RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF IMPROVEMENTS AND EXTENSIONS TO THE EXISTING PUBLIC WATERWORKS SYSTEM OF PLEASANT VALLEY PUBLIC SERVICE DISTRICT AND THE FINANCING OF THE COST, NOT OTHERWISE PROVIDED, THEREOF THROUGH THE ISSUANCE BY THE DISTRICT OF NOT MORE THAN \$476,000 IN AGGREGATE PRINCIPAL AMOUNT OF WATER REVENUE BONDS, SERIES 1995 (WEST VIRGINIA WATER DEVELOPMENT AUTHORITY); PROVIDING FOR THE RIGHTS AND REMEDIES OF AND SECURITY FOR THE REGISTERED OWNERS OF SUCH BONDS; AUTHORIZING EXECUTION AND DELIVERY OF ALL DOCUMENTS RELATING TO THE ISSUANCE OF SUCH BONDS; APPROVING AND RATIFYING A LOAN AGREEMENT RELATING TO SUCH BONDS; AUTHORIZING THE SALE AND PROVIDING FOR THE TERMS AND PROVISIONS OF SUCH BONDS AND ADOPTING OTHER PROVISIONS RELATING THERETO.

BE IT RESOLVED BY THE PUBLIC SERVICE BOARD OF PLEASANT VALLEY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution (together with any order or resolution supplemental hereto or amendatory hereof, the "Bond Legislation") is adopted pursuant to the provisions of Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), and other applicable provisions of law.

Section 1.02. Findings. It is hereby found, determined and declared that:

A. Pleasant Valley Public Service District (the "Issuer") is a public service district and a public corporation and political subdivision of the State of West Virginia in Monongalia County of said State.

B. The Issuer presently owns and operates a public water distribution system. However, it is deemed necessary and desirable for the health and welfare of the inhabitants of the Issuer that there be acquired and constructed certain improvements and

extensions to the existing public water distribution system of the Issuer, including, but not limited to, additional water lines, a storage tank, hydrants and pump stations, between the Town of Jere and the intersection of Route 100 and U. S. Route 19, in Monongalia County, together with all appurtenant facilities (collectively, the "Project") (the existing public water distribution facilities of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System") at an estimated cost of \$870,000, in accordance with the plans and specifications prepared by the Consulting Engineers, which plans and specifications have heretofore been filed with the Issuer.

C. The estimated revenues to be derived in each year after completion of the Project from the operation of the System will be sufficient to pay all costs of operation and maintenance of the System and the principal of and interest on the Bonds, and to make payments into all Sinking Funds, Reserve Accounts and other payments provided for herein, all as such terms are hereinafter defined.

D. It is deemed necessary for the Issuer to issue its Water Revenue Bonds, Series 1995 (West Virginia Water Development Authority), in the aggregate principal amount of not more than \$476,000 (the "Series 1995 Bonds"), initially to be represented by a single bond, to permanently finance the costs of acquisition and construction of the Project. Said costs shall be deemed to include the cost of all property rights, easements and franchises deemed necessary or convenient therefor; interest upon the Series 1995 Bonds prior to and during acquisition and construction of the Project and for a period not exceeding 6 months after completion of acquisition and construction of the Project; amounts which may be deposited in the Series 1995 Bonds Reserve Account (as hereinafter defined); engineering and legal expenses; expenses for estimates of costs and revenues, expenses for plans, specifications and surveys; other expenses necessary or incident to determining the feasibility or practicability of the Project, administrative expense, commitment fees, fees and expenses of the Authority (as hereinafter defined), discount, initial fees for the services of registrars, paying agents, depositories or trustees or other costs in connection with the sale of the Series 1995 Bonds and such other expenses as may be necessary or incidental to the financing herein authorized, the acquisition or construction of the Project and the placing of same in operation, and the performance of the things herein required or permitted, in connection with any thereof; provided, that reimbursement to the Issuer for any amounts expended by it for allowable costs prior to the issuance of the Series 1995 Bonds or the repayment of indebtedness incurred by the Issuer for such purposes shall be deemed Costs of the Project, as hereinafter defined.

E. The period of usefulness of the System after completion of the Project is not less than 40 years.

F. It is in the best interests of the Issuer that its Series 1995 Bonds be sold to the Authority pursuant to the terms and provisions of a loan agreement to be entered into between the Issuer and the Authority, in form satisfactory to the Issuer and the Authority, as shall be approved by supplemental resolution of the Issuer.

G. There are outstanding obligations of the Issuer which will rank senior and prior to the Series 1995 Bonds as to liens, pledge and source of and security for payment, as follows:

(i) Waterworks Revenue Bond, Series A, dated April 14, 1966, issued in the original aggregate principal amount of \$285,500 (the "Series 1966 Bonds");

(ii) Waterworks Revenue Bond, Series B, dated August 23, 1968, issued in the original aggregate principal amount of \$75,000 (the "Series 1968 Bonds"); and

(iii) Water Revenue Bond, Series 1976, dated November 19, 1976, issued in the original aggregate principal amount of \$295,000 (the "Series 1976 Bonds").

The Series 1966 Bonds, the Series 1968 Bonds and the Series 1976 Bonds are all currently held by GE Capital Corporation in their Community Loan Trust, 1987 A and are hereinafter collectively called the "Prior Bonds."

The Series 1995 Bonds shall be issued junior and subordinate to the Prior Bonds with respect to liens, pledge and source of and security for payment and in all other respects. The Issuer has obtained the written consent of the Holder of the Prior Bonds to the issuance of the Series 1995 Bonds junior and subordinate to the Prior Bonds. Other than the Prior Bonds, there are no outstanding bonds or obligations of the Issuer which are secured by revenues or assets of the System.

H. The Issuer has complied with all requirements of West Virginia law and the Loan Agreement relating to authorization of the acquisition, construction and operation of the Project and the System and issuance of the Series 1995 Bonds, or will have so complied prior to issuance of any thereof, including, among other things and without limitation, the approval (or "grandfathering") of the Project and the financing thereof by the West Virginia Infrastructure Council, the obtaining of a certificate of public convenience and necessity and approval of this financing and necessary user rates and charges described herein from the Public Service Commission of West Virginia by final order, the time for rehearing and appeal of which will either have expired prior to the issuance of the Series 1995 Bonds or such final order will not be subject to appeal or rehearing.

Section 1.03. Bond Legislation Constitutes Contract. In consideration of the acceptance of the Series 1995 Bonds by those who shall be the Registered Owners of the same from time to time, this Bond Legislation shall be deemed to be and shall constitute a contract between the Issuer and such Bondholders, and the covenants and agreements herein set forth to be performed by the Issuer shall be for the equal benefit, protection and security of the Registered Owners of any and all of such Series 1995 Bonds,

Section 3.05. Negotiability, Transfer and Registration. Subject to the provisions for transfer of registration set forth below, the Series 1995 Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder, in accepting the Series 1995 Bonds shall be conclusively deemed to have agreed that such Bonds shall be and have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of West Virginia, and each successive Holder shall further be conclusively deemed to have agreed that said Bonds shall be incontestable in the hands of a bona fide holder for value.

So long as the Series 1995 Bonds remain outstanding, the Issuer, through the Bond Registrar as its agent, shall keep and maintain books for the registration and transfer of the Bonds.

The registered Bonds shall be transferable only upon the books of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in

writing, upon surrender thereto together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or his duly authorized attorney.

In all cases in which the privilege of exchanging Bonds or transferring the registered Bonds are exercised, Bonds shall be delivered in accordance with the provisions of this Bond Legislation. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Bond Registrar. For every such exchange or transfer of Bonds, the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Registrar incurred in connection therewith, which sum or sums shall be paid by the Issuer. The Bond Registrar shall not be obliged to make any such exchange or transfer of Bonds during the period commencing on the 15th day of the month next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the selection of Bonds to be redeemed, and ending on such interest payment date or redemption date.

Section 3.06. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Issuer may, in its discretion, issue, and the Bond Registrar shall, if so advised by the Issuer, authenticate and deliver, a new Bond of the same series and of like tenor as the Bonds so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder's furnishing satisfactory indemnity and complying with such other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer and the Bond Registrar may incur. All Bonds so surrendered shall be cancelled by the Bond Registrar and held for the account of the Issuer. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Section 3.07. Bonds not to be Indebtedness of the Issuer. The Series 1995 Bonds shall not, in any event, be or constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely from the Net Revenues derived from the operation of the System as herein provided and amounts, if any, in the Series 1995 Bonds Sinking Fund and the Series 1995 Bonds Reserve Account. No holder or holders of the Series 1995 Bonds shall ever have the right to compel the exercise of the taxing power of the Issuer, if any, to pay the Series 1995 Bonds or the interest thereon.

Section 3.08. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of all the Series 1995 Bonds shall be secured forthwith equally and ratably with each other by a second lien on the Net Revenues derived from the System, subordinate to the lien on such Net Revenues in favor

of the Holders of the Prior Bonds. Such Net Revenues in an amount sufficient to pay the principal of and interest on and other payments for the Prior Bonds and the Series 1995 Bonds and to make all other payments provided for in the Bond Legislation, are hereby irrevocably pledged to such payments as they become due.

Section 3.09. Delivery of Bonds. The Issuer shall execute and deliver the Series 1995 Bonds to the Bond Registrar, and the Bond Registrar shall authenticate, register and deliver the Series 1995 Bonds to the original purchasers upon receipt of the documents set forth below:

Section 5.03. System Revenues; Flow of Funds. A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the Revenue Fund. The Revenue Fund shall constitute a trust fund for the purposes provided in this Bond Legislation and shall be kept separate and distinct from all other funds of the

Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first each month transfer from the Revenue Fund to the Operation and Maintenance Fund the amount necessary and sufficient to pay current Operating Expenses.

(2) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and pay to the National Finance Office designated in the Series 1968 Bonds and into the Bond Fund established by the resolution authorizing the Series 1966 Bonds, the amounts required to pay the interest on the Series 1976 Bonds, the Series 1968 Bonds and Series 1966 Bonds, respectively, and to amortize the principal of the Series 1976 Bonds, the Series 1968 Bonds and Series 1966 Bonds over the respective lives of the Prior Bonds.

(3) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and (i) commencing 7 months prior to the first date of payment of interest on the Series 1995 Bonds for which interest has not been capitalized, remit to the Commission for deposit in the Series 1995 Bonds Sinking Fund, a sum equal to 1/6th of the amount of interest which will become due on the Series 1995 Bonds on the next ensuing semiannual interest payment date; provided, that, in the event the period to elapse between the date of such initial deposit in the Series 1995 Bonds Sinking Fund and the next semiannual interest payment date is less than 7 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next semiannual interest payment date, the required amount of interest coming due on such date, and (ii) commencing 13 months prior to the first date of payment of principal of the Series 1995 Bonds, remit to the Commission for deposit in the Series 1995 Bonds Sinking Fund, a sum equal to 1/12th of the amount of principal which will mature and become due on the Series 1995 Bonds on the next ensuing annual principal payment date; provided that, in the event the period to elapse between the date of such initial deposit in the Series 1995 Bonds Sinking Fund and the next annual principal payment date is less than 13 months, then such monthly payments shall be increased proportionately to provide, one month prior to the next annual principal payment date, the required amount of principal coming due on such date.

(4) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and deposit with the Depository Bank in the Prior Bonds Reserve Accounts, 1/12 of 1/10 of the maximum amount of principal and interest becoming due on the Series 1976 Bonds in any year, in addition to the deposits into the Prior Bonds Reserve Accounts required by the resolution authorizing the Series 1968 Bonds and the Series 1966 Bonds, until

the aggregate amount in the Reserve Fund equals the sum of \$37,000, such sum being herein called the "Minimum Reserve." After the Minimum Reserve has been accumulated in the Prior Bonds Reserve Account, the Issuer shall monthly deposit into the Prior Bonds Reserve Account such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Prior Bonds and the Bonds and for payments of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Prior Bonds Reserve Account shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series 1976 Bonds, Series 1968 Bonds and Series 1966 Bonds into the Bond Fund and to said National Finance Office, respectively, as the same shall become due on an equal pro rata basis and on a parity with each other or for prepayment of installments, pro rata on the Prior Bonds, or for mandatory redemption of the Prior Bonds as hereinafter provided, and for no other purpose.

(5) The Issuer shall next, on the first day of each month, transfer from the Revenue Fund and, commencing 13 months prior to the first date of payment of principal of the Series 1995 Bonds, if not fully funded upon issuance of the Series 1995 Bonds, remit to the Commission for deposit in the Series 1995 Bonds Reserve Account, an amount equal to 1/120 of the Series 1995 Bonds Reserve Requirement; provided, that no further payments shall be made into the Series 1995 Bonds Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 1995 Bonds Reserve Requirement.

(6) The Issuer shall next, from the moneys remaining in the Revenue Fund (as previously set forth in the Prior Resolutions and not in addition thereto), on the first day of each month, transfer to the Renewal and Replacement Fund, all moneys remaining in the Revenue Fund, until there has been accumulated in the Renewal and Replacement Fund the aggregate sum of \$30,000, and thereafter, such sums as shall be required to maintain such amount therein, so long as any of the Prior Bonds remain outstanding. In addition, the Issuer shall, so long as the Series 1995 Bonds remain outstanding, on the first day of each month, transfer from the Revenue Fund to the Renewal and Replacement Fund, a sum equal to 2 1/2% of the Gross Revenues each month, exclusive of any payments for account of any Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in accordance with Article VIII hereof. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in any Reserve Account [except to the extent such deficiency exists because the required payments into such account have

not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 1995 Bonds Sinking Fund shall be used only for the purposes of paying principal of and interest on the Series 1995 Bonds as the same shall become due. Moneys in the Series 1995 Bonds Reserve Account shall be used only for the purpose of paying principal of and interest on the Series 1995 Bonds as the same shall come due, when other moneys in the Series 1995 Bonds Sinking Fund are insufficient therefor, and for no other purpose, except for transfers to the Rebate Fund permitted hereunder.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 1995 Bonds Sinking Fund and the Series 1995 Bonds Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Bond Construction Trust Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payment due on the Series 1995 Bonds, and then to the next ensuing principal payment due thereon.

Except with respect to transfers to the Rebate Fund permitted hereunder, any withdrawals from the Series 1995 Bonds Reserve Account which result in a reduction in the balance of the Series 1995 Bonds Reserve Account to below the Series 1995 Bonds Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full for principal and interest due on the Prior Bonds and the Series 1995 Bonds.

As and when additional Bonds ranking on a parity with the Series 1995 Bonds are issued, provision shall be made for additional payments into the respective sinking funds sufficient to pay the interest on such additional parity Bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum amount of principal and interest which will become due in any year for account of the Bonds of such series, including such additional parity Bonds.

The Issuer shall not be required to make any further payments into the Series 1995 Bonds Sinking Fund or the Series 1995 Bonds Reserve Account therein when the aggregate amount of funds therein are at least equal to the aggregate principal amount of the Series 1995 Bonds issued pursuant to this Bond Legislation then Outstanding and all interest to accrue until the maturity thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Series 1995 Bonds Sinking Fund and the Series 1995 Bonds Reserve Account created hereunder, and all amounts required for said accounts shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

Moneys in the Series 1995 Bonds Sinking Fund and the Series 1995 Bonds Reserve Account shall be invested and reinvested by the Commission in accordance with Section 8.01 hereof.

Except with respect to transfers to the Rebate Fund permitted hereunder, the Series 1995 Bonds Sinking Fund, including the Series 1995 Bonds Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Series 1995 Bonds and any additional Bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

B. The Issuer shall on the first day of each month (if such day is not a business day, then the next succeeding business day) deposit with the Commission the required principal, interest and reserve payments with respect to the Series 1995 Bonds and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Bond Legislation.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into such funds during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Surplus Revenues may be used for any lawful purpose of the System.

D. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay their respective charges and fees then due.

E. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund, the Renewal and Replacement Fund and the Rebate Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

F. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the

deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 5.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

G. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

H. The Gross Revenues of the System shall only be used for purposes of the System.

I. All Tap Fees shall be deposited by the Issuer, as received, in the Bond Construction Trust Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

From the proceeds of the Series 1995 Bonds, there shall first be deposited with the Commission in the Series 1995 Bonds Sinking Fund, the amount, if any, set forth in the Supplemental Resolution as capitalized interest; provided, that such amount may not exceed the amount necessary to pay interest on the Series 1995 Bonds for the period commencing on the date of issuance of the Series 1995 Bonds and ending 6 months after the estimated date of completion of construction of the Project.

B. Next, from the proceeds of the Series 1995 Bonds, there shall be deposited with the Commission in the Series 1995 Bonds Reserve Account, the amount, if any, set forth in the Supplemental Resolution for funding the Series 1995 Bonds Reserve Account.

D. The remaining moneys derived from the sale of the Series 1995 Bonds shall be deposited with the Depository Bank in the Bond Construction Trust Fund and applied solely to payment of Costs of the Project in the manner set forth in Section 6.02.

E. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Bond Construction Trust Fund and shall comply with all requirements with respect to the disposition of the Bond Construction Trust Fund set forth in the Bond Legislation. - (C) That each of such costs has been otherwise properly incurred;
and
- (D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Bond Construction Trust Fund only the net amount remaining after deduction of any such portion. All payments made from the Bond Construction Trust Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Bond Construction Trust Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Bond Construction Trust Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

After completion of the Project, as certified by the Consulting Engineers, and all Costs of the Project have been paid, the Depository Bank shall transfer any moneys remaining in the Bond Construction Trust Fund to the Series 1995 Bonds Reserve Account, provided that, in no event shall more than 10% of the proceeds from the sale of the Series 1995 Bonds be deposited in the Series 1995 Bonds Reserve Account, and when such Reserve Account is fully funded, shall return such remaining moneys to the Issuer for deposit in the Revenue Fund. Section 7.03. Bonds Secured by Pledge of Net Revenues; Lien Positions with respect to Prior Bonds. The payment of the debt service of the Series 1995 Bonds issued hereunder shall be secured forthwith equally and ratably by a second lien on the Net Revenues derived from the operation of the System, subordinate to the lien on such Net Revenues in favor of the Holders of the Prior Bonds. The Net Revenues derived from the System, in an amount sufficient to pay the principal of and interest on the Prior Bonds and the Series 1995 Bonds and to make the payments into all funds and accounts and all other payments provided for in the Bond Legislation are hereby irrevocably pledged, in the manner provided herein, to such payments as they become due, and for the other purposes provided in the Bond Legislation.

Section 7.04. Initial Schedule of Rates and Charges. The initial schedule of rates and charges for the services and facilities of the System shall be as set forth and approved and described in the Final Order of the Public Service Commission of West Virginia entered as a Recommended Decision on September 18, 1995, and becoming final on October 8, 1995, in Case No. 94-0715-PWD-CN, and such rates are hereby adopted.

Section 7.05. Sale of the System. So long as the Prior Bonds are outstanding, the Issuer shall not sell, mortgage, lease or otherwise dispose of the System, or any part thereof, except as provided in the Prior Resolutions and with the written consent of the Authority. Additionally, so long as the Series 1995 Bonds are outstanding and except as otherwise required by law or with the written consent of the Authority, the System may

not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Bonds Outstanding, or to effectively defease this Bond Legislation in accordance with Article X hereof. The proceeds from any such sale, mortgage, lease or other disposition of the System shall, with respect to the Series 1995 Bonds, immediately be remitted to the Commission for deposit in the Series 1995 Bonds Sinking Fund, and, with the written permission of the Authority, or in the event the Authority is no longer a Bondholder, the Issuer shall direct the Commission to apply such proceeds to the payment of principal at maturity of and interest on the Series 1995 Bonds. Any balance remaining after the payment of the Series 1995 Bonds and interest thereon shall be remitted to the Issuer by the Commission unless necessary for the payment of other obligations of the Issuer payable out of the revenues of the System.

The foregoing provision notwithstanding, so long as none of the Prior Bonds are Outstanding, the Issuer shall have and hereby reserves the right to sell, lease or otherwise dispose of any of the property comprising a part of the System hereinafter determined in the manner provided herein to be no longer necessary, useful or profitable in the operation thereof. Prior to any such sale, lease or other disposition of such property, if the amount to be received therefor, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, is not in excess of \$10,000, the Issuer shall, by resolution, determine that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then provide for the sale of such property. The proceeds of any such sale shall be deposited in the Renewal and Replacement Fund. If the amount to be received from such sale, lease or other disposition of said property, together with all other amounts received during the same Fiscal Year for such sales, leases or other dispositions of such properties, shall be in excess of \$10,000 but not in excess of \$50,000, the Issuer shall first, determine upon consultation with the Consulting Engineers that such property comprising a part of the System is no longer necessary, useful or profitable in the operation thereof and may then, if it be so advised, by resolution duly adopted, authorize such sale, lease or other disposition of such property upon public bidding. The proceeds derived from any such sale, lease or other disposition of such property, aggregating during such Fiscal Year in excess of \$10,000 and not in excess of \$50,000, shall with the written consent of the Authority, be remitted by the Issuer to the Commission for deposit in the Sinking Funds and shall be applied only to the purchase of Bonds of the last maturities then Outstanding at prices not greater than the par value thereof plus 3% of such par value or otherwise. Such payment of such proceeds into the Sinking Funds or the Renewal and Replacement Fund shall not reduce the amounts required to be paid into said funds by other provisions of this Bond Legislation. No sale, lease or other disposition of the properties of the System shall be made by the Issuer if the proceeds to be derived therefrom, together with all other amounts received during the same Fiscal Year for such sales, leases, or other dispositions of such properties, shall be in excess of \$50,000 and insufficient to pay all Bonds then Outstanding without the prior approval and consent in writing of the Holders, or their duly authorized representatives, of over 50% in amount of the Bonds then Outstanding and the Consulting Engineers. The Issuer shall prepare the form of such approval and consent for execution

by the then Holders of the Bonds for the disposition of the proceeds of the sale, lease or other disposition of such properties of the System.

Section 7.06. Issuance of Other Obligations Payable Out of Revenues and General Covenant Against Encumbrances. Except as provided in this Section 7.06 and Section 7.07 hereof, the Issuer shall not issue any obligations whatsoever payable from the revenues of the System which rank prior to, or equally, as to lien on and source of and security for payment from such revenues with the Series 1995 Bonds. All obligations issued by the Issuer after the issuance of the Series 1995 Bonds and payable from the revenues of the System, except such additional parity Bonds, shall contain an express statement that such obligations are junior and subordinate, as to lien on, pledge and source of and security for payment from such revenues and in all other respects, to the Series 1995 Bonds; provided, that no such subordinate obligations shall be issued unless all payments required to be made into all funds and accounts set forth herein have been made and are current at the time of the issuance of such subordinate obligations.

Except as provided above, the Issuer shall not create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance or any other charge having priority over or being on a parity with the lien of the Series 1995 Bonds, and the interest thereon, upon any or all of the income and revenues of the System pledged for payment of the Series 1995 Bonds and the interest thereon in this Bond Legislation, or upon the System or any part thereof.

The Issuer shall give the Authority prior written notice of its issuance of any other obligations to be used for the System, payable from the revenues of the System or from any grants, or any other obligations related to the Project or the System.

Section 7.07. Parity Bonds. So long as the Prior Bonds are outstanding, the limitations on the issuance of parity obligations set forth in the Prior Resolutions shall be applicable. In addition, no Parity Bonds payable out of the revenues of the System shall be issued after the issuance of the Series 1995 Bonds pursuant to this Bond Legislation, except under the additional conditions and in the manner herein provided (unless less restrictive than the provisions of the Prior Resolutions).

All Parity Bonds issued hereunder shall be on a parity in all respects with the Series 1995 Bonds.

No such Parity Bonds shall be issued except for the purpose of financing the costs of the acquisition or construction of extensions and improvements to the System or refunding the Series 1995 Bonds issued pursuant hereto, or both such purposes.

No Parity Bonds shall be issued at any time, however, unless there has been procured and filed with the Secretary a written statement by the Independent Certified Public Accountants, based upon the necessary investigation and certification by the Consulting Engineers, reciting the conclusion that the Net Revenues actually derived,

subject to the adjustments hereinafter provided for, from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of such Parity Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by such Parity Bonds, shall not be less than 115% of the largest aggregate amount that will mature and become due in any succeeding Fiscal Year for principal of and interest on the following:

- (1) The Bonds then Outstanding;
- (2) Any Parity Bonds theretofore issued pursuant to the provisions contained in this Resolution then Outstanding; and
- (3) The Parity Bonds then proposed to be issued.

The "estimated average increased annual Net Revenues to be received in each of the 3 succeeding years," as that term is used in the computation provided in the above paragraph, shall refer only to the increased Net Revenues estimated to be derived from (a) the improvements to be financed by such Parity Bonds and (b) any increase in rates adopted by the Issuer, the period for appeal of which has expired prior to the date of delivery of such Parity Bonds, and shall not exceed the amount to be stated in a certificate of the Consulting Engineers, which shall be filed in the office of the Secretary prior to the issuance of such Parity Bonds.

The Net Revenues actually derived from the System during the 12-consecutive-month period hereinabove referred to may be adjusted by adding to such Net Revenues such additional Net Revenues which would have been received, in the opinion of the Consulting Engineers and the said Independent Certified Public Accountants, as stated in a certificate jointly made and signed by the Consulting Engineers and said Independent Certified Public Accountants, on account of increased rates, rentals, fees and charges for the System adopted by the Issuer, the period for appeal of which has expired prior to issuance of such Parity Bonds.

Not later than simultaneously with the delivery of such Parity Bonds, the Issuer shall have entered into written contracts for the immediate construction or acquisition of such extensions or improvements, if any, to the System that are to be financed by such Parity Bonds.

All covenants and other provisions of this Bond Legislation (except as to details of such Parity Bonds inconsistent herewith) shall be for the equal benefit, protection and security of the Holders of the Bonds and the Holders of any Parity Bonds subsequently issued from time to time within the limitations of and in compliance with this section. Bonds issued on a parity, regardless of the time or times of their issuance, shall rank equally with respect to their lien on the revenues of the System and their source of and security for payment from said revenues, without preference of any Bond of one series over

any other Bond of the same series. The Issuer shall comply fully with all the increased payments into the various funds and accounts created in this Bond Legislation required for and on account of such Parity Bonds, in addition to the payments required for Bonds theretofore issued pursuant to this Bond Legislation.

Parity Bonds shall not be deemed to include bonds, notes, certificates or other obligations subsequently issued, the lien of which on revenues of the System is subject to the prior and superior liens of the Series 1995 Bonds on such revenues. The Issuer shall not issue any obligations whatsoever payable from revenues of the System, or any part thereof, which rank prior to or, except in the manner and under the conditions provided in this section, equally, as to lien on and source of and security for payment from such revenues, with the Series 1995 Bonds.

No Parity Bonds shall be issued any time, however, unless all the payments into the respective funds and accounts provided for in this Bond Legislation with respect to the Bonds then Outstanding, and any other payments provided for in this Bond Legislation, shall have been made in full as required to the date of delivery of such Parity Bonds, and the Issuer shall then be in full compliance with all the covenants, agreements and terms of this Bond Legislation.

Section 7.08. Books; Records and Facilities. The Issuer shall keep complete and accurate records of the cost of acquiring the Project site and the costs of acquiring, constructing and installing the Project. The Issuer shall permit the Authority, or its agents and representatives, to inspect all books, documents, papers and records relating to the Project and the System at all reasonable times for the purpose of audit and examination. The Issuer shall submit to the Authority such documents and information as it may reasonably require in connection with the acquisition, construction and installation of the Project, the operation and maintenance of the System and the administration of the loan or any grants or other sources of financing for the Project.

The Issuer shall permit the Authority, or its agents and representatives, to inspect all records pertaining to the operation of the System at all reasonable times following completion of construction of the Project and commencement of operation thereof, or, if the Project is an improvement to an existing system, at any reasonable time following commencement of construction.

The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and any Holder of a Bond or Bonds issued pursuant to this Bond Legislation shall have the right at all reasonable times to inspect the System and all parts thereof and all records, accounts and data of the Issuer relating thereto.

The accounting system for the System shall follow current generally accepted accounting principles and safeguards to the extent allowed and as prescribed by the Public

Service Commission of West Virginia. Separate control accounting records shall be maintained by the Issuer. Subsidiary records as may be required shall be kept in the manner and on the forms, books and other bookkeeping records as prescribed by the Governing Body. The Governing Body shall prescribe and institute the manner by which subsidiary records of the accounting system which may be installed remote from the direct supervision of the Governing Body shall be reported to such agent of the Issuer as the Governing Body shall direct.

The Issuer shall file with the Consulting Engineers, the Authority, or any other original purchaser of the Series 1995 Bonds, and shall mail in each year to any Holder or Holders of the Series 1995 Bonds, requesting the same, an annual report containing the following:

(A) A statement of Gross Revenues, Operating Expenses, Net Revenues and Surplus Revenues derived from and relating to the System.

(B) A balance sheet statement showing all deposits in all the funds and accounts provided for in this Bond Legislation, and the status of all said funds and accounts.

(C) The amount of any Bonds, notes or other obligations Outstanding.

The Issuer shall also, at least once a year, cause the books, records and accounts of the System to be audited by Independent Certified Public Accountants and shall mail upon request, and make available generally, the report of said Independent Certified Public Accountants, or a summary thereof, to any Holder or Holders of the Series 1995 Bonds, and shall submit said report to the Authority, or any other original purchaser of the Series 1995 Bonds. Such audit report submitted to the Authority shall include a statement that the Issuer is in compliance with the terms and provisions of the Loan Agreement and this Bond Legislation and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

The Issuer shall permit the Authority, or its agents and representatives, to enter and inspect the Project site and Project facilities at all reasonable times. Prior to, during and after completion of construction of the Project, the Issuer shall also provide the Authority, or its agents and representatives, with access to the System site and System facilities as may be reasonably necessary to accomplish all of the powers and rights of the Authority with respect to the System pursuant to the Act.

Section 7.09. Rates. Equitable rates or charges for the use of and service rendered by the System have been established all in the manner and form required by law, and copies of such rates and charges so established will be continuously on file with the Secretary, which copies will be open to inspection by all interested parties. The schedule of rates and charges shall at all times be adequate to produce Gross Revenues from said

System sufficient to pay Operating Expenses and to make the prescribed payments into the funds created hereunder. Such schedule of rates and charges shall be changed and readjusted whenever necessary so that the aggregate of the rates and charges will be sufficient for such purposes. In order to assure full and continuous performance of this covenant, with a margin for contingencies and temporary unanticipated reduction in income and revenues, the Issuer hereby covenants and agrees that the schedule of rates or charges from time to time in effect shall be sufficient, together with other revenues of the System (i) to provide for all Operating Expenses of the System and (ii) to leave a balance each year equal to at least 115% of the maximum amount required in any year for payment of principal of and interest on the Series 1995 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Series 1995 Bonds, including the Prior Bonds; provided that, in the event that amounts equal to or in excess of the reserve requirements are on deposit respectively in the Series 1995 Bonds Reserve Account and any reserve accounts for obligations prior to or on a parity with or junior to the Series 1995 Bonds, including the Prior Bonds, are funded at least at the requirement therefor, such balance each year need only equal at least 110% of the maximum amount required in any year for payment of principal of and interest on the Series 1995 Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with or junior to the Series 1995 Bonds, including the Prior Bonds. In any event, the Issuer shall not reduce the rates or charges for services set forth in the rate ordinance described in Section 7.04.

Section 7.10. Operating Budget; Audit and Monthly Financial Report.

The Issuer shall annually, at least 45 days preceding the beginning of each Fiscal Year, prepare and adopt by resolution a detailed, balanced budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding Fiscal Year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof. No expenditures for the operation and maintenance of the System shall be made in any Fiscal Year in excess of the amounts provided therefor in such budget without a written finding and recommendation by the Consulting Engineers, which finding and recommendation shall state in detail the purpose of and necessity for such increased expenditures for the operation and maintenance of the System, and no such increased expenditures shall be made until the Issuer shall have approved such finding and recommendation by a resolution duly adopted. No increased expenditures in excess of 10% of the amount of such budget shall be made except upon the further certificate of the Consulting Engineers that such increased expenditures are necessary for the continued operation of the System. The Issuer shall mail copies of such annual budget and all resolutions authorizing increased expenditures for operation and maintenance to the Authority and to any Holder of any Bonds, within 30 days of adoption thereof, and shall make available such budgets and all resolutions authorizing increased expenditures for operation and maintenance of the System at all reasonable times to the Authority and to any Holder of any Bonds, or anyone acting for and in behalf of such Holder of any Bonds.

In addition, the Issuer shall annually cause the records of the System to be audited by an Independent Certified Public Accountant, the report of which audit shall be

submitted to the Authority and which audit report shall include a statement that the Issuer is in compliance with the terms and provisions of this Bond Legislation and the Loan Agreement and that the revenues of the System are adequate to meet the Issuer's Operating Expenses and debt service requirements.

Commencing on the date contracts are executed for the acquisition and construction of the Project and for two years following the completion of the Project, the Issuer shall each month complete a "Monthly Financial Report," a form of which is attached to the Loan Agreement as Exhibit C, and forward a copy of such report to the Authority by the 10th day of each month.

Section 7.11. Engineering Services and Operating Personnel. The Issuer will obtain a certificate of the Consulting Engineers in the form attached to the Loan Agreement, stating, among other things, that the Project has been or will be constructed in accordance with the approved plans, specifications and designs as submitted to the Authority, the Project is adequate for the purposes for which it was designed, the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project, and all permits required by federal and state laws for construction of the Project have been obtained.

The Issuer shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Issuer at the completion of construction that construction of the Project is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

The Issuer agrees that qualified operating personnel properly certified by the State will be employed to operate the System during the entire term of the Loan Agreement.

Section 7.12. No Competing Franchise. To the extent legally allowable, the Issuer will not grant or cause, consent to or allow the granting of, any franchise or permit to any person, firm, corporation, body, agency or instrumentality whatsoever for the providing of any services which would compete with services provided by the System.

Section 7.13. Enforcement of Collections. The Issuer will diligently enforce and collect all fees, rentals or other charges for the services and facilities of the System, and take all steps, actions and proceedings for the enforcement and collection of such fees, rentals or other charges which shall become delinquent to the full extent permitted or authorized by the Act, the rules and regulations of the Public Service Commission of West Virginia and other laws of the State of West Virginia.

Whenever any fees, rates, rentals or other charges for the services and facilities of the System shall remain unpaid for a period of 30 days after the same shall become due and payable, the property and the owner thereof, as well as the user of the services and facilities, shall be delinquent until such time as all such rates and charges are fully paid. To the extent authorized by the laws of the State and the rules and regulations of the Public Service Commission of West Virginia, rates, rentals and other charges, if not paid, when due, shall become a lien on the premises served by the System. The Issuer further covenants and agrees that, it will, to the full extent permitted by law and the rules and regulations promulgated by the Public Service Commission of West Virginia, discontinue and shut off the services of the System and any services and facilities of the sewerage system, if so owned by the Issuer, to all users of the services of the System delinquent in payment of charges for the services of the System and will not restore such services of either system until all delinquent charges for the services of the System, plus reasonable interest and penalty charges for the restoration of service, have been fully paid and shall take all further actions to enforce collections to the maximum extent permitted by law. If the sewerage facilities are not owned by the Issuer, the Issuer shall enter into a termination agreement with the sewerage system provider, subject to any required approval of such agreement by the Public Service Commission of West Virginia and all rules, regulations and orders of the Public Service Commission of West Virginia.

Section 7.14. No Free Services. The Issuer will not render or cause to be rendered any free services of any nature by the System, nor will any preferential rates be established for users of the same class; and in the event the Issuer, or any department, agency, instrumentality, officer or employee of the Issuer shall avail itself or themselves of the facilities or services provided by the System, or any part thereof, the same rates, fees or charges applicable to other customers receiving like services under similar circumstances shall be charged the Issuer and any such department, agency, instrumentality, officer or employee. The revenues so received shall be deemed to be revenues derived from the operation of the System, and shall be deposited and accounted for in the same manner as other revenues derived from such operation of the System.

Section 7.15. Insurance and Construction Bonds. A. The Issuer hereby covenants and agrees that so long as the Bonds remain Outstanding, the Issuer will, as an Operating Expense, procure, carry and maintain insurance with a reputable insurance carrier or carriers as is customarily covered with respect to works and properties similar to the System. Such insurance shall initially cover the following risks and be in the following amounts:

(1) FIRE, LIGHTNING, VANDALISM, MALICIOUS MISCHIEF AND EXTENDED COVERAGE INSURANCE, on all above-ground insurable portions of the System in an amount equal to the actual cost thereof. In time of war the Issuer will also carry and maintain insurance to the extent available against the risks and hazards of war. The proceeds of all such insurance policies shall be placed in the Renewal and Replacement Fund and used only for the repairs and restoration of the damaged or destroyed

properties or for the other purposes provided herein for said Renewal and Replacement Fund. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance (fire and extended coverage) to protect the interests of the Issuer, the Authority, the prime contractor and all subcontractors as their respective interests may appear, in accordance with the Loan Agreement, during construction of the Project on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Issuer, the contractors and subcontractors, as their interests may appear.

(2) PUBLIC LIABILITY INSURANCE, with limits of not less than \$1,000,000 per occurrence to protect the Issuer from claims for bodily injury and/or death and not less than \$500,000 per occurrence from claims for damage to property of others which may arise from the operation of the System, and insurance with the same limits to protect the Issuer from claims arising out of operation or ownership of motor vehicles of or for the System.

(3) WORKER'S COMPENSATION COVERAGE FOR ALL EMPLOYEES OF OR FOR THE SYSTEM ELIGIBLE THEREFOR; AND PERFORMANCE AND PAYMENT BONDS, such bonds to be in the amounts of 100% of the construction contract and to be required of each contractor contracting directly with the Issuer, and such payment bonds will be filed with the Clerk of The County Commission of the County in which such work is to be performed prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(4) FLOOD INSURANCE, if the facilities of the System are or will be located in designated special flood or mudslide-prone areas and to the extent available at reasonable cost to the Issuer.

(5) BUSINESS INTERRUPTION INSURANCE, to the extent available at reasonable cost to the Issuer.

(6) FIDELITY BONDS will be provided as to every officer, member and employee of the Issuer or the Governing Body having custody of the revenues or of any other funds of the System, in an amount at least equal to the total funds in the custody of any such person at any one time.

B. The Issuer shall also require all contractors engaged in the construction of the Project to carry such worker's compensation coverage for all employees working on the Project and public liability insurance, vehicular liability insurance and property damage insurance in amounts adequate for such purposes and as is customarily carried with respect to works and properties similar to the Project. In the event the Loan Agreement so

requires, such insurance shall be made payable to the order of the Authority, the Issuer, the prime contractor and all subcontractors, as their interests may appear.

Section 7.16. Connections. To the extent permitted by the laws of the State and rules and regulations of the Public Service Commission of West Virginia, the Issuer shall require every owner, tenant or occupant of any house, dwelling or building intended to be served by the System to connect thereto.

Section 7.17. Completion and Operation of Project; Permits and Orders. The Issuer will complete the Project as promptly as possible and operate and maintain the System as a revenue-producing utility in good condition and in compliance with all Federal and state requirements and standards.

The Issuer will obtain all permits required by state and federal laws for the acquisition and construction of the Project and all orders and approvals from the Public Service Commission of West Virginia necessary for the acquisition and construction of the Project and the operation of the System.

Section 7.18. Tax Covenants. The Issuer hereby further covenants and agrees as follows:

A. **PRIVATE BUSINESS USE LIMITATION.** The Issuer shall assure that (i) not in excess of 10% of the Net Proceeds of the Series 1995 Bonds are used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the Series 1995 Bonds during the term thereof is, under the terms of the Series 1995 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) and that, in the event that both (A) in excess of 5% of the Net Proceeds of the Series 1995 Bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the Series 1995 Bonds during the term thereof is, under the terms of the Series 1995 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the Issuer, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the Series 1995 Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Project, or if the Series 1995 Bonds are for the purpose of financing more than one project, a portion of the Project, and shall not exceed the proceeds used for the governmental use of the portion of the Project to which such Private Business Use is related. All of the foregoing shall be determined in accordance with the Code.

B. **PRIVATE LOAN LIMITATION.** The Issuer shall assure that not in excess of 5% of the Net Proceeds of the Series 1995 Bonds or \$5,000,000 are used, directly or indirectly, to make or finance a loan (other than loans constituting Nonpurpose Investments) to persons other than state or local government units.

C. **FEDERAL GUARANTEE PROHIBITION.** The Issuer shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause the Series 1995 Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

D. **INFORMATION RETURN.** The Issuer will timely file all statements, instruments and returns necessary to assure the tax-exempt status of the Series 1995 Bonds and the interest thereon, including, without limitation, the information return required under Section 149(e) of the Code.

E. **FURTHER ACTIONS.** The Issuer will take any and all actions that may be required of it (including, without limitation, those deemed necessary by the Authority) so that the interest on the Series 1995 Bonds will be and remain excluded from gross income for federal income tax purposes, and will not take any actions or fail to take any actions (including, without limitation, those deemed necessary by the Authority), the result of which would adversely affect such exclusion.

Section 7.19. Statutory Mortgage Lien. For the further protection of the Holders of the Series 1995 Bonds, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding, shall take effect immediately upon delivery of the Series 1995 Bonds, and shall be junior and subordinate to the statutory mortgage lien in favor of the Holders of the Prior Bonds.

Section 7.20. Compliance with Loan Agreement and Law. The Issuer agrees to comply with all the terms and conditions of the Loan Agreement and all applicable laws, rules and regulations issued by the Authority, or other State, federal or local bodies in regard to the acquisition and construction of the Project and the operation, maintenance and use of the System.

Section 7.21. Securities Laws Compliance. The Issuer will provide the Authority, in a timely manner, with any and all information that may be requested of it (including its annual audit report, financial statements, related information and notices of changes in usage and customer base) so that the Authority may comply with the provisions of SEC Rule 15c2-12 (17CFR Part 240).

ARTICLE VIII

INVESTMENT OF FUNDS; NON ARBITRAGE

Section 8.01. Investments. Any moneys held as a part of the funds and accounts created by this Bond Legislation other than the Revenue Fund, shall be invested and reinvested by the Commission, the Depository Bank, or such other bank or national banking association holding such fund or account, as the case may be, at the written direction of the Issuer in any Qualified Investments to the fullest extent possible under applicable laws, this Bond Legislation, the need for such moneys for the purposes set forth herein and the specific restrictions and provisions set forth in this Section 8.01.

Any investment shall be held in and at all times deemed a part of the fund or account in which such moneys were originally held, and the interest accruing thereon and any profit or loss realized from such investment shall be credited or charged to the appropriate fund or account except as otherwise provided herein with respect to the Rebate Fund. The investments held for any fund or account shall be valued at the lower of cost or then current market value, or at the redemption price thereof if then redeemable at the option of the holder, including the value of accrued interest and giving effect to the amortization of discount, or at par if such investment is held in the "Consolidated Fund." The Commission, the Depository Bank, or such other bank or national banking association, as the case may be, shall sell and reduce to cash a sufficient amount of such investments whenever the cash balance in any fund or account is insufficient to make the payments required from such fund or account, regardless of the loss on such liquidation. The Depository Bank, or such other bank or national banking association, as the case may be, may make any and all investments permitted by this section through its own bond department and shall not be responsible for any losses from such investments, other than for its own negligence or willful misconduct.

The Depository Bank shall keep complete and accurate records of all funds, accounts and investments, and shall distribute to the Issuer, at least once each year, or more often as reasonably requested by the Issuer, a summary of such funds, accounts and investment earnings. The Issuer shall retain all such records and any additional records with respect to such funds, accounts and investment earnings so long as any of the Bonds are Outstanding and as long thereafter as necessary to assure the exclusion of interest on the Series 1995 Bonds from gross income for federal income tax purposes.

Section 8.02. Arbitrage and Tax Exemption. The Issuer covenants that (i) it shall not take, or permit or suffer to be taken, any action with respect to the gross or other proceeds of the Series 1995 Bonds which would cause the Series 1995 Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and (ii) it will take any and all actions that may be required of it (including, without implied limitation, the timely filing of a Federal information return with respect to the Series 1995 Bonds) so that the interest on the Series 1995 Bonds will be and remain excluded from gross income for

Federal income tax purposes, and will not take any actions which would adversely affect such exclusion.

Section 8.03. Tax Certificate and Rebate. The Issuer shall deliver a certificate of arbitrage, a tax certificate or other similar certificate to be prepared by nationally recognized bond counsel or tax counsel relating to payment of arbitrage rebate and other tax matters as a condition to issuance of the Series 1995 Bonds. In addition, the Issuer covenants to comply with all Regulations from time to time in effect and applicable to the Series 1995 Bonds as may be necessary in order to fully comply with Section 148(f) of the Code, and covenants to take such actions, and refrain from taking such actions, as may be necessary to fully comply with such Section 148(f) of the Code and such Regulations, regardless of whether such actions may be contrary to any of the provisions of this Bond Legislation.

The Issuer shall calculate, annually, the rebatable arbitrage, determined in accordance with Section 148(f) of the Code. Upon completion of each such annual calculation, unless otherwise agreed by the Authority, the Issuer shall deposit, or cause to be deposited, in the Rebate Fund such sums as are necessary to cause the aggregate amount on deposit in the Rebate Fund to equal the sum determined to be subject to rebate to the United States, which, notwithstanding anything herein to the contrary, shall be paid from investment earnings on the underlying fund or account established hereunder and on which such rebatable arbitrage was earned or from other lawfully available sources. Notwithstanding anything herein to the contrary, the Rebate Fund shall be held free and clear of any lien or pledge hereunder and shall be used only for payment of rebatable arbitrage to the United States. The Issuer shall pay, or cause to be paid, to the United States, from the Rebate Fund, the rebatable arbitrage in accordance with Section 148(f) of the Code and such Regulations. In the event that there are any amounts remaining in the Rebate Fund following all such payments required by the preceding sentence, the Depository Bank shall pay said amounts to the Issuer to be used for any lawful purpose of the System. The Issuer shall remit payments to the United States in the time and at the address prescribed by the Regulations as the same may be from time to time in effect with such reports and statements as may be prescribed by such Regulations. In the event that, for any reason, amounts in the Rebate Fund are insufficient to make the payments to the United States which are required, the Issuer shall assure that such payments are made by the Issuer to the United States, on a timely basis, from any funds lawfully available therefor. In addition, the Issuer shall cooperate with the Authority in preparing rebate calculations and in all other respects in connection with rebates and hereby consents to the performance of all matters in connection with such rebates by the Authority at the expense of the Issuer. To the extent not so performed by the Authority, the Issuer and the Depository Bank (at the expense of the Issuer) may provide for the employment of independent attorneys, accountants or consultants compensated on such reasonable basis as the Issuer or the Depository Bank may deem appropriate in order to assure compliance with this Section 8.03. The Issuer shall keep and retain, or cause to be kept and retained, records of the determinations made pursuant to this Section 8.03 in accordance with the requirements of Section 148(f) of the Code and such Regulations. In the event the Issuer

fails to make such rebates as required, the Issuer shall pay any and all penalties and other amounts, from lawfully available sources, and obtain a waiver from the Internal Revenue Service, if necessary, in order to maintain the exclusion of interest on the Series 1995 Bonds from gross income for federal income tax purposes.

The Issuer shall submit to the Authority within 15 days following the end of each Bond Year a certified copy of its rebate calculation and certificate with respect thereto or, if the Issuer qualifies for the small governmental issue exception to rebate, or any other exception thereto, then the Issuer shall submit to the Authority a certificate stating that it is exempt from such rebate provisions and that no event has occurred to its knowledge during the Bond Year which would make the Series 1995 Bonds subject to rebate. The Issuer shall also furnish to the Authority, at any time, such additional information relating to rebate as may be reasonably requested by the Authority, including information with respect to earnings on all funds constituting "gross proceeds" of the Bonds (as such term "gross proceeds" is defined in the Code).

ARTICLE IX

DEFAULT AND REMEDIES

Section 9.01. Events of Default. Each of the following events shall constitute an "Event of Default" with respect to the Series 1995 Bonds:

(1) If default occurs in the due and punctual payment of the principal of or interest on the Series 1995 Bonds; or

(2) If default occurs in the Issuer's observance of any of the covenants, agreements or conditions on its part relating to the Series 1995 Bonds set forth in this Bond Legislation, any supplemental resolution or in the Series 1995 Bonds, and such default shall have continued for a period of 30 days after the Issuer shall have been given written notice of such default by the Commission, the Depository Bank, Registrar or any other Paying Agent or a Holder of a Bond; or

(3) If the Issuer files a petition seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America; or

(4) If default occurs with respect to the Prior Bonds or the resolutions authorizing the Prior Bonds.

Section 9.02. Remedies. Upon the happening and continuance of any Event of Default, any Registered Owner of a Bond may exercise any available remedy and bring any appropriate action, suit or proceeding to enforce his or her rights and, in particular, (i) bring suit for any unpaid principal or interest then due, (ii) by mandamus or other appropriate proceeding enforce all rights of such Registered Owners including the right to require the Issuer to perform its duties under the Act and the Bond Legislation relating thereto, including, but not limited to, the making and collection of sufficient rates or charges for services rendered by the System, (iii) bring suit upon the Bonds, (iv) by action at law or bill in equity require the Issuer to account as if it were the trustee of an express trust for the Registered Owners of the Bonds, and (v) by action or bill in equity enjoin any acts in violation of the Bond Legislation with respect to the Bonds, or the rights of such Registered Owners, provided that, all rights and remedies of the Holders of the Series 1995 Bonds shall be subordinate to the Holders of the Prior Bonds.

Section 9.03. Appointment of Receiver. Any Registered Owner of a Bond may, by proper legal action, compel the performance of the duties of the Issuer under the Bond Legislation and the Act, including, after commencement of operation of the System, the making and collection of sufficient rates and charges for services rendered by the System and segregation of the revenues therefrom and the application thereof. If there

be any Event of Default with respect to such Bonds, any Registered Owner of a Bond shall, in addition to all other remedies or rights, have the right by appropriate legal proceedings to obtain the appointment of a receiver to administer the System or to complete the acquisition and construction of the Project on behalf of the Issuer, with power to charge rates, rentals, fees and other charges sufficient to provide for the payment of Operating Expenses of the System, the payment of the Bonds and interest and the deposits into the funds and accounts hereby established, and to apply such rates, rentals, fees, charges or other revenues in conformity with the provisions of this Bond Legislation and the Act.

The receiver so appointed shall forthwith, directly or by his or her or its agents and attorneys, enter into and upon and take possession of all facilities of said System and shall hold, operate and maintain, manage and control such facilities, and each and every part thereof, and in the name of the Issuer exercise all the rights and powers of the Issuer with respect to said facilities as the Issuer itself might exercise.

Whenever all that is due upon the Bonds and interest thereon and under any covenants of this Bond Legislation for reserve, sinking or other funds and upon any other obligations and interest thereon having a charge, lien or encumbrance upon the revenues of the System shall have been paid and made good, and all defaults under the provisions of this Bond Legislation shall have been cured and made good, possession of the System shall be surrendered to the Issuer upon the entry of an order of the court to that effect. Upon any subsequent default, any Registered Owner of any Bonds shall have the same right to secure the further appointment of a receiver upon any such subsequent default.

Such receiver, in the performance of the powers hereinabove conferred upon him or her or it, shall be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby, and a successor receiver may be appointed in the discretion of such court. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided herein shall hold and operate the System in the name of the Issuer and for the joint protection and benefit of the Issuer and Registered Owners of the Bonds. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System, but the authority of such receiver shall be limited to the completion of the Project and the possession, operation and maintenance of the System for the sole purpose of the protection of both the Issuer and Registered Owners of such Bonds and the curing and making good of any Event of Default with respect thereto under the provisions of this Bond Legislation, and the title to and ownership of said System shall remain in the Issuer, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, assign, mortgage or otherwise dispose of any assets of the System.

ARTICLE X

DEFEASANCE

Section 10.01. Defeasance of Bonds. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of the Series 1995 Bonds, the principal of and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Bond Legislation, then the pledge of Net Revenues and other moneys and securities pledged under this Bond Legislation and all covenants, agreements and other obligations of the Issuer to the Registered Owners of the Series 1995 Bonds shall thereupon cease, terminate and become void and be discharged and satisfied, except as may otherwise be necessary to assure the exclusion of interest on the Series 1995 Bonds from gross income for federal income tax purposes.

Neither securities nor moneys deposited with the Commission pursuant to this section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal installments of and interest on said Series 1995 Bonds; provided, that any cash received from such principal or interest payments on such securities deposited with the Commission or its agent, if not then needed for such purpose, shall, to the extent practicable, be reinvested in securities maturing at times and in amounts sufficient to pay when due the principal installments of and interest to become due on said Bonds on and prior to the next redemption date or the maturity dates thereof, and interest earned from such reinvestments shall be paid over to the Issuer as received by the Commission or its agent, free and clear of any trust, lien or pledge. For the purpose of this section, securities shall mean and include only Government Obligations.

2.7 The Governmental Agency shall require that each construction contractor furnish a performance bond and a payment bond, each in an amount at least equal to one hundred percent (100%) of the contract price of the portion of the Project covered by the particular contract, as security for the faithful performance of such contract.

2.8 The Governmental Agency shall require that each of its contractors and all subcontractors maintain, during the life of the construction contract, workers' compensation coverage, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project facilities are completed and accepted by the Governmental Agency, the Governmental Agency or (at the option of the Governmental Agency) the contractor shall maintain builder's risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Governmental Agency, the prime contractor and all subcontractors, as their interests may appear. If facilities of the System which are detrimentally affected by flooding are or will be located in designated special flood or mudslide-prone areas and if flood insurance is available at a reasonable cost, a flood insurance policy must be obtained by the Governmental Agency on or before the Date of Loan Closing, as hereinafter defined, and maintained so long as any of the Local Bonds is outstanding. Prior to commencing operation of the Project, the Governmental Agency must also obtain, and maintain so long as any of the Local Bonds is outstanding, business interruption insurance if available at a reasonable cost.

2.9 The Governmental Agency shall provide and maintain competent and adequate resident engineering services satisfactory to the Authority covering the supervision and inspection of the development and construction of the Project, and bearing the responsibility of assuring that construction conforms to the plans, specifications and designs prepared by the Consulting Engineers, which have been approved by all necessary governmental bodies. Such resident engineer shall certify to the Authority and the Governmental Agency at the completion of construction that construction is in accordance with the approved plans, specifications and designs, or amendments thereto, approved by all necessary governmental bodies.

2.10 The Governmental Agency agrees that it will at all times provide operation and maintenance of the System to comply with any and all State and federal standards. The Governmental Agency agrees that qualified operating personnel properly certified by the State will be retained to operate the System during the entire term of this Loan Agreement.

2.11 The Governmental Agency hereby covenants and agrees to comply with all applicable laws, rules and regulations issued by the Authority or other State, federal or local bodies in regard to the construction of the Project and operation, maintenance and use of the System.

2.12 The Governmental Agency, commencing on the date contracts are executed for the construction of the Project and for two years following the completion of the Project, shall each month complete a Monthly Financial Report, the form of which is attached hereto as Exhibit C and incorporated herein by reference, and forward a copy by the 10th of each month to the Authority.

ARTICLE III

Conditions to Loan; Issuance of Local Bonds

3.1 The agreement of the Authority to make the Loan is subject to the Governmental Agency's fulfillment, to the satisfaction of the Authority, of each and all of those certain conditions precedent on or before the delivery date for the Local Bonds, which shall be the date established pursuant to Section 3.4 hereof. Said conditions precedent are as follows:

(a) The Governmental Agency shall have performed and satisfied all of the terms and conditions to be performed and satisfied by it in this Loan Agreement;

(b) The Governmental Agency shall have authorized the issuance of and delivery to the Authority of the Local Bonds described in this Article III and in Article IV hereof;

(c) The Governmental Agency shall either have received bids or entered contracts for the construction of the Project which are in an amount and otherwise compatible with the plan of financing described in the Application; provided, that, if the Loan will refund an interim financing of construction, the Governmental Agency must either be constructing or have constructed its Project for a cost and as otherwise compatible with the plan of financing described in the Application; and, in either case, the Authority shall have received a certificate of the Consulting

Engineers to such effect the form of which certificate is attached hereto as Exhibit A;

(d) No Loan shall be made for the purpose of refinancing any outstanding long-term indebtedness of a Governmental Agency unless an opinion of counsel is received by the Authority to the effect that such refinancing is permitted by the Act and the Resolution, and that such refinancing will not cause a violation of any covenant, representation or agreement of the Authority contained in the Resolution or Tax Regulatory Agreement with respect to the exclusion of the interest on the Bonds from gross income of the holder thereof for federal income tax purposes;

(e) The Governmental Agency shall have obtained all permits required by the laws of the State and the federal government necessary for the construction of the Project, and the Authority shall have received a certificate of the Consulting Engineers to such effect;

(f) The Governmental Agency shall have obtained all requisite orders of and approvals from the Public Service Commission of West Virginia (the "PSC") necessary for the construction of the Project and operation of the System with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(g) The Governmental Agency shall have obtained any and all approvals for the issuance of the Local Bonds required by State law, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(h) The Governmental Agency shall have obtained any and all approvals of rates and charges required by State law and shall have taken any other action required to establish and impose such rates and charges (imposition of such rates and charges is not, however, required to be effective until completion of construction of the Project) with all requisite appeal periods having expired without successful appeal, and the Authority shall have received an opinion of counsel to the Governmental Agency, which may be local counsel to the Governmental Agency, bond counsel or special PSC counsel but must be satisfactory to the Authority, to such effect;

(i) Such rates and charges for the System shall be sufficient to comply with the provisions of Subsection 4.1(b)(ii) hereof, and the Authority shall have received a certificate of the

accountants for the Governmental Agency, or such other person or firm experienced in the finances of governmental agencies and satisfactory to the Authority, to such effect; and

(j) The net proceeds of the Local Bonds, together with all moneys on deposit or to be simultaneously deposited (or, with respect to proceeds of grant anticipation notes or other indebtedness for which a binding purchase contract has been entered, to be deposited on a date certain) and irrevocably pledged thereto and the proceeds of grants irrevocably committed therefor, shall be sufficient to pay the costs of construction and acquisition of the Project as set forth in the Application, and the Authority shall have received a certificate of the Consulting Engineers, or such other person or firm experienced in the financing of water development projects and satisfactory to the Authority, to such effect, such certificate to be in form and substance satisfactory to the Authority, and evidence satisfactory to the Authority of such irrevocably committed grants.

3.2 Subject to the terms and provisions of this Loan Agreement, the rules and regulations promulgated by the Authority or any other appropriate State agency and any applicable rules, regulations and procedures promulgated from time to time by the federal government, it is hereby agreed that the Authority shall make the Loan to the Governmental Agency and the Governmental Agency shall accept the Loan from the Authority, and in furtherance thereof it is agreed that the Governmental Agency shall sell to the Authority and the Authority shall make the Loan by purchasing the Local Bonds in the principal amount and at the price set forth in Schedule X hereto. The Local Bonds shall have such further terms and provisions as described in Article IV hereof.

3.3 The Loan shall be secured and shall be repaid in the manner hereinafter provided in this Loan Agreement.

3.4 The Local Bonds shall be delivered to the Authority, at the offices of the Authority, on a date designated by the Governmental Agency by written notice to the Authority, which written notice shall be given not less than ten (10) business days prior to the date designated; provided, however, that if the Authority is unable to accept delivery on the date designated, the Local Bonds shall be delivered to the Authority on a date as close as possible to the designated date and mutually agreeable to the Authority and the Governmental Agency. The date of delivery so designated or agreed upon is hereinafter referred to as the "Date of Loan Closing." Notwithstanding the foregoing, the Date of Loan Closing shall in no event occur more than ninety (90) days after the date of execution of this Loan Agreement by the Authority.

3.5 The Governmental Agency understands and acknowledges that it is one of several governmental agencies which have applied

to the Authority for loans to finance water development projects and that the obligation of the Authority to make any such loan is subject to the Governmental Agency's fulfilling all of the terms and conditions of this Loan Agreement on or prior to the Date of Loan Closing and to the right of the Authority to make such loans to other governmental agencies as in the aggregate will permit the fullest and most timely utilization of such proceeds to enable the Authority to pay debt service on the water development revenue bonds issued by it. The Governmental Agency specifically recognizes that the Authority will not purchase the Local Bonds unless and until it has available funds sufficient to purchase all the Local Bonds and that, prior to such execution, the Authority may commit to and purchase the revenue bonds of other governmental agencies for which it has sufficient funds available. The Governmental Agency further specifically recognizes that during the last 90 days of a period to originate Loans from its water development revenue bond proceeds, the Authority may execute Loan Agreements, commit moneys and close Local Bond sales in such order and manner as it deems in the best interest of the Program.

ARTICLE IV

Local Bonds; Security for Loan; Repayment of Loan; Interest on Loan; Fees and Charges

4.1 The Governmental Agency shall, as one of the conditions of the Authority to make the Loan, authorize the issuance of and issue the Local Bonds pursuant to an official action of the Governmental Agency in accordance with the Local Statute, which shall, as enacted, contain provisions and covenants in substantially the form as follows:

(a) That the revenues generated from the operation of the System will be used monthly, in the order of priority listed, as set forth on Schedule Y attached hereto and incorporated herein by reference. The gross revenues of the System shall always be used for purposes of the System.

(b) Covenants substantially as follows:

(i) That the Local Bonds shall be secured by the gross or net revenues from the System, as more fully set forth in Schedules X and Y attached hereto;

(ii) That the schedule of rates or charges for the services of the System shall be sufficient to provide funds which, along with other revenues of the System, will pay all Operating Expenses and leave a balance each year equal to at least

one hundred fifteen percent (115%) of the maximum amount required in any year for debt service on the Local Bonds and all other obligations secured by a lien on or payable from the revenues of the System prior to or on a parity with the Local Bonds or, if the reserve account established for the payment of debt service on the Local Bonds (the "Reserve Account") is funded (whether by Local Bond proceeds, monthly deposits or otherwise) at an amount at least equal to the maximum amount of principal and interest which will come due on the Local Bonds in the then current or any succeeding year (the "Reserve Requirement") and any reserve account for any such prior or parity obligations is funded at least at the requirement therefor, equal to at least one hundred ten percent (110%) of the maximum amount required in any year for debt service on the Local Bonds and any such prior or parity obligations;

(iii) That the Governmental Agency will complete the Project and operate and maintain the System in good condition;

(iv) That, except as otherwise required by State law or with the written consent of the Authority, the System may not be sold, mortgaged, leased or otherwise disposed of except as a whole, or substantially as a whole, and only if the net proceeds to be realized shall be sufficient to pay fully all the Local Bonds outstanding, with further restrictions on the disposition of portions of the System as are normally contained in such covenants;

(v) That the Governmental Agency shall not issue any other obligations payable from the revenues of the System which rank prior to, or equally, as to lien and security with the Local Bonds, except parity bonds which shall only be issued if net revenues of the System prior to issuance of such parity bonds, plus reasonably projected revenues from rate increases and the improvements to be financed by such parity bonds, shall not be less than one hundred fifteen percent (115%) of the maximum debt service in any succeeding year on all Local Bonds and parity bonds theretofore and then being issued and on any obligations secured by a lien on or payable from the revenues of the System prior to the Local Bonds; provided, however, that additional parity bonds may be issued to complete the Project, as described in the Application as of the date hereof, without regard to the foregoing;

(vi) That the Governmental Agency will carry such insurance as is customarily carried with respect to works and properties similar to the System, including those specified by Section 2.8 hereof;

(vii) That the Governmental Agency will not render any free services of the System;

(viii) That any Local Bond owner may, by proper legal action, compel the performance of the duties of the Governmental Agency under the Local Act, including the making and collection of sufficient rates or charges for services rendered by the System, and shall also have, in the event of a default in payment of principal of or interest on the Local Bonds, the right to obtain the appointment of a receiver to administer the System or construction of the Project, or both, as provided by law;

(ix) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, all delinquent rates and charges, if not paid when due, shall become a lien on the premises served by the System;

(x) That, to the extent legally allowable, the Governmental Agency will not grant any franchise to provide any services which would compete with the System;

(xi) That the Governmental Agency shall annually cause the records of the System to be audited by an independent certified public accountant or independent public accountant and shall submit the report of said audit to the Authority, which report shall include a statement that the Governmental Agency is in compliance with the terms and provisions of the Local Act and this Loan Agreement and that the Governmental Agency's revenues are adequate to meet its operation and maintenance expenses and debt service requirements;

(xii) That the Governmental Agency shall annually adopt a detailed budget of the estimated revenues and expenditures for operation and maintenance of the System during the succeeding fiscal year and shall submit a copy of such budget to the Authority within 30 days of adoption thereof;

(xiii) That, to the extent authorized by the laws of the State and the rules and regulations of the PSC, prospective users of the System shall be required to connect thereto;

(xiv) That the proceeds of the Local Bonds, except for accrued interest and capitalized interest, if any, must (a) be deposited in a construction fund, which, except as otherwise agreed to in writing by the Authority, shall be held separate and apart from all other funds of the Governmental Agency and on which the owners of the Local Bonds shall have a lien until such proceeds are applied to the construction of the Project (including the repayment of any incidental interim financing for non-construction costs) and/or (b) be used to pay (or redeem) bond anticipation notes or other interim funding of such Governmental Agency, the proceeds of which were used to finance the construction of the Project; provided that, with the prior written consent of the

Authority, the proceeds of the Local Bonds may be used to fund all or a portion of the Reserve Account, on which the owner of the Local Bonds shall have a lien as provided herein;

(xv) That, as long as the Authority is the owner of any of the Local Bonds, the Governmental Agency shall not authorize redemption of any Local Bonds by it without the written consent of the Authority and otherwise in compliance with this Loan Agreement;

(xvi) That, unless it qualifies for an exception to the provisions of Section 148 of the Code, which exception shall be set forth in an opinion of bond counsel, the Governmental Agency will furnish to the Authority, annually, at such time as it is required to perform its rebate calculations under the Code, a certificate with respect to its rebate calculations and, at any time, any additional information requested by the Authority;

(xvii) That the Governmental Agency shall take any and all action, or shall refrain from taking any action, as shall be deemed necessary by the Authority to maintain the exclusion from gross income for Federal income tax purposes of interest on the Authority's water development revenue bonds;

(xviii) That the Governmental Agency shall have obtained the certificate of the Consulting Engineer in the form attached to the Loan Application, to the effect that the Project has been or will be constructed in accordance with the approved plans, specifications and design as submitted to the Authority, the Project is adequate for the purposes for which it was designed and the funding plan as submitted to the Authority is sufficient to pay the costs of acquisition and construction of the Project;

(xix) That the Governmental Agency shall, to the full extent permitted by applicable law and the rules and regulations of the West Virginia Public Service Commission, terminate the services of any water facility owned by it to any customer of the System who is delinquent in payment of charges for services provided by the System and will not restore the services of the water facility until all delinquent charges for the services of the System have been fully paid or, if the water facility is not owned by the Governmental Agency, then the Governmental Agency shall enter into a termination agreement with the water provider; and

(xx) That the Governmental Agency shall furnish to the Authority such information with respect to earnings on all funds constituting "gross proceeds" of the Local Bonds (as that

term is defined in the Code) from time to time as the Authority may request.

The Governmental Agency hereby represents and warrants that the Local Act has been or shall be duly adopted in compliance with all necessary corporate and other action and in accordance with applicable provisions of law. All legal matters incident to the authorization, issuance, sale and delivery of the Local Bonds shall be approved without qualification by recognized bond counsel acceptable to the Authority in substantially the form of legal opinion attached hereto as Exhibit B.

4.2 The Loan shall be secured by the pledge and assignment by the Governmental Agency, as effected by the Local Act, of the fees, charges and other revenues of the Governmental Agency from the System as further set forth by and subject only to such reservations and exceptions as are described in Schedules X and Y hereto or are otherwise expressly permitted in writing by the Authority.

4.3 An Origination Fee Account shall be established with the Trustee to hold the portion of the proceeds of any Loan established to fund an Origination Fee. Amounts on deposit in an Origination Fee Account shall belong to the Governmental Agency receiving the related Loan, but such amounts may only be disbursed from the Account to pay the Origination Fee as and when required to satisfy the requirements of the State's Revolving Fund program established pursuant to Title VI of the Water Quality Act of 1987 or for such other purposes as the Authority may approve in writing.

4.4 The principal of the Loan shall be repaid by the Governmental Agency annually on the day and in the years provided in Schedule X hereto. Interest payments on the Loan shall be made by the Governmental Agency on a semiannual basis as provided in said Schedule X.

4.5 The Loan shall bear interest from the date of the delivery to the Authority of the Local Bonds until the date of payment thereof, at the rate or rates per annum set forth on Schedule X hereto. In no event shall the interest rate on or the net interest cost of the Local Bonds exceed any statutory limitation with regard thereto.

4.6 The Local Bonds shall be delivered to the Authority in fully registered form, transferable and exchangeable as provided in the Local Act at the expense of the Governmental Agency. Anything to the contrary herein notwithstanding, the Local Bonds may be issued in one or more series, as reflected by Schedule X hereto.

4.7 The Governmental Agency agrees to pay from time to time, as required by the Authority, the Governmental Agency's allocable share of the reasonable administrative expenses of the Authority relating to the Program. Such administrative expenses shall be as determined by the Authority and shall include without limitation Program expenses, legal fees paid by the Authority and fees paid to the trustee and paying agents for the water development revenue bonds. The Authority shall provide both the Governmental Agency and the trustee for the water development revenue bonds with a schedule of such fees and charges, and the Governmental Agency shall pay such fees and charges on the dates indicated directly to the trustee. The Governmental Agency hereby specifically authorizes the Authority to exercise the powers granted it by Section 9.06 of the General Resolution.

4.8 The Governmental Agency agrees to expend the net proceeds of the Local Bonds for the Project within 3 years of the issuance of the Authority's bonds.

4.9 As long as the Authority is the owner of any of the Local Bonds outstanding, the Governmental Agency shall not redeem any of such Local Bonds outstanding without the written consent of the Authority, and any such redemption of Local Bonds authorized by the Authority shall provide for the payment of interest to the first allowable redemption date for the applicable water development revenue bonds, the redemption premium payable on the applicable water development revenue bonds redeemable as a consequence of such redemption of Local Bonds and the costs and expenses of the Authority in effecting any such redemption, all as further prescribed by Section 9.11 of the General Resolution. Nothing in this Loan Agreement shall be construed to prohibit the Authority from refunding applicable water development revenue bonds, and such refunding need not be based upon or result in any benefit to the Governmental Agency.

ARTICLE V

Certain Covenants of the Governmental Agency;
Imposition and Collection of User Charges;
Payments To Be Made by
Governmental Agency to the Authority

5.1 The Governmental Agency hereby irrevocably covenants and agrees to comply with all of the terms, conditions and requirements of this Loan Agreement and the Local Act. The Governmental Agency hereby further irrevocably covenants and agrees that, as one of the conditions of the Authority to make the Loan, it has fixed and collected, or will fix and collect, the rates, fees and other charges for the use of the System, as set forth in

the Local Act and in compliance with the provisions of Subsection 4.1(b)(ii) hereof.

5.2 In the event, for any reason, the schedule of rates, fees and charges initially established for the System in connection with the Local Bonds shall prove to be insufficient to produce the minimum sums set forth in the Local Act, the Governmental Agency hereby covenants and agrees that it will, to the extent or in the manner authorized by law, immediately adjust and increase such schedule of rates, fees and charges so as to provide funds sufficient to produce the minimum sums set forth in the Local Act and as required by this Loan Agreement.

5.3 In the event the Governmental Agency defaults in the payment of any fees due to the Authority pursuant to Section 4.6 hereof, the amount of such default shall bear interest at the interest rate of the installment of the Loan next due, from the date of the default until the date of the payment thereof.

5.4 The Governmental Agency hereby irrevocably covenants and agrees with the Authority that, in the event of any default hereunder by the Governmental Agency, the Authority may exercise any or all of the rights and powers granted under Section 6a of the Act, including without limitation the right to impose, enforce and collect directly charges upon users of the System.

ARTICLE VI

Other Agreements of the Governmental Agency

6.1 The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges with respect to water development projects in the event of default by governmental agencies in the terms and covenants of loan agreements, and the Governmental Agency hereby covenants and agrees that, if the Authority should hereafter have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Loan Agreement.

6.2 At the option of the Authority, the Governmental Agency shall issue and sell to the Authority additional, subordinate bonds to evidence the Governmental Agency's obligation to repay to the Authority any grant received by the Governmental Agency from the Authority in excess of the amount to which the Governmental Agency is entitled pursuant to applicable policies or rules and regulations of the Authority. Also at the option of the

Authority, the Governmental Agency may issue and sell to the Authority additional, subordinate bonds for such purposes as may be acceptable to the Authority.

6.3 The Governmental Agency hereby warrants and represents that all information provided to the Authority in this Loan Agreement, in the Application or in any other application or documentation with respect to financing the Project was at the time, and now is, true, correct and complete, and such information does not omit any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Prior to the Authority's making the Loan and receiving the Local Bonds, the Authority shall have the right to cancel all or any of its obligations under this Loan Agreement if (a) any representation made to the Authority by the Governmental Agency in connection with the Loan shall be incorrect or incomplete in any material respect or (b) the Governmental Agency has violated any commitment made by it in its Application or in any supporting documentation or has violated any of the terms of this Loan Agreement.

6.4 The Governmental Agency hereby agrees to repay on or prior to the Date of Loan Closing any moneys due and owing by it to the Authority for the planning or design of the Project, and such repayment shall be a condition precedent to the Authority's making the Loan.

6.5 The Governmental Agency hereby covenants that it will rebate any amounts required by Section 148 of the Internal Revenue Code of 1986, as amended, and will take all steps necessary to make any such rebates. In the event the Governmental Agency fails to make any such rebates as required, then the Governmental Agency shall pay any and all penalties, obtain a waiver from the Internal Revenue Service and take any other actions necessary or desirable to preserve the exclusion from gross income for Federal income tax purposes of interest on the Local Bonds.

6.6 Notwithstanding Section 6.5, the Authority may at any time, in its sole discretion, cause the rebate calculations prepared by or on behalf of the Governmental Agency to be monitored or cause the rebate calculations for the Governmental Agency to be prepared, in either case at the expense of the Governmental Agency.

6.7 The Governmental Agency hereby agrees to give the Authority prior written notice of the issuance by it of any other obligations to be used for the Project, payable from the revenues of the System or from any grants for the Project or otherwise related to the Project or the System.

6.8 The Governmental Agency hereby agrees to file with the Authority upon completion of acquisition and construction of

the Project a schedule in substantially the form of Amended Schedule A to the Application, setting forth the actual costs of the Project and sources of funds therefor.

ARTICLE VII

7.2 Schedule X shall be attached to this Loan Agreement by the Authority as soon as practicable after the Date of Loan Closing is established and shall be approved by an official action of the Governmental Agency supplementing the Local Act, a certified copy of which official action shall be submitted to the Authority.

7.3 If any provision of this Loan Agreement shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Loan Agreement, and this Loan Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.4 This Loan Agreement may be executed in one or more counterparts, any of which shall be regarded for all purposes as an original and all of which constitute but one and the same instrument. Each party agrees that it will execute any and all documents or other instruments and take such other actions as may be necessary to give effect to the terms of this Loan Agreement.

7.5 No waiver by either party of any term or condition of this Loan Agreement shall be deemed or construed as a waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach, whether of the same or of a different section, subsection, paragraph, clause, phrase or other provision of this Loan Agreement.

7.6 This Loan Agreement merges and supersedes all prior negotiations, representations and agreements between the parties hereto relating to the Loan and constitutes the entire agreement between the parties hereto in respect thereof.

7.7 By execution and delivery of this Loan Agreement, notwithstanding the date hereof, the Governmental Agency specifically recognizes that it is hereby agreeing to sell its Local Bonds to the Authority and that such obligation may be

specifically enforced or subject to a similar equitable remedy by the Authority.

7.8 This Loan Agreement shall terminate upon the earlier of:

(i) the end of ninety (90) days after the date of execution hereof by the Authority if the Governmental Agency has failed to deliver the Local Bonds to the Authority;

(ii) termination by the Authority pursuant to Section 6.3 hereof; or

(iii) payment in full of the principal of and interest on the Loan and of any fees and charges owed by the Governmental Agency to the Authority.

The Local Bonds are in the principal amount of \$_____, issued in the form of one bond registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, beginning _____ 1, 19__, at the respective rate or rates and with principal payable in installments on October 1 in each of the years, all as follows:

The Local Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Local Act and the Loan Agreement.

Based upon the foregoing and upon our examination of such other documents as we have deemed necessary, we are of the opinion as follows:

1. The Loan Agreement has been duly authorized by and executed on behalf of the Governmental Agency and is a valid and binding special obligation of the Governmental Agency enforceable in accordance with the terms thereof.

5. The Local Bonds are valid and legally enforceable special obligations of the Governmental Agency, payable from the [net] revenues of the System referred to in the Local Act and secured by a [first] lien on and pledge of the [net] revenues of said System, all in accordance with the terms of the Local Bonds and the Local Act, and have been duly issued and delivered to the Authority.

6. The Local Bonds are, by statute, exempt _____, and under existing statutes and court decisions of the United States of America, as presently written and applied, the interest on the Local Bonds is excludable from the gross income of the recipients thereof for Federal income tax purposes.

No opinion is given herein as to the effect upon enforceability of the Local Bonds of bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights or in the exercise of judicial discretion in appropriate cases.

We have examined executed and authenticated Local Bond numbered R-1, and in our opinion the form of said bond and its execution and authentication are regular and proper.

STATE OF WEST VIRGINIA
PLEASANT VALLEY PUBLIC SERVICE DISTRICT
WATER REVENUE BOND, SERIES 1995
(WEST VIRGINIA WATER DEVELOPMENT AUTHORITY)

No. R-1

\$476,000

KNOW ALL MEN BY THESE PRESENTS: That PLEASANT VALLEY PUBLIC SERVICE DISTRICT, a public corporation and political subdivision of the State of West Virginia in Monongalia County of said State (the "Issuer"), for value received, hereby promises to pay, solely from the special funds provided therefor, as hereinafter set forth, to the West Virginia Water Development Authority (the "Authority") or registered assigns the sum of FOUR HUNDRED SEVENTY-SIX THOUSAND DOLLARS (\$476,000), in installments on October 1 of each year, as set forth on the "Schedule of Annual Debt Service" attached as Exhibit A hereto and incorporated herein by reference with interest on each installment at the rate per annum set forth on said Exhibit A.

The interest on each installment shall run from the original date of delivery of this Bond to the Authority and payment therefor, and until payment of such installment, and such interest shall be payable on April 1 and October 1 in each year, beginning April 1, 1996. Principal installments of this Bond are payable in any coin or currency which, on the respective dates of payment of such installments, is legal tender for the payment of public and private debts under the laws of the United States of America, at the office of the West Virginia Municipal Bond Commission, Charleston, West Virginia (the "Paying Agent"). The interest on this Bond is payable by check or draft of the Paying Agent mailed to the registered owner hereof at the address as it appears on the books of One Valley Bank, National Association, Charleston, West Virginia, as registrar (the "Registrar"), on the 15th day of the month next preceding an interest payment date, or by such other method as shall be mutually agreeable so long as the Authority is the Registered Owner hereof.

This Bond may be redeemed prior to its stated date of maturity in whole or in part, but only with the express written consent of the Authority, and upon the terms and conditions prescribed by, and otherwise in compliance with, the Loan Agreement between the Issuer and the Authority, dated December 7, 1995.

This Bond is issued (i) to pay a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public waterworks system of the Issuer (the "Project"); (ii) to pay interest on the Bonds of this Series (the "Bonds") during the construction of the Project and for not more than 6 months thereafter; (iii) to fund a reserve account for the Bonds; and (iv) to pay certain costs of issuance hereof and related costs. The existing public water distribution system of the Issuer, the Project and any further improvements or extensions thereto are herein called the "System." This

The Bond Legislation provides for the issuance of additional bonds under certain conditions, and such bonds would be entitled to be paid and secured equally and ratably from and by the funds and revenues and other security provided for the Bonds under the Bond Legislation.

THIS BOND IS ISSUED JUNIOR AND SUBORDINATE, WITH RESPECT TO LIENS, PLEDGE AND SOURCE OF AND SECURITY FOR PAYMENT, AND IN ALL RESPECTS, TO THE FOLLOWING OUTSTANDING WATER REVENUE BONDS OF THE ISSUER:

revenues of the System, to provide for the reasonable expenses of operation, repair and maintenance of the System, and to leave a balance each year equal to at least 115% of the maximum amount payable in any year for principal of and interest on the Bonds and all other obligations secured by a lien on or payable from such revenues prior to or on a parity with the Bonds, including the Prior Bonds; provided however, that so long as there exists in the Series 1995 Bonds Reserve Account an amount at least equal to the maximum amount of principal and interest which will become due on the Bonds in the then current or any succeeding year, and in the respective reserve accounts established for any other obligations outstanding prior to or on a parity with the Bonds, including the Prior Bonds, an amount at least equal to the requirement therefor, such percentage may be reduced to 110%. The Issuer has entered into certain further covenants with the registered owners of the Bonds for the terms of which reference is made to the Bond Legislation. Remedies provided the registered owners of the Bonds are exclusively as provided in the Bond Legislation, to which reference is here made for a detailed description thereof.

Subject to the registration requirements set forth herein, this Bond is transferable, as provided in the Bond Legislation, only upon the books of the Registrar by the registered owner, or by its attorney duly authorized in writing, upon the surrender of this Bond together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or its attorney duly authorized in writing.

Subject to the registration requirements set forth herein, this Bond, under the provision of the Act is, and has all the qualities and incidents of, a negotiable instrument under the Uniform Commercial Code of the State of West Virginia.

All money received from the sale of this Bond, after reimbursement and repayment of all amounts advanced for preliminary expenses as provided by law and the Bond Legislation, shall be applied solely to payment of the costs of the Project and costs of issuance hereof described in the Bond Legislation, and there shall be and hereby is created and granted a lien upon such moneys, until so applied, in favor of the registered owner of this Bond.

Ladies and Gentlemen:

We have served as bond counsel in connection with the issuance by Pleasant Valley Public Service District (the "Issuer"), a public service district and public corporation and political subdivision created and existing under the laws of the State of West Virginia, of its \$476,000 Water Revenue Bonds, Series 1995 (West Virginia Water Development Authority), dated the date hereof (the "Bonds").

We have examined the law and certified copies of proceedings and other papers relating to the authorization of a loan agreement, dated December 7, 1995, including all schedules and exhibits attached thereto (the "Loan Agreement"), between the Issuer and the West Virginia Water Development Authority (the "Authority") and the Bonds, which are to be purchased by the Authority in accordance with the provisions of the Loan Agreement. The Bonds are originally issued in the form of one bond, registered as to principal and interest to the Authority, with interest payable April 1 and October 1 of each year, commencing April 1, 1996, at the rate of 6 3/4% per annum, and with principal installments payable on October 1 of each year, commencing October 1, 1996, and ending October 1, 2033, all as set forth in "Schedule X," attached to the Loan Agreement and incorporated in and made a part of the Bonds.

The Bonds are issued under the authority of and in full compliance with the Constitution and statutes of the State of West Virginia, including particularly, Chapter 16, Article 13A of the West Virginia Code of 1931, as amended (the "Act"), for the purposes of (i) paying a portion of the costs of acquisition and construction of certain improvements and extensions to the existing public waterworks facilities of the Issuer (the "Project"); (ii) paying interest on the Bonds during the construction of the Project and for not more than 6 months thereafter; (iii) funding a reserve account for the Bonds; and (iv) paying certain costs of issuance and related costs.

WRITER'S DIRECT DIAL NUMBER

We have also examined the applicable provisions of the Act, the Bond Resolution duly adopted by the Issuer on November 2, 1995, as supplemented by a Supplemental Resolution duly adopted by the Issuer on November 2, 1995 (collectively, the "Bond Legislation"), pursuant to and under which Act and Bond Legislation the Bonds are authorized and issued, and the Loan Agreement has been entered into. The Bonds are subject to redemption prior to maturity to the extent, at the time, under the conditions and subject to the limitations set forth in the Bond Legislation and the Loan Agreement.

In connection with the issuance of the Bonds, the Issuer has executed a Certificate as to Arbitrage, dated as of the date hereof (the "Certificate as to Arbitrage"), which, among other things, sets forth restrictions on the investment and expenditure of the Bond proceeds and earnings thereon, to ensure that the arbitrage requirements of the Internal Revenue Code of 1986, as amended, and regulations thereunder (collectively, the "Code"), necessary to establish and maintain the excludability of interest on the Bonds from gross income for federal income tax purposes, are and will continue to be met.

Based upon the foregoing, and upon our examination of such other documents as we have deemed necessary, we are of the opinion, under existing law, as follows:

1. The Issuer is a duly created and validly existing public service district, public corporation and political subdivision of the State of West Virginia, with corporate power and authority to acquire and construct the Project, to operate and maintain the System referred to in the Loan Agreement and to issue and sell the Bonds, all under the Act and other applicable provisions of law.
2. The Loan Agreement has been duly authorized by and executed on behalf of the Issuer, is a valid and binding special obligation of the Issuer enforceable in accordance with the terms thereof, and inures to the benefit of the Authority and cannot be amended so as to affect adversely the rights of the Authority or diminish the obligations of the Issuer without the written consent of the Authority.
3. The Bond Legislation and all other necessary orders and resolutions have been duly and effectively adopted by the Issuer and constitute valid and binding obligations of the Issuer enforceable upon the Issuer. The Bond Legislation contains provisions and covenants substantially in the form of those set forth in Section 4.1 of the Loan Agreement.
4. The Bonds have been duly authorized, issued, executed and delivered by the Issuer to the Authority and are valid, legally enforceable and binding special obligations of the Issuer, payable from the Net Revenues of the System referred to in the Bond Legislation and secured by a lien on and pledge of the Net Revenues of said System, junior and subordinate, with respect to liens, pledge and source of and security for payment to the Issuer's (i) Waterworks Revenue Bond, Series A, dated April 14, 1966; (ii) Waterworks Revenue Bond, Series B, dated August 23, 1968; and (iii) Water Revenue Bond, Series 1976, dated November 19, 1976, all in accordance with the terms of the Bonds and the Bond Legislation.
5. Under existing laws, regulations, rulings and judicial decisions of the United States of America, as presently written and applied, the interest on the Bonds (a) is excludable from gross income of the owners thereof for federal income tax purposes pursuant to the Code and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed upon individuals and corporations under the Code. It should be noted, however, that interest on the Bonds is included in the adjusted current earnings of certain corporations for purposes of computing the alternative

minimum tax that may be imposed with respect to corporations. The opinions set forth above are subject to the condition that the Issuer comply, on a continuing basis, with all requirements of the Code that must be satisfied subsequent to issuance of the Bonds for interest thereon to be or continue to be excludable from gross income for federal income tax purposes and all certifications, covenants and representations which may affect the excludability from gross income of the interest on the Bonds set forth in the Bond Legislation and the Certificate as to Arbitrage, and other certificates delivered in connection with the issuance of the Bonds. Failure to comply with certain of such Code provisions or such certifications, covenants and representations could cause the interest on the Bonds to be includable in gross income retroactive to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

6. The Bonds are, under the Act, exempt from direct taxation by the State of West Virginia, and the other taxing bodies of the State, and the interest on the Bonds is exempt from personal and corporate income taxes imposed directly thereon by the State of West Virginia.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Loan Agreement, the Bond Legislation and the liens and pledges set forth therein, may be subject to and limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the executed and authenticated Bond numbered R-1, and in our opinion the form of said Bond and its execution and authentication are regular and proper.

Very truly yours,

Steptoe & Johnson

OPINION OF COUNSEL TO ISSUER

West Virginia Water Development Authority
1201 Dunbar Avenue
Dunbar, West Virginia 25064

Steptoe & Johnson
Post Office Box 2190
Clarksburg, WV 26302

Ladies & Gentlemen:

I am counsel to Pleasant Valley Public Service District, a public service district, in Monongalia County, West Virginia, (the "Issuer"). As such counsel, I have examined copies of the approving opinion of Steptoe & Johnson, as bond counsel, a loan agreement dated December 7, 1995, including all schedules and exhibits attached thereto, by and between the West Virginia Water Development Authority (the "Authority") and the Issuer (the "Loan Agreement"), the Bond Resolution duly adopted by the Issuer on November 2, 1995, as supplemented by the Supplemental Resolution duly adopted by the Issuer on November 2, 1995 (collectively, the "Bond Legislation"), and other documents, papers, agreements, instruments and certificates relating to the above captioned Bonds of the Issuer (the "Bonds") and orders of The County Commission of Monongalia County relating to the Issuer and the appointment of members of the Public Service Board of the Issuer. Capitalized terms used herein and not otherwise defined herein shall have the same meaning set forth in the Bond Legislation and the Loan Agreement when used herein.

I am of the opinion that:

1. The Issuer is duly created and validly existing as a public service district and is a public corporation and political

subdivision of the State of West Virginia.

2. The Loan Agreement has been duly authorized, executed and delivered by the Issuer and, assuming due authorization, execution and delivery by the Authority, constitutes a valid and binding agreement of the Issuer enforceable in accordance with its terms.
3. The members and officers of the Public Service Board of the Issuer have been duly, lawfully and properly appointed and elected, have taken the requisite oaths, and are authorized to act in their respective capacities on behalf of the Issuer.
4. The Bond Legislation has been duly adopted by the Issuer and is in full force and effect.
5. The execution and delivery of the Bonds and the Loan Agreement and the consummation of the transactions contemplated by the Bonds, the Loan Agreement and the Bond Legislation, and the carrying out of the terms thereof, do not and will not, in any material respect, conflict with or constitute, on the part of the Issuer, a breach of or default under any agreement, document or instrument to which the Issuer is a party or by which the Issuer or its properties are bound or any existing law, regulation, rule, order or decree to which the Issuer is subject.
6. The Issuer has received all permits, licenses, approvals, consents, exemptions, orders, certificates and authorizations necessary for the creation and existence of the Issuer, the issuance of the Bonds, the acquisition and construction of the Project, the operation of the System and the imposition of rates and charges, including, without limitation, all requisite orders, certificates and approvals from The County Commission of Monongalia County and the Public Service Commission of West Virginia, and the Issuer has taken any other action required for the imposition of such rates and charges, including, without limitation, the adoption of a resolution prescribing such rates and charges. The Issuer has received the Final Order of the Public Service Commission of West Virginia entered as a Recommended Decision on September 18, 1995, and becoming final on October 8, 1995, in Case No. 94-0715-PWD-CN, approving and consenting to the issuance of the Bonds, approving the Issuer's water rates and charges and granting to the Issuer a certificate of public convenience and necessity for construction of the Project. A petition appealing such Final Order was filed with the West Virginia Supreme Court of Appeals by a citizen on November 7, 1995. By Order dated November 30, 1995, the West Virginia Supreme Court of Appeals denied the petition. The Final Order is not subject to any further appeal, reopening or rehearing.

7. The Issuer has duly published a notice of the acquisition and construction of the Project, the issuance of the Bonds and related matters, as required under Chapter 16, Article 13A, Section 25 of the West Virginia Code of 1931, as amended, and has duly complied with the provisions thereof.
8. To the best of my knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Loan Agreement, the Bonds and the Bond Legislation, the acquisition and construction of the Project, the operation of the System or the validity of the Bonds or the collection or pledge of the Net Revenues therefor.

All counsel to this transaction may rely upon this opinion as if specifically addressed to them.

Very truly yours,

Water Revenue Bonds, Series 1995
(West Virginia Water Development Authority)

West Virginia Water Development Authority

Ladies and Gentlemen:

Based upon the rates and charges set forth in the Final Order of the Public Service Commission of West Virginia entered September 18, 1995, in Case No. 94-0715-PWD-CN (being the existing rates charged to customers of the hereinafter described System), and projected operation and maintenance expenses and anticipated customer usage as furnished to us by Thrasher Engineering, Consulting Engineers, it is our opinion that such rates and charges will be sufficient to provide revenues which, together with other revenues of the waterworks system (the "System") of Pleasant Valley Public Service District (the "Issuer"), will pay all repair, operation and maintenance expenses and leave a balance each year equal to at least 110% of the maximum amount required in any year for debt service on the Issuer's Water Revenue Bonds, Series 1995 (West Virginia Water Development Authority) (the "Bonds"), to be issued to the West Virginia Water Development Authority and all other obligations secured by or payable from the revenues of the System prior to or on a parity with the Bonds, including all Prior Bonds of the Issuer as defined and described in the Bond Resolution of the Issuer adopted November 2, 1995, authorizing the Bonds. It is our further opinion that the Net Revenues actually derived from the System during 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the Bonds, plus the estimated average increased annual Net Revenues to be received in each of the 3 succeeding years after the completion of the improvements to be financed by the Bonds, are not less than 110% of the largest aggregate amount that will mature and become due in any succeeding year for the principal of and interest on the Prior Bonds and the Bonds.

Very truly yours,

\$ 225,500.00

KNOW ALL MEN BY THESE PRESENTS: That Pleasant Valley Public Service District, of Monongalia County, West Virginia (hereinafter called the "Borrower"), hereby acknowledges itself indebted and for value received promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (hereinafter called the "Government"), the principal sum of \$ 225,500.00, plus interest on the unpaid principal balance at the rate of 3.75 % per annum. The said principal and interest shall be payable in the following installments on or before the following dates: \$ 7635.00 on the first day of January, 1947; \$ 10,706.00 on the first day of January, 1948, and \$ 11,215.00 annually thereafter on the first day of January until the principal and said interest are fully paid, except that the final installment of the entire indebtedness evidenced hereby, if not sooner paid, shall be due and payable forty (40) years from the date of this Bond. Unpaid accrued interest shall be paid on the first day of July, 1948, and the amount of interest so paid shall be deducted from the next succeeding installment of \$ 11,215.00 due the next succeeding first day of January, similarly, unpaid accrued interest shall be paid annually thereafter on the first day of July, and similarly, deducted from the next succeeding installment due on the next succeeding first day of January.

29A

Interest shall accrue on each advance of the loan actually received by Borrower from the date it is received to the next interest payment date and semi-annually thereafter as above stated.

The consideration therefor shall support any agreement modifying the foregoing schedule of payments.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

This Bond shall be registered as to principal and interest in the name of the United States of America in an appropriate book in the office of the Secretary of Borrower, each registration to be noted on the back hereof by said Secretary and no transfer hereof shall be valid unless made on the said book and similarly noted on the back hereof.

Both the principal and interest shall be paid to the United States of America as such registered holder at the office of the Farmers Home Administration serving Monongalia County, West Virginia.

Borrower agrees that the Government at any time may assign this Bond, and, in such case, although the Bond is not held by the Government, Borrower shall continue to pay to the Government, as collection agent for the Holder, all installments of principal and interest as scheduled herein.

2

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

Default hereunder shall constitute default under any other instrument evidencing a debt of Borrower owing to or insured by the Government or securing or otherwise relating to such a debt; and default under any such other instrument shall constitute default hereunder. Upon any such default, the Government, at its option, may declare all or any part of any such indebtedness immediately due and payable.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Consolidated Farmers Home Administration Act of 1961, and shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

This Bond is issued under the authority contained in Article 13A, Chapter 16, Code of West Virginia, and a resolution duly adopted by Borrower on the _____ day of _____, 19____, for the purpose of defraying a portion of the costs of acquiring and constructing a waterworks system.

Article 13A, Chapter 16, Code of West Virginia, provides that the property and income of the Borrower and any Bonds issued by the Borrower shall be exempt from taxation by the State of West Virginia, and the other taxing bodies of the State.

7

This Bond is payable from all or any part of the revenues derived from the operation of said waterworks system, a sufficient portion of which to pay the principal and interest on this Bond is pledged and shall be set aside as a special fund for that purpose.

This Bond does not constitute a debt of Borrower within the meaning of any statutory limitation.

A statutory mortgage lien, which is hereby recognized as valid and binding upon Borrower and all property constituting said waterworks system is created and granted to and in favor of the holder of this Bond and said waterworks system and any appurtenances or extensions thereto shall remain subject to said statutory mortgage lien until the payment in full of the principal and interest on this Bond.

It is hereby certified, recited and declared that all acts, conditions, and things required to exist, happen and be performed precedent to and in the issuance of this Bond have existed, and happened, and have been performed in due time, form and manner as required by law, that the amount of said Bond, together with all obligations of the District, does not exceed any limits prescribed by the Constitution and statutes of the State of West Virginia, and that a sufficient portion of the net operating income of the waterworks system of the District has been pledged to and will be set aside into the Bond Fund for the prompt payment of the installments of the principal of and interest on this Bond.

RESOLUTION AUTHORIZING THE ISSUANCE OF \$295,000 WATER REVENUE BOND, SERIES 1976, OF PLEASANT VALLEY PUBLIC SERVICE DISTRICT TO FINANCE CONSTRUCTION OF ADDITIONS TO ITS EXISTING WATERWORKS; DEFINING AND PRESCRIBING THE TERMS AND PROVISIONS OF THE BOND; PROVIDING GENERALLY FOR THE RIGHTS AND REMEDIES AND SECURITIES OF THE HOLDER OF THE BOND AND FOR A STATUTORY MORTGAGE LIEN UPON THE SYSTEM IN FAVOR OF THE HOLDER OF THE BOND; AND PROVIDING WHEN THIS RESOLUTION SHALL TAKE EFFECT

BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF PLEASANT VALLEY PUBLIC SERVICE DISTRICT:

ARTICLE I

STATUTORY AUTHORITY, FIND-
INGS AND DEFINITIONS

Section 1.01. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code and other applicable provisions of law. Pleasant Valley Public Service District (herein called the "District") is a public service district created pursuant to said Article 13A by the County Commission of Monongalia County.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

(A) The District now has a public waterworks system.

(B) It is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the District, and, accordingly, it is hereby ordered, that there be constructed additions, extensions and improvements to the waterworks system of the District consisting of approximately 8 miles of distribution lines, a booster station and a 15,000 gallon water tank, with all necessary appurtenant facilities (herein called the "Project"), particularly described in and according to the plans and specifications

prepared by the Consulting Engineer and heretofore filed in the office of the Secretary of the Public Service Board of the District (herein called the "Board").

(C) It is necessary for the District to issue its revenue bond in the principal amount of \$295,000 to finance the cost of such construction in the manner hereinafter provided.

(D) The estimated maximum cost of the construction of the Project is \$295,000, all which will be obtained from the proceeds of sale of the Series 1976 Bond herein authorized.

(E) The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or interest therein; interest on the Series 1976 Bond prior to, during and for six months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized by this resolution.

(F) The period of usefulness of the System after completion of the Project is not less than forty years.

(G) There are outstanding two obligations of the District which will rank on a parity with the Series 1976 Bond as to lien and source of and security for payment, as follows:

The outstanding Waterworks Revenue Bond, Series A, of the District, dated April 14, 1966, in the principal amount of \$285,500 (the "Series A Bond"), authorized by a resolution of the Board adopted on the 14th day of April, 1966 (the "1966 Resolution").

The outstanding Waterworks Revenue Bond, Series B, of the District, dated August 23, 1968, in the principal amount

of \$75,000 (the "Series B Bond"), authorized by a resolution of the Board adopted on the 23rd day of August, 1968 (the "1968 Resolution").

(H) The entire principal amount outstanding of the Series A and B Bonds is held or insured by the Government, which has heretofore consented to the issuance of the Series 1976 Bond as herein authorized and has seen and approved a copy of this Resolution prior to the adoption hereof. The Government is expected by the Board to purchase the entire principal amount of the Series 1976 Bond.

ARTICLE II

AUTHORIZATION, TERMS, EXECUTION,
REGISTRATION AND ISSUE OF SERIES
1976 BOND

Section 2.01. Authorization of Series 1976 Bond. Subject and pursuant to the provisions of this Resolution, the Bond of the District, to be known as "Water Revenue Bond, Series 1976", is hereby authorized to be issued in the aggregate principal amount of not exceeding Two Hundred Ninety-Five Thousand Dollars (\$295,000) for the purpose of financing the cost of the construction and acquisition of the Project.

Section 2.02. Description of Series 1976 Bond. The Series 1976 Bond shall be issued in single form, No. 1, and shall be dated on the date of delivery. The Series 1976 Bond shall bear interest from date, payable monthly at the rate of five per centum (5%) per annum, and shall be sold for the par value thereof.

The Series 1976 Bond shall be subject to prepayment of scheduled installments, or any portion thereof, at the option of the District, and shall be payable as provided in the bond form hereinafter set forth.

Section 2.03. Execution of Series 1976 Bond. The Series 1976 Bond shall be executed in the name of the District by the Chairman and its corporate seal shall be affixed thereto and attested by the Secretary. The Series 1976 Bond may be signed and sealed on behalf of the District by such person as at the actual time of the execution of such Series 1976 Bond shall hold the proper office on the Board, although at the date of such Series 1976 Bond such person may not have held such office or may not have been so authorized.

Section 2.04. Bonds Mutilated, Destroyed, Stolen or Lost. Bond or in lieu of and substitution for the Series 1976 Bond destroyed, stolen or lost, and upon the holder's furnishing the District proof of his ownership thereof and complying with such other reasonable regulations and conditions as the District may require. The Series 1976 Bond so surrendered shall be canceled and held for the account of the District. Section 2.05. Bond Secured by Pledge of Revenues. The payment of the debt service of the Series 1976 Bond shall be secured forthwith equally and ratably, and on a parity in all respects with the Series A and Series B Bonds, by a first lien on the net revenues derived from the System in addition to the statutory mortgage lien on the System hereinafter provided for. WATER REVENUE BOND, SERIES 1976

PLEASANT VALLEY PUBLIC SERVICE DISTRICT

\$295,000

No. 1

Date: _____

FOR VALUE RECEIVED, PLEASANT VALLEY PUBLIC SERVICE DISTRICT (herein called "Borrower") promises to pay to the order of the United States of America, acting through the Farmers Home Administration, United States Department of Agriculture (herein called the "Government"), at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Two Hundred Ninety-Five Thousand Dollars (\$295,000), plus interest on the unpaid principal balance at the rate of five per cent (5%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Installments of interest only on the first day of each month for the first twenty-four months after the date hereof and \$1,446, covering principal and interest, thereafter on the first day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Borrower as requested by Borrower and approved by the Government and interest shall accrue on the amount of each advance from its actual date as shown on the reverse hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Borrower. Refunds and extra payments, as defined in the regulations of the Farmers Home Administration according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Borrower to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Borrower shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Borrower may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Borrower, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Borrower, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to the

Government without demand. Borrower agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Borrower hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction and acquisition of additions, extensions and improvements to the waterworks of the Borrower, is payable solely from the revenues to be derived from the operation of such waterworks after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the waterworks. This Bond does not in any manner constitute an indebtedness of the Borrower within the meaning of any constitutional or statutory provision or limitation.

This Bond is on a parity with the Waterworks Revenue Bond, Series A, of the Borrower issued in the principal amount of \$285,500 on the 14th day of April, 1966 (the "Series A Bond") and the Waterworks Revenue Bond, Series B, of the Borrower issued in the principal amount of \$75,000 on the 23rd day of August, 1968 (the "Series B Bond") pursuant to resolutions of the Borrower adopted on the last named date. Consent of the holder of the Series A and Series B Bonds has been given for the issuance of this Bond on a parity with the Series A and Series B Bonds.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Borrower may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Borrower will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Borrower made or insured by the Government pursuant to the Rural Development Act. This Bond shall be subject to the present regulations of the Farmers Home Administration and to its future regulations not inconsistent with the express provisions hereof.

SERIES 1976 BOND PROCEEDS; REVENUES
AND APPLICATION THEREOF

Section 3.01. Series 1976 Bond Proceeds; Project Construction Account. All moneys received from the sale of the Series 1976 Bond shall be deposited on receipt by the District in Farmers and Merchants Bank, Morgantown, West Virginia, a member of Federal Deposit Insurance Corporation (herein called "FDIC"), in a special account heretofore created and designated as "Pleasant Valley Public Service District Construction Account" (herein called the "Project Construction Account"). The moneys in the Project Construction Account in excess of the amount insured by FDIC shall be secured at all times by such bank by securities or in a manner lawful for the securing of deposits of State and municipal funds under West Virginia law. Moneys in the Project Construction Account shall be expended by the District solely for the purposes provided in this Resolution.

Until completion of construction of the Project, the District will transfer from the Project Construction Account and deposit in the Bond Fund, not later than fifteen days prior to the next interest payment date, such sums as shall be from time to time required to pay the interest becoming due on the Series 1976 Bond on such interest payment date if moneys in the Bond Fund are insufficient for such purpose.

If the District shall determine at any time that all funds on deposit in the Project Construction Account exceed the estimated disbursements on account of the Project for the ensuing 90 days, the District may invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States of America, which shall mature not later than eighteen months after the date of such investment. All such investments and the income therefrom shall be carried to the credit of the Project Construction Account.

When construction of the Project has been completed and all costs thereof have been paid or provision for such payment has been made,

any balance remaining in the Project Construction Account shall be disposed of in accordance with the regulations of the Government.

Section 3.02. Covenants of the District as to Revenues and Funds.

So long as any of the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund hereinafter established, a sum sufficient to pay, when due or at the earliest practical prepayment date, the entire principal of all the Bonds remaining unpaid, together with interest accrued and to accrue thereon, the District further covenants with the holder of the Bonds as follows:

(A) Revenue Fund. The entire gross revenues derived from the operation of the System, and all parts thereof, and all tap fees received, shall be deposited as collected by the District in a special fund in a bank or trust company in the State of West Virginia which is a member of FDIC, which Fund, known as the "Revenue Fund" was established by the 1966 Resolution. The Revenue Fund is with said Bank. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the District and used only for the purposes and in the manner provided in this Resolution.

(B) Disposition of Revenues. All revenues at any time on deposit in the Revenue Fund shall be disposed of only in the following order and priority:

(1) The District shall first each month pay from the moneys in the Revenue Fund all current Operating Expenses.

(2) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and pay to the National Finance Office designated in the Series 1976 Bond and into the Bond Fund established by the 1966 Resolution the amounts required to pay the interest on the Series 1976 and the Series A and Series B Bonds, respectively, and to amortize the principal of the Series 1976 and the Series A and Series B Bonds over the respective lives of the Bond issues.

(3) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit with the said Bank in the Reserve Fund heretofore by the 1966 Resolution established with said Bank, 1/12 of 1/10 of the maximum amount of principal and interest becoming due on the Series 1976 Bond in any year, in addition to the deposits into the Reserve Fund required by the 1966 and the 1968 Resolutions, until the aggregate amount in the Reserve Fund equals the sum of \$37,000, such sum being herein called the "Minimum Reserve". After the Minimum Reserve has been accumulated in the Reserve Fund, the District shall monthly deposit into the Reserve Fund such part of the moneys remaining in the Revenue Fund, after such provision for payment of monthly installments on the Bonds and for payments of operating expenses of the System, as shall be required to maintain the Minimum Reserve in the Reserve Fund. Moneys in the Reserve Fund shall be used solely to make up any deficiency for monthly payments of the principal of and interest on the Series A, Series B and Series 1976 Bonds into the Bond Fund and to said National Finance Office, respectively, as the same shall become due on an equal pro rata basis and on a parity with each other or for prepayment of installments, pro rata on the Bonds, or for mandatory redemption of the Bonds as hereinafter provided, and for no other purpose.

(4) The District shall next, by the fifteenth day of each month, transfer from the Revenue Fund and deposit in the Depreciation Reserve hereby established with said Bank, the moneys remaining in the Revenue Fund and not permitted to be retained therein, until there has been accumulated in the Depreciation Reserve the aggregate sum of \$30,000 and thereafter, such sums as shall be required to maintain such amount therein. Moneys in the Depreciation Reserve shall be used first to make up any deficiencies for monthly payments of principal of and interest on the Bonds as the same become due, and next to restore to the Reserve Fund any sum or sums transferred therefrom. Thereafter, and provided that payments into the Reserve Fund are current and in accordance with the foregoing provisions, moneys in the Depreciation Reserve may be withdrawn by the District and used for extraordinary repairs and for replacements of equipment and improvements for the System, or any part thereof.

(5) After all the foregoing provisions for use of moneys in the Revenue Fund have been fully complied with, any moneys remaining therein and not permitted to be retained therein may be used to prepay installments of the Bonds outstanding, pro rata, or for any lawful purpose.

Whenever the moneys in the Reserve Fund shall be sufficient to prepay the Bonds outstanding, it shall be the mandatory duty of the District, anything to the contrary in this Resolution notwithstanding, to direct the said Bank to prepay the Bonds at the earliest practical date and in accordance with applicable provisions hereof.

The aforesaid Bank (and any successor appointed by the District) is hereby designated as the Fiscal Agent for the administration of the Reserve Fund as herein provided, and all amounts required therefor will be deposited by the District upon transfers of funds from the Revenue Fund at the times provided herein, together with written advice stating the amount remitted for deposit into each such Fund.

All the funds provided for in this Section shall constitute trust funds and shall be used only for the purposes and in the order provided herein, and until so used, the Government shall have a lien thereon for further securing payment of the Bonds and the interest thereon, but the aforesaid Bank shall not be a trustee as to such funds. The moneys in excess of the sum insured by FDIC in any of such funds shall at all times be secured, to the full extent thereof in excess of such insured sum, in a manner lawful for securing deposits of State and municipal funds under the laws of the State of West Virginia.

If on any payment date the revenues are insufficient to make the payments and transfers as hereinabove provided, the deficiency shall be made up in the subsequent payments and transfers in addition to those which would otherwise be required to be made on the subsequent payment dates.

The Fiscal Agent shall keep the moneys in the Reserve Fund and

the Depreciation Reserve invested and reinvested to the fullest extent practicable in direct obligations of, or obligations the payment of the principal of and interest on which are guaranteed by, the United States of America and having maturities not exceeding two years. Earnings upon moneys in the Reserve Fund, so long as the Minimum Reserve is on deposit and maintained therein, shall be paid annually in January into the Revenue Fund by the Fiscal Agent.

(C) Change of Fiscal Agent. The District may designate another bank insured by FDIC as Fiscal Agent if the aforesaid Bank should cease for any reason to serve or if the Board determines by resolution that said Bank or its successor should no longer serve as Fiscal Agent. Upon any such change, the Board will cause notice of the change to be sent by registered or certified mail to the Government.

(D) Additional User Contracts. The District shall, prior to delivery of the Series 1976 Bond (1) obtain user agreements from not less than 93 new users, and shall collect and deposit in the Project Construction Account not less than \$9,300, based on a tap fee of \$100, and (2) obtain an agreement with the West Virginia Department of Highways, for a term of not less than three years from the time water becomes available for delivery under such agreement, for water usage through a two-inch meter to serve facilities of said Department of Highways.

ARTICLE IV

GENERAL COVENANTS

Section 4.01. General Statement. So long as the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the District and the Government.

Section 4.02. Rates. The District will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than 110% of the annual debt service on the Bonds and to make the payments required herein into the Reserve Fund and the Depreciation Reserve and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 4.03. Sale of the System. The System will not be sold without the prior written consent of the Government so long as the Bonds are outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 4.04. Issuance of Additional Parity Bonds. No additional parity Bonds payable out of the revenues of the System shall be issued after the issuance of the Bond pursuant to this Resolution except with the prior written consent of the Government.

Section 4.05. Insurance and Bonds. The District hereby covenants and agrees that, so long as the Bonds remain outstanding, it will, as an expense of operation and maintenance of the System, procure, carry

and maintain insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Fire, Lightning, Vandalism, Malicious Mischief and Extended Coverage Insurance, to be procured upon acceptance of any part of the Project from the contractor, on all above-ground structures of the System in an amount equal to the actual cost thereof. In the event of any damage to or destruction of any portion of the System, the District will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The District will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the District during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from the District's operation of the System, such insurance to be procured at the commencement of construction of the Project.

(c) Vehicular Public Liability Insurance, in the event the District owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the District is operated for the benefit of the District, with limits of not less than \$100,000 for one person and \$300,000 for more than one person injured or killed in one accident to protect the District from claims for bodily injury and/or death, and not less than \$100,000 from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle.

(d) Workmen's Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds

to be in the amounts of 100% of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of said County prior to commencement of construction of the Project in compliance with West Virginia Code, Chapter 38, Article 2, Section 39.

(e) Fidelity Bonds will be provided as to every member of the Board and as to every officer and employee thereof having custody of the Revenue Fund or of any revenues or other funds of the District in an amount at least equal to the total funds in the custody of any such person at any one time, and initially in the amount of \$10,000 upon the treasurer, provided, however, that no bond shall be required insofar as custody of the Project Construction Account is concerned.

(f) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bonds are outstanding, the District will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the District, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers or bonding companies acceptable to the Government.

Section 4.06. Statutory Mortgage. For the further protection of the holder of the Series 1976 Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon the delivery of the Series 1976 Bond and shall be on a parity with such lien in favor of the Series A and Series B Bonds.

Section 4.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment into the Bond Fund at the date specified for payment thereof;

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the District contained in the Bond or in this resolution, or violation of or failure to observe any provision of any pertinent law, provided any such failure or violation, excluding that covered in (A) above in this Section, shall continue for a period of thirty days after written notice shall have been given to the District by the Government specifying such failure or violation and requiring the same to be remedied.

Section 4.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Government may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights.

Upon application by the Government, such court may, upon proof of such default, appoint a receiver for the affairs of the District and the System. The receiver so appointed shall administer the System on behalf of the District, shall exercise all the rights and powers of the District with respect to its System and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 4.09. Fiscal Year; Budget. While the Bonds are outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty days prior to the beginning of each fiscal year, the District agrees to adopt the Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously

authorized and directed by the Board. Copies of each Annual Budget shall be delivered to the Government by the beginning of each fiscal year.

If for any reason the District shall not have adopted the Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of the Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten per centum; and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the District. Each such Budget of Current Expenses shall be mailed immediately to the Government.

Section 4.10. Compensation of Board Members. The District hereby covenants and agrees that no compensation for policy direction shall be paid to the members of its Board in excess of the amount permitted by the Act. Payment of any compensation to any member of the Board for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision of this resolution.

Section 4.11. Covenant to Proceed and Complete. The District hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary of the Board on the date of adoption of this resolution, subject to permitted changes.

Section 4.12. Books and Records. The District will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System, and the

Government shall have the right at all reasonable times to inspect the System and all records, accounts and data of the District relating thereto.

The District shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Government.

Section 4.13. Maintenance of System. The District covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 4.14. No Competition. The District will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to, or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the District or within the territory served by the System.

Section 4.15. Concerning Arbitrage. It is not reasonably expected that the proceeds of sale of the Series 1976 Bond will be invested in such a way as to violate the operating rules in the regulations of the Internal Revenue Service or of the Treasury Department of the United States of America in connection with the arbitrage provisions of Section 103(d) of the Internal Revenue Code of 1954, as amended.
