BE IT ORDAINED AND ENACTED BY THE BOARD OF THE PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Preston County Public Service District No. 4 (the "Issuer") is a public service district, a public corporation and political subdivision of the State of West Virginia in Preston County of said State.

B. The Issuer presently owns and operates a public waterworks system. However, for the health and welfare of the inhabitants of the Issuer, the Issuer has heretofore acquired and constructed certain improvements and extensions to its existing system (the "Project") (the existing public waterworks system of the Issuer, the Project and any further extensions, additions, betterments and improvements thereto are herein called the "System").

C. The Issuer has heretofore temporarily financed the acquisition and construction of certain additions, extensions and improvements to the System by issuance of its Waterworks System Bond Anticipation Note, Series 2002 A (West Virginia Infrastructure Fund), dated September 12, 2002, issued in the original aggregate principal amount of \$1,000,000 (the "Prior Notes"). The Issuer hereby determines that it is necessary and desirable to permanently finance and pay in full the Prior Notes with the proceeds of the Series 2010 A Bonds.

D. The Prior Notes were issued pursuant to a resolution of the Issuer duly adopted on September 3, 2002 as supplemented (collectively, the "Prior Note Resolution").

E. Pursuant to the Act, the Issuer is authorized and empowered to issue bonds for the purpose of paying or discharging all or any part of the Prior Notes.

F. The Issuer intends to pay the Prior Notes through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), which administers the West Virginia Infrastructure Fund for the West Virginia Infrastructure and Jobs Development Council (the "Council") pursuant to the Act.

G. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2010 A (West Virginia Infrastructure Fund) in the total aggregate principal amount of not more than \$1,030,000 as a single bond (the "Series 2010 A Bonds"), to pay the Prior Notes and pay the costs of issuances thereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2010 A Bonds prior to and during acquisition and construction and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Account (as hereinafter defined) for the Series 2010 A Bonds; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense; commitment fees; fees and expenses of the Authority; discount; initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2010 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized; the acquisition or construction of the Project and the placing of same in operation; and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2010 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

H. The period of usefulness of the System after completion of the Project is not less than 40 years.

I. It is in the best interests of the Issuer that its Series 2010 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the Council, in form satisfactory to the respective parties, to be approved hereby if not previously approved by resolution of the Issuer.

J. Upon payment of the Prior Notes, there are outstanding obligations of the Issuer being: (i) Water Revenue Bond, Series 1987 (United States Department of Agriculture), dated May 11, 1988, issued in the original aggregate principal amount of \$370,000 (the "Series 1987 Bonds"); (ii) Water

Revenue Bonds, Series 1997 A (West Virginia Water Development Authority), dated November 7, 1997, issued in the original aggregate principal amount of \$290,000 (the "Series 1997 A Bonds"); and (iii) Water Revenue Bonds, Series 1997 B (United States Department of Agriculture), dated November 7, 1997, issued in the original aggregate principal amount of \$800,000 (the "Series 1997 B Bonds") (collectively, the "Prior Bonds").

The Series 2010 A Bonds shall be issued on a parity with the Prior Bonds. Prior to the issuance of the Series 2010 A Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Holders of the Prior Bonds to the issuance of the Series 2010 A Bonds on a parity with the Prior Bonds. After payment of the Prior Notes, other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

K. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Issuer's Prior Bonds and the Series 2010 A Bonds and to make payments into all funds and accounts and other payments provided for herein.

L. The Issuer has complied with all requirements of West Virginia law, the Loan Agreement (hereinafter defined) relating to the authorization of the payment of the Prior Notes and the operation and maintaining of the System and issuance of the Series 2010 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council and the obtaining of approval from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2010 A Bonds or such final order will not be subject to appeal.

M. The Project has been reviewed and determined to be technically and financially feasible by the West Virginia Infrastructure and Jobs Development Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

In all cases in which the privilege of exchanging or transferring the registered Series 2010 A Bonds are exercised, all Series 2010 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2010 A Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2010 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of any Series 2010 A Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2010 A Bonds or, in the case of any proposed redemption of such Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

No Holder or Holders of the Series 2010 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2010 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service on the Series 2010 A Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with each other and with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds, and to make all other payments hereinafter set forth, are hereby irrevocably pledged to such payments as they become due.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and the Issuer shall provide an opinion of counsel to such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement and the Issuer shall provide a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved described in the Commission Order of the Public Service Commission of West Virginia entered June 10, 2010, in Case No.09-1290-PWD-PC-19A, which rates are incorporated herein by reference as a part hereof.

So long as the Series 2010 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2010 A Bonds shall prove to be insufficient to produce the amounts required by this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the amounts required by this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority and the Council.

So long as the Series 2010 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System

shall immediately be remitted to the Commission for deposit in the Series 2010 A Bonds Sinking Fund, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2010 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Series 2010 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Governing Body may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of the Prior Resolutions and this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the source fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2010 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2010 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2010 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2010 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2010 A Bonds and the interest thereon in this

Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no additional Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2010 A Bonds pursuant to this Resolution, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Resolutions).

No such additional Parity Bonds shall be issued except for the purposes of financing the costs of the acquisition and construction of extensions, additions, betterments or improvements to the System, refunding all or a portion of one or more series of Bonds issued pursuant hereto, to pay claims which may exist against the revenues or facilities of the System or all of such purposes.

So long as the Series 1987 Bonds or the Series 1997 B Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 1987 Bonds, the Series 1997 B Bonds and the Series 2010 A Bonds are no longer outstanding, the following parity requirement shall be met:

So long as the Series 1997 A Bonds or the Series 2010 A Bonds are outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;

- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to the lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution and the Prior Resolutions with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution and the Prior Resolutions, shall have been made in full as required to the date of issuance of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution and the Prior Resolutions.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable

times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the Project; the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of the Project and commencement of operation thereof.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the Council, or any other original purchaser of the Series 2010 A Bonds and shall mail in each year to any Holder or Holders of the Series 2010 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and, to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2010 A Bonds and shall submit the report to the Authority and the Council, or any other original purchaser of the Series 2010 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that notes whether the results of test disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, the proposed site of the Project and has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority or the Council, or their agents and representatives, to enter and inspect the facilities at all reasonable times. The Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2010 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file with the Secretary, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 A Bonds including the Prior Bonds; provided that, in the event that, an amount equal to or in excess of the Reserve Requirement is on deposit in the Series 2010 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2010 A Bonds are funded at least at the requirement therefor, such sum need only equal 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 A Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate resolution described in Section 7.04.

The Issuer hereby covenants to commence enactment of such resolution or resolutions as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the

System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority, the Council and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her, within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the Closing Date, and for a period of 2 years, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Operating Personnel. The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the waterworks system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of the System or the waterworks system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the waterworks system is not owned by the Issuer, the Issuer will, to the extent allowed by law, use

diligent efforts to enter into a similar termination agreement with the provider of such waterworks, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders thereof.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. The Issuer hereby covenants and agrees that so long as the Series 2010 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. (3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the amounts of not less than 100% of the amount of any construction

ARTICLE VIII

INVESTMENT OF FUNDS; USE OF PROCEEDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2010 A Bonds are Outstanding and as long thereafter as necessary to comply with the Code and to assure the exclusion of interest, if any, on the Series 2010 A Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by

nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2010 A Bonds as a condition to issuance of the Series 2010 A Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2010 A Bonds as may be necessary in order to maintain the status of the Series 2010 A Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2010 A Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2010 A Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2010 A Bonds and any additional information requested by the Authority.

ARTICLE IX

Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority or such later date as is agreed to in writing by the Council.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Council for loans from the Infrastructure Fund to finance projects and that the obligation of the Authority to make any such loan is subject to the Council's authorization and the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the

principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and

the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month. When required by the Authority, the Local Entity shall make monthly payments to the Commission by electronic transfer;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

(xxiii) That the Governmental Agency shall submit all proposed change orders to the Council for written approval. The Governmental Agency shall obtain the written approval of the Council before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule B attached to the certificate of the Consulting Engineer. The Governmental Agency shall obtain the written approval of the Council before making any changes to the final Schedule B and also before expending any proceeds of the Local Bonds available due to bid/construction/project underruns;

(xxiv) That the Governmental Agency shall list the funding provided by the Authority and the Council in any press release, publication, program bulletin,

sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project; and

The Governmental Agency shall provide the Council and the Authority with a certificate stating that (I) the Governmental Agency will comply with all the requirements of the West Virginia Jobs Act; (II) the Governmental Agency has included the provisions of the West Virginia Jobs Act in each contract and subcontract for the Project; (III) the Governmental Agency has received or will receive, prior to entering into contracts or subcontracts, from each contractor or subcontractor a certificate demonstrating compliance with Section 4 of the West Virginia Jobs Act or waiver certificates from the West Virginia Division of Labor ("DOL"); and (IV) the Governmental Agency will file with the DOL and the Council copies of the waiver certificates and certified payrolls or comparable documents that include the number of employees, the county and state wherein the employees reside and their occupation, following the procedures established by the DOL. The monthly requisitions submitted to the Council shall also certify that the Governmental Agency is monitoring compliance by its contractors and subcontractors and that the required information has been submitted.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority and the Council.

4.3 The principal of the Loan shall be repaid by the Governmental Agency on the days and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a quarterly basis as provided in said Schedule X.

4.5 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the

Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the bonds which are the source of money used to purchase the Local Bonds, unless otherwise agreed to by the Council.

Ladies and Gentlemen:

We are bond counsel to _____ (the
“Governmental Agency”), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the “Loan Agreement”), between the Governmental Agency and the West Virginia Water Development Authority (the “Authority”), on behalf of the West Virginia Infrastructure and Jobs Development Council (the “Council”), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, (the “Local Bonds”), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$ _____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the “Schedule Y” attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and
(ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the “Local Statute”), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the “Local Act”), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 27th day of July 2010.

CASE NO. 09-1290-PWD-PC-19A

PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4,
a public utility, Preston County,

Petition for consent and approval to refinance
its outstanding bond anticipation note and
Rule 19A application to increase water rates
and charges.

COMMISSION ORDER

This order denies the Petition for Reconsideration filed by the District.

BACKGROUND

On May 14, 2010, the Commission issued an Order (i) approving a request by the Preston County Public Service District No. 4 (District) to refinance an outstanding Bond Anticipation Note (BAN) with a \$1,030,000 loan from the West Virginia Infrastructure and Jobs Development Counsel (WVIJDC) payable at an annual interest rate of 3% over twenty years, and (ii) authorizing a rate increase, to become effective in thirty days, to cover the reasonable and necessary operating expenses, debt service coverage, and provide the District with a reasonable surplus for capital additions. The Commission, in accord with the intent of the August 2 and 5, 2002 Commission Orders in Case No. 01-1130-PWD-ECN, assigned the entire increase to the Bureau of Prisons (Bureau). The order granted the Bureau fourteen days to file a petition for reconsideration.

On May 24, 2010, the Bureau filed a Petition for Reconsideration stating that it objected to the \$3.31 per thousand gallon rate and the underlying reasons for applying the increase solely to the Bureau.

On May 27, 2010, the District filed a Reply and Objection to the Bureau Petition for Reconsideration objecting to the Petition because (i) it did not state specifically the grounds relied on pursuant to Rule 19.3 of the Commission *Rules of Practice and Procedure*, 150 CSR 1, and (ii) the Bureau had not presented any new evidence or information to alter the

intent of the Commission that the costs of the project to serve the prison would be assigned to the Bureau.

On May 28, 2010, within the fourteen days allotted by the Commission for the Bureau to file an objection, the Bureau filed an Amended Petition for Reconsideration and Surreply objecting to (i) the Commission findings, (ii) the \$3.31 rate as unfairly and improperly discriminatory, (iii) the decision to apply the increase solely to the Bureau as inaccurate in light of the bilateral, ten year, firm fixed price utility contract between the District and the Bureau (Contract), and (iv) the implication of an "intent" that the Bureau was required to assume the cost of the loan, as such implication was not part of the Contract and is refuted by the Contract. The Bureau asked that the Commission (i) deny the District request to deny the Bureau Petition for Reconsideration, and (ii) apply the rate increase to all customers as recommended by the Final Joint Staff Memorandum filed November 12, 2009.

On June 10, 2010, the Commission issued an Order (i) rescinding implementation of tariff rates approved by the Commission Order of May 14, 2010, (ii) implementing the Commission Staff-recommended 12% across-the-board increase, and (iii) directing Staff to perform a class cost of service study of the District within the next twelve months.

On June 22, 2010, the District filed a Petition for Reconsideration asserting that (i) the Bureau did receive notice that the final rate approved by the Commission could exceed twelve percent, and (ii) the arguments in the Bureau Amended Petition for Reconsideration regarding the rights of the parties to the Contract had not previously been raised by the Bureau and are not part of the record. The Bureau asked that the Commission reinstate its May 14, 2010 Order and the \$3.31 per thousand gallon rate applicable solely to the Bureau.

On June 28, 2010, the Bureau filed a Reply and Objection to the District Petition for Reconsideration. The Bureau stated that (i) the Petition for Reconsideration was untimely filed, (ii) the District in its January 29, 2010 filing accepted the Staff-recommended twelve percent increase, and (iii) the District Petition for Reconsideration did not address the substance of the prior Bureau arguments.

On July 1, 2010, the Bureau filed a Motion of Admission *Pro Hac Vice* and certification of local counsel adopting previous filings.

DISCUSSION

Motion for Admission Pro Hac Vice

Rule 12.7 of the Commission *Rules of Practice and Procedure (Procedural Rules)* provides the basis by which attorneys who are not licensed to practice law in West Virginia may appear in formal Commission proceedings. *Procedural Rule 12.7* states, in relevant part, as follows:

[A]ttorneys appearing before the Commission who are not licensed to practice in West Virginia shall have sought and obtained permission to practice before the Commission in compliance with Rule 8.0 of the *Rules for Admission to the Practice of Law of the State of West Virginia*

The Commission reviewed the request for admission *pro hac vice* of David Erlewine, and the attachments thereto. The Commission concludes that the applicant has complied with Rule 8.0 of the *Rules for Admission to the Practice of Law of the State of West Virginia (Rules for Admission)*, and will therefore grant the request for *pro hac vice* admission.

Bureau Assertion that the District Petition for Reconsideration was Untimely Filed

The District timely filed its Petition for Reconsideration on June 22, 2010, in consideration of the West Virginia Day holiday on June 21, 2010.

District Petition for Reconsideration

The Commission will deny the Petition for Reconsideration filed by the District.

The District in its Petition for Reconsideration focused on Conclusion of Law No. 1 arguing that (i) the Bureau had notice of the District-proposed rate increase and (ii) the Commission improperly relied on information extraneous to the record in making its decision. The District is incorrect.

A review of the record on the question of notice reflects that although the Notice of Application to Change Rates and Notice of Hearing (published January 6 and 13, 2010, in the *Preston County Journal*) described the District-recommended rate, the notice specifically limited protest to the Staff-approved rates, because the District had agreed to that rate. Doubtless, the Bureau was aware that the District sought to place the rate solely on the Bureau, but the Commission is unable to conclude that the Bureau had notice that any rate other than the Staff-recommended rate was under consideration by the Commission.

Regarding the rights of the parties under the Contract, the Commission made no Findings of Fact or Conclusions of Law as to what those rights may be, but instead merely acknowledged that the Bureau had raised questions.

The proper focus of the June 10, 2010 Order should be on Conclusion of Law No. 2:

2. The Staff-recommended 12% across-the-board rates and charges should be implemented because (i) the rates and charges provide revenue sufficient, but not more than sufficient, to cover the reasonable and necessary operating expenses and debt service, and provide the District with a reasonable surplus for capital additions, and (ii) the District and Bureau have accepted the Staff rate.

That is, the Staff-recommended rates adopted by the Commission are reasonable, proper, and moreover, were agreed to by all parties to this case.

The Commission reminds the District that the June 10, 2010 Order (i) directed Staff to review the background of this case and perform a class cost of service study based on that review and (ii) invited the parties to return to the Commission based on the results of that study.

FINDINGS OF FACT

1. The Bureau requested admission *pro hac vice* of David Erlewine.
2. The District timely filed its Petition for Reconsideration on June 22, 2010.

CONCLUSIONS OF LAW

1. The request for admission *pro hac vice* of David Erlewine, complies with Rule 8.0 of the *Rules for Admission*.
2. The Bureau did not have notice that any rate other than the Staff-recommended rate was under consideration by the Commission based on the published notice.
3. The Staff-recommended rates adopted by the Commission are reasonable, proper, and were agreed to by all parties to this case.
4. It is reasonable to deny the Petition for Reconsideration filed by the District for the reasons stated herein.

ORDER

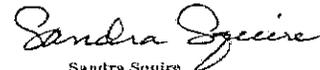

IT IS THEREFORE ORDERED that the request for admission *pro hac vice* of David Erlewine is granted subject to continuing compliance with the rules governing these admissions.

IT IS FURTHER ORDERED that the Petition for Reconsideration filed June 22, 2010, by the Preston County Public Service District No. 4, is hereby denied.

IT IS FURTHER ORDERED that on entry of this order this case shall be removed from the Commission docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order by electronic service on all parties of record, including the Federal Bureau of Prisons, who have filed an e-service agreement, by United States First Class Mail on all parties of record who have not filed an e-service agreement, and on Staff by hand delivery.

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 10th day of June 2010.

CASE NO. 09-1290-PWD-PC-19A

PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4,
a public utility, Preston County,

Petition for consent and approval to refinance
its outstanding bond anticipation note and
Rule 19A application to increase water rates
and charges.

COMMISSION ORDER

This order (i) rescinds implementation of tariff rates approved by the Commission order of May 14, 2010, (ii) implements the Commission Staff-recommended 12% across-the-board increase, and (iii) directs Staff to perform a class cost of service study of the District within the next twelve months.

BACKGROUND

On May 14, 2010, the Commission issued an order (i) approving a request by the Preston County Public Service District No. 4 (District) to refinance an outstanding Bond Anticipation Note (BAN) with a \$1,030,000 loan from the West Virginia Infrastructure and Jobs Development Counsel (WVIJDC) payable at an annual interest rate of 3% over twenty years, and (ii) authorizing a rate increase, to become effective in thirty days, to cover the reasonable and necessary operating expenses, debt service coverage, and provide the District with a reasonable surplus for capital additions. The Commission, in accord with the intent of the August 2 and 5, 2002 Commission Orders in Case No. 01-1130-PWD-ECN, assigned the entire increase to the Bureau of Prisons (Bureau). The order granted the Bureau fourteen days to file a petition for reconsideration.

On May 24, 2010, the Bureau filed a Petition for Reconsideration stating that it objected to the \$3.31 per thousand gallon rate and the underlying reasons for applying the increase solely to the Bureau.

On May 27, 2010, the District filed a Reply and Objection to the Bureau Petition for Reconsideration objecting to the Petition because (i) it did not state specifically the grounds relied on pursuant to Rule 19.3 of the Commission *Rules of Practice and Procedure*, 150 CSR 1, and (ii) the Bureau had not presented any new evidence or information to alter the intent of the Commission that the costs of the project to serve the prison would be assigned to the Bureau.

On May 28, 2010, within the fourteen days allotted by the Commission for the Bureau to file an objection, the Bureau filed an Amended Petition for Reconsideration and Surreply objecting to (i) the Commission findings, (ii) the \$3.31 rate as unfairly and improperly discriminatory, (iii) the decision to apply the increase solely to the Bureau as inaccurate in light of the bilateral, ten year, firm fixed price utility contract between the District and the Bureau (Contract), and (iv) the implication of an "intent" that the Bureau was required to assume the cost of the loan, as such implication was not part of the Contract and is refuted by the Contract. The Bureau asserted:

- A. The March 15, 2002 Commission order in Case No. 01-1130-PWD-ECN acknowledged the Contract as an agreement by the District to provide 700,000 gallons per day from its new Water Treatment Plant (WTP) at a tariff rate of \$2.50 per thousand gallons.
- B. The Contract states that the Bureau will pay a \$4,282,000 connection fee, and that the Bureau will be responsible for the greater of its monthly usage or a monthly charge of up to \$22,975.75 for the operation and maintenance costs of the WTP.
- C. The Contract does not reference that the Bureau is to pay the BAN.
- D. The Contract includes a 700,000 gallon per day capacity reservation, the total capacity of the WTP.
- E. The District has connected 912 other residential and commercial customers in violation of the Contract.
- F. The 912 residential and commercial customers should be required to pay higher rates.
- G. The Commission should require the District to state whether the 912 residential and commercial customers were required to pay connection fees on connection to the line.

The Bureau asked that the Commission (i) deny the District request to deny the Bureau Petition for Reconsideration, and (ii) apply the rate increase to all customers as recommended by the Final Joint Staff Memorandum filed November 12, 2009.

DISCUSSION

The Commission will rescind the directive in its order of May 14, 2010, to implement a rate of \$3.31 per thousand gallons, applicable solely to the Bureau, based on (i) the record in this case, including due process concerns that the Bureau may not have had adequate notice that rates in this case might exceed the Staff-recommended 12% across-the-board increase, (ii) questions raised by the Bureau in its Amended Petition regarding the rights of the parties under the Contract, and (iii) the possible rate impact of adding customers to the facilities built to serve the prison.

The Commission will approve the Staff-recommended 12% across-the-board rates and charges because (i) the rates and charges provide revenue sufficient, but not more than sufficient, to cover the reasonable and necessary operating expenses and debt service and provide the District with a reasonable surplus for capital additions, and (ii) the District and Bureau have accepted the Staff rate. (Bureau acceptance: Transcript of February 2, 2010 hearing at page 6; and Amended Petition filed June 3, 2010 at paragraph No. 13. District acceptance: Motion to Cancel Hearing filed January 29, 2010, at paragraph No. 7.)

The Staff-recommended tariff provides adequate rates by preserving the current District rate structure, but does not address the underlying issues regarding allocation of service to the Bureau. Therefore the Commission will direct Staff to perform a class cost of service study (CCOSS) on the District. Staff should review (i) the record in Case No. 01-1130-PWD-ECN, (ii) any other Commission cases involving the District and the Bureau, (iii) the May 14, 2010 Commission order, and (iv) the post-order filings by the Bureau and the District in developing its cost allocations. The study prepared by Staff should take into consideration the facts and circumstances surrounding the construction of facilities necessary to serve a new large customer, the notices and representations regarding the cost responsibility for such facilities and the reasonableness of specific assignment of costs to specific customers. Staff should file the CCOSS as a closed entry in this case. Thereafter, any party may petition to, or the Commission on its own motion may, initiate a new District rate proceeding based on the CCOSS.

The Commission decision in the May 14, 2010 order to approve the District request to refinance its outstanding BAN with a \$1,030,000 loan from the WVIJDC payable at an annual interest rate of 3% over twenty years, remains in effect.

FINDINGS OF FACT

1. On May 14, 2010, the Commission issued an order (i) approving a request by the District to refinance an outstanding BAN and (ii) authorizing a rate increase, to become effective in thirty days.

2. On May 24 and 28, 2010, the Bureau filed a Petition and an Amended Petition for Reconsideration stating that it objected to the \$3.31 per thousand gallon rate and the underlying reasons for applying the increase solely to the Bureau.

3. Both the Bureau and the District accept the Staff-recommended rate. Bureau acceptance: Transcript of February 2, 2010 hearing at page 6; and Amended Petition filed June 3, 2010 at paragraph No. 13. District acceptance: Motion to Cancel Hearing filed January 29, 2010, at paragraph No. 7.

CONCLUSIONS OF LAW

1. It is reasonable to rescind the directive in the Commission order of May 14, 2010 to implement a rate of \$3.31 per thousand gallons, applicable solely to the Bureau, based on (i) the record in this case, including due process concerns that the Bureau may not have had adequate notice that rates in this case might exceed the Staff-recommended 12% across-the-board increase, (ii) questions raised by the Bureau in its Amended Petition regarding the rights of the parties under the Contract, and (iii) the possible rate impact of adding customers to the facilities built to serve the prison.

2. The Staff-recommended 12% across-the-board rates and charges should be implemented because (i) the rates and charges provide revenue sufficient, but not more than sufficient, to cover the reasonable and necessary operating expenses and debt service, and provide the District with a reasonable surplus for capital additions, and (ii) the District and Bureau have accepted the Staff rate.

3. It is reasonable to direct Staff to conduct a CCOSS to address the underlying issues regarding the apportionment of costs to the customers of the District.

4. The Commission decision in the May 14, 2010 order to approve the District request to refinance its outstanding BAN with a \$1,030,000 loan from the WVIJDC payable at an annual interest rate of 3% over twenty years, remains in effect.

ORDER

IT IS THEREFORE ORDERED that the tariff rates and charges approved in the May 14, 2010 Commission order are hereby rescinded.

IT IS FURTHER ORDERED that the rates approved herein, and attached hereto as Appendix A, shall be effective for all service rendered beginning from the date of this Order.

IT IS FURTHER ORDERED that the District shall file an original and six copies of a tariff reflecting the rates, charges, and tariff provisions, attached hereto as Appendix A, within thirty days of the date of this order.

IT IS FURTHER ORDERED that within one year of the date of this order Staff file a class cost of service study as described in the Discussion section of this order.

IT IS FURTHER ORDERED that on entry of this order this case shall be removed from the Commission docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order by electronic service on all parties of record, including the Federal Bureau of Prisons, who have filed an e-service agreement, by United States First Class Mail on all parties of record who have not filed an e-service agreement, and on Staff by hand delivery.

CASE NO. 09-1290-PWD-PC-19A

PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4,
a public utility, Preston County,

Petition for consent and approval to refinance
its outstanding bond anticipation note and
Rule 19A application to increase water rates
and charges.

COMMISSION ORDER

The Commission approves (i) a request to refinance existing debt and (ii) tariff rates and charges.

BACKGROUND

Case No. 01-1130-PWD-ECN

On October 29, 2001, the Preston County Public Service District No 4 (District) filed an application for a certificate of public convenience and necessity to construct facilities to provide service to the Federal Bureau of Prisons (Bureau) facility at Hazelton.

On March 15, 2002, the Commission issued an order in Case No. 01-1130-PWD-ECN granting the application for a certificate. Among other things the order (i) acknowledged a contract between the District and the Bureau (executed April 30, 2001) to provide 700,000 gallons of water per day, (Order, at Finding of Fact No. 20), and (ii) approved a tariff rate of \$2.50 per thousand gallons for serving the Bureau.

By Orders entered August 2, 2002 and August 5, 2002, the Commission reopened Case No. 01-1130-PWD-ECN to approve the funding for an increase in project costs of \$1,212,735 through a direct contribution by the Bureau.

On August 4, 2009, the District filed (i) a petition for consent and approval to refinance its outstanding bond anticipation note (BAN) and, (ii) pursuant to Rule 19A of the *Commission Rules for the Construction and Filing of Tariffs (Tariff Rules)*, an application to increase its rates. The District proposed to refinance its outstanding BAN – a Series 2002 A note from the West Virginia Infrastructure Jobs Development Council (WVIJDC) with a principal amount of \$1,000,000 – with a \$1,030,000 loan from WVIJDC, payable at an annual interest rate of 3% over twenty years (new WVIJDC loan). Regarding its rate application, the District has approximately 912 residential and commercial customers; one resale customer, Bruceton Water Department (Bruceton); and the Bureau. The District proposed raising only the rate of the Bureau, by 75.2%, from \$2.50 to \$4.38 per thousand gallons.

On September 1, 2009, the Commission issued an order referring this matter to the Administrative Law Judges Division (ALJ) for decision no later than April 1, 2010. That order also required the District to mail separate notices to each of its customers.

On October 19, 2009, the District filed verification in the form of Tariff Form No. 6-A informing its customers that details of the increase would be available after November 12, 2009.

On November 12, 2009, Commission Staff filed its Final Joint Staff Memorandum. Regarding the requested rate increase, Staff stated that the District proposed rate increase for the Bureau was not supported by a class cost of service study, and, therefore, should be rejected. Staff recommended the Commission (i) approve an across-the-board rate increase of 12%, including an increase in the Bureau rate from \$2.50 to \$2.80 per thousand gallons, resulting in a cash surplus of \$29,451 (including depreciation reserve funds of \$16,852), and debt coverage of 126.13%, (ii) approve the requested refinancing, (iii) deny the flat rate charge because all of the District customers are metered, (iv) deny the District request to increase the non-project tap fee from \$300 to \$350, because of the lack of supporting documentation, (v) approve the District request for an increase of the returned check charge from \$15 to \$25 pursuant to W.Va. Code §61-3-39e, (vi) not increase the reconnection charge, (vii) decrease the leak adjustment rate from \$1.27 to \$0.83 per thousand gallons, (viii) deny the requested disconnection fee because the Commission does not permit water utilities to charge disconnection fees, (ix) deny the requested administrative fee because the minimal number of collections at the customer premises does not support the addition of an administrative fee, (x) deny the requested service charge for Electronic Funds Transfer, credit card, and drop box payments pending Commission initiation of a general investigation proceeding on these topics given the potential impact on all utilities, (xi) include a resale rate provision applicable to Bruceton of \$2.80 per thousand gallons, and (xii) approve a security deposit pursuant to W.Va. Code §16-13A-9.

On November 23, 2009, the District filed a letter opposing the Staff recommended rates. The District stated that the intention had been, and remains, that the Bureau would

repay the BAN once the prison facility becomes operational and expands. The District also clarified that the payments on the new loan would begin when the project approved in Case No. 01-1130-PWD-ECN becomes operational, as had been the case with the note it will replace.

On December 18, 2009, the ALJ issued a Procedural Order directing the District to publish notice of this filing and the proposed rates. The Notice of Publication (i) referenced the District proposal to increase only the rate of the Bureau (from \$2.50 to \$4.38 per thousand gallons), (ii) described the Staff-proposed 12% across-the-board increase, including the rate to the prison of \$2.80 per thousand gallons, and (iii) required service of the Procedural Order on the Bureau.

On January 29, 2010, the District filed a motion to cancel the hearing before the ALJ. Among other things the District stated that it had requested Staff to perform a class cost of service study but that Staff was unwilling to do so. Because of this inability to reach an agreement on the study, the District stated that it would accept the Staff recommended across-the-board increase of 12%.

On February 2, 2010, the ALJ convened a brief hearing in this matter. A representative of the Bureau was present. The ALJ inquired regarding the Staff rate and the Bureau representative stated that the Bureau did not object to either the \$2.80 per thousand gallon rate or being included on the District tariff as a resale customer.

On February 19, 2010, the assigned ALJ issued a Recommended Decision ordering implementation of the Staff recommended rates.

On February 25, 2010, the Commission, on its own motion, issued an order suspending the Recommended Decision entered February 19, 2010.

DISCUSSION

The Commission concludes that it is reasonable to approve the District request to refinance its outstanding BAN with the new WVIJDC loan. The BAN did not require interest or principle payments. The new WVIJDC loan will require an annual payment of \$68,548 and an annual debt reserve payment of 10%, or \$6,855. The total annual cash requirement for this loan will be \$75,403.

The initial filing by the District proposed an increase of \$166,514, to be collected entirely from the Bureau. The District stated that (i) it was not seeking an increase in rates with respect to its residential, commercial, governmental, industrial, or resale customers, and (ii) a rate increase applied to the Bureau would more fairly allocate the costs and revenues of the District. The increase proposed by the District would have raised the Bureau rate from \$2.50 to \$4.38 per thousand gallons, an increase of 75.2%.

The District presented a Rule 42 Exhibit showing that the requested increase of \$166,514 would result in sufficient cash to pay its expenses, taxes, and debt service requirements and yield a cash surplus available for capital additions of \$80,083. The debt service coverage at the revenue level proposed by the District was 157.70%.

The Staff recommended an increase of \$72,037. Staff stated that the \$72,037 increase was sufficient to allow the District to pay its expenses, taxes, and debt service requirements and yield a cash surplus of \$29,451 for capital additions. The debt service coverage at the revenue level proposed by Staff was 126.13%. The District accepted the Staff recommended \$72,037 across-the-board increase.

The Commission notes that the debt service on the new WVIJDC loan is the sole driver for the rate increase. In the absence of the additional debt service the Staff data would support a decrease of approximately \$3,400. Although we usually spread the cost of debt to all customers; that is not always the case. In some circumstances certain costs, including debt costs, may be assigned to a customer or customer class on a direct basis. The debt at issue in this case is directly related to the facilities to serve the prison, which were certificated by this Commission in Case No. 01-1130-PWD-ECN. We cannot consider the debt service in this case and the rate issues in a vacuum that disregards the original certificate case from which the debt originated.

The legal notice in Case No. 01-1130-PWD-ECN stated, "WHEREAS, the rates of the current customers of the District will not be affected by the Project." Affidavit of publication filed November 29, 2001 in Case No. 01-1130-PWD-ECN. To finance the construction the Bureau made large cash contributions to the project and the District obtained cost-free financing in the form of grants. The increase associated with the operation and maintenance costs for the project was borne entirely by the Bureau in the development of the rate that the Bureau would pay. In effect, the Commission approved a certificate based on the District request of a "direct assignment" of the initial and on-going costs of the project to the Bureau so that the rates of current customers of the District would not be affected by the project.

In the present case, the Staff report shows that the current rates and expenses of the District, before consideration of the debt service or the refinancing, produced an annual surplus in excess of \$31,000. In the absence of the cost of debt associated with the new WVIJDC loan there was no indication of a need for any rate increase at all. Even after adjusting the District cash requirements to reflect \$75,403 per year in debt service associated with the new WVIJDC loan, Staff recommended a total increase of only \$72,037.

The Staff use of an across-the-board increase in the absence of a class cost of service study would be appropriate in most instances. Here, however, it is necessary to consider the original intent of the Commission Order in Case No. 01-1130-PWD-ECN and assign the costs of the project directly to the Bureau. Thus, because the entire increase in the instant case was a result of refinancing the BAN, the Commission concludes that it is reasonable to apply the entire \$72,037 increase to the Bureau. This increase would result in a rate to the

Bureau of \$3.31 per thousand gallons. The rate of all other customers would remain unchanged.

Additionally, the Commission reviewed the Staff recommendations regarding the (i) leak adjustment rate, (ii) sale for resale rate applicable to Bruceton, and (iii) non-usage charges such as the disconnection and administrative fees, and will adopt those recommendations (adjusting the Bruceton resale rate consistent with this decision) as reasonable.

The Commission notes, however, that while the Bureau had been notified of this proceeding, and had actively participated in the hearing, the Bureau may not have been fully aware that it may still be subject to a rate increase in excess of the \$2.80 per thousand gallon rate recommended by Staff. The newspaper publication clearly stated that the District proposed an increase to only the Bureau, with a proposed rate of \$4.38 per thousand gallons, or 75.2%. However, the notice also indicated that the Staff was recommending an increase of 12% to all customers and an increase in the Bureau rate from \$2.50 to \$2.80. Subsequent to the notice, the District filed a Motion to cancel the hearing and indicated that it would accept the Staff recommendation. The ALJ did not cancel the hearing, however. The District motion, the wording of the notice, and the perfunctory hearing, may have misled the Bureau to believe that it was facing only the possibility of the Staff recommended rate of \$2.80 per thousand gallons, or 12%.

Pursuant to Rule 19.3 of the Commission *Rules of Practice and Procedure*, 150 C.S.R. 1, the Commission will afford the Bureau fourteen days to file a petition for reconsideration of this order if it objects to the \$3.31 per thousand gallon rate and to the underlying reasons for applying the increase solely to the Bureau. Such petition must state specifically the grounds for the objection. The Commission will direct its Executive Secretary to mail a copy of this order to the Bureau.

FINDINGS OF FACT

1. On August 4, 2009, the District filed (i) a petition for consent and approval to refinance its outstanding BAN with a new WVIJDC loan, and (ii) an application for a rate increase pursuant to *Tariff Rule* 19A. The District proposed raising only the rate of the Bureau by 75.2%, from \$2.50 to \$4.38 per thousand gallons.
2. Staff recommended approval of the requested refinancing, but rejected the District proposed rate increase because it was not supported by a class cost of service study. Staff recommended approval of a 12% across-the-board increase, and made recommendations regarding a sale for resale rate, the leak adjustment rate, and various non-usage charges. Final Joint Staff Memorandum filed November 12, 2009.
3. The assigned ALJ issued a Recommended Decision adopting the Staff recommendations without objection from the parties or the public.

4. The Commission stayed the Recommended Decision on its own motion.
5. The BAN did not require interest or principle payments.
6. The new WVIJDC loan will require an annual payment of \$68,548 and an annual debt reserve payment equal to 10%, or \$6,855.
7. The debt service on the new WVIJDC loan is sole driver for the rate increase.
8. The Bureau made large cash contributions to the project, and the increased costs associated with the operation and maintenance costs for the project was borne entirely by the Bureau in Case No. 01-1130-PWD-ECN.
9. The Commission made a "direct assignment" of the initial and on-going costs of the project to the Bureau in Case No. 01-1130-PWD-ECN.
10. In the absence of the cost of debt associated with the new WVIJDC loan the Staff recommend cash requirements would have resulted in a reduction in rates of approximately \$3,400.

CONCLUSIONS OF LAW

1. It is reasonable to approve the District request to refinance its outstanding BAN with the new WVIJDC loan.
2. The rate of \$3.31 for service to the Bureau as described in the Discussion of this order will provide revenue sufficient, but not more than sufficient, to cover the reasonable and necessary operating expenses, debt service coverage, and provide the District with a reasonable surplus for capital additions, while maintaining the original intent of the Commission Order in Case No. 01-1130-PWD-ECN of assigning the costs of the project directly to the Bureau.
3. It is reasonable to give the Bureau direct notice of this decision and an opportunity to file a petition for reconsideration if the Bureau objects to the \$3.31 per thousand gallon rate and to the underlying reasons for applying the increase solely to the Bureau.

CASE NO. 09-1290-PWD-PC-19A

PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4

Petition for consent and approval to refinance Petitioner's
outstanding bond anticipation note and Rule 19A
application to increase rates and charges

RECOMMENDED DECISION

On August 4, 2009, Preston County Public Service District No. 4 ("District"), by counsel John C. Stump, filed with the Public Service Commission ("Commission"), a petition for consent and approval to refinance its outstanding bond anticipation note ("BAN") and, pursuant to Rule 19A of the Commission's Rules for the Construction and Filing of Tariffs ("Tariff Rules"), an application for a rate increase. Regarding its petition, the District explained it is proposing to refinance its outstanding BAN – a Series 2002 A note from the West Virginia Infrastructure Jobs Development Council ("WVIJDC") with a principal amount of \$1,000,000 – with a \$1,030,000 loan from WVIJDC, payable at an annual interest rate of 3% over twenty years. Regarding its rate application, the District explained the following: It has approximately 912 residential and commercial customers; one resale customer, Bruceton Water Department ("Department"); and one contract customer, the Federal Bureau of Prisons ("Bureau"). It proposed raising only the rate of the Bureau, by 75.2%, from \$2.50 to \$4.38 per thousand gallons.

On August 18, 2009, an Initial Joint Staff Memorandum from Staff Attorney Cassius Toon, advising the District of the notice requirements of Tariff Rule 8.2, was filed.

On September 1, 2009, the Commission issued an Order referring this matter to the Division of Administrative Law Judges for decision no later than April 1, 2020. Staff was ordered to file its final report no later than November 12, 2009, and the District was ordered to mail to each of its customers, no later than October 2, 2009, a notice of its requested increase, as required by Tariff Rule 8.2.f, and to file a certificate evidencing such mailing no later than October 19, 2009.

On October 19, 2009, the District filed a completed Tariff Form No. 6-A, certifying that, on September 30, 2009, it had mailed to each of its customers a notice that stated that the District was requesting a rate increase.

On November 12, 2009, the Final Joint Staff Memorandum from Mr. Toon and the Staff Report, which had been prepared by Ron Vernon, of the Water and Wastewater Division, were filed. Staff recommended approval of the requested refinancing. Regarding the requested rate increase, the Staff Report includes the following: Staff reviewed the books and records of the District for the fiscal year ending June 30, 2008. The District's proposed rate increase for the Bureau was not supported by any class cost of service study, and, therefore, could not be accepted. In order to calculate the District's average capital additions, Staff calculated the average annual additions at \$29,162, using the last three years because the prior two years were devoted to projects funded by contributions and debt. The District is operating at a going-level deficit of \$42,236, with an 80.37% debt coverage. Staff recommended an across-the-board rate increase of 12%, including an increase in the Bureau's rate from \$2.50 to \$2.80 per thousand gallons; the same rate for the Department needed to be added to the District's tariff. The Staff-recommended rates would provide the District a cash surplus of \$29,451 (including depreciation reserve funds of \$16,852), and debt coverage of 126.13%. The District had requested other changes to its tariff, including an increase in the returned check charge from \$15 to \$25, and Staff noted that the increase was supported by law. The District also requested adding to its tariff a flat rate charge, which Staff found to be unnecessary because all of the District's customers are metered, and raising the non-project tap fee from \$300 to \$350, which Staff rejected because of the lack of supporting documentation. Staff continued,

Staff did not increase the reconnection charge but has recalculated the District's leak adjustment rate [from \$1.27 to \$.83 per thousand gallons.] Staff did not include the requested disconnection fee, administrative fee or the service charge for EFT, credit card and drop box payments... In addition, Staff does not believe the District's minimal number of collections at the customers' premises (Approx. 25/yr.) supports the addition of the administrative fee provision. Staff has added a resale rate provision applicable to the Bruce Water Department [of \$2.80 per thousand gallons] and also a security deposit provision[.]

On November 23, 2009, the District, by counsel, filed a letter opposing the Staff-recommended rates and asserting that its requested increase of the Bureau's rate should be approved. The District also clarified that the payments on the new loan would begin when the project approved in Case No. 01-1130-PWD-ECN becomes operational, as had been the case with the note it will replace.

On December 18, 2010, the undersigned issued a Procedural Order that included the following discussion:

The District's present tariff includes the rate for the Bureau and does not include one for the Bruce Water Department, although the Bureau is described as a contract customer and the Department is described as a present resale customer. Clarification

is in order. Moreover, it is possible that the Bureau might not be agreeable to the changing of its rate in a Rule 19A proceeding. Under the circumstances, a copy of this Order will be served on the Bureau and the Department. Accordingly, the requirement of Rule 8.2.i(iv) of the Commission's Rules of Practice and Procedure of mailing to the District's resale customers the attached notice will be waived.

Hearing was scheduled for 9:00 a.m. on Tuesday, February 2, 2010, in Council Chambers, Kingwood Municipal Building, 313 Tunnelton Street, Kingwood, West Virginia. The District was ordered to publish an attached Notice of Application to Change Rates and Notice of Hearing on two consecutive weeks in a qualified Preston County newspaper. Orders consistent with the discussion were also entered.

On January 29, 2010, the District, by co-counsel Todd M. Swanson, filed a Motion to Cancel Hearing, stating that it was withdrawing its objection to the Staff-recommended rates. It, therefore, requested that the hearing be canceled and a decision be entered incorporating Staff's recommendations. By telephone conversation on the same date, Mr. Swanson informed the undersigned that the notice of hearing had been published, and the undersigned informed Mr. Swanson that the hearing would not be canceled, because the District's customers had been notified of the hearing, but that she did not expect Mr. Swanson to appear at the hearing, since Mr. Toon would be available to explain the Staff-recommended rates.

Hearing was held as scheduled, and Mr. Toon made his appearance. No one from the general public appeared, but two representatives from the Federal Bureau of Prisons, Brad Cunningham and Cameron Newcome, appeared. (Tr. 5). Mr. Cunningham is the business administrator of the federal prison at Hazleton, and Mr. Newcome is the contracting officer for the prison. Mr. Cunningham stated that he had the authority to speak for the Bureau, and that the Bureau has no objection to the raising of the Bureau's rate to rise to \$2.80 per thousand gallons, as recommended by Staff, and also has no objection to inclusion of the Bureau on the District's tariff as a resale customer. (Tr. 6).

On January 29, 2010, the District, by counsel, filed an affidavit of publication of the Notice of Application to Change Rates and Notice of Hearing on January 6 and 13, 2010, in The Preston County Journal.

FINDINGS OF FACT

1. On August 4, 2009, Preston County Public Service District No. 4 filed with the Public Service Commission a petition for consent and approval to refinance its outstanding bond anticipation note – a Series 2002 A note from the West Virginia Infrastructure Jobs Development Council with a principal amount of \$1,000,000 – with a \$1,030,000 loan from WVIJDC, payable at an annual interest rate of 3% over twenty years. Payments on the new loan would begin when the project approved in Case No. 01-1130-PWD-ECN becomes operational. (See petition; November 23, 2009 filing).

2. On August 4, 2009, the District also filed an application for a rate increase pursuant to Tariff Rule 19-A. The District proposed raising only the rate of the Federal Bureau of Prisons, by 75.2%, from \$2.50 to \$4.38 per thousand gallons. (See application).

3. The District provided notice of its requested rate increase by separately mailing to its customers, on September 30, 2009, a notice of its requested rate increase and by publishing a Notice of Application to Change Rates and Notice of Hearing on January 6 and 13, 2010, in The Preston County Journal. A copy of the notice was sent by certified mail to the Bureau and the Bruceton Water Department, a resale customer of the District. (See filings of August 18, 2009 and January 29, 2010; December 18, 2009 Procedural Order and domestic return receipts showing service of the order).

4. Staff recommended approval of the requested refinancing. (See Final Joint Staff Memorandum filed November 12, 2009).

5. Staff reviewed the books and records of the District for the fiscal year ending June 30, 2008, and recommended rejection of the District's proposed rate increase for the Bureau, because it was not supported by any class cost of service study. Based on the average of the last three years, Staff calculated the District's average capital additions at \$29,162. Staff determined that the District is operating at a going-level deficit of \$42,236, with an 80.37% debt coverage. Staff recommended an across-the-board rate increase of 12%, including an increase in the Bureau's rate from \$2.50 to \$2.80 per thousand gallons; Staff found that the same rate for the Bruceton Water Department needed to be added to the District's tariff. The Staff-recommended rates would provide the District a cash surplus of \$29,451 (including depreciation reserve funds of \$16,852), and debt coverage of 126.13%. The District had requested other changes to its tariff. Staff supported the District's requested increase in its returned check charge from \$15 to \$25. Staff objected to adding a flat rate charge, a disconnection fee, an administrative fee, and a service charge to the District's tariff, to raising the non-project tap fee, and to changing the reconnection charge. Staff modified the leak adjustment rate and added a security deposit provision to the tariff. (See Final Joint Staff Memorandum).

6. The District withdrew its objection to the Staff-recommended rates and accepted the Staff-recommended tariff. (See filing of January 29, 2010).

7. No one from the general public appeared at the protest hearing held February 2, 2010, but representatives from the Bureau of Prisons appeared, and agreed to the Staff-recommended rate of \$2.80 and the addition of the Bureau to the District's tariff as a resale customer. (See Tr. 5-6).

CONCLUSIONS OF LAW

1. It is appropriate to grant the petition and approve the refinancing stated at Finding of Fact 1.

2. It is appropriate to approve the Staff-recommended rates, charges, and other tariff changes, as provided in Appendix A hereto, because the Staff-recommended rates and charges provide revenue sufficient, but not more than sufficient, to cover the District's reasonable and necessary operating expenses and debt service and to provide the District a reasonable surplus for capital additions, and because no protest was filed and no protestant appeared at the hearing.

ORDER

IT IS, THEREFORE, ORDERED that the petition filed August 4, 2009, is granted and the refinancing, as provided in Finding of Fact 1, is approved.

IT IS FURTHER ORDERED that the rates and charges and other tariff changes, as provided in Appendix A of this decision, are approved for use by Preston County Public Service District No. 4, to become effective for all service rendered on and after the date on which this decision becomes final.

IT IS FURTHER ORDERED that Preston County Public Service District file an original and at least five (5) copies of a proper tariff reflecting the rates and charges approved herein within thirty (30) days of the date that this Order becomes final.

IT IS FURTHER ORDERED that this matter be removed from the Commission's docket of open cases.

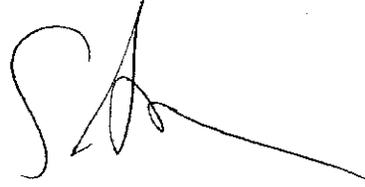

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order upon the Commission by hand delivery, and by electronic service upon all parties of record who have filed an e-service agreement with the Commission and by United States Certified Mail, return receipt requested, upon all parties of record who have not filed an e-service agreement with the Commission.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed, this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Executive Secretary. No such waiver will

be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

Re: Preston County Public Service District #4
Water Project 99W-505
Binding Commitment
Action Required by April 30, 2009

Dear Mr. Bailey:

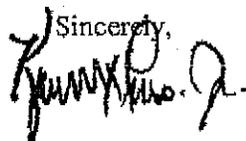

The West Virginia Infrastructure and Jobs Development Council (the "Council") has reviewed the Preston County Public Service District #4's (the "District") revised preliminary application to extend water line to Federal Bureau of Prisons and all necessary appurtenances (the "Project").

Upon consideration of the revised preliminary application, the Council determined that the District should receive an extension on the \$1,000,000 Council Bond Anticipation Note to a new maturity date of September 1, 2009. Additionally Council voted to offer the District a binding commitment for an Infrastructure Fund loan (3%, 20 years) of approximately \$1,030,000 to permanently fund this project. The Loan will be subject to the terms set forth on Schedule A attached hereto and incorporated herein by reference. The final Loan amount will be established prior to closing. The Infrastructure Council will set aside a portion of the Infrastructure Fund to make the Loan upon the District's compliance with the program requirements. The Loan agreement will be between the District and the West Virginia Water Development Authority (Authority), who is the administrator of the Infrastructure Fund, acting on behalf of the Infrastructure Council.

The Authority will enter into Loan agreement with the District following receipt of a final, nonappealable order from the Public Service Commission authorizing the District to assume the debt and any other documents requested by the Infrastructure Council.

No statements or representations made before or after the issuance of this contingent commitment by any person, member of the Infrastructure Council, or agent or employee of the Authority shall be construed as approval to alter or amend this commitment, as all such amendments or alterations shall only be made in writing after approval of the Infrastructure Council.

If you have any questions regarding this matter, please contact Jeff Brady at 558-4607.

Sincerely,

Kenneth Lowe, Jr.

No. AR-1

KNOW ALL MEN BY THESE PRESENTS: That on this the 22nd day of December, 2010, the Preston County Public Service District No. 4, a municipal corporation and political subdivision of the State of West Virginia in Preston County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY (the "Authority") or registered assigns the sum of ONE MILLION THIRTY THOUSAND DOLLARS (\$1,030,000), or such lesser amount as shall have been advanced to the Issuer hereunder and not previously repaid, as set forth in the "Record of Advances" attached as EXHIBIT A hereto and incorporated herein by reference, in quarterly installments on March 1, June 1, September 1 and December 1 of each year, commencing June 1, 2011 to and including March 1, 2031 as set forth on the "Debt Service Schedule" attached as EXHIBIT B hereto and incorporated herein by reference.

Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest of 3% on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of The Huntington National Bank, Charleston, West Virginia, as registrar (the "Registrar"), on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Infrastructure and Jobs Development Council (the "Council"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, on behalf of the Council, dated December 22, 2010.

This Bond is issued (i) to pay the Issuer's Water System Bond Anticipation Notes, Series 2002 A (West Virginia Infrastructure Fund) (the "Prior Notes"); and (ii) to pay certain costs of issuance hereof and related costs. The existing public waterworks system of the Issuer, and any further extensions, additions, betterments or improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and a Bond Resolution duly enacted by the Issuer on December 14, 2010, and a Supplemental Resolution duly adopted by the Issuer on December 14, 2010 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond

Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) WATER REVENUE BONDS, SERIES 1987 (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED MAY 11, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$370,000 (THE "SERIES 1987 BONDS"); (2) WATER REVENUE BONDS, SERIES 1997 A (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY), DATED NOVEMBER 7, 1997, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$290,000 (THE "SERIES 1997 A BONDS"); AND (3) WATER REVENUE BONDS, SERIES 1997 B (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED NOVEMBER 7, 1997, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$800,000 (THE "SERIES 1997 B BONDS") (COLLECTIVELY THE "PRIOR BONDS").

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the operation of the System, on a parity with the pledge of Net Revenues in favor of the Holders of the Prior Bonds and from monies in the reserve account created under the Bond Legislation for the Bonds (the "Series 2010 A Bonds Reserve Account"), and unexpended proceeds of the Bonds. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the monies in the Series 2010 A Bonds Reserve Account and unexpended proceeds of the Bonds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on the Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Bonds, including the Prior Bonds; provided however, that, so long as there exists in the Series 2010 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with the Bonds, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of

the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and costs of issuance described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such monies, until so applied, in favor of the registered owner of this Bond.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, the Bonds will be in default should any proceeds of the Bonds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

(West Virginia Infrastructure Fund)

Preston County Public Service District No. 4

Charleston, West Virginia

West Virginia Infrastructure and Jobs Development Council
Charleston, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Preston County Public Service District No. 4 (the "Issuer"), a public service district and as a public corporation and political subdivision organized and existing under the laws of the State of West Virginia, of its \$1,030,000 Water Revenue Bonds, Series 2010 A (West Virginia Infrastructure Fund), dated the date hereof (the "Series 2010 A Bonds" or the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated December 22, 2010, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal to the Authority, bearing interest at the rate of three percent (3%) per annum, with principal and interest installments payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing June 1, 2011 to and including March 1, 2031, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Series 2010 A Bonds.

The Series 2010 A Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying the Issuer's Waterworks System Bond Anticipation Notes, Series 2002 A (West Virginia Infrastructure Fund), dated September 12, 2002, issued in the original principal amount of \$1,000,000 (the "Prior Notes"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on December 14, 2010, as supplemented by a Supplemental Resolution duly adopted by the Issuer on December 14, 2010 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Series 2010 A Bonds are authorized and issued, and the Loan Agreement has been entered into. The Series 2010 A Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia, with full power and authority to pay the Prior Notes, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Series 2010 A Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary ordinances and resolutions have been duly and effectively enacted and adopted by the Issuer in connection with the issuance and sale of the Series 2010 A Bonds and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Series 2010 A Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and pledge of the Net Revenues of the System on a parity with the Issuer's (i) Water Revenue Bonds, Series 1987 (United States Department of Agriculture), dated May 11, 1988, issued in the original aggregate principal amount of \$370,000; (ii) Water Revenue Bonds, Series 1997 A (West Virginia Water Development Authority), dated November 7, 1997, issued in the original aggregate principal amount of \$290,000, and (iii) Water Revenue Bonds, Series 1997 B (United States Department of Agriculture), dated November 7, 1997, issued in the original aggregate principal amount of \$800,000, all in accordance with the terms of the Series 2010 A Bonds and the Bond Legislation.

5. The Series 2010 A Bonds are, under the Act, exempt from all taxation by the State of West Virginia, and the other taxing bodies of the State, and the interest on the Series 2010 A Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. With proceeds from the Series 2010 A Bonds, the Prior Notes have been paid in full within the meaning and with the effect expressed in the resolutions authorizing the Prior Notes, and the covenants, agreements and other obligations of the Issuer to the owners of such Prior Notes have been

satisfied and discharged. In rendering the opinion set forth in this paragraph, we have relied upon the receipt of payment from the Paying Agent of such Prior Notes that they have received payment for the entire outstanding principal of such Prior Notes and all interest accrued thereon on the date hereof and that such Prior Notes have been paid in full.

7. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Series 2010 A Bonds and the enforceability of the Series 2010 A Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

STEPTOE & JOHNSON PLLC

Ladies and Gentlemen:

We serve as counsel for the Preston County Public Service District No. 4 in Preston County, West Virginia (the "Issuer"). As such counsel, we have examined copies of the approving opinion of Steptoe & Johnson PLLC as bond counsel, a loan agreement for the Series 2010 A Bonds dated December 22, 2010, including all schedules and exhibits attached thereto, by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), (the "Loan Agreement"), a Bond Resolution duly enacted by the Issuer on December 14, 2010, as supplemented by a Supplemental Resolution duly adopted by the Issuer on December 14, 2010 (collectively, the "Bond Legislation"), and other documents relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds") and orders of The County Commission of Preston County relating to the Issuer and the appointment of the members of the Public Service Board of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

We are of the opinion that:

1. The Issuer has been duly created and validly exists as a public service district and public corporation and political subdivision of the State of West Virginia.
2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The members and officers of the Public Service board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Bond Legislation has been duly adopted and enacted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the issuance of the Bonds, the payment of the Prior Notes, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, the receipt of all requisite orders and approvals from the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia (the "PSC") and has taken any other action required for the imposition of such rates and charges. The Issuer has received the Commission Order dated May 14, 2010, the Commission Order dated June 10, 2010 and the Commission Order dated July 27, 2010 in Case No.09-1290-PWD-PC-19A, of the West Virginia Public Service Commission approving the rates for the system and the financing for the Project. The time for appeal of the Commission Orders has expired prior to the date hereof.

7. To the best of our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection of the Gross Revenues or the pledge of the Net Revenues for the payment of the Bonds.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Water Revenue Bonds, Series 2010 A
(West Virginia Infrastructure Fund)

Preston County Public Service District No. 4
Albright, West Virginia

West Virginia Water Development Authority
Charleston, West Virginia

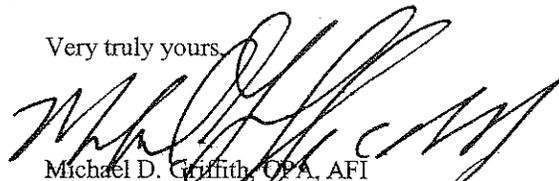

West Virginia Infrastructure and Jobs Development Council
Charleston, West Virginia

Ladies and Gentlemen:

Based upon the water rates and charges set forth in the Recommended Decision of the Public Service Commission of West Virginia Case No 09-1290-PWD-PC-19A, entered June 10, 2010, and the projected operating expenses and the anticipated customer usage as furnished to us by the Preston County Public Service District No. 4 (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of the Issuer, will pay all operating expenses of the System and (i) will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Water Revenue Bonds, Series 2010 A (West Virginia Infrastructure Fund) (the "Bonds") and the Prior Bonds, as hereinafter defined, and sufficient to make the payments required into all funds and accounts and all necessary expenses of operating and maintaining the System during such Fiscal Year; and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Water Revenue Bonds, Series 2010 A (West Virginia Infrastructure Fund) (the "Bonds"), to be issued to the West Virginia Water Development Authority and all other obligations secured by or payable from the revenues of the System, including the Issuer's (a) Water Revenue Bond, Series 1987 (United States Department of Agriculture), dated May 11, 1988, issued in the original aggregate principal amount of \$370,000, (b) Water Revenue Bonds, Series 1997 A (West Virginia Water Development Authority), dated November 7, 1997, issued in the original aggregate principal amount of \$290,000, and (c) Water Revenue Bonds, Series 1997 B (United States Department of Agriculture), dated November 7, 1997, issued in the original aggregate principal amount of \$800,000 (the "Prior Bonds").

It is further our opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Bonds are issued will be at least 120% of the average annual debt service requirements on the Bonds and the Prior Bonds and that (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Bonds and the Prior Bonds.

Very truly yours,

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on December 22, 2010, the date on which the Series 2010 A Bonds are to be physically delivered in exchange for all or a portion of the principal amount of the Series 2010 A Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2010 A Bonds were sold on December 22, 2010, to the West Virginia Water Development Authority (the "Authority"), pursuant to a loan agreement dated December 22, 2010, by and between the Issuer and the Authority on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), for an aggregate purchase price of

Conrad Arnold and Margaret Blagg of the County Extension Service appeared before the Commission regarding some questions that the Commission had on Ms. Blagg's bills presented for payment. Commissioner Layman stated that if Ms. Blagg was going to spend a lot of her time in other Counties, then why couldn't these counties pick up the tab of her expenses.

Miss Blagg explained that she does work in other counties and they in turn come to Preston County and do programs and that this is a reciprocal program. Commissioner Thomas signed bills for Ms. Blagg for payment of her expenses.

Commissioner Cale advised that he had an order proposing the creation of Public Service District #4. Commissioner Cale advised that there must be a public hearing not less than 20 days nor more than 40 days from the date of the entry of this order.

It was moved by Commissioner Gregg, seconded by Commissioner DeBerry and unanimous of those present, to enter the following order:

ORDER PROPOSING CREATION OF
PRESTON COUNTY PUBLIC SERVICE
DISTRICT NO. 4

WHEREAS, the County Commission of Preston County, West Virginia, by virtue of the provisions of Chapter 16, Article 13A, of the West Virginia Code, as amended, is vested with the authority to create within said Preston County public service districts to exercise the powers and authority therein set forth; and it appearing to the Commission that there are apparently many persons residing within the area hereinafter described, who desire to have a public service district formed for the purpose of supplying water service within such territory; and that the proposed public service district is located within a part of Pleasant and Grant Districts, Preston County, West Virginia, and the apparent public good will be promoted by the entry of an order proposing the creation of such public service district and fixing the time of a hearing before the Commission as to the creation of said proposed public service district; it is, therefore,

ORDERED that the County Commission of Preston County, West Virginia, upon its own motion, as evidenced by the entry of this Order, does hereby propose the creation of a public service district, to be known as the "Preston County Public Service District No. 4" for the purposes of financing, construction, operation, and maintenance of a water system and for the supplying of water within the boundary of said district hereinafter described, and to exercise the powers and authority set forth and contained in Chapter 16, Article 13A, of the West Virginia Code, as amended, in regard to such proposed public service district, and which proposed public service district is located within a part of Pleasant and Grant Districts, Preston County, West Virginia, and more particularly bounded and described as follows:

Beginning at a point at the centerline intersection of U.S. Route 48 and West Virginia State Route No. 26; thence with the centerline of U. S. Route 48 in an easterly direction a distance of 2.35 miles to a point approximately one (1) mile East of West Virginia County Numbered Route 3 commonly known as the Terra Alta and Brandonville Pike; thence with a line one (1) mile East and parallel with said Route 3 commonly known as the Terra Alta-Brandonville Pike a distance of 6.95 miles to the present district line between Portland District and Pleasant District; thence with said district line in a southwesterly direction a distance of 6.15 miles to Cheat River; thence with Cheat River in a northwesterly direction 9.4 miles to the mouth of Big Sandy Creek; thence with Big Sandy Creek in a northerly direction 10.5 miles to the place of beginning, containing 57 square miles, more or less, as more particularly shown upon a map or plat attached to and made a part of this order, said map or plat dated March 1983, and prepared by Horner Bros. Engineers.

It further appearing to the County Commission that a hearing is required as to the creation of said proposed public service district for the purpose aforesaid, and that the date for such public hearing shall not be less than twenty (20) days nor more than forty (40) days from the date of entry of this Order, it is hereby further ORDERED that there be a public hearing before the County Commission of Preston County, at the County Commission Room in the Preston County Courthouse, Kingwood, West Virginia, on the 29th day of April, 1983, at 7:00 P.M., at which time all persons residing in, owning, or having any interest in property in said proposed public service district shall have an opportunity to be heard for or against the creation thereof.

It is further ORDERED that the Clerk of this Commission do publish in The Preston County Journal, a weekly newspaper having general circulation within the area of the above-described proposed public service district and within Preston County, a notice setting forth the objectives and purposes for the proposed creation of said district, the description of all territory therein proposed to be included, the date of the proposed hearing as herein set forth, and that such notice be published at least once a week in said newspaper at least ten (10) days prior to said hearing. There shall be posted in at least five (5) conspicuous places in the proposed Public Service District No. 4, a notice containing the same information as contained in the published notice. The posted notices shall be posted not less than ten (10) days before said hearing and said publication is to be made on or before the 18th day of April, 1983.

Commissioner DeBerry moved that Paul Fletcher be authorized to make repairs on the new bus not to exceed the amount of his estimate of \$185.00. Motion seconded by Commissioner Gregg and unanimous of those present. Motion passed.

Commissioner Robertson advised the Commission of a work schedule given to him from the Landfill Supervisor. This schedule was set up whereby one operator started at 8:00 A.M. and worked until 4:00 P.M. each day and from 8:00 A.M. until 1:00 P.M. on Saturdays for a total of 45 hours per week. The other operator would start work at 9:00 A.M. and work until 4:00 P.M. each day for a total of 7 hours per day and then working 5 hours on Saturday, giving him a total of 40 per week. Commissioner Robertson suggested that both operators should keep the same number of hours with a 1/2 hour lunch break. Robertson stated he would like to see the operators working on a rotating basis whereby one individual would not work on Saturdays and then both operators would have a full weekend off every other weekend. Commissioner Robertson stated that he would like to have clarification on the ruling that two people must be on the job site at all times. Commissioner Robertson stated that he would get a ruling on this from the Department of Natural Resources. The girl working in the office, Mr. Robertson advised, would work 7 hours per day and 4 hours on Saturday for a total of 39 hours per week.

Commissioner Gregg moved that the Commission accept Commissioner Robertson's work-schedule proposal for the Landfill for the present time as presented, with both operators working each day from 8:00 A.M. until 4:00 P.M. with 1/2 hour for lunch and working 5 hours on Saturdays. Motion seconded by Commissioner Layman and unanimous of those present. Motion passed.

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code (the "Act") and other applicable provisions of law. Preston County Public Service District No. 4 (the "Issuer") is a public service district created pursuant to the Act by The County Commission of Preston County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

- A. The Issuer does not now have a public water system.
- B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed a new water system of the Issuer consisting of new wells and pumps, two booster stations, two 100,000 gallon capacity storage facilities and 60,000 lineal feet of 6 and 4-inch water lines, with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. Water will be purchased from the Town of Bruceton Mills pursuant to a Water Purchase Contract between the Issuer and the Town of Bruceton Mills.

The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. It is necessary for the Issuer to issue its revenue bond in the principal amount of \$370,000 to finance a portion of the cost of such acquisition and construction in the manner hereinafter provided.

D. The estimated maximum cost of the acquisition and construction of the Project is \$1,537,400 of which \$370,000 will be obtained from the proceeds of sale of the Bond herein authorized, \$619,600 from a grant by the Purchaser and \$547,800 from a Small Cities Block Grant of the Department of Housing and Urban Development.

E. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for 6 months after completion of such construction to the extent that revenues of the System (hereinafter defined) are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bond as to lien, pledge or source of and security for payment.

H. The Issuer has complied with all requirements of law relating to the authorization of the acquisition, construction and operation of the Project, including without limitation the imposition of rates and charges and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the consent and approval, pursuant to the Act and other applicable provisions of law, of the issuance of the Bond, the acquisition and construction of the Project and the imposition of rates and charges by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

Section 1.03. Resolution to Constitute Contract. In consideration of the acceptance of the Bond by the Purchaser, this

Resolution (the "Bond Legislation") shall be deemed to be and shall constitute a contract between the Issuer and such Purchaser, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Purchaser as holder of the Bond.

ARTICLE II

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND ISSUE OF BOND

Section 2.01. Authorization of Bond. Subject and pursuant to the provisions of this Resolution, the Bond of the Issuer, to be known as "Water Revenue Bond, Series 1987," is hereby authorized to be issued in the aggregate principal amount of not exceeding \$370,000 for the purpose of financing a portion of the cost of the acquisition and construction of the Project.

Section 2.02. Description of Bond. The Bond shall be issued in single form, No. R-1, only as a fully registered Bond, and shall be dated the date of delivery. The Bond shall bear interest from date, payable monthly at the rate of 5% per annum and shall be sold for the par value thereof.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 2.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Bond shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Bond, and the right to the principal of, and stated interest on, the Bond, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 2.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar. No interests in the Bond shall be transferable except by means of transfer of registration of a Bond representing such interest and delivery of a new Bond or Bonds in exchange therefor in accordance with this Bond Legislation.

Whenever the Bond shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Registrar with respect to such transfer.

No registration of transfer of the Bond shall be permitted to be made after the 15th day next preceding any installment payment date on the Bond.

Section 2.04. Registrar. The Registrar will keep, or cause to be kept by its agent, at its office, sufficient books for the registration and transfer of the Bond, and, upon presentation for such purpose, the Registrar shall, under such reasonable regulations as it may prescribe, register the Bond initially issued pursuant hereto and register the transfer, or cause to be registered, on such books, the transfer of the Bond as hereinbefore provided.

The Registrar shall accept the Bond for registration or transfer only if ownership thereof is to be registered in the name of an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust, and the federal employer identification number and date of each trust and the name of the trustee of each trust.

Section 2.05. Execution of Bond. The Bond shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary.

Section 2.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case the Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the holder's furnishing the Issuer proof of his, her or its ownership thereof and complying with such other reasonable regulations and conditions as the Issuer may require. The Bond so surrendered shall be canceled and held for the account of the Issuer. If the Bond shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 2.07. Bond Secured by Pledge of Net Revenues. The payment of the debt service of the Bond shall be secured forthwith by a first lien on the Net Revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Bond, and to make the payments as hereinafter provided, are hereby

irrevocably pledged to the payment of the principal of and interest on the Bond as the same become due.

Section 2.08. Form of Bond. Subject to the provisions hereof, the text of the Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

WATER REVENUE BOND, SERIES 1987

PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4

\$370,000

No. R-1

Date: _____

FOR VALUE RECEIVED, PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4 (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri, 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of THREE HUNDRED SEVENTY THOUSAND DOLLARS (\$370,000) plus interest on the unpaid principal balance at the rate of 5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$1,817, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments

last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond

does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Resolution herein defined, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code and a Resolution of the Borrower authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

BOND PROCEEDS; REVENUES AND APPLICATION
THEREOF; FUNDS AND ACCOUNTS; REBATE

Section 3.01. Bond Proceeds; Project Construction Account. The proceeds of sale of the Bond shall be deposited on receipt by the Issuer in the Bruceton Bank, Bruceton Mills, West Virginia, a member of Federal Deposit Insurance Corporation (the "FDIC"), in a special account hereby created and designated as "Preston County Public Service District No. 4 Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Amounts in the Project Construction Account shall be disbursed for the financing of costs of the Project upon filing in the official records pertaining to such account of a certificate of the Issuer describing such disbursement, setting forth the portion, if any, of the Net Proceeds of the Bond to be used for a Private Business Use or to make or finance a loan (other than a loan constituting a Nonpurpose Investment) to other than a state or local governmental unit and certifying that there has been compliance with the provisions of Section 4.16 hereof relating to the Private Business Use limitation and the private loan limitation. Investment earnings and profits on the Project Construction Account shall be transferred to the Earnings Fund upon receipt thereof as provided in Section 3.03 hereof. Amounts, if any, remaining in the Project Construction Account shall, upon receipt from the Issuer certifying that no further amounts are required to be disbursed for costs and expenses of the Project, be invested at a Yield not in excess of the Yield of the Bond and shall be used for redemption of the Bond (or a portion thereof) on the interest payment date next succeeding the date and the Project Construction Account shall be closed.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 3.01, moneys and funds in the Project Construction Account shall be

invested and reinvested to the extent possible in accordance with applicable law in Qualified Investments at the direction of the Issuer, subject, however, to the provisions of Section 3.03 and Section 4.15 hereof.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund," is hereby established initially with the Bank named in Section 3.01. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the ~~moneys~~ in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, on or before the due date of payment of each installment on the Bond, transfer from the Revenue Fund and pay to the National Finance Office designated in the Bond the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund hereby initially established with said Bank (the "Reserve Fund"), 1/12th of 1/10th of the amount of principal and interest becoming due on the Bond in any year until the amount in the Reserve Fund equals \$21,804, but in no event to exceed 10% of the proceeds of the Bond, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve

Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund not required to be transferred to the Earnings Fund (hereinafter described) pursuant to Section 3.03 hereof shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(4) The Issuer shall next, each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, hereby initially established with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$76,870, and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve, other than any sum or sums required to be transferred to the Earnings Fund, shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve, other than any such sum or sums required to be transferred to the Earnings Fund, may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay portions of the principal amount of the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Fund (other than moneys required to be transferred to the Earnings Fund pursuant to Section 3.03 hereof) shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund, the Depreciation Reserve, the Earnings Fund and the Rebate Fund (hereinafter described) as herein provided, and all amounts required for the Reserve Fund and Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

All the funds provided for in this Section and the Earnings Fund, except with respect to Excess Investment Earnings in the Earnings Fund which shall be held for rebate to the United States free from any such lien or trust, shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon (other than such Excess Investment Earnings as aforesaid) for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent, at the direction of the Issuer, shall keep the moneys in the Reserve Fund, the Depreciation Reserve, the Earnings Fund and the Rebate Fund invested and reinvested to the fullest extent possible in accordance with applicable law and practicable, in Qualified Investments having maturities consonant with the required use thereof, subject to the provisions of Sections 3.03 and 4.15 hereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia State Board of Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to

the appropriate fund, except as otherwise provided in Section 3.03 hereof.

C. CHANGE OF FISCAL AGENT. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Bond, obtain signed user agreements from at least 243 bona fide full time users initially upon the System, in full compliance with the requirements and conditions of the Purchaser.

Section 3.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held with the Bank designated in Section 3.01 hereof, as separate funds distinct from all other funds and accounts held by the Bank under this Bond Legislation, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Bond Legislation, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds and accounts held by the Issuer or otherwise shall, upon receipt, be paid to the Bank for deposit in the Earnings Fund. Annually, on the last day of each Bond Year or on the preceding business day in the event that such last day is not a business day, the Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Bank shall transfer all amounts remaining in the Earnings Fund to be used for the payment of Debt Service on the next interest payment date and for such purpose, Debt Service due from the Issuer on such date shall be credited by an amount equal to the amount so transferred.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 30 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Purchaser and Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 30 days following the last day of each Bond Year and within 30 days following the date of the retirement of the Bond, the Issuer shall calculate, and shall provide written notice to the Purchaser and Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bond in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bond shall be determined based on the actual Yield of the Bond during the period between the Closing Date of the Bond and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bond, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bond, the Issuer shall direct the Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the Issuer. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATION OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value.

In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bond, records of the determinations made pursuant to this Section 3.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 3.03, the Issuer and the Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants and consultants compensated on such reasonable basis as the Issuer or the Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bond, as may be necessary in order to fully comply with Section 148(f) of the Code. Additionally, in the event of a failure to pay to the United States any amount required under Section 148(f) of the Code, the Issuer will pay to the United States a penalty in an amount equal to the sum of 50% of the amount not paid, plus interest at the required rate on the portion of the amount which was not paid on the required date, beginning on such date, unless waived.

ARTICLE IV

GENERAL COVENANTS, ETC.

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund (other than sums required to be transferred to the Earnings Fund) a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Bond and sufficient to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

- (a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the

Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(d) Worker's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed

with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Worker's compensation coverage will be maintained as provided by law.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$30,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment upon the Bond at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on

the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 4.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 4.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 4.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 4.15. Arbitrage. The Issuer shall not take, or permit or suffer to be taken, any action with respect to the Gross Proceeds of the Bond which would cause the Bond to be an "arbitrage

bond" within the meaning of Section 148 of the Code and Regulations promulgated thereunder.

Section 4.16. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bond is used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bond during the term thereof is, under the terms of the Bond or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bond are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bond during the term thereof is, under the terms of the Bond or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bond used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bond is for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bond or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bond to be "federally guaranteed" within the meaning of Section 149(b) of the Code and Regulations promulgated thereunder.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the exemption from taxation of the interest on the Bond, including

without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take all actions that may be required of it so that the interest on the Bond will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions which would adversely affect such exclusion.

FOR VALUE RECEIVED, PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4 (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri, 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of THREE HUNDRED SEVENTY THOUSAND DOLLARS (\$370,000) plus interest on the unpaid principal balance at the rate of .5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$1,817, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments

last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond

does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Preston County Public Service District No. 4 (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Preston County of said State.

B. The Issuer presently owns a public waterworks system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public waterworks system of the Issuer, including a new water storage tank, water mains and a booster pump, together with all appurtenant facilities (collectively, the "Project") (the existing public waterworks system of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Bonds, and to make payments into all funds and accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 1997 A (West Virginia Water Development Authority), in the aggregate principal amount of not more than \$290,000 (the "Series 1997 A Bonds"), and Water Revenue Bonds, Series 1997 B (United States Department of Agriculture), in the aggregate principal amount of not more than \$800,000 (the "Series 1997 B Bonds") (collectively, the "Series 1997 Bonds"), to permanently finance the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 1997 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1997 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1997 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 1997 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by the Supplemental Resolution of the Issuer, and its Series 1997 B Bonds be sold to the Government (as hereinafter defined), pursuant to the terms and provisions of a Letter of Conditions (as hereinafter defined).

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 1997 Bonds as to liens, pledge and source of and security for payment, being the Issuer's Water Revenue Bond, Series 1987 (the "Prior Bonds"), dated May 11, 1988, issued in the original aggregate principal amount of \$370,000, pursuant to a resolution adopted by the Issuer on October 1, 1987, and an amendatory resolution adopted by the Issuer on May 11, 1988 (collectively, the "Prior Resolution"). The Issuer has met the parity test requirements of the Prior Bonds and the Prior Resolution and has obtained the consent of the Holders of the Prior Bonds to the issuance of the Series 1997 Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 1997 Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council, the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 1997 Bonds or such final order will not be subject to appeal or rehearing.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 1997 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 1997 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Any Series 1997 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Any such executed Certificate of Authentication and Registration upon any Series 1997 A Bond shall be conclusive evidence that such Series 1997 A Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 1997 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Series 1997 A Bonds issued hereunder. The provisions of this Section 3.04A relating to authentication shall not apply to the Series 1997 B Bonds, notwithstanding anything herein to the contrary.

B. The Issuer shall be the Bond Registrar with respect to the Series 1997 B Bonds and will keep, or cause to be kept, at its office, sufficient books for the registration and transfer of the Series 1997 B Bonds, and, upon presentation for such purpose, the Issuer shall, under such reasonable regulations as it may prescribe, register the Series 1997 B Bonds initially issued pursuant hereto and register the transfer, or cause to be registered, on such books, the transfer of the Series 1997 B Bonds as hereinafter provided.

The Issuer shall accept the Series 1997 B Bonds for registration or transfer only if ownership thereof is to be registered in the name of the Government, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust, and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 1997 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 1997 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Bonds remain outstanding, the Bond Registrar shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions

of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate (where applicable) and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 1997 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No Holder or Holders of the Series 1997 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 1997 Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of the Series 1997 A Bonds and the Series 1997 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. A. The Issuer shall execute and deliver the Series 1997 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 1997 A Bonds to the original purchasers upon receipt of the documents set forth below:

B. With respect to the Series 1997 B Bonds, the Chairman is hereby authorized and directed to cause the Series 1997 B Bonds, hereby awarded to the Government pursuant to prior agreement, to be delivered to the Government as soon as the Government will accept such delivery.

Section 3.10. Form of Bonds. The text of the Series 1997 Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

No. AR-_____

\$ _____

KNOW ALL MEN BY THESE PRESENTS: That PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4, a public corporation and political subdivision of the State of West Virginia in Preston County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of _____ DOLLARS (\$ _____), in installments on October 1 of each year, beginning October 1, 199____, as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, such interest shall be payable on April 1 and October 1 in each year, beginning _____ 1, 199____. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar"), on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated _____, 199____.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); (ii) to pay interest on the Bonds of this Series (the "Bonds") during the construction of the Project and for not more than 6 months thereafter; (iii) to fund a reserve account for the Bonds; and (iv) to pay certain costs of issuance hereof and related costs. The existing public waterworks system of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond Resolution duly adopted by the Issuer on _____, 199__, and a Supplemental Resolution duly adopted by the Issuer on _____, 199__ (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) WATER REVENUE BOND, SERIES 1987, DATED MAY 11, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$370,000 (THE "PRIOR BONDS"), AND (2) WATER REVENUE BONDS, SERIES 1997 B (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED THE DATE HEREOF, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$ _____ (THE "SERIES 1997 B BONDS").

Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Net Revenues, the moneys in the Series 1997 A Bonds Reserve Account and unexpended proceeds of the Bonds. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable

expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds and the Series 1997 B Bonds; provided however, that so long as there exists in the Series 1997 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding prior to or on a parity with the Bonds, including the Prior Bonds and the Series 1997 B Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, the Bonds will be in default should any proceeds of the Bonds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

FOR VALUE RECEIVED, the PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4 (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of _____ DOLLARS (\$ _____), plus interest on the unpaid principal balance at the rate of _____ % per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$ _____, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation, nor shall the Borrower be obligated to pay the same or the interest thereon except from the special fund so provided.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at said office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the

charges, if any, provided in the herein defined Resolution, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond Resolution duly adopted by the Borrower on _____, 199__, and a Supplemental Resolution duly adopted by the Borrower on _____, 199__ (collectively, the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) WATER REVENUE BOND, SERIES 1987, DATED MAY 11, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$370,000 (THE "PRIOR BONDS"), AND (2) WATER REVENUE BONDS, SERIES 1997 A (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY), DATED THE DATE HEREOF, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$ _____ (THE "SERIES 1997 A BONDS").

All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, (i) each month, on or before the due date of payment of each installment of the Prior Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Prior Bonds, the amounts required to pay the interest on the Prior Bonds, and to amortize the principal of the Prior Bonds over the life of the Prior Bonds; (ii) each month, on or before the due date of payment of each installment of the Series 1997 B Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Series 1997 B Bonds, the amounts required to pay the interest on the Series 1997 B Bonds, and to amortize the principal of the Series 1997 B Bonds over the life of the Series 1997 B Bonds; (iii) on the first day of each month, commencing 7 months prior to the first date of payment of interest on the Series 1997 A Bonds for which interest has not been capitalized, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1997 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on the Series 1997 A Bonds on the next ensuing semiannual interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1997 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next semiannual interest payment date, the required amount of interest coming due on such date; and (iv) on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Series 1997 A Bonds, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1997 A Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on the Series 1997 A Bonds on the next ensuing annual principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1997 A Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(3) The Issuer shall next, simultaneously, on the first day of each month, transfer from the Revenue Fund and (i) remit to the Depository Bank the amount required by the Prior Resolution to be deposited in the Series 1987 Bonds Reserve Account; (ii) remit to the Depository Bank for deposit in the Series 1997 B Bonds Reserve Account, an amount equal to 1/120th of the Series 1997 B Bonds Reserve Requirement; and (iii) commencing 13 months prior to the first date of payment of principal of the Series 1997 A Bonds, if not fully funded upon issuance of the Series 1997 A Bonds, remit to the Commission for deposit in the Series 1997 A Bonds Reserve Account, an amount equal to 1/120th of the Series 1997 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 1997 A Bonds Reserve Account or the Series 1997 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1997 A Bonds Reserve Requirement and the Series 1997 B Bonds Reserve Requirement, respectively.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, the moneys remaining in the Revenue Fund, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$76,870, and thereafter, such sums as shall be required to maintain such amount therein, so long as the Prior Bonds remain outstanding. In addition, the Issuer shall, so long as the Series 1997 Bonds remain outstanding, on the first day of each month, transfer from the Revenue Fund to the Depreciation Reserve, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bonds as they become due, and next to restore to the Reserve Accounts any sum or sums transferred therefrom, all on a pro rata basis. Thereafter, and provided that payments into the Reserve Accounts are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used by the

Issuer to prepay portions of the principal amount of the Bonds, pro rata, or for any lawful purpose of the System.

Moneys in the Series 1997 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 1997 A Bonds as the same shall become due. Moneys in the Series 1997 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1997 A Bonds as the same shall come due, when other moneys in the Series 1997 A Bonds Sinking Fund are insufficient therefor, and for no other purpose, except for transfers to the Rebate Fund permitted hereunder.

Moneys in the Series 1997 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1997 B Bonds as the same shall come due, when other moneys are insufficient therefor, and for no other purpose. Whenever the moneys in the Series 1997 B Bonds Reserve Account shall be sufficient to prepay the Series 1997 B Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay, at the earliest practical date and in accordance with applicable provisions hereof, the Series 1997 B Bonds and accrued interest thereon to such prepayment date.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1997 A Bonds Sinking Fund and the Series 1997 A Bonds Reserve Account (if fully funded) shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 1997 A Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 1997 A Bonds, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 1997 A Bonds Reserve Account or the Series 1997 B Bonds Reserve Account which result in a reduction in the balance of such accounts to below the Series 1997 A Bonds Reserve Requirement and the Series 1997 B Bonds Reserve Requirement, respectively, shall be subsequently restored from the first Net Revenues available after all required payments have been made as set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 1997 A Bonds Sinking Fund, the Series 1997 A Bonds Reserve Account or the Series 1997 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the respective aggregate principal amount of the Series 1997 A Bonds and the Series 1997 B Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturity dates thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds, the Series 1997 A Bonds and the Series 1997 B Bonds in accordance with the respective principal amounts then outstanding.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Series 1997 B Bonds Reserve Account and the Depreciation Reserve as herein provided, and all amounts required for the Series 1997 B Bonds Reserve Account and the Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written directions stating the amount remitted for deposit into each such fund.

The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Government and the Authority.

The Commission is hereby designated as the fiscal agent for the administration of the Series 1997 A Bonds Sinking Fund and the Series 1997 A Bonds Reserve Account created hereunder, and all

amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at any time, the Issuer shall make the necessary arrangements whereby required payments into the Series 1997 A Bonds Sinking Fund and the Series 1997 A Bonds Reserve Account shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required hereunder.

Moneys in the Series 1997 A Bonds Sinking Fund and the Series 1997 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund permitted hereunder, the Series 1997 A Bonds Sinking Fund, the Series 1997 A Bonds Reserve Account and the Series 1997 B Bonds Reserve Account, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1997 A Bonds and the Series 1997 B Bonds, respectively, and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. The Issuer shall on the first day of each month (if such day is not a business day, then the next succeeding business day) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 1997 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at any time, make the necessary arrangements whereby such required payments shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in any of the funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of the Series 1997 Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1997 A Bonds, there shall first be deposited with the Commission in the Series 1997 A Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided that, such amount may not exceed the amount necessary to pay interest on the Series 1997 A Bonds for the period commencing on the date of issuance of the Series 1997 A Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1997 A Bonds, there shall be deposited with the Commission in the Series 1997 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 1997 A Bonds Reserve Account, and from the proceeds of the Series 1997 B Bonds, there shall be deposited with the Depository Bank in the Series 1997 B Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 1997 B Bonds Reserve Account.

C. Next, from the proceeds of the Series 1997 A Bonds, there shall first be credited to the Series 1997 A Bonds Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, and any borrowings by the Issuer from the Authority, including interest accrued thereon to the date of such payment, not otherwise paid from funds of the Issuer.

D. The proceeds derived from the sale of the Series 1997 A Bonds shall be deposited with the Depository Bank in the Series 1997 A Bonds Construction Trust Fund and applied solely to pay the costs of the Project in the manner set forth in Section 6.02A.

E. The proceeds derived from the sale of the Series 1997 B Bonds shall be deposited with the Depository Bank in the Series 1997 B Bonds Construction Trust Fund and applied solely to pay the costs of the Project in the manner set forth in Section 6.02B.

F. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Series 1997 A Bonds Construction Trust Fund and the Series 1997 B Bonds Construction Trust Fund and shall comply with all requirements with respect to the disposition of the moneys in such funds set forth herein. Except with respect to any transfers to the Rebate Fund permitted hereunder, moneys in the Series 1997 A Bonds

Construction Trust Fund and the Series 1997 B Bonds Construction Trust Fund shall be used solely to pay the costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 1997 A Bonds and the Series 1997 B Bonds, respectively.

Section 6.02. Disbursements From the Bond Construction Trust Fund.

A. Except as provided in Section 6.01 hereof, disbursements from the Series 1997 A Bonds Construction Trust Fund (except for the costs of issuance of the Series 1997 A Bonds which shall be made upon request of the Issuer) shall be made each month only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(i) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(ii) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a cost of the Project;

(iii) That each of such costs has been otherwise properly incurred; and

(iv) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Series 1997 A Bonds Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Series 1997 A Bonds Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Series 1997 A Bonds Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

After completion of the Project, as certified by the Consulting Engineers, and all costs of the Project have been paid, the Depository Bank shall transfer any moneys remaining in the Series 1997 A Bonds Construction Trust Fund to the Series 1997 A Bonds Reserve Account, provided that, in no event shall more than 10% of the proceeds from the sale of the Series 1997 A Bonds be deposited in the Series 1997 A Bonds Reserve Account, and when the Series 1997 A Bonds Reserve Account is fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter,

apply such moneys in full, first to the next ensuing interest payment due on the Series 1997 A Bonds and thereafter to the next ensuing principal payment due thereon.

B. Moneys in the Series 1997 B Bonds Construction Trust Fund shall be applied solely to pay the costs of the Project upon vouchers and other documentation approved by the Government. Upon completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Series 1997 B Bonds Construction Trust Fund and pay the Government on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Series 1997 B Bonds if there are not sufficient Net Revenues to make such monthly payment. When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Series 1997 B Bonds Construction Trust Fund shall be disposed of in accordance with the regulations of the Government.

Pending such application, moneys in the Series 1997 A Bonds Construction Trust Fund and the Series 1997 B Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

All moneys in the respective Bond Construction Trust Funds shall be kept separate and apart from each other.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 1997 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 1997 Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 1997 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 1997 Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 1997 Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of the Series 1997 A Bonds and the Series 1997 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest on the Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered on July 10, 1997, in Case No. 96-1524-PSD-CN, and such rates are hereby adopted.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolution. Additionally, so long as the Series 1997 Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Government, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole,

and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1997 A Bonds, immediately be remitted to the Commission for deposit in the Series 1997 A Bonds Sinking Fund, and with respect to the Series 1997 B Bonds, immediately be remitted to the National Finance Office designated in the Series 1997 B Bonds, and, with the written permission of the Authority and the Government, the Issuer shall direct the Commission and the National Finance Office to apply such proceeds to the payment of principal of and interest on the Bonds. Any balance remaining after the payment of the Bonds and interest thereon shall be remitted to the Issuer by the Commission and the National Finance Office unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds derived from any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and the Governing Body may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds derived from any such sale shall be deposited in the Depreciation Reserve.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 1997 Bonds. All obligations issued by the Issuer after the issuance of the Series 1997 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 1997 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 1997 Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Series 1997 Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds payable out of the revenues of the System shall be issued after the issuance of the Series 1997 Bonds pursuant to this Bond Legislation, except under the additional conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolution).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1997 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions and improvements to the System or refunding the Series 1997 Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity

Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the date of issuance of such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 1997 Bonds on such revenues. The Issuer shall not

issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1997 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Notwithstanding the foregoing, or any provision of Section 7.06 hereof to the contrary, additional Parity Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority and the Government to the issuance of the additional Parity Bonds.

Section 7.08. Books; Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, the Government, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Government such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority, the Government or their agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Government, the Authority, or any other original purchaser of the Series 1997 Bonds, and shall mail in each year to any Holder or Holders of the Series 1997 Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations Outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with OMB Circular 128, or any successor thereto, and the Single Audit Act and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 1997 Bonds, and shall submit said report to the Authority, the Government, or any other original purchaser of the Series 1997 Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

The Issuer shall permit the Authority, the Government, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority, the Government, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Government with respect to the System pursuant to the Act.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 1997 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Series 1997 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 1997 A Bonds Reserve Account, the Series 1997 B Bonds Reserve Account and any reserve accounts for obligations prior to or on a parity with or junior to the Series 1997 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 1997 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1997 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget; Audit and Monthly Financial Report.
The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Government within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the

Authority, the Government and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority, the Government and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an Independent Certified Public Accountant in compliance with OMB Circular 128, or any successor thereto, and the Single Audit Act, the report of which audit shall be submitted to the Authority and the Government and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation, the Act and the Loan Agreement and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement as Exhibit C, and forward a copy of such report to the Authority by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority and the Government covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority, the Government and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer agrees that qualified operating personnel properly certified by the State will be employed to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the sewerage system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the sewerage facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the sewerage system provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 1997 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Depreciation Reserve and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Depreciation Reserve. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the Government, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Government, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia necessary for the acquisition and construction of the Project and the operation of the System.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1997 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest

due on the Series 1997 A Bonds during the term thereof is, under the terms of the Series 1997 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1997 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1997 A Bonds during the term thereof is, under the terms of the Series 1997 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 1997 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 1997 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1997 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 1997 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1997 A Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 1997 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1997 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 1997 Bonds, and shall be on a parity with each other and with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer agrees to comply with all the terms and conditions of the Loan Agreement, the Act and all applicable laws, rules and regulations issued by the Authority, or other State, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base), so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account except as otherwise provided herein with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest on the Series 1997 A Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 1997 A Bonds which would cause the Series 1997 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 1997 A Bonds) so that the

interest on the Series 1997 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1997 A Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1997 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be

kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1997 A Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 1997 A Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority, including information with respect to earnings on all funds constituting "gross proceeds" of the Series 1997 A Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 1997 Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any of the Series 1997 Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 1997 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 1997 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolution.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on either series of the Series 1997 Bonds, it shall constitute an "Event of Default" with respect to the other series of Series 1997 Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including, but not limited to, the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided that, all rights and remedies of the Holders of the Series 1997 Bonds shall be on a parity with each other and with the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the

protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

DEFEASANCE AND PAYMENT OF BONDS

Section 10.01. Defeasance of Series 1997 A Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of the Series 1997 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 1997 A Bonds only, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1997 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Series 1997 A Bonds from gross income for federal income tax purposes.

Series 1997 A Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due either at maturity or at the next redemption date, the principal installments of and interest on such Series 1997 A Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 1997 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of and interest due and to become due on said Series 1997 A Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 1997 A Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

Section 10.02. Payment of Series 1997 B Bonds. If the Issuer shall pay or there shall otherwise be paid, to the Holder of the Series 1997 B Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 1997 B Bonds, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 1997 B Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Bond Legislation. Prior to issuance of the Series 1997 Bonds, this Resolution may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 1997 Bonds, no material modification or amendment of this Resolution, or of any resolution amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 1997 Bonds shall be made without the consent in writing of the Registered Owners of the Series 1997 Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of the Series 1997 Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the funds herein respectively pledged therefor without the consent of the Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of the Series 1997 Bonds required for consent to the above-permitted amendments or modifications. Notwithstanding the foregoing, this Bond Legislation may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the exclusion of interest on the Series 1997 A Bonds from gross income of the holders thereof.

Section 11.02. Bond Legislation Constitutes Contract. (SPECIMEN SERIES 1997 B BOND)

UNITED STATES OF AMERICA
STATE OF WEST VIRGINIA
PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4
WATER REVENUE BOND, SERIES 1997 B
(UNITED STATES DEPARTMENT OF AGRICULTURE)

No. BR-1

\$800,000

FOR VALUE RECEIVED, the PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4 (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of EIGHT HUNDRED THOUSAND DOLLARS (\$800,000), plus interest on the unpaid principal balance at the rate of 4.875% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$3,864, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation, nor shall the Borrower be obligated to pay the same or the interest thereon except from the special fund so provided.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at said office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolution, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of

West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and a Bond Resolution duly adopted by the Borrower on November 7, 1997, and a Supplemental Resolution duly adopted by the Borrower on November 7, 1997 (collectively, the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) WATER REVENUE BOND, SERIES 1987, DATED MAY 11, 1988, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$370,000 (THE "PRIOR BONDS"), AND (2) WATER REVENUE BONDS, SERIES 1997 A (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY), DATED THE DATE HEREOF, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$290,000 (THE "SERIES 1997 A BONDS").

IN WITNESS WHEREOF, PRESTON COUNTY PUBLIC SERVICE DISTRICT NO. 4 has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, and has caused this Bond to be dated November 7, 1997.
