BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF CLOVER PUBLIC SERVICE DISTRICT, SPENCER, WEST VIRGINIA:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code, as amended (the "Act") and other applicable provisions of law.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. Clover Public Service District (the "PSD" or "Issuer") is a public service district created pursuant to the Act by orders issued by The County Commission of Roane County, located in Roane County, West Virginia.

B. The Issuer now has a public water system and desires to improve and expand that system and it is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, betterments and improvements to the existing public water system of the Issuer known as the "System" (sometimes referred to herein as the "System") so as to improve the public health, comfort and convenience of residents of the Public Service District, including the construction and installation of all necessary appurtenant facilities (the "Project"), and generally described as water line extensions, pumps, pumping

stations, water plant improvements and necessary appurtenances particularly described in and according to the plans and specifications prepared by the Consulting Engineer for the Project and heretofore filed in the office of the Secretary/Treasurer of the Public Service Board (the "Governing Body") of the Issuer. The construction and acquisition of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. It is necessary for the Issuer to issue its revenue bond in the aggregate principal amount of \$285,000 to finance a portion of the cost of such construction in the manner hereinafter provided.

D. The estimated maximum cost of the construction of the Project is \$3,000,000, which will be obtained from the proceeds of sale of the Series 2001 Bond herein authorized, from grants to be made by RUS, as hereinafter defined, and by the State of West Virginia, in the amounts of \$1,540,000 and \$1,175,000, respectively. The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or any interest therein; interest on the Bond prior to, during and for six (6) months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

E. The period of usefulness of the System after completion of the Project is not less than forty (40) years.

F. There are currently outstanding other obligations of the Issuer with which the Bond will rank on a parity as to lien and source of and security for payment, which are the Water Revenue Bond of the Issuer issued under authority of a resolution dated August 15, 1985 (the "1985 Bond"), issued in the original principal amount of \$152,000 and secured under the terms of the 1985 Resolution (hereinafter defined), and the Water System Bond of the Issuer, issued under authority of a resolution dated January 9, 1991 (the "1991 Bond"), issued in the original principal amount of \$88,000 and secured under the terms of the 1991 Resolution (hereinafter defined).

With the exception of the bonds described above, there are no other outstanding bonds or obligations of the Issuer, which will rank prior to or on parity with the Bond as to lien, pledge and/or source of and security for payment.

G. The Issuer is not in default under the terms of the 1985 Resolution or the 1991 Resolution or any documents in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid waiver thereof.

H. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all the costs of the operation and

maintenance of the System, the principal of and interest on the Bond (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the imposition of rates and charges, the consent and approval, pursuant to the Act, of the issuance of the Bond by the Public Service Commission of West Virginia by final order.

J. It is in the best interests of the Issuer that the Bond be sold to the United States Department of Agriculture, Rural Development, acting on behalf of the Rural Utilities Service (the "Purchaser" or "RUS"), pursuant to the terms and provisions of a letter of conditions dated June 22, 1999, and Amendment No. 1 thereto dated June 6, 2000, and all amendments thereto (the "Letter of Conditions").

Section 1.03. Resolution to Constitute Contract. In consideration of the acceptance of the Bond by the Purchaser, this Resolution (the "Resolution") shall be deemed to be and shall constitute a contract between the Issuer and the Purchaser, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Registered Owner of the Bond.

There is hereby authorized the acquisition and construction of the Project, at an estimated cost of \$3,000,000 in accordance with the plans and specifications which have been prepared by the Consulting Engineers, heretofore filed in the office of the Governing Body. The proceeds of the Bond hereby authorized shall be applied as provided in Article V hereof.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND ISSUANCE OF BOND

Section 3.01. Authorization of Bond. Subject and pursuant to the provisions hereof, the Bond of the Issuer to be known as "Clover Public Service District Water Revenue Bond, Series 2001" in the principal amount of \$285,000, is hereby authorized to be issued for the purpose of financing a portion of the cost of the construction and acquisition of the Project.

Section 3.02. Description of Bond. The Bond shall be issued as a single registered form, No. R-1, and shall be dated on the date of delivery. The Bond shall bear interest from date, payable monthly at a maximum rate of four and one half percent (4.50%) per annum or such lower rate that RUS will make available at closing, and shall be sold for the par value thereof but in no event greater than four and one half percent (4.50%) per annum.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer and shall be payable as provided in the Bond form hereinafter set forth.

Section 3.03. Execution of Bond. The Bond shall be executed in the name of the Issuer by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary/Treasurer, and the Chairman and the Secretary/Treasurer are hereby authorized to execute the Bond and such other documents as are necessary to finalize this transaction. In case any one or more of the officers who shall have signed or sealed the Bond shall cease to be such officer of the Issuer before the Bond so signed and sealed have been actually sold and delivered, such Bond may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bond had not ceased to hold such office. Any Bond may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bond shall hold the proper office in the Issuer, although at the date of such Bond such person may not have held such office or may not have been so authorized.

Section 3.04. Negotiability, Registration, Transfer and Exchange of Bond. The Bond shall be and have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, but the Bond may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 3.05 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar. No interest in the Bond shall be transferable except by means of transfer of registration of a Bond representing such interest and delivery of a new Bond or Bonds in exchange therefor in accordance with this Bond Resolution.

Whenever the Bond shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Registrar with respect to such transfer.

No registration of transfer of the Bond shall be permitted to be made after the 15th day next preceding any installment payment date on that Bond.

The Bond so surrendered shall be canceled and held for the account of the Issuer. If the Bond shall have matured or be about to mature, instead of issuing a substitute Bond the Issuer may pay the same, and if such Bond be destroyed, stolen or lost, without surrender thereof.

Section 3.07. Bond Secured by Pledge of Revenues. The payment of the debt service of the Bond shall be secured forthwith by a parity lien with the 1990 Bonds and the 1997 Bonds on the net revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for. The net revenues derived from the System in an amount sufficient to pay

the principal of and interest on the Bond, and to make the payments as hereinafter provided, are hereby irrevocably pledged to the payment of the principal of and interest on the Bond as the same become due.

Section 3.08. Form of Bond. Subject to the provisions hereof, the text of the Bond and the other details thereof shall be of substantially the following tenor, with such omissions, insertions and variations as may be authorized or permitted hereby or any supplemental resolution adopted after the date of adoption hereof and prior to the issuance thereof:

CLOVER PUBLIC SERVICE DISTRICT
WATER REVENUE BOND,
SERIES 2001

No. R-1

Date: _____, 2001

FOR VALUE RECEIVED, the CLOVER PUBLIC SERVICE DISTRICT, a public service district created pursuant to the Act by orders issued by The County Commission of Roane County, in Roane County of said State (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Two Hundred Eighty-five Thousand and 00/100 Dollars (\$285,000), plus interest on the unpaid principal balance at the rate of four and one half percent (4.5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$1,309.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder

promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government,

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development, acting on behalf of the Rural Utilities Service, successor in interest to the Farmers Home Administration, and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ON PARITY AS TO LIEN AND SOURCE OF PAYMENT WITH THE WATER REVENUE BOND, SERIES 1985, AND THE WATER SYSTEM BOND, SERIES 1991, OF THE ISSUER DESCRIBED IN THE RESOLUTIONS ISSUED WITH RESPECT TO EACH SUCH SERIES.

(B) Disposition of Revenues. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority subject to the provisions of Section 3.02 of the 1985 Resolution and the 1991 Resolution:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, each month, on or before the due date of payment of each installment on the Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Bond (or such other place as may be provided pursuant to the Bond), the amount required to pay the interest on the Bond, and to amortize the principal of the Bonds over the respective lives of each Bond issue. All payments with respect to principal of and interest the Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amount thereof outstanding and on parity with each other. There is hereby created a sinking fund at the Depository Bank into which the Issuer shall deposit sufficient amounts from the Revenue Fund to pay the interest on the Bonds and to amortize the principal of the Bonds over the remaining respective lives of each Bond issue. As long as the Government owns the Bonds, such deposits can be replaced by the remittances described above.

(3) The Issuer shall next, on each date that payment is made as set forth in (2) above, transfer from the Revenue Fund and remit to the Bond Commission for deposit in the Reserve Fund herein created .4167% of the amount, as of the date of calculation, equal to the maximum aggregate amount of principal and interest which will become due on the Bonds in any year until the amount in the Reserve Fund equals such maximum amount (the "Reserve Requirement"). After the Reserve Requirement has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bonds and for payment of Operating Expenses of the System, as shall be required to maintain the Reserve Requirement. Moneys in the Reserve Fund shall be used solely to make up any deficiency in monthly payments of the principal of and interest on the Bonds as the same shall become due or for prepayment of installments on the Bonds, or for mandatory prepayment of the Bonds as hereinafter provided, and for no other purpose, on an equal pro rata basis in accordance with the respective aggregate principal amounts thereof outstanding and on a parity with each other.

(4) The Issuer shall maintain in the Depreciation Reserve the aggregate sum of \$43,500, as required by the 1985 Resolution and the 1991 Resolution. The Issuer shall next, on each date that payments are made as set forth in (2) and (3) above, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Depreciation Reserve Fund .4167% of the amount of the Reserve Requirement. After the Reserve Requirement has been met, as set forth in (3) above, the Issuer shall transfer each month from the Revenue Fund to the Depreciation Reserve Fund .8333% of the amount of the Reserve Requirement. Moneys in the Depreciation Reserve Fund shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bonds as the same become due, and next to restore to the Reserve Fund any sum or

sums transferred therefrom other than pursuant to Section 3.02 of the 1985 Resolution and the 1991 Resolution, all on a pro rata basis. Thereafter, withdrawals and disbursements may be made from the Depreciation Reserve Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Reserve Fund (except to the extent such deficiency exists because the required payments into such fund have not, as of the date of determination of a deficiency, funded such fund to the maximum extent required hereof) shall be promptly eliminated, on a pro rata basis amount, as of the date of calculation, equal to the maximum aggregate amounts of principal and interest which will become due on the Bonds in any year until the amounts in the Reserve and Depreciation Reserve Funds equal such maximum amounts. All funds in the Depreciation Reserve Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Section 5.03 hereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, moneys remaining therein and not permitted to be retained therein, if any ("Surplus Revenues"), may be used to prepay installments of the Bonds, pro rata, or for any lawful purpose.

Whenever the money in the Reserve Fund shall be sufficient to prepay the Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The Bond Commission is hereby designated as the Fiscal Agent for the administration of the Reserve Fund, herein provided, and all amounts required for the Reserve Fund will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Depreciation Reserve Fund, herein provided, and all amounts required for the Depreciation Reserve Fund will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

If on any payment date the Revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

Subject to the 1985 Resolution and the 1991 Resolution, the Depository Bank and the Bond Commission, at the direction of the Issuer, shall keep the moneys in the Reserve Fund and the Depreciation Reserve Fund invested and reinvested to the fullest extent possible in accordance with applicable law, and to the extent practicable, in Qualified Investments having maturities consonant with the required use thereof. Investments in any fund or account under this Bond Resolution shall, unless otherwise provided herein or required by law, be valued at the lower of cost or the then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held by the "consolidated fund" managed by the West

Virginia Investment Management Board. Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account.

(C) Change of Depository Agent and Fiscal Agent. The Issuer may designate another bank or trust company insured by FDIC as Fiscal Agent and Depository Bank if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by ordinance that said Bank or its successor should no longer serve as Fiscal Agent or Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bonds, provide evidence that there will be 277 bona fide users of the proposed System when the extension of the System is completed and placed in operation, and must obtain user agreements and the user contribution from each new user and deposit in the Project Construction Account all such new user contributions collected.

(E) Charges and Fees. The Issuer shall remit from the Revenue Fund to the Depository Bank such additional sums as shall be necessary to pay the charges and fees of the Depository Bank then due.

(F) Investment of Excess Balances. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in any of such funds or accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, in a lawful manner for securing deposits of state and municipal funds under the laws of the State.

(G) Remittances. All remittances made by the Issuer to the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

(H) Gross Revenues. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

GENERAL COVENANTS

Section 6.01. General Statement. So long as the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 6.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year

sufficient to produce net revenues equal to not less than one hundred ten percent (110%) percent of the annual debt service on the Bonds and to make the payments required herein into the Reserve Fund and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 6.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 6.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of the revenues of the System or any part thereof shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser or the then holder of or Trustee or agent for the holder of the Bond.

Section 6.05. Insurance and Bond. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Real Property Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of one hundred percent (100%) of the construction contract, will be required of each prime contractor, and such

payment bonds will be filed with the Clerk of the County Commission of Roane County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation insurance will be maintained as required by the laws of the State of West Virginia.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and every officer and employee of the PSD having custody of the Revenue Fund or of any revenues or other funds of the System in an amount at least equal to the total annual debt service requirements for all outstanding RUS loans.

(f) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 6.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon delivery of the Bond.

Section 6.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof and/or;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law or of this or the other Bond Resolutions.

Section 6.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights and shall have all rights prescribed by the Act, W.Va. Code and other applicable law.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to

increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 6.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty (30) days prior to the beginning of each fiscal year, the Issuer agrees to adopt an Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted an Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of an Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten percent (10%); and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 6.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 6.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary/Treasurer on the date of adoption hereof, subject to permitted changes.

Section 6.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer further covenants to comply with the Act with respect to such books, records and accounts.

Section 6.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 6.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 6.15. Restrictions on Use of Bond Proceeds. The Issuer agrees that it will be in default hereunder if any Bond proceeds are used for a purpose that contributes to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

ARTICLE VII

risk insurance where applicable, in accordance with the Letter of Conditions and Commitment of the Purchaser and the Resolution.

14. CONNECTIONS: The Issuer has received connection agreements from at least 277 bona fide users and has deposited or will deposit forthwith the sum of \$2,000 in the 2001 Project Construction Account in full compliance with the requirements of the Purchaser.

15. MANAGEMENT: The Issuer has heretofore delivered to the Purchaser a plan concerning operation and management of the System, which plan was found to be acceptable by the Purchaser.

16. RATES AND CHARGES: Based upon information submitted by the Consulting Engineers, the rates and charges for the System which were approved on September 21, 1990, to be effective upon the completion of the Project, will, so long as the Bond is outstanding, provide Net Revenues sufficient to pay (a) the interest upon the Bond, (b) the principal amount of the Bond at or before its maturity and (c) a margin of safety or reserve for such Bond and for the payment into the Reserve Account created on account of the Bond.

17. CONFLICT OF INTEREST: No officer or employee of the Issuer has a substantial financial interest, direct, indirect or by reason of ownership of stock in any corporation, in any contract with the Issuer or with respect to a sale or lease of any land, materials, supplies or services to the Issuer, or to any contractor supplying the Issuer, relating to the Bond, the authorizing document and/or the Project, including without limitation, with respect to the Depository Bank. For purposes of this paragraph, a "substantial financial interest" shall include, without limitation, an interest amounting to more than five percent (5%) of the particular business enterprise or contract.

18. COMPLIANCE WITH 1985 RESOLUTION, 1991 RESOLUTION AND BOND: All payments have been made under the 1985 Resolution and 1991 Resolution, and there are no defaults in the terms and conditions of the 1985 Resolution and 1991 Resolution or Bond.

No. R-1

Date: March 7, 2001

FOR VALUE RECEIVED, the CLOVER PUBLIC SERVICE DISTRICT, a public service district created pursuant to the Act by order issued by The County Commission of Roane County, in Roane County of said State (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Two Hundred Eighty-five Thousand and 00/100 Dollars (\$285,000), plus interest on the unpaid principal balance at the rate of four and one half percent (4.5%) per annum. The said principal and interest shall be paid in following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$1,309.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder

promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

SPECIMEN

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

SPECIMEN

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government,

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development, acting on behalf of the Rural Utilities Service, and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ON PARITY AS TO LIEN AND SOURCE OF PAYMENT WITH THE WATER REVENUE BOND, SERIES 1985 AND THE WATER REVENUE BOND, SERIES 1991, OF THE ISSUER DESCRIBED IN THE RESOLUTIONS ISSUED WITH RESPECT TO EACH SUCH SERIES.

The initial address of United States Department of Agriculture-Rural Development for purposes of bond registration is P.O. Box 678, Morgantown, WV 26505.

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development Authority and to its future regulations not inconsistent with the express provisions hereof.

IN WITNESS WHEREOF, the CLOVER PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary-Treasurer, all as of the date hereinabove written.

Re: \$285,000 Clover Public Service District,
Water Revenue Bond,
Series 2000

Gentlemen:

As attorney for the Clover Public Service District, ^{ROANE}~~Clay~~ County, West Virginia (the "District"), we have examined the record of proceedings relating to the issue of the Clover Public Service District, Water Revenue Bond, Series 2000 (the "Bond") and have considered the validity of the bond issue. In this connection, we have examined and are familiar with the Constitution and statutes of the State of West Virginia, including Chapter 16, Article 13A of the Code of West Virginia of 1931, as amended, the Order of Roane County Commission creating the District, related minutes and a certified copy of the Resolution passed by the District (the "Resolution"), a copy of the certificate of convenience and public necessity issued by the West Virginia Public Service Commission, as amended, the water rates necessary to pay for the Bond as described in the Resolution, copies of contracts and other documents relating to the funding and approval for the project by the District, including but not limited to the construction contract, plans and specifications, and other documents relating to the project, the letter of conditions forwarded by the United States Department of Agriculture to the District, and other documents incidental and material to the issuance by the District of the Bond. From such familiarity and examination, we are of the opinion as follows:

1. The District is a duly created and presently existing public service district of the State of West Virginia with full power and authority to construct and acquire and to operate and maintain the Water System and to issue and sell the Bond, all under the provisions of Chapter 16, Article 13A (the "Act"), of the West Virginia Code of 1931, as amended, and other applicable provisions of law.
2. The District, through its Board, has legally and effectively enacted the Resolution and has duly authorized the issuance and delivery of the Bond to the United States of America, and the Chairman of the Board is duly and lawfully entitled and authorized to execute the Bond.
3. The Bond constitutes a valid and legally enforceable special obligation of the District secured by and payable solely from a parity lien on and pledge of the net revenues of the System on parity with the existing 1985 Bond and 1991 Bond as described in the Resolution, all in accordance with the terms of the Bond and the Resolution.
4. The District, through its Board, has legally and effectively enacted the water rates necessary to make the payments on the Bond from the rates described in the Resolution, and it has lawfully adopted and has filed a tariff which has been approved by the West Virginia Public Service Commission for the water rates that are described in the Resolution.
5. The District has obtained from the West Virginia Public Service Commission a valid, final and non-appealable certificate of convenience and necessity under Case No. 00-0878 -PWD-CN which lawfully authorizes the District to proceed with the construction and maintenance of the District's Water System and approval of and issuance of the Bond.
6. The District, through its Board, has legally and effectively enacted all other resolutions, contracts and agreements that are necessary to comply with the letter of conditions previously forwarded and conditions required in the letter of conditions as well as complied with all necessary provisions of the Resolution necessary before the Bond may be issued and delivered and that the Bond can in fact be lawfully issued and delivered.
7. The execution and delivery of the Bond and the enactment of the Resolution and compliance with the provisions of them will not conflict with nor constitute a breach of or default under any agreement or other instrument known to me to which the District is a party, or any court order or consent decree known to me to which the District is subject, or any law or administrative regulation to which the District is subject.
8. All authorizations, consents, approvals and reviews by governmental bodies or regulatory authorities then required for the District's adoption, execution or performance of the Bond and the Resolution have been obtained or affected, and we have no reason to believe that the District will be unable to obtain or affect any additional such authorizations, consents or approvals that may be required in the future for performance of any of them by the District.

March 7, 2000
Page Three

9. As to our knowledge, there is no action, suit, proceeding or investigation at law or in equity by any court, public board or body, pending or threatened against or affecting the District or any member of the Board, and no facts exist relating to the composition of the Board or the exercise of their duties, wherein an unfavorable decision, ruling or finding would have a materially adverse effect upon the validity of the Bond or the Resolution.

The foregoing opinion is qualified to the extent that the enforceability of the liens, pledges and terms set forth in the Bond and in the Bond Resolution may be limited by bankruptcy, insolvency and other laws affecting the rights of creditors generally.

Very truly yours,

Re: \$285,000 Clover Public Service District,
Water Revenue Bond,
Series 2001

Gentlemen:

We have examined a record of proceedings relating to the issuance by the Clover Public Service District (the "Issuer") of its \$285,000 Water Revenue Bond, Series 2001, bearing interest at the rate of four and one-half percent (4.50%) per annum, and dated on the date hereof (the "Bond").

The Bond has been authorized by a resolution (the "Bond Resolution") duly adopted by the Public Service Board of the Issuer, which is the governing body of the Issuer.

Interest only on the Bond is payable in monthly installments in the twenty four (24) months after delivery of the Bonds and thereafter the principal of and interest on the Bond is payable in monthly installments of \$1,309.00 to and including the 480th month after the date of the Bond, the final installment to be in the sum of the unpaid principal and interest due on the date thereof.

March 7, 2001

Page 2

Principal installments upon the Bond are subject to payment in advance as provided therein and in the Bond Resolution.

The Bond Resolution and the Bond provide that the issue is for the purpose of financing the costs of construction and acquisition of the improvements and additions to an existing water system (the "System") of the Issuer.

Upon issuance of the Bond, the Issuer has outstanding the 1985 Bonds and the 1991 Bonds, as described in the Bond Resolution.

We have relied, in part, upon the opinion letter of Wilber D Webb, attorney to the Issuer, and the General Certificate of Issuer and attorney for Issuer.

It is our opinion that:

1. The Issuer is duly organized and presently existing public service district and is a public corporation and a political subdivision of the State of West Virginia with full power and authority to construct, acquire, operate and maintain the System and issue and sell the Bond, all under the provisions of Chapter 16, Article 13A (the "Act"), of the Code of West Virginia of 1931, as amended, and other applicable provisions of law.

2. The Issuer has legally and effectively adopted the Bond Resolution in connection with the bond issue and issued, sold and delivered the Bond to the United States of America, Rural Utilities Service.

3. As of this date, the Bond is in due and proper form and has been duly executed and delivered and constitute valid and legally enforceable special obligations of the Issuer secured by and payable solely from a parity statutory lien with the Bond, the 1985 Bonds and the 1991 Bonds, as described in the Bond Resolution, and a pledge of the net revenues of the System, all in accordance with the terms of the Bond and the Bond Resolution.

4. Under existing statutes and court decisions, as presently written and applied, interest on the Bond is excludable from the gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and such interest will not be treated as a preference item for purposes of the alternative minimum tax imposed under the Code with respect to individuals and corporations. Under the Code, however, such interest is included in the adjusted current earnings of a corporation for purposes of computing the alternative minimum tax. The opinions set forth in the preceding sentences are subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance

March 7, 2001

Page 3

of the Bond in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the interest on the Bond to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bond. We express no opinion herein regarding other tax consequences arising with respect to the Bond.

5. It is to be understood that the rights of the holders of the Bond and the enforceability of the Bond and the Bond Resolution, and the liens and pledges set forth therein, may be subject to and this opinion is limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF CLOVER PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS
AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code (the "Act") and other applicable provisions of law. Clover Public Service District (the "Issuer") is a public service district created pursuant to the Act by The County Commission of Roane County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. The Issuer does not now have a public waterworks system.

B. It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be constructed a new waterworks system of the Issuer consisting of water distribution and storage facilities with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. Water will be purchased from the City of Spencer pursuant to a Water Purchase Contract between the Issuer and said City. The construction and acquisition of the Project and the financing hereby

authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. It is necessary for the Issuer to issue its revenue bond in the principal amount of \$152,000 to finance a portion of the cost of such construction in the manner hereinafter provided.

D. The estimated maximum cost of the construction of the Project is \$952,500 of which \$152,000 will be obtained from the proceeds of sale of the Bond herein authorized, \$492,000 from a grant by the Purchaser, \$38,000 from a grant by the Roane County Commission, \$268,800 from a grant by the Appalachian Regional Commission and \$1,700 from funds of the Issuer.

E. The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond prior to, during and for 6 months after completion of such construction to the extent that revenues of the System (hereinafter defined) are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

F. The period of usefulness of the System after completion of the Project is not less than 40 years.

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND ISSUE OF BOND

Section 2.01. Authorization of Bond. Section 2.02. Description of Bond. The Bond shall be issued in single form, No. R-1, only as a fully registered Bond, and shall be dated the date of delivery. The Bond shall bear interest from date, payable monthly at the rate of 5% per annum, and shall be sold for the par value thereof.

The Bond shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, and shall be payable as provided in the Bond form hereinafter set forth.

Section 2.03. Negotiability, Registration, Transfer and Exchange of Bonds. The Bond shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but the Bond may only be transferred by transfer of the registration thereof upon the books required to be kept pursuant to Section 2.04 hereof, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Registrar.

Whenever the Bond shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond in authorized denominations, for a like aggregate principal amount. The Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, but the Issuer shall pay any other expenses incurred by the Registrar with respect to such transfer.

No registration of transfer of the Bond shall be permitted to be made after the 15th day next preceding any installment payment date on the Bond.

WATER REVENUE BOND, SERIES 1985

CLOVER PUBLIC SERVICE DISTRICT

\$152,000

No. R-1

Date: _____

FOR VALUE RECEIVED, CLOVER PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), or its registered assigns, at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of ONE HUNDRED FIFTY-TWO THOUSAND DOLLARS (\$152,000) plus interest on the unpaid principal balance at the rate of 5% per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first 24 months after the date hereof, and \$747, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments

last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of improvements for the waterworks system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner

constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Registrar as defined in the Resolution hereinafter described, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in said Resolution, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code and a Resolution of the Borrower (the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

ARTICLE III

BOND PROCEEDS; REVENUES AND APPLICATION THEREOF

Section 3.01. Bond Proceeds; Project Construction Account. The proceeds of sale of the Bond shall be deposited on receipt by the Issuer in The Traders Bank, Spencer, West Virginia, a member of Federal Deposit Insurance Corporation (the "FDIC"), in a special account hereby created and designated as "Clover Public Service District Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Purchaser on or before the fifteenth day of each month, such sums as shall be from time to time required to make the monthly installments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

Moneys in the Project Construction Account shall be used solely to pay the cost of acquisition and construction of the Project upon vouchers and other documentation approved by the Purchaser.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America ("Government Obligations"), which shall mature not later than 18 months after the date of such investment, or in investments secured by a pledge of Government Obligations. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

A. REVENUE FUND. The entire Gross Revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund," is hereby established initially with the Bank named in Section 3.01. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

B. DISPOSITION OF REVENUES. All Revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, on or before the due date of payment of each installment on the Bond, transfer from the Revenue Fund and pay to the National Finance Office designated in the Bond the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(3) The Issuer shall next, each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund hereby initially established with said Bank, 1/12th of 1/10th of the amount of principal and interest becoming due on the Bond in any year until the amount in the Reserve Fund equals the sum of \$9,000, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments

of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose; provided, however, that when the Minimum Reserve has been accumulated in the Reserve Fund all earnings of investments of moneys therein shall at least annually be transferred to and deposited in the Revenue Fund and used for ratable prepayment of principal of the Bonds.

(4) The Issuer shall next, each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, hereby initially established with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$43,050, and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay portions of the principal amount of the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve as herein provided, and all amounts required therefor will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding 2 years. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

C. CHANGE OF FISCAL AGENT. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

D. USER CONTRACTS. The Issuer shall, prior to delivery of the Bond, obtain signed user agreements from at least 85 bona fide full time users initially upon the System, in full compliance with the requirements and conditions of the Purchaser.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide Revenues in each fiscal year sufficient to produce Net Revenues equal to not less than 110% of the annual debt service on the Bond and sufficient to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate Revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on

all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of

the Project in compliance with West Virginia Code Section 38-2-39.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$10,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Bond.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment upon the Bond at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than 30 days prior to the beginning of each fiscal year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the next year preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any

compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 4.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 4.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser.

Section 4.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 4.15. Concerning Arbitrage. The proceeds of sale of the Bond will not be invested in such a way as to violate the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(c) of the Internal Revenue Code of 1954, as amended.

The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of a water system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Articles 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government,

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. REVENUES AND APPLICATION THEREOF

Section 3.01. Project Construction Account. All moneys received from the sale of any or all the Bonds shall be deposited on receipt by the Issuer in The Traders Bank, Spencer, Roane County, West Virginia, a member of Federal Deposit Insurance Corporation (FDIC), in a special account hereby now established and designated as "\$88,000 Clover Public Service District Water System Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of state and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein.

Until completion of the construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Purchaser on or before the fifteenth day of each month, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Net Revenues to make such monthly payment.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, or agencies thereof, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Water Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

(A) Water Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all

tap fees received, shall be deposited as collected by the Issuer in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Water Revenue Fund" originally established under the 1985 Resolution and which is hereby continued hereunder with The Traders Bank, Spencer, Roane County, West Virginia. The Water Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) Disposition of Revenues. All revenues at any time on deposit in the Water Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Water Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, by the fifteenth day of each month, transfer from the Water Revenue Fund and pay to the party designated in the 1985 Bond and the Series 1991 Bond the amount required to pay the interest on the Bonds, and to amortize the principal of the Bonds over the life of the Bond issues, providing, however, that if insufficient funds are available to pay the installments set forth herein, the interest portion of such installments and the payment set forth in this paragraph 2 shall be made simultaneously and without preference to one another before any principal portion of such installments are made.

(3) The Issuer shall next, by the fifteenth day of each month, transfer from the Water Revenue Fund and deposit with the said Bank in the Water Reserve Fund initially established with said Bank in the 1985 Resolution and hereby continued 1/12 of 1/10 of the amount of principal and interest becoming due on the Bond in any year until the amount in the Water Reserve Fund equals the sum of \$9,000 such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Water Reserve Fund, the Issuer shall monthly deposit into the Water Reserve Fund such part of the moneys remaining in the Water Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Water Reserve Fund. Moneys in the Water Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(4) The Issuer shall next, simultaneously and without preference to the payment required under paragraph 3, by the fifteenth day of each month, transfer from the 1991 Water Revenue Fund hereby initially established with said Bank, 1/12 of 1/10 of

the amount of principal and interest becoming due on the Bond in any year until the amount in the 1991 Water Reserve Fund equals the sum of \$5196, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the 1991 Water Reserve Fund, the Issuer shall monthly deposit into the 1991 Water Reserve Fund such part of the moneys remaining in the 1991 Water Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the 1991 Water Reserve Fund. Moneys in the 1991 Water Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(5) The Issuer shall next, by the fifteenth day of each month, transfer from the Water Revenue Fund and deposit in the 1985 Water Depreciation Reserve, previously established with said Bank, the moneys remaining in the Water Revenue Fund and not permitted to be retained therein, until there has been accumulated in the 1985 Water Depreciation Reserve for the 1985 Bonds the aggregate sum of \$43,500 and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Water Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Water Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Water Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Water Depreciation Reserve may be withdrawn by the Issuer and used for capital improvements extraordinary repairs and replacements of equipment and improvements for the System, or any part thereof.

(6) After all the foregoing provisions for use of moneys in the Water Revenue Fund have been fully complied with, any moneys remaining therein and not required to be retained therein may be used to prepay installments of the Bond or for any lawful purpose.

Whenever the moneys in the Water Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Water Reserve Fund and the Water Depreciation Reserve as herein provided, and all amounts required therefor will be deposited therein by the Issuer upon transfers of funds from the Water Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Water Reserve Fund and the Water Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Water Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein shall be paid annually in January into the Water Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be 12 bona fide users initially upon the System, and must obtain user agreements and the user contribution, if any, from each new user and deposit in the Water Project Construction Account all such user contributions collected.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Water Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute

valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Bond and to make the payments required herein into the Water Reserve Fund and the Water Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bond. (a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Water Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such Person at any one time, and initially in the amount of \$25,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Statutory Mortgage. For the further protection of the holders of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the Court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy

direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 4.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary-Treasurer on the date of adoption hereof, subject to permitted changes.

Section 4.12. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser.

Section 4.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

Section 4.15. Covenant as to Tax Exempt Status of Bond. The Issuer covenants that (a) it shall not permit or cause to be done any act or thing which would result in the loss of exemption from tax of interest on the Bond under Section 148 of the Internal Revenue Code and the regulations thereunder, or under any successor or similar provision of the Internal Revenue Code hereafter enacted and applicable to the Bond, and regulations thereunder; (b) it shall not invest or otherwise use or permit or cause to be invested or used, any of the proceeds of the Bonds, or moneys deemed to be proceeds of the Bond under the Internal Revenue Code, directly or

indirectly, in any manner which would result in such Bond being classified as an "arbitrage bond" within the meaning of Section 148 of the Internal Revenue Code or regulations thereunder, and each shall comply with the requirements of such Section and (d) no part of the proceeds of the Bond or any funds held under the Resolution shall at any time be used directly or indirectly for any purpose which would cause the Bond to be subject to treatment as a "private activity bond" under the Internal Revenue Code or regulations thereunder and to that end the Issuer will comply with the applicable law as long as the Bond is outstanding.

Re: Water System Extension Project 98W-432

Dear Mr. Hall:

The West Virginia Infrastructure and Jobs Development Council (Council) has reviewed the Clover Public Service District's (District) preliminary application regarding the District's proposed project to extend its water system to serve approximately 140 new customers (Project). Based on the findings of the Water Technical Review Committee, the Council has determined that the Project is technically feasible within the guidelines of the Infrastructure and Jobs Development Act. The District should carefully review the enclosed comments of the Water Technical Review Committee. The District may need to address certain issues raised in said comments as it proceeds with the Project.

Pursuant to its review of the preliminary application, the Council determined that the District should pursue a Small Cities Block Grant of \$1,250,000 and USDA Rural Utilities Service (RUS) funding of \$1,600,000 to finance the Project. Please contact the West Virginia Development Office at 558-4010 and your local RUS office for specific information on the steps the District needs to follow to apply for this funding. **Please note that this letter does not constitute funding approval from these agencies.**

If you have any questions regarding this matter, please contact Susan J. Riggs at the above telephone number.

Sincerely,

James D. Williams
