BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE TOWN OF MARLINTON:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation"), supplemental to the Prior Ordinances (as hereinafter defined), is enacted pursuant to the provisions of Chapter 8, Article 20 and Chapter 22, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Marlinton (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Pocahontas County of said State.

B. The Issuer presently owns and operates a public combined waterworks and sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer, consisting of additions and improvements to the existing sewerage system in Marlinton and adjacent areas in the Edray Magisterial District and to furnish expanded and improved water collection services to approximately 130 customers and an industrial park being constructed in the area, together with all appurtenant facilities (collectively, the "Project") (the existing public combined waterworks and sewerage system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund program (the "SRF Program"), which the Authority administers pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Combined Waterworks and Sewerage System Revenue Bonds, Series 2005 A (West Virginia SRF Program), in the total aggregate principal amount of not more than \$2,000,000 (the "Series 2005 A Bonds"), to be initially represented by a single bond, to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2005 A Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 2005 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2005 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2005 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 30 years.

F. It is in the best interests of the Issuer that its Series 2005 A Bonds be sold to the Authority pursuant to the terms and provisions of a bond purchase agreement (the "Loan Agreement") by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), in form satisfactory to the Issuer, the Authority and the DEP, to be approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2005 A Bonds as to liens, pledge, source of and security for payment, being the Issuer's (1) Combined Waterworks and Sewerage System Revenue and Refunding Bond, Series 1981, dated April 5, 1982, issued in the original aggregate principal amount of \$550,000 (the "Series 1981 Bonds"); (2) Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 A (West Virginia Infrastructure Fund), dated January 30, 1997, issued in the original aggregate principal amount of \$239,495 (the "Series 1997 A Bonds"); (3) Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 B (West Virginia Infrastructure Fund), dated August 18, 1997, issued in the original aggregate principal amount of \$555,450 (the "Series 1997 B Bonds"); and (4) Combined Waterworks and Sewerage System Revenue Bonds, Series 1998 A (West Virginia DWTRF Program), dated November 20, 1998, issued in the original aggregate principal amount of \$705,400 (the "Series 1998 A Bonds"). The Series 1981 Bonds, the Series 1997 A Bonds, the Series 1997 B Bonds and the Series 1998 A Bonds are hereinafter collectively called the "Prior Bonds."

The Series 2005 A Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2005 A Bonds, the Issuer will obtain a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds have been met and the written consent of the Holders of the Prior Bonds to the issuance of the Series 2005 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Bonds (as hereinafter defined) and payments into all funds and accounts and other payments provided for herein and in the Prior Ordinances (as hereinafter defined).

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2005 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council and the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2005 A Bonds or such final order will not be subject to appeal.

Section 1.03. Bond Legislation Constitutes Contract. The Series 2005 A Bonds shall be issued as a single bond, designated "Combined Waterworks and Sewerage System Revenue Bond, Series 2005 A (West Virginia SRF Program)", in the principal amount of not more than \$2,000,000, and shall have such terms as set forth hereinafter and in the Supplemental Resolution. The proceeds of the Series 2005 A Bonds remaining after funding of the Series 2005 A Bonds Reserve Account (if funded from Bond proceeds) and capitalizing interest on the Series 2005 A Bonds, if any, shall be deposited in or credited to the Series 2005 A Bonds Construction Trust Fund established by Section 5.01 hereof.

Section 3.02. Terms of Bonds. The Series 2005 A Bonds shall be issued in such principal amounts; shall bear interest, if any, at such rate or rates, not exceeding the then legal maximum, payable quarterly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution or as specifically provided in the Loan Agreement. The Series 2005 A Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest, if any, on the Series 2005 A Bonds shall be paid by check or draft of the Paying Agent or its agent, mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Series 2005 A Bonds shall initially be issued in the form of a single bond, fully registered to the Authority, with a record of advances and a debt service schedule attached, representing the aggregate principal amount of the Series 2005 A Bonds, and shall mature in principal installments, all as provided in the Supplemental Resolution. The Series 2005 A Bonds shall be exchangeable at the option and expense of the Registered Owner for another fully registered Bond or Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. Such Bonds shall be dated and shall have such terms as specified in a Supplemental Resolution.

Section 3.03. Execution of Bonds. The Series 2005 A Bonds shall be executed in the name of the Issuer by the Mayor, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Recorder. In case any one or more of the officers who shall have signed or sealed the Series 2005 A Bonds shall cease to be such officer of the Issuer before the Series 2005 A Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2005 A Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2005 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof, shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2005 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2005 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2005 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2005 A Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2005 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2005 A Bonds or transferring the registered Series 2005 A Bonds are exercised, all Series 2005 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2005 A

Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2005 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2005 A Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2005 A Bonds or, in the case of any proposed redemption of Series 2005 A Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2005 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate, register and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2005 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Gross Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2005 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2005 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Gross Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of all Series 2005 A Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Gross Revenues derived from the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. Such Gross Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Series 2005 A Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2005 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2005 A Bonds to the original purchasers upon receipt of the documents set forth below:

- B. A request and authorization to the Bond Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2005 A Bonds to the original purchasers;
- C. An executed and certified copy of the Bond Legislation;
- D. An executed copy of the Loan Agreement;
and
- E. The unqualified approving opinion of bond counsel on the Series 2005 A Bonds.

Section 3.10. Form of Series 2005 A Bonds. The text of the Series 2005 A Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

(iii) to pay certain costs of issuance hereof and related costs. The existing public combined waterworks and sewerage system of the Issuer, the Project, and any further extensions, additions, betterments or improvements thereto are herein called the "System." Withdrawals and disbursements may be made from the Depreciation Account for replacements, repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such accounts have not, as of the date of determination of a deficiency, funded such accounts to the maximum extent required hereof) shall be promptly eliminated with moneys from the Depreciation Account.

(6) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds or for any lawful purpose of the System.

Any withdrawals from the Series 2005 A Bonds Reserve Account which result in a reduction in the balance of the Series 2005 A Bonds Reserve Account to below the Series 2005 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2005 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement

thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2005 A Bonds Sinking Fund, or the Series 2005 A Bonds Reserve Account therein when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2005 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and Series 2005 A Bonds in accordance with the respective principal amounts then Outstanding.

All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into the Series 2005 A Bonds Sinking Fund and the Series 2005 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2005 A Bonds Sinking Fund and the Series 2005 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Issuer shall on the first day of each month (if such day is not a business day, then the next succeeding business day) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 2005 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each month (if such day is not a business day, then the next succeeding business day) deposit with the Commission the SRF Administrative Fee as set forth in the Loan Agreement.

D. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges, fees and expenses then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

E. The moneys in excess of the maximum amounts insured by FDIC in any account shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03 and the relevant provisions of the Prior Ordinances, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

G. The Gross Revenues of the System shall only be used for purposes of the System.

A. From the proceeds of the Series 2005 A Bonds, there shall first be deposited with the Commission in the Series 2005 A Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2005 A Bonds for the period commencing on the date of issuance of the Series 2005 A Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 2005 A Bonds, there shall be deposited with the Commission in the Series 2005 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2005 A Bonds Reserve Account.

C. As the Issuer receives advances of the remaining moneys derived from the sale of the Series 2005 A Bonds, such moneys shall be deposited with the Depository Bank in the Series 2005 A Bonds Construction Trust Fund and applied solely to payment of the Costs of the Project in the manner set forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2005 A Bonds.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2005 A Bonds shall be expended as approved in writing by the DEP.

Section 6.02. Disbursements From the Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2005 A Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for the Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2005 A Bonds Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of the following:

- (1) a completed and signed "Payment Requisition Form," a form of which is attached to the Loan Agreement, in compliance with the construction schedule, and
- (2) a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

Pending such application, moneys in the Series 2005 A Bonds Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2005 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2005 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2005 A Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2005 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Series 2005 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2005 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of the Series 2005 A Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Gross Revenues derived from the operation of the System, on a parity with the lien on the Gross Revenues in favor of the Holders of the Prior Bonds. The Gross Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 2005 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services of the facilities of the System shall be as set forth in the water rate ordinance duly enacted on January 20, 1998, and the sewer rate ordinance duly enacted on June 1, 2004, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2005 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the

schedule of rates, fees and charges initially established for the System in connection with the Series 2005 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, except as provided in the Prior Ordinances. Additionally, so long as the Series 2005 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2005 A Bonds, immediately be remitted to the Commission for deposit in the Series 2005 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to immediately apply such proceeds to the payment of principal of and interest on the Series 2005 A Bonds. Any balance remaining after the payment of all the Series 2005 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and the Governing Body may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Depreciation Account.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2005 A Bonds and the Prior Bonds. All obligations issued by the Issuer after the issuance of the Series 2005 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2005 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2005 Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the Department of Environmental Protection and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2005 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Series 1981 Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds than proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 1981 Bonds are no longer outstanding, the following parity requirement shall be met:

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2005 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2005 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the DEP and the Authority, or any other original purchaser of the Series 2005 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2005 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2005 A Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2005 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably

necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2005 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2005 A Bonds, including the Prior Bonds; provided that, in the event amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 2005 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2005 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2005 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2005 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinances described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions

authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and on behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the DEP, the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit

to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2005 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

- (1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will

also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Depreciation Account and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Depreciation Account. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at

least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP, and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the sewerage portion of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the West Virginia Public Service Commission and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for the issuance of the Series 2005 A Bonds required by State law, with all appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System. The Issuer shall provide the DEP with copies of all documents submitted to the Authority.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. **PRIVATE BUSINESS USE LIMITATION.** The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2005 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2005 A Bonds during the term thereof is, under the terms of the Series 2005 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2005 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2005 A Bonds during the term thereof is, under the terms of the Series 2005 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2005 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2005 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. **PRIVATE LOAN LIMITATION.** The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 2005 A Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2005 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** To the extent legally required, the Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2005 A Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. **FURTHER ACTIONS.** The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2005 A Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.20. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2005 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2005 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2005 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2005 A Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the DEP before expending any proceeds of the Series 2005 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the DEP and the Authority in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2005 A Bonds as a condition to issuance of the Series 2005 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2005 A Bonds as may be necessary in order to maintain the status of the Series 2005 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2005 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority, the West Virginia Infrastructure and Jobs Development Council or the DEP, as the case may be, from which the proceeds of the Series 2005 A Bonds are derived, to lose their status as tax-exempt

bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority, the West Virginia Infrastructure and Jobs Development Council or the DEP, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2005 A Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2005 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on the Series 2005 A Bonds;
or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its respective part relating to the Series 2005 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2005 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinances.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of the Series 2005 A Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2005 A Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2005 A Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2005 A Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2005 A Bonds shall be on a parity with the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of the Series 2005 A Bonds may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project

and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

If the Issuer shall pay or there shall otherwise be paid, to the Holders of the Series 2005 A Bonds, the principal of and interest due or to become due thereon, if any, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Gross Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2005 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

ARTICLE II

The Project and the System

2.1 The Project shall generally consist of the construction and acquisition of the facilities described in the Application, to be, being or having been constructed in accordance with plans, specifications and designs prepared for the Local Government by the Consulting Engineers, the DEP and Authority having found, to the extent applicable, that the Project is consistent with the applicable provisions of the Program.

2.2 Subject to the terms, conditions and provisions of this Bond Purchase Agreement and the Local Act, the Local Government has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared for the Local Government by the Consulting Engineers.

2.3 All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Local Government, subject to any mortgage lien or other security interest as is provided for in the Local Statute unless a sale or transfer of all or a portion of said property is approved by DEP and the Authority.

2.4 The Local Government agrees that the Authority and DEP and their respective duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Local Government further agrees that the Authority and DEP and their respective duly authorized agents shall, prior to, during and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities

as may be reasonably necessary to accomplish all of the powers and rights of the Authority and DEP with respect to the System pursuant to the pertinent provisions of the Act.

2.5 The Local Government shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. The Local Government shall permit the Authority and DEP, acting by and through their Directors or duly authorized agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination, and the Local Government shall submit to the Authority and DEP such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project, the operation and maintenance of the System and the administration of the Local Bonds proceeds or of any State and federal grants or other sources of financing for the Project.

2.6 The Local Government agrees that it will permit the Authority and DEP and their respective agents to have access to the records of the Local Government pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof or if the Project is an improvement to an existing system at any reasonable time following commencement of construction.

2.7 The Local Government shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract and shall verify or have verified such bonds prior to commencement of construction.

2.8 The Local Government shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority and DEP and shall verify or have verified such insurance prior to commencement of construction. Until the Project facilities are completed and accepted by the Local Government, the Local Government or (at the option of the Local Government) the contractor shall maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Local Government, the prime contractor and all subcontractors, as their interests may appear. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Local Government on or before the Date of Closing, as hereinafter defined, and maintained

so long as any of the Local Bonds are outstanding. Prior to commencing operation of the Project, the Local Government must also obtain, and maintain so long as any of the Local Bonds are outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Local Government shall provide and maintain competent and adequate engineering services satisfactory to the Authority and DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, DEP and the Local Government at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies. The Local Government shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Local Government shall notify DEP in writing of such receipt. The Local Government shall submit a Performance Certificate, the form of which is attached hereto as Exhibit A, and being incorporated herein by reference, to DEP within 60 days of the end of the first year after the Project is completed.

2.10 The Local Government shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to DEP when the Project is 90% completed. The Local Government shall at all times provide operation and maintenance of the System in compliance with any and all State and federal standards. The Local Government shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator(s) to operate the System during the entire term of this Bond Purchase Agreement. The Local Government shall notify DEP in writing of the certified operator employed at the 50% completion stage.

2.11 The Local Government hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Authority, DEP or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

2.12 The Local Government, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project, shall each month complete a Monthly Financial Report, the form of which is attached hereto as Exhibit B and incorporated herein by reference, and forward a copy by the 10th of each month to the DEP and the Authority.

2.13 The Local Government, during construction of the Project, shall complete Payment Requisition Forms, the form of which is attached hereto as Exhibit C and incorporated herein by reference, and forward such forms to DEP in compliance with the Local Government's construction schedule.

ARTICLE III

Conditions to Purchase of Local Bonds; Issuance of Local Bonds

3.1 The agreement of the Authority and DEP to purchase the Local Bonds is subject to the Local Government's fulfillment, to the satisfaction of the Authority and DEP, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(c) The Local Government shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(d) The Local Government shall either have received bids or entered into contracts for the construction of the Project, which are in an amount and otherwise compatible with the plan of financing described in the Application; provided that, if the proceeds of the Local Bonds will refund an interim construction financing, the Local Government must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and DEP shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit D;

(e) The Local Government shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the

Project, and the Authority and DEP shall have received a certificate of the Consulting Engineers to such effect;

(f) The Local Government shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(g) The Local Government shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(h) The Local Government shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and DEP shall have received a certificate of the accountant for the Local Government, or such other person or firm experienced in the finances of local governments and satisfactory to the Authority and DEP, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and DEP shall have received a certificate of the Consulting Engineers, or such other person or firm

3.2 Subject to the terms and provisions of this Bond Purchase Agreement, the rules and regulations promulgated by the Authority and DEP, including the SRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall purchase the Local Bonds of the Local Government and the Local Government shall issue and sell the Local Bonds to the Authority, and in furtherance thereof it is agreed that the Local Government shall sell to the Authority and the Authority shall purchase the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. 3.3 The Local Bonds shall be secured and shall be repaid in the manner hereinafter provided in this Bond Purchase Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Government by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, DEP and the Local Government. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Closing." Notwithstanding the foregoing, the Date of Closing shall in no event occur more than ninety (90) days after the date of execution of this Bond Purchase Agreement by the Authority or such later date as is agreed to in writing by DEP.

3.5 The Local Government understands and acknowledges that it is one of several local governments which have applied to the Authority and DEP for financing of wastewater treatment projects and that the obligation of the Authority to purchase the Local Bonds is subject to the Local Government's fulfilling all of the terms and conditions of this Bond Purchase Agreement on or prior to the Date of Closing and to the requirements of the Program. The Local Government specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to such purchase, the Authority may purchase the bonds of other local governments set out in the State Project Priority List, as defined in the SRF

Regulations. The Local Government further specifically recognizes that all bonds will be purchased in conjunction with the SRF Regulations and with the prior approval of DEP.

3.6 The Local Government shall provide DEP with the appropriate documentation to comply with the special conditions regarding the public release and audit requirements, established by federal and State regulations as set forth in Exhibit E attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Local Bonds;
Repayment of Local Bonds; Interest on Local Bonds;
Fees and Charges

4.1 The Local Government shall, as one of the conditions of the Authority and DEP to purchase the Local Bonds, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Government in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the net or gross revenues of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Government shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the SRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole or substantially as a whole, provided that the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of such System as evidenced by certificates from the Consulting

Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Government shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and DEP; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Local Government will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Government will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Government under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or

independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Local Government's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F

and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and DEP is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider; and

(xxi) That the Local Government shall submit all proposed change orders to the DEP for written approval. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Local Bonds shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Closing. The remaining proceeds of the Local Bonds shall be advanced by the DEP monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to purchase the Local Bonds shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to purchase the Local Bonds.

ARTICLE V

Certain Covenants of the Local Government;
Imposition and Collection of User Charges;
Payments To Be Made by
Local Government to the Authority

5.1 The Local Government hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Bond Purchase Agreement and the Local Act. The Local Government hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to purchase the Local Bonds, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to this Bond Purchase Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Local Bonds next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Government

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by the Local Government in the terms and covenants of this Bond Purchase

Agreement, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Bond Purchase Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this Bond Purchase Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's purchasing and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this Bond Purchase Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the issuance of the Local Bonds shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the SRF Regulations or this Bond Purchase Agreement.

6.3 The Local Government hereby agrees to repay on or prior to the Date of Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Local Bonds.

6.4 The Local Government hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Government fails to make any such rebates as required, then the Local Government shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or

desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and DEP may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local Government to be monitored or cause the rebate calculations for the Local Government to be prepared, in either case at the expense of the Local Government.

6.6 The Local Government hereby agrees to give the Authority and DEP prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Government hereby agrees to file with the Authority and DEP upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this Bond Purchase Agreement by the Authority as soon as practicable after the Date of Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Bond Purchase Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Bond Purchase Agreement, and this Bond Purchase Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Bond Purchase Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Bond Purchase Agreement.

7.4 No waiver by any party of any term or condition of this Bond Purchase Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Bond Purchase Agreement.

7.5 This Bond Purchase Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Local Bonds and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Bond Purchase Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Bond Purchase Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by DEP if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Local Bonds and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Local Bonds purchased under this Bond Purchase Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to purchase the Local Bonds. In the event funds are not appropriated or otherwise available to purchase all of the Local Bonds, the responsibility of the Authority and DEP to purchase the Local Bonds is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Local Bonds is not terminated due to such non-funding on any balance of the Local Bonds. The DEP agrees to use its best efforts to have the amount contemplated under this Bond Purchase Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this Bond Purchase Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Bond Purchase Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Local Government to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Local Government according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Government.

The Local Government must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

Charleston, WV 25311

West Virginia Department of Environmental Protection
601 57th Street
Charleston, WV 25304

Ladies and Gentlemen:

We are bond counsel to _____ (the "Local Government"), a
_____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a bond purchase agreement dated ____, ____, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), among the Local Government, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and (ii) the issue of a series of revenue bonds of the Local Government, dated _____, ____ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Local Bonds are issued in the principal amount of \$_____, in the form of one bond, registered as to principal only to the Authority, with principal payable quarterly on March 1, June 1, September 1, and December 1 of each year, beginning ____ 1, ____, and ending ____ 1, ____, all as set forth in the "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Local Government on _____, as supplemented by the supplemental resolution duly adopted by the Local Government on _____

(collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Bond Purchase Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government, enforceable in accordance with the terms thereof.

2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.

3. The Local Government is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Local Government and constitute valid and binding obligations of the Local Government, enforceable against the Local Government in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid, legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

CASE NO. 04-0565-S-CN

TOWN OF MARLINTON
709 2nd Avenue

Marlinton, West Virginia 24954

Application for a certificate of convenience and necessity to expand an existing sewer collection and treatment system.

RECOMMENDED DECISION

On April 15, 2004, the Town of Marlinton (Town or Applicant), a Municipal Utility, filed an application, duly verified, for a certificate of convenience and necessity to construct certain additions and improvements to the existing sewer system in Marlinton and in adjacent areas in the Edray Magisterial District of Pocahontas County and to furnish expanded and improved water collection services to approximately 130 customers, as well as a proposed industrial park being constructed in the area. The Town, which estimated that the project will cost approximately \$1,950,000, proposed to finance the project by a Clean Water State Revolving Fund (CWSRF) loan in the amount of \$1,490,295 and a Small Cities Block Grant from the Governor's Office in the amount of \$459,705. The Town advised that it intends to file a rate ordinance in conjunction with this certificate seeking an increase of 29.97% in order to fund the project.

By Order entered April 15, 2004, the Commission required that the Town publish a Notice of Filing providing a thirty-day period to protest the application for a certificate of convenience and necessity and the financing. The Order provided that, if no protests were filed, the Commission may grant the certificate based on its review of the application.

With the Order of April 15, 2004, the Commission forwarded a letter to the Town's counsel outlining the various notice requirements. The correspondence advised the Applicant that, within thirty (30) days of the date the Commission issued its Notice of Filing Order, the Town shall have completed the mailing of a separate notice to each of its customers by one or a combination of three methods. The Commission provided the Town with a list of the newspapers to utilize for publication purposes.

On April 23, 2004, Staff filed its Initial Joint Staff Memorandum indicating that Staff needed additional information to complete its review of the application. Staff noted that it was concerned about the

Town's infringement upon the boundaries of the Pocahontas County Public Service District and requested that the information requested by Staff be filed within ten (10) days. Technical Staff recommended that the matter be dismissed if the requested information was not filed.

On May 4, 2004, the Town filed a copy of the engineering agreement between it and Hannah and Associates, Inc., regarding services for a sewer extension project in response to Staff's data request.

On May 24, 2004, the Town filed a letter from the project engineer outlining steps it had taken in regard to the project and providing revised O & M data and a funding letter from the Governor's Office. The Town advised that interim financing was being provided by a local bank. The Town further requested an extension of the Administrative Law Judge's decision due date.

On June 1, 2004, counsel for the Town of Marlinton filed a waiver of the encroachment of the Town of Marlinton upon Pocahontas County Public Service District's territory. The Town asserted that the waiver is of record in the Office of the Clerk of the Pocahontas County Commission and the Town believes the document resolves the issues raised by Staff regarding said encroachment.

On June 11, 2004, the Town requested that the statutory deadline in this case be tolled.

By Commission Order issued August 5, 2004, the Commission granted the Town's Motion to Toll the Statutory Period for 90 days to process this certificate application. Accordingly, the statutory deadline was extended from January 10, 2005, to April 10, 2005. This matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before February 7, 2005. Finally, the Order directed the Town to file, no later than April 25, 2004, its responses to Staff's data request.

By Procedural Order issued October 25, 2004, Staff was directed to file its substantive recommendation in this matter no later than October 29, 2004. The Town was directed to file its responses to Staff's substantive recommendation no later than November 10, 2004. The Order further provided that any settlement in this matter be filed no later than November 19, 2004, for the Administrative Law Judge's review. This matter was set for hearing to be held on November 29, 2004, in the Marlinton City Building, Council Chambers, 709 2nd Avenue, Marlinton, West Virginia, to commence at 1:30 p.m. unless cancelled by further order of the Commission. All parties of record were notified that Rules 4.4 and 12.7 of the Commission's Rules of Practice and Procedure require that, in all proceedings before the Commission, corporations, including municipalities, must be represented by an attorney who is a member in good standing with the West Virginia State Bar or associated with a West Virginia attorney in good standing with the West Virginia State Bar and who otherwise qualifies under Rule 8.0 of the Supreme Court's Rules for Admission to the Practice of Law.

On October 28, 2004, the Town filed a second request that the Commission toll the statutory deadline to process this certificate application to permit meaningful and timely completion of the review process. As cause, the Town advised that the final funding letter from the Clean Water State Revolving Fund was anticipated after November 15, 2004; that Staff asked the Town to seek further tolling; that the Town did not object to Staff's request; and that it was in the interest of economy to maintain the action for this needed project.

By Order entered November 1, 2004, the Commission granted the Town's motion to further toll the statutory period to process this certificate application. The Commission tolled the statutory deadline for 60 days, from April 10, 2005, to June 9, 2005. The Administrative Law Judge's decision due date was extended 60 days until April 8, 2005.

By Procedural Order issued November 3, 2004, Staff was directed to file its substantive recommendation in this matter no later than December 23, 2004. The Town was directed to file its responses to Staff's substantive recommendation no later than January 4, 2005. Any settlement in this matter was to be filed no later than January 18, 2005, for the Administrative Law Judge's review. The hearing scheduled to be held on November 29, 2004, was cancelled and rescheduled to be held on February 1, 2005, in the Marlinton City Building, Council Chambers, 709 2nd Avenue, Marlinton, West Virginia, to commence at 1:30 p.m. unless cancelled by further order of the Commission.

On December 23, 2004, Commission Staff filed its Final Joint Staff Memorandum. Staff recommended dismissal of the case due to the lack of funding confirmation and the lack of other information.

On December 30, 2004, Marlinton filed an additional Motion for Tolling of ALJ Due Date. Therein, Marlinton stated that the funding letter is anticipated. Marlinton argued that Staff's recommendation to dismiss would cause undue delay and necessitate additional advertising, legal and other expenses. Marlinton requested an additional sixty (60) days.

By Commission Order entered January 4, 2005, the Commission denied Marlinton's motion to further toll the statutory period and to extend the ALJ decision due date. However, the Commission did not rule on the Staff's recommendation to dismiss the case and instead stated, "The Commission anticipates that the ALJ will attempt to utilize the time remaining in this proceeding instead of immediately dismissing the case per Staff's recommendation."

On January 10, 2005, the Commission received a Petition for Reopening or Reconsideration Period from Marlinton. Attached to the Petition was a copy of a funding letter from the West Virginia Revolving Fund evidencing funding for the project. The Petition also noted that the dismissal of the present application would create a long delay because of the necessity for additional advertisement, and generate additional legal and other expenses. As such, the Town requested that the Commission reconsider this matter and set aside the Order of Dismissal or in the alternative order the present case reopened to finalize the application.

By Order entered January 20, 2005, Marlinton's motion to further toll the statutory period to process the certificate application was granted until July 19, 2005. The Administrative Law Judge's decision due date was likewise extended forty (40) days from April 8, 2005, until May 18, 2005.

By Procedural Order issued January 21, 2005, the hearing scheduled to be held on February 1, 2005, was cancelled and rescheduled for hearing to be held on March 11, 2005, in the Marlinton City Building, Council Chambers, 709 2nd Avenue, Marlinton, West Virginia, to commence at 9:30 a.m. unless cancelled by further order of the Commission. Staff was directed to file its revised substantive recommendation in this matter no later than February 14, 2005. The Town was directed to file its responses to Staff's revised substantive recommendation no later than February 24, 2005. The Order further directed that any settlement in this matter be filed no later than March 4, 2005, for the Administrative Law Judge's review.

On February 10, 2005, Staff filed a Motion to Compel the Town to provide Staff with addition information as outlined in Staff's Final Joint Staff Memorandum filed December 23, 2004, and a Further Final Joint Staff Memorandum filed January 20, 2005.

On February 16, 2005, Staff filed a Further Final Joint Staff Memorandum attached to which was a Final Internal Memorandum dated January 5, 2005. Technical Staff advised that Staff had not received a copy of the approved plans and specifications to review. Technical Staff is also concerned that the project cost estimate may be outdated. Staff recommended that the case be dismissed and refiled or reopened. The Legal Division asserted that the Town has failed to provide Staff with requested information and that said information is needed in order to review the application.

By Procedural Order issued February 22, 2005, the hearing scheduled to be held on March 11, 2005, was cancelled and rescheduled for hearing to be held on March 25, 2005, in the Marlinton City Building, Council Chambers, 709 2nd Avenue, Marlinton, West Virginia, to commence at 9:30 a.m. unless cancelled by further order of the Commission. The Town of Marlinton was directed to file its approved plans and specifications and funding commitments no later than February 28, 2005. Staff was directed to file its revised substantive recommendation in this matter no later than March 7, 2005. The Town of Marlinton was directed to file its responses to Staff's revised substantive recommendation no later than March 17, 2005. The Order further provided that any settlement in this matter be filed no later than March 21, 2005, for the Administrative Law Judge's review.

On March 7, 2005, Staff filed its Second Further Final Joint Staff Memorandum recommending approval of this filing. The project is designed to add 132 new customers. Technical Staff finds the project to be both necessary and convenient. Technical Staff found the plans and specifications to be in general conformance with the Commission's rules and regulations, but noted that the Town's NPDES permit is still outstanding. The Town proposed a 29.97% increase in its rates and charges which should generate \$85,343 in annual operating revenues. The Town

passed a rate ordinance incorporating the proposed rates with an effective date of July 16, 2004. Staff believes the new rates are sufficient to cover the project-related expenses, debt service and reserve requirements. Staff recommended approval of the financing of the project, being a State Revolving Fund Loan in the amount of \$1,490,296 for a period not to exceed 30 years at a 0% interest rate, with a $\frac{1}{2}$ % annual administrative fee, and a Small Cities Block grant in the amount of \$410,000. Technical Staff recommended that the Town file copies of the bids with the Commission, as soon as they are tabulated; and that it be required to notify the Commission and request that the filing be reopened if there is any change in the plans, scope or financing for the project. Staff noted that no protests were filed to the application and recommended that the application be approved and the hearing scheduled to be held on March 25, 2005, be cancelled. Staff enclosed a proposed tariff which it suggested the Town utilize when passing its next ordinance in an attempt to standardized the tariff language.

By Procedural Order issued contemporaneously with this decision, the hearing scheduled to be held on March 25, 2005, has been cancelled.

Upon consideration of all of the above, the Administrative Law Judge is of the opinion that the application should be approved, along with the proposed financing. The Town has already enacted rates which Staff believes will support this project.

FINDINGS OF FACT

1. On April 15, 2004, the Town of Marlinton, a municipal utility, filed an application, duly verified, for a certificate of convenience and necessity to construct certain additions and improvements to the existing sewer system in Marlinton and in adjacent areas in the Edray Magisterial District of Pocahontas County and to furnish expanded and improved water collection services to approximately 130 customers, as well as a proposed industrial park being constructed in the area. (See, application).

2. The Town's Notice of Filing was published on April 22, 2004, in The Pocahontas Times, Inc., a newspaper of general circulation in Pocahontas County. The Town also provided a certificate verifying that it had mailed separate notices to all of its customers advising them of the rate increase by postcard billing. The protest period expired without protests having been filed to the application. (See, affidavit of publication and certificate filed June 16, 2004; case file generally).

3. The project will cost \$1,900,296 and will be financed by a State Revolving Fund loan in the amount of \$1,490,296 at a 0% interest rate, with a $\frac{1}{2}$ % annual administrative fee, for a period not to exceed 30 years, and a Small Cities Block Grant in the amount of \$410,000. (See, application; Second Further Final Joint Staff Memorandum filed on March 7, 2005).

4. The Pendleton County Bank approved the Town's loan request in the amount of \$500,000, for a term of 12 months at prime interest rate,

to be used as interim financing for this sewer project. (See, correspondence filed June 30, 2004).

5. The Town proposed a 29.97% rate increase to support the project, which it passed and adopted by a rate ordinance which went into effect July 16, 2004. (See, application; Second Further Final Joint Staff Memorandum filed on March 7, 2005).

6. A number of the residential customers in the affected area are using septic systems or other systems which are inadequate. Additional expansion of the Town's system is needed to meet the growth and economic development in the service area, including a proposed industrial park. The West Virginia Department of Environmental Protection issued Administrative Order No. 5480 to the Town of Marlinton for Permit No. WV0024473, which requires the Town to upgrade its treatment facility to meet the requirements of its Permit. (See, application; correspondence filed January 28, 2004; Second Further Final Joint Staff Memorandum filed on March 7, 2005).

7. Staff recommended that the Town's application for a certificate of convenience and necessity be approved, as necessary and convenient. Staff advised that the plans and specifications submitted by the Town are in general conformance with the Commission's rules and regulations. Staff also recommended approval of the project funding. (See, application; Second Further Final Joint Staff Memorandum filed on March 7, 2005).

8. Staff recommended that the Town be required to notify the Commission and request that the filing be reopened in the event there is any change in the plans, scope or financing for the project; request approval for any necessary project revisions, if bids exceed the estimated construction costs approved in this filing; file a copy of the engineer's certified tabulation of bids, within ten days of the bid opening date; and submit a copy of the certificate of substantial completion of the project when said certificate is available. (See, Second Further Final Joint Staff Memorandum filed on March 7, 2005).

9. The Town accepted Staff's substantive recommendations as contained in the Second Further Final Joint Staff Memorandum filed on March 7, 2005; requested that the application be approved, without hearing; and agreed to file the certified bid. (See, correspondence filed March 14, 2005).

CONCLUSIONS OF LAW

1. The public convenience and necessity require the proposed project.

2. The project is adequately financed and economically feasible.

3. It is reasonable to grant the certificate application; approve the financing, consisting of State Revolving Fund Loan in the amount of \$1,490,296 for a period not to exceed 30 years at a 0% interest rate,

with a ½% annual administrative fee, and a Small Cities Block Grant in the amount of \$410,000; require the Town to obtain Commission approval should the scope or financing of the project change; require the Town to file a copy of the engineer's certified tabulation of bids, within ten (10) days of the bid opening date; and require the submission of a certificate of substantial completion from the Town's engineer as soon as it becomes available.

ORDER

IT IS, THEREFORE, ORDERED that the application filed by the Town of Marlinton on April 15, 2004, to construct certain additions and improvements to the existing sewer system in Marlinton and in adjacent areas in the Edray Magisterial District of Pocahontas County and to furnish expanded and improved water collection services to approximately 130 customers, as well as a proposed industrial park being constructed in the area, be, and hereby is, approved.

IT IS FURTHER ORDERED that, if there are any changes to the scope, plans or financing of the project, the Town obtain Commission approval of such changes prior to commencing construction.

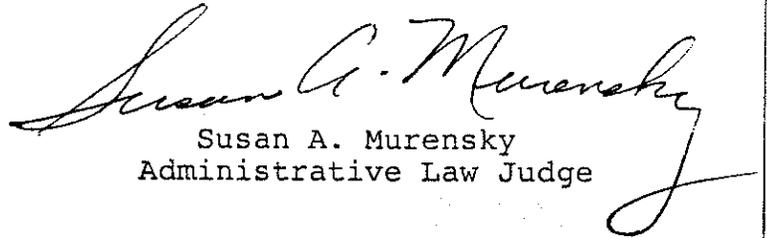

IT IS FURTHER ORDERED that this matter be removed from the Commission's docket of open cases.

If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 26th day of July, 2005.

CASE NO. 04-0565-S-CN (Reopened)

TOWN OF MARLINTON

Petition to reopen for a Commission Order approving revised funding for project (filed 7/5/05).

COMMISSION ORDER

By Recommended Decision entered on March 14, 2005 (Final March 22, 2005), approval was granted to the Town of Marlinton to construct certain additions and improvements to the existing sewer system in Marlinton and in adjacent areas, and to furnish expanded and improved water collection services. Financing for the project was approved, consisting of a \$410,000 Small Cities Block grant and a \$1,490,296 State Revolving Fund (SRF) loan for a period not to exceed 30 years at a 0% interest rate, with a 0.5% annual administrative fee.

On July 5, 2005, the Town filed a petition to reopen for approval of revised financing due to a bid overrun. Pursuant to the West Virginia Department of Environmental Protection (DEP) letter attached to the Town's petition, the DEP agreed to increase the SRF loan to \$1,660,766, with the same terms and conditions of the loan previously approved. Finally, according to the District, the increased loan amount will not require any change in rates.

On July 18, 2005, Commission Staff filed an Initial and Final Joint Staff Memorandum and recommended approval of the Town's petition. Staff explained that revenues from the adopted rates are sufficient to cover the project related expenses and provide a proforma surplus of approximately \$14,023 and debt coverage of 134.24%. Thus, Staff concluded that the project as amended is financial feasible.

On July 20, 2005, the Town filed correspondence, indicating there was no objection to Staff's memorandum.

DISCUSSION

Upon review of all of the foregoing, the Commission finds that approval should be granted of the Town's petition for revised funding, consisting of a revised SRF loan in the amount of \$1,660,766, with the same terms and conditions of the loan previously approved.

FINDINGS OF FACT

1. By Recommended Decision entered on March 14, 2005 (Final March 22, 2005), financing for the Town's sewer project was approved, consisting of a \$410,000 Small Cities Block grant and a \$1,490,296 SRF loan for a period not to exceed 30 years at a 0% interest rate, with a 0.5% annual administrative fee.
2. On July 5, 2005, the Town filed a petition to reopen for approval of revised financing due to a bid overrun.
3. Pursuant to the DEP letter attached to the Town's petition, the DEP agreed to increase the SRF loan to \$1,660,766, with the same terms and conditions of the loan previously approved.
4. According to the District, the increased loan amount will not require any change in rates.
5. On July 18, 2005, Staff recommended approval of the Town's petition.
6. On July 20, 2005, the Town indicated there was no objection to Staff's memorandum.

CONCLUSION OF LAW

The Town's petition for revised funding should be approved, consisting of a revised SRF loan in the amount of \$1,660,766, for a period not to exceed 30 years at a 0% interest rate, with a 0.5% annual administrative fee.

ORDER

IT IS, THEREFORE, ORDERED that the Town of Marlinton's petition to reopen is hereby granted.

IT IS FURTHER ORDERED that the Town of Marlinton's petition for revised financing is hereby approved, consisting of a revised SRF loan in the amount of \$1,660,766, for a period not to exceed 30 years at a 0% interest rate, with a 0.5% annual administrative fee.

IT IS FURTHER ORDERED that in the event of any change to the funding, terms of financing, plans, or scope of the approved project, the Town of Marlinton shall petition the Commission to reopen this proceeding for approval of the same.

IT IS FURTHER ORDERED that, upon entry hereof, this proceeding shall be removed from the Commission's active docket of cases.

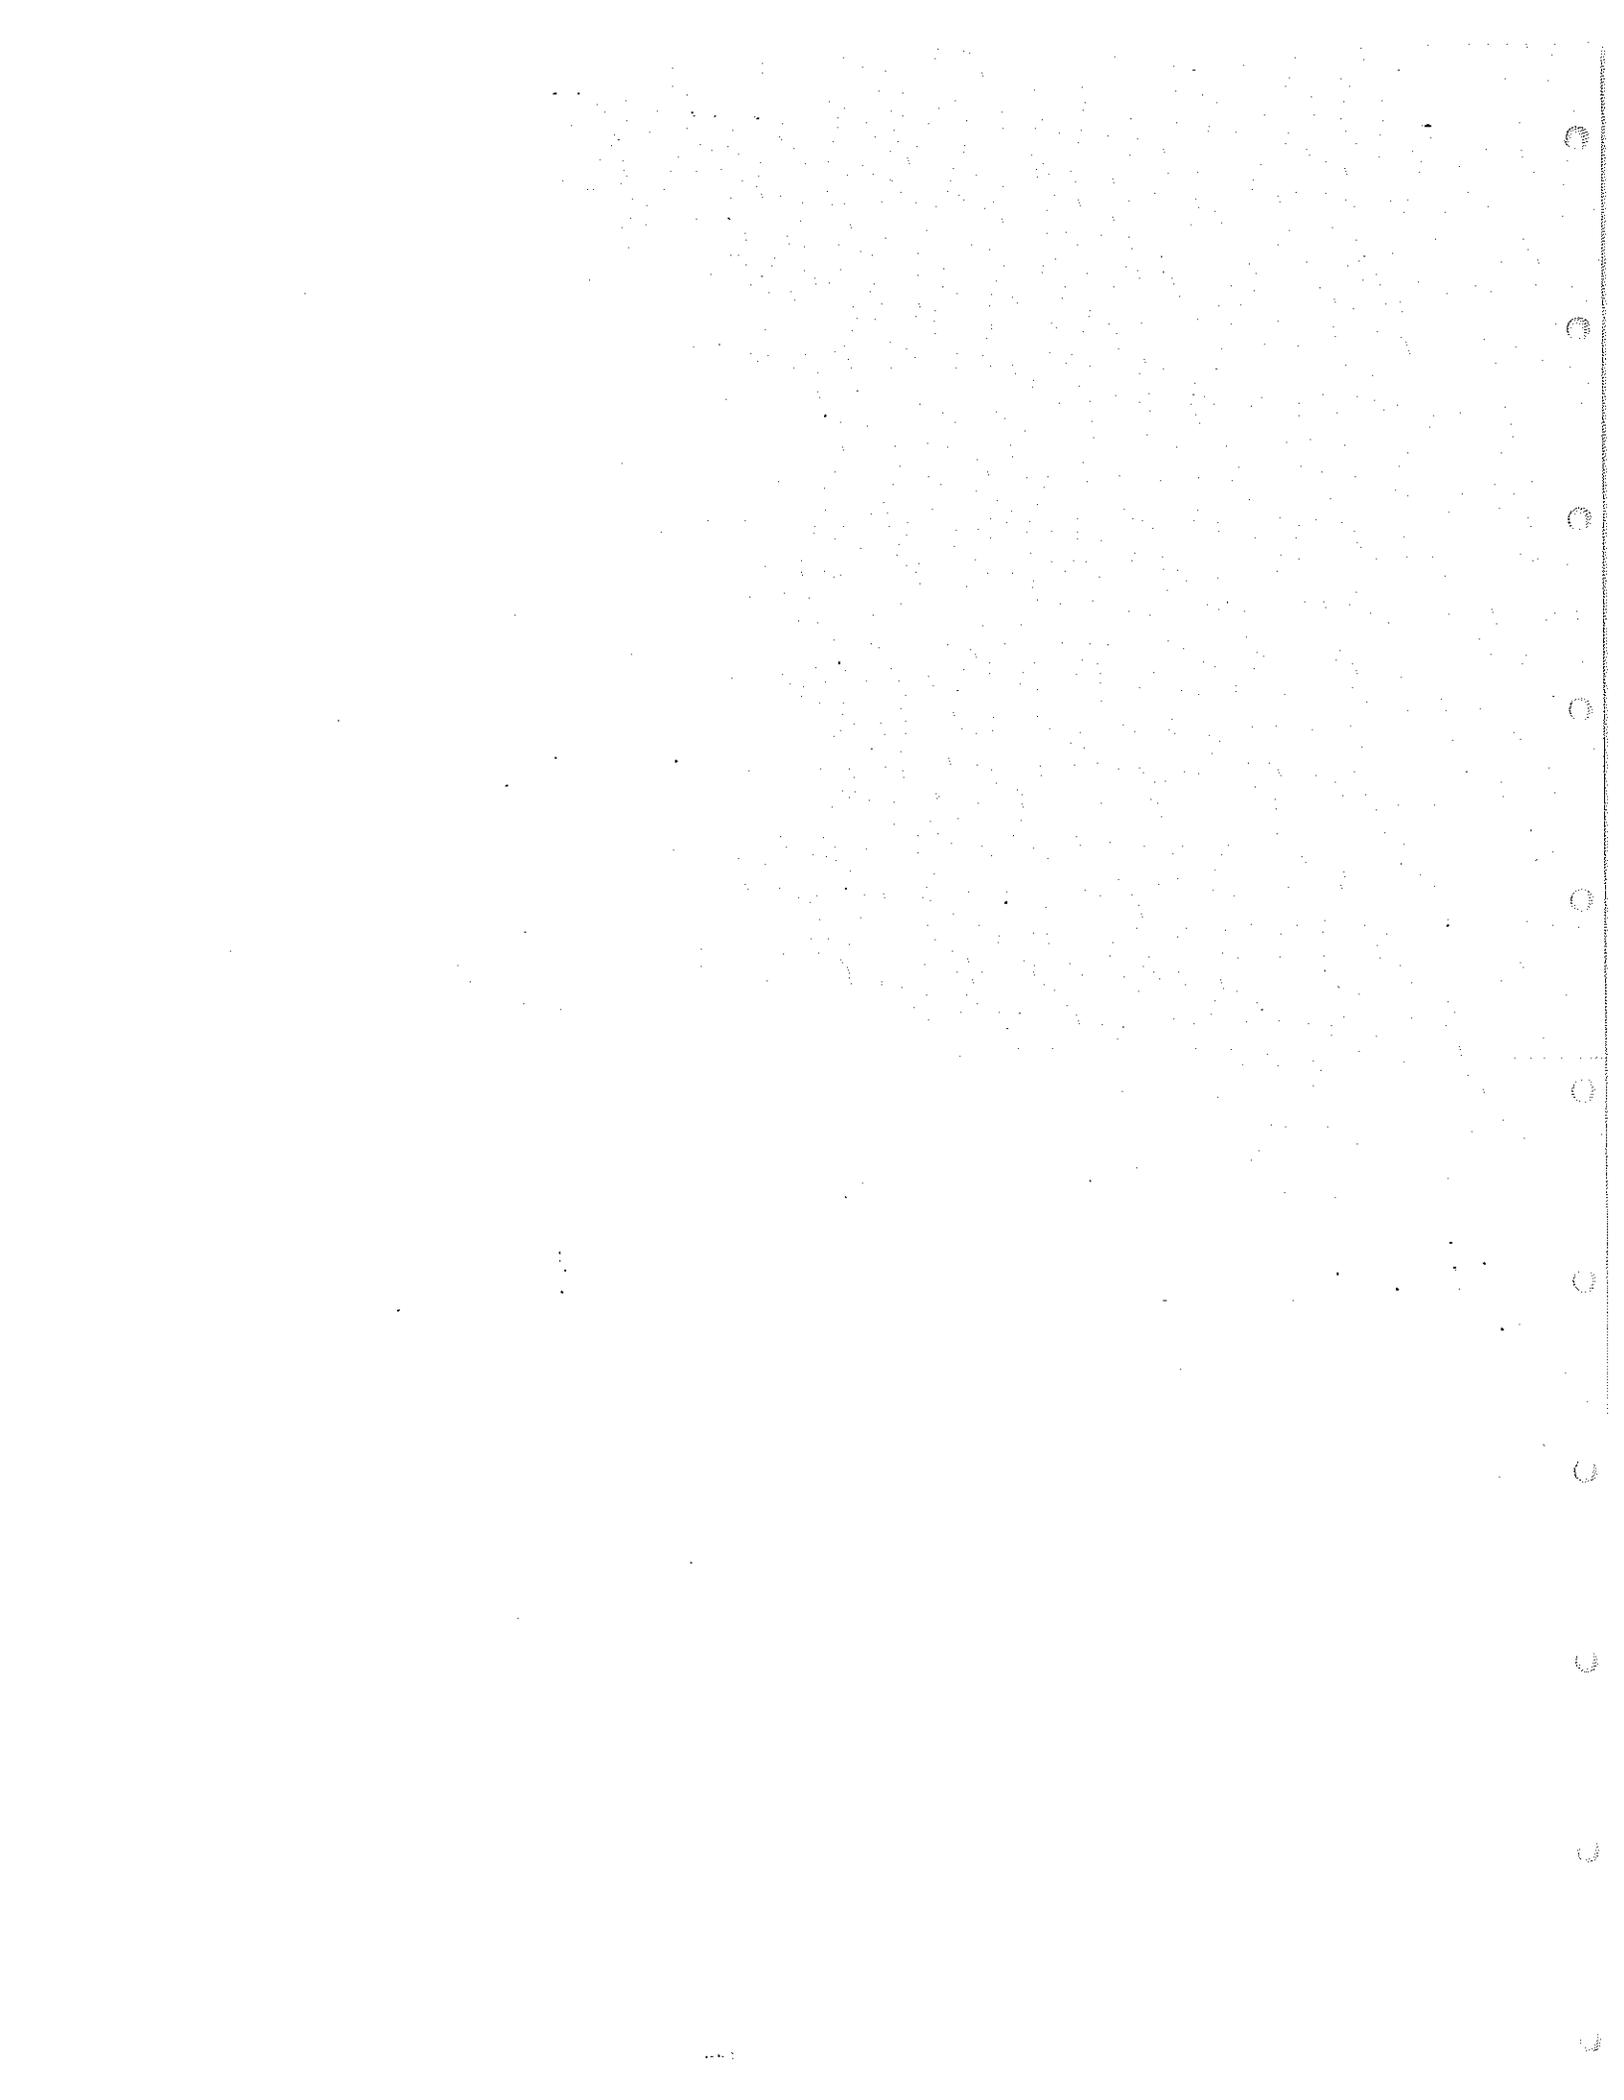

IT IS FURTHER ORDERED that the Commission's Executive Secretary serve a copy of this order upon all parties of record by United States First Class Mail and upon Commission Staff by hand delivery.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance hereof and related costs. The existing public combined waterworks and sewerage system of the Issuer, the Project, and any further extensions, additions, betterments or improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 8, Article 20 and Chapter 22, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Ordinance duly enacted by the Issuer on July 26, 2005, and a Supplemental Resolution duly adopted by the Issuer on October 4, 2005 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE AND REFUNDING BOND, SERIES 1981, DATED APRIL 5, 1982, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$550,000; (2) COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1997 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JANUARY 30, 1997, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$239,495; (3) COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1997 B (WEST VIRGINIA INFRASTRUCTURE FUND), DATED AUGUST 18, 1997, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$555,450; AND (4) COMBINED WATERWORKS AND SEWERAGE SYSTEM REVENUE BONDS, SERIES 1998 A (WEST VIRGINIA DWTRF PROGRAM), DATED NOVEMBER 20, 1998, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$705,400 (COLLECTIVELY, THE "PRIOR BONDS").

This Bond is payable only from and secured by a pledge of the Gross Revenues (as defined in the Bond Legislation) to be derived from the operation of the System, on a parity with the pledge of Gross Revenues in favor of the Holders of the Prior Bonds, and from moneys in the Reserve Account created under the Bond Legislation for the Bonds (the "Series 2005 A Bonds Reserve Account"), and unexpended proceeds of the Bonds. Such Gross Revenues shall be sufficient to pay all operating expenses of the System and the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest, if any, hereon, except from said special fund provided from the Gross Revenues, the moneys in the Series 2005 A Bonds Reserve Account and unexpended proceeds of the

Bonds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest, if any, on the Bonds, and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided however, that so long as there exists in the Series 2005 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest, if any, which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding prior to or on a parity with the Bonds, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of The Huntington National Bank, Charleston, West Virginia, as registrar (the "Registrar"), by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and costs of issuance hereof described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Town of Marlinton (the "Issuer"), a municipal corporation and political subdivision organized and existing under the laws of the State of West Virginia, of its \$1,660,766 Combined Waterworks and Sewerage System Revenue Bonds, Series 2005 A (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated September 22, 2005, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority"), and the West Virginia Department of Environmental Protection (the "DEP"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing March 1, 2007, and maturing December 1, 2036, all as set forth in "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds. The Bonds are subject to the SRF Administrative Fee equal to 0.5% of the principal amount of the Bonds as set forth in the Schedule Y attached to the Loan Agreement.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 8, Article 20 and Chapter 22C,

Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the sewerage portion of the existing public combined waterworks and sewerage system of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Ordinance duly enacted by the Issuer on July 26, 2005, as supplemented by a Supplemental Resolution duly adopted by the Issuer on October 4, 2005 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to enact the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP .

3. The Bond Legislation and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Gross Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Gross Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Combined Waterworks and Sewerage System Revenue and Refunding Bond, Series 1981, dated April 5, 1982, issued in the original aggregate principal amount of \$550,000, Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 A (West Virginia Infrastructure Fund), dated January 30, 1997, issued in the original aggregate principal amount of \$239,495, Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 B (West Virginia Infrastructure Fund), dated August 18, 1997, issued in the original aggregate principal amount of \$555,450, and Combined Waterworks and Sewerage System Revenue Bonds, Series 1998 A Bonds (West Virginia DWTRF Program), dated November 20, 1998, issued in the original aggregate principal amount of \$705,400 (collectively, the "Prior Bonds"), all in accordance with the terms of the Bonds and the Bond

Legislation. The Issuer has obtained the written consent of the holders of the Prior Bonds to the issuance of the Bonds on a parity with the Prior Bonds.

5. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality, political subdivision or agency thereof, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from gross income for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

I am counsel to the Town of Marlinton in Pocahontas County, West Virginia (the "Issuer"), in connection with the above-captioned bond issue. As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson, as bond counsel, a bond purchase agreement dated September 22, 2005, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), a Bond Ordinance duly enacted by the Issuer on July 26, 2005, as supplemented by a Supplemental Resolution duly adopted by the Issuer on October 4, 2005 (collectively, the "Bond Legislation"), and other documents relating to the above-captioned Bonds of the Issuer (the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

MARTIN V. SAFFER
ATTORNEY AT LAW

1. The Issuer has been duly created and is validly existing as a municipal corporation and political subdivision of the State of West Virginia, and the Mayor, Recorder and members of the council of the Issuer have been duly and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.
2. The Bond Legislation has been duly adopted and enacted by the Issuer and is in full force and effect.
3. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, and the DEP constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.
4. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.
5. The Issuer has received all permits, licenses, approvals, exemptions, consents, registrations, certificates and authorizations required by law for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders and approvals from the West Virginia Department of Environmental Protection, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and has taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of ordinances prescribing such rates and charges. The time for appeal of such rate ordinances has expired prior to the date hereof without any appeal.
6. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Gross Revenues therefor.
7. All successful bidders have made required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (i) are in compliance with the contracts; (ii) are adequate in form, substance and amount to protect the various interests of the Issuer; (iii) have been executed by duly authorized representatives of the proper parties; (iv) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (v) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

Re: Final Title Opinion for Town of Marlinton

Ladies and Gentlemen:

I am counsel to the Town of Marlinton (the "Issuer") in connection with a proposed sewer extension project to construct sewer utilities (the "Project"). I provide this final title opinion on behalf of the Issuer to satisfy the requirements of the West Virginia Department of Environmental Protection (the "DEP") for the Project. Please be advised of the following:

1. I am of the opinion that the Issuer is a duly created and validly existing municipality possessed with all the powers and authority granted to municipalities under the laws of the State of West Virginia to construct, operate and maintain the Project as approved by the DEP.

2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.

3. I have investigated and ascertained the location of, and are familiar with the legal description of, the necessary sites, including easements and/or rights of

MARTIN V. SAFFER

way, required for the Project as set forth in the plans for the Project prepared by Hannah and Associates, the consulting engineer for the Project.

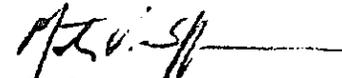

4. I have examined the records on file in the Office of the Clerk of the County Commission of Pocahontas County, West Virginia, the county in which the Project is to be located, and, in my opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way, with the exception of those listed in Paragraph 5, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.

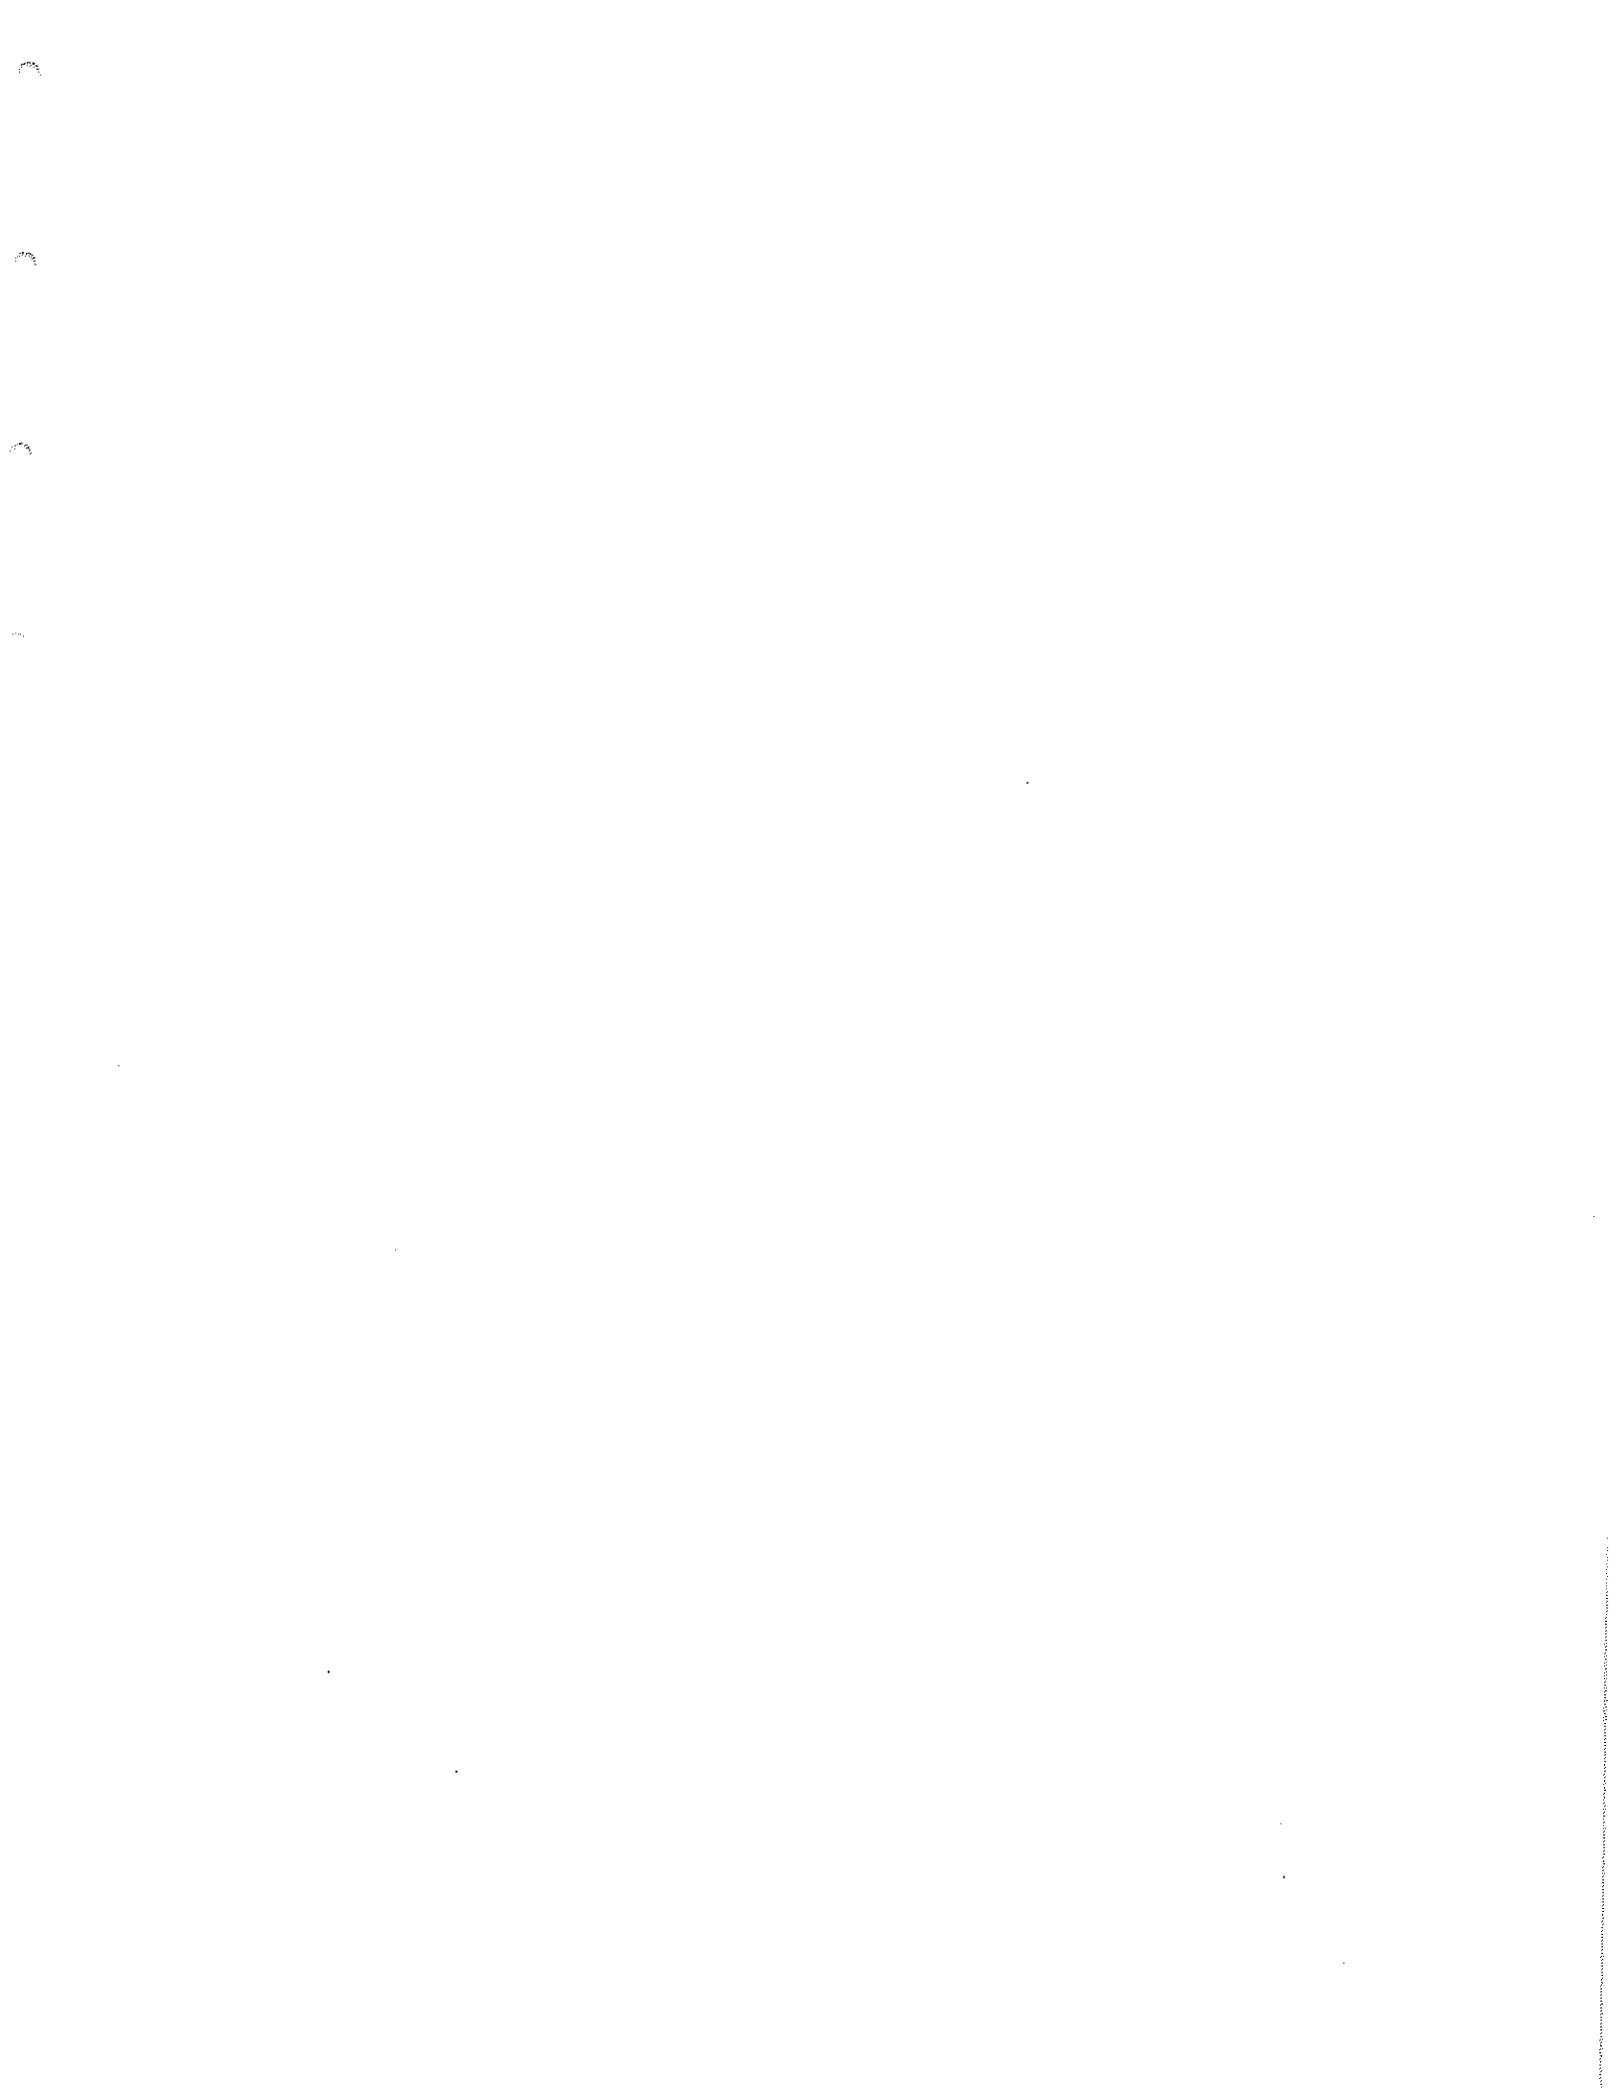

5. The following listed properties are to be acquired by eminent domain and the necessary filings have been made in the Office of the Clerk of the Circuit Court of Pocahontas County, West Virginia, including an order entered to permit the Issuer a right-of-entry for the purpose of construction, operation and maintenance of the Project on the subject properties. The Issuer's title thereto is defeasible in the event the Issuer does not satisfy any resulting judgment and/or award in the proceedings for acquisition of said properties, and our certification is subject to the following pending litigation:

Name	Tax Map	Parcel
<u>John W. Candler heirs</u>	<u>14</u>	<u>29</u>

6. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Office of the Clerk of the County Commission of Pocahontas County to protect the legal title to and interest of the Issuer.

Very truly yours,

Martin V. Saffer

Town of Marlinton
Combined Waterworks and Sewerage System
Revenue Bonds, Series 2005 A
(West Virginia SRF Program)

West Virginia Water Development Authority
Charleston, West Virginia

West Virginia Department of Environmental Protection
Charleston, West Virginia

Ladies and Gentlemen:

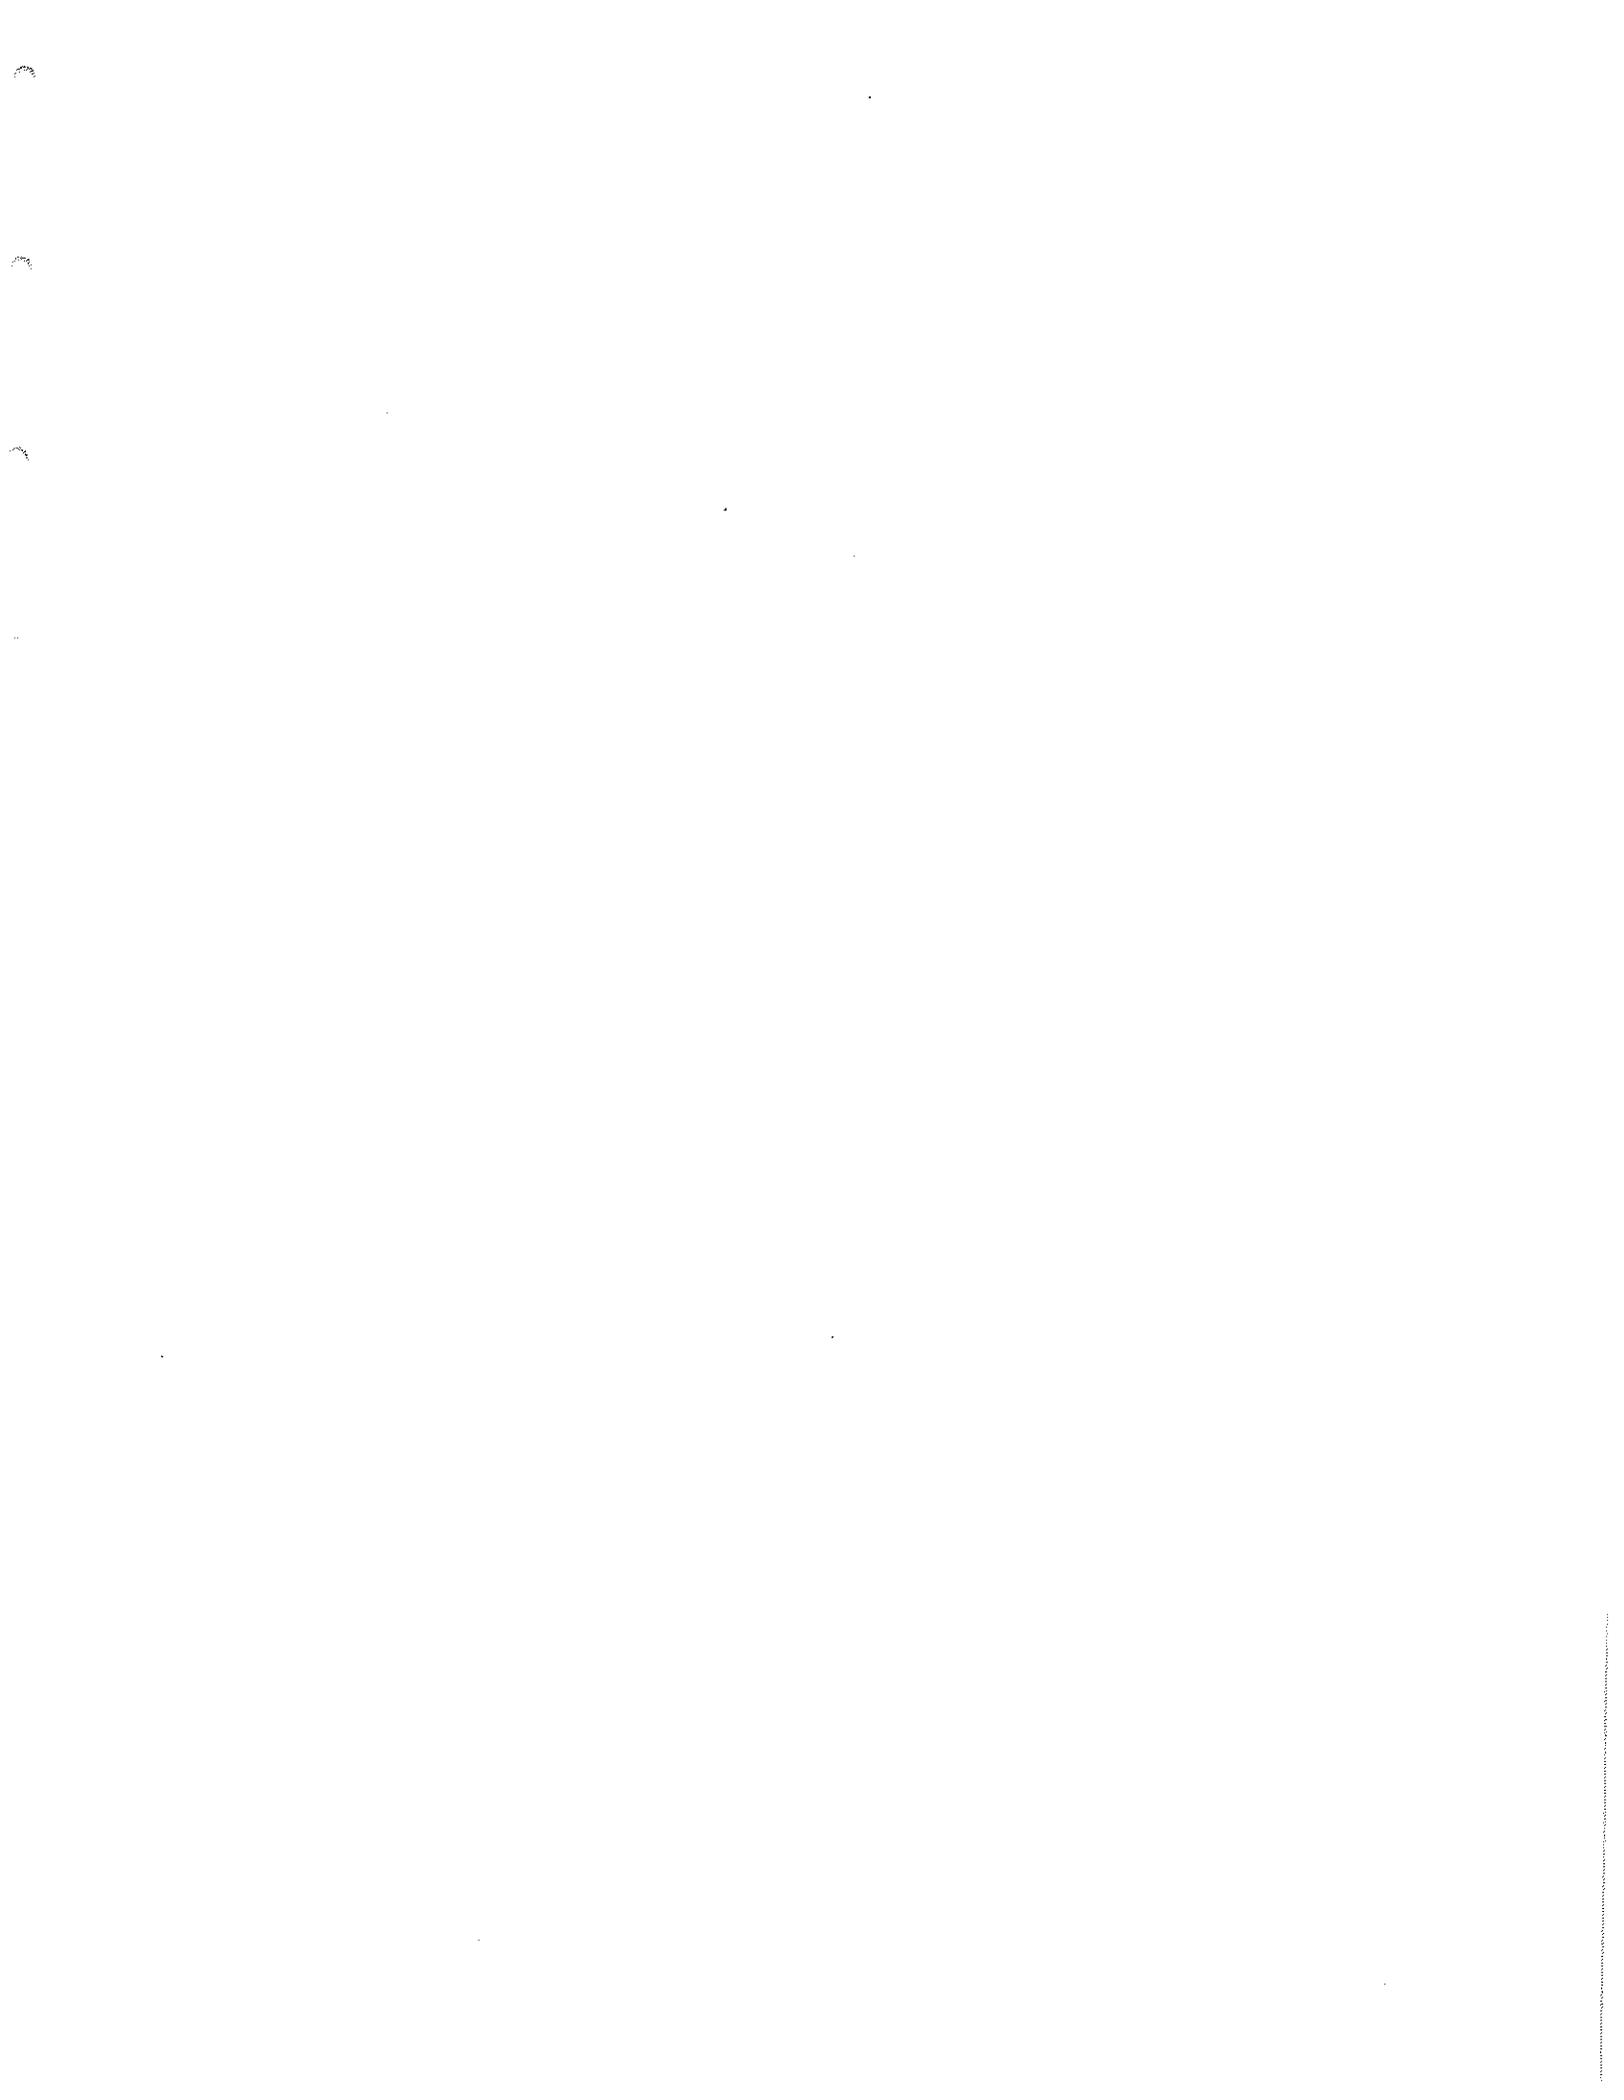

Based upon the rates and charges as set forth in the sewer rate ordinance of the Town of Marlinton (the "Issuer") enacted June 1, 2004, and the water rate ordinance of the Issuer enacted August 16, 2005, and the projected operating expenses and anticipated customer usage as furnished to me by Hannah & Associates, Inc., it is my opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the combined waterworks and sewerage system of the Issuer, will pay all operating expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Combined Waterworks and Sewerage System Revenue Bonds, Series 2005 A (West Virginia SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof and all other obligations secured by or payable from the revenues of the System, including the Issuer's Combined Waterworks and Sewerage System Revenue and Refunding Bond, Series 1981, Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 A (West Virginia Infrastructure Fund), Combined Waterworks and Sewerage System Revenue Bonds, Series 1997 B (West Virginia Infrastructure Fund), and Combined Waterworks and Sewerage System Revenue Bonds, Series 1998 A (West Virginia DWTRF Program) (collectively, the "Prior Bonds").

It is my further opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Bonds are issued will not be less than 120% of the average annual debt service on the Bonds and the Prior Bonds and that (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for principal of and interest on the Bonds and the Prior Bonds.

Very truly yours,

Jeffrey S. Feamster, CPA

TOWN OF MARLINTON

Combined Waterworks and Sewerage System Revenue Bonds,

(West Virginia SRF Program)

CERTIFICATE AS TO USE OF PROCEEDS

On this 19th day of October, 2005, the undersigned Mayor of the Town of Marlinton in Pocahontas County, West Virginia (the "Issuer"), being the official of the Issuer duly charged with the responsibility for the issuance of \$1,660,766 Combined Waterworks and Sewerage System Revenue Bonds, Series 2005 A (West Virginia SRF Program), of the Issuer, dated October 19, 2005 (the "Bonds" or the "Series 2005 A Bonds"), hereby certifies as follows:

1. I am the officer of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Ordinance duly enacted by the Issuer on July 26, 2005, as supplemented (the "Bond Ordinance"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on October 19, 2005, the date on which the Bonds are being physically delivered in exchange for a portion of the principal amount of the Series 2005 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Ordinance pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority"), the West Virginia Department of Environmental Protection (the "DEP") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of

the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2005 A Bonds were sold on October 19, 2005, to the Authority, pursuant to a Bond Purchase Agreement dated September 22, 2005, by and among the Issuer, the Authority and the DEP, for an aggregate purchase price of \$1,660,766 (100% of par), at which time, the Issuer received \$83,040 from the Authority and the DEP, being the first advance of the principal amount of the Series 2005 A Bonds. No accrued interest has been or will be paid on the Series 2005 A Bonds. The balance of the principal amount of the Series 2005 A Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Series 2005 A Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain additions, betterments and improvements to the existing public combined waterworks and sewerage system of the Issuer (the "Project"), and (ii) paying certain costs of issuance of the Bonds and related costs.

7. Within 30 days after the delivery of the Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the Series 2005 A Bonds Reserve Account, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before December 1, 2006. The acquisition and construction of the Project is expected to be completed by September 1, 2006.

8. The total cost of the Project is estimated at \$2,070,766. Sources and uses of funds for the Project are as follows:

SOURCES

SCBG	410,000

USES

Costs of Project	\$ 2,058,266
Costs of Issuance	\$ 12,500

- (1) Revenue Fund;
- (2) Reserve Fund;
- (3) Depreciation Account;
- (4) Series 2005 A Bonds Construction Trust Fund;
- (5) Series 2005 A Bonds Sinking Fund; and

(2) The balance of the proceeds of the Series 2005 A Bonds will be deposited in the Series 2005 A Bonds Construction Trust Fund as received from time to time and applied solely to payment of costs of the Project, including costs of issuance of the Series 2005 A Bonds and related costs.

11. Moneys held in the Series 2005 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Series 2005 A Bonds and will not be available to meet costs of acquisition and construction of the Project. All investment earnings on moneys in the Series 2005 A Bonds Sinking Fund and Series 2005 A Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Series 2005 A Bonds Construction Trust Fund during construction of the Project, and following completion of the Project, will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Bond Ordinance.

12. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. The acquisition and construction of the Project is expected to be completed within 11 months of the date hereof.

13. The Issuer will take such steps as requested by the Authority to ensure that the Authority's bonds meet the requirements of the Code.

14. With the exception of the amount deposited in the Series 2005 A Bonds Reserve Account, if any, all of the proceeds of the Bonds will be expended on the Project within 14 months from the date of issuance thereof.

15. The Issuer does not expect to sell or otherwise dispose of the Project in whole or in part prior to the last maturity date of the Bonds.

16. The amount designated as costs of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

17. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

18. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

19. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

20. The Issuer shall use the Bond proceeds solely for the costs of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

21. The Bonds are not federally guaranteed.

22. The Issuer has retained the right to amend the Bond Ordinance authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain public purpose bonds.

23. The Issuer has either (a) funded the Series 2005 A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 2005 A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2005 A Bonds Reserve Account hold an amount equal to the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year. Moneys in the Series 2005 A Bonds Reserve Account and the Series 2005 A Bonds Sinking

Fund will be used solely to pay principal of and interest on the Bonds and will not be available to pay costs of the Project.

24. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same sources of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

25. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

26. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

27. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

WITNESS my signature as of the date first written above.

The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.
