CLOSING DATE: April 22, 1994

AGREEMENT

THIS AGREEMENT, Made the 30th day of March, 1993, by and between the TOWN OF CEDAR GROVE, Kanawha County, West Virginia, a municipal corporation, hereinafter designated as TOWN, and the CHELYAN PUBLIC SERVICE DISTRICT, Kanawha County, West Virginia, a public corporation of the State of West Virginia, hereinafter designated as DISTRICT:

W I T N E S S E T H:

WHEREAS, the DISTRICT owns and is responsible for the operation of a sanitary sewer system and wastewater treatment plant for which improvements are planned with the capability of providing secondary treatment levels as established by the United States Environmental Protection Agency and the West Virginia Department of Commerce, Labor, and Environmental Resources, Water Resources Division; and,

WHEREAS, the TOWN owns and maintains a sanitary sewer collection system and has in effect certain rates and charges to be made by it for the sale of its services to its customers; and,

WHEREAS, the DISTRICT'S wastewater treatment plant and sanitary sewer system have an adequate design capacity to handle the TOWN, and the DISTRICT agrees to reserve an adequate portion of the design capacity for use by the TOWN, subject to the terms set forth herein; and,

WHEREAS, the TOWN desires to connect to the sewer system of the DISTRICT and to be provided with secondary treatment of wastewater delivered to the DISTRICT'S sewer system by the TOWN; and,

NOW, THEREFORE, in consideration of the recitals, the parties do hereby agree as follows:

1. The TOWN shall design and cause to be constructed, at its sole cost, a sanitary sewer system meeting generally accepted sanitary engineering standards which will collect and transport sewage from within the boundaries of the TOWN to the DISTRICT'S sewer system at a point of connection, to be determined in the sole discretion of the DISTRICT at the East End of the unincorporated area of Shrewsbury, Kanawha County, West Virginia, as shown upon a drawing labeled "Drawing No. 1, Contract No. 5", prepared by S & S Engineers, Inc., the DISTRICT'S consulting engineer, said Drawing is attached hereto and marked for identification purposes as Exhibit A and incorporated as part of this Agreement for all pertinent purposes. The TOWN shall further limit the total amount of flow discharged into the DISTRICT'S wastewater collection system to a maximum flow of 130 gallons per minute, not to exceed 188,000 gallons per day. In the event the actual flow is more than 130 gallons per minute, and exceeds an average of 150,000 gallons per day, the TOWN will pay to the DISTRICT the additional operation and maintenance costs incurred, and the TOWN further agrees to hold the DISTRICT harmless from and against any and all liabilities, losses, damages, costs and expenses (including attorneys fees and expenses of the DISTRICT), causes of action, suits, claims, demands, administrative adjudications, and judgments of any nature arising from the TOWN exceeding the 130 gallons per minute and maximum 188,000 gallons per day limitation heretofore

established. The TOWN shall further limit the amount of infiltration and inflow which will be permitted in the TOWN'S newly constructed sanitary sewer collection system to zero (0) gallons of inflow and Two Hundred (200) gallons per inch diameter mile of infiltration per day during final inspection and testing of the sanitary sewer collection system. No industrial customer will use the TOWN'S system without approval of the DISTRICT, so that pretreatment may be arranged and charges for the industrial waste formulated, if necessary.

2. The DISTRICT shall receive, treat and dispose of the wastewater from the TOWN at the DISTRICT'S Wastewater Treatment Plant, in such manner, and according to such standards, as are required of a sanitary sewage treatment facility. The DISTRICT shall maintain responsibility for discharge of treated wastewater in accordance with State and Federal laws and regulations. The TOWN shall be liable for fine and/or penalty incurred as a result of discharge violations occurring at the DISTRICT'S Wastewater Treatment Plant that are a direct result of the introduction of prohibited materials into the DISTRICT'S collection system. The DISTRICT shall have the right to monitor the TOWN'S wastewater by random sampling and analysis for compliance with this provision. The TOWN shall adopt a Sewer Use Ordinance in accordance with Federal and State guidelines which sets forth restrictive covenants as it may relate to a sanitary sewer system.

3. The TOWN'S wastewater is to be metered by a flowmeter installed at the point of discharge into the DISTRICT'S wastewater collection system. The TOWN shall be responsible for all costs associated with the installation of the flowmeter and

any costs incurred as a result of the operation and maintenance of the flowmeter. The DISTRICT shall have the right to jointly read the TOWN'S flowmeter and the DISTRICT shall have access to the TOWN'S flowmeter upon reasonable notice to the TOWN, to inspect and insure accuracy of the measurements of the wastewater flow into the DISTRICT'S wastewater collection system. The fee for transportation and treatment of the TOWN'S wastewater by the DISTRICT shall be based upon the metered water usage of the customers of the TOWN and provided to the DISTRICT by the TOWN, without cost, on a monthly basis and shall be calculated upon a per thousand gallon of metered water usage basis. The charge to the TOWN, which shall be based upon a per thousand gallon of metered water usage basis, shall be calculated based upon the cost of service study prepared by Smith, Cochran, and Hicks which is attached hereto and marked for identification purposes as Attachment B and incorporated herein as a portion of this Agreement. Said cost of service study shall be subject to review and approval by the Public Service Commission of West Virginia, and such fee is hereby determined to be \$1.48 per 1,000 gallons of metered water usage. In the event the TOWN does not bill its customers for sanitary sewage service in a particular month or months, the TOWN will pay the DISTRICT a charge equal to the average monthly amount billed by the DISTRICT to the TOWN for prior wastewater treatment and disposal service. The fee charged by the DISTRICT to the TOWN reflects the total cost of said transportation and treatment on a per thousand gallon of metered water usage basis and includes a pro rata share of the use of

existing sewers, lift stations and treatment plant, as well as, administration, operation, maintenance and any additional cost of service costs, including any and all legal, engineering and administrative fees incurred by the DISTRICT as a result of this Agreement. All new modifications of the DISTRICT'S system required to accommodate the TOWN, and approved by the West Virginia Department of Commerce, Labor, and Environmental Resources, Division of Environmental Protection, Construction Assistance Division, being designated as Contract No. _____, for the TOWN, reference to which is hereby made and incorporated herein as if specifically set forth as a portion of this Agreement, shall be paid in full by the TOWN during the construction phase of this project, in accordance with the terms set forth in Paragraph 5 herein.

4. The TOWN will obtain adequate insurance and shall keep in force, pay, and will protect, indemnify and hold the DISTRICT harmless from and against all liabilities, losses, damages, costs and expenses (including attorneys fees and expenses of the DISTRICT), causes of actions, suits, claims, demands and judgments of any nature arising from:

(1) any injury to or death of any person or damage to property in or upon the TOWN'S property or facilities, or growing out of or connected with the use, non-use, condition or occupancy of the said TOWN'S property or facilities or a part thereof; such injuries and/or damage shall include any and all injuries or damage which may occur due to any failure or malfunction of the TOWN'S lift stations caused by any flood, hailstorm, windstorm, Act of God, and any and all unprecedented meteorological events;

any repairs, construction or alterations or remodeling thereto as performed by the TOWN, their authorized agents or servants, excluding the DISTRICT or its agents or servants, or the condition of the TOWN'S property or facilities including sidewalks, streets or alleys and any equipment or facilities at any time located on the TOWN'S property or under the TOWN'S control and used in connection therewith;

(2) violation of any agreement, warranty, or covenant.

The intent of this paragraph is that neither party will subsidize the other's capital or operation expenses and that all parties shall mutually benefit from this Agreement.

5. The TOWN will, in addition to the other payments provided for in this Agreement, pay to the DISTRICT the sum specified in Subparagraph 5.1 hereof, and, to the extent, and upon the contingencies, specified in Subparagraph 5.2 hereof, the sum specified in the said Subparagraph 5.2, to-wit:

5.1 The TOWN shall contribute an estimated sum of \$126,000.00 for the facilities to be constructed and referred to in Paragraph 3 herein or the actual cost thereof, which cost shall not exceed more than 23.1 percent of the total project cost of those facilities detailed in a document labeled Exhibit C which is attached to this Agreement, to be adjusted upon completion of construction to the DISTRICT to aid in the construction of improvements necessary to upgrade its sanitary sewer system and Wastewater Treatment Plant in order to provide the TOWN with the services set forth in this Agreement. The remaining funds derived from the sources of revenue for the

TOWN'S project as described in this Agreement, as such sources are delineated in the TOWN'S Application for a Certificate of Convenience and Necessity which was filed with the Public Service Commission of West Virginia on the 14th day of December, 1992, shall be placed in an escrow account which shall be established on behalf of the DISTRICT and shall be disbursed to the DISTRICT on a monthly basis upon proper verification of the costs incurred during the construction phase of this project. The TOWN shall provide to the DISTRICT the disbursement of monies in accordance with the percentage of project completion, on a monthly basis, during construction and shall, upon completion of the project, pay the DISTRICT any remaining monies which may be owed to the DISTRICT, if any.

5.2 Upon (i) the completion of construction of the TOWN'S project as provided for in this Agreement; (ii) the certification of such completion by the TOWN'S engineer; and (iii) the payment in full of all costs and expenses incurred by the TOWN in connection with such project and its completion, including payment of the obligation mentioned in Subparagraph 5.1 aforesaid, the TOWN will, if, and to the extent, the TOWN holds project funds which are unexpended and are available for the purpose hereinafter in this paragraph stated, apply such unexpended and available funds to the payment, so far as such funds are sufficient for the purpose, of a claim in the amount of \$61,754.00 which the DISTRICT has asserted against the TOWN as the TOWN'S alleged pro rata share of the cost of the DISTRICT'S Quincy Center Wastewater Collection System, pumping station, and force main sanitary sewer, all of which have been completed by

the DISTRICT prior to the date of this Agreement. Such payment, if any, shall be made by the TOWN to the DISTRICT as soon as feasible following the meeting in full of the three contingencies stated under "(i)", "(ii)", and "(iii)" of this subparagraph. The provisions of this subparagraph shall not be construed as an admission by either the TOWN or the DISTRICT of the correctness of the views of the other with respect to the validity of the DISTRICT'S claim in this subparagraph mentioned, it being understood that the TOWN and the DISTRICT hold diametrically opposite views with reference to the validity of such claim.

6. The parties hereto shall, upon request, provide the other with an annual audit approved by the West Virginia Public Service Commission and related information as may be required.

7. Any modification to the rates and charges set out herein as they relate to the TOWN shall be supported by a cost of service study, the cost of which the TOWN shall participate in up to a maximum of \$5,000.00, and reviewed and approved by the DISTRICT. Any such study shall be initiated after a period of one (1) year from the date this Agreement becomes effective and the TOWN agrees to place in an escrow account its \$5,000.00 share over a period of nine (9) months commencing with the institution of sewer service by the TOWN pursuant to this Agreement and which sum of money shall be used to pay for the TOWN'S portion of the cost of service study. The cost of service study shall also be reviewed and approved by the Public Service Commission of West Virginia. The TOWN agrees to deposit the sum of Five Thousand Dollars and No Cents (\$5,000.00), in an escrow account, upon

approval and execution of this Agreement, which sum of money shall be used to pay for the cost of service study which shall be conducted, and any interest earned and accrued with regard to said account shall become the property of the TOWN. After completion of the cost of service study and the review and approval of said study by the Public Service Commission of West Virginia, if necessary, the parties hereto agree to pay the rates and charges established by the study, and to reimburse to either party the appropriate compensation which may be due as determined by the cost of service study and approved by the Public Service Commission of West Virginia. The parties hereto covenant and agree that in the event the cost of service study set forth in this paragraph reveals a rebate or reimbursement is due either party, which is in an amount that is less than two percent (2%) of the annual cost for treatment and disposal paid by the TOWN to the DISTRICT, then and in such event, the amount due shall be considered an incidental expenditure and the rebate or reimbursement set forth in this paragraph shall not be required to be paid. The cost of service study which determines the rebate or reimbursement amount, if any, shall be based upon the actual flow of wastewater received by the DISTRICT as indicated by the flow meter mentioned in Paragraph 3 of this Agreement and any such information shall be compared with the estimated flow used to determine the pro rata share of costs incurred by the DISTRICT in calculating the rate for the treatment and disposal fee. The term "cost of service" as used in this Agreement shall include, but not be limited to, all wages, benefits, equipment rentals, fuel, materials, supplies, administration and overhead

which can be associated directly or indirectly for providing the agreed upon services.

8. The parties hereto shall meet on an as needed basis at a specifically designated meeting called for such purpose at a mutually agreed upon time, to be held at the business office of the DISTRICT, to discuss business, rates, communications, complaints, suggestions, and any related matters, between the parties, with at least one meeting per fiscal year to be held not later than thirty (30) days after the parties herein have submitted their annual audit and report to the Public Service Commission of West Virginia.

9. The TOWN shall not exceed the limitation of wastewater per day into the DISTRICT'S wastewater treatment and collection system as set forth in Paragraph 1 of this Agreement.

10. This Agreement is made by the parties hereto subject to the review and approval of the Public Service Commission of the State of West Virginia and likewise all modifications made to this Agreement and pursuant to its terms shall be subject to the same review and approval.

11. The length and duration of this Agreement, subject to the provisions hereof, shall begin on the date as first written above, and shall continue from year to year for a term not to exceed forty (40) years, or until terminated by mutual agreement of the parties hereto.

12. For sewer services rendered by the DISTRICT to the TOWN under this Agreement, the TOWN shall, on a monthly basis, make payment to the DISTRICT on or before the 1st day of a calendar

month for all amounts billed by the TOWN for sewer services on the 1st day of the next immediately preceding calendar month. If payment is not received by the DISTRICT within the time and in the manner prescribed in the next preceding sentence, a penalty of 10% shall be added to the net amount thereof. The TOWN agrees that it will bill all its sewer customers on the first day of each calendar month for sewer services as based on the next immediately preceding water meter reading.

13. In the event the TOWN fails to perform any other term, obligation, or condition of this Agreement, the result of which is likely to cause irreparable harm or injury to the DISTRICT'S facilities or otherwise constitutes an emergency situation and the TOWN fails to correct such condition or default within fifteen (15) days, unless a shorter time is deemed necessary by the DISTRICT, after written notice by DISTRICT specifying such default, then the DISTRICT shall have the right to undertake such corrective action and the TOWN shall be responsible for all costs and expenses incurred by the DISTRICT or shall reimburse the DISTRICT for such costs and expenses. In the event the TOWN fails to make any payment due hereunder and remains in default for a period of ten (10) days after the due date, or in the event that the TOWN fails to perform any other term, obligation, or condition of this Agreement, and fails to correct such other default or to commence correction of such default if correction shall require more than twenty (20) days, the DISTRICT shall have the right to require specific performance by the TOWN or the right to seek damages against the TOWN through the institution of a civil action against the TOWN in a Court of competent

jurisdiction. If the parties named herein bring an action or proceeding to enforce the terms herein or declaring the rights hereunder, the prevailing party in any such action or proceeding shall be entitled to reasonable attorney's fees and costs to be paid by the losing party as determined by said Court of competent jurisdiction.

14. It is expressly agreed by the parties that any designation of the TOWN as set forth herein shall include the Sanitary Board of the Town of Cedar Grove in the event that such Board is created subsequent to the execution of this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement by their appropriate officers as of the day and year first above written.

ARTICLE II

The Project and the System

2.1 The Project shall generally consist of the construction and acquisition of the facilities described in the Application, to be, being or having been constructed in accordance with plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers, the Authority having found, to the extent applicable, that the Project is consistent with the applicable comprehensive plan of water management approved by the Director of the West Virginia Division of Natural Resources* (or in the process of preparation by such

* Now administered by the West Virginia Division of Environmental Protection.

Director), has been approved by the West Virginia Bureau of Public Health and is consistent with the standards set by the West Virginia Water Resources Board for the waters of the State affected thereby.

2.2 Subject to the terms, conditions and provisions of this Loan Agreement and of the Local Act, the Governmental Agency has acquired, or shall do all things necessary to acquire, the proposed site of the Project and shall do, is doing or has done all things necessary to construct the Project in accordance with the plans, specifications and designs prepared for the Governmental Agency by the Consulting Engineers.

The Governmental Agency further agrees that the Authority and its duly authorized agents and representatives shall, prior to, at and after completion of construction and commencement of operation of the Project, have such rights of access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the System pursuant to the pertinent provisions of the Act.

2.5 The Governmental Agency shall keep complete and accurate records of the cost of acquiring the Project site and the costs of constructing, acquiring and installing the Project. ARTICLE III

Conditions to Loan; Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting

Engineers to such effect the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the Resolution or Tax Regulatory Agreement with respect to the exclusion of the interest on the Bonds from gross income of the holder thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project) with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the

accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied

to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least

one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the

Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xix) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xx) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that

term is defined in the Code) from time to time as the Authority may request.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

4.4 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.5 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.6 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.7 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.8 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the Authority's bonds.

4.9 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Certain Covenants of the Governmental Agency;
Imposition and Collection of User Charges;
Payments To Be Made by
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in

Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority shall have the right to cancel all or any of its obligations under this Loan Agreement if (a) any representation made to the Authority by the Governmental Agency in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of this Loan Agreement.

6.4 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Loan.

6.5 The Governmental Agency hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for Federal income tax purposes of interest on the Local Bonds.

6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.8 The Governmental Agency hereby agrees to file with the Authority upon completion of acquisition and construction of

the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. 7.5 No waiver by either party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.6 This Loan Agreement merges and supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.7 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Governmental Agency specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting

Engineers to such effect the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the Resolution or Tax Regulatory Agreement with respect to the exclusion of the interest on the Bonds from gross income of the holder thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project) with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the

accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. 3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied

to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least

one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the

Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xix) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xx) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that

term is defined in the Code) from time to time as the Authority may request.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

4.5 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.6 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.8 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the Authority's bonds.

4.9 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

the Local Act and in compliance with the provisions of Subsection 4.1(b) (ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

Section 1.02. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of the Act and other applicable provisions of law.

Section 1.03. Findings. It is hereby found, determined and declared as follows:

A. The Issuer is a public corporation and political subdivision of the State in Kanawha County, West Virginia.

B. The Issuer presently owns and operates a public sewerage system.

C. It is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be constructed certain extensions and improvements to the System of the Issuer, consisting of the Project under the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer. The Issuer anticipates entering into a sewer provider agreement with the Towns of Cedar Grove and East Bank, subject to PSC approval.

D. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Prior Bond, the Series 1994 A Bonds, the Series 1994 B Bonds and all sinking funds, reserve accounts and other payments provided for herein, in the Prior Resolution and in the PSC Order.

E. The estimated maximum cost of the construction and acquisition of the Project is \$5,391,851, of which approximately \$1,198,776 will be permanently obtained from the Bonds herein authorized and approximately \$2,804,775, \$362,300, \$175,000 and \$851,000 will be obtained from the EPA Grant, ARC Grant, CDB Grant and the Other Grants, respectively. The Issuer may obtain such other grants and contributions or from other sources as may be necessary to pay Cost of Project.

F. There are currently outstanding obligations of the Issuer which will rank on parity with the Series 1994 A Bonds and Series 1994 B Bonds as to lien, pledge, source and security for payment, being the Issuer's Sewerage System Revenue Bond, Series 1979 (the "Prior Bond") issued in the original aggregate principal amount of \$822,100.

The Issuer has met the parity test requirement set forth in the Prior Bond and the Prior Resolution authorizing the Prior Bond and has received the written consent of Farmers Home Administration as owner of the Prior Bond for the issuance of the Bonds.

G. It is deemed necessary for the Issuer to issue its revenue bonds, being the Chelyan Public Service District Sewerage System Revenue Bonds, Series 1994 A and Series 1994 B Bonds in the aggregate principal amount of not more than \$1,198,776 to permanently finance the cost of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; amounts which may be deposited in the Reserve Account; engineering and legal expenses; expenses for estimates of costs and revenues and for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense, commitment fees, fees of the Authority, discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Bonds and such other expenses as may be necessary or incidental to the financing herein authorized and the placing of the same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Bonds or the repayment of indebtedness, incurred by the Issuer for such purposes shall be deemed Costs of the Project.

H. The period of usefulness of the System after completion of the Project is not less than 40 years.

I. It is in the best interests of the Issuer that the Series 1994 A Bonds and Series 1994 B Bonds be sold to the Authority pursuant to the terms and provisions of the Loan Agreement.

J. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Series 1994 A Bonds and Series 1994 B Bonds, or will have so complied prior to issuance of any Series 1994 A Bonds and Series 1994 B Bonds, including, among other things, the obtaining of the PSC Order, the time for rehearing and appeal of which expired or the rights of all parties to appeal have been waived.

Section 1.04. Resolution Constitutes Contract. (1) The Issuer shall first, each month, pay from the Revenue Fund the current Operating Expenses of the System.

(2) Thereafter, from the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month and simultaneously with the transfers required by Section 3.02(B) (2) of the Prior Resolution, apportion

and set apart out of the Revenue Fund and remit to the Commission, without distinction or priority between the three payments, (i) commencing 7 months prior to the first date of payment of interest on the Series 1994 A Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1994 A Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1994 A Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1994 A Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date; and (ii) commencing 7 months prior to the first date of payment of interest on the Series 1994 B Bonds for which interest has not been capitalized, apportion and set apart out of the Revenue Fund and remit to the Commission, for deposit in the Series 1994 B Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on said Series 1994 B Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1994 B Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date.

(3) The Issuer shall next, on the first day of each month and without distinction or priority between the payments, (i) commencing 13 months prior to the first date of payment of principal on the Series 1994 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1994 A Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on said Series 1994 A Bonds on the next ensuing principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1994 A Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date; and (ii) commencing 13 months prior to the first date of payment of principal on the Series 1994 B Bonds,

(4) The Issuer shall next and simultaneously with the transfer required by Section 3.02(B)(3) of the Prior Resolution, on the first day of each month and without distinction of priority between the two payments, (i) commencing 13 months prior to the first date of payment of principal of the Series 1994 A Bonds, if not fully funded upon issuance of the Series 1994 A Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1994 A Bonds Reserve Account, an amount equal to 1/120 of the Series 1994 A Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1994 A Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1994 A Bonds Reserve Requirement; and (ii) commencing 13 months prior to the first date of payment of principal of the Series 1994 B Bonds, if not fully funded upon issuance of the Series 1994 B Bonds, apportion and set apart out of the Revenue Fund and remit to the Commission for deposit in the Series 1994 B Bonds Reserve Account, an amount equal to 1/120 of the Series 1994 B Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1994 B Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1994 B Bonds Reserve Requirement.

(5) From the moneys remaining in the Revenue Fund, the Issuer shall next, on the first day of each month, commencing with the month succeeding the first full calendar month after commencement of operation of the Project and simultaneously with the transfer required by Section 3.02(B)(4) of the Prior Resolution, transfer to the Renewal and Replacement Fund a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of the Series 1994 A Bonds Reserve Account and the Series 1994 B Bonds Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart

from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 1994 A Bonds Reserve Account and the Series 1994 B Bonds Reserve Account, except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required by Subsection 5.03(A)(4), shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 1994 A Bonds and Series 1994 B Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, on the respective series of Bonds as the same shall become due. Moneys in the Series 1994 A Bonds Reserve Account and the Series 1994 B Bonds Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the respective series of Bonds, as the same shall come due, when other moneys in the attendant Sinking Funds are insufficient therefor, and for no other purpose.

All investment earnings on moneys in the Series 1994 A Bonds Sinking Fund and Reserve Account and Series 1994 B Bonds Sinking Fund and Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall be deposited for use in the Earnings Fund as required by Section 8.03.

Any withdrawals from the Series 1994 A Bonds Reserve Account which result in a reduction in the balance of the Series 1994 A Bonds Reserve Account to below the Reserve Requirement therefor shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1994 A Bonds Sinking Fund and the Series 1994 A Bonds Reserve Account, including deficiencies for prior payments, have been made in full.

Any withdrawals from the Series 1994 B Bonds Reserve Account which result in a reduction in the balance of the Series 1994 B Bonds Reserve Account to below the Reserve Requirement therefor shall be subsequently restored from the first Net Revenues available after all required payments to the Series 1994 B Bonds Sinking Fund and the Series 1994 B Bonds Reserve Account, including deficiencies for prior payments, have been made in full.

As and when additional Bonds ranking on a parity with the Series 1994 A Bonds and Series 1994 B Bonds are issued, provision shall be made for additional payments into the respective Sinking Fund sufficient to pay any interest on such Parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate Reserve Account in an amount equal to the maximum provided and required to be paid into the concomitant Sinking Fund in any year for account of the Series 1994 A Bonds and Series 1994 B Bonds of such series, including such additional Bonds which by their terms are payable from such Sinking Fund.

The Commission is hereby designated as the fiscal agent for the administration of the Sinking Funds created hereunder, and all amounts required for said Sinking Funds shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Sinking Funds shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Resolution.

Moneys in the Reserve Accounts shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

The Sinking Funds, including the Reserve Accounts therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the respective Bonds and any Parity Bonds that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Sinking Funds, including the Reserve Accounts therein, and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Excess Revenues. Excess Revenues may be used for any lawful purpose of the System.

C. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent, or the Depository Bank, on such dates as the Commission, the Registrar, the Paying

Agent, or the Depository Bank as the case may be, shall require, such additional sums as shall be necessary to pay the charges and the fees then due.

D. The moneys in excess of the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

E. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, that all deposits, including on account of deficiencies, shall be made in the order of priority set forth in Paragraph (A), above, and no payment of lower priority shall be made if there exists a deficiency in a fund or account of higher priority. No such deficiency shall exist solely because the required payments into the Reserve Accounts have not, as of such date, funded such account to the requirement therefor.

F. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

G. The Gross Revenues of the System shall only be used for purposes of the System.

H. All Tap Fees shall be deposited by the Issuer, as received, in the Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and used for any lawful purpose of the System.

ARTICLE VI

APPLICATION OF BONDS PROCEEDS

Section 6.01. Application of Bonds Proceeds; Pledge of Unexpended Bonds Proceeds. (1) From the moneys received from the sale of the Series 1994 A Bonds, the following amounts shall be deposited as set forth below:

A. From the proceeds of the Series 1994 A Bonds, there shall be deposited in the Series 1994 A Bonds Sinking Fund, the sum, if any, set forth in the Supplemental Resolution; provided that such amount shall not exceed the amount necessary to pay interest for the construction period, plus six months.

B. From the proceeds of the Series 1994 A Bonds, there shall be deposited with the Commission in the Series 1994 A Bonds Reserve Account the sum, if any, set forth in this Resolution for funding of the Series 1994 A Bonds Reserve Account.

C. The remaining moneys derived from the sale of the Series 1994 A Bonds shall be deposited with the Construction Trust Fund Depository Bank in the Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

(2) From the moneys received from the sale of the Series 1994 B Bonds, the following amounts shall be deposited as set forth below:

A. From the proceeds of the Series 1994 B Bonds, there shall be deposited in the Series 1994 B Bonds Sinking Fund, the sum, if any, set forth in the Supplemental Resolution; provided that such amount shall not exceed the amount necessary to pay interest for the construction period, plus six months.

B. From the proceeds of the Series 1994 B Bonds, there shall be deposited with the Commission in the Series 1994 B Bonds Reserve Account the sum, if any, set forth in this Resolution for funding of the Series 1994 B Bonds Reserve Account.

C. The remaining moneys derived from the sale of the Series 1994 B Bonds shall be deposited with the Construction Trust Fund Depository Bank in the Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

The Construction Trust Fund Depository Bank shall act as a trustee and fiduciary for the Bondholders with respect to the Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Construction Trust Fund set forth

in this Resolution. Moneys in the Construction Trust Fund shall be used solely to pay Costs of the Project and, until so expended, are hereby pledged as additional security for the respective series of Bonds. For purposes of this provision only, the moneys on hand in the Construction Trust Fund shall be treated as being disbursed on a proportionate basis.

Section 6.02. Disbursements from the Construction Trust Fund. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 6.01 hereof, disbursements from the Construction Trust Fund (except for the costs of issuance of the Bonds originally authorized hereby, which shall be made upon request of the Issuer), shall be made only after submission to the Construction Trust Fund Depository Bank of a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:

(A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;

(B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;

(C) That each of such costs has been otherwise properly incurred; and

(D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Construction Trust Fund Depository Bank shall disburse from the Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Construction Trust Fund shall be presumed by the Construction Trust Fund Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Construction Trust Fund. The Consulting Engineers shall from time to time file with the Construction Trust Fund Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, the Construction Trust Fund Depository Bank shall transfer, pro rata, any moneys remaining in the Construction

Trust Fund to the Series 1994 A Bonds Reserve Account and to the Series 1994 B Bonds Reserve Account, and when all Reserve Accounts are fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. The Issuer shall thereafter apply such moneys in full, first to the next ensuing interest payments, if any, due on the respective series of Bonds and thereafter to the next ensuing principal payments due thereon.

ARTICLE VII

ADDITIONAL COVENANTS OF THE ISSUER

Section 7.01. General Covenants of the Issuer. All the covenants, agreements and provisions of this Resolution shall be and constitute valid and legally binding covenants of the Issuer and shall be enforceable in any court of competent jurisdiction by any Holder or Holders of the Bonds. In addition to the other covenants, agreements and provisions of this Resolution, the Issuer hereby covenants and agrees with the Holders of the Bonds, as hereinafter provided in this Article VII. All such covenants, agreements and provisions shall be irrevocable, except as provided herein, as long as any of said Bonds, or the interest thereon is Outstanding and unpaid.

Section 7.02. Bonds, not to be Indebtedness of the Issuer. The Bonds shall not be nor constitute an indebtedness of the Issuer within the meaning of any constitutional, statutory or charter limitation of indebtedness, but shall be payable solely from the funds pledged for such payment by this Resolution. No Holder or Holders of any Bonds, shall ever have the right to compel the exercise of the taxing power, if any, of the Issuer to pay said Bonds or the interest thereon.

Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Position. The payment of the debt service of the Series 1994 A Bonds and Series 1994 B Bonds issued hereunder shall be secured forthwith equally and ratably by a first lien on the Net Revenues derived from the operation of the System on parity with the lien on said Net Revenues in favor of the holders of the Prior Bond. The revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bond and the Bonds herein authorized and to make the payments into the Sinking Funds, including the Reserve Accounts therein, and all other payments provided for in this Resolution and the Prior Resolution are hereby irrevocably pledged, in the manner provided herein, to the payment of the principal of and interest on the Bonds as the same become due, and for the other purposes provided in this Resolution.

Section 7.04. Initial Schedule of Rates and Charges. The schedule of rates and charges for the services and facilities of the System shall be as set forth, described in and ordered by the PSC Order, which schedule of rates is attached as Exhibit B hereto and incorporated herein by reference and is hereby adopted and approved as the rates of the Issuer, which rates will become effective as provided in the PSC Order.

The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from the System sufficient to pay the Operating Expenses of the System and to make the prescribed

payments into the funds and accounts created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes.

Section 7.05. Sale of the System. Except as otherwise required by law and as long as the Prior Bond is outstanding, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully or redeem at or prior to maturity all the Bonds Outstanding, or to effectively defease this Resolution in accordance with Sections 10.01 hereof and to pay the Prior Bond in full. The proceeds from any such sale, mortgage, lease or other disposition of the System shall be immediately remitted to the Commission for deposit in the Sinking Funds, and the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Series 1994 A Bonds and Series 1994 B Bonds about to mature and to the redemption prior to maturity at the earliest date permitted hereby and at the redemption price, of all other Outstanding Bonds. Any balance remaining after the redemption or payment of all the Series 1994 A Bonds and Series 1994 B Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, in writing, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of

\$10,000 and not in excess of \$50,000, shall, upon receipt of approval of the Registered Owners, if needed, be remitted by the Issuer to the Commission for deposit in the appropriate Sinking Fund and shall be applied only to the purchase or redemption of Bonds of the last maturities then Outstanding at prices not greater than the applicable redemption price, or, if not redeemable, par, or otherwise in the Renewal and Replacement Fund. The payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Resolution. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay or redeem prior to maturity all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of sixty-six and two-thirds (66 2/3%) in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. So long as any of the Bonds are Outstanding, the Issuer shall not issue any other obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Bonds; provided, however, that Parity Bonds may be issued as provided for in Section 7.07 hereof. All obligations hereafter issued by the Issuer payable from the revenues of the System, except such Parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on and source of and security for payment from such revenues and in all other respects, to the Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into the Reserve Accounts and the Renewal and Replacement Fund at the time of the issuance of such subordinate obligations have been made and are current.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the respective liens of the Bonds, and the interest thereon, upon any of the income and revenues of the System pledged for payment of the Bonds and the interest thereon in this Resolution, or upon the System or any part thereof.

Section 7.07. Parity Bonds. A. No Parity Bonds, payable out of the revenues of the System, shall be issued after

the issuance of any Bonds pursuant to this Resolution, except under the conditions and in the manner herein provided and in the Prior Resolution so long as the Prior Bond is outstanding.

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1994 A Bonds and Series 1994 B Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the construction or acquisition of extensions or improvements to the System or refunding one or more series of Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived, subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

(1) The Bonds then Outstanding, including, without limitation, the Prior Bond;

(2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and

(3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the three succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from any increase in rates adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public

Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer and approved by the PSC, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Resolution (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Series 1994 A Bonds and Series 1994 B Bonds and the Holders of any Parity Bonds issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their respective liens on the revenues of the System and their respective source of and security for payment from said revenues, without preference of any Bond of one series over any other Bond of another series on a parity therewith. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Resolution required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Resolution.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on the revenues of the System is subject to the prior and superior liens of the Outstanding Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from the revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1994 A Bonds and Series 1994 B Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Resolution with respect to the Bonds then Outstanding, and any other payments provided for in this Resolution, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Resolution.

B. Notwithstanding the foregoing, or any provision of Section 7.06 to the contrary, additional Bonds may be issued pursuant to a Supplemental Resolution solely for the purpose of

completing the Project as described in the application to the Authority and in accordance with the plans and specifications of the Consulting Engineer, in the event that the Series 1994 A Bonds and Series 1994 B Bonds should be insufficient, together with other funds lawfully available therefore, to pay all costs of construction and acquisition of the project without regard to the restrictions set forth in this Section 7.07, if there is first obtained by the Issuer the written consent of the Authority to the issuance of bonds on a parity with the Bonds and provided further that prior to the issuance of such Parity Bonds and under the provisions of this paragraph, the Consulting Engineers shall file with the Secretary a certificate to the effect that additional funds are necessary for such purpose. All such Parity Bonds authorized and issued under the provisions of this paragraph shall be limited to the aggregate principal amount required to make up any deficiency in funds for payment of the construction costs to complete the Project, and the maturities of any such Parity Bonds shall be in years and amounts suggested by the Authority. The holders of the Prior Bond must consent to the issuance of such Parity Bonds.

Section 7.08. Books and Records. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Resolution shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all reasonable expenses of operation, repair and maintenance of the System, including any reserves required by the PSC Order or any supplement or amendment thereto and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest, if any, on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bond; provided that, in the event that amounts equal to or in excess of the Reserve Requirement are on deposit respectively in the Reserve Account and reserve accounts for obligations prior to or on a parity with the Bonds, including the Prior Bond, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest, if any, on the Bonds and all

No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds who shall file his address with the Issuer and request in writing that copies of all such budgets and resolutions be furnished him and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to any Holder of any Bonds or anyone acting for and in behalf of such Holder of any Bonds.

The Issuer further covenants and agrees that it will, to the full extent permitted by law and the rules and regulations promulgated by the PSC, discontinue and shut off the services of the System to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law.

Section 7.13. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The Issuer will require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority, so long as the Authority is the Owner of the Bonds. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their interests may appear, in accordance with the Loan Agreement, during construction of the Project in the full insurable value thereof. In time of war, the Issuer shall also carry in said amount such insurance as may be available against loss or damage by

the risks and hazards of war. The proceeds of all such insurance policies shall be disposed of as provided in this Resolution and otherwise shall be placed in the Renewal and Replacement Fund and used only for the repair and restoration of the damaged or destroyed properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will also carry liability insurance for damage or injury to persons or property in amounts adequate for such purposes and customarily carried with respect to works and properties similar to the System. Accordingly, every owner, tenant or occupant of any house, dwelling or building located near the System, where sewage will flow by gravity or be transported by such other methods approved by the State Department of Health from such house, dwelling or building into the System, to the extent permitted by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, shall connect with and use the sewerage facilities portion of the System and shall cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from such house, dwelling or building where there is such gravity flow or transportation by such other method approved by the State Department of Health and such house, dwelling or building can be adequately served by the sewerage facilities portion of the System, and every such owner, tenant or occupant shall, after a 30 day notice of the availability of the sewerage facilities portion of the System, pay the rates and charges established therefor.

Any such house, dwelling or building from which emanates sewage or water-borne waste matter and which is not so connected with the sewerage facilities portion of the System is hereby declared and found to be a hazard to the health, safety, comfort and welfare of the inhabitants of the Issuer and a public nuisance which shall be abated to the extent permitted by law and as promptly as possible by proceedings in a court of competent jurisdiction.

Section 7.16. Completion, Operation and Maintenance. The Issuer will expeditiously complete the Project in accordance with the plans and specifications prepared by the Consulting Engineers and will maintain the System in good condition and will operate the same as a revenue-producing enterprise in an efficient

and economical manner, making such expenditures for equipment and for renewal, repair and replacement as may be proper for the economical operation and maintenance thereof from the revenues of the System in the manner provided in this Resolution.

Section 7.17. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. PUBLIC PURPOSE BONDS. The Issuer shall use the Bond proceeds solely for the Project and as otherwise set forth herein, and the Project will be solely operated as a public purpose and as local governmental activity of the Issuer.

B. PRIVATE ACTIVITY BOND COVENANT. The Issuer shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Issuer to be used directly or indirectly in a manner which would result in the exclusion of the Bonds from the treatment afforded by Section 103(a) of the Code by reason of the classification of the Bonds as 'private activity bonds' within the meaning of the Code. The Issuer will take all actions necessary to comply with the Code in order to assure the tax-exempt status of the Bonds.

C. PRIVATE LOAN LIMITATION. The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1994 A Bonds are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

E. TWO YEAR CONSTRUCTION ELECTION. The Issuer will expend the gross proceeds of the Bonds for the Project no later than the day which is two years after the date of issuance of the Bonds. The Issuer will expend the net proceeds (including, without limitation, investment proceeds earned before the close of the period involved on the investment of the proceeds of the Bonds) of the Bonds for the Project within the following periods beginning on the date of issuance of the Bonds.

Not less than 10 percent within 6 months,

Not less than 45 percent within 1 year,

Not less than 75 percent within 18 months, and

For the further protection of the Holders of the Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, and shall take effect immediately upon delivery of the Bonds and shall be for the benefit of all Registered Owners of Bonds which lien is on a parity with the lien of the Prior Bond.

ARTICLE VIII

INVESTMENT OF FUNDS; NON-ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Resolution, other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank or such other bank or national banking association holding such fund or account, as the case may be, at the direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Resolution, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Except as specifically provided herein, any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once a year, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records relating thereto so long as any of the Bonds are Outstanding and as long thereafter as necessary to comply with the Code and assure the exclusion of intent on the Bonds from gross income for Federal income tax purposes.

Section 8.02. Arbitrage. The Issuer covenants that (i) it will restrict the use of the proceeds of the Series 1994 A Bonds and Series 1994 B Bonds in such manner and to such extent as may be necessary, in view of the Issuer's reasonable expectations at the

time of issuance of the Series 1994 A Bonds so that the Series 1994 A Bonds will not constitute "arbitrage bonds" under Section 148 of the Code, and (ii) it will take all actions that may be required of it (including, without implied limitation, the timely filing of a federal information return with respect to the Bonds so that the interest on the Series 1994 A Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Rebate of Excess Investment Earnings to the United States. A. CREATION OF FUNDS. There are hereby created, to be held by the Depository Bank as separate funds distinct from all other funds and accounts held by the Depository Bank under this Resolution, the Earnings Fund and the Rebate Fund. All interest earnings and profits on amounts in all funds and accounts established under this Resolution on account of the Series 1994 A Bonds and Series 1994 B Bonds, other than (i) interest earnings and profits on any funds referenced in Subsection C(5) of this Section if such earnings in any Bond Year are less than \$100,000, (ii) interest earnings and profits on amounts in funds and accounts which do not constitute Gross Proceeds, and (iii) interest earnings and profits on the Rebate Fund shall, upon receipt by the Depository Bank, be deposited in the Earnings Fund. In addition, all interest earnings and profits on Gross Proceeds in funds held by the Issuer shall, upon receipt, be paid to the Depository Bank for deposit in the Earnings Fund. Annually, on or before the 30th day following the end of each Bond Year or on the preceding business day in the event that such last day is not a business day, or such earlier date as may be required under the Code or the Loan Agreement, the Depository Bank shall transfer from the Earnings Fund to the Rebate Fund for purposes of ultimate payment to the United States an amount equal to Excess Investment Earnings, all as more particularly described in this Section. Following the transfer referenced in the preceding sentence, the Depository Bank shall transfer all amounts remaining in the Earnings Fund to the Construction Trust Fund until completion of the Project, and thereafter to the Revenue Fund.

B. DUTIES OF ISSUER IN GENERAL. The Issuer shall calculate Excess Investment Earnings in accordance with Subsection C and shall assure payment of an amount equal to Excess Investment Earnings to the United States in accordance with Subsections D and E.

C. CALCULATION OF EXCESS INVESTMENT EARNINGS. Within 15 days following the last day of the first Bond Year, the Issuer shall calculate, and shall provide written notice to the Authority and Depository Bank of, the Excess Investment Earnings referenced in clause (A) of the definition of Excess Investment Earnings. Thereafter, within 15 days following the last day of each Bond Year and within 15 days following the date of the retirement of the Series 1994 A Bonds, the Issuer shall calculate, and shall provide

written notice to the Authority and Depository Bank of, the amount of Excess Investment Earnings. Said calculations shall be made or caused to be made by the Issuer in accordance with the following:

(1) Except as provided in (2), in determining the amount described in clause A(i) of the definition of Excess Investment Earnings, the aggregate amount earned on Nonpurpose Investments shall include (i) all income realized under federal income tax accounting principles (whether or not the person earning such income is subject to federal income tax) with respect to such Nonpurpose Investments and with respect to the reinvestment of investment receipts from such Nonpurpose Investments (without regard to the transaction costs incurred in acquiring, carrying, selling or redeeming such Nonpurpose Investments), including, but not limited to, gain or loss realized on the disposition of such Nonpurpose Investments (without regard to when such gains are taken into account under Section 453 of the Code relating to taxable year of inclusion of gross income), and income under Section 1272 of the Code (relating to original issue discount) and (ii) any unrealized gain or loss as of the date of retirement of the Bonds in the event that any Nonpurpose Investment is retained after such date.

(2) In determining the amount described in clause (A) of the definition of Excess Investment Earnings, Investment Property shall be treated as acquired for its fair market value at the time it becomes a Nonpurpose Investment, so that gain or loss on the disposition of such Investment Property shall be computed with reference to such fair market value as its adjusted basis.

(3) In determining the amount described in clause (A)(ii) of the definition of Excess Investment Earnings, the Yield on the Series 1994 A Bonds and Series 1994 B Bonds shall be determined based on the actual Yield of the Series 1994 A Bonds and Series 1994 B Bonds and during the period between the Closing Date for the Series 1994 A Bonds and Series 1994 B Bonds and the date the computation is made (with adjustments for original issue discount or premium).

(4) In determining the amount described in clause (B) of the definition of Excess Investment Earnings, all income attributable to the excess described in clause (A) of said definition must be taken into account, whether or not that income exceeds the Yield of the Series 1994 A Bonds and Series 1994 B Bonds, and no amount may be treated as "negative arbitrage."

(5) In determining the amount of Excess Investment Earnings, there shall be excluded any amount earned on any fund or account which is used primarily to achieve a proper

matching of revenues and Debt Service within each Bond Year and which is depleted at least once a year except for a reasonable carryover amount not in excess of the greater of 1 year's earnings on such fund or account or 1/12th of annual Debt Service as well as amounts earned on said earnings if the gross earnings on such fund or account for the Bond Year is less than \$100,000.

D. PAYMENT TO THE UNITED STATES. The Issuer shall direct the Depository Bank to pay from the Rebate Fund an amount equal to Excess Investment Earnings to the United States in installments with the first payment to be made not later than 30 days after the end of the 5th Bond Year and with subsequent payments to be made not later than 5 years after the preceding payment was due. The Issuer shall assure that each such installment is in an amount equal to at least 90% of the Excess Investment Earnings with respect to the Gross Proceeds as of the close of the computation period. Not later than 60 days after the retirement of the Series 1994 A Bonds and Series 1994 B Bonds, the Issuer shall direct the Depository Bank to pay from the Rebate Fund to the United States 100% of the theretofore unpaid Excess Investment Earnings in the Rebate Fund. In the event that there are any amounts remaining in the Rebate Fund following the payment required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required by this Subsection D, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor.

E. FURTHER OBLIGATIONS OF ISSUER. The Issuer shall assure that Excess Investment Earnings are not paid or disbursed except as required in this Section. To that end the Issuer shall assure that investment transactions are on an arm's length basis and that Nonpurpose Investments are acquired at their fair market value. In the event that Nonpurpose Investments consist of certificates of deposit or investment contracts, investment in such Nonpurpose Investments shall be made in accordance with the procedures described in applicable Regulations as from time to time in effect. The Depository Bank shall keep the moneys in the Earnings Fund and Rebate Fund invested and reinvested to the fullest extent practicable in Government Obligations with maturities consonant with the required use thereof and investment profits and earnings shall be credited to the account of such fund on which earned.

F. MAINTENANCE OF RECORDS. The Issuer shall keep, and retain for a period of six years following the retirement of the Series 1994 A Bonds and Series 1994 B Bonds, records of the determinations made pursuant to this Section 8.03.

G. INDEPENDENT CONSULTANTS. In order to provide for the administration of this Section 8.03, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate.

H. FURTHER AGREEMENT. Notwithstanding the foregoing, the Issuer further covenants to comply with all Regulations from time to time in effect and applicable to the Bonds, as may be necessary in order to fully comply with Section 148(f) of the Code.

I. REPORTING TO AUTHORITY. The Issuer shall furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information relating thereto as may be requested by the Authority and shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as that term is defined in the Code) from time to time as the Authority may request.

J. AMENDMENTS TO THIS SECTION. Notwithstanding any of the provisions herein to the contrary, the Issuer agrees to amend the provisions of this Section from time to time at the direction of the Authority in order to insure continuing compliance with Section 8.02 hereof.

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on any Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Bonds set forth in this Resolution, any Supplemental Resolution or in the Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, the Bond Registrar, any Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and this Resolution relating thereto, including but not limited to the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action at law or bill in equity enjoin any acts in violation of the Resolution with respect to the Bonds, or the rights of such Registered Owners, provided however, that all rights and remedies of the Registered Owners shall be subject to those of the Registered Owners of the Prior Bond.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under this Resolution and the Act, including, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there be any Event of Default with respect to the Bonds any Registered Owner of

a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project, or both, on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Resolution and the Act.

The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might do.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Resolution for Reserve, Sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Resolution shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under

the provisions of this Resolution, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

KNOW ALL MEN BY THESE PRESENTS: That CHELYAN PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Kanawha County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of ONE HUNDRED SEVENTY-FIVE THOUSAND TWO HUNDRED SEVENTY-SIX DOLLARS (\$175,276) in installments on October 1 of each year as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference, with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning October 1, 1994. CERTIFICATE OF ACCOUNTANT AS TO COVERAGE

Smith, Cochran & Hicks, Certified Public Accountants, have reviewed the sewer service rates which were adopted by the Chelyan Public Service District (the "District") and which were approved in the Final Order of the Public Service Commission of West Virginia granting the District a Certificate of Convenience and Necessity, approving the financing of the Project and approving the rates, dated January 26, 1993 and amended on April 20, 1994. It is our opinion that those rates are adequate to pay operation and maintenance expenses, and to meet the debt service coverage requirements of the Bond Resolution and Supplemental Resolution adopted by the Public Service Board (the "Board") of the District on April 18, 1994, as supplemented, and are sufficient to comply with the provisions of the Loan Agreements entered into among the District and the West Virginia Water Development Authority on April 22, 1994, and the provision of the Prior Resolution.

WITNESS my signature as of this 22nd day of April, 1994.

Re: Chelyan Public Service District \$1,023,500 Sewerage
System Revenue Bonds, Series 1994 A and \$175,276
Sewerage System Revenue Bonds, Series 1994 B

Ladies and Gentlemen:

We are bond counsel to Chelyan Public Service District (the "Governmental Agency"), a duly organized and presently existing public corporation under the laws of the State of West Virginia.

We have examined a certified copy of proceedings and other papers relating to (i) the authorization of a loan agreements, dated April 22, 1994, including all schedules and exhibits attached thereto (the "Loan Agreements"), between the Governmental Agency and the West Virginia Water Development Authority (the "Authority"), and (ii) the issue of the Chelyan Public Service District Sewerage System Revenue Bonds, Series 1994 A of the Governmental Agency, dated April 22, 1994 (the "Series 1994 A Bonds") and the Chelyan Public Service District Sewerage System Revenue Bonds, Series 1994 B of the Governmental Agency, dated April 22, 1994 (the "Series 1994 B Bonds"), both to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Series 1994 A Bonds are in the principal amount of \$1,023,500, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1, and October 1 of each year, beginning October 1, 1994, at the rate as set forth in Exhibit A incorporated in and made a part of the Series 1994 A Bonds. The Series 1994 B Bonds are in the principal amount of \$175,276, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1, and October 1 of each year, beginning October 1, 1994, at the rate as set forth in Exhibit A incorporated in and made a part of the Series 1994 B Bonds. The Series 1994 A Bonds and the Series 1994 B Bonds are on a parity as to security

and source of payment with each other and the Governmental Agency's Sewerage System Revenue Bond, Series 1979.

The Series 1994 A Bonds and the Series 1994 B Bonds are issued for the purposes of paying a portion of the costs of acquiring and constructing certain improvements and extensions to the existing public sewerage system for the Governmental Agency, paying interest on the Series 1994 A Bonds and Series 1994 B Bonds, during construction and for a period not to exceed six months thereafter and paying certain issuance and other costs in connection therewith.

We have also examined the applicable provisions of Chapter 16, Article 13A of the Code of West Virginia, 1931, as amended (the "Local Statute"), under which the Series 1994 A Bonds and the Series 1994 B Bonds are issued, and the Loan Agreements that have been undertaken, including all schedules and exhibits to the Loan Agreements. The Series 1994 A Bonds and the Series 1994 B Bonds have been authorized by a bond resolution (the "Resolution") and a Supplemental Resolution duly passed by the Governmental Agency on April 18, 1994, and became effective on April 18, 1994 (collectively the "Local Act"), which contain provisions and covenants substantially in the form of those set forth in the Loan Agreements. The Series 1994 A Bonds and the Series 1994 B Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreements.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreements have been duly authorized by and executed on behalf of the Governmental Agency and are a valid and binding special obligations of the Governmental Agency enforceable in accordance with the respective terms thereof.

2. The Loan Agreements inure to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Governmental Agency without the consent of the Authority.

3. The Governmental Agency is a duly organized and presently existing public corporation with full power and authority to construct and acquire the Project and to operate and maintain the System referred to in the Loan Agreements and to issue and sell the Series 1994 A Bonds and the Series 1994 B Bonds, all under the Local Statute and other applicable provisions of law.

4. The Governmental Agency has legally and effectively adopted the Local Act and all other necessary resolutions and orders in connection with the issuance and sale of the Series 1994 A Bonds and the Series 1994 B Bonds.

5. The Series 1994 A Bonds and the Series 1994 B Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the net revenues of the System referred to in the Local Act and are secured by a first lien on and pledge of the net revenues of said System on a parity as to security and source of payment with each other and the District's outstanding Sewerage System Revenue Bond, Series 1979.

6. The Governmental Agency has reserved the right to issue additional bonds ranking on a parity with the Series 1994 A Bonds and the Series 1994 B Bonds, as provided in the Local Act.

7. The interest on the Series 1994 A Bonds and the Series 1994 B Bonds are excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in the preceding sentence is subject to the condition that the Governmental Agency comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Series 1994 A Bonds and the Series 1994 B Bonds in order that interest thereon be (or continue to be) excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Series 1994 A Bonds and the Series 1994 B Bonds to be includable in gross income retroactive to the date of issuance of the Series 1994 A Bonds and the Series 1994 B Bonds. The Governmental Agency has covenanted to comply with all such requirements. We express no opinion regarding other federal tax consequences with respect to the Series 1994 A Bonds and the Series 1994 B Bonds.

8. The Series 1994 A Bonds and the Series 1994 B Bonds and the interest thereon are, by the Local Statute, exempt from taxation by the State of West Virginia and the other taxing bodies of the State.

It is to be understood that the rights of the holders of the Series 1994 A Bonds and the Series 1994 B Bonds and the

West Virginia Water Development Authority
April 22, 1994

enforceability of the Series 1994 A Bonds and the Series 1994 B Bonds and the Local Act may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that such enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined executed Series 1994 A Bonds numbered AR-1 and the Series 1994 B Bonds number BR-1, and in our opinion the form of said bonds and their execution and authentication are regular and proper.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Jackson & Kelly", written over a horizontal line.

3. The Issuer has received a Final Order from the Public Service Commission of West Virginia granting approval of the financing, including the above referenced Bond, granting a Certificate of Convenience and Necessity and approving rates for the Project and said Order is in full force and effect and the right for appeal therefrom has been waived by all parties who have such right to appeal.

4. The District has received, or will acquire, all of the necessary permits, licenses, approvals and authorizations that are presently obtainable to acquire and construct the Project.

5. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public council or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by or the validity of the Bonds, the operation of the System or the collection of Revenues or the pledge of Net Revenues to the Bonds.

All Counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Sincerely,

Ladies and Gentlemen:

We have acted as counsel for Bank One, West Virginia, Charleston, National Association, a national banking association with trust powers (the "Bank"), in its capacity as Registrar, and as Depository Bank for the Construction Trust Fund under a Resolution by the Chelyan Public Service District (the "Issuer") enacted April 18, 1994, as supplemented (the "Resolution") and a Registrar's Agreement dated as of April 22, 1994 (the "Registrar's Agreement"), by and between the Issuer and the Bank. In that connection, we are familiar with the affairs of the Bank and have examined and are familiar with the Bank's charter and bylaws, both as amended to date and in full force and effect on the date thereof. In addition, we have examined a certified copy of the Resolution and an executed counterpart of the Registrar Agreement.

Based on the foregoing and upon such other documents, certificates and information as we have considered relevant and necessary to enable us to render this opinion, we are of the opinion that:

1. The Bank is a national association with trust powers, duly organized and validly existing under the laws of the United States of America, may lawfully conduct business in West Virginia and has corporate power to take all action required of it under the Resolution and the Registrar's Agreement.

2. The execution and delivery by the Bank of the Registrar's Agreement and the performance by the Bank of the duties of Registrar under the Resolution have been duly authorized by all necessary corporate actions on part of the Bank.

3. The Registrar's Agreement has been duly authorized, executed and delivered by the Bank and, assuming due authorization, execution and delivery by the Issuer, constitutes the legal, valid and binding agreement of the Bank, enforceable against the Bank in accordance with its terms, except as the enforceability thereof may be limited by applicable bankruptcy, insolvency or other similar laws affecting the enforcement of creditors' rights generally.

This opinion may be relied upon by all counsel to this transaction as if specifically addressed to them.

Very truly yours,

HAMB & POFFENBARGER
