ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Flatwoods-Canoe Run Public Service District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Braxton County of said State.

B. The Issuer is presently acquiring and constructing a public sewerage system or public sewerage facilities, or has acquired and constructed components thereof, initially consisting of a new 0.3 MGD secondary waste treatment plant, collector lines, sewer lines, 7 lift stations, man holes, access roads, force main and house connections for a complete sanitary sewer system, together with all appurtenant facilities; however, in order to, among other things, allow the Issuer to further expand its public sewerage system or public sewerage facilities as initially contemplated at a substantially reduced cost, it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the public sewerage system or public sewerage facilities of the Issuer, now existing or presently being acquired and constructed, consisting of improvements and extensions necessary for the construction and operation of a new 0.52 MGD secondary waste treatment plant, collector lines, sewer lines, 6 lift stations, man holes, access roads, force main and house connections for a complete sanitary sewer system, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the now existing or presently being acquired and constructed public sewerage system or public sewerage facilities, the Project and any further additions or improvements thereto or extensions thereof is herein called the "System") at an estimated cost of $1,178,690, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Prior Bonds and the Bonds and all Sinking Funds, Reserve Accounts and other payments provided for herein and in the Prior Resolution, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $345,000 in two series, being the Series 1991A Bonds in the aggregate principal amount of not more than $330,000 and the Series 1991B Bonds in the aggregate principal amount of not more than $15,000 (collectively, the "Original Bonds"), and (at the option of the Issuer) to issue its sewerage system bond anticipation notes prior to issuance of the Original Bonds or contemporaneously therewith, or as soon as practicable thereafter, to issue its sewerage system grant anticipation notes, and/or a note or notes evidencing a line of credit, or any combination of the foregoing (collectively, the "Notes"), in the aggregate principal amount of not more than $400,000 to temporarily finance costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes during the term thereof and upon the Bonds prior to and during construction or acquisition and for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and/or the Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any fees for the providing of a letter of credit, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the Notes or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution.

Section 3.10. Sale of Original Bonds; Approval and Ratification of Execution of Loan Agreement with Authority. The Original Bonds shall be sold to the Authority, pursuant to the terms and conditions of the Loan Agreement. If not so authorized by previous resolution, the Chairman is specifically authorized and directed to execute the Loan Agreement in the form attached hereto as "Exhibit A" and made a part hereof, and the Secretary is directed to affix the seal of the Issuer attest the same, and deliver the Loan Agreement to the Authority, and any such prior execution and delivery is hereby authorized, approved, ratified and confirmed.

Section 3.11. "Amended Schedule A" Filing; Tender of Series 1991B Bonds. Upon completion of acquisition and construction of the Project, the Issuer will file with the Authority a schedule in substantially the form of the "Amended Schedule A" to the Loan Agreement, setting forth the actual costs of the Project and sources of funds therefor. In the event such schedule reflects an excess of funding for the Project, or if the Authority is otherwise advised of an excess, the Authority may tender the Series 1991B Bonds to the Issuer for payment in an amount equal to such excess to the extent such excess is lawfully available therefor. Notwithstanding the foregoing, if the Issuer has Notes outstanding upon completion of acquisition and construction of the Project, it will advise the Authority of such fact and submit a second schedule to the Authority upon payment of such Notes, and the Authority will not tender its Series 1991B Bonds for payment until the outstanding Notes have been paid.

ARTICLE IV

INTERIM CONSTRUCTION FINANCING

Section 4.01. Authorization and General Terms. In order to pay certain Costs of the Project pending receipt of the Grant Receipts or issuance of the Bonds, the Issuer may issue and sell its Notes in an aggregate principal amount not to exceed $400,000. The Notes may be in the form of bond anticipation notes, grant anticipation notes and/or as evidence of a line of credit from a commercial bank or other lender, or any combination of the foregoing, at the discretion of the Issuer, and as shall be set forth in one or more resolutions supplemental hereto. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the Indenture and/or supplemental resolution, as applicable.

Section 4.02. Terms of and Security for Notes; Trust Indenture. The Notes, if issued, shall be issued in fully registered form, in the denominations, with such terms and secured in the manner set forth in the Indenture, if applicable (which Indenture in the form to be executed and delivered by the Issuer shall be approved by a supplemental resolution), or one or more supplemental resolutions, if no Indenture is used.

Section 4.03. Notes are Special Obligations. The Notes shall be special obligations of the Issuer payable as to principal and interest solely from proceeds of the Bonds or the Net Revenues (if issued in the form of Bond Anticipation Notes) or the Grant Receipts, the Surplus Revenues and letter of credit proceeds (if issued in the form of Grant Anticipation Notes) and from other sources described in the Indenture and/or a supplemental resolution or resolutions. The Notes do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged for the payment of the Notes. The Holders of the Notes shall never have the right to compel the forfeiture of any property of the Issuer. The Notes shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth in the Indenture and/or the Supplemental Resolution.

Section 4.04. Letters of Credit. As additional security for any Notes, the Issuer may obtain a letter or letters of credit from a bank or banks, pursuant to which such bank or banks would agree

to pay to the Trustee, upon presentation by the Trustee of certain certificates, the sum or sums set forth therein but not to exceed $400,000 in the aggregate. In the event of a draw under any such letter of credit, the Issuer shall issue its refunding notes to the bank issuing such letter of credit. Any such letter or letters of credit shall be authorized and shall have such terms as shall be set forth in a resolution supplemental hereto.

(6) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund to the Commission the amounts required by the Prior Resolution to be deposited in the Series 1990 B Bonds Reserve Account, and, simultaneously, commencing 13 months prior to the first date of payment of principal of the Series 1991B Bonds, if not fully funded upon issuance of the Series 1991B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1991B Bonds Reserve

Moneys in the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund shall be used only for purposes of paying principal of and interest, if any, on the respective Series 1991A Bonds or Series 1991B Bonds as the same shall become due. Moneys in the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective Series 1991A Bonds or Series 1991B Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose, except for transfers to the 1991 Rebate Fund permitted hereunder.

Except to the extent transferred to the 1991 Rebate Fund at the request of the Issuer, all investment earnings on moneys in the several Sinking Funds and Reserve Accounts for the Original Bonds shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Bond Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds, and then to the next ensuing principal payments due thereon.

Except with respect to transfers to the 1991 Rebate Fund permitted hereunder, any withdrawals from the Series 1991A Bonds Reserve Account which result in a reduction in the balance of the Series 1991A Bonds Reserve Account to below the Series 1991A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full to the 1990 A Bonds Sinking Fund or otherwise with respect to the Series 1990 C Bonds for payment of debt service on the Series 1990 A Bonds and the Series 1990 C Bonds and to the Series 1991A Bonds Sinking Fund for payment of debt service on the Series 1991A Bonds.

Except with respect to transfers to the 1991 Rebate Fund permitted hereunder, any withdrawals from the

Series 1991B Bonds Reserve Account which result in a reduction in the balance of the Series 1991B Bonds Reserve Account to below the Series 1991B Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the 1990 A Bonds Sinking Fund or otherwise with respect to the Series 1990 C Bonds, the Series 1991A Bonds Reserve Account, the Series 1991A Bonds Sinking Fund, the Series 1990 A Bonds Reserve Account, the Series 1990 C Bonds Reserve Account, the Renewal and Replacement Fund, the Series 1991B Bonds Sinking Fund and the Series 1990 B Bonds Sinking Fund have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund and otherwise sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account or Accounts in an amount or amounts equal to the maximum amount or amounts of principal and interest which will become due in any year for account of the Bonds of such series, including such additional Bonds.

The Issuer shall not be required to make any further payments into the Series 1991A Bonds Sinking Fund or the Series 1991B Bonds Sinking Fund, or into the Reserve Accounts therein, when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

Principal and interest payments, and any payments made for the purpose of funding any Reserve Account, whether for a deficiency or otherwise, shall be made on a parity basis and pro rata, with respect to the Series 1990 A Bonds, the Series 1990 C Bonds and Series 1991A Bonds in accordance with the respective principal amounts then Outstanding, and thereafter shall be made on a parity and pro rata with respect to the Series 1990 B and Series 1991B Bonds in accordance with the respective principal amounts then Outstanding, if any such principal or interest payment or Reserve Account payment is to be made in less than the full amount then called for herein or in the Prior Resolution.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the 1991 Rebate Fund permitted hereunder, the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions and in the priority hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Series 1991A Bonds Sinking Fund (including the Reserve Account therein), the Series 1990 A Bonds Sinking Fund (including the Reserve Account therein), the Series 1991B Bonds Sinking Fund (including the Reserve Account therein), the Series 1990 B Bonds Sinking Fund (including the Reserve Account therein), the Series 1990 C Bonds Reserve Account and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent and Commission's fees then due.

D. All funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein and in the Prior Resolution, and until so used, the Holders of the Series 1991A Bonds, the Series 1990 A Bonds and the Series 1990 C Bonds shall have a lien thereon, to the extent provided herein and in the Prior Resolution, and, thereafter, and subject and subordinate to the liens of the holders of the Series 1991A Bonds, the Series 1990 A Bonds and the Series 1990 C Bonds, the holders of the Series 1991B Bonds and the Series 1990 B Bonds shall have a lien thereon to the extent provided herein and in the Prior Resolution. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Renewal and Replacement Fund and the 1991 Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of State and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System, provided that, in the event Notes are issued, Tap Fees may, with the written consent of the Authority be deposited otherwise.

I. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Authority.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1991A Bonds, there shall first be deposited with the Commission in the Series 1991A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1991A Bonds for the period commencing on the date of issuance of such Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1991A Bonds, there shall be deposited with the Commission in the Series 1991 A Bonds Reserve Account, and from the proceeds of the Series 1991B Bonds, there shall be deposited with the Commission in the Series 1991B Reserve Account, the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1991A Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment, not otherwise paid from funds of the Issuer.

D. The remaining moneys derived from the sale of the Original Bonds shall be deposited upon receipt with the Depository Bank in the Bond Construction Trust Fund in the manner set forth in the Supplemental Resolution and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholders with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Except with respect to any transfers to the 1991 Rebate Fund permitted hereunder, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended are hereby pledged as additional security for the Series 1991A Bonds and, thereafter, for the Series 1991B Bonds. In the event that Notes

are issued, the disposition of funds in the Bonds Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority.

F. There shall additionally be established with the Depository Bank such separate accounts and subaccounts within the Bond Construction Trust Fund as are set forth in the Supplemental Resolution, if any, so that the Issuer and the Depository Bank may at all times ascertain the source of all funds in the Bond Construction Trust Fund.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund (except for the costs of issuance of the Original Bonds which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts and subaccounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, and all costs thereof have been paid, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1991A Bonds Reserve Account, and when fully funded, to the Series 1991B Bonds Reserve Account, provided that, in no event shall more than 10% of the proceeds from the sale of any or all of the Original Bonds be deposited in any or all of the Reserve Accounts, and when both Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1991B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1991B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

The payment of the debt service of the Series 1991A Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, on a parity with the lien on the Net Revenues in favor of the holders

of the Series 1990 B Bonds, but such lien shall be junior and subordinate to the lien on said Net Revenues in favor of the holders of the Series 1991A Bonds, the Series 1990 A Bonds and the Series 1990 C Bonds. Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof and, if entered into and not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1991A Bonds and the Series 1991B Bonds, immediately be remitted to the Commission for deposit in the respective Sinking Funds, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the respective Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay the Notes in full shall be applied to the payment of the Notes, either at maturity or, if allowable under the Supplemental Resolution or Indenture, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such

sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority and the Purchaser so long as the Series 1990 C Bonds are outstanding, be remitted by the Issuer to the Commission for deposit in the respective Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to any or all of the Notes issued under the Indenture and/or supplemental resolution

prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the Indenture (if an Indenture is used) and the Bond Legislation; and, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from any or all of the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1991B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from any or all of the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1991A Bonds and the Series 1991B Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of any or all of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1991B Bonds. No Parity Bonds shall be issued which shall be payable out of any or all of the revenues of the System on a parity with the Series 1991A Bonds, unless the Series 1991B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions and improvements to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting

Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding or outstanding including, without limitation, the Prior Bonds;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 1991A Bonds and the Series 1991B Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1991A Bonds or the Series 1991B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart

from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation and/or the Indenture or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall submit said report to the Trustee and the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a

statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created (or, where appropriate, continued) hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds (including, without limitation, the Prior Bonds); provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds (including, without limitation, the Prior Bonds) are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds (including, without limitation, the Prior Bonds). In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and

maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee, the Authority and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission

of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until a delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law or, if the waterworks facilities are not owned by the Issuer, the Issuer will use diligent efforts to enter into a similar termination agreement with the provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, or any part thereof, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or any of the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available

against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties, or with the consent of the Authority and the Purchaser so long as the Series 1990 C Bonds are outstanding, for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability

insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion of Project. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Original Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due

on the Original Bonds during the term thereof is, under the terms of the Original Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Original Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Original Bonds during the term thereof is, under the terms of the Original Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Original Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Original Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Original Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Original Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Original Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Original Bonds will be and remain excluded from gross income for

federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1991A Bonds, the Series 1990 A Bonds and the Series 1990 C Bonds shall be on a parity with each other and shall be senior to the statutory mortgage lien in favor of the Holders of the Series 1991B Bonds and the Series 1990 B Bonds.

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created (or, as to the Revenue Fund and the Renewal and Replacement Fund, continued) by this Bond Legislation or the Indenture, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, and the Indenture, if any, the need for such moneys for the purposes set forth herein and in the Indenture, if any, and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

Except as provided in the Indenture, if any, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account except as otherwise provided herein with respect to the 1991 Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Trustee, if any, and the Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are

Outstanding and as long thereafter as necessary to comply with the Code and to assure the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause any of the Original Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Original Bonds) so that the interest on the Original Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Original Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Original Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the 1991 Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the 1991 Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established (or, if and where applicable, continued) hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the 1991 Rebate Fund shall be held free and clear of any lien or pledge hereunder or under the Indenture, if any, and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the 1991 Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the 1991 Rebate Fund following all such payments required by the

preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the 1991 Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception therefrom, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Original Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority including information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as such term "gross proceeds" is defined in the Code).

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Notes set forth in this Bond Legislation, any supplemental resolution, the Indenture or in the Notes, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Trustee, any other bank or banking association holding any fund or account hereunder or a Holder of a Note; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

B. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Note or Bond, as the case may be, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Notes or Bonds, as the case may be, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Notes or Bonds, as the case may be, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Notes or Bonds, or the rights of such Registered Owners, provided however, that no remedy herein stated may be exercised by a Noteholder in a manner which adversely affects any remedy available to the Bondholders, and provided further, that all rights and remedies of the holders of the Series 1991 B Bonds and the Series 1990 B Bonds shall be subject to those of Holders of the Series 1991A Bonds, the holders of the Series 1990 A Bonds and the holders of the Series 1990 C Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights

and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Flatwoods-Canoe Run Public Service District (the "Issuer") is a public service district and political subdivision of the State of West Virginia in Braxton County of said State.

B. The Issuer does not presently own or operate a public sewerage system or public sewerage facilities, and it is deemed necessary and desirable for the health, safety, advantage, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed certain sewerage facilities of the Issuer, consisting of a new 0.3 MGD secondary waste treatment plant, collector lines, sewer lines, 7 lift stations, man holes, access roads, force main and house connections for a complete sanitary sewer system, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the Project and any additions or improvements thereto or extensions thereof is herein called the "System") at an estimated cost of $7,558,590, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of said System, the principal of and interest on the Bonds and all Sinking Funds, Reserve Accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than $2,900,000 in three series, being the Series 1990 A Bonds in the aggregate principal amount of not more than $1,300,000, the Series 1990 B Bonds in the aggregate principal amount of not more than $200,000, and the Series 1990 C Bonds in the aggregate principal amount of not more than $1,400,000 (collectively, the "Original Bonds"), and (at the option of the Issuer) to issue its sewerage system bond anticipation notes prior to issuance of the Original Bonds and contemporaneously therewith, or as soon as practicable thereafter, to issue its sewerage system grant anticipation notes, and/or a note or notes evidencing a line of credit, or any combination of the foregoing (collectively, the "Notes"), in the aggregate principal amount of not more than $4,000,000 to temporarily finance costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Notes during the term thereof and upon the Bonds prior to and during construction or acquisition and for a period not exceeding 6 months

after completion of construction of the Project; amounts which may be deposited in the Reserve Accounts; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and/or the Notes and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, including, with respect to the Notes, any fees for the providing of a letter of credit, as hereinafter defined, and any costs of obtaining insurance thereon; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the Notes or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Original Bonds constituting the Series 1990 A Bonds and the Series 1990 B Bonds be sold to the Authority (as hereinafter defined) pursuant to the terms and provisions of a loan agreement and a supplemental loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution, and, further, it is in the best interests of the Issuer that its Original Bonds constituting the Series 1990 C Bonds be sold to the Purchaser (as hereinafter defined) pursuant to the terms and provisions of a Letter of Conditions dated September 29, 1988, as amended by amendments dated November 9, 1988, and July 17, 1989, and any other amendments thereto (collectively, the "Letter of Conditions").

G. There are no outstanding obligations of the Issuer which will rank prior to or on a parity with the Bonds as to liens and source of and security for payment. The Series 1990 A Bonds and the Series 1990 C Bonds shall be on a parity with each other except as otherwise provided herein. The Series 1990 B Bonds shall be junior and subordinate to the Series 1990 A Bonds and the Series 1990 C Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Grant Anticipation Notes, if issued, will not be payable from the Net Revenues, but shall be payable from Grant Receipts, Surplus Revenues, certain proceeds of such Grant

Anticipation Notes and proceeds of a letter of credit, if any, all as shall be set forth in the Indenture and/or the Supplemental Resolution authorizing the Notes or such Grant Anticipation Notes. The Bond Anticipation Notes, if issued, will be payable from the proceeds of the Bonds (or individual series thereof), certain proceeds of such Bond Anticipation Notes and the Net Revenues, if necessary and if available, all as shall be set forth in the Indenture and/or the Supplemental Resolution authorizing the Notes or such Bond Anticipation Notes. The Issuer has outstanding its $152,000 Water System Revenue Bonds, dated January 1, 1971, which are not payable from or entitled to any lien on or pledge of any of the revenues of the System or a statutory mortgage lien thereon.

H. The Issuer has complied with all requirements of West Virginia law relating to authorization of the acquisition, construction and operation of the Project and the System and the issuance of the Bonds and the Notes, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the obtaining of a Certificate of Public Convenience and Necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Bonds or any of the Notes or such final order will not be subject to appeal or rehearing.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Bonds and the Notes by those who shall be the registered owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders and such Noteholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the registered owners of any and all of such Bonds and Notes, respectively, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series and between any one Note of a series and any other Note of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond is issued to finance a portion of the costs of acquisition and construction of new sewerage facilities of the Issuer, and this Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the sewerage system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and

maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation, nor shall the Borrower be obligated to pay the same or the interest thereon except from the special fund so provided.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at said office of the Borrower, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Resolution, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Chapter 16, Article 13A of the West Virginia Code, as amended (the "Act"), and a resolution of the Borrower authorizing issuance of this Bond and a resolution supplemental thereto duly adopted (collectively, the "Resolution").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ON PARITY WITH THE BORROWER'S SEWER REVENUE BONDS, SERIES 1990 A, AND SENIOR AND PRIOR TO THE BORROWER'S SEWER REVENUE BONDS, SERIES 1990 B, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, BOTH ISSUED CONCURRENTLY HEREWITH AND

DESCRIBED IN THE RESOLUTION, EXCEPT TO THE EXTENT OTHERWISE PROVIDED IN THE RESOLUTION.

The Original Bonds constituting the Series 1990 A Bonds and the Series 1990 B Bonds shall be sold to the Authority, pursuant to the terms and conditions of the Loan Agreement. If not so authorized by previous resolution, the Chairman is specifically authorized and directed to execute the Loan Agreement in the form attached hereto as "Exhibit A" and made a part hereof, and the Secretary is directed to affix the seal of the Issuer attest the same, and deliver the Loan Agreement to the Authority, and any such prior execution and delivery is hereby authorized, approved, ratified and confirmed.

The Original Bonds constituting the Series 1990 C Bonds shall be sold to the Purchaser, pursuant to the terms and conditions of the Letter of Conditions.

Section 3.12. "Amended Schedule A" Filing; Tender of Series 1990 B Bonds. Upon completion of acquisition and construction of the Project, the Issuer will file with the Authority a schedule in substantially the form of the "Amended Schedule A" to the Loan Agreement, setting forth the actual costs of the Project and sources of funds therefor. In the event such schedule reflects an excess of funding for the Project, or if the Authority is otherwise advised of an excess, the Authority may tender the Series 1990 B Bonds to the Issuer for payment in an amount equal to such excess to the extent such excess is lawfully available therefor. Notwithstanding the foregoing, if the Issuer has Notes outstanding upon completion of acquisition and construction of the Project, it will advise the Authority of such fact and submit a second schedule to the Authority upon payment of such Notes, and the Authority will not tender its Series 1990 B Bonds for payment until the outstanding Notes have been paid.

ARTICLE IV

INTERIM CONSTRUCTION FINANCING

Section 4.01. Authorization and General Terms. In order to pay certain Costs of the Project pending receipt of the Grant Receipts or issuance of the Bonds, the Issuer may issue and sell its Notes in an aggregate principal amount not to exceed $4,000,000. The Notes may be in the form of bond anticipation notes, grant anticipation notes and/or as evidence of a line of credit from a commercial bank or other lender, or any combination of the foregoing, at the discretion of the Issuer, and as shall be set forth in one or more resolutions supplemental hereto. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the Indenture and/or supplemental resolution, as applicable.

Section 4.02. Terms of and Security for Notes; Trust Indenture. The Notes, if issued, shall be issued in fully registered form, in the denominations, with such terms and secured in the manner set forth in the Indenture, if applicable (which Indenture in the form to be executed and delivered by the Issuer shall be approved by a supplemental resolution), or one or more supplemental resolutions, if no Indenture is used.

Section 4.03. Notes are Special Obligations. The Notes shall be special obligations of the Issuer payable as to principal and interest solely from proceeds of the Bonds or the Net Revenues (if issued in the form of Bond Anticipation Notes) or the Grant Receipts, the Surplus Revenues and letter of credit proceeds (if issued in the form of Grant Anticipation Notes) and from other sources described in the Indenture and/or a supplemental resolution or resolutions. The Notes do not and shall not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions. The general funds of the Issuer are not liable, and neither the full faith and credit nor the taxing power, if any, of the Issuer is pledged for the payment of the Notes. The Holders of the Notes shall never have the right to compel the forfeiture of any property of the Issuer. The Notes shall not be a debt of the Issuer, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Issuer or upon any of its income, receipts or revenues except as set forth in the Indenture and/or the Supplemental Resolution.

Section 4.04. Letters of Credit. As additional security for any Notes, the Issuer may obtain a letter or letters of credit from a bank or banks, pursuant to which such bank or banks would agree

to pay to the Trustee, upon presentation by the Trustee of certain certificates, the sum or sums set forth therein but not to exceed $4,000,000 in the aggregate. In the event of a draw under any such letter of credit, the Issuer shall issue its refunding notes to the bank issuing such letter of credit. Any such letter or letters of credit shall be authorized and shall have such terms as shall be set forth in a resolution supplemental hereto.

(3) Bond Construction Trust Fund; and

(4) Rebate Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby created with the Commission:

(1) Series 1990 A Bonds Sinking Fund;

The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first, each month, pay from the Revenue Fund the Operating Expenses of the System.

(2) The Issuer shall next, (i) each month, on or before the due date of payment of each installment on the Series 1990 C Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Series 1990 C Bonds (or such other place as may be subsequently provided pursuant to the Series 1990 C Bonds), the amount required to pay the interest on the Series 1990 C Bonds, and to amortize the principal of the Series 1990 C Bonds over the life of such Bond issue, (ii) simultaneously with the transfer set forth in Subsection 5.03A(2)(i), on the first day of each month, commencing 7 months prior to the first date of payment of interest on the Series 1990 A Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1990 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1990 A Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1990 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date, and (iii), simultaneously with the transfers set forth in Subsections 5.03A(2)(i) and (ii), on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1990 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1990 A Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1990 A Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1990 A Bonds Sinking Fund and the next annual principal payment date is less than 13 months then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date. All the payments with respect to principal of and interest on the Series 1990 A Bonds and the Series 1990 C Bonds shall be made on an equal pro rata basis and on a parity with each other to the fullest extent possible.

(3) The Issuer shall next, (i) on each date that payment is made as set forth in Subsection 5.03A(2)(i)

above, transfer from the Revenue Fund and remit to the Commission for deposit in the Series 1990 C Bonds Reserve Account, 1/12th of 1/10th of the amount, as of the date of calculation, equal to the maximum amount of principal and interest which will become due on the Series 1990 C Bonds in any year, until the amount in the Series 1990 C Bonds Reserve Account equals such maximum amount (the "Minimum Reserve"), and (ii), simultaneously with the transfer set forth in Subsection 5.03A(3)(i), on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Series 1990 A Bonds, if not fully funded upon issuance of the Series 1990 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1990 A Bonds Reserve Account, an amount equal to 1/120 of the Series 1990 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1990 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1990 A Bonds Reserve Requirement. After the Series 1990 A Bonds Reserve Requirement and the Minimum Reserve have been accumulated in the respective Reserve Accounts, the Issuer shall monthly deposit into the respective Reserve Accounts such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on or with respect to the Series 1990 A Bonds and the Series 1990 C Bonds and for payment of Operating Expenses of the System, as shall be required to maintain the Series 1990 A Bonds Reserve Requirement and the Minimum Reserve in the respective Reserve Accounts on an equal pro rata basis and on a parity with each other. Moneys in the Series 1990 C Bonds Reserve Account shall be used solely to make up any deficiency for monthly payments of the principal of and interest on or with respect to the Series 1990 A Bonds and the Series 1990 C Bonds, respectively, as the same shall become due on an equal pro rata basis and on a parity with each other, or for prepayment of installments on the Series 1990 A Bonds and the Series 1990 C Bonds pro rata, or for mandatory prepayment of the Series 1990 A Bonds and the Series 1990 C Bonds as hereinafter provided, on a pro rata basis, and for no other purpose.

(4) From the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the month succeeding the first full calendar month after commencement of operation of the System, transfer to the Renewal and Replacement Fund a sum equal to

2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 1990 A Bonds Reserve Account and the Series 1990 C Bonds Reserve Account [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereby] shall be promptly eliminated with moneys from the Renewal and Replacement Fund on a pro rata basis, and, thereafter, any deficiencies in the Series 1990 B Bonds Reserve Account [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereby] shall next be promptly eliminated with moneys from the Renewal and Replacement Fund.

(5) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal on the Series 1990 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1990 B Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1990 B Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1990 B Bonds Sinking Fund and the next annual principal payment date is less than 13 months then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(6) The Issuer shall next, on the first day of each month, commencing 13 months prior to the first date of payment of principal of the Series 1990 B Bonds, if not fully funded upon issuance of the Series 1990 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1990 B Bonds Reserve Account, an amount equal to 1/120 of the Series 1990 B Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1990 B Bonds

Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1990 B Bonds Reserve Requirement.

Moneys in the Series 1990 A Bonds Sinking Fund and the Series 1990 B Bonds Sinking Fund shall be used only for purposes of paying principal of and interest, if any, on the Series 1990 A Bonds and the Series 1990 C Bonds on a parity basis and on the Series 1990 B Bonds, respectively, as the same shall become due; provided, however, that, notwithstanding anything herein to the contrary, the holders of the Series 1990 C Bonds shall have no claim to moneys in the Series 1990 A Bonds Sinking Fund, including the Series 1990 A Bonds Reserve Account therein, to the extent such moneys correspond to monthly installments previously paid upon the Series 1990 C Bonds. Moneys in the Series 1990 A Bonds Reserve Account and the Series 1990 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Series 1990 A Bonds and Series 1990 C Bonds on a parity basis and on the Series 1990 B Bonds, respectively, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose, except for transfers to the Rebate Fund permitted hereunder.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the several Sinking Funds and Reserve Accounts shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Bond Construction Trust Fund, except as otherwise required by the regulations of the Purchaser as to earnings in the Series 1990 C Reserve Account, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds, and then to the next ensuing principal payments due thereon.

Except with respect to transfers to the Rebate Fund permitted hereunder, any withdrawals from the Series 1990 A Bonds Reserve Account and the Series 1990 C Bonds Reserve Account which result in a reduction in the balance of the Series 1990 A Bonds Reserve Account and the Series 1990 C Bonds Reserve Account to below the Series 1990 A Bonds Reserve Requirement and the Minimum Reserve, respectively,

shall be subsequently restored from the first Net Revenues available after all required payments set forth in Subsection 5.03(A)(2) hereof have been made in full for payment of debt service on the Series 1990 A Bonds and the Series 1990 C Bonds.

Except with respect to transfers to the Rebate Fund permitted hereunder, any withdrawals from the Series 1990 B Bonds Reserve Account which result in a reduction in the balance of the Series 1990 B Bonds Reserve Account to below the Series 1990 B Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments set forth in Subsection 5.03(A)(2) and to the Series 1990 A Bonds Reserve Account, the Series 1990 C Bonds Reserve Account, the Renewal and Replacement Fund and the Series 1990 B Bonds Sinking Fund have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund and otherwise sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account or Accounts in an amount or amounts equal to the maximum amount or amounts of principal and interest which will become due in any year for account of the Bonds of such series, including such additional Bonds.

The Issuer shall not be required to make any further payments into the Series 1990 A Bonds Sinking Fund or the Series 1990 B Bonds Sinking Fund, or into the Reserve Accounts therein, or into the Series 1990 C Bonds Reserve Account, when the aggregate amount of funds in said respective Sinking Funds and Reserve Accounts are at least equal to the aggregate principal amount of the respective Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the respective maturities thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Series 1990 A Bonds Sinking Fund, the Series 1990 B Bonds Sinking Fund and the Series 1990 C Bonds Reserve Account created hereunder, and all amounts required for said Sinking Funds and Reserve Accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Series 1990 A Bonds Sinking Fund and the Series 1990 B Bonds Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund permitted hereunder, the Series 1990 A Bonds Sinking Fund and the Series 1990 B Bonds Sinking Fund, including the Reserve Accounts therein, and the Series 1990 C Bonds Reserve Account, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions and in the priority hereinafter set forth.

Whenever the moneys in the Reserve Accounts of the Series 1990 A Bonds and the Series 1990 C Bonds shall be sufficient to prepay the Series 1990 A Bonds and the Series 1990 C Bonds in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay such Bonds at the earliest practical date in accordance with applicable provisions of the Loan Agreement, such Bonds and this Bond Legislation.

The Depository Bank is hereby designated as the Fiscal Agent for the administration of the Renewal and Replacement Fund and the Rebate Fund as herein provided, and all amounts required for the Renewal and Replacement Fund will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such fund.

The Depository Bank, at the direction of the Issuer, shall keep the moneys in the Renewal and Replacement Fund and the Rebate Fund invested and reinvested in accordance with Section 8.01 hereof.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Series 1990 A Bonds Sinking Fund (including the Reserve Account therein), the Series 1990 B Bonds Sinking Fund (including the Reserve Account therein), the Series 1990 C Bonds Reserve Account and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System, including, but not limited to, payment to the Trustee for deposit in the Notes Debt Service Fund.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Depository Bank's charges and the Paying Agent fees then due.

D. All funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Holders of the Series 1990 A Bonds and the Series 1990 C Bonds shall have a lien thereon, and, thereafter, and subject and subordinate to the liens of the Holders of the Series 1990 A Bonds and the Series 1990 C Bonds, the Holders of the Series 1990 B Bonds shall have a lien thereon. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Renewal and Replacement Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of State and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System, provided that, in the event Notes are issued, Tap Fees may, with the written consent of the Authority be deposited otherwise.

I. The Issuer shall, prior to delivery of the Series 1990 C Bonds, provide evidence that there will be at least 920 bona fide users upon the System on completion of the Project, in full compliance with the requirements and conditions of the Purchaser.

J. The Issuer may designate another bank or trust company insured by FDIC as Depository Bank if the Depository Bank should cease for any reason to serve or if the Governing Body determines by resolution that the Depository Bank or its successor should no longer serve as Depository Bank. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser and the Authority.

ARTICLE VI

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 6.01. Application of Bond Proceeds; Pledge of Unexpended Bond Proceeds. From the moneys received from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Series 1990 A Bonds, there shall first be deposited with the Commission in the Series 1990 A Bonds Sinking Fund, the amount, if any, specified in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1990 A Bonds for the period commencing on the date of issuance of the Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1990 A Bonds, there shall be deposited with the Commission in the Series 1990 A Bonds Reserve Account, from the proceeds of the Series 1990 B Bonds, there shall be deposited with the Commission in the Series 1990 B Reserve Account, and from the proceeds of the Series 1990 C Bonds, there shall be deposited with the Commission in the Series 1990 C Bonds Reserve Account, the respective sums, if any, set forth in the Supplemental Resolution for funding of the Reserve Accounts.

C. Next, from the proceeds of the Series 1990 A Bonds and the Series 1990 C Bonds, there shall first be credited to the Bond Construction Trust Fund and then paid, any and all borrowings by the Issuer made for the purpose of temporarily financing a portion of the Costs of the Project, including interest accrued thereon to the date of such payment, not otherwise paid from funds of the Issuer.

D. The remaining moneys derived from the sale of the Bonds shall be deposited upon receipt with the Depository Bank in the Bond Construction Trust Fund in the manner set forth in the Supplemental Resolution and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholders with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. Except with respect to any transfers to the Rebate Fund permitted hereunder, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so expended are

hereby pledged as additional security for the Series 1990 A Bonds and the Series 1990 C Bonds, and, thereafter, for the Series 1990 B Bonds; provided, however, that such pledge shall only extend to such moneys as have been actually paid to the Bond Construction Trust Fund by the original purchaser of the respective series of Bonds secured thereby. In the event that Notes are issued, the disposition of funds in the Bonds Construction Trust Fund may be modified from that set forth herein, with the written consent of the Authority and the Purchaser. To the extent required by the Purchaser, in addition to the other requirements herein, proceeds of the Series 1990 C Bonds in the Bond Construction Trust Account in excess of the amount insured by FDIC shall be secured at all times by the Depositary Bank in a manner lawful for securing deposits of State and municipal funds under West Virginia law.

F. There shall additionally be established with the Depository Bank such separate accounts and subaccounts within the Bond Construction Trust Fund as are set forth in the Supplemental Resolution so that the Issuer and the Depository Bank may at all times ascertain the source of all funds in the Bond Construction Trust Fund.

Section 6.02. Disbursements From the Bond Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund (except for the costs of issuance of the Original Bonds which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, and as to any proceeds of the Series 1990 C Bonds, a representative of the Purchaser, if the Purchaser so requires, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts and subaccounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer, except as otherwise required by the Purchaser with respect to proceeds of the Series 1990 C Bonds in the Bond Construction Trust Fund.

After completion of the Project, as certified by the Consulting Engineers, and all costs thereof have been paid, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund consisting of Series 1990 A Bond and Series 1990 B Bond proceeds to the Series 1990 A Bonds Reserve Account, and when fully funded, to the Series 1990 B Bonds Reserve Account, and shall transfer any moneys remaining in the Bond Construction Trust Fund consisting of Series 1990 C Bond proceeds to the Series 1990 C Bonds Reserve Account, provided that, in no event shall more than 10% of the proceeds from the sale of any or all of the Original Bonds be deposited in any or all of the Reserve Accounts, and when all Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund, except that if otherwise required, any balance in the Bond Construction Trust Fund consisting of proceeds of the Series 1990 C Bonds shall be disposed of in accordance with any requirements of the regulations of the Purchaser. The Issuer shall thereafter, apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon. Notwithstanding the foregoing, if the Authority tenders any of its Series 1990 B Bonds to the Issuer pursuant to the provisions of the Supplemental Loan Agreement, such moneys shall be applied to the purchase of such Series 1990 B Bonds.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, and to the extent they do not materially adversely affect Bondholders, the covenants, agreements and provisions contained in this Bond Legislation shall, where applicable, also inure to the benefit of the Holders of the Notes and the Trustee therefor and constitute valid and legally binding covenants of the Issuer, enforceable in any court of competent jurisdiction by the Trustee or any Holder or Holders of said Notes as prescribed in the Indenture; provided, that Section 7.09 shall not be applied to the Grant Anticipation Notes or any line of credit evidenced by such Grant Anticipation Notes.

Section 7.02. Bonds and Notes not to be Indebtedness of the Issuer. Neither the Bonds nor the Notes shall be or constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of any Bonds or Notes, shall ever have the right to compel the exercise of the taxing power of the Issuer to pay said Bonds or Notes or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions. The payment of the debt service of the Series 1990 A Bonds and the Series 1990 C Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System on a parity basis, and payment of the debt service of the Series 1990 B Bonds issued hereunder shall be secured forthwith equally and ratably by a lien on said Net Revenues, but such lien shall be junior and subordinate to the lien on said Net Revenues in favor of the Holders of the Series 1990 A Bonds and the Series 1990 C Bonds. The Revenues derived

from the System, in an amount sufficient to pay the principal of and interest on the Bonds and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Order of the Public Service Commission of West Virginia entered September 20, 1990 (Case No. 89-708-PSD-CN), and such rates are hereby adopted.

Section 7.05. Sale of the System. Except as otherwise required by law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds and Notes, if any, Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof and, if entered into and not previously defeased, the Indenture in accordance with Section 8.01 thereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1990 A Bonds and the Series 1990 B Bonds, immediately be remitted to the Commission for deposit in the Sinking Funds, and with respect to the Series 1990 C Bonds, immediately be remitted to the National Finance Office designated in the Series 1990 C Bonds, and, with the written permission of the Authority and the Purchaser, or in the event the Authority and the Purchaser are no longer Bondholders, the Issuer shall direct the Commission and the National Finance Office to apply such proceeds to the payment of principal at maturity of and interest on the Bonds. Any balance remaining after the payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System. With respect to the Notes, such proceeds in an amount sufficient to pay the Notes in full shall be applied to the payment of the Notes, either at maturity or, if allowable under the Supplemental Resolution or Indenture, prior thereto.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during

the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of $10,000 and not in excess of $50,000, shall with the written consent of the Authority and the Purchaser, be remitted by the Issuer to the Commission for deposit in the Sinking Funds and to the National Finance Office and shall be applied only to the purchase or prepayment, as applicable, of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and in Section 7.07B, the Issuer shall not issue any obligations whatsoever with a lien on or otherwise payable from any source of payment pledged originally to any or all of the Notes issued under the Indenture and/or supplemental resolution prior to or on a parity with the lien on behalf of such Notes until such Notes have been defeased in accordance with the provisions of the

Indenture (if an Indenture is used) and the Bond Legislation; and, so long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from any or all of the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that additional Bonds on a parity with the Series 1990 B Bonds only may be issued as provided for in Section 7.07 hereof. All obligations issued by the Issuer after the issuance of the Bonds and payable from any or all of the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 1990 A Bonds, the Series 1990 B Bonds and the Series 1990 C Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of any or all of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1990 B Bonds. No Parity Bonds shall be issued which shall be payable out of any or all of the revenues of the System on a parity with the Series 1990 A Bonds and the Series 1990 C Bonds, unless the Series 1990 B Bonds are no longer outstanding.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions and improvements to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually

derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith)

shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

All Parity Bonds shall mature on the day of the years of maturities, and the interest thereon shall be payable on the days of each year, specified in a Supplemental Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 1990 A Bonds, the Series 1990 B Bonds and the Series 1990 C Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1990 A Bonds, the Series 1990 B Bonds or the Series 1990 C Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued solely for the purpose of completing the Project as described in the application to the Authority submitted as of the date of the Loan Agreement without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority and the Purchaser to the issuance of bonds on a parity with the Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart

from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds or of a Note or Notes issued pursuant to this Bond Legislation and/or the Indenture or the Trustee shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Trustee, the Authority and the Purchaser, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the Indenture with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds or Notes, as the case may be, and shall submit said report to the Trustee, the Authority and the Purchaser, or any other original purchaser of the Bonds. Such audit report submitted to the Authority

shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Reserve Accounts and reserve accounts for obligations prior to or on a parity with the Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated expenditures for operation and maintenance of the System during the succeeding Fiscal Year. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased

expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Trustee, the Authority, the Purchaser and to any Holder of any Bonds or Notes, as the case may be, who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Trustee and to any Holder of any Bonds or Notes, as the case may be, or anyone acting for and in behalf of such Holder of any Bonds or Notes, as the case may be.

In addition, the Issuer shall annually cause the records of the System to be audited by an independent certified public accountant, the report of which audit shall be submitted to the Authority and the Purchaser and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement.

Section 7.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent

permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law or, if the waterworks facilities are not owned by the Issuer, the Issuer will use diligent efforts to enter into a similar termination agreement with the provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, or any part thereof, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.14. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as any of the Bonds or any of the Notes remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and

Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties, or with the consent of the Authority and the Purchaser, for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the Purchaser, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Purchaser, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of

$50,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Bond Construction Trust Fund is concerned so long as checks thereon require the signature of a representative of the Purchaser.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

C. In addition to the foregoing requirements, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, of such types and in such amounts as required by the Purchaser, if such requirements are greater than or in addition to the types and amounts set forth above.

Section 7.15. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a

public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion of Project. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Original Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Original Bonds during the term thereof is, under the terms of the Original Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Original Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Original Bonds during the term thereof is, under the terms of the Original Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Original Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Original Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Original Bonds or $5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Original Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Original Bonds and the interest thereon including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority and the Purchaser) so that the interest on the Original Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority and the Purchaser), the result of which would adversely affect such exclusion.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Bonds and shall be for the equal benefit of all Holders of each respective series of Bonds, provided however, that the statutory mortgage lien in favor of the Holders of the Series 1990 A Bonds and the Series 1990 C Bonds shall be on a parity with each other and shall be senior to the statutory mortgage lien in favor of the Holders of the Series 1990 B Bonds.

Section 7.19. Use Agreements. ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation or the Indenture, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, and the Indenture, if any, the need for such moneys for the purposes set forth herein and in the Indenture, if any, and the specific restrictions and provisions set forth in this Section 8.01 and in the Indenture.

Except as provided in the Indenture, if any, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account except as otherwise provided herein with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Trustee, if any, the Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Trustee, if any, and the Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the

exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause any of the Original Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Original Bonds) so that the interest on the Original Bonds will be and remain excluded from gross income for Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Original Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Original Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority and the Purchaser, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources except as otherwise required by the Purchaser with respect to investment earnings on gross or other proceeds from the sale of the Series 1990 C Bonds. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder or under the Indenture, if any, and used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the

Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority and/or the Purchaser in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority and/or the Purchaser at the expense of the Issuer. To the extent not so performed by the Authority and/or the Purchaser, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority and the Purchaser within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception therefrom, then the Issuer shall submit to the Authority and the Purchaser a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Original Bonds subject to rebate. The Issuer shall also furnish to the Authority and/or the Purchaser, at any time, such additional information relating to rebate as may be reasonably requested by the Authority and/or the Purchaser.

ARTICLE IX

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Notes set forth in this Bond Legislation, any supplemental resolution, the Indenture or in the Notes, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Trustee, any other bank or banking association holding any fund or account hereunder or a Holder of a Note; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

B. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Bond Legislation, any supplemental resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Purchaser, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Note or Bond, as the case may be, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Notes or Bonds, as the case may be, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Notes or Bonds, as the case may be, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Notes or Bonds, or the rights of such Registered Owners, provided however, that no remedy herein stated may be exercised by a Noteholder in a manner which adversely affects any remedy available to the Bondholders, and provided further, that all rights and remedies of the Holders of the Series 1990 B Bonds shall be subject to those of the Holders of the Series 1990 A Bonds and the Holders of the Series 1990 C Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond or Bond Anticipation Note or a Bond Anticipation Note evidencing a line of credit may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds or Bond Anticipation Notes or Bond Anticipation Note evidencing such line of credit any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every

part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivered to the Authority for purchase the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting Engineers to such effect the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the Resolution or Tax Regulatory Agreement with respect to the exclusion of the interest on the Bonds from gross income of the holder thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not execute this Loan Agreement unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit

moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at

such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xix) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xx) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that term is defined in the Code) from time to time as the Authority may request.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and

subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

4.4 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.5 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.6 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.7 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.8 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the Authority's bonds.

4.9 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Certain Covenants of the Governmental Agency; Imposition and Collection of User Charges; Payments To Be Made by Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan

next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority shall have the right to cancel all or any of its obligations under this Loan Agreement if (a) any representation made to the Authority by the Governmental Agency

in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of this Loan Agreement.

6.4 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Loan.

6.5 The Governmental Agency hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for Federal income tax purposes of interest on the Local Bonds.

6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.8 The Governmental Agency hereby agrees to file with the Authority upon completion of acquisition and construction of the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

1.7 Additional terms and phrases are defined in this Supplemental Loan Agreement as they are used.

1.8 This Supplemental Loan Agreement is supplemental to the Loan Agreement, the terms of which are incorporated herein by reference.

ARTICLE II

The Project and the System

2.1 The Project shall generally consist of the construction and acquisition of the facilities described in the Application, to be constructed in accordance with plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers, the Authority having found, to the extent applicable, that the Project is consistent with the applicable comprehensive plan of water management approved by the Director of the West Virginia Division of Natural Resources (or in the process of preparation by such Director), has been approved by the West Virginia Bureau of Public Health and is consistent with the standards set by the West Virginia Water Resources Board for the waters of the State affected thereby.

2.2 Subject to the terms, conditions and provisions of this Supplemental Loan Agreement and of the Local Act, the Governmental Agency has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do all things necessary to construct the Project in accordance with the plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers.

2.3 All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Governmental Agency, subject to any mortgage lien or other security interest as is provided for in the Local Statute.

2.4 The Governmental Agency agrees that the Authority and its duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Governmental Agency further agrees that the Authority and its duly authorized agents shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority in respect of the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. The Governmental Agency shall permit the Authority, acting by and through its Director or his duly authorized representatives, to inspect all books, documents, papers and records relating to the Project at any and all reasonable times for the purpose of audit and examination, and the Governmental Agency shall submit to the Authority such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project and the administration of the Supplemental Loan or of State and federal grants or other sources of financing for the Project.

2.6 The Governmental Agency agrees that it will permit the Authority and its agents to have access to the records of the Governmental Agency pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof.

2.7 The Governmental Agency shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract, as security for the faithful performance of such contract.

2.8 The Governmental Agency shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project facilities are completed and accepted by the Governmental Agency, the Governmental Agency or (at the option of the Governmental Agency) the contractor shall maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Governmental Agency, the prime contractor and all subcontractors, as their interests may appear.

2.9 The Governmental Agency shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Governmental Agency at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

2.10 The Governmental Agency agrees that it will at all times provide operation and maintenance of the System to comply with all State and federal standards. The Governmental Agency agrees that qualified operating personnel properly certified by the State will be retained to operate the System during the entire term of this Supplemental Loan Agreement.

2.11 The Governmental Agency hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Authority or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

ARTICLE III

(f) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

The Supplemental Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Supplemental Loan shall be secured and shall be repaid in the manner hereinafter provided in this Supplemental Loan Agreement.

3.4 The Supplemental Loan will be made only in conjunction with the Loan. The Supplemental Bond shall be delivered to the Authority, at the offices of the Authority, simultaneously with the delivery of the Local Bond to the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Supplemental Loan Agreement and the Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies under the conditions and in the manner described in the Loan Agreement. The Governmental Agency further understands and acknowledges that the Authority's obligation to make the Supplemental Loan is subject to the availability on the Date of Loan Closing of funds legally available therefor.

ARTICLE IV

Supplemental Bonds; Security for Supplemental Loan; Repayment of Supplemental Loan; No Interest on Supplemental Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Supplemental Loan, authorize the issuance of and issue the Supplemental Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Supplemental Bonds shall be secured by the revenues from the System, as more fully set forth in Schedules X and Y attached hereto, subject to the prior and senior security therefrom granted to the Local Bonds;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Local Bonds and on a parity with the Supplemental Bonds or, if the reserve accounts established for the payment of debt service on the Local Bonds (the "Reserve Account") and for the payment of debt service on the Supplemental Bonds (the "Supplemental Reserve Account") are funded (whether by Local Bond proceeds with respect to the Local Bonds, monthly deposits or otherwise), respectively, at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in any year (the "Reserve Requirement") or on the Supplemental Bonds in any year (the "Supplemental Reserve Requirement"), as the case may be, and any reserve account for any such

prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and the Supplemental Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds and Supplemental Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Supplemental Bonds, except the Local Bonds and bonds on a parity with the Supplemental Bonds, which parity bonds shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Supplemental Bonds and parity bonds theretofore and then being issued and on the Local Bonds and any other obligations secured by or payable from the revenues of the System prior to the Supplemental Bonds; provided, however, that additional parity Local Bonds and additional parity Supplemental Bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including

the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Supplemental Bonds, the right to obtain the appointment of a receiver to administer the System as provided by law, subject to the prior and senior rights of the owner or owners of the Local Bonds;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Supplemental Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Supplemental Bonds, except for accrued interest and capitalized interest, if any, must be deposited in a construction fund on which the owner of the Supplemental Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs),

provided that said construction fund may be the one established for the Local Bonds, which shall have a prior and senior lien thereon;

(xv) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer, in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Water Development Project;

(xvi) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xvii) That, as long as the Authority is the owner of any of the Supplemental Bonds, the Governmental Agency shall not authorize redemption of any Supplemental Bonds by it without the written consent of the Authority.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Supplemental Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Supplemental Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to the prior and senior security therefrom for the Local Bonds and to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 The principal of the Supplemental Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto.

4.4 The Supplemental Loan shall not bear interest.

4.5 The Supplemental Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Supplemental Program, which administrative expenses shall be as determined by the Authority.

4.7 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

ARTICLE V

Certain Covenants of the Governmental Agency; Imposition and Collection of User Charges; Payments To Be Made by Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Supplemental Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Supplemental Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds and the Supplemental Bonds shall prove to be insufficient to produce the minimum sums set

forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Supplemental Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the rate of five percent (5%) per annum, from the date of the default until the date of the payment thereof.

Re: Flatwoods-Canoe Run Public Service District
Case No. 89-708-PSD-CN

Dear Mr. Williams:

Jackson & Kelly was retained to represent the Flatwoods-Canoe Run Public Service District in a limited capacity in obtaining their Certificate of Convenience and Necessity for the expansion of the wastewater treatment plant. The Public Service Commission of West Virginia approved the expansion of the wastewater treatment plant in a Recommended Decision dated July 9, 1991, which became the Final Order of the Commission on August 9, 1991. With respect to the Commission's reference to the private contributions of $203,000 in its Order, we have no reason to believe that the said amount does not refer to the commitment from the West Virginia Regional Jail and Correctional Facility Authority and private contributions set forth in the Rule 42 submitted to the Commission at the time of filing.

Best wishes,

Yours truly,

John Philip Melick

The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar"), by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Flatwoods-Canoe Run Public Service District
Sewer Revenue Bonds, Series 1991A

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Flatwoods-Canoe Run Public Service District (the "Issuer"), a public service district and public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its $275,806 Sewer Revenue Bonds, Series 1991A, dated the date hereof (the "Local Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated November 15, 1991, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Local Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Local Bonds are originally issued in the form of one bond, registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, commencing April 1, 1992, at the rate of 7.75% per annum, and with principal installments payable on October 1 in each of the years 1992 through 2031, inclusive, all as set forth in "Schedule X," attached to the Loan Agreement and incorporated in and made a part of the Local Bonds.

The Local Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Local Statute"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the public sewerage system or public sewerage facilities of the Issuer, existing or being acquired and constructed on the date of the Local Bonds (the "Project"); (ii) to pay interest on the Local Bonds during the construction

//

of the Project and for not more than 6 months thereafter; and (iii) paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of the Local Statute, the bond and notes resolution duly adopted by the Issuer on November 14, 1991, as supplemented by a supplemental resolution adopted November 14, 1991 (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Local Bonds are authorized and issued, and the Loan Agreement that has been undertaken. The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly organized and validly existing public service district and political subdivision of the State of West Virginia, with corporate power and authority to acquire and construct the Project, to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Local Bonds, all under the Local Statute and other applicable provisions of law.

2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the written consent of the Authority.

3. The Local Act and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Local Act contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

4. The Local Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Local Act and secured by a lien on and pledge of the Net Revenues of said System, on a parity with the Issuer's Sewer Revenue Bonds, Series 1990 A, dated November 14, 1990, and issued in the original aggregate principal amount of $1,147,938, and the Issuer's Sewer Revenue Bonds, Series 1990 C, dated November 14, 1990, and issued in the original aggregate principal amount of $1,118,000, except to the extent otherwise provided therein and in the resolutions authorizing the issuance thereof and in the Local Act and the Local Bonds, all in accordance with the terms of the Local Bonds and the Local Act.

5. The interest on the Local Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; it should be noted, however, that, for purposes of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years beginning after December 31, 1989). The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Local Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Local Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Local Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Local Bonds.

6. The Local Bonds are, under the Local Statute, exempt from direct taxation by the State of West Virginia, and the other taxing bodies of the State, and the interest on the Local Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Local Bonds and the enforceability of the Local Bonds, the Loan Agreement, the Local Act and the liens and pledges therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Local Bond numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

Steptoe & Johnson

Flatwoods-Canoe Run Public Service District
Sewer Revenue Bonds, Series 1991B

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Flatwoods-Canoe Run Public Service District (the "Issuer"), a public service district and public corporation and political subdivision created and existing under the laws of the State of West Virginia of its $9,194 Sewer Revenue Bonds, Series 1991B, dated the date hereof (the "Supplemental Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a supplemental loan agreement, dated November 15, 1991, including all schedules and exhibits attached thereto (the "Supplemental Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Supplemental Bonds, which are to be purchased by the Authority in accordance with the provisions of the Supplemental Loan Agreement. The Supplemental Bonds are originally issued in the form of one bond registered as to principal to the Authority, without interest thereon, with principal payable in installments on October 1 in each of the years 1993 through 2031, inclusive, all as set forth in "Schedule X," attached to the Supplemental Loan Agreement and incorporated in and made part of the Supplemental Bonds.

The Supplemental Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the public sewerage system or public sewerage facilities of the Issuer, existing or being acquired on the date of the Supplemental Bonds (the "Project"); and (ii) paying certain issuance and other costs in connection therewith.

The Supplemental Loan Agreement is supplemental to a loan agreement also dated November 15, 1991, between the Issuer and the Authority (the "Loan Agreement"). The Supplemental Bonds are on a parity as to liens, pledge and source of and security for payment with the Sewer Revenue Bonds, Series 1990 B (the "Series 1990 B Bonds"), of the Issuer dated November 14, 1990, and issued in the original aggregate principal amount of $51,842, and are junior, subordinate and inferior as to liens, pledge and source of and security for payment to the bonds issued pursuant to the Loan Agreement and designated "Sewer Revenue Bonds, Series 1991A" (the "Local Bonds"), issued simultaneously herewith in the aggregate principal amount of $275,806, to the Sewer Revenue Bonds, Series 1990 A (the "Series 1990 A Bonds"), of the Issuer dated November 14, 1990, and issued in the original aggregate principal amount of $1,147,938, and to the Sewer Revenue Bonds, Series 1990 C (the "Series 1990 C Bonds"), of the Issuer dated November 14, 1990, and issued in the original aggregate principal amount of $1,118,000.

We have also examined the applicable provisions of the Local Statute, the bond and notes resolution duly adopted by the Issuer on November 14, 1991, as supplemented by a supplemental resolution adopted November 14, 1991, (collectively, the "Local Act"), pursuant to and under which Local Statute and Local Act the Supplemental Bonds are authorized and issued, and the Supplemental Loan Agreement that has been undertaken. The Supplemental Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Supplemental Loan Agreement.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly organized and validly existing public service district and political subdivision of the State of West Virginia, with corporate power and authority to acquire and construct the Project, to operate and maintain the System referred to in the Supplemental Loan Agreement and to issue and sell the Supplemental Bonds, all under the Local Statute and other applicable provisions of law.

2. The Supplemental Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the written consent of the Authority.

3. The Local Act and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Local Act

contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Supplemental Loan Agreement.

4. The Supplemental Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Local Act and secured by a lien on and pledge of the Net Revenues of said System, on a parity with the Series 1990 B Bonds and junior and subordinate only to the Local Bonds, the Series 1990 A Bonds and the Series 1990 C Bonds, all in accordance with the terms of the Supplemental Bonds and the Local Act.

5. The Issuer has reserved the right to issue additional bonds ranking on a parity with the Supplemental Bonds, as provided in the Local Act.

6. The Supplemental Bonds are, under the Local Statute, exempt from direct taxation by the State of West Virginia, and the other taxing bodies of the State.

It is to be understood that the rights of the holders of the Supplemental Bonds and the enforceability of the Supplemental Bonds, the Supplemental Loan Agreement, the Local Act and the liens and pledges therein may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Supplemental Bond numbered BR-1, and in our opinion the form of such bond and its execution and authentication are regular and proper.

Flatwoods-Canoe Run Public Service District
Sewer Revenue Bonds, Series 1991A

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Ladies and Gentlemen:

We have examined a transcript of proceedings relating to the issuance of $275,806 aggregate principal amount of Sewer Revenue Bonds, Series 1991A (the "Local Bonds"), of Flatwoods-Canoe Run Public Service District (the "Issuer"), and a Certificate as to Arbitrage executed by the Chairman of the Issuer on this date.

Based upon such Certificate as to Arbitrage, we are of the opinion that the facts, estimates and circumstances set forth in the Certificate as to Arbitrage are sufficient to satisfy the requirements of Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"), to support the conclusion that the Local Bonds are not "arbitrage bonds" as therein defined. While we have undertaken no independent verification or investigation of the certifications, statements, expectations or representations set forth in such Certificate as to Arbitrage, no matters have come to our attention which make unreasonable or incorrect such certifications, statements, expectations or representations.

Accordingly, it is our opinion that, under existing statutes, regulations, rulings and court decisions, the Local Bonds are not "arbitrage bonds" as so defined.

The opinions set forth above are subject to the condition that the Issuer comply with all requirements of the Code relating to arbitrage that must be satisfied subsequent to the issuance of the Local Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with such requirements may cause the inclusion of interest on

the Local Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Local Bonds.

I am of the opinion that:

1. The issuer is a duly organized and validly existing public service district and political subdivision of the State of West Virginia.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Local Act, and the carrying out of the terms thereof, do not and will not in any material respect conflict with or constitute on the part of the Issuer a breach of or default under any agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.

6. The Issuer has received, or there have been entered, all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, consents, certificates and approvals from the County Commission of Braxton County and the Public Service Commission of West Virginia, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The times for appeal of the final orders of the Public Service Commission of West Virginia entered September 20, 1990, and July 9, 1991, in Case No. 89-708-PSD-CN, among other things, approving and consenting to the

issuance of the Bonds and granting to the Issuer a certificate of public convenience and necessity for the Project have expired prior to the date hereof without any appeal.

7. The Issuer has duly published a notice of the acquisition and construction of the Project, issuance of the Bonds and related matters, as required under Chapter 16, Article 13A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.

8. To the best of my knowledge there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Local Act, the acquisition and construction of the Project, the operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Jeniver J. Jones

FLATWOODS-CANOE RUN PUBLIC SERVICE DISTRICT

Sewer Revenue Bonds,
Series 1991A

CERTIFICATE AS TO ARBITRAGE

I, Dale L. Leavitt, Chairman of the Public Service Board of FLATWOODS-CANOE RUN PUBLIC SERVICE DISTRICT, in Braxton County, West Virginia (the "Issuer"), being one of the officials of the Issuer duly charged with the responsibility for the issuance of $275,806 aggregate principal amount of Sewer Revenue Bonds, Series 1991A, of the Issuer, dated November 15, 1991 (the "Series 1991A Bonds" or "Local Bonds"), hereby certify as follows:

1. This certificate is being executed and delivered pursuant to Section 148 of the Internal Revenue Code of 1986, as amended, and the temporary and permanent regulations promulgated thereunder or under any predecessor thereto (the "Code"). I am one of the officers of the Issuer duly charged with the responsibility of issuing the Bonds, hereinafter defined. I am familiar with the facts, circumstances and estimates herein certified and am duly authorized to execute and deliver this certificate on behalf of the Issuer.

2. This certificate may be relied upon as the certificate of the Issuer.

3. The Issuer has not been notified by the Internal Revenue Service of any listing or proposed listing of it as an issuer that may not certify its bonds or the certification of which may not be relied upon by holders of obligations of the Issuer or that there is any disqualification of the Issuer by the Internal Revenue Service because a certification made by the Issuer contains a material misrepresentation.

4. This certificate is based upon facts, circumstances, estimates and expectations of the Issuer in existence on November 15, 1991, the date on which the Bonds are to be physically delivered in exchange for the issue price thereof, and to the best of my knowledge and belief, the expectations of the Issuer set forth herein are reasonable.

5. In the Bond and Notes Resolution pursuant to which the Bonds are issued, the Issuer has covenanted that (i) it will not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Bonds which would cause any of the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a federal

information return with respect to the Bonds) so that the interest on the Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion. The Issuer has, therefore, covenanted to not intentionally use any portion of the proceeds of the Bonds to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except as otherwise allowed under Sections 103 and 148 of the Code.

6. The Series 1991A Bonds and the $9,194 aggregate principal amount of Series 1991B Bonds (the "Series 1991B Bonds or "Supplemental Bonds"), which Series 1991B Bonds bear no interest, were sold on November 15, 1991, to the West Virginia Water Development Authority (the "Authority") for an aggregate purchase price of $285,000 (100% of par). No accrued interest has been or will be paid on any of the Bonds. The Series 1991B Bonds are junior and subordinate as to the lien on net revenues to the Series 1991A Bonds, the Sewer Revenue Bonds, Series 1990 A, of the Issuer dated November 14, 1990 (the "Series 1990 A Bonds"), and the Sewer Revenue Bonds, Series 1990 C, of the Issuer dated November 14, 1990 (the "Series 1990 C Bonds"), and on a parity as to the lien on net revenues with the Sewer Revenue Bonds, Series 1990 B, of the Issuer dated November 14, 1990 (the "Series 1990 B Bonds"). The Series 1991A Bonds are on a parity with the Series 1990 A Bonds and the Series 1990 C Bonds as to the lien on net revenues. The Series 1991A Bonds and the Series 1991B Bonds are collectively herein referred to as the "Bonds."

7. The Series 1991A Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the public sewerage system or public sewerage facilities of the Issuer, existing or being acquired and constructed on the date of this certificate (the "Project"); (ii) paying the interest on the Series 1991A Bonds during construction of the Project and for not more than 6 months thereafter; and (iii) paying costs of issuance thereof. The Series 1991B Bonds are being delivered simultaneously with the delivery of this certificate and are issued for the purpose of (i) paying a portion of the costs of acquisition and construction of the Project; and (ii) paying costs of issuance of the Series 1991B Bonds.

8. The Issuer will, within 30 days following the delivery of the Bonds, enter into agreements which require the Issuer to expend in excess of $100,000 on the Project, constituting a substantial binding commitment, or has already done so. Acquisition and construction of the Project will commence immediately or has commenced and will proceed with due diligence to completion, and, with the

exception of proceeds constituting capitalized interest and any proceeds deposited in the respective Reserve Accounts for the Bonds, all of the proceeds from the sale of the Bonds, together with any investment earnings thereon, will be expended for payment of Costs of the Project on or before December, 1991, except as otherwise required for rebate to the United States under Section 148(f) of the Code. Acquisition and construction of the Project is expected to be completed by June, 1992.

9. The total cost of the Project (including all costs of issuance of the Bonds) is estimated at $1,178,690. Sources and uses of funds for the Project are as follows:

Gross proceeds of Series 1991A Bonds	$ 275,806

The amount of Project costs not expected to be reimbursed or paid from grants, contributions, contingency moneys, transfers, estimated investment earnings and Series 1991B Bond proceeds is estimated to be at least equal to the gross proceeds of the Series 1991A Bonds. Except for the proceeds of the Series 1991A Bonds, the Series 1991B Bonds, the grants, contributions, contingency moneys, transfers and interest earnings during construction (to the extent not required for rebate to the United States under Section 148(f) of the Code), no other funds of the Issuer will be available to meet costs of the Project, and no balances are available to meet such costs in any account which may, without legislative or judicial action, be invaded to pay such expenditures without a legislative, judicial or contractual requirement that such account be reimbursed.

10. Pursuant to Article V of the Bond and Notes Resolution pursuant to which the Bonds are issued, the following special funds or accounts have been created or continued:

(1) Revenue Fund (continued);

(2) Series 1990 C Bonds Reserve Account (continued);

(3) Renewal and Replacement Fund (continued);

(4) Bond Construction Trust Fund;

(5) Series 1990 A Bonds Sinking Fund, and within the Series 1990 A Bonds Sinking Fund, the Series 1990 A Bonds Reserve Account (continued);

(6) Series 1990 B Bonds Sinking Fund, and within the Series 1990 B Bonds Sinking Fund, the Series 1990 B Bonds Reserve Account (continued);

(7) Series 1991A Bonds Sinking Fund, and within the Series 1991A Bonds Sinking Fund, the Series 1991A Bonds Reserve Account;

(8) Series 1991B Bonds Sinking Fund, and within the Series 1991B Bonds Sinking Fund, the Series 1991B Bonds Reserve Account;

(9) 1991 Rebate Fund; and

(10) Rebate Fund (continued).

11. Pursuant to Article VI of the Bond and Notes Resolution pursuant to which the Bonds are issued, the proceeds of the Series 1991A Bonds (and the Series 1991B Bonds) will be deposited as follows:

(1) Series 1991A Bond proceeds in the amount of $21,370 will be deposited in the Series 1991A Bonds Sinking Fund as capitalized interest and applied to payment of interest on the Series 1991A Bonds during construction of the Project and for a period not to exceed six months following completion thereof.

(2) Series 1991A Bond proceeds in the amount of $-0- and Series 1991B Bond proceeds in the amount of $-0- will be deposited in the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account, respectively.

(3) Series 1991A Bond proceeds in the amount of $-0- will be applied to payment of certain advances made to the Issuer for the purpose of temporarily financing a portion of the Costs of the Project.

(4) The balance of the proceeds of the Series 1991A Bonds and the Series 1991B Bonds will be deposited in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project, including costs of issuance of the Bonds and related costs.

Amounts in the Bond Construction Trust Fund, if invested, will be invested without yield limitation for a period necessary to complete the Project, not to exceed 3 years, except as otherwise set forth herein. All of such moneys are necessary for such purpose.

None of the proceeds of the Bonds will be used to reimburse the Issuer for costs of the Project previously incurred and paid by the Issuer with its own or other funds.

12. Moneys held in the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund will be used solely to pay principal of and interest on the Series 1991A Bonds and the Series 1991B Bonds, respectively, and will not be available to meet costs of acquisition and construction of the Project. Except to the extent transferred to the 1991 Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1991A Bonds Sinking Fund and Series 1991A Bonds Reserve Account and the Series 1991B Bonds Sinking Fund and the Series 1991B Bonds Reserve Account will be returned, not less than once each year, to the Issuer, and such amounts shall, during construction of the Project, be

deposited into the Bond Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds, and then to the next ensuing principal payments due thereon.

13. Except for the Series 1991A Bonds Sinking Fund and the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Sinking Fund and the Series 1991B Bonds Reserve Account, there are no other funds or accounts established or held by the Issuer which are reasonably expected to be used to pay debt service on the Series 1991A Bonds or the Series 1991B Bonds, respectively, or which are pledged as collateral for the Series 1991A Bonds or the Series 1991B Bonds and for which there is a reasonable assurance that amounts therein will be available to pay debt service on the Series 1991A Bonds or the Series 1991B Bonds, if the Issuer encounters financial difficulties. The Issuer does not expect that moneys in the Series 1990 A Bonds Sinking Fund, the Series 1990 A Bonds Reserve Account, the Series 1990 C Bonds Reserve Account, the Series 1990 B Bonds Sinking Fund, the Series 1990 B Bonds Reserve Account, the Rebate Fund, the 1991 Rebate Fund or the Renewal and Replacement Fund will be used or needed for payments upon the Series 1991A Bonds or Series 1991B Bonds. Except as provided herein, no funds which have been or will be used to acquire directly or indirectly securities, obligations, annuity contracts, investment-type property, any residential rental property for family units which is not located within the jurisdiction of the Issuer and which is not acquired to implement a court ordered or approved designation plan or other investment property producing a yield in excess of the yield on the Bonds have been or will be pledged to payment of the Bonds. None of the moneys received from the sale of the Series 1991A Bonds will be deposited in the Series 1991A Bonds Reserve Account or any other reserve or replacement fund, and none of the moneys received from the sale of the Series 1991B Bonds will be deposited in the Series 1991B Bonds Reserve Account or any other reserve or replacement fund. The amounts deposited in the Series 1991A Bonds Reserve Account and Series 1991B Bonds Reserve Account from time to time by the Issuer will not exceed the maximum annual principal of and interest on the Series 1991A Bonds and the Series 1991B Bonds, respectively, and will not exceed 125% of average annual principal of and interest on the Series 1991A Bonds and the Series 1991B Bonds, respectively. Amounts in the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account, not to exceed 10% of the proceeds of the Series 1991A Bonds and the Series 1991B Bonds, respectively, if invested, will be invested without yield limitation. The establishment of the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account are required by the Authority, are vital to its purchase of the Series 1991A Bonds and the Series 1991B Bonds, respectively, and are

reasonably required to assure payments of debt service on the Series 1991A Bonds and the Series 1991B Bonds, respectively.

Because amounts in the 1991 Rebate Fund and the Renewal and Replacement Fund may be expended for other purposes, there is no reasonable assurance that any such amounts would be available to meet debt service if the Issuer encounters financial difficulties; thus, such amounts may be invested without yield limitation.

14. The Issuer expects to enter into a contract within 6 months of the date hereof, or has already entered into such a contract, for the construction of the Project, and the amount to be expended pursuant to such contract exceeds the lesser of 2 1/2% of the estimated Project cost financed with proceeds from the sale of the Bonds or $100,000.

15. Work with respect to the acquisition and construction of the Project will proceed with due diligence to completion. Acquisition and construction is expected to be completed within 8 months.

16. Except for a reasonable temporary period until such proceeds are needed for the purpose for which such issue was issued or as otherwise allowed, no portion of the proceeds of the Bonds will be used, directly or indirectly, to acquire higher yielding investments, or to replace funds which were used, directly or indirectly, to acquire higher yielding investments, all within the meaning of Section 148 of the Code.

17. The Issuer will comply with the provisions of the Code, for which the effective date precedes the date of delivery of its Series 1991A Bonds and Series 1991B Bonds to the Authority.

18. The Issuer does not expect to sell or otherwise dispose of the Project in whole or in part prior to the last maturity date of the Bonds.

19. With the exception of the amount deposited in the Series 1991A Bonds Sinking Fund for payment of interest on the Series 1991A Bonds and amounts deposited in the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account, if any, all of the proceeds of the Series 1991A Bonds and the Series 1991B Bonds will be expended on the Project within less than one month from the date of issuance thereof.

20. The Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund (other than the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account therein)

are intended primarily to achieve a proper matching of payments of debt service on the Series 1991A Bonds and the Series 1991B Bonds, respectively, each year. The Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund (other than the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account therein) will be depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1/12th of annual debt service on the Series 1991A Bonds and the Series 1991B Bonds, respectively, or 1 year's interest earnings on the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund (other than the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account therein), respectively. Except as otherwise allowed, any money deposited in the Series 1991A Bonds Sinking Fund and in the Series 1991B Bonds Sinking Fund for payment of the principal of or interest on the Series 1991A Bonds and the Series 1991B Bonds, respectively (other than the Series 1991A Bonds Reserve Account and the Series 1991B Bonds Reserve Account therein), will be spent within a 13-month period beginning on the date of receipt and will be invested without yield limitation, and any moneys received from the investment of amounts held in the Series 1991A Bonds Sinking Fund and the Series 1991B Bonds Sinking Fund (other than in the Series 1991A Reserve Account and the Series 1991B Bonds Reserve Account therein) will be spent within a 1-year period beginning on the date of receipt.

21. All the proceeds of the Series 1991A Bonds which were used for the payment of costs of the Project will be expended for such purposes within three years of August 27, 1991.

22. The amount designated as cost of issuance of the Bonds consists only of costs which are directly related to and necessary for the issuance of the Bonds.

23. All property financed with the proceeds of the Bonds will be held for federal income tax purposes by (or on behalf of) a qualified governmental unit.

24. The Issuer shall file Form 8038-G in a timely fashion with the Internal Revenue Service Center, Philadelphia, Pennsylvania 19255.

25. No more than 10% of the proceeds of the Bonds will be used (directly or indirectly) in any trade or business carried on by, and less than 5% of the proceeds of Bonds or $5,000,000 have been or will be used to make or finance loans to, any person who is not a governmental unit.

26. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issues, except to the extent such proceeds are required for rebate to the United States.

27. The Issuer shall use the Bond proceeds solely for the Project, and the Project will be operated solely for a public purpose as a local governmental activity of the Issuer.

28. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of any of the Bonds from treatment afforded by Section 103(a) of the Code by reason of classification of any of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions and refrain from taking such actions as shall be necessary to comply with the Code and the Treasury Regulations promulgated or to be promulgated thereunder in order to assure that the interest on the Series 1991A Bonds is excluded from gross income for federal income tax purposes.

29. The Bonds are not, and will not be, in whole or part, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

30. The Issuer will rebate to the United States the amount, if any, required by the Code and take all steps necessary to make such rebates. In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1991A Bonds from gross income for federal income tax purposes.

31. The Issuer shall comply with the yield restriction on Bond proceeds as set forth in the Code.

32. The Issuer has either (a) funded the Series 1991A Bonds Reserve Account at the maximum amount of principal and interest which will mature and become due on the Series 1991A Bonds in the then current or any succeeding year with the proceeds of the Series 1991A Bonds, or (b) created the Series 1991A Bonds Reserve Account which will be funded with equal payments made on a monthly basis over a 10-year period until such Series 1991A Bonds Reserve Account holds an amount equal to the maximum amount of principal and interest which will mature and become due on the Series 1991A Bonds in the then current or any succeeding year. Moneys in the Series 1991A Bonds Reserve Account and the local sinking fund (established for the annual payment of principal and interest) will be used solely to pay

principal of and interest on the Series 1991A Bonds and will not be available to meet the cost of the Project.

33. The Issuer shall submit to the Authority within 15 days following the end of each bond year a certified copy of its rebate calculation and a certificate with respect thereto or, if the Issuer qualifies for the small governmental issuer exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge during the bond year which would make the Bonds subject to rebate. The Issuer covenants and agrees to comply with the rebate requirements of the Code if not exempted therefrom, and with all other requirements of the Code necessary, proper or desirable to maintain the tax-exempt status of the Bonds and any interest thereon.

34. The Issuer has retained the right to amend its authorizing documents if such amendment is necessary to assure compliance with Section 148(f) of the Code relating to rebate requirements or otherwise as may be necessary to assure the exclusion from gross income for federal income tax purposes of interest on the Series 1991A Bonds.

35. There are no other obligations of the Issuer which (a) are to be issued at substantially the same time as the Bonds, (b) are to be sold pursuant to a common plan of financing together with any of the Bonds and (c) will be paid out of substantially the same sources of funds or will have substantially the same claim to be paid out of substantially the same source of funds as any of the Bonds.

36. The Issuer has covenanted to comply with all Regulations from time to time in effect and applicable to the Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and has covenanted to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of the Bond and Notes Resolution authorizing issuance of the Bonds.

The Issuer has further covenanted to calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the 1991 Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the 1991 Rebate Fund to equal the sum determined to be subject to rebate to the United States, which shall be paid from investment earnings on the underlying fund or

account established (or, if and where applicable, continued) under the Bonds and Notes Resolution and on which such rebatable arbitrage was earned or from other lawfully available sources. The Issuer has further covenanted pay, or cause to be paid, to the United States, from the 1991 Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be in time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the 1991 Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

37. The Bonds are a fixed yield issue. No interest or other amount payable on any of the Bonds (other than in the event of an unanticipated contingency) is determined by reference to (or by reference to an index that reflects) market interest rates or stock or commodity prices after the date of issue.

38. None of the Bonds has a yield-to-maturity more than one-fourth of one percent higher than the yield on the Bond determined by assuming the Bond is retired on the date that when used in computing the yield on the Bond produces the lowest yield.

39. No portion of the proceeds of the Bonds will be used, directly or indirectly, to replace funds which were used, directly or indirectly, to acquire higher yielding investments, all within the meaning of Section 148 of the Code.

40. The transactions contemplated herein do not represent an exploitation of the difference between taxable and tax-exempt interest rates and the execution and delivery of the Bonds is not occurring sooner than otherwise necessary, nor are the Bonds in principal amounts greater than otherwise necessary or to be outstanding longer than otherwise necessary.

41. On the basis of the foregoing, it is not expected that the proceeds of any of the Bonds will be used in a manner that would cause any of the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code.

42. To the best of my knowledge, information and belief, there are no other facts, estimates and circumstances which would materially change the expectations herein expressed.

43. Steptoe & Johnson is entitled to rely upon the representations, expectations, covenants, certifications and statements contained herein in rendering its opinions regarding the tax-exempt status of interest on the Series 1991A Bonds.

44. To the best of my knowledge, information and belief, the foregoing expectations are reasonable.

IN WITNESS WHEREOF, I have set my hand this 15th day of November, 1991.

Re: Flatwoods-Canoe Run Public Service District
Sewer Revenue Bonds,
Series 1991A and Series 1991B

Ladies and Gentlemen:

Based upon the rates and charges as set forth in the Final Order of the Public Service Commission of West Virginia, entered July 9, 1991, and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Kelley, Gidley, Blair & Wolfe, Inc., consulting engineers, it is our opinion that (i) such rates and charges will be sufficient to provide revenues which, together with other revenues of the sewerage system of Flatwoods-Canoe Run Public Service District (the "Issuer"), will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Sewer Revenue Bonds, Series 1991A and Series 1991B, to be issued to the West Virginia Water Development Authority and all other obligations secured by or payable from the revenues of the System prior to or on a parity with such Bonds, including, without limitation, the Issuer's Sewer Revenue Bonds, Series 1990 A, Series 1990 B and Series 1990 C, all dated November 14, 1990; (ii) the Issuer will have sufficient revenues to make all payments required by the resolution authorizing issuance of the Sewer Revenue Bonds, Series 1991A and Series 1991B, all as such terms are defined in such resolution; and (iii) the requirements for issuance of bonds on a parity with the 1990 A Bonds, the Series 1990 B Bonds and the Series 1990 C Bonds (collectively, the "Prior Bonds") set forth in the resolution or resolutions authorizing the Prior Bonds have been met or waived.

Respectfully,
