BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF SCOTTS RUN PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Scotts Run Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Monongalia County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed improvements and extensions to the existing public sewerage system of the Issuer, consisting of expansions of the sewage collection system including construction of a sanitary sewer system in the communities of Bethel Church Road, Blue Horizons/Vance, Cassville/Mount Morris Road and Route 7 in Monongalia County (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer has heretofore temporarily financed the design and other preliminary costs of the Project by the issuance of the Sewerage System Design Revenue Bonds, Series 2008A (West Virginia Water Development Authority), dated September 18, 2008, issued in the original aggregate principal amount of \$575,500 (the "Prior Notes").

D. The Prior Notes were issued pursuant to an Resolution of the Issuer previously enacted for such purpose (such resolution, as amended and supplemented is herein called the "Prior Notes Resolution").

E. It is deemed necessary and desirable for the Issuer to pay the Prior Notes.

F. The Issuer intends to pay the Prior Notes and permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund pursuant to the Act.

G. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of \$5,627,979, in two series (collectively, the "Series 2009 Bonds"), being the (1) Sewer Revenue Bonds, Series 2009 A (West Virginia SRF Program), in the aggregate principal amount of \$1,688,394 (the "Series 2009 A Bonds"); and (2) Sewer Revenue Bonds, Series 2009 B (West Virginia SRF Program/ARRA), in the aggregate principal amount of \$3,939,585 (the "Series 2009 B Bonds"); (collectively, the "Series 2009 Bonds"), to pay the Prior Notes, to permanently finance the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2009 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months

after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2009 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2009 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

H. The period of usefulness of the System after completion of the Project is not less than 40 years.

I. It is in the best interests of the Issuer that its Series 2009 A Bonds and Series 2009 B Bonds be sold to the Authority pursuant to the terms and provisions of an ARRA Assistance Agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), all agreements in form satisfactory to the respective parties (the "ARRA Assistance Agreement"), approved hereby if not previously approved by resolution of the Issuer.

J. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2009 Bonds as to liens, pledge and source of and security for payment, being the Issuer's (i) Sewer Revenue Bonds, Series 1991 A (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$137,568 (the "Series 1991 A Bonds"); and (ii) Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program), dated November 25, 2003, issued in the original aggregate principal amount of \$8,111,813 (the "Series 2003 A Bonds") (hereinafter collectively, the "First Lien Bonds").

There are outstanding obligations of the Issuer which will rank junior and subordinate to the Series 2009 Bonds as to liens, pledge of and security for payment, being the Issuer's Sewer Revenue Bonds, Series 1991 B (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$4,586 (the "Series 1991 B Bonds" and collectively with the First Lien Bonds, the "Prior Bonds").

The Series 2009 Bonds shall be issued on a parity with the First Lien Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2009 Bonds, the Issuer will obtain (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the First Lien Bonds are met; (ii) the written consent of the Holders of the First Lien Bonds to

the issuance of the Series 2009 Bonds on a parity with the First Lien Bonds; and (iii) the written consent of the Holder of the Series 1991 B Bonds to the issuance of the Series 2009 Bonds senior and prior to the Series 1991 B Bonds. After payment of the Prior Notes, other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System. The Issuer is in compliance with all the covenants of the Prior Bonds and the Prior Resolutions.

K. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest, if any, on the Series 2009 Bonds and the Prior Bonds, and to make payments into all funds and accounts and other payments provided for herein.

L. The Issuer has complied with all requirements of West Virginia law and the ARRA Assistance Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2009 Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof, and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2009 Bonds or such final order will not be subject to appeal or rehearing.

M. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2009 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2009 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Any Series 2009 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. The Bond Registrar for the Series 2009 Bonds shall be the bank or other entity to be designated as such in the Supplemental Resolution and its successors and assigns. So long as the Series 2009 Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Series 2009 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2009 Bonds or transferring the registered Series 2009 Bonds are exercised, all Series 2009 Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2009 Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2009 Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2009 Bonds or, in the case of any proposed redemption of Series 2009 Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2009 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2009 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2009 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2009 Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Positions with Respect to Prior Bonds. The payment of the debt service of the Series 2009 A Bonds and the Series 2009 B Bonds (to the extent required) shall be secured forthwith equally and

ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the First Lien Bonds and senior and prior to the Series 1991 B Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2009 Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

deposit therein, an amount equal to the Series 2009 A Bonds Reserve Requirement; and (iii) remit to the Commission, commencing 4 months prior to the first date of payment of principal of the Series 2009 B Bonds, if not fully funded upon issuance of the Series 2009 B Bonds, for deposit in the Series 2009 B Bonds Reserve Account, an amount equal to 1/120th of the Series 2009 B Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2009 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2009 B Bonds Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 ½% of the Gross Revenues each month (as previously set forth in the Prior Resolutions and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

All investment earnings on monies in the Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund, and the Series 2009 B Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2009 Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2009 A Bonds and the Series 2009 B Bonds, respectively, and then to the next ensuing principal payment due thereon, all on a pro rata basis.

Any withdrawals from the Series 2009 A Bonds Reserve Account or the Series 2009 B Bonds Reserve Account which result in a reduction in the balance therein to below the respective Reserve Requirements shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2009 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the requirement thereof.

The Issuer shall not be required to make any further payments into the Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund or the Series 2009 B Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the respective aggregate principal amount of the Series 2009 A Bonds and the Series 2009 B Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

The Issuer covenants and agrees to transfer moneys in the Series 1991 A Bonds Reserve Account to the Series 2009 A Bonds Reserve Account upon maturity of the Series 1991 A Bonds. The Issuer covenants and agrees not to use the Series 1991 A Bonds Reserve Account for the final payment of the Series 1991 A Bonds.

The Issuer covenants and agrees to transfer moneys in the Series 1991 B Bonds Reserve Account to the Series 2009 A Bonds Reserve Account upon maturity of the Series 1991 B Bonds. The Issuer covenants and agrees not to use the Series 1991 B Bonds Reserve Account for the final payment of the Series 1991 B Bonds.

The Issuer covenants and agrees to transfer moneys in the Series 2003 A Bonds Reserve Account to the Series 2009 A Bonds Reserve Account upon maturity of the Series 2003 A Bonds. The Issuer covenants and agrees not to use the Series 2003 A Bonds Reserve Account for the final payment of the Series 2003 A Bonds.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund and the Series 2009 B Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. The Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund and the Series 2009 B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2009 A Bonds Sinking Fund, the Series 2009 A Bonds Reserve Account, the Series 2009 B Bonds Sinking Fund and the Series 2009 B Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2009 A Bonds and the Series 2009 B Bonds, respectively, under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve account payments with respect to the Series 2009 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the ARRA Assistance Agreement for the Series 2009 A Bonds.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the ARRA Assistance Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period

as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

Except as provided in Section 6.01 hereof, disbursements from the Series 2009 Bonds Construction Trust Fund shall be made only after submission to and approval from the DEP, of a completed and signed "Payment Requisition Form," a form of which is attached to the ARRA Assistance Agreement for the Series 2009 A Bonds and Series 2009 B Bonds, in compliance with the construction schedule.

Pending such application, monies in the Series 2009 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2009 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2009 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The payment of the debt service of the Series 2009 A Bonds and the Series 2009 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the First Lien Bonds and prior and senior to the Series 1991 B Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2009 Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with Respect to Bonds. The payment of the debt service of the Series 2009 A Bonds and the Series 2009 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the First Lien Bonds and prior and senior to the Series 1991 B Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2009 Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and shall provide an opinion of counsel to the Issuer of such effect. Such rates and charges shall be sufficient to comply with the requirements of the ARRA Assistance Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Commission Order of the Public Service Commission of West Virginia entered May 18, 2007 in Case No. 07-0239-PSD-T, and such rates are hereby adopted.

So long as the Series 2009 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the ARRA Assistance Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2009 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement.

Section 7.05. Sale of the System. So long as the Series 2009 Bonds and the Prior Bonds are outstanding and except as otherwise required by law or with the written consent of the DEP and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2009 Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the DEP and the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2009 Bonds. Any balance remaining after the payment of the Series 2009 Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful

or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2009 Bonds and the First Lien Bonds. All obligations issued by the Issuer after the issuance of the Series 2009 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2009 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2009 Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2009 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the DEP and the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2009 Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2009 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The “estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years,” as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees

and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2009 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2009 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the DEP and the Authority, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the DEP and the Authority such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the DEP and the Authority, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond

Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

(f) The Local Government shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(g) The Local Government shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(h) The Local Government shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and DEP shall have received a certificate of the accountant for the Local Government, or such other person or firm experienced in the finances of local governments and satisfactory to the Authority and DEP, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and DEP shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of wastewater treatment projects and satisfactory to the Authority and DEP, to such effect, such certificate to be in form and substance satisfactory to the Authority and DEP, and evidence satisfactory to the Authority and DEP of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this ARRA Assistance Agreement, the rules and regulations promulgated by the Authority and DEP, including the SRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government including rules, regulations and procedures promulgated under the Clean Water Act and/or the ARRA, it is hereby agreed that the Authority shall make the Loan to the Local Government and the Local Government shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Local Government shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this ARRA Assistance Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Government by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, DEP and the Local Government. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of

execution of this ARRA Assistance Agreement by the Authority or such later date as is agreed to in writing by DEP.

3.5 The Local Government understands and acknowledges that it is one of several local governments which have applied to the Authority and DEP for loans from the Fund to finance wastewater treatment projects and that the obligation of the Authority to make any such loan is subject to the Local Government's fulfilling all of the terms and conditions of this ARRA Assistance Agreement on or prior to the Date of Loan Closing and to the requirements of the Program. The Local Government specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to such purchase, the Authority may purchase the bonds of other local governments set out in the State Project Priority List, as defined in the SRF Regulations. The Local Government further specifically recognizes that all loans will be originated in conjunction with the SRF Regulations and with the prior approval of DEP.

3.6 The Local Government shall provide DEP with the appropriate documentation to comply with the special conditions regarding the public release and audit requirements established by federal and State regulations as set forth in Exhibit E attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Local Government shall, as one of the conditions of the Authority and DEP to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Government in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

(i) to pay Operating Expenses of the System;

(ii) unless waived or modified by Schedule X and to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on

the Local Bonds by depositing in a sinking fund one-third (1/3) of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System (or eliminating any deficiencies in the Reserve Account, if applicable); and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the net or gross revenues of the System as provided in the Local Act;

(ii) Unless waived in Schedule X, that the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum

amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Government shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, provided that the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of such System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Government shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and DEP; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Local Government will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Government will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Government under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the Local Government's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month. The Local Government shall authorize the Commission to electronically sweep the monthly payments from its general revenue fund or by such other means as the Authority shall direct in writing;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and DEP is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider; and

(xxi) That the Local Government shall submit all proposed change orders to the DEP for written approval. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting Engineer. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Loan shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Loan Closing. The remaining proceeds of the Local Bonds shall be advanced by the DEP monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees

paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to make any loans shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to make the Loan.

ARTICLE V

Certain Covenants of the Local Government; Imposition and Collection of User Charges; Payments To Be Made by Local Government to the Authority

5.1 The Local Government hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this ARRA Assistance Agreement and the Local Act. The Local Government hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this ARRA Assistance Agreement, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this ARRA Assistance Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to this ARRA Assistance Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Government

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by the Local Government in the terms and covenants of this ARRA Assistance Agreement, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this ARRA Assistance Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this ARRA Assistance Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this ARRA Assistance Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the SRF Regulations or this ARRA Assistance Agreement.

6.3 The Local Government hereby agrees to give the Authority and DEP prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this ARRA Assistance Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this ARRA Assistance Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ARRA Assistance Agreement, and this ARRA Assistance Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This ARRA Assistance Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this ARRA Assistance Agreement.

7.4 No waiver by any party of any term or condition of this ARRA Assistance Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this ARRA Assistance Agreement.

7.5 This ARRA Assistance Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this ARRA Assistance Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This ARRA Assistance Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by DEP if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) unless waived or modified by Schedule X, payment in full of the principal of and interest on the Loan and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Loan made under this ARRA Assistance Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to make the Loan. In the event funds are not appropriated or otherwise available to make all of the Loan, the responsibility of the Authority and DEP to make all the Loan is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Loan made by the Authority and DEP is not terminated due to such non-funding on any balance of the Loan. The DEP agrees to use its best efforts to have the amount contemplated under this ARRA Assistance Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this ARRA Assistance Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this ARRA Assistance Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

Item 1 You will need a copy of the current fiscal year budget adopted by the Local Government to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.

Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.

Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Local Government according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.

Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Government.

The Local Government must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

Ladies and Gentlemen:

We are bond counsel to _____ (the "Local Government"), a
_____.

We have examined a certified copy of proceedings and other papers relating to the authorization of (i) a ARRA assistance agreement dated _____, _____, including all schedules and exhibits attached thereto (the "ARRA Assistance Agreement"), among the Local Government, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and (ii) the issue of a series of revenue bonds of the Local Government, dated _____, _____ (the "Local Bonds"), to be purchased by the Authority in accordance with the provisions of the ARRA Assistance Agreement. The Local Bonds are issued in the principal amount of \$_____, in the form of one bond, registered as to principal and interest to the Authority, with principal and interest payable quarterly on March 1, June 1, September 1, and December 1 of each year, beginning _____ 1, _____, and ending _____ 1, _____, all as set forth in the "Schedule Y" attached to the ARRA Assistance Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond duly adopted or enacted by the Local Government on _____, as supplemented by the supplemental

resolution duly adopted by the Local Government on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the ARRA Assistance Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the ARRA Assistance Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The ARRA Assistance Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government, enforceable in accordance with the terms thereof.

2. The ARRA Assistance Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.

3. The Local Government is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

4. The Local Act and all other necessary orders and resolutions have been legally and effectively adopted or enacted by the Local Government and constitute valid and binding obligations of the Local Government, enforceable against the Local Government in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the ARRA Assistance Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid, legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net

or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

CASE NO. 09-0513-PSD-SCN

SCOTTS RUN PUBLIC SERVICE DISTRICT,
a public utility, Osage, Monongalia County.
Application for a certificate of convenience
and necessity for the construction of a
sanitary sewer collection system in the
communities of Bethel Church Road, Blue
Horizons/Vance area, Cassville/Mount Morris
Road area and Route 7 area, all in Monongalia County.

RECOMMENDED DECISIONPROCEDURE

On April 7, 2009, Scotts Run Public Service District (District) filed an application for a certificate of convenience and necessity with the Public Service Commission, pursuant to W. Va. Code §24-2-11, for the construction of a sanitary sewer collection system in the communities of Bethel Church Road, Blue Horizons/Vance, Cassville/Mount Morris Road, and Route 7, all in Monongalia County, West Virginia, to provide service to approximately 207 residential homes, along with a few businesses (Project). The Project would consist of the installation of approximately 27,700 lineal feet of 8-inch sewer line, 10,600 lineal feet of 6-inch sewer line, 10,400 lineal feet of 3-inch sewer line and 800 lineal feet of 1 1/2-inch sewer force main; approximately 195 manholes; and nine (9) sewage lift stations. Service is not now rendered by an existing utility in that area.

The District represented that no rate increase was necessary for the Project and intended to continue charging its current rates on file with the Commission. It was estimated that the Project would cost approximately \$5,987,185 and would be financed by a Small Cities Block Grant (SCBG) in the amount of \$200,000 and a State Revolving Fund deferred loan in the amount of \$5,787,185, at 0% interest for thirty-eight (38) years, with 70% debt forgiveness. The potential customers in the project area currently utilize septic systems, outhouses, or direct tie-ins to surface drains for wastewater disposal. The absence of a regional public sanitary sewage collection and treatment system in the areas to be served have resulted in pollution starting at the tributaries of Scotts Run, Guston Run and Wades Run, which eventually discharge into

the Monongahela River. The discharge of untreated sewage into public streams and rivers violates the Clean Water Act and constitutes a public health hazard. The District represented that construction of the proposed project would result in compliance with the Clean Water Act in these areas. Along with the application, the District submitted copies of permits and/or permit applications to various state and federal agencies; project plans and specifications; a Rule 42 Exhibit for the year ended June 30, 2008; and a proposed notice of filing, Form No. 14 of the Commission's Rules of Practice and Procedure.

By Commission Order entered on April 7, 2009, the District was ordered to give notice of the filing of the application by publishing a copy of the Notice of Filing in a qualified newspaper published and of general circulation in Monongalia County, making due return to the Commission of proper certification of publication immediately thereafter. Anyone desiring to protest or intervene was given leave to do so within thirty (30) days following the date of the publication. The Notice of Filing also provided that, if no protests were received within the thirty (30) day period, the Commission could waive formal hearing and grant the application based on the evidence submitted with the application and the Commission's review thereof.

On April 24, 2009, Staff Attorney Leslie J. Anderson filed the Initial Joint Staff Memorandum, attached to which was the Initial Staff Internal Memorandum prepared by Utilities Analysts Troy Eggleton and Ron Vernon of the Water and Wastewater Division and Technical Analyst Associate Lisa Bailey of the Engineering Division, along with Commission Staff's first request for information to Scotts Run Public Service District. Commission Staff related the specifics of the application and indicated that it needed certain additional information.

By Commission Referral Order entered on April 29, 2009, this matter was referred to the Division of Administrative Law Judges for a decision to be rendered on or before June 16, 2009, if Commission Staff did not file a data request within ten (10) days of the certificate application, or on or before July 7, 2009, if Commission Staff did file a data request within ten (10) days of the certificate application, referencing the special procedure established by the Commission in General Order No. 182.09, issued on April 16, 2009, for processing applications for certificates of convenience and necessity for projects that are to be funded in whole or in part by economic stimulus dollars authorized by The American Recovery and Reinvestment Act of 2009 (ARRA).

On May 11, 2009, the District filed its responses to Commission Staff's first request for information, providing the commitment letter for the \$200,000 SCBG, the proposed revised funding for the project incorporating the proposed stimulus funding, and a revised Rule 42 Exhibit, which reflected the revised funding and its effect on the District's revenues and expenses.

By Commission Order entered on May 13, 2009, the Commission revised the deadlines established in the Referral Order of April 29, 2009. The Commission required Commission Staff to submit its final recommendation within sixty (60) days of the date the application was filed with the Commission and directed the Division of Administrative Law Judges to render its decision on or before July 7, 2009.

On June 2, 2009, the District filed a letter dated June 2, 2009, from the DEP stating that the District appeared to be eligible to be considered for a \$5,787,185 loan from ARRA funds, with a negative 5% interest rate for a term of thirty (30) years, equating to approximately 70% debt forgiveness. The annual administrative fee would be 0.25% for the amount of the loan to be repaid.

On June 8, 2009, Staff Attorney Anderson filed a Further Initial Joint Staff Memorandum, noting that the District had yet to file an affidavit of publication for the Notice of Filing. According to the Staff Attorney, it was the District's belief that the Notice of Filing was published on April 16, 2009. The Staff Attorney noted that no protests had been filed as of the date of the memorandum. The Water and Wastewater Division had informed the Staff Attorney that it needed an updated cash flow, which has been requested from the District's accountant, and the Engineering Division has requested that the project engineer provide a more detailed breakdown of project cost. The Staff Attorney represented that Staff anticipated filing its final recommendation no later than June 15, 2009.

On June 10, 2009, the District filed the affidavit of publication of the Notice of Filing, verifying that the Notice was published in the Dominion Post, a qualified newspaper published in Monongalia County, on April 16, 2009. The thirty (30) day protest period expired on May 18, 2009, due to the actual thirty (30) days expiring on a weekend. No protests were filed in response to the Notice of Filing either within the thirty (30) protest period or as of the date of this Order.

On June 11, 2009, the District filed the revised cash flow statement, for the period ending April 30, 2009. That cash flow statement reflected that, at the District's current rates and charges, after the project was constructed, the District would experience a cash flow surplus of approximately \$1,537, with debt service coverage of approximately 116%.

On June 15, 2009, the District filed its second supplemental response to Staff's first set of interrogatories, filing all permits for the proposed project which were outstanding.

Also on June 15, 2009, Staff Attorney Anderson filed the Second Further Initial Joint Staff Memorandum, along with a motion to the Commission, requesting the Commission to extend the Recommended Decision due date as if this case were being processed on a 180-day clock, and then for the Administrative Law Judge to establish the latest possible date for the Staff final recommendation and report. The reasons for the requested extension were questions regarding the revised cash flow statement and whether or not the District would actually need a rate increase for this project.

By Commission Order entered on June 30, 2009, the decision due date of July 7, 2009, was extended until October 2, 2009.

On July 2, 2009, Staff Attorney Anderson filed the Final Joint Staff Memorandum in this proceeding, attached to which was the Final Staff Internal Memorandum prepared by Mr. Eggleton, Mr. Vernon and Ms. Bailey. Scotts Run Public Service District provides wastewater service to

approximately 700 customers located in Monongalia County. The new Project will provide sanitary sewage collection and treatment service to approximately 207 customers in the project area. Staff supports the Project as being in the public interest and believes that the Project is necessary to enhance the public safety and that the project will positively impact the long-term viability of the area. The District operates a collection and conveyance system only. All of the collected wastewater is treated at the Morgantown Utility Board's (MUB) 10.06 mgpd wastewater treatment facility near Star City, West Virginia. The District has entered into a sewer service agreement with MUB to utilize 275,000 gpd treatment capacity at MUB's wastewater treatment plant. Currently, the District uses approximately 58% of that capacity. Upon completion of the Project, the District will use approximately 79% of the capacity provided to it under the agreement. The District is operating under NPDES Permit No. WV0104671 for the conveyance of wastewater to MUB's treatment plant.

The Project consists of two contracts, one for the Bethel Church Road and Blue Horizons/Vance area and one for the Cassville/Mount Morris Road/Route 7 area. Both contracts are standard gravity collection systems connecting to the District's existing infrastructure. Engineering Staff has reviewed the project plans and construction documents and found no apparent violations of the Commission's Rules and Regulations for the Government of Sewer Utilities (Sewer Rules). Staff supports the engineer's design, but noted that, when utility service pipes are being installed for each customer, at the point of service, the utility needs to make sure that the customer will be able to install the service lateral without crossing any premises or property other than that to be served or any portion of property that could practicably be sold separately. Staff also emphasized that the Commission does not permit long service lines for sewer service. Staff made a note of those points based upon its review of the drawings submitted with the filing. Based upon Technical Staff's review of the filed documents and discussions with the District's consulting engineer, Staff believes that all necessary permits and regulatory approvals needed for the project either have been issued or will be available prior to the start of actual construction. While noting that the DEP had documented its review and approval of the project plans and specifications, Staff pointed out that this approval did not constitute authority to advertise for bids and it recommended that the Commission approve the certificate contingent upon the District filing a copy of the DEP's letter confirming that advertisement for bids may be completed. Technical Staff also noted that approximately 100 right-of-way easements will be required for the project and the District will have to obtain 70% of them prior to awarding the project bids. Staff requested that a statement be required from the District assuring that those requirements had been met.

The estimated total project cost is \$5,987,185, with an estimated construction cost of \$4,472,185, as detailed in the project budget. The extension construction cost per customer is \$21,605 and the customer density is 22 customers per mile. Staff found the cost to be high, but not unusual for a sewer project. Staff finds the customer density to be low. With regard to the cost per customer, Staff noted that a significant portion of the funding for the project, approximately 70% of the total cost, will incur no debt service. Thus, the project statistics concerning cost per customer and customer density are much more

reasonable than they otherwise would be. The total cost of engineering, including planning, design and inspection, represents approximately 18% of the total project costs. Based upon similar projects and Staff's experience, the cost is slightly high, but not unreasonable. The total cost of engineering compared to construction cost is 24%, which Staff believes is high. However, after reviewing the project construction cost estimates, it was Staff's opinion that the cost estimates were reasonable, when compared to recent bids for similar projects. Staff noted that this project had not been bid and that project cost was based entirely on estimated construction costs. Staff believes that, once bids are actually received, it is likely that the project cost will change.

Technical Staff also reviewed the estimates of system operation and maintenance expenses supplied by the District. According to the cash flow analysis for the year ending June 30, 2008, operation and maintenance expenses related to the project are going to increase annually by approximately \$83,094, which is a fairly large increase in operation and maintenance expenses. The bulk of the increase is due to additional maintenance expenses associated with the installation of new pumps, plus the treatment cost to be paid to MUB for the additional 207 customers. The District also has included the replacement cost for approximately one-third of the pumps annually. While Staff believes the costs are somewhat high for a project of this nature, it supports the increased level of annual operation and maintenance expenses proposed for the project.

The District's engineer evaluated three additional options for collection of the wastewater in the Project area. The three alternatives evaluated included the use of a pressure sewer; a combination gravity/vacuum sewer; and a decentralized wastewater treatment plant, with gravity sewers and lift stations. It is believed that the use of any of these other systems would result in higher operation and maintenance costs and potentially higher rates for the customers. Accordingly, the project engineer deemed none of the other alternatives to be feasible with the current gravity sewer infrastructure and capacity agreement with MUB already in place. Staff agreed with and supported the alternative chosen by the project engineer as being the best option to extend sewer service to the additional customers in the District's service area.

The Financial Staff's review of the Project was also included in the Final Joint Staff Memorandum. Financial Staff noted that the ARRA loan will require an annual debt payment of \$48,034, with a 10% debt reserve of \$4,803 annually. The 0.25% annual administrative fee, which is listed as an O&M expense, will be approximately \$81 per year. The total amount to be repaid is \$1,825,278, with debt forgiveness totaling \$3,961,907.

While the District did not anticipate a rate increase as a result of the Project, subsequent to the filing of the certificate application, the District filed and received approval of a Tariff Rule 30B increase to pass through the increased cost of sewage treatment by the Morgantown Utility Board. That filing resulted in an increase to the District's applicable usage charges of \$0.28 per thousand gallons. Staff included that 30B increase in the District's bill analysis in the Rule 42 Exhibit and adjusted operation and maintenance expenses in the cash flow analysis to reflect the higher cost of treatment. The additional operating

revenues to be generated by the 207 new customers will be approximately \$108,190 per year, providing the District with a cash flow surplus of \$1,860, with 115.91% debt service coverage. Commission Staff recalculated the District's leak adjustment rate for the incremental cost of sewage treatment, to reflect the annual pro forma cost for treatment services and power purchased for pumping. The recalculated leak adjustment is \$0.74 per thousand gallons. Financial Staff believes that the project is financially feasible and should be approved.

Accordingly, Staff recommended that the District be granted a certificate of convenience and necessity to construct the specified sewer extension project at a cost of \$5,987,185; that the proposed financing, consisting of the SCBG of \$200,000 and an ARRA loan, be approved; that Staff's recommended tariff be approved; and that the District comply with several other conditions listed in the Final Joint Staff Memorandum.

DISCUSSION

The Project at issue herein, in and of itself, is not remarkable and appears to be well-justified. There is more than ample proof of need to support the conclusion that the public convenience and necessity require the Project and that the Project appears to be economically and financially viable, based upon the proposed ARRA funding and the District's current sewer rates and charges. This Project is remarkable because it is one of the SCN applications created by the Public Service Commission in General Order No. 182.09, issued on April 16, 2009. In that General Order, the Commission discussed the process to be followed for water and sewer certificate projects that are to be funded with stimulus funds under the ARRA.¹ The Commission noted that the State Bureau for Public Health will have approximately \$19.5 million in federal stimulus funds for water projects, while the DEP will have approximately 61 million dollars for sewer projects. Those projects have to be bid by August 2009 and the contracts awarded by October 2009. The economic stimulus projects are made more complicated by the fact that the funding agencies overseeing the distribution of economic stimulus funds will not be finally awarding those funds through a traditional commitment letter until approximately August or September of 2009. Economic stimulus money is awarded on a "first come, first served" basis and there is no guarantee that any project which received a letter from either DEP or the Bureau for Public Health, indicating that a project was eligible for certain level of ARRA funding, will actually receive the originally specified level of ARRA funding, or any ARRA funding at all.

Traditionally, orders granting certificates of convenience and necessity to public service districts have specifically approved the funding package proposed for the water or sewer project and have required that the public service district file a petition to reopen the proceeding to obtain Commission approval of any changes to project financing only in

¹While the availability of ARRA funding has generated a flurry of SCN certificate filings with accelerated timelines, there has been no statutory change in the West Virginia Code to accommodate the ARRA funding. For the purposes of W. Va. Code § 24-2-11, ARRA funding is no different from any other funding.

the event that project costs change and rates are affected, either requiring increases or decreases. That process is being retained in large part for projects using ARRA funds, since that process provides a reasonable, and streamlined, means of addressing the timing problems associated with ARRA projects, i.e., the financing will not be finally committed until sometime in August or September of 2009 and contracts must be awarded on or before October 1, 2009. The biggest difference is the approval of project financing that has not been committed. To further accommodate the timing constraints of ARRA, essentially, the determination is being made in advance that any funding package that includes ARRA funds is reasonable, so that changes to an ARRA funding package do not require additional review, unless rates have to be increased.

Despite the ARRA constraints, the Public Service Commission has an obligation with regard to any certificate application, whether it is filed by a private utility, a public service district or a municipality, to insure that the project is economically feasible and financially viable, which includes guaranteeing that there is adequate financing to fund the proposed project. See, Town of Man and Man Water Works, Inc., Case No. 81-433-W-PC, Order Affirming Hearing Examiner's Decision, April 16, 1982, 69 ARPSCWV 1893; Ohio County Public Service District, Case No. 82-482-S-CN, Order Affirming Hearing Examiner's Decision Without Prejudice, April 8, 1983, 70 ARPSCWV 2049. See also, Sexton v. Public Service Commission, 188 W. Va. 305, 423 S.E.2d 914, (1992). Accordingly, the District must reopen this proceeding for Commission review and approval of project changes which generate rate changes, with the clarification that this requirement will apply only to rate increases. Further, it is reasonable to include an ordering paragraph prohibiting the District from commencing construction, unless it has secured adequate funding to cover all project costs, as those costs have been determined upon the conclusion of the bidding process and after bids have been awarded for all of the construction contracts associated with the project, and to file that information with the Commission. The District will be required to file with the Commission a letter detailing the final funding package for this project upon that information being known, along with the bid tabulations for each construction contract to be awarded for the project. Those filings should be made as closed entries and should not be treated as petitions to reopen.

In the event that, after the filing of the letter by the District providing the details of the finalized funding package for the certificated project, Commission Staff concludes, based upon its own independent analysis, that either the specified funding package or the District's rates are insufficient to cover all project costs, it will be the obligation of Commission Staff to petition the Public Service Commission to reopen the certificate proceeding for the purpose of reviewing the financial viability of the certificated project.

As with all certificate applications filed with the Commission, in the event that the project scope changes, or changes in project cost and/or financing require a further rate increase, or if the District ultimately receives no ARRA funding, the District will be required to file a petition to reopen this matter, to allow the Commission to assess the nature of the project changes, both to determine if they are adequately funded and to determine if those changes are appropriate and

not in conflict with any state laws or Commission rules, and to insure that funding package and associated rates support the economic feasibility and financial viability of the project.

FINDINGS OF FACT

1. On April 7, 2009, the Scotts Run Public Service District filed an application with the Public Service Commission for a certificate of public convenience and necessity for the construction of a sanitary sewer collection system to serve approximately 207 new residential customers and a few businesses in the Bethel Church Road area, the Blue Horizons/Vance area, the Cassville/Mount Morris Road area and the Route 7 area, all in Monongalia County. The project has been approved by the West Virginia Infrastructure and Jobs Development Council. (See, application filed April 7, 2009; Final Joint Staff Memorandum and attachment filed July 2, 2009).

2. By Notice of Filing Order entered on April 7, 2009, the Scotts Run Public Service District was required to publish a Notice of Filing one time in a newspaper, published and generally circulated in Monongalia County, providing anyone affected by the application thirty (30) days in which to file written protests with the Public Service Commission. No protests were filed within the thirty-day protest period or as of the date of this Order. (See, Notice of Filing Order entered April 7, 2009; affidavit of publication filed June 10, 2009; case file generally).

3. The District has received a letter from the West Virginia Department of Environmental Protection, informing it that the Project is eligible to be considered for an award of economic stimulus funds, under The American Recovery and Reinvestment Act of 2009, with said funding to be in the form of a \$5,787,185 loan, with a negative 5% interest rate for a term of 38 years, which equals an approximate 70% debt forgiveness, and an annual administrative fee in the amount of 0.25% for the amount of the loan to be repaid. There will also be a \$200,000 Small Cities Block Grant. (See, District responses filed May 11, 2009; DEP letter dated June 2, 2009, filed June 2, 2009).

4. DEP has reviewed and approved the plans and specifications for the Project. (See, DEP letter dated May 28, 2009, and filed June 15, 2009).

5. The Project will not require a rate increase. Based upon the District's current rates, upon completion of the Project, the District should experience a cash flow surplus of \$1,860, with debt service coverage of 115.91%. (See, Final Joint Staff Memorandum and attachment filed July 2, 2009).

6. Commission Technical Staff has reviewed the original plans and specifications for the Project and has concluded that there are no conflicts with the Commission's Sewer Rules concerning engineering requirements. (See, Final Joint Staff Memorandum and attachment filed July 2, 2009).

7. Several customers in the District's service territory use septic systems, outhouses or direct tie-ins to surface drains for wastewater

disposal. The absence of a regional sewage collection and treatment system in the areas to be served by the Project has resulted in pollution in tributaries of the Monongahela River, in violation of the Clean Water Act. Additionally, septic systems in the Project area are beginning to malfunction. The Project should bring the area into compliance with the Clean Water Act and provide sewage service to approximately 207 new customers in the area. (See, Final Joint Staff Memorandum and attachment filed July 2, 2009).

8. The District's system is a collection and conveyance system only. It has a contract with the Morgantown Utility Board for treatment services. MUB has the capacity to treat the additional sewage generated by the new customers and the extra flows are within the District's allowed capacity under the contract. (See, Final Joint Staff Memorandum filed July 2, 2009, and attachments).

9. After concluding its review, Commission Staff recommended that a certificate of convenience and necessity be granted to the Scotts Run Public Service District, that the proposed ARRA and SCBG financing be approved and that various other conditions with regard to certification of the project be adopted. (See, Final Joint Staff Memorandum and attachment filed July 2, 2009).

CONCLUSIONS OF LAW

1. The Public Service Commission is empowered to require all public utilities to demonstrate that a proposed water or sewer project is economically feasible and financially viable by demonstrating that they have secured adequate funding to cover all project costs, as those project costs are determined to be at the conclusion of the bidding process, and that the resulting rates are just, reasonable, applied without unjust discrimination or preference and based primarily on the cost of providing service. See, Town of Man and Man Water Works, Inc., Case No. 81-433-W-PC, Order Affirming Hearing Examiner's Decision, April 16, 1982, 69 ARPSCWV 1893; Ohio County Public Service Commission, Case No. 82-482-S-CN, Order Affirming Hearing Examiner's Decision Without Prejudice, April 8, 1983, 70 ARPSCWV 2049. See also, Sexton v. Public Service Commission, 188 W. Va. 305, 423 S.E.2d 914, (1992).

2. In order to accommodate the unique timing issues involving the economic stimulus funds provided under The American Recovery and Reinvestment Act of 2009, and recognizing that these funds are available for a short period on a one-time only basis, it is reasonable to modify some of the Commission's traditional requirements regarding certificate applications, as set forth in the ordering paragraphs of this decision.

3. The public convenience and necessity require the proposed project.

4. The current rates and charges of the Scotts Run Public Service District appear to be sufficient to cover all project-related costs, as well as the District's going-level operation and maintenance expenses.

5. The proposed funding package for the project, consisting of the DEP loan of ARRA funds in the amount of \$5,787,185, at an interest rate

of negative 5% with a 0.25% annual administrative fee and an SCBG of \$200,000, is reasonable and is sufficient to cover the cost of the project, at its current cost estimates.

6. Because ARRA funds represent an additional one-time infusion of capital for West Virginia water and sewer projects, with extremely favorable terms, it is reasonable to conclude that any funding package which includes ARRA funds is convenient to the public, without further review, as long as rates do not have to be increased to support funding revisions made after a certificate is granted.

7. A certificate of convenience and necessity should be granted to the Scotts Run Public Service District for the project specified herein, without specifically approving the project's plans and specifications.

ORDER

IT IS, THEREFORE, ORDERED that the application filed by the Scotts Run Public Service District on April 7, 2009, for a certificate of convenience and necessity to construct a sanitary sewer system to serve approximately 207 new customers in the areas of Bethel Church Road, Blue Horizons/Vance, Cassville/Mount Morris Road and Route 7, all in Monongalia County, all as more particularly described in the plans and specifications filed with the application, at a total cost of approximately \$5,987,185, be, and it hereby is, granted, without specifically approving the plans and specifications filed herein.

IT IS FURTHER ORDERED that the proposed project financing package, consisting of a loan in the amount of \$5,787,185 from the Department of Environmental Protection, at an interest rate of negative 5%, and a 0.25% annual administrative fee, using funds provided by The American Recovery and Reinvestment Act of 2009, and a \$200,000 Small Cities Block Grant, be, and it hereby is, approved. Upon finalization of the funding package, the Scotts Run Public Service District shall file a letter with the Commission detailing the specifics of that funding package, including the terms and conditions of any loans awarded. If the funding package is revised, but still includes ARRA funds, the District is not required to petition the Commission for approval of that revised project financing, as long as the revised ARRA funding package does not require an additional rate increase. It will be sufficient for the District to file the revised funding commitment documentation, along with a certification from its certified public accountant or bond counsel that the revised funding package is adequate to cover all project costs and will not require any additional rate increase.

IT IS FURTHER ORDERED that, if the project scope changes, if project costs or financing require a rate increase, or if, ultimately, the Scotts Run Public Service District does not receive any ARRA funding, the Scotts Run Public Service District petition the Commission for approval of such change(s) prior to commencing construction.

IT IS FURTHER ORDERED that the Scotts Run Public Service District cannot proceed to construction unless and until it has received all required federal, state and local permits, and unless the finally-awarded ARRA funding package is adequate to cover all project costs, as

determined at the conclusion of the bidding process with a bid awarded for each construction contract or vendor contract for the project.

IT IS FURTHER ORDERED that the Scotts Run Public Service District provide a copy of the engineer's certified tabulation of bids, within ten (10) days of the bid opening date, for each construction contract or vendor contract to be awarded for this project.

IT IS FURTHER ORDERED that the Scotts Run Public Service District provide a copy of the certification of substantial completion for each contract associated with this project, within ten (10) days of issuance.

IT IS FURTHER ORDERED that, if this project requires the use of Division of Highways' rights-of-way, the Scotts Run Public Service District comply with all rules and regulations of the Division of Highways regarding the use of those rights-of-way.

IT IS FURTHER ORDERED that this matter be removed from the Commission's docket of open cases.

The Executive Secretary is hereby ordered to serve a copy of this order upon the Commission by hand delivery, and upon all parties of record by United States Certified Mail, return receipt requested.

Leave is hereby granted to the parties to file written exceptions supported by a brief with the Executive Secretary of the Commission within fifteen (15) days of the date this order is mailed. If exceptions are filed, the parties filing exceptions shall certify to the Executive Secretary that all parties of record have been served said exceptions.

If no exceptions are so filed this order shall become the order of the Commission, without further action or order, five (5) days following the expiration of the aforesaid fifteen (15) day time period, unless it is ordered stayed or postponed by the Commission.

Any party may request waiver of the right to file exceptions to an Administrative Law Judge's order by filing an appropriate petition in writing with the Secretary. No such waiver will be effective until approved by order of the Commission, nor shall any such waiver operate to make any Administrative Law Judge's Order or Decision the order of the Commission sooner than five (5) days after approval of such waiver by the Commission.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 18th day of May, 2007.

CASE NO. 07-0239-PSD-T

SCOTT'S RUN PUBLIC SERVICE DISTRICT,
a public utility, Osage, Monongalia County.

Tariff filing to incorporate a disconnect, reconnect, and administrative fees in the District's tariff to recover the fees paid in conjunction with water termination agreements.

COMMISSION ORDER

On March 1, 2007, Scott's Run Public Service District (District) requested approval of a tariff change to allow it to institute disconnect, reconnect, and administrative fees of \$20. The District explained that it has entered into water service termination agreements with three water utilities who provide water service to the District's sewer customers. Those agreements allow the water utilities to charge the District disconnect, reconnect and administrative fees whenever water service is terminated to sewer customers of the District for nonpayment of bills.

On March 22, 2007, Commission Staff (Staff) filed an Initial and Final Joint Staff Memorandum noting that the District's proposed tariff included a Returned Check Charge of \$25. Staff further noted that customers whose service is terminated for non-payment in the future or who tender bad checks in payment for service will be affected by the new charges. Therefore, Staff recommended the District be allowed to institute these charges after public notice is provided.

DISCUSSION

It is established Commission policy to permit utilities to charge their customers for returned, or bad, checks an amount that does not exceed the amount that the utility's bank charges the utility for such check, provided that such charge may not exceed the amount actually charged by the bank, up to \$25.00. See *Union Williams PSD*, Case Nos. 94-0110-PSD-42A & 94-0111-PWD-42A (Comm'n Order Mar. 10, 1995); *Page-Kincaid PSD*, Case No. 95-0345-PWD-T (Comm'n Order June 15, 1995); *Chattaroy PSD*, Case No. 96-1343-PSWD-T (Comm'n Order Dec. 9, 1996); *Marshall County PSD No. 3*, Case No. 03-0869-PWD-T-PW (Comm'n Order Aug. 20, 2003). The Commission's policy is based on reasoning

that a utility should be permitted to recover a returned check fee directly from the customer incurring the charge in order to directly match the cost causer to the cost, rather than spreading the cost throughout the entire customer base. To the extent that such costs are already imbedded in a utility's rates, such amounts are *de minimis* and need not be quantified prior to the imposition of a specific returned check charge provision in a tariff. However, in the utility's next rate case, proper adjustments should be made to reflect all going level revenues generated from the returned check charge.

The returned check charge should be reflected in the utility's tariff on file with the Commission. Furthermore, the utility should be required to provide notice of its newly instituted returned check charge as publication may reduce the instances where the utility receives a returned check as payment for a bill. Such notice should be published as a Class I legal advertisement in newspapers of general circulation in the utility's service territory. The utility should not be permitted to charge the returned check charge until the day following the date the utility files with the Commission its affidavit of publication and revised tariff sheets showing the returned check charge.

It is established Commission policy to permit utilities, with the exception of motor carrier utilities, to institute a charge for disconnecting and reconnecting customers who are disconnected due to failure to pay bills, provided the charge is reasonable and is reflected in the utility's tariff on file with the Commission. *Arlington & Glen Falls Water Ass'n*, Case No. 95-1234-W-T (Comm'n Order Aug. 7, 1996). The Commission's policy is based on reasoning that a utility should be permitted to recover costs associated with disconnecting and reconnecting a delinquent customer directly from the customer incurring the cost in order to directly match the cost causer to the cost, rather than spreading the cost throughout the entire customer base. To the extent that such costs are already imbedded in a utility's rates, such amounts are *de minimis* and need not be quantified prior to the imposition of a specific disconnection and reconnection fee provision in a tariff. However, in the utility's next rate case, proper adjustments should be made to reflect all going level revenues generated from the disconnection and reconnection fee.

Furthermore, the utility should be required to provide notice of its newly instituted disconnection and reconnection fee as publication may reduce the instances of disconnection due to delinquent payment of utility bills. Such notice should be published as a Class I legal advertisement in newspapers of general circulation in the utility's service territory. The utility should not be permitted to charge the disconnection and reconnection fee until the day following the date the utility files with the Commission its affidavit of publication and revised tariff sheets showing the disconnection and reconnection fee.

The need for the administrative fee stems from instances where a water utility representative charged with executing a water service termination makes a trip to the customer's location and is paid the amount owed by the delinquent customer prior to the disconnection. As no disconnection actually takes place, the water utility is not entitled to the disconnection charge. However, the Commission recognizes that the water utility will have

incurred an expense in sending its representative to the customer locations. The Commission's policy is based on reasoning that a utility should be permitted to recover costs associated with collecting payment from a delinquent customer directly from the customer causing the cost in order to directly match the cost causer to the cost, rather than spreading the cost throughout the entire customer base. To the extent that such costs are already imbedded in a utility's rates, such amounts are *de minimis* and need not be quantified prior to the imposition of a specific administrative fee provision in a tariff. However, in the utility's next rate case, proper adjustments should be made to reflect all going level revenues generated from the administrative fee.

Furthermore, the utility should be required to provide notice of its newly instituted administrative fee as publication may reduce the instances of delinquent payments. Such notice should be published as a Class I legal advertisement in newspapers of general circulation in the utility's service territory. The utility should not be permitted to charge the administrative charges until the day following the date the utility files with the Commission its affidavit of publication and revised tariff sheets showing the new fee.

FINDINGS OF FACT

1. The District requested approval of a tariff change to allow it to institute disconnect, reconnect, and administrative fees of \$20 due to water service termination agreements with three water utilities who provide water service to the District's sewer customers.
2. Staff has recommended approval of the disconnect, reconnect, and administrative fees, along with a Returned Check Charge of \$25.

CONCLUSIONS OF LAW

1. The District shall be required to provide notice of the newly implemented charges.
2. The Commission shall approve the charges to be effective once notice has been provided to the District's customers.

ORDER

IT IS THEREFORE ORDERED that the tariff filing of Scott's Run Public Service District requesting permission to institute a returned check charge of \$25 and a disconnect/reconnect/administrative fee of \$20 is hereby approved.

IT IS FURTHER ORDERED that Scott's Run Public Service District provide notice to its customers of the returned check charge and the disconnect/reconnect/administrative fee

by publishing the attached notice of such charge once in newspapers of general circulation in the counties in which it provides service.

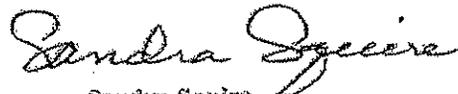

IT IS FURTHER ORDERED that following publication of the above-described notice, Scott's Run Public Service District shall file with the Commission (1) certificate(s) of publication with respect thereto, and (2) revised tariff sheets reflecting the tariff changes approved herein.

IT IS FURTHER ORDERED that Scott's Run Public Service District shall be authorized to assess the returned check charge and the disconnect/reconnect/administrative fee the day following the date it files its certificate(s) of publication and the revised tariff sheets with the Commission.

IT IS FURTHER ORDERED that upon entry hereof, this case shall be removed from the Commission's active docket.

IT IS FURTHER ORDERED that the Commission's Executive Secretary shall serve a copy of this order on all parties of record by First Class United States Mail, and upon Commission Staff by hand delivery.

Re: Scott's Run Public Service District
Sewer Project 2007S-964

Dear Mr. Anderson:

The West Virginia Infrastructure and Jobs Development Council (the "Council") has reviewed the Scott's Run Public Service District's (the "District") preliminary application to provide sanitary sewer service to 207 new customers by means of a conventional gravity collection system with pumping stations and force mains at their necessary locations (the "Project").

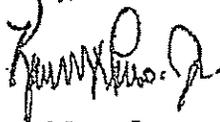

Based on the findings of the Sewer Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Sewer Technical Review Committee as the District may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the revised preliminary application, the Council determined that the District should pursue a \$1,500,000 Small Cities Block Grant and a \$3,837,185 Clean Water State Revolving Fund loan to fund this \$5,987,185 project. Please contact the WV Development Office at (304) 558-4010 and the WV Department of Environmental Protection office at (304) 926-0495 for specific information on the steps the District needs to follow to apply for these funds. Please note that this letter does not constitute funding approval from these agencies.

The Council also determined that the District may be eligible for a \$650,000 Infrastructure Fund grant pending the District's readiness to proceed and availability of funds. *This letter is not a commitment letter of Infrastructure Funds.* The Project will be placed on the Infrastructure Council's pending list of projects.

If you have any questions regarding this matter, please contact Jeff Brady at 558-4607.

Sincerely,

Kenneth Lowe, Jr.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Scotts Run Public Service District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$1,688,394 Sewer Revenue Bonds, Series 2009 A (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of an ARRA Assistance Agreement dated December 18, 2009, including all schedules and exhibits attached thereto (the "ARRA Assistance Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the ARRA Assistance Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing December 1, 2011 to and including December 1, 2049 all as set forth in the "Schedule Y" attached to the ARRA Assistance Agreement and incorporated in and made a part of the Bonds. The SRF Administrative Fee of 0.25% shall also be payable quarterly on March 1, June 1, September 1 and December 1 of each year commencing December 1, 2011 as set forth in the "Schedule Y" attached to the ARRA Assistance Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the Issuer's Sewerage System Design Revenue Bonds, Series 2008 A (the "Prior Notes"); (ii) paying a portion of the costs of acquisition and construction of improvements and extensions to the existing public sewerage system of the Issuer (the "Project"); and (iii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on December 8, 2009, as supplemented by a Supplemental Resolution duly adopted by the Issuer on December 8, 2009 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the ARRA Assistance Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the ARRA Assistance Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the ARRA Assistance Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The ARRA Assistance Agreement has been duly authorized by and executed on behalf of the Issuer; is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the DEP and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP.

3. The Bond Legislation and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 and Exhibit E of the ARRA Assistance Agreement.

4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's (i) Sewer Revenue Bonds, Series 1991 A (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$137,568 (the "Series 1991 A Bonds"); (ii) Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program), dated November 25, 2003, issued in the original aggregate principal amount of \$8,111,813 (the "Series 2003 A Bonds") (hereinafter collectively, the "First Lien Bonds"); and (iii) Sewer Revenue Bonds, Series 2009 B (West Virginia SRF Program/ARRA), dated December 18, 2009, issued simultaneously in the original aggregate principal amount of \$3,939,585 (the "Series 2009 B Bonds") and senior and prior to the Issuer's Sewer Revenue Bonds, Series 1991 B (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$4,586 (the

"Series 1991 B Bonds" and collectively with the First Lien Bonds, the "Prior Bonds") all in accordance with the terms of the Bonds and the Bond Legislation.

5. The Bonds are, under the Act, exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

7. With proceeds from the Series 2009 A Bonds, the Infrastructure Council grant and funds in the Series 2008 A Sinking Fund, the Prior Notes have been paid in full, and the covenants, agreements and other obligations of the Issuer to the owners of the Prior Notes has been satisfied and discharged. In rendering the opinion set forth in this paragraph, we have relied upon the receipt of payment from the owners of the Prior Notes that they have received payment for the entire outstanding principal of the Prior Notes and all interest accrued thereon on the date hereof and that the Prior Notes have been paid in full.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the ARRA Assistance Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

We are counsel to Scotts Run Public Service District, a public service district, in Monongalia County, West Virginia (the "Issuer"). As such counsel, we have examined copies of the approving opinions of Steptoe & Johnson PLLC, as bond counsel, an ARRA Assistance Agreement for the Series 2009 Bonds dated December 18, 2009, including all schedules and exhibits attached thereto, by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection ("DEP"), (the "ARRA Assistance Agreement"), the Bond Resolution duly adopted by the Issuer on December 8, 2009, as supplemented by the Supplemental Resolution duly adopted by the Issuer on December 8, 2009 (collectively, the "Bond Legislation"), orders of The County Commission of Monongalia County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer, and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the ARRA Assistance Agreement when used herein.

We are of the opinion that:

1. The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia.
2. The ARRA Assistance Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the other parties thereto, constitute valid and binding agreements of the Issuer enforceable in accordance with their terms.
3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.
5. The execution and delivery of the Bonds and the ARRA Assistance Agreement and the consummation of the transactions contemplated by the Bonds, the ARRA Assistance Agreement and the Bond Legislation and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.
6. The Issuer has received all orders, certificates and authorizations from the Public Service Commission of West Virginia necessary for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the implementation of rates and charges, including Commission Order dated May 18, 2007 in Case No. 07-0239-PSD-T approving rates and charges for the System. The time for appeal of such Order has expired prior to the date hereof and the Order is in full force and effect. The Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received a Recommended Decision of the Public Service Commission of West Virginia dated August 4, 2009 which became Final Order on August 24, 2009 and Affidavit of Certified Public Accountant dated December 8, 2009 in Case No. 09-0513-PSD-SCN, among other things, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of such Order has expired prior to the date hereof and is in full force and effect.
7. To the best of our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the ARRA Assistance Agreement, the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

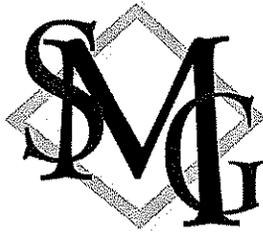

8. We have ascertained that all successful bidders have provided the drug-free workplace affidavit. Prior to construction, we will ascertain that all successful bidders have submitted their drug free workplace plan, and the contracts contain language that comply with the Drug Free Workplace Act, Article 1D, Chapter 21 of the West Virginia Code, have made required provisions for all insurance and payment and performance bonds and verify such insurance policies and bonds for accuracy. Prior to construction we will review the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project. We are of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Legislation and the ARRA Assistance Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Re: Final Title Opinion for Scott's Run Public Service District

Ladies and Gentlemen:

I am counsel to Scott's Run Public Service District (the "Issuer") in connection with a proposed project to construct certain extensions to the existing public sewer facilities of the Issuer (the "Project"). I provide this final title opinion on behalf of the Issuer to satisfy the requirements of West Virginia Infrastructure and Jobs Development Council for the Project. Please be advised of the following:

1. The Issuer is a duly created and validly existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia to acquire, construct, operate and maintain the Project as approved by the Council.
2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.
3. I have investigated and ascertained the location of, and I am familiar with the legal description of, the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Thrasher Engineering, Inc., the consulting engineers for the Project.

4. I have examined the records on file in the Office of the Clerk of the County Commission of Monongalia County, West Virginia, the county in which the Project is to be located, and, in my opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.

5. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Office of the Clerk of the County Commission of Monongalia County to protect the legal title to and interest of the Issuer.

Based upon the sewer rates and charges set forth in the Commission Order dated May 18, 2007 of the Public Service Commission of West Virginia in Case No. 07-0239-PSD-T, and projected operation and maintenance expenses and anticipated customer usage as furnished to me by Scotts Run Public Service District (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Issuer, will (i) provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any Fiscal Year for payment of principal of and interest on the (a) Sewer Revenue Bonds, Series 2009 A (West Virginia SRF Program), dated December 2, 2009, issued in the aggregate principal amount of \$1,688,394, and (b) Sewer Revenue Bonds, Series 2009 B (West Virginia SRF Program/ARRA), dated December 2, 2009, issued in the aggregate principal amount of \$3,939,585, (collectively, the "Series 2009 Bonds") and all other obligations secured by or payable from such revenues, including the Issuer's (a) Sewer Revenue Bonds, Series 1991 A (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$137,568 (the "Series 1991 A Bonds"); (b) Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program), dated November 25, 2003, issued in the original aggregate principal amount of \$8,111,813 (the "Series 2003 A Bonds (hereinafter collectively, the "First Lien Bonds"); and (c) the Issuer's Sewer Revenue Bonds, Series 1991 B (West Virginia Water Development Authority), dated December 20, 1991, issued in the original aggregate principal amount of \$4,586 (the "Series 1991 B Bonds").

It is further our opinion that the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Series 2009 Bonds plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2009 Bonds are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest, if any, on the Prior Bonds, and the Series 2009 Bonds.

Very truly yours,

RECITALS

WHEREAS, the Council has authorized the Authority to make a grant to the Governmental Agency in the amount not to exceed \$125,000 (the "Grant") for the purposes of the design, acquisition or construction of a project for which a preliminary application has been submitted and approved by the Council;

WHEREAS, the Governmental Agency wishes to accept the Grant upon such terms and conditions as are hereinafter set forth for the purposes of designing, acquiring or constructing the project described in Exhibit A attached hereto and incorporated herein by reference (the "Project");

WHEREAS, this Grant Agreement sets forth the Council, the Authority and the Governmental Agency's understandings and agreements with regard to the Grant.

NOW, THEREFORE, in consideration of the premises and the mutual agreements hereinafter contained, the Authority and the Governmental Agency hereby agree as follows:

TERMS

1. Prior to the distribution of the Grant, the Governmental Agency shall provide the Authority with a Project budget and an anticipated monthly draw schedule reflecting the receipt dates and amounts from other funding sources. The Project budget shall not be amended unless the Governmental Agency has received the prior written consent of the Council.

2. The Authority shall advance the Council's share of the Project costs from the Grant from time to time upon receipt of a requisition evidencing the costs incurred, which requisition must be satisfactory to the Authority. Unless agreed to by the Council prior to the commencement of construction, the Grant shall be the last dollars expended on the Project.

3. The monthly requisition will also set forth (i) the amounts requested for that requisition period from all other funding agencies; and (ii) the amounts advanced for the Project to date from all other funding agencies.

4. The Authority shall wire the approved requisition amount using the wiring instructions provided in Exhibit A, unless the Council and Authority are provided replacement instructions in writing.

5. The Governmental Agency will use the proceeds of the Grant only for the purposes specifically set forth in Exhibit B.

6. The Governmental Agency shall comply with and is bound by the Council's rules set forth as Title 167, Series 1 and more particularly Section 5.9 with respect to the sale of the Project.

7. The Governmental Agency acknowledges that the Grant may be reduced, from time to time, to reflect actual Project costs and availability of other funding.

8. The Governmental Agency shall list the Grant provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project.

9. This Grant Agreement shall be governed by the laws of the State of West Virginia.

IN WITNESS WHEREOF, the parties hereto have caused this Grant Agreement to be executed by the respective duly authorized officers as of the date executed below by the Authority.

The Honorable Robert L. Bell

Monongalia County Commission

Morgantown, West Virginia 26505

Dear Commissioner Bell:

Thank you for your application to the Small Cities Block Grant Program.

Your request has been approved in the amount of \$200,000 for a Design and Administration Grant. These funds will enable you to complete the engineering design and required administrative services for the county's project to extend the sewer service to 207 residents.

In order to effectively use the limited dollars available, the West Virginia Development Office has launched a new program to assist communities with the engineering and administrative components of selected projects. This grant does not secure funding for the balance of the request in your application. The designed project must be resubmitted and will be competitively reviewed and considered for funding based on an amended application, availability of funds, and other requests pending at that time. The West Virginia Development Office reserves the right to withdraw these funds if your project does not proceed on schedule.

Please contact Pamela K. King of the West Virginia Development Office, at (304) 558-2234, to complete the necessary contract in order to proceed with your project.

I am pleased to assist with these improvements for the citizens of Monongalia County.

With warmest regards,

A handwritten signature in black ink, appearing to read "Joe Manchin III".

RESOLUTION AUTHORIZING THE ACQUISITION, CONSTRUCTION AND EQUIPPING OF IMPROVEMENTS AND EXTENSIONS TO THE EXISTING PUBLIC SEWERAGE FACILITIES OF SCOTTS RUN PUBLIC SERVICE DISTRICT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE DISTRICT OF NOT MORE THAN \$8,111,813 IN AGGREGATE PRINCIPAL AMOUNT OF ITS SEWER REVENUE BOND, SERIES 2003 A (WEST VIRGINIA SRF PROGRAM); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNER OF SUCH BOND; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BOND; APPROVING, RATIFYING AND CONFIRMING A LOAN AGREEMENT RELATING TO SUCH BOND; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BOND AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF SCOTTS RUN PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Scotts Run Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Monongalia County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain improvements and extensions to the existing public sewerage facilities of the Issuer, consisting of the construction of a gravity sewer collection system to serve approximately 654 customers in the communities of Scotts Run, Wade's Run, Osage, Pursglove, Cassville, Jere, Chaplin and New Hill areas in Monongalia County, West Virginia, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewerage facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance the costs of acquiring, constructing and equipping the Project through the issuance of its revenue bond to be sold to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund program (the "SRF Program"), pursuant to the Act, in order to take advantage of the favorable terms available to the Issuer under the SRF Program.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bond, Series 2003 A (West Virginia SRF Program), in the aggregate principal amount of not more than \$8,111,813 (the "Series 2003 A Bond"), initially to be represented by a single bond, to permanently finance a portion of the costs of acquiring, constructing and equipping of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2003 A Bond prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 2003 A Bond Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2003 A Bond and such other expenses as may be necessary or incidental to the financing herein authorized, the cost of acquiring, constructing and equipping the Project, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2003 A Bond or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after the completion of the Project is not less than 30 years.

F. It is in the best interests of the Issuer that its Series 2003 A Bond be sold to the Authority pursuant to the terms and provisions of a loan agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), in form satisfactory to the Issuer, the Authority and the DEP (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer that will (1) rank on parity with the Series 2003 A Bond as to liens, pledge and source of and security for payment, which obligation is designated as \$137,568 Scotts Run Public Service District, Sewer Revenue Bond, Series 1991 A (the "Series 1991 A Bond") (formerly New Hill Public Service District, Sewer Revenue Bond, Series 1991 A) and (2) be subordinate to the Series 2003 A Bond as to liens, pledge and source of and security for payment, which obligation is designated as \$4,586 Scotts Run Public Service District, Sewer Revenue Bond, Series 1991 B (the "Series 1991 B Bond") (formerly New Hill Public Service District, Sewer Revenue Bond, Series 1991 B) (collectively, the "1991 Bonds" or the "Prior Bonds"). The Issuer assumed the Prior Bonds when it merged with New Hill Public Service District.

particularly Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), a Bond Resolution duly adopted by the Issuer on October 21, 2003, and a Supplemental Resolution duly adopted by the Issuer on November 18, 2003 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON PARITY AS TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT WITH THE ISSUER'S SEWER REVENUE BOND, SERIES 1991 A (FORMERLY NEW HILL PUBLIC SERVICE DISTRICT, SEWER REVENUE BOND, SERIES 1991 A), DATED DECEMBER 20, 1991, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$137,568, AND SENIOR AND PRIOR TO THE ISSUER'S SEWER REVENUE BOND, SERIES 1991 B (FORMERLY NEW HILL PUBLIC SERVICE DISTRICT, SEWER REVENUE BOND, SERIES 1991 B), DATED DECEMBER 20, 1991, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$4,586 (COLLECTIVELY, THE "PRIOR BONDS").

Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds that may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2003 A Bond Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest, if any, on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds; provided however, that so long as there exists in the Series 2003 A Bond Reserve Account an amount at least equal to the maximum amount of principal and interest, if any, which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owner of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owner of this Bond are

exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of constructing the Project and costs of issuance hereof described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

The following special funds or accounts are hereby created with (or continued if previously established by the Prior Resolution) and shall be held by the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and the Issuer and from each other:

- (1) Revenue Fund (established by the Prior Resolution);
- (2) Operation and Maintenance Fund (established by the Prior Resolution);
- (3) Renewal and Replacement Fund (established by the Prior Resolution); and
- (4) Series 2003 A Bond Construction Trust Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby created with and shall be held by the Commission, separate and apart from all other funds or accounts of the Commission and the Issuer and from each other:

- (1) Series 2003 A Bond Sinking Fund; and

(2) Series 2003 A Bond Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first each month transfer from the Revenue Fund to the Operation and Maintenance Fund the amount necessary and sufficient to pay current Operating Expenses.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission (i) for deposit in the Series 1991 A Bond Sinking Fund, the amount required by the Prior Resolution for the payment of the interest on the Series 1991 A Bond.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and simultaneously remit to the Commission (i) for deposit in the Series 1991 A Bonds Sinking Fund, the amount required by the Prior Resolution for payment of the principal of the Series 1991 A Bond; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2003 A Bond, for deposit in the Series 2003 A Bond Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2003 A Bond on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2003 A Bond Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund, and simultaneously remit to the Commission (i) for deposit in the Series 1991 A Bond Reserve Account, the amount required by the Prior Resolution to be deposited therein; and (ii) commencing 3 months prior to the first date of payment of principal of the Series 2003 A Bond, if not fully funded upon issuance of the Series 2003 A Bond, for deposit in the Series 2003 A Bond Reserve Account, an amount equal to 1/120th of the Series 2003 A Bond Reserve Requirement; provided that, no further

payments shall be made into the Series 2003 A Bond Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2003 A Bond Reserve Requirement.

(5) The Issuer shall next, on the first day of each month, from the moneys remaining in the Revenue Fund, transfer to the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Resolution and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(6) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1991 B Bond Sinking Fund and the Series 1991 Bond Reserve Account the amounts required by the Prior Resolutions.

Moneys in the Series 2003 A Bond Sinking Fund shall be used only for the purpose of paying principal of and interest on the Series 2003 A Bond as the same shall become due. Moneys in the Series 2003 A Bond Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2003 A Bond as the same shall come due, when other moneys in the Series 2003 A Bond Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2003 A Bond Sinking Fund and the Series 2003 A Bond Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2003 A Bond, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2003 A Bond Reserve Account that result in a reduction in the balance therein below the Series 2003 A Bond Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional bonds ranking on parity with the Series 2003 A Bond are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2003 A Bond Sinking Fund or the Series 2003 A Bond Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2003 A Bond issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

Principal, interest or reserve account payments, whether made for a deficiency or otherwise, shall be made on parity and pro rata, with respect to the Series 1991 A Bond and the Series 2003 A Bond, and thereafter, with respect to the Series 1991 B Bond in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2003 A Bond Sinking Fund and the Series 2003 A Bond Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into the Series 2003 A Bond Sinking Fund and the Series 2003 A Bond Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Moneys in the Series 2003 A Bond Sinking Fund and the Series 2003 A Bond Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2003 A Bond Sinking Fund and the Series 2003 A Bond Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2003 A Bond under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest and reserve account payments with respect to the Series 2003 A Bond and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. The Issuer shall also on the first day of each month deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the Loan Agreement.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement as Exhibit F, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically deducted from the Revenue Fund and transferred to the Commission on the dates required.

F. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in any of the funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall

be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of the Series 2003 A Bond, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2003 A Bond, there shall first be deposited with the Commission in the Series 2003 A Bond Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest.

B. Next, from the proceeds of the Series 2003 A Bond, there shall be deposited with the Commission in the Series 2003 A Bond Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 2003 A Bond Reserve Account.

C. As the Issuer receives advances of the remaining moneys derived from the sale of the Series 2003 A Bond, such moneys shall be deposited with the Depository Bank in the Series 2003 A Bond Construction Trust Fund and applied solely to payment of Costs of construction of the Project in the manner set forth in Section 6.02 and until so expended, are hereby pledged as additional security for the Series 2003 A Bond.

D. After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2003 A Bond shall be used to fund the Series 2003 A Bond Reserve Account, if not funded upon issuance of the Series 2003 A Bond, in an amount not to exceed the Series

2003 A Bond Reserve Requirement; provided that, in no event shall more than 10% of the proceeds of the Series 2003 A Bond be deposited in the Series 2003 A Bond Reserve Account. Any remaining proceeds thereafter shall be used as directed by the DEP.

Section 6.02. Disbursements From the Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and the DEP a report listing the specific purposes for which the proceeds of the Series 2003 A Bond will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments of all Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2003 A Bond Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of the following:

(1) a completed and signed "Payment Requisition Form," a form of which is attached to the Loan Agreement as Exhibit C in compliance with the construction schedule; and

(2) a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

(B) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) Each of such costs has been otherwise properly incurred; and

(D) Payment for each of the items proposed is then due and owing.

Pending such application, moneys in the Series 2003 A Bond Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by the Holder of the Series 2003 A Bond. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holder of the Series 2003 A Bond as hereinafter provided in this

Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2003 A Bond or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bond not to be Indebtedness of the Issuer. The Series 2003 A Bond shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2003 A Bond shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2003 A Bond or the interest, if any, thereon.

Section 7.03. Bond Secured by Pledge of Net Revenues: Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2003 A Bond shall be secured by a first lien on the Net Revenues derived from the System, on parity with the lien on such Net Revenues in favor of the Holders of the Series 1991 A Bond and senior and prior to the lien on such Net Revenues in favor of the Holders of the Series 1991 B Bond. The Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 2003 A Bond and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation, are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered November __, 2003, in Case No. 03-0538-PSD-CN-PC, and such rates are hereby adopted.

So long as the Series 2003 A Bond is outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2003 A Bond shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolution. Additionally, so long as the Series 2003 A Bond is outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2003 A Bond, immediately be remitted to the Commission for deposit in the Series 2003 A Bond Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2003 A Bond. Any balance remaining after the payment of the Series 2003 A Bond and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then

Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2003 A Bond. All obligations issued by the Issuer after the issuance of the Series 2003 A Bond and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2003 A Bond; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2003 A Bond, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2003 A Bond and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. Additionally, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2003 A Bond pursuant to this Bond Legislation, except with the prior written consent of DEP and the Authority under the conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolution).

All Parity Bonds issued hereunder shall be on parity in all respects with the Series 2003 A Bond.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition, or construction of extensions and improvements to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the

increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 2003 A Bond on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2003 A Bond.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the cost of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. The Issuer shall maintain separate

control accounting records. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system that may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2003 A Bond, and shall mail in each year to any Holder or Holders of the Series 2003 A Bond, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to the Holder of the Series 2003 A Bond, and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2003 A Bond. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the DEP and the Authority, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the DEP and the Authority, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the DEP and the Authority with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in EXHIBIT E of the Loan Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2003 A Bond, equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 A Bond and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 A Bond, including the Prior Bonds; provided that in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 2003 A Bond Reserve Account and any reserve accounts for obligations on a parity with the Series 2003 A Bond, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 A Bond and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 A Bond, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such

budget without a written finding and recommendation by a professional engineer which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the DEP and to any Holder of any Bonds, or anyone acting for and on behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of construction of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the DEP and the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the DEP and the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the DEP and the Authority covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulation, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential

rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2003 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for repairs and restoration of the damaged or destroyed properties, or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKERS' COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract, if any,

and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided for every officer, member and employee of the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such workers' compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project, provided that the amounts and terms of such coverage are satisfactory to the DEP and the Authority. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Division of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there

is such gravity flow or transportation by such other method approved by the State Division of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Construction; Permits and Orders. The Issuer will cause the Project to be constructed as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by state and federal laws for the construction of the Project and operation of the System, all orders and approvals from the Public Service Commission of West Virginia and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and the operation of the System and all approvals for issuance of the Series 2003 A Bond required by state law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2003 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due, on the Series 2003 A Bonds during the term thereof is, under the terms of the Series 2003 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property, or borrowed money, used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2003 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2003 A Bonds during the term thereof is, under the terms of the Series 2003 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property, or borrowed money, used or to be used for a Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2003 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or

if the Series 2003 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% or \$5,000,000 of the Net Proceeds of the Series 2003 A Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to person other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2003 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2003 A Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2003 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holder of the Series 2003 A Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 2003 A Bond, and shall be on a parity with the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms, conditions and requirements of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority.

The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.22. Contracts; Public Releases. A. The Issuer shall, simultaneously with the delivery of the Series 2003 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2003 A Bonds held in "contingency" as set forth in the schedule attached to the certificate of the Consulting Engineer. The Issuer shall also obtain the written approval of the DEP before expending any proceeds of the Series 2003 A Bonds made available due to bid or construction or project underruns.

C. The Issuer shall list the funding as being provided by the DEP and the Authority in any press release, publication, program, bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any ground breaking or dedication of the Project.

ARTICLE VIII

INVESTMENTS; USE OF PROCEEDS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments

permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest, if any, on the Series 2003 A Bond from gross income for federal income tax purposes.

Section 8.02. Certificate as to Use of Proceeds; Covenants as to Use of Proceeds. The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2003 A Bond as a condition to issuance of the Series 2003 A Bond. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2003 A Bond as may be necessary in order to maintain the status of the Series 2003 A Bond as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2003 A Bond which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority or DEP, as the case may be, from which the proceeds of the Series 2003 A Bond are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority or DEP, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2003 A Bond and any additional information requested by the Authority.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2003 A Bond:

- (1) If default occurs in the due and punctual payment of the principal of or interest on the Series 2003 A Bond; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2003 A Bond set forth in this Bond Legislation, any supplemental resolution or in the Series 2003 A Bond, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Resolution.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2003 A Bond shall be on parity with the Holders of the Series 1991 A Bond and senior and prior to the Holders of the Series 1991 B Bond.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates,

rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bond and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF NEW HILL PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. New Hill Public Service District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Monongalia County of said State.

B. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain sewerage facilities for the Issuer, consisting of acquisition and construction of collection lines, pumping stations, treatment facilities, standby generators, force mains and laterals to serve the New Hill Community of the Scotts Run Area of Monongalia County, West Virginia, together with all appurtenant facilities (collectively, the "Project") which constitute properties for the collection, transportation and treatment of liquid or solid wastes, sewage or industrial wastes (the Project and any further additions thereto or extensions thereof is herein

called the "System") at an estimated cost of \$695,404, in accordance with the plans and specifications prepared by Alpha Associates, Incorporated, Morgantown, West Virginia, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds and all Sinking Funds, Reserve Accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than \$200,000 in two series, being the Series 1991 A Bonds in the aggregate principal amount of not more than \$150,000, and the Series 1991 B Bonds in the aggregate principal amount of not more than \$50,000 (collectively, the "Original Bonds") to finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Bonds prior to and during construction or acquisition and for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution.

G. The Issuer has complied with all requirements of West Virginia law relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Public Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which has expired prior to the issuance of the Bonds.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Original Bonds by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Original Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Original Bond of a series and any other Original Bonds of the same series by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

The Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Bonds shall be paid by check or draft of the Paying Agent mailed to the registered owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Original Bonds shall be issued in the form of a single bond for each series, fully registered to the Authority, with a debt service schedule attached, representing the aggregate principal amount of each series, and shall mature in principal installments, all as provided in the Supplemental Resolution. The Bonds of each series shall be exchangeable at the option and expense of the Holder for other fully registered Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal

installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. The Bonds shall be dated as of the date specified in a Supplemental Resolution and shall bear interest from such date.

Section 3.03. Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the forms set forth in Section 3.09 shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bond shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain the books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost.
In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer.
The Bonds shall not, in any event, be or constitute an indebtedness

of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the respective Reserve Accounts. No holder or holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Bonds or the interest thereon. The Issuer has no taxing power.

Section 3.08. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of all the Series 1991 A Bonds shall be secured forthwith equally and ratably with each other by a lien on the Net Revenues derived from the System, senior and prior to the lien on Net Revenues in favor of the Holders of the Series 1991 B Bonds. The payment of the debt service of all the Series 1991 B Bonds shall also be secured forthwith equally and ratably with each other by a lien on the Net Revenues derived from the System, junior and subordinate to the lien on such Net Revenues in favor of the Holders of the Series 1991 A Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Funds, the Reserve Accounts therein, and the Renewal and Replacement Fund, either existing or hereinafter established, are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Section 3.09. Form of Original Bonds. The text of the Bonds shall be in substantially the following forms, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof;

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in a amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 1991 A Bonds Sinking Fund, or the Series 1991 B Bonds Sinking Fund or into the Reserve Accounts therein when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Saturday, Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 7.01 hereof.

Except with respect to transfers to the Rebate Fund, the Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein, and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Renewal and Replacement Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this section 4.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ARTICLE V

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 5.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1991 A Bonds, there shall first be deposited with the Commission in the Series 1991 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1991 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1991 A Bonds, there shall be deposited with the Commission in the Series 1991 A Bonds Reserve Account and from the proceeds of the Series 1991 B Bonds, there shall be deposited with the Commission in the Series 1991 B Reserve Account the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1991 A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment, not otherwise paid from funds of the Issuer.

D. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of costs of the Project in the manner set forth in Section 5.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Except with respect to any transfers to the Rebate Fund, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 1991 A Bonds, and thereafter for the Series 1991 B Bonds.

Section 5.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 5.01 hereof, disbursements from the Bond Construction Trust Fund (except for the costs of issuance

of the Original Bonds which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In any case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1991 A Bonds Reserve Account, and when fully funded to the Series 1991 B Bonds Reserve Account, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1991 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1991 B Bonds.

ARTICLE VI

ADDITIONAL COVENANTS OF THE ISSUER

Section 6.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VI. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Section 6.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or the interest thereon.

Section 6.03. Bond Secured by Pledge of Net Revenues. The payment of the debt service of the Series 1991 A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on the Net Revenues derived from the operation of the System, senior and prior to the lien on said Net Revenues in favor of the Holders of the Series 1991 B Bonds. Payment of the debt service of the Series 1991 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1991 A Bonds. The Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 6.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System, a copy of which is attached hereto and incorporated herein, shall be as set forth and approved and described in the Order of the Public Service Commission of West Virginia entered September 12, 1991, (Case No. 91-006-PSD-CN), and such rates are hereby adopted.

Section 6.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Section 9.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Fund and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No

sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 6.06 and in Section 6.07, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds. All obligations issued by the Issuer after the issuance of the Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1991 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Sinking Funds, Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current. Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 6.07. Parity Bonds.

A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1991 B Bonds. No Parity Bonds shall be issued which shall be payable out of the revenues of the System on a parity with the Series 1991 A Bonds, unless the Series 1991 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such additions, betterments or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the semiannual interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 1991 A Bonds and the Series 1991 B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1991 A Bonds or the Series 1991 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 6.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 6.07, if there is first obtained by the Issuer the written

consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 6.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Bonds or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds, and shall submit said report to the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation, and that the Issuer's revenues are adequate

to meet its operation and maintenance expenses and debt service requirements.

Section 6.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations on a parity with the Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate schedule described in Section 6.04.

Section 6.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall

be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Section 6.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the service of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and, if the water system is not owned by the Issuer, then the Issuer shall enter into a termination agreement with the water provider and the Issuer shall take all further

actions to enforce collections to the maximum extent permitted by law.

Section 6.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 6.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$100,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same

limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKERS' COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such workers' compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interest may appear.

C. Prior to handling any funds of the Issuer, the Treasurer of the Issuer shall furnish bond in the amount of \$25,000 for the use and benefit of the Issuer.

Section 6.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can

be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 6.16. Completion of Project. The Issuer will complete the Project and operate and maintain the System in good condition.

Section 6.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) that, in the event that both (A) in excess of 5% of the Net Proceeds of the Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Bonds during the term thereof is, under the terms of the Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of the lesser of 5% of the Net Proceeds of the Bonds or \$5,000,000 are used, directly or indirectly, to make or

finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure that tax-exempt status of the Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Original Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 6.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective Series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1991 A Bonds shall be senior and prior to the statutory mortgage lien in favor of the Holders of the Series 1991 B Bonds.

Section 6.19. Metering. The Issuer shall take all actions reasonably necessary and within the Issuer's corporate powers to cause every house, dwelling or building connected with and using the System to have a separate water meter the readings of which shall be used by or on behalf of the Issuer, when required by the Issuer's applicable schedule of rates of charges, to compute the fees, rates, rentals or other charges payable to the Issuer with respect to each such house, dwelling or building for the use of the System.

ARTICLE VII
INVESTMENT OF FUNDS; NON ARBITRAGE

Section 7.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein, and the specific restrictions and provisions set forth in this Section 7.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account, except as otherwise provided with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts, and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 7.02. Arbitrage. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause the Original Bonds to be "arbitrage bonds" within the meaning

of Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Original Bonds) so that the interest on the Original Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 7.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Original Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Original Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in

connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 7.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to the Section 7.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception therefrom, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Original Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority.

The Issuer shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" (as that term is defined in the Code) of the Original Bonds from time to time as the Authority may request.

Section 7.04. Election Under Section 148(f)(4)(B)(iv)(V) of the Code. The Issuer elects to have Section 148(f)(4)(B)(iv)(V) of the Code apply to the Original Bonds and agrees to pay the penalty prescribed under such Section 148(f)(4)(B)(iv)(V) of the Code, in lieu of rebate.

ARTICLE VIII

DEFAULT AND REMEDIES

Section 8.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 8.02. Remedies. Upon the happening and continuance of any Event of Default, any registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Holders of the Series 1991 B Bonds shall be subject to those of the Holders of the Series 1991 A Bonds.

Section 8.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in

addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other avenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto

under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE IX

DEFEASANCE

Section 9.01. Defeasance of Series 1991 A Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 1991 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 1991 A Bonds only, the pledge of Net Revenues and other moneys and securities pledged under this Bond legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1991 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

Series 1991 A Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due either at maturity or at the next redemption date, the principal installments of and interest on such Series 1991 A Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 1991 A Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of and interest due and to become due on said Series 1991 A Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 1991 A Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free

and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

Section 9.02. Defeasance of Series 1991 B Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the respective Holders of all Series 1991 B Bonds, the principal due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then with respect to the Series 1991 B Bonds only, the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1991 B Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

Series 1991 B Bonds for the payment of which either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Paying Agent at the same or earlier time, shall be sufficient, to pay as and when due either at maturity or at the next redemption date the principal installments of such Series 1991 B Bonds shall be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section. All Series 1991 B Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent, either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay when due the principal installments of said Series 1991 B Bonds on and prior to the next redemption date or the maturity dates thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of said Series 1991 B Bonds; provided that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

ARTICLE X

MISCELLANEOUS

Section 10.01. Amendment or Modification of Bond Legislation.

No material modification or amendment of this Bond Legislation, or of any resolution amendatory or supplemental hereto, that would materially and adversely affect the respective rights of Registered Owners of the Bonds shall be made without the consent in writing of the Registered Owners of 66-2/3% or more in principal amount of the Series 1991 A Bonds or the Series 1991 B Bonds so affected and then Outstanding; provided, that no change shall be made in the maturity of any Bond or Bonds or the rate of interest thereon, or in the principal amount thereof, or affecting the unconditional promise of the Issuer to pay such principal and interest out of the funds herein respectively pledged therefor without the consent of the respective Registered Owner thereof. No amendment or modification shall be made that would reduce the percentage of the principal amount of Bonds required for consent to the above-permitted amendments or modifications. Notwithstanding the foregoing, this Bond Legislation may be amended without the consent of any Bondholder as may be necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the excludability of interest on the Original Bonds from gross income of the holders thereof.

Section 10.02. Bond Legislation Constitutes Contract. **PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 16th day of April 2009

GENERAL ORDER NO. 182.09

Public Service Commission intended procedures concerning water and sewer projects that are funded with federal stimulus funds.

COMMISSION ORDER

Earlier this year, Congress enacted and the President signed the *American Recovery and Reinvestment Act of 2009*. Under this legislation, the State of West Virginia is to receive certain stimulus funds, a portion of which will be dedicated to the construction of water and sewer infrastructure. The Public Service Commission ("Commission") has received information from various funding agencies. The State Bureau for Public Health through its drinking water treatment revolving fund will have approximately \$19.5 million for water projects. In addition, the State Department of Environmental Protection through the clean water state revolving fund will have approximately \$61 million for sewer projects. Both of these state agencies have indicated that they intend to have the projects bid by August 2009 and contracts awarded by October 2009. In addition, certain other stimulus funds for water and sewer projects will be administered by the U.S. Department of Agriculture, Rural Utilities Service.

Although the Commission is not a funding source for the stimulus funds, it will nonetheless be called upon to process utility applications for certificates of public convenience and necessity ("certificates") to authorize the construction of stimulus-funded water and sewer projects. Given the aggressive schedule planned by the funding agencies, and the requirement in the federal law that water and sewer projects be "shovel ready," meaning under construction within a quick time line, the Commission intends to expedite these applications to the greatest extent possible consistent with existing State Law.

As a preliminary observation, the Commission would stress that applications must be complete and the statutory thirty-day notice to the public must be given at the outset of the application. Failure to file complete applications or failure to provide timely public notice will lead to delays in processing projects and jeopardize the ability to receive federal stimulus funds. The Commission anticipates that it will receive (i) new applications for water and sewer projects using federal stimulus funds, (ii) amendments to pending applications

containing some measure of federal stimulus funds, and (iii) petitions to reopen certificates already issued seeking to amend funding by including federal stimulus funds. The Commission issues this General Order to inform the public, regulated utilities, attorneys who practice before the Commission, funding agencies, and the staff of the Commission of its intended procedures and processes.

With respect to new stimulus project applications, the Commission intends that applicants and Staff observe the following procedures. At the outset, the Commission again stresses that it is essential that a utility project sponsor file a complete application and provide timely public notice of its application.

1. Staff assigned to the case should immediately review the filing to determine if it is complete. The Initial Joint Staff Memorandum should be filed within ten days.¹

2. If the filing is complete and does not require an increase in rates for the project, Staff should file its Final Joint Staff Memorandum in thirty-five days which allows for the protest period assuming the applicant has timely published notice.

3. If the filing is complete and includes a proposed increase in rates for the project, Staff may deem it necessary to file a data request for items needed to complete the review and make a final Staff recommendation. This data request should be filed within ten days. The applicant should expedite its response to Staff's requests and Staff should file its Final Joint Staff Memorandum within forty-five to sixty days

4. If the filing is not complete, irrespective of whether or not the application seeks an increase in rates, Staff should file a data request, if necessary, for the items needed to complete the review and make a final Staff recommendation. This data request should be filed within ten days. The applicant should expedite its responses to Staff's requests and Staff should file its Final Joint Staff Memorandum within forty-five to sixty days.

5. If rates are required for the project and a rate change has not been included with the application:

A. For municipalities, the processing time is out of the Commission's ability to control. Staff needs to determine where the municipality is in the ordinance process and what else is needed to process the case. This should all be part of the Initial Joint Staff Memorandum to let the Commission know if the case can be processed or needs dismissed. (Certificates and rate ordinances need to be coordinated for a municipal appeal.) Data requests should still be filed within the ten-day period.

¹ Days in this Order are calendar days. Filings due on weekends or holidays are due the next working day.

- B. Public service districts ("districts") that need rates for the project can follow steps 1 and 3 or 4 above.
- C. Districts that require rates outside of the project and are in default on bonds cannot move forward. Staff must address this in its initial memorandum.

5. For newly-filed water or sewer applications for certificates of convenience and necessity where the funding is described at the time of the filing as Stimulus Funding the Commission shall designate the filings as "SCN." The Commission, its Staff and Administrative Law Judges, will process those designated filings as expeditiously as possible.

The stimulus funds may be used to replace existing funding for projects that are ready to proceed, allowing the State of West Virginia to fund more projects than planned and provide an enhanced investment in water and sewer infrastructure to unserved and under-served areas of the State. To expedite the processing of projects that have already received a certificate and are eligible to receive stimulus funds, the Commission plans the following process and procedures:

6. In instances where municipalities or municipal water or sewer boards ("municipal utilities") have already been granted certificates, and in the event the municipality is awarded a stimulus assistance funding package to replace either existing grant or loan funding from another source, the municipal utility shall only be required to file with the Commission a letter from the funding agency that describes the change in the project funding. The filing will be treated as a closed entry by the Executive Secretary and the Commission anticipates no further action by the Commission.

7. Similarly, for districts that are awarded a stimulus assistance funding package equivalent to the existing grant money from another source, that has no impact on rates, the district shall only be required to file with the Commission a letter from the funding agency that describes the change in the project funding. The filing will be treated as a closed entry by the Executive Secretary and the Commission anticipates no further action by the Commission.

8. In the event that a district is awarded a stimulus assistance funding package and the benefit to the customers of such improved financing is lower project costs, the district will only be required to file a petition to reopen the original formal case granting the certificate in order that the Commission may review the rates established for the project.

The Commission will provide for such petitions to reopen to be handled in an expedited manner. To that end, the district will be required to file with its petition to reopen a letter from the funding agency that describes the change in project funding, specifically setting forth the newly-committed funding and an accompanying calculation by the district

of the impact to its rates together with supporting documentation. Upon the filing of this information, Staff will perform a review of the revised project funding and rate calculations and file a final recommendation with the Commission stating its recommended rates as soon as possible, but no later than ten days after receipt of the petition. The Commission will issue an order as soon thereafter as possible.

9. For districts that are awarded a stimulus assistance funding package to supplement funding to deal with a cost overrun in whole or part, that has no impact on rates, the district may utilize the enhanced funding to first fund any project alternatives that were reviewed as either deducts or adducts that were approved as a part of the original certificate, contingent upon funding, in order that all portions of the project can be constructed. In this event, the district shall be required to file with the Commission a letter from the funding agency that describes both the change in the project funding and also notes the deducts or adducts that will be funded for construction. The filing will be treated as a closed entry by the Executive Secretary and the Commission anticipates no further action on its part.

The issuance of these guidelines should expedite these projects and the continuing effort to provide quality water and sewer service throughout the State of West Virginia. The Commission understands that there will be instances and situations where events will disrupt these intended procedures; however, the Commission expects all parties to use their best efforts to process these cases in a timely manner. Finally, given the aggressive time frame contemplated by the funding agencies and the intent to have bids out by August 2009, project applications should be filed no later than June 1, 2009, to avoid jeopardizing the timely consideration of those applications.

IT IS SO ORDERED.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission give public notice of this order in a manner deemed most efficient and appropriate.
