3.3 The Local Bonds shall be secured and shall be repaid in the manner hereinafter provided in this Bond Purchase Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Local Government by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority, DEP and the Local Government. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Closing." (iii) to create a renewal and replacement, or similar, fund in an amount equal to two and one-half percent (2-1/2%) of the gross revenues from the System, exclusive of any payments into the Reserve Account, for the purpose of improving or making emergency repairs or replacements to the System or eliminating any deficiencies in the Reserve Account; and

(iv) for other legal purposes of the System, including payment of debt service on other obligations junior, subordinate and inferior to the Local Bonds.

Provided, that if the Local Government has existing outstanding indebtedness which has greater coverage or renewal and replacement fund requirements, then the greater requirements will prevail until said existing indebtedness is paid in full.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by a pledge of either the net or gross revenues of the System as provided in the Local Act;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the Reserve Account is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount equal to the Reserve Requirement and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Local Government will not grant any franchise to provide any services which would compete with the System;

(xi) That the Local Government shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority and DEP, which report shall include a statement that the Local Government is in compliance with the terms and provisions of the Local Act and this Bond Purchase Agreement and that the Local Government's revenues are adequate to meet its Operating Expenses and debt service and reserve requirements;

(xii) That the Local Government shall annually adopt a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority and DEP within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, advanced from time to time, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Local Government and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim financing of such Local Government, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the Authority and DEP, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Local Government may authorize redemption of the Local Bonds with 30 days written notice to the Authority;

The Local Government hereby represents and warrants that the Local Act has been or shall be duly adopted or enacted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, validity, sale and delivery of the Local Bonds shall be approved without qualification by nationally recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit G.

4.2 The Local Bonds shall be secured by the pledge and assignment by the Local Government, as effected by the Local Act, of the fees, charges and other revenues of the Local Government from the System.

4.3 At least five percent (5%) of the proceeds of the Local Bonds will be advanced on the Date of Closing. The remaining proceeds of the Local Bonds shall be advanced by the DEP monthly as required by the Local Government to pay Costs of the Project, provided, however, if the proceeds of the Local Bonds will be used to repay an interim financing, the proceeds will be advanced on a schedule mutually agreeable to the Local Government, the DEP and the Authority. The Local Bonds shall not bear interest during the construction period but interest shall commence accruing on the completion date as defined in the SRF Regulations, provided that the annual repayment of principal and payment of interest shall begin not later than one (1) year after the completion date. The repayment of principal and interest on the Local Bonds shall be as set forth on Schedule Y hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.4 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Local Government. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series.

4.5 As provided by the SRF Regulations, the Local Government agrees to pay from time to time, if required by the Authority and DEP, the Local Government's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be determined by the Authority and shall include, without limitation, Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for any bonds or notes to be issued by the Authority for contribution to the Fund and the fees and expenses of any corporate trustee for the Fund.

4.6 The obligation of the Authority to purchase the Local Bonds shall be conditioned upon the availability of moneys in the Fund in such amount and on such terms and conditions as, in the sole judgment of the Authority, will enable it to purchase the Local Bonds.

6.1 The Local Government hereby acknowledges to the Authority and DEP its understanding of the provisions of the Act, vesting in the Authority and DEP certain powers, rights and privileges with respect to wastewater treatment projects in the event of default by the Local Government in the terms and covenants of this Bond Purchase Agreement, and the Local Government hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Local Government shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Bond Purchase Agreement.

6.2 The Local Government hereby warrants and represents that all information provided to the Authority and DEP in this Bond Purchase Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's purchasing and receiving the Local Bonds, the Authority and DEP shall have the right to cancel all or any of their obligations under this Bond Purchase Agreement if (a) any representation made to the Authority and DEP by the Local Government in connection with the issuance of the Local Bonds shall be incorrect or incomplete in any material respect or (b) the Local Government has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of the Act, the SRF Regulations or this Bond Purchase Agreement.

6.3 The Local Government hereby agrees to repay on or prior to the Date of Closing any moneys due and owing by it to the Authority or any other lender for the planning or design of the Project, provided that such repayment shall not be made from the proceeds of the Local Bonds.

6.4 The Local Government hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Local Government fails to make any such rebates as required, then the Local Government shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for federal income tax purposes of interest on the Local Bonds.

6.5 Notwithstanding Section 6.4, the Authority and DEP may at any time, in their sole discretion, cause the rebate calculations prepared by or on behalf of the Local

7.6 By execution and delivery of this Bond Purchase Agreement, notwithstanding the date hereof, the Local Government specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

7.7 This Bond Purchase Agreement shall terminate upon the earlier of:

(i) written notice of termination to the Local Government from either the Authority or DEP;

(ii) the end of ninety (90) days after the date of execution hereof by the Authority or such later date as is agreed to in writing by DEP if the Local Government has failed to deliver the Local Bonds to the Authority;

(iii) termination by the Authority and DEP pursuant to Section 6.2 hereof; or

(iv) payment in full of the principal of and interest on the Local Bonds and of any fees and charges owed by the Local Government to the Authority or DEP; provided that the amount of the Local Bonds purchased under this Bond Purchase Agreement in any succeeding fiscal year is contingent upon funds being appropriated by the State legislature or otherwise being available to purchase the Local Bonds. In the event funds are not appropriated or otherwise available to purchase all of the Local Bonds, the responsibility of the Authority and DEP to purchase the Local Bonds is terminated; provided further that the obligation of the Local Government to repay the outstanding amount of the Local Bonds is not terminated due to such non-funding on any balance of the Local Bonds. The DEP agrees to use its best efforts to have the amount contemplated under this Bond Purchase Agreement included in its budget. Non-appropriation or non-funding of the Loan shall not be considered an event of default under this Bond Purchase Agreement.

(iv) That, except as otherwise required by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action regarding the use of the proceeds of the Local Bonds, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall provide the Authority with annual financial information and such other information as is necessary for the Authority to meet its ongoing disclosure requirements;

(xix) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached hereto as Exhibit A, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project and all permits required by federal and State laws for construction of the Project have been obtained;

Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.6 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. 5.3 In the event the Governmental Agency defaults in any payment due to the Authority pursuant to this Loan Agreement, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 7 of the Act, including, without limitation, the right to impose, enforce and collect charges of the System.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

7.4 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

7.5 No waiver by either party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.6 This Loan Agreement supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.7 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Governmental Agency specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be specifically enforced or subject to a similar equitable remedy by the Authority.

INSTRUCTIONS FOR COMPLETING MONTHLY FINANCIAL REPORT

- Item 1 You will need a copy of the current fiscal year budget adopted by the Governmental Agency to complete Items 1 and 2. In Item 1, provide the amount of actual **Gross Revenues** for the current month and the total amount year-to-date in the respective columns. Divide the budgeted annual Gross Revenues by 12. For example, if Gross Revenues of \$1,200 are anticipated to be received for the year, each month the base would be increased by \$100 ($\$1,200/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 2 Provide the amount of actual **Operating Expenses** for the current month and the total amount year-to-date in the respective columns. Any administrative fee should be included in the Operating Expenses. Divide the budgeted annual Operating Expenses by 12. For example, if Operating Expenses of \$900 are anticipated to be incurred for the year, each month the base would be increased by \$75 ($\$900/12$). This is the incremental amount for the Budget Year-to-Date column.
- Item 3 Provide the **Bond Payments (principal, interest and reserve account)** for all the outstanding bonds of the Governmental Agency according to the source of funding. For example, Clean Water State Revolving Fund loan from Department of Environmental Protection, Drinking Water Treatment Revolving Fund loan from Bureau for Public Health, Infrastructure Fund loan from Infrastructure and Jobs Development Council, or a loan from the Water Development Authority, etc.
- Item 4 Provide the amount deposited into the **Renewal and Replacement Fund** each month. This amount is equal to 2.5% of Gross Revenues minus the total reserve account payments included in Item 3. If Gross Revenues are \$1,200, then \$30 (2.5% of \$1,200), LESS the amount of all reserve account payments in Item 3 should be deposited into the Renewal and Replacement Fund. The money in the Renewal and Replacement Fund should be kept separate and apart from all other funds of the Governmental Agency.

The Governmental Agency must complete the Monthly Financial Report and forward it to the Water Development Authority by the 10th day of each month, commencing on the date contracts are executed for the acquisition or construction of the Project and for two years following the completion of acquisition or construction of the Project.

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A , Chapter 22C, Article 1 and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Kanawha Falls Public Service District (the "Issuer") is a public service district, public corporation and political subdivision of the State of West Virginia in Fayette County of said State.

B. The Issuer presently owns and operates a public sewerage system. However, it is deemed necessary and desirable for the health, safety, convenience and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and extensions to the existing public sewer facilities of the Issuer, consisting of increasing the capacity of the Issuer's treatment plant, upgrading its sludge handling system and pump stations and extending its main line to connect to the City of Smithers' sewer system, together with all appurtenant facilities (collectively, the "Project"), which constitute public service properties for the collection, treatment, purification or disposal of liquid or solid wastes, sewage or industrial wastes (the existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System"), in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer. Upon completion of the Project, the City of Smithers will abandon its old treatment plant and pump its effluent into the Issuer's System.

C. The Issuer intends to permanently finance a portion of the costs of acquisition and construction of the Project through the issuance of its revenue bonds to the West Virginia Water Development Authority (the "Authority").

D. It is deemed necessary for the Issuer to issue its Sewer Revenue Bonds in the total aggregate principal amount of not more than \$2,100,400, in two series (collectively, the "Series 2003 Bonds"), being the Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program), in the aggregate principal amount of not more than \$1,990,400 (the "Series 2003 A Bonds"), and the Sewer Revenue Bonds, Series 2003 B (West Virginia Water Development Authority), in the aggregate principal amount of not more than \$110,000 (the "Series 2003 B Bonds"), to permanently finance a portion of the costs of acquisition and construction of the Project. The remaining costs of the Project shall be funded from the sources set forth in Section 2.01 hereof. Such costs shall be deemed to include the cost of acquisition and construction of any public service properties and any improvements and extensions thereto, the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest, if any, on the Series 2003 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the respective Reserve Account for the Series 2003 Bonds (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the

feasibility or practicability of the enterprise, administrative expense, commitment fees, fees and expenses of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 2003 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 2003 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that (i) the Series 2003 A Bonds be sold to the Authority pursuant to the terms and provisions of a bond purchase agreement by and among the Issuer, the Authority and the West Virginia Department of Environmental Protection (the "DEP"), and (ii) the Series 2003 B Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement by and between the Issuer and the Authority, in form satisfactory to the respective parties (collectively, the "Loan Agreement"), approved hereby if not previously approved by resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank on a parity with the Series 2003 Bonds as to liens, pledge, source of and security for payment, being the (i) Sewer Revenue Bonds, Series 1981, dated October 14, 1982, issued in the original principal amount of \$2,400,000 (the "Series 1981 Bonds"), and (ii) Sewer Revenue Bonds, Series 1993 A, dated October 12, 1993, issued in the original principal amount of \$2,872,937 (the "Series 1993 A Bonds" and collectively with the Series 1981 Bonds, the "Prior Bonds").

The Series 2003 Bonds shall be issued on a parity with the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. Prior to the issuance of the Series 2003 Bonds, the Issuer will obtain (i) the certificate of an Independent Certified Public Accountant stating that the coverage and parity tests of the Prior Bonds are met; and (ii) the written consent of the Registered Owner of the Prior Bonds to the issuance of the Series 2003 Bonds on a parity with the Prior Bonds. Other than the Prior Bonds, there are no other outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The estimated revenues to be derived in each year following completion of the Project from the operation of the System will be sufficient to pay all Operating

Expenses of the System, the principal of and interest, if any, on the Series 2003 Bonds and the Prior Bonds and all funds and accounts and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition and construction of the Project; the operation of the System and the issuance of the Series 2003 Bonds, or will have so complied prior to issuance thereof, including, among other things and without limitation, the approval of the Project and the financing thereof by the West Virginia Infrastructure and Jobs Development Council (the "Council") and the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia (the "PSC") by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 2003 Bonds or such final order will not be subject to appeal or rehearing.

The Series 2003 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited. The Issuer shall also on the first day of each month (if the first day is not a business day, then the first business day of each month) deposit with the Commission the SRF Administrative Fee set forth in the Schedule Y attached to the Loan Agreement for the Series 2003 A Bonds.

C. The Issuer shall complete the "Monthly Payment Form," a form of which is attached to the Loan Agreement, and submit a copy of said form, together with a copy of its payment check to the Authority by the 5th day of such calendar month.

D. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in the Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

E. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the respective parties shall require, such additional sums as shall be necessary to pay their respective charges and fees then due. In the case of payments to the Commission under this paragraph, the Issuer shall, if required by the Authority at any time, make the necessary arrangements whereby such

required payments shall be automatically debited from the Revenue Fund and electronically transferred to the Commission on the dates required.

F. The moneys in excess of the maximum amounts insured by FDIC in all funds and accounts shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. The Gross Revenues of the System shall only be used for purposes of the System.

ARTICLE VI

(e) After completion of construction of the Project, as certified by the Consulting Engineers, and all costs have been paid, any remaining proceeds of the Series 2003 B Bonds shall be expended as directed by the Authority.

Section 6.02. Disbursements From the Bond Construction Trust Fund.

A. On or before the Closing Date, the Issuer shall have delivered to the DEP and the Authority a report listing the specific purposes for which the proceeds of the Series 2003 A Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments of all costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Series 2003 Bonds Construction Trust Fund shall be made only after submission to and approval from the DEP and the Authority of the following:

(1) A completed and signed "Payment Requisition Form," in the form attached to the Loan Agreement for the Series 2003 A Bonds, in compliance with the construction schedule, and

(2) A certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

B. Except as provided in Section 6.01 hereof, disbursements from the Series 2003 Bonds Construction Trust Fund shall be made only after submission to the Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating that:

(a) None of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(b) Each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a cost of the Project;

(c) Each of such costs has been otherwise properly incurred; and

(d) Payment for each of the items proposed is then due and owing.

Pending such application, moneys in the Series 2003 Bonds Construction Trust Fund shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Bond Legislation shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Registered Owner of the Series 2003 Bonds. In addition to the other covenants, agreements and provisions of this Bond Legislation, the Issuer hereby covenants and agrees with the Registered Owner of the Series 2003 Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as the Series 2003 Bonds or the interest, if any, thereon are Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Series 2003 Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Bond Legislation. No Registered Owner of the Series 2003 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 2003 Bonds or the interest, if any, thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position with respect to Prior Bonds. The payment of the debt service of the Series 2003 A Bonds and the Series 2003 B Bonds shall be secured forthwith equally and ratably with each other by a first lien on the Net Revenues, on a parity with the lien on the Net Revenues in favor of the Registered Owners of the Prior Bonds. The Net Revenues in an amount sufficient to pay the principal of and interest, if any, on the Series 2003 Bonds and the Prior Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation and the Prior Resolutions are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The Issuer has obtained any and all approvals of rates and charges required by State law and has taken any other action required to establish and impose such rates and charges, with all requisite appeal periods having expired without successful appeal. Such rates and charges shall be sufficient to comply with the requirements of the Loan Agreement. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth in and approved by the PSC Order and such rates are hereby adopted.

So long as the Series 2003 Bonds are Outstanding, the Issuer covenants and agrees to fix and collect rates, fees and other charges for the use of the System and to take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and in compliance with the Loan Agreement. In the event the schedule of rates, fees and charges initially established for the System in connection with the Series 2003 Bonds shall prove to be insufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement, the Issuer hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges and take all such actions necessary to provide funds sufficient to produce the required sums set forth in this Bond Legislation and the Loan Agreement.

Section 7.05. Sale of the System. So long as the Prior Bonds are Outstanding, the System may not be sold, transferred, mortgaged, leased or otherwise disposed of, except in accordance with the terms of the Prior Resolutions. Additionally, so long as the Series 2003 Bonds are Outstanding and except as otherwise required by law or with the written consent of the DEP and the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of, except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to fully pay all the Bonds Outstanding in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 2003 Bonds, be remitted to the respective Sinking Funds and applied to the payment of principal of and interest, if any, on the Series 2003 Bonds. Any balance remaining after the payment of the Series 2003 Bonds and interest, if any, thereon shall be remitted to the Issuer unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution duly adopted, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other

disposition of such property in accordance with the laws of the State. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. The payment of such proceeds into the Renewal and Replacement Fund shall not reduce the amount required to be paid into said fund by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Registered Owners of the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 2003 Bonds. All obligations issued by the Issuer after the issuance of the Series 2003 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 2003 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 2003 Bonds, and the interest thereon, if any, upon any or all of the income and revenues of the System pledged for payment of the Series 2003 Bonds and the interest thereon, if any, in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority and the DEP prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are Outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds, payable out of the revenues of the System, shall be issued after the issuance of the Series 2003 Bonds pursuant to this Bond Legislation, except

with the prior written consent of the Authority and the DEP under the conditions and in the manner herein provided.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 2003 Bonds.

No such Parity Bonds shall be issued except for the purposes of financing the costs of the design, acquisition or construction of extensions and improvements to the System or refunding any Outstanding Bonds, or both such purposes.

So long as the Series 1981 Bonds are Outstanding, no Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues for the Fiscal Year following the year in which such Parity Bonds are to be issued shall be at least 120% of the average annual debt service requirements on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The foregoing limitation may be waived or modified by the written consent of the Registered Owners of the Series 1981 Bonds, representing 75% of the then-outstanding principal indebtedness. In the event the foregoing limitation is waived or when the Series 1981 Bonds are no longer Outstanding, the following parity requirement shall be met:

No Parity Bonds shall be issued at any time, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, if any, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest, if any, on the following:

- (1) The Bonds then Outstanding;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of issuance of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Independent Certified Public Accountants, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Registered Owners of the Bonds and the Registered Owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 2003 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Audit. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any State and federal grants or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation and maintenance of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Registered Owner of the Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the PSC. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the DEP, the Authority, or any other original purchaser of the Series 2003 Bonds, and shall mail in each year to any Registered Owner of the Series 2003 Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants in compliance with the applicable OMB Circular, or any successor thereto, and the Single Audit Act, or any successor thereto, to the extent legally required, and shall mail upon request, and make available generally, the report of the Independent Certified Public Accountants, or a summary thereof, to any Registered Owner of the Series 2003 Bonds, and shall submit said report to the Authority and the DEP, or any other original purchaser of the Series 2003 Bonds. Such audit report submitted to the Authority and the DEP shall include a statement that the Issuer is in compliance with the terms and provisions of the Act, the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Operating Expenses and debt service and reserve requirements.

Subject to the terms, conditions and provisions of the Loan Agreement and the Act, the Issuer has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared by the Consulting Engineers. All real estate and interests in real estate and all personal property constituting the Project and the Project site heretofore or hereafter acquired shall at all times be and remain the property of the Issuer.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction and commencement of operation of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in the Loan Agreement or as promulgated from time to time.

Section 7.09. Rates. Prior to the issuance of the Series 2003 Bonds, equitable rates or charges for the use of and service rendered by the System shall be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Reserve Accounts for the Series 2003 Bonds and the reserve accounts for obligations on a parity with the Series 2003 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Series 2003 Bonds and all other obligations secured by a lien on or payable from such revenues on a parity with the Series 2003 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services described in Section 7.04.

Section 7.10. Operating Budget and Monthly Financial Report. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by a professional engineer, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in

excess of 10% of the amount of such budget shall be made except upon the further certificate of a professional engineer that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and the DEP and to any Registered Owner of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and the DEP and to any Registered Owner of any Bonds, or anyone acting for and in behalf of such Registered Owner of any Bonds.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement, and forward a copy of such report to the Authority and the DEP by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, certifying, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority and the DEP, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority and the DEP is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate engineering services satisfactory to the Authority and the DEP, covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a "Performance Certificate," a form of which is attached to the Loan Agreement, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is

90% completed. The Issuer shall at all times provide operation and maintenance of the System in compliance with all State and federal standards.

The Issuer shall employ qualified operating personnel properly certified by the State before the Project is 50% complete and shall retain such a certified operator to operate the System during the entire term of the Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 50% completion stage.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the PSC and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 20 days after the same shall become due and payable, the user of the services and facilities shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the PSC, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System and any services and facilities of the water system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the water facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the water provider, subject to any required approval of such agreement by the PSC and all rules, regulations and orders of the PSC.

Section 7.14. No Free Services. Except as required by law, the Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same

rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Series 2003 Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. KNOW ALL MEN BY THESE PRESENTS: That KANAWHA FALLS PUBLIC SERVICE DISTRICT, a public service district, public corporation and political subdivision of the State of West Virginia in Fayette County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY (the "Authority") or registered assigns, the sum of ONE MILLION NINE HUNDRED NINETY THOUSAND FOUR HUNDRED DOLLARS (\$1,990,400), or such lesser amount as shall have been advanced to the Issuer hereunder and not previously repaid, as set forth in the "Record of Advances" attached as EXHIBIT A hereto and incorporated herein by reference, in quarterly installments on March 1, June 1, September 1 and December 1 of each year, commencing June 1, 2005, as set forth on the "Debt Service Schedule" attached as EXHIBIT B hereto and incorporated herein by reference. The SRF Administrative Fee (as defined in the hereinafter described Bond Legislation) on this Bond shall also be payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing June 1, 2005, as set forth on EXHIBIT B attached hereto.

This Bond shall bear no interest. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent").

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and the West Virginia Department of Environmental Protection (the "DEP"), and upon the terms and conditions prescribed by, and otherwise in compliance with, the Bond Purchase Agreement by and among the Issuer, the Authority and the DEP, dated October 23, 2003.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); (ii) to fund a reserve account for this Bond; and (iii) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), a Bond Resolution duly adopted by the Issuer on November 4, 2003, and a Supplemental Resolution duly adopted by the Issuer on November 4, 2003 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS, WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1981, DATED OCTOBER 14, 1982, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$2,400,000 (THE "SERIES 1981 BONDS"); (2) SEWER REVENUE BONDS, SERIES 1993 A, DATED OCTOBER 12, 1993, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$2,872,937 (THE "SERIES 1993 A BONDS"); AND (3) SEWER REVENUE BONDS, SERIES 2003 B (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY), DATED NOVEMBER 6, 2003, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$110,000 (THE "SERIES 2003 B BONDS"). This Bond is payable only from and secured by a pledge of the Net Revenues (as defined in the Bond Legislation) to be derived from the System, on a parity with the pledge of Net Revenues in favor of the registered owners of the Prior Bonds and the Series 2003 B Bonds, and from moneys in the reserve account created under the Bond Legislation for this Bond (the "Series 2003 A Bonds Reserve Account") and unexpended proceeds of this Bond. Such Net Revenues shall be sufficient to pay the principal of and interest, if any, on all bonds which may be issued pursuant to the Act and shall be set aside as a special fund hereby pledged for such purpose. This Bond does not constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provisions or limitations, nor shall the Issuer be obligated to pay the same, except from said special fund provided from the Net Revenues, the moneys in the Series 2003 A Bonds Reserve Account and unexpended proceeds of this Bond. Pursuant to the Bond Legislation, the Issuer has covenanted and agreed to establish and maintain just and equitable rates and charges for the use of the System and the services rendered thereby, which shall be sufficient, together with other revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount of principal of and

interest, if any, on this Bond payable in any year and all other obligations secured by a lien on or payable from such revenues on a parity with this Bond, including the Prior Bonds and the Series 2003 B Bonds; provided however, that so long as there exists in the Series 2003 A Bonds Reserve Account, an amount at least equal to the maximum amount of principal and interest, if any, which will become due on this Bond in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding on a parity with this Bond, including the Prior Bonds and the Series 2003 B Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the Registered Owner (as defined in the Bond Legislation) of this Bond for the terms of which reference is made to the Bond Legislation. Remedies provided the Registered Owner of this Bond are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar (as defined in the Bond Legislation) by the Registered Owner, or by its attorney duly authorized in writing, upon the surrender of this Bond, together with a written instrument of transfer satisfactory to the Registrar, duly executed by the Registered Owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and the costs of issuance hereof as described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the Registered Owner of this Bond.

In accordance with the requirements of the United States Department of Agriculture for the issuance of parity obligations, this Bond will be in default should any proceeds of this Bond be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and at the issuance of this Bond do exist, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the Net Revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of this Bond.

KNOW ALL MEN BY THESE PRESENTS: That KANAWHA FALLS PUBLIC SERVICE DISTRICT, a public service district, public corporation and political subdivision of the State of West Virginia in Fayette County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the WEST VIRGINIA WATER DEVELOPMENT AUTHORITY (the "Authority") or registered assigns, the sum of ONE HUNDRED TEN THOUSAND DOLLARS (\$110,000), in annual installments on October 1 of each year, commencing October 1, 2004, as set forth on the "Debt Service Schedule" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rate per annum set forth on said Exhibit A. The interest on this Bond shall commence on the date hereof and shall be payable semiannually on April 1 and October 1 of each year, commencing April 1, 2004, as set forth on Exhibit A attached hereto.

Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the Registered Owner (as defined in the hereinafter described Bond Legislation) hereof at the address as it appears on the books of the Registrar (as defined in the hereinafter described Bond Legislation) on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement by and between the Issuer and the Authority, dated November 6, 2003.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); (ii) to fund a reserve account for this Bond; (iii) to fund the deficiency in the Series 1993 A Bonds Reserve Account of the Issuer to the requirement therefor; and (iv) to pay certain costs of issuance of this Bond and related costs. The existing public sewer facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This Bond is issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly Chapter 16, Article 13A and Chapter 22C, Article 1 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), a Bond Resolution duly adopted by the Issuer on November 4, 2003, and a Supplemental Resolution duly adopted by the Issuer on November 4, 2003 (collectively, the "Bond Legislation"), and is subject to all the terms and conditions thereof. The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for this Bond under the Bond Legislation.

THIS BOND IS ISSUED ON A PARITY WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL OTHER RESPECTS, WITH THE ISSUER'S (1) SEWER REVENUE BONDS, SERIES 1981, DATED OCTOBER 14, 1982, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$2,400,000 (THE "SERIES 1981 BONDS"); (2) SEWER REVENUE BONDS, SERIES 1993 A, DATED OCTOBER 12, 1993, ISSUED IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$2,872,937 (THE "SERIES 1993 A BONDS"); AND (3) SEWER REVENUE BONDS, SERIES 2003 A (WEST VIRGINIA SRF PROGRAM), DATED NOVEMBER 6, 2003, ISSUED CONCURRENTLY HERewith IN THE ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF \$1,990,400 (THE "SERIES 2003 A BONDS"). Subject to the registration requirements set forth herein, this Bond, under the provision of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

Kanawha Falls Public Service District (the "Issuer") is a public service district created pursuant to the Act by The County Commission of Fayette County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The Issuer now has a public sewerage system which is not adequate for the health, safety and convenience of the inhabitants of the Issuer and the public served and to be served by the sewerage system.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and others to be served, and, accordingly, it is hereby ordered, that there be constructed additions, extensions and improvements for the existing sewerage system of the Issuer consisting of upgrading of the existing treatment plant to an advanced secondary treatment facility and additions, extensions and improvements for the existing sewerage system with all necessary appurtenant facilities (the "Project"), particularly described in and according to the plans and specifications prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The construction and acquisition of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

(C) It is necessary for the Issuer to issue its revenue bond in the principal amount of \$2,400,000 to finance a portion of the cost of such construction in the manner hereinafter provided and, prior to delivery of the Bond, it is necessary for the Issuer to issue its bond anticipation notes in the same principal amount and its grant anticipation notes in the principal amount shown in Section 1.01B.

(D) The estimated maximum cost of the construction of the Project is \$8,123,185, of which \$2,400,000 will be obtained from the proceeds of sale of the Bond Anticipation Notes herein authorized, and the balance from a grant of \$5,423,185 from Environmental Protection Agency (EPA) and a grant of \$300,000 from West Virginia Water Development Authority.

(E) The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Bond and the Notes prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorizing hereby.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) There are not outstanding any obligations of the Issuer which will rank prior to or on a parity with the Bond or the Notes as to lien and source of and security for payment.

(H) The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction and acquisition of the Project and operation of the System and issuance of the Bond and the Notes, or will have so complied prior to issuance of the Bond and the Notes, including, among other things, a Certificate of Convenience and Necessity from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which have expired.

The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four months after the date hereof and \$11,784, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or,

except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions and improvements for the sewerage system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers

Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

The proceeds of sale of the Notes, less the respective sums representing interest on the Notes to the respective maturities thereof, shall be deposited on receipt by the Issuer with the Trustee under the Trust Agreement, in a special account hereby created and designated as "Kanawha Falls Public Service District Sewerage Project Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the Issuer solely for the purposes provided herein and in the Trust Agreement.

Until completion of construction of the Project, the Issuer will transfer from the Project Construction Account and pay to the Government on or before the due date, such sums as shall be from time to time required to make the monthly installment payments on the Bond if there are not sufficient Net Revenues to make such monthly payment. The Issuer will also transfer from the Project Construction Account to the Trustee, upon request of the Trustee, such moneys as may be needed to pay charges of the Trustee and the Paying Agents.

If the Issuer shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the Issuer may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America ("Federal Obligations"), which shall mature not later than eighteen months after the date of such investment, or in certificates of deposit or other securities or investments secured by a pledge of Federal Obligations. All such investments and the income or loss therefrom shall be carried to the credit of or charged to the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made, any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Purchaser.

Section 3.02. Covenants of the Issuer as to Revenues and Funds. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund herein-after established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon, the Issuer further covenants with the holder of the Bond as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the Issuer in The Montgomery National Bank, Montgomery, West Virginia (the "Bank"), which is a member of FDIC, which Fund, known as the "Revenue Fund" is hereby established initially with said Bank. The Revenue Fund shall constitute a trust fund for the purposes provided herein and shall be kept separate and distinct from all other funds of the Issuer and used only for the purposes and in the manner provided herein.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The Issuer shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The Issuer shall next, on or before the due date of payment of each installment on the Bond, transfer from the Revenue Fund and pay to the National Finance Office designated in the Bond the amount required to pay the interest on the Bond, and to amortize the principal of the Bond over the life of the Bond issue.

(3) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund hereby initially established with said Bank, 1/12 of 1/10 of the amount of principal and interest becoming due on the Bond in any year until the amount in the Reserve Fund equals the sum of \$142,000, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Reserve Fund, the Issuer shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bond and for payment of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Bond to said National Finance Office as the same shall become due or for prepayment of installments on the Bond, or for mandatory prepayment of the Bond as hereinafter provided, and for no other purpose.

(4) The Issuer shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve, hereby initially established with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$244,000 and thereafter such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bond as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the Issuer and used for extraordinary repairs and for replacements of equipment and for additions and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bond or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Bond in full, it shall be the mandatory duty of the Issuer, anything to the contrary herein notwithstanding, to prepay the Bond at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the Issuer) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund and the Depreciation Reserve as herein provided, and all amounts required therefor will be deposited therein by the Issuer upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Purchaser shall have a lien thereon for further securing payment of the Bond and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The Issuer may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Governing Body determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Governing Body will cause notice of the change to be sent by registered or certified mail to the Purchaser.

(D) User Contracts. The Issuer shall, prior to delivery of the Bond, provide evidence that there will be at least 1,255 bona fide users upon the System on completion of the Project, and must obtain at least 559 signed user agreements from users not previously connected with System, and must obtain a \$25.00 tap fee from each such new user and deposit in the Project Construction Account all such tap fees collected.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bond shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bond remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 4.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Bond and to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser.

Section 4.05. Insurance and Bonds. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims

for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bond.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$500,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the Issuer in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$50,000 upon the Recording Officer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned so long as checks thereon require the signature of a representative of the Purchaser.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 4.06. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law.

Section 4.07. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution

of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Purchaser, such court may, upon proof of such default appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the Court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.08. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the Issuer agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 4.09. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Recording Officer on the date of adoption hereof, subject to permitted changes.

Section 4.10. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser.

ARTICLE V

RATES, ETC.

Section 5.01. Initial Schedule of Rates and Charges; Rules. A. The schedule of rates and charges for the services and facilities of the System shall be as follows, subject to change consonant with the provisions hereof:

Applicable in entire territory served.

AVAILABILITY OF SERVICE

Available for general domestic, commercial and industrial service.

RATE

First	1,000 gallons used per month	\$6.50 per 1,000 gallons
Next	2,000 gallons used per month	4.00 per 1,000 gallons
Next	2,000 gallons used per month	3.60 per 1,000 gallons
Next	5,000 gallons used per month	3.20 per 1,000 gallons
All Over	10,000 gallons used per month	3.00 per 1,000 gallons

MINIMUM CHARGE - SEWER

No bill will be rendered for less than the following amount:

Minimum Charge \$6.50 per month

Flat Rate - Sewer

Minimum Charge (based on 3,000 gallons) \$14.50 per month

DELATED PAYMENT PENALTY

The above schedule is net. On all accounts not paid in full within twenty (20) days of the date of the bill, ten percent (10%) will be added to the net amount shown. This delayed payment penalty is not interest and is only to be collected once for each bill where it is appropriate.

SERVICE CONNECTION FEE

\$25.00 fee will be charged to users not served on the existing sewer system. Said \$25.000 fee will be accepted prior to the installation of the sewer line at applicant's property by the contractor.

A connection fee of \$150 will be charged after the contractor has completed construction beyond the applicant's property.

SURCHARGE FORMULA TO BE APPLIED IN THE CASES OF USERS PRODUCING UNUSUAL WASTE

The charge for the pretreatment of unusual waste will be calculated on the basis of the following formula:

$$C_i = V_o V_i + B_o B_i + S_o S_i$$

C_i = charge to unusual users per year

V_o = average unit cost of transport and treatment chargeable to volume, in dollars per gallon

V_i = volume of waste water from unusual users, in gallons per year

B_o = average unit cost of treatment, chargeable to Biochemical Oxygen Demand (BOD), in dollars per pound

B_i = weight of BOD from unusual users, in pounds per year

S_o = average unit costs of treatment (including sludge treatment, chargeable to total solids, in dollars per pound

S_i = weight of total solids from unusual users, in pounds per year

When an unusual user is to be served, a preliminary study of its wastes, and the cost of transport and treatment thereof, will be made. Waste containing materials which, in the judgement of the Kanawha Falls Public Service District, should not be introduced into the sewer system need not be handled by it. The results of this preliminary study will be used to determine the feasibility of the proposed sewer service and the charge therefor, based upon the formula set out above.

Thereafter, unusual sewage will be monitored on a regular basis and at the conclusion of each fiscal year, based on the investigation aforesaid and audit of the Kanawha Falls Public Service District records, new cost figures will be calculated for use in the above formula. The cost of establishing the monitoring facilities shall be paid by the unusual user. Based on these audited figures, additional billings covering the past fiscal year will be made for payment by each unusual user, or refund given by the Kanawha Falls Public Service District, as the case may be. Such audited figures will then be used for the preliminary billing for the next fiscal year, at the end of which an adjustment will be made as aforesaid.

APPLICABLE INSIDE AND OUTSIDE OF THE CORPORATE LIMITS OF THE KANAWHA FALLS PUBLIC SERVICE DISTRICT

Where the amount of sanitary sewage discharged into the Kanawha Falls waste treatment system by certain industrial plant or plants cannot be accurately determined by the use of the plant's water meter or meters, and said plant cannot install a flow meter to measure such waste, a special formula will be used whereby such plant or plants will pay the Kanawha Falls Public Service District a sewer charge calculated at fifty (50) gallons of water per employee at the plant each working day.

B. There shall not be any discrimination or differential in rates between customers in similar circumstances.

C. The Issuer will not render or cause to be rendered any free services of any nature by the System nor any of the facilities; and in the event that the Issuer or any department, agency, officer or employee thereof should avail itself or themselves of the services or facilities of the System, the same fees, rates and charges applicable to other customers receiving like services under similar circumstances shall be charged, such charges shall be paid as they accrue, and revenues so received shall be deposited and accounted for in the same manner as other revenues of the System.

D. The Issuer may require any applicant for any service by the System to deposit a reasonable and equitable amount to insure payment of all charges for the services rendered by the System, which deposit shall be handled and disposed of under the applicable rules and regulations of the Public Service Commission of West Virginia.

E. The Issuer, to the extent permitted by law, will not accept payment of any water bill from a customer served with water and sewer services by the Issuer without payment at the same time of a sewer bill owed by such customer for the same premises.

ARTICLE VI

If any one or more of the covenants, agreements or provisions hereof should be held contrary to any express provision of law or contrary to the policy of express law, although not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements or provisions hereof, and shall in no way affect the validity of all the other provisions hereof or the Bond or the Notes.

SEWER REVENUE BOND, SERIES 1981

KANAWHA FALLS PUBLIC SERVICE DISTRICT

\$2,400,000

No. 1

Date: October 14, 1982

FOR VALUE RECEIVED, KANAWHA FALLS PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (the "Government"), at its National Finance Office, St. Louis, Missouri, 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Two Million Four Hundred Thousand Dollars (\$2,400,000), plus interest on the unpaid principal balance at the rate of five percent (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four months after the date hereof and \$11,784, covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments

last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions and improvements for the sewerage system (the "System") of the Borrower, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner

constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

Section 1.04. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a public corporation and political subdivision of the State in Fayette County, West Virginia.

B. The Issuer presently owns and operates a sewage treatment plant or plants and some or all of collecting, intercepting and outlet sewers, lateral sewers, drains, force mains, conduits, pumping stations, ejector stations and all other appurtenances, extensions, additions and improvements necessary, appropriate, useful, convenient or incidental for the collection, treatment and disposal in a sanitary manner of sewage and industrial wastes (herein referred to as the "System").

C. The acquisition and construction of the System was financed with the proceeds from \$2,400,000 in principal amount of the Issuer's Sewer Revenue Bonds dated June 18, 1981, authorized pursuant to the Prior Resolution.

D. The Prior Bonds of the Issuer are Outstanding in the approximate principal amount of \$2,135,681.21.

E. The Issuer derives revenues from the System, and, except for the pledges thereof to secure and pay the Prior Bonds, said revenues are not pledged or encumbered in any manner.

F. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain improvements and extensions to the existing System of the District, consisting of the Project, at an estimated cost of \$4,053,334, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer, and which Project is generally described in Exhibit A attached hereto and by this reference made a part hereof and has an estimated useful life in excess of twenty (20) years.

G. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bonds and all sinking fund, reserve account and other payments provided for herein, in the Supplemental Resolution and in the PSC Order, and the principal of and interest on and debt service requirements for the Prior Bonds.

H. J. The period of usefulness of the System after completion of the Project is not less than 20 years.

K. It is in the best interests of the Issuer that the Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement. The Issuer has received, or will receive prior to the Bond closing date, written consent from the owner of the Prior Bonds, to issue the Bonds on a parity with the lien of the Prior Bonds.

The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the construction, acquisition and operation of the Project and the System and the issuance of the Bonds, or will have so complied prior to issuance of any Bonds, including, among other things and without limitation, the obtaining of the PSC Order, the time for rehearing and appeal of which expired.

N. The Issuer will not permit, at any time, any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code.

O. The Issuer will file all statements, instruments and returns necessary to assure the tax-exempt status of the Bonds.

P. The Bonds will not be federally guaranteed within the meaning of the Code.

Any such duplicate Bonds issued pursuant to this Section shall constitute original, additional contractual obligations on the part of the Issuer, whether or not the lost, stolen or destroyed Bonds be at any time found by anyone, and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien and source of security for payment from the revenues pledged herein with all other Bonds issued hereunder.

The Bond shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Reserve Account. No Holder or Owners of any of the Bond shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay the Bond or the interest thereon.

Section 3.09. Bond Secured by Pledge of Net Revenues. The payment of the debt service on all the Original Bonds shall be secured forthwith equally and ratably with each other and the Prior Bonds by a shared first lien on the Net Revenues derived from the System. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Bonds and the Prior Bonds and to make the payments into the sinking funds and the reserve accounts therein and in the Renewal and Replacement Fund hereinafter established and as established in the Prior Resolution, are hereby irrevocably pledged to the payment of the principal of and any interest on the Bonds and the Prior Bonds as the same become due.

Section 3.10. Form of Original Bond. The text of the Original Bond shall be in substantially the following form, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted hereby, or by any Supplemental Resolution adopted prior to the issuance thereof.

The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Resolution. Remedies provided the registered owners of the Bonds are exclusively as provided in the

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law, shall be applied solely to the payment of the costs of the Project described in the Resolution, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the owner of this Bond.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, have happened, and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of the Issuer, does not exceed any limit prescribed by the Constitution or statutes of the State of West Virginia and that a sufficient amount of the revenues of the System has been pledged to and will be set aside into said special fund by the Issuer for the prompt payment of the principal of and interest on this Bond.

All provisions of the Resolution, resolutions and statutes under which this Bond is issued shall be deemed to be a part of the contract evidenced by this Bond to the same extent as if written fully herein.

Section 5.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts were either established by the Prior Resolution or are created hereby and shall be held by the Depository Bank:

- (1) Revenue Fund (when the Prior Bonds are no longer Outstanding);
- (2) Operation and Maintenance Fund (when the Prior Bonds are no longer Outstanding);
- (3) Renewal and Replacement Fund;

- (4) Bond Construction Trust Fund; and
- (5) Rebate Fund.

Section 5.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby established with the Commission:

- (1) Sinking Fund;

- (a) Within the Sinking Fund, the Reserve Account.

Section 5.03. System Revenues; Flow of Funds. A. As long as the Prior Bonds are outstanding, the entire Gross Revenues shall be deposited pursuant to the terms of the Prior Resolution. When the Prior Bonds are no longer Outstanding, the entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner therein and herein provided.

- (1) The Issuer shall, each month, transfer from the Revenue Fund and deposit in the Operation and Maintenance Fund an amount sufficient to pay current Operating Expenses of the System.

- (2) The Issuer shall first, on the first day of each month, transfer from the Revenue Fund and pay the amounts required by the Prior Resolution to be deposited in the Prior Bonds Sinking Fund for payment of the principal of and interest on the Prior Bonds, and (i) simultaneously therewith, commencing 4 months prior to the first date of payment of interest on the Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Bonds Sinking Fund, a sum equal to 1/3rd of the amount of interest which will become due on said Bonds on the next ensuing quarterly interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Bonds Sinking Fund and the next quarterly interest payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next quarterly interest payment date, the required amount of interest coming due on such date, and (ii) on the first day of each month, commencing 4 months prior to the first date of payment of principal on the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Bonds Sinking Fund, a sum equal to 1/3rd of the amount of principal which will mature and become due on said Bonds on the next ensuing quarterly principal payment date; provided that, in the event the

period to elapse between the date of such initial deposit in the Bonds Sinking Fund and the next quarterly principal payment date is less than 4 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next quarterly principal payment date, the required amount of principal coming due on such date.

The Issuer shall complete the "Monthly Payment Form," the form of which is attached to the Loan Agreement as Exhibit F, and submit a copy of said form along with a copy of its remittance check to the Authority by the 5th day of such calendar month.

(3) The Issuer shall next transfer from the Revenue Fund and pay to the Commission the amounts required by the Prior Resolution to be deposited in the Prior Bonds Reserve Account and on the first day of each month, commencing 3 months prior to the first date of payment of principal of the Bonds, if not fully funded upon issuance of the Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Reserve Account, an amount equal to $1/120$ of the Reserve Requirement; provided, that no further payments shall be made into the Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Reserve Requirement.

(4) The Issuer shall next, from the moneys remaining in the Revenue Fund, on the first day of each month, transfer to the Renewal and Replacement Fund a sum equal to $2\frac{1}{2}\%$ of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the reserve account established with respect to the Prior Bonds or in the Reserve Account [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Sinking Fund shall be used only for the purposes of paying principal of and interest on the Bonds as the same shall become due. Moneys in the Reserve Account in the Sinking Fund shall be used only for the purpose of paying principal of or interest on the Bonds, as the same shall come due, when other moneys in the Sinking Fund are insufficient therefor, and for no other purpose. Except for the funds required to be deposited in the Rebate Fund, all investment earnings on moneys in

the Reserve Account shall be transferred, not less than once each year, to the Bond Construction Trust Fund prior to completion of the Project and thereafter, to the Sinking Fund.

Any withdrawals from the Reserve Account which result in a reduction in the balance of the Reserve Account to an amount below the Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments to the Sinking Fund for payment of debt service on the Bonds have been made in full.

B. As and when additional Bonds ranking on a parity with the Original Bonds are issued, provision shall be made for additional payments into the Sinking Fund sufficient to pay any interest on such additional Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the Reserve Account in an amount equal to the Reserve Requirement.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Fund created hereunder, and all amounts required for said Sinking Fund shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

Moneys in the Reserve Account shall be invested and reinvested by the Commission in accordance with Article VIII hereof.

The Sinking Fund, including the Reserve Account therein, shall be used solely and only for, and is hereby pledged for, the purpose of servicing the Bonds and any additional Bonds ranking on a parity with them that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinabove provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Fund, including the Reserve Account therein, and the Renewal and Replacement Fund during the following month or such longer period as shall be required by the Act, such excess shall be considered as surplus

revenues (the "Surplus Revenue"). Surplus Revenues may be used for any lawful purpose of the Issuer.

D. The Issuer shall remit from the Revenue Fund to the Commission or the Depository Bank, on such dates as the Commission or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay any Depository Bank's charges then due. The Issuer shall also remit from the Revenue Fund to the Authority, on such dates as the Authority and the DEP shall require, the Issuer's allocable share of reasonable administrative expenses of the Authority relating to the Program, if any.

E. The moneys in excess of the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates.

G. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. The Gross Revenues of the System shall only be used for purposes of the System.

Section 5.04. Excess Bond Proceeds. The Issuer shall place any excess proceeds from the Original Bonds not required by the Project in the Reserve Account.

ARTICLE VI

APPLICATION OF ORIGINAL BOND PROCEEDS, FUNDS AND ACCOUNTS

Section 6.01. Application of Original Bond Proceeds. From the moneys received from time to time from the sale of any or all of the Original Bonds, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Bonds, there shall be deposited with the United National Bank, as holder of the Reserve

Account created for the Prior Bonds, \$142,000 for deposit in the Prior Bonds Reserve Account.

B. The remaining moneys derived from the sale of the Original Bonds shall be deposited by the Issuer as received from time to time in the Bond Construction Trust Fund hereinafter established.

C. There is hereby created and established with the Depository Bank a special fund, designated the "Bond Construction Trust Fund". The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in this Resolution. Except with respect to any transfers to the Rebate Fund, moneys in the Bond Construction Trust Fund shall be used solely to pay Costs of the Project and until so transferred or expended, are hereby pledged as additional security for the Bonds.

Section 6.02. Disbursements From the Bond Construction Trust Fund. On or before the Closing Date, the Issuer shall have delivered to the Authority and DEP a report listing the specific purposes for which the proceeds of the Bonds will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Bond Construction Trust Fund shall be made only after submission to, and approval from, the Authority and the DEP of the following:

(1) A "Payment Requisition Form," attached to the Loan Agreement as Exhibit C, and

(2) A certificate, signed by the Chairman and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursements theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions set forth in the Prior Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any owner or owners of the Bonds as if they were set forth in full in this Resolution. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the owners of the Bonds as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds, or the interest thereon, is Outstanding and unpaid.

Section 7.02. Bonds not to be Indebtedness of the Issuer. The Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No Holder or Owners of any Bonds shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues. The payment of the debt service of the Original Bonds issued hereunder shall be secured forthwith equally and ratably with the Prior Bonds by a first lien on the Net Revenues derived from the

operation of the System. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Bonds herein authorized and to make the payments into the respective Sinking Fund, including the Reserve Account therein, and all other payments provided for in this Resolution and the Prior Resolution are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds and the Prior Bonds as the same become due, and for the other purposes provided in the Resolution.

Section 7.04. Rates. Prior to issuance of the Original Bonds, equitable rates or charges for the use of and service rendered by the System will be established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder and under the Prior Resolutions. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. The Issuer shall take the necessary actions with respect to the imposition of rates at such times and with such provisions with respect to interest rate and maturity of the Bonds to finance the issuance of the Bonds as the purchaser thereof shall require. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient (i) to provide for all reasonable expenses of operation, repair and maintenance of the System and (ii) to leave a balance each Fiscal Year equal to at least 115% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Prior Bonds and the Bonds; provided that, in the event that an amount at least equal to or in excess of the Reserve Requirement is on deposit in the Reserve Account and the reserve account for the Prior Bonds is funded at least at the requirement provided for in the Prior Resolutions, respectively, such balance each Fiscal Year need only equal at least 110% of the maximum amount required in any succeeding Fiscal Year for payment of principal of and interest on the Original Bonds and the Prior Bonds.

The Issuer hereby adopts the rates and charges set forth in the PSC Order and attached hereto as Exhibit C and incorporated herein by reference.

Section 7.05. Completion, Operation and Maintenance; Schedule of Cost. The Issuer will expeditiously complete the

Project and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of said System in the manner provided in the Resolution.

Upon completion of the Project, the Issuer shall file with the Authority a schedule in substantially the form of Amended Schedule A to the Program loan application, setting forth the actual costs of the Project and sources of funds therefor.

Section 7.06. Sale of the System. Except as otherwise required by law or the Prior Resolution, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully or redeem at or prior to maturity all the Prior Bonds and the Bonds Outstanding, or to effectively defease this Resolution in accordance with Sections 10.01 hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Commission for deposit in the appropriate Sinking Funds, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Bonds about to mature and to the redemption prior to maturity at the earliest date permitted hereby and at the redemption price, of all other Outstanding Bonds. Any balance remaining after the redemption or payment of all the Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine

upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall, upon receipt of approval of the Registered Owners, if needed, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Fund and shall be applied only to the purchase or redemption of Bonds of the last maturities then Outstanding at prices not greater than the applicable redemption price, or, if not redeemable, par, or otherwise in the Renewal and Replacement Fund. The payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution.

No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Owners, or their duly authorized representatives, of sixty-six and two-thirds percent (66 2/3%) in amount of the Prior Bonds and the Bonds then Outstanding. The Issuer shall prepare the form of such approval and consent for execution by the then Registered Owners of the Prior Bonds and the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.07. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.08 hereof. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and prior, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such prior obligations shall be issued unless all payments required to be made into the Reserve Account and the Renewal and Replacement Fund at the time of the issuance of such prior obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the respective liens of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution, or upon the System or any part thereof.

Section 7.08. Parity Bonds. A. No Parity Bonds payable out of the Net Revenues of the System may be issued without the prior written consent of the Authority and DEP, and as long as the Prior Bonds are outstanding, the written consent of the holder of the Prior Bonds. No Parity Bonds payable out of the revenues of the System shall be issued after the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided.

No Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions, additions, betterments or improvements to the System or refunding the entirety of one or more issues or series of bonds or both such purposes.

No Parity Bonds shall be issued at any time, however, unless and until there has been procured and filed with the Secretary a written statement by Independent Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the net revenues actually derived, subject to the adjustments hereinafter provided, from the System during any twelve (12) consecutive months within the eighteen (18) months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual net revenues to be received in each of the three (3) succeeding years after the completion of the improvements to be financed by such additional Parity Bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on the following:

- (1) The Prior Bonds;
- (2) The Original Bonds then Outstanding;
- (3) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (4) The Parity Bonds then proposed to be issued.

The "estimated average increased annual net revenues to be received in each of the three (3) succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased net revenues estimated to be

derived from any increase in rates enacted by the Issuer, the time for appeal of which shall have expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such additional Parity Bonds.

The Net Revenues actually derived from the System during the twelve (12) consecutive month period hereinabove referred to may be adjusted by adding to such net revenues such additional net revenues which would have been received, in the opinion of the Consulting Engineers and the Independent Accountants as stated in a certificate jointly made and signed by the Consulting Engineers and the Independent Accountants, on account of increased rates, rentals, fees and charges for the System enacted by the Issuer, the time for appeal of which shall have expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate acquisition or construction of such extensions, additions, betterments or improvements to the System which are to be financed by such Parity Bonds.

All the covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the owners of the Original Bonds and the owners of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this Section. All the Bonds, regardless of the time or times of their issuance shall rank equally with respect to their respective liens on the revenues of the System, and their respective sources of and security for payment from said revenues, without preference of any Bond over any other. The Issuer shall comply fully with all the increased payments into the various funds created in this Resolution required for and on account of such additional Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior lien of the Outstanding Prior Bonds and the Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Bonds.

No Parity Bonds shall be issued at any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution and the Prior Resolution on account of the Prior Bonds and the Bonds then Outstanding, and any other payments provided for in this Resolution or the Prior Resolution, shall have been made in full as required to the date of delivery of the Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

B. Notwithstanding the foregoing, the Issuer may issue Parity Bonds without compliance with any other conditions for the purpose of refunding prior to maturity any issues or series of the Bonds, provided that the annual debt service required on account of the refunding Bonds and the Bonds which are not refunded shall not be greater in any year in which the Bonds not refunded and the refunding Bonds are to be Outstanding than the annual debt service required in such year if the Bonds to be refunded were not so refunded.

With the written consent in advance of the Authority and DEP and anything to the contrary in this Section 7.08 notwithstanding, Parity Bonds may be authorized and issued by the Issuer pursuant to Supplemental Resolution solely to complete the Project as described in the Issuer's Program application to the Authority and DEP in accordance with the plans and specifications, in the event that the Original Bonds should be insufficient, together with other funds lawfully available therefor, to pay all costs of acquisition and construction of the Project; provided, however, that, prior to the issuance of such Parity Bonds under the provisions of this paragraph, the Consulting Engineers shall file with the Secretary a certificate to the effect that additional funds are necessary for such purpose. All such Parity Bonds authorized and issued under the provisions of this paragraph shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of the construction costs to complete the Project, and the maturities of any such Parity Bonds shall be in years and amounts suggested by the Authority.

Section 7.09. Insurance and Construction Bonds. The Issuer will carry such insurance and in such amounts as is customarily carried with respect to works and properties similar to the System, with a reputable insurance carrier or carriers, against loss or damage by fire, explosion, hurricane, earthquake, cyclone, occupancy or other hazards and risks. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority and the DEP, so long as the

Authority is the Owner of the Bonds. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by the risks and hazards of war. The proceeds of all such insurance policies shall be disposed of as provided in the Resolution and otherwise shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. The Issuer shall carry such other insurance as is required by the Authority and DEP and as set forth in the Loan Agreement, including but not limited to flood insurance and business interruption insurance, to the extent available at reasonable cost to the Issuer.

The Issuer shall require all contractors engaged in the construction of the Project to furnish a performance bond and a payment bond, each in an amount equal to 100% of the contract price of the portion of the Project covered by the particular contract as security for the faithful performance of such contract.

Section 7.10. Consulting Engineers. The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority and the DEP covering the supervision and inspection of the development and construction of the Project and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers. Such resident engineer shall certify to the Authority, the DEP and the Issuer at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies. The Issuer shall require the Consulting Engineers to submit Recipient As-Built Plans, as defined in the SRF Regulations, to it within 60 days of the completion of the Project. The Issuer shall notify the DEP in writing of such receipt. The Issuer shall submit a Performance Certificate, the form of which is attached as Exhibit A to the Loan Agreement, and is incorporated herein by reference, to the DEP within 60 days of the end of the first year after the Project is completed.

The Issuer shall require the Consulting Engineers to submit the final Operation and Maintenance Manual, as defined in the SRF Regulations, to the DEP when the Project is 90% completed. The Issuer agrees that it will at all times provide operation and maintenance of the System to comply with any and all State and federal standards. The Issuer agrees that qualified operating personnel properly certified by the State will be employed before the Project is 25% complete and agrees that it will retain such a certified operator(s) to operate the System during the entire term of this Loan Agreement. The Issuer shall notify the DEP in writing of the certified operator employed at the 25% completion stage.

Section 7.11. Compliance With Loan Agreement, Rules and Regulations. The Issuer hereby covenants and agrees to perform and satisfy all terms and conditions of the Loan Agreement and to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

Section 7.12. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by its System; and, in the event the Issuer or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or himself or herself of the facilities or services provided by the System or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. Such charges shall be paid as they accrue, and the Issuer shall transfer from its general funds sufficient sums to pay such charges for service to any of its departments or properties. The revenues so received shall be deemed to be revenues derived from the operation of the System and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rates, rentals or other charges for the services and facilities of the System and take all steps, actions and proceedings for the enforcement and collection of such fees, rates, rentals or other charges that shall become delinquent to the full extent permitted or authorized by the laws of the State of West Virginia. All such rates and charges, if not paid when due, shall become a lien on the premises served by the System.

Whenever any rates, rentals or charges for the services or facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, shall remain unpaid

for a period of thirty (30) days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. The Issuer further covenants and agrees that it will, to the full extent permitted by law, and any rules and regulations promulgated by the Public Service Commission of West Virginia applicable thereto, discontinue and shut off both the water and sewerage services and facilities of the System to all delinquent users of the services and facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, and will not restore either water or sewerage services of the System until all delinquent charges for the service and facilities of the System, or of the waterworks system or sewerage system constituting a part thereof, plus reasonable interest penalty charges for the restoration of service, have been fully paid.

Section 7.14. No Competing Franchise. To the extent allowable by law, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation or body, or agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.15. Books, Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority and the DEP such documents and information as they may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the Loan Agreement or Grant Receipts or other sources of financing for the Project.

The Issuer shall permit the Authority and the DEP, or their agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any owner of a Bond or Bonds issued pursuant to the Resolution shall

have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow currently accepted accounting practices in accordance with the rules and regulations of the PSC and the Act. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner, on the forms, in the books, and along with other bookkeeping records as prescribed by the Issuer. The Issuer shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Issuer shall be reported to such agent of the Issuer as the Council shall direct.

The Issuer shall file with the Consulting Engineers and the Authority and DEP, and shall mail in each year to any owner or owners of Bonds requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues, Excess Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Resolution with respect to said Bonds and the status of all said funds and accounts.

(C) The amount of any Prior Bonds, Bonds, or other obligations Outstanding and secured by a lien on the Net Revenues of the System.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be completely audited by Independent Accountants, shall mail upon request, and make available generally, the report of said Independent Accountants, or a summary thereof, to any owner or owners of Bonds issued pursuant to this Resolution, and shall submit said report to the Authority and the DEP. The report of said audit shall include a statement that the Issuer is in compliance with the terms and provisions of the Act and the Loan Agreement and that the Issuer's revenues are adequate to meet its operation and maintenance expenses and debt service requirements.

The Issuer shall, commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, each month complete a Monthly Financial Report, the form of which is attached to the Loan Agreement as Exhibit B and is incorporated herein by

reference, and forward a copy by the 10th of each month to the Authority and the DEP.

The Issuer shall, during construction of the Project, complete Payment Requisition Forms, the form of which is attached to the Loan Agreement as Exhibit C and is incorporated herein by reference, and forward a copy to the DEP in compliance with the Issuer's construction schedule.

The Issuer shall provide the DEP with all appropriate documentation to comply with any special conditions established by federal and/or state regulations as set forth in Exhibit E of the Loan Agreement or as promulgated from time to time.

The Issuer shall permit the Authority or the DEP, or their agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority and the DEP, or their agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority and the DEP with respect to the System pursuant to the Act.

Section 7.16. Operating Budget. The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority and the DEP within thirty days of the adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of

any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

Section 7.17. Mandatory Connection. The mandatory use of the sewerage facilities portion of the System is essential and necessary to protect and preserve the public health, comfort, safety, convenience and welfare of the inhabitants and residents of, and the economy of, the Issuer and to assure the rendering harmless of sewage and water-borne waste matter produced or arising within the territory served by the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the sewerage facilities portion of the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matter from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the sewerage facilities portion of the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the sewerage facilities portion of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the sewerage facilities portion of the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.18. Compliance with Loan Agreement. The Issuer agrees to comply with all the terms and conditions of the Loan Agreement. Notwithstanding anything herein to the contrary, the Issuer will provide the DEP with copies of all documents submitted to the Authority.

Section 7.19. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PUBLIC PURPOSE BONDS. The Issuer shall use the Bond proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Issuer.

B. PRIVATE ACTIVITY BOND COVENANT. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds as "private activity bonds" within the meaning of the Code. The Issuer will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Bonds.

C. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government nits.

D. FEDERAL GUARANTEE PROHIBITION. The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

E. INFORMATION RETURN. The Issuer will file all statements, instruments and returns necessary to assure the tax exempt status of the Bonds, including without limitation the information return required under Section 149(e) of the Code.

F. FURTHER ACTIONS. The Issuer will take any and all actions that may be required of it (including those deemed necessary by the Authority) so that the interest on the Bonds will be and remain excludible from gross income for federal income tax purposes, and will not take any actions, or fail to take any actions (including those determined by the Authority) which would adversely affect such exclusion.

Section 7.20. Statutory Mortgage Lien. For the further protection of the Bondholders, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and on a parity with the lien of the Prior Bonds, and shall take effect immediately upon delivery of the Bonds and shall be for the benefit of all Owners of the Bonds.

Section 7.21. Compliance. The Issuer also agrees to comply with all applicable laws, rules and regulations issued by the Authority, the DEP or other State, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01 and in Sections 8.02 and 8.03.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the time of issuance of the Bonds, so that the Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return) with respect to the Bonds so that the interest on the Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution on account of the Bonds other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code or the Loan Agreement, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to the Construction Trust Fund until completion of the Project, and thereafter to the Revenue Fund.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the Bonds, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause (A)(i) of the definition of Excess Investment Earnings, the aggregate amount earned on

Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Bonds shall be determined based on the actual Yield of the Bonds during the period between the Closing Date for the Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Bonds, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

In the event the Issuer fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Original Bonds from gross income for federal income tax purposes.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall

assure that investment transactions are on an arm's length basis and the Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of 6 years following the retirement of the Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority and DEP, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority or DEP.

J. AMENDMENTS TO THIS SECTION. Notwithstanding any of the provisions herein to the contrary, the Issuer agrees to amend the provisions of this Section from time to time at the direction of the Authority in order to insure continuing compliance with Section 8.02 hereof.

Section 8.04. Restriction of Yield and Bond Proceeds. The Issuer shall comply with the yield restriction on Bond proceeds as set forth in Section 148 of the Code.

Section 8.05. Wetlands Covenant. The Issuer shall not use any Bond proceeds for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of

wetlands to produce an agricultural commodity. Failure to comply with this covenant shall constitute an Event of Default under Section 9.01(2) of this Resolution.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Resolution, any Supplemental Resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Construction Trust Fund Depository Bank, the Bond Registrar, any Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) An "Event of Default" as defined in the Prior Resolution.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any default in the payment of interest on any Bonds when the same shall become due, or in the payment of the principal of any Bond or Bonds, either at the specified date of maturity thereof or at a date set for redemption thereof, or otherwise in the performance of any covenant contained in the Resolution other than as to such payment and such default shall continue for a period of thirty (30) days after written notice to the Issuer of such default, any Bondholder shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of the Bonds and any interest thereon, the deposits into the funds and accounts hereby established as herein provided and the payment of Operating Expenses of the System and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of the Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or

appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System. The provisions of this section shall be subject to the Prior Resolution and to the parity rights of the Prior Bonds.

Section 11.03. Severability of Invalid Provisions. If any section, paragraph, clause or provision of this Resolution should be held invalid by any court of competent jurisdiction, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution, the Supplemental Resolution and the Bonds.

Section 11.04. Headings, Etc. The headings and catchlines of the articles, sections and subsections hereof are for convenience of reference only and shall not affect in any way the meaning or interpretation of any provision hereof.

Ladies and Gentlemen:

We have reviewed the sewer rates of Kanawha Falls Public Service District (the "Issuer"), as approved by the order of the Public Service Commission of West Virginia entered April 24, 2003, in Case No. 00-1256-PSD-S-CN, and the projected operating expenses and anticipated customer usage provided by Ghosh Engineers, Inc., the consulting engineers of the Issuer. It is our opinion that such rates are sufficient (i) to provide for all operating expenses of the sewer facilities of the Issuer (the "System"), and (ii) to leave a balance each fiscal year equal to at least 115% of the maximum amount required in any succeeding fiscal year for the payment of principal of and interest on the Issuer's Sewer Revenue Bonds, Series 1981, Sewer Revenue Bonds, Series 1993 A (collectively, the "Prior Bonds"), Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program) and Sewer Revenue Bonds, Series 2003 B (West Virginia Water Development Authority)(collectively, the "Series 2003 Bonds").

It is further our opinion that the Net Revenues actually derived from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of the Series 2003 Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Series 2003 Bonds, will not be less than 115% of the largest aggregate amount that will *mature and become due* in any succeeding year for principal of and interest on the Prior Bonds and the Series 2003 Bonds.

Very truly yours,

Re: Kanawha Falls Public Service District Sewer Revenue Bonds,
Series 2003 A (West Virginia SRF Program)

Ladies and Gentlemen:

We have served as bond counsel to Kanawha Falls Public Service District (the "Issuer") in connection with the issuance of its Sewer Revenue Bonds, Series 2003 A (West Virginia SRF Program), dated the date hereof (the "Bonds").

We have examined certified copies of proceedings and other papers relating to the authorization of (i) a bond purchase agreement for the Bonds, dated October 23, 2003, including all schedules and exhibits attached thereto (the "Loan Agreement"), by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), and (ii) the Bonds to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are issued in the principal amount of \$1,990,400, in the form of one bond, registered as to the Authority, bearing no interest, with principal payable quarterly on March 1, June 1, September 1 and December 1 of each year, commencing June 1, 2005, all as set forth in the Schedule Y attached to the Loan Agreement and incorporated in and made a part of the Bonds. The Bonds are subject to the SRF Administrative Fee equal to 0.5% of the principal amount of the Bonds as set forth in the Schedule Y attached to the Loan Agreement.

M0352055.1

39

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A and Chapter 22C, Article 2 of the Code of West Virginia, 1931, as amended (collectively, the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public sewer facilities of the Issuer (the "Project"); (ii) funding a reserve account for the Bonds; and (iii) paying certain costs of issuance and related costs.

We have also examined the applicable provisions of the Act and a Bond Resolution duly adopted by the Issuer on November 4, 2003, as supplemented by a Supplemental Resolution duly adopted by the Issuer on November 4, 2003 (collectively, the "Resolution"), pursuant to and under which Act and Resolution the Bonds are authorized and issued, and the Loan Agreement is entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Resolution and the Loan Agreement. All capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Resolution and the Loan Agreement when used herein.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district and is a public corporation and a political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System, to adopt the Resolution and to issue and sell the Bonds, all under the Act and other applicable provisions of law.
2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer and is a valid and binding special obligation of the Issuer, enforceable in accordance with the terms thereof.
3. The Loan Agreement inures to the benefit of the Authority and the DEP and cannot be amended so as to affect adversely the rights of the Authority and the DEP or diminish the obligations of the Issuer without the written consent of the Authority and the DEP.

4. The Issuer has legally and effectively adopted the Resolution and all other necessary resolutions in connection with the issuance and sale of the Bonds. The Resolution constitutes a valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms thereof and contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.

5. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System and secured by a first lien on and pledge of the Net Revenues of the System, on a parity with respect to liens, pledge and source of and security for payment with the Issuer's Prior Bonds and the Sewer Revenue Bonds, Series 2003 B (West Virginia Water Development Authority), issued concurrently herewith, all in accordance with the terms of the Bonds and the Resolution.

6. Under the Act, the Bonds and any interest thereon are exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

7. The Bonds have not been issued on the basis that the interest, if any, thereon is or will be excluded from the gross income of the owners thereof for federal income tax purposes. We express no opinion regarding the excludability of such interest from the gross income of the owners thereof for federal income tax purposes or other federal tax consequences arising with respect to the Bonds.

No opinion is given herein as to the effect upon the enforceability of the Bonds under any applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights or the exercise of judicial discretion or principles of equity in appropriate cases.

We have examined the executed and authenticated Bond numbered AR-1 and in our opinion, the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

RE: Kanawha Falls Public Service District Sewer Revenue
Bonds
Series 2003 A (West Virginia SRF Program) and
Series 2003 B (West Virginia Water Development
Authority)

Ladies and Gentlemen:

We are counsel to Kanawha Falls Public Service District (the "Issuer"). As such counsel, we have examined copies of the approving opinions of Jackson Kelly PLLC, as bond counsel, relating to the above captioned bonds of the Issuer (collectively, the "Bonds"), a bond purchase agreement for the Series 2003 A Bonds, dated October 23, 2003, including all schedules and exhibits attached thereto, by and among the Issuer, the West Virginia Water Development Authority (the "Authority") and the West Virginia Department of Environmental Protection (the "DEP"), a loan agreement for the Series 2003 B Bonds, dated November 6, 2003, including all schedules and exhibits attached thereto, by and between the Issuer and the Authority (collectively, the "Loan Agreement"), a Bond Resolution duly adopted by the Public Service Board of the Issuer (the "Board") on November 4, 2003, as supplemented by a Supplemental Resolution duly adopted on November 4, 2003 (collectively, the "Resolution"), orders of The County Commission of Fayette County relating to the Issuer and the appointment of members of the Board, and other documents relating to the Bonds and the Issuer. All capitalized terms used herein and not otherwise defined herein shall have the same meanings set forth in the Loan Agreement and the Resolution when used herein.

We are of the opinion that:

1. The Issuer is a duly created and validly existing public service district and is a public corporation and political subdivision of the State of West Virginia, with full power and authority to acquire and construct the Project, to operate and maintain the System and to adopt the Resolution, all under the Act and other applicable provisions of law.

2. The members and officers of the Board have been duly and properly appointed and elected, have taken the requisite oaths and are thereby authorized to act on behalf of the Issuer in their respective capacities.

3. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the other parties thereto, constitutes a valid and binding agreement of the Issuer, enforceable in accordance with its terms.

4. The Resolution has been duly adopted by the Board and is in full force and effect.

5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Resolution, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any resolution, agreement or other instrument to which the Issuer is a party or any existing law, regulation, court order or consent decree to which the Issuer is subject.

6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite permits, approvals, orders and certificates from the DEP, the West Virginia Infrastructure and Jobs Development Council and the Public Service Commission of West Virginia (the "PSC"), and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the PSC Order entered on April 24, 2003, and October 14, 2003, in Case No. 00-1256-PSD-S-CN, granting to the Issuer a certificate of public convenience and necessity for the Project and approving the rates for the System and the financing for the Project. The time for appeal of the order entered April 24, 2003,

Page 3
November 6, 2003

has expired prior to the date hereof without any appeal. The time for appeal of the order entered October 14, 2003, has not expired prior to the date hereof. However, the parties to such order have stated that they do not intend to appeal such order. Both orders remain in full force and effect.

7. The Issuer has duly published the required notice with respect to, among other things, the amount of the Bonds to be issued, the interest rate and terms of the Bonds, the Project to be acquired or constructed, the cost of the Project, the anticipated user rates and charges and the date that a formal application for a certificate of public convenience and necessity is to be filed with the PSC in accordance with Chapter 16, Article 13A, Section 25 of the Code of West Virginia, 1931, as amended, and has duly complied with the provisions thereof.

8. To the best of our knowledge, there is no litigation, action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Resolution, the acquisition and construction of the Project, the operation of the System, the validity of the Bonds, the collection of the Gross Revenues or the pledge of the Net Revenues for the payment of the Bonds.

9. All successful bidders have made the required provisions for all insurance and payment and performance bonds and such insurance policies or binders and such bonds have been verified for accuracy. Based upon our review of the contracts, the surety bonds and the policies or other evidence of insurance coverage in connection with the Project, we are of the opinion that such surety bonds and policies: (1) are in compliance with the contracts; (2) are in adequate in form, substance and amount to protect the various interest of the Issuer; (3) have been executed by duly authorized representatives of the proper parties; (4) meet the requirements of the Act, the Resolution and the Loan Agreement; and (5) all such documents constitute valid and legally binding obligations of the parties thereto in accordance with the terms, conditions and provisions thereof.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Sincerely,

A handwritten signature in dark ink, appearing to read "H. Wyatt Hanna, III", with a stylized flourish at the end.

We provide this final title opinion on behalf of the Issuer to satisfy the requirements of the West Virginia Department of Environmental Protection (the "DEP") and the West Virginia Water Development Authority for the Project. Please be advised of the following:

1. The Issuer is a duly created and validly existing public service district possessed with all the powers and authority granted to public service districts under the laws of the State of West Virginia to acquire, construct, operate and maintain the Project as approved by the DEP.

2. The Issuer has obtained all necessary permits and approvals for the construction of the Project.

3. We have investigated and ascertained the location of, and we are familiar with the legal description of, the necessary sites, including easements and/or rights of way, required for the Project as set forth in the plans for the Project prepared by Ghosh Engineers, Inc., the consulting engineers for the Project.

Page 2
November 6, 2003

4. We have examined the records on file in the Office of the Clerk of the County Commission of Fayette County, West Virginia, the county in which the Project is to be located, and, in our opinion, the Issuer has acquired legal title or such other estate or interest in all of the necessary site components for the Project, including all easements and/or rights of way, sufficient to assure undisturbed use and possession for the purpose of construction, operation and maintenance for the estimated life of the Project.

5. All deeds, easements and rights of way which have been acquired to date by the Issuer have been duly recorded in the Office of the Clerk of the County Commission of Fayette County to protect the legal title to and interest of the Issuer.

Sincerely,

A handwritten signature in dark ink, appearing to read "H. Wyatt Hanna, III". The signature is fluid and cursive, with the last name "Hanna" being particularly prominent.
