§ 16-13A-1. Legislative findings

The Legislature of the state of West Virginia hereby determines and finds that the present system of public service districts within the state has provided a valuable service at a reasonable cost to persons who would otherwise have been

unable to obtain public utility services. To further this effort, and to insure that all areas of the state are benefiting from the availability of public service district utility services and to further correct areas with health hazards, the Legislature concludes that it is in the best interest of the public to implement better management of public service district resources by expanding the ability and the authority of the public service commission to assist public service districts by offering advice and assistance in operational, financial and regulatory affairs.

In addition to the expanded powers which shall be given to the public service commission, the Legislature also concludes that it is in the best interest of the public for each county commission to review current technology available and consider consolidating existing public service districts where it is feasible and will not result in the interference with existing bond instruments. Further, if such consolidation is not feasible, the Legislature finds that it is in the best interest of the public for each county commission to review current technology available and consider consolidating or centralizing the management of public service districts within its county or multi-county area to achieve efficiency of operations. The Legislature also finds that additional guidelines should be imposed on the creation of new public service districts and that county commissions shall dissolve inactive public service districts as hereinafter provided. The Legislature also finds that the public service commission shall promulgate rules and regulations to effectuate the expanded powers given to the commission relating to public service districts.

Validity 1

1. Validity

Title of act authorizing creation of public service districts in connection with acquisition, construction, maintenance, operation, improvement and extension of properties supplying water and sewerage services, clearly defines object and purposes of act and powers of governing board, and is sufficient to meet constitutional requirements. Acts 1953, c. 147; Const. art. 6,

PUBLIC SERVICE DISTRICTS

§ 16-13A-1

Note 6

§ 30. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇨ 123(3); Statutes ⇨ 123(5)

Statute authorizing creation of public service districts violates no provision of State Constitution, nor is it violative of Fourteenth Amendment to United States Constitution. Act 1953, c. 147; U.S.C.A. Const. Amend. 14. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇨ 4056; Municipal Corporations ⇨ 4

In statute authorizing creation of public service districts, provision for delinquent fixed rates and charges for services rendered to be lien on premises served was not unconstitutional as depriving owners of property without due process of law or as violating Fourteenth Amendment of United States Constitution or applicable provisions of State Constitution. Acts 1953, c. 147, § 1 et seq.; Const. art. 3, §§ 9, 10; U.S.C.A. Const. Amend. 14. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇨ 4416; Municipal Corporations ⇨ 408(1)

Statute authorizing creation of public service districts does not, in so far as it requires County Court to define territory to be included in public service district and appoint a board to govern same in first instance, involve unconstitutional delegation of judicial functions to the County Court, Acts 1953, c. 147; Const. art. 8, § 24. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Constitutional Law ⇨ 2355; Municipal Corporations ⇨ 4

2. In general

A public service district may be created for the purpose of furnishing water or sewer services, or both water and sewer services. Code, 16-13A-1. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇨ 5

Creation and operation of water or sanitary districts or authorities by issuance of revenue bonds payable from revenues are authorized. Code, 16-13A-1 et seq. State ex rel. Appalachian Power Co. v. Gainer, 1965, 143 S.E.2d 351, 149 W.Va. 740. Health ⇨ 369; Waters And Water Courses ⇨ 183.5

A county court may use Federal Revenue Sharing Funds for ordinary and necessary maintenance and operating expenses for sewage disposal, sanitation, and pollution abatement, and ordinary and necessary capital expenditures authorized by law but may not use such funds for matching purposes under any other federal-aid program. 55 W.Va. Op. Atty. Gen. 116 (June 27, 1973) 1973 WL 159152.

3. Construction and application

A public service district is a public corporation and does not come within constitutional

provision which in substance provides that all corporations shall be created by general laws and which is applicable to private corporations. Acts 1953, c. 147, § 1 et seq.; Const. art. 11, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇨ 80(3)

4. Eminent domain powers

Where notice, hearing and order with respect to creation of public service district considered only the question of furnishing water, such district was created only for the purposes of furnishing water services, and had no power to condemn real estate for sewerage facilities. Code, 16-13A-1, 16-13A-2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Eminent Domain ⇨ 32

Condemnation by public service district is not a taking of private property for private use in violation of applicable constitutional provision. Const. art. 3, § 9. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Eminent Domain ⇨ 13

5. Property of public service district

Property of public service district is public property used for public purposes, and, under constitutional provision that public property shall be exempt from taxation, statute authorizing creation of public service districts and granting tax exemption was not violative of constitutional provision requiring that taxation be equal and uniform throughout state. Acts 1953, c. 147, § 1 et seq.; Const. art. 10, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Taxation ⇨ 2289

6. Rates and charges for service

Relief under Federal Securities Act of 1933 was not adequate or sufficient remedy for relief sought by corporations holding sewer revenue bonds of public service district in mandamus proceeding to compel district to establish and collect rates for services rendered by district sufficient to provide for all operational and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariff reflecting such charges with Public Service Commission, and any relief afforded under provisions of federal statute could not supersede relief which could be granted in mandamus proceeding. Securities Act of 1933, § 1 et seq., 15 U.S.C.A. § 77a et seq.; Code, 16-13A-1 et seq. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇨ 3(8)

Corporations holding sewer revenue bonds of public service district, a public corporation and political subdivision of state, had right by mandamus to enforce and compel district and members of the Public Service Board to establish, charge and collect rates for services rendered by district sufficient to provide for all operation-

§ 16-13A-1

al and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariffs reflecting such charges with Public Service Commission. Code, 16-13A-1 et seq., 16-13A-9, 16-13A-10, 16-13A-13, 16-13A-17. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus ⇨ 110

It was ministerial duty of chairman of public service board of public service district to sign revenue bonds and to assist in effectuating their issuance, and in view of constitutionality of statute authorizing creation of the public service board, relator's showing of legal right to require performance of such duty, was sufficient and writ of mandamus would issue. Acts 1953, c. 147. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Mandamus ⇨ 103

7. Creation and enforcement of liens

Public service district's failure to docket notice of lien prior to date purchaser recorded deed of trust prevented district from enforcing sewer lien against purchaser. Code, 16-13A-9, 38-10C-1. McClung Investments, Inc. v. Green Valley Community Public Service Dist., 1997, 485 S.E.2d 434, 199 W.Va. 490. Municipal Corporations ⇨ 712(7)

Public service district liens must be docketed to be enforceable against purchaser of property for valuable consideration, without notice. Code, 16-13A-9, 38-10C-1. McClung Investments, Inc. v. Green Valley Community Public Service Dist., 1997, 485 S.E.2d 434, 199 W.Va. 490. Gas ⇨ 14.6; Municipal Corporations ⇨ 712(7); Waters And Water Courses ⇨ 203(14)

§ 16-13A-1a. Jurisdiction of the public service commission

The jurisdiction of the public service commission relating to public service districts shall be expanded to include the following powers and such powers shall be in addition to all other powers of the public service commission set forth in this code:

(a) To study, modify, approve, deny or amend the plans created under section one-b of this article for consolidation or merger of public service districts and their facilities, personnel or administration;

(b) To petition the appropriate circuit court for the removal of a public service district board member or members; and

(c) To create by general order a separate division within the public service commission to provide assistance to public service districts in technological, operational, financial and regulatory matters.

Acts 1986, c. 81.

PUBLIC HEALTH

Statute authorizing creation of public service districts confers upon public service board authority to create mortgage lien on the property of public service district, and action of legislature conferring such authority was within the legislature's power. Acts 1953, c. 147; Const. art. 10, § 8. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Municipal Corporations ⇨ 222; Municipal Corporations ⇨ 225(1)

8. Admissibility of evidence

Extrinsic evidence relating to background and negotiations with regard to forming a public service district were not admissible in regard to construction of a contract for furnishing of water; where contract language was clear and unambiguous that district was to furnish water as customer should require. Berkeley County Public Service Dist. v. Vitro Corp. of America, 1968, 162 S.E.2d 189, 152 W.Va. 252. Evidence ⇨ 448

9. Costs

Costs of proceeding whereby constitutionality of statute authorizing creation of public service districts was tested would not be taxed against defendant who was chairman of public service board and who, honestly and in good faith, though mistakenly, endeavored to perform his duty in refusing to sign revenue bonds, and each litigant would pay his own costs. Acts 1953, c. 147. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Mandamus ⇨ 190

Notes of Decisions

1. In general

Statute clearly and unambiguously gives Public Service Commission (PSC) power to reduce or increase utility rates whenever it finds that existing rate is unjust, unreasonable, insufficient, or unjustly discriminatory or otherwise in violation of any provision of legislation governing Commission. Code, 24-1-1 et seq., 24-2-3. State ex rel. Water Development Authority v. Northern Wayne County Public Service Dist., 1995, 464 S.E.2d 777, 195 W.Va. 135. Public Utilities ⇌ 123

1995, 464 S.E.2d 777, 195 W.Va. 135. Public Utilities ⇌ 123

Legislature sought to establish in Public Service Commission (PSC) governmental entity which would protect public from unfair rates and practices by public utilities and also ensure that public utilities are given competitive return for their stockholders. Code, 24-2-3. State ex rel. Water Development Authority v. Northern Wayne County Public Service Dist., 1995, 464 S.E.2d 777, 195 W.Va. 135. Public Utilities ⇌ 123; Public Utilities ⇌ 129

§ 16-13A-1b. County commissions to develop plan to create, consolidate, merge, expand or dissolve public service districts

Each county commission shall conduct a study of all public service districts which have their principal offices within its county and shall develop a plan relating to the creation, consolidation, merger, expansion or dissolution of such districts or the consolidation or merger of management and administrative services and personnel and shall present such plan to the public service commission for approval, disapproval, or modification. Provided, That within ninety days of the effective date of this section each county commission in this state shall elect either to perform its own study or request that the public service commission perform such study. Each county commission electing to perform its own study has one year from the date of election to present such plan to the public service commission. For each county wherein the county commission elects not to perform its own study, the public service commission shall conduct a study of such county. The public service commission shall establish a schedule for such studies upon a priority basis, with those counties perceived to have the greatest need of creation or consolidation of public service districts receiving the highest priority. In establishing the priority schedule, and in the performance of each study, the bureau of public health and the division of environmental protection shall offer their assistance and cooperation to the public service commission. Upon completion by the public service commission of each study, it shall be submitted to the appropriate county commission for review and comment. Each county commission has six months in which to review the study conducted by the public service commission, suggest changes or modifications thereof, and present such plan to the public service commission. All county plans, whether conducted by the county commission itself or submitted as a result of a public service commission study, shall, by order, be approved, disapproved or modified by the public service commission in accordance with rules promulgated by the public service commission and such order shall be implemented by the county commission.

Any territory may be included regardless of whether or not the territory includes one or more cities, incorporated towns or other municipal corporations which own and operate any public service properties and regardless of whether or not it includes one or more cities, incorporated towns or other municipal corporations being served by privately owned public service properties: *Provided, however*, That the same territory shall not be included within the boundaries of more than one public service district except where the territory or part thereof is included within the boundaries of a separate public service district organized to supply water, sewerage services, stormwater services or gas facilities not being furnished within such territory or part thereof: *Provided further*, That no city, incorporated town or other municipal corporation shall be included within the boundaries of the proposed district

except upon the adoption of a resolution of the governing body of the city, incorporated town or other municipal corporation consenting.

(b) The petition shall be filed in the office of the clerk of the county commission of the county in which the territory to constitute the proposed district is situated, and if the territory is situated in more than one county, then the petition shall be filed in the office of the clerk of the county commission of the county in which the major portion of the territory extends, and a copy thereof (omitting signatures) shall be filed with each of the clerks of the county commission of the other county or counties into which the territory extends. The clerk of the county commission receiving such petition shall present it to the county commission of the county at the first regular meeting after the filing or at a special meeting called for the consideration thereof.

(c) When the county commission of any county enters an order on its own motion proposing the creation, enlargement, reduction, merger, dissolution or consolidation of a public service district, as aforesaid, or when a petition for the creation is presented, as aforesaid, the county commission shall at the same session fix a date of hearing in the county on the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed public service district, which date so fixed shall be not more than forty days nor less than twenty days from the date of the action. Within ten days of fixing the date of hearing, the county commission shall provide the Executive Secretary of the Public Service Commission with a copy of the order or petition and notification of the time and place of the hearing to be held by the county commission. If the territory proposed to be included is situated in more than one county, the county commission, when fixing a date of hearing, shall provide for notifying the county commission and clerk thereof of each of the other counties into which the territory extends of the date so fixed. The clerk of the county commission of each county in which any territory in the proposed public service district is located shall cause notice of the hearing and the time and place thereof, and setting forth a description of all of the territory proposed to be included therein to be given by publication as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for the publication shall be by publication in each city, incorporated town or municipal corporation if available in each county in which any territory in the proposed public service district is located. The publication shall be at least ten days prior to the hearing.

(d) In all cases where proceedings for the creation, enlargement, reduction, merger, dissolution or consolidation of the public service districts are initiated by petition as aforesaid, the person filing the petition shall advance or satisfactorily indemnify the payment of the cost and expenses of publishing the hearing notice, and otherwise the costs and expenses of the notice shall be paid in the first instance by the county commission out of contingent funds or any other funds available or made available for that purpose. In addition to the notice required herein to be published, there shall also be posted in at least five conspicuous places in the proposed public service district, a notice containing

the same information as is contained in the published notice. The posted notices shall be posted not less than ten days before the hearing.

(e) All persons residing in or owning or having any interest in property in the proposed public service district shall have an opportunity to be heard for and against its creation, enlargement, reduction, merger, dissolution or consolidation. At the hearing the county commission before which the hearing is conducted shall consider and determine the feasibility of the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district. If the county commission determines that the construction or acquisition by purchase or otherwise and maintenance, operation, improvement and extension of public service properties by the public service district will be conducive to the preservation of public health, comfort and convenience of such area, the county commission shall by order create, enlarge, reduce, merge, dissolve or consolidate such public service district. If the county commission, after due consideration, determines that the proposed district will not be conducive to the preservation of public health, comfort or convenience of the area or that the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district as set forth and described in the petition or order is not feasible, it may refuse to enter an order creating the district or it may enter an order amending the description of the proposed district and create, enlarge, reduce, merge, dissolve or consolidate the district as amended.

(f) If the county commission determines that any other public service district or districts can adequately serve the area of the proposed public service district, whether by enlargement, reduction, merger, dissolution or consolidation, it shall refuse to enter the order, but shall enter an order creating, enlarging, reducing, merging, dissolving or consolidating the area with an existing public service district in accordance with rules adopted by the Public Service Commission for such purpose: *Provided*, That no enlargement of a public service district may occur if the present or proposed physical facilities of the public service district are determined by the appropriate county commission or the Public Service Commission to be inadequate to provide such enlarged service. The clerk of the county commission of each county into which any part of such district extends shall retain in his office an authentic copy of the order creating, enlarging, reducing, merging, dissolving or consolidating the district: *Provided, however*, That within ten days after the entry of an order creating, enlarging, reducing, merging, dissolving or consolidating a district, such order must be filed for review and approval by the Public Service Commission. The Public Service Commission may provide a hearing in the affected county on the matter and may approve, reject or modify the order of the county commission if it finds it is in the best interests of the public to do so. The Public Service Commission shall adopt rules relating to such filings and the approval, disapproval or modification of county commission orders for creating, enlarging, merging, dissolving or consolidating districts. The provisions of this section shall not apply to the implementation by a county commission of an order issued by the Public Service Commission pursuant to this section and section one-b, of this article.

(g) The county commission may, if in its discretion it deems it necessary, feasible and proper, enlarge the district to include additional areas, reduce the area of the district, where facilities, equipment, service or materials have not been extended, or dissolve the district if inactive or create or consolidate two or more such districts. If consolidation of districts is not feasible, the county commission may consolidate and centralize management and administration of districts within its county or multi-county area to achieve efficiency of operations: *Provided*, That where the county commission determines on its own motion by order entered of record, or there is a petition to enlarge the district, merge and consolidate districts, or the management and administration thereof, reduce the area of the district or dissolve the district if inactive, all of the applicable provisions of this article providing for hearing, notice of hearing and approval by the Public Service Commission shall apply. The Commission shall at all times attempt to bring about the enlargement or merger of existing public service districts in order to provide increased services and to eliminate the need for creation of new public service districts in those areas which are not currently serviced by a public service district: *Provided, however*, That where two or more public service districts are consolidated pursuant to this section, any rate differentials may continue for the period of bonded indebtedness incurred prior to consolidation. The districts may not enter into any agreement, contract or covenant that infringes upon, impairs, abridges or usurps the duties, rights or powers of the county commission, as set forth in this article, or conflicts with any provision of this article.

(h) A list of all districts and their current board members shall be filed by the county commission with the Secretary of State and the Public Service Commission by the first day of July of each year.

Where notice, hearing and order with respect to creation of public service district considered only the question of furnishing water, such district was created only for the purposes of furnishing water services, and had no power to condemn real estate for sewerage facilities. 4. Notice of hearing

Provisions of statute, with respect to creation of public service districts, which relate to the filing of the petition or motion of the county court, the description of the territory to be embraced, and like provisions are mandatory, but, despite use of the word "shall," the require-

ments for posting and publication of notice and the time of setting the hearing are directory and require only substantial compliance. Code, 16-13A-2. Canyon Public Service Dist. v. Tasa Coal Co., 1973, 195 S.E.2d 647, 156 W.Va. 606. Municipal Corporations ⇨ 12(3); Municipal Corporations ⇨ 12(6)

Though record with respect to creation of public service district was silent with respect to posting of notice of hearing and as to whether hearing was not more than 40 nor less than 20 days after his fixing the date for hearing as provided by statute, there was substantial compliance with statute where hearing was set some time prior to the date of the hearing, there was publication of notice more than ten days prior to the date of the hearing as required, and there were no objections either before, during or after the hearing to the creation of the district or to the procedures employed in its creation. 6. Costs

Costs of proceeding whereby constitutionality of statute authorizing creation of public service districts was tested would not be taxed against defendant who was chairman of public service board and who, honestly and in good faith, though mistakenly, endeavored to perform his duty in refusing to sign revenue bonds, and each litigant would pay his own costs. § 16-13A-3. District to be a public corporation and political subdivision; powers thereof; public service boards

From and after the date of the adoption of the order creating any public service district, it is a public corporation and political subdivision of the state, but without any power to levy or collect ad valorem taxes. Each district may acquire, own and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal and may enter into

contracts necessary or incidental to its purposes, including contracts with any city, incorporated town or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town or other municipal corporation, or for furnishing stormwater services for the city, town or other municipal corporation, and contract for the operation, maintenance, servicing, repair and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town or other municipal corporation included within the district: Provided, That no contract shall extend beyond a maximum of forty years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members, who shall be persons residing within the district, who possess certain educational, business or work experience which will be conducive to operating a public service district. Each board member shall, within six months of taking office, successfully complete the training program to be established and administered by the public service commission in conjunction with the division of environmental protection and the bureau of public health. Board members shall not be or become pecuniarily interested, directly or indirectly, in the proceeds of any contract or service, or in furnishing any supplies or materials to the district nor shall a former board member be hired by the district in any capacity within a minimum of twelve months after board member's term has expired or such board member has resigned from the district board. The members shall be appointed in the following manner:

Each city, incorporated town or other municipal corporation having a population of more than three thousand but less than eighteen thousand is entitled to appoint one member of the board; and each city, incorporated town or other municipal corporation having a population in excess of eighteen thousand shall be entitled to appoint one additional member of the board for each additional eighteen thousand population. The members of the board representing such cities, incorporated towns or other municipal corporations shall be residents thereof and shall be appointed by a resolution of the governing bodies thereof and upon the filing of a certified copy or copies of the resolution or resolutions in the office of the clerk of the county commission which entered the order creating the district, the persons so appointed become members of the board without any further act or proceedings. If the number of members of the board so appointed by the governing bodies of cities, incorporated towns or other municipal corporations included in the district equals or exceeds three, then no further members shall be appointed to the board and the members so appointed are the board of the district except in cases of merger or consolidation where the number of board members may equal five.

If no city, incorporated town or other municipal corporation having a population of more than three thousand is included within the district, then the county commission which entered the order creating the district shall appoint three members of the board, who are persons residing within the district and residing within the state of West Virginia, which three members become members of the board of the district without any further act or proceedings except in cases of merger or consolidation where the number of board members may equal five.

If the number of members of the board appointed by the governing bodies of cities, incorporated towns or other municipal corporations included within the district is less than three, then the county commission which entered the order creating the district shall appoint such additional member or members of the board, who are persons residing within the district, as is necessary to make the number of members of the board equal three except in cases of merger or consolidation where the number of board members may equal five, and the member or members appointed by the governing bodies of the cities, incorporated towns or other municipal corporations included within the district and the additional member or members appointed by the county commission as aforesaid, are the board of the district. A person may serve as a member of the board in one or more public service districts.

The population of any city, incorporated town or other municipal corporation, for the purpose of determining the number of members of the board, if any, to be appointed by the governing body or bodies thereof, is the population stated for such city, incorporated town or other municipal corporation in the last official federal census.

Notwithstanding any provision of this code to the contrary, whenever a district is consolidated or merged pursuant to section two of this article, the terms of office of the existing board members shall end on the effective date of the merger or consolidation. The county commission shall appoint a new board according to rules promulgated by the public service commission. Whenever districts are consolidated or merged no provision of this code prohibits the expansion of membership on the new board to five.

The respective terms of office of the members of the first board shall be fixed by the county commission and shall be as equally divided as may be, that is approximately one third of the members for a term of two years, a like number for a term of four years, the term of the remaining member or members for six years, from the first day of the month during which the appointments are made. The first members of the board appointed as aforesaid shall meet at the office of the clerk of the county commission which entered the order creating the district as soon as practicable after the appointments and shall qualify by taking an oath of office: Provided, That any member or members of the board may be removed from their respective office as provided in section three-a of this article.

Any vacancy shall be filled for the unexpired term within thirty days; otherwise successor members of the board shall be appointed for terms of six

years and the terms of office shall continue until successors have been appointed and qualified. All successor members shall be appointed in the same manner as the member succeeded was appointed. The district shall provide to the public service commission, within thirty days of the appointment, the following information: The new board member's name, home address, home and office phone numbers, date of appointment, length of term, who the new member replaces and if the new appointee has previously served on the board. The public service commission shall notify each new board member of the legal obligation to attend training as prescribed in this section.

The board shall organize within thirty days following the first appointments and annually thereafter at its first meeting after the first day of January of each year by selecting one of its members to serve as chair and by appointing a secretary and a treasurer who need not be members of the board. The secretary shall keep a record of all proceedings of the board which shall be available for inspection as other public records. Duplicate records shall be filed with the county commission and shall include the minutes of all board meetings. The treasurer is lawful custodian of all funds of the public service district and shall pay same out on orders authorized or approved by the board. The secretary and treasurer shall perform other duties appertaining to the affairs of the district and shall receive salaries as shall be prescribed by the board. The treasurer shall furnish bond in an amount to be fixed by the board for the use and benefit of the district.

The members of the board, and the chair, secretary and treasurer thereof, shall make available to the county commission, at all times, all of its books and records pertaining to the district's operation, finances and affairs, for inspection and audit. The board shall meet at least monthly.

The county commission or the public service commission or any other appointive body creating or establishing a public service district under the provisions of this article, or any group of five percent or more of the customers of a public service district, may petition the circuit court of the county in which the district maintains its principal office for the removal of any member of the governing board thereof for consistent violations of any provisions of this article, for reasonable cause which includes, but is not limited to, a continued failure to attend meetings of the board, failure to diligently pursue the objectives for which the district was created, or failure to perform any other duty either prescribed by law or required by a final order of the public service commission or for any malfeasance in public office. (f) The members of the board are not personally liable or responsible for any obligations of the district or the board, but are answerable only for willful

misconduct in the performance of their duties. The county commission which created a district or county commissions if more than one created the district may, upon written request of the district, adopt an order changing the official name of a public service district: *Provided*, That such name change will not be effective until approved by the public service commission of West Virginia and the owners of any bonds and notes issued by the district, if any, shall have consented, in writing, to the name change. If a district includes territory located in more than one county, the county commission or county commissions changing the name of the district shall provide any county commission into which the district also extends with a certified copy of the order changing the name of the district. The official name of any district created under the provisions of this article may contain the name or names of any city, incorporated town or other municipal corporation included therein or the name of any county or counties in which it is located.

§ 16-13A-8. Acquisition and purchase of public service properties; right of eminent domain; extraterritorial powers

The board may acquire any publicly or privately owned public service properties located within the boundaries of the district regardless of whether or not all or any part of such properties are located within the corporate limits of any city, incorporated town or other municipal corporation included within the district and may purchase and acquire all rights and franchises and any and all property within or outside the district necessary or incidental to the purpose of the district.

The board may construct any public service properties within or outside the district necessary or incidental to its purposes and each such district may acquire, construct, maintain and operate any such public service properties within the corporate limits of any city, incorporated town or other municipal corporation included within the district or in any unincorporated territory within ten miles of the territorial boundaries of the district: Provided, That if any incorporated city, town or other municipal corporation included within the district owns and operates either water facilities, sewer facilities, stormwater facilities or gas facilities or all of these, then the district may not acquire, construct, establish, improve or extend any public service properties of the same kind within such city, incorporated towns or other municipal corporations or the adjacent unincorporated territory served by such cities, incorporated towns or other municipal corporations, except upon the approval of the public service commission, the consent of such cities, incorporated towns or other municipal corporations and in conformity and compliance with the rights of the holders of any revenue bonds or obligations theretofore issued by such cities, incorporated towns or other municipal corporations then outstanding

and in accordance with the ordinance, resolution or other proceedings which authorize the issuance of such revenue bonds or obligations.

Whenever such district has constructed, acquired or established water facilities, sewer facilities, a stormwater system, stormwater management program or gas facilities for water, sewer, stormwater or gas services within any city, incorporated town or other municipal corporation included within a district, then such city, incorporated town or other municipal corporation may not thereafter construct, acquire or establish any facilities of the same kind within such city, incorporated town or other municipal corporation without the consent of such district.

For the purpose of acquiring any public service properties or lands, rights or easements deemed necessary or incidental for the purposes of the district, each such district has the right of eminent domain to the same extent and to be exercised in the same manner as now or hereafter provided by law for such right of eminent domain by cities, incorporated towns and other municipal corporations: Provided, That the power of eminent domain provided in this section does not extend to highways, road and drainage easements, or stormwater facilities constructed, owned or operated by the West Virginia division of highways without the express agreement of the commissioner of highways: Provided, however, That such board may not acquire all or any substantial part of a privately owned waterworks system unless and until authorized so to do by the public service commission of West Virginia, and that this section shall not be construed to authorize any district to acquire through condemnation proceedings either in whole or substantial part an existing privately owned waterworks plant or system or gas facilities located in or furnishing water or gas service within such district or extensions made or to be made by it in territory contiguous to such existing plant or system, nor may any such board construct or extend its public service properties to supply its services into areas served by or in competition with existing waterworks or gas facilities or extensions made or to be made in territory contiguous to such existing plant or system by the owner thereof.

Property of public service district is public property used for public purposes, and, under constitutional provision that public property shall be exempt from taxation, statute authorizing creation of public service districts and granting tax exemption was not violative of constitutional provision requiring that taxation be equal and uniform throughout state. Acts 1953, c. 147, § 1 et seq.; Const. art. 10, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Taxation ⇨ 2289

2. In general

Statute providing that private property may be taken or damaged for a number of specified purposes amounts to legislative declaration of public purposes within meaning of laws, and it is a judicial question whether such declaration is consonant with organic law. 3. Eminent domain powers

Although construction of new facility proposed by utility will often require taking of private property through eminent domain, absent express statutory language Public Service Commission (PSC) has no duty to review and decide issues that are inherent in eminent domain proceeding. Whether construction of sewage lagoons would constitute "nuisance" does not defeat Public Service Commission's (PSC) jurisdiction to issue certificate of public convenience and necessity; while PSC may assess environmental considerations, chief inquiry by PSC is need of public for project. 6. Connections with sewers or drains

City, rather than sewer and water districts, was entitled to provide sewer and water services to newly developed tract that was within districts' boundaries, but was annexed to city, where such services were not previously furnished to tract. Code, 16-13A-8. Berkeley County Public Service Sewer Dist. v. West Virginia Public Service Com'n, 1998, 512 S.E.2d 201, 204 W.Va. 279. Municipal Corporations ⇨ 712(1); Waters And Water Courses ⇨ 201

If a tract of real estate located within a public service district has been annexed into a municipality, then, as between the municipality and the public service district, the municipality has the superior right to extend water and/or sewer service which were not being previously furnished to the tract by the public service district, and under those circumstances, a public service district would need the consent of the municipality and the Public Service Commission (PSC) in order to provide such service. 7. Public corporation

A public service district is a public corporation and does not come within constitutional provision which in substance provides that all corporations shall be created by general laws and which is applicable to private corporations. Acts 1953, c. 147, § 1 et seq.; Const. art. 11, § 1. State ex rel. McMillion v. Stahl, 1955, 89 S.E.2d 693, 141 W.Va. 233. Statutes ⇨ 80(3)

maintenance, operation, care, protection and the use of any public service properties owned or controlled by the district. The board shall establish rates, fees and charges for the services and facilities it furnishes, which shall be sufficient at all times, notwithstanding the provisions of any other law or laws, to pay the cost of maintenance, operation and depreciation of the public service properties and principal of and interest on all bonds issued, other obligations incurred under the provisions of this article and all reserve or other payments provided for in the proceedings which authorized the issuance of any bonds under this article. The schedule of the rates, fees and charges may be based upon:

(A) The consumption of water or gas on premises connected with the facilities, taking into consideration domestic, commercial, industrial and public use of water and gas;

(B) The number and kind of fixtures connected with the facilities located on the various premises;

(C) The number of persons served by the facilities;

(D) Any combination of paragraphs (A), (B), and (C) of this subdivision; or

(E) May be determined on any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. However, no rates, fees or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia division of highways.

(2) Where water, sewer, stormwater or gas services, or any combination thereof, are all furnished to any premises, the schedule of charges may be billed as a single amount for the aggregate of the charges. The board shall require all users of services and facilities furnished by the district to designate on every application for service whether the applicant is a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant's specific customer class or fifty dollars, with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or fifty dollars and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant's specific customer class or fifty dollars. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant's specific customer class or fifty dollars

has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer's account at a rate as the public service commission may prescribe. *Provided*, That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the public service commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, ten days after the water or gas services become delinquent.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separately either water facilities or sewer facilities, and the district owns and operates the other kind of facilities either water or sewer, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer service fees and charges: *Provided*, That any contracts entered into by a public service district pursuant to this section shall be submitted to the public service commission for approval. Any public service district providing water and sewer service to its customers has the right to terminate water service for delinquency in payment of either water or sewer bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer district is providing water service, and the district providing sewer service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer district that is providing water service, upon the request of the district providing sewer service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer account: *Provided, however*, That any termination of water service must comply with all rules and orders of the public service commission.

(c) Any district furnishing sewer facilities within the district may require, or may by petition to the circuit court of the county in which the property is located, compel or may require the division of health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the division of health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from the houses, dwellings and buildings where

there is gravity flow or transportation by any other methods approved by the division of health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code and the houses, dwellings and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this paragraph is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings' exterior plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the division of health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the public service commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the division of health from the house, dwelling or building into the sewer facilities, the district may charge, and the owner, tenant or occupant shall pay the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner, tenant or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption based upon the owner's, tenant's or occupant's specific customer class.

(e) Whenever any district has made available a stormwater system to any owner, tenant or occupant of any real property located near the stormwater system and where stormwater from real property affects or drains into the stormwater system, it is hereby found, determined and declared that the owner, tenant or occupant is being served by the stormwater system and it is further hereby found, determined and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge, and the owner, tenant or occupant shall pay the rates, fees and charges for stormwater services established under this article only after thirty-day notice of the availability of the stormwater system has been received by the owner.

(f) All delinquent fees, rates and charges of the district for either water facilities, sewer facilities, gas facilities or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank and priority with the lien on the premises of state, county, school and municipi-

pal taxes. In addition to the other remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts: *Provided*, That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor may any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of the real property, unless the owner has contracted directly with the public service district to purchase the services or facilities.

(g) Anything in this section to the contrary notwithstanding, any establishment, as defined in section three, article eleven, chapter twenty-two, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the division of environmental protection, as prescribed by section eleven, article eleven, chapter twenty-two of this code, is exempt from the provisions of this section.

Public service district liens must be docketed to be enforceable against purchaser of property for valuable consideration, without notice. Code, 16-13A-9, 38-10C-1. McClung Investments, Inc. v. 4. Rates and charges for service

Statute clearly and unambiguously gives Public Service Commission (PSC) power to reduce or increase utility rates whenever it finds that existing rate is unjust, unreasonable, insufficient, or unjustly discriminatory or otherwise in violation of any provision of legislation governing Commission. Code, 24-1-1 et seq., 24-2-3. State ex rel. Water Development Authority v. Northern Wayne County Public Service Dist., 1995, 464 S.E.2d 777, 195 W.Va. 135. Public Utilities § 123.

Corporations holding sewer revenue bonds of public service district, a public corporation and political subdivision of state, had right by mandamus to enforce and compel district and members of the Public Service Board to establish, charge and collect rates for services rendered by district sufficient to provide for all operational and maintenance expenses, to pay, when due, principal and interest of revenue bonds issued by district, and to file tariffs reflecting such charges with Public Service Commission. Code, 16-13A-1 et seq., 16-13A-9, 16-13A-10, 16-13A-13, 16-13A-17. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus § 110.

Duty imposed on public service district, a public corporation and political subdivision of state, to establish rates and charges sufficient to pay cost of maintenance, operation and depreciation of properties of district and principal of and interest on all bonds issued by district is nondiscretionary duty which may be enforced by mandamus. Code, 16-13A-9. State ex rel. Allstate Ins. Co. v. Union Public Service Dist., 1966, 151 S.E.2d 102, 151 W.Va. 207. Mandamus § 80.

5. Notice of availability of sewer service

Issue of fact as to whether owner or tenant had received notice that public service district's sewer services were available for garage apartment, so as to allow imposition of sewer service charges and a lien against apartment, was not appropriate for resolution in mandamus proceeding. Code, 16-13A-9, 16-13A-21. Rhodes v. Malden Public Service Dist., 1983, 301 S.E.2d 601, 171 W.Va. 645. Mandamus § 174.

§ 16-13A-9a. Limitations with respect to foreclosure

No public service district shall foreclose upon the premises served by such district for delinquent fees, rates or charges for which a lien is authorized by sections nine or nineteen of this article except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the district lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that

the district prior to the bringing of such action had exhausted all other remedies for the collection of debts with respect to such delinquencies. In no event shall foreclosure procedures be instituted by any such district or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought.

(b) The Public Service Commission may waive the provision of prior consent and approval for entering into contracts for engineering, design or feasibility studies pursuant to this section for good cause shown which is evidenced by the public service district filing a request for waiver of this section stated in a letter directed to the commission with a brief description of the project, a verified statement by the board members that the public service district has complied with chapter five-g of this code, and further explanation of ability to evaluate their own engineering contract, including, but not limited to:

If an objection is filed, the Public Service Commission shall issue its decision within one hundred twenty days of the filing date. In the event objection is received to a request for a waiver, the application shall be considered a request for waiver as well as a request for approval in the event a waiver is not appropriate.

In the event the public service district is providing any utility service and billing rates and charges to its customers, at least one board member shall be a rate-paying residential customer of the public service district. *Provided*, That if an existing public service board does not have a member who is a rate-paying residential customer of the public service district on July 1, 2013, the next following appointment to the board shall be a rate-paying residential customer of that public service district. (D) Any combination of paragraphs (A), (B) and (C) of this subdivision; or

(E) May be determined on any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. However, no rates, fees or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia Division of Highways.

(2) The board of a public service district with at least four thousand five hundred customers and annual combined gross revenue of \$5 million or more from its separate or combined services may make, enact and enforce all needful rules in connection with the enactment or amendment of rates, fees and charges of the district. At a minimum, these rules shall provide for:

(A) Adequate prior public notice of the contemplated rates, fees and charges by causing a notice of intent to effect such a change to be specified on the monthly billing statement of the customers of the district for the month next preceding the month in which the contemplated change is to be before the board on first reading;

(B) Adequate prior public notice of the contemplated rates, fees and charges by causing to be published as a Class I legal advertisement of the proposed action in compliance with the provisions of article three, chapter fifty-nine of the code. The publication area for publication shall be all territory served by the district. If the district provides service in more than one county, publication shall be made in a newspaper of general circulation in each county that the district provides service;

(C) The public notice of the proposed action shall state the current rates, fees and charges and the proposed changes to said rates, fees and charges; the date, time and place of both a public hearing on the proposal and the proposed final vote on adoption; and the place or places within the district where the proposed rates, fees and charges may be inspected by the public. A reasonable number of copies of the proposal shall be kept at the place or places and be made available for public inspection. The notice shall also advise that interested parties may appear at the public hearing before the board and be heard with respect to the proposed rates, fees and charges;

(D) The proposed rates, fees and charges shall be read at two meetings of the board with at least two weeks intervening between each meeting. The public hearing may be conducted with or following the second reading.

(E) Rates, fees and charges approved by an affirmative vote of the board shall be forwarded in writing to the county commission appointing the approving board. The county commission shall publish notice of the proposed rates, fees and charges by a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of the code. Within forty-five days of receipt of the proposed rates, fees and charges, the county commission shall take action to approve or reject the proposed rates, fees and charges. After forty-five days the proposed rates, fees and charges shall be effective with no further action by the board or county commission. In any event, this 45-day period shall be mandatory unless extended by the official action of both the board proposing the rates, fees and charges, and the appointing county commission;

(F) Enactment of the proposed rates, fees and charges shall follow an affirmative vote by the county commission and shall be effective no sooner than forty-five days following action. The 45-day waiting period may be waived by public vote of the county commission only if the commission finds and declares the district to be in financial distress such that the 45-day waiting period would be detrimental to the ability of the district to deliver continued and compliant public services;

(3) Where water, sewer, stormwater or gas services or any combination thereof, are all furnished to any premises, the schedule of charges may be billed as a single amount for the aggregate of the charges. The board shall require all users of services and facilities furnished by the district to designate on every application for service whether the applicant is a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of

this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant's specific customer class or \$50 with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or \$50 and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant's specific customer class or \$50. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant's specific customer class or \$50 has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer's account at a rate as the Public Service Commission may prescribe. *Provided*, That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals, or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, ten days after the water or gas services become delinquent. *Provided, however*, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the board to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation, or other public service district included within the district owns and operates separately water facilities, sewer facilities or stormwater facilities, and the district owns and operates another kind of facility, either water or sewer, or both, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town, or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer or stormwater service fees and charges. *Provided*, That any contracts entered into by a public service district pursuant to this section shall be submitted to the Public Service Commission for approval. Any public service district which provides water and sewer service, water and stormwater service or water, sewer and stormwater service has the right to terminate water service for delinquency in payment of water, sewer or stormwater bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer or stormwater district is providing water service and the district providing sewer or stormwater service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer or stormwater district that is providing water service, upon the request of the district providing sewer or stormwater service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer or stormwater account. *Provided, however*, That any termination of water service must comply with all rules and orders of the Public Service Commission. *Provided further*, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the public service districts to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(c) Any district furnishing sewer facilities within the district may require or may, by petition to the circuit court of the county in which the property is located, compel or may require the Division of Health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment, and disposal of sewage and waste matters from the

If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings' exterior plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the Division of Health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the Public Service Commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants, or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the Division of Health from the house, dwelling or building into the sewer facilities, the district may charge and the owner, tenant or occupant shall pay the rates and charges for services established under this article only after thirty days notice of the availability of the facilities has been received by the owner, tenant or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption based upon the owner's, tenant's or occupant's specific customer class.

(e) The owner, tenant or occupant of any real property may be determined and declared to be served by a stormwater system only after each of the following conditions is met: (1) The district has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. § 122.26; (2) the district's authority has been properly expanded to operate and maintain a stormwater system; (3) the district has made available a stormwater system where stormwater from the real property affects or drains into the stormwater system; and (4) the real property is located in the Municipal Separate Storm Sewer System's designated service area. It is further hereby found, determined and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge and the owner, tenant or occupant shall pay the rates, fees and charges for stormwater services established under this article only after thirty days notice of the availability of the stormwater system has been received by the owner. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(f) All delinquent fees, rates and charges of the district for either water facilities, sewer facilities, gas facilities or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank and priority with the lien on the premises of state, county, school and municipal taxes. Nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the public service districts to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill. In addition to the other remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts. Provided, That an owner of real property may not be held liable for the delinquent

rates or charges for services or facilities of a tenant, nor may any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of the real property unless the owner has contracted directly with the public service district to purchase the services or facilities.

(g) Anything in this section to the contrary notwithstanding, any establishment, as defined in section three, article eleven, chapter twenty-two of this code, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the Department of Environmental Protection as prescribed by section eleven of said article, is exempt from the provisions of this section.

(h) A public service district which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community shall prepare an annual report detailing the collection and expenditure of rates, fees or charges and make it available for public review at the place of business of the governing body and the stormwater utility main office.

§ 31-15A-4. Development of guidelines and preliminary application for funding assistance

(a) To implement and carry out the intent of this article, the council shall promulgate legislative rules in accordance with article three, chapter twenty-nine-a of this code to develop comprehensive, uniform guidelines for use by the council and other state infrastructure agencies in evaluating any request by a project sponsor for funding assistance to plan, acquire, construct, improve or otherwise develop a project or infrastructure project. The guidelines shall include the following factors: (1) the public health benefits of the project or infrastructure project; (2) the economic development benefits of the project or infrastructure project; (3) the degree to which the project or infrastructure project will correct deficiencies in the compliance of water supply or sewage treatment facilities with state or federal laws, regulations or standards; (4) the degree to which the project or infrastructure project encourages effective and efficient consolidation of water or sewage treatment systems consistent with the comprehensive plan developed pursuant to section six of this article; (5) the cost effectiveness of the project or infrastructure project as compared with alternatives which achieve substantially the same public health or economic development benefits, including the consideration of providing maximum feasible fire protection; (6) the availability of alternative sources of funding which could finance all or a part of the project and infrastructure project, and the need for the assistance of the council to finance the project or infrastructure project or attract other sources of funding; (7) the applicant's ability to operate and maintain the system if the project or infrastructure project is approved; (8)

the degree to which the project or infrastructure project achieves other state or regional planning goals; (9) the estimated date upon which the project or infrastructure project could commence if funding were available and the estimated completion date of the project or infrastructure project; and (10) such other considerations as the council may consider necessary or appropriate to accomplish the purpose and intent of this article.

(b) The council shall create a preliminary application form which shall be used by all project sponsors requesting funding assistance from state infrastructure agencies to plan, acquire, construct, improve or otherwise develop an infrastructure project or project. The preliminary application form shall contain all information required by all state infrastructure agencies that will be required to issue permits and/or certificates regarding the project or infrastructure project. The preliminary application shall require the project sponsor to set forth the type and proposed location of the infrastructure project or project; the estimated total cost of the project; the amount of funding assistance required and the specific uses of the funding; other sources of funding available or potentially available for the infrastructure project or project; information demonstrating the need for the infrastructure project or project and that the proposed funding of the project is the most economically feasible and viable alternative to completing the project or infrastructure project; and such other information as the council considers necessary to enable it to recommend the type of project or infrastructure project financing, in terms of the kind, amount and source of funding, which the project sponsor should pursue and which the state infrastructure agency or agencies should consider an appropriate investment of public funds, and to otherwise carry out the intent of this article.

§ 31-15A-5. Requirements for project funding assistance; review of project preliminary applications by council

(a) No project sponsor may apply for or receive any loan, loan guarantee, grant or other funding assistance for a project or infrastructure project from any state infrastructure agency (i) unless the project sponsor requiring the funding assistance first submits a completed preliminary application to the council on the form prepared for such purpose by the council pursuant to section four of this article, and (ii) except as may be recommended by the council after consideration of the preliminary application: Provided, That any project sponsor which has an infrastructure project or project with either acceptable bids or all funding in place on the effective date of this act is not required to comply with the provisions of this section.

(b) The council shall, within thirty days of receipt of each completed preliminary application submitted to it, review the preliminary application and either

(i) make a written recommendation as to the infrastructure project or project financing, in terms of the kind, amount and source of funding, which the project sponsor submitting the application should pursue and which the state infrastructure agency or agencies should consider an appropriate investment of public funds, or (ii) if the council determines that (1) the proposed project or infrastructure project is not eligible for funding assistance from any state infrastructure agency, or (2) the proposed project or infrastructure project is not otherwise an appropriate or prudent investment of state funds, the council shall recommend that the project sponsor not seek funding from any state infrastructure agency. A project sponsor shall include the preliminary application and the council's recommendations in any application to a state infrastructure agency.

(c) The council shall provide a copy of its recommendation with respect to each preliminary application, together with a copy of the preliminary application, to all appropriate state infrastructure agencies, which shall take into account the council's recommendations with respect to a project or infrastructure project before taking any action with respect to the project. No state infrastructure agency shall take any action inconsistent with the recommendation of the council unless the governing body of the agency, or the head of the agency if it has no governing body, expressly finds and determines that the recommendation is not in the best interest of the state or the area in which the proposed infrastructure project or project is to be located.

(d) In reviewing each preliminary application, the council shall use the engineering, financial and technical expertise of the respective staffs of the state infrastructure agencies represented on the council so as to recommend for funding those projects or infrastructure projects which are consistent with the purposes and intent of this article and with the policies and priorities of this state generally. The council may include in its findings a recommendation that a state infrastructure agency consider technical reports on the project prepared by other infrastructure agencies or by any federal agency.

In a timely manner, the council shall advise the commissioner of the division of highways on the feasibility of the expansion of new or existing water and sewer lines concomitant to the construction of the new roads.

(b) The council has the authority to appoint local infrastructure planning teams. The local infrastructure planning teams may consist of the following: A designee of the division of highways from the region where the new road is being built; a designee of the division of highways from the central state office; a designee from the environmental engineers division of the department of health and human resources; a designee from the local developmental authority where the new road is being built; a designee from the regional developmental authority in the area where the new road is being built; a designee from the public service commission; a designee from the division of environmental protection; a designee from the county commission where the new road is being built who shall serve as chairperson of the planning team; a citizen of the county where the new road is being built to be chosen by the county commission; and the elected state delegates and senators from the area where the new road is being built. The local infrastructure planning team shall meet prior to the development and building of a new road. Members of the local infrastructure planning team shall only receive payment for actual expenses incurred. The local

infrastructure planning team shall advise the commissioner of the division of highways on the feasibility of an infrastructure plan. The local infrastructure planning team shall meet to develop an infrastructure plan that includes an assessment study of existing water and sewer lines and a feasibility study on future development and laying of water and sewer lines. After these studies are completed, a developmental map shall be drawn of the proposed road route with overlays of the proposed water and sewer lines. These studies and the map shall be presented to the commissioner of the division of highways and shall be used by the commissioner in the planning, developing and building of the road.

(c) The water development authority shall establish a restricted account within the infrastructure fund to be expended for the construction of water and sewage lines as may be recommended by the council in accordance with this article and specifically, in accordance with the plan developed under subsection (b) of this section. The reserve account shall be known as the "infrastructure road improvement reserve account". The council and the division of highways may enter into agreements to share the cost of financing projects approved in accordance with this section from moneys available in the infrastructure road reserve account and moneys available from the state road fund. Annually, the council may direct the water development authority to transfer funds from the infrastructure fund in an amount not to exceed one million dollars to the restricted account: Provided, That at no time may the balance of the restricted account exceed one million dollars.

no significant effect on its operational costs as a result of the project cost, then the emergency project is exempt from the requirement to obtain a certificate of public convenience and necessity under section eleven, article two, chapter twenty-four of this code. If the public utility is a public service district, it is exempt from the approval of the public service commission required under section twenty-five, article thirteen-a, chapter sixteen of this code.

(b) Any public utility, and any other entity that will operate as a public utility, must obtain a certificate of public convenience and necessity pursuant to section eleven, article two, chapter twenty-four of this code for any emergency project that is not exempt under subsection (a) of this section. The public service commission shall render its final decision on any application for a certificate within one hundred twenty days of the filing of the application: Provided, That the thirty-day prefiling requirement is not required. If the project sponsor is a public service district, then the project will be exempted from the approval requirements of section twenty-five, article thirteen-a, chapter sixteen of this code.

(d) The North Fork Hughes River watershed project, proposed to enhance economic growth and development through tourism as provided in subsection (l), section two of this article and to include a water facility project as defined in subsection (n), section two of this article, is hereby specifically exempted from any requirement imposed by this article, except that the provisions of subsection (a) of this section are specifically made applicable to the project. The project is hereby specifically authorized and the public land corporation shall have and may exercise the power of eminent domain and all authority otherwise prescribed by law to acquire necessary land and rights-of-way, to include approximately four hundred seventy-eight acres, in connection with the project. Funding for the project shall be provided by the federal government from the Appalachian regional commission through the United States soil conservation service. Upon completion of the project, the property acquired shall be transferred to the state park system. The commissioner of the division of tourism and parks or the successor to the commissioner's powers and duties is directed to expand the boundaries of North Bend state park to include the project area and to operate the expanded park property, including improved recreational facilities, from funds appropriated for that purpose.

INFRASTRUCTURE & JOBS DEVELOPMENT COUNCIL § 31-15A-9

and reinvest the moneys subject to the limitations set forth in article eighteen, chapter thirty-one of this code.

(c) To further accomplish the purposes and intent of this article and article fifteen-b of this chapter, the Water Development Authority may pledge infrastructure revenues and from time to time establish one or more restricted accounts within the infrastructure fund for the purpose of providing funds to guarantee loans for infrastructure projects or projects: *Provided*, That for any fiscal year the Water Development Authority may not deposit into the restricted accounts more than twenty percent of the aggregate amount of infrastructure revenues deposited into the infrastructure fund during the fiscal year. No loan guarantee shall be made pursuant to this article unless recourse under the loan guarantee is limited solely to amounts in the restricted account or accounts. No person shall have any recourse to any restricted accounts established pursuant to this subsection other than those persons to whom the loan guarantee or guarantees have been made.

(d) Each loan, loan guarantee, grant or other assistance made or provided by the Water Development Authority shall be evidenced by a loan, loan guarantee, grant or assistance agreement between the Water Development Authority and the project sponsor to which the loan, loan guarantee, grant or assistance shall be made or provided, which agreement shall include, without limitation and to the extent applicable, the following provisions:

(1) The estimated cost of the infrastructure project or project, the amount of the loan, loan guarantee or grant or the nature of the assistance, and in the case of a loan or loan guarantee, the terms of repayment and the security therefor, if any;

(2) The specific purposes for which the loan or grant proceed shall be expended or the benefits to accrue from the loan guarantee or other assistance, and the conditions and procedure for disbursing loan or grant proceeds;

(3) The duties and obligations imposed regarding the acquisition, construction, improvement or operation of the project or infrastructure project; and

(4) The agreement of the governmental agency to comply with all applicable federal and state laws, and all rules and regulations issued or imposed by the Water Development Authority or other state, federal or local bodies regarding the acquisition, construction, improvement or operation of the infrastructure project or project and granting the Water Development Authority the right to appoint a receiver for the project or infrastructure if the project sponsor should default on any terms of the agreement.

(e) Any resolution of the Water Development Authority approving loan, loan guarantee, grant or other assistance shall include a finding and determination that the requirements of this section have been met.

(f) The interest rate on any loan to governmental, quasi- governmental, or not for profit project sponsors for projects made pursuant to this article shall not exceed three percent per annum. Due to the limited availability of funds available for loans for projects, it is the public policy of this state to prioritize

funding needs to first meet the needs of governmental, quasi-governmental and not for profit project sponsors and to require that loans made to for-profit entities shall bear interest at the current market rates. Therefore, no loan may be made by the council to a for-profit entity at an interest rate which is less than the current market rate at the time of the loan agreement.

(g) The Water Development Authority shall cause an annual audit to be made by an independent certified public accountant of its books, accounts and records, with respect to the receipts, disbursements, contracts, leases, assignments, loans, grants and all other matters relating to the financial operation of the infrastructure fund, including the operating of any sub-account within the infrastructure fund. The person performing such audit shall furnish copies of the audit report to the commissioner of finance and administration, where they shall be placed on file and made available for inspection by the general public. The person performing such audit shall also furnish copies of the audit report to the Legislature's Joint Committee on Government and Finance.

(h) There is hereby created in the Water Development Authority a separate, special account which shall be designated and known as the "West Virginia Infrastructure Lottery Revenue Debt Service Fund," into which shall be deposited annually for the fiscal year beginning July 1, 2011, and each fiscal year thereafter, the first \$6 million transferred pursuant to section eighteen-d, article twenty-two, chapter twenty-nine of this code and any other funds provided therefor: *Provided*, That such deposits and transfers are not subject to the reservations of funds or requirements for distributions of funds established by sections ten and eleven of this article. Moneys in the West Virginia infrastructure lottery revenue debt service fund shall be used to pay debt service on bonds or notes issued by the Water Development Authority for watershed compliance projects as provided in section seventeen-b of this article, and to the extent not needed to pay debt service, for the design or construction of improvements for watershed compliance projects. Moneys in the West Virginia infrastructure lottery revenue debt service fund not expended at the close of the fiscal year do not lapse or revert to the General Fund but are carried forward to the next fiscal year.

INFRASTRUCTURE & JOBS DEVELOPMENT COUNCIL § 31-15A-10

§ 31-15A-10. Recommendations by council for expenditures of funds by loan, grant or for engineering assistance

(a) To further accomplish the purpose and intent of this article, the water development authority shall use the moneys in the infrastructure fund created pursuant to section nine of this article, upon receipt of one or more recommendations from the council pursuant to section five of this article, to make loans, with or without interest, loan guarantees or grants and to provide other assistance, financial, technical or otherwise, to finance all or part of the costs of infrastructure projects or projects to be undertaken by a project sponsor: Provided, That any moneys disbursed from the infrastructure fund in the form of grants shall not exceed twenty percent of the total funds available for the funding of projects. No loan, loan guarantee, grant or other assistance shall be made or provided except upon a determination by the council that the loan, loan guarantee, grant or other assistance and the manner in which it will be provided are necessary or appropriate to accomplish the purposes and intent of this article, based upon an application submitted to the council: Provided, however, That no grant shall be made to a project sponsor that is not a governmental agency or a not for profit corporation under the provisions of section 501(c) of the Internal Revenue Code of 1986, as amended. Applications for loans, loan guarantees, grants or other assistance may be submitted by a project sponsor for one or more infrastructure projects on preliminary application forms prepared by the council pursuant to section four of this article. Any recommendation of the council approving a loan, loan guarantee, grant or other assistance shall include a finding and determination by the council that the requirements of this section have been met. The council shall base any decisions to loan money for projects to project sponsors pursuant to this article solely on the need of the project sponsors.

(b) The council has the authority in its sole discretion to make grants to project sponsors if it finds that: (1) The level of rates for the users would otherwise be an unreasonable burden given the users' likely ability to pay; or (2) the absence of a sufficient number of users prevents funding of the project except through grants: Provided, That no project sponsor shall receive infrastructure grant money in an amount in excess of fifty percent of the total cost of the project. Therefore, the council may consider the economic or financial conditions of the area to be served. As a condition for receipt of a grant under this subsection, the council may require, in addition to any other conditions, that the applicant pursue other state or federal grant or loan programs. Upon a recommendation by the council, the water development authority shall provide the grant in accordance with the recommendation. The council shall develop criteria to be considered in making grants to project sponsors which shall require consideration of the economic or financial conditions of the area to be served and the availability of other funding sources. The council shall adopt procedural rules regarding the manner in which grants will be awarded in conformity with this section. The procedural rules shall be adopted pursuant to article three, chapter twenty-nine-a of this code.

(c) Notwithstanding any other provision of this article to the contrary, the council shall apply a mandatory minimum end user utility rate that must be met by the project sponsor before funding assistance may be awarded. The mandatory minimum end utility rate shall be based upon a uniform statewide percentage of the median household income in a particular geographic area and said rate shall exceed six tenths of one percent: Provided, That funding assistance made from the proceeds of any general obligation bonds and revenue bonds issued after the fifteenth day of March, one thousand nine hundred ninety-eight, after transfers required to make the state match for the water and wastewater revolving loan programs pursuant to article two, chapter twenty-two-c and article thirteen-c, chapter sixteen of this code, shall be provided by the council on a pro rata basis divided equally among the congressional districts of this state as delineated in accordance with section three, article two, chapter one of this code: Provided, however, That infrastructure projects as defined in subsection (1), section two of this article shall not be subject to pro rata distribution. When determining median household income of a geographic area of the project to be served, the council shall consider any surveys of the income of the households that will be served by the project.

(d) No loan or grant funds may be made available for a project if the project to be funded will provide subsidized services to certain users in the service area of the project.

(e) Notwithstanding any other provision of this article to the contrary, engineering studies and requirements imposed by the council for preliminary applications shall not exceed those engineering studies and requirements which are necessary for the council to determine the economic feasibility of the project. If the council determines that the engineering studies and requirements for the preapplication would impose an undue hardship on any project sponsor, the council may provide funding assistance to project sponsors to defray the expenses of the preapplication process from moneys available in the infrastructure fund for making loans: Provided, That the council may only provide funding assistance in an amount equal to five thousand dollars or fifty percent of the total preapplication cost of the project, whichever amount is greater. If the project is ultimately approved for a loan by the council, the amount of funding assistance provided to the project sponsor for the preapplication process shall be included in the total amount of the loan to be repaid by the project sponsor. If the project is not ultimately approved by the council, then the amount of funding assistance provided to the project sponsor will be considered a grant by the council and the total amount of the assistance shall be forgiven. In no event may the amount of funding assistance provided to all project sponsors exceed, in the aggregate, one hundred thousand dollars annually.

(f) The council shall report to the governor, the speaker of the House of Delegates and the president of the Senate during each regular and interim session of the Legislature, on its activities and decisions relating to distribution

All amounts deposited in the West Virginia infrastructure revenue debt service fund shall be pledged to the repayment of the principal, interest and redemption premium, if any, on any infrastructure revenue bonds authorized by this article: Provided, That amounts on deposit in the fund may be used to establish or maintain reserves created for the purposes of securing such infrastructure revenue bonds. The pledge shall be valid and binding from the time the pledge is made, and the West Virginia infrastructure revenue debt service fund so pledged shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the water development authority irrespective of whether the parties have notice thereof.

section seventeen of this article, infrastructure lottery revenue bonds payable from the West Virginia infrastructure lottery revenue debt service fund created by section nine of this article and such other sources as may be legally pledged for such purposes other than the West Virginia infrastructure revenue debt service fund created by section seventeen of this article.

(c) The council shall direct the Water Development Authority to issue bonds in one or more series when it has approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects with an authorized permitted flow of four hundred thousand gallons per day or more. The proceeds of the bonds shall be used solely to pay costs of issuance, fund a debt service reserve account, capitalize interest, pay for security instruments necessary to market the bonds and to make grants to governmental instrumentalities of the state for the construction of approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects. To the extent funds are available in the West Virginia Infrastructure Lottery Revenue Debt Service Fund that are not needed for debt service, the council may direct the Water Development Authority to make grants to project sponsors for the design or construction of approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects.

(d) No later than June 30, 2012, each publicly owned facility with an authorized permitted flow of 400,000 gallons per day or more that is subject to meeting Chesapeake Bay compliance standards or Greenbrier River watershed compliance standards shall submit to the council a ten year projected capital funding plan for Chesapeake Bay watershed compliance projects or Greenbrier River watershed compliance projects, as the case may be, including a general project description, cost estimate and estimated or actual project start date and project completion date, if any. The council shall timely review the submitted capital funding plans and forward approved plans to the Water Development Authority for further processing and implementation pursuant to this article. If the council finds a plan to be incomplete, inadequate or otherwise problematic, it shall return the plan to the applicant with comment on the plan shortcomings. The applicant may then resubmit to council an amended capital funding plan for further consideration pursuant to the terms of this subsection.

(e) Upon approval, each proposed Chesapeake Bay watershed compliance project or Greenbrier River watershed compliance project, or portion of a larger project, which portion is dedicated to compliance with nutrient standards, or fecal coliform and phosphorus standards, established for the protection and restoration of the Chesapeake Bay or the Greenbrier River Watershed, as the case may be, shall be eligible for grant funding by funds generated by the infrastructure lottery revenue bonds described in section (b) of this section. At the request of the applicant, the remaining percentage of project funding not otherwise funded by grant under the provisions of this article may be reviewed as a standard project funding application.

(f) No later than December 1, 2012, the Water Development Authority shall report to the Joint Committee on Government and Finance the total cost of Chesapeake Bay watershed compliance projects and the Greenbrier River

watershed compliance projects and the proposed grant awards for each eligible project. Grant awards shall be of equal ratio among all applicants of the total cost of each eligible project.

(g) Eligible projects that have obtained project financing prior to December 31, 2011 may apply to the council for funding under the provisions of this section. These applications shall be processed and considered as all other eligible projects, and any grant funding awarded shall, to the extent allowed by law, be dedicated to prepay all or a portion of debt previously incurred by governmental instrumentalities of the state for required Chesapeake Bay nutrient removal projects or Greenbrier River watershed fecal coliform and phosphorus removal projects, subject to the bond covenants and contractual obligations of the borrowing governmental entity. However, any private portion of funding provided by agreement between a political subdivision and one or more private entities, either by direct capital investment or debt service obligation, shall not be eligible for grant funding under the provisions of this article.

CASE NO. 94-0403-PWD-PC

**LOGAN COUNTY COMMISSION and
WYOMING COUNTY COMMISSION**

**Petition to expand boundaries of
Logan County Public Service District
into the Huff Creek area of Wyoming County.**

RECOMMENDED DECISION

On May 6, 1994, the Logan and Wyoming County Commissions filed with the Public Service Commission (Commission) a petition to approve the extension of the boundaries of the Logan County Public Service District into the Huff Creek area of Wyoming County, accompanied by documentation of the procedures followed by the Logan and Wyoming County Commissions, including a May 5, 1994, Order of the Logan County Commission expanding the boundaries.

On June 16, 1994, Staff Attorney Ronald E. Robertson, Jr., filed the Initial and Final Joint Staff Memorandum, with an attached memorandum from Robert M. Hubbard, Senior Utilities Analyst for the Public Service District Division of the Commission. Mr. Robertson stated that the boundary expansion will extend only into the Huff Creek area of Wyoming County. He further stated that, after approval of the expansion by the Wyoming County Commission, public hearing was held in Logan, West Virginia, on May 5, 1994, with notice posted and published in both Logan and Wyoming Counties. Mr. Robertson opined that the Logan and Wyoming County Commissions have substantially complied with the requirements of W.Va. Code §16-13A-2 and stated that Staff recommends approval of the expansion. Mr. Hubbard's memorandum stated that the expansion is necessary to provide water service to potential customers along West Virginia Route 10 in the Huff Creek area and will not conflict with any other public service district territories.

On June 27, 1994, the Commission issued an Order referring this matter to the Division of Administrative Law Judges (ALJ Division) for decision to be issued no later than December 7, 1994.

On July 14, 1994, the undersigned ALJ issued a Procedural Order stating that, under Code §16-13A-2, the Commission is required to provide a hearing "in the affected county" any time a county commission petitions to expand the boundaries of a public service district. The undersigned ALJ accordingly scheduled this matter for hearing on September 8, 1994, at 10:30 a.m. in the County Commissioners' Courtroom, Wyoming County Courthouse, Pinville, West Virginia, and at 1:30 p.m. in Courtroom No. 2, Room

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA**

107, Logan County Courthouse, Logan, West Virginia. Also ordered was publication of the Notice of Hearing in newspapers duly qualified by the Secretary of State, published and of general circulation in Logan and Wyoming Counties.

The bifurcated hearing was held as scheduled. Mr. Robertson appeared on behalf of Staff and submitted into evidence as Staff Ex. 1 the Initial and Final Joint Staff Memorandum. Mr. Hubbard was also present. James A. Walker, Esq., appeared on behalf of the Logan County Public Service District, and called the only witness, Charles R. Roberts, Jr., the Managing Engineer for the Logan County Public Service District, who made the following statement:

The Logan County Public Service District has a water treatment facility located in Greenville and the attached distribution system comes very near the proposed area that the enlargement's going to cover. It is also in the same drainage as the existing system.

The Logan County Public Service District approached the Wyoming County Commission to enlarge its boundaries into that area so that that system could be extended into Wyoming County.

The capacity is present. It was designed with the Wyoming County area in mind. The Logan County Public Service District and the Wyoming County Commission both feel that this will be the most -- the quickest way to get water to the residents in the area to be included in the Logan County PSD.

(Tr. 5-6). Submitted into evidence as Logan Ex. 1 and 2, respectively, were affidavits of publication establishing that the Notice of Hearing was published on August 24, 1994, in the Independent Herald of Pineville; and on August 29, 1994, in The Logan Banner. No protestants appeared at hearing.

The transcript was filed on September 14, 1994.

FINDINGS OF FACT

1. The Logan and Wyoming County Commissions petitioned the Public Service Commission to approve an extension of the boundaries of the Logan County Public Service District into the Huff Creek area of Wyoming County, providing documentation of the procedures followed by the Logan and Wyoming County Commissions, including a May 5, 1994, Order of the Logan County Commission so expanding the boundaries. (See petition filed May 6, 1994).
2. Commission Staff recommended approval of the proposed expansion. (See Staff Exhibit 1).
3. Notice of Hearing was published on August 24, 1994, in the Independent Herald of Pineville, and on August 29, 1994, in The Logan Banner. (See Logan Exhibit 1 and 2).

4. No protestants appeared at the public hearing held on September 8, 1994, in Pineville and Logan, West Virginia. (Tr. 4, 10).

CONCLUSION OF LAW

Since a public hearing was held in Wyoming and Logan Counties on the petition filed by the Wyoming and Logan County Commissions and no one appeared at hearing to make protest to the petition, after proper publication was made, and since Staff has recommended granting the petition to expand the boundaries of the Logan County Public Service District into the Huff area of Wyoming County, it is determined that said petition should be granted as an unopposed case.

ORDER

IT IS, THEREFORE, ORDERED that the petition of the Wyoming and Logan County Commission, filed on May 6, 1994, to expand the boundaries of the Logan County Public Service District into the Huff Creek area of Wyoming County be, and it hereby is, granted, and the May 9, 1994, order of the Logan County Commission authorizing such expansion be, and it hereby is, approved.

IT IS FURTHER ORDERED that this matter be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

RECOMMENDED DECISION

Case No. 94-0889-PWD-PC

On October 10, 1994, the Lincoln County Commission filed a petition requesting approval by the Public Service Commission (Commission) to dissolve the Ranger-Harts Public Service District (Ranger-Harts PSD). Included in the documentation was an October 6, 1994 order of the Lincoln County Commission authorizing dissolution of the Ranger-Harts Public Service District.

On December 16, 1994, Staff Attorney Ronald E. Robertson, Jr., filed the Initial and Final Joint Staff Memorandum, with attached memorandum from Charles Knarek, Utility Financial Analyst, Public Service District Division of the Commission. Mr. Knarek stated that the Lincoln County Commission informed him that the Ranger-Harts PSD is inactive, does not own or operate any existing facilities, and does not have any existing board members. Mr. Robertson stated that the dissolution of the Ranger-Harts PSD would provide the Logan County Public Service District (Logan County PSD) the opportunity to expand into the service area of the Ranger-Harts PSD, which is the subject of Case No. 94-1065-PWD-PC. Mr. Robertson further stated that it is the view of the Commission Staff that the Lincoln County Commission has substantially complied with the requirements of W.Va. Code §16-13A-2, and, therefore, Commission Staff recommends approval of the petition for dissolution, contingent upon hearing in Lincoln County. Finally, Mr. Robertson recommended that this

1/1/95

matter and Case No. 94-1055-PWD-PC be consolidated and heard together because of the related issues they involve.

Case No. 94-1055-PWD-PC

On November 9, 1994, the Logan County Commission filed a petition requesting the Commission's approval for enlarging the boundaries of the Logan County PSD into the southern portion of Lincoln County generally referred to as the Harts Creek area. Included in the documentation was an Order 3, 1994 Order of the Logan County Commission proposing the enlargement and an October 6, 1994 Order of the Lincoln County Commission accepting the proposed enlargement.

On December 20, 1994, Mr. Robertson filed the Initial Joint Staff Memorandum, with attached memorandum from Mr. Kurek. Commission Staff stated that it was reviewing this matter, and, upon completion of its review, would make its final recommendation. Finally, Mr. Robertson recommended consolidation of this matter with Case No. 94-0889-PWD-PC.

On January 11, 1995, Mr. Robertson filed an Initial and Final Joint Staff Memorandum, with attached memorandum from Mr. Kurek. Mr. Robertson stated that it is the view of Commission Staff that the Logan County Commission has substantially complied with the requirements of Code §16-13A-2 and that hearing should be held in Logan County or in both Logan and Lincoln Counties.

Case Nos. 94-0889-PWD-PC and 94-1055-PWD-PC

On December 27, 1994, the Commission issued an Order Consolidating and Referring, consolidating the two cases and referring them to the Division of Administrative Law Judges (ALJ Division) for decision on or before June 7, 1995.

On January 18, 1995, the undersigned ALJ issued a Procedural Order scheduling these matters for hearing on March 7, 1995, at 10:30 a.m. in the County Commissioners' Courtroom, Lincoln County Courthouse, Hamlin, West Virginia, and at 1:00 p.m. in the County Commissioners' Courtroom, Logan County Courthouse, Logan, West Virginia. It was also ordered that the Lincoln County Commission cause to be published for public legal notice a copy of an attached Notice of Hearing once in a newspaper duly qualified by the Secretary of State, published and of general circulation in Lincoln County, West Virginia, and that the Logan County Commission cause to be published for public legal notice a copy of the attached notice once in a newspaper duly qualified by the Secretary of State, published and of general circulation in Logan County, West Virginia. Publication was required to be not more than twenty days and not less than five days prior to the date of hearing, with the date of publication counting as the first day.

On January 20, 1995, the undersigned ALJ issued a Procedural Order that, due to a typographical error on the notice attached to the January 18, 1994, order, substituted a corrected Notice of Hearing. The Petitioners were advised that the publication requirements of the prior order applied to the publication of the revised notice.

On March 6, 1995, Rick Roberts, Managing Engineer for the Logan County Public Service District, filed affidavits of publication establishing that the revised Notice of Hearing was published on February 22, 1995, in The Lincoln Journal and The Logan Banner.

Hearing was held as scheduled. Appearing at hearing in Hamlin, Lincoln County, was Mr. Robertson, representing Commission Staff, and making appearances for the petitioners were Mr. Roberts and members of the Lincoln County Commission, Doug Waldron, Buster Stowers, and Paul Duncan, President. Entered into the record were the affidavits of publication in The Lincoln Journal (Petitioner No. 1) and The Logan Banner (Petitioner No. 2) and Commission Staff's Initial and Final Joint Staff Memorandum in Case No. 94-0009-FWD-PC (Staff No. 1). Appearing at hearing in Logan, Logan County, were Mr. Robertson and Mr. Roberts, and entered into the record was the Commission Staff's Initial and Final Joint Staff Memorandum in Case No. 94-1005-FWD-PC (Staff No. 2). No protestant appeared at either segment of hearing. (Tr. 3-6).

On March 21, 1996, the transcript of hearing was filed.

FINDINGS OF FACT

1. On October 10, 1994, the Lincoln County Commission filed a petition requesting approval by the Commission to dissolve the Ranger-Harts Public Service District, with an attached October 6, 1994 order of the Lincoln County Commission authorizing dissolution of the Ranger-Harts Public Service District. (See petition).
2. On November 9, 1994, the Logan County Commission filed a petition requesting the approval by the Commission to enlarge the boundaries of the Logan County Public Service District into the southern portion of Lincoln County generally referred to as the Harts Creek area, with an attached October 5, 1994 order of the Logan County Commission proposing the enlargement and an October 6, 1994 order of the Lincoln County Commission accepting the proposed enlargement. (See petition).
3. The cases were consolidated by the Commission because the area of expansion of the Logan County Public Service District would consist of most of the area presently within the boundaries of the Ranger-Harts Public Service District, plus some area outside the service area of any utility. (See Commission order of December 27, 1994; Staff Exhibit 1).
4. Commission Staff recommended approval of the petitions. (See Staff Exhibits 1 and 2).
5. Notice of hearing was published on February 22, 1995, in The Lincoln Journal and The Logan Banner and no protestant to either petition appeared at hearing held on March 7, 1995 in Hamlin, Lincoln County, and Logan, Logan County. (See Tr. 3-6).

CONCLUSION OF LAW

Since a public hearing was held in Lincoln and Logan Counties on the petition filed by the Lincoln County Commission to dissolve the Ranger-Harts Public Service District and on the petition filed by the Logan County Commission to expand the boundaries of the Logan County Public Service District into the Harts Creek area of Lincoln County and no one appeared at hearing to make protest to the petitions, after proper publication was made, and since Commission Staff has recommended granting said petitions, it is determined that said petitions should be granted as unopposed cases.

ORDER

IT IS, THEREFORE, ORDERED that the petitions of the Lincoln County Commission and the Logan County Commission filed, respectively, on October 10, 1994, and November 9, 1994, be, and they hereby are, granted, and the October 3 and 6, 1994 orders of said County Commissions authorizing the dissolution of the Ranger-Harts Public Service District and the expansion of the boundaries of the Logan County Public Service District into the Harts Creek area of Lincoln County be, and they hereby are, approved.

IT IS FURTHER ORDERED that these matters be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

District.

CASE NO. 97-1370-PWD-PC

LOGAN COUNTY COMMISSION

Petition for approval of expansion into
the Verner and Spice Creek areas of
Mingo County.

RECOMMENDED DECISION

PROCEDURE

On October 3, 1997, the Logan County Public Service District filed a formal petition on behalf of the Mingo County Commission to reduce the territory of the Mingo County Public Service District, which was designated as Case No. 97-1344-PWD-PC.

On October 8, 1997, the Logan County Public Service District filed a formal petition on behalf of the Logan County Commission to enlarge the territory of the Logan County Public Service District to include the areas of Mingo County which were being withdrawn from the territory of Mingo County Public Service District in Case No. 97-1344-PWD-PC. This second petition was designated as Case No. 97-1370-PWD-PC. Both the Mingo and Logan County petitions included materials which detailed the process which the Mingo County and Logan County Commissions utilized to enact the respective boundary changes and both petitions requested that the Public Service Commission consolidate the two cases.

The territory to be withdrawn from the Mingo County Public Service District and added to the Logan County Public Service District encompasses the area of the pending Elk Creek, Verner and Spice Creek water project of the Logan County Public Service District. An application for a

certificate of convenience and necessity for this project was filed on November 21, 1997, and has been designated as Case No. 97-1326-FWD-CN on the Commission's docket. Pursuant to a Commission Order entered November 21, 1997, a Notice of Filing in that certificate case was published for public legal notice in both Logan and Mingo Counties on December 10, 1997, and as of the date of this Recommended Decision, no statements of protest or objection to the project or rates have been received by the Commission.

By a Commission Referral Order entered October 27, 1997, these cases were refiled to conform with past Commission practice in such matters, and were consolidated and referred to the Division of Administrative Law Judges for further proceedings with a decision due date of April 30, 1998.

On November 7, 1997, the Staff of the Public Service Commission filed its Final Joint Staff Memorandum in these consolidated cases. Staff stated that the Mingo and Logan County Commissions had substantially complied with West Virginia Code §16-13A-2 and Rule 6.0 of the Rules and Regulations for the Government of Public Service Districts, 150 WVCER 17, §150-17-6.A, et seq. Staff stated further that the Petitioners needed to produce evidence concerning the public convenience and necessity, economic feasibility and adequacy of the proposed facilities before the expected recommendation of approval would be made.

By a Procedural Order entered January 20, 1998, these consolidated cases were scheduled for hearings to be held in Logan, Logan County, and Williamson, Mingo County, on March 4, 1998. This Order also required that the Petitioners publish for public legal notice a prepared Notice of Filing and Hearing in both Logan and Mingo Counties.

On February 6, 1998, the Petitioners filed copies of duly executed affidavits of publication demonstrating publication of the prepared Notice of Filing and Hearing on January 29, 1998, in *The Logan Banner*, and the *Williamson Daily News*, newspapers duly qualified by the Secretary of State, published and of general circulation in Logan and Mingo Counties, West Virginia, and all in compliance with the Order entered January 20, 1998.

The hearings convened as scheduled in both Logan and Williamson. The Logan County Public Service District was present in the person of its Managing Engineer Charles R. Roberts, Jr., and was represented by its attorney, James A. Walker. The Staff of the Public Service Commission was represented by Staff Attorney James V. Ketch. No members of the public appeared at either hearing site to protest or object to these petitions. On March 9, 1998, an accurate transcript of these proceedings consisting of thirteen (13) pages of testimony was filed with the Commission.

EVIDENCE

At hearing, Charles R. "Rick" Roberts testified for the Petitioners. He is Managing Engineer of the Logan County Public Service District and was instrumental in developing the project underlying these boundary changes. Mr. Roberts stated, and produced documents to confirm, that the Logan County Public Service District is currently developing, and has sought a certificate of

convenience and necessity to construct, an appropriate public water system to serve the Mingo County service area sought to be annexed by the District in this proceeding. Actual construction bids on this project were to be opened on March 6, 1998. (Tr., pp. 5-6, 10-11).

In response, Commission Staff agreed that the Petitioners had demonstrated that an appropriate project was being developed to serve the area involved in these petitions and recommended approval of the petitions. Staff has examined all of the documents submitted by the Petitioners to show compliance with the procedural requirements of this boundary change and found them to be substantially complete and proper. (Tr., pp. 6-7, 12).

DISCUSSION

By a Final Joint Staff Memorandum filed February 11, 1998, in Case No. 97-1326-PWD-CN, the Staff of the Public Service Commission recommended approval of an application for a certificate of convenience and necessity filed by the Logan County Public Service District for the construction of a public water system to serve approximately 233 customers in the Logan County and Mingo County communities of Elk Creek, Verner and Spice Creek. Likewise, the State Office of Environmental Health Services has issued the project an Operations Permit No. 13,482. Clearly, this project is feasible and will serve the public convenience and necessity by bringing reliable, safe drinking water to an area currently without a public water supply.

It is also apparent that the County Commissions of Logan and Mingo Counties have taken all necessary procedural steps to enact and ratify this boundary change between the Mingo County Public Service District and the Logan County Public Service District. Additionally, there has been no protest or objection filed of record to any of these proceedings either before the County Commissions or the Public Service Commission. Consequently, the petitions filed in these consolidated cases will be granted and that portion of the service territory of the Mingo County Public Service District described in the petitions will be removed from that District and added to the service territory of the Logan County Public Service District.

FINDINGS OF FACT

1. On October 3, 1997, the Logan County Public Service District filed a formal petition on behalf of the Mingo County Commission to reduce the territory of the Mingo County Public Service District, which was designated as Case No. 97-1344-PWD-PC. (See, Petition filed October 3, 1997).
2. On October 8, 1997, the Logan County Public Service District filed a formal petition on behalf of the Logan County Commission to enlarge the territory of the Logan County Public Service District to include the areas of Mingo County which were being withdrawn from the territory of Mingo County Public Service District in Case No. 97-1344-PWD-PC. (See, Petition filed October 8, 1997).

3. The territory to be withdrawn from the Mingo County Public Service District and added to the Logan County Public Service District encompasses the area of the pending Elk Creek, Verner and Spice Creek water project of the Logan County Public Service District. An application for a certificate of convenience and necessity for this project was filed on November 21, 1997, and has been designated as Case No. 97-1326-PWD-CN on the Commission's docket. (See, Petitions filed October 3 and 8, 1997; Application filed November 21, 1997).

4. Pursuant to its review of the documents submitted with the petitions filed herein, Commission Staff has determined that the Mingo and Logan County Commissions have substantially complied with the procedural steps outlined in West Virginia Code §16-13A-2 and Rule 6.0 of the Commission's Rules and Regulations for the Government of Public Service Districts, 150 WVCSR 17, §150-17-6.0 et seq., for the transfer of the described service territory between the Public Service Districts. (See, Final Joint Staff Memorandum filed November 7, 1997; Tr., pp. 6-7, 12).

5. Pursuant to the requirements of West Virginia Code §16-13A-2 and a Notice of Filing and Hearing properly published for public legal notice in both Logan and Mingo Counties, West Virginia, a public hearing was convened in these consolidated cases on March 4, 1998, at which no members of the public appeared to protest or object to these petitions. (See, Affidavits of Publication filed February 6, 1998; Transcript generally).

CONCLUSION OF LAW

Under the facts and circumstances of these consolidated cases and the recommendation of Commission Staff, it is reasonable to grant the petitions filed herein, and approve the reduction of the Mingo County Public Service District and the enlargement of the Logan County Public Service District by the service territory described therein.

ORDER

IT IS, THEREFORE, ORDERED that the Order of the Mingo County Commission dated October 1, 1997, and filed herein on October 3, 1997, to reduce the existing service territory of the Mingo County Public Service District, as detailed in said Order and supporting documents, is approved, and that the Order of the Logan County Commission dated October 6, 1997, and filed herein on October 8, 1997, to increase the service territory of the Logan County Public Service District to incorporate the service territory ceded by the Mingo County Public Service District herein, is approved, both to be effective on and after the date that this Recommended Decision becomes a final order of the Commission.

IT IS FURTHER ORDERED that these consolidated cases shall be removed from the Commission's docket of open cases.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

A copy of such notice posted and distributed pursuant to this Rule No. 2 shall be attached to and made a part of the minutes of the meeting for which such notice was given.

Rule No. 4. Executive Sessions. The Board may hold an executive session during a regular, special or emergency meeting in accordance with Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended. During the opening portion of the meeting, prior to convening an executive session, the Chairperson shall identify the authorization under Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended, for holding the executive session and present it to the Board and to the general public, but no decision may be made in the executive session. An executive session may be held only upon a majority affirmative vote of the Board members present. Rule No. 5. Minutes. The Board shall provide for the preparation of written minutes of all of its meetings. Subject to the exceptions set forth in Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended, minutes of all meetings except

Rule No. 6. No Action by Reference. Except as otherwise expressly provided by law, the Board may not deliberate, vote, or otherwise take official action upon any matter by reference to a letter, number or other designation or other secret device or method, which may render it difficult for persons attending a meeting to understand what is being deliberated, voted or acted upon. However, this rule does not prohibit the Board from deliberating, voting or otherwise taking action by reference to an agenda, if copies of the agenda, sufficiently worded to enable the public to understand what is being deliberated, voted or acted upon, are available for public inspection at the meeting. The Board may not vote by secret or written ballot.

The Board shall allow the equipment to be placed within the meeting room in such a way as to permit its intended use, and the ordinary use of the equipment may not be declared to constitute undue interference; provided, that if the Board, in good faith, determines that the size of the meeting room is such that all the members of the public present and the equipment and personnel necessary for broadcasting, photographing, filming and tape-recording the meeting cannot be accommodated in the meeting room without unduly interfering with the meeting and an adequate alternative meeting room is not readily available, then the Board, acting in good faith and consistent with the purposes of this rule, may require the pooling of the equipment and the personnel operating it.

Rule No. 8. Telephonic Meetings. Board meetings may be held by telephone conference or other electronic means. All Board members participating by telephone or other electronic means must be audible to all those personally present.

CASE NO. 14-1425-PWD-CN

LOGAN COUNTY PUBLIC SERVICE DISTRICT,
a public utility.

Application for a certificate to construct improvements to the
existing water system near Hidden Valley/Airport Road.

RECOMMENDED DECISION

The application is granted, and the project, its funding, and the Staff-recommended post-construction rates are approved.

PARTIAL CASE HISTORY

On August 7, 2014, Logan County Public Service District, by counsel Mark E. Kauffelt, filed with the Public Service Commission (Commission) an application for a certificate of convenience and necessity to construct improvements to its existing water system near Hidden Valley/Airport Road. The District also requested approval of post-construction rates that would provide an increase of approximately \$694,900 in additional revenue, a 14.5% increase. Supporting documents were attached.

Also on August 7, 2014, the Commission directed the District to publish a Notice of Filing (Notice), which provided that, if substantial protest was not filed within thirty days after the date of publication, the Commission might waive formal hearing and grant the application based upon its review of the evidence submitted with the application. The District was also ordered to provide individual notice of its requested rate increase to its customers.

On August 19, 2014, by Order, the Commission referred this matter to the Division of Administrative Law Judges for decision no later than January 20, 2015, if substantial protest was filed, or December 22, 2014, if not.

On September 26, 2014, the District, by counsel, filed a certificate that included that it had sent the Notice to its only resale customer, the Chapmanville Water Department, by certified mail

on August 8, 2014, and had mailed the Notice to its non-resale customers on September 8, 2014. Also filed were affidavits establishing publication of the Notice on August 27, 2014, in The Lincoln Journal and The Lincoln News Sentinel; The Williamson Daily News, published in Mingo County; the Logan Banner; the Independent Herald, published in Wyoming County; and the Coal Valley News, published in Boone County.

On November 5, 2014, Staff Attorney Chris Howard filed the Final Joint Staff Memorandum, with an attached memorandum from Jim Spurlock, of the Engineering Division, and Karen L. Buckley, of the Utilities Division, which included the following: The project will replace existing waterlines in order to improve service and provide fire protection to approximately 118 existing residential customers in the Logan County communities of Hidden Valley, Airport Road and surrounding areas. The West Virginia Infrastructure and Jobs Development Council (WVIJDC) has approved the project. The project is needed because the system, which was constructed approximately fifty years ago by developers, is undersized and poorly constructed, with the result that frequent leaks occur and residents experience low pressure during high usage periods. The total estimated project cost is \$1,307,000, including the estimated construction cost of \$940,000. All costs are reasonable. Operation and maintenance costs are expected to decrease \$17,020 per year, primarily due to elimination of the cost of purchasing water from the Town of Chapmanville. The West Virginia Office of Environmental Health Services issued a permit for the project, Permit No. 19,322, on September 19, 2013. The project will be funded by a \$200,000 Logan County Commission grant, a WVIJDC \$200,000 grant, and a \$907,000 WVIJDC loan, payable over thirty years at a 2% annual interest rate. Staff recommended that the project and its funding be approved. The proposed rates would generate \$269,307 in total surplus, but in Case No. 13-1657-PWD-CN it was determined that the District only needed a surplus of \$143,161 for capital additions. Staff recommended post-construction rates that would provide \$190,470 in additional revenue, a 3.66% increase, which would provide an annual surplus of \$174,219 and a debt service coverage factor of 115.35%. Those post-construction rates are contained in a Staff-recommended tariff labeled Step 1, which will come into effect at the completion of this project if it is completed before the project at issue in Case No. 14-1434-PWD-CN is completed. Because the projects at issue in this matter and in Case No. 14-1434-PWD will be constructed concurrently, Staff developed Step 2 rates, which will preempt the Step 1 rates if the two projects are completed at the same time or the Case No. 14-1434-PWD-CN project is completed before this project is completed; if the Case No. 14-1434-PWD-CN project is completed after this project is completed, the Step 2 rates will come into effect upon completion of the Case No. 14-1434-PWD-CN project. The Step 2 rates will provide \$196,900 in additional revenue, a 3.78% increase, which will provide a surplus of \$174,349 and 115.29% debt service coverage.

On November 13, 2014, the undersigned issued a Procedural Order that required the District to file any objection to the Staff-recommended rates no later than November 24, 2014.

On November 24, 2014, the District, by counsel, filed a letter stating that it did not object to the Staff-recommended rates.

FINDINGS OF FACT

1. On August 7, 2014, Logan County Public Service District filed with the Public Service Commission an application for a certificate of convenience and necessity to construct improvements to its existing water system near Hidden Valley/Airport Road. The District also requested approval of increased post-construction rates that would provide an increase of approximately \$694,900 in additional revenue, a 14.5% increase. (See application).

2. The District published a Notice of Filing on August 27, 2014, in The Lincoln Journal and The Lincoln News Sentinel; The Williamson Daily News, published in Mingo County; the Logan Banner; the Independent Herald, published in Wyoming County; and the Coal Valley News, published in Boone County. It also sent a copy of the Notice of Filing to its only resale customer, the Chapmanville Water Department, by certified mail, and to each of its non-resale customers. (See filings of September 26, 2014).

3. The project will replace existing waterlines in order to improve service and provide fire protection to approximately 118 existing residential customers in the Logan County communities of Hidden Valley, Airport Road and surrounding areas. (See application; memorandum filed November 5, 2014)

4. The project is needed because the system, which was constructed approximately fifty years ago by developers, is undersized and poorly constructed, with the result that frequent leaks occur and residents experience low pressure during high usage periods. (See memorandum).

5. The West Virginia Infrastructure and Jobs Development Council has approved the project. (See memorandum).

6. The total estimated project cost is \$1,307,000, including the estimated construction cost of \$940,000. All costs are reasonable. (See memorandum).

7. The West Virginia Office of Environmental Health Services issued a permit for the project, Permit No. 19,322, on September 19, 2013. (See application; memorandum).

8. The project will be funded by a \$200,000 Logan County Commission grant, a WVIJDC \$200,000 grant, and a \$907,000 WVIJDC loan, payable over thirty years at a 2% annual interest rate. (Application; memorandum).

9. Staff recommended that the project and its funding be approved. (See memorandum).

10. The proposed rates would generate \$269,307 in total surplus, but in Case No. 13-1657-PWD-CN it was determined that the District only needed a surplus of \$143,161 for capital additions. Staff recommended post-construction rates that would provide \$190,470 in additional revenue, a 3.66% increase, which would provide an annual surplus of \$174,219 and a debt service coverage factor of 115.35%. Those post-construction rates are contained in a Staff-recommended tariff labeled Step 1, as provided in Appendix A hereto, which will come into effect at the

completion of this project if it is completed before the project at issue in Case No. 14-1434-PWD-CN is completed. (See memorandum).

11. Because the projects at issue in this matter and in Case No. 14-1434-PWD will be constructed concurrently, Staff developed Step 2 rates, as provided in Appendix B, which will become effective at the completion of the project, preempting the Step 1 rates, if the two projects are completed at the same time or the Case No. 14-1434-PWD-CN project is completed before this project is completed. The Step 2 rates will provide \$196,900 in additional revenue, a 3.78% increase, which will provide a surplus of \$174,349 and 115.29% debt service coverage. (See memorandum).

12. The District did not object to the Staff-recommended rates. (See Commission case file).

CONCLUSIONS OF LAW

1. It is appropriate to grant the application, pursuant to W.Va. Code §24-2-11, and to approve the project, because the public convenience and necessity require it; its costs are reasonable; and substantial protest was not filed.

2. It is appropriate to approve the funding, as stated in Finding of Fact 8.

3. It is appropriate to approve the Staff-recommended post-construction rates, as provided at Appendix A and Appendix B, because they are necessary to provide revenue sufficient, but not more than sufficient, to cover the District's reasonable and necessary operating expenses and debt service, and to provide a reasonable cash surplus for capital additions.

The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve

Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month. When required by the Authority, the Local Entity shall make monthly payments to the Commission by electronic transfer;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross

income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

West Virginia Water Development Authority
1009 Bullitt Street
Charleston, WV 25301

Ladies and Gentlemen:

We are bond counsel to _____ (the
“Governmental Agency”), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the “Loan Agreement”), between the Governmental Agency and the West Virginia Water Development Authority (the “Authority”), on behalf of the West Virginia Infrastructure and Jobs Development Council (the “Council”), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, _____ (the “Local Bonds”), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$ _____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the “Schedule Y” attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the “Local Statute”), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the “Local Act”), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. - Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

Section 1.02. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of the Act and other applicable provisions of law.

Section 1.03. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a public service district, public corporation and political subdivision of the State located in Boone, Logan, Lincoln, Mingo and Wyoming Counties of said State. The Issuer presently owns and operates a public water system. However, the Issuer deems it necessary and desirable for the health, welfare and safety of the inhabitants of the Issuer that there be acquired and constructed the Project, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have been approved by the Issuer.

B. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the Authority.

C. The estimated maximum cost of acquisition and construction of the Project is \$1,307,000, of which not more than \$907,000 will be obtained from the Series 2015 B Bonds, \$200,000 will be obtained from a Infrastructure Council Grant; and \$200,000 will be obtained from a Logan County Commission grant.

D. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest on the Prior Bonds, the 2015 B Bonds, and payments into all funds and accounts and other payments provided for in this Resolution, and the Prior Resolutions.

E. It is deemed necessary for the Issuer to issue the Series 2015 B Bonds in the aggregate principal amount of not more than \$1,000,000 to permanently finance a portion of the costs of acquisition and construction of the Project. Such costs shall be deemed to include the costs of acquisition and construction of any public service properties and any improvements

and extensions thereto, the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, on the Series 2015 B Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 2015 B Bonds Reserve Account; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2015 B Bonds and such other expenses as may be necessary or incident to the financing herein authorized, the acquisition and construction of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2015 B Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project.

F. The Series 2015 B Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Issuer has met the parity and coverage requirements of the Prior Bonds, and the Prior Resolutions and has substantially complied with all other parity requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature. Prior to the issuance of the Series 2015 B Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the parity and coverage tests of the Prior Bonds have been met and (ii) the written consent of the Registered Owners of the Prior Bonds to the issuance of the Series 2015 B Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

G. The period of usefulness of the System after completion of the Project is not less than 35 years.

H. It is in the best interests of the Issuer that the Series 2015 B Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement, relating to authorization of the acquisition, construction and operation of the Project and the System and the issuance of the Series 2015 B Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the Council and the obtaining of the PSC Order, the time for rehearing and appeal of which has expired or will have been waived prior to the issuance of the Series 2015 B Bonds.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council.

Section 1.04. Resolution Constitutes Contract. In consideration of the acceptance of the Series 2015 B Bonds by those who shall be the Registered Owners of the same from time to time, this Resolution shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bonds by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Subject to the provisions for transfer of registration set forth below, the Series 2015 B Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide registered owner for value.

So long as any of the Bonds remain Outstanding, the Issuer, through the Bond Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto, together with a written instrument of transfer satisfactory to the Bond Registrar, duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging the Bonds or transferring the Bonds is exercised, all such Bonds shall be delivered in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obligated to make any such exchange or transfer of Bonds during the

period commencing on the fifteenth day of the month preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

The Series 2015 B Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the moneys in the Series 2015 B Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Resolution, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount of principal of and interest, if any, on this Bond payable in any year, and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds; provided however, that so long as there exists in the Series 2015 B Bonds Reserve Account, an amount at least equal to the maximum amount of principal and interest, if any, which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner (as defined in the Resolution) of this Bond for the terms of which reference is made to the Resolution. Remedies provided the Registered Owner of this

Bond are exclusively as provided in the Resolution, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Resolution, only upon the books of the Registrar (as defined in the Resolution) by the Registered Owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Resolution, the costs of the Project and costs of issuance hereof as described in the Resolution, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and upon the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

All provisions of the Resolution, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

- (2) Renewal and Replacement Fund (established by Prior Resolutions); and
- (3) Series 2015 Bonds Construction Trust Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby created with and shall be held by the Commission separate and apart from all other funds or accounts of the Commission and the Issuer and from each other:

- (1) Series 2015 B Bonds Sinking Fund; and
- (2) Series 2015 B Bonds Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) The Issuer shall next, on the first day of each month, from the moneys in the Revenue Fund, (i) remit the interest payments to the Sinking Funds of the Prior Bonds in the amounts required by the Prior Resolutions; and (ii) commencing 4 months prior to the first date of payment of interest on the Series 2015 B Bonds, remit to the Commission for deposit in the Series 2015 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2015 B Bonds on the next ensuing quarterly interest payment date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2015 B Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, on the first day of each month, from the moneys in the Revenue Fund, (i) remit the principal payments to the Sinking Funds of the Prior Bonds in

the amounts required by the Prior Resolutions; and (ii) commencing 4 months prior to the first date of payment of principal of the Series 2015 B Bonds, remit to the Commission for deposit in the Series 2015 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2015 B Bonds on the next ensuing quarterly principal payment date; provided, that in the event the period to elapse between the date of such initial deposit in the Series 2015 B Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month, from the moneys in the Revenue Fund, (i) remit the reserve account payments to the Reserve Accounts of the Prior Bonds in the amounts required by the Prior Resolutions; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2015 B Bonds, if not fully funded upon issuance of the Series 2015 B Bonds, remit to the Commission for deposit in the Series 2015 B Bonds Reserve Account, an amount equal to 1/120th of the Series 2015 B Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 2015 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2015 B Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, from the moneys in the Revenue Fund, remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Resolutions and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2015 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2015 B Bonds as the same shall become due. Moneys in the Series 2015 B Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2015 B Bonds as the same shall come due, when other moneys in the Series 2015 B Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2015 B Bonds Reserve Account (if fully funded) shall be transferred, not less than once each year, to the Series 2015 Bonds Construction Trust Fund during construction of the Project and following completion of the Project to the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2015 B Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2015 B Bonds Reserve Account which result in a reduction in the balance of such account to below the Series 2015 B Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2015 B Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay any interest on such Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2015 B Bonds Sinking Fund or the Series 2015 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2015 B Bonds then Outstanding and all interest, if any, to accrue until the maturity thereof.

Interest, principal or reserve account payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2015 B Bonds and the Prior Bonds, in accordance with the respective principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2015 B Bonds Sinking Fund and the Series 2015 B Bonds Reserve Account created hereunder, and all amounts required for such accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority, the Issuer shall make the necessary arrangements whereby required payments into such accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates hereunder.

Moneys in the Series 2015 B Bonds Sinking Fund and the Series 2015 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2015 B Bonds Sinking Fund and the Series 2015 B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2015 B Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent, or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay the charges and the fees then due. The Issuer shall make the necessary arrangements whereby payments to the Commission under this paragraph shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

F. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If, on any monthly payment date, the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, that all deposits, including on account of deficiencies, shall be made in the order of priority set forth in Section 5.03A hereof, and no payment of lower priority shall be made if there exists a deficiency in a fund or account of higher priority. No such deficiency shall exist solely because the required payments into the Reserve Accounts have not, as of such date, funded such account to the requirement therefor.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

APPLICATION OF BOND PROCEEDS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of the Series 2015 B Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2015 B Bonds, there shall first be deposited with the Commission in the Series 2015 B Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2015 B Bonds for the period commencing on the date of issuance of the Series 2015 B Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 2015 B Bonds, there shall be deposited with the Commission in the Series 2015 B Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 2015 B Bonds Reserve Account.

C. As the Issuer receives advances of the remaining moneys derived from the sale of the Series 2015 B Bonds, such moneys shall be deposited with the Depository Bank in the Series 2015 Bonds Construction Trust Fund and applied solely to payment of the costs of the Project in the manner set forth in Section 6.02 and until so expended, are hereby pledged as additional security for the Series 2015 B Bonds.

Section 6.02. Disbursements from Bond Construction Trust Fund. The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments of all costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2015 Bonds Construction Trust Fund shall be made only after submission to and approval from the Council of a certificate, signed by an Authorized Officer and the Managing Engineer, stating that:

(a) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(b) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a cost of the Project;

(c) Each of such costs has been otherwise properly incurred; and

- (d) Payment for each of the items proposed is then due and owing.

Pending such application, moneys in the Series 2015 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Registered Owner of the Series 2015 B Bonds. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the Registered Owner of the Series 2015 B Bonds, as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as the Series 2015 B Bonds, or the interest thereon, are Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2015 B Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No Registered Owner of the Series 2015 B Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2015 B Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2015 B Bonds shall be secured by a first lien on the Net Revenues, on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Prior Bonds and the Series 2015 B Bonds and to make the payments into all funds and accounts and all other payments provided for in this Resolution and the Prior Resolutions are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in this Resolution and the Prior Resolutions.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in and approved by the PSC Order and such rates are hereby adopted.

So long as the Series 2015 B Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Resolution and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2015 B Bonds shall prove to be insufficient to produce the required sums set forth in this Resolution and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Resolution and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds and the Series 2015 B Bonds are Outstanding, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except in accordance with the terms of the Prior Resolutions and the Series 2015 B Bonds Resolution, respectively. So long as the Series 2015 B Bonds are Outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay or redeem at or prior to maturity all the Bonds Outstanding, or to effectively defease this Resolution in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2015 B Bonds, immediately be remitted to the Commission for deposit in the Series 2015 B Bonds Sinking Fund, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2015 B Bonds. Any balance remaining after the payment of the Series 2015 B Bonds and interest thereon, if any, shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000 the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000 the Issuer shall first, in writing, determine upon consultation with the Consulting Engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000

shall, upon receipt of approval of the Registered Owners, if needed, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Funds and shall be applied only to the purchase or redemption of Bonds of the last maturities then Outstanding at prices not greater than the applicable redemption price, or, if not redeemable at par, then to the Renewal and Replacement Fund. The payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Registered Owners of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as the Series 2015 B Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2015 B Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.07 hereof and in the Prior Resolutions (so long as the Prior Bonds are Outstanding). All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2015 B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein and in the Prior Resolutions have been made and are current at the time of issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the liens of the Series 2015 B Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Series 2015 B Bonds and the interest, if any, thereon in this Resolution, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are Outstanding, no Parity Bonds shall be issued except in accordance with the terms of the Prior Resolutions. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner provided herein and with the prior written consent of the Authority.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2015 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of design, acquisition or construction of extensions or improvements to the System or refunding any Outstanding Bonds, or all such purposes.

So long as the Series 2002 A Bonds, the Series 2012 A Bonds, the Series 2014 A Bonds or Series 2015 A Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Registered Owners of the Series 2002 A Bonds, the Series 2014 A Bonds, the Series 2012 A Bonds and Series 2015 A Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 2002 A Bonds, the Series 2014 A Bonds, the Series 2012 A Bonds and Series 2015 A are no longer Outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The “estimated average increased annual Net Revenues to be received in each of the three succeeding years,” as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, including the revenues from new customers to be served, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Bonds and the Registered Owners of any Parity Bonds issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2015 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the funds and accounts provided for in this Resolution with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents

and representatives, to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at any reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Bonds issued pursuant to this Resolution shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system, which may be installed remote from the direct supervision of the Governing Body, shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the Council and shall mail in each year to any Registered Owners of the Bonds requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations Outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2015 B Bonds and shall submit said report to the Authority

and the Council, or any other original purchaser of the Series 2015 B Bonds. Such audit report submitted to the Authority and the Council shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to issuance of the Series 2015 B Bonds, approvals of equitable rates or charges for the use of and service rendered by the System have been obtained all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2015 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2015 B Bonds, including the Prior Bonds; provided, that in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Series 2015 B Bonds Reserve Account and the Reserve Accounts for obligations on a parity with the Series 2015 B Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2015 B Bonds and all other obligations secured by a lien on or payable from such

revenues on a parity with the Series 2015 B Bonds, including the Prior Bonds. In any event the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 30 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Managing Engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the Council and to any Registered Owner of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the Council and any Registered Owner of any Bonds or anyone acting for and in behalf of such Registered Owner of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall obtain a certificate of the Consulting Engineer in the form attached to the Loan Agreement, certifying that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2015 B Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than 1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than 500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such workers' compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided, that the amounts and terms of such coverage are satisfactory to the Authority and the Council. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the PSC, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the PSC and the Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Series 2015 B Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. [Reserved].

Section 7.19. Statutory Mortgage Lien. For the further protection of the Registered Owners of the Series 2015 B Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, and shall take effect immediately upon delivery of the Series 2015 B Bonds; provided however, that the statutory mortgage lien of the Series 2015 B Bonds shall be on a parity with the statutory mortgage lien of the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer shall provide the Council with copies of all documents submitted to the Authority.

The Issuer shall also comply with all applicable laws, rules and regulations issued by the Authority, the Council or other federal, State or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

The Issuer shall serve the additional customers at the location(s) as set forth in Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by

the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

The Issuer shall perform an annual maintenance audit which maintenance audit shall be submitted to the Authority and the Public Service Commission of West Virginia.

Section 7.21. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2015 B Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Council for written approval. The Issuer shall obtain the written approval of the Council before expending any proceeds of the Series 2015 B Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineers. The Issuer shall also obtain the written approval of the Council before expending any proceeds of the Series 2015 B Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding provided by the Council and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

Section 7.22. Securities Law Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investment of Funds. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once a year, a summary of such funds, accounts and investment earnings.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2015 B Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an “Event of Default” with respect to the Series 2015 B Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on the Series 2015 B Bonds; or

(2) If default occurs in the Issuer’s observance of any of the covenants, agreements or conditions on its part relating to the Series 2015 B Bonds set forth in this Resolution, any Supplemental Resolution or in the Series 2015 B Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Bond Registrar, any Paying Agent or a Registered Owner of a Bond; or

(3) If a default occurs under the Prior Resolutions or the Prior Bonds; or

(4) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act, the Loan Agreement and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners; provided, that all rights and remedies of the Registered Owners of the Series 2015 B Bonds shall be on a parity with those of the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including, the completion of the Project, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into

the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate and maintain, manage and control the System, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to the System as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Resolution, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Registered Owner of the Series 2015 B Bonds, the principal of and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in this Resolution, then this Resolution and the pledge of Net Revenues and other moneys and securities pledged under this Resolution and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2015 B Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Resolution. Prior to issuance of the Series 2015 B Bonds, this Resolution may be amended or supplemented in any way by the Supplemental Resolution. 1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Resolution duly adopted by the Issuer on August 18, 2015 (the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on September 2, 2015, the date on which the Bonds are being physically delivered in exchange for a portion of the principal amount of the Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. No accrued interest has been or will be paid on

the Bonds. The balance of the principal amount of the Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public water facilities of the Issuer (the "Project"); and (ii) paying certain costs of issuance of the Bonds and related costs.

7. The Issuer shall, on the date hereof or immediately hereafter, enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds for the acquisition and construction of the Project, constituting a substantial binding commitment, or has already done so. The acquisition and construction of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the Series 2015 B Bonds Reserve Account, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before June 1, 2016. 20. The Issuer shall use the Bond proceeds solely for the costs of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

21. The Bonds are not federally guaranteed.

22. The Issuer has retained the right to amend the Bond Resolution authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain governmental or public purpose bonds.

Ladies and Gentlemen:

I have reviewed the water rates of Logan County Public Service District (the "Issuer") approved by the Public Service Commission of West Virginia in Case No. 14-1425-PWD-CN which become final on December 21, 2014 and the projected operating expenses and anticipated customer usage provided by E.L. Robinson Engineering Company, the consulting engineer of the Issuer. It is my opinion that such rates are sufficient (i) to provide for all operating expenses of the water facilities of the Issuer (the "System") and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Issuer's Water Revenue Bonds (Cow Creek Project), Series 1996 B; Water Revenue Bonds (Whitman Creek Project), Series 1997 A; Water Revenue Bonds (Harts Creek Project), Series 1997 B; Water Revenue Bonds (Elk Creek/Spice Creek/Verner Project - West Virginia Infrastructure and Jobs Development Council), Series 1998 A; Water Revenue Bonds (Mill Creek Project - West Virginia Infrastructure and Jobs Development Council), Series 1999 A; Water Revenue Bonds (Crawley Creek/Chief Logan Project - West Virginia Infrastructure and Jobs Development Council), Series 1999 C; Water Revenue Bonds (Enaloc Project - West Virginia Water Development Authority), Series 1999 D; Water Revenue Bonds, Series 2001 A (West Virginia Water Development Authority); Water Revenue Bonds, Series 2001 B (West Virginia Infrastructure Fund); Water Revenue Bonds, Series 2002 A (United States Department of Agriculture); Water Revenue Bonds, Series 2002 B (West Virginia Infrastructure Fund); Water Revenue Bonds, Series 2003 B (West Virginia Infrastructure Fund); Water Revenue Bonds, Series 2005 A (West Virginia Infrastructure Fund); Water Revenue Bonds (North Fork Project), Series 2008 A (West Virginia Infrastructure Fund); Water Revenue Bonds (Holden Project), Series 2008 B (West Virginia Infrastructure Fund); Water Revenue Bonds (Upper Little

Harts Creek Project), Series 2010 A (West Virginia Infrastructure Fund); Water Revenue Bonds (Marsh Fork Project), Series 2012 A (United States Department of Agriculture); Water Revenue Bonds (Anchor Road Project) Series 2013 A (West Virginia Infrastructure Fund); Water Revenue Bonds (Big Harts Creek Project), Series 2014 A (United States Department of Agriculture); Water Revenue Bonds (Big Harts Creek Project-Phase I), Series 2014 B (West Virginia Infrastructure Fund); and Water Revenue Bonds (Frances Creek Project) Series 2015 A (United States Department of Agriculture) (collectively, the "Prior Bonds"), and the Water Revenue Bonds (Hidden Valley/Airport Project); Series 2015 B (West Virginia Infrastructure Fund) (the "Series 2015 B Bonds")

It is further my opinion that (i) the Net Revenues for the fiscal year following the year in which the Series 2015 B Bonds are to be issued will be at least 120% of the average annual debt service requirements on the Prior Bonds and the Series 2015 B Bonds; and (ii) the Net Revenues actually derived from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of the Series 2015 B Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2015 B Bonds, will not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for principal of and interest on the Prior Bonds and the Series 2015 B Bonds.

The Issuer is current on all payments to the funds and accounts established under the Bond Resolutions, including RUS reserve accounts.

RECITALS

WHEREAS, the Council has authorized the Authority to make a grant to the Governmental Agency in the amount not to exceed \$200,000 (the "Grant") for the purposes of the design, acquisition or construction of a project for which a preliminary application has been submitted and approved by the Council;

Re: Logan County Public Service District
Water Revenue Bonds (Hidden Valley/Airport Waterline Project)
Series 2015 B (West Virginia Infrastructure Fund)

Ladies and Gentlemen:

We have served as bond counsel to Logan County Public Service District (the “Issuer”) in connection with the issuance of its Water Revenue Bonds (Hidden Valley/Airport Road Project), Series 2015 B (West Virginia Infrastructure Fund), dated the date hereof (the “Bonds”).

We have examined certified copies of proceedings and other papers relating to the authorization of (i) a loan agreement for the Bonds, dated September 2, 2015, including all schedules and exhibits attached thereto (the “Loan Agreement”), by and between the Issuer and the West Virginia Water Development Authority (the “Authority”), on behalf of the West Virginia Infrastructure and Jobs Development Council (the “Council”), and (ii) the Bonds to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are issued in the principal amount of \$907,000, in the form of one bond, registered as to principal only to the Authority, bearing interest at a rate of 2.00% per annum, with principal and interest payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing March 1, 2017, all as set forth in the Schedule Y attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended (collectively, the “Act”), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public water facilities of the Issuer (the “Project”); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act and a Bond Resolution duly adopted by the Issuer on August 18, 2015, as supplemented by a Supplemental Resolution duly adopted by the Issuer on August 18, 2015 (collectively, the “Resolution”), pursuant to and under which Act and Resolution the Bonds are authorized and issued, and the Loan Agreement is entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Resolution and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Resolution and the Loan Agreement when used herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district and is a public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Resolution and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof.

3. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority and the Council or diminish the obligations of the Issuer, without the written consent of the Authority and the Council.

4. The Issuer has legally and effectively adopted the Resolution and all other necessary resolutions in connection with the issuance and sale of the Bonds. The Resolution constitutes a valid and binding obligation of the Issuer, enforceable against the Issuer in

accordance with its terms thereof and contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and a pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Prior Bonds all in accordance with the terms of the Bonds and the Resolution.

6. Under the Act, the Bonds and the interest, if any, thereon are exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

7. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

No opinion is given herein as to the effect upon the enforceability of the Bonds under any applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or the exercise of judicial discretion or principles of equity in appropriate cases.

We have examined the executed and authenticated Bond numbered BR-1 and in our opinion, the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Re: Logan County Public Service District
Water Revenue Bonds (Hidden Valley/Airport Road Project)
Series 2015 B (West Virginia Infrastructure Fund)

Ladies and Gentlemen:

I am counsel to Logan County Public Service District (the "Issuer"). As such counsel, I have examined copies of the approving opinions of Jackson Kelly PLLC, as bond counsel, relating to the above-captioned bonds of the Issuer (the "Bonds"), a loan agreement for the Series 2015 B Bonds, dated September 2, 2015, including all schedules and exhibits attached thereto (the "Loan Agreement"), Bond Resolution duly adopted by the Public Service Board of the Issuer (the "Board") on August 18, 2015, as supplemented by Supplemental Resolution duly adopted on August 18, 2015 (collectively, the "Resolution"), orders of The County Commission of Logan County relating to the Issuer and the appointment of members of the Board, and other documents relating to the Bonds and the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Resolution when used herein.

I am of the opinion that:

1. The Issuer is a duly created and validly existing public service district and is a public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System and to adopt the Resolution, all under the Act and other applicable provisions of law.

2. The members and officers of the Board have been duly and properly appointed and elected, have taken the requisite oaths and are thereby authorized to act on behalf of the Issuer in their respective capacities.

3. The Resolution has been duly adopted by the Board and is in full force and effect.

4. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Resolution, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any resolution, agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all permits, licenses, approvals, consents, certificates, orders, exemptions, registrations and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, all requisite permits, approvals, orders and certificates from The County Commission of Logan County, the West Virginia Bureau for Public Health and the West Virginia Infrastructure and Jobs Development Council. The Issuer has taken all actions required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the order of the Public Service Commission of West Virginia (the "PSC") entered on December 1, 2014, in Case No. 14-1425-PWD-CN, granting to the Issuer a certificate of convenience and necessity for the Project and approving the financing for the Project. The time for appeal of the Order has expired prior to the date hereof without any appeal having been filed. The Order remains in full force and effect.

6. The Issuer has duly published the required notice with respect to, among other things, the amount of the Bonds to be issued, the interest rate and terms of the Bonds, the Project to be acquired or constructed and the cost of the Project, the anticipated user rates and charges and the date that a formal application for a certificate of public convenience and necessity is to be filed with the PSC in accordance with Chapter 16, Article 13A, Section 25 of the Code of West Virginia, 1931, as amended, and has duly complied with the provisions thereof.

7. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bonds and the Resolution, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, the collection of the Gross Revenues or the pledge of the Net Revenues for payment of the Bonds.

8. I have ascertained that all successful bidders have provided the drug-free workplace affidavit, submitted their drug-free workplace plan, and the contracts therein contain language that complies with the Drug Free Workplace Act, Article 1D, Chapter 21 of the West Virginia Code, 1931, as amended. All successful bidders have made the required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such

bonds have been verified for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act and the Resolution; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Re: Final Title Opinion for Logan County Public Service District

Ladies and Gentlemen:

I am counsel to Logan County Public Service District (the "Issuer") in connection with a proposed project to construct certain improvements and extensions to the existing public water facilities of the Issuer (the "Project"). I provide this final title opinion on behalf of the Issuer to satisfy the requirements of the West Virginia Infrastructure and Jobs Development Council for the Project. Please be advised of the following:

1. The Issuer is a duly created and validly existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia to construct, operate and maintain the Project as approved by the West Virginia Bureau for Public Health.

2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.

3. I have investigated and ascertained the location of, and I am familiar with the legal description of, the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by E.L. Robinson Engineering Company, the consulting engineers for the Project.

4. I have examined the records on file in the Office of the Clerk of The County Commissions of Logan County, West Virginia, the counties in which the Project is to be located, and, in my opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way,

with the exception of those listed in Paragraph 5, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.

5. The following listed properties are to be acquired by eminent domain and the necessary filings have been made in the Offices of the Clerk of the Circuit Court of Logan County, West Virginia, to permit the Issuer a right-of-entry for the purpose of construction, operation and maintenance of the Project on the subject properties. The Issuer's title thereto is defeasible in the event the Issuer does not satisfy any resulting judgment and/or award in the proceedings for acquisition of said properties, and our certification is subject to the following pending litigation: n/a.

6. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Offices of the Clerk of The County Commission of Logan County to protect the legal title to and interest of the Issuer.

Very truly yours,
