Re: Town of Harrisville Sanitary Board

Ladies and Gentlemen:

I am writing as counsel to the Town of Harrisville in regard to the membership makeup of the Town of Harrisville Sanitary Board. Chapter 16, Article 13, Section 18, of the W.Va. Code sets forth that during the construction period one of the members of the Sanitary Board must be a registered professional engineer.

The Statute goes on to say that after the construction of the plant has been completed, the engineer member may be succeeded by a person not an engineer.

Due to the fact that the sewer plant for the Town of Harrisville has been completed, it is my opinion that the requirement for a registered professional engineer to be a member of the Sanitary Board is no longer necessary under the statute.

Sincerely,

Ira M. Haught, Esquire

Section 1.03. Findings. It is hereby found, determined and declared that:

A. The Issuer is a municipal corporation and political subdivision of the State of West Virginia in Ritchie County of said State. The Issuer presently owns and operates a public sewerage system. However, the Issuer deems it necessary and desirable for the health, welfare and safety of the inhabitants of the Issuer that there be acquired and constructed the Project, in accordance with the plans and specifications prepared by the Consulting Engineer, which plans and specifications have heretofore been approved by the Government and the Issuer.

B. In accordance with Section 2 of the Act, the System is under the supervision and control of the Sanitary Board of the Issuer (the "Sanitary Board").

C. The Sanitary Board has presented a petition to the Issuer for the design, acquisition and construction of the Project, the enactment of this Ordinance and the issuance of the Series 2013 Bonds.

D. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the Government.

E. The estimated maximum cost of acquisition and construction of the Project is $3,517,000, of which $2,174,000 will be obtained from the Series 2013 Bonds and $1,343,000 will be obtained from a grant from the Government.

F. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest on the Prior Bonds and the Series 2013 Bonds and to make payments into all funds and accounts provided for in this Ordinance and the Prior Ordinances.

G. It is deemed necessary for the Issuer to issue the Series 2013 A Bonds in the aggregate principal amount of not more than $102,000 and the Series 2013 B Bonds in the aggregate principle amount of not more than $2,072,000 to permanently finance a portion of the costs of acquisition and construction of the Project. Such costs shall be deemed to include the cost of acquisition or construction of any public service properties and any improvements and extensions thereto, the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest on the Series 2013 Bonds prior to and during acquisition or construction and for six months after completion of acquisition or construction of the Project; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense and such other expenses as may be necessary or incident to the financing herein authorized, the acquisition or construction of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided that, reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2013 Bonds or the repayment of the indebtedness incurred by the Issuer for such purposes shall be deemed part of the Cost of the Project.

H. The Series 2013 Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Issuer has met the parity and coverage requirements of the Prior Bonds and the Prior Ordinances and has substantially complied with all other parity

requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature. Prior to the issuance of the Series 2013 Bonds, the Issuer will obtain (1) the certificate of an Independent Certified Public Accountant stating that the parity and coverage tests of the Prior Bonds have been met; and (2) the written consent of the Registered Owners of the Prior Bonds to the issuance of the Series 2013 Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

I. The period of usefulness of the System after completion of the Project is not less than 40 years.

J. It is in the best interests of the Issuer that the Series 2013 Bonds be sold to the Government pursuant to the terms and provisions of the Letter of Conditions.

K. The Issuer has complied with all requirements of West Virginia law and the Letter of Conditions relating to authorization of the acquisition, construction and operation of the Project and issuance of the Series 2013 Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the United States Department of Agriculture and the obtaining of the PSC Order, the time for rehearing and appeal of which has expired or will have been waived prior to the issuance of the Series 2013 Bonds.

Section 1.04. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2013 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 2013 Bonds, all which shall be of equal rank and without preference, priority or distinction between any one Bond of a series and any other Bonds of the same series, by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND SALE OF BONDS

Section 3.01. Authorization of Bonds. For the purposes of paying a portion of the costs of the Project and paying the costs of issuance of the Series 2013 Bonds and related costs, there shall be and hereby are authorized to be issued negotiable Series 2013 Bonds of the Issuer. The Series 2013 A Bonds shall be issued in two series designated respectively as "Sewer Revenue Bonds, Series 2013 A (United States Department of Agriculture)," in the aggregate principle amount of not more than $102,000 and the "Sewer Revenue Bonds, Series 2013 B (United States Department of Agriculture)," in the aggregate principal amount of not more than $2,072,000, and shall have such terms as set forth hereinafter and in the Supplemental Resolution.

Section 3.02. Terms of Bonds. The Series 2013 Bonds shall be issued in such principal amounts; shall bear interest at such rate or rates, not exceeding the legal maximum rate, payable monthly on such dates, shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in the Supplemental Resolution or as specifically provided in the Series 2013 Bonds.

Section 3.03. Execution of Bonds. The Series 2013 Bonds shall be executed in the name of the Issuer by the manual or facsimile signature of the Mayor, and the seal of the Issuer shall be impressed thereon and attested by the manual or facsimile signature of the Recorder. In case any one or more of the officers who shall have signed or sealed the Series 2013 Bonds shall cease to be such officer of the Issuer before the Series 2013 Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2013 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2013 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further

be conclusively deemed to have agreed that such Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2013 Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Series 2013 Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto, together with a written instrument of transfer satisfactory to the Bond Registrar, duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2013 Bonds or transferring the registered Series 2013 Bonds is exercised, all such Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All such Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of such Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on such Bonds or, in the case of any proposed redemption of such Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2013 Bonds shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.06. Bonds not to be Indebtedness of the Issuer. The Series 2013 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided on a parity with the Prior Bonds. No Holder or Holders of such Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay such Bonds or the interest, if any, thereon.

Section 3.07. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2013 Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System on a parity with the lien of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest, if any, on and other payments for the Series 2013 Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.08. Form of Bonds. The text of the Series 2013 Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT WITH THE ISSUER'S SEWER REVENUE BONDS, SERIES 1990 (UNITED STATES DEPARTMENT OF AGRICULTURE) DATED APRIL 17, 1990, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF $618,000, THE SEWER REVENUE BONDS, SERIES 2001 A (WEST VIRGINIA SRF PROGRAM), DATED APRIL 11, 2001, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF $638,000, SEWER REVENUE BONDS, SERIES 2008 A (UNITED STATES DEPARTMENT OF AGRICULTURE), DATED NOVEMBER 20, 2008, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF $450,000 (THE "PRIOR BONDS") AND THE SEWER REVENUE BONDS, SERIES 2013 B (UNITED STATES DEPARTMENT OF

AGRICULTURE), IN THE AMOUNT OF $2,072,000 ISSUED SIMULTANEOUSLY HEREWITH (THE "SERIES 2013 B BONDS").

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the System, on a parity with the pledge of Net Revenues in favor of the registered owners of the Prior Bonds and the Series 2013 B Bonds, and from moneys in the Series 2013 A Reserve Account created under the Bond Legislation for this Bond and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2013 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates or charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal and interest on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Series 2013 Bonds; provided however, that so long as there exists in the Series 2013 A Bonds Reserve Account and in the reserve accounts for the Prior Bonds and the Series 2013 B Bonds, an amount equal to the maximum amount of principal and interest which will become due on this Bond in any year, and in the respective reserve accounts for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2013 B Bonds, an amount equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth in the Bond Legislation, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Recorder of the Issuer, as registrar (the "Registrar"), which shall be kept for that purpose at the office of the Registrar, by the Registered Owner or by its attorney or legal representative duly authorized in writing, upon surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney or legal representative duly authorized in writing.

Subject to the registration requirements in the Bond Legislation, this Bond under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the acquisition and construction of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

The Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for such purposes and periods of time.

If at any time it so appears to the Government that the Issuer may be able to obtain a loan from a responsible cooperative or private creditor at reasonable rates and terms for loans for such purposes and period of time, the Issuer will at the Government's request apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to the Issuer made or insured by the Government pursuant to the Rural Development Act of 1972. This Bond shall be subject to the present regulations of the Government and its future regulations not inconsistent with the express provisions hereof.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Bond Legislation, resolutions, and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security therefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government. The Issuer has granted to the Government a lien on the proceeds of this Bond until such proceeds are expended for authorized purposes.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2013 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Registered Owner of the Series 2013 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2013 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2013 Bonds shall be secured by a first lien on the Net Revenues on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Prior Bonds and the Series 2013 Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation and the Prior Ordinances are hereby irrevocably pledged, in the manner provided herein and therein, to such payments as the same become due, and for the other purposes provided in this Bond Legislation and the Prior Ordinances.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by state law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of this Ordinance and the Prior Ordinances. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the sewer rate ordinance of the Issuer enacted on July 9, 2013.

So long as the Series 2013 Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2013 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Ordinance.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except in accordance with the terms of the Prior Ordinances. So long as the Series 2013 Bonds are Outstanding and except as otherwise required by law or with the written consent of the Government, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2013 Bonds, immediately be remitted to the Government for payment of principal of and interest on the Series 2013 Bonds. Any balance, remaining after the payment of principal of and interest on the Series 2013 Bonds, shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so

advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Ordinance.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Registered Owners of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as the Series 2013 Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2013 Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.07 hereof and in the Prior Ordinances (so long as the Prior Bonds are Outstanding). All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2013 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein and in the Prior Ordinances have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the liens of the Series 2013Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2013 Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. So long as the Prior Bonds are Outstanding, no Parity Bonds shall be issued except in accordance with the terms of the Prior Ordinances. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued

after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner provided herein and with the prior written consent of the Government.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Prior Bonds and the Series 2013 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition or construction of extensions or improvements to the System or refunding any Bonds Outstanding, or both such purposes.

So long as the Series 2013 Bonds are Outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Registered Owners of the Series 2013 Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the three succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Recorder prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Series 2013 Bonds and the Registered Owners of any Parity Bonds issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the

conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2013 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Government and its duly authorized agents and representatives to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination, and the Issuer shall submit to the Government such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Government and its agents and representatives to inspect all records pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Series 2013 Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body.

The Issuer shall provide the Government each year or any Registered Owner of the Series 2013 Bonds requesting the same, with an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto) and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2013 Bonds and shall submit said report to the Government. Such audit report submitted to the Government shall include a statement that the Issuer is in compliance with the terms and provisions of the Act and this Ordinance and that the Gross Revenues are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Letter of Conditions and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Government and its agents and representatives to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Government and its agents and representatives with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Government with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to issuance of the Series 2013 Bonds, approvals of equitable rates or charges for the use of and service rendered by the System shall have been obtained in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reductions in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2013 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2013 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Series 2013 Bonds Reserve Account and the Reserve Accounts for obligations on a parity with the Series 2013 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2013 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2013 Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget. The Issuer shall annually, at least 30 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Government within 30 days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made, except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing

increased expenditures for operation and maintenance to the Government and to any Registered Owner of the Series 2013 Bonds who shall file his address with the Issuer within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Government and any Registered Owner of the Series 2013 Bonds or anyone acting for and on behalf of such Registered Owner.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain the certificate of the Consulting Engineers, certifying that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Government, the Project will be adequate for the purposes for which it was designed, the funding plan as submitted to the Government is sufficient to pay the costs of the acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained. The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Government, covering the supervision and inspection of the development and construction of the Project. The Issuer shall employ qualified operating personnel properly certified by the State to operate the System so long as the Series 2013 Bonds are Outstanding.

Section 7.12. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals, or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent, to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State.

Whenever any fees, rates, rentals or other charges for the services or facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, fees, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations of the PSC, discontinue and shut off the services of the System to all delinquent users of the services of the System, and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest

and penalty charges for the restoration of service, have been fully paid, and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. The Issuer hereby covenants and agrees that, so long as the Series 2013 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(A) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured prior to acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground insurable portions of the System, including machinery and equipment housed therein, in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(B) Public Liability Insurance, with limits of not less than $1,000,000 for personal liability to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 from claims for damage to property of others which may arise from the operation of the System.

(C) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not

owned by the Issuer is operated for the benefit of the Issuer, with limits of not less than $1,000,000 for personal liability to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 from claims for damage to property of others which may arise from such operation of vehicles.

(D) Workers' Compensation Coverage for All Employees of the System Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each contractor dealing directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with Chapter 38, Article 2, Section 39 of the Code of West Virginia, 1931, as amended.

(E) Fidelity Bonds will be provided as to every member, officer and employee of the Issuer having custody of the Revenue Fund or of any other funds or property of the System in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount required by the Government and to be increased thereafter as necessary to cover the maximum amount of funds under control of that position at any one time.

(F) Flood Insurance will be obtained by the Issuer if available; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(G) Construction Bonds. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the PSC, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the PSC and other state agencies necessary for the acquisition and construction of the Project and the operation of the System and all approvals for the issuance of the Series 2013 Bonds required by state law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Registered Owners of the Series 2013A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, and shall take effect immediately upon delivery of the Series 2013 Bonds; provided however, that the statutory mortgage lien in favor of the Registered Owners of the Series 2013 Bonds shall be on a parity with the statutory mortgage lien in favor of the Registered Owners of the Prior Bonds.

Section 7.19. Compliance with Letter of Conditions and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Letter of Conditions, this Bond Legislation and the Act. The Issuer shall also comply with all applicable laws, rules and regulations issued by the Government or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.20. Contracts. The Issuer shall, simultaneously with the delivery of the Series 2013 Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investment of Funds. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission or the Depository Bank, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the owner, including the value of accrued interest and giving effect to the amortization of discount or at par if such investment is held in the AConsolidated Fund. The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this Section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2013 Bonds are Outstanding.

Notwithstanding the foregoing, any investments made pursuant to this Bond Legislation shall comply with the guidelines of the Government.

ARTICLE IX

DEFAULTS AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2013 Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on any Series 2013 Bonds; or

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2013 Bonds set forth in this Bond Legislation, any Supplemental Resolution or the Series 2013 Bonds and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Government, the Depository Bank, the Bond Registrar, any Paying Agent or a Registered Owner of a Bond; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If a default occurs under the Prior Ordinances or the Prior Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of the Series 2013 Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2013 Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2013 Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2013 Bonds, or the rights of such Registered Owners; provided however, that all rights and remedies of the Registered Owners of the Series 2013 Bonds shall be on a parity with those of the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of the Series 2013 Bonds may, by proper legal action, compel the performance of the duties of the Issuer under this Bond Legislation and the Act, including, the completion of the

Project, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default, with respect to the Bonds, the Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and any interest thereon and the deposits into the funds and accounts herein provided and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate and maintain, manage and control the System, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to the System as the Issuer itself might do.

Upon any subsequent Event of Default, any Registered Owner of Bonds issued pursuant to this Bond Legislation shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers herein above conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of Bonds issued pursuant to this Bond Legislation. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or

character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and Registered Owners, and the curing and making good of any default under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage, or otherwise dispose of any assets of the System.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security therefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2013 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates or charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal and interest on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Series 2013 B Bonds; provided however, that so long as there exists in the Series 2013 A Bonds Reserve Account and in the reserve accounts for the Prior Bonds and the Series 2013 B Bonds, an amount equal to the maximum amount of principal and interest which will become due on this Bond in any year, and in the respective reserve accounts for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2013 B Bonds, an amount equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth in the Bond Legislation, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Recorder of the Issuer, as registrar (the "Registrar"), which shall be kept for that purpose at the office of the Registrar, by the Registered Owner or by its attorney or legal representative duly authorized in writing, upon surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney or legal representative duly authorized in writing.

SPECIMEN

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the acquisition and construction of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

The Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for such purposes and periods of time.

If at any time it so appears to the Government that the Issuer may be able to obtain a loan from a responsible cooperative or private creditor at reasonable rates and terms for loans for such purposes and period of time, the Issuer will at the Government's request apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to the Issuer made or insured by the Government pursuant to the Rural Development Act of 1972. This Bond shall be subject to the present regulations of the Government and its future regulations not inconsistent with the express provisions hereof.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

No. BR-1 $2,072,000

FOR VALUE RECEIVED, on this 13th day of December 2013, the TOWN OF HARRISVILLE, a municipal corporation and political subdivision of the State of West Virginia in Ritchie County of said State (the "Issuer"), promises to pay to the order of the UNITED STATES OF AMERICA (the "Government"), at its National Finance Office, 1520 Market Street, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, and in the manner provided below, the principal sum of TWO MILLION SEVENTY-TWO THOUSAND DOLLARS ($2,072,000), or such lesser amount as is set forth on the Record of Advances attached hereto and incorporated herein by reference, plus interest on the unpaid principal balance at the rate of 2.50% per annum.

The principal of and interest on this Bond shall be paid in the following installments on the following dates: Monthly installments of interest only on the amounts advanced hereunder, commencing 30 days following the date of delivery of this Bond and continuing on the corresponding day of each month thereafter for the first 24 months after the date hereof, and thereafter, on the corresponding day of each month in installments of principal and interest in the aggregate amount of $7,045.00, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof and except that prepayments may be made as provided below. This consideration shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to the Issuer as requested by the Issuer and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

SPECIMEN

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security therefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government. The Issuer has granted to the Government a lien on the proceeds of this Bond until such proceeds are expended for authorized purposes.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements and extensions thereto are herein called the "System." Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. Section 3.09. Sale of the Original Bonds. The Original Bonds shall be sold to the Original Bond Purchaser pursuant to the terms and conditions of the Letter of Conditions. The provisions of the Letter of Conditions are specifically incorporated in this Ordinance.

ARTICLE IV

SYSTEM REVENUES AND APPLICATION THEREOF

Section 4.01. System Revenues and Application Thereof. So long as the Bonds shall be outstanding and unpaid, the Town covenants with the Bondholders as follows:

A. Establishment of Revenue Fund and Disposition of System Revenues. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Ordinance and shall be kept separate and distinct from all other funds of the Town and the Depository Bank and used only for the purposes and in the manner herein provided. All revenues at any time remain on deposit and the Revenue Fund shall be disposed of only in the following manner in order of priorities.

(1) From the Revenue Fund, the Town shall first each month pay the current Operating Expenses of the System.

(2) Next from the moneys in the Revenue Fund, the Town shall on the first day of each month, commencing on the first day of the month following the month of delivery of the Original Bonds or the first day of the month following the last month for interest was capitalized, apportion and set apart out of the Revenue Fund and remit to the office and place designated by the Original Bonds (herein called the "Sinking Fund") the monthly payment of interest or of principal and interest set forth in the Supplemental Resolution or such lesser amount as is evidenced by the Record of Advances and Payments attached to the Bonds as set forth in the Original Bonds form hereinabove set forth, such amount or amounts being the amount required to pay the interest on the Original Bonds and to amortize the principal of the Original Bonds over the life of the Original Bonds; provided however, that the deposits to the Sinking Fund constitute actual payments of principal and interest. The amounts required for principal and interest payments on the bonds issued hereunder other than the Original Bonds shall be deposited in a sinking fund created by supplemental resolution.

The Town shall next transfer from the Revenue Fund and deposit in a Reserve Account at the Commission, or in the case of bonds other than the Original bonds, in the reserve account in the Sinking Fund or otherwise as designated by Supplemental Resolution, on the first day of each month of each year, beginning with and including the month in which payments from the Revenue Fund for interest are commenced, an amount equal to one tenth ($\frac{1}{10}$) of the amount deposited into the Sinking

Fund, as set forth above: Provided, however, that no further payments shall be made into said Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the maximum amount of principal and interest which will mature and become due on said Bonds in any succeeding Fiscal Year.

Moneys in the Reserve Account shall be used only for the purpose of payment of maturing principal of or interest on the Bonds when moneys in the Revenue Fund or, in the case of bonds other than the Original Bonds, the funds in the Sinking Fund created by Supplemental Resolution are insufficient therefor and for no other purposes.

Any withdrawals from the Reserve Account shall be subsequently restored from the first revenue available after all required payment to the Sinking Fund and Reserve Account, including any deficiencies for prior payments, have been made in full.

As and when additional bonds ranking on a parity with the Original Bonds are issued, provision shall be made by Supplemental Resolution for additional payments sufficient to pay the interest on such additional parity bonds and to accomplish retirement thereof at or before maturity and to accumulate a balance in the Reserve Account in an amount equal to the maximum provided and required to be paid in principal and interest in any succeeding year for account of all the Bonds.

(3) Thereafter, from the moneys remaining in said Revenue Fund, the Town shall next, on the first day of each month commencing with the first month in which interest shall be payable from the Revenue Fund, remit to the Depository Bank for deposit in a special account to be designated the "Depreciation Account," which account is hereby established and created, a sum equal to $416.66 ($5,000 per year). No further payments shall be required to be made into said Depreciation Account when there shall have been deposited therein, Fifty Thousand Dollars ($50,000). All funds in said Depreciation Account shall be kept apart from all other municipal funds, and all or any part of said fund may be invested as provided by Article X. Withdrawals and disbursements may be made from said Depreciation Account for replacements, emergency repairs, additions, betterments or improvements to the System, deficiencies in the payment of principal and interest on the Bonds, or debt service on obligations not on a parity with the Bonds, the proceeds of which obligations were used to finance such additions, betterments or improvements.

(4) If all of the above required payments are then current, the Town may use any moneys remaining in the Revenue Fund for the following Purposes: (a) for prepayment of the amount, or any part thereof, of the Bonds outstanding in accordance with the terms thereof, (b) additions, betterments or replacements to the System which the Consulting Engineers certify are needed and/or (c) payments or principal and interest on subordinate sewer revenue bonds or other obligations which may hereafter be issued by the Town on account of the System.

All of the funds provided for above shall constitute trust funds and shall be used only for the purposes provided herein.

(5) The moneys in excess of the sum insured by the maximum amounts insured by the Federal Deposit Insurance Corporation in the Revenue Fund and in the Depreciation Account shall at all times be secured, to the full extent thereof in excess of such insured sum, by Government Obligations or such other obligations as shall be eligible as security for deposits or state and municipal funds under the laws of the State.

(6) If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds on the subsequent payments dates.

(7) All remittances made by the Town to the Government or to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

(8) The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE V

APPLICATION OF BOND PROCEEDS

Section 5.01. Application of Original Bond Proceeds. From the moneys received from time to time from the sale of Original Bonds, the following amounts shall be deposited as set forth below:

(A) The sum required, with other moneys available therefor, to pay interest on the Original Bonds during construction and for a period up to six months thereafter shall be deposited in the Construction Trust Fund, hereinafter created.

(B) The sum required, with other moneys available therefor, to pay the principal of and interest on the obligation incurred under the Line of Credit Agreement shall be deposited as provided in Section 5.02.

Section 5.02. Construction Trust Fund. There is hereby created with the Depository Bank a special fund to be known as the "Construction Trust Fund," which fund shall be kept separate and apart from all other funds of the Town, and shall be drawn out, used and applied by the Town solely for the payment of the costs of construction and acquisition of the Project and purposes incidental thereto, for the payment of interest on the Original Bonds during construction and for a period up to six months thereafter and for no other purposes whatsoever. All amounts received by the Town pursuant to a draw upon the Line of Credit authorized by Section 7.01 hereof shall be deposited in the Construction Trust Fund. The moneys in said fund shall be secured at all times by the deposit by such bank, as security, of Government Obligations having a fair market value at least equal to the balance in said fund in excess of the amount insured by the Federal Deposit Insurance Corporation. Any moneys not needed immediately for said purposes may, with the consent of the Consulting Engineers, be invested pursuant to Article X. If for any reason the amounts on deposit in the Construction Trust Fund are not necessary for, or are not applied to, such purposes, then such unapplied amounts shall be deposited by the Town as determined by the rules and regulations of the Government. All such proceeds shall constitute a trust fund for such purposes, and there is hereby created a lien upon such moneys, until so applied, in favor of the Holders of the Original Bonds hereby authorized.

Expenditures or disbursements by the Depository Bank from said Construction Trust Fund, except for legal, fiscal and engineering expenses and expenses in connection with the issuance and sale of the Bonds shall be made only after such

expenditures or disbursements shall have been approved in writing by the Sanitary Board, the Consulting Engineers and the Government.

ARTICLE VI

NOTES

Section 6.01. Authorization and General Terms. To the extent practicable and in order to pay certain Costs of Project pending receipt of the Grant Receipts and payment of all advances of principal of the Bonds, the Town may issue and sell its Notes in the aggregate principal amount of not to exceed $618,000. The Notes shall bear interest from the date or dates, at such rate or rates, payable on such dates and shall mature on such date or dates and be subject to such prepayment or redemption, all as provided in the Indenture and the Supplemental Resolution.

Section 6.02. Terms of and Security for Notes; Trust Indenture. The Notes shall be issued in such form, in such denominations, with such terms and secured in the manner set forth in the Indenture to be approved by a Supplemental Resolution.

Section 6.03. Notes are Special Obligations. The Notes shall be special obligations of the Town payable as to principal and interest solely from the respective sources described in the Indenture. The Notes do not and shall not constitute a corporate indebtedness of the Town within the meaning of the constitutional or statutory provisions or limitations. The general funds of the Town are not liable, and neither the full faith and credit nor the taxing power of the Town is pledged for the payment of the Notes. The Registered Owners shall never have the right to compel the forfeiture of any Property of the Town. The Notes shall not be a debt of the Town, nor a legal or equitable pledge, charge, lien or encumbrance upon any property of the Town or upon any of its income, receipts or revenues except as set forth in the Supplemental Resolution, including in the Indenture.

Section 6.04. Letters of Credit. As additional security for the Notes, the Town may obtain a letter or letters of credit from a bank or banks, pursuant to which such bank or banks would agree to pay to the Trustee, upon presentation by the Trustee of certain certificates, the sum or sums set forth therein but not to exceed $618,000 in the aggregate. In the event of a draw under any such letter of credit, the Town shall issue its refunding notes to the bank issuing such letter of credit. Any such letter of credit shall be authorized and shall have such terms as shall be set forth in the Supplemental Resolution.

ARTICLE VII

LINE OF CREDIT

Section 7.01. Authorization of Line of Credit. As an alternative method of providing funds for the acquisition and construction of the Project to the extent Grant Receipts and other funds are not available therefor and pending the receipt of advances from the Original Bond Purchaser, the Mayor of the Town is hereby authorized to arrange for a Line of Credit in an amount not to exceed $618,000. The amount and terms of the Line of Credit may be approved by a resolution supplemental hereto.

Section 7.02. Authorization of Credit Line Note. For the purpose of evidencing any draw upon the Line of Credit and thus, of financing a portion of the cost of acquisition and construction of the Project, there may be issued the Credit Line Note of the Town in an amount and upon such terms as set forth in a resolution supplemental hereto. The Credit Line Note may be issued in single, fully registered form and dated as of the date of delivery thereof. There shall be attached to the Credit Line Note a Record of Advances and Payments, upon which the date and principal amount of any draw upon the Line of Credit, the date and amount of any payment of principal of the Credit Line Note and the amount of the Credit Line Note outstanding after either of said transactions shall be recorded. Anything to the contrary herein, in the Line of Credit Agreement or therein notwithstanding, the Credit Line Note shall evidence only the outstanding indebtedness recorded on the Record of Advances and Payments attached thereto, and interest shall accrue only on the amount if each advance from the actual date thereof as listed on said Record of Advances and Payments. Each such advance shall bear interest, payable at such times and at a rate set forth in a supplemental resolution, but not to exceed the then legally permissible limit. Interest shall cease to accrue on the amount of the Credit Line Note outstanding, or portions thereof, as the same are paid, as reflected by said Record of Advances and Payments. The Credit Line Note shall mature not more than thirty (30) months from the date thereof. The Credit Line Note shall be subject to such further terms as shall be provided by the Line of Credit Agreement. Notwithstanding the foregoing, the terms of the Credit Line Note, other than the principal amount thereof, may be modified by resolution supplemental and amendatory hereto, subject to the limits of the Act.

The Credit Line Note shall be payable as to principal upon surrender at the principal office of the Notes Registrar, in any coin or currency which on the date of payment of principal is legal tender for the payment of public and private

debts under the laws of the United States of America; provided, that any partial payment or principal prior to the final maturity of the Credit Line Note shall be recorded on the Record of Advances and Payments attached to the Credit Line Note, and the Credit Line Note shall be returned to the Registered Owner. Interest on the Credit Line Note shall be paid by check or draft mailed to the Registered Owner thereof at the address as it appears on the books of said Notes Registrar; provided, that, at the option of the Registered Owner, such payment may be made by wire transfer or such other lawful method as shall be mutually agreeable.

Section 7.03. Execution of Credit Line Note. The Credit Line Note shall be executed in the name of the Town by the signature of its Mayor, and the seal of the Town shall be impressed thereon and attested by the signature of the Town Recorder. Any Credit Line Note may be signed and sealed on behalf of the Town by such person as at the actual time of the execution of such Credit Line Note shall hold the proper office of the Town, although at the date of such Credit Line Note such person may not have held such office or may not have been so authorized.

Section 7.04. Negotiability, Transfer and Registration. Subject to the restrictions on transfer set forth below, the Credit Line Note shall be and have all of the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State, and each successive Registered Owner, in accepting the Credit Line Note, shall be conclusively deemed to have agreed that said Credit Line Note shall be incontestable in the hands of a bona fide holder for value.

So long as the Credit Line Note or any portion thereof remains Outstanding, the Notes Registrar shall keep and maintain books for the registration and transfer of the Credit Line Note. The Credit Line Note shall be transferable only upon the books of the Notes Registrar which shall be kept for that purpose at the office of the Notes Registrar (and in such capacity as paying agent) by the Registered Owner thereof in person or by its attorney duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Notes Registrar duly executed by the Registered Owner or its duly authorized attorney. Upon the transfer of the Credit Line Note, there shall be issued at the option of the Registered Owner or the transferee another Credit Line Note or Notes of the aggregate stated principal amount equal to the stated principal amount of such transferred Credit Line Note not paid as reflected on the Record of Advances and Payments attached thereto and outstanding in the aggregate principal amount equal to the advanced but unpaid amount of the

transferred Credit Line Note as reflected on the Record of Advances and Payments attached thereto.

In all cases in which the privilege of transferring the Credit Line Note is exercised, Credit Line Notes shall only be issued in accordance with the provisions of this Ordinance and the Supplemental Resolution. All Credit Line Notes surrendered in any such transfers shall forthwith be cancelled by the Notes Registrar. For every such transfer of Credit Line Notes, the Notes Registrar may make a change sufficient to reimburse its office for any tax, fee or other governmental charge required to be paid with respect to such transfer and the cost of preparing each Credit Line Note upon each transfer, and any other expenses of the Notes Registrar incurred in connection therewith, which sum or sums shall be paid by the person requesting such transfer as a condition precedent to the exercise of the privilege of making such transfer. The Notes Registrar shall not be obligated to make any such transfer of Credit Line Notes during the ten (10) days preceding an interest payment date on the Credit Line Notes or after notice of any prepayment of the Credit Line Notes have been given.

Section 7.05. Form of Credit Line Note and Line of Credit Agreement. The text of the Credit Line Note and the Line of Credit Agreement shall be in substantially the form set forth in the Supplemental Resolution. The Line of Credit Agreement shall be executed on behalf of the Town by the Mayor. The Credit Line Note shall not become valid until manually authenticated and registered by the Notes Registrar.

Section 7.06. Proceeds of Draw Under Line of Credit Agreement. The proceeds of any draw made by the Town under the Line of Credit Agreement shall be immediately deposited in the Construction Trust Fund established with the Depository Bank and expended in accordance with Section 5.02 hereof.

Section 7.07. Security for Credit Line Note. The Credit Line Note, if issued pending receipt of the proceeds of the Original Bonds, shall be secured by the advances due to the Town from the Original Bond Purchaser. To the extent not paid from such advances, the Credit Line Note shall have a lien, subordinate to the lien of the Original Bonds, on the Net Revenues of the System. As long as the Credit Line Note is outstanding, the covenants made herein with respect to the Original Bonds shall apply to the Credit Line Note.

Section 7.08. Limitation on Notes. Notwithstanding anything else herein to the contrary, the aggregate maximum amount that may be outstanding under the Notes, including the Credit Line Notes, authorized by Articles VI and VII of this Ordinance, shall not exceed $618,000.

ARTICLE VIII

ADDITIONAL COVENANTS OF THE TOWN

Section 8.01. General Covenants of the Town. All the covenants, agreements and provisions of this Ordinance shall be and constitute valid and legally binding covenants of the Town and shall be enforceable in any court of competent jurisdiction by any Registered Owner or Registered Owners of the Original Bonds and Notes. In addition to the other covenants, agreements and provisions of this Ordinance, the Town hereby covenants and agrees with the Registered Owners of the Bonds as hereinafter provided in this Article VIII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Bonds or the interest thereon is Outstanding and unpaid.

Until the payment in full of the principal of and interest on the Notes when due, the covenants, agreements and provisions contained in this Ordinance shall, where applicable, inure to the benefit of the Registered Owners of the Notes and constitute valid and legally binding covenants of the Town, enforceable in any court of competent jurisdiction by any Registered Owner or Registered Owners of said Notes.

Section 8.02. Bonds and Notes Not To Be Indebtedness of the Town. The Bonds and Notes shall not be nor constitute an indebtedness of the Town within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the Net Revenues of the System, as herein provided or from the Grant Receipts, as herein provided, or from the net proceeds of the Original Bonds, as herein provided. No Registered Owner or Registered Owners of any Bonds or Notes issued hereunder shall ever have the right to compel the exercise of the taxing power of the Town to pay said Bonds or Notes or the interest thereon.

Section 8.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of all of the Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System. The Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds herein authorized, and to make the payments into the Sinking Fund and the Reserve Accounts and all other payments provided for in this Ordinance, are hereby irrevocably pledged in the manner provided in this Ordinance, to the payment of the principal of and interest on the Bonds herein authorized as the same become due, and for the other purposes provided in this Ordinance.

Section 8.04. Rates. Prior to the issuance of the Original Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file in the office of the Recorder, each of which copies will be open to inspection by all interested parties. The rates and charges shall be effective as prescribed by the rules and regulations of the PSC. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay the Operating Expenses of the System and to make the prescribed payments into the funds and accounts created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Town hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable Operating Expenses of the System, and (ii) to leave a balance each year equal to at least 110% of the maximum amount required in any year to pay the principal of and interest on the Original Bonds and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Original Bonds.

Section 8.05. Completion, Operation and Maintenance. The Town will expeditiously complete the Project in accordance with the plans and specifications prepared by the Consulting Engineers and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of the System in the manner provided in this Ordinance.

Section 8.06. Sale of the System. So long as the Original Bonds are Outstanding, the System may be sold, transferred, mortgaged, leased or otherwise disposed of or encumbered only with the written consent of the Government, and such consent will specify the disposition of any such sale or transfer.

Section 8.07. Issuance of Other Obligations Payable out of Revenues and General Covenant Against Encumbrances. The Town shall not issue any other obligations whatsoever, except pari passu additional bonds ("Additional Bonds") provided for in Section 8.08 hereof, payable from the revenues of the System which rank prior to, or equally, as to lien on, and source of and security for payment from, such revenues with the Original

Bonds; and all obligations hereafter issued by the Town payable from the revenues of the System, except such Additional Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, and source of and security for payment from, such revenues and in all other respects, to the Original Bonds.

The Town shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Original Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Original Bonds and the interest thereon in this Ordinance, or upon the System or any part thereof, except as provided in Section 8.08.

Section 8.08. Issuance of Additional Bonds. No Additional Bonds, as in this section defined, payable out of the revenues of the System, shall be issued after the issuance of the Original Bonds pursuant hereto, except under the conditions and in the manner herein provided.

(A) No such Additional Bonds shall be issued without the written consent in advance of the Government. No such Additional Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions, additions, betterments and improvements to the System or refunding one or more series of Bonds issued hereunder, except as provided in subsection (F) of this section.

(B) No such Additional Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written certification by a certified public accountant not in the regular employ of the Town, based upon the necessary investigation, reciting the conclusion that the Net Revenues actually derived from the System during the Fiscal Year immediately preceding the date of the issuance of such Additional Bonds shall have been not less than one hundred twenty percent (120%) of the average aggregate amount which will mature or become due in any succeeding Fiscal Year for principal of and interest on the Original Bonds and on all Bonds of all other outstanding series on a parity with the Original Bonds and on the Additional Bonds then proposed to be issued. This limitation may be waived or modified by the written consent of Bondholders representing 75% of each series of the then Outstanding Bonds issued pursuant hereto.

(C) Prior to or concurrently with the issuance of any such Additional Bonds, the Town shall have entered into written contracts for the immediate acquisition or construction of such extensions, additions, betterments or improvements to the

System, or the refunding of the Bonds, which are to be financed by such Additional Bonds.

(D) The term "Additional Bonds," as used in this section, shall be deemed to mean Additional Bonds issued under the provisions and within the limitations of this section, payable from the revenues of the System on a parity with the Original Bonds, and all the covenants and other provisions of this Ordinance (except as to details of such Additional Bonds inconsistent therewith) shall be for the equal benefit, protection and security of the Holders of any Additional Bonds subsequently issued within the limitations of and in compliance with this section. All such Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Net Revenues of the System, and their source of and security for payment from said Net Revenues, without preference of any bond over any other. The Town shall comply fully with all the increased payments into the various funds, either new or created herein, required for such Additional Bonds, in addition to the payments required for the Original Bonds originally issued hereunder. Redemption of Bonds prior to maturity, in the event that the Original Bonds and Additional Bonds hereby authorized are Outstanding, shall as nearly as practical be on an equal pro rata basis reflecting the original amounts of each issue.

(E) No Additional Bonds shall be issued at any time unless all the payments into the respective funds provided for herein on Bonds then Outstanding and all other repayments provided for herein shall have been made or paid up as required to the date of issuance of the Additional Bonds and the Town shall have fully complied with all the covenants, agreements and terms hereof or shall have remedied any deficiency in such compliance.

(F) With the written consent in advance of the Government, and anything to the contrary in subsections (A), (B) and (C) of this section notwithstanding, Additional Bonds may be authorized and issued by the Town pursuant to a supplemental ordinance in the event that the Original Bonds should be insufficient, together with other funds lawfully available therefor, to pay or provide for all costs of construction of the Project. Any such Additional Bonds authorized and issued under the provisions of this subsection shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of such construction costs, and the maturities of any such Additional Bonds shall be in years and amounts suggested by the Government.

Section 8.09. Books and Records. The Town will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Town in

which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of a Bond or Bonds or of a Note or Notes issued and authorized pursuant to this Ordinance shall have the right at all reasonable times to inspect the System and all parts thereof, and all records, accounts and data of the Town relating thereto.

The accounting system for the System shall follow generally accepted accounting practices to the extent allowed by the uniform system of accounts promulgated by the PSC. Separate control accounting records shall be maintained by the Town. Subsidiary records as may be required shall be kept in the manner, on the forms, books, and other bookkeeping records as prescribed by the Town. The Town shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Town shall be reported to such agent of the Town as the Council of the Town shall direct.

The Town shall file with the Consulting Engineers, the Trustee, if any, the Original Bonds Purchaser and the Notes Purchaser, and shall mail in each year to any Registered Owner of Bonds or Notes, as the case may be, requesting the same, an annual report containing the following:

A. A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

B. A balance sheet statement showing all deposits in all the funds and accounts provided for in this Ordinance and the Indenture, if any, with respect to said Bonds or Notes, as the case may be, and the status of all said funds and accounts.

C. A statement of all new debt issued by the Town which is secured by a lien on the Net Revenues or Surplus Revenues of the System.

The Town shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail the report of said Independent Certified Public Accountant to the Government upon request, to any Registered Owner or Registered Owners of the Bonds or Notes. The Government, so long as it holds all the Bonds, may permit substitution of such a copy of the annual audit report by the office of the State Tax Commissioner for the copy of an annual audit report by an Independent Certified Public Accountant.

The Town shall retain all records, books and supporting material for a period of three years after the issuance of such audit reports and financial statements, and

such material, upon request, will be made available to the Government, the Controller General of the United States of America or their representatives.

Section 8.10. Fiscal Year; Budget. While the Original Bonds are Outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which Period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each Fiscal Year, the Town agrees to adopt the annual budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of such annual budget shall be made during such Fiscal Year unless unanimously authorized and directed by the Council. Copies of each annual budget shall be delivered to the Government by the beginning of each Fiscal Year.

If for any reason the Town shall not have adopted the annual budget before the first day of any Fiscal Year, it shall adopt a budget of current expenses from month to month until the adoption of the annual budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten percent (10%); and provided further, that adoption of a budget of current expenses shall not constitute compliance with the covenant to adopt an annual budget unless the Town s failure to submit an annual budget shall be for a reason beyond the control of the Town. Each such budget of current expenses shall be delivered and mailed immediately as in the case of the annual budget.

Section 8.11. Services Rendered to the Town. The Town will not render or cause to be rendered any free services of any nature by its System; and, in the event the Town or any department, agency, instrumentality, officer or employee of the Town shall avail itself or themselves of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Town and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Town shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 8.12. Enforcement of Collections. The Town will diligently enforce and collect all fees, rentals, or other

charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent, to the full extent permitted or authorized by the laws of the State, and the rules and regulations of the PSC. All such rates and charges, if not paid when due, shall become a lien on the premises served by the System.

Whenever any rates, rentals or charges for the services and facilities of the System, shall remain unpaid for a period of thirty (30) days after the same shall become due and payable, the property and owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid.

The Town further covenants and agrees that it will, to the full extent permitted by law, and the rules and regulations promulgated by the PSC, discontinue and shut off the services and facilities of the System and, in the event the Town owns a water facility (the "Water System"), the Water System to all users of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System have been paid in full.

Section 8.13. Insurance and Bonds. The Town hereby covenants and agrees that, so long as the Bonds remain Outstanding, it will, as an expense of operation and maintenance of the System, procure, carry and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(A) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured prior to acceptance of any part of the Project from the contractor, on all above-ground insurable portions of the System, including machinery and equipment housed therein, in an amount equal to the insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Town will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Town will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Town during construction of the Project in the full insurable value thereof.

(B) Public Liability Insurance,' with limits of not less than $500,000 for personal liability to protect the Town from claims for bodily injury and/or death and not less than $200,000 from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured at the commencement of construction of the Project.

(C) Vehicular Public Liability Insurance, in the event the Town owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Town is operated for the benefit of the Town, with limits of not less than $500,000 for personal liability to protect the Town from claims for bodily injury and/or death and not less than $200,000 from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(D) Workers Compensation Coverage for All Employees of the System Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each contractor dealing directly with the Town, and such payment bonds will be filed with the Clerk of the County Commission of Ritchie County prior to commencement of construction of the Project in compliance with the West Virginia Code, Chapter 38, Article 2, Section 39.

(E) Fidelity Bonds will be provided as to every officer and employee of the Town having custody of the Revenue Fund or of any other funds or valuable property of the System in an amount at least equal to the total funds in the custody of any such person at any one time, with the initially bond for each position to be an amount at least equal to one year's principal and interest on the Bond and to be increased thereafter as necessary to cover the maximum amount of funds under control of that position at any one time.

(F) Flood Insurance will be obtained by the Town if available.

(G) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this section, during construction of the Project and so long as the Government holds any of the Bonds, the Town will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Town, and during such construction will require each prime contractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 8.14. No Competing Franchise. To the extent allowable by law, the Town will not grant or cause, consent to or allow the granting of any franchise or permit to any person, firm, corporation or body, or agency or instrumentality, for the providing of any services which would compete with services provided by the System.

Section 8.15. Consulting Engineer. The Town will retain recognized, qualified independent Consulting Engineers on an annual basis to supervise generally the operation, maintenance and renewal of the System and report annually to the Town in writing their recommendations and comments as to the System. Such annual report of the Consulting Engineers or a summary thereof, shall be made available at reasonable times to the Government and to any Bondholder requesting the same.

Section 8.16. Connections. To the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto.

Section 8.17. Public Purpose Bonds. The Town shall use the Bond or Note proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Town.

Section 8.18. Private Activity Bond Covenant. The Town shall not permit at any time or times any of the proceeds of the Bonds or Notes or any other funds of the Town to be used directly or indirectly in a manner which would result in the exclusion of the Bonds or Notes from the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds or Notes as 'private activity bonds' within the meaning of the Code. The Town will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Bonds or Notes.

Section 8.19. Filing Covenant. The Town will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds or Notes, including, without limitation, the information return required under Section 149(e) of the Code.

Section 8.20. Federal Guarantee Covenant. The Bonds or Notes, in whole or in part, are not, and will not be, directly or indirectly, federally guaranteed within the meaning of Section 149(b) of the Code.

Section 8.21. Rebate Covenant. The Town is a governmental unit with general taxing powers to finance operations of or facilities of the nature of the System as covenanted pursuant to Sections 8.17 and 8.18, the Original Bonds or Notes are not private activity bonds within the meaning of the Code, and 95% or more than the net proceeds (as filed with respect to Code) of the Original Bonds or Notes will be used for local governmental activities of the Town. The Town and all subordinate entities reasonably expect to issue less than $5,000,000 in aggregate principal amount of

tax-exempt bonds (other than private activity bonds) during the calendar year, being 1990, in which the Original Bonds and the Notes, if any, are to be issued. Therefore, the Town believes that it is excepted for the rebate requirements of Section 148(f) of the Code. Notwithstanding the foregoing, if the Town is in fact subject to such rebate requirement, the Town hereby covenants to rebate to the United States the amounts required by the Code and to take all steps necessary to make such rebates. In the event the Town fails to make such rebates as required, the Town shall pay any and all penalties and obtain a waiver from the Internal Revenue Service in order to maintain the tax-exempt status of the interest on the Bonds.

Section 8.22. Covenant to Amend Ordinance. The Town retains the right to make any amendments, insertions or deletions by Supplemental Resolutions of this Ordinance as the Town deems desirable or necessary prior to the issuance of the Bonds, including but not limited to amendments, insertions or deletions to comply with the Code. Notwithstanding the provisions of Section 11.01 hereof, the Town shall without consent of the Registered Owners of the Bonds or Notes, as the case may be, amend or supplement this Ordinance by resolutions supplemental hereto or any amendatory ordinance to comply with the Code if such amendment or supplemented is necessary to preserve the tax exempt status of the design notes, bonds or notes. The Council of the Town hereby retains the specific authority to amend this Ordinance or supplement it by resolution to comply with the Code. As determination to amend or supplement this Ordinance, the Council of the Town may rely on the opinion of a nationally recognized bond counsel.

The Town also retains the right to make any amendments, insertions or deletions by Supplemental Resolution of this Ordinance as the Town deems necessary prior to the issuance of the Bonds to meet the requirements of the Original Bonds Purchaser.

ARTICLE IX

DEFAULTS AND REMEDIES

Section 9.01. Events of Default. A. Each of the following events shall constitute an "Event of Default" with respect to the Bonds.

(A) If default occurs in the due and punctual payment of the principal of or interest on any Bonds;

(B) If default occurs in the Town's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Ordinance the Supplemental Resolution or in the Bonds and such default shall have continued for a period of 30 days after the Town shall have been given written notice of such default by the Depository Bank holding any fund or account hereunder or a Registered Owner of a Bond; or

(C) If the Town files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

An "Event of Default" with respect to the Bonds shall not constitute an Event of Default with respect to the Notes as set forth in the Indenture, and vice versa.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond, may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and in particular (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Town to perform its duties under the Act and this Ordinance relating thereto, including but not limited to the making and collection of sufficient rates of changes for services rendered by the System (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Town to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the ordinance with respect to the Bonds, or the rights of such Registered Owners, provided, however, that no remedy herein stated may be exercised by a Registered Owner of a Note in a manner which adversely affects any remedy available to the Registered Owners of the Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Town under this Ordinance and the Act, including the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof and performing any construction necessary for the System. If there be any default in the payment of interest on any Bonds when the same shall become due, or in the payment of the principal of any Bond or Bonds, either at the specified date of maturity thereof or at a date set for redemption thereof, or otherwise in the performance of any covenant contained in this Ordinance other than as to such payment and such default shall continue for a period of thirty (30) days after written notice of the Town of such default, any Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Town with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and any interest thereon, the deposits into the funds and accounts herein provided and the payment of operating Expenses of the System and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Ordinance and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Town exercise all the rights and powers of the Town with respect to said facilities as the Town itself might do.

Whenever all that is due upon the Bonds issued and authorized pursuant to this Ordinance and interest thereof and under any covenants of this Ordinance for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System, shall have been paid and made good, and all defaults under the provisions of this Ordinance shall have been cured and made good, possession of the System shall be surrendered to the Town upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of Bonds issued pursuant to this Ordinance shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such

court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Town and for the joint protection and benefit of the Town and Registered Owners of Bonds issued pursuant to this Ordinance. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose or any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Town and Registered Owners, and the curing and making good of any default under the provisions of this Ordinance, and the title to and ownership of said System shall remain in the Town, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage, or otherwise dispose of any assets of the System.

ARTICLE X

Qualified Investments acquired from the Reserve Account shall have maturities or be subject to redemption at the option of the holder within five (5) years from the date of acquisition provided that all investment earnings on moneys in the Reserve Account shall be transferred, not less than once a

Section 10.02. Restrictions as to Arbitrage Bonds. The Town shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Town to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bond to be an "arbitrage bond" as defined in Section 148 of the Code, and the Mayor of the Town shall deliver his certificate, based upon this covenant, with regard thereto to the Original Bond Purchaser.

Section 10.03. Restriction of Yield and Bond Proceeds. The Town shall comply with the yield restriction on Bond proceeds as set forth in Section 148 of the Code.

ARTICLE XI

The Town of Harrisville
Sewer Revenue Note
Series 1990
Number R-1
$618,000

KNOW ALL MEN BY THESE PRESENTS: That THE TOWN OF HARRISVILLE, a municipal corporation organized and existing under the laws of the State of West Virginia (the "Town"), for value received, hereby promises to pay, but only from the special funds provided therefor, as hereinafter set forth, to UNION BANK OF HARRISVILLE, T.I.N. _____, _____, Harrisville, West Virginia _____ (the "Owner"), or registered assigns, the sum of Six Hundred Eighteen Thousand Dollars ($618,000), or such lesser sum as shall be reflected by the Record of Advances and Payments attached hereto, on _____, 19___. Notwithstanding any provision of this Note to the contrary, this Note shall evidence only the indebtedness reflected as outstanding on the Record of Advances and Payments attached hereto. Interest shall accrue only on the amount of each advance from its actual date as listed on said Record of Advances and Payments and shall cease to accrue on the amount hereof outstanding, or portions thereof, as the same are paid, as reflected by said Record of Advances and Payments. Such interest shall be at the rate equal to ninety percent (90%) of the rate published from time to time as the "New York Prime" if this Note is tax-exempt and at New York Prime Rate if it is taxable, but not to exceed twelve percent (12%) per annum, such changes to occur on the date such rate changes. Said interest shall be based upon a year of 360 days and shall be paid in arrears on the _____ day of each month, beginning with the first day of the month next succeeding the month in which the first advance, if any, upon the Line of Credit, as hereinafter defined, is made. The Registrar, as hereinafter defined, shall notify the Sanitary Board of the Town of the amount of interest so accrued. Interest is payable, only from special funds as hereinafter described, by check or draft mailed to the Owner at the address as it appears on the books of Registrar, as hereinafter defined, or by wire transfer or other mutually agreeable method. This Note shall be payable as to principal upon surrender at the principal office of Union Bank of Harrisville, Harrisville, West Virginia, as registrar and paying agent (the "Registrar"), in any coin or currency which on the date of payment of principal is legal tender for the payment of public and private debts under the laws of the United States of America; provided, that, except in the case all the Note

outstanding is being prepaid and either (i) the Town's notice of prepayment requires surrender or (ii) the Line of Credit, as hereinafter defined, has been exhausted, any payment of principal prior to the maturity of this Note as provided by the Ordinance, as hereinafter defined, shall be recorded on the Record of Advances and Payments attached hereto, and this Note shall be returned to the Owner. Prepayments of the principal of this Note may be made upon two (2) days' notice to the Owner. Any such prepayment shall also be reflected on the Record of Advances and Payments attached hereto, and interest shall cease to accrue thereon.

This Note is issued pursuant to the Interim Financing and Bond Ordinance passed by the Council of the Town on March 26, 1990 (the "1990 Ordinance"), to evidence the Town's obligation to repay any draw upon a line of credit (the "Line of Credit") by the Town from Union Bank of Harrisville (the "Bank"). This Note was issued to provide funds for the completion of the construction of certain extensions, betterments and improvements to the existing sewerage system of the Town to the extent Bond proceeds, grant proceeds and other funds are not timely available therefor.

This Note is issued, in addition to the Ordinance, under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13, of the Code of West Virginia, 1931, as amended (the "Act"), and is subject to all the terms and provisions of said Ordinance and said Act. The principal of this Note is payable from the Bond proceeds and Grant Receipts (as defined in the Ordinance) and to the extent necessary from the net proceeds of certain subordinate sewer revenue bonds of the Town. The interest on this Note is payable from and secured by a lien on, the net revenues derived from the operation of the sewerage system of the Town; provided, that such lien on the net revenues is junior, subordinate and inferior to the lien on such net revenues created on behalf of various issues of the Town's sewer revenue bonds, outstanding on the date hereof as defined and set forth in the Ordinance.

This Note does not constitute a corporate indebtedness of the Town within the meaning of any constitutional, statutory or charter provisions or limitations, nor shall the Town be obligated to pay the same or the interest hereon except from the special fund provided from the grant receipts, the net revenues derived from the operation of said sewerage system and the net proceeds of said bonds. Under the Ordinance, the Town has entered into certain covenants with the Owner, for the terms of which reference is made to said Ordinance. Remedies provided the Owner are exclusively as provided in the Ordinance, to which reference is here made for a detailed description thereof.

Subject to the requirements for transfer set forth below, this Note is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia. ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Ordinance. This Ordinance (together with any ordinance, order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is enacted pursuant to the provisions of Chapter 16, Article 13 and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. The Town of Harrisville (the "Issuer") is a municipal corporation and political subdivision of the State of West Virginia in Ritchie County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain additions, betterments and improvements to the existing public sewerage system of the Issuer, consisting of sewer line replacements and manhole repairs and replacements, together with all appurtenant facilities (collectively, the "Project"), which constitute properties for the collection, transportation, treatment, purification and disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewerage system of the Issuer, the Project and any further additions, betterments and improvements are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Recorder of the Issuer.

C. The Issuer intends to permanently finance the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority"), in connection with the West Virginia Water Pollution Control Revolving Fund, pursuant to the Act.

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds, Series 2001 A (West Virginia SRF Program), in the aggregate principal amount of not more than $1,000,000 (the "Series 2001 A Bonds"), to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 2001 A Bonds prior to and during construction or acquisition and for a period not exceeding 6 months after completion of construction of the Project; amounts which may be deposited in the Series 2001 A Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, including the SRF Administrative Fee (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2001 A Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof, provided, that reimbursement to the Issuer for any amounts

expended by it for allowable costs prior to the issuance of the Series 2001 A Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 25 years.

F. It is in the best interests of the Issuer that its Series 2001 A Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and among the Issuer, the Authority and the West Virginia Division of Environmental Protection, a division of the West Virginia Bureau of Environment (the "DEP"), in form satisfactory to the respective parties (the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2001 A Bonds as to liens, pledge, source of and security for payment, being the Sewer Revenue Bonds, Series 1990, dated April 17, 1990, issued in the original principal amount of $618,000 (the "Prior Bonds").

The Series 2001 A Bonds shall be issued on a parity with the Prior Bonds, with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2001 A Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Holder of the Prior Bonds to the issuance of the Series 2001 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Series 2001 A Bonds and the Prior Bonds and to make payments into all funds and accounts and other payments provided for herein and in the Prior Ordinance.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System, the issuance of the Series 2001 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof, by the Infrastructure Council and obtaining of a certificate of public convenience and necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have

expired prior to the issuance of the Series 2001 A Bonds or such final order will not be subject to appeal.

J. Pursuant to the Act, the Issuer has heretofore established a Sanitary Board, and the Sanitary Board has petitioned the Governing Body to issue the Series 2001 A Bonds for the purposes set forth herein.

K. The Project has been reviewed and determined to be technically and financially feasible by the Infrastructure Council as required under Chapter 31, Article 15A of the Code of West Virginia, 1931, as amended.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 2001 A Bonds by the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Bondholders of any and all of such Series 2001 A Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bonds and by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

Section 3.02. Terms of Bonds. The Series 2001 A Bonds shall be issued in such principal amounts; shall bear interest, if any, at such rate or rates, not exceeding the then legal maximum, payable quarterly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in a Supplemental Resolution or as specifically provided in the Loan Agreement. The Series 2001 A Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which, on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Series 2001 A Bonds, if any, shall be paid by check or draft of the Paying Agent or its agent, mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by the Supplemental Resolution, the Series 2001 A Bonds shall initially be issued in the form of a single bond, fully registered to the Authority, with a record of advances and a debt service schedule attached, representing the aggregate principal amount of the Series 2001 A Bonds. The Series 2001 A Bonds shall be exchangeable at the option and expense of the Registered Owner for another fully registered Bond or Bonds of the same series in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments

of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. Such Bonds shall be dated and shall bear interest, if any, as set forth in a Supplemental Resolution.

Section 3.03. Execution of Bonds. The Series 2001 A Bonds shall be executed in the name of the Issuer by the Mayor, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Recorder. In case any one or more of the officers who shall have signed or sealed the Series 2001 A Bonds shall cease to be such officer of the Issuer before the Series 2001 A Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Series 2001 A Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Authentication and Registration. No Series 2001 A Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Bond Legislation unless and until the Certificate of Authentication and Registration on such Bond, substantially in the form set forth in Section 3.10 hereof shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Bond Legislation. The Certificate of Authentication and Registration on any Series 2001 A Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 2001 A Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 2001 A Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 2001 A Bonds remain outstanding, the Issuer, through the Bond Registrar or its agent, shall keep and maintain books for the registration and transfer of such Bonds.

The registered Series 2001 A Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Series 2001 A Bonds or transferring the registered Series 2001 A Bonds are exercised, all Series 2001 A Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Series 2001 A Bonds surrendered in any such exchanges or transfers shall forthwith be canceled by the Bond Registrar. For every such exchange or transfer of Series 2001 A Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Series 2001 A Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Series 2001 A Bonds or, in the case of any proposed redemption of Series 2001 A Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2001 A Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be canceled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 2001 A Bonds shall not, in any event, be or constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall

be payable solely from the Net Revenues derived from the System as herein provided. No Holder or Holders of the Series 2001 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2001 A Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of debt service of the Series 2001 A Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on the Series 2001 A Bonds and the Prior Bonds and to make all other payments provided for in the Bond Legislation are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 2001 A Bonds to the Registrar, and the Registrar shall authenticate, register and deliver the Series 2001 A Bonds to the original purchasers upon receipt of a request and authorization to the Bond Registrar on behalf of the Issuer, signed by an Authorized Officer, to authenticate and deliver the Series 2001 A Bonds to the original purchasers.

Section 3.10. Form of Bonds. The text of the Series 2001 A Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

The interest and SRF Administrative Fee on this Bond are payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of the Registrar (as defined in the hereinafter described Bond Legislation) on the 15th day of the month next preceding a payment date, or by such other method as shall be mutually agreeable so long as the Authority is the registered owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Division of Environmental Protection (the "DEP"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and among the Issuer, the Authority and the DEP, dated _____, 2001.

This Bond is issued (i) to pay the costs of acquisition and construction of certain additions, betterments and improvements to the existing public sewerage system of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public sewerage system of the Issuer, the Project, and any further additions, betterments or improvements thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13 and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), a Bond Ordinance duly enacted by the Issuer on _____, 2001, and a Supplemental Resolution duly adopted by the Issuer on _____, 2001 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, WITH THE ISSUER'S SEWER REVENUE BONDS, SERIES 1990, DATED APRIL 17, 1990, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $618,000 (THE "PRIOR BONDS").

Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside as a special fund hereby pledged for such purpose. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair

and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds; provided however, that so long as there exists in the Series 2001 A Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar (as defined in the Bond Legislation) by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and costs of issuance hereof described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited upon receipt by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in the Prior Ordinance and this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner provided in the Prior Ordinance and this Bond Legislation. All moneys in the Revenue Fund shall be disposed of only in the following manner and order of priority:

(1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) Next, from the moneys in the Revenue Fund, the Issuer (i) shall make the interest payments on the Prior Bonds in the amounts and on the dates required by the Prior Ordinance, and (ii) on the first day of each month, commencing 4 months prior to the first date of payment of interest on the Series 2001 A Bonds, for which interest has not been capitalized or as required in the Loan Agreement, shall remit to the Commission for deposit in the Series 2001 A Bonds Sinking Fund, an amount equal to 1/3rd of the amount of interest which will become due on the Series 2001 A Bonds on the next ensuing quarterly interest payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 2001 A Bonds Sinking Fund and the next quarterly interest payment date is less than 4 months, then such monthly payment shall be increased proportionately to provide, 1 month prior to the next quarterly interest payment date, the required amount of interest coming due on such date.

All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, repairs, additions, betterments, improvements or extensions to the System; provided that, any deficiencies in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(7) If all of the above required payments are then current, the Issuer may use any moneys remaining in the Revenue Fund for the following purposes: (a) for prepayment of the amount, or any part thereof, of the Bonds Outstanding in accordance with the terms thereof, (b) additions, betterments, replacements or improvements to the System which the Consulting Engineers certify are needed and/or (c) payments of principal and interest on subordinate revenue bonds, or other obligations which may hereafter be issued by the Issuer on account of the System.

Moneys in the Series 2001 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2001 A Bonds as the same shall become due. Moneys in the Series 2001 A Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 2001 A Bonds, as the

same shall come due, when other moneys in the Series 2001 A Bonds Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2001 A Bonds Reserve Account (if fully funded) shall be transferred, not less than once each year, to the Series 2001 A Bonds Construction Trust Fund during construction of the Project and thereafter, to the Series 2001 A Bonds Sinking Fund.

Any withdrawals from the Series 2001 A Bonds Reserve Account which result in a reduction in the balance of such account to an amount below the Series 2001 A Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2001 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay any interest on such additional Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

The Issuer shall not be required to make any further payments into the Series 2001 A Bonds Sinking Fund or the Series 2001 A Bonds Reserve Account when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 2001 A Bonds issued pursuant to this Bond legislation then Outstanding and all interest to accrue until the maturity thereof.

Interest, principal or reserve payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2001 A Bonds and the Prior Bonds, in accordance with the respective principal amounts then Outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2001 A Bonds Sinking Fund and the Series 2001 A Bonds Reserve Account created hereunder, and all amounts required for such accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Authority, the Issuer shall make the necessary arrangements whereby required payments into the Series 2001 A Bonds Sinking Fund and the Series 2001 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates hereunder.

Moneys in the Series 2001 A Bonds Sinking Fund and Series 2001 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2001 A Bonds Sinking Fund and the Series 2001 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2001 A Bonds Outstanding under the conditions and restrictions set forth herein.

B. The Issuer shall on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the required interest, principal and reserve account payments, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

C. D. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form along with a copy of its payment check to the Authority by the fifth day of each calendar month.

E. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds, during the following month or such other period as shall be required by law, such excess shall be considered as Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

F. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges then due. If required by the Authority, the Issuer shall make the necessary arrangements whereby payments to the Commission under this paragraph shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

G. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in

excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

H. If, on any monthly payment date, the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments, in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

I. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

J. The Gross Revenues of the System shall only be used for purposes of the System.

K. All Tap Fees shall be deposited by the Issuer, as received, in the Series 2001 A Bonds Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Series 2001 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Holders of the Series 2001 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of the Series 2001 A Bonds or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2001 A Bonds shall not be nor constitute a corporate indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Holder or Holders of the Series 2001 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer to pay the Series 2001 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of debt service of the Series 2001 A Bonds shall be secured by a first lien on the Net Revenues derived from the System, on a parity with the lien on the Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest on the Series 2001 A Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges , with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the sewer rate ordinance of the Issuer duly enacted on May 9, 2000.

So long as the Series 2001 A Bonds are outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in the Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2001 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of or encumber the System, or any part thereof, except as provided in the Prior Ordinance. Additionally, so long as the Series 2001 A Bonds are outstanding and except as otherwise required by law or with the written consent of the DEP and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2001 A Bonds, immediately be remitted to the Commission for deposit in the Series 2001 A Bonds Sinking Fund, and, with the written permission of the DEP and the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal of and interest on the Series 2001 A Bonds. Any balance remaining after the payment of the Series 2001 A Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of

$50,000, the Issuer shall first, determine, upon consultation with a professional engineer, that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amount required to be paid into such account by other provisions of this Bond Legislation.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay all Bonds then Outstanding, without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided for in Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2001 A Bonds. All obligations issued by the Issuer after the issuance of the Series 2001 A Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Series 2001 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts established by this Bond Legislation have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2001 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2001 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues

of the System or from any grants for the Project, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Ordinance shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2001 A Bonds pursuant to this Bond Legislation, without the prior written consent of the Authority and the DEP and without complying with the conditions and requirements herein provided (unless less restrictive than the provisions of the Prior Ordinance).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2001 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of additions, extensions, improvements or betterments to the System or refunding the Series 2001 A Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Recorder a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived from the System during the Fiscal Year immediately preceding the date of the issuance of such Parity Bonds, shall have been not less than 120% of the average aggregate amount which will mature or become due in any succeeding Fiscal Year for principal of and interest on the Series 2001 A Bonds, the Prior Bonds and all other bonds on a parity therewith, so long as the Prior Bonds are outstanding, and thereafter, shall have been not less than 115% of the largest aggregate amount which will mature or become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The Net Revenues actually derived from the System hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, as stated in a certificate, on account of increased rates, rentals, fees and

charges for the System enacted by the Issuer, the time for appeal of which shall have expired (without successful appeal) prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. All Bonds, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the Net Revenues of the System, and their source of and security for payment from the Net Revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Series 2001 A Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2001 A Bonds.

No Parity Bonds shall be issued at any time, however, unless all of the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed

site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Issuer shall direct.

The Issuer shall file with the Authority and the DEP, or any other original purchaser of the Series 2001 A Bonds, and shall mail in each year to any Holder or Holders of the Series 2001 A Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations payable from the revenues of the System outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountant in compliance with the applicable OMB Circular, or any successor thereof, and the Single Audit Act, or any successor thereof, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountant, or a summary thereof, to any Holder or Holders of the Series 2001 A Bonds and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2001 A Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service and reserve requirements.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2001 A Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Recorder, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2001 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the

Series 2001 A Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Series 2001 A Bonds Reserve Account and the Reserve Accounts for obligations on a parity with the Series 2001 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2001 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2001 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a registered professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of a registered professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall within 30 days of adoption thereof mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Holder of any Bonds who shall file his or her address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him or her and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for 2 years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer shall obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in

accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement as Exhibit A, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent

permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System, and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law or, if the waterworks facilities are not owned by the Issuer, the Issuer will, to the extent allowed by law, use diligent efforts to enter into a similar termination agreement with the provider of such water, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of either shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer, and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2001 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed properties or for the other purposes provided herein for the Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than $1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT OR COMPLETION BONDS, such bonds to be in the

amounts of not less than 100% of the amount of any construction contract and to be required of each contractor dealing directly with the Board and such payment bonds will be filed with the Clerk of the County Commission of the County in which such work is to be performed prior to commencement of construction of any additions, extensions or improvements for the System in compliance with West Virginia Code Section 38-2-39.

(4) FIDELITY BONDS will be provided as to every officer and employee of the Board or the Issuer having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

(5) FLOOD INSURANCE, if the System facilities are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(6) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

B. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction.

The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project; provided that the amounts and terms of such coverage are satisfactory to the Authority and the DEP and the Issuer shall verify such insurance prior to commencement of construction. In the event the Loan Agreement so requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Mandatory Connections. The mandatory use of the System is essential and necessary for the protection and preservation of the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and in order to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Division of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Division of Health and such house, dwelling or building can be adequately served by the System, and every such owner, tenant or occupant shall, after a 30-day notice of the availability of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.17. Completion of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by State and federal laws for the acquisition and construction of the Project, all orders and approvals from the Public Service Commission of West Virginia and the Infrastructure Council necessary for the acquisition and construction of the Project and the operation of the System and all approvals for issuance of the Bonds required by State law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Compliance with Loan Agreement and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Loan Agreement and the Act. Notwithstanding anything herein to the contrary, the Issuer shall provide the DEP and the Council with copies of all documents submitted to the Authority.

The Issuer shall also comply with all applicable laws, rules and regulations issued by the Authority and the DEP or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PRIVATE BUSINESS USE LIMITATION. The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 2001 A Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 2001 A Bonds during the term thereof is, under the terms of the Series 2001 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 2001 A Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 2001 A Bonds during the term thereof is, under the terms of the Series 2001 A Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 2001 A Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 2001 A Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of that portion of the Project to which such Private Business Use is related, all of the foregoing to be determined in accordance with the Code.

B. PRIVATE LOAN LIMITATION. C. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 2001 A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. INFORMATION RETURN. The Issuer shall file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 2001 A Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. FURTHER ACTIONS. The Issuer shall take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 2001 A Bonds will be and remain excludable from gross income for federal income tax purposes, and shall not take any actions, or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.20. Securities Laws Compliance. The Issuer shall provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17 CFR Part 240).

ARTICLE VIII

INVESTMENTS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this section through its own investment or trust department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year (or more often if reasonably requested by the Issuer), a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2001 A Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of interest on the Series 2001 A Bonds from gross income for federal income tax purposes.

Section 8.02. Non Arbitrage. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 2001 A Bonds which would cause the Series 2001 A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code and Regulations, and (ii) it shall take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Series 2001 A Bonds) so

that the interest on the Series 2001 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Small Issuer Exemption from Rebate. In accordance with Section 148(f)(4)(D) of the Code, the Issuer covenants that it is a governmental unit with general taxing powers; that the Series 2001 A Bonds are not private activity bonds as defined in Section 141 of the Code; that 95% or more of the Net Proceeds of the Series 2001 A Bonds are to be used for local governmental activities of the Issuer (or of a governmental unit the jurisdiction of which is entirely within the jurisdiction of the Issuer); and that the aggregate face amount of all the tax-exempt bonds (other than private activity bonds as defined in Section 141 of the Code) issued by the Issuer during the calendar year in which the Series 2001 A Bonds are issued are not and will not exceed $5,000,000, determined in accordance with Section 148(f)(4)(D) of the Code and the Regulations promulgated thereunder. For purposes of this Section 8.03 and for purposes of applying Section 148(f)(4)(D) of the Code, the Issuer and all entities which issue obligations on behalf of the Issuer shall be treated as one issuer; all obligations issued by a governmental unit to make loans to other governmental units with general taxing powers not subordinate to such unit shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(D) of the Code, be treated as not issued by such unit; all obligations issued by a subordinate entity shall, for purposes of applying this Section 8.03 and Section 148(f)(4)(D) of the Code to any other entity to which such entity is subordinate, be treated as issued by such other entity; and an entity formed (or, to the extent provided by the Secretary, as set forth in the Code, availed of) to avoid the purposes of such Section 148(f)(4)(D) of the Code and all other entities benefitting thereby shall be treated as one issuer.

Notwithstanding the foregoing, if in fact the Issuer is subject to the rebate requirements of Section 148(f) of the Code, and not exempted from such requirements, the Issuer covenants to make, or cause to be made, all rebate calculations, computations and payments in the time, manner and as required in Section 148(f) of the Code and the Regulations from time to time in effect and applicable to the Series 2001 A Bonds and otherwise covenants and agrees to comply with the provisions of such Section 148(f) of the Code and Regulations from time to time in effect and applicable to the Series 2001 A Bonds. In the event of a failure to pay the correct rebate amount, the Issuer will pay, from any lawful sources available therefor, to the United States such rebate amount, plus a penalty equal to 50% of the rebate amount not paid when required to be paid, plus interest on that amount, unless waived. The Issuer shall obtain a waiver from the Internal Revenue Service, if necessary, and take any other actions necessary to maintain the exclusion of interest on the Series 2001 A Bonds from gross income for federal income tax purposes. In order to provide for the administration of this paragraph, the Issuer may provide for the employment of independent attorneys, accountants and consultants compensated on such reasonable basis as the Issuer may deem appropriate.

The Issuer shall furnish to the Authority, annually, and at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority. In addition, the Issuer shall cooperate with the Authority in preparing any required rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer.

The Issuer shall submit to the Authority within 15 days following the end of each Bond year, a certified copy of its rebate calculation or, if the Issuer qualifies for the small issuer exception to rebate, the Issuer shall submit a certificate stating that it is exempt from the rebate provisions and that no event has occurred to its knowledge which would make the Series 2001 A Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority, including information with respect to earnings on all funds constituting "gross proceeds" of the Series 2001 A Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2001 A Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest, if any, on any Series 2001 A Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on their respective parts relating to the Series 2001 A Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 2001 A Bonds, and such default shall have continued for a period of 30 days after the Issuer or Issuer, as appropriate shall have been given written notice of such default by the Commission, the Depository Bank, the Registrar, the Paying Agent or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer or Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the Prior Ordinance.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds; (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners; provided however, that all rights and remedies of the Holders

of the Series 2001 A Bonds shall be on a parity with those of the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, the completion of the Project and after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay or there shall otherwise be paid to the Holders of the Series 2001 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2001 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Series 2001 A Bonds from gross income for federal income tax purposes.

ARTICLE XI

Section 1.03. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a municipal corporation and political subdivision of the State in Ritchie County of said State. The Issuer presently owns and operates a public sewerage system. However, the Issuer deems it necessary and desirable for the health, welfare and safety of the inhabitants of the Issuer that there be acquired and constructed the Project, in accordance with the plans and specifications prepared by the Consulting Engineer, which plans and specifications have been approved by the Government and the Issuer.

B. In accordance with Section 2 of the Act, the System is under the supervision and control of the Sanitary Board of the City (the "Sanitary Board").

C. The Sanitary Board has presented a petition to the City for the design, acquisition and construction of the Project, the enactment of this Ordinance and the issuance of the Sewerage System Revenue Bonds (the "Bonds").

D. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the Government.

E. The estimated maximum cost of acquisition and construction of the Project is $775,800, of which $450,000 will be obtained from the Series 2008 A Bonds and $325,800 will be obtained from a grant from the Government.

F. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all Operating Expenses of the System, the principal of and interest on the Prior Bonds and the Series 2008 A Bonds and to make payments into all funds and accounts provided for in this Resolution and the Prior Ordinances.

G. It is deemed necessary for the Issuer to issue the Series 2008 A Bonds in the aggregate principal amount of not more than $450,000, to permanently finance a portion of the costs of acquisition and construction of the Project. Such costs shall be deemed to include the cost of acquisition or construction of any public service properties and any improvements and extensions thereto, the cost of all property rights, easements and

franchises deemed necessary or convenient therefor; interest on the Series 2008 A Bonds prior to and during acquisition or construction and for six months after completion of acquisition or construction of the Project; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense and such other expenses as may be necessary or incident to the financing herein authorized, the acquisition or construction of the Project and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided that, reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2008 A Bonds or the repayment of the indebtedness incurred by the Issuer for such purposes shall be deemed part of the Cost of the Project.

H. The Series 2008 A Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Issuer has met the parity and coverage requirements of the Prior Bonds and the Prior Ordinances and has substantially complied with all other parity requirements, except to the extent that noncompliance with any such other parity requirements is not of a material nature. Prior to the issuance of the Series 2008 A Bonds, the Issuer will obtain (1) the certificate of an Independent Certified Public Accountant stating that the parity and coverage tests of the Prior Bonds have been met; and (2) the written consent of the Registered Owners of the Prior Bonds to the issuance of the Series 2008 A Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

I. The period of usefulness of the System after completion of the Project is not less than 40 years.

J. It is in the best interests of the Issuer that the Series 2008 A Bonds be sold to the Government pursuant to the terms and provisions of the Letter of Conditions.

K. The Issuer has complied with all requirements of West Virginia law and the Letter of Conditions relating to authorization of the acquisition, construction and operation of the Project and issuance of the Series 2008 A Bonds, or will have so complied prior to issuance of any thereof, including, among other things, the approval of the Project and the financing thereof by the United States Department of Agriculture and the obtaining of the PSC Order, the time for rehearing and appeal of which has expired or will have been waived prior to the issuance of the Series 2008 A Bonds.

Section 1.04. Resolution Constitutes Contract. In consideration of the acceptance of the Series 2008 A Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Registered Owners, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Bonds, all of which shall be of equal rank and without preference, priority or distinction between any one Bond and any other Bonds by reason of priority of issuance or otherwise, except as expressly provided therein and herein.

ARTICLE II

AUTHORIZATION OF ACQUISITION AND CONSTRUCTION OF PROJECT

Section 2.01. Authorization of Acquisition and Construction of Project. There is hereby authorized and ordered the acquisition and construction of the Project, at an estimated cost of not to exceed $450,000, in accordance with the plans and specifications prepared by the Consulting Engineers, approved by the Government and the Issuer and heretofore filed in the office of the Governing Body. The proceeds of the Series 2008 A Bonds shall be applied as provided in Article VI hereof. The Issuer has received bids and will enter into contracts for the acquisition and construction of the Project, which are in an amount and otherwise compatible with the financing plan submitted to the Government.

ARTICLE III

AUTHORIZATION, TERMS, EXECUTION, REGISTRATION AND SALE OF BONDS

Section 3.01. Authorization of Bonds. For the purposes of paying a portion of the costs of the Project and paying the costs of issuance of the Series 2008 A Bonds and related costs, there shall be and hereby are authorized to be issued negotiable Series 2008 A Bonds of the Issuer. The Series 2008 A Bonds shall be issued in one series, as a single bond, designated respectively as "Sewer Revenue Bonds, Series 2008 A (United States Department of Agriculture)," in the aggregate principal amount of not more than $450,000, and shall have such terms as are set forth hereinafter or in the Supplemental Resolution.

Section 3.02. Terms of Bonds. The Series 2008 A Bonds shall be issued in such principal amounts; shall bear interest at such rate or rates, not exceeding the legal maximum rate, payable monthly on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in the Supplemental Resolution or as specifically provided in the Series 2008 A Bonds.

The Series 2008 A Bonds shall be subject to prepayment of scheduled monthly installments, or any portion thereof, at the option of the Issuer, shall be payable as provided in the respective Bond form hereinafter set forth, and shall have such other terms not inconsistent with this Ordinance, as shall be set forth in the Supplemental Resolution and such Bond form.

Section 3.03. Execution of Bonds. The Series 2008 A Bonds shall be executed in the name of the Issuer by the manual or facsimile signature of the Mayor, and the seal of the Issuer shall be impressed thereon and attested by the manual or facsimile signature of the Recorder. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.04. Negotiability, Transfer and Registration. The Series 2008 A Bonds shall be and have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, but the Bonds, and the right to principal of and

stated interest on the Bonds, may only be transferred by transfer of the registration thereof upon the books of the Bond Registrar, by the party in whose name it is registered, in person or by attorney duly authorized in writing, upon surrender of the Bonds for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Bond Registrar.

Whenever the Series 2008 A Bonds shall be surrendered for registration of transfer, the Issuer shall execute and deliver a new Bond or Bonds in authorized denominations, for a like aggregate principal amount. The Bond Registrar shall require the payment by the new owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer.

No registration of transfer of the Series 2008 A Bonds shall be permitted to be made after the 15th day next preceding any installment payment date on such Bonds.

The Issuer shall be the Bond Registrar and will keep, or cause to be kept by its agent, at its office, books for the registration and transfer of the Series 2008 A Bonds and, upon presentation for such purpose, the Bond Registrar shall, under such reasonable regulations as it may prescribe, register the Bonds initially issued pursuant hereto and register the transfer, or cause to be registered by its agent, on such books, the transfer of the Bonds as hereinbefore provided.

The Bond Registrar shall accept the Series 2008 A Bonds for registration or transfer only if ownership thereof is to be registered in the name of the Government, an individual (including joint ownership), a corporation, a partnership or a trust, and only upon receipt of the social security number of each individual, the federal employer identification number of each corporation or partnership or the social security numbers of the settlor and beneficiaries of each trust and the federal employer identification number and date of each trust and the name of the trustee of each trust and/or such other identifying number and information as may be required by law. The Series 2008 A Bonds shall initially be fully registered as to both principal and interest in the name of the United States of America. So long as the Series 2008 A Bonds shall be registered in the name of the United States of America, the address of the United States of America for registration purposes shall be National Finance Office, 1520 Market Street, St. Louis, Missouri 63103, or such other address as shall be stated in writing to the Issuer by the United States of America.

Section 3.05. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Series 2006 Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue and deliver a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond,

upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Registered Owner's furnishing the Issuer proof of ownership and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur. All Bonds so surrendered shall be canceled and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.06. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System, as herein provided. No Registered Owner of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2008 A Bonds or the interest thereon.

Section 3.07. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2008 A Bonds shall be secured by a first lien on the Net Revenues on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Series 2008 A Bonds and the Prior Bonds and to make the payments into all funds and accounts provided for in this Ordinance and the Prior Ordinances, are hereby irrevocably pledged to such payments as they become due.

Section 3.08. Form of Bonds. The text of each series of the Series 2008 A Bonds shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof:

The principal of and interest on this Bond shall be paid in the following installments on the following dates: Monthly installments of interest only on the amounts advanced hereunder, commencing 30 days following the date of delivery of this Bond and continuing on the corresponding day of each month thereafter for the first 24 months after the date hereof, and thereafter, on the corresponding day of each month in installments of principal and interest in the aggregate amount of $1,958.00, except that the final installment shall be paid at the end of 40 years from the date of this Bond in the sum of the unpaid principal and interest due on the date thereof and except that prepayments may be made as provided below. This consideration shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to the Issuer as requested by the Issuer and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto as a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of the Issuer. Extra payments, as defined in the regulations of the Government, shall, after payment of interest, be applied to the installment last to come due under this Bond and shall not affect the obligation of the Issuer to pay the remaining installments as scheduled herein.

Any amount advanced or expended by the Government for the collection hereof, or to preserve or to protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government, shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by the Issuer to the Government without demand. The Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government. The Issuer has granted to the Government a lien on the proceeds of this Bond until such proceeds are expended for authorized purposes.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); and (ii) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements and extensions thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13 of the Code of West Virginia, 1931, as amended (the "Act"), a Bond Ordinance duly adopted by the Issuer on _____, 200_, and a Supplemental Resolution duly adopted by the Issuer on _____, 200 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Resolution provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Resolution.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1990, DATED APRIL 17, 1990, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF $618,000 AND THE SEWER REVENUE BONDS, SERIES 2001 A (WEST VIRGINIA SRF PROGRAM), DATED APRIL 11, 2001, ISSUED IN THE PRINCIPAL AMOUNT OF $638,000 (THE "PRIOR BONDS").

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the System, on a parity with the pledge of Net Revenues in favor of the registered owners of the Prior Bonds, and from moneys in the Series 2008 A Bonds Reserve Account created under the Bond Legislation for this Bond and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same or the interest hereon, except from said special fund provided from the Net Revenues, the moneys in the Series 2008 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on this Bond and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds; provided however, that so long as there exists in the Series 2008 A Bonds Reserve Account, an amount equal to the maximum amount of principal and interest which will become due on this Bond in any year, and in the respective reserve accounts for any other obligations outstanding on a parity with this Bond, including the Prior Bonds, an amount equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements in the Bond Legislation, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Secretary of the Issuer, as registrar (the "Registrar"), which shall be kept for that purpose at the office of the Registrar, by the Registered Owner or by its attorney or legal representative duly authorized in writing, upon surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney or legal representative duly authorized in writing.

Subject to the registration requirements in the Bond Legislation, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of acquisition and construction of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

The Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for such purposes and periods of time.

If at any time it so appears to the Government that the Issuer may be able to obtain a loan from a responsible cooperative or private creditor at reasonable rates and terms for loans for such purposes and period of time, the Issuer will at the Government's request apply for and accept such loan in sufficient amount to repay the Government.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

This Bond is given as evidence of a loan to the Issuer made or insured by the Government pursuant to the Rural Development Act of 1972. This Bond shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions hereof.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Bond Legislation, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, THE TOWN OF HARRISVILLE has caused this Bond to be signed by its Mayor and its corporate seal to be hereunto affixed and attested by its Recorder, and has caused this Bond to be dated as of the date first written above.

ARTICLE V

SYSTEM REVENUES AND APPLICATION THEREOF

Section 5.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are created with (or continued if previously established by the Prior Ordinances) and shall be held by the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and from each other:

(1) Revenue Fund (established by the Prior Ordinances);

(2) Depreciation Account (established by the Prior Ordinances);

(3) Renewal and Replacement Fund (established by the Prior Ordinances); and

(4) Series 2008 A Bonds Construction Trust Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special accounts are created with and shall be held by the Commission:

(1) Series 2008 A Bonds Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System and all parts thereof shall be deposited by the Issuer in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided. Funds in the Revenue Fund shall be disposed of only in the following manner and order of priorities and as provided in the Prior Ordinances.

(1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) The Issuer shall next, each month, from the moneys in the Revenue Fund, (i) make the interest payments on the Prior Bonds in the amounts and on the dates required by the Prior Ordinances; and (ii) commencing on the day which is 30 days following the date of delivery of the Series 2008 A Bonds and continuing on the corresponding day of each month, remit to the National Finance Office for deposit in the Series 2008 A Bonds Sinking Fund hereby established at the National Finance Office, the amount of interest set forth in the Series 2008 A Bonds.

(3) The Issuer shall next, each month, from the moneys in the Revenue Fund, (i) make the principal payments of the Prior Bonds in the amounts and on the dates required by the Prior Ordinances; and (ii) commencing on the day which is 24 months following the date of delivery of the Series 2008 A Bonds and continuing on the corresponding day of each month, remit to the National Finance Office for deposit in the Series 2008 A Bonds Sinking Fund, the amount of principal set forth in the Series 2008 A Bonds.

The deposits into the Series 2008 A Bonds Sinking Fund provided in this paragraph and in Section 5.03A (2) above, constitute actual payments of principal of and interest on the Series 2008 A Bonds to the Government.

(4) The Issuer shall next, each month, from the moneys in the Revenue Fund, (i) make the reserve account payments into the Reserve Accounts of the Prior Bonds in the amounts and on the dates required by the Prior Ordinances; and (ii) commencing on the day which is 24 months following the date of delivery of the Series 2008 A Bonds and continuing on the corresponding day of each month, remit to the Commission for deposit in the Series 2008 A Bonds Reserve Account, an amount equal to 1/120th of the Series 2008 A Bonds Reserve Requirement; provided that, no further payments shall be made into the Series 2008 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2008 A Bonds Reserve Requirement.

(5) The Issuer shall next, each month, from the moneys in the Revenue Fund, make the payments into the Depreciation Account in the amounts and on the dates required by the Prior Ordinances.

(6) The Issuer shall next, each month, transfer from the Revenue Fund and remit to the Depository Bank for deposit in the Renewal and Replacement Fund, an amount equal to 2 1/2% of the Gross Revenues each month (as previously set forth in the Prior Ordinances and not in addition thereto), exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided that, any deficiencies in any Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof, shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

(7) If all of the above required payments are then current, the Issuer may use any moneys remaining in the Revenue Fund for the following purposes: (a) for prepayment of the amount, or any part thereof, of the Bonds Outstanding in accordance with the terms thereof, (b) additions, betterments, improvements, or extensions to the System which the Consulting Engineers certify are needed and/or (c) payments of principal and interest on subordinate sewer revenue bonds, or other obligations which may hereafter be issued by the Issuer on account of the System.

Moneys in the Series 2008 A Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 2008 A Bonds as the same shall become due. Moneys in the Series 2008 A Bonds Reserve Account shall be used only for the purposes of paying principal of and interest on the Series 2008 A Bonds as the same shall come due, when other moneys in the respective Sinking Funds are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 2008 A Bonds Reserve Account (if fully funded) in an amount equal to the Series 2008 A Bonds Reserve Requirement shall be transferred, not less than once each year, to the Series 2008 A Bonds Construction Trust Fund during construction of the Project and thereafter, to the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 2008 A Bonds and then to the next ensuing principal payment due thereon on a pro rata basis.

Any withdrawals from the Series 2008 A Bonds Reserve Account which result in a reduction in the balance therein to below the respective Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full in the order set forth above.

As and when additional Bonds ranking on a parity with the Series 2008 A Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay any interest on such Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the respective reserve accounts in an amount equal to the requirement therefor.

Interest, principal, or reserve account payments, whether made for a deficiency or otherwise, shall be made on a parity and pro rata, with respect to the Series 2008 A Bonds and the Prior Bonds, in accordance with the respective principal amounts then outstanding.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2008 A Bonds Reserve Account created hereunder, and all amounts required for

such account shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein. If required by the Government, the Issuer shall make the necessary arrangements whereby required payments into the Series 2008 A Bonds Reserve Account shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates hereunder.

Moneys in the Series 2008 A Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Series 2008 A Bonds Sinking Fund and the Series 2008 A Bonds Reserve Account shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 2008 A Bonds under the conditions and restrictions set forth herein.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent, or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and the fees then due. If required by the Government, the Issuer shall make the necessary arrangements whereby payments to the Commission under this paragraph shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required hereunder.

D. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If, on any monthly payment date, the revenues are insufficient to place the required amount in any of the funds and accounts as herein above provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, that all deposits, including on account of deficiencies, shall be made in the order of priority set forth in Section 5.03A hereof, and no payment of lower priority shall be made if there exists a deficiency in a fund or account of higher priority.

F. All remittances made by the Issuer to the Commission and the Depository Bank shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

APPLICATION OF BOND PROCEEDS

Section 6.01. Application of Bond Proceeds. All moneys received from time to time from the sale of the Series 2008 A Bonds shall be deposited in the Series 2008 A Bonds Construction Trust Fund and shall be used solely to pay costs of the Project and until so expended, are hereby pledged as additional security for the Series 2008 A Bonds.

Section 6.02. Disbursements from Bond Construction Trust Fund. The Series 2008 A Bonds Construction Trust Fund shall be kept separate and apart from all other funds of the Issuer, and shall be drawn out, used and applied by the Issuer solely for the payment of the costs of the Project and purposes incidental thereto, including payment of any borrowings by the Issuer made for the purpose of temporarily financing a portion of the costs of the Project and payment of interest on the Series 2008 A Bonds prior to and during construction and for a period up to six months after completion of construction and for no other purposes whatsoever. If approved by the Government, the moneys in said fund shall be secured at all times by Government Obligations having a fair market value at least equal to the balance in said fund in excess of the amount insured by the FDIC. If for any reason the amounts on deposit in the Series 2008 A Bonds Construction Trust Fund are not necessary for, or are not applied to, such purposes, then such unapplied amounts shall be deposited by the Issuer as determined by the rules and regulations of the Government. All such proceeds shall constitute a trust fund for such purposes, and there is hereby created a lien upon such moneys, until so applied, in favor of the Registered Owners of the Series 2008 A Bonds.

Expenditures or disbursements from the Series 2008 A Bonds Construction Trust Fund shall be made only after such expenditures or disbursements have been approved in writing by the Governing Body, the Consulting Engineers and the Government.

The Issuer shall coordinate with the Government on the monthly payment of the costs of the Project and shall submit invoices and requisitions as directed by the Government.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Registered Owner of the Series 2008 A Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Registered Owner of the Series 2008 A Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as the Series 2008 A Bonds or the interest thereon are Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2008 A Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Registered Owner of the Series 2008 A Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Series 2008 A Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2008 A Bonds shall be secured by a first lien on the Net Revenues on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 2008 A Bonds and to make the payments into all funds and accounts and all other payments provided for in this Bond Legislation and the Prior Ordinances are hereby irrevocably pledged, in the manner provided herein and therein, to such payments as the same become due, and for the other purposes provided in this Bond Legislation and the Prior Ordinances.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by state law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of this Resolution and the Prior Ordinances. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in the sewer rate ordinance of the Issuer enacted on May 13, 2008.

So long as the Series 2008 A Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all

such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2008 A Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Resolution.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except in accordance with the terms of the Prior Ordinances. So long as the Series 2008 A Bonds are Outstanding and except as otherwise required by law or with the written consent of the Government, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Section 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2008 A Bonds, immediately be remitted to the Government for payment of principal of and interest on the Series 2008 A Bonds. Any balance, remaining after the payment of principal of and interest on the Series 2008 A Bonds, shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of $10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of $10,000 but not in excess of $50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property shall be deposited in the

Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of $50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Registered Owners of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as the Series 2008 A Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2008 A Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.07 hereof and in the Prior Ordinances (so long as the Prior Bonds are Outstanding). All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2008 A Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein and in the Prior Ordinances have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the liens of the Series 2008 A Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Series 2008 A Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

Section 7.07. Parity Bonds. So long as the Prior Bonds are Outstanding, no Parity Bonds shall be issued except in accordance with the terms of the Prior Ordinances. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Bond Legislation, except under the conditions and in the manner provided herein and with the prior written consent of the Government.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Prior Bonds and the Series 2008 A Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the design, acquisition or construction of extensions or improvements to the System or refunding any Bonds Outstanding, or both such purposes.

So long as the Series 2008 A Bonds are Outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Registered Owners of the Series 2008 A Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

(1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Bond Legislation then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the three succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from the improvements to be financed by such Parity Bonds and any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Series 2008 A Bonds and the Registered Owners of any Parity Bonds issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2008 A Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Government and its duly authorized agents and representatives to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination, and the Issuer shall submit to the Government such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Government and its agents and representatives to inspect all records pertaining to the operation and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Series 2008 A Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body.

The Issuer shall provide the Government each year or any Registered Owner of the Series 2008 A Bonds requesting the same, with an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation and the status of all said funds and accounts.

(C) The amount of any Bonds or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants (and to the extent legally required in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto) and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2008 A Bonds and shall submit said report to the Government. Such audit report submitted to the Government shall include a statement that the Issuer is in compliance with the terms and provisions of the Act and this Resolution and that the Gross Revenues are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Letter of Conditions and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Government and its agents and representatives to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Government and its agents and representatives with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Government with respect to the System pursuant to the Act.

Section 7.09. Rates. Prior to issuance of the Series 2008 A Bonds, approvals of equitable rates or charges for the use of and service rendered by the System shall have been obtained in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of

rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reductions in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2006 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirements are on deposit respectively in the Series 2008 A Bonds Reserve Account and the Reserve Accounts for obligations on a parity with the Series 2008 A Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 2008 A Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2008 A Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget. The Issuer shall annually, at least 30 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Government within 30 days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made, except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Government and to any Registered Owner of the Series 2008 A Bonds who shall file his address with the Issuer within 30 days of adoption thereof and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Government and any Registered Owner of the Series 2008 A Bonds or anyone acting for and on behalf of such Registered Owner.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain the certificate of the Consulting Engineers, certifying that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Government, the Project will be adequate for the purposes for which it was designed, the funding plan as submitted to the Government is sufficient to pay the costs of the acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained. The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Government, covering the supervision and inspection of the development and construction of the Project. The Issuer shall employ qualified operating personnel properly certified by the State to operate the System so long as the Series 2008 A Bonds are Outstanding.

Section 7.12. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals, or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent, to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State.

Whenever any fees, rates, rentals or other charges for the services or facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, fees, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations of the PSC, discontinue and shut off the services of the System to all delinquent users of the services of the System, and will not restore such services of the System until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid, and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of

the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. The Issuer hereby covenants and agrees that, so long as the Series 2008 A Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(A) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured prior to acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground insurable portions of the System, including machinery and equipment housed therein, in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(B) Public Liability Insurance, with limits of not less than $1,000,000 for personal liability to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 from claims for damage to property of others which may arise from the operation of the System.

(C) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated for the benefit of the Issuer, with limits of not less than $1,000,000 for personal liability to protect the Issuer from claims for bodily injury and/or death and not less than $500,000 from claims for damage to property of others which may arise from such operation of vehicles.

(D) Workers' Compensation Coverage for All Employees of the System Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each contractor dealing directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with Chapter 38, Article 2, Section 39 of the Code of West Virginia, 1931, as amended.

(E) Fidelity Bonds will be provided as to every member, officer and employee of the Issuer having custody of the Revenue Fund or of any other funds or property of the System in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount required by the Government and to be increased thereafter as necessary to cover the maximum amount of funds under control of that position at any one time.

(F) Flood Insurance will be obtained by the Issuer if available; however, if the System is located in a community which has been notified as having special flood or mudslide prone areas, flood insurance must be obtained.

(G) Construction Bonds. The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract. The Issuer shall verify such bonds prior to commencement of construction. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. The Issuer shall verify such insurance prior to commencement of construction.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the PSC, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer shall complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all federal and state requirements and standards.

The Issuer has obtained all permits required by state and federal laws for the acquisition and construction of the Project, all orders and approvals from the PSC and other

state agencies necessary for the acquisition and construction of the Project and the operation of the System and all approvals for the issuance of the Series 2008 A Bonds required by state law, with all requisite appeal periods having expired without successful appeal.

Section 7.18. Statutory Mortgage Lien. For the further protection of the Registered Owners of the Series 2008 A Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, and shall take effect immediately upon delivery of the Series 2008 A Bonds; provided however, that the statutory mortgage lien in favor of the Registered Owners of the Series 2008 A Bonds shall be on a parity with the statutory mortgage lien in favor of the Registered Owners of the Prior Bonds.

Section 7.19. Compliance with Letter of Conditions and Law. The Issuer shall perform, satisfy and comply with all the terms and conditions of the Letter of Conditions, this Bond Legislation and the Act. The Issuer shall also comply with all applicable laws, rules and regulations issued by the Government or other state, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.20. Contracts. The Issuer shall, simultaneously with the delivery of the Series 2008 A Bonds or immediately thereafter, enter into written contracts for the immediate acquisition or construction of the Project.

ARTICLE VIII

INVESTMENT OF FUNDS

Section 8.01. Investment of Funds. Any moneys held as a part of the funds and accounts created by this Bond Legislation, other than the Revenue Fund, shall be invested and reinvested by the Commission or the Depository Bank, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the owner, including the value of accrued interest and giving effect to the amortization of discount or at par if such investment is held in the "Consolidated Fund." The Commission shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank may make any and all investments permitted by this Section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Series 2008 A Bonds are Outstanding.

Notwithstanding the foregoing, any investments made pursuant to this Bond Legislation shall comply with the guidelines of the Government.

ARTICLE IX

DEFAULTS AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 2008 A Bonds:

(A) If default occurs in the due and punctual payment of the principal of or interest on any Series 2008 A Bonds; or

(B) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 2008 A Bonds set forth in this Bond Legislation, any Supplemental Resolution or the Series 2008 A Bonds and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Government, the Depository Bank, the Bond Registrar, any Paying Agent or a Registered Owner of a Bond; or

(C) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(D) If a default occurs under the Prior Ordinances or the Prior Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of the Series 2008 A Bonds may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Bond Legislation relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Series 2008 A Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Series 2008 A Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Series 2008 A Bonds, or the rights of such Registered Owners; provided however, that all rights and remedies of the Registered Owners of the Series 2008 A Bonds shall be on a parity with those of the Registered Owners of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of the Series 2008 A Bonds may, by proper legal action, compel the performance of the duties of the Issuer under this Bond Legislation and the Act, including, the completion of the Project, the making and collection of sufficient rates and charges for services rendered by the System and

segregation of the revenues therefrom and the application thereof. If there be any Event of Default, with respect to the Bonds, the Registered Owner shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and any interest thereon and the deposits into the funds and accounts herein provided and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of the System and shall hold, operate and maintain, manage and control the System, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to the System as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for any reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent Event of Default, any Registered Owner of Bonds issued pursuant to this Bond Legislation shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers herein above conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of Bonds issued pursuant to this Bond Legislation. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System, for the sole purpose of the protection of both the Issuer and Registered Owners, and the curing and making good of any default under the provisions of this Bond Legislation, and the title to and ownership of the System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order

or decree permitting or requiring such receiver to sell, mortgage, or otherwise dispose of any assets of the System.

ARTICLE X

PAYMENT OF BONDS

Section 10.01. Payment of Bonds. If the Issuer shall pay, or there shall otherwise be paid, to the Registered Owners of the Series 2008 A Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then this Bond Legislation and the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 2008 A Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

Except through direct payment of the entire outstanding principal of and all accrued interest on the Series 2008 A Bonds to the Registered Owners thereof, the Issuer may not defease the Series 2008 A Bonds or provide for payment thereof by escrow or other similar arrangements.

ARTICLE XI

Ladies and Gentlemen:

We have reviewed the sewer rates of the Town of Harrisville (the "Issuer"), enacted by the Issuer on July 9, 2013, the projected operating expenses and the anticipated customer usage provided by Cerrone Associates, Inc., the consulting engineer of the Issuer. It is our opinion, based upon the Rule 42 prepared by Cerrone Associates, Inc. and the conclusions of the Public Service Commission of West Virginia in Case No. 13-0509-S-CN, that such rates are sufficient (i) to provide for all operating expenses of the sewer facilities of the Issuer (the "System"), and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for the payment of principal of and interest on above-referenced bonds (collectively, the "Series 2013 Bonds") and the Issuer's Sewer Revenue Bonds, Series 1990 (United States Department

of Agriculture) (the "Series 1990 Bonds"), Sewer Revenue Bonds, Series 2001 A (West Virginia SRF Program) (the "Series 2001 A Bonds") and Sewer Revenue Bonds, Series 2008 A (United States Department of Agriculture) (the "Series 2008 A Bonds," and collectively with the Series 1990 Bonds and the Series 2001 A Bonds, the "Prior Bonds").

It is further our opinion that, based upon the Rule 42 prepared by Cerrone Associates, Inc. and the conclusions of the Public Service Commission of West Virginia in Case No. 13-0509-S-CN, (i) the Net Revenues for the fiscal year following the year in which the Series 2013 Bonds are to be issued will be at least 120% of the average annual debt service requirements on the Prior Bonds and the Series 2013 Bonds; and (ii) the Net Revenues actually derived from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of the Series 2013 Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2013 Bonds, will not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for principal of and interest on the Prior Bonds and the Series 2013 Bonds.

Very truly yours,

Re: Town of Harrisville Sewer Revenue Bonds,
Series 2013 B (United States Department of Agriculture)

Ladies and Gentlemen:

We have served as bond counsel to the Town of Harrisville (the "Issuer") in connection with the issuance of its Sewer Revenue Bonds, Series 2013 B (United States Department of Agriculture), dated the date hereof (the "Bonds").

We have examined certified copies of proceedings and other papers relating to the issuance of the Bonds. The Bonds are issued in the principal amount of $2,072,000, in the form of one bond and bear interest from the date hereof, on the amount advanced thereunder, at the rate of 2.50% per annum.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13 of the Code of West Virginia, 1931, as amended (the "Act"), and have been authorized by a Bond Ordinance duly passed by the Issuer on October 15, 2013, effective November 12, 2013, as supplemented by a Supplemental Resolution duly adopted by the Issuer on December 11, 2013 (collectively, the "Ordinance"). The Bonds are issued for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); and (ii) paying certain costs of issuance and related costs. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Ordinance when used herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

Charleston, WV • Clarksburg, WV • Martinsburg, WV • Morgantown, WV • Wheeling, WV
Denver, CO • Evansville, IN • Lexington, KY • Canton, OH • Pittsburgh, PA • Washington, DC

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to enact the Ordinance and to issue and sell the Bonds, all under the Act and other applicable provisions of law.

2. The Issuer has legally and effectively adopted the Ordinance and all other necessary resolutions in connection with the issuance and sale of the Bonds. The Ordinance constitutes a valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms thereof.

3. The Bonds have been duly authorized, issued, executed and delivered by the Issuer and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and a pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Prior Bonds and the Series 2013 A Bonds, all in accordance with the terms of the Bonds and the Ordinance.

4. Under the Act, the Bonds and the interest thereon are exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

5. The Bonds have not been issued on the basis that the interest thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

No opinion is given herein as to the effect upon the enforceability of the Bonds under any applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or the exercise of judicial discretion or principles of equity in appropriate cases.

We have examined the executed Bond numbered BR-1 and in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,

Jackson Kelly PLLC

Re: Town of Harrisville Sewer Revenue Bonds,
Series 2013 A (United States Department of Agriculture) and
Sewer Revenue Bonds, Series 2013 B (United States
Department of Agriculture)

Ladies and Gentlemen:

I am counsel to the Town of Harrisville (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Jackson Kelly PLLC, as bond counsel, relating to the above-captioned bonds of the Issuer (the "Bonds"), the letter of conditions dated July 31, 2012, amended October 29, 2012, from the United States of America, United States Department of Agriculture, Rural Utilities Service (the "Government"), a Bond Ordinance duly passed by Council of the Issuer (the "Council") on October 15, 2013, effective November 12, 2013, as supplemented by a Supplemental Resolution duly adopted on December 11, 2013 (collectively, the "Ordinance"), a Petition of the Sanitary Board duly adopted on October 8, 2013, and other documents relating to the Bonds and the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Ordinance when used herein.

I am of the opinion that:

1. The Issuer is a duly created and validly existing municipal corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System and to adopt the Ordinance, all under the Act and other applicable provisions of law.

2. The Mayor, the Recorder and members of the Council and Sanitary Board have been duly, lawfully, and properly appointed or elected, have taken the requisite oaths and are thereby authorized to act on behalf of the Issuer in their respective capacities.

3. The Ordinance has been duly adopted by the Council and is in full force and effect.

4. The execution and delivery of the Bonds and the consummation of the transactions contemplated by the Ordinance and the Bonds and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any ordinance, order, resolution, agreement, document or other instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, court order or consent decree to which the Issuer is subject.

5. The Issuer has received all permits, licenses, approvals, consents, certificates, orders, exemptions, registrations and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges for use of the System, including, without limitation, all requisite permits, approvals, orders and certificates from the Public Service Commission of West Virginia. The Issuer has taken all actions required for the imposition of such rates and charges, including, without limitation, the adoption of an Ordinance prescribing such rates and charges. The Issuer has received the Recommended Decision of the Administrative Law Judge dated October 23, 2013, as made final by the PSC Order entered on November 11, 2013, in Case No. 13-0509-S-CN, among other things, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the financing for the Project. The time for appeal of the PSC Order has expired prior to the date hereof without any appeal having been filed.

6. To the best of my knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Bonds and the Ordinance, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, the collection of the Gross Revenues or the pledge of the Net Revenues for payment of the Bonds.

7. All successful bidders have made the required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon my review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, I am of the opinion that such surety bonds and policies (1) are in compliance with the contracts; (2) are adequate in form, substance and amount to protect the various interest of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act and the Ordinance; and (5) all such

documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Ira M. Haught, Esquire
