BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF THE UNION-WILLIAMS PUBLIC SERVICE DISTRICT:

ARTICLE I
STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order, resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act") and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

- A. Union-Williams Public Service District (the "Issuer") is a public service district, public corporation and political subdivision of the State of West Virginia in Wood and Pleasants Counties of said State.
- B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain additions, betterments and improvements to the Issuer's existing public sewerage facilities, including the additions, betterments and improvements described in Exhibit A hereto (collectively, the "Project") (the Issuer's existing sewerage facilities, the Project and any further additions thereto or extensions thereof are herein called the "System") in accordance with the plans and specifications prepared by Cerrone Associates, Inc., Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.
- C. The acquisition and construction of the System was financed in part with the proceeds from \$540,000 in principal amount of the Issuer's Sewerage System Revenue Bonds, Series 1991 (the "Prior Bonds"), issued on April 16, 1991, authorized pursuant to a Bond Resolution enacted by the Issuer on April 16, 1991 (the "Prior Resolution").
- D. The Issuer derives revenues from the System, and, except for the pledge thereof to secure and pay the Prior Bonds, said revenues are not pledged or encumbered in any manner.
- E. The estimated maximum cost of the construction and acquisition of the Project and issuance of the Series 2000 Bonds, as hereinafter defined, is \$412,000, which will be permanently financed with the proceeds of the Issuer's Sewer Revenue Bonds, Series 2000 (West Virginia SRF Program) (the "Series 2000 Bonds") herein authorized.
- F. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Series 2000 Bonds and the Prior Bonds, and all sinking funds, reserve accounts and other payments provided for herein and in the Prior Resolution.
- G. It is further deemed necessary for the Issuer to issue the Series 2000 Bonds, in the total aggregate principal amount of not more than \$412,000, to permanently finance the costs

of acquisition and construction of the Project, as hereinafter defined. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2000 Bonds prior to and during construction and acquisition and for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Series 2000 Bonds Reserve Account, as hereinafter defined; engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the West Virginia Water Development Authority (the "Authority"), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2000 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2000 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes, shall be deemed Costs of the Project, as hereinafter defined.

H. The period of usefulness of the System after completion of the Project is not less than 30 years.

I. It is in the best interest of the Issuer that its Series 2000 Bonds be issued and sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a bond purchase agreement by and among the Issuer, the Authority and the West Virginia Division of Environmental Protection, a division of the West Virginia Bureau of Environment (the "DEP"), the execution, delivery and form of which are ratified and approved herein.

J. The Issuer has received the written consent from the Holder of the Prior Bonds to issue the Series 2000 Bonds on a parity with the lien of the Prior Bonds. There are no outstanding obligations of the Issuer other than the Prior Bonds which will rank either senior and prior to or on parity with the Series 2000 Bonds as to liens and sources of and security for payment.

K. The Series 2000 Bonds shall be issued with a lien on the Net Revenues, as hereinafter defined, on a parity with the lien held by the Holders of the Prior Bonds.

L. The Issuer has complied with all requirements of West Virginia law and the Bond Purchase Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, and issuance of the Series 2000 Bonds or will have so complied prior to issuance of any thereof, including, among other things, the approval by the Council (as hereinafter defined) of the Project and the financing thereof and the obtaining of a Certificate of Public Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which has expired prior to the issuance of the Series 2000 Bonds or has been waived by all necessary parties.

M. The Project has been reviewed and determined to be technically and financially feasible by the Council (as hereinafter defined) as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Bonds, as the case may be, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Section 3.02. Terms of Bonds. The Series 2000 Bonds shall bear interest, if any, at such rate or rates, not exceeding the then legal maximum, payable quarterly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution or as specifically provided in the Bond Purchase Agreement. The Series 2000 Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Series 2000 Bonds, if any, shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Series 2000 Bonds shall be issued in the form of a single bond, fully registered to the Authority, with a record of advances and a debt service schedule attached, representing the aggregate principal amount of the Series 2000 Bonds, and shall mature in principal installments, all as provided in the Supplemental Resolution. The Series 2000 Bonds shall be exchangeable at the option and expense of the Holder for other fully registered Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. The Bonds shall be dated as of the date specified in a Supplemental Resolution and shall bear interest, if any, as provided in such Supplemental Resolution.

Section 3.03. Execution of Bonds. The Series 2000 Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed any of the Series 2000 Bonds shall cease to be such officer of the Issuer before the Series 2000 Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2000 Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2000 Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2000 Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2000 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting any of said Series 2000 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bond shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Series 2000 Bonds remain Outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain the books for the registration and transfer of the Series 2000 Bonds.

The registered Series 2000 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2000 Bonds or transferring the registered Series 2000 Bonds are exercised, Series 2000 Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2000 Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Series 2000 Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and

the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2000 Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2000 Bonds or, in the case of any proposed redemption of Series 2000 Bonds, next preceding the date of the selection of Series 2000 Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2000 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2000 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Series 2000 Bonds Reserve Account. No holder or holders of any of the Series 2000 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2000 Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues, Lien Positions With Respect to Prior Bonds. The payment of the debt service of all the Series 2000 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Prior Bonds and the Series 2000 Bonds and to make the payments into the Sinking Funds and the Reserve Accounts therein, are hereby irrevocably pledged to the payment of the principal of and interest on the Prior Bonds and the Series 2000 Bonds as the same become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2000 Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 2000 Bonds to the original purchasers upon receipt of the documents set forth below:

B. A request and authorization to the Bond Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2000 Bonds to the original purchasers;

C. An executed and certified copy of the Bond Legislation;

D. An executed copy of the Bond Purchase Agreement; and

Section 3.10. Form of Series 2000 Bonds. The text of the Series 2000 Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

All investment earnings on moneys in the Series 2000 Bonds Sinking Fund and Series 2000 Bonds Reserve Account (if equal to at least the Series 2000 Bonds Reserve Requirement) shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Series 2000 Bonds Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2000 Bonds, and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2000 Bonds Reserve Account which result in a reduction in the balance of the Series 2000 Bonds Reserve Account to below the Series 2000 Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2000 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Series 2000 Bonds Sinking Fund, including the Series 2000 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2000 Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal,

interest and reserve account payments with respect to the Series 2000 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. Surplus Revenues may be used for any lawful purpose of the System.

F. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in all funds and accounts with the Depository Bank shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

Moneys in the Series 2000 Bonds Construction Trust Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Series 2000 Bonds.

Section 6.02. Disbursements From the Series 2000 Bonds Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the DEP and the Authority a report listing the specific purposes for which the proceeds of the Series 2000 Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2000 Bonds Construction Trust Fund (except for costs of issuance of the Series 2000 Bonds which shall be paid upon the request of the Issuer) shall be made only after submission to, and approval from, the Authority and DEP of the following:

A. A "Payment Requisition Form," the form of which is attached to the Bond Purchase Agreement as Exhibit C, in compliance with the construction schedule; and

B. A certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

1. None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

2. Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

3. Each of such costs has been otherwise properly incurred; and

4. Payment for each of the items proposed is then due and owing.

All payments made from the Series 2000 Bonds Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Series 2000 Bonds Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Series 2000 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Depository Bank shall transfer any moneys remaining in the Series 2000 Bonds Construction Trust Fund to the Series 2000 Bonds Reserve Account, and when fully funded any such remaining moneys shall be expended as directed by the Authority and DEP.

ARTICLE VII ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2000 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2000 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Series 2000 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Series 2000 Bonds not to be Indebtedness of the Issuer. The Series 2000 Bonds shall not be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any of the Series 2000 Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest, if any, thereon.

Section 7.03. Series 2000 Bonds Secured by Pledge of Net Revenues; Lien Positions With Respect to Prior Bonds. The payment of the debt service of the Series 2000 Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System on a parity with the lien on such Net Revenues in favor of the Holders of the Prior Bonds. Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest, if any, on the Prior Bonds and the Series 2000 Bonds and to make the payments into all funds and accounts, and all other payments provided for in the Bond Legislation and the Prior Resolution are hereby irrevocably pledged, in the manner provided herein, to such payments as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Bond Purchase Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered November 15, 1994, in Case No. 94-0110-PSD-42A, and such rates are hereby adopted.

So long as the Series 2000 Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Bond Purchase Agreement. In the event the schedule of rates and charges initially established for the System in connection with the Series 2000 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner

authorized by law, immediately adjust and increase such schedule of rates and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Bond Purchase Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolution. Additionally, so long as the Series 2000 Bonds are Outstanding and except as otherwise required by law or with the written consent of the Authority and the DEP, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Prior Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall immediately be remitted to the Commission for deposit in the Series 2000 Bonds Sinking Fund, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2000 Bonds. Any balance remaining after the payment of the Series 2000 Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property shall be deposited in the Renewal and Replacement Fund. Such payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07, so long as any of the Series 2000 Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2000 Bonds. All obligations issued by the Issuer after the issuance of the Series 2000 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2000 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein at the time of the issuance of such subordinate obligations have been made and are current. Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2000 Bonds, and the interest thereon, if any, upon any of the income and revenues of the System pledged for payment of the Series 2000 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as any of the Prior Bonds are Outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolution shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2000 Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2000 Bonds, and must have the prior written consent of the Authority and the DEP.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, improvements or betterments to the System or refunding one or more series of the Prior Bonds and/or the Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion required in the Prior Resolution, so long as the Prior Bonds are outstanding, and thereafter, when the Prior Bonds are no longer outstanding, or if the parity requirement is waived by the Holders of the Prior Bonds, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the said Independent Certified Public Accountants on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2000 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2000 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation and the Prior Resolution with respect to the Series 2000 Bonds and Prior Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery

of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books, Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds requesting the same, an annual report containing the following:

- A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.
- B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation with respect to said Bonds and the status of all said funds and accounts.
- C. The amount of any Bonds or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Bond Purchase Agreement and this Bond Legislation, and that the Issuer's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Bond Purchase Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Bond Purchase Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2000 Bonds, equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2000 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2000 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit, respectively, in the Series 2000 Bonds Reserve Account and reserve accounts for

obligations on a parity with the Series 2000 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2000 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2000 Bonds including the Prior Bonds.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. The Issuer, by the unanimous consent and approval of the Governing Body, may amend the budget during the subject Fiscal Year provided that the budget remains balanced after such amendment. If the budget is so amended, a copy of the amended budget shall be submitted to the Authority and the DEP within 15 days of the adoption of such amendment. After the adoption of any such amendment, the budget, as amended, shall be the budget of the Issuer for the balance of the subject Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget, any amendments thereto and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets, any amendments thereto and resolutions be furnished him or her and shall make available such budgets, any amendments thereto and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Bond Purchase Agreement as Exhibit B, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate from the Consulting Engineers in the form attached to the Bond Purchase Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Bond Purchase Agreement as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System so long as the Series 2000 Bonds are Outstanding. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services

of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. The Issuer will carry such insurance and in such amounts as is customarily carried with respect to works and properties similar to the System, with a reputable insurance carrier or carriers, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority and the DEP, so long as the Authority is the Owner of the Bonds. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their interests may appear, in accordance with the Bond Purchase Agreement, during construction of the Project in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. The Issuer shall carry such other insurance as is required by the Authority and DEP and as set forth in the Bond Purchase Agreement, including but not limited to flood insurance and business interruption insurance, to the extent available at reasonable cost to the Issuer. The Issuer shall verify such insurance prior to commencement of construction.

The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Division of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Division of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all Federal and state requirements and standards.

The Issuer has obtained all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the West Virginia Infrastructure and Jobs Development Council necessary for the acquisition and construction of the Project and the operation of the System, and all approvals for issuance of the Series 2000 Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance With Bond Purchase Agreement and Law. The Issuer shall perform, satisfy and comply with all terms and conditions of the Bond Purchase Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with all copies submitted to the Authority.

The Issuer also agrees to comply with the Act and all applicable laws, rules and regulations issued by the Authority, the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

Section 7.20. Covenants with Respect to Erosion and Wetlands. The Issuer covenants and agrees that the Project shall not contribute to excessive erosion of highly erodible land or conversion of wetlands to produce an agricultural commodity.

Section 7.21. Contracts; Public Releases.

A. The Issuer shall, simultaneously with the delivery of the Series 2000 Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

B. The Issuer shall submit all proposed change orders to the DEP for written approval. The Issuer shall obtain the written approval of the DEP before expending any proceeds of the Series 2000 Bonds held in "contingency" as set forth in the amended schedule attached to the Certificate of the Consulting Engineer. ARTICLE VIII INVESTMENT OF FUNDS

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein, and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts, and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding.

The Issuer shall deliver a certificate as to use of proceeds or other similar certificate to be prepared by nationally recognized bond counsel relating to restrictions on the use of proceeds of the Series 2000 Bonds as a condition to issuance of the Series 2000 Bonds. In addition, the Issuer covenants (i) to comply with the Code and all Regulations from time to time in effect and applicable to the Series 2000 Bonds as may be necessary in order to maintain the status of the Series 2000 Bonds as governmental bonds; (ii) that it shall not take, or permit or suffer to be taken, any action with respect to the Issuer's use of the proceeds of the Series 2000 Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Code, issued by the Authority, the Council or the DEP, as the case may be, from which the proceeds of the Series 2000 Bonds are derived, to lose their status as tax-exempt bonds; and (iii) to take such action, or refrain from taking such action, as shall be deemed necessary by the Issuer, or requested by the Authority, the Council or the DEP, to ensure compliance with the covenants and agreements set forth

in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer's use of the proceeds of the Series 2000 Bonds and any additional information requested by the Authority.

ARTICLE IX DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an “Event of Default” with respect to the Series 2000 Bonds:

A. If default occurs in the due and punctual payment of the principal of or interest, if any, on the Series 2000 Bonds; or

B. If default occurs in the Issuer’s observance of any of the covenants, agreements or conditions on its part relating to the Series 2000 Bonds, set forth in this Bond Legislation, any supplemental resolution or in the Series 2000 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

C. If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

D. If default occurs with respect to the Prior Bonds or the Prior Resolution.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Holders of the Bonds, including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Holders of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided that all rights and remedies of the Holders of the Series 2000 Bonds shall be on a parity with the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Holder of a Bond, may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Holder of a Bond, shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby

established, and to apply such rates, rentals, fees, charges or other avenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Holder of any Bonds, shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Holders of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds, and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

Prior to commencing operation of the Project, the Local Government must also obtain, and maintain so long as any of the Local Bonds are outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Local Government shall provide and maintain competent and adequate engineering services satisfactory to the Authority and DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, DEP and the Local Government at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies. The Local Government shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Local Government shall notify DEP in writing of such receipt. The Local Government shall submit a Performance Certificate, the form of which is attached hereto as Exhibit A, and being incorporated herein by reference, to DEP within 60 days of the end of the first year after the Project is completed.

2.10 The Local Government shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to DEP when the Project is 90% completed. The Local Government shall at all times provide operation and maintenance of the System in compliance with any and all State and federal standards. The Local Government shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator(s) to operate the System during the entire term of this Bond Purchase Agreement. The Local Government shall notify DEP in writing of the certified operator employed at the 50% completion stage.

2.11 The Local Government hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Authority, DEP or other State, federal

or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

2.12 The Local Government, commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, shall each month complete a Monthly Financial Report, the form of which is attached hereto as Exhibit B and incorporated herein by reference, and forward a copy by the 10th of each month to the DEP.

2.13 The Local Government, during construction of the Project, shall complete Payment Requisition Forms, the form of which is attached hereto as Exhibit C and incorporated herein by reference, and forward such forms to DEP in compliance with the Local Government's construction schedule.

ARTICLE III

Conditions to Purchase of Local Bonds; Issuance of Local Bonds

3.1 The agreement of the Authority and DEP to purchase the Local Bonds is subject to the Local Government's fulfillment, to the satisfaction of the Authority and DEP, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Local Government shall have delivered to the Authority and DEP a report listing the specific purposes for which the proceeds of the Local Bonds will be expended and the procedures as to the disbursement of bond proceeds, including an estimated monthly draw schedule;

(b) The Local Government shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Bond Purchase Agreement;

(c) The Local Government shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(d) The Local Government shall either have received bids or entered into contracts for the construction of the Project, which are in an amount and otherwise compatible with the plan of financing described in the Application; provided that, if the proceeds of the Local Bonds will refund an interim construction financing, the Local Government must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority and DEP shall have received a certificate of the Consulting Engineers to such effect, the form of which certificate is attached hereto as Exhibit D;

(e) The Local Government shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority and DEP shall have received a certificate of the Consulting Engineers to such effect;

(f) The Local Government shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") and the West Virginia Infrastructure and Jobs Development Council necessary for the construction of the Project and operation of the System, with all requisite appeal periods having expired without successful appeal and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(g) The Local Government shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(h) The Local Government shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project), with all requisite appeal periods having expired without successful appeal, and the Authority and DEP shall have received an opinion of counsel to the Local Government, which may be local counsel to the Local Government, bond counsel or special PSC counsel but must be satisfactory to the Authority and DEP, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof, and the Authority and

DEP shall have received a certificate of the accountant for the Local Government, or such other person or firm experienced in the finances of local governments and satisfactory to the Authority and DEP, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority and DEP shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of wastewater treatment projects and satisfactory to the Authority and DEP, to such effect, such certificate to be in form and substance satisfactory to the Authority and DEP, and evidence satisfactory to the Authority and DEP of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Bond Purchase Agreement, the rules and regulations promulgated by the Authority and DEP, including the SRF Regulations, or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall purchase the Local Bonds of the Local Government and the Local Government shall issue and sell the Local Bonds to the Authority, and in furtherance thereof it is agreed that the Local Government shall sell to the Authority and the Authority shall purchase the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Local Bonds shall be secured and shall be repaid in the manner hereinafter provided in this Bond Purchase Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Government by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, DEP and the Local Government. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Closing." Notwithstanding the foregoing, the Date of Closing shall in no event occur more than ninety (90) days after the date of execution of this Bond Purchase Agreement by the Authority.

3.5 The Local Government understands and acknowledges that it is one of several local governments which have applied to the Authority and DEP for financing of wastewater treatment projects and that the obligation of the Authority to purchase the Local Bonds is subject to the Local Government's fulfilling all of the terms and conditions of this Bond Purchase Agreement on or prior to the Date of Closing and to the requirements of the Program. The Local Government specifically recognizes that the Authority will not purchase the Local Bonds unless and until sufficient funds are available in the Fund to purchase all the Local Bonds and that, prior to such purchase, the Authority may purchase the bonds of other local governments set out in the State Project Priority List, as defined in the SRF Regulations. The Local Government further specifically recognizes that all bonds will be purchased in conjunction with the SRF Regulations and with the prior approval of DEP.

3.6 The Local Government shall provide DEP with the appropriate documentation to comply with the special conditions regarding the public release and audit requirements, established by federal and State regulations as set forth in Exhibit E attached hereto at such times as are set forth therein.

ARTICLE IV

Local Bonds; Security for Local Bonds;
Repayment of Local Bonds; Interest on Local Bonds;
Fees and Charges

4.1 The Local Government shall, as one of the conditions of the Authority and DEP to purchase the Local Bonds, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Local Government in accordance with the Local Statute, which shall, as adopted or enacted, contain provisions and covenants in substantially the form as follows:

(a) That the gross revenues of the System shall always be used for purposes of the System. Such gross revenues will be used monthly, in the order of priority listed below:

- (i) to pay Operating Expenses of the System;
- (ii) to the extent not otherwise limited by any outstanding loan resolution, indenture or other act or document and beginning on the date set forth in Schedule X, to provide debt service on the Local Bonds by depositing in a sinking fund one-third (1/3)

of the interest payment next coming due on the Local Bonds and one-third (1/3) of the principal payment next coming due on the Local Bonds and, beginning three (3) months prior to the first date of payment of principal of the Local Bonds, if the reserve account for the Local Bonds (the "Reserve Account") was not funded from proceeds of the Local Bonds or otherwise concurrently with the issuance thereof in an amount equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement"), by depositing in the Reserve Account an amount not less than one-twelfth (1/12) of one-tenth (1/10) of the Reserve Requirement or, if the Reserve Account has been so funded (whether by Local Bond proceeds, monthly deposits or otherwise), any amount necessary to maintain the Reserve Account at the Reserve Requirement;

(iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the net or gross revenues of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or

parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Local Government shall complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or the SRF Regulations, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole or substantially as a whole, provided that the net proceeds to be realized from such sale, mortgage, lease or other disposition shall be sufficient to fully pay all of the Local Bonds outstanding and further provided that portions of the System when no longer required for the ongoing operation of such System as evidenced by certificates from the Consulting Engineer, may be disposed of with such restrictions as are normally contained in such covenants;

(v) That the Local Government shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds and with the prior written consent of the Authority and DEP; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Local Government will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Local Government will not render any free services of the System;

(viii) That the Authority may, by proper legal action, compel the performance of the duties of the Local Government under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or

construction of the Project, or both, as provided by law and all rights as set forth in Section 5 of the Act;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that the Local Government is in compliance with the terms and provisions of the Local Act and this Bond Purchase Agreement and that the Local Government's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

(xvi) That the West Virginia Municipal Bond Commission (the "Commission") shall serve as paying agent for all Local Bonds;

(xvii) That the Local Government shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payment. The Local Government shall complete the Monthly Payment Form, attached hereto as Exhibit F and incorporated herein by reference, and submit a copy of said form along with a copy of the check or electronic transfer to the Authority by the 5th day of such calendar month;

(xviii) That, unless it qualifies for an exception to the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, which exception shall be set forth in an opinion of bond counsel, the Local Government will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Internal Revenue Code of 1986, as amended, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xix) That the Local Government shall have obtained the certificate of the Consulting Engineers to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority and DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and DEP is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

(xx) That the Local Government shall, to the full extent permitted by applicable law and the rules and regulations of the PSC, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Local Government, then the Local Government shall enter into a termination agreement with the water provider; and

(xxi) That the Local Government shall submit all proposed change orders to the DEP for written approval. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds held in "contingency" as set forth in the final Schedule A attached to the certificate of the Consulting

Engineer. The Local Government shall obtain the written approval of the DEP before expending any proceeds of the Local Bonds available due to bid/construction/project underruns.

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Local Bonds shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Closing. The remaining proceeds of the Local Bonds shall be advanced by the Authority monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to purchase the Local Bonds shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to purchase the Local Bonds.

ARTICLE V

Certain Covenants of the Local Government; Imposition and Collection of User Charges; Payments To Be Made by Local Government to the Authority

5.1 The Local Government hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Bond Purchase Agreement and the Local Act. The Local Government hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to purchase the Local Bonds, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System and will take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and in compliance with the provisions of Subsections 4.1(a) and 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement, the Local Government hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges (or where applicable, immediately file with the PSC for a rate increase) and take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Local Act and this Bond Purchase Agreement.

5.3 In the event the Local Government defaults in any payment due to the Authority pursuant to Section 4.2 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Local Bonds next due, from the date of the default until the date of the payment thereof.

5.4 The Local Government hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Local Government, the Authority may exercise any or all of the rights and powers granted under Section 5 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

ARTICLE VI

Other Agreements of the Local Government

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by the Local Government in the terms and covenants of this Bond Purchase Agreement, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Bond Purchase Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this Bond Purchase Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's purchasing and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this Bond Purchase Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the issuance of the Local Bonds shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the SRF Regulations or this Bond Purchase Agreement.

6.3 The Local Government hereby agrees to repay on or prior to the Date of Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Local Bonds.

6.4 The Local Government hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Government fails to make any such rebates as required, then the Local Government shall pay any and all penalties,

obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and DEP may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local Government to be monitored or cause the rebate calculations for the Local Government to be prepared, in either case at the expense of the Local Government.

6.6 The Local Government hereby agrees to give the Authority and DEP prior written notice of the issuance by it of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.7 The Local Government hereby agrees to file with the Authority and DEP upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

Miscellaneous

7.1 Schedules X and Y shall be attached to this Bond Purchase Agreement by the Authority as soon as practicable after the Date of Closing is established and shall be approved by an official action of the Local Government supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.2 If any provision of this Bond Purchase Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Bond Purchase Agreement, and this Bond Purchase Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.3 This Bond Purchase Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Bond Purchase Agreement.

7.4 No waiver by any party of any term or condition of this Bond Purchase Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor

shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Bond Purchase Agreement.

7.5 This Bond Purchase Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Local Bonds and constitutes the entire agreement between the parties hereto in respect thereof.

7.6 By execution and delivery of this Bond Purchase Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Bond Purchase Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Local Bonds and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Local Bonds purchased under this Bond Purchase Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to purchase the Local Bonds. In the event funds are not appropriated or otherwise available to purchase all of the Local Bonds, the responsibility of the Authority and DEP to purchase the Local Bonds is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Local Bonds is not terminated due to such non-funding on any balance of the Local Bonds. The DEP agrees to use its best efforts to have the amount contemplated under this Bond Purchase Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this Bond Purchase Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Bond Purchase Agreement to be executed by their respective duly authorized officers as of the date executed below by the Authority.

Instructions for Completing Monthly Financial Report

1. You will need a copy of the current fiscal year budget adopted by the Local Government to complete Items 1 and 2. In Item 1, provide the amount of actual gross revenues for the current month and the total amount year to date in the respective columns. Divide the budgeted annual gross revenues by 12. For example, if gross revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($1200/12$). This is the incremental amount for the Budget Year to Date column.
2. In Item 2, provide the amount of actual operating expenses for the current month and the total amount year to date in the respective columns. The SRF administrative fee should be included in the operating expenses. Divide the budgeted annual operating expenses by 12. For example, if operating expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($900/12$). This is the incremental amount for the Budget Year to Date column.
3. In Item 3, provide the principal, interest and reserve account payments for all the outstanding bonds of the Local Government other than this Bond.
4. In Item 4, provide the principal, interest and reserve account payments for this Bond. You need to call the Municipal Bond Commission for the exact amount of these payments and when they begin.
5. In Item 5, provide the amount deposited into the Renewal and Replacement Fund each month. This amount is equal to 2.5% of gross revenues minus the total reserve account payments included in Items 3 and 4. If gross revenues are \$12,000, the Renewal and Replacement Fund should have an amount of \$300 (2.5% of \$12,000), LESS the amount of all reserve account payments in Items 3 & 4. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Local Government.
6. The Local Government must complete the Monthly Financial Report and forward it to the DEP by the 10th day of each month, commencing on the date contracts are executed for the construction of the Project and for 2 years following the completion of the Project. DEP will notify the Local Government when the Monthly Financial Report no longer needs to be filed.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the

The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government enforceable in accordance with the terms thereof.

2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.

3. The Local Government is a duly organized and presently existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid and legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

**PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON**

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 14th day of December, 2000.

CASE NO. 00-0198-PSD-ECN [REOPENED]

UNION WILLIAMS PUBLIC SERVICE DISTRICT,
a public utility.

Petition to reopen proceeding filed by District for Commission approval of the final project budget and the reduced loan amount for the project.

COMMISSION ORDER

On December 1, 2000, the Union Williams Public Service District (District) filed a petition to reopen its certificate proceeding for consent and approval of the final budget and the reduced loan amount of the project. The Commission granted the District a certificate of convenience and necessity to construct and operate sewer system extensions to serve the Pleasants County Industrial Park and to serve the Cabot Corporation's plant in an order issued on March 28, 2000.

Subsequently, the project budget and the related funding that was approved by the Commission in its March 28, 2000, order has been decreased. More specifically, the project cost was originally estimated at \$463,500 and has now been revised to reflect a project cost of \$412,000. Technical Staff noted that the \$412,000 cost of the project includes excess funds which will allow the District to purchase additional maintenance vehicles and equipment totaling \$62,742. The District is requesting approval to use the excess funds to purchase the equipment as detailed in the District's petition.

The March 28, 2000, order approved the permanent financing of the project in the form of a loan from the State Revolving Fund as administered by the West Virginia Department of Environmental Protection in an amount not to exceed \$463,500 at an interest rate not to exceed 0% with a 0.5% administrative fee for a term not to exceed thirty years. Because the project costs have been decreased, the State Revolving Fund loan has been decreased by \$51,500, to a loan amount of \$412,000, with the loan parameters remaining the same as already approved.

Technical Staff noted due to the reduction in debt service requirements, the decrease in the amount of the loan will create an additional surplus of approximately \$2,044 per year. Technical Staff stated that in its opinion the increase in surplus is minimal and, therefore, will have no impact on rates. Technical Staff noted that the District's rates were not increased in the original proceeding as approved in the March 28, 2000, order. Technical Staff attached to its Initial and Final Internal Memorandum its cash flow analysis.

The District noted that the project was determined to be an emergency by the West Virginia Infrastructure and Jobs Development Council and, as such, the processing of the case was expedited and the closing of the permanent financing was deferred. Interim financing was made through WesBanco. The District further noted that the project construction has been completed, and the closing of the permanent financing is scheduled for December 15, 2000. Thus, the District requests that the Commission review and approve its request quickly so that the District does not have to delay the closing.¹

Based on all of the above, Technical Staff recommended the following:

- (1) The District's petition to reopen the proceeding for the approval of revised project costs in the amount of \$412,000 be approved.
- (2) The revised funding be approved to consist of a State Revolving Fund loan not to exceed \$412,000 at an interest rate not to exceed 0% with an administrative fee not to exceed 0.5% for a term not to exceed 30 years.
- (3) The District's request to use the excess funds in the amount of \$62,742 to purchase additional maintenance vehicles and equipment as detailed in the District's petition be approved.
- (4) If there are any further changes in the plans, scope, or terms of financing of the project, the District should request a reopening of the certificate proceedings for adjustments and approval.

Commission Staff further recommended that since the District has requested an expedited review, the Commission should retain this matter for resolution.

¹The District noted that interest on the interim financing account cost the District \$81.36 per day.

DISCUSSION

The Commission concludes Staff's recommendations are fair and reasonable. Thus, the Commission finds that the District's petition to reopen should be granted and the revised project costs and corresponding decrease in loan amount should be approved. The Commission also finds that the District's request to use the excess funds to purchase additional maintenance vehicles and equipment as detailed in the District's petition should be approved. However, this approval regarding the use of the excess funds to purchase additional maintenance vehicles and equipment is contingent upon the District obtaining approval of the use of these funds in this manner from the entity loaning the money to the District.

FINDINGS OF FACT

1. The Commission granted the District a certificate of convenience and necessity to construct and operate sewer system extensions to serve the Pleasants County Industrial Park and to serve the Cabot Corporation's plant in an order issued on March 28, 2000.
2. Subsequently, the project budget and the related funding that was approved by the Commission in its March 28, 2000, order has been decreased. Letter from the District (petitioning to reopen) filed December 1, 2000.
3. The project cost was originally estimated at \$463,500 and has now been revised to reflect a project cost of \$412,000. Initial and Final Internal Memorandum attached to Final Joint Staff Memorandum filed December 5, 2000.
4. The \$412,000 cost of the project includes excess funds which will allow the District to purchase additional maintenance vehicles and equipment totaling \$62,742. The District is requesting approval to use the excess funds to purchase the equipment as detailed in the District's petition. Id.
5. The March 28, 2000, order approved the permanent financing of the project in the form of a loan from the State Revolving Fund as administered by the West Virginia Department of Environmental Protection in an amount not to exceed \$463,500 at an interest rate not to exceed 0% with a 0.5% administrative fee for a term not to exceed 30 years.
6. Because the project costs have been decreased, the State Revolving Fund loan has been decreased by \$51,500, to a loan amount of \$412,000, with the loan parameters remaining the same as already approved. Initial and Final Internal Memorandum attached to Final Joint Staff Memorandum filed December 5, 2000.

7. Technical Staff noted that due to the reduction in debt service requirements, the decrease in the amount of the loan will create an additional surplus of approximately \$2,044 per year. Technical Staff stated that in its opinion the increase in surplus is minimal and therefore will have no impact on rates. Technical Staff noted that the District's rates were not increased in the original proceeding as approved in the March 28, 2000, order. Technical Staff attached to its Initial and Final Internal Memorandum its cash flow analysis. Id.

8. Technical Staff recommended the following:

- (1) The District's petition to reopen the proceeding for the approval of revised project costs in the amount of \$412,000 be approved.
- (2) The revised funding be approved to consist of a State Revolving Fund loan not to exceed \$412,000 at an interest rate not to exceed 0% with an administrative fee not to exceed 0.5% for a term not to exceed 30 years.
- (3) The District's request to use the excess funds in the amount of \$62,742 to purchase additional maintenance vehicles and equipment as detailed in the District's petition be approved.
- (4) If there are any further changes in the plans, scope, or terms of financing of the project, the District should request a reopening of the certificate proceedings for adjustments and approval. Id.

CONCLUSIONS OF LAW

1. The Commission concludes it is fair and reasonable to approve the revised budget and funding as requested by the District.

2. The Commission concludes it is fair and reasonable to approve the District's request to use the excess funds to purchase additional maintenance vehicles and equipment as detailed in the District's petition contingent upon the District obtaining approval from the entity from whom it is borrowing the money to purchase the additional maintenance vehicles and equipment.

ORDER

IT IS THEREFORE ORDERED that the District's petition to reopen be granted.

IT IS FURTHER ORDERED that revised project costs in the amount of \$412,000 shall be, and hereby is, approved.

IT IS FURTHER ORDERED that the revised funding shall be, and hereby, is approved to consist of a State Revolving Fund loan not to exceed \$412,000 at an interest rate not to exceed 0% with an administrative fee not to exceed 0.5% for a term not to exceed 30 years.

IT IS FURTHER ORDERED that the District's request to use the excess funds in the amount of \$62,742 to purchase additional maintenance vehicles and equipment as detailed in the District's petition shall be, and hereby is, approved contingent upon the District obtaining approval from the entity from whom it is borrowing the money to purchase the additional maintenance vehicles and equipment.

IT IS FURTHER ORDERED that if there are any further changes in the plans, scope, or terms of financing of the project, the District must request a reopening of the certificate proceedings for adjustments and approval.

PUBLIC SERVICE COMMISSION
OF WEST VIRGINIA
CHARLESTON

At a session of the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA in the City of Charleston on the 28th day of March, 2000.

CASE NO. 00-0198-PSD-ECN

UNION WILLIAMS PUBLIC SERVICE DISTRICT, a public utility.

Application for a certificate of convenience and necessity to construct and operate sewer system extensions to serve three new customers along Route 2 in Pleasants County.

COMMISSION ORDER

On February 8, 2000, the Union Williams Public Service District (UWPSD) filed an application for a certificate of public convenience and necessity to construct and operate sewer system extensions to serve the Pleasants County Industrial Park (PCIP), and to serve Cabot Corporation's plant, which is located north of the PCIP. The PCIP is located north of Waverly, West Virginia, on State Route 2. The UWPSD's proposed extension to the PCIP will serve two new customers -- Gap Industries, and SimEx (a subsidiary of Simonton Windows). In its application, the UWPSD noted that it currently operates a sewer collection system and treatment plant at Waverly. Preliminary Engineering Report (Oct. 1999), at 1-2. The UWPSD noted that its proposed sewer extension project has been determined to be an emergency project by the West Virginia Infrastructure and Jobs Development Council (WVIJDC), subject to expedited processing under W. Va. Code § 31-15A-8.

By Order entered February 8, 2000, the Commission directed the UWPSD to publish notice of its certificate application once, in a newspaper duly qualified by the Secretary of State, published and of general circulation in Pleasants County, and to file proof of publication immediately thereafter. Persons wishing to object were required to file written objections within 30 days following publication of the notice. The notice further stated that, if no protests were received within the 30-day protest period, the Commission may waive formal hearing and grant the certificate based on the evidence submitted with the certificate application.

On February 25, 2000, the UWPSD filed an affidavit of publication indicating that notice of its application for a certificate was published on February 12, 2000, in the Pleasants County Leader.

On March 9, 2000, Commission Staff (Staff) filed an Initial Joint Staff Memorandum, advising that the UWPSD's proposed sewer extension project involves construction of one lift station, two vacuum valves, approximately 4,000 feet of six-inch vacuum sewer mains, and 4,400 feet of three-inch pressure force mains. In addition, Staff noted that Cabot Corporation has agreed to pay a special contract rate of \$284 per month for 30 years, in addition to the UWPSD's tariffed monthly rate. The proposed project's cost was estimated to be \$463,500, to be financed by a 0% interest loan from the West Virginia Division of Environmental Protection's State Revolving Fund (SRF), not to exceed \$500,000. The SRF loan will have an annual ½% administrative fee over its term, which will not exceed 30 years. WesBanco of Parkersburg will provide interim financing at a variable interest rates, tied to WesBanco's base rate, currently 8.75%, and subject to repricing daily. Staff advised that the following items were needed before it could provide a final recommendation: (1) an Exhibit pursuant to Rule 42 of the Commission's Rules and Regulations for the Government of the Construction and Filing of Tariffs of Public Utilities and Common Carriers by Motor Vehicle, 150 C.S.R. Series 2 (Tariff Rules); (2) funding letters from WesBanco and the SRF signed by UWPSD; (3) a special contract signed by both the UWPSD and Cabot Corporation, to be filed in accordance with Tariff Rule 39. Further, Staff advised that no engineering issues are involved and that it could issue its final recommendation once the necessary information was received. Staff recommended that the Commission should retain this proceeding for prompt disposition.

On March 17, 2000, Staff filed a Final Joint Staff Memorandum advising that the UWPSD had filed all the outstanding information referenced in Staff's February 8, 2000, memorandum, with the exception of the executed contract between the UWPSD and Cabot Corporation.

On March 21, 2000, the UWPSD filed a letter enclosing certain information and formally requesting that the Commission waive Tariff Rule 42. The UWPSD further advised that it had prepared, and presented for execution to Cabot Corporation, a formal contract providing for the special \$284 monthly surcharge over 30 years, and would file a copy of the contract with the Commission as soon as it is available.

On March 24, 2000, Staff filed a Final Joint Staff Memorandum advising that it had received and reviewed a copy of the contract between the UWPSD and Cabot Corporation. Staff noted that it had one substantive change, namely the deletion of Section 2.2, "Capacity," from the proposed agreement. Based on all information submitted to date, Staff recommended that the Commission should: (1) grant the UWPSD a certificate for the

proposed sewer extension project; (2) approve the financing for the project; and (3) direct the UWPSD to file, within 20 days, both an executed copy of the revised agreement with Cabot Corporation (i.e., with Section 2.2 deleted) and a tariff sheet removing the proposed monthly surcharge applicable to Cabot Corporation. Finally, Staff suggested that the Commission should remind the UWPSD that it needs to seek immediate Commission approval of any changes in either the engineering plans for the proposed project, the scope of the proposed project, the terms of financing or any changes in cost.

On March 27, 2000, the UWPSD filed a letter with the Commission, via telefacsimile, advising that it had no objection to revising its tariff to exclude the proposed monthly surcharge applicable to Cabot Corporation. The UWPSD therefore requested that its existing tariff remain in effect.

The applicable protest period expired on March 13, 2000. No protests to the proposed sewer extension project were filed with the Commission.

DISCUSSION

In light of the parties' resolution of the only outstanding issue in this proceeding, namely how the special monthly surcharge to be paid by Cabot Corporation should be treated (as a special contract rather than a tariffed charge), and in light of the lack of protest to the proposed sewer extension project, the Commission concludes: (1) that hearing on the UWPSD's certificate application should be waived; (2) that the UWPSD's request for a waiver of Tariff Rule 42 should be granted; (3) that the UWPSD's certificate application should be approved and a certificate for the proposed sewer extension project granted; (4) that the proposed financing for the sewer extension project should be approved; and (5) that the UWPSD should be required to file, within 20 days after the date of entry of this Order, an executed copy of its special contract with Cabot Corporation, as modified in accordance with Staff's recommendation.

FINDINGS OF FACT

1. On February 8, 2000, the UWPSD filed an application for a certificate of public convenience and necessity to construct and operate sewer system extensions to serve the PCIP, and to serve Cabot Corporation's plant, which is located north of the PCIP.

2. The UWPSD's proposed sewer extension project involves construction of one lift station, two vacuum valves, approximately 4,000 feet of six-inch vacuum sewer mains, and 4,400 feet of three-inch pressure force mains. In addition, Cabot Corporation has agreed to pay a special contract rate of \$284 per month for 30 years, in addition to the UWPSD's tariffed monthly rate.

3. The proposed project's cost was estimated to be \$463,500, to be financed by a 0% interest SRF loan, not to exceed \$500,000. The SRF loan will have an annual ½% administrative fee over its term, which will not exceed 30 years. WesBanco of Parkersburg will provide interim financing at a variable interest rates, tied to WesBanco's base rate, currently 8.75%, and subject to repricing daily.

4. On February 25, 2000, the UWPSD filed an affidavit of publication indicating that notice of its application for a certificate was published on February 12, 2000, in the Pleasants County Leader.

5. On March 21, 2000, the UWPSD filed a letter enclosing certain information and formally requesting that the Commission waive Tariff Rule 42. The UWPSD further advised that it had prepared, and presented for execution to Cabot Corporation, a formal contract providing for the special \$284 monthly surcharge over 30 years, and would file a copy of the contract with the Commission as soon as it is available.

6. On March 24, 2000, Staff filed a Final Joint Staff Memorandum advising that it had received and reviewed a copy of the contract between the UWPSD and Cabot Corporation. Staff noted that it had one substantive change, namely the deletion of Section 2.2, "Capacity," from the proposed agreement. Based on all information submitted to date, Staff recommended that the Commission should: (1) grant the UWPSD a certificate for the proposed sewer extension project; (2) approve the financing for the project; and (3) direct the UWPSD to file, within 20 days, both an executed copy of the revised agreement with Cabot Corporation (i.e., with Section 2.2 deleted) and a tariff sheet removing the proposed monthly surcharge applicable to Cabot Corporation.

7. On March 27, 2000, the UWPSD filed a letter with the Commission, via telefacsimile, advising that it had no objection to revising its tariff to exclude the proposed monthly surcharge applicable to Cabot Corporation. The UWPSD therefore requested that its existing tariff remain in effect.

8. The applicable protest period expired on March 13, 2000. No protests to the proposed sewer extension project were filed with the Commission.

9. The Commission adopts, as if fully restated, all recitals of fact set forth herein.

CONCLUSIONS OF LAW

1. A hearing on the UWPSD's certificate application should be waived in light of the lack of protest regarding the proposed sewer extension project.

2. The UWPSD's request for a waiver of Tariff Rule 42 should be granted.
3. The UWPSD's certificate application should be approved and a certificate for the proposed sewer extension project granted.
4. The proposed financing for the sewer extension project should be approved.
5. The UWPSD should be required to file, within 20 days after the date of entry of this Order, an executed copy of its special contract with Cabot Corporation, as modified in accordance with Staff's recommendation.
6. The Commission adopts, as if fully restated, all legal conclusions set forth herein.

IT IS FURTHER ORDERED that the UWPSD's request for a waiver of Tariff Rule 42 is granted.

Project Request for Emergency Status

Mrs. Mallory presented the request from Union Williams PSD for request for emergency status. The Union Williams PSD project, previously approved, is requesting emergency status which would minimize the time that the PSC has to review the project. According to the legislation, projects with emergency status are exempted from requirement to obtain a certificate of convenience and necessity if totally grant funded and limits the PSC review time to 120 days for projects with loan funding. Mr. Cutlip moved that the Union Williams PSD project be granted emergency status. Mr. Moore seconded and the motion carried.

Economic Development Project Request for Binding Commitment Revision

Mr. Cutlip presented to the Council the following economic development project requesting a binding commitment revision:

Mingo County Redevelopment Authority - The Mingo County Redevelopment Authority requested a revision to their binding commitment letter. The loan of \$2,465,614 was for the purchase of equipment and construction of a building located at Mingo County Wood Products Industrial Park. The West Virginia Council for Community and Economic Development approved that the commitment to the Authority be revised to the following terms; (a) A 15 year loan up to \$2,465,614, (b) an interest rate of 0% for the first 5 years and of 3% for years 6-15, (c) a three month deferral of principal and interest with the first payment due in the fourth month, (d) a shared first lien deed of trust with Matewan Bank on the entire project, (e) a shared assignment of leases with Matewan Bank on the entire project and (f) loan would not be assignable or assumable. Fred Cutlip moved that the Mingo County Redevelopment Authority be issued a revised binding commitment with these terms. David Warner seconded the motion and the motion carried.

The Fund hereby offers to extend to the District, the Loan as stated, subject however, to the satisfaction of conditions to purchase the District's local bonds as set forth in the form of the enclosed Loan Agreement.

It is understood that the Loan will be secured by a pledge of the revenues from the District's sewer system. Re: Union-Williams Public Service District
Sewer Revenue Bonds, Series 2000
(West Virginia SRF Program)

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance by the Union-Williams Public Service District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$412,000 Sewer Revenue Bonds, Series 2000 (West Virginia SRF Program), dated the date hereof (the "Local Bonds").

We have examined the law, a certified copy of proceedings and other papers relating to the authorization of (i) a bond purchase agreement dated December 4, 2000, including all schedules and exhibits attached thereto (the "Bond Purchase Agreement"), among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Division of Environmental Protection (the "DEP") and (ii) the Local Bonds, which are to be purchased by the Authority in accordance with the provisions of the Bond Purchase Agreement. The Local Bonds are issued in the principal amount of \$412,000, in the form of one bond, registered as to principal only to the Authority, with no interest and with principal payable in quarterly installments on March 1, June 1, September 1 and December

1 in each year, commencing September 1, 2001 and continuing until final maturity on June 1, 2031, all as set forth in "Schedule Y" attached to the Bond Purchase Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued for the purposes of (i) permanently financing the costs of acquisition and construction of certain additions, betterments and improvements to the Issuer's existing public sewerage facilities (the "Project"), (ii) funding a debt service reserve account for the Local Bonds, and (iii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Local Statute"), and the Bond Resolution duly adopted by the Issuer on December 13, 2000, as supplemented by a Supplemental Resolution duly adopted on December 13, 2000 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued and the Bond Purchase Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Bond Purchase Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Bond Purchase Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof.
2. The Bond Purchase Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the consent of the Authority and the DEP.
3. The Issuer is a duly organized and presently existing public service district, public corporation and political subdivision of the State of West Virginia with full power and authority to construct and acquire the Project, to operate and maintain the System, to adopt the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.
4. The Local Act and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer in connection with the issuance and sale of the Local Bonds and

constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System as set forth to in the Local Act and secured by a first lien on and pledge of the Net Revenues of said System, on a parity with the Issuer's outstanding Sewerage System Revenue Bonds, Series 1991, dated April 16, 1991, issued in the original principal amount of \$540,000, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

7. The Local Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Local Bonds.

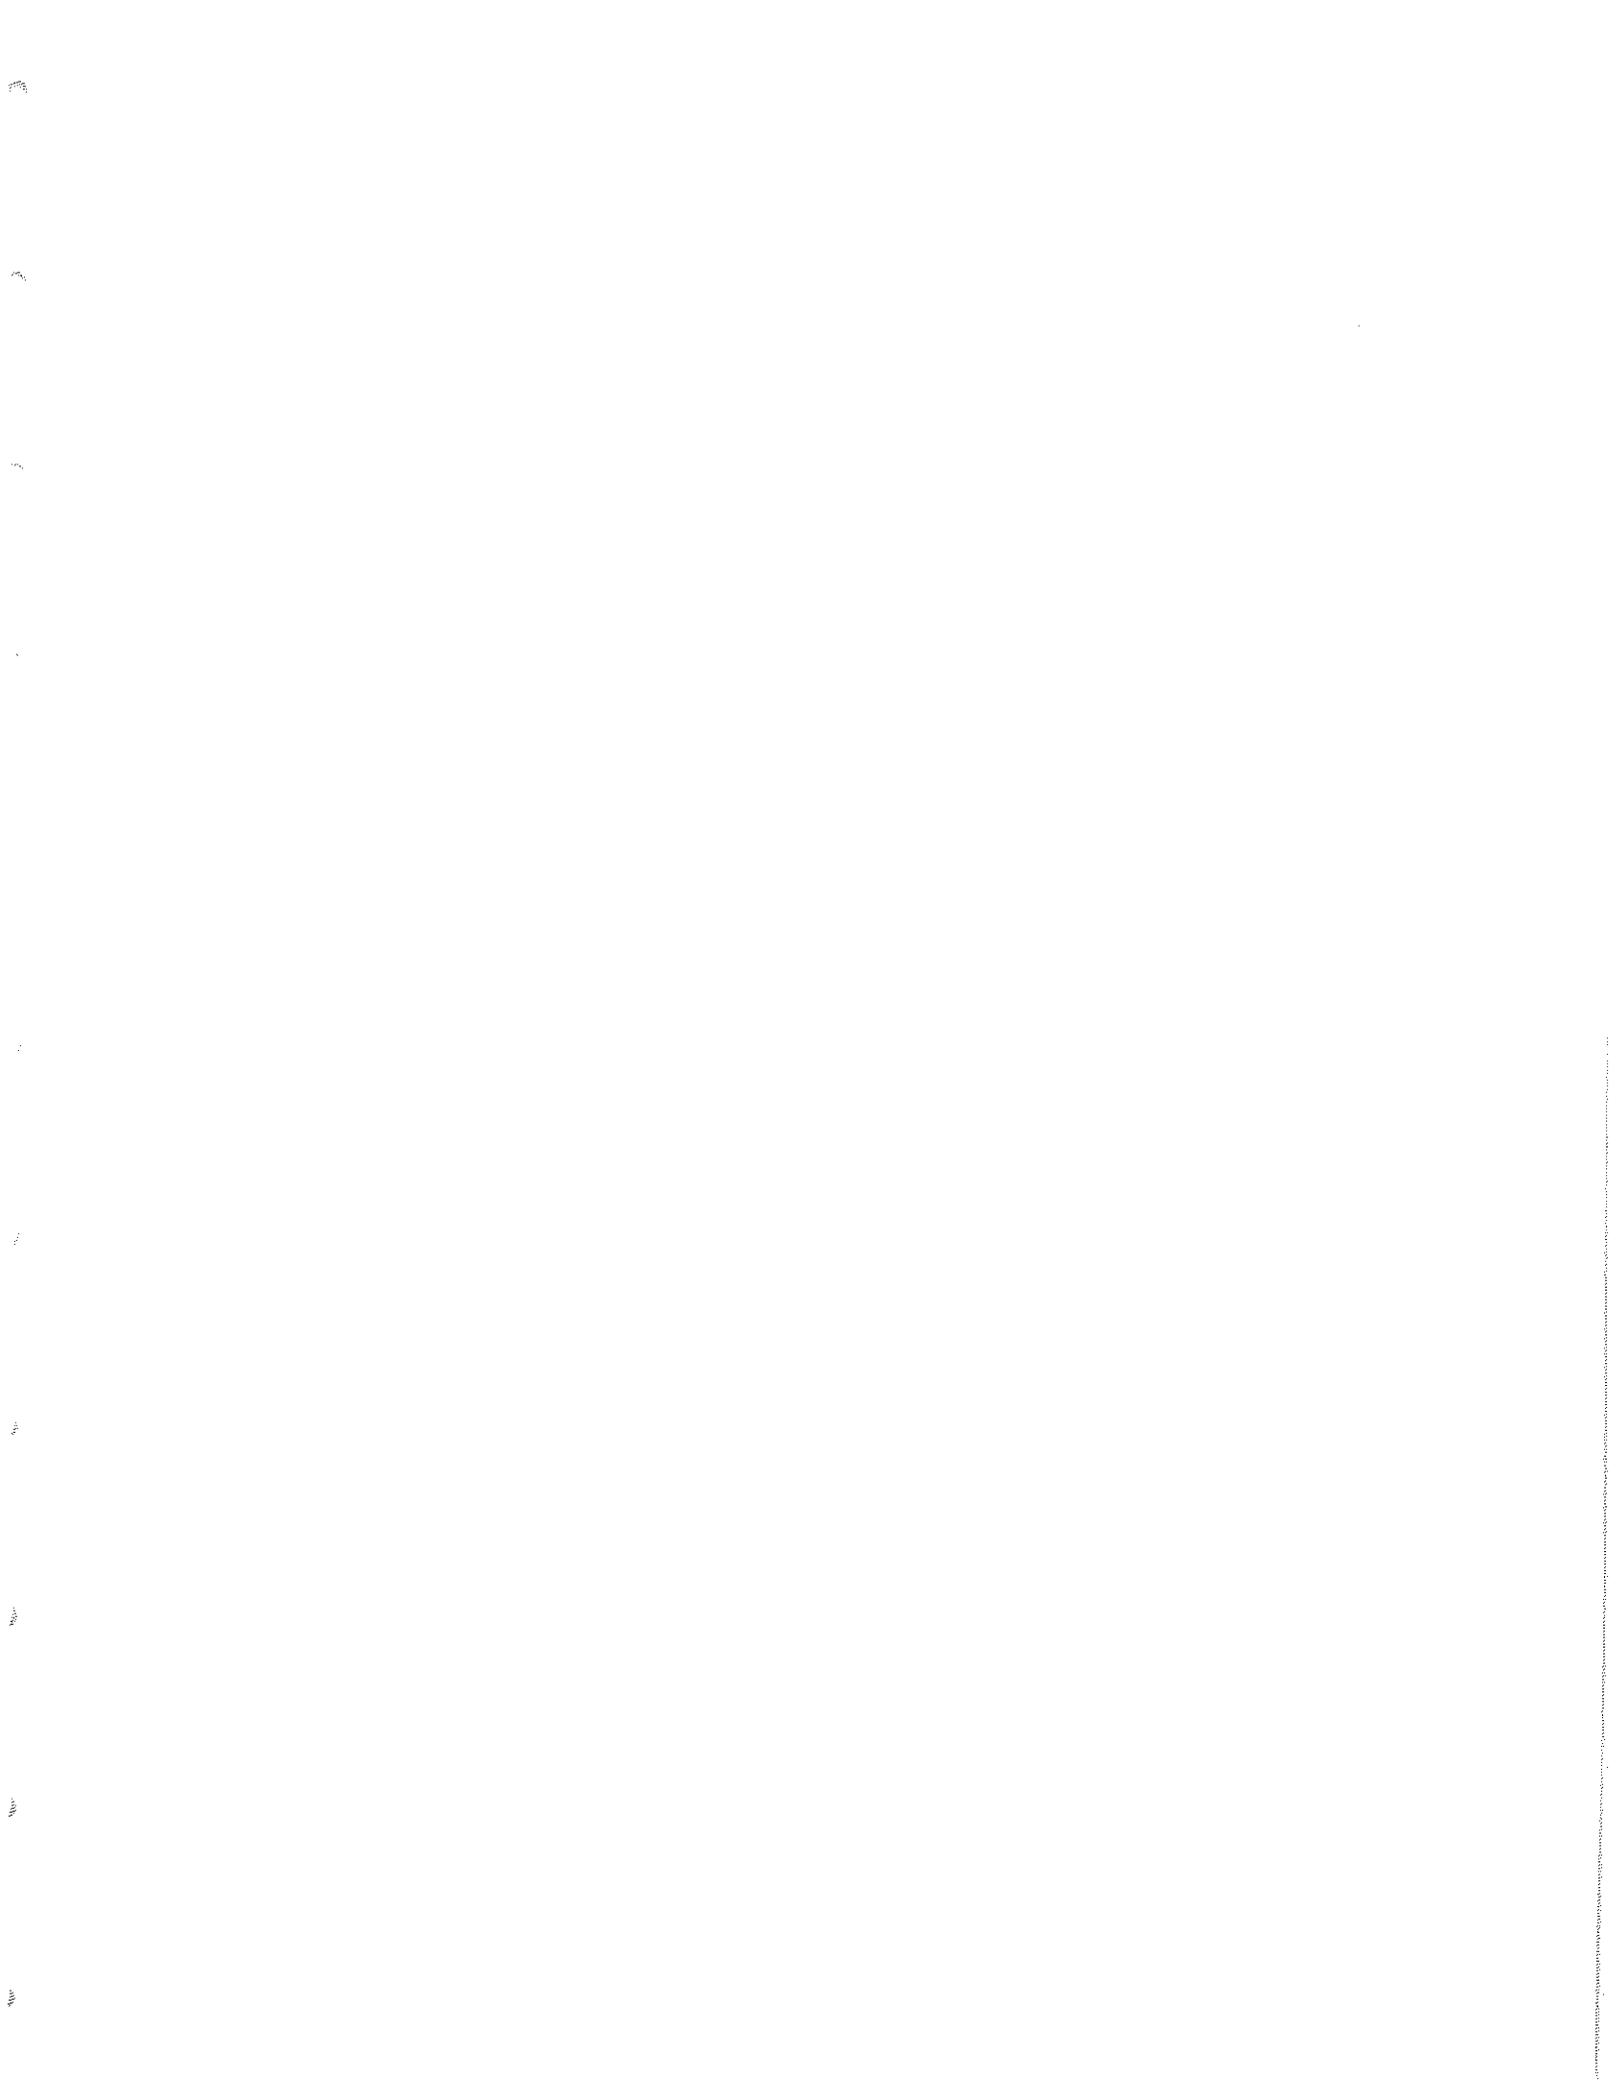

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond No. R-1, and are of the opinion that the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Bond Purchase Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System as set forth to in the Local Act and secured by a first lien on and pledge of the Net Revenues of said System, on a parity with the Issuer's outstanding Sewerage System Revenue Bonds, Series 1991, dated April 16, 1991, issued in the original principal amount of \$540,000, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, under the Local Statute, exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

7. The Local Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond No. R-1, and are of the opinion that the form of said Bond and its execution and authentication are regular and proper.

RE: Union-Williams Public Service District
Sewer Revenue Bonds, Series 2000 (West Virginia SRF Program)

Ladies and Gentlemen:

We are counsel to the Union-Williams Public Service District, a public service district, public corporation and political subdivision of the State of West Virginia in Wood and Pleasants Counties of said State (the "Issuer"). As such counsel, we have examined a copy of the Bond Purchase Agreement dated December 4, 2000, including all schedules and exhibits attached thereto, by and among the West Virginia Water Development Authority (the "Authority"), the West Virginia Division of Environmental Protection (the "DEP") and the Issuer with respect to the above-referenced series of bonds (the "Bond Purchase Agreement"), the Bond Resolution duly adopted by the Issuer on December 13, 2000, as supplemented by a Supplemental Resolution adopted by the Issuer on December 13, 2000 (collectively, the "Local Act"), and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (the "Bonds"). Terms used in the Local Act and the Bond Purchase Agreement and not otherwise defined herein have the same meanings herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

Bowles Rice McDavid Graff & Love^{PLLC}

Union-Williams Public Service District
West Virginia Water Development Authority
West Virginia Division of Environmental Protection
December 15, 2000
Page 2

1. The Issuer is duly created and validly existing as a public service district, public corporation and political subdivision of the State of West Virginia, and the officers and members of the Governing Body of the Issuer have been duly and properly elected or appointed as applicable, have taken the requisite oaths, and are authorized to act on behalf of the Issuer in their respective capacities.

2. The Bond Purchase Agreement has been duly authorized, executed and delivered by the Issuer, and assuming due authorization, execution and delivery by the Authority and the DEP, constitutes a valid and binding agreement of the Issuer in accordance with its terms.

3. The Local Act has been duly adopted by the Issuer and is in full force and effect.

4. To the best of our knowledge, the execution and delivery of the Bonds and the Bond Purchase Agreement and the consummation of the transactions contemplated by the Bonds, the Bond Purchase Agreement and the Local Act, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute on the part of the Issuer a breach of or default under any resolution, agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

5. The Issuer has received, or there have been entered, all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, consents, certificates and approvals from The County Commissions of Wood and Pleasants Counties, the DEP, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the Recommended Decision of the Public Service Commission of West Virginia (the "PSC") entered November 15, 1994, which became the Final Order of the PSC on December 5, 1994, in Case No. 94-0110-PSD-42A, approving such rates and charges. The time for appeal of such Final Order has expired prior to the date hereof without appeal. The Issuer has received the Commission Orders of the PSC entered on March 28, 2000, and December 14, 2000, in Case No. 00-0198-PSD-ECN, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of the Commission Order entered March 28, 2000, has expired prior to the date hereof without any appeal. The time for appeal of the Commission Order entered on December 14, 2000, has not expired. However, the parties to such Commission Order have stated that they do not intend to appeal

such Commission Order. Such Commission Order is not subject to any appeal, further hearing, reopening or rehearing by any customer, protestant, intervenor or other person not a party to the original application.

6. To the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bond Purchase Agreement, the Bonds, the Local Act, the acquisition and construction of the Project, the operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

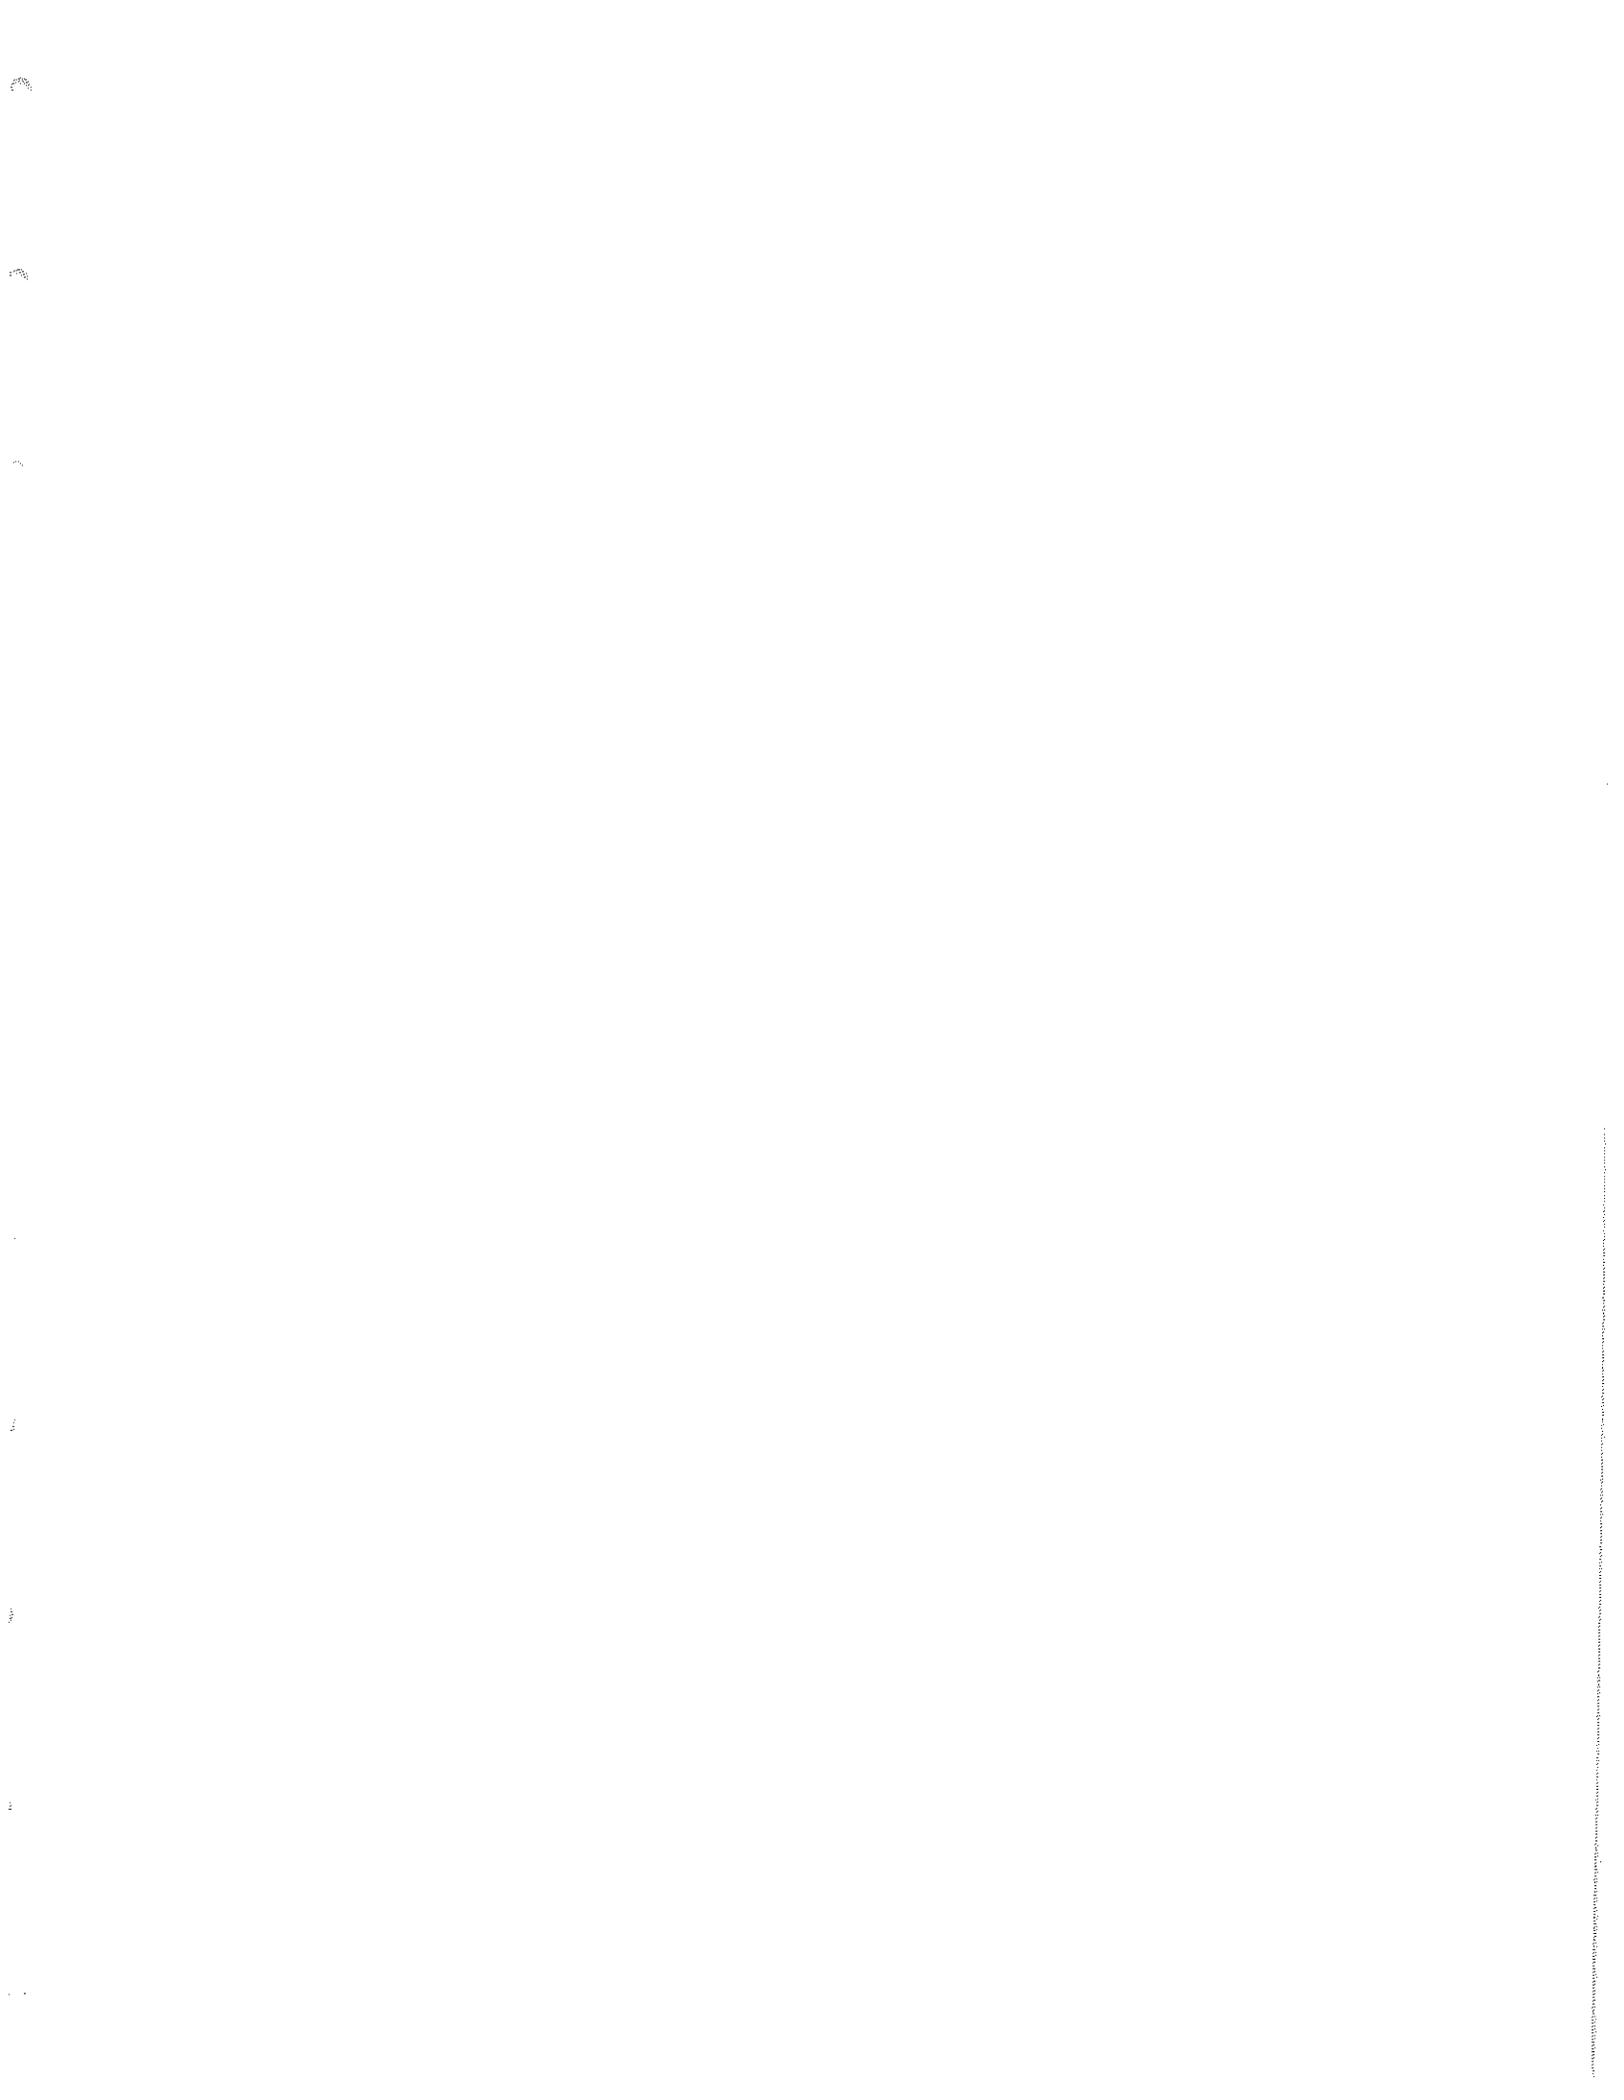

7. This Project constitutes an emergency project under Chapter 31, Article 15A, Section 8(b) of the Code of West Virginia, 1931, as amended, and accordingly, the Issuer is exempt from the pre-filing and approval requirements of Chapter 16, Article 13A, Section 25 of the Code of West Virginia, 1931, as amended.

This opinion may be relied upon by all counsel to the transaction as if specifically addressed thereto.

Very truly yours,

the Project as set forth in the plans for the Project prepared by Cerrone Associates, Inc., the consulting engineers for the Project.

4. That I have examined the records on file in the Office of the Clerk of the County Commission of Pleasants County, West Virginia, the county in which the Project is to be located, and, in my opinion, the Union-Williams Public Service District has acquired legal title or such other estate or interest in the necessary site components for the Project sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the facilities to be constructed.

5. That all deeds or other documents which have been acquired to date by the Union-Williams Public Service District have been duly recorded in the aforesaid Clerk's office in order to protect the legal title to and interest of the Union-Williams Public Service District.

The undersigned Chairman of the Union-Williams Public Service District, in Wood and Pleasants Counties, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of \$412,000 Sewer Revenue Bonds, Series 2000 (West Virginia SRF Program), of the Issuer, dated December 15, 2000 (the "Bonds"), hereby certify as follows:

1. I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds. I am familiar with the facts, circumstances and estimates herein certified and duly authorized to execute and deliver this certificate on behalf of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Resolution duly adopted by the Issuer on December 13, 2000, as supplemented and amended by a Supplemental Resolution adopted December 13, 2000 (collectively, the "Bond Resolution"), authorizing the Bonds.
2. This certificate may be relied upon as the certificate of the Issuer.
3. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on December 15, 2000, the date on which the Bonds are being physically delivered in exchange for an initial advance of \$349,226, being a portion of the principal amount of the Bonds, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.
4. In the Bond Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that it shall not take, or permit or suffer to be taken, any action with respect to Issuer's use of the proceeds of the Bonds which would cause any bonds, the interest on which is exempt from federal income taxation under Section 103(a) of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (collectively, the "Code"), issued by the West Virginia Water Development Authority (the "Authority") or the West Virginia Division of Environmental Protection (the "DEP") or the West Virginia Infrastructure and Jobs Development Council, as the case may be, from which the proceeds of the Bonds are derived, to lose their status as tax-exempt bonds. The Issuer hereby covenants to take all actions necessary to comply with such covenant.
5. The Bonds were sold on December 15, 2000, to the Authority, pursuant to a Water Pollution Control Revolving Fund Bond Purchase Agreement dated December 4, 2000, by and among the Issuer, the Authority, and the DEP, for an aggregate purchase price of \$412,000 (100% of par), at which time, the Issuer received \$349,226 from the Authority and the DEP, being the first advance of the principal amount of the Bonds. No accrued interest has been or will be paid

Ladies and Gentlemen:

Based upon the rates and charges set forth in the Final Order of the Public Service Commission of West Virginia entered November 15, 1994 in Case No. 94-0110-PSD-42A and projected operation and maintenance expenses and anticipated customer usage as furnished to us by the Union-Williams Public Service District (the "Issuer"), it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Issuer, will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Issuer's Sewer Revenue Bonds, Series 2000 (West Virginia SRF Program) (the "Bonds"), to be issued to the West Virginia Water Development Authority on the date hereof and all other obligations secured by or payable from the revenues of the System on a parity with the Bonds, including the Issuer's Sewerage System Revenue Bonds, Series 1991 (the "Prior Bonds").

Very truly yours,

February 19, 1992

WEST VIRGINIA:

At a regular session of the County Commission of Pleasants County, held at the Courthouse, thereof, on Wednesday, February 19, 1992.

PRESENT: Mr. J. F. Brammer, President
Mr. James W. McFarland, Commissioner
Mr. Bill Elder, Commissioner

Minutes of the last meeting were read and approved.

BOARD OF EQUALIZATION

James E. Faust, a property tax consultant for Gulf Energy, came before the County Commission setting as a Board of Review. Mr. Faust appealed the \$1,746,060 million assessment on the Gulf Energy Plant at Schultz. He stated that it is triple what it should be. He felt the assessment should be lowered by one million dollars to about \$750,000. Mr. Faust compared the local plant to two others in West Virginia and one from Texas.

Tom Riley, who represented the State Tax Department, stated that the county assessors do not appraise plants like Gulf Energy. He also stated that he felt some of the figures that Mr. Faust was using were incorrect. Mr. Faust disagreed with Mr. Riley concerning this.

County Commissioner, Jim Brammer, stated because tax rates for 1992 have not yet been set by the County Commission and Board of Education, the exact amount of the taxes involved is not known. The County Commission told Mr. Faust that they would give him a decision on this before February 28, 1992.

The County Commission decided to extend its session at the Board of Equalization and Review by two meetings. This was decided upon because Westvaco and Pennzoil had filed "blanket petitions" regarding their assessments in order to have time to consider figures proposed by the State Tax Department. The petitions did not state any specific objections to the proposed assessments. By extending the sessions, it would give Westvaco and Pennzoil, or other taxpayers the opportunity to have more time to review appraisal figures.

CABLE FRANCHISE AGREEMENT

Kenneth R. Heinlein, of TCI of West Virginia, Inc., and Jack Wade, of Helicon Group, Ltd, came before the County Commission to discuss the Cable Franchise Agreement. County Commissioner, Jim Brammer, explained that the proposed agreement is modeled after one written by the West Virginia Cable Advisory Board. Both Helicon and TCI representatives indicated they have some problems with the state written agreement but that they were minor. They will look over the agreement and discuss this with Prosecuting Attorney, Tim Sweeney in an effort to finalize a contract for the Commission's approval. There was a motion by Billy Elder, seconded by James McFarland, unanimous, to set the franchise fee at 2 percent.

R E S O L U T I O N

WHEREAS, A Federal Commission established by United States Secretary of Labor, Elizabeth Dole, recommended that Congress adopt legislation to ensure the continued provision of health benefits to retired coal miners who receive such benefits from the UMWA Health and Retirement Funds; and

WHEREAS, such legislation, introduced by Senator Jay Rockefeller of West Virginia (S. 1989) and Congressman John Murtha of Pennsylvania (H.R. 4013), would require all companies to pay a fair share of the cost of providing health benefits to their former employees and place an equitable fee on the entire coal industry to pay for the cost of "orphan" retirees who have no company to pay for such benefits; and

WHEREAS, approximately 35,000 West Virginia citizens receive their health care from the UMWA Funds; and

WHEREAS, the UMWA Funds currently are experiencing serious financial difficulties; and

WHEREAS, the Rockefeller/Murtha legislation has been endorsed by both labor and management in the coal industry.

NOW, THEREFORE, BE IT RESOLVED that the County Commission of Pleasants County, West Virginia, strongly supports S. 1989 and H. R. 4013 and urges the Congress of the United States to enact them into law; and

IN RE: 'UNION-WILLIAMS PUBLIC SERVICE DISTRICT' ENLARGEMENT
AND
CENTRAL BOAZ PUBLIC SERVICE DISTRICT REDUCTION

ORDER

On the 8th day of May, 1986, at 10:00 o'clock a.m., this matter came on to be heard, this Commission having heretofore by ORDER entered on April 7, 1986, which appears of record in Order Book No. 47, Page 293, fixed this late and time for a public hearing on the enlargement of Union-Williams Public Service District and the reduction of Central Boaz Public Service District so that Union-Williams Public Service District may furnish water service to the Dry Run area of Williams District, Wood County, West Virginia, and having provided in said Order that all persons residing in, or owning, or having any interest in property in Union-Williams Public Service District or Central Boaz Public Service District might appear before the Commission at this hearing and have an opportunity to be heard for and against the enlargement of Union-Williams Public Service District and the reduction of Central Boaz Public Service District.

Thereupon, Union-Williams Public Service District and Central Boaz Public Service District tendered to the Commission for filing, the following:

- 1) The affidavit of Kim Crooks that notice of the time and place of this hearing was published in the Parkersburg Sentinel on the 25th day of April, 1986, which was more than ten (10) days prior to the date of this hearing.
- 2) The affidavit of James E. McGoldrick that notice of the time and place of this hearing was published in the St. Marys Oracle on the 17th day of April, 1986, which was more than ten (10) days prior to the date of this hearing.
- 3) The affidavit of Annal DeLong, an employee of Union-Williams Public Service District, that notice of the time and place of this hearing was posted by her, not less than ten (10) days before the date of this hearing, in at least five (5) conspicuous places within the boundaries of the proposed enlargement to Union-Williams Public Service District, in at least five (5) conspicuous places within the existing boundaries of Union-Williams Public Service District, and in at least five (5) conspicuous places with the existing boundaries of Central Boaz Public Service District exclusive of the area by which it is proposed that Central Boaz Public Service be reduced.
- 4) The certified mail receipt and a certificate of service verifying that a copy of the notice of the time and place of this hearing was mailed to the President of the County Commission of Pleasants County, at the Pleasants County Courthouse, St. Marys, West Virginia, not less than ten (10) days before the date of this hearing.
- 5) The certified mail receipt and a certificate of service verifying that a copy of the notice of the time and place of this hearing was mailed to the Clerk of the County Commission of Pleasants County, at the Pleasants County Courthouse, St. Marys, West Virginia, not less than ten (10) days before the date of this hearing.

The Commission having examined the foregoing and the same appearing to be proper, these documents are hereby ordered to be, and are hereby, filed herein.

It further appearing to the Commission that all interested persons have been afforded an opportunity of being heard, for and against, the enlargement of Union-Williams Public Service District and the reduction of Central Boaz Public Service District, and that written protests have not been filed by thirty percent or more of the qualified voters registered or residing either within Union-Williams Public Service District or within Central Boaz Public Service District, the Commission did proceed to hear and consider testimony and evidence relating to the necessity and feasibility of enlarging Union-Williams Public Service District and reducing Central Boaz Public Service District, that Union-Williams Public Service District may furnish water service to the Dry Run area of Williams District, Wood County, West Virginia, as described in the Petition heretofore filed herein, and in the notice hereinbefore referred to, from all of which the Commission does find that no city, incorporated town, other municipal corporation, or public service district is included within the boundaries of the proposed enlargement of Union-Williams Public Service District and the proposed reduction of Central Boaz Public Service District; that it is necessary, feasible and proper to enlarge Union-Williams Public Service District in order to furnish water service to the residents of the Dry Run area; that such enlargement of Union-Williams Public Service District and reduction of Central Boaz Public Service District will be conducive to the preservation of the public health, comfort and convenience of persons residing within the Dry Run area to be served by Union-Williams Public Service District; and that the reduction of Central Boaz Public Service District is proper because facilities, equipment, service or materials to furnish water service to the resident of the Dry Run area have not been extended by Central Boaz Public Service District.

IT IS ACCORDINGLY ORDERED, that the boundaries of Union-Williams Public Service District for purposes of providing water service are hereby enlarged so that Union-Williams Public Service District, as enlarged, embraces that certain territory in the districts of Union, Williams and Parkersburg, County of Wood, including the town of North Hills, and the District of Grant, County of Pleasants, State of West Virginia, more particularly described by metes and bounds on the attached Exhibit A, which is made a part hereof by reference.

IT IS FURTHER ORDERED, that the boundaries of Central Boaz Public Service District are hereby reduced so that Central Boaz Public Service District, as reduced, embraces that certain territory in the District of Williams, County of Wood, State of West Virginia, more particularly described by metes and bounds on the attached Exhibit B, which is made a part hereof by reference.

TUESDAY, MARCH 30, 1971

At a regular session of the County Court, continued and held for the County of Wood, at the Court House thereof, Tuesday, March 30, 1971, Present, Marvin H. Leach, President of said Court and Frank J. Harrison and Master E. Rafferty, Commissioners.

The orders and proceedings of the previous session of this Court, held on Saturday, March 27th, 1971, were read in open Court, approved and ordered signed.

IN RE: UNION-WILLIAMS PUBLIC SERVICE DISTRICT ENLARGEMENT

ORDER

On the 30th day of March, 1971, this matter came again to be heard, this Court having heretofore by order entered on February 27, 1971, fixed this date for a public hearing on the enlargement of Union-Williams Public Service District, and having provided in the said order that all persons residing in, or owning, or having any interest in property in Union-Williams Public Service District, or in the proposed addition to Union-Williams Public Service District, might appear before the County Court at this hearing and have an opportunity to be heard for and against the enlargement of the said Public Service District.

Thereupon, the Union-Williams Public Service District tendered to the Court for filing the following:

- 1) The affidavit of Margaret Shannon that notice of the time and place of this hearing was duly published in the Parkersburg News on the 15th day of March, 1971, more than ten (10) days prior to the date of this hearing.
- 2) The affidavit of Roy G. Owens that notice of the time and place of this hearing was duly published in the St. Marys Oracle, a newspaper of general circulation in Pleasants County, West Virginia, on March 11, 1971, more than ten (10) days prior to the date of this hearing.
- 3) The return of James P. George, Deputy Sheriff of Wood County, West Virginia, that notice of the time and place of this hearing was posted by the said James P. George at ten (10) conspicuous places in Union-Williams Public Service District and the proposed enlargement of Union-Williams Public Service District.
- 4) A copy of the notice of the time and place of this hearing, together with a copy of the petition heretofore filed herein and the order heretofore entered in this Court setting the time and place for a public hearing, which said notice, petition and order each bear the acceptance of service thereof by the President of the County Court of Pleasants County and the Clerk of the County Court of Pleasants County on March 1, 1971.

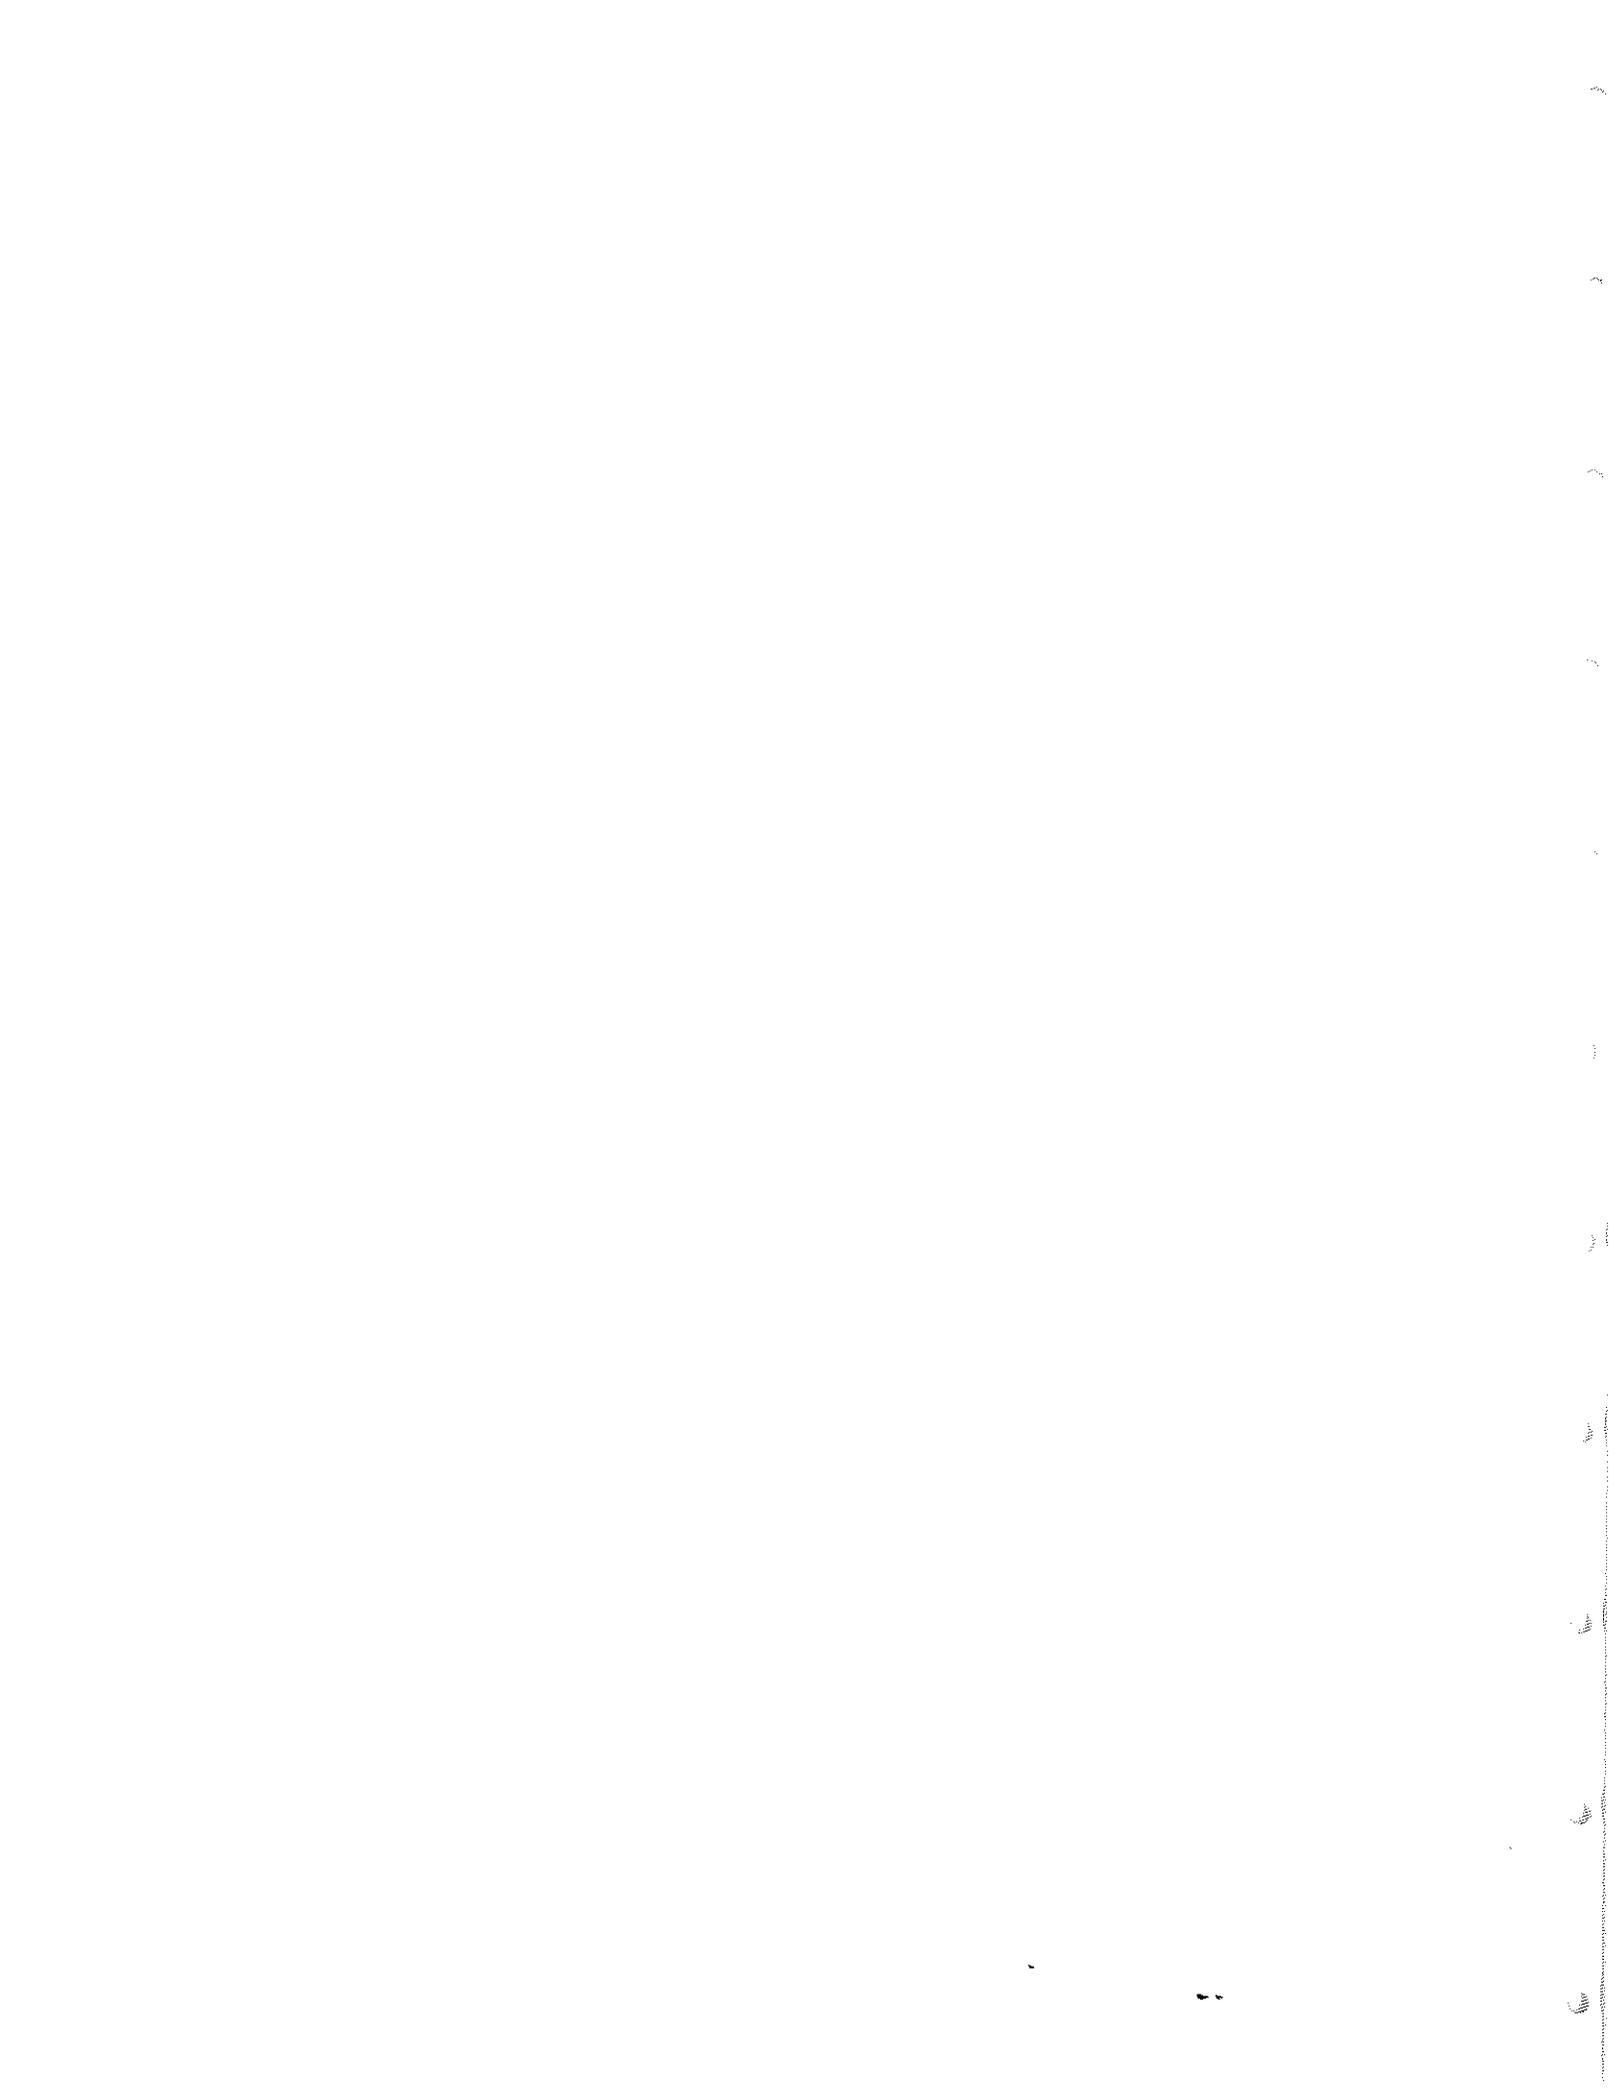

The Court having examined the foregoing, and the same appearing to be proper, each of the above enumerated tendered papers is hereby ORDERED to be, and the same is hereby, filed herein.

It further appearing to the Court by a certified copy of an order of the County Court of Pleasants County, West Virginia, that the County Court of Pleasants County has concurred in and does concur in the proposed enlargement of Union-Williams Public Service District, the said order of the County Court of Pleasants County, West Virginia, is hereby ORDERED to be, and the same is hereby, filed herein.

And it further appearing to the Court that all interested persons have been afforded an opportunity of being heard for and against the enlargement of the said District, and it further appearing to the Court that no written protests have been filed by any qualified voters registered in or residing within the said Public Service District or the proposed addition thereto, the Court did proceed to hear and consider testimony and evidence relating to the necessity, feasibility and propriety of enlarging Union-Williams Public Service District so as to include the additional territory described in the petition heretofore filed herein, and in the notice above referred to, from all of which the Court does find that it is necessary, feasible and proper to enlarge Union-Williams Public Service District so as to include therein, the additional territory hereinafter fully described, and the Court does further find that the enlargement of Union-Williams Public Service District will be conducive to the preservation of public health and convenience within the area of the enlarged Public Service District. Rt. #31 and thence proceeding 33,200 ft., more or less, in a southwesterly direction to a point in the Williams Magisterial District line, said point being 500 ft., more or less, from W. Va. Primary Rt. 2, said point being a present corner of the Public Service District.

Thence the boundary line continues 500 ft. along the Magisterial District and Public Service District line to W. Va. Rt. 2; thence the boundary continues southeastwardly 500 ft. to another present corner of the Public Service District, and thence proceeds southeast 9,650 ft., more or less, to the intersection of W. The Board may hold an executive session during a regular, special or emergency meeting in accordance with Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended. During the open portion of the meeting, prior to convening an executive session, the Chairman shall identify the authorization under Chapter 6, Article 9A, Section 4 of the Code of West Virginia, 1931, as amended, for holding the executive session and present it to the Board and to the general public, but no decision may be made in the executive session. Rule No. 6. No Actions by Reference. Except as otherwise expressly provided by law, the Board may not deliberate, vote, or otherwise take official action upon any matter by reference to a letter, number or other designation or other secret device or method, which may render it difficult for persons attending a meeting to understand what is being deliberated, voted or acted upon. However, this rule does not prohibit the Board from deliberating, voting or otherwise taking action by reference to an agenda, if copies of the agenda, sufficiently worded to enable the public to understand what is being deliberated, voted or acted upon, are available for public inspection at the meeting. The Board may not vote by secret or written ballot.

Rule No. 7. Broadcasting of Meetings. Except as otherwise provided in this rule, any radio or television station is entitled to broadcast all or any part of a Board meeting required to be open. The Board may regulate the placement and use of equipment necessary for broadcasting, photographing, filming or recording a meeting, so as to prevent undue interference with the meeting. The Board shall allow the equipment to be placed within the meeting room in such a way as to permit its intended use, and the ordinary use of the equipment may not be declared to constitute undue interference; provided, that if the Board, in good faith, determines that the size of the meeting room is such that all the members of the public present and the equipment and personnel necessary for broadcasting, photographing, filming and tape-recording the meeting cannot be accommodated in the meeting room without unduly interfering with the meeting and an adequate alternative meeting room is not readily available, then the Board, acting in good faith and consistent with the purposes of this rule, may require the pooling of the equipment and the personnel operating it.

Rule No. 8. Telephonic Meetings. Board meetings may be held by telephone conference or other electronic means. All Board members participating by telephone or other electronic means must be audible to all those personally present.

Section 5. All meetings of any committee of the Board shall be subject to the Rules of Procedure set forth in Section 4 above.

The officers so elected shall serve until the next annual election by the membership and until their successors are duly elected and qualified. Any vacancy occurring among the officers shall be filled by the members of the Board at a regular or special meeting. Persons selected to fill vacancies shall serve until the next annual organizational meeting of the Board when their successors shall be elected as hereinabove provided.

(A) There is no consolidated public sewer system presently serving the residents of the Issuer in the Waverly and Oak Grove communities and adjacent vicinities and existing inadequate and unsatisfactory private sewage systems cause stream pollution and constitute public health hazards. The residents of that area urgently need sewer service and have requested the Issuer to provide such sewer service.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Union-Williams Public Service District and, accordingly, it is hereby ordered, that the Project be acquired and constructed in accordance with the plans and specifications prepared by the Consulting Engineer and heretofore filed with the Secretary of the Issuer. The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

(C) It is necessary for the Issuer to issue its revenue bond in the principal amount of \$540,000 to finance a portion of the costs of such acquisition and construction in the manner hereinafter provided.

(D) The estimated maximum cost of the acquisition and construction of the Project is \$3,805,397 of which \$540,000 will be obtained from the proceeds of the sale of the Bond herein authorized, \$750,000 in aggregate principal amount will be obtained from the United States Department of Housing and Urban Development Small Cities Block Grants; \$1,755,910 will be provided by an EPA Step II/III Grant and \$449,490 by an EPA I & A Grant and the balance, not to exceed \$310,000 will be obtained in the form of a grant from the Government.

(E) The cost of such construction shall be deemed to include, without being limited to, the construction of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond and the Notes or any note, bond, construction loan, or other indebtedness of the Issuer issued to provide interim financing of the Project in anticipation of the issuance of the Bond prior to, during and for six months after completion of such construction; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bond as to lien and source of the security for payment.

(H) The Issuer has complied with all requirements of the law of West Virginia relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, obtaining a certificate of convenience and necessity for the Project from the Public Service Commission of West Virginia by final order, the time for a rehearing and appeal of which shall have been waived or shall have expired. The rates, charges and rules as provided by Article VI hereof shall be in full force and effect.

(I) The Government is expected by the Issuer to purchase the entire principal amount of the Bond.

Section 1.04. Resolution to Constitute Contract. In consideration of the acceptance of the Bonds by the Purchasers thereof, this Resolution shall be deemed to be and shall constitute a contract between the Issuer and the Purchasers, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Purchasers as Holders of the Bonds.

Subject and pursuant to the provisions hereof, the Bond of the Issuer, to be known as "Sewerage System Revenue Bond, Series 1991", is hereby authorized to be issued in the principal amount of \$540,000.00, for the purpose of financing in part the costs of the acquisition and construction of the Project.

Section 2.02. Description of Series 1991 Bond. The Series 1991 Bond shall be issued in single form, No. R-1, fully registered to Farmers Home Administration and shall be dated on the date of delivery. The Series 1991 Bond shall bear interest from date, payable monthly at the rate of 5.00% per annum, and

shall be sold for the par value thereof. The Series 1991 Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the bond form hereinafter set forth.

Section 2.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Bonds, and the right to the principal of, and stated interest on, the Bonds, may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 2.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar.

Whenever any Bond shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Registrar with respect to such transfer.

No registration of transfer of any Bond shall be permitted to be made after the 15th day next preceding any installment payment date on such Bond.

Section 2.04. Registrar. The Secretary of the Issuer will keep or cause to be kept at the office of the Issuer, sufficient books for the registration and transfer of the Bonds, and, upon presentation for such purpose, the Secretary shall register any Bond initially issued pursuant hereto and register the transfer, or cause to be registered, on such books, the transfer of such Bond as hereinbefore provided.

Section 2.05. Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary.

Section 2.06. Mutilated, Destroyed, Stolen or Lost Bonds. In case any Bond shall become mutilated, destroyed, stolen or lost, the Issuer may in its discretion issue and deliver a new bond of like tenor as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for

such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder of the Bond furnishing the Issuer proof of his ownership thereof and complying with such other reasonable regulations and conditions as the issuer may require. The Bond so surrendered shall be canceled and held for the account of the Issuer. If the Bond shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and, if such bond be destroyed, stolen or lost, without surrender thereof.

Section 2.07. Bonds not to be Indebtedness of the Members of the Public Service Board of the Issuer. The Bonds shall not be or constitute an indebtedness of the members of the Public Service Board of the Issuer but shall be payable solely from the Net Revenues and from funds in the Revenue Fund, the Sewerage System Reserve Account, the I/A Future Connection Fund, and the Renewal and Replacement Fund and unexpended Bond proceeds.

Section 2.08. Bonds Secured by Pledge of Net Revenues, Funds and Unexpended Bond Proceeds. Payment of the Bonds shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the System and the funds on deposit in the Revenue Fund, the Sewerage System Reserve Account, the I/A Future Connection Fund, and the Renewal and Replacement Fund and unexpended Bond proceeds, in addition to the statutory mortgage lien on the system provided for herein. The Net Revenues derived from the System in an amount sufficient to pay the principal of and interest on the Bonds, and to make the payments as hereinafter provided, together with the funds on deposit in the Revenue Fund and the unexpended proceeds of the Bonds are hereby irrevocably pledged to the payment of the principal of and interest on the Bonds as the same become due.

Section 2.09. Form of Series 1991 Bond. Subject to the provisions hereof, the text of the Series 1991 Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or by any resolution adopted after the date of adoption hereof and prior to the issuance thereof:

UNION-WILLIAMS PUBLIC SERVICE DISTRICT (the "Issuer"), for value received, promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri, 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of \$540,000.00, plus interest on the unpaid principal balance at the rate of ____ per cent (____%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Installments of interest only commencing 30 days following delivery of the Series 1991 Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof and \$_____, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Series 1991 Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount hereof is not advanced at the time of closing, the proceeds hereof shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made hereon shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Series 1991 Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Farmers Home Administration at any time assigns this Series 1991 Bond and insures the payment thereof, Issuer shall continue to make payments to the Farmers Home Administration as collection agent for the Holder.

While this Series 1991 Bond is held by an insured lender, prepayments made by Issuer may, at the option of the Government, be remitted by the Government to the Holder promptly or, except for final payment, be retained by the Government and remitted to the Holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the Holder. The effective date of any prepayment retained and remitted by the Government to the Holder on an annual installment due date basis shall be the date of the prepayment by Issuer and the Government will pay the interest to which the Holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the Holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing rates and terms in or near its community for loans for similar purposes and periods of time.

This Series 1991 Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing such funds for financing costs of construction of repairs, replacements and improvements to the sewerage system (the "System") of the Issuer, is payable solely from the Revenues to be derived from the operation of the System after there have been first paid from such Revenues the reasonable current costs of operation and maintenance of the System. This Series 1991 Bond does not constitute an indebtedness of the Issuer within any constitutional or statutory provision or limitation.

Registration of this Series 1991 Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Secretary of the Issuer, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the Resolutions hereinafter described, and upon surrender and cancellation of this Series 1991 Bond. Upon such transfer a new Series 1991 Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Series 1991 Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Secretary of the Issuer.

This Series 1991 Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the Code of West Virginia of 1931, as amended (herein called the "Act") and a Resolution of the Issuer adopted on _____, 1991.

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Series 1991 Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. INTERIM CONSTRUCTION FINANCING

Section 3.01. Authorization and General Terms. In order to pay certain Costs of the Project pending receipt of the gross proceeds of the Series 1991 Bond and the Grant Proceeds, the Issuer may issue and sell its Notes in an aggregate principal amount not to exceed \$3,805,397. The Notes may be in the form of grant anticipation notes or as evidence of a line of credit from a commercial bank or other lender, at the discretion of the Issuer, and as shall be set forth in a resolution supplemental hereto. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such date or dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the indenture or supplemental resolution, as applicable.

Section 3.02. Terms of and Security for Notes; Trust Indenture. The Notes, if issued, shall be issued in fully registered form, in the denomination of \$5,000 or any integral multiple thereof, with such terms and secured in the manner set forth in an indenture, if applicable (which indenture in the form to be executed and delivered by the Issuer shall be approved by a supplemental resolution), or supplemental resolution, if no indenture is used.

Section 3.03. Notes are Special Obligations. The Notes shall be special obligations of the Issuer payable as to principal and interest solely from the grant receipts, surplus revenues, letter of credit proceeds, if any, and other sources described in an indenture or supplemental resolution. The Notes do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged for the payment of the Notes. The holders of the Notes shall never have the right to compel the forfeiture of any property of the Issuer. The Notes shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth in an indenture or supplemental resolution.

Section 3.04. Letters of Credit. As additional security for the Notes, the Issuer may obtain a letter or letters of credit from a bank or banks, pursuant to which such bank or banks would agree to pay the trustee to be appointed by a supplemental resolution, upon presentation by the trustee of certain certificates, the sum or sums set forth therein but not

to exceed \$3,805,397 in the aggregate. In the event of a draw under any such letter of credit, the Issuer shall issue its refunding notes to the bank issuing such letter of credit. Any such letter of credit shall be authorized and shall have such terms as shall be set forth in a resolution supplemental hereto.

ARTICLE IV

BOND PROCEEDS; REVENUES AND APPLICATION THEREOF

Section 4.01. Series 1991 Bond Proceeds; Project Construction Account. The proceeds of sale of the Series 1991 Bond shall be deposited on receipt by the Issuer in the Bank, in a special account hereby created and designated as "Union-Williams Public Service District Sewerage System Construction Account". The moneys in the Construction Account in excess of the amount insured by FDIC shall be secured at all times by the Bank by securities or in a manner lawful for the securing of deposits of state and municipal funds under West Virginia law. Moneys in the Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of acquisition and construction of the Project, the Issuer will transfer from the Construction Account and pay to the Government on or before the due date thereof, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Moneys in the Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Government.

If the Issuer shall determine at any time that all funds on deposit in the Construction Account exceed the estimated disbursements on account of the Project for the ensuing ninety (90) days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United State of America which shall mature not later than eighteen (18) months after the date of such investment, or in investments secured by a pledge of such government obligations. All such investments and the income therefrom shall be carried to the credit of the Construction Account.

When construction of the Project has been completed and all costs have been paid or provision for such payment has been made, any balance remaining in the Construction Account shall be disposed of in accordance with the regulations of the Government.

Section 4.02. Covenants of the Issuer as to Revenues and Funds. As long as any Bond shall be outstanding and unpaid, or until there shall have been set apart in the Sewerage System Reserve Account hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holders of any and all Bonds as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which fund (herein called the "Revenue Fund") is hereby initially established with Commercial Banking & Trust Company. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and pay to the National Finance Office designated in the Series 1991 Bond the amount required to pay the interest on the Series 1991 Bond, and to amortize the principal of the Series 1991 Bond over the life of the Series 1991 Bond.

(3) The Issuer shall next, by the fifteenth day of each month beginning with and including the month in which the first principal installment is due upon the Series 1991 Bond, transfer from the Revenue Fund and deposit in an account to be designated the "Sewerage System Reserve Account" which is hereby established with the Bank, one-twelfth of one-tenth of the annual amount of interest and principal which will fall due on the Bonds until the amount in the Sewerage System Reserve

Account is equal to the Sewerage System Reserve Account Requirement. After the Sewerage System Reserve Account Requirement has been accumulated in the Sewerage System Reserve Account, the Issuer shall deposit monthly into the Sewerage System Reserve Account such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bonds and for payment of operating expenses of the System, as shall be required to maintain the Sewerage System Reserve Account Requirement. Moneys in the Sewerage System Reserve Account shall be used solely to make up any deficiency for monthly installments required to be paid on the Bonds as the same shall become due, for prepayment of installments on the Bonds or for mandatory prepayment of the Bonds as provided herein, and for no other purpose.

(4) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the I/A Future Connection Fund which is hereby established with the Bank \$113.00. All funds in the I/A Future Connection Fund shall be kept separate and distinct from all other funds of the Issuer and the Bank.

Withdrawals and disbursements from the I/A Future Connection Fund shall be made by the Issuer only for the following purposes:

(a) For the payment after the completion of the construction of the System of the actual cost of connecting future customers requiring either vacuum pump service or pressure valve service to the System (after application of any Tap Fees collected from such customers).

(b) For the payment of the then payable principal of, premium, if any, and interest on the Bonds if there are not sufficient funds therefor in the Revenue Fund (including the Sewerage System Reserve Account); and

(c) To make up any deficiency in the Sewerage System Reserve Account (so that the amount on deposit therein is at least equal to the Sewerage System Reserve Account Requirement);

(5) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Renewal and Replacement Fund which is hereby established with the Bank \$575.00. Moneys in the Renewal and Replacement Fund shall be used first to make up any deficiencies for monthly payments of installments on the Bond as the same become due, and next to restore to the Sewerage System Reserve Account any sum or sums transferred therefrom. Thereafter, and provided

that payments into the Sewerage System Reserve Account are current and in accordance with the foregoing provisions, moneys in the Renewal and Replacement Fund may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof, and for capital additions and improvements for the System, including the replacement of grinder pumps and vacuum valves.

(6) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds or for any lawful purpose.

Whenever the moneys in the Sewerage System Reserve Account shall be sufficient to prepay the Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Bank (and any successor appointed by the Issuer) is hereby designated as Fiscal Agent for the administration of the Sewerage System Reserve Account, the I/A Future Connection Fund and the Renewal and Replacement Fund as herein provided, and all amounts required therefor will be deposited by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bonds and the interest thereon. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of state and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Sewerage System Reserve Account, the I/A Future Connection Fund and the Renewal and Replacement Fund invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, United States of America. Earnings upon moneys in the Sewerage System Reserve Account, as long as the Sewerage System Reserve Account Requirement is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

(C) Change of Bank as Fiscal Agent. The Issuer may designate another bank insured by FDIC as Fiscal Agent for the administration of the Sewerage System Reserve Account and the Renewal and Replacement Fund if the Bank should cease for any reason to serve or if the Board determines by resolution that the Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Board will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bond, obtain user agreements from not less than 296 bona fide full time users, and shall collect from such users, and deposit in the Tap Fees Account, not less than \$29,100.00, based on a connection fee of \$150.00.

ARTICLE V

GENERAL COVENANTS

Section 5.01. General Statement. As long as any Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Sewerage System Reserve Account a sum sufficient to prepay the entire principal of all Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Bondholders.

Until the payment in full of the principal of and interest on the Notes when due, and to the extent they do not materially adversely affect the Holders of the Bonds, the covenants, agreements and provisions contained herein shall, where applicable, also inure to the benefit of the holders of the Notes and the trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any

court of competent jurisdiction by the trustee or any holder or holders of the Notes as prescribed in the indenture or supplemental resolution; provided, that Section 5.09 shall not be applied to the Notes.

Section 5.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No holder or holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 5.03. Rates. Just and equitable rates and charges for the use of and the service rendered by the System shall be established, all in the manner and form required by law, and copies of such rates and charges so fixed and established at all times shall be kept on file in the offices of the Issuer, open to inspection by all interested parties. The schedule of rates and charges shall produce in each year Gross Revenues sufficient to make the required payments into the funds and accounts created hereunder and to pay Operating Expenses. Such schedule of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes.

Section 5.04. Sale of the System. The System may be sold, mortgaged, leased, or otherwise disposed of only as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient fully to pay the Bond and the interest thereon.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof, provided that the net book value thereof does not exceed \$50,000. Prior to any such sale, lease or other disposition of said property, the general manager or other duly authorized officer in charge of the System shall make a finding in writing, concurred in by resolution of the Board, determining that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and such proceeds shall be deposited in the Renewal and Replacement Fund.

Payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into the Renewal and Replacement Fund by other provisions of this Resolution.

Section 5.05. Covenant Against Encumbrances. The Issuer will not issue any obligations whatsoever, except additional parity Bonds hereinafter provided for, payable from the revenues of the System which rank prior to or equally as to lien on and source of and security for payment from such revenues with the Bond; and all obligations hereafter issued by the Issuer payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues, and in all other respects, to the Bonds.

The Issuer will not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge, having priority over or being on a parity with the lien of the Bond, and the interest thereon, upon any of the income and revenues of the System pledged as security therefor in this resolution, or upon the System, or any part thereof.

Section 5.06. Issuance of Additional Parity Bonds. No additional parity Bonds, as in this Section defined, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided.

(A) No such additional parity Bonds shall be issued except for the purposes of financing the costs of the construction or acquisition of extensions, additions and improvements to the System or refunding the Bonds issued hereunder, except as provided in subsection (G) of this Section.

(B) No such additional parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Secretary a written certification by a certified public accountant not in the regular employ of the Issuer, based upon the necessary investigation, reciting the conclusion that the net revenues, as defined herein and adjusted as provided below, actually derived from the System during the fiscal year immediately preceding the date of the issuance of such additional parity Bonds, shall have been not less than one hundred twenty per centum (120%) of the average aggregate amount which will mature or become due in any succeeding fiscal year for principal of and interest on the Bonds originally issued pursuant to this Resolution then outstanding, and on any additional parity Bonds theretofore

issued pursuant to the provisions contained in this Resolution then outstanding, and on the additional parity Bonds then proposed to be issued. This limitation may be waived or modified by the written consent of Bondholders representing 75% of each series of the then outstanding Bonds issued pursuant hereto.

(C) Prior to the issuance of any such additional parity Bonds, the Issuer shall have entered into written contracts for the immediate acquisition or construction of such additions, extensions or improvements to the System which are to be financed by such additional parity Bonds.

(D) The term "additional parity Bonds", as used in this Section, shall be deemed to mean additional Bonds issued under the provisions and within the limitations of this Section, payable from the revenues of the System on a parity with Bonds originally authorized and issued pursuant to this Resolution or with Bonds which were issued pursuant to this Section as additional parity Bonds, and all the covenants and other provisions of this Resolution (except as to details of such additional parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of any Bonds originally authorized and issued pursuant to this Resolution and the Holders of any additional parity Bonds subsequently issued within the limitations of and in compliance with this Section. All such Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System, and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds created in this resolution required for such additional parity Bonds, in addition to the payments required for Bonds theretofore issued hereunder. Redemption of Bonds prior to maturity, in the event that Bonds of more than one series are outstanding, shall as nearly as practical be on an equal pro rata basis reflecting the original amounts of each series.

(E) No additional parity Bonds shall be issued at any time unless all the payments into the respective Funds provided for in this Resolution on Bonds then outstanding and all other payments provided for in this Resolution shall have been made or paid up as required to the date of issuance of the additional parity Bonds and the Issuer shall have fully complied with all the covenants, agreements and terms of this Resolution or shall have remedied any deficiency in such compliance.

(F) With the written consent in advance of the Purchaser of the Bonds and anything to the contrary in subsections (A), (B) and (C) of this Section notwithstanding, additional parity Bonds may be authorized and issued by the Issuer pursuant to supplemental Resolution in the event that the Bonds should be insufficient, together with other funds lawfully available therefor, to pay all costs of construction of the Project. Any such additional parity Bonds authorized and issued under the provisions of this subsection shall be limited to the aggregate principal amount required to make upon any deficiency in funds for payment of such construction costs, and the maturities of any such additional parity Bonds shall be in years and amounts suggested by such Purchaser of the Bonds.

Section 5.07. Insurance and Bonds. The Issuer hereby covenants and agrees that so long as any of the Bonds remain outstanding, it will, as an expense of operation and maintenance of the System, procure, carry and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one person and \$500,000 for more than one person injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 from claims for damage to property of others which may arise from the Issuer's operation of the System, such insurance to be procured at the commencement of construction of the Project.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated for the benefit of the Issuer, with limits of not less than \$500,000 for one person and \$500,000 for more than one person injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death,

and not less than \$200,000 from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(d) Workers' Compensation Coverage for all Employees of the Issuer Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Court of said County prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(e) Fidelity Bonds will be provided as to every officer and employee of the Issuer having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Government holds any of the Bonds, the Issuer shall carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 5.08. Completion, Operation and Maintenance, Right of Access. The Issuer will expeditiously complete the Project and will provide and maintain competent and adequate resident engineering services satisfactory to the Issuer and the Government for the supervision and inspection of the construction of the Project, and bearing the responsibility of assuring the construction conforms to the Plans and Specifications and shall require its resident engineer to certify to the Government and the Issuer at the completion of construction that construction is in accordance with the Plans and Specifications. Upon completion of the construction, the Issuer will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner in compliance with the water quality standards established by the West Virginia Department

of Natural Resources and the EPA, as well as all other State and Federal laws, regulations, orders, and standards, with qualified operating personnel properly certified, making expenditures for equipment and for the economical operation and maintenance thereof from Gross Revenues as provided in this Resolution.

Section 5.09. Statutory Mortgage. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of any of the Bonds.

Section 5.10. Interim Financing. The Issuer has complied with all requirements of West Virginia Law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds and the Notes, if issued, or will have so complied prior to issuance of any thereof, including, among other things, the obtaining of a Certificate of Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which shall have been waived or shall have expired. The Notes, if issued, will not be payable from the Net Revenues, but shall be payable from Bond proceeds, grant receipts, surplus revenues and proceeds of a letter of credit, if any, all as shall be set forth in the indenture or a supplemental resolution authorizing the Notes.

Section 5.11. Investments. The Issuer shall invest and reinvest, and hereby instructs the Bank to invest and reinvest, any moneys held as part of the funds and accounts created by this Resolution, other than the Revenue Fund, to the fullest extent possible subject to applicable laws and this Resolution, and the need for such moneys for the purposes set forth herein, and the specific restrictions and provisions set forth in this Section 5.11. The Issuer may direct the Bank in writing as to what particular permitted investments shall be made.

Except as provided below and in the indenture, if any, any investment shall be held in and at all times be deemed a part of the fund or account in which the moneys and investments are held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the corresponding fund or account. The Bank shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of

any loss on such liquidation. The Issuer may invest funds on deposit with the Bank through the trust department of the Bank. The Bank shall not be responsible for any losses from such investments, except losses due to its own gross negligence or willful misconduct.

Section 5.12. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of the principal, and, if any premium be due, of such premium, of any of the Bonds either at the date therein specified for their payment or on the date fixed for redemption by proceedings for redemption, or otherwise;

(B) Failure to make payment of any installment of interest due on any of the Bonds on the date specified for the payment of such interest;

(C) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bonds or in this Resolution, or violation of or failure to observe any provision of any pertinent law, provided any such failure or violation, excluding those covered in (A) and (B) above in this Section, shall continue for a period of thirty days after written notice shall have been given to the Issuer by any Bondholder specifying such failure or violation and requiring the same to be remedied.

Section 5.13. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, any Bondholder may proceed to protect and enforce the rights of the Bondholders by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by such Bondholder, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to its System and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 5.14. No Priority Between Bonds. The Bonds shall not be entitled to priority one over the other in the application of the revenues of the System or with respect to the security for their payment, regardless of the time or times of their issuance, it being the intention of the Issuer that there shall be no priority among the Bonds, regardless of the fact that they may be actually issued and delivered at different times.

Section 5.15. Fiscal Year; Budget. While any Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Board. Copies of each Annual Budget shall be delivered to the Government by the beginning of each fiscal year and shall be mailed to the Purchase of the Bonds and to those Bondholders who shall have filed their names and addresses with the Secretary of the Board for such purpose.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately as in the case of the Annual Budget.

Section 5.16. Compensation of Board Members. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of its Board in excess of the amount permitted by the Act. Payment of any compensation to any member of the Board for policy direction shall not be made if such payment would cause the Net Operating Income to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision of this Resolution.

Section 5.17. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds, his agents and representatives, shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants, shall mail a copy of such audit report to the Government and the Purchase of the Bonds, and shall make available the report of said accountants at all reasonable times to any Holder or Holders of the Bonds, or any customer receiving services from the System, or anyone acting for and in behalf of such Bondholder, Bondholders or customer.

Section 5.18. Maintenance of System. The Issuer covenants that it will continuously operate, in any economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as any of the Bonds are outstanding.

Section 5.19. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to, or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 5.20. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory serviced by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection,

treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Subject to applicable State laws and regulations, any such building or structure from which emanates sewage or water-borne waste matter and is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

ARTICLE VI

RATES, ETC.

- (b) Failure by either party to observe and perform any material covenant, condition or agreement on its part to be observed or performed, other than as referred to in Section 6.1 (a) hereof or as prevented by reason of force majeure as defined hereunder, for a period of thirty (30) Business Days after written notice specifying such failure and requesting that it be remedied shall have been given to the other party, unless the District or Company shall agree in writing to an extension of such time prior to its expiration or such notice is rescinded; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, neither the District nor the Company will unreasonably withhold its consent to an extension of such time if corrective action is instituted by the other party within the applicable period and diligently pursued until such failure is corrected and if a representative of the party delivers certificate to the other party designating the date by which such failure is expected to be corrected.

Section 7.2 Remedies on Default.

- (a) Whenever any Default referred to in Section 7.1 hereof shall have happened and be continuing, and not be cured as allowed in Section 7.1, the District may take one or any combination of the following remedial steps:
 - (1) Subject to the rules and regulations of the Commission, terminate, on ten (10) days written notice to the Company, the Terms of Agreement and all rights of the Company under this Agreement;
 - (2) Take any other action at law or in equity which may appear necessary or desirable to collect the payment then due or thereafter to become due hereunder, and to enforce the obligations, agreements or covenants of the Company under this Agreement.
- (b) Whenever any Default referred to in Section 7.1 hereof shall have happened and be continuing, and not be cured as allowed in Section 7.1, the Company may take action at law or equity which may appear necessary or desirable to enforce the obligations, agreements or covenants of the District under this Agreement.

Section 7.3 Delay or Omission. No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle either party

to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required in this Article.

Section 7.4 No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.
