided herein below. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of acquisition and construction of improvements and extensions to the existing public sewerage system (the "System") of the Borrower, is payable solely from the net revenues to be derived from the operation of the System in the manner provided in the hereinafter defined Resolution. This Bond does not in any manner constitute an indebtedness of Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the

West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted on _____, 2011, and a Supplemental Resolution of the Borrower duly adopted on _____, 2011, authorizing issuance of this Bond (collectively, the "Resolution").

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmer and Rural Development Act of 1965. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

The Issuer shall not be required to make any further payments into the Series 2011 A Bonds Reserve Account or the Series 2011 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser, the Council and the Authority.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2011 A Bonds Reserve Account, the Series 2011 B Bonds Sinking Fund and the Series 2011 B Bonds Reserve Account created hereunder, and all amounts required for such funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. The Issuer shall make the necessary arrangements whereby required payments into the said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2011 A Bonds Reserve Account, the Series 2011 B Bonds Sinking Fund and the Series 2011 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2011 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2011 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be

irrevocable, except as provided herein, as long as any of the Series 2011 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2011 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2011 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all the Series 2011 A Bonds and Series 2011 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the holders of the Prior Bonds and the Series 2011 C Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2011 A Bonds, Series 2011 B Bonds, Series 2011 C Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Recommended Decision of the Public Service Commission of West Virginia entered March 26, 2010 which became Final Order on April 15, 2010, in Case No. 09-1927-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds, Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2011 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the provisions governing the sale of the System, or any part thereof, shall be as set forth and described in the Prior Resolutions and the System may not be sold, mortgaged, leased or otherwise disposed of unless the Issuer has obtained the written consent of the Purchaser, the Authority and the Council, as applicable

bondholders. Further, so long as the Series 2011 A Bonds, Series 2011 B Bonds and Series 2011 C Bonds are outstanding and except as otherwise required by law, and with the written consent of the Purchaser, the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2011 A Bonds, immediately be remitted to the National Finance Office, and with respect to the Series 2011 B Bonds, immediately be remitted to the Commission for deposit in the Series 2011 B Bonds Sinking Fund, and, with the written consent of the Purchaser, the Authority and the Council, the Issuer shall direct the National Finance Office and the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2011 Bonds. Any balance remaining after the payment of all the Series 2011 Bonds and interest, if any, thereon shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with a professional engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Purchaser, the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2011 Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority, the Council and the Purchaser and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2011 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Series 2011 A Bonds or the Series 2003 B Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

(1) The Bonds Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 2011 A Bonds and the Series 2003 B Bonds are no longer outstanding, the following parity requirement shall be met:

So long as the Series 2011 C Bonds, Series 2011 B Bonds, Series 1984 B Bonds, Series 2001 A Bonds and the Series 2003 A Bonds are outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of

and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2011 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2011 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Purchaser, the Authority and the Council or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Purchaser, the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Purchaser, the Authority and the Council or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by

which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Purchaser, the Council and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2011 Bonds and shall submit said report to the Purchaser, the Authority and the Council, or any other original purchaser of the Series 2011 Bonds. Such audit report submitted to the Purchaser, the Authority and the Council shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Purchaser, the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Purchaser, the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority, the Council and the Purchaser with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2011 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 Bonds, including the Prior Bonds and the Series 2011 C Bonds; provided that, in the event that an amount equal to or in excess of the reserve requirement is on deposit respectively in the Reserve Accounts and any reserve accounts for obligations on a parity with the Series 2011 Bonds, including the Prior Bonds and the Series 2011 C Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2011 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2011 Bonds, including the Prior Bonds and the Series 2011 C Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Purchaser, the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Purchaser, the Authority and the Council, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Purchaser, the Council, the Authority and any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Purchaser, the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Purchaser, the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Purchaser, the Authority and the Council covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Purchaser, the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

The Issuer shall serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user

of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, and any services and facilities of the sewerage system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the sewerage facilities are not owned by the Issuer, the Issuer will, to the extent allowed by law, use diligent efforts to enter into a similar termination agreement with the provider of such sewerage service, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time unless an increased amount is requested by the Purchaser from time to time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such

In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. Section 7.17. Completion of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal and the Issuer shall supply an opinion of counsel to such effect.

The Issuer shall perform, satisfy and comply with all the terms and conditions of the Letter of Conditions, the Loan Agreement, the Act and this Bond Legislation. The Issuer shall also comply with all applicable laws, rules and regulations issued by the Purchaser, the Authority and the Council, or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System. The Issuer shall provide the Council with copies of all documents submitted to the Purchaser and the Authority.

Section 7.21. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2011 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2011 A Bonds and Series 2011 B Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds and the Series 2011 C Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS; USE OF PROCEEDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and

investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2011 B Bonds as a condition to issuance of the Series 2011 B Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2011 B Bonds as may be necessary in order to maintain the status of the Series 2011 B Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2011 B Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2011 B Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2011 B Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2011 Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2011 A Bonds and Series 2011 B Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2011 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2011 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of

a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolutions; or

(5) If default occurs with respect to the Series 2011 C Bonds or the Series 2011 C Bonds Resolution.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on any series of the Series 2011 A Bonds, Series 2011 B Bonds, Series 2011 C Bonds or the Prior Bonds, it shall constitute an "Event of Default" with respect to the other series of the Series 2011 Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2011 A Bonds and the Series 2011 B Bonds shall be on a parity with each other and the Prior Bonds and the Series 2011 C Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate

and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. SEWER REVENUE BOND, SERIES 2011 A
(UNITED STATES DEPARTMENT OF AGRICULTURE)

$1,050,000

No. AR-1 Date: April 25, 2011

FOR VALUE RECEIVED, HUTTONSVILLE PUBLIC SERVICE DISTRICT (the "Borrower") promises to pay to the order of the UNITED STATES OF AMERICA (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION FIFTY THOUSAND DOLLARS ($1,050,000), plus interest on the unpaid principal balance at the rate of 3.75% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of this Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and $4,326, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided herein below. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of acquisition and construction of improvements and extensions to the existing public sewerage system (the "System") of the Borrower, is payable solely from the net revenues to be derived from the operation of the System in the manner provided in the hereinafter defined Resolution. This Bond does not in any manner constitute an indebtedness of Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted on April 21, 2011, and a Supplemental Resolution of the Borrower duly adopted on April 21, 2011, authorizing

issuance of this Bond (collectively, the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmer and Rural Development Act of 1965. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, AS TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, WITH THE BORROWER'S (1) SEWER REVENUE BONDS, SERIES 1984 B (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY), DATED FEBRUARY 28, 1984, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $144,089 (THE "SERIES 1984 B BONDS"); (2) SEWER REFUNDING REVENUE BONDS, SERIES 2001 A, DATED SEPTEMBER 13, 2001, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $356,000 (THE "SERIES 2001 A BONDS"); (3) SEWER REVENUE BONDS, SERIES 2003 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JUNE 6,2003, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $3,934,000 (THE "SERIES 2003 A BONDS"); (4) SEWER REVENUE BONDS, SERIES 2003 B (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED JUNE 6, 2003, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $550,000 (THE "SERIES 2003 B BONDS") (COLLECTIVELY, THE "PRIOR BONDS"); AND (5) SEWER REVENUE BONDS, SERIES 2011 B (WEST VIRGINIA INFRASTRUCTURE FUND), DATED APRIL 25, 2011 ISSUED SIMULTANEOUSLY HEREWITH IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $800,000 (THE "SERIES 2011 B BONDS"), AND (6) SEWER REVENUE BONDS, SERIES 2011 C (WEST VIRGINIA INFRASTRUCTURE FUND), DATED APRIL 25, 2011 ISSUED SIMULTANEOUSLY HEREWITH IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $200,000 (THE "SERIES 2011 C BONDS").

In accordance with the requirements of the United States Department of Agriculture, the Bonds will be in default should any proceeds of the Bonds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IN WITNESS WHEREOF, HUTTONSVILLE PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

Huttonsville Public Service District
Sewer Revenue Bonds, Series 2011 A
(United States Department of Agriculture)

Huttonsville Public Service District
Mill Creek, West Virginia

United States Department of Agriculture
Elkins, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Huttonsville Public Service District in Randolph County, West Virginia (the "Issuer"), of its $1,050,000 Sewer Revenue Bonds, Series 2011 A (United States Department of Agriculture) dated the date hereof (the "Bonds"), pursuant to Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), a Bond Resolution duly adopted by the Issuer on April 21, 2011, and a Supplemental Resolution duly adopted by the Issuer on April 21, 2011 (collectively, the "Bond Legislation"). We have examined the law and such certified copies of proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the representations of the Issuer contained in the Bond Legislation and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and a political subdivision of the State of West Virginia with full power to adopt and enact the Bond Legislation, perform the agreements on its part contained therein and issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Bond Legislation has been duly and effectively adopted and enacted by the Issuer and constitutes a valid and binding obligation of the Issuer enforceable upon the Issuer.

3. Pursuant to the Act, the Bond Legislation creates a valid lien on the funds pledged by the Bond Legislation for the security of the Bonds, on a parity with the Issuer's: (i) Sewer Revenue Bonds, Series 1984 B (West Virginia Water Development Authority), dated February 28, 1984, issued in the original aggregate principal amount of $144,089, (ii) Sewer Refunding Revenue Bonds, Series 2001 A, dated September 13, 2001, issued in the original aggregate principal amount of $356,000, (iii) Sewer Revenue Bonds, Series 2003 A (West Virginia Infrastructure Fund), dated June 6, 2003, issued in the original aggregate principal amount of $3,934,000, (iv) Sewer Revenue Bonds, Series 2003 B

(United States Department of Agriculture), dated June 6, 2003, issued in the original aggregate principal amount of $550,000, (v) Sewer Revenue Bonds, Series 2011 B (West Virginia Infrastructure Fund), dated April 25, 2011, issued simultaneously herewith in the original aggregate principal amount of $800,000 and (vi) Sewer Revenue Bonds, Series 2011 C (West Virginia Infrastructure Fund), dated April 25, 2011, issued simultaneously herewith in the original aggregate principal amount of $200,000, all in accordance with the terms of the Bonds and the Bond Legislation.

4. The Bonds have been duly authorized, executed and delivered by the Issuer and are valid and binding special obligations of the Issuer, payable solely from the sources provided therefor in the Bond Legislation.

5. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

6. The Bonds are, under the Act, exempt from taxation by the State of West Virginia, and the other taxing bodies of the State, and interest on the Bonds is exempt from personal income taxes and corporate net income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Bond Legislation and the liens and pledges set forth therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that the enforcement thereof may also be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,
