**Constitutionality of article.** — The act from which this article was derived, authorizing the creation of public service districts by the county courts of this State, defining the powers and duties of the governing boards of such districts in the acquisition, construction, maintenance, operation, improvement and extension of property supplying water and sewerage services, and authorizing the issuance of bonds of such districts payable solely from revenue to be derived from the operation of such properties, does not violate any provision of the Constitution of this State or the Fourteenth Amendment to the Constitution of the United States. State

ex rel. *McMillion v. Stahl*, 141 W. Va. 233, 89 S.E.2d 693 (1955).

The title to Acts 1953, c. 147, is sufficient to give a fair and reasonable index to all of the purposes of the act. *State ex rel. McMillion v. Stahl*, 141 W. Va. 233, 89 S.E.2d 693 (1955).

**And purpose.** — The purpose of this article is to provide water and sewerage facilities in unincorporated districts. *State ex rel. McMillion v. Stahl*, 141 W. Va. 233, 89 S.E.2d 693 (1955).

Public service districts are "public utilities." 50 Op. Att'y Gen. 447 (1963).

Hence, they are required to pay a special license fee pursuant to § 24-3-6 for support of the public service commission. 50 Op. Atty Gen. 447 (1963). Cited in Berkeley County Pub. Serv. Dist. v. Vitro Corp. of Am., 152 W. Va. 252, 162 S.E.2d 189 (1968).

§ 16-13A-1. General purpose of districts.

Any territory constituting the whole or any part of one or more counties in the State so situated that the construction or acquisition by purchase or otherwise and the maintenance, operation, improvement and extension of, properties supplying water or sewerage services, or gas distribution services or all of these within such territory, will be conducive to the preservation of the public health, comfort and convenience of such area, may be constituted a public service district under and in the manner provided by this article. The words "public service properties," when used in this article, shall mean and include any facility used or to be used for or in connection with (1) the diversion, development, pumping, impounding, treatment, storage, distribution or furnishing of water to or for the public for industrial, public, private or other uses (herein sometimes referred to as "water facilities,") (2) the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (herein sometimes referred to as "sewer facilities" or "landfills") or (3) the distribution or the furnishing of natural gas for the public, for industrial, public, private or other uses (herein sometimes referred to as "gas utilities or gas system"). (1953, c. 147; 1980, c. 60.)

**Purpose found in order creating district and in hearings.** — The purpose for the creation of a public service district may be ascertained by a review of the order establishing the district and the history behind the creation of the district (the notice of hearing and hearings held prior to the creation of the district). Op. Atty Gen., July 8, 1976.

The county courts (now county commissions) may not supersede the authority delegated by them to public service districts created in accordance with the

provisions of this article. Op. Atty Gen., June 27, 1973.

A public service district, which was created only for the purposes of furnishing water services, has no power to condemn real estate for sewerage facilities. Canyon Pub. Serv. Dist. v. Tasa Coal Co., 156 W. Va. 606, 195 S.E.2d 647 (1973).

§ 16-13A-2. Creation of districts by county commission; enlarging, reducing or dissolving district; consolidation; agreements, etc.; infringing upon powers of county commission; filing list of members and districts with the secretary of state.

The county commission of any county may on its own motion by order duly adopted propose the creation of such public service district within such county, setting forth in such order a description, including metes and bounds, sufficient to identify the territory to be embraced therein and the name of such proposed

district, or twenty-five percent of the registered voters who reside within the limits of such proposed public service district within one or more counties may petition for the creation thereof, which petition shall contain a description, including metes and bounds, sufficient to identify the territory to be embraced therein and the name of such proposed district. Any territory may be included regardless of whether or not such territory includes one or more cities, incorporated towns or other municipal corporations which own and operate any public service properties and regardless of whether or not it includes one or more cities, incorporated towns or other municipal corporations being served by privately owned public service properties: Provided, that the same territory shall not be included within the boundaries of more than one public service district except where such territory or part thereof is included within the boundaries of a separate public service district organized to supply water, sewerage services or gas facilities not being furnished within such territory or part thereof: Provided, however, that no city, incorporated town or other municipal corporation shall be included within the boundaries of such proposed district except upon the adoption of a resolution of the governing body of such city, incorporated town or other municipal corporation consenting.

Such petition shall be filed in the office of the clerk of the county commission of the county in which the territory to constitute the proposed district is situated, and if such territory is situated in more than one county, then such petition shall be filed in the office of the clerk of the county commission of the county in which the major portion of such territory extends, and a copy thereof (omitting signatures) shall be filed with each of the clerks of the county commission of the other county or counties into which the territory extends. The clerk of the county commission receiving such petition shall present it to the county commission of such county at the first regular meeting after such filing or at a special meeting called for the consideration thereof.

When the county commission of any county enters an order on its own motion proposing the creation of a public service district, as aforesaid, or when a petition for such creation is presented, as aforesaid, the county commission shall at the same session fix a date of hearing in such county on the creation of the proposed public service district, which date so fixed shall be not more than forty days nor less than twenty days from the date of such action. If the territory proposed to be included is situated in more than one county, the county commission, when fixing a date of hearing, shall provide for notifying the county commission and clerk thereof of each of the other counties into which the territory extends of the date so fixed. The clerk of the county commission of each county in which any territory in the proposed public service district is located shall cause notice of such hearing and the time and place thereof, and setting forth a description of all of the territory proposed to be included therein to be given by publication as a Class I legal advertisement in compliance with the provisions of article three [§ 59-3-1 et seq.], chapter fifty-nine of this Code, and the publication area for such publication shall be each county in which any territory in the proposed public service district is located. The publication shall be at least ten days prior to such hearing. In all cases where proceedings for the creation of such public service districts are initiated by petition as aforesaid

the person filing the petition shall advance or satisfactorily indemnify the payment of the cost and expenses of publishing the hearing notice, and otherwise the costs and expenses of such notice shall be paid in the first instance by the county commission out of contingent funds or any other funds available or made available for that purpose. In addition to the notice required herein to be published, there shall also be posted in at least five conspicuous places in the proposed public service district, a notice containing the same information as is contained in the published notice. The posted notices shall be posted not less than ten days before the hearing.

All persons residing in or owning or having any interest in property in such proposed public service district shall have an opportunity to be heard for and against its creation. At such hearing the county commission before which the hearing is conducted shall consider and determine the feasibility of the creation of the proposed district. If the county commission determines that the construction or acquisition by purchase or otherwise and maintenance, operation, improvement and extension of public service properties by such public service district will be conducive to the preservation of public health, comfort and convenience of such area, the county commission shall by order create such public service district and such order is conclusive and final in that regard. If the commission, after due consideration, determines that the proposed district will not be conducive to the preservation of public health, comfort or convenience of such area or that the creation of the proposed district as set forth and described in the petition or order is not feasible, it may refuse to enter an order creating the district or it may enter an order amending the description of the proposed district and create the district as amended. If the county commission determines that any other public service district or districts can adequately serve the area of the proposed public service district, whether by expansion, merger or other means, it shall refuse to enter an order creating the proposed district: Provided, that prior to refusing to enter such order, evidence must be presented to the satisfaction of the county commission that such expansion, merger or other procedure necessary to provide service to the area of the proposed district will be forthcoming: Provided, however, that no expansion of a public service district may occur if the present or proposed physical facilities of the public service district are determined by the appropriate county commission to be inadequate to provide such expanded service. The clerk of the county commission of each county into which any part of such district extends shall retain in his office an authentic copy of the order creating the district: Provided, that if at such hearing written protest is filed by thirty percent or more of the qualified voters registered and residing within said district, then the county commission shall not take any further action in creating such district unless the creation of such district is approved by a majority vote of the qualified registered voters voting at a referendum to be called by the county commission for such purpose. Such referendum shall be called and held in the manner provided in the general election laws of the State of West Virginia applicable thereto and the funds therefor shall be supplied from any county funds available for such purpose or from funds supplied from the persons who petitioned for the creation of such district. If a majority of the qualified regis-

tered voters participating in the referendum vote against the creation of the district, then such district shall not be created. If, however, a majority of the qualified registered voters participating in such referendum vote in favor of the creation of such district, then the county commission shall duly enter its order creating such district.

After the creation of such district the county commission may, in its discretion it deems it necessary, feasible and proper, enlarge the district to include additional areas, reduce the area of the district, where facilities, equipment, service or materials have not been extended, or dissolve the district if inactive or establish or consolidate two or more such districts: Provided, that where the county commission determines on its own motion by order entered of record, or there is a petition, to enlarge the district, reduce the area of the district or dissolve the district if inactive all of the applicable provisions of this article providing for hearing, notice of hearing and protest shall apply with like effect as if a district were being created: Provided, however, that no expansion of a public service district may occur if the physical facilities of the public service district are determined by the appropriate county commission to be inadequate to provide such expanded service. The commission shall at all times attempt to bring about the expansion or merger of existing public service districts in order to provide increased services and to eliminate the need for creation of new public service districts in those areas which are not currently served by a public service district: Provided further, that the applicable provisions pertaining to referendum shall not apply if the results of a referendum could adversely affect the existing financial indebtedness of the district. The districts may not enter into any agreement, contract or covenant that infringes upon, impairs, abridges or usurps the duties, rights or powers of the county commission, as set forth in this article, or conflicts with any provision of this article. A list of all districts and their current board members shall be filed by the county commission with the secretary of state. (1953, c. 147; 1965, c. 134; 1967, c. 105; 1975, c. 140; 1980, c. 60; 1981, c. 124.)

There is no unlawful delegation of legislative power to the county courts (now county commissions) of this State under this section in violation of W. Va. Const., art. V, § 1, and art. VI, § 1. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).

And there is no unconstitutional delegation of judicial functions to the county court (now county commission) made by this section. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).

District need not be created by general law. — A public service district is a public corporation and does not come within the constitutional inhibition requiring all corporations to be created by general law. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).

Voters may not force referendum as to continuing or abolishing district. — There is no authority for voters, by written protest or

otherwise, to force a referendum upon the issue of whether or not a created public service district should be continued or abolished. 52 Op. Att'y Gen. 33 (1966).

Certain provisions mandatory, but provisions for setting time of hearing and giving notice directory. — The provisions of this section relating to the filing of the petition or motion of the county court (now county commission), the description of the territory to be embraced and like provisions are mandatory, but the use of the word "shall," in relation to the requirements for the posting and publication of notice and the time of setting the hearing are directory and require only substantial compliance. Canyon Pub. Serv. Dist. v. Tasa Coal Co., 156 W. Va. 606, 195 S.E.2d 647 (1973).

A county court (now county commission) has authority to add sewerage services to the facilities of a public service district which was created for the purpose of furnishing water

services, under appropriate proceedings. Canyon Pub. Serv. Dist. v. Tasa Coal Co., 156 W. Va. 606, 195 S.E.2d 647 (1973).

**Relative powers of commission and voters in area.** — (1) Only the county commission has the affirmative authority to create, enlarge or reduce a public service district; (2) in the absence of any action by a county commission, the requisite number of qualified voters in the affected geographic area may petition a county commission to create, enlarge or reduce a public service district, and, that upon the filing of such petition, a hearing shall be held thereon; (3) the county commission may, in its discretion, refuse to act in an affirmative manner upon such formal petition for creation, enlargement or reduction of such public service district, which action is not subject to protest or public referendum; (4) the county commission may, on its own motion or on the basis of such proper petition, enter an order creating,

enlarging or reducing a public service district, which such action and order are subject to a hearing requiring proper notice, and a formal protest and public referendum depending upon the number of qualified voters who protest such action. *Op. Atty Gen., Nov. 13, 1975.*

"Shall apply with like effect," etc. — Because a protest against creation triggers a referendum, the language "shall apply with like effect as if a district were being created" can mean only that a protest against enlargement or reduction likewise triggers a referendum. *Op. Atty Gen., Nov. 13, 1975.*

**Overlapping districts.** — Where there is no bond indebtedness outstanding to be paid by a public service district, the county commission creating a public service district may undertake to enlarge or reduce the areas of various overlapping districts or may even consolidate the overlapping districts into one district. *Op. Atty Gen., July 8, 1976.*

**§ 16-13A-3. District to be a public corporation and political subdivision; powers thereof; public service boards.**

From and after the date of the adoption of the order creating any public service district, it shall thereafter be a public corporation and political subdivision of the State, but without any power to levy or collect ad valorem taxes. Each district may acquire, own and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal and may enter into contracts necessary or incidental to its purposes, including contracts with any city, incorporated town or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town or other municipal corporation, and contract for the operation, maintenance, servicing, repair and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town or other municipal corporation included within the district: Provided, that no contract shall extend beyond a maximum of forty years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members, who shall be persons residing within the district who have successfully completed a training program to be established and administered by the public service commission in conjunction with the department of natural resources and the department of health. The members shall be appointed in the following manner:

Each city, incorporated town or other municipal corporation having a population of more than three thousand but less than eighteen thousand shall be

entitled to appoint one member of the board, and each such city, incorporated town or other municipal corporation having a population in excess of eighteen thousand shall be entitled to appoint one additional member of the board for each additional eighteen thousand population. The members of the board representing such cities, incorporated towns or other municipal corporations shall be residents thereof and shall be appointed by a resolution of the governing bodies thereof and upon the filing of a certified copy or copies of the resolution or resolutions in the office of the clerk of the county commission which entered the order creating the district, the persons so appointed shall thereby become members of the board without any further act or proceedings. If the number of members of the board so appointed by the governing bodies of cities, incorporated towns or other municipal corporations included in the district shall equal or exceed three, then no further members shall be appointed to the board and the members shall be and constitute the board of the district.

If no city, incorporated town or other municipal corporation having a population of more than three thousand is included within the district, then the county commission which entered the order creating the district shall appoint three members of the board, who are persons residing within the district, which three members shall become members of and constitute the board of the district without any further act or proceedings.

If the number of members of the board appointed by the governing bodies of cities, incorporated towns or other municipal corporations included within the district is less than three, then the county commission which entered the order creating the district shall appoint such additional member or members of the board, who are persons residing within the district, as is necessary to make the number of members of the board equal three, and the additional member or members shall thereupon become members of the board; and the member or members appointed by the governing bodies of the cities, incorporated towns or other municipal corporations included within the district and the additional member or members appointed by the county commission as aforesaid, shall be and constitute the board of the district. A person may serve as a member of the board in one or more public service districts.

The population of any city, incorporated town or other municipal corporation, for the purpose of determining the number of members of the board, if any, to be appointed by the governing body or bodies thereof, shall be conclusively considered to be the population stated for such city, incorporated town or other municipal corporation in the last official federal census.

The respective terms of office of the members of the first board shall be fixed by the county commission and shall be as equally divided as may be, that is approximately one third of the members for a term of two years, a like number for a term of four, and the term of the remaining member or members for six years, from the first day of the month during which the appointments are made. The first members of the board appointed as aforesaid shall meet at the office of the clerk of the county commission which entered the order creating the district as soon as practicable after the appointments and shall qualify by taking an oath of office: Provided, that any member or members of the board may be removed from their respective office as provided in section three-a [§ 16-13A-3a] of this article.

Any vacancy shall be filled for the unexpired term within thirty days, otherwise successor members of the board shall be appointed for terms of six years and the terms of office shall continue until successors have been appointed and qualified. All successor members shall be appointed in the same manner as the member succeeded was appointed.

The board shall organize within thirty days following the first appointments and annually thereafter at its first meeting after the first day of January of each year by selecting one of its members to serve as chairman and by appointing a secretary and a treasurer who need not be members of the board. The secretary shall keep a record of all proceedings of the board which shall be available for inspection as other public records. Duplicate records shall be filed with the county commission and shall include the minutes of all board meetings. The treasurer is lawful custodian of all funds of the public service district and shall pay same out on orders authorized or approved by the board. The secretary and treasurer shall perform other duties appertaining to the affairs of the district and shall receive salaries as shall be prescribed by the board. The treasurer shall furnish bond in an amount to be fixed by the board for the use and benefit of the district.

The members of the board, and the chairman, secretary and treasurer thereof, shall make available to the county commission, at all times, all of its books and records pertaining to the district's operation, finances and affairs, for inspection and audit. The board shall meet at least monthly. (1953, c. 147; 1965, c. 134; 1971, c. 72; 1981, c. 124; 1983, c. 166.)

**Effect of amendment of 1983.** — The paying registration fees (provided by amendment, effective March 11, 1983, deleted § 17A-10-8), the privilege tax (imposed by "such" and substituted "the" for "such" at various places throughout the section; in the first sentence of the third paragraph inserted (1961). "having a population of more than three thousand but less than eighteen thousand"; near the beginning of the fourth paragraph inserted "having a population of more than three thousand"; in the sixth paragraph substituted "considered" for "deemed", and in the first sentence of the next to the last paragraph substituted "the first day of January" for "January one."

**Exemptions.** — Public service districts of West Virginia are political subdivisions of the State, and as such, they are specifically, by express statute, exempted from the duty of

providing water to municipalities in another state. — A public service district may furnish water wholesale in bulk quantities to a municipal corporation in another state. 51 Op. Att'y Gen. 739 (1966).

**Authority of districts.** — Public service districts are agents of the county commission by which they were created, having no authority other than that expressly set out in this article. Op. Att'y Gen., July 8, 1976.

**Furnishing water to border residents in neighboring state.** — See Op. Att'y Gen., June 26, 1975.

**§ 16-13A-3a. Removal of members of public service board.**

The county commission or any other appointive body creating or establishing a public service district under the provisions of this article may remove any member of the governing board thereof for consistent violations of any provisions of this article, for reasonable cause which includes, but is not limited to, a continued failure to attend meetings of the board, failure to diligently pursue the objectives for which the district was created or failure to perform any other

duty prescribed by law or for any misconduct in office, or upon written petition signed by twenty-five percent of the registered voters who reside within the limits of such proposed public service district. Provided, that such appointee shall be removed only after a full hearing of any complaint presented against him and after a ten-day notice of such hearing. (1963, c. 75; 1971, c. 72; 1981, c. 124.)

**§ 16-13A-4. Board chairman; members' compensation; procedure; district name.**

The chairman shall preside at all meetings of the board and may vote as any other members of the board but if he should be absent from any meeting, the remaining members may select a temporary chairman and if the member selected as chairman resigns as such or ceases for any reason to be a member of the board, the board shall select one of its members as chairman to serve until the next annual organization meeting. Salaries of each of its members shall be fifty dollars per attendance at regular monthly meetings and thirty dollars per attendance at additional special meetings, total salary not to exceed seven hundred fifty dollars per annum. Board members may be reimbursed for all reasonable and necessary expenses actually incurred in the performance of their duties as provided for by the rules and regulations of the board. The board shall by resolution determine its own rules of procedure, fix the time and place of its meetings and the manner in which special meetings may be called. Public notice of meetings shall be given in accordance with section three (§ 6-9A-3), article nine-A, chapter six of this Code. Emergency meetings may be called as provided by section three, article nine-A, chapter six of this Code. A majority of the members constituting the board also constitute a quorum to do business. The members of the board are not personally liable or responsible for any obligations of the district or the board but are answerable only for willful misconduct in the performance of their duties. At any time prior to the issuance of bonds as hereinafter provided the board may by resolution change the official or corporate name of the public service district and such change shall be effective from and after filing an authenticated copy of such resolution with the clerk of the county commission of each county in which the territory embraced within such district or any part thereof is located. The official name of any district created under the provisions of this article may contain the name or names of any city, incorporated town or other municipal corporation included therein or the name of any county or counties in which it is located. (1953, c. 147; 1981, c. 124.)

**§ 16-13A-5. General manager of board.**

The board may employ a general manager to serve a term of not more than five years and until his successor is employed, and his compensation shall be fixed by resolution of the board. Such general manager shall devote all or the required portion of his time to the affairs of the district and may employ, discharge and fix the compensation of all employees of the district, except as in this article otherwise provided, and he shall perform and exercise such other powers and duties as may be conferred upon him by the board.

**PUBLIC HEALTH**

Such general manager shall be chosen without regard to his political affiliations and upon the sole basis of his administrative and technical qualifications to manage public service properties and affairs of the district and he may be discharged only upon the affirmative vote of two thirds of the board. Such general manager need not be a resident of the district at the time he is chosen. Such general manager may not be a member of the board but shall be an employee of the board.

The board of any public service district which purchases water service from a municipal water system or another public service district may, as an alternative to hiring its own general manager, elect to permit the general manager of the municipal water system or public service district from which such water service is purchased provide professional management to the district, if the appropriate municipality or public service board agrees to provide such assistance. The general manager shall receive reasonable compensation for such service. (1953, c. 147; 1981, c. 124.)

**§ 16-13A-6. Employees of board.**

The board may in its discretion from time to time by resolution passed by a majority vote provide for the employment of an attorney, fiscal agent, one or more engineers and such other employees as the board may determine necessary and expedient. The board shall in and by such resolution fix the term of employment and compensation and prescribe the duties to be performed by such employees. (1953, c. 147; 1981, c. 124.)

**§ 16-13A-7. Acquisition and operation of district properties.**

The board of such districts shall have the supervision and control of all public service properties acquired or constructed by the district and shall have power, and it shall be its duty, to maintain, operate, extend and improve the same. All contracts involving the expenditure by the district of more than five thousand dollars for construction work or for the purchase of equipment and improvements, extensions or replacements, shall be entered into only after notice inviting bids shall have been published as a Class I legal advertisement in compliance with the provisions of article three [§ 59-3-1 et seq.], chapter fifty-nine of this Code, and the publication area for such publication shall be the district. The publication shall not be less than ten days prior to making of any such contract. Any obligations incurred of any kind of character shall not in any event constitute or be deemed an indebtedness within the meaning of any of the provisions or limitations of the constitution but all such obligations shall be payable solely and only out of revenues derived from the operation of the public service properties of the district or from proceeds of bonds issued as hereinafter provided. No continuing contract for the purchase of materials or supplies or for furnishing the district with electrical energy or power shall be entered into for a longer period than fifteen years. (1953, c. 147; 1967, c. 105; 1981, c. 124; 1982, c. 24.)

**§ 16-13A-8. Acquisition and purchase of public service properties; right of eminent domain extraterritorial powers.**

The board may acquire any publicly or privately owned public service properties located within the boundaries of the district regardless of whether or not all or any part of such properties are located within the corporate limits of any city, incorporated town or other municipal corporation included within the district and may purchase and acquire all rights and franchises and all property within or outside the district necessary or incidental to the purpose of the district.

The board may construct any public service properties within or outside the district necessary or incidental to its purposes and each such district may acquire, construct, maintain and operate any such public service property within the corporate limits of any city, incorporated town or other municipal corporation included within the district or in any unincorporated territory within ten miles of the territorial boundaries of the district. Provided, that any incorporated city, town or other municipal corporation included within the district owns and operates either water facilities, sewer facilities or electric facilities or all of these, then the district may not acquire, construct, establish, improve or extend any public service properties of the same kind within such city, incorporated town or other municipal corporation or the adjacent unincorporated territory served by such city, incorporated town or other municipal corporation, except upon the approval of the public service commission, the consent of such city, incorporated town or other municipal corporation and in conformity and compliance with the rights of the holders of a revenue bonds or obligations theretofore issued by such city, incorporated town or other municipal corporation then outstanding and in accordance with the ordinance, resolution or other proceedings which authorize the issuance of such revenue bonds or obligations.

Whenever such district has constructed, acquired or established water facilities, sewer facilities or gas facilities for water, sewer or gas services within any city, incorporated town or other municipal corporation included within the district, then such city, incorporated town or other municipal corporation may not thereafter construct, acquire or establish any facilities of the same kind within such city, incorporated town or other municipal corporation without the consent of such district.

For the purpose of acquiring any public service properties or lands, rights or easements deemed necessary or incidental for the purposes of the district, each such district has the right of eminent domain to the same extent and to be exercised in the same manner as now or hereafter provided by law for the right of eminent domain by cities, incorporated towns and other municipal corporations: Provided, that such board may not acquire all or any substantial part of a privately owned waterworks system unless and until authorized so to do by the public service commission of West Virginia, and that this section shall not be construed to authorize any district to acquire through condemnation proceedings either in whole or substantial part an existing private

owned waterworks plant or system or gas facilities located in or furnishing water or gas service within such district or extensions made or to be made by it in territory contiguous to such existing plant or system, nor may any such board construct or extend its public service properties to supply its services into areas served by or in competition with existing waterworks or gas facilities or extensions made or to be made in territory contiguous to such existing plant or system by the owner thereof. (1953, c. 147; 1980, c. 60; 1981, c. 124.)

District may exercise control over sewers where ownership is unknown in unincorporated areas. 45 Op. Att'y Gen. 506 (1953).

— The grant of power of eminent domain to public service districts by this section is valid. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).

Valid grant of power of eminent domain.

**§ 16-13A-9. Rules and regulations; service rates and charges; discontinuance of service; required water and sewer connections; lien for delinquent fees.**

The board may make, enact and enforce all needful rules and regulations in connection with the acquisition, construction, improvement, extension, management, maintenance, operation, care, protection and the use of any public service properties owned or controlled by the district, and the board shall establish rates and charges for the services and facilities it furnishes, which shall be sufficient at all times, notwithstanding the provisions of any other law or laws, to pay the cost of maintenance, operation and depreciation of such public service properties and principal of and interest on all bonds issued, other obligations incurred under the provisions of this article and all reserve or other payments provided for in the proceedings which authorized the issuance of any bonds hereunder. The schedule of such rates and charges may be based upon either (a) the consumption of water or gas on premises connected with such facilities, taking into consideration domestic, commercial, industrial and public use of water and gas; or (b) the number and kind of fixtures connected with such facilities located on the various premises; or (c) the number of persons served by such facilities; or (d) any combination thereof; or (e) may be determined on any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. Where water, sewer and gas services are all furnished to any premises the schedule of charges may be billed as a single amount for the aggregate thereof. Whenever any rates, rentals or charges for services or facilities furnished remain unpaid for a period of thirty days after the same become due and payable, the property and the owner thereof, as well as the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. The board may, under reasonable rules and regulations promulgated by the public service commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both.

In the event that any city, incorporated town or other municipal corporation included within the district owns and operates separately either water facilities or gas facilities, and the district owns and operates within such city, incorporated town or other municipal corporation the other kind of facilities, either water or gas facilities, as the case may be, then the district and such city, incorporated town or other municipal corporation may covenant and contract with each other to shut off and discontinue the supplying of the kind of facilities furnished by the district or such city, incorporated town or other municipal corporation, as the case may be, for the nonpayment of fees and charges for the other kind of facilities furnished by the district or city, incorporated town or other municipal corporation, as the case may be.

Any district furnishing sewer facilities within the district may require all owners, tenants or occupants of any houses, dwellings and buildings located near any such sewer facilities, where sewage will flow by gravity or be transported by such other methods approved by the department of health from such houses, dwellings or buildings into such sewer facilities, to connect with and use such sewer facilities, and to cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such houses, dwellings and buildings where there is such gravity flow or transportation by such other methods approved by the department of health and such houses, dwellings and buildings can be adequately served by the sewer facilities of the district, and it is hereby found, determined and declared that the mandatory use of such sewer facilities provided for in this paragraph is necessary and essential for the health and welfare of the inhabitants and residents of such districts and of the State.

If the property owner must connect with the sewer facilities even when sewage from such dwellings may not flow to the main line by gravity and the property owner must incur costs for any changes in the existing dwelling plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for such changes in the plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump, or any other method approved by the department of health; maintenance and operation costs for such extra installation should be reflected in the users charge for approval of the public service commission.

Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near such sewer facility, and the engineer for the district has certified that such sewer facilities are available to and are adequate to serve such owner, tenant or occupant, and sewage will flow by gravity or be transported by such other methods approved by the department of health from such house, dwelling or building into such sewer facilities, the district may charge, and such owner, tenant or occupant shall pay the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner.

All delinquent fees, rates and charges of the district for either water facilities, sewer facilities or gas facilities are liens on the premises served of

equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes. When such fees, rates and charges have been delinquent for thirty days, the district may forthwith foreclose the lien on the premises served in the same manner now provided in the law of the State of West Virginia for the foreclosure of mortgages on real property.

Anything in this section to the contrary notwithstanding, any establishment, as defined in section two [§ 20-5A-2], article five-A, chapter twenty, now or hereafter operating its own sewage disposal system, pursuant to a permit issued by the department of natural resources, as prescribed by section seven [§ 20-5A-7], article five-A, chapter twenty of this Code, is exempt from the provisions of this section. (1953, c. 147; 1965, c. 134; 1980, c. 60; 1981, c. 124.)

**Lien not a deprivation of property without due process.** — The provision that delinquent fixed rates and charges for services rendered by a public service district shall be a lien on the premises served of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes, does not deprive the owners of their property without due process of law. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).

**Requiring connections with sewer facilities.** — The boards of public service districts have no authority to require potential

users who live outside the boundaries of the districts, but within the 10-mile limit, to hook onto the district's sewer facilities. Op. Atty Gen., July 8, 1976.

**When duty arises.** — Owners, tenants, or occupants have a duty under this section to pay rates and charges for the district sewer facilities from and after the date of receipt of notice (now 30 days after receipt) that such facilities are available. Rhodes v. Maiden Pub. Serv. Dist., 301 S.E.2d 601 (W. Va. 1983), (construing this section prior to 1980 and 1981 amendments).

**§ 16-13A-9a. Limitations with respect to foreclosure.**

No public service district shall foreclose upon the premises served by such district for delinquent fees, rates or charges for which a lien is authorized by sections nine or nineteen [§§ 16-13A-9 or 16-13A-19] of this article except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the district lies. In every such action, the court shall be required to make a finding based upon the evidence and facts presented that the district prior to the bringing of such action had exhausted all other remedies for the collection of debts with respect to such delinquencies. In no event shall foreclosure procedures be instituted by any such district or on its behalf unless such delinquency had been in existence or continued for a period of two years from the date of the first such delinquency for which foreclosure is being sought. (1982, c. 74.)

**§ 16-13A-10. Budget.**

The board shall establish the beginning and ending of its fiscal year, which period shall constitute its budget year, and at least thirty days prior to the beginning of the first full fiscal year after the creation of the district and annually thereafter the general manager shall prepare and submit to the board a tentative budget which shall include all operation and maintenance expenses, payments to a capital replacement account and bond payment

schedules for the ensuing fiscal year. Such tentative budget shall be considered by the board, and, subject to any revisions or amendments that may be determined by the board, shall be adopted as the budget for the ensuing fiscal year. Upon adoption of the budget, a copy of the budget shall be forwarded to the county commission. No expenditures for operation and maintenance expense in excess of the budget shall be made during such fiscal year unless: unanimously authorized and directed by the board. (1953, c. 147; 1981, c. 124.)

**§ 16-13A-11. Accounts; audit.**

The general manager, under direction of the board, shall install and maintain a proper system of accounts showing receipts from operation and application of the same, and the board shall at least once a year cause such accounts to be properly audited by an independent public accountant. A copy of the audit shall be forwarded within thirty days of completion to the county commissioner and to the public service commission.

The treasurer of each public service district shall keep and preserve all financial records of the public service district, and shall at all times have such records readily available for public inspection. At the end of his term of office the treasurer of each public service district shall promptly deliver all financial records of the public service district to his successor in office. Any treasurer of a public service district who knowingly or willfully violates any provision of this section is guilty of a misdemeanor and shall be fined not less than one hundred dollars nor more than five hundred dollars or imprisoned in the county jail not more than ten days, or both. (1953, c. 147; 1981, c. 124.)

**§ 16-13A-12. Disbursement of district funds.**

No money may be paid out by a district except upon an order signed by the chairman and secretary of such board, or such other person or persons authorized by the chairman or secretary, as the case may be, to sign such orders or their behalf. Each order for the payment of money shall specify the purposes for which the amount thereof is to be paid, with sufficient clearness to indicate the purpose for which the order is issued, and there shall be endorsed thereon the name of the particular fund out of which it is payable and it shall be payable from the fund constituted for such purpose, and no other. All such orders shall be reflected in the minutes of the next meeting of the board. (1953 c. 147; 1981, c. 124.)

**§ 16-13A-13. Revenue bonds.**

For constructing or acquiring any public service properties for the authorized purposes of the district, or necessary or incidental thereto, and for constructing improvements and extensions thereto, and also for reimbursing or paying the costs and expenses of creating the district, the board of any such district is hereby authorized to borrow money from time to time and in evidence thereof issue the bonds of such district, payable solely from the revenues derived from the operation of the public service properties under control of the district. Such

bonds may be issued in one or more series, may bear such date or dates, may mature at such time or times not exceeding forty years from their respective dates, may bear interest at such rate or rates not exceeding twelve percent per annum, payable at such times, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be subject to such terms of redemption with or without premium, may be declared or become due before maturity date thereof, may be authenticated in any manner, and upon compliance with such conditions, and may contain such terms and covenants as may be provided by resolution or resolution of the board. Notwithstanding the form or tenor thereof, and in the absence of any express recital on the face thereof, that the bond is nonnegotiable, all such bonds shall be, and shall be treated as, negotiable instruments for all purposes. Bonds bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes notwithstanding that before the delivery thereof any or all of the persons whose signatures appear thereon shall have ceased to be such officers. Notwithstanding the requirements or provisions of any other law, any such bonds may be negotiated or sold in such manner and at such time or times as is found by the board to be most advantageous, and all such bonds may be sold at such price that the interest cost of the proceeds therefrom does not exceed thirteen percent per annum, based on the average maturity of such bonds and computed according to standard tables of bond values. Any resolution or resolutions providing for the issuance of such bonds may contain such covenants and restrictions upon the issuance of additional bonds thereafter as may be deemed necessary or advisable for the assurance of the payment of the bonds thereby authorized. (1953, c. 147; 1970, cc. 11, 12; 1970, 1st Ex. Sess., c. 2; 1980, c. 33; 1981, 1st Ex. Sess., c. 2.)

#### § 16-13A-14. Items included in cost of properties.

The cost of any public service properties acquired under the provisions of this article shall be deemed to include the cost of the acquisition or construction thereof, the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest upon bonds prior to and during construction or acquisition and for six months after completion of construction or of acquisition of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of cost and of revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the construction or acquisition of the properties and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof. (1953, c. 147.)

#### § 16-13A-15. Bonds may be secured by trust indenture.

In the discretion and at the option of the board such bonds may be secured by a trust indenture by and between the district and a corporate trustee, which may be a trust company or bank having powers of a trust company within or without the State of West Virginia, but no such trust indenture shall convey mortgage or create any lien upon the public service properties or any part thereof. The resolution authorizing the bonds and fixing the details thereof may provide that such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of bondholders as may be reasonable and proper, not in violation of law, including covenants setting forth the duties of the district and the members of its board and officers in relation to the construction or acquisition of public service properties and the improvement, extension, operation, repair, maintenance and insurance thereof, and the custody, safeguarding and application of all moneys, and may provide that all or any part of the construction work shall be contracted for, constructed and paid for, under the supervision and approval of consulting engineers employed or designated by the board and satisfactory to the original bond purchasers or their successors, assignees or nominees, who may be given the right to require the security given by contractors and by any depository of the proceeds of bonds or revenues of the public service properties or other money pertaining thereto be satisfactory to such purchasers, their successors, assignees or nominees. Such indenture may set forth the rights and remedies of the bondholders and such trustee. (1953, c. 147.)

#### § 16-13A-16. Sinking fund for revenue bonds.

At or before the time of the issuance of any bonds under this article the board shall by resolution or in the trust indenture provide for the creation of a sinking fund and for monthly payments into such fund from the revenues of the public service properties operated by the district such sums in excess of the cost of maintenance and operation of such properties as will be sufficient to pay the accruing interest and retire the bonds at or before the time each will respectively become due and to establish and maintain reserves therefor. All sums which are or should be, in accordance with such provisions, paid into such sinking fund shall be used solely for payment of interest and for the retirement of such bonds at or prior to maturity as may be provided or required by such resolutions. (1953, c. 147.)

#### § 16-13A-17. Collection, etc., of revenues and enforcement of covenants; default; suit, etc., by bondholder or trustee to compel performance of duties appointment and powers of receiver.

The board of any such district shall have power to insert enforceable provisions in any resolution authorizing the issuance of bonds relating to the collection, custody and application of revenues of the district from the operation of the public service properties under its control and to the enforcement of the

covenants and undertakings of the district. In the event there shall be default in the sinking fund provisions aforesaid or in the payment of the principal or interest on any of such bonds or, in the event the district or its board or any of its officers, agents or employees, shall fail or refuse to comply with the provisions of this article, or shall default in any covenant or agreement made with respect to the issuance of such bonds or offered as security therefor, then any holder or holders of such bonds and any such trustee under the trust indenture, if there be one, shall have the right by suit, action, mandamus or other proceeding instituted in the circuit court for the county or any of the counties wherein the district extends, or in any other court of competent jurisdiction, to enforce and compel performance of all duties required by this article or undertaken by the district in connection with the issuance of such bonds, and upon application of any such holder or holders, or such trustee, such court shall, upon proof of such defaults, appoint a receiver for the affairs of the district and its properties, which receiver so appointed shall forthwith directly, or by his agents and attorneys, enter into and upon and take possession of the affairs of the district and each and every part thereof, and hold, use, operate, manage and control the same, and in the name of the district exercise all of the rights and powers of such district as shall be deemed expedient, and such receiver shall have power and authority to collect and receive all revenues and apply same in such manner as the court shall direct. Whenever the default causing the appointment of such receiver shall have been cleared and fully discharged and all other defaults shall have been cured, the court may in its discretion and after such notice and hearing as it deems reasonable and proper direct the receiver to surrender possession of the affairs of the district to its board. Such receiver so appointed shall have no power to sell, assign, mortgage, or otherwise dispose of any assets of the district except as hereinbefore provided. (1953, c. 147.)

**Rules of Civil Procedure.** — As to abolition of the procedural distinctions between law and equity, see Rule 2, appearing in Vol. 1A. As to receivers, see Rule 66. As to application of rules to writ of mandamus, see Rule 81(a)(5). As to effect of rules on jurisdiction and venue, see Rule 82.

The board may enter into contracts or agreements with any persons, firms or corporations for the operation and management of the public service properties within the district, or any part thereof, for such period of time and under such terms and conditions as shall be agreed upon between the board and such persons, firms or corporations. The board shall have power to provide in the resolution authorizing the issuance of bonds, or in any trust indenture

securing such bonds, that such contracts or agreements shall be valid and binding upon the district as long as any of said bonds, or interest thereon, are outstanding and unpaid. (1953, c. 147.)

**§ 16-13A-18a. Sale, lease or rental of water system by district; distribution of proceeds.**

In any case where a public service district owns a water system, and all the members of the public service board thereof deem it for the best interests of the district to sell, lease or rent such water system to any municipality or privately owned water system, or to any water system owned by an adjacent public service district, the board may so sell, lease or rent such water system upon such terms and conditions as said board, in its discretion, considers in the best interests of the district: Provided, that such sale, leasing or rental may be made only upon approval by the public service commission of West Virginia.

In the event of any such sale, the proceeds thereof, if any, remaining after payment of all outstanding bonds and other obligations of the district shall be ratably distributed to any persons who have made contributions in aid of construction of such water system, such distribution not to exceed the actual amount of any such contribution, without interest, and any balance of funds thereafter remaining shall be paid to the county commission of the county in which the major portion of such water system is located to be placed in the general funds of such county commission. (1963, c. 75; 1981, c. 124.)

Any holder of such bonds, of any coupons attached thereto, may, either at law or in equity, enforce said statutory mortgage lien conferred hereby and upon default in the payment of the principal of or interest on said bonds, may foreclose such statutory mortgage lien in the manner now provided by the laws of the State of West Virginia for the foreclosure of mortgages on real property. § 16-13A-21. Complete authority of article; liberal construction; district to be public instrumentality; tax exemption.

This article shall constitute full and complete authority for the creation of public service districts and for carrying out the powers and duties of same as herein provided. The provisions of this article shall be liberally construed to accomplish its purpose and no procedure or proceedings, notices, consents or approvals, shall be required in connection therewith except as may be prescribed by this article. Provided, that all functions, powers and duties of the public service commission of West Virginia, the state department of health and the state water resources board shall remain unaffected by this article. Every district organized under this article is declared to be a public instrumentality created and functioning in the interest and for the benefit of the public, and its property and income and any bonds issued by it shall be exempt from taxation by the State of West Virginia, and the other taxing bodies of the State: Provided, however, that the board of any such district may use and apply any of its available revenues and income for the payment of what such board determines to be tax or license fee equivalents to any local taxing body and in any proceedings for the issuance of bonds of such district may reserve the right to annually pay a fixed or computable sum to such taxing bodies as such tax or license fee equivalent. (1953, c. 147.)

Tax exemption constitutional. — The tax exemption granted to the property, income, and bonds of the district does not violate W. Va. Const., art. X, § 1. State ex rel. McMillion v. Stahl, 141 W. Va. 233, 89 S.E.2d 693 (1955).  
 Applied in Rhodes v. Malden Pub. Serv. Dist., 301 S.E.2d 601 (W. Va. 1983).

§ 16-13A-22. Validation of prior acts and proceedings of county courts for creation of districts, inclusion of additional territory, and appointment of members of district boards.

All acts and proceedings taken by any county court of this State purporting to have been carried out under the provisions of this article which have been taken, prior to the date this section takes effect [January 29, 1960], for the purpose of creating public service districts or for the purpose of subsequent inclusion of additional territory to existing public service districts, after notice published by any such county court having territorial jurisdiction thereof of its intention to include such additional territory after hearing thereon, are hereby validated, ratified, approved and confirmed notwithstanding any other lack of power (other than constitutional) of any such county court to create such public service districts or to include additional territory to existing public service districts or irregularities (other than constitutional) in such proceedings, relating to the appointment and qualification of more than three members to the board of any such public service district or the subsequent appointment of successors of any or all of such members, notwithstanding that no city, incorporated town or other municipal corporation having a population in excess of three thousand is included within the district, and the appointment and qualification of such members, and further including any irregularities in the petition for the creation of any public service district, irregularities in the description of the area embraced by such district, and irregularities in the notice and publication of notice for the hearing creating such district, prior to the date this section takes effect, is hereby validated, ratified, approved and confirmed; and, further, in such cases where more than three members of the board of such districts have been so appointed prior to the date this section takes effect then such county court shall appoint, and they are hereby authorized and empowered to appoint, successors to such members in the manner as otherwise provided by this article. (1958, c. 14; 1960, c. 19.)

Editor's note. — As to designation of county courts as county commissions, see W. Va. Const., art. IX, § 9.

§ 16-13A-23. Validation of acts and proceedings of public service boards.

All acts and proceedings taken by any public service board the members of which were appointed, prior to the date this section takes effect [March 13, 1965], by any county court of this State having territorial jurisdiction thereof, are hereby validated, ratified, approved and confirmed, as to defects and irregularities which may otherwise exist on account of their appointment and qualification: Provided, however, that nothing herein contained shall be construed to excuse a criminal act. (1958, c. 14; 1960, c. 19; 1965, c. 134.)

Editor's note.—As to designation of county courts as county commissions, see W. Va. Const., art. IX, § 9.

### § 16-13A-24. Acceptance of loans, grants or temporary advances.

Any public service district created pursuant to the provisions of this article is authorized and empowered to accept loans or grants and procure loans or temporary advances evidenced by notes or other negotiable instruments issued in the manner, and subject to the privileges and limitations, set forth with respect to bonds authorized to be issued under the provisions of this article, for the purpose of paying part or all of the cost of construction or acquisition of water systems, sewage systems or gas facilities, or all of these, and the other purposes herein authorized, from any authorized agency or from the United States of America or any federal or public agency or department of the United States or any private agency, corporation or individual, which loans or temporary advances, including the interest thereon, may be repaid out of the proceeds of the bonds authorized to be issued under the provisions of this article, the revenues of the said water system, sewage system or gas facilities or grants to the public service district from any authorized agency or from the United States of America or any federal or public agency or department of the United States or from any private agency, corporation or individual or from any combination of such sources of payment, and to enter into the necessary contracts and agreements to carry out the purposes hereof with any authorized agency of the United States of America or any federal or public agency or department of the United States, or with any private agency, corporation or individual. (1958, c. 14; 1980, c. 60; 1981, c. 124.)

### § 16-13A-25. Borrowing and bond issuance — Procedure.

Notwithstanding any other provisions of this article to the contrary, a public service district shall not borrow money or issue or contract to issue revenue bonds or exercise any of the powers conferred by the provisions of section thirteen, twenty or twenty-four [§§ 16-13A-13, 16-13A-20 or 16-13A-24] of this article without the prior consent and approval of the public service commission. Notwithstanding any other provision of this Code, when a public service district is seeking to borrow money for the acquisition or construction of public service properties, or contract to issue revenue bonds to commence the construction or acquisition of public service properties, the public service district shall publish a Class II legal advertisement in a newspaper of general circulation within the district, which legal advertisement shall state:

- (1) The amount of money to be borrowed, or the amount of revenue bonds to be issued;
- (2) The interest rate and terms of the loan or bonds;
- (3) The public service properties to be acquired or constructed, and the cost of same;

(4) The anticipated rates which will be charged by the district; and

(5) The fact that a form is available in the county clerk's office and at the office of the public service district for residents of that portion of the public service district which will be served by the public service property to be acquired or constructed to sign indicating their opposition to the public service district borrowing money or issuing revenue bonds. In addition, the public service district shall cause to be posted in conspicuous places throughout that portion of the public service district which will be served by the public service property to be acquired or constructed signs measuring not less than eight and one-half inches in width and eleven inches in length which include the same information as required in the Class II legal advertisement.

For a period of thirty days beginning with the first publication of the legal advertisement, the county clerk shall maintain within the courthouse of the county containing the public service district and the public service district shall maintain at its office a form provided by the public service district to be signed by any registered voter who is a resident of that portion of the public service district which will be served by the public service property to be acquired or constructed, and who is opposed to the public service district borrowing money or issuing revenue bonds upon the terms or for the purpose stated in the legal advertisement. The form available in the county clerk's office and in the office of the public service district shall state:

- (1) The amount of money to be borrowed, or the amount of revenue bonds to be issued;
- (2) The interest rate and terms of the loan or bonds;
- (3) The public service properties to be acquired or constructed, and the cost of same; and

(4) The anticipated rates which will be charged by the district. The form shall be arranged in a manner that permits every registered voter who is opposed to sign his name and list his address. The commission shall not grant its consent and approval if more than fifty percent of the registered voters who are residents of that portion of the public service district which will be served by the public service property to be acquired or constructed sign the form indicating their opposition. The commission may grant its consent and approval subject to such terms and conditions as may be necessary for the protection of the public interest, pursuant to the provisions of chapter twenty-four [§ 24-1-1 et seq.] of this Code, or may withhold such consent and approval for the protection of the public interest.

In the event of disapproval, the reasons therefor shall be assigned in writing by the commission. If written disapproval has not been given by the commission within sixty days after receipt of the application by the commission, it may be deemed by the applicant that approval has in fact been given. (1969, 1st Ex. Sess., c. 6; 1981, c. 124.)

**§ 16-13A-1. Legislative findings.**

The Legislature of the state of West Virginia hereby determines and finds that the present system of public service districts within the state has provided a valuable service at a reasonable cost to persons who would otherwise have been unable to obtain public utility services. To further this effort, and to ensure that all areas of the state are benefiting from the availability of

public service district utility services and to further correct areas with health hazards, the Legislature concludes that it is in the best interest of the public to implement better management of public service district resources by expanding the ability and the authority of the public service commission to assist public service districts by offering advice and assistance in operational, financial and regulatory affairs.

In addition to the expanded powers which shall be given to the public service commission, the Legislature also concludes that it is in the best interest of the public for each county commission to review current technology available and consider consolidating existing public service districts where it is feasible and will not result in the interference with existing bond instruments. Further, if such consolidation is not feasible, the Legislature finds that it is in the best interest of the public for each county commission to review current technology available and consider consolidating or centralizing the management of public service districts within its county or multi-county area to achieve efficiency of operations. The Legislature also finds that additional guidelines should be imposed on the creation of new public service districts and that county commissions shall dissolve inactive public service districts as hereinafter provided. The Legislature also finds that the public service commission shall promulgate rules and regulations to effectuate the expanded powers given to the commission relating to public service districts. (1953, c. 147; 1980, c. 60; 1986, c. 81.)

*Effect of amendment of 1986.* — The amendment rewrote the section as it appeared in the bound volume.

#### § 16-13A-1a. Jurisdiction of the public service commission.

The jurisdiction of the public service commission relating to public service districts shall be expanded to include the following powers, and such powers shall be in addition to all other powers of the public service commission set forth in this code:

- (a) To study, modify, approve, deny or amend the plans created under section one-b [§ 16-13A-1b] of this article for consolidation or merger of public service districts and their facilities, personnel or administration;
- (b) To petition the appropriate circuit court for the removal of a public service district board member or members; and
- (c) To create by general order a separate division within the public service commission to provide assistance to public service districts in technological, operational, financial and regulatory matters. (1986, c. 81.)

#### § 16-13A-1b. County commissions to develop plan to create, consolidate, merge, expand or dissolve public service districts.

Each county commission shall conduct a study of all public service districts which have their principal offices within its county and shall develop a plan relating to the creation, consolidation, merger, expansion or dissolution of such districts or the consolidation or merger of management and administrative services and personnel and shall present such plan to the public service commission for approval, disapproval, or modification. Provided, That within ninety days of the effective date of this section [June 6, 1986] each county commission in this state shall elect either to perform its own study or request that the public service commission perform such study. Each county commission electing to perform its own study shall have one year from the date of election to present such plan to the public service commission. For each county wherein the county commission elects not to perform its own study, the public service commission shall conduct a study of such county. The public service commission shall establish a schedule for such studies upon a priority basis, with those counties perceived to have the greatest need of creation or consolidation of public service districts receiving the highest priority. In establishing the priority schedule, and in the performance of each study, the department of health and the department of natural resources shall offer their assistance and cooperation to the public service commission. Upon completion by the public service commission of each study, it shall be submitted to the appropriate county commission for review and comment. Each county commission shall have six months in which to review the study conducted by the public service commission, suggest changes or modifications thereof, and present such plan to the public service commission. All county plans, whether conducted by the county commission itself or submitted as a result of a public service commission study, shall, by order, be approved, disapproved or modified by the public service commission in accordance with rules and regulations promulgated by the public service commission and such order shall be implemented by the county commission. (1986, c. 81.)

#### § 16-13A-1c. General purpose of districts.

Any territory constituting the whole or any part of one or more counties in the state so situated that the construction or acquisition by purchase or otherwise and the maintenance, operation, improvement and extension of, properties supplying water or sewerage services or gas distribution services or all of these within such territory, will be conducive to the preservation of the public health, comfort and convenience of such area, may be constituted a public service district under and in the manner provided by this article. The words "public service properties," when used in this article, shall mean and include any facility used or to be used for or in connection with (1) the diversion, development, pumping, impounding, treatment, storage, distribution or furnishing of water to or for the public for industrial, public, private or other uses

(herein sometimes referred to as "water facilities"), (2) the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (herein sometimes referred to as "sewer facilities" or "landfills") or (3) the distribution or the furnishing of natural gas to the public for industrial, public, private or other uses (herein sometimes referred to as "gas utilities or gas system"). (1986, c. 81.)

**§ 16-13A-2. Creation of districts by county commission; enlarging, reducing or dissolving district; consolidation; agreements, etc.; infringing upon powers of county commission; filing list of members and districts with the secretary of state.**

The county commission of any county may, on its own motion by order duly adopted or upon the recommendation of the public service commission, propose the creation of such public service district within such county, setting forth in such order a description, including metes and bounds, sufficient to identify the territory to be embraced therein and the name of such proposed district, or twenty-five percent of the registered voters who reside within the limits of such proposed public service district within one or more counties may petition for the creation thereof, which petition shall contain a description, including metes and bounds, sufficient to identify the territory to be embraced therein and the name of such proposed district: Provided, That after the effective date of this section [June 6, 1986], no new public service district shall be created under this section without the written consent and approval of the public service commission, which approval and consent shall be in accordance with rules and regulations promulgated by the public service commission and may only be requested after consent is given by the appropriate county commission or commissions pursuant to this section. Any territory may be included regardless of whether or not such territory includes one or more cities, incorporated towns or other municipal corporations which own and operate any public service properties and regardless of whether or not it includes one or more cities, incorporated towns or other municipal corporations being served by privately owned public service properties: Provided, however, That the same territory shall not be included within the boundaries of more than one public service district except where such territory or part thereof is included within the boundaries of a separate public service district organized to supply water, sewerage services or gas facilities not being furnished within such territory or part thereof: Provided further, That no city, incorporated town or other municipal corporation shall be included within the boundaries of such proposed district except upon the adoption of a resolution of the governing body of such city, incorporated town or other municipal corporation consenting.

Such petition shall be filed in the office of the clerk of the county commission of the county in which the territory to constitute the proposed district is

situated, and if such territory is situated in more than one county, then such petition shall be filed in the office of the clerk of the county commission of the county in which the major portion of such territory extends, and a copy thereof (omitting signatures) shall be filed with each of the clerks of the county commission of the other county or counties into which the territory extends. The clerk of the county commission receiving such petition shall present it to the county commission of such county at the first regular meeting after such filing or at a special meeting called for the consideration thereof.

When the county commission of any county enters an order on its own motion proposing the creation of a public service district, as aforesaid, or when a petition for such creation is presented, as aforesaid, the county commission shall at the same session fix a date of hearing in such county on the creation of the proposed public service district, which date so fixed shall be not more than forty days nor less than twenty days from the date of such action. If the territory proposed to be included is situated in more than one county, the county commission, when fixing a date of hearing, shall provide for notifying the county commission and clerk thereof of each of the other counties into which the territory extends of the date so fixed. The clerk of the county commission of each county in which any territory in the proposed public service district is located shall cause notice of such hearing and the time and place thereof, and setting forth a description of all of the territory proposed to be included therein to be given by publication as a Class I legal advertisement in compliance with the provisions of article three [§ 59-3-1 et seq.], chapter fifty-nine of this code, and the publication area for such publication shall be by publication in each city, incorporated town or municipal corporation if available in each county in which any territory in the proposed public service district is located. The publication shall be at least ten days prior to such hearing. In all cases where proceedings for the creation of such public service districts are initiated by petition as aforesaid, the person filing the petition shall advance or satisfactorily indemnify the payment of the cost and expenses of publishing the hearing notice, and otherwise the costs and expenses of such notice shall be paid in the first instance by the county commission out of contingent funds or any other funds available or made available for that purpose. In addition to the notice required herein to be published, there shall also be posted in at least five conspicuous places in the proposed public service district, a notice containing the same information as is contained in the published notice. The posted notices shall be posted not less than ten days before the hearing.

All persons residing in or owning or having any interest in property in such proposed public service district shall have an opportunity to be heard for and against its creation. At such hearing the county commission before which the hearing is conducted shall consider and determine the feasibility of the creation of the proposed district. If the county commission determines that the construction or acquisition by purchase or otherwise and maintenance, operation, improvement and extension of public service properties by such public service district will be conducive to the preservation of public health, comfort and convenience of such area, the county commission shall by order create

such public service district. If the county commission, after due consideration, determines that the proposed district will not be conducive to the preservation of public health, comfort or convenience of such area or that the creation of the proposed district as set forth and described in the petition or order is not feasible, it may refuse to enter an order creating the district or it may enter an order amending the description of the proposed district and create the public service district or districts can adequately serve the area of the proposed public service district, whether by expansion, merger or other means, it shall refuse to enter an order creating the proposed district and shall enter an order expanding, merging or consolidating the area with an existing public service district, in accordance with rules and regulations adopted by the public service commission for such purpose: Provided, That no expansion of a public service district may occur if the present or proposed physical facilities of the public service district are determined by the appropriate county commission or the public service commission to be inadequate to provide such expanded service. The clerk of the county commission of each county into which any part of such district extends shall retain in his office an authentic copy of the order creating, expanding, merging or consolidating the district: Provided, however, That within ten days after the entry of an order creating, expanding or merging or consolidating a district, such order must be filed for review and approval by the public service commission. The public service commission shall provide a hearing in the affected county on the matter and may approve, reject or modify the order of the county commission if it finds it is in the best interests of the public to do so. The public service commission shall adopt rules and regulations relating to such filings and the approval, disapproval or modification of county commission orders for creating, expanding, merging or consolidating districts.

The county commission may, in its discretion it deems it necessary, feasible and proper, enlarge the district to include additional areas, reduce the area of the district, where facilities, equipment, service or materials have not been extended, or dissolve the district if inactive or establish or consolidate two or more such districts. If consolidation of districts is not feasible, the county commission may consolidate and centralize management and administration of districts within its county or multi-county area to achieve efficiency of operations: Provided, That where the county commission determines on its own motion by order entered of record, or there is a petition to enlarge the district, merge and consolidate districts, or the management and administration thereof, reduce the area of the district or dissolve the district if inactive, all of the applicable provisions of this article providing for hearing, notice of hearing and approval by the public service commission shall apply with like effect as if a district were being created. The commission shall at all times attempt to bring about the expansion or merger of existing public service districts in order to provide increased services and to eliminate the need for creation of new public service districts in those areas which are not currently serviced by a public service district: Provided, however, That where two or more public service districts are consolidated pursuant to this section, any

rate differentials may continue for the period of bonded indebtedness incurred prior to consolidation. The districts may not enter into any agreement, contract or covenant that infringes upon, impairs, abridges or usurps the duties, rights or powers of the county commission, as set forth in this article, or conflicts with any provision of this article. A list of all districts and their current board members shall be filed by the county commission with the secretary of state and the public service commission by the first day of July of each year. (1953, c. 147; 1965, c. 134; 1967, c. 105; 1975, c. 140; 1980, c. 60; 1981, c. 124; 1986, c. 81.)

**Effect of amendment of 1986.** — The amendment rewrote the section as it appeared in the bound volume.

**Merger or consolidation of districts.** — This section authorizes either merger or consolidation of public service districts. Op. Atty Gen., June 12, 1985, No. 9.

A merger or consolidation results in one corporation which, in the case of merger, will be the corporation designated by the commissioners as the surviving corporation, and with respect to a consolidation, will be a new corporate entity. Op. Atty Gen., June 12, 1985, No. 9.

### § 16-13A-3. District to be a public corporation and political subdivision; powers thereof; public service boards.

From and after the date of the adoption of the order creating any public service district, it shall thereafter be a public corporation and political subdivision of the state, but without any power to levy or collect ad valorem taxes. Each district may acquire, own and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal and may enter into contracts necessary or incidental to its purposes, including contracts with any city, incorporated town or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town or other municipal corporation, and contract for the operation, maintenance, servicing, repair and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town or other municipal corporation included within the district: Provided, That no contract shall extend beyond a maximum of forty years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members, who shall be persons residing within the district who possess certain educational, business or work experience which will be conducive to operating a public service district. Each board member shall, within six months of taking office, successfully complete the training program to be established and administered by the public service commission in conjunction with the department of natural resources and the department of health. Board members shall not be or become

peculiarly interested, directly or indirectly, in the proceeds of any contract or service, or in furnishing any supplies or materials to the district, nor shall a former board member be hired by the district in any capacity within a minimum of twelve months after such board member's term has expired or such board member has resigned from the district board. The members shall be appointed in the following manner:

Each city, incorporated town or other municipal corporation having a population of more than three thousand but not less than eighteen thousand shall be entitled to appoint one member of the board, and each such city, incorporated town or other municipal corporation having a population in excess of eighteen thousand shall be entitled to appoint one additional member of the board for each additional eighteen thousand population. The members of the board representing such cities, incorporated towns or other municipal corporations shall be residents thereof and shall be appointed by a resolution of the governing bodies thereof and upon the filing of a certified copy or copies of the resolution or resolutions in the office of the clerk of the county commission which entered the order creating the district, the persons so appointed shall thereby become members of the board without any further act or proceedings. If the number of members of the board so appointed by the governing bodies of cities, incorporated towns or other municipal corporations included in the district shall equal or exceed three, then no further members shall be appointed to the board and the members shall be and constitute the board of the district.

If no city, incorporated town or other municipal corporation having a population of more than three thousand is included within the district, then the county commission which entered the order creating the district shall appoint three members of the board, who are persons residing within the district, which three members shall become members of and constitute the board of the district without any further act or proceedings.

If the number of members of the board appointed by the governing bodies of cities, incorporated towns or other municipal corporations included within the district is less than three, then the county commission which entered the order creating the district shall appoint such additional member or members of the board, who are persons residing within the district, as is necessary to make the number of members of the board equal three, and the additional member or members shall thereupon become members of the board; and the member or members appointed by the governing bodies of the cities, incorporated towns or other municipal corporations included within the district and the additional member or members appointed by the county commission as aforesaid, shall be and constitute the board of the district. A person may serve as a member of the board in one or more public service districts.

The population of any city, incorporated town or other municipal corporation, for the purpose of determining the number of members of the board, if any, to be appointed by the governing body or bodies thereof, shall be conclusively considered to be the population stated for such city, incorporated town or other municipal corporation in the last official federal census.

Notwithstanding any provision of this code to the contrary, whenever a district is consolidated or merged pursuant to section two [§ 16-13A-2] of this article, the terms of office of the existing board members shall end on the effective date of the merger or consolidation. The county commission shall appoint a new board according to rules and regulations promulgated by the public service commission.

The respective terms of office of the members of the first board shall be fixed by the county commission and shall be as equally divided as may be, that is approximately one third of the members for a term of two years, a like number for a term of four, and the term of the remaining member or members for six years, from the first day of the month during which the appointments are made. Any public service district providing water and sewer service to its customers shall have the right to terminate

water service for delinquency in payment of either water or sewer bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer district is providing water service, and the district providing sewer service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer district that is providing water service, upon the request of the district providing sewer service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer account: Provided, however, That any termination of water service must comply with all rules, regulations and orders of the public service commission.

The circuit court shall adjudicate the merits of such petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near such sewer facility, and the engineer for the district has certified that such sewer facili-

ties are available to and are adequate to serve such owner, tenant or occupant, and sewage will flow by gravity or be transported by such other methods approved by the department of health from such house, dwelling or building into such sewer facilities, the district may charge, and such owner, tenant or occupant shall pay the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner.

All delinquent fees, rates and charges of the district for either water facilities, sewer facilities or gas facilities are liens on the premises served of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes. In addition to the other remedies provided in this section, public service districts are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrates court for the collection of delinquent water, sewer or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts.

Anything in this section to the contrary notwithstanding, any establishment, as defined in section two [§ 20-5A-2], article five-a, chapter twenty, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the department of natural resources, as prescribed by section seven [§ 20-5A-7], article five-a, chapter twenty of this code, is exempt from the provisions of this section. Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivered to the Authority for purchase the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting Engineers to such effect;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(i) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not execute this Loan Agreement unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%)

of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority; and

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit A.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.4 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.5 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.7 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

## ARTICLE VI

loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. 6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

EXHIBIT A

[Opinion of Bond Counsel for Governmental Agency]

[To Be Dated as of Date of Loan Closing]

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Gentlemen:

We are bond counsel to \_\_\_\_\_  
(the "Governmental Agency"), a \_\_\_\_\_  
\_\_\_\_\_.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement dated \_\_\_\_\_, 19\_\_\_\_, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority") and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated \_\_\_\_\_, 19\_\_\_\_ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are in the principal amount of \$\_\_\_\_\_, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, beginning \_\_\_\_\_ 1, 19\_\_\_\_, at the respective rate or rates and with principal payable in installments on October 1 in each of the years, all as follows:

<u>Year</u>	<u>Installment</u>	<u>Interest Rate</u>
-------------	--------------------	----------------------

The Local Bonds are issued for the purpose of \_\_\_\_\_ and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of \_\_\_\_\_ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the

bond \_\_\_\_\_ duly enacted by the Governmental Agency on \_\_\_\_\_ (the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.
2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.
3. The Governmental Agency is a duly organized and presently existing \_\_\_\_\_, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.
4. The Governmental Agency has legally and effectively enacted the Local Act and all other necessary \_\_\_\_\_ in connection with the issuance and sale of the Local Bonds. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.
5. The Local Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the [net] revenues of the System referred to in the Local Act and secured by a [first] lien on and pledge of the [net] revenues of said System, all in accordance with the terms of the Local Bonds and the Local Act, and have been duly issued and delivered to the Authority.
6. The Local Bonds are, by statute, exempt \_\_\_\_\_, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for Federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

WDA-Supp. 5  
(March 1988)

simultaneously with the delivery of the Local Bond to the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Supplemental Loan Agreement and the Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies under the conditions and in the manner described in the Loan Agreement. The Governmental Agency further understands and acknowledges that the Authority's obligation to make the Supplemental Loan is subject to the availability on the Date of Loan Closing of funds legally available therefor.

3.6 Anything in this Loan Agreement notwithstanding, if the Authority is unable to pay the proceeds of the Supplemental Bonds to the Governmental Agency on the Date of Loan Closing due to the time required for processing the purchase order or requisition for such moneys with the State, the Authority may pay such proceeds as soon as received after the Date of Loan Closing; provided, that the Supplemental Bonds shall not evidence any debt to be repaid to the Authority until the proceeds thereof are received by the Governmental Agency.

#### ARTICLE IV

Supplemental Bonds; Security for Supplemental Loan;  
Repayment of Supplemental Loan; No Interest on  
Supplemental Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Supplemental Loan, authorize the issuance of and issue the Supplemental Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Supplemental Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto, subject to the prior and senior security therefrom granted to the Local Bonds;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or the Supplemental Bonds or, if the reserve accounts established for the payment of debt service on the Local Bonds (the "Reserve Account") and for the payment of debt service on the Supplemental Bonds (the "Supplemental Reserve Account") are funded (whether by bond proceeds, monthly deposits or otherwise), respectively, at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") or on the Supplemental Bonds in the then current or any succeeding year (the "Supplemental Reserve Requirement"), as the case may be, and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds and Supplemental Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Supplemental Bonds, except the Local Bonds and bonds on a parity with the Supplemental Bonds, which parity bonds shall only be issued if net revenues of

the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Supplemental Bonds and parity bonds theretofore and then being issued and on the Local Bonds and any other obligations secured by a lien on or payable from the revenues of the System prior to the Supplemental Bonds; provided, however, that additional parity Local Bonds and additional parity Supplemental Bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Supplemental Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Supplemental Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law, subject to the prior and senior rights of the owner or owners of the Local Bonds;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Supplemental Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Supplemental Bonds, except any proceeds deposited in the Reserve Account or the Supplemental Reserve Account, must be deposited in a construction fund on which the owners of the Supplemental Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs); provided, that said construction fund may be the one established for the Local Bonds, which shall have a prior and senior lien thereon, but shall otherwise be kept separate and apart from all other funds of the Governmental Agency; and

(xv) That, as long as the Authority is the owner of any of the Supplemental Bonds, the Governmental Agency shall not authorize redemption of any Supplemental Bonds by it without the written consent of the Authority.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Supplemental Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Supplemental Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to the prior and senior security therefrom for the Local Bonds and to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Supplemental Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto.

4.4 The Supplemental Loan shall not bear interest.

4.5 The Supplemental Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Supplemental Program, which administrative expenses shall be as determined by the Authority and shall include, but not be limited to, legal fees paid by the Authority.

4.7 If the schedule furnished to the Authority pursuant to Section 6.5 reflects an excess of funding for the Project, or if the Authority is otherwise advised of an excess of funding for the Project, the Authority may tender to the Governmental Agency its Supplemental Bonds for payment in an amount equal to such excess. Notwithstanding the foregoing, if the Governmental Agency has grant anticipation notes or some other interim financing outstanding upon completion of construction of the Project, it shall advise the Authority of such fact and submit a second schedule to the Authority upon payment of the interim financing, and the Authority shall not tender its Supplemental Bonds for payment until the outstanding interim financing has been paid.

#### ARTICLE V

Certain Covenants of the Governmental Agency;  
Imposition and Collection of User Charges;  
Payments To Be Made by  
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Supplemental Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Supplemental Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds and the Supplemental Bonds shall prove to be insufficient to produce the minimum sums set

forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Supplemental Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the rate of five percent (5%) per annum, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

#### ARTICLE VI

##### Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Supplemental Loan Agreement.

6.2 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Supplemental Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time provided, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Supplemental Loan and receiving the Supplemental Bonds, the Authority shall have the right to cancel all or any of its obligations under this Supplemental Loan Agreement if (a) any representation made to

the Authority by the Governmental Agency in connection with the Loan or the Supplemental Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Loan Agreement or this Supplemental Loan Agreement.

6.3 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Supplemental Loan.

6.4 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.5 The Governmental Agency hereby agrees to file with the Authority upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

[Opinion of Bond Counsel for Governmental Agency]

[To Be Dated as of Date of Loan Closing]

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Gentlemen:

We are bond counsel to \_\_\_\_\_  
(the "Governmental Agency"), a \_\_\_\_\_  
\_\_\_\_\_.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement, dated \_\_\_\_\_, 19\_\_\_\_, including all schedules and exhibits attached thereto (the "Supplemental Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), and (ii) the issue of a series of supplemental, subordinate revenue bonds of the Governmental Agency, dated \_\_\_\_\_, 19\_\_\_\_ (the "Supplemental Bonds"), to be purchased by the Authority in accordance with the provisions of the Supplemental Loan Agreement. The Supplemental Bonds are in the principal amount of \$\_\_\_\_\_, issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years, as follows:

<u>Year</u>	<u>Installment</u>
-------------	--------------------

The Supplemental Loan Agreement is supplemental to a loan agreement dated \_\_\_\_\_, \_\_\_\_\_, also between the Governmental Agency and the Authority (the "Loan Agreement"). The Supplemental Bonds are junior, subordinate and inferior as to lien and source of and security for payment to the bonds issued pursuant to the Loan Agreement (the "Local Bonds"), which Local Bonds are issued simultaneously herewith.

The Supplemental Bonds are issued, together with the Local Bonds, for the purpose of \_\_\_\_\_ and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of \_\_\_\_\_ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond \_\_\_\_\_ duly enacted by the Governmental Agency on \_\_\_\_\_ (the "Local Act"), pursuant to and under which Local Statute and Local Act the Supplemental Bonds are authorized and issued, and the Supplemental Loan Agreement that has been undertaken. The Supplemental Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Supplemental Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Supplemental Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Supplemental Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a duly organized and presently existing \_\_\_\_\_, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Supplemental Loan Agreement and to issue and sell the Supplemental Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively enacted the Local Act and all other necessary \_\_\_\_\_ in connection with the issuance and sale of the Supplemental Bonds. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Supplemental Loan Agreement.

5. The Supplemental Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the [net] revenues of the System referred to in the Local Act and secured by a lien on and pledge of the [net] revenues of said System, all in accordance with the terms of the Supplemental Bonds and the Local Act, and have been duly issued and delivered to the Authority. Said lien and pledge are junior, subordinate and inferior to that created for the Local Bonds [and \_\_\_\_\_].

6. The Supplemental Bonds are, by statute, exempt

No opinion is given herein as to the effect upon enforceability of the Supplemental Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Supplemental Bond numbered SR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

2. Project Schedule

EPA's policy requires that projects be initiated, constructed, and placed in operation in a timely manner. For that reason, the schedule shown below, which was developed in conjunction with your grant application, is included as a special condition. The grantee is expected to take all appropriate actions to ensure that this schedule is maintained.

In the event that the project is delayed for reasons beyond the control of the grantee, this schedule may be revised. If the delay arises from mismanagement and could otherwise have been avoided, the schedule will not be revised, in which case EPA will be compelled to determine if ineligible incremental costs have been incurred as a result.

3. Project Initiation (40 CFR 35.2212)

Construction is expected to be initiated on the following schedule.

Failure of the grantee to initiate construction of all major contracts within 12 months of approval of plans and specifications will result in disallowance of incremental costs in accordance with 40 CFR 35.2212, "Project Initiation".

Federal Regulations place special emphasis on the performance of the project. It is vitally important that the facility performs as designed and on schedule. The grantee, therefore, agrees to initiate operation and certify performance by the dates below. It is likewise important that the final Federal share of the project be determined at the earliest possible date. The grantee, therefore, agrees to submit its request for final payment in accordance with this schedule.

h. SPECIAL CONDITIONS (Continued)

PART IV

**NOTE:** The Agreement must be completed in duplicate and the Original returned to the Grants Administration Division for Headquarters awards and to the appropriate Grants Administrations Office for State and local awards within 3 calendar weeks after receipt or within any extension of time as may be granted by EPA.

RE: Northern Wayne

C-540224-01

Dear Mrs. Mastropieri:

Transmitted are the Part B documents for the above referenced project. The review indicates a grant increase of \$300,100. The increase is composed of \$310,570 basic funds and a decrease of \$10,470 from alternative funds. The State wishes EPA to track the return of alternative funds to the alternative reserves so that the money may be used to fund the alternative portion of another project. The revised allowable costs of \$9,196,500 reflects an EPA grant of \$7,651,320 which consists of \$6,897,370 from basic funds and \$753,950 from alternative funds. The State certifies there are sufficient reserves to fund this request.

The State approves the bidding procedures. Should you have any questions, please contact Rosalie Ortega of my staff at (304) 348-0637.

Sincerely,

A. The Issuer is a public corporation and political subdivision of the State in Wayne County, West Virginia.

B. The Issuer does not presently own or operate a public sewage treatment, collection or transportation system. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain sewer facilities of the Issuer, consisting of the Project at an estimated cost of \$12,530,320, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to enter into an agreement with the City of Huntington, West Virginia (the "City"), and the Sanitary Board thereof, for the treatment, purification and disposal of its liquid and solid wastes, sewage and industrial wastes and other services in connection therewith, which agreement will be approved by ordinance enacted by the Council of the City and by a resolution adopted by the Board and is to be approved by an order of the PSC prior to the issuance of the Bonds or Notes authorized hereby.

D. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bonds and the FmHA Bonds and all sinking fund, reserve account and other payments provided for herein, in the FmHA Resolution and in the PSC Order.

E. It is deemed necessary for the Issuer to issue its revenue bonds in the total aggregate principal amount of not more than \$3,500,000 in two series, being the Series 1989 A Bonds in the aggregate principal amount of not more than \$2,700,000, and the Subordinate Bonds in the aggregate principal amount of not more than \$800,000, and pending the issuance thereof its Authority BANs in the aggregate principal amount of not more than \$3,500,000 to permanently finance a portion of the cost of acquisition and construction of the Project, and to issue contemporaneously therewith its bond anticipation notes in the aggregate principal amount of not more than \$2,000,000 to temporarily finance costs of acquisition and construction of the Project pending the issuance of or receipt of the proceeds of the FmHA Bonds. Said costs shall be deemed to include the cost of all property

rights, easements and franchises deemed necessary or convenient therefor; interest upon the BANS during the term thereof, upon the GANS for a term to be set forth in the Supplemental Resolution or the Agreement and upon the Authority BANS and Bonds prior to and during construction or acquisition and for six months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues and for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense, commitment fees, fees of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any costs of obtaining insurance thereon or a letter of credit in connection therewith; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds, the Authority BANS or Notes or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project.

F. Concurrently herewith, the Issuer is adopting the FmHA Resolution and, as determined by the Supplemental Resolution, will concurrently with the issuance of the Bonds either issue the FmHA Bonds or receive from FmHA an irrevocable commitment to accept delivery of and pay for the FmHA Bonds on a certain date or dates.

G. The period of usefulness of the System after completion of the Project is not less than 40 years.

H. It is in the best interests of the Issuer that its Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement and pending the issuance thereof that the Authority BANS be sold to the Authority.

I. Except for the FmHA Bonds, there are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bonds as to lien and source of and security for payment. The Authority BANS shall be payable from the proceeds of the Bonds and from the Net Revenues on a parity basis with the FmHA Bonds if the Bonds are not issued. The Series 1989 A Bonds shall be on a parity with the FmHA Bonds. The Subordinate Bonds shall be junior and subordinate to the Series 1989 A Bonds as set forth herein and to the FmHA Bonds. The BANS shall be payable from the proceeds of the FmHA Bonds

and, on a basis subordinate to the FmHA Bonds and the Bonds, from the Net Revenues. The GANs shall not be payable from the Net Revenues, but shall be payable from Grant Receipts or Surplus Revenues, all as shall be set forth in the Agreement or the Supplemental Resolution authorizing the GANs.

J. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds, the Authority BANs, the BANs and the GANs, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of the PSC Order, the time for rehearing and appeal of which have expired and, if a promissory note is issued to the County, prior approval of the Agreement by the State Attorney General.

### ARTICLE III

#### AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND SALE OF BONDS; AUTHORIZATION AND EXECUTION OF LOAN AGREEMENT

Section 3.01. Authorization of Bonds. For the purposes of capitalizing interest on the Series 1989 A Bonds, funding a reserve account for each series of Bonds, paying Costs of the Project not otherwise provided for and paying certain costs of issuance and related costs, or any of such purposes as shall be specified in the Supplemental Resolution, there shall be issued negotiable Bonds of the Issuer in an aggregate principal amount of not more than \$3,500,000. Said Bonds shall be issued in two series, to be designated respectively "Sewerage System Revenue Bonds, Series 1989 A," in the aggregate principal amount of not more than \$2,700,000, and "Subordinate Sewerage System Revenue Bonds, Series 1989," in the aggregate principal amount of not more than \$800,000, and shall have such terms as are set forth hereinafter and in the Supplemental Resolution. Either the Bonds or the Authority BANs shall be issued contemporaneously with the issuance of the BANs. The proceeds of the Bonds remaining after funding of the Reserve Accounts (if funded from Bond proceeds) and capitalization of interest, if any, shall be deposited in the Bond Construction Trust Fund established by Section 5.01 hereof.

Section 3.02. Terms of Bonds. The Bonds shall bear interest at such rate or rates, not exceeding the then legal maximum, payable semiannually on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution. The Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Bonds shall be paid by check or draft of the Paying Agent mailed to the registered owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Bonds shall be issued in the form of a single bond for each series, fully registered to the Authority, with a debt service schedule attached, representing the aggregate principal amount of each series, and shall mature in principal installments, all as provided in the Supplemental Resolution. The Bonds of each series shall be exchangeable at the option and expense of the Holder for other fully registered Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with

principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. The Bonds shall be dated as of the date specified in a Supplemental Resolution and shall bear interest from such date.

Section 3.03. Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until the Certificate of Authentication and Registration on such Bond, substantially in the forms set forth in Section 3.09, shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive

Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remain outstanding, the Issuer, through the Bond Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the respective Reserve Accounts. No Holder or Holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Subordinate Bonds to be Junior and Subordinate to Series 1989 A Bonds. The payment of the debt service of all the Series 1989 A Bonds shall be secured forthwith equally and ratably with each other, and with the FmHA Bonds, by a first lien on the Net Revenues derived from the System. The payment of the debt service of all the Subordinate Bonds shall also be secured forthwith equally and ratably with each other by a lien on the Net Revenues derived from the System, but junior and subordinate to the lien on such Net Revenues in favor of the Holders of the Series 1989 A Bonds and the FmHA Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Funds, the Reserve Accounts therein and the Renewal and Replacement Fund hereinafter established, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Section 3.09. Form of Original Bonds. The text of the Bonds shall be in substantially the following forms, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

Section 3.10. Sale of Bonds; Ratification and Execution of Loan Agreement with Authority. The Authority BANS and the Bonds shall be sold to the Authority pursuant to the terms and conditions of the Loan Agreement. If not so authorized by previous resolution, the Chairman is specifically authorized and directed to execute the Loan Agreement and the Secretary is directed to affix the seal of the Issuer, attest the same and deliver the Loan Agreement to the Authority, and any such prior execution and delivery is hereby authorized, ratified and approved.

Section 3.11. "Amended Schedule A" Filing; Tender of the Subordinate Bonds. Upon completion of acquisition and construction of the Project, the Issuer will file with the Authority a schedule in substantially the form of the "Amended Schedule A" to the Loan Agreement, setting forth the actual costs of the Project and sources of funds therefor. In the event such schedule reflects an excess of funding for the Project, or if the Authority is otherwise advised of an excess, the Authority may tender the Subordinate Bonds to the Issuer for payment in an amount equal to such excess. Notwithstanding the foregoing, if the Issuer has Notes outstanding upon completion of construction of the Project, it will advise the Authority of such fact and submit a second schedule to the Authority upon payment of such Notes, and the Authority will not tender its Subordinate Bonds for payment until the outstanding Notes have been paid.

## ARTICLE IV

### NOTES

Section 4.01. Authorization and General Terms. In order to pay certain Costs of the Project pending issuance of the FmHA Bonds or payment of all advances of principal of the FmHA Bonds, or both, as the case may be, the Issuer may issue and sell its bond anticipation notes in the aggregate principal amount of not to exceed \$2,000,000. The BANS shall be in a form set forth in the Indenture or the Supplemental Resolution. The BANS shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption and shall have such other provisions not inconsistent with this Resolution as shall be provided in the Indenture and Supplemental Resolution.

Section 4.02. Terms of and Security for BANS: Indenture. The BANS shall be issued in fully registered form, in the denomination of \$5,000 or any integral multiple thereof, with such terms as are set forth in the Indenture or Supplemental Resolution. The BANS shall be secured by the proceeds of the FmHA Bonds, which are hereby pledged for such purpose and, on a basis subordinate to the Bonds and the FmHA Bonds, if issued, the Net Revenues, which are also hereby pledged for such purpose. Upon further authorization by the Supplemental Resolution, execution and delivery of the Indenture is hereby authorized.

Section 4.03. BANS are Special Obligations. The BANS shall be special obligations of the Issuer payable as to principal and interest solely from the respective sources described above and in the Indenture. The BANS do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged for the payment of the BANS. The Holders of the BANS shall never have the right to compel the forfeiture of any property of the Issuer. The BANS shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth in the Indenture or the Supplemental Resolution.

Section 4.04. GANs and Agreement. In order to pay certain Eligible Costs of the Project pending the receipt of Grant Receipts and upon further authorization by the Supplemental Resolution, execution and delivery of the Agreement in substantially the form attached as Exhibit A is hereby authorized. To evidence the Issuer's obligations under the Agreement, there is hereby authorized the issuance of the

GANs, in the form of a promissory note to the County, in an aggregate principal amount not to exceed \$2,000,000. The Issuer's obligations on the promissory note shall be secured by a pledge of the Grant Receipts, all the funds and accounts established by the Agreement, the net proceeds of any refunding notes and the Surplus Revenues, if any. If so provided by the Supplemental Resolution, the Issuer may, rather than entering the Agreement in substantially the form attached as Exhibit A, issue the GANs and sell the same to a third party upon such terms and conditions as are then set forth in such Supplemental Resolution. If authorized by the Supplemental Resolution, such obligations under the Agreement or such GANs may also be secured by the net proceeds of a letter of credit in an amount not to exceed \$800,000.

Section 4.05. Issuance of Authority BAN. In order to pay certain Costs of the Project, pending the receipt of the proceeds of the Bonds Authority BAN, in an aggregate principal amount not to exceed \$3,500,000. The Authority BAN shall have such provisions as to execution, authentication, registration, negotiability, transfer and such other terms and provisions as are set forth in connection with the Bonds in Article III hereof, and as shall be further set forth with respect to the Authority BAN in the Supplemental Resolution.

Section 4.06. Form of BAN. The text of the Authority BAN shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

KNOW ALL MEN BY THESE PRESENTS: That NORTHERN WAYNE COUNTY PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia (the "Issuer"), for value received, hereby promises to pay to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of \_\_\_\_\_

(\$ \_\_\_\_\_), in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest rate on each installment shall run from the original date of delivery of this Note to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning April 1, 1989. Principal of this Note is payable in any coin or currency which, on the date of payment of principal, is legal tender for the payment of public and private debts under the laws of the United States of America, upon surrender of this Note at the principal office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Note is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 1st day of the month preceding an interest payment, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Note is subject to mandatory redemption in whole, within 15 days following receipt by the Issuer of notification from the Authority that it is prepared to purchase the Series 1989 A Bonds and the Subordinate Bonds (as hereinafter defined), or otherwise provide for redemption hereof, at the price of 100% of the principal amount outstanding plus interest accrued to the date of such redemption.

This Note constitutes all of the Notes of an issue of Sewerage System Bond Anticipation Notes, West Virginia Water Development Authority Series of the Issuer (the "Notes"), issued to temporarily finance a portion of the costs of the construction and acquisition of a sewage collection and transportation system of the Issuer (the "Project"), to capitalize interest on the Notes during construction and for a period of \_\_\_ months thereafter and to pay certain costs of issuance thereof and related costs. This Note is issued under the authority of and in full compliance with the statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), and a resolution adopted by the Governing Body of the Issuer on January 30, 1989, and supplemented thereby on January 30, 1989 (collectively, the "Resolution").

This Note is issued concurrently with the Sewerage System Revenue Bonds, Series 1989 B of the Issuer (the "Bonds"), issued in the aggregate principal amount of \$1,950,000, which Series 1989 B Bonds are on a parity with the Notes with respect to the lien on and pledge of the Net Revenues (as defined in the Resolution).

This Note is payable from proceeds of the Issuer's Sewerage System Revenue Bonds, Series 1989 A (the "Series 1989 A Bonds") and Subordinate Sewerage System Revenue Bonds, Series 1989 (the "Subordinate Bonds"), expected to be purchased by the Authority in accordance with a letter of the Authority dated \_\_\_\_\_, 1989, related to such purchase. In the event the Series 1989 A and Subordinate Bonds are not purchased by the Authority, this Note shall be payable from and secured by a pledge of the Net Revenues and on a parity with the Series 1989 B Bonds, moneys in the Reserve Account (the "BAN Reserve Account"), created under the Resolution for the Notes, and unexpended proceeds of the Notes. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds or notes which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Note does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon except from the proceeds of the Series 1989 A and Subordinate Bonds, said special fund provided from the Net Revenues, the moneys in the BAN Reserve Account and unexpended proceeds of the Notes. Pursuant to the Resolution, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115%

of the maximum amount payable in any year for principal of and interest on the Notes, and all other obligations secured by a lien on or payable from the Net Revenues prior to or on a parity with the Notes, provided however, that so long as there exists in the BAN Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on the Notes in the then current or any succeeding year, and in the respective reserve accounts established for all other obligations outstanding prior to or on a parity with the Notes, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Notes for the terms of which reference is made to the Resolution. Remedies provided the registered owners of the Notes are exclusively as provided in the Resolution, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Note is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Note together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or its attorney duly authorized in writing.

This Note, under the provisions of the Bond Act, is and has the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

All money received from the sale of this Note, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the payment of the Costs of the Project described in the Resolution, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the owner of this Note subject, however, to the parity lien thereon in favor of the holders of the Series 1989 B Bonds.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Note have existed, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Note, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Note.

All provisions of the Resolution and statutes under which this Note is issued shall be deemed to be a part of the contract evidenced by this Note to the same extent as if written fully herein.

IN WITNESS WHEREOF, NORTHERN WAYNE COUNTY PUBLIC SERVICE DISTRICT has caused this Note to be signed by the manual signature of its Chairman and its corporate seal to be impressed hereon and attested by the manual signature of its Secretary and has caused this Note to be dated \_\_\_\_\_, 1989.

A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

- (1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month and without distinction or priority between the two payments, (i) commencing 7 months prior to the first date of payment of interest on the Series 1989 A Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1989 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1989 A Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1989 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date; and (ii) make the payment into the sinking fund on account of interest required by the FmHA Resolution.

(3) The Issuer shall next, on the first day of each month and without distinction or priority between the two payments, (i) commencing 13 months prior to the first date of payment of principal on the Series 1989 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1989 A Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1989 A Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1989 A Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date; and (ii) make the payment into the sinking fund on account of principal required by the FmHA Resolution.

(4) The Issuer shall next, on the first day of each month and without distinction or priority between the two payments, (i) commencing 13 months prior to the first date of payment of principal of the Series 1989 A Bonds, if not fully funded upon issuance of the Series 1989 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1989 A Bonds Reserve Account, an amount equal to 1/120 of the Series 1989 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1989 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1989 A Bonds Reserve Requirement; and (ii) make the payment into the reserve account required by the FmHA Resolution.

(5) From the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the month succeeding the first full calendar month after commencement of operation of the Project, transfer to the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of the Series 1989 A Bonds Reserve Account, but not less than \$2,333.33 (\$28,000 each year). All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 1989 A Bonds Reserve Account or the reserve account for the FmHA Bonds, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03(A)(4), shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(6) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Subordinate Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Subordinate Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Subordinate Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Subordinate Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(7) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Subordinate Bonds, if not fully funded upon issuance of the Subordinate Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Subordinate Bonds Reserve Account, an amount equal to 1/120 of the Subordinate Bonds Reserve Requirement; provided, that no further payments shall be made into the Subordinate Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Subordinate Bonds Reserve Requirement.

In the event the Bonds and Subordinate Bonds are not issued prior to April 1, 1990, the payments which would have been made with respect to the Bonds and Subordinate Bonds set forth in Section 5.03(2), (3) and (4) hereof shall be made into the Authority BAN Sinking Fund on behalf of the Authority BAN.

Moneys in the Series 1989 A Bonds Sinking Fund or the Authority BAN Sinking Fund and the Subordinate Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Authority BAN or the respective series

of Bonds as the same shall become due. Moneys in the Authority BAN Reserve Account, the Series 1989 A Bonds Reserve Account and the Subordinate Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Authority BAN or respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall be deposited in the Earnings Fund as required by Section 8.03.

Any withdrawals from the Series 1989 A Bonds Reserve Account or the Authority BAN which result in a reduction in the balance of the Series 1989 A Bonds Reserve Account or the Authority BAN to below the Reserve Requirements therefor shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1989 A Bonds Sinking Fund or the Authority BAN Sinking Fund, the sinking fund for the FmHA Bonds, the Series 1989 A Bonds Reserve Account or the Authority BAN and the reserve account for the FmHA Bonds, including deficiencies for prior payments, have been made in full.

Any withdrawals from the Subordinate Bonds Reserve Account which result in a reduction in the balance of the Subordinate Bonds Reserve Account to below the Subordinate Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1989 A Bonds Sinking Fund, the sinking fund for the FmHA Bonds, the Series 1989 A Bonds Reserve Account, the reserve account for the FmHA Bonds, the Renewal and Replacement Fund and the Subordinate Bonds Sinking Fund, including deficiencies for prior payments, have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay any interest on such Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Authority BAN or respective Bonds and any Parity Bonds that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore and in the FmHA Resolution provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so

transferred and paid into the Sinking Funds, including the Reserve Accounts therein, the sinking fund and reserve account for the FmHA Bonds and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Excess Revenues. Excess Revenues may be used for any lawful purpose of the System, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund and may constitute Surplus Revenues.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, that all deposits, including on account of deficiencies, shall be made in the order of priority set forth in Paragraph (A), above, and no payment of lower priority shall be made if there exists a deficiency in a fund or account of higher priority. No such deficiency shall exist solely because the required payments into the Reserve Accounts or the reserve account for the FmHA Bonds have not, as of such date, funded such account to the requirement therefor.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. A percentage of the Tap Fees, to be designated by the Supplemental Resolution and to equal the percentage the Bonds are of the total Authority BAN or Bonds and FmHA Bonds, shall be deposited by the Issuer as received in the Bond

Construction Trust Fund and, following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ARTICLE VI

BOND AND AUTHORITY BAN PROCEEDS; FUNDS AND ACCOUNTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. If the Authority BANs are not issued, from the moneys received from the sale of any or all of the Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1989 A Bonds, there shall first be deposited with the Commission in the Series 1989 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1989 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1989 A Bonds, there shall be deposited with the Commission in the Series 1989 A Bonds Reserve Account and, from the proceeds of the Subordinate Bonds, there shall be deposited with the Commission in the Subordinate Bonds Reserve Account the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1989 A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholders with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in this Resolution. Moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and, until so expended, are hereby pledged as additional security for the Series 1989 A Bonds and thereafter for the Subordinate Bonds.

Section 6.02. Application of Authority BAN Proceeds; Pledge of Unexpended BAN Proceeds. From the moneys received from the sale of the Authority BAN, the following amounts shall be deposited in the order set forth below:

A. From the proceeds of the Authority BAN, there shall first be Authority BAN Sinking Fund, the amount, in any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Authority BAN for the period commencing on the date of issuance of the Authority BAN and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Authority BAN, there shall be deposited with the Commission in the Authority BAN Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Authority Reserve Account.

C. The remaining moneys derived from the sale of the Authority BAN shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.04.

Section 6.03. Application of Bond; Pledge of Unexpended Bond Proceeds. The entire proceeds of the Bonds (except for any funding of capitalized interest on the Series 1988 A Bonds, as shall be determined by the Supplemental Resolution) shall be applied to payment of the principal of the Authority BAN and any remaining proceeds shall be deposited in the Bond Construction Trust Fund. Upon such payment of the Authority BAN, all moneys in the Authority BAN Reserve Account shall be transferred to the Reserve Accounts so as to satisfy the Reserve Requirements thereof, and all moneys in the BAN Sinking Fund shall be transferred to the Series 1988 A Bonds Sinking Fund.

Section 6.04. Disbursements from the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund (except for the costs of issuance of the Bonds originally authorized hereby, which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1989 A Bonds Reserve Account or the Authority BAN Reserve Account, and when fully funded to the Subordinate Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter apply such moneys in full, first to the next ensuing interest payments, if any, due on the Authority BAN or the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Subordinate Bonds to the Issuer pursuant to the provisions of the Loan Agreement, such moneys shall be applied to the purchase of such Subordinate Bonds.

## ARTICLE VII

### ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the Holders of the Authority BANS or the Bonds, as the case may be, as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Authority BANS or the Bonds, as the case may be, or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the BANS or GANS, as the case may be, when due, and to the extent they do not materially adversely affect Bondholders, the owners of the FmHA Bonds or other Noteholders, the covenants, agreements and provisions contained in this Resolution shall, where applicable, also inure to the benefit of the Holders of the BANS or GANS and the Trustee or Trustees therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or Trustees or any Holder or Holders of said BANS or GANS as prescribed in the Indenture or the Agreement, respectively; provided, that Section 7.04 and Section 7.09 shall not be applied to the BANS or GANS.

Section 7.02. Bonds, Authority BANS, and Notes not to be Indebtedness of the Issuer. Neither the Bonds, Authority BANS nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No Holder or Holders of any Bonds, Authority BANS or Notes shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds, Authority BANS or Notes or the interest thereon.

Section 7.03. Authority BANS and Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 1989 A Bonds and the Authority BAN until the Bonds are issued, issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System, on a parity with the FmHA Bonds, and payment of the debt service of the Subordinate Bonds issued hereunder shall be secured forthwith equally and ratably by a

lien on said Net Revenues, but such lien shall be junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1989 A Bonds and the FmHA Bonds. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds or the Authority BAN and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in this Resolution are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Resolution.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and described in and ordered by the PSC Order, which schedule is attached as Exhibit F hereto and incorporated herein by reference.

Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Resolution in accordance with Section 10.01 hereof and, if entered into and not previously defeased, the Indenture and the Agreement. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the BANs or GANs, such proceeds in an amount sufficient to pay the BANs or GANs in full shall be applied to the payment of the BANs or GANs, either at maturity or, if allowable under the Supplemental Resolution or the Indenture or Agreement, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions

of such properties, is not in excess of \$20,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$20,000 but not in excess of \$100,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$20,000 and not in excess of \$100,000, shall, with the written consent of the Authority if the Authority is the Holder of any of the Bonds, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Fund and shall be applied only to the purchase or optional redemption of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. The payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$100,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B and except with respect to the Bonds and the FmHA Bonds, the Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to the BANs prior to or on a parity with the lien on behalf of such BANs until such BANs have been defeased in accordance with the provisions of the Indenture; and, except

for the FmHA Bonds, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided.

No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1989 A Bonds, unless the Subordinate Bonds are no longer outstanding or the Issuer receives the prior written consent of the Owner or Owners of the Subordinate Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months

immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The FmHA Bonds;
- (2) The Bonds then Outstanding;
- (3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to (i) may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds and (ii) shall be adjusted by subtracting the amount of any reserves required by the PSC Order or any supplement or amendment thereto.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond, or Bonds or of a Note or Notes issued pursuant to this Resolution or the Trustee shall have the right at all

reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues, Excess Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution and the Indenture and Agreement with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall submit said report to the Trustee and the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Resolution.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and

copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System, including any reserves required by the PSC Order or any supplement or amendment thereto and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the FmHA Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds, including the FmHA Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all

resolutions authorizing increased expenditures for operation and maintenance to the Trustee and the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. The Issuer further covenants to use its best efforts to enter into agreements with any other entities providing water to its users, providing for discontinuing and shutting off the services and facilities of the water system to users of the System delinquent in payment.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$500,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and

not less than \$200,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of the County prior to commencement of construction of the Project in compliance with Chapter 38, Article 2, Section 39 of the Code of West Virginia, 1931, as amended.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the PSC, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling

or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1989 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 1989 A Bonds during the term thereof is, under the terms of the Series 1989 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1989 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1989 A Bonds during the term thereof is, under the terms of the Series 1989 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 1989 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 1989 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1989 A Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 1989 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the exclusion from gross income for federal income tax purposes of interest on the Series 1989 A Bonds, including without limitation the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Series 1989 A Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1989 A Bonds shall be senior to the statutory mortgage lien in favor of the Holders of the Subordinate Bonds but shall be on a parity with that in favor of the owner or owners of the FmHA Bonds.

Section 7.19. PSC Order. The Issuer shall comply with the conditions of the PSC Order and any supplement or amendment thereto.

## ARTICLE VIII

### INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Authority BANS and Series 1989 A Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Authority BANS and Series 1989 A Bonds, so that the Authority BANS and Series 1989 A Bonds will not constitute "arbitrage bonds" under Section 148 of the Code and the Regulations, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Authority BANS and Series 1989 A Bonds) so that the interest on the Authority BANS and Series 1989 A Bonds

will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution on account of the Series 1989 A Bonds, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code or the Loan Agreement, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and, for such purpose, Debt Service due from the Issuer for the payment on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the Series 1989 A Bonds, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Series 1989 A Bonds shall be determined based on the actual Yield of the Series 1989 A Bonds during the period between the Closing Date of the Series 1989 A Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Series 1989 A Bonds, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used

primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Series 1989 A Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Series 1989 A Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

### DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds or the Authority BANs, as the case may be:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Resolution, any Supplemental Resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Bond Registrar, any Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest than due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Holders of the Subordinate Bonds shall be subject to those of the Holders of the Series 1989 A Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including, after commencement of

operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered

Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 9.04. Remedies on Parity with FmHA Bonds.  
The exercise of any remedy set forth above shall recognize and protect the parity rights of the owners of the FmHA Bonds.

The Issuer or Grantee may, however, advance funds for any such purpose, provided that such funds are derived from a source legally available for such purpose and may be used by the Issuer or Grantee for such purpose without incurring indebtedness.

Section 3.02. Restrictions on Other Debt The Issuer and Grantee hereby covenant that, so long as any of the Notes originally issued hereunder are Outstanding, they will not, either jointly or individually, issue any bonds, notes or other evidences of indebtedness with a lien on or otherwise payable from any source of payment pledged for such Notes prior to or on a parity with the lien on behalf of such Notes, except that obligations which have a lien on the Net Revenues on parity with the lien of the Bonds or the BANs may be issued solely for the purpose of completing the Project.

Section 3.03. Particular Covenants. In order to secure the payment of the Notes, the Issuer and Grantee hereby particularly covenant and agree that if and so long as any of the Notes are Outstanding:

(A) The Grantee will proceed to complete with all practicable dispatch the construction and acquisition of the Project and will maintain, or require all contractors for the Project to maintain, as appropriate, all indemnity bonds and insurance required by the contract documents and by law;

(C) The Grantee will prepare and submit to the Trustee, on or prior to the 15th day of each month during construction of the Project, a budget setting forth (i) anticipated expenditures for Costs of the Project by category during the current month and to the conclusion of construction, and the corresponding anticipated source of reimbursement, if any, and if not reimbursed, then the permanent source of funding for such Costs, (ii) an accounting of all moneys disbursed as of the current month for Costs of the Project, both cumulatively and during the previous 30-day period, and the corresponding source or anticipated source of reimbursement, if any, for such Costs and, if not reimbursed, then the permanent source of funding and (iii) any other information required by the PSC Order;

(D) The Grantee and the Issuer will comply in all respects with the terms, conditions and provisions of all Grant Agreements and with all applicable State and federal laws and regulations governing the implementation of any Grant Agreement;

(E) The Grantee will impose and collect rates and charges for the use and services of the System in accordance with the requirements of any Grant Agreement and the Grantee Resolution;

(F) The Grantee will take all actions necessary to enforce any Grant Agreement and to preserve its right to receive payments or reimbursements under the Grant Agreements;

(G) The Grantee will continue promptly to request any payment or reimbursement to which it has become entitled under the Grant Agreements;

(H) The Grantee will promptly pay over to the Trustee all Grant Receipts and Surplus Revenues, if any, when required, for deposit in the appropriate accounts;

(I) The Grantee will not unilaterally terminate, or enter into any agreement to terminate, any Grant Agreement;

(J) The Grantee and the Issuer will not create, assume or suffer to be created any judgment, mortgage or deed of trust, pledge or other lien, encumbrance or charge on the Gross Revenues or Net Revenues, the Surplus Revenues, if any, the Grant Receipts or on any property or assets, real or personal, of the System prior to or on a parity with the liens created on behalf of the Notes originally issued hereunder (except as permitted by Section 3.02 hereof);

(K) The Grantee and the Issuer will not direct the Trustee to invest any moneys held as a part of any fund or account hereunder in any Qualified Investment other than the Investment Agreement, except that the Trustee may invest moneys in other Qualified Investments for periods not to exceed 10 days, pending their deposit under the Investment Agreement or other use;

(L) The Grantee and the Issuer will complete construction of the Project as expeditiously as possible and, if necessary due to cost overruns or otherwise, the Grantee will issue additional obligations to complete the Project in conformance with the provisions of the Grantee Resolution;

To evidence its obligation under the Letter of Credit, the Issuer covenants to issue its refunding notes to the Credit Bank in an amount equal to such draw.

In addition, if after depositing the proceeds of such draw under the Letter of Credit in the Notes Debt Service Fund, the moneys therein are still not sufficient to pay, at maturity, the entire principal of and interest on the Notes, the Issuer and the Grantee covenant to use their best efforts to issue and sell additional refunding notes or other obligations in an amount which will provide net proceeds sufficient for such purpose.

Except for details thereof inconsistent herewith and as may be otherwise provided by an indenture or indentures supplemental hereto, such refunding notes or other obligations shall be subject to the terms and restrictions and secured, on a subordinate basis, by the covenants and in the manner set forth herein for the Notes originally issued hereunder, except that any refunding notes shall not be secured by the Letter of Credit.

The proceeds of any refunding notes or other obligations, after making provision for the payment of the expenses of issuance thereof, shall be deposited in the Notes Debt Service Fund and used solely for the payment of the principal of and interest accrued on the Notes.

THE TRUSTEE SHALL, ON JULY 15, 1991, NOTIFY THE ISSUER AND THE GRANTEE IN THE EVENT THAT ON SUCH DATE THERE ARE NOT SUFFICIENT FUNDS IN THE NOTES DEBT SERVICE FUND TO PAY, AT MATURITY, THE PRINCIPAL OF AND INTEREST TO ACCRUE ON THE NOTES.

## ARTICLE IV

### NOTES PROCEEDS; FUNDS AND ACCOUNTS

Section 4.01. Establishment of Funds and Accounts. Pursuant to this Article IV, the following special funds or accounts are created with, and shall be held by, the Trustee:

- (1) Notes Construction Trust Fund, and
- (2) Notes Debt Service Fund.

Section 4.02. Notes Construction Trust Fund. The Notes Construction Trust Fund shall be segregated from all other funds and accounts of the Trustee, the Issuer and the Grantee and used solely for the purposes provided herein.

The Trustee shall disburse no moneys from the Notes Construction Trust Fund except to pay Costs of the Project as provided below, or to pay the principal of or interest on the Notes when due.

Section 4.03. Disbursements from Notes Construction Trust Fund. Payments for Costs of the Project from the Notes Construction Trust Fund shall be made monthly at the direction of the Grantee, subject to the requirements of this Section.

Disbursements from the Notes Construction Trust Fund (except for costs of issuance of the Notes) shall be made only after submission to the Trustee of a certificate, signed by an Authorized Officer of the Grantee, the Administrator and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes an Eligible Cost of the Project;

(C) That each of such Eligible Costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Trustee shall disburse from the Notes Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Notes Construction Trust Fund shall be presumed by the

Trustee to be made for the purposes set forth in said certificate, and the Trustee shall not be required to monitor the application of disbursements from the Notes Construction Trust Fund. The Consulting Engineers and the Chairman of the Governing Body shall from time to time file with the Trustee written statements advising the Trustee of its then authorized representative.

Pending such application, moneys in the Notes Construction Trust Fund shall be invested and reinvested in accordance with Article V hereof.

Whenever the Trustee shall have received notice pursuant to Section 3.04 hereof that any Grant has been suspended or a stop-work order has been issued, the Trustee shall not make further disbursements from the Notes Construction Trust Fund until it shall have received notice of the lifting of such suspension or stop-work order in accordance with such section. If the Trustee shall have received notice pursuant to said Section 3.04 that any Grant has been terminated or annulled, the Trustee shall not make any further disbursements from the Notes Construction Trust Fund, and it shall immediately transfer all moneys remaining in the Notes Construction Trust Fund to the Notes Debt Service Fund. Notwithstanding the foregoing provisions of this paragraph, if the Grant which has been suspended, terminated or withdrawn is a Grant other than the EPA Grant, and the Grantee files with the Trustee a certificate of the Consulting Engineers reciting the conclusion and demonstrating that the Project can be completed and the Notes paid in full without such other Grant, the Trustee shall continue to make disbursements from the Notes Construction Trust Fund.

Five (5) days prior to any interest payment date on the Notes (excepting the maturity date of the Notes) to the extent that sufficient moneys are not available in the Notes Debt Service Fund to pay the interest on the Notes as the same shall become due, the Trustee shall transfer moneys from the Notes Construction Trust Fund to the Notes Debt Service Fund and apply such transferred moneys to such payment. Transfers from the Notes Construction Trust Fund to the Notes Debt Service Fund in connection with the maturity of the Notes shall be made pursuant to Sections 4.04 and 4.07.

After completion of the Project, as certified by the Consulting Engineers, the Trustee shall transfer any moneys remaining in the Notes Construction Trust Fund to the Notes Debt Service Fund and hold such transferred moneys for the retirement of the Notes. Upon payment in full of the Notes and the interest thereon, all moneys remaining in the Notes Construction Trust Fund or any other fund or account established hereunder shall be transferred by the Trustee to the Grantee and may be used by the Grantee for any lawful

purpose of the System, and to the extent not needed for such purposes, shall be deposited in the Series 1989 A Bonds Reserve Account and the Reserve Account for the Series 1989 B Bonds equally, to the respective requirements therefor, and thereafter in the Subordinate Bonds Reserve Account.

Section 4.04. Notes Debt Service Fund. The Trustee shall segregate all funds and securities in the Notes Debt Service Fund from other deposits and funds of the Trustee and other deposits and funds of the Issuer and the Grantee, including the Notes Construction Trust Fund. The earnings on the Notes Debt Service Fund shall be transferred upon receipt to the Notes Construction Trust Fund. Except for such earnings, all moneys in the Notes Debt Service Fund, until payment in full of all principal and interest owing on the Notes at their maturity, shall be held in trust for the Holders of the Notes and neither the Issuer nor the Grantee shall have any rights with respect thereto except to receive the balance therein after payment of the Notes and the interest thereon and the charges, if any, of the Trustee, the Registrar and the Paying Agent.

At or prior to any interest payment date on the Notes, as shall be reasonably requested by the Paying Agent, the Trustee shall transfer from the Notes Debt Service Fund to the Paying Agent in immediately available funds the amount of interest on the Notes then owing. In the event the funds on deposit in the Notes Debt Service Fund are insufficient to pay any interest on the Notes coming due, the Trustee shall transfer moneys as needed from the Notes Construction Trust Fund to make up such deficiency; provided, that, the Trustee shall transfer moneys at maturity only in accordance with Section 4.07.

At or prior to the maturity date of the Notes, the Trustee shall transfer from the Notes Debt Service Fund to the Paying Agent in immediately available funds the amount necessary to pay the entire principal amount of the Notes.

Section 4.05. Application of Note Proceeds. From the moneys received from the sale of the Notes originally issued hereunder, the Trustee shall make the following deposits:

A. The sum of \$275,000, plus all interest accrued on the Notes from the date thereof to the date of delivery to the Original Notes Purchaser (total of \$275,000), which total amount is sufficient to pay interest on the Notes until the maturity thereof but which is not more than is needed to pay interest on the Notes for a year after completion of the Project, shall be deposited in the Notes Debt Service Fund.

B. The remaining moneys derived from the sale of the Notes, being \$1,297,000, shall be deposited in the Notes Construction Trust Fund.

Section 4.06. Grant Receipts. All Grant Receipts received by the Grantee prior to the maturity of the Notes shall be promptly paid to the Trustee. The Trustee shall deposit the first \$5,757,020 in Grant Receipts received into the Notes Construction Trust Fund. Thereafter, the Trustee shall deposit the Grant Receipts into the Notes Debt Service Fund. Any Grant Receipts remaining or received after payment of the Notes in full shall be applied to Costs of the Project, or, if the Project is then complete, as certified by the Consulting Engineers, such Grant Receipts may be withdrawn by the Grantee and used for any lawful purpose of the System. In the event the Notes are not paid when due, all Grant Receipts thereafter received by the Grantee shall be deposited in the Notes Debt Service Fund.

Section 4.07. Letter of Credit, Surplus Revenues and Other Moneys. In the event that there are not funds in the Notes Debt Service Fund 5 days prior to the maturity date of the Notes originally issued hereunder, sufficient to pay, at maturity, the entire principal of and interest on the Notes, the Trustee shall draw upon the Letter of Credit in an amount, the net proceeds of which will be sufficient to make up such deficiency, to the maximum amount permitted to be drawn under the Letter of Credit. The net proceeds of such draw shall be deposited by the Trustee in the Notes Debt Service Fund. Following such draw and the deposit of such net proceeds into the Notes Debt Service Fund if the amount therein is still insufficient to pay, at maturity, the entire principal of and interest on the Notes, the Grantee shall deposit into the Notes Debt Service Fund Surplus Revenues to the extent necessary. If such amount in the Notes Debt Service Fund is still insufficient following the deposit of all Surplus Revenues therein, the Trustee shall transfer from the Notes Construction Fund to the Notes Debt Service Fund such amount as shall make the amount in the Notes Debt Service Fund sufficient for such purpose. If the funds are still insufficient, the Grantee shall directly deposit any subsequent Surplus Revenues or Grant Receipts received into the Notes Debt Service Fund.

Section 4.08. Grantee Reimbursement of Issuer. The Grantee shall promptly reimburse the Issuer for all costs and expenses incurred by the Issuer in connection with the performance by the Issuer of its obligations hereunder, including, but not limited to any costs and expenses which may be incurred by the Issuer as a result of a draw under the Letter of Credit or the issuance of refunding notes.

## ARTICLE V

### INVESTMENTS; NON-ARBITRAGE

Section 5.01. Investments. The Trustee shall invest and reinvest any moneys held as a part of the funds and accounts created by this Indenture at the written direction of the Grantee in the Investment Agreement to the fullest extent possible under applicable laws, this Indenture, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this section.

Except as provided in Article IV (pursuant to which earnings on the Notes Debt Service Fund are transferred to the Notes Construction Trust Fund), any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount or at par if such investment is held in the "Consolidated Fund." To the extent permitted under the Investment Agreement, the Trustee shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 5.02. Restrictions as to Arbitrage Bonds. The Issuer and Grantee hereby covenant, and hereby so instruct the Trustee, that they shall not permit at any time or times any of the proceeds of the Notes or any other funds of the Issuer or the Grantee to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Note to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended from time to time, and regulations promulgated thereunder (the "Code") and Authorized Officers of the Issuer and Grantee shall deliver a joint certificate, based upon this covenant, with regard thereto to the Original Notes Purchaser.

## ARTICLE VI

### DEFAULTS AND REMEDIES

Section 6.01. Event of Default. Each of the following events shall constitute an "Event of Default" with respect to the Notes:

(i) If default occurs in the due and punctual payment of the principal of or interest on any Note; or

(ii) If default occurs in the Issuer's or Grantee's observance of any of the covenants, agreements or conditions on the part of either relating to the Notes or in this Indenture or any agreement supplemental hereto or in the Notes contained, and such default shall have continued for a period of 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Issuer and the Grantee by the Trustee; the Trustee may give such notice in its discretion and, subject to the provisions of Section 7.03 hereof, shall give such notice at the written request of the Holders of not less than 10% in aggregate principal amount of the Notes then Outstanding; or

(iii) If the Issuer or Grantee files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

The Trustee shall, within 60 days of giving written notice of default as provided by Subsection (ii) of this section or within 60 days of such Event of Default, mail by first class United States mail, postage prepaid, a copy of such written notice of default or notice of such Event of Default to each Noteholder, as indicated by the books maintained by the Registrar.

An "Event of Default" with respect to the Bonds or the BANs (as described in the Grantee Resolution or the indenture for the BANs) shall not constitute an Event of Default with respect to the Notes and vice versa.

Section 6.02. Enforcement by Trustee. Upon the happening and continuance of any Event of Default, the Trustee may, and upon the written request of the Holders of not less than 25% in aggregate principal amount of the Notes at such time Outstanding shall, upon being satisfactorily indemnified as provided in Section 7.03 hereof, exercise in its own name any or all of the powers of the Noteholders under Section 6.04 and, in particular:

(A) Bring suit for any unpaid principal or interest then due;

(B) By mandamus or other appropriate proceeding enforce all rights of the Noteholders, including the right to require the Issuer or the Grantee to perform their duties under the Act and this Indenture;

(C) Bring suit upon the Notes;

(D) By action at law or bill in equity require the Issuer or the Grantee to account as if they were the trustee of an express trust for the Noteholders; and

(E) By action at law or bill in equity enjoin any acts of the Issuer or Grantee in violation of this Indenture or the rights of the Noteholders.

No remedy by the terms of this Indenture conferred upon or reserved to the Trustee or to the Noteholders is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Noteholders hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 6.03. Appointment of Receivers. Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and the Noteholders under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate pending such proceedings, with such powers as the court making such appointment shall confer, subject to the rights of any owners of the Bonds and the BANs.

Section 6.04. Enforcement by Noteholders. Any Holder of an Outstanding Note may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights, including those specified in Section 6.02 hereof, provided that, prior to resorting to any court of law or to any other legal process, either (i) such Holder has given written notice to the Issuer, the Grantee and the Trustee specifying the Event of Default to be complained of and requesting the Trustee to take appropriate action, has offered to indemnify the Trustee for its expenses in taking such action, and the Trustee has failed to act within a reasonable time, or (ii)

such Holder has obtained the written consent of the Trustee to the institution of the action, suit or proceeding proposed, and such action, suit or proceeding is brought for the ratable benefit of all Noteholders.

Anything in this Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Notes then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided, that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

Section 6.05. Possession of Notes by Trustee not Required. All rights of action (including the right to file proof of claims) under this Indenture or under any of the Notes may be enforced by the Trustee without the possession of any of the Notes or the production thereof in any trial or other proceedings relating thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any Holders of the Notes and any recovery of judgment shall be for the equal benefit of the Holders of the Outstanding Notes.

Section 6.06. Restoration of Issuer, Grantee and Trustee. In case the Trustee shall have proceeded to enforce any right under this Indenture by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer, the Grantee and the Trustee shall be restored to their former positions and rights hereunder, and all rights and remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 6.07. Waiver of Event of Default. The Trustee shall waive any Event of Default hereunder and its consequences upon the written request of the Holders of a majority in aggregate principal amount of the Notes then Outstanding; provided, however, that there shall not be waived any default in the payment of (i) the principal of any Outstanding Note at the stated maturity or (ii) any interest when due on any Note.

No waiver of any default or Event of Default hereunder, whether by the Trustee or by the Noteholder, shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 6.08. Right to Enforce Payment of Notes Unimpaired. Nothing in this article shall affect or impair the right of any Noteholder to enforce the payment of the principal of or interest on his Note or the obligation of the Issuer to pay the principal of and interest on each Note to its Holder when due.

## ARTICLE VII

### FIDUCIARIES

Section 7.01. Appointment of Trustee; Acceptance of Trustee. The Trustee accepts and agrees to execute the trusts and duties imposed upon it by this Indenture, but only upon the terms and conditions set forth herein.

Section 7.02. Paying Agent and Registrar. The First Huntington National Bank, Huntington, West Virginia, is hereby initially appointed as Paying Agent and Registrar for the Notes, and said bank shall evidence acceptance of such appointment by entering into an agreement setting forth the rights and obligations of the Registrar and Paying Agent, in form satisfactory to the Issuer and the Grantee, provided that, the Issuer and the Grantee may, from time to time, appoint another bank as Registrar or Paying Agent, subject to the requirements of Section 7.12 hereof.

Section 7.03. Responsibilities of Fiduciaries. The recitals of fact in this Indenture shall be taken as statements of the Issuer and the Grantee, and the Fiduciaries shall not be responsible for their accuracy. The Fiduciaries shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of this Indenture by the Issuer or the Grantee or of any Notes by the Issuer. The Noteholders shall indemnify any Fiduciary for any acts taken which may involve it in expense or liability or the institution or defense of any action or suit in respect of this Indenture or the Notes or an advance of any of its own moneys. Notwithstanding the foregoing, the Registrar shall be responsible for any representations in its certificate of authentication and registration on the Notes.

The Trustee, prior to the occurrence of an Event of Default and after the remedy of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred and has not been remedied, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and shall use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

Any provision of this Indenture relating to action taken or to be taken by any Fiduciary or to evidence upon which such Fiduciary may rely shall be subject to the provisions of this section.

Section 7.04. Evidence on Which Fiduciary may Act. Except as otherwise provided by Section 10.01 hereof, a Fiduciary shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever a Fiduciary shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, but in its discretion such Fiduciary may instead accept other evidence of such fact or matter.

Section 7.05. Compensation and Expenses. The Grantee shall pay to any Fiduciary from time to time reasonable compensation for all services, and also reimburse its reasonable expenses, charges, legal fees and other disbursements and those of its attorneys, agents and employees, incurred in the performance of its duties hereunder. The Issuer and Grantee shall indemnify (but only from the sources pledged for payment of the Notes) and save any Fiduciary harmless against any liabilities which it may incur in the exercise and performance of its powers and duties and which are not due to its own negligence, default or willful misconduct.

Section 7.06. Certain Permitted Acts. A Fiduciary may become the owner of or may deal in Notes as fully and with the same rights it would have if it were not a Fiduciary. To the extent permitted by law, such Fiduciary may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Noteholders or effect or aid in any reorganization growing out of the enforcement of the Notes or this Indenture, whether or not any such committee shall represent the Holders of a majority in principal amount of the Notes Outstanding.

Section 7.07. Resignation of Trustee. The Trustee may at any time resign and be discharged of its duties and obligations under this Indenture by giving not less than 60 days written notice to the Issuer, the Grantee, the Holders of the Notes, the Registrar and the Original Notes Purchaser, specifying the date when such resignation shall take effect. Such resignation shall take effect upon the day specified in such notice unless a successor shall have been previously appointed by the Issuer or Noteholders, in which event such resignation shall take effect immediately.

Section 7.08. Removal. The Trustee may be removed at any time by the Holders of a majority in principal amount of the Notes then Outstanding by an instrument or concurrent instruments in writing signed and duly acknowledged by such

Noteholders or by their attorneys duly authorized in writing and delivered to the Issuer and the Grantee. Copies of each such instrument shall be delivered by the Grantee to the Trustee.

Section 7.09. Appointment of Successor. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee or of its property shall be appointed, or if any public officer or court shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the Notes then Outstanding by an instrument or concurrent instruments in writing signed by such Noteholders or their attorneys duly authorized in writing and delivered to such successor Trustee, notification thereof being given to the Issuer, the Grantee and the predecessor Trustee. Pending such appointment, the Grantee shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by such Noteholders. The Grantee shall, by registered or certified mail, mail notice of any such appointment to the Holders of the Notes at the address shown for each such Holder of the registry books maintained by the Registrar within 20 days after such appointment. Any successor Trustee appointed by the Grantee shall, immediately and without further act, be superseded by a Trustee appointed by such Noteholders. If in a proper case no appointment of a successor Trustee shall be made within 45 days after the Trustee shall have given to the Issuer and the Grantee written notice of resignation or after the occurrence of any other event requiring such appointment, the Trustee or any Noteholder may apply to any court of competent jurisdiction to appoint a successor. Any Trustee appointed under the provisions of this section shall be a bank, trust company or national banking association doing business and having its principal office in the State, having trust powers and authorized to perform the duties imposed upon it by this Indenture and insured by FDIC.

Section 7.10. Transfer of Rights and Property to Successor. Any predecessor Trustee shall deliver all records and pay over, assign and deliver any moneys and Qualified Investments or assets of the Trust Estate held by it to its successor.

Section 7.11. Merger or Consolidation. Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party, or any company to which the Trustee or any public officer or court may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act; provided, however, that such

company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 7.09.

Section 7.12. Additional and Successor Paying Agents and Registrars. A. The Grantee may at any time, with the approval of the Issuer and the Original Notes Purchaser and pursuant to Section 9.01 hereof, appoint one or more other Paying Agents having the qualifications hereinafter set forth as an additional or successor Paying Agent and appoint another Registrar, having the qualifications hereinafter set forth, as a successor Registrar.

B. Any Paying Agent or the Registrar may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 60 days written notice to the Issuer, the Grantee, the Trustee and the other Paying Agents, if any. Any Paying Agent or the Registrar may be removed at any time by an instrument filed with such Paying Agent or the Registrar, as the case may be, and the Trustee and signed by the Grantee.

Any successor or additional Paying Agent and any successor Registrar must be a bank, trust company or national banking association authorized by law to perform all the duties imposed upon it by the Indenture. Such successor or additional Paying Agent or successor Registrar shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Grantee a written acceptance thereof.

C. In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successor, or, if there be no successor, to the Trustee. In the event of the resignation or removal of the Registrar, such Registrar shall deliver the registration books of the Issuer to its successor, or, if there be no successor, to the Trustee. If the position of Paying Agent or Registrar shall become vacant for any reason, the Grantee shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent or the Registrar and acceptable to the Issuer to fill such vacancy; provided, however, that, if the Grantee shall fail to appoint such Paying Agent or Registrar within said period, the Trustee shall, in its discretion, make such appointment or serve as such.

D. Any bank, trust company or national banking association with or into which any Paying Agent or the Registrar may be merged or consolidated, or to which the assets and business of such Paying Agent or Registrar may be sold, shall be deemed the successor of such Paying Agent or Registrar, as the case may be, for the purposes of this Indenture.

E. Notice of the appointment of successor or additional Paying Agents or fiscal agents or of a successor Registrar shall be given in the same manner as provided by Section 7.09 hereof with respect to the appointment of a successor Trustee.

F. All moneys received by the Registrar or Paying Agents shall, until used or applied as provided in this Indenture, be held in trust for the purposes for which they were received.

## ARTICLE VIII

### DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.01. Defeasance of Notes; Discharge of Indenture. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Notes the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Indenture, then, this Indenture and the pledges of the Grant Receipts, the Surplus Revenues and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer and the Grantee on behalf of the Holders of the Notes made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied.

Notes for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Trustee or the Paying Agent at the same or an earlier time, shall be sufficient, to pay as and when due the respective principal of and interest on the Notes shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Notes shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same or earlier time, shall be sufficient, to pay when due the principal of and interest due and to become due on the Notes on and prior to the maturity date thereof. Neither securities nor moneys deposited with the Trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Notes; provided, that any cash received from such principal or interest payments on such securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and interest to become due on the Notes on and prior to such maturity date thereof, and interest earned from such reinvestments shall be paid over to the Grantee as received by the Trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

## ARTICLE IX

### SUPPLEMENTAL INDENTURES

Section 9.01. Supplemental Indentures not Requiring Consent of Noteholders. The Issuer, the Grantee and the Trustee may without the consent of, or notice to, any of the Noteholders enter into an indenture or indentures supplemental to this Indenture, as shall not be inconsistent with the terms and provisions hereof, for any one or more of the following purposes:

(A) To specify, determine or authorize any matters and things concerning the Notes or the proceeds thereof which are not contrary to or inconsistent with this Indenture;

(B) To authorize a series of refunding notes or other obligations and to specify, determine or authorize any matters and things concerning any such refunding notes or other obligations or the proceeds thereof which are not contrary to or inconsistent with this Indenture;

(H) To modify or amend any of the terms or provisions of this Indenture if no Notes are Outstanding at the time of such modification or amendment;

(I) To modify or amend any of the terms or provisions of this Indenture, provided that such modification by its terms shall not take effect until all Notes Outstanding on the date of adoption of such modification or amendment shall have ceased to be Outstanding; and

(J) To modify or amend any of the terms or provisions of this Indenture as may be necessary to maintain the excludability from gross income for federal income tax purposes of interest on the Notes.

Section 9.02. Amendment by Consent of Registered Owners. Except for the supplemental indentures allowed under Section 9.01 hereof, this Indenture or any indenture supplemental hereto and the rights and obligations of the Issuer, the Grantee, the Trustee and the Noteholders may be modified or amended only with the written consent of the Holders of 60% in aggregate principal amount of the Notes then Outstanding, which must be filed with the Trustee before any such modification or amendment may become effective. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any Note without the express written consent of the Holder of such Note, nor reduce the percentage of Notes required for consent to any such modification or amendment.

## ARTICLE X

### MISCELLANEOUS

Section 10.01. Evidence of Signatures of Noteholders and Ownership of Notes. Any request, consent, revocation of consent or other instrument which this Indenture may require or permit to be signed and executed by Noteholders may be in one or more instrument of similar tenor, and shall be signed or executed by such Noteholders in person or by their attorneys duly authorized in writing. Proof of (i) the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, or (ii) the ownership by any person of any Notes shall be sufficient for any purpose of this Indenture if made in the following manner, or in any manner satisfactory to the appropriate Fiduciary, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Noteholder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, trust company or financial firm or corporation satisfactory to the Fiduciary that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. [REVERSE OF GAN]

This Note is one of an issue of Sewerage System Grant Anticipation Notes, Series 1989 (Northern Wayne County Public Service District Project) (the "Notes") in the aggregate principal amount of \$1,600,000, of like tenor and effect, except as to number and denomination, issued (i) to temporarily finance a portion of the costs of the construction and acquisition of certain new sewerage facilities and all necessary appurtenances (the "Project") for Northern Wayne County Public Service District, a public service district in Wayne County, West Virginia (the "Grantee") (the Project, together with any further improvements, betterments and extensions thereto, is hereinafter referred to as the "System") pending receipt by the Grantee of certain grant proceeds from the United States Environmental Protection Agency (as received after the date of issuance of the Notes, together with any other grant receipts which may be received in aid of the Project, the "Grant Receipts"); (ii) to pay interest on the Notes until the maturity thereof, which is less than one year after the estimated date of completion of the Project; and (iii) to pay certain costs of issuance thereof and related costs, and is issued in anticipation of such Grant Receipts. This Note is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 13, Article 2C of the Code of West Virginia, 1931, as amended (the "Bond Act"), and Chapter 8, Article 23 of the Code of West Virginia, 1931, as amended (the "Intergovernmental Relations Act"), and a Bond Resolution duly adopted by the Issuer on January 30, 1989 (the "Issuer Resolution"), and is issued and secured pursuant to the terms of a Trust Indenture (the "Indenture") dated as of February 15, 1989, by and among the Issuer, the Grantee and The First Huntington National Bank, Huntington, West Virginia, as trustee (the "Trustee"), and is subject to all the terms and conditions of said Indenture. The Notes are not subject to redemption prior to maturity. The Indenture also constitutes an Intergovernmental Agreement and a Loan Agreement between the Issuer and the Grantee. The Grantee's obligations with respect to the Notes are made pursuant to Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended and a Bond and Note Resolution adopted by the Grantee on January 30, 1989, as supplemented by Supplemental Resolutions adopted by the Grantee on January 30, 1989 (together, the "Grantee Resolution"), in addition to the Indenture and are further evidenced by a promissory note issued by the Grantee to the Issuer.

This Note is a special obligation of the Issuer, secured by the Indenture and payable solely from (i) the Grant Receipts, unexpended Notes proceeds and other moneys held in the Notes Debt Service Fund established by the Indenture; (ii)

the net proceeds of a draw by the Trustee under that certain letter of credit obtained for the benefit of the Trustee in the amount of \$770,000, more fully described in the Indenture (the "Letter of Credit"); (iii) the net proceeds of any refunding notes or other obligations issued for the purpose of paying the principal of or interest on the Notes; (iv) the Surplus Revenues, if any, as such term is defined in the Indenture; (v) the Grant Receipts and other moneys, including investment income and unexpended Note proceeds, held in the Notes Construction Trust Fund established by the Indenture; and (vi) all moneys and securities and all other rights of every kind and nature from time to time hereafter by delivery or by writing of any kind pledged, assigned or transferred as and for additional security for the Notes under the Indenture to the Trustee by the Issuer, the Grantee or by anyone in their behalf, or with their written consent.

If, 5 days prior to the maturity hereof, the funds deposited for payment are insufficient to pay the entire principal of and interest on the Notes at maturity, the Trustee is required to draw upon the Letter of Credit in an amount not to exceed \$770,000, equal to the sum of such deficiency plus the cost to the Issuer of issuing its refunding notes to evidence the Issuer's obligation to repay such draw.

The interest on this Note is payable from certain proceeds of the sale hereof, to be held for such purpose by the Trustee. All moneys received from the sale of the Notes shall be applied solely to the payment of certain costs of the Project, as defined in the Indenture, including payment of any indebtedness incurred by the Issuer for such purposes which is required to be paid from the moneys received from the sale of such Notes, to the appurtenant Notes Debt Service Fund interest account and to the payment of certain costs of issuance and related costs, and the Indenture creates a lien upon such moneys, until so applied, in favor of the Registered Owners of the Notes.

This Note does not constitute a corporate indebtedness of the Issuer or the Grantee within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer or the Grantee be obligated to pay the same or the interest hereon except from the sources specified above. The general funds of the Issuer or the Grantee are not liable, and neither shall this Note nor the interest hereon be a charge against the general credit or taxing powers (if any) of the Issuer or the Grantee.

Under the Indenture, the Issuer and Grantee have entered into certain covenants on behalf of the Registered Owners of the Notes, for the terms of which reference is made to said Indenture. The Issuer and Grantee have covenanted not

to issue any obligations (except for obligations issued solely for the purpose of completing the Project which may have a lien on the Net Revenues, as such term is defined in the Indenture) with a lien on or otherwise payable from any source of payment pledged for the Notes prior to or on a parity with the lien on behalf of the Notes so long as any of the Notes are outstanding. Remedies provided the Trustee on behalf of the Registered Owner of this Note, and to said Registered Owner, are exclusively as provided in the Indenture, to which reference is here made for a detailed description thereof.

The Notes of the issue of which this Note is one are issuable only as fully registered Notes in denominations of \$5,000 and any integral multiple thereof. Registration of this Note may be transferred, or this Note may be exchanged, at the office of the Registrar by the Registered Owner hereof in person or by his attorney duly authorized in writing, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Indenture, and upon surrender and cancellation of this Note. Upon such transfer or exchange a new Note or Notes, of authorized denomination or denominations, for the like aggregate principal amount, shall be issued, to the transferee in the case of transfer, in exchange herefor.

This Note, under the provisions of the Bond Act, is and has the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

This Note shall not be entitled to any benefit under the Issuer Resolution, the Grantee Resolution or the Indenture, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon shall have been manually signed by the Registrar.

This Note has been designated a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

### THE BANS

Section 2.01. Authorization and Terms of BANS. The BANS originally issued hereunder shall be designated "Sewerage System Bond Anticipation Notes, Series 1989." Such BANS shall be in the aggregate principal amount of \$1,850,000; shall be dated February 15, 1989; shall bear interest from the date thereof, payable on February 15 and August 15 of each year, beginning August 15, 1989, at the rate of 6.75% per annum; shall mature on August 15, 1990; and shall not be subject to redemption or prepayment prior to maturity.

The BANS shall be issued in fully registered form only, in the denomination of \$5,000 or any integral multiple thereof. The BANS shall be numbered from R-1 upward.

The BANS shall be payable as to principal upon surrender at the principal office of the Paying Agent in any coin or currency which, on the date of payment of principal, is legal tender for the payment of public and private debts under the laws of the United States of America. The interest on the BANS shall be payable by check or draft mailed to the Registered Owner at his address as it appears on the BANS Register as of the Record Date, or in the case of a holder of \$500,000 or more of the BANS, by wire transfer to a domestic bank account specified in writing to the BANS Registrar at least five days preceding such interest payment date by such holder.

The BANS shall be executed in the name of the Issuer by the facsimile or manual signatures of the Chairman and the Secretary, and the seal of the Issuer shall be impressed thereon; provided, that the authentication signature of the Registrar must be manual. In case any one or more of the officers who shall have signed or sealed any of the BANS shall cease to be such officer before the BANS so signed and sealed shall have been actually sold and delivered, such BANS may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such BANS had not ceased to hold such office. Any BANS may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such BANS shall hold the proper office, although at the date of such BANS such person may not have held such office or may not have been so authorized.

Section 2.03. Authentication and Registration. No BAN shall be valid or obligatory for any purpose or entitled to any security or benefit under this Indenture unless and until a

certificate of authentication and registration on such BAN shall have been duly dated and manually executed by the Registrar. Any such executed certificate of the Registrar upon any such BAN shall be conclusive evidence that such BAN has been authenticated, registered and delivered under this Indenture. The certificate of authentication and registration on any BAN shall be deemed to have been executed by it if signed by the Registrar, but it shall not be necessary that the same officer of the Registrar sign the certificate of authentication and registration on all of the BANs issued hereunder.

Section 2.04. Form of BANs. The BANs originally issued under this Indenture shall be substantially in the form set forth in Exhibit A attached hereto and incorporated herein by reference, with such appropriate variations, omissions and insertions as are permitted or required by this Indenture or the Resolution or by the Supplemental Resolution or deemed necessary by the Registrar, the Trustee and the Issuer.

Section 2.05. Delivery of BANs. Upon the execution and delivery of this Indenture, the Issuer shall execute and deliver the BANs to the Registrar, and the Registrar shall authenticate and register the BANs to be issued in the aggregate principal amount of \$1,850,000 and, upon receipt of the documents set forth below by the Trustee and instructions from the Trustee, shall deliver them to the Original BANs Purchaser as directed by the Issuer and as hereinafter in this Section 2.05 provided.

Section 2.06. Negotiability, Transfer and Registration. Subject to the requirements of registration set forth below, the BANS shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder, in accepting any of said BANS, shall be conclusively deemed to have agreed that said BANS shall be incontestable in the hands of a bona fide holder for value.

So long as any of the BANS remains Outstanding, the Registrar shall keep and maintain the BANS Register for the registration and transfer of the BANS. The BANS shall be transferable only by the transfer of registration upon the BANS Register by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Registrar duly executed by the Holder or his duly authorized attorney. The BANS may be exchanged for a BAN or BANS of other authorized denominations by the Holder thereof in person or by his attorney duly authorized in writing at the principal office of the Registrar.

In all cases in which the privilege of exchanging BANS or transferring a BAN is exercised, BANS shall be delivered in accordance with the provisions of this Indenture. All BANS surrendered in any such exchanges or transfers shall forthwith be cancelled by the Registrar. For every such exchange or transfer of BANS, the Registrar may make a charge sufficient to reimburse its office for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer. The Issuer shall pay such charge for the transfer of any BAN. Any service charge of the Registrar incurred in the transfer of BANS, the cost of preparing each new BAN upon each transfer and any other expenses of said Registrar incurred in connection therewith shall be paid by the Issuer. The Registrar shall not be obligated to make any such exchange or transfer of BANS during the period beginning with the Record Date and ending on the applicable interest payment date.

Section 2.07. BANS Mutilated, Destroyed, Stolen or Lost. In case any BAN shall become mutilated or be destroyed, stolen or lost, the Issuer may, in the discretion of the Governing Body, authenticate and deliver a new BAN of like tenor as the BAN so mutilated, destroyed, stolen or lost in exchange and substitution for such mutilated BAN upon surrender and cancellation of such mutilated BAN or in lieu of and substitution for the BAN destroyed, stolen or lost and upon the Holder's furnishing the Trustee, the Registrar and the Governing Body and the proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Trustee may prescribe and paying such expenses as the Trustee may incur. The BANS so surrendered shall be cancelled by the Registrar. If such BAN shall have matured or be about to mature, instead of issuing a substitute BAN, the Issuer may pay the same, upon being indemnified as aforesaid, and, if such BAN be lost, stolen or destroyed, without surrender therefor.

Any such duplicate BAN issued pursuant to this section shall constitute an original, additional contractual obligation on the part of the Issuer, whether or not the lost, stolen or destroyed BAN be at any time found by any one, and such BAN believed to have been, or which had been, lost, stolen or destroyed shall be cancelled. Such duplicate BANS shall be entitled to equal and proportionate benefits and rights as to lien on and source of security for payment from the proceeds of the FmHA Bonds or other obligations originally authorized for the purpose of refunding the BANS, and the Net Revenues pledged herein with all other BANS issued hereunder.

Section 2.08. Registrar. The Issuer will keep or cause to be kept at the principal office of the Registrar sufficient books for the registration and transfer of the BANS, which shall at all times be open to inspection by the Issuer; and, upon presentation for such purpose, the Registrar shall, under such reasonable regulations as it may prescribe, register all BANS initially issued pursuant hereto and register or cause to be registered, on such BAN Register, the transfer of exchange of BANS as hereinbefore provided.

The Registrar shall accept a BAN for transfer of registration only if ownership thereof is to be registered in the name of an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust, and the federal employer identification number and date of each trust and the name of the trustee of each trust.

### SECURITY FOR AND COVENANTS REGARDING THE BANS

Section 3.01. Payment of the BANS. Subject to the restrictions and limitations on the sources of payment hereinafter set forth, the Issuer covenants that it will promptly pay, or cause to be paid, the principal of and interest on every BAN issued under this Indenture at the place, on the dates and in the manner provided herein and in the BANS according to the true intent and meaning thereof. The principal of and interest on the BANS shall be payable from the proceeds of the FmHA Bonds; other moneys, including investment income and unexpended BAN Proceeds held in the funds and accounts established herein, the proceeds of the sale of any refunding notes or other obligations issued to refund the BANS and the Net Revenues of the System subject to the respective prior liens of the Water Development Authority Bonds or the Authority BANS, as the case may be, and the FmHA Bonds. The BANS are special obligations of the Issuer, payable solely from said sources described above, and do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged, for the payment of the BANS. Neither the Trustee nor the Holders of the BANS shall ever have the right to compel the forfeiture of any property of the Issuer. The BANS shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except the proceeds of the FmHA Bonds, the Net Revenues and other funds pledged therefor by this Indenture.

Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be required to advance any money derived from any source of income other than the proceeds of the FmHA Bonds, the Net Revenues and other funds pledged by this Indenture for the payment of the principal of or interest on the BANS or for the performance of any of its duties under this Indenture. The Issuer may, however, advance funds for any such purpose, provided that such funds are derived from a source legally available for such purpose and may be used by the Issuer for such purpose without incurring indebtedness.

Section 3.02. Restrictions on Other Debt. The Issuer hereby covenants that, so long as any of the BANS originally issued hereunder are Outstanding, it will not issue any bonds, notes or other evidences of indebtedness in anticipation of the proceeds of the FmHA Bonds or payable from any source of payment pledged for such BAN prior to or on a parity with the

lien on behalf of such BAN; provided, however, that the lien of the BANs on the Net Revenues shall be subordinate to the respective liens of the Water Development Authority Bonds and of the FmHA Bonds when issued. The Issuer may, however, issue bonds, notes or other evidences of indebtedness with liens which are junior and subordinate to that of the BANs.

Section 3.03. Particular Covenants. In order to secure the payment of the BANs, the Issuer hereby particularly covenants and agrees that the Issuer, if and so long as any of the BANs are Outstanding:

- (A) Will permit no default by the Issuer under the terms of any loan commitment or grant commitment;
- (B) Will pay all reasonable expenses of the Trustee, Registrar and Paying Agent and any other fiscal agent charges with respect to the exercise of their duties and functions hereunder including, but not limited to, publication costs and legal fees of their counsel;
- (C) Will diligently pursue the construction of the Project to completion, and take such steps as may be necessary to complete the construction of the Project in full compliance with all terms and conditions of any grant or loan commitment;
- (D) Will require all contractors doing work on the Project to put into effect and thereafter maintain all indemnity bonds and insurance required by the contract documents and if, at any time prior to the payment in full of the BANs, any such indemnity bond or insurance policy shall cease to be in force and effect, to replace the same with a like indemnity bond or insurance policy;
- (E) Will take such steps as may be required and as are feasible to effect the issuance and receipt of proceeds of the FmHA Bonds, or any refunding notes, in order to make possible the use of the proceeds thereof for the payment of the BANs upon their maturity;

- (F) Will deposit with the Trustee, in the appropriate fund established by this Indenture, all sums received by the Issuer from the proceeds of FmHA Bonds to provide for the payment of the BANs in accordance with the provisions of this Indenture;
- (G) Will not make or cause or permit to be made any application of the proceeds of the BANs or of any moneys held in the BANs Repayment Account, or the Project Construction Account except in accordance with the provisions of Article IV hereof; and
- (H) Will comply in all respects with the terms, conditions and provisions of any loan commitment and/or grant commitment.

Section 3.04. Required Notices to Trustee. The Issuer will give to the Trustee prompt written notice, appropriately documented, of any change in the status of FmHA's commitment or the FmHA Bonds and of any authorization of additional indebtedness of the Issuer.

The Trustee shall promptly forward a copy of any such notice received to any Holder of a BAN or BANs who has requested the same, at his address listed on the BANs Register.

Section 3.05. Issuance of Refunding BANs. In the event the Issuer is unable to issue and receive the proceeds of the FmHA Bonds contemporaneously with or prior to the maturity of the BANs, the Issuer shall issue and sell sewerage system bond anticipation refunding notes in an amount sufficient to pay the principal thereof.

Except for details thereof inconsistent herewith and as otherwise provided by an indenture supplemental hereto, the refunding notes or other obligations shall be subject to the terms and restrictions, and secured by the covenants and in the manner, set forth herein for the BANs originally issued hereunder. Except as otherwise provided herein, such refunding notes or other obligations shall be offered for sale upon reasonable and customary terms and conditions.

The proceeds of the refunding notes or other obligations, after making provision for the payment of the expenses of issuance thereof, shall be deposited in the BANs Repayment Account and used solely for the payment of the principal of and any interest due on the BANs.

Section 3.06. Statutory Mortgage Lien. For the further protection of the Holders of the BANS, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the BANS and shall be for the equal benefit of all Holders of the BANS, provided however, that the statutory mortgage lien in favor of the Holders of the BANS shall be subordinate to the respective statutory mortgage liens in favor of the Holders of the Water Development Authority Bonds or Authority BANS, as the case may be, and the FmHA Bonds.

Upon final transfer for payment in full of all principal and interest on the BANs, the Trustee shall transfer any excess amount remaining in the BANs Repayment Account to the Project Construction Account.

If one day prior to the maturity of the BANs there are not funds on deposit in the BANs Repayment Account to pay the principal of and interest due on the BANs, the Trustee shall transfer all sums remaining in the Project Construction Account to the BANs Repayment Account. To provide funds for the payment of the BANs at maturity, the Issuer shall issue its refunding notes pursuant to Section 3.05 hereof and shall deposit the proceeds of such refunding notes with the Trustee for deposit in the BANs Repayment Account.

- (B) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

- (D) That each of such costs has been otherwise properly incurred; and
- (E) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Trustee shall disburse from the Project Construction Account only the net amount remaining after deduction of any such portion. All payments made from the Project Construction Account shall be presumed by the Trustee to be made for the purposes set forth in said certificate, and the Trustee shall not be required to monitor the application of disbursements from the Project Construction Account. The Consulting Engineers and the Chairman of the Issuer shall from time to time file with the Trustee written statements advising the Trustee of their respective authorized representatives.

Pending such application, moneys in the Project Construction Account shall be invested and reinvested in accordance with Article V hereof.

If for any reason the amounts on deposit in the Project Construction Account are not necessary for the Project, or not applied to the Project, then such amounts shall with the approval of FmHA be deposited by the Trustee in the BANs Repayment Account and used for the purposes thereof.

Section 4.04. Application of BAN Proceeds. From the moneys received from the sale of the BANs originally issued hereunder, the Trustee shall make the following deposits:

As a part of or in addition to this report, the Trustee will provide a statement for each fund and account, giving details of all deposits, earnings, transfers in, checks written, checks cleared, and any other additions or deductions.

Section 4.06. Tap Fees. Forty-one percent of the Tap Fees, which equals the percentage of the FmHA Bonds to the total FmHA Bonds and Water Development Authority Bonds or Authority BANs, as the case may be, shall be deposited by the Issuer as received in the Project Construction Account and, following completion of the Project, shall be deposited in the Revenue Fund created by the Resolution.

The Trustee shall invest and reinvest any moneys held as a part of the funds and accounts created by this Indenture at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Indenture, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Article V.

Except as provided below, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount or at par if such investment is held in the "Consolidated Fund." The Trustee shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee may make any and all investments permitted by this section through its own bond department, unless otherwise directed by the Issuer, and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The following specific provisions shall apply with respect to any investments made under this section:

A. Qualified Investments may be purchased for the BANs Repayment Account, either in the open market or from the Project Construction Account. If so purchased from the Project Construction Account, such Qualified Investments shall be purchased at a price equal to their original purchase price plus accrued interest.

B. Qualified Investments acquired for the BANs Repayment Account shall have maturities or be subject to redemption at the option of the holder at least two days prior to the need for the funds by the Trustee for transfer to the Paying Agent.

Section 5.02. Restrictions as to Arbitrage Bonds. The Issuer hereby covenants, and hereby so instructs the Trustee, that it shall not permit at any time or times any of

the proceeds of the BANS or any other funds of the Issuer to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any BAN to be an "arbitrage bond" as defined in Section 148 of the Code, and the Chairman shall deliver his certificate, based upon this covenant, with regard thereto to the Original BANS Purchaser.

Section 5.03. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the BANS are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the BANS during the term thereof is, under the terms of the BANS or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of 5% of the Net Proceeds of the BANS are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the BANS during the term thereof is, under the terms of the BANS or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the BANS used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the BANS are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the BANS are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the BANS to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the exclusion from gross income for federal income tax purposes of interest on the BANs, including without limitation the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it so that the interest on the BANs will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions which would adversely affect such exclusion.

Section 5.04. Rebate of Excess Investment Earnings to the United States. A. FUNDS. All interest earnings and profits on amounts in all funds and accounts established under this Indenture, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Trustee, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Trustee for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code, the Trustee shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Trustee shall transfer all amounts remaining in the Earnings Fund to the Project Construction Fund.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Trustee of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the BANs, the Issuer shall calculate, and shall provide written notice to the Trustee of, the amount of Excess

Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the BANs in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the BANs shall be determined based on the actual Yield of the BANs during the period between the Closing Date of the BANs and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the BANs and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Trustee to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the BANs, the Issuer shall direct the Trustee to pay from the Rebate Fund to the United States 100% of the heretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Trustee shall pay said amount to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Trustee shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the BANS, records of the determinations made pursuant to this Section 5.04.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 5.04, the Issuer and the Trustee (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Trustee may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the BANS, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO TRUSTEE. The Issuer shall furnish to the Trustee, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Trustee.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the BANs:

- (A) If default occurs in the due and punctual payment of the principal of any BAN at the date herein specified for its payment;
- (B) Failure to make payment of any installment of interest due on any of the BANs on the day specified for the payment of such interest;
- (C) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the BANs or in the Resolution or in any supplemental resolution or in this Indenture and such default shall have continued for a period of thirty (30) days after written notice shall have been given to the Issuer by the Trustee specifying such failure or violation and requiring the same to be remedied; and
- (D) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 6.02. Enforcement by Trustee. Upon the happening and continuance of any Event of Default the Trustee may, and upon the written request of the Holders of not less than twenty-five percent (25%) in aggregate principal amount of the BANs at such time Outstanding shall, upon being satisfactorily indemnified as provided in Section 7.03 hereof, exercise in its own name any or all of the powers of the Holders of the BANs under Section 6.04 and, in particular:

- (A) Bring suit for any unpaid principal or interest then due;

- (B) By mandamus or other appropriate proceeding enforce all rights of the Holders, including the right to require the Issuer to perform its duties under the Act and this Indenture;
- (C) Bring suit upon the BANs;
- (D) By action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Holders; and
- (E) By action or bill in equity enjoin any acts in violation of this Indenture or the rights of the Holders.

No remedy by the terms of this Indenture conferred upon or reserved to the Trustee or to the Holders of the BANs is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Holders of the BANs hereunder or now or hereafter existing at law or by statute.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein, and every such right and power may be exercised from time to time as often as may be deemed expedient.

Except with respect to the issuance and receipt of the proceeds of the FmHA Bonds, the exercise of remedies by the Trustee or any Holder of BANs shall be subordinate to the rights of the holders of the Water Development Authority Bonds or the Authority BANs, as the case may be, or the FmHA Bonds, if then issued.

Section 6.03. Appointment of Receivers. Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and the Holders of the BANs under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate pending such proceedings, with such powers as the court making such appointment shall confer.

Section 6.04. Enforcement by Holders. Any Holder of an Outstanding BAN may exercise any available remedy and bring any appropriate action, suit or proceedings to enforce his rights, including those specified in Section 6.02 hereof,

provided that, prior to resorting to any court of law or to any other legal process, either (i) such Holder must have given written notice to the Issuer and the Trustee specifying the Event of Default to be complained of and requesting the Trustee to take appropriate action and have offered to indemnify the Trustee for its expenses in taking such action, and the Trustee must have failed to act within a reasonable time, or (ii) such Holder must have obtained the written consent of the Trustee to the institution of the action, suit or proceeding proposed, and such action, suit or proceeding is brought for the ratable benefit of all Holders of the BANs.

Anything in this Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the BANs then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided, that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

Section 6.05. Possession of BANs by Trustee Not Required. All rights of action (including the right to file proof of claims) under this Indenture or under any of the BANs may be enforced by the Trustee without the possession of any of the BANs or the production thereof in any trial or other proceedings relating thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any Holders of the BANs, and any recovery of judgment shall be for the equal benefit of all the Holders of the Outstanding BANs.

Section 6.06. Restoration of Issuer and Trustee. In case the Trustee shall have proceeded to enforce any right under this Indenture by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Issuer and the Trustee shall be restored to their former position and rights hereunder, and all rights and remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 6.07. Waiver of Event of Default. The Trustee shall waive any Event of Default hereunder and its consequences upon the written request of the Holders of a majority in aggregate principal amount of the BANs then Outstanding; provided, however, that there shall not be waived any default in the payment of (i) the principal of any Outstanding BAN at the stated maturity or (ii) any interest when due on any BAN.

No waiver of any default or Event of Default hereunder, whether by the Trustee or by the Holder of any BAN, shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 6.08. Right To Enforce Payment of BANs Unimpaired. Subject to the respective prior rights of the owners of the Water Development Authority Bonds or Authority BANs, as the case may be, and the FmHA Bonds with respect to Net Revenues, nothing in this article shall affect or impair the right of any Holder of a BAN to enforce the payment of the principal of or interest on his BAN or the obligation of the Issuer to pay the principal of and interest on each BAN to its Holder when due.

## ARTICLE VII

### FIDUCIARIES

Section 7.01. Appointment of Trustee; Acceptance of Trustee. The First Huntington National Bank, a national banking association, is hereby appointed as Trustee for the BANs. The Trustee accepts and agrees to execute the trusts and duties imposed upon it by this Indenture, but only upon the terms and conditions set forth herein.

Section 7.02. Paying Agent and Registrar. The First Huntington National Bank, is hereby initially appointed as Paying Agent and Registrar for the BANs, and said bank shall evidence acceptance of such appointment by entering into an agreement setting forth the rights and obligations of the Registrar and Paying Agent, in form satisfactory to the Issuer, provided that, the Issuer may, from time to time, appoint another bank as Registrar or Paying Agent, subject to the requirements of Section 7.12 hereof.

Section 7.03. Responsibilities of Fiduciaries. The recitals of fact in this Indenture and the BANs shall be taken as statements of the Issuer, and the Fiduciaries shall not be responsible for their accuracy. The Trustee shall not be deemed to make any representation as to, and shall not incur any liability on account of, the validity of the execution of this Indenture or of any BANs by the Issuer. Notwithstanding the foregoing, the Registrar shall be responsible for any representation in its certificate of authentication and registration on the BANs. The Holders of the BANs shall indemnify any Fiduciary for any acts taken which may involve it in expense or liability or the institution or defense of any action or suit in respect to this Indenture or the BANs or an advance of any of its own moneys.

The Trustee, prior to the occurrence of an Event of Default and after the remedy of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred and has not been remedied, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and shall use the same degree of care and skill in its exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Any provision of this Indenture relating to action taken or to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this section.

Any provision of this Indenture relating to action taken or to be taken by any Fiduciary or to evidence upon which such Fiduciary may rely shall be subject to the provisions of this section.

Section 7.04. Evidence on Which Fiduciary May Act. Except as otherwise provided by Section 10.01 hereof, a Fiduciary shall be protected in acting upon any notice, resolution, request, consent, order, certificate, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties. Whenever a Fiduciary shall deem it necessary or desirable that a fact or matter be proved or established prior to taking or suffering any action, such fact or matter, unless other evidence is specifically prescribed, may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, but in its discretion such Fiduciary may instead accept other evidence of such fact or matter.

Section 7.05. Compensation and Expenses. The Issuer shall pay to any Fiduciary from time to time reasonable compensation for all services, and also reimburse its reasonable expenses, charges, legal fees and other disbursements and those of its attorneys, agents and employees, incurred in the performance of its duties hereunder. The Issuer shall indemnify and save any Fiduciary harmless against any liabilities which it may incur in the exercise and performance of its powers and duties and which are not due to its own negligence, default or willful misconduct.

Section 7.06. Certain Permitted Acts. A Fiduciary may become the owner of or may deal in BANs as fully and with the same rights it would have if it were not a Fiduciary. To the extent permitted by law, such Fiduciary may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Holders of the BANs or effect or aid in any reorganization growing out of the enforcement of the BANs or this Indenture, whether or not any such committee shall represent the Holders of a majority in principal amount of the BANs Outstanding.

Section 7.07. Resignation of Trustee. The Trustee may at any time resign and be discharged of its duties and obligations under this Indenture by giving not less than sixty (60) days' written notice to the Issuer, specifying the date when such resignation shall take effect, and, within twenty (20) days after the giving of such written notice, sending copies of such notice to each Holder of a BAN at his address as it appears on the books of the Registrar. Such resignation shall take effect upon the effective appointment by the Issuer or the Holders of the BANs of a successor trustee.

Section 7.08. Removal. The Trustee may be removed at any time by the Holders of a majority in principal amount of the BANS then Outstanding, by an instrument or concurrent instruments in writing signed and duly acknowledged by such Holders of the BANS or by their attorneys duly authorized in writing and delivered to the Issuer. Copies of each such instrument shall be delivered by the Issuer to the Trustee.

Section 7.09. Appointment of Successor. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee or of its property shall be appointed, or if any public officer or court shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the Holders of a majority in principal amount of the BANS then Outstanding, by an instrument or concurrent instruments in writing signed by such Holders or their attorneys duly authorized in writing and delivered to such successor Trustee, notification thereof being given to the Issuer and the predecessor Trustee. Pending such appointment, the Issuer shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by such Holders. The Issuer shall mail notice of any such appointment to each Holder of a BAN, at his address as it appears on the BANS Register, by first class United States mail, certified or registered, within twenty (20) days after such appointment. Any successor Trustee appointed by the Issuer shall, immediately and without further act, be superseded by a Trustee appointed by such Holders. If in a proper case no appointment of a successor Trustee shall be made within forty-five (45) days after the Trustee shall have given to the Issuer written notice of resignation or after the occurrence of any other event requiring such appointment, the Trustee or any Holder of a BAN may apply to any court of competent jurisdiction to appoint a successor. Any Trustee appointed under the provisions of this section shall be a bank, trust company or national banking association doing business and having its principal office in the State, having trust powers and authorized to perform the duties imposed upon it by this Indenture and insured by FDIC.

of its corporate trust business, shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act; provided, however, that such company shall be a bank, trust company or national banking association meeting the requirements set forth in Section 7.09.

Section 7.12. Additional and Successor Paying Agents and Registrars. A. The Issuer may at any time, with the approval of the Original BANS Purchaser and pursuant to Section 9.01 hereof, appoint one or more other Paying Agents having the qualifications hereinafter set forth as an additional or successor Paying Agent and appoint another Registrar, having the qualifications hereinafter set forth, as a successor Registrar.

B. Any Paying Agent or the Registrar may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 60 days' written notice to the Issuer, the Trustee and the other Paying Agents, if any. Any Paying Agent or the Registrar may be removed at any time by an instrument filed with such Paying Agent or the Registrar, as the case may be, and the Trustee and signed by the Issuer.

Any successor or additional Paying Agent and any successor Registrar must be a bank, trust company or national banking association authorized by law to perform all the duties imposed upon it by the Indenture. Such successor or additional Paying Agent or successor Registrar shall signify its acceptance of the duties and obligations imposed upon it pursuant hereto by executing and delivering to the Issuer a written acceptance thereof.

C. In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successor, or, if there be no successor, to the Trustee. In the event of the resignation or removal of the Registrar, such Registrar shall deliver the BANS Register to its successor, or, if there be no successor, to the Trustee. If the position of Paying Agent or Registrar shall become vacant for any reason, the Issuer shall, within 30 days thereafter, appoint a bank, trust company or national banking association located in the same city as such Paying Agent or the Registrar to fill such vacancy; provided, however, that, if the Issuer shall fail to appoint such Paying Agent or Registrar within said period, the Trustee shall, in its discretion, make such appointment or serve as such.

D. Any bank, trust company or national banking association with or into which any Paying Agent or the Registrar may be merged or consolidated, or to which the assets and business of such Paying Agent or Registrar may be sold,

shall be deemed the successor of such Paying Agent or Registrar, as the case may be, for the purposes of this Indenture.

E. Notice of the appointment of successor or additional Paying Agents or fiscal agents or of a successor Registrar shall be given in the same manner as provided by Section 7.09 hereof with respect to the appointment of a successor Trustee.

F. All moneys received by the Registrar or Paying Agents shall, until used or applied as provided in this Indenture, be held in trust for the purposes for which they were received.

Section 7.13. Adoption of Authentication. In case any of the BANS shall have been authenticated but not delivered, any successor Registrar may adopt a certificate of authentication and registration executed by any predecessor Registrar and deliver such BANS so authenticated and registered, and, in case any BANS shall have been prepared but not authenticated and registered, any successor Registrar may authenticate such BANS in the name of the predecessor Registrar or in its own name.

## ARTICLE VIII

### DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.01. Defeasance; Discharge of Indenture. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all BANS the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Indenture, then this Indenture and the pledge of the proceeds of the FmHA Bonds and other moneys and securities pledged hereunder, and all covenants, agreements and other obligations of the Issuer on behalf of the Holders of the BANS made hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied.

All BANS shall prior to the maturity thereof be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same or earlier time, shall be sufficient, to pay when due the principal of and interest due and to become due on said BANS on and prior to the maturity date thereof. Neither securities nor moneys deposited with the Trustee pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on said BANS; provided, any cash received from such principal or interest payments on such securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal of and interest to become due on said BANS on and prior to such maturity date thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Trustee, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

## ARTICLE IX

Section 9.01. Supplemental Indentures Not Requiring Consent of Holders. The Issuer and the Trustee may without the consent of, or notice to, any of the Holders of the BANS enter into an indenture or indentures supplemental to this Indenture, as shall not be inconsistent with the terms and provisions hereof, for any one or more of the following purposes:

- (A) To specify, determine or authorize any matters and things concerning the BANS or the proceeds thereof which are not contrary to or inconsistent with this Indenture;

- (H) To modify or amend any of the terms or provisions of this Indenture if no BANS are Outstanding at the time of such modification or amendment;

- (I) To modify or amend any of the terms or provisions of this Indenture, provided that such modification by its terms shall not take effect until all BANs Outstanding on the date of adoption of such modification or amendment shall have ceased to be Outstanding; and
- (J) To modify or amend any of the terms or provisions of this Indenture as may be necessary to maintain the excludability from gross income for federal income tax purposes of interest on the BANs.

Section 9.02. Amendment by Consent of Holders. Except for the supplemental indentures allowed under Section 9.01 hereof, this Indenture or any indenture supplemental hereto and the rights and obligations of the Issuer, the Trustee and the Holders of the BANs may be modified or amended only with the written consents of the Holders of sixty percent (60%) in aggregate principal amount of the BANs then Outstanding, which must be filed with the Trustee before any such modification or amendment may become effective. No such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter the terms of payment of the principal of or interest on, any BAN without the express written consent of the Holder of such BAN, nor reduce the percentage of BANs required for consent to any such modification or amendment.

ARTICLE X

MISCELLANEOUS

Section 10.01. Evidence of Signatures of Holders and Ownership of BANs. Any request, consent, revocation of consent or other instrument which this Indenture may require or permit to be signed and executed by Holders of the BANs may be in one or more instrument of similar tenor, and shall be signed or executed by such Holders in person or by their attorneys duly authorized in writing. Proof of the execution of any such instrument, or of an instrument appointing or authorizing any such attorney, shall be sufficient for any purpose of this Indenture if made in the following manner, or in any manner satisfactory to the Trustee, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

A. The fact and date of the execution by any Holder or his attorney of any such instrument may be proved (i) by the certificate of a notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act that the person signing such instrument acknowledged to him the execution thereof, or by the affidavit of a witness of such execution, duly sworn to before such a notary public or other officer or (ii) by the certificate, which need not be acknowledged or verified, of an officer of a bank, trust company or financial firm or corporation satisfactory to the Trustee that the person signing such instrument acknowledged to such bank, trust company, firm or corporation the execution thereof.

B. The authority of a person or persons to execute any such instrument on behalf of a corporate Holder may be established without further proof if such instrument is signed by a person purporting to be the president or treasurer or a vice-president or an assistant treasurer of such corporation with a corporate seal affixed, and is attested by a person purporting to be its secretary or assistant secretary.

C. The amount of BANs owned by any person executing any such instrument as a Holder, the numbers and other identification thereof, and the date of his owning such BANs shall be determined by the books of the Registrar.

Any request, consent or other instrument executed by the Holder of any BAN shall bind all future Holders of such BAN in respect of anything done or suffered to be done hereunder by the Issuer or the Trustee in accordance therewith.

Section 10.02. Preservation and Inspection of Documents. All reports, certificates, statements and other documents received by the Trustee under the provisions of this Indenture shall be retained in its possession and shall be available at all reasonable times for the inspection of the Issuer or any Holder of a BAN, and their agents and their representatives, any of whom may make copies thereof, but any such reports, certificates, statements or other documents may, at the election of the Trustee, be destroyed or otherwise disposed of at any time after such date as the pledge created by this Indenture shall be discharged as provided in Section 8.01 hereof.

Section 10.03. Cancellation of BANS. All BANS purchased or paid shall, if surrendered to the Issuer, be cancelled and delivered to the Registrar, or, if surrendered to the Registrar, be cancelled by it. No such BANS shall be deemed Outstanding under this Indenture, and no BANS shall be issued in lieu thereof. All such BANS shall be cancelled and upon order of the Issuer shall be destroyed, and a certificate evidencing such destruction shall be delivered to the Issuer.

Section 10.04. Failure to Present BANS. [REVERSE OF BAN]

This Note is one of an issue of Notes (the "Notes") in the aggregate principal amount of \$\_\_\_\_\_, of like tenor and effect, except as to number, denomination and date of authentication and registration, issued to temporarily finance a portion of the costs of the construction and acquisition of a sewage collection and transportation system of the Issuer (the "Project"), to capitalize interest on the Notes and to pay certain costs of issuance thereof and related costs. The Notes are payable from the proceeds of \$\_\_\_\_\_ in aggregate principal amount of Sewerage System Revenue Bonds, Series 1989 B, to be issued by the Issuer to the United States Department of Agriculture, Farmers Home Administration, pursuant to a commitment therefor (the "FmHA Bonds") and certain other sources as more specifically set out below. This Note is issued under the authority of and in full compliance with the statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), and a resolution adopted by the Governing Body of the Issuer on January \_\_, 1989, and supplemented thereby on January \_\_, 1989 (collectively, the "Resolution"), and is issued and secured pursuant to the terms of a Trust Indenture, dated as of January 1, 1989 (the "Indenture"), by and between the Issuer and The First Huntington National Bank, Huntington, West Virginia, as trustee (the "Trustee"), and is subject to all the terms and conditions of said Indenture.

The Notes are not subject to redemption prior to maturity. This Note is a special obligation of the Issuer, payable solely from (i) the proceeds of the FmHA Bonds; (ii) other moneys, including investment income and unexpended Note proceeds, held in the funds and accounts established with respect to the Notes by the Indenture; (iii) the net proceeds of the sale of refunding notes, if any, or other obligations issued to refund the Notes, and (iv) the net revenues of the Issuer's sewerage system, subject to the respective prior liens of certain bonds sold to the West Virginia Water Development Authority and of the FmHA Bonds.

Pursuant to the Indenture, the Issuer has pledged and assigned said FmHA Bond proceeds, said other moneys, including investment income and unexpended Note proceeds, held in the funds and accounts established by the Indenture, said net revenues and said net proceeds of any refunding notes or other obligations, issued for the purpose of paying all or a portion of the principal of or interest on the Notes, to the Trustee, to be held by the Trustee to secure the payment of the Notes.

If, one business day prior to the maturity hereof, the funds deposited for payment are insufficient to pay the entire principal of and interest to be accrued on the Notes to the date of maturity, the Issuer shall issue its refunding notes or other obligations, but only upon the conditions and as described in the Indenture, to which reference is made for a further description of the security for the Notes.

Interest on this Note is payable from certain proceeds of the sale hereof, to be held for such purpose by the Trustee. This Note does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon except from the sources specified above. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged, for the payment of the principal of or interest on this Note.

Under the Indenture, the Issuer has entered into certain covenants on behalf of the registered owners of the Notes, for the terms of which reference is made to said Indenture. Remedies provided the Trustee on behalf of the Registered Owner of this Note, and to said Registered Owner, are exclusively as provided in the Indenture, to which reference is here made for a detailed description thereof.

This Note is transferable by the Registered Owner hereof in person or by his attorney duly authorized in writing at the principal office of the Registrar but only in the manner and subject to the limitations provided in the Indenture, and upon surrender of this Note, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or his duly authorized attorney. This Note may be exchanged for a Note or Notes of other authorized denomination by the Registered Owner hereof in person or by his attorney duly authorized in writing at the principal office of the Registrar but only in the manner, subject to the limitations and upon payment of the charges provided in the Indenture, and upon surrender of this Note. Upon such transfer or exchange, this Note will be cancelled by the Registrar, and a new Note or Notes of the same series, interest rate, maturity and of authorized denomination, for the same aggregate principal amount, will be issued, to the transferee in the case of transfer, in exchange herefor.

2.4 The Governmental Agency agrees that the Authority and its duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Governmental Agency further agrees that the Authority and its duly authorized agents shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority in respect of the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. ## ARTICLE III

### Conditions to Loan; Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivered to the Authority for purchase the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting Engineers to such effect;

(d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(i) The net proceeds of the Loca' Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not execute this Loan Agreement unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

##### Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%)

of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated expenditures for operation and maintenance of the System during the succeeding fiscal year;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority; and

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit A.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.4 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.5 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.7 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

## ARTICLE V

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

## ARTICLE VI

### Other Agreements of the Governmental Agency

loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for Federal income tax purposes of interest on the Local Bonds.

6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

EXHIBIT A

[Opinion of Bond Counsel for Governmental Agency]

[To Be Dated as of Date of Loan Closing]

West Virginia Water Development Authority  
1201 Dunbar Avenue  
Dunbar, West Virginia 25064

Gentlemen:

We are bond counsel to \_\_\_\_\_  
(the "Governmental Agency"), a \_\_\_\_\_  
\_\_\_\_\_.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement dated \_\_\_\_\_, 19\_\_\_\_, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority") and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated \_\_\_\_\_, 19\_\_\_\_ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are in the principal amount of \$\_\_\_\_\_, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, beginning \_\_\_\_\_ 1, 19\_\_\_\_, at the respective rate or rates and with principal payable in installments on October 1 in each of the years, all as follows:

<u>Year</u>	<u>Installment</u>	<u>Interest Rate</u>
-------------	--------------------	----------------------

The Local Bonds are issued for the purpose of \_\_\_\_\_ and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of \_\_\_\_\_ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the

bond \_\_\_\_\_ duly enacted by the Governmental Agency on \_\_\_\_\_ (the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a duly organized and presently existing \_\_\_\_\_, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively enacted the Local Act and all other necessary \_\_\_\_\_ in connection with the issuance and sale of the Local Bonds. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the [net] revenues of the System referred to in the Local Act and secured by a [first] lien on and pledge of the [net] revenues of said System, all in accordance with the terms of the Local Bonds and the Local Act, and have been duly issued and delivered to the Authority.

6. The Local Bonds are, by statute, exempt \_\_\_\_\_, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for Federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

SCHEDULE Y

- (iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent ( $2-1/2\%$ ) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account;
- (iv) to provide debt service on and requisite reserves for any subordinate indebtedness of the Governmental Agency held or owned by the Authority; and

CASE NO. 87-568-S-CN

NORTHERN WAYNE COUNTY PUBLIC SERVICE  
DISTRICT, a public utility,  
Wayne County.

Application for a certificate of convenience and necessity to construct and to acquire collection and transmission facilities and approval for borrowing for the Beech Fork, Lavalette and Buffalo Creek areas of Wayne County.

ADMINISTRATIVE LAW JUDGE'S DECISION

PROCEDURE

On March 21, 1988, Northern Wayne County Public Service District (hereinafter "District"), a public utility, Wayne County, filed an application, duly verified, for a certificate of convenience and necessity to undertake the construction and installation of a new pressure sewer system in Wayne County. Service is now rendered to some residences by package treatment facilities and septic systems. The purpose of this project is to construct a new system and provide services to the area to be served.

Northern Wayne County Public Service District estimates that construction will cost approximately \$12,251,157, and will be financed by a grant from the Environmental Protection Agency (EPA) in the amount of \$7,609,704, a loan from the West Virginia Water Development Authority (WDA) in the amount of \$2,466,453 and a Farmers Home Administration (FmHA) Loan in the amount of \$1,950,000. *Adds up to 12,026,157 - Need Jap Dec 225,000*

By Notice of Hearing entered October 20, 1988, the matters involved herein were scheduled for hearing to be held in the Council Chambers, City Building, Huntington, Wayne County, West Virginia, on Wednesday, November 2, 1988, at 10:30 a.m., EST.

The District was required to publish notice of the filing of its application and the time and place of hearing herein. At hearing, Mr. Robert R. Rodecker presented an Affidavit of Publication indicating that notice was published as required on October 22, 1988 in the Huntington Herald-Dispatch, a newspaper published and of general circulation in Cabell County. On November 4, 1988, an Affidavit of Publication was filed herein indicating that notice was published as required on October 27, 1988 in the Wayne County News, a newspaper published and of general circulation in Wayne County.

borrowing but they would not disapprove it. Thus, in good faith reliance, no formal approval was sought. (Tr., pp. 15, 16, 21).

Mr. Booth was recalled to the stand to testify on matters concerning insurance. The witness explained that the Board of Risk and Management had extended insurance coverage to county governments in 1986. Presently, the Wayne County Commission is paying one insurance premium which covers all the County's liability and property insurance. This payment provides coverage for the County's public service districts, as well. The only operating public service district, Spring Valley Public Service District, is currently paying zero premium. However, Mr. Booth has reason to believe a new combined premium will be charged soon. (Tr., pp. 105-108).

The next witness to testify on behalf of the District was Charles Regula. Mr. Regula received a Bachelor of Engineering Science degree from Marshall University and a Masters degree in Civil Engineering from West Virginia University. His experience was obtained from employment by several engineering firms and the Army Corp of Engineers. He is a registered Professional Engineer in the States of Ohio, West Virginia and Kentucky. Mr. Regula, who supervised the compilation of the engineering studies prepared for the District, testified that the District has modified its original plan to construct a sewage treatment facility and has decided to transport its sewage to the City of Huntington for treatment. The City of Huntington Sanitary Board has agreed to treat the District's sewage. Costs to the District are to be based upon the cost of treatment only. The District does not have a signed agreement with the City of Huntington Sanitary Board, at this time. (Tr., pp. 27-32, 52-55, 78).

According to Mr. Regula, all work for this project was originally divided into five contracts, A, B, C, D and E. The project started at a point known as German Ridge, on State Route 152, and extended in a southerly direction to a point called Midvale Heights. Further, it included a collection system for Skyview Drive, off of German Ridge, and also German Ridge, 8th Street, Camp Creek Road, Beech Fork Road, Lynn Oak and Lynn Creek Drive. The project is intended to extend from the intersection of State Route 152 and State Route 75, in a westerly direction, to a subdivision called Pine Hill Estates on Route 75 just west of Knocks Creek Road. This portion will include Hidden Valley, Walkers Branch Road, Buffalo Creek Road, Buffalo High School, Spring Valley Road, Westwood Lane, Sherwood Drive and Haynes Branch. When bids on the entire project were received, it was determined, because of restrictions on funding, that Contract A could not be awarded. The District's project is primarily a pressurized system requiring the use of grinder pumps. The notable exception is of a portion of Contract B, which is an Innovative and Alternative (I&A) system that utilizes a small diameter sewer line. In Mr. Regula's opinion, that portion of the system has been designed specifically for this area of the District. (Tr., p. 32-38).

Mr. Regula also testified that the project covered by Contracts B through E will serve approximately 1,938 customers. It was estimated that approximately 930 grinder pump units will be required. Under the portion of Contract B, where an alternative methodology will be employed, 22 septic tanks will be installed. (Tr., p. 38).

situations could arise where neighbors paid vastly different tap fees based on the location of grinder pump units over which they would have no control. Mr. Regula also confirmed that the District's proposal for the tap fee is different from Commission policy. (Tr., pp. 97-100)

The final witness to testify on behalf of the District was John Ford, who is a partner in Larry Penix, CPA, Accounting Corporation. Mr. Ford testified he prepared the Rule 42 Exhibit and the Revised Rule 42 Exhibit for the District. (Tr., pp. 109, 110).

At this time Mr. Regula was recalled to testify concerning the interest rate used by the District on computing its Farmers Home Loan. Mr. Regula testified that as he understood Farmers Home's policy the District would be able to use the current rate instead of the guaranteed rate. In addition, the witness stated that he understood the loan could be closed thirty days after the certificate is granted and that "this same rate would also be used at the final closing after construction is complete. (Tr., pp. 113-115).

The first witness to testify on behalf of Staff was Robert Skiles, who is employed as a Chief Utilities Manager, Public Service District Division. According to Mr. Skiles, the District is planning to construct a wastewater collection system consisting of approximately 43.7 miles of force main, 1.91 miles of gravity main, 11.41 miles of 1.25 inch force main service pipe, approximately .07 miles of 4-inch gravity service pipe, 933 grinder pump units, 22 septic tanks, 31 manholes, valves and appurtenances. (Tr., pp. 116-119).

Staff understands the wastewater for the project area will be transported to the City of Huntington for treatment. The project will also include four main line pump stations and an administration and maintenance building. Generally, the District will serve the Lavalette and the Buffalo Creek areas of Northern Wayne County. Approximately 1,938 customers will be served. Further, Mr. Skiles explained that the design of the project is primarily a grinder pump-pressure sewer system involving Innovative and Alternative Technology. He confirmed the total project cost to be \$12,251,157, according to the District. (Tr., pp. 118-123).

Mr. Skiles explained that Staff has examined the necessity of the project from two viewpoints: 1) the public health needs which prompted this project; and 2) the need for the particular project which is proposed. (Tr., p. 122). Mr. Skiles confirmed that the project was necessary to meet the public health needs for sewage treatment and disposal in the area. He also verified that this particular type of project involving Innovative and Alternative Technology was required to adequately service the project area. Mr. Skiles commented that approximately 45 to 64 miles of main will be constructed to serve the initial 1,938 users. This is about 42 users per mile of main, which is a very acceptable density figure. (Tr., pp. 122-130).

Concerning tap fees, Mr. Skiles testified that prior to construction it would be \$150. After construction it will either be 85% of cost as the District is proposing or \$250 as the Staff recommends. The estimated cost of a tap is \$2,500. (Tr., pp. 131-133).

- b) The attached tariff (ATTACHMENT DLE-2) be approved for use by the District.
- c) The District shall submit to the Public Service Commission copies of signed agreements with owners of all collection systems to be absorbed within the District's project prior to the completion of construction.
- d) The District shall inform the Public Service Commission of the terms and conditions of the interim financing immediately upon its closing.
- e) The District shall inform the Public Service Commission of the terms and conditions of the permanent financing immediately upon its closing.
- f) The District shall submit a monthly summary that describes the status of the project cash flow and the interim financing by the 15th of the following month from the closing of the interim financing to the maturity or final payment of the interim financing notes.
- g) The District shall obtain and submit to the Public Service Commission for prior consent and approval, if at all possible, agreements for the termination of water service for nonpayment of sewer charges with the City of Kenova, the Lavalette Public Service District and the West Virginia American Water Company as soon as possible, but at least prior to the start-up of operation.
- h) The District shall obtain and submit to the Public Service Commission copies of agreements that provide meter readings with the City of Kenova, the Lavalette Public Service District and the West Virginia-American Water Company.
- i) The District shall establish an interest bearing savings account to be known as the I & A Renewal and Replacement Reserve, deposit into that account a monthly amount of \$2,332.50 for an annual funding of \$27,990, accrue all applicable interest earnings to that account, withdraw funds from that account for the sole purpose of renewal and replacement of grinder pumps and maintain records that adequately describe any and all transactions concerning that account.
- j) The District shall establish an interest bearing savings account to be known as the I & A Reserve for New Connections, deposit into that account a monthly amount of \$1,875 for an annual funding of \$22,500, accrue all applicable interest earnings to that account, withdraw funds from that account for the sole purpose of defraying the actual costs of connecting new customers that require the installation of grinder pumps or septic tanks and maintain records that adequately describe any and all transactions concerning that account.

First, the District proposed a tap fee after construction of \$250, or as an alternative to the \$250 a fee equal to 85% of the total cost of the new connection (which the total cost is estimated to be \$2,500). (Applicant's Exhibit No. 22, Tr., pp. 60, 97-99). However, Staff recommended a tap fee after construction of \$250, which is in line with long standing Commission policy. (Tr., pp. 132-133, 144). After review of both the District's and Staff's positions on this matter, the ALJ is of the opinion that Staff's recommendation for a \$250 tap fee after construction is reasonable and must be adopted. Staff's recommendation is consistent with Commission policy, eliminates problems associated with variable charges for each customer, and avoids potential discrimination issues. Furthermore, the District's proposal of 85% of the total cost is excessive, unreasonable, and could discourage future growth. Also, the District would be completely insulated from any cost incurrence under its approach, and new customers would be unfairly prejudiced because they hooked on after construction. In addition, in Southern Jackson County Public Service District, Case No. 87-849-S-PC, the ALJ denied the District's request for approval of a tap fee equal to 85% of the actual cost of construction, which the total cost was estimated to be \$1,500. The ALJ stated that the 85% approach was "clearly excessive" when compared with the proposed tap fees of \$150-\$250. Thus, the ALJ agrees with Staff's recommended tap fee for Northern Wayne County Public Service District. Furthermore, the ALJ agrees with Staff's recommendation that a Reserve for Future Connections should be approved. The reserve should be at \$22,500 annually. This is based on the following calculation: (10 new connections per year x \$2,500 installed cost per pump) - (10 new connections per year x \$250 tap fee).

Next, the District proposed a Renewal/Replacement Reserve for the grinder pumps of \$22,500 annually. The District arrived at this amount by providing for pump repair of 45 pumps per year at a cost of \$500 per pump. This reserve amount assumes a 20 year service life on the pumps. (Applicant's Exhibit No. 22). However, Staff recommended a 15 year service life over which to spread renewal or repair costs. Staff was not willing to accept a service life for a pump of 20 years because there is not sufficient documentation, but Staff was willing to go as far as 15 years for a pump service life. Thus, Staff recommended a Renewal and Replacement Reserve of \$27,990 annually, which is 933 pumps multiplied by \$450 average cost per pump divided by 15 years. It is the ALJ's considered opinion that Staff's recommendation for the Renewal/Replacement Reserve funded at \$27,990 is reasonable and should be adopted. From the evidence presented, a 15 year service life appears to be more in line with the actual service life of a pump.

As stated earlier, the District intends to fund part of the project with a loan from FmHA in the amount of \$1,950,000. The Letter of Conditions issued by FmHA states an interest rate of 8.625%. Based on these planning factors the annual principal and interest payment would be approximately \$175,032. (Staff's Post-Hearing Exhibit No. 2, Tr., p. 191). As stated by Mr. Ellis, it is common procedure to use the interest rate in the Letter of Condition as the planning factor. Consequently, for purposes of Staff's cash flow analysis, an interest rate of 8.625% was used for the FmHA loan. (Tr., pp. 191-192). However, the District used an interest rate of 7.75% for the FmHA loan in the Revised

3. Treatment will be provided by the City of Huntington pursuant to an intergovernmental agreement between the City of Huntington and Northern Wayne County PSD. This agreement has not be finalized at this time. (Tr., pp. 32, 52-55).

4. The total cost of the project is estimated at \$12,251,157, and will be financed by a Grant from EPA of \$7,609,704, a loan from WDA in the amount of \$2,446,453, a loan from FmHA in the amount of \$1,950,000, and Tap fees of \$225,000. (Staff's Post-Hearing Exhibit No. 2).

5. Interim financing will be provided by the issuance of BANs in the amount of \$1,950,000, and GANs in the amount of \$1,600,000. (Staff's Post-hearing Exhibit No. 2).

6. Annual debt service on the WDA loan, at 8.25%, for principal and interest is calculated at \$211,637. Annual debt service on the FmHA loan, at 8.625%, for principal and interest is calculated at \$175,032. (See, Appendix A).

7. The rates and charges recommended by Staff provide a rate of \$6.09 per 1,000 gallons used, an unmetered rate of \$27.41 per month and a minimum charge of \$18.27 per month. Staff also recommends a multiple occupancy charge. (See, Appendix B).

8. A cash flow analysis for the first year of operations reflects that the rates and charges recommended by Staff will generate \$842,667 in operating revenues and will provide a surplus of \$25,000 and coverage of 135%, after payment of operating and maintenance expenses and taxes totalling \$320,774, debt service of \$386,669, and reserve requirements totalling \$110,224. (See, Appendix A).

9. Commission Staff recommends a tap fee after completion of construction of \$250. (See, Appendix B, Tr., p. 147).

10. Commission Staff opposes the alternate tap fee proposal requested by the District in which the tap fee for a customer would be 85% of the total cost of the new connection. (Tr., pp. 145-147).

11. The District borrowed \$200,000 from Wayne County Bank without seeking Commission approval and thus inadvertently violated West Virginia Code §16-13A-25. (Tr., pp. 16, 21).

#### CONCLUSIONS OF LAW

The Administrative Law Judge is of the opinion, finds and concludes that:

1. A certificate of convenience and necessity should be issued into Northern Wayne County Public Service District, a public utility, to construct and install a new pressure sewage collection system in Wayne County.

5. The District shall inform the Commission of the terms and conditions of the permanent and interim financing immediately upon any closing.

6. The District shall immediately inform the Commission of the start-up of operations. 7. The District shall submit to the Commission copies of signed agreements with owners of all collection systems to be absorbed within the District's project prior to the completion of construction.

8. The District shall establish an interest bearing savings account to be known as the I & A Renewal and Replacement Reserve, deposit into that account a monthly amount of \$2,332.50 for an annual funding of \$27,990, accrue all applicable interest earnings to that account, withdraw funds from that account for the sole purpose of renewal and replacement of grinder pumps and maintain records that adequately describe any and all transactions concerning that account.

9. The District shall establish an interest bearing savings account to be known as the I & A Reserve for New Connections, deposit into that account a monthly amount of \$1,875 for an annual funding of \$22,500, accrue all applicable interest earnings to that account, withdraw funds from that account for the sole purpose of defraying the actual costs of connecting new customers that require the installation of grinder pumps or septic tanks and maintain records that adequately describe any and all transactions concerning that account.

CASE NO. 87-568-S-CN

**NORTHERN WAYNE COUNTY PUBLIC SERVICE DISTRICT**, a public utility, Wayne County.

Application for a certificate of convenience and necessity to construct and to acquire collection and transmission facilities and approval for borrowing for the Beech Fork, Lavalette and Buffalo Creek areas of Wayne County.

COMMISSION ORDER

On March 21, 1988, Northern Wayne County Public Service District (hereinafter District), a public utility, Wayne County, filed an application, duly verified, for a certificate of convenience and necessity to undertake the construction and installation of a new pressure sewer system in Wayne County.

By order dated October 20, 1988, this matter was set for hearing to be held in the Council Chambers, City Building, Huntington, West Virginia, on Wednesday, November 2, 1988. The District was required to give notice of the proceeding by publishing a copy of said order of October 20, 1988, in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Wayne County.

The hearing was held as scheduled on November 2, 1988. The District appeared by its proper officials and by counsel, Robert R. Rodecker, Esq. The Commission's Staff was represented by David C. Glover, Esq., and Caryn Watson Short, Esq., Legal Division; and Robert Skiles and Danny Ellis, Public Service District Division. At the hearing no individuals appeared in protest to the application. On November 23, 1988, the Administrative Law Judge issued a recommended decision.

On November 30, 1988, Robert R. Rodecker, Esq., counsel for the District, filed a petition to waive the District's right to file exceptions to the aforesaid order. On December 1, 1988, Staff Attorneys Caryn Watson Short, Esq., and David C. Glover, Esq., advised the Commission that Staff has no objection to the requested waiver.

West Virginia Code Section 24-1-9 provides for a time period of at least twenty (20) days from the date of a recommended order until it becomes effective. According to Section 24-1-9(c), at least fifteen (15) days must be afforded the parties within which to file exceptions. In addition, Section 24-1-9(e) provides that when no exceptions are filed within the specified time period, the Commission shall have an additional five (5) days within which to stay or postpone the order.

CASE NO. 87-568-S-CN (Reopened)

NORTHERN WAYNE COUNTY PUBLIC SERVICE  
DISTRICT, a public utility, Wayne  
County.

Petition to reopen proceeding and  
for approval of additional borrowing.

FINAL ORDER

On November 23, 1988, an Administrative Law Judge's Recommended Decision was issued in the above-styled and numbered proceeding, granting a certificate of convenience and necessity to Northern Wayne County Public Service District (Northern Wayne or District) to construct and install a new pressure sewage collection system in Wayne County, as described in the application. Additionally, the proposed permanent financing for the project, a loan from the West Virginia Water Development Authority (WDA) in the amount of \$2,466,453 and a loan from the Farmers Home Administration in the amount of \$1,950,000, was approved. The proposed interim financing, the issuance of Bond Anticipation Notes (BANs) in the amount of \$1,950,000 and Grant Anticipation Notes (GANs) in the amount of \$1,600,000, was also approved. Additionally, rates and charges and other tariff provisions attached to the order were authorized and approved to become effective for all sewer service rendered by the District upon completion of the new system. Finally, the District was directed to submit a final draft of the Agreement between the District and the City of Huntington for sewage treatment services, immediately upon receipt of the agreement.

On January 10, 1989, Northern Wayne County Public Service District filed a petition with the Public Service Commission to reopen this proceeding and for approval of additional borrowing. According to the filing, the District is seeking Commission approval for an increased level of financing necessitated by the recent refusal of one of the project contractors to participate at the bid level previously submitted. Thus, the District was forced to seek additional financing for the project by going to the next lowest bidder. Because of the availability of lower interest rates through an early closing on the Farmers Home Administration Bonds, the District was able to obtain more favorable rates on the Farmers Home Administration funding than had been contemplated in the order of November 23, 1988. Thus, the combined effect of the earlier closing on the Farmers Home Administration funding and the increased level of borrowing from the Water Development Authority will have no effect on the rates which were approved by the Commission in its order of November 23, 1988. In order for the District to proceed to closing on the financing before the expiration of bids on February 13, 1989, the District requested that

the Commission issue an order on this petition, granting its approval for the changes in the financing on or before the close of business on Friday, January 13, 1989. The increased borrowing required from the West Virginia Water Development Authority is in the amount of \$247,547, at a projected 8.25% interest rate. The revised interest rate on the Farmers Home Administration financing reduces that interest rate from 8.625%, as set forth in the decision of November 23, 1988, to 7.5%. The District specifically requested authority for increased borrowing from the West Virginia Water Development Authority to a level of \$2,704,000; an increased level of BANs and GANs, not to exceed \$2,000,000 each; a proposed bridge loan between the District and the West Virginia Water Development Authority in the amount of the borrowing from the Water Development Authority and the acceptance of an increased grant amount from the United States Environmental Protection Agency in the amount of \$7,650,980.

On January 13, 1989, Staff Attorney David C. Glover submitted a Joint Staff Memorandum on the petition filed on January 10, 1989. Attached to Mr. Glover's memorandum is an internal memorandum from Danny L. Ellis, Chief Utilities Manager, Public Service District Division, which constitutes the Staff position in this case. Staff is recommending that the District's request to increase the Water Development Authority Loan be approved and that the District's request to increase the bond anticipation notes and grant anticipation note issuances be denied, for the reasons stated in Mr. Ellis' memorandum. Mr. Ellis recommends that the District's request to increase the Water Development Authority loan be approved because the increase is necessary and will not impact the currently-approved rates. The difference in the annual principal and interest payments between the loan financing as set forth in the order of November 23, 1988, and the requested financing is less than \$3,000 and the change in the annual debt service and renewal and replacement reserve payments between the previous financing as approved and the current proposal is an increase of less than \$1,000. The rates previously recommended by Commission Staff and approved by the Commission in the order of November 23, 1988, are designed to generate a surplus of \$25,000 and debt service coverage of 135%, thus substantiating the assertion that there will be no change in the approved rates even with the increased borrowing. The substitution of the proposed debt service and the reserve requirements in the previous Staff cash flow analysis, with no change in approved rates, results in an estimated annual surplus of \$23,077 and debt service coverage of 134%. Mr. Ellis also recommends approval of the bridge loan from the Water Development Authority in the same amount as the permanent loan from the WDA to the District, stating that this form of interim financing has been accomplished and utilized by the WDA in other certificate proceedings.

Mr. Ellis pointed out that another issue which has surfaced is that, in order to realize certain tax benefits, the Wayne County Commission will issue the previously approved grant anticipation notes and immediately loan the note proceeds to the District. The District will then issue a promissory note to the County as evidence of the obligation. In the original proceeding, it was believed that the District would be issuing the grant anticipation notes. According to Mr. Ellis, while the procedure is different, the end result is the same, and the District will have

immediate and complete access to the same amount of funds as if it had issued the grant anticipation notes.

With regard to the requested increase in the amount of both the bond anticipation notes, to serve as interim financing for the Farmers Home Administration Loan, and the grant anticipation notes, to serve as interim financing for the Environmental Protection Agency Grant, Mr. Ellis pointed out that the BAN issuance is automatically limited to a maximum amount equal to the loan. Thus, the currently-approved BAN issuance of \$1,950,000 is maximized and cannot be increased as requested by the District. With regard to the request that the GANs issuance amount be increased, Mr. Ellis contacted the District's bond counsel who then discussed the need for the GAN increase with the District's investment banker and the District is now of the opinion that the previously-approved \$1,600,000 grant anticipation note issuance would be adequate and that the requested increase was unnecessary.

Finally, Mr. Ellis pointed out that the intergovernmental agreement between Northern Wayne County Public Service District and the Wayne County Commission, with regard to the issuance of grant anticipation notes, has not been submitted to the Public Service Commission for approval and the petition filed on January 10, 1989, makes no reference to a request for Commission approval of the agreement. Mr. Ellis recommends that the agreement be approved if approval is determined to be necessary. He pointed out that the agreement would also be subject to the approval of the Attorney General's Office.

Finally, Staff raises the possibility that the previous publication may be inadequate because of the increased borrowing amount. However, since the additional borrowing does not have any impact on the rates which were approved in the order of November 23, 1988, and since those rates have been published and no individuals protested by letter or appeared at the hearing held in this case, Staff is of the opinion that any inadequacy in publication should be overlooked, since the important issue is the fact that the rates were deemed acceptable by the public, through the lack of protests; have been approved by the Commission; and will not be changed by the revisions in the financing requested in the petition for reopening filed in this proceeding.

Upon consideration whereof, the Administrative Law Judge (ALJ) is of the opinion that the request of Northern Wayne County Public Service District to increase the amount of the Water Development Authority Loan previously approved in the order issued in this proceeding on November 23, 1988, to the amount of \$2,704,000 should be approved, for the reasons set forth in the Joint Staff Memorandum and attachment thereto. Further, the District's request to increase the BAN and GAN issuances should be denied, for the reasons set forth in the Internal Memorandum from Danny L. Ellis to Staff Attorney Glover, attached to the Joint Staff Memorandum. The District's request to potentially incur a bridge loan from the Water Development Authority in the amount of \$2,704,000 should also be approved, since the need is caused by the WDA's shortage of bond proceeds and not through any oversight by the District and since it will not impact currently-approved rates. Finally, the intergovernmental agreement between Northern Wayne County Public Service District and the Wayne County

Commission should be approved by the Public Service Commission pursuant to West Virginia Code §24-2-12, without specifically approving the terms and conditions thereof.

#### FINDINGS OF FACT

1. By order entered on November 23, 1988, certain permanent and interim financing arrangements for Northern Wayne County Public Service District, related to the issuance of the certificate to construct and acquire sewage collection and transmission facilities, were approved. (Order entered November 23, 1988).
2. Since the issuance of the order of November 23, 1988, the District's construction costs have increased, due to the refusal of one of the project contractors to participate at the bid level previously submitted. (Joint Staff Memorandum filed January 13, 1989, and attachment thereto).
3. After adjusting the District's construction costs to reflect a reduction in its project budget allowance for its office building; an increase in construction cost contingencies; and a small increase in the grant from the Environmental Protection Agency, the District requires approximately \$237,507 in additional permanent borrowing, to cover the increased construction costs relating to the change in bid level. (Internal Memorandum from Danny L. Ellis to Staff Attorney David Glover attached to Joint Staff Memorandum).
4. The revisions in the interim and permanent financing requested by the District in its petition filed in this proceeding on January 10, 1989, will not affect or impact the rates and charges and other tariff provisions previously approved for the District in the order of November 23, 1988. (Petition filed January 10, 1989 by Northern Wayne County Public Service District and Joint Staff Memorandum filed January 13, 1989).
5. Northern Wayne County Public Service District cannot increase its EAN issuance as requested, because it is limited to the amount of the previously-approved Farmers Home Administration Loan. (Internal Memorandum attached to Joint Staff Memorandum filed January 13, 1989).
6. The District no longer requests an increase in the previously-approved grant anticipation note issuance. (Internal Memorandum attached to Joint Staff Memorandum filed January 13, 1989).
7. Commission Staff recommends approval of the intergovernmental agreement between Northern Wayne County Public Service District and the Wayne County Commission with regard to the issuance of grant anticipation notes by the County Commission on behalf of Northern Wayne County Public Service District. (Internal Memorandum attached to Joint Staff Memorandum filed January 13, 1989).

CONCLUSIONS OF LAW

1. It is reasonable to approve the District's request to increase the level of West Virginia Water Development Authority borrowing to \$2,704,000, for the reasons set forth in the Joint Staff Memorandum.

2. It is reasonable to deny the District's request to increase the bond anticipation note and grant anticipation note issuances, for the reason that the bond anticipation note issuance is already limited to the amount which was previously approved and the District no longer requests the increase in the grant anticipation note issuance.

3. It is reasonable to grant Commission approval to the intergovernmental agreement between Northern Wayne County Public Service District and the Wayne County Commission, pursuant to West Virginia Code §24-2-12, without specifically approving the terms and conditions thereof.

4. It is reasonable to approve the possible bridge loan to be issued by the West Virginia Water Development Authority to Northern Wayne County Public Service District in the event that the WDA has a shortage of bond proceeds for the permanent financing to be provided to the District by the WDA.

ORDER

IT IS, THEREFORE, ORDERED that Northern Wayne County Public Service District's petition for approval of an increase in its borrowing from the West Virginia Water Development Authority to the amount of \$2,704,000 be, and it hereby is, approved.

IT IS FURTHER ORDERED that the District's request to increase the amount of the previously-approved bond anticipation note and grant anticipation note issuances set forth in the order of November 23, 1988, be, and it hereby is, denied.

IT IS FURTHER ORDERED that Northern Wayne County Public Service District's request for approval of a possible bridge loan from the West Virginia Water Development Authority to Northern Wayne County Public Service District in the amount of \$2,704,000 be, and it hereby is, approved.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order upon all parties to this proceeding by United States First Class Mail and upon Commission Staff by hand delivery.

This order is issued pursuant to General Order No. 212, dated December 16, 1982, which order designates the Division of Administrative Law

Judges as the initial decision making body in the Public Service Commission and authorizes the Public Service Commission Administrative Law Judges to issue orders on behalf of the Commission in all proceedings filed pursuant to Chapter 24 of the West Virginia Code, which proceedings are not set for hearing and which orders shall have the full force and effect of Commission orders, without the provision for the filing of exceptions thereto.

Leave is hereby granted to the parties to file a petition for further hearing, reopening, or rehearing pursuant to Rule 19 of the Commission's Rules of Practice and Procedure with the Executive Secretary of the Commission within ten (10) days after the date this order is mailed.

NORTHERN WAYNE COUNTY PUBLIC SERVICE DISTRICT

CERTIFICATE AS TO NON-ARBITRAGE

I, Herman E. Wellman, Chairman of the Public Service Board of Northern Wayne County Public Service District, in Wayne County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$2,354,914 aggregate principal amount of Sewerage System Revenue Bonds, Series 1989 A, of the Issuer, dated March 16, 1989 (the "Bonds"), hereby certify as follows:

1. This certificate is being executed and delivered pursuant to Section 148 of the Internal Revenue Code of 1986 and applicable regulations (the "Code"). I am one of the officers of the Issuer charge with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and am duly authorized to execute and deliver this certificate on behalf of the Issuer.

2. This certificate may be relied upon as the certificate of the Issuer.

3. The Issuer has not been notified by the Internal Revenue Service of any listing or proposed listing of it as an issuer and certification of which may not be relied upon by holders of obligations of the Issuer or that there is any disqualification of the Issuer by the Internal Revenue Service because a certification made by the Issuer contains a material misrepresentation.

4. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on March 16, 1989, the date on which the Bonds are to be physically delivered in exchange for the issue price thereof, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

5. In the Bond and Note Resolution pursuant to which the Bonds are issued, the Issuer has covenanted to make no use of the proceeds of the Bonds which would cause the Bonds to be "arbitrage bonds" within the meaning of the Code.

6. The Bonds were sold on March 16, 1989, to the West Virginia Water Development Authority (the "Authority") for an aggregate purchase price of \$2,354,914 (100% of par). Simultaneously with the issuance of the Bonds, the Issuer issued it \$349,086 in aggregate principal amount of Subordinate Sewerage System Revenue Bonds, Series 1989 (the "Subordinate Bonds") to the Authority. The Subordinate Bonds bear no interest.

7. The Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) permanently financing a portion of the costs of acquisition and construction of a sewage collection and transportation system of the Issuer (the "Project"), and (ii) paying costs of issuance and other costs in connection therewith. The proceeds of the Bonds and the Subordinate Bonds will be applied simultaneously with the issuance thereof to the payment in full of the Issuer's outstanding Sewerage System Bond Anticipation Notes, West Virginia Water Development Authority Series, which Notes were issued to temporarily finance the costs of the Project pending the issuance of the Bonds and the Subordinate Bonds.

8. The Issuer has issued certain Sewerage System Revenue Bonds, Series 1989 B (the "FmHA Bonds") as partial permanent financing for the Project and its Sewerage System Bond Anticipation Bonds, Series 1989 (the "BANs") for partial temporary financing of the Project pending receipt of the FmHA Bonds proceeds. The Issuer has also issued its promissory note to The County Commission of Wayne County to evidence the loan of \$1,600,000 to the Issuer pending receipt of the EPA Grant Receipts. Construction of the Project is expected to be completed by September, 1990.

9. The total cost of the Project is estimated at \$12,530,320. Sources and uses of funds for the Project are as follows:

SOURCES

FmHA Bonds	1,950,000
Bonds and Subordinate Bonds	2,704,000
EPA Grant	7,651,320
Tap Fees	<u>225,000</u>
Total Sources	<u>\$12,530,320</u>

USES

Construction Contracts	\$ 9,362,250
Technical Service	1,606,310
Legal and Fiscal	126,788
Administrative	139,607
Land Purchase and Rights of Way	50,000
Other Costs	171,200
Interim Financing Costs	322,105
Contingency	460,000
Interest on Bonds	292,060
Total Uses	<u>\$12,530,320</u>

The amount of Project costs not expected to be reimbursed or paid from proceeds and funds of the Issuer lawfully available therefor is estimated to be at least equal to the gross proceeds of the Bonds. Proceeds of the Bonds, the Subordinate Bonds, FmHA Bonds and BANs and such other funds of the Issuer and interest earnings during construction, will be available to meet costs of the Project, and no balances are available to meet such costs in any account which may, without legislative or judicial action, be invaded to pay such expenditures without a legislative, judicial or contractual requirement that such account be reimbursed.

10. Pursuant to Article V of the Bond and Note Resolution, the following special funds or accounts have been created:

- (1) Revenue Fund;
- (2) Renewal and Replacement Fund;
- (3) Bond Construction Trust Fund;
- (4) Series 1989 A Bonds Sinking Fund, and within the Series 1989 A Bonds Sinking Fund, the Series 1989 A Bonds Reserve Account;
- (5) Subordinate Bonds Sinking Fund, and within the Subordinate Bonds Sinking Fund, the Subordinate Bonds Reserve Account;
- (6) Authority BAN Sinking Fund, and within the Authority BAN Sinking Fund, the Authority BAN Reserve Account.

11. Pursuant to Article VI of the Bond and Note Resolution, the proceeds of the Bonds will be deposited as follows:

- (1) Bonds proceeds in the amount of \$0 will be deposited in the Sinking Fund and used to pay interest on the Bonds. The Issuer will transfer \$274,596.67 from the Authority BAN Sinking Fund to the Sinking Fund to pay interest on the Bonds during construction of the Project.
- (2) Bonds proceeds in the amount of \$0.00 will be deposited in the Reserve Account.
- (3) The balance of the proceeds of the Bonds will be applied to the payment of a portion of the Authority BAN.

12. Moneys held in the Series 1989 A Bonds Sinking Fund will be used solely to pay principal of and interest on the Bonds and will not be available to meet costs of construction of the Project. To the extent not required by the Resolution to be deposited in the Earnings Fund and the Rebate Fund, all investment earnings on moneys in the Series 1989 A Bonds Sinking Fund and Reserve Account will be annually withdrawn therefrom and deposited into the Bond Construction Trust Fund until completion of the Project, and thereafter will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied in full, first to the next ensuing interest payment, if any, due on the Bonds, and then to the next ensuing principal payment due thereon.

13. Except for the Series 1989 A Bonds Sinking Fund and the Series 1989 A Bonds Reserve Account, there are no other funds or accounts established or held by the Issuer which are reasonably expected to be used to pay debt service on the Bonds, or which are pledged as collateral for Bonds, and for which there is a reasonable assurance that amounts therein will be available to pay debt service on the Bonds, if the Issuer encounters financial difficulties. The Issuer does not expect that moneys in the Renewal and Replacement Fund will be used or needed for payments upon the Bonds. Except as provided herein, no funds which have been or will be used to acquire directly or indirectly securities, obligations, annuity contracts or other investment-type property producing a yield in excess of the yield on the Bonds, have been or will be pledged to payment of the Bonds. Less than 10% of the proceeds of the Bonds will be deposited in the Reserve Account or any other reserve or replacement fund. The amounts deposited in the Reserve Account from time to time by the Issuer will not exceed the maximum annual principal and interest on the Bonds and will not exceed 125% of average annual principal and interest on the Bonds. Amounts in the Reserve Account, not to exceed 10% of the proceeds of the Bonds, if invested, will be invested without yield limitation. The establishment of the Reserve Account is required by the Authority, is vital to its purchase of the Bonds and is reasonably required to assure payments of debt service on the Bonds.

14. The Issuer entered into contracts for the construction of the Project on February 15, 1989, and construction commenced on or about March 1, 1989.

15. Work with respect to the construction of the Project will proceed with due diligence to completion. Construction is expected to be completed within 18 months.

16. The Issuer will comply with the provisions of the Code, for which the effective date precedes the date of delivery of its Bonds to the Authority.

17. With the exception of the amounts deposited in the Sinking Fund, for payment of interest on the Bonds and amounts deposited in the Reserve Account, if any, all of the proceeds of the Bonds will be expended on the Project within 18 months from the date of issuance thereof.

18. Any money deposited in the Sinking Fund for payment of the principal and interest on the Bonds (other than the Reserve Account therein) will be spent within a 13-month period beginning on the date of receipt.

19. All the proceeds of the Bonds which were used for the payment of costs of the Project will be expended for such purposes within 3 years of March 16, 1989.

20. The amount designated as cost of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

21. All property financed with the proceeds of the Bonds will be held for Federal income tax purposes by (or on behalf of) a qualified governmental unit.

22. The Issuer shall file Form 8038-G in a timely fashion with the Internal Revenue Service Center, Philadelphia, Pennsylvania 19255.

23. No more than 10% of the proceeds of the Bonds will be used (directly or indirectly) in any trade or business carried on by, and less than 5% of the proceeds of the Bonds have been or will be used to make or finance loans to, any person who is not a governmental unit.

24. Neither the original proceeds of the Bonds will exceed the amount necessary for the purposes of either issue.

25. The Issuer shall use the proceeds of the Bonds solely for the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

26. The Issuer shall not permit at any time or times any of the proceeds of the Bonds, or any other funds of the Issuer, to be used directly or indirectly in a manner which would result in the exclusion of Bonds from treatment afforded by Section 103(a) of the Code by reason of classification of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions and refrain from taking such actions as shall be necessary to comply with the Code in order to ensure the interest on the Bonds are excludable from gross income for federal income tax purposes.

27. The Bonds, in whole or in part, and will not be, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

28. The Issuer will rebate to the United States the amount, if any, required by the Code and to take all steps necessary to make such rebates. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and obtain a waiver from the Internal Revenue Service in order to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

29. The Issuer has retained the right to amend or supplement its authorizing documents if such amendment or supplement is necessary to preserve the exclusion from gross income for federal income tax purposes of the Bonds.

30. The Issuer shall comply with the yield restriction on the proceeds of the Bonds as set forth in the Code.

31. The Issuer has either (a) funded the Reserve Account at the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Reserve Account which will be funded with equal payments on a monthly basis over a 10 year period until such Reserve Account holds an amount equal to the maximum amount of principal and interest which will mature and become due on the Bonds in the then current or any succeeding year. Moneys in the Reserve Account and the Sinking Fund (established for the annual payment of principal and interest) will be used solely to pay principal of and interest on the Bonds and will not be available to pay costs of the Project.

32. The Issuer shall submit to the Authority within 15 days following the end of the Issuer's bond year a certified copy of its rebate calculation or if the Issuer qualifies for the small governmental issuer exception to rebate, then the Issuer shall submit to the Authority a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the bond year which would make the Bonds subject to rebate.

33. The Issuer expects that no part of the Project financed by the Bonds will be sold or otherwise disposed of prior to the last maturity date of the Bonds.

34. The Issuer covenants and agrees to comply with the rebate requirements of the Code if not exempted therefrom, and with all other requirements of the Code necessary, proper or desirable to maintain the tax-exempt status of the Bonds.

35. Jackson & Kelly is entitled to rely upon the representations, expectations, covenants, certifications and statements contained herein in rendering its opinions regarding the tax-exempt status of interest on the Bonds.

36. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

IN WITNESS WHEREOF, I have set my hand this 16th day of March, 1989.

CERTIFICATE OF ACCOUNTANT AS TO COVERAGE

Larry A. Penix, Certified Public Accountant, has reviewed the sewer service rates which were adopted by the Northern Wayne County Public Service District (the "District") and which were approved in the Orders of the Public Service Commission of West Virginia granting the District a Certificate of Convenience and Necessity, approving the financing of the Project and approving the rates, dated November 23, 1988, December 7, 1988 and January 13, 1989. MEMORANDUM OF UNDERSTANDING BETWEEN THE  
WEST VIRGINIA WATER DEVELOPMENT AUTHORITY AND  
NORTHERN WAYNE COUNTY PUBLIC SERVICE DISTRICT  
DATED MARCH 16, 1989

This Memorandum of Understanding sets forth the procedure for transferring funds in connection with transactions between the West Virginia Water Development Authority (the "WDA") and the Northern Wayne County Public Service District (the "District") taking place on March 16, 1989. On March 16, 1989, the District will sell and deliver \$2,354,914 in aggregate principal amount of Sewerage System Revenue Bonds, Series 1989 A (the "Series A Bonds"), and \$349,086 in aggregate principal amount of Subordinate Sewerage System Revenue Bonds, Series 1989 (the "Subordinate Bonds"; together, the "Bonds") to the WDA. The entire proceeds of the Bonds will be used on March 16, 1989 to pay the District's \$2,704,000 in aggregate principal amount of Sewerage System Bond Anticipation Notes, West Virginia Water Development Authority Series (the "BAN") held by the WDA. The District will also pay to the WDA on March 16, 1989, \$17,463.33 in interest on the BAN from February 15, 1989 to March 16, 1989.

The transfer of funds under the applicable documents would be as follows:

1. Upon receipt of the Series A Bonds and a requisition from the WDA, One Valley Bank, National Association, as trustee, together with the WDA, would cause the WDA's Account No. 103605

to be debited for \$2,354,914 (the proceeds of the Series A Bonds).

2. Upon receipt of the Subordinate Bonds, the WDA would have its Account No. 1340813 debited for \$349,086 (the proceeds of the Subordinate Bonds).
3. The entire proceeds of the Bonds (\$2,704,000) would be "received" by the District and simultaneously deposited in the BAN Sinking Fund with the West Virginia Municipal Bond Commission (the "Commission").
4. The Commission's account containing the District's Authority BANs Sinking Fund would be credited with \$2,704,000 (the proceeds of the Bonds).
5. The Commission's account containing the District's Authority BANs Sinking Fund would be debited \$2,704,000 for payment of the BAN and at the direction of the District would be debited \$17,463.33 for interest on the BAN.
6. The payment on the BAN (\$2,704,000) would be received by the WDA and deposited in and credited to its Account No. 1340813.
7. The WDA would cancel and return the BAN certificate to the District.

The closing is scheduled for 10:00 a.m. on March 16, 1989. To expedite the transfer of funds, because the money

begins in WDA accounts and ends in a WDA account, the parties have agreed to effect the above-described transfer of funds by the WDA's transferring \$2,354,914 from the WDA's Account No. 103605 to the WDA's Account No. 1340813 and transferring \$349,086 from WDA's Account No. 1340813 to WDA's Account No. 1340813. In addition, the District will pay \$17,463.33 from its Authority BANS Sinking Fund in whatever manner is acceptable to the Commission and the District.

Executed this 16th day of March, 1989.

Ladies and Gentlemen:

We are bond counsel to Northern Wayne County Public Service District (the "Governmental Agency"), a public corporation created and existing under the laws of, and a political subdivision of, the State of West Virginia.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement, dated March 16, 1989 (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority") and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated March 16, 1989 (the "Governmental Agency Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Governmental Agency Bonds are in the principal amount of \$2,354,914, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, beginning October 1, 1989, at the respective rate and with principal payable in installments on October 1 in each of the years 1991 through 2029, inclusive, all as set forth in Exhibit A incorporated in and made a part of the Governmental Agency Bonds.

The Governmental Agency Bonds are issued for the purpose of acquiring and constructing a new sewerage collection and transportation system for the Government Agency, and paying certain issuance and other costs in connection therewith.

Authority  
March 16, 1989

We have also examined the applicable provisions of Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), under which the Governmental Agency Bonds are issued, and the Loan Agreement that has been undertaken, including all schedules and exhibits to the Loan Agreement. The Governmental Agency Bonds have been authorized by a bond and note resolution (the "Local Act") duly adopted by the Governmental Agency, which contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement. The Governmental Agency Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a public corporation created and existing under the laws of, and a political subdivision of, the State of West Virginia, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Governmental Agency Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively adopted the Local Act and all other necessary resolutions and orders in connection with the issuance and sale of the Governmental Agency Bonds.

## JACKSON & KELLY

5. The Governmental Agency Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the net revenues of the System referred to in the Local Act and secured by a first lien on and pledge of the net revenues of said System on a parity with the lien of the Governmental Agency's \$1,950,000 Sewerage System Revenue Bonds, Series 1989 B issued on February 15, 1989, all in accordance with the terms of the Governmental Agency Bonds and the Local Act, and have been duly issued and delivered to the Authority.

6. The Governmental Agency has reserved the right to issue additional bonds ranking on a parity with the Governmental Agency Bonds, as provided in the Local Act.

7. The interest on the Governmental Agency Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years beginning after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in the preceding sentence is subject to the condition that the Governmental Agency comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Governmental Agency Bonds in order that interest thereon be (or continue to be) excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Governmental Agency Bonds to be includable in gross income retroactive to the date of issuance of the Governmental Agency Bonds. The Governmental Agency has covenanted to comply with all such requirements. We express no opinion regarding other federal tax consequences with respect to the Governmental Agency Bonds.

8. The Governmental Agency Bonds are, by statute, exempt from all taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the

Governmental Agency Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Governmental Agency Bonds and the enforceability of the Governmental Agency Bonds, and the Local Act may be subject to bankruptcy, insolvency, reorganization, moratorium and other similiar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that there enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined executed Governmental Agency Bond numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

We are bond counsel to Northern Wayne County Public Service District (the "Governmental Agency"), a public corporation created and existing under the laws of, and a political division of, the State of West Virginia.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreement, dated March 16, 1989 (the "Supplemental Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), and (ii) the issue of a series of subordinate revenue bonds of the Governmental Agency, dated March 16, 1989 (the "Subordinate Bonds"), to be purchased by the Authority in accordance with the provisions of the Supplemental Loan Agreement. The Subordinate Bonds are in the principal amount of \$349,086, issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years 1991 through 2029, inclusive, all as set forth in Exhibit A incorporated in and made a part of the Subordinate Bonds.

The Supplemental Loan Agreement is supplemental to a loan agreement dated March 16, 1989, also between the Governmental Agency and the Authority (the "Loan Agreement"). The Subordinate Bonds are junior, subordinate and inferior as to lien and source of and security for payment to the bonds issued pursuant to the Loan Agreement (the "Local Bonds"), which Local Bonds are issued simultaneously herewith; and the Governmental Agency's \$1,950,000 Sewerage System Revenue Bonds, Series 1989 B issued February 15, 1989 (the "Series B Bonds").

The Subordinate Bonds are issued, together with the Local Bonds, for the purpose of acquiring and constructing a new sewerage collection and transportation system for the Governmental Agency, and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), under which the Subordinate Bonds are issued, and the Supplemental Loan Agreement that has been undertaken, including all schedules and exhibits to the Supplemental Loan Agreement. Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Supplemental Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Supplemental Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a public corporation created and existing under the laws of, and a political subdivision of, the State of West Virginia, with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Supplemental Loan Agreement and to issue and sell the Subordinate Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively adopted the Local Act and all other necessary resolutions and orders in connection with the issuance and sale of the Subordinate Bonds.

5. The Subordinate Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the net revenues of the System referred to in the Local Act and secured by a second lien on and pledge of the net revenues of said System, all in accordance with the terms of the Subordinate Bonds and the Local Act, and have been duly issued and delivered to the Authority. Said lien and pledge are junior, subordinate and inferior to that created for the Local Bonds and the Series B Bonds.

6. The Governmental Agency has reserved the right to issue additional bonds ranking on a parity with the Subordinate Bonds, as provided in the Local Act.

7. The Subordinate Bonds are, by statute, exempt from direct taxation by the State of West Virginia and the other taxing bodies of the State.

No opinion is given herein as to the enforceability of remedies with respect to the Subordinate Bonds under any applicable bankruptcy, insolvency, moratorium or other laws affecting creditors rights.

We have examined executed Subordinate Bond numbered SR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

*Jackson & Kelly*

Re: Northern Wayne County Public Service District  
\$2,354,914 Sewerage System Revenue Bonds,  
Series 1989 A

Gentlemen:

We have examined a record of proceedings relating to the issuance of the \$2,354,914 in aggregate principal amount of Northern Wayne County Public Service District Sewerage System Revenue Bonds, Series 1989 A (the "Bonds"), issued by Northern Wayne County Public Service District (the "District"), a public corporation organized and existing under the laws of, and a political subdivision of, the State of West Virginia, and a Non-Arbitrage Certificate executed by Herman E. Wellman, Chairman of the Public Service Board of the District on this date.

We are of the opinion that the facts, estimates and circumstances set forth in the Non-Arbitrage Certificate are sufficient to satisfy the requirements of Section 148 of the Internal Revenue Code of 1986, as amended (the "Code") to support the conclusion that the Bonds are not "arbitrage bonds" as therein defined.

No matters have come to our attention which in our opinion make unreasonable or incorrect the representations made in such certification.

Please be advised that this opinion is subject to the condition that the District comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that the Bonds not be "arbitrage bonds." Failure to comply with certain of such requirements may cause the interest on the Bonds to be includable in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements.

Very truly yours,

\$349,086 Subordinate Sewerage System Revenue  
Bonds, Series 1989

Ladies And Gentlemen:

I am counsel to Northern Wayne County Public Service District (the "District"). As such counsel, I have examined copies of the approving opinions of Jackson & Kelly, as bond counsel, relating to the above-captioned bonds of the District (the "Bonds"), the Loan Agreement and Supplemental Loan Agreement by and between the West Virginia Water Development Authority (the "Authority") and the District, both dated March 16, 1989, and a Bond and Note Resolution duly adopted by the Public Service Board of the District on January 30, 1989, as supplemented by a Supplemental Resolution adopted March 13, 1989 (collectively, the "Resolution"), and other documents relating to the Bonds. Terms used in said opinions, the Loan Agreement, Supplemental Loan Agreement and Resolution and not otherwise defined herein have the same meanings herein.

I am of the opinion that:

1. The Loan Agreement and Supplemental Loan Agreement have been duly authorized, executed and delivered by the District and, assuming due authorization, execution and delivery by the Authority, constitute valid and binding agreements of District in accordance with their terms.

2. The members of the Public Service Board were duly and properly appointed and are thereby authorized to act on behalf of the District.

3. The Resolution has been duly adopted by the Public Service Board of the District and is in full force and effect.

4. The District has obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the issuance of the Bonds, construction of the Project and imposition of rates and charges and has taken any and all other action required for the imposition of such rates and charges and the appeal period from such orders has expired.

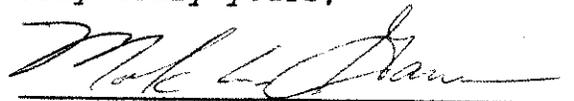

5. The execution and delivery of the Bonds and the Loan Agreement and Supplemental Loan Agreement and the consummation of the transactions contemplated by the Loan Agreement or the Supplemental Loan Agreement, and the carrying out of the terms thereof, do not and will not in any material respect conflict with or constitute on the part of the District a breach of or default under any agreement or other instrument to which the District is a party or any existing law, regulation, court order or consent decree to which the District is subject.

6. The District has received all the necessary permits, licenses, approvals and authorizations that are presently obtainable to construct the Project.

7. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public council or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by or the validity of the Bonds or the collection or pledge of the revenues.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Re: \$2,704,000 Northern Wayne County Public  
Service District Sewerage System Revenue Bonds

Gentlemen:

I have served as counsel to Northern Wayne County Public Service District (the "Issuer") in regard to certain matters concerning the Public Service Commission of West Virginia. I was active in obtaining the Issuer's Certificate of Convenience and Necessity granted by Orders dated November 23, 1988, December 7, 1988 and January 13, 1989. I am also familiar with the Rate Ordinance adopted by the Board of the Public Service District on January 30, 1989. Pursuant to the above-noted documents, I am of the opinion as follows:

1. The Issuer has received a Certificate of Convenience and Necessity from the Public Service Commission of West Virginia and said Certificate is in full force and effect and the appeal period has expired therefrom.

2. The Rate Ordinance adopted on January 30, 1989, was duly adopted by the Board of the Issuer and is in full force and effect.

3. The Issuer has the authority under Article 13A of Chapter 16 of the West Virginia Code to adopt the rates which have been approved by the Public Service Commission and the revenues from said rates may be used to pay the debt service on the above-noted bonds and the operation and maintenance cost of the system.

This opinion may be relied upon as if addressed to all counsel.

Sincerely,

  
Robert R. Rodecker
