BE IT RESOLVED AND ORDERED BY THE PUBLIC SERVICE BOARD OF SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT, JACKSON COUNTY, WEST VIRGINIA:

ARTICLE I

STATUTORY AUTHORITY, FINDINGS AND DEFINITIONS

Section 1.01. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of Article 13A, Chapter 16 of the West Virginia Code, as amended (the "Act") and other applicable provisions of law.

Section 1.02. Findings and Determinations. It is hereby found, determined and declared as follows:

A. Southern Jackson County Public Service District (the "PSD" or "Issuer") is a public service district created, expanded and contracted pursuant to the Act by orders issued by The County Commission of Jackson County, located in Jackson County, West Virginia.

B. The Issuer now has a public water system and desires to improve and expand that system and it is deemed essential, convenient and desirable for the health, welfare, safety, advantage and convenience of the inhabitants of the Issuer and, accordingly, it is hereby ordered, that there be acquired and constructed certain additions, betterments and improvements to the existing public water system of the Issuer known as the "System" (sometimes referred to herein as the "System") so as to improve the public health, comfort and convenience of residents of the Public Service District, including the construction and installation of all necessary appurtenant

facilities (the "Project"), and generally described as water line extensions, pumps, pumping stations, water plant improvements and necessary appurtenances particularly described in and according to the plans and specifications prepared by the Consulting Engineer for the Project and heretofore filed in the office of the Secretary of the Public Service Board (the "Governing Body") of the Issuer. The construction and acquisition of the Project and the financing hereby authorized and provided for are public purposes of the Issuer and are ordered for the purpose of meeting and serving public convenience and necessity.

C. It is necessary for the Issuer to issue its revenue bonds in the aggregate principal amounts of not more than \$1,310,000 and \$60,000 to finance a portion of the cost of such construction in the manner hereinafter provided.

D. The estimated maximum cost of the construction of the Project is \$2,395,000, which will be obtained from the proceeds of sale of the Series 2001 Bond herein authorized and from a grant or grant to be made by RUS, as hereinafter defined, in a total amount of \$1,025,000. The cost of such construction shall be deemed to include, without being limited to, the construction or acquisition of the Project, the acquisition of any necessary property, real or personal, or any interest therein; interest on the Bond prior to, during and for six (6) months after completion of such construction to the extent that revenues of the System are not sufficient therefor; engineering and legal expenses; expenses for estimates of costs and revenues; expenses for plans, specifications and surveys; and such other expenses as may be necessary or incidental to the construction of the Project and the financing authorized hereby.

E. The period of usefulness of the System after completion of the Project is not less than forty (40) years.

F. There are currently outstanding the obligations of the Issuer with which the Bond, as hereinafter defined, will rank on a parity as to lien and source of and security for payment as follows:

(i) Water Revenue Bonds, Series 1977, of the Issuer, dated March 13, 1978 (the "1977 Bond") issued in the original principal amount of \$470,000 secured under the terms of the 1977 Resolution (hereinafter defined);

(ii) Water System Revenue Bonds, Series 1991, of the Issuer, dated March 18, 1991 (the "1991 Bond") issued in the original principal amount of \$143,500 secured under the terms of the 1991 Resolution (hereinafter defined);

(iii) Water Revenue Bonds, Series 1997 of the Issuer, dated March 21, 1997 (the "1997 Bond") issued in the original principal amount of \$500,000 secured under the terms of the 1997 Resolution (hereinafter defined); and

(iv) Water Revenue Bonds (West Virginia Infrastructure Fund), Series 1998 A of the Issuer, dated May 22, 1998 (the "1998 Bond") issued in the original principal amount of \$380,000 secured under the terms of the 1998 Resolution (hereinafter defined).

With the exception of the bonds described above, there are no other outstanding bonds or obligations of the Issuer, which will rank prior to or on parity with the Bond as to lien, pledge and/or source of and security for payment.

G. The Issuer is not in default under the terms of the 1977 Resolution, the 1991 Resolution, the 1997 Resolution and the 1998 Resolution or any document in connection therewith, and has complied with all requirements of all the foregoing with respect to the issuance of parity bonds or has obtained a sufficient and valid waiver thereof.

H. The estimated revenues to be derived in each year from the operation of the System after completion of the Project will be sufficient to pay all the costs of the operation and maintenance of the System, the principal of and interest on the Bond (as hereinafter defined) and all debt service, reserve fund and other payments provided for herein.

I. The Issuer has complied with all requirements of West Virginia law relating to authorization of the construction, acquisition and operation of the Project and issuance of the Bond, or will have so complied prior to issuance of the Bond including, among other things, the imposition of rates and charges, the consent and approval, pursuant to the Act, of the issuance of the Bond by the Public Service Commission of West Virginia by final order.

J. It is in the best interests of the Issuer that the Bond be sold to the United States Department of Agriculture, Rural Development, acting on behalf of the Rural Utilities Service (the "Purchaser" or "RUS"), pursuant to the terms and provisions of a letter of conditions dated April 14, 2000, as amended by a letter of conditions dated November 27, 2001, and all amendments thereto (collectively, the "Letter of Conditions").

K. The Issuer has been notified by RUS that interim construction financing for the Project is not required.

In consideration of the acceptance of the Bond by the Purchaser, this Resolution (the "Resolution") shall be deemed to be and shall constitute a contract between the Issuer and the Purchaser, and the covenants and agreements set forth herein to be performed by the Issuer shall be for the benefit, protection and security of the Registered Owner of the Bond.

(FORMS OF BONDS)

\$1,310,000
SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT
WATER REVENUE BOND,
SERIES 2001A

No. R-1

Date: December 14, 2001

FOR VALUE RECEIVED, the SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT, a public service district created, expanded and contracted pursuant to the Act by orders issued by The County Commission of Jackson County, in Jackson County, West Virginia (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of One Million Three Hundred Ten Thousand and 00/100 Dollars (\$1,310,000), plus interest on the unpaid principal balance at the rate of four and 75/100 percent (4.75%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$6,223.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder

promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, and to its future regulations not inconsistent with the express provisions hereof.

SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT
WATER REVENUE BOND,
SERIES 2001B

No. R-2

Date: December 14, 2001

FOR VALUE RECEIVED, the SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT, a public service district created, expanded and contracted pursuant to the Act by orders issued by The County Commission of Jackson County, in Jackson County, West Virginia (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Sixty Thousand and 00/100 Dollars (\$60,000), plus interest on the unpaid principal balance at the rate of four and 75/100 percent (4.75%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$285.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every

payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for

similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, and to its future regulations not inconsistent with the express provisions hereof.

THIS BOND IS ON A PARITY AS TO LIEN AND SOURCE OF PAYMENT WITH THE WATER REVENUE BONDS, SERIES 1977, WATER SYSTEM REVENUE BONDS, SERIES 1991, WATER REVENUE BONDS, SERIES 1997, WATER REVENUE BONDS (WEST VIRGINIA INFRASTRUCTURE FUND), SERIES 1998 AND WATER REVENUE BOND, SERIES 2001A OF THE ISSUER DESCRIBED IN THE RESOLUTIONS ISSUED WITH RESPECT TO EACH SERIES.

The initial address of Government for purposes of bond registration is P.O. Box 678, Morgantown, WV 26505.

IN WITNESS WHEREOF, the SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT has caused this Bond to be executed by its Chairman and its corporate seal to be hereunto affixed or imprinted hereon and attested by its Secretary, all as of the date hereinabove written.

FUNDS AND ACCOUNTS; SYSTEM REVENUES AND APPLICATION THEREOF

Section 4.01. Establishment of Funds and Accounts with Depository Bank. The following special funds or accounts are created or continued and shall be held by the Depository Bank separate and apart from all other funds or accounts of the Depository Bank and from each other:

- (1) Revenue Fund or System Revenue Fund;
- (2) Operation and Maintenance Fund;
- (3) Renewal and Replacement Fund; and
- (4) Construction Fund.

Section 4.02. Establishment of Funds and Accounts with Commission. The following special funds or accounts are hereby created or continued with the Commission:

- (1) Series 2001 Bond Sinking Fund;
 - (a) Within the Series 2001 Bond Sinking Fund, the Series 2001 Bond Reserve Account.

Section 4.03. System Revenues; Flow of Funds.

A. The entire Gross Revenues derived from the operation of the System shall be deposited upon receipt in the System Revenue Fund established herein. The Revenue Fund shall constitute a trust fund for the purposes provided in this Resolution and shall be kept separate and distinct from all other funds of the Issuer and the Depository Bank and used only for the purposes and in the manner herein provided.

(1) The Issuer shall first each month transfer from the Revenue Fund to the Operation and Maintenance Fund the amount necessary and sufficient to pay current Operating Expenses.

(2) The Issuer shall next, each month, on or before the due date of payment of each installment on the Bonds, transfer from the Revenue Fund and remit to the National Finance Office designated in the Bond (or such other place as may be provided pursuant to the Bond), the amount required to pay the interest on the Bond, and to amortize the principal of the Bond and the Prior Bonds over the respective lives of each Bond issue. All payments with respect to principal of and interest on the Bond and the Prior Bonds shall be made on an equal pro rata basis in accordance with the respective aggregate principal amount thereof outstanding and on parity with each other. There is hereby created a sinking fund at the Depository Bank into which the Issuer shall deposit sufficient amounts from the Revenue Fund

to pay the interest on the Bond and to amortize the principal of the Bond and the Prior Bonds over the remaining respective lives of each Bond issue. As long as the Government owns the Bonds, such deposits can be replaced by the remittances described above.

(3) The Issuer shall next, on the first day of each month, commencing one (1) month prior to the first date of payment of principal and interest of the Bond, if not fully funded upon issuance of the Bond, apportion and set apart out of the Revenue Fund and remit to the Commission, on a pro rata basis with the Prior Bonds, for deposit into the Series 2001 Bond Reserve Account, an amount equal to .4167% of the Series 2001 Bond Reserve Requirement on a parity with the Prior Bonds; provided, that no further payments shall be made into the Series 2001 Bond Reserve Account when there shall have been deposited therein, and as long as there shall remain on deposit therein, an amount equal to the Series 2001 Bond Reserve Requirement.

(4) From the moneys remaining in the Revenue Fund, the Issuer shall next, transfer to the Renewal and Replacement Fund .4167% of the amount of the Series 2001 Bond Reserve Requirement, exclusive of any payments into the Series 2001 Bond Reserve Account. All funds in the Renewal and Replacement Fund shall be kept apart from all other funds of the Issuer or of the Depository Bank and shall be invested and reinvested in Qualified Investments, as defined herein. Withdrawals and disbursements may be made from the Renewal and Replacement Fund for replacements, emergency repairs, improvements or extensions to the System; provided, that any deficiencies in the Series 2001 Bond Reserve Accounts [except to the extent such deficiency exists because the required payments into such account have not, as of the date of determination of a deficiency, funded such account to the maximum extent required hereof,] shall be promptly eliminated with moneys from the Renewal and Replacement Fund.

Moneys in the Series 2001 Bond Sinking Fund shall be used only for the purposes of paying principal of and interest, if any, as the same shall become due. Moneys in the Series 2001 Bond Reserve Account shall be used only for the purpose of paying principal of and interest, if any, on the Bond, as the same shall come due, when other moneys in the attendant Series 2001 Bond Sinking Fund are insufficient therefor, and for no other purpose.

Except to the extent transferred to the Rebate Fund at the request of the Issuer, all investment earnings on moneys in the Series 2001 Bond Sinking Fund and Series 2001 Bond Reserve Account shall be returned, not less than once each year, by the Commission to the Issuer, and such amounts shall, during construction of the Project, be deposited in the Construction Fund, and following completion of construction of the Project, shall be deposited in the Revenue Fund and applied in full, first to the next ensuing interest payments, if any, due on the respective series of bonds, and then to the next ensuing principal payments due thereon.

Except with respect to transfers to the Rebate Fund permitted hereunder, any withdrawals from the Series 2001 Bond Reserve Account which result in a reduction in the balance of the Series

2001 Bond Reserve Accounts to below the Series 2001 Bond Reserve Requirement shall be subsequently restored from the first Net Revenues available after all required payments have been made in full, to the Series 2001 Bond Sinking Fund for payment of debt service on the Bond.

B. As and when additional bonds ranking on a parity with the Bond and the Prior Bonds are issued, provision shall be made for additional payments into the Sinking Fund sufficient to pay the interest on such additional parity bonds and accomplish retirement thereof at maturity and to accumulate a balance in the appropriate reserve account in an amount equal to the maximum provided and required to be paid into the Sinking Fund in any year for account of the bonds of such series, including such additional bonds which by their terms are payable from such Sinking Fund.

The Issuer shall not be required to make any further payments into the Series 2001 Bond Sinking Fund or into the Series 2001 Bond Reserve Account therein when the aggregate amount of funds in said Series 2001 Bond Sinking Fund and Series 2001 Bond Reserve Account are at least equal to the aggregate principal amount of the Bond issued pursuant to this Resolution then Outstanding and all interest to accrue until the maturity thereof.

The Commission is hereby designated as the fiscal agent for the administration of the Series 2001 Bond Sinking Fund created hereunder, and all amounts required for said Series 2001 Bond Sinking Fund shall be remitted to the Commission from the Revenue Fund by the Issuer at the times provided herein.

The payments into the Series 2001 Bond Sinking Fund shall be made on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday then such payments shall be made on the next succeeding business day, and all such payments shall be remitted to the Commission with appropriate instructions as to the custody, use and application thereof consistent with the provisions of this Ordinance.

Moneys in the Series 2001 Bond Reserve Account shall be invested and reinvested by the Commission in Qualified Investments, as defined herein.

The Series 2001 Bond Sinking Fund, including the Series 2001 Bond Reserve Account therein, shall be used solely and only for, and are hereby pledged for, the purpose of servicing the Bond and any additional bonds ranking on a parity therewith that may be issued and Outstanding under the conditions and restrictions hereinafter set forth.

C. Whenever all of the required and provided transfers and payments from the Revenue Fund into the several special funds, as hereinbefore provided, are current and there remains in said Revenue Fund a balance in excess of the estimated amounts required to be so transferred and paid into the Series 2001 Bond Sinking Fund, including the Series 2001 Bond Reserve Account therein and the Renewal and Replacement Fund during the following month or such other period as required by law, such excess shall be considered Surplus Revenues. Such Surplus Revenues shall be used to redeem the Bonds or for any lawful purposes of the System.

D. The Issuer shall remit from the Revenue Fund to the Commission, the Registrar, the Paying Agent or the Depository Bank, on such dates as the Commission, the Registrar, the Paying

Agent or the Depository Bank, as the case may be, shall require, such additional sums as shall be necessary to pay the Commission's fees, the Registrar's fees, the Paying Agent's fees and the Depository Bank's charges then due.

E. The City National Bank is hereby designated the Depository Bank. The Commission is hereby designated as Paying Agent for the Bond.

F. The moneys in excess of the sum insured by the maximum amounts insured by FDIC in the Revenue Fund and the Renewal and Replacement Fund shall at all times be secured, to the full extent thereof in excess of such insured sum, by Qualified Investments as shall be eligible as security for deposits of state and municipal funds under the laws of the State.

G. If on any monthly payment date the revenues are insufficient to place the required amount in any of the funds and accounts as hereinabove provided, the deficiency shall be made up in the subsequent payments in addition to the payments which would otherwise be required to be made into the funds and accounts on the subsequent payment dates; provided, however, that the priority of curing deficiencies in the funds and accounts herein shall be in the same order as payments are to be made pursuant to this Section 4.03, and the Net Revenues shall be applied to such deficiencies before being applied to any other payments hereunder.

H. All remittances made by the Issuer to the Commission shall clearly identify the fund or account into which each amount is to be deposited.

I. The Gross Revenues of the System shall only be used for purposes of the System.

J. All Tap Fees shall be deposited by the Issuer, as received, in the Construction Fund, and following completion of the Project, shall be deposited in the Revenue Fund and may be used for any lawful purpose of the System.

Section 4.04. Excess Bond Proceeds. The Issuer shall place any excess proceeds from the Bond not required by the Project in the Series 2001 Bond Reserve Account or as otherwise directed by RUS.

ARTICLE V

BOND PROCEEDS; CONSTRUCTION DISBURSEMENTS

Section 5.01. Application of Bond Proceeds. From the moneys received from time to time from the sale of any or all of the Bond, the following amounts shall be first deducted and deposited in the order set forth below:

A. From the proceeds of the Bond, there shall be deposited with the Commission in the Series 2001 Bond Reserve Account the sum, if any, required hereunder for funding the Series 2001 Bond Reserve Account.

B. The remaining moneys derived from the sale of the Bond shall be deposited by the Issuer as received from time to time in the Construction Fund established hereunder.

C. The Depository Bank shall act as a trustee and fiduciary for the Bondholder with respect to the Construction Fund and shall comply with all requirements with respect to the disposition of the Construction Fund set forth in this Resolution. Except with respect to any transfers to the Rebate Fund, moneys in the Construction Fund shall be used solely to pay Costs of the Project and, until so transferred or expended, are hereby pledged as additional security for the Bond.

Section 5.02. Disbursements From the Construction Fund. Payments for Costs of the Project shall be made monthly.

On or before the Closing Date, the Issuer shall have delivered to RUS a report listing the specific purposes for which the proceeds of the Bond will be expended and the disbursement procedures for such proceeds, including an estimated monthly draw schedule. Payments for Costs of the Project shall be made monthly.

Except as provided in Section 5.01 hereof, disbursements from the Construction Fund shall be made only after submission to, and approval from, RUS of the following:

- (1) a completed and signed "Payment Requisition Form," and
- (2) a certificate, signed by an Authorized Officer and the Consulting Engineers, stating:
 - (A) That none of the items for which the payment is proposed to be made has formed the basis for any disbursement theretofore made;
 - (B) That each item for which the payment is proposed to be made is or was necessary in connection with the Project and constitutes a Cost of the Project;
 - (C) That each of such costs has been otherwise properly incurred; and
 - (D) That payment for each of the items proposed is then due and owing.

In case any contract provides for the retention of a portion of the contract price, the Depository Bank shall disburse from the Construction Fund only the net amount remaining after deduction of any such portion. All payments made from the Construction Fund shall be presumed by the Depository Bank to be made for the purposes set forth in said certificate, and the Depository Bank shall not be required to monitor the application of disbursements from the Construction Fund. The Consulting Engineers shall from time to time file with the Depository Bank written statements advising the Depository Bank of its then authorized representative.

Pending such application, moneys in the Construction Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

Until disbursed by the Issuer, moneys in the Construction Fund, including any accounts therein, shall be invested and reinvested in Qualified Investments at the written direction of the Issuer.

ARTICLE VI

GENERAL COVENANTS

Section 6.01. General Statement. So long as the Bonds shall be outstanding and unpaid, or until there shall have been set apart in the Reserve Fund a sum sufficient to prepay the entire principal of the Bonds remaining unpaid, together with interest accrued and to accrue thereon to the date of prepayment, the covenants and agreements contained herein shall be and constitute valid and legally binding covenants between the Issuer and the Purchaser.

Section 6.02. Rates. The Issuer will, in the manner provided in the Act, fix and collect such rates, fees or other charges for the services and facilities of the System, and revise the same from time to time whenever necessary, as will always provide revenues in each fiscal year sufficient to produce net revenues equal to not less than one hundred ten percent (110%) percent of the annual debt service on the Bonds and to make the payments required herein into the Reserve Fund and all the necessary expenses of operating and maintaining the System during such fiscal year and such rates, fees and other charges shall not be reduced so as to be insufficient to provide adequate revenues for such purposes.

Section 6.03. Sale of the System. The System will not be sold without the prior written consent of the Purchaser so long as the Bond is outstanding. Such consent will provide for disposition of the proceeds of any such sale.

Section 6.04. Issuance of Additional Parity Bonds or Obligations. No additional parity bonds or obligations payable out of the revenues of the System or any part thereof shall be issued after the issuance of the Bond pursuant hereto except with the prior written consent of the Purchaser or the then holder of or Trustee or agent for the holder of the Bond.

Section 6.05. Insurance and Bond. The Issuer hereby covenants and agrees that it will, as an expense of construction, operation and maintenance of the System, procure, carry and maintain, so long as the Bond remains outstanding, insurance with a reputable insurance carrier or carriers covering the following risks and in the following amounts:

(a) Real Property Insurance, to be procured upon acceptance of any part of the Project from the contractor, and immediately upon any portion of the System now in use, on all above-ground structures of the System in an amount equal to the full insurable value thereof. In the event of any damage to or destruction of any portion of the System, the Issuer will promptly arrange for the application of the insurance proceeds for the repair or reconstruction of such damaged or destroyed portion. The Issuer will itself, or will require each contractor and subcontractor to, obtain and maintain builder's risk insurance to protect the interests of the Issuer during construction of the Project in the full insurable value thereof.

(b) Public Liability Insurance, with limits of not less than \$1,000,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from the operation of the System, such insurance to be procured not later than the date of delivery of the Bonds.

(c) Vehicular Public Liability Insurance, in the event the Issuer owns or operates any vehicle in the operation of the System, or in the event that any vehicle not owned by the Issuer is operated at any time or times for the benefit of the Issuer, with limits of not less than \$1,000,000 for one or more persons injured or killed in one accident to protect the Issuer from claims for bodily injury and/or death, and not less than \$200,000 to protect the Issuer from claims for damage to property of others which may arise from such operation of vehicles, such insurance to be procured prior to acquisition or commencement of operation of any such vehicle for the Issuer.

(d) Workers' Compensation Coverage for all Employees of the District Eligible Therefor and Performance and Payment Bonds, such bonds to be in the amounts of one hundred percent (100%) of the construction contract, will be required of each prime contractor, and such payment bonds will be filed with the Clerk of the County Commission of Jackson County prior to commencement of construction of the Project in compliance with West Virginia Code Section 38-2-39. Workers' compensation insurance will be maintained as required by the laws of the State of West Virginia.

(e) Fidelity Bonds will be provided as to every member of the Governing Body and every officer and employee of the PSD having custody of the Revenue Fund or of any revenues or other funds of the System in an amount at least equal to the total annual debt service requirements for all outstanding RUS loans.

(f) Flood Insurance to be procured, to the extent available at reasonable cost to the Issuer.

(g) Provided, however, and in lieu of and notwithstanding the foregoing provisions of this Section, during construction of the Project and so long as the Bond is outstanding, the Issuer will carry insurance and bonds or cause insurance and bonds to be carried for the protection of the Issuer, and during such construction will require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Purchaser may specify, with insurance carriers or bonding companies acceptable to the Purchaser.

Section 6.06. Statutory Mortgage. For the further protection of the holder of the Bond, a statutory mortgage lien upon the System is granted and created by the Act, which statutory mortgage lien is hereby recognized and declared to be valid and binding and shall take effect immediately upon delivery of the Bond.

Section 6.07. Events of Default. Each of the following events is hereby declared an "Event of Default":

(A) Failure to make payment of any monthly amortization installment at the date specified for payment thereof; and/or

(B) Failure duly and punctually to observe or perform any of the covenants, conditions and agreements on the part of the Issuer contained in the Bond or herein, or violation of or failure to observe any provision of any pertinent law or of this or the other Bond Resolutions.

Section 6.08. Enforcement. Upon the happening of any Event of Default specified above, then, and in every such case, the Purchaser may proceed to protect and enforce its rights by an appropriate action in any court of competent jurisdiction, either for the specific performance of any covenant or agreement, or execution of any power, or for the enforcement of any proper legal or equitable remedy as shall be deemed most effectual to protect and enforce such rights and shall have all rights prescribed by the Act, W.Va. Code and other applicable law.

Upon application by the Purchaser, such court may, upon proof of such default, appoint a receiver for the affairs of the Issuer and the System. The Receiver so appointed shall administer the System on behalf of the Issuer, shall exercise all the rights and powers of the Issuer with respect to the System, shall proceed under the direction of the court to obtain authorization to increase rates and charges of the System, and shall have the power to collect and receive all revenues and apply the same in such manner as the court may direct.

Section 6.09. Fiscal Year; Budget. While the Bond is outstanding and unpaid and to the extent not now prohibited by law, the System shall be operated and maintained on a fiscal year basis commencing on July 1 of each year and ending on the following June 30, which period shall also constitute the budget year for the operation and maintenance of the System. Not later than thirty (30) days prior to the beginning of each fiscal year, the Issuer agrees to adopt an Annual Budget for the ensuing year, and no expenditures for operation and maintenance expenses of the System in excess of the Annual Budget shall be made during such fiscal year unless unanimously authorized and directed by the Governing Body. Copies of each Annual Budget shall be delivered to the Purchaser by the beginning of each fiscal year.

If for any reason the Issuer shall not have adopted an Annual Budget before the first day of any fiscal year, it shall adopt a Budget of Current Expenses from month to month until the adoption of an Annual Budget; provided, however, that no such monthly budget shall exceed the budget for the corresponding month in the year next preceding by more than ten percent (10%); and provided further, that adoption of a Budget of Current Expenses shall not constitute compliance with the covenant to adopt an Annual Budget unless failure to adopt an Annual Budget be for a reason beyond the control of the Issuer. Each such Budget of Current Expenses shall be mailed immediately to the Purchaser.

Section 6.10. Compensation of Members of Governing Body. The Issuer hereby covenants and agrees that no compensation for policy direction shall be paid to the members of the Governing Body in excess of the amount permitted by the Act. Payment of any compensation to any such member for policy direction shall not be made if such payment would cause the Net Revenues to fall below the amount required to meet all payments provided for herein, nor when there is default in the performance of or compliance with any covenant or provision hereof.

Section 6.11. Covenant to Proceed and Complete. The Issuer hereby covenants to proceed as promptly as possible with the construction of the Project to completion thereof in accordance with the plans and specifications prepared by the Consulting Engineer and on file with the Secretary on the date of adoption hereof, subject to permitted changes.

Section 6.12. Books and Records; Audits. The Issuer will keep books and records of the System, which shall be separate and apart from all other books, records and accounts of the Issuer, in which complete and correct entries shall be made of all transactions relating to the System, and the Purchaser shall have the right at all reasonable times to inspect the System and all records, accounts and data of the Issuer relating thereto.

The Issuer shall, at least once a year, cause said books, records and accounts of the System to be properly audited by an independent competent firm of certified public accountants and shall mail a copy of such audit report to the Purchaser. The Issuer further covenants to comply with the Act with respect to such books, records and accounts.

Section 6.13. Maintenance of System. The Issuer covenants that it will continuously operate, in an economical and efficient manner, and maintain the System as a revenue-producing utility as herein provided so long as the Bond is outstanding.

Section 6.14. No Competition. To the extent legally allowable, the Issuer will not permit competition with the System within its boundaries or within the territory served by it and will not grant or cause, consent to or allow the granting of any franchise, permit or other authorization for any person, firm, corporation, public or private body, agency or instrumentality whatsoever to provide any of the services supplied by the System within the boundaries of the Issuer or within the territory served by the System.

CERTIFIED PUBLIC ACCOUNTANT'S CERTIFICATE

I, Todd F. Dingess, a Certified Public Accountant, License No. 2295, of Smith, Cochran & Hicks, P.L.L.C., Charleston, West Virginia, have reviewed the water service rates, which were adopted by the Southern Jackson County Public Service District (the "District"), by a Rate Tariff issued August 16, 1994, which became effective October 9, 1994, filed with the Public Service Commission of West Virginia. Based upon projected operation and maintenance expenses and anticipated customer usage, it is our opinion that the schedule of rates set forth in the Rate Tariff are adequate to pay operation and maintenance expenses of the System, as defined in the Bond Resolution, hereinafter described, to pay the principal of and interest, if any, on the 2001 Bonds and the Prior Bonds, as defined in the Bond Resolution, and to meet the one hundred fifteen percent (115%) debt service coverage requirement of the Prior Bonds and the 2001 Bonds and the Bond Resolution adopted by the Public Service Board of the District on December 5, 2001. It is our further opinion that the Net Revenues actually derived from the System during any 12 consecutive months, within the 18 months immediately preceding the date of the actual issuance of the 2001 Bonds, plus the estimated average increased annual Net Revenues to be received in each of the three succeeding years after the completion of the improvements to be financed by the 2001 Bonds, will be not less than 115% of the largest aggregate amount that will mature and become due in any succeeding fiscal year for principal of and interest on the 2001 Bonds and the Prior Bonds.

WITNESS my signature as of this 21st day of December, 2001.

WATER REVENUE BOND,
SERIES 2001

No. R-1

Date: December 21, 2001

FOR VALUE RECEIVED, the SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT, a public service district created, expanded and contracted pursuant to the Act by order issued by The County Commission of Jackson County, in Jackson County, West Virginia (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of One Million Three Ten Hundred Thousand and 00/100 Dollars (\$1,310,000), plus interest on the unpaid principal balance at the rate of four and 75/100 percent (4.75 %) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$6,223.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual

installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

This Bond, together with any additional bonds ranking on a parity herewith which may be issued and outstanding for the purpose of providing funds for financing costs of construction of improvements to a water system (the "System") of the Issuer, is payable solely from the revenues to be derived from the operation of the System after there have been first paid from such revenues the reasonable current costs of operation and maintenance of the System. This Bond does not in any manner constitute an indebtedness of the Issuer within the meaning of any constitutional or statutory provision or limitation.

Registration of this Bond is transferable by the registered owner hereof in person or by his, her or its attorney duly authorized in writing, at the office of the Issuer, as Bond Registrar, but only in the manner, subject to the limitations and upon payment of the charges, if any, provided in the herein defined Bond Legislation, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds, of authorized denomination or denominations, for the like principal amount, will be issued to the transferee in exchange herefor.

This Bond, under the provisions of the Act, is and has all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code of the State of West Virginia, but may only be transferred by transfer of registration hereof with the Bond Registrar.

This Bond has been issued under and in full compliance with the Constitution and statutes of the State of West Virginia, including, among others, Article 13A of Chapter 16 of the West Virginia Code (herein called the "Act").

If at any time it shall appear to the Government that Issuer may be able to obtain a loan from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and periods of time, Issuer will, at the Government's request, apply for and accept such loan in sufficient amount to repay the Government.

This Bond is given as evidence of a loan to Issuer made or insured by the Government pursuant to the Consolidated Farmers Home Rural Development Act, as amended. This Bond shall be subject to the present regulations of the Rural Development Authority, acting on behalf of the Rural Utilities Service, and to its future regulations not inconsistent with the express provisions hereof.

WATER REVENUE BOND,
SERIES 2001

No. R-2

Date: December 21, 2001

FOR VALUE RECEIVED, the SOUTHERN JACKSON COUNTY PUBLIC SERVICE DISTRICT, a public service district created and expanded pursuant to the Act by orders issued by The County Commission of Jackson County, in Jackson County, West Virginia (herein called "Issuer"), hereby promises to pay to the order of the United States of America (the "Government"), or its registered assigns at its National Finance Office, St. Louis, Missouri 63103, or at such other place as the Government may hereafter designate in writing, the principal sum of Sixty Thousand and 00/100 Dollars (\$60,000), plus interest on the unpaid principal balance at the rate of four and 75/100 percent (4.75%) per annum. The said principal and interest shall be paid in the following installments on the following dates: Monthly installments of interest only, commencing on the 30th day following delivery of the Bond and continuing on the corresponding day of each month for the first twenty-four (24) months after the date hereof, and \$285.00 covering principal and interest, thereafter on said corresponding day of each month, except that the final installment shall be paid at the end of forty (40) years from the date of this Bond, and except that prepayments may be made as provided hereinbelow. The consideration herefor shall support any agreement modifying the foregoing schedule of payments.

If the total amount of the loan is not advanced at the time of loan closing, the loan shall be advanced to Issuer as requested by Issuer and approved by the Government, and interest shall accrue on the amount of each advance from its actual date as shown on the Record of Advances attached hereto and made a part hereof.

Every payment made on any indebtedness evidenced by this Bond shall be applied first to interest computed to the effective date of the payment and then to the principal.

Prepayments of scheduled installments, or any portion thereof, may be made at any time at the option of Issuer. Refunds and extra payments, as defined in the regulations of the Rural Economic and Community Development, acting on behalf of the Rural Utilities Service, successor in interest to the Farmers Home Administration, according to the source of funds involved, shall, after payment of interest, be applied to the installments last to become due under this Bond and shall not affect the obligation of Issuer to pay the remaining installments as scheduled herein.

If the Government at any time assigns this Bond and insures the payment thereof, Issuer shall continue to make payments to the Government as collection agent for the holder.

While this Bond is held by an insured lender, prepayments as above authorized made by Issuer may, at the option of the Government, be remitted by the Government to the holder promptly or, except for final payment, be retained by the Government and remitted to the holder on

either a calendar quarter basis or an annual installment due date basis. The effective date of every payment made by Issuer, except payments retained and remitted by the Government on an annual installment due date basis, shall be the date of the United States Treasury check by which the Government remits the payment to the holder. The effective date of any prepayment retained and remitted by the Government to the holder on an annual installment due date basis shall be the date of the prepayment by Issuer, and the Government will pay the interest to which the holder is entitled accruing between the effective date of any such prepayment and the date of the Treasury check to the holder.

Any amount advanced or expended by the Government for the collection hereof or to preserve or protect any security herefor, or otherwise under the terms of any security or other instrument executed in connection with the loan evidenced hereby, at the option of the Government shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Issuer to the Government without demand. Issuer agrees to use the loan evidenced hereby solely for purposes authorized by the Government.

Issuer hereby certifies that it is unable to obtain sufficient credit elsewhere to finance its actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near its community for loans for similar purposes and periods of time.

Principal installments upon the Bond are subject to payment in advance as provided therein and in the Bond Resolution.

The Bond Resolution and the Bond provide that the issue is for the purpose of financing the costs of construction and acquisition of the improvements and additions to an existing water system (the "System") of the Issuer.

Upon issuance of the Bond, the Issuer has outstanding the 1977 Bond, the 1991 Bond, the 1997 Bond, the 1998 Bond and the Bond, all as described in the Bond Resolution.

We have relied, in part, upon the opinion letter of Robert D. Fisher, attorney to the Issuer, and the General Certificate of Issuer and attorney for Issuer.

It is our opinion that:

1. The Issuer is duly organized and presently existing public service district and is a public corporation and a political subdivision of the State of West Virginia with full power and authority to construct, acquire, operate and maintain the System and issue and sell the Bond, all under the provisions of Chapter 16, Article 13A (the "Act"), of the Code of West Virginia of 1931, as amended, and other applicable provisions of law.

2. The Issuer has legally and effectively adopted the Bond Resolution in connection with the bond issue and issued, sold and delivered the Bond to the United States of America, Rural Utilities Service.

3. As of this date, the Bond is in due and proper form, has been duly executed and delivered and constitutes a valid and legally enforceable special obligation of the Issuer. The Bond is secured by a statutory mortgage lien, on parity with the 1977 Bond, the 1991 Bond, the 1997 Bond and the 1998 Bond (collectively, the "Prior Bonds"), as described in the Bond Resolution. The Bond is payable from a pledge of the net revenues of the System, which pledge is on parity with the pledge granted to the Prior Bonds, all in accordance with the terms of the Bond and the Bond Resolution.

4. Under existing statutes and court decisions, as presently written and applied, interest on the Bond is excludable from the gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and such interest will not be treated as a preference item for purposes of the alternative minimum tax imposed under the Code with respect to individuals and corporations. Under the Code, however, such interest is included in the adjusted current earnings of a corporation for purposes of computing the alternative minimum tax. The

opinions set forth in the preceding sentences are subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bond in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the interest on the Bond to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bond. We express no opinion herein regarding other tax consequences arising with respect to the Bond.

5. It is to be understood that the rights of the holders of the Bond and the enforceability of the Bond and the Bond Resolution, and the liens and pledges set forth therein, may be subject to and this opinion is limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,
