BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF CANAAN VALLEY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Canaan Valley Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Tucker County of said State.

B. The Issuer deems it necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed a public sewerage system, consisting of construction of two wastewater treatment facilities as well as collection/transmission system to gather and transport sewer flow, and necessary appurtenances relating thereto, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of \$4,923,671, in two or more series (collectively, the "Series 2010 Bonds"), being the (1) Sewer Revenue Bonds, Series 2010 A (West Virginia SRF Program), in the aggregate principal amount of \$2,965,216 (the "Series 2010 A Bonds"); and (2) Sewer Revenue Bonds, Series 2010 B (West Virginia SRF Program/ARRA), in the aggregate principal amount of \$ 1,958,455 (the "Series 2010 B Bonds"); (collectively, the "Series 2010 Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, upon the Series 2010 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Reserve Accounts (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2010 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2010 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 2010 A Bonds and Series 2010 B Bonds be sold to the Authority pursuant to the terms and provisions of an ARRA Assistance Agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), all in a form satisfactory to the respective parties (the "ARRA Assistance Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. On the Closing Date there will be no outstanding obligation of the Issuer which will rank on a parity with the Series 2010 Bonds as to liens, pledge, source of and security for payment.

H. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest, if any, on the Series 2010 Bonds, and to make payments into all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law and the ARRA Assistance Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 2010 Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2010 Bonds or such final order will not be subject to appeal or rehearing.

J. The Project has been reviewed and determined to be technically and financially feasible by the Council as required under Chapter 31, Article 15A of the West Virginia Code of 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2010 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2010 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

So long as the Series 2010 Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Series 2010 Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2010 Bonds or transferring the registered Series 2010 Bonds are exercised, all Series 2010 Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2010 Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2010 Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2010 Bonds or, in the case of any proposed redemption

of Series 2010 Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2010 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2010 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. No holder or holders of the Series 2010 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2010 Bonds or the interest, if any, thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Series 2010 A Bonds and Series 2010 B Bonds (to the extent required) shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2010 Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required principal, interest, if any, and reserve account payments with respect to the Series 2010 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee as set forth in the Schedule Y attached to the ARRA Assistance Agreement for the Series 2010 A Bonds.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the ARRA Assistance Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall make the necessary arrangements whereby such required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The monies in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which

would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

Except as provided in Section 6.01 hereof, disbursements from the Series 2010 Bonds Construction Trust Fund shall be made only after submission to and approval from the DEP, of a completed and signed "Payment Requisition Form," a form of which is attached to the ARRA Assistance Agreement for the Series 2010 A Bonds and Series 2010 B Bonds, in compliance with the construction schedule, and

Pending such application, monies in the Series 2010 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. **General Covenants of the Issuer.** All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2010 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2010 Bonds or the interest, if any, thereon is Outstanding and unpaid.

Section 7.02. **Bonds not to be Indebtedness of the Issuer.** The payment of the debt service of the Series 2010 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2010 Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 7.03. **Bonds Secured by Pledge of Net Revenues; Lien Positions with Respect to Bonds.** The payment of the debt service of the Series 2010 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2010 Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 7.04. **Initial Schedule of Rates and Charges.** The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal and shall provide an opinion of counsel to the Issuer of such effect. Such rates and charges shall be sufficient to comply with the requirements of the ARRA Assistance Agreement and the Issuer shall supply a certificate of certified public accountant to such effect. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Recommended Decision of the Public Service Commission of West Virginia entered November 6, 2009 which became Final Order on November 26, 2009 in Case No. 09-0970-PSD-SCN, and such rates are hereby adopted.

So long as the Series 2010 Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the ARRA Assistance Agreement. In the

event the schedule of rates, fees and charges initially established for the System in connection with the Series 2010 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the ARRA Assistance Agreement.

Section 7.05. Sale of the System. So long as the Series 2010 Bonds are outstanding and except as otherwise required by law or with the written consent of the DEP and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2010 Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and, with the written permission of the DEP and the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest, if any, on the Series 2010 Bonds. Any balance remaining after the payment of the Series 2010 Bonds and interest, if any, thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such

properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2010 Bonds. All obligations issued by the Issuer after the issuance of the Series 2010 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2010 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2010 Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2010 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the DEP and the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2010 Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2010 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions extensions, improvements or betterments to the System or refunding any outstanding Bonds, or both such purposes.

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months,

within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues expected to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the Public Service Commission of West Virginia, the time for appeal of which shall have expired prior to the issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period herein above referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Series 2010 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part

thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2010 Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the DEP, the Authority, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the DEP and the Authority such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the DEP and the Authority, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the DEP, the Authority, or any other original purchaser of the Series 2010 Bonds, and shall mail in each year to any Holder or Holders of the Series 2010 Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required, in compliance with the applicable OMB Circular and the Single Audit Act, or any successor thereto), and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 2010 Bonds, and shall submit said report to the DEP and the Authority, or any other original purchaser of the Series 2010 Bonds. Such audit report submitted to the DEP and the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the ARRA Assistance Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the ARRA Assistance Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the DEP and the Authority, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the DEP and the Authority, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the DEP and the Authority with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in EXHIBIT E of the ARRA Assistance Agreement for the Series 2010 A Bonds and the Series 2010 B Bonds or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2010 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2010 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or junior to the Series 2010 Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 2010 A Bonds Reserve Account, the Series 2010 B Bonds Reserve Account and the reserve accounts for obligations on a parity with or junior to the Series 2010 Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2010 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with or junior to the Series 2010 Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the DEP and the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the DEP and the Authority and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the DEP and the

Authority and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the respective ARRA Assistance Agreement, and forward a copy of such report to the DEP and the Authority by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the ARRA Assistance Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the DEP and the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the DEP and the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the DEP and the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the DEP, the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the ARRA Assistance Agreement for the Series 2010 A Bonds and Series 2010 B Bonds as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the ARRA Assistance Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

The Issuer shall serve the additional customers at the location(s) as set forth in the Certificate of Engineer. The Issuer shall not reduce the amount of additional customers served by the project without the prior written approval of the Board of the Water Development Authority (the "Authority"). Following completion of the Project the Issuer shall certify to the Authority the number of customers added to the System.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be

revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the ARRA Assistance Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

Any monies held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such monies for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such monies were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." (3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be

removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2010 Bonds, the principal of and interest, if any, due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other monies and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2010 Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest, if any, on the Series 2010 Bonds from gross income for federal income tax purposes.

Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this ARRA Assistance Agreement.

7.4 No waiver by any party of any term or condition of this ARRA Assistance Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this ARRA Assistance Agreement.

7.5 This ARRA Assistance Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

The Local Bonds are issued for the purposes of (i) _____, and (ii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of _____ of the Code of West Virginia, 1931, as amended (the "Local Statute"), and the bond duly adopted or enacted by the Local Government on _____, as supplemented by the supplemental

resolution duly adopted by the Local Government on _____ (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the ARRA Assistance Agreement has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the ARRA Assistance Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The ARRA Assistance Agreement has been duly authorized by and executed on behalf of the Local Government and is a valid and binding special obligation of the Local Government, enforceable in accordance with the terms thereof.

2. The ARRA Assistance Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Local Government without the consent of the Authority and the DEP.

3. The Local Government is a duly organized and validly existing _____, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt or enact the Local Act and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the ARRA Assistance Agreement.

5. The Local Bonds have been duly authorized, issued, executed and delivered by the Local Government to the Authority and are valid, legally enforceable and binding special obligations of the Local Government, payable from the net or gross revenues of the System set forth in the Local Act and secured by a first lien on and pledge of the net

or gross revenues of the System, all in accordance with the terms of the Local Bonds and the Local Act.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Canaan Valley Public Service District (the "Issuer"), a public service district, public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$2,965,216 Sewer Revenue Bonds, Series 2010 A (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of an ARRA Assistance Agreement dated January 22, 2010, including all schedules and exhibits attached thereto (the "ARRA Assistance Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the ARRA Assistance Agreement. The Bonds are originally issued in the form of one Bond, registered as to principal only to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing March 1, 2012, to and including December 1, 2049, all as set forth in the "Schedule Y" attached to the ARRA Assistance Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 22C, Article 2 of the West Virginia Code of 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of extensions to the existing

public sewerage system of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on January 7, 2010, as supplemented by a Supplemental Resolution duly adopted by the Issuer on January 7, 2010 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the ARRA Assistance Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the ARRA Assistance Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Bond Legislation and the ARRA Assistance Agreement when used herein.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Bond Legislation and to issue and sell the Bonds, all under the Act and other applicable provisions of law.
2. The ARRA Assistance Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and the DEP and cannot be amended by the Issuer so as to affect adversely the rights of the Authority or the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP.
3. The Bond Legislation and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable against the Issuer in accordance with their terms. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 and Exhibit E of the ARRA Assistance Agreement.
4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Bond Legislation and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Sewer Revenue Bonds, Series 2010 B (West Virginia SRF Program/ARRA), dated January 22, 2010, issued concurrently herewith in the original aggregate principal amount of \$1,958,455 (the "Series 2010 B Bonds"); all in accordance with the terms of the Bonds and the Bond Legislation.
5. The Bonds are, under the Act, exempt from taxation by the State of West Virginia and the other taxing bodies of the State, and the interest on the Bonds, if any, is exempt from personal and corporate net income taxes imposed directly thereon by the State of West Virginia.
6. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the ARRA Assistance Agreement and the Bond Legislation, and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion and the application of equitable remedies in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Ladies and Gentlemen:

We are counsel to Canaan Valley Public Service District, a public service district, in Tucker County, West Virginia (the "Issuer"). As such counsel, we have examined copies of the approving opinions of Steptoe & Johnson PLLC, as bond counsel, an ARRA Assistance Agreement for the Series 2010 Bonds dated January 22, 2010, including all schedules and exhibits attached thereto, by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection ("DEP"), the Bond Resolution duly adopted by the Issuer on January 7, 2010, as supplemented by the Supplemental Resolution duly adopted by the Issuer on January 7, 2010 (collectively, the "Bond Resolution"), orders of The County Commission of Tucker County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer, and other documents, papers, agreements, instruments and certificates relating to the above-captioned Bonds of the Issuer (collectively, the "Bonds"). All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Resolution and the ARRA Assistance Agreement when used herein.

We are of the opinion that:

The Issuer is duly created and validly existing as a public service district and as a public corporation and political subdivision of the State of West Virginia.

1. The ARRA Assistance Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the other parties thereto, constitute valid and binding agreements of the Issuer enforceable in accordance with their terms.

2. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.

3. The Bond Resolution has been duly adopted by the Issuer and is in full force and effect.

4. In reliance upon the opinion from Steptoe & Johnson PLLC, the execution and delivery of the Bonds and the ARRA Assistance Agreement and the consummation of the transactions contemplated by the Bonds, the ARRA Assistance Agreement and the Bond Resolution and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all orders, certificates and authorizations from the Public Service Commission of West Virginia necessary for the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the implementation of rates and charges, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received a Recommended Decision of the Public Service Commission of West Virginia dated November 6, 2009 which became final order on November 26, 2009 in Case No. 09-0970-PSD-SCN, among other things, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of such Order has expired prior to the date hereof.

6. To the best of our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity (other than the eminent domain proceedings filed with respect to the Project) before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the ARRA Assistance Agreement, the Bond Resolution, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

7. We have ascertained that all successful bidders have provided the drug-free workplace affidavit, submitted their drug free workplace plan, and the contracts contain language that complies with the Drug Free Workplace Act, Article 1D, Chapter 21 of the West Virginia Code. We have also ascertained that all successful bidders have made required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon our review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, we are of the opinion that such surety bonds and policies: (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interests of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Bond Resolution and the ARRA Assistance Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Re: Final Title Opinion for Canaan Valley Public Service District
Wastewater Treatment, Collection & Transmission

Ladies and Gentlemen:

We are counsel to Canaan Valley Public Service District (the "Issuer") in connection with a proposed project to construct two (2) wastewater treatment facilities, as well as a collection and transmission system to gather and transport sewer flow to the proposed facilities and appurtenances relating thereto. The Project envisions the construction of two (2) decentralized membrane biological reactor (MBR) sanitary sewage treatment facilities in Canaan Valley, West Virginia, serving the areas presently served by Timberline Four Seasons Utilities, Inc., Beaver Ridge Condominium, North Point Subdivision, North Lake Subdivision, and Black Bear Woods Resort. (the "Project"). We provide this final title opinion on behalf of the Issuer to satisfy the requirements of the West Virginia Department of Environmental Protection (the "DEP") for the Project. Please be advised of the following:

1. We are of the opinion that the Issuer is a duly created and validly existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia to construct, operate and maintain the Project as approved by the DEP.
2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.

3. We have investigated and ascertained the location of, and are familiar with the legal description of, the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Thrasher Engineering, Inc., the consulting engineers for the Project.

4. We have examined the records on file in the Office of the Clerk of the County Commission of Tucker County, West Virginia, the county in which the Project is to be located, and, in our opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way, with the exception of those listed in Paragraph 5, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.

5. The following listed properties are to be acquired by eminent domain and the necessary filings have been made in the Office of the Clerk of the Circuit Court of Tucker County, West Virginia, to permit the Issuer a right-of-entry for the purpose of construction, operation and maintenance of the Project on the subject properties. The Issuer's title thereto is defeasible in the event the Issuer does not satisfy any resulting judgment and/or award in the proceedings for acquisition of said properties, and our certification is subject to the following pending litigation, all of which is filed in the office of the Circuit Court of Tucker County, West Virginia:

Name	Description	Civil Action No.	Tax Map	Tax Parcel
Timberline Four Seasons Utilities, Inc.	land for treatment plant, permanent easements, and temporary and construction easements	09-C-49	351	1.4
Aspen Centre, LLC,	permanent easements, and temporary and construction easements	09-C-50	351G	49 & 50

Black Bear Woods Resort Owners Association, Inc.	land for lift station, permanent easements, and temporary and construction easements	09-C-51	310A	22

6. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Office of the Clerk of the County Commission of Tucker County to protect the legal title to and interest of the Issuer.

If you should have any questions regarding any of the information contained in this preliminary title opinion, please do not hesitate to contact this office.

Based upon the sewer rates and charges set forth in the Recommended Decision entered November 6, 2009 of the Public Service Commission of West Virginia in Case No. 09-0970-PSD-SCN, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Thrasher Engineering, Inc., the Consulting Engineer, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system (the "System") of the Issuer, will (i) provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any Fiscal Year for payment of principal of and interest on the (a) Sewer Revenue Bonds, Series 2010 A (West Virginia SRF Program), dated January 22, 2010, issued in the aggregate principal amount of \$2,965,216, and (b) Sewer Revenue Bonds, Series 2010 B (West Virginia SRF Program/ARRA), dated January 22, 2010, issued in the aggregate principal amount of \$1,958,455, (collectively, the "Series 2010 Bonds").

to Canaan Valley Public Service District

Dear Mr. Metzger:

As requested, this is to notify the Canaan Valley Public Serve District about the availability of Federal grant funds for the Fiscal Year 2009, as part of the budget for the Environmental Protection Agency (EPA).

The EPA section of the Consolidated Appropriations Act of 2005 (Public Law 108-447) made available \$1,770,500 to the Canaan Valley Institute to work in conjunction with the Highlands Action Program for an innovative wastewater demonstration program in Canaan Valley in Tucker County, West Virginia. The EPA section of *Making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2006, and for other purposes* (Public Law 109-54) made available \$955,600 to the Canaan Valley Institute for the WV Canaan Valley Decentralized Wastewater System.

On April 14, 2009 an administrative change was approved that makes the above funds available for award to the Canaan Valley Public Service District.

If you have any questions, please fell free to contact me at (215) 814-5779.

TUCKER COUNTY COMMISSION
REGULAR SESSION
JUNE 13, 2007
9:00 AM

The Tucker County Commission held its Regular Session of the County Commission Meeting on June 13, 2007 in the Tucker County Courthouse Courtroom at 9:00 AM.

In attendance were the following: Chris Michael, David Leary, Tom Carr, Mont Miller, Linda Eye, Connie Eye, Chris Stadleman, Amanda McCollam, Darla Stemple, Mike Helmick, Bob Metzger, Jack McGuigan, Elliot Ours, Cindy Phillips, Drew Brubaker, Ron Brubaker, Belva Dilly, Rob Burns and Allen Hile.

Immediately following opening prayer and pledge of allegiance, Chris Michael called this meeting to ORDER.

The minutes from the May 23, 2007 was approved with two corrections and motion was by Tom Carr, all in favor.

The minutes from the Special Meeting on May 31, 2007 at 8:00 AM was approved by motion Tom Carr, all in favor.

Audience and Guests:

Darla Stemple E911 Director discussed addressing project. Information has been uploaded to the WV SAMS Site. Since the website is slow, she is exploring the possibility of working off the website. There is a training class next Tuesday for everyone doing the addressing. Darla also requested approval to do a CAD update with addition of a couple NCIC modules to assist with running license

checks for a total cost of \$21,950. This is in their budget and is a part of our 10-year plan. Motion by Carr to approve CAD update.

Mike Helmick of the Hamrick PSD requested Commission support in reapplying for a Small Cities Grant to apply for Phase II Blackman Flats Sewer Project. Carr made motion to approve the request.

Approval by
Commission
to give PSD
\$5,000.00

Bob Metzger Chairman of the Canaan Valley PSD requested the \$5,000 that was already approved for the study by Thrasher Engineering and CVI would match the \$5,000. He also requested another \$5,000 for startup funds for the Canaan Valley PSD. They plan to use the Canaan Valley Fire Department building for their office space.

Allen Hile appeared before the Commission with concerns about the care his son received from EMS while being transported from Cortland Acres Nursing Home to Tucker Community Care. His son died while being transported. Did not have anyone on the ambulance that could do CPR. Tried to contact the Ambulance Authority and also requested he attend the next ambulance Authority meeting on June 20 at 5 PM in the Commission Conference room to express his concerns. Mr. Hile also had a question about the mineral rights on his property. My taxes are always paid in full, got permission to enter the highway, laid out a housing development, etc., in 1978. Seventeen years later I get a bill for \$538.15. I paid the taxes after Mega Energy made the assessor put it back on the tax map. Just

get the run around in the Assessor's office. There is no breakdown of the taxes. Michael explained that he still owned the mineral rights unless he deeded them to someone else. Mont Miller tried to explain the situation to Mr. Hile. It was initially done as an easement to the road and was not deeded to the State Road and the Assessor took it off the books. Tax ticket covers minerals and property and is charged as one fee. If the property is sold, you have the option to sell with mineral rights and without mineral rights. When land is sold without mineral rights then there are two tax statements. One to the person that bought the property and one to the person that sold the property without mineral rights.

UNFINISHED BUSINESS:

Appointment of Belva Dilly to the Tucker County Historic Landmark Commission, by motion Carr all in favor.

Appointment of Robert Burns to the Tucker County Historic Landmark Commission, by motion Carr all in favor.

Phone System for Magistrate Office was tabled.

NEW BUSINESS:

Appointment of David Downs to ^{Canaan Valley} ~~Tucker County~~ Zoning Board of Appeals, motion by Leary, all in favor.

Approve Annual Renewal of Contract with Global Technologies for Computer Maintenance, by motion Leary all in favor.

Approve Interagency Radio Frequency Use Agreement, by motion Carr all in favor.

Commission approved bid for \$45,500 form Oval Construction to complete the front step replacement of the Courthouse. Alternate bid of 75,200 to replace the rear steps was tabled.

Commission went into an executive session to discuss personnel issues at 9:45 by motion of Carr. Nothing resolved. Closed Executive Session at 10:20 AM by motion of Carr.

GRANT AGREEMENT
(2007S-1007)

This Grant Agreement entered into by and between the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY (the "Authority"), on behalf of the WEST VIRGINIA INFRASTRUCTURE AND JOBS DEVELOPMENT COUNCIL (the "Council") and the CANAAN VALLEY PUBLIC SERVICE DISTRICT (the "Governmental Agency").

RECITALS

WHEREAS, the Council has authorized the Authority to make a grant to the Governmental Agency in the amount not to exceed \$160,000 (the "Grant") for the purposes of the design, acquisition or construction of a project for which a preliminary application has been submitted and approved by the Council;

WHEREAS, the Governmental Agency wishes to accept the Grant upon such terms and conditions as are hereinafter set forth for the purposes of designing, acquiring or constructing the project described in Exhibit A attached hereto and incorporated herein by reference (the "Project");

WHEREAS, this Grant Agreement sets forth the Council, the Authority and the Governmental Agency's understandings and agreements with regard to the Grant.

NOW, THEREFORE, in consideration of the premises and the mutual agreements hereinafter contained, the Authority and the Governmental Agency hereby agree as follows:

TERMS

1. Prior to the distribution of the Grant, the Governmental Agency shall provide the Authority with a Project budget and an anticipated monthly draw schedule reflecting the receipt dates and amounts from other funding sources. The Project budget shall not be amended unless the Governmental Agency has received the prior written consent of the Council.

2. The Authority shall advance the Council's share of the Project costs from the Grant from time to time upon receipt of a requisition evidencing the costs incurred, which requisition must be satisfactory to the Authority. Unless agreed to by the Council prior to the commencement of construction, the Grant shall be the last dollars expended on the Project.

3. The monthly requisition will also set forth (i) the amounts requested for that requisition period from all other funding agencies, and (ii) the amounts advanced for the Project to date from all other funding agencies.

4. The Authority shall wire the approved requisition amount using the wiring instructions provided in Exhibit A, unless the Council and Authority are provided replacement instructions in writing.

5. The Governmental Agency will use the proceeds of the Grant only for the purposes specifically set forth in Exhibit B.

6. The Governmental Agency shall comply with and is bound by the Council's rules set forth as Title 167, Series 1 and more particularly Section 5.9 with respect to the sale of the Project.

7. The Governmental Agency acknowledges that the Grant may be reduced, from time to time, to reflect actual Project costs and availability of other funding.

8. The Governmental Agency shall list the Grant provided by the Authority and the Council in any press release, publication, program bulletin, sign or other public communication that references the Project, including but not limited to any program document distributed in conjunction with any groundbreaking or dedication of the Project.

9. This Grant Agreement shall be governed by the laws of the State of West Virginia.

IN WITNESS WHEREOF, the parties hereto have caused this Grant Agreement to be executed by the respective duly authorized officers as of the date executed below by the Authority.

Exhibit B

Project Description

The Project consists of the construction of a backbone wastewater transmission and treatment system. The Grant will be used to acquire or obtain the requisite property interest in lands and rights of way for the Project; prior to the receipt of a Certificate of Public Convenience and Necessity from the Public Service Commission of West Virginia, that enables the Governmental Agency's attorney to provide the preliminary title required for the Project to go to bid. The Governmental Agency shall establish escrow accounts for the funds required for each voluntary seller of lands and/or rights of way and make payments into the court for condemnation proceedings for each non-voluntary property owner. If the Governmental Agency does not receive a Certificate of Public Convenience and Necessity from the Public Service Commission of West Virginia or the Project is not constructed, the Governmental Agency agrees to return any money released from the escrow accounts and by the court to the Authority.

SWEEP RESOLUTION

Canaan Valley Public Service District

WHEREAS, Canaan Valley Public Service District (the "Issuer") is a governmental body and political subdivision of West Virginia;

WHEREAS, the Issuer has issued bonds, as more specifically set forth on Exhibit A, attached hereto and incorporated herein by reference (the "Bonds");

WHEREAS, the Issuer makes or will make monthly debt service payments on and transfers reserve funds for the Bonds by check to the West Virginia Municipal Bond Commission (the "MBC") which in turn pays the owners of the Bonds and deposits funds in the reserve accounts;

1) Beginning December 1, 2011, the monthly debt service payments on and reserve funds for the Bonds, as set forth in Exhibit A, shall be made to the MBC by an electronic transfer, to the extent funds are available, by the State Treasurer from the accounts set forth in Exhibit A in such form and at such directions as are provided by the MBC.

2) The Chairman, Secretary and Treasurer are hereby authorized to sign and execute all such documents as are necessary to facilitate the electronic transfer of the Bond debt service and reserve fund payments.
