The Project and the System

2.1 The Project shall generally consist of the construction and acquisition of the facilities described in the Application, to be, being or having been constructed in accordance with plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers, the Authority having found, to the extent applicable, that the Project is consistent with the applicable comprehensive plan of water management approved by the Director of the West Virginia Division of Natural Resources* (or in the process of preparation by such

* Now administered by the West Virginia Division of Environmental Protection.

Director), has been approved by the West Virginia Bureau of Public Health and is consistent with the standards set by the West Virginia Water Resources Board for the waters of the State affected thereby.

2.2 Subject to the terms, conditions and provisions of this Loan Agreement and of the Local Act, the Governmental Agency has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers.

2.3 All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Governmental Agency, subject to any mortgage lien or other security interest as is provided for in the Local Statute unless a sale or transfer of all or a portion of said property is approved by the Authority.

2.4 The Governmental Agency agrees that the Authority and its duly authorized agents shall have the right at all reasonable times to enter upon the Project site and Project facilities and to examine and inspect the same. The Governmental Agency further agrees that the Authority and its duly authorized agents and representatives shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. The Governmental Agency shall permit the Authority, acting by and through its Director or his duly authorized agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at any and all reasonable times for the purpose of audit and examination, and the Governmental Agency shall submit to the Authority such documents and information as it may reasonably require in connection with the construction, acquisition and installation of the Project, the operation and maintenance of the System and the administration of the Loan or of any State and federal grants or other sources of financing for the Project.

2.6 The Governmental Agency agrees that it will permit the Authority and its agents and representatives to have access to the records of the Governmental Agency pertaining to the operation

and maintenance of the System at any reasonable time following completion of construction of the Project and commencement of operation thereof or if the Project is an improvement to an existing system at any reasonable time following commencement of construction.

2.7 The Governmental Agency shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract, as security for the faithful performance of such contract.

2.8 The Governmental Agency shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project facilities are completed and accepted by the Governmental Agency, the Governmental Agency or (at the option of the Governmental Agency) the contractor shall maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Governmental Agency, the prime contractor and all subcontractors, as their interests may appear. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Governmental Agency on or before the Date of Loan Closing, as hereinafter defined, and maintained so long as any of the Local Bonds is outstanding. Prior to commencing operation of the Project, the Governmental Agency must also obtain, and maintain so long as any of the Local Bonds is outstanding, business interruption insurance if available at a reasonable cost.

ARTICLE III

Conditions to Loan; Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting

Engineers to such effect the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the Resolution or Tax Regulatory Agreement with respect to the exclusion of the interest on the Bonds from gross income of the holder thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project) with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the

accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied

to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

ARTICLE IV

Local Bonds; Security for Loan;
Repayment of Loan; Interest on Loan;
Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least

one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the

Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xix) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xx) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that

term is defined in the Code) from time to time as the Authority may request.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

4.4 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.5 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.6 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.7 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.8 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the Authority's bonds.

4.9 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Imposition and Collection of User Charges;
Payments To Be Made by
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in

the Local Act and in compliance with the provisions of Subsection 4.1(b) (ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the

Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. 6.4 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Loan.

6.5 The Governmental Agency hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for Federal income tax purposes of interest on the Local Bonds.

6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.8 The Governmental Agency hereby agrees to file with the Authority upon completion of acquisition and construction of

the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

The Honorable Larry Cline
President
Mingo County Commission
Post Office Box 2239
Williamson, West Virginia 25661-1197

Dear Commissioner Cline:

On September 29, 1989, the Mingo County Commission received a commitment of \$491,958 in Small Cities Block Grant funds for the Justice Public Service District's Water System.

The SCBG award was based upon your immediate need for funds; and, therefore, only \$286,958 was made available from the FY 1989 allocation, with a commitment to evaluate your progress and provide the remaining funding from future allocations.

Based upon the Mingo County Commission's ability to proceed with this worthwhile community development project, I am committing the remaining \$205,000 from the FY 1990 Small Cities allocation. Your existing SCBG contract will be amended to include the additional funds.

It is with great pleasure that I am able to work with you to make this improvement a reality.

Sincerely

Gaston Caperton
Governor

ASSOCIATION WATER OR SEWER SYSTEM GRANT AGREEMENT

THIS AGREEMENT dated March 26, _____, 19 92, between
JUSTICE PUBLIC SERVICE DISTRICT

a public corporation organized and operating under Article II, Section 1 of the Constitution of
the State of West Virginia

(Authorizing Statute)

herein called "Grantee," and the United States of America acting through the Farmers Home Administration, Department of Agriculture, herein called "Grantor," WITNESSETH:

WHEREAS

Grantee has determined to undertake a project of acquisition, construction, enlargement, or capital improvement of a (water) (sewer) system to serve the area under its jurisdiction at an estimated cost of \$ 1,116,000 and has duly authorized the undertaking of such project.

Grantee is able to finance not more than \$ 857,958 of the development costs through revenues, charges, taxes or assessments, or funds otherwise available to Grantee resulting in a reasonable user charge.

Said sum of \$ 857,958 has been committed to and by Grantee for such project development costs.

Grantor has agreed to grant the Grantee a sum not to exceed \$ 258,042 or 80 percent of said development costs, whichever is the lesser, subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

NOW, THEREFORE, In consideration of said grant by Grantor to Grantee, to be made pursuant to ~~Section 306(a)~~ of the The appalachian Regional Commission Act of 1965 as amended Consolidated Farm and Rural Development Act for the purpose only of defraying a part not to exceed 80 percent of the development costs, as defined by applicable Farmers Home Administration instructions.

GRANTEE AGREES THAT GRANTEE WILL:

- A. Cause said project to be constructed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any modifications thereof prepared by Grantee and approved by Grantor.
- B. Permit periodic inspection of the construction by a representative of Grantor during construction.
- C. Comply with any measures identified in the Government's environmental impact analysis for this facility for the purpose of avoiding or reducing the adverse environmental impacts of the facility's construction or operation.
- D. Comply with all applicable state and federal laws and regulations and manage, operate and maintain the system, including this project if less than the whole of said system, continuously in an efficient and economical manner.
- E. Make the services of said system available within its capacity to all persons in Grantee's service area without discrimination as to race, color, religion, sex, national origin, age, marital status, or physical or mental handicap (possess capacity to enter into legal contract for services) at reasonable charges, including assessments, taxes, or fees in accordance with a schedule of such charges, as approved by the Public Service Commission of West Virginia whether for one or more classes of service, ~~and not to be used in any way for the purpose of providing a special rate schedule for any class of service.~~ The initial rate schedule must be approved by Grantor. Thereafter, Grantee may make such modifications to the rate system as long as the rate schedule remains reasonable and nondiscriminatory.

F. Adjust its operating costs and service charges from time to time to provide for adequate operation and maintenance, emergency repair reserves, obsolescence reserves, debt service and debt service reserves.

G. Expand its system from time to time to meet reasonably anticipated growth or service requirements in the area within its jurisdiction.

H. Provide Grantor with such periodic reports as it may require and permit periodic inspection of its operations by a representative of the Grantor.

I. To execute Forms FmHA 400-1, "Equal Opportunity Agreement," and FmHA 400-4, "Assurance Agreement," and any other agreements required by Grantor which Grantee is legally authorized to execute. If any such forms have been executed by Grantee as a result of a loan being made to Grantee by Grantor contemporaneously with the making of this Grant, another form of the same type need not be executed in connection with this Grant.

J. Upon any default under its representations or agreements set forth in this instrument, or in the instruments incident to the awarding of the grant, Grantee, at the option and demand of Grantor, to the extent legally permissible, will repay to grantor forthwith the original amount of the grant received with the interest accruing thereon from the date of default at the market rate for water and waste disposal loan assistance in effect on the date hereof or at the time the default occurred, whichever is greater. Default by the Grantee will constitute termination of the grant thereby causing cancellation of Federal assistance under the grant. The provisions of this Grant Agreement may be enforced by Grantor, at its option and without regard to prior waivers by it of previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grant Agreement or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant Agreement and the laws and regulations under which this grant is made.

K. Return immediately to Grantor, as required by the regulations of Grantor, any grant funds actually advanced and not needed by Grantee for approved purposes.

L. Use the real property including land, land improvements, structures, and appurtenances thereto, for authorized purposes of the grant as long as needed.

1. Title to real property shall vest in the recipient subject to the condition that the Grantee shall use the real property for the authorized purpose of the original grant as long as needed.

2. The Grantee shall obtain approval by the Grantor agency for the use of the real property in other projects when the Grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs or programs that have purposes consistent with those authorized for support by the Grantor.

3. When the real property is no longer needed as provided in 1 and 2 above, the Grantee shall request disposition instructions from the Grantor agency or its successor Federal agency. The Grantor agency shall observe the following rules in the disposition instructions:

(a) The Grantor may be permitted to retain title after it compensates the Federal Government in an amount computed by applying the Federal percentage of participation in the cost of the original project to the fair market value of the property.

(b) The Grantee may be directed to sell the property under guidelines provided by the Grantor agency and pay the Federal Government an amount computed by applying the Federal percentage of participation in the cost of the original project to the proceeds from sale (after deducting actual and reasonable selling and fix-up expenses, if any, from the sale proceeds). When the Grantee is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(c) The Grantee may be directed to transfer title to the property to the Federal Government provided that in such cases the Grantee shall be entitled to compensation computed by applying the Grantee's percentage of participation in the cost of the program or project to the current fair market value of the property.

The Grant Agreement covers the following described real property (use continuation sheets as necessary).

The water system consists of approximately 32,000 LF. of PVC waterline.

(1) One 150,000 gallon storage tank and (1) one water treatment facility including appurtenances thereto.

M. Abide by the following conditions pertaining to nonexpendable personal property which is furnished by the Grantor or acquired wholly or in part with grant funds. Nonexpendable personal property means tangible personal property having a useful life of more than one year and an acquisition cost of \$300 or more per unit. A Grantee may use its own definition of nonexpendable personal property provided such definition would at least include all tangible personal property as defined above.

1. Use of nonexpendable property.

(a) The Grantee shall use the property in the project for which it was acquired as long as needed. When no longer needed for the original project, the Grantee shall use the property in connection with its other Federally sponsored activities, if any, in the following order of priority:

(1) Activities sponsored by FmHA.

(2) Activities sponsored by other Federal agencies.

(b) During the time that nonexpendable personal property is held for use on the project for which it was acquired, the Grantee shall make it available for use on other projects if such other use will not interfere with the work on the project for which the property was originally acquired. First preference for such other use shall be given to FmHA sponsored projects. Second preference will be given to other Federally sponsored projects.

2. Disposition of nonexpendable property. When the Grantee no longer needs the property as provided in paragraph (a) above, the property may be used for other activities in accordance with the following standards:

(a) Nonexpendable property with a unit acquisition cost of less than \$1,000. The Grantee may use the property for other activities without reimbursement to the Federal Government or sell the property and retain the proceeds.

(b) Nonexpendable personal property with a unit acquisition cost of \$1,000 or more. The Grantee may retain the property for other uses provided that compensation is made to the original Grantor agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the property. If the Grantee has no need for the property and the property has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

The Grantor agency shall determine whether the property can be used to meet the agency's requirements. If no requirement exists within that agency, the availability of the property shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by the Grantor agency to determine whether a requirement for the property exists in other Federal agencies. The Grantor agency shall issue instructions to the Grantee no later than 120 days after the Grantee request and the following procedures shall govern:

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the property and reimburse the Grantor agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share \$100 or ten percent of the proceeds, whichever is greater, for the Grantee's selling and handling expenses.

(2) If the Grantee is instructed to ship the property elsewhere the Grantee shall be reimbursed by the benefitting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the property, plus any reasonable shipping or interim storage costs incurred.

(3) If the Grantee is instructed to otherwise dispose of the property, the Grantee shall be reimbursed by the Grantor agency for such costs incurred in its disposition.

3. The Grantee's property management standards for nonexpendable personal property shall also include:

(a) Property records which accurately provide for: a description of the property; manufacturer's serial number or other identification number; acquisition date and cost; source of the property; percentage (at the end of budget year) of Federal participation in the cost of the project for which the property was acquired; location, use and condition of the property and the date the information was reported; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(b) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the existence, current utilization, and continued need for the property.

(c) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft of nonexpendable property shall be investigated and fully documented.

(d) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(e) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

This Grant Agreement covers the following described nonexpendable property (use continuation sheets as necessary).

All tangible items together with appurtenant furnishings and equipment, including all accessions, repairs, and replacements associated with the proposed facility.

N. Provide Financial Management Systems which will include:

1. Accurate, current, and complete disclosure of the financial results of each grant. Financial reporting will be on an accrual basis.

2. Records which identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

3. Effective control over and accountability for all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

4. Accounting records supported by source documentation.

O. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. G. The period of usefulness of the System after completion of the Project is not less than 40 years.

H. It is in the best interests of the Issuer that the Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bonds, or will have so complied prior to issuance of any Bonds, including, among other things, the obtaining of the PSC Order, the time for rehearing and appeal of which expired or the rights of all parties to appeal have been waived.

Section 1.04. Resolution Constitutes Contract. In consideration of the acceptance of the Bonds by those who shall be the Registered Owners of the same from time to time, this Resolution shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders and the covenants and agreements herein set forth to be performed by the Issuer shall be for the benefit, protection and security of the Registered Owners of any and all of such Bonds.

Said Bonds shall be issued in one series, to be designated "Justice Public Service District Waterworks Revenue Bonds, Series 1993," in the aggregate principal amount of not more than \$439,000 and shall have such terms as are set forth hereinafter or in the Supplemental Resolution. The proceeds of the Bonds remaining after funding of the Reserve Accounts (if funded from Bond proceeds) and capitalization of interest, if any, shall be deposited in the Construction Trust Fund established by Section 4.01 hereof.

Section 3.02. Terms of Bonds. The Bonds shall bear interest at such rate or rates, not exceeding the then legal maximum, payable semiannually on such dates; shall mature on such dates and in such amounts; and shall be redeemable, in whole or in part, all as the Issuer shall prescribe in the Supplemental Resolution. The Bonds shall be payable as to principal at the office of the Paying Agent, in any coin or currency which on the dates of payment of principal is legal tender for the payment of public or private debts under the laws of the United States of America. Interest on the Bonds shall be paid by check or draft of the Paying Agent mailed to the Registered Owner thereof at the address as it appears on the books of the Bond Registrar, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner thereof.

Unless otherwise provided by this Resolution, the Bonds shall be issued in the form of a single bond, fully registered to the Authority, with a debt service schedule attached, and shall mature in principal installments, all as provided in this Resolution. The Bonds shall be exchangeable at the option and expense of the Holder for other fully registered Bonds in aggregate principal amount equal to the amount of said Bonds then Outstanding and being exchanged, with principal installments or maturities, as applicable, corresponding to the dates of payment of principal installments of said Bonds; provided, that the Authority shall not be obligated to pay any expenses of such exchange.

Subsequent series of Bonds, if any, shall be issued in fully registered form and in denominations as determined by a Supplemental Resolution. The Bonds shall be dated as of the date

specified in the Supplemental Resolution and shall bear interest from such date.

Section 3.03. Additional Terms of Bonds. Section 3.04. Execution of Bonds. The Bonds shall be executed in the name of the Issuer by the Chairman, and the seal of the Issuer shall be affixed thereto or imprinted thereon and attested by the Secretary. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Issuer before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Issuer by such person as at the actual time of the execution of such Bonds shall hold the proper office in the Issuer, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

Section 3.05. Authentication and Registration. No Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until the Certificate of Authentication and Registration on such Bond, substantially in the forms set forth in Section 3.10, shall have been manually executed by the Bond Registrar. Any such executed Certificate of Authentication and Registration upon any such Bond shall be conclusive evidence that such Bond has been authenticated, registered and delivered under this Resolution. The Certificate of Authentication and Registration on any Bond shall be deemed to have been executed by the Bond Registrar if manually signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the Certificate of Authentication and Registration on all of the Bonds issued hereunder.

Section 3.06. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner in accepting any of said Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State, and each successive Registered Owner shall

further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as any of the Bonds remain Outstanding, the Issuer, through the Bond Registrar, shall keep and maintain books for the registration and transfer of the Bonds.

The Bonds shall be transferable only upon the books of the Bond Registrar, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the Registered Owner or his duly authorized attorney.

In all cases in which the privilege of exchanging the Bonds or transferring the Bonds is exercised, Bonds shall be delivered in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obligated to make any such exchange or transfer of Bonds during the period commencing on the fifteenth day of the month preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.07. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing proof of its ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.08. Bonds not to be Indebtedness of the Issuer. The Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the respective Reserve Accounts. No Holder or Holders of any of the Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Bonds or the interest thereon. The Issuer has no taxing powers.

Section 3.09. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of all the Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and to make the payments into the Sinking Fund, the Reserve Account therein and the Renewal and Replacement Fund hereinafter established, and are hereby irrevocably pledged to the payment of the principal of and interest on the 1993 Bonds as the same become due.

No. AR-

\$_____

KNOW ALL MEN BY THESE PRESENTS: That JUSTICE PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Mingo County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of _____ (\$_____), in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning _____ 1, 199_. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the Registered Owner hereof at the address as it appears on the books of _____, _____, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity, in whole or in part, but only with the express written consent of the Authority and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority dated _____, 199_.

This Bond is one of a series of Bonds (the "Bonds") issued in the original principal amount of \$_____ (i) to pay a portion of the costs of acquisition and construction of a waterworks distribution system of the Issuer (the "Project"); (ii)

to pay interest on the Bonds during the construction of the Project and for approximately six months thereafter; and (iii) to pay certain costs of issuance hereof and related costs. This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), and a Resolution duly adopted by the Issuer on _____, 199__, and is subject to all the terms and conditions thereof. The Resolution provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Resolution.

Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside in a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Net Revenues, the moneys in the Reserve Account and unexpended Bond Proceeds. Pursuant to the Resolution, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with any of the Bonds, provided however, that so long as the Reserve Account is funded at an amount at least equal to the maximum amount of principal and interest which will come due on said Bonds in the then current or any succeeding year, and the reserve account for any other obligations outstanding on a parity with the Bonds is funded at an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owners of the Bonds for the terms of which reference is made to the Resolution. Remedies provided the Registered Owners of the Bonds are exclusively as provided in the Resolution, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Resolution,

only upon the books of the Registrar by the Registered Owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the Registered Owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provisions of the Act is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the Costs of the Project described in the Resolution, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the owner of this Bond.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Resolution, supplemental resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are created with and shall be held by the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund;
- (2) Renewal and Replacement Fund;
- (3) Construction Trust Fund; and
- (4) Rebate Fund.

Section 4.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby established with the Commission:

- (1) Series 1993 Bonds Sinking Fund;

(a) Within the Series 1993 Bonds Sinking Fund, the Series 1993 Bonds Reserve Account.

Section 4.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month commencing seven months prior to the first date of payment of interest on the Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Sinking Fund and the next semiannual interest payment

date is less than seven months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, on the first day of each month commencing 13 months prior to the first date of payment of principal on the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month commencing 13 months prior to the first date of payment of principal of the Bonds, if not fully funded upon issuance of the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Reserve Account, an amount equal to 1/120 of the Reserve Requirement; provided, that no further payments shall be made into the Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Reserve Requirement.

(5) From the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the month succeeding the first full calendar month after commencement of operation of the Project, transfer to the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of the Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection

4.03(A)(4), shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the Bonds as the same shall become due. Moneys in the Reserve Account shall be used only for the purpose of paying principal of and interest, on the Bonds, as the same shall come due, when other moneys in the attendant Sinking Fund are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Sinking Fund and Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall be deposited for use in the Earnings Fund as required by Section 7.03.

Any withdrawals from the Reserve Account which result in a reduction in the balance of the Reserve Account to below the Reserve Requirement therefor shall be subsequently restored from the first Net Revenues available after all required payments to the Sinking Fund or the Reserve Account including deficiencies for prior payments, have been made in full.

As and when additional Bonds ranking on a parity with the Bonds are issued, provision shall be made for additional payments into the Sinking Fund sufficient to pay any interest on such Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Reserve Account in an amount equal to the maximum provided and required to be paid into the Sinking Fund in any year for account of the Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Fund created hereunder, and all amounts required for said Sinking Fund shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 7.01 hereof.

The Sinking Fund, including the Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Bonds and any Parity Bonds that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Fund, including the Reserve Account therein, and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Excess Revenues. Excess Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent, or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent, or the Depository Bank as the case may be, shall require, such additional sums as shall be necessary to pay the charges and the fees then due.

D. The moneys in excess of the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, that all deposits, including on account of deficiencies, shall be made in the order of priority set forth in Paragraph (A), above, and no payment of lower priority shall be made if there exists a deficiency in a fund or account of higher priority. No such deficiency shall exist solely because the required payments into the Reserve Account have not, as of such date, funded such account to the requirement therefor.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and used for any lawful purpose of the System.

B. From the proceeds of the Bonds, there shall be deposited with the Commission in the Reserve Account the sums, if any, set forth in this Resolution for funding of the Reserve Account.

C. The remaining moneys derived from the sale of the Bonds shall be deposited with the Depository Bank in the Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 5.02.

Except as provided in Section 5.01 hereof, disbursements from the Construction Trust Fund (except for the costs of issuance of the Bonds originally authorized hereby, which shall be made upon request of the Issuer), shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

The Issuer shall thereafter apply such moneys in full, first to the next ensuing interest payment, if any, due on the Bonds and thereafter to the next ensuing principal payment due thereon.

Any balance remaining after the redemption or payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall, upon receipt of approval of the Registered Owners, if needed, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Fund and shall be applied only to the purchase or redemption of Bonds of the last maturities then Outstanding at prices not greater than the applicable redemption price, or, if not redeemable, par, or otherwise in the Renewal and Replacement Fund. The payment of

such proceeds into the Sinking Fund or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of sixty-six and two-thirds (66 2/3%) in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 6.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 6.07 hereof. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Account and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the respective liens of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution, or upon the System or any part thereof.

Section 6.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions or improvements to the System or refunding Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The 1993 Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the three succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

B. Notwithstanding the foregoing, or any provision of Section 6.06 to the contrary, additional Bonds may be issued pursuant to a Supplemental Resolution solely for the purpose of completing the Project as described in the application to the Authority and in accordance with the plans and specifications of the Consulting Engineer, in the event that the Bonds should be insufficient, together with other funds lawfully available therefore, to pay all costs of construction and acquisition of the project without regard to the restrictions set forth in this Section 6.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds and provided further that prior to the issuance of such Parity Bonds and under the provisions of this paragraph, the Consulting Engineers shall file with the Secretary a certificate to the effect that additional funds are necessary for such purpose. All such Parity Bonds authorized and issued under the provisions of this paragraph shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of the

construction costs to complete the Project, and the maturities of any such Parity Bonds shall be in years and amounts suggested by the Authority.

Section 6.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Resolution shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed by the Uniform System of accounts promulgated by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system, which may be installed remote from the direct supervision of the Governing Body, shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, and the Authority, or any other original purchaser of the Bonds, and shall mail in each year to any Holder or Holders of Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues, and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Bonds, Notes or other obligations outstanding and secured by a lien on the Net Revenues of the System.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of Bonds and shall submit said report to the Authority, or any other original purchaser of the Bonds. Such audit report submitted to the Authority shall include a statement

that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Resolution.

Section 6.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System, including any reserves required by the PSC Order or any supplement or amendment thereto and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds; provided that, in the event that amounts equal to or in excess of the Reserve Requirement are on deposit in the Reserve Account and the reserve accounts for obligations on a parity with the Bonds are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Bonds.

Section 6.10. Operating Budget and Audit. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within thirty days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be

made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Section 6.11. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 6.12. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 6.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any

department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue and the issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 6.14. Insurance. The Issuer will carry such insurance, in such amounts as is customarily carried with respect to works and properties similar to the System, with a reputable insurance carrier or carriers, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority, so long as the Authority is the Owner of the Bonds. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their interests may appear, in accordance with the Loan Agreement, during construction of the Project, in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be disposed of as provided in this Resolution and otherwise shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. The Issuer shall carry such other insurance as is required by the Authority, including but not limited to flood insurance and business interruption insurance, to the extent available at reasonable cost to the Issuer.

Section 6.15. Connections. To the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto.

Section 6.16. Completion, Operation and Maintenance. The Issuer will expeditiously complete the Project in accordance with the plans and specifications prepared by the Consulting Engineers and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of the System in the manner provided in this Resolution.

Section 6.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PUBLIC PURPOSE BONDS. The Issuer shall use the Bond proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Issuer.

B. PRIVATE ACTIVITY BOND COVENANT. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds as 'private activity bonds' within the meaning of the Code. The Issuer will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Bonds.

C. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

D. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

E. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax exempt status of the Bonds, including without limitation the information return required under Section 149(e) of the Code.

F. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludable from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 6.18. Statutory Mortgage Lien. For the further protection of the Registered Owners of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, and shall take effect immediately upon delivery of the Bonds and shall be for the benefit of all Registered Owners of Bonds.

Section 6.19. PSC Order. The Issuer shall comply with the conditions of the PSC Order and any supplement or amendment thereto.

ARTICLE VII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 7.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 7.01.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once a year, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records relating thereto so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of intent on the Bonds from gross income for Federal income tax purposes.

Section 7.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the

Bonds so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Bonds so that the interest on the Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 7.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution on account of the Bonds, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code or the Loan Agreement, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to the Construction Trust Fund until completion of the Project, and thereafter to the Revenue Fund.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the Bonds the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess

Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date for the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bonds, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual

Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of six years following the retirement of the Bonds records of the determinations made pursuant to this Section 7.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 7.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority and shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as that term is defined in the Code) from time to time as the Authority may request.

J. AMENDMENTS TO THIS SECTION. Notwithstanding any of the provisions herein to the contrary, the Issuer agrees to amend the provisions of this Section from time to time at the direction of the Authority in order to insure continuing compliance with Section 7.02 hereof.

ARTICLE VIII

DEFAULT AND REMEDIES

Section 8.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Resolution, any Supplemental Resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Bond Registrar, any Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 8.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners.

Section 8.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Bonds any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of

a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have

any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

All Bonds shall, prior to the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in the first paragraph of this section if there shall have been deposited with the Commission or its agent either moneys in an amount which shall be sufficient, or securities the principal of and the interest on which, when due, will provide moneys which, together with other moneys, if any, deposited with the Commission at the same time, shall be sufficient to pay, when due, the principal installments of and interest due and to become due on said Bonds on and prior to the next redemption date or the maturity date thereof. Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay, when due, the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity date thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. WATERWORKS REVENUE BOND, SERIES 1993

No. AR-1

\$439,000

KNOW ALL MEN BY THESE PRESENTS: That JUSTICE PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Mingo County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of Four Hundred Thirty-Nine Thousand and 00/100 (\$439,000), in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest rate on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning April 1, 1994. Principal installments of this Bond are payable in any coin or currency which; on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the Registered Owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar") on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity, in whole or in part, but only with the express written consent of the Authority and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority dated November 24, 1993.

This Bond is one of a series of Bonds (the "Bonds") issued in the original principal amount of \$439,000 (i) to pay a portion of the costs of acquisition and construction of a waterworks distribution system of the Issuer (the "Project"); (ii) to pay interest on the Bonds during the construction of the Project and for approximately six months thereafter; and (iii) to pay certain costs of issuance hereof and related costs. This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Act"), and a Resolution and Supplemental

Resolution (collectively, the "Resolution") duly adopted by the Issuer on November 24, 1993, and is subject to all the terms and conditions thereof. The Resolution provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Resolution.

This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Resolution) to be derived from the operation of the System, moneys in the Series 1993 Bonds Reserve Account created under the Resolution for the Bonds (the "Reserve Account") and unexpended proceeds of the Bonds (the "Bond Proceeds"). Such Net Revenues shall be sufficient to pay the principal of and interest on all bonds which may be issued pursuant to the Act and which shall be set aside in a special fund hereby pledged for such purpose. This Bond does not constitute a corporate indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, nor shall the Issuer be obligated to pay the same or the interest hereon except from said special fund provided from the Net Revenues, the moneys in the Reserve Account and unexpended Bond Proceeds. Pursuant to the Resolution, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount required in any year for debt service on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with any of the Bonds, provided however, that so long as the Reserve Account is funded at an amount at least equal to the maximum amount of principal and interest which will come due on said Bonds in the then current or any succeeding year, and the reserve account for any other obligations outstanding on a parity with the Bonds is funded at an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owners of the Bonds for the terms of which reference is made to the Resolution. Remedies provided the Registered Owners of the Bonds are exclusively as provided in the Resolution, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Resolution, only upon the books of the Registrar by the Registered Owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the Registered Owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provisions of the Act is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the Costs of the Project described in the Resolution, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the owner of this Bond.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened, and have been performed in due time, form

and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Resolution, supplemental resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

IN WITNESS WHEREOF, JUSTICE PUBLIC SERVICE DISTRICT has caused this Bond to be signed by its Chairman and its corporate seal to be hereunto affixed and attested by its Secretary, and has caused this Bond to be dated November 24, 1993.

CERTIFICATE OF ACCOUNTANT AS TO COVERAGE

I, the undersigned Larry D. Smith, Certified Public Accountant, hereby certifies that I have reviewed the water service rates which were adopted by the Justice Public Service District (the "District") and which were approved in the Recommended Decision of the Public Service Commission of West Virginia ("PSC") granting the District a Certificate of Convenience and Necessity, approving the financing of the Project and approving the rates, dated May 21, 1993, which became the Final Order of the PSC on May 29, 1993, as reopened and amended by the Final Order of the PSC dated September 13, 1993. It is my opinion that those rates are adequate to pay operation and maintenance expenses of the waterworks system of the District, and to meet the debt service coverage requirements of the Bond Resolution and Supplemental Resolution adopted by the Public Service Board (the "Board") of the District on November 24, 1993, as supplemented, and are sufficient to comply with the provisions of the Loan Agreement entered into among the District and the West Virginia Water Development Authority on November 24, 1993.

WITNESS my signature as of this 24th day of November, 1993.

The Series 1993 Bonds are in the principal amount of \$439,000, issued in the form of one bond registered to the Authority, with principal payable October 1 of each year, beginning October 1, 1994, and with interest payable April 1 and October 1 of each year, beginning April 1, 1994, at the rate set forth in Exhibit A incorporated in and made a part of the Series 1993 Bonds.

The Series 1993 Bonds are issued for the purposes of paying a portion of the costs of acquiring and constructing a waterworks distribution system for the Governmental Agency (the "Project"), paying interest on the Series 1993 Bonds during construction of the Project and for up to six months thereafter and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), under which the Series 1993 Bonds are issued, and the Loan Agreement that has been undertaken. The Series 1993 Bonds have been authorized by a bond resolution (the "Resolution") and a Supplemental Resolution duly passed by the Governmental Agency on November 24, 1993, (collectively the "Local Act"), which contain provisions and covenants substantially in the form of those set forth in the Loan Agreement. The Series 1993 Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

2. The Loan Agreement inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a duly organized and presently existing public corporation with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Series 1993 Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively adopted the Local Act and all other necessary resolutions and orders in connection with the issuance and sale of the Series 1993 Bonds.

5. The Series 1993 Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the net revenues of the System referred to in the Local Act and are secured by a first lien on and pledge of the net revenues of said System.

6. The Governmental Agency has reserved the right to issue additional bonds ranking on a parity with the Series 1993 Bonds, as provided in the Local Act.

7. The interest on the Series 1993 Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in the preceding sentence is subject to the condition that the Governmental Agency comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Series 1993 Bonds in order that interest thereon be (or continue to be) excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Series 1993 Bonds to be includable in gross income retroactive to the date of issuance of the Series 1993 Bonds. The Governmental Agency has covenanted to comply with all such requirements. We express no opinion regarding other federal tax consequences with respect to the Series 1993 Bonds.

8. The Series 1993 Bonds and the interest thereon are, by the Local Statute, exempt from all taxation by the State of West Virginia and the other taxing bodies of the State.

It is to be understood that the rights of the holders of the Series 1993 Bonds and the enforceability of the Series 1993 Bonds and the Local Act may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that such enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined executed Series 1993 Bonds numbered AR-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

Very truly yours,

Toddson & Kelly

Re: Justice Public Service District \$439,000 Waterworks
Revenue Bonds, Series 1993

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of the Justice Public Service District Waterworks Revenue Bonds, Series 1993, in the aggregate principal amount of \$439,000 (the "Bonds") of the Justice Public Service District (the "District"), a political subdivision organized and existing under the laws of the State of West Virginia, and a Certificate as to Non-Arbitrage executed by Terry Hamrick, Chairman of the District on this date. In the Certificate as to Non-Arbitrage, the District represented that the proceeds of the issuance of the Bonds will not be used in a manner that would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986 (the "Code").

Based upon such Certificate as to Non-Arbitrage, we are of the opinion that the facts, estimates and circumstances set forth in the Certificate as to Non-Arbitrage are sufficient to satisfy the requirements of Section 148 of the Code to support the conclusion that the Bonds are not "arbitrage bonds" as therein defined. No matters have come to our attention which make unreasonable or incorrect such statements, expectations or representations.

Assuming compliance with the certifications, representations, warranties and covenants contained in such Certificate as to Non-Arbitrage, under existing statutes, regulations, rulings and court decisions, the proceeds from the sale of the Bonds deposited in the Construction Trust Fund described in such Certificate as to Non-Arbitrage will not be subject to rebate to the United States under Section 148(f) of the Code.

Accordingly, it is our opinion that, under existing statutes and court decisions, the Bonds are not "arbitrage bonds" as so defined.

The opinions set forth above are subject to the condition that the District comply with all requirements of the Code relating to arbitrage that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The District has covenanted to comply with all such requirements. Failure to comply with such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds.

Very truly yours,

Joshua V Kelly

IN RE: Justice Public Service District \$439,000 Waterworks
Revenue Bonds, Series 1993

Gentlemen:

I am counsel to the Justice Public Service District (the "District"). As such counsel, I have examined copies of the approving opinion of Jackson & Kelly, as bond counsel, relating to the above-captioned Bond, a Bond Resolution adopted by the Public Service Board of the District on November 24, 1993, as supplemented by a Supplemental Resolution adopted November 24, 1993 (collectively, the "Resolution") and other documents relating to the above-captioned Bonds of the District. Terms used in said opinions and Resolution and not otherwise defined herein have the same meanings herein.

I am of the opinion that:

1. The District was duly and legally created and the members of the Public Service Board (the "Board") of the District were duly and properly elected or appointed and are thereby authorized to act on behalf of the District.

2. The Resolution has been duly adopted by the District and is in full force and effect.

3. The District has received all the necessary permits, licenses, approvals and authorizations that are presently obtainable to construct the Project. The District has received a certificate of public convenience and necessity with respect to the Project from the Public Service Commission of West Virginia and said certificate is in full force and effect and the appeal period thereon has expired without appeal.

4. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public council or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by or the validity of the Bonds, the construction of the Project, the operation of the System or the collection of Revenues or the pledge of Net Revenues to the payment of the Bonds.

5. By Resolution adopted November 24, 1993, the District adopted a schedule of rates to be charged for use of the System. This schedule of rate has been approved by the Public Service Commission of West Virginia. An independent certified public accountant has certified that the rates are sufficient to pay operation and maintenance expenses of the System, to pay debt service on the Bonds, and to meet the coverage requirements in the Bond Resolution and the Loan Agreement. Under the Act, the District has full authority to establish rates and pledge revenues from said rates to the payment of the Bonds.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

CECIL C. VARNEY

RE: \$439,000 JUSTICE PUBLIC SERVICE DISTRICT
WATERWORKS REVENUE BONDS, SERIES 1993

Gentlemen:

I have served as special counsel to the County Commission of Mingo County, West Virginia (the "County Commission") and was active in proceedings conducted before the County Commission and the Public Service Commission of West Virginia regarding the recreation of Justice Public Service District (the "District"). I have reviewed a Recommended Decision entered by the Public Service Commission on West Virginia on November 18, 1993, which became the Final Order of the Public Service Commission on November 23, 1993, approving the re-creation of the District.

In my capacity as special counsel to the Commission and based upon such Final Order, I am of the opinion that Justice Public Service District was duly and legally created pursuant to Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended, (the "Act") and is presently existing as a public service district, public corporation and political subdivision of the State of West Virginia, with full power and authority to, among other things, (i) acquire, construct and operate a waterworks system for the District and (ii) issue and sell bonds to finance the acquisition and construction of such a waterworks system, or any improvements thereto, all under the provisions of the Act and other applicable provisions of law.

Very truly yours,

Robert R. Rodecker
