BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF PUTNAM PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Putnam Public Service District (the "Issuer") is a public service district and public corporation and political subdivision of the State of West Virginia in Putnam County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, improvements and betterments to the existing public sewerage system of the Issuer, consisting of an upgrade to the Hometown wastewater treatment plant, together with all appurtenant facilities (collectively, the "Project"), which constitute

properties for the collection, treatment, purification and disposal of liquid and solid waste, sewage and industrial waste (the existing public sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), pursuant to the Act.

D. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of Operating Expenses of the System, the principal of and interest on the Bonds (as hereinafter defined) and to make payments into all funds and accounts and other payments provided for herein.

E. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds, Series 2008 B (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than \$509,000 (the "Series 2008 B Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2008 B Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in any Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2008 B Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2008 B Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. It is in the best interests of the Issuer that its Series 2008 B Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement (the "Loan Agreement") by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council") in form satisfactory to the Issuer, the Authority and the Council, approved hereby if not previously approved by resolution of the Issuer.

H. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2008 B Bonds as to liens, pledge and source of and security for payment, being the Issuer's: (i) Sewer Revenue Bonds, Series 1975 (United States Department of Agriculture), dated

October 23, 1975, issued in the original aggregate principal amount of \$605,000 (the "Series 1975 Bonds"), (ii) Sewer Revenue Bonds, Series 1979 (United States Department of Agriculture), dated September 12, 1980, issued in the original aggregate principal amount of \$2,200,000 (the "Series 1979 Bonds"), (iii) Sewer Revenue Bonds, Series 1993 (West Virginia Water Development Authority), dated March 30, 1993, issued in the original aggregate principal amount of \$267,000 (the "Series 1993 Bonds"), (iv) Sewer Revenue Bonds, Series 1995 (United States Department of Agriculture), dated May 2, 1995, issued in the original aggregate principal amount of \$1,300,000 (the "Series 1995 Bonds"), (v) Sewer Revenue Bonds, Series 2002 A, dated March 7, 2002, issued in the original aggregate principal amount of \$7,078,000 (the "Series 2002 A Bonds"), (vi) Sewer Revenue Bonds, Series 2002 B (West Virginia SRF Program), dated March 7, 2002, issued in the original aggregate principal amount of \$1,422,000 (the "Series 2002 B Bonds"), (vii) Sewer Revenue Bonds, Series 2006 A (United States Department of Agriculture), dated May 12, 2006, issued in the original aggregate principal amount of \$4,946,000 (the "Series 2006 A Bonds"), (viii) Sewer Revenue Bonds, Series 2006 B (United States Department of Agriculture), dated May 12, 2006, issued in the original aggregate principal amount of \$2,104,000 (the "Series 2006 B Bonds"); (ix) Sewer Revenue Bonds, Series 2007 A (West Virginia Infrastructure Fund), dated March 19, 2007, issued in the original aggregate principal amount of \$2,330,000 (the "Series 2007 A Bonds") and (x) Sewer Revenue Bonds, Series 2008 A (West Virginia SRF Program), dated January 28, 2008, issued in the original aggregate principal amount of \$3,680,000 (the "Series 2008 A Bonds") (collectively referred to as the "Prior Bonds."). The Series 2008 B Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2008 B Bonds, the Issuer will obtain (i) a certificate of an independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met, (ii) obtain the written consent of the Holders of the Prior Bonds to the issuance of the Series 2008 B Bonds on a parity with the Prior Bonds, and (iii) obtain the consent of the Authority to the issuance of the Bonds without prepayment of the Prior Notes. Other than the Prior Bonds and the Prior Notes, there are no outstanding bonds or obligations of the Issuer which are secured by revenue or assets of the System. The Issuer is in compliance with the covenants of the Prior Bonds and the Prior Resolutions.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2008 B Bonds, or will have so complied prior to issuance of any thereof, including, the approval of the Project and the financing thereof by the Council and the obtaining of a certificate of convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all Series 2008 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the holders of the Prior Bonds. (5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2.2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account; and shall use the monies therein as provided by the Prior Resolutions, except that any deficiencies in the debt service payments on the Series 2008 B Bonds shall be payable from the Renewal and Replacement Fund on a parity with the Prior Bonds. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Accounts (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose of the System.

Monies in the Series 2008 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2008 B Bonds as the same shall become due. Monies in the Series 2008 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2008 B Bonds as the same shall come due, when other monies in the Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2008 B Bonds Sinking Fund shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, as applicable, be deposited in the Series 2008 B Bonds Construction Trust Fund, and following completion thereof, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2008 B Bonds.

Any withdrawals from the Series 2008 B Bonds Reserve Account, which result in a reduction in the balance of such account to below the Reserve Requirement thereof, shall be restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2008 B Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective Reserve Accounts in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2008 B Bonds Sinking Fund, or the Series 2008 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2008 B Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, if applicable, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2008 B Bonds.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2008 B Bonds Sinking Fund, and the Series 2008 B Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2008 B Bonds Sinking Fund and the Series 2008 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2008 B Bonds Sinking Fund and the Series 2008B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2008 B Bonds, under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 2008 B Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

I. If the Issuer is subject to the rebate requirements of Section 148(f) of the Code and not exempted from such requirements, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, as more fully described in Article VIII.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds.

From the monies received from the sale of the Series 2008 B Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2008 B Bonds, there shall first be deposited with the Commission in the Series 2008 B Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2008 B Bonds for the period commencing on the date of issuance of the Series 2008 B Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. From the proceeds of the Series 2008 B Bonds, there shall be deposited with the Commission in the Series 2008 B Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2008 B Bonds Reserve Account.

C. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2008 B Bonds, such monies shall be deposited with the Depository Bank in the Series 2008 B Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2008 B Bonds.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2008 B Bonds shall be expended as approved by the Council.

Section 6.02. Disbursements From the Bond Construction Trust Fund. The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements of the proceeds of the Series 2008 B Bonds from the Series 2008 B Bonds Construction Trust Fund shall be made only after submission to, and approval from, the Council of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

- (1) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;
- (2) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;
- (3) Each of such costs has been otherwise properly incurred; and

(4) Payment for each of the items proposed is then due and owing.

Pending such application, monies in the Series 2008 B Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

The Issuer shall expend all proceeds of the Series 2008 B Bonds within 3 years of the date of issuance of the Authority's bonds, the proceeds of which were used to make the loan to the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2008 B Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2008 B Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2008 B Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2008 B Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Series 2008 B Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all the Series 2008 B Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with lien on the Net Revenues in favor of the holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2008 B Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and shall provide an opinion of counsel to the Issuer of such effect. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Commission Order of the Public Service Commission of West Virginia entered April 23, 2008, in Case No. 06-0743-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds and Series 2008 B Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2008 B Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take

all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority and the Council.

So long as the Series 2008 B Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Series 2008 B Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2008 B Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Series 2008 B Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Governing Body may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of Prior Resolution and this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the source fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2008 B Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2008 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the RUS Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the RUS Bonds are no longer outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2008 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2008 B Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2008 B Bonds and shall submit said report to the Authority and the Council, or any other original purchaser of the Series 2008 B Bonds. Such audit report submitted to the Authority and the Council shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the Council with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2008 B Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds

created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (I) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 B Bonds, including the Prior Bonds; provided that, in the event that an amount equal to or in excess of the reserve requirement is on deposit in the Series 2008 B B Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2008 B Bonds including Prior Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 B Bonds including Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Authority and the Council, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Council, the Authority and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Council and the Authority, the Project is adequate for

the purposes for which it was designed, the funding plan as submitted to the Council and the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Council and the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Council and the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of either the System or the water system and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2008 B Bonds as a condition to issuance of the Series 2008 B Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2008 B Bonds as may be necessary in order to maintain the status of the Series 2008 B Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2008 B Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or the Council, as the case may be, from which the proceeds of the Series 2008 B Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth

in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2008 B Bonds and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2008 B Bonds:

- (1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2008 B Bonds; or
- (2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2008 B Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2008 B Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond;
- (3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or
- (4) If default occurs with respect to the Prior Bonds or the Prior Resolutions.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on the Series 2008 B Bonds or the Prior Bonds, it shall constitute an "Event of Default" with respect to the Series 2008 B Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2008 B Bonds shall be on a parity with the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the

System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2008 B Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2008 B Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied; except as may otherwise be necessary to assure the exclusion of interest on the Series 2008 B Bonds from gross income for federal income tax purposes.

ARTICLE XI

Section 11.03. Severability of Invalid Provisions. (d) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and the Council shall have received a certificate of the Consulting Engineers to such effect;

(e) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority and the Council, to such effect;

(f) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and the Council shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority and the Council, to such effect;

The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority or such later date as is agreed to in writing by the Council.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Council for loans from the Infrastructure Fund to finance projects and that the obligation of the Authority to make any such loan is subject to the Council's authorization and the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Infrastructure Fund to purchase all the Local Bonds and that, prior to execution of this Loan Agreement, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows, unless the specific provision or covenant is modified or waived by the Council:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues shall be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof (which, with an approving opinion of bond counsel to the Governmental Agency, may be with a letter of credit or surety) in an amount

equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Governmental Agency has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the gross or net revenues of the System, as more fully set forth in Schedule X attached hereto and in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Council and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds

outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and the Council; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and the Council, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Governmental Agency's

revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Governmental Agency shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and the Council, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency may not redeem any Local Bonds by it without the written consent of the Authority and the Council and otherwise in compliance with this Loan Agreement;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for the Local Bonds;

(xvii) That the Governmental Agency shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Governmental Agency shall complete the Monthly Payment Form, attached hereto as Exhibit D and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the

Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the State's general obligation bonds or any bonds secured by the Local Bonds;

(xx) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xxii) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Internal Revenue Code of 1986, as amended) from time to time as the Authority may request;

The monthly requisitions submitted to the Council shall also certify that the Governmental Agency is monitoring compliance by its contractors and subcontractors and that the required information has been submitted.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. ARTICLE V

Certain Covenants of the Governmental Agency; Imposition and Collection of User Charges; Payments To Be Made by Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Loan Agreement, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under the Act and State law, including, without limitation, the right to an appointment of a receiver.

In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.3 Notwithstanding Section 6.2, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.4 The Governmental Agency hereby agrees to give the Authority and the Council prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

OPINION OF BOND COUNSEL FOR GOVERNMENTAL AGENCY

[To Be Dated as of Date of Loan Closing]

West Virginia Infrastructure and
Jobs Development Council

Charleston, West Virginia 25301

West Virginia Water Development Authority

Charleston, West Virginia 25311

Ladies and Gentlemen:

We are bond counsel to _____ (the
"Governmental Agency"), a _____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a loan agreement dated _____, _____, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and (ii) the issue of a series of revenue bonds of the Governmental Agency, dated _____, (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are issued in the principal amount of \$_____, in the form of one bond, registered as to principal and interest to the Authority, with interest and principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, beginning _____, 1, _____, and ending _____, 1, _____, as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and
(ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond _____ duly adopted or enacted by the Governmental Agency on _____, as supplemented by the supplemental resolution duly adopted by the Governmental Agency on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement has been undertaken. The Local Bonds are subject to redemption prior

to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency, enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and the Council and cannot be amended so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Governmental Agency without the consent of the Authority and the Council.

3. The Governmental Agency is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Governmental Agency and constitute valid and binding obligations of the Governmental Agency, enforceable against the Governmental Agency in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Governmental Agency to the Authority and are valid, legally enforceable and binding special obligations of the Governmental Agency, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

CASE NO. 07-1852-PSD-CN

PUTNAM PUBLIC SERVICE DISTRICT

Application for Certificate of Convenience and Necessity for construction, operation and maintenance of an upgrade to its Hometown wastewater treatment plant located in Putnam County, and for approval of financing related thereto, and for approval of increased rates and charges.

RECOMMENDED DECISION

PROCEDURE

On September 26, 2007, Putnam Public Service District ("District"), by counsel Robert R. Rodecker, filed with the Public Service Commission ("Commission"), pursuant to W. Va. Code §§16-13A-25 and 24-2-11, an application for a certificate of convenience and necessity to construct an upgrade to its Hometown wastewater treatment plant, and for approval of financing and increased rates. The District clarified that this project is Phase II of a two-part project; Phase I was approved in Case No. 06-0743-PSD-CN (2007), and permits from the Office of Environmental Health Services and the West Virginia Division of Highways, which were necessary for both phases, had been filed in that case. Included with this application was the NPDES permit for this project, No. WV0028045, issued June 29, 2007, by the West Virginia Department of Environmental Protection ("DEP"). Other supporting documentation was also filed.

Also on September 26, 2007, the Commission directed the District to publish a Notice of Filing, which provided that, if no protest was filed within thirty days after the date of publication, the Commission might waive formal hearing and grant the application based upon its review of the evidence submitted with the application.

On October 10, 2007, by Order, the Commission referred this matter to the Division of Administrative Law Judges ("ALJ Division") for decision no later than April 23, 2008, if a timely protest was received, and no later than February 8, 2008, if no such protest was filed.

On October 15, 2007, the District, by counsel, filed an affidavit of publication establishing that the Notice of Filing had been published on October 9, 2007, in The Putnam Standard, and, on

October 22, 2007, the District, by counsel, filed an affidavit establishing that the District had mailed or would mail, no later than October 29, 2007, a copy of the Notice of Filing to each of its sewer customers, per the requirements of Rule 10.3.d of the Commission's Rules of Practice and Procedure.

On October 19, 2007, David C. Brown filed a protest to a rate increase.

On October 31, 2007, Staff Attorney Ronald E. Robertson, Jr., filed an Initial Joint Staff Memorandum, with an attached memorandum from Karen Buckley, of the Water and Wastewater Division, and Sylvie Steranka, of the Engineering Division. Staff synopsised the application and listed further information needed for its review. Also filed were discovery requests that Mr. Robertson was serving on the District.

On November 9, 2007, James and Fern B. Hunter ("Hunters" or "Intervenors") filed a motion for intervention in this matter, explaining that their property adjoins that of the Hometown wastewater treatment plant. The Hunters argued that the plant should be retired and the wastewater it treats be treated by a treatment plant on the north side of Putnam County.

On November 29, 2007, the undersigned issued a Procedural Order granting the Hunters intervenor status; clarifying that the decision due date in this matter was April 23, 2008; ordering Staff to file its final memorandum no later than January 3, 2008; scheduling this matter for hearing at 10 a.m. on January 22, 2008, in the Howard M. Cunningham Hearing Room, Commission Building, 201 Brooks Street, Charleston, West Virginia; and ordering the District to publish an attached Notice of Hearing

On November 30, 2007, the District filed its responses to Staff's discovery requests.

On December 10, 2007, the Putnam County Chamber of Commerce, by its president, Marty Chapman, filed a letter in support of the District's request to renovate the treatment plant.

On January 2, 2008, Mr. Robertson filed the Final Joint Staff Memorandum, with an attached memorandum from Ms. Buckley and Ms. Steranka, stating that the project, upgrading the Hometown wastewater treatment plant (built in 1970), was approved (along with the Phase I project) by the West Virginia Infrastructure and Job Development Council ("WVIJDC") and will be comprised of the following: upgrading the aeration system and the influent pumping station; constructing a new effluent pumping station; installing a new washwater system, grit chamber, and sewage grinder and screen; replacing positive displacement blowers; and adding new flow metering equipment. Staff further stated the following: The capacity of the treatment plant will remain at 250,000 gallons per day ("gpd"). The estimated total cost of the project is \$1,809,000, including an estimated total construction cost of \$1,397,500; the costs are reasonable. The project will be funded by a \$1,300,000 U.S. Department Army Corps of Engineers grant and a \$509,000 WVIJDC loan, payable over forty years with a 0% interest rate. The project is needed to replace worn-out mechanical equipment and to monitor influent and effluent conditions; it also will decrease maintenance activities that are

sometimes dangerous. Having examined the request by the Hunters that another treatment plant be utilized rather than that the Hometown plant be upgraded, Staff pointed out that the newest plant in the vicinity, the Buffalo plant, located about twelve miles away, has a capacity of 400,000 gpd, but 290,000 gpd is reserved for the Toyota plant and 60,000 gpd is used by customers near the Toyota plant. Only 50,000 gpd capacity of the Buffalo plant is therefore unused and the approximately 600 customers served by the Hometown plant would require a capacity three to five times that 50,000 gpd capacity. Staff, accordingly, found the Hunters' suggestion to be infeasible and recommended that the certificate be granted and the project and its funding be approved. Staff recommended that no rate increase be approved.

On January 15, 2008, the Hunters filed a response, disagreeing that the plant should be upgraded.

On January 22, 2008, the hearing was held as scheduled. Mr. Rodecker appeared on behalf of the District; Mr. Robertson appeared on behalf of Staff; and Mr. Hunter appeared pro se. Mr. Rodecker expressed his realization that the District had failed to publish the Notice of Hearing. He also stipulated the District's agreement with Staff's recommendations, including that no rate increase was necessitated by the project. (Tr. 7). Extensive evidence was presented.

On January 25, 2008, the Hunters filed a letter apologizing "for being unprepared for the hearing in Charleston[.]" They requested that they be allowed to "submit further materials ... regarding these matters not later than February 15 2008."

On January 28, 2008, the undersigned issued a Procedural Order denying the request and closing the evidentiary record, with the following explanation: "No good cause is provided as to why the materials were not submitted at hearing; 'being unprepared' is not good cause. Secondly, it is not possible to provide any foundation for submission of such materials after the hearing. Thirdly, allowing submission of information post-hearing would deny the District due process because of its inability to cross-examine any witness regarding the information in the materials." It was noted that a further hearing and notice thereof were not required.¹

On January 29, 2008, the District, by counsel, filed the certified tabulation of the bids on the project.

On February 4, 2008, the transcript was filed.

¹It was determined that a further hearing and publication of a notice thereof were not required by W.Va. Code §24-2-11 or its implementing regulation, Rule 10.3 of the Commission's Rules of Practice and Procedure, 150CSR1, and would serve no useful purpose, under the circumstances of this matter, *i.e.*, the customers of the District were provided notice of the certificate application; the only protest to the project was from the Hunters (in the form of a request for intervention); and a hearing was held, in which Mr. Hunter fully participated.

On February 5, 2008, the Hunters filed exceptions to the denial of their request. They contended that they had been unaware before the hearing that evidence would be taken on the noise issue and they would be allowed to present evidence on that issue.

On March 6, 2008, the Commission, by Order, denied the exceptions, finding that the Hunters' claim of surprise that they would be allowed to present evidence at the hearing was not credible. The Commission found that the record supported that Mr. Hunter had been aware that he would be able to present evidence, and also pointed out that Mr. Hunter had had litigation experience before the Commission in the Hunters' complaint case, Case No. 06-0115-PSWD.

On March 14, 2008, the Hunters filed a motion for reconsideration, explained in a letter filed March 17, 2008. Attached to that filing was a letter to Mr. Hunter from the chairman of the District, Jerry K. Kelley, dated January 19, 2007. The Hunters requested that the letter be considered in this matter.

On April 9, 2008, the Commission, by Order, granted the motion. Stressing that Hunters were no longer requesting a hearing, the Commission decided to "exercise its discretion to allow the ALJ to consider the filing specified in the Petition to Reconsider." The Commission clarified that, by granting the Hunters' request to allow the letter from Mr. Kelley into the record, it was not suggesting to the ALJ what weight should be accorded to the letter. The Commission further expressed that it failed to see how admission into evidence of the letter would prejudice any party or deny the District due process. The Commission, therefore, ordered the letter admitted into evidence.

EVIDENCE

District's witness Frederick Lee Hypes

Mr. Hypes testified that he is a registered professional engineer and the vice-president of engineering for Dunn Engineers, Inc. (Tr. 10). He was involved in the design of the project. (Tr. 11). Emphasizing that the plant is "old" and much of its equipment is at the end of its useful life, Mr. Hypes explained that the plant was built thirty years ago by the South Putnam Public Service District, which recently was merged with the North Putnam Public Service District to create the District. (Tr. 12, 14). He testified that the Hometown treatment plant treats wastewater from Bancroft and Hometown and will treat additional wastewater from future customers in the Red House area (the eighty customers who will be provided service pursuant to Phase I). (Tr. 12). Mr. Hypes's attention was directed to the first of two contentions made in the Hunters' letter filed January 15, 2008, which was, "For over three years, Putnam Public Service District ha[s] run incorrectly the plant in question, causing an acknowledged noise problem. We believe that to talk about expansion or 'upgrade' before curing that problem is wrong and unlawful, especially given how any expansion of the current plant will only worsen the unaddressed problem." Mr. Hypes testified that the previous operator of the

plant, North Putnam Public Service District, had only 500 to 600 customers; the District has a very high level of expertise in the operation of sewer systems and much greater resources than did the North Putnam Public Service District. In fact, he stated, the District is one of the most capable public service districts in the state and its facilities are as good as any he has seen. (Tr. 14). Regarding any noise problem, he testified that the District has already installed sound-suppressing facilities in the plant and the blowers will be replaced in their entirety as part of this project; also, sound-suppressing covers to the blowers will be installed. (Tr. 14). The District's Exhibit 2 consists of photographs of how the blowers will be covered, by aluminum covers lined by fiberglass, which act as mufflers. (Tr. 16). His attention was then directed to the second of the Hunters' contentions, which was,

We want the Commission to address the question of how upgrading the current plant does not conflict with the regionalization goals outlined so persuasively in the 'Pipes for Putnam II' report; the [Staff] memorandum does not address the wisdom of continuing to situate a plant in the middle of an area that is otherwise fully residential. According to 'Pipes for Putnam', this virtually guarantees problems in the future. Following the 'Pipes' report benefits not only us but also the entire community and county.

Mr. Hypes stated that the District, "one of the most progressive public service districts in terms of regionalization that exist in the state," had considered whether a regionalization approach should be adopted in this instance and had found it infeasible. He explained that the wastewater load treated by the plant is low, dipping to 50,000 gpd, and long, long transmission lines would need to be constructed to carry that light load and would cost millions of dollars. It would also be difficult and expensive to design an extension system that would accommodate future growth. (Tr. 16-19).

Mr. Hypes's attention was also directed to the following statement in District Exhibit 3, an "EPA Water Compliance Inspection Report," regarding the Hometown plant, which had been written by Charles A. Moses and issued September 24, 2007, by DEP: "The permittee has taken numerous measures to lessen the noise emitting from the treatment plant because of a neighboring complainant. This inspector did not hear the plant noise before the measures were put into place, but the current noise level is very low. While standing in the treatment plant, vehicles passing on the highway located over a hundred yards away could be heard over the unit noise." Mr. Hypes testified that Mr. Moses supervises the compliance unit of DEP's environmental enforcement unit, which periodically inspects plants "in a very, very thorough manner to ensure compliance." (Tr. 21). Mr. Hypes testified that the District had taken bids on the project, and entered into evidence was District Ex. 4, which showed that the low bid was \$1,975,000, which is higher than the funding for the project. (Tr. 22). Accordingly, his engineering firm has recommended that the headworks and the screw conveyor be eliminated from the project to lower the cost down to the District's funding level. (Tr. 23). Mr. Hypes concluded his direct testimony by stating that, in his professional opinion, the project is necessary and the most appropriate and cost-effective to meet the needs of the public. (Tr. 23-24).

Upon questioning by Mr. Robertson, Mr. Hypes clarified that one of the pictures in District Exhibit 2 shows the cover to the blower removed; the covers are removable for maintenance purposes. The pictures also show ventilation levers needed to release heat. (Tr. 26). He also clarified that some of the replacements involved in this project are needed solely to replace worn-out equipment and that the project will not increase the 250,000 gpd, but provisions have been made so that the plant's capacity can be expanded to 350,000 gpd in the future. (Tr. 28). Mr. Hypes stated that he would be providing to the Commission a copy of the change order necessary for the discussed modifications to the project. (Tr. 30). Mr. Rodecker stated that the District would also be providing a revised construction budget, which in all probability will not be prepared until after the decision due date of this matter. (Tr. 31).

Upon questioning by Mr. Hunter, Mr. Hypes clarified that the engineers of his firm are water and wastewater engineers, not acoustic engineers. (Tr. 32). Asked if he believed that the installation of the new blowers and covers would solve the noise problem, Mr. Hypes replied that it was his opinion that the equipment "will provide the maximum amount of noise suppression as possible at the wastewater treatment plant." He concurred with DEP's findings regarding the noise level of the plant; it was his opinion that the plant is not "unusually noisy." (Tr. 33). Asked what kind of noise he listened for, Mr. Hypes replied, "An unsilenced door or open positive displacement blower typically hums or produces an audible noise when you get within a few feet of it. I personally had been on the plant site and across the river at your home, as well as in the blower building itself, and, outside of the blower building within the plant site, I could not discern the blowers making any unusual racket." He agreed that the plant is not silent, but the sounds at it are from vehicles moving in and out of the plant, water running into and out of basins, and, when the sludge is being processed, from a Bobcat loader. (Tr. 34). He replied "sure" to a question whether it is appropriate for DEP inspectors to include in their reports information regarding noise. (Tr. 35).

District's witness Michael A. Warwick

Mr. Warwick testified that he is employed by the State Revolving Fund Program for the Division of Water and Waste Management of DEP. (Tr. 36-37). Mr. Warwick testified that, whenever a utility seeks funding for a project through WVIJDC, the project and its costs must be reviewed by the Sewer Technical Review Commission, comprised of representatives from DEP, the Commission, and the Health Department. Accordingly, he had reviewed the original application and the revisions, over several years, and had written memoranda approving aspects of the project and/or asking for changes. (Tr. 37). In response to a question whether, in his opinion the project is necessary, properly designed and appropriate for the purpose proposed by the District, Mr. Warwick replied, "Yes, sir." (Tr. 37). Asked his view on an alternate regionalization approach, Mr. Warwick testified that he had attended the meeting at which the original Pipes for Putnam County had been presented, and he remembers disagreeing with its proposal to convey wastewater from the service area of North Putnam Public Service District to a regional plant in the Town of Buffalo, many miles downstream. "[T]his was one particular aspect of the report that I did not agree with from the very beginning." (Tr. 38). Mr. Warwick testified that the regionalization plan would be more expensive

than the project at issue in this matter and that conveying the wastewater as per the plan would create a problem with septicity. (Tr. 38-39).² "As Mr. Hypes had mentioned, conveying a relatively small body of wastewater a long distance has in the past left us with problems dealing with septicity of wastewater and made it extremely difficult to treat, and also very costly with chemical additives that are needed in these types of projects." (Tr. 39).

On questioning from Mr. Robertson, Mr. Warwick testified that the useful life of equipment is twenty to thirty years. (Tr. 40). On questioning from Mr. Hunter, Mr. Warwick confirmed that his initial disagreement with Pipes for Putnam County had been based primarily on the cost of the proposed project. (Tr. 42). Asked whether he was aware that in another case the Commission had stated concern for building a wastewater treatment plant in a residential area, Mr. Warwick stated that different standards apply when considering whether a new plant should be built in a residential area and considering whether improvements should be made to a plant already in a residential area; in that instance, the considerations relate to buffer zones. (Tr. 43).

Commission Staff's witness Nathan Nelson

Mr. Nelson clarified that funding commitment letters from the U.S. Army Corps of Engineers and WVIJDC had been filed with the application. (Tr. 49). He also clarified that, if the District makes the modifications to the project that will lower its cost to \$1,809,000, no rate increase will be necessary. (Tr. 50). He also testified that, even with the additional debt service created by the WVIJDC loan, the District will have sufficient debt service coverage, of 141%, and a surplus, of \$435,871. (Tr. 50-51).

Commission Staff's witness Sylvia Steranka

Ms. Steranka testified that she is employed by the Commission in the Engineering Division as a Technical Analyst I. (Tr. 53). She has a bachelor of science degree in engineering and also a master's degree in engineering. (Tr. 59). Ms. Steranka has been employed by the Commission for over a year and her previous employment was as a project manager for a large corporation and she also consulted. (Tr. 60). Ms. Steranka testified that she had reviewed the project and concluded that most of the equipment is worn out and needs to be replaced. (Tr. 53). Ms. Steranka agreed with Mr. Hypes that the District has done everything it can to suppress noise, but she indicated she disagreed that the enclosures to the blowers should be installed, due to the heat problems such covers create and

²Asked by the undersigned to explain for the record the meaning of septicity, Mr. Hypes explained that fresh wastewater includes oxygen, but if it sits or is conveyed a distance, the oxygen is depleted, and wastewater depleted of oxygen can create odor problems and corrosion problems at the plant. (Tr. 46).

because the building is already noise-insulated. (Tr. 54; 61).³ She clarified that the NPDES permit requires that construction of the project begin by June 29, 2008, and be completed by June 29, 2009. (Tr. 56).

Upon questioning from Mr. Hunter, Ms. Steranka explained that, at other plants that had enclosures for their blowers, she had listened when the covers were on and after they were removed, and she had not really heard any difference in sound level. (Tr. 62). She repeated that she did not think enclosures were necessary for this project. (Tr. 62). The Final Joint Staff Memorandum was submitted into evidence as Staff Exhibit 1.

Intervenors' witness James Hunter

Mr. Hunter testified that the noise problem of the plant has not been fixed and that, of the four people who live on the property he lives on, two have left because of the noise. (Tr. 67-68). He opined that "it is inappropriate to even talk about upgrading before the current problem is solved." (Tr. 69, 71). Asked by the undersigned what relief he expected in this matter, he indicated that further study should be ordered and the District should be ordered to hire an expert to determine how the noise problem can be fixed. (Tr. 70, 72).

January 17, 2007 letter to Mr. Hunter from the District's chairman, Jerry K. Kelley

Mr. Kelley listed six actions the District had taken since Mr. Hunter's initial complaint, to reduce the noise of the plant. He stated that, although those actions had had a "positive effect on the sound emanations[,] ... the problem was not solved" and the District consulted an acoustical company, which recommended the installation of acoustical material inside the plant, which Mr. Kelley indicated would be done. He also stated the following: As part of the project, the installation of new air diffusers would result in lower energy requirements for the blowers and would, accordingly, lower the noise level of the blowers. Also as part of the project, the existing blowers would be replaced by "silent type" blowers.⁴

³Apparently because Ms. Steranka's voice was low, the transcript of her the first part of her testimony is somewhat garbled.

⁴In his cover letter Mr. Hunter stated that a representative of the company that makes the blowers that are part of the project had told him that the blowers are not "silent-type" blowers. Such unverified hearsay from an unidentified individual has no probative weight.

DISCUSSION

The Hunters complained of noise from the treatment plant in their complaint, Case No. 06-0115-PSWD. A Procedural Order issued in that matter on July 25, 2006, included the following discussion:

Staff's position on the merits of this matter, based on its investigation, is that there is no significant noise from the District's plant. If that position is not contradicted by expert testimony the complaint will be denied. Moreover, as Mr. Robertson stressed, it is the burden of a complainant to establish by a preponderance of the evidence that a utility's practices are unreasonable. Testimony from the Complainants that the noise is continuing would be insufficient to establish their claim, as a matter of law. Accordingly, only if the Complainants demonstrate that they will be presenting an expert witness who will testify that the plant is emitting levels of sound constituting noise, supported by test results, will this matter be scheduled for hearing. That is, it will be necessary for the Complainants to file a statement of what expert witness (or witnesses) they will be presenting in support of their claim, ... if they wish to proceed to hearing.

On July 31, 2006, the Hunters filed a motion for a ninety-day extension of the ALJ decision due date, contending that they needed time to establish their case by consulting with expert witnesses and that the noise could not be measured properly under the current conditions. In its decision issued August 9, 2006, the Commission concluded that the Hunters "are not able to develop the necessary evidence to present their case at this time." The Commission dismissed the complaint without prejudice, "so that the Complainants may re-file their complaint at such time in the future when they are prepared to present their evidence."

The Hunters have not re-filed their complaint and, therefore, have never indicated that any expert evidence is available that would support their contention that the plant is noisy. It is the view of the undersigned that, if the Hunters want to establish that the plant is noisy, they should present such evidence in a complaint case, which the Commission expressly declared would continue to be available to them.

Moreover and in any case, it is not relevant to this matter whether the plant presently emits some noise, because the project will add further sound suppressants to the blowers, in addition to replacing the blowers entirely. Accordingly, the January 19, 2007 letter from Mr. Kelley is not relevant to this matter.

The contention of the Hunters, made in their January 15th filing and in the testimony of Mr. Hunter (Tr. 69, 71), is that improvements to the plant should not even be considered until the present noise problem is solved. While in their motion for reconsideration the Hunters downplayed their interest in having the plant torn down, their reliance on the "Pipes for Putnam" report shows that

underlying their contention that improvements should not be considered until the noise problem is solved must be the contention that, if the District cannot fix the noise problem (without making major improvements to the plant, presumably), it should tear the treatment plant down, rather than improving it. Even if it were appropriate to consider whether the plant is noisy, the Hunters' have the initial problem that no expert evidence was presented supporting that the plant is noisy; rather, the engineers found no noise problem. Secondly, no logic supports the theory that the District should be required to take noise-suppressing measures isolated from other improvements, and, thirdly, the apparent contention that, if any noise remains after such measures are taken, the plant should be torn down, utterly defies logic. Clearly, that a treatment plant emits any noise whatsoever would not justify the costs of tearing the plant down and replacing it with completely new facilities.

This project has been carefully planned and thoroughly scrutinized. The request made at hearing by Mr. Hunter, that further study should be ordered, has no merit.

FINDINGS OF FACT

1. On September 26, 2007, Putnam Public Service District filed with the Public Service Commission an application for a certificate of convenience and necessity to construct an upgrade to its Hometown wastewater treatment plant, and for approval of financing and increased rates. The project is Phase II of a two-part project; Phase I was approved in Case No. 06-0743-PSD-CN (2007). (See application).
2. Commission Staff recommended that no rate increase be approved and the District agreed to Staff's recommendation. (See Staff Exhibit 1; Tr. 7, 50-51).
3. The District published the Notice of Filing on October 9, 2007, in The Putnam Standard, and the only protest filed, from David C. Brown, was to any rate increase. Also, James and Fern B. Hunter filed a motion for intervention, explaining that they opposed the project, and their motion was granted. (See affidavit filed October 15, 2007; filings of October 19 and November 9, 2007; November 29, 2007 Procedural Order; case file generally).
4. The Intervenors contended that the area served by the Homestead plant should instead be served by another plant. They also contended that the Homestead plant is noisy and that improvements to the Homestead plant should not be considered until the noise problem is solved. (See January 15, 2008 filing; Tr. 13, 16, 69, 71).
5. The project was approved by the West Virginia Infrastructure and Job Development Council. (See Staff Exhibit 1; Tr. 37).
6. The project will be comprised of the following: upgrading the aeration system and the influent pumping station; constructing a new effluent pumping station; installing a new washwater

system, grit chamber, and sewage grinder and screen; replacing positive displacement blowers; and adding new flow metering equipment. The plant was built in 1970. Much of the project consists of replacing old equipment with new equipment. Replacing the blowers and installing sound-suppressant covers on them will lessen any sound the blowers make. (See Staff Exhibit 1; District Exhibit 2; Tr. 14, 40, 62).

7. The plant is not noisy. (See District Exhibit 3; Tr. 33-35).

8. The project will replace worn-out mechanical equipment and allow the District to monitor influent and effluent conditions. It also will decrease maintenance activities that are sometimes dangerous. (See Staff Exhibit 1; Tr. 23-24, 28, 37, 53).

9. It would be infeasible to discontinue use of the plant and to instead pipe the wastewater treated by it to another plant, because the closest plant, in Buffalo, has insufficient capacity; because it would be extremely expensive to install the long transmission lines that would be necessary; because it would be difficult to design an extension system that would accommodate future growth; and because transmitting wastewater long distances creates septicity problems and corrosion problems at the plant. (See Staff Exhibit 1; Tr. 16-19; 38-39).

10. The estimated project cost is \$1,809,000, including an estimated total construction cost of \$1,397,350. (See Staff Exhibit 1; District Exhibit 4).

11. The project will be funded by a \$1,300,000 U.S. Department Army Corps of Engineers grant and a \$509,000 WVJDC loan, payable over forty years with a 0% interest rate. (See application; Staff Exhibit 1).

12. The District accepted bids and the lowest was \$1,975,000. The District's engineering firm has recommended removing the headworks and the screw conveyor from the project in order to meet the funding amount. The District will be providing the Commission a copy of the change order and a revised construction budget. (District Exhibit 4; January 29, 2008 filing; Tr. 22-23, 30-31).

13. The West Virginia Department of Environmental Protection issued the NPDES permit for this project, No. WV0028045, on June 29, 2007. The Office of Environmental Health Services and the West Virginia Division of Highways also issued permits, which were filed in Case No. 06-0743-PSD-CN. (See application).

14. Staff recommended that the project and its funding be approved. (See Staff Exhibit 1).

CONCLUSIONS OF LAW

1. The Intervenors, James and Fern B. Hunter, submitted no probative evidence supporting that the project should not be approved.
2. It is appropriate to grant the application, pursuant to W.Va. Code §§16-13A-25 and 24-2-11, as amended by stipulation that no rate increase is necessary, and to approve the project because the public convenience and necessity require it and no protest to the project, other than by the Intervenors, was filed.
3. It is appropriate to approve the funding.

ORDER

IT IS, THEREFORE, ORDERED that the application filed on September 26, 2007, by Putnam Public Service District, as amended by stipulation that no rate increase is necessary, to make improvements to its Hometown wastewater treatment plant, is granted and the project is approved.

IT IS FURTHER ORDERED that, if there is any change in the cost of the project, estimated at \$1,809,000, which affects rates, or in the scope, design or funding of the project, Putnam Public Service District file a petition with the Commission for approval of such revisions.

IT IS FURTHER ORDERED that Putnam Public Service District comply with all rules and regulations of the Division of Highways regarding the use of those rights-of-way.

IT IS FURTHER ORDERED that, if there are any changes in the project costs that do not affect rates, Putnam Public Service District file herein an affidavit duly executed by its accountant verifying that the District's rates and charges are not affected.

IT IS FURTHER ORDERED that Putnam Public Service District notify the Commission when its engineer has performed the substantial completion inspection.

IT IS FURTHER ORDERED that this matter be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission send to David C. Brown a copy of this decision by United States First Class Mail.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed, this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's Order by filing an appropriate petition in writing with the Executive Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the Public Service Commission of West Virginia, in the City of Charleston, on the 23rd day of April, 2008.

CASE NO. 06-0743-PSD-CN (Reopened)

PUTNAM PUBLIC SERVICE DISTRICT

Application for a certificate of convenience and necessity for the construction, operation and maintenance of improvements and renovations to its sewer system in the Red House and Hometown portions of its service area in Putnam County, West Virginia, and for approval of financing related thereto.

COMMISSION ORDER

With this Order, the Commission grants the Putnam Public Service District's (District) Petition to Reopen and approves the District's revision to its tariff to incorporate revisions to the District's sewer rates the Commission has previously approved.

BACKGROUND

By Recommended Decision entered January 26, 2007, final as of February 15, 2007, the Commission granted the District a certificate of convenience and necessity to construct improvements and renovations to the sewer system in the Red House and Hometown portions of its service area (Red House Project) and approved a new tariff that included an increased rate of \$8.87 per 1,000 gallons to become effective upon completion of the Red House Project. The approved tariff also incorporated a Rule 30B increase the Commission approved in Case No. 06-1090-PSD-30B.

At the time the District filed its application for a certificate of convenience and necessity, the District had pending an increase in its sewer rates approved by the Commission in Case No. 05-1146-PSD-CN (Midway Project). The approved rate increase in the Midway Project was \$0.54 per 1,000 gallons, to become effective upon completion of the project.

The \$8.87 per 1,000 gallon rate approved by the Commission in this case does not include the \$0.54 per 1,000 gallon increase approved for the Midway Project because at the time of the January 26, 2007 Recommended Decision (that became final February 15, 2007), the increase had not gone into effect.

Upon completion of the Midway Project, the District filed a Petition to Reopen that case for the purpose of incorporating two tariff revisions that had been subsequently approved. Those revisions included the 30B increase approved in Case No. 06-1090-PSD-30B and the removal of an excess pension cost surcharge approved in Case No. 07-0070-PSD-T. The Commission entered an Order on August 23, 2007, in Case No. 05-1146-PSD-CN, approving the District's Petition to Reopen for the purpose of implementing the revised rates and charges associated with the completion of the Midway Project as well as the approved 30B increase and removal of the excess pension cost surcharge. The approved revised tariff is set forth in the District's Sewer Tariff No. 4 on file with the Commission.

The District now seeks approval of a revision to the tariff approved in this case to incorporate the tariff revisions approved in Case No. 05-1146-PSD-CN – that is, the \$0.54 per 1,000 gallon increase approved by the Commission's December 4, 2005 Order and the subsequent tariff revisions approved by the Commission's August 23, 2007 Order.

On March 4, 2008, Staff filed its Initial and Final Joint Staff Memorandum, recommending that the District's petition to reopen be approved for the purposes of revising the approved tariff to incorporate those tariff revisions approved in Case No. 05-1146-PSD-CN, the \$0.54 per 1,000 gallons increase approved by the December 4, 2005 Order, and the subsequent tariff revisions approved by the August 23, 2007 Order. Staff provided a recommended tariff. Staff's recommendation for approval was conditioned on the District's filing of a certificate of substantial completion for the Red House Project and accomplishing notice to the affected public of the availability of sewer service. The District filed its certificate of substantial completion on March 6, 2008, and the Red House Project is now complete. The District also accomplished the required notice to the affected public by publication and by hand-delivered letter.

DISCUSSION

The Red House Project is now complete. The District has provided notice to the affected public of the availability of sewer service. Upon review of the filings in this case and the previously-approved tariff revisions, the Commission concludes that the revised tariff attached hereto as Attachment A should be approved for the District's bills rendered on and after the date of this Order.

FINDINGS OF FACT

1. The District filed a petition to reopen this case for permission to implement previously-approved rates upon completion of its certificate project and to incorporate in the approved tariff a subsequently-approved rate revision.
2. Staff recommends that this case be reopened and the District's request be approved.

CONCLUSION OF LAW

Upon review of the filings in this case and the previously-approved tariff revisions, the revised tariff attached hereto as Attachment A should be approved for the District's bills rendered on and after the date of this Order.

ORDER

IT IS THEREFORE ORDERED that this proceeding is hereby reopened for the purpose of implementing revised rates and charges resulting from the completion of the Red House Project and the tariff revision approved in Case No. 05-1146-PSD-CN.

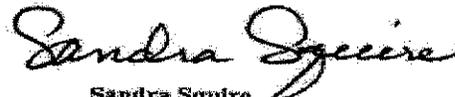

IT IS FURTHER ORDERED that the tariff attached hereto as Attachment A is hereby approved for use by the District for bills rendered on and after the date of this Order.

IT IS FURTHER ORDERED that the District shall file an original and six copies of a revised tariff consistent with Attachment A within 30 days of the date of this Order.

IT IS FURTHER ORDERED that upon entry hereof, this case shall be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the Commission's Executive Secretary serve a copy of this Order upon all parties of record by United States First Class Mail and upon Commission Staff by hand delivery.

Each 1,000 gallons used per month \$9.41 per 1,000 gallons

(I) MINIMUM CHARGE

No bill will be rendered for less than \$15.82 per month.

The above minimum charge is subject to an additional \$1.50 per 1,000 gallons of water used per month.

DELAYED PAYMENT PENALTY

The above schedule is net. On all accounts not paid in full when due, ten percent will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

SURCHARGE B

Restricted Maintenance Surcharge - \$0.05 per 1,000 gallons sold from the effective date of this tariff will be charged in order to escrow money for use to correct any deficiencies found during the annual plant inspection. This surcharge will remain in effect until the combined balance shall be \$75,000. It is estimated that the District's share is \$47,491.30. This surcharge is subject to renewal at the rate of \$0.05 per 1,000 gallons should the escrowed amount be reduced below \$75,000. This surcharge is subject to review and use upon Public Service Commission approval.

ALTERNATIVE MEASUREMENT OF SEWAGE

Customers having water use which results in a substantial portion of the water purchased not being discharged into the sanitary sewer system shall be entitled, at the option and sole cost of the customer, to request Putnam Public Service District to purchase, install and maintain special meters to measure the volume of waste water discharged into the sanitary sewer system. The customer shall advance to the District, upon demand, the District's estimated cost of purchasing and installing the meter and,

upon installation of such waste discharge meter, the rates of the customer shall be based upon the volume of waste discharged into the system rather than upon the volume of water purchased by the customer. Normal expenses incurred by the District for the maintenance of the meter shall be billed to the customer; the customer shall advance to the District, on demand, the District's estimated cost of any unusual maintenance.

TAP FEE

The following charges are to be made whenever the utility installs a new tap to serve an applicant.

A tap fee of \$100.00 will be charged to customers applying for service before construction is completed adjacent to the customer's premises in connection with a certificate proceeding before the Commission. This preconstruction tap fee will be invalid after the completion of construction adjacent to an applicant's premises that is associated with a certificate proceeding.

A tap fee of \$300.00 will be charged to all customers who apply for service outside of a certificate proceeding before the Commission for each new tap to the system.

RECONNECTION FEE \$25.00

To apply to all users who receive sewer service from the District and **water service from the City of Hurricane and West Virginia-American Water Company** in the event of nonpayment of sewer service fees where water service is terminated and reconnected following each reconnection of water service; or in the event the delinquent sewer bill is collected by the water company, an administrative fee of \$25.00 will be charged.

RECONNECTION FEE \$15.00

To apply to all users who receive sewer service from the District and **water service from Culloden Public Service District** in the event of nonpayment of sewer service fees where water service is terminated and reconnected following each reconnection of water service.

LEAK ADJUSTMENT RATE

\$3.03 per 1,000 gallons of water is to be used when a bill reflects unusual water consumption which can be attributed to eligible leakage on customer's side of meter. This rate shall be applied to all such consumption above the customer's historical average usage.

SCHEDULE 2

APPLICABILITY

Applicable within the entire territory served.

AVAILABILITY

Available for sanitary sewer service to unmetered water users and users who obtain water from wells.

(I) FLAT RATE

Equivalent of 3,000 gallons of water usage, \$28.23 per month

SURCHARGE B

Restricted Maintenance Surcharge - \$0.05 per 1,000 gallons sold from the effective date of this tariff will be charged in order to escrow money for use to correct any deficiencies found during the annual plant inspection. This surcharge will remain in effect until the combined balance shall be \$75,000. It is estimated that the District's share is \$47,491.30. This surcharge is subject to renewal at the rate of \$0.05 per 1,000 gallons should the escrowed amount be reduced below \$75,000. This surcharge is subject to review and use upon Public Service Commission approval.

SCHEDULE NO. 3

Surcharge Formula to Be Applied to a Customer Producing Unusual Waste

The charge for the treatment of unusual waste will be calculated on the basis of the following formula:

$$C_i = V_o V_i + B_o B_i + S_o S_i$$

C_i = charge to unusual users per year

V_o = average unit cost of transport and treatment chargeable to volume, in dollars per gallon

V_i = volume of wastewater from unusual users in gallons per year

B_o = average unit cost of treatment, chargeable to Biochemical Oxygen Demand (BOD) in dollars per pound

B_i = weight of BOD from unusual users in pounds per year

S_o = average unit cost of treatment (including sludge treatment) chargeable to total solids in dollars per pound

S_i = weight of total solids from unusual users in pounds per year

When an unusual user is to be served, a preliminary study of its wastes and the cost of transport and treatment thereof, will be made. Waste containing materials which, in the judgment of the Putnam Public Service District, should not be introduced into the sewer system need not be handled by it. The results of this preliminary study will be used to determine the feasibility of the proposed sewer service and the charge therefore, based upon the formula set out above.

Thereafter, unusual sewage will be monitored on a regular basis and at the conclusion of each fiscal year, based on the investigation aforesaid and audit of the Putnam Public Service District records, new cost figures will be calculated for use in the above formula. The cost of establishing the monitoring facilities shall be paid by the unusual user. Based on these audited figures, additional billings covering the past fiscal year will be made for payment by each unusual user, or refund given by the Putnam Public Service District, as the case may be. Such audited figures will then be used for the preliminary billing for the next fiscal year, at the end of which an adjustment will be made as aforesaid.

SCHEDULE NO. 4

APPLICABLE INSIDE AND OUTSIDE THE CORPORATE LIMITS OF THE PUTNAM
PUBLIC SERVICE DISTRICT

Where the amount of sanitary sewage discharged into the Putnam waste treatment system by certain industrial plant or plants cannot be accurately determined by the use of the plant's water meter or meters, and the said plant cannot install a flow meter to measure such waste, a special formula will be used whereby such plant or plants will pay to the Putnam Public Service District a sewer charge calculated at fifty (50) gallons of water per each employee at the plant each working day.

Surcharge Formula to be Applied in Cases Where Surface Drainage is Connected to the
Utility's Sewer System

(I) APPLICABILITY

Wherever the utility has discovered that a customer's roof drain, downspout, storm sewer or other similar facilities conducting surface water have been connected to the District's sewer system, and such customer has failed to take appropriate action within thirty (30) days of receipt of a demand by the utility in accordance with the Rules of the Public Service Commission, to eliminate such connection, a surcharge will be imposed upon the customer calculated on the basis of the following formula:

$$S = A \times R \times .0006233 \times C$$

S = the surcharge in dollars

A = the area under roof and/or the area of any other water collection surface connected to the sanitary sewer, in square feet

R = the measured monthly rainfall in inches

.0006233 = the conversion factor to change inches of rain x square feet of surface to thousand gallon of water

C = \$9.41 - The District's approved rate per thousand gallons of metered water usage

The utility shall not impose the surcharge unless, and until, the customer has been notified by certified mail, return receipt requested, or by hand delivery, that it has been established by smoke testing, dye testing, or onsite inspection that rain or other surface water is being introduced into the sanitary sewer system at the customer's

location, and that the customer has not acted within thirty (30) days from receipt of such notice to divert the water from the sanitary sewer system.

Said surcharge shall be calculated and imposed for each month that said condition continues to exist. Failure to pay the surcharge and/or correct the situation shall give rise to the possible termination of water service in accordance with the rules and regulations of the Public Service Commission of West Virginia.

Charleston, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Putnam Public Service District (the "Issuer"), a municipal corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$509,000 Sewer Revenue Bonds, Series 2008 B (West Virginia Infrastructure Fund), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement dated June 6, 2008, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and between the Issuer and the West Virginia Water Development Authority (the "Authority"), on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal and interest to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 2009, to and including June 1, 2048, all as set forth in the "Schedule Y" attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 31, Article 15A and Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain additions, betterments and improvements to the existing public sewerage system of the Issuer; and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act and the Bond Resolution duly enacted by the Issuer on May 22, 2008, as supplemented by a Supplemental Resolution duly adopted by the Issuer on May 22, 2008 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond

Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the Loan Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the Council and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the Council or diminish the obligations of the Issuer without the written consent of the Authority and the Council.

3. The Bond Legislation and all other necessary ordinances, orders and resolutions have been duly and effectively enacted and adopted by the Issuer in connection with the issuance and sale of the Bonds and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's (i) Sewer Revenue Bonds, Series 1975 (United States Department of Agriculture), dated October 23, 1975, issued in the original aggregate principal amount of \$605,000 (the "Series 1975 Bonds"), (ii) Sewer Revenue Bonds, Series 1979 (United States Department of Agriculture), dated September 12, 1980, issued in the original aggregate principal amount of \$2,200,000 (the "Series 1979 Bonds"), (iii) Sewer Revenue Bonds, Series 1993 (West Virginia Water Development Authority), dated March 30, 1993, issued in the original aggregate principal amount of \$267,000 (the "Series 1993 Bonds"), (iv) Sewer Revenue Bonds, Series 1995 (United States Department of Agriculture), dated May 2, 1995, issued in the original aggregate principal amount of \$1,300,000 (the "Series 1995 Bonds"), (v) Sewer Revenue Bonds, Series 2002 A (United States Department of Agriculture), dated March 7, 2002, issued in the original aggregate principal amount of \$7,078,000 (the "Series 2002 A Bonds"), (vi) Sewer Revenue Bonds, Series 2002 B (West Virginia SRF Program), dated March 7, 2002, issued in the original aggregate principal amount of \$1,422,000 (the "Series 2002 B Bonds"), (vii) Sewer Revenue Bonds, Series 2006 A (United States Department of Agriculture), dated May 12, 2006, issued in the original aggregate principal amount of \$4,946,000 (the "Series 2006 A Bonds"), (viii) Sewer Revenue Bonds, Series 2006 B (United States Department of Agriculture), dated May 12, 2006, issued in the original aggregate principal amount of \$2,104,000 (the "Series 2006 B Bonds"); (ix) Sewer Revenue Bonds, Series 2007 A (West Virginia Infrastructure Fund), dated March 19, 2007, issued in the original aggregate principal amount of \$2,330,000 (the "Series 2007 A Bonds") and (x) Sewer Revenue Bonds, Series 2008 A (West Virginia SRF Program), dated January 28, 2008, issued in the original aggregate principal amount of \$3,680,000 (the "Series 2008 A Bonds") (collectively referred to as the "Prior Bonds").

5. The Bonds are, under the Act, exempt from all taxation by the State of West Virginia, or any county, municipality or county commission, political subdivision or agency thereof, and the interest, if any, on the Bonds is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest thereon, if any, is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered BR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

I am counsel to Putnam Public Service District, a public service district, in Putnam County, West Virginia (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson PLLC, as bond counsel, a loan agreement for the Series 2008 B Bonds dated June 6, 2008, including all schedules and exhibits attached thereto, by and between the Issuer and, the West Virginia Water Development Authority (the "Authority") on behalf of the Infrastructure and Jobs Development Council (the "Council") (the "Loan Agreement"), the Bond Resolution duly adopted by the Issuer on May 22, 2008, as supplemented by the Supplemental Resolution duly adopted by the Issuer on May 22, 2008 (collectively, the "Bond Legislation"), and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds") and orders of The County Commission of Putnam County relating to the Issuer and the appointment of the members of the Public Service Board of the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

1. The Issuer has been duly created and is validly existing as a public service district and public corporation and political subdivision of the State of West Virginia.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the other parties thereto, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any resolution, order, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, certificates, orders, exemptions and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges have been entered and/or received, including, without limitation, all requisite orders, certificates, consents and approvals from the Council and The County Commission of Putnam County. I express no opinion as to any orders or certificates which the Issuer is required to obtain from the Public Service Commission of West Virginia.

7. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues therefore.

8. I have verified that all successful bidders have made required provisions for all insurance and payment and performance bonds and I have reviewed such insurance policies or binders and such bonds for accuracy. I have reviewed the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project and verified that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the Loan Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Ladies and Gentlemen:

Based upon the rates and charges set forth in the Application for a Certificate of Convenience and Necessity with the Public Service Commission of West Virginia in Case No.07-1852-PSD-CN, and projected operation and maintenance expenses and anticipated customer usage of Putnam Public Service District, it is my opinion that such rates and charges will be sufficient to provide revenues to pay all operating expenses of the System and to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 B Bonds (West Virginia Infrastructure Fund) (the "Bonds"), to be issued in the aggregate principal amount of \$509,000 and all other obligations secured by or payable from the revenues of the System on a parity with the Bonds, including the Issuer's (i) Sewer Revenue Bonds, Series 1975 (United States Department of Agriculture), (ii) Sewer Revenue Bonds, Series 1979 (United States Department of Agriculture), (iii) Sewer Revenue Bonds, Series 1993 (West Virginia Water Development Authority), (iv) Sewer Revenue Bonds, Series 1995 (United States Department of Agriculture), (v) Sewer Revenue Bonds, Series 2002 A (United States Department of Agriculture), (vi) Sewer Revenue Bonds, Series 2002 B (West Virginia SRF Program), (vii) Sewer Revenue Bonds 2006 A (United States Department of Agriculture), (viii) Sewer Revenue Bonds, Series 2006 B (United States Department of Agriculture), (ix) Sewer Revenue Bonds, Series 2007 A (West Virginia Infrastructure Fund) and (x) Sewer Revenue Bonds, Series 2008 A (West Virginia SRF Program) (collectively, the "Prior Bonds").

Putnam Public Service District, et. al.
June 6, 2008
Page 2

It is my further opinion that (i) the Net Revenues for the Fiscal Year following the year in which the Bonds are issued will be at least 120% of the average annual debt service requirements on the Bonds and the Prior Bonds, and (ii) the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, if any, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Bonds and the Prior Bonds.

Very truly yours,

Sewer Revenue Bonds, Series 2008 B
(West Virginia Infrastructure Fund)

CERTIFICATE AS TO USE OF PROCEEDS

The undersigned Chairman of the Public Service Board of Putnam Public Service District in Putnam County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$509,000 Sewer Revenue Bonds, Series 2008 B (West Virginia Infrastructure Fund) of the Issuer, dated June 6, 2008 (the "Bonds" or the "Series 2008 B Bonds"), hereby certify this 6th day of June, 2008:

1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Bond Resolution duly adopted by the Issuer on May 22, 2008 and Supplemental Resolution duly adopted by the Issuer on May 22, 2008 (collectively, the "Bond Resolution"), authorizing the Bonds.

2. This certificate may be relied upon as the certificate of the Issuer.

3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on June 6, 2008, the date on which the Bonds are being physically delivered in exchange for an initial advance of the principal amount of the Series 2008 B Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Infrastructure and Jobs Development Council (the "Council"), as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.

5. The Series 2008 B Bonds, bearing no interest, were sold on June 6, 2008, to the Authority, pursuant to a loan agreement dated June 6, 2008, by and among the Issuer, the Authority and the Council, for an aggregate purchase price of \$509,000 (100% of par), at which time, the Issuer received \$17,885 from the Authority and the Council, being the first advance of the principal amount of the Series 2008 B Bonds. The balance of the principal amount of the Series 2008 B Bonds will be advanced to the Issuer as acquisition and construction of the Project progresses.

6. The Series 2008 B Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewerage facilities of the Issuer (the "Project"); and (ii) paying certain costs of issuance of the Bonds and related costs.

7. Within 30 days after the delivery of the Series 2008 B Bonds, the Issuer shall enter into agreements which require the Issuer to expend at least 5% of the net sale proceeds of the Bonds on the Project, constituting a substantial binding commitment. The acquisition and construction of the Project and the allocation of the net sale proceeds of the Bonds to expenditures of the Project shall commence immediately and shall proceed with due diligence to completion, and with the exception of proceeds deposited in the Reserve Account for the Bonds, if any, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of costs of the Project on or before September 1, 2009. The acquisition and construction of the Project is expected to be completed by March 1, 2009.

8. The total cost of the Project financed from the proceeds of the Bonds described below is estimated at \$1,809,000. Sources and uses of funds for the Project are as follows:

SOURCES

Proceeds of the Series 2008 B Bonds	\$ 509,000
US COE Grant	<u>1,300,000</u>
Total Sources	<u>\$1,809,000</u>

USES

Cost of Project	\$1,794,000
Cost of Issuance of Series 2008 B Bonds	<u>15,000</u>
Total Uses	<u>\$1,809,000</u>

9. Pursuant to Article V of the Bond Resolution, the following special funds or accounts have been created or continued relative to the Series 2008 B Bonds:

- (1) Revenue Fund;
- (2) Renewal and Replacement Fund;
- (3) Series 2008 B Bonds Construction Trust Fund;
- (4) Series 2008 B Bonds Sinking Fund;
- (5) Series 2008 B Bonds Reserve Account.

10. Pursuant to Article VI of the Bond Resolution, the proceeds of the Bonds will be deposited in the Series 2008 B Bonds Construction Trust Fund as received from time to time and applied solely to payment of costs of the Project, including costs of issuance of the Series 2008 B Bonds and related costs.

11. Monies held in the Series 2008 B Bonds Sinking Fund will be used solely to pay principal of and interest, if any, on the Series 2008 B Bonds and will not be available to meet costs of acquisition and construction of the Project. All investment earnings on monies in the Series 2008 B Bonds Sinking Fund and Series 2008 B Bonds Reserve Account, if any, will be withdrawn therefrom and deposited into the Series 2008 B Bonds Construction Trust Fund during construction of the Project, and following completion of the Project, will be deposited, not less than once each year, in the Revenue Fund, and such amounts will be applied as set forth in the Bond Resolution.

12. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. The acquisition and construction of the Project is expected to be completed within 9 months of the date hereof.

13. The Issuer will take such steps as requested by the Authority to ensure that the Authority's bonds meet the requirements of the Code.

14. With the exception of the amount deposited in the Series 2008 B Bonds Sinking Fund for payment of interest, if any, on the Bonds and the amount deposited in the Series 2008 B Bonds Reserve Account, if any, all of the proceeds of the Bonds will be expended on the Project within 15 months from the date of issuance thereof.

15. The Issuer does not expect to sell or otherwise dispose of the Project in whole or in part prior to the last maturity date of the Bonds.

16. The amount designated as costs of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

17. All property financed with the proceeds of the Bonds will be owned and held by (or on behalf of) a qualified governmental unit.

18. No proceeds of the Bonds will be used, directly or indirectly, in any trade or business carried on by any person who is not a governmental unit.

19. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

20. The Issuer shall use the Bond proceeds solely for the costs of the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

21. The Bonds are not federally guaranteed.

22. The Issuer has retained the right to amend the Bond Resolution authorizing the issuance of the Bonds if such amendment is necessary to assure that the Bonds remain governmental bonds.

23. The Issuer has either (a) funded the Series 2008 B Bonds Reserve Account at the maximum amount of principal and interest, if any, which will mature and become due on the Bonds in the then current or any succeeding year with the proceeds of the Bonds, or (b) created the Series 2008 B Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 2008 B Bonds Reserve Account holds an amount equal to the maximum amount of principal and interest, if any, which will mature and become due on the Bonds in the then current or any succeeding year. Monies in the Series 2008 B Bonds Reserve Account and the Series 2008 B Bonds Sinking Fund will be used solely to pay principal of and interest, if any, on the Series 2008 B Bonds and will not be available to pay costs of the Project.

24. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with the Bonds and (c) will be paid out of substantially the same sources of funds or will have substantially the same claim to be paid out of substantially the same sources of funds as the Bonds.

25. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

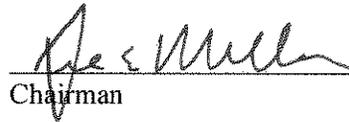

26. The Issuer will comply with instructions as may be provided by the Authority, at any time, regarding use and investment of proceeds of the Bonds, rebates and rebate calculations.

27. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the
City of Charleston on the 7th day of June, 2006.

CASE NO. 03-1042-PSWD-PC

SOUTH PUTNAM PUBLIC SERVICE DISTRICT
and NORTH PUTNAM PUBLIC SERVICE DISTRICT

Joint petition for consent and approval for
the sale of North Putnam Public Service
District's utility system to South Putnam
Public Service District.

COMMISSION ORDER

On July 9, 2003 the South Putnam Public Service District (South Putnam) and the
North Putnam Public Service District (North Putnam) filed a joint petition seeking
Commission consent and approval for the transfer of North Putnam's public utility system
(utility system) to South Putnam. In support of the joint petition, South Putnam and North
Putnam stated:

(1) The proposed transfer of the North Putnam utility system to South Putnam will be
conducive to the preservation of the public health, comfort and convenience of
Putnam County;

(2) Pursuant to an Operation and Maintenance Agreement (O&M Agreement)
previously entered into between the Petitioners and approved by the Commission in
Case No. 00-1134-PSWD-PC (November 14, 2000), South Putnam has been
operating and maintaining the utility system of North Putnam;

(3) In the O&M Agreement, North Putnam granted unto South Putnam the exclusive
right and option to purchase North Putnam's existing public utility system for the
consideration of One Dollar (\$1.00), and the complete assumption of any outstanding
indebtedness owed by North Putnam to the Rural Utilities Service (RUS), West
Virginia Water Development Authority (WDA) and City National Bank;

(4) South Putnam has been working with the U.S. Army Corps of Engineers in developing a sewer upgrade project for the area currently served by the sewer facilities of North Putnam Public Service District. The Corps of Engineers, which is providing grant monies for the sewer upgrade project, has notified South Putnam that, before the proposed project can move forward, South Putnam will need to acquire the facilities of North Putnam. Therefore, South Putnam wishes to exercise its option to purchase North Putnam's public utility assets pursuant to the O&M Agreement;

(5) The Putnam County Commission has adopted a Resolution proposing (1) the expansion of South Putnam's territory to include the entire territory in Putnam County located north of the Kanawha River and not contained within the boundaries of any municipal or private utility, which area contains the operating territory of North Putnam Public Service District; (2) the dissolution of North Putnam Public Service District; and (3) the rescission of a portion of a March 4, 1993 County Commission Order insofar as it purported to merge Putnam Union Public Service District and North Putnam Public Service District and create a new North Putnam Public Service District. Pursuant to the requirements of *West Virginia Code* § 16-13A-2, the County Commission has filed the appropriate documents with the Public Service Commission seeking its approval of the County Commission's actions. See, Case No. 03-0536-PSWD-PC;

(6) On August 3, 2000, the Board of North Putnam held a hearing pursuant to the requirements of *West Virginia Code* § 16-13A-18a. Following the hearing, at which no member of the public appeared, North Putnam unanimously approved the transfer of that district's assets to South Putnam. A copy of the minutes of the August 3, 2000 meeting was attached to the joint petition as Exhibit 1. A copy of the affidavit of publication notifying the public of the hearing to be held on August 3, 2000 was attached as Exhibit 2. A copy of the resolution of the Board of North Putnam authorizing the Board to undertake all actions necessary to effectuate the transfer of its system to South Putnam was attached to the petition as Exhibit 3;

(7) On July 8, 2003, the County Commission of Putnam County, West Virginia, unanimously passed a resolution approving the action of North Putnam in seeking to transfer its system to South Putnam, subject to the approval of the Public Service Commission and subject to the further approval of North Putnam's bondholders. A copy of the resolution of the County Commission was attached to the petition as Exhibit 4; and

(8) In order for South Putnam to obtain the necessary funds for the construction of needed sewer facilities in the territory of North Putnam, it is necessary that South Putnam have ownership of North Putnam's current utility assets.

On July 10, 2003 counsel for the Petitioners filed original verifications for the joint petition filed herein on July 9, 2003.

On August 12, 2003 Staff Attorney Ronald E. Robertson, Jr., filed an "Initial and Final Joint Staff Memorandum." An "Initial and Final Internal Memorandum" dated August 5, 2003 from William A. Nelson, Utilities Analyst Supervisor, Water and Wastewater Division, and Jonathan Fowler, P.E., Engineer I, Engineering Division, was attached thereto. Commission Staff (Staff) stated that, based upon its review of the petition and exhibits attached thereto, South Putnam and North Putnam had met the requirements of *West Virginia Code* § 16-13A-18a regarding the sale of North Putnam's utility system to South Putnam. Staff, after noting the Putnam County Commission's pending Case No. 03-0536-PSWD-PC, seeking Commission approval, in part, to dissolve North Putnam and expand South Putnam's boundaries to encompass the current service area of North Putnam, stated that the sale of North Putnam's utility system had to be approved and finalized prior to the dissolution actually occurring.¹ Staff went on to note that approval of the sale of North Putnam's utility system to South Putnam had to be made subject to obtaining bondholder approval. Thus, RUS, WDA and City National Bank had to give their consent to the proposed sale. Accordingly, Staff requested that copies of the consents to the proposed sale executed by RUS, WDA and City National Bank be filed in this proceeding when received. In addition, it was noted that the proposed acquisition of North Putnam's utility system by South Putnam will require South Putnam to adopt and maintain the current North Putnam rates and charges in accordance with Rule 14.1² of the Commission's *Rules for the Construction and Filing of*

¹ Staff noted that it intended to file its final recommendation in the dissolution case concurrently with the filing of its final recommendation in this proceeding, which would allow final orders to be issued on or about the same date in both cases. However, since a hearing scheduled for September 19, 2003 must be held in Case No. 03-0536-PSWD-PC regarding the dissolution of North Putnam, Staff was of the opinion that it was likely that the acquisition of North Putnam's utility system by South Putnam would be approved first, with approval of North Putnam's dissolution to follow some time thereafter.

²*Tariff Rule 14.1* states:

In case of change of ownership or control of a utility, or, when a utility or a part of its business is transferred from the operating control of one company to that of another, or, when its name is changed, the company,

Tariffs (Tariff Rules). Staff noted that it would typically recommend that the purchasing utility file for a rate review approximately eighteen (18) months following acquisition. However, South Putnam had a sewer rate case, Case No. 03-1041-PSD-42T, pending before the Commission which addressed both its rates and those to be charged to the North Putnam customers. Staff stated that it had no problem with the North Putnam rates being reviewed as part of that proceeding, but the proposed sale *sub judice* had to be approved and South Putnam had to adopt the current North Putnam rates pending the outcome of the rate review in Case No. 03-1041-PSD-42T. Accordingly, Staff recommended approval of the joint petition filed herein, contingent upon North Putnam obtaining bondholder approval and South Putnam adopting and maintaining the current North Putnam rates and charges. Staff also recommended that this matter be retained by the Commission in order to expedite its processing.

By Order dated August 28, 2003 the Commission referred this matter to the Division of Administrative Law Judges (ALJ) for further disposition, with a decision due date of September 25, 2003.

On September 5, 2003 the assigned ALJ issued a Recommended Decision ordering the following:

IT IS, THEREFORE, ORDERED that the joint petition filed herein on July 9, 2003, by South Putnam Public Service District and North Putnam Public Service District seeking Commission consent and approval for the transfer of North Putnam Public Service District's public utility system to South Putnam Public Service District be, and hereby is, approved.

IT IS FURTHER ORDERED that the approval hereby granted is contingent upon North Putnam Public Service District and South Putnam Public Service District obtaining the approval of North Putnam Public Service District's three (3) bondholders, namely the Rural Utilities Service, the West Virginia Water Development Authority and City National Bank, and filing copies of said approval(s) herein immediately upon receipt.

IT IS FURTHER ORDERED that the approval hereby granted is further contingent upon South Putnam Public Service District filing with the

which will thereafter operate the utility business, must use the rates, classifications and rules and regulations of the former operating company (unless authorized to change by the Commission).

Commission's Tariff Office within thirty (30) days of the date that this Order becomes final, an appropriate tariff adopting the rates and charges now in effect for North Putnam Public Service District's customers.

The ALJ's Recommended Decision became a Final Order of the Commission on September 25, 2003.

On April 28, 2006 South Putnam filed a "Petition to Reopen" noting that South Putnam is in the process of finalizing the acquisition, and that the bond issuance associated therewith is anticipated to occur in June of 2006. The filing noted that by Order entered April 25, 2006 the County Commission of Putnam County changed the official name of South Putnam to "Putnam Public Service District" contingent upon approval of the Public Service Commission and the written consent of any existing holders of bonds or notes issued by South Putnam. So that a new bond issuance scheduled to occur in June of 2006 will include the new name of the "Putnam Public Service District," the petition requested expedited treatment.

On June 1, 2006 Staff filed its "Initial and Final Joint Staff Memorandum." Therein, Staff recommended approval of the name change of the South Putnam Public Service District to the "Putnam Public Service District" subject to the filing of the written consent of any existing holders of bonds or notes issued by South Putnam, pursuant to *West Virginia Code* § 16-13A-4(f). Staff further recommended that South Putnam provide notice to its customers of the new name. Staff also recommended that South Putnam be authorized to change all of its outstanding loans and bank accounts to the name of "Putnam Public Service District" after bond holder approval is received.

On June 5, 2006 South Putnam filed a letter in response to the Initial and Final Joint Staff Memorandum filed on June 1, 2006. The letter from South Putnam stated, in part, the following:

Please be advised that the bondholders will not grant their consent until the Commission has granted approval to the name change. Therefore, in order to clarify what Staff is recommending without delaying this matter any further so that the bonds anticipated to be issued shortly may be issued in the new name of the District, it is respectfully requested that the Commission's Order approving the name change contain language to the effect that the name change is approved "conditioned upon the District providing the Commission with written proof of the approval of the bondholders." [Emphasis in original.]

Regarding public notice to the District's customers, the District will adhere to any post-approval publication of notice to its customers of the name change that the Commission may require in its Order.

DISCUSSION

West Virginia Code § 16-13A-4(f) reads as follows:

(f) The county commission which created a district or county commissions if more than one created the district may, upon written request of the district, adopt an order changing the official name of a public service district: *Provided*, That such name change will not be effective until approved by the public service commission of West Virginia and the owners of any bonds and notes issued by the district, if any, shall have consented, in writing, to the name change. If a district includes territory located in more than one county, the county commission or county commissions changing the name of the district shall provide any county commission into which the district also extends with a certified copy of the order changing the name of the district. The official name of any district created under the provisions of this article may contain the name or names of any city, incorporated town or other municipal corporation included therein or the name of any county or counties in which it is located.

Rule 14 of the Commission's *Tariff Rules* reads in part as follows:

§150-2-14. Change of Ownership.

14.1. RULE 31. In case of change of ownership or control of a utility, or when a utility or a part of its business is transferred from the operating control of one company to that of another, or **when its name is changed**, the company which will thereafter operate the utility business must use the rates, classifications and rules and regulations of the former operating company, (unless authorized to change by the Commission).

14.4. RULE 34. Within thirty (30) days after the Commission approves an application filed pursuant to Rule 14.1., said utility shall issue and file in its own name the tariff of the predecessor utility then in effect and adopted by it, or such other tariff as it proposes to put into effect in lieu thereof, as prescribed in Rules 1 through 13 hereof with proper identifying

designation. (Example: P.S.C. W. Va. No. 1 cancels P.S.C. W. Va. No. 1 of [insert predecessor utility]).

14.6. RULE 36. When a tariff or revision is issued by a utility in compliance with Rule 34 which states the rates, rules and regulations of the predecessor utility without change in any of the provisions thereof, the same may be filed without notice, but when such tariff or revision states any change in the effect of the rates, rules and regulations of the predecessor utility, such tariff or revision shall be subject in all respects as to filing and notice as required by these Rules. [Emphasis added.]

West Virginia Code § 16-13A-4(f) describes two actions that must occur prior to a name change becoming effective. The Commission must approve it. Additionally, the owners of the bonds and notes issued by the district must consent in writing. The two approvals are not contingent upon one another; each occurs independently of the other.

The Commission shall grant its approval for the name change. The Commission shall also require that South Putnam provide documentation evidencing the bond holders' written approval.

Tariff Rule 14.6 permits the Commission to require the utility to provide notice to its customers of the name change. The Commission shall do so by this order but shall modify the notice requirement by requiring South Putnam to provide notice to its customers by publishing a copy of the attached "Notice of Name Change."

Finally, the Commission shall require South Putnam to file a revised tariff containing its new name as approved herein.

FINDINGS OF FACT

1. South Putnam requested approval to change its name to "Putnam Public Service District." See, Petition to Reopen filed April 28, 2006.
2. The County Commission of Putnam County adopted an Order on April 25, 2006 approving the proposed name change pursuant to *West Virginia Code* § 16-13A-4(f).

CONCLUSIONS OF LAW

1. The Commission shall approve the requested name change.

2. The Commission shall require South Putnam to provide documentation evidencing the bond holders' written approval.

3. The Commission shall require South Putnam to provide notice to its customers of the name change by way of publication.

4. It is also reasonable to require South Putnam to file a revised tariff containing its new name as approved herein.

ORDER

IT IS THEREFORE ORDERED that the request by the South Putnam Public Service District to change its name to "Putnam Public Service District" is hereby approved.

IT IS FURTHER ORDERED that South Putnam shall provide the Commission with documentation evidencing that the owners of any bonds and/or notes issued by South Putnam have consented, in writing, to the name change, as soon as such documentation is available.

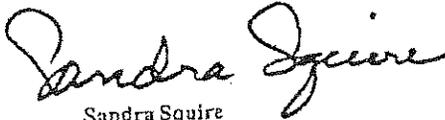

IT IS FURTHER ORDERED that upon written approval by the bond and/or note holders, South Putnam shall publish the attached Notice of Name Change one time in a newspaper published in the county or counties where its customers are located. South Putnam shall file an affidavit of publication upon receipt of such document.

IT IS FURTHER ORDERED that South Putnam shall file with the Commission's Tariff Office an original and five (5) copies of a proper tariff reflecting its name change to Putnam Public Service District within thirty (30) days of the date of written approval by the bond and/or note holders of the name change.

IT IS FURTHER ORDERED that upon entry of this order this case shall be removed from the Commission's docket of open cases.

IT IS FURTHER ORDERED that the Commission's Executive Secretary serve a copy of this order upon all parties of record by United States First Class Mail and upon Commission Staff by hand delivery.

RECOMMENDED DECISION

PROCEDURE

On April 29, 2003, the Putnam County Commission (PCC), filed a petition with the Public Service Commission pursuant to *West Virginia Code* §16-13A-2 seeking approval of an Order of the PCC, entered on or about April 22, 2003, to expand the boundaries of South Putnam Public Service District (SPPSD), to dissolve North Putnam Public Service District (NPPSD) and to rescind, in part, a March 4, 1993 County Commission Order.

On May 20, 2003, Staff Attorney Ronald E. Robertson, Jr., Esquire, filed an Initial Joint Staff Memorandum, attaching the May 7, 2003 Initial Internal Memorandum from Utilities Analyst Supervisor William A. Nelson, Water and Wastewater Division, indicating that, once it had completed its investigation of the petition, Commission Staff would render a recommendation.

On June 2, 2003, the Commission entered the Commission Referral Order, referring this case to the ALJ Division for decision on or before November 6, 2003.

Responding to all of the above, on July 29, 2003, the Administrative Law Judge (ALJ) issued a Procedural Order establishing a procedural schedule to process and resolve this matter, including a Monday, August 18, 2003 hearing date. The Order required the PCC to publish a Notice of Hearing once a week for two consecutive weeks in a newspaper duly qualified by the Secretary of State, published and generally circulated in Putnam County and to notify the two affected public service districts by United States Certified Mail.

The ALJ convened the August 18, 2003 hearing as scheduled. The transcript of the August 18, 2003 hearing will be designated "Tr., Vol. I". No one appeared at the hearing to protest the

MBM

proposed action. However, the ALJ learned at the hearing that, although the PCC properly notified the two affected public service districts, as evidenced by two United States Certified Mail Domestic Return Receipt cards presented by the PCC, the PCC published the Notice of Hearing only in *The Charleston Gazette*, which is not a newspaper "duly qualified by the Secretary of State, published and generally circulated in Putnam County". The newspapers qualified by the Secretary of State for publishing legal advertisements to give notice in Putnam County are *The Hurricane Breeze* and *The Putnam Democrat*.

Responding to all of the above, on August 20, 2003, the ALJ issued an Order Adopting New Procedural Schedule, including a September 19, 2003 hearing date and requiring PCC to publish the Notice of Hearing in at least one of the newspapers qualified by the Secretary of State for publishing legal advertisements in Putnam County, i.e., *The Hurricane Breeze* and *The Putnam Democrat*.

On September 19, 2003, the ALJ convened the second hearing as scheduled. The transcript of the September 19, 2003 hearing will be designated "Tr., Vol. II". Commission Staff appeared by counsel, Staff Attorney Robertson, and the PCC, which did not make a formal appearance by counsel, appeared by its County Administrator. Again, no one appeared to protest the petition.

The only evidence presented was documentary, with Staff presenting two exhibits and the PCC submitting two exhibits.

EVIDENCE

The parties stipulated to the documentary evidence.

The ALJ received the August 11, 2003 Final Joint Staff Memorandum, attaching the August 5, 2003 Final Internal Memorandum from Utilities Analyst Supervisor William A. Nelson, Water and Wastewater Division, in evidence as Staff Exhibit No. 1. Commission Staff recommended that the Commission approve the petition. (See, Tr., Vol. I, generally).

The ALJ received a publication affidavit indicating that the County Commission had published the Notice of Hearing for the August 18, 2003 hearing, on August 5 and 12, 2003, in *The Charleston Gazette*, in evidence as Staff Exhibit No. 2. (See, Tr., Vol. I, generally).

The ALJ received two United States Certified Mail Domestic Return Receipt green cards into evidence as County Commission Exhibit No. 1. (See, Tr., Vol. I, generally).

The ALJ received two publication affidavits indicating that the County Commission had published the Notice of Hearing, for the September 19, 2003 hearing, on August 28 and September 4, 2003, in *The Hurricane Breeze*, a newspaper published and generally circulated in Putnam County. (See, Tr., Vol. II, generally).

Staff Attorney Robertson noted on the record that, on September 5, 2003, a Recommended Decision had been entered in Case No. 03-1042-PSWD-PC, *South Putnam Public Service District and North Putnam Public Service District*, wherein the South Putnam Public Service District was authorized to acquire the North Putnam Public Service District. (See, Tr., Vol. II, generally).

The September 5, 2003 Recommended Decision, final on September 25, 2003, included the following ordering paragraphs:

IT IS, THEREFORE, ORDERED that the joint petition filed herein on July 9, 2003, by South Putnam Public Service District and North Putnam Public Service District seeking Commission consent and approval for the transfer of North Putnam Public Service District's public utility system to South Putnam Public Service District be, and hereby is, approved.

IT IS FURTHER ORDERED that the approval hereby granted is contingent upon North Putnam Public Service District and South Putnam Public Service District obtaining the approval of North Putnam Public Service District's three (3) bondholders, namely the Rural Utilities Service, the West Virginia Water Development Authority and City National Bank, and filing copies of said approval(s) herein immediately upon receipt.

IT IS FURTHER ORDERED that the approval hereby granted is further contingent upon South Putnam Public Service District filing with the Commission's Tariff Office within thirty (30) days of the date that this Order becomes final, an appropriate tariff adopting the rates and charges now in effect for North Putnam Public Service District's customers.

DISCUSSION

Having considered all of the above, the ALJ holds that he will grant the April 29, 2003 petition, filed with the Commission pursuant to *West Virginia Code* §16-13A-2, seeking approval of an Order of the PCC, entered on or about April 22, 2003, to expand the boundaries of South Putnam Public Service District, to dissolve North Putnam Public Service District and to rescind, in part, a March 4, 1993 County Commission Order. This approval is contingent upon each of the affected public service districts obtaining the approval of their respective bondholders and filing copies of said approvals immediately upon receipt.

FINDINGS OF FACT

1. The Putnam County Commission filed a petition with the Public Service Commission under *West Virginia Code* §16-13A-2 seeking approval of an Order of the PCC, entered on or about April 22, 2003, to expand the boundaries of South Putnam Public Service District, to dissolve North

Putnam Public Service District and to rescind, in part, a March 4, 1993 County Commission Order. (See, April 29, 2003 petition).

2. Commission Staff has recommended approving the petition. (See, Staff Exhibit No. 1).

3. The County Commission properly published the Notice of Hearing for the September 19, 2003 hearing, and no one appeared at the hearing to protest to petition. (See, Tr., Vols., I and II, generally; County Commission Exhibit No. 1).

4. A recommended decision has been entered in Case No. 03-1042-PSWD-PC, *South Putnam Public Service District and North Putnam Public Service District*, wherein the South Putnam Public Service District was authorized to acquire the North Putnam Public Service District. (See, Tr., Vol. II, generally; Recommended Decision, entered September 5, 2003, final September 25, 2003).

CONCLUSIONS OF LAW

1. For all of the reasons set forth in Finding of Fact Nos. 2 and 3, it is reasonable to grant the petition.

2. It is reasonable to condition the approval contingent upon each of the affected public service districts obtaining the approval of their respective bondholders and filing copies of said approvals immediately upon receipt.

ORDER

IT IS, THEREFORE, ORDERED that the Order of the Putnam County Commission, entered on or about April 22, 2003, expanding the boundaries of South Putnam Public Service District, dissolving North Putnam Public Service District and rescinding, in part, a March 4, 1993 County Commission Order, be, and hereby is, approved.

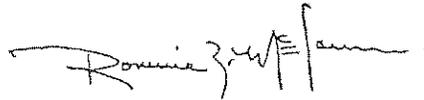

IT IS FURTHER ORDERED that the approval hereby granted is contingent upon each of the affected public service districts obtaining the approval of their respective bondholders and filing copies of said approvals immediately upon receipt.

The Executive Secretary hereby is ordered to serve a copy of this Recommended Decision upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave hereby is granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this Recommended Decision is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this Recommended Decision shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's recommended decision by filing an appropriate petition in writing with the Executive Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's recommended decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

CASE NO. 03-1042-PSWD-PC

SOUTH PUTNAM PUBLIC SERVICE DISTRICT
and NORTH PUTNAM PUBLIC SERVICE DISTRICT
Joint petition for consent and approval
for the sale of North Putnam Public
Service District's utility system to
South Putnam Public Service District.

FINAL
9.25.03

RECOMMENDED DECISION

On July 9, 2003, the South Putnam Public Service District (South Putnam) and the North Putnam Public Service District (North Putnam) filed a joint petition seeking Commission consent and approval for the transfer of North Putnam's public utility system (utility system) to South Putnam. In support of the joint petition, South Putnam and North Putnam stated:

- (1) The proposed transfer of the North Putnam utility system to South Putnam will be conducive to the preservation of the public health, comfort and convenience of Putnam County;
- (2) Pursuant to an Operation and Maintenance Agreement (O&M Agreement) previously entered into between the Petitioners and approved by the Commission in Case No. 00-1134-PSWD-PC (November 14, 2000), South Putnam has been operating and maintaining the utility system of North Putnam;
- (3) In the O&M Agreement, North Putnam granted unto South Putnam the exclusive right and option to purchase North Putnam's existing public utility system for the consideration of One Dollar (\$1.00), and the complete assumption of any outstanding indebtedness owed by North Putnam to the Rural Utilities Service (RUS), West Virginia Water Development Authority (WDA) and City National Bank;

(4) South Putnam has been working with the U.S. Army Corps of Engineers in developing a sewer upgrade project for the area currently served by the sewer facilities of North Putnam Public Service District. The Corps of Engineers, which is providing grant monies for the sewer upgrade project, has notified South Putnam that, before the proposed project can move forward, South Putnam will need to acquire the facilities of North Putnam. Therefore, South Putnam wishes to exercise its option to purchase North Putnam's public utility assets pursuant to the O&M Agreement;

(5) The Putnam County Commission has adopted a Resolution proposing (1) the expansion of South Putnam's territory to include the entire territory in Putnam County located north of the Kanawha River and not contained within the boundaries of any municipal or private utility, which area contains the operating territory of North Putnam Public Service District; (2) the dissolution of North Putnam Public Service District; and (3) the rescission of a portion of a March 4, 1993 County Commission Order insofar as it purported to merge Putnam Union Public Service District and North Putnam Public Service District and create a new North Putnam Public Service District. Pursuant to the requirements of West Virginia Code §16-13A-2, the County Commission has filed the appropriate documents with the Public Service Commission seeking its approval of the County Commission's actions. See, Case No. 03-0536-PSWD-PC;

(6) On August 3, 2000, the Board of North Putnam held a hearing pursuant to the requirements of West Virginia Code §16-13A-18a. Following the hearing, at which no member of the public appeared, North Putnam Public Service District unanimously approved the transfer of that district's assets to South Putnam Public Service District. A copy of the minutes of the August 3, 2000 meeting is attached to the joint petition as Exhibit 1. A copy of the affidavit of publication notifying the public of the hearing to be held on August 3, 2000, is attached as Exhibit 2. A copy of the resolution of the Board of North Putnam authorizing the Board to undertake all actions necessary to effectuate the transfer of its

system to South Putnam is attached to the petition as Exhibit 3;

(7) On July 8, 2003, the County Commission of Putnam County, West Virginia, unanimously passed a resolution approving the action of North Putnam in seeking to transfer its system to South Putnam, subject to the approval of the Public Service Commission and subject to the further approval of North Putnam's bondholders. A copy of the resolution of the County Commission is attached to the petition as Exhibit 4; and

(8) In order for South Putnam to obtain the necessary funds for the construction of needed sewer facilities in the territory of North Putnam, it is necessary that South Putnam have ownership of North Putnam's current utility assets.

On July 10, 2003, counsel for the Petitioners filed original Verifications for the joint petition filed herein on July 9, 2003.

On August 12, 2003, Staff Attorney Ronald E. Robertson, Jr., filed an Initial and Final Joint Staff Memorandum. An Initial and Final Internal Memorandum dated August 5, 2003, from William A. Nelson, Utilities Analyst Supervisor, Water and Wastewater Division, and Jonathan Fowler, P.E., Engineer I, Engineering Division, was attached thereto. Commission Staff stated that, based upon its review of the petition and exhibits attached thereto, South Putnam and North Putnam had met the requirements of West Virginia Code §16-13A-18a, regarding the sale of North Putnam's utility system to South Putnam. Commission Staff, after noting the Putnam County Commission's pending Case No. 03-0536-PSWD-PC, seeking Commission approval, in part, to dissolve North Putnam and expand South Putnam's boundaries to encompass the current service area of North Putnam, stated that the sale of North Putnam's utility system had to be approved and finalized prior to the dissolution actually occurring.¹ Commission Staff went on to note that approval of the sale of North

¹Commission Staff noted that it intended to file its final recommendation in the dissolution case concurrently with the filing of its final recommendation in this proceeding, which would allow final orders to be issued on or about the same date in both cases. However, since a hearing scheduled for September 19, 2003, must be held in Case No. 03-0536-PSWD-PC regarding the dissolution of North Putnam, Commission Staff was of the opinion that it was likely that the acquisition of North Putnam's utility system by South Putnam would be approved first, with approval of North Putnam's dissolution to follow some time thereafter.

Putnam's utility system to South Putnam had to be made subject to obtaining bondholder approval. Thus, RUS, WDA and City National Bank had to give their consent to the proposed sale. Accordingly, Commission Staff requested that copies of the consents to the proposed sale executed by RUS, WDA and City National Bank be filed in this proceeding when received. In addition, it was noted that the proposed acquisition of North Putnam's utility system by South Putnam will require South Putnam to adopt and maintain the current North Putnam rates and charges in accordance with Rule 14.1² of the Commission's Rules for the Construction and Filing of Tariffs (Tariff Rules). Commission Staff noted that it would typically recommend that the purchasing utility file for a rate review approximately eighteen (18) months following acquisition. However, South Putnam has a sewer rate case, Case No. 03-1041-PSD-42T, currently pending before the Commission which addresses both its rates and those to be charged to the North Putnam customers. Commission Staff stated that it had no problem with the North Putnam rates being reviewed as part of that proceeding, but the proposed sale sub judice had to be approved and South Putnam had to adopt the current North Putnam rates pending the outcome of the rate review in Case No. 03-1041-PSD-42T. Accordingly, Commission Staff recommended approval of the joint petition filed herein, contingent upon North Putnam obtaining bondholder approval and South Putnam adopting and maintaining the current North Putnam rates and charges. Commission Staff also recommended that this matter be retained by the Commission itself in order to expedite its processing.

By Order dated August 28, 2003, the Commission referred this matter to the Division of Administrative Law Judges for further disposition, with a decision due date of September 25, 2003.

FINDINGS OF FACT

1. On July 9, 2003, the South Putnam Public Service District and the North Putnam Public Service District filed a joint petition seeking Commission consent and approval for the transfer of North Putnam's public utility system to South Putnam. (See, July 9, 2003 filing).

²Tariff Rule 14.1 states:

In case of change of ownership or control of a utility, or, when a utility or a part of its business is transferred from the operating control of one company to that of another, or, when its name is changed, the company, which will thereafter operate the utility business, must use the rates, classifications and rules and regulations of the former operating company (unless authorized to change by the Commission).

2. South Putnam has been operating and maintaining the North Putnam system since the Commission approved the O&M Agreement between the two districts in Case No. 00-1134-PSWD-PC (November 14, 2000). South Putnam also holds the exclusive right and option to purchase the North Putnam system. (See, petition filed July 9, 2003).

3. South Putnam has been working with the U.S. Army Corps of Engineers to develop a sewer upgrade project for the North Putnam area, but, before the project can move forward, South Putnam must acquire the North Putnam facilities. (See, petition filed July 9, 2003).

4. Commission Staff recommended that the joint petition be approved, contingent upon obtaining the approval of North Putnam's three (3) bondholders and South Putnam adopting and maintaining North Putnam's current rates and charges until further order of the Commission. (See, Initial and Final Joint Staff Memorandum and attachment filed August 12, 2003).

CONCLUSION OF LAW

Upon consideration of all of the above, the undersigned Administrative Law Judge is of the opinion that the joint petition filed herein on July 9, 2003, by South Putnam Public Service District and North Putnam Public Service District, seeking Commission consent and approval for the transfer of North Putnam's public utility system to South Putnam, should be approved, contingent upon North Putnam and South Putnam obtaining the approval of North Putnam's three (3) bondholders, namely the Rural Utilities Service, the West Virginia Water Development Authority and City National Bank, and further contingent upon South Putnam filing an appropriate revised tariff with the Commission's Tariff Office adopting and maintaining the current North Putnam rates and charges for the former North Putnam customers, pending the outcome of the rate review in Case No. 03-1041-PSD-42T.

ORDER

IT IS, THEREFORE, ORDERED that the joint petition filed herein on July 9, 2003, by South Putnam Public Service District and North Putnam Public Service District seeking Commission consent and approval for the transfer of North Putnam Public Service District's public utility system to South Putnam Public Service District be, and hereby is, approved.

IT IS FURTHER ORDERED that the approval hereby granted is contingent upon North Putnam Public Service District and South Putnam Public Service District obtaining the approval of North Putnam Public Service District's three (3) bondholders, namely the Rural Utilities Service, the West

Virginia Water Development Authority and City National Bank, and filing copies of said approval(s) herein immediately upon receipt.

IT IS FURTHER ORDERED that the approval hereby granted is further contingent upon South Putnam Public Service District filing with the Commission's Tariff Office within thirty (30) days of the date that this Order becomes final, an appropriate tariff adopting the rates and charges now in effect for North Putnam Public Service District's customers.

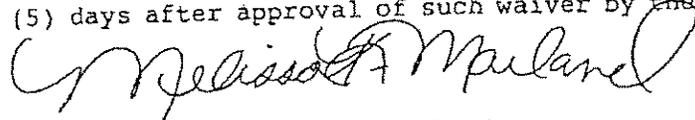

IT IS FURTHER ORDERED that this matter be, and hereby is, removed from the Commission's docket of open cases.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

MEMBERS PRESENT: Gary Sigman, Brent Null, Patti Babcock
STAFF PRESENT: Fred Stottlemeyer
GUESTS PRESENT: Robert Rodecker

This special meeting constituted a public hearing to take comments on the proposed acquisition/sale of North Putnam PSD to South Putnam PSD. There was no public person who attended this meeting.

Brent Null motioned the best interest of the public would be served by transferring the assets of this District(NPPSD) to the South Putnam PSD and to file the appropriate documents with the Putnam County Commission and the Public Service Commission to carry out the sale of this system. Patti second and the decision was unanimous.

Fred Stottlemeyer took this opportunity to report the following:

1) Number 3 station has only one pump operational. A safety ladder has been installed inside this station.

2) The Treatment Plant was broken into on July 30th. Mostly tools were taken and entry was gained via a broken window.

3) The 8 inches of rain during the month of July produced flows in excess of 500,000 gallons. Route 62 is the area suspected of infiltration and next week this area will be addressed.

4) One manhole on Drew Street has no mastic. This will be corrected.

5) Clarifying tanks will be taken down beginning with Number 1 on August 21 to inspect, clean and make piping changes. Number 2 will be following for the same inspection and repair. Diffusers for these tanks were one of the items stolen. Replacements will be ordered immediately.

6) Putnam County Commission has indicated they will supply \$31,500.00 to match monies offered by the Governor's office for the collapsed line repair.

7] At our request, contractor Clyde Raynes has submitted an invoice for \$55,596.65 for work done to date. North Putnam has expended \$55,644.97 to date on repair cost. Patti reported digesting cost on this date with only \$10,000.00 of invoices remaining from this project, all aged less than 30 days.

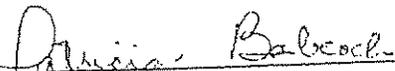

8] Plans for Cherokee Estates were discussed. Meetings with the developers have caused changes and these changes were discussed and approved on motion by Brent Null.

There being no further business, the meeting adjourned at 7:58 p.m.

Dear Mr. Callahan

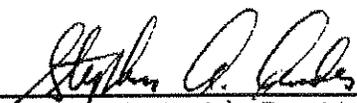

The Putnam County Commission is pleased to announce that we have appointed you to serve on the Putnam Public Service District Board, to fill the unexpired term of Mr. Jerry Kelley. This term will be effective on March 4, 2008 and will expire on August 31, 2013.

Upon receipt of this letter, it will be necessary for you to appear before the County Clerk of this Commission at the courthouse to take the oath of office. The purpose of the NEW ISSUE REPORT FORM is to provide the WV Municipal Bond Commission with an early warning of three basic facts no later than the day of closing on any issue for which the Commission is to act as fiscal agent. These are:

1. Formal notification that a new issue is outstanding.
2. Date of first action or debt service.
3. Contact people should we lack documents, information, or funds needed to administer the issue by the date of the first action or debt service.

The commission recognizes that as bond transcripts become increasingly long and complex, it has become more difficult to assemble and submit them to the Commission within the 30 days specified by the West Virginia Code 13-3-8. This notice is not intended to provide all the information needed to administer an issue, but to alert the Commission and ensure that no debt service payments are missed due to delays in assembling bond transcripts. If, at the time of closing, documents such as the ordinance and all supplements, debt service schedules, and a specimen bond or photostat are available and submitted with this form, it will greatly aid the Commission in the performance of its duties. These documents are needed to set up the proper accounts and to advise the issuer of monthly deposit requirements as far in advance of the first debt service as possible.

It is not necessary to complete all items if they are not pertinent to your issue. Indicate the County of the issuer. With PSDs that overlap more than one county, indicate the county of their business office. Complete "Rate" only if the issue has only one rate. Please complete a separate form for each series of an issue. Other important information can be recorded under "Notes."

Again, please submit this form on each new issue on the day of closing. If fund transfers into or out of the Commission at closing are required, please submit this form before closing. If no significant facts change by closing, no resubmission at closing is required. If, however, there are changes, please submit an updated form, with changes noted, at closing.

If you should have any questions concerning this form, please call the Commission.

WASTEWATER SEWER SERVICE AGREEMENT

THIS AGREEMENT, made this 14th day of April, 2003, by and between the CITY OF NITRO, West Virginia, a municipal corporation, and CITY OF NITRO REGIONAL WASTEWATER UTILITY, formerly referred to as THE SANITARY BOARD OF THE CITY OF NITRO, WEST VIRGINIA (hereinafter collectively referred to as "NITRO") and SOUTH PUTNAM PUBLIC SERVICE DISTRICT, a public corporation, (hereinafter referred to as "DISTRICT").

WITNESSETH

WHEREAS, NITRO is responsible for the operation of a wastewater collection system and treatment plant (hereinafter referred to as "Nitro Plant"); and

WHEREAS, the DISTRICT is planning to provide wastewater collection system services to its customers on the western side of Kanawha River located within its territorial boundaries as set forth by Orders of the Putnam County Commission (See Exhibit A); and

WHEREAS, the DISTRICT will charge certain rates and charges for the wastewater collection services provided to its customers throughout its service territory, including those customers located on the western side of Kanawha River; and

WHEREAS, NITRO's Plant has adequate design capacity to receive the anticipated wastewater discharge from the DISTRICT and NITRO agrees to reserve an adequate portion of its Plant's capacity for use by the DISTRICT, subject to the terms set forth herein; and,

WHEREAS, the DISTRICT desires to connect to Nitro's Plant and to be provided

with secondary, or higher when required by WVDEP and/or USEPA, treatment of wastewater delivered to the Plant by the DISTRICT.

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

ARTICLE I.

AGREEMENT OF PARTIES

A. NITRO

1. NITRO shall receive, treat and dispose of the DISTRICT's wastewater flow and shall maintain responsibility for discharge of treated wastewater in conformance and compliance with the applicable state and federal statutes, rules, and regulations, present and future.

2. NITRO shall make charges to the DISTRICT for such service in accordance with the provisions of Article IV below.

B. DISTRICT

1. The DISTRICT shall cause to be designed and constructed, at its own expense, a wastewater collection system within its boundaries sufficient to collect and transport its wastewater to designated points in the Nitro Plant. Said construction is contingent upon the availability to the DISTRICT of loan or grant financing from federal, state and/or county agencies upon such terms which, in its sole discretion, are acceptable to the DISTRICT. The DISTRICT shall retain full title to and ownership of its wastewater collection system constructed or upgraded by it.

2. The DISTRICT, if necessary, shall adopt and enforce sewer use ordinances as may be required to restrict or prohibit discharge of wastes which would be determined by NITRO to be harmful to the condition or performance of the Nitro

Plant or which would cause additional cost to treat such wastes over and above those expected for normal wastewater treatment.

3. The DISTRICT shall, subject to the approval of the Public Service Commission of West Virginia, pay NITRO the wastewater service charges calculated in accordance with Article IV below.

4. The DISTRICT shall cause the wastewater collected by it in the area of Teays Valley lying to the East of Crooked Creek, and in the Kanawha River watershed beginning at the Putnam/Kanawha County line extending down river to the area south of Hamrick Ranch along Route 35 to be treated only by NITRO during the term of this Agreement. The flow delivered by the DISTRICT to NITRO will be from residential, small business, commercial, authorized industrial, and all other customers which are connected to and served by the DISTRICT.

5. The DISTRICT may build or acquire treatment plants as it deems appropriate to meet the needs of its customers and its duty to extend service so long as flows from that area set forth in the foregoing Paragraph No. 4 are sent to NITRO for treatment in such limited wastewater flow per day as herein set forth.

C. ANNUAL MEETING.

1. NITRO and the DISTRICT agree that at least once during each fiscal year, the parties to this Agreement shall schedule a specifically designated meeting for the purpose of discussing business, rates, communications, complaints, suggestions and any related matters. Said meeting shall occur at a date mutually convenient to both parties and shall be scheduled at a mutually convenient time and place.

2. Should circumstances arise during the fiscal year, the parties hereto may

schedule additional meetings between each other to address matters.

ARTICLE II.

PLANT CONDITIONS

Nitro shall receive, treat and dispose of the DISTRICT's wastewater flow not to exceed 250,000 gallons per day at a maximum pumping rate of 1000 gallons per minute. When headworks of the treatment plant require an upgrade, the DISTRICT shall pay its proportionate share toward the cost of the upgrade. NITRO shall maintain responsibility for discharge of treated wastewater in accordance with the applicable State and Federal laws and regulations. The DISTRICT shall not be liable for fines or penalties as a result of discharge violations resulting from improper operation of the Plant; however, the DISTRICT shall be liable for any fine and/or penalty incurred as a result of discharge violations occurring at the Plant that are a direct result of the introduction of prohibited materials into the DISTRICT's collection system. The DISTRICT shall not exceed the limitation of wastewater per day into NITRO's wastewater treatment without prior approval of NITRO.

ARTICLE III.

WASTEWATER FLOW; METER REQUIREMENTS

The DISTRICT's wastewater is to be metered by a flow meter installed on the force main of the DISTRICT's system immediately before it discharges into Nitro's Plant. This meter shall be referred to as the "Nitro Plant Meter" as it will be located on the Nitro Plant premises. The DISTRICT shall be responsible for all costs associated with the installation of the flow meter. The DISTRICT may, at its own expense, install, connect, maintain and operate a recorder in its office to receive simultaneous flow records from

the Nitro Plant Meter to compare flow rates from the DISTRICT'S Nitro lift station located on the western side of the Kanawha River. If either meter is inaccurate by more than two percent (2%), the DISTRICT shall recalibrate the meters based upon a drawdown calculation at the NITRO lift station and the readings of the Nitro Plant Meter shall be corrected for the two (2) months previous to such test in accordance with the percentage of inaccuracy found by such test. Before the Nitro Plant Meter is calibrated, both NITRO and the DISTRICT must be aware of such calibration.

ARTICLE IV.

RATES AND CHARGES

charges
The ~~rate~~ for treatment of the DISTRICT's wastewater by NITRO will be based upon the reading of the NITRO plant meter by NITRO personnel.

1. NITRO will bill the DISTRICT for two items excluding costs for expansion as set forth in Paragraph C herein: a.) In consideration of the 250,000 gallons per day reserve capacity set aside for the DISTRICT, NITRO will charge the DISTRICT the debt service associated with that portion of the Treatment Plant's capacity. Such charge shall be billed as debt payment as set forth in **Exhibit B**. b.) The portion of the plant that is utilized by the District will be billed to the DISTRICT as O & M on a per 1,000 gallons basis as set forth in **Exhibit B**.

A. After the first anniversary of the commencement of wastewater treatment services rendered pursuant hereto, and annually thereafter, NITRO's Accountant shall calculate, on a per 1,000 gallons basis, the amount that would have been necessary during the preceding year to provide total revenues from THE DISTRICT sufficient to pay THE DISTRICT'S

proportionate share of the actual cost of operation and maintenance of the NITRO Wastewater Plant plus the DISTRICT'S proportionate share of the debt payment on the unused portion of the DISTRICT'S reserve capacity at the NITRO Wastewater Treatment Plant. The rates for service shall be on a three (3) year rolling average of the DISTRICT'S share of cost.

(1) The amount calculated pursuant to this

Subparagraph, on a 1,000 gallons basis, shall then be the rate to be charged by NITRO and to be paid by the DISTRICT during the next succeeding year and until the next annual review and recalculation.

(2) In addition, the amount calculated pursuant to

Subparagraph A. shall be applied retroactively to the bills for service rendered during the preceding year, and an appropriate adjustment shall be made either by refunding to the DISTRICT the amount of any overpayment or by paying to NITRO the amount of any underpayment. Said adjustment can be spread over a period of up to twelve months, so long as the total amount is paid within the same fiscal year. The determination as to whether the payment will be paid over a period of months will be solely the responsibility of the party that is required to make the adjustment.

B. Bills will be rendered each calendar month by NITRO to the DISTRICT for the services rendered by NITRO during the preceding calendar month, and each such bill shall be payable at the office of NITRO

on or before the fifteenth (15th) day after the date of such bill.

C. In the event that NITRO's excess capacity is eighty percent (80%) committed as to use while this Agreement is in effect, then, and in such event, DISTRICT agrees to bear its pro-portionate pro-rata share of expansion costs to increase capacity through new construction. The extend of the DISTRICT's share of such expansion costs will be determined on the basis of the DISTRICT's demand for additional capacity. Such expansion costs shall be payable by DISTRICT as a long term debt under such terms as NITRO may incur to pay for such expansion costs.

2. The parties hereto shall, upon request, provide the other with an annual audit approved by the Public Service Commission of West Virginia or in Nitro's instance, the audit by the State Tax Department and related information as may be required.

ARTICLE V.

INDEMNIFICATION

The DISTRICT will obtain adequate insurance and shall keep in force, pay, and will protect indemnify and hold NITRO harmless from and against all liabilities, losses, damages, costs and expenses, including attorneys fees and expenses of NITRO, causes of actions, suits, claims, demands, and judgments of any nature arising from:

- (1) Any injury to or death of any person or damage to property in or upon the DISTRICT'S property or facilities, or growing out of or connected with the use, nonuse, condition or occupancy of the said DISTRICT'S property or facilities or a part thereof; such injuries and/or damage shall include any

and all injuries or damage which may occur due to any failure or malfunction of the DISTRICT'S lift stations caused by any flood, hail storm, windstorm, Act of God, and any and all unprecedented meteorological events; any repairs, construction or alterations or remodeling thereto as performed by the DISTRICT, their authorized agents or servants, excluding NITRO or its agents or servants, or the condition of the DISTRICT'S property or facilities including sidewalks, streets or alleys and any equipment or facilities at any time located on the DISTRICT'S property or under the DISTRICT'S control and use in connection herewith.

It is the intent of this paragraph that neither party will subsidize the other's capital or operation and maintenance expenses and that all parties shall mutually benefit from this Agreement.

In the event the DISTRICT fails to perform any other term, obligation, or condition of this Agreement, the result of which is likely to cause irreparable harm or injury to NITRO facilities or otherwise constitute an emergency situation and the DISTRICT fails to correct such condition or default within thirty (30) days, unless a shorter time is deemed necessary by NITRO, after written notice by NITRO specifying such default, then NITRO shall have the right to undertake such corrective action and the DISTRICT shall be responsible for all costs and expenses incurred by NITRO or shall reimburse NITRO for such costs and expenses.

NITRO shall have the right to perform on-site inspections of the construction process on the portion of the DISTRICT'S collection system which will send wastewater to the Plant.

The DISTRICT shall be responsible for the performance of services, maintenance, and repairs on and for the DISTRICT'S wastewater collection and transportation system.

ARTICLE VI.

APPROVAL OF PUBLIC SERVICE COMMISSION

It is understood that this Agreement is subject to approval by the Public Service Commission of West Virginia and the parties hereto agree to cooperate in submitting a petition to the Commission for approval of this Agreement in accordance with the rules and regulations promulgated by said Commission and the pertinent laws of the State of West Virginia. In the event such approvals cannot be obtained for this Agreement as executed by the parties, then the parties agree to make a good faith effort to renegotiate such portions of the Agreement for which approval cannot be obtained.

ARTICLE VII.

MODIFICATION

This Agreement may be modified by amendment mutually acceptable to and agreed upon by all of the parties to this Agreement, provided that any such amendment is approved, ratified, and confirmed by ordinance adopted by the City Council of Nitro.

ARTICLE VIII.

TERM

This Agreement shall remain in full force and effect for a period of forty (40) years. Unless written notice of an intention not to renew is received sixty (60) days prior to the expiration of the period, this Agreement shall be automatically reviewed on the same terms and conditions for succeeding terms of fifteen (15) years.

ARTICLE IX.

SUCCESSION OF ASSIGNMENT

This Agreement shall be binding upon and its benefits shall inure to the successors or assigns of the parties hereto and any sale or transfer by the parties hereto of all or any portion of their respective sewage collection and/or treatment systems shall be made in such manner so that the rights of the parties to this Agreement shall be fully preserved and perpetuated.

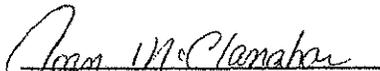

IN WITNESS WHEREOF, the parties hereto have made and executed this SEWER SERVICE AGREEMENT by their appropriate officers as of the day and year first above written.

This Agreement Made and entered into this 6th day of Dec., 1976, by and among the City of Hurricane, a municipal corporation in Putnam County, West Virginia, and the Sanitary Board of the City of Hurricane, West Virginia, hereinafter collectively referred to as "Hurricane," and the Teays Valley Public Service District, a public corporation in Putnam County, West Virginia, hereinafter referred to as "Teays Valley."

W I T N E S S E T H:

WHEREAS, Hurricane has for many years, through its Sanitary Board, owned and operated a sewage collection system and treatment plant serving a portion of Hurricane, which treatment plant is now overloaded and obsolete, and, therefore, the City Council of Hurricane has found and determined that it is now necessary to construct additional collection sewers and a new sewage treatment plant to serve all of the residents, commercial and industrial establishments of Hurricane; and

WHEREAS, Teays Valley has no sewage collection system or treatment facilities and the West Virginia Department of Health has ordered a moratorium on building construction in the Teays Valley area until an adequate sewerage system

is available to serve the needs of the residents of the area, and, therefore, the Commissioners of the Teays Valley Public Service District have found and determined that it is now necessary to construct collection sewers to serve all of the residents, commercial and industrial establishments within the boundaries of Teays Valley and to assure that adequate sewage treatment facilities are available to serve the needs of the residents of Teays Valley; and

WHEREAS, engineering plans and specifications for sewage collection and treatment facilities for Hurricane have been completed and the sewage treatment plant to be constructed by Hurricane is of sufficient size and capacity to serve the residents of both Hurricane and Teays Valley now and in the foreseeable future without any impairment of the usefulness of such sewage treatment plant to Hurricane; and

WHEREAS, engineering plans and specifications for sewage collection facilities for Teays Valley have not been completed, but such plans and specifications are part of work to be performed under the terms of a grant from the United States Environmental Protection Agency ("EPA") to Hurricane, as described more fully in Article X hereof; and

WHEREAS, this Agreement, and the engineering plans and specifications referred to herein, are intended to promote and facilitate the acquisition and construction of a sewage treatment

and collection system to serve the area within Hurricane and that portion of Teays Valley lying to the west of Crooked Creek Road, as shown on the map attached hereto as Exhibit A; and

WHEREAS, Teays Valley has made formal application to Hurricane for treatment and disposal of the sewage from its sewage collection system, and Hurricane has indicated its desire to accept and treat all such sewage received from Teays Valley and Teays Valley has indicated its willingness to pay for the cost of such treatment; and

WHEREAS, Hurricane and Teays Valley have expended funds and have made commitments to expend funds and Hurricane has received grant funds from EPA and loan funds from the West Virginia Water Development Authority (hereinafter referred to as "WDA"), all in connection with engineering and designing the proposed sewage treatment and collection system for both Hurricane and Teays Valley and in resolving legal and accounting questions related to the acquisition and construction of such system, as to which expenditures, commitments, loans and grants Hurricane and Teays Valley desire to make provision for between them; and

WHEREAS, Hurricane and Teays Valley entered into an agreement dated February 22, 1973, whereby Hurricane was to design, construct, operate and maintain a sanitary sewer

system to serve; among other areas, all or part of Teays Valley, which agreement the parties desire to rescind; and

WHEREAS, Hurricane and Teays Valley are willing to do all things necessary relating to the acquisition and construction of adequate sewage treatment facilities and collection systems for the Hurricane - Teays Valley area (the "Project");

NOW, THEREFORE, Be it Agreed by and between the City of Hurricane and the Teays Valley Public Service District as follows:

ARTICLE I. CONSTRUCTION AND MAINTENANCE OF SYSTEMS

INTERCEPTOR OBLIGATIONS BY HURRICANE
1. Hurricane shall construct and maintain, at its own expense, subject to the provision for payment by Teays Valley as set forth in Article IX hereof, adequate sewage treatment facilities and an interceptor sewer as defined in Article V hereof for the purpose of accepting and treating the sewage delivered by Teays Valley into the Hurricane system. Hurricane shall acquire, by condemnation or otherwise, adequate land within or in close proximity to the Hurricane corporate boundaries upon which the aforesaid sewage treatment facilities may be constructed. Hurricane shall expand its sewage treatment system from time to time as such expansion becomes necessary to provide adequate capacity in the system to treat the sewage delivered, or projected by a nationally recognized and responsible engineering firm to be delivered, by Teays Valley; provided that the capacity of the Hurricane

EXPANSION OBLIGATION

which is to be reserved for sewage from Teays Valley and future expansions of the treatment facility to meet the sewage treatment needs of Teays Valley shall be set forth in detail in the Service Contract referred to in Article XIII.

2. Hurricane and Teays Valley shall construct and maintain, each at its own expense, a collection system of sanitary sewers to serve the residents of their respective areas in a manner which will prevent excessive infiltration of ground water into such system and shall adopt and enforce regulations prohibiting the draining of storm and surface waters in said sewage collection system. Hurricane and Teays Valley shall further cause to be adopted and enforced regulations concerning the introduction of "industrial" and "prohibited" wastes into sewage collection systems.

3. During the period of this contract and during the renewal periods provided for herein, Teays Valley will utilize the sewage treatment facilities of Hurricane for all sewage from that portion of Teays Valley lying to the west of Crooked Creek, as shown on the map attached hereto as Exhibit A, and will not utilize any competing sewage treatment facilities for the aforesaid portion of Teays Valley, whether owned by Teays Valley or otherwise, and Hurricane will accept and treat the sewage delivered by Teays Valley into the Hurricane collection system. The sewage delivered by Teays Valley to Hurricane will be from metered rate residential, small business, commercial and all

other customers which are connected and served by the sewage collection system of Teays Valley.

ARTICLE II. POINTS OF SERVICE

Hurricane shall provide and maintain a collection sewer to receive the discharge from the outlet sewer line of Teays Valley at a location at or near to the corporate boundary of Hurricane, such location to be approved by the parties. The parties intend that, initially, sewage from Teays Valley shall be transported to Hurricane via a single main line and that the flow of such sewage shall be metered for purposes of charges under Article IX at the point where the Hurricane sewage line joins the Teays Valley sewage line.

Additional points of service for future requirements or the discontinuance thereof shall be provided by an amendment or amendments to this contract as provided for in Article XVI of this contract.

ARTICLE III. APPLICATIONS FOR INDUSTRIAL USERS

Before any connection is made to either the Hurricane or Teays Valley sewage collection systems, all industrial users, regardless of location, as well as all other users located beyond the corporate limits of either Hurricane or Teays Valley, shall first file an application with the Hurricane Sanitary Board (and Teays Valley if such connection is to be

made to the Teays Valley sewage collection system), on forms provided by Hurricane, for their approval. Such application shall describe in detail the contents, characteristics and B.O.D. of such sewage and the estimated GPD flow.

ARTICLE IV. SPECIAL CASES

In the event the sewage, water or other liquid wastes being discharged into the sewage collection system of Teays Valley from any building or premise is determined by the Hurricane Sanitary Board to contain unduly high concentrations of any substances which add to the operating costs of the sewage treatment facilities of Hurricane, then Teays Valley shall, at the request of the Hurricane Sanitary Board, establish special rates or charges or require the owner or other interested party to specially treat such sewage, water or other liquid wastes before it is discharged into the sewage collection system of Teays Valley, provided, however, that any such request made by the Hurricane Sanitary Board shall be no more stringent than those applicable to similar users or classes of users within the jurisdiction of Hurricane.

ARTICLE V. INTERCEPTOR SEWERS

Hurricane shall provide and maintain a sanitary interceptor sewer to the interceptor sewer outlet of Teays Valley of sufficient capacity to fulfill design needs as based on specifications required by West Virginia State Board of Health regulations

and regulations of the West Virginia Department of Natural Resources.

ARTICLE VI. DESIGN STANDARDS

Design standards shall be agreed upon between the Hurricane Sanitary Board and Teays Valley and their respective engineers. These standards shall apply to all sewers constructed in the jurisdiction of both Hurricane and Teays Valley.

In the event of error, omission or doubt concerning design standards, pertinent regulations of EPA, the West Virginia State Department of Health and Department of Natural Resources, if available, shall apply and be used for interpretation.

Said standards may be revised from time to time by mutual consent of the parties to this contract as conditions warrant.

A common sewer use code shall be adopted by Hurricane and Teays Valley and enforcement thereof guaranteed by competent inspection of all sewer plumbing work within the jurisdiction of Hurricane and Teays Valley.

ARTICLE VII. MAINTENANCE OF SERVICE AND SEWAGE TREATMENT FACILITIES

Both Hurricane and Teays Valley agree to maintain their respective sanitary interceptor sewers to the point or points of service to such degree and thoroughness that the design capacity is maintained at all times.

Hurricane shall provide, operate and maintain sewage treatment facilities sufficient to meet all applicable requirements of the West Virginia State Department of Health and the West Virginia Department of Natural Resources and shall further save Teays Valley harmless from any compliance order issued against said treatment facilities by the West Virginia Department of Health and/or the West Virginia Department of Natural Resources.

ARTICLE VIII. BILLING AND COLLECTION

Hurricane and Teays Valley agree to bill and collect all charges due for sewer service to users connected to their respective sewage collection systems, and Hurricane and Teays Valley further agree to adopt rules and regulations to enforce the collection of such bills. The records of Hurricane and Teays Valley shall be made available, each to the other, for the purpose of making any annual audit as may be required by the ordinance or resolution adopted by Hurricane or Teays Valley, respectively, authorizing the issuance of revenue bonds to finance the cost of acquisition and construction of their respective sewage systems.

ARTICLE IX. CHARGES FOR BILLING, COLLECTION AND SEWAGE TREATMENT SERVICES

1. In consideration of the additional capital cost incurred by Hurricane for the construction of sewage collection and treatment facilities of sufficient size and capacity to serve the users of the sewage collection system of Teays Valley

and for the services rendered by Hurricane in accepting and treating the sewage received from the sewage collection system of Teays Valley, Hurricane will charge, and Teays Valley will pay as an operating expense of its sewage collection system and solely from the revenues derived from the operation thereof, a monthly amount, to be determined by the Independent Accountant provided for in Paragraph 3 of this Article, equivalent to the cost incurred by Hurricane in accepting and treating the sewage received from the sewage collection system of Teays Valley, provided that the amount paid by Teays Valley to Hurricane in any fiscal year, as defined in the ordinance adopted by the City Council of Hurricane authorizing the issuance of revenue bonds to finance the cost of acquisition and construction of sewage treatment facilities in Hurricane, shall in no event be less than a minimum amount to be computed and/or approved by an Independent Accountant, as provided for herein, in order to assure adequate income to Hurricane to pay (i) the interest on and principal of that portion of the aforesaid revenue bonds used to finance that portion of Hurricane's treatment facilities used in treating sewage from Teays Valley, and (ii) the operation and maintenance costs of that portion of Hurricane's treatment facilities used in treating sewage from Teays Valley.

The rates or charges to Teays Valley hereunder shall be related to the use of the Hurricane sewage treatment facilities

by Teays Valley and shall be measured and determined by the amount necessary to provide monthly revenues from Teays Valley required to pay the principal of and interest on and reserves (including payments into any renewal and replacement fund) for the bonds of Hurricane issued to finance the cost of design, acquisition, construction, operation and maintenance of that portion of the Hurricane treatment facility, and any additions thereto, necessary to collect, treat and dispose of the sanitary sewage and industrial wastes of Teays Valley. Such costs shall include the actual cost of treatment of the industrial wastes and sanitary sewage of Teays Valley, the proportionate share of the cost of operation and maintenance of the Hurricane sewage treatment facilities and any sewer line or lines installed or acquired to provide such services and facilities to Teays Valley, all as determined by the Independent Accountant.

In addition, such rates or charges shall be increased pro rata with the rates of other users of the Hurricane treatment facility from time to time and to the full extent necessary to produce, together with the revenues received from the collection of fair, just and equitable rates or charges from the other users of the Hurricane treatment facility, adequate revenues in each year to pay all expenses of operation, repair and maintenance of the Hurricane treatment facility, the principal

requiring such services.

5. Teays Valley agrees to bill, collect and remit to Hurricane Industrial Cost Recovery Payments by industrial users of the system pursuant to appropriate EPA regulations.

ARTICLE X. GRANT AND LOAN FUNDS

1. Hurricane agrees to transmit and Teays Valley agrees to accept the EPA Step II and/or Step III portions of the Phase II engineering and design work which has been performed for Hurricane, all as described in the EPA grant to Hurricane for acquisition and construction of a sewage system in the Hurricane - Teays Valley area. Teays Valley agrees to assume responsibility for the repayment of (i) any WDA loan funds paid by Hurricane to engineers for such plans as may be transferred to Teays Valley and (ii) any WDA funds heretofore or hereafter used to finance work on sewage collection facilities in the area of Teays Valley. Teays Valley further agrees to apply for such WDA loan funds as may be available to finance the remainder of the Step II work. Hurricane and Teays Valley agree that Teays Valley will accept the transfer of EPA grant funds, upon offer by EPA, previously offered to Hurricane in connection with acquisition and construction of the Teays Valley portion of the sewer system in the Hurricane - Teays Valley area.

2. Hurricane and Teays Valley agree to proceed immediately to obtain such grant and loan funds as may be necessary and

available to acquire and construct a sewage system in the Hurricane Teays Valley area and to provide needed sewage services to such area.

ARTICLE XI. RESCISSION OF PREVIOUS AGREEMENTS

Hurricane and Teays Valley hereby rescind and cancel that agreement between them dated February 22, 1973, whereby Hurricane was to design, construct, operate and maintain a sanitary sewer system to serve, among other areas, all or part of Teays Valley. Hurricane and Teays Valley further rescind and cancel any other agreement or understanding between them, or parts thereof, inconsistent herewith.

ARTICLE XII. COOPERATION

Hurricane and Teays Valley recognize that their respective sewerage systems are interdependent. The parties agree that if either party finds it necessary to retain a project manager ("Project Manager") to review and coordinate the acquisition and construction of the project, then both parties shall cooperate with said Project Manager. The parties also recognize that the investment banker retained by either party may require the employment of an engineer to review design documents, and other work related to the project, as a condition of the underwriting agreement and the parties hereby agree to cooperate with said engineer ("Review Engineer").

Hurricane and Teays Valley agree to cooperate with investment bankers selected by any or all of the parties, bond counsel, attorneys for each of the parties and the Project Manager and Independent Accountant, and further to do all things necessary to effectuate the sale of the revenue bonds of each of the parties hereto to finance a portion of the cost of a sewage system in the Hurricane and Teays Valley area.

ARTICLE XIII. SERVICE CONTRACT

Hurricane and Teays Valley agree to enter into and execute a service contract ("Service Contract") to describe further the legal relationship between them in connection with the operation of their respective sewer systems, and to further define the concepts of operation contained herein, including, but not limited to, rates and sewage flows. The parties contemplate that the Service Contract will contain an initial schedule of rates and charges between Hurricane and Teays Valley and to users of the parties' sewer systems.

ARTICLE XIV. SALE OR TRANSFER

This contract shall be binding upon the successors and assigns of the parties hereto and any sale or transfer by the parties hereto of all or any portion of their respective sewage collection and/or treatment systems shall be made in such a manner so that the rights of the parties to this contract shall be fully preserved and perpetuated.

ARTICLE XV. APPROVAL OF PUBLIC SERVICE COMMISSION

Both Hurricane and Teays Valley agree to cooperate in

submitting a petition to the Public Service Commission of West Virginia for approval of this contract in accordance with the rules and regulations promulgated by said Public Service Commission and the pertinent laws of West Virginia in this matter.

ARTICLE XVI. MODIFICATION

This contract may be modified by amendment acceptable to the Hurricane Sanitary Board and Teays Valley, provided that any such amendment is approved, ratified and confirmed by ordinance adopted by the City Council of Hurricane.

ARTICLE XVII. DURATION

It is mutually agreed by the parties hereto that this contract shall remain in full force and effect for the maximum period allowed by law, not to exceed forty years, provided that unless either party gives written notice to the other party, not less than five years prior to termination of the period, of an intention not to renew, this Agreement shall be automatically renewed on the same terms and conditions for succeeding terms of fifteen years.

ARTICLE XVIII. SEVERANCE

If for any reason any section, paragraph, clause or provision of this contract shall be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect the validity of any of the remaining portions of this contract.

ARTICLE XIX. PERFORMANCE

Hurricane and Teays Valley agree that land for treatment facilities will be acquired or condemnation proceedings begun prior to January 1, 1977, and construction on the Hurricane sewage treatment facility shall begin on or before May 1, 1977, and that both parties shall have completed the acquisition and construction of their respective systems on or before January 1, 1980, in order to assure that adequate sewage treatment facilities will be available to Teays Valley and that revenues for transporting and treating sewage from Teays Valley will be available to Hurricane by January 1, 1980. The parties further agree that time is of the essence of this Agreement and that all duties required and anticipated by this Agreement to be performed, including the payment of funds for construction of the sewage systems, are deemed to be mandatory acts of the appropriate public officials.

The parties hereto agree that upon failure of either party to meet the foregoing construction dates, the other party shall have, in addition to rights provided by law, the right to specific performance by the non-complying party; provided, however, that both parties hereby waive any rights under law that they may have to rescind this Agreement, it being the intention of both parties to be bound by this Agreement for the term stated in Article XVII.

SERVICE CONTRACT

THIS SERVICE CONTRACT, Made this the 28th day of June, 1978, by and among THE CITY OF HURRICANE, a municipal corporation in Putnam County, West Virginia, and THE SANITARY BOARD OF THE CITY OF HURRICANE, WEST VIRGINIA, hereinafter collectively referred to as "Hurricane", and THE TEAYS VALLEY PUBLIC SERVICE DISTRICT, a public corporation in Putnam County, West Virginia, hereinafter referred to as "Teays Valley".

W I T N E S S E T H:

WHEREAS, Hurricane and Teays Valley entered into and executed an Agreement on the 6th day of December, 1976, relating to the acquisition, construction and operation of sewage treatment facilities and collection systems for the Hurricane-Teays Valley area, a copy of which Agreement is attached hereto and made a part hereof; and

WHEREAS, the said Agreement calls for the entering into and execution of a Service Contract to describe further the legal relationship between Hurricane and Teays Valley in connection with the operation of their respective sewer systems; and

WHEREAS, Hurricane is constructing the sewage treatment facilities and preparing to construct the interceptor sewer to receive the discharge from the outlet sewer line of Teays Valley, as set forth in said Agreement; and

WHEREAS, Teays Valley is preparing to construct a sewage collection system as set forth in said Agreement and is preparing to file a petition with the Public Service Commission of the State of West Virginia for a Certificate of Convenience and Necessity to operate said sewer collection system and to place into effect certain rates and charges to be made by it for the sale of its services to its customers;

NOW, THEREFORE, be it agreed by and among The City of Hurricane, The Sanitary Board of the City of Hurricane, and The Teays Valley Public Service District as follows:

ARTICLE I. AGREEMENT TO USE AND ACCEPT

During the period of this contract and during the period of any renewal hereof, Teays Valley will utilize the sewage treatment facilities of Hurricane for all sewage from that portion of Teays Valley lying to the west of Crooked Creek, as set forth in Exhibit A attached to the Agreement of December 6, 1976, and will not utilize any competing sewage treatment facilities for the aforesaid portion of Teays Valley, whether owned by Teays Valley or otherwise, and Hurricane will accept and treat the sewage delivered by Teays Valley into the Hurricane collection system. The sewage delivered by Teays Valley to Hurricane will be from residential, small business, commercial, authorized industrial, and all other customers which are connected and served by the sewage collection system of Teays Valley. Hurricane shall construct and maintain, at its own expense,

subject to the provision for payment by Teays Valley as set forth hereinafter, adequate sewage treatment facilities and an adequate interceptor sewer or adequate interceptor sewers for the purpose of accepting and treating all of the sewage delivered or tendered for delivery by Teays Valley into the Hurricane system, and shall expand its sewage treatment system and interceptor sewer or sewers from time to time as such expansion becomes necessary to provide adequate capacity in the system to treat the sewage so delivered by Teays Valley; it is estimated that after January 1, 1979, but prior to December 31, 1979, Teays Valley will have approximately 1,300 customers connected to and served by the sewage collection system of Teays Valley.

ARTICLE II. POINTS OF SERVICE

Hurricane shall provide and maintain a collection sewer of adequate design and capacity to receive the discharge from the outlet sewer line of Teays Valley at the following location: at the southwest corner of the intersection of West Virginia Route No. 34 and the boundary of Teays Valley.

Additional points of service for future requirements or the discontinuance thereof shall be provided by an amendment or amendments to this contract as provided for in ARTICLE VII of this contract.

ARTICLE III. RATES AND CHARGES

1. In consideration of the additional capital cost

incurred by Hurricane for the construction of sewage treatment facilities of sufficient size and capacity to serve the users of the sewage collection system of Teays Valley and for the services rendered by Hurricane in accepting and treating the sewage received from the sewage collection system of Teays Valley, Hurricane will charge Teays Valley, and Teays Valley will pay to Hurricane as an operating expense of Teays Valley's sewage collection system and solely from the revenues derived from the operation thereof, as follows:

- a. During the first year that sewage treatment services are provided pursuant to this contract, Teays Valley will pay a charge of \$0.98 for every 1,000 gallons, or fraction thereof, of sewage delivered by Teays Valley into the Hurricane system as measured at the point or points of service set forth in ARTICLE II above.
- b. After the first anniversary of the commencement of sewage treatment services rendered pursuant hereto, and annually thereafter, the Independent Accountant provided for in ARTICLE IX, paragraph 3 of the Agreement dated December 6, 1976, shall calculate, on a per 1,000 gallons basis, the amount that would have been necessary during the preceding year to provide total revenues from Teays Valley sufficient to pay Teays Valley's proportionate share of the actual cost of operation and maintenance of

the Hurricane treatment facility and of any of Hurricane's sewer line or lines used to provide and make available such services and facilities to Teays Valley plus Teays Valley's proportionate share of the principal of and interest on the outstanding bonds the proceeds of which, or other necessary capital expenditures which, were used to design and construct such treatment facility and such sewer line or lines. Such proportionate share shall be based upon the proportional relationship between the total number of gallons of sewage delivered by Teays Valley into the Hurricane system and the total number of gallons of sewage treated at the Hurricane sewage treatment facility during the preceding year.

(1) The amount calculated pursuant to this Subparagraph b., on a 1,000 gallons basis, shall then be the rate to be charged by Hurricane and to be paid by Teays Valley during the next succeeding year and until the next annual review and recalculation.

(2) In addition, the amount calculated pursuant to this Subparagraph b. shall be applied retroactively to the bills for service rendered during the preceding year, and an appropriate adjustment shall be made either by refunding to Teays Valley the amount of any overpayment or by paying to Hurricane the amount of any underpayment.

c. If, at any time during the continuance of this contract or any renewal hereof, an accurate measurement

of sewage flows is not available, corrections shall be made as set forth in ARTICLE IV, Paragraph 4 below.

d. Bills will be rendered each calendar month by Hurricane to Teays Valley for the services rendered by Hurricane during the preceding calendar month, and each such bill shall be payable at the office of Hurricane on or before the fifteenth (15th) day after the date of such bill.

e. In any event, there shall be a minimum monthly charge in the amount of \$2,500 to be paid to Hurricane by Teays Valley commencing with the commencement of sewage treatment services rendered pursuant thereto.

ARTICLE IV. METERS

1. Hurricane shall install, connect, maintain and operate at each point of service provided for in Article II, above, such meter or meters as shall be necessary to measure and record the amount of sewage delivered by Teays Valley into the Hurricane system. The meters required in this paragraph shall be bubbler system meters.

2. Hurricane shall install, connect, maintain and operate on the intake of influent line or lines into its sewage treatment plant such meters as shall be necessary to measure and record the amount of intake or influent into the sewage treatment plant.

3. All of the meters described in paragraphs 1 and 2, next above, shall belong to Hurricane. The meters shall be read by Hurricane and tested and calibrated regularly by Hurricane and shall, at reasonable times, upon the written request and in the presence of the duly authorized representative of Teays Valley, be subject to such additional standard tests as may be necessary to establish their accuracy. In any event, each meter shall be tested and calibrated by Hurricane no less frequently than once every twelve (12) calendar months. Hurricane shall, at all times, maintain a complete spare parts inventory and a standby transmitter and recorder for all meters.

4. Teays Valley shall, under no circumstances, interfere with the meters. However, Teays Valley may, at its own expense, install, connect, maintain and operate a recorder in its office to receive simultaneous flow records from each meter, and all meters shall be designed, installed, connected and maintained in a manner to permit such connection by Teays Valley. In case of defective service, Teays Valley shall immediately give notice thereof to Hurricane. If tests show that a meter is not accurate, the meter shall be restored to a condition of accuracy satisfactory to the representatives of both parties. If the inaccuracy of any meter shall exceed two percent (2%), the previous readings of such meter shall be corrected for the two months previous to such test in accordance with the percentage of inaccuracy found by such test, but such correction shall not be for any period prior to the most recent date on which such meter was found to be accurate within two percent (2%).

If any meter fails to register for any period, the amount of waste water furnished during such period shall be deemed to be the amount of waste water delivered in the corresponding period immediately prior to the failure, unless Hurricane and Teays Valley shall agree upon a different amount.

ARTICLE V. TREATMENT STANDARDS AND INDEMNIFICATION

Hurricane shall provide, operate and maintain sewage treatment facilities sufficient to meet all applicable requirements of the Federal, State and local governments and governmental agencies, and shall assume responsibility for all sewage delivered to Hurricane by Teays Valley at the point or points of service. Hurricane shall further defend, indemnify and save harmless Teays Valley from any compliance order issued against said treatment facilities and from any claims, liability or damages against Teays Valley arising out of the operation of the said treatment facilities or the handling and treatment of sewage delivered to it by Teays Valley at the point or points of service.

ARTICLE VI. APPROVAL OF PUBLIC SERVICE COMMISSION

It is understood that this contract is subject to approval by the Public Service Commission of West Virginia and the parties hereto agree to cooperate in submitting a petition to the Public Service Commission of West Virginia for approval of this contract in accordance with the rules and regulations promulgated by said Public Service Commission and the pertinent laws of West Virginia.

ARTICLE VII. MODIFICATION

This contract may be modified by amendment mutually acceptable to and agreed upon by all of the parties to this agreement, provided that any such amendment is approved, ratified, and confirmed by ordinance adopted by the City Council of Hurricane.

ARTICLE VIII. TERM

This contract shall remain in full force and effect for a period of forty (40) years, provided that unless either party gives written notice to the other party, not less than five (5) years prior to termination of the period, of an intention not to renew, this agreement shall be automatically renewed on the same terms and conditions for succeeding terms of fifteen (15) years.

ARTICLE IX. RELATION TO PREVIOUS AGREEMENT

It is understood and agreed by the parties hereto that this contract is intended to supplement the agreement between the parties made and entered into on December 6, 1976, and that the Agreement of December 6, 1976, remains in full force and effect, except that if and to the extent that there is any conflict between this contract and the Agreement of December 6, 1976, this contract shall control.

ARTICLE X. SUCCESSION OR ASSIGNMENT

This contract shall be binding upon and its benefits shall inure to the successors and assigns of the parties hereto

and any sale or transfer by the parties hereto of all or any portion of their respective sewage collection and/or treatment systems shall be made in such manner so that the rights of the parties to this contract shall be fully preserved and perpetuated.

WITNESSETH

Whereas, Hurricane and Teays Valley Public Service District, the predecessor to "South Putnam" entered into and executed an Agreement on the 6th day of December, 1976, relating to the acquisition, construction, and operation of sewage treatment facilities and collection systems for the Hurricane-Teays Valley area, and entered into and executed a "Service Contract" on the 28th day of June, 1978, which further described the legal relationship between Hurricane and Teays Valley Public Service District in connection with operation of their respective sewer system, copies of which Agreements are attached and made a part hereof and:

Whereas the Putnam County Commission has expanded the boundaries and changed the name of the Teays Valley Public Service District to the South Putnam Public Service District and whereas Article XII of said Agreement binds the successors to all provisions of the contract and;

Whereas Hurricane has constructed a sewage treatment plant and interceptor sewers to receive the discharge from South Putnam and;

Whereas South Putnam desires to expand its sewer collection system and is discharging sewage into the Hurricane system in accordance with the terms and conditions of said Agreement and Service Contract and;

Whereas South Putnam desires to expand its sewer collection system and is preparing to file a petition with the Public Service Commission of the State of West Virginia for a Certificate of Convenience and Necessity to operate said sewer collection system and to place into effect certain rates and charges to be made by it for the sale of its services to its customers;

Whereas said Agreement and Service Contract provided for an annual establishment each year of the charge per thousand gallons of sewage delivered by South Putnam into the Hurricane system for treatment and whereas the first years proportional treatment cost are now available, and

Whereas the proposed new collection system to be constructed by South Putnam requires other modifications to the "Service Contract" and;

Whereas Hurricane and South Putnam on May 27, 1981, made and entered into a modification agreement and said modification agreement called for both parties to enter into a service contract as provided in Article XIII of the December 6, 1976 agreement;

Now, Therefore be it agreed by and among the City of Hurricane and the South Putnam Public Service District as follows:

Article I Agreement to Use and Accept

During the period of this contract and during the period of any renewal hereof, South Putnam will utilize the sewage treatment facilities of Hurricane for all sewage from,

- a) that portion of South Putnam lying to the west of Crooked Creek as set forth in Exhibit A attached to the Agreement of December 6, 1976 and,
- b) that portion of South Putnam as described by the U.S. Environmental Protection Agency, Project C540502.
- c) that portion of South Putnam to a point five thousand feet (5,000') north of the west bound lane of I64 and lying in the Lick Branch of Poplar Fork and the Poplar Fork Creek watersheds including that area in and around the water impoundment of the Teays Valley Water Plant, and will not utilize any competing sewage treatment facilities for the aforesaid portion of South Putnam, whether, owned by South Putnam or otherwise and Hurricane will accept and treat the sewage delivered by South Putnam into the Hurricane system. The sewage delivered by South Putnam to Hurricane will be from the residential,

- 1) Manhole #28
- 2) Manhole #73
- 3) Manhole #75
- 4) at a new manhole to be constructed between manhole #22 and #23

Additional points of service for future requirements or the discontinuance thereof shall be provided by an amendment or amendments to this contract as provided for in Article VIII of this contract.

Article III Rates and Charges

- a) South Putnam Public Service District will pay a charge per 1,000 gallons of sewage delivered by South Putnam into the Hurricane system as measured at the points of service set forth in Article II above or as computed from water use records as set forth in Article IV.
- b) At the end of each fiscal year (June 30th) the Independent Accountant provided for in Article IX, paragraph 3 of the Agreement dated December 6, 1976 shall calculate on a per thousand (1,000) gallon basis, the amount that would have been necessary during the proceeding year to provide total revenues from South Putnam sufficient to pay South Putnam's proportionate share of the actual cost of operation and maintenance of the Hurricane treatment facility and of any of Hurricane's sewer lines used to provide and make available such services and facilities to South Putnam plus South Putnam's proportionate share of the principal of and interest on the outstanding bonds, the proceeds of which, or other necessary capital expenditures which, were used to design and construct such treatment facility and sewer line or lines. In computing the proportionate share, South Putnam shall receive a credit for the actual cost of operations and maintenance of the South Putnam line or lines used to provide and make service available to Hurricane plus Hurricane's proportionate share of the principal of and interest on the outstanding bonds, the proceeds of which, or other necessary capital expenditures which, were used to design and construct such sewer line or lines. Such proportionate share shall be based upon the proportional relationship between the total number of gallons of sewage delivered by South Putnam into the Hurricane system and the total number of gallons of sewage treated at the Hurricane sewage treatment facility during the preceding year.

- 1) The amount calculated pursuant to this Sub-paragraph "b", on a 1,000 gallon basis, shall then be the rate to be charged by Hurricane and to be paid by South Putnam during the next succeeding year and until the next annual review and recalculation.
 - 2) In addition, the amount calculated pursuant to this Sub-paragraph "b" shall be applied retroactively to the bills for service rendered during the preceeding years and an appropriate adjustment shall be made either by refunding to South Putnam the amount of any overpayment or by paying to Hurricane the amount of any underpayment.
- c) If at any time during the continuance of this contract or any renewal hereof, an accurate measurement of sewage flow is not available, corrections shall be made as set forth in Article IV, Paragraph d. below.
- d) Bills will be rendered each calendar month by Hurricane to South Putnam for the services rendered by Hurricane during the preceeding calendar month, and each bill shall be payable at the office of Hurricane on or before the twentieth (20th) day after the date of such bill.

Article IV Meters and Metering

a) Hurricane shall install, connect, maintain and operate at the following points of service meters as shall be necessary to measure and record the amount of sewage delivered by South Putnam into the Hurricane system.

- 1) East Hurricane Metering Station.

The terminal point of the Hurricane interceptor at the former boundary line of the Teays Valley Public Service District adjacent to Route 34 and the Hurricane Water Reservoir.

- 2) West Hurricane Metering Station.

At a point near the connection point of the existing Hurricane interceptor and the South Putnam interceptor between manhole 3018 A and B.

b) Hurricane shall install, connect, maintain and operate on the intake of influent line or lines into its sewage treatment plant such meters as shall be necessary to measure and record the amount of intake or influent into the sewage treatment plant.

c) All of the meters described in paragraphs a and b, Article IV, shall belong to Hurricane. The meters shall be read by Hurricane and tested and calibrated regularly by Hurricane and shall, at reasonable times, upon written request and in the presence of the duly authorized representative of South Putnam, be subject to such additional standard tests as may be necessary to establish their accuracy.

In any event, each meter shall be tested and calibrated by Hurricane no less frequently than once every twelve (12) calendar months. Hurricane shall, at all times, maintain a ^{Reasonable R.P. Greg JWS} complete spare parts inventory, and a ^{R.P. Greg JWS} ~~standby transmitter and recorder for all meters~~ ^{Greg A. B. JWS}

d) South Putnam shall, under no circumstances, interfere with the meters. However, South Putnam may, at its own expense, install, connect, maintain and operate a recorder in its office to receive simultaneous flow records from each meter, and all meters shall be designed, installed, connected, and maintained in a manner to permit such connection by South Putnam. In case of defective service, South Putnam shall immediately give notice thereof to Hurricane. If tests show that a meter is not accurate, the meter shall be restored to a condition of accuracy satisfactory to the representatives of both parties. If the inaccuracy of any meter shall exceed two percent (2%), the previous readings of such meters shall be corrected for the two months previous to such test in accordance with the percentage of inaccuracy found by such test, but such correction shall not be for any period prior to the most recent date on which such meter was found to be accurate within the two percent (2%).

If any meter fails to register for any period, the amount of waste water furnished during such period shall be deemed to be the amount of waste water delivered in the corresponding period immediately prior to the failure, unless Hurricane and

South Putnam shall agree upon a different amount.

e) For those customers of South Putnam whose point of service is not provided with a waste water meter, Hurricane shall compute the waste water furnished from water consumption records plus infiltration and inflow. The infiltration inflow factor shall be established by the Independent Accountant provided for in Article IX of the December 6, 1976 Agreement. The Independent Accountant shall compute the infiltration rate for the unmetered service points by comparing the water consumption records and the pumping records at the various South Putnam lift stations with the flow records obtained from the West Hurricane waste water metering station identified in Article IV, a) 2. The infiltration factor shall then be applied to the total water consumption for all water customers receiving sewer service from South Putnam and for the 3,500 gallons of waste water allocated to each well customer receiving sewer service.

f) Hurricane shall provide South Putnam with monthly water use records for all South Putnam sewer customers receiving water service from Hurricane and South Putnam shall pay for this service at a fee to be determined and agreed upon. South Putnam shall provide Hurricane with a monthly record of all well customers and of the monthly water usage of all customers served by the unmetered sewer service points who are not Hurricane water customers.

Article V. Treatment Standards and Indemnification

Hurricane shall provide, operate and maintain sewage treatment facilities sufficient to meet all applicable requirements of the Federal, State and local governments and governmental agencies, and shall assume responsibility for all sewage delivered to Hurricane by South Putnam at the point or points of service. Hurricane shall further defend, indemnify and save harmless South Putnam from any compliance order issued against said treatment facilities and from any claims, liability or damages against South Putnam arising out of the operation of the said treatment facilities or the handling and treatment of sewage delivered to it by South Putnam at the point or points of service.

Article VI. Approval of Public Service Commission

It is understood that this contract is subject to approval by the Public Service Commission of West Virginia and the parties hereto agree to cooperate in submitting a petition to the Public Service Commission of West Virginia for approval of this contract in accordance with the rules and regulations promulgated by said Public Service Commission and the pertinent laws of West Virginia.

The customers are to be immediately reconnected to the Hurricane line or connected to the new South Putnam line where this is more feasible. Said customers will remain customers of the Hurricane system and continue to pay their sewer charge to Hurricane.

WASTEWATER SEWER SERVICE AGREEMENT

THIS AGREEMENT, made this 14th day of April, 2003, by and between the CITY OF NITRO, West Virginia, a municipal corporation, and CITY OF NITRO REGIONAL WASTEWATER UTILITY, formerly referred to as THE SANITARY BOARD OF THE CITY OF NITRO, WEST VIRGINIA (hereinafter collectively referred to as "NITRO") and SOUTH PUTNAM PUBLIC SERVICE DISTRICT, a public corporation, (hereinafter referred to as "DISTRICT").

WITNESSETH

WHEREAS, NITRO is responsible for the operation of a wastewater collection system and treatment plant (hereinafter referred to as "Nitro Plant"); and

WHEREAS, the DISTRICT is planning to provide wastewater collection system services to its customers on the western side of Kanawha River located within its territorial boundaries as set forth by Orders of the Putnam County Commission (See Exhibit A); and

WHEREAS, the DISTRICT will charge certain rates and charges for the wastewater collection services provided to its customers throughout its service territory, including those customers located on the western side of Kanawha River; and

WHEREAS, NITRO's Plant has adequate design capacity to receive the anticipated wastewater discharge from the DISTRICT and NITRO agrees to reserve an adequate portion of its Plant's capacity for use by the DISTRICT, subject to the terms set forth herein; and,

WHEREAS, the DISTRICT desires to connect to Nitro's Plant and to be provided

with secondary, or higher when required by WVDEP and/or USEPA, treatment of wastewater delivered to the Plant by the DISTRICT.

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

ARTICLE I.

AGREEMENT OF PARTIES

A. NITRO

1. NITRO shall receive, treat and dispose of the DISTRICT's wastewater flow and shall maintain responsibility for discharge of treated wastewater in conformance and compliance with the applicable state and federal statutes, rules, and regulations, present and future.

2. NITRO shall make charges to the DISTRICT for such service in accordance with the provisions of Article IV below.

B. DISTRICT

1. The DISTRICT shall cause to be designed and constructed, at its own expense, a wastewater collection system within its boundaries sufficient to collect and transport its wastewater to designated points in the Nitro Plant. Said construction is contingent upon the availability to the DISTRICT of loan or grant financing from federal, state and/or county agencies upon such terms which, in its sole discretion, are acceptable to the DISTRICT. The DISTRICT shall retain full title to and ownership of its wastewater collection system constructed or upgraded by it.

2. The DISTRICT, if necessary, shall adopt and enforce sewer use ordinances as may be required to restrict or prohibit discharge of wastes which would be determined by NITRO to be harmful to the condition or performance of the Nitro

Plant or which would cause additional cost to treat such wastes over and above those expected for normal wastewater treatment.

3. The DISTRICT shall, subject to the approval of the Public Service Commission of West Virginia, pay NITRO the wastewater service charges calculated in accordance with Article IV below.

4. The DISTRICT shall cause the wastewater collected by it in the area of Teays Valley lying to the East of Crooked Creek, and in the Kanawha River watershed beginning at the Putnam/Kanawha County line extending down river to the area south of Hamrick Ranch along Route 35 to be treated only by NITRO during the term of this Agreement. The flow delivered by the DISTRICT to NITRO will be from residential, small business, commercial, authorized industrial, and all other customers which are connected to and served by the DISTRICT.

5. The DISTRICT may build or acquire treatment plants as it deems appropriate to meet the needs of its customers and its duty to extend service so long as flows from that area set forth in the foregoing Paragraph No. 4 are sent to NITRO for treatment in such limited wastewater flow per day as herein set forth.

C. ANNUAL MEETING.

1. NITRO and the DISTRICT agree that at least once during each fiscal year, the parties to this Agreement shall schedule a specifically designated meeting for the purpose of discussing business, rates, communications, complaints, suggestions, and any related matters. Said meeting shall occur at a date mutually convenient to both parties and shall be scheduled at a mutually convenient time and place.

2. Should circumstances arise during the fiscal year, the parties hereto may

schedule additional meetings between each other to address matters.

ARTICLE II.

PLANT CONDITIONS

Nitro shall receive, treat and dispose of the DISTRICT's wastewater flow not to exceed 250,000 gallons per day at a maximum pumping rate of 1000 gallons per minute. When headworks of the treatment plant require an upgrade, the DISTRICT shall pay its proportionate share toward the cost of the upgrade. NITRO shall maintain responsibility for discharge of treated wastewater in accordance with the applicable State and Federal laws and regulations. The DISTRICT shall not be liable for fines or penalties as a result of discharge violations resulting from improper operation of the Plant; however, the DISTRICT shall be liable for any fine and/or penalty incurred as a result of discharge violations occurring at the Plant that are a direct result of the introduction of prohibited materials into the DISTRICT's collection system. The DISTRICT shall not exceed the limitation of wastewater per day into NITRO's wastewater treatment without prior approval of NITRO.

ARTICLE III.

WASTEWATER FLOW; METER REQUIREMENTS

The DISTRICT's wastewater is to be metered by a flow meter installed on the force main of the DISTRICT's system immediately before it discharges into Nitro's Plant. This meter shall be referred to as the "Nitro Plant Meter" as it will be located on the Nitro Plant premises. The DISTRICT shall be responsible for all costs associated with the installation of the flow meter. The DISTRICT may, at its own expense, install, connect, maintain and operate a recorder in its office to receive simultaneous flow records from

the Nitro Plant Meter to compare flow rates from the DISTRICT'S Nitro lift station located on the western side of the Kanawha River. If either meter is inaccurate by more than two percent (2%), the DISTRICT shall recalibrate the meters based upon a drawdown calculation at the NITRO lift station and the readings of the Nitro Plant Meter shall be corrected for the two (2) months previous to such test in accordance with the percentage of inaccuracy found by such test. Before the Nitro Plant Meter is calibrated, both NITRO and the DISTRICT must be aware of such calibration.

ARTICLE IV.

RATES AND CHARGES

charges
The rate for treatment of the DISTRICT's wastewater by NITRO will be based upon the reading of the NITRO plant meter by NITRO personnel.

1. NITRO will bill the DISTRICT for two items excluding costs for expansion as set forth in Paragraph C herein: a.) In consideration of the 250,000 gallons per day reserve capacity set aside for the DISTRICT, NITRO will charge the DISTRICT the debt service associated with that portion of the Treatment Plant's capacity. Such charge shall be billed as debt payment as set forth in Exhibit B. b.) The portion of the plant that is utilized by the District will be billed to the DISTRICT as O & M on a per 1,000 gallons basis as set forth in Exhibit B.

A. After the first anniversary of the commencement of wastewater treatment services rendered pursuant hereto, and annually thereafter, NITRO's Accountant shall calculate, on a per 1,000 gallons basis, the amount that would have been necessary during the preceding year to provide total revenues from THE DISTRICT sufficient to pay THE DISTRICT'S

proportionate share of the actual cost of operation and maintenance of the NITRO Wastewater Plant plus the DISTRICT'S proportionate share of the debt payment on the unused portion of the DISTRICT'S reserve capacity at the NITRO Wastewater Treatment Plant. The rates for service shall be on a three (3) year rolling average of the DISTRICT'S share of cost.

(1) The amount calculated pursuant to this Subparagraph, on a 1,000 gallons basis, shall then be the rate to be charged by NITRO and to be paid by the DISTRICT during the next succeeding year and until the next annual review and recalculation.

(2) In addition, the amount calculated pursuant to Subparagraph A. shall be applied retroactively to the bills for service rendered during the preceding year, and an appropriate adjustment shall be made either by refunding to the DISTRICT the amount of any overpayment or by paying to NITRO the amount of any underpayment. Said adjustment can be spread over a period of up to twelve months, so long as the total amount is paid within the same fiscal year. The determination as to whether the payment will be paid over a period of months will be solely the responsibility of the party that is required to make the adjustment.

B. Bills will be rendered each calendar month by NITRO to the DISTRICT for the services rendered by NITRO during the preceding calendar month, and each such bill shall be payable at the office of NITRO.

on or before the fifteenth (15th) day after the date of such bill.

C. In the event that NITRO's excess capacity is eighty percent (80%) committed as to use while this Agreement is in effect, then, and in such event, DISTRICT agrees to bear its pro-portionate pro-rata share of expansion costs to increase capacity through new construction. The extend of the DISTRICT's share of such expansion costs will be determined on the basis of the DISTRICT's demand for additional capacity. Such expansion costs shall be payable by DISTRICT as a long term debt under such terms as NITRO may incur to pay for such expansion costs.

2. The parties hereto shall, upon request, provide the other with an annual audit approved by the Public Service Commission of West Virginia or in Nitro's instance, the audit by the State Tax Department and related information as may be required.

ARTICLE V.

INDEMNIFICATION

The DISTRICT will obtain adequate insurance and shall keep in force, pay, and will protect indemnify and hold NITRO harmless from and against all liabilities, losses, damages, costs and expenses, including attorneys fees and expenses of NITRO, causes of actions, suits, claims, demands, and judgments of any nature arising from:

- (1) Any injury to or death of any person or damage to property in or upon the DISTRICT'S property or facilities, or growing out of or connected with the use, nonuse, condition or occupancy of the said DISTRICT'S property or facilities or a part thereof; such injuries and/or damage shall include any

and all injuries or damage which may occur due to any failure or malfunction of the DISTRICT'S lift stations caused by any flood, hail storm, windstorm, Act of God, and any and all unprecedented meteorological events; any repairs, construction or alterations or remodeling thereto as performed by the DISTRICT, their authorized agents or servants, excluding NITRO or its agents or servants, or the condition of the DISTRICT'S property or facilities including sidewalks, streets or alleys and any equipment or facilities at any time located on the DISTRICT'S property or under the DISTRICT'S control and use in connection herewith.

It is the intent of this paragraph that neither party will subsidize the other's capital or operation and maintenance expenses and that all parties shall mutually benefit from this Agreement.

In the event the DISTRICT fails to perform any other term, obligation, or condition of this Agreement, the result of which is likely to cause irreparable harm or injury to NITRO facilities or otherwise constitute an emergency situation and the DISTRICT fails to correct such condition or default within thirty (30) days, unless a shorter time is deemed necessary by NITRO, after written notice by NITRO specifying such default, then NITRO shall have the right to undertake such corrective action and the DISTRICT shall be responsible for all costs and expenses incurred by NITRO or shall reimburse NITRO for such costs and expenses.

NITRO shall have the right to perform on-site inspections of the construction process on the portion of the DISTRICT'S collection system which will send wastewater to the Plant.

The DISTRICT shall be responsible for the performance of services, maintenance, and repairs on and for the DISTRICT'S wastewater collection and transportation system.

ARTICLE VI.

APPROVAL OF PUBLIC SERVICE COMMISSION

It is understood that this Agreement is subject to approval by the Public Service Commission of West Virginia and the parties hereto agree to cooperate in submitting a petition to the Commission for approval of this Agreement in accordance with the rules and regulations promulgated by said Commission and the pertinent laws of the State of West Virginia. In the event such approvals cannot be obtained for this Agreement as executed by the parties, then the parties agree to make a good faith effort to renegotiate such portions of the Agreement for which approval cannot be obtained.

ARTICLE VII.

MODIFICATION

This Agreement may be modified by amendment mutually acceptable to and agreed upon by all of the parties to this Agreement, provided that any such amendment is approved, ratified, and confirmed by ordinance adopted by the City Council of Nitro.

ARTICLE VIII.

TERM

This Agreement shall remain in full force and effect for a period of forty (40) years. Unless written notice of an intention not to renew is received sixty (60) days prior to the expiration of the period, this Agreement shall be automatically reviewed on the same terms and conditions for succeeding terms of fifteen (15) years.

ARTICLE IX.

SUCCESSION OF ASSIGNMENT

This Agreement shall be binding upon and its benefits shall inure to the successors or assigns of the parties hereto and any sale or transfer by the parties hereto of all or any portion of their respective sewage collection and/or treatment systems shall be made in such manner so that the rights of the parties to this Agreement shall be fully preserved and perpetuated.

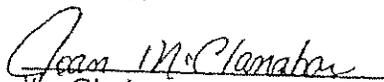

IN WITNESS WHEREOF, the parties hereto have made and executed this SEWER SERVICE AGREEMENT by their appropriate officers as of the day and year first above written.

AGREEMENT

This AGREEMENT Made this 22nd day of June, 2001, by and between the TOWN OF ELEANOR, a municipal corporation, hereinafter designated as TOWN, the SANITATION BOARD OF THE TOWN OF ELEANOR, hereinafter designated as BOARD, and the SOUTH PUTNAM PUBLIC SERVICE DISTRICT, a public corporation of the State of West Virginia, hereinafter designated as DISTRICT:

WITNESSETH:

WHEREAS, the TOWN owns and the BOARD is responsible for the operation of a wastewater treatment plant ("Plant"); and,

WHEREAS, the DISTRICT is planning to construct a sanitary sewer collection system on the north side of the Kanawha River within the DISTRICT'S territory, as described in the orders of the Putnam County Commission, and to apply certain rates and charges for the sale of its services to its customers throughout the DISTRICT'S territory, including those on the north side of the Kanawha River; and,

WHEREAS, the TOWN and the BOARD agree to reserve an adequate portion of the design capacity of the Plant for use by the DISTRICT, subject to the terms set forth herein; and,

WHEREAS, the DISTRICT desires to connect to the Plant and to be provided with secondary, or higher grade-when required, treatment of wastewater delivered to the Plant by the DISTRICT; and,

NOW, THEREFORE, in consideration of the recitals, the parties do hereby agree as follows:

1. The DISTRICT shall design and cause to be constructed, at its sole cost, a sanitary sewer collection system meeting generally accepted sanitary engineering standards which will collect sewage from the DISTRICT'S territory to be transported to the Plant, with construction contingent upon the availability of loan or grant financing for such construction from federal, state and/or county agencies upon such terms that the District, in its sole discretion,

finds acceptable.

2. The TOWN and the BOARD shall receive, treat and dispose of the DISTRICT's wastewater. The BOARD shall maintain responsibility for discharge of treated wastewater in accordance with State and Federal laws and regulations; the DISTRICT shall not be liable for fines or penalties as a result of discharge violations resulting from improper operation of the Plant; however, the DISTRICT shall be liable for any fine and/or penalty incurred as a result of discharge violations occurring at the Plant that are a direct result of the introduction of prohibited materials into the DISTRICT'S collection system.

3. The initial fee for treatment of the DISTRICT'S wastewater is hereby established as \$1.35 per 1,000 gallons of flow. The rate contained herein is to be based upon flow metered at a point of delivery from the DISTRICT'S facilities to the BOARD'S treatment plant, or at a location mutually agreed to by the parties hereto. The parties hereto agree that the aforesaid fee has been mutually agreed to prior to any treatment and disposal of the DISTRICT'S wastewater. This fee may be changed from time to time by execution of an addendum or amendment by all parties to this agreement. In the event the parties fail to agree to a change in fee, any party may file a formal case with the Public Service Commission of West Virginia for determination of an appropriate fee.

4. The cost of the metering facilities shall be at the sole cost to the DISTRICT in a manner and with equipment satisfactory to the BOARD. In the event of a malfunction of the meter, the charge to the DISTRICT for treatment by the BOARD shall be based on comparable historical usage adjusted by any change in customers.

5. If the BOARD and the TOWN, in their discretion, determine that the NPDES permit needs to be modified in order for the TOWN and the BOARD to lawfully accept, treat, and discharge the wastewater from the DISTRICT as provided herein, the DISTRICT will be

responsible for paying the direct costs of obtaining a modification to the NPDES permit. This paragraph does not obligate the DISTRICT to pay for any upgrades, repairs or replacements to the existing facilities at the Plant or in the wastewater collection and transportation facilities of the TOWN and the BOARD.

6. The DISTRICT shall submit to the BOARD one (1) copy of the DISTRICT'S construction plans and specifications to allow the BOARD sufficient time to review and approve the documents or allow for comments to be resolved.

7. The BOARD shall have the right to perform on-site inspections of the construction process and/or shall be part of the inspector qualification process, before construction begins on the portion of the DISTRICT'S collection system which will send wastewater to the Plant.

8. Within sixty (60) days after completion of construction, the DISTRICT shall provide to the BOARD one (1) set of "As-Built" plans and all records of "Hook-Ons."

9. The DISTRICT shall be responsible for the performance of service, maintenance, and repairs on and for the DISTRICT'S sanitary sewer collection and transmission system.

10. The DISTRICT shall be responsible for the inspection of the installation of all service lines which will connect to the DISTRICT'S sanitary sewer collection system to ensure that such service lines do not permit substantial inflow and infiltration. The DISTRICT may make extensions to serve new customers, consistent with the Rules for the Government of Sewer Utilities, 150 WVCSR Series 5, and decisions of the Public Service Commission of West Virginia and the Supreme Court of Appeals of West Virginia.

11. The DISTRICT agrees that in the event of the connection of an industrial or commercial customer with unusual waste discharge, it shall undertake an evaluation of the

connection on a case-by-case basis, to determine what requirements, if any, shall be imposed to insure the integrity of the DISTRICT'S system and the BOARD's plant. Such evaluation shall determine the appropriate rates or fees the DISTRICT will charge for such unusual waste and the extent of any pretreatment requirements to be followed by the customer. Such evaluation shall be approved by the BOARD. The DISTRICT shall be responsible for maintaining compliance with any pretreatment requirements.

12 The BOARD shall invoice the DISTRICT for all services on a monthly basis and the DISTRICT shall pay such invoices within twenty (20) days of receipt.

13. The fees and charges made to the DISTRICT by the BOARD for providing the agreed upon services may be modified by agreement from time to time with the objective that the BOARD will receive fair compensation for providing said services and that no party will subsidize any other's capital or operation expenses. The intent of this Agreement is that all parties shall benefit.

14. The parties hereto shall, upon request, provide each other with financial reports and related information as may be required.

15. The parties hereto shall meet, at least annually, and as otherwise needed at a mutually agreed upon time and location, to discuss business, rates, communications, complaints, suggestions, etc., between the parties.

16. This Agreement represents the entire understanding of the parties and supercedes all written or oral representations made by any of the parties. This Agreement may only be modified by the parties by written execution by all of the parties of an amendment or addendum.

17. This Agreement is made by the parties hereto subject to the review and approval of the Public Service Commission of West Virginia and likewise all modifications made to this Agreement and pursuant to its terms shall be subject to the same review and approval.

18. The length and duration of this Agreement and any amendments or addendum to this Agreement shall be for a period of forty (40) years from the date of this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement by their appropriate officers as of the day and year first above written.

days after the date of publication of the Revised Notice. The Revised Notice further provided that, if no protests or objections were timely received, the Commission may waive formal hearing and grant the application based on the evidence submitted with the application and its review thereof.

On September 5, 2001, the District filed duly executed Affidavits of Publication demonstrating publication of the Revised Notice of Filing in The Hurricane Breeze and The Putnam Democrat on August 30, 2001, all in accordance with said Notice.

In response to the publication of the Revised Notice of Filing, two letters of protest to this application were filed with the Commission on September 20 and 27, 2001. Both letters were concerned with the proposed routing of a sewer transportation main through the Mill Creek Crossing subdivision in Teays Valley, Putnam County, and were not generally opposed to the project.

On September 25, 2001, the Staff of the Public Service Commission filed its Initial Joint Staff Memorandum in this matter. Staff stated that its review of this project was continuing and that a final recommendation would be forthcoming when all requested information and documentation had been received and investigated.

By a Commission Referral Order entered October 1, 2001, this application was referred to the Division of Administrative Law Judges for further proceedings with a decision due date of March 19, 2002.

Pursuant to a request from Commission Staff, the District filed, on October 5, 2001, a copy of a letter from the West Virginia Department of Environmental Protection (DEP), approving the revised plans and specifications for this project.

On October 11, 2001, Commission Staff filed its second formal request for interrogatories, data and information from the District.

By a Procedural Order entered October 29, 2001, this matter was scheduled for hearing to be held on December 19, 2001, in Putnam County. Additionally, the Applicant was required to publish a prepared Notice of Hearing, once a week for two (2) consecutive weeks, in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Putnam County.

On November 13, 2001, William B. Goode, a Protestant, filed a letter stating that this right-of-way concerns had been addressed by the District and that he wanted to withdraw his letter of protest to this project. Mr. and Mrs. Monroe, also Protestants, filed a similar request on November 19, 2001. These filings effectively removed the previous formal protests filed to this application.

On December 7, 2001, Commission Staff filed its Final Joint Staff Memorandum in this matter. Staff pointed out that this project actually consists of at least five components intended to both extend the system to new areas and to upgrade and modernize existing outdated parts of the interceptor system. The District has been issued a letter of approval for the plans and specifications for this project from the West Virginia

Department of Environmental Protection (SRF No. C-544276), on October 3, 2001. Pursuant to its review of these plans and specifications, Technical Staff stated that they are in general conformance with the Commission's Rules and Regulations. The proposed project is necessary because it will serve numerous new customers currently using failing septic systems, eliminate current overload of the District's collection system and allow for future growth and economic development. The project is convenient in that it does not financially burden the District's customers. In conclusion, Staff recommended that the District's application for a certificate of convenience and necessity be approved. Staff also noted that, with the resolution of the concerns of Mr. Goode and Mr. and Mrs. Monroe, this application was unopposed.

On December 11, 2001, the District filed duly executed Affidavits of Publication demonstrating publication of the prepared Notice of Hearing on November 22 and 29, 2001, in The Hurricane Breeze and The Putnam Democrat, newspapers, all in accordance with the Procedural Order entered October 29, 2001.

The hearing in this matter convened as scheduled on December 19, 2001, with all parties in attendance. The Applicant, South Putnam Public Service District, was present in the person of its General Manager and was represented by its attorney, Robert R. Rodecker. Commission Staff was present and represented by Staff Attorney Cassius H. Toon and Cecelia G. Jarrell. On January 3, 2002, an accurate transcript of this proceeding, consisting of fifty-one (51) pages of testimony was filed with the Commission.

EVIDENCE

At hearing, the Applicant called its General Manager, Fred D. Stottlemeyer, as its first witness. Mr. Stottlemeyer stated that part of this project, as currently structured, would result in a substantial reduction in the original interest rate. The Rural Utility Service (R.U.S.) of the U.S. Department of Agriculture has offered funding for this project at a lower rate than the West Virginia Water Development Authority. Current R.U.S. indebtedness will not be refinanced. Additionally, 1.4 million dollars will be borrowed from the Clean Water Assistance Fund. Interim financing in the amount of one million dollars will be provided by the Putnam County Bank. A letter from the bank confirming this interim loan was introduced into evidence by the District. A letter confirming the commitment from the State Revolving Fund was also introduced. An additional letter from RUS confirming financing in the amount of \$7,078,000 is expected as well. The more favorable interest rates arranged by the District will result in a slightly lower rate than first proposed for this project. Bids have already been opened on this project and apparently the construction costs are going to be less than expected. The bids are valid for ninety days. (Tr., pp. 9-18).

The District called its certified public accountant, Ralph W. Bassett, Jr., as its next witness. Mr. Bassett is an experienced utility accountant and prepared the District's Rule 42 Financial Exhibit previously filed in this case. As a result of the changes in the

proposed method of financing for the project, he also prepared a revised Rule 42 Financial Exhibit, which was introduced into evidence. The Rule 42 Exhibit had been revised to reflect the lower than anticipated interest rate. Under the new financing, this project will require a 16.5% increase in rates, rather than the 18% originally calculated. (Tr., pp. 18-23).

This concluded the testimony at hearing related to this certified case. Additional testimony was taken concerning a companion case, Case No. 99-0275-PSD-PC, seeking approval of the engineering agreement on this project.

On January 3, 2002, a letter of protest was filed in this matter by Thomas W. Milam, concerning the repair and replacement of roadways disturbed by the construction contemplated by this project. Mr. Milam was not opposed to the sewer project itself.

Likewise, on January 10, 2002, John S. Shannon filed a letter of protest in this matter, but, again, the protest involved the placement and acquisition of easements or rights-of-way and not opposition to the sewer project generally.

On January 19, 2002, the District filed its Exhibit No. 3, as reserved at hearing, which was the letter of commitment from the USDA Rural Utility Service for a loan of \$7,078,000.00. The interest rate would be the lower of the rate in effect at the time of loan approval or at the time of loan closing, which should be 5% or less for a term of forty (40) years.

On January 24, 2002, the District filed a letter in this matter, which, among other things, requested that the Commission approve the addition of approximately fifty (50) additional customers to this project in the Midway area of Putnam County. These additions would be funded from project surplus funds resulting from the lower than expected construction bids.

On February 8, 2002, Commission Staff filed a Further Joint Staff Memorandum in this matter. Staff noted that the District had filed an RUS letter of conditions indicating that agency's commitment to loan the District \$7,078,000.00 at an interest rate of 5% for a term of four (4) years. On January 24, 2002, the District filed an executed Form RD 1940-1, in confirmation of said financing. Additional funding in the form of a loan in the amount of \$1,422,000 from the State Revolving Fund was also recognized in that letter. Due to a substantial underbid of approximately \$1,000,000.00, and resulting funding complications which would otherwise result, Staff recommended approval of the use of the surplus funds to add previously unserved customers in the Midway area of Putnam County. Staff recommended approval of the application as amended by the District's revised Rule 42 Financial Exhibit. However, Staff recommended that the use of the approximate \$1,000,000 in underbid construction funds be restricted until the District filed a supplement to the original engineering agreement on the project for Staff review and Commission approval. The supplement to the engineering agreement should include information such as drawings, project cost, O&M cost and other items of expense required by the additional customers.

On February 15, 2002, the West Virginia Department of Environmental Protection filed a Memorandum in this matter committing to a loan in the amount of \$1,422,000.00, at an interest rate of 2% and an administrative fee of 1% for a term of twenty (20) years. Closing on this loan is scheduled for March 7, 2002.

As of the date of this Recommended Decision, the District has not filed any objection to the Further Joint Staff Memorandum filed February 8, 2002.

DISCUSSION

This major project by the South Putnam Public Service District will not only expand the District's service area to additional residential and commercial customers, but will also improve and modernize the central collection system to allow for continuing growth. It has met with no formal general protest and is apparently supported by both the customer base and public officials from that region. Such individual letters of protest that were received involved particular problems with roads or rights-of-way and were either satisfied by the Applicant or will be dealt with thorough condemnation proceedings.

Consequently, this application will be approved, as revised, and a certificate of convenience and necessity will be issued for the construction and operation of this project.

FINDINGS OF FACT

1. On August 17, 2001, South Putnam Public Service District, a public utility, filed an application, duly verified, for a certificate of convenience and necessity to construct and operate a sanitary sewer project to provide service to the residents of Hollywood Drive and the Route 35/Interstate 64 interchange located in the Teays Valley area, to upgrade the District's central interceptor system located in the Teays Valley area so as to provide additional excess capacity needed by the District to meet the continual growth in the area, to provide sewer service to the new 200-acre Putnam Business Park and approximately 70 residences and businesses in that area as well as the Lock Nine area on the north side of the Kanawha River, and to develop a Facilities Plan providing the District with guidelines for the future development of its sewer system to provide for the unserved areas of the District's territory and the area immediately adjacent thereto. (See, Application filed August 17, 2001).

2. This application was properly prefiled with the Public Service Commission on May 3, 2001, and published for public legal notice on May 10 and 17, 2001, in The Putnam Democrat and The Hurricane Breeze, newspapers duly qualified by the Secretary of State, published and of general circulation in Putnam County. These publications were required by, and in accordance with, a Commission Order entered May 3, 2001. (See, prefiling May 3, 2001; Affidavits of Publication; Commission Order entered May 3, 2001).

3. Pursuant to the actual filing of this application on August 17, 2001, and by a Revised Notice of Filing entered August 21, 2001, the District was required to give public legal notice of the actual filing of this application by publishing a copy of the Revised Notice of Filing, once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in Putnam County, West Virginia. The Revised Notice contained the proposed increased rates and charges required by this project as well as a provision that anyone desiring to make objection to this application must do so in writing, within thirty (30) days after the date of publication of the Revised Notice. (See, Revised Notice of Filing entered August 21, 2001).

4. On September 5, 2001, the District filed duly executed Affidavits of Publication demonstrating publication of the Revised Notice of Filing in The Hurricane Breeze and The Putnam Democrat on August 30, 2001, all in accordance with said Notice. (See, Affidavits of Publication filed September 5, 2001).

5. All letters of protest filed in this matter concerned individual disputes over rights-of-way or road repair, and were either satisfied by the District or left for resolution in condemnation proceedings. (See, Letters filed September 20 and 27, 2001, November 13 and 19, 2001, and January 3 and 10, 2002; Final Joint Staff Memorandum filed December 7, 2001).

6. The revised plans and specifications of this project have been approved by the West Virginia Department of Environmental Protection and are in conformance with the rules and regulations of the Public Service Commission. (See, Letter filed October 5, 2001; Final Joint Staff Memorandum filed December 7, 2001).

7. This proposed project is necessary because it will serve numerous new customers currently using failing septic systems, eliminate current overload of the District's collection system and allow for future growth and economic development in the District's expanded service territory. (See, Final Joint Staff Memorandum filed December 7, 2001).

8. This project is convenient in that it is economically feasible and does not financially burden the District's customers. (See, First Joint Staff Memorandum filed December 7, 2001).

9. On December 11, 2001, the District filed duly executed Affidavits of Publication demonstrating publication of the prepared Notice of Hearing on November 22 and 29, 2001, in The Hurricane Breeze and The Putnam Democrat, newspapers, all in accordance with the Procedural Order entered October 29, 2001.

10. No customers of the District appeared at hearing to protest this application. (See, Tr., pp. 5-51, generally).

11. At hearing, the District stated that it had revised the funding for this project to gain the advantage of a lower interest rate. (See, Tr., pp. 9-18).

12. As a result of the change in funding, the District has prepared and submitted a revised Rule 42 Exhibit reflecting lower rates required for the project. (See, Tr., pp. 18-23; Hearing Exhibit No. 4).

13. The United States Department of Agriculture Rural Utility Service has agreed to loan the District \$7,078,000.00, at an interest rate of not more than 5% for a term of forty (40) years. (See, Letter filed January 13, 2002; Hearing Exhibit No. 3, Form RF 1940-1 filed January 24, 2002).

14. The West Virginia Department of Environmental Protection has agreed to loan the District \$1,422,000, at an interest rate of 2% and an administrative fee of 1% for a term of 20 years, for this project. (See, Letter filed February 15, 2002).

15. Pursuant to a substantial underbid on this project of approximately \$1,000,000.00, the District proposed, and the funding agencies have approved, the addition of approximately 50 new customers to this project in the Midway area of Putnam County. (See, Letters filed January 24, 2002, and February 5, 2002).

16. Pursuant to its review of this revised application and all documentation filed herein, the Staff of the Public Service Commission has recommended approval of this application, as amended by the revised Rule 42 Financial Exhibit, to include the additional extensions and service connections to the 50 new customers in the Midway area of Putnam County. This recommendation is conditioned upon the District filing a supplement to the original engineering agreement on this project for Staff review and Commission approval. (See, Further Joint Staff Memorandum filed February 8, 2002).

17. As of the date of this Recommended Decision, the Applicant has not filed any objection to the Further Joint Staff Memorandum filed on February 8, 2002. (See, Commission case file generally).

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF EAST KANAWHA PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code and other applicable provisions of law. East Kanawha Public Service District is a public service district created pursuant to said Article 13A.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the District, and, accordingly, it is hereby ordered, that there be constructed and acquired a complete new sewer system of the District consisting of collection and _____ lines, treatment

plant and all necessary appurtenant facilities (hereinafter collectively called the "System"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (herein called the "Board") of the District.

(C) It is necessary for the District to issue its revenue bond in the principal amount of \$605,000 to finance part of the cost of such acquisition and construction in the manner hereinafter provided.

(E) The cost of such acquisition and construction shall be deemed to include, without being limited to, the construction and acquisition of the Project; the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the acquisition and construction of the Project and the financing authorized by this resolution.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) There are not outstanding any unpaid obligations of the District which will have priority over or rank on a parity with the Bond authorized to be issued hereunder as to lien or source of and security for payment.

(H) The District has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition

and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the consent and approval, pursuant to the Act, of the issuance of the Bond by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

Section 1.03. Resolution to Constitute Contract. In consideration of the acceptance of the Bond authorized to be issued hereunder by the Government, this resolution shall be deemed to be and shall constitute a contract between the District and the Government, and the covenants and agreements herein set forth to be performed by the District shall be for the benefit, protection and security of the Government as holder of the Bond.

Section 2.05. Bond Secured by Pledge of Revenues. The payment of the debt service of the Bond shall be secured forthwith equally and ratably by a first lien on the net revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for. The net revenues derived from the System in an amount sufficient to pay the principal of and interest on the Bond, and to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Bond as the same become due.

Section 2.06. Form of Bond. Subject to the provisions of this resolution, the text of the Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted by this resolution or any subsequent resolution adopted prior to the issuance thereof:

SEWER REVENUE BOND

EAST KANAWHA PUBLIC SERVICE DISTRICT

No. 1

\$605,000

Date: _____

FOR VALUE RECEIVED, EAST KANAWHA PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of _____ United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (herein called the "Government"), at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Six Hundred Five Thousand Dollars (\$605,000), plus interest on the unpaid principal balance at the rate of five per centum (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Installments of interest only on the first day of each month for the first 24 months after the date hereof, and \$ 2,965, covering principal and interest, thereafter on the first day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable

by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of a sewer system (herein, with all additions, called the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home

Administration and to its future regulations not inconsistent with
express provisions hereof.

Until completion of construction of the Project, the District will transfer from the Project Construction Account and transmit and pay to the National Finance Office, referred to in the Bond, such sums as shall be from time to time required to pay the monthly interest installments on the Bond as herein and in the Bond provided.

If the District shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the District may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, and when all construction loans with respect to the Project have been repaid in full, including accrued interest, any balance remaining in the Project Construction Account shall first be used to refund promptly any overpayment made with respect to any Federal grant, and any moneys then remaining in the Project Construction Account shall be promptly transferred to and deposited in the Reserve Account and shall be used immediately to the extent feasible to prepay the latest maturing installments on the Bond, and any residue shall be retained in the Reserve Account.

Section 3.02. Covenants of the District as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Account, hereinafter established, a sum sufficient to pay the entire principal of the Bond remaining unpaid together with interest accrued and to accrue thereon, the District further covenants with the holder of the Bond issued pursuant to this resolution as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the District in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund (herein called the "Revenue Fund") is hereby established initially with the aforesaid Bank. The Revenue Fund shall constitute a trust fund for the purposes provided in this resolution and shall be kept separate and distinct from all other funds of the District and used only for the purposes and in the manner provided in this resolution.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The District shall first each month pay from the moneys in the Revenue Fund all Current Operating Expenses.

(2) The District shall next, before the end of each month, transfer from the Revenue Fund and remit to the National Finance Office

costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall first be used to refund promptly any overpayment made with respect to any Federal grant, and any moneys then remaining in the Project Construction Account shall be promptly transferred to and deposited in the Reserve Account and shall be used immediately to the extent feasible to prepay the latest maturing installments on the Bond, and any residue shall be retained in the Reserve Account.

Section 3.02. Covenants of the District as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Account, hereinafter established, a sum sufficient to pay the entire principal of the Bond remaining unpaid together with interest accrued and to accrue thereon, the District further covenants with the holder of the Bond issued pursuant to this resolution as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the District in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund (herein called the "Revenue Fund") is hereby established initially with the aforesaid Bank. The Revenue Fund shall constitute a trust fund for the purposes provided in this resolution and shall be kept separate and distinct from all other funds of the District and used only for the purposes and in the manner provided in this resolution.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The District shall first each month pay from the moneys in the Revenue Fund all Current Operating Expenses.

(2) The District shall next, before the end of each month, transfer from the Revenue Fund and remit to the National Finance Office

as designated in the Bond the amortization payment required by the Bond.

(3) The District shall next, each month, transfer from the Revenue Fund and deposit into the Reserve Account hereby established with said Bank one-twelfth of one-tenth of the maximum annual aggregate amount of interest and principal which will fall due on the Bond until the amount in the Reserve Account equals such maximum annual aggregate amount of interest and principal. After such amount has been accumulated in the Reserve Account, the District shall monthly deposit in the Reserve Account such part of the moneys remaining in the Revenue Fund, after such provision for payment of the monthly amortization installment required, as shall be needed to maintain such amount in the Reserve Account. Moneys in the Reserve Account shall be used solely to make up any deficiency in the funds available to make the required monthly amortization installment payments or for mandatory prepayment of the Bond as hereinafter provided and for no other purpose.

(4) The District shall next, each month, transfer from the Revenue Fund all moneys remaining in the Revenue Fund and not permitted to be retained therein, and deposit such moneys in the Depreciation Reserve, hereby established with the said Bank, until there has been accumulated therein the sum of \$50,000 and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to restore to the Reserve Account any sum or sums transferred therefrom because of deficiency of revenues to meet monthly amortization installments. Thereafter, and provided that payments into the Reserve Account are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the District and used for extensions, replacements and improvements of the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay

latest amortization installments on the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Account shall be sufficient to prepay the remaining principal of the Bond and interest to the date of prepayment, it shall be the mandatory duty of the District, anything to the contrary in this resolution notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

All the funds provided for in this Section shall constitute trust funds insofar as the District and the Government are concerned, but the said Bank shall not be a trustee as to such funds. Such funds shall be used only for the purposes and in the order provided herein, and until so used, the Government shall have a lien thereon for further securing payment of the Bond and the interest thereon. The moneys in excess of the sum insured by FDIC in the Revenue Fund, the Reserve Account and the Depreciation Reserve shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to place the required amount in any of the funds or accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to those which would otherwise be required to be made into the funds or accounts on the subsequent payment dates.

The District shall keep the moneys in the Reserve Account and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years.

(C) Initial Deposit in Revenue Fund. Prior to issuance of the Bond, the District shall have signed agreements with at least 360 bona fide users.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Account a sum sufficient to pay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the District and the Government.

Section 4.02. Rates. The District will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Bond and to make the payments required herein into the Reserve Account and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Government so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity Bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant to this resolution except with the prior written consent of the Government.

Section 4.05. Insurance and Bonds. The District hereby covenants and agrees that, so long as the Bond remains outstanding, it will, as an expense of operation and maintenance of the System, procure, carry

and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the District will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The District will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the District during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from the District's operation of the System, such insurance to be procured at the commencement of construction of the Project.

(c) Vehicular Public Liability Insurance, in the event the District owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the District is operated for the benefit of the District, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$10,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the District will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the District, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 4.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the District contained in the Bond or in this resolution, or violation of or failure to observe any provision of any pertinent law, provided any such failure or violation, excluding that covered in (A) above in this Section, shall continue for a period of thirty days after written notice shall have been given to the District by the Government specifying such failure or violation and requiring the same to be remedied.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Government may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Government, such court may, upon proof of such default, appoint a receiver for the affairs of the District and the System. The receiver so appointed shall administer the System on behalf of the District, shall exercise all the rights and powers of the District with respect to its System and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the District agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless

unanimously authorized and directed by the Board. Copies of each Annual Budget shall be delivered to the Government by the beginning of each fiscal year.

If for any reason the District shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the District. Each such Budget of Current Expenses shall be mailed immediately to the Government.

Section 4.10. Compensation of Board Members. The District hereby covenants and agrees that no compensation for policy direction shall be paid to the members of its Board in excess of the amount permitted by the Act. Payment of any compensation to any member of the Board for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision of this resolution.

Section 4.11. Covenant to Proceed and Complete. The District hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary of the Board on the date of adoption of this resolution, subject to permitted changes.

Section 4.12. Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System, and the

Government shall have the right at all reasonable times to inspect the System and all records, accounts and data of the District relating thereto.

The District shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Government.

Section 4.13. Maintenance of System. The District covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The District will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to, or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the District or within the territory served by the System.

Section 4.15. Concerning Arbitrage. It is not reasonably expected that the proceeds of sale of the Bond will be invested in such a way as to violate the operating rules in the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(d) of the Internal Revenue Code of 1954, as amended.

I. The fees, rates and charges above provided will be increased whenever such increase is necessary in order to comply fully with all provisions of this resolution and the District shall always be obligated to and shall fix, establish and collect fees, rates and charges for the services and facilities of the System which shall at all times be sufficient to provide net revenues to meet its obligations hereunder, but never less than 110% of the annual amount required to amortize the principal of and interest on the Bond.

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF TEAYS VALLEY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code (the "Act") and other applicable provisions of law. Teays Valley Public Service District (the "Issuer") is a public service district created pursuant to the Act by The County Commission of Putnam County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The Issuer does not now have a public sewerage system.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be constructed a new sewerage system of the Issuer consisting of sewer mains and connecting lines, and lift stations, with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The construction and acquisition of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity. The Issuer and the City of Hurricane have entered into an agreement dated June 28, 1978, pursuant to which said City will receive and treat sewage collected by the System, which agreement has been approved by the Public Service Commission of West Virginia.

(C) It is necessary for the Issuer to issue its revenue bond in the principal amount of \$2,200,000 to finance a portion of the cost of such construction in the manner hereinafter provided and, prior to delivery of the Bond, it is necessary for the Issuer to issue its bond anticipation notes in the same principal amount and its grant anticipation notes in the principal amount shown in Section B-1.01. It is also necessary for the Issuer to enter into the Trust Agreement substantially in the form of Appendix A attached hereto, and the Chairman and the Secretary shall execute, acknowledge and deliver the Trust Agreement.

(D) The estimated maximum cost of the construction of the Project is \$9,950,720, of which \$2,200,000 will be obtained from the proceeds of sale of the Bond herein authorized, and the balance from a grant of \$6,885,750 from Environmental Protection Agency, a grant of \$100,000 from West Virginia Water Development Authority, a grant of \$354,970 from Appalachian Regional Commission and a grant of \$410,000 from the State of West Virginia.

(E) The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond and the Notes prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bond or the Notes as to lien and source of and security for payment.

(H) The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the consent and approval, pursuant to the Act, of the issuance of the Bond by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired. The interim financing by the Notes shall also be so approved prior to delivery thereof.

Section 1.03. Resolution to Constitute Contract. In consideration of the acceptance of the Bond by the Purchaser and of the Notes by the purchasers thereof, this Resolution (the "Bond Legislation") shall be deemed to be and shall constitute a contract between the Issuer and the Purchaser and the holders of the Notes, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Purchaser as holder of the Bond and for the holders of the Notes.

Section 1.04. Use of sewer Facilities Mandatory. The mandatory use of the sewer Facilities is essential and necessary for the protection and preservation of the public health, comfort,

safety, convenience and welfare and the economy of the inhabitants of the area served by the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the sewer facilities. Accordingly, every owner, tenant and occupant of every lot, parcel and tract of land which abuts on a street, alley or other public way in which any sewer line, main or facility is located, or which is located within a reasonable distance thereof, not exceeding 300 feet, and reasonably accessible thereto, and upon which lot, parcel or tract a building or other habitable structure has been or shall be erected for residential, commercial or industrial use, shall connect the waste or sewage lines of such building or structure with the sewer facilities of the System immediately upon completion of the Project if sewage will flow by gravity from such building or structure into such sewer facilities, and shall thereupon and thereafter refrain from using and shall cease to use any other method for the disposal of sewage or water-borne waste matter and shall pay all charges, fees and rates lawfully provided for use of such sewer facilities.

Any such building or structure from which emanates sewage or water-borne waste matter and not so connected with the sewer facilities is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in the Circuit Court of said County or other court of competent jurisdiction.

The Issuer covenants to take all actions necessary to cause EPA to pay to it the amount of the EPA Grant, or portion thereof, required to pay the GAN not later than the day before the maturity of the GAN unless the Issuer shall have issued Grant Anticipation Refunding Notes pursuant to Section 1.09 B.

The Issuer covenants that upon receipt of all proceeds of the EPA Grant, it will disburse such proceeds in such manner as to provide for the defeasance of the GAN in accordance with the terms of Section 1.11 B hereof.

Section 1.09 B. Grant Anticipation Refunding Notes. The Issuer covenants that in the event the proceeds of the EPA Grant in a sum sufficient to pay the GAN should not be received in time to pay the GAN at maturity, it will use its best efforts to sell one or more series of its Grant Anticipation Refunding Notes hereunder in such aggregate amount as shall be necessary to pay the principal of the GAN, accrued interest thereon to maturity and the expense of issuing such Grant Anticipation Refunding Notes. The proceeds of the Grant Anticipation Refunding Notes, after making provision for the payment of the expenses of issuance thereof, shall be deposited in the GAN Repayment Account and used solely for the payment of the principal of and accrued interest on the GAN.

All Grant Anticipation Refunding Notes shall be in substantially the same form as the GAN, but shall be of such denominations, bear such dates, bear interest at such rates, have such maturity dates and contain an appropriate series designation, all as shall be provided in the Supplemental Bond Legislation authorizing such Grant Anticipation Refunding Notes.

All moneys and all securities deposited in accordance with the provisions of this Section shall at all times be under the exclusive control of the Trustee, shall be held by it for the sole benefit of the holders of the GAN, and shall be applied solely to the payment of GAN except as expressly provided in this Section; and the Issuer shall have no rights or powers with respect to nor any interest in such moneys or securities or any part thereof. All moneys remaining on deposit with the Trustee at the close of business on the earlier of (A) the expiration of six months after the latest maturity date of the GAN issued hereunder or (B) the date on which all GAN have been paid in full, shall be released to the Issuer upon its written request and the Trustee shall have no further obligation in respect of the payment of such GAN, and thereafter the holder of any GAN shall look to the Issuer for payment.

SEWER REVENUE BOND, SERIES 1979

TEAYS VALLEY PUBLIC SERVICE DISTRICT

\$2,200,000

No. 1

Date: _____

FOR VALUE RECEIVED, TEAYS VALLEY PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Two Million Two Hundred Thousand Dollars (\$2,200,000), plus interest on the unpaid principal balance at the rate of five per cent (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Installments of interest only on the first day of each month for the first twenty-four months after the date hereof and \$10,802, covering principal and interest, thereafter on the first day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration hereof shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or,

except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of a new sewerage system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers

Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

NOTE PROCEEDS; REVENUES
AND APPLICATION THEREOF

Section 3.01. Notes Proceeds; Project Construction Account. The proceeds of sale of the Notes, less the respective sums representing interest on the Notes to the respective maturities thereof, shall be deposited on receipt by the Issuer in The Charleston National Bank, Charleston, West Virginia, a member of Federal Deposit Insurance Corporation (the "FDIC"), in a special account hereby created and designated as "Teays Valley Public Service District Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of state and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Purchaser on or before the fifteenth day of each month, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Sewer Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

(A) Sewer Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Sewer

Revenue Fund" is hereby established initially with The Teays Valley National Bank. The Sewer Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) Disposition of Revenues. All revenues at any time on deposit in the Sewer Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Sewer Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, by the fifteenth day of each month, transfer from the Sewer Revenue Fund and pay to the National Finance Office designated in the Bond the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(3) The Issuer shall next, by the fifteenth day of each month, transfer from the Sewer Revenue Fund and deposit with the said Bank in the Sewer Reserve Fund hereby initially established with said Bank, 1/12 of 1/10 of the amount of principal and interest becoming due on the Bond in any year until the amount in the Sewer Reserve Fund equals the sum of \$130,000, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Sewer Reserve Fund, the Issuer shall monthly deposit into the Sewer Reserve Fund such part of the moneys remaining in the Sewer Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Sewer Reserve Fund. Moneys in the Sewer Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(4) The Issuer shall next, by the fifteenth day of each month, transfer from the Sewer Revenue Fund and deposit in the Sewer Depreciation Reserve, hereby initially established with said Bank, the moneys remaining in the Sewer Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Sewer Depreciation Reserve the aggregate sum of \$200,000 and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Sewer Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Sewer Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Sewer Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Sewer Depreciation Reserve may be withdrawn by the Issuer and used for capital improvements extraordinary repairs and replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Sewer Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bond or for any lawful purpose.

Whenever the moneys in the Sewer Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Sewer Reserve Fund and the Sewer Depreciation Reserve as herein provided, and all amounts required therefor will be deposited therein by the Issuer upon transfers of funds from the Sewer Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Sewer Reserve Fund and the Sewer Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Sewer Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Sewer Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be 1,200 bona fide users initially upon the System, and must obtain user agreements and a \$25 tap fee from each ~~user~~ user and deposit in the Sewer Project Construction Account all such tap fees collected.

ARTICLE IV
GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Sewer Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Bond and to make the payments required herein into the Sewer Reserve Fund and the Sewer Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims

for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Sewer Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$25,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Statutory Mortgage. For the further protection of the holders of the Bond and the BAN, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the BAN.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the Court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 4.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and

on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 4.12. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser.

Section 4.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 4.15. Concerning Arbitrage. The proceeds of sale of the BAN and the Bond will not be invested in such a way as to violate the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(c) of the Internal Revenue Code of 1954, as amended.

ARTICLE V

To apply where an opening must be made by the District in said District's collector sewer, and service line laid from such opening to owner's property line.

SCHEDULE NO. 4

SURCHARGE FORMULA TO BE APPLIED IN THE CASES OF USERS PRODUCING UNUSUAL WASTE

The charge for the treatment of unusual waste will be calculated on the basis of the following formula:

$$C_i = V_o V_i + B_o B_i + S_o S_i$$

C_i = charge to unusual users per year

V_o = average unit cost of transport and treatment chargeable to volume, in dollars per gallon

V_i = volume of waste water from unusual users, in gallons per year

B_o = average unit cost of treatment, chargeable to Biochemical Oxygen Demand (BOD), in dollars per pound

B_i = weight of BOD from unusual users, in pounds per year

S_o = average unit costs of treatment (including sludge treatment) chargeable to total solids, in dollars per pound

S_i = weight of total solids from unusual users, in pounds per year

When an unusual user is to be served, a preliminary study of its wastes, and the cost of transport and treatment thereof, will be made. Waste containing materials which, in the judgment of the Teays Valley Public Service District, should not be introduced into the sewer system need not be handled by it. The results of this preliminary study will be used to determine the feasibility of the proposed sewer service and the charge therefor, based upon the formula set out above.

Thereafter, unusual sewage will be monitored on a regular basis and at the conclusion of each fiscal year, based on the investigation aforesaid and audit of the Teays Valley Public Service District records, new cost figures will be calculated for use in the above formula. The cost of establishing the monitoring facilities shall be paid by the unusual user. Based on these audited figures, additional billings covering the past fiscal year will be made for payment by each unusual user, or refund given by the Teays Valley Public Service District, as the case may be. Such audited figures will then be used for the preliminary billing for the next fiscal year, at the end of which an adjustment will be made as aforesaid.

SCHEDULE NO. 5

APPLICABLE INSIDE AND OUTSIDE OF THE CORPORATE LIMITS OF THE TEAYS VALLEY PUBLIC SERVICE DISTRICT

Where the amount of sanitary sewage discharged into the Teays Valley waste treatment system by certain industrial plant or plants cannot be accurately determined by the use of the plant's water meter or meters, and said plant cannot install a flow meter to measure such waste, a special formula will be used whereby such plant or plants will pay to the Teays Valley Public Service District a sewer charge calculated at fifty (50) gallons of water per each employee at the plant each working day.

Section 1.04. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a public corporation and political subdivision of the State in Putnam County, West Virginia.

B. The Issuer presently owns and operates a sewage treatment plant or plants and some or all of collecting, intercepting and outlet sewers, lateral sewers, drains, force mains, conduits, pumping stations, ejector stations and all other appurtenances, extensions, additions and improvements necessary, appropriate, useful, convenient or incidental for the collection, treatment and disposal in a sanitary manner of sewage and industrial wastes (herein referred to as the "System").

C. The acquisition and construction of the System was financed with the proceeds from \$605,000 in principal amount of the Issuer's Sewer Revenue Bonds dated October 23, 1975, authorized pursuant to the Prior Resolution.

D. The Prior Bonds of the Issuer are currently Outstanding in the principal amount of \$487,488.07.

E. The Issuer derives revenues from the System, and, except for the pledges thereof to secure and pay the Prior Bonds, said revenues are not pledged or encumbered in any manner.

F. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain improvements and extensions to the existing System of the District, consisting of the Project, at an estimated cost of \$271,900, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer, and which Project is generally described in Exhibit A attached hereto and by this reference made a part hereof and has an estimated useful life in excess of twenty (20) years.

G. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bonds and all sinking fund, reserve account and other payments provided for herein, in the Supplemental Resolution and in the PSC

Order, and the principal of and interest on and debt service requirements for the Prior Bonds.

H. The estimated maximum cost of the construction and acquisition of the Project is \$271,900, of which \$267,000 will be permanently obtained from the Bonds herein authorized and \$4,900 from a grant from DEP. The District may obtain such grants and contributions from other sources as may be necessary to pay Costs.

I. It is deemed necessary for the Issuer to issue its revenue bonds in the total aggregate principal amount of not more than \$267,000 to permanently finance a portion of the cost of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest on the Original Bonds prior to and during construction or acquisition and for six months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering, fiscal agents and legal expenses; expenses for estimates of cost and revenue; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense, any fees or expenses of the Authority or DEP and any defaulted interest thereon, commitment fees, discount, initial fees for the service of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Original Bonds, and such other expenses as may be necessary or incidental to the financing herein authorized, the construction or acquisition of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Original Bonds or the repayment of the indebtedness incurred by the Issuer for such purposes shall be deemed part of the Cost of the Project.

J. The period of usefulness of the System after completion of the Project is not less than 20 years.

K. It is in the best interests of the Issuer that the Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement. The Issuer has received written consent from the owner of the Prior Bonds, to issue the Bonds on a parity with the lien of the Prior Bonds.

L. The Issuer has received a certificate from an independent certified public accountant that it meets the parity test established in the Prior Resolution. The Original Bonds shall be issued with a lien on the Net Revenues on a parity with the lien held by the registered owners of the Prior Bonds.

M. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the construction, acquisition and operation of the Project and the System and the issuance of the Bonds, or will have so complied prior to issuance of any Bonds, including, among other things and without limitation, the obtaining of the PSC Order, the time for rehearing and appeal of which expired.

N. The Issuer will not permit, at any time, any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code.

O. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds.

P. The Bonds will not be federally guaranteed within the meaning of the Code.

Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.06. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of

negotiable instruments under the Uniform Commercial Code of the State, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remain Outstanding, the Issuer, through the Bond Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

The Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the Registered Owner or his duly authorized attorney.

All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. The Bond Registrar shall not be obligated to make any such exchange or transfer of Bonds during the period commencing on the fifteenth day of the month preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.07. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing proof of its ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute

Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bonds issued pursuant to this Section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by anyone, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of security for payment from the revenues pledged herein with all other Bonds issued hereunder.

Section 3.08. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Reserve Account. No Holder or Holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Bonds or the interest thereon.

Section 3.09. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of all the Original Bonds shall be secured forthwith equally and ratably with each other and the Prior Bonds by a first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and the Prior Bonds and to make the payments into the sinking funds and the reserve accounts therein and in the Renewal and Replacement Fund hereinafter established and as established in the Prior Resolution, are hereby irrevocably pledged to the payment of the principal of and any interest on the Bonds and the Prior Bonds as the same become due.

SYSTEM REVENUES AND APPLICATION THEREOF

Section 5.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts were either established by the Prior Resolution or are created hereby and shall be held by the Depository Bank:

- (1) Revenue Fund (when the Prior Bonds are no longer Outstanding);
- (2) Operation and Maintenance Fund (when the Prior Bonds are no longer Outstanding);
- (3) Renewal and Replacement Fund;

(4) Bond Construction Trust Fund; and

(5) Rebate Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby established with the Commission:

(1) Sinking Fund;

(a) Within the Sinking Fund, the Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. As long as the Prior Bonds are outstanding, the entire Gross Revenues shall be deposited pursuant to the terms of the Prior Resolution. When the Prior Bonds are no longer Outstanding, the entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner therein and herein provided.

(1) The Issuer shall, each month, transfer from the Revenue Fund and deposit in the Operation and Maintenance Fund an amount sufficient to pay current Operating Expenses of the System.

(2) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and pay the amounts required by the Prior Resolution to be deposited in the Prior Bonds Sinking Fund for payment of the principal of and interest on the Prior Bonds, and (i) simultaneously therewith, commencing 4 months prior to the first date of payment of interest on the Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Bonds Sinking Fund, a sum equal to 1/3rd of the amount of interest which will become due on said Bonds on the next ensuing quarterly interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Bonds Sinking Fund and the next quarterly interest payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next quarterly interest payment date, the required amount of interest coming due on such date, and (ii) on the first day of each month, commencing 4 months prior to the first date of payment of principal on the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Bonds Sinking Fund, a sum equal to 1/3rd of the amount of principal which will mature and become due on said Bonds on the next ensuing quarterly principal payment date; provided that, in the event the

period to elapse between the date of such initial deposit in the Bonds Sinking Fund and the next quarterly principal payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

The Issuer shall complete the "Monthly Payment Form," the form of which is attached to the Loan Agreement as Exhibit F, and submit a copy of said form along with a copy of its remittance check to the Authority by the 5th day of such calendar month.

(3) The Issuer shall next transfer from the Revenue Fund and pay to the Commission the amounts required by the Prior Resolution to be deposited in the Prior Bonds Reserve Account and on the first day of each month, commencing 3 months prior to the first date of payment of principal of the Bonds, if not fully funded upon issuance of the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Reserve Account, an amount equal to 1/120 of the Reserve Requirement; provided, that no further payments shall be made into the Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Reserve Requirement.

(4) The Issuer shall next, from the moneys remaining in the Revenue Fund, on the first day of each month, transfer to the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the reserve account established with respect to the Prior Bonds or in the Reserve Account [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Sinking Fund shall be used only for the purposes of paying principal of and interest on the Bonds as the same shall become due. Moneys in the Reserve Account in the Sinking Fund shall be used only for the purpose of paying principal of or interest on the Bonds, as the same shall come due, when other moneys in the Sinking Fund are insufficient therefor, and for no other purpose. Except for the funds required to be deposited in the Rebate Fund, all investment earnings on moneys in

the Reserve Account shall be transferred, not less than once each year, to the Bond Construction Trust Fund prior to completion of the Project and thereafter, to the Sinking Fund.

Any withdrawals from the Reserve Account which result in a reduction in the balance of the Reserve Account to an amount below the Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Sinking Fund for payment of debt service on the Bonds have been made in full.

B. As and when additional Bonds ranking on a parity with the Original Bonds are issued, provision shall be made for additional payments into the Sinking Fund sufficient to pay any interest on such additional Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Reserve Account in an amount equal to the Reserve Requirement.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Fund created hereunder, and all amounts required for said Sinking Fund shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

Moneys in the Reserve Account shall be invested and reinvested by the Commission in accordance with Article VIII hereof.

The Sinking Fund, including the Reserve Account therein, shall be used solely and only for, and is hereby pledged for, the purpose of servicing the Bonds and any additional Bonds ranking on a parity with them that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Fund, including the Reserve Account therein, and the Renewal and Replacement Fund during the following month or such longer period as shall be required by the Act, such excess shall be considered as surplus

revenues (the "Surplus Revenue"). Surplus Revenues may be used for any lawful purpose of the Issuer.

D. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank, on such dates as the Commission or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any Depository Bank's charges then due. The Issuer shall also remit from the Revenue Fund to the Authority, on such dates as the Authority and the DEP shall require, the Issuer's allocable share of reasonable administrative expenses of the Authority relating to the Program, if any.

E. The moneys in excess of the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

G. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. The Gross Revenues of the System shall only be used for purposes of the System.

Section 5.04. Excess Bond Proceeds. The Issuer shall place any excess proceeds from the Original Bonds not required by the Project in the Reserve Account.

ARTICLE VI

APPLICATION OF ORIGINAL BOND PROCEEDS, FUNDS AND ACCOUNTS

Section 6.01. Application of Original Bond Proceeds. From the moneys received from time to time from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. The amount of the proceeds which together with the earnings thereon shall be at least sufficient to pay interest on the Original Bonds for the period specified in the Supplemental

Resolution shall be deposited in the Sinking Fund; provided, that such period may not extend beyond the date which is six months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Bonds, there shall be deposited with the Commission in the Bonds Reserve Account the sum, if any, set forth in the Supplemental Resolution for funding of the Reserve Account.

C. The remaining moneys derived from the sale of the Original Bonds shall be deposited by the Issuer as received from time to time in the Bond Construction Trust Fund hereinafter established.

D. There is hereby created and established with the Depository Bank a special fund, designated the "Bond Construction Trust Fund". The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in this Resolution. Except with respect to any transfers to the Rebate Fund, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Bonds.

Section 6.02. Disbursements From the Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and DEP a report listing the specific purposes for which the proceeds of the Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of the following:

(1) A "Payment Requisition Form," attached to the Loan Agreement as Exhibit C, and

(2) A certificate, signed by the Chairman and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursements theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions set forth in the Prior Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any owner or owners of the Bonds as if they were set forth in full in this Resolution. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the owners of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds, or the interest thereon, is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No Holder or Holders of any Bonds shall ever have the right to compel

the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Original Bonds issued hereunder shall be secured forthwith equally and ratably with the Prior Bonds by a first lien on the Net Revenues derived from the operation of the System. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds herein authorized and to make the payments into the respective Sinking Fund, including the Reserve Account therein, and all other payments provided for in this Resolution and the Prior Resolution are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds and the Prior Bonds as the same become due, and for the other purposes provided in the Resolution.

Section 7.04. Rates. Prior to issuance of the Original Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder and under the Prior Resolutions. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. The Issuer shall take the necessary actions with respect to the imposition of rates at such times and with such provisions with respect to interest rate and maturity of the Bonds to finance the issuance of the Bonds as the purchaser thereof shall require. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Prior Bonds and the Bonds; provided that, in the event that an amount at least equal to or in excess of the Reserve Requirement is on deposit in the Reserve Account and the reserve account for the Prior Bonds is funded at least at the requirement provided for in the Prior Resolutions, respectively, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Original Bonds and the Prior Bonds.

Section 7.05. Completion, Operation and Maintenance; Schedule of Cost. The Issuer will expeditiously complete the Project and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of said System in the manner provided in the Resolution.

Upon completion of the Project, the Issuer shall file with the Authority a schedule in substantially the form of Amended Schedule A to the Program loan application, setting forth the actual costs of the Project and sources of funds therefor.

Section 7.06. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully or redeem at or prior to maturity all the Prior Bonds and the Bonds Outstanding, or to effectively defease this Resolution in accordance with Sections 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Commission for deposit in the appropriate Sinking Funds, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds about to mature and to the redemption prior to maturity at the earliest date permitted hereby and at the redemption price, of all other Outstanding Bonds. Any balance remaining after the redemption or payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions

of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall, upon receipt of approval of the Registered Owners, if needed, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Fund and shall be applied only to the purchase or redemption of Bonds of the last maturities then Outstanding at prices not greater than the applicable redemption price, or, if not redeemable, par, or otherwise in the Renewal and Replacement Fund. The payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of sixty-six and two-thirds percent (66 2/3%) in amount of the Prior Bonds and the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Prior Bonds and the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.08 hereof. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and prior, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such prior obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such prior obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the respective liens of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution, or upon the System or any part thereof.

Section 7.08. Parity Bonds. A. No Parity Bonds payable out of the revenues of the System shall be issued after the issuance of any Bonds pursuant to this Amendatory Resolution, except under the conditions and in the manner herein provided.

No Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions, additions, betterments or improvements to the System or refunding the entirety of one or more issues or series of bonds or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Secretary a written statement by Independent Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the net revenues actually derived, subject to the adjustments hereinafter provided, from the System during any twelve (12) consecutive months within the eighteen (18) months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual net revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by such additional Parity Bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on the following:

- (1) The Prior Bonds;
- (2) The Original Bonds then Outstanding;
- (3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual net revenues to be received in each of the three (3) succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased net revenues estimated to be derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which

shall be filed in the office of the Secretary prior to the issuance of such additional Parity Bonds.

The Net Revenues actually derived from the System during the twelve (12) consecutive month period hereinabove referred to may be adjusted by adding to such net revenues such additional net revenues which would have been received, in the opinion of the Consulting Engineers and the Independent Accountants as stated in a certificate jointly made and signed by the Consulting Engineers and the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate acquisition or construction of such extensions, additions, betterments or improvements to the System which are to be financed by such Parity Bonds.

All the covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the owners of the Original Bonds and the owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this Section. All the Bonds, regardless of the time or times of their issuance shall rank equally with respect to their respective liens on the revenues of the System, and their respective sources of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds created in this Amendatory Resolution required for and on account of such additional Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Amendatory Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Outstanding Prior Bonds and the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in this Amendatory Resolution and the Prior Resolution on account of the Prior Bonds and the Bonds then

Outstanding, and any other payments provided for in this Amendatory Resolution or the Prior Resolution, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Amendatory Resolution.

B. Notwithstanding the foregoing, the Issuer may issue Parity Bonds without compliance with any other conditions for the purpose of refunding prior to maturity any issues or series of the Bonds, provided that the annual debt service required on account of the refunding Bonds and the Bonds which are not refunded shall not be greater in any year in which the Bonds not refunded and the refunding Bonds are to be Outstanding than the annual debt service required in such year if the Bonds to be refunded were not so refunded.

With the written consent in advance of the Authority and anything to the contrary in this Section 7.08 notwithstanding, Parity Bonds may be authorized and issued by the Issuer pursuant to Supplemental Resolution solely to complete the Project as described in the Issuer's Program application to the Authority and DEP in accordance with the plans and specifications, in the event that the Original Bonds should be insufficient, together with other funds lawfully available therefor, to pay all costs of acquisition and construction of the Project; provided, however, that, prior to the issuance of such Parity Bonds under the provisions of this paragraph, the Consulting Engineers shall file with the Secretary a certificate to the effect that additional funds are necessary for such purpose. All such Parity Bonds authorized and issued under the provisions of this paragraph shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of the construction costs to complete the Project, and the maturities of any such Parity Bonds shall be in years and amounts suggested by the Authority.

Section 7.09. Insurance and Construction Bonds. The Issuer will carry such insurance and in such amounts as is customarily carried with respect to works and properties similar to the System, with a reputable insurance carrier or carriers, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority and the DEP, so long as the Authority is the Owner of the Bonds. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, to protect the interests of the

Issuer, the Authority, the prime contractor and all subcontractors as their interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be disposed of as provided in the Resolution and otherwise shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. The Issuer shall carry such other insurance as is required by the Authority and DEP and as set forth in the Loan Agreement, including but not limited to flood insurance and business interruption insurance, to the extent available at reasonable cost to the Issuer.

The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract.

Section 7.10. Consulting Engineers. The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers. Such resident engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies. The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a Performance Certificate, the form of which is attached as Exhibit A to the Loan Agreement, and is incorporated herein by reference, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer agrees that it will at all times provide operation and

maintenance of the System to comply with any and all State and federal standards. The Issuer agrees that qualified operating personnel properly certified by the State will be employed before the Project is 25% complete and agrees that it will retain such a certified operator(s) to operate the System during the entire term of this Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 25% completion stage.

Section 7.11. Compliance With Loan Agreement, Rules and Regulations. The Issuer hereby covenants and agrees to perform and satisfy all terms and conditions of the Loan Agreement and to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

Section 7.12. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by its System; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or himself or herself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges that shall become delinquent to the full extent permitted or authorized by the laws of the State of West Virginia. All such rates and charges, if not paid when due, shall become a lien on the premises served by the System.

Whenever any rates, rentals or charges for the services or facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, shall remain unpaid for a period of thirty (30) days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. The

Issuer further covenants and agrees that it will, to the full extent permitted by law, and any rules and regulations promulgated by the Public Service Commission of West Virginia applicable thereto, discontinue and shut off both the water and sewerage services and facilities of the System to all delinquent users of the services and facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, and will not restore either water or sewerage services of the System until all delinquent charges for the service and facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 7.14. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.15. Books, Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the Loan Agreement or Grant Receipts or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any owner of a Bond or Bonds issued pursuant to the Resolution shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow currently accepted accounting practices in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books, and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Council shall direct.

The Issuer shall file with the Consulting Engineers and the Authority and DEP, and shall mail in each year to any owner or owners of Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues, Excess Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Prior Bonds, Bonds, or other obligations Outstanding and secured by a lien on the Net Revenues of the System.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any owner or owners of Bonds issued pursuant to this Resolution, and shall submit said report to the Authority and the DEP. The report of said audit shall include a statement that the Issuer is in compliance with the terms and provisions of the Act and the Loan Agreement and that the Issuer's revenues are adequate to meet its operation and maintenance expenses and debt service requirements.

The Issuer shall, commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, each month complete a Monthly Financial Report, the form of which is attached to the Loan Agreement as Exhibit B and is incorporated herein by reference, and forward a copy by the 10th of each month to the Authority and the DEP.

The Issuer shall, during construction of the Project, complete Payment Requisition Forms, the form of which is attached to the Loan Agreement as Exhibit C and is incorporated herein by reference, and forward a copy to the DEP in compliance with the Issuer's construction schedule.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority or the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.16. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within thirty days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Section 7.17. Mandatory Connection. The mandatory use of the sewerage facilities portion of the System is essential and necessary to protect and preserve the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the sewerage facilities portion of the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matter from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the sewerage facilities portion of the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the sewerage facilities portion of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the sewerage facilities portion of the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.18. Compliance with Loan Agreement. The Issuer agrees to comply with all the terms and conditions of the Loan Agreement. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PUBLIC PURPOSE BONDS. The Issuer shall use the Bond proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Issuer.

B. PRIVATE ACTIVITY BOND COVENANT. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from

the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Bonds.

C. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government nits.

D. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

E. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax exempt status of the Bonds, including without limitation the information return required under Section 149(e) of the Code.

F. TWO YEAR CONSTRUCTION ELECTION. The Issuer will expend the gross proceeds of the Bonds for the Project no later than the day which is two years after the date of issuance of the Bonds. The Issuer will expend the net proceeds (including, without limitation, investment proceeds earned before the close of the period involved on the investment of the proceeds of the Bonds) of the Bonds for the Project within the following periods beginning on the date of issuance of the Bonds:

Not less than 10 percent within 6 months;

Not less than 45 percent within 1 year;

Not less than 75 percent within 18 months; and

Not less than 100 percent within 2 years;

(except for a reasonable retainage not exceeding 5% of the net proceeds of the Bonds which will be spent within 3 years). The Issuer hereby elects the application of Section 148(f)(4)(B)(iv)(V) of the Code to the Bonds and has agreed to pay a penalty with respect to the close of each 6-month period after the date the Bonds are issued equal to 1-1/2 percent of the amount of the net proceeds of the Bonds which, as of the close of such period, are not spent as set forth in this paragraph. At least 75% of the net proceeds of the Bonds are to be used for construction expenditures with respect to property owned by the Issuer, and the Project will be owned by the Issuer.

G. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludible from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 7.20. Statutory Mortgage Lien. For the further protection of the Bondholders, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and on a parity with the lien of the Prior Bonds, and shall take effect immediately upon delivery of the Bonds and shall be for the benefit of all Owners of the Bonds.

Section 7.21. Compliance. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other State, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01 and in Sections 8.02 and 8.03.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a

sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return) with respect to the Bonds so that the interest on the Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution on account of the Bonds other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code or the Loan Agreement, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to the Construction Trust Fund until completion of the Project, and thereafter to the Revenue Fund.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the Bonds, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause (A)(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the

disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date for the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bonds, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNTIED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close if the computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the

Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and the Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be

necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority and DEP, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority or DEP.

J. AMENDMENTS TO THIS SECTION. Notwithstanding any of the provisions herein to the contrary, the Issuer agrees to amend the provisions of this Section from time to time at the direction of the Authority in order to insure continuing compliance with Section 8.02 hereof.

Section 8.04. Restriction of Yield and Bond Proceeds. The Issuer shall comply with the yield restriction on Bond proceeds as set forth in Section 148 of the Code.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Resolution, any Supplemental Resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Construction Trust Fund Depository Bank, the Bond Registrar, any Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) An "Event of Default" as defined in the Prior Resolution.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any default in the payment of interest on any Bonds when the same shall become due, or in the payment of the principal of any Bond or Bonds, either at the specified date of maturity thereof or at a date set for redemption thereof, or otherwise in the performance of any covenant contained in the Resolution other than as to such payment and such default shall continue for a period of thirty (30) days after written notice to the Issuer of such default, any Bondholder shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and any interest thereon, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of the Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for Reserve, Sinking or other funds and upon any other obligations and interest

thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System. The provisions of this section shall be subject to the Prior Resolution and to the parity rights of the Prior Bonds.

ARTICLE X

DEFEASANCE

Section 10.01. Defeasance of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Resolution, then the pledge of Net Revenues and other moneys and securities pledged under this Resolution and all covenants, agreements and other obligations of the Issuer to the

Registered Owners of the Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due, the principal installments of and interest on the Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of and interest due and to become due on the Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Resolution.
No material modification or amendment of this Resolution, or of any resolution amendatory or supplemental hereto, that would materially and adversely affect the respective rights of Registered Owners of the Bonds shall be made without the consent in writing of the Registered Owners of sixty-six and two-thirds percent (66 2/3%) or more in principal amount of the Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity

of any Bond or Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the revenues of the System without the consent of the respective Registered Owner thereof. Notwithstanding the foregoing, this Resolution may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the excludibility of interest on the Bonds and the Notes from the gross income of the Holders thereof.

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF SOUTH PUTNAM PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. South Putnam Public Service District (the "Issuer") is a public corporation and public service district and political subdivision of the State of West Virginia in Putnam County of said State, duly created pursuant to the Act by The County Commission of Putnam County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer now has a public sewerage system and desires to finance and acquire, construct, operate and maintain certain additional public service properties consisting of improvements and extensions to such existing sewerage facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain improvements to and extensions of the existing sewerage facilities of the Issuer, consisting of a wastewater collection system to service approximately 315 customers in the Route 60 - Lake Washington area and 35 customers in the Sunnybrook area of Putnam County, West Virginia, and all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The Issuer has entered into a sewage treatment contract with the City of Hurricane, pursuant to which the City will provide sewage treatment services to the Issuer. The existing sewerage facilities of the Issuer, together with the Project and any further extensions or improvements thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bond (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project is \$4,381,860, of which \$1,300,000 will be obtained from the proceeds of sale of the Bond herein authorized and \$3,081,860 from a grant by the United States Environmental Protection Agency.

E. It is necessary for the Issuer to issue its sewer revenue bond in the principal amount of \$1,300,000 to finance a portion of the cost of such acquisition and construction in the manner hereinafter provided. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the acquisition and construction of the Project and the financing authorized hereby; provided that, reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for Costs of the Project by the Issuer shall be deemed Costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. There are outstanding two obligations of the Issuer which will rank on a parity with the Bond as to liens, pledge and source of and security for payment, being the Sewer Revenue Bond, Series 1979 (the "1979 Bond"), dated September 12, 1980, issued in the original principal amount of \$2,200,000, and the Sewer Revenue Bond, Series 1983 (the "1983 Bond"), dated August 1, 1983, issued in the original principal amount of \$750,000, both held by the Purchaser (hereinafter defined). The 1979 Bond and the 1983 Bond are hereinafter collectively referred to as the "Prior Bonds".

Other than the Prior Bonds, there are no outstanding bonds or obligations which are secured by or payable from revenues or assets of the System.

The Issuer is not in default under the terms of the Prior Bonds, or any resolution authorizing issuance of the Prior Bonds or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid consent or waiver thereof.

H. It is in the best interest of the Issuer that the Bond be sold to the Purchaser (hereinafter defined), pursuant to the terms and provisions of a Letter of Conditions dated October 25, 1994, and all amendments thereto, if any (the "Letter of Conditions").

I. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Bond, or will have so complied prior to issuance of the Bond, including, among other things and without limitation, the consent and approval, pursuant to the Act and other applicable provisions of law, of the issuance of the Bond, the acquisition and construction of the Project and the imposition of rates and charges by the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired or shall have been duly waived or otherwise provided for.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bond by those who shall be the registered owner of the same from time to time, this Resolution (the "Bond Legislation") shall be deemed to be and shall constitute a contract between the Issuer and such Bondholder, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the registered owner of the Bond.

(FORM OF BOND)

SOUTH PUTNAM PUBLIC SERVICE DISTRICT

SEWER REVENUE BOND, SERIES 1995

\$1,300,000

No. R-1

Date: _____

FOR VALUE RECEIVED, SOUTH PUTNAM PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION THREE HUNDRED THOUSAND DOLLARS (\$1,300,000), plus interest on the unpaid principal balance at the rate of 6% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$7,254, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of extensions and improvements to the sewerage system (the "System") of the Borrower, is payable solely from and secured by the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized

denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

This Bond is on a parity as to liens, pledge and source of and security for payment from such revenues, and in all other respects, with the Prior Bonds, defined and described in the Resolution.

IN WITNESS WHEREOF, SOUTH PUTNAM PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

ARTICLE IV

SYSTEM REVENUES AND APPLICATION THEREOF; DISPOSITION OF BOND PROCEEDS; FUNDS AND ACCOUNTS

Section 4.01. Establishment and Continuation of Funds and Accounts with Depository Bank. The following special funds or accounts are created and established with (or continued if previously established by the Prior Resolutions), and shall be held by the Depository Bank, separate, distinct and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund (established by the Prior Resolutions and continued hereby);
- (2) Reserve Fund (established by the Prior Resolutions and continued hereby);
- (3) Depreciation Reserve (established by the Prior Resolutions and continued hereby); and
- (4) Project Construction Account.

Section 4.02. Bond Proceeds; Project Construction Account. The proceeds of the sale of the Bond shall be deposited upon receipt by the Issuer in the Project Construction Account. The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Depository Bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will additionally transfer from the Project Construction Account and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly installments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Pending application as provided in this Section 4.02, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.03. Covenants of the Issuer as to System Revenues and Funds.

So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund, sums sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holders of the Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Resolutions and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Resolutions.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority, subject to the provisions of Section 3.02 of the 1979 Resolution and Section 3.02 of the 1983 Resolution not otherwise modified herein.

(i) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(ii) The Issuer shall next, each month, on or before the due date of payment of each installment on the Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Bonds (or such other place as may be provided pursuant to the Bonds), the amounts required to pay the interest on the Bonds, and to amortize the principal of the Bonds over the respective lives of each Bond issue. All payments with respect to principal of and interest on the Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(iii) The Issuer shall next, each month, on each date that payment is made as set forth in (ii) above, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Reserve Fund, 1/12th of 1/10th of the amount, as of the date of calculation, equal to the maximum aggregate amount of

principal and interest becoming due on the Bonds in any year, until the amount in the Reserve Fund equals such maximum amount (the "Minimum Reserve"). After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bonds and for payment of Operating Expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bonds to said National Finance Office (or other place provided) as the same shall become due or for prepayment of installments on the Bonds, or for mandatory prepayment of the Bonds as hereinafter provided, and for no other purpose, on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(iv) The Issuer shall next, each month, on each date that payment is made as set forth in (ii) above, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Depreciation Reserve, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$200,000, and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bonds as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom, all on a pro rata basis. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(v) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, moneys remaining therein and not permitted to be retained therein, if any ("Surplus Revenues"), may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve as herein provided, and all amounts required for the Reserve Fund and the Depreciation Reserve will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

All the funds provided for in this Article (except the Project Construction Account) shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the Depository Bank shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers and to deposit the required amount in any of the funds as hereinabove provided, the deficiency shall be made up in the subsequent payments, transfers and deposits in addition to those which would otherwise be required to be made on the subsequent payment dates.

Subject to the Prior Resolutions, the Depository Bank, at the direction of the Issuer, shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or in the Prior Resolutions or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia State Board of Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Depository Bank.

C. CHANGE OF FISCAL AGENT. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank and Fiscal Agent if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser and shall give such other notice as required under, and in the manner provided in, the Prior Resolutions.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be at least 5,390 bona fide users upon the Project on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Depository Bank or the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Bondholder.

Section 5.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Bonds and sufficient to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

- (a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or

destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; provided however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. For the further protection of the Holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond. The statutory mortgage lien of the Bond is on a parity with the statutory mortgage lien in favor of the holders of the Prior Bonds.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(a) Failure to make payment of any monthly amortization installment upon the Bond at the date specified for payment thereof; and

(b) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 5.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and

maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 5.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 5.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 5.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 5.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Division of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Division of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules. A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as set forth in the Final Order of the Public Service Commission of West Virginia, entered on May 1, 1995, Case No. 94-0429-PSD-CN, which Final Order is incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

ARTICLE VII

MISCELLANEOUS

Section 7.01. Payment of Bond. If the Issuer shall pay or there shall otherwise be paid, to the Holder of the Bond, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Bond, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Bond, shall thereupon cease, terminate and become void and be discharged and satisfied.

All resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this Section shall not be applicable to the Loan Resolution (Form FmHA 442-47) and the Prior Resolutions.

Section 7.06. Table of Contents and Headings. The Table of Contents and headings of the articles, sections and subsections hereof are for convenience only and shall neither control nor affect in any way the meaning or construction of any of the provisions hereof.

Section 7.07. Covenant of Due Procedure, Etc. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF SOUTH PUTNAM PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. South Putnam Public Service District (the "Issuer") is a public service district and public corporation and political subdivision of the State of West Virginia in Putnam County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, improvements and betterments to the existing public sewerage system of the Issuer, consisting of extensions to the residents of Hollywood Drive and the Route 35/Interstate 64 interchange located in the Teays Valley area, to upgrade the Issuer's central interceptor system located in the Teays Valley area so as to provide additional excess capacity needed by the Issuer to meet the continual growth in the area, to provide sewer service to the new 200-acre Putnam Business Park and approximately 70 residences and businesses in that area as well as the Lock Nine area on the north side of the Kanawha River, development of a facilities plan with guidelines for the future development of the System and extensions to 50 additional customers in the Midway area of Putnam County, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification and disposal of liquid and solid waste, sewage and industrial waste (the existing public sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of Operating Expenses of the System, the principal of and interest on the Bonds (as hereinafter defined) and to make payments into all funds and accounts and other payments provided for herein.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than \$8,500,000 in two series, being the Sewer Revenue Bonds, Series 2002 A (United States Department of Agriculture), in the aggregate principal amount of not more than \$7,078,000 (the "Series 2002 A Bonds"), and the Sewer Revenue Bonds, Series 2002 B (West Virginia SRF Program), in the aggregate principal amount of not more than \$1,422,000 (the "Series 2002 B Bonds"), to permanently finance the costs of acquisition and construction of the Project (collectively, the "Series 2002 Bonds"). The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2002 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in any Reserve Account (as hereinafter

defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2002 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2002 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2002 A Bonds be sold to the Purchaser (as hereinafter defined) pursuant to the terms and provisions of the Letter of Conditions (as hereinafter defined) and that its Series 2002 B Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement (the "Loan Agreement") by and between the Issuer and the Authority, on behalf of the West Virginia Department of Environmental Protection, State Revolving Fund Program (the "DEP"), in form satisfactory to the Issuer, the Authority and the DEP, approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2002 Bonds as to liens, pledge, source of and security for payment, being the Issuer's (i) Sewer Revenue Bonds, Series 1979, dated September 12, 1980, issued in the original aggregate principal amount of \$2,200,000 (the "Series 1979 Bonds"), (ii) Sewer Revenue Bonds, Series 1983, dated August 1, 1983, issued in the original aggregate principal amount of \$750,000 (the "Series 1983 Bonds"), and (iii) Sewer Revenue Bonds, Series 1995, dated May 2, 1995, issued in the original aggregate principal amount of \$1,300,000 (the "Series 1995 Bonds"), all held by the Purchaser (hereinafter defined). The Series 1979 Bonds, the Series 1983 Bonds and the Series 1995 Bonds are sometimes hereinafter collectively referred to as the "Prior Bonds."

The Series 2002 A Bonds and Series 2002 B Bonds shall be issued on a parity with each other and with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Other than the Prior Bonds, there are no outstanding bonds or

obligations of the Issuer which are secured by revenue or assets of the System. The Issuer is in compliance with the covenants of the Prior Bonds and the Prior Resolutions.

H. The Issuer has complied with all requirements of West Virginia law, the Letter of Conditions and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2002 Bonds, or will have so complied prior to issuance of any thereof, including, the approval of the Project and the financing thereof by the DEP and the obtaining of a certificate of convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2002 Bonds or such final order will not be subject to appeal, including obtaining any additional approvals of the Public Service Commission as may be required by the final order.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, all Bonds shall be delivered in accordance with the provisions of this Bond Legislation. (FORM OF SERIES 2002 A BOND)

UNITED STATES OF AMERICA
STATE OF WEST VIRGINIA
SOUTH PUTNAM PUBLIC SERVICE DISTRICT
SEWER REVENUE BOND, SERIES 2002 A
(UNITED STATES DEPARTMENT OF AGRICULTURE)

No. AR-1

Date: March 7, 2002

FOR VALUE RECEIVED, the SOUTH PUTNAM PUBLIC SERVICE DISTRICT (the "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of SEVEN MILLION SEVENTY-EIGHT THOUSAND DOLLARS (\$7,078,000), plus interest on the unpaid principal balance at the rate of 5.0% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of this Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$34,470, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of acquisition and construction of improvements and extensions to the existing public sewerage system (the "System") of the Borrower, is payable solely from the net revenues to be derived from the operation of the System in the manner provided in the hereinafter defined Resolution. This Bond does not in any manner constitute a corporate indebtedness of Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Resolution and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted on March 5, 2002, and a Supplemental Resolution of the Borrower duly adopted on March 5, 2002, authorizing issuance of this Bond (collectively, the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1979, DATED SEPTEMBER 12, 1980, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$2,200,000, (2) SEWER REVENUE BONDS, SERIES 1983, DATED AUGUST 1, 1983, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$750,000, (3) SEWER REVENUE BONDS, SERIES 1995, DATED MAY 2, 1995, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$1,300,000, AND (4) SEWER REVENUE BONDS, SERIES 2002 B (WEST VIRGINIA SRF PROGRAM), DATED MARCH 7, 2002, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$1,422,000.

- (2) Renewal and Replacement Fund (resulting from the combination with the Depreciation Reserve established by the Prior Resolutions);

- (3) Series 2002 B Bonds Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

- (1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, each month, transfer from the Revenue Fund and (i) on or before the due date of payment of each installment on the Prior Bonds, remit to the National Finance Office the amounts required by the Prior Resolutions to pay the interest on the Prior Bonds; (ii) remit to the National Finance Office, beginning on April 7, 2002 and continuing on the 7th day of each month thereafter, the amount required to pay the interest on the Series 2002 A Bonds; and (iii) on the first day of each month, commencing 3 months prior to the first date of payment of interest on the Series 2002 B Bonds, remit to the Commission for deposit in the Series 2002 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2002 B Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2002 B Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and (i) on or before the due date of payment of each installment on the Prior Bonds, remit to the National Finance Office the amounts required by the Prior Resolutions to pay the principal of the Prior Bonds; (ii) remit to the National Finance Office, beginning March 7, 2004 and continuing on the 7th day of each month thereafter, the amount required to pay the principal of the Series 2002 A Bonds; and (iii) on the first day of each month, commencing 3 months prior to the first date of payment of principal of the Series 2002 B Bonds, remit to the Commission for deposit in the Series 2002 B Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2002 B Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2002 B Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and (i) remit to the Depository Bank, the amounts required by the Prior Resolutions to be deposited in the respective Reserve Accounts for the Prior Bonds, (ii) remit to the Commission, commencing 3 months after the completion of construction of the Project, as certified by the Consulting Engineers, if not fully funded upon issuance of the Series 2002 A Bonds, for deposit in the Series 2002 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2002 A Bonds Reserve Requirement until the amount in the Series 2002 A Bonds Reserve Account equals the Series 2002 A Bonds

Reserve Requirement; provided that, no further payments shall be made into the Series 2002 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2002 A Bonds Reserve Requirement; and (iii) remit to the Commission, commencing 3 months after the completion of construction of the Project, as certified by the Consulting Engineers, if not fully funded upon issuance of the Series 2002 B Bonds, for deposit in the Series 2002 B Bonds Reserve Account, an amount equal to 1/120th of the Series 2002 B Bonds Reserve Requirement, until the amount in the Series 2002 B Bonds Reserve Account equals the Series 2002 B Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2002 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2002 B Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account; provided, that, as long as the Prior Bonds remain outstanding, the Issuer must accumulate in the Renewal and Replacement Fund the aggregate sum of \$200,000 and maintain such sum therein and shall use the monies therein as provided by the Prior Resolution, except that any deficiencies in the debt service payments on the Series 2002 A Bonds and Series 2002 B Bonds shall be payable from the Renewal and Replacement Fund on a parity with the Prior Bonds. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Accounts (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose of the System.

Monies in the Series 2002 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2002 A Bonds as the same shall come due, when other monies are insufficient therefor, and for no other purpose, except for

transfers to the Rebate Fund permitted hereunder. Whenever the monies in the Series 2002 A Bonds Reserve Account shall be sufficient to prepay the Series 2002 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay, at the earliest practical date and in accordance with applicable provisions hereof, the Series 2002 A Bonds accrued interest thereon to such prepayment date.

Monies in the Series 2002 B Bonds Sinking Fund shall be used only for the purpose of paying principal of and interest on the Series 2002 B Bonds as the same shall become due. Monies in the Series 2002 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2002 B Bonds as the same shall come due, when other monies in the Series 2002 B Bonds Sinking Fund are insufficient therefor, and for no other purpose, except for transfers to the Rebate Fund permitted hereunder. Whenever the monies in the Series 2002 B Bonds Reserve Account shall be sufficient to prepay the Series 2002 B Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay, at the earliest practical date and in accordance with applicable provisions hereof, the Series 2002 B Bonds and accrued interest thereon to such prepayment date.

Except to the extent transferred to the Rebate Fund, all investment earnings on monies in the Series 2002 A Bonds Reserve Account (if fully funded), the Series 2002 B Bonds Sinking Fund and the Series 2002 B Bonds Reserve Account (if fully funded) shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2002 Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2002 A Bonds and the Series 2002 B Bonds, respectively, and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2002 A Bonds Reserve Account or the Series 2002 B Bonds Reserve Account which result in a reduction in the balance of such accounts to below the Series 2002 A Bonds Reserve Requirement or the Series 2002 B Bonds Reserve Requirement, respectively, shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2002 A Bonds Reserve Account or the Series 2002 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of

the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, whether for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2002 A Bonds, the Series 2002 B Bonds and the Prior Bonds in accordance with the respective principal amounts then Outstanding.

The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser, the DEP and the Authority.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2002 A Bonds Reserve Account, the Series 2002 B Bonds Sinking Fund and the Series 2002 B Bonds Reserve Account created hereunder, and all amounts required for such funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Purchaser, the Authority or the DEP at any time, the Issuer shall make the necessary arrangements whereby required payments into the said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Renewal and Replacement Fund as herein provided, and all amounts required for the Renewal and Replacement Fund will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written instructions stating the amount remitted for deposit into each such fund.

Monies in the Series 2002 A Bonds Reserve Account, the Series 2002 B Bonds Sinking Fund and the Series 2002 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2002 A Bonds Reserve Account, the Series 2002 B Bonds Sinking Fund and the Series 2002 B Bonds Reserve Account (except with respect to transfers to the Rebate Fund), shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2002 A Bonds and the Series 2002 B Bonds, respectively, under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) remit to the Commission the required principal, interest and reserve account payments and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof

consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Loan Agreement.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges, fees and expenses then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by either the Authority or the DEP at any time, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the sum insured by the maximum amounts insured by FDIC in any fund or account shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2002 Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2002 A Bonds, there shall be deposited with the Commission in the Series 2002 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 2002 A Bonds Reserve Account.

B. From the proceeds of the Series 2002 B Bonds, there shall be deposited with the Commission in the Series 2002 B Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2002 B Bonds Reserve Account.

C. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2002 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2002 Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2002 A Bonds.

D. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2002 B Bonds, such monies shall be deposited with the Depository Bank in the Series 2002 Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2002 B Bonds.

E. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2002 A Bonds shall be expended as directed by the Purchaser and any remaining proceeds of the Series 2002 B Bonds shall be expended as directed by the DEP.

Section 6.02. Disbursements From the Bond Construction Trust Fund.

A. Monies in the Series 2002 Bonds Construction Trust Fund shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

Until completion of acquisition and construction of the Project, the Issuer will transfer from the Series 2002 Bonds Construction Trust Fund and pay to the Purchaser on or before the due date, such sums as shall be from time to time required to make the monthly

installment payments on the Series 2002 A Bonds if there are not sufficient Net Revenues to make such monthly payment.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Series 2002 Bonds Construction Trust Fund shall be disposed of in accordance with the regulations of the Purchaser.

B. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2002 B Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2002 Bonds Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of the following:

(1) a completed and signed "Payment Requisition Form," a form of which is attached to the Loan Agreement, in compliance with the construction schedule and

(2) a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

(A) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) Each of such costs has been otherwise properly incurred; and

(D) Payment for each of the items proposed is then due and owing.

Pending such application, monies in the Series 2002 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2002 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2002 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2002 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2002 Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2002 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all the Series 2002 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with lien on the Net Revenues in favor of the holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2002 Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Commission Order of the Public Service Commission of West Virginia entered February 25, 2002, in Case No. 01-0597-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds and Series 2002 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System

and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2002 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds and Series 2002 Bonds are outstanding and except as otherwise required by law or with the written consent of the Purchaser, the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2002 A Bonds, immediately be remitted to the National Finance Office, and with respect to the Series 2002 B Bonds, immediately be remitted to the Commission for deposit in the Series 2002 B Bonds Sinking Fund, and, with the written consent of the Purchaser, the Authority and the DEP, the Issuer shall direct the National Finance Office and the Commission to apply such proceeds to the payment of principal of and interest on the Series 2002 Bonds. Any balance remaining after the payment of all the Series 2002 Bonds and interest thereon shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with a professional engineer that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and

Replacement Fund. Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into such fund by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Purchaser, the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2002 Bonds pursuant to this Bond Legislation, without the prior written consent of the Purchaser, the Authority and the DEP and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2002 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the Prior Bonds and the Series 2002 A Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds than proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds and the Series 2002 B Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Prior Bonds and the Series 2002 A Bonds are no longer outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2002 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2002 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring,

constructing and installing the Project. The Issuer shall permit the Purchaser, the Authority and the DEP or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Purchaser, the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Purchaser, the Authority and the DEP or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Purchaser, the DEP and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2002 Bonds and shall submit said report to the Purchaser, the Authority and the DEP, or any other original purchaser of the Series 2002 Bonds. Such audit report submitted to the Purchaser, the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Purchaser, the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Purchaser, the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority, the DEP and the Purchaser with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2002 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and

continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2002 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2002 Bonds, including the Prior Bonds; provided that, so long as the Prior Bonds and the Series 2002 A Bonds are no longer outstanding, and in the event that an amount equal to or in excess of the reserve requirement is on deposit respectively in the Reserve Accounts and any reserve accounts for obligations on a parity with the Series 2002 B Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2002 B Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2002 B Bonds. Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Purchaser, the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Purchaser, the Authority and the DEP, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Purchaser, the DEP, the Authority and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the

Loan Agreement and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Purchaser, the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Purchaser, the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Purchaser, the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Purchaser, the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the waterworks facilities are not owned by the Issuer, the Issuer will, to the extent allowed by law, use diligent efforts to enter into a similar termination agreement with the provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the

System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Purchaser, the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or

building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance with Letter of Conditions, Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Letter of Conditions, the Loan Agreement, the Act and this Bond Legislation. The Issuer shall also comply with all applicable laws, rules and regulations issued by the Purchaser, the Authority and the DEP, or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System. The Issuer shall provide the DEP with copies of all documents submitted to the Purchaser and the Authority.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (I) not in excess of 10% of the Net Proceeds of the Series 2002 Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2002 Bonds during the term thereof is, under the terms of the Series 2002 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net

Proceeds of the Series 2002 Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2002 Bonds during the term thereof is, under the terms of the Series 2002 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2002 Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2002 Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 2002 Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2002 Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2002 Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2002 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.20. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2002 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2002 Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2002 Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Purchaser and the DEP for written approval. The Issuer shall obtain the written approval of the Purchaser and the DEP before expending any proceeds of the Series 2002 Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the Purchaser and the DEP before expending any proceeds of the Series 2002 Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the Purchaser, the Authority and the DEP in any press release, publication, program, bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 2002 Bonds which would cause the Series 2002 Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2002 Bonds) so that the interest on the Series 2002 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 2002 B Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2002 B Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amount, any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from

the Internal Revenue Service, if necessary, and take any other actions necessary, in order to maintain the exclusion of interest on the Series 2002 B Bonds from gross income for federal income tax purposes.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 2002 B Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority including information with respect to earnings on all funds constituting "gross proceeds" of the Series 2002 B Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2002 Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2002 Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2002 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2002 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond;

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolutions.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on any series of the Series 2002 Bonds or the Prior Bonds, it shall constitute an "Event of Default" with respect to the other series of the Series 2002 Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in

violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2002 A Bonds and the Series 2002 B Bonds shall be on a parity with each other and the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF SOUTH PUTNAM PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Resolution") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. South Putnam Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Putnam County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewerage system of the Issuer, consisting of rehabilitation, repair and replacement of portions of the sewer system, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes the Project, the existing public sewerage system of the Issuer and any further additions or improvements thereto or extensions thereof are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and to make payments into all funds and accounts and other payments provided for herein.

D. The Issuer intends to temporarily finance a portion of the costs of acquisition and construction of the Project through the issuance of its notes to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Infrastructure Fund, pursuant to the Act.

E. It is deemed necessary for the Issuer to issue its Sewerage System Bond Anticipation Notes, Series 2005 A (West Virginia Infrastructure Fund), in the aggregate principal amount of not more than \$2,000,000 (the "Notes"), to temporarily finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Notes prior to and during construction or acquisition and for a period not exceeding 6 months after completion of construction of the Project; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in

connection with any thereof, including, with respect to the Notes, any fees for the providing of a letter of credit, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Notes or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

G. It is in the best interests of the Issuer that its Notes be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, on behalf of the West Virginia Infrastructure and Jobs Development Council (the "Council"), such loan agreement in form satisfactory to the respective parties (the loan agreement is hereinafter referred to as the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

H. There are outstanding obligations of the Issuer which will rank senior and prior to the Notes as to liens, pledge, source of and security for payment, being the Issuer's (i) Sewer Revenue Bonds, Series 1979, dated September 12, 1980, issued in the original aggregate principal amount of \$2,200,000 (the "Series 1979 Bonds"), (ii) Sewer Revenue Bonds, Series 1983, dated August 1, 1983, issued in the original aggregate principal amount of \$750,000 (the "Series 1983 Bonds"), (iii) Sewer Revenue Bonds, Series 1995, dated May 2, 1995, issued in the original aggregate principal amount of \$1,300,000 (the "Series 1995 Bonds"), (iv) Sewer Revenue Bonds, Series 2002 A (United States Department of Agriculture), dated March 7, 2002, issued in the original aggregate principal amount of \$7,078,000 (the "Series 2002 A Bonds") and (v) Sewer Revenue Bonds, Series 2002 B (West Virginia SRF Program), dated March 7, 2002, issued in the original aggregate principal amount of \$1,422,000. The Series 1979 Bonds, the Series 1983 Bonds, the Series 1995 Bonds, Series 2002 A Bonds and Series 2002 B Bonds are sometimes hereinafter collectively referred to as the "Prior Bonds." Other than the Prior Bonds, there are no outstanding bonds or obligation of the Issuer which are secured by revenues or assets of the System.

The Notes shall be issued junior and subordinate to the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Notes shall not be payable from or secured by Net Revenues, but shall be payable only from and secured by a first lien on the proceeds of (i) any tax increment financing obligations issued by the County Commission of Putnam County; (ii) any additional sewerage system revenue bonds or refunding revenue bonds of the Issuer which may be issued for the System; (iii) any additional grants (other than grants from the West Virginia Infrastructure Fund) or other financial assistance to be received by the Issuer for the System; and (iv) any additional bond anticipation notes of the Issuer, issued subsequent to the issuance of the Notes, to finance the costs of acquisition and construction of the Project.

I. Interest on the Notes, if any, shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Note Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof. Unless otherwise provided by the Supplemental Resolution, the Notes shall be issued in the form of a single note, fully registered to the Authority, with a record of advances attached, representing the aggregate principal amount of the Notes.

Section 4.03. Execution of Notes. The Notes shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed the Notes shall cease to be such officer of the Issuer before the Notes so signed and sealed have been actually sold and delivered, such Notes may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Notes had not ceased to hold such office. Any Notes may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Notes shall hold the proper office in the Issuer, although at the date of such Notes such person may not have held such office or may not have been so authorized.

Any such executed Certificate of Authentication and Registration upon any such Note shall be conclusive evidence that such Note has been authenticated, registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Note shall be deemed to have been executed by the Note Registrar if manually signed by an authorized officer of the Note Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Notes issued hereunder.

Section 4.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Notes shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Notes shall be conclusively deemed to have agreed that such Notes shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that such Notes shall be incontestable in the hands of a bona fide holder for value.

In all cases in which the privilege of exchanging or transferring the Notes are exercised, Notes shall be delivered in accordance with the provisions of this Resolution. All Notes surrendered in any such exchanges or transfers shall forthwith be cancelled by the Note Registrar. For every such exchange or transfer of Notes, the Note Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Note upon each exchange or transfer, and any other expenses of the Note Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Note Registrar shall not be obliged to make any such exchange or transfer of Notes during the period commencing on the 15th day of the month next preceding an interest payment date on the Notes or, in the case of any proposed redemption of Notes, next preceding the date of the selection of Notes to be redeemed, and ending on such interest payment date or redemption date.

All Notes so surrendered shall be cancelled by the Note Registrar and held for the account of the Issuer. If any such Note shall have matured or be about to mature, instead of issuing a substitute Note, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Note be lost, stolen or destroyed, without surrender thereof.

This Resolution is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. South Putnam Public Service District (the "Issuer") is a public corporation, public service district and political subdivision of the State of West Virginia in Putnam County of said State, duly created pursuant to the Act by The County Commission of Putnam County.

Section 1.02. Findings and Determinations It is hereby found, determined and declared as follows:

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, improvements and extensions to the existing sewerage facilities of the Issuer, consisting of approximately 39,500 feet of various sizes of gravity sewer lines, approximately 28,000 feet of various sizes of force mains, one force main crossing of the Kanawha River near Nitro, approximately 196 sewer manholes, twelve smaller sized "grinder" type sewage pumping stations, various connections with existing systems, and surface restoration items, together with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The existing sewerage facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Bonds (hereinafter defined) and all funds and accounts and other payments provided for herein.

D. The estimated maximum cost of the acquisition and construction of the Project is \$7,050,000 of which \$4,946,000 will be obtained from the proceeds of sale of the Series 2006 A Bonds, and \$2,104,000 will be obtained from the proceeds of sale of the Series 2006 B Bonds, both herein authorized.

E. It is necessary for the Issuer to issue its Sewer Revenue Bonds, Series 2006 A (United States Department of Agriculture), in the aggregate principal amount of \$4,946,000 (the "Series 2006 A Bonds") and Sewer Revenue Bonds, Series 2006 B (United States Department of Agriculture), in the aggregate principal amount of \$2,104,000 (the "Series 2006 B Bonds," and collectively with the Series 2006 A Bonds, the "Series 2006 Bonds"), to finance the cost of such acquisition and construction in the manner hereinafter provided. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property

rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2006 Bonds prior to, during and for six months after completion of such acquisition and construction of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the acquisition and construction of the properties and the placement of same in operation; provided that, reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for costs of the Project by the Issuer shall be deemed costs of the Project.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

Subject and pursuant to the provisions of the Bond Legislation, the Series 2006 Bonds of the Issuer, to be known as "Sewer Revenue Bonds, Series 2006 A (United States Department of Agriculture)" and "Sewer Revenue Bonds, Series 2006 B (United States Department of Agriculture)", are hereby authorized to be issued in the aggregate principal amounts \$4,946,000 and \$2,104,000, respectively, for the purpose of financing the cost of the acquisition and construction of the Project.

Section 3.02. Description of Bonds. The Series 2006 A Bonds shall be issued in single form, numbered AR-1 and the Series 2006 B Bonds shall be issued in single form, numbered BR-1, each only as fully registered Bonds, and shall be dated the date of delivery thereof. The Series 2006 Bonds shall bear interest from the date of delivery, each payable monthly at the rate of 4.375 % per annum, and shall be sold for the par value thereof.

The Series 2006 Bonds shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the respective Bond forms hereinafter set forth.

Section 3.03. Negotiability, Registration, Transfer and Exchange of Bonds
The Series 2006 Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Series 2006 Bonds, and the right to principal of and stated interest on the Series 2006 Bonds, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Series 2006 Bonds for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Bond Registrar.

Whenever the Series 2006 Bonds shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Bond Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Bond Registrar with respect to such transfer.

No registration of transfer of the Series 2006 Bonds shall be permitted to be made after the 15th day next preceding any installment payment date on the Series 2006 Bonds.

Section 3.04. Bond Registrar. The Issuer shall be the Bond Registrar and will keep, or cause to be kept by its agent, at its office, sufficient books for the registration and transfer of the Series 2006 Bonds, and, upon presentation for such purpose, the Bond Registrar shall, under such reasonable regulations as it may prescribe, register the Series 2006 Bonds initially issued pursuant hereto and register the transfer, or cause to be registered by its agent, on such books, the transfer of the Series 2006 Bonds as hereinbefore provided.

The Bond Registrar shall accept the Series 2006 Bonds for registration or transfer only if ownership thereof is to be registered in the name of the Purchaser, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. The Series 2006 Bonds shall initially be fully registered as to both principal and interest in the name of the United States of America. So long as the Series 2006 Bonds shall be registered in the name of the United States of America, the address of the United States of America for registration purposes shall be National Finance Office, St. Louis, Missouri 63103, or such other address as shall be stated in writing to the Issuer by the United States of America.

Section 3.05. Execution of Bonds. The Series 2006 Bonds shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed the Series 2006 Bonds shall cease to be such officer of the Issuer before the Series 2006 Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. The Series 2006 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case the Series 2006 Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new Bond of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bonds or in lieu of and substitution for the Bonds destroyed, stolen or lost, and upon the holder's furnishing the Issuer proof of his ownership thereof and complying with such other reasonable regulations and conditions as the Issuer may require. The Series 2006 Bonds so surrendered shall be canceled and held for the account of the Issuer. If the Series 2006 Bonds shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 2006 Bonds shall be secured forthwith by a first lien on the Net Revenues derived from the System, on a parity with the Prior Bonds. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Series 2006 Bonds and the Prior Bonds, and to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Series 2006 Bonds and the Prior Bonds as the same become due.

Section 3.08. Form of Bond. Subject to the provisions hereof, the text of the Series 2006 Bonds and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or by any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

(FORM OF BOND)

UNITED STATES OF AMERICA
SOUTH PUTNAM PUBLIC SERVICE DISTRICT
SEWER REVENUE BONDS, SERIES 2006 A
(UNITED STATES DEPARTMENT OF AGRICULTURE)

\$ _____

No. AR-1

Date: _____

FOR VALUE RECEIVED, SOUTH PUTNAM PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of _____ (\$ _____), plus interest on the unpaid principal balance at the rate of _____% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$ _____, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the sewerage system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolutions and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized

denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a Resolution of the Borrower duly adopted _____, 2006, authorizing issuance of this Bond (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

Monies in the respective Series 2006 Bonds Reserve Accounts shall be used solely to make up any deficiency for the respective monthly payments of the principal of and interest on the Series 2006 Bonds to the National Finance

Office as the same shall become due or for prepayment of installments on the respective Series 2006 Bonds, or for mandatory prepayment of the respective Series 2006 Bonds as hereinafter provided, and for no other purpose; provided, however, earnings from monies in each Series 2006 Bonds Reserve Account, so long as the respective Minimum Reserve is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund (as previously set forth in the Prior Resolutions) to the Renewal and Replacement Fund, the amounts required by the Prior Resolutions; provided, that, as long as the RUS Bonds remain outstanding, the Issuer must accumulate in the Renewal and Replacement Fund the aggregate sum of \$200,000 and maintain such sum therein and shall use the monies therein as provided by the Prior Resolutions, except that any deficiencies in the debt service payments on the Series 2006 A Bonds shall be payable from the Renewal and Replacement Fund on a parity with the Prior Bonds. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII of the respective Prior Bonds Resolutions. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Accounts (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(5) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Series 2006 A Bonds Reserve Account shall be sufficient to prepay the Series 2006 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding,

to prepay the Series 2006 A Bonds at the earliest practical date and in accordance with applicable provisions hereof.

Whenever the money in the Series 2006 B Bonds Reserve Account shall be sufficient to prepay the Series 2006 B Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2006 B Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Commission is hereby designated as the Fiscal Agent for the administration of the Series 2006 A Bonds Reserve Account and Series 2006 B Bonds Reserve Account. All amounts required for the respective Series 2006 Bonds Reserve Accounts will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

The Revenue Fund shall constitute a Trust Fund and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Series 2006 Bonds and the interest thereon, on a parity with the Prior Bonds.

The Series 2006 A Bonds Reserve Account and the Series 2006 B Bonds Reserve Account shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Series 2006 A Bonds, Series 2006 B Bonds and the interest thereon, on a parity with the Prior Bonds.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2006 Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

Subject to the Prior Resolutions, the Commission shall keep the monies in the respective Series 2006 A Bonds Reserve Account and Series 2006 B Bonds Reserve Account invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless

otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Treasury Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings from monies in the respective Series 2006 Bonds Reserve Accounts, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually by the Commission to the Issuer and deposited in the Revenue Fund.

C. CHANGE OF DEPOSITORY BANK. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Series 2006 Bonds, provide evidence that there will be at least 7923 bona fide users upon the System on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Depository Bank and the Commission such additional sums as shall be necessary to pay the charges and fees of the Depository Bank or the Commission then due.

F. INVESTMENT OF EXCESS BALANCES. The monies in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Series 2006 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the respective Series 2006 Bonds Reserve Accounts, sums sufficient to prepay the entire principal of the respective Series 2006 Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2006 Bonds.

Section 5.02. Rates. So long as the Prior Bonds are outstanding, the Issuer will maintain rates as required in the Prior Resolutions. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each Fiscal Year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Series 2006 Bonds and the Prior Bonds and sufficient to make the payments required herein into all funds and accounts and all the necessary expenses of operating and maintaining the System during such Fiscal Year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 5.03. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System or any part thereof, except as provided in the Prior Resolutions. The System will not be sold without the prior written consent of the Purchaser so long as the Series 2006 Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no additional Parity Bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser and the Holders of the Prior Bonds.

So long as the Series 2006 Bonds and the Prior Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Purchaser.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation and the Prior Resolutions with respect to the Series 2006 Bonds and Prior Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation and the Prior Resolutions.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2006 Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance. to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2006 Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in such amount as may be requested by the Purchaser from time to time.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 2006 Bonds are outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. For the further protection of the Holder of the Series 2006 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, on a parity with the Prior Bonds, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 2006 Bonds.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(a) Failure to make payment of any monthly amortization installment upon the Series 2006 Bonds at the date specified for payment thereof;

(b) Failure to duly and punctually observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2006 Bonds or herein, or violation of or failure to observe any provision of any pertinent law; and

(c) If a default occurs with respect to the Prior Bonds or the Prior Resolutions.

Section 5.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct; provided that, all rights and remedies of the Holders of the Prior Bonds shall be on a parity with the Series 2006 Bonds.

Section 5.09. Fiscal Year Budget. While the Series 2006 Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no

expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Compensation of Members of Governing Body The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 5.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 5.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 2006 Bonds are outstanding.

Section 5.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges: Rules. A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as set forth in the Final Order of the Public Service Commission of West Virginia, entered on December 4, 2005, Case No. 05-1146-PSD-CN, which Final Order is incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

ARTICLE VII

MISCELLANEOUS

Section 7.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid, to the Holder of the Series 2006 Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 2006 Bonds, the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2006 Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied.

Except through such direct payment to the Holder of the Series 2006 Bonds, the Issuer may not defease the Series 2006 Bonds or otherwise provide for payment thereof by escrow or like manner.

Section 7.02. Modification or Amendment. The Bond Legislation may not be modified or amended after final passage without the prior written consent of the Purchaser.

Section 7.03. Delivery of Bonds The Chairman, Secretary and Treasurer of the Governing Body are hereby authorized and directed to cause the Series 2006 Bonds, hereby awarded to the Purchaser pursuant to prior agreement, to be delivered to the Purchaser as soon as the Purchaser will accept such delivery.

Section 7.04. Severability of Invalid Provisions. If any one or more of the covenants, agreements or provisions hereof should be held contrary to any express provision of law or contrary to the policy of express law, although not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed severable from the remaining covenants, agreements or provisions hereof, and shall in no way affect the validity of all the other provisions hereof or the Series 2006 Bonds.

Section 7.05. Conflicting Provisions Repealed The Prior Resolutions and all parts thereof not expressly hereby changed shall continue in full force and effect and this Bond Legislation shall be supplemental to the Prior Resolutions.

All resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this Section shall not be applicable to the Loan Resolution (Form FmHA 442-47).

Section 7.06. Table of Contents and Headings The Table of Contents and headings of the articles, sections and subsections hereof are for convenience only and shall

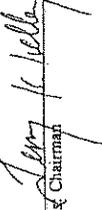

neither control nor affect in any way the meaning or construction of any of the provisions hereof.

Section 7.07. Covenant of Due Procedure. Etc The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF IMPROVEMENTS AND EXTENSIONS TO THE EXISTING PUBLIC SEWERAGE SYSTEM OF PUTNAM PUBLIC SERVICE DISTRICT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY PUTNAM PUBLIC SERVICE DISTRICT OF NOT MORE THAN \$2,330,000 IN AGGREGATE PRINCIPAL AMOUNT OF SEWER REVENUE BONDS, SERIES 2007 A (WEST VIRGINIA INFRASTRUCTURE FUND); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF PUTNAM PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 31, Article 15A of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Putnam Public Service District (the "Issuer") is a public service district and public corporation and political subdivision of the State of West Virginia in Putnam County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, improvements and betterments to the existing public sewerage system of the Issuer, consisting of Sewer extension to serve approximately eighty additional customers between Red House and Hometown, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification and disposal of liquid and solid waste, sewage and industrial waste (the existing public sewerage system of the Issuer, the Project and any further additions, betterments and improvements thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, all Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2007 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2007 A Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2007 A Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Series 2007 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all Series 2007 A Bonds

shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2007 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2007 A Bonds to the original purchasers upon receipt of the documents set forth below:

- (5) The unqualified approving opinion of bond counsel on the Series 2007 A Bonds.

Section 5.03. System Revenues; Flow of Funds.

A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, each month simultaneously, transfer from the Revenue Fund and remit to (i) the Commission or the National Finance Office, as applicable, the amounts required by the Prior Resolutions to pay interest on the Prior Bonds; and (ii) remit to the Commission on the first day of each month, commencing 3 months prior to the first date of payment of interest

on the Series 2007 A Bonds, for deposit in the Series 2007 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2007 A Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2007 A Bonds Sinking Fund and the next quarterly interest payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

(4) The Issuer shall next, on the first day of each month simultaneously, transfer from the Revenue Fund and remit to (i) the Commission or the Depository Bank, as applicable, the amounts required by the Prior Resolutions to be deposited in the respective Reserve Accounts for the Prior Bonds, and (ii) the Commission, commencing 3 months after the completion of construction of the Project, as certified by the Consulting Engineers, if not fully funded upon issuance of the Series 2007 A Bonds, for deposit in the Series 2007 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2007 A Bonds Reserve Requirement, until the amount in the Series 2007 A Bonds Reserve Account equals the Series 2007 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2007 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2007 A Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account; and shall use the monies therein as provided by the Prior Resolutions, except that

any deficiencies in the debt service payments on the Series 2007 A Bonds shall be payable from the Renewal and Replacement Fund on a parity with the Prior Bonds. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Accounts (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose of the System.

Monies in the Series 2007 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2007 A Bonds as the same shall become due. Any withdrawals from the Series 2007 A Bonds Reserve Account, which result in a reduction in the balance of such account to below the Reserve Requirement thereof, shall be restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2007 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective Reserve Accounts in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2007 A Bonds Sinking Fund, or the Series 2007 A Bonds Reserve Account when the

aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2007 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, if applicable, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2007 A Bonds.

All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2007 A Bonds Sinking Fund and the Series 2007 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2007 A Bonds Sinking Fund and the Series 2007 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2007 A Bonds, under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 2007 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the

Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

I. If the Issuer is subject to the rebate requirements of Section 148(f) of the Code and not exempted from such requirements, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, as more fully described in Article VIII.

The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Commission Order of the Public Service Commission of West Virginia entered January 26, 2007, in Case No. 06-0743-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds and Series 2007 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums

set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2007 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority and the Council.

So long as the Series 2007 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Series 2007 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2007 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Series 2007 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Revenue Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Governing Body may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer into the Renewal and Replacement Fund. Such

payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of Prior Resolution and this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the source fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2007 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2007 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the RUS Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds than proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the RUS Bonds are no longer outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by

the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2007 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2007 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction

and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Council and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- (B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.
- (C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make

available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2007 A Bonds and shall submit said report to the Authority and the Council, or any other original purchaser of the Series 2007 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the Council with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2007 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2007 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2007 A Bonds, including the Prior Bonds; provided that, in the event that an amount equal

to or in excess of the reserve requirement is on deposit in the Series 2007 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2007 A Bonds including Prior Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2007 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2007 A Bonds including Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Authority and the Council, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Council, the Authority and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement and forward a copy of such report to the Authority and the Council by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the Council, the Project is adequate for the purposes for which it was designed, the

funding plan as submitted to the Authority and the Council is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the Council covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the Council and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall employ qualified operating personnel properly certified by the State to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of either the System or the water system and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$500,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others

which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the Council and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so

requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer will complete the acquisition and construction of the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals of issuance of the Series 2007 A Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the Council with copies of all documents submitted to the Authority. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the Council

or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. **PRIVATE BUSINESS USE LIMITATION.** The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2007 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2007 A Bonds during the term thereof is, under the terms of the Series 2007 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2007 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2007 A Bonds during the term thereof is, under the terms of the Series 2007 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2007 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2007 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. **PRIVATE LOAN LIMITATION.** The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 2007 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2007 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2007 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2007 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.20. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2007 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2007 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2007 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the Council for written approval. The Issuer shall obtain the written approval of the Council before expending any proceeds of the Series 2007 A Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the Council before expending any proceeds of the Series 2007 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the Authority and the Council in any press release, publication, program, bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 2007 A Bonds which would cause the Series 2007 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2007 A Bonds) so that the interest on the Series 2007 A Bonds will be and remain excluded from gross income for

federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 2007 A Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2007 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the

requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amount, any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, and take any other actions necessary, in order to maintain the exclusion of interest on the Series 2007 A Bonds from gross income for federal income tax purposes.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 2007 A Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority including information with respect to earnings on all funds constituting "gross proceeds" of the Series 2007 A Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2007 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2007 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2007 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2007 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond;

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolutions.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on the Series 2007 A Bonds or the Prior Bonds, it shall constitute an "Event of Default" with respect to the Series 2007 A Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered

Owners; provided that, all rights and remedies of the Holders of the Series 2007 A Bonds shall be on a parity with the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered

Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2007 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2007 A Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied; except as may otherwise be necessary to assure the exclusion of interest on the Series 2007 A Bonds from gross income for federal income tax purposes.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Bond Legislation. Prior to issuance of the Series 2007 A Bonds, this Resolution may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2007 A Bonds, no material modification or amendment of this Resolution, or of any resolution or order amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 2007 A Bonds, shall be made without the consent in writing of the Registered Owners of the Series 2007 A Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of the Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the funds herein pledged therefor without the consent of the Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of the Bonds required for consent to the above-permitted amendments or modifications. Notwithstanding the foregoing, this Bond Legislation may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the excludability of interest on the Series 2007 A Bonds from gross income of the holders thereof.

Section 11.02. Bond Legislation Constitutes Contract. Section 11.03. Severability of Invalid Provisions. If any section, paragraph, clause or provision of this Resolution should be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution, the Supplemental Resolution or the Series 2007 A Bonds.

Section 11.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only, and shall not affect in any way the meaning or interpretation of any provision hereof.

All orders or resolutions and or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed; provided that, this Section shall not be applicable to the Loan Agreement; and provided that in the event of any conflict between this

Resolution and the Prior Resolutions, the Prior Resolutions shall control (unless less restrictive), so long as the Prior Bonds or any portion thereof are Outstanding.

Section 11.06. Covenant of Due Procedure, Etc. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, the Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2008 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2008 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2008 A Bonds remain outstanding, the Bond Registrar for the Series 2008 A Bonds shall keep and maintain books for the registration and transfer of such Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, all Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2008 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Series 2008 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all Series 2008 A Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net

Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2008 A Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2008 A Bonds to the original purchasers upon receipt of the documents set forth below:

All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, each month simultaneously, transfer from the Revenue Fund and remit to (i) the National Finance Office, the amounts required by the Prior Resolutions to pay interest on the RUS Bonds; (ii) the Commission the amounts required by Prior Resolution to pay interest on the Series 1993 Bonds, Series 2002 B Bonds, and Series 2007 A Bonds; and (iii) remit to the Commission on the first day of each month, commencing 3 months prior to the first date of payment of interest on the Series 2008 A Bonds, for deposit in the Series 2008 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2008 A Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2008 A Bonds Sinking Fund and the next quarterly interest payment date is less than

(4) The Issuer shall next, on the first day of each month simultaneously, transfer from the Revenue Fund and remit to (i) the Depository Bank, the amounts required by the Prior Resolutions to be deposited in the respective reserve accounts for the Series 1975 Bonds, Series 1979 Bonds, and Series 1995 Bonds; (ii) the Commission the amounts required by Prior Resolution to be deposited in the respective reserve accounts for the Series 1993 Bonds, Series 2002 A Bonds, Series 2002 B Bonds, Series 2006 A Bonds, Series 2006 B Bonds, and Series 2007 A Bonds, and (ii) the Commission, commencing 3 months after the completion of construction of the Project, as certified by the Consulting Engineers, if not fully funded upon issuance of the Series 2008 A Bonds, for deposit in the Series 2008 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2008 A Bonds Reserve Requirement, until the amount in the Series 2008 A Bonds Reserve Account equals the Series 2008 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2008 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2008 A Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account; and shall use the monies therein as provided by the Prior Resolutions, except that any deficiencies in the debt service payments on the Series 2008 A Bonds shall be payable from the Renewal and Replacement Fund on a parity with the Prior

Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Accounts (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose of the System.

Monies in the Series 2008 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2008 A Bonds as the same shall become due. Monies in the Series 2008 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2008 A Bonds as the same shall come due, when other monies in the Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2008 A Bonds Sinking Fund shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, as applicable, be deposited in the Series 2008 A Bonds Construction Trust Fund, and following completion thereof, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2008 A Bonds.

Any withdrawals from the Series 2008 A Bonds Reserve Account, which result in a reduction in the balance of such account to below the Reserve Requirement thereof, shall be restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2008 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective Reserve Accounts in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2008 A Bonds Sinking Fund, or the Series 2008 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the

Series 2008 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve payments, if applicable, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Prior Bonds and the Series 2008 A Bonds.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2008 A Bonds Sinking Fund, and the Series 2008 A Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2008 A Bonds, under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 2008 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the Loan Agreement for the Series 2008 A Bonds.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or by other Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

I. If the Issuer is subject to the rebate requirements of Section 148(f) of the Code and not exempted from such requirements, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, as more fully described in Article VIII.

A. From the proceeds of the Series 2008 A Bonds, there shall first be deposited with the Commission in the Series 2008 A Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 2008 A Bonds for the period commencing on the date of issuance of the Series 2008 A Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. From the proceeds of the Series 2008 A Bonds, there shall be deposited with the Commission in the Series 2008 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2008 A Bonds Reserve Account.

C. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2008 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2008 A Bonds Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 6.02 hereof and until so expended, are hereby pledged as additional security for the Series 2008 A Bonds.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2008 A Bonds shall be expended as directed by the DEP.

Section 6.02. Disbursements From the Bond Construction Trust Fund. The Issuer shall each month provide the DEP with a requisition for the costs incurred for the Project, together with such documentation as the DEP shall require. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements of the proceeds of the Series 2008 A Bonds from the Series 2008 A Bonds Construction Trust Fund shall be made only after submission to, and approval from, the DEP of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

- (1) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(2) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(3) Each of such costs has been otherwise properly incurred; and

(4) Payment for each of the items proposed is then due and owing.

Pending such application, monies in the Series 2008 A Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2008 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2008 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2008 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Series 2008 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with Respect to Prior Bonds. The payment of the debt service of all the Series 2008 A Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with lien on the Net Revenues in favor of the holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2008 A Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Recommended decision of the Public Service Commission of West Virginia entered January 26, 2007, in Case No. 06-0743-PSD-CN, and such rates are hereby adopted, which rates are incorporated herein by reference as a part hereof.

So long as the Prior Bonds and Series 2008 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums

set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2008 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority and the DEP.

So long as the Series 2008 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Series 2008 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2008 A Bonds in accordance with Article X hereof. Any balance remaining after the payment of the Series 2008 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$50,000, the Issuer shall, in writing, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Issuer may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$50,000 but not in excess of \$200,000, the Issuer shall first, in writing, determine with the written approval of the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and the Governing Body may then, if it be so advised, by resolution duly adopted, approve and concur in such finding and authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$50,000 and not in excess of \$200,000, shall be deposited by the Issuer

into the Renewal and Replacement Fund. Such payments of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of Prior Resolution and this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the source fiscal year for such sales, leases or other dispositions of such properties, shall be in excess of \$200,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the System, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2008 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2008 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

So long as the RUS Bonds are Outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Holders of the Prior Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the RUS Bonds are no longer outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by

the Issuer, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2008 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2008 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction

and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the DEP and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of the Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and in compliance with the applicable OMB Circular, or any successor thereto and the Single Audit Act, or any successor thereto, to the extent legally required), and shall mail upon request, and make

available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2008 A Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2008 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2008 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds, including the Prior Bonds; provided that, in the event that an amount equal

to or in excess of the reserve requirement is on deposit in the Series 2008 A Bonds Reserve Account and any reserve accounts for obligations on a parity with the Series 2008 A Bonds including Prior Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds including Prior Bonds. In any event, subject to any requirements of law, the Issuer shall not reduce the rates or charges for services described in Section 7.04 hereof.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance within 30 days of adoption to the Authority and the DEP, or to any Holder of the Bonds, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the DEP, the Authority and any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the DEP and the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the DEP and the Authority is sufficient to pay the costs of acquisition and

construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the DEP and the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the DEP, the Authority, and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement for the Series 2008 A Bonds as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and

facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of either the System or the water system and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime

contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$500,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security

for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer will complete the acquisition and construction of the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the DEP necessary for the acquisition and construction of

the Project and the operation of the System and all approvals of issuance of the Series 2008 A Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2008 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2008 A Bonds during the term thereof is, under the terms of the Series 2008 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2008 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2008 A Bonds during the term thereof is, under the terms of the Series 2008 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2008 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2008 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Series 2008 A Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2008 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2008 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. **FURTHER ACTIONS.** The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2008 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.20. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.21. Statutory Mortgage Lien. For the further protection of the Holders of the Series 2008 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2008 A Bonds and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds and senior and prior to the statutory mortgage lien of the Prior Notes.

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2008 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2008 A Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the DEP before expending any proceeds of the Series 2008 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the Authority and the DEP in any press release, publication, program, bulletin, sign or other public

communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 2008 A Bonds which would cause the Series 2008 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2008 A Bonds) so that the interest on the Series 2008 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 2008 A Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 2008 A Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay the required rebate amount, any and all penalties and other amounts, from lawfully available sources, and obtain

a waiver from the Internal Revenue Service, if necessary, and take any other actions necessary, in order to maintain the exclusion of interest on the Series 2008 A Bonds from gross income for federal income tax purposes.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 2008 A Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority including information with respect to earnings on all funds constituting "gross proceeds" of the Series 2008 A Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2008 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any series of the Series 2008 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2008 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2008 A Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond;

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolutions.

Notwithstanding anything herein to the contrary, if default occurs in the due and punctual payment of the principal of or interest on the Series 2008 A Bonds or the Prior Bonds, it shall constitute an "Event of Default" with respect to the Series 2008 A Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered

Owners; provided that, all rights and remedies of the Holders of the Series 2008 A Bonds shall be on a parity with the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or

otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2008 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owner of the Series 2008 A Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied; except as may otherwise be necessary to assure the exclusion of interest on the Series 2008 A Bonds from gross income for federal income tax purposes.

ARTICLE XI

MISCELLANEOUS

Section 11.01. Amendment or Modification of Bond Legislation. Prior to issuance of the Series 2008 A Bonds, this Resolution may be amended or supplemented in any way by the Supplemental Resolution. Following issuance of the Series 2008 A Bonds, no material modification or amendment of this Resolution, or of any resolution or order amendatory or supplemental hereto, that would materially and adversely affect the rights of Registered Owners of the Series 2008 A Bonds, shall be made without the consent in writing of the Registered Owners of the Series 2008 A Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of the Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the funds herein pledged therefor without the consent of the Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of the Bonds required for consent to the above-permitted amendments or modifications. Notwithstanding the foregoing, this Bond Legislation may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the excludability of interest on the Series 2008 A Bonds from gross income of the holders thereof.

Section 11.02. Bond Legislation Constitutes Contract. The provisions of the Bond Legislation shall constitute a contract between the Issuer and the Registered Owners of the Series 2008 A Bonds, and no change, variation or alteration of any kind of the provisions of the Bond Legislation shall be made in any manner, except as in this Bond Legislation provided.

Section 11.03. Severability of Invalid Provisions. If any section, paragraph, clause or provision of this Resolution should be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution, the Supplemental Resolution or the Series 2008 A Bonds.

Section 11.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only, and shall not affect in any way the meaning or interpretation of any provision hereof.

Resolution and the Prior Resolutions, the Prior Resolutions shall control (unless less restrictive), so long as the Prior Bonds or any portion thereof are Outstanding.

Section 11.06. Covenant of Due Procedure, Etc. The Issuer covenants that all acts, conditions, things and procedures required to exist, to happen, to be performed or to be taken precedent to and in the adoption of this Resolution do exist, have happened, have been performed and have been taken in regular and due time, form and manner as required by and in full compliance with the laws and Constitution of the State of West Virginia applicable thereto; and that the Chairman, the Secretary and members of the Governing Body were at all times when any actions in connection with this Resolution occurred and are duly in office and duly qualified for such office.
