Section 1.01. Authority for this Ordinance. This Ordinance is adopted and enacted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. The Town of War (the "Issuer") is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia in McDowell County of said State.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer now owns and operates a public waterworks system. The Project, as hereinafter defined, hereby authorized and provided for is public purpose of the Issuer and ordered for the purpose of meeting and serving public convenience and necessity.

B. The Issuer desires to pay the Waterworks Design Anticipation Notes, Series 2009 A, dated January 29, 2009, issued in the original aggregate principal amount of \$306,500 (the "Series 2009 A Notes") and Waterworks Design Anticipation Notes, Series 2009 B, dated January 29, 2009, issued in the original aggregate principal amount of \$140,000 (the "Series 2009 B Notes") (collectively, the "Prior Notes") and finance and acquire, construct, operate and maintain certain additions, improvements and extensions to such existing waterworks facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

C. The Issuer has temporarily financed the design and other preconstruction costs of the Project by the issuance of the Prior Notes.

D. The Prior Notes were issued pursuant to ordinances of the Issuer previously enacted for such purpose (such ordinance as supplemented and amended is herein called the "Prior Notes Ordinances").

E. It is deemed necessary and desirable for the Issuer to pay the Prior Notes.

F. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, improvements and extensions to the existing waterworks facilities of the Issuer, consisting of improvements to the water system, together with all necessary appurtenances (collectively, the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Recorder of the Issuer. The existing waterworks facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

G. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Issuer's Prior Bonds and the Series 2010 A Bonds and to make payments into all funds and accounts and other payments provided for herein..

H. The estimated maximum cost to pay the Prior Notes and the acquisition and construction of the Project is \$4,113,800, of which approximately \$1,100,000 will be obtained from the proceeds of sale of the Series 2010 A Bonds and up to \$400,000 will be obtained from the proceeds of the sale of the Series 2010 B Bonds, and \$1,546,500 will be obtained as a grant from the Purchaser and \$1,067,300 will be obtained as a grant from the Purchaser, all herein authorized.

I. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2010 A (the "Series 2010 A Bonds") in the total aggregate principal amount of not more than \$1,500,000 to: (i) pay the Series 2009 A Notes; (ii) to pay a portion of the cost of such acquisition and construction; and (iii) to pay costs of issuance and related costs. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2010 B (United States Department of Agriculture) (the "Series 2010 B Bonds"), in the aggregate principal amount of not more than \$700,000 (the Series 2010 B Bonds) to (i) pay the Series 2009 B Notes; (ii) to pay a portion of the cost of such acquisition and construction; and (iii) to pay costs of issuance and related costs. The Series 2010 A Bonds and Series 2010 B Bonds are collectively referred to as the Series 2010 Bonds. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2010 Bonds prior to, during and for six months after completion of such acquisition and construction of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the acquisition and construction of the properties and the placement of same in operation; provided that, reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for costs of the Project by the Issuer shall be deemed costs of the Project.

J. The period of usefulness of the System after completion of the Project is not less than 40 years.

K. Upon payment of the Prior Notes, there are outstanding obligations of the Issuer which will rank on a parity with the Series 2010 Bonds as to liens, pledge and source of and security for payment being the Issuer's Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), dated June 26, 2008, issued in the original aggregate principal amount of \$215,300 ("the "Series 2008 A Bonds" or the "Prior Bonds").

The Series 2010 Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2010 Bonds, the Issuer will obtain: (i) a certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds have been met; and (ii) the written consent of the Holders of the Prior Bonds to the issuance of the Series 2010 Bonds on a parity with the Prior Bonds. Upon payment of the Prior Notes, other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System

L. It is in the best interest of the Issuer that the Series 2010 Bonds be sold to the Purchaser, pursuant to the terms and provisions of the Letters of Conditions, both dated July 30, 2008, and all amendments thereto, if any (collectively, the "Letter of Conditions").

M. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2010 Bonds, or will have so complied prior to issuance of the Series 2010 Bonds,

including, among other things and without limitation, obtaining a certificate of public convenience and necessity and approval of the financing and necessary user rates and charges from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired or shall have been duly waived or otherwise provided for.

date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to (i) pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, (ii) pay the Waterworks System Bond Anticipation Notes, Series 2009 A Notes, (the "Series 2009 A Notes"); and (iii) to pay costs of issuance and related costs.

This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the

West Virginia Code, as amended (the "Act"), and an Ordinance of the Borrower duly enacted on _____, 2010 as supplemented by Supplemental Resolution of the Issuer duly adopted on _____, 2010, authorizing issuance of this Bond (collectively, the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

Pending application as provided in this Section 4.03, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.04. Covenants of the Issuer as to System Revenues and Funds. So long as any of the Series 2010 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the respective Series 2010 Bonds Reserve Account, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the respective Series 2010 Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the Holders of the Series 2010 Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Ordinance and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Ordinance.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first, each month, on or before the due date of payment of each installment on the Series 2010 Bonds, transfer from the Revenue Fund and simultaneously (i) beginning 30 days following the Closing Date, remit to the National Finance Office, the amounts required to pay the interest on the Series 2010 A Bonds. Beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to amortize the interest on the Series 2010 A Bonds over the life of the Bond issue; and (ii) beginning 30 days following the Closing Date, remit to the National Finance Office, the amounts required to pay the interest on the Series 2010 B Bonds. Beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to amortize the interest on the Series 2010 B Bonds over the life of the Bond issue. All payments with respect to

principal of and interest the Series 2010 Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(2) The Issuer shall first, each month, on or before the due date of payment of each installment on the Prior Bonds and the Series 2010 Bonds, transfer from the Revenue Fund and simultaneously (i) remit to the Commission the amount required by Prior Ordinance to pay principal on the Prior Bonds; (ii) beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to pay principal of the Series 2010 A Bonds over the life of the Bond issue; and (iii) beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to pay principal of the Series 2010 B Bonds over the life of the Bond issue. All payments with respect to principal of and interest the Prior Bonds and the Series 2010 Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(3) The Issuer shall next, transfer from the Revenue Fund and simultaneously remit (i) to the Commission the amount required by Prior Ordinance for the Series 2008 A Reserve Account; (ii) beginning on the date specified by the Purchaser, but in any event not later than the 24th monthly anniversary of the Closing Date, and continuing on each monthly anniversary of the Closing Date thereafter, transfer from the Revenue Fund and remit to the Commission for deposit into the Series 2010 A Bonds Reserve Account, 10% of the monthly payment amount, calculated monthly, until the amount in the Series 2010 A Bonds Reserve Account equals the Minimum Reserve; provided that, no further payments shall be made into the Series 2010 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Minimum Reserve; and (iii) beginning on the date specified by the Purchaser, but in any event not later than the 24th monthly anniversary of the Closing Date, and continuing on each monthly anniversary of the Closing Date thereafter, transfer from the Revenue Fund and remit to the Commission for deposit into the Series 2010 B Bonds Reserve Account, 10% of the monthly payment amount, calculated monthly, until the amount in the Series 2010 B Bonds Reserve Account equals the Minimum Reserve; provided that, no further payments shall be

made into the Series 2010 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Minimum Reserve. Monies in the respective Series 2010 Bonds Reserve Accounts shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 2010 Bonds to the National Finance Office as the same shall become due or for prepayment of installments on the Series 2010 Bonds, or for mandatory prepayment of the Series 2010 Bonds as hereinafter provided, and for no other purpose; provided, however, earnings from monies in the respective Series 2010 Bonds Reserve Accounts, so long as the Series 2010 Bonds Reserve Requirement is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

(4) The Issuer shall next, each month, pay from the Revenue Fund the Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Prior Bonds and the Series 2010 Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Series 2010 A Bonds Reserve Account shall be sufficient to prepay the Series 2010 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2010 A Bonds at the earliest practical date and in accordance with applicable provisions hereof.

Whenever the money in the Series 2010 B Bonds Reserve Account shall be sufficient to prepay the Series 2010 B Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2010 B Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Commission is hereby designated as the Fiscal Agent for the administration of the Series 2010 Bonds Reserve Accounts as herein provided, and all amounts required for the Series 2010 Bonds Reserve Accounts will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein. If required by the Purchaser at anytime, the Issuer shall make the necessary arrangements whereby required payments into said account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

The Issuer shall, on the first day of each month (if the first day is not a business day, then the first business day of each month), deposit with the Commission the required reserve account payments with respect to the Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

The Revenue Fund and the Renewal and Replacement Fund shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien on a parity with the Prior Bonds thereon for further securing payment of the Series 2010 Bonds and prior Bonds and the interest thereon, but the Depository Bank shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the prior Bonds and the Series 2010 Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission, at the direction of the Issuer, shall keep the monies in the Series 2010 Bonds Reserve Accounts invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities

consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Treasury Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings from monies in the Series 2010 Bonds Reserve Accounts, so long as the Minimum Reserve is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

C. CHANGE OF DEPOSITORY BANK. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser and the Holder of the Prior Bonds.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Series 2010 Bonds, provide evidence that there will be at least _____ bona fide users upon the Project on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Commission or the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The monies in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Series 2010 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2010 Bonds Reserve Accounts a sum sufficient to prepay the entire principal of the Series 2010 Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2010 Bonds.

Section 5.02. Rates. Prior to the issuance of the Series 2010 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Recorder of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds including the Prior Bonds; provided that, in the event that, an amount equal to or in excess of the Reserve Requirement is on deposit in the respective Series 2010 Bonds Reserve Accounts and any reserve accounts for obligations on a parity with the Series 2010 Bonds are funded at least at the requirement therefor, such sum need only equal 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 5.03. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinances. The System will not

be sold without the prior written consent of the Purchaser so long as the Series 2010 Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. So long as the Series 2010 A Bonds or Series 2010 B Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Prior Bonds and the Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding;
- (3) The Parity Bonds then proposed to be issued.

No additional Parity Bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

So long as the Series 2008 A Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any additional Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and account created in this Ordinance required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Ordinance.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2010 Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2010 Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the

event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for All Employees of the Town Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds have been or will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation coverage shall be maintained as required by the laws of the State of West Virginia.

(e) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(f) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in such amount as may be requested by the Purchaser from time to time.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Series 2010 Bonds or Prior Bonds are outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 5.06. Statutory Mortgage Lien. So long as the Prior Bonds are Outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance. Additionally, the System will not be sold without the prior written consent of the Purchaser so long as the Series 2010 Bonds are outstanding.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

- (a) Failure to make payment of any monthly amortization installment upon the Series 2010 Bonds at the date specified for payment thereof;
- (b) Failure to duly and punctually observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2010 Bonds or herein, or violation of or failure to observe any provision of any pertinent law, and
- (c). If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 5.08. Enforcement. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2010 Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2010 Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2010 Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2010 Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Any Registered Owner of the Bonds, by proper legal action, compel the performance of the duties of the Issuer under this Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of the Bonds shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 5.09. Fiscal Year; Budget. While the Series 2010 Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Recorder on the date of adoption hereof, subject to permitted changes.

Section 5.11. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.12. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 2010 Bonds are outstanding.

Section 5.13. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

ARTICLE VI

RATES, ETC.

Section 6.01. Initial Schedule of Rates and Charges; Rules. A. The initial schedule of rates and charges for the services and facilities of the System, subject to change consonant with the provisions hereof, shall be as set forth in a water rate ordinance of the Issuer enacted March 7, 2010 as amended by Recommended Decision dated July 16, 2010 in Case No. 10-0534-W-MA of the Public Service Commission of West Virginia which rates are incorporated herein by reference as a part hereof.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. All delinquent fees, rates and charges for services or facilities of the System shall be liens on the premises served of equal degree, rank and priority with the lien on such premises of state, county, school and municipal taxes, as provided in the Act. The Issuer shall

have all remedies and powers provided under the Act and other applicable provisions of law with regard to the collection and enforcement of such fees, rates and charges.

D. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other Revenues of the System.

E. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

Section 7.05. Conflicting Provisions Repealed. Except for the Prior Ordinance, all ordinances, resolutions and orders, or parts thereof, in conflict with the provisions hereof are, to the extent of such conflicts, hereby repealed; provided that this section shall not be applicable to the Loan Resolution (Form FmHA 442-47).

- Attachment No. 4 – Water Users Agreement

The conditions referred to above are as follows:

1. Fund Usage – Funds obligated under the terms of this letter of conditions are committed on the basis that your project will proceed to the construction stage in an expedient manner. In accordance with RUS Staff Instruction 1782-1, Section 1782.20(u)(5), any funds not disbursed within 60 months from the date of obligation will be de-obligated and returned to the Department of Treasury for further disposition to other RUS project applicants. In the event that USDA determines that your project has not progressed within the five (5) year timeline and that funds will be recaptured, you will be given appeal rights and due process to document reasons why you believe the decision to de-obligate your project funds is not justified.
2. Loan Repayment – The loan will be scheduled for repayment over a period of 40 years. The payments due the first 24 months will consist of interest only. Payments for the remaining 456 months will be equal amortized monthly installments. For planning purposes use a 2.75% interest rate and a monthly amortization factor of .00354, which provides for a monthly payment of \$3,894. You have the option of participating in the PREAUTHORIZED DEBIT (PAD) payment process. It will allow for your payment to be electronically debited from your account on the day your payment is due. Your authority must establish and fund monthly a debt service reserve account, which equals 10% of your monthly payment each month until you accumulate the equivalent of one annual installment on your loan.

You are reminded that your authority may be required to refinance (graduate) the unpaid balance of its RUS loan, in whole or in part, upon the request of RUS if at any time it shall be determined the authority is able to obtain a loan for such purposes from responsible cooperative or private sources at reasonable rates and terms for loans for similar purposes and periods or time.

3. Security – The loan must be secured by a statutory lien of ^{equal} first priority, a pledge of the system's revenues and other agreements between you and RUS as set forth in the bond ordinance which must be properly adopted and executed by the appropriate officials of your organization. Additional security requirements are contained in RUS Bulletin 1780-12 and RUS Bulletin 1780-27 which are mentioned later.
4. Users – This conditional commitment is based upon you providing evidence that you will have at least ~~550~~⁴¹³ bona fide users on the proposed system when it has been completed and is placed in operation. ~~This evidence will consist of 57 signed user agreements and a signed certification from you that identifies and attests to the number of users actually connected to and using the City's existing water system, which is to be partially replaced by the new system, at the time you request authorization to advertise the proposed project for construction bids.~~

~~The enclosed Water Users Agreement will be used. Each user signing an agreement must make a user contribution of \$100. Each potential user who is located along planned lines and declines the offered service will be provided an opportunity to sign a "Service Declination Statement." A guide "Service Declination Statement" is attached for your use. If a potential user refuses to sign either a user agreement or a declination statement, the individual making the contact for the City should complete the declination statement for that potential user and note thereon his/her visit with the potential user, the potential user's refusal to sign, and the reason therefore. The declination statement should also be dated and signed by the individual making the contact.~~

Before RUS can agree to the project being advertised for construction bids, you must provide evidence that the total required number of bona fide users has been acquired and that all potential users have been offered the proposed service. Information and material evidencing compliance with this requirement must consist of (1) your certification (written) as to the number of users connected to and using the water service of the existing system (paying monthly bills), (2) ~~signed user agreements, (3) signed service declination statements, (4) records evidencing user contributions having been paid, (5) a map locating each potential user's property in the new service area identifying it by number, (6) a list of all signed bona fide users numbered so as to be a cross-reference with the map, and (7) a list of all declination statements numbered so as to be a cross-reference with the map.~~

The RUS loan and grant commitment is based on the City providing service to 2 large volume users. Evidence must be provided to show those users will actually be connected to the system when it is completed and that the monthly water usage projected for each by the engineer is reasonable. In the event any of those users refuse the offered service, the City must obtain enough additional revenue (i.e., increase in user rates, sign up of an adequate number of other users, reduction in project scope to reduce debt service and O&M, etc.) to make up the projected income that would be lost by not having those users on the system.

5. Bond Counsel Services – The services of a recognized bond counsel are required. The bond counsel will prepare the form of ordinance to be used, in accordance with Subpart D of RUS Instruction 1780. You should immediately provide your bond counsel with a copy of this letter of conditions, its attachments and enclosures.

How 6. Engineering Services – It will be necessary for you to obtain the services of an engineer. EJCDC No. 510-FA, “Standard Form of Agreement between Owner and Engineer for Professional Services” (2002 Funding Agency Edition) should be used to obtain the services of an engineer. The EJCDC document is issued under copyright and cannot be provided by RUS.

How 7. Legal Services – It will be necessary for you to obtain the services of a local attorney. For your convenience “RUS Legal Services Agreement” is enclosed for your use.

How 8. Accounting Services – It will be necessary for you to obtain the services of a qualified accountant. The accountant must agree to develop and provide the following:

- a. All necessary accounting material required by the Public Service Commission of West Virginia (Rule 42 Exhibit).
- b. Prior to loan/grant closing, your accountant must certify that the accounts and records as required by your bond ordinance have been established and are operational.

The Accountant’s Agreement should be submitted to RUS for review. Compensation in the contract should include only those services identified above and not include payment for construction management services from the accountant unless RUS concurrence is obtained.

RUS Instruction 1780 outlines requirements for the submission of management reports and audits. Appropriate state statutes place certain audit requirements on

your City. "Government Auditing Standards" (Revised July 2007), which may be accessed at www.gao.gov/govaud/ybk01.htm, and RUS Bulletins 1780-30 and 1780-31 all outline audit requirements. You may find these Bulletins at our agency website noted above.

You are reminded that certain provisions of the Office of Management and Budget Circular A-133 are applicable to any public body or nonprofit association that expends \$500,000 or more in federal funds in any one fiscal year. You must enter into an agreement annually with an accountant (or the State Tax Department) to perform the audit. The agreement must be in accordance with the requirements of the State Tax Commissioner of West Virginia. Compensation for preparation of the A-133 audit or your annual audit are not included in project funds and should be paid from the operational revenues generated from your system operation.

9. Facility Control – Prior to advertisement for construction bids, you must furnish satisfactory evidence that you have or can obtain adequate continuous and valid control over the lands and rights needed for the project. Such evidence must be in the following form:
 - a. A right-of-way map showing clearly the location of all lands and rights needed for the project. The map must designate public and private lands and rights and the appropriate legal ownership thereof.
 - b. A copy of deeds, contracts or options for any lands needed other than rights-of-way, along with a preliminary title opinion covering such lands. Form RD 1927-9, "Preliminary Title Opinion" may be used. In the case of your existing system or where the City already acquired real property (land or facilities), a preliminary title opinion(s) concerning all such property(s) will be provided.
 - c. A narrative opinion from your attorney concerning all permits, certifications and other items necessary to show that all legal requirements can be met and stating how they will be met. This narrative should also identify any condemnation proceedings that are anticipated and state how they will be handled.
 - d. A certification and legal opinion relative to title to rights-of-way and easements. Form RD 442-22, "Opinion of Counsel Relative to Rights-of-Way," may be used. This form may contain a few exceptions such as properties that must be condemned; however, prior to the start of construction or loan closing, whichever occurs first, a new Form RD 442-22, must be provided which does not provide for any exceptions. The attorney's legal opinion should include a certification that all requirements

of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and West Virginia State Code Chapter 54 have been met in the acquisition of both real property and rights-of-way. Such requirements may include, but are not limited to, distributing informational material to all affected property owners, and completing appraisals of the affected properties.

- e. On the day of loan closing, the City's attorney must furnish final title opinions on all land(s) being acquired. Form RD 1927-10, "Final Title Opinion" may be used. In the case of your existing system or where the City has already acquired real property(s) (land or facilities), the City's attorney will provide a separate final title opinion(s) covering such property(s) on the day of loan closing.

10. Permits – Copies of all permits needed for the project must be provided for review prior to advertisement for construction bids. Such permits will include but are not limited to the following:

All Permits will apply

- West Virginia Department of Highways
 - Railroads
 - State Department of Health
 - Department of Environmental Protection
 - Corps of Engineers
 - Public Land Corporation
11. Public Service Commission Approvals and Rates – You must determine that the Certificate of Convenience and Necessity which you now have from the Public Service Commission of West Virginia is adequate to cover the entire area to be served by the proposed system. If it is not adequate, a new certificate must be obtained and a copy provided for RUS. If it is determined the City's present certificate is adequate, the City must properly develop, adopt, and promulgate the required rates in accordance with the applicable provisions of Article I, Chapter 24 of the Code of West Virginia, as amended, and to the satisfaction of your bond counsel. The rate ordinance as adopted must include, as a minimum, all the rate related items (everything except project costs section, the use analysis section, and the operation and maintenance expense breakdown section) contained in the attached project construction budget (Attachment No. 1). The draft rate ordinance must be provided for RUS review and concurrence prior to its adoption.
12. Insurance and Bonding Requirements – Prior to loan closing or start of construction, whichever occurs first, you must acquire the types of insurance and bond coverage shown below. The use of deductibles may be allowed providing you have the financial resources to cover potential claims requiring payment of the deductible. RUS strongly recommends that you have your engineer, attorney,

and insurance provider(s) review proposed types and amounts of coverage, including any exclusions and deductible provisions. It is your responsibility and not that of RD to assure that adequate insurance and fidelity or employee dishonesty bond coverage is maintained.

- a. General Liability Insurance – This should include vehicular coverage.
- b. Workers' Compensation – In accordance with appropriate State laws.
- c. Position Fidelity Bond(s) – All positions occupied by persons entrusted with the receipt and/or disbursement of funds must be bonded. As a good business practice you will probably wish to have each position bonded in an amount equal to the maximum amount of funds to be under the control of that position at any one time. During the construction phase of your project, this maximum amount will be much greater than normal; therefore, it is our recommendation that you temporarily increase your coverage to \$200,000, or the estimated highest monthly construction drawdown. Once construction is complete, you may decrease the amount of your coverage. Please note that the cost of the temporary increase in coverage is an eligible project cost.

*Have
W/Bond
of Risk
Insurance*

The minimum coverage acceptable to RUS once your project is in operation will be for each position to be bonded for an amount at least equal to one annual installment on your loan(s).

- d. National Flood Insurance – In addition to meeting the requirements for the type of assistance requested, the following requirements must be met for financial assistance for acquisition and/or construction in designated special flood or mudslide prone areas:
 - i. If flood insurance is available, you must purchase a flood insurance policy at the time of loan closing.
 - ii. Applicants whose buildings, machinery or equipment are to be located in a community which has been notified as having special flood or mudslide prone areas will not receive financial assistance where flood insurance is not available.
- e. Real Property Insurance – Prior to the acceptance of the facility from the contractor(s), you must obtain real property insurance (fire and extended coverage) on all above-ground structures, to include machinery and equipment housed therein. This does not apply to water reservoirs, standpipes, elevated tanks or noncombustible materials used in treatment plants, clearwells, filters and the like.

13. Environmental Requirements –

N/A
a. ~~Mitigation~~ – ~~At the conclusion of the proposal's environmental review process, specific actions were negotiated with environmental regulatory officials to avoid or minimize adverse environmental impacts. Those actions are required for successful completion of the project and must be adhered to during project design and construction.~~

b. Project Modifications – The project as proposed has been evaluated to be consistent with all applicable environmental requirements. If the project or any project element deviates from or is modified from the original approved project, additional environmental review may be required.

14. Vulnerability Assessments (VA) and Emergency Response Plans (ERP) –

Congress enacted the Public Health Security and Bioterrorism Preparedness Response Act of 2002, Public Law 107-188 (Bioterrorism Act). The Bioterrorism Act amended the Safe Drinking Water (SDWA) to require all medium and large sized community water systems (serving populations greater than 3,300) to assess vulnerability to terrorist attack and develop emergency plans for response to such an attack. Medium and large community water systems are being monitored by the U.S. EPA for completion of VA's and ERP's.

Rural Development requires all financed water and wastewater systems to have a vulnerability assessment (VA) and an emergency response plan (ERP) in place. New water or wastewater systems must provide a certification that an ERP is complete prior to the start of operations. A certification that a VA is complete must be submitted within one year of the start of operations. All other borrowers must provide a certification that a VA and ERP are complete prior to bid authorization.

RD does not need or want a copy of the VA or ERP. The requested certification will be sufficient to meet our needs. Technical assistance providers are available to provide you with on site assistance if desired.

15. Civil Rights & Equal Opportunity – You should be aware of and will be required to comply with other federal statute requirements including but not limited to:

Section 504 of the Rehabilitation Act of 1973 – Under section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), no handicapped individual in the United States shall, solely by reason of their handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving RD financial assistance.

Civil Rights Act of 1964 – All borrowers are subject to, and facilities must be operated in accordance with, title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and subpart E of part 1901 of this title, particularly as it relates to conducting and reporting of compliance reviews. Instruments of conveyance for loans and/or grants subject to the Act must contain the covenant required by paragraph 1901.202(e) of this title.

The Americans with Disabilities Act (ADA) of 1990 – This Act (42 U.S.C. 12101 et seq.) prohibits discrimination on the basis of disability in employment, State and local government services, public transportation, public accommodations, facilities, and telecommunications. Title II of the Act applies to facilities operated by State and local public entities which provides services, programs and activities. Title III of the Act applies to facilities owned, leased, or operated by private entities which accommodate the public.

Age Discrimination Act of 1975 – This Act (42 U.S.C. 6101 et seq.) provides that no person in the United States shall on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

RD financial programs must be extended without regard to race, color, religion, sex, national origin, marital status, age, or physical or mental handicap.

16. Contract Documents, Final Plans and Specifications –

a. The contract documents should consist of the following:

(1) EJCDC Document No. C-521, 2002 Edition, “Suggested Form of Agreement between Owner and Contractor on the Basis of Stipulated Price” and EJCDC Document No. C-710, 2002 Edition, “Standard General Conditions of the Construction Contract – Funding Agency Edition” and Attachments. The EJCDC document is issued under copyright and cannot be provided by RUS.

(2) “RUS Supplemental General Conditions.”

RUS Bulletin 1780-26, “Guidance for the Use of EJCDC Standard Documents on Water and Waste Projects with RUS Financial Assistance (September 10, 2003 Version),” is available at our website noted above for use by your engineer in the preparation of the contract documents.

b. The contract documents must provide, as a minimum, the following insurance:

- (1) Liability Insurance – Personal Liability - \$500,000; Property Damage - \$200,000 - \$200,000. This coverage must include indemnification of the City and its engineer. EJCDC Document C-710, “Standard General Conditions of the Construction Contract” (Funding Agency Edition) and Exhibit G to RUS Bulletin 1780-26, “Supplementary Conditions” both suggest certain limits of liability for insurance coverage. Those limits should be considered as minimum requirements only. It is recommended you consider increasing the given limits of liability after analyzing your specific needs.
- (2) Builder’s Risk Insurance – On all structures and mechanical and electrical equipment in place or stored on the site to the full insurable value thereof.
- (3) Workers’ Compensation – In accordance with applicable State laws.

c. The contract documents and final plans and specifications must be submitted to RUS for approval.

d. The project must be designed in compliance with Section 504 of the Rehabilitation Act of 1973.

Region will complete

17. State Prevailing Wage Law - You should ensure that all requirements of Article 5A of the West Virginia State Prevailing Wage Law, “Wages for Construction of Public Improvements” are met during construction of the project.

18. Interim Financing – Interim financing will be used for the RUS loan if it is available at reasonable rates and terms. You must provide RUS with a copy of the tentative agreement reached in connection with interim financing. A copy of the proposed agreement should be provided for RUS review. A Sample Credit Agreement is attached for your use in meeting this requirement (Attachment No. 9).

19. Disbursement of Funds – The RUS funds will be advanced as they are needed in the amount(s) necessary to cover the RUS proportionate share of any disbursements required of your City, over 30 day periods. Funds will be disbursed by electronic transfer of funds.

Any RUS grant funds not disbursed immediately upon receipt must be deposited in an interest bearing account except as follows:

- a. Federal grant awards (includes all federal funding sources) are less than \$120,000 per year.
- b. The best available interest bearing account would not be expected to earn in excess of the following:

Public Bodies

Interest earned on grant funds in excess of \$100 per year will be submitted to RUS at least quarterly as required in 7 CFR 3016.

- c. The depository would require a minimum balance so high that it would not be feasible.

The City will establish a separate fund, to be known and hereafter referred to as the Construction Account, with a lending institution insured by the Federal Deposit Corporation. The account shall be used solely for the purpose of paying the costs of the project as outlined in the construction budget. All funds in the account will be secured by a collateral pledge equaling at least 100% of the highest amount of funds expected to be deposited in the Construction Account. All deposits in excess of \$100,000 will be secured by a collateral pledge in accordance with Treasury Circular Number 176.

The City must assure that all project funds are expended only for the eligible items included in the final project budget or as may be later approved by RUS.

20. Water Purchase Contract – You propose to purchase treated water from the McDowell County Public Service District; therefore, you must enter into a Water Purchase Contract. Form RD 442-30 must be used unless you receive an exception from RUS.

21. At a properly called meeting, you must adopt and properly execute the following forms, and minutes showing the adoption must be provided:

Form RD 1940-1 – “Request for Obligation of Funds”

RUS Bulletin 1780-12 – “Water or Waste System Grant Agreement”

RUS Bulletin 1780-27 – “Loan Resolution (Public Bodies)”

Form RD 400-1 – “Equal Opportunity Agreement”

Form RD 400-4 – “Assurance Agreement”

Form AD 1047 – “Certification Regarding Debarment – Primary”

Form AD 1049 – “Certification Regarding Drug-Free Workplace”

Form RD 1910-11 – “Applicant Certification, Federal Collection Policies”

RD Instruction 1940-Q, Exhibit A-1, “Certification for Contracts, Grants and Loans”

Standard Form LLL – “Disclosure of Lobbying Activities” (If Applicable)

Certification of Compliance
Form RD 1942-46, "Letter of Intent to Meet Conditions"

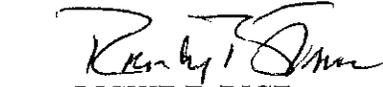

22. The enclosed Water and Waste Processing Checklist (Attachment No. 2) outlines the items needed to complete the loan and grant docket. All the items listed must be included in the loan and grant docket when it is forwarded to the USDA – Rural Development State Office with a request for loan closing instructions to be issued.
23. Upon receipt of the loan and grant docket, which contains all the items required above, RUS may authorize you to advertise the project for construction bids. Such advertisement must be in accordance with appropriate State statutes. Immediately after bid opening you must provide RUS with (a) a bid tabulation, (b) recommendations from you and your engineer as to the acceptability of the bids received, and (c) your recommendations for contract awards. If all parties then agree the construction bids received are acceptable, it is determined that adequate funds are available to cover the total facility costs, and that all the administrative conditions of loan approval have been satisfied, loan closing instructions will be issued. The closing instructions, a copy of which will be forwarded to you, will set forth any further requirements that must be met before the loan can be closed. When all parties agree that the closing requirements can be met, a mutually acceptable date for the loan closing will be scheduled.

Any applicant contribution shall be considered as the first funds expended. After providing for all authorized costs, any remaining RUS project funds will be considered to be RUS grant funds and refunded to RUS. If the amount of unused RUS project funds exceeds the RUS grant, that part would be RUS loan funds and would be applied as an extra payment toward the loan balance.

If the conditions set forth in this letter are not met within twelve (12) months from the date hereof, RUS reserves the right to discontinue processing of the application. In the event the project has not advanced to the point of loan closing within the twelve-month period and it is determined the authority still wishes to proceed, it will be necessary that the proposed budget be reviewed again in detail. If during that review, it is determined the budget is no longer current and/or adequate, RUS reserves the right to require that it be revised or replaced.

We believe the information herein clearly sets forth the actions which must be taken; however, if you have any questions, please do not hesitate to contact me.

Sincerely yours,

RICKIE E. RICE

The conditions referred to above are as follows:

1. American Recovery and Reinvestment Act of 2009 ("Recovery Act").

Recovery Act requirements apply to this financing. In addition to the other conditions contained in this Letter of Conditions, you must understand and agree to these following conditions specific to the Recovery Act:

(a). Certifications: With respect to Recovery Act funds made available to State or local governments for infrastructure investments, Section 1511 of the Recovery Act requires the Governor, mayor or other chief executive, as appropriate, to certify that the infrastructure investment has been properly approved as required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. RD Water and Waste personnel will provide specific guidance on the information required in the certification.

(b). Reports on Use of Funds: Section 1512 of the Recovery Act requires each recipient receiving Recovery Act funding to provide specific information to the government on a periodic basis for inclusion in various internal and publicly-available reports. RD Water and Waste Program personnel will provide specific guidance on the type and frequency of information required to assist Recovery Act recipients in complying with this condition.

(c). Buy American: Section 1605 of the Recovery Act requires that all projects financed with Recovery Act funds be bid and constructed using only iron, steel and manufactured goods produced in the United States in accordance with Section 1605 of the Recovery Act. Specific guidance, including contract provisions to be included in any construction contracts, is being formulated and drafted as of the date of this Letter of Conditions. RD Water and Waste Program personnel will provide specific guidance related to this condition as soon as it is available.

(d). Wage Rate Requirements: Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors for the project will be paid wages at rates not less than those prevailing on projects of a character similar in the locality where this project will occur. Specific guidance, including contract provisions to be included in any construction or otherwise related contracts, is being formulated and drafted as of the date of this Letter of Conditions. RD Water and Waste Program personnel will provide specific guidance related to this condition as soon as it is available.

Compliance with the conditions in this section is required for financing under the Recovery Act. However, these conditions are not substitutes for, or in lieu of, the remaining conditions contained in this Letter of Conditions. Each of the conditions in this Letter of Conditions must also be understood and complied with to receive financing for your project.

2. The project construction budget (Attachment No. 1) has been amended to reflect the subsequent funding.
3. Users – This conditional commitment is based upon you providing evidence that you will have at least 493 bona fide users on the proposed system when it has been completed and is placed in operation. This evidence will consist of a signed certification from you that identifies and attests to the number of users actually connected to and using the City's existing water system, which is to be partially replaced by the new system, at the time you request authorization to advertise the proposed project for construction bids.
4. Public Service Commission Approval - You must obtain PSC approval of the project's proposed financing and user rates as may result from this amendment to the letter of conditions.
5. Income Available - You must maintain a rate schedule that provides adequate income to meet the minimum requirements for operation and maintenance, debt service, and reserves.
6. At a properly called meeting, you must adopt and properly execute the following forms, and minutes showing the adoption must be provided (you must also provide us with a copy of the minutes showing the adoption of the forms associated with the original letter of conditions):

Form 1940-1 – "Request for Obligation of Funds"

RUS Bulletin 1780-12 – "Water or Waste System Grant Agreement"

Form RD 1942-46 – "Letter of Intent to Meet Conditions"

If the conditions set forth in this letter are not met within six (6) months from the date hereof, RD reserves the right to discontinue processing of the application. In the event the project has not advanced to the point of loan/grant closing within the six-month period and it is determined the City still wishes to proceed, it will be necessary that the proposed budget be reviewed again in detail. If, during that review, it is determined the budget is no longer current and/or adequate, RD reserves the right to require that it be revised or replaced.

We believe the information herein clearly sets forth the actions which must be taken; however, if you have any questions, please do not hesitate to contact me.

Sincerely,

Susan L. Newcomer

and

CASE NO. 10-0534-W-MA

CITY OF WAR, a municipal utility,
War, McDowell County.

Investigation and suspension of increase
in water rates and charges as a result of
petitions filed in accordance with
W.Va. Code §24-2-4b.

RECOMMENDED DECISION

Case No. 10-0230-W-CN ("certificate case")

On February 18, 2010, the City of War ("City"), by counsel Susan J. Riggs, filed with the Public Service Commission ("Commission") an application for a certificate of convenience and necessity to construct Phases 2 through 4 of its Water Improvement Project, which includes replacing the water distribution systems of the Yukon and Excelsior areas, as well as the City's downtown distribution system. Supporting documentation was filed.

Also on February 18, 2010, the Commission directed the City to publish a Notice of Filing.

On March 3, 2010, by Order, the Commission referred this matter to the Division of Administrative Law Judges (“ALJ Division”) for decision no later than August 2, 2010, if timely substantial protest was received, and no later than July 5, 2010, if such protest was not filed.

On March 10, 2010, the City, by counsel, filed an affidavit of publication of the Notice of Filing on February 26, 2010, in The Welch News.

On March 19, 2010, Staff Attorney Cassius Toon filed an Initial Joint Staff Memorandum, with an attached memorandum from Karen L. Buckley, of the Utilities Division, and James Spurlock, of the Engineering Division.

On April 6, 2010, the City, by counsel, filed further information.

Case No. 10-0534-W-MA (“municipal appeal case”)

On March 17, 2010, the City adopted an ordinance increasing its water rates by 70%, to become effective no sooner than May 1, 2010.

On April 16, 2010, a petition signed by 407 individuals was filed, opposing the rate increase.¹ The petition stated that the increase would be “grievous for customers to pay,” particularly since the quality of the water is substandard.

On April 19, 2010, the Commission issued an order stating that it had received a petition “apparently signed by not less than twenty-five percent of the City’s water customers” and, therefore, found jurisdiction pursuant to W.Va. Code §24-2-4b; docketed this matter; named the City a respondent; suspended the City’s proposed rates and charges until August 29, 2010, unless otherwise ordered by the Commission; and referred this matter to the ALJ Division for decision no later than July 30, 2010. Commission Staff was ordered to file its final report no later than June 15, 2010.

On May 14 and 17, 2010, the City, by counsel Susan J. Riggs, filed further information.

Case Nos. 10-0230-W-CN and 10-0534-W-MA

On May 12, 2010, the City, by counsel, filed a motion for the consolidation of the certificate and municipal appeal cases; tolling of the municipal appeal case’s statutory deadline; and extensions of the ALJ decision due dates.

On May 21, 2010, the Commission, by Order, granted the motion. The effective dates for the proposed rates in the municipal appeal case and the statutory deadline for both cases were extended

¹The cover letter to the petition stated that the petitioners had been informed by a representative of the City that a rise in the water rates would raise the sewer rates. That is incorrect. The sewer rates are unaffected by the proposed raising of the water rates.

until October 1, 2010, and the ALJ decision due date for the consolidated cases was extended until August 9, 2010.

On May 25, 2010, the undersigned issued a Procedural Order ordering Commission Staff to file its final report in the certificate case no later than June 15, 2010, the same date that its report was due in the municipal appeal case; ordering the City to file any objection to Staff's recommendations no later than June 25, 2010; scheduling these matter for hearing at 1:00 p.m. on July 8, 2010, in Circuit Courtroom A, McDowell County Courthouse, Wyoming and Court Streets, Welch, West Virginia; ordering an expedited transcript, to be filed no later than July 12, 2010; and ordering the City to publish an attached Notice of Hearing no earlier than June 23, 2010, and no later than July 1, 2010.

On June 8, 2010, the Commission extended the deadline for Staff to file its reports in both cases to June 22, 2010.

On June 22, 2010, Mr. Toon filed the Final Joint Staff Memorandum in the certificate case, with an attached memorandum from Ms. Buckley and Jonathan Fowler, of the Engineering Division, which included the following: This project involves replacing the distribution system previously owned by War Water Works, which is over eighty years old and extremely leaky and otherwise deteriorated. The project is referred to as Phase 2, Phase 3 and Phase 4; Phase 1 was approved by the Commission in Case No. 08-0684-W-CN (June 26, 2008). The project will consist of installing approximately 27,800 feet of water mains of various sizes, 75 main valves, 365 meters, and 32 new fire hydrants and shut-off valves; the construction of a 100,000-gallon water storage tank; and restoration of the property. The project has been approved by the Infrastructure and Jobs Development Council and is estimated to cost \$4,113,800; including an estimated construction cost of \$3,191,900, to be funded by a \$2,613,800 Rural Utilities Service ("RUS") grant and an RUS loan of \$1,500,000, payable over forty years at an interest rate not to exceed 2.75%. The West Virginia Bureau of Public Health issued two permits for the project, Permit No. 18,311 (dated May 15, 2009) and Permit No. 18,364 (dated July 24, 2009). Staff opined that the project is badly needed, due to the dire condition of the system, and recommended that the certificate be granted and the project and its funding be approved.

Also filed on June 22, 2010, was the Final Joint Staff Memorandum in the municipal appeal case, with Staff Reports prepared by Ms. Buckley and Mr. Fowler, which included the following: Staff examined the City's books and records for the fiscal year ending June 30, 2008. Staff found that over five years the City had averaged \$10,316 in capital additions. Staff calculated that the City would need total available cash of \$269,356, and recommended that the City's water rates be increased by 45.1%, to become effective upon substantial completion of the project at issue in the certificate case. The Staff-recommended rates would provide the City \$10,328 for capital additions and a debt service factor of 122.48%. Staff also recommended modifying the City's leak adjustment rate and adding to the City's tariff a \$150 tap fee, a \$25 reconnection charge, a returned check charge not to exceed \$25, and a security deposit provision.

On June 25, 2010, the City, by counsel, filed a request for an extension of the deadline for it to respond to Staff's recommendations from June 25th to July 2nd, stating that its accountant is on National Guard duty, and will not return to his office until June 28th.

On June 28, 2010, the undersigned issued a Procedural Order granting the motion.

On July 6, 2010, the City, by counsel, filed an affidavit establishing that the Notice of Hearing had been published on June 25, 2010, in The Welch News.

The hearing convened as scheduled. Mr. Toon and Ms. Riggs made their appearances, and Ms. Riggs stated that the City agreed with Staff's recommendations in the certificate case and stipulated to the Staff-recommended rates in the municipal appeal case. (Tr. 6). The City's application in the certificate case was entered into evidence as City Exhibit 1 and the engineering reports were entered into evidence as City Exhibits 2 through 4. The Staff reports in the municipal appeal case were entered into evidence as Staff Exhibit 1 and the Staff report in the certificate case was entered into evidence as Staff Exhibit 2. Ms. Riggs clarified that all necessary permits in the certificate case had been received and filed. (Tr. 7). Mr. Fowler and Ms. Buckley were called as witnesses to explain these matters to the protestants who had appeared. Included in Mr. Fowler's testimony was that the City's system was built in the 1920's by the War Water Works and allowed to deteriorate; the City acquired the system in 2003. The project at issue in the certificate case is "desperately needed." (Tr. 12). Ms. Buckley stated that Staff recommended an overall increase of approximately 45%, lower than the 70% the City's ordinance had provided; with implementation of the Staff-recommended rates, an average monthly bill for usage of 4,500 gallons of water will go up by \$9.90. (Tr. 17).

The protestants asked questions, and further information was provided, as follows: Asked how much debt the City will incur because of the project, Mr. Fowler explained that, of the \$4,113,800 cost of the Phase 2 through 4 project, only \$1,500,000 will have to be repaid; the rest, approximately \$2,600,000, will be paid for by grants. (Tr. 25). Mayor Thomas Hatcher stated that, for all six phases, the City will have \$6,881,000 in grant money and only the \$1,500,000 in loans; the later two phases will be totally grant-funded. Mayor Hatcher explained that grants are covering 82% of the total cost of all the projects; only 18% of that cost will be in loans. He added that such funding is better than most cities ever get. (Tr. 26). Asked when the water will become potable, Douglas Hudgins, the City's engineer, stated that, at the end of this project, Phases 2 through 4, the source of water will be the same, but Phases 5 and 6, which have been funded and are now being designed, will include connection to the water system of the McDowell County Public Service District, which has treated water; all of the City's water will be bought from the District. (Tr. 28). The Phase 2 through 4 project will improve the water quality, because of the corrosion of the old lines, but not until the system is connected to the District's system will the problems with the water quality be fully resolved. (Tr. 34). All of the projects should be completed within approximately two years. (Tr. 40). Mr. Toon stressed that the increased rates will not become effective until the project is substantially complete. (Tr. 38). Mayor Hatcher clarified that the City has been paying interest on the RUS loan since February 18, 2009; it has already paid a total of \$14,133.48. (Tr. 47). The statements of the protestants primarily were that the water quality is bad; the water is dirty and treated only with chlorine. (Tr. 36, 38, 42,

45). Lawrence Muncy expressed concern that, since the population in the area is falling, in the future it might be difficult for the City's customers to pay off the debt. (Tr. 36).

The transcript was filed on July 12, 2010.

FINDINGS OF FACT

1. On February 18, 2010, the City of War filed with the Public Service Commission an application for a certificate of convenience and necessity to construct Phases 2 through 4 of its Water Improvement Project. Phases 2 through 4 include replacing the water distribution systems of the Yukon and Excelsior areas, as well as the City's downtown distribution system. The matter was docketed as Case No. 10-0230-W-CN. (See application).

2. The City published a Notice of Filing of the application for a certificate of convenience and necessity on February 26, 2010, in The Welch News, and no protest was filed. (See filing of March 10, 2010; Commission case file).

3. On March 17, 2010, the City adopted an ordinance increasing its water rates by 70%, to become effective on May 1, 2010. Upon the filing of a petition opposing the increase, signed by 407 individuals, the Commission invoked its jurisdiction pursuant to W.Va. Code §24-2-4b, and suspended the City's proposed rates until August 29, 2010, unless otherwise ordered by the Commission. The matter was docketed as Case No. 10-0534-W-MA. (See filing of March 22, 2010; Commission Order of April 19, 2010).

4. Upon request of the City, the Commission consolidated the two cases, changed the effective date for the proposed rates to October 1, 2010, and extended the statutory deadline for the consolidated cases to August 9, 2010. (See filing of May 12, 2010; Commission Order of May 21, 2010).

5. A Notice of Hearing on the consolidated cases was published on June 25, 2010, in The Welch News, and protestants appeared at the hearing held July 8, 2010. (See filing of July 6, 2010; Tr. 30-51).

6. The Phase 2 through 4 project at issue in Case No. 10-0230-W-CN involves replacing the distribution system previously owned by War Water Works, which is over eighty years old and extremely leaky and otherwise deteriorated. The project will consist of installing approximately 27,800 feet of water mains of various sizes, 75 main valves, 365 meters, and 32 new fire hydrants and shut-off valves; the construction of a 100,000-gallon water storage tank; and restoration of property. (See Staff Report filed June 22, 2010; Tr. 10-13).

7. The project has been approved by the Infrastructure and Jobs Development Council and is estimated to cost \$4,113,800, including an estimated construction cost of \$3,191,900, to be funded

by a \$2,613,800 Rural Utilities Service grant and an RUS loan of \$1,500,000, payable over forty years at an interest rate not to exceed 2.75%. (See application; Staff Report).

8. The West Virginia Bureau of Public Health issued two permits for the project, Permit No. 18,311 (dated May 15, 2009) and Permit No. 18,364 (dated July 24, 2009). All needed permits have been received and filed. (See Staff Report; Tr. 7).

9. Staff concluded that the project is badly needed, due to the dire condition of the system. Staff recommended that the certificate be granted and the project and its funding be approved. (See Staff Report; Tr. 12).

10. Staff examined the City's books and records for the fiscal year ending June 30, 2008. Staff found that over five years the City had averaged \$10,316 in capital additions. Staff calculated that the City would need total available cash of \$269,356, and recommended that the City's water rates be increased by 45.1%, to become effective upon substantial completion of the Phase 2 through 4 project. The Staff-recommended rates would provide the City \$10,328 for capital additions and a debt service factor of 122.48%. Staff also recommended modifying the City's leak adjustment rate and adding to the City's tariff a \$150 tap fee, a \$25 reconnection charge, a returned check charge not to exceed \$25, and a security deposit provision. (See Staff Reports; Tr. 13-17).

11. The City stipulated to the Staff-recommended rates. (Tr. 6).

CONCLUSIONS OF LAW

1. In Case No. 10-0230-W-CN, it is appropriate to grant the application and approve the project, pursuant to W.Va. Code §24-2-11, because it is reasonable and necessary, and to approve the funding because it is appropriate.

2. It is appropriate to approve the Staff-recommended new tariff provisions and rates, as provided in Appendix A, to become effective upon substantial completion of the approved project, because the City accepted them; no reasonable argument against them has been made by the customers of the City; and they provide revenue sufficient, but no more than sufficient, to cover the expenses of the City, its needed capital improvements, and its debt service.

3. It is appropriate to order the City to cause to be published the attached Notice of New Tariff Provisions, attached hereto as Appendix B.

No. AR-1

Date: January 27, 2011

FOR VALUE RECEIVED, the TOWN OF WAR (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE MILLION ONE HUNDRED THOUSAND DOLLARS (\$1,100,000), plus interest on the unpaid principal balance at the rate of 2.5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$3,740, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the

holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to (i) pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, (ii) pay the Waterworks System Bond Anticipation Notes, Series 2009 A Notes, (the "Series 2009 A Notes"); and (iii) to pay costs of issuance and related costs.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the Gross Revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the West Virginia Code, as amended (the "Act"), and an Ordinance of the Borrower duly enacted on December 15, 2010 as supplemented by Supplemental Resolution of the Issuer duly adopted on January 19, 2011, authorizing issuance of this Bond (collectively, the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, AS TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, WITH THE BORROWER'S: WATER REVENUE BONDS, SERIES 2008 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JUNE 26, 2008, IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$215,300 (THE "SERIES 2008 A BONDS" OR THE "PRIOR BONDS"); AND WATER REVENUE BONDS, SERIES 2011 B (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED JANUARY 27, 2011, ISSUED IN THE AGGREGATE PRINCIPAL AMOUNT OF \$400,000, (THE "SERIES 2011 B BONDS") ISSUED SIMULTANEOUSLY HEREWITH.

Water Revenue Bonds, Series 2011 A
(United States Department of Agriculture)

Town of War

United States Department of Agriculture

West Virginia Water Development Authority
Charleston, West Virginia

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by the Town of War, in McDowell County, West Virginia (the "Issuer"), of its \$1,100,000 Water Revenue Bonds, Series 2011 A (United States Department of Agriculture), dated the date hereof (the "Series 2011 A Bonds"), pursuant to Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and a bond ordinance of the Issuer duly enacted on December 15, 2010, as supplemented by Supplemental Resolution duly adopted on January 19, 2011 (collectively, the "Bond Legislation"). We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the representations of the Issuer contained in the Bond Legislation and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

The Bonds are issued for the purposes of (i) paying the Issuer's Waterworks Design Bond Anticipation Notes, Series 2009 A (the "Series 2009 A Notes"); and (ii) paying a portion of the costs of acquisition and construction of certain additions, betterments and improvements to the existing public waterworks system of the Issuer (the "Project").

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a municipal corporation and political subdivision of the State of West Virginia with full power and authority to adopt and enact the Bond Legislation, perform the agreements on its part contained therein and issue and sell the Series 2011 A Bonds, pursuant to the provisions of the Act and other applicable provisions of law.

9

CH5227905

2. The Bond Legislation has been duly adopted and enacted by the Issuer and constitutes a valid and binding obligation of the Issuer enforceable upon the Issuer.

3. Pursuant to the Act, the Bond Legislation creates a valid lien on the Gross Revenues of the System for the security of the Series 2011 A Bonds on a parity with the Issuer's Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), dated June 26, 2008, issued in the original aggregate principal amount of \$215,300 (the "Prior Bonds") and the Water Revenue Bonds, Series 2011 B (United States Department of Agriculture) dated January 27, 2011 in the original principal amount of \$400,000 issued simultaneously with the Series 2011 A Bonds. Other than the Prior Bonds and the Series 2011 B Bonds, there are no other outstanding bonds or obligations of the Issuer which rank prior to or on a parity with the Series 2011 A Bonds as to liens, pledge and/or source of and security for payment.

4. The Series 2011 A Bonds have been duly authorized, executed and delivered by the Issuer and is a valid and binding special obligation of the Issuer, payable solely from the sources provided therefor in the Bond Legislation.

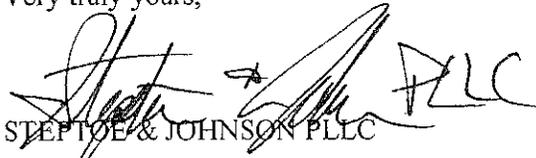

5. The Series 2011 A Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes; therefore, the interest on the Series 2011 A Bonds is not excluded from gross income for federal income tax purposes. We express no opinion regarding other federal tax consequences arising with respect to the Series 2011 A Bonds.

6. The Series 2011 A Bonds are, under the Act, exempt from all taxation by the State of West Virginia, and the other taxing bodies of said State, and interest on the Series 2011 A Bonds is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.

7. With proceeds from the Series 2011 A Bonds, the Series 2009 A Notes have been paid in full, and the covenants, agreements and other obligations of the Issuer to the owners of such Note has been satisfied and discharged. In rendering the opinion set forth in this paragraph, we have relied upon the receipt of payment from the owners of such Note that they have received payment for the entire outstanding principal of such Note and all interest accrued thereon on the date hereof and that such Note has been paid in full.

It is to be understood that the rights of the holder of the Series 2011 A Bonds and the enforceability of the Series 2011 A Bonds, the Bond Legislation and the liens and pledges set forth therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that the enforcement thereof may also be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,

Ladies and Gentlemen:

I am counsel to the Town of War, a municipal corporation and political subdivision of the State of West Virginia in McDowell County (the "Issuer"). As such counsel, we have reviewed copies of the approving opinion of Step toe & Johnson PLLC, as bond counsel, a bond ordinance of the Issuer duly enacted on December 15, 2010 and a Supplemental Resolutions duly adopted by the Issuer on January 19, 2011 (collectively, the "Bond Legislation"), and other documents and papers relating to the Issuer and the above-captioned Bonds of the Issuer (the "Bonds"). Terms used in the Bond Legislation and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation when used herein.

I am of the opinion that:

1. The Issuer has been duly created and is validly existing as a municipality and political subdivision of the State of West Virginia.
2. The Mayor, Recorder, and members of the Council of the Issuer have been duly, lawfully and properly elected or appointed, as applicable, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
3. The Bond Legislation has been duly adopted and enacted by the Issuer, is in full force and effect as of the date hereof and constitutes a valid and binding obligation of the Issuer enforceable in accordance with its terms.
4. The execution and delivery of the Bonds and the consummations of the transactions contemplated by the Bonds and the Bond Legislation, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default

under any order, resolution, agreement or other instrument to which Issuer is a party, and of which I am aware or by which the Issuer or its properties are bound, and of which I am aware, or any existing law, regulation, rule, court order or consent decree to which the issuer is subject.

5. All permits, licenses, approvals, consents, certificates, orders, exemptions and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges have been entered and/or received, including, without limitation, all requisite orders, certificates, consents and approvals from the Public Service Commission of West Virginia, and the Issuer has duly taken any other action required for the imposition of such rates and charges, including, without limitation, the enactment of an ordinance prescribing such rates and charges, the time for appeal of which has expired prior to the date hereof without appeal.

6. The Issuer has received all orders and approvals from the Public Service Commission of West Virginia, including the Recommended Decision entered on July 16, 2010 which became Final Order on August 5, 2010 in Case No. 10-0230-W-CN, among other things, granting to the Issuer certificate of convenience and necessity for the Project and approving the financing for the Project. The time for appeal of such Final Order has expired prior to the date hereof without any appeal. Such Order is not subject to any appeal, further hearing, reopening or rehearing by any customer, protestant, intervenor or other person not a party to such Order. The Order remains in full force and effect.

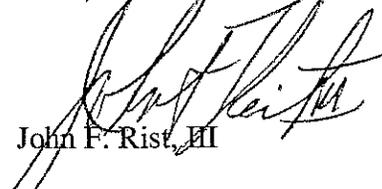

7. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bonds and the Bond Legislation, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, or the collection or pledge of the Gross Revenues therefor.

8. I express no other opinion other than those expressly stated hereinabove. Without limiting the generality of the foregoing sentence, we express no opinion as to the tax, bond or securities laws of the United States or of any state thereof.

9. This opinion is rendered only for the benefit of the addressees and may not be relied upon by other parties without prior written consent. No attorney-client privilege is waived or intended to be waived by this opinion.

Ladies and Gentlemen:

Based upon the rates and charges set forth in the water rate ordinance enacted by the Town of War (the "Issuer") on March 17, 2010 as amended by Recommended Decision dated July 16, 2010 in Case No. 10-0534-W-MA of the Public Service Commission of West Virginia and projected operation and maintenance expenses and anticipated customer usage as furnished to me by the Issuer, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of the Issuer, will pay all repair, operation and maintenance expenses of the System and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Water Revenue Bonds, Series 2011 A (United States Department of Agriculture) issued in the original aggregate principal amount of \$1,100,000, and Water Revenue Bonds, Series 2011 B (United States Department of Agriculture) issued in the original aggregate principal amount of \$400,000 (collectively, the "Series 2011 Bonds"), and the Issuer's outstanding Water Revenue Bonds, Series 2008 A, (West Virginia Infrastructure Fund), dated June 26, 2008, issued in the original aggregate principal amount of \$215,300 (the "Series 2008 A Bonds").

It is further our opinion that the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Series 2011 Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2011 Bonds, are not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for the principal of and interest on the Series 2011 Bonds and the Series 2008 A Bonds currently outstanding.

Sincerely,

Teed & Associates, PLLC

this judgment is stayed for a period of sixty days from the rising of this Court, but said stay shall not become effective until the defendant, or some one in its behalf, enter into a stay bond, conditioned according to law, in the penalty of \$6500.00, before the Clerk of this Court, with security to be approved by the said Clerk.

IN RE THE APPLICATION FOR THE INCORPORATION OF THE TOWN OF WAR.

On this, the tenth day of April, 1920, came again the parties, by their attorneys, and the Court proceeding to pass upon the application and motion heretofore made for the incorporation of the territory described in the papers in this case, to be named the town of War, and after considering all the papers and affidavits filed and hearing all the evidence, is of the opinion that satisfactory proof has been made that all the provisions of Chapter 47 of the Code of West Virginia have been fully complied with, it is therefore considered by the Court that the territory embraced and described in the papers and proceedings in this matter be incorporated in the name of the town of War, as applied for, and it is ordered that the Clerk of this Court do issue a certificate of incorporation of such town, in form and substance as follows:

"A certificate under oath of A. C. Ross, M. K. Murphy and T. H. Wingo having been filed herein, showing that a majority of all the qualified voters residing in the following boundary, to-wit:-

W. Burbridge Payne, Clerk".

It is further considered by the Court that M. K. Murphy, A. C. Ross and O. E. Linkous, three legal voters residing within the said incorporated territory be and they are hereby appointed to act as commissioners of election at the first election to be held in the said town of War, as provided for by Section 10 of said chapter 47 of the Code, and in case they shall fail or refuse to act, said election may be held, conducted, certified and returned by any three voters of the said town appointed for that purpose by the voters present.

American Railway Express Company, defendant.

On this, the 10th day of April, 1920, came again the parties by their attorneys to be heard upon the demurrer to the evidence interposed here by the defendant, and the court, after duly considering the same doth find the law upon the said demurrer to be for the plaintiff.

It is, therefore, considered by the court that the plaintiff do recover of and from the defendant the sum of fifty dollars, the amount fixed by the jury in favor of the plaintiff should the law be for the plaintiff, together with his costs by him in that behalf expended, including an attorney's fee of ten dollars.

This order is entered by E. C. Marshall, special Judge, who as such presided at the trial of this case.

Payne is plaintiff and Stephen Kennedy was defendant, overruling the motion and application of the defendant to set aside and vacate the award returned by the arbitrators in said cause.

CITY OF WAR, a municipal utility,

Investigation and suspension of increase
in water rates and charges as a result of
petitions filed in accordance with
W.Va. Code §24-2-4b.

RECOMMENDED DECISION

Case No. 10-0230-W-CN ("certificate case")

On February 18, 2010, the City of War ("City"), by counsel Susan J. Riggs, filed with the Public Service Commission ("Commission") an application for a certificate of convenience and necessity to construct Phases 2 through 4 of its Water Improvement Project, which includes replacing the water distribution systems of the Yukon and Excelsior areas, as well as the City's downtown distribution system. Supporting documentation was filed.

Also on February 18, 2010, the Commission directed the City to publish a Notice of Filing.

On March 3, 2010, by Order, the Commission referred this matter to the Division of Administrative Law Judges (“ALJ Division”) for decision no later than August 2, 2010, if timely substantial protest was received, and no later than July 5, 2010, if such protest was not filed.

On March 10, 2010, the City, by counsel, filed an affidavit of publication of the Notice of Filing on February 26, 2010, in The Welch News.

On March 19, 2010, Staff Attorney Cassius Toon filed an Initial Joint Staff Memorandum, with an attached memorandum from Karen L. Buckley, of the Utilities Division, and James Spurlock, of the Engineering Division.

On April 6, 2010, the City, by counsel, filed further information.

Case No. 10-0534-W-MA (“municipal appeal case”)

On March 17, 2010, the City adopted an ordinance increasing its water rates by 70%, to become effective no sooner than May 1, 2010.

On April 16, 2010, a petition signed by 407 individuals was filed, opposing the rate increase.¹ The petition stated that the increase would be “grievous for customers to pay,” particularly since the quality of the water is substandard.

On April 19, 2010, the Commission issued an order stating that it had received a petition “apparently signed by not less than twenty-five percent of the City’s water customers” and, therefore, found jurisdiction pursuant to W.Va. Code §24-2-4b; docketed this matter; named the City a respondent; suspended the City’s proposed rates and charges until August 29, 2010, unless otherwise ordered by the Commission; and referred this matter to the ALJ Division for decision no later than July 30, 2010. Commission Staff was ordered to file its final report no later than June 15, 2010.

On May 14 and 17, 2010, the City, by counsel Susan J. Riggs, filed further information.

Case Nos. 10-0230-W-CN and 10-0534-W-MA

On May 12, 2010, the City, by counsel, filed a motion for the consolidation of the certificate and municipal appeal cases; tolling of the municipal appeal case’s statutory deadline; and extensions of the ALJ decision due dates.

On May 21, 2010, the Commission, by Order, granted the motion. The effective dates for the proposed rates in the municipal appeal case and the statutory deadline for both cases were extended

¹The cover letter to the petition stated that the petitioners had been informed by a representative of the City that a rise in the water rates would raise the sewer rates. That is incorrect. The sewer rates are unaffected by the proposed raising of the water rates.

until October 1, 2010, and the ALJ decision due date for the consolidated cases was extended until August 9, 2010.

On May 25, 2010, the undersigned issued a Procedural Order ordering Commission Staff to file its final report in the certificate case no later than June 15, 2010, the same date that its report was due in the municipal appeal case; ordering the City to file any objection to Staff's recommendations no later than June 25, 2010; scheduling these matter for hearing at 1:00 p.m. on July 8, 2010, in Circuit Courtroom A, McDowell County Courthouse, Wyoming and Court Streets, Welch, West Virginia; ordering an expedited transcript, to be filed no later than July 12, 2010; and ordering the City to publish an attached Notice of Hearing no earlier than June 23, 2010, and no later than July 1, 2010.

On June 8, 2010, the Commission extended the deadline for Staff to file its reports in both cases to June 22, 2010.

On June 22, 2010, Mr. Toon filed the Final Joint Staff Memorandum in the certificate case, with an attached memorandum from Ms. Buckley and Jonathan Fowler, of the Engineering Division, which included the following: This project involves replacing the distribution system previously owned by War Water Works, which is over eighty years old and extremely leaky and otherwise deteriorated. The project is referred to as Phase 2, Phase 3 and Phase 4; Phase 1 was approved by the Commission in Case No. 08-0684-W-CN (June 26, 2008). The project will consist of installing approximately 27,800 feet of water mains of various sizes, 75 main valves, 365 meters, and 32 new fire hydrants and shut-off valves; the construction of a 100,000-gallon water storage tank; and restoration of the property. The project has been approved by the Infrastructure and Jobs Development Council and is estimated to cost \$4,113,800; including an estimated construction cost of \$3,191,900, to be funded by a \$2,613,800 Rural Utilities Service ("RUS") grant and an RUS loan of \$1,500,000, payable over forty years at an interest rate not to exceed 2.75%. The West Virginia Bureau of Public Health issued two permits for the project, Permit No. 18,311 (dated May 15, 2009) and Permit No. 18,364 (dated July 24, 2009). Staff opined that the project is badly needed, due to the dire condition of the system, and recommended that the certificate be granted and the project and its funding be approved.

Also filed on June 22, 2010, was the Final Joint Staff Memorandum in the municipal appeal case, with Staff Reports prepared by Ms. Buckley and Mr. Fowler, which included the following: Staff examined the City's books and records for the fiscal year ending June 30, 2008. Staff found that over five years the City had averaged \$10,316 in capital additions. Staff calculated that the City would need total available cash of \$269,356, and recommended that the City's water rates be increased by 45.1%, to become effective upon substantial completion of the project at issue in the certificate case. The Staff-recommended rates would provide the City \$10,328 for capital additions and a debt service factor of 122.48%. Staff also recommended modifying the City's leak adjustment rate and adding to the City's tariff a \$150 tap fee, a \$25 reconnection charge, a returned check charge not to exceed \$25, and a security deposit provision.

On June 25, 2010, the City, by counsel, filed a request for an extension of the deadline for it to respond to Staff's recommendations from June 25th to July 2nd, stating that its accountant is on National Guard duty, and will not return to his office until June 28th.

On June 28, 2010, the undersigned issued a Procedural Order granting the motion.

On July 6, 2010, the City, by counsel, filed an affidavit establishing that the Notice of Hearing had been published on June 25, 2010, in The Welch News.

The hearing convened as scheduled. Mr. Toon and Ms. Riggs made their appearances, and Ms. Riggs stated that the City agreed with Staff's recommendations in the certificate case and stipulated to the Staff-recommended rates in the municipal appeal case. (Tr. 6). The City's application in the certificate case was entered into evidence as City Exhibit 1 and the engineering reports were entered into evidence as City Exhibits 2 through 4. The Staff reports in the municipal appeal case were entered into evidence as Staff Exhibit 1 and the Staff report in the certificate case was entered into evidence as Staff Exhibit 2. Ms. Riggs clarified that all necessary permits in the certificate case had been received and filed. (Tr. 7). Mr. Fowler and Ms. Buckley were called as witnesses to explain these matters to the protestants who had appeared. Included in Mr. Fowler's testimony was that the City's system was built in the 1920's by the War Water Works and allowed to deteriorate; the City acquired the system in 2003. The project at issue in the certificate case is "desperately needed." (Tr. 12). Ms. Buckley stated that Staff recommended an overall increase of approximately 45%, lower than the 70% the City's ordinance had provided; with implementation of the Staff-recommended rates, an average monthly bill for usage of 4,500 gallons of water will go up by \$9.90. (Tr. 17).

The protestants asked questions, and further information was provided, as follows: Asked how much debt the City will incur because of the project, Mr. Fowler explained that, of the \$4,113,800 cost of the Phase 2 through 4 project, only \$1,500,000 will have to be repaid; the rest, approximately \$2,600,000, will be paid for by grants. (Tr. 25). Mayor Thomas Hatcher stated that, for all six phases, the City will have \$6,881,000 in grant money and only the \$1,500,000 in loans; the later two phases will be totally grant-funded. Mayor Hatcher explained that grants are covering 82% of the total cost of all the projects; only 18% of that cost will be in loans. He added that such funding is better than most cities ever get. (Tr. 26). Asked when the water will become potable, Douglas Hudgins, the City's engineer, stated that, at the end of this project, Phases 2 through 4, the source of water will be the same, but Phases 5 and 6, which have been funded and are now being designed, will include connection to the water system of the McDowell County Public Service District, which has treated water; all of the City's water will be bought from the District. (Tr. 28). The Phase 2 through 4 project will improve the water quality, because of the corrosion of the old lines, but not until the system is connected to the District's system will the problems with the water quality be fully resolved. (Tr. 34). All of the projects should be completed within approximately two years. (Tr. 40). Mr. Toon stressed that the increased rates will not become effective until the project is substantially complete. (Tr. 38). Mayor Hatcher clarified that the City has been paying interest on the RUS loan since February 18, 2009; it has already paid a total of \$14,133.48. (Tr. 47). The statements of the protestants primarily were that the water quality is bad; the water is dirty and treated only with chlorine. (Tr. 36, 38, 42,

45). Lawrence Muncy expressed concern that, since the population in the area is falling, in the future it might be difficult for the City's customers to pay off the debt. (Tr. 36).

The transcript was filed on July 12, 2010.

FINDINGS OF FACT

1. On February 18, 2010, the City of War filed with the Public Service Commission an application for a certificate of convenience and necessity to construct Phases 2 through 4 of its Water Improvement Project. Phases 2 through 4 include replacing the water distribution systems of the Yukon and Excelsior areas, as well as the City's downtown distribution system. The matter was docketed as Case No. 10-0230-W-CN. (See application).

2. The City published a Notice of Filing of the application for a certificate of convenience and necessity on February 26, 2010, in The Welch News, and no protest was filed. (See filing of March 10, 2010; Commission case file).

3. On March 17, 2010, the City adopted an ordinance increasing its water rates by 70%, to become effective on May 1, 2010. Upon the filing of a petition opposing the increase, signed by 407 individuals, the Commission invoked its jurisdiction pursuant to W.Va. Code §24-2-4b, and suspended the City's proposed rates until August 29, 2010, unless otherwise ordered by the Commission. The matter was docketed as Case No. 10-0534-W-MA. (See filing of March 22, 2010; Commission Order of April 19, 2010).

4. Upon request of the City, the Commission consolidated the two cases, changed the effective date for the proposed rates to October 1, 2010, and extended the statutory deadline for the consolidated cases to August 9, 2010. (See filing of May 12, 2010; Commission Order of May 21, 2010).

5. A Notice of Hearing on the consolidated cases was published on June 25, 2010, in The Welch News, and protestants appeared at the hearing held July 8, 2010. (See filing of July 6, 2010; Tr. 30-51).

6. The Phase 2 through 4 project at issue in Case No. 10-0230-W-CN involves replacing the distribution system previously owned by War Water Works, which is over eighty years old and extremely leaky and otherwise deteriorated. The project will consist of installing approximately 27,800 feet of water mains of various sizes, 75 main valves, 365 meters, and 32 new fire hydrants and shut-off valves; the construction of a 100,000-gallon water storage tank; and restoration of property. (See Staff Report filed June 22, 2010; Tr. 10-13).

7. The project has been approved by the Infrastructure and Jobs Development Council and is estimated to cost \$4,113,800, including an estimated construction cost of \$3,191,900, to be funded

by a \$2,613,800 Rural Utilities Service grant and an RUS loan of \$1,500,000, payable over forty years at an interest rate not to exceed 2.75%. (See application; Staff Report).

8. The West Virginia Bureau of Public Health issued two permits for the project, Permit No. 18,311 (dated May 15, 2009) and Permit No. 18,364 (dated July 24, 2009). All needed permits have been received and filed. (See Staff Report; Tr. 7).

9. Staff concluded that the project is badly needed, due to the dire condition of the system. Staff recommended that the certificate be granted and the project and its funding be approved. (See Staff Report; Tr. 12).

10. Staff examined the City's books and records for the fiscal year ending June 30, 2008. Staff found that over five years the City had averaged \$10,316 in capital additions. Staff calculated that the City would need total available cash of \$269,356, and recommended that the City's water rates be increased by 45.1%, to become effective upon substantial completion of the Phase 2 through 4 project. The Staff-recommended rates would provide the City \$10,328 for capital additions and a debt service factor of 122.48%. Staff also recommended modifying the City's leak adjustment rate and adding to the City's tariff a \$150 tap fee, a \$25 reconnection charge, a returned check charge not to exceed \$25, and a security deposit provision. (See Staff Reports; Tr. 13-17).

11. The City stipulated to the Staff-recommended rates. (Tr. 6).

CONCLUSIONS OF LAW

1. In Case No. 10-0230-W-CN, it is appropriate to grant the application and approve the project, pursuant to W.Va. Code §24-2-11, because it is reasonable and necessary, and to approve the funding because it is appropriate.

2. It is appropriate to approve the Staff-recommended new tariff provisions and rates, as provided in Appendix A, to become effective upon substantial completion of the approved project, because the City accepted them; no reasonable argument against them has been made by the customers of the City; and they provide revenue sufficient, but no more than sufficient, to cover the expenses of the City, its needed capital improvements, and its debt service.

3. It is appropriate to order the City to cause to be published the attached Notice of New Tariff Provisions, attached hereto as Appendix B.

WATER OR WASTE SYSTEM GRANT AGREEMENT
UNITED STATES DEPARTMENT OF AGRICULTURE
RURAL UTILITIES SERVICE

THIS AGREEMENT dated _____ between

War City of

a public corporation organized and operating under _____

Chapter 8 Article 19, West Virginia Code
(Authorizing Statute)

herein called "Grantee," and the United States of America acting through the Rural Utilities Service, Department of Agriculture, herein called "Grantor," WITNESSETH:
WHEREAS

Grantee has determined to undertake a project of acquisition, construction, enlargement, or capital improvement of a (water) (sewer) system to serve the area under jurisdiction at an estimated cost of \$ 2,646,500 and has duly authorized the undertaking of such project.

Grantee is able to finance not more than \$ 1,100,000 of the development cost through revenues, charges, taxes or assessments, or funds otherwise available to Grantee resulting in a reasonable user charge.

Said sum of \$ 1,100,000 has been committed to and by Grantee for such project development costs.

Grantor has agreed to grant the Grantee a sum not to exceed \$ 1,546,500 or 58.44% percent of said development costs, whichever is the lesser, subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

As a condition of this grant agreement, the Grantee assures and certifies that it is in compliance with and will comply in the course of the agreement with all applicable laws, regulations, Executive orders and other generally applicable requirements, including those set out in 7 CFR 3015.205(b), which hereby are incorporated into this agreement by reference, and such other statutory provisions as are specifically set forth herein.

NOW, THEREFORE, In consideration of said grant by Grantor to Grantee, to be made pursuant to Section 306 (a) of the Consolidated Farm and Rural Development Act the purpose only of defraying a part not to exceed 58.44% percent of the development costs, as defined by applicable Rural Utilities Service Instructions.

GRANTEE AGREES THAT GRANTEE WILL:

A. Cause said project to be constructed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any modifications thereof prepared by Grantee and approved by Grantor.

3. When the real property is no longer needed as provided in 1 and 2 above, the Grantee shall request disposition instructions from the Grantor agency or its successor Federal agency. The Grantor agency shall observe the following rules in the disposition instructions:

(a) The Grantee may be permitted to retain title after it compensates the Federal Government in an amount computed by applying the Federal percentage of participation in the cost of the original project to the fair market value of the property.

(b) The Grantee may be directed to sell the property under guidelines provided by the Grantor agency. When the Grantee is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

[Revision 1, 04/17/1998]

(c) The Grantee may be directed to transfer title to the property to the Federal Government provided that in such cases the Grantee shall be entitled to compensation computed by applying the Grantee's percentage of participation in the cost of the program or project to the current fair market value of the property.

This Grant Agreement covers the following described real property (use continuation sheets as necessary).

All that real property owned by the City of War's water system.

L. Abide by the following conditions pertaining to equipment which is furnished by the Grantor or acquired wholly or in part with grant funds. Equipment means tangible, non-expendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. A Grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

[Revision 1, 04/17/1998]

1. Use of equipment.

(a) The Grantee shall use the equipment in the project for which it was acquired as long as needed. When no longer needed for the original project, the Grantee shall use the equipment in connection with its other Federally sponsored activities, if any, in the following order of priority:

(1) Activities sponsored by the Grantor.

(2) Activities sponsored by other Federal agencies.

(b) During the time that equipment is held for use on the project for which it was acquired, the Grantee shall make it available for use on other projects if such other use will not interfere with the work on the project for which the equipment was originally acquired. First preference for such other use shall be given to Grantor sponsored projects. Second preference will be given to other Federally sponsored projects.

2. Disposition of equipment. When the Grantee no longer needs the equipment as provided in paragraph (a) above, the equipment may be used for other activities in accordance with the following standards:

(a) Equipment with a current per unit fair market value of less than \$5,000. The Grantee may use the equipment for other activities without reimbursement to the Federal Government or sell the equipment and retain the proceeds.

(b) Equipment with a current per unit fair market value of \$5,000 or more. The Grantee may retain the equipment for other uses provided that compensation is made to the original Grantor agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value or proceeds from sale of the equipment. If the Grantee has no need for the equipment and the equipment has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

The Grantor agency shall determine whether the equipment can be used to meet the agency's requirements. If no requirement exists within that agency, the availability of the equipment shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by the Grantor agency to determine whether a requirement for the equipment exists in other Federal agencies. The Grantor agency shall issue instructions to the Grantee no later than 120 days after the Grantee requests and the following procedures shall govern:

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the equipment and reimburse the Grantor agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share ten percent of the proceeds, for Grantee's selling and handling expenses.

(2) If the Grantee is instructed to ship the equipment elsewhere the Grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(3) If the Grantee is instructed to otherwise dispose of the equipment, the Grantee shall be reimbursed by the Grantor agency for such costs incurred in its disposition.

3. The Grantee's property management standards for equipment shall also include:

(a) Records which accurately provide for: a description of the equipment; manufacturer's serial number or other identification number; acquisition date and cost; source of the equipment; percentage (at the end of budget year) of Federal participation in the cost of the project for which the equipment was acquired; location, use and condition of the equipment and the date the information was reported; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(b) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years to verify the existence, current utilization, and continued need for the equipment.

(c) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented.

(d) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

(e) Proper sales procedures shall be established for unneeded equipment which would provide for competition to the extent practicable and result in the highest possible return.

This Grant Agreement covers the following described equipment (use continuation sheets as necessary).

M. Provide Financial Management Systems which will include:

1. Accurate, current, and complete disclosure of the financial results of each grant. Financial reporting will be on an accrual basis.
2. Records which identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.
3. Effective control over and accountability for all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.
4. Accounting records supported by source documentation.

N. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. Microfilm or photo copies or similar methods may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee's government which are pertinent to the specific grant program for the purpose of making audits, examinations, excerpts and transcripts.

O. Provide information as requested by the Grantor to determine the need for and complete any necessary Environmental Impact Statements.

P. Provide an audit report prepared in accordance with Grantor regulations to allow the Grantor to determine that funds have been used in compliance with the proposal, any applicable laws and regulations and this Agreement.

Q. Agree to account for and to return to Grantor interest earned on grant funds pending their disbursement for program purposes when the Grantee is a unit of local government. States and agencies or instrumentality's of states shall not be held accountable for interest earned on grant funds pending their disbursement.

R. Not encumber, transfer or dispose of the property or any part thereof, furnished by the Grantor or acquired wholly or in part with Grantor funds without the written consent of the Grantor except as provided in item K above.

S. To include in all contracts for construction or repair a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR, Part 3). The Grantee shall report all suspected or reported violations to the Grantor.

T. To include in all contracts in excess of \$100,000 a provision that the contractor agrees to comply with all the requirements of the Clean Air Act (42 U.S.C. §7414) and Section 308 of the Water Pollution Control Act (33 U.S.C. §1318) relating to inspection, monitoring, entry, reports, and information, as well as all other requirements specified in Section 114 of the Clean Air Act and Section 308 of the Water Pollution Control Act and all regulations and guidelines issued thereunder after the award of the contract. In so doing the Contractor further agrees:

[Revision 1, 11/20/1997]

1. As a condition for the award of contract, to notify the Owner of the receipt of any communication from the Environmental Protection Agency (EPA) indicating that a facility to be utilized in the performance of the contract is under consideration to be listed on the EPA list of Violating Facilities. Prompt notification is required prior to contract award.

2. To certify that any facility to be utilized in the performance of any nonexempt contractor subcontract is not listed on the EPA list of Violating Facilities pursuant to 40 CFR Part 32 as of the date of contract award.

[Revision 1, 11/20/97]

3. To include or cause to be included the above criteria and the requirements in every nonexempt subcontract and that the Contractor will take such action as the Government may direct as a means of enforcing such provisions.

As used in these paragraphs the term "facility" means any building, plan, installation, structure, mine, vessel or other floating craft, location, or site of operations, owned, leased, or supervised by a Grantee, cooperator, contractor, or subcontractor, to be utilized in the performance of a grant, agreement, contract, subgrant, or subcontract. Where a location or site of operation contains or includes more than one building, plant, installation, or structure, the entire location shall be deemed to be a facility except where the Director, Office of Federal Activities, Environmental Protection Agency, determines that independent facilities are co-located in one geographical area.

Grantor Agrees That It:

A. Will make available to Grantee for the purpose of this Agreement not to exceed \$1,546,500.00, which it will advance to Grantee to meet not to exceed 58.44% percent of the project development costs of the project in accordance with the actual needs of Grantee as determined by Grantor.

B. Will assist Grantee, within available appropriations, with such technical assistance as Grantor deems appropriate in planning the project and coordinating the plan with local official comprehensive plans for sewer and water and with any State or area plans for the area in which the project is located.

C. At its sole discretion and at any time may give any consent, deferment, subordination, release, satisfaction, or termination of any or all of Grantee's grant obligations, with or without valuable consideration, upon such terms and conditions as Grantor may determine to be (1) advisable to further the purpose of the grant or to protect Grantor's financial interest therein and (2) consistent with both the statutory purposes of the grant and the limitations of the statutory authority under which it is made.

Termination of This Agreement

This Agreement may be terminated for cause in the event of default on the part of the Grantee as provided in paragraph I above or for convenience of the Grantor and Grantee prior to the date of completion of the grant purpose. Termination for convenience will occur when both the Grantee and Grantor agree that the continuation of the project will not produce beneficial results commensurate with the further expenditure of funds.

In witness whereof Grantee on the date first above written has caused these presence to be executed by its duly authorized

Dear Mayor Hatcher:

Barbara J. Pauley
Administrative Secretary

The West Virginia Infrastructure and Jobs Development Council (Council) has reviewed the City of War's (City) preliminary application for Phases II and IV of the dilapidated distribution system in the Excelsior and Yukon areas (Project).

Based on the findings of the Water Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The City should carefully review the enclosed comments of the Water Technical Review Committee as the City may need to address certain issues raised in said comments as it proceeds with the Project.

Upon consideration of the preliminary application, the Council determined that the City should utilize a \$1,100,000 Rural Utilities Service loan and a \$1,329,000 Rural Utilities Service grant to fund this \$2,429,000 project. Please contact the Rural Utility Service office at (304) 636-2158 for specific information on the steps the City needs to follow to apply for these funds. **Please note that this letter does not constitute funding approval from this agency.**

If you have any questions regarding this matter, please contact the Council at (304) 558-4607.

Sincerely,

Kenneth Lowe, Jr.

The Project and any further additions, betterments and improvements thereto are herein called the "System". The Project and the financing, hereby authorized and provided for, are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), in the total aggregate principal amount of not more than \$250,000 (the "Series 2008 A Bonds"), initially to be represented by a single bond, to permanently finance a portion of the costs of the Project. Such costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2008 A Bonds prior to and during the Project and for a period not exceeding 6 months after completion of the Project; amounts which may be deposited in the Series 2008 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority; discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2008 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2008 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

G. On the Closing Date, there will be no outstanding obligations of the Issuer which will rank on a parity with the Series 2008 A Bonds as to liens, pledge, source of and security for payment or are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest, if any, on the Series 2008 A Bonds and to make payments into all funds and accounts and other payments provided for herein.

FUNDS AND ACCOUNTS; SYSTEM REVENUES AND APPLICATION THEREOF

Section 5.01. Establishment of Funds and Accounts with Depository Bank.

The following special funds or accounts are hereby created with and shall be held by the Depository Bank, separate and apart from all other funds or accounts of the Depository Bank or the Issuer and from each other:

- (1) Revenue Fund;
- (2) Renewal and Replacement Fund; and
- (3) Series 2008 A Bonds Project Fund.

Section 5.02. Establishment of Funds and Accounts with Commission.

The following special funds or accounts are hereby created with and shall be held by the Commission, separate and apart from all other funds or accounts of the Commission or the Issuer and from each other:

- (1) Series 2008 A Bonds Sinking Fund; and
- (2) Series 2008 A Bonds Reserve Account.

Section 5.03. System Revenues; Flow of Funds.

A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in this Bond Legislation. All monies in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and remit to the Commission, commencing 3 months prior to the first date of payment of principal of the Series 2008 A Bonds for deposit in the Series 2008 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of principal which will mature and become due on the Series 2008 A Bonds on the next ensuing quarterly principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2008 A Bonds Sinking Fund and the next quarterly principal payment date is less than 3 months, then such monthly payments shall be increased proportionately to provide, 1 month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue

Fund and remit to the Commission, commencing 3 months prior to the first date of payment of principal of the Series 2008 A Bonds, if not fully funded upon issuance of the Series 2008 A Bonds, for deposit in the Series 2008 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2008 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2008 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2008 A Bonds Reserve Requirement.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any reserve account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in as provided herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any reserve account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(4) The Issuer shall next, each month, transfer from the Revenue Fund an amount sufficient to pay all current Operating Expenses of the System.

Monies in the Series 2008 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Series 2008 A Bonds as the same shall become due. Monies in the Series 2008 A Bonds Reserve Account shall be used only for the purposes of paying principal of and interest, if any, on the Series 2008 A Bonds as the same shall come due, when other monies in the Series 2008 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on monies in the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during the Project, be deposited in the Series 2008 A Bonds Project Fund, and following completion of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment, if any, due on the Series 2008 A Bonds and then to the next ensuing principal payment due thereon.

Any withdrawals from the Series 2008 A Bonds Reserve Account which result in a reduction in the balance of the Series 2008 A Bonds Reserve Account to below the Series 2008 A Bonds Reserve Requirement shall be subsequently restored from the first Gross Revenues available after all required payments have been made in full in the priority as set forth above.

As and when additional Bonds ranking on a parity with the Series 2008 A

Bonds are issued, provision shall be made for additional payments into the respective sinking fund sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve account in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2008 A Bonds Sinking Fund or the Series 2008 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2008 A Bonds issued pursuant to this Bond Legislation then Outstanding and all interest, if any, to accrue until the maturity thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. If required by the Authority at anytime, the Issuer shall make the necessary arrangements whereby required payments into said accounts shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

Monies in the Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2008 A Bonds under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve payments with respect to the Series 2008 A Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered as surplus revenues (the "Surplus Revenues"). Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its

payment check to the Authority by the 5th day of such calendar month.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this Section, the Issuer shall, if required by the Authority at anytime, make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Gross Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

BOND PROCEEDS; DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the monies received from the sale of the Series 2008 A Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 2008 A Bonds, there shall be deposited with the Commission in the Series 2008 A Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding of the Series 2008 A Bonds Reserve Account.

B. As the Issuer receives advances of the remaining monies derived from the sale of the Series 2008 A Bonds, such monies shall be deposited with the Depository Bank in the Series 2008 A Bonds Project Fund and applied solely to payment of the costs of the Project in the manner set forth in Section 6.02 hereof and, until so expended, are hereby pledged as additional security for the Series 2008 A Bonds.

C. After completion of the Project, and all costs have been paid, any remaining proceeds of the Series 2008 A Bonds shall be expended as directed by the Authority and the Council.

Section 6.02. Disbursement from the Bond Project Fund.

The Issuer shall each month provide the Council with a requisition for the costs incurred for the Project, together with such documentation as the Council shall require. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2008 A Bonds Project Fund shall be made only after submission to, and approval from, the Council of a certificate, signed by an Authorized Officer stating that:

(A) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) Each of such costs has been otherwise properly incurred; and

(D) Payment for each of the items proposed is then due and owing.

Pending such application, monies in the Series 2008 A Bonds Project Fund shall

be invested and reinvested in Qualified Investments at the written direction of the Issuer.

The Issuer shall expend all proceeds of the Series 2007 A Bonds within 3 years of the date of issuance of the Council's bonds, the proceeds of which were used to make the loan to the Issuer, if applicable.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2008 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2008 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2008 A Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2008 A Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Gross Revenues. The payment of the debt service on the Series 2008 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System. The Gross Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2008 A Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement.

So long as the Series 2008 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the Series 2008 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Series 2008 A Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority and the Council, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding, in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2008 A Bonds, immediately be remitted to the Commission for deposit in the Series 2008 A Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2008 A Bonds. Any balance remaining after the payment of the Series 2008 A Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof, and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds derived from any such sale, lease or other disposition of such property, in excess of \$10,000 and not in excess of \$50,000, shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Series 2008 A Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Series 2008 A Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System

which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2008 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2008 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2008 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2008 A Bonds, and the interest, if any, thereon, upon any of the income and revenues of the System pledged for payment of the Series 2008 A Bonds and the interest, if any, thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the Council prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Additional Parity Bonds. No additional Parity Bonds payable out of the revenues of the System, shall be issued after the issuance of the Series 2008 A Bonds pursuant to this Ordinance, without the prior written consent of the Authority and the Council and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereafter shall be on a parity in all respects with the Series 2008 A Bonds.

No Parity Bonds shall be issued except for the purposes of financing the costs of design, acquisition and construction of additions, betterments or improvements to the System or refunding the Bonds issued pursuant hereto, or both such purposes.

No such Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder of the Issuer prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate filed with the Recorder, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All the covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 2008 A Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. All the Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System, and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien on the revenues of the System of which is subject to the prior and superior lien of the Series 2008 A Bonds on such revenues. Any such subordinate bonds, notes, certificates or other obligations shall be payable from the revenues remaining after all payments required to be made in accordance with this Bond Legislation have first been paid. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or equally, as to lien and source of and security for payment from such revenues, with the Series 2008 A Bonds except in the manner and under the conditions provided in this section.

No Parity Bonds shall be issued at any time, however, unless all of the payments

into the respective funds and accounts provided for in this Bond Legislation on account of the Series 2008 A Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of issuance of the Parity Bonds and the Issuer is then in full compliance with all the covenants, agreements and terms of this Bond Legislation and every ordinance supplemental thereto, or shall have fully corrected any delinquency or deficiency in such payments.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the Council such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the Council, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Issuer shall direct.

The Issuer shall file with the Authority and the Council, or any other original purchaser of the Series 2008 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2008 A Bonds, requesting the same, an annual report containing the following:

- (A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus

Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants which audit shall be in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2008 A Bonds and shall submit the report to the Authority and the Council, or any other original purchaser of the Series 2008 A Bonds. Such audit report submitted to the Authority and the Council shall include a statement that notes whether the results of tests disclosed instances of noncompliance that are required to be reported under government auditing standards and, if they are, describes the instances of noncompliance and the audited financial statements shall include a statement that notes whether the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority or the Council, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of the Project and commencement of operation of the Project, the Issuer shall also provide the Authority and the Council, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the Council with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to the issuance of the Series 2008 A Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Recorder of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts

created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirement are on deposit respectively in the Series 2008 A Bonds Reserve Account and reserve accounts for obligations on a parity with the Series 2008 A Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance currently in effect.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Issuer that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the Council within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. INVESTMENT OF FUNDS

Section 8.01. Investments. Any monies held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. deemed necessary by the Issuer, or requested by the Authority or the Council, to ensure compliance with the covenants and agreements set forth in this Section, regardless of whether such actions may be contrary to any of the provisions of this Resolution.

The Issuer shall annually furnish to the Authority information with respect to the Issuer=s use of the proceeds of the Series 2008 A Bonds and any additional information requested by the Authority.

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest, if any, then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond

Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 1.01. Authority for this Ordinance. This Ordinance is adopted and enacted pursuant to the provisions of Chapter 8, Article 19 of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law. The Town of War (the "Issuer") is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia in McDowell County of said State.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer now owns and operates a public waterworks system. The Project, as hereinafter defined, hereby authorized and provided for is public purpose of the Issuer and ordered for the purpose of meeting and serving public convenience and necessity.

B. The Issuer desires to pay the Waterworks Design Anticipation Notes, Series 2009 A, dated January 29, 2009, issued in the original aggregate principal amount of \$306,500 (the "Series 2009 A Notes") and Waterworks Design Anticipation Notes, Series 2009 B, dated January 29, 2009, issued in the original aggregate principal amount of \$140,000 (the "Series 2009 B Notes") (collectively, the "Prior Notes") and finance and acquire, construct, operate and maintain certain additions, improvements and extensions to such existing waterworks facilities with all appurtenant facilities, within the boundaries of the Issuer to be owned and operated by the Issuer.

C. The Issuer has temporarily financed the design and other preconstruction costs of the Project by the issuance of the Prior Notes.

D. The Prior Notes were issued pursuant to ordinances of the Issuer previously enacted for such purpose (such ordinance as supplemented and amended is herein called the "Prior Notes Ordinances").

E. It is deemed necessary and desirable for the Issuer to pay the Prior Notes.

F. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer, and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, improvements and extensions to the existing waterworks facilities of the Issuer, consisting of improvements to the water system, together with all necessary appurtenances (collectively, the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Recorder of the Issuer. The existing waterworks facilities of the Issuer, together with the Project and any further additions, improvements or extensions thereto, are herein called the "System." The acquisition and construction of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

G. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System, the principal of and interest on the Issuer's Prior Bonds and the Series 2010 A Bonds and to make payments into all funds and accounts and other payments provided for herein..

H. The estimated maximum cost to pay the Prior Notes and the acquisition and construction of the Project is \$4,113,800, of which approximately \$1,100,000 will be obtained from the proceeds of sale of the Series 2010 A Bonds and up to \$400,000 will be obtained from the proceeds of the sale of the Series 2010 B Bonds, and \$1,546,500 will be obtained as a grant from the Purchaser and \$1,067,300 will be obtained as a grant from the Purchaser, all herein authorized.

I. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2010 A (the "Series 2010 A Bonds") in the total aggregate principal amount of not more than \$1,500,000 to: (i) pay the Series 2009 A Notes; (ii) to pay a portion of the cost of such acquisition and construction; and (iii) to pay costs of issuance and related costs. It is necessary for the Issuer to issue its Water Revenue Bonds, Series 2010 B (United States Department of Agriculture) (the "Series 2010 B Bonds"), in the aggregate principal amount of not more than \$700,000 (the Series 2010 B Bonds) to (i) pay the Series 2009 B Notes; (ii) to pay a portion of the cost of such acquisition and construction; and (iii) to pay costs of issuance and related costs. The Series 2010 A Bonds and Series 2010 B Bonds are collectively referred to as the Series 2010 Bonds. The cost of such acquisition and construction shall be deemed to include, without being limited to, the acquisition and construction of the Project; the cost of all property rights, easements and franchises deemed necessary or convenient therefor and for the improvements and extensions thereto; interest on the Series 2010 Bonds prior to, during and for six months after completion of such acquisition and construction of the improvements and extensions; engineering, fiscal agents and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized, and the acquisition and construction of the properties and the placement of same in operation; provided that, reimbursement to the Issuer for any amounts expended by it for the repayment of indebtedness incurred for costs of the Project by the Issuer shall be deemed costs of the Project.

J. The period of usefulness of the System after completion of the Project is not less than 40 years.

K. Upon payment of the Prior Notes, there are outstanding obligations of the Issuer which will rank on a parity with the Series 2010 Bonds as to liens, pledge and source of and security for payment being the Issuer's Water Revenue Bonds, Series 2008 A (West Virginia Infrastructure Fund), dated June 26, 2008, issued in the original aggregate principal amount of \$215,300 ("the "Series 2008 A Bonds" or the "Prior Bonds").

Upon payment of the Prior Notes, other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System

L. It is in the best interest of the Issuer that the Series 2010 Bonds be sold to the Purchaser, pursuant to the terms and provisions of the Letters of Conditions, both dated July 30, 2008, and all amendments thereto, if any (collectively, the "Letter of Conditions").

M. The Issuer has complied with all requirements of law relating to the authorization of the acquisition and construction of the Project, the operation of the System, including, without limitation, the imposition of rates and charges, and the issuance of the Series 2010 Bonds, or will have so complied prior to issuance of the Series 2010 Bonds,

The payment of the debt service on the Series 2010 A Bonds shall be secured by a first lien on the Gross Revenues derived from the System, on a parity with the Prior Bonds. No. BR-1

FOR VALUE RECEIVED, the TOWN OF WAR (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of _____ DOLLARS (\$ _____), plus interest on the unpaid principal balance at the rate of _____% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$ _____, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective

date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to (i) pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, (ii) pay the Waterworks System Bond Anticipation Notes, Series 2009 B Notes (the "Series 2009 B Notes"); and (iii) pay costs of issuance and related costs.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the Gross Revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the

West Virginia Code, as amended (the "Act"), and a Ordinance of the Borrower duly adopted _____, 2010 as supplemented by Supplemental Resolution duly adopted by the Issuer on _____, 2010, authorizing issuance of this Bond (the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

Pending application as provided in this Section 4.03, money and funds in the Project Construction Account shall be invested and reinvested at the direction of the Issuer, to the extent possible in accordance with applicable law, in Qualified Investments.

When acquisition and construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 4.04. Covenants of the Issuer as to System Revenues and Funds. So long as any of the Series 2010 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the respective Series 2010 Bonds Reserve Account, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the respective Series 2010 Bonds remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the Holders of the Series 2010 Bonds as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all Tap Fees received, shall be deposited as collected by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Ordinance and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Ordinance.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first, each month, on or before the due date of payment of each installment on the Series 2010 Bonds, transfer from the Revenue Fund and simultaneously (i) beginning 30 days following the Closing Date, remit to the National Finance Office, the amounts required to pay the interest on the Series 2010 A Bonds. Beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to amortize the interest on the Series 2010 A Bonds over the life of the Bond issue; and (ii) beginning 30 days following the Closing Date, remit to the National Finance Office, the amounts required to pay the interest on the Series 2010 B Bonds. Beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to amortize the interest on the Series 2010 B Bonds over the life of the Bond issue. All payments with respect to

principal of and interest the Series 2010 Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(2) The Issuer shall first, each month, on or before the due date of payment of each installment on the Prior Bonds and the Series 2010 Bonds, transfer from the Revenue Fund and simultaneously (i) remit to the Commission the amount required by Prior Ordinance to pay principal on the Prior Bonds; (ii) beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to pay principal of the Series 2010 A Bonds over the life of the Bond issue; and (iii) beginning on the 24th monthly anniversary of the Closing Date and continuing on each monthly anniversary of the Closing Date thereafter, the Issuer shall transfer from the Revenue Fund and remit to the National Finance Office the amounts required to pay principal of the Series 2010 B Bonds over the life of the Bond issue. All payments with respect to principal of and interest the Prior Bonds and the Series 2010 Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(3) The Issuer shall next, transfer from the Revenue Fund and simultaneously remit (i) to the Commission the amount required by Prior Ordinance for the Series 2008 A Reserve Account; (ii) beginning on the date specified by the Purchaser, but in any event not later than the 24th monthly anniversary of the Closing Date, and continuing on each monthly anniversary of the Closing Date thereafter, transfer from the Revenue Fund and remit to the Commission for deposit into the Series 2010 A Bonds Reserve Account, 10% of the monthly payment amount, calculated monthly, until the amount in the Series 2010 A Bonds Reserve Account equals the Minimum Reserve; provided that, no further payments shall be made into the Series 2010 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Minimum Reserve; and (iii) beginning on the date specified by the Purchaser, but in any event not later than the 24th monthly anniversary of the Closing Date, and continuing on each monthly anniversary of the Closing Date thereafter, transfer from the Revenue Fund and remit to the Commission for deposit into the Series 2010 B Bonds Reserve Account, 10% of the monthly payment amount, calculated monthly, until the amount in the Series 2010 B Bonds Reserve Account equals the Minimum Reserve; provided that, no further payments shall be

made into the Series 2010 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Minimum Reserve. Monies in the respective Series 2010 Bonds Reserve Accounts shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 2010 Bonds to the National Finance Office as the same shall become due or for prepayment of installments on the Series 2010 Bonds, or for mandatory prepayment of the Series 2010 Bonds as hereinafter provided, and for no other purpose; provided, however, earnings from monies in the respective Series 2010 Bonds Reserve Accounts, so long as the Series 2010 Bonds Reserve Requirement is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

(4) The Issuer shall next, each month, pay from the Revenue Fund the Operating Expenses of the System.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account (except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof) shall be promptly eliminated with monies from the Renewal and Replacement Fund.

(6) After all the foregoing provisions for use of monies in the Revenue Fund have been fully complied with, any monies remaining therein and not permitted to be retained therein may be used to prepay installments of the Prior Bonds and the Series 2010 Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Series 2010 A Bonds Reserve Account shall be sufficient to prepay the Series 2010 A Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2010 A Bonds at the earliest practical date and in accordance with applicable provisions hereof.

Whenever the money in the Series 2010 B Bonds Reserve Account shall be sufficient to prepay the Series 2010 B Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Series 2010 B Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Commission is hereby designated as the Fiscal Agent for the administration of the Series 2010 Bonds Reserve Accounts as herein provided, and all amounts required for the Series 2010 Bonds Reserve Accounts will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein. If required by the Purchaser at anytime, the Issuer shall make the necessary arrangements whereby required payments into said account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

The Issuer shall, on the first day of each month (if the first day is not a business day, then the first business day of each month), deposit with the Commission the required reserve account payments with respect to the Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

The Revenue Fund and the Renewal and Replacement Fund shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien on a parity with the Prior Bonds thereon for further securing payment of the Series 2010 Bonds and prior Bonds and the interest thereon, but the Depository Bank shall not be a trustee as to such funds.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Principal, interest or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the prior Bonds and the Series 2010 Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission, at the direction of the Issuer, shall keep the monies in the Series 2010 Bonds Reserve Accounts invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities

consonant with the required use thereof. Investments in any fund or account under this Bond Legislation shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West Virginia Board of Treasury Investments. Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. Earnings from monies in the Series 2010 Bonds Reserve Accounts, so long as the Minimum Reserve is on deposit and maintained therein, shall be returned not less than once each year, by the Commission to the Issuer, to be deposited in the Revenue Fund.

C. CHANGE OF DEPOSITORY BANK. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser and the Holder of the Prior Bonds.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Series 2010 Bonds, provide evidence that there will be at least _____ bona fide users upon the Project on completion, in full compliance with the requirements and conditions of the Purchaser.

E. CHARGES AND FEES. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Commission or the Depository Bank then due.

F. INVESTMENT OF EXCESS BALANCES. The monies in excess of the sum insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State of West Virginia.

G. REMITTANCES. All remittances made by the Issuer to the Commission or the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

H. GROSS REVENUES. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

GENERAL COVENANTS, ETC.

Section 5.01. General Statement. So long as the Series 2010 Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Series 2010 Bonds Reserve Accounts a sum sufficient to prepay the entire principal of the Series 2010 Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Holder of the Series 2010 Bonds.

Section 5.02. Rates. Prior to the issuance of the Series 2010 Bonds, rates or charges for the use of the services and facilities of the System will be fixed and established, all in the manner and form required by law, and a copy of such rates and charges so fixed and established shall at all times be kept on file in the office of the Recorder of the Issuer, which copy will be open to inspection by all interested parties. The schedule or schedules of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds and accounts created hereunder. Such schedule or schedules of rates and charges shall be revised from time to time, whenever necessary, so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule or schedules of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System, (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds including the Prior Bonds; provided that, in the event that, an amount equal to or in excess of the Reserve Requirement is on deposit in the respective Series 2010 Bonds Reserve Accounts and any reserve accounts for obligations on a parity with the Series 2010 Bonds are funded at least at the requirement therefor, such sum need only equal 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2010 Bonds, and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2010 Bonds.

The Issuer hereby covenants to commence enactment of such ordinance or ordinances as shall be required to increase the rates and charges for the services and facilities of the System within 30 days following a determination of the Independent Certified Public Accountant that less than the above-required coverage exists or in the event that the annual audit report shows less than the above-required coverage, such increase to provide rates and charges sufficient to produce such required coverage.

Section 5.03. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, lease, mortgage or in any manner dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinances. The System will not

be sold without the prior written consent of the Purchaser so long as the Series 2010 Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 5.04. Issuance of Additional Parity Bonds or Obligations. So long as the Series 2010 A Bonds or Series 2010 B Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Prior Bonds and the Bonds Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding;
- (3) The Parity Bonds then proposed to be issued.

No additional Parity Bonds or obligations payable out of any of the Revenues of the System shall be issued, except with the prior written consent of the Purchaser.

So long as the Series 2008 A Bonds are outstanding, no Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustment hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such additional Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115%, of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any additional Parity Bonds theretofore issued pursuant to the provisions contained in the Prior Ordinances and this Bond Legislation then Outstanding; and
- (3) The additional Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12 consecutive month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which has expired (without successful appeal) prior to the issuance of such Parity Bonds.

All covenants and other provisions of this Ordinance (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds theretofore or subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and account created in this Ordinance required for and on account of such Parity Bonds, in addition to the payments required for the Bonds theretofore issued pursuant to this Ordinance.

Section 5.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Series 2010 Bonds remain outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System and mechanical and electrical equipment in place or stored on the site in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Series 2010 Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the

Section 5.06. Statutory Mortgage Lien. So long as the Prior Bonds are Outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance. Additionally, the System will not be sold without the prior written consent of the Purchaser so long as the Series 2010 Bonds are outstanding.

Section 5.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

- (a) Failure to make payment of any monthly amortization installment upon the Series 2010 Bonds at the date specified for payment thereof;
- (b) Failure to duly and punctually observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Series 2010 Bonds or herein, or violation of or failure to observe any provision of any pertinent law, and
- (c). If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 5.08. Enforcement. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2010 Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2010 Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2010 Bonds, or the rights of such Registered Owners; provided that, all rights and remedies of the Holders of the Series 2010 Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Any Registered Owner of the Bonds, by proper legal action, compel the performance of the duties of the Issuer under this Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of the Bonds shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

Section 5.09. Fiscal Year; Budget. While the Series 2010 Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a Fiscal Year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each Fiscal Year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each Fiscal Year.

If for any reason the Issuer shall not have adopted the Annual Budget before the 1st day of any Fiscal Year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than 10%; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 5.10. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the acquisition and construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer on file with the Recorder on the date of adoption hereof, subject to permitted changes.

Section 5.11. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer shall further comply with the Act with respect to such books, records and accounts.

Section 5.12. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Series 2010 Bonds are outstanding.

Section 5.13. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

F. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

(UNITED STATES DEPARTMENT OF AGRICULTURE)

\$400,000

No. BR-1

Date: January 27, 2011

FOR VALUE RECEIVED, the TOWN OF WAR (herein called "Borrower") promises to pay to the order of the United States of America (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of FOUR HUNDRED THOUSAND DOLLARS (\$400,000), plus interest on the unpaid principal balance at the rate of 2.5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing 30 days following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$1,360, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond, in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Government according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the

holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to (i) pay a portion of the costs of acquisition and construction of certain extensions, additions, betterments and improvements to the existing public waterworks system of the Issuer, (ii) pay the Waterworks System Bond Anticipation Notes, Series 2009 B Notes (the "Series 2009 B Notes"); and (iii) pay costs of issuance and related costs.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of additions, extensions and improvements to the waterworks system (the "System") of the Borrower, is payable solely from the Gross Revenues to be derived from the operation of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Ordinance and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 8, Article 19 of the West Virginia Code, as amended (the "Act"), and a Ordinance of the Borrower duly adopted December 15, 2010 as supplemented by Supplemental Resolution duly adopted by the Issuer on January 19, 2011, authorizing issuance of this Bond (the "Ordinance").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farm and Rural Development Act of 1965, as amended. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ISSUED ON A PARITY, AS TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, WITH THE BORROWER'S: WATER REVENUE BONDS, SERIES 2008 A (WEST VIRGINIA INFRASTRUCTURE FUND), DATED JUNE 26, 2008, IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$215,300 (THE "SERIES 2008 A BONDS" OR THE "PRIOR BONDS"); AND SERIES 2011 A (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED JANUARY 27, 2011, ISSUED IN THE AGGREGATE PRINCIPAL AMOUNT OF \$1,100,000, (THE "SERIES 2011 A BONDS") ISSUED SIMULTANEOUSLY HEREWITH.
